A district member of the ARD committee shall not be required to attend an IEP meeting, in whole or in part, if the parent and the district agree in writing that the attendance is not necessary because the member's area of the curriculum or related services is not being modified or discussed during the meeting.

A district member of the ARD committee may be excused from attending an IEP meeting, in whole or in part, when the meeting involves a modification to or discussion of the member's area of curriculum or related services if the parent, in writing, and the district consent to the excusal and the member submits, in writing, to the parent and the ARD committee, input into the development of the IEP before the meeting.

*20 U.S.C. 1414(d)(1)(C); 34 C.F.R. 300.321(e)*

*Regular  
Education  
Teacher*

If an ARD committee is required to include a regular education teacher, the regular education teacher must, to the extent practicable, be a teacher who is responsible for implementing a portion of the child's IEP. *Education Code 29.005(a)*

*Parent  
Involvement*

A district shall take steps to ensure that one or both parents of a student with a disability are present at each ARD committee meeting or are afforded an opportunity to participate, including:

1. Notifying the parents of the meeting early enough to ensure that they will have an opportunity to attend (the notice shall include the purpose, time, and location of the meeting, who will be in attendance, that persons with knowledge or special expertise may be invited by either the parent or the district, and that the Part C service coordinator or other representatives of the Part C system may be invited to the initial meeting for a child previously served under a Part C early childhood intervention program); and
2. Scheduling the meeting at a mutually agreed on time and place.

If the purpose of the meeting is to consider transition services, the notice must also indicate this purpose, indicate that the district will invite the student, and identify any other agency that will be invited to send a representative.

*34 C.F.R. 300.322(a)-(b); 19 TAC 89.1050(d)*

*Alternative  
Means of  
Meeting  
Participation*

If neither parent can attend an ARD meeting, the district must allow other methods of participation, such as through telephone calls or video conferencing. *20 U.S.C. 1414(f); 34 C.F.R. 300.322(c); 19 TAC 89.1050(d)*

An ARD meeting may be conducted without a parent in attendance if a district is unable to convince the parents that they should attend, but the district shall have a record of its attempts to arrange a mutually agreed on time and place, such as detailed records of telephone calls, correspondence, or visits made or attempted and the results of any of those actions. *34 C.F.R. 300.322(d)*

Meetings

A district shall initiate and conduct ARD committee meetings for the purpose of developing, reviewing, and revising the IEP of a child with a disability. The committee shall review each child's IEP periodically, and, if appropriate, revise the IEP. A meeting must be held for this purpose at least once a year. The ARD committee must also determine the child's placement once a year.

A "meeting" does not include informal or unscheduled conversations involving district personnel and conversations on issues such

as teaching methodology, lesson plans, or coordination of service provisions if those issues are not addressed in the child's IEP. A "meeting" also does not include preparatory activities that district personnel engage in to develop a proposal or response to a parent proposal that will be discussed at a later meeting.

*Meeting at  
Parent's Request*

Upon receipt of a written request for an ARD committee meeting from a parent, the school district must schedule and convene a meeting in accordance with the procedures in 19 Administrative Code 89.1050(d) or within five school days, provide the parent with written notice explaining why the district refuses to convene a meeting. *19 TAC 89.1050(e)*

Written Notice

A district must provide the parent with a written notice regarding the ARD committee meeting required under 19 Administrative Code 89.1050(d) (notice for purposes of scheduling) or (e)(2) (notice explaining why the district refuses to convene a meeting) in the parent's native language, unless it is clearly not feasible to do so. If the parent's native language is not a written language, the school district must take steps to ensure that the notice is translated orally or by other means to the parent in his or her native language or other mode of communication so that the parent understands the content of the notice. *19 TAC 89.1050(f)*

**Students New to a  
District**

In-State Transfers

When a student transfers to a new district within the state in the same school year and the parents or previous district verifies that the student had an IEP that was in effect in the previous district, the new school district must meet the requirements of 34 C.F.R. 300.323(e) regarding the provision of special education services. The timeline for completing the requirements outlined in 34 C.F.R. 300.323(e)(1) or (2) is 20 school days from the date the student is verified as being a student eligible for special education services.

Transfers from  
Another State

When a student transfers from a district in another state in the same school year and the parents or previous district verifies that the student had an IEP that was in effect in the previous district, the new district must meet the requirements of 34 C.F.R. 300.323(f) regarding the provision of special education services. If the new district determines that an evaluation is necessary, the evaluation is considered a full individual and initial evaluation and must be completed within the timelines established by 19 Administrative Code 89.1011(c) and (e). The timeline for completing the requirements in 34 C.F.R. 300.323(f)(2), if appropriate, is 30 calendar days from the date of the completion of the evaluation report. If the district determines that an evaluation is not necessary, the timeline for completing the requirements outlined in 34 C.F.R.

300.323(f)(2) is 20 school days from the date the student is verified as being a student eligible for special education services.

*19 TAC 89.1050(j)(1)-(2)*

Transfer During the  
Summer

A student who registers in a new district during the summer is not considered a transfer student for the purposes of this provision or for 34 C.F.R. 300.323(e) or (f). For these students, if the parents or in- or out-of-state district verifies before the new school year begins that the student had an IEP that was in effect in the previous district, the new district must implement the IEP from the previous district in full on the first day of class of the new school year or must convene an ARD committee meeting during the summer to revise the student's IEP for implementation on the first day of class of the new school year. If the student's eligibility for special education and related services cannot be verified before the start of the new school year, the timelines for transfer students apply to the student.

If the new district wishes to convene an ARD committee meeting to consider revision to the student's IEP before the beginning of the school year, the new district must determine whether the parent will agree to waive the requirement in 19 Administrative Code 89.1050(d) that the written notice of the ARD committee meeting must be provided at least five school days before the meeting. If the parent agrees to a shorter timeframe, the new district must make every reasonable effort to hold the ARD committee meeting prior to the first day of the new school year if the parent agrees to the meeting time.

*19 TAC 89.1050(j)(4)-(5)*

Verification

For purposes of the transfer provisions in 19 Administrative Code 89.1050, "verify" means that the new school district has received a copy of the student's IEP that was in effect in the previous district.

Services Before  
Verification

While waiting for verification, the new district must take reasonable steps to provide, in consultation with the student's parents, services comparable to those the student received from the previous district if the new district has been informed by the previous school district of the student's special education and related services and placement.

*19 TAC 89.1050(j)(6)-(7)*

Transfer of Records

The new district must take reasonable steps to promptly obtain the student's records from the previous school district, and, in accordance with Education Code 25.002, and 34 C.F.R. 300.323(g), the previous district must furnish the new school district with a copy of the student's records, including the student's special education

records, not later than the 10th working day after the date a request for the information is received by the previous school district.

**Students Who Are Homeless or in Substitute Care**

When a student who is homeless or in substitute care transfers into a district after being referred by a previous district for a special education evaluation, the receiving district must accept the referral and ensure that any written report of a full individual and initial evaluation is completed in accordance with the timelines established in 19 Administrative Code 89.1011 (relating to Full and Individual Initial Evaluation).

When a student who is homeless or in substitute care is eligible for special education and transfers into a new district during the school year, the receiving district must ensure that it meets the student transfer requirements of 19 Administrative Code 89.1050(j) (relating to the Admission, Review, and Dismissal Committee).

*19 TAC 89.1615*

**Military Dependents**

A district shall initially provide comparable services to a military student with disabilities based on his or her current IEP. This does not preclude the district from performing subsequent evaluations to ensure appropriate placement of the student. *Education Code 162.002 art. V, C [See FDD]*

**Individualized Education Program**

A district shall develop, review, and revise an IEP for each child with a disability. *20 U.S.C. 1412(a)(4); 34 C.F.R. 300.320(a)*

At the beginning of each school year, a district shall have in effect, for each child with a disability in its jurisdiction, an IEP. *20 U.S.C. 1414(d)(2)(A); 34 C.F.R. 300.323(a)*

The term "individualized education program" means a written statement for each student with a disability that documents the decisions of the ARD committee with respect to issues discussed at each committee meeting and includes:

1. A statement of the student's present levels of academic achievement and functional performance;
2. A statement of measurable annual goals, including academic and functional goals;
3. A description of how the student's progress toward the annual goals will be measured and when periodic reports on the progress of the student will be provided;

4. A statement of the specific special education and related services and supplementary aids and services, based on peer-reviewed research to the extent practicable, to be provided to the student;
5. A statement of the program modifications or supports for school personnel that will be provided for the student;
6. An explanation of the extent, if any, to which the student will not participate with nondisabled students in the regular class and in extracurricular and nonacademic activities;
7. The projected dates for initiation of services and modifications and the anticipated frequency, location, and duration of these services and modifications;
8. A statement of any individual appropriate and allowable accommodations that are necessary to measure the academic achievement and functional performance of the student on state or district-wide assessments;
9. If the ARD committee determines that the student must take an alternative assessment instead of a particular regular state or district-wide assessment, a statement of why the student cannot participate in the regular assessment and why the particular assessment selected is appropriate for the student;
10. If the ARD committee determines that a student is in need of extended school year (ESY) services, identification of the goals and objectives that will be addressed during ESY services;
11. Beginning not later than when a student reaches 14 years of age and updated annually thereafter, the ARD committee's consideration and decisions regarding the transition issues under 19 Administrative Code 89.1055(h) [see EHBAD];
12. Beginning not later than the first IEP to be in effect when the student is 16, or younger if determined appropriate by the ARD committee, and updated annually thereafter, a statement of appropriate measurable postsecondary goals and transition services needed to assist the student in reaching those goals [see EHBAD];
13. Beginning not later than one year before the student reaches the age of 17, a statement that the student has been informed of the rights that will transfer to the student upon reaching the age of majority;
14. The date of the meeting;

15. The name, position, and signature of each member participating in the meeting; and
16. An indication of whether the child's parents, the adult student, if applicable, and the administrator agreed or disagreed with the decisions of the ARD committee.

The written statement of a student's IEP may be required to include only information included in the model form developed by the Texas Education Agency (TEA) under Education Code 29.0051(a) and posted on the TEA website. A district may use the model form to comply with the requirements for an IEP under 20 U.S.C. 1414(d). *Education Code 29.005(f), .0051*

IEP Supplement

For each child who was enrolled in a district's special education program during the 2019-20 school year or the 2020-21 school year, the district shall prepare a supplement to be included with the written statement of the IEP. For more information about the required supplement, see Education Code 29.0052 and the commissioner rules, when adopted. This requirement expires September 1, 2023. *Education Code 29.0052*

Supplemental  
Special Education  
Services

The ARD committee of a student approved for participation in the supplemental special education services and instructional materials program shall provide to the student's parent at an ARD committee meeting for the student:

1. Information regarding the types of supplemental special education services available under the program and provided by agency-approved providers for which an account maintained under Education Code 29.042(b) for the student may be used; and
2. Instructions regarding accessing the account.

The supplemental special education services and instructional materials program (SSES) expires September 1, 2024.

*Education Code 29.048*

A district shall notify parents and guardians of students served by special education of the SSES program and how to apply.

A student's ARD committee may not consider a student's current or anticipated eligibility for any supplemental special education instructional materials or services that may be provided under the SSES program when developing or revising a student's IEP, when

determining a student's educational setting, or in the provision of a free appropriate public education.

*19 TAC 102.1601(i)-(j)*

Behavioral  
Intervention Plan

The ARD committee may determine that a behavior improvement plan or a behavioral intervention plan is appropriate for a student for whom the committee has developed an IEP. *Education Code 29.005(g)*

If the committee makes that determination, the behavior improvement plan or behavioral intervention plan shall be included as part of the student's IEP and provided to each teacher with responsibility for educating the student.

If a behavior improvement plan or a behavioral intervention plan is included as part of a student's IEP, the ARD committee shall review the plan at least annually, and more frequently if appropriate, to address:

1. Changes in a student's circumstances that may impact the student's behavior, such as:
  - a. The placement of the student in a different educational setting;
  - b. An increase or persistence in disciplinary actions taken regarding the student for similar types of behavioral incidents;
  - c. A pattern of unexcused absences; or
  - d. An unauthorized, unsupervised departure from an educational setting; or
2. The safety of the student or others.

Translation of IEP  
into Native  
Language

If the parent is unable to speak English and Spanish is the parent's native language, a district shall provide a written or audiotaped copy of the student's IEP translated into Spanish. If the parent's native language is other than Spanish or English, a district shall make a good faith effort to provide a written or audiotaped copy of the student's IEP translated into the parent's native language. *Education Code 29.005(d)*

A written copy of the student's IEP translated into Spanish or the parent's native language means that all of the text in the student's IEP in English is accurately translated into the target language in written form. The IEP translated into the target language must be a

comparable rendition of the IEP in English and not a partial translation or summary of the IEP in English.

An audio recording of the student's IEP translated into Spanish or the parent's native language means that all of the content in the student's IEP in English is orally translated into the target language and recorded with an audio device. A district is not prohibited from providing the parent with an audio recording of an ARD committee meeting at which the parent was assisted by an interpreter as long as the audio recording provided to the parent contains an oral translation into the target language of all of the content in the student's IEP in English.

If a parent's native language is not a written language, the district must take steps to ensure that the student's IEP is translated orally or by other means to the parent in his or her native language or other mode of communication.

Under 34 C.F.R. 300.322(f), a district must give a parent a written copy of the student's IEP at no cost to the parent. A school district meets this requirement by providing a parent with a written copy of the student's IEP in English or by providing a parent with a written translation of the student's IEP in the parent's native language as provided above.

*19 TAC 89.1050(i)*

Autism/Pervasive  
Developmental  
Disorder

For students with autism/pervasive developmental disorders, the following strategies shall be considered by the ARD committee, based on peer-reviewed, research-based educational programming practices to the extent practicable and, when needed, addressed in the IEP:

1. Extended educational programming;
2. Daily schedules reflecting minimal unstructured time and active engagement in learning activities;
3. In-home training and community-based training or viable alternatives that assist the student with the acquisition of social/behavioral skills;
4. Positive behavior support strategies based on relevant information;
5. Beginning at any age, futures planning for integrated living, work, community, and educational environments that considers skills necessary to function in current and postsecondary environments;

6. Parent/family training and support, provided by qualified personnel with experience in Autism Spectrum Disorders (ASD);
7. Suitable staff-to-student ratio appropriate to identified activities and as needed to achieve social/behavioral progress based on the student's developmental and learning level (acquisition, fluency, maintenance, generalization) that encourages work towards individual independence;
8. Communication interventions, including language forms and functions that enhance effective communication across settings;
9. Social skills supports and strategies based on social skills assessment/curriculum and provided across settings;
10. Professional educator/staff support; and
11. Teaching strategies based on peer-reviewed, research-based practices for students with ASD.

If the ARD committee determines that services are not needed in one or more of the areas in 1-11 above, the IEP shall include a statement reflecting that decision and the basis upon which the determination was made.

*19 TAC 89.1055(e)-(f)*

*Visual  
Impairment*

If a district provides special education services to students with visual impairments, it shall have written procedures as required in Education Code 30.002(c)(10) (staff access to resources). *19 TAC 89.1075(b)*

*Collaborative  
Process*

All members of the ARD committee must have the opportunity to participate in a collaborative manner in developing the IEP. The district must take all reasonable actions necessary to ensure that the parent understands the proceedings of the ARD committee meeting, including arranging for an interpreter for parents who are deaf or hard of hearing or whose native language is a language other than English. A decision of the ARD committee concerning required elements of the IEP must be made by mutual agreement if possible. The ARD committee may agree to an annual IEP or an IEP of shorter duration.

*Ten-Day Recess*

When mutual agreement about all required elements of the IEP is not achieved, the parent who disagrees must be offered a single opportunity to recess and reconvene the ARD committee meeting. The period of time for reconvening the ARD committee meeting must not exceed 10 school days, unless the parties mutually agree otherwise. The ARD committee must schedule the reconvened

meeting at a mutually agreed upon time and place. The opportunity to recess and reconvene is not required when:

1. The student's presence on campus represents a danger of physical harm to the student or others;
2. The student has committed an expellable offense; or
3. The student has committed an offense that may lead to placement in a disciplinary alternative education program. [See FOF]

These requirements do not prohibit the ARD committee from recessing an ARD committee meeting for reasons other than the failure to reach mutual agreement about all required elements of an IEP.

During the recess, the ARD committee members must consider alternatives, gather additional data, prepare further documentation, and/or obtain additional resource persons who may assist in enabling the ARD committee to reach mutual agreement.

*Failure to Reach Agreement*

If a recess is implemented and the ARD committee still cannot reach mutual agreement, a district shall implement the IEP it has determined to be appropriate for the student. Each member of the ARD committee who disagrees with the IEP developed by the ARD committee is entitled to include a statement of disagreement in the IEP.

If the IEP is not developed by agreement, the written statement of the program must include the basis of the disagreement. Each member of the ARD committee who disagrees with the IEP developed by the committee is entitled to include a statement of disagreement in the written statement of the program.

*19 TAC 89.1050(g); Education Code 29.005(c)*

Modification of Existing IEP

Changes to the IEP may be made either by the entire ARD committee or by amending the IEP by agreement, rather than redrafting the entire IEP.

After the annual IEP meeting for a school year, the parent and district may agree not to convene an IEP meeting for the purposes of making changes to the IEP and instead may develop a written document to amend or modify the child's current IEP.

Upon request, a parent shall be provided with a revised copy of the IEP with amendments incorporated.

To the extent possible, a district shall encourage the consolidation of reevaluation meetings for the child and other ARD meetings for the child.

*20 U.S.C. 1414(d)(3)(D)-(F); 34 C.F.R. 300.324(a)(4)-(6)*

**Teacher Access to IEP**

Each district must ensure that each teacher who provides instruction to a student with a disability has access to relevant sections of the student's current IEP, is informed of the teacher's specific responsibilities related to implementation of the IEP, and has an opportunity to request assistance regarding implementation of the student's IEP. *19 TAC 89.1075(c)*

**Teacher Request to Review IEP**

Each district shall develop a process to be used by a teacher who instructs a student with a disability in a regular classroom setting:

1. To request a review of the student's IEP;
2. To provide input in the development of the student's IEP;
3. That provides for a timely district response to the teacher's request; and
4. That provides for notification to the student's parent or legal guardian of that response.

*Education Code 29.001(11); 19 TAC 89.1075(d)*

**Transition Services  
Defined**

“Transition services” means a coordinated set of activities for a child with a disability that:

1. Is designed to be within a results-oriented process, that is focused on improving the academic and functional achievement of the child to facilitate the child’s movement from school to post-school activities, including postsecondary education, vocational education, integrated employment (including supported employment), continuing and adult education, adult services, independent living, or community participation.
2. Is based on the individual child’s needs, taking into account the child’s strengths, preferences, and interests.
3. Includes instruction, related services, community experiences, the development of employment and other post-school adult living objectives, and if appropriate, acquisition of daily living skills and functional vocational evaluation.

*20 U.S.C. 1401(34); 34 C.F.R. 300.43*

**Individual Transition  
Planning**

Not later than when a student reaches 14 years of age, the admission, review, and dismissal (ARD) committee must consider, and if appropriate, address the following issues in the individualized education program (IEP):

1. Appropriate student involvement in the student's transition to life outside the public school system;
2. If the student is younger than 18 years of age, appropriate involvement in the student's transition by the student's parents and other persons invited to participate by the student's parents or the school district in which the student is enrolled;
3. If the student is at least 18 years of age, involvement in the student's transition and future by the student's parents and other persons, if the parent or other person is invited to participate by the student or the school district in which the student is enrolled or has the student's consent to participate pursuant to a supported decision-making agreement under Estates Code, Chapter 1357;
4. Appropriate postsecondary education options, including preparation for postsecondary-level coursework;
5. An appropriate functional vocational evaluation;
6. Appropriate employment goals and objectives;
7. If the student is at least 18 years of age, the availability of age-appropriate instructional environments, including commu-

nity settings or environments that prepare the student for postsecondary education or training, competitive integrated employment, or independent living, in coordination with the student's transition goals and objectives;

8. Appropriate independent living goals and objectives;
9. Appropriate circumstances for facilitating a referral of a student or the student's parents to a governmental agency for services or public benefits, including a referral to a governmental agency to place the student on a waiting list for public benefits available to the student, such as a waiver program established under Section 1915(c), Social Security Act [42 U.S.C. Section 1396n(c)]; and
10. The use and availability of appropriate supplementary aids, services, curricula, and other opportunities to assist the student in developing decision-making skills; and supports and services to foster the student's independence and self-determination, including a supported decision-making agreement under Estates Code Chapter 1357.

In accordance with 34 C.F.R. 300.320(b), beginning not later than the first IEP to be in effect when the student turns 16 years of age, or younger if determined appropriate by the ARD committee, and updated annually thereafter, the IEP must include the following:

1. Appropriate measurable postsecondary goals based upon age-appropriate transition assessments related to training, education, employment, and, where appropriate, independent living skills; and
2. The transition services, including courses of study, needed to assist the student in reaching the postsecondary goals developed under item 1.

A student's ARD committee shall annually review the issues described above and, if necessary, update the portions of the student's IEP that address those issues.

Transition and  
Employment Guide

The Texas Education Agency (TEA) is required to develop a transition and employment guide for students enrolled in special education programs and their parents to provide information on statewide

services and programs that assist in the transition to life outside the public school system. A school district shall:

1. Post the transition and employment guide on the district's website if the district maintains a website;
2. Provide written information and, if necessary, assistance to a student or parent regarding how to access the electronic version of the guide at:
  - a. The first meeting of the student's ARD committee at which transition is discussed; and
  - b. The first committee meeting at which transition is discussed that occurs after the date on which the guide is updated; and
3. On request, provide a printed copy of the guide to a student or parent.

## **Graduation**

Graduation with a regular high school diploma under 19 Administrative Code 89.1070(b)(1), (b)(3)(D), (f)(1), (f)(2), (f)(3) or (f)(4)(D) terminates a student's eligibility for special education services. For students who receive a diploma according to 19 Administrative Code 89.1070(b)(2), (b)(3)(A), (B), or (C) or (f)(4)(A), (B), or (C), the ARD committee must determine needed educational services upon the request of the student or parent to resume services, as long as the student meets the age requirements. *19 TAC 89.1070(a), (j)* [See EHBAA]

Graduation from high school with a regular diploma constitutes a change in placement that requires written prior notice to parents.

A district is not required to conduct an evaluation before termination of eligibility due to graduation from secondary school with a regular high school diploma or due to exceeding the age eligibility for a FAPE under state law.

A district shall provide the child with a summary of the child's academic achievement and functional performance, which shall include recommendations on how to assist the child in meeting the child's postsecondary goals.

cer and who receive special education services or who are covered by Section 504 and their parents.

The information shall be provided to each student who is 16 years of age or older and annually until the earlier of the student's graduation from high school or 21st birthday.

**Designing and  
Implementing  
Services**

A district shall use student performance data from state basic skills assessment instruments and achievement tests to design and implement appropriate compensatory, intensive, or accelerated instructional services for students in the district's schools that enable the students to perform at grade level at the conclusion of the next regular school term. *Education Code 29.081(a)*

[See EHBCA for information regarding acceleration instruction and accelerated learning committees.]

**Intensive Program of  
Instruction**

State Assessments

A district shall offer an intensive program of instruction to a student who does not perform satisfactorily on a state assessment instrument or is not likely to receive a high school diploma before the fifth school year following the student's enrollment in grade 9, as determined by the district.

The program shall be designed to:

1. Enable the student to:
  - a. To the extent practicable, perform at the student's grade level at the conclusion of the next regular school term; or
  - b. Attain a standard of annual growth specified by a district and reported by the district to the Texas Education Agency (TEA); and
2. If applicable, carry out the purposes of Education Code 28.0211. [See EIE]

Students Receiving  
Special Education  
Services

For a student in a special education program who does not perform satisfactorily on an assessment instrument administered under Education Code 39.023(a), (b), or (c), the student's admission, review, and dismissal committee shall design the program to:

1. Enable the student to attain a standard of annual growth on the basis of the student's individualized education program (IEP); and
2. If applicable, carry out the purposes of Education Code 28.0211. [See EIE]

Use of State Funds

A district shall use funds appropriated by the legislature for an intensive program of instruction to plan and implement intensive instruction and other activities aimed at helping a student satisfy state and local high school graduation requirements.

No Cause of Action

A district's determination of the appropriateness of an intensive program of instruction for a student is final and does not create a cause of action.

**Compensatory  
Education Allotment**

Census Block

On a schedule determined by the commissioner of education and in accordance with Education Code 48.104, each district shall report to the agency the census block group in which each student enrolled in the district who is educationally disadvantaged resides.  
*Education Code 48.104(i)*

Use

At least 55 percent of the district's compensatory education funds must be used to:

1. Fund supplemental programs and services, including services provided by an instructional coach, designed to eliminate any disparity in performance on assessment instruments administered under Education Code Chapter 39, Subchapter B, or disparity in the rates of high school completion between:
  - a. Students who are educationally disadvantaged and students who are not educationally disadvantaged; and
  - b. Students at risk of dropping out of school, as defined below, and all other students; or
2. Support a program eligible under Title I of the Elementary and Secondary Education Act of 1965 [see AID], and its subsequent amendments, and by federal regulations implementing that Act.

*Education Code 48.104(k)*

Dropout Prevention  
Strategies

A district with a high dropout rate, as determined by the commissioner, shall submit a plan to the commissioner describing the manner in which the district intends to use its compensatory education allotment for developing and implementing research-based strategies for dropout prevention.

A district shall submit the plan not later than December 1 of each school year preceding the school year in which the district will receive the compensatory education allotment to which the plan applies.

A district may not spend or obligate more than 25 percent of the district's compensatory education allotment unless the commissioner approves the plan.

A district's plan shall:

1. Design a dropout recovery plan that includes career and technology education courses or technology applications courses that lead to industry or career certification;

2. Integrate into the dropout recovery plan research-based strategies to assist students in becoming able academically to pursue postsecondary education, including:
  - a. High-quality, college readiness instruction with strong academic and social supports;
  - b. Secondary to postsecondary bridging that builds college readiness skills, provides a plan for college completion, and ensures transition counseling; and
  - c. Information concerning appropriate supports available in the first year of postsecondary enrollment to ensure postsecondary persistence and success, to the extent funds are available for the purpose; and
3. Plan to offer advanced academic and transition opportunities, including dual credit courses and college preparatory courses, such as advanced placement courses.

A district may enter into a partnership with a public junior college in accordance with Education Code 29.402 [see GNC] in order to fulfill a plan.

Any program designed to fulfill a plan must comply with the requirements of Education Code 29.081(e) and (f).

*Education Code 29.918*

Reporting

A district shall report financial information relating to expenditure of the state compensatory education allotment under the Foundation School Program to TEA, according to standards for financial accounting provided in 19 Administrative Code 109.41 (relating to *Financial Accountability System Resource Guide*). Costs charged to state compensatory education shall be for programs and services that supplement the regular education program. *19 TAC 109.25(a)*

A district shall ensure that supplemental direct costs and personnel attributed to compensatory education and accelerated instruction are identified in district and/or campus improvement plans at the summary level for financial units or campuses. A district shall maintain documentation that supports the attribution of supplemental costs and personnel to compensatory education. A district must also maintain sufficient documentation supporting the appropriate identification of students in at-risk situations, under criteria established in Education Code 29.081 [see At-Risk Student, below]. *19 TAC 109.25(b)*

**Educationally  
Disadvantaged  
Students**

Student Eligibility

To be considered educationally disadvantaged in order to be counted to generate the compensatory education allotment pursuant to Education Code 48.104, a student must meet the income requirements for eligibility under the National School Lunch Program (NSLP), authorized by 42 U.S.C. 1751, et seq.

Districts may use the following approved methods for the purpose of receiving the compensatory education allotment pursuant to Education Code 48.104:

1. Parent certification, where the parent or guardian asserts meeting the income requirements for eligibility;
2. Direct certification, where the process by which eligible children are certified for free meals without the need for a household application based on household participation in one or more federal assistance programs; or
3. Direct verification, where public records are used to verify a student's eligibility for free or reduced-price meals when verification of student eligibility is required.

*19 TAC 61.1027(a)*

Virtual School  
Network

Districts must request prior approval from the commissioner to claim students receiving a full-time virtual education through the state virtual school network in their counts of educationally disadvantaged students. The request must include a plan detailing the enhanced services to be delivered to full-time state virtual school network students and submitted in a manner and with a deadline specified by the commissioner. *19 TAC 61.1027(b)(3)(B)*

A basic skills program may not exceed 210 instructional days and must meet the requirements set forth at Education Code 29.086.

*Education Code 29.086(a)*

**After-School and Summer Intensive Mathematics and Science Programs**

A district may provide an intensive after-school program or an intensive program during the period that school is recessed for the summer to provide mathematics and science instruction to:

*Education Code 29.089*

**Accelerated Reading Instruction Program**

A district shall implement an accelerated reading instruction program that provides reading instruction that addresses reading deficiencies to each student in kindergarten, first grade, or second grade who is determined, on the basis of reading instrument results [see EKC], to be at risk for dyslexia or other reading difficulties. The district shall determine the form, content, and timing of the program.

A district shall provide additional reading instruction and intervention to each student given the seventh grade reading assessment [see EKC], as appropriate to improve the student's reading skills in the relevant areas identified through the assessment instrument.

*Education Code 28.006(g), (g-1)*

[For information regarding students at-risk for dyslexia or related disorders, see EHB.]

**College Preparatory Courses**

Each district shall partner with at least one institution of higher education to develop and provide courses in college preparatory mathematics and English language arts. The courses must be designed:

1. For students at the 12th grade level whose performance on:

- a. An end-of-course assessment instrument required under Education Code 39.023(c) does not meet college readiness standards; or
  - b. Coursework, a college entrance examination, or an assessment instrument designated under Education Code 51.334 [Texas Success Initiative (TSI) assessment] indicates that the student is not ready to perform entry-level college coursework; and
2. To prepare students for success in entry-level college courses.

A course must be provided on the campus of the high school offering the course or through distance learning or as an online course provided through an institution of higher education with which the district partners.

Faculty	Appropriate faculty of each high school offering courses and appropriate faculty of each institution of higher education with which the district partners shall meet regularly as necessary to ensure that each course is aligned with college readiness expectations.

Instructional Materials	Each district, in consultation with each institution of higher education with which the district partners, shall develop or purchase instructional materials for a course consistent with Education Code Chapter 31. The instructional materials must include technology resources that enhance the effectiveness of the course and draw on established best practices.

*Education Code 28.014*

End-of-Course  
Exam

A student enrolled in a college preparatory mathematics or English language arts course under Education Code 28.014 who satisfies the TSI college readiness benchmarks on an assessment instrument administered at the end of the course satisfies the requirements concerning and is exempt from the administration of the Algebra I or the English I and English II end-of-course assessment instruments, as applicable, as prescribed by Education Code 39.023(c) [see EKB], even if the student did not perform satisfactorily on a previous administration of the applicable end-of-course assessment instrument. A student who fails to perform satisfactorily on the assessment instrument may retake that assessment instrument or may take the appropriate end-of-course assessment instrument. *Education Code 39.025(a-1)*

To ensure that each student achieves at least satisfactory performance on each state assessment instrument, a district shall ensure that the district's curricular and instructional systems provide instruction to all students that is consistently aligned with the essential knowledge and skills for the applicable subject area and grade level; and strategically and timely addresses deficiencies in the prerequisite essential knowledge and skills for the applicable subject area and grade level. *Education Code 28.0211(a)*

**Accelerated  
Instruction**

Each time a student fails to perform satisfactorily on a state assessment instrument, the district in which the student attends school shall provide to the student accelerated instruction in the applicable subject area during the subsequent summer or school year and, subject to certain exceptions, below, either:

1. Allow the student to be assigned a classroom teacher who is certified as a master, exemplary, or recognized teacher under the local optional teacher designation system [see DEAA] for the subsequent school year in the applicable subject area; or
2. Provide the student supplemental instruction under Education Code 28.0211(a-4) [see Supplemental Instruction Requirements, below].

The assessments in this provision include a state assessment instrument administered under Education Code 39.021(a) [see EKB] in third through eighth grade or an end-of-course assessment instrument. The assessments also include a Spanish assessment for emergent bilingual students but exclude an assessment instrument developed or adopted based on alternative academic achievement standards.

*Education Code 28.0211(a-1)*

Exceptions

Accelerated instruction requirements do not apply to a student who is retained at a grade level for the school year in which those requirements would otherwise apply.

A district may not be required to provide supplemental instruction to a student in more than two subject areas per school year. If the district would otherwise be required to provide supplemental instruction to a student in more than two subject areas for a school year, the district shall prioritize providing supplemental instruction to the student in mathematics and reading, or Algebra I, English I, or English II, as applicable, for that school year.

*Education Code 28.0211(a-7)-(a-8)*

A district is not required to provide accelerated instruction to a student who, instead of being administered an assessment instrument

specified above, was administered a substitute assessment instrument in accordance with other law or Texas Education Agency (TEA) rule authorizing the use of the substitute assessment instrument for purposes of satisfying the requirements concerning the applicable assessment instrument. *Education Code 28.0211(a-10)*

Off-Campus  
Arrangements

If a student who attends school in a homebound or other off-campus instructional arrangement, including at a residential treatment campus or state hospital, is unable to participate in an accelerated instruction program due to the student's condition, the district may determine that the student be provided the accelerated instruction when the student attends school in an on-campus instructional setting. If the student's condition prevents the student from attending school in an on-campus instructional setting for the school year during which the accelerated instruction is required to be provided to the student, the district is not required to provide the accelerated instruction to the student for that school year. *Education Code 28.0211(i-1)*

Participation  
Requirements

Supplemental accelerated instruction may require a student to participate before or after normal school hours and may include participation at times of the year outside normal school operations. *19 TAC 104.1001(c)*

In providing accelerated instruction, a district may not remove a student, except under circumstances for which a student enrolled in the same grade level who is not receiving accelerated instruction would be removed, from:

1. Instruction in the foundation curriculum and enrichment curriculum adopted under Education Code 28.002 for the grade level in which the student is enrolled [see EHA series]; or
2. Recess or other physical activity that is available to other students enrolled in the same grade level.

*Education Code 28.0211(a-3)*

The foundation curriculum includes English language arts, mathematics, science, and social studies. Courses in the enrichment curriculum include languages other than English; health, with emphasis on physical health, proper nutrition, and exercise; mental health, including instruction about mental health conditions, substance abuse, skills to manage emotions, establishing and maintaining positive relationships, and responsible decision making; suicide prevention; physical education; fine arts; career and technical education; technology applications; religious literature; and personal financial literacy.

In the event that a school week is three or less instructional days, the school is exempt from meeting the requirement of meeting once per week for supplemental accelerated instruction. [See Supplemental Instruction Requirements for Certain Funding, item 3, below.]

*19 TAC 104.1001(c)*

Supplemental  
Instruction  
Requirements

If a district receives funding under Education Code 29.0881 or Education Code 48.104 [see EHBC], the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (Div. M, Pub. L. No. 116-260), or the American Rescue Plan Act of 2021 (Pub. L. No. 117-2), then supplemental instruction provided by a district must:

1. Include targeted instruction in the essential knowledge and skills for the applicable grade levels and subject area;
2. Be provided in addition to instruction normally provided to students in the grade level in which the student is enrolled;
3. Be provided during the subsequent summer or school year:
  - a. To each student for no less than:
    - (1) 15 hours; or
    - (2) 30 hours for a student whose performance on the applicable assessment instrument was significantly below satisfactory, as defined by commissioner rule; and
  - b. Unless the instruction is provided fully during summer, include instruction no less than once per week during the school year, except as otherwise provided by commissioner rule to account for school holidays or shortened school weeks;
4. Be designed to assist the student in achieving satisfactory performance in the applicable grade level and subject area;
5. Include effective instructional materials designed for supplemental instruction;
6. Be provided to a student individually or in a group of no more than four students, unless the parent or guardian of each student in the group authorizes a larger group;
7. Be provided by a person with training in the applicable instructional materials for the supplemental instruction and under the oversight of the district; and

8. To the extent possible, be provided by one person for the entirety of the student's supplemental instruction period.

*Education Code 28.0211(a-4)*

Parent Choice

A parent or guardian of a student to whom supplemental instruction will be provided and who either was administered and failed to perform satisfactorily on an assessment instrument specified above or was administered a beginning-of-year assessment instrument aligned with the essential knowledge and skills for the applicable subject area, including a student to whom an accelerated education plan applies, may elect to modify or remove a requirement for that instruction under Education Code 28.0211(a-4) by submitting a written request to an administrator of the campus at which the student is enrolled.

A district may not encourage or direct a parent or guardian to make an election under this provision that would allow the district to not provide supplemental instruction to the student or provide supplemental instruction in a group larger than authorized.

*Education Code 28.0211(a-9)*

Transportation

A district shall provide students required to attend the accelerated programs described above with transportation to those programs if the programs occur outside of regular school hours, unless the district does not operate, or contract or agree with another entity to operate, a transportation system. *Education Code 28.0211(j)*

Unlisted Service Provider

A district may use a service provider that is not on a list of service providers approved by TEA if the district can demonstrate to the commissioner that use of the service provider results in measurable improvement in student outcomes. *Education Code 28.0211(a-12)*

Optional Assessment

A school district that is required to provide to a student accelerated instruction or supplemental instruction is not required to provide additional instruction under either provision to the student based on the student's failure to perform satisfactorily on an assessment instrument administered as an optional assessment in the same subject area in which the district is required to provide the student the accelerated or supplemental instruction. *Education Code 28.0211(a-13)*

Notice to Parents

A district shall provide to the parent or guardian of a student who fails to perform satisfactorily on a state assessment instrument specified above notice that the student is not performing on grade level in the applicable subject area. The district must provide the notice at a parent-teacher conference or, if the district is unable to provide the notice at a parent-teacher conference, by another

means. TEA shall develop and provide to districts a model notice in plain language for use under this provision. *Education Code 28.0211(a-14)*

In each instance in which a district is specifically required to provide notice or a written copy to a parent or guardian of a student, the district shall make a good faith effort to ensure that such notice or copy is provided either in person or by regular mail and that the notice or copy is clear and easy to understand and is written in English or the parent or guardian's native language. *Education Code 28.0211(h)*

Parent Request

A district shall establish a process allowing for the parent or guardian of a student who fails to perform satisfactorily a state assessment instrument under Education Code 28.0211(a-1) [see above] to make a request for district consideration that the student be assigned to a particular classroom teacher in the applicable subject area for the subsequent school year, if more than one classroom teacher is available. *Education Code 28.0211(a-5)*

**Assessments Not Required**

Education Code 28.0211 does not require the administration of a fifth or eighth grade assessment instrument in a subject under Education Code 39.023(a) to a student enrolled in the fifth or eighth grade, as applicable, if the student:

1. Is enrolled in a course in the subject intended for students above the student's grade level and will be administered an assessment instrument adopted or developed under Education Code 39.023(a) [see EKB] that aligns with the curriculum for the course in which the student is enrolled; or
2. Is enrolled in a course in the subject for which the student will receive high school academic credit and will be administered an end-of-course (EOC) assessment instrument [see EKB] for the course.

Notwithstanding any other provision of Education Code 28.0211, the student may not be denied promotion on the basis of failure to perform satisfactorily on an assessment instrument not required to be administered to the student, nor may a student in grade 5 or grade 8 be denied promotion to the next grade on the basis of failure to perform satisfactorily on a reading or mathematics assessment instrument intended for use above the student's grade level.

*Education Code 28.0211(o)-(p)*

**Students At Risk**

A district shall provide accelerated instruction to an enrolled student who has taken an EOC assessment instrument and has not performed satisfactorily or who is at risk of dropping out of school [see EHBC].

A district shall offer before the next scheduled administration of the assessment instrument, without cost to the student, additional accelerated instruction to each student in any subject in which the student failed to perform satisfactorily on an end-of-course assessment instrument required for graduation.

A district that is required to provide accelerated instruction must separately budget sufficient funds for that purpose. [See CE]

A district shall evaluate the effectiveness of accelerated instruction programs and annually hold a public hearing to consider the results.

*Education Code 29.081(b), (b-1), (b-2), (b-3), 39.025(b-1)*

**Effectiveness**

A district shall evaluate and document the effectiveness of the accelerated instruction in reducing any disparity in performance on state assessment instruments or disparity in the rates of high school completion between students at risk of dropping out of school and all other district students. *Education Code 29.081(c)*

**No Available Test Score**

The superintendent of each district shall establish procedures to ensure that each eligible student who is absent or does not receive a test score for any test administration shall receive appropriate supplemental accelerated instruction as warranted on an individual student basis. *19 TAC 104.1001(b)(4)*

**Accelerated Education Plan**

For each student who does not perform satisfactorily on a state assessment instrument specified above for two or more consecutive school years in the same subject area, the district the student attends shall develop an accelerated education plan. *Education Code 28.0211(b)*

Not later than the start of the subsequent school year, a district shall develop an accelerated education plan for the student that provides the necessary accelerated instruction to enable the student to perform at the appropriate grade level or course by the conclusion of the school year.

The plan must:

1. Identify the reason the student did not perform satisfactorily on the applicable assessment instrument; and
2. Require the student to be provided with no less than 30 hours, or a greater number of hours if appropriate, of supplemental instruction for each consecutive school year in which the student does not perform satisfactorily on the assessment instrument in the applicable subject area.

The plan may require that, as appropriate to ensure the student performs satisfactorily on the assessment instrument in the applicable subject area at the next administration of the assessment instrument:

1. The district expand the times in which supplemental instruction is available to the student;
2. The student be assigned for the school year to a specific teacher who is better able to provide accelerated instruction; and
3. The district provide any necessary additional resources to the student.

The accelerated education plan must be documented in writing, and a copy must be provided to the student's parent or guardian.

During the school year, the student shall be monitored to ensure that the student is progressing in accordance with the accelerated education plan.

The board shall adopt a policy consistent with the grievance procedure adopted under Education Code 26.011 [see FNG] to allow a parent to contest the content or implementation of an accelerated education plan.

*Education Code 28.0211(f)-(f-3)*

Parent Conference

A district shall make a good faith attempt to provide to the parent or guardian of a student to whom an accelerated education plan applies a parent-teacher conference with the student's primary teacher at the start and end of the subsequent school year.

At the conference, the district shall provide the student's parent or guardian with:

1. The notice required under Education Code 28.0211(a-14); and
2. An explanation of:
  - a. The accelerated instruction to which the student is entitled under this provision, and

Students*

A student who resides in this state but who is not enrolled in a school district or open-enrollment charter school in this state as a full-time student may, subject to Education Code 30A.155, enroll in electronic courses through the TXVSN. The student:

1. May not in any semester enroll in more than two electronic courses offered through the TXVSN;

3. Must obtain access to a course provided through the network through the school district or open-enrollment charter school attendance zone in which the student resides;
4. Is not entitled to enroll in a course offered by a school district or open-enrollment charter school other than an electronic course provided through the network; and
5. Is not entitled to any right, privilege, activities, or services available to a student enrolled in a public school, other than the right to receive the appropriate unit of credit for completing an electronic course.

*Education Code 30A.107(c)*

*Enrollment,  
Advancement,  
and Withdrawal*

A student taking a course through the TXVSN statewide course catalog or a TXVSN OLS program is considered to:

1. Be enrolled in a TXVSN course when he or she begins receiving instruction and actively engages in instructional activities in a TXVSN subject area or course;
2. Have successfully completed a course if the student demonstrates academic proficiency and earns credit for the course, as determined by the TXVSN teacher; and
3. Be, and must be reported as, withdrawn from the TXVSN when the student is no longer actively participating in the TXVSN course or program.

A student taking a course through the TXVSN statewide course catalog:

1. Shall enroll in each TXVSN course through the TXVSN online registration system;
2. Shall be assigned a grade by the TXVSN teacher after the drop period established by TXVSN central operations;
3. May withdraw from a course taken through the TXVSN after the instructional start date without academic or financial

penalty within the drop period established by TXVSN central operations; and

4. Shall have the grade assigned by the TXVSN teacher added to the student's transcript by the student's home district.

A student enrolled full time in grades 3-8 must demonstrate academic proficiency sufficient to earn promotion to the next grade, as determined by the TXVSN teacher for the educational program.

*19 TAC 70.1015*

*Compulsory  
Attendance*

Texas public school students are not required to be in physical attendance while participating in courses through a TXVSN OLS or the TXVSN course catalog.

Based upon successful completion of a TXVSN course for students in grades 9-12 or a TXVSN OLS instructional program for students in grades 3-8, students are considered to have met attendance requirements for that course or program. A student who has successfully completed the grade level or course is eligible to receive any weighted funding for which the student is eligible.

For audit purposes, TXVSN course providers and TXVSN receiver districts shall maintain documentation to support the students' successful completion and to support verification of compulsory attendance.

"TXVSN receiver district" means a Texas public school district that has students enrolled in the school district who take one or more online courses through the TXVSN statewide course catalog.

*19 TAC 70.1001(9), .1017*

Local Policy

A district shall adopt a written policy that provides students enrolled in the district with the opportunity to enroll in electronic courses provided through the TXVSN statewide course catalog. The policy must be consistent with the requirements regarding notice, enrollment requests, and students with disabilities as described below.

A district shall, at least once per school year, send to a parent of each district student enrolled at the middle or high school level a copy of the policy. A district may send the policy with any other information that the district sends to a parent.

*Education Code 30A.007; 19 TAC 70.1033*

*Notice*

At the time and in the manner that a district informs students and parents about courses that are offered in the district's traditional classroom setting, the district shall notify parents and students of

the option to enroll in an electronic course offered through the TXVSN.

*Requests to  
Enroll*

Except as provided below, a district may not deny the request of a parent of a full-time student to enroll the student in an electronic course offered through the TXVSN.

A district may deny a request to enroll a student in an electronic course if:

1. A student attempts to enroll in a course load that is inconsistent with the student's high school graduation plan or requirements for college admission or earning an industry certification;
2. The student requests permission to enroll in an electronic course at a time that is not consistent with the enrollment period established by the district providing the course; or
3. The district offers a substantially similar course.

The course provider shall make all reasonable efforts to accommodate the enrollment of a student in the course under special circumstances.

If a parent of a student requests permission to enroll the student in a TXVSN course, a district has discretion to select a course provider approved by TEA for the course in which the student will enroll based on factors including the informed choice report required by Education Code 30A.108(b).

*Appeals*

A parent may appeal to the commissioner a district's decision to deny a request to enroll a student in an electronic course offered through the TXVSN. The commissioner's decision under this subsection is final and may not be appealed.

*Education Code 26.0031; 19 TAC 70.1008, .1035*

*Students with  
Disabilities*

For purposes of the policy, the determination of whether or not an electronic course will meet the needs of a student with a disability shall be made by the student's admission, review, and dismissal (ARD) committee in a manner consistent with state and federal law, including the Individuals with Disabilities Education Act, 20 U.S.C. 1400 et seq., and Section 504 of the Rehabilitation Act of 1973, 29 U.S.C. Section 794. *Education Code 30A.007(b)*

*Required  
Enrollment  
Prohibited*

A school district or open-enrollment charter school may not require a student to enroll in an electronic course. *Education Code 30A.107(d)*

Student Assessment	<p>All Texas public school students enrolled in the TXVSN are required to take the statewide assessments as required in Education Code 39.023 [see EKB]. The administration of the assessment instrument to the student enrolled in the electronic course must be supervised by a proctor.</p> <p>A district shall report to the commissioner through the Public Education Information Management System (PEIMS) the results of assessment instruments administered to students enrolled in an electronic course offered through the TXVSN separately from the results of assessment instruments administered to other students.</p> <p>All districts participating in the TXVSN OLS program are included in the state's academic accountability system.</p> <p><i>Education Code 30A.110; 19 TAC 70.1023</i></p>
Funding	<p>A district in which a student is enrolled is entitled to funding under Education Code Chapter 48 for the student's enrollment in a TXVSN course in the same manner that the district is entitled to funding for the student's enrollment in courses provided in a traditional classroom setting, provided that the student successfully completes the electronic course.</p> <p>Funding is limited to a student's enrollment in not more than three electronic courses during any school year, unless the student is enrolled in a full-time online program that was operating on January 1, 2013.</p> <p><i>Education Code 30A.153</i></p> <p>A district may decline to pay the cost for a student of more than three yearlong electronic courses, or the equivalent, during any school year unless the student is enrolled in a full-time online program that was operating on January 1, 2013. Course Cost

A district may charge the course cost for enrollment in a TXVSN course to a student who resides in this state and:

1. Is enrolled in the district as a full-time student with a course load greater than that normally taken by students in the equivalent grade level in other school districts; or
2. Elects to enroll in a TXVSN course for which the district in which the student is enrolled as a full-time student declines to pay the cost as authorized by Education Code 26.0031(c-1).

A district may charge the course cost for enrollment in a TXVSN course during the summer.

A district shall charge the course cost for enrollment in a TXVSN course to a student who resides in this state and is not enrolled in a school district or open-enrollment charter school as a full-time student.

A TXVSN course cost may not exceed the lesser of the cost of providing the course or \$400.

A district may decline to pay the course costs for a student who chooses to enroll in more than three year-long electronic courses, or the equivalent, during any school year. This does not limit the ability of the student to enroll in additional electronic courses offered through the TXVSN at the student's expense.

A district that is not the course provider may charge a student enrolled in the district a nominal fee, not to exceed \$50, if the student enrolls in a TXVSN course that exceeds the course load normally taken by students in the equivalent grade level.

A course provider in the TXVSN statewide course catalog shall receive:

1. No more than 70 percent of the catalog course cost prior to a student successfully completing the course; and
2. The remaining 30 percent of the catalog course cost when the student successfully completes the course.

Educators of  
Electronic Courses

Each instructor of an electronic course, including a dual credit course, offered through the TXVSN by a course provider must be certified under Education Code Chapter 21, Subchapter B, to teach that course and grade level or meet the credentialing requirements of the institution of higher education with which they are affiliated and that is serving as a course provider.

In addition, each instructor must successfully complete one continuing professional development course specific to online learning every three years, and:

1. Successfully complete a professional development course or program approved by TXVSN central operations before teaching an electronic course offered through the TXVSN; or
2. Have a graduate degree in online or distance learning and have demonstrated mastery of the International Association for K-12 Learning (iNACOL) National Standards for Quality Online Teaching; or
3. Have two or more years of documented experience teaching online courses for students in grades 3-12 and have demonstrated mastery of the iNACOL National Standards for Quality Online Teaching.

Each instructor of an electronic course, including a dual credit course, offered through the TXVSN by a course provider must meet highly qualified teacher requirements under the Elementary and Secondary Education Act, as applicable.

TXVSN course providers shall affirm the preparedness of teachers of TXVSN electronic courses to teach public school-age students in a highly interactive online classroom and shall:

1. Maintain records documenting:
  - a. Valid Texas educator certification credentials appropriate for the instructor's TXVSN assignment;
  - b. Successful initial completion of TXVSN-approved professional development, evidence of prior online teaching, or a graduate degree in online or distance learning; and
  - c. Instructors' demonstrated mastery of the iNACOL National Standards for Quality Online Teaching prior to teaching through the TXVSN;
2. Conduct and maintain records for background checks;
3. Maintain records of successful completion of continuing professional development;
4. Maintain records documenting successful completion of TXVSN-approved professional development before the end of the school year for any instructor who is hired after the school year has begun; and

5. Make the records specified in this subsection available to TEA and TXVSN central operations upon request.

*19 TAC 70.1027*

Revocation

The commissioner may revoke the right to participation in the TXVSN based on any of the following factors:

1. Noncompliance with relevant state or federal laws;
2. Noncompliance with requirements and assurances outlined in the contractual agreements with TXVSN central operations and/or these provisions and Education Code Chapter 30A; or
3. Consistently poor student performance rates as evidenced by results on statewide student assessments, student withdrawal rates, student completion rates, successful completion rates, or campus accountability ratings.

*19 TAC 70.1029*

Applicability

Unless a district chooses to participate in providing an electronic course or an electronic diagnostic assessment under Education Code Chapter 30A to a student who is located on the physical premises of a school district or open-enrollment charter school, Chapter 30A does not affect the provision of a course to such a student.

Requirements imposed by or under Education Code Chapter 30A do not apply to a virtual course provided by a district only to district students if the course is not provided as part of the TXVSN.

*Education Code 30A.004*

**Award of Credit**

The award of credit for a course affirms that a student has satisfactorily met state and local requirements. Any course for which credit is awarded must be provided according to 19 TAC 74.26(a)(1) and (a)(2) [see FDA]. *19 TAC 74.26(a)*

Early Award of  
Credit

A district may offer courses designated for grades 9-12 in earlier grade levels. A course must be considered completed and credit must be awarded if the student has demonstrated achievement by meeting the standard requirements of the course, including demonstrated proficiency in the subject matter, regardless of the time the student received instruction in the course or the grade level at which proficiency was attained. The academic achievement record (transcript) shall reflect that students have satisfactorily completed courses at earlier grade levels from grades 9-12 and have been awarded state graduation credits. *19 TAC 74.26(b)*

Partial Award

In accordance with a district's local policy, a student who is able to successfully complete only half of a course can be awarded credit proportionately. *19 TAC 74.26(d)*

A district shall award credit proportionately to a student who is homeless or in substitute care who successfully completes only half of a course. *19 TAC 74.26(e)*

Attendance for  
Credit or Final  
Grade

Unless credit is awarded by the attendance committee or regained in accordance with a principal's plan [see FEC], a student in any grade level from kindergarten through grade 12 may not be given credit or a final grade for a class unless the student is in attendance for at least 90 percent of the days the class is offered. *Education Code 25.092*

Homeless or  
Substitute Care

A district shall adopt a local policy to ensure credit, including proportionate credit, has been awarded appropriately to a student who is homeless or in substitute care for coursework completed prior to the student enrolling in or transferring to the district in accordance with 19 Administrative Code 74.26 (Award of Credit).

A district must ensure that student records or transcripts provided by the previous district or charter school are evaluated promptly and are complete, accurate, and up to date.

The receiving district must develop, maintain, and regularly update local records and documentation, including transcripts if applicable, for a student who is homeless or in substitute care.

A district must ensure that the records or transcripts of a student who is homeless or in substitute care and transferring from out of state, out of country, or a Texas nonpublic school are evaluated and the award of credit is determined in a timely manner, as required by 19 Administrative Code 74.26(a)(2). [See FDA]

A district must award credit proportionately to a student who is homeless or in substitute care who successfully completes only half of a course. Districts must evaluate the student record upon a student's enrollment and ensure that proportionate credit has been awarded appropriately.

If a district determines that there are courses in which a student was enrolled but for which the student has not earned credit, the district may use a variety of methods to determine whether the student may be eligible for full or proportionate credit for coursework completed. The award of credit must be based on demonstrated proficiency in all state and local requirements for a course in accordance with 19 Administrative Code 74.26.

A district must provide opportunities for a student who is homeless or in substitute care who enrolls in the district after the start of the school year to be administered credit by examination at any point during the school year, as required by 19 Administrative Code 74.24 (Credit by Examination) [see EHDB and EHDC].

Districts must:

1. Develop processes for students who have credit deficits or incomplete coursework that would impede on-time promotion or graduation to earn credit and implement appropriate academic interventions to address any credit deficiencies identified;
2. Develop and administer a personal graduation plan in accordance with Education Code 28.0212 (see EIF) for each student in junior high or middle school who is not likely to receive a high school diploma before the fifth school year following the student's enrollment in grade 9, as determined by the district, or does not perform satisfactorily on a state assessment instrument;
3. Review personal graduation plan options with each student entering grade 9 and with that student's parent or guardian as required by Education Code 28.02121 [see EIF]. Before the conclusion of the school year, the student and the student's parent or guardian must confirm and sign a personal graduation plan for the student;
4. Ensure that school staff actively engage with the student and the student's parent or guardian, as applicable, to develop a plan to recover credits if the student has credit deficits or incomplete coursework that would impede on-time promotion or graduation; and

5. Comply with Education Code 28.025(i) [see EIF], concerning the award of diplomas for students who are homeless or in substitute care who are in grade 11 or 12.

*19 TAC 89.1607*

[For information on transition assistance for students who are homeless or in substitute care, including enrollment and placement in education programs and courses, see FFC.]

**Graduation Requirements**

Credit for courses for high school graduation may be earned only if the student received a grade equivalent to 70 on a scale of 100, based upon the essential knowledge and skills of each course. Credit earned toward state graduation requirements in an accredited school district shall be transferable and must be accepted by any other school district in the state. *19 TAC 74.26(a)(1), (c)*

**Academic Achievement Record**

Following guidelines developed by the commissioner of education, a district shall use an academic achievement record (transcript) form that includes student demographics, school data, student data, and the record of courses and credits earned.

The academic achievement record (transcript) shall serve as the academic record for each student and shall be maintained permanently by a district.

Any credit earned by a student must be recorded on the academic achievement record (transcript), regardless of when the credit was earned.

A student's performance on a state assessment, including an end-of-course assessment instrument required under Education Code 39.023(c) [see EKB], must be included in the student's academic achievement record (transcript).

Copies of the record shall be made available to students transferring to another district. A district shall respond promptly to all requests for student records from receiving districts. [See also FD, FDA, and FL]

**Endorsement**

Students who complete the requirements for an endorsement shall have the endorsement clearly indicated on the academic achievement record (transcript).

A parent or guardian may elect for a student to:

1. Repeat prekindergarten;
2. Enroll in prekindergarten, if the student would have been eligible to enroll in prekindergarten during the previous school year under Education Code 29.153(b) [see EHBG] and the student has not yet enrolled in kindergarten;

4. Enroll in kindergarten, if the student would have been eligible to enroll in kindergarten in the previous school year and has not yet enrolled in first grade; or
5. For grades 1 through 8, repeat the grade in which the student was enrolled during the previous school year.

For courses taken for high school credit, a parent or guardian may elect for a student to repeat any course in which the student was enrolled during the previous school year. A parent or guardian may not elect for a student to repeat a course if the district determines the student has met all of the requirements for graduation.

A parent or guardian may make an election for a student in grades 1-8 or for a high school course, or both.

	<p>An election made by a parent or guardian shall be made in writing to a district.</p>

The district must abide by the decision of the parent or guardian.</p>
Retention Considerations	<p>Except as provided by this provision or other law, retention of a student pursuant to a parent's or guardian's election under this provision shall be considered the same as retention of a student by a district.</p>
Transfer of Rights	<p>The rights of a parent or guardian under this provision transfer to a student if the student is 18 years of age or older or has had the disabilities of a minor removed, unless the student is under a form of guardianship imposed by law or court order that continues after the student turns 18 years of age.</p>

In measuring the academic achievement or proficiency of a student who has dyslexia, the student's potential for achievement or proficiency in the area must be considered. *Education Code 28.021(b)* [See policies at EHB, EKB, and FB]

**Optional Extended-  
Year Program**

An optional extended year program may extend the day, the week, or the year to provide additional support and instruction for eligible students. The program shall be conducted beyond the required instructional days, which may include intercessions for year-round programs. *19 TAC 105.1001(b)*

A student is eligible for services in accordance with Education Code 29.082(a)(1)-(2). A student who does not demonstrate proficiency in a subject area as determined by the district is also eligible for services. *19 TAC 105.1001(c); Education Code 29.082(a)(1)-(2)*

A student who attends at least 90 percent of the extended-year program days and who satisfies the requirements for promotion (academic achievement or demonstrated proficiency of the subject matter of the course or grade level) shall be promoted to the next grade level at the beginning of the next school year. However, if the student's parent presents a written request to the school principal asking that the student not be promoted, the principal shall hold a formal meeting with the parent, the teacher, and the school counselor, as soon as practicable after receiving such a request. During the meeting, the principal, teacher, or school counselor shall explain the possible effects of not promoting a student. If the parent withdraws the request after the meeting, the student shall be promoted, and the district shall continue to use innovative practices to ensure that the student is successful in school in succeeding school years.

If a district provides an extended-year program, it shall adopt a policy designed to lead to immediate reduction and ultimate elimination of student retention.

**High School Diploma** A student may graduate and receive a diploma only if the student:

1. Successfully completes the curriculum requirements identified by the State Board of Education (SBOE) [see State Graduation Requirements, below], has performed satisfactorily on applicable state assessments [see EKB], and complies with the financial aid application requirements in Education Code 28.0256 [see below]; or
2. Successfully completes an individualized education program (IEP) developed under Education Code 29.005. [See EHBAB]

*Education Code 28.025(c)*

**FAFSA Required**

Before graduating from high school, each student must complete and submit a free application for federal student aid (FAFSA) or a Texas application for state financial aid (TASFA), except as provided below.

A student is not required to comply with the above provision if:

1. The student's parent or other person standing in parental relation submits a signed form indicating that the parent or other person authorizes the student to decline to complete and submit the financial aid application;
2. The student signs and submits the form described above on the student's own behalf if the student is 18 years of age or older or the student's disabilities of minority have been removed for general purposes under Family Code Chapter 31; or
3. A school counselor authorizes the student to decline to complete and submit the financial aid application for good cause, as determined by the school counselor.

If a school counselor notifies a district whether a student has complied with this section for purposes of determining whether the student meets high school graduation requirements under Education Code 28.025, the school counselor may only indicate whether the student has complied with this section and may not indicate the manner in which the student complied, except as necessary for the district to comply with the commissioner's rules.

A school counselor may not indicate that a student has not complied with this section if the district fails to provide the required form

to the student or the student's parent or other person standing in parental relation to the student.

*Education Code 28.0256; 19 TAC 74.11(b)*

*Opt-Out Form*

The board shall adopt the standard opt-out form provided by the Texas Education Agency (TEA).

The opt-out form shall be available in English, Spanish, and any other language spoken by a majority of the students enrolled in a bilingual education or special language program in the district. A district is responsible for translations not provided by TEA.

The opt-out form must include the student's signature of intent to decline to complete a financial aid application prior to the student's anticipated graduation date.

*19 TAC 74.1023(c)*

*Notification*

A district shall provide students with the notifications regarding the financial aid application requirement, in accordance with 19 Administrative Code 74.1023(d).

*Proof of Submission*

A district shall require one of the following methods of proof that a student has completed and submitted the FAFSA or TASFA.

For completion and submission of the FAFSA:

1. ApplyTexas Counselor Suite FAFSA data;
2. Notification from the U.S. Department of Education that demonstrates a student has completed and submitted a FAFSA; or
3. A local policy developed by a district for the method by which a student must provide proof that the student has completed a FAFSA.

A district shall develop a local policy for the method by which a student must provide proof that the student has completed a TASFA.

*19 TAC 74.1023(e)*

*Information Submission and Confidentiality*

A district shall report through the Texas Student Data System Public Education Information Management System (TSDS PEIMS) not later than December 1 of each school year for students awarded diplomas in the previous school year the number of students who completed and submitted a financial aid application and the number of students who submitted an exception.

A district shall maintain student financial aid application information securely and ensure compliance with federal law regarding the

confidentiality of student educational information, including the Family Educational Rights and Privacy Act of 1974 (20 U.S.C. Section 1232g), and any state law relating to the privacy of student information [see FL].

*19 TAC 74.1023(f)-(g)*

Individual  
Graduation  
Committee

A student may receive a diploma if the person is eligible for a diploma as determined by an individual graduation committee (IGC) established under Education Code 28.0258. *Education Code 28.025(c-6)*

A student receiving special education services is not subject to the IGC requirements in Education Code 28.0258 or 19 Administrative Code 74.1025. A student's admission, review, and dismissal (ARD) committee determines whether a student is required to achieve satisfactory performance on an end-of-course (EOC) assessment to graduate. *19 TAC 74.1025(n)* [See EHBAB]

For each 11th or 12th grade student who has failed to comply with the EOC assessment instrument performance requirements under Education Code 39.025 for not more than two courses, the district shall establish an IGC at the end of or after the student's 11th grade year to determine whether the student may qualify to graduate. A student may not qualify to graduate as a result of an IGC decision before the student's 12th grade year.

The IGC shall be composed of:

1. The principal or principal's designee;
2. For each EOC assessment instrument on which the student failed to perform satisfactorily, the teacher of the course;
3. The department chair or lead teacher supervising the teacher(s) above; and
4. As applicable:
  - a. The student's parent or person standing in parental relation to the student;
  - b. A designated advocate if the parent is unable to serve; or
  - c. The student, at the student's option, if the student is at least 18 years of age or is an emancipated minor.

The superintendent shall establish procedures for convening the committee.

The district shall provide an appropriate translator, if available, for a parent, advocate, or student who is unable to speak English.

*Education Code 28.0258(a)-(c), (c-2); 19 TAC 74.1025(b)*

A district may not establish an initial IGC for eligible students after June 10 or before the start of the next school year. Once the IGC has been established, it is the original IGC for that student.

If a student leaves a district after an original IGC has been established and before that original IGC awards a high school diploma to the student, any other district that later enrolls the student shall request information from the student's original IGC of record and shall implement the original IGC recommendations to the extent possible.

*Alternate  
Members*

In the event that the teacher identified in item 2 above is unavailable, the principal shall designate as an alternate member of the committee a teacher certified in the subject of the EOC assessment on which the student failed to perform satisfactorily and who is most familiar with the student's performance in that subject area.

In the event that the individual identified above in item 3 above is unavailable, the principal shall designate as an alternate member of the committee an experienced teacher certified in the subject of the EOC assessment on which the student failed to perform satisfactorily and who is familiar with the content of and instructional practices for the applicable course.

In the event that the student's parent or person standing in parental relation to the student is unavailable to participate in the IGC, the principal shall designate an advocate with knowledge of the student to serve as an alternate member of the committee.

*19 TAC 74.1025(c), (e), (g)-(i)*

*Notice*

A district shall ensure a good faith effort is made to timely notify the appropriate person described under item 4 above of the time and place for convening the IGC and the purpose of the committee. The notice must be provided in person or by regular mail or email; clear and easy to understand; and written in English, in Spanish, or, to the extent practicable, in the native language of the appropriate person. *Education Code 28.0258(d)*

*Curriculum  
Requirements*

To be eligible to graduate and receive a high school diploma from the IGC, a student must successfully complete the curriculum requirements required for high school graduation. [See State Graduation Requirements, below] *Education Code 28.0258(e)*

*Additional  
Requirements to  
Graduate*

A student's IGC shall recommend additional requirements by which the student may qualify to graduate, including additional remediation; and for each EOC assessment instrument on which the student failed to perform satisfactorily:

1. The completion of a project related to the subject area of the course that demonstrates proficiency in the subject area; or
2. The preparation of a portfolio of work samples in the subject area of the course, including work samples from the course that demonstrate proficiency in the subject area.

A student may submit to the IGC coursework previously completed to satisfy a recommended additional requirement.

*Education Code 28.0258(f), (g)*

In determining whether a student is qualified to graduate, the committee shall consider the criteria at Education Code 28.0258(h) and any other academic information designated for consideration by the board. After considering the criteria, the committee may determine that the student is qualified to graduate. A student may graduate and receive a high school diploma on the basis of the committee's decision only if the student successfully completes all additional requirements recommended by the committee, the student meets applicable curriculum requirements, and the committee's vote is unanimous. The decision of a committee is final and may not be appealed. *Education Code 28.0258(i)*

*Emergent  
Bilingual  
Students*

For provisions related to an IGC and emergent bilingual students, see EKBA.

Special Education

A student receiving special education services who successfully completes the requirements of his or her IEP, including performance on a state assessment required for graduation, shall receive a high school diploma. A student's ARD committee shall determine if the student will be required to meet satisfactory performance on an assessment for purposes of graduation. *19 TAC 101.3023(a)* [See Graduation of Students Receiving Special Education Services, below, and EKB]

Posthumous  
Diploma

Beginning with students who would have graduated at the end of the 2019-20 school year, and on request of the student's parent, a district shall issue a high school diploma posthumously to each student who died while enrolled in the district at the end of the school year in which the student was expected to graduate under the regular schedule of school attendance. The high school diploma may not be issued before the graduation date of the class in which the student was enrolled at the time of death.

*Exception*

A district is not required to issue a posthumous diploma if the student was convicted of a felony offense under Penal Code Title 5 or 6 or adjudicated as having engaged in conduct constituting a felony offense under Penal Code Title 5 or 6.

*Education Code 28.0254*

Diplomas for  
Veterans

Notwithstanding any other provision of this policy, a district may issue a high school diploma to a person who is an honorably discharged member of the armed forces of the United States; was scheduled to graduate from high school after 1940 and before 1975 or after 1989; and left school after completing the sixth or a higher grade, before graduating from high school, to serve in:

1. World War II, the Korean War, the Vietnam War, the Persian Gulf War, the Iraq War, or the war in Afghanistan; or
2. Any other war formally declared by the United States, military engagement authorized by the United States Congress, military engagement authorized by a United Nations Security Council resolution and funded by the United States Congress, or conflict authorized by the president of the United States under the War Powers Resolution of 1973, 50 U.S.C. 1541, et seq.

*Education Code 28.0251*

**Texas First Early  
High School  
Completion Program**

A district shall allow a student to graduate and receive a high school diploma under the Texas First Early High School Completion Program if, using the standards established by TEA and the Texas Higher Education Coordinating Board and eligible institutions of higher education, the student demonstrates mastery of and early readiness for college in each of the subject areas described by the standards and in a language other than English, notwithstanding any other local or state requirements.

A student who earns a high school diploma through the program is considered to have earned a distinguished level of achievement.

Notice Upon  
Enrollment

On a student's initial enrollment in high school in a grade level below grade 12 in a district, the district shall provide to the student and the student's parent or guardian information regarding the requirements to earn a high school diploma under the Texas First Early High School Completion Program and the Texas First Scholarship Program.

*Education Code 28.0253(e)-(g); 19 TAC 21.52(a)*

The notice must include information about the requirement that a student must provide an official copy of their assessment results

and transcripts, as applicable, to receive credit for the assessments and credits required to receive early graduation from the program. *19 TAC 21.54*

**Personal Graduation Plan**

Junior High or  
Middle School PGP

A principal of a junior high or middle school shall designate a school counselor, teacher, or other appropriate individual to develop and administer a personal graduation plan (PGP) for each student enrolled in the junior high or middle school who:

1. Does not perform satisfactorily on a state assessment instrument; or
2. Is not likely to receive a high school diploma before the fifth school year following the student's enrollment in grade level 9, as determined by a district.

A PGP must:

1. Identify educational goals for the student;
2. Include diagnostic information, appropriate monitoring and intervention, and other evaluation strategies;
3. Include an intensive instruction program described in Education Code 28.0213 [see EHBC];
4. Address participation of the student's parent or guardian, including consideration of the parent's or guardian's educational expectations for the student; and
5. Provide innovative methods to promote the student's advancement, including flexible scheduling, alternative learning environments, online instruction, and other interventions that are proven to accelerate the learning process and have been scientifically validated to improve learning and cognitive ability.

*Education Code 28.0212*

*Students  
Receiving  
Special  
Education  
Services*

For a student receiving special education services, the student's ARD committee and the district are responsible for developing the student's PGP.

A student's IEP developed under Education Code 29.005 may be used as the student's PGP.

*Education Code 28.0212(c); 19 TAC 89.1050(a) [See EHBAB]*

High School PGP

A principal of a high school shall designate a school counselor or school administrator to review PGP options with each student entering grade 9 together with that student's parent or guardian. The

PGP options reviewed must include the distinguished level of achievement and endorsements.

Before the conclusion of the school year, the student and the student's parent or guardian must confirm and sign a PGP for the student that identifies a course of study that:

1. Promotes college and workforce readiness and career placement and advancement; and
2. Facilitates the student's transition from secondary to postsecondary education.

A district may not prevent a student and the student's parent or guardian from confirming a PGP that includes pursuit of a distinguished level of achievement or an endorsement.

