AGENDA ITEM: Consider Approval of Resolution to Establish Non-Business Days for Public Information Act

PRESENTER: Mercedes Mayer, Director of Communications

BACKGROUND INFORMATION:

- During the 88th regular legislative session, Texas lawmakers passed House Bill 3033 that stated that, “a governmental body may designate a day on which the governmental body's administrative offices are closed or operating with minimum staffing as a nonbusiness day. The designation of a nonbusiness day for an independent school district must be made by the board of trustees. ... A governmental body may designate not more than 10 nonbusiness days under this subsection each calendar year.”
- Trustees may pass a resolution designating which specific dates will be “nonbusiness days” for Aledo ISD for purposes of the Public Information Act.
 - Business days are defined as any day other than a Saturday or Sunday, a national holiday, or a state holiday (Government Code Section 552.0031).
- Attached is a resolution that identifies and establishes the nonbusiness days for the District for the 2026-2027 school year.

FISCAL INFORMATION:

Board Resolution 08172026-1 to Establish Non-Business Days for Public Information Act

WHEREAS, the District is an independent school district obligated to comply with the Texas Public Information Act (hereinafter “the Act”); and

WHEREAS, the 88th Texas Legislature (2023) authorized the passage of HB 3033, which revised the Act by adding section 552.0031 to the Government Code, defining “business days” for purposes of the Act; and

WHEREAS, Section 552.0031 establishes that a school district board of trustees may designate up to ten additional days per calendar year as nonbusiness days; and

WHEREAS, the Board recognizes that the District’s 2026-2027 academic calendar includes non-school days that are not Saturdays, Sundays, or state or national holidays; and

MEETING DATE: August 17, 2026

AGENDA ITEM: Consider Approval of Agreement for the Purchase of Attendance Credit (Netting Chapter 48 Funding) as Related to the State of Texas' Recapture of Funds

PRESENTER: Earl Husfeld, Chief Financial Officer

BACKGROUND INFORMATION:

- On July 15, 2026, the District received official notification from the Texas Education Agency (TEA) of our Chapter 49 status for the 2026-2027 school year.
- Because of this Chapter 49 notification, the District is required to reduce its excess local revenue level for the 2026-2027 school year using one or more of the five (5) statutory options available to school districts.
- The five (5) statutory options available to school districts are the following:
 - Consolidation with another district as provided by Subchapter B,
 - Detachment of territory as provided by Subchapter C,
 - Purchase of average daily attendance credit as provided by Subchapter D (Option 3),
 - Education of nonresident students as provided by Subchapter E (Option 4), and/or,
 - Tax base consolidation with another district as provided by Subchapter F.
- The District has elected to use Option 3, Purchase of Average Daily Attendance Credit, for the 2026-2027 school year.
- The District qualifies for the provision that allows the District and TEA to “net” the District’s recapture costs against state funding for the 2026-2027 school year.
- Following is the Agreement for the Purchase of Attendance Credit (Netting Chapter 48 Funding) (the Agreement) for your review and consideration.
- To avoid delays in approval of the Agreement, TEA has requested school districts to submit the Agreement electronically rather than a paper copy.
- In order to comply with TEA’s request, the Board of Trustees must delegate to the Superintendent the authority to obligate the School District under Chapter 49. Additionally, the motion language below is required to be recorded in the board minutes. The board minutes must also be submitted electronically with the Agreement.

FISCAL INFORMATION:

The District’s projected recapture amount for 2026-2027 is approximately \$1,100,000.00.

Agreement for the Purchase of Attendance Credit (Netting Chapter 48 Funding)

ALEJO ISD BOARD MEETING TEMPLATE

ADMINISTRATIVE RECOMMENDATION:

The Administration recommends, for the 2026-2027 school year, the Board of Trustees delegates contractual authority to obligate the School District under Texas Education Code (TEC) §11.1511(c)(4) to the Superintendent, solely for the purpose of obligating the District under TEC, §48.257 and TEC, Chapter 49, Subchapters A and D, and the rules adopted by the Commissioner of Education as authorized under TEC, §49.006 and the Board of Trustees approve the Agreement for the Purchase of Attendance Credit (Netting Chapter 48 Funding) as presented.

Agreement for the Purchase of Attendance Credit (Netting Chapter 48 Funding)

This agreement is entered into pursuant to the Texas Education Code (TEC), Chapter 49, Subchapters A and D, and rules adopted by the commissioner of education as authorized by the TEC, §49.006. The purpose of this agreement is to enable the district to reduce its local revenue level to a level not to exceed the level established under TEC, §48.257 for the school year.

The school year to which this agreement applies is 2026-2027 (the "school year").

The agreement is for the Aledo Independent School District ("the district"), with a county-district number of 184-907, to purchase attendance credit from the state for the school year.

