Hall County School District No. 40-0082, Northwest Public Schools, after having conducted a public hearing concerning parental involvement and participation in the school district herewith declares that it shall be the policy of the District to provide access to parents to all textbooks, tests, curriculum materials, and any other instructional materials used by the school.

It shall further be the policy of the District in the event any parent has a complaint or objection to any such materials to make such provision for personal conferences with the parent and appropriate school personnel to discuss such concerns as the superintendent or his/her designee may deem appropriate. The superintendent or his/her designee shall prepare a complaint form which may be used by a parent to express objections to any such instructional material. Such complaint forms shall seek information including, but not limited to, the specific instructional material complained of, the reason for the complaint, and a proposed resolution of the complaint by the parent.

It shall further be the policy of the District to upon reasonable advance request by a parent to attend and monitor courses, assemblies, counseling sessions, and other instructional activities, to permit such parent to be in attendance at such activities unless such attendance would substantially interfere with a legitimate school interest.

It shall further be the policy of the district to encourage communications from the parents concerning when a parent believes it to be appropriate for his/her student to be excused from testing, classroom instruction, and other school experiences that the parent may find objectionable. The superintendent or his/her designee shall make a provision on the complaint form hereinabove referred to for receiving information from a parent concerning what specific testing, classroom instruction, or other school experience the parent finds objectionable, the basis for the parent's objection and a proposed solution for dealing with the objection that would be satisfactory to the parent.

It shall further be the policy of the District to provide full access to the records of the students to a parent or guardian all as set forth in Section 79-2,104, the Federal Education Right To Privacy Act, and other applicable law during regular business hours of the school at the school headquarters or wherever the student's records may regularly be maintained by the District.

It is the further policy of the District to notify a parent or parents of any student who may be subjected to a standard norm referenced or criterion referenced test or standard tests such as but not limited to the Iowa Test of Basic Skills or the California Achievement Test, to notify the parent when reasonable to do so, where a sample of such test might be observed and the date upon which such test will be administered. As to all testing by the District, experimental evaluation methodologies, experimental testing instruments and any testing instrument which would tend to inquire into the values, beliefs, or privacy rights of any student, or parent or guardian of such student shall be prohibited unless a parent requests in writing that such tests be administered to his/her resident student.

Prior to any school sponsored survey being administered to the students of the District, it shall be the duty of the superintendent or his/her designee to notify the parent or parents of each student involved in the survey of the nature of the survey, the date and time when such survey shall be administered, and the purpose for which and the uses of which survey exist from the school's perspective.

It shall be the policy of the District as a general matter to leave substantive decision making processes to the professional staff, administration and Board of Education, subject to an effort to receive information from parents as to any concerns, objections, or other information such parents would wish to provide to the school district concerning a parent's access, involvement, and participation in all activities of the school as it relates to the student of the District.

**STUDENT FEES POLICY**

The Board of Education of Northwest Public Schools adopts the following student fees policy in accordance with the Public Elementary and Secondary Student Fee Authorization Act.

The District's general policy is to provide for the free instruction in school in accordance with the Nebraska Constitution and state and federal law. This generally means that the District's policy is to provide free instruction for courses which are required by state law or regulation and to provide the staff, facility, equipment, and materials necessary for such instruction, without charge or fee to the students.

The District does provide activities, programs, and services to children which extend beyond the minimum level of constitutionally required free instruction. Students and their parents have historically contributed to the District's efforts to provide such activities, programs, and services. The District's general policy is to continue to encourage and, to the extent permitted by law, to require such student and parent contributions to enhance the educational program provided by the District.

Under the Public Elementary and Secondary Student Fee Authorization Act, the District is required to set forth in a policy its guidelines or policies for specific categories of student fees. The District does so by setting forth the following guidelines and policies. This policy is subject to further interpretation or guidance by administrative or Board regulations which may be adopted from time to time. The Policy includes Appendix "1," which provides further specifics of student fees and materials required of students for the 2018-2019 school year. Parents, guardians, and students are encouraged to contact their building administration or their teachers or activity coaches and sponsors for further specifics.

(1) Guidelines for non-specialized attire required for specified courses and activities. Students have the responsibility to furnish and wear nonspecialized attire meeting general District grooming and attire guidelines, as well as grooming and attire guidelines established for the building or programs attended by the students or in which the students participate. Students also have the responsibility to furnish and wear nonspecialized attire reasonably related to the programs, courses and activities in which the students participate where the required attire is specified in writing by the administrator or teacher responsible for the program, course or activity.

The District will provide or make available to students such safety equipment and attire as may be required by law, specifically including appropriate industrial-quality eye protective devices for courses of instruction in vocational, technical, industrial arts, chemical or chemical-physical classes which involve exposure to hot molten metals or other molten materials, milling, sawing, turning, shaping, cutting, grinding, or stamping of any solid materials, heat treatment, tempering, or kiln firing of any metal or other materials, gas or electric arc welding or other forms of welding processes, repair or servicing of any vehicle, or caustic or explosive materials, or for laboratory classes involving caustic or explosive materials, hot liquids or solids, injurious radiations, or other similar hazards. Building administrators are directed to assure that such equipment is available in the appropriate classes and areas of the school buildings, teachers are directed to instruct students in the

usage of such devices and to assure that students use the devices as required, and students have the responsibility to follow such instructions and use the devices as instructed.

(2) Personal or consumable items & miscellaneous

(a) Extracurricular Activities. Students have the responsibility to furnish any personal or consumable items for participation in extracurricular activities.

(b) Courses

(i) General Course Materials. Items necessary for students to benefit from courses will be made available by the District for the use of students during the school day. Students may be encouraged, but not required, to bring items needed to benefit from courses including, but not limited to, pencils, paper, pens, erasers, notebooks, trappers, protractors and math calculators. A specific class supply list will be published annually in a Board-approved student handbook or supplement or other notice. The list may include refundable damage or loss deposits required for usage of certain District property.

(ii) Damaged or Lost Items. Students are responsible for the careful and appropriate use of school property. Students and their parents or guardian will be held responsible for damages to school property where such damage is caused or aided by the student and will also be held responsible for the reasonable replacement cost of school property which is placed in the care of and lost by the student.

(iii) Materials Required for Course Materials. Students are permitted to and may be encouraged to supply materials for course projects. Some course projects (such as projects in art and shop classes) may be kept by the student upon completion. In the event the completed project has more than minimal value, the student may be required, as a condition of the student keeping the completed project, to reimburse the District for the reasonable value of the materials used in the project. Standard project materials will be made available by the District. If a student wants to create a project other than the standard course project, or to use materials other than standard project materials, the student will be responsible for furnishing or paying the reasonable cost of any such materials for the project.

(iv) Music Course Materials. Students will be required to furnish musical instruments for participation in optional music courses. Use of a musical instrument without charge is available under the District's fee waiver policy. The District is not required to provide for the use of a particular type of musical instrument for any student.

(v) Parking. Students may be required to pay for parking on school grounds or at school-sponsored activities, and may be subject payment of fines or damages for damages caused with or to vehicles or for failure to comply with school parking rules.

(3) Extracurricular Activities-Specialized equipment or attire. Extracurricular activities means student activities or organizations which are supervised or administered by the District, which do not count toward graduation or advancement between grades, and in which participation is not otherwise required by the District. The District will generally furnish students with specialized equipment and attire for participation in extracurricular activities. The District is not required to provide for the use of any particular type of equipment or attire. Equipment or attire fitted for the student and which the student generally wears exclusively, such as dance squad, cheerleading, and music/dance activity (e.g. choir or show choir) uniforms and outfits, along with T-shirts for teams or band members, will be

required to be provided by the participating student. The cost of maintaining any equipment or attire, including uniforms, which the student purchases or uses exclusively, shall be the responsibility of the participating student. Equipment which is ordinarily exclusively used by an individual student participant throughout the year, such as golf clubs, softball gloves, and the like, are required to be provided by the student participant. Items for the personal medical use or enhancement of the student (braces, mouth pieces, and the like) are the responsibility of the student participant. Students have the responsibility to furnish personal or consumable equipment or attire for participation in extra curricular activities or for paying a reasonable usage cost for such equipment or attire. For musical extracurricular activities, students may be required to provide specialized equipment, such as musical instruments, or specialized attire, or for paying a reasonable usage cost for such equipment or attire.

(4) Extracurricular Activities-Fees for participation. Any fees for participation in extracurricular activities for the 2018-19 school year are further specified in Appendix "1." Admission fees are charged for extracurricular activities and events.

(5) Postsecondary education costs. Students are responsible for postsecondary education costs. The phrase "postsecondary education costs" means tuition and other fees only associated with obtaining credit from a postsecondary educational institution. For a course in which students receive high school credit and for which the student may also receive postsecondary education credit, the course shall be offered without charge for tuition, transportation, books, or other fees, except tuition and other fees associated with obtaining credits from a postsecondary educational institution.

(6) Transportation costs. Students are responsible for fees established for transportation services provided by the District as and to the extent permitted by federal and state laws and regulations.

(7) Copies of student files or records. The Superintendent or the Superintendent's designee shall establish a schedule of fees representing a reasonable cost of reproduction for copies of a student's files or records for the parents or guardians of such student. A parent, guardian or student who requests copies of files or records shall be responsible for the cost of copies reproduced in accordance with such fee schedule. The imposition of a fee shall not be used to prevent parents of students from exercising their right to inspect and review the students' files or records and no fee shall be charged to search for or retrieve any student's files or records. The fee schedule shall permit one copy of the requested records be provided for or on behalf of the student without charge and shall allow duplicate copies to be provided without charge to the extent required by federal or state laws or regulations.

(8) Participation in before-and-after-school or prekindergarten services. Students are responsible for fees required for participation in before-and-after-school or prekindergarten services offered by the District, except to the extent such services are required to be provided without cost.

(9) Participation in summer school or night school. Students are responsible for fees required for participation in summer school or night school. Students are also responsible for correspondence courses.

(10) Breakfast and lunch programs. Students shall be responsible for items which students purchase from the District's breakfast and lunch programs. The cost of items to be sold to students shall be consistent with applicable federal and state laws and regulations. Students are also responsible for the cost of food, beverages, and personal or consumable items which the students purchase from the District or at school, whether from a "school store," a vending machine, a booster club or parent group sale, a book order club, or the like. Students may be required to bring money or food for field trip lunches and similar activities.

(11) Waiver Policy. The District's policy is to provide fee waivers in accordance with

the Public Elementary and Secondary Student Fee Authorization Act. Students who qualify for free or reduced-price lunches under United States Department of Agriculture child nutrition programs shall be provided a fee waiver or be provided the necessary materials or equipment without charge for: (1) participation in extracurricular activities and (2) use of a musical instrument in optional music courses that are not extracurricular activities. Participation in a free-lunch program or reduced-price lunch program is not required to qualify for free or reduced price lunches for purposes of this section. Students or their parents must request a fee waiver prior to participating in or attending the activity, and prior to purchase of the materials.

(12) Distribution of Policy. The Superintendent or the Superintendent's designee shall publish the District's student fee policy in the Student Handbook or the equivalent (for example, publication may be made in an addendum or a supplement to the student handbook). The Student Handbook or the equivalent shall be provided to every student of the District or to every household in which at least one student resides, at no cost.

(13) Student Fee Fund. The School Board hereby establishes a Student Fee Fund. The Student Fee Fund shall be a separate school district fund not funded by tax revenue, into which all money collected from students and subject to the Student Fee Fund shall be deposited and from which money shall be expended for the purposes for which it was collected from students. Funds subject to the Student Fee Fund consist of money collected from students for: (1) participation in extracurricular activities, (2) postsecondary education costs, and (3) summer school or night school.

## ARTICLE 1: MISSION AND PURPOSE OF HANDBOOK

### Section 1: MISSION STATEMENT

Northwest Public Schools, A Culture of Excellence

An exceptional community of learners committed to continuous growth.

### Section 2: NORTHWEST PUBLIC SCHOOL BELIEF STATEMENTS

1. We believe in modeling and teaching the qualities of good character.
2. We believe student learning is the chief priority and the primary focus of all school-based decisions.
3. We believe that raising student achievement requires a collaborative effort.
4. We believe that we need to teach problem solving skills necessary for students to become independent, productive, responsible citizens.
5. We believe curriculum, differentiated instruction, and assessment should meet the needs of all learners.
6. We believe lifelong learning is a process shared by students, teachers, administrators, parents and community.
7. We believe in helping students discover their aptitudes and talents as they work towards maximizing potential.
8. We believe every individual has the right to a safe, secure, and positive educational environment.
9. We believe students learn best when engaged, challenged, and respected.

### Section 3: WELCOME TO NORTHWEST

The Administration, faculty, and staff welcome you to another school year. Our philosophy is to accept each of you at your level of maturity, capacity and achievement and to help you acquire the skills and knowledge which will enable you to provide for your own needs and to share in providing for the needs of others. You are urged to define your goals, plan a course of action, and concentrate your efforts on achieving the maximum benefits from your high school experience.

We encourage you to refer to and become familiar with this student handbook. It has been approved by the Board of Education, School District #82. Please remember that as a citizen of this school, you are expected to follow rules and regulations that have been established for the welfare of the entire student body.

### Section 4: PURPOSE OF THE STUDENT HANDBOOK

Northwest High School recognizes that differences, disputes and conflicts among students and between students and staff members may occur. The school also recognizes that individual student rights and responsibilities must be clearly defined so that an orderly process for discussing and resolving these differences may be established. All students have the right to be respected as individuals, to receive the benefit of all school services, to attend a school which is clean, comfortable, safe, and adequately equipped, to have a framework for student government which indicates areas of student involvement, to express him or herself so long as the rights of others are not violated in the process, to have access to printed copies of school regulations, and to expect rules to be reasonable and consistently applied. Students are responsible for knowing and complying with school rules, for respecting and submitting to the authority of school staff, for applying themselves to the best of their ability to learning tasks assigned, for attending school regularly and punctually, for using school facilities in a way which conserves their continued usefulness. A positive school climate is dependent on the attitude, effort and success of each individual student. This handbook is designed as a guide for promoting greater understanding and cooperation among students, faculty and staff, and to provide a positive educational environment.

It is also a period in which retakes and other make up assignments can be done. Friday will serve as an advisement period, which will be used in a variety of ways, such as character building lessons. Students and staff may still use Friday for intervention as well.

### Section 3: STUDENT PERSONAL PROPERTY

Students assume full responsibility for items stored in their lockers as well as the general physical condition of the locker. Students are not to tape, glue, etc. anything to the inside or outside of their lockers. Students may put locks on their lockers provided they (students) give the Central Office a key or combination to the lock. All lockers assigned to students are property of Northwest High School and are subject to periodic inspection and or search. Locker searches are only conducted when a reasonable cause or purpose exists. Northwest High School annually conducts unannounced locker inspections in conjunction with law enforcement agencies and drug dogs.

A violation of this policy may result in disciplinary action up to expulsion from school.

### **Section 9: CLOSED CAMPUS**

Northwest High School functions as a "closed campus." Students are prohibited from leaving the building during their lunch period, unless the student is a senior.

Under no other circumstances are students allowed to leave the building (this includes going out to the parking lot) during the school day without obtaining permission from the Central Office and securing a pass. **Students who violate the closed campus policy will be assigned detention, in school suspension, or out of school suspension. The student parking lot is off limits during the school day except for students who have open periods or who have secured a pass from the Central Office.**

### **Section 10: CENTRAL OFFICE TELEPHONE**

Students who need to make telephone calls during the day may use the telephone in the Central Office. Students will not be called to the telephone during class periods except in cases of emergency. Absences related to school activities, suspensions, court appearances, bad roads and funerals are excluded from a student's absence total when considering revoking class credits. **When a student exceeds ten (10) absences in a semester, academic credit may be denied.** Students, parents and or guardians who disagree with denial of credit may file a grievance and present evidence to support their contention that the individual situation deserves special consideration.

## Section 3: EXCESSIVE ABSENTEEISM

Excessive absenteeism refers to any student that is absent 5 days or more per quarter. Such absences shall be determined on a per class basis. Northwest may use excused and unexcused absences to calculate this total. The following procedures will act as a guide for Northwest to address excessive absenteeism.

2. One or more meetings between the school (school administrator/designee, and/or school counselor and/or social worker), the student, the student's parent/guardian when appropriate to address the barriers to attendance. The school will notify the student's family in writing prior to referring the child to the county attorney.
5. **At ten (10) or more absences during any semester a letter will be sent home informing the student and his/her parents/guardians of the revocation of credits per Board of Education Policy. Students shall be considered tardy if they are not in their classrooms or assigned places when the tardy bell rings unless excused by authorized permission. Students who miss 20 or more minutes of class due to tardiness will be recorded as absent for that period and not tardy. If students are tardy to 1st period (after 8:10 AM) they should report to the Central Office to receive a Tardy Pass. Students who are tardy to any class due to a conference with a faculty member will be responsible for getting a pass from that faculty member prior to going to their next class.

**Tardies reset to 0 at the beginning of a new semester.**

## Section 6: MAKEUP WORK

When a student is absent, it is the student's responsibility to contact his or her teachers for assignments that were missed during an absence. Students will be allowed twice the amount of time missed during an absence (no credit and truant absences excluded) to make up schoolwork that was missed due to illness, illness in the family, death in the family, medical appointments, or emergency situations when a student is needed at home. It shall further be a violation of student conduct rules to fail to promptly delete such a recording following the request of the person recorded; (g) "sexting;" or (h) activities which invade the privacy of others. Such student misuses will be dealt with as serious school violations, and immediate and appropriate disciplinary action will be imposed, including, but not limited to, suspension and expulsion from school.

#### **Section 2: TOBACCO/ALCOHOL AND OTHER DRUGS**

As a participant in Toward a Drug Free Nebraska Program, certain training levels and standards are present in the District's policies. A comprehensive, age-appropriate, developmentally based, alcohol and other drug education and prevention program for all students in all grades is in place. The education and prevention program includes information on the legal, social, and health consequences of alcohol and other drug use. The program includes teaching students effective techniques for resisting peer pressure to use alcohol and other drugs.

The District takes the position that the use of illicit drugs and the unlawful possession and use of alcohol is illegal and harmful. The Board of Education for Northwest Public Schools values students' participation in extracurricular activities. To achieve our goal and to maximize the skills and talents of our students, it is important that each student understands the dangers of drug and alcohol use.

Participation in extracurricular activities is a privilege which can be taken away for failure to comply with this policy. The purpose of this policy is as follows:

- 2) To undermine the effects of peer pressure by providing legitimate reason for students to refuse use of illegal drugs and/or alcohol;
- 3) To identify students who use illegal drugs and/or alcohol; and
- 4) To encourage students who use illegal drugs and/or alcohol to participate in appropriate treatment programs.

For complete details regarding the Mandatory Drug Testing Policy please refer to the Activities Handbook.

## ARTICLE 7: STUDENT CONDUCT, EXPECTATIONS, RULES AND REGULATIONS

### Section 1: STUDENT DISCIPLINE POLICY

Northwest High School strives to develop and maintain a system of uniform discipline that encourages the positive development of a student's self-concept and his or her ability to exercise self-control. The discipline which may be imposed includes actions which are determined to be reasonably necessary to aid the student, to further school purposes, or to prevent interference with the educational process, such as (without limitation) counseling and warning students, parent contacts and parent conferences, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling upon written consent of the parent or guardian, or in-school suspension. The discipline may also include out-of-school suspension (short-term or long-term) and expulsion. When a student is suspended or expelled, the student shall not be permitted on school grounds without specific administrator approval. The Northwest High School student discipline code is based on applicable Federal & State Law.

### Section 2: SHORT-TERM SUSPENSION

Students may be excluded by the principal or designee from school or any school function for a period of up to five (5) school days (short-term suspension) on the following grounds:

- (1) Conduct constituting grounds for expulsion as hereinafter set forth; or
- (2) Other violations of rules and standards of behavior adopted by the Board of Education or the administrative or teaching staff of the school, which occur on or off school grounds, if such conduct interferes with school purposes or there is a nexus between such conduct and school.

### Section 3: LONG TERM SUSPENSION

Students may be excluded by the principal or designee from school or any school function for a period of six (6) school days but less than twenty (20) school days (long-term suspension) for conduct constituting grounds for expulsion as hereinafter set forth. The process for long-term suspension is hereinafter set forth.

### Section 4: EMERGENCY EXCLUSION

Any student may be excluded from school in the following circumstances:

- a. If the student has a dangerous communicable disease through normal school poses an imminent threat and health and safety of the school community; or
- b. If the student's conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.

Any emergency exclusion shall be based upon a clear factual situation warranting it and shall last no longer than is necessary to avoid the dangers hereinbefore described in this subsection. The process for emergency exclusion is hereinafter set forth.

### Section 5: EXPULSION

**Defined.** Expulsion shall mean exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten (10) school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten (10) school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in the paragraph below identified, "**Students Subject to Juvenile or Court Probation**", in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period. **When a student returns to school after an expulsion, the student and parent must meet with administration prior to re-enrollment. The student will begin the new semester with 50 discipline points, it will not reset at zero.**

**Summer Review.** Any expulsion that will remain in effect during the first semester of the following school year shall be automatically scheduled for review before the beginning of the school year. The review shall be conducted by the hearing officer who conducted the initial expulsion hearing, or a hearing officer appointed by the Superintendent in the event no hearing was previously held or the initial hearing officer is no longer available or willing to serve, after the hearing officer has given notice of the review to the student and the student's parent or guardian. This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the board of education or a committee of the board took the final action to expel the student, the student may be readmitted only by action of the board. Otherwise the student may be readmitted by action of the superintendent.

**Suspension of Enforcement.** Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one (1) full semester in addition to the balance of the semester in which the expulsion takes effect, and as a condition of such suspended action, the student may be assigned to a school, class, or program which the school district deems appropriate for rehabilitation of the student. In lieu of other authorized educational programs to which the student may be assigned, such school, class, or program may be offered as a community-centered classroom and may include experiences for the student as an observer or aide in governmental functions, as an on-the-job trainee, and as a participant in specialized tutorial experiences or individually prescribed educational and counseling programs. Such programs shall include an individualized learning program to enable the student to continue academic work for credit toward graduation. At the conclusion of the designated period: (1) if the student has satisfactorily participated in the school, class, or program to which such student has been assigned the student shall be reinstated and permitted to return to the school of former attendance or to attend other programs offered by the district, and action to expunge the record of the expulsion action may be taken at the discretion of the superintendent or designee, or (2)

if the student's conduct has been unsatisfactory, the expulsion action shall be enforced. The determination of whether the student's participation and conduct has been satisfactory or not shall be made by the superintendent or designee.

**Students Subject to Juvenile or Court Probation.** Prior to the readmission to school of any student who is less than nineteen (19) years of age and who is subject to the supervision of a juvenile probation officer or an adult probation officer pursuant to the order of the District Court, County Court, or Juvenile Court, who chooses to meet conditions of probation by attending school, and who has previously been expelled from school, the superintendent or designee shall meet with the student's probation officer and assist in developing conditions of probation that will provide specific guidelines for behavior and consequences for misbehavior at school (including conduct on school grounds and conduct during an educational function or event off school grounds) as well as educational objectives that must be achieved. If the guidelines, consequences, and objectives are agreed to by the probation officer and the student, and the court permits the student to return to school under the agreed to conditions, the student may be permitted to return to school. The student shall, upon such return, be screened by the school for possible disabilities and, if the screening so indicates, be referred for evaluation for possible placement in a special education program. The student may be expelled or otherwise disciplined for subsequent conduct as provided in Board policy and state statute.

#### **Section 6: DETENTIONS**

Students who are assigned a detention by a teacher will serve the time with the teacher at an agreed upon time. If the student fails to show up for the detention at the agreed upon time, the teacher will call home to set up a time for the student to serve. If the student fails to show up at that time, the detention will be handed over to an administrator and the time will double. The only exclusion are cell phone detentions, which are served in the central office.

2. Protection of other students or property from the student;

The initial responsibility for the disciplining of a student, who is disobedient or disrespectful in class, is the classroom teacher. Each time a student is disciplined by either of the principals he/she will receive a specific number of points. Any points received shall be cumulative throughout the school year. Students are prohibited from dropping classes or changing their class schedules after the first week of school. Students should consider the following when choosing courses:

1. Fulfillment of graduation requirements.
2. Variety of courses available.
3. Vocational plans for the future.
4. College entrance requirements.

## Section 5: GRADING POLICY

(This policy was developed jointly by the Administrative team of NWHS and the PLC Advisory Council). These policies are expected to be adhered to and carried out by all NWHS teachers.

### Assessment/Daily Breakdown

There will be a 70% Assessment and 30% Daily Assignment/Assessment balance.

### Tests and Retakes of Tests

\*\*\*Students should be encouraged to retake tests by all teachers if they failed the test.

\*\*\*Only students who score below an 87% on their test may retake the test.

\*\*\*Some reteaching should occur before the student retakes the test.

1. Students are allowed 1 retake
2. The highest grade a student can get on a retake is 87% (Administration views 87% as showing mastery of content)
3. Retakes can only take place if student has completed the work deemed necessary by the teacher
4. Retakes of a test should occur within 2 weeks of taking the original test. (Teacher discretion on exceptions)
5. The student receives the highest of the two test grades. No averaging of tests.

### Homework hand-in policy

1. All daily work or practice tests, or both must be completed to be eligible to retake a test.
2. Homework can be redone to get points back. (Teacher discretion on allowing)
3. All work must be completed by the test date for that unit or chapter. Any work not completed at this time will result in a zero.
4. (Teacher discretion of exceptions)

## Section 6: GRADING SYSTEM

All grades are given in percentages and recorded in official school documents. A percentage below 70 is failing and no credit is granted. Northwest's semester grading system is cumulative. The grade at the end of the 1st and 3rd quarter indicates academic progress to date. The semester grade continues from the percent earned in the 1st or 3rd quarter. Final grades for the 2nd and 4th quarters indicate a student's total achievement throughout the semester.

Passing, "P", but not graded designation may be given to a student whose honest effort is not sufficient to warrant a passing grade. Incomplete, "I", grade gives the student 2 weeks from the end of the marking period to complete necessary coursework. If a student fails to complete work within 2 weeks, his/her grade will be figured using zeros for incomplete work. A grade of incomplete may be given to a student if he or she has make-up work to do. Incompletes are only awarded after the 2<sup>nd</sup> and 4<sup>th</sup> quarters.

1. Students may declare a Pass/Fail option for one class, one semester only. Under certain circumstances, Juniors may be allowed to take the pass/fail option with administrative approval.
2. Students who utilize the pass fail option as juniors are prohibited from utilizing the pass/fail option their senior year. The pass/fail grading option only applies to weighted classes.
3. Students must declare their intent to utilize the pass/fail option by the end of the first quarter for first semester and end of the third quarter for the second semester.

## Section 7: ELIGIBILITY/FAILING POLICY

1. Accumulative course grades will be posted in PowerSchool on Monday by 8:00am of every school week beginning the 3<sup>rd</sup> full week of each semester. The ineligibility list will start over at semester.
2. The names of students who have grades below 70% will be distributed to all teachers, coaches and sponsors on Monday morning. Those who have two or more grades below 70% are considered ineligible for extracurricular activities. The first time a student will be placed on probation for that week. Each high school student will be placed on probation only once per semester.
3. Those students determined to be ineligible for the week will not be allowed to compete, perform or represent the school in any extracurricular activity during the week of ineligibility. A week is considered Monday through Monday. Ineligible students will practice with their activity groups.
4. Students who are failing a class will report for the week to that teacher during Advisement/Intervention to reconcile their failing grade. The student will first check in with their Advisement Teacher – in order for attendance to be recorded. If failing more than one class, the student will report to the class with the highest grade which appears on the eligibility list for that week. If and when the grade is rectified, the student may report back to their regular advisement teacher for the remainder of the week with the permission of both teachers, and/or, the student will report to the teacher of the next highest grade that appears on the eligibility list until that grade is rectified as well. Teachers may request that students stay after school (or make arrangements for the next day) at any time in order to provide additional assistance. Students who do not comply with these requests are subject to disciplinary action from the teacher and/or principal.
5. The list of ineligible students will be subject to review by the principal, guidance counselor, and teachers.
6. Students may be ruled ineligible if they are not in good standing (Behavior, Attendance, Detention time not served)
7. Eligibility standards do not apply for tryouts.
8. The following areas will not be under the full jurisdiction of the weekly ineligibility list. Students who are in band or chorus will be able to perform at NWHS school music activities as long as the activity is held at the Northwest Schools, due to the fact that this performance is part of the student's grade. Examples of this are school concerts and pep band. Any performance outside of the school or hosted by Northwest such as Conference, District or State contest, and special performances such as jazz band, show choir, marching band, and musical will still follow the weekly ineligibility list. These rules and regulations do not supersede other school policies.

## Section 8: GRADING PERCENTILES

**100-98 (A+) (4.0), 97-96 (A) (4.0), 95-93 (A-) (4.0).** This grade indicates the student has given evidence of genuine interest in the subject and has done work in quantity and quality far in excess of the standard set forth as a satisfactory passing mark.

**92-91 (B+) (3.0), 90-88 (B) (3.0), 87-86 (B-) (3.0).** This grade indicates the student has given evidence of an awakening intellectual interest by doing work in quality and quantity above the standards set forth for a satisfactory passing mark.

**85-83 (C+) (2.0), 82-81 (C) (2.0), 80-78 (C-) (2.0).** This is a satisfactory grade and is acceptable for admission to universities and colleges. It indicates that the student acquired the necessary ability to proceed in the subject and can use his/her ability where applicable.

**77-75 (D+) (1.0), 74-73 (D) (1.0), 72-70 (D-) (1.0).** This grade indicates the student has not acquired the necessary ability to work efficiently or use his/her ability efficiently in work for the course. This grade is the lowest passing grade.

**Below 70** indicates no credit is given toward graduation. It indicates the student has not achieved sufficient mastery skills and content to justify a passing mark.

## Section 9: NINE WEEK REPORTS

Student grade and attendance reports are made available to parents at the end of every nine-week period.

## Section 10: WEIGHTED GRADES

The following courses are considered "weighted." A student's final grade for a "weighted" class is increased by 10% of the actual percent grade. A student's grade of 80% = 88% weighted. Weighted grades are used in determining a student's grade point average, class rank, and in awarding academic letters.

AP Calculus  
AP History  
Advanced Chemistry  
Advanced American Literature  
Medical Interventions  
CCC Biology

## Section 11: HONOR ROLL AND GRADE POINT AVERAGE

#### **Section 14: POWER SCHOOL**

"Power School" is a student information system that allows students and parents to access a student's grades, attendance history, school lunch account balance, as well as email teachers via the internet. Families are assigned I.D. and PIN numbers to access "PowerSchool." Please call the Central Office if you misplace or forget your PIN number.

#### **Section 15: STUDENT GOVERNMENT**

Students at Northwest High School are encouraged to actively participate in Student Council. Student Council affords students the opportunity to speak directly or through their representatives on school related issues. The student council is composed of students who represent individual grades. There are seniors, juniors, sophomores and freshmen, who are selected based upon the completion of an "election packet" and a student body election. (Except for incoming freshmen). Officers (President, Vice President and Secretary) are then chosen by the elected student council members. The election takes place in the spring.

Student Council is formed for the purpose of:

- (3) Aiding the student body when situations develop involving the school district and school administration. Students are encouraged to contact Student Council class representatives when concerns arise.