A student may amend the student's PGP after the initial confirmation of the plan. If a student amends the student's PGP, the school must send written notice to the student's parents regarding the change.

TEA must make available to a district information that explains the advantages of the distinguished level of achievement described by Education Code 28.025(b-15) and each endorsement described by Education Code 28.025(c-1). A district, in turn, shall publish the information from TEA on the internet website of the district and ensure that the information is available to students in grades nine and above and the parents or legal guardians of those students in the language in which the parents or legal guardians are most proficient.

A district is required to provide this information in the language in which the parents or legal guardians are most proficient only if at least 20 students in a grade level primarily speak that language.

*Education Code 28.02121*

**Early Graduation**

A parent is entitled to request, with the expectation that the request will not be unreasonably denied, that the parent's child be permitted to graduate from high school earlier than the child would normally graduate, if the child completes each course required for graduation. The decision of a board concerning the request is final and may not be appealed. *Education Code 26.003(a)(3)(C), (b)*  
[See FMH, FNG]

**State Graduation  
Requirements**

---

**Note:** For current state graduation requirements, including those for students who entered grade 9 before the 2007-08 school year but that are not otherwise referenced in this policy, see Education Code 28.025 and 19 Administrative Code Chapter 74.

3. Appropriate private or commercially sponsored physical activity programs conducted on or off campus. A district must apply to the commissioner of education for approval of such programs, which may be substituted for state graduation credit in physical education. Such approval may be granted under the following conditions:
  - a. Olympic-level participation and/or competition includes a minimum of 15 hours per week of highly intensive, professional, supervised training. The training facility, instructors, and the activities involved in the program must be certified by the superintendent to be of exceptional quality. Students qualifying and participating at this level may be dismissed from school one hour per day. Students dismissed may not miss any class other than physical education.

A credit allowed to be substituted may not also be used by the student to satisfy a graduation requirement other than completion of the physical education credit. The determination regarding a student's ability to participate in physical activity must be made by:

1. The student's ARD committee if the student receives special education services under Education Code Chapter 29, Subchapter A;
2. The committee established for the student under Section 504, Rehabilitation Act of 1973 (29 U.S.C. Section 794) if the student does not receive special education services under Education Code Chapter 29, Subchapter A but is covered by the Rehabilitation Act of 1973; or

All credit for graduation must be earned no later than grade 12. *19 TAC 74.61(b), .71(b)*

A student entering grade 9 prior to the 2014-15 school year who does not choose to complete the curriculum requirements for high school graduation under the foundation high school program must enroll in the courses necessary to complete the curriculum requirements for the Recommended High School Program or the Advanced/Distinguished Achievement High School Program, unless the student, the student's parent or other person standing in parental relation to the student, and a school counselor or school administrator agree in writing signed by each party that the student should be permitted to take courses under the Minimum High School Program, and the student:

1. Is at least 16 years of age;
2. Has completed two credits required for graduation in each subject of the foundation curriculum under Education Code 28.002(a)(1); or
3. Has failed to be promoted to the 10th grade one or more times as determined by the school district.

Students with  
Disabilities

If an ARD committee makes decisions that place a student with a disability on a modified curriculum in a subject area, the student will be automatically placed in the Minimum High School Program.

Applicability

A student who was permitted to take courses under the Minimum High School Program prior to the 2009-10 school year may remain in the Minimum High School Program.

*19 TAC 74.61(c), (d), .71(c), (d)*

*Reading*

A district may offer a maximum of 3 credits of reading for state graduation elective credit for identified students if the district:

1. Adopts policies to identify students in need of additional reading instruction;
2. Has procedures that include assessment of individual student needs and ongoing evaluation of each student's progress; and
3. Monitors instructional activities to ensure that student needs are addressed.

Reading credits may be selected from Reading I, II, or III.

*19 TAC 74.61(h), .71(f)*

*College Courses*

*Physical  
Education  
Substitutions*

In accordance with local district policy, credit for any physical education course may be earned through participation in the following activities:

Other Physical  
Activity

1. Athletics;
2. JROTC; and

3. Appropriate private or commercially sponsored physical activity programs conducted on or off campus. A district must apply to the commissioner for approval of such programs, which may be substituted for state graduation credit in physical education. Such approval may be granted under the following conditions:
  - a. Olympic-level participation and/or competition includes a minimum of 15 hours per week of highly intensive, professional, supervised training. The training facility, instructors, and the activities involved in the program must be certified by the superintendent to be of exceptional quality. Students qualifying and participating at this level may be dismissed from school one hour per day. Students dismissed may not miss any class other than physical education.
  - b. Private or commercially sponsored physical activities include those certified by the superintendent to be of high quality and well supervised by appropriately trained instructors. Student participation of at least five hours per week must be required. Students certified to participate at this level may not be dismissed from any part of the regular school day.

In accordance with local district policy, up to one credit for any one of the physical education courses listed in 19 Administrative Code Chapter 74 [see EHAC] may be earned through participation in any of the following activities:

1. Drill team;
2. Marching band; and
3. Cheerleading.

**Restrictions**

All substitution activities must include at least 100 minutes per five-day school week of moderate to vigorous physical activity.

No more than four substitution credits may be earned through any combination of substitutions listed above.

***Student with Disability or Illness***

A student who is unable to participate in physical activity due to disability or illness may substitute an academic elective credit in English language arts, mathematics, science, or social studies for the required physical education credit. A credit allowed to be substituted may not also be used by the student to satisfy a graduation requirement other than completion of the physical education credit. The determination regarding a student's ability to participate in physical activity must be made by:

1. The student's ARD committee if the student receives special education services under Education Code Chapter 29, Subchapter A;
2. The committee established for the student under Section 504, Rehabilitation Act of 1973 (29 U.S.C. Section 794) if the student does not receive special education services under Education Code Chapter 29, Subchapter A but is covered by the Rehabilitation Act of 1973; or
3. A committee, established by the district, of persons with appropriate knowledge regarding the student if each of the committees described above is inapplicable. This committee must follow the same procedures required of an ARD or a Section 504 committee.

*Student with  
Physical  
Limitations*

If a student entering grade 9 during the 2007-08 school year or thereafter is unable to comply with all of the requirements for a physical education course due to a physical limitation certified by a licensed medical practitioner, a modification to a physical education course does not prohibit the student from earning a Recommended or Advanced/Distinguished High School Program diploma. A student with a physical limitation must still demonstrate proficiency in the relevant knowledge and skills in a physical education course that do not require physical activity.

Summary of  
Academic  
Achievement and  
Evaluation

All students graduating must be provided with a summary of academic achievement and functional performance as described in 34 C.F.R. 300.305(e)(3). This summary must consider, as appropriate, the views of the parent and student and written recommendations from adult service agencies on how to assist the student in meeting postsecondary goals. An evaluation as required by 34 C.F.R. 300.305(e)(1) (evaluation to determine that the child is no longer a child with a disability), must be included as part of the summary for a student graduating under 19 Administrative Code 89.1070(b)(2), (b)(3)(A), (B), or (C) or (f)(4)(A), (B), or (C). Students who participate in graduation ceremonies but who are not graduating under subsections (b)(2), (b)(3)(A), (B), or (C) or (f)(4)(A), (B), or (C) and who will remain in school to complete their education do not have to be evaluated. *19 TAC 89.1070(g)-(h)*

*Students  
Entering Grade 9  
in or After the  
2014-15 School  
Year*

A student entering grade 9 in the 2014-15 school year and thereafter who receives special education services may graduate and be awarded a regular high school diploma if the student meets one of the following conditions:

1. The student has demonstrated mastery of the required state standards (or district standards if greater) in 19 Administrative Code Chapters 110-117, 126-128, and 130 and satisfactorily completed credit requirements for graduation under the foundation high school program applicable to students in general education as well as satisfactory performance as established in Education Code Chapter 39, on the required EOC assessment instruments.
2. The student has demonstrated mastery of the required state standards (or district standards if greater) in 19 Administrative Code Chapters 110-117, 126-128, and 130 and satisfactorily completed credit requirements for graduation under the foundation high school program specified in 19 Administrative Code 74.12 applicable to students in general education but the student's ARD committee has determined that satisfactory performance on the required EOC assessment instruments is not necessary for graduation.
3. The student has demonstrated mastery of the required state standards (or district standards if greater) in 19 Administrative Code Chapters 110-117, 126-128, and 130 and satisfactorily completed credit requirements for graduation under the foundation high school program through courses, one or more of which contain modified curriculum that is aligned to the standards applicable to students in general education, as well as satisfactory performance as established in Education Code Chapter 39, on the required EOC assessment instruments,

unless the student's ARD committee has determined that satisfactory performance on the required EOC assessment instruments is not necessary for graduation. The student must also successfully complete the student's IEP and meet one of the following conditions:

- a. Consistent with the IEP, the student has obtained full-time employment, based on the student's abilities and local employment opportunities, in addition to mastering sufficient self-help skills to enable the student to maintain the employment without direct and ongoing educational support of the local school district.
- b. Consistent with the IEP, the student has demonstrated mastery of specific employability skills and self-help skills that do not require direct ongoing educational support of the local school district.
- c. The student has access to services that are not within the legal responsibility of public education or employment or educational options for which the student has been prepared by the academic program.
- d. The student no longer meets age eligibility requirements.

When a student receives a diploma under item 2 or 3(a), (b), or (c), above, the ARD committee must determine needed educational services upon the request of the student or parent to resume services, as long as the student meets the age eligibility requirements.

*19 TAC 89.1070(b), (j)*

*Endorsements*

A student who is enrolled in a special education program may earn an endorsement on the student's transcript by:

1. Successfully completing, with or without modification of the curriculum:
  - a. The curriculum requirements identified by the SBOE for the foundation high school program; and
  - b. The additional endorsement curriculum requirements prescribed by the SBOE; and
2. Successfully completing all curriculum requirements for that endorsement adopted by the SBOE:
  - a. Without modification of the curriculum; or
  - b. With modification of the curriculum, provided that the curriculum, as modified, is sufficiently rigorous as determined by the student's ARD committee.

The ARD committee of a student in a special education program shall determine whether the student is required to achieve satisfactory performance on an end-of-course assessment instrument to earn an endorsement on the student's transcript.

A student receiving special education services who entered grade 9 before the 2014-15 school year may graduate and be awarded a high school diploma under the foundation high school program in accordance with 19 Administrative Code 89.1070.

**Graduation of  
Military Dependents**

Course Waiver

District officials shall waive specific courses required for graduation if similar coursework has been satisfactorily completed by a military student in another district or shall provide reasonable justification for denial. Should a waiver not be granted to a student who would qualify to graduate from the sending school, the district shall provide an alternative means of acquiring required coursework so that graduation may occur on time.

Transfers During  
Senior Year

Should a military student transferring at the beginning or during the student's senior year be ineligible to graduate from the district after all alternatives have been considered, the sending and receiving districts shall ensure the receipt of a diploma from the sending district, if the student meets the graduation requirements of the sending district. In the event that one of the states in question is not a member of this compact, the member state shall use best efforts to facilitate the on-time graduation of the student.

Substitute Passing  
Standard

The commissioner shall adopt a passing standard on one or more national norm-referenced achievement tests for purposes of permitting a qualified military dependent to meet that standard as a substitute for completing a specific course otherwise required for graduation. The passing standard is available only for a student who enrolls in a public school in this state for the first time after completing the ninth grade or who reenrolls in a public school in this state at or above the 10th-grade level after an absence of at least two years from the public schools of this state. Each passing standard in effect when a student first enrolls in a Texas public high school remains applicable to the student for the duration of the student's high school enrollment, regardless of any subsequent revision of the standard.

*Education Code 162.002 art. VII, A, C [See FDD]*

**Graduation of  
Student Who Is  
Homeless or in  
Conservatorship of  
DFPS**

If an 11th or 12th grade student who is homeless or in the conservatorship of the Department of Family and Protective Services transfers to a different school district and the student is ineligible to graduate from the district to which the student transfers, the district from which the student transferred shall award a diploma at the student's request, if the student meets the graduation requirements of the district from which the student transferred. *Education Code 28.025(i)*

**State Assessment of Academic Skills**

Every student receiving instruction in the essential knowledge and skills shall take the appropriate criterion-referenced assessments, as required by Education Code Chapter 39, Subchapter B [see Testing in Grades 3-8, below]. *Education Code 39.023(a), (c), (f); 19 TAC 101.5*

A student may not receive a high school diploma until the student has performed satisfactorily on end-of-course (EOC) assessment instruments [see End-of-Course Assessments, below]. *Education Code 39.025(a); 19 TAC 101.4001*

Emergent Bilingual Students

In grades 3-12, an emergent bilingual student, as defined by Education Code Chapter 29, Subchapter B, shall participate in the state assessment in accordance with commissioner rules at 19 Administrative Code Chapter 101, Subchapter AA. *Education Code 39.023(l), (m)* [See EKBA]

Special Education

The Texas Education Agency (TEA) shall develop or adopt appropriate criterion-referenced alternative assessment instruments to be administered to each student in a special education program for whom a state assessment instrument adopted under Education Code 39.023(a), even with allowable accommodations, would not provide an appropriate measure of student achievement, as determined by the student's admission, review, and dismissal (ARD) committee, including assessment instruments approved by the commissioner of education that measure growth. The assessment instruments developed or adopted, including the assessment instruments approved by the commissioner, must, to the extent allowed under federal law, provide a district with options for the assessment of students.

TEA may not adopt a performance standard that indicates that a student's performance on the alternate assessment does not meet standards if the lowest level of the assessment accurately represents the student's developmental level as determined by the student's ARD committee.

The student's ARD committee shall determine whether any allowable modification is necessary in administering to the student a required EOC assessment instrument under Education Code 39.023(c), and whether the student is required to achieve satisfactory performance on an EOC assessment instrument to receive a high school diploma.

*Education Code 39.023(b)-(c), .025(a-4)*

Military Dependents

If the student is a military dependent, the district shall incorporate procedures to accept:

1. Exit or EOC exams required for graduation from the sending state;
2. National norm-referenced achievement tests; or
3. Alternative testing, in lieu of testing requirements for graduation in the receiving state.

In the event the above alternatives cannot be accommodated by the receiving state for a military dependent transferring in his or her senior year, then Education Code 162.002 article VII, section C, shall apply.

*Substitute  
Passing Standard*

The commissioner shall adopt a passing standard on one or more national norm-referenced achievement tests for purposes of permitting a qualified military dependent to meet that standard as a substitute for achieving a score on an assessment instrument otherwise required for graduation. The passing standard is available only for a student who enrolls in a public school in this state for the first time after completing the ninth grade or who reenrolls in a public school in this state at or above the grade 10 level after an absence of at least two years from the public schools of this state. Each passing standard in effect when a student first enrolls in a Texas public high school remains applicable to the student for the duration of the student's high school enrollment, regardless of any subsequent revision of the standard.

*Education Code 162.002 art. VII [See EIF]*

**Administration**

A district shall follow the test administration procedures established by TEA in the applicable test administration materials. A superintendent shall be responsible for administering tests. *19 TAC 101.25, .27*

Schedule

The commissioner shall specify the schedule for testing that is in compliance with Education Code 39.023(c-3) and supports reliable and valid assessments. Participation in University Interscholastic League (UIL) area, regional, or state competitions is prohibited on any days on which testing is scheduled between Monday and Thursday of the school week in which the primary administration of assessment instruments occurs.

The commissioner may provide alternate dates for the administration of tests required for a high school diploma to students who are migratory children and who are out of the state.

*19 TAC 101.25*

On request by a district, the commissioner may allow the district to administer an assessment instrument on the first instructional day

of a week if administering the assessment instrument on another instructional day would result in a significant administrative burden due to specific local conditions. *Education Code 39.023(c-3)*

*Religious Holy Days*

The board may consider the dates of religious holy days or periods of observance likely to be observed by the students enrolled in the district during the period set by the State Board of Education (SBOE) for the administration of state assessment instruments in establishing:

1. The district's calendar for that school year; and
2. The instructional days within that period on which students are administered the required assessment instruments, provided that the board not exclude more than two instructional days from that period based solely on the occurrence of a single religious holy day or period of observance.

"Religious holy day or period of observance" means a holy day or a period of holy days observed by a religion whose places of worship would be exempt from property taxation under Tax Code 11.20.

In establishing a school calendar under this provision, the board shall provide for alternative dates for the administration of state assessment instruments to a student who is absent from school to observe a religious holy day or period of observance on the date an assessment instrument is administered.

*Education Code 39.0238*

*Alternate Test Dates*

The commissioner shall consider requests from districts or campuses for alternate test dates on a case-by-case basis. Alternate test dates will only be allowed if the campus or district is closed on the day on which testing is scheduled or if there is an exceptional circumstance, defined below, that may affect a district's or campus's ability to administer an assessment or the students' performance on the assessment.

"Exceptional circumstances" include:

1. Inclement weather or natural disasters that would cause a district or campus to be closed or that would cause a small percentage of students to be in attendance on the day testing is scheduled;
2. Health epidemics that result in a large number of students being absent on the day of testing;
3. Death of a student or school official that may impact student performance; and

4. Sudden emergencies that occur on the day of testing or shortly before testing that may inhibit students from completing the assessments, such as a fire on campus, a bomb threat, an extended power outage, or a water main break.

If an alternate test date for primary test administration is approved, the commissioner may prohibit a district or campus from participating in UIL competition on the new test date if that is determined to be in the best interest of the district, campus, and students.

*19 TAC 101.5003*

Test Administration  
Training

The commissioner may require training for district employees involved in the administration of the assessment instruments. The commissioner may only require for the employee at each district campus who oversees the administration of the assessment instruments to annually receive the training. The district employee who oversees test administration on a district campus may, with discretion, require other district employees involved in the administration of assessment instruments to repeat the training. *Education Code 39.0304(a), (b-1)-(b-2)*

Paper  
Administration

A district may administer a state assessment instrument required under Education Code 39.023(a), (c), or (l) in paper format to any student whose parent, guardian, or teacher in the applicable subject area requests the assessment instrument be administered to the student in paper format.

A request for the administration of an assessment instrument in paper format to a student must be submitted to the district:

1. For a fall administration of an assessment instrument, not later than September 15 of the school year in which the assessment instrument will be administered; and
2. For a spring administration of an assessment instrument, not later than December 1 of the school year in which the assessment instrument will be administered.

The number of students enrolled at a district who are administered an assessment instrument in paper format for any single administration under this provision may not exceed three percent of the number of students enrolled in the district. On receipt of more requests for administration of an assessment instrument than the maximum number permitted, the district shall accept the requests in the order received until the maximum number is reached.

This limitation does not apply to a student whose ARD committee determines that the administration of an assessment instrument in paper format is a necessary modification for the student.

*Education Code 39.02342*

**Notice to Parents  
and Students**

A superintendent shall be responsible for the following in order to provide timely and full notification of graduation requirements:

1. Notifying each student and his or her parent or guardian in writing no later than the beginning of the student's seventh-grade year of the testing requirements for graduation;
2. Notifying each student in grades 7-12 new to the district and his or her parent or guardian in writing of the testing requirements for graduation; and
3. Notifying each student who shall take the tests required for graduation and his or her parent or guardian, as well as out-of-school individuals, of the dates, times, and locations of testing.

*19 TAC 101.3012*

**Testing in  
Grades 3-8**

Except as provided below, all students, other than students who are assessed under Education Code 39.023(b) (alternative assessment instrument) or 39.023(l) (emergent bilingual students) or exempted under Education Code 39.027, shall be assessed in:

1. Mathematics, annually in grades 3-8;
2. Reading, annually in grades 3-8;
3. Social studies in grade 8;
4. Science in grades 5 and 8; and
5. Any other subject and grade required by federal law.

*Education Code 39.023(a)*

Exception

For purposes of federal accountability, a student shall not be administered a grade-level assessment if the student:

1. Is enrolled in a course or subject intended for students above the student's enrolled grade level and will be administered a grade-level assessment instrument developed under the list above that aligns with the curriculum for that course or subject within the same content area; or
2. Is enrolled in a course for high school credit in a subject intended for students above the student's enrolled grade level and will be administered an EOC assessment instrument that

aligns with the curriculum for that course or subject within the same content area.

For purposes of federal accountability, a grade 3-8 student who is accelerated in mathematics, reading/language arts, or science and on schedule to complete the high school end-of-course assessments in that same content area prior to high school shall be assessed at least once in high school with the ACT or the SAT.

A student is only eligible to take an assessment instrument intended for use above the student's enrolled grade if the student is on schedule to complete instruction in the entire curriculum for that subject during the semester the assessment is administered.

A student in grade 5 or 8 described above may not be denied promotion on the basis of failure to perform satisfactorily on an assessment instrument not required to be administered to the student.

*Education Code 28.0211(o)-(p), 39.023(a-2); 19 TAC 101.3011(a)(1)-(4)*

Kindergarten  
Assessment

An assessment instrument under Education Code 39.023 may not be administered to a kindergarten student except for the purpose of determining whether the student is entitled to the benefit of the Foundation School Program [see FD]. *Education Code 39.023(a-16)*

Prekindergarten  
Assessment

Performance on an assessment instrument administered to students in prekindergarten may not be considered for any purpose related to Education Code Chapters 39 and 39A. *Education Code 39.0237*

Accommodations

Testing accommodations are permitted for any student unless they would make a particular test invalid. Decisions regarding testing accommodations shall take into consideration the needs of the student and the accommodations the student routinely receives in classroom instruction. Permissible testing accommodations shall be described in the appropriate test administration materials.

The committee established by a board to determine the placement of students with dyslexia or related disorders shall determine whether any allowable modification is necessary in administering an assessment to such a student.

A student's ARD committee shall determine the allowable accommodations and shall document them in the student's individualized education program (IEP). [See Special Education, above]

**End-of-Course  
Assessments**

Beginning with students first enrolled in grade 9 in the 2011-12 school year, a student enrolled in a course for which an EOC assessment exists as required by Education 39.023(c) shall take the appropriate assessment. *19 TAC 101.3021(a)*

TEA shall adopt EOC assessment instruments for secondary-level courses in Algebra I, biology, English I, English II, and United States history. The Algebra I EOC assessment instrument must be administered with the aid of technology but may include one or more parts that prohibit the use of technology. The English I and English II EOC assessment instruments must each assess essential knowledge and skills in both reading and writing and must provide a single score. A district shall comply with SBOE rules regarding administration of the assessment instruments listed in this provision.

If a student is in a special education program, the student's ARD committee shall determine whether any allowable modification is necessary in administering to the student an assessment instrument required under this provision.

*Education Code 39.023(c)*

Students Enrolled  
Below High School  
Level

Beginning in the 2011-12 school year, a student in grade 8 or lower who takes a high school course for credit is required to take the applicable EOC assessment. The EOC assessment result shall be applied toward the student's assessment graduation requirements, as specified in 19 Administrative Code 101.3022. *19 TAC 101.3021(d)*

Assessment  
Requirements for  
Graduation

A student must meet satisfactory performance on an EOC assessment listed in Education Code 39.023(c) in order to be eligible to receive a Texas diploma, except as described below at Exceptions, Credits Earned Prior to Enrollment, Individual Graduation Committee, and Special Education.

The standard in place when a student first takes an EOC assessment is the standard that will be maintained throughout the student's school career.

English I or  
English II

A student who was administered separate reading and writing EOC assessments under Education Code 39.023(c), for the English I or English II course has met that course's assessment graduation requirement if the student has:

1. Achieved satisfactory performance on either the reading or writing EOC assessment for that course;
2. Met at least the minimum score on the other EOC assessment for that course; and

- Achieved an overall scale score of 3750 or greater when the scale scores for reading and writing are combined for that course.

Exceptions related to English I also apply to emergent bilingual students who meet the criteria in 19 Administrative Code 101.1007. [See EKBA]

*19 TAC 101.3022(a)-(c)*

Credits Earned  
Prior to  
Enrollment

If a student earned high school credit for a course with an EOC assessment prior to enrollment in a Texas public school district and the credit has been accepted by a Texas public school district, or a student completed a course for Texas high school credit in a course with an EOC assessment prior to the 2011-12 spring administration, the student is not required to take the corresponding EOC assessment. *19 TAC 101.3021(e)*

Substitute  
Assessments

The commissioner adopts certain assessments as substitute assessments that a student may use in place of a corresponding EOC assessment to meet the student's assessment graduation requirements. A satisfactory score on an approved assessment may be used in place of only one specific EOC assessment, except as provided by 19 Administrative Code 101.4002(d)(1) (student who qualifies for use of the Texas Success Initiative (TSI) as a substitute assessment and is enrolled in certain college preparatory courses).

A student at any grade level is eligible to use a substitute assessment as provided in the commissioner's chart at 19 Administrative Code 101.4002(b) if the student:

- Was administered an approved substitute assessment for an equivalent course in which the student was enrolled;
- Received a satisfactory score on the substitute assessment as determined by the commissioner and provided in the chart at 19 Administrative Code 101.4002(b); and
- Using a Texas Success Initiative Assessment (TSIA) or a Texas Success Initiative Assessment, Version 2.0 (TSIA2) also meets the additional criteria of 19 Administrative Code 101.4002(d).

*TSI Additional  
Criteria*

A student must meet the criteria established in 19 Administrative Code 101.4002(d) in order to qualify to use TSIA or TSIA2 as a substitute assessment.

Accountability  
Testing

A student electing to substitute an assessment for graduation purposes must still take the corresponding EOC assessment required

under Education Code 39.023(c) at least once for accountability purposes. If a student sits for an EOC assessment, a district may not void or invalidate the test in lieu of a substitute assessment.

A student who fails to perform satisfactorily on a PSAT, PLAN, or Aspire test (or any versions of these tests) as indicated in the chart in 19 Administrative Code 101.4003(b) must take the appropriate EOC assessment required under Education Code 39.023(c). However, a student who does not receive a passing score on the EOC assessment and retakes a PSAT, PLAN, or Aspire test (or any versions of these tests) is eligible to meet the requirements specified in 19 Administrative Code 101.4002(c).

*19 TAC 101.4002*

*Verification of  
Results*

An eligible student is responsible for providing a district an official copy of the student's scores from the substitute assessment.

Upon receipt of official results of an approved substitute assessment, a district must:

1. Verify the student's score on the substitute assessment; and
2. Determine whether the student met the performance standard required to qualify for a public high school diploma in Texas as established by the commissioner.

*19 TAC 101.4005*

*Satisfactory  
Performance*

A student is required to achieve a scale score that indicates satisfactory performance, as determined by the commissioner on each EOC assessment instrument administered to the student. *Education Code 39.025(a)*

*Individual  
Graduation  
Committee*

A student in grade 11 or 12 who has failed to comply with the EOC assessment instrument performance requirements under Education Code 39.025 for not more than two courses may qualify to graduate on the basis of a review by an individual graduation committee (IGC). [See EIF] *Education Code 28.0258, 39.025(a-5)*

A student may not graduate under an IGC if the student did not take each required EOC assessment or an approved substitute assessment for each course in which the student was enrolled in a Texas public school for which there is an EOC assessment. A district shall determine whether the student took each required EOC assessment or an approved substitute assessment. For purposes of this provision only, a student who does not make an attempt to take all required EOC assessments may not qualify to graduate by means of an individual graduation committee.

Notwithstanding any action taken by a student's individual graduation committee, a district must provide a student an opportunity to retake an EOC assessment under Education Code 39.023(c) if the student has not previously achieved satisfactory performance on an assessment for that course. A student is not required to retake a course in order to be administered a retest of an EOC assessment.

*19 TAC 101.3022(e)(1), (3)*

For provisions related to an IGC and emergent bilingual students, see EKBA.

Special Education

A student receiving special education services is not subject to the IGC requirements in Education Code 28.0258. As provided in 19 Administrative Code 89.1070 (Graduation Requirements) and 19 Administrative Code 101.3023 (Participation and Graduation Assessment Requirements for Students Receiving Special Education Services), a student's ARD committee determines whether a student is required to achieve satisfactory performance on an EOC assessment to graduate. [See EIF]

A student dismissed from a special education program who achieved satisfactory performance on an alternate EOC assessment while enrolled in a special education program is not required to take and achieve satisfactory performance on the general EOC assessment to graduate. A student who took an EOC assessment while enrolled in a special education program is not required to retake and achieve satisfactory performance on the EOC assessment if the student's ARD committee determined that the student was not required to achieve satisfactory performance on the EOC assessment to graduate. A student dismissed from a special education program must achieve satisfactory performance on any remaining EOC assessments that the student is required to take. If the student fails to achieve satisfactory performance on no more than two of the remaining EOC assessments, the student is eligible for IGC review under Education Code 28.0258 and is subject to the IGC provisions above. [See Individual Graduation Committee, above]

*19 TAC 101.3022(f)*

For more information on graduation requirements for special education students, see EIF.

Credit by  
Examination

An EOC assessment administered under Education Code 39.023(c) cannot be used for purposes of credit by examination under 19 Administrative Code 74.24. [See EHDB, EHDC] *19 TAC 101.3021(c)*

Additional State Assessments	TEA may adopt EOC assessment instruments for courses not listed in statute, as described above. A student's performance on these EOC assessment instruments is not subject to the performance requirements established for the statutory assessments. <i>Education Code 39.023(c-2)</i>
Retakes	Each time an EOC assessment instrument is administered, a student who failed to achieve a score requirement may retake the assessment instrument. [See Satisfactory Performance, above]  A student is not required to retake a course as a condition of retaking an EOC assessment instrument.  If a student failed a course but achieved satisfactory performance on the applicable EOC assessment, that student is not required to retake the assessment if the student is required to retake the course.  <i>Education Code 39.025(b); 19 TAC 101.3021(f), .3022(d)</i>
<b>Reporting Results</b>	Overall student performance data, aggregated by ethnicity, sex, grade level, subject area, campus, and district, shall be made available to the public, with appropriate interpretations, at regularly scheduled meetings of a board, after receipt from TEA. The information shall not contain the names of individual students or teachers. <i>Education Code 39.030(b)</i>
To the Public	
To the Board	A superintendent shall accurately report all test results with appropriate interpretations to a board according to the schedule in the applicable test administration materials.
To Parents, Students, and Teachers	A district shall notify each of its students, his or her parent or guardian, and his or her teacher for that subject of test results, observing confidentiality requirements stated at Confidentiality of Results, below. All test results shall be included in each student's academic achievement record and shall be furnished for each student transferring to another district or charter school or private school. The scoring contractor will provide districts with the results of the machine-scorable assessments within a 21-day period following the close of the testing window. Upon receipt of the assessment results from the test contractor, a district shall disclose a student's assessment results to a student's teacher in the same subject area as the assessment for that school year. [See BQ series, FD, and FL]  <i>19 TAC 101.3014(a)-(d)</i>
	TEA shall adopt a series of questions to be included in an EOC assessment instrument administered under Education Code 39.023(c) to be used for purposes of identifying students who are

likely to succeed in an advanced high school course. A district shall notify a student who performs at a high level on the questions and the student's parent or guardian of the student's performance and potential to succeed in an advanced high school course. A district may not require a student to perform at a particular level on the questions to be eligible to enroll in an advanced high school course. *Education Code 39.0233(b)*

Parents Right-to-Know Under ESEA

As a condition of receiving assistance under Title I, Part A of the Elementary and Secondary Education Act (ESEA) (20 U.S.C. 6301 et seq.), a district shall provide to each individual parent of a child who is a student in such school, with respect to such student information on the level of achievement and academic growth of the student, if applicable and available, on each of the state academic assessments required under Part A. *20 U.S.C. 6312(e)(1)(B)(i)*

Parental Access

A parent is entitled to access to a copy of each state assessment instrument administered to the parent's child. This right of access does not apply, however, to those instruments or particular questions that are being field-tested by TEA. *Education Code 26.005, .006(a)(2), 39.023(e)*

---

**Note:** For information on instructional requirements for students who fail to perform satisfactorily on a state assessment instrument, see EHBC and EHBCA.

---

**Out-of-State Transfers**

A district shall accurately report to TEA whether that student transferred into the district from out of state during the current school year.

Procedures for the reporting of out-of-state-transfer students to TEA shall be established in the applicable test administration materials. A district shall follow procedures specified in those test administration materials.

The assessment results of the out-of-state transfer students shall be reported separately to districts from the results of the district's other students in addition to the current reporting of assessment results for all students and other student subsets.

*19 TAC 101.3014(e)*

**Security and Confidentiality**

All assessment instruments included in the student assessment program are considered secure, and the contents of these tests, including student information used or obtained in their administration, are confidential.

Districts and campuses and the superintendent and campus principals in each district and campus shall:

1. Implement and ensure compliance with state test administration procedures and training activities;
2. Notify TEA as soon as the district becomes aware of any alleged or suspected violation of the security or confidential integrity of a test [see Violations, below];
3. Report all confirmed testing violations to TEA within 10 working days of the district becoming aware of the violation in accordance with the reporting process stipulated in the test administration materials;
4. Ensure that the only individuals with access to secure test materials are district employees who have:
  - a. Met the requirements to participate in the student assessment program;
  - b. Received training in test security and test administration procedures; and
  - c. Signed an oath affirming they understand their obligation to maintain and preserve the security and confidentiality of all state assessments and student information, acknowledge their responsibility to report any suspected testing violation, and are aware of the range of penalties that may result from a violation of test security and confidentiality or a departure from test administration procedures; and
5. Ensure the security of the test materials as required by 19 Administrative Code 101.3031(a)(2)(E).

*19 TAC 101.3031(a)(1)-(2)*

Violations

Violations of the security and confidential integrity of a test include:

1. Directly or indirectly assisting students with responses to test questions;
2. Tampering with student responses;
3. Falsifying holistic ratings or student responses;
4. Viewing secure test content before, during, or after an administration unless specifically authorized by TEA or by the procedures outlined in the test administration materials;
5. Discussing or disclosing secure test content or student responses;
6. Scoring students' tests, either formally or informally;

7. Duplicating, recording, or electronically capturing confidential test content unless specifically authorized by TEA or by the procedures outlined in the test administration materials;
8. Responding to secure test questions;
9. Fraudulently exempting or preventing a student from participating in the administration of a required state assessment;
10. Receiving or providing unallowable assistance during calibration activities (e.g., taking notes, providing answer sheets, or sharing answers);
11. Encouraging or assisting an individual to engage in the conduct described above or in any other serious violation of security and confidentiality;
12. Failing to report to an appropriate authority that an individual has engaged or is suspected of engaging in the above conduct or in any other serious violation of security and confidentiality under this provision;
13. Failing to implement sufficient procedures to prevent student cheating; and
14. Failing to implement sufficient procedures to prevent alteration of test documents by anyone other than the student.

Consequences

If a district determines that a student has cheated or attempted to cheat on a state assessment either by providing or receiving direct assistance, the district shall invalidate the student's test results.

Any violation of test security or confidential integrity may result in TEA:

1. Invalidating student test results;
2. Referring certified educators to the State Board for Educator Certification (SBEC) for sanctions in accordance with 19 Administrative Code Chapter 247 (Educators' Code of Ethics) and Chapter 249 (Disciplinary Proceedings, Sanctions, and Contested Cases); and
3. Lowering the district's accreditation status or a district's or campus's accountability rating in accordance with Education Code 39.003(d), or appointment of a monitor, conservator, or management team to the district in accordance with Education Code Chapter 39A.

Test Administration  
Procedures

Test administration procedures shall be delineated in the test administration materials provided to districts annually. Districts must

comply with all of the applicable requirements specified in the test administration materials.

Districts shall ensure that test coordinators and administrators receive training to ensure that testing personnel have the necessary skills and knowledge required to administer assessment instruments in a valid, standardized, and secure manner.

**Records Retention**

As part of test administration procedures, the commissioner shall require districts to maintain records related to the security of assessment instruments for five years.

*19 TAC 101.3031(a)(3)-(d)*

**Disciplinary Action and Penalties**

SBEC may take disciplinary action against a person who has violated the security or integrity of any assessment required by Education Code Chapter 39, Subchapter B or has committed an act that is a departure from the test administration procedures established by the commissioner under 19 Administrative Code Chapter 101.

The superintendent and campus principal must develop procedures to ensure the security and confidentiality of the tests and will be responsible for notifying TEA in writing of conduct that violates the security or confidentiality of a test. Failure to report can subject the person responsible to the applicable penalties.

*19 TAC 249.15(a)-(b), (g)(8)*

**Minimize Disruptions**

In implementing the commissioner's procedures for the administration of assessment instruments adopted or developed under Education Code 39.023, including procedures designed to ensure the security of the assessment, a district shall minimize disruptions to school operations and the classroom environment. *Education Code 39.0301(a-1)*

**Confidentiality of Results**

Individual student performance results are confidential and may be released only in accordance with the Family Educational Rights and Privacy Act of 1974. *Education Code 39.030(b)* [See FL and GBA]

Except as provided by 20 U.S.C. 1232h(a) or (b) [see U.S. ED Funded Surveys, above], as a condition of receiving funds for a program funded in whole or in part by the U.S. ED, a district shall develop and adopt policies, in consultation with parents, pursuant to 20 U.S.C. 1232h(c)(1), regarding the following:

1. Exceptions

A district employee is not required to obtain the consent of a child’s parent before the employee may make a videotape of a child or authorize the recording of a child’s voice if the videotape or voice recording is to be used only for:

1. The purposes of safety, including the maintenance of order and discipline in common areas of the school or on school buses;
2. A purpose related to a cocurricular or extracurricular activity;

Foreign Exchange  
Students

The person is a foreign exchange student placed with a host family that resides in the district by a nationally recognized foreign exchange program, unless the district has applied for and been granted a waiver by the commissioner of education because:

1. This requirement would impose a financial or staffing hardship on the district;

3. The admission would require domestic students to compete with foreign exchange students for educational resources.

**Authorization  
Agreement**

"Adult caregiver" means an adult person whom a parent has authorized to provide temporary care for a child under Family Code Chapter 34. *Family Code 34.0015(1)*

A parent, as defined in Family Code 101.024, or both parents of a child may enter into an authorization agreement with an adult caregiver to authorize the adult caregiver to perform acts described in Family Code 34.002 in regard to the child, such as:

1. Authorizing medical, dental, psychological, or surgical treatment and immunization of the child, including executing any consents or authorizations for the release of information as required by law relating to the treatment or immunization;
2. Enrolling the child in the district; and
3. Authorizing the child to participate in age-appropriate extracurricular, civic, social, or recreational activities, including athletic activities.

*Family Code 34.002*

A parent may enter into an authorization agreement with an adult caregiver with whom a child is placed under a parental child safety placement agreement approved by the Department of Family and Protective Services (DFPS) to allow the person to perform the acts described above with regard to the child during an investigation of

abuse or neglect or while the department is providing services to the parent. *Family Code 34.0021*

The authorization agreement must conform to the requirements of Family Code Chapter 34.

A child who is the subject of an authorization agreement is not considered to be placed in foster care and the parties to the agreement are not subject to any law or rule governing foster care providers. *Family Code 34.0022(b)*

An authorization agreement does not affect the rights of the child's parent or legal guardian regarding the care, custody, and control of the child, and does not mean that the adult caregiver has legal custody of the child. *Family Code 34.007(b)*

Only one authorization agreement may be in effect for a child at any time. Execution of a subsequent authorization agreement does not by itself supersede, invalidate, or terminate a prior authorization agreement. An authorization agreement is void if it is executed while a prior authorization agreement remains in effect. *Family Code 34.002(d), .008(f)*

An authorization agreement is for a term of six months and renews automatically for six-month terms unless an earlier expiration date is stated in the agreement, the agreement is terminated under Family Code 34.008, or a court authorizes continuation. *Family Code 34.0075*

Immunity

A person who is not a party to the authorization agreement who relies in good faith on the authorization agreement, without actual knowledge that the authorization agreement is void, revoked, or invalid, is not subject to civil or criminal liability to any person, and is not subject to professional disciplinary action, for that reliance if the agreement is completed as required by Family Code Chapter 34. *Family Code 34.007(a)*

---

**Temporary  
Authorization for  
Care**

A person eligible to consent to treatment of a child under Family Code 32.001 or a person eligible to enter an authorization agreement [see Authorization Agreement, above] may seek a court order for temporary authorization for care of a child by filing a petition in the district court in the county in which the person resides if:

1. The child has resided with the person for at least the 30 days preceding the date the petition was filed; and

2. The person does not have an authorization agreement or other signed, written documentation from a parent, conservator, or guardian that enables the person to provide necessary care for the child.

*Family Code 35.001-.002*

The order may authorize the petitioner to, among other things:

1. Consent to medical, dental, psychological, and surgical treatment and immunization of the child;
2. Enroll the child in the district; and
3. Authorize the child to participate in age-appropriate extracurricular, civic, social, or recreational activities, including athletic activities.

A temporary authorization order does not affect the rights of the child's parent, conservator, or guardian regarding the care, custody, and control of the child, and does not establish legal custody of the child. *Family Code 35.007(b)*

Immunity

A person who relies in good faith on a temporary authorization order is not subject to civil or criminal liability to any person, or to professional disciplinary action. *Family Code 35.007(a)*

**Students in Foster Care**

A child placed in foster care by an agency of the state or a political subdivision shall be permitted to attend schools in the district in which the foster parents reside free of any charge to the foster parents or to the agency. A student who was enrolled in a primary or secondary public school before the student entered the conservatorship of DFPS and who is placed at a residence outside the attendance area for a school or outside a district is entitled to continue to attend the school in which the student was enrolled immediately before entering conservatorship until the student successfully completes the highest grade level offered by the school at the time of placement without payment of tuition. The student is entitled to continue to attend the school regardless of whether the student remains in the conservatorship of DFPS for the duration of the student's enrollment in the school. *Education Code 25.001(g)*

If a student who is in the conservatorship of DFPS is enrolled in a primary or secondary public school, other than the school in which the student was enrolled at the time the student was placed in the conservatorship of DFPS, the student is entitled to continue to at-

tend that school without payment of tuition until the student successfully completes the highest grade level offered by the school at the time of enrollment in the school, even if the child's placement is changed to a residence outside the attendance area for that school or outside the district. The student is entitled to continue to attend the school regardless of whether the student remains in the conservatorship of DFPS for the duration of the student's enrollment in the school. *Education Code 25.001(g-1)*

A written case plan for any child in foster care under the responsibility of the state must include a plan for ensuring the educational stability of the child while in foster care, including:

1. Assurances that each placement of the child in foster care takes into account the appropriateness of the current educational setting and the proximity to the school in which the child is enrolled at the time of placement; and
2. An assurance that the appropriate state agency has coordinated with a district to ensure that the child remains in the school in which the child is enrolled at the time of each placement; or if remaining in that school is not in the best interests of the child, assurances by the state agency and the district to provide immediate and appropriate enrollment in a new school, with all of the educational records of the child provided to the school.

**Students Holding F-1 Student Visas**

If a student is required, as a condition of obtaining or holding the appropriate U.S. student visa, to pay tuition to the district that the student attends to cover the cost of the student's education provided by the district, the district shall accept tuition for the student in an amount equal to the full unsubsidized per capita cost of providing the student's education for the period of the student's attendance at school in the district.

The commissioner shall develop guidelines for determining the amount of the full unsubsidized per capita cost of providing a stu-

dent's education. A district may not accept tuition in an amount greater than the amount computed under the commissioner's guidelines unless the commissioner approves a greater amount as a more accurate reflection of the cost of education to be provided by the district.

The attendance of a student for whom a district accepts tuition is not counted for purposes of allocating state funds to the district.

*Education Code 25.0031*

On request of a servicemember who is a parent of or person standing in parental relation to a student, the board or the board's designee shall transfer the student to another district campus or to another school district under an agreement under Education Code 25.035 [see Agreement Between Districts, above].

"Servicemember" means an active duty member of the armed forces of the United States, a reserve component of the armed forces of the United States, or the Texas National Guard.

A transfer under this provision must be to the campus or district, as applicable, selected by the servicemember making the request.

A district is not required to provide transportation to a student who transfers to another campus or district under this provision.

*Education Code 25.0344*

**Transfer by Peace  
Officer Request**

On request of a peace officer who is a parent of or person standing in parental relation to a student, the board or the board's designee shall transfer the student to another district campus or to another district under an agreement under Education Code 25.035.

"Peace officer" has the meaning assigned by Occupations Code 1701.001.

A transfer under this provision must be to the campus or school district, as applicable, selected by the peace officer making the request.

A district is not required to provide transportation to a student who transfers to another campus or district under this provision.

**Transfers to  
Adjoining States**

---

**Note:** The following provision applies to a district located on the border of an adjoining state.

---

Any student who would be entitled to attend the public school of any district situated on the border of Louisiana, Arkansas, Oklahoma, or New Mexico and who may find it more convenient to attend the public school in a district in one of those contiguous states, may have the state and county per capita apportionment of the available school funds paid to the school district of the contiguous state and may have additional tuition, if necessary, paid by the district of residence on such terms as may be agreed upon by the trustees of the receiving district and the trustees of the residence district. *Education Code 25.040*

---

**Contracts for  
Education Outside  
Districts**

**Note:** The following section applies only to districts that do not offer all grades, kindergarten-grade 12.

---

A district that does not offer each grade, kindergarten-grade 12, may provide by contract for students residing in the district who are at grade levels not offered by the district to be educated at those grade levels in one or more other districts. In each contract, the districts also shall agree to the transfer of school funds or other payments proportionate to the transfer of attendance.

Tuition

The district in which the students reside shall pay tuition to any district with which it has a contract under this section for each of its

students attending school in that district at a grade level for which the district has contracted. The amount of the tuition paid may not exceed the greater of the amount provided for by Education Code 25.038 [see above], or an amount specified by commissioner rule [see below].

A district is not required to pay tuition to any district with which it has not contracted for the attendance by any of its students at a grade level for which it has contracted under this provision with another district.

A contract under this provision may not be for a period exceeding five years.

*Education Code 25.039*

*Definitions*

“Home district” means a district of residence of a transferring student.

“Receiving district” means a district to which a student is transferring for the purpose of obtaining an education.

“Tuition” means an amount charged to the home district by the receiving district to educate the transfer student.

*Tuition Allotment  
of the Home  
District*

For the purposes of calculating the tuition allotment of the home district as authorized by Education Code 48.154, the amount of tuition that may be attributed to a home district for a transfer student in payment for that student’s education may not exceed an amount per enrollee calculated for each receiving district. The calculated limit applies only to tuition paid to a receiving district for the education of a student at a grade level not offered in the home district. Tuition may be set at a rate higher than the calculated limit if both districts enter a written agreement, but the calculated tuition limit will be used in the calculation of the tuition allotment for the home district. The calculation will use the most currently available data in an ongoing school year to determine the limit that applies to the subsequent school year. For purposes of this provision, the number of students enrolled in a district will be appropriately adjusted to account for students ineligible for the Foundation School Program funding and those eligible for half-day attendance.

*Calculated  
Tuition Limit*

The calculated tuition limit is the sum of the excess maintenance and operations (M&O) revenue per enrollee and the excess debt revenue per enrollee, as calculated in 19 Administrative Code 61.1012(b)(2)-(3).

*Notification and  
Appeal Process*

In the spring of each school year, the commissioner will provide each district with its calculated tuition limit and a worksheet with a description of the derivation process. A district may appeal to the

commissioner if it can provide evidence that the use of projected student counts from the LPE in making the calculation is so inaccurate as to result in an inappropriately low authorized tuition charge and undue financial hardship. A district that used significant nontax sources to make any of its debt service payments during the base year for the computation may appeal to the commissioner to use projections of its tax collections for the year for which the tuition limit will apply. The commissioner's decision regarding an appeal is final.

*19 TAC 61.1012*

**Assignments**

A board or its designee may assign and transfer any student from one school facility or classroom to another facility or classroom within its jurisdiction. *Education Code 25.031*

A board or its designee must make the decision concerning the assignment or transfer of a student on an individual basis and may not consider as a factor in its decision any matter relating to the national origin of the student or the student's ancestral language. *Education Code 25.032*

**Multiple Birth Siblings**

"Multiple birth sibling" means a twin, triplet, quadruplet, or other sibling resulting from a multiple birth.

"Parent" includes a person standing in parental relation.

**Placement**

The parent of multiple birth siblings who are assigned to the same grade level and school may request in writing, not later than the 14th day after the first day of enrollment, that the school place the siblings in the same classroom or in separate classrooms.

A school shall provide the placement requested, except that a district is not required to place multiple birth siblings in separate classrooms if the request would require the district to add an additional class to the grade level of the siblings.

The school may recommend to a parent the appropriate classroom placement and may provide professional educational advice to assist the parent with the decision.

These provisions do not affect:

1. A right or obligation regarding the individual placement decisions of the admission, review, and dismissal (ARD) committee with respect to students receiving special education services [see EHBAB]; or
2. The right of a district or teacher to remove a student from a classroom under Chapter 37 [see FOA].

**Reassignment by Principal**

At the end of the first grading period following the multiple birth siblings' enrollment in the school, if the principal of the school, in consultation with the teacher of each classroom in which the siblings are placed, determines that the requested classroom placement is disruptive to the school, the principal may determine the appropriate classroom placement for the siblings.

**Appeal**

A parent may appeal the principal's classroom placement in the manner provided by district policy. During an appeal, the siblings shall remain in the classroom chosen by the parent. [See FNG]

*Education Code 25.043*

**Placement of Older Students**

A person who is 21 years of age or older who is admitted by a district to complete the requirements for a high school diploma and who has not attended school in the three preceding school years may not be placed with a student who is 18 years of age or younger in a classroom setting, a cafeteria, or another district-sanctioned school activity. This restriction does not prevent the student from attending a school-sponsored event that is open to the public as a member of the public. *Education Code 25.001(b-2)*

**Petitions and Objections**

The parent or person standing in parental relation to any student may by written petition either:

1. Request the assignment or transfer of the student to a designated school or to a school to be designated by the board; or
2. File objections to the assignment of the student to the school to which the student has been assigned.

*Education Code 25.033, 26.003(a)(1)*

**Procedure**

Upon receiving a written petition, a board shall proceed as follows:

1. If no hearing is requested, act on the petition not later than the 30th day after the petition is submitted and notify the petitioner of its conclusion; or
2. If a hearing is requested, designate a time and place for holding a hearing not later than the 30th day after the petition is submitted.

If a hearing is requested, it shall be conducted by a board in compliance with the following:

1. The petitioner may present evidence relevant to the student.
2. The board may conduct investigations as to the objection or request, examine any student involved, and employ agents, professional or otherwise, for the purpose of examinations and investigations.

**Board's Decision**

The board must grant the request made in the petition unless the board determines that there is a reasonable basis for denying the request. The decision of a board, with or without a hearing, is final, unless the student, or the parent, guardian, or custodian of the student as next friend, files an exception to the decision as constituting a denial of any right of the student guaranteed under the U.S. Constitution.

If such an exception is filed, a board may reconsider its decision. If a board has not ruled on the exception before the 16th day after the date of the filing, the objection is considered overruled. If the

exception is overruled, an appeal of a board's decision may be filed in the district court of the county in which the board is located.

*Education Code 25.034*

**Students With a  
Peace Officer or  
Servicemember  
Parent**

For information regarding intradistrict transfers upon request of a parent or person standing in parental relation who is a peace officer or servicemember, see FDA.

**Students Who Are  
Victims of Bullying**

On the request of a parent or other person with authority to act on behalf of a student who is a victim of bullying, a board or its designee shall transfer the victim to:

1. Another classroom at the campus to which the victim was assigned at the time the bullying occurred; or
2. A campus in the district other than the campus to which the victim was assigned at the time the bullying occurred.

**Students Who  
Engage in Bullying**

The board may transfer the student who engaged in bullying to:

1. Another classroom at the campus to which the victim was assigned at the time the bullying occurred; or
2. A campus in the district other than the campus to which the victim was assigned at the time the bullying occurred, in consultation with a parent or other person with authority to act on behalf of the student who engaged in bullying.

Education Code 37.004 (Placement of Students with Disabilities) applies to a transfer under this provision of a student with a disability who receives special education services.

Definition

"Bullying" has the meaning assigned by Education Code 37.0832. [See FFI]

Verification

A board or designee shall verify that a student has been a victim of bullying before transferring the student. A board may consider past student behavior when identifying a bully.

The determination by a board or designee is final and may not be appealed. The procedures set forth at Education Code 25.034 [see Petitions and Objections—Procedure, above] do not apply to a transfer under this provision.

A district is not required to provide transportation to a student who transfers to another campus under this provision.

*Education Code 25.0342*

---

**Note:** For bullying rising to the level of prohibited harassment, see FFH. For all other bullying, see FFI. For transfers related to sexual assault or school safety, see FDE.

---

**Others in Special Education Student's Household**

If a district assigns a student to a district campus other than the campus the student would attend based on the student's residence, for purposes of receiving special education services, the district shall permit the student's parent, guardian, or other person standing in parental relation to the student to obtain a transfer to the assigned campus for any other student residing in the household of the student receiving special education services, provided that:

1. The other student is entitled to attend school in the district [see FD]; and
2. The appropriate grade level for the other student is offered at the campus.

This provision does not apply if the student receiving special education services resides in a residential facility.

Education Code 25.034 [see Petitions and Objections—Procedure, above] does not apply to a transfer under this provision.

Transportation

A district is not required to provide transportation to a student who transfers to another campus under this provision. This provision does not affect any transportation services provided by a district in accordance with other law for the student receiving special education services.

*Education Code 25.0343*

**Students in Unacceptable Schools**

A student is eligible to attend another public school in the district in which the student resides if the student is assigned to attend a public school campus assigned an unacceptable rating that is made publicly available under Education Code 39.054. *Education Code 29.202(a)* [See FDAA]

**Students in Schools Identified for Support and Improvement**

A district may provide all students enrolled in a school identified by the Texas Education Agency (TEA) for comprehensive support and improvement under 20 U.S.C. 6311(c)(4)(D)(i) with the option to transfer to another public school served by the district, unless such an option is prohibited by state law.

A district shall give priority to the lowest achieving children from low-income families. A student who uses the option to transfer shall be enrolled in classes and other activities in the public school

to which the student transfers in the same manner as all other students at the public school.

A district shall permit a student who transfers to another school to remain in that school until the child has completed the highest grade in that school. A district may spend an amount equal to not more than five percent of its allocation under 20 U.S.C. Chapter 70, Part A, Subpart 2 (Title I basic program allocations) to pay for the provision of transportation for students who transfer under these provisions to the schools to which they transfer.

*20 U.S.C. 6311(d)(1)(D)*

---

**Note:** See FDE for the school safety transfer option in Title I programs.

---

### **Class Changes**

A parent or person standing in parental relation is entitled to reasonable access to the school principal, or to a designated administrator with authority to reassign a student, to request a change in the class or teacher to which the parent's child has been assigned, if the reassignment or change would not affect the assignment or reassignment of another student. The decision of a board regarding such a request is final and may not be appealed. *Education Code 26.002, .003(a)(2), (b)* [See FNG]

**Compulsory  
Attendance**

Students who are at least six years of age, or who have been previously enrolled in first grade, and who have not yet reached their 19th birthday shall attend school for the entire period the program is offered, unless exempted as indicated below. On enrollment in prekindergarten or kindergarten, a student shall attend school. *Education Code 25.085(a)-(c)*

**Voluntary Enrollment  
of Students 19 and  
Over**

A person who voluntarily enrolls in school or voluntarily attends school after the person's 19th birthday shall attend school each school day for the entire period the program of instruction is offered. A board may adopt a policy requiring the student who is under 21 years of age to attend school until the end of the school year.

After the third unexcused absence of a person who voluntarily enrolls, a district shall issue a warning letter to the person that states the person's enrollment may be revoked for the remainder of the school year if the person has more than five unexcused absences in a semester.

A district may revoke for the remainder of the school year the enrollment of a person who has more than five unexcused absences in a semester, except a school district may not revoke the enrollment of a person under this provision on a day on which the person is physically present at school.

A person whose enrollment is revoked for exceeding this limit may be considered an unauthorized person on school grounds for the purposes of Education Code 37.107 regarding trespassing.

As an alternative to revoking a person's enrollment, a school district may impose a behavior improvement plan described by Education Code 25.0915(a-1)(1).

*Education Code 25.085(e)-(h)*

**Accelerated /  
Compensatory  
Programs**

Unless specifically exempted, a student must also attend:

5. A summer program provided:
  - a. To a student placed in in-school suspension or other alternative setting, other than a disciplinary alternative education program (DAEP), who has been offered the opportunity to complete before the beginning of the next school year each course in which the student was enrolled at the time of removal. *Education Code 37.021* [See FO]
  - b. To a student removed to a DAEP who has been offered an opportunity to complete coursework before the beginning of the next school year. *Education Code 37.008(l)* [See FOCA]

*Education Code 25.085(d)*

**Additional

Notwithstanding any other provision in Education Code 25.085, a student enrolled in a district is not required to attend school for any additional instructional days described by Education Code 48.0051 [See Incentive for Additional Instructional Days at FEB(LEGAL)].  
*Education Code 25.085(i)*

**Other Excused Absences**

A person required to attend school may be excused for temporary absence resulting from any cause acceptable to the teacher, principal, or superintendent of the school in which the person is enrolled.

*Education Code 25.087(a)*

**Notices to Parents**

**Warning Notice**

A district shall notify a student's parent in writing at the beginning of the school year that, if the student is absent from school on 10 or more days or parts of days within a six-month period in the same school year, the student's parent is subject to prosecution under Education Code 25.093, and the student is subject to referral to a truancy court for truant conduct under Family Code 65.003(a).

**Notice of Absences**

A district shall notify a student's parent if the student has been absent from school, without excuse under Education Code 25.087, on three days or parts of days within a four-week period. The notice must:

1. Inform the parent that:
  - a. It is the parent's duty to monitor the student's school attendance and require the student to attend school;
  - b. The student is subject to truancy prevention measures under Education Code 25.0915; and
2. Request a conference between school officials and the parent to discuss the absences.

The fact that a parent did not receive the notices described above is not a defense for the parent's failure to require a child to attend school nor for the student's failure to attend school.

*Education Code 25.095*

**Non-Attendance**

**Parent Liability**

A parent or person standing in parental relation commits an offense if:

1. A warning notice is issued;
2. The parent with criminal negligence fails to require the child to attend school as required by law; and
3. The child has absences for the amount of time specified under Family Code 65.003(a).

The attendance officer [see FED] or other appropriate school official shall file a complaint against the parent in an appropriate court, as permitted under Education Code 25.093.

*Affirmative  
Defense —  
Parent*

It is an affirmative defense to prosecution that one or more of the absences required to be proven was excused by a school official or should be excused by the court. A decision by the court to excuse an absence for this purpose does not affect the ability of a district to determine whether to excuse the absence for another purpose.

*Education Code 25.093*

Student Liability

A child engages in truant conduct if the child is required to attend school under the compulsory attendance laws, and fails to attend school on 10 or more days or parts of days within a six-month period in the same school year. Truant conduct may be prosecuted only as a civil case in a truancy court. *Family Code 65.003(a)-(b)*

“Child” means a person who is 12 years of age or older and younger than 19 years of age. *Family Code 65.002(1)*

*Truancy Courts*

The following are designated as truancy courts:

1. The constitutional county court in a county with a population of 2.1 million or more;
2. Justice courts; and
3. Municipal courts.

A truancy court has exclusive original jurisdiction over cases involving allegations of truant conduct.

*Family Code 65.004(a)-(b)*

*Affirmative  
Defense —  
Student*

It is an affirmative defense to an allegation of truant conduct that one or more of the absences required to be proven:

1. Have been excused by a school official or by the court;
2. Were involuntary; or
3. Were due to the child's voluntary absence from the child's home because of abuse, as defined by Family Code 261.001.

The affirmative defense is not available if, after deducting the absences described above, there remains a sufficient number of absences to constitute truant conduct.

In asserting an affirmative defense, the burden is on the child to show by a preponderance of the evidence that the absence has been or should be excused, was involuntary, or was due to the

child's voluntary absence from the child's home because of abuse, as defined by Family Code 261.001.

A decision by the court to excuse an absence does not affect the ability of the district to determine whether to excuse the absence for another purpose.

**Truancy Prevention Measures**

If a student fails to attend school without excuse on three or more days or parts of days within a four-week period but does not fail to attend school for the time described below, the district shall initiate truancy prevention measures on the student. [See FED] *Education Code 25.0915(a-4)*

**District Complaint or Referral**

If a student fails to attend school without excuse on 10 or more days or parts of days within a six-month period in the same school year, a district shall within 10 school days of the student's 10th absence refer the student to a truancy court for truant conduct under Family Code 65.003(a). [For extracurricular activity absences, see FM.]

**Withdrawal for Nonattendance**

The District may initiate withdrawal of a student under the age of 19 for nonattendance under the following conditions:

1. The student has been absent 10 consecutive school days; and
2. Repeated efforts by the attendance officer and/or principal to locate the student have been unsuccessful.

[For District-initiated withdrawal of students 19 or older, see FEA(LEGAL).]

**Students Attending Homeschools**

Students who are homeschooled are exempt from the compulsory attendance law to the same extent as students enrolled in other private schools.

ATTENDANCE  
COMPULSORY ATTENDANCE

**Uniform Accounting System**

Each district shall use a uniform accounting system adopted by the commissioner for the data required to be reported for the Public Education Information Management System. *Education Code 48.008(b)*

**Student Attendance Accounting Handbook**

The commissioner will annually establish student attendance accounting guidelines and procedures to be used by a district to maintain records and make reports on student attendance and student participation in special programs.

The standard procedures that a district must use to maintain records and make reports on student attendance and student participation in special programs are described in the official TEA publication *Student Attendance Accounting Handbook*. A copy of the *Student Attendance Accounting Handbook* is available on the TEA website with information related to financial compliance.

Data from previous school years will continue to be subject to the student attendance accounting handbook as the handbook existed in those years.

**Incentive for Additional Instructional Days**

The commissioner shall adjust the average daily attendance of a district under Education Code 48.005 in the manner provided by Education Code 48.0051(b) if the district:

1. Provides the minimum number of minutes of operational and instructional time required under Education Code 25.081 and commissioner rules adopted under that section over at least 180 days of instruction; and
2. Offers an additional 30 days of half-day instruction for students enrolled in prekindergarten through fifth grade.

*Education Code 48.0051(a)*

**Funding for Off-Campus Programs**

Funding eligibility for a student participating in an off-campus program will include time instructed in the off-campus program. A campus may choose an alternate attendance-taking time for a group of students that is scheduled to be off-campus during the regular attendance-taking time. The alternate attendance-taking time will be in effect for the period of days or weeks for which the group is scheduled to be off-campus during the regular attendance-taking time (for example, for the semester or for the duration

of employment). This alternate attendance-taking time may not be changed once it is selected for a particular group of students. If attendance is taken at an off-campus location, the district must ensure that attendance is taken in accordance with the *Student Attendance Accounting Handbook*.

For a district to receive FSP funding for a student participating in an off-campus program, the district must have documentation of an agreement between the district and the college.

### **Disasters**

The commissioner may adjust the average daily attendance of a district all or part of which is located in an area declared a disaster area by the governor under Government Code Chapter 418 if the district experiences a decline in average daily attendance that is reasonably attributable to the impact of the disaster.

The commissioner may make the adjustment under this section for the two-year period following the date of the governor's initial proclamation or executive order declaring the state of disaster.

**Absences  
Considered**

In order to receive credit or a final grade for a class, a student is required to attend class 90 percent of the days class is offered regardless of whether the student's absences are excused [see FEA] or unexcused. *Atty. Gen. Op. JC-0398 (2001)*

**90 Percent Rule**

Except as provided below, a student in any grade level from kindergarten through grade 12 shall not be given credit or a final grade for a class unless the student is in attendance 90 percent of the days the class is offered. This restriction does not affect a student's right to excused absences to observe religious holy days [see FEA] and does not apply to a student who receives credit by examination for a class as provided by Education Code 28.023. [See EHDC]

Serious or Life-  
Threatening Illness  
Exception

A student's excused absence resulting from a serious or life-threatening illness or related treatment [see FEA] may not be considered in determining whether the student has satisfied the attendance requirement under the 90 percent rule.

Principal's Plan

A student who is in attendance for at least 75 percent but less than 90 percent of the days a class is offered may be given credit or a final grade if the student completes a plan approved by the school's principal that provides for the student to meet the instructional requirements of the class. However, a student under the jurisdiction of a court in a criminal or juvenile justice proceeding may not receive credit or a final grade without the consent of the judge presiding over the student's case.

**Extenuating  
Circumstances**

An attendance committee may give class credit or a final grade to a student because of extenuating circumstances. A board shall establish guidelines for determining what constitutes extenuating circumstances.

A board shall adopt policies that establish alternative ways for students to make up work or regain credit or a final grade lost because of absences. The alternative ways must include at least one option that does not require a student to pay a fee. The availability of such option must be substantially the same as the availability of the educational program for which a district may charge a fee. [See FP]

**Attendance  
Committee**

A board shall appoint one or more attendance committees to hear petitions for class credit or a final grade by students who have not met the 90 percent rule and have not earned class credit or a final grade by completing a principal's plan. Classroom teachers shall comprise a majority of the attendance committee.

Appeal

If the committee denies a student credit or a final grade, the student may appeal the decision to the board. A board's decision may

be appealed to the district court of the county in which the district's central administrative office is located.

**Additional Duties**

A certified employee may not be assigned additional instructional duties as a result of the above provision outside of the regular workday unless the employee is compensated for the duties at a reasonable rate of pay.

*Education Code 25.092*

**District Complaint or Referral**

Against Student

If a student fails to attend school without excuse on 10 or more days or parts of days within a six-month period in the same school year, a district shall within 10 school days of the student's 10th absence refer the student to a truancy court for truant conduct under Family Code 65.003(a). [See FEA]

Against Parent

The district may file a complaint against the student's parent in a county, justice, or municipal court for an offense of parent contributing to nonattendance under Education Code 25.093 if the district provides evidence of the parent's criminal negligence.

A court shall dismiss a complaint made by a district against a parent that does not comply with Education Code 25.0951; does not allege the elements required for the offense; is not timely filed, unless the district delayed the referral as provided below; or is otherwise substantively defective.

Delaying a Referral

A district may delay a referral of a student for truant conduct, or may choose to not refer a student for truant conduct, if the district:

1. Is applying truancy prevention measures to the student under Education Code 25.0915; and
2. Determines that the truancy prevention measures are succeeding and it is in the best interest of the student that a referral be delayed or not be made.

*Education Code 25.0951*

Referral Prohibited

A district may not refer a student to truancy court if the school determines that the student's truancy is the result of pregnancy, being in the state foster program, homelessness, severe or life-threatening illness or related treatment, or being the principal income earner for the student's family. [See Truancy Prevention Measures, below] *Education Code 25.0915(a-3)*

Filing Requirements

Each referral to truancy court for conduct described by Family Code 65.003(a) must:

1. Be accompanied by a statement from the student's school certifying that the school applied the truancy prevention measures to the student, and the measures failed to meaningfully address the student's school attendance; and
2. Specify whether the student is eligible for or receives special education services under Education Code Chapter 29, Subchapter A.

A truancy court shall dismiss a petition filed by a truant conduct prosecutor under Family Code 65.054, if the court determines that the district's referral:

1. Does not comply with the requirement above;
2. Does not satisfy the elements required for truant conduct;
3. Is not timely filed, unless the school district delayed the referral as provided above [see *Delaying a Referral*, above]; or
4. Is otherwise substantively defective.

*Education Code 25.0915(b), (c)*

**Expunction of  
Records**

An individual who was convicted of a truancy offense under former Education Code 25.094 or has had a complaint for a truancy offense dismissed is entitled to have the conviction or complaint and records relating to the conviction or complaint expunged.

Regardless of whether the individual has filed a petition for expunction, the court in which the individual was convicted or a complaint for a truancy offense was filed shall order the conviction, complaints, verdicts, sentences, and other documents relating to the offense, including any documents in the possession of a district or law enforcement agency, to be expunged from the individual's record. After entry of the order, the individual is released from all disabilities resulting from the conviction or complaint, and the conviction or complaint may not be shown or made known for any purpose.

*Code of Crim. Proc. 45.0541*

**Attendance Officer**

A board may select a school attendance officer. A school attendance officer also may be selected by two or more boards to serve their districts jointly. *Education Code 25.088*

In districts where no attendance officer has been selected, the superintendent and the peace officers in a district shall perform the duties of attendance officer, but no additional compensation shall be paid for the services. *Education Code 25.090* [See *Peace Officers*, below]

**Powers and Duties**

An attendance officer employed by a district who is not commissioned as a peace officer has the following powers and duties with respect to enforcement of compulsory school attendance requirements:

1. To investigate each case of a violation of the compulsory school attendance requirements referred to the attendance officer;
2. To enforce compulsory school attendance requirements by applying truancy prevention measures adopted under Educa-

tion Code 25.0915 to the student and if the measures fail to meaningfully address the student's conduct:

- a. Referring the student to a truancy court if the student has unexcused absences for the amount of time specified under Family Code 65.003(a); and
  - b. Filing a complaint in a county, justice, or municipal court against a parent who violates Education Code 25.093;
3. To monitor school attendance compliance by each student investigated by the officer;
  4. To maintain an investigative record on each compulsory school attendance requirement violation and related court action and, at the request of a court, the board, or the commissioner, to provide a record to the individual or entity requesting the record;
  5. To make a home visit or otherwise contact the parent of a student who is in violation of compulsory school attendance requirements, except that the attendance officer may not enter a residence without permission of the parent or of the owner or tenant of the residence; and
  6. At the request of a parent, to escort a student from any location to a school campus to ensure the student's compliance with compulsory school attendance requirements.

*Education Code 25.091(b)*

**Peace Officers**

A peace officer serving as an attendance officer has the following powers and duties concerning enforcement of compulsory school attendance requirements:

1. To investigate each case of a violation of compulsory school attendance requirements referred to the peace officer;
2. To enforce compulsory school attendance requirements by applying truancy prevention measures adopted under Education Code 25.0915 to the student and if the measures fail to meaningfully address the student's conduct:
  - a. Referring the student to a truancy court if the student has unexcused absences for the amount of time specified under Family Code 65.003(a); or
  - b. Filing a complaint in a county, justice, or municipal court against a parent who violates Education Code 25.093;
3. To serve court-ordered legal process;

4. To review school attendance records for compliance by each student investigated by the officer;
5. To maintain an investigative record on each compulsory school attendance requirement violation and related court action and, at the request of a court, the board, or the Commissioner, to provide a record to the individual or entity requesting the record; and
6. To make a home visit or otherwise contact the parent of a student who is in violation of compulsory school attendance requirements, except that a peace officer may not enter a residence without the permission of the parent of a student required to attend school or of the tenant or owner of the residence except to lawfully serve court-ordered legal process on the parent.

A peace officer who has probable cause to believe that a child is in violation of the compulsory attendance law may take the child into custody for the purpose of returning the child to the school campus of the child to ensure the child's compliance with compulsory attendance requirements.

*Education Code 25.091(a), (b-1)*

**Truancy Prevention  
Measures**

A district shall adopt truancy prevention measures designed to address student conduct related to truancy in the school setting before the student engages in conduct described by Family Code 65.003 and minimize the need for referrals to truancy court for conduct described by Family Code 65.003(a). *Education Code 25.0915(a)*

A district shall take one or more of the following actions as a truancy prevention measure:

1. Impose:
  - a. A behavior improvement plan on the student that must be signed by an employee of the school, that the district has made a good faith effort to have signed by the student and the student's parent or guardian, and that includes:
    - (1) A specific description of the behavior that is required or prohibited for the student;
    - (2) The period for which the plan will be effective, not to exceed 45 school days after the date the contract becomes effective; or

- (3) The penalties for additional absences, including additional disciplinary action or the referral of the student to a truancy court; or
  - b. School-based community service; or
2. Refer the student to counseling, mediation, mentoring, a teen court program, community-based services, or other in-school or out-of-school services aimed at addressing the student's truancy. A referral may include participation by the child's parent or guardian if necessary.

