**2015/2016 TAX REQUEST RESOLUTION
FOR
SEWARD COUNTY SCHOOL DISTRICT 80-0567**

WHEREAS, public notice was given at least five days in advance of a Special Public Hearing called for the purpose of discussing and approving or modifying the District's Tax Requests for the 2015/2016 school fiscal year for the General Fund, Bond Fund, and Special Building Fund of Seward County School District 80-0567; and,

WHEREAS, such Special Public Hearing was held before the Board of Education (hereinafter "the Board") of Seward County School District 80-0567 (hereinafter "the District") at the time, date, and place announced in the notice published in a newspaper of general circulation, a copy of which notice and proof of publication of which is attached hereto as Exhibit A, all as required by law; and,

WHEREAS, the Board provided an opportunity to receive comment, information and evidence from persons in attendance at such Special Hearing; and,

WHEREAS, the Board, after having reviewed the District's Tax Requests for each said fund, and after public consideration of the matter, has determined that the Final Tax Requests as listed below are necessary in order to carry out the functions of the District, as determined by the Board for the 2015/2016 school fiscal year.

This report reflects the achievement of your graduates on the ACT over time and an indication of the extent to which they are prepared for college-level work. The ACT consists of curriculum-based tests of educational development in English, mathematics, reading, and science designed to measure the skills needed for success in first-year college coursework. Table 1 shows the five-year trend of your ACT-tested graduates. Beginning with the 2013 Graduating Class, all students whose scores are college reportable, both standard and extended time tests, are included in this report.

Table 1: Five Year Trends - Average ACT Scores

Grad Year	Total Tested		English		Mathematics		Reading		Science		Composite	
	School	State	School	State	School	State	School	State	School	State	School	State
2011	28	16,461	22.0	21.8	22.7	21.7	21.0	22.3	21.2	22.0	21.9	22.1

Figure 1. Percent of ACT-Tested Students Ready for College-Level Coursework

Are Your Students Ready for College?

Through collaborative research with postsecondary institutions nationwide, ACT has established the following as college readiness benchmark scores for designated college courses.

A benchmark score is the minimum score needed on an ACT subject-area test to indicate a 50% chance of obtaining a B or higher or about a 75% chance of obtaining a C or higher in the corresponding credit-bearing college courses.

- * English Composition: 18 on ACT English Test
- * College Algebra: 22 on ACT Mathematics Test
- * Social Science: 22 on ACT Reading Test
- * Biology: 23 on ACT Science Test

A District College Readiness Letter has been sent to the Superintendent of the district.

College Readiness Letter for: **CENTENNIAL SCHOOL**

ACT Research has shown that it is the rigor of coursework - rather than simply the number of core courses - that has the greatest impact on ACT performance and college readiness. Figures 2 and 3 report the value added by increasingly rigorous coursework in mathematics and science respectively.

Figure 2. Average ACT Mathematics Scores by Course Sequence

Value Added by Mathematics Courses

Students who take Algebra 1, Algebra 2, and Geometry typically achieve higher ACT Mathematics scores than students who take less than three years of mathematics. In addition, students who take more advanced mathematics courses substantially increase their ACT Mathematics score.

Figure 3. Average ACT Science Scores by Course Sequence

Value Added by Science Courses

Students taking Biology and Chemistry in combination with Physics typically achieve higher ACT Science scores than students taking less than three years of science courses.

In order to ensure that all students are ready for college, an overview of vital action steps is provided.

College Readiness for All: An Action Plan for Schools and Districts

- 1. Create a Common Focus.** Establish collaborative partnerships with local and state postsecondary institutions to come to a shared understanding of what students need to know for college readiness. Use ACT's College Readiness Benchmarks as a common language to define readiness.
- 2. Establish High Expectations for All.** Create a school culture that identifies and communicates the need for all students to meet or exceed College Readiness Benchmark Scores.
- 3. Require a Rigorous Curriculum.** Review and evaluate the rigor and alignment of courses offered and required in your school in English, mathematics, and science to ensure that the foundational skills leading to readiness for college-level work are taught, reaffirmed, and articulated across courses.
- 4. Provide Student Counseling.** Engage all students in early college and career awareness, help them to set high aspirations, and ensure that they plan a rigorous high school coursework program.
- 5. Measure and Evaluate Progress.** Monitor and measure every student's progress early and often using college readiness assessments like ACT Aspire and the ACT. Make timely interventions with those students who are not making adequate progress in meeting College Readiness Benchmarks.

To learn more about these recommended action steps and ACT programs that will help improve college readiness for your students, contact ACT Customer Service at 319-337-1309 or customerservices@act.org.

INTENT TO ATTEND AN OUT-OF-STATE STAFF DEVELOPMENT ACTIVITY

ACTIVITY: Plain Talk About Literacy and Learning

LOCATION (IF KNOWN): New Orleans

DATES I WOULD BE GONE (IF KNOWN): Feb 17-19

1. I am requesting to attend this activity for the following reason(s):

- To further my education and become a better teacher.
- It seems that the distance between the top learner and lowest learner is becoming a wider gap. I am hoping to learn strategies to help every student increase their learning.
- We are implementing new programs in first grade this year and I would like to learn more about direct instruction and the new programs I am teaching.
- The team from last year came back with excitement and new ideas to put into use right away. They shared those ideas with all of us. I would like to have the opportunity to attend with fellow teachers so we too can return to school and share what we have learned.

2. A listing of local and state conferences I have attended in the past five years include

(be as specific as possible):

- The BIG 5 ideas of Reading- Phonemic Awareness, Phonics, Fluency, vocabulary, and Comprehension at ESU
- Anita Archer - Explicit Instruction- 2 day workshop with Anita
- TEEAM Camp – Explicit Instruction based on Anita Archer’s work (5 days last year)
- Marzano