The local revenue level in excess of entitlement will be based on the commissioner's estimate of the cost of credit as determined under TEC, §49.153, using the district's projected maintenance and operations tax revenue that exceeds the level established under TEC, §48.257. Provisions in the TEC, §48.257(c), allow districts to offset the reduction of excess local revenue against state aid under Chapter 48, Education Code, that is not described by TEC, §48.266(a)(3) for the school year. A district that is subject to the reduction in excess local revenue agrees to offset its obligations against state aid in accordance with the provisions specified in the TEC, §48.257(c).

When near-final data are available following the close of the school year to which this agreement applies, the district's entitlement under Chapter 48 will be recalculated. If the district's state aid under Chapter 48, Education Code, that is not described by TEC, §48.266(a)(3) is less than the cost of recapture as determined by the commissioner in accordance with the TEC, §49.153, using near-final data, the district will be required to have an election and the recapture balance will be recovered in accordance with TEC, §48.272, by withholding subsequent allocations of state funds or requiring and obtaining a refund.

The actual cost of credit for the school year will be determined by the commissioner in accordance with the TEC, §49.153, when final data on the district's maintenance and operations tax revenue that exceeds the level established under TEC, §48.257 is available.

The cost of purchased attendance credit will be reduced for county appraisal district costs. The reduction will be computed in accordance with the TEC, §49.157. If the reduction exceeds the cost for the school year, the difference will be carried forward and applied to each subsequent year's cost until the total amount of the reduction has been exhausted.

Aledo ISD Mission

Ensuring high levels of learning for all students.

Aledo ISD Vision

Growing greatness through exceptional experiences that empower learners for life.

Introduction

This document contains the Aledo Independent School District (AISD) Professional Learning Plan including information about AISD core philosophies, the definition of professional learning, and the rationale for all employees to be lifelong learner.

Board Policy for Staff Development:

DMA (LOCAL & LEGAL)

The staff development provided by a district to an educator other than a principal must be conducted in accordance with the standards developed by the district and designed to improve education in the district (DMA (LEGAL)).

Definition of Professional Learning

Aledo Independent School District defines professional learning as an ongoing course of study that changes participants' behavior in a way that produces a demonstrable and measurable effect on student learning. The Aledo ISD Professional Learning Plan is built on the expectations that all supervisors are professional developers of the employees they supervise, and all employees will continually seek opportunities to grow professionally to improve performance. Excellence in the education profession is not merely a condition but rather "a process of continuous improvement over time" (Wink, 2017, p. 25)*.

Professional Learning

Aledo ISD Professional Learning Philosophy

Aledo ISD believes that professional learning increases educator effectiveness and school success. The Curriculum and Instruction Department offers a variety of courses throughout the year at the campus and District level. Courses are taught by in-house and outside experts in various subject matter areas. Staff growth and improvement is the key to moving forward individually and collectively.

Professional Learning as a Component of Annual Teacher Appraisal

As a component of the Aledo ISD board-approved teacher appraisal system, T-TESS, all educators must work closely with their supervisors to identify and plan annual professional learning targets aligned with the district's mission and goals and focused on increasing student achievement. The teacher self-assessment, goal setting, and professional development processes are interwoven and applied throughout the school year to positively impact each teacher's professional practices and ultimately increase student performance. All teachers submit his or her approved goals and professional learning plans within the first-six weeks of school. Progress is reviewed throughout the year, and final progress is evaluated in the end-of-year conference.

The professional learning plan may incorporate all forms of professional learning, not limited to traditionally provided courses offered by outside entities or to whole staff. Professional learning could include working within the professional learning community (PLC) process, a department chair, or another teacher on practices identified as improvement goals. It could also include self-directed professional learning that seeks literature, online videos, or modules addressing practices that the teacher identified as improvement goals.

- Each campus annually conducts orientation sessions with information describing the appraisal system no later than the final day of the first three weeks of school and at least two weeks before the teacher's first observation. Summative conferences focus on T-TESS, Professional Learning Plan, and other related data sources.

Tools for Monitoring the Curriculum Taught

The taught curriculum is to be monitored by the campus administrative team using any of the following tools:

- Analysis of student assessment data
- Observations of teachers (daily impact walks, T-TESS observations)
- Interviews and conferences with individual teachers and/or teams
- Meetings with district curriculum/instruction personnel
- Review of lesson plans and instructional units

Professional Learning Requirements

All AISD employees are expected to model lifelong learning through active participation in and application of professional learning. Professional learning at the district level is determined by district instructional priorities along with state and federal guidelines. Campus/department professional learning is based on alignment with the district mission and goals, campus/department needs, and on improving instructional/operational practices. All professional staff, including but not limited to principals, school counselors, librarians, educational diagnosticians, supervisors, coordinators, directors, or visiting teachers, shall participate in professional learning activities and shall be required to complete a minimum of 150 to 200 clock hours of professional growth every five calendar years as required by the Texas State Board for Education Certification (SBEC).