A school district shall offer additional counseling to a student and may not refer the student to truancy court if the school determines that the student's truancy is the result of:

1. Pregnancy;
2. Being in the state foster program;
3. Homelessness;
4. Severe or life-threatening illness or related treatment; or
5. Being the principal income earner for the student's family.

If a student fails to attend school without excuse on three or more days or parts of days within a four-week period but does not fail to attend school for the time described by Education Code 25.0951(a), the district shall initiate truancy prevention measures on the student.

*Education Code 25.0915*

Minimum Standards

The minimum standards for the truancy prevention measures implemented by a district under Education Code 25.0915 include:

1. Identifying the root cause of the student's unexcused absences and actions to address each cause;
2. Maintaining ongoing communication with students and parents on the actions to be taken to improve attendance;
3. Establishing reasonable timelines for completion of the truancy prevention measure; and
4. Establishing procedures to notify the admission, review, and dismissal committee or the Section 504 committee of attendance issues relating to a student with a disability and ensure that the committee considers whether the student's attendance issues warrant an evaluation, a reevaluation, and/or

modifications to the student's individualized education program or Section 504 plan, as appropriate.

*19 TAC 129.1043*

Best Practices

A district shall consider the following best practices for truancy prevention measures:

1. Develop an attendance policy that clearly outlines requirements related to truancy in accordance with Education Code, Chapter 25, Subchapter C, and communicate this information to parents at the beginning of the year.
2. Create a culture of attendance that includes training staff to talk with students and parents about the attendance policy and the root causes of unexcused absences.
3. Create incentives for perfect attendance and improved attendance.
4. Educate students and their families on the positive impact of school attendance on performance.
5. Provide opportunities for students and parents to address causes of absence and/or truancy with district staff and link families to relevant community programs and support.
6. Develop collaborative partnerships, including planning, referral, and cross-training opportunities, between appropriate school staff, attendance officers, program-related liaisons, and external partners, such as court representatives, community and faith-based organizations, state or locally funded community programs for truancy intervention or prevention, and law enforcement to assist students.
7. Determine root causes of unexcused absences and review campus- and district-level data on unexcused absences to identify systemic issues that affect attendance.
8. Use existing school programs such as Communities in Schools, 21st Century Community Learning Centers, restorative discipline, and positive behavior interventions and supports (PBIS) to provide students and their parents with services.
9. At the beginning of each school year, conduct a needs assessment and identify and list, or map, services and programs available within the district and the community that a school, a student, or a student's parent or guardian may access to address the student's barriers to attendance and make the infor-

mation available to staff, students, and parents. The information must include, but is not limited to:

- a. Services for pregnant and parenting students;
  - b. Services for students experiencing homelessness;
  - c. Services for students in foster care;
  - d. Federal programs including, but not limited to, Title 1, Part A, of the Elementary and Secondary Education Act;
  - e. State programs including, but not limited to, state compensatory education programs;
  - f. Dropout prevention programs and programs for “at risk” youth;
  - g. Programs that occur outside of school time;
  - h. Counseling services;
  - i. Tutoring programs and services available at no or low cost;
  - j. Mental health services;
  - k. Alcohol and substance abuse prevention and treatment programs;
  - l. Mentoring programs and services;
  - m. Juvenile justice services and programs;
  - n. Child welfare services and programs;
  - o. Other state or locally funded programs for truancy prevention and intervention; and
  - p. Other supportive services that are locally available for students and families through faith-based organizations, local governments, and community-based organizations.
10. After identifying and listing, or mapping, services available in the district and community, school districts should target any new resources, programs, or services to gaps in services identified during the needs assessment.
  11. School districts should ensure that personnel, including truancy prevention facilitators or juvenile case managers, attendance officers, McKinney-Vento (homeless) liaisons, foster care liaisons, Title IX coordinators, 504 coordinators, pregnancy and parenting coordinators, dropout prevention coordinators, special education staff, and other appropriate student

services personnel, meet to contribute to the needs assessment, discuss opportunities to work together, and identify strategies to coordinate both internally and externally to address students' attendance barriers.

In determining services offered to students identified in Education Code 25.091(a-3), a district shall consider:

1. Offering an optional flexible school day program and evening and online alternatives;
2. Working with businesses that employ students to help students coordinate job and school responsibilities; and
3. Offering before school, after school, and/or Saturday prevention or intervention programs or services that implement best and promising practices.

*19 TAC 129.1045*

Sanctions

An aggrieved party may file a written complaint with the Texas Education Agency (TEA) regarding an allegation that a district has failed to comply with Education Code 25.0915 or 19 Administrative Code Chapter 129, Subchapter BB related to truancy prevention measures. TEA may request that a district provide documentation regarding its compliance in response to a complaint. If, after a review of this documentation or a district's failure to provide this documentation, TEA determines that the district is not in compliance with required truancy prevention measure provisions, TEA may issue a preliminary report of its findings to the district in accordance with 19 Administrative Code 157.1122 (Notice). A district may request in writing an informal review of TEA's preliminary report in accordance with 19 Administrative Code 157.1123 (Informal Review). Following the informal review, or if no informal review is requested by the deadline, a final report will be issued. The commissioner of education may implement any sanction listed in Education Code 39.102(a) against a district found to be out of compliance with Education Code 25.0915 or 19 Administrative Code Chapter 129, Subchapter BB. *19 TAC 129.1047*

Facilitator or  
Juvenile Case  
Manager**

A district shall employ a truancy prevention facilitator or juvenile case manager to implement the truancy prevention measures required by Education Code 25.0915 and any other effective truancy prevention measures as determined by the district or campus. At least annually, the truancy prevention facilitator shall meet to discuss effective truancy prevention measures with a case manager or other individual designated by a truancy court to provide services to students of the district in truancy cases.

Instead of employing a truancy prevention facilitator, a school district may designate an existing district employee or juvenile case manager to implement the truancy prevention measures and any other effective truancy prevention measures as determined by the district or campus.

*Education Code 25.0915(d), (e)*

On approval of the board, a district may employ or agree in accordance with Government Code Chapter 791, with any appropriate governmental entity to jointly employ or to jointly contribute to the costs of another entity employing:

The board shall adopt and administer a policy for the care of students with a diagnosed food allergy at risk for anaphylaxis based on [Guidelines for the Care of Students with Food Allergies at Risk for Anaphylaxis](#)<sup>2</sup> developed by the commissioner of state health services. A district shall annually review the policy and, as necessary, revise its policy for the care of students with a diagnosed food allergy at risk for anaphylaxis to ensure the policy is consistent with the most current version of the guidelines.

This section does not waive any liability or immunity of the district or its officers or employees or create any liability for or a cause of action against the district or its officers or employees.

Notwithstanding any other law, these provisions do not create a civil, criminal, or administrative cause of action or liability or create a standard of care, obligation, or duty that provides the basis for a cause of action.

*Education Code 38.0151(a)-(b), (d), (i)-(j)*

**Threat Assessment**

Definitions

“Harmful, threatening, or violent behavior” includes behaviors, such as verbal threats, threats of self harm, bullying, cyberbullying, fighting, the use or possession of a weapon, sexual assault, sexual harassment, dating violence, stalking, or assault, by a student that could result in:

1. Specific interventions, including mental health or behavioral supports;
2. In-school suspension;
3. Out-of-school suspension; or
4. The student’s expulsion or removal to a disciplinary alternative education program (DAEP) or a juvenile justice alternative education program (JJAEP).

“Team” means a threat assessment and safe and supportive school team established by the board under Education Code 37.115.

*Education Code 37.115(a)*

Threat Assessment  
Team

The board shall establish a threat assessment and safe and supportive school team to serve at each campus of the district and shall adopt policies and procedures for the teams.

The team is responsible for developing and implementing the safe and supportive school program in compliance with Texas Education Agency (TEA) rules at the district campus served by the team.

The policies and procedures adopted under Education Code 37.115 must:

1. Be consistent with the model policies and procedures developed by the Texas School Safety Center (TxSSC) [see Education Code 37.220];
2. Require each team to complete training provided by the TxSSC or a regional education service center (ESC) regarding evidence-based threat assessment programs;
3. Require each team established under this section to report the required information regarding the team’s activities to TEA [see Reporting to TEA, below];
4. Require each district campus to establish a clear procedure for a student to report concerning behavior exhibited by another student for assessment by the team or other appropriate school employee; and

5. Provide for:
  - a. A district employee who reports a potential threat to a team to elect for the employee's identity to be confidential and not subject to disclosure Government Code Chapter 552 (Public Information Act), except as necessary for the team, the district, or law enforcement to investigate the potential threat; and
  - b. The district to maintain a record of the identity of a district employee who elects for the employee's identity to be confidential.

Membership                      The superintendent shall ensure, to the greatest extent practicable, that the members appointed to each team have expertise in counseling, behavior management, mental health and substance use, classroom instruction, special education, school administration, school safety and security, emergency management, and law enforcement. A team may serve more than one campus of a district, provided that each district campus is assigned a team.

Oversight  
Committee                      The superintendent may establish a committee, or assign to an existing committee established by the district, the duty to oversee the operations of teams established for the district. A committee with oversight responsibility must include members with expertise in human resources, education, special education, counseling, behavior management, school administration, mental health and substance use, school safety and security, emergency management, and law enforcement.

Team Duties                      Each team shall:

1. Conduct a threat assessment that includes assessing and reporting individuals who make threats of violence or exhibit harmful, threatening, or violent behavior in accordance with district policies and procedures; and gathering and analyzing data to determine the level of risk and appropriate intervention, including:
  - a. Referring a student for mental health assessment; and
  - b. Implementing an escalation procedure, if appropriate, based on the team's assessment, in accordance with district policy;
2. Provide guidance to students and school employees on recognizing harmful, threatening, or violent behavior that may pose a threat to the community, school, or individual; and

3. Support the district in implementing the district's multihazard emergency operations plan [see CKC].

Parental  
Participation

Before a team may conduct a threat assessment of a student, the team must notify the parent of or person standing in parental relation to the student regarding the assessment. In conducting the assessment, the team shall provide an opportunity for the parent or person to participate in the assessment, either in person or remotely, and to submit to the team information regarding the student.

After completing a threat assessment of a student, the team shall provide to the parent of or person standing in parental relation to the student the team's findings and conclusions regarding the student.

*Consent for  
Mental Health-  
Care Service*

A team may not provide a mental health-care service to a student who is under 18 years of age unless the team obtains written consent from the parent of or the person standing in parental relation to the student before providing the mental health-care service. The consent must be submitted on a form developed by the district that complies with all applicable state and federal law. The student's parent or person standing in parental relation to the student may give consent for a student to receive ongoing services or may limit consent to one or more services provided on a single occasion.

*Education Code 37.115(c)-(g)*

Determination of  
Risk

On determination that a student or other individual poses a serious risk of violence to self or others, a team shall immediately report the team's determination to the superintendent. If the individual is a student, the superintendent shall immediately attempt to inform the parent or person standing in parental relation to the student. These requirements do not prevent an employee of the school from acting immediately to prevent an imminent threat or respond to an emergency.

A team identifying a student at risk of suicide shall act in accordance with the district's suicide prevention program. If the student at risk of suicide also makes a threat of violence to others, the team shall conduct a threat assessment in addition to actions taken in accordance with the district's suicide prevention program.

A team identifying a student using or possessing tobacco, drugs, or alcohol shall act in accordance with district policies and procedures related to substance use prevention and intervention.

*Education Code 37.115(h)-(j)*

3. Records maintained by a law enforcement unit of a district that were created by that law enforcement unit for the purpose of law enforcement.
4. Records on a student who is 18 years of age or older, or who is attending an institution of postsecondary education, that are:

  - b. Made, maintained, or used only in connection with treatment of the student; and
  - c. Disclosed only to individuals providing the treatment. For the purpose of this definition, “treatment” does not include remedial educational activities or activities that are part of the program of instruction at the agency or institution.
5. Grades on peer-graded papers before they are collected and recorded by a teacher.

*Education  
Research*

A district, or a party that has received education records or information from education records, may release de-identified student level data from education records for the purpose of education research by attaching a code to each record that may allow the recipient to match information received from the same source, provided that:

1. A district or other party that releases de-identified data under this section does not disclose any information about how it generates and assigns a record code, or that would allow a recipient to identify a student based on a record code;
2. The record code is used for no purpose other than identifying a de-identified record for purposes of education research and cannot be used to ascertain personally identifiable information about a student; and
3. The record code is not based on a student's social security number or other personal information.

*34 C.F.R. 99.31(b)(2)*

Authenticating  
Requestors'  
Identities

Transfer Not  
Permitted

Personal information from student education records shall be transferred to a third party only on the condition that such party will not permit any other party to have access to such information without the written consent of the student's parent. If a third party permits access to information in violation of this policy or fails to destroy the information as required by 20 U.S.C. 1232g(b)(1)(F), a district shall not permit access to information from education records to that third party for a period of not less than five years. *20 U.S.C. 1232g(b)(4)(B); 34 C.F.R. 99.33(a)(1)*

A district shall inform a party to whom a disclosure is made of the requirements of 34 C.F.R. 99.33, unless the disclosure is made pursuant to a court order, lawfully issued subpoena, or litigation; the disclosed information is directory information; the disclosure concerns sex offenders; or the disclosure is made to a parent of a student who is not an eligible student or to a student. *34 C.F.R. 99.33(c)-(d)*

A district may disclose personally identifiable information with the understanding that the party receiving the information may make further disclosures of the information on behalf of the district if:

1. The disclosures meet the requirements of 34 C.F.R. 99.31; and
2. The district has complied with the requirements of 34 C.F.R. 99.32(b) regarding the record of disclosure; or a state or local educational authority or federal official or agency listed re-

questing information through a subpoena or ex parte order has complied with the requirements of 34 C.F.R. 99.32(b)(2).

*34 C.F.R. 99.33(b)*

Record of Access to Student Records

Each school shall maintain a record, kept with the education record of each student that indicates all individuals, agencies, or organizations that have requested or obtained access to a student's education records, as well as the names of state and local educational authorities and federal officials and agencies listed in 34 C.F.R. 99.31(a)(3) that may make further disclosures of personally identifiable information from the student's education records without consent. A district must obtain a copy of the record of further disclosures maintained by the named authorities, officials, and agencies under 34 C.F.R. 99.32(b)(2) and make it available in response to a parent's request to review the record.

A district must record the following information when it discloses personally identifiable information from education records under the health or safety emergency exception [see Health or Safety Emergency, above]:

1. The articulable and significant threat to the health or safety of a student or other individuals that formed the basis for the disclosure; and
2. The parties to whom the district disclosed the information.

*34 C.F.R. 99.32*

The records shall include at least the name of the person or agency that made the request and the legitimate interest the person or agency had in the information. The record will be maintained as long as the district maintains the student's education record. The record of access shall be available only to parents, school officials responsible for custody of the records, and those state, local, and federal officials authorized to audit the operation of the system. *20 U.S.C. 1232g(b)(4)(A); 34 C.F.R. 99.33(a)(2)*

The record shall not include requests for access by, or access granted to, parents of the student or officials of a district, requests accompanied by prior written consent of the parent, requests for directory information, or a party seeking or receiving records in accordance with a subpoena or ex parte order. *34 C.F.R. 99.32(d)*

Right to Amend

The parent of a student whose records are covered by this policy may ask a district to amend the student's record if the parent believes it contains information that is inaccurate, misleading, or in violation of the student's right of privacy or other rights. If a district decides not to amend the education records requested, it shall in-

form the parent of its decision and his or her right to a hearing to challenge the content of the student's education records. *34 C.F.R. 99.20*

If a district decides to amend the records as a result of the hearing, it shall inform the parent in writing. If, as a result of the hearing, the district decides not to amend the records, it shall inform the parent of the right to place a statement in the records commenting on the contested information and/or stating why the parent disagrees with the decision of the district. Fees for Copies

No fee shall be charged to search for or to retrieve the education records of a student. A fee may be charged for a copy of education records which is made for the parent or an eligible student, unless the imposition of a fee effectively prevents a parent or eligible student from exercising the right to inspect and review those records. *20 U.S.C. 1232g; 34 C.F.R. 99.11; Education Code 26.012*

**Directory  
Information**

“Directory  
Information”  
Defined

“Directory information” means information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. Directory information includes the student’s name, address, telephone listing, electronic mail address, photograph, date and place of birth, dates of attendance, grade level, enrollment status, participation in officially recognized activities and sports, weight and height of members of athletic teams, honors and awards received, and the most recent educational agency or institution attended. “Directory information” does not include a student’s:

1. Social security number; or
2. Student identification (ID) number, unless:
  - a. The student ID number, user ID number, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user’s identity, such as a personal identification number (PIN), password, or other factor known or possessed only by the authorized user; or

- b. The student ID number or other unique personal identifier that is displayed on a student ID badge cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a PIN, password, or other factor known or possessed only by the authorized user.

*34 C.F.R. 99.3*

*Disclosure of  
Directory

*Restrictions on  
the Right of  
Refusal*

A parent or eligible student may not use the right of refusal to opt out of directory information disclosures to prevent a district from disclosing or requiring a student to disclose the student's name, identifier, or institutional email address in a class in which the student is enrolled or to prevent a district from requiring a student to wear, to display publicly, or to disclose a student ID card or badge that exhibits information that may be designated as directory information and that has been properly designated by the district as directory information in the public notice provided under this section.

*Former Students*

A district may disclose directory information about former students without satisfying the public notice conditions above. However, the district must continue to honor any valid request to opt out of the disclosure of directory information made while a student was in attendance unless the student rescinds the opt-out request.

*Confirmation of  
Identity or  
Records*

A district may not disclose or confirm directory information without meeting the written consent requirements in 34 C.F.R. 99.30 if a student's social security number or other non-directory information is used alone or combined with other data elements to identify or help identify the student or the student's records.

If a district employs an athletic trainer, the athletic trainer must be a member of the concussion oversight

team. If a district employs a school nurse, the school nurse may be a member of the district concussion oversight team if requested by the school nurse.

A district may include a licensed chiropractor or physical therapist as a member of the district concussion oversight team, provided that the person meets the training requirements.

*Education Code 38.154*

*Training Requirements*

Each member of the concussion oversight team must have had training in the evaluation, treatment, and oversight of concussions at the time of appointment or approval as a member of the team. *Required Annual Form*

A student may not participate in an interscholastic athletic activity for a school year until both the student and the student's parent or guardian or another person with legal authority to make medical decisions for the student have signed a form for that school year that acknowledges receiving and reading written information that explains concussion prevention, symptoms, treatment, and oversight and that includes guidelines for safely resuming participation in an athletic activity following a concussion. The form must be approved by the UIL. *Education Code 38.155*

*Removal from Play*

A student shall be removed from an interscholastic athletics practice or competition immediately if one of the following persons believes the student might have sustained a concussion during the practice or competition: a coach; a physician; a licensed health-care professional, as defined by Education Code 38.151(5); a licensed chiropractor or physical therapist; a school nurse; or the student's parent or guardian or another person with legal authority to make medical decisions for the student. *Education Code 38.156*

*Return to Play*

A student removed from an interscholastic athletics practice or competition under Education Code 38.156 may not be permitted to

practice or compete again following the force or impact believed to have caused the concussion until:

1. The student has been evaluated, using established medical protocols based on peer-reviewed scientific evidence, by a treating physician chosen by the student or the student's parent or guardian or another person with legal authority to make medical decisions for the student;
2. The student has successfully completed each requirement of the return-to-play protocol established under Education Code 38.153 necessary for the student to return to play;
3. The treating physician has provided a written statement indicating that, in the physician's professional judgment, it is safe for the student to return to play; and
4. The student and the student's parent or guardian or another person with legal authority to make medical decisions for the student have acknowledged that the student has completed the requirements of the return-to-play protocol necessary for the student to return to play, have provided the treating physician's written statement to the person responsible for compliance with the return-to-play protocol and the person who has supervisory responsibilities, and have signed a consent form indicating that the person signing:
  - a. Has been informed concerning and consents to the student participating in returning to play in accordance with the return-to-play protocol;
  - b. Understands the risks associated with the student returning to play and will comply with any ongoing requirements in the return-to-play protocol;
  - c. Consents to the disclosure to appropriate persons, consistent with the Health Insurance Portability and Accountability Act of 1996, Pub. L. No. 104-191, of the treating physician's written statement and, if any, the return-to-play recommendations of the treating physician; and
  - d. Understands the immunity provisions under Education Code 38.159.

A coach of an interscholastic athletics team may not authorize a student's return to play.

*Education Code 33.094(a)-(c)*

Steroid Testing

The UIL shall adopt rules for the annual administration of a steroid testing program under which high school students participating in an athletic competition sponsored or sanctioned by the league are tested at multiple times throughout the year for the presence of steroids [see FNF].

Results of such steroid tests are confidential and, unless required by court order, may be disclosed only to the student and the student's parent and the activity directors, principal, and assistant principals of the school attended by the student.

Cardiac  
Assessment

A district must provide a district student who is required under UIL rule or policy to receive a physical examination before being allowed to participate in an athletic activity sponsored or sanctioned

by the UIL, information about sudden cardiac arrest and electrocardiogram testing and notification of the option of the student to request the administration of an electrocardiogram, in addition to the physical examination.

A student may request an electrocardiogram from any health-care professional, including a health-care professional provided through a district program, provided that the health-care professional is appropriately licensed in Texas and authorized to administer and interpret electrocardiograms under the health-care professional's scope of practice, as established by the health-care professional's Texas licensing act.

*Immunity*

These provisions do not create a cause of action or liability or a standard of care, obligation, or duty that provides a basis for a cause of action or liability against a health-care professional described in the provision, the UIL, a district, or a district officer or employee for:

The organization shall provide to each child who is unable to swim or is at risk of injury or death when swimming or otherwise entering a body of water a properly fitted and fastened Type I, II, or III United States Coast Guard approved personal flotation device or a device the executive commissioner of Texas Health and Human Services determines is equivalent. The organization shall ensure

the child is wearing the personal flotation device and the device is properly fitted and fastened for the child.

*Health and Safety Code 341.0646(a)-(e)*

The educational program may consist of an instructional video, subject to the Department of State Health Services approval.

the child is wearing a protective vest and bull riding helmet in accordance with 25 Administrative Code 104.3.

*Health and Safety Code 768.001(6), .003; 25 TAC 104.2-4*

**Eligibility**

A student otherwise eligible to participate in an extracurricular activity or a UIL competition is not ineligible because the student is enrolled in a course offered for joint high school and college credit, or in a course offered under a concurrent enrollment program, regardless of the location at which the course is provided. *Education Code 33.087*

**Military Dependents**

The district shall facilitate the opportunity for transitioning military children's inclusion in extracurricular activities, regardless of application deadlines, to the extent they are otherwise qualified. *Education Code 162.002 art. VI, § B* [See FDD]

**Attendance and Participation**

The State Board of Education (SBOE) by rule shall limit participation in and practice for extracurricular activities during the school day and the school week.

The board of a district may adopt a policy establishing the number of times a student who is otherwise eligible to participate in an extracurricular activity may be absent from class to participate in an extracurricular activity sponsored or sanctioned by the district, UIL, or an organization sanctioned by board resolution. The policy must permit a student to be absent from class at least 10 times during the school year, and the policy prevails over any conflicting policy adopted by the SBOE.

*Education Code 33.081(a), .0811*

SBOE Rules

The following provisions apply to any UIL activity.

Other organizations requiring student participation that causes a student to miss a class may request sanction from a board. If sanctioned by resolution of the board, student participation in the organization's activities shall be subject to all provisions of statute and to 19 Administration Code 76.1001. If a board does not grant sanction, any absences incurred by a student while participating with that organization's activities shall be subject to the attendance provisions of the Education Code. *19 TAC 76.1001(f)* [See FEB]

Extracurricular Activities

An extracurricular activity is an activity sponsored by the UIL, a board, or an organization sanctioned by board resolution. The activity is not necessarily directly related to instruction of the essential knowledge and skills but may have an indirect relation to some areas of the curriculum.

Extracurricular activities include, but are not limited to, public performances, contests, demonstrations, displays, and club activities. In addition, an activity is subject to this policy if any one of the following criteria applies:

1. The activity is competitive;
2. The activity is held in conjunction with another activity that is considered extracurricular;
3. The activity is held off-campus, except in a case in which adequate facilities do not exist on campus;
4. The general public is invited; or
5. An admission is charged.

Exceptions

*Public Performances*

A student ineligible to participate in an extracurricular activity, but who is enrolled in a state-approved course that requires demonstration of the mastery of the essential knowledge and skills in a public performance, may participate in the performance if:

1. The general public is invited; and
2. The requirement for student participation in public is stated in the essential knowledge and skills of the course.

*State-Approved Music Courses*

A student ineligible to participate in an extracurricular activity, but who is enrolled in a state-approved music course that participates in UIL Concert and Sight-Reading Evaluation, may perform with the ensemble during the UIL evaluation performance.

*19 TAC 76.1001(a)*

Limits on Participation and Practice

*During the School Week*

Limitations on practice, rehearsal, and student participation during the school week shall be as follows:

1. For any given extracurricular activity, a student may not participate in more than one activity per school week, excluding holidays, except as provided in item 2, below.
2. A student may also participate in a tournament or post-district contest, as well as a contest postponed by weather or public disaster that may determine advancement to a post-district level of competition.
3. For each extracurricular activity, a district must limit students to a maximum of eight hours of practice and rehearsal outside the school day per school week.
4. The commissioner recommends that districts avoid scheduling extracurricular activities or public performances on the day

or evening immediately preceding the day on which the statewide student assessment program is scheduled for grades 3-11.

*19 TAC 76.1001(d); Education Code 33.081(a)*

*During the  
School Day*

Limitations on practice and rehearsal during the school day shall be as follows:

1. A district must limit a student to one period of practice during the regularly scheduled school day for practice of extracurricular activities, such as athletics, drill team, or cheerleading.
2. The limit in item 1 does not prohibit a student from enrolling in any state-approved class. A student who is enrolled in a state-approved class that includes essential knowledge and skills that relate to the preparation for an extracurricular activity may practice that extracurricular activity for no more than one period during the school day.
3. A student may not be permitted to miss a scheduled academic class to practice for an unrelated extracurricular activity.
4. A district must limit extracurricular practice during the school day to ensure that class periods for extracurricular practice do not exceed the time allotted for other class periods.
5. Regardless of the schedule type in place (traditional or non-traditional), a school may elect to practice extracurricular activities daily, provided the total minutes allowed for the extracurricular practice is not greater than 300 minutes during the school week.

*19 TAC 76.1001(e); Education Code 33.081(a)*

Record of Absences

A district shall maintain an accurate record of extracurricular absences for each student in the district each school year. *19 TAC 76.1001(c)*

Students Receiving  
Outpatient Mental  
Health Services

A district may not adopt or enforce policies that restrict participation in UIL activities by a student who receives outpatient mental health services from a mental health facility and is enrolled in the district or otherwise receives public education services from a district based solely on the student's receipt of outpatient mental health services from a mental health facility or the student's absence during instructional time while receiving outpatient mental health services from a mental health facility.

This provision does not exempt a student to whom this section applies from any eligibility requirement for participation in UIL activi-

ties other than an eligibility requirement based solely on the criteria of receipt of outpatient mental health services from a mental health facility.

*Education Code 33.0833(c)-(d)*

Participation by  
Homeschooled  
Students

A public school that participates in an activity sponsored by UIL may provide a non-enrolled student, who otherwise meets UIL eligibility standards to represent that school in a UIL activity, with the opportunity to participate in the activity on behalf of the school in the same manner that the school provides the opportunity to participate to students enrolled in the school.

"Non-enrolled student" means a student who receives instruction as a homeschooled student as described by Education Code 29.916(a)(1) from a nonpublic school [see EK].

*Relevant Policies*

A non-enrolled student who seeks to participate or participates in a UIL activity on behalf of a school is subject to the following relevant policies that apply to students enrolled in the school:

1. Registration for UIL activities;
2. Age eligibility;
3. Fees;
4. Insurance;
5. Transportation;
6. Physical condition;
7. Qualifications;
8. Responsibilities;
9. Event schedules;
10. Standards of behavior; and
11. Performance.

*Residency  
Requirements*

A non-enrolled student may only participate in a UIL activity for the school in the district that the student would be eligible to attend based on the student's residential address. A non-enrolled student who seeks to participate in a UIL activity on behalf of a school shall be required to establish minimum proof of residency acceptable to the district in the same manner as an applicant to attend a school in the district under Education Code 25.001 [see FD].

*Academic  
Requirements*

The parent or person standing in parental relation to a non-enrolled student is responsible for oversight of academic standards relating

to the student's participation in a UIL activity. As a condition of eligibility to participate in a UIL activity during the first six weeks of a school year, a non-enrolled student must demonstrate grade-level academic proficiency on any nationally recognized, norm-referenced assessment instrument, such as the Iowa Test of Basic Skills, Stanford Achievement Test, California Achievement Test, or Comprehensive Test of Basic Skills. A non-enrolled student demonstrates the required academic proficiency by achieving a composite, core, or survey score that is within the average or higher than average range of scores, as established by the applicable testing service. A district shall accept assessment results administered or reported by a third party.

A non-enrolled student's demonstration of academic proficiency is sufficient for the school year in which the student achieves the required score and the subsequent school year.

After the first six weeks of a school year, the parent or person standing in parental relation to a non-enrolled student participating in a UIL activity on behalf of a public school must periodically, in accordance with the school's grading calendar, provide written verification to the school indicating that the student is receiving a passing grade in each course or subject being taught.

*Previous Enrollment in Public School*

A non-enrolled student is not authorized by this section to participate in a UIL activity during the remainder of any school year during which the student was previously enrolled in a public school.

*Prohibitions*

With respect to a non-enrolled student's education program, nothing in these provisions shall be construed to permit an agency of this state, a public school district, or any other governmental body to exercise control, regulatory authority, or supervision over a non-enrolled student or a parent or person standing in parental relation to a non-enrolled student beyond the control, regulatory authority, or supervision required to participate in a UIL activity.

Subject only to eligibility requirements, the curriculum or assessment requirements, performance standards, practices, or creed of the education program provided to a non-enrolled student may not be required to be changed in order for the non-enrolled student to participate in a UIL activity. Subject only to eligibility requirements, for a non-enrolled student participating in an education program on January 1, 2021, the education program provided to that student may not be required to comply with any state law or agency rule relating to that education program unless the law or rule was in effect on January 1, 2021.

*UIL Classification*

When assigning league classification to a public school based on student enrollment, the UIL must use the same student enrollment

calculation formula for a school that allows a non-enrolled student to participate in a league activity as the formula used to determine the student enrollment of a school that does not allow a non-enrolled student to participate in the league activity.

*Education Code 33.0833*

*Allotments*

For each nonenrolled student who participates in a UIL activity for a school in a district that allows participation of nonenrolled students, the district is entitled to an annual allotment of \$1,500 per league activity in which the nonenrolled student participates. *Education Code 48.305*

**Suspension from Extracurricular Activities**

A student shall be suspended from participation in any extracurricular activity sponsored or sanctioned by a district or the UIL after a grade evaluation period in which the student received a grade lower than the equivalent of 70 on a scale of 100 in any academic class other than a course described below at Exempt Courses.

Length of Suspension

A suspension continues for at least three school weeks and is not removed during the school year until the conditions of Reinstatement, described below, are met. A suspension shall not last beyond the end of a school year.

Grade Evaluation Period

“Grade evaluation period” means:

1. The six-week grade reporting period; or
2. The first six weeks of a semester and each grade reporting period thereafter, in the case of a district with a grade reporting period longer than six weeks.

*Education Code 33.081(c)*

School Week

The school week is defined as beginning at 12:01 a.m. on the first instructional day of the calendar week and ending at the close of instruction on the last instructional day of the calendar week, excluding holidays. *19 TAC 76.1001(b)*

Exempt Courses

The suspension and reinstatement provisions of Education Code 33.081(c) and (d) do not apply to an advanced placement or international baccalaureate course, or to an honors or dual credit course in the subject areas of English language arts, mathematics, science, social studies, economics, or a language other than English. *Education Code 33.081(d-1)*

Honors classes for purposes of eligibility to participate in extracurricular activities are listed at 19 Administrative Code 74.30(a).

Districts may identify additional honors courses in the subject areas of English language arts, mathematics, science, social studies,

or a language other than English for the purposes of extracurricular eligibility but must identify such courses before the semester in which any exemptions related to extracurricular activities occur.

Districts are neither required to nor restricted from considering courses as honors for the purpose of grade point average calculation.

*19 TAC 74.30*

Students with  
Disabilities

In the case of a student with a disability that significantly interferes with the student's ability to meet regular academic standards, suspension must be based on the student's failure to meet the requirements of the student's individualized education program (IEP). The determination of whether the disability substantially interferes with the student's ability to meet the requirements of the student's IEP must be made by the admission, review, and dismissal (ARD) committee.

For the purposes of this provision, "student with a disability" means a student who is eligible for a district's special education program under Education Code 29.003(b).

*Education Code 33.081(e)*

Practice or  
Rehearsal

A student suspended under Education Code 33.081 may practice or rehearse with other students for an extracurricular activity but may not participate in a competition or other public performance. This provision does not apply to a student prohibited from participation for certain conduct involving extracurricular officials [see below]. *Education Code 33.081(f)*

Reinstatement

Until the suspension is removed or the school year ends, a district shall review the grades of a student at the end of each three-week period following the date on which the suspension began. At the time of a review, the suspension is removed if the student's grade in each class, other than a course described above at Exempt Courses, is equal to or greater than the equivalent of 70 on a scale of 100. The principal and each of the student's teachers shall make the determination concerning the student's grades. *Education Code 33.081(d)*

Suspension for  
Certain Conduct  
Involving  
Extracurricular  
Officials

A student who is enrolled in a district in Texas or who participates in a UIL competition shall be prohibited from participation in any future extracurricular activity sponsored or sanctioned by the district or the UIL if the state executive committee of the league determines that the student intentionally, knowingly, or recklessly causes bodily injury to a person serving as referee, judge, or other official of an extracurricular activity in retaliation for or as a result of

the person's actions taken in performing the duties of a referee, judge, or other official of the extracurricular activity.

*Reinstatement  
After Conduct*

A student prohibited from participation may submit to the UIL a request that the student be permitted to participate in future extracurricular activities sponsored or sanctioned by the UIL. The request must be submitted at least one year after the date the student engaged in the conduct that resulted in the prohibition if the student was enrolled in eighth grade or below at the time of the conduct or two years after the date the student engaged in the conduct that resulted in the prohibition if the student was enrolled in ninth grade or above at the time of the conduct.

*Education Code 33.081(e-1)-(e-2)*

**Spectator  
Suspension**

A district shall prohibit a spectator of an extracurricular athletic activity or competition, including a parent or guardian of a student participant, from attending any future extracurricular athletic activity or competition sponsored or sanctioned by the district or the UIL if the spectator engages in conduct that intentionally, knowingly, or recklessly causes bodily injury to a person serving as referee, judge, or other official of an extracurricular athletic activity or competition in retaliation for or as a result of the person's actions taken in performing the duties of a referee, judge, or other official of the extracurricular athletic activity or competition.

A district may establish an appeals process by which a person may appeal the prohibition to the district and the district may determine the facts associated with the conduct for which the district imposed the prohibition.

A prohibition imposed under this provision must be for not less than one year after the date on which the prohibition is imposed but may not exceed five years from the date on which the prohibition is imposed.

*Education Code 33.081(f-1)-(f-3)*

**Parental Notice and  
Consent**

A parent is entitled to full information regarding the school activities of a parent's child except as provided by Education Code 38.004 (child abuse investigations). *Education Code 26.008(a)*

**Anonymous  
Evaluations**

Anonymous evaluations of a student that determine whether the student may participate in a school-related program do not provide full information about the student's school activities. A district may by policy establish the parameters for parental contact with evaluating teachers, taking into account the type of evaluation, the information elicited in the evaluation, and scheduling and workload requirements of the teachers. *Byard v. If a district allows high school students to earn a letter for academic, athletic, or extracurricular achievements, the district must allow high school students to earn a letter on the basis of a student's participation in a Special Olympics event. *Education Code 33.093*

**Student Election  
Clerks**

Unless applied toward instructional requirements [see EIA], a student who is appointed as a student election clerk under Election Code 32.0511 or as a student early voting clerk under Election Code 83.012, may apply the time served toward a service requirement for participation in a school-sponsored extracurricular activity at the discretion of the school sponsor. *Education Code 33.092*

**Before-School and  
After-School  
Programs**

The board may establish before-school or after-school programs for students enrolled in elementary or middle school grades. A program established under this section may operate before, after, or before and after school hours.

A student is eligible to participate in the district's before-school or after-school program if the student is enrolled in a public or private school or resides within the boundaries of the district.

A district shall conduct a request for proposals procurement process to enable the district to determine if contracting with a child-care facility that provides a before-school or after-school program, as defined by Human Resources Code 42.002, to provide the district's before-school or after-school program would serve the district's best interests. Following the request for proposals procurement process, the district may enter into a contract with a child-care facility or implement a before-school or after-school program operated by the district. If the district enters into a contract

with a child-care facility, the contract must comply with the requirements of Education Code 44.031 and may not exceed a term of three years.

The board may adopt rules in accordance with Education Code 11.165 [see BAA] to provide access to school campuses before or after school hours for the purpose of providing a before-school or after-school program.

*Education Code 33.9031*

**Uniforms**

If the board determines that requiring school uniforms would improve the learning environment at a school in a district, the board may adopt rules that require students at that school to wear school uniforms. Students shall wear uniforms beginning on the 90th day after the date on which the board adopts the rules.

At the conference, the student is entitled to written or oral notice of the reasons for the removal, an explanation of the basis for the removal, and an opportunity to respond to the reasons for the removal. The student may not be returned to the regular class pending the conference.
Mitigating Factors	Before ordering removal, the CBC must consider whether the student acted in self-defense, the intent or lack of intent at the time the student engaged in the conduct, the student's disciplinary history, and whether the student has a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct, regardless of whether the decision of the behavior coordinator concerns a mandatory or discretionary action.
Order	Following the conference, and whether or not each requested person is in attendance after valid attempts to require the person's attendance, the CBC, after considering any mitigating factors under Education Code 37.001(a)(4) [see FO], shall order the placement of the student for a period consistent with the Student Code of Conduct.
Appeal	If district policy allows a student to appeal to the board or the board's designee a decision of the CBC or other appropriate administrator, the decision of the board or the board's designee is final and may not be appealed.  <i>Education Code 37.009(a)</i> [See Student Code of Conduct]

A board or designee shall deliver to the student and the student's parent or guardian a copy of the order placing the student in a DAEP. *Education Code 37.009(g)*

under Family Code 52.04 to the authorized officer of the juvenile court in the county in which the juvenile resides. *Education Code 37.010(a)*

*Activities*

The terms of a placement under Education Code 37.006 must prohibit the student from attending or participating in school-sponsored or school-related activities. *Education Code 37.006(g)*

In addition to any notice required under Code of Criminal Procedure 15.27 [see GRAA], a principal or designee shall inform each educator who has responsibility for, or is under the direction and supervision of an educator who has responsibility for, the instruction of a student who has engaged in conduct for which DAEP placement must or may be ordered.

Each educator shall keep the information confidential from any person not entitled to the information, except that the educator may share the information with the student's parent or guardian as provided by state or federal law. An educator's certificate may be suspended or revoked for intentional failure to keep such information confidential.

*Education Code 37.006(o)*

**DAEP at Capacity**

If a DAEP is at capacity at the time a CBC is deciding placement for a student who engaged in conduct described under Education Code 37.006(a)(2)(C-1) (possession or use of marijuana), (C-2) (possession, use, delivery of an e-cigarette), (D) (delivery of alcohol), or (E) (abuse of volatile chemical), the student shall be placed in in-school suspension; and if a position becomes available in the program before the expiration of the period of the placement, transferred to the program for the remainder of the period.

If a DAEP is at capacity at the time a CBC is deciding placement for a student who engaged in conduct described under Education Code 37.007 that constitutes violent conduct, as defined by commissioner rule, a student who has been placed in the program for conduct described under Education Code 37.006(a)(2)(C-1), (C-2), (D), or (E) (above) may be removed from the program and placed in in-school suspension to make a position in the program available for the student who engaged in violent conduct. If removed from the program and a position in the program becomes available before the expiration of the period of the placement, the student shall be returned to the program for the remainder of the period.

**Completion of  
Proceedings Upon  
Withdrawal**

If a student withdraws from a district before an order for placement in a DAEP is entered, the principal or board, as appropriate, may complete the proceedings and enter an order. If the student re-enrolls in the district the same or subsequent school year, the district may enforce the order at that time except for any period of the placement that has been served by the student in another district that honored the order. If the principal or board fails to enter an order after the student withdraws, the next district in which the student enrolls may complete the proceedings and enter an order. *Education Code 37.009(i)*

**Enrollment in  
Another District**

If a student placed in a DAEP enrolls in another district before the expiration of the placement, a board shall provide to the district in which the student enrolls a copy of the placement order at the same time it provides other records. The district in which the student enrolls shall inform each educator who will have responsibility for, or will be under the direction and supervision of an educator who will have responsibility for, the instruction of the student of the contents of the placement order. Each educator shall keep the information confidential from any person not entitled to the information, except that the educator may share the information with the student's parent or guardian as provided by state or federal law.

The district in which the student enrolls may continue the placement or allow the student to attend regular classes without completing the period of placement. [See FO] The district in which the student enrolls may take any of these actions if:

1. The student was placed in a DAEP by an open-enrollment charter school and the charter school provides the district a copy of the placement order; or
2. The student was placed in a DAEP by a district in another state and:
  - a. The out-of-state district provides a copy of the placement order; and
  - b. The grounds for placement are the same as grounds for placement in the enrolling district.

*Education Code 37.008(j)*

**Out-of-State  
Placement**

If a student was placed in a DAEP in another state for more than one year and the enrolling district continues the placement under Education Code 37.008(j), the enrolling district shall reduce the period of placement so that the aggregate period does not exceed one year unless the enrolling district determines that:

**Court-Ordered  
Placement**

Unless a board and the juvenile board for the county in which a district's central administrative office is located have entered into a memorandum of understanding concerning the juvenile probation department's role in supervising and providing other support services for students in DAEP programs:

1. A court may not order a student expelled under Section 37.007 to attend a school district DAEP as a condition of probation;
2. A court may not order a student to attend a DAEP without a district's consent, until the student has successfully completed any sentencing requirements, if the court has ordered the student to attend a DAEP as a condition of probation once during a school year and the student is referred to juvenile court again during that school year.

*Education Code 37.010(c)-(d)*

School Activities

Any court placement in a DAEP must prohibit the student from attending or participating in school-sponsored or school-related activities. *Education Code 37.010(e)*

Placement After  
Court Disposition

After the student has successfully completed any court disposition requirements, including conditions of deferred prosecution or conditions required by the prosecutor or probation department, a district may not refuse to admit the student if the student meets the requirements for admission into the public schools. A district may place the student in the DAEP.

Notwithstanding Education Code 37.002(d) [see FOA], the student may not be returned to the classroom of the teacher under whose supervision the offense occurred without that teacher's consent. The teacher may not be coerced to consent.

*Education Code 37.010(f)*

**Not Guilty/  
Insufficient  
Evidence/Charges

The office of the prosecuting attorney or the office or official designated by the juvenile board shall, within two working days, notify the school district that removed a student to a DAEP under Education Code 37.006 if:

On receipt of the notice, the superintendent or designee shall review the student's placement in the DAEP. The student may not be returned to the regular classroom pending the review. The superintendent or designee shall schedule a review of the student's placement with the student's parent or guardian not later than the third class day after the superintendent or designee receives notice from the office or official designated by the court.

After reviewing the notice and receiving information from the student's parent or guardian, the superintendent or designee may continue the student's placement in the DAEP if there is reason to believe that the presence of the student in the regular classroom threatens the safety of other students or teachers.

*Education Code 37.006(h); Code of Criminal Procedure 15.27(g)*

Appeal After  
Placement Upheld

The student or the student's parent or guardian may appeal a superintendent's decision to the board. The student may not be returned to the regular classroom pending the appeal. A board shall, at the next scheduled meeting, review the notice provided by the office of the prosecuting attorney or the office or official designated by the juvenile board; receive information from the student, the student's parent or guardian, and the superintendent or designee; and confirm or reverse the superintendent's decision. The board shall make a record of the proceedings.

If a board confirms the decision, the board shall inform the student and the student's parent or guardian of the right to appeal to the commissioner of education. The student may not be returned to the regular classroom pending the appeal to the commissioner.

*Education Code 37.006(i)-(j)*

**120-Day Review of  
Status**

A student placed in a DAEP shall be provided a review of the student's status, including a review of the student's academic status, by a board's designee at intervals not to exceed 120 days. In the case of a high school student, the board's designee, with the student's parent or guardian, shall review the student's progress toward meeting high school graduation requirements and shall establish a specific graduation plan for the student. The district is not required to provide a course in the DAEP, except as required by

A disciplinary alternative education program (DAEP) is an educational and self-discipline alternative instruction program, adopted by local policy, for students in elementary through high school grades who are removed from their regular classes for mandatory or discretionary disciplinary reasons and placed in a DAEP. *19 TAC 103.1201(a)*

[See board-adopted Student Code of Conduct for information regarding DAEP.]

**Joint/Contracted  
DAEP**

A district may provide a DAEP jointly with one or more other districts or may contract with third parties for DAEP services. The district must require and ensure compliance with district responsibilities that are transferred to the third-party provider. *Education Code 37.008(d); 19 TAC 103.1201(d)*

A DAEP may provide for a student's transfer to a different campus, a school-community guidance center, or a community-based alternative school. *Education Code 37.008(b)*

Community  
Organizations

A district shall cooperate with government agencies and community organizations that provide services in the district to students placed in a DAEP. *Education Code 37.008(e)*

Shared Service  
Arrangements

A district that participates in a shared service arrangement for DAEP services shall ensure that the district improvement plan and each campus-level plan include the performance of the DAEP student group for the district in accordance with 19 Administrative Code 103.1201(b) [see BQ]. *19 TAC 103.1201(b)*

**Funding**

A student removed to a DAEP is counted in computing a district's average daily attendance for the student's time in actual attendance in the program. *Education Code 37.008(f)*

A district shall allocate to a DAEP the same expenditure per student attending the DAEP that would be allocated to the student's school if the student were attending the student's regularly assigned education program, including a special education program. *Education Code 37.008(g)* [See also EHBC(LEGAL), Limit on DAEP Expenditures]

**Location**

A DAEP shall be provided in a setting other than the student's regular classroom. *Education Code 37.008(a)(1)*

A DAEP may be located on-campus or off-campus in adherence with requirements of the *Student Attendance Accounting Hand-*

*book.* For reporting purposes, the DAEP shall use the county-district-campus number of the student's locally assigned campus (the campus the student would be attending if the student was not attending the DAEP). *19 TAC 103.1201(c); Education Code 37.008(a)(2)*

An off-campus DAEP is not subject to a requirement imposed by the Education Code, other than a limitation on liability, a reporting requirement, or a requirement imposed by Education Code Chapter 37 or Chapter 39 or 39A. *Education Code 37.008(c)*

An elementary school student may not be placed in a DAEP with a student who is not an elementary school student. The designation of elementary and secondary is determined by adopted local policy. *Education Code 37.006(f); 19 TAC 103.1201(h)(1)*

Students who are assigned to the DAEP shall be separated from students who are not assigned to the program. Notwithstanding this requirement, summer programs provided by the district may serve students assigned to a DAEP in conjunction with other students, as determined by local policy.

Students in the DAEP shall be separated from students in a juvenile justice alternative education program.

A district is responsible for the safety and supervision of the students assigned to the DAEP; however, the immunity from the liability established in Education Code 22.0511 [see DG], shall not be impacted. The DAEP staff shall be prepared and trained to respond to health issues and emergencies.

Each district shall establish a board-approved policy for discipline and intervention measures to prevent and intervene against unsafe behavior and include disciplinary actions that do not jeopardize students' physical health and safety, harm emotional well-being, or discourage physical activity.

*19 TAC 103.1201(h)*

### **Staffing**

A DAEP shall employ only teachers who meet certification requirements under Education Code Chapter 21, Subchapter B. The certified teacher-to-student ratio in a DAEP shall be one teacher for each 15 students in elementary through high school grades. *Education Code 37.008(a)(7); 19 TAC 103.1201(h)(1)*

Staff at each DAEP shall participate in training programs on education, behavior management, and safety procedures that focus on positive and proactive behavior management strategies. The train-

ing programs must also target prevention and intervention that include:

1. Training on the education and discipline of students with disabilities who receive special education services;
2. Instruction in social skills and problem-solving skills that addresses diversity, dating violence, anger management, and conflict resolution to teach students how to interact with teachers, family, peers, authority figures, and the general public; and
3. Annual training on established procedures for reporting abuse, neglect, or exploitation of students.

*19 TAC 103.1201(i)*

**Entrance Procedures**

Procedures for each DAEP shall be developed and implemented for newly entering students and their parents or guardians on the expectations of the DAEP. These procedures shall include written contracts between students, parents or guardians, and the DAEP that formalize expectations and establish the students' individual plans for success. *19 TAC 103.1201(j)*

**Academics**

The academic mission of DAEPs shall be to enable students to perform at grade level. A DAEP shall focus on English language arts, mathematics, science, history, and self-discipline. *Education Code 37.008(a)(4), (m)*

A district shall provide an academic and self-discipline program that leads to graduation and includes instruction in each student's currently enrolled foundation curriculum necessary to meet the student's individual graduation plan, including special education services. A student's required high school personal graduation plan [see EIF] may not be altered when the student is assigned to a DAEP.

Opportunity to  
Complete Course

A district shall offer a student removed to a DAEP an opportunity to complete a foundation curriculum course in which the student was enrolled at the time of removal, before the beginning of the next school year, through any method available, including a correspondence course, distance learning, or summer school. The district may not charge the student for a course provided under this provision.

*Education Code 37.008(l); 19 TAC 103.1201(f)*

A district shall provide the parents of a student removed to a DAEP with written notice of the district's obligation to provide the student with an opportunity to complete coursework required for gradua-

**Academic Assessments**

A district shall administer to a student placed in a DAEP program for a period of 90 school days or longer an assessment instrument:

1. Initially on placement of the student in the program; and
2. Subsequently on the date of the student's departure from the program, or as near that date as possible.

The assessment instrument:

1. Must be designed to assess at least a student's basic skills in reading and mathematics;
2. May be:
  - a. Comparable to any assessment instrument generally administered to students placed in juvenile justice alternative education programs for a similar purpose; or
  - b. Based on an appropriate alternative assessment instrument developed by the agency to measure student academic growth; and
3. Is in addition to the required state assessments [see EKB].

*Education Code 37.0082*

Released state assessments for reading and mathematics for the appropriate grade may be used. A district may apply for approval of an assessment that includes the Texas Essential Knowledge and Skills for reading and mathematics for the student's assigned grade. The commissioner will publish on the Texas Education Agency (TEA) website a list of assessments approved for use in each school year. A district may contact TEA to obtain accommodated versions of particular assessments.

The grade level of an assessment shall be based upon the academic grade completed prior to the student being assigned to a DAEP if placement occurs in the fall or first semester of the aca-

ademic school year. If placement occurs in the spring or second semester of the academic school year, the student shall be administered an assessment based on the current grade level.

Each district shall provide an academic report to the student's locally assigned campus, which shall include the pre- and post-assessment results of the student's basic skills in reading and mathematics, within 10 school days of the student completing the post-assessment.

Procedures for administering the pre- and post-assessment, including appropriate accommodations as needed, shall be developed and implemented in accordance with local district policy.

A student in the district's DAEP must also be assessed under the required state assessment [see EKB].

Drug and Alcohol  
Treatment

A program of educational and support services may be provided to a student and the student's parents when the offense involves drugs, e-cigarettes, or alcohol as specified under Education Code 37.006 and 37.007. A DAEP that provides chemical dependency treatment services must be licensed under Health and Safety Code Chapter 464. *Education Code 37.008(k)*

**Transition to Regular

1. Engages in bullying that encourages a student to commit or attempt to commit suicide;
2. Incites violence against a student through group bullying; or
3. Releases or threatens to release intimate visual material of a minor or student who is 18 years of age or older without the student's consent.

Property or  
Activities of Another  
District

A district may expel a student who attends school in the district if:

1. The student engages in conduct for which expulsion would have been mandatory if the conduct had occurred on district property or while attending a district-sponsored or district-related activity; and
2. The student engages in that conduct on the property of another district or while attending a school-sponsored or school-related activity of another district in this state.

**Pre-placement  
Proceedings**

Conference

Not later than the third class day after a student is removed by a teacher or by the school principal or other appropriate administrator, the campus behavior coordinator (CBC) or other appropriate administrator shall schedule a conference among the CBC or other appropriate administrator, the student's parent or guardian, the teacher removing the student from class, if any, and the student. At the conference, the student is entitled to written or oral notice of the reasons for the removal, an explanation of the basis for the removal, and an opportunity to respond to the reasons for the removal. The student may not be returned to the regular class pending the conference.

Mitigating Factors  
Before Ordering  
Removal

Before ordering removal, the CBC must consider whether the student acted in self-defense, the intent or lack of intent at the time the student engaged in the conduct, the student's disciplinary history, and whether the student has a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct, regardless of whether the decision of the behavior coordinator concerns a mandatory or discretionary action.

Order the  
Placement

Following the conference, and whether or not each requested person is in attendance after valid attempts to require the person's attendance, the CBC, after considering any mitigating factors under Education Code 37.001(a)(4) [see FO], shall order the placement of the student for a period consistent with the Student Code of Conduct.

*Education Code 37.009(a)* [See Student Code of Conduct]

**Expulsion  
Proceedings**

Due Process

Before a student may be expelled, a board or its designee shall provide the student a hearing at which the student is afforded appropriate due process as required by the federal constitution and which the student's parent or guardian is invited, in writing, to attend. *Education Code 37.009(f)*

The minimum procedural requirements necessary to satisfy due process depend upon the circumstances and the interests of the parties involved. Federal due process requires notice and some opportunity for hearing.

*Notice*

The notice should contain a statement of the specific charges and grounds that, if proven, would justify expulsion. In some cases, the student should be given the names of the witnesses against him or her and an oral or written report on the facts to which each witness testifies.

*Hearing*

The rights of the student may properly be determined upon the hearsay evidence of school administrators who investigate disciplinary infractions.

Representative

At the hearing, the student is entitled to be represented by the student's parent, guardian, or another adult who can provide guidance to the student and who is not an employee of the district. If a district makes a good-faith effort to inform the student and the student's parent or guardian of the time and place of the hearing, the district may hold the hearing regardless of whether the student, the student's parent or guardian, or another adult representing the student attends.

Mitigating Factors  
Before Ordering  
Expulsion

Before ordering the expulsion of a student, the board or the board's designee must consider whether the student acted in self-defense, the intent or lack of intent at the time the student engaged in the conduct, the student's disciplinary history, and whether the student has a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct, regardless of whether the decision of the board concerns a mandatory or discretionary action. In addition to providing any notice required under Code of Criminal Procedure 15.27 [see GRA], a district shall inform each educator who has responsibility for, or is under the direction and supervision of an educator who has responsibility for, the instruction of a student who has engaged in expellable conduct.

Each educator shall keep the information confidential from any person not entitled to the information, except that the educator may share the information with the student's parent or guardian as provided by state or federal law. An educator's certificate may be suspended or revoked for intentional failure to keep such information confidential.

*Education Code 37.007(g)*

**Completion of  
Proceeding Upon

If a student withdraws from a district before an order for expulsion is entered, the principal or board, as appropriate, may complete the proceedings and enter an order. If the student subsequently enrolls in the district during the same or subsequent school year, the district may enforce the order at that time except for any period of the expulsion that has been served by the student in another district that honored the order. If the principal or board fails to enter an order after the student withdraws, the next district in which the student enrolls may complete the proceedings and enter an order. *Education Code 37.009(i)*

**Additional  
Proceedings**

Exception

A court may order a student to attend a regular classroom, a regular campus, or a district DAEP if the district has entered into a memorandum of understanding (MOU) with the juvenile board for the county in which the district's central administrative office is located, concerning the juvenile probation department's role in supervising and providing other support services for students in DAEPs.

**District  
Responsibility for  
Expelled Student**

Students Not  
Eligible for Existing  
JJAEP

In a county that operates a JJAEP, a district is responsible for providing an immediate educational program to a student who engages in behavior for which expulsion is permitted but not required under Education Code 37.007, but who is not eligible for admission into the JJAEP in accordance with an MOU. [See FODA]

*Contracting for  
Services*

A district may provide the program, or the district may contract with a county juvenile board, a private provider, or one or more other school districts to provide the program.

*Education Code 37.011(l)*

Certain Districts

This provision applies to a district located in a county considered to be a county with a population of 125,000 or less because it has a population of more than 200,000 and less than 233,500; has five or more school districts located wholly within the county's boundaries; and has located in the county a JJAEP that, on May 1, 2011, served fewer than 15 students. A qualifying district shall provide educational services to a student who is expelled from school. The district is entitled to count the student in the district's average daily attendance for purposes of receipt of state funds under the Foundation School Program. An educational placement under this section may include:

1. The district's DAEP.
2. A contracted placement with another school district, an open-enrollment charter school, an institution of higher education, an adult literacy council, or a community organization that can provide an educational program that allows the student to complete the credits required for high school graduation.

An educational placement other than a district's DAEP is subject to the educational and certification requirements applicable to an open-enrollment charter school under Education Code Chapter 12, Subchapter D.

**Return to Class**

Early / Permissive

On the recommendation of the placement review committee, or on its own initiative, a district may readmit an expelled student while the student is completing any court disposition requirements.

Required

After an expelled student has successfully completed any court disposition requirements, including conditions of a deferred prosecution, or conditions required by the prosecutor or probation department, a district may not refuse to admit the student if the student meets the requirements for admission. [See FD] A district may place the student in a DAEP.

The student may not be returned to the classroom of the teacher under whose supervision the offense occurred without that teacher's consent. The teacher may not be coerced to consent.

*Education Code 37.010(f)*

**Expelled from  
Another District**

If a student has been expelled from another school district, the expelling district shall provide to a district in which the student enrolls a copy of the expulsion order and the referral to the authorized officer of the juvenile court. A district in which the student enrolls may continue the expulsion under the terms of the order, may place the student in a DAEP for the period specified by the expulsion order, or may allow the student to attend regular classes without completing the period of expulsion.

Out-of-State  
Expulsion

A district may take any of the above actions if the student was expelled by a district in another state if:

1. The out-of-state district provides a copy of the expulsion order; and
2. The grounds for the expulsion are also grounds for expulsion in the district in which the student is enrolling.

*Education Code 37.010(g)*

If the student was expelled for more than one year and the enrolling district continues the expulsion or places the student in a DAEP, the aggregate period of expulsion or placement may not exceed one year unless the district determines that:

1. The student is a threat to the safety of other students or to district employees; or
2. Extended placement is in the best interest of the student.

*Education Code 37.010(g-1)*

**Note:** See FOF for provisions concerning expulsion of students with disabilities.

**Meetings with  
Juvenile Board**

A board or designee shall regularly meet with either:

1. The juvenile board for the county in which a district's central administrative office is located; or
2. The juvenile board's designee.

The meeting shall be called by the board president and shall address supervision and rehabilitative services appropriate for expelled students and students assigned to disciplinary alternative education programs (DAEPs).

Matters for discussion shall include:

1. Service by probation officers at the DAEP site;
2. Recruitment of volunteers to serve as mentors and provide tutoring services; and
3. Coordination with other social service agencies.

*Education Code 37.013*

**Juvenile Justice  
Alternative  
Education Program**

For the purposes of the following provisions, only a DAEP operated under the authority of a juvenile board of a county is considered a juvenile justice alternative education program (JJAEP).

**Mandatory JJAEP**

The juvenile board of a county with a population greater than 125,000 shall develop a JJAEP, subject to the approval of the Texas Juvenile Justice Department (TJJD).

**Voluntary JJAEP**

The juvenile board of a county with a population of 125,000 or less may develop a JJAEP. Such a JJAEP is not required to be approved by the TJJD. Further, it is not subject to Education Code 37.011(c), (d), (f), (g), (k) or (m).

*Education Code 37.011(a), (k), (m)*

**County Population**

A county with a population greater than 125,000 is considered to be a county with a population of 125,000 or less if:

1. The county had a population of 125,000 or less according to the 2000 federal census and the juvenile board of the county enters into, with the approval of the TJJD, a memorandum of understanding (MOU) with each school district within the county that:
  - a. Outlines the responsibilities of the board and school districts in minimizing the number of students expelled without receiving alternative educational services; and
  - b. Includes the coordination procedures required by Education Code 37.013, above.

2. Has a population of 195,000 or less; is adjacent to two counties, each of which has a population of more than 1.7 million; and has seven or more school districts located wholly within the county's boundaries.
3. Has a population of more than 200,000 and less than 233,500; has five or more school districts located wholly within the county's boundaries; and has located in the county a JJAEP that, on May 1, 2011, served fewer than 15 students.

**Note:** The following provisions apply to all districts that operate JJAEPs, whether voluntary or mandatory.

**Placement of  
Students in JJAEP —  
Expelled Students**

Court-Ordered  
Placement

An expelled student shall, to the extent provided by law or by the MOU, immediately attend the educational program from the date of expulsion. *Education Code 37.010(a)* [See FOD]

If a student admitted under Education Code 25.001(b) is expelled for conduct for which expulsion is required under Education Code 37.007(a), (d), or (e) or for conduct that contains the elements of the offense of terroristic threat as described by Penal Code 22.07(c-1), (d), or (e), the juvenile court, juvenile board, or juvenile board's designee, as appropriate, shall:

1. If the student is placed on probation under Family Code 54.04, order the student to attend the JJAEP in the county in which the student resides from the date of disposition as a condition of probation, unless the child is placed in a post-adjudication treatment facility;
2. If the student is placed on deferred prosecution under Family Code 53.03 by the court, prosecutor, or probation department, require the student to immediately attend the JJAEP in the county in which the student resides for a period not to exceed six months as a condition of the deferred prosecution;
3. In determining the condition of the deferred prosecution or court-ordered probation, consider the length of a district's expulsion order for the student; and
4. Provide timely educational services to the student in the JJAEP in the county in which the student resides, regardless of the student's age or whether the juvenile court has jurisdiction over the student. This provision does not require that ed-

educational services be provided to a student who is not entitled to admission under Education Code 25.001(b).

*Education Code 37.011(b)-(b-1)*

A student transferred to a JJAEP must participate in the program for the full period ordered by the juvenile court, unless a district agrees to accept the student before the date ordered by the juvenile court. *Education Code 37.011(i)*

*Students Who Move*

If a student who is ordered to attend a JJAEP moves from one county to another, the juvenile court may request the JJAEP in the county to which the student moves to provide educational services to the student in accordance with the local MOU between the district and the juvenile board in the receiving county. *Education Code 37.011(n)*

Entry and Exit  
Transition Plans

For each student, the JJAEP must coordinate with the sending school district to develop a written transition plan for entrance into the JJAEP. For each student, the JJAEP must develop a written exit transition plan, provide the plan to the receiving school district, and maintain written verification that the plan was sent. The exit transition plan must include all information regarding courses in progress or completed, current grades for courses in progress, and the number of attendance days and absent days. *37 TAC 348.212(b)*

[See FOCA for requirements regarding transition to the regular classroom.]

**Funding for JJAEPs**

Mandatory  
Expulsions

Except as determined by the commissioner of education, a student served by a JJAEP on the basis of conduct for which expulsion is required under Education Code 37.007 is not eligible for Foundation School Program funding if the JJAEP receives funding from the TJJD. *Education Code 37.011(h)*

Court-Assigned  
Students

A district is not required to provide funding to a juvenile board for a student who is assigned by a court to a JJAEP but who has not been expelled. *Education Code 37.012*

Title 5 Felony  
Placements

A district shall reimburse a JJAEP in which a student is placed under Education Code 37.0081 [see FOE] for the actual cost incurred each day the student is enrolled in the program. For purposes of this subsection:

1. The actual cost incurred each day for the student is determined by the juvenile board of the county operating the program; and

2. The juvenile board shall determine the actual cost each day of the program based on the board's annual audit.

*Education Code 37.0081(g)*

Funding for  
Discretionary  
Expulsions

Subject to Education Code 37.011(n) [see Students Who Move, above], the district in which a student is enrolled on the date the student is expelled for conduct for which expulsion is permitted but not required under Education Code 37.007 shall, if the student is served by the JJAEP, provide funding to the juvenile board in an amount determined by the MOU under Education Code 37.011(k).

The amount of the funds transferred is determined by the portion of the school year for which the JJAEP provides educational services to a district.

*Education Code 37.012(a)*

Arbitration of  
Disputes

If a district elects to contract with the juvenile board for the placement of students who are expelled for conduct for which expulsion is permitted but not required under Education Code 37.007, and the juvenile board and the district are unable to reach an agreement in the MOU, either party may request that the issues of dispute be referred to a binding arbitration process that uses a qualified alternative dispute resolution arbitrator.

Each party shall pay its pro rata share of the arbitration costs and shall submit its final proposal to the arbitrator. If the parties cannot agree on an arbitrator, the juvenile board shall select an arbitrator, the district shall select an arbitrator, and those two arbitrators shall select an arbitrator who shall decide the issues in dispute.

*Decision of  
Arbitrator*

The arbitration decision is enforceable in a court in the county in which the JJAEP is located. Any decision by an arbitrator concerning the amount of the funding for a student who is expelled and attending a JJAEP must provide an amount sufficient based on operation of the JJAEP. In determining the amount to be paid by a district for an expelled student enrolled in a JJAEP, the arbitrator shall consider the relevant factors, including evidence of:

1. The actual average total per student expenditure in the district's DAEP;
2. The expected per student cost in the JJAEP as described and agreed on in the MOU and in compliance with Education Code Chapter 37; and
3. The costs necessary to achieve the accountability goals under Education Code Chapter 37.

**Public Information**

See GB(LEGAL) for the definition of public information.

**Availability of Public Information**

Public information is available to the public at a minimum during the normal business hours of a district. Government Code Chapter 552 (Public Information Act [PIA]) does not authorize the withholding of public information or limit the availability of public information to the public, except as expressly provided by the PIA. *Gov't Code 552.006, .021*

Special Rights of Access

*Person Whose Information the District Holds*

A person or a person's authorized representative has a special right of access, beyond the right of the general public, to information held by the district that relates to the person and that is protected from public disclosure by laws intended to protect that person's privacy interests. A district may not deny this access on the grounds that the information is considered confidential by privacy principles under the Public Information Act but may assert as grounds for denial other provisions of the PIA or other law not intended to protect the person's privacy interests. Access to information under this provision shall be provided in the manner prescribed by Government Code 552.229 (consent to release) and 552.307 (timely release), below. *Gov't Code 552.023(a), (b), (e)*

*Board Members*

For information on board members' special access rights to district information, see BBE.

*Parents*

A district that receives a request from a parent for public information relating to the parent's child shall comply with the Public Information Act. *Education Code 26.0085(e)*

For information on parents' special access rights to their child's education records, see FL.

**Information That Must Be Disclosed**

The following categories of information are public information and not excepted from required disclosure unless made confidential under the Public Information Act or other law:

1. A completed report, audit, evaluation, or investigation made of, for, or by a board or district, except as provided in Government Code 552.108.
2. The name, sex, ethnicity, salary, title, and dates of employment of each employee and officer of a district.
3. Information in an account, voucher, or contract relating to the receipt or expenditure of public or other funds by a board.

4. The name of each official and the final record of voting on all proceedings of a board.
5. All working papers, research material, and information used to estimate the need or expenditure of public funds or taxes by a board, on completion of the estimate.
6. A description of a district's central and campus organization, including where, from whom, and how the public may obtain information, submit information or requests, and obtain decisions.
7. A statement of the general course and method by which a district's functions are channeled and determined, including the nature and requirements of all formal and informal policies and procedures.
8. A rule of procedure, a description of forms available or the places at which forms may be obtained, and instructions relating to the scope and content of all papers, reports, or examinations.
9. A substantive rule of general applicability adopted or issued by a board as authorized by law, and a statement of general policy or interpretation of general applicability formulated and adopted by the board.
10. Each amendment, revision, or repeal of the information described in items 6-9.
11. Final opinions and orders issued in the adjudication of cases.
12. A policy statement or interpretation adopted or issued by a board.
13. Administrative manuals and instructions to staff that affect a member of the public.
14. Information regarded as open to the public under a district's policies.
15. Information that is in a bill for attorney's fees and that is not privileged under the attorney-client privilege.

Contracting  
Information

Contracting information, as that term is defined in Government Code 552.003(1-a) [see GBAA], is public and must be released unless excepted from disclosure under the Public Information Act.

	<p>The exceptions to disclosure provided by Government Code 552.110 (trade secrets) and 552.1101 (proprietary information) do not apply to the types of contracting information listed at Government Code 552.0222(b). <i>Gov't Code 552.0222(a), (b)</i> [See GBAA for additional procedures related to contracting information.]</p>
Investment Information	<p>Certain categories of information held by a district relating to its investments, as specified by Government Code 552.0225(b), are public information and not excepted from disclosure under the Public Information Act. <i>Gov't Code 552.0225</i></p>
<b>Confidential Information That Must Not Be Disclosed</b>	<p>A person commits an offense if the person distributes information considered confidential under the terms of the Public Information Act. A violation under this provision also constitutes official misconduct. <i>Gov't Code 552.352</i></p>
Confidential by Law	<p>Information is excepted from public disclosure if it is information considered to be confidential by law, either constitutional, statutory, or by judicial decision. <i>Gov't Code 552.101</i></p>
	<hr/> <p><b>Note:</b> For confidentiality and access provisions addressed by specific statutes other than Government Code Chapter 552 (Public Information Act), see the applicable policy code.</p> <hr/>
Privileged Attorney-Client Information	<p>The Texas Rules of Civil Procedure and the Texas Rule of Evidence are "other law" within the meaning of Government Code 552.022 (allowing "other law" to make information confidential from required disclosure). A district does not forfeit the attorney-client privilege by failing to timely request an attorney general's decision, and the privilege is sufficiently compelling to rebut the presumption of public disclosure after an untimely request. <i>In re City of Georgetown, 53 S.W.3d 328, 336 (Tex. 2001); Paxton v. City of Dallas, 509 S.W.3d 247 (Tex. 2017)</i></p> <p>The attorney-client privilege does not apply if the attorney or attorney's representative acts in a capacity other than that of providing or facilitating professional legal services to the client. <i>Harlandale Indep. In addition, a student record shall be made available on the request of district personnel, the student, the student's parents, legal guardian, or spouse, or a person conducting a child abuse investigation required by Family Code Chapter 261, Subchapter D.

Except as provided by Government Code 552.114(e) (information in enrollment or transfer records, below), a district may redact information in a student record from information required to be disclosed under the Public Information Act without requesting a decision from the attorney general.

The exception to public disclosure created by this provision is in addition to any exception created by Government Code 552.024. Public access to personnel information covered by Government Code 552.024 is denied to the extent provided by that provision. *Gov't Code 552.102(a)*

**Officer for Public Information and Required Sign**

Officer and Agents

The superintendent of a district is the officer for public information. Each department head is an agent of the officer for public information for purposes of complying with Government Code Chapter 552 (Public Information Act [PIA]).