### **ARTICLE 9: DISTRICT, STATE AND FEDERAL PROGRAMS**

#### **Section 1: STUDENT FEE POLICY**

The Board of Education of Northwest High School has adopted the following student fees policy in accordance with the Public Elementary and Secondary Student Fee Authorization Act. The District's general policy is to provide for the free instruction in school in accordance with the Nebraska Constitution. This generally means that the District's policy is to provide free instruction for courses which are required by state law or regulation and to provide the staff, facility, equipment, and materials necessary for such instruction, without charge of fee to students.

Northwest High provides activities, programs, and services to children which extend beyond the minimum level of constitutionally required free instruction. Students and their parents have historically contributed to the District's efforts to provide such activities, programs, and services. Such student and parent contributions have included: students coming to school with the basic clothing and personal supplies to be successful in the classroom (clothing, shoes, pencils, pens, paper, notebooks, calculators, and the like), students bringing their own or paying the reasonable cost of specialized equipment or supplies for the personal preference of personal retained benefit of students (for example, band equipment, locker deposit or rental fees, shop class materials, where the student keeps the product, and college tuition or fees for college credit for advanced placement courses or correspondence courses), students providing their own specialized clothing and equipment to be prepared for the extracurricular activities in which they choose to participate (sporting apparel, including shoes, undergarments, and the like), and assisting with special programs, such as field trips, summer school, school dances and plays. The District's general policy is to continue to encourage and to require, to the extent permitted by law, such student and parent contributions to enhance the educational program provided by the District.

Under the Public Elementary and Secondary Student Fee Authorization Act, the District is required to set forth in policy its guidelines or policies for specific categories of student fees. The District does so by setting forth the following guidelines and policies; this policy is subject to further interpretation or guidance by administrative or Board regulations, which may be adopted from time to time. Parents, guardians, and students are encouraged to contact their building administration or their teachers or activity coaches and sponsors for further specifics.

While the District will provide students with the use of facilities, equipment, materials and supplies, including books, the students are responsible for the careful and appropriate use of such property. Students and their parents or guardian will be held responsible for damages to school property caused or aided by the student and will also be held responsible for the reasonable replacement cost of school property which is placed in the care of and lost by the student. Where students are provided school property of a significant value which may easily be unintentionally damaged, the policy should give the parent advance notice of the student being given responsibility for the item and the parent may then direct that the student not be given the item.

### **(3) Materials required for course projects**

**Section 3: ENROLLMENT OPTION**

In 1989, the Nebraska Legislature passed a law that allows parents to choose the school district they want their children to attend. The law was designed to give parents the opportunity to choose the school system, which they feel might best meet the educational needs of their children. It is important to remember that option school districts may reject or limit requests for transfers based on school capacity and available programs. Enrollment Option applications forms, etc., are available in the Superintendent's office, online at <[ginorthwest.org](http://ginorthwest.org)> or by calling 385-6398.

**Section 4: TITLE IX NON-DISCRIMINATION**

In 1972 Congress outlawed discrimination based on a person's sex. Title IX of the Educational Amendments Act of 1972 applies to students attending schools that receive Federal Funds. Title IX forbids schools from treating students differently based on their gender.

**Under Federal Law schools cannot:**

1. Provide separate classes or activities for male and female students.
2. Deny students the right to take a course because of his or her gender. For example, not allowing females to enroll in Shop class.
3. Apply different rules regarding physical appearance to male and female students.
4. Make different disciplinary rules or enforce them differently on the basis of gender.

5. Refuse to allow female students to take part in classes or activities because of pregnancy, unless other students with Temporary disabilities are so excluded. Student may voluntarily join special program of comparable quality to regular Classes.

**Title IX Laws allow schools to:**

4. Provide separate teams for genders of contact sports and or any team sport in which students are selected to play on the basis of skill.

**Section 5: PARENTAL RIGHT TO INFORMATION**

Schools may release information to non-custodial parents of students. State statute identifies a parent as the person authorized to receive information such as grade reports, transcripts, attendance statistics, disciplinary information, progress reports, and other. A parent is a parent unless his or her status has been terminated by a court order. Non-custodial parents are still parents, unless there are specific restraints within a divorce decree stating that he/she should not have access to their child's school records. Unless otherwise stated in the divorce decree, student records and information are available to both custodial and noncustodial parents. Non- custodial parents may request school information for their children in person or in writing through the Principal's Office.

**Section 6: PARENT NOTICE CONCERNING DISCLOSURE OF STUDENT RECRUITING INFORMATION**

The No Child Left Behind Act of 2001 requires Northwest High School to provide military recruiters and institutions of higher education access to secondary school students' names, addresses, and telephone listings. Parents and secondary students have the right to request that Northwest High School not provide this information (i.e. not provide the student's name, address, and telephone listing) to military recruiters or institutions of higher education, without their prior written parental consent. Northwest High School will comply with any such request. Parents & students wishing to deny release of information to military recruiters or institutions of higher education may do so by contacting the Central Office.

**Section 7: FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA) NOTICE FOR DIRECTORY INFORMATION**

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Northwest High School, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, Northwest High School may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures.

The primary purpose of directory information is to allow the Northwest High School to include this type of information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production
- The annual yearbook
- Honor roll or other recognition lists
- Graduation programs
- Sports Programs

Directory information, which is information that is generally not considered harmful or an invasion of privacy, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require public schools receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories - names, addresses and telephone listings - unless parents have advised the public school that they do not want their student's information disclosed without their prior written consent. If you do not want Northwest High School to disclose directory information from your child's education records without your prior written consent, you must notify the school's Central Office in writing by the end of the first week of the first semester, or for new students, within the first week of enrollment. Northwest High School has designated the following information as directory information:

- |                         |  |

**Section 8: SPECIAL EDUCATION TESTING AND SERVICES**

Northwest High School offers special education diagnostic testing and programs for students who; are academically at risk, are performing below their grade level, and or have a physical handicap. Parents who have questions about Special Education testing or available programs that may benefit their son or daughter should contact their son or daughter's teacher, counselor, or principal.

**Section 9: PARENT NOTICE CONCERNING STAFF QUALIFICATIONS:**

The No Child Left Behind Act of 2001 gives parents the right to get information about the professional qualifications of their child's classroom teachers. Upon request, Northwest High School will give parents the following information about their child's classroom teacher:

1. Whether the teacher has met State qualifications and licensing criteria for the grade levels and subject areas which the teacher provides instruction.
2. Whether the teacher is teaching under an emergency or provisional teacher certificate.
3. The baccalaureate degree major of the teacher. You may also get information about other graduate certification or degrees held by the teacher, and the field of discipline of the certification or degree.

Northwest upon request will tell parents if their child is being provided services by a paraprofessional and the qualifications of the paraprofessional.

A request for information should be made to an administrator in your child's school building. The information will be provided in a timely manner. Finally, Northwest High School will also give timely notice to parents of students who have been assigned, or taught for four or more consecutive weeks by a teacher who does not meet the requirements of the Act.

#### **Parent Notice Concerning Staff Qualifications if Student is Taught for Four or More Consecutive Weeks by a Teacher Without Required Qualification**

Parents of students in Northwest High School programs funded under the No Child Left Behind Act of 2001, have the right to know the professional qualifications of teachers. The No Child Left Behind Act requires schools to notify parents in a timely manner when a teacher without required qualification has been assigned to teach their child. Parent notification of teacher qualifications will include the teacher's type of teaching certificate, specific teaching endorsements, and educational credentials.

#### **Section 10: STUDENT PRIVACY PROTECTION**

It is the policy of Northwest High School to protect the privacy of students in accordance with all applicable Federal and State Laws. Student privacy is governed by the following School District Policy:

##### **A. Right of Parents to Inspect Surveys Funded or Administered by the United States Department of Education or Third Parties**

Parents shall have the right to inspect, upon request, a survey created by and administered by either the United States Department of Education or a third party (a group or person other than the District) before the survey is administered or distributed to their child.

##### **B. Protection of Student Privacy in Regard to Surveys of Matters Deemed to be Sensitive**

The District will require, for any survey of students which contain one or more matters deemed to be sensitive (see section headed "Definition of Surveys of Matters Deemed to be Sensitive"), that suitable arrangements be made to protect student privacy (that is, the name or other identifying information about a particular student). For such surveys, the District will also follow the procedures set forth in the section entitled: "Notification of and Right to Opt-Out of Specific Events."

##### **C. Right of Parents to Inspect Instructional Materials**

Parents shall have the right to inspect, upon reasonable request, any instructional material used as part of the educational curriculum for their child. Reasonable requests for inspection of instructional materials shall be granted within a reasonable period of time after the request is received. Parents shall not have the right to access academic tests or academic assessments, as such are not within the meaning of the term "instructional materials" for purposes of this policy. The procedures for making and granting a request to inspect instructional materials are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal. The building principal, within five school days, shall consult with the teacher or other education responsible for the curriculum materials. In the event the request can be accommodated, the building principal shall make the materials available for inspection or review by the parent, at such reasonable times and places as will not interfere with the educator's intended use of the materials. In the event there is a question as to the nature of the curriculum materials requested or as to whether the materials are required to be provided, the building principal shall notify the parent of such concern, and assist the parent with forming a request which can reasonably be accommodated. If the parent does not formulate such a request, and continues to desire certain curriculum materials, the parent shall be asked to make their request to the Superintendent.

##### **D. Rights of Parents to be Notified of and to Opt-Out of Certain Physical Examinations or Screenings**

The general policy and practice of the District is to not administer physical examinations or screenings of students which require advance notice or parent opt-out rights under the applicable federal laws, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law; and (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act. For physical examinations or screenings which do not fit into the applicable exceptions, the District will follow the procedures set forth in the section entitled: "Notification of and Right to Opt-Out of Specific Events."

##### **E. Protection of Student Privacy in Regard to Personal Information Collected from Students**

The general policy and practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information. The District will make reasonable arrangements to protect student privacy to the extent possible in the event of any such collection, disclosure, or use of personal information. "Personal information" for purposes of this policy means individually identifiable information about a student including: (1) a student or parent's first and last name, (2) home address, (3) telephone number, and (4) social security number. The term "personal information," for purposes of this policy, does not include information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions. This exception includes the following examples: (i) college or post secondary education recruitment, or military recruitment; (ii) book clubs, magazines, and programs providing access to low-cost literary products; (iii) curriculum and instructional materials used by elementary schools and secondary schools; (iv) tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about student, or to generate other statistically useful data for the purpose of securing such tests and assessments, and the subsequent analysis and public release of the aggregate data from such tests and

assessments; (v) the sale by student of products or services to raise funds for school-related or education-related activities; (vi) student recognition programs.

#### F. Parent Access to Instruments used in the Collection of Personal Information

While the general practice of the District is to not engage in the collection, disclosure, or use of personal information, collected from students for the purpose of marketing or for selling that information, parents shall have the right to inspect, upon reasonable request, any instrument which may be administered or distributed to a student for such purposes. Reasonable requests for inspection shall be granted within a reasonable period of time after the request is received. The procedures for making and granting such a request are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal and shall identify the specific act and the school staff member of program responsible for the collection, disclosure, or use of student personal information from students for the purpose of marketing that information. The building principal, within five school days, shall consult with the school staff member or person responsible for the program which has been reported by the parent to be responsible for the collection, disclosure, or use of personal information is occurring or there is a plan for such to occur, the building principal shall consult with the Superintendent for determination of whether the action shall be allowed to continue. If not, the instrument for the collection of personal information shall not be given to any students. If it is to be allowed, such instrument shall be provided to the requesting parent as soon as such instrument can be reasonably obtained.

#### G. Annual Parental Notification of Student Privacy Protection Policy

The District shall provide parents with reasonable notice of the adoption or continued use of this policy and other policies related to the student privacy. Such notice shall be given to parents of students enrolled in the District at least annually, at the beginning of the school year, and within a reasonable period of time after any substantive change in such policies.

#### H. Notification to Parents of Dates of and Right to Opt-Out of Specific Events

The District shall directly notify the parents of the affected children, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when any of the following activities are scheduled, or are expected to be scheduled:

1. The collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information. (Note: the general practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information);
2. Surveys of students involving one or more matters deemed to be sensitive in accordance with the law and this policy; and
3. Any non-emergency, invasive physical examination or screening that is required as a condition of attendance; administered by the school and scheduled by the school in advance; and not necessary to protect the immediate health and safety of the student or of other students.

(Note: the general practice of the District is to not engage in physical examinations or screenings which require advance notice, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions to the advance notice requirement and parent opt-out right: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law, and (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act).

Parents shall be offered an opportunity in advance to opt their child out of participation in any of the afore listed activities. In the case of a student of an appropriate age (that is, a student who has reached the age of 18, or a legally emancipated student), the notice and opt-out right shall belong to the student.

#### I. Definition of Surveys of Matters Deemed to be Sensitive

Any survey containing one or more of the following matters shall be deemed to be "sensitive": for purposes of this policy:

1. political affiliations or beliefs of the student or the student's parent;
2. mental or psychological problems of the student or the student's parent;
3. sex behaviour or attitudes;
4. illegal, antisocial, self-incriminating or demeaning behavior;
5. critical appraisals of other individuals with whom the student has close family relationships;
6. legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers; or
7. Religious practices, affiliations, or beliefs of the students or the student's parent;
8. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such programs).

### **Section 11: HOMELESS STUDENTS POLICY**

#### Homeless Children

Homeless children for purposes of this Policy generally include children who lack a fixed, regular, and adequate nighttime residence, as further defined by applicable federal and state law.

#### No Stigmatization or Segregation of Homeless Students

It is the District's policy and practice to ensure that homeless children are not stigmatized or desegregated by the District on the basis of their status as homeless.

#### Homeless Coordinator

The Superintendent shall serve as the District's designated Homeless Coordinator. The Homeless Coordinator shall serve as the school liaison for homeless children and youth and shall ensure that - (i) homeless children are identified by school personnel; (ii) homeless children enroll in, and have a full and equal opportunity to succeed in, school; (iii) homeless children and their families receive educational service for why they are eligible and referrals to health, dental, and mental health services and other appropriate services; (iv) the parents or guardians of homeless

children are informed of the educational and related opportunities available to their children and provided with meaningful opportunities to participate in the education of their children; (v) public notice of the educational rights of homeless children is disseminated where such children receive services under the federal homeless children laws, such as schools, family shelters, and soup kitchens; (vi) enrollment disputes are mediated in accordance with law; and (vii) the parents or guardians of homeless children, and any unaccompanied youth, are fully informed of transportation services available under law. The Homeless Coordinator shall coordinate with State coordinators and community and school personnel responsible for the provisions of education and related services to homeless children. The Homeless Coordinator may designate duties hereunder as the Homeless Coordinator determines to be appropriate.

#### Enrollment of and Services to Homeless Children

A homeless child shall be enrolled in compliance with law and be provided services comparable to services offered to other students in the school in which the homeless child has been placed.

Placement of a homeless child is determined based on the child's "school of origin" and the "best interests" of the child. The "school of origin" means the school that the child attended when permanently housed or the school in which the child was last enrolled. Placement decisions shall be made according to the District's determination of the child's best interests, and shall be at either (i) the child's school of origin for the duration of the child's homelessness (or, if the child becomes permanently housed during the school year, for the remainder of that school year) or (ii) the school of the attendance area where the child is actually living. To the extent feasible, the placement shall be in the school of origin, except when such is contrary to the wishes of the homeless child's parent or legal guardian. If the placement is not in the school of origin or a school requested by the homeless child's parent or legal guardian, the District shall provide a written explanation of the placement decision and a statement of appeal rights to the parent or guardian. If the homeless child is an unaccompanied youth, the Homeless Coordinator shall assist in the placement decision, consider the views of the unaccompanied youth, and provide the unaccompanied youth with notice of the right to appeal. In the event of an enrollment dispute, the placement shall be at the school in which enrollment is sought, pending resolution of the dispute in accordance with the dispute resolution process.

The homeless child shall be immediately enrolled in the school in which the District has determined to place the child, even if the child is unable to produce records normally required for enrollment, such as previous academic records, medical records, proof of residency, or other documentation. The District shall immediately contact the school last attended by the homeless child to obtain relevant academic and other records. If the homeless child needs to obtain immunizations or medical records, the District shall immediately refer the parent or guardian of the homeless child to the Homeless Coordinator, who shall assist in obtaining necessary immunizations or medical records.

The District may nonetheless require the parent or guardian of the homeless child to submit contact information.

Transportation will be provided to homeless students, to the extent required by law and comparable to that provided to students who are not homeless, upon request of the parent or guardian of the homeless child, or by the Homeless Coordinator in the case of an unaccompanied youth, as follows: (i) if the homeless child's school of origin is in the Northwest High School District, and the homeless child continues to live in the Northwest High School District, transportation to and from the school or origin shall be provided by the Northwest High School District; and (ii) if the homeless child lives in a school other than the Northwest High School District, but continues to attend the Northwest High School District based on it being the school of origin, the new school and the Northwest High School District shall agree upon a method to apportion the responsibility and costs for providing the child with transportation to and from the school of origin, and if they are unable to agree, the responsibility and cost for transportation shall be shared equally.

School District based on it being the school of origin, the new school and the Northwest High School District shall agree upon a method to apportion the responsibility and costs for providing the child with transportation to and from the school of origin, and if they are unable to agree, the responsibility and cost for transportation shall be shared equally.

#### **Section 12: PARENTAL INVOLVEMENT IN SCHOOLS**

It is the policy of the Northwest High School, District 82, Hall/Howard/Merrick Counties to foster and facilitate, to the extent appropriate, parental/guardian information about and involvement in, the education of their children.

Northwest High School after having conducted a public hearing concerning parental/guardian involvement and participation, herewith declares that it shall be the policy of Northwest High School to provide full access at reasonable times to the parent/guardian of any student of Northwest High School to review textbooks, tests, curriculum materials, records of student of any such parents/guardian, unless otherwise prohibited by law, and to any surveys of students done by Northwest High School.

- A. Textbooks, test, and other curriculum materials used in the Northwest High School are, and shall be, available for review by parents/guardians at Northwest High School upon request. Since textbooks, tests, and other curriculum materials constantly change, and may be discarded when no longer needed by Northwest High School, parents/guardians wishing to review such items must govern their requests accordingly.
- B. Parents/guardians wishing to attend and monitor courses, assemblies, counseling sessions, and other instructional activities must obtain prior approval of and from the proper teacher, counselor, and administrator, or they will be asked to leave. Parents/guardians attending or monitoring courses, assemblies, counseling sessions, and other instructional activities with prior approval who, by their conduct or presence interfere with the educational process or constitute an interference with school purposes, will be asked to leave.
- C. Northwest High School will excuse students from testing, classroom instruction, and other school experiences, upon

parental/guardian request, only under circumstances required by law. Parental/guardian requests must be in writing and submitted to the proper teacher and administrator within a reasonable time prior to the testing, classroom instruction, or other school experience, and must be accompanied by written proof, acceptable to Northwest High School that the action is required by law. A plan for an acceptable alternative shall be approved by the proper teacher and administrator prior to, or as a part of, the granting of any parent/guardian request.

- D. Parents/guardians and others will be provided access to records of students according to law (Family Educational Rights & Privacy Act, 20 U.S.C., 1232 G or 79-4, 157, R.R.S.).
- E. Testing shall occur in Northwest High School as determined appropriate from time to time by school district staff to assure proper measurement of educational progress and achievement.
- F. Participation in surveys of students shall occur in Northwest High School.

## Student Policies

### **ATTENDANCE**

Every person residing in a school district within the state of Nebraska who has legal or actual charge or control of any child seven or more years of age and under sixteen years of age, shall cause each child to attend school regularly. This includes public, private, denominational, or parochial schools each day that such schools are open and in session except when excused by school authorities, or unless such child has graduated from high school.

### **ABSENCE / TARDINESS**

If your child will not be attending or will be arriving late to school **please call your child's school immediately**. Parents will be contacted each time an absence of a child has not been reported. Attendance will be taken on a half-day basis.

All schoolwork associated with the loss of instructional time will be made up by the student. If a student knows in advance that he/she is going to be absent from school, we recommend and in some cases may require that all school work be completed in advance of being absent from school.

Students will be allowed two days of school time for each day that they were absent to make up work. Homework assigned prior to an absence is expected to be completed on time or when a student returns to school. Students who miss five consecutive days of school due to illness must secure a doctor's written authorization before returning to school. If a student has excessive absences, school officials will make the final determination as to student retention or promotion. Serious illnesses that result in extended periods of absence should be reported to school. Students who are infected with a contagious disease or health problems (chickenpox, pink eye, strep throat, etc.) may be required to furnish a doctor's written authorization to return to school.

Repeated tardiness may result in students making time up after school or may receive other disciplinary action. *Support agencies may be contacted if excessive tardiness occurs. After five tardies, parents will be sent a letter of concern and eight tardies will equate to a half day absence, with sixteen tardies resulting in a full-day absence.*

If you want your child to stay in the building for recess because of illness or not participate in P.E. class, we will certainly honor your written or telephone request for this accommodation.

**At 20 or more absences, or the hourly equivalent, during any school year, Northwest Public Schools shall file a report with the county attorney, as required by law, indicating the number of days the student has been absent. A letter will also be sent home informing the student and his/her parents/guardians of the report being filed with the county attorney. When reporting excessive absences, the attendance officer shall provide the county attorney all pertinent information regarding the student's absences including, but not limited to, the student's number of absences due to documented illnesses or medical conditions which make attendance impossible or impractical and excused and unexcused absence totals.**

The school day will be divided into two sessions:

AM session: 8 - 11:30; PM session: 11:30 to 3:15.

Wednesday AM session: 8-11; Wednesday PM session: 11-2

If a student isn't at school for 2 hours during an AM or PM session, they are considered absent. Otherwise it is considered tardy.

Students who are the victim of bullying or harassment, or who observe such occurrences, are asked to promptly report such actions to teachers, counselors and or administrators.

### **CHANGE OF ADDRESS, PHONE NUMBER OR EMPLOYMENT**

If your address, phone number or place of employment changes at any time during the school year, please notify the office immediately. It is important to keep student records up to date so we can make sure parents receive information mailed from school, and in case of an emergency, we are able to notify you without delay.

## CHROMEBOOKS

There are two things that need to be done before a chromebook is given out to your child. #1 The **(user loan agreement)** that needs to be filled out and signed by both the parent/guardian and student. #2 There is a \$25.00 fee which must be paid by all 6-8 students each year. If damage occurs there will be a \$25.00 repair cost, including lost or damaged chargers per incident. If you qualify for free / reduced lunches, you may fill out the waiver information and then this fee will be waived. The paperwork and fee can be taken care of any time before school starts, so feel free to stop by your child's school and take care of these two things. If you would like to make an on-line payment to Northwest you can use the following website: <https://eps.mypbanking.com/cgi-bin/efs/login.pl?access=55789>

## Social Media Policy

- Social networking sites and resources such as, but not limited to, Facebook, YouTube, Twitter, Instagram, etc. can be useful tools in the educational environment. Students and staff may make use of social networking tools in or outside of the classroom, provided certain guidelines are followed:
  - Follow the handbook etiquette guidelines and the school's code of conduct and Responsible Use Agreement when posting online. What is inappropriate in the classroom is also inappropriate digitally.
  - Be aware of intellectual property and guidelines and permissions when using pictures or other online content. It is a violation of copyright law to copy words or images without proper attribution or permission

To ensure the safety of our students and staff, periodic drills will be conducted for the purpose of educating everyone in the event of an unsafe situation. **Fire Drills:** Students will be escorted to pre-determined locations outside of the building. **Tornado Drills:** Students will be escorted to areas pre-determined to be the safest locations within the building. **Lockdown Drills:** Student and staff safety is always our priority. We will follow our protocols during these drills.

### **EXTRACURRICULAR ACTIVITIES (PARTICIPATION / ELIGIBILITY)**

Participation in extracurricular activities affords students opportunities for personal growth and development that may not be experienced in a regular classroom setting. *Students must demonstrate their ability to keep up with their regular school work before taking on extra activities which could pose a time management problem.* Students are required to meet all regular classroom responsibilities when participating in extracurricular activities.

Guidelines for extracurricular activities have been established to promote responsible academic achievement and appropriate school citizenship: **Extracurricular activities include, but are not limited to participation in: cross country, volleyball, football, basketball, wrestling, soccer, cheerleading (8th grade only), track, and non-required clinics.**

1. Students who participate in extracurricular activities are ambassadors of both their school and community. Participants should dress appropriately and grooming should be neat and clean.
2. Students should abide by school policies as stated in this handbook when attending “home” and “away” school functions. Student’s citizenship should serve as an appropriate model for younger students.
3. Each participant should be familiar with the rules appropriate for the activity. Additional guidelines set down by coaches, sponsors, activity director, Ina etc. are to be followed by all participants.
4. Depending on the activity - proof of physical examination, insurance waiver, parent permission slips, deposit fee, etc. may be required before a student is allowed to participate.
5. Students must attend school at least half the day of a scheduled extracurricular activity to be able to participate in that day’s practice, scrimmage, game, tournament, and/or contest involving other schools. The principal may make exceptions to this rule.
6. Students may become ineligible to participate in extracurricular activities because of classroom behavior and/or failing to abide by school policies as stated in this handbook. Students who become ineligible due to continual discipline problems will not be eligible to practice, play in games and/or participate in any activity involving other schools. The principal will determine the length of time a student loses his/her eligibility due to discipline problems.
7. Teacher requests for a student to stay after school to make up academic work will take precedence over extracurricular practice and/or activities.
8. Students may not attend practice or participate in any extracurricular activity on the day or days a suspension is being served.
9. Students may become ineligible to compete in extracurricular activities due to their academic performance. This means students may participate in practices but may not compete in games, scrimmages, tournaments and/or contests while they are ineligible.

Students may become ineligible for any of the following academic reasons:

1. Grade average of “F” in any subject area. Teachers at their discretion may use a meritorious ability grading system. A meritorious grade is based on student ability, attitude, effort and work habits.
2. Incomplete class assignments.
3. Turning homework in late.

Upon losing eligibility, the following steps will be taken:

1. The student and parents will be notified that the student has until the following Monday to correct the academic violation(s).
2. If violation is resolved by the following Monday the student is eligible.
3. If the violation is not resolved by following Monday the student becomes ineligible for competition/activities. Practice decisions and attendance at games/activities will be made by teachers, coaches and administration.

### **FIELD TRIPS / ASSEMBLY PROGRAMS or ENRICHMENT ACTIVITIES**

Field trips, special projects and other enrichment activities are *privileges that students earn* by being responsible for their school work and citizenship. *No other children are allowed to accompany a parent or guardian on a field trip. Some field trips may not allow for parental participation.* Students who are behind in their studies or are being disciplined because of inappropriate behavior may be excluded from enrichment activities.

## **FIREARMS AND WEAPONS**

All weapons are prohibited from school property. Individuals are forbidden to possess, handle, transmit or use any dangerous instrument in school, on school grounds or at school functions that is a weapon, which in appearance is intended to stimulate that of a weapon, or is determined to be illegal or dangerous. This ban shall include, but is not limited to, the following items: firearms or part of firearms, starter pistols, BB, pellet, or air guns, crossbows, knives (including pocket knives), knuckles, lead pipes, laser pointers, chuck sticks, throwing darts, darts, blackjack, clubs of any kind, chains, fireworks, dangerous chemicals, unauthorized tools (razors, x-acto knives, etc.), any explosive device or ammunition, or any item that is intended to be used as a weapon or endangers the health, safety and or well being of other people.

No weapons shall be brought onto or into school property without prior permission from the principal. This ban includes antiques, souvenirs, historical and other such artifacts, including property or dramatic productions, except those needed by duly sworn officer of the law.

Any student found to have brought a firearm onto school property shall be expelled for one year except when the chief administering officer may modify such expulsion on a case by case basis. Violation of the District's Firearms and Weapons Policy in any other manner shall result in a suspension from school, which may be extended to expulsion from school after a legal hearing. Parents should monitor what their child brings to school. Students are discouraged from bringing toy guns to school due to the fact that many guns simulate (look like) real weapons. Administrative and teaching personnel are statutorily authorized, without a warrant, to confiscate any firearm and dangerous object possessed in violation of this policy. By statute, any firearm which is confiscated by school personnel shall be delivered to a peace officer as soon as possible. Such firearms are subject to being destroyed by law enforcement officials. All school personnel are required to report any violation of this policy to the principal.

Violation by non-school persons may result in a complaint being filed with local or county law enforcement officials as current Nebraska State Statute allows for the confiscation of firearms on school property, under most circumstances. Further, nothing in this policy shall be construed to require school action when a firearm is lawfully possessed by a person and the firearm is contained within a private vehicle operated by a non-student adult, which is not loaded and is encased or is in a locked firearm rack that is in a motor vehicle. Definition of encased - the term encased shall mean enclosed in a case that is expressly made for the purpose of containing a firearm and that is completely zipped, snapped, buckled, tied or otherwise fastened with no part of the firearm exposed.

## **GIFTS**

Gifts to school personnel, including teachers, are not encouraged.

## **GRIEVANCE PROCEDURE**

Parents, patrons and/or students who have concerns regarding the school environment are encouraged to communicate their concerns directly to the person or persons most directly involved. When a concern cannot be resolved informally, parents and/or patrons may file formal written complaints by contacting the principal. The principal will give persons filing formal written complaints a copy of the school's grievance procedure and necessary reporting forms. All formal written complaints will be handled according to school board policy.

## **GUIDANCE**

Guidance services are available for students. These services include assistance with educational planning, interpretation of test scores, study helps, and help with home, school, or social concerns.

Students are to keep gym bags and backpacks in their lockers during the day. Students may access their lockers between class periods to retrieve materials needed for their next class period.

## **HEALTH RELATED ISSUES**

### **Asthma Protocol**

Nebraska State Law regulation requires that our school (or early childhood education program ) be prepared to implement an emergency treatment plan, called a protocol, anytime a student or staff member experiences a life threatening asthma attack or systemic allergic reaction (anaphylaxis).

The protocol requires that 911 is called first. After that call is made, an EpiPen injection will be given and then Albuterol is provided through a nebulizer. An EpiPen is a small pre-filled, automatic injection device that resembles a highlighter. It is used to deliver Epinephrine. Epinephrine is a medication that is used to bring quick relief by improving breathing and lung function. Albuterol is another medication that is used to bring breathing relief (commonly found in metered-dose inhalers). The nebulizer is a machine that mixes the Albuterol with air to provide a fine mist for breathing in through a mask or mouthpiece.

The protocol steps are designed to provide quick, effective care in order to prevent death from occurring due to a severe asthma attack or anaphylaxis. Staff members have been trained to recognize signs and symptoms of a life-threatening “breathing” emergency and to properly administer the medications. The protocol is a standing medical order that has been signed by local doctors.

If you know that your student has asthma or a known allergy, it is critically important that you communicate this information to our school staff. For each student with a known allergic condition or asthma, you must provide the school with (1) written medical documentation, (2) instructions (action plan), and (3) medications as directed by a physician. In the event that your student experiences a life threatening asthma attack or systemic allergic reaction, we will defer to the specific documents and medication that you have provided. If you do not have medical documentation and instructions on file with the school for your student we will defer to the regulatory protocol described above. If, for whatever reason, you do not want your student to receive the life-saving emergency treatment under the protocol, you must file your written objection with the school.

If you have questions or concerns about the protocol or your students’ health issues, please contact the school.

### **Illness During School Hours**

In case of illness or injury during school hours, the school will notify parents or persons listed in the emergency file. Telephone numbers for work, relatives, baby-sitters, neighbors, etc. should be listed on the emergency file.