Professional Learning Requirements for Teachers

As the largest group of employees in AISD, teachers play a critical role in the academic success of students.

- All currently employed certified personnel will be required to attend all district and campus professional learning day sessions in their entirety.
 - Approved CPE hours earned outside of the contract day may apply to designated Flex Days.
- Based on teaching assignment, TEA, and district requirements, currently employed certified, degreed personnel will be required to complete specific professional learning hours as outlined in this plan and any necessary addendums to this plan (see Appendices A and D).

Professional Learning Requirements for New-to-AISD Teachers

In addition to the general professional learning requirements for teachers, New-to Aledo ISD teachers will attend Aledo ISD New Teacher Academy and will receive three days of district-led orientation and training designed to provide the information needed to integrate into the district's culture and systems.

- In addition to onboarding provided by Human Resources, all new-to-Aledo ISD teachers will receive training in technology services, curriculum design/implementation, and content-based topics provided by the Curriculum & Instruction Department.
- Each new-to-Aledo ISD teacher will receive additional support/coaching from campus leadership and campus-based Instructional Specialist with the implementation of the district curriculum and instructional priorities.
- In addition to the general professional learning requirements for teachers, educators with three years' experience or less will participate in the Aledo ISD 0-3 Year New Teacher Program. On-going collaborative, professional learning meetings will be required as part of the 0-3 Year New Teacher Program. In addition to district-level learning initiatives and annual compliance training, the district provides additional professional learning designed to support new teachers with three years or less experience. This learning is delivered in a collaborative, experienced-based format to build on day-to-day classroom experiences and to provide research-based support through strategic and purposeful classroom management tools, strategies, tips, and techniques.

Aledo ISD 0-3 New Teacher Mentors

Campus-based New Teacher Mentors, selected by campus principals, will be required to attend mentor training as one component of the district's Professional Learning Plan. This training will provide the Aledo ISD framework and timeline for support, professional learning on best practices for being a mentor, and ongoing collaboration through the district-based New Teacher Mentor Program.

- In addition, campus-based Mentors will be required to log and report dates and times of collaborative support opportunities spent with their assigned new teacher (Mentee). This time may include conferences, observations, 1:1 time spent daily, weekly, and monthly, and all other mentor-mentee partnership time throughout the school year. Follow-up meetings after the initial Mentor training and documentation of support will be required.

Professional Learning for Paraprofessional and Auxiliary Staff

Campus-based paraprofessional and auxiliary staff members assigned to work with students will be required to attend all campus and district professional learning day sessions during the year based on their job responsibilities.

- Campus-based paraprofessional and auxiliary staff members not assigned to work directly with students will be required to attend all professional learning day sessions during the year based on their job responsibilities.

- District-level paraprofessional and auxiliary staff members will be required to attend all professional learning during the year based on their job responsibilities.

Professional Learning Requirements for Other Certified Professionals, Administrators, and District Leadership

Aledo ISD leaders, whether at the district or campus level, are expected to model lifelong learning through active participation and application of professional learning in leadership. Aledo ISD will provide opportunities for all campus and district leaders to continue their learning through embedded job experiences and training offered through partners such as the Region 11 Service Center, TASP, TASB, AASPA, and other educational entities.

The purpose of leadership learning is to make leaders competent to function effectively and influence others to continuously improve instructional, cultural, and strategic operational practices that ultimately lead to student success.

Professional Learning Requirements for Late-Hire Employees

Employees hired after the general contract report date will be required to attend make-up onboarding, training, and information sessions scheduled in partnership with the Curriculum & Instruction Department. Sessions may include but are not limited to required face-to-face professional learning time, video tutorials, campus-based professional learning time, webinars, etc.

- Flex Day requirements will be determined on a case-by-case basis.

Absenteeism and Making Up Professional Learning Sessions

In the event of an absence during a district-scheduled professional learning day, the employee must inform their principal/supervisor of the absence and report it using the district's absence system in Frontline Absence Management.

The District expects all employees who miss campus-based and/or district-based professional learning sessions to make up the sessions within a reasonable amount of time.

- Campus-based professional learning sessions will be made up during an agreed-upon time between the campus administrator and the employee.
- District-based professional learning will be made up during an agreed-upon time between the district department offering the session(s) and the employee.
- If the employee is unable to complete the entire staff learning or workshop, they must check with the sponsoring Department/agency.
- In-depth and intensive training sessions often require participants to meet all attendance requirements in order to receive CPE credit.

State Board of Educator Certification (SBEC) Rules for Continuing Professional Education Credits

The SBEC rules for CPE hours for renewal of certifications can be found [here](#).

The following credit types will be utilized in Aledo ISD.

- CPE
- FLEX
- GT
- ESL
- PREK

Acceptable CPE Activities

Acceptable professional learning activities eligible for CPE credit include workshops, conferences, and clinics conducted by TEA-approved providers face-to-face or online. Undergraduate and graduate coursework related to the employee's job assignment completed through an accredited institution of higher education is also acceptable.