*Duties*

The officer is responsible for the release of public information as required by the Public Information Act. Subject to penalties provided by the Public Information Act, the officer for public information shall:

1. Make public information available for public inspection and copying;
2. Carefully protect public information from deterioration, alteration, mutilation, loss, or unlawful removal;
3. Repair, renovate, or rebind public information when necessary to maintain it properly; and
4. Make reasonable efforts to obtain public information from a temporary custodian if:
  - a. The information has been requested from the district;
  - b. The officer is aware of facts sufficient to warrant a reasonable belief that the temporary custodian has possession, custody, or control of the information;
  - c. The officer is unable to comply with the duties imposed by the Public Information Act without obtaining the information from the temporary custodian; and
  - d. The temporary custodian has not provided the information to the officer or the officer's agent.

The officer is not responsible for the use made of the information by the requestor or the release of the information after it is removed from a record as a result of an update, correction, or change of status of the person to whom the information pertains.

*Gov't Code 552.201(a)-.204; Keever v. Finlan, 988 S.W.2d 300 (Tex. App.—Dallas 1999, pet. dismiss'd) (a district's chief administrative officer is the superintendent)*

*Training*

This provision applies to an elected or appointed board member and the officer for public information.

Each person shall complete a course of training of not less than one and not more than two hours regarding the responsibilities of the district and its board members and employees under the Public Information Act not later than the 90th day after the date:

1. The board member takes the oath of office; or
2. The officer for public information assumes duties as officer for public information.

A public information coordinator who is primarily responsible for administering the responsibilities of the board under the Public Information Act and designated for board members to satisfy the training requirement of this provision shall complete the training course regarding the responsibilities of the board and district employees under the PIA not later than the 90th day after the date the coordinator assumes the person's duties as coordinator. [See BBD, CPC(LOCAL)]

Designation of a public information coordinator does not relieve a board member from the duty to comply with any other requirement of the Public Information Act that applies to the board member.

A district shall maintain and make available for public inspection the record of its board members' or, if applicable, the public information coordinator's completion of the training.

*Gov't Code 552.012(a)-(c), (e)*

Training After  
Failure to Comply

The attorney general may require each elected or appointed board member and the officer for public information of a district to complete the course of training if the attorney general determines that the district has failed to comply with a requirement of the Public Information Act. The attorney general must notify each person in writing of the attorney general's determination and the requirement to complete the training. A person who receives notice from the attorney general under this provision must complete the training not later than the 60th day after the date the person receives the notice. *Gov't Code 552.012(a),(b-1)*

PIA Sign

The officer for public information shall prominently display a sign (PIA sign) in the form prescribed by the attorney general that contains basic information about the rights of a requestor, the responsibilities of a district, and the procedures for inspecting or obtaining a copy of public information under the Public Information Act. The officer shall display the sign at one or more places in the district's administrative offices where it is plainly visible to:

1. Members of the public who request public information in person; and

2. Employees of the district whose duties include receiving or responding to public information requests.

*Gov't Code 552.205(a)*

**Requests for Public Information**

**Method of Requesting Public Information**

A person may make a written request for public information only by delivering the request by one of the following methods to the officer for public information or a person designated by that officer:

1. United States mail;
2. Electronic mail;
3. Hand delivery; or
4. Any other appropriate method approved by the district, including facsimile transmission and electronic submission through the district's website.

A district is considered to have approved another method only if the district includes a statement on the PIA sign or the district's website that states a request for public information may be made by that method.

*Designated Addresses to Receive Requests*

A district may designate one mailing address and one electronic mail address for receiving written requests for public information and shall provide the designated mailing address and electronic mailing address to any person on request.

A district that posts a designated mailing address or electronic mail address on the district's website or that prints those addresses on the PIA sign is not required to respond to a written request for public information unless the request is received:

1. At one of those addresses;
2. By hand delivery; or
3. By a method described above that has been approved by the district.

*Gov't Code 552.234(c), (d)*

*Optional Request Form*

The attorney general shall create a public information request form that provides a requestor the option of excluding from a request information that the district determines is:

1. Confidential; or
2. Subject to an exception to disclosure that the district would assert if the information were subject to the request.

A district that allows requestors to use the attorney general's form and maintains a website shall post the form on its website.

*Gov't Code 552.235*

**District Response to Requests**

Uniform Treatment

The officer for public information or the officer's agent shall treat all requests for information uniformly without regard to the position or occupation of the requestor, the person on whose behalf the request is made, or the status of the individual as a member of the media. *Gov't Code 552.223*

Inquiries by District

The officer for public information and the officer's agent may not make an inquiry of a requestor except to establish proper identification or except as provided below.

*Requests to Clarify or Narrow*

If what information is requested is unclear to the district, the district may ask the requestor to clarify the request. If a large amount of information has been requested, the district may discuss with the requestor how the scope of the request might be narrowed, but the district may not inquire into the purpose for which the information will be used.

*Additional Information for Vehicle Records*

If the information requested relates to a motor vehicle record, the officer for public information or agent may require the requestor to provide additional identifying information sufficient for the officer or agent to determine whether the requestor is eligible to receive the information under Transportation Code Chapter 730. In this provision, "motor vehicle record" has the meaning assigned that term by Transportation Code 730.003.

*Gov't Code 552.222(a)-(c)*

Statement of Consequences

A written request for clarification or discussion or for additional information, as described above, must include a statement as to the consequences of the failure by the requestor to timely respond to the request for clarification, discussion, or additional information. *Gov't Code 552.222(e)*

*Requestor's Failure to Respond*

If by the 61st day after the date the district sends a written request for clarification or discussion or for additional information, as described above, the district, officer for public information, or agent does not receive a written response from the requestor, the underlying request for public information is considered to have been withdrawn by the requestor.

Exception to Automatic Withdrawal

Except when the requestor's information request was sent by electronic mail, described below, if the requestor's information request included the requestor's physical or mailing address, the request may not be considered to have been withdrawn unless the district or officer for public information or agent sends the request for clari-

fication or discussion or for additional information, as described above, to that address by certified mail.

If the requestor's information request was sent by electronic mail, the request may be considered to have been withdrawn if:

1. The district, officer for public information, or agent sends the request for clarification or discussion or the written request for additional information by electronic mail to the same electronic mail address from which the original request was sent or to another electronic mail address provided by the requestor; and
2. The district, officer for public information, or agent does not receive from the requestor a written response or response by electronic mail within the period described by Government Code 552.222(d).

*Gov't Code 552.222(d), (f)-(g)*

Time for Production  
*Promptly*

An officer for public information shall promptly produce public information for inspection, duplication, or both, on application by any person to the officer. "Promptly" means as soon as possible under the circumstances, that is, within a reasonable time, without delay. A district may not automatically withhold for 10 business days public information not excepted from disclosure. *Gov't Code 552.221(a); Atty. Gen. ORD 664 (2000)*

*Business Day*

In the Public Information Act, "business day" means a day other than a Saturday or Sunday, a national holiday, or a state holiday [see below].

Rosh Hashanah, Yom Kippur, or Good Friday are not business days of a district if the officer for public information of the district observes the optional holidays.

The Friday before or Monday after a national or state holiday is not a business day of a district if the holiday occurs on a Saturday or Sunday and the district observes the holiday on that Friday or Monday.

The fact that an employee works from an alternative work site does not affect whether a day is considered a business day.

Locally  
Designated  
Nonbusiness  
Days

A district may designate a day on which the district's administrative offices are closed or operating with minimum staffing as a nonbusiness day. The designation of a nonbusiness day for a district must be made by the board. A district may designate not more than 10 nonbusiness days under this subsection each calendar year.

*Certifications of  
Availability*

If an officer for public information cannot produce the public information for inspection or duplication within 10 business days after the date the information is requested, the officer shall certify that fact in writing to the requestor and set a date and hour within a reasonable time when the information will be available for inspection or duplication.

If the requested information is unavailable at the time of the request to examine because it is in storage or active use, an officer for public information shall certify this fact in writing to the requestor and set a date and hour within a reasonable time when the information will be available for inspection or duplication.

*Gov't Code 552.221(c), (d)*

*Administrative  
Offices Closed*

Unless the district has initiated a temporary suspension of the Public Information Act during a catastrophe [see below], if a district closes its physical offices, but requires staff to work, including remotely, then the district shall make a good faith effort to continue responding to applications for public information, to the extent staff have access to public information responsive to an application while its administrative offices are closed.

Failure to respond to requests may constitute a refusal to request an attorney general's decision or a refusal to supply public information or information that the attorney general has determined is public information that is not excepted from disclosure.

*Gov't Code 552.2211*

Methods of  
Production

An officer for public information complies with the requirement to promptly produce public information by:

1. Providing the information for inspection or duplication in the offices of a district. The Public Information Act does not authorize a requestor to remove an original copy of a public record from the office of a district;
2. Sending copies of the information by first class United States mail, if the requestor requests that copies be provided and pays the postage and any other applicable charges that the requestor has accrued under Government Code Chapter 552, Subchapter F [see Authorized Costs and Charges, below]; or
3. Referring a requestor to an exact internet location or uniform resource locator (URL) address on a website maintained by the district and accessible to the public if the requested information is identifiable and readily available on that website. If the person requesting the information prefers a manner other than access through the URL, the district must supply the information in the manner described above at items 1 and 2.

If the officer for public information provides by email an internet location or URL address as permitted by item 3, above, the email must contain a statement in a conspicuous font clearly indicating that the requestor may nonetheless access the requested information by inspection or duplication or by

receipt through United States mail, as described above at items 1 and 2.

*Gov't Code 552.221(b)-(b-2), .226*

Inspection and  
Duplication  
Procedures

A district may promulgate reasonable rules of procedure under which public information may be inspected and copied efficiently, safely, and without delay. These rules may not be inconsistent with any provision of the Public Information Act. *Gov't Code 552.230*

The officer for public information or agent shall give the requestor all reasonable comfort and facility for the full exercise of the right granted by the Public Information Act. *Gov't Code 552.224*

*Time For District  
to Provide Copies*

It shall be a policy of a district to provide a suitable copy of public information within a reasonable time after the date on which the copy is requested. *Gov't Code 552.228(a)*

*Time for  
Requestor to  
Appear and  
Complete  
Inspection*

A request is considered to have been withdrawn if the requestor fails to inspect or duplicate the public information in district offices on or before the 60th day after the date the information is made available or fails to pay the postage and any other applicable charges accrued under Government Code Chapter 552, Subchapter F on or before the 60th day after the date the requestor is informed of the charges.

A requestor must complete the examination of the information not later than the 10th business day after the date the custodian of the information makes it available. If the requestor does not complete the examination within 10 business days and does not file a request for additional time under Government Code 552.225(b) (described below), the requestor is considered to have withdrawn the request.

The officer for public information shall extend the initial examination period by an additional 10 business days if, within the initial period, the requestor files with the officer a written request for additional time. The officer shall extend an additional examination period by another 10 business days if, within the first additional period, the requestor files with the officer a written request for more additional time.

The time during which a person may examine information may be interrupted by the officer if the information is needed for use by the district. The period of interruption is not considered to be a part of the time during which the person may examine the information.

*Gov't Code 552.221(e), .225*

*Electronic Data*

If public information exists in an electronic or magnetic medium, the requestor may request a copy in an electronic medium, such as on diskette or on magnetic tape. A district shall provide a copy in the requested medium if:

1. The district has the technological ability to produce a copy of the information in the requested medium;
2. The district is not required to purchase any software or hardware to accommodate the request; and
3. Provision of a copy of the information in the requested medium will not violate the terms of any copyright agreement between the district and a third party.

If a district is unable to comply with a request to produce a copy of information in a requested medium for any of these reasons, the district shall provide a copy in another medium that is acceptable to the requestor. A district is not required to copy information onto a diskette or other material provided by the requestor but may use district supplies.

*Gov't Code 552.228(b), (c)*

Requests Requiring  
Programming or  
Data Manipulation

*Written  
Statement  
Required*

A district shall provide to a requestor a written statement, described below, if the district determines:

1. That responding to a request for information will require programming or manipulation of data; and
2. That:
  - a. Compliance with the request is not feasible or will result in substantial interference with operations; or
  - b. The information could be made available in the requested form only at a cost that covers the programming and manipulation of data.

The written statement shall include:

1. A statement that the information is not available in the requested form;
2. A description of the form in which the information is available;
3. A description of any contract or services that would be required to provide the information in the requested form;
4. A statement of the estimated cost of providing the information in the requested form, as determined in accordance with the

rules established by the attorney general under Government Code 552.262; and

5. A statement of the anticipated time required to provide the information in the requested form.

*Time For  
Programming or  
Manipulation  
Statement*

A district shall provide the written statement to the requestor within 20 days after the date the district receives the request. The district has an additional 10 days to provide the statement if the district gives written notice to the requestor, within 20 days after receiving the request, that additional time is needed.

*Requestor Reply  
Required*

On providing the written statement described above, the district does not have any further obligation to provide the information in the requested form or in the form in which it is available, unless within 30 days the requestor states in writing that the requestor:

1. Wants the district to provide the information in the requested form according to the cost and time parameters set out in the written statement or according to other terms to which the requestor and the district agree; or
2. Wants the information in the form in which it is available.

If a requestor does not make a timely written statement to the district, the requestor is considered to have withdrawn the request for information.

*Processing  
Procedures and  
Recordkeeping*

The officer for public information shall establish policies that assure the expeditious and accurate processing of requests for information that require programming or manipulation of data. A district shall maintain a file containing all written statements issued concerning responding to requests for information that require programming or manipulation of data in a readily accessible location.

*Gov't Code 552.231*

*Repetitious or  
Redundant  
Requests*

A district that determines a requestor has made a request for information for which the district has previously furnished or made copies available to the requestor on payment of applicable charges must respond to the request, in relation to the information for which copies have already been furnished or made available, except that:

1. The district is not prohibited from furnishing the information or making the information available to the requestor again in accordance with the request; and
2. The district is not required to comply with these provisions in relation to information that the district simply furnishes or makes available to the requestor again in accordance with the request.

*Gov't Code 552.232(a)*

These provisions do not apply to information not previously furnished to a requestor or made copies available to the requestor on payment of applicable charges.

A request by the requestor for information for which copies have not previously been furnished or made available to the requestor, including information for which copies were not furnished or made available because the information was redacted from other information that was furnished or made available or because the information did not exist at the time of an earlier request shall be treated in the same manner as any other request for public information under the Public Information Act.

*Gov't Code 552.232(d)*

*Certification of  
Previous  
Production*

A district shall certify to the requestor that copies of all or part of the requested information were previously furnished or made available to the requestor. The certification must include:

1. A description of the information for which copies have been previously furnished or made available to the requestor;
2. The date the district received the requestor's original request for that information;
3. The date the district previously furnished copies or made available copies of the information to the requestor;
4. A certification that no subsequent additions, deletions, or corrections have been made to that information; and
5. The name, title, and signature of the officer for public information or agent making the certification.

A charge may not be imposed for making and finishing this certification.

*Gov't Code 552.232(b), (c)*

**Withholding  
Excepted  
Information**

Request for  
Attorney General  
Decision Required

A district that receives a written request for information that it wishes to withhold from public disclosure and that it considers to be within one of the exceptions to required disclosure under Government Code Chapter 552, Subchapter C [see GBA] must ask for a decision from the attorney general about whether the information is within that exception if there has not been a previous determination about whether the information falls within one of the exceptions [see Request for Attorney General Decision Not Required, below]. *Gov't Code 552.301(a)*

*Consequences of  
Missed Deadlines*

If a district does not request an attorney general decision and provides the requestor with the information required by Government Code 552.301(d) and (e-1) [see Information to Requestor, below], the information requested in writing is presumed to be subject to public disclosure and must be released unless there is a compelling reason to withhold it. *Gov't Code 552.302*

*Electronic  
Submission*

A district that requests an attorney general decision must submit the request through the attorney general's designated electronic filing system. This requirement does not apply if:

1. The district has fewer than 16 full-time employees;
2. The district is located in a county with a population of less than 150,000;
3. The amount or format of responsive information at issue in a particular request makes use of the attorney general's electronic filing system impractical or impossible; or
4. The request is hand delivered to the office of the attorney general.

*Gov't Code 552.3031(a)-(b)*

*Request and  
Submissions to  
Attorney General*

The district must ask for the attorney general's decision and state the exceptions that apply within a reasonable time but not later than the 10th business day after the date of receiving the written request.

When a district requests an attorney general decision, it shall, within a reasonable time but not later than the 15th business day after receiving the request for information, submit to the attorney general all of the following:

1. Written comments stating the reasons why the stated exceptions apply that would allow the information to be withheld;
2. A copy of the written request for information;
3. A signed statement as to the date on which the written request for information was received by the district or evidence sufficient to establish that date; and
4. A copy of the specific information requested, or representative samples of the information if a voluminous amount of information was requested. The district shall label the copies or representative samples to indicate which exceptions apply to which parts of the copy.

*Gov't Code 552.301(b), (e)*

*Information to  
Requestor*

A district that requests an attorney general decision shall provide to the requestor within a reasonable time but not later than the 10th business day after the date of receiving the requestor's written request:

1. A written statement that the district wishes to withhold the requested information and has asked for a decision from the attorney general about whether the information is within an exception to public disclosure; and
2. A copy of the district's written communication to the attorney general asking for the decision. If a district's written communication to the attorney general discloses the requested information, the district shall provide a redacted copy of that written communication.

The district shall send a copy of the comments to the requestor not later than the 15th business day after the district receives the written request. If the written comments disclose or contain the substance of the information requested, the copy of the comments provided to the requestor shall be redacted.

*Gov't Code 552.301(d), (e-1)*

*Calculating  
Timeliness*

For the purposes of Government Code Chapter 552, Subchapter G (Attorney General Decisions), if a district receives a written request by United States mail and cannot adequately establish the actual date of receipt, the request is considered to have been received by the district on the third business day after the date of the postmark on a properly addressed request. *Gov't Code 552.301(a-1)*

When Government Code Chapter 552, Subchapter G requires a request, notice, or other document to be submitted or otherwise given to the attorney general within a specified period, the requirement is met in a timely fashion if the district submits the document through the attorney general's designated electronic filing system within that period. This provision does not affect the right of a district to submit information to the attorney general by specified methods of mail under Government Code 552.308.

When the attorney general is required to deliver a notice, decision, or other document within a specified period, the requirement is met in a timely fashion if the attorney general electronically transmits the document within that period.

For information surrendered or returned to a district by a temporary custodian, the district is considered to receive the request for that

information on the date the information is surrendered or returned to the district. [See GB]

*Gov't Code 552.233(d), .309*

Except as required by Government Code 552.031 (electronic submission [see above]), when the attorney general decision process requires a request, notice, or other document to be submitted or otherwise given to a person within a specified period, the requirement is met in a timely fashion if the document is sent to the person by first class United States mail or common or contract carrier properly addressed with postage or handling charges prepaid and:

1. It bears a post office cancellation mark or a receipt mark of a common or contract carrier indicating a time within that period; or
2. The person required to submit or otherwise give the document furnishes satisfactory proof that it was deposited in the mail or with a common or contract carrier within that period.

*Gov't Code 552.308*

*Third Party  
Privacy or  
Property Interests*

In a case in which information is requested under the Public Information Act and a person's privacy or property interests may be involved, including a case under Government Code 552.101 (information confidential by law), 552.110 (trade secrets), 552.1101 (proprietary information), 552.114 (student records), 552.131 (economic development information), or 552.143 (investment information), a district may decline to release the information for the purpose of requesting a decision from the attorney general.

*Third Party  
Submissions*

A person whose interests may be involved as described above, or any other person, may submit in writing to the attorney general the person's reasons why the information should be withheld or released. A district may, but is not required to, submit its reasons why the information should be withheld or released. The proprietary information exception to disclosure provided by Government Code 552.1101(a) may be asserted only by a vendor, contractor, potential vendor, or potential contractor in the manner described by Government Code 552.305(b) for the purpose of protecting the interests of the vendor, contractor, potential vendor, or potential contractor.

*Gov't Code 552.305(a)-(c), .1101(c)*

*Notice to Third  
Party*

If release of a person's proprietary information may be subject to exception under Government Code 552.101 (information confidential by law), 552.110 (trade secrets), 552.1101 (proprietary information), 552.113 (geological or geophysical information), 552.131

(economic development information), or 552.143 (investment information), a district that requests an attorney general decision shall make a good faith attempt to notify that person of its request. The notice must:

1. Be in writing and sent within a reasonable time not later than the 10th business day after the district receives the request for information; and
2. Include:
  - a. A copy of the written request for information, if any, received by the district; and
  - b. A statement, in the form prescribed by the attorney general, that the person is entitled to submit to the attorney general, not later than the 10th business day after the person receives the notice:
    - (1) Each reason the person has as to why the information should be withheld; and
    - (2) A letter, memorandum, or brief in support of that reason.

A person who submits a letter, memorandum, or brief to the attorney general under this provision shall send a copy of that letter, memorandum, or brief to the person who requested the information from the district. If the letter, memorandum, or brief submitted to the attorney general contains the substance of the information requested, the copy of the letter, memorandum, or brief may be a redacted copy.

*Gov't Code 552.305(d), (e)*

*Requests for Contracting Information Not Maintained by the District*

“Contracting information” means the following information maintained by a district or sent between a district and a vendor, contractor, potential vendor, or potential contractor:

1. Information in a voucher or contract relating to the receipt or expenditure of public funds by a district;
2. Solicitation or bid documents relating to a contract with a district;
3. Communications sent between a district and a vendor, contractor, potential vendor, or potential contractor during the solicitation, evaluation, or negotiation of a contract;
4. Documents, including bid tabulations, showing the criteria by which a district evaluates each vendor, contractor, potential vendor, or potential contractor responding to a solicitation

and, if applicable, an explanation of why the vendor or contractor was selected; and

5. Communications and other information sent between a district and a vendor or contractor related to the performance of a final contract with the district or work performed on behalf of the district.

*Gov't Code 552.003(1-a)*

Government Code 552.371 applies to an entity that is not a governmental body that executes a contract with a district that:

1. Has a stated expenditure of at least \$1 million in public funds for the purchase of goods or services by the district; or
2. Results in the expenditure of at least \$1 million in public funds for the purchase of goods or services by the district in a fiscal year of the district.

Government Code 552.371 applies to a written request for public information received by a district that is party to a contract described above for contracting information related to the contract that is in the custody or possession of the entity and not maintained by the district.

*Gov't Code 552.371(a), (b)*

District Request  
to Contracting  
Entity

A district that receives a written request for contracting information shall request that the entity provide the information to the district. The district must send the request in writing to the party not later than the third business day after the date the district receives the written request. *Gov't Code 552.371(c)*

Requesting  
Decision About  
Contracting  
Information

A district's request for an attorney general's decision to determine whether contracting information not maintained by the district falls within an exception to disclosure under the Public Information Act is considered timely if made not later than the 13th business day after the date the district receives the written request described above. *Gov't Code 552.371(d)(1)*

The statement and copy described above [see Information to Requestor] is considered timely if provided to the requestor not later than the 13th business day after the date the district receives the written request. *Gov't Code 552.371(d)(2)*

A submission and copy described above [see Request and Submissions to Attorney General] is considered timely if sent not later than the 18th business day after the date the district receives the written request. *Gov't Code 552.371(d)(3), (4)*

The presumption that information is subject to disclosure for failing to comply with Government Code 552.301 [see Request and Submissions to Attorney General, above] does not apply if a district:

1. Complies with the requirements of Government Code 552.371(c) in a good faith effort to obtain contracting information not maintained by the district;
2. Is unable to meet a deadline because the contracting entity failed to provide the information to the district not later than the 13th business day after the date the district received the written request for the information; and
3. Complies with all notice requirements not later than the eighth business day after the date the district receives the information from the contracting entity.

*Gov't Code 552.371(e)*

Nothing in Government Code 552.371 affects the deadlines or duties of a district related to requesting an attorney general opinion regarding contracting information the district maintains. *Gov't Code 552.371(f)*

Request for  
Attorney General  
Decision Not  
Required

*Previous  
Determinations*

Same  
Information

Categories of  
Previously  
Determined  
Information

A district must release the requested information and is prohibited from asking for a decision from the attorney general about whether information requested under this chapter is within an exception under Government Code Chapter 552, Subchapter C if the district has previously requested and received a determination from the attorney general concerning the precise information at issue in a pending request and the attorney general or a court determined that the information is public information that is not excepted by Subchapter C. *Gov't Code 552.301(f)*

A district may rely on a previous determination by the attorney general regarding a specific, clearly delineated category of information if:

1. The previous decision is applicable to a school district;
2. The previous decision concludes that the category of information is or is not excepted from public disclosure;
3. The elements of law, fact, and circumstances are met to support the previous decision's conclusion that the requested records and information at issue are or are not excepted from public disclosure; and
4. The previous decision explicitly provides that the governmental body or bodies, such as the district, to which the decision

applies may withhold the information without the necessity of seeking a decision from the attorney general.

*Atty. Gen. ORD 673 (2001)*

A district that relies on a previous determination to withhold information from disclosure should notify the requestor in writing of the decision or ruling upon which it is relying. *Atty. Gen. ORD 684 (2009)*

When Request  
Is Allowed for  
Previous  
Determination

A district may ask for another decision from the attorney general concerning the precise information that was at issue in a prior decision made by the attorney general if:

1. A suit challenging the prior decision was timely filed against the attorney general in accordance with the Public Information Act concerning the precise information at issue;
2. The attorney general determines that the requestor has voluntarily withdrawn the request for the information in writing or has abandoned the request; and
3. The parties agree to dismiss the lawsuit.

*Gov't Code 552.301(g)*

**Response After  
Attorney General  
Decision**

A district shall as soon as practicable but within a reasonable period of time after the date the attorney general issues an opinion regarding information requested under the Public Information Act:

1. Provide the requestor of the information an itemized estimate of charges for production of the information if the estimate is required by Government Code 552.2615;
2. If the requested information is voluminous:
  - a. Take the following actions if the district determines that it is able to disclose the information in a single batch:
    - (1) Provide a written certified notice to the requestor and the attorney general that it is impractical or impossible for the district to produce the information within a reasonable period of time;
    - (2) Include in the notice the date and hour that the district will disclose the information to the requestor, which may not be later than the 15th business day after the date the district provides the notice; and
    - (3) Produce the information at the date and time included in the notice; or

- b. Take the following actions if the district determines that it is unable to disclose the information in a single batch:
  - (1) Provide a written certified notice to the requestor and the attorney general that it is impractical or impossible for the district to produce the information within a reasonable period of time and in a single batch;
  - (2) Include in the notice the date and hour that the district will disclose the first batch of information to the requestor, which may not be later than the 15th business day after the date the district provides the notice;
  - (3) Provide a written certified notice to the requestor and the attorney general when each subsequent batch of information is disclosed to the requestor of the date and hour that the district will disclose the next batch of information to the requestor, which may not be later than the 15th business day after the date the district provides the notice; and
  - (4) Produce the requested information at each date and time included in a notice;
3. Produce the information if it is required to be produced;
4. Notify the requestor in writing that the district is withholding the information as authorized by the opinion; or
5. Notify the requestor in writing that the district has filed suit against the attorney general under Government Code 552.324 [see Filing Suit to Challenge Attorney General's Decision, below] regarding the information.

A district is presumed to have complied with the above requirements if the district takes an action regarding information that is the subject of an opinion issued by the attorney general not later than the 30th day after the date the attorney general issues the opinion.

**Authorized Costs  
and Charges**

Attorney General's  
Cost Rules

A district shall use the attorney general's rules to determine the charges for providing copies of public information and to determine the charge, deposit, or bond required for making public information that exists in a paper record available for inspection, except to the extent that other law provides for charges for specific kinds of public information. The charges for providing copies of public information may not be excessive and may not exceed the actual cost of producing the information or for making public information that exists in a paper record available for inspection.

A district may determine its own charges for providing copies of public information and its own charge, deposit, or bond for making public information that exists in a paper record available for inspection. However, a district may not charge an amount that is greater than 25 percent more than the amount established by the attorney general, unless the district requests an exemption.

*Gov't Code 552.262(a); 1 TAC 70.1(b), .3, .10.*

*Exemption*

A district may request that it be exempt from part or all of the rules adopted by the attorney general for determining charges. The request must be made in writing to the attorney general and must state the reason for the exemption. If a district receives notice from the attorney general that an exemption has been granted, the district may amend its charges according to the attorney general's determination. *Gov't Code 552.262(c)*

Multiple Requests

All requests received in one calendar day from an individual may be treated as a single request for purposes of calculating costs. A district may not combine multiple requests from separate individuals who submit requests on behalf of an organization. *Gov't Code 552.261(e)*

Charges for  
Producing Copies

The charge for providing a copy of public information shall be an amount that reasonably includes all costs related to reproducing the information, including costs of materials, labor, and overhead.

*50 Pages or Less*

If a request is for 50 or fewer pages of paper records, the charge for providing the copy of the information may not include costs of materials, labor, or overhead, but shall be limited to the charge for each page of the paper record that is photocopied, unless the pages to be photocopied are located in two or more separate buildings that are not physically connected with each other or a remote storage facility. A connection of two buildings by a covered or open sidewalk, an elevated or underground passageway, or a similar facility is insufficient to cause the buildings to be considered separate buildings.

*Statement of  
Labor Costs*

If the charge for providing a copy of public information includes costs of labor, the requestor may require the officer for public information or agent to provide the requestor with a written statement as to the amount of time that was required to produce and provide the copy. The statement must be signed by the officer or agent, and the officer or agent's name must be typed or legibly printed below the signature. A charge may not be imposed for providing the written statement to the requestor.

*Accrual of  
Charges*

Charges for providing a copy of public information are considered to accrue at the time the district advises the requestor that the copy is available on payment of the applicable charges.

*Gov't Code 552.261(a)-(d)*

*Deposit or Bond  
for Copies*

The officer for public information or agent may require a deposit or bond for payment of anticipated costs for the preparation of a copy of public information if:

1. The officer or agent has provided the requestor with the written itemized statement required by Government Code 552.2615 (itemized estimate of charges, below); and
2. The charge for providing the copy is estimated by the district to exceed \$100, if the district has more than 15 full-time employees, or \$50, if the district has fewer than 16 full-time employees.

The officer or agent may not require a deposit or bond as a down payment for copies of public information that the requestor may request in the future.

*Gov't Code 552.263(a), (b)*

*Effect on  
Timelines*

For purposes of Government Code Chapter 552, Subchapters F (Charges for Providing Copies of Public Information) and G (Attorney General Decisions), a request for a copy of public information is considered to have been received by the district on the date the district receives the deposit or bond for payment of anticipated costs or unpaid amounts if the officer for public information or agent requires a deposit or bond.

A requestor who fails to make such a deposit or post such a bond for payment of anticipated costs for the preparation of copies before the 10th business day after the date the deposit or bond is required is considered to have withdrawn the request for the copy of public information that precipitated the requirement of the deposit or bond.

REQUESTS FOR INFORMATION

GBAA  
(LEGAL)

Modified Request	If a requestor modifies a request in response to the requirement of a deposit or bond, the modified request is considered a separate request and is considered received on the date the district receives the written modified request. <i>Gov't Code 552.263(e-1)</i>
<i>Unpaid Amounts</i>	The officer for public information or agent may require a deposit or bond for payment of unpaid amounts the requestor owes a district in relation to previous public information requests before preparing a copy of public information in response to a new request, if those unpaid amounts exceed \$100. The officer for public information or agent may not seek payment of those unpaid amounts through any other means.
<i>Documentation of Unpaid Amounts</i>	A district must fully document the existence and amount of those unpaid amounts or the amount of any anticipated costs before requiring a deposit or bond. The documentation is subject to required public disclosure.  <i>Gov't Code 552.263(c), (d)</i>
<i>Pre-Payments</i>	A district that receives a request from a requestor to produce public information for inspection or publication or to produce copies of public information in response to a requestor who, within the preceding 180 days, has accepted but failed to pay written itemized statements of estimated charges from the district as provided under Government Code 552.261(b) (statement of labor costs, above) may require the requestor to pay the estimated charges for the request before the request is fulfilled. <i>Gov't Code 552.2661</i>
<i>Waivers</i>	A district shall provide a copy of public information without charge or at a reduced charge if the district determines that waiver or reduction of the charge is in the public interest because providing the information primarily benefits the general public.  If the cost to a district of processing the collection of a charge for providing a copy of public information will exceed the amount of the charge, the district may waive the charge.  <i>Gov't Code 552.267</i>
<i>District Publications</i>	Government Code Chapter 552, Subchapter F (charges for providing copies of public information) does not apply to a publication that is compiled and printed by or for a district for public dissemination. If the cost of the publication is not determined by state law, a district may determine the charge for providing the publication. This provision does not prohibit the district from providing the publication free of charge if state law does not require that a certain charge be made. <i>Gov't Code 552.270</i>

*Copies for  
Parents*

A district may charge a reasonable fee in accordance with the above requirements for copies of materials provided to parents pursuant to Education Code Chapter 26. *Education Code 26.012*

Charges for  
Inspection Without  
Copies

If the requestor does not request a copy of public information, a district may not impose a charge for making available for inspection any public information that exists in a paper record, except as set forth below.

*Copy of Edited  
Page*

If a page contains confidential information that must be edited from the record before the information can be made available for inspection, the district may charge for the cost of making a photocopy of the page from which the confidential information must be edited. No charge other than the cost of the photocopy may be imposed.

*Payment,  
Deposit, or Bond  
for Inspections*

The officer for public information or agent may require a requestor to pay, or to make a deposit or post a bond for the payment of, anticipated personnel costs for making available for inspection public information that exists in paper records if:

1. The information specifically requested by the requestor is older than five years or completely fills, or when assembled will completely fill, six or more archival boxes; and
2. The officer for public information or agent estimates that more than five hours will be required to make the information available for inspection.

*Gov't Code 552.271(a)-(c)*

Exception for  
Certain Small  
Districts

If a district has fewer than 16 full-time employees, the payment, deposit, or bond may be required only if:

1. The information specifically requested by the requestor is older than three years or completely fills, or when assembled will completely fill, three or more archival boxes; and
2. The officer for public information or agent estimates that more than two hours will be required to make the information available for inspection.

*Gov't Code 552.271(d)*

*Inspection of  
Electronic  
Records*

In response to a request to inspect information that exists in an electronic medium and that is not available directly online to the requestor, a charge may not be imposed for access to the information unless complying with the request will require programming or manipulation of data. If programming or manipulation of data is required, a district shall notify the requestor before assembling the information and provide the requestor with an estimate of charges

that will be imposed to make the information available [see also Requests Requiring Programming or Data Manipulation, above].

If public information exists in an electronic form on a computer owned or leased by a district and if the public has direct access to that computer through a computer network or other means, the electronic form of the information may be electronically copied from that computer without charge if accessing the information does not require processing, programming, or manipulation on the district-owned or district-leased computer before the information is copied. If such information also requires processing, programming, or manipulation before it can be electronically copied, a district may impose charges.

If information is created or kept in an electronic form, a district is encouraged to explore options to separate confidential information from public information and make the public information available to the public through electronic access through a computer network or by other means.

*Gov't Code 552.272*

Itemized Estimate  
of Charges

If a request for a copy of public information will result in the imposition of a charge that exceeds \$40, or a request to inspect a paper record without requesting copies will result in the imposition of a charge that exceeds \$40, a district shall provide the requestor with a written itemized statement that details all estimated charges that will be imposed, including any allowable charges for labor or personnel costs. If an alternative less costly method of viewing the records is available, the statement must include a notice that the requestor may contact the district regarding the alternative method. A district must inform the requestor of the responsibilities imposed on the requestor by Government Code 552.2615 and the rights granted by that section and give the requestor the information needed to respond as detailed in Government Code 552.2615(a).

If, after a district provides the requestor the itemized statement but before it makes the copy or the paper record available, the district determines that the estimated charges will exceed the charges detailed in the original itemized statement by 20 percent or more, the district shall send to the requestor an updated written itemized statement that details all estimated charges that will be imposed, including any allowable charges for labor or personnel costs.

*Requestor's  
Response*

A request for which a district is required to produce an (original or updated) itemized statement of estimated charges is considered to have been withdrawn if the requestor does not respond in writing to the itemized statement by informing the district within 10 business days after the date the statement is sent to the requestor that:

1. The requestor will accept the estimated charges;
2. The requestor is modifying the request in response to the itemized statement; or
3. The requestor has sent to the attorney general a complaint alleging that the requestor has been overcharged for being provided with a copy of the public information.

*Actual Charges*

If the actual charges exceed \$40, the charges may not exceed:

1. The amount estimated in the updated itemized statement; or
2. If an updated itemized statement is not sent to the requestor, an amount that exceeds by 20 percent or more the amount estimated in the original itemized statement.

*No Effect on  
Deadlines To  
Request Attorney  
General Decision*

An original or updated itemized statement is considered to have been sent by a district, and a requestor is considered to have responded to the statement, on the date that the statement or response is:

1. Delivered in person;
2. Deposited, properly addressed, in the United States mail; or
3. Transmitted by electronic mail or facsimile, provided the requestor agrees to receive the statement by those means.

The time deadlines for providing or responding to the required statement of estimated charges do not affect the application of a time deadline imposed on a district for requesting a decision by the attorney general under Government Code Chapter 552, Subchapter G.

*Gov't Code 552.2615*

**Temporary  
Suspension of  
Requirements for  
Districts Impacted by  
Catastrophe**

The requirements of the Public Information Act do not apply to a district that is currently significantly impacted by a catastrophe such that the catastrophe directly causes the inability of the district to comply with the requirements of the PIA and the district complies with requirements below to elect a suspension period.

“Catastrophe” means a condition or occurrence that directly interferes with the ability of a district to comply with the requirements of the PIA, including:

1. Fire, flood, earthquake, hurricane, tornado, or wind, rain, or snow storm;
2. Power failure, transportation failure, or interruption of communication facilities;

3. Epidemic; or
4. Riot, civil disturbance, enemy attack, or other actual or threatened act of lawlessness or violence.

“Catastrophe” does not mean a period when staff is required to work remotely and can access information responsive to an application for information electronically, but the physical office of the governmental body is closed.

“Suspension period” means the period of time during which a district may suspend the applicability of the requirements of the Public Information Act.

Initial Suspension  
Period

A district may suspend the applicability of the Public Information Act to the district for an initial suspension period only once for each catastrophe, which may not exceed seven consecutive days and must occur during the period that:

1. Begins not earlier than the second day before the date the district submits notice to the attorney general; and
2. Ends not later than the seventh day after the date the district submits that notice.

Extension of Initial  
Suspension Period

A board may extend an initial suspension period if the board determines that the district is still impacted by the catastrophe on which the initial suspension period was based. The initial suspension period may be extended one time for not more than seven consecutive days that begin on the day following the day the initial suspension period ends.

Maximum  
Suspension Period  
Per Catastrophe

A board that initiates an initial suspension period may not initiate another suspension period related to the same catastrophe, except for a single extension period as described above.

The combined suspension period for a district filing for both an initial suspension period and a subsequent extension may not exceed a total of 14 consecutive calendar days with respect to any single catastrophe.

Upon conclusion of any suspension period the district shall immediately resume compliance with all requirements of the Public Information Act.

Notices to the  
Attorney General

A district that elects to suspend the Public Information Act must submit notice to the attorney general that the district is currently impacted by a catastrophe and has elected to suspend the applicability of the PIA during the initial suspension period.

A board that elects to extend an initial suspension period must submit notice of the extension on the form prescribed by the attorney general.

The notices on the form prescribed by the attorney general must require the district to:

1. Identify and describe the catastrophe that the district is currently impacted by;
2. State the date the initial suspension period determined by the board begins and the date that period ends;
3. If the board has determined to extend the initial suspension period:
  - a. State that the district continues to be impacted by the catastrophe; and
  - b. State the date the extension to the initial suspension period begins and the date the period ends; and
4. Provide any other information the office of the attorney general determines necessary.

Notice to the Public A district that elects to suspend the Public Information Act must provide notice to the public of the suspension in a place readily accessible to the public and in each other location the district is required to post a notice under Government Code Chapter 551, Subchapter C (Notice of Meetings). The district must maintain the notice of the suspension during the suspension period.

Requests During Suspension Period Notwithstanding another provision of the Public Information Act, a request for public information received by a district during a suspension period is considered to have been received by the district on the first business day after the date the suspension period ends.

Pending Requests Tolloed A request for public information received by a district before the date an initial suspension period begins are tolled until the first business day after the date the suspension period ends.

*Gov't Code 552.2325(a)-(j), (l), (m)*

**Large or Frequent Requests**

Annual Limits on Personnel Time

A district may establish reasonable monthly and yearly limits on the amount of time that district employees are required to spend producing public information for inspection or duplication by a requestor, or providing copies of public information to a requestor, without recovering its costs attributable to that personnel time. A yearly time limit may not be less than 36 hours for a requestor during the 12-month period that corresponds to a district's fiscal year.

A monthly time limit may not be less than 15 hours for a requestor for a one-month period.

*Request by Minor* In determining whether a time limit applies, any time spent complying with a request submitted in the name of a minor, as defined by Family Code 101.003(a), is to be included in the calculation of the cumulative amount of time spent complying with a request for public information by a parent, guardian, or other person who has control of the minor under a court order and with whom the minor resides, unless that parent, guardian, or other person establishes that another person submitted that request in the name of the minor.

*Gov't Code 552.275(a), (b), (c)*

*Written Statement of Cumulative Personnel Time* If a district establishes a time limit, each time the district complies with a request for public information, the district shall provide the requestor with a written statement of the amount of personnel time spent complying with that request and the cumulative amount of time spent complying with requests for public information from that requestor during the applicable monthly or yearly period. The amount of time spent preparing the written statement may not be included in the amount of time included in the statement to the requestor unless the requestor's time limit for the period has been exceeded. *Gov't Code 552.275(d)*

*Photo Identification* A district may request photo identification from a requestor for the sole purpose of establishing that the requestor has not exceeded a limit established by the district and concealed the requestor's identity.

*Statement Required* A request for photo identification must include a written estimate of charges applicable to the requestor who has exceeded a limit established by the district and a statement that describes each specific reason why the request for photo identification may apply to the requestor.

*Proof or Payment* The district shall accept as proof of a requestor's identification physical presentment of photo identification or an image of the photo identification that is transmitted electronically or through the mail. A requestor from whom a district has requested photo identification may decline to provide identification and obtain the requested information by paying the charge assessed in the written estimate.

Written Estimate of  
Charges Beyond  
Time Limit

Subject to unpaid cost estimates for large and frequent requests, as described below, if in connection with a request for public information, the cumulative amount of personnel time spent complying with requests for public information from the same requestor equals or exceeds the district-established time limit, the district shall provide the requestor with a written estimate of the total cost, including materials, personnel time, and overhead expenses, necessary to comply with the request. The written estimate must be provided to the requestor on or before the 10th day after the date on which the public information was requested. The amount of this charge relating to the cost of locating, compiling, and producing the public information shall be established by rules prescribed by the attorney general under Government Code 552.262(a) and (b).

*Additional Time*

If a district provides the requestor with written notice that additional time is required to prepare the written estimate, the district must provide the written estimate as soon as practicable, but on or before the 10th day after the date the district provided the notice that additional time was required.

*Gov't Code 552.275(e), (f)*

Unpaid Cost  
Estimate

When a request is made by a requestor who has made a previous request to the district that has not been withdrawn, for which the district has located and compiled documents in response, and for which the district has issued a written estimate of charges that remains unpaid on the date the requestor submits the new request, the district is not required to locate, compile, produce, or provide copies of documents or prepare an estimate of charges in response to a new request until the date the requestor pays each unpaid statement issued in connection with a previous request or withdraws the previous request to which the statement applies.

*Gov't Code 552.275(e-1)*

*Production Not  
Required Until  
Payment*

If a district provides a requestor with a written estimate of charges or a written statement regarding photo identification and the district's time limits regarding the requestor have been exceeded, the district is not required to produce public information for inspection or duplication or to provide copies of public information in response to the requestor's request unless on or before the 10th day after the date the district provided the written estimate, the requestor submits payment of the amount stated in the written estimate or provides identification.

If the requestor fails or refuses to provide identification or submit payment, the requestor is considered to have withdrawn the request.

*Gov't Code 552.275(g)-(h)*

*Exceptions*

The provisions above concerning requests that require large amounts of employee or personnel time do not apply if the requestor is:

1. An individual who, for a substantial portion of the individual's livelihood or for substantial financial gain, gathers, compiles, prepares, collects, photographs, records, writes, edits, reports, investigates, processes, or publishes news or information for and is seeking the information for:
  - a. Dissemination by a news medium or communication service provider (as defined by Government Code 552.275(m)), including:
    - (1) An individual who supervises or assists in gathering, preparing, and disseminating the news or information; or
    - (2) An individual who is or was a journalist, scholar, or researcher employed by an institution of higher education at the time the person made the request for information; or
  - b. Creation or maintenance of an abstract plant as described by Insurance Code 2501.004.
2. An elected official of the United States, this state, or a political subdivision of this state.
3. A representative of a publicly funded legal services organization that is exempt from federal income taxation under Internal Revenue Code 501(a), as amended, by being listed as an exempt entity under 501(c)(3) of that code.

*Gov't Code 552.275(j)-(l)*

*No Inspections  
for Others Until  
Payment*

A requestor who has exceeded a limit established by a district under Government Code 552.275 may not inspect public information on behalf of another requestor unless the requestor who exceeded the limit has paid each statement issued by the district under Government Code 552.175(e). *Gov't Code 552.271(e)*

**Filing Suit to  
Challenge Attorney  
General's Decision**

The only suit a district may file seeking to withhold information from a requestor is a suit that:

1. Is filed in a Travis County district court against the attorney general in accordance with Government Code 552.325, and
2. Seeks declaratory relief from compliance with a decision by the attorney general issued under Government Code Chapter 552, Subchapter G.

The district must bring the suit not later than the 30th calendar day after the date the district receives the attorney general's decision determining that the requested information must be disclosed to the requestor. If the district does not bring suit within that period, the district shall comply with the decision of the attorney general.

Exception for  
Affirmative  
Defenses

If the district wishes to preserve an affirmative defense for its officer for public information as provided by Government Code 552.353(b)(3), the district must file suit not later than the 10th calendar day after receipt of the attorney general's decision.

*Gov't Code 552.324, .353(b)(3)*

Suits Over Parent's  
Request

A district that seeks to withhold information from a parent who has requested public information relating to the parent's child under the Public Information Act, and that files suit as described by Government Code 552.324 to challenge a decision by the attorney general, must bring the suit not later than the 30th calendar day after the date the district receives the decision of the attorney general, unless an earlier deadline is established by the Public Information Act.

A court shall grant such a suit precedence over other pending matters to ensure prompt resolution of the subject matter of the suit. Notwithstanding any other law, a district may not appeal the decision of the court. This prohibition does not affect the right of a parent to appeal the decision. If a district does not bring suit within the period established, the district shall comply with the decision of the attorney general.

This provision does not affect the earlier deadline for purposes of Government Code 532.353(b)(3) (exception for affirmative defenses, above) for a suit brought by an officer for public information.

**Refusal of Entry or  
Ejection of  
Unauthorized  
Persons**

A school administrator, school resource officer, or school district peace officer may refuse to allow persons to enter on or may eject a person from property under the district's control if the person refuses to leave peaceably on request and:

1. The person poses a substantial risk of harm to any person; or
2. The person behaves in a manner that is inappropriate for a school setting and:
  - a. The administrator, resource officer, or peace officer issues a verbal warning to the person that the person's behavior is inappropriate and may result in the person's refusal of entry or ejection; and

The policy must permit a person appealing under this section to address the board in person within 90 days of the commencement of the appeal, unless the appeal is granted before the board considers the appeal.

The board's decision to grant or deny an appeal under this section is final and may only be further appealed under the applicable provisions of Texas Education Code 7.057.

**Disruption of Lawful Assembly**

A person commits a Class B misdemeanor if the person, alone or in concert with others, intentionally engages in disruptive activity on the campus or property of a public school.

*Education Code 37.123*

**Disruption of  
Classes**

A person, other than a primary or secondary grade student enrolled in the school, commits a Class C misdemeanor if the person, on school property or on public property within 500 feet of school property, alone or in concert with others, intentionally disrupts the conduct of classes or other school activities. It is an exception to the application of the offense that, at the time the person engaged in the prohibited conduct, the person was younger than 12 years of age.

Disrupting the conduct of classes or other school activities includes:

1. Emitting noise of an intensity that prevents or hinders classroom instruction.

At the request of a juvenile service provider, a district shall disclose to the service provider confidential information in a student's educational records if the student has been taken into custody under Family Code 52.01 [see GRA] or referred to a juvenile court for allegedly engaging in delinquent conduct or conduct indicating a need for supervision. The district shall comply with the request regardless of whether other state law makes the information confidential.

If a district discloses confidential information to a juvenile service provider, the district may not destroy a record of the disclosed information before the seventh anniversary of the date the information is disclosed.

*Family Code 58.0051(b)-(d)*

Certification from

A district may enter into a memorandum of understanding with another juvenile service provider to share information according to the district's protocols. A district shall comply with Family Code 58.0051 regardless of whether the district establishes an internal protocol or enters into a memorandum of understanding, unless compliance would violate federal law.

*Family Code 58.0051(f)*

Confidentiality of

Fee

A juvenile service provider that requests information under this section shall pay a fee to the district in the same amounts charged for the provision of public information under Government Code Chapter 552 [see GBAA], unless:

1. The provider and the district have entered into a memorandum of understanding that prohibits the payment of a fee, provides for the waiver of a fee; or provides an alternate method of assessing a fee;

- Adds circumstances under which the commissioner may waive a district's accelerated instruction requirements (See pages 8-9.)
- Repeals several provisions, including provisions related to accelerated learning committees
- Amends the ARD committee meeting requirements

### **EHBCA(LOCAL)                    COMPENSATORY SERVICES AND INTENSIVE PROGRAMS: ACCELERATED INSTRUCTION**

This local policy has been recoded from EHBC(LOCAL) to align with EHBCA(LEGAL) created in Update 121. HB 1416 made several changes to the requirements for accelerated instruction. Recommended changes to this local policy reflect that a parent's ability to request a particular teacher after a student fails to perform satisfactorily on a state assessment is no longer limited to students in grades 3, 5, and 8. Other changes delete references to the accelerated learning committee, which has been eliminated. A district now must develop an accelerated learning plan for certain students, and parents still may file a complaint about the plan in accordance with FNG.

### **EHBG(LEGAL)                    SPECIAL PROGRAMS: PREKINDERGARTEN**

HB 2729 makes several changes related to prekindergarten programs:

- Expands teacher qualifications (See page 5.)
- Requires a district or an entity with which a district contracts to provide a prekindergarten program to attempt to maintain an average ratio of at least one *qualified*, rather than certified, teacher or aide for each 11 students (See page 6.)
- Prescribes new supervisor requirements for entities with which a district contracts to provide a prekindergarten program (See page 6.)

### **EHBK(LEGAL)                    SPECIAL PROGRAMS: OTHER INSTRUCTIONAL INITIATIVES**

HB 3991 designates the first Friday in April as Texas Fruit and Vegetable Day and requires appropriate instruction. (See page 4.)

### **EHDD(LEGAL)                    ALTERNATIVE METHODS FOR EARNING CREDIT: COLLEGE COURSE WORK/DUAL CREDIT**

HB 8 implements the Financial Aid for Swift Transfer (FAST) program to allow certain students to enroll at no cost in a dual credit course. A district must provide notice to parents about the program and determine student eligibility. (See pages 7-8.)

Provisions related to attendance calculation for off campus electronic instruction expired on September 1, 2023, and have been removed from this legal policy.

### **EHDF(LEGAL)                    ALTERNATIVE METHODS FOR EARNING CREDIT: LOCAL REMOTE LEARNING PROGRAM**

Provisions related to local remote learning programs expired on September 1, 2023. This legal policy has been deleted in its entirety.

In addition, a parent may elect for a student to repeat a course taken for high school credit in the previous school year unless the district determines the student has met all requirements for graduation. (See page 1.)

#### **EIF(LEGAL)                      ACADEMIC ACHIEVEMENT: GRADUATION**

Provisions related to diplomas for certain students who entered ninth grade before the 2011-12 school year expired on September 1, 2023, and have been removed from this legal policy.

HB 3 requires a parent enrolling a child or the district the child most recently attended to provide the new district a copy of the child's disciplinary record and any threat assessment involving the child's behavior. (See page 8.)

#### **FDA(LLEGAL) ADMISSIONS: INTERDISTRICT TRANSFERS**

HB 3 requires a transfer student's district of residence to provide the receiving district with the student's disciplinary record and any threat assessment involving the student's behavior. (See page 1.)

HB 1959 and HB 2892 require the board to grant the request of a peace officer who is a parent of a student or a servicemember who is a parent of a student to transfer the student to another campus or to another district under an agreement between the districts under Education Code 25.035. (See pages 2-3.)

#### **FDB(LLEGAL) ADMISSIONS: INTRADISTRICT TRANSFERS AND CLASSROOM ASSIGNMENTS**

#### **FEA(LLEGAL) ATTENDANCE: COMPULSORY ATTENDANCE**

HB 1212 prohibits a district from requiring documentation from a clergy member or other religious leader and requires the district to accept a note from a parent when excusing a student's absence to observe a religious holy day. (See page 4.)

SB 68 allows a district to excuse a student from attending school for career investigation days to visit a professional's workplace during the student's junior and senior years to determine the student's interest in a career in the professional's field. (See page 6.)

HB 4559 increases the population threshold for constitutional county courts in certain counties to be designated as truancy courts. (See page 8.)

#### **FEA(LOCAL) ATTENDANCE: COMPULSORY ATTENDANCE**

SB 68 allows a district to excuse a student from attending school for career investigation days to visit a professional's workplace during the student's junior and senior years to determine the student's interest in a career in the professional's field. Districts that choose to excuse students for absences to visit a professional's workplace to explore a career in that professional's field must adopt a policy to determine when an absence will be excused for this purpose and a procedure to verify the visit. A new provision offered for the board's consideration at Career Investigation permits such absences for the maximum amount allowed in law — up to two days during a student's junior year and up to two days during the student's senior year. Contact your policy consultant for revisions if the district will allow fewer excused absences or will not allow any excused absences for this purpose.

#### **FEB(LLEGAL) ATTENDANCE: ATTENDANCE ACCOUNTING**

References regarding funding for courses taken with the Texas Virtual School Network have been updated.

#### **FEC(LLEGAL) ATTENDANCE: ATTENDANCE FOR CREDIT**

Provisions allowing a district to adopt a policy to exempt students from the 90 percent rule for courses offered under a local remote learning program exception expired on September 1, 2023, and have been removed from this legal policy.

#### **FED(LLEGAL) ATTENDANCE: ATTENDANCE ENFORCEMENT**

HB 3917 allows a parent against whom a complaint for contributing to nonattendance has been filed to enter a written agreement to complete counseling, training, or another program designated by the district. (See page 10.)

#### **FFAC(LLEGAL) WELLNESS AND HEALTH SERVICES: MEDICAL TREATMENT**

SB 629 requires a district to adopt a policy regarding maintenance, administration, and disposal of opioid antagonists at each campus that serves students in grades 6 through 12; a district may adopt a policy at campuses serving students in grades below 6. Provisions have been added beginning on page 4 regarding reporting, training, immunity, and other topics.

General provisions related to the administration of opioid antagonists have been deleted in light of the new requirements.

SB 294 revises provisions related to a district's option to adopt a policy regarding maintenance, administration, and disposal of medication for respiratory distress. A district that adopts a policy must require each campus to have at least one authorized and trained person present during regular school hours. Provisions have been added beginning on page 11 regarding required referrals after medication is administered, training, reporting, parental notice of the policy, and other topics.

Also under SB 294, a district that implements a policy for the maintenance, administration, and disposal of epinephrine auto-injectors must give notice *of the policy* to parents before the policy is implemented or before the start of each school year. (See page 10.)

Finally, SB 294 prohibits disciplinary action against an employee or volunteer who refuses to administer or receive training to administer epinephrine auto-injectors or medication for respiratory distress in accordance with board policy. (See pages 13-14.)

#### **FFAC(LOCAL) WELLNESS AND HEALTH SERVICES: MEDICAL TREATMENT**

Recommended revisions to the provisions on opioid antagonists are based on SB 629, which requires a district to have at least one person who is authorized and trained to administer the medication present during regular school hours on each campus that serves grades 6 through 12. The district's current language does not limit administration of the opioid antagonist medication to specific grade levels or campuses; therefore, the revisions state that the provision will be applicable to every campus. If the district wishes to implement this policy only for campuses with certain grade levels, contact the district's policy consultant for appropriate adjustments.

In this packet, you will find:

- Policies being recommended for revision (annotated)
- New policies (not annotated)
- Policies recommended for deletion (annotated in PDF; not shown in Word)

Annotations are shown as follows:

- Deletions are in a red strike-through font: ~~deleted text~~.
- Additions are in a blue, bold font: **new text**.
- Blocks of text that were moved without changes are shown in green, with double underline and double strike-through formatting to distinguish the text's new placement from its original location: ~~moved text~~ becomes moved text.
- Revision bars appear in the right margin to show sections with changes.

**Note:** While the annotation software competently identifies simple changes, large or complicated changes—as in an extensive rewrite—may be more difficult to follow. In addition, TASB's recent changes to the policy templates to facilitate accessibility sometimes make formatting changes appear tracked, even though the text remains the same.

### RECOMMENDED ACTION

**For Presentation/Discussion only; action will be requested at the September 18, 2024 Board Meeting.**

### RATIONALE

TASB regularly sends updates of legal and local policy reflective of legislative changes, court cases, Commissioner's rulings, letters, etc. Update 123 covers recommended local policy revisions to address several remaining laws from the 88th Legislative Session. Other revisions included in this update are in response to changes to the Administrative Code. Some of the new laws required the Texas Education Agency (TEA) or other state agencies to develop rules or guidelines to implement the new laws. Some of those newly developed rules and guidelines impact local policy. This update also includes legal policy changes to align with legislative changes and amendments to state rules that are now in effect.

For a detailed summary of the recommended changes see the Update 123 packet, explanatory notes, and local policy comparison packet. Below is a summary of the recommended changes to local policies.

BBD(LOCAL): BOARD MEMBERS - TRAINING AND ORIENTATION - HB 3033 authorizes the attorney general to require trustees to complete training on the Public Information Act if the attorney general finds that there has been a violation of the Act. Language is recommended to make clear that this training after a violation cannot be delegated to the district's Public Information Act coordinator.

BBFA(LOCAL): ETHICS - CONFLICT OF INTEREST DISCLOSURES - Language is recommended to clarify that a trustee's ethical duty to disclose a financial or other personal interest in board transactions goes beyond the statutory conflicts of interest set out in state and federal law. The added language serves to demonstrate a commitment to avoid undue influence, increase transparency, and avoid the appearance of impropriety in public dealings.

**CKC(LOCAL): SAFETY PROGRAM/RISK MANAGEMENT - EMERGENCY PLANS -** A section on Notice Regarding Violent Activity is recommended to comply with legal requirements. Administrative procedures must be created to align with TEA's model standards.

**CKEA(LOCAL): SECURITY PERSONNEL - COMMISSIONED PEACE OFFICERS -** Significant revisions are recommended to the CKE policy series to promote compliance and clarification with HB 3 and other legal requirements. As Education Code 37.081 covers both police authority and duties, the margin note has been edited to clarify the scope of the policy language. The section on temporary assignments has been incorporated into Limitations on Nonschool Employment to account for possible off-duty officer use by both the district and other agencies. A section on Interlocal Agreement has been added to note that district police officers will function within the scope of the agreement. Other edits have been made for consistency with policy style. Based on your district's security survey responses, we added text to address body-worn cameras.

**CQC(LOCAL): TECHNOLOGY RESOURCES – EQUIPMENT -** A section on Guidelines for Use of Digital Devices has been added to address the TEA and Health and Human Services Commission model health and safety guidelines for the use of digital devices, which are required by the Education Code and were issued in October 2023.

**DCE(LOCAL): EMPLOYMENT PRACTICES - OTHER TYPES OF CONTRACTS -** Revisions at Termination During Contract Term are recommended to specify that an employee may request a hearing before the board to appeal discharge during the contract period and to differentiate between terminations during and at the end of the contract term.

**DGBA(LOCAL): PERSONNEL-MANAGEMENT RELATIONS – EMPLOYEE COMPLAINTS/GRIEVANCES -** Extensive revisions within the CKE policy series necessitated an update to the cross-reference in the list of other complaint processes. Also, to accommodate planned restructuring of policy DIA, we have revised the references to that code in this policy to reflect the DIA series. No other changes have been made to this policy.

**EEH(LOCAL): INSTRUCTIONAL ARRANGEMENTS - HOMEBOUND INSTRUCTION -** TEA's revisions to the Student Attendance Accounting Handbook (SAAH) prompted recommended updates to this policy. Students may now receive homebound services for psychological, as well as medical, conditions. The SAAH also indicates that the weeks of confinement due to a medical or psychological condition do not need to be consecutive to qualify. The policy language has been updated to reflect this change.

**EF(LOCAL): INSTRUCTIONAL RESOURCES -** As explained at EF(LEGAL), above, this local policy addressing instructional resources is being deleted. New local policies to address instructional materials and library materials separately are included at EFA and EFB.

**FNG(LOCAL): STUDENT RIGHTS AND RESPONSIBILITIES - STUDENT AND PARENT COMPLAINTS/GRIEVANCES -** Extensive revisions within the CKE policy series necessitated an update to the cross-reference in the list of other complaint processes. Also, to accommodate planned restructuring of policy FFH, we have revised the references to that code in this policy to reflect the FFH series. No other changes have been made to this policy.

GF(LOCAL): PUBLIC COMPLAINTS - Extensive revisions within the CKE policy series necessitated an update to the cross-reference in the list of other complaint processes. No other changes have been made to this policy.

The changes in policy DEC (LOCAL) were also recommended as a part of Update 123; however, this policy was presented at the July 17, 2024 board meeting and will presented in the consent agenda separately at the August 21, 2024 board meeting.

The changes in policy EF(LOCAL), EFA(LOCAL) and EFB(LOCAL) were also recommended as a part of Update 123; however, EFA and EFB policy were presented for consideration at the July 17, 2024 board meeting and was adopted unanimously by the Board of Trustees. And EF (LOCAL) was voted to be removed.

## **(LEGAL) vs. (LOCAL): Remember the Difference**

Legal policies:

- Reflect the ever-changing legal context for governance and management of the district
- Inform local decision making
- Are NOT adopted, but only reviewed

Local policies:

- Require close attention by the administration and the board
- Reflect the practices of the district and the intentions of the board
- Are changed only by board action (adopt, revise, or repeal)

## **Keep Your Administrative Regulations Current**

[\*Regulations Resource Manual\*](#)<sup>6</sup> Update 69, which includes revisions to model regulations and forms corresponding with Update 123, will soon be available through the Governance and Management Library (*TASB login required*).

Inspect your district's administrative procedures and documents — including exhibits, regulations, handbooks, and guides — that may be affected by Update 123 policy changes.

If you need to make changes to the regulations or exhibits contained in your board policy manual, please notify your policy consultant.

## TASB Localized Policy Manual Update 123

### Lake Travis ISD

#### ATTN(NOTE)

#### GENERAL INFORMATION ABOUT THIS UPDATE

##### Please note:

Unless otherwise noted, references to legislative bills throughout these explanatory notes refer to Senate Bills (SB) or House Bills (HB) from the 88th Legislature, regular and special sessions. All referenced bills have already gone into effect unless otherwise noted.

The Local Policy Overview for Update 123, available with your Update 123 materials under [Local Manual Updates](#) on Policy Online® (TASB login required), provides a general, high-level overview of the changes to the local policies included in the update. **Legal policies provide the legal framework for key areas of district operations and are not adopted by the board.**

#### AIB(LEGAL)

#### ACCOUNTABILITY: PERFORMANCE REPORTING

The Results Driven Accountability (RDA) section of the policy has been deleted. TEA included RDA information in the Accountability Manual starting in 2023 and repealed the RDA information in the Administrative Code. This change aims to streamline information used in academic accountability and RDA systems.

#### AIC(LEGAL)

#### ACCOUNTABILITY: INTERVENTIONS AND SANCTIONS

A citation to the Administrative Code has been included under Student Enrollment and Assignment, Enrollment Provision in Contract, regarding campuses that are closed and repurposed.

As 19 TAC 97.2005 has been repealed, the reference to Results Driven Accountability has been deleted from the section on Special Program Performance Determination.

#### AIE(LEGAL)

#### ACCOUNTABILITY: INVESTIGATIONS

The word "accreditation" has been removed as a descriptor for investigations in two places within the policy after an amendment to the Administrative Code, effective January 17, 2024.

#### BBA(LEGAL)

#### BOARD MEMBERS: ELIGIBILITY/QUALIFICATIONS

At Intent to Return, language from the Election Code has been included to minimize confusion regarding the specific requirements for establishing an intent to return to the individual's residence after a temporary absence.

#### BBBB(LEGAL)

#### ELECTIONS: POST-ELECTION PROCEDURES

HB 5180 added new requirements for public inspection of election records. A reference has been added at Election Records regarding where to find information on public inspection of those records for districts who serve as custodians of their own election records.

#### BBD(LOCAL)

#### BOARD MEMBERS: TRAINING AND ORIENTATION

HB 3033 authorizes the attorney general to require trustees to complete training on the Public Information Act if the attorney general finds that there has been a violation of the Act. Language is recommended to make clear that this training after a violation cannot be delegated to the district's Public Information Act coordinator.

#### BBFA(LOCAL)

#### ETHICS: CONFLICT OF INTEREST DISCLOSURES

Language is recommended to clarify that a trustee's ethical duty to disclose a financial or other personal interest in board transactions goes beyond the statutory conflicts of interest set out in state and federal law. The added language serves to demonstrate a commitment to avoid undue influence, increase transparency, and avoid the appearance of impropriety in public dealings.

## TASB Localized Policy Manual Update 123

### Lake Travis ISD

#### **CCG(LLEGAL)**

#### **LOCAL REVENUE SOURCES: AD VALOREM TAXES**

HB 3273, effective January 1, 2024, revised the Tax Code and requires a taxing unit, including a school district, to provide specific notice to property owners on its website. These provisions have been included in the Appraisal District Property Tax Database section of the policy.

#### **CCGA(LLEGAL)**

#### **AD VALOREM TAXES: EXEMPTIONS AND PAYMENTS**

This policy has been updated to indicate that a board that adopted an exemption for the 2022 tax year may not reduce the amount or repeal that exemption based on SB 2 from the second special session of the 88th Legislature. [See Homestead, Local Options.]

HB 4559, from the 88th regular session, increased the population range for certain districts to provide that the split payment option does not apply to the district's taxes collected by another taxing unit that has adopted that option. [See Split Payments, In Certain Counties.]

#### **CCGB(LLEGAL)**

#### **AD VALOREM TAXES: ECONOMIC DEVELOPMENT**

HB 4559 increased the population threshold for determining a large municipality for provisions related to the appointment of reinvestment zone board members. [See Tax Increment Financing Act, Large Municipality.]

Substantial changes have also been made based on HB 5 to incorporate the Texas Jobs, Energy, Technology, and Innovation Act.

#### **CKB(LLEGAL)**

#### **SAFETY PROGRAM/RISK MANAGEMENT: ACCIDENT PREVENTION AND REPORTS**

TEA's amendments to the Administrative Code rules for mandatory school drills necessitated reorganization of definitions and added clarity to several sections of the policy. Changes in this policy also reflect TEA's amendments to the Administrative Code rules related to active threat exercises.

#### **CKC(LLOCAL)**

#### **SAFETY PROGRAM/RISK MANAGEMENT: EMERGENCY PLANS**

A section on Notice Regarding Violent Activity is recommended to comply with legal requirements. Administrative procedures must be created to align with TEA's model standards.

#### **CKEA(LLOCAL)**

#### **SECURITY PERSONNEL: COMMISSIONED PEACE OFFICERS**

Significant revisions are recommended to the CKE policy series to promote compliance and clarification with HB 3 and other legal requirements. As Education Code 37.081 covers both police authority and duties, the margin note has been edited to clarify the scope of the policy language. The section on temporary assignments has been incorporated into Limitations on Nonschool Employment to account for possible off-duty officer use by both the district and other agencies. A section on Interlocal Agreement has been added to note that district police officers will function within the scope of the agreement. Other edits have been made for consistency with policy style. Based on your district's security survey responses, we added text to address body-worn cameras.

The Legal Issues in Update 123 memo, available with your Update 123 materials under [Local Manual Updates](#) on Policy Online (TASB login required), describes common legal concerns and best practices specific to this policy's topic.

#### **CKED(LLEGAL)**

#### **SECURITY PERSONNEL: OTHER SECURITY ARRANGEMENTS**

The provisions of this policy address commissioned security officers with Level III training under the Department of Public Safety hired through a security services contractor or as a district employee in accordance with the Education Code and the Occupations Code.

#### **CQA(LLEGAL)                      TECHNOLOGY RESOURCES: DISTRICT, CAMPUS, AND CLASSROOM WEBSITES**

#### **CQC(LLEGAL)                      TECHNOLOGY RESOURCES: EQUIPMENT**

A section on Guidelines for Use of Digital Devices has been added to address the TEA and Health and Human Services Commission model health and safety guidelines for the use of digital devices, which are required by the Education Code and were issued in October 2023.

#### **CQC(LOCAL)                      TECHNOLOGY RESOURCES: EQUIPMENT**

This new local policy is recommended to meet the legal requirement for the board to adopt a policy for the effective integration of digital devices in the district. The policy language adopts the model health and safety guidelines developed by TEA and the Health and Human Services Commission and clarifies that the superintendent must develop regulations for implementation.

#### **DCE(LOCAL)                      EMPLOYMENT PRACTICES: OTHER TYPES OF CONTRACTS**

Revisions at Termination During Contract Term are recommended to specify that an employee may request a hearing before the board to appeal discharge during the contract period and to differentiate between terminations during and at the end of the contract term.

The Legal Issues in Update 123 memo, available with your Update 123 materials under [Local Manual Updates](#) on Policy Online (TASB login required), describes common legal concerns and best practices specific to this policy's topic.

#### **DEC(LOCAL)                      COMPENSATION AND BENEFITS: LEAVES AND ABSENCES**

Based on our records, the district has commissioned police officers who would be eligible for specific types of leave. In reviewing the district's DEC(LOCAL), the district's policy is missing those required leave provisions. Please contact your policy consultant for the recommended policy text.

#### **DGBA(LOCAL)                      PERSONNEL-MANAGEMENT RELATIONS: EMPLOYEE COMPLAINTS/GRIEVANCES**

Extensive revisions within the CKE policy series necessitated an update to the cross-reference in the list of other complaint processes.

Also, to accommodate planned restructuring of policy DIA, we have revised the references to that code in this policy to reflect the DIA series. No other changes have been made to this policy.

2. Be updated at least once each quarter of the school year.

The commissioner shall provide information that permits a board member to compare the district's academic performance with the academic performance of other districts of similar size and racial and economic demographics.

A district must provide requested information to the commissioner for the creation of the website. Confidential information received by the commissioner remains confidential. The commissioner shall design the website to ensure that public information is made available to the public, and information submitted by districts noted as confidential is not made available to the public.

A request for public information under this provision shall be submitted to the district that provides the agency with the information. TEA may not release information submitted by a district that is noted as confidential information.

**Interventions and  
Sanctions for School  
Districts**

Grounds for  
Commissioner  
Action

The commissioner of education shall take any of the actions authorized by Education Code Chapter 39A, Subchapter A, to the extent the commissioner determines necessary if:

1. A district does not satisfy:
  - a. The accreditation criteria under Education Code 39.052 [see AIA];
  - b. The academic performance standards under Education Code 39.053 or 39.054 [see AIA]; or
  - c. Any financial accountability standard as determined by commissioner rule [see CFA]; or
2. The commissioner considers the action to be appropriate on the basis of a special investigation under Education Code 39.003.