### **Immunizations**

Nebraska State Law requires all students (except those with appropriate medical or religious waivers) to be immunized for Measles, Rubella, Mumps, Poliomyelitis, Diphtheria, Tetanus, Pertussis, Varicella and Hepatitis B prior to admission to school. State Law also states that immunizations shall not be required for a student enrolling in any school in this state if he or she submits to the following:

A statement signed by a physician, stating that in the physician’s opinion, the immunization required would be injurious to the health and well being of the student or any member of the student’s family.

An affidavit signed by the student or if he or she is a minor, by a legally authorized representative of the student, stating that the immunization conflicts with the tenets and practice of a recognized religious denomination of which the student is an adherent member or that immunization conflicts with the personal and sincerely followed religious beliefs of the student.

### **ALL STUDENTS ENTERING SCHOOL MUST PROVIDE PROOF OF IMMUNIZATION OR MEDICAL / RELIGIOUS WAIVERS PRIOR TO BEING ADMITTED.**

Religious waiver forms are available in the school office. Immunizations can be obtained through the Merrick County Health Department (308) 946-3103, the Hall County Health Department (308) 385-5175 or your family physician.

### **Medication**

Students are prohibited from having prescription or over the counter medications in their possession in school. Northwest Public Schools requires that all medications, prescriptions, and over the counter drugs that students bring to school be taken to and kept in the school nurse’s

office. Any medication brought to school by students must be in its original container. Students will be able to access their medication through designated school personnel. Northwest Public Schools ask that students and parents cooperate in abiding by the school's medication policy for the safety and well being of the entire student body. A violation of this policy may result in disciplinary action up to expulsion from school.

### **Physical Examinations**

Nebraska State Law requires all Kindergarten students to receive both a physical and vision examination and all seventh grade students must have a physical exam.. Parents/guardians who object to this physical examination requirement may sign a waiver.

### **Control of Communicable Disease**

The policies for the control of communicable disease are for the protection of the infected student as well as the protection of other students and staff.

- A. Students with the following will be sent home.
  - a. Temperature at/over 100 degrees.
  - b. Vomiting or diarrhea.
  - c. Sore throat accompanied by elevated temperature and/or visible pus.

- F. The physician, parents of the student, school nurse and school administration will meet to determine the most appropriate educational setting for the student/staff with HIV or AIDS.

- H. Other communicable diseases will be handled as recommended by the Nebraska Department of Health.
- I. Students with pediculosis (head lice): nits are not a cause for school exclusion. However, parents of students with live lice are to be notified and treated prior to return to school. Students will be evaluated individually by the school nurse or school personnel regarding head lice.

### **Policy Concerning AIDS:**

Guidelines for Persons with AIDS. It is the goal of the school for all infected persons to be able to attend school and participate in an unrestricted setting so long as such participation would be reasonable. However, exceptions will be made for preschool age children and persons with neurological impairments resulting in the lack of control over body secretions, displays of behavior such as biting, or person having oozing lesions.

For the protection of the AIDS infected child and the other children in the district, it is the responsibility of the parent/guardian to inform the district of the positive HIV diagnosis of a district student.

These guidelines apply to all persons known to be infected with the AIDS (Acquired Immune Deficiency Syndrome) virus. This includes persons with AIDS Related Complex (ARC) or Human Immunodeficiency Virus (HIV) infection.

These persons shall be referred to as AIDS infected persons in the following guidelines:

1. A team approach should be used to determine the most appropriate educational

setting for said persons. Team members should include said person's physician, said person's parent/guardian if a minor child, public health personnel, school district's medical advisor, school health personnel, school administration, school board representatives, faculty, and any other staff that would be affected by the decisions.

2. This team will make the following decisions:
  - A. Regarding attendance: The administrator of each school can recommend temporary exclusion until the team has met. The school will provide homebound instruction as appropriate.
  - B. Restriction of school environment.
  - C. The extent of interaction of others in the school setting.
  - D. Use of preventative measures needed to protect both the AIDS infected person and/or school personnel/students.
  - E. Who will be the spokesperson for them.
3. AIDS infected persons who are attending school and participating in school activities shall be required to report to a school officer on a regular basis as determined by the school district's medical advisor. This is to protect the AIDS infected child from other infections because of his/her decreased immune status.
4. Instruction should be provided for those coming in contact with the AIDS infected person. This will include thorough hand washing after exposure to blood and body fluids and before caring for another person. Gloves should be worn if the staff member has open lesions. Any open lesions on the AIDS infected person should be covered. Soiled surfaces should be promptly cleaned with disinfectants, such as household bleach (diluted one part bleach to ten parts water). Disposable towels and tissues should be used whenever possible, and mops should be rinsed in the disinfectant.
5. The AIDS infected person's right to privacy should be preserved by staff member involved in the care and education of said person. The school district will develop routine procedures for staff contact with AIDS infected persons, confidentiality of records, and information released to parents, students, and school employees.
6. Efforts will be made to inform parents, students, school personnel, and district patrons about AIDS and its transmission.

### **HEALTH SERVICES**

Health services are provided to students at school by Northwest Public Schools elementary school nurse.

### **HONOR ROLL**

Students in grades 6-8 will be awarded academic honor roll recognition if they receive a grade of 'B' or better in every subject. (Including Band, P.E., Art, Careers and Technology)

### **LEAVING SCHOOL BEFORE DISMISSAL TIME**

Any student leaving school before dismissal time must notify the office before they leave the building. This is true even if they are going to the doctor, etc. We are responsible for the student, and thus we need to have a record of his attendance. This is very important in cases of emergency or disaster.

### **LOST ITEMS**

Each school building has a lost and found. **Please label all coats, jackets, hoodies, etc.** Throughout the year the lost and found box is reorganized and unclaimed items are donated to a local organization.

### **LUNCH PROGRAM**

All schools operate a hot lunch program. Services are available to all children without regard to race, sex, color, handicap, age or national origin. Meal prices are set annually. Meal prices are approved by the Board of Education and Federal Government. Checks should be made payable to Northwest Public Schools. ***All meals must be prepaid.*** Parents whose children have special dietary needs should contact the school.

Free and reduced price meals are available through the Federal School Hot Lunch Program for children whose

parents qualify according to household income guidelines. Guidelines and application forms are available in the school office. Applications for free or reduced price meals may be made any time during the school year. Applicants for free and reduced price meals are required to document their household income.

### **Non-Discrimination Statement:**

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, sex, disability, age, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA.

Persons with disabilities who require alternative means of communication for program information (e.g. Braille, large print, audiotape, American Sign Language, etc.), should contact the Agency (State or local) where they applied for benefits. Individuals who are deaf, hard of hearing or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

### **POP / FAST FOOD**

***Pop/soda is not allowed in the lunchroom during the noon lunch period. Please note that our lunch program also prohibits the bringing in of outside fast food during the lunch periods (McDonalds, Burger King, Pizza Hut, Taco Bell, etc.)*** Parents wishing to eat with their child must notify the school in advance. Parents will be required to pay the adult lunch price.

### **LUNCHROOM EXPECTATIONS**

1. Stand in the lunch line quietly and keep your hands to yourself.
2. Talk quietly to the person next to you.
3. Stay in your own space. Keep your hands to yourself and your feet under your table.
4. Raise your hand to receive permission to leave the table.
5. Leave the place at and around you neat when you finish.
6. Do not throw or play around with your food.
7. Respect the lunchroom supervisors and cooks.

Students are prohibited from leaving the school grounds during their noon lunch periods unless they have written permission from their parents to walk home to their own homes for lunch or unless they are being picked up by their own parents. For safety reasons, parents who want their child/children to walk home for lunch need to call the school on the days their child/children will be walking home for lunch. Parents who wish to give their child/children unlimited permission to go home for lunch may do so by signing a "home lunch" permission slip.

The school disclaims any responsibility and or liability for accidents and or injuries that occur to students while they are off school grounds during noon lunch periods. The school also disclaims responsibility for ensuring students go to their own homes when they leave school during lunch periods.

### **MILK PROGRAM**

A milk break program is offered in kindergarten. Participating students will be charged 50¢ per carton of milk, which will be deducted from their lunch account. Participation in the program is voluntary.

**PAMPHLETS / BULLETINS / POSTERS**

It shall be the policy that no religious, political or controversial materials shall be distributed through the school system or posted on school premises. **Any deviation from this policy must be approved by the District Office.**

**PARENT RESPONSIBILITY - AFTER SCHOOL**

Staff supervision of students ends at 3:35 p.m. (2:25 pm on Wednesday’s) and certificated staff may leave the school at 3:45 pm. Therefore, parents are asked to make arrangements to pick up children by 3:35 p.m. (2:25 pm on Wednesday’s). Students who are not picked up by 3:35 pm (2:25 pm on Wednesday’s) will be expected to sit on the floor in the front foyer until they are picked up.

Unless a student is involved in a school sponsored after school activity, no student is authorized to remain on school premises after 3:45 pm (2:30 pm on Wednesdays). Violations of this policy will be dealt with as follows:

- A. First occurrence per quarter - Parents will be notified by mail of the violation of this policy.

The parent will, by the third notice, also be admonished that any further policy violation in that quarter will result in school personnel requesting the appropriate officials to take custody of the child.
- D. Fourth offense per quarter - Will result in the school requesting the appropriate agency to take custody of the child. The parent will be informed by the appropriate school personnel of any such request, having been made, when it was made, in the manner it was made, and to whom it was made.

**Verification of Student on School Premises  
After 3:45 pm (2:30 pm on Wednesdays)**

Student Name	_____

**PARENT-TEACHER CONFERENCES**

Parent-Teacher Conferences are held twice a year. Additional parent-teacher conferences may be arranged as deemed necessary by staff or as requested by parents. Under the Family Educational Rights and Privacy Act (FERPA) we cannot share academic information with anyone other than biological parents or documented legal guardians. While we value and recognize it takes a community to raise a child, we cannot share academic information outside these parameters (including stepparents, grandparents, siblings, aunts, uncles, boyfriends or girlfriends etc.)

**PETS AND LIVE ANIMALS**

Live animals are generally not allowed in school for reasons of health, safety and liability. A parent or guardian must be present when live animals are brought to school. The teacher or principal will determine when animals are brought to school and how long the animals will be in the building. Animals found loose on the playground will be reported to the proper authorities.

**PRIVATE PARTY INVITATIONS**

It is the policy of Northwest Public Schools to allow students while at school to give out invitations to private parties ***only if every boy and girl in the class is invited to the party.*** The school recognizes that when one student does not receive an invitation and others do, that exclusion can be very hurtful and this situation should be avoided while at school.

**RACIAL AND SEXUAL HARASSMENT POLICY**

All persons associated with the Northwest Public Schools, but not necessarily limited to the board, the administration, faculty, staff, and students, are expected to always conduct themselves so as to provide an atmosphere free from racial and sexual harassment. Any person who engages in racial or sexual harassment while acting as a member of the school community will be in violation of this policy.

### **Racial Harassment**

Racial harassment will not be tolerated. No one will be treated differently on the basis of: race, sex, color, or national origin. Every individual has equal rights in both academics and activities unless there is a legitimate, non-discriminatory reason to limit these rights.

Racial harassment may include but is not limited to:

- Demeaning comments directed at an individual, which are degrading and derogatory to their racial and/or ethnic/cultural group (slurs, jokes, insults or name-calling).
- Written materials which degrade an individual's race and or ethnicity (graffiti, notes, computer bulletin entries, etc.).
- Visual displays of racial and/or ethnic materials which create a hostile intimidating and/or demeaning school environment (racial or ethnic pictures, posters, cartoons and/or written material).
- Incidents involving the defacing and/or damaging of property belonging to an individual that intimidates or harasses the individual due to his or her race and/or ethnicity.
- Threats or physical attacks against an individual due to his/her race and/or ethnic identity.

### **Sexual Harassment**

Sexual harassment will not be tolerated. Sexual harassment is a form of sex discrimination. Both males and females can be victimized. Sexual harassment is illegal and is not condoned. Sexual harassment may include, but not be limited to:

- Deliberate touching of body parts, pinching, attempting to fondle or kiss
- Sexually demeaning comments or verbal comments about body parts and or clothing
- Name calling or spreading rumors regarding sexual activity
- Stares, leers, or unwanted suggestive looks
- "Dirty" jokes or unwanted sexual teasing
- Gestures with the hands on body parts
- Following, cornering, blocking, or standing too close
- Conversations that are too personal
- Graffiti that is sexual in nature
- Howling, catcalls, or whistles
- Pressure for dates or sex
- Verbal threats of violence, sexual contact, or coercion

### **"What should I do if someone sexually or racially harasses me?"**

Any student, parent, and or employee of the Northwest Public School System who believes such a situation exists as defined by this policy should contact a teacher, the principal, or Superintendent. The principal at his or her discretion may attempt to resolve allegations of harassment (racial, sexual or otherwise) informally. All matters involving a sexual harassment grievance will remain confidential to the maximum extent possible. All formal sexual harassment grievances must be filed on forms provided by Northwest School District Policy. Formal complaint forms are available in the school office.

The Board of Education may impose appropriate sanctions against persons who violate the district's sexual harassment policy. These sanctions, in the case of any employee, may include termination. Students guilty of sexual harassment will face disciplinary action which could include suspension or expulsion.

### **RECESS**

We strive to make recess safe and enjoyable for all students. All students (K-5) participate in at least one scheduled daily recess period and sometimes more, depending on their classroom. Therefore, you will want to make sure that your child is dressed appropriately for the ever-changing Nebraska weather conditions. Layering clothing is the best option for cold mornings and hot afternoons. During inclement weather (rain or severe wind chill conditions) students will have indoor recess. Please note that during school hours our playground is not accessible to the public due to the safety and protection of the students. Physical activity and student socialization is an important part of recess. Students are required to participate in recess and will not be excused from participation without a doctor's note verifying the reason. Students may be held from recess due to academic assistance, completion of assignments, or misconduct.

**REPORT CARDS and PROGRESS REPORTS WILL BE ISSUED THROUGHOUT THE YEAR.**

### **POWER GRADE IS ACCESSIBLE ON LINE FOR GRADES - 6th, 7th and 8th**

Student achievement in grades K-8 is communicated to parents through four, nine-week grading periods. Fourth grade through eighth grade student performance is measured by letter grades A, B, C, D, F, and I. The following percentages indicate grade range: (I = Incomplete)

A+ = 98-100	B+ = 91-92	C+ = 83-85	D+ = 75-77	
A = 96-97	B = 88 - 90	C = 81 -82	D = 73-74	F = 0 - 69%
A- = 93-95	B- = 86-87	C- = 78 - 80	D- = 70-72	

Report cards are available through the PowerSchool Portal and the end of each quarter and the conclusion of the year.

### **Standards Based Grading in Kindergarten - 5th grade**

At Northwest Public Schools, learning standards are the standards and indicators approved by the Nebraska State Board of Education. NWPS has moved to using a standards-based report card at the elementary level.

These are rigorous curriculum standards and the goal is for all students to be proficient on all learning standards at each grade level. A standards-based report card gives parents specific information about whether a student has met those standards. NWPS has moved to using a standards-based report card at the elementary level (K-5).

Communicating specifically about each standard rather than combining everything into one symbol helps NWPS communicate clearly about learning with students, parents and our community. Most importantly, there is a worldwide consensus among education experts that standards-based reporting increases the focus on learning.

A standards-based report card...

- Measures a student's achievement in relation to the standards rather than by averaging grades
- Gives more detail and accurate information about a student's academic achievement
- Provides clarity and consistency for reporting achievement on learning standards within NWPS

The marks on the report card are determined by classroom assessments combined with teacher judgement to represent an achievement level at a given point in time.

### **Grade Level Performance Levels**

**E** - Student excels in grade-level skills and concepts. Demonstrates excellence in thinking, complex questioning, an advanced skill development on grade level standards on a consistent basis.

**P** - Student has reached proficiency for that particular standard. Demonstrates sufficient understanding of important concepts, ideas and/or skills.

**D** – Student is developing an understanding; but has yet to demonstrate proficiency of the standard. Demonstrates partial, but limited understanding of important concepts, ideas and/or skills.

**B** – Student is beginning the progress toward proficiency for a standard. Demonstrates an incomplete understanding(partial or not at all); needs significant support and guidance.

*NA - Standard was not assessed that quarter*

### **Research-Based Grading Practices**

**Standards-based reporting follows these grading practices:**

**Grades are consistent.**

- Grades are based on grade-level learning standards.
- Grades are based on quality assessments.

**Grades are accurate.**

- Grades for academic learning standards reflect student achievement only. Behaviors (e.g., effort, participation, adherence to class rules, attendance) are important but graded separately.
- Grades are based only on individual achievement, even if a student is involved with group work.

**Grades are meaningful.**

- Teachers use the most recent achievement data to determine grades.
- Zeroes are not used in place of missing or incomplete work.

**Grades support learning.**

- Formative assessment and practice are used to collect evidence that learning is occurring, not to determine grades.
- Students have multiple opportunities to demonstrate their learning.
- Students should know from the beginning how grades will be determined. The learning targets are clear and there are no surprises on assessments.

**REQUIRED REGULAR CURRICULAR ACTIVITIES**

Students may be required to participate in curriculum related activities and special events. This includes school music programs, band concerts, art shows, science fairs, or individual room programs. Parents are asked to call the school office when their child/children are unable to attend required programs.

**SEARCH AND SEIZURE**

Student lockers, desks and other such property are owned by the school. The school exercises exclusive control over school property. Students should not expect privacy regarding items placed in or on school property because school property is subject to search at any time by school officials. Periodic, random searches of student lockers may be conducted in the discretion of the administration.

The following rules shall apply to the search and the seizure of items in a student's possession or control:

1. School officials may conduct a search if there is a reasonable basis to believe that the search will uncover evidence of a crime or rule violation.
2. Illegal items or other items reasonably determined to be a threat to the safety of others, a threat to educational purposes, or a prohibited nuisance item may be seized by school officials. Any firearm shall be confiscated and delivered to law enforcement as soon as practical.
3. Items which are used to disrupt or interfere with the educational process may be removed from student possession.

(Board Policy #5046, Article 5).

**SCHOOL CLOSINGS**

When weather related circumstances require school to be canceled, start late or dismiss early, announcements will be made through local media outlets and via the Northwest School Alert system. (examples email, text or phone messages)

**SCHOOL HOURS**

School will begin at 8:00 a.m. and be dismissed at 3:15 p.m. on Monday, Tuesday, Thursday and Friday. On Wednesday's, school will be dismissed at 2:00 p.m. Early dismissal will be at 12:00 p.m. (Noon). Early classroom morning events are critical to the student's successful day. Please make sure your child is at school on time.

**SCHOOL VISITATION**

For security reasons, please call ahead of time and use the buzzer system upon arrival to the building.

**SPECIAL DELIVERIES / GIFTS TO STUDENTS**

On occasion, parents, friends or relatives have a gift (i.e., balloons, flowers, stuffed animals, etc.) delivered to a student at school for a birthday or special occasion. Special deliveries and gifts as such will be held in the office and given to students at the end of the school day.

**STUDENT DATING**

Northwest Public Schools provides physically safe and emotionally secure environments for all students and staff. Positive behaviors are encouraged in the educational program and are required of all students and staff. Inappropriate behaviors, including but not limited to, dating violence, will not be tolerated and must be avoided by

all students and staff. Any public displays of affection are prohibited.

Pursuant to Section 79-2,140, the Legislature has defined (a) “dating violence” to mean a pattern of behavior where one person uses threats of, or actually uses, physical, sexual, verbal, or emotional abuse to control his or her dating partner; and (b) “dating partner” to mean any person, regardless of gender, involved in an intimate relationship with another person primarily characterized by the expectation of affectionate involvement whether casual, serious, or long-term. Strategies and practices are implemented to reinforce positive behaviors and to discourage and protect others from inappropriate behaviors.

### **STUDENT FEE POLICY**

Our schools have developed a student fee policy in accordance with Nebraska State Laws. Generally speaking, all students will be asked to continue to provide personal or consumable items for specified classes and activities.

### **STUDENT DISCIPLINE**

Two primary goals of the faculty and administration are to teach students to be responsible citizens and help students experience academic success. Students who make incorrect choices regarding their personal behavior or are lacking in their academic responsibilities will receive negative consequences. The following disciplinary actions may be used:

1. Verbal warning/reprimand.
2. Loss of recess (grades K-5).
3. Loss of privileges (i.e., lunchroom, library, computer lab, bus, playground, assembly programs, field day, field trips, special parties, extracurricular activity eligibility).
4. Students may receive a detention for any of the following reasons: Failure to follow teacher directions and classroom procedures; being disrespectful to a teacher, staff member or other student; damaging school or other people’s property; demonstrating any behavior that threatens the safety and well being of others; disrupts the learning environment and/or prevents the teacher from teaching; using profane, lewd, or sexually derogatory language; inappropriate use of hands, feet, and or objects; making, using or possessing objects that threaten the safety of others, this includes objects made from pen or pencil parts, pins, tacks, paper clips, rubber bands, staples, toothpicks, etc.; refusing to work in class; or any other reason deemed appropriate by the administrator. Students displaying inappropriate behavior while under the supervision of a substitute teacher may receive a consequence more severe than what might normally be given by the regular classroom teacher.
5. Removal from the classroom: Students who disrupt the learning environment or whose behavior threatens the safety/well being of other students may be removed from the classroom. Teachers at their discretion may assign any area outside of the classroom to a student so that he/she may complete school work and or bring his/her behavior under control.
6. Assistance from the Principal: Teachers may request assistance from the principal in resolving student discipline problems. Teachers may send a student to the office or request that the principal remove a student from the classroom when the student’s behavior threatens the safety/well being of other students or if the student’s behavior disrupts the learning environment of the classroom. Students sent to the office will most likely serve a detention, the definition of which to be based upon severity of offense.
7. Short-term out-of-school suspension (1-5 days).
8. Long-term out-of-school suspension (6-19 days).
9. Expulsion from school: Expulsion applies for 20 days or more, the remainder of the semester or year and/or one calendar year from the date of expulsion.
10. STUDENT DUE PROCESS: Short-term suspension, long-term suspension and/or expulsion are disciplinary actions that apply in cases of severe misconduct or when other forms of disciplinary action have proven ineffective. Students who face short-term suspension, long-term suspension or expulsion will be given the opportunity to answer all charges brought before them before disciplinary sanctions are imposed. Short-term suspension, long-term suspension and expulsion will be governed by Nebraska State Statutes. Student discipline issues that involve suspension or expulsion will be brought before the Board of Education. A student suspended or expelled from school will have his or her rights restored upon return to school.
11. Students who are serving out of school suspensions or expulsion are barred from being on school grounds, including the playground/village or attending any home or away from school activities.
12. Students may be suspended or expelled for the following reasons:

- f. Hearing Procedure. The hearing shall be attended by the hearing officer, the student, the student's parents, or guardian, the student's representative if any, and the administrative representative. Witnesses shall be present only when they are giving information at the hearing or with the consent of both parties. The student may be excluded at the discretion of the hearing officer at times when the student's psychological evaluation or emotional problems are being discussed. The student or the student's parents or guardian or both may be represented by legal counsel. The hearing examiner may exclude anyone from the hearing when his/her actions substantially disrupt an orderly hearing. The formal rules of evidence shall not apply at the hearing. The administrative representative shall present to the hearing officer statements, in affidavit or other reliable form, of persons having information about the student's conduct and the student's records. Such statements and records are to be made available to the student, the student's parents, guardian or representative prior to the hearing. Any person giving evidence by written statement or in person at a hearing shall be given the same immunity from liability as a person testifying in a court case. A single hearing may be conducted for more than one (1) student if in the discretion of the hearing examiner a single hearing is not likely to result in confusion or prejudice to the interest of any of the students involved. If during the conduct of such a hearing, the hearing examiner concludes that any of such student's interests will be substantially prejudiced by a group hearing, or that confusion is resulting, the hearing examiner may order a separate hearing for each or any of said students
- g. Availability of Witnesses. The hearing officer will have the authority to subpoena any witnesses to the hearing and shall make reasonable efforts to assist in obtaining the attendance of any witnesses requested by the student, student's parents or guardian or their legal representative.
- h. Record. The proceedings of the hearing shall be recorded at the expense of the school district.
- i. Findings. Within a reasonable time after the conclusion of the hearing, the hearing officer shall prepare and submit to the superintendent written findings and recommendation as to disposition. This report shall explain, in terms of the needs of both the student and the school board, the reasons for the particular action recommended. Such recommendations may range from no action, through the entire field of counseling, to long-term suspension, expulsion, or mandatory reassignment.
- j. Review by Superintendent. The superintendent shall review the findings and recommendations of the hearing officer and may also review any of the facts and evidence presented at the hearing and based upon such report and the facts shall determine the sanctions to be imposed. Such hearing shall be made on the record except that the board may admit new or additional evidence to avoid substantial threat of unfairness. Such new evidence shall be recorded. The Board of Education or committee thereof may withdraw to deliberate privately upon the record and new evidence. Any such deliberation shall be held in the presence only of board members in attendance at the appeal proceeding, but may be held in the presence of legal counsel who has not previously acted as the administrative representative in presenting the school's case before the hearing officer. If any questions arise during such deliberations which require additional evidence, the Board of Education or committee thereof may require the hearing to receive such evidence, subject to the right of all parties to be present. A record of any such new or additional evidence shall be made and shall be considered as a part of the record and based upon the evidence presented at the hearing before the hearing officer, and such new or additional evidence, the Board of Education or the committee shall make a final disposition of the matter. The Board may alter the superintendent's disposition of the case if it finds the superintendent's decision to be too severe, but it may not impose a more severe sanction. The designated method of giving public notice of the hearing, if required, shall be by posting on the schoolhouse door or on the door to the hearing room. The final decision of the board shall be delivered to the student and parents or legal guardian of the student by personally delivering the same or by mailing the same by certified or registered mail.

### **GRIEVANCE PROCEDURE**

Individuals not in agreement with a decision made by school officials may fill out a grievance form located in the Principal's office. The grievance process begins the appeal procedure.

#### **Definitions:**

1. Grievance. Any claim by a student that there has been a violation, misinterpretation, or misapplication of school policies, or his/her individual rights to fair treatment of any established policy or practice. When a grievance is shared by several students, it shall be processed as a single grievance with one member acting on behalf of the entire group.
2. Days. Shall mean calendar days except weekends and school holidays. It is understood that during the summer months any change in grievance procedure timelines shall be by mutual agreement of the parties involved.
3. The grievance procedure may be amended in writing by mutual agreement of both parties with written evidence of said consent being presented by each party to the other.
4. Any grievance which is not timely processed under the conditions set forth in this procedure shall be deemed waived.
5. Any student involved in a school activity may utilize the student grievance procedure if a decision of the sponsor/coach/or activities director results in suspension from such activity. Activity participation guidelines are found in the appropriate activities guideline booklet.

### **STUDENT PERMANENT SCHOOL RECORDS**

The following guidelines govern student records:

- Student files and records are open for parents to examine upon request.
- Parents are entitled to a hearing to challenge information in their child's file.
- Access to student files is limited to parents and school officials.
- Written permission from parents is required for other people to examine a student's records.
- Student records are sent directly to a required school electronically per the school request.

### **TOYS AND NON-SCHOOL ITEMS**

Bats, balls, toy guns, knives, trading cards of any kind etc., are not to be brought to school unless the student has permission from their classroom teacher. Once again, if your child doesn't need it for school, don't let them bring it to school. Fidgets are items that are similar to toys, however, can serve an educational purpose for some children who may need help with focus and attention. All fidgets will be provided by the school and should not be brought from home (this includes spinners).

### **TELEPHONE CALLS**

Students will be called out of class to answer the telephone for emergency purposes only, otherwise a message will be taken. The student will then be allowed to return the call during the next appropriate time available. Students will need permission from the principal or secretary to use the school's telephone. Students needing to make phone calls should do so between class periods, during recess or during their lunch period.

## **DISTRICT, STATE AND FEDERAL PROGRAMS**

### **STUDENT FEE POLICY**

The Board of Education of Northwest Public Schools has adopted the following student fees policy in accordance with the Public Elementary and Secondary Student Fee Authorization Act. The District's general policy is to provide for the free instruction in school in accordance with the Nebraska Constitution. This generally means that the District's policy is to provide free instruction for courses which are required by state law or regulation and to provide the staff, facility, equipment, and materials necessary for such instruction, without charge of fee to students.

Northwest Public Schools provides activities, programs, and services to children which extend beyond the minimum level of constitutionally required free instruction. Students and their parents have historically contributed to the District's efforts to provide such activities, programs, and services. Such student and parent contributions have included: students coming to school with the basic clothing and personal supplies to be successful in the classroom (clothing, shoes, pencils, pens, paper, notebooks, calculators, and the like), students bringing their own or paying the reasonable cost of specialized equipment or supplies for the personal preference of personal retained benefit of students (for example, band equipment, locker deposit or rental fees, shop class materials, where the student keeps the product, and college tuition or fees for college credit for advanced placement courses or correspondence courses), students providing their own specialized clothing and equipment to be prepared for the extracurricular activities in which they choose to participate (sporting apparel, including shoes, undergarments, and the like), and assisting with special programs, such as field trips, summer school, school dances and plays. The District's general policy is to continue to encourage and to require, to the extent permitted by law, such student and parent contributions to enhance the educational program provided by the District.

Under the Public Elementary and Secondary Student Fee Authorization Act, the District is required to set forth in policy its guidelines or policies for specific categories of student fees. The District does so by setting forth guidelines and policies; this policy is subject to further interpretation or guidance by administrative or Board regulations, which may be adopted from time to time. Parents, guardians, and students are encouraged to contact their building administration or their teachers or activity coaches and sponsors for further specifics.

### **NORTHWEST PUBLIC SCHOOLS HOT LUNCH PROGRAM**

Northwest Public Schools operates a hot lunch program and participates in the Federal Government's School Hot Lunch Program. Free and reduced priced meals are available through the Federal School Hot Lunch Program. Applicants for free and reduced priced meals are required to list their household income on their application form. Applications for free and reduced priced meals are available in the Central and Superintendent's Offices. Parents whose children have special dietary needs should contact the school.

Students purchase meals through an electronic account. Money is not accepted in the lunch line. Northwest High School does not use lunch tickets. Students are issued individual four digit lunch account numbers. Students from the same family share a single four digit family ID number unless otherwise requested by a parent. Money deposited into family accounts may be made with a single check. All meals or food items purchased through the school cafeteria must be prepaid. (No charging)

Northwest Public Schools lunch program is conducted as an "offer versus serve" program and is approved by the Nebraska Department of Education. "Offer versus serve" requires schools to offer meat, vegetables, fruit, bread and milk with each meal. Students may elect to take five of the items offered or as few as three. Students who elect to take only three or four of the five items offered will be charged the full price of a regular meal.

Prices for school hot lunches are set annually by the Northwest Board of Education in conjunction with Federal & State School Hot Lunch Guidelines.

Lunch money is received in the Superintendent's Office prior to school starting at 8:10 a.m. and or after school until 4:00 P.M. Money deposited after 10:30 A.M. may not be credited to a student's account in time for his or her lunch period. Students must have money in their lunch accounts prior to making purchases in the lunch line. Students are responsible for keeping track of their lunch fund balances. Students should check their lunch account balances daily as they go through the lunch line.

Students are prohibited from using their lunch accounts to purchase food for other students. Parents who question their son's or daughter's lunch account activity or balance may call the school at 385-6398 between 7:45 a.m. and 4:00 p.m. Parents may also access their son's or daughter's lunch account on PowerSchool. Parents are responsible for setting cafeteria purchase guidelines for their son or daughter.