- Faculty meetings focusing on policies, procedures, and the dissemination of information are not recorded as CPE.
- Educational trips and field trips – personal or school-related – may not be applied toward CPE credit hours.

Undergraduate and Graduate Coursework

Undergraduate and graduate coursework applicable to the employee's job assignment through an accredited institution of higher education (IHE) will be awarded as 1 credit hour equivalent to 1 CPE clock hour (1 semester credit hour equals 15 CPE hours).

Credit and credit type will be considered for approval with the submission of an official transcript. CPE credits will not be approved for any undergraduate and/or graduate coursework completed prior to the beginning of the next school year.

Independent Study

Independent Study is an approved method to earn Continuing Professional Education (CPE) hours. The State Board of Educator Certification (SBEC) limits Independent Study CPE to 20% of the required clock hours during a five-year renewal period: 30 hours for the Standard Classroom Teacher Certificate and 40 hours for Standard Principal, Counselor, Librarian, Diagnostician, and Reading Specialist Certificates

Flex Days

Flex days provide a way to exchange district-required professional learning time for 3 designated contract days in which the District is closed during the school year. The three days are “compensation” for attendance and participation in training sessions that occur during off-contract time. Given these parameters, flex credit will not be given for training that occurs during regular contract time (See Appendix F).

[AISD Flex Guidelines 26-27](#)

Documentation of Professional Learning

All AISD staff members are expected to sign-in for every district-led professional learning session they attend to serve as documentation of attendance.

- All Aledo ISD staff members that have been approved to attend professional learning are required to register their absence from the classroom in the Frontline Absence Management System under the “Professional Learning” category immediately, especially if a substitute is required.
- Aledo ISD staff can check their Aledo ISD portfolio summary in *Eduphoria! Strive*.
 - To receive credit, the staff member must sign in at every professional learning session conducted on campus and district professional learning days and attend the entire session.
 - Any staff member who does not sign in and stay for the entire session will be reported to their supervisor as being absent.
 - Documentation of and credit requests for professional learning attended outside the district is the responsibility of the individual staff member. The employee must receive proper documentation of attendance: date, title of session, CPE hours, provider number, and authorizing signature.

IMPORTANT:

- Each employee is strongly encouraged to keep a personal file of previous years’ certificates not in Eduphoria! Strive as evidence of completion in the event of an SBEC audit. Before departure from Aledo ISD, each employee is responsible for printing a copy of their Eduphoria! Strive portfolio and all applicable certificates.

Approval of CPE Credits

In-district professional learning courses:

- Verify your attendance for each professional learning session by signing in at every professional learning session.
- Credit will be granted by the Curriculum & Instruction Department.

Out-of-district professional learning offerings:

- Obtain approval from the district and campus level to attend the course using the District Professional Learning Request [Form](#).

 - Authorizing signature
- Register for the course.
- Enter absence in Absence Management as Professional Learning for substitute coverage.

Professional Learning for Serving Students with Dyslexia

All teachers are required to complete annual TEA Dyslexia training. The annual training will be provided at each campus by the assigned dyslexia specialist/teacher. Additional updates are provided at the campus level by dyslexia specialists.

Professional Learning for Serving Gifted and Talented Students

As specified in 19 TAC §89.2 Professional Learning, each school district must ensure the following:

- Prior to assignment in the program, a teacher who provides instruction and services as a part of the program for gifted students must have a minimum of 30 hours of staff development that includes the nature and needs of gifted/talented students, assessing student needs, and curriculum and instruction for gifted students.
- A teacher without the above-required training who provides instruction and services that are part of the gifted/talented program must complete the 30-hour training requirement by the end of the fall semester.
- A teacher who provides instruction and services that are part of the program for gifted students must complete annually a minimum of six hours of professional learning in gifted education. The annual update must be completed by the end of the fall semester.

- Aledo ISD offers 30-hour foundation training and opportunities for the 6-hour update annually.
- Aledo ISD is also a member of the ESC 11 Co-Op for Gifted and Talented Services, allowing teachers to attend workshops at reduced rates or for free. ESC 11 will provide the 30-hour foundation training each summer at no cost to teachers or campuses. Additionally, options for teachers to complete the required annual 6-hour update are through face-to-face professional learning at Region 11.
- Per available funding, the district pays for initial College Board PreAP/AP Summer Institute registration for teachers assigned to Honors (formally PreAP) and AP courses.
- Twelve hours of The College Board PreAP/AP Summer Institute may substitute for the curriculum and instruction requirements. The College Board PreAP/AP Institutes do not fulfill the nature and needs or assessing student needs components.