*Education Code 39A.001*

*Authorized  
Commissioner  
Actions*

If a district is subject to commissioner action, the commissioner may:

1. Issue public notice of the deficiency to the board;
2. Order a hearing to be conducted by the board to notify the public of:
  - a. The insufficient performance;
  - b. The improvements in performance expected by the Texas Education Agency (TEA); and
  - c. The interventions and sanctions that may be imposed if the performance does not improve;
3. Order the preparation of a student achievement improvement plan that addresses each academic achievement indicator under Education Code 39.053(c) for which the district's performance is insufficient, the submission of the plan to the commissioner for approval, and the implementation of the plan;
4. Order a hearing to be held before the commissioner or the commissioner's designee at which the president of the board and the district's superintendent shall appear and explain the district's low performance, lack of improvement, and plans for improvement;
5. Arrange a monitoring review of the district;
6. Appoint a TEA monitor to participate in and report to TEA on the activities of the board or superintendent;

7. Appoint a conservator to oversee the operations of the district;
8. Appoint a management team to direct the operations of the district in areas of insufficient performance or require the district to obtain certain services under a contract with another person;
9. Authorize the district to enter into a memorandum of understanding with an institution of higher education that provides for the assistance of the institution of higher education in improving the district's performance; or
10. Order the use of the board improvement and evaluation tool as provided by Education Code 11.182 [see BG].

*Education Code 39A.002*

Regardless of whether the commissioner lowers a district's status or rating, the commissioner may take action under Education Code Chapters 39 and 39A or 19 Administrative Code 97.1057 if the commissioner determines that the action is necessary to improve any area of performance by the district or campus.

Subject to 19 Administrative Code 97.1057(h)-(k), once the commissioner takes action under 19 Administrative Code Chapter 97, Subchapter EE (accreditation status, standards, and sanctions), the commissioner may impose on the district or campus any other sanction under Education Code Chapter 39 or 39A, or Subchapter EE, singly or in combination, to the extent the commissioner determines is reasonably required to achieve the purposes specified in 19 Administrative Code 97.1053.

*19 TAC 97.1057(c), (e)*

In making a determination to impose district and campus accreditation sanctions under 19 Administrative Code Chapter 97, Subchapter EE, the commissioner shall meet the requirements of 19 Administrative Code 97.1059. *19 TAC 97.1059*

Conservator or  
Management Team

The commissioner shall clearly define the powers and duties of a conservator or management team appointed to oversee the operations of a district.

At least every 90 days, the commissioner shall review the need for the conservator or management team and shall remove the conservator or management team unless the commissioner determines that continued appointment is necessary for effective governance of the district or delivery of instructional services.

A conservator or management team, if directed by the commissioner, shall prepare a plan for the implementation of the appointment of a board of managers or the revocation of accreditation.

The conservator or management team may:

1. Direct an action to be taken by the principal of a campus, the superintendent of the district, or the board; and
2. Approve or disapprove any action of the principal of a campus, the superintendent of the district, or the board.

The conservator or management team may not:

1. Take any action concerning a district election, including ordering or canceling an election or altering the date of or the polling places for an election;
2. Change the number of or method of selecting the board;
3. Set a tax rate for the district; and
4. Adopt a budget for the district that provides for spending a different amount, exclusive of required debt service, from that previously adopted by the board.

A conservator or management team may exercise the powers and duties defined by the commissioner or described above regardless of whether the conservator or management team was appointed to oversee the operations of a district in its entirety or the operations of a certain campus within the district.

*Education Code 39A.003*

Regardless of whether a district has satisfied the accreditation criteria, if for two consecutive school years, including the current school year, a district has had a conservator or management team assigned to the district or campus for any reason, the commissioner may appoint a board of managers, a majority of whom must be residents of the district, to exercise the powers and duties of the board of trustees. For purposes of this subsection, a school year begins on the first day of instruction and includes any portion of the school year. This applies to an appointed conservator or management team, regardless of the scope or any changes to the scope of the conservator's or team's oversight. *19 TAC 97.1057(d); Education Code 39A.006(a)-(b)*

A performance rating of D that is considered acceptable may not be included in calculating consecutive school years of unacceptable performance ratings and is not considered a break in consecutive school years of unacceptable performance ratings.

Interventions or sanctions implemented prior to a pause shall continue during a school year for which interventions or sanctions listed above are paused.

*Education Code 39A.118*

Certain D-Rating  
Improvement Plans

Implementing  
Entities

A campus ordered to prepare a campus turnaround plan shall implement the updated targeted improvement plan as approved by the commissioner.

The commissioner may appoint a monitor, conservator, management team, or board of managers to the district to ensure and oversee district-level support to low-performing campuses and the implementation of the updated targeted improvement plan.

The commissioner shall appoint a conservator to a district unless and until each campus in the district for which a campus turnaround plan has been ordered receives an acceptable performance rating for the school year or the commissioner determines a conservator is not necessary.

In making appointments, the commissioner shall consider individuals who have demonstrated success in managing campuses with

student populations similar to the campus at which the individual appointed will serve.

*Education Code 39A.102, .108*

*Effective Date*

A campus turnaround plan must take effect not later than the school year following the third consecutive school year that the campus has received an unacceptable performance rating. *Education Code 39A.106*

Commissioner  
Approval or  
Rejection

Not later than June 15 of each year, the commissioner shall, in writing, either approve or reject any campus turnaround plan prepared and submitted to the commissioner by a district. If the commissioner rejects a campus turnaround plan, the commissioner must also send the district an outline of the specific concerns regarding the turnaround plan that resulted in the rejection. *Education Code 39A.107(a-1)*

If the commissioner rejects a campus turnaround plan, the district must create a modified plan with assistance from TEA staff and submit the modified plan to the commissioner for approval not later than the 60th day after the date the commissioner rejects the campus turnaround plan. The commissioner shall notify the district in writing of the commissioner's decision regarding the modified plan not later than the 15th day after the date the commissioner receives the modified plan. *Education Code 39A.107(a-2)*

The commissioner may approve a campus turnaround plan only if the commissioner determines that the campus will satisfy all student performance standards required under Education Code 39.054(e) not later than the second year the campus receives a performance rating following the implementation of the campus turnaround plan.

Education Code 12.0522(b) does not apply to a district charter approved by the commissioner. An approved district charter may be renewed or continue in effect after the campus is no longer subject to the commissioner's order under Education Code 39A.101.

If the commissioner does not approve a campus turnaround plan, the commissioner shall order:

1. Appointment of a board of managers to govern the district;
2. Alternative management of the campus; or
3. Closure of the campus.

Preparation                      Following approval of a campus turnaround plan by the commissioner, the district, in consultation with the campus intervention team, may take any actions needed to prepare for the implementation of the plan. *Education Code 39A.108*

Assistance and Partnerships                      A district may:

1. Request that a regional education service center provide assistance in the development and implementation of a campus turnaround plan; or
2. Partner with an institution of higher education to develop and implement a campus turnaround plan.

*Education Code 39A.109*

Modification in Campus Turnaround Plan                      If a campus for which a campus turnaround plan has been ordered receives an acceptable performance rating for the school year following the order, the board may:

1. Implement the campus turnaround plan;
2. Implement a modified version of the campus turnaround plan; or
3. Withdraw the campus turnaround plan.

A district required to implement a campus turnaround plan may modify the plan if the campus receives an acceptable performance rating for two consecutive school years following implementation of the plan.

The commissioner may authorize modification of an approved campus turnaround plan if the commissioner determines that due to a change in circumstances occurring after the plan's approval, a modification of the plan is necessary to achieve the plan's objectives.

*Education Code 39A.110*

Continued Unacceptable Performance Rating                      If a campus is considered to have an unacceptable performance rating for five consecutive school years, the commissioner shall order:

1. Appointment of a board of managers to govern the district; or
2. Closure of the campus.

*Education Code 39A.111*

*Parent Petition for Action*                      "Parent" means the parent who is indicated on the student registration form at that campus and the signature of only one parent of a student is required.

If the commissioner is presented, in the time and manner specified by commissioner rule, with a written petition signed by the parents of a majority of the students enrolled at a campus with an unacceptable performance rating for three consecutive school years, specifying an authorized action that the parents request the commissioner to order, the commissioner shall order the specific action requested.

If the board presents to the commissioner, in the time and manner specified by commissioner rule, a written request that the commissioner order specific authorized action other than the specific action requested in the parents' petition and a written explanation of the basis for the board's request, the commissioner may order the action requested by the board.

*Education Code 12.051, 39A.112; 19 TAC 97.1065(d)*

Repurposing of  
Closed Campus

If the commissioner orders the closure of a campus, that campus may be repurposed to serve students at that campus location only if the commissioner finds that the repurposed campus offers a distinctly different academic program and approves a new campus identification number for the repurposed campus. A campus may be repurposed if the campus:

1. Serves a majority of grade levels not served at the original campus; or
2. Is operated under a contract, approved by the school board, with a nonprofit organization exempt from federal taxation under Section 501(c)(3), Internal Revenue Code of 1986 that:
  - a. Has a governing board that is independent of the district;
  - b. Has a successful history of operating school district campuses or open-enrollment charter schools:
    - (1) That cumulatively serve 10,000 or more students; and
    - (2) A majority of which have been assigned an overall performance rating of B or higher under Education Code 39.054 for the preceding school year; and
  - c. Has been assigned an overall performance rating of B or higher under Education Code 39.054 for the preceding school year.

Student Enrollment  
and Assignment

Any student assigned to a campus that has been closed must be allowed to transfer to any other campus in the district that serves that student's grade level and on request must be provided transportation to the other campus.

	<p>The commissioner may grant an exemption allowing students assigned to a closed campus to attend the repurposed campus if there is no other campus in the district at which the students may enroll.</p>
<p><i>Noncontracted Repurposed Campus</i></p>	<p>The majority of students assigned to a campus that has been closed and repurposed may not have attended that campus in the previous school year if the campus was repurposed to serve a majority of grade levels not served at the original campus.</p>
<p><i>Enrollment Provision in Contract</i></p>	<p>A contract approved by the school board with a nonprofit organization must provide that a student residing in the attendance zone of the campus immediately before the campus was repurposed shall be admitted for enrollment at the repurposed campus.</p> <p><i>Education Code 39A.113; 19 TAC 97.1066</i></p>
<p>Targeted Technical Assistance</p>	<p>If the commissioner determines that the basis for the unacceptable performance of a campus for more than two consecutive school years is limited to a specific condition that may be remedied with targeted technical assistance, the commissioner may require the district to contract for the appropriate technical assistance. <i>Education Code 39A.114</i></p>
<p><b>Alternative Management</b></p>	<p>The commissioner shall appoint a monitor, conservator, management team, or board of managers whenever such action is required, as determined by 19 Administrative Code 97.1073. Action under any other section of 19 Administrative Code Chapter 97, Subchapter EE is not a prerequisite to acting under this section. <i>19 TAC 97.1073</i></p>
<p>Solicitation of Proposals</p>	<p>If the commissioner orders alternative management of a campus, the commissioner shall solicit proposals from qualified nonprofit entities to assume management of the campus or appoint a school district as provided below. The commissioner may solicit proposals from qualified for-profit entities if a nonprofit entity has not responded to the commissioner's request for proposals.</p> <p>The commissioner may appoint a school district to assume management of the campus if the district:</p> <ol style="list-style-type: none"><li>1. The commissioner may annually solicit proposals for the alternative management of a campus. The commissioner shall notify a qualified entity that has been approved as a provider under this section.

*Education Code 39A.151*

Qualifications of  
Managing Entity

To qualify for consideration as a managing entity, the entity must submit a proposal that provides information relating to the entity's management and leadership team that will participate in management of the campus under consideration, including information relating to individuals who have:

1. Documented success in whole school interventions that increased the educational and performance levels of students in campuses considered to have an unacceptable performance rating;
2. A proven record of effectiveness with programs assisting low-performing students;
3. A proven ability to apply research-based school intervention strategies;
4. A proven record of financial ability to perform under the management contract; and
5. Any other experience or qualifications the commissioner determines necessary.

In selecting a managing entity, the commissioner shall give preference to a qualified entity that:

1. Meets any of the commissioner's qualifications; and
2. Has documented success in educating students from similar demographic groups and with similar educational needs as the students who attend the campus to be operated by the managing entity.

*Education Code 39A.152*

Contract with  
Managing Entity

If the commissioner has ordered alternative management of a campus, the district shall execute a contract with an approved provider to serve as a managing entity for the campus. The term of the contract may not exceed five years with an option to renew the contract. The district must execute the contract and relinquish control of the campus before January 1 of the school year.

The management contract must include:

1. A provision describing the district's responsibilities in supporting the operation of the campus; and

2. Provisions approved by the commissioner requiring the managing entity to demonstrate improvement in campus performance, including negotiated performance measures.

Performance measures must be consistent with the priorities of Education Code Chapters 39 and 39A.

The management contract must be approved by the commissioner before the contract is executed. As appropriate, the commissioner may require the district, as a term of the contract, to support the campus in the same manner as the district was required to support the campus before the execution of the contract.

*Education Code 39A.153; 19 TAC 97.1067*

*Extension of  
Management  
Contract*

The commissioner may require a district to extend the term of a management contract with a managing entity if the commissioner determines that extending the contract on expiration of the initial term is in the best interest of the students attending the campus. The terms of the contract must be approved by the commissioner.  
*Education Code 39A.154*

*Evaluation of  
Managing Entity*

The commissioner shall evaluate a managing entity's performance on the first and second anniversaries of the date of the management contract.

If the evaluation fails to demonstrate improvement as negotiated under the management contract by the first anniversary of the date of the contract, the district may:

1. Terminate the contract, with the commissioner's consent, for nonperformance or breach of contract; and
2. Select another provider from an approved list provided by the commissioner.

If the evaluation fails to demonstrate significant improvement, as determined by the commissioner, by the second anniversary of the date of the management contract, the district shall:

1. Terminate the contract; and
2. Select another provider from an approved list provided by the commissioner or resume operation of the campus if approved by the commissioner.

If the commissioner approves the district's resumed operation of the campus, the commissioner shall assign a technical assistance team to assist the campus.

Board of Managers  
of District

Notwithstanding Education Code 11.151(b) or 11.1511(a) or any other provision of the Education Code, if the commissioner appoints a board of managers to govern a district:

1. The powers of the board are suspended for the period of the appointment; and
2. The commissioner shall appoint a district superintendent.

A board of managers appointed to govern a school district may amend the budget of the district.

Education Code Chapter 39A applies to a school district governed by a board of managers in the same manner it applies to any other district.

*Education Code 39A.202*

Composition of  
Board of Managers

A board of managers appointed by the commissioner must, if possible, include community leaders, business representatives who have expertise in leadership, and individuals who have knowledge or expertise in the field of education. *Education Code 39A.204*

Training of Board of  
Managers

The commissioner must provide each individual appointed to a board of managers with training in effective leadership strategies. *Education Code 39A.205*

The training in effective leadership strategies shall be provided by TEA-approved authorized providers of board training to each individual appointed by the commissioner to a board of managers, and, following the expiration of the appointment of the board of managers, to the board of trustees of the school district. *19 TAC 97.1073(h)*

Compensation

The commissioner may authorize payment of a board of managers from TEA funds.

A conservator or a member of a management team appointed to serve on a board of managers may continue to be compensated as determined by the commissioner.

*Education Code 39A.206*

Replacement of  
Member of Board of  
Managers

The commissioner may at any time replace a member of a board of managers. The commissioner may adopt rules necessary to implement this section. *Education Code 39A.207*

Expiration of  
Appointment

A board of managers shall, during the period of the appointment, order the election of members of the board of trustees of the school district in accordance with the law. The members of the board of trustees do not assume any powers or duties after the election until the appointment of the board of managers expires.

Not later than the second anniversary of the date the board of managers of a school district was appointed, the commissioner shall notify the board of managers and the board of trustees of the date on which the appointment of the board of managers will expire. Following each of the last three years of the period of the appointment, one-third of the members of the board of managers shall be replaced by the number of members of the board of trustees who were elected at an election that constitutes, as closely as possible, one-third of the membership of the board of trustees.

If, before the second anniversary of the date the board of managers of a school district was appointed, the commissioner determines, after receiving local feedback, that insufficient progress has been made toward improving the academic or financial performance of the district, the commissioner may extend the authority of the board of managers for a period of up to two additional years.

On the expiration of the appointment of the board of managers, the board of trustees assumes all of the powers and duties assigned to a board of trustees by law, rule, or regulation.

Following the expiration of the period of appointment of a board of managers for a school district, the commissioner shall provide training in effective leadership strategies to the board of trustees.

*Education Code 39A.208; 19 TAC 97.1073*

Removal of Board  
of Managers

The commissioner may remove a board of managers appointed to govern a school district only if the campus that was the basis for the appointment of the board of managers receives an acceptable performance rating for two consecutive school years.

If a campus that was the basis for the appointment of a board of managers receives an unacceptable performance rating for two additional consecutive years following the appointment of the board of managers, the commissioner may remove the board of managers and, in consultation with the local community, may appoint a new board of managers to govern the district.

Following the removal of a board of managers, or at the request of a managing entity to oversee the implementation of alternative management, the commissioner may appoint a conservator or monitor for the district to ensure district-level support for low-performing campuses and to oversee the implementation of the updated targeted improvement plan.

*Education Code 39A.209; 19 TAC 97.1073*

**Challenge of  
Intervention or  
Sanction**

Review of  
Sanctions by SOAH

A district must appeal under this provision if the district intends to challenge the commissioner's decision to close the district or a campus, pursue alternative management of a campus, appoint a board of managers to the district, or appoint a conservator or management team to the district.

A challenge is under the substantial evidence rule [see Government Code Chapter 2001, Subchapter G]. The commissioner shall adopt procedural rules for a challenge under this section.

Notwithstanding other law:

1. The State Office of Administrative Hearings (SOAH) shall conduct an expedited review of a challenge;
2. The administrative law judge shall issue a final order not later than the 30th day after the date on which the hearing is finally closed;
3. The decision of the administrative law judge is final and may not be appealed; and
4. The decision of the administrative law judge may set an effective date for an action under this section.

*Education Code 39A.301*

**Appeals**

If an order, decision, or determination is described as final in Education Code Chapter 7, 11, 12, 39, or 39A, an interlocutory or intermediate order, decision, report, or determination made or reached before the final order, decision, or determination may be appealed only as specifically authorized by the Education Code or a rule adopted under the Education Code. *Education Code 5.003*

A decision by the commissioner under Education Code Chapter 39 or 39A is final and may not be appealed unless an applicable provision of Chapter 39 or 39A provides otherwise. *Education Code 39A.906*

**Annual Review**

The commissioner shall annually review the performance of a district or campus subject to intervention and sanction to determine the appropriate actions to be implemented.

The commissioner must review at least annually the performance of a district for which the accreditation status or performance rating has been lowered due to insufficient student performance and may not raise the accreditation status or performance rating until the district has demonstrated improved student performance.

If the review reveals a lack of improvement, the commissioner shall increase the level of state intervention and sanction unless the commissioner finds good cause for maintaining the current status.

*Education Code 39A.901*

Increasing Intensity

If a district or campus does not exhibit improvement in student performance, the commissioner may increase the intensity of intervention and sanction that would otherwise be required by statute or rule, including ordering campus closure, district annexation, or appointment of a board of managers.

For purposes of this section, improvement means an increase in the scaled score for the overall academic performance rating under Education Code Chapter 39.

*19 TAC 97.1070(a)-(b)*

**Intervention  
Programs**

ACE Turnaround  
Plan

A campus may submit an accelerated campus excellence (ACE) turnaround plan. The plan must meet the requirements of Education Code 39A.105(b). *Education Code 39A.105(b)-(c)*

Resource Campus

An eligible campus may apply to the commissioner to be designated as a resource campus that provides quality education and enrichment for campus students. To apply to be designated as a resource campus, the campus must have received an overall performance rating of F for four years over a 10-year period of time. *Education Code 29.934(a)-(b)*

Strong Foundations  
Intervention

Notwithstanding when a D rating is considered acceptable or any other law, the commissioner may require a district to comply with all requirements of the strong foundations grant program under Education Code 29.0881 at a campus that:

1. Includes students at any grade level from prekindergarten through fifth grade;
2. Is assigned an overall performance rating of D or F; and
3. Is in the bottom five percent of campuses in the state based on student performance on the grade three state reading assessment during the previous school year, as determined by the commissioner.

*Education Code 39A.064(a)*

**Miscellaneous  
Provisions**

Acquisition of  
Professional  
Services

In addition to other authorized interventions and sanctions, the commissioner may order a district or campus to acquire professional services at the expense of the district or campus to address the applicable financial, assessment, data quality, program, performance, or governance deficiency. The commissioner's order may require the district or campus to:

1. Select or be assigned an external auditor, data quality expert, professional authorized to monitor district assessment instrument administration, or curriculum or program expert; or
2. Provide for or participate in the appropriate training of district staff or board members in the case of a district, or campus staff, in the case of a campus.

*Education Code 39A.902*

Costs Paid by  
District

The costs of providing a monitor, conservator, management team, campus intervention team, technical assistance team, managing entity, or service provider shall be paid by the district. If the district fails or refuses to pay the costs in a timely manner, the commissioner may:

1. Pay the costs using amounts withheld from any funds to which the district is otherwise entitled; or
2. Recover the amount of the costs in the manner provided for recovery of an over allocation of state funds under Education Code 48.272.

*Education Code 39A.903*

Immunity from Civil  
Liability

*Education Code 39A.904*

Campus Name  
Change

In reconstituting, repurposing, or imposing any other intervention or sanction on a campus, the commissioner may not require that the name of the campus be changed. *Education Code 39A.905*

Special Program  
Performance  
Determination

The commissioner shall assign districts an annual determination level based on performance levels of certain special populations student groups under 19 Administrative Code 97.1005 [repealed] according to the criteria and requirements in 19 Administrative Code 97.1071.

The commissioner shall notify in writing each district identified for review under this section as a result of assigned determination level or cyclical selection prior to requiring a district to implement or

participate in any activities included in 19 Administrative Code 97.1071(f)(1)-(6).

Actions taken under this section are intended to assist the district in raising its performance and/or achieving compliance under 19 Administrative Code 97.1005 and 74.28 and Education Code sections 28.006 and 38.003 and do not preclude or substitute for a sanction under another provision of Chapter 97, Subchapter EE.

*19 TAC 97.1071(c), (g), (h)*

Intervention Pause

Except as otherwise provided by 19 Administrative Code 97.1062 and unless extended by the commissioner, TEA will cease to enforce the interventions under Education Code 39A.101-39A.111 until conclusion of the second consecutive school year of operation under:

1. A partnership as defined by 19 Administrative Code 97.1077(a)(2), (b), or (c) of this title [see ELA]; or
2. Designation as a mathematics innovation zone under Education Code 28.020 and applicable rules.

Any intervention or sanction not covered by the provision above shall continue.

If a campus ceases to qualify for the intervention pause at any point during a school year, TEA will resume previously ordered interventions and sanctions, order interventions and sanctions based on the rating from that school year, and count that rating for purposes of consecutive years of performance.

*19 TAC 97.1062*

Failure to Submit  
Emergency  
Operations Plan

If TEA receives notice from the Texas School Safety Center of a district's failure to submit a multihazard emergency operations plan [see CKC], the commissioner may appoint a conservator for the district under Education Code Chapter 39A. The conservator may order the district to adopt, implement, and submit a multihazard emergency operations plan. If a district fails to comply with a conservator's order to adopt, implement, and submit a multihazard emergency operations plan within the time frame imposed by the commissioner, the commissioner may appoint a board of managers under Education Code Chapter 39A to oversee the operations of the district. *Education Code 37.1082(a)-(b)*

**Note:** The following provisions apply to a district with a central administrative office that is located in a county with a population of more than two million and that has a student enrollment that is more than 125,000 and less than 200,000, and that is operating under a turnaround plan.

---

Student Board  
Member

Notwithstanding Education Code 11.051(b) (number of trustees on a school board), the board may adopt a resolution establishing as a nonvoting member a student trustee position. If a board adopts such a resolution, the board shall adopt a policy addressing the topics specified in statute. A student trustee may not participate in a closed session of a board meeting [see BEC] in which any issue related to a personnel matter is considered. *Education Code 11.0511(a)-(f)*

**Special  
Investigations**

The commissioner may authorize a special investigation:

1. When excessive numbers of absences of students eligible to be tested on state assessment instruments are determined;
2. When excessive numbers of allowable exemptions from the required state assessment are determined;
3. In response to complaints to the Texas Education Agency (TEA) of alleged violations of civil rights or other requirements imposed on the state by federal law or court order;
4. In response to established compliance reviews of the district's financial accounting practices and state and federal reporting requirements;
5. When extraordinary numbers of student placements in disciplinary alternative education programs, other than placements under Education Code 37.006 and 37.007, are determined;
6. In response to an allegation involving a conflict between members of the board or between the board and the district administration if it appears that the conflict involves a violation of a role or duty of the board members or the administration clearly defined by the Education Code. If TEA's findings indicate the board has observed a lawfully adopted policy, TEA may not substitute its judgment for that of the board;
7. When excessive numbers of students in special education programs are assessed through modified assessment instruments;
8. In response to an allegation regarding, or an analysis using a statistical method result indicating, a possible violation of an assessment instrument security procedure;
9. When a significant pattern of decreased academic performance has developed as a result of the promotion in the preceding two school years of students who did not perform satisfactorily on the state assessments;

11. When resource allocation practices indicate a potential for significant improvement in resource allocation;
12. When a disproportionate number of students of a particular demographic group is graduating with a particular endorsement;

13. When an excessive number of students is graduating with a particular endorsement;
14. When a school district for any reason fails to produce, at the request of TEA, evidence or an investigation report relating to an educator who is under investigation by the State Board for Educator Certification;
15. When 10 percent or more of the students graduating in a particular school year from a particular high school campus are awarded a diploma based on the determination of an individual graduation committee under Education Code 28.0258;
16. In response to a complaint with respect to alleged inaccurate data that is reported through PEIMS or through other reports required by state or federal law or rule or court order and that is used by TEA to make a determination relating to public school accountability, including accreditation, under Education Code Chapter 39;
17. In response to repeated complaints submitted to TEA concerning imposition of excessive paperwork requirements on classroom teachers; or
18. As the commissioner otherwise determines necessary.

*Education Code 39.003(a), (c)*

TEA shall adopt written procedures for conducting special investigations, including procedures that allow TEA to obtain information from district employees in a manner that prevents a district or campus from screening the information. *Education Code 39.004(a)*

---

**Note:** The procedures for conducting a special investigation, holding a hearing following an investigation, the process for commissioner determinations, and judicial appeal are described in Education Code 39.004-.007.

---

Commissioner  
Action

Based on the results of a special investigation, the commissioner may:

1. Take appropriate action under Education Code Chapter 39A, [see AIC];
2. Lower the district's accreditation status or a district's or campus's performance rating; or
3. Take action under both items 1 and 2 above.

*Education Code 39.003(d)*

At any time before issuing a report with the TEA's final findings, the commissioner may defer taking the above action until:

1. A person who is a third party, selected by the commissioner, has reviewed programs or other subjects of a special investigation and submitted a report identifying problems and proposing solutions;
2. A district completes a corrective action plan developed by the commissioner; or
3. The completion of actions under both items 1 and 2 above.

*Education Code 39.003(e)*

Based on the results of an action taken above, the commissioner may decline to take the deferred action. *Education Code 39.003(f)*

of program implementation and effectiveness within certain special populations of students.

Activities may include:

1. Random, targeted, or cyclical reviews authorized under Education Code 39.056 (monitoring reviews), conducted remotely or on-site to identify problems implementing state and federal requirements and to provide support for development of reasonable and appropriate strategies to address identified problems; and/or

Converting to a Special Investigation

The commissioner may at any time convert a monitoring review to a special investigation under Education Code 39.003, provided the commissioner promptly notifies the district of the conversion. *Education Code 39.056(h)*

Improvements

TEA shall report in writing to the superintendent and president of the board and shall make recommendations concerning any necessary improvements or sources of aid such as regional education service centers. A district that takes action with regard to the recommendations provided by TEA shall make a reasonable effort to seek assistance from a third party in developing an action plan to improve district performance using improvement techniques that are goal-oriented and research-based. *Education Code 39.056(e)-(f)*

**Compliance  
Investigation**

**Residence**

"Residence"  
Defined

In the Election Code, "residence" means domicile, that is, one's home and fixed place of habitation to which one intends to return after any temporary absence. A person may not establish residence for the purpose of influencing the outcome of a certain election. A person does not lose the person's residence by leaving to go to another place for temporary purposes only. A person does not acquire a residence in a place to which the person has come for temporary purposes only and without the intention of making that place the person's home. A person may not establish a residence at any place the person has not inhabited. A person may not designate a previous residence as a home and fixed place of habitation unless the person inhabits the place at the time of designation and intends to remain. *Election Code 1.015*

---

**Note:** The issue of whether a candidate has satisfied residency requirements should be judicially determined. *State v. Fischer, 769 S.W.2d 619 (Tex. App.—Corpus Christi 1989, writ dismissed w.o.j.)*

---

*Intent to Return*

For purposes of satisfying the continuous residency requirement, a person who claims an intent to return to a residence after a temporary absence may establish that intent only if the person has made a reasonable and substantive attempt to effectuate that intent and has a legal right and practical ability to return to the residence. This does not apply to a person displaced from the person's residence

---

**Note:** If the district is subject to a court order or other binding legal determination, the district shall conduct its elections in accordance with that court order or determination, applicable law, and this policy. To the extent of any conflict, the court order or other legal determination shall prevail. [See BBB(LOCAL)]

---

**Tie Votes**

Second Election

In an election requiring a plurality, if two or more candidates for the same office tie for the number of votes required to be elected, a second election to fill the office shall be held in accordance with the deadlines and other requirements of Election Code 2.002.

Other Options

*Casting Lots*

The tying candidates may agree to cast lots to resolve the tie. The agreement must be filed with the board. The board president shall supervise the casting of lots.

*Withdrawal*

A tying candidate may resolve the tie by filing with the board a signed and acknowledged written statement of withdrawal. On receipt of the statement, the remaining candidate is the winner, and a second election or casting of lots is not held.

Automatic Recount

If the tie is not resolved by casting lots or withdrawal, an automatic recount shall be conducted under Election Code Chapter 216 before the second election is held. If the recount resolves the tie, the second election is not held.

If the recount does not resolve the tie, the tied candidates may cast lots not later than the day before the date the board must order the second election under Election Code 2.002(b) or withdraw from the election not later than 5:00 p.m. of the day after the date the automatic recount is held.

*Election Code 2.002*

**Runoff Election**

In a district in which trustees are elected by majority vote under Education Code 11.057(c) [see BBB], if no candidate for a particular office receives the vote necessary to be elected, a runoff election for that office is required. *Election Code 2.021 et seq.*

If the candidates in a runoff election tie, an automatic recount shall be conducted under Election Code Chapter 216. If the recount does not resolve the tie, the tied candidates shall cast lots to determine the winner. The board president shall supervise the casting of lots. A tying candidate may resolve the tie by filing with the board president a signed and sworn to written statement of withdrawal. If the statement of withdrawal is received before the automatic recount is conducted, the remaining candidate is the winner, and the automatic recount is not conducted. If the statement of withdrawal

is received not later than 5:00 p.m. the day after the date the automatic recount is conducted, the remaining candidate is the winner, and a casting of lots is not held. *Election Code 2.028*

**Ballot Order**

The order of the candidates' names on the ballot of any resulting runoff election or election held to resolve a tie vote shall be the relative order of names on the original election ballot. *Election Code 2.002(d), 52.094(a)*

**Recounts**

The district shall conduct an authorized recount in accordance with Election Code Title 13. *Election Code 211.001*

A candidate in a board election may obtain an initial recount in an election if the difference in the number of votes received by the candidate and any candidate for the office who is shown by the election returns to be elected, tied, or entitled to a place on a runoff ballot, if applicable, is less than 10 percent of that candidate's number of votes, or the total number of votes received by all candidates for the office is less than 1,000. *Election Code 212.022*

A ground for obtaining an initial recount is not required to obtain an initial recount of electronic voting system results. A candidate may obtain an initial recount of electronic voting system results in an election only if the candidate is shown by the election returns not to be elected. *Election Code 212.0241*

An initial recount may not be conducted unless an authorized candidate submits a petition for the recount to the presiding officer of the local canvassing authority in accordance with Election Code Chapter 212, Subchapter B, accompanied by a deposit to cover the costs of the recount in accordance with Subchapter E. *Election Code 212.025, .026, .111*

Effect of Petition

The submission of a recount petition before a board completes its canvass does not delay the canvass for the office involved in the recount. The board shall make a notation on the tabulation of any office involved in a recount. The submission of a recount petition delays the issuance of a certificate of election and qualification for the office involved in the recount pending completion of the recount. A candidate may not qualify for an office involved in a recount before completion of the recount. This provision does not affect a candidate who has received a certificate of election and qualified for office before the submission of a recount petition involving the office. *Election Code 212.033, .0331*

**Canvass Returns**

General Rule

Except as provided below, a board shall convene to conduct the local canvass at the time set by the presiding officer not later than the 11th day after election day and not earlier than the later of:

4. The date of the election;

The authority preparing a certificate of election shall promptly deliver it to the person for whom it is prepared, subject to the submission of a recount petition. [See Effect of Petition, above]

A certificate of election may not be issued to a person who has been declared ineligible to be elected to the office.

*Election Code 67.016*

*Certificate for  
Unopposed  
Candidate*

A certificate of election shall be issued to each unopposed candidate declared elected in the same manner and at the same time as provided for a candidate elected at the election. The candidate must qualify for the office in the same manner as provided for a candidate elected at the election. *Election Code 2.053(e)* [See BBBA regarding the election of an unopposed candidate.]

[For public inspection of election records when a district is the custodian of its election records, see Election Code 1.012(e)-(h).]

Destruction of  
Records

After expiration of the prescribed period for preserving election records under the Election Code, the records may be destroyed or otherwise disposed of unless, at the expiration of the preservation period, an election contest or a criminal investigation or proceeding connected with the election is pending. In that case, the records shall be preserved until the contest, investigation, or proceeding is completed and the judgment, if any, becomes final. *Election Code 1.013*

**Tax Rate Adoption**

Maintenance Taxes

The board may levy, assess, and collect annual ad valorem taxes for the maintenance of the district's schools. Taxes may not be levied unless authorized by a majority of the qualified voters of the district, voting at an election called for that purpose. *Education Code 45.002, .003(a)*

*Restriction on  
Maintenance Tax  
Levy*

A district may not levy the district's maintenance taxes at a rate intended to create a surplus in maintenance tax revenue for the purpose of paying the district's debt service. *Education Code 45.0021(a)* [See Taxpayer Injunction, below]

---

**Note:** For information on the consequences of violating this restriction, see Education Code 45.0021(c)-(e). See also Taxpayer Injunction, below.

---

Exceptions

Education Code 45.0021 does not prohibit a district from:

1. Using a surplus in maintenance tax revenue to pay the district's debt service if the district's interest and sinking fund tax revenue is insufficient to pay the district's debt service due to circumstances beyond the district's control and the use of the surplus maintenance tax revenue to pay the district's debt service is necessary to prevent a default on the district's debt;
2. Paying a portion of the district's maintenance tax revenue into the tax increment fund for a reinvestment zone under Tax Code Chapter 311; or
3. Using money disbursed from the tax increment fund for a reinvestment zone under Tax Code Chapter 311 in accordance with the agreement entered into by the district with the governing body of the municipality or county that designated the zone under Tax Code 311.013(f).

*Education Code 45.0021(f)*

*Maintenance Tax  
Rate  
Components*

Tier One

A district's tier one maintenance and operations tax rate is the number of cents levied by the district for maintenance and operations that does not exceed the maximum compressed rate, as determined under Education Code 48.2551. *Education Code 45.0032(a)*

*Maximum  
Compressed  
Rate*

"MCR" is the district's maximum compressed rate, which is the tax rate for the current tax year per \$100 of valuation of taxable property at which the district must levy a maintenance and operations tax to receive the full amount of the tier one allotment to which the district is entitled under Education Code Chapter 48. The Texas Education Agency (TEA) shall calculate and make available school districts' maximum compressed rates.

Local appraisal districts, school districts, and the comptroller shall provide any information necessary to TEA to implement Education Code 48.2551.

*Education Code 48.2551(a)(3), (d), (d-1)*

School districts' maximum compressed maintenance and operations tax rates shall be calculated using locally certified property values and adjusted to estimate for exclusions under Government Code 403.302(d).

TEA will open a data collection from 12:01 a.m. on July 18 through 11:59 p.m. on August 1 for districts. Districts must submit the data specified in 19 Administrative Code 61.1000(c). TEA will use any available data to calculate MCR absent data collection submissions from a school district.

*19 TAC 61.1000(b), (c), (h)*

TEA will calculate and make available preliminary maximum compressed tier one tax rates to each district on or before August 5. If TEA receives an appeal of a preliminary MCR, TEA will issue a final determination to the district no later than August 31. If TEA does not receive an appeal of a preliminary MCR, the preliminary MCR automatically becomes a final MCR 10 calendar days following TEA's approval of the district's preliminary MCR. *19 TAC 61.1000(d)-(f)*

A district may appeal its preliminary MCR through the following process:

1. The TEA division responsible for MCRs must receive a written appeal no later than 10 calendar days after TEA's approval of the district's preliminary MCR. The appeal must include adequate evidence and additional information that supports the position of the district. Appeals received 11 calendar days or more after TEA approves a district's preliminary MCR will not be considered.
2. TEA will only consider appeals that would result in a change of the preliminary MCR.

*19 TAC 61.1000(g); Education Code 48.2551(d-2)*

Tier Two

A district's enrichment tax rate consists of:

1. Any cents of additional maintenance and operations tax effort, not to exceed eight cents over the maximum tier one tax rate; and

LOCAL REVENUE SOURCES  
AD VALOREM TAXES

CCG  
(LEGAL)

2. Any cents of additional maintenance and operations tax effort that exceeds the sum of the maximum tier one tax rate and the maximum number of cents permitted under item 1 above.

*Education Code 45.0032(a), (b)*

Districts Subject  
to Disaster  
Exception

For a district to which Tax Code 26.042(e) [see Disaster Exception to Election Requirement, below] applies, the amount by which the district's maintenance tax rate exceeds the district's voter-approval tax rate, excluding the district's current debt rate under Tax Code 26.08(n)(3) for the preceding year is not considered in determining a district's tier one maintenance and operations tax rate or the district's enrichment tax rate for the current tax year. *Education Code 45.0032(d)*

*Maximum Tax  
Rate*

For any year, the maintenance tax rate per \$100 of taxable value adopted by the district may not exceed the rate equal to the sum of \$0.17 and the district's maximum compressed rate, as determined under Education Code 48.2551.

A rate that exceeds the maximum rate for the year in which the tax is to be imposed is void. A district with a tax rate that is void under this provision may, subject to requirements imposed by other law, adopt a rate for that year that does not exceed the specified maximum rate for that year.

*Education Code 45.003(d), (e)*

Districts with  
2005 Tax Rate  
over \$1.50

Notwithstanding any other law, a district that levied a maintenance tax for the 2005 tax year at a rate greater than \$1.50 per \$100 of taxable value in the district as permitted by special law [Art. 2784g Tex. Rev. Civ. Stat.] may not levy a maintenance tax at a rate that exceeds the rate per \$100 of taxable value that is equal to the sum of \$0.17 and the product of 66.67 percent multiplied by the rate of the maintenance tax levied by the district for the 2005 tax year, minus any amount by which \$1.00 exceeds the product of the state compression percentage, as determined under Education Code 48.255, multiplied by \$1.00. *Education Code 45.003(f)*

For a district described above, any cents of maintenance and operations tax effort that exceeds the maximum rate described at Maximum Tax Rate are not included in the district's tier one maintenance and operations tax rate or the district's enrichment tax rate and the district is not entitled to the guaranteed yield amount of state funds under Education Code 48.202 for those cents of tax effort. *Education Code 45.0032(c)*

Assessor and  
Collector

The board may employ a person to assess or collect the district's taxes and may compensate the person as the board considers appropriate. This provision does not prohibit a district from providing

for the assessment or collection of the district's taxes under a method authorized by Tax Code Chapter 6, Subchapter B. *Education Code 45.231*

A district that used a method of selection for the 1994 tax year that was authorized by former Education Code Chapter 23, Subchapter F, may continue to use that method until the district uses another method authorized above. *Education Code 45.232*

The assessor and collector shall assess, collect, or assess and collect taxes, as applicable. *Tax Code 6.23(b)*

*Collector's Bond*

A district that has its own collector shall require the collector to give bond conditioned on the faithful performance of duties. The bond must be made payable to and be approved by the board in an amount determined by the board. The board may require a new bond at any time, and failure to give new bond within a reasonable time after demand is a ground for removal from office. The board may prescribe additional requirements for the bond.

A district whose taxes are collected by a person other than the district's own collector may require that person to give bond conditioned on the faithful performance of duties. The bond must be payable to, approved by, and paid for by the board in an amount determined by the board. The board may prescribe additional requirements for the bond.

A district shall pay the premium for a required bond from its general fund or as provided by intergovernmental contract.

*Tax Code 6.29*

Certified Estimate of Values

By April 30, the chief appraiser shall prepare and certify to the district's assessor an estimate of the taxable value of district property. *Tax Code 26.01(e)*

Appraisal Roll

By July 25, the chief appraiser shall prepare and certify to the assessor for the district that part of the appraisal roll that lists the property taxable by the district. The part certified to the assessor is the appraisal roll for the district.

If by July 20 the appraisal review board has not approved the appraisal records as required under Tax Code 41.12, the chief appraiser shall not later than July 25 prepare and certify to the assessor for a school district an estimate of the taxable value of property in the school district.

*Tax Code 26.01(a)-(a-1)*

By August 1 or as soon thereafter as practicable, the district's assessor shall submit to the board the district's appraisal roll, showing the total appraised, assessed, and taxable values of all property and the total taxable value of new property.

By August 1 or as soon thereafter as practicable, a district's collector shall certify to the board the anticipated collection rate for the current year. If the collector certified an anticipated collection rate in the preceding year and the actual collection rate in that year exceeded the anticipated rate, the collector shall also certify the amount of debt taxes collected in excess of the anticipated amount in the preceding year.

*Tax Code 26.04(b)*

Designated  
Employee/Officer to  
Calculate Rates

After the district's assessor submits the appraisal roll to the board, an officer or employee designated by the board shall calculate the no-new-revenue tax rate and the voter-approval tax rate for the district.

*Required  
Calculation  
Forms*

The designated officer or employee shall use the tax rate calculation forms prescribed by the comptroller under Tax Code 5.07 in calculating the no-new-revenue tax rate and the voter-approval tax rate.

*Calculation  
Forms to County  
Tax Assessor-  
Collector*

As soon as practicable after the designated officer or employee calculates the no-new-revenue tax rate and the voter-approval tax rate of the district, the designated officer or employee shall submit the tax rate calculation forms used in calculating the rates to the county assessor-collector for each county in which all or part of the territory of the district is located.

Requirements

*Meeting to Adopt  
Budget*

When the budget has been prepared under Education Code 44.002, the board president shall call a meeting of the board for the purpose of adopting a budget for the succeeding tax year. The budget must be adopted before the adoption of the tax rate for the tax year in which the fiscal year covered by the budget begins. *Education Code 44.004(a), (g)* [See CE]

*Published Notice*

The board president shall provide for publication of notice of the budget and proposed tax rate meeting in a daily, weekly, or bi-weekly newspaper published in the district. If no daily, weekly, or biweekly newspaper is published in the district, the president shall provide for publication of notice in at least one newspaper of general circulation in the county in which the district's central adminis-

	<p>trative office is located. The notice shall be published not earlier than the 30th day or later than the 10th day before the date of the hearing.</p>
Form and Contents	<p>The notice of public meeting to discuss and adopt the budget and the proposed tax rate may not be smaller than one-quarter page of a standard-size or a tabloid-size newspaper, and the headline on the notice must be in 18-point or larger type and contain the information set out in Education Code 44.004(c) and (c-1).</p> <p>The notice must include a statement that a district may not increase its maintenance and operations tax rate to create a surplus in maintenance and operations tax revenue for the purpose of paying the district's debt service.</p> <p>A notice is not valid if it does not substantially conform to the language and format prescribed by the comptroller.</p> <p><i>Education Code 44.004(b)-(d)</i></p>
Debt Service Rate Decrease	<p>If the published interest and sinking fund (debt service) rate decreases after the publication of the required notice, the president is not required to publish another notice or call another meeting to discuss and adopt the budget and the proposed lower tax rate. <i>Education Code 44.004(g-1)</i></p>
<i>Districts with July 1 Fiscal Year</i>	<p>Notwithstanding the provisions above, a district with a fiscal year beginning July 1 may use the certified estimate of the taxable value of district property in preparing the required notice if the district does not receive the certified appraisal roll on or before June 7. A district that uses a certified estimate may adopt a budget at the public meeting designated in the published notice prepared using the estimate, but the district may not adopt a tax rate before the district receives the certified appraisal roll for the district.</p> <p>After receipt of the certified appraisal roll, a district must publish a revised notice and hold another public meeting before the district may adopt a tax rate that exceeds:</p> <ol style="list-style-type: none"><li>1. The rate proposed in the notice prepared using the estimate; or</li><li>2. The district's voter-approval rate determined under Tax Code 26.08 using the certified appraisal roll.</li></ol> <p><i>Education Code 44.004(h), (i)</i></p>
Tax Rate Adoption Requirements <i>Deadline</i>	<p>The board shall adopt a tax rate for the current tax year and shall notify the assessor of the tax rate adopted. [See Adoption of Tax Roll, below] The board must adopt a tax rate before the later of September 30 or the 60th day after the date the certified appraisal roll is received by the district, except that the board must adopt a tax rate that exceeds the voter-approval tax rate not later than the</p>

71st day before the next uniform election date that occurs in November of that year. [Note that Election Code 3.005(c) requires that an election to be held on a uniform date be ordered not later than the 78th day before election day; see Time for Election, below.]

The tax rate consists of two components, each of which must be approved separately. The components are:

1. The interest and sinking fund (debt service) rate calculated under Education Code 44.004(c)(5)(A)(ii)(b); and
2. The rate that, if applied to the total taxable value, will impose the amount of taxes needed to fund maintenance and operation expenditures of the district for the next year.

*Tax Code 26.05(a)*

Tax Date for  
Certain Districts

A district that before January 1, 1989, has for at least 10 years followed a practice of adopting its tax rate at a different date than as provided by Tax Code Chapter 26 and of billing for and collecting its taxes at different dates than as provided by Chapters 31 and 33 may continue to follow that practice. This does not affect the dates provided by the Property Tax Code (Tax Code Title 1) for other purposes, including those relating to the appraisal and taxability of property, the attachment of tax liens and personal liability for taxes, and administrative and judicial review under Chapters 41 and 42.  
*Tax Code 26.135*

*Vote*

A board may not impose property taxes in any year until it has adopted a tax rate for that year, and the annual tax rate must be set by ordinance, resolution, or order. The vote on the ordinance, resolution, or order setting the tax rate must be separate from the vote adopting the budget. The vote on the ordinance, resolution, or order setting a tax rate that exceeds the sum of the district's no-new-revenue maintenance and operations tax rate and the district's current debt rate must be a record vote, and at least 60 percent of the members of the board must vote in favor of the ordinance, resolution, or order.

*Motion*

A motion to adopt an ordinance, resolution, or order setting a tax rate that exceeds the no-new-revenue tax rate must be made in the following form: "I move that the property tax rate be increased by the adoption of a tax rate of (specify tax rate), which is effectively a (insert percentage by which the proposed tax rate exceeds the no-new-revenue tax rate) percent increase in the tax rate."

*Language and  
Internet Posting*

If the ordinance, resolution, or order sets a tax rate that, if applied to the total taxable value, will impose an amount of taxes to fund maintenance and operation expenditures of the district that ex-

ceeds the amount of taxes imposed for that purpose in the preceding year the district must:

1. Include in the ordinance, resolution, or order in type larger than the type used in any other portion of the document:
  - a. The following statement: "THIS TAX RATE WILL RAISE MORE TAXES FOR MAINTENANCE AND OPERATIONS THAN LAST YEAR'S TAX RATE"; and
  - b. If the tax rate exceeds the no-new-revenue maintenance and operations rate, the following statement: "THE TAX RATE WILL EFFECTIVELY BE RAISED BY (INSERT PERCENTAGE BY WHICH THE TAX RATE EXCEEDS THE NO-NEW-REVENUE MAINTENANCE AND OPERATIONS RATE) PERCENT AND WILL RAISE TAXES FOR MAINTENANCE AND OPERATIONS ON A \$100,000 HOME BY APPROXIMATELY \$(Insert amount)."; and
2. Include on the home page of any internet website operated by the district:
  - a. The following statement: "(Insert name of unit) ADOPTED A TAX RATE THAT WILL RAISE MORE TAXES FOR MAINTENANCE AND OPERATIONS THAN LAST YEAR'S TAX RATE"; and
  - b. If the tax rate exceeds the no-new-revenue maintenance and operations rate, the following statement: "THE TAX RATE WILL EFFECTIVELY BE RAISED BY (INSERT PERCENTAGE BY WHICH THE TAX RATE EXCEEDS THE NO-NEW-REVENUE MAINTENANCE AND OPERATIONS RATE) PERCENT AND WILL RAISE TAXES FOR MAINTENANCE AND OPERATIONS ON A \$100,000 HOME BY APPROXIMATELY \$(Insert amount)."

*Tax Code 26.05(b)*

Adoption of Tax Roll      On receipt of notice of the tax rate for the current tax year, the assessor for a district shall calculate the tax imposed on each property included on the appraisal roll for the district. The assessor shall enter the amount of tax in the appraisal roll and submit it to the board for approval. The appraisal roll with amounts of tax entered as approved by the board constitutes the district's tax roll.  
*Tax Code 26.09(a), (e)*

Failure to Adopt Tax Rate      If the board does not adopt a tax rate before the date required at Deadline above, the tax rate for the district for that tax year is the

lower of the no-new-revenue tax rate calculated for that tax year or the tax rate adopted by the district for the preceding tax year. A tax rate established by this provision is treated as an adopted tax rate. Before the fifth day after the establishment of a tax rate by this provision, the board must ratify the applicable tax rate in the manner set out at Tax Rate Adoption Requirements above. *Tax Code 26.05(c)*

Taxpayer Injunction

A person who owns taxable property in a district is entitled to an injunction restraining the collection of taxes by the district if the district has not complied with the requirements of Education Code 44.004(b), (c), (c-1), (c-2), and (d), and, if applicable, (i) [see above at Published Notice, including Form and Contents, and Districts with July 1 Fiscal Year, if applicable] and the failure to comply was not in good faith. An action to enjoin the collection of taxes must be filed before the date a district delivers substantially all of its tax bills. *Education Code 44.004(e)*

A person who owns taxable property is entitled to an injunction prohibiting the district in which the property is taxable from adopting a tax rate if the assessor or designated officer or employee of the district, the chief appraiser of the applicable appraisal district, or the district, as applicable, has not complied with the computation, publication, or posting requirements of Tax Code 26.04 or 26.16, 26.17, or 26.18 [see below at Tax Information to County, Appraisal District Property Tax Database, and Internet Posting of Tax Rate and Budget Information]. It is a defense in an action for an injunction under this provision that the failure to comply was in good faith. *Tax Code 26.04(g)*

A person who owns taxable property is entitled to an injunction restraining the collection of taxes by a district in which the property is taxable if the district has not complied with the requirements of Tax Code 26.04 and 26.05 [see above at Designated Employee/Officer to Calculate Rates and Tax Rate Adoption Requirements]. It is a defense in an action for an injunction under this provision that the failure to comply was in good faith. An action to enjoin the collection of taxes must be filed not later than the 15th day after the date the district adopts a tax rate. A property owner is not required to pay the taxes imposed by a district on the owner's property while an action filed by the property owner to enjoin the collection of taxes imposed by the district on the owner's property is pending. If the property owner pays the taxes and subsequently prevails in the action, the property owner is entitled to a refund of the taxes paid, together with reasonable attorney's fees and court costs. The property owner is not required to apply to the collector for the district to receive the refund. *Tax Code 26.05(e)*

A person who owns taxable property in a district is entitled to an injunction restraining the collection of taxes by the district if the district adopts a maintenance tax in violation of Education Code 45.0021(a) [see above at Restriction on Maintenance Tax Levy]. An action to enjoin the collection of taxes must be filed before the date a district delivers substantially all of its tax bills. *Education Code 45.0021(b)*

Tax Information to  
County

A district shall provide to the county assessor-collector for each county in which all or part of district territory is located the district's adopted tax rate, maintenance and operations rate, debt rate, no-new-revenue tax rate, no-new-revenue maintenance and operations rate, and voter-approval tax rate for posting on the county's internet website. The district shall provide the information annually following the adoption of a tax rate by the district for the current tax year. *Tax Code 26.16(a)-(b)*

Appraisal District  
Property Tax  
Database

The officer or employee designated by the board to calculate the no-new-revenue tax rate and the voter-approval tax rate for the district must electronically incorporate into the database created and maintained by the chief appraiser under Tax Code 26.17 the information required by Tax Code 26.17(e). *Tax Code 26.17(e)*

The assessor for the district shall post prominently on the district's internet website a notice informing each owner of property located in the appraisal district that the estimated amount of taxes to be imposed on the owner's property by each taxing unit in which the property is located may be found in the property tax database maintained by the appraisal district under Tax Code 26.17. The notice must include the elements required by Tax Code 26.04(e-2). *Tax Code 26.04(e-2)*

**Internet Posting of  
Tax Rate and Budget  
Information**

Each district shall maintain an internet website or have access to a generally accessible internet website that may be used for the purposes of this provision. Each district shall post or cause to be posted on the internet website the information required by Tax Code 26.18 in a format prescribed by the comptroller. *Tax Code 26.18* [See CE for required information]

**Election to Approve  
Tax Rate**

If the board adopts a tax rate that exceeds the district's voter-approval tax rate, the registered voters of the district at an election held for that purpose must determine whether to approve the adopted tax rate. *Tax Code 26.08(a), (n)*

[For information on conducting elections, see the BBB series.]

Voter-Approval Tax  
Rate

For purposes of Tax Code 26.08, the voter-approval tax rate of a district is the sum of the following:

LOCAL REVENUE SOURCES  
AD VALOREM TAXES

CCG  
(LEGAL)

1. The rate per \$100 of taxable value that is equal to the district's maximum compressed tax rate for the current year;
2. The greater of:
  - a. The district's enrichment tax rate for the preceding tax year, less any amount by which the district is required to reduce the district's enrichment tax rate under Education Code 48.202(f) in the current tax year; or
  - b. The rate of \$0.05 per \$100 of taxable value; and
3. The district's current debt rate.

*Tax Code 26.08(n)*

Efficiency Audit

"Efficiency audit" means an investigation of the operations of a district to examine fiscal management, efficiency, and utilization of resources.

The board shall conduct an efficiency audit before seeking voter approval to adopt a tax rate for the maintenance and operations of the district at an election held for that purpose and may not hold an election without complying with this requirement.

The board may select the auditor that conducts the district's annual audit under Education Code 44.008 and may include the efficiency audit as part of the district's annual audit. [See CFC] A district must pay for the costs associated with an efficiency audit required under this provision. A district shall provide all documents, records, and personnel requested by the auditor as needed to conduct the audit in an efficient manner.

The board must select an auditor to conduct an efficiency audit not later than four months before the date on which the district proposes to hold an election to adopt a maintenance and operations tax rate. An auditor selected by the board must maintain independence from the district and complete the efficiency audit not later than three months after the date the auditor was selected.

Before an election at which a district seeks voter approval to adopt a tax rate, the board must hold an open meeting to discuss the results of the efficiency audit. Not later than 30 days before the date of the election, the results of an efficiency audit must be posted on the district's internet website.

*Education Code 11.184*

*Legislative  
Budget Board  
Guidelines*

The Legislative Budget Board (LBB) shall establish guidelines identifying the scope and areas of investigation of an efficiency audit, including identification of resources being used effectively and

efficiently and identification of cost savings or reallocations. The auditor selected by the board of a district must follow the guidelines established by the LBB under this provision. *Education Code 11.184(f)*

[Efficiency Audit Guidelines](#)<sup>2</sup> are found on the LBB website.

Disaster Exception  
*To Efficiency  
Audit  
Requirement*

The board of a district all or part of which is located in an area declared a disaster area by the governor may hold an election to seek voter approval to adopt a maintenance and operations tax rate during the two-year period following the date of the declaration without conducting an efficiency audit otherwise required above. *Education Code 11.184(b-1)*

*To Election  
Requirement*

When increased expenditure of money by a district is necessary to respond to a disaster, including a tornado, hurricane, flood, wildfire, or other calamity, but not including a drought, epidemic, or pandemic, that has impacted a district and the governor has requested federal disaster assistance for the area in which the district is located, an election is not required under Tax Code 26.08 to approve the tax rate adopted by the board for the year following the year in which the disaster occurs. A tax rate adopted under this provision applies only in the year for which the rate is adopted. *Tax Code 26.042(e)*

If a district adopts a tax rate under Tax Code 26.042(e) above, the amount by which that rate exceeds the district's voter-approval tax rate for that tax year may not be considered when calculating the district's voter-approval tax rate for the tax year following the year in which the district adopts the rate.

A district that in a tax year elects to adopt a tax rate that exceeds the district's voter-approval tax rate for that tax year without holding an election under Tax Code 26.042(e) above must specify the disaster declaration that provides the basis for authorizing the district to calculate or adopt a tax rate under that provision. A district that in a tax year specifies a disaster declaration as providing the basis for authorizing the district to adopt a tax rate under Tax Code 26.042(e) above may not in a subsequent tax year specify the same disaster declaration as providing the basis for authorizing the district to adopt a tax rate under that provision if in an intervening tax year the taxing unit specifies a different disaster declaration as the basis for authorizing the taxing unit to adopt a tax rate under that provision.

*Tax Code 26.042(f)-(g)*

Time for Election

The board shall order that the election be held in the district on the next uniform election date prescribed by Election Code 41.001 that

	<p>occurs after the date of the election order and that allows sufficient time to comply with the requirements of other law. <i>Tax Code 26.08(b)</i></p>
<p><i>Uniform Election Date</i></p>	<p>For an election to be held on a uniform election date, the election shall be ordered not later than the 78th day before election day. <i>Election Code 3.005(c)</i> [See BBBA for other election procedures and requirements.]</p>
<p>Proposition</p>	<p>At the election, the ballots shall be prepared to permit voting for or against the proposition: "Ratifying the ad valorem tax rate of _____ (insert adopted tax rate) in (name of school district) for the current year, a rate that will result in an increase of _____ (insert percentage increase in maintenance and operations tax revenue under the adopted tax rate as compared to maintenance and operations tax revenue in the preceding tax year) percent in maintenance and operations tax revenue for the district for the current year as compared to the preceding year, which is an additional \$_____ (insert dollar amount of increase in maintenance and operations tax revenue under the adopted tax rate as compared to maintenance and operations tax revenue in the preceding tax year)". <i>Tax Code 26.08(b)</i></p> <p>In addition to any other requirement imposed by law for a proposition, including a provision prescribing the proposition language, a proposition submitted to the voters for approval of the imposition or increase of a tax shall specifically state the amount of or maximum tax rate of the tax or tax increase for which approval is sought. <i>Election Code 52.072(e)(1)</i></p> <p>Each proposition on the ballot must identify the name of the authority ordering the election on the measure. <i>Election Code 52.095(c)</i></p>
<p>Election Outcome</p>	<p>If a majority of the votes cast in an election favor the proposition, the tax rate for the current year is the rate that was adopted by the board. If the proposition is not approved, a board may not adopt a tax rate for the current year that exceeds the district's voter-approval tax rate. <i>Tax Code 26.08(c)-(d)</i></p>

**Exemptions**

Homestead

*Mandatory*

An adult is entitled to exemption from taxation by a district of \$100,000 of the appraised value of the adult's residence homestead, as defined by Tax Code 11.13(j), except that only \$5,000 of the exemption applies to an entity operating under former Education Code Chapters 17, 18, 25, 26, 27, or 28, as those chapters existed on May 1, 1995, as permitted by Education Code 11.301. *Tax Code 11.13(b)*

*Persons 65 or Older or Disabled*

In addition to the mandatory exemption above, an adult who is disabled, as defined by Tax Code 11.13(m)(1), or 65 or older is entitled to an exemption of \$10,000 of the appraised value of the individual's residence homestead. *Tax Code 11.13(c)*

Tax Limitation

A district may not increase the total annual amount of ad valorem tax it imposes on the residence homestead of an individual 65 years of age or older, or on the residence homestead of an individual who is disabled, above the amount of the tax it imposed in the first tax year in which the individual qualified that residence homestead for an applicable exemption. *Tax Code 11.26(a)*

Improvements

If an individual subject to a tax limitation makes improvements to the individual's residence homestead, other than improvements required to comply with governmental requirements or repairs, the district may increase the tax on the homestead in the first year the value of the homestead is increased on the appraisal roll because of the enhancement of value by the improvements. A limitation then applies to the increased amount of tax until more improvements, if any, are made. *Tax Code 11.26(b)*

*Exception*

An improvement to property that would otherwise constitute an improvement discussed above is not treated as an improvement if it is a replacement structure for a structure that was rendered uninhabitable or unusable by a casualty or by wind or water damage. For purposes of appraising the property in the tax year in which the structure would have constituted an improvement, the replacement structure is considered to be an improvement only if the square footage of the replacement structure exceeds that of the replaced structure as that structure existed before the casualty or damage occurred or the exterior of the replacement structure is of higher quality construction and composition than that of the replaced structure. *Tax Code 11.26(o)*

AD VALOREM TAXES  
EXEMPTIONS AND PAYMENTS

CCGA  
(LEGAL)

Portability of Tax Limitation	If an individual who receives a tax limitation, including a surviving spouse, discussed below, subsequently qualifies a different residence homestead for the same exemption, a district may not impose ad valorem taxes on the subsequently qualified homestead in a year in an amount that exceeds the amount of taxes calculated in accordance with Tax Code 11.26(g). <i>Tax Code 11.26(g)</i>
Surviving Spouse	If an individual who qualifies for the exemption at Persons 65 or Older or Disabled, above, dies, the surviving spouse of the individual is entitled to the limitation applicable to the residence homestead of the individual if the surviving spouse is 55 years of age or older when the individual dies, and the residence homestead of the individual is the residence homestead of the surviving spouse on the date that the individual dies and remains the residence homestead of the surviving spouse. <i>Tax Code 11.26(i)</i>
<i>Local Options</i> All Taxpayers	<p>In addition to other exemptions in Tax Code 11.13, an individual is entitled to an exemption from taxation by a district of a percentage of the appraised value of the individual's residence homestead if the exemption is adopted by the board before July 1 in the manner provided by law for official action by the board. If the percentage set by the district produces an exemption in a tax year of less than \$5,000 when applied to a particular residence homestead, the individual is entitled to an exemption of \$5,000 of the appraised value. The percentage adopted by the district may not exceed 20 percent. <i>Tax Code 11.13(n)</i></p> <p>A board that adopted an exemption for the 2022 tax year may not reduce the amount of or repeal the exemption. The requirements in this paragraph expire December 31, 2027. <i>Tax Code 11.13(n-1)</i></p>
Disabled or 65 or Older	An individual who is disabled or 65 or older is entitled to an exemption from taxation by a district of a portion of the appraised value of the individual's residence homestead if the exemption is adopted either by the board or by a favorable vote of a majority of the qualified voters of the district at an election called by the board, and the board shall call the election on the petition of at least 20 percent of the number of qualified voters who voted in the preceding election of the district.
<i>Amount</i>	The amount of an exemption adopted as provided at Disabled or 65 or Older is \$3,000 of the appraised value of the residence homestead unless a larger amount is specified by the board if the board authorizes the exemption or the petition for the election if the exemption is authorized through an election. Once authorized, an exemption adopted may be repealed or decreased or increased in amount by the board or by the petition and election procedure. In

the case of a decrease, the amount of the exemption may not be reduced to less than \$3,000 of the market value.

*Tax Code 11.13(d)-(f)*

*Continuation of

*Surviving Spouse  
of Veteran*

The surviving spouse of a disabled veteran, as defined by Tax Code 11.22(h)(3), is entitled to the same exemption from taxation of the same property to which the disabled veteran's exemption applied or would have applied if it had been in effect on the date of death if:

1. The surviving spouse has not remarried since the death of the disabled veteran; and

2. Land and housing units on the land owned by a community land trust. *Tax Code 11.1827*
3. Certain historic structures or archeological sites and the land necessary to access and use the structure or archeological site. The board may not repeal or reduce the amount of an exemption for a property that otherwise qualifies for the exemption unless the property owner consents to the repeal or reduction or the district provides written notice of the repeal or reduction to the owner not later than five years before the date the board repeals or reduces the exemption. *Tax Code 11.24*
4. Property on which approved water conservation initiatives, desalination projects, or brush control initiatives have been implemented. *Tax Code 11.32*

If a district adopts, amends, or repeals an exemption that the district by law has the option to adopt or not, the district shall notify the appraisal office of its action and of the terms of the exemption within 30 days after the date of its action. *Tax Code 6.08*

Goods-in-Transit  
*Exemption*

A person is entitled to an exemption from taxation of the appraised value of that portion of the person's property that consists of goods-in-transit, as defined in Tax Code 11.253(a)(2). *Tax Code 11.253(b)*

[For information on the board's option in a district located in a disaster area to extend the date by which goods-in-transit must be transported, see Tax Code 11.253(l).]

*Option to Tax*

A board, by official action, may provide for the taxation of goods-in-transit exempt under Tax Code 11.253(b) and not exempt under other law. The official action to tax the goods-in-transit must be taken before January 1 of the first tax year in which the board proposes to tax goods-in-transit. Before acting to tax the exempt property, a board must conduct a public hearing as required by Texas Constitution Article VIII, Section 1-n(d). If the board provides for the taxation of the goods-in-transit as provided by this provision, the exemption stated above does not apply to that district. The goods-in-transit remain subject to taxation by the district until the board, by official action, rescinds or repeals its previous action to tax goods-in-transit, or otherwise determines that the exemption will apply to that district.

Notwithstanding official action that was taken before October 1, 2011, to tax goods-in-transit, a district may not tax such goods-in-

transit in a tax year that begins on or after January 1, 2012, unless the board takes official action on or after October 1, 2011, to provide for the taxation of the goods-in-transit.

Exception

If a board, before October 1, 2011, took action to provide for the taxation of goods-in-transit and pledged the taxes imposed on the goods-in-transit for the payment of a debt of the district, the district tax officials may continue to impose the taxes against the goods-in-transit until the debt is discharged, if cessation of the imposition would impair the obligation of the contract by which the debt was created.

**Tax Increment  
Financing Act**

Board of Directors

Except as provided at Large Municipality below, each district that levies taxes on real property in a reinvestment zone designated by a county or municipality in accordance with the Tax Increment Financing Act, Tax Code Chapter 311, may appoint one member of the reinvestment zone board of directors if the district has approved the payment of all or part of the tax increment produced by the district into the tax increment fund for the zone. A district may waive its right to appoint a director. *Tax Code 311.009(a), (b)*

*Large  
Municipality*

In a reinvestment zone designated by a municipality which is wholly or partially located in a county with a population of less than 2.1 million in which the principal municipality has a population of 1.1 million or more, each taxing unit that approves the payment of all or part of its tax increment into the tax increment fund is entitled to appoint a number of members to the board in proportion to the taxing unit's pro rata share of the total anticipated tax increment to be deposited into the tax increment fund during the term of the zone. *Tax Code 311.0091(a)-(c)*

Tax Increments  
*Amount*

The amount of a district's tax increment for a year is the amount of property taxes levied and assessed by the district for that year on the captured appraised value of real property taxable by the district and located in a reinvestment zone or the amount of property taxes levied and collected by the district for that year on the captured appraised value of real property taxable by the district and located in a reinvestment zone. The board of the district shall determine which of the methods is used to calculate the amount of the district's tax increment.

"Captured  
Appraised  
Value"

The captured appraised value of real property taxable by a district for a year is the total taxable value of all real property taxable by the district and located in a reinvestment zone for that year less the tax increment base of the district.

"Tax Increment  
Base"

The tax increment base of a district is the total taxable value of all real property taxable by the district and located in a reinvestment zone for the year in which the zone was designated under Tax Code Chapter 311.

*Tax Code 311.012*

*Collection and  
Deposit*

Each district that taxes real property located in a reinvestment zone shall provide for the collection of its taxes in the zone as for any other property taxed by the district. Each district shall pay into the tax increment fund for the zone an amount equal to the tax increment produced by the district, less the sum of:

1. Property taxes produced from the tax increments that are, by contract executed before the designation of the area as a

reinvestment zone, required to be paid by the district to another political subdivision; and

2. A portion, not to exceed 15 percent, of the tax increment produced by the district as provided by the reinvestment zone financing plan or a larger portion as provided at Agreement Required below.

*Tax Code 311.013(a)-(b)*

Notwithstanding any termination of the reinvestment zone and unless otherwise specified by an agreement between the district and the municipality or county that created the zone, a district shall make the required payment not later than the 90th day after the later of the delinquency date for district property taxes or the date the municipality or county that created the zone submits to the district an invoice specifying the tax increment produced by the district and the amount the district is required to pay into the tax increment fund for the zone. A district is not required to pay into a tax increment fund the applicable portion of a tax increment attributable to delinquent taxes until those taxes are collected. *Tax Code 311.013(c), (i)*

A district whose taxable value is reduced under Government Code 403.302(d)(4) (determination of district property values by the comptroller) shall pay into the tax increment fund, in addition to the amount otherwise required to be paid, an amount equal to the amount by which the amount of taxes the district would have been required to pay into the fund in the current year if the district levied taxes at the rate the district levied in 2005 exceeds the amount the district is otherwise required to pay into the fund in the year of the reduction. This additional amount may not exceed the amount the district receives in state aid for the current tax year under Education Code 48.253 (additional state aid for tax increment financing payments). The district shall pay the additional amount after the district receives the state aid to which the district is entitled for the current tax year under Education Code 48.253. *Tax Code 311.013(n)*

*Agreement  
Required*

A district is not required to pay into the tax increment fund any of its tax increment produced from property located in a reinvestment zone designated under Tax Code 311.005(a) or in an area added to a reinvestment zone under Tax Code 311.007 unless the district enters into an agreement to do so with the governing body of the municipality or county that designated the zone. *Tax Code 311.013(f)*

A district that participates in a zone is not required to increase the percentage or amount of the tax increment to be contributed by the

district because of an amendment to the project plan or reinvestment zone financing plan for the zone unless the board by official action approves the amendment. *Tax Code 311.011(g)*

A district is not required to pay into the tax increment fund any of its tax increment produced from property located in an area added to the reinvestment zone under Tax Code 311.007(a) or (b) unless the board enters into an agreement to do so with the governing body of the municipality or county that created the zone. *Tax Code 311.013(k)*

If the governing body of the municipality or county that designated a reinvestment zone extends the term of all or a portion of the zone, a district is not required to participate in the zone or portion of the zone for the extended term unless the district enters into a written agreement to do so. *Tax Code 311.007(c)*

Notwithstanding the designation of a later termination date under Tax Code 311.017(a), a district that taxes real property located in the reinvestment zone is not required to pay any of its tax increment into the tax increment fund for the zone after the termination date designated in the ordinance or order creating the zone unless the board enters into an agreement to do so with the governing body of the municipality or county that created the zone. *Tax Code 311.017(a-1)*

### **Reinvestment Zone**

Notwithstanding any other provision of Tax Code Chapter 312 to the contrary, the board, in the manner required for official action and for purposes of former Tax Code Chapter 313, Subchapter B or C [see Texas Economic Development Act below] or Government Code Chapter 403, Subchapter T [see Texas Jobs, Energy, Technology, and Innovation Act below], may designate an area entirely within the territory of the district as a reinvestment zone if the board finds that, as a result of the designation and the granting of a limitation on appraised value, for property located in the reinvestment zone, the designation is reasonably likely to:

1. Contribute to the expansion of primary employment in the reinvestment zone; or
2. Attract major investment in the reinvestment zone that would:
  - a. Be a benefit to property in the reinvestment zone and to the district; and
  - b. Contribute to the economic development of the region of this state in which the district is located.