Federal Government Hot Lunch Program regulations prohibit Northwest Public Schools from selling pop, candy, gum, etc. during lunch periods. Students who are not eating lunch are to report to the old gym or cafeteria during their lunch period. Northwest High School is a closed campus. Students may not leave the building during their lunch period.

This explains what to do if you believe you have been treated unfairly. "In accordance with Federal Law and U. S. Department of Agricultural Policy, this institution is prohibited from discriminating on the basis of race, color, national origin, sex, age, or disability. To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, or call (866) 632-9992 (voice). Individuals who are hearing impaired or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339 or (800) 845-6136 (Spanish). USDA is an equal opportunity provider and employer."

### **ENROLLMENT OPTION**

In 1989, the Nebraska Legislature passed a law that allows parents to choose the school district they want their children to attend. The law was designed to give parents the opportunity to choose the school system which they feel might best meet the educational needs of their children. It is important to remember that option school districts may reject or limit requests for transfers based on school capacity and available programs. Enrollment Option applications forms, etc. are available in the Superintendent's office, online at <[ginorthwest.org](http://ginorthwest.org)> or by calling 385-6394.

### **TITLE IX NON-DISCRIMINATION**

In 1972 Congress outlawed discrimination based on a person's sex. Title IX of the Educational Amendments Act of 1972 applies to students attending schools that receive Federal Funds. Title IX forbids schools from treating students differently based on their gender.

#### **Under Federal Law schools cannot:**

1. Provide separate classes or activities for male and female students.
2. Deny students the right to take a course because of his or her gender. For example, not allowing females to enroll in shop class.
3. Apply different rules regarding physical appearance to male and female students.
4. Make different disciplinary rules or enforce them differently on the basis of gender.
5. Refuse to allow female students to take part in classes or activities because of pregnancy, unless other students with temporary disabilities are so excluded. Students may voluntarily join special program of comparable quality to regular classes.
6. Refuse to excuse absences because of pregnancy or refuse to allow female students to return to the same grade level which they held when they left school.

#### **Title IX Laws allow schools to:**

1. Separate classes for sex education.
2. Separate students by gender within physical education classes for participation in contact sports such as football, basketball and wrestling.
3. Separate students with different levels of ability within physical education classes. (Ability requirements must be the same for both genders).
4. Provide separate teams for genders of contact sports and or any team sport in which students are selected to play on the basis of skill.

### **PARENTAL RIGHT TO INFORMATION**

Schools may release information to non-custodial parents of students. State statute identifies a parent as the person authorized to receive information such as grade reports, transcripts, attendance statistics, disciplinary information, progress reports, and other. A parent is a parent unless his or her status has been terminated by a court order. Non-custodial parents are still parents, unless there are specific restraints within a divorce decree stating that he/she should not have access to their child's school records. Unless otherwise stated in the divorce decree, student records and information are available to both custodial and noncustodial parents. Noncustodial parents may request school information for their children in person or in writing through the Principal's Office.

### **PARENT NOTICE CONCERNING DISCLOSURE OF STUDENT RECRUITING INFORMATION**

The No Child Left Behind Act of 2001 requires Northwest Public Schools to provide military recruiters and institutions of higher education access to secondary school students' names, addresses, and telephone listings. Parents and secondary students have the right to request that Northwest High School not provide this information (i.e., not provide the student's name, address, and telephone listing) to military recruiters or institutions of higher

education, without their prior written parental consent. Northwest High School will comply with any such request. Parents & students wishing to deny release of information to military recruiters or institutions of higher education may do so by contacting the Central Office.

**FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA) NOTICE FOR DIRECTORY INFORMATION**

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Northwest High School, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child’s education records. However, Northwest High School may disclose appropriately designated “directory information” without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Northwest High School to include this type of information from your child’s education records in certain school publications. Examples include:

- A playbill, showing your student’s role in a drama production
- The annual yearbook
- Honor roll or other recognition lists
- Graduation programs
- Sports Programs

Directory information, which is information that is generally not considered harmful or an invasion of privacy, can also be disclosed to outside organizations without a parent’s prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require public schools receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories - names, addresses and telephone listings - unless parents have advised the public school that they do not want their student’s information disclosed without their prior written consent. If you do not want Northwest High School to disclose directory information from your child’s education records without your prior written consent, you must notify the school’s Central Office in writing by the end of the first week of the first semester, or for new students, within the first week of enrollment. Northwest High School has designated the following information as directory information:

Student’s name	Participation in officially recognized activities and sports
Address	Telephone listing
Electronic mail address	Weight & height of members of athletic teams
Photograph	Degrees, honors, and awards received
Date & place of birth	The most recent educational agency or institution attended
Major field of study	Dates of attendance
Grade level	

**SPECIAL EDUCATION TESTING AND SERVICES**

Northwest Public Schools offer special education diagnostic testing and programs for students who; are academically at risk, are performing below their grade level, and or have a physical handicap. Parents who have questions about Special Education testing or available programs that may benefit their son or daughter should contact their son or daughter’s teacher, counselor, or principal.

**PARENT NOTICE CONCERNING STAFF QUALIFICATIONS:**

The No Child Left Behind Act of 2001 gives parents the right to get information about the professional qualifications of their child’s classroom teachers. Upon request, Northwest Public Schools will give parents the following information about their child’s classroom teacher:

1. Whether the teacher has met State qualifications and licensing criteria for the grade levels and subject areas, which the teacher provides instruction.
2. Whether the teacher is teaching under an emergency or provisional teacher certificate.
3. The baccalaureate degree major of the teacher. You may also get information about other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree.

Northwest upon request will tell parents if their child is being provided services by a paraprofessional and the qualifications of the paraprofessional.

A request for information should be made to an administrator in your child’s school building. The information will be provided in a timely manner. Finally, Northwest Public Schools will also give timely notice to parents of students who have been assigned, or taught for four or more consecutive weeks by a teacher who does not meet the requirements of the Act.

## **Parent Notice Concerning Staff Qualifications if Student is Taught for Four or More Consecutive Weeks by a Teacher Without Required**

Parents of students in Northwest Public Schools programs funded under the No Child Left Behind Act of 2001, have the right to know the professional qualifications of teachers. The No Child Left Behind Act requires schools to notify parents in a timely manner when a teacher without required qualification has been assigned to teach their child. Parent notification of teacher qualifications will include the teacher's type of teaching certificate, specific teaching endorsements, and educational credentials.

### **STUDENT PRIVACY PROTECTION**

It is the policy of Northwest Public Schools to protect the privacy of students in accordance with all applicable Federal and State Laws. Student privacy is governed by the following School District Policy:

#### **A. Right of Parents to Inspect Surveys Funded or Administered by the United States Department of Education or Third Parties**

Parents shall have the right to inspect, upon request, a survey created by and administered by either the United States Department of Education or a third party (a group or person other than the District) before the survey is administered or distributed to their child.

#### **B. Protection of Student Privacy in Regard to Surveys of Matters Deemed to be Sensitive**

The District will require, for any survey of students which contain one or more matters deemed to be sensitive (see section headed "Definition of Surveys of Matters Deemed to be Sensitive"), that suitable arrangements be made to protect student privacy (that is, the name or other identifying information about a particular student). For such surveys, the District will also follow the procedures set forth in the section entitled: "Notification of and Right to Opt-Out of Specific Events."

#### **C. Right of Parents to Inspect Instructional Materials**

Parents shall have the right to inspect, upon reasonable request, any instructional material used as part of the educational curriculum for their child. Reasonable requests for inspection of instructional materials shall be granted within a reasonable period of time after the request is received. Parents shall not have the right to access academic tests or academic assessments, as such are not within the meaning of the term "instructional materials" for purposes of this policy. The procedures for making and granting a request to inspect instructional materials are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal. The building principal, within five school days, shall consult with the teacher or other education responsible for the curriculum materials. In the event the request can be accommodated, the building principal shall make the materials available for inspection or review by the parent, at such reasonable times and place as will not interfere with the educator's intended use of the materials. In the event there is a question as to the nature of the curriculum materials requested or as to whether the materials are required to be provided, the building principal shall notify the parent of such concern, and assist the parent with forming a request which can reasonably be accommodated. If the parent does not formulate such a request, and continues to desire certain curriculum materials, the parent shall be asked to make their request to the Superintendent.

#### **D. Rights of Parents to be Notified of and to Opt-Out of Certain Physical Examinations or Screenings**

The general policy and practice of the District is to not administer physical examinations or screenings of students which require advance notice or parent opt-out rights under the applicable federal laws, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law; and (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act. For physical examinations or screenings which do not fit into the applicable exceptions, the District will follow the procedures set forth in the section entitled: "Notification of and Right to Opt-Out of Specific Events."

#### **E. Protection of Student Privacy in Regard to Personal Information Collected from Students**

The general policy and practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information. The District will make reasonable arrangements to protect student privacy to the extent possible in the event of any such collection, disclosure, or use of personal information. "Personal information" for purposes of this policy means individually identifiable information about a student including: (1) a student or parent's first and last name, (2) home address, (3) telephone number, and (4) social security number. The term "personal information," for purposes of this policy, does not include information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions. This exception includes

the following examples: (i) college or post secondary education recruitment, or military recruitment; (ii) book clubs, magazines, and programs providing access to low-cost literary products; (iii) curriculum and instructional materials used by elementary schools and secondary schools; (iv) tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about student, or to generate other statistically useful data for the purpose of securing such tests and assessments, and the subsequent analysis and public release of the aggregate data from such tests and assessments; (v) the sale by student of products or services to raise funds for school-related or education-related activities; (vi) student recognition programs.

F. Parent Access to Instruments used in the Collection of Personal Information

While the general practice of the District is to not engage in the collection, disclosure, or use of personal information, collected from students for the purpose of marketing or for selling that information, parents shall have the right to inspect, upon reasonable request, any instrument which may be administered or distributed to a student for such purposes. Reasonable requests for inspection shall be granted within a reasonable period of time after the request is received. The procedures for making and granting such a request are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal and shall identify the specific act and the school staff member of program responsible for the collection, disclosure, or use of student personal information from students for the purpose of marketing that information. The building principal, within five school days, shall consult with the school staff member or person responsible for the program which has been reported by the parent to be responsible for the collection, disclosure, or use of personal information is occurring or there is a plan for such to occur, the building principal shall consult with the Superintendent for determination of whether the action shall be allowed to continue. If not, the instrument for the collection of personal information shall not be given to any students. If it is to be allowed, such instrument shall be provided to the requesting parent as soon as such instrument can be reasonably obtained.

G. Annual Parental Notification of Student Privacy Protection Policy

The District shall provide parents with reasonable notice of the adoption or continued use of this policy and other policies related to the student privacy. Such notice shall be given to parents of students enrolled in the District at least annually, at the beginning of the school year, and within a reasonable period of time after any substantive change in such policies.

H. Notification to Parents of Dates of and Right to Opt-Out of Specific Events

The District shall directly notify the parents of the affected children, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when any of the following activities are scheduled, or are expected to be scheduled:

1. The collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information. (Note: the general practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information);
2. Surveys of students involving one or more matters deemed to be sensitive in accordance with the law and this policy; and
3. Any non-emergency, invasive physical examination or screening that is required as a condition of attendance; administered by the school and scheduled by the school in advance; and not necessary to protect the immediate health and safety of the student or of other students. (Note: the general practice of the District is to not engage in physical examinations or screenings which require advance notice, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions to the advance notice requirement and parent opt-out right: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law, and (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act).

Parents shall be offered an opportunity in advance to opt their child out of participation in any of the afore listed activities. In the case of a student of an appropriate age (that is, a student who has reached the age of 18, or a legally emancipated student), the notice and opt-out right shall belong to the student.

Definition of Surveys of Matters Deemed to be Sensitive

Any survey containing one or more of the following matters shall be deemed to be “sensitive” for purposes of this policy:

1. political affiliations or beliefs of the student or the student’s parent;
2. mental or psychological problems of the student or the student’s parent;
3. sex behavior or attitudes;

4. illegal, antisocial, self-incriminating or demeaning behavior;
5. critical appraisals of other individuals with whom the student has close family relationships;
6. legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
7. religious practices, affiliations, or beliefs of the student or the student's parent;
8. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such programs).

## **HOMELESS STUDENTS POLICY**

### **Homeless Children**

Homeless children for purposes of this Policy generally include children who lack a fixed, regular, and adequate nighttime residence, as further defined by applicable federal and state law.

### **No Stigmatization or Segregation of Homeless Students**

It is the District's policy and practice to ensure that homeless children are not stigmatized or desegregated by the District on the basis of their status as homeless.

### **Homeless Coordinator**

The Superintendent shall serve as the District's designated Homeless Coordinator. The Homeless Coordinator shall serve as the school liaison for homeless children and youth and shall ensure that - (i) homeless children are identified by school personnel; (ii) homeless children enroll in, and have a full and equal opportunity to succeed in, school; (iii) homeless children and their families receive educational service for why they are eligible and referrals to health, dental, and mental health services and other appropriate services; (iv) the parents or guardians of homeless children are informed of the educational and related opportunities available to their children and provided with meaningful opportunities to participate in the education of their children; (v) public notice of the educational rights of homeless children is disseminated where such children receive services under the federal homeless children laws, such as schools, family shelters, and soup kitchens; (vi) enrollment disputes are mediated in accordance with law; and (vii) the parents or guardians of homeless children, and any unaccompanied youth, are fully informed of transportation services available under law. The Homeless Coordinator shall coordinate with State coordinators and community and school personnel responsible for the provision of education and related services to homeless children. The Homeless Coordinator may designate duties hereunder as the Homeless Coordinator determines to be appropriate.

### **Enrollment of and Services to Homeless Children**

A homeless child shall be enrolled in compliance with the law and be provided services comparable to services offered to other students in the school in which the homeless child has been placed.

Placement of a homeless child is determined based on the child's "school of origin" and the "best interests" of the child. The "school of origin" means the school that the child attended when permanently housed or the school in which the child was last enrolled. Placement decisions shall be made according to the District's determination of the child's best interests, and shall be at either (i) the child's school of origin for the duration of the child's homelessness (or, if the child becomes permanently housed during the school year, for the remainder of that school year) or (ii) the school of the attendance area where the child is actually living. To the extent feasible, the placement shall be in the school of origin, except when such is contrary to the wishes of the homeless child's parent or legal guardian. If the placement is not in the school of origin or a school requested by the homeless child's parent or legal guardian, the District shall provide a written explanation of the placement decision and a statement of appeal rights to the parent or guardian. If the homeless child is an unaccompanied youth, the Homeless Coordinator shall assist in the placement decision, consider the views of the unaccompanied youth, and provide the unaccompanied youth with notice of the right to appeal. In the event of an enrollment dispute, the placement shall be at the school in which enrollment is sought, pending resolution of the dispute in accordance with the dispute resolution process. The homeless child shall be immediately enrolled in the school in which the District has determined to place the child, even if the child is unable to produce records normally required for enrollment, such as previous academic records, medical records, proof of residency, or other documentation. The District shall immediately contact the school last attended by the homeless child to obtain relevant academic and other records. If the homeless child needs to obtain immunizations or medical records, the District shall immediately refer the parent or guardian of a homeless child to the Homeless Coordinator, who shall assist in obtaining necessary immunizations or medical records. The District may nonetheless require the parent or guardian of a homeless child to submit contact information.

Transportation will be provided to homeless students, to the extent required by law and comparable to that provided

to students who are not homeless, upon request of the parent or guardian of the homeless child, or by the Homeless Coordinator in the case of an unaccompanied youth, as follows: (i) if the homeless child's school of origin is in the Northwest Public School District, and the homeless child continues to live in the Northwest Public School District, transportation to and from the school or origin shall be provided by the Northwest Public School District; and (ii) if the homeless child lives in a school other than the Northwest Public School District, but continues to attend the Northwest Public School District based on it being the school of origin, the new school and the Northwest Public School District shall agree upon a method to apportion the responsibility and costs for providing the child with transportation to and from the school of origin, and if they are unable to agree, the responsibility and costs for transportation shall be shared equally.

## A SPECIAL NOTE TO STUDENTS AND PARENTS:

It is the Northwest High School District #82 philosophy to encourage students to participate in a variety of activities/athletics and not limit themselves in their potential growth through experiences. Specialization is not encouraged at the high school level. It may occur through the student's choice but it is not encouraged. It is against the philosophy of Northwest High School for any of our coaches to coerce or attempt in any way to influence a student, who would otherwise go out for another sport, to participate in their sport after the high school sport season is completed. Students should not be made to believe that summer camps and off-season work in one coach's sport is the only way to make that varsity team.

Any boy or girl is welcome to try out for any of the interscholastic activities available to them providing they meet the requirements established by the Nebraska School Activities Association and the school, and they agree to follow the guidelines established in this booklet.

The guidelines established herein for the interscholastic programs of Northwest High School were developed by the cooperative efforts of the coaching staff, the administration and the board of education. They are indicative of what we hope to accomplish in our activities program.

### TO THE PARENT

This material is presented to you because your son or daughter has indicated a desire to participate in interscholastic activities/athletics and you have expressed your willingness to permit him/her to compete. Your family interest in this phase of our school program is gratifying. We believe that participation in sports/activities provide a wealth of opportunities and experiences which assist students in personal adjustments.

We who are concerned with the educational development of boys and girls through athletics/activities, feel that a properly controlled, well-organized sports/activities program meets with the students' needs for self-expression, mental alertness and physical growth. It is our hope to maintain a program that is sound in purpose and will further each student's educational maturity.

A student who elects to participate in activities/athletics is voluntarily making a choice of self-discipline and self-denial. These are the reasons we place such stress on good training habits. Failure to comply with the rules of training and conduct means exclusion from the squad. This concept of self-discipline and self-denial is tempered by our responsibility to recognize the rights of the individual within the objectives of the team. There is no place in high school activities/athletics for students who will not discipline their minds and bodies for rigorous competition. We are striving for excellence and do not want our students to compromise with mediocrity.

We feel that you have committed yourselves to certain responsibilities and obligations. We would like to take this opportunity to acquaint you with specific policies that are necessary for a well-organized program of activities/athletics.

It is the role of the department of activities/athletics to make rules that govern the spirit of competition for the school. These rules need a broad basis of community support, which is achieved only through communication to the parent. It is our hope to accomplish this objective through this activity/athletic publication for students and parents.

## NW Program Philosophy -- Letter to Parent

Over the past few years it has come to our attention some parents and students have some serious misconceptions regarding the high school competitive athletic program. Please take a few moments to read this letter. Hopefully, this will help you understand how a competitive program is conducted and what comprises our expectations and philosophy.

1. In each program, a coach and/or coaches are hired by the school district to be responsible for team selection. Criteria for selection is established by the head coach; possibly with input from the entire coaching staff. This may be a highly subjective process. Team selection, practices, and decisions regarding game situations are the responsibility of the coaching staff. If you have questions regarding the process, Please feel free to address these questions directly to the head coach. Please call the coach to make an appointment outside of school, practice or game time. If you have further questions the coach has not been able to answer, please contact the athletic director.

2. Northwest's athletic programs are highly competitive. Due to our size and limited opportunities we are not able to place every child on the team who wishes to participate. While this is not our desire, it is reality. The hardest thing our coaches have to do is to tell young people they will not be on the team.

Please be sure when your child tries out for a team, both you and they understand there is every real possibility they may not be selected. If selected, both you and your child should be prepared to accept placement at any team level (i.e. 9th grade, reserve, junior varsity or varsity). It is disturbing to have a student tryout for a team and then quit because they were not placed where "they think" they should be. By doing this, they have taken away someone else's opportunity to be on a team.

Normally, coaches have a very short amount of time to make team selections. They try to do the very best they can in keeping the most talented athletes, filling positions for play, and appropriately placing them on the proper team. They are under a good deal of pressure to assemble the most competitive team possible.

Any one of us might select different athletes for the team. We believe it is the coaches' responsibility and right to select the team with whom they will work for the entire season.

**3. Our experience in athletics reveals there are many "select teams" sponsored by many different organizations. Each coach looks for something different in his or her players. Participation on a "select team" does not guarantee any player a spot on another "select team" or any high school team. While we believe players can gain valuable experience outside of the school athletic program, neither parents or students should count on this type of participation to "guarantee" a spot on a high school team.**

4. In order to make a varsity team as a senior, a player must be outstanding and also play a position the team needs. Underclass persons possessing these qualities have the same opportunity to make a team as the senior does. Our team structure (9th, Reserve, Junior Varsity, Varsity) dictates there will always be more under class players than upper class in the total program. At selection time, it will be the coaches' decision.

5. A main goal of a competitive athletic program is to put the most talented members of the team in competition to win the contest. Starting positions and playing time are not guaranteed to seniors making a team; or anyone else for that matter. Each member of a team is very valuable to the team's overall progress. Some members may play a great deal of time in a contest while others may not see what a parent would consider to be "significant" playing time. Each student should have personal improvement as one of their goals. By being a member of a team, regardless of time spent in actual competition, a person can learn many valuable lessons. Among them are the following: citizenship, sportsmanship, appreciating good play by an opponent, working together to meet team goals, responsibility and commitment to team and school, loyalty, placing team above self, learning to accept instruction and criticism, respect for others, winning and losing with dignity, self-control, and being responsible for one's own actions.

We sincerely hope this helps you to understand the goals and philosophies of the competitive athletic/activities program at Northwest. Please feel free to contact us if you have any questions regarding any aspect of the athletic program.

## **PARENT / COACH COMMUNICATION PLAN**

### **COMMUNICATION YOU SHOULD EXPECT FROM YOUR CHILD'S COACH**

1. Philosophy of the coach
2. Expectations the coach has for your child as well as the players on the squad
3. Locations and times of all practices and contests
4. Team requirements, i.e., practices, special equipment, out-of-season conditioning
5. Procedure followed should your child be injured during participation
6. Discipline that may result in the denial of your child's participation

### **COMMUNICATION COACHES EXPECT FROM PARENTS**

1. Concerns expressed directly to the coach
2. Notification of any schedule conflicts well in advance
3. Specific concerns with regard to a coach's philosophy and/or expectations

As your children become involved in the programs at Northwest High School, they will experience some of the most rewarding moments of their lives. It is important to understand that there also may be times when things do not go the way you or your child wishes. At these times discussion with the coach is encouraged.

### **APPROPRIATE CONCERNS TO DISCUSS WITH COACHES**

1. The treatment of your child, mentally and physically
2. Ways to help your child improve
3. Concerns about your child's behavior

It is very difficult to accept your child not playing as much as you may hope. Coaches are professionals. They make judgment decisions based on what they believe to be best for all students involved. As you have seen from the list above, certain things can be and should be discussed with your child's coach. Other things, such as those on the following list must be left to the discretion of the coach.

### **ISSUES NOT APPROPRIATE TO DISCUSS WITH COACHES**

1. Playing time
2. Team strategy
3. Play calling
4. Other student-athletes

There are situations that may require a conference between the coach and the parent. These are to be encouraged. It is important that both parties involved have a clear understanding of the other's position. When these conferences are necessary, the following procedure should be followed to help promote a resolution to the issue or concern.

### **IF YOU HAVE A CONCERN TO DISCUSS WITH A COACH, THE PROCEDURE YOU SHOULD FOLLOW**

1. Call to set up an appointment.
2. The Northwest High School telephone number is 385-6394.
3. If the coach cannot be reached, call the Activities Director. A meeting will be set up for you.
4. Please do not attempt to confront a coach before or after a contest or practice. These can be emotional times for both the parent and the coach. Meetings of this nature do not promote resolution.
5. Please maintain a "24 Hour Rule" and refrain from contacting a coach within 24 hours of a competition.

### **THE NEXT STEP**

#### **WHAT A PARENT CAN DO IF THE MEETING WITH THE COACH DID NOT PROVIDE A SATISFACTORY RESOLUTION**

1. Call and set up an appointment with the Activities Director to discuss the situation. Since research indicates a student involved in co-curricular activities has a greater chance for success during adulthood, these programs have been established. Many of the character traits required to be a successful participant are exactly those that will promote a successful life after high school. We hope the information provided within this handbook makes both your child's and your experience with the Northwest high School athletic/activities program less stressful and more enjoyable.
2. The Activities Director will set up a meeting with you, the coach/sponsor, the athlete/participant and Activities Director.

### **ANONYMOUS LETTERS TO COACHES**

From time to time coaches receive unsigned letters. Usually these letters contain concerns, complaints, and/or suggestions. Occasionally they make wild accusations and/or demands. The coaches and sponsors have been directed by the Activities Director to check all letters for a signature before they read them. If there is no signature they are to be thrown away unread. Please, if you have a concern you feel strongly enough about to write a letter, be mature enough to sign the letter and give our coaches/sponsors a chance to resolve the problem or at least explain their point of view.

### **STRIVE TO:**

1. Follow all training rules, school rules and regulations.
2. Pursue victory with honor, by exhibiting good sportsmanship toward the opponents, officials, teammates and fans.
3. Work to excel in academics.
4. Put team goals ahead of personal goals.
5. Be a role model for all students before, during and after school.
6. Have pride in yourself, your team and your school. Care for your facility.
7. Respect, but never fear the opponent. Work harder than the competition both in and out of season and never quit.
8. Be on time and be prepared for practices, meetings and games.

### **Sport Parent Code of Conduct**

The following list is not a complete code of conduct for you, but it gives you a start in considering your behavior as a Sport Parent.

1. Remain in the spectator area during games.
2. Don't advise the coach on how to coach.
3. Don't make derogatory comments to coaches, officials, or players of either team.
4. Don't try to coach your child during the contest.
5. Don't drink alcohol at contests or come to a contest having drunk too much.
6. Cheer for your child's team.
7. Show interest, enthusiasm, and support for your child.
8. Be in control of your emotions.
9. Help when asked by coaches or officials.
10. Thank coaches, officials, and other volunteers who conducted the event.

## **COACHES CODE OF ETHICS NATIONAL FEDERATION INTERSCHOLASTIC COACHES ASSOCIATION**

The function of a coach is to properly educate students through participation in interscholastic competition. The interscholastic program is designed to enhance achievement and should never interfere with opportunities for academic success. Each child should be treated as though they were the coaches' own and their welfare shall be uppermost at all times. In recognition of this, the following guidelines for coaches have been adopted by the NFICA Board of Directors.

**The coach** must be aware that he or she has a tremendous influence, either good or bad, in the education of the student athlete and, thus, shall never place the value of winning above the value of instilling the highest desirable ideals of character.

**The coach** must constantly uphold the honor and the dignity of the profession. In all personal contact with the student athlete, officials, athletic directors, school administrators, the state high school athletic association, the media, and the public, the coach shall strive to set an example of the highest ethical and moral conduct.

**The coach** shall take an active role in the prevention of drug, alcohol and tobacco abuse and under no circumstances should authorize their use.

**The coach** shall promote the entire interscholastic program of the school and direct his or her program in harmony with the total school program.

**The coach** shall be thoroughly acquainted with the contest rules and is responsible for their interpretation to team members. The spirit and letter of rules should be regarded as mutual agreements. The coach shall not try to seek an advantage by circumvention of the spirit or letter of the rules.

**Coaches** shall actively use their influence to enhance sportsmanship by their spectators, working closely with cheerleaders, pep club sponsors, booster clubs, and administrators.

**Contest officials** shall have the respect and support of the coach. The coach shall not indulge in conduct which will incite players or spectators against the officials. Public criticism of officials or players is unethical.

**Before and after contests**, rival coaches should meet and exchange friendly greetings to set the correct tone for the event.

**A coach** shall not exert pressure on faculty members' to give student athletes special consideration.

**It is unethical** for coaches to scout opponents by any means other than those adopted by the league and/or state high school athletic association.

### **ATHLETIC GOAL AND OBJECTIVES**

OUR GOAL – The student athlete shall become a more effective citizen in a democratic society.

OUR SPECIFIC OBJECTIVES – The student athlete shall learn:

1. To work with others – In a democratic society a person must develop self-discipline, respect for authority, and the spirit of hard work and sacrifice. The team and its objectives must be placed higher than personal desires.
2. To be successful – Our society is very competitive. We do not always win, but we succeed when we continually strive to do so. You can learn to accept defeat only by striving to win with earnest dedication. Develop a desire to excel.
3. To develop sportsmanship – To accept any defeat like a true sportsman, knowing we have done our best, we must learn to treat others as we would have others treat us. We need to develop desirable social traits, including emotional control, honesty, cooperation and dependability.
4. To improve – Continual improvement is essential to good citizenship. As an athlete, you must establish a goal and you must constantly try to reach that goal. Try to better yourself in the skills involved and those characteristics set forth as being desirable.
5. To enjoy athletics – It is necessary for athletes to enjoy participation, to acknowledge all of the personal rewards to be derived from athletics, and to give sufficiently of themselves in order to preserve and improve the program.
6. To develop desirable personal health habits – To be an active, contributing citizen, it is important to obtain a high degree of physical fitness through exercise and good health habits, and to develop the desire to maintain this level of physical fitness after formal competition has been completed.

**Conflicts in extracurricular activities:** An individual student who attempts to participate in several extracurricular activities will, undoubtedly, be in a position of a conflict of obligations.

The athletic department recognizes that each student should have the opportunity for a broad range of experiences in the area of extracurricular activities, and to this end, will attempt to schedule events in a manner to minimize conflicts.

Students have a responsibility to do everything they can to avoid continuous conflicts. This would include being cautious about belonging to too many activities where conflicts are bound to happen. It also means notifying the faculty sponsors/coaches involved immediately (minimum of three weeks notice) when a conflict does arise.

When a conflict arises the sponsors/coaches will work out a solution so the student does not feel caught in the middle. If a solution cannot be found, the activities director will make the decision based on the following:

1. The relative importance of each event - Priority order: State competition, district competition, conference tournament, regular season competition, practice.
2. The importance of each event to the student.
3. The relative contribution the student can make.
4. How long each event has been scheduled.
5. Talk with parents.

Once the decision has been made and the student has followed that decision, he/she will not be penalized in any way by either faculty sponsor/coach. If it becomes obvious that a student cannot fulfill the obligation of a school activity, he should withdraw from that activity.

Hail, Northwest Vikings,  
Let us march on to Victory.

until the Victor's crown we'll wear.

Hail to our strength and courage.

Fight, fight, fight and win

## **Food Supplements**

In response to the recent focus on the use of food supplements, specifically creatine, the NFHS Sports Medicine Advisory Committee has issued a position statement on the use of drugs, medicine and food supplements in interscholastic sports. Text of the committee's statement follows:

"School personnel and coaches should not dispense any drug, medication or food supplement except with extreme caution and in accordance with policies developed in consultation with parents, health-care professionals and senior administrative personnel of the school or school district.

"Use of any drug, medication or food supplement in a way not prescribed by the manufacturer should not be authorized or encouraged by school personnel and coaches. Even natural substances in unnatural amounts may have short-term or long-term negative health effects.

"In order to minimize health and safety risks to student-athletes, maintain ethical standards and reduce liability risks, school personnel and coaches should never supply, recommend or permit the use of any drug, medication or food supplement solely for performance-enhancing purposes."

Jerry Diehl, assistant director of the NFHS and staff liaison to the Sports Medicine Advisory Committee, said the committee issued this statement in response to requests from member state high school associations to address the increased use of food supplements such as creatine.

The Sports Medicine Advisory Committee is composed of four state association representatives and six members of the medical community, and is chaired by Don Herrmann of the Wisconsin Interscholastic Athletic Association.

