Audio and Video Recording

Students, staff, parents/guardians, and patrons should assume that any class or activity in the school may be recorded by the school district for legitimate educational purposes. There is no reasonable expectation of privacy within classrooms, common areas of the school building or on school grounds outside of the building. Recordings permitted pursuant to this policy may only be used for authorized purposes and may not be republished without additional, written consent from a school administrator. For purposes of this policy "recording" includes still photographs, video, audio, and other similar data captured in any medium.

Secret Recordings. No person is permitted to make surreptitious recordings on school grounds unless authorized by the superintendent.

Recordings Made by The District. The district may use cameras or other devices for purposes of making security, safety, or other recordings when such recordings are deemed necessary or appropriate by an authorized representative of the district. The district will not maintain recordings unless the recording is purposefully copied and saved. Any recording not copied and maintained separately may only be accessible by the authorized representative for a limited time. Recordings made by the district may be destroyed by an authorized representative at any time unless retention is required by law.

Recordings Made by Parents/Guardians and Patrons. Parents/guardians and patrons may make recordings of school activities in a non-disruptive manner including things like athletic contests and school board meetings to the extent permitted by law unless otherwise lawfully restricted by the administration. Parents/guardians or patrons may not make recordings if they are volunteering or visiting school during the school day without permission of the administration or supervising staff member and subject to this policy, such as recording their child's classroom activities or recess. Parents may not record meetings with administrators or staff, including meetings related to a student's IEP or 504 plan. Violation of this policy will result in immediate termination of any meeting that is being recorded and may be grounds for exclusion from school property, loss of volunteer privileges, or other restrictions deemed appropriate by the administration.

Recordings Made by Staff. Staff members may make recordings of

classroom instruction, student behavior or performance, and school activities without prior administrative approval only for legitimate educational purposes. Staff members may not make secret recordings while on duty, even if those recordings do not violate state or federal criminal or privacy laws. Staff members who violate this provision may be subject to consequences up to termination for classified staff and cancellation of contract for certificated staff.

Recordings Made by Students. This policy applies to students during the school day on school grounds; when being transported to and from school activities or programs in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or by his or her designee; or at a school-sponsored activity or athletic event. Students may make recordings of school activities in a non-disruptive manner including things like athletic contests and other extracurricular performances to the extent permitted by law. Students generally are not permitted to record classroom instruction or members of the school community during the school day without the express consent of a staff member or as required by the student's education plan. Student use of assistive technology that has the capacity to record and/or transmit recordings (e.g., AngelSense) must be approved by the student's education team or administration. Students remain subject to all other district policies and rules. In no event shall recordings be taken or made in restrooms, locker rooms, or other areas where there is a reasonable expectation of privacy.

Homeless Students

- 1. General Policy.** The District will provide tuition free education for homeless children and youth who are in the district and accord them the educational rights and legal protections provided by state and federal law. Homeless children and youth shall not be stigmatized or segregated on the basis of their status as homeless and shall have access to the same services offered to other students. It is the intent of this policy to remove barriers to the enrollment and retention of homeless children and youth in the District.

- 2. Homeless Liaison.** The District's homeless liaison is Special Services Director, Jacci Lucas. Students in homeless situations who require assistance should contact the liaison at 402-592-1300 or in person at our District office at 765 Main Street. The liaison's responsibilities include:
 - a. Ensuring homeless children and youth are identified through coordination with the Nebraska Department of Education, community groups, and other school personnel;
 - b. Receiving training regarding state and federal law governing homeless children and youth;
 - c. Ensuring homeless children and youth and their families are referred to appropriate health care, housing, and other relevant service providers and programs available in the community;
 - d. Assisting other District personnel to work with homeless children and youth and their families on regular attendance, participation in programs and activities of the District, and completing academic work to meet academic standards of the District;
 - e. Assisting homeless children and youth and working with other District employees to prepare for and improve college readiness, including assistance with applications, selection, financial aid, and status verification for purposes of the Free Application for Federal Student Aid; and
 - f. Carrying out other aspects of this policy.

- 3. Definitions**
 - a. "Homeless children and youth" means individuals who lack a fixed, regular, and adequate nighttime residence and includes:

- i. Children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative accommodations; are living in emergency or transitional shelters; or are abandoned in hospitals;
 - ii. Children and youths who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;
 - iii. Children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and
 - iv. Migratory children who qualify as homeless for the purposes of this subtitle because the children are living in circumstances described in clauses (i) through (iii).
- b. The term "homeless" or "homeless individual" does not include any individual imprisoned or otherwise detained by an act of Congress or by state law.
 - c. "Child" and "youth" refers to persons who, if they were children of residents of the District, would be entitled to a free education.
 - d. The term "unaccompanied youth" shall mean a homeless child or youth not in the physical custody of a parent or guardian.
 - e. "School of origin" means the school that the child or youth attended when permanently housed, or the school in which the child or youth was last enrolled.

4. **School Stability and Enrollment.** Generally, the District presumes that keeping a homeless child or youth in their school of origin is in the child's best interest unless it is contrary to a request of the child's parent, guardian, or in the case of an unaccompanied youth, the youth. The District will also consider factors including, but not limited to: the impact of mobility on achievement, education, health, and safety of the child.