The board may seek the recommendation of the commissioners court of each county and the governing body of each municipality

that has territory in the district before designating an area as a reinvestment zone.

*Tax Code 312.0025*

**Texas Jobs, Energy,  
Technology, and  
Innovation Act**

**Note:** The Texas Jobs, Energy, Technology, and Innovation Act, Government Code Chapter 403, Subchapter T, took effect on January 1, 2024.

The Act will expire on December 31, 2033. *Gov't Code 403.603*

The comptroller's rules enacted to implement the Act are found at 34 Administrative Code 9.5000-9.5012.

Definitions

*Agreement*

"Agreement" means an agreement to limit the taxable value for maintenance and operations ad valorem tax purposes of the district of eligible property used as part of an eligible project under Government Code 403.612.

*Applicant*

"Applicant" means a person that applies for, or enters into an agreement, including the person's assignees or successors-in-interest.

3. Facility related to the development of natural resources; or
4. Facility engaged in the research, development, or manufacture of high-tech equipment or technology.

The term does not include a project to construct or expand a new or existing nondispatchable electric generation facility or electric energy storage facility.

*Eligible property*

"Eligible property" means property that is used as part of an eligible project that is wholly owned by an applicant or leased by an applicant under a capitalized lease and consists of:

1. A new building or expansion of an existing building, constructed after the date the agreement is entered into and located in an area designated as a reinvestment zone or as an enterprise zone at the time the agreement is entered into; or

2. Tangible personal property, other than inventory, first located in an area designated as a reinvestment zone or as an enterprise zone after the date the agreement pertaining to the project is entered into.

If an eligible project is located in more than one county, the jobs and investment requirement applicable to the project is determined using the jobs and investment requirement applicable to the county with the smallest population in which any part of the project is located.

Each required job created in connection with an eligible project must be a new full-time job in this state and may not be transferred by the applicant from an existing facility or location in this state or otherwise created to replace an existing job, unless the applicant fills the vacancy caused by the transfer.

An applicant may demonstrate that the applicant has met the applicable minimum investment requirement by any reasonable means. The applicant is considered to have met the applicable minimum investment requirement if the most recent appraisal roll for the county used to determine the minimum investment requirement indicates that the appraised value of the eligible property composing the project as of January 1 of the second tax year of the incentive period prescribed by the agreement is equal to or greater than the minimum investment requirement applicable to the project.

**Mandatory Drills**

Each district shall conduct emergency safety drills in accordance with Education Code 37.114. Drills do not include persons role playing as active aggressors or other simulated threats.

**Definitions**

The following words and terms related to drills and exercises shall have the following meanings, unless the context clearly indicates otherwise. These definitions do not apply to an active threat exercise, which is defined in Education Code 37.1141 [see Active Threat Exercises, below].

*General*

**Active aggressor:** An individual actively engaged in killing or attempting to kill people in a confined and populated area.

**Drill:** A set of procedures that test a single, specific operation or function. Drills do not include persons role playing as active aggressors or other simulated threats. Drill examples include evacuating for a fire or locking down from an internal threat.

**Exercise:** An instrument to train for, assess, practice, and improve performance in mitigation, prevention, preparedness, response, and recovery in a risk-free environment. While drills and exercises may overlap in some aspects, discussion-based and operation-based exercises are often more in depth and multi-faceted.

*Levels of Exercises*

**Full-scale exercise:** Typically the most complex and resource-intensive type of exercise. It involves multiple agencies, organizations, and jurisdictions and validates many facets of preparedness. This exercise often includes many players operating under cooperative systems such as the Incident Command System (ICS) or Unified Command. Resources and staff are mobilized as needed. All actions are taken as if the emergency is real. A full-scale exercise is the most time-consuming activity in the exercise continuum and is a multiagency, multijurisdictional effort in which all resources are deployed. A full-scale exercise tests collaborations among the agencies and participants, public information systems, communication systems, and equipment. An Emergency Operations Center is established by either law enforcement or fire services, and the ICS is activated. Because of all the logistics and resources needed for a full-scale exercise, it often takes a year to plan and is not held often. Usually, a school district is not the organizer of such an exercise, but the district or school would play a critical role in both function and potential facility use.

**Functional exercise:** Designed to validate and evaluate capabilities, multiple functions and/or sub-functions, or interdependent groups of functions. A functional exercise is typically focused on exercising plans, policies, procedures, and staff members involved in management, direction, command, and control functions. It allows participants to practice their specific roles or functions in an emer-

gency. This type of exercise is conducted in a realistic, real-time simulated environment and often includes simulators (individuals who assist with the facilitation of the exercise) and follows a master scenario events list that dictates additional information, occurrences, or activities that affect the exercise scenario.

**Seminar exercise:** A discussion-based exercise designed to orient participants to new or updated plans, policies, or procedures through informal discussions. Seminar exercises are often used to impart new information and formulate new ideas.

**Tabletop exercise:** A small group discussion that walks through a scenario and the courses of action a school will need to take before, during, and after an emergency to lessen the impact on the school community. Participants problem-solve together through a detailed discussion of roles, responsibilities, and anticipated courses of action. A tabletop exercise leverages a defined scenario to direct discussion and may need an experienced facilitator depending on the complexity and objectives of the exercise.

**Workshop exercise:** A type of discussion-based exercise focused on increased participant interaction and achieving or building a product (e.g., plans or policies). A workshop exercise is typically used to test new ideas, processes, or procedures; train groups in coordinated activities; and obtain consensus. A workshop exercise often uses breakout sessions to explore parts of an issue with smaller groups.

### *Types of Drills*

**Evacuation drill:** A response action schools take to quickly move students and staff from one place to another. The primary objective of an evacuation is to ensure that all staff, students, and visitors can quickly move away from the threat. Evacuation examples include a bomb threat or internal gas leak.

**Fire evacuation drill:** A method of practicing how a building would be vacated in the event of a fire. The purpose of fire drills in buildings is to ensure that everyone knows how to exit safely as quickly as possible.

**Lockdown drill:** A response action schools take to secure interior portions of school buildings and grounds during incidents that pose an immediate threat of violence inside the school. The primary objective is to quickly ensure all school students, staff, and visitors are secured away from immediate danger.

**Secure drill:** A response action schools take to secure the perimeter of school buildings and grounds during incidents that pose a threat or hazard outside of the school building. This type of drill

uses the security of the physical facility to act as protection to deny entry.

Shelter-in-place for hazardous materials (hazmat) drill: A response action schools take to quickly move students, staff, and visitors indoors, perhaps for an extended period of time, because it is safer inside the building than outside. Affected individuals may be required to move to rooms without windows or to rooms that can be sealed. Examples of a shelter-in-place for hazmat drill include train derailment with chemical release or smoke from a nearby fire.

Shelter for severe weather drill: A response action schools take to quickly move students, staff, and visitors indoors, perhaps for an extended period of time, because it is safer inside the building than outside. For severe weather, depending on the type and/or threat level (watch versus warning), affected individuals may be required to move to rooms without windows on the lowest floor possible or to a weather shelter.

Frequency

Education Code 37.114(2) requires the commissioner of education to designate the number of mandatory school drills to be conducted each semester of the school year, not to exceed eight drills each semester and sixteen drills for the entire school year. Neither 19 Administrative Code 103.1209, nor the law, precludes a district from conducting more drills as deemed necessary and appropriate by the district. Following is the required minimum frequency of drills by type:

1. Secure drill — One per school year.
2. Lockdown drill — Two per school year (once per semester).
3. Evacuation drill — One per school year.
4. Shelter-in-place drill (for either severe weather or hazmat) — One per school year.
5. Fire evacuation drill — Districts should consult with the local authority having jurisdiction (e.g., fire marshal) and comply with its requirements and recommendations. If a district does not have a local authority, it shall conduct four per school year (two per semester).

Best Practices

For more information about best practices for conducting drills and exercises, refer to Texas School Safety Center (TxSSC) guidance.

Drills and exercises should be designed and conducted in accordance with guidance and best practice resources provided by the TxSSC.

Drill and exercise design should include purpose, goals, and objectives that are stated in plans for each type of drill. Purpose, goals, and objectives should be developed with input from all sectors of the school community. Input in planning should be sought from multiple stakeholder perspectives for each type of drill and exercise, including from:

1. The district School Safety and Security Committee;
2. First responders;
3. Mental and behavioral health professionals;
4. Students and families; and
5. Staff, including nontraditional teachers, coaches, trade instructors, custodians, and food service workers.

Drill and exercise design elements should include:

1. Physical and psychological safety for all participants;
2. Planning in a trauma-informed manner to maximize learning and to minimize potential trauma for students and staff;
3. Providing advance notification of drills and exercises;
4. Planning for post-drill or after-action reviews of each drill and exercise; and
5. Ensuring drills and exercises are age and developmentally appropriate with the understanding that more complex drills and exercises will require a hierarchy of learning to achieve or obtain more advanced goals or objectives.

Exercises are more complex than drills. It is recommended that school systems start with discussion-based exercises and work up to operation-based exercises. Discussion-based exercises include seminar exercises, tabletop exercises, and workshop exercises. Operation-based exercises include functional exercises and full-scale exercises. Exercises can be used for:

1. Testing and validating policies, plans, procedures, training, equipment, and interagency agreements;
2. Clarifying and training personnel in roles and responsibilities;
3. Improving interagency coordination and communications;
4. Identifying gaps in resources;
5. Improving individual performance; and

6. Identifying opportunities for improvement.

**Active Threat Exercises**

An active threat exercise is defined as any exercise that includes a simulated active aggressor or an active shooter simulation.

Not Mandatory

Districts are not required to conduct active threat exercises.

*19 TAC 103.1211(a), (b)*

Requirements

A district that elects to conduct an active threat exercise shall do so in accordance with Education Code 37.1141 and 19 Administrative Code 103.1211.

The district shall consider using a discussion-based tabletop exercise [see Levels of Exercises, above] to achieve the purpose, goals, and objectives of the exercise rather than using an operations-based, a functional, or a full-scale active threat exercise.

Before a district may conduct an active threat exercise, including an active shooter simulation, the district shall ensure the following:

*Adequate Notice*

If conducting an operations-based, a functional, or a full-scale exercise, the district shall provide adequate notice of the exercise directly to individuals participating in the exercise, parents of students participating in the exercise, and all other individuals impacted by the exercise. Adequate notice of the active threat exercise shall also be posted through multiple distribution networks, including, but not limited to, the district's website and social media platforms.

To be considered adequate notice, notice shall be provided and posted at least two weeks prior to the exercise.

The notice shall include:

1. The date on which the exercise will occur;
2. The content, form, and tone of the exercise; and
3. Whether the exercise will include a live simulation that mimics or appears to be an actual shooting incident.

The notice shall be provided to parents in the parents' native language to the greatest extent practicable.

*Announcement*

The district shall make an audible announcement over the campus public address system immediately prior to the commencement of the exercise to signal the start of the exercise to the participants, noting that it is only an exercise and not a real emergency. If applicable, the announcement must state that the exercise will include a

live simulation that mimics or appears to be an actual threat, such as a shooting incident.

*First Responders* The district shall ensure that first responder organizations that would likely respond in the event of a false report or alarm are notified regarding the exercise.

*Safe Zone* The district shall ensure that a safe zone is created around the area in which the exercise will be conducted to keep out actual firearms, ammunition, and other weapons, other than firearms, ammunition, or other weapons carried by a peace officer, school resource officer, or school marshal or any other person authorized by the district to carry those items on school grounds.

The requirement for creating a safe zone may not be construed to prohibit a parent, legal guardian, or other person acting on a parent's or legal guardian's behalf from transporting or storing in the person's motor vehicle a firearm, ammunition, or other weapon that the person is legally authorized to possess while the person is picking up a child from school.

*Content* The district shall ensure that the content of the exercise:

1. Is age appropriate and developmentally appropriate;
2. Has been developed by a team of school administrators, teachers, school-based mental health professionals, and law enforcement officers, with input from parents and students; and
3. Is designed to support the well-being of students who participate in the exercise before, during, and after the exercise is conducted.

The district shall ensure that the content of the exercise, which includes planning and execution of the exercise, addresses the following elements:

1. Input from multiple stakeholder perspectives in the design of the exercise, including law enforcement personnel;
2. The physical and psychological safety of all participants before, during, and after the exercise, including:
  - a. Planning in a trauma-informed manner to minimize potential trauma for students, staff, and other participants;
  - b. The development and communication of a predetermined method for participants to withdraw from the exercise before or during the exercise; and

c. Access to mental health supports before, during, and after the exercise; and

3. The developmental appropriateness of the exercise, which includes a comprehensive perspective that supports the cognitive and emotional well-being of each individual and considers the impact that prior trauma, grief, and crisis experiences have had on a participant's development prior to the exercise. Developmental appropriateness considerations include the needs of special populations, including students with disabilities and emergent bilingual students;

*Noninstructional Time*

The district shall conduct the exercise during noninstructional time when nonparticipants are not present in the facility. Additionally, the district must require that:

1. If a student participates in the exercise, which is discouraged, the student is in grade 9 or higher and participates only if it provides the student with an educational benefit;
2. All participants (students and staff) opt in rather than opt out of the exercise. A student participant must have written permission to opt in from the parent or guardian of the student;
3. Exercise participants be permitted to withdraw from the exercise at any time, before or during the exercise, using a predetermined method of withdrawal; and
4. The exercise is organized, conducted, and overseen by law enforcement, first responders, or emergency management personnel. The district or one of its schools shall play a critical role in exercise coordination, overall function, and use of the facility.

*After-Action Review*

The district shall conduct an after-action review of the exercise to determine the extent to which the exercise achieved key planning objectives, to include ensuring:

1. Incident command and control structures work as intended in accordance with the district's multihazard emergency operations plan;
2. Two-way communications work as intended with emergency first responders in accordance with the district's multihazard emergency operations plan; and
3. Emergency notification systems (e.g., voice calls, text messages, and email notifications) work as intended.

*Data Collection*

The district shall ensure that data regarding the efficacy and impact of the exercise will be tracked, including any feedback regarding

the exercise from students, staff, or family members of students and staff. Data shall be collected and submitted to the TxSSC using the methods developed by the TxSSC.

*19 TAC 103.1211(c); Education Code 37.1141*

**Eye and Face  
Protection**

The guidelines are applicable to all staff members, students, and visitors within Texas public schools participating in educational activities and programs that involve:

1. The use of hazardous chemicals;
2. The use of hot liquids or solids;
3. The use of molten materials;
4. Performing grinding, chipping, or other hazardous activities where there is danger of flying particles;

8. The use of hazardous radiation, including the use of infrared and ultraviolet light or lasers;
9. Repair or servicing of any vehicle; or
10. Any process or activity in a vocational, art, industrial arts or science course or laboratory that might have a tendency to cause damage to the eyes.

*25 TAC 295.141-.142*

2. Response to an active shooter emergency;
3. Response to a nearby train derailment, as applicable; and
4. Access to campus buildings and materials necessary for a substitute teacher to carry out the duties of a District employee during an emergency or an emergency drill.

**Note:** For provisions regarding selection and adoption of instructional materials, see EFA.

---

**Instructional  
Materials and  
Technology**

Instructional materials selected for use in the public schools shall be furnished without cost to the students attending those schools. Except as provided by Education Code 31.104(d), a district may not charge a student for instructional material or technological equipment purchased by the district with the district's technology and instructional materials allotment. *Education Code 31.001*

Each instructional material, including electronic instructional material only to the extent of any applicable licensing agreement, purchased as provided by Education Code Chapter 31 for a district is the property of the district. *Education Code 31.102(a)-(b)*

**Allotment**

A district is entitled to an allotment each biennium from the state instructional materials and technology fund for each student enrolled in the district on a date during the last year of the preceding biennium specified by the commissioner of education. The commissioner shall determine the amount of the allotment per student each biennium on the basis of the amount of money available in the state instructional materials and technology fund to fund the allotment. *State-Approved  
Instructional  
Materials*

For each student enrolled in the district, a school district is entitled to additional state aid for each school year in an amount equal to \$40, or a greater amount provided by appropriation, to procure instructional material that has been reviewed by the Texas Education Agency (TEA); placed on the State Board of Education (SBOE) list of approved instructional materials; designated by the SBOE as being included or capable of being included in an instructional materials parent portal; and acquired from a publisher, manufacturer, or other entity that has not been found to violate Education Code 31.151. *Education Code 48.307(a)*

	<p>tional material made available under Education Code Chapter 31, Subchapter B-1. <i>Education Code 48.308(a)</i></p>
<p>Allotment Adjustment <i>Change in Enrollment</i></p>	<p>Not later than May 31 of each school year, a district may request that the commissioner adjust the number of students for which the district is entitled to receive an allotment on the grounds that the number of students attending school in the district will increase or decrease during the school year for which the allotment is provided. The commissioner may also adjust the number of students for which a district is entitled to receive an allotment, without a request by the district, if the commissioner determines a different number of students is a more accurate reflection of students who will be attending school in the district. The commissioner's determination is final. <i>Education Code 31.0211(e)</i></p>
<p><i>High Enrollment Growth</i></p>	<p>Each year the commissioner shall adjust the instructional materials and technology allotment of districts experiencing high enrollment growth. <i>Education Code 31.0214(a)</i></p>

13. The salary and other expenses of an employee who provides technical support for the use of technological equipment directly involved in student learning; and
14. Costs associated with distance learning, including services, equipment, and technology such as Wi-Fi, internet access hotspots, wireless network service, broadband service, and other services and technological equipment necessary to facilitate internet access.

The allotment funds may not be used to purchase instructional material that contains obscene or harmful content or would otherwise cause the district to which the funds were allotted to be unable to submit the certification required under Education Code 31.1011(a)(1)(B) [see Certification of Instructional Materials, below].

*Education Code 31.0211(c), (f)*

*Technological  
Equipment*

In purchasing technological equipment, a district shall:

1. Secure technological solutions that meet the varying and unique needs of students and teachers in the district; and

In the first year of each biennium, the commissioner shall deposit the district's allotment in the account. The commissioner shall pay the cost of instructional materials requisitioned by a district under Education Code 31.103 using funds from the district's instructional materials and technology account.

Money deposited in a district's instructional materials and technology account during each state fiscal biennium remains in the account and available for use by the district for the entire biennium.

At the end of each biennium, a district with unused money in the district's account may carry forward any remaining balance to the next biennium.

A district shall provide to TEA the title and publication information for any instructional materials requisitioned or purchased by the district with the district's instructional materials and technology allotment.

*Education Code 31.0212(a)-(d)*

**Purchasing Method**

A district is not required to use a method provided by Education Code 44.031(a) to purchase instructional materials that have been reviewed by TEA and included on the list of approved instructional materials maintained by the SBOE. *Education Code 31.102(d)*

Prior to the beginning of each school year, a district shall submit to the SBOE and commissioner certification that the district:

1. For each subject in the required curriculum under Education Code 28.002, other than physical education, and each grade level:
  - a. Provides each student with instructional materials that cover all elements of the essential knowledge and skills adopted by the SBOE for that subject and grade level; and

No. 106-554) [see CQ], Education Code 28.0022 [see EMB], Penal Code 43.22, and any other law or regulation that protects students from obscene or harmful content [see EFA]; and

At the end of the school year for which OER instructional material that a district does not intend to use for another student is distributed, the printed copy of the OER instructional material becomes the property of the student to whom it is distributed.

This provision does not apply to an electronic copy of OER instructional material.

*Education Code 31.104(c), (g)-(h)*

**Responsibility for Instructional Materials and Equipment**

Each student or the student's parent or guardian is responsible for all instructional material and technological equipment not returned in an acceptable condition by the student. A student who fails to return in an acceptable condition all instructional materials and technological equipment forfeits the right to free instructional materials and technological equipment until all instructional materials and

technological equipment previously issued but not returned in an acceptable condition are paid for by the student, parent, or guardian.

As provided by board policy, a district may waive or reduce the payment required if the student is from a low-income family. [See FP] The district shall allow the student to use instructional materials and technological equipment at school during each school day.

If instructional materials or technological equipment is not returned in an acceptable condition or paid for, a district may withhold the student's records. otherwise hinder the performance of any computer's memory, file system, or software; and

4. The electronic instructional materials have not been installed with plug-ins, snap-ins, or add-ins without the prior approval of the district.

Technological equipment is considered to be in acceptable condition if:

**Level One**

Complaint forms must be filed:

1. Within ten days of the date the employee first knew, or with reasonable diligence should have known, of the decision or action giving rise to the complaint or grievance; and
2. With the lowest level administrator who has the authority to remedy the alleged problem.

In most circumstances, employees on a school campus shall file Level One complaints with the campus principal. Other District employees shall file Level One complaints with their immediate supervisor.

All complaints shall be filed at Level One. Upon review, the Superintendent or designee, at his or her sole discretion, shall assign the appropriate administrator to hear the complaint, and shall determine whether the complaint can be more appropriately addressed at Level Two based on the information submitted and relief sought.

If the only administrator who has authority to remedy the alleged problem is the Superintendent or designee, the complaint may, at the Superintendent or designee's discretion, begin at Level Two following the procedure, including deadlines, for filing the complaint form at Level One.

If the complaint is not filed with the appropriate administrator, the receiving administrator must note the date and time the complaint form was received and immediately forward the complaint form to the appropriate administrator.

The appropriate administrator shall investigate as necessary and schedule a conference with the employee within ten days after receipt of the written complaint. The administrator may set reasonable time limits for the conference.

Absent extenuating circumstances, the administrator shall provide the employee a written response within ten days following the conference. The written response shall set forth the basis of the decision. In reaching a decision, the administrator may consider information provided at the Level One conference and any other relevant documents or information the administrator believes will help resolve the complaint.

## **Level Two**

If the employee did not receive the relief requested at Level One or if the time for a response has expired and an extension due to extenuating circumstances has not been agreed upon, the employee may request a conference with the Superintendent or designee to appeal the Level One decision.

The appeal notice must be filed in writing to the Superintendent or designee, on a form provided by the District, within ten days of the date of the written Level One response or, if no response was received and no extension was agreed upon, within ten days of the Level One response deadline.

After receiving notice of the appeal, the Level One administrator shall prepare and forward a record of the Level One complaint to the Level Two administrator. The employee may request a copy of the Level One record.

The Level One record shall include:

1. The original complaint form and any attachments.
2. All other documents submitted by the employee at Level One.
3. The written response issued at Level One and any attachments.

4. All other documents relied upon by the Level One administrator in reaching the Level One decision.

The Level Two administrator shall schedule a conference within ten days after the appeal notice is filed. The conference shall be limited to the issues and documents considered at Level One. At the conference, the employee may provide information concerning any documents or information relied upon by the administration for the Level One decision. The Level Two administrator may set reasonable time limits for the conference. The Level Two administrator shall not be required to consider documentation not submitted or issues not presented at Level One.

The Level Two administrator shall provide the employee a written response within ten days following the conference. The written response shall set forth the basis of the decision. In reaching a decision, the Level Two administrator may consider the Level One record, information provided at the Level Two conference, and any other relevant documents or information the Level Two administrator believes will help resolve the complaint.

Recordings of the Level One and Level Two conferences, if any, shall be maintained with the Level One and Level Two records.

### **Level Three**

If the employee did not receive the relief requested at Level Two or if the time for a response has expired and an extension due to extenuating circumstances has not been agreed upon, the employee may appeal the decision to the Board.

The appeal notice must be filed in writing, on a form provided by the District, within ten days of the date of the written Level Two response or, if no response was received and no extension was agreed upon, within ten days of the Level Two response deadline.

The Level Two administrator shall prepare and forward to the Superintendent or designee the record of the Level Two appeal. The Superintendent or designee shall provide a copy of the Level Two record to the Board. The employee may request a copy of the Level Two record.

The Level Two record shall include:

1. The Level One record.
2. The notice of appeal from Level One to Level Two.
3. The written response issued at Level Two and any attachments.
4. All other documents relied upon by the administration in reaching the Level Two decision.

The Superintendent or designee shall inform the employee of the date, time, and place of the Board meeting at which the complaint will be on the agenda for presentation to the Board.

The appeal shall be limited to the issues and documents considered at Level Two, except that if at the Level Three hearing the administration intends to rely on evidence not included in the Level Two record, the administration shall provide the employee notice of the nature of the evidence at least three days before the hearing. The Board shall not be required to consider documentation not previously submitted or issues not previously presented.

The District shall determine whether the complaint will be presented in open or closed meeting in accordance with the Texas Open Meetings Act and other applicable law. [See BE]

At the Board's discretion, the Board may hear the complaint based on an oral presentation or upon written submission. If the complaint is heard on oral presentation, the presiding officer may set reasonable time limits and guidelines for the presentation, including an opportunity for the employee and administration to each make a presentation and provide rebuttal and an opportunity for questioning by the Board. The Board shall hear the complaint and may request that the administration provide an explanation for the decisions at the preceding levels.

In addition to any other record of the Board meeting required by law, the Board shall prepare a separate record of the Level Three presentation if the complaint is heard on oral presentation. The Level Three presentation, including the presentation by the employee or the employee's representative, any presentation from the administration, and questions from the Board with responses, shall be recorded by audio recording, video/audio recording, or court reporter.

If the complaint is heard on oral presentation, the Board shall then consider the complaint. It may give notice of its decision orally or in writing at any time up to and including the next regularly scheduled Board meeting. If the Board does not make a decision regarding the complaint by the end of the next regularly scheduled meeting, the lack of a response by the Board upholds the administrative decision at Level Two.

If the complaint is heard on written submission, the Board shall consider the complaint based on written submission at a scheduled Board meeting. It may give notice of its decision orally or in writing at any time up to and including the next regularly scheduled Board meeting after the Board considers the complaint. The written submission shall serve as the record of the Level Three proceeding

before the Board, except that the Board is not required to consider documentation not previously submitted or issues not previously addressed.

**Searches — General Rule**

Citizens, including district employees, have a right to be free from unreasonable searches and seizures. *U.S. Const. Amendment IV; Tex. Const. Art. I, Sec. 9*

A district may search an employee or an employee's property if:

1. There are reasonable grounds to believe that the search will turn up evidence that the employee is guilty of work-related misconduct; and
2. The search is reasonably related in scope to the circumstances that justified the interference in the first place.

*O'Connor v. Ortega*, 480 U.S. 709 (1987); *New Jersey v. T.L.O.*, 469 U.S. 325 (1985)

In addition, a district may search an employee's workplace for non-investigatory, work-related purposes, if there are reasonable grounds to believe that the search will turn up evidence that the employee is guilty of work-related misconduct. *O'Connor v. Ortega*, 480 U.S. 709 (1987)

Drug/Alcohol Testing

Blood, urine, and breath tests of public employees to determine drug use are searches under the Fourth Amendment of the U.S. Constitution. *Skinner v. Railway Labor Executives Ass'n*, 489 U.S. 602 (1989)

Random Drug Testing

A district may conduct drug tests, without a warrant and without individualized suspicion, when the test serves special governmental needs that outweigh the individual's privacy expectation. *Skinner v. Railway Labor Executives Ass'n*, 489 U.S. 602 (1989); *Nat'l Treasury Employees Union v. Von Raab*, 489 U.S. 656 (1989)

*Safety-Sensitive Positions*

Random alcohol and drug testing of employees in "safety-sensitive" positions may be permissible when the intrusiveness of the search is minimal and a board is able to demonstrate that the drug-testing program furthers its interest in ensuring the physical safety of students. "Safety-sensitive" positions include those that involve the handling of potentially dangerous equipment or hazardous substances in an environment including a large number of children. *Aubrey v. Sch. Bd. of LaFayette Parish*, 148 F.3d 559 (5th Cir. 1998)

**Teacher Appraisal** The employment policies adopted by the board must require a written evaluation of each teacher at annual or more frequent intervals.

A teacher appraisal must be done at least once for each school year. A teacher may be appraised less frequently if the teacher agrees in writing and the teacher's most recent evaluation rated the teacher as at least proficient, or the equivalent, and did not identify any area of deficiency. A teacher who is appraised less frequently than annually must be appraised at least once during each period of five school years.

*Education Code 21.203, .352(c)*

**Interim Evaluations and Guidance** In addition to conducting a complete appraisal as frequently as required by Education Code 21.352(c), a district shall require that appropriate components of the appraisal process, such as classroom observations and walk-throughs, occur more frequently as necessary to ensure that a teacher receives adequate evaluation and guidance. A district shall give priority to conducting appropriate components more frequently for inexperienced teachers or experienced teachers with identified areas of deficiency. *Education Code 21.352(c-1)*

**Required Components** The statutorily required components of teacher appraisal are defined as follows:

1. The implementation of discipline management procedures is the teacher's pedagogical practices that produce student engagement and establish the learning environment.
2. The performance of teachers' students is how the individual teacher's students progress academically in response to the teacher's pedagogical practice as measured at the individual teacher level by one or more student growth measures.

*19 TAC 150.1001(f)*

**Notice and Use of Evaluations** A district shall use a teacher's consecutive appraisals from more than one year, if available, in making employment decisions and developing career recommendations for the teacher. *Education Code 21.352(e)*

The district shall notify a teacher of the results of any appraisal of the teacher in a timely manner so that the appraisal may be used as a developmental tool by the district and the teacher to improve the overall performance of the teacher. *Education Code 21.352(f)*

**Role of Extracurricular Activities** A teacher who directs extracurricular activities in addition to performing classroom teaching duties shall be appraised only on the

basis of classroom teaching performance and not on performance in connection with extracurricular activities. *Education Code 21.353*

**Disciplinary Referrals**

A district may not assign an area of deficiency to a teacher solely on the basis of disciplinary referrals made by the teacher or documentation regarding student conduct submitted by the teacher under Education Code 37.002. [See FOA for discretionary removal] A district is not prohibited from assigning an area of deficiency to a teacher based on documented evidence of a deficiency in classroom management obtained through observation or a substantiated report. *Education Code 21.352(a-1)*

**Access to Evaluations**

A district shall maintain a written copy of the evaluation of each teacher's performance in the teacher's personnel file.

Each teacher is entitled to receive a written copy of the evaluation promptly on its completion. The evaluation and any rebuttal may be given to another school district at which the teacher has applied for employment at the request of that district.

*Education Code 21.352(c)*

**Confidentiality**

A document evaluating the performance of a teacher or administrator is confidential and is not subject to disclosure under the Public Information Act, Government Code 552. *Education Code 21.355(a)* [For disclosure requirements on evaluations, see GBA]

**Two Appraisal Methods**

A district shall use one of the following methods to appraise teachers:

1. The teacher appraisal system recommended by the commissioner of education [see State Method (T-TESS), below]; or
2. A local teacher appraisal system [see District Option and Campus Option, below].

*Education Code 21.352(a); 19 TAC 150.1001(a)*

**Selection of Appraisal Method**

A superintendent, with the approval of a board, may select the state appraisal method. Each district or campus wanting to select or develop an alternative teacher appraisal system must follow the requirements set forth below at District Option or Campus Option. *19 TAC 150.1001(c)*

**Notice to Service Center**

A superintendent shall notify the executive director of the district's regional education service center in writing of the district's choice of appraisal system when using an alternative to the state appraisal method and detail the components of that system by the first day of instruction for the school year in which the alternative system is used.

A district shall submit annually to its service center a summary of the campus-level evaluation scores from the state appraisal method or the district's locally adopted appraisal system, in a manner prescribed by the commissioner.

*19 TAC 150.1008*

---

**Note:** The following provisions apply to teacher appraisal using the state appraisal method.

---

**State Method  
(T-TESS)**

The commissioner's recommended teacher appraisal system, the Texas Teacher Evaluation and Support System (T-TESS), was developed in accordance with Education Code 21.351. *19 TAC 150.1001(b), .1002(a)*

Orientation and  
Annual Review

A district shall ensure that all teachers are provided with an orientation to the T-TESS no later than the final day of the first three weeks of school and at least two weeks before the first observation when:

1. The teacher is new to the district;
2. The teacher has never been appraised under the T-TESS; or
3. District policy regarding teacher appraisal has changed since the last time the teacher was provided with an orientation to the T-TESS.

The teacher orientation shall be conducted in a face-to-face setting during a district's first year of T-TESS implementation and include all state and local appraisal policies and the local appraisal calendar. In addition to the orientation, campuses may hold other sessions sufficient in length allowing teachers to actively participate in a discussion of the T-TESS specifics and to have their questions answered.

*19 TAC 150.1006*

Appraisers

The teacher appraisal process requires at least one certified appraiser. An appraiser must be the teacher's supervisor or a person approved by the board.

*Campus  
Administrator*

Only a campus administrator may act as a certified appraiser, except as provided below.

Under the T-TESS, a "campus administrator" includes a principal, an assistant principal, an administrator who holds a comparable administrator/supervisor certificate established by the State Board for Educator Certification, or supervisory staff whose job descrip-

tion includes the appraisal of teachers and who is not a classroom teacher.

An individual other than a campus administrator may act as a certified appraiser if:

1. The individual has been certified by completing the required training prior to conducting appraisals; and
2. In the case where the certified appraiser is a classroom teacher, the certified appraiser:
  - a. Conducts appraisals at the same school campus at which the certified appraiser teaches if the certified appraiser is the chair of a department or grade level whose job description includes classroom observation responsibilities; or
  - b. Does not conduct appraisals of classroom teachers who teach at the same campus as the certified appraiser if the certified appraiser is not a department or grade-level chair.

*Training and Certification*

Before conducting appraisals, an appraiser must be certified by having satisfactorily completed the state-approved T-TESS appraiser training and having passed the T-TESS certification examination, and must have received Instructional Leadership Training (ILT), Instructional Leadership Development (ILD), or Advanced Educational Leadership (AEL) certification. Appraisers without ILT, ILD, or AEL certification before January 1, 2016, may not take ILT or ILD to satisfy the requirement. Periodic recertification and training shall be required.

*Education Code 21.351(c); 19 TAC 150.1005*

Appraisal Calendar

A district shall establish a calendar for teacher appraisals and provide that calendar to teachers within three weeks from the first day of instruction. The appraisal period for each teacher must include all of the days of the teacher's contract.

Observations during the appraisal period must be conducted during the required days of instruction for students during one school year.

The appraisal calendar shall:

1. Exclude observations in the two weeks after the day of completion of the T-TESS orientation in the school years when an orientation is required; and

2. Indicate a period for end-of-year conferences that ends no later than 15 working days before the last day of instruction for students.

*19 TAC 150.1003(d)*

A teacher may be given advance notice of the date or time of an appraisal, but advance notice is not required. *Education Code 21.352(d); 19 TAC 150.1003(c)*

Assessment of  
Teacher  
Performance

Each teacher must be appraised each school year, except as provided below at Less-Than-Annual Appraisal. Whenever possible, an appraisal shall be based on the teacher's performance in fields and teaching assignments for which he or she is certified. *19 TAC 150.1003(a)*

During the appraisal period, the certified appraiser shall evaluate and document teacher performance specifically related to the domain criteria as identified in 19 Administrative Code 150.1002(a) and the performance of teachers' students as defined in 19 Administrative Code 150.1001(f)(2). *19 TAC 150.1003(e)*

*Less-Than-  
Annual Appraisal*

A teacher may receive a full appraisal less than annually if the teacher agrees in writing and the teacher's most recent full appraisal resulted in the teacher receiving summative ratings of at least proficient on nine of the sixteen dimensions and did not identify any area of deficiency, defined as a rating of Improvement Needed or its equivalent, on any of the sixteen dimensions identified in 19 Administrative Code 150.1002(a) or the performance of teachers' students, as defined in 19 Administrative Code 150.1001(f)(2). A teacher who receives a full appraisal less than annually must receive a full appraisal at least once during each period of five school years.

District policy may stipulate:

1. Whether the option to receive a full appraisal less frequently than annually is to be made available to teachers;
2. Whether the option to receive a full appraisal less frequently than annually is to be adopted district-wide or is to be campus specific;
3. If the appraisal accompanying a teacher new to a district or campus meets this option, whether the appraisal is to be accepted or whether that teacher is to be appraised by the new campus administrator; and
4. Whether a certified appraiser may place a teacher on the traditional appraisal cycle as a result of performance deficiencies

documented in accordance with 19 Administrative Code 150.1003(b)(6) and (f) (cumulative data regarding teacher performance in addition to formal classroom observations).

A school district may choose annually to review the written agreement to have less frequent full appraisals with the teacher. However, at the conclusion of the school year, the district may modify appraisal options through board policy and may make changes to expectations for appraisals that apply to all teachers regardless of a teacher's participation in the appraisal option in the previous year(s).

In a year in which a teacher does not receive a full appraisal due to meeting the requirements, a teacher shall participate in:

1. The Goal-Setting and Professional Development Plan process;
2. The performance of teachers' students, as defined in 19 Administrative Code 150.1001(f)(2); and
3. A modified end-of-year conference that addresses:
  - a. The progress on the Goal-Setting and Professional Development Plan;
  - b. The performance of teachers' students, as defined in 19 Administrative Code 150.1001(f)(2); and
  - c. The following year's Goal-Setting and Professional Development plan.

*19 TAC 150.1003(l)*

*Domains and  
Dimensions*

Each teacher shall be appraised on the following domains and dimensions of the T-TESS rubric that is aligned to the Texas Teacher Standards in 19 Administrative Code Chapter 149 (Commissioner's Rules Concerning Educator Standards):

1. Domain I. Planning or Alternate Domain I. Lesson Internalization, which includes the following dimensions:
  - a. Standards and alignment;
  - b. Data and assessment;
  - c. Knowledge of students; and
  - d. Activities.
2. Domain II. Instruction, which includes the following dimensions:

- a. Achieving expectations;
  - b. Content knowledge and expertise;
  - c. Communication;
  - d. Differentiation; and
  - e. Monitor and adjust.
3. Domain III. Learning Environment, which includes the following dimensions:
- a. Classroom environment, routines, and procedures;
  - b. Managing student behavior; and
  - c. Classroom culture.
4. Domain IV. Professional Practices and Responsibilities, which includes the following dimensions:
- a. Professional demeanor and ethics;
  - b. Goal setting;
  - c. Professional development; and
  - d. School community involvement.

The evaluation of each of the dimensions above shall consider all data generated in the appraisal process. The data for the appraisal of each dimension shall be gathered from pre-conferences, observations, post-conferences, end-of-year conferences, the Goal-Setting and Professional Development Plan process, and other documented sources.

Each teacher shall be evaluated on the 16 dimensions in Domain I or Alternate Domain I and Domains II-IV identified above using the following categories:

1. Distinguished;
2. Accomplished;
3. Proficient;
4. Developing; and
5. Improvement needed.

Beginning with the 2024-25 school year, teachers may be appraised using Domain I or Alternate Domain I based on the alignment of teacher responsibilities to lesson planning or lesson internalization.

*Student  
Performance*

Beginning with the 2017-18 school year, each teacher appraisal shall include the performance of teachers' students, as defined in 19 Administrative Code 150.1001(f)(2) (student growth measures).

If calculating a single overall summative appraisal score for teachers, the performance of teachers' students, as defined in 19 Administrative Code 150.1001(f)(2), shall count for at least 20 percent of a teacher's summative score.

Each teacher shall be evaluated on the performance of teachers' students using one of the terms from the following categories:

1. Distinguished or well above expectations;
2. Accomplished or above expectations;
3. Proficient or at expectations;
4. Developing or below expectations; or
5. Improvement needed or well below expectations.

*19 TAC 150.1002*

Appraisal Process

The annual teacher appraisal, or full appraisal, shall include:

1. A completed and appraiser-approved Goal-Setting and Professional Development Plan that shall be:
  - a. Submitted to the teacher's appraiser within the first six weeks from the day of completion of the T-TESS orientation for teachers in their first year of appraisal under the T-TESS or for teachers new to the district; or
  - b. Initially drafted in conjunction with the teacher's end-of-year conference from the previous year, revised as needed based on changes to the context of the teacher's assignment during the current school year, and submitted to the teacher's appraiser within the first six weeks of instruction; and
  - c. Maintained throughout the course of the school year by the teacher to track progress in the attainment of goals and participation in professional development activities detailed in the approved plan;
  - d. Shared with the teacher's appraiser prior to the end-of-year conference; and
  - e. Used after the end-of-year conference in the determination of ratings for the goal setting and professional development dimensions of the T-TESS rubric;

2. For a teacher in the first year of appraisal under the T-TESS or for teachers new to the district, a Goal-Setting and Professional Development Plan conference prior to the teacher submitting the plan to the teacher's appraiser;
3. After a teacher's first year of appraisal under the T-TESS within the district, an observation pre-conference conducted prior to announced observations;
4. At least one classroom observation of a minimum of 45 minutes, with additional walk-throughs and observations conducted at the discretion of the certified appraiser and in accordance with the Education Code 21.352(c-1). Additional observations and walk-throughs do not require an observation post-conference. A board member, administrator, or teacher commits an offense if the person accepts a gift, favor, or service that:

1. Is given to the person or the person's school;
2. Might reasonably tend to influence the person in the selection of instructional material or technological equipment; and
3. Could not be lawfully purchased with state instructional materials funds.

"Gift, favor, or service" does not include:

1. Staff development, in-service, or teacher training; or

*Education Code 31.152*

**Human Sexuality  
Materials**

Course materials relating to human sexuality, sexually transmitted diseases, or human immunodeficiency virus (HIV) or acquired immune deficiency syndrome (AIDS) shall be selected by a board with the advice of the local school health advisory council (SHAC). *Education Code 28.004(e)*

Instructional materials selected for use in the public schools shall be furnished without cost to students attending those schools. Except as provided by Education Code 31.104(d), a district may not charge a student for instructional material or technological equipment purchased by the district with the district's technology and instructional materials allotment [see CMD]. *Education Code 31.001*

**Parental Access**

A parent is entitled to:

1. Review all teaching materials, instructional materials, including while the child is participating in virtual or remote learning, and other teaching aids used in the classroom of the parent's child;
2. Review each test administered to the child after the test is administered; and
3. Observe virtual instruction while the parent's child is participating in virtual or remote learning to the same extent the parent would be entitled to observe in-person instruction of the child.

A district shall make tests readily available for review by parents in person and teaching materials readily available for review by parents both in person and, if applicable, through an instructional materials portal established under Education Code 31.154 [see CMD].

The district may specify reasonable hours for in-person review. A district may not deny a parent access to an instructional materials parent portal.

*Review Period*

In providing access to instructional materials to a student's parent under this provision, the district shall allow access beginning not later than 30 days before the school year begins and concluding not earlier than 30 days after the school year ends.

For the entire period, the district shall include access to all instructional materials that pertain to each subject area in the grade level in which the student is enrolled, except for tests or exams that have not yet been administered to the student and the student's graded assignments.

*Taking Home Materials*

A student's parent is entitled to request that a district allow the student to take home any instructional materials used by the student. Subject to the availability of the instructional materials, a district or school shall honor the request. A student who takes home instructional materials must return the instructional materials to school at the beginning of the next school day if requested to do so by the student's teacher.

*Students Without Reliable Access to Technology*

A district must provide the instructional materials to the student in printed format if the student does not have reliable access to technology at the student's home. This requirement does not require a district to purchase printed copies of instructional materials that the district would not otherwise purchase. A district may comply with this requirement by providing the student a printout of the relevant electronic instructional materials.

*Learning Management System or Online Portal*

A district that uses a learning management system or any online learning portal to assign, distribute, present, or make available instructional materials as defined by Education Code 31.002 [see EFA] to students shall provide login credentials to the system or portal to each student's parent.

*Education Code 26.006*

**District Instructional Material Review**

The board shall establish a process by which a parent of a student, as indicated on the student registration form at the student's campus, may request an instructional material review under Education Code 31.0252 [see below] for a subject area in the grade level in which the student is enrolled.

The process:

1. May not require more than one parent of a student to make the request;
2. Must provide for the board to determine if the request will be granted, either originally or through an appeal process; and
3. May permit the requesting parent to review the instructional material directly before the district conducts an instructional material review.

If the parents of at least 25 percent of the students enrolled at a campus present to the board in which the campus is located a petition for the board to conduct an instructional material review under Education Code 31.0252, the board shall conduct the review, unless the petition is presented by the parents of less than 50 percent of the students enrolled at the campus and, by a majority vote, the board denies the request. A review shall include a review of instructional materials for each subject area or grade level specified in the petition.

The board is not required to conduct a review for a specific subject area or grade level at a specific district campus more than once per school year.

Parental access to instructional material provided by an instructional material review conducted under this provision is in addition to any other right to access instructional material granted by the Education Code or school district policy.

*Education Code 26.0061*

TEA shall develop standards that a district may use to conduct a review of instructional materials used by a classroom teacher in a foundation curriculum course to determine the degree in which the material corresponds with the instructional materials adopted by the district and meets the level of rigor of the essential knowledge and skills for the grade level in which it is being used. Education Code 31.0252

**Note:** For information related to the accounting of instructional materials, as this term is defined by state law and rule, see CMD.

---

The District shall provide instructional materials designed to teach the Texas Essential Knowledge and Skills and further the District's educational mission. Although the Superintendent shall ensure that professional staff select instructional materials in accordance with District policy and administrative regulations, the ultimate authority for determining and approving the curriculum and instructional program of the District lies with the Board.

**Objectives**

In this policy, "instructional materials" may include textbooks, supplementary resources for classroom use, and any other instructional resources, including electronic resources, used for formal or informal teaching and learning purposes. The primary objectives of instructional materials are to implement, enrich, and support the District's educational program.

**Selection**

Instructional materials that are textbooks and related supplemental materials, which may include items from the list of resources adopted by the State Board of Education, shall be chosen in accordance with administrative regulations and the objectives above.

The Board shall rely on District professional staff to select and acquire instructional materials that:

1. Enrich and support the curriculum consistent with the general educational goals of the state and District, the aims and objectives of individual schools and specific courses, and the District and campus improvement plans.
2. Are appropriate for the subject area and for the age, ability level, learning styles, interests, and social and emotional development of the students for whom they are selected.
3. Meet high standards for artistic quality, literary style, authenticity, educational significance, factual content, physical format, presentation, readability, and technical quality.
4. Present various sides of controversial issues so that students have an opportunity to develop, under guidance, skills in critical analysis and in making informed judgments in their daily lives. [See also EMB regarding instruction about controversial issues.]
5. Promote literacy.

District professional staff may select additional instructional materials in accordance with administrative regulations and the criteria above.

Administrators, teachers, other District personnel, parents, and community members, as appropriate, may recommend instructional materials for selection. Gifts of instructional materials shall be evaluated according to these criteria and accepted or rejected in accordance with CDC(LOCAL).

Selection of instructional materials is an ongoing process that includes the removal of materials no longer appropriate and the periodic replacement or repair of materials that still have educational value.

**Reconsideration of  
Instructional  
Materials**

A District employee or a parent or guardian of a District student may request reconsideration of instructional material used in the District's educational program on the basis that the instructional material fails to meet the standards set forth in this policy.

Guiding Principles

The following principles shall guide the Board and staff in responding to a request for reconsideration of instructional materials:

1. A complainant may raise an objection to an instructional material used in a school's educational program, despite the fact that the professional staff selecting the materials were qualified to make the selection, followed the proper procedure, and adhered to the objectives for instructional materials set out in this policy.
2. A parent's ability to exercise control over instruction extends only to his or her own child as set forth in Education Code Chapter 26.
3. Access to a challenged material shall not be restricted during the reconsideration process, except the District may deny access to a child if requested by the child's parent.

The major criterion for the final decision on challenged instructional materials is the appropriateness of the material for its intended educational use. No challenged instructional material shall be removed solely because of the ideas expressed therein.

Informal  
Reconsideration

When the District or a campus receives an objection to the appropriateness of an instructional material, the appropriate administrator shall try to resolve the matter informally. The administrator shall explain the selection process and discuss the intended educational purpose for the instructional material. If appropriate, the administrator may offer a concerned parent an alternative instructional ma-

material to be used by that parent's child in place of the challenged material.

If the complainant wishes to make a formal challenge, the administrator shall provide the complainant a copy of this policy and a form to request a formal reconsideration of the instructional material.

Formal Request for  
Reconsideration

A complainant shall make any formal request to reconsider an instructional material on the form provided by the District and shall submit the completed and signed form to the principal. Upon receipt of the form, the principal shall appoint a reconsideration committee.

The reconsideration committee shall include at least one member of the instructional staff who has experience using the challenged material with students or is familiar with the challenged material's content. Other members of the committee may include District-level staff, secondary-level students, parents, and any other appropriate individuals.

All members of the committee shall review the challenged instructional material in its entirety. As soon as reasonably possible, the committee shall meet and determine whether the challenged material conforms to the principles of selection set out in this policy and whether the challenged material will continue to be used in the educational program. The committee shall prepare a written report of its findings. The Superintendent, other appropriate administrators, and the complainant shall receive copies of the report.

*Frequency of  
Review*

After an instructional material has been reviewed through formal reconsideration, it shall not be reviewed again until it is evaluated in the periodic local selection process.

Appeal

The complainant may appeal the decision of the reconsideration committee in accordance with appropriate complaint policies, starting at the appropriate level. [See DGBA, FNG, and GF]

**School Library**

A district possesses significant discretion to determine the content of its school libraries. A district must, however, exercise its discretion in a manner consistent with the First Amendment.

Removal of Library  
Materials

Students' First Amendment rights are implicated by the removal of books from the shelves of a school library. A district shall not remove materials from a library for the purpose of denying students access to ideas with which the district disagrees. A district may remove materials because they are pervasively vulgar or based solely upon the educational suitability of the books in question.

Development  
Standards**

A district must approve and institute a collection development policy that describes the processes and standards by which a school library acquires, maintains, and withdraws materials.

A district may add procedures to these minimum requirements to satisfy local needs so long as the added procedures do not conflict with these minimum requirements. *13 TAC 4.2(i)*

Policy  
Requirements

A school library collection development policy must:

1. Describe the purpose and collection development goals;
2. Designate the responsibility for collection development;
3. Establish procedures for the evaluation, selection, acquisition, reconsideration, and deselection of materials;

  - (2) Information about titles and how and where material can be accessed;
- f. Recommend schools communicate effectively with parents regarding collection development, including, but not limited to:
  - (1) Access to district/campus policies relating to school libraries;
  - (2) Consistent access to library resources; and
  - (3) Opportunities for students, parents, educators, and community members to provide feedback on library materials and services; and

*13 TAC 4.2(c)-(d), (h)*

**Reconsideration of  
Library Material**

A reconsideration process as referenced in this provision should ensure that any parent or legal guardian of a student currently enrolled in the district or employee of the district may request the reconsideration of a specific item in their school district's library catalog.

A reconsideration process should:

1. Establish a uniform procedure an individual must follow when filing a request;
2. Require a district to include a form to request a reconsideration of an item on the school's public internet website if the school has a public internet website or ensure the form is publicly available at a district administrative office;
3. Require that the completed request for reconsideration form be distributed to the superintendent or superintendent designee, school librarian, and the board at the time of submission;
4. Include a reasonable timeframe, approved by the board, for the review and final decision by a committee charged with the review of the item in its entirety. A district should convene a review committee in accordance with criteria established by the district to ensure a thorough and fair process. A reasonable timeframe should take into account:
  - a. The time necessary to convene a committee to meet and review the item;
  - b. Flexibility that may be necessary depending on the number of pending reconsideration requests; and
  - c. Other factors relevant to a fair and consistent process, including informing the requester on the progress of the review in a timely fashion;
5. Establish a uniform process approved by the board for the treatment of any library material undergoing reconsideration;

**Collection  
Development Policy**

The purpose of this policy is to ensure that the District provides a wide range of library materials for students and faculty that support student achievement and present varying levels of difficulty, diversity of appeal, and a variety of points of view. This policy also provides standards for collection development and the selection and evaluation of library materials.

In this policy, “library materials” may include printed and electronic library acquisitions, including online catalogs, and other ancillary or supplementary materials maintained in a campus library.

The library collection development standards shall apply to all library materials available for use or display, including material contained in school libraries, classroom libraries, and online catalogs.

In developing library collections, the District shall consider the age groups, grade levels, and access to library material by all students on a campus.

**Responsibility**

The District shall ensure librarians, professional library staff, and other designated professional staff trained on the proper collection development standards select and acquire library materials in accordance with state law and rules, this collection development policy, and administrative procedures.

The Superintendent shall develop administrative procedures to ensure that library collections comply with applicable law and the District’s collection development purpose and goals.

**Collection  
Development Goals**

In addition to the requirements in state law and rules, the District’s library collections shall:

1. Present multiple viewpoints related to controversial issues [see EMB regarding instruction about controversial issues].

3. Include accurate and authentic factual content from authoritative sources.

6. Represent diverse viewpoints and cultures appropriate to each campus to ensure the collection embodies the unique background of its student population.

Selection and  
Evaluation of  
Materials

Library materials shall be selected and acquired in accordance with guidelines adopted by the Texas State Library and Archives Commission and the District standards and priorities expressed in this policy.

When selecting, acquiring, and evaluating library materials, librarians and other professional staff shall ensure that the materials:

1. Enrich and support the TEKS and the state and local curriculum, taking into consideration students' varied interests, maturity levels, abilities, and learning styles.
2. Foster growth in factual knowledge, literary appreciation, aesthetic values, and societal standards.
3. Encourage the enjoyment of reading, foster high-level thinking skills, support personal learning, and encourage discussion based on rational analysis.
4. Represent ethnic, religious, and cultural groups of the state and their contributions to the state, the nation, and the world.

The Superintendent shall ensure that administrative procedures regarding the selection of library materials consider at least two of the following factors:

1. Recommendations from students, parents or guardians, teachers, and District community members.
2. Consultation with District teachers and library staff.
3. Consultation with library staff from other districts.
4. Extensive review of the library material.
5. Context of the library material, including overall fit within the existing collection and support of District curriculum.
6. Reviews of the library material from sources such as professional journals in library science, recognized professional education or content journals with book reviews, national and state award recognition lists, library science field experts, and highly acclaimed author and literacy expert recommendations.
7. Coverage of topics, authors, series, or genres that fill gaps in the school library collection.

Access Plan

The District shall allow efficient parental access to the District's library and any available online catalogs.

Online catalogs shall be publicly available. The District shall publish information about library material titles, including how and where material can be accessed.

Each campus shall communicate the following to parents and guardians:

- Access to policies relating to school libraries and library materials;
- Consistent access to library materials and resources; and
- Opportunities for students, parents and guardians, educators, and community members to provide feedback on library materials and services.

Parental  
Involvement

Parents and guardians are the primary decision makers regarding their student's access to library material. In general, a student is afforded the opportunity to self-select library materials as part of literacy development and the library program. District staff may assist a student in selecting library material; however, the ultimate determination of appropriateness remains with the student and parent or guardian. Parents and guardians are encouraged to communicate with the campus librarian and their child's teacher about special considerations regarding library materials self-selected by their student.

In accordance with state law and administrative procedures, parents or guardians may select alternative library materials for their student. [For information on parental rights regarding instructional materials and other instructional resources, see EFA(LEGAL).]

The District shall focus on maximizing transparency with parents while meeting student needs and providing enrichment opportunities with library materials. Parental involvement in library acquisition, maintenance, and campus activities is encouraged.

*Access  
Procedures*

School Library

A parent or guardian who wishes to access a school's library shall first submit a request to the principal. The principal or a staff member designated by the principal shall work with the parent or guardian to determine a time to access the library that will not interfere with the delivery of instruction or disrupt student use of library services.

Online Catalog

A parent or guardian who wishes to access an online catalog shall submit a written request to the principal. The principal or a staff member designated by the principal shall respond to the request in accordance with administrative procedures.

Library materials shall comply with the Children's Internet Protection Act (CIPA), including technology protection measures. [See CQ]

Reconsideration of  
Library Material

A District employee or a parent or guardian of a District student may request the reconsideration of a library material maintained in the District's library program.

*Guiding  
Principles*

The following principles shall guide the review of a request to reconsider a library material:

1. An individual may raise an objection to a library material used in the District's library program, despite the fact that the professional staff selecting the materials were qualified to make the selection, followed the proper procedure, and adhered to the objectives and criteria for library materials set out in this policy.
2. A parent's or guardian's ability to exercise control over instruction and instructional resources, including library materials, extends only to his or her own child as set forth in Education Code Chapter 26.
3. Access to a challenged material shall not be restricted during the reconsideration process, except the District may deny access to a student if requested by the student's parent or guardian.

In addition to compliance with state law and this policy, a criterion for the final decision on challenged library materials is the appropriateness of the material for its intended use. No challenged library material shall be removed solely because of the ideas expressed in the library material or the personal background of the library material's author or the personal background of the characters in the material.

*Informal  
Reconsideration*

When the District or a campus receives an objection to the appropriateness of a library material, the appropriate librarian or administrator shall try to resolve the matter informally. The librarian or ad-

ministrator shall explain the selection process and discuss the intended purpose for the library material.

The librarian or administrator shall offer a concerned parent or guardian an alternative library material to be used by the child in place of the material and, if requested, shall restrict the child's access to the material objected to by the parent or guardian.

If the individual wishes to make a formal challenge, the administrator shall make available to the individual a copy of this policy and a form to request a formal reconsideration of the library material.

*Formal Request  
for  
Reconsideration*

The District shall make a form to request reconsideration of library material available in the District's administrative office.

If an employee or a parent or guardian of a District student wishes to request reconsideration of a library material, they shall follow the procedures to complete and submit the request for reconsideration form.

After a request for reconsideration form is submitted, the form shall be provided to the Superintendent. Copies of the form shall be provided to the school librarian, the Board, and any other staff designated in administrative procedures.

*Reconsideration  
Committee*

For purposes of this policy, "days" shall mean District business days, unless otherwise noted.

The principal shall appoint a reconsideration committee and notify committee members within 10 days of receiving the request for reconsideration form.

The reconsideration committee shall include the librarian and at least one member of the instructional staff who is familiar with the material's content. Other members of the committee may include District-level staff, secondary-level students, parents or guardians, and any other appropriate individuals.

Within 10 days of appointment of the committee the District shall provide members of the committee the relevant materials to review. If additional time is required to obtain and distribute the materials for review, all members of the committee shall be informed that a reasonable extension of time is needed.

All members of the committee shall review the challenged library material in its entirety and determine whether the material conforms to this policy and whether the material will continue to be available in the library. The committee shall prepare a written report of its findings.

Absent extenuating circumstances, the written report shall be provided to the administration within 60 days of the District providing the material to the committee members. In calculating timelines under this policy, the day the committee is provided the materials is "day zero." The following business day is "day one."

Extensions of time due to extenuating circumstances shall take into consideration the time necessary to convene the committee members, the amount of material being reviewed, and any other pending reconsideration requests being handled by the committee.

An extension of any deadline shall be promptly communicated to the individual who submitted the request for reconsideration.

The Superintendent, the school librarian, the individual submitting the request for reconsideration, and any other appropriate administrators shall receive a copy of the committee's report.

*Appeal*

An individual who submitted a request for reconsideration may appeal the decision of the reconsideration committee in accordance with appropriate complaint policies, starting at the level immediately preceding Board consideration of a complaint. [See DGBA and FNG]

*Frequency of Review*

After a library material has been reviewed through the reconsideration process, it shall not be reviewed again within two calendar years of the reconsideration committee's final decision.

Maintenance of Library Materials

In accordance with state guidelines and District administrative procedures, collections shall be evaluated and updated regularly based on the collections' age, relevance, diversity, and variety. The Superintendent shall ensure administrative procedures are established for regular maintenance of the library collection on each campus. Standard maintenance procedures for any library collection include repair, replacement, and removal of materials as necessary. Regular maintenance shall also include scheduled inventories of the collection. Disposal of any District-owned library materials shall be in accordance with District policy and procedures. [See C]

**Gifts and Donations**

The District shall accept gifts and donations of library materials with the understanding that the use and disposition of the materials and monies will be in accordance with District policy and the selection criteria noted above. [See CDC]

**Policy Review**

This policy shall be reviewed at least every three years and revised as necessary.

**Identification**

Child Find

A district shall ensure that all children residing within the district who have disabilities, regardless of the severity of their disabilities, and who are in need of special education and related services are identified, located, and evaluated. This requirement applies to:

1. Homeless children;
2. Children who are wards of the state;
3. Children attending private schools;
4. Highly mobile children (including migrant children); and
5. Children who are suspected of being in need of special education but who are advancing from grade to grade.

*20 U.S.C. 1412(a)(3)(A); 34 C.F.R. 300.111(a)(1)(i), (c)*

*Private School  
Students*

A district shall conduct a timely and meaningful consultation with private school representatives regarding the child find process and the provision of special education and related services to children enrolled in private schools in the district.

A district shall undertake activities similar to those undertaken for public school children and shall complete the child find process for children enrolled in private schools in a time period comparable to that for other students attending public schools in the district.

*20 U.S.C. 1412(a)(10)(A)(ii)-(iv)* [See EHBAC regarding students in nondistrict placement.]

*Preschool  
Students*

A district shall develop a system to notify district residents with children who are at least three and younger than six and who are eligible for enrollment in a special education program of the availability of the program. *Education Code 29.009*

**Requests and  
Referrals for  
Evaluation**

The screening of a student by a teacher or specialist to determine appropriate instructional strategies for curriculum implementation shall not be considered to be an evaluation for eligibility for special education and related services. *20 U.S.C. 1414(a)(1)(E)*

Referral of students for a full individual and initial evaluation for possible special education services shall be a part of a district's overall general education referral or screening system. Either a parent, the Texas Education Agency (TEA), another state agency, or the district may initiate a request for an initial evaluation.

District Obligation to  
Refer

Students experiencing difficulty in the general classroom should be considered for all support services available to all students, such as tutorial; remedial; compensatory; response to evidence-based intervention; and other academic or behavior support services. A student is not required to be provided with interventions for any

specific length of time prior to a referral being made or a full individual and initial evaluation being conducted. If the student continues to experience difficulty in the general classroom with the provision of interventions, district personnel must refer the student for a full individual and initial evaluation. A referral for a full individual and initial evaluation may be initiated at any time by school personnel, the student's parents or legal guardian, or another person involved in the education or care of the student.

*19 TAC 89.1011(a)*

Parental Request

If a parent submits a written request to a district's director of special education services or to a district administrative employee for a full individual and initial evaluation of a student, the district shall, not later than the 15th school day after the date the district receives the request:

1. Provide the parent with prior written notice of its proposal to conduct an evaluation consistent with 34 C.F.R. 300.503, a copy of the procedural safeguards notice required by 34 C.F.R. 300.504, and an opportunity to give written consent for the evaluation; or
2. Provide the parent with prior written notice of its refusal to conduct an evaluation consistent with 34 C.F.R. 300.503, and a copy of the procedural safeguards notice required by 34 C.F.R. 300.504.

*19 TAC 89.1011(b); Education Code 29.004(c); 20 U.S.C. 1414(a)(1); 34 C.F.R. 300.301*

Notice of Rights

A reasonable time before a district proposes or refuses to initiate the identification, evaluation, or educational placement of a student or the provision of a free appropriate public education (FAPE) to a student, the district shall provide written notice to the student's parent or guardian. *20 U.S.C. 1415(b)(3); 34 C.F.R. 300.503(a)* [See EHBAE]

Initial Evaluation  
Required

A district shall conduct a full individual and initial evaluation before the initial provision of special education and related services. *20 U.S.C. 1414(a)(1)(A)*

*Consent for Initial  
Evaluation*

Before a district conducts an initial evaluation, it shall make reasonable efforts to obtain informed parental consent.

If the parent does not provide consent for an initial evaluation, or if the parent fails to respond to a request to provide consent, a district may, but is not required to, pursue the initial evaluation by utilizing due process procedures [see EHBAE], except to the extent inconsistent with state law relating to such parental consent.

Parental consent to initial evaluation shall not be construed as consent for placement for special education and related services.

*20 U.S.C. 1414(a)(1)(D)(i)(I); 34 C.F.R. 300.300(b)*

Wards of the  
State

If the child is a ward of the state and is not residing with the child's parent, a district shall make reasonable efforts to obtain the informed consent from the parent for an initial evaluation, unless:

1. Despite reasonable efforts to do so, the district cannot discover the whereabouts of the parent;
2. The rights of the parent have been terminated; or
3. The rights of the parent to make educational decisions have been subrogated and an individual appointed by a judge to represent the student has given consent for an initial evaluation.

*20 U.S.C. 1414(a)(1)(D)(iii); 34 C.F.R. 300.300(a)(2)*

*Time Frame for  
Completion of  
Written Report*

A district must complete the written report of a full individual and initial evaluation:

1. Not later than the 45th school day following the date on which the district receives written consent for the evaluation from the student's parent. If a student has been absent from school during that period on three or more school days, the period must be extended by a number of school days equal to the number of school days during that period on which the student has been absent; or
2. For students under five years of age by September 1 of the school year and not enrolled in public school and for students enrolled in a private or homeschool setting, not later than the 45th school day following the date on which the district receives written consent for the evaluation from the student's parent.

If a district receives written consent for the evaluation from the student's parent at least 35 but less than 45 school days before the last instructional day of the school year, the written report of a full individual and initial evaluation of a student must be provided to the student's parent not later than June 30 of that year.

If a district receives written consent signed by a student's parent less than 35 school days before the last instructional day of the school year or if the district receives the written consent at least 35 but less than 45 school days before the last instructional day of the school year but the student is absent from school during that period on three or more days, the report must be completed not later

than the 45th school day following the date the district received written consent, except that the period must be extended by a number of school days equal to the number of school days during that period on which the student has been absent.

A student is considered absent for the school day if the student is not in attendance at the school's official attendance taking time or at the alternate attendance taking time set for that student. A student is considered in attendance if the student is off campus participating in an activity that is approved by the school board and is under the direction of a professional staff member of the school district or an adjunct staff member who has a minimum of a bachelor's degree and is eligible for participation in the Teacher Retirement System of Texas.

"School day" does not include a day that falls after the last instructional day of the spring school term and before the first instructional day of the subsequent fall school term.

These time frames shall not apply if the parent repeatedly fails or refuses to produce the child for the evaluation.

Transfer  
Students

A district shall ensure that evaluations of children who transfer from one district to another in the same academic year are coordinated with the children's prior and subsequent schools, as necessary and as expeditiously as possible, to ensure prompt completion of evaluations.

If a student was in the process of being evaluated for special education eligibility by a district and enrolls in another school district before the previous district completed the full individual and initial evaluation, the new district must coordinate with the previous district as necessary and as expeditiously as possible to ensure a prompt completion of the evaluation in accordance with 34 C.F.R., 300.301(d)(2) and (e) and 300.304(c)(5).

The timelines above do not apply in such a situation if:

1. The new school district is making sufficient progress to ensure a prompt completion of the evaluation; and
2. The parent and the new school district agree to a specific time when the evaluation will be completed.

*20 U.S.C. 1414(a)(1)(C), (b)(3)(D); 34 C.F.R. 300.301(c)-(e); Education Code 29.004; 19 TAC 89.1011*

*Psychological  
Examinations*

If a district determines that an additional examination or test is required for the initial and individual evaluation, the district shall provide the information required by Education Code 29.0041(a) and

shall obtain additional parental consent. If a parent does not give consent within 20 calendar days after the district provided the information, the parent's consent is considered denied.

The time required for a district to provide information and seek consent may not be counted toward the time frame for completion of an evaluation. [See Time Frame for Completion of Written Report, above]

*Education Code 29.0041*

**Eligibility and  
Reevaluations**

A student is eligible to participate in a district's special education program if:

1. The student is between the ages of 3 and 21, inclusive;
2. The student has one or more of the disabilities listed in federal regulations, state law, or both; and
3. The student's disability(ies) prevents the student from being adequately or safely educated in the public schools without the provision of special services.

*20 U.S.C. 1401(3); Education Code 29.003(b); 19 TAC 89.1035*

**Disability Definitions**

To be eligible to receive special education services, a student must be a "child with a disability," as defined in 34 C.F.R. 300.8(a), subject to the provisions of 34 C.F.R. 300.8(c), Education Code 29.003, and 19 Administrative Code 89.1040. The provisions in 19 Administrative Code 89.1040 specify criteria to be used in determining whether a student's condition meets one or more of the definitions in federal regulations or in state law. *19 TAC 89.1040*

[For more information on special education of students with dyslexia and related disorders, see EHB.]

**Visual and Auditory  
Impairments**

Students with visual impairments or who are deaf or hard of hearing shall be eligible to participate in a district's special education program from birth. *19 TAC 89.1035(b); Education Code 30.002(e), .081*

**Determination of  
Initial Eligibility**

Upon completion of the administration of assessments and other evaluation measures, a team of qualified professionals and the parent shall make the determination of whether the child has a disability and of the educational needs of the child.

A district shall provide a copy of the evaluation report and the documentation of determination of eligibility at no cost to the parent.

*20 U.S.C. 1414(b)(4); 34 C.F.R. 300.306(a)*

The admission, review, and dismissal (ARD) [see EHBAB] committee must make its decisions regarding a student's initial eligibility determination and, if appropriate, individualized education program (IEP) and placement within 30 calendar days from the date of the completion of the written full individual and initial evaluation report. If the 30th day falls during the summer and school is not in session, the student's ARD committee has until the first day of classes in the fall to finalize decisions concerning the student's initial eligibility determination, IEP, and placement, unless the full individual and initial evaluation indicates that the student will need extended school year (ESY) services during that summer.

When a report is provided to a parent not later than June 30 as described at Time Frame for Completion of Written Report, above, the ARD committee must meet not later than the 15th school day of the following school year to consider the evaluation. If, however, an evaluation indicates that a student will need ESY services, the ARD committee must meet as expeditiously as possible.

*19 TAC 89.1011(d), (e)*

[For information regarding the evaluation and identification process when dyslexia is a suspected disability, see EHB.]

Consent for  
Services

*Initial Provision of  
Services*

A district must obtain informed consent from the parent for the initial provision of special education and related services. If the parent of a child fails to respond to a request for, or refuses to consent to, the initial provision of services, the district:

1. May not use the procedures in 34 C.F.R. part 300 subpart E (including the mediation and due process procedures) in order to obtain agreement or a ruling that the services may be provided to the child;
2. Will not be considered to be in violation of the requirement to make FAPE available to the child for the failure to provide the services for which the district requests consent; and
3. Is not required to convene an ARD meeting or develop an IEP for the child for the services.

*Revoking  
Consent*

If, at any time after the provision of initial services, the parent of a child revokes consent in writing for the continued provision of services, the district:

1. May not continue to provide services to the child, but must provide prior written notice before ceasing services;

2. May not use the procedures in 34 C.F.R. part 300 subpart E in order to obtain agreement or a ruling that the services may be provided to the child;
3. Will not be considered to be in violation of the requirement to make FAPE available to the child because of the failure to provide the child with further services; and
4. Is not required to convene an ARD meeting or develop an IEP for further provision of services.

*34 C.F.R. 300.300(b)*

Reevaluations

A district shall ensure that each child with a disability is reevaluated if the district determines that the educational or related services needs of the child, including improved academic achievement and functional performance, warrant a reevaluation, or if the child's parent or teacher requests a reevaluation.