## **POLICY AND PROCEDURAL GUIDELINES**

### **FOR THE PREVENTION OF BLOOD BORNE PATHOGEN TRANSMISSION IN THE HIGH SCHOOL ATHLETIC SETTING**

TO: Parent(s) / Guardian(s) and Student-Athletes of Grand Island Northwest High School

RE: Prevention of Blood Borne Pathogen Transmission Program

Throughout the summer, Stef researched, documented, and prepared a policy and procedural guidelines manual concerning the "Prevention of Blood Borne Pathogen Transmission," as it pertains to the High School athletic arena. Although he will not present the total package of information at this time, this manual containing information will be available to you to view at your convenience, either at the Activities Director's office or the Training Room.

In order to briefly summarize the content of the manual, he has prepared this short synopsis to give you an idea of what we are doing as administration, faculty, and coaching/training staff at GINW in order to protect the student-athlete, as well as ourselves, when in direct contact with athlete and sport.

Discussed in detail, the manual initially states that we have made it a priority at GINW to educate and inform our student-athletes and their parents/guardians as to the importance of reducing and hopefully eliminating the risk of transmission of potentially infectious diseases (Blood Borne Pathogens) such as HIV/AIDS and HBV. Through a complete understanding of the definitions and explanations of what Blood Borne Pathogens (BBP's) are, the modes of transmission, and signs and symptoms of HIV/AIDS and HBV, the manual presents, "Universal Precautions" plans and specific guidelines for the prevention of BBP's transmission in the high school athletic setting.

From this we proceed to listing the Personal Protective Equipment (PPE's) to be utilized in the basic first-aid care procedures to control "Blood Injury," and the disposal of such blood, blood care products and equipment as well as disinfection and cleaning procedures. Proper handwashing techniques and the most important issue of follow-up reporting/documentation of "Blood Injury: is also discussed.

As can be seen, the administration, faculty and coaching/training staff at Northwest are greatly concerned about educating and providing information pertaining to Blood Borne Pathogens and the prevention of transmission when dealing with "Blood Injury" in High School athletics. I hope this short introduction will convince you as parents/guardians and student-athletes to take a serious look at this issue presented, and encourage further reading of the available policy and procedural guidelines manual.

## **STATEMENT OF PHILOSOPHY**

### **Rationale**

- I. Before any program of direction can operate effectively and efficiently, a philosophy should be set down to provide a preview of the ultimate ends to be achieved and the guidelines within which accomplishment is to progress.

The major objective of an activities program is to provide wholesome opportunities for students to develop responsible habits and attitudes of social and group living.

Leadership should be the highest quality so as to exemplify to the participants the desired type of behavior to be developed from the activity program. Measurement of leadership success should not be in terms of the tangible evidence of the victory and defeat record, but rather in the intangible personality development factors that are an outgrowth of the major objectives of the total program.

The activities program should always be in conformity with the general objectives of the school. The activities administration should be in line with the general policies of Northwest High School. At no time should the program place the total educational curriculum secondary in emphasis; the program should constantly strive for the development of well-rounded individuals, capable of taking their place in modern society.

- II. The Northwest School District #82 believes that a dynamic program of student activities is vital to the educational development of the student.

We believe that the opportunity for participation in a wide variety of student-selected activities is a vital part of the student's educational experiences. Such participation is a privilege that carries with it responsibilities to the students themselves, to the activity, to the student body, to the school and to the community. These experiences contribute to the development of learning skills and emotional patterns that enable the student to make maximum use of his or her education.

Northwest High School student activities are considered a supplement of the school's program of education which strives to provide experiences that will help to develop boys and girls physically, mentally, socially and emotionally.

The Northwest High School Activities Program provides a variety of experiences to aid in the development of responsible habits and attitudes in students that will prepare them for adult life in a democratic society.

Activities function as an integral part of the total curriculum. They offer opportunities to serve the institution, to assist in the development of fellowship and good will, to promote self-realization and all-round growth, and to encourage learning the qualities of good citizenship.

- III. Activities play an important part in the life of Northwest High School. Young people learn from their participation in interscholastic competition. Lessons in sportsmanship, teamwork, competition and how to win and lose gracefully are an integral part of each team in the activities program. Athletics play an important part, too, in helping the individual student develop a healthy self-concept as well as a healthy body. Competition adds to our school spirit and helps all students, spectators as well as participants, develop pride in their school.
- IV. The interscholastic activities program shall be conducted in accordance with existing Board of Education policies and rules and regulations. While the Board of Education takes great pride in winning, it does not condone "winning at any cost" and discourages any and all pressure which might tend to neglect good sportsmanship and good mental health. At all times, the activities program must be conducted in such a way so as to justify it as an educational activity.
- V. A comprehensive and balanced activities program is an essential complement to the basic program of instruction. The activities program should provide opportunities for youth to further develop interests and talents in sports, speech, drama, journalism, music, student government and academic-related areas. Participation in these activities should provide many students with a lifetime basis for personal values, for work and for leisure activities.

The activities program should be available to all students who demonstrate an interest in participating, regardless of their individual abilities. Accordingly, appropriate skill levels should be established within activities, when feasible, so that students may participate as fully as possible regardless of their ability levels.

Every effort should be made to support the activities program with the best facilities, equipment and with the most qualified staff available. In so far as possible, knowledge and skills gained in classes should be applied and developed through participation in the activities program. Coaches, directors and sponsors should also teach the specific skills necessary for

improvement in activities and provide guidance in the development of self-realization, good sportsmanship, cooperation, leadership, ethical behavior, artistic sensitivity and an appreciation for the importance of practice.

The ultimate goals of the activities program should be: 1) to realize the value of participation without over emphasizing the importance of winning or excelling, and 2) to develop and improve positive citizenship traits among the program's participants.

### **OBJECTIVES OF PARTICIPATION**

- I. To provide a positive image of school activities at Northwest High School.
- II. To strive always for playing excellence that will produce winning teams within the bounds of good sportsmanship and mental health of the student.
- III. To ensure growth and development that will raise the number of individual participants; that will give impetus to increasing attendance at each contest; that will enable a program of continuing upkeep and improvement of facilities.
- IV. To provide opportunities that will allow the program to serve as a laboratory where students may cope with problems and handle situations similar to those encountered under conditions prevailing in the contemporary world. The laboratory should provide growth and development.
  - A. Physical, mental and emotional growth and development.
  - B. Acquisition and development of special skills in activities of each student's choice.
  - C. Team play with the development of such commitments as loyalty, cooperation, fair play and other desirable social traits.
  - D. Directed leadership and supervision that stresses self-discipline, self-motivation, excellence, and the ideals of good sportsmanship that make for winning and losing graciously.
  - E. A focus of interest on activity programs for the student body, faculty and community that will generate a feeling of unity.
  - F. Achievement of goals as set by the school in general and the student as an individual.
  - G. Provisions for worthy use of leisure time in later life, either as a participant or spectator.
  - H. Participation by the most skilled that will enable these individuals to expand possibilities for future vocational pursuits.
- V. To provide those student activities which offer the greatest benefits for the greatest number of students.
- VI. To provide sufficient activities to have an outlet for a wide variety of student interests and abilities.
- VII. To provide, within reason, a superior program of student activities that includes appropriate activities for every boy and girl.
- VIII. To provide an opportunity for a student to experience success in an activity he or she selects.
- IX. To create a desire to succeed and excel.
- X. To provide for the students' worthy use of leisure time now and in the future.
- XI. To develop high ideals of fairness in all human relationships.
- XII. To practice self-discipline and emotional maturity in learning to make decisions under pressure.
- XIII. To be socially competent and operate within a set of rules, thus gaining a respect for the rights of others.
- XIV. To develop an understanding of the value of activities in a balanced educational process.

### **ELIGIBILITY REQUIREMENTS**

In order to represent a high school in interscholastic athletic competition, a student must abide by eligibility rules of the Nebraska School Activities Association. (A summary of the major rules is given below. Contact the principal or activities director for an explanation of the complete rule.)

1. Student must be an undergraduate.
2. Student must be enrolled in at least twenty hours per week and regular in attendance, in accordance with the school's attendance policy at the school he/she wishes to represent in interscholastic competition.

The fall sports season begins August 8, 2022 and ends with the state meets in the fall sports. The winter sports season begins November 14, 2022 and ends with the state meets in the winter sports. The spring sports season begins February 27, 2023, and ends with the state meets in the spring sports.**

If a student has participated on a high school team at any level as a seventh, eighth, or ninth grade student, he/she has established his/her eligibility at the high school where he/she participated. If the student elects to attend another high school upon entering ninth or tenth grade, he/she shall be ineligible for ninety school days.

12. When the parents of a student change their domicile from one school district which has a high school to another district which has a high school, the student is ineligible for ninety days except:

13. Guardianship does not fulfill the definition of a parent. If a guardian has been appointed for a student, the student is eligible in the school district where his/her natural parent(s) have their domicile. Individual situations involving guardianship may be submitted to the Executive Director for his review and a ruling.
14. A student shall not participate in a contest under an assumed name.
15. A student must maintain his/her amateur status.

### **SPORTSMANSHIP POLICY**

Northwest High School has adopted a policy dealing with unsportsmanlike conduct of student-athletes and coaches. Because we feel that it is time to move sportsmanship from rhetoric to reality, this policy addresses players and coaches who are ejected from contests for unsportsmanlike actions. An excellent way to correct this irresponsible behavior is to fairly hold all student-athletes and coaches accountable for their misdeeds. Therefore, any student-athlete or coach ejected for unsportsmanlike actions shall be ineligible for the next scheduled contest in that sport. The suspended student may not sit on the team bench, enter the locker room, or be affiliated with the team in any way. A student who is ejected a second time shall be suspended for the remainder of the season in that sport. Similarly, a coach ejected for unsportsmanlike conduct shall receive the same aforementioned suspensions given to student-athletes. Those actions that are unsportsmanlike but do not lead to ejection will be reviewed with the student athlete or coach by the principal and the athletic director. The nature of correction will be determined during this meeting. The teaching of values through participation in interscholastic athletics will not be compromised by the misconduct of participants. This policy sends a strong message to student athletes and coaches that participation in interscholastic athletics is a privilege, and with that privilege comes responsibility. The athletes and coaches not accepting their responsibility relating to good sportsmanship will be dealt with accordingly.

### **SPORTSMANSHIP GUIDELINES - STUDENTS**

1. Should not go onto the playing surfaces at any time including after the end of the game.
2. Should realize that school authorities will take the proper action against anyone who disobeys rules and regulations.
3. Should know and demonstrate the fundamentals of sportsmanship.
4. Should cooperate with cheerleaders.

## **DISTRICT #82 ACTIVITY EXPECTATIONS AND VIOLATION PROCEDURES**

Participating in a Northwest High School sponsored activity is a privilege, not a right. Any student that chooses to participate in a school sponsored activity is therefore agreeing to additional behavioral expectations that extend beyond the school grounds. In addition to all expectations outlined in the Northwest Student Handbook, students that choose to represent Northwest in any extracurricular activity agree to abide by the following expectations. Following the below expectations are the intervention procedures and consequences for violations of the expectations.

### **I. Northwest Activity Chemical Use Policy**

Additional behavioral expectations of Northwest activity participants must be adhered to during the NSAA sanctioned activity calendar year, which for the 2022-2023 school year includes the dates on and between August 8, 2022 through May 30, 2023. These additional expectations also apply to any student representing Northwest during the summer break, in certain circumstances.

### **A. Specific Expectations regarding chemical use**

1. The student shall lead a drug free lifestyle.

In the event that this policy is violated an intervention related to the alleged violation will occur as follows.

1. The student shall be notified as soon as possible of the alleged violation.
2. The student shall meet with the Activities Director. If the student admits to the violation a letter will be sent to the parents explaining the violation and the consequences. If the parent's desire a meeting one will be arranged. If a student disputes the violation a meeting will be scheduled with the parent's, student, A.D., and the coaches/sponsors.
3. During the intervention meeting school officials will summarize evidence related to the incident.
4. The student will then have an opportunity to present information and/or evidence related to the incident.
5. School officials may at that time, or at a time within 48 hours of the intervention meeting, explain the consequences are to be administered.
6. School officials will then establish an enforcement date from which all consequences and expectations are to begin and/or end. These dates may or may not coincide with one another and may be or may not be during the same school or activity season of the infraction.
7. Notification of reinstatement of eligibility for the student will be made by the Activities Director before the student can compete or participate in any school activity.

### **C. Consequences for Violations of the Chemical Use Expectations**

School officials shall use as their guide, but are not limited to, the following guidelines for administering consequences for Chemical Use violations. The following consequences are in addition to ones that may be administered by established state statutes and local school policies

#### **1. Consequences for First Violation may include:**

- a. Northwest High School will require the student to participate in a professional evaluation and follow up with recommendations that are provided by the evaluation professionals at the parents expense. - c. A tobacco education/secession program endorsed by the school at the parents expense.
- d. A fifteen (15) calendar day suspension from all activities will be enforced from the date established by school officials. All activities may include school dances, attending school events, etc.. Suspension days may or may not be served consecutively. (Example: Seven days may be served at the end of one season and the remainder of the suspension days may be served at the beginning of the next activity season and/or the student's next event.)
- e. If the student chooses not to comply and/or successfully complete any of the aforementioned consequences that were specifically assigned, a sixty (60) calendar day suspension from all activities will be enforced. The beginning date of

such a suspension will begin when such failure to comply is verified by school officials and/or when the athletes' next activity session begins.

- f. The student(s) involved in a school sponsored activity at the time of the reported violations may be required to participate in, and/or attend all practice sessions during the time of suspension. They may also be required to attend their scheduled activity.

**2. Consequences for Second Violation may include:**

- a. Same consequences as First Violation except a thirty (30) calendar day suspension from all activities will be enforced from the date established and if the student chooses not to comply and/or successfully complete any of the aforementioned consequences a one hundred twenty (120) calendar day suspension from all activities will be .

## **Mandatory Drug Testing Policy for Students Involved in Extracurricular Activities (Grade 9-12)**

### **MISSION STATEMENT**

The Board of Education for Northwest Public Schools values students' participation in extracurricular activities. Such students, as role models for other students, are a key to our goal to provide the best possible educational program for our students. To achieve our goal and to maximize the skills and talents of our students, it is important that each student understands the dangers of drug and alcohol use.

Participation in extracurricular activities is a privilege which can be taken away for failure to comply with this policy. The purpose of this policy is as follows:

- 1) To provide for the health and safety of all students;
- 2) To undermine the effects of peer pressure by providing a legitimate reason for students to refuse use of illegal drugs and/or alcohol;
- 3) To identify students who use illegal drugs and/or alcohol; and **nicotine.**
- 4) To encourage students who use illegal drugs and/or alcohol to participate in appropriate treatment programs.

### **DEFINITIONS**

However, co-curricular activities and events in which students are not required to participate for the enrollment and grade purposes are considered extracurricular and are covered by this policy.

**Participant and Participant Pool:** Any student who participates in any extracurricular activity as herein before set forth shall be a participant and his/her name shall be included in the participant pool. A participant shall enter the participant pool upon signing the attached consent form EXHIBIT A and returning said signed consent form to the Activities Director. A participant shall remain in the selection pool for an entire year (365 days) from the date the consent form is returned to the high school Activities Director. A participant may be subject to testing at any time during said 365 day period. Any student who tests positive will continue to be tested through the summer as a "Participant" if that student desires to participate in extracurricular activities in the following school year. Students who quit or are cut from an activity prior to being selected for random testing, may request their names be dropped from the testing list. A request form must be signed by the student and his/her parent to be dropped. If a student signs the release to be dropped from the pool, he/she will be ineligible to participate in activities for the remainder of the school year.

**Sample Collection:** Samples will be collected as directed by the Drug Program Administrator on the same day the student is selected for testing, or if the student is absent an alternate will be selected, in sequential order, from an alternate list provided by the Drug Program Administrator. If a urine sample is required, all students providing samples will do so alone in an individual bathroom or stall with the door closed.

**Drug Program Administrator:** The Board will choose a Third Party Administrator (TPA) for the purpose of determining through random selection the student(s)/ participant(s) to be tested. This will be accomplished by the use of a "Student List," compiled by the district. The TPA, by the use of a SAMHSA certified laboratory, shall also process sample results and maintain privacy with respect to test results and related matters.

**Medical Review Officer "MRO":** Northwest High School will utilize an MRO to review all laboratory-reported positive tests. The role of the MRO is critical to protecting the interest of the students. The MRO serves a critical role in determining whether the use of a substance identified by the sample analysis is from illicit use or a legitimate medical use. The MRO will demonstrate his/her knowledge by being certified by an MRO Accreditation body. The parent or guardian will be contacted by the MRO or his/her assistant. The MRO will report results of verified positives and/or warrant health and safety issues to the student and to the designated school representative through the TPA.

**Scope of Tests:** The drug screen tests for one or more illegal drugs and/or alcohol. The Drug Program Coordinator shall determine which illegal drugs shall be screened, but in no event shall that determination be made after selection of students for testing. Student samples will not be screened for the presence of any substances other than an illegal drug or for the existence of any physical condition other than drug use.

**Non-Punitive Nature of Policy:** No student shall be penalized academically for testing positive for illegal drugs or alcohol, unless otherwise permitted by law and the district's student discipline policies, rules, and regulations. The results of drug tests pursuant to this policy will not be documented in any student's academic records, unless otherwise required by law or district policy. Information regarding the results of drug tests will not be disclosed to criminal or juvenile authorities absent legal compulsion by valid and binding subpoena or other legal process, which the district shall not solicit. In the event of service of any such subpoena or legal process, the student and the student's custodial parent or legal guardian will be notified as soon as possible by the district.

## **DRUG SCREENING**

**General Policy:** Practical experience and research has proven that even small quantities of narcotics, abused prescription drugs or alcohol can affect judgment and reflexes which can create unsafe conditions for students, especially those involved in any activity covered in this policy. Even when not readily apparent, the effect can have serious results for students engaged in activities. Drug-using

students participating in extracurricular activities are a threat to co-participants, other students, and themselves, and may make injurious errors. For these reasons, the Board has adopted a policy that all students participating in extracurricular activities must remain substance-free.

**Prohibitions:** All students participating in extracurricular activities are prohibited from using, possessing, distributing, manufacturing, or having controlled substances, improperly used medications, or any mind/mood altering or intoxicating substances present in their system unless otherwise prescribed by a licensed physician. This includes all "look alike" substances, paraphernalia, and any other such item. The district will not screen items which appear to be in violation of this policy. If a student has a question as to whether a substance, item, or any other thing may be subject to this policy, the student should ask the principal or activities director.

**Alcohol Use /Possession:** All students participating in extracurricular activities are prohibited from possessing or use of alcohol.

**After School Hours Conduct:**

**After-school-hours** use of drugs, alcohol, or any other prohibited and/or substances is not permitted. This includes all "look alike" substances or items of any kind. All students participating in extracurricular activities should realize that these regulations prohibit all illicit drug use during and away from school activities.

**Procedure:**

**1. All Current Students Participating in Extracurricular Activities**

**A. Random Testing**

The Board authorizes random unannounced screening of all students participating in extracurricular activities. The list of students participating in extracurricular activities contained in the random pool will be updated upon receipt of a signed consent form. Students participating in extracurricular activities who have been selected will be required to report to the designated collection site for testing.

**B. Consent**

Each student wishing to participate in any extracurricular activity and the student's custodial parent or legal guardian shall consent in writing to drug testing pursuant to the district's drug testing program. Written consent shall be in the form attached to this policy as EXHIBIT A. No student shall be allowed to participate in any extracurricular activity absent such consent.

**C. Removal From the Random Testing List**

Students who quit or are cut from an activity, prior to being selected for random testing, may request their name be dropped from the testing list. A request form must be signed by the student and his/her parents to be dropped. However, students may volunteer to remain in the pool even though he/she are not part of the activity.

**D. Summer Testing.** There is an obligation to continue support for students who test positive. Drug testing during the summer will provide another reason for a student to refrain from the use of drugs or alcohol. Any student who has tested positive during a random test will continue to be tested through the summer months under the guidelines established herein. The Drug Program Coordinator will contact the student to establish a location and time for the test to take place.

**2. Testing Procedures**

**A. General Guidelines**

The Board shall rely, when practical, on the guidance of the Medical Review Officer in developing a consistent collection and testing protocol.

**B. Substances**

Substances that students participating in extracurricular activities may be randomly tested for: alcohol, amphetamines, cannabinoids, cocaine, nicotine (cotinine), opiates, synthetic opiates and PCP, and other substances, such as but not limited to steroids, barbiturates, and benzodiazepines, without advance notice as part of tests authorized by the Board for safety purposes. Such tests will be coordinated with the Drug Program Coordinator.

**C. Testing Procedure**

The Board reserves the right to utilize breath, saliva, urinalysis, and any other testing procedures permitted by law. Urine and oral fluid samples which screen positive will be confirmed by GC/MS or a similar confirmatory test.

**3. Collection Sites.**

The Drug Program Coordinator will designate a collection site(s) at Northwest High School where individuals may provide specimens.

#### **4. Collection Procedures**

The Board and the TPA have developed and will maintain a documented procedure for collecting, shipping and accessing all specimens. The Board and the TPA will utilize a standard Custody and Control Form for all students participating in extracurricular activities testing. A tamper-proof sealing system, identifying numbers, labels, and sealed shipping containers will be used for specimen transportation. Collection sites will maintain instructions and training emphasizing the responsibility of the collection site personnel to protect the integrity of the specimen and maintain as proper a collection procedure that is reasonable.

#### **5. Return of Results**

The TPA will transmit by a secure method the results of all tests to the DPA's MRO. The MRO will be responsible for reviewing test results of students. Prior to making a final decision, the MRO shall give the individual an opportunity to discuss the result either face-to-face or over the telephone. The DPA shall then promptly tell the principal of the high school which student(s) tested positive.

#### **6. Request for Retest**

A split specimen will be collected for all testing methods, with the exception of alcohol testing. A positive alcohol test will be confirmed with an EBT device. Students involved in the program may, upon a non-negative test result, request that the split sample be tested (within 72 hours of being notified of the final testing result) at a second nationally certified laboratory from a list provided by the MRO. The request for the test must be submitted in writing to the MRO. Students participating in extracurricular activities are required to pay the associated costs for an additional test in advance. However, the costs will be reimbursed if the result of the split sample test is negative.

**Positive Results:** Whenever a student's test results indicate the presence of any of the substances prohibited(positive test), the following will occur: If the sample tests positive, the custodial parent or legal guardian will be notified and a meeting will be scheduled with the Northwest High School Activities Director (Drug Program Coordinator), the student, and the custodial parent or legal guardian.

#### ***First Positive Test upon self-admission or lab confirmation:***

- Student must complete an approved drug and alcohol education class at the student's expense during the next available session. A district-administered negative test must be provided before the student may return to the activity; and
- Mandatory drug testing, a minimum of once a month, will commence after the first parent meeting for the next 6 months or end upon graduation from Northwest High School.

- Student must complete an approved drug and alcohol education class at the student's expense during the next available session. A district-administered negative test must be provided before the student may return to the activity; and
- Mandatory drug testing, a minimum of once a month, will commence after the first parent meeting for the next 12 months or end upon graduation from Northwest High School.

months from the date of the violation and qualifies as a positive test.

**Adulteration/Substitution:** A participating student found to adulterate/substitute a sample or with paraphernalia that would be used in an attempt to adulterate/substitute a specimen will be treated as a positive test.

**Prescription Drug Error:** A student that is determined to have used a prescription drug without a legal prescription in their name will be given a positive test result by the MRO. If in meeting with the Parent/Guardian it is determined that this is the result of a parent/guardian error and not an intended abuse of the substance, the following will occur: The parent will submit, in writing to the designated official, an explanation of the error and recognition of the law in regards to prescription drugs. Upon receipt of this document and recognition as a reasonable explanation by the Designated Official, the suspension from driving and activities will be lifted and no assessment or intervention will be required. The student will undergo a follow-up drug screen at the parent's expense to ensure the banned substance(s) are gone or in decay. Upon completion of these requirements, this positive test will be removed from the student's record. This rule may only be applied one time in a student's enrollment within the school district. Further errors ruled positive by the MRO will constitute the actions listed above.

**Appeal:** A student participating in extracurricular activities who has been determined by the principal or Drug Program Coordinator to be in violation of this policy shall have the right to appeal the decision to the Superintendent or his/her designee(s). Such requests for a review must be submitted to the Superintendent in writing within five (5) calendar days of notice of the positive test. A student requesting a review will remain eligible to participate in any extracurricular activities until the review is completed. The Superintendent or his/her designee(s) shall then determine whether the original finding was justified. No further review of the Superintendent's decision will be provided, and his/her decision shall be conclusive in all respects. Any necessary interpretation or application of this policy shall be in the sole and exclusive judgment and discretion of the Superintendent which shall be final and non-appealable.

**Record Keeping and Confidentiality:** All records pertaining to participants shall be kept separate from the student records. The record keeping and results of all testing will be held in the strictest confidence. These records will be accessible only to the Drug Program Coordinator or his designee. Records pertaining to a particular student will be destroyed upon his/her graduation from Northwest High School, or one year after his/her class graduation.

#### **SEVERABILITY**

Should any sentence, clause, provision, or paragraph of this entire policy be deemed unlawful or unconstitutional, it is intended that, insofar as may be practicable, the remaining portions of this policy shall remain in full force and effect.

## **II. Northwest Activity Code of Conduct**

Additional behavioral expectations of Northwest activity participants are expected to be adhered by all students in grades 9-12 regardless of the day and month of the year, and without regard to the location of the behavior.

### **A. Expectations regarding Northwest Activity Code of Conduct**

1. Students shall obey all local, state and federal laws. Any violations of such laws, with the exception of minor traffic violations, may result in consequences related to activity participation.
2. Students shall not partake in any form of hazing. Hazing is any activity involving someone joining or participating in a group that humiliates, degrades, abuses, or risks personal harm, regardless of the individual's willingness to participate.
3. A student shall not display inappropriate, disruptive and/or disrespectful behavior on school grounds, at school sponsored events, and/or in the community at large. Behaviors such as: cheating, fighting, swearing, harassing, skipping school, tardiness and other types of inappropriate and disruptive behavior are not acceptable of Northwest activity members. Such actions may result in consequences outlined below in Section C. These consequences would be in addition to standard school discipline procedures and/or sanctions delivered by legal entities.
4. Additional behaviors not specifically mentioned above that may arise may also be considered violations of the Northwest Activity Code of Conduct.

### **B. Procedures for Interventions related to Northwest Activity Code of Conduct**

In the event a behavior occurs that is deemed by a school official to warrant an investigation the following procedure is to be followed.

1. The student shall be notified immediately of the alleged Code of Conduct violation(s).
2. The student shall meet with school officials. Parents of the student shall also be notified and invited to attend the meeting. The student and/or school officials may invite other members to participate in the meeting that may bring pertinent information. This meeting is to be held as soon as possible.
3. During the intervention meeting school officials will summarize evidence related to the incident.
4. The student will then have an opportunity to present information and/or evidence related to the incident.
5. School officials will then explain the potential consequences that may be administered.

6. School officials will then establish an enforcement date from which all potential consequences and expectations would begin.
7. School officials will then establish a meeting time, if deemed necessary, to share with the student and family the school officials' decision in regards to the incident and their standing as a student involved in activities.

**C. Consequences for Violations of the Northwest Activity Code of Conduct**

In the event a behavior occurs and an intervention related to Northwest Activity Code of Conduct is warranted, the following consequences may act as a guide, but not limit the school officials in determining sanctions for the student involved.

**1. Possible Consequences for Violations of Northwest Activity Code of Conduct:**

- a. A professional evaluation and follow up with recommendations of the evaluation at the parent's expense. A release of information to school officials will be signed when evaluation occurs.
- b. Applicable and appropriate education programs endorsed by the school may be required. If such a program is recommended that requires a fee, the student and/or parents are responsible for such expenses.
- c. Suspension, varied in length, from activities from a date established by school officials.
- d. Loss of standing, offices, honors, ranking or other classifications specific to each activity.
- e. Failure to comply and/or successfully complete any consequences may result in the revocation of activity privileges.
- f. Additional sanctions not specifically mentioned may be implemented for each incident and would require individual discretion.

**NORTHWEST SCHOOL DISTRICT PROCEDURE FOR DUE PROCESS**

Due process is a procedure in which the courts of law recognize as a necessary part of any rules and regulations. Due process furthermore, and of primary importance, recognizes the rights of the individual since it outlines his/her recourse in the event he/she feels a wrong decision has been made. The student grievance procedure outlined in the current Student Handbook is the procedure for a student and his/her parents to follow in appealing decisions relating to eligibility to participate in activities sponsored by Northwest High School. It should be understood that students and parents will be expected to follow the due process steps in the event legal action should be initiated at some later date.

The student grievance procedure outlined in the current Student Handbook should be followed in the enforcing of all rules and regulations adopted by the Board of Education concerning the conduct and eligibility of students participating in school activities. Any student involved in a school activity may utilize the student grievance procedure if a decision of the sponsor/coach/activities director results in suspension from such activity. Participation guidelines are to be found in the appropriate activities guideline booklet.

**NORTHWEST APPEALS CAN BE MADE IN THE FOLLOWING ORDER:**

- A. Director of Activities/Athletics
- B. High School Principal
- C. Office of the Superintendent of Northwest High School
- D. The Board of Education of Northwest High School

**NSAA'S DUE PROCESS**

Due process is a means of ensuring fairness when a division of the government, such as public schools, deals with individuals. It is not a fixed or rigid concept. There has been considerable debate as to the necessity of procedural due process in an educational setting when co-curricular activities are involved. Courts, depending on jurisdiction, have not ruled consistently on this matter.

The Nebraska School Activities Association's position, because of opinions issued by the Nebraska Supreme Court and The United States District Court for the District of Nebraska, is that if a student is to be suspended from participation in a co-curricular activity because of failure to fulfill or the violation of an Association rule, the student must be provided due process.

Basically, due process consists of the following steps:

1. Inform the student of the rule and the possible penalties.
2. If there is an alleged violation, tell the student what they are accused of doing and the evidence against them (notice).
3. Allow the student and his/her parents an opportunity to explain their version of the facts (hearing).
4. Explain and impose the penalty.
5. Give the student an opportunity for an appeal.
6. Complete the Notice of Ineligibility form and provide the student with a copy.

The NSAA has consistently provided due process to individuals and schools when an alleged violation has occurred. The Association has been placed in a position on occasions when the penalty assessed by the Association was overturned because of a failure on the part of a school to provide due process during the initial determination of the case. In order to correct this problem, the Board of

Control adopted the following procedure for school personnel to follow when ruling on the eligibility of a student to participate in NSAA activities:

### **Appeal Procedure**

In accordance with the requirements of Article I-R Section 2, NSAA Bylaws, each member school and its superintendent, or his/her designate, shall be responsible for the initial investigation and determination of eligibility for its students. The member school shall conduct the initial investigation and shall make the initial determination and declaration to the student of the student's eligibility. In making such determination, the school may request a written interpretation from the NSAA Executive Director of the applicable eligibility rules set forth in the Constitution, Bylaws, and Approved Rulings and Interpretations of the Association.

Any such determination of ineligibility by the member school may be appealed to the Executive Director for a hardship waiver in accordance with the procedure as set forth in Article VI, Section 3, NSAA Constitution.