Professional Learning for Special Education Services

- All teachers and campus administration will complete a Special Education/Section 504 annual compliance training.
- Crisis Intervention Prevention (CPI) training focuses on prevention and offers proven strategies for safely diffusing anxious, hostile, or violent behavior at the earliest possible stage. Initial, 6-hour CPI training is required for staff who have not attended CPI or whose CPI certification has lapsed. Upon completion of the initial CPI training, designated faculty must attend an annual three-hour CPI refresher session. CPI is an annual certification.

Flex Day Guidelines

Aledo ISD Flex Day Guidelines 2026-2027

WHAT ARE FLEX DAYS?

Flex days provide a way to exchange district-required professional learning time for 3 designated contract days during the school year. The three days are “compensation” for attendance and participation in training sessions that occur during off-contract time. Given these parameters, flex credit will not be given for training that occurs during regular contract time. Accumulation of the three flex days (May 24th, May 25th, May 26th, 2027) begins May 28th, 2026 and ends April 2nd, 2027.

WHAT POSITIONS NEED TO EARN FLEX CREDIT?

Teachers
Librarians
Digital Learning
Professionals
Instructional
Specialists

Campus Counselors
District Lead Nurse
Registered Nurses

GENERAL INFORMATION

ALL FLEX STAFF MUST complete a minimum of 18 hours of professional learning. These days are applied to each employee’s scheduled work calendar.

LATE HIRES will still be expected to complete a minimum of 18 hours professional learning. Depending on the employee’s official start day, the flex credit due date may be adjusted with approval from the Assistant Superintendent of Curriculum & Instruction.

PART-TIME STAFF Employees who work less than 20 hours must complete 9 hours of professional learning. Employees who work 20 hours or more must complete 18 hours of professional learning.

FLEX STAFF must have approval from principal and from the Assistant Superintendent of Curriculum & Instruction for any professional learning that occurs outside of Aledo ISD.

If an employee is receiving compensation from any source for attending/presenting, the activity is not eligible for flex day credit.

Leave days cannot be used to attend professional learning for flex day credit.

Employees who do not complete the 18 hours by April 2nd, 2027, will have a reduction in pay at their daily rate, dependent upon how many hours are verified as complete.

Payroll deduction will be on the June paycheck.

Professional Learning for flex days **MUST**:

THINGS TO REMEMBER

Flex days must be earned between May 28th, 2026 and April 2nd, 2027.	Flex credit CANNOT be carried over from year to year (with the exception of CDL training or 20 hour Driver Certification Class). Flex credit CANNOT be awarded for training that occurs during regular contract time.	FLEX STAFF that do not obtain 18 flex credit hours will have a reduction in pay on the June paycheck. No employees will report to work on designated flex dates.
--	--	--

DISTRICT JUST IN TIME TRAINING

Just in Time Training may count for flex credit if the training occurs outside of the normal contract time.

In order to receive credit for In-Person Just in Time training, staff must sign-in to document their attendance and credit will be awarded after the conclusion of the training.

In order to receive credit for Virtual Just in Time training, staff must enroll through Canvas and credit will be awarded based on course completion.

BOOK/PODCAST STUDIES

Six flex credit hours will be granted for participation in one district-wide book study. The district book study will be facilitated by the Curriculum & Instruction Department.

Three flex credit hours will be granted for participation in one campus book/podcast study. Approval is required before beginning any campus book/podcast studies. Each campus book/podcast study requires a two-step approval process from campus administration and the Curriculum & Instruction Department.

Flex Credit Book/Podcast Study Proposal Form

A minimum of 2 people are needed to participate in a book/podcast study. Campus book/podcast study groups must engage in guided discussion virtually and/or in person. Documentation of the Flex Credit Book/Podcast Study Guided Discussion Sign-in Form with all participants signing in and a reflective summary of the discussion must be provided by each participant to the facilitator.

Each book/podcast study group must have a facilitator who will be responsible for completing the Flex Credit Book/Podcast Study Guided Discussion Sign-in Form and submitting the summaries to the Curriculum & Instruction Department.

Flex Credit Book/Podcast Study Guided Discussion Sign-in Form

If all of the above are completed, participants will receive 3 hours of flex credit for a campus book/podcast study.

District-wide book/podcast study participants must engage in virtual guided discussion and credit will be granted for participation by the Curriculum & Instruction Department.

COACHING CLINICS
Coaching and sports clinics may account for a percentage of the 18-hour minimum requirement for content teachers. No more than 9 hours can be earned from Coaching Clinics with a minimum of 9 hours earned from Academic Professional Learning to total the 18-hour requirement.
GRADUATE WORK
Must be in the education field and/or content area. Course must be completed/passed with grades available within the flex days date parameters. EXAMPLE: A Spring semester course that finished in May 2027 will NOT be able to count for 2026-2027. Transcripts must be submitted with flex day paperwork. If all of the above are completed, participants will receive one hour of flex credit per credit hour earned, up to a maximum of 6 hours.
PROFESSIONAL LEARNING INSTRUCTORS
If a teacher is receiving compensation from any source for attending/presenting, the activity is not eligible for flex day credit. Presenters who are not paid will receive credit for preparation and presentation time – 1 hour of preparation for each hour of presentation while on non-duty days, or outside of normal duty work hours.
WEBINARS, ONLINE/DISTANCE LEARNING
Certificate of participation MUST be awarded by the provider. Participants are responsible to verify that a certificate will be awarded and uploaded to Eduphoria. All 18 hours may be obtained via webinars and/or online/distance learning for the 2026-2027 school year.