5. **Strategies to Address Enrollment Delays.** In order to address enrollment delays resulting from homelessness, the school district shall immediately enroll homeless students even if they are unable to produce

records normally required for enrollment such as immunization and medical records, residency documents, birth certificates, school records, or other documentation, or guardianship documents. The school district shall immediately contact the school last attended by the student to obtain academic and other records. The school district's homeless liaison shall assist in obtaining necessary immunizations, or immunization or medical records.

6. **Transportation.** Transportation shall be provided to homeless students to the extent required by law and comparable to that provided to students who are not homeless. At the request of the parent or guardian (or in the case of an unaccompanied youth, the liaison), transportation shall be provided to and from the school of origin as follows:

- a. If the homeless child or youth continues to live in the area served by the school district, the child's or youth's transportation to and from the school of origin shall be provided or arranged by the school district.
- b. If the homeless child's or youth's living arrangements in the area served by the school district terminate and the child or youth, though continuing his or her education in the school district, begins living in an area served by another school district, the school district and the new school district in which the homeless child or youth is living shall negotiate to agree upon a method to apportion the responsibility and costs for providing the child with transportation to and from the school district. If the districts are unable to agree, the responsibility and cost for transportation shall be shared equally.

7. **Records.** The District will maintain and respond to requests for enrollment records for homeless children or youth consistent with its record policies and state and federal record laws. Any information about a homeless child's or youth's living situation shall be treated as a confidential education record and shall not be deemed directory information.

8. **Dispute Process.** If a dispute arises over school selection or enrollment in a school:

- a. The child or youth shall be admitted immediately to the school in which enrollment is sought, pending resolution of the dispute;

- b. The child, youth, parent, or guardian shall be referred to the district's homeless liaison who shall carry out the dispute resolution process within (30) thirty calendar days after receiving notice of the dispute;
- c. The parent or guardian of the child or youth or, in the case of an unaccompanied youth, the youth, shall be provided with a written explanation of the school's decision regarding school selection or enrollment, including the rights of the parent, guardian, or unaccompanied youth to appeal the decision within (30) thirty calendar days of the time such complaint or dispute is brought.
- d. In the case of an unaccompanied youth, the homeless liaison shall ensure that the youth is immediately enrolled in the school in which enrollment is sought pending resolution of the dispute.

9. **Appeal Process**

- a. **Nebraska Department of Education.** If the Complainant is not satisfied with the written decision of the District after the dispute resolution process, the Complainant may appeal the decision of the District to the Commissioner of the Nebraska Department of Education within (30) thirty calendar days of receipt of the decision from the District, pursuant to Nebraska Department of Education Rule 19.
- b. **State Board of Education.** If the Complainant is not satisfied with the decision of the Commissioner, the Complainant may file a Petition with the State Board of Education within (30) thirty calendar days of the receipt of the decision of the Commissioner pursuant to Nebraska Department of Education Rule 19.

Student Illness

Students who suffer from a significant illness which has an actual or expected duration of six months or more may be eligible for accommodations and supports under Section 504 of the Rehabilitation Act or under the Individuals with Disabilities in Education Act. The school will provide accommodations to students who are returning to school after a prolonged absence due to illness, including pediatric cancer, through a 504 plan or an IEP, as appropriate. The student's plan will include informal or formal accommodations, modifications of curriculum and monitoring by medical or academic staff as determined by the student's IEP team or 504 committee. Parents and staff will engage in ongoing communication about the needs of a student who is facing these circumstances.

Students who become ill at school will be sent to the building office where the school nurse or other school employee will determine the appropriate response. When a child is too ill to remain at school, a school employee will contact the child's parent(s) and make arrangements for the child to be picked up or sent home. If an illness or injury requires immediate medical attention, school officials shall attempt to contact the child's parent(s) regarding treatment for the child. If the parents can not be contacted, school officials may call the emergency contact listed for the student. If emergency contact is not available, emergency services may be contacted. Costs for emergency services will be the responsibility of the parents/guardians. Students who show symptoms of a contagious disease may be sent home, and the district may require a physician's statement before allowing such students to return to school.

Parents must complete emergency information for each child enrolled in the district. The information should list the family physician's name, where parents or a responsible adult can be located, and any necessary emergency instructions.

Sex Offenders

The safety of the students attending school is very important to the board of education. School employees, parents, and students should be aware of dangers posed by sex offenders living within the school district, and should be vigilant in providing protection against these dangers.

The Nebraska Legislature has enacted the Nebraska Sex Offender Registration Act. The Act requires sex offenders to register with the local county sheriff where they reside. The school district shall notify staff members, parents, and students of any registered sex offenders residing in the school district. Such notice shall contain information about the availability of further information on the State Patrol's web page, and shall inform the recipient of the prohibition against using the information for any retaliatory purpose against the sex offender, the offender's family, or the offender's employer. Only information deemed non-confidential pursuant to NEB. REV. STAT. §§ 29-4006 and 29-4009 will be disclosed in the aforementioned notification.

The board does not generally permit registered sex offenders on school grounds, at any school sponsored activity, or on any property under the control of the school district. The superintendent or his/her designee is hereby empowered to notify sex offenders of this policy and to grant limited permission to attend certain activities on a case-by-case basis.

Students who are registered sex offenders shall not be precluded from receiving a free education from the school district on that basis. The school district will consider a student's status as a registered sex offender in determining the student's educational placement and program.