In addition to a member school having the right to appeal for a hardship waiver, any member school shall sponsor an appeal on behalf of the student declared ineligible upon written request from such student delivered to the Superintendent or his/her designate, within five days after the initial determination by the member school of that student's eligibility.

If the decision of the Executive Director is unfavorable to the student, the member school shall continue to sponsor an appeal on behalf of the student to the Board of Control in accordance with the procedure of appeal set forth in Article VI, Section 1, NSAA Constitution.

All appeals to the Executive Director and to the Board of Control shall be held in accordance with the due process procedures set forth in Article IX, NSAA Constitution.

To summarize, the following steps are to be followed in the enforcement of NSAA Eligibility Rules:

1. Prior to the beginning of the season of a sport during the preseason meeting, inform all participants of NSAA rules.
  - a. Give students and parents copies of the rules.
  - b. Explain the rules if necessary.
  - c. Be certain that a parental consent form is signed.
  - d. Post copies of the rules where they can be seen by all students.
2. Check on the eligibility of all students prior to the first practice.
3. If there is doubt as to the eligibility of a student, inform the student and if there is doubt on an interpretation, call or write the NSAA Executive Director for an interpretation. The Executive Director will not rule on the case.
4. If a determination is made that the student is ineligible, inform the student and provide the student and his/her parents a hearing.
5. Provide within five days an opportunity for the student to appeal your ruling to the Executive Director. This appeal can be through Hardship Procedure or by use of a letter and documentation of all of the facts of the case.
6. If the ruling by the Executive Director is unfavorable, the ruling may be appealed to the Board of Control.

If the above steps are not followed and an ineligible student participates in an inter school contest, the penalty assessed against the school will be more severe.

### ATHLETIC INSURANCE

In compliance with the Nebraska High School Activities Association and the Northwest High School, students who participate in interscholastic athletics must have some form of accident insurance protection.

- A. The school district is relieved of any and all liability for accidents or injuries connected in any way with the competitive athletic program.
- B. It is the responsibility of the parent or guardian to provide insurance protection for the athlete while he/she is participating in competitive athletics.
- C. The school district makes available a student accident insurance plan which offers coverage for injury resulting from participation in competitive athletics. Information will be made available prior to the fall sports season.
- D. If the student does not choose to buy the school-offered insurance, parents will be required to sign a waiver, indicating they have their own insurance which covers the student. Parents and students are encouraged to retain the benefit schedule of any insurance purchased.

### SPORTSMANSHIP CODE OF CONDUCT

Behavior at school events must not be forgotten. It must be constantly scrutinized and policies regularly rewritten or reinforced.

- I. Fundamentals of Sportsmanship
  - A. Show Respect For The Opponent. The opponent should be treated as a guest; greeted cordially on arriving; given the best accommodations; and accorded the tolerance, honesty, and generosity all human beings deserve.
  - B. Show Respect For The Officials. The officials should be recognized as impartial arbitrators who are trained to do their job and who can be expected to do it to the best of their ability. Good sportsmanship implies the willingness to accept and abide by the decision of the officials.
  - C. Know, Understand And Appreciate The Rules Of The Contest. A familiarity with the current rules of the game and the recognition of their necessity for a fair contest is essential. Good sportsmanship suggests the importance of conforming to the spirit as well as the letter of rules.
  - D. Maintain Self Control At All Times. A prerequisite of good sportsmanship requires one to understand his own bias or prejudice and the ability to prevent the desire to win from overcoming rational behavior. A proper perspective must be maintained if the potential educational values of athletic competition are to be realized. Good sportsmanship is concerned with the behavior of all involved in the game.
  - E. Recognize And Appreciate Skill In Performance Regardless Of Affiliation. Applause of an opponent's good performance is a demonstration of generosity and good will that should not be looked upon as teasing. The ability to recognize quality in performance and the willingness to acknowledge it without regard to team membership is one of the most highly commendable gestures of good sportsmanship. With the fundamentals of sportsmanship as the point of departure, specific responsibilities and expected modes of behavior can be defined.
- II. Participants

The role of the players in sportsmanship is second in importance only to the coach. Players are admired and respected by students of all levels as well as adult spectators. They have significant influence over the actions and behavior of spectators of all ages. Responsibilities:

  - A. Accept and understand the seriousness of your responsibility, and the privilege of representing the school and community.
  - B. Learn the rules thoroughly and discuss them with parents, fans, fellow students, and elementary students. This will assist both them and you in achievement of a better understanding and appreciation of the game.
  - C. Cooperate with the coaches and always exercise good sportsmanship by living the rules and roles as stated.
  - D. Always respect the official's judgment and interpretation of the rules. Never argue or make non-verbal gestures which indicate disagreement. This type of immature activity may incite undesirable behavior in the stands and by teammates.
  - E. Congratulate opponents in a sincere manner following either victory or defeat.
  - F. Exercise self-control at all times, accepting all decisions, unusual occurrences, and abiding by them.
  - G. Treat opponents with the respect that is accorded a guest or friend. Many lasting relationships may be developed from competitive situations.
  - H. Shake hands with opponents prior to the contest and wish them luck. Feel friendly toward opponents immediately when the contest ends.

III. Reminders to Others:

A. Cheerleaders

1. Promote good sportsmanship.
2. Use appropriate cheers and chants at the appropriate time.
3. Concentrate on the game and know what is happening.
4. Never do a yell or chant while the opponent's cheerleaders are doing one.
5. Use pom pom routines only when there is enough time to perform them.
6. Use a variety of cheers, songs and chants to keep the fans interested.
7. Support the band and show them appreciation for the half-time show.
8. Show friendship with cheerleaders from opposing schools at an appropriate time, perhaps half-time.

B. Chaperones

1. Sit in the section with students.
2. Know the rules and regulations
3. Notify the police and ushers in case of violations
4. Realize that anticipation and example are valuable assets in the controlling of students.
5. Discourage any acts of poor sportsmanship.

IV. School Sponsored Activities

Students who are involved in any offenses at school or school sponsored activities may be suspended from school by the superintendent, principal, or assistant principal on the basis of evidence that strongly indicates that the pupil committed the following offenses against school discipline or moral codes of personal conduct:

- A. Unsportsmanlike conduct involving visiting school teams or delegations, his or her own school teams and representatives or officials of school contests.
- B. Fighting, spitballing, water pistols, water balloons, firecrackers, snowballing, etc.
- C. Lewdness.
- D. Gross disrespect for teachers, school officials and other employees.
- E. Behavior that seriously interferes with class work or the activities of the school.

V. Participant Code of Conduct

- A. To always play hard, but according to the rules realize a championship won unfairly would be tarnished forever.
- B. To abide by officials' decisions knowing it's easy to be a good sport when winning, but the truest test of an athlete's character is to overcome adversity by trying even harder.
- C. To respect my opponent as a worthy adversary; to realize that he or she is simply another teenager who happens to live in another town.
- D. To bring pride to myself, my teammates, my family, my school and my community.
- E. To display the principles of good sportsmanship: Courtesy, humility, self-esteem, because true champions earn more than just a trophy.

## GENERAL INFORMATION

### I. Sports Season - NSAA

All interscholastic activities are divided into three seasons: fall, winter and spring. At the conclusion of the spring season, the NSAA ends its authority through the summer months. The season of practice is defined in terms of regularly scheduled classes during the sports season. The division of activities, the date of the first organized practice, and the closing of the season shall be defined under Section Eight of the eligibility rules section in this booklet. No individual may participate simultaneously in more than one sport per season.

**II. Practice Regulations - Northwest High School**

- A. No student will ever work out using school facilities unless he/she is under the direct supervision of a sponsor.
- B. Sponsors will encourage their students to participate in another activity during the off-season.
- C. Daily off-season programs will always start after the practice of the activity in season. NSAA rules governing off-season activities will be followed.
- D. No individual will be allowed to change activities during a season unless they have the approval of both head coaches and they must not practice or play for seven school days.
- E. If an individual is dropped from a squad, because of disciplinary reasons, by the coaching staff or if they quit on their own accord, they must not practice for the next sport season using school facilities or under the supervision of a coach/sponsor until the sport which he/she quit has been completed.
- F. If an individual is cut from a squad by the coaching staff, he/she may then participate in another activity of that season if permissible under the rules of the NSAA.

**III. Starting, Dismissal and Length of Practice**

All starting times for practices will be scheduled by the individual sponsor. All participants are expected to be at the practice site, court or stage at the time set by the sponsor. Under normal conditions, all individuals will be required to report to practice, dressed, no later than twenty minutes from the time of dismissal.

In order that athletes, participants and their parents may plan accordingly and for the welfare of the people involved, the following is suggested concerning the length of practices:

- A. Varsity Participants & Freshman Football .....2 hours
- B. Freshman Participants .....1.5 hours
- C. Junior High Participants .....1.5 hours

**IV. Team Travel**

A. Transportation: Northwest activity teams and staff members travel to and from activity events by coach/school bus, school vehicle or rental vans. Travel by private car is discouraged, but when used, strict insurance standards are adhered to and adult drivers are used. All members of a team will return from a contest by the same transportation provided for taking them to the contest. Exception: An individual may ride home with his/her parents providing they submit a contest travel release form prior to leaving for the activity from Northwest. The student's parent must gain permission from the sponsor involved by speaking to him/her personally. An individual may return home with parents in an emergency situation. Parents are responsible for transportation to and from practice activities.

B. Dress: Dress of team members should be clean, neat and in good taste. The wearing of such items as holey blue jeans, etc. on activity trips is discouraged by the activities director's office.

C. Meals: When an activity team is required to be away from home overnight, meals and lodging will be provided for that organization.

D. Laws: Activities ensure that Northwest High School programs follow all laws, mandates and policies set up by the state, conference, district and school. All coaches must develop and place into operation appropriate

rules and regulations governing the conduct of Northwest High School athletes.

**V. Participating and Attendance**

The student will be in school on time the day of any extracurricular activity. The administration reserves the right to make all decisions in extreme or unusual circumstances.

Students may be excused to attend district and state activities during the school day only if an advanced make-up slip is picked up and school work is completed before the date of competition is to take place.

Students are encouraged to be at all practices scheduled by the sponsor. Should an individual not be able to attend a practice, they must contact the coach/sponsor in advance. Exception: when the participant is absent from school, they do not need to notify the coach/sponsor; however, most sponsors appreciate knowing the reason why the participant is absent from school.

Activity participants are always expected to be on time, for practices, contests and departures for contests.

Attendance at all practices is required. If a person is unable to attend, he/she must contact the coach before the practice/contest begins. Each coach will have specific attendance requirements.

**VI. Activities on Church Night and Sunday**

According to the NSAA, no athletic contest may be scheduled on Wednesday/Sunday. In addition to this, Northwest High School wishes to work cooperatively with the churches of the community.

The policy of the Northwest Board of Education states: "There will be no activities scheduled after 6:00 PM on Wednesday evenings." Exception: When an athletic team is required to play in conference, district or state tournament competition.

The policy further states that "there will be no activities scheduled for Sunday. " Exception: When a team is required to play a contest on Monday on the varsity level, practices may be scheduled on Sunday afternoon. For all such practices, permission must first be granted through the activities director's office.

**VII. Squad Selection/Cut Policy**

As a rule, coaches include as many squad members as possible in order to give everyone a chance. To participate, a squad will be cut for the following reasons only:

- A. When a freshman, sophomore, junior or senior does not stand a chance of playing they will be so advised.
- B. As an individual when they do not wish to follow the activities guidelines.
- C. When a coach/sponsor feels it would be in the best interest of the squad and the individual, only after discussion with the activities director.
- D. After the cut, the coach/sponsor is asked to talk individually with the participant and the parents in an attempt to communicate the action.
- E. The coach or sponsor is responsible for the selection of his/her squad.
- F. The coach will allow any athlete missing a day(s) of tryouts due to illness or excused school activity an equal amount of time to be involved before a cut decision on him/her is made.

#### **VIII. Student Responsibility for Athletic Equipment**

When equipment has not been checked in or accounted for between the end of one season and the beginning of next, the student may jeopardize his/her eligibility until the problem has been resolved with the athletic office. Student athletes are responsible for payment of lost or stolen equipment.

At no time should an athlete wear equipment checked out to him/her except for practices and contests. Any athlete found to be wearing school equipment outside of practice or possessing school athletic equipment can expect to be treated as possessing property stolen from Northwest High School.

#### **IX. Dressing Room Policies**

While dressing, all participants will be under the direct supervision of the sponsor in charge. An individual must not linger in the dressing room, be rowdy or endanger the safety of others. All cases of misconduct while dressing will be dealt with by the sponsor in charge.

Participants are always to respect equipment and supplies in the training room. Sponsor's offices and equipment rooms are off-limits to all participants except student managers. Exception: An individual is asked to enter for a conference or discussion.

#### **X. Championship Living**

If an individual or individuals are in public as representatives of Northwest High School, outstanding behavior is expected. If, as a representative, an individual acts inappropriately, (refer to the Student Guidelines for Success and The Northwest Activities Handbook), the individual may be suspended from further participation in activity/activities or may be dismissed from the activity/activities or may be required to perform community service, to be completed before the activity/activities suspension has expired.

Since activities are very demanding, an individual should always use good judgment in such things as his/her outside interests - dating, parties and automobiles.

An individual needs to remember that they are not only representing themselves, but also their school and community in all of their actions.

#### **XI. Maintaining and Enhancing Athletic Performance**

A healthy lifestyle is necessary to maintain performance, and enjoy sports and activities. The basics to good health are essential to learning, improving skill, and stable, consistent performance.

Six common factors of the energetic and "well" athlete include:

- 1) Meals and snacks, high in carbohydrate (plant sources), 5-6 times daily. A moderate fat intake is important to prevent digestion problems during the event, and also to prevent hunger and low blood sugar symptoms that occur with a diet too low in fat.
- 2) Six to eight hours of sleep daily.
- 3) Days of rest, or other activity, to prevent injury, and "burnout", in any week.
- 4) Other interests and relationships outside of the sport / activity.
- 5) A focus on feeling good and maintaining health year round, not just during the season. Extreme diets, diet products, temporary, or long term will increase risk, and decrease performance.
- 6) Striving for and enjoying personal successes, personal "bests", versus competition with all other athletes.

#### **XII. Training Room Regulations**

When the athlete is injured and the injury requires the athlete to see a physician, the athlete will be issued an injury referral form for his/her physician to fill out. This form will include any pertinent information found when the athlete was first evaluated that may be of use to the physician, and any treatments and care given the athlete at that time. The physician is then asked to fill out the bottom portion of the injury referral form that contains questions as to the doctor's diagnosis of the injury, any additional treatment procedures, any restrictions and the possible date for return to athletic competition if applicable. If the athlete goes on his/her own accord to a family physician without informing the athletic trainer, it is the athlete's responsibility to present in writing information as to the doctor's diagnosis, restrictions, or limitations and how long they are to be held out of competition. Before they are allowed to return to practice or competition, the athlete must have a consent form signed by a physician stating that they can return to athletic participation. Only in this way will the athletic trainer be able to keep more accurate records on our young participants.

#### **XIII. Band Trip Policy**

In order to accommodate the planning of trips by the Northwest High School Bands, outside of regularly scheduled activities, this policy will henceforth be followed:

- A. The Northwest Bands will follow a rotating trip schedule to attend festivals and concert tours in addition to their regularly scheduled activities to further educate, reward and aid in recruiting band members.
- B. Beginning with the summer of 1987, the bands will take a minor trip consisting of up to 3 days and 2 nights, including travel, every four years. Alternating with the minor trips, the bands will be taking a major trip consisting of more than 3 days and nights every four years beginning in the 1988-89 school year.
- C. Trips will be arranged by the Director of Bands and approved by the Administration and the Northwest School Board. The Northwest School Board will be notified at the September board meeting in the trip year of the tentative itinerary and costs for their approval.

**XIV. School Sponsored Activities**

Students who are involved in any offenses at school or school sponsored activities may be suspended from school by the superintendent, principal or the assistant principal on the basis of evidence that strongly indicates that the student committed the following offenses against school discipline or moral codes of personal conduct:

- A. Unsportsmanlike conduct involving visiting school teams or delegations, his/her own school teams and representatives or officials of school contests.
- B. Fighting, water pistols, water balloons, firecrackers, snowballing, etc.
- C. Lewdness - vulgar; indecent; as, lewd talk.
- D. Gross disrespect for teachers, school officials and other school employees.
- E. Behavior that seriously interferes with class work or the activities of the school.

**XV. Ski Trip Procedure**

Miss practices the week prior to a scheduled event - no participation. If some practices are attended, then the coach's discretion as to the amount of event participation.

**XVI. Develop Respect**

Just as winning depends on teamwork, it also depends on respect - respect of every individual, teammate, coach, fan, official; or property, of government, and of life. If you do NOT respect others, then you will not be able to develop the greatest of all - SELF RESPECT.

**XVII. Rules and Standards Which Govern All Co-Curricular Activities**

The administration, coaches and sponsors expect our students involved in co-curricular activities to be special as they are representing their school, themselves and the community whenever they perform, compete or participate.

**XVIII. Year Round Rule and Standards**

At no time during the calendar year shall a student involved in co-curricular activities violate the following rules and standards:

1. Violations of State Law  
A student shall not display behavior which violates state law such as vandalism, theft, assault and other violations with the exception of traffic violations.
2. Hazing (as defined on page 13 Code of Conduct, Section A-Number 3).
3. Behavior  
A student shall not become involved in major discipline situations at school or school sponsored events or activities such as having to be removed from a class, cheating, fighting and other types of inappropriate and disruptive behavior.
  1. The rules apply YEAR ROUND and affect any student who participates in any co-curricular activity.
  2. The coach or sponsor has the right and responsibility to approach a student and discuss possible violations of the rules.
  3. It is not a violation for a student to be in possession of and to use a controlled substance specifically prescribed for the student by their physician.
4. Students Who Are on Probation or on Parole  
Students who wish to participate in the co-curricular activities of Northwest High School who are on probation or parole or are placed on probation or parole while an activity season is in progress must be approved for participation by a review committee consisting of two faculty members, two coaches/sponsors and the secondary principal or activities director.
  - a. If the student is on probation or parole at the beginning of an activity season the student must apply in writing for approval from the review committee to participate prior to the beginning of the activity season.
  - b. If the student is placed on probation or parole during the activity season the student must apply in writing for approval from the review committee for permission to continue to participate within two (2) calendar days of the court's decision.
5. Use of Abusive or Profane Language  
The use of abusive or profane language by students will not be tolerated during time in the dressing room, practice or participation in an athletic or activity contest. The penalty will be left up to the discretion of the individual coach or sponsor.

**Compliance with the rules will prevent the team, school or community from being penalized.**

***NORTHWEST HIGH SCHOOL***

1. No use of alcohol, tobacco, or other drugs.
2. No profanity.
3. No chants directed at a player, coach or official that is racial, ethnic, or sexist in nature, or that degrades any of the above by chanting their name or constantly mocking an individual.

**Northwest Public Schools Teacher Handbook  
2022-23 School Year**

**FOREWORD**

**Intent of Handbook**

Welcome to Northwest Public Schools. This handbook is intended to be used by teachers and other certificated staff to provide general information about Northwest Public Schools and to serve as a guide to the District's policies, rules and regulations, benefits of employment, and performance expectations.

References in this handbook to "teachers" are intended to apply to all certificated staff. This includes administrative staff to the extent the handbook deals with professional expectations and conduct.

Each teacher is responsible for becoming familiar with the handbook and knowing the information contained in it. Although the information found in this handbook is detailed and specific on many topics, the handbook is not intended to be all encompassing so as to cover every situation and circumstance that may arise. This handbook is intended to supplement other documents that deal with your employment, including your employment contract, the negotiated agreement between the Northwest Public Schools and the Northwest Public Schools Education Association, and the policies and regulations of the Board of Education. In reading this handbook, please understand that where a direct conflict exists, state or federal law, the negotiated agreement, and Board policies and regulations will control.

This handbook does not create a "contract" of employment. Staff positions and assignments which do not legally require a certificate or are otherwise not protected by the teacher tenure laws may be ended or hanged on an "at will" basis notwithstanding anything in this handbook or any other publication or statement, except for a contract approved by the Board of Education.

The administration will be responsible for interpreting the rules contained in the handbook and shall have the right to make decisions and make rule revisions at any time. Should a situation or circumstance arise that is not specifically covered in this handbook, the administration will make a decision based upon applicable school district policies, state and federal statutes and regulations, and the best interests of the District.

This handbook will be in effect for the 2022-23 school year and subsequent school years unless replaced by a later edition.

## Article 1 – MISSION AND ADMINISTRATIVE INFORMATION

### Section 1 School Mission Statement

#### Northwest Public Schools, A Culture of Excellence

*An exceptional community of learners committed to continuous growth.*

#### **BELIEF STATEMENTS**

We will...

- keep student growth as the primary focus of all school-based decisions
- meet the needs of diverse learners in a safe, supportive environment
- hold our community of learners to high expectations
- model and teach the qualities of good character
- help students become problem solvers
- engage, challenge and respect

The District seeks to provide an essential education by developing and maintaining:

1. A curriculum that is based on state standards; comprehensive, coordinated, and sequential and is directed toward locally approved goals and standards for student learning. It draws upon research, best practice and reputable theory and provides the foundation for standards based instruction. The instructional program focuses on achievement and provides for the diverse learning needs of all students including learners with disabilities and high ability learners. Curriculum and instruction help students develop content and skill mastery, analytical thinking, problem solving, work ethics, creativity, and respect for diversity.
2. An instructional program that focuses on achievement and provides for the needs of all students including learners with disabilities and high ability learners. It draws upon research, best practice, and reputable theory broad enough yet with sufficient depth to allow education for all of the students.
3. Assessment procedures and results that assist teachers in planning and providing appropriate instruction for all students. Assessment results also provide information for monitoring program success, and for reporting to parents, policy makers, and the community. The school periodically reviews procedures to improve assessment quality and increase student learning. The information assists schools in establishing and achieving improvement goals.
4. A library/media/technology program that provides a wide range of accessible print and electronic resources that expand opportunities for learning, contribute to information literacy, support the local curriculum, and enhance and enrich learning experiences for all students. The program provides materials through onsite and electronic access that complement, supplement, and enrich curriculum and instruction. It facilitates research,

- supports and encourages personal interest reading and the study of current events, and develops technological and other skills for accessing, evaluating, and using resources.
5. Instructional staff who have appropriate training and preparation to work with the students assigned to them, who are knowledgeable of principles of child growth and development and of the curriculum content for which they are responsible, who use teaching strategies that engage students actively in learning, and who help students understand and apply content across subject areas. Staff development activities that support the school's efforts in curriculum development, instructional improvement, assessment, and general school improvement to achieve school improvement goals.
  6. Administration that exercises leadership in the development and implementation of school goals and policies. Administrators who demonstrate leadership in management and operation of the school system and in the improvement of curriculum and instruction. Building administrators who provide leadership to curriculum, instruction, assessment, and school improvement. They guide staff and students in achieving goals and fulfill other functions supportive of quality learning.
  7. A systematic ongoing process that guides planning, implementation, and evaluation and renewal of school improvement activities to meet local and statewide goals and priorities. The school improvement process focuses on improving student learning. The process includes a periodic review by visiting educators who provide consultation to the school/community in continued accomplishment of plans and goals.
  8. A school system that demonstrates accountability to the school community. School staff periodically assesses and report student progress toward accomplishment of academic content standards. Results are used to plan and make needed changes to improve instruction for all students.
  9. School facilities and a general environment that supports quality learning. Facilities and grounds are safe, orderly, and well maintained, and facilities that have adequate space, lighting, and furnishings. The system has plans or provisions for climate-controlled buildings to the extent feasible. The environment is emotionally safe and supportive and promotes respect, trust, and integrity.
  10. A Board of Education that governs through orderly procedures which focuses efforts of the school upon quality learning, result in equitable opportunities for learning for all students, and insure accountability to the local community.
  11. An activities program that is scheduled outside the regular school day focuses on active participation of all students involved in the activity and promotes a positive image of the school and community.
  12. A welcoming environment for parents and the community.

#### **Section 4 Contract Days**

Teachers are contracted for 185 days (hereinafter referred to as the “contract year”). Such contract days will be serviced by individual teachers on varying schedules as established by the Board of Education and administration.

#### **Section 5 Make-Up Days**

In the event teachers are not required to report for duty due to inclement weather conditions or other circumstances whereby a duty day is canceled, such days shall not be credited as a contract day served. Make-up days may be scheduled by the administration during the contract year as needed to allow all teaching staff to serve the full number of contract days.

#### **Section 6 Severe Weather and School Cancellations**

The Superintendent of Schools is authorized by the Board of Education to close public schools in case of severe weather. Representatives of the Superintendent’s staff will notify local news media when inclement weather warrants such action. The information is broadcast regularly by radio and television stations. Notification of staff will also be made with a district-wide automated notification system. Staff may be designated as being required to come to school even in the event of a school closing.

After School Starts. Every attempt will be made to avoid closing school once classes are in session. In some instances closing school during the day is inevitable if children are to safely return home before the brunt of a major storm hits. In these cases as much advance notice as possible will be given. If school is closed during the day staff will be notified and parents will be notified via media broadcast. Teachers will be responsible for remaining with students until all students have safely left school or the administration has made arrangements for remaining students.

Parental Decisions. Parents may decide to keep their children at home in inclement weather because of personal circumstances. Students absent because of severe weather when school is in session will be marked absent. You should treat the absence like any other absence for legitimate causes provided parents properly notify the school of their decision. Parents may pick up their children in inclement weather (except in case of a tornado) at any time during the school day. Students will not normally be dismissed from school during severe weather on the basis of a telephone request.

Emergency Conditions. Northwest Public Schools has a signal which, when activated, includes the necessity to either evacuate the building or to move to safer areas of the building. All regular drills are held as required by law throughout the school year. There are plans for an Emergency Exit system, Tornado Warning System, and Critical Incident Response. In the event of an emergency exit alert or tornado warning, you should implement the school’s established safety procedures.

## **Article 2 - EMPLOYMENT, COMPENSATION AND BENEFITS**

### **Section 1 Employment**

A teacher is employed by Northwest Public Schools when the teacher signs the Teacher's Contract, and the Board of Education approves such contract of employment. The teacher's employment continues absent action by the administration or the Board of Education to non-renew, terminate, amend or cancel the teacher's employment contract with the school district, or action by the Board of Education to accept a resignation of employment.

On or after March 15 of each school year a teacher may be requested to accept employment for the next school year and shall be required to signify such acceptance on or before April 1 or such other date after March 15 as may be designated in the notice. It is important for teachers to respond to the request to signify acceptance as a failure to signify acceptance of employment by the April 1 or other designated date shall constitute cause for amendment or termination of the teacher's contract. If a teacher signifies acceptance of employment for the next school year the teacher may either be issued a new Teacher's Contract or a "Contract Renewal Agreement."

Should a teacher wish to resign from employment the teacher should give written notice of resignation to the Superintendent. The request to resign will be acted upon by the Board of Education. Mid-year resignations and resignations given late in the spring for the following school year can present significant planning problems for the District. If a mid-year resignation for the current school year is submitted, or a resignation for the following school year is submitted after the teacher has signified acceptance of employment for the next school year, the Board of Education may act to not accept the resignation unless a suitable replacement can be found. The District will enforce the continuing contract of teachers accepting employment for the next school year under the provisions of Neb Rev. Stat. §79-820.

### **Section 2 Assignments**

The professional duties to be performed by a teacher with the District shall be subject to assignment by the Superintendent of the District with the approval of the Board of Education. A teacher will be expected to devote full time during days of school to the teacher's position and to diligently and faithfully perform the assigned duties to the best of the teacher's professional ability. Job descriptions, where available, provide additional information about the position duties. In addition to the normal duties traditionally required of teachers, a teacher may be assigned such "extra duty" assignments to support the extracurricular programs of the District, which shall be upon such terms and conditions and at such additional rate of compensation as the Teacher and the District may agree upon or as set forth in the negotiated agreement. The extra-curricular program of the school district is an integral part of

the overall educational program of the school district. As such a teacher shall not unreasonably refuse to accept such extra-duty assignments.

In addition, performance in an extra duty assignment is a part of the evaluation of the teacher's overall performance to the District.

### **Section 3 Personnel File**

The District will follow the requirements of state and federal law and regulation with regard to a teacher's personnel file, including but not limited to Neb. Rev. Stat. §79-8,109.

### **Section 4 Grievances and Complaints**

Teacher grievances regarding wages, hours, and conditions of employment set forth in the negotiated agreement shall be governed by the grievance or complaint procedure in the negotiated agreement. All other employment related grievances or complaints shall be addressed through the administrative chain of command following the process set forth in board policy.

### **Section 5 Compensation**

Regular Salary and Extra-Duty Compensation. Compensation is paid only as authorized by the Board of Education. Teachers are paid a salary based on placement on the salary schedule set forth in the collectively bargained negotiated agreement between the District and the collective bargaining agent for the certificated teaching staff (referred to in this handbook as the "negotiated agreement"), and the extra-duty salary schedule also incorporated into the negotiated agreement.

Changes in Salary Schedule Placement. Changes in a teacher's placement on the salary schedule shall be governed by the provisions of the negotiated agreement. Teachers are expected to provide the Superintendent with a transcript for all graduate hours earned for purposes of advancement on the salary schedule on or before September 1 of the school year in which such hours are to be credited for the teacher's placement on the salary schedule. Failure to timely provide an official transcript from the post-graduate institution of the graduate hours earned will result in a loss of such credit for such school year.

Salary Payments. Salary is payable over twelve equal installments. Teachers will be paid on the 15th of the month. In emergency cases exceptions may be made, subject to the approval of the Board.

Additional compensation over and above regular compensation, extra-duty pay, and supplemental pay shall be disbursed as it is earned and deductions from compensation due to unpaid leave shall be taken out as they are reported to the payroll office. Reimbursements for mileage or other expenses will be considered separate from compensation.

### **Section 6 Extended Duty Pay**

Extended duty for any teacher beyond the number of contract days established by the Board of Education for the school year shall be paid on a per diem basis for such teacher's extended time.

### **Section 7      Benefits**

Teachers are provided benefits in accordance with the negotiated agreement, group health insurance plan requirements, and the school district's Section 125 Plan document. Teachers shall make annual fringe benefit selections by September 1 of each school year. Should a teacher fail to make such an election, the teacher election from the immediately preceding school and contract year shall be continued. Each teacher is responsible for informing the Office of the Superintendent in writing of any changes in benefit status.

Continued health insurance benefits are available through COBRA subject to certain qualifying requirements. A Notice of COBRA Continuation Coverage Rights is attached to this handbook as Appendix "A".

The Health Insurance Portability and Accountability Act (HIPAA) provides rights and protections for participants and beneficiaries in group health plans. HIPAA includes protections for coverage under group health plans that limit exclusions for preexisting conditions; prohibit discrimination against employees and dependents based on their health status; and allow a special opportunity to enroll in a new plan to individuals in certain circumstances. HIPAA may also give you a right to purchase individual coverage if you have no group health plan coverage available and have exhausted COBRA or other continuation coverage. Further information may be obtained from the Plan Administrator of the group health plan.

### **Section 8      Payroll and Payroll Deductions**

Salary and benefits are paid in accordance with the individual employment contracts and negotiated agreement. Payroll deductions shall be made in accordance with law and the negotiated agreement.

### **Section 9      Expense Reimbursement**

Reimbursement for authorized mileage will be paid to teachers required to drive their own vehicles during their regular scheduled working hours between two or more work sites. Claims for reimbursement should be submitted to the appropriate supervisor. The allowable rate shall be governed by Board policy, unless otherwise required by law. The District is not liable for physical damage to employee vehicles.