Reevaluation shall occur:

1. No more than once a year, unless the parent and the district agree otherwise; and
2. At least once every three years, unless the parent and district agree that a reevaluation is unnecessary.

A district shall obtain informed parental consent before conducting a reevaluation, except that informed parental consent is not needed if the district can demonstrate that it has taken reasonable measures to obtain consent and the child's parent has failed to respond.

*20 U.S.C. 1414(a)(2), (c)(3); 34 C.F.R. 300.303*

Evaluation for  
Change in Eligibility

A district must evaluate a child with a disability before determining that the child is no longer a child with a disability. However, an evaluation is not required before the termination of eligibility due to graduation from secondary school with a regular diploma or due to exceeding the age eligibility for FAPE under state law. If a child's eligibility terminates under the aforementioned circumstances, a district must provide a summary of academic achievement and functional performance, which shall include recommendations on how to assist the child in meeting the child's postsecondary goals. *34 C.F.R. 300.305(e); 20 U.S.C. 1414(c)(5)*

All students graduating under 19 Administrative Code 89.170 [see EIF] must be provided with a summary of academic achievement and functional performance as described above. This summary must consider, as appropriate, the views of the parent and student and written recommendations from adult service agencies on how

to assist the student in meeting postsecondary goals. An evaluation as required by 34 C.F.R. 300.305(e)(1), must be included as part of the summary for a student graduating under 19 Administrative Code 89.1070(b)(3)(A), (B), or (C) or (f)(4)(A), (B), or (C). *19 TAC 89.1070(g)*

**Independent  
Evaluation**

The parents have a right to obtain an independent educational evaluation of their child. If a parent requests an independent evaluation, a district shall provide the parents with information regarding where one can be obtained and the district's criteria for independent evaluations.

The results of a parent-initiated independent educational evaluation, whether at public or private expense, must be considered by the district if it meets the district's criteria, in any decision made with respect to providing FAPE to the child.

*At Public  
Expense*

If a parent requests an independent evaluation at public expense, the district shall, without unnecessary delay, either:

1. File a due process complaint to request a hearing to show that its evaluation is appropriate; or
2. Ensure that an independent evaluation is provided at public expense, unless the district demonstrates that the evaluation obtained by the parent did not meet district criteria.

*At Private  
Expense*

If a district initiates a hearing, and the final decision is that the district's evaluation is appropriate, the parent still has a right to an independent evaluation, but not at public expense.

*34 C.F.R. 300.502*

**Prescription  
Medication**

An employee of a district is prohibited from requiring a child to obtain a prescription for a substance covered under the federal Controlled Substances Act (21 U.S.C. 801 et seq.) as a condition of attending school, receiving an evaluation for special education, or receiving special education and related services.

An employee is not prohibited from consulting or sharing classroom-based observations with parents regarding a student's academic and functional performance, behavior in the classroom or school, or the need for evaluation for special education or related services.

*20 U.S.C. 1412(a)(25)*

**Admission, Review,  
and Dismissal  
Committee**

Each district must establish an admission, review, and dismissal (ARD) committee for each eligible student with a disability and for each student for whom a full individual and initial evaluation is conducted. The ARD committee is the individualized education program (IEP) team defined in federal law and regulations, including 34 C.F.R. 300.321.

The district is responsible for all of the functions for which the IEP team is responsible under federal law and regulations and for which the ARD committee is responsible under state law, including the responsibilities listed at 19 Administrative Code 89.1050.

*19 TAC 89.1050(a); 34 C.F.R. 300.116(a), .321(a)*

**Committee  
Members**

A district shall ensure that each ARD committee meeting includes all of the following:

1. The parents of a student with a disability;
2. At least one regular education teacher of the student (if the student is, or may be, participating in the regular education environment), who must, to the extent practicable, be a teacher who is responsible for implementing a portion of the student's IEP;
3. At least one special education teacher or, if appropriate, at least one special education provider of the student;
4. A representative of the district who:
  - a. Is qualified to provide or supervise the provision of specially designed instruction to meet the unique needs of students with disabilities;
  - b. Is knowledgeable about the general education curriculum; and
  - c. Is knowledgeable about the availability of resources of the district;
5. Other individuals who have knowledge or special expertise regarding the student at the discretion of the district or the parent;
6. An individual who can interpret the instructional implications of evaluation results, who may be a member of the ARD committee described in items 2-5;
7. The student, if appropriate;

8. For a student who is suspected to be deaf or hard of hearing, a teacher who is certified in the education of students who are deaf or hard of hearing;
9. For a student with a suspected or documented visual impairment, a teacher who is certified in the education of students with visual impairments;
10. For a student with suspected or documented deaf-blindness, a teacher who is certified in the education of students with visual impairments and a teacher who is certified in the education of students who are deaf or hard of hearing;
11. For a student with limited English proficiency, a member of the language-proficiency assessment committee (LPAC), who may also be a member as described at items 2 or 3;
12. A representative of any participating agency likely to be responsible for providing transition services for a student, as appropriate, and with the consent of the student's parents or a student who has reached the age of majority; and
13. When considering initial or continued placement of a student in a career and technical education program, a representative from career and technical education, preferably the teacher.

The special education teacher or special education provider that participates in the ARD committee meeting must be appropriately certified or licensed as required by 34 C.F.R. 300.156.

*19 TAC 75.1023(d)(1), 89.1050(c); 20 U.S.C. 1414(d)(1)(B); 34 C.F.R. 300.321;*

A district member of the ARD committee shall not be required to attend an IEP meeting, in whole or in part, if the parent and the district agree in writing that the attendance is not necessary because the member's area of the curriculum or related services is not being modified or discussed during the meeting.

A district member of the ARD committee may be excused from attending an IEP meeting, in whole or in part, when the meeting involves a modification to or discussion of the member's area of curriculum or related services if the parent, in writing, and the district consent to the excusal and the member submits, in writing, to the parent and the ARD committee, input into the development of the IEP before the meeting.

*20 U.S.C. 1414(d)(1)(C); 34 C.F.R. 300.321(e)*

*Regular  
Education  
Teacher*

If an ARD committee is required to include a regular education teacher, the regular education teacher must, to the extent practicable, be a teacher who is responsible for implementing a portion of the child's IEP. *Education Code 29.005(a)*

*Parent  
Involvement*

A district shall take steps to ensure that one or both parents of a student with a disability are present at each ARD committee meeting or are afforded an opportunity to participate, including:

1. Notifying the parents of the meeting early enough to ensure that they will have an opportunity to attend (the notice shall include the purpose, time, and location of the meeting, who will be in attendance, that persons with knowledge or special expertise may be invited by either the parent or the district, and that the Part C service coordinator or other representatives of the Part C system may be invited to the initial meeting for a child previously served under a Part C early childhood intervention program); and
2. Scheduling the meeting at a mutually agreed on time and place.

If the purpose of the meeting is to consider transition services, the notice must also indicate this purpose, indicate that the district will invite the student, and identify any other agency that will be invited to send a representative.

*34 C.F.R. 300.322(a)-(b); 19 TAC 89.1050(d)*

*Alternative  
Means of  
Meeting  
Participation*

If neither parent can attend an ARD meeting, the district must allow other methods of participation, such as through telephone calls or video conferencing. *20 U.S.C. 1414(f); 34 C.F.R. 300.322(c); 19 TAC 89.1050(d)*

An ARD meeting may be conducted without a parent in attendance if a district is unable to convince the parents that they should attend, but the district shall have a record of its attempts to arrange a mutually agreed on time and place, such as detailed records of telephone calls, correspondence, or visits made or attempted and the results of any of those actions. *34 C.F.R. 300.322(d)*

Meetings

A district shall initiate and conduct ARD committee meetings for the purpose of developing, reviewing, and revising the IEP of a child with a disability. The committee shall review each child's IEP periodically, and, if appropriate, revise the IEP. A meeting must be held for this purpose at least once a year. The ARD committee must also determine the child's placement once a year.

A "meeting" does not include informal or unscheduled conversations involving district personnel and conversations on issues such

as teaching methodology, lesson plans, or coordination of service provisions if those issues are not addressed in the child's IEP. A "meeting" also does not include preparatory activities that district personnel engage in to develop a proposal or response to a parent proposal that will be discussed at a later meeting.

*Meeting at  
Parent's Request*

Upon receipt of a written request for an ARD committee meeting from a parent, the school district must schedule and convene a meeting in accordance with the procedures in 19 Administrative Code 89.1050(d) or within five school days, provide the parent with written notice explaining why the district refuses to convene a meeting. *19 TAC 89.1050(e)*

Written Notice

A district must provide the parent with a written notice regarding the ARD committee meeting required under 19 Administrative Code 89.1050(d) (notice for purposes of scheduling) or (e)(2) (notice explaining why the district refuses to convene a meeting) in the parent's native language, unless it is clearly not feasible to do so. If the parent's native language is not a written language, the school district must take steps to ensure that the notice is translated orally or by other means to the parent in his or her native language or other mode of communication so that the parent understands the content of the notice. *19 TAC 89.1050(f)*

**Students New to a  
District**

In-State Transfers

When a student transfers to a new district within the state in the same school year and the parents or previous district verifies that the student had an IEP that was in effect in the previous district, the new school district must meet the requirements of 34 C.F.R. 300.323(e) regarding the provision of special education services. The timeline for completing the requirements outlined in 34 C.F.R. 300.323(e)(1) or (2) is 20 school days from the date the student is verified as being a student eligible for special education services.

Transfers from  
Another State

When a student transfers from a district in another state in the same school year and the parents or previous district verifies that the student had an IEP that was in effect in the previous district, the new district must meet the requirements of 34 C.F.R. 300.323(f) regarding the provision of special education services. If the new district determines that an evaluation is necessary, the evaluation is considered a full individual and initial evaluation and must be completed within the timelines established by 19 Administrative Code 89.1011(c) and (e). The timeline for completing the requirements in 34 C.F.R. 300.323(f)(2), if appropriate, is 30 calendar days from the date of the completion of the evaluation report. If the district determines that an evaluation is not necessary, the timeline for completing the requirements outlined in 34 C.F.R.

300.323(f)(2) is 20 school days from the date the student is verified as being a student eligible for special education services.

*19 TAC 89.1050(j)(1)-(2)*

Transfer During the  
Summer

A student who registers in a new district during the summer is not considered a transfer student for the purposes of this provision or for 34 C.F.R. 300.323(e) or (f). For these students, if the parents or in- or out-of-state district verifies before the new school year begins that the student had an IEP that was in effect in the previous district, the new district must implement the IEP from the previous district in full on the first day of class of the new school year or must convene an ARD committee meeting during the summer to revise the student's IEP for implementation on the first day of class of the new school year. If the student's eligibility for special education and related services cannot be verified before the start of the new school year, the timelines for transfer students apply to the student.

If the new district wishes to convene an ARD committee meeting to consider revision to the student's IEP before the beginning of the school year, the new district must determine whether the parent will agree to waive the requirement in 19 Administrative Code 89.1050(d) that the written notice of the ARD committee meeting must be provided at least five school days before the meeting. If the parent agrees to a shorter timeframe, the new district must make every reasonable effort to hold the ARD committee meeting prior to the first day of the new school year if the parent agrees to the meeting time.

*19 TAC 89.1050(j)(4)-(5)*

Verification

For purposes of the transfer provisions in 19 Administrative Code 89.1050, "verify" means that the new school district has received a copy of the student's IEP that was in effect in the previous district.

Services Before  
Verification

While waiting for verification, the new district must take reasonable steps to provide, in consultation with the student's parents, services comparable to those the student received from the previous district if the new district has been informed by the previous school district of the student's special education and related services and placement.

*19 TAC 89.1050(j)(6)-(7)*

Transfer of Records

The new district must take reasonable steps to promptly obtain the student's records from the previous school district, and, in accordance with Education Code 25.002, and 34 C.F.R. 300.323(g), the previous district must furnish the new school district with a copy of the student's records, including the student's special education

records, not later than the 10th working day after the date a request for the information is received by the previous school district.

*20 U.S.C. 1414(d)(2)(C)(ii); 34 C.F.R. 300.323(g); 19 TAC 89.1050(j)(3)*

**Students Who Are Homeless or in Substitute Care**

When a student who is homeless or in substitute care transfers into a district after being referred by a previous district for a special education evaluation, the receiving district must accept the referral and ensure that any written report of a full individual and initial evaluation is completed in accordance with the timelines established in 19 Administrative Code 89.1011 (relating to Full and Individual Initial Evaluation).

When a student who is homeless or in substitute care is eligible for special education and transfers into a new district during the school year, the receiving district must ensure that it meets the student transfer requirements of 19 Administrative Code 89.1050(j) (relating to the Admission, Review, and Dismissal Committee).

*19 TAC 89.1615*

**Military Dependents**

A district shall initially provide comparable services to a military student with disabilities based on his or her current IEP. This does not preclude the district from performing subsequent evaluations to ensure appropriate placement of the student. *Education Code 162.002 art. V, C [See FDD]*

**Individualized Education Program**

A district shall develop, review, and revise an IEP for each child with a disability. *20 U.S.C. 1412(a)(4); 34 C.F.R. 300.320(a)*

At the beginning of each school year, a district shall have in effect, for each child with a disability in its jurisdiction, an IEP. *20 U.S.C. 1414(d)(2)(A); 34 C.F.R. 300.323(a)*

The term "individualized education program" means a written statement for each student with a disability that documents the decisions of the ARD committee with respect to issues discussed at each committee meeting and includes:

1. A statement of the student's present levels of academic achievement and functional performance;
2. A statement of measurable annual goals, including academic and functional goals;
3. A description of how the student's progress toward the annual goals will be measured and when periodic reports on the progress of the student will be provided;

4. A statement of the specific special education and related services and supplementary aids and services, based on peer-reviewed research to the extent practicable, to be provided to the student;
5. A statement of the program modifications or supports for school personnel that will be provided for the student;
6. An explanation of the extent, if any, to which the student will not participate with nondisabled students in the regular class and in extracurricular and nonacademic activities;
7. The projected dates for initiation of services and modifications and the anticipated frequency, location, and duration of these services and modifications;
8. A statement of any individual appropriate and allowable accommodations that are necessary to measure the academic achievement and functional performance of the student on state or district-wide assessments;
9. If the ARD committee determines that the student must take an alternative assessment instead of a particular regular state or district-wide assessment, a statement of why the student cannot participate in the regular assessment and why the particular assessment selected is appropriate for the student;
10. If the ARD committee determines that a student is in need of extended school year (ESY) services, identification of the goals and objectives that will be addressed during ESY services;
11. Beginning not later than when a student reaches 14 years of age and updated annually thereafter, the ARD committee's consideration and decisions regarding the transition issues under 19 Administrative Code 89.1055(h) [see EHBAD];
12. Beginning not later than the first IEP to be in effect when the student is 16, or younger if determined appropriate by the ARD committee, and updated annually thereafter, a statement of appropriate measurable postsecondary goals and transition services needed to assist the student in reaching those goals [see EHBAD];
13. Beginning not later than one year before the student reaches the age of 17, a statement that the student has been informed of the rights that will transfer to the student upon reaching the age of majority;
14. The date of the meeting;

15. The name, position, and signature of each member participating in the meeting; and
16. An indication of whether the child's parents, the adult student, if applicable, and the administrator agreed or disagreed with the decisions of the ARD committee.

*20 U.S.C. 1414(d); 34 C.F.R. 300.320; Education Code 29.005(b-1), .011; 19 TAC 89.1055*

The written statement of a student's IEP may be required to include only information included in the model form developed by the Texas Education Agency (TEA) under Education Code 29.0051(a) and posted on the TEA website. A district may use the model form to comply with the requirements for an IEP under 20 U.S.C. 1414(d). *Education Code 29.005(f), .0051*

Supplemental  
Special Education  
Services

The ARD committee of a student approved for participation in the supplemental special education services and instructional materials program shall provide to the student's parent at an ARD committee meeting for the student:

1. Information regarding the types of supplemental special education services available under the program and provided by agency-approved providers for which an account maintained under Education Code 29.042(b) for the student may be used; and
2. Instructions regarding accessing the account.

The supplemental special education services and instructional materials program (SSES) expires September 1, 2024.

*Education Code 29.048*

A district shall notify families of their eligibility for the SSES program and shall provide the following at the student's ARD committee meeting: instructions and resources on accessing the online accounts and information about the types of goods and services that are available through the SSES grant.

A student's ARD committee may not consider a student's current or anticipated eligibility for any supplemental special education instructional materials or services that may be provided under the SSES program when developing or revising a student's IEP, when determining a student's educational setting, or in the provision of a free appropriate public education.

*19 TAC 102.1601(i)-(j)*

Behavioral  
Intervention Plan

The ARD committee may determine that a behavior improvement plan or a behavioral intervention plan is appropriate for a student for whom the committee has developed an IEP. *Education Code 29.005(g)*

If the committee makes that determination, the behavior improvement plan or behavioral intervention plan shall be included as part of the student's IEP and provided to each teacher with responsibility for educating the student.

If a behavior improvement plan or a behavioral intervention plan is included as part of a student's IEP, the ARD committee shall re-view the plan at least annually, and more frequently if appropriate, to address:

1. Changes in a student's circumstances that may impact the student's behavior, such as:
  - a. The placement of the student in a different educational setting;
  - b. An increase or persistence in disciplinary actions taken regarding the student for similar types of behavioral incidents;
  - c. A pattern of unexcused absences; or
  - d. An unauthorized, unsupervised departure from an educational setting; or
2. The safety of the student or others.

*19 TAC 89.1055(g); Education Code 29.005(h)*

Translation of IEP  
into Native  
Language

If the parent is unable to speak English and Spanish is the parent's native language, a district shall provide a written or audiotaped copy of the student's IEP translated into Spanish. If the parent's native language is other than Spanish or English, a district shall make a good faith effort to provide a written or audiotaped copy of the student's IEP translated into the parent's native language. *Education Code 29.005(d)*

A written copy of the student's IEP translated into Spanish or the parent's native language means that all of the text in the student's IEP in English is accurately translated into the target language in written form. The IEP translated into the target language must be a comparable rendition of the IEP in English and not a partial translation or summary of the IEP in English.

An audio recording of the student's IEP translated into Spanish or the parent's native language means that all of the content in the

student's IEP in English is orally translated into the target language and recorded with an audio device. A district is not prohibited from providing the parent with an audio recording of an ARD committee meeting at which the parent was assisted by an interpreter as long as the audio recording provided to the parent contains an oral translation into the target language of all of the content in the student's IEP in English.

If a parent's native language is not a written language, the district must take steps to ensure that the student's IEP is translated orally or by other means to the parent in his or her native language or other mode of communication.

Under 34 C.F.R. 300.322(f), a district must give a parent a written copy of the student's IEP at no cost to the parent. A school district meets this requirement by providing a parent with a written copy of the student's IEP in English or by providing a parent with a written translation of the student's IEP in the parent's native language as provided above.

*19 TAC 89.1050(i)*

Autism/Pervasive  
Developmental  
Disorder

For students with autism/pervasive developmental disorders, the following strategies shall be considered by the ARD committee, based on peer-reviewed, research-based educational programming practices to the extent practicable and, when needed, addressed in the IEP:

1. Extended educational programming;
2. Daily schedules reflecting minimal unstructured time and active engagement in learning activities;
3. In-home training and community-based training or viable alternatives that assist the student with the acquisition of social/behavioral skills;
4. Positive behavior support strategies based on relevant information;
5. Beginning at any age, futures planning for integrated living, work, community, and educational environments that considers skills necessary to function in current and postsecondary environments;
6. Parent/family training and support, provided by qualified personnel with experience in Autism Spectrum Disorders (ASD);
7. Suitable staff-to-student ratio appropriate to identified activities and as needed to achieve social/behavioral progress based on the student's developmental and learning level (ac-

quisition, fluency, maintenance, generalization) that encourages work towards individual independence;

8. Communication interventions, including language forms and functions that enhance effective communication across settings;
9. Social skills supports and strategies based on social skills assessment/curriculum and provided across settings;
10. Professional educator/staff support; and
11. Teaching strategies based on peer-reviewed, research-based practices for students with ASD.

If the ARD committee determines that services are not needed in one or more of the areas in 1-11 above, the IEP shall include a statement reflecting that decision and the basis upon which the determination was made.

*19 TAC 89.1055(e)-(f)*

*Visual  
Impairment*

If a district provides special education services to students with visual impairments, it shall have written procedures as required in Education Code 30.002(c)(10) (staff access to resources). *19 TAC 89.1075(b)*

*Collaborative  
Process*

All members of the ARD committee must have the opportunity to participate in a collaborative manner in developing the IEP. The district must take all reasonable actions necessary to ensure that the parent understands the proceedings of the ARD committee meeting, including arranging for an interpreter for parents who are deaf or hard of hearing or whose native language is a language other than English. A decision of the ARD committee concerning required elements of the IEP must be made by mutual agreement if possible. The ARD committee may agree to an annual IEP or an IEP of shorter duration.

*Ten-Day Recess*

When mutual agreement about all required elements of the IEP is not achieved, the parent who disagrees must be offered a single opportunity to recess and reconvene the ARD committee meeting. The period of time for reconvening the ARD committee meeting must not exceed 10 school days, unless the parties mutually agree otherwise. The ARD committee must schedule the reconvened meeting at a mutually agreed upon time and place. The opportunity to recess and reconvene is not required when:

1. The student's presence on campus represents a danger of physical harm to the student or others;
2. The student has committed an expellable offense; or

3. The student has committed an offense that may lead to placement in a disciplinary alternative education program. [See FOF]

These requirements do not prohibit the ARD committee from recessing an ARD committee meeting for reasons other than the failure to reach mutual agreement about all required elements of an IEP.

During the recess, the ARD committee members must consider alternatives, gather additional data, prepare further documentation, and/or obtain additional resource persons who may assist in enabling the ARD committee to reach mutual agreement.

*Failure to Reach Agreement*

If a recess is implemented and the ARD committee still cannot reach mutual agreement, a district shall implement the IEP it has determined to be appropriate for the student. Each member of the ARD committee who disagrees with the IEP developed by the ARD committee is entitled to include a statement of disagreement in the IEP.

If the IEP is not developed by agreement, the written statement of the program must include the basis of the disagreement. Each member of the ARD committee who disagrees with the IEP developed by the committee is entitled to include a statement of disagreement in the written statement of the program.

*19 TAC 89.1050(g); Education Code 29.005(c)*

Modification of Existing IEP

Changes to the IEP may be made either by the entire ARD committee or by amending the IEP by agreement, rather than redrafting the entire IEP.

After the annual IEP meeting for a school year, the parent and district may agree not to convene an IEP meeting for the purposes of making changes to the IEP and instead may develop a written document to amend or modify the child's current IEP.

Upon request, a parent shall be provided with a revised copy of the IEP with amendments incorporated.

To the extent possible, a district shall encourage the consolidation of reevaluation meetings for the child and other ARD meetings for the child.

*20 U.S.C. 1414(d)(3)(D)-(F); 34 C.F.R. 300.324(a)(4)-(6)*

**Teacher Access to IEP**

Each district must ensure that each teacher who provides instruction to a student with a disability has access to relevant sections of the student's current IEP, is informed of the teacher's specific responsibilities related to implementation of the IEP, and has an op-

portunity to request assistance regarding implementation of the student's IEP. *19 TAC 89.1075(c)*

**Teacher Request to Review IEP**

Each district shall develop a process to be used by a teacher who instructs a student with a disability in a regular classroom setting:

1. To request a review of the student's IEP;
2. To provide input in the development of the student's IEP;
3. That provides for a timely district response to the teacher's request; and
4. That provides for notification to the student's parent or legal guardian of that response.

**Title III Requirements** A district that receives funds under Title III of the Elementary and Secondary Education Act shall comply with the statutory requirements regarding English learners and immigrant students. *20 U.S.C. 6801-7014*

A district that receives funds under Title I or Title III to provide a language instruction educational program shall, not later than 30 days after the beginning of the school year, inform the parents of an English learner identified for participation in such a program of the information required by 20 U.S.C. 6312(e)(3). *20 U.S.C. 6312(e)(3)*

**Definitions**

“Alternative language program” means a temporary instructional plan that meets the affective, linguistic, and cognitive needs of emergent bilingual students and equips the teacher under a bilingual education exception or English as a second language (ESL) waiver to align closely to the required bilingual or ESL program through the comprehensive professional development plan.

“Certified bilingual education teacher” means a teacher appropriately certified in bilingual education as well as for the grade level and content area.

“Certified English as a second language teacher” means a teacher appropriately certified in ESL as well as for the grade level and content area. The term “certified English as a second language teacher” is synonymous with the term “professional transitional language educator” used in Education Code 29.063.

“Dual language immersion (DLI) program” means a state-approved bilingual program model in accordance with Education Code 29.066.

“Emergent bilingual student” means a student whose primary language is other than English and whose English language skills are such that the student has difficulty performing ordinary classwork in English. “Emergent bilingual student” also means a student identified by the language proficiency assessment committee (LPAC) who is in the process of acquiring English and has another language as the student’s primary or home language. This term is interchangeable with English learner as used in federal regulations and replaces the term “limited English proficient student.”

“English as a second language program” means a special language program in accordance with Education Code, Chapter 29, Subchapter B. Another related term for an ESL program is “English as an additional language program.”

“English proficient student” means a former emergent bilingual student who has met reclassification as English proficient by the LPAC.

“Exit” refers to the point when a student is no longer classified as an emergent bilingual student (i.e., the student is reclassified) and the student ends bilingual or ESL program participation with parental approval and based on the recommendation of the LPAC. The term "exit" is synonymous with the description in Education Code, Chapter 29, of "transferring out" of bilingual or special language programming. For the purpose of meeting the goals of a DLI program, the LPAC may recommend continued program participation beyond reclassification.

“Language proficiency assessment committee” means a designated group of committee members as described in 19 Administrative Code 89.1220 (relating to Language Proficiency Assessment Committee) that ensures the appropriate identification, placement, assessment, services, reclassification, and monitoring of emergent bilingual students. The LPAC also meets in conjunction with all other committees related to programs and services for which an emergent bilingual student qualifies.

“Parent” includes the parent or legal guardian of the student in accordance with Education Code 29.052.

“Reclassification” means the process by which the LPAC determines that an emergent bilingual student has met the appropriate criteria to be classified as English proficient, and the student enters year 1 of monitoring as indicated in the Texas Student Data System Public Education Information Management System.

*Education Code 29.052; 19 TAC 89.1203(1), (3)-(4), (6), (8)-(9), (11)-(12), (14), (17), (21)*

**District  
Responsibility**

Each district shall:

1. Identify emergent bilingual students based on criteria established by the state;
2. Provide bilingual education and ESL programs as integral parts of the general program;
3. Seek appropriately certified teaching personnel to ensure that emergent bilingual students are afforded full opportunity to master the essential knowledge and skills; and
4. Assess academic achievement and linguistic progress in accordance with Education Code Chapter 29 to ensure account-

ability for emergent bilingual students and the schools that serve them.

*19 TAC 89.1201(a)*

**Identification of Emergent Bilingual Students**

Within the first four weeks of the first day of school, the LPAC shall determine and report to the board the number of emergent bilingual students on each campus and shall classify each student according to the language in which the student possesses primary proficiency. A board shall report that information to the Texas Education Agency (TEA) before November 1 each year. *Education Code 29.053(b)*

Language Proficiency Assessment Committees

A district shall by local board policy establish and operate one or more LPACs. The district shall have on file a policy and procedures for the selection, appointment, and orientation of members of the LPAC(s).

A district shall establish and operate a sufficient number of LPACs to enable them to discharge their duties within four weeks of the enrollment of an emergent bilingual student.

*19 TAC 89.1220(a), (e)*

*Membership of LPAC*

The LPAC shall include:

1. An appropriately certified bilingual educator (for students served through a bilingual education program);
2. An appropriately certified ESL educator (for students served through an ESL program);
3. A parent of an emergent bilingual student participating in a bilingual or ESL program; and
4. A campus administrator.

A district may add other trained members to the committee.

No parent serving on the LPAC shall be an employee of the district.

All members of the LPAC, including parents, shall be acting for the district and shall observe all laws and rules governing confidentiality of information concerning individual students. A district shall be responsible for the orientation of all members, including the parents, of the LPAC.

<i>Meetings</i>	<p>The LPAC may use alternative meeting methods, such as phone or video conferencing and the use of electronic signatures that adhere to district policy.</p> <p><i>19 TAC 89.1220(b)-(d), (f); Education Code 29.063(a)-(b);</i></p>
<i>Duties</i>	<p>The LPAC shall have the duties set forth at Education Code 29.063(c) and 19 Administrative Code 89.1220(g)-(i), (k), including duties to review information, classify students, notify parents, and monitor student academic progress.</p>
Home Language Survey	<p>A district shall administer only the TEA-developed home language survey to each new student enrolling for the first time in a Texas public school in any grade from prekindergarten through grade 12. This home language survey will serve as the original and only home language survey throughout the student's educational experience in Texas public schools. The district shall require that the survey be signed by the student's parent for each student in prekindergarten through grade 8, or by the student in grades 9 through 12.</p> <p>It is the district's responsibility to ensure that the student's parent understands the language used in the survey and its implications. The original copy of the survey shall be kept in the student's permanent record and transferred to any subsequent Texas public school districts in which the student enrolls.</p> <p>If the response on the home language survey indicates that a language other than English is or was used for communication, the student shall be tested in accordance with 19 Administrative Code 89.1226 (Testing and Classification of Students).</p> <p>If a parent determines an error was made when completing the original home language survey, the parent may request a correction only if the student has not yet been assessed for English proficiency; and corrections are made within two calendar weeks of the student's initial enrollment date in Texas public schools.</p> <p><i>19 TAC 89.1215(a), (c), (e)</i></p>
English Language Proficiency Testing	<p>Within four calendar weeks of initial enrollment in a Texas public school, a student with a language other than English indicated on the home language survey shall be administered the state-approved English language proficiency test in accordance with 19 Administrative Code 89.1226 and shall be identified as emergent bilingual and recommended for placement into the required bilingual education or ESL program in accordance with the testing and classification requirements in 19 Administrative Code 89.1226. <i>19 TAC 89.1226(b)</i></p>

Emergent Bilingual  
Classification

The LPAC may classify a student as emergent bilingual if:

1. The student's ability in English is so limited or the student's disabilities are so severe that assessment procedures cannot be administered;
2. The student's score or relative degree of achievement on the TEA-approved English proficiency test is below the levels established by TEA as indicative of reasonable proficiency;
3. The student's primary language proficiency score as measured by a TEA-approved test is greater than the student's proficiency in English; or
4. The LPAC determines, based on other information, including a teacher evaluation, parental viewpoint, or student interview, that the student's primary language proficiency is greater than the student's proficiency in English or that the student is not reasonably proficient in English.

*Education Code 29.056(c)*

Parental Notice and  
Consent

Not later than the 10th day after the date of the student's classification as an emergent bilingual student, the LPAC shall give written notice to the student's parent. *Education Code 29.056(d)*

The district shall notify the parent in English and in the parent's primary language that their child has been identified as an emergent bilingual student and recommended for placement in the required bilingual education or ESL program using the TEA-developed identification and placement letter.

The entry or placement of a student in the bilingual education or ESL program must be approved in writing by the student's parent or through allowable alternatives described in 19 Administrative Code 89.1220, in order to have the student included in the bilingual education allotment. The parent's approval shall be considered valid for the student's continued participation in the required bilingual education or ESL program until the student meets the reclassification criteria described in 19 Administrative Code 89.1226(i) (Testing and Classification of Students), the student graduates from high school, or a change occurs in program placement. A change between bilingual education and ESL program placement requires new parental approval using the TEA-developed change in placement letter.

If a parent denies program placement at any point, the TEA-developed denial letter shall be used to ensure parents are informed of the implications of program denial, including understanding that the child will continue to be identified as an emergent bilingual student

and will continue to be assessed annually using the Texas English Language Proficiency Assessment System (TELPAS) until reclassification criteria have been met.

The district shall use the TEA-developed letter to give written notification to the student's parent of the student's reclassification as English proficient and acquire written approval for his or her exit from the bilingual education or ESL program. Students meeting reclassification criteria who have been recommended for exit by the LPAC may only exit the bilingual education or ESL program with parental approval. Parental approval is also required for students participating in a dual language immersion program who have met reclassification criteria and for whom the LPAC has recommended continued program participation as an English proficient student.

*19 TAC 89.1240(a)-(b); Education Code 29.056(a)*

Pending completion of the identification process, receipt of LPAC documentation for transferring students, or parental approval of an identified emergent bilingual student's placement into the bilingual education or ESL program recommended by the LPAC, a district shall place the student in the recommended program. Only emergent bilingual students with parental approval for program participation will be included in the bilingual education allotment.

A district may place a student in or exit a student from a program without written approval of the student's parent if:

1. The student is 18 years of age or has had the disabilities of minority removed;
2. The parent provides approval through a phone conversation or email that is documented in writing and retained; or
3. An adult who the district recognizes as standing in parental relation to the student provides written approval. This may include a foster parent or employee of a state or local governmental agency with temporary possession or control of the student.

*19 TAC 89.1220(j), (m)*

Participation of  
Other Students

With the approval of a district and a student's parents, a student who is not LEP may also participate in a bilingual education program. *Education Code 29.058*

The number of participating non-emergent bilingual students shall not exceed 40 percent of the number of students enrolled in the bilingual education program district-wide. *19 TAC 89.1233(c)*

Students with  
Disabilities

For students with disabilities, a district shall utilize the state's criteria for identification of emergent bilingual students as described in 19 Administrative Code 89.1226(f) (relating to Testing and Classification of Students) and shall establish placement procedures that ensure that the placement recommendation by the LPAC, in conjunction with the admission, review, and dismissal (ARD) committee, in a bilingual education or English as a second language program is not refused based on the student's disabling condition.

LPAC members shall meet in conjunction with ARD committee members to review progress and provide recommendations regarding the educational needs of each emergent bilingual student who also qualifies for services in the district's special education program. [See EHBAB] 19 TAC 89.1230

**Bilingual and ESL  
Programs**

Each district that has an enrollment of 20 or more students identified as emergent bilingual students in any language classification in the same grade level district-wide shall offer a bilingual education program for the emergent bilingual students in prekindergarten through the elementary grades with that language classification. "Elementary grades" shall include at least prekindergarten through grade 5; sixth grade shall be included when clustered with elementary grades.

A district required to provide a bilingual education program shall offer dual-language instruction (English and primary language) in prekindergarten through the elementary grades, using one of the four bilingual program models described in 19 Administrative Code 89.1210 (relating to Program Content and Design).

*19 TAC 89.1205(a)-(b); Education Code 29.053(c)-(d)*

A district shall provide an ESL program to all emergent bilingual students for whom a district is not required to offer a bilingual education program, regardless of the students' grade levels and primary language, and regardless of the number of such students, except in cases where a district exercises the option to provide a bilingual education program that is not required by law [see below]. A district required to provide an ESL program shall provide an ESL program using one of the two models described in 19 Administrative Code 89.1210. *19 TAC 89.1205(c)-(d)*

A district is authorized to establish a bilingual education program even if the district has fewer than 20 students identified as emergent bilingual students in any language classification in the same grade level district-wide and is not required to do so under the law. A district is also authorized to establish bilingual education programs at grade levels at which the district is not required under the law to establish bilingual programs. If a district does operate such a

	<p>program under this authorization, the district shall adhere to all program requirements in 19 Administrative Code 89.1210, .1227, .1228, and .1229. <i>19 TAC 89.1205(f)-(g)</i></p>
Exceptions and Waivers	<p>A district shall comply with the requirements for bilingual education exceptions and ESL waivers under 19 Administrative Code 89.1207. <i>Education Code 29.054; 19 TAC 89.1207</i></p> <p>A district that is unable to employ a sufficient number of teachers, including part-time teachers, who meet the certification requirements for bilingual education and ESL program shall apply for an exception or waiver to the certification requirement on or before November 1. <i>19 TAC 89.1245(b)</i></p>
Program Design	<p>A district that is required to offer a bilingual education or ESL program shall provide each emergent bilingual student the opportunity to be enrolled in the required program at his or her grade level.</p> <p>A district's bilingual education or ESL program shall comply with the program content and design requirements of 19 Administrative Code 89.1210. A district shall provide for ongoing coordination between the bilingual or ESL program and the general educational program.</p> <p><i>19 TAC 89.1210(a)-(b)</i></p> <p>Emergent bilingual students shall participate with their non-emergent bilingual peers in general education classes provided in subjects such as art, music, and physical education. A district shall provide students enrolled in the program a meaningful opportunity to participate fully with other non-emergent bilingual peers in all extracurricular activities. Elective courses included in the curriculum may be taught in a language other than English. <i>Education Code 29.055, .057(b); 19 TAC 89.1210(f)</i></p>
<i>Bilingual Education Program Models</i>	<p>The bilingual education program shall be implemented through at least one of the following program models:</p> <ol style="list-style-type: none"><li>1. Transitional bilingual/early exit;</li><li>2. Transitional bilingual/late exit;</li><li>3. Dual language immersion/one-way; or</li><li>4. Dual language immersion/two-way.</li></ol> <p><i>19 TAC 89.1210(c)</i></p>
<i>ESL Program Models</i>	<p>The ESL program shall be implemented through one of the following program models:</p>

1. An ESL/content-based program model is an English acquisition program that serves students identified as emergent bilingual students through English instruction by a teacher appropriately certified in ESL under Education Code 29.061(c), using content-based language instruction in reading and language arts, mathematics, science, and social studies. The goal of content-based ESL is for emergent bilingual students to attain full proficiency in English in order to participate equitably in school.
2. An ESL/pull-out program model is an English acquisition program that serves students identified as emergent bilingual students through English instruction using content-based language instruction methods provided by an appropriately certified ESL teacher under Education Code 29.061(c), through English reading and language arts in a pull-out or inclusionary delivery setting. The goal of ESL pull-out is for emergent bilingual students to attain full proficiency in English in order to participate equitably in school.

*19 TAC 89.1210(d)*

Dual Language  
Immersion Program

A district may adopt a DLI program for students enrolled in elementary school grades. *Education Code 28.005(c), .0051(c)*

*Implementation*

Program implementation shall:

1. Begin at prekindergarten, kindergarten, or grade 1 as applicable, according to the district's earliest grade level provided;
2. Continue without interruption incrementally through the elementary grades;
3. Consider expansion to middle school and high school whenever possible; and
4. Include participation of former emergent bilingual students who have reclassified as English proficient for the duration of the program.

*19 TAC 89.1227(e)*

*Requirements*

A DLI program model shall be a full-time program of academic instruction in the program's partner language and English for all program participants, emphasizing the participation of identified emergent bilingual students. Access to the DLI program shall not be restricted based on race, creed, color, religious affiliation, age, or disability.

A DLI program shall meet the minimum requirements described in 19 Administrative Code 89.1227.

*19 TAC 89.1227(b)*

*Two-Way DLI  
Program  
Enrollment*

Student enrollment in a two-way DLI program model is optional for non-emergent bilingual students. The program shall fully disclose candidate selection criteria and ensure that access to the program is not based on race, creed, color, religious affiliation, age, or disability. Additionally, identified emergent bilingual students and non-emergent bilingual students shall not be restricted access to the two-way DLI program model based on any linguistic or academic achievement measures in the program's partner language or English.

A district implementing a two-way DLI program model shall develop a policy on enrollment and continuation for students in the program model. The policy must address:

1. Equitable access, including the program's intention to maintain a ratio of 50 percent emergent bilingual students to 50 percent non-emergent bilingual students and have no more than two-thirds speakers of the partner language to one-third speakers of English in each classroom;
2. Program goals and benefits;
3. The district's commitment to providing equitable access to services for emergent bilingual students and to ensuring continuity of program for all program participants;
4. The program's language allocation plan for the grade levels in which the program will be implemented;
5. Support of program goals as stated in 19 Administrative Code 89.1210 (Program Content and Design); and
6. Expectations for students and parents.

*19 TAC 89.1228(a)-(c)*

A district implementing a two-way DLI program model shall obtain written parental approval as follows:

1. For emergent bilingual students in accordance with 19 Administrative Code 89.1240; and
2. For non-emergent bilingual students, through a district-developed process.

*19 TAC 89.1228(d)*

*Two-Way DLI  
Program State  
Assessment*

A district implementing a two-way DLI program model shall determine the appropriate assessment option for program participants as follows:

1. For emergent bilingual students, the LPAC shall convene before the administration of the state criterion-referenced test each year to determine the appropriate assessment option for each emergent bilingual student in accordance with 19 Administrative Code 89.1220(i) (Language Proficiency Assessment Committee).
2. For non-emergent bilingual students, the appropriate assessment option for the administration of the state criterion-referenced test each year is determined by the LPAC or through a district-developed process.

*19 TAC 89.1228(e)*

*School District  
Recognition*

A district may recognize one or more of its schools that implement an exceptional DLI program if the school meets all of the following criteria:

1. The school must meet the minimum requirements stated in 19 Administrative Code 89.1227.
2. The school must receive an acceptable performance rating in the state accountability system.
3. The school must not be identified for any stage of intervention for the district's bilingual and/or ESL program under the state's accountability system.

*Student  
Recognition*

A student participating in a DLI program or any other state-approved bilingual or ESL program may be recognized by the program and the board by earning a performance acknowledgement in accordance with 19 Administrative Code 74.14. [See EIF]

*19 TAC 89.1229*

Facilities

Bilingual education and ESL programs shall be located in public schools of the district with equitable access to all educational resources rather than in separate facilities. A district may concentrate the programs at a limited number of facilities within the district. Recent immigrant emergent bilingual students shall not remain enrolled in a newcomer center for longer than two years. *Education Code 29.057; 19 TAC 89.1235*

Cooperation Among  
Districts

A district may join with one or more other districts to provide the required bilingual education or special language programs. The availability of the programs shall be publicized throughout the districts involved.

A district may allow a nonresident emergent bilingual student to enroll in or attend its bilingual education or special language programs if the student's district of residence does not provide an appropriate program. The tuition for the student shall be paid by the district in which the student resides.

*Education Code 29.059; 19 TAC 89.1205(e)*

Documentation

A student's permanent record shall contain the documentation items required by 19 Administrative Code 89.1220(l). Documentation in a student's permanent record shall be forwarded in the same manner as other student records to another school district in which the student enrolls. *19 TAC 89.1220(l)*

For students previously enrolled in a Texas public school, the receiving district shall secure the student records, including the original home language survey and LPAC documentation as described in 19 Administrative Code 89.1220(l), as applicable. All attempts to contact the sending district to request records shall be documented. Multiple attempts to obtain the student's original home language survey shall be made. *19 TAC 89.1215(d)*

Summer Program

If a district is required to offer a bilingual education or special language program, it shall offer a voluntary summer school program for emergent bilingual children who will be eligible for admission to kindergarten or first grade at the beginning of the next school year.

A school that operates on a semester system shall offer the program during the period school is recessed for the summer and for one-half day for eight weeks or on a similar schedule approved by the board. A school that operates on any other system shall offer 120 hours of instruction on a schedule established by the board.

The program must be an intensive bilingual education or special language program that meets the standards set by TEA, and the student/teacher ratio may not exceed 18:1. A district shall comply with the requirements of 19 Administrative Code 89.1250 in providing such a program.

Other Programs

A district may establish on a full- or part-time basis other summer school, extended day, or extended week bilingual education or special language programs for emergent bilingual students and may join with other districts in establishing such programs.

The programs required or authorized by Education Code 29.060 may not be a substitute for programs required to be provided during the regular school year.

*Education Code 29.060; 19 TAC 89.1250*

**Personnel**

Teachers assigned to a bilingual education program using one of the following program models must be appropriately certified in bilingual education:

1. Transitional bilingual/early exit program model; or
2. Transitional bilingual/late exit program model.

*Education Code 29.061(b)*

Teachers assigned to a bilingual education program using a dual language immersion/one-way or two-way program model must be appropriately certified for:

1. Bilingual education for the component of the program provided in a language other than English; and
2. Bilingual education or English as a second language for the component of the program provided in English.

A district that provides a bilingual education program using a dual language immersion/one-way or two-way program model may assign a teacher certified for the language other than English component of the program and a different teacher certified for the English language component.

*Education Code 29.061(b-1)-(b-2)*

A district shall take all reasonable affirmative steps to assign appropriately certified teachers to the required bilingual education and ESL programs. A district that is unable to secure a sufficient number of appropriately certified bilingual education and/or ESL teachers to provide the required programs may request activation of the appropriate permits in accordance with 19 Administrative Code Chapter 230. 19 TAC 89.1245(a); *Education Code 29.061(c)*

A district that is unable to provide the required bilingual education program because of an insufficient number of appropriately certified teachers shall request from the commissioner an exception to the bilingual education program and the approval of a temporary alternative language program. Emergent bilingual students with parental approval for program participation under a bilingual education exception will be included in the bilingual education allotment designated for an alternative language program. The approval of an exception to the bilingual education program shall be valid only during the school year for which it was granted. A request for a bilingual education program exception must be submitted by November 1 and shall adhere to the requirements in 19 Administrative Code 89.1207. [See Exceptions and Waivers, above] 19 TAC 89.1207(a)-(b); *Education Code 29.054*

**Emergent Bilingual Students and State Assessments**

In kindergarten-grade 12, an emergent bilingual student shall participate in the state assessment in accordance with commissioner's rules at 19 Administrative Code Chapter 101, Subchapter AA. [See EKBA]

**Program Exit**

A district may transfer an emergent bilingual student out of a bilingual education or special language program for the first time or a subsequent time if the student is able to participate equally in a regular all-English instructional program as determined by:

1. TEA-approved tests administered at the end of each school year to determine the extent to which the student has developed oral and written language proficiency and specific language skills in English;
2. Satisfactory performance on the reading assessment instrument under Education Code 39.023(a) or an English language arts assessment instrument under Education Code 39.023(c), as applicable, with the assessment instrument administered in English, or, if the student is enrolled in the first or second grade, an achievement score at or above the 40th percentile in the reading and language arts sections of an English standardized test approved by TEA; and
3. TEA-approved criterion-referenced tests and the results of a subjective teacher evaluation.

*Education Code 29.056(g)*

Notice to Parents

A district shall give written notification to the student's parent of a student's reclassification as English proficient and his or her exit from the bilingual or ESL program and acquire written approval. Students meeting reclassification requirements may continue in the bilingual education or ESL program with parental approval. *19 TAC 89.1240(b)*

Post-Exit Monitoring and Reenrollment

The language proficiency assessment committee may reenroll the student in the program if later evidence suggests that a student who has been transferred out of a bilingual education or special language program has inadequate English proficiency and achievement. Classification of students for reenrollment must be based on the criteria required by Education Code 29.056. *Education Code 29.056(h)*

The LPAC shall reevaluate a student who is transferred out of a bilingual education or special language program if the student earns a failing grade in a subject in the foundation curriculum during any grading period in the first two school years after the student is transferred to determine whether the student should be reenrolled in a bilingual education or special language program.

During the first two school years after a student is transferred out of a bilingual education or special language program, the LPAC shall review the student's performance and consider:

1. The total amount of time the student was enrolled in bilingual education or special language programs;
2. The student's grades each grading period in each subject in the foundation curriculum;
3. The student's performance on state assessment instruments;
4. The number of credits the student has earned toward high school graduation, if applicable; and
5. Any disciplinary actions taken against the student under Education Code Chapter 37, Subchapter A.

After the evaluation, the LPAC may require intensive instruction for the student or reenroll the student in a bilingual education or special language program.

*Education Code 29.0561*

**Program Evaluation**

A district that is required to implement a bilingual education or ESL program shall conduct an annual evaluation in accordance with 19 Administrative Code 89.1265. The annual evaluation report shall be presented to the board before November 1 of each year. The report shall be retained at the district level and must meet the requirements of 19 Administrative Code 89.1265(b)-(c).

A district shall report to parents the progress of their child in acquiring English as a result of participation in the program offered to emergent bilingual students.

In alignment with the district improvement plan, each school year, the principal of each campus, with assistance from the campus level committee, shall develop, review, and revise the campus improvement plan for the purposes of improving student performance for emergent bilingual students. [See BQB]

*19 TAC 89.1265*

**Innovative Courses**

A district may offer innovative courses to enable students to master knowledge, skills, and competencies not included in the essential knowledge and skills of the required curriculum. The State Board of Education (SBOE) may approve discipline-based courses in the foundation or enrichment curriculum and courses that do not fall within any of the subject areas listed in the foundation and enrichment curricula when the applying district or organization demonstrates that the proposed course is academically rigorous and addresses documented student needs. Applications shall not be approved if the proposed course significantly duplicates the content of a Texas Essential Knowledge and Skills (TEKS)-based course or can reasonably be taught within an existing TEKS-based course.

To request approval from the SBOE, the applying district or organization must submit a request for approval at least six months before planned implementation. The request must address the elements listed at 19 Administrative Code 74.27(a)(3).

To request approval from the commissioner for a career and technical education innovative course, the applying district or organization must submit with its request for approval evidence that the course is aligned with state and/or regional labor market data.

To request approval of a new innovative course, the applying district or organization must submit with its request for approval evidence that the course has been successfully piloted in its entirety in at least one school in the state of Texas. This requirement does not apply to the consideration of a course developed to support a program of study in career and technical education.

Newly approved innovative courses shall be approved for a period of three years, and courses approved for renewal shall be approved for a period of five years.

With the approval of the board, a district may offer, without changes or deletions to content, any state-approved innovative course.

*19 TAC 74.27(a)(1)-(8)*

**Magnet Schools or Programs**

A district may operate a magnet program, academy, or other innovative program to serve student populations with specialized interests and aptitudes. *19 TAC 74.22(b)*

**State Assessment of Academic Skills**

Every student receiving instruction in the essential knowledge and skills shall take the appropriate criterion-referenced assessments, as required by Education Code Chapter 39, Subchapter B [see Testing in Grades 3-8, below]. *Education Code 39.023(a), (c), (f); 19 TAC 101.5*

A student may not receive a high school diploma until the student has performed satisfactorily on end-of-course (EOC) assessment instruments [see End-of-Course Assessments, below]. *Education Code 39.025(a); 19 TAC 101.4001*

Emergent Bilingual Students

In grades 3-12, an emergent bilingual student, as defined by Education Code Chapter 29, Subchapter B, shall participate in the state assessment in accordance with commissioner rules at 19 Administrative Code Chapter 101, Subchapter AA. *Education Code 39.023(l), (m)* [See EKBA]

Special Education

The Texas Education Agency (TEA) shall develop or adopt appropriate criterion-referenced alternative assessment instruments to be administered to each student in a special education program for whom a state assessment instrument adopted under Education Code 39.023(a), even with allowable accommodations, would not provide an appropriate measure of student achievement, as determined by the student's admission, review, and dismissal (ARD) committee, including assessment instruments approved by the commissioner of education that measure growth. The assessment instruments developed or adopted, including the assessment instruments approved by the commissioner, must, to the extent allowed under federal law, provide a district with options for the assessment of students.

TEA may not adopt a performance standard that indicates that a student's performance on the alternate assessment does not meet standards if the lowest level of the assessment accurately represents the student's developmental level as determined by the student's ARD committee.

The student's ARD committee shall determine whether any allowable modification is necessary in administering to the student a required EOC assessment instrument under Education Code 39.023(c), and whether the student is required to achieve satisfactory performance on an EOC assessment instrument to receive a high school diploma.

*Education Code 39.023(b)-(c), .025(a-4)*

Military Dependents

If the student is a military dependent, the district shall incorporate procedures to accept:

1. Exit or EOC exams required for graduation from the sending state;
2. National norm-referenced achievement tests; or
3. Alternative testing, in lieu of testing requirements for graduation in the receiving state.

In the event the above alternatives cannot be accommodated by the receiving state for a military dependent transferring in his or her senior year, then Education Code 162.002 article VII, section C, shall apply.

*Education Code 162.002 art. VII [See EIF]*

**Administration**

A district shall follow the test administration procedures established by TEA in the applicable test administration materials. A superintendent shall be responsible for administering tests. *19 TAC 101.25, .27*

**Schedule**

The commissioner shall specify the schedule for testing that is in compliance with Education Code 39.023(c-3) and supports reliable and valid assessments. Participation in University Interscholastic League (UIL) area, regional, or state competitions is prohibited on any days on which testing is scheduled between Monday and Thursday of the school week in which the primary administration of assessment instruments occurs.

The commissioner may provide alternate dates for the administration of tests required for a high school diploma to students who are migratory children and who are out of the state.

*19 TAC 101.25*

On request by a district, the commissioner may allow the district to administer an assessment instrument on the first instructional day of a week if administering the assessment instrument on another instructional day would result in a significant administrative burden due to specific local conditions. *Education Code 39.023(c-3)*

*Religious Holy Days*

The board may consider the dates of religious holy days or periods of observance likely to be observed by the students enrolled in the district during the period set by the State Board of Education (SBOE) for the administration of state assessment instruments in establishing:

1. The district's calendar for that school year; and
2. The instructional days within that period on which students are administered the required assessment instruments, provided that the board not exclude more than two instructional

days from that period based solely on the occurrence of a single religious holy day or period of observance.

“Religious holy day or period of observance” means a holy day or a period of holy days observed by a religion whose places of worship would be exempt from property taxation under Tax Code 11.20.

In establishing a school calendar under this provision, the board shall provide for alternative dates for the administration of state assessment instruments to a student who is absent from school to observe a religious holy day or period of observance on the date an assessment instrument is administered.

*Education Code 39.0238*

*Alternate Test  
Dates*

The commissioner shall consider requests from districts or campuses for alternate test dates on a case-by-case basis. Alternate test dates will only be allowed if the campus or district is closed on the day on which testing is scheduled or if there is an exceptional circumstance, defined below, that may affect a district’s or campus’s ability to administer an assessment or the students’ performance on the assessment.

“Exceptional circumstances” include:

1. Inclement weather or natural disasters that would cause a district or campus to be closed or that would cause a small percentage of students to be in attendance on the day testing is scheduled;
2. Health epidemics that result in a large number of students being absent on the day of testing;
3. Death of a student or school official that may impact student performance; and
4. Sudden emergencies that occur on the day of testing or shortly before testing that may inhibit students from completing the assessments, such as a fire on campus, a bomb threat, an extended power outage, or a water main break.

If an alternate test date for primary test administration is approved, the commissioner may prohibit a district or campus from participating in UIL competition on the new test date if that is determined to be in the best interest of the district, campus, and students.

*19 TAC 101.5003*

Test Administration  
Training

The commissioner may require training for district employees involved in the administration of the assessment instruments. The commissioner may only require for the employee at each district

campus who oversees the administration of the assessment instruments to annually receive the training. The district employee who oversees test administration on a district campus may, with discretion, require other district employees involved in the administration of assessment instruments to repeat the training. *Education Code 39.0304(a), (b-1)-(b-2)*

Paper  
Administration

A district may administer a state assessment instrument required under Education Code 39.023(a), (c), or (l) in paper format to any student whose parent, guardian, or teacher in the applicable subject area requests the assessment instrument be administered to the student in paper format.

A request for the administration of an assessment instrument in paper format to a student must be submitted to the district:

1. For a fall administration of an assessment instrument, not later than September 15 of the school year in which the assessment instrument will be administered; and
2. For a spring administration of an assessment instrument, not later than December 1 of the school year in which the assessment instrument will be administered.

The number of students enrolled at a district who are administered an assessment instrument in paper format for any single administration under this provision may not exceed three percent of the number of students enrolled in the district. On receipt of more requests for administration of an assessment instrument than the maximum number permitted, the district shall accept the requests in the order received until the maximum number is reached.

This limitation does not apply to a student whose ARD committee determines that the administration of an assessment instrument in paper format is a necessary modification for the student.

*Education Code 39.02342*

**Notice to Parents  
and Students**

A superintendent shall be responsible for the following in order to provide timely and full notification of graduation requirements:

1. Notifying each student and his or her parent or guardian in writing no later than the beginning of the student's seventh-grade year of the testing requirements for graduation;
2. Notifying each student in grades 7-12 new to the district and his or her parent or guardian in writing of the testing requirements for graduation; and
3. Notifying each student who shall take the tests required for graduation and his or her parent or guardian, as well as out-

of-school individuals, of the dates, times, and locations of testing.

*19 TAC 101.3012*

**Testing in  
Grades 3-8**

Except as provided below, all students, other than students who are assessed under Education Code 39.023(b) (alternative assessment instrument) or 39.023(l) (emergent bilingual students) or exempted under Education Code 39.027, shall be assessed in:

1. Mathematics, annually in grades 3-8;
2. Reading, annually in grades 3-8;
3. Social studies in grade 8;
4. Science in grades 5 and 8; and
5. Any other subject and grade required by federal law.

*Education Code 39.023(a)*

Exception

For purposes of federal accountability, a student shall not be administered a grade-level assessment if the student:

1. Is enrolled in a course or subject intended for students above the student's enrolled grade level and will be administered a grade-level assessment instrument developed under the list above that aligns with the curriculum for that course or subject within the same content area; or
2. Is enrolled in a course for high school credit in a subject intended for students above the student's enrolled grade level and will be administered an EOC assessment instrument that aligns with the curriculum for that course or subject within the same content area.

For purposes of federal accountability, a grade 3-8 student who is accelerated in mathematics, reading/language arts, or science and on schedule to complete the high school end-of-course assessments in that same content area prior to high school shall be assessed at least once in high school with the ACT or the SAT.

A student is only eligible to take an assessment instrument intended for use above the student's enrolled grade if the student is on schedule to complete instruction in the entire curriculum for that subject during the semester the assessment is administered.

A student in grade 5 or 8 described above may not be denied promotion on the basis of failure to perform satisfactorily on an as-

assessment instrument not required to be administered to the student.

*Education Code 28.0211(o)-(p), 39.023(a-2); 19 TAC 101.3011(a)(1)-(3)*

Kindergarten  
Assessment

An assessment instrument under Education Code 39.023 may not be administered to a kindergarten student except for the purpose of determining whether the student is entitled to the benefit of the Foundation School Program [see FD]. *Education Code 39.023(a-16)*

Accommodations

Testing accommodations are permitted for any student unless they would make a particular test invalid. Decisions regarding testing accommodations shall take into consideration the needs of the student and the accommodations the student routinely receives in classroom instruction. Permissible testing accommodations shall be described in the appropriate test administration materials.

The committee established by a board to determine the placement of students with dyslexia or related disorders shall determine whether any allowable modification is necessary in administering an assessment to such a student.

A student's ARD committee shall determine the allowable accommodations and shall document them in the student's individualized education program (IEP). [See Special Education, above]

*19 TAC 101.3013; Education Code 39.023(a)-(c), (n); 34 C.F.R. 300.320(a)(6)*

**End-of-Course  
Assessments**

Beginning with students first enrolled in grade 9 in the 2011-12 school year, a student enrolled in a course for which an EOC assessment exists as required by Education 39.023(c) shall take the appropriate assessment. *19 TAC 101.3021(a)*

TEA shall adopt EOC assessment instruments for secondary-level courses in Algebra I, biology, English I, English II, and United States history. The Algebra I EOC assessment instrument must be administered with the aid of technology but may include one or more parts that prohibit the use of technology. The English I and English II EOC assessment instruments must each assess essential knowledge and skills in both reading and writing and must provide a single score. A district shall comply with SBOE rules regarding administration of the assessment instruments listed in this provision.

If a student is in a special education program, the student's ARD committee shall determine whether any allowable modification is

necessary in administering to the student an assessment instrument required under this provision.

*Education Code 39.023(c)*

Students Enrolled  
Below High School  
Level

Beginning in the 2011-12 school year, a student in grade 8 or lower who takes a high school course for credit is required to take the applicable EOC assessment. The EOC assessment result shall be applied toward the student's assessment graduation requirements, as specified in 19 Administrative Code 101.3022. *19 TAC 101.3021(d)*

Assessment  
Requirements for  
Graduation

A student must meet satisfactory performance on an EOC assessment listed in Education Code 39.023(c) in order to be eligible to receive a Texas diploma, except as described below at Exceptions, Credits Earned Prior to Enrollment, Individual Graduation Committee, and Special Education.

The standard in place when a student first takes an EOC assessment is the standard that will be maintained throughout the student's school career.

*Exceptions*

English I or  
English II

A student who was administered separate reading and writing EOC assessments under Education Code 39.023(c), for the English I or English II course has met that course's assessment graduation requirement if the student has:

1. Achieved satisfactory performance on either the reading or writing EOC assessment for that course;
2. Met at least the minimum score on the other EOC assessment for that course; and
3. Achieved an overall scale score of 3750 or greater when the scale scores for reading and writing are combined for that course.

Exceptions related to English I also apply to emergent bilingual students who meet the criteria in 19 Administrative Code 101.1007. [See EKBA]

*19 TAC 101.3022(a)-(c)*

Credits Earned  
Prior to  
Enrollment

If a student earned high school credit for a course with an EOC assessment prior to enrollment in a Texas public school district and the credit has been accepted by a Texas public school district, or a student completed a course for Texas high school credit in a course with an EOC assessment prior to the 2011-12 spring administration, the student is not required to take the corresponding EOC assessment. *19 TAC 101.3021(e)*

Substitute  
Assessments

A student at any grade level is eligible to use a substitute assessment as provided in the commissioner's chart at 19 Administrative Code 101.4002(b) if the student:

1. Was administered an approved substitute assessment for an equivalent course in which the student was enrolled;
2. Received a satisfactory score on the substitute assessment as determined by the commissioner and provided in the chart at 19 Administrative Code 101.4002(b); and
3. Using a Texas Success Initiative Assessment (TSIA) or a Texas Success Initiative Assessment, Version 2.0 (TSIA2) also meets the additional criteria of 19 Administrative Code 101.4002(d).

*TSI Additional  
Criteria*

A student must meet the criteria established in 19 Administrative Code 101.4002(d) in order to qualify to use TSIA or TSIA2 as a substitute assessment.

Accountability  
Testing

A student electing to substitute an assessment for graduation purposes must still take the corresponding EOC assessment required under Education Code 39.023(c) at least once for accountability purposes. If a student sits for an EOC assessment, a district may not void or invalidate the test in lieu of a substitute assessment.

A student who fails to perform satisfactorily on a PSAT, PLAN, or Aspire test (or any versions of these tests) as indicated in the chart in 19 Administrative Code 101.4003(b) must take the appropriate EOC assessment required under Education Code 39.023(c). However, a student who does not receive a passing score on the EOC assessment and retakes a PSAT, PLAN, or Aspire test (or any versions of these tests) is eligible to meet the requirements specified in 19 Administrative Code 101.4002(c).

*19 TAC 101.4002*

*Verification of  
Results*

An eligible student is responsible for providing a district an official copy of the student's scores from the substitute assessment.

Upon receipt of official results of an approved substitute assessment, a district must:

1. Verify the student's score on the substitute assessment; and
2. Determine whether the student met the performance standard required to qualify for a public high school diploma in Texas as established by the commissioner.

*19 TAC 101.4005*

Individual  
Graduation  
Committee

A student in grade 11 or 12 who has failed to comply with the EOC assessment instrument performance requirements under Education Code 39.025 for not more than two courses may qualify to graduate on the basis of a review by an individual graduation committee (IGC). [See EIF] *Education Code 28.0258, 39.025(a-5)*

A student may not graduate under an IGC if the student did not take each required EOC assessment or an approved substitute assessment for each course in which the student was enrolled in a Texas public school for which there is an EOC assessment. A district shall determine whether the student took each required EOC assessment or an approved substitute assessment. For purposes of this provision only, a student who does not make an attempt to take all required EOC assessments may not qualify to graduate by means of an individual graduation committee.

Notwithstanding any action taken by a student's individual graduation committee, a district must provide a student an opportunity to retake an EOC assessment under Education Code 39.023(c) if the student has not previously achieved satisfactory performance on an assessment for that course. A student is not required to retake a course in order to be administered a retest of an EOC assessment.

*19 TAC 101.3022(e)(1), (3)*

For provisions related to an IGC and emergent bilingual students, see EKBA.

Special Education

A student receiving special education services is not subject to the IGC requirements in Education Code 28.0258. As provided in 19 Administrative Code 89.1070 (Graduation Requirements) and 19 Administrative Code 101.3023 (Participation and Graduation Assessment Requirements for Students Receiving Special Education Services), a student's ARD committee determines whether a student is required to achieve satisfactory performance on an EOC assessment to graduate. [See EIF]

A student dismissed from a special education program who achieved satisfactory performance on an alternate EOC assessment while enrolled in a special education program is not required to take and achieve satisfactory performance on the general EOC assessment to graduate. A student who took an EOC assessment while enrolled in a special education program is not required to retake and achieve satisfactory performance on the EOC assessment if the student's ARD committee determined that the student was not required to achieve satisfactory performance on the EOC assessment to graduate. A student dismissed from a special education program must achieve satisfactory performance on any re-

maining EOC assessments that the student is required to take. If the student fails to achieve satisfactory performance on no more than two of the remaining EOC assessments, the student is eligible for IGC review under Education Code 28.0258 and is subject to the IGC provisions above. [See Individual Graduation Committee, above]

*19 TAC 101.3022(f)*

For more information on graduation requirements for special education students, see EIF.

Credit by  
Examination

An EOC assessment administered under Education Code 39.023(c) cannot be used for purposes of credit by examination under 19 Administrative Code 74.24. [See EHDB, EHDC] *19 TAC 101.3021(c)*

Retakes

Each time an EOC assessment instrument is administered, a student who failed to achieve a score requirement may retake the assessment instrument. [See Satisfactory Performance, above]

A student is not required to retake a course as a condition of retaking an EOC assessment instrument.

If a student failed a course but achieved satisfactory performance on the applicable EOC assessment, that student is not required to retake the assessment if the student is required to retake the course.

**Reporting Results**

To the Public

Overall student performance data, aggregated by ethnicity, sex, grade level, subject area, campus, and district, shall be made available to the public, with appropriate interpretations, at regularly scheduled meetings of a board, after receipt from TEA. The information shall not contain the names of individual students or teachers. *Education Code 39.030(b)*

To the Board

A superintendent shall accurately report all test results with appropriate interpretations to a board according to the schedule in the applicable test administration materials.

To Parents,  
Students, and  
Teachers

A district shall notify each of its students, his or her parent or guardian, and his or her teacher for that subject of test results, observing confidentiality requirements stated at Confidentiality of Results, below. All test results shall be included in each student's aca-

demic achievement record and shall be furnished for each student transferring to another district or charter school or private school. The scoring contractor will provide districts with the results of the machine-scorable assessments within a 21-day period following the close of the testing window. Upon receipt of the assessment results from the test contractor, a district shall disclose a student's assessment results to a student's teacher in the same subject area as the assessment for that school year. [See BQ series, FD, and FL]

*19 TAC 101.3014(a)-(d)*

TEA shall adopt a series of questions to be included in an EOC assessment instrument administered under Education Code 39.023(c) to be used for purposes of identifying students who are likely to succeed in an advanced high school course. A district shall notify a student who performs at a high level on the questions and the student's parent or guardian of the student's performance and potential to succeed in an advanced high school course. A district may not require a student to perform at a particular level on the questions to be eligible to enroll in an advanced high school course. *Education Code 39.0233(b)*

Parents Right-to-Know Under ESEA

As a condition of receiving assistance under Title I, Part A of the Elementary and Secondary Education Act (ESEA) (20 U.S.C. 6301 et seq.), a district shall provide to each individual parent of a child who is a student in such school, with respect to such student information on the level of achievement and academic growth of the student, if applicable and available, on each of the state academic assessments required under Part A. *20 U.S.C. 6312(e)(1)(B)(i)*

Parental Access

A parent is entitled to access to a copy of each state assessment instrument administered to the parent's child. This right of access does not apply, however, to those instruments or particular questions that are being field-tested by TEA. *Education Code 26.005, .006(a)(2), 39.023(e)*

**Out-of-State Transfers**

A district shall accurately report to TEA whether that student transferred into the district from out of state during the current school year.

Procedures for the reporting of out-of-state-transfer students to TEA shall be established in the applicable test administration materials. A district shall follow procedures specified in those test administration materials.

The assessment results of the out-of-state transfer students shall be reported separately to districts from the results of the district's

other students in addition to the current reporting of assessment results for all students and other student subsets.

*19 TAC 101.3014(e)*

**Security and  
Confidentiality**

All assessment instruments included in the student assessment program are considered secure, and the contents of these tests, including student information used or obtained in their administration, are confidential.

Districts and campuses and the superintendent and campus principals in each district and campus shall:

1. Implement and ensure compliance with state test administration procedures and training activities;
2. Notify TEA as soon as the district becomes aware of any alleged or suspected violation of the security or confidential integrity of a test [see Violations, below];
3. Report all confirmed testing violations to TEA within 10 working days of the district becoming aware of the violation in accordance with the reporting process stipulated in the test administration materials;
4. Ensure that the only individuals with access to secure test materials are district employees who have:
  - a. Met the requirements to participate in the student assessment program;
  - b. Received training in test security and test administration procedures; and
  - c. Signed an oath affirming they understand their obligation to maintain and preserve the security and confidentiality of all state assessments and student information, acknowledge their responsibility to report any suspected testing violation, and are aware of the range of penalties that may result from a violation of test security and confidentiality or a departure from test administration procedures; and
5. Ensure the security of the test materials as required by 19 Administrative Code 101.3031(a)(2)(E).

*19 TAC 101.3031(a)(1)-(2)*

Violations

Violations of the security and confidential integrity of a test include:

1. Directly or indirectly assisting students with responses to test questions;
2. Tampering with student responses;

3. Falsifying holistic ratings or student responses;
4. Viewing secure test content before, during, or after an administration unless specifically authorized by TEA or by the procedures outlined in the test administration materials;
5. Discussing or disclosing secure test content or student responses;
6. Scoring students' tests, either formally or informally;
7. Duplicating, recording, or electronically capturing confidential test content unless specifically authorized by TEA or by the procedures outlined in the test administration materials;
8. Responding to secure test questions;
9. Fraudulently exempting or preventing a student from participating in the administration of a required state assessment;

12. Failing to report to an appropriate authority that an individual has engaged or is suspected of engaging in the above conduct or in any other serious violation of security and confidentiality under this provision;
13. Failing to implement sufficient procedures to prevent student cheating; and
14. Failing to implement sufficient procedures to prevent alteration of test documents by anyone other than the student.

Consequences

If a district determines that a student has cheated or attempted to cheat on a state assessment either by providing or receiving direct assistance, the district shall invalidate the student's test results.

Any violation of test security or confidential integrity may result in TEA:

1. Invalidating student test results;
2. Referring certified educators to the State Board for Educator Certification (SBEC) for sanctions in accordance with 19 Administrative Code Chapter 247 (Educators' Code of Ethics) and Chapter 249 (Disciplinary Proceedings, Sanctions, and Contested Cases); and

3. Lowering the district's accreditation status or a district's or campus's accountability rating in accordance with Education Code 39.003(d), or appointment of a monitor, conservator, or management team to the district in accordance with Education Code Chapter 39A.

Test Administration  
Procedures

Test administration procedures shall be delineated in the test administration materials provided to districts annually. Districts must comply with all of the applicable requirements specified in the test administration materials.

Districts shall ensure that test coordinators and administrators receive training to ensure that testing personnel have the necessary skills and knowledge required to administer assessment instruments in a valid, standardized, and secure manner.

Records Retention

As part of test administration procedures, the commissioner shall require districts to maintain records related to the security of assessment instruments for five years.

*19 TAC 101.3031(a)(3)-(d)*

Disciplinary Action  
and Penalties

SBEC may take disciplinary action against a person who has violated the security or integrity of any assessment required by Education Code Chapter 39, Subchapter B or has committed an act that is a departure from the test administration procedures established by the commissioner under 19 Administrative Code Chapter 101.