Where might I look for training that is relevant for my needs?

In addition to training offered by Aledo ISD, another option for obtaining meaningful training is through ESC Region XI.

**Program to Address
Child Sexual Abuse,
Trafficking, and
Maltreatment**

The District's program to address child sexual abuse, trafficking, and other maltreatment of children, as included in the District improvement plan and the student handbook, shall include:

1. Methods for increasing staff, student, and parent awareness regarding these issues, including prevention techniques and knowledge of likely warning signs indicating that a child may be a victim;
2. Age-appropriate, research-based antivictimization programs for students;
3. Actions that a child who is a victim should take to obtain assistance and intervention; and
4. Available counseling options for affected students.

Training

The District shall provide training to employees as required by law and District policy. Training shall address techniques to prevent and recognize sexual abuse, trafficking, and all other maltreatment of children, including children with significant cognitive disabilities. [See DMA]

[See BBD for Board member training requirements and BJCB for Superintendent continuing education requirements.]

**Reporting Child
Abuse and Neglect**

Any person who has reasonable cause to believe that a child's physical or mental health or welfare has been adversely affected by abuse or neglect has a legal responsibility, under state law, to immediately report the suspected abuse or neglect to an appropriate authority.

As defined in state law, child abuse and neglect include both sex and labor trafficking of a child.

The following individuals have an additional legal obligation to submit a written or oral report within 24 hours of learning of the facts giving rise to the suspicion of abuse or neglect:

1. Any District employee, agent, or contractor who suspects a child's physical or mental health or welfare has been adversely affected by abuse or neglect.
2. A professional who has reasonable cause to believe that a child has been or may be abused or neglected or may have been a victim of indecency with a child. A professional is anyone licensed or certified by the state who has direct contact with children in the normal course of duties for which the individual is licensed or certified.

A person is required to make a report if the person has reasonable cause to believe that an adult was a victim of abuse or neglect as a

child and the person determines in good faith that disclosure of the information is necessary to protect the health and safety of another child or an elderly or disabled person.

[For parental notification requirements regarding an allegation of misconduct with a student, see FFF.]

Oral Reports

As required by law, an oral report made to the Texas Department of Family and Protective Services (DFPS) is recorded.

Restrictions on Reporting

In accordance with law, an employee is prohibited from using or threatening to use a parent's refusal to consent to administration of a psychotropic drug or to any other psychiatric or psychological testing or treatment of a child as the sole basis for making a report of neglect, unless the employee has cause to believe that the refusal:

1. Presents a substantial risk of death, disfigurement, or bodily injury to the child; or
2. Has resulted in an observable and material impairment to the growth, development, or functioning of the child.

Making a Report

Reports may be made to any of the following:

1. A law enforcement agency, as defined in law;
2. The Child Protective Services (CPS) division of DFPS at 800-252-5400 or the [Texas Abuse Hotline website](#)¹;
3. A local CPS office; or
4. If applicable, the state agency operating, licensing, certifying, or registering the facility in which the suspected abuse or neglect occurred.

However, if the suspected abuse or neglect involves a person responsible for the care, custody, or welfare of the child, the report must be made to DFPS, unless the report is to the state agency that operates, licenses, certifies, or registers the facility where the suspected abuse or neglect took place; or the report is to the Texas Juvenile Justice Department as a report of suspected abuse or neglect in a juvenile justice program or facility. As defined by law, a person responsible for the care, custody, or welfare of a child includes school personnel and volunteers and day-care workers. [See FFG(LEGAL)]

An individual does not fulfill his or her responsibilities under the law by only reporting suspicion of abuse or neglect to a campus principal, school counselor, or another District staff member. Furthermore, the District is prohibited from requiring an employee to first report his or her suspicion to a District or campus administrator.

Focus on Learning

We acknowledge that the fundamental purpose of our school is to help all students achieve high levels of learning, and therefore, we work collaboratively to clarify what students must learn and how we will monitor each student's learning. We provide students with systematic interventions when they struggle and extension when they are proficient.

Indicator	Initiating	Implementing	Developing	Sustaining
-----------	------------	--------------	------------	------------

We build shared knowledge regarding the TEKS, district documents, and trends in student achievement and work with our colleagues to clarify the criteria by which we will judge student work.