Materials necessary for instruction are provided by the District. If teachers need additional materials for instruction or school-related purposes, the request should be made to the Principal.

Reimbursement for purchase of materials or for meals or other expenses related to travel must be submitted to and approved by either the Principal or, if the expense relates to an activity, by the

Athletic Director. The request for reimbursement should include a voucher sufficient to establish that the expense was actually incurred and that the expense was reasonable and related to a school-purpose.

#### **Section 10 403(b) Salary Reduction Agreement**

The District will cooperate with any teacher who chooses to participate in an investment program under a Internal Revenue Code Section 403(b) provided that the certificated employee executes a “Salary Reduction Agreement” provided by the District and the vendor of the 403(b) Plan elected by the teacher has entered into a “Service Provider Agreement” with the District holding the District harmless from any liability that may arise out of such 403(b) Plan, including, but not limited to, the calculation of the maximum exclusion allowance, tax reporting, notices and income withholding.

#### **Section 11 Overtime**

Teaching professionals are classified as exempt from overtime under the Fair Labor Standards Act (FLSA). The overtime exemption for teaching professionals is not dependent on whether the employee is paid on a “salary basis.” Exempt employees are not eligible for overtime or compensatory time.

The District’s policy is to authorize unpaid disciplinary suspensions of a full day or more for infractions of workplace conduct rules and to apply such policy uniformly to all similarly situated employees, including exempt employees who are required to meet a “salaried basis” test for the exemption to be applicable. Unpaid disciplinary suspensions of a partial day or of a full day or more may be implemented for infractions of safety rules of major significance. Deductions of a pay of a partial or of a full day or more may be made for FMLA leaves and in the first and last weeks of employment. In addition, based on principles of public accountancy, deductions from pay of a partial day or of a full day or more will be made for absences for illness, injury or personal reasons when accrued leave is not used or not available, and for absences due to any budget-required furlough.

### **Article 3 - ABSENCES FROM WORK**

#### **Section 1 Paid Leave - Sick and Personal Leaves**

Teachers are provided with paid sick and personal leaves (professional leaves, bereavement leaves, etc.) in accordance with the negotiated agreement. During such paid leaves, teachers shall continue to receive all salary and fringe benefits called for by the negotiated agreement.

The leaves provided by the District are to be used for the purpose intended. Abuse of leave privileges affects the students, other staff, and the entire District and will not be tolerated.

#### Requests for Leave

Advance reporting of the need to take a leave and having effective lesson plans and materials prepared and readily available for the substitute are important.

A teacher who becomes ill and is unable to work is to contact the appropriate attendance personnel for the building before 6:00 AM. Before the end of the school day on the first day of the sick leave, and on each subsequent day of absence, a report should be made to the appropriate attendance personnel as to whether the teacher will be able to return to duty on the next duty day. For illnesses or medical situations where the need for the leave can be determined in advance, the teacher is to make such advance report of need for leave as soon as possible.

For any absence, a Request of Leave form is to be submitted online through the SID program at least five school days prior to the leave, or such other advance notice as is practical under the circumstances.

#### Return from Leave

Upon return from leave, teachers are to review information supplied by the substitute teacher as to progress made in the class and any student behavior concerns. The substitute should be contacted directly if the written information supplied is not adequate.

A teacher who is absent for any period of time because of injury requiring care from a physician or health care provider, or for a period of one week or more due to illness, must present a written statement to the Principal from the teacher's physician or health care provider stating that the teacher is physically able to return to duty. This statement is to be presented in person before the teacher returns to duty in order that the present stage of convalescence can be observed and discussed.

#### **Section 2 Payroll Deductions for Absences in Excess of Paid Leave**

Should a teacher be absent from work in excess of the teacher's accumulated sick leave or other paid leaves called for in the negotiated agreement, the teacher's salary shall be reduced by the days missed on a per diem calculation.

#### **Section 3 Leaves of Absence**

A teacher may apply to the Board of Education for a leave of absence from the teacher's duties. The Board of Education will consider such requests on a case-by-case basis. No leave of absence shall extend beyond one school year. All leaves of absence shall be without pay except for the payment of health insurance benefits as may be required under applicable state or federal laws.

#### **Section 4 Jury Duty**

A teacher who is summoned for jury service shall promptly notify the Principal of such summons. The teacher's salary will continue during time spent in jury service, and no deduction of leave time shall occur, except that the District may reduce the pay by an amount equal to any compensation, other than expenses, paid by the court for jury duty. Teachers are to notify the Principal of the amount received for such jury duty.

If a teacher, upon reporting for jury duty in the morning, is dismissed from jury duty for the remainder of the day, the teacher is to report for duty and resume duties for the balance of the day. When a teacher is entirely dismissed from jury duty, the teacher is directed to report for duty and the substitute will be dismissed.

Teachers are expected to promptly notify the Principal of any other form of legal summons which may require an absence from duty. In the event the summons involves a school-related matter, the matter shall be treated similar to a jury duty absence. In the event the summons involves a personal matter, the teacher will be required to use available leave days.

### **Section 5 Military Leave**

Teachers who are members of the National Guard, Army Reserve, Naval Reserve, Marine Corps Reserve, Air Force Reserve, or Coast Guard Reserve (hereinafter, "reserves"), are entitled to a military leave of absence from their respective duties, when employed with or without pay under the orders of authorization of competent authority in the active service of the state or of the United States. Teachers who normally work or are normally scheduled to work 120 hours or more in three consecutive weeks shall receive a military leave of absence of 120 hours each calendar year. Teachers who normally work or are normally scheduled to work less than 120 hours in three consecutive weeks shall receive a military leave of absence each calendar year equal to the number of hours they normally work or would normally be scheduled to work, whichever is greater, in three consecutive weeks. Such military leave of absence may be taken in hourly increments and shall be in addition to the teacher's regular annual leave.

When the governor of this state shall declare that a state of emergency exists, and any teacher who is a member of the reserves is ordered to active service of the state, the teacher shall be granted a state of emergency leave of absence until released from active service by competent authority. The leave of absence shall not be a military leave of absence; other forms of leave may be granted. The teacher shall receive normal salary or compensation minus the state active duty base pay the teacher receives in active service of the state.

### **Section 6 Family and Medical Leave Act**

The Family and Medical Leave Act (FMLA) provides for 12 weeks of job-protected unpaid leave in a 12 month period to eligible employees in specified circumstances. Some specifics regarding FMLA leave at Northwest Public Schools:

- a. The plan year for FMLA is a rolling year. A rolling year is a 12-month period measured backward from the date an employee last used any FMLA leave.
- b. Employees will be required to substitute remaining applicable paid leave prior to using unpaid leave. In other words, the total job-protected paid and unpaid leave is 12 weeks.

If you need to take an FMLA leave, or have any questions regarding an FMLA leave, you should contact the Superintendent.

## **Article 4 - DUTIES AND RESPONSIBILITIES**

### **Section 1 Hours of Work & Meetings**

Regular, dependable attendance at work is an essential function of a teacher's employment position. The Board of Education recognizes that teachers' responsibilities to their students and their profession generally involve the performance of duties and the commitment of time beyond the norm working day, but also recognizes that teachers and other educational professionals are entitled to regular time and work schedules on which they can rely in the ordinary course of events, and which will be fairly and evenly maintained to the extent possible throughout the school system.

Schools have differing starting and ending times for the student day. Certificated employees assigned to a building are to spend seven hours and 30 minutes on site, including lunch break (30-minute lunch), except that duty-free lunch time can be spent off-site. The Principal will determine the length of time prior to and after the student class schedule for staff to be on-site in order to meet the required seven hours and 30 minutes. Staff may leave the building earlier when called to a professional meeting.

Certificated employees are required to serve on parking lot, detention hall, lunchroom and hall supervision, recess, working activities within the district and other duties as designated by the Principal. The Principal will attempt to make an equitable distribution of such assignments and professional staff shall assume such duties as part of their work and agreement of employment. Teachers shall attend meetings called by the Superintendent of Schools, principals, department heads and team leaders, except those meetings which are designated for optional attendance.

### **Section 2 Arrival to Duty Assignment**

All teachers are to be in the building by no later than 7:45 a.m.; and to remain on duty until 3:45 p.m. Certificated employees other than teachers are expected to meet the same guidelines for entry to the building, being in their assigned duty area, and duty departure time. Teachers and other certificated employees who are part-time or work on adjusted schedules are to be in the building at least 10 minutes before their class or assigned duty begins. During the school day, teachers are to be in their assigned classroom at least five minutes before each period begins to assure that students are not unsupervised within the classroom.

### **Section 3 Leaving School**

Teachers are to be on duty at all times during the school day. Teachers are considered on duty even during designated planning periods. An uninterrupted lunch period of not less than 30-minutes each day is provided to teachers during which they are not assigned teaching, supervisory, or other duties.

Teachers who leave the school during the designated lunch period must check out with the Principal's office.

Teachers may not leave school during duty hours without approval of the Principal. If the absence has been approved, the teacher must check out with the Principal's office when leaving and check back in with the Principal's office upon return. Teachers who need to leave during the school day for reason of illness or emergency are to check out with the Principal's office and make sure that a responsible person has been notified of their unexpected absence so student coverage may be provided.

#### **Section 4 Lesson Plans**

Teachers will prepare lesson plans which cover at least three days of advance instruction. The lesson plans must be sufficiently clear in establishing objectives and related activities so that they are easily used by a substitute teacher or other staff member not familiar with previous classroom activities or progress. The plan book must give specific reference to other instructional resources immediately available which will enhance the instructional lesson.

#### **Section 5 Daily Records**

Every teacher is required to keep a complete record of the attendance and achievement of every student in Powerschool. This class record must be kept current and include the following minimum information in a readily understandable fashion:

1. The names and any assigned student numbers of all students enrolled in the class at the beginning of the semester.
2. The name and date of entry for each student who enrolls after the semester opens.
3. The date of withdrawal for each student who withdraws from the class previous to the close of the semester--dropouts or early withdrawals.
4. A complete report of all recorded grades for each student. There is no minimum requirement for the frequency of recorded grades (or for the giving of written lessons or examinations). Be sure that you test frequently enough and that you record grades frequently enough to readily and realistically justify the term and final grades which are reported to parents.
5. A complete record of the attendance of each student enrolled showing:
  - a. Days on which the student was tardy.
  - b. Days on which the student was absent, with a differentiation between excused and unexcused absences.

Upon request a student's individual record in Powerschool shall be made available for review or copying. Information relating to other students should not be allowed to be seen by other students or parents.

Because the entries in Powerschool constitute a source of original entry for information which may be needed in the absence of the teacher, teachers are required to finalize student information in Powerschool at the close of the school year for filing in the permanent records. **(K-2 teachers refer to building principal for instructions).**

## **Section 6 Classroom and School Procedures**

Teachers are expected to adhere to the following classroom and school procedure in the performance of their duties:

### 1. Bulletin Boards

Each teacher shall be responsible for completing appropriate bulletin boards regarding curriculum related matters in their primary classroom.

### 2. Textbook and Room Inventory

All school purchased materials must be inventoried using the online form. Textbooks are to be numbered and either have cards in pockets or a form for writing the name of the student whom the book is assigned. Teachers should keep good records of who has which book. At the start of the year, note the condition of the textbook on the inventory sheet and keep this sheet. When books are turned in, again note its condition, and if the book shows abuse (other than normal wear) assess a fine that you consider are fair. Insist that students put covers on their books by the end of the first week after receiving them.

### 3. Use of Teacher Aides

Teacher aides provide valuable assistance in the educational process and allow teachers to carry out their responsibilities in a more efficient and effective manner. A teacher aide must not, however, assume teaching responsibilities. The teacher must maintain the role of leadership and responsibility for the students, with the teacher aide in a supportive role. Teacher aides may be used to assist the teacher by, among other tasks, assisting with instructional activities under the direction of the teacher, helping to supervise students, copying tests and other written material, organizing class materials, preparing bulletin boards, grading tests or class work, and calculate grades and record grades. Teacher aides are to work only on their assigned workdays and within their assigned workday. if the teacher desires the aide to work hours other than the assigned work hours or assigned workday, contact the administration for approval.

### 4. Use of Student Aides

Student aides are to be directly supervised by the teacher. Student aides are not to be used to assist the teacher by helping supervise another student, grade tests or class work, calculate student grades or record grades. Keys are NEVER to be given to students, whether they are student aides or not. A student aide should not be present and assisting a teacher without another adult present after the end of regular teacher duty hours.

### 5. Equipment and Supplies

All equipment must be checked out through the building principal. Books and supplies which are needed for instruction should be requested through the Principal's office. No equipment or supplies ordered through the District may be directed to the personal use of a teacher or another District employee.

#### 6. E-mail

Each teacher will be assigned a school email address for purposes of intra-school and inter-school email correspondence. Teachers should check for email throughout the day and should timely respond to emails which require a response but should avoid checking and responding to emails during instructional time. Use of the District's email system for personal communications should be limited and is subject to the rules governing overall computer usage found in Board policy and this handbook.

#### 7. Teacher Mailbox

Each teacher will be assigned a mailbox located in the faculty workroom. Teachers should check for mail each morning and also later in the school day, if possible. If something requires an answer teachers are responsible for responding promptly.

#### 8. Teachers Meeting

Teachers' meetings will be held on the second Wednesday of the month. ALL teachers are expected to be present for the meetings, unless they are absent from school for good cause or have made prior arrangements.

### **Section 7 Supervision of Students**

Proper supervision of students is an important responsibility for teachers and other adults responsible for students. Teachers and other adults responsible for student supervision are expected to meet the four "P's" for student supervision and safety.

#### 1. Proper Supervision

- Report to all duty assignments on time.
- Circulate through your duty area. Pay particular attention to areas and activities that pose an increased risk of injury.
- Be vigilant while supervising students. Never leave your classroom unattended; the need to make a copy is not greater than the need to supervise your students. If an emergency requires that you leave your classroom, request that another nearby staff member cover your class, or notify the office so someone can provide assistance. If you are on recess duty, your responsibility is to supervise the students in your assigned area. When talking with other adults or students, remember that your primary duty is supervision and make sure you are aware of what all students who you are to be supervising are doing.
- If you have seen or have been informed that a particular student has a propensity to act dangerously or in an unpredictable manner, your supervision of the student must increase with the known risk of injury. (Remember, though, that this type of information may be

confidential---do not share confidential information about students except with other staff who need to know the information to perform their jobs.)

- Be careful with touching students. Use of corporal punishment is prohibited at Northwest Public Schools. Touching students should be limited to that necessary to protect the student from harm (e.g., falling from playground equipment) and 15 that which professional educators determine appropriate for purposes of proper student relationships.
- Be careful with your language. Profanity or abusive language should not be used by you. Be a good role model for students. If a student uses such language, you should correct the student and take such disciplinary action as is appropriate, which may include making a report to administration.

## 2. Proper Instructions

- Proper instructions are important to reduce the risk of injury when students undertake an activity, especially an activity that has an increased risk of harm to students.
- Repeat the instructions on how to complete a task that has a heightened risk of danger as often as needed. Do not assume because students heard the directions once that they will be remembered.
- When you go over safety rules with students note it in your written records (e.g., your lesson plan book or daily reports).
- Review playground and classroom safety rules with students at least once each semester and note when you do it in your written records. Also, if any students are absent when you review the rules contact the student(s) to review the same information and also note that contact in your written records.

## 3. Proper Maintenance of Buildings, Grounds, and Equipment

- Conduct periodic inspections of equipment under your control or in your area of supervision.
- If equipment is broken and presents a risk of injury, immediately take it out of service (if it can't be moved, tape a "Do Not use" sign) and notify the office so those repairs may be undertaken.
- Check your communication device (whether it be a school phone in your supervision area, a walkie-talkie, or a cell phone) periodically to make sure you can communicate with the office immediately in the event of an emergency.

## 4. Proper Warnings

- If you have knowledge of a hazard that can likely cause injury, take steps to warn other staff and students. Tell the office so additional warnings may be given.

### Contact the Office for Assistance

The office administration should be contacted immediately when a situation exists which could cause injury to students or others. Examples include:

- student fight
- student health problem (fainting, bleeding, high temperature, difficulty breathing, etc.); if the office cannot be immediately located, call 911 if the problem appears to be of immediate and serious concern

- a report or a suspicion that a student has a weapon or other dangerous item or drugs, alcohol, or other illegal substances
- presence of an intruder (a non-student or staff member who refuses to go to the office)

### Student Searches

Office administration should also be contacted before performing searches of students or their belongings. You may direct a student suspected of having an item in violation of school rules to wait with you until another adult is present, or to follow you to the office if you can leave your assigned area without causing risk of harm to others. Do not use physical force to detain the student or to make the student accompany you except as reasonably necessary to protect the student or others.

### Student Rights

Students should be treated fairly and given the same treatment without consideration of race, color, religion, gender, or disability. Students who need special accommodations should be given those accommodations as needed for them to participate in school and school activities. Further, students have the right to have their school records kept confidential. Such information should be shared only with other school staff with a need to know the information to perform their duties.

## **Section 8 Managing Student Conduct**

Discipline is everyone's responsibility. It begins with the student being responsible for his/her own behavior and understanding the consequences it may cause. The teacher is responsible for articulating classroom expectations at the beginning of the school year, implementing the classroom expectations on a consistent basis, and being familiar with the student handbook. **All staff are responsible for all students** in the hallways, in the restrooms, at assemblies, at pep rallies, and during lunch. Consequences for inappropriate behavior may include students making up time before or after school, a student or a parent conference, or a referral to an administrator.

The following guidelines will assist in maintaining appropriate student conduct and complying with the process required for student discipline.

1. On the first day of class make students aware of classroom expectations. Students will accept them if they know in advance and if they are fair and consistent. Students often appreciate giving input on classroom rules. These expectations should be in writing. Give one copy to the students, post one copy in the room and provide one copy for the principal.
2. It is important to document student behavior in your classroom, calls to parents, referrals, and/or communications with a student.
3. If, after attempts to improve student behavior, the problems continue, talk to the student's counselor or the Principal about possible alternatives in discipline procedures. Be attentive and respond to "bullying."
4. If a student continues to cause problems, inform the administration for disciplinary action using the approved reporting forms. Be sure to state the problem clearly and expectations in terms of assistance, as at times the student's and teacher's stories are different. Be prepared to provide documentation.
5. Follow up on any referral. The student may not go to the principal or the counselor when sent. The administrator or attendance coordinator will inform the teacher of the consequences.

6. Refer students with continued and significant behavioral problems to the RTI team for a determination of whether the student is in need of special services. Contact the counselor if you have questions as to the procedure.
7. Talk with other teachers about the classroom management techniques they use to establish an atmosphere conducive to learning in their classroom. A large repertoire of classroom management techniques always enhances learning.
8. Read and understand the student handbook and the student conduct rules of the District.
9. Use good judgment when dealing with difficult situations involving students. Physical confrontation generally escalates tense situations. Corporal punishment is prohibited in our school district and is not to be used. Physical force may only be used to the extent reasonably necessary to protect the student, yourself and others, and to protect property as may be reasonable.
10. Violations of student rules which are also violations of state law are required to be reported to law enforcement. Make a report of such conduct to the Principal so this law may be followed.

### **Section 9      Dispensing Medication**

Teachers are not permitted to give any medication to students unless trained under the Medication Aid Act, Neb. Rev. Stat. §71-6718 to 71-6743. Students who need to take prescription medicine must have a signed parent release form on file in the office. Medications are to be taken in the presence of the office staff, the nurse, or medication aide and are to be stored in the office. Medical procedures are not to be administered in the classroom except in accordance with the District's Safety and Security Management Plan and the District's Emergency Protocol (asthma/anaphylaxis protocol).

If students must take medication and/or perform medical procedures prescribed by a duly licensed physician during school hours, it is the responsibility of the parents or guardians to sign permission to dispense the medicine at the school and to submit a note or prescription from the physician authorizing the medicine and/or medical procedure. School district personnel will not administer medicine, including over the counter medicine, without this signed form and note or prescription. Any medication brought to school needs to be properly labeled. The label should include the following information: Student's name, name of medication, dosage needed, and time of dispensing the medication.

### **Section 10      Report Child Abuse (Child Abuse Hotline 800-652-1999)**

Nebraska State law and school policy mandates school officials to make a report to the proper law enforcement agency or the Department of Health and Human Services (Child Protective Services) when there is reasonable cause to believe that a child has been abused or neglected, or a child is in a situation which would reasonably result in abuse or neglect. According to Nebraska State Law, abuse or neglect means knowingly, intentionally, or negligently causing or permitting a minor child to be:

- a. Placed in a situation that endangers his or her life or physical or mental health;
- b. Cruelly confined or cruelly punished;
- c. Deprived of necessary food, clothing, shelter, or care;
- d. Left unattended in a motor vehicle if such minor child is six years of age or younger;
- e. Sexually abused; or

f. Sexually exploited by allowing, encouraging, or forcing such person to solicit for or engage in prostitution, debauchery, public indecency, or obscene or pornographic photography, films, or depictions.

Teachers are to inform their principal or supervisor that they intend to make a report. Administrative staff may sometimes choose to make the report for a teacher. However, informing a principal or supervisor does not end the teacher's responsibility; teachers are obligated to make certain a report was made if they do not do it themselves.

It is vital that the report be made as accurately and as soon as possible. To assure accuracy, you are encouraged to document the date of the incident and specific statements or explanations made by a child regarding an abuse/neglect concern. Timeliness in making a report will assist in minimizing further risk to the child by allowing the police or Child Protective Services workers to interview the child during the school day and prior to an evening or weekend. In cases of physical injury (e.g., bruising or other marks), it is essential the police observe and document the injury. A counselor, the school social worker or an administrator will help you.

## **Article 5 - PERSONAL AND PROFESSIONAL CONDUCT**

### **Section 1 Professional Ethics Standards**

The Northwest Public Schools expects its certificated employees to adhere to the professional ethics standards established by the Nebraska Department of Education as such standards may be modified from time to time. The professional ethics standards which certificated employees are expected to adhere to include those set forth below. References to "educator" shall include all certificated employees of the District. (Please refer to the Nebraska Department of Education Professional Ethics Standards) [www.education.ne.gov/CC/standcond.pdf](http://www.education.ne.gov/CC/standcond.pdf)

### **Section 2 Evaluations**

Evaluations of teachers will be conducted in accordance with the District's evaluation policy. Supervisors reserve the right to observe, appraise or evaluate teachers more frequently than required by policy on an as-needed basis. Teachers are expected to participate constructively and positively in the evaluation process and to accept and implement constructive suggestions and improvement strategies developed by the administration.

### **Section 3 Role Model**

Teachers serve as role models for students and their actions and conduct reflect on the school as a whole. Teachers are in all respects to conduct themselves in a professional manner.

### **Section 4 Relationships**

It is important for teachers to maintain an effective working relationship with the administration and all co-workers, including other teachers and support staff. Teachers are also to maintain appropriate relationships with students. Appropriate relationships are established by extending social courtesies, following through on commitments and promises, complying with administrative directives and Board policies, being honest and consistent, and not intruding into personal matters outside the scope of duties or gossiping or spreading rumors about others.

### **Section 5 Professional Attire**

It is important for teachers to project a professional image to students, parents and co-workers. Appropriate attire and grooming are one of the means of projecting a professional image. Teachers are expected to maintain conservative and professional attire and grooming when on duty. As professionals, teachers are expected to be aware of the standard to be maintained. As a minimal guide, teachers should not wear clothing which students would not be permitted to wear at school. The administration may establish more detailed guidelines for individual teachers should that be necessary.

#### **Section 6 Private Tutoring**

Teachers are encouraged to provide individual assistance to students as a part of their duties. Teachers who engage in private tutoring for pay (compensation of any kind from a source other than the District) are subject to the following rules:

1. The teacher may not arrange to provide private tutoring for any child enrolled in the teacher's class.
2. The teacher is not to provide private tutoring during duty time.
3. The teacher is not to advertise or promote the teacher's private tutoring services in the school or in the school's communication systems except with the express permission of the Superintendent or designee.

#### **Section 7 Outside Employment**

Teachers shall not perform duties unrelated to District employment during duty hours. In addition, teachers shall not engage in employment which conflicts with their school duties. Teachers are not required to notify the District of outside employment except 1) teachers who are also employed by another Nebraska school district in order to comply with Nebraska State Retirement System regulations and (2) teachers who have a work-related injury in order to comply with workers' compensation requirements.

### **Article 6 - ACADEMIC MATTERS**

#### **Section 1 Purpose and Goals of Academic Achievement**

The Northwest Public Schools Board of Education is committed to providing a quality education for all Northwest Public Schools students consistent with the school's mission statement. Effective, quality instruction by teachers is an essential means of meeting the District's mission of providing a quality education.

#### **Section 2 Teaching to Student Understanding to Assure Learning**

Each teacher is responsible for teaching in a manner to meet the mission of the District and to assure student understanding and learning of the principles and concepts to be presented to students within the curriculum adopted by the District. Teachers will model classroom instruction on the educational model implemented by the District and reflected in the teacher evaluation instrument adopted by the Board of Education. Teachers are responsible for familiarizing themselves with the instructional model and the principles of instruction set forth in the evaluation instrument. The administration shall provide periodic in-services regarding the instructional model.

State and federal laws and regulations have been enacted which require that students with certain needs be provided instruction and services consistent with those special needs. Examples include students who have been verified as in need of special education ("special education students"), students with other disabilities which

impact the educational program (“504 students”), and limited English proficient students (“LEP or ELL students”). The District’s policy is to comply with the state and federal laws and regulations in all respects. Teachers who are assigned special education, 504, or LEP/ELL students are required to provide instruction and services consistent with legal requirements and the requirements of Board policy and regulation.

**Section 3 Instruction in the Curriculum**

Teachers will instruct students in the curriculum, including the use of curriculum materials, adopted and implemented by the Board of Education and as directed by the administration. Explicit materials of any type shall not be used in the instructional process without prior approval of the administration.

**Section 4 Measuring and Reporting Academic Achievement for Students**

Grades and Grading: Measuring and accurately reporting the level of each student’s academic achievement is of critical importance to students, parents, staff, the Board of Education and community. To this end, each teacher shall develop a variety of assessment instruments and techniques to measure student achievement in the curriculum adopted and implemented by the school district, record the results of such assessment, and report such results on Report Cards. Teachers should endeavor to measure student learning and understanding on a frequent basis during each quarter to provide an accurate evaluation of each student’s academic achievement for that period. It is recommended that the teacher record a least two grades per week. It is generally preferable to give numerical grades for tests, quizzes, and daily work. **GRADES MUST BE RECORDED FOR ALL CURRICULAR AREAS.**

Recording Grades: Each teacher shall record grades in Powerschool. A sufficient number of grades must be recorded in the grade book to justify all quarter and semester grades for each student. Please keep consistent and complete records. Teachers must be able to support and justify the grades that each individual student earns.

Grade Scales: Teachers are to use only the grading scales set forth below. Any deviation from the approved grade scales must be approved by the building principal.

Grades are to be expressed in numerical value for semester grades and in letter grades for unit reports and unit averages. The final grade is to be expressed by number. For grades 9-12, the final semester test will count for not more than 10% of the total grade.

Grade reports will be sent home to parents at least twice each semester. Parents will be notified through the school calendar of the dates reports will be distributed. Parents will be notified of the dates the semester grade reports are distributed. These contain the final grade, expressed numerically, and it is the grade recorded on the student’s permanent record. **STUDENT EVALUATION SCALE:** The grade scales to be used for reporting student progress are as follows:

A+	100	4.0	C+	85	2.0
A+	99	4.0	C+	84	2.0
A+	98	4.0	C+	83	2.0
A	97	4.0	C	82	2.0
A	96	4.0	C	81	2.0
A-	95	4.0	C-	80	2.0

A-	94	4.0	C-	79	2.0
A-	93	4.0	C-	78	2.0
B+	92	3.0	D+	77	1.0
B+	91	3.0	D+	76	1.0
B	90	3.0	D+	75	1.0
B	89	3.0	D	74	1.0
B	88	3.0	D	73	1.0
B-	87	3.0	D-	72	1.0
B-	86	3.0	D-	71	1.0
			D-	70	1.0

The preceding grade scales are expected to be used according to the following guidelines:

1. No other grade scales are to be used on official records or reports.
2. "Failing," "unsatisfactory" or equivalent terms indicate that student performance does not meet the minimum requirements established for the course. A final mark of "failing" or "unsatisfactory" in a credit-bearing course means that credit hours will not be granted.
3. The mark given at the end of each reporting period is considered an evaluation of the pupil's status at the time (for example, the final mark in a semester course is an evaluation of the pupil's status as of the close of the semester; not an average of two nine-week marks).
4. Teachers may exercise professional judgment in distributing marks. Marks are not expected to be distributed on a normal curve.

Reconsideration of Grades/Marks: Questions raised concerning duly assigned grades will be resolved cooperatively in a conference which includes the teacher(s) involved and the Principal. In the event a grade is questioned by parents or students, the parents/guardians and/or student may be included in the conference.

Failure to resolve the issue will result in a second conference involving the Superintendent or designee and the participants in the initial conference described above. The grades designated by teachers will not be changed unilaterally by the Superintendent unless the Superintendent determines that the grade is not consistent with the requirements of law, Board policy, or the best interests of the District.

Reduced Credit: Some students in certain situations may qualify for less than the number of credits normally granted for a course. late entry or a serious injury at an awkward point in the semester would be a couple of examples. if a student is excessively absent from a class for any particular reason, a teacher may request reduced credit. All cases of reduced credit should be recorded on a "Reduced Credit/Error Summary" form and be approved by the Principal.

Transfer Grades: A student transferring into Northwest Public Schools at the fifteen-to eighteen-week time period will have all grades on transcript from an accredited school accepted for semester credit. Grades must be approved for credit by the Principal.

Reports to Parents: Grades and credit are assigned on a quarter (9 weeks) or semester basis (18 weeks). Reports are sent to parents at the close of each nine weeks during the school year; the reporting periods are referred to as first quarter, first semester, third quarter, and second semester.

The grade reports are produced from information supplied by teachers and distributed to students at school and posted on Powerschool. Parents requesting a paper copy will be mailed one.

All term or mid-quarter grades are calculated on a cumulative basis; i.e., the grade given at the end of the first quarter represents an evaluation of work done during that quarter, and the grade given at the close of the semester represents an evaluation of all the work done during the entire eighteen weeks.

The end-of-quarter and end-of-semester reports are directed to parents, not to students. Students probably know quite well how they stand in such areas as citizenship, attitude, cooperation, attendance, preparation of assignments, etc. The parents do not have this knowledge. If any such factors have significant bearing on the student's grades or their relationship with teachers, notes should be sent to parents. Arrangements will be made to place these teacher-written notes with the grade report forms. The notes may call attention to deficiencies, faults, or failures; or they may be commentary in nature. If carefully prepared, they can be most valuable. Parents need to have information about areas of strengths and areas needing improvement and progress being made by their child. For their instruction, and for our ultimate well-being, if and when problems arise, it is essential that the reports be as informative as possible. Teachers should, in all cases, plan to keep on file duplicate copies of the notes which are sent to parents.

Please accept, cooperatively and professionally, the responses that parents may make subsequent to the distribution of term or mid-quarter reports. Parents are not always helpful or reasonable under these circumstances, but they do need information and direction. Please encourage parents to discuss their student-centered problems with you and give them all possible assistance.