Teams are essential to our success, and some district curriculum documents

We monitor each student's mastery of all essential standards on a timely basis through a series of frequent, standards-based common formative assessments that are aligned with summative assessments students will be required to take.

Teams have formative monitoring systems. Some team members are responsible for assessing student learning from assessment data.

We provide a system of interventions that guarantees each student will receive additional time and support for learning if he or she experiences initial difficulty. Students who are proficient have access to extended learning opportunities.

Opportunities for individualized learning and extension are provided within the classroom. Teachers attempt to intervene with students who are struggling and provide extensions for students who are proficient.

FOCUS ON COLLABORATIVE CULTURE

We are committed to working together to achieve our collective purpose of learning for all students. We cultivate a collaborative culture through the development of high-performing teams.

Indicator	Initiating	Implementing
We are organized into collaborative teams in which members work interdependently to achieve common goals that directly impact student achievement.	Teachers are assigned to collaborative teams and are encouraged to work together collaboratively.	Teachers collaborate on workload, classroom management, and student learning.
Structures have been put in place to ensure: 1. Collaboration is embedded in our routine work practice. 2. We are provided with time to collaborate. 3. We are clear on the critical questions that should drive our collaboration. 4. Our collaborative work is monitored and supported.	Some team members may elect to work with colleagues on topics of mutual interest. Some team members are co-laboring in an effort to improve student achievement.	Most team members are focused on the collaborative work. The collaborative work is focused on the collaborative work. Teachers are meeting their time.

Collaborative Teams Rate Every 9 Week Cycle

FOCUS ON RESULTS

We assess our effectiveness on the basis of results rather than intentions. Individuals, teams, and schools seek relevant data and information and use it to promote continuous improvement.

Indicator	Initiating	Implementing	Developing	Sustaining
Collaborative teams work interdependently to achieve one or more SMART goals that impact student achievement. Each team has identified specific action steps members will take to achieve the goal and a process for monitoring progress toward the goal.	Teams have established annual SMART goals; however, goals do not drive the work of the collaborative team.	Teams have established annual SMART goals tied to student learning and work together to identify strategies for becoming more effective at achieving the goal.	Teams have established a series of short term goals and action steps to monitor their progress towards their SMART goal. The SMART goal drives the collaborative team process.	Teams take ownership of establishing short term and long term goals with action steps that guide the work of the collaborative team. Teams have a consistent process for monitoring their progress towards the attainment of the SMART goal.
Collaborative teams regard ongoing analysis of evidence of student learning as a critical element in the teaching and learning process. They use that information to: "Respond to students who are experiencing difficulty "Extend the learning of students who are proficient "Inform and improve the individual and collective practice of members "Identify team professional development needs "Measure progress toward team goals	Some teachers analyze and use assessment results of team created common formative assessments. Some teachers see the value of sharing individual data rather than only looking at the aggregate performance of the group.	Teams create and administer common formative assessments and analyze the results together. Most teachers see the value of sharing individual data rather than only looking at the aggregate performance of the group. Teams may not yet be using the analysis of results to inform or improve professional practice.	Teams collaborate to create common formatives, consistently analyze data, and group students based on results from recent assessment data. Teams have a system in place for tracking progress of interventions and extensions that is fluid and based on evidence of need. Students receive interventions and extensions on essential standards. Systems of intervention and extension focus on priority content areas identified at the campus and/or district level based on student data trends. Teams use the results to identify areas of success, areas of concern, and to discuss strategies for improving the results.	The recognition and celebration of efforts to achieve goals helps sustain the improvement process and keeps the focus on higher levels of student achievement. Data from team created common formative assessments is critical to the work of the team and consistently drives instructional decisions made by the team. Teachers use data to identify the strengths and weaknesses in their individual practice, improve their collective capacity to help all students learn, identify problematic areas in curriculum, and consistently provide targeted and systematic interventions and extensions.

ALEDO ISD BOARD MEETING TEMPLATE

MEETING DATE: August 17, 2026

AGENDA ITEM: Addendum to Interlocal Agreement between Property Casualty Alliance of Texas and Aledo Independent School District

PRESENTER: Earl Husfeld, Chief Financial Officer

BACKGROUND INFORMATION:

- Since May 12, 2004, the District has purchased its property and casualty coverage from Property Casualty Alliance of Texas (PCAT).
- PCAT is a member owned and governed program that was created to provide member districts with a strategy to achieve the lowest long-term cost for property and casualty coverage via rate and coverage stability and proactive loss prevention.
- PCAT provides risk management solutions for over 170 Texas school districts. It is the largest school risk management program in the United States devoted exclusively to property and casualty exposures.
- As the Board and Administration discussed during the August 10, 2026 budget workshop, PCAT is offering its members a 3-year Interlocal Addendum (Addendum) for the September 1, 2026 to September 1, 2029 time period.
- This Addendum will provide the District a level of “protection” against large rate increases during this period of time. As stated in the Addendum, “if future reinsurance terms or catastrophic losses cause an unanticipated change in PCAT’s funding model that result in a member rate increase of more than 10%, then the member will have the option to reject the renewal and be released from this Addendum with zero penalty cost.”
- The following Addendum to the Interlocal Agreement between Property Casualty Alliance of Texas and Aledo Independent School District is provided for your information and review.
- This item will be presented to you for review/consideration at the August 24, 2026 board meeting.

Aledo ISD

1. PCAT and **Aledo ISD** (Member) agree that Member will be a PCAT Member for the 2026-2027 through the 2028-2029 Participation Period. The rates in effect for each Participation Period will be applied to any changes in exposure during each Participation Period, and these rates will be the basis for determining the Contributions due PCAT for each period. Member agrees to an annual rate adjustment, up or down, beginning 9/1/2027 that will reflect the actual percentage change in total PCAT funding rates, defined as the change in rates to fund for reinsurance and pool retained losses. A certified document of these changes will be provided by PCAT to the Member. Wind and hail deductible may or may not change based strictly on reinsurance requirements.
2. This Interlocal Addendum along with the most recently signed Interlocal Agreement shall represent the entire agreement and may not be amended or altered without the written consent of both parties.
3. If Member terminates this Addendum prior to 8/31/2029, a short-term cancellation penalty of twenty percent (20%) of Annualized Contributions for the 2026-2027 Participation Period will be due from Member and payable to PCAT within 30 days after notice of termination is received.
4. **Member Opt-Out Clause:** If future reinsurance terms or catastrophic losses cause an unanticipated change in PCAT's funding model that result in a Member rate increase of more than 10%, then the Member will have the option to reject the renewal and be released from this Addendum with zero penalty cost.

This Addendum must be signed by Member prior to September 1, 2026.

The undersigned agrees to this Addendum.

The obligation of Member pursuant to this Addendum in any fiscal year for which this Addendum is in effect shall constitute a current expense of Member for that fiscal year only, and shall not constitute an indebtedness of Member of any monies other than those lawfully appropriated in any fiscal year. In the event of non-appropriation of funds in any fiscal year to make payments pursuant to this Addendum, this Addendum may be terminated.

MEETING DATE: August 17, 2026

AGENDA ITEM: Consider Approval of Purchase of Technology Annual License and Warranty Renewals

PRESENTER: Brooks Moore, Chief Technology Officer

BACKGROUND INFORMATION:

- Per Board Policy CH (Local), any single, budgeted purchase of goods or services that costs \$50,000 or more, regardless of whether the goods or services are competitively purchased, shall require Board approval before a transaction may take place.
- The District's technology infrastructure depends on enterprise hardware, software, and licensing that support teaching and learning, cybersecurity, communications, and day-to-day business operations. Several infrastructure components and enterprise agreements are due for renewal or replacement to maintain manufacturer support, security updates, software functionality, and system reliability.
- The proposed purchase includes Cisco HyperFlex infrastructure and related Cisco enterprise licensing, including Cisco Flex, the Cisco DNA Enterprise Agreement, the Cisco Security Enterprise Agreement, and Cisco SmartNet support, which together provide the foundation for the District's data center, network infrastructure, and cybersecurity environment. The purchase also includes Microsoft licensing to support productivity and collaboration, VMware licensing to maintain the District's virtual server environment, and Palo Alto Cortex XDR licensing to strengthen endpoint detection, threat prevention, and incident response capabilities.
- Collectively, these solutions provide the core technology infrastructure that supports instructional and business operations across the District. Approval will ensure continued access to vendor support, software updates, cybersecurity protections, and reliable operation of mission-critical systems while supporting the District's long-term technology lifecycle plan.
- The Board of Trustees first discussed this agenda item at the June 15, 2026 regular Board meeting.

FISCAL INFORMATION:

The total cost of these items is \$522,249.27 and will be paid from 2026-27 General Fund 199, 2023 Bond Technology Funds, and 2023 Bond Safety and Security Funds.

(LOCAL) Policy Comparisons

These documents are generated by an automated process that compares the updated policy to the current policy as found in TASB records.

In this packet, you will find:

- Policies being recommended for revision (annotated)
- New policies (not annotated)
- Policies recommended for deletion (annotated in PDF; not shown in Word)

Annotations are shown as follows:

- Deletions are in a red strike-through font: ~~deleted text~~.
- Additions are in a blue font: new text.
- Blocks of text that were moved without changes are shown in green, with double underline and double strike-through formatting to distinguish the text's new placement from its original location: ~~moved text~~ becomes moved text.
- Revision bars appear in the right margin to show sections with changes.

Note: While the annotation software competently identifies simple changes, large or complicated changes — as in an extensive rewrite — may be more difficult to follow. In addition, TASB's recent changes to the policy templates to facilitate accessibility sometimes make formatting changes appear tracked, even though the text remains the same.