Mid-Quarter Progress Reports to Parents: Mid-quarter progress reports are prepared at or near the middle of the fourth and the thirteenth weeks of each semester. These reports will be mailed to all parents.

## **Section 5      Parent-Teacher Conferences**

Parent-Teacher conferences are a critical opportunity for teachers to dialogue with parents (or guardians) of students regarding student achievement and learning. To this end, quarterly Parent-Teacher conferences will be scheduled and held during the school year. Teacher attendance at Parent-Teacher conferences is mandatory. A teacher may only be excused from attendance at Parent-Teacher conferences in writing by the Superintendent. The schedule setting forth the dates and times for the Parent-Teacher conferences for the school year are established on the District calendar.

Teachers are expected to be prepared for such conferences. Being prepared includes having completed grade books which include all student assignments, work or tests completed within five (5) days of the date of the Parent-Teacher conferences.

## **Article 7 - USE OF SCHOOL FACILITIES AND EQUIPMENT**

### **Section 1 Drug-Free Workplace**

The District has established the school as a drug-free workplace. The drug-free workplace for this purpose includes school grounds, school utilized vehicles, and places in which school activities are held.

The unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited in the workplace. The possession, use or distribution of illicit drugs or alcohol, the use of glue or aerosol paint for any other chemical substance for inhalation, and being under the influence of illicit drugs, alcohol, or inhalants, is prohibited in any place while teachers are on duty time. Any level of impairment from illicit drugs, alcohol, or inhalants, and the presence of any odor of illicit drugs (such as marijuana) or alcohol on a teacher in the workplace or on duty time shall be a violation of the drug-free workplace. The possession or distribution of a look-alike drug or look-alike controlled substance is prohibited. In addition, teachers are expected to serve as role models for students and will be considered to have violated the District's expectations in the event the teacher commits a criminal drug or alcohol offense off the workplace or off duty time.

Disciplinary sanctions up to and including termination of employment and referral for prosecution will be imposed upon teachers who violate the aforementioned standards of conduct. Sanctions may include the requirement that the teacher complete an appropriate rehabilitation program, a reprimand, and termination of employment. Drug and alcohol counseling and rehabilitation and reentry programs are available through local health agencies.

### **Section 2 Smoke and Tobacco-Free Workplace**

The use of tobacco products, vapor products, or alternative nicotine products in the District's buildings and on school grounds, all owned or leased facilities and vehicles is prohibited.

### **Section 3 Weapon-Free Workplace**

The District prohibits any person from being in possession of a weapon at a school attendance facility, on school property, at a school-supervised activity, or at a school-sponsored function. Any teacher found to be in violation of this policy shall be subject to disciplinary action, up to and including termination.

The term "weapon" means an instrument or object used, or which may be used, as a means of attack, defense, or destruction, including, without limitation:

- a. Any object which will, or is designed to, or may readily be converted to, expel a projectile by the action of an explosive or other means;
- b. The frame or receiver of any object described in the preceding example;
- c. Any firearm muffler or silencer;
- d. Any explosive, incendiary or gas (a) bomb, (b) grenade, (c) rocket, (d) missile, (e) mine, or similar device;
- e. Any bludgeon, sandclub, metal knuckles, or throwing star;
- f. Any knife other than as used for strictly instructional or personal care or eating purposes. A pocket knife with a blade of 2 ½ inches or more is a prohibited weapon. A switch-blade knife is prohibited regardless of size of the blade. A switch-blade knife is defined as a knife with a blade that opens automatically to hand pressure applied to a button, spring, or other device in the handle of a knife, or

any knife having a blade that opens or falls or is ejected into position by the force of gravity or by an outward, downward or centrifugal thrust or movement;

g. Any electronic device designed to discharge immobilizing levels of electricity, commonly known as a stun gun.

h. A teacher may possess mace or similar chemical agents in quantity and/or concentration typically designed for individual personal defensive purposes shall not be considered as possession of a weapon. Possession of larger quantities and/or concentrations of mace or other similar chemical agents than is typically designed for individual personal defensive purposes will be considered as possession of a weapon. Usage of mace or other similar chemical agents will be considered as usage of a weapon if the usage is found to be for non-defensive purposes. A teacher who is negligent in their possession of mace or other similar chemical agents will be subject to disciplinary action.

i. A teacher may possess an item which may be considered a weapon where such item is used for instructional purposes and the teacher has received approval of the administration to possess the item, provided it is used in the manner approved and is maintained in such manner as the administration has directed.

j. Any other object that is designed for or intended for use as a destructive or injurious device.

The phrase "possession of a weapon" includes, without limitation, a weapon in a teacher's personal possession, as well as in a teacher's motor vehicle, desk, locker, briefcase, backpack, or purse.

#### **Section 4 Use of District Computer Network and Internet**

Teachers have access to the District's computer network and the Internet for the enhancement and support of student instruction. It is important to remember that the equipment and the software are the property of the school district.

In using the computers and the Internet, teachers are agreeing to the following:

1. Since copyright laws protect software, teachers will not make unauthorized copies of software found on school computers by any means. Teachers will not give, lend, or sell copies of software to others unless the original software is clearly identified as shareware or in the public domain.
2. If a teacher downloads public domain programs for personal use or non-commercially redistributes a public domain program, the teacher assumes all risks regarding the determination of whether a program is in the public domain.
3. Teachers shall not access material that is obscene, child pornography or otherwise inappropriate matter for educational or work-related uses or contrary to the District's mission. Teachers are not permitted to knowingly access information that is profane, obscene or offensive toward a group or individual based upon race, gender, national origin or religion. Further, teachers are prohibited from placing such information on the Internet.
4. Teachers will protect the privacy of other computer users' areas by not accessing their passwords without written permission. Teachers will not copy, change, read or use another person's files. Teachers will not engage in "hacking" or otherwise attempt to gain unauthorized access to system programs or computer equipment.
5. Teachers will not use computer systems to disturb or harass other computer users by sending unwanted mail or by other means.
6. Teachers will not disclose their passwords and account names to anyone or attempt to ascertain or use anyone else's password and account name.

7. Teachers will not attempt to login to the system as a system administrator.
8. Teachers understand that the intended use of all computer equipment is to meet instructional objectives.
9. Teachers will not waste or take supplies, such as paper, printer ribbons, toner, and diskettes that are provided by the District.
10. Teachers will not use the network for financial gain or for any commercial or illegal activity.
11. Attempts to bypass security systems on computer workstations or servers, or vandalism will result in cancellation of privileges and may result in further consequences. Malicious attempts to harm or destroy data of another teacher or data that resides anywhere on the network or on the Internet, or the uploading or creation of computer viruses are forbidden.
12. The District will not be responsible for any liabilities, costs, expenses, or purchases incurred by the use of the District's telecommunications systems such as the Internet. This includes, but is not limited to, the purchase of online services or products. The teacher is solely responsible for any such charges. The teacher's acceptance of an email account is an acceptance of the teacher's agreement to indemnify the District for any expenses, including legal fees, arising out of the teacher's use of the system in violation of the agreement.
13. The Internet will be supplied for your use on an "as is, as available" basis. The District does not imply or expressly warrant that any information you access will be valuable or fit for a particular purpose or that the system will operate error free.
14. The District is not responsible for the integrity of information accessed, or software downloaded from the Internet.
15. The District reserves the right to refuse posting of files, and to remove files.
16. The District further reserves the right to inspect a teacher's computer and computer usage at any time. Teachers have no privacy rights or expectations of privacy with regard to use of the District's computer or Internet system.
17. The computer system is not a public forum. It is provided for the limited purpose of advancing the District's mission.
18. A technology protection measure is in place that blocks and/or filters Internet access to prevent access to Internet sites that are not in accordance with policies and regulations. In addition to blocks and/or filters, the District may also use other technology protection measures or procedures as deemed appropriate. The technology protection measure that blocks and/or filters Internet access may be disabled only by an authorized staff member for bona fide research or educational purposes: (a) who has successfully completed district training by the on proper disabling circumstances and procedures, (b) with permission of the immediate supervisor of the staff member requesting said disabling, or (c) with the permission of a building administrator. An authorized staff member may override the technology protection measure that blocks and/or filters Internet access for a minor to access a site for bona fide research or other lawful purposes provided the minor is monitored directly by an authorized staff member.

Any violation of any part of this agreement or any other activity which school administrators deem inappropriate will be subject to disciplinary action. Discipline could include but would not be limited to, the immediate suspension or termination of the teacher's Internet account and computer privileges, reprimand, suspension, or termination.

### **Section 5 Use of School Facilities**

Teachers will be issued keys to the school. Teachers are expected to not lose their keys and to not allow others to have access to or to use their keys. Teachers are permitted to have access to school facilities during non-school time provided such access is for work-related purposes. When teachers leave the building, they are to close all windows, lock their classroom door, and make sure that the entry door is fully closed and locked. This is especially important when teachers are using the school facilities prior to the beginning of the school year and during any weekend or evening usage.

School property is to be used for approved work-related purposes and not for personal purposes or for personal gain or benefit. Use of school supplies (paper, staples, etc.), school equipment (copiers, fax machines, telephones, etc.) and school postage is to be used for approved school-related purposes only. Excess or surplus supplies or equipment, including items which have been placed in the trash, should not be removed for non-school use without approval from the administration.

### **Section 6 Care of School Property**

Teachers are responsible for the proper care of all books, equipment, supplies and furniture supplied by the school. If an item is in need of maintenance or repair, report it to the Principal. If you learn that a student has damaged school property or equipment, or if you are responsible for damage to school property, promptly report it to the Principal so the item may be replaced or repaired if possible and appropriate responsibility for the cost of replacement or repair may be determined.

### **Section 7 Visitors**

Teachers are not to have visitors on school property except on a short-term basis and only with permission of the principal. Included in the definition of visitors are family members of the teacher. Visitors should follow posted procedures for being on school property. Teachers are not to bring their children to school with them in lieu of taking them to childcare.

### **Section 8 Salespersons**

Teachers need not allow, and should not permit, any salesperson or representative or agent of any commercial enterprise or theatrical presentation to contact the teacher while engaged in the teacher's duties except for such times as may be designated by the Superintendent or designee. By law, the hours of no solicitation are between 8:30 a.m. and 5:00 p.m. on all day's school is in session. If you are required to be at work earlier than 8:30 a.m., the hours are extended to that earlier time as well.

Teachers shall not use classrooms, buildings or other school property for personal use or profit without specific approval from the Superintendent or designee. Teachers shall not use time for which the teacher is on duty or paid by the District to engage in any activity for personal financial profit. Any violation of this policy will be held to be willful insubordination.

### **Section 9 Security of Desks and Lockers**

Offices, teacher desks, lockers, file cabinets and other such storage devices ("storage devices") are owned by the school and are to be properly cared for and maintained. Appropriate security measures should be used to protect

school and personal property kept in storage devices from theft or vandalism and to protect confidential student records.

The school exercises exclusive control over school property and reserves the right to search offices and storage devices provided to or used by employees where permitted by law, such as where reasonable grounds exist for suspecting that a search will turn up evidence that the employee has committed work-related misconduct, or that a search is necessary for a non-investigatory work-related purpose, such as to retrieve a file. School-related documents or records must remain readily available to administration and other appropriate school staff. Any personal items a teacher wants to have kept private should be kept in a separate personal storage device, such as a briefcase, purse or backpack.

The District is not responsible for any personal property teachers may bring to school. Teachers are cautioned not to bring large amounts of money or items of significant value to school.

#### **Section 10 Video Surveillance**

The Board of Education has authorized the use of video cameras on School District property to ensure the health, welfare and safety of all staff, students and visitors to District property, and to safeguard District facilities and equipment. Video cameras may be used in locations as deemed appropriate by the Superintendent.

Notice is hereby given that video surveillance may occur on District property. In the event a video surveillance recording captures a student or other building user violating school policies or rules or local, state or federal laws, the video surveillance recording may be used in appropriate disciplinary proceedings against the student or other building user and may also be provided to law enforcement agencies.

#### **Section 11 Bulletins and Announcements**

Bulletin boards and display cases are available for school-related and approved materials to be posted and displayed. Posters to be used in the halls or materials for distribution will need to be approved by the Principal's office. The person or organization responsible for distributing the posters is responsible to see that all posters are removed within 48 hours after the event.

#### **Section 12 Copyright and Fair Use Policy**

It is the school's policy to follow the federal copyright law. Students are reminded that, when using school equipment and when completing course work, they also must follow the federal copyright laws. The federal copyright law governs the reproduction of works of authorship. Copyrighted works are protected regardless of the medium in which they are created or reproduced; thus, copyright extends to digital works and works transformed into a digital format. Copyrighted works are not limited to those that bear a copyright notice.

The "fair use" doctrine allows limited reproduction of copyrighted works for educational and research purposes. The relevant portion of the copyright statute provides that the "fair use" of a copyrighted work, including reproduction "for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research" is not an infringement of copyright. The law lists the following factors as the ones

to be evaluated in determining whether a particular use of copyrighted work is permitted “fair use”, rather than an infringement of the copyright:

- the purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes;
- the nature of the copyrighted work;
- the amount and substantiality of the portion used in relation to the copyrighted work as a whole, and
- the effect of the use upon the potential market for or value of the copyrighted work. Although all of these factors will be considered, the last factor is the most important in determining whether a particular use is “fair”. Students should seek assistance from a faculty member if there are any questions regarding what may be copied.

### **Section 13      Lost and Found**

Teachers who find lost articles are asked to take them to the office, where the articles can be claimed by the owner.

### **Section 14      Safety**

The District has established a Safety and Security Management Plan which includes safety and security plans and procedures, including plans and procedures to address emergency and crisis situations. Teachers are expected to be familiar with and to comply with the Safety and Security Management Plan. The Plan may be obtained for review or copy from the Principal or the Superintendent.

The District also has a safety committee to address employee accidents, injuries and workplace conditions. A representative from each bargaining group plus representatives appointed by administration serve on the committee. If you have a desire to serve on the committee, you should contact the President of the teachers association. Teachers can make suggestions and/or report concerns to the safety committee in the following ways: (1) contact the teachers association representative of the safety committee; (2) contact the President of the teachers association, or (3) contact the Safety Committee in care of the Superintendent.

#### Safety Practices

Guidelines for safe work practices which teachers should follow include the following:

1. Never stand on chairs, counters, tables, etc. Only use step stools, ladders and locking stools to stand, climb, etc., to reach high places, put things on bulletin boards, etc.
2. Always wear protective equipment (i.e., goggles, aprons, gloves, and ear protection).
3. Wipe up spills or report promptly to appropriate personnel. DO NOT assume someone else will do it.
4. Be aware of your surroundings. Pick up clutter, keep your work area or room clean and free of clutter, debris, etc.
5. Identify and report all hazards (i.e., broken equipment, broken or uneven floor surfaces, non-operating tools, windows, doors, etc.). Follow up if not repaired.
6. Do not use equipment if you are not familiar with it or operate machinery without proper training.
7. Do not carry heavy or bulky objects. Get a cart, dolly or assistance. Know how to properly lift.
8. Report any injuries or medical problems to your supervisor immediately and complete the employee accident report.

9. Wear seat belts when in vehicles where provided.
10. Every accident in the school building, on the school grounds, at practice sessions, or at any athletic event sponsored by the school must be reported immediately to the Principal.

As required by law, approved safety glasses will be required of every student and teacher while participating in or observing vocational, technical, industrial technology, science, and art classes. All visitors to these areas must check out a pair of safety glasses when entering any of these areas.

#### Use of Personal Vehicles

Teachers who drive school vehicles or volunteer to use their personal automobile to transport students must have a valid driver's license and proof of insurance. Teachers who drive school vehicles or transport students in their personal vehicles are responsible for following safe driving practices, including use of seat belts by all occupants, and are responsible for any injury or accident. Teachers are not to use cell phones while transporting children.

#### Accidents

Every accident which results in a personal injury must be reported to the Principal immediately. In the event the injury involves a student, the teacher responsible for the student either as teacher, coach or sponsor is responsible for making the report. If the injury occurs in the presence of the teacher, the teacher is also responsible for making a report.

#### Workers Compensation

Teachers are required to immediately report any work-related injury and/or work-related medical condition to their supervisor and complete all appropriate paperwork.

### **Article 8 - STATE AND FEDERAL PROGRAMS**

The Coordinators listed in Section 2 have been designated to handle inquiries regarding complaints, grievance procedures or the application of these policies of nondiscrimination.

**Section 3 Anti-discrimination & Harassment Policy**

Elimination of Discrimination

The Northwest Public Schools hereby gives this statement of compliance and intent to comply with all state and federal laws prohibiting discrimination or harassment and requiring accommodations. This school district intends to take necessary measures to assure compliance with such laws against any prohibited form of discrimination or harassment or which require accommodations.

Preventing Harassment and Discrimination

Purpose: Northwest Public Schools is committed to offering employment and educational opportunity to its employees and students in a climate free of discrimination. Accordingly, unlawful discrimination or harassment of any kind by administrators, teachers, co-workers, students or other persons is prohibited. In addition the

Northwest Public Schools will try to protect employees and students from reported discrimination or harassment by non-employees or others in the workplace and educational environment.

For purposes of this policy, discrimination or harassment based on a person's race, color, national origin, gender, marital status, disability, religion or age is prohibited. The following are general definitions of what might constitute prohibited harassment.

In general, ethnic or racial slurs or other verbal or physical conduct relating to a person's race, color, religion, disability or national origin constitute harassment when they unreasonably interfere with the person's work performance or create an intimidating work, instructional or educational environment.

Age harassment (40 years of age and higher) has been defined by federal regulations as a form of age discrimination. It can consist of demeaning jokes, insults or intimidation based on a person's age.

Sexual harassment is defined by federal and state regulations as a form of sex discrimination. It can consist of unwelcome sexual advances, requests for sexual favors or physical or verbal conduct of a sexual nature by supervisors or others in the workplace, classroom or educational environment. Sexual harassment may exist when:

- Submission to such conduct is either an explicit or implicit term and condition of employment or of participation and enjoyment of the school's programs and activities;
- Submission to or rejection of such conduct is used or threatened as a basis for employment related decisions, such as promotion, performance, evaluation, pay adjustment, discipline, work assignment, etc., or school program or activity decisions, such as admission, credits, grades, school assignments or playing time;
- The conduct has the purpose or effect of unreasonably interfering with an individual's work or educational performance or creating an intimidating, hostile, or offensive working, classroom or educational environment.
- Sexual harassment may include explicit sexual propositions, sexual innuendo, suggestive comments, sexually oriented "kidding" or "teasing", "practical jokes", jokes about gender-specific traits, foul or obscene language or gestures, displays of foul or obscene printed or visual material, and physical contact, such as patting, pinching or brushing against another's body.

#### Complaint and Grievance Procedures

Employees or students should initially report all instances of discrimination or harassment to their immediate supervisor or classroom teacher. However, if the employee or student is uncomfortable in presenting the problem to the supervisor or teacher, or if the supervisor or teacher is the problem, the employee or student is encouraged to go to the next level of supervision. In the case of a student, the Principal would be the next or alternative person to contact.

If the employee or student's complaint is not resolved to his or her satisfaction within five (5) to ten (10) calendar days, or if the discrimination or harassment continues, or if as a student you feel you need immediate help for any reason, please report your complaint to the Superintendent of Northwest Public Schools. If a satisfactory arrangement cannot be obtained through the Superintendent, the complaint may be processed to the Board of Education.

The supervisor, teacher or the Superintendent will thoroughly investigate all complaints. These situations will be treated with the utmost confidence, consistent with resolution of the problem. Based on the results of the investigation, appropriate corrective action, up to and including discharge of offending employees, and disciplinary action up to expulsion against a harassing student, may be taken. Under no circumstances will any threats or retaliation be permitted to be made against an employee or student for alleging in good faith a violation of this policy.

#### **Section 4      Grievance Procedure for Persons with a Disability**

The Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act address discrimination, harassment or failure to provide reasonable accommodations to persons with a disability. The following grievance procedure shall be used for resolution of complaints of alleged violations of the ADA or Section 504:

1. Complaints shall be filed with the ADA and Section 504 Coordinator. Complaints shall be made in writing, unless the Complainant's disability prevents such, in which event the Complaint can be made verbally.
2. Complaints shall set forth: (a) the name of the Complainant, (b) the address and telephone number or other such information sufficient to enable the Coordinator to contact the Complainant, (c) a brief description of the alleged violation, and (d) the relief requested by the Complainant.
3. Complaints shall be investigated by the Coordinator or the Coordinator's designee. Investigations shall be thorough, but informal, and the Complainant shall be given a full opportunity to submit evidence relevant to the complaint.
4. The Coordinator shall make a decision on the Complaint within thirty (30) days of the filing of the Complaint, unless such time period is extended by agreement of the Complainant. The decision shall be made in writing, shall set forth the Coordinator's proposed resolution of the Complaint, and shall be forwarded to the Complainant.
5. The Complainant shall have ten (10) days from the date the Coordinator's decision is sent to the Complainant to accept or reject the Coordinator's proposed resolution and shall be deemed to have accepted the proposed resolution unless the Complainant rejects the proposed resolution within such time period. In the event the Complainant rejects the proposed resolution, the Complainant shall be given the opportunity to file a request for reconsideration within the ten (10) days from the date the Coordinator's decision is sent to the Complainant. The request for reconsideration shall be filed with the Coordinator. The Coordinator shall consider any additional information provided in the request for reconsideration and make a decision on the request for reconsideration within ten (10) days after the request for reconsideration was filed.

#### **Section 5      Confidentiality of Student Records (FERPA)**

The Family Educational Rights and Privacy ACT (FERPA) gives parents and students over 18 years of age rights to access and confidentiality with respect to education records. Employees are expected to provide access rights and maintain the confidentiality of education records in accordance with FERPA and Board policy. Further information about FERPA and the District's policies under FERPA are found in Board policy and in the student handbook.

#### **Section 6      Disclosure of Student Information to Military Recruiters & Colleges**

The No Child Left Behind Act of 2001 requires the District to provide military recruiters and institutions of higher education access to secondary school students' names, addresses, and telephone listings. Parents and secondary students have the right to request that the school not provide this information (i.e., not provide the student's name, address, and telephone listing) to military recruiters or institutions of higher education, without their prior written consent. Employees are expected to follow these requirements.

### **Section 7      Disclosure of Staff Qualifications**

The No Child Left Behind Act of 2001 gives parents/guardians the right to get information about the professional qualifications of their child's classroom teachers. The District designates the following information as "directory information" and will give parents/guardians such information upon request:

1. Whether the teacher has met State qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
2. Whether the teacher is teaching under an emergency or provisional teaching certificate.
3. The baccalaureate degree major of the teacher, along with information about other graduate certification or degrees held by the teacher, and the field of discipline of the certification or degree.
4. Whether the parent/guardian's child has been assigned, or has been taught for four or more consecutive weeks, by a teacher who does not meet the requirements of the NCLB.

### **Section 8      Student Privacy Protection**

The No Child Left Behind Act of 2001 requires the District to protect the privacy of students. Further information about student privacy and the District's policies with regard to student privacy are found in Board policy and in the Student handbook. In general, employees are expected to comply with these provisions of the NCLB and related Board policy as follows:

1. Student surveys created by and administered by either the United States Department of Education or a third party (a group or person other than the District) --- give parent/guardian the opportunity to inspect the survey upon request before the survey is administered or distributed to the students;
2. Student surveys which involve "sensitive" matters --- make suitable arrangements to protect student privacy (that is, do not include the name or other identifying information about a particular student) and give parents the opportunity, in advance to "opt-out" their child from the survey. Sensitive matters include:
  - a. Political affiliations or beliefs of the student or the student's parent;
  - b. Mental or psychological problems of the student or the student's parent;
  - c. Sex behavior or attitudes;
  - d. Illegal, anti-social, self-incriminating or demeaning behavior;
  - e. Critical appraisals of other individuals with whom the student has close family relationships;
  - f. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
  - g. Religious practices, affiliations, or beliefs of the student or the student's parent;
  - h. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).
3. Instructional materials --- permit parents upon reasonable request to inspect any instructional material used as part of the educational curriculum for their child. The term "instructional materials" does not include academic tests or academic assessments for purposes of this parent inspection requirement. If

you receive such a request, direct the parent to contact your building principal and also inform the building principal yourself about the request to get instructions.

4. Collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information -- the District policy is to not gather such information for such purposes.

## **Section 9 Parental Involvement**

### General - Parental/Community Involvement in Schools

The District's policy is to welcome parental involvement in the education of their children. As a part of this policy, employees are expected to:

1. provide parents timely information about their child's progress, including use of quarterly report cards, active and constructive attendance at parent-teacher conferences, and more frequent parent contacts where warranted by the student's academic and behavioral needs;
2. make textbooks, completed tests and other curriculum materials available for review by parents upon request;
3. permit parents access to their child's records according to law and school policy;
4. encourage parents to attend courses, assemblies, counseling sessions and other instructional activities with prior approval of the proper teacher, counselor or administrator, provided that such parent attendance be educationally appropriate and not disruptive to the educational program;
5. assure that testing occurs to assure proper measurement of each child's educational progress and achievement;
6. permit parents to excuse their child from testing, classroom instruction and other school experiences when possible and educationally appropriate;
7. notify parents of student surveys in accordance with district policy, obtain parent permission for surveys where required by District policy or law, and allow parents to opt-out of such surveys in accordance with District policy and law; and
8. encourage parents to express their concerns, share their ideas and advocate for their child's education.

### Title I Parental Involvement

The District has a separate policy established pursuant to the No Child Left Behind Act of 2001 relating to parental involvement applicable to parents of children enrolled in Title I programs. The policy required that parents of Title I children be given the opportunity to participate in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring--(A) that parents play an integral role in assisting their child's learning; (B) that parents are encouraged to be actively involved in their child's education 39 at school;(C) that parents are full partners in their child's education and are included, as appropriate, in decision making and on advisory committees to assist in the education of their child; and (D) the carrying out of other activities, such as those described in the parental involvement policy.

Employees are expected to comply with the Title I parental involvement policy.

## **Section 10 Homeless Students**

The No Child Left Behind Act of 2001 requires that homeless students not be stigmatized or segregated on the basis of their status as homeless. Homeless children generally include children who lack a fixed, regular, and adequate nighttime residence. The Superintendent serves as the District's designated Homeless Coordinator and should be contacted for questions relating to a homeless student.

### **Section 11 Breakfast and Lunch Programs**

The District participates in the National School Lunch Program. Employees are expected to keep information about the participation of students in the program confidential.

### **Section 12 Confidentiality of Protected Health Information**

It is the policy of the District to develop and implement all necessary practices, policies, and procedures to comply with the Health Insurance Portability and Accountability Act of 1996 (HIPAA) where and to the extent applicable and to maintain the privacy of protected health information (PHI), as that term is defined by HIPAA, that it receives, obtains, or transmits for employees and students. ## APPENDIX A

### Notice of COBRA Continuation Coverage Rights **\*\*Continuation Coverage Rights Under COBRA\*\***

#### **Introduction**

You are receiving this notice because you have recently become covered under Northwest Public Schools health plan (the "Plan"). This notice contains important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and to other members of your family who are covered under the Plan when you would otherwise lose your group health coverage. **This notice generally explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect the right to receive it.** This notice gives only a summary of your COBRA continuation coverage rights. For more information about your rights and obligations under the Plan and under federal law, you should either review the Plan's Summary Plan Description or get a copy of the Plan Document from the Plan Administrator.

The Plan Administrator is Northwest Public Schools, 2710 N North Road, Grand Island, Nebraska 68803-1199, (308-385-6398. The Plan Administrator is responsible for administering COBRA continuation coverage.

#### **COBRA Continuation Coverage**

COBRA continuation coverage is a continuation of Plan coverage when coverage would otherwise end because of a life event known as a "qualifying event." Specific qualifying events are listed later in this notice. COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." A qualified beneficiary is someone who will lose coverage under the Plan because of a qualifying event. depending on the type of qualifying event, employees, spouses of employees, and dependent children of employees may be qualified beneficiaries. Under the Plan, qualified beneficiaries who elect COBRA continuation must pay for COBRA continuation coverage.

If you are an employee, you will become a qualified beneficiary if you will lose your coverage under the Plan because either one of the following qualifying events happen:

1. Your hours of employment are reduced, or
2. Your employment ends for any reason other than gross misconduct

If you are the spouse of an employee, you will become a qualified beneficiary if you will lose your coverage under the Plan because any of the following qualifying events happen:

1. Your spouse dies;
2. Your spouse's hours of employment are reduced;
3. Your spouse's employment ends for any reason other than his or her gross misconduct;
4. Your spouse become enrolled in Medicare (Part A, Part B, or both); or
5. You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they will lose coverage under the Plan because any of the following qualifying events happen:

1. The parent-employee dies;
2. The parent-employee's hours of employment are reduced;
  3. The parent-employee's employment ends for any reason other than his or her gross misconduct;
  4. The parent-employee becomes enrolled in Medicare (Part A, Part B, or both);
  5. The parents become divorced or legally separated; or
  6. The child stops being eligible for coverage under the plan as a "dependent child."

Sometimes, filing a proceeding in bankruptcy under Title 11 of the United State Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to the employer and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee is a qualified beneficiary with respect to the bankruptcy. The retired employee's spouse, surviving spouse, and dependent children will also be qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the employee, commencement of a proceeding in bankruptcy with respect to the employer to the extent retiree health coverage is provided, or enrollment of the employee in Medicare (Part A, Part B, or both), the employer must notify the Plan Administrator of the qualifying event within 30 days of any of these events.

**For the other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator. The Plan requires you to notify the Plan Administrator within 60 days after the qualifying event occurs. You must send this notice to the Plan Administrator. Any additional Plan Procedures for this notice must also be provided.**

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. For each qualified beneficiary who elects COBRA continuation coverage, COBRA continuation coverage will begin on the date of the qualifying event.

COBRA continuation coverage is a temporary continuation coverage. When the qualifying event is the death of the employee, enrollment of the employee in Medicare (Part A, Part B, or both), your divorce or legal separation, or a dependent child losing eligibility as a dependent child, COBRA continuation coverage lasts for up to 36 months.

When the qualifying event is the end of employment or reduction of the employee's hours of employment, COBRA continuation coverage lasts for up to 18 months. There are two ways in which this 18-month period of COBRA continuation coverage can be extended:

**Disability extension of 18-month period of continuation coverage** - If you or anyone in your family covered under the Plan is determined by the Social Security Administration to be disable at any time during the first 60 days of COBRA continuation coverage and you notify the Plan Administrator in a timely fashion, you and your entire family can receive up to an additional 11 months of COBRA continuation coverage, for a total

maximum of 29 months. You must make sure that the Plan Administrator is notified of the Social Security Administration's determination within 60 days of the date of the determination and before the end of the 18-month period of COBRA continuation coverage. This notice should be sent to the Plan Administrator. Any additional Plan procedures for this notice must also be provided.

**Second qualifying event extension of 18-month period of continuation coverage** - If your family experiences another qualifying event while receiving COBRA continuation coverage, the spouse and dependent children in your family can get additional months of COBRA continuation coverage, up to a maximum of 36 months. This extension is available to the spouse and dependent children if the former employee dies, enrolls in Medicare (Part A, Part B, or both), or gets divorced or legally separated. The extension is also available to a dependent child when that child stops being eligible under the Plan as a dependent child. In all of these cases, you must make sure that the Plan Administrator is notified of the second qualifying event within 60 days of the second qualifying event. This notice must be sent to the Plan Administrator. Any additional Plan procedures for this notice must also be provided.