The superintendent and campus principal must develop procedures to ensure the security and confidentiality of the tests and will be responsible for notifying TEA in writing of conduct that violates the security or confidentiality of a test. Failure to report can subject the person responsible to the applicable penalties.

*19 TAC 249.15(a)-(b), (g)(8)*

**Minimize Disruptions**

In implementing the commissioner's procedures for the administration of assessment instruments adopted or developed under Education Code 39.023, including procedures designed to ensure the security of the assessment, a district shall minimize disruptions to school operations and the classroom environment. *Education Code 39.0301(a-1)*

**Confidentiality of  
Results**

Individual student performance results are confidential and may be released only in accordance with the Family Educational Rights and Privacy Act of 1974. *Education Code 39.030(b)* [See FL and GBA]

Mailed responses shall be timely if they are postmarked by U.S. Mail on or before the deadline.

Days

"Days" shall mean District business days, unless otherwise noted. In calculating timelines under this policy, the day a document is filed is "day zero." The following business day is "day one."

Representative

"Representative" shall mean any person who or organization that is designated by the student or parent to represent the student or parent in the complaint process. A student may be represented by an adult at any level of the complaint.

The student or parent may designate a representative through written notice to the District at any level of this process. If the student or parent designates a representative with fewer than three days' notice to the District before a scheduled conference or hearing, the District may reschedule the conference or hearing to a later date, if desired, in order to include the District's counsel. A representative may not represent the student or parent without the complainant present unless the complainant has designated the representative through written notice to the District. The District may be represented by counsel at any level of the process.

Consolidating  
Complaints

Complaints arising out of an event or a series of related events shall be addressed in one complaint. A student or parent shall not file separate or serial complaints arising from any event or series of

(LOCAL)

events that have been or could have been addressed in a previous complaint. If the District determines a complaint has been or could have been addressed in a previous complaint, the complaint shall be dismissed by written notice to the student or parent.

When two or more complaints are sufficiently similar in nature and remedy sought to permit their resolution through one proceeding, the District may consolidate the complaints.

Untimely Filings

All time limits shall be strictly followed unless modified by mutual written consent.

If a complaint form or appeal notice is not timely filed, the complaint may be dismissed, on written notice to the student or parent, at any point during the complaint process. The student or parent may appeal the dismissal by seeking review in writing within ten days from the date of the written dismissal notice, starting at the level at which the complaint was dismissed. Such appeal shall be limited to the issue of timeliness.

Costs Incurred

Each party shall pay its own costs incurred in the course of the complaint.

Complaint and Appeal Forms

Complaints and appeals under this policy shall be submitted in writing on a form provided by the District.

Copies of any documents that support the complaint should be attached to the complaint form. If the student or parent does not have copies of these documents at the time of filing, copies may be presented at the Level One conference. After the Level One conference, no new documents may be submitted by the student or parent, unless the student or parent did not know the documents existed before the Level One conference, or unless requested by the administrator hearing the complaint.

A complaint or appeal form that is incomplete in any material aspect may be dismissed but may be refiled with all the required information if the refiled is within the designated time for filing.

**Level One**

Complaint forms must be filed:

1. Within ten days of the date the student or parent first knew, or with reasonable diligence should have known, of the decision or action giving rise to the complaint or grievance; and
2. With the lowest level administrator who has the authority to remedy the alleged problem.

All complaints shall be filed at Level One. Upon review, the Superintendent or designee, at his or her sole discretion, shall assign the appropriate administrator to hear the complaint,

and shall determine whether the complaint can be more appropriately addressed at Level Two based on the information sub-mitted and relief sought.

If the only administrator who has authority to remedy the alleged problem is the Superintendent or designee, the complaint may, at the Superintendent or designee's discretion, begin at Level Two following the procedure, including deadlines, for filing the complaint form at Level One.

If the complaint is not filed with the appropriate administrator, the receiving administrator must note the date and time the complaint form was received and immediately forward the complaint form to the appropriate administrator.

The appropriate administrator shall investigate as necessary and schedule a conference with the student or parent within ten days after receipt of the written complaint. The administrator may set reasonable time limits for the conference.

Absent extenuating circumstances, the administrator shall provide the student or parent a written response within ten days following the conference. The written response shall set forth the basis of the decision. In reaching a decision, the administrator may consider information provided at the Level One conference and any other relevant documents or information the administrator believes will help resolve the complaint.

## **Level Two**

If the student or parent did not receive the relief requested at Level One or if the time for a response has expired and an extension due to extenuating circumstances has not been agreed upon, the employee may request a conference with the Superintendent or designee to appeal the Level One decision.

The appeal notice must be filed in writing to the Superintendent or designee, on a form provided by the District, within ten days of the date of the written Level One response or, if no response was received and no extension was agreed upon, within ten days of the Level One response deadline.

After receiving notice of the appeal, the Level One administrator shall prepare and forward a record of the Level One complaint to the Level Two administrator. The student or parent may request a copy of the Level One record.

The Level One record shall include:

1. The original complaint form and any attachments.

2. All other documents submitted by the student or parent at Level One.
3. The written response issued at Level One and any attachments.
4. All other documents relied upon by the Level One administrator in reaching the Level One decision.

The Level Two administrator shall schedule a conference within ten days after the appeal notice is filed. The conference shall be limited to the issues and documents considered at Level One. At the conference, the student or parent may provide information concerning any documents or information relied upon by the administration for the Level One decision. The Level Two administrator may set reasonable time limits for the conference. The Level Two administrator shall not be required to consider documentation not submitted or issues not presented at Level One.

The Level Two administrator shall provide the student or parent a written response within ten days following the conference. The written response shall set forth the basis of the decision. In reaching a decision, the Level Two administrator may consider the Level One record, information provided at the Level Two conference, and any other relevant documents or information the Level Two administrator believes will help resolve the complaint.

Recordings of the Level One and Level Two conferences, if any, shall be maintained with the Level One and Level Two records.

**Level Three**

If the student or parent did not receive the relief requested at Level Two or if the time for a response has expired and an extension due to extenuating circumstances has not been agreed upon, the student or parent may appeal the decision to the Board.

The appeal notice must be filed in writing, on a form provide by the District, within ten days of the date of the written response, or, if no response was received and no extension was agreed upon, within ten days of the Level Two response deadline.

The Level Two administrator shall prepare and forward to the Superintendent or designee the record of the Level Two appeal. The Superintendent or designee shall provide a copy of the Level Two appeal to the Board. The student or parent may request a copy of the Level Two record.

The Level Two record shall include:

1. The Level One record.
2. The notice of appeal from Level One to Level Two.

3. The written response issued at Level Two and any attachments.
4. All other documents relied upon by the administration in reaching the Level Two decision.

The Superintendent or designee shall inform the student or parent of the date, time, and place of the Board meeting at which the complaint will be on the agenda for presentation to the Board.

The appeal shall be limited to the issues and documents considered at Level Two, except that if at the Level Three hearing the administration intends to rely on evidence not included in the Level Two record, the administration shall provide the student or parent notice of the nature of the evidence at least three days before the hearing. The Board shall not be required to consider documentation not previously submitted or issues not previously presented.

The District shall determine whether the complaint will be presented in open or closed meeting in accordance with the Texas Open Meetings Act and other applicable law. [See BE]

At the Board's discretion, the Board may hear the complaint based on an oral presentation or upon written submission. If the complaint is heard on oral presentation, the presiding officer may set reasonable time limits and guidelines for the presentation, including an opportunity for the student or parent and administration to each make a presentation and provide rebuttal and an opportunity for questioning by the Board. The Board shall hear the complaint and may request that the administration provide an explanation for the decisions at the preceding levels.

In addition to any other record of the Board meeting required by law, the Board shall prepare a separate record of the Level Three presentation if the complaint is heard on oral presentation. The Level Three presentation, including the presentation by the student or parent or the student's representative, any presentation from the administration, and questions from the Board with responses, shall be recorded by audio recording, video/audio recording, or court reporter.

If the complaint is heard on oral presentation, the Board shall then consider the complaint. It may give notice of its decision orally or in writing at any time up to and including the next regularly scheduled Board meeting. If the Board does not make a decision regarding the complaint by the end of the next regularly scheduled meeting, the lack of a response by the Board upholds the administrative decision at Level Two.

If the complaint is heard on written submission, the Board shall consider the complaint based on written submission at a scheduled Board meeting. It may give notice of its decision orally or in writing at any time up to and including the next regularly scheduled Board meeting after the Board considers the complaint. The written submission shall serve as the record of the Level Three proceeding before the Board, except that the Board is not required to consider documentation not previously submitted or issues not previously addressed.

**Public Information**

See GB(LEGAL) for the definition of public information.

**Availability of Public Information**

Public information is available to the public at a minimum during the normal business hours of a district. Government Code Chapter 552 (Public Information Act [PIA]) does not authorize the withholding of public information or limit the availability of public information to the public, except as expressly provided by the PIA. *Gov't Code 552.006, .021*

Special Rights of Access

*Person Whose Information the District Holds*

A person or a person's authorized representative has a special right of access, beyond the right of the general public, to information held by the district that relates to the person and that is protected from public disclosure by laws intended to protect that person's privacy interests. A district may not deny this access on the grounds that the information is considered confidential by privacy principles under the Public Information Act but may assert as grounds for denial other provisions of the PIA or other law not intended to protect the person's privacy interests. Access to information under this provision shall be provided in the manner prescribed by Government Code 552.229 (consent to release) and 552.307 (timely release), below. *Gov't Code 552.023(a), (b), (e)*

*Board Members*

For information on board members' special access rights to district information, see BBE.

*Parents*

A district that receives a request from a parent for public information relating to the parent's child shall comply with the Public Information Act. *Education Code 26.0085(e)*

For information on parents' special access rights to their child's education records, see FL.

**Information That Must Be Disclosed**

The following categories of information are public information and not excepted from required disclosure unless made confidential under the Public Information Act or other law:

1. A completed report, audit, evaluation, or investigation made of, for, or by a board or district, except as provided in Government Code 552.108.
2. The name, sex, ethnicity, salary, title, and dates of employment of each employee and officer of a district.
3. Information in an account, voucher, or contract relating to the receipt or expenditure of public or other funds by a board.

4. The name of each official and the final record of voting on all proceedings of a board.
5. All working papers, research material, and information used to estimate the need or expenditure of public funds or taxes by a board, on completion of the estimate.
6. A description of a district's central and campus organization, including where, from whom, and how the public may obtain information, submit information or requests, and obtain decisions.
7. A statement of the general course and method by which a district's functions are channeled and determined, including the nature and requirements of all formal and informal policies and procedures.
8. A rule of procedure, a description of forms available or the places at which forms may be obtained, and instructions relating to the scope and content of all papers, reports, or examinations.
9. A substantive rule of general applicability adopted or issued by a board as authorized by law, and a statement of general policy or interpretation of general applicability formulated and adopted by the board.
10. Each amendment, revision, or repeal of the information described in items 6-9.
11. Final opinions and orders issued in the adjudication of cases.
12. A policy statement or interpretation adopted or issued by a board.
13. Administrative manuals and instructions to staff that affect a member of the public.
14. Information regarded as open to the public under a district's policies.
15. Information that is in a bill for attorney's fees and that is not privileged under the attorney-client privilege.
16. Information that is also contained in a public court record.
17. A settlement agreement to which a board is a party.

*Gov't Code 552.022*

Contracting Information	Contracting information, as that term is defined in Government Code 552.003(1-a) [see GBAA], is public and must be released unless excepted from disclosure under the Public Information Act. The exceptions to disclosure provided by Government Code 552.110 (trade secrets) and 552.1101 (proprietary information) do not apply to the types of contracting information listed at Government Code 552.0222(b). <i>Gov't Code 552.0222(a), (b)</i> [See GBAA for additional procedures related to contracting information.]
Investment Information	Certain categories of information held by a district relating to its investments, as specified by Government Code 552.0225(b), are public information and not excepted from disclosure under the Public Information Act. <i>Gov't Code 552.0225</i>
<b>Confidential Information That Must Not Be Disclosed</b>	A person commits an offense if the person distributes information considered confidential under the terms of the Public Information Act. A violation under this provision also constitutes official misconduct. <i>Gov't Code 552.352</i>
Confidential by Law	Information is excepted from public disclosure if it is information considered to be confidential by law, either constitutional, statutory, or by judicial decision. <i>Gov't Code 552.101</i>
<hr/> <b>Note:</b> For confidentiality and access provisions addressed by specific statutes other than Government Code Chapter 552 (Public Information Act), see the applicable policy code. <hr/>	
Privileged Attorney-Client Information	The Texas Rules of Civil Procedure and the Texas Rule of Evidence are "other law" within the meaning of Government Code 552.022 (allowing "other law" to make information confidential from required disclosure). A district does not forfeit the attorney-client privilege by failing to timely request an attorney general's decision, and the privilege is sufficiently compelling to rebut the presumption of public disclosure after an untimely request. <i>In re City of Georgetown, 53 S.W.3d 328, 336 (Tex. 2001); Paxton v. City of Dallas, 509 S.W.3d 247 (Tex. 2017)</i>  The attorney-client privilege does not apply if the attorney or attorney's representative acts in a capacity other than that of providing or facilitating professional legal services to the client. <i>Harlandale Indep. Sch. Dist. V. Cornyn, 25 S.W.3d 328 (Tex. App.—Austin 2000, pet. Denied)</i>
Closed Meeting Records	The certified agenda or tape recording of a closed meeting is available for public inspection only under a court order issued in litigation in a district court involving an alleged violation of the Open Meetings Act. <i>Gov't Code 551.104(c); Atty. Gen. ORD 684 (2009)</i>

[For information regarding minutes or recording of an open meeting, see BE.]

Student Education  
Records

The Public Information Act does not require the release of information contained in education records of the district, except in conformity with the Family Educational Rights and Privacy Act of 1974, 20 U.S.C. Section 1232g (FERPA).

In this provision, "student record" means information that constitutes education records as that term is defined by FERPA or information in a record of an applicant for admission to an educational institution, including a transfer applicant.

Information is confidential and excepted from required disclosure if it is information in a student record at a district.

The district is not prohibited from disclosing or providing information included in an education record if the disclosure or provision is authorized by FERPA or other federal law. In addition, a student record shall be made available on the request of district personnel, the student, the student's parents, legal guardian, or spouse, or a person conducting a child abuse investigation required by Family Code Chapter 261, Subchapter D.

Except as provided by Government Code 552.114(e) (information in enrollment or transfer records, below), a district may redact information in a student record from information required to be disclosed under the Public Information Act without requesting a decision from the attorney general.

*Gov't Code 552.026, .114 [See FL]*

*Enrollment or  
Transfer  
Information*

If an applicant, or a parent or legal guardian of a minor applicant, for admission to an educational institution funded wholly or partly by state revenue requests information in the record of the applicant, the district shall disclose any information that is related to the application for admission and was provided to the district by the applicant. *Gov't Code 552.114(e)*

*Student Victim  
Information*

The name of a person who is enrolled in a public or private primary or secondary school and involved in an improper relationship with an educator as provided by Penal Code 21.12(a) may not be released to the public and is not public information subject to disclosure. *Penal Code 21.12(d)*

The name of a student or minor who is the victim of abuse or unlawful conduct by an educator is not public information subject to disclosure. *Education Code 21.006(h)*

Juvenile Law  
Enforcement  
Records

Except as provided by Family Code 58.008(c) (person with a determinate sentence), law enforcement records concerning a child, as defined by Family Code 51.02(2), and information concerning a child that are stored by electronic means or otherwise and from which a record could be generated may not be disclosed to the public. *Family Code 58.008(b)*

Law enforcement records concerning a child may be inspected or copied by:

1. A juvenile justice agency, as defined by Family Code 58.101;
2. A criminal justice agency, as defined by Government Code 411.082;
3. The child;
4. The child's parent or guardian; or
5. The chief executive officer or the officer's designee of a primary or secondary school where the child is enrolled only for the purpose of conducting a threat assessment or preparing a safety plan related to the child. [See FFB]

*Family Code 58.008(d), (d-1)*

*Exclusions*

These provisions do not apply to a record relating to a child that is required or authorized to be maintained under the laws regulating the operation of motor vehicles in Texas or subject to disclosure under Code of Criminal Procedure Chapter 62 (registered sex offenders). *Family Code 58.008(a)*

Certain Personnel  
Information

---

**Note:** For previous determinations by the attorney general allowing governmental bodies to withhold specific categories of information in personnel records, including direct deposit forms; employment forms I-9, W-2, W-4; and fingerprints, without the necessity of requesting an attorney general decision, see Attorney General Open Records Decision (ORD) 684 (2009).

---

*Employee Social  
Security Numbers*

The social security number of an employee of a district in the custody of the district is confidential. *Gov't Code 552.147(a-1)*

*Invasion of  
Privacy*

Information is excepted from public disclosure if it is information in a personnel file, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, except that all information in the personnel file of a district employee is to be made available to that employee or the employee's designated representative as public information is made available under the Public Information Act. The exception to public disclosure created by this provi-

sion is in addition to any exception created by Government Code 552.024. Public access to personnel information covered by Government Code 552.024 is denied to the extent provided by that provision. *Gov't Code 552.102(a)*

*Employee Birth Dates*

Disclosure of employee birth dates would constitute a clearly unwarranted invasion of personal privacy, and thus such dates are excepted from disclosure under Government Code 552.102(a). *Texas Comptroller of Public Accts. v. Atty. Gen'l of Texas, 354 S.W.3d 336 (Tex. 2010)*

*College Transcripts*

Information is excepted from public disclosure if it is a transcript from an institution of higher education maintained in the personnel file of a professional employee, except that this provision does not exempt from disclosure the degree obtained or the curriculum on a transcript in the personnel file of the employee. *Gov't Code 552.102(b)*

*Evaluations*

A document evaluating the performance of a teacher or administrator is confidential and is not subject to disclosure under the Public Information Act.

At the request of a school district, open-enrollment charter school, or private school at which a teacher or administrator has applied for employment, a district shall give the requesting district or school a document evaluating the performance of a teacher or administrator employed by the school.

A district shall give the Texas Education Agency (TEA) a document evaluating the performance of a teacher or administrator employed by the district for purposes of an investigation conducted by TEA.

*Education Code 21.355(a), (c), (d)*

*Educator Certification Exam*

The results of an educator certification examination are confidential and are not subject to disclosure, unless the disclosure is regarding notification to a parent of the assignment of an uncertified teacher to a classroom as required by Education Code 21.057. *Education Code 21.048(c-1)*

*Employee Accused of Improper Relationship with Student*

A primary or secondary school may not release externally to the general public the name of an employee who is accused of committing an offense under Penal Code 21.12 (improper relationship between educator and student) until the employee is indicted for the offense. The school may release the name of the accused employee regardless of whether the employee has been indicted for the offense as necessary for the school to:

1. Report the accusation:

- a. To TEA, another state agency, or local law enforcement or as otherwise required by law; or
- b. To the school's community in accordance with the school's policies or procedures; or

2. Conduct an investigation of the accusation.

*Penal Code 21.12(d-1)*

Credit Card, Debit Card, Charge Card, and Access Device Numbers

A credit card, debit card, charge card, or access device number that is collected, assembled, or maintained by or for a district is confidential.

"Access device" means a card, plate, code, account number, personal identification number, electronic serial number, mobile identification number, or other telecommunications service, equipment, or instrument identifier or means of account access that alone or in conjunction with another device may be used to:

1. Obtain money, goods, services, or another thing of value; or
2. Initiate a transfer of funds other than a transfer originated solely by paper instrument.

A district may redact credit card, debit card, charge card, or access device numbers from any information the district discloses without the necessity of requesting a decision from the attorney general. The district shall provide the information required by Government Code 552.136(e) to the requestor on a form prescribed by the attorney general. The requestor is entitled to seek a decision from the attorney general about the matter.

*Gov't Code 552.136*

Email Addresses of the Public

An email address of a member of the public that is provided for the purpose of communicating electronically with a district is confidential and not subject to disclosure unless the member of the public affirmatively consents to its release.

This confidentiality does not apply to an email address:

1. Provided to a district by a person who has a contractual relationship with the district or by the contractor's agent;
2. Provided to a district by a vendor who seeks to contract with the district or by the vendor's agent;
3. Contained in a response to a request for bids or proposals, contained in a response to similar invitations soliciting offers or information relating to a potential contract, or provided to a

district in the course of negotiating the terms of a contract or potential contract;

4. Provided to a district on a letterhead, coversheet, printed document, or other document made available to the public; or
5. Provided to a district for the purpose of receiving orders or decisions from the district, or for the purpose of providing public comment on or receiving notices related to an application for a license. A "license" under this provision includes a state agency permit, certificate, approval, registration, or similar form of permission required by law.

A district may also disclose an email address for any reason to another governmental body or to a federal agency.

*Gov't Code 552.137, 2001.003(2); Atty. Gen. ORD 684 (2009)*

Individuals Who  
Inform of Legal  
Violations

An informer's name or information that would substantially reveal the identity of an informer is excepted from public disclosure.

"Informer" means a student or former student or an employee or former employee of a district who has furnished a report of another person's possible violation of criminal, civil, or regulatory law to the district or the proper regulatory enforcement authority.

This exception does not apply if the informer:

1. If the informer is a student or former student, and the student, student's legal guardian, or student's spouse consents to disclosure of the student's name;
2. If the informer is an employee or former employee who consents to disclosure of the employee's name; or
3. The informer planned, initiated, or participated in the possible violation.

Information may be made available to a law enforcement agency or prosecutor for official purposes upon proper request, made in compliance with applicable law and procedure. However, this exception does not impair the confidentiality of information considered to be confidential by law, including information excepted from disclosure under the Public Information Act.

*Gov't Code 552.135*

Crime Victim  
Information

*Address  
Confidentiality  
Program*

Information relating to a participant in the Address Confidentiality Program for Certain Crime Victims (including from family violence, sexual assault or abuse, stalking, child abduction, or trafficking of persons under Code of Criminal Procedure Chapter 58, Subchapter B) is confidential, except as provided by Code of Criminal Procedure 58.061, and may not be disclosed under the Public Information Act. *Code of Criminal Procedure 58.060*

*Employee  
Victims*

A district employee who is a victim under Code of Criminal Procedure Chapter 56B (Crime Victims' Compensation Act) regardless of whether the employee has filed an application for compensation may elect whether to allow public access to information held by the district that would identify or tend to identify the victim, including a photograph or other visual representation of the victim. The election must be made in writing on a form developed by the district, signed by the employee, and filed with the district before the third anniversary of the latest to occur of one of the following:

1. The date the crime was committed;
2. The date employment begins; or
3. The date the district develops the form and provides it to employees.

If the employee fails to make an election, the identifying information is excepted from disclosure until the third anniversary of the date the crime was committed. In case of disability, impairment, or other incapacity of the employee, the election may be made by the guardian of the employee or former employee.

*Gov't Code 552.132(d)*

*Victims of Certain  
Crimes*

Information is confidential and excepted from public disclosure if the information identifies an individual as a victim of:

1. A criminal offense specified by Government Code 552.1315(a)(1)(A) and (B), or
2. Any criminal offense if the victim was younger than 18 years of age when any element of the offense was committed.

Notwithstanding the above, information may be disclosed:

1. To any victim identified by the information;
2. To the parent or guardian of a victim described by item 2 above who is identified by the information;
3. To a law enforcement agency for investigative purposes; or

4. In accordance with a court order requiring the disclosure.

*Gov't Code 552.1315*

Location or Layout  
of Shelter Centers

Information that relates to the location or physical layout of a family violence shelter center or victims of trafficking shelter center is confidential. A district may redact this information from any information the district discloses without the necessity of requesting a decision from the attorney general. If a district redacts information under this provision, the district shall provide the information required by Government Code 552.138(e) to the requestor on a form prescribed by the attorney general. The requestor is entitled to seek a decision from the attorney general about the matter.

Restriction on  
Release of  
Licensee  
Information

A district may not sell or otherwise release certain information listed about a person who holds, previously held, or is an applicant for a license issued by the district if the person meets the requirements under Government Code 552.138.

It is a criminal offense for a person, with intent to prevent or disrupt a lawful meeting, to substantially obstruct or interfere with the ordinary conduct of a meeting by physical action or verbal utterance and thereby curtail the exercise of others' First Amendment rights. *Penal Code 42.05; Morehead v. State, 807 S.W. 2d 577 (Tex. Cr. App. 1991)*

**Note:** Public complaints regarding instructional and library materials are addressed at EFA and EFB, respectively, and complaints against peace officers are addressed at CKE.

---

**Note:** This local policy has been revised in accordance with the District's [innovation plan](#).<sup>1</sup>

---

In accordance with the District's innovation plan, complaints regarding refusal of entry to or ejection from District property based on Education Code 37.105 shall be filed in accordance with this policy. [See GKA]

**Complaints**

In this policy, the terms "complaint" and "grievance" shall have the same meaning.

Other Complaint Processes

Complaints by members of the public shall be filed in accordance with this policy, except as required by the policies listed below. Some of these policies require appeals to be submitted in accordance with GF after the relevant complaint process:

1. Complaints concerning instructional resources shall be filed in accordance with the EF series.
2. Complaints concerning a commissioned peace officer who is an employee of the District shall be filed in accordance with the CKE series.

**Guiding Principles**

Informal Process

The Board encourages the public to discuss concerns with an appropriate administrator who has the authority to address the concerns. Concerns should be expressed as soon as possible to allow early resolution at the lowest possible administrative level.

Informal resolution shall be encouraged but shall not extend any deadlines in this policy, except by mutual written consent.

Formal Process

An individual may initiate the formal process described below by timely filing a written complaint form.

Even after initiating the formal complaint process, individuals are encouraged to seek informal resolution of their concerns. An individual whose concerns are resolved may withdraw a formal complaint at any time.

The process described in this policy shall not be construed to create new or additional rights beyond those granted by law or Board policy, nor to require a full evidentiary hearing or "mini-trial" at any level.

**Freedom from Retaliation**

Neither the Board nor any District employee shall unlawfully retaliate against any individual for bringing a concern or complaint.

**General Provisions**

Filing

Complaint forms and appeal notices may be filed by hand-delivery, by electronic communication, including email and fax, or by U.S. Mail. Hand-delivered filings shall be timely filed if received by the

appropriate administrator or designee by the close of business on the deadline. Filings submitted by electronic communication shall be timely filed if they are received by the close of business on the deadline, as indicated by the date/time shown on the electronic communication. Mail filings shall be timely filed if they are post-marked by U.S. Mail on or before the deadline and received by the appropriate administrator or designated representative no more than three days after the deadline.

Scheduling  
Conferences

The District shall make reasonable attempts to schedule conferences at a mutually agreeable time. If the individual fails to appear at a scheduled conference, the District may dismiss the complaint. If the complaint is dismissed, it may be refiled, but only within the original time period for filing a complaint.

Response

At Levels One and Two, "response" shall mean a written communication to the individual from the appropriate administrator. Responses may be hand-delivered, sent by electronic communication to the individual's email address of record, or sent by U.S. Mail to the individual's mailing address of record. Mailed responses shall be timely if they are postmarked by U.S. Mail on or before the deadline.

Days

"Days" shall mean District business days, unless otherwise noted. In calculating timelines under this policy, the day a document is filed is "day zero." The following business day is "day one."

Representative

"Representative" shall mean any person who or organization that is designated by an individual to represent the individual in the complaint process.

The individual may designate a representative through written notice to the District at any level of this process. If the individual designates a representative with fewer than three days' notice to the District before a scheduled conference or hearing, the District may reschedule the conference or hearing to a later date, if desired, in order to include the District's counsel. A representative shall not represent the complainant/grievant without the complainant present unless the complainant has designated the representative through written notice to the District. The District may be represented by counsel at any level of the process.

Consolidating  
Complaints

Complaints arising out of an event or a series of related events shall be addressed in one complaint. An individual shall not file separate or serial complaints arising from any event or series of events that have been or could have been addressed in a previous complaint. If the District determines a complaint has been or could have been addressed in a previous complaint, the complaint shall be dismissed by written notice to the individual.

When two or more complaints are sufficiently similar in nature and remedy sought to permit their resolution through one proceeding, the District may consolidate the complaints.

Untimely Filings

All time limits shall be strictly followed unless modified by mutual written consent.

If a complaint form or appeal notice is not timely filed, the complaint may be dismissed, on written notice to the individual, at any point during the complaint process. The individual may appeal the dismissal by seeking review in writing within ten days from the date of the written dismissal notice, starting at the level at which the complaint was dismissed. Such appeal shall be limited to the issue of timeliness.

Costs Incurred

Each party shall pay its own costs incurred in the course of the complaint.

Complaint and Appeal Forms

Complaints and appeals under this policy shall be submitted in writing on a form provided by the District.

Copies of any documents that support the complaint should be attached to the complaint form. If the individual does not have copies of these documents at the time of filing, they may be presented at the Level One conference. After the Level One conference, no new documents may be submitted, unless the individual did not know the documents existed before the Level One conference, or unless requested by the administrator hearing the complaint.

A complaint or appeal form that is incomplete in any material aspect may be dismissed but may be refiled with all the required information if the refile is within the designated time for filing.

**Level One**

Complaint forms must be filed:

1. Within ten days of the date the individual first knew, or with reasonable diligence should have known, of the decision or action giving rise to the complaint or grievance; and
2. With the lowest level administrator who has the authority to remedy the alleged problem.
3. All complaints shall be filed at Level One. Upon review, the Superintendent or designee, at his or her sole discretion, shall assign an administrator to hear the complaint, and shall determine whether the complaint can be more appropriately addressed at Level Two based on the information submitted and relief sought.

If the only administrator who has authority to remedy the alleged problem is the Superintendent or designee, the com-

plaint may, at the Superintendent or designee's discretion, begin at Level Two following the procedure, including deadlines, for filing the complaint form at Level One.

If the complaint is not filed with the appropriate administrator, the receiving administrator must note the date and time the complaint form was received and immediately forward the complaint form to the appropriate administrator.

The appropriate administrator shall investigate as necessary and schedule a conference with the individual within ten days after receipt of the written complaint. The administrator may set reasonable time limits for the conference.

Absent extenuating circumstances, the administrator shall provide the individual a written response within ten days following the conference. The written response shall set forth the basis of the decision. In reaching a decision, the administrator may consider information provided at the Level One conference and any other relevant documents or information the administrator believes will help resolve the complaint.

## **Level Two**

If the individual did not receive the relief requested at Level One or if the time for a response has expired and an extension due to extenuating circumstances has not been agreed upon, the individual may request a conference with the Superintendent or designee to appeal the Level One decision.

The appeal notice must be filed in writing with the Superintendent or designee, on a form provided by the District, within ten days of the date of the written Level One response or, if no response was received and no extension was agreed upon, within ten days of the Level One response deadline.

After receiving notice of the appeal, the Level One administrator shall prepare and forward a record of the Level One complaint to the Level Two administrator. The individual may request a copy of the Level One record.

The Level One record shall include:

1. The original complaint form and any attachments.
2. All other documents submitted by the individual at Level One.
3. The written response issued at Level One and any attachments.
4. All other documents relied upon by the Level One administrator in reaching the Level One decision.

The Level Two administrator shall schedule a conference within ten days after the appeal notice is filed. The conference shall be limited to the issues and documents considered at Level One. At the conference, the individual may provide information concerning any documents or information relied upon by the administration for the Level One decision. The Level Two administrator may set reasonable time limits for the conference. The Level Two administrator shall not be required to consider documentation not submitted or issues not presented at Level One.

The Level Two administrator shall provide the individual a written response within ten days following the conference. The written response shall set forth the basis of the decision. In reaching a decision, the Level Two administrator may consider the Level One record, information provided at the Level Two conference, and any other relevant documents or information the administrator or designee believes will help resolve the complaint.

Recordings of the Level One and Level Two conferences, if any, shall be maintained with the Level One and Level Two records.

### **Level Three**

If the individual did not receive the relief requested at Level Two or if the time for a response has expired and an extension due to extenuating circumstances has not been agreed upon, the individual may appeal the decision to the Board.

The appeal notice must be filed in writing, on a form provided by the District, within ten days of the date of the written response, or, if no response was received and no extension was agreed upon, within ten days of the Level Two response deadline.

The Level Two administrator shall prepare and forward to the Superintendent or designee the record of the Level Two appeal. The Superintendent or designee shall provide a copy of the Level Two appeal to the Board. The individual may request a copy of the Level Two record.

The Level Two record shall include:

1. The Level One record.
2. The notice of appeal from Level One to Level Two.
3. The written response issued at Level Two and any attachments.
4. All other documents relied upon by the administration in reaching the Level Two decision.

The Superintendent or designee shall inform the individual of the date, time, and place of the Board meeting at which the complaint will be on the agenda for presentation to the Board.

The appeal shall be limited to the issues and documents considered at Level Two, except that if at the Level Three hearing the administration intends to rely on evidence not included in the Level Two record, the administration shall provide the individual notice of the nature of the evidence at least three days before the hearing. The Board shall not be required to consider documentation not previously submitted or issues not previously presented.

The District shall determine whether the complaint will be presented in open or closed meeting in accordance with the Texas Open Meetings Act and other applicable law. [See BE]

The Board may, at its discretion, hear the complaint on an oral presentation or upon written submission. If the complaint is heard on oral presentation, the presiding officer may set reasonable time limits and guidelines for the presentation, including an opportunity for the individual and administration to each make a presentation and provide rebuttal and an opportunity for questioning by the Board. The Board shall hear the complaint and may request that the administration provide an explanation for the decisions at the preceding levels.

In addition to any other record of the Board meeting required by law, the Board shall prepare a separate record of the Level Three presentation if the complaint is heard on oral presentation. The Level Three presentation, including the presentation by the individual or his or her representative, any presentation from the administration, and questions from the Board with responses, shall be recorded by audio recording, video/audio recording, or court reporter.

If the complaint is heard on oral presentation, the Board shall then consider the complaint. It may give notice of its decision orally or in writing at any time up to and including the next regularly scheduled Board meeting. If the Board does not make a decision regarding the complaint by the end of the next regularly scheduled meeting, the lack of a response by the Board upholds the administrative decision at Level Two.

If the complaint is heard on written submission, the Board shall consider the complaint based on written submission at a scheduled Board meeting. It may give notice of its decision orally or in writing at any time up to and including the next regularly scheduled Board meeting after the Board considers the complaint. The written submission shall serve as the record of the Level Three proceeding

before the Board, except that the Board is not required to consider documentation not previously submitted or issues not previously addressed.

**Trespass**

An unauthorized person who trespasses on the grounds of a school district commits a Class C misdemeanor. *Education Code 37.107*

**Refusal of Entry or  
Ejection of  
Unauthorized  
Persons**

A school administrator, school resource officer, or school district peace officer may refuse to allow persons to enter on or may eject a person from property under the district's control if the person refuses to leave peaceably on request and:

1. The person poses a substantial risk of harm to any person; or
2. The person behaves in a manner that is inappropriate for a school setting and:
  - a. The administrator, resource officer, or peace officer issues a verbal warning to the person that the person's behavior is inappropriate and may result in the person's refusal of entry or ejection; and
  - b. The person persists in that behavior.

Identification may be required of any person on property under the district's control.

A district shall maintain a record of each verbal warning issued, including the name of the person to whom the warning was issued and the date of issuance.

At the time a person is refused entry to or ejected from a school district's property, the district shall provide to the person written information explaining the appeal process.

If a parent or guardian of a child enrolled in a school district is refused entry to the district's property, the district shall accommodate the parent or guardian to ensure that the parent or guardian may participate in the child's admission, review, and dismissal committee or in the child's team established under Section 504, Rehabilitation Act of 1973 (29 U.S.C. Section 794), in accordance with federal law.

The term of a person's refusal of entry to or ejection from a school district's property under this section may not exceed two years.

A district shall post on the district's website and each district campus shall post on any campus website a notice regarding these provisions, including the appeal process.

The board shall adopt a policy that uses the district's existing grievance process [see FNG, GF] to permit a person refused entry to or

ejected from property controlled by the district to appeal such refusal of entry or ejection. The policy must permit a person appealing under this section to address the board in person within 90 days of the commencement of the appeal, unless the appeal is granted before the board considers the appeal.

The board's decision to grant or deny an appeal under this section is final and may only be further appealed under the applicable provisions of Education Code 7.057.

*Education Code 37.105; 19 TAC 103.1207*

[For information on visitor requirements, including requesting identification, see GKC.]

**Disruption of Lawful Assembly**

A person commits a Class B misdemeanor if the person, alone or in concert with others, intentionally engages in disruptive activity on the campus or property of a public school.

1. Obstructing or restraining the passage of persons in an exit, entrance, or hallway of any building without the authorization of the administration of the school;
2. Seizing control of any building or portion of a building to interfere with any administrative, educational, research, or other authorized activity;
3. 5. Obstructing or restraining the passage of any person at an exit or entrance to the campus or property or preventing or attempting to prevent by force or violence or by threats thereof the ingress or egress of any person to or from the property or campus without the authorization of the administration of the school.

This provision shall not be construed to infringe upon any right of free speech or expression guaranteed by the constitutions of the United States or the state of Texas.

*Education Code 37.123*

**Disruption of  
Classes**

A person, other than a primary or secondary grade student enrolled in the school, commits a Class C misdemeanor if the person, on school property or on public property within 500 feet of school property, alone or in concert with others, intentionally disrupts the conduct of classes or other school activities. It is an exception to the application of the offense that, at the time the person engaged in the prohibited conduct, the person was younger than 12 years of age.

Disrupting the conduct of classes or other school activities includes:

1. Emitting noise of an intensity that prevents or hinders classroom instruction.

It is unlawful for any individual knowingly to possess a firearm at a place that the individual knows, or has reasonable cause to believe, is a school zone.

“School zone” means in, or on the grounds of, a school; or within a distance of 1,000 feet from the grounds of a school.

This prohibition does not apply to the possession of a firearm:

1. On private property not part of school grounds;

2. Includes the language described above in both English and Spanish;
3. Appears in contrasting colors with block letters at least one inch in height; and

4. Is displayed in a conspicuous manner clearly visible to the public.

Without a sign described above posted prominently at each entrance to the premises or other property, as applicable, a person can assert a defense to prosecution for unlawfully carrying a handgun if the person personally received notice that carrying a firearm was prohibited and promptly departed from the premises or other property.

*Penal Code 46.15(m)-(o)*

Transportation or  
Storage of Firearm  
in School Parking  
Area

A district may not prohibit a person who holds a license to carry a handgun under Government Code, Chapter 411, Subchapter H, from transporting or storing a handgun or other firearm or ammunition in a locked, privately owned or leased motor vehicle in a parking lot, parking garage, or other parking area provided by the district, and may not regulate the manner in which the handgun, firearm, or ammunition is stored in the vehicle, provided that the handgun, firearm, or ammunition is not in plain view.

This does not authorize a person to possess, transport, or store a handgun, a firearm, or ammunition in violation of Education Code 37.125, Penal Code 46.03, or other law.

*Education Code 37.0815*

Volunteer  
Emergency  
Services Personnel

A district is not liable in a civil action arising from the discharge of a handgun by an individual who is volunteer emergency services personnel and licensed to carry the handgun under Government Code, Chapter 411, Subchapter H.

The discharge of a handgun by an individual who is volunteer emergency services personnel and licensed to carry the handgun under Subchapter H, Chapter 411, Government Code, is outside the course and scope of the individual's duties as volunteer emergency services personnel.

The district does not waive immunity from suit or liability under the Texas Tort Claims Act or any other law.

"Volunteer emergency services personnel" includes a volunteer firefighter, an emergency medical services volunteer as defined by Health and Safety Code 773.003, and any individual who, as a volunteer, provides services for the benefit of the general public during emergency situations. The term does not include a peace officer or reserve law enforcement officer, as those terms are defined

by Occupations Code 1701.001, who is performing law enforcement duties.

Handgun**

A license holder commits an offense if the license holder:

1. Carries a concealed handgun on the property of another without effective consent; and
2. Received notice that entry on the property by a license holder with a concealed handgun was forbidden.

An offense under Penal Code 30.06 is a Class C misdemeanor, except that the offense is a Class A misdemeanor if, after entering the property, the license holder was personally given the notice that entry or remaining on the property with a concealed handgun was forbidden and subsequently failed to depart.

**Notice / Sign —  
Concealed Carry of  
Handgun**

For purposes of Penal Code 30.06, a person receives notice if the owner of the property or someone with apparent authority to act for the owner provides notice to the person by oral or written communication.

“Written communication” means:

1. A card or other document on which is written language identical to the following: “Pursuant to Section 30.06, Penal Code (trespass by license holder with a concealed handgun), a per-

son licensed under Subchapter H, Chapter 411, Government Code (handgun licensing law), may not enter this property with a concealed handgun”; or

2. A sign posted on the property that includes the language described above in both English and Spanish, appears in contrasting colors with block letters at least one inch in height, and is displayed in a conspicuous manner clearly visible to the public.

Exception

It is an exception to Penal Code 30.06 that the property on which the license holder carries a concealed handgun is owned or leased by a district and is not a premises or other place on which the license holder is prohibited from carrying the handgun under Penal Code 46.03.

*Penal Code 30.06* [See also FNCG]

Unauthorized  
Notice

A district may not take any action, including an action consisting of the provision of notice, by a communication described by Penal Code 30.06 or 30.07 that states or implies that a license holder who is carrying a handgun under the authority of Government Code Chapter 411 is prohibited from entering or remaining on a premises or other place owned or leased by the district unless license holders are prohibited from carrying a handgun on the premises or other place by Penal Code 46.03 or other law. *Gov't Code 411.209*

A holder of a license to openly carry a handgun commits an offense if the license holder:

1. Openly carries a handgun on property of another without effective consent; and
2. Received notice that entry on the property by a license holder openly carrying a handgun was forbidden.

Notice / Sign —  
Open Carry of  
Handgun

For purposes of Penal Code 30.07, a person receives notice if the owner of the property or someone with apparent authority to act for the owner provides notice to the person by oral or written communication.

“Written communication means”:

1. A card or other document on which is written language identical to the following: “Pursuant to Section 30.07, Penal Code (trespass by license holder with an openly carried handgun), a person licensed under Subchapter H, Chapter 411, Government Code (handgun licensing law), may not enter this property with a handgun that is carried openly”; or

2. A sign posted on the property that includes the language described above in both English and Spanish, appears in contrasting colors with block letters at least one inch in height, and is displayed in a conspicuous manner clearly visible to the public at each entrance to the property.

**Child Protective Investigations**

A Texas Department of Family and Protective Services (DFPS) investigation of a report of child abuse or neglect under Family Code Chapter 261 may include an interview and examination of the subject child, which may be conducted at any reasonable time and place, including the child's school. *Family Code 261.406(a); 40 TAC 707.597-.625*

Definitions

"School personnel and volunteers" means persons who have access to children in a school setting and are providing services to or caring for the children. School personnel include but are not limited to school employees, contractors, school volunteers, school bus drivers, school cafeteria staff, school resource officers and contracted police officers, and school custodians.

"School setting" means the physical location of a child's school or of an event sponsored or approved by the child's school, or any

other location where the child is in the care, custody, or control of school personnel in their official capacity, including transportation services. This does not include:

1. School settings involving only children in facilities regulated by the Texas Health and Human Services Commission (HHSC) when HHSC contracts with the local district to provide education services; or
2. School settings that are a part of child care operations regulated by the Child Care Licensing division of HHSC.

*40 TAC 707.605(a)(6)-(7)*

Notice to School  
Personnel

Prior to conducting an investigation of school personnel or volunteers, SI must notify the school principal (or the principal's supervisor if the school principal is an alleged perpetrator) of the fact that a report has been assigned for investigation, the nature of the allegations contained in the report, and the date and time SI plans to visit the school campus to begin the investigation.

SI must also orally notify the superintendent about the investigation. If the superintendent is the alleged perpetrator, SI must instead orally notify the president of the school board.

SI must request that the school personnel notified of the investigation not alert the alleged perpetrator or others regarding the report until SI has had an opportunity to interview the alleged perpetrator.

*Family Code 261.105(d); 40 TAC 707.615*

No Interference with  
Investigation

School officials or other persons related to the school setting may not interfere with an investigation of a report of child abuse or neglect conducted by DFPS.

Interviews on  
School Premises

Interviews and examinations in a school investigation may take place on or off the school premises, as deemed appropriate by SI, pursuant to all applicable standards. SI will notify appropriate school personnel prior to conducting an interview or visual inspection on school premises.

Presence of School  
Personnel

SI may request that school personnel or volunteers not be present during the interview or visual inspection of an alleged victim, an alleged perpetrator, an adult or child witness, or any other person who may have information relevant to the investigation if the investigator determines that:

1. The presence of school personnel or volunteers would compromise the integrity of the investigation; or

2. A better interview or examination of the child would result without school personnel or volunteers being present.

*Family Code 261.303(a); 40 TAC 707.619(a)*

Report of Findings

After the completion of an investigation, SI must provide a report of the investigation, redacted to remove the identity of the reporter, to the Texas Education Agency (Director of Education Investigations) for an investigation concerning an employee of a public school. On request, SI must also provide a redacted copy of the report to the following:

1. State Board for Educator Certification;
2. The president of the local school board;
3. The superintendent of the district unless the superintendent is the alleged perpetrator; and
4. The school principal, unless the principal is the alleged perpetrator.

SI is not required to provide notice to a school official if it administratively closes a report of abuse or neglect prior to notifying school officials that DFPS received a report of abuse or neglect in the school setting.

*Family Code 261.406(b); 40 TAC 707.623*

**Prohibited Law  
Enforcement  
Citations**

For this provision, a “school offense” means an offense committed by a child enrolled in a public school that is a Class C misdemeanor other than a traffic offense and that is committed on property under the control and jurisdiction of a district. “Child” means a person who is a student and at least 10 years of age and younger than 18 years of age.

A peace officer, law enforcement officer, or school resource officer may not issue a citation to a child who is alleged to have committed a school offense. Education Code Chapter 37, Subchapter E-1 (Criminal Procedure) does not prohibit a child from being taken into custody under Family Code 52.01 (described below).

*Education Code 37.141, .143*

**Students Taken into  
Custody**

For the following provisions, “child” means a person who is:

1. Ten years of age or older and under 17 years of age, or
2. Seventeen years of age or older and under 18 years of age who is alleged or found to have engaged in delinquent con-

duct or conduct indicating a need for supervision as a result of acts committed before becoming 17 years of age.

*Family Code 51.02(2)*

A child may be taken into custody under Family Code Title 3 (Juvenile Justice Code):

1. Pursuant to an order of the juvenile court.
2. Pursuant to the laws of arrest.
3. By a law enforcement officer, including a district peace officer, if there is probable cause to believe the student has engaged in a criminal violation, delinquent conduct, conduct indicating a need for supervision, or conduct that violates a condition of probation.
4. By a probation officer, if there is probable cause to believe the student has violated a condition of probation or a condition of release.
5. Pursuant to a directive to apprehend issued by a juvenile court.
6. By a law enforcement officer, to take the child's fingerprints or photograph, as set forth at Family Code 58.0021.

[For information regarding when a child may be taken into custody without a court order, see Family Code 262.007, .008, .104, .110.]

**Students in Custody**

A person taking a child into custody may, if school is in session and the child is a student, bring the child to the campus to which the child is assigned if the principal, the principal's designee, or a peace officer assigned to the campus agrees to assume responsibility for the child for the remainder of the school day. *Family Code 52.02(a)(7)*

#### ATTN(NOTE)

#### GENERAL INFORMATION ABOUT THIS UPDATE

##### Please note:

Unless otherwise noted, references to legislative bills throughout these explanatory notes refer to Senate Bills (SB) or House Bills (HB) from the 88th Legislature, regular and special sessions. All referenced bills have already gone into effect unless otherwise noted.

The Local Policy Overview for Update 123, available with your Update 123 materials under [Local Manual Updates](#) on Policy Online® (TASB login required), provides a general, high-level overview of the changes to the local policies included in the update. **Legal policies provide the legal framework for key areas of district operations and are not adopted by the board.**

#### AIB(LEGAL)

#### ACCOUNTABILITY: PERFORMANCE REPORTING

The Results Driven Accountability (RDA) section of the policy has been deleted. TEA included RDA information in the Accountability Manual starting in 2023 and repealed the RDA information in the Administrative Code. This change aims to streamline information used in academic accountability and RDA systems.

#### AIC(LEGAL)

#### ACCOUNTABILITY: INTERVENTIONS AND SANCTIONS

A citation to the Administrative Code has been included under Student Enrollment and Assignment, Enrollment Provision in Contract, regarding campuses that are closed and repurposed.

As 19 TAC 97.2005 has been repealed, the reference to Results Driven Accountability has been deleted from the section on Special Program Performance Determination.

#### AIE(LEGAL)

#### ACCOUNTABILITY: INVESTIGATIONS

The word "accreditation" has been removed as a descriptor for investigations in two places within the policy after an amendment to the Administrative Code, effective January 17, 2024.

#### BBA(LEGAL)

#### BOARD MEMBERS: ELIGIBILITY/QUALIFICATIONS

At Intent to Return, language from the Election Code has been included to minimize confusion regarding the specific requirements for establishing an intent to return to the individual's residence after a temporary absence.

#### BBB(LEGAL)

#### ELECTIONS: POST-ELECTION PROCEDURES

HB 5180 added new requirements for public inspection of election records. A reference has been added at Election Records regarding where to find information on public inspection of those records for districts who serve as custodians of their own election records.

#### BBD(LOCAL)

#### BOARD MEMBERS: TRAINING AND ORIENTATION

HB 3033 authorizes the attorney general to require trustees to complete training on the Public Information Act if the attorney general finds that there has been a violation of the Act. Language is recommended to make clear that this training after a violation cannot be delegated to the district's Public Information Act coordinator.

#### BBFA(LOCAL)

#### ETHICS: CONFLICT OF INTEREST DISCLOSURES

Language is recommended to clarify that a trustee's ethical duty to disclose a financial or other personal interest in board transactions goes beyond the statutory conflicts of interest set out in state and federal law. The added language serves to demonstrate a commitment to avoid undue influence, increase transparency, and avoid the appearance of impropriety in public dealings.

#### **CCG(LLEGAL) LOCAL REVENUE SOURCES: AD VALOREM TAXES**

HB 3273, effective January 1, 2024, revised the Tax Code and requires a taxing unit, including a school district, to provide specific notice to property owners on its website. These provisions have been included in the Appraisal District Property Tax Database section of the policy.

#### **CCGA(LLEGAL) AD VALOREM TAXES: EXEMPTIONS AND PAYMENTS**

This policy has been updated to indicate that a board that adopted an exemption for the 2022 tax year may not reduce the amount or repeal that exemption based on SB 2 from the second special session of the 88th Legislature. [See Homestead, Local Options.]

HB 4559, from the 88th regular session, increased the population range for certain districts to provide that the split payment option does not apply to the district's taxes collected by another taxing unit that has adopted that option. [See Split Payments, In Certain Counties.]

#### **CCGB(LLEGAL) AD VALOREM TAXES: ECONOMIC DEVELOPMENT**

HB 4559 increased the population threshold for determining a large municipality for provisions related to the appointment of reinvestment zone board members. [See Tax Increment Financing Act, Large Municipality.]

Substantial changes have also been made based on HB 5 to incorporate the Texas Jobs, Energy, Technology, and Innovation Act.

#### **CKB(LLEGAL) SAFETY PROGRAM/RISK MANAGEMENT: ACCIDENT PREVENTION AND REPORTS**

TEA's amendments to the Administrative Code rules for mandatory school drills necessitated reorganization of definitions and added clarity to several sections of the policy. Changes in this policy also reflect TEA's amendments to the Administrative Code rules related to active threat exercises.

#### **CKC(LLOCAL) SAFETY PROGRAM/RISK MANAGEMENT: EMERGENCY PLANS**

A section on Notice Regarding Violent Activity is recommended to comply with legal requirements. Administrative procedures must be created to align with TEA's model standards.

#### **CKEA(LLOCAL) SECURITY PERSONNEL: COMMISSIONED PEACE OFFICERS**

Significant revisions are recommended to the CKE policy series to promote compliance and clarification with HB 3 and other legal requirements. As Education Code 37.081 covers both police authority and duties, the margin note has been edited to clarify the scope of the policy language. The section on temporary assignments has been incorporated into Limitations on Nonschool Employment to account for possible off-duty officer use by both the district and other agencies. A section on Interlocal Agreement has been added to note that district police officers will function within the scope of the agreement. Other edits have been made for consistency with policy style. Based on your district's security survey responses, we added text to address body-worn cameras.

The Legal Issues in Update 123 memo, available with your Update 123 materials under [Local Manual Updates](#) on Policy Online (TASB login required), describes common legal concerns and best practices specific to this policy's topic.

These documents are generated by an automated process that compares the updated policy to the current policy as found in TASB records.

In this packet, you will find:

- Policies being recommended for revision (annotated)
- New policies (not annotated)
- Policies recommended for deletion (annotated in PDF; not shown in Word)

Annotations are shown as follows:

- Deletions are in a red strike-through font: ~~deleted text~~.
- Additions are in a blue, bold font: **new text**.
- Blocks of text that were moved without changes are shown in green, with double underline and double strike-through formatting to distinguish the text's new placement from its original location: ~~moved text~~ becomes moved text.
- Revision bars appear in the right margin to show sections with changes.

DGBA

However, employees are encouraged to utilize the District's procedures for resolving issues.
Formal Process	<p>An employee may initiate the formal process described below by timely filing a written complaint form.</p> <p>Even after initiating the formal complaint process, employees are encouraged to seek informal resolution of their concerns. An employee whose concerns are resolved may withdraw a formal complaint at any time.</p> <p>The process described in this policy shall not be construed to create new or additional rights beyond those granted by law or Board policy, nor to require a full evidentiary hearing or "mini-trial" at any level.</p>
<b>Freedom from Retaliation</b>	Neither the Board nor any District employee shall unlawfully retaliate against an employee for bringing a concern or complaint.
<b>Whistleblower Complaints</b>	Whistleblower complaints shall be filed within the time specified by law and may be made to the Superintendent or designee beginning at Level Two. Copies of any documents that support the complaint should be attached to the complaint form. If the employee does not have copies of these documents at the time of filing, they may be presented at the Level One conference. After the Level One conference, no new documents may be submitted by the employee unless the employee did not know the documents existed before the Level One conference, or unless requested by the administrator hearing the complaint.

A complaint or appeal form that is incomplete in any material aspect may be dismissed but may be refiled with all the required information if the refiled is within the designated time for filing.

Audio Recording

As provided by law, an employee shall be permitted to make an audio recording of a conference or hearing under this policy at which the substance of the employee's complaint is discussed. Prior to the start of any audio recording, the employee shall notify all attendees present of his or her intent to audio record the conference.

**Level One**

Complaint forms must be filed:

1. Within ten days of the date the employee first knew, or with reasonable diligence should have known, of the decision or action giving rise to the complaint or grievance; and
2. With the lowest level administrator who has the authority to remedy the alleged problem.

In most circumstances, employees on a school campus shall file Level One complaints with the campus principal. Other District employees shall file Level One complaints with their immediate supervisor.

All complaints shall be filed at Level One. Upon review, the Superintendent or designee, at his or her sole discretion, shall assign the appropriate administrator to hear the complaint, and shall determine whether the complaint can be more appropriately addressed at Level Two based on the information submitted and relief sought.

If the only administrator who has authority to remedy the alleged problem is the Superintendent or designee, the complaint may, at the Superintendent or designee's discretion, begin at Level Two following the procedure, including deadlines, for filing the complaint form at Level One.

If the complaint is not filed with the appropriate administrator, the receiving administrator must note the date and time the complaint form was received and immediately forward the complaint form to the appropriate administrator.

The appropriate administrator shall investigate as necessary and schedule a conference with the employee within ten days after receipt of the written complaint. The administrator may set reasonable time limits for the conference.

Absent extenuating circumstances, the administrator shall provide the employee a written response within ten days following the conference. The written response shall set forth the basis of the decision. In reaching a decision, the administrator may consider information provided at the Level One conference and any other relevant documents or information the administrator believes will help resolve the complaint.

## **Level Two**

If the employee did not receive the relief requested at Level One or if the time for a response has expired and an extension due to extenuating circumstances has not been agreed upon, the employee may request a conference with the Superintendent or designee to appeal the Level One decision.

The appeal notice must be filed in writing to the Superintendent or designee, on a form provided by the District, within ten days of the date of the written Level One response or, if no response was received and no extension was agreed upon, within ten days of the Level One response deadline.

After receiving notice of the appeal, the Level One administrator shall prepare and forward a record of the Level One complaint to the Level Two administrator. The employee may request a copy of the Level One record.

The Level One record shall include:

1. The original complaint form and any attachments.
2. All other documents submitted by the employee at Level One.
3. The written response issued at Level One and any attachments.

4. All other documents relied upon by the Level One administrator in reaching the Level One decision.

The Level Two administrator shall schedule a conference within ten days after the appeal notice is filed. The conference shall be limited to the issues and documents considered at Level One. At the conference, the employee may provide information concerning any documents or information relied upon by the administration for the Level One decision. The Level Two administrator may set reasonable time limits for the conference. The Level Two administrator shall not be required to consider documentation not submitted or issues not presented at Level One.

The Level Two administrator shall provide the employee a written response within ten days following the conference. The written response shall set forth the basis of the decision. In reaching a decision, the Level Two administrator may consider the Level One record, information provided at the Level Two conference, and any other relevant documents or information the Level Two administrator believes will help resolve the complaint.

Recordings of the Level One and Level Two conferences, if any, shall be maintained with the Level One and Level Two records.

### **Level Three**

If the employee did not receive the relief requested at Level Two or if the time for a response has expired and an extension due to extenuating circumstances has not been agreed upon, the employee may appeal the decision to the Board.

The appeal notice must be filed in writing, on a form provided by the District, within ten days of the date of the written Level Two response or, if no response was received and no extension was agreed upon, within ten days of the Level Two response deadline.

The Level Two administrator shall prepare and forward to the Superintendent or designee the record of the Level Two appeal. The Superintendent or designee shall provide a copy of the Level Two record to the Board. The employee may request a copy of the Level Two record.

The Level Two record shall include:

1. The Level One record.
2. The notice of appeal from Level One to Level Two.
3. The written response issued at Level Two and any attachments.
4. All other documents relied upon by the administration in reaching the Level Two decision.

The Superintendent or designee shall inform the employee of the date, time, and place of the Board meeting at which the complaint will be on the agenda for presentation to the Board.

The appeal shall be limited to the issues and documents considered at Level Two, except that if at the Level Three hearing the administration intends to rely on evidence not included in the Level Two record, the administration shall provide the employee notice of the nature of the evidence at least three days before the hearing. The Board shall not be required to consider documentation not previously submitted or issues not previously presented.

The District shall determine whether the complaint will be presented in open or closed meeting in accordance with the Texas Open Meetings Act and other applicable law. [See BE]

At the Board's discretion, the Board may hear the complaint based on an oral presentation or upon written submission. If the complaint is heard on oral presentation, the presiding officer may set reasonable time limits and guidelines for the presentation, including an opportunity for the employee and administration to each make a presentation and provide rebuttal and an opportunity for questioning by the Board. The Board shall hear the complaint and may request that the administration provide an explanation for the decisions at the preceding levels.

In addition to any other record of the Board meeting required by law, the Board shall prepare a separate record of the Level Three presentation if the complaint is heard on oral presentation. The Level Three presentation, including the presentation by the employee or the employee's representative, any presentation from the administration, and questions from the Board with responses, shall be recorded by audio recording, video/audio recording, or court reporter.

If the complaint is heard on oral presentation, the Board shall then consider the complaint. It may give notice of its decision orally or in writing at any time up to and including the next regularly scheduled Board meeting. If the Board does not make a decision regarding the complaint by the end of the next regularly scheduled meeting, the lack of a response by the Board upholds the administrative decision at Level Two.

If the complaint is heard on written submission, the Board shall consider the complaint based on written submission at a scheduled Board meeting. It may give notice of its decision orally or in writing at any time up to and including the next regularly scheduled Board meeting after the Board considers the complaint. The written submission shall serve as the record of the Level Three proceeding

before the Board, except that the Board is not required to consider documentation not previously submitted or issues not previously addressed.

**General Education**

Consistent with ~~TEA's~~the Texas Education Agency (TEA) *Student Attendance Accounting Handbook (SAAH)*, a student may be eligible for general education homebound services if the student is to be confined for a minimum of four weeks to a hospital or homebound setting for medical or psychological reasons specifically documented by a physician licensed to practice in the United States. The Board shall rely on District professional staff to select and acquire instructional materials that:

1. Enrich and support the curriculum consistent with the general educational goals of the state and District, the aims and objectives of individual schools and specific courses, and the District and campus improvement plans.
2. Are appropriate for the subject area and for the age, ability level, learning styles, interests, and social and emotional development of the students for whom they are selected.
3. Meet high standards for artistic quality, literary style, authenticity, educational significance, factual content, physical format, presentation, readability, and technical quality.
4. Present various sides of controversial issues so that students have an opportunity to develop, under guidance, skills in critical analysis and in making informed judgments in their daily lives. [See also EMB regarding instruction about controversial issues.]
5. Promote literacy.

District professional staff may select additional instructional materials in accordance with administrative regulations and the criteria above.

Administrators, teachers, other District personnel, parents, and community members, as appropriate, may recommend instructional materials for selection. Gifts of instructional materials shall be evaluated according to these criteria and accepted or rejected in accordance with CDC(LOCAL).

Selection of instructional materials is an ongoing process that includes the removal of materials no longer appropriate and the periodic replacement or repair of materials that still have educational value.

**Reconsideration of  
Instructional  
Materials**

A District employee or a parent or guardian of a District student may request reconsideration of instructional material used in the District's educational program on the basis that the instructional material fails to meet the standards set forth in this policy.

Guiding Principles

The following principles shall guide the Board and staff in responding to a request for reconsideration of instructional materials:

1. A complainant may raise an objection to an instructional material used in a school's educational program, despite the fact that the professional staff selecting the materials were qualified to make the selection, followed the proper procedure, and adhered to the objectives for instructional materials set out in this policy.
2. A parent's ability to exercise control over instruction extends only to his or her own child as set forth in Education Code Chapter 26.
3. Access to a challenged material shall not be restricted during the reconsideration process, except the District may deny access to a child if requested by the child's parent.

The major criterion for the final decision on challenged instructional materials is the appropriateness of the material for its intended educational use. No challenged instructional material shall be removed solely because of the ideas expressed therein.

Informal  
Reconsideration

When the District or a campus receives an objection to the appropriateness of an instructional material, the appropriate administrator shall try to resolve the matter informally. The administrator shall explain the selection process and discuss the intended educational purpose for the instructional material. If appropriate, the adminis-

trator may offer a concerned parent an alternative instructional material to be used by that parent's child in place of the challenged material.

If the complainant wishes to make a formal challenge, the administrator shall provide the complainant a copy of this policy and a form to request a formal reconsideration of the instructional material.

Formal Request for  
Reconsideration

A complainant shall make any formal request to reconsider an instructional material on the form provided by the District and shall submit the completed and signed form to the principal. Upon receipt of the form, the principal shall appoint a reconsideration committee.

The reconsideration committee shall include at least one member of the instructional staff who has experience using the challenged material with students or is familiar with the challenged material's content. Other members of the committee may include District-level staff, secondary-level students, parents, and any other appropriate individuals.

All members of the committee shall review the challenged instructional material in its entirety. As soon as reasonably possible, the committee shall meet and determine whether the challenged material conforms to the principles of selection set out in this policy and whether the challenged material will continue to be used in the educational program. The committee shall prepare a written report of its findings. The Superintendent, other appropriate administrators, and the complainant shall receive copies of the report.

*Frequency of  
Review*

After an instructional material has been reviewed through formal reconsideration, it shall not be reviewed again until it is evaluated in the periodic local selection process.

Appeal

The complainant may appeal the decision of the reconsideration committee in accordance with appropriate complaint policies, starting at the appropriate level. [See DGBA, FNG, and GF]

**Note:** For information related to the selection of instructional materials, see EFA.

**Collection  
Development Policy**

The purpose of this policy is to ensure that the District provides a wide range of library materials for students and faculty that support student achievement and present varying levels of difficulty, diversity of appeal, and a variety of points of view. This policy also provides standards for collection development and the selection and evaluation of library materials.

In this policy, “library materials” may include printed and electronic library acquisitions, including online catalogs, and other ancillary or supplementary materials maintained in a campus library.

The library collection development standards shall apply to all library materials available for use or display, including material contained in school libraries, classroom libraries, and online catalogs.

In developing library collections, the District shall consider the age groups, grade levels, and access to library material by all students on a campus.

Responsibility

The District shall ensure librarians, professional library staff, and other designated professional staff trained on the proper collection development standards select and acquire library materials in accordance with state law and rules, this collection development policy, and administrative procedures.

The Superintendent shall develop administrative procedures to ensure that library collections comply with applicable law and the District’s collection development purpose and goals.

Collection  
Development Goals

In addition to the requirements in state law and rules, the District’s library collections shall:

1. Present multiple viewpoints related to controversial issues [see EMB regarding instruction about controversial issues].
2. Provide a wide range of background information that will enable students to make intelligent decisions in their daily lives.
3. Include accurate and authentic factual content from authoritative sources.
4. Have a high degree of potential user appeal and interest.
5. Offer a global perspective that promotes equity of access, including print and nonprint materials such as electronic and multimedia, to meet the needs of individual learners.

6. Represent diverse viewpoints and cultures appropriate to each campus to ensure the collection embodies the unique background of its student population.

Selection and  
Evaluation of  
Materials

Library materials shall be selected and acquired in accordance with guidelines adopted by the Texas State Library and Archives Commission and the District standards and priorities expressed in this policy.

When selecting, acquiring, and evaluating library materials, librarians and other professional staff shall ensure that the materials:

1. Enrich and support the TEKS and the state and local curriculum, taking into consideration students' varied interests, maturity levels, abilities, and learning styles.
2. Foster growth in factual knowledge, literary appreciation, aesthetic values, and societal standards.
3. Encourage the enjoyment of reading, foster high-level thinking skills, support personal learning, and encourage discussion based on rational analysis.
4. Represent ethnic, religious, and cultural groups of the state and their contributions to the state, the nation, and the world.

The Superintendent shall ensure that administrative procedures regarding the selection of library materials consider at least two of the following factors:

1. Recommendations from students, parents or guardians, teachers, and District community members.
2. Consultation with District teachers and library staff.
3. Consultation with library staff from other districts.
4. Extensive review of the library material.
5. Context of the library material, including overall fit within the existing collection and support of District curriculum.
6. Reviews of the library material from sources such as professional journals in library science, recognized professional education or content journals with book reviews, national and state award recognition lists, library science field experts, and highly acclaimed author and literacy expert recommendations.
7. Coverage of topics, authors, series, or genres that fill gaps in the school library collection.

Access Plan

The District shall allow efficient parental access to the District's library and any available online catalogs.

Online catalogs shall be publicly available. The District shall publish information about library material titles, including how and where material can be accessed.

Each campus shall communicate the following to parents and guardians:

- Access to policies relating to school libraries and library materials;
- Consistent access to library materials and resources; and
- Opportunities for students, parents and guardians, educators, and community members to provide feedback on library materials and services.

Parental  
Involvement

Parents and guardians are the primary decision makers regarding their student's access to library material. In general, a student is afforded the opportunity to self-select library materials as part of literacy development and the library program. District staff may assist a student in selecting library material; however, the ultimate determination of appropriateness remains with the student and parent or guardian. Parents and guardians are encouraged to communicate with the campus librarian and their child's teacher about special considerations regarding library materials self-selected by their student.

In accordance with state law and administrative procedures, parents or guardians may select alternative library materials for their student. [For information on parental rights regarding instructional materials and other instructional resources, see EFA(LEGAL).]

The District shall focus on maximizing transparency with parents while meeting student needs and providing enrichment opportunities with library materials. Parental involvement in library acquisition, maintenance, and campus activities is encouraged.

*Access  
Procedures*

School Library

A parent or guardian who wishes to access a school's library shall first submit a request to the principal. The principal or a staff member designated by the principal shall work with the parent or guardian to determine a time to access the library that will not interfere with the delivery of instruction or disrupt student use of library services.

Online Catalog

A parent or guardian who wishes to access an online catalog shall submit a written request to the principal. The principal or a staff member designated by the principal shall respond to the request in accordance with administrative procedures.

Protection from  
Inappropriate  
Material

Library materials shall not include “harmful material” as defined by Penal Code 43.24(a)(2); “obscene” material as defined by Penal Code 43.21(a)(1); any library material that is pervasively vulgar or educationally unsuitable as referenced in *Board of Education v. Pico*; or any other material legally prohibited from inclusion in a public school library. [See EFB(LEGAL)]

Obscene material is not protected by the First Amendment to the United States Constitution.

Library materials shall comply with the Children's Internet Protection Act (CIPA), including technology protection measures. [See CQ]

Reconsideration of  
Library Material

A District employee or a parent or guardian of a District student may request the reconsideration of a library material maintained in the District's library program.

*Guiding  
Principles*

The following principles shall guide the review of a request to reconsider a library material:

1. An individual may raise an objection to a library material used in the District's library program, despite the fact that the professional staff selecting the materials were qualified to make the selection, followed the proper procedure, and adhered to the objectives and criteria for library materials set out in this policy.
2. A parent's or guardian's ability to exercise control over instruction and instructional resources, including library materials, extends only to his or her own child as set forth in Education Code Chapter 26.
3. Access to a challenged material shall not be restricted during the reconsideration process, except the District may deny access to a student if requested by the student's parent or guardian.

In addition to compliance with state law and this policy, a criterion for the final decision on challenged library materials is the appropriateness of the material for its intended use. No challenged library material shall be removed solely because of the ideas expressed in the library material or the personal background of the library material's author or the personal background of the characters in the material.

*Informal  
Reconsideration*

When the District or a campus receives an objection to the appropriateness of a library material, the appropriate librarian or adminis-

trator shall try to resolve the matter informally. The librarian or administrator shall explain the selection process and discuss the intended purpose for the library material.

The librarian or administrator shall offer a concerned parent or guardian an alternative library material to be used by the child in place of the material and, if requested, shall restrict the child's access to the material objected to by the parent or guardian.

If the individual wishes to make a formal challenge, the administrator shall make available to the individual a copy of this policy and a form to request a formal reconsideration of the library material.

*Formal Request  
for  
Reconsideration*

The District shall make a form to request reconsideration of library material available in the District's administrative office.

If an employee or a parent or guardian of a District student wishes to request reconsideration of a library material, they shall follow the procedures to complete and submit the request for reconsideration form.

After a request for reconsideration form is submitted, the form shall be provided to the Superintendent. Copies of the form shall be provided to the school librarian, the Board, and any other staff designated in administrative procedures.

*Reconsideration  
Committee*

For purposes of this policy, "days" shall mean District business days, unless otherwise noted.

The principal shall appoint a reconsideration committee and notify committee members within 10 days of receiving the request for reconsideration form.

The reconsideration committee shall include the librarian and at least one member of the instructional staff who is familiar with the material's content. Other members of the committee may include District-level staff, secondary-level students, parents or guardians, and any other appropriate individuals.

Within 10 days of appointment of the committee the District shall provide members of the committee the relevant materials to review. If additional time is required to obtain and distribute the materials for review, all members of the committee shall be informed that a reasonable extension of time is needed.

All members of the committee shall review the challenged library material in its entirety and determine whether the material conforms to this policy and whether the material will continue to be available in the library. The committee shall prepare a written report of its findings.

Absent extenuating circumstances, the written report shall be provided to the administration within 60 days of the District providing the material to the committee members. In calculating timelines under this policy, the day the committee is provided the materials is "day zero." The following business day is "day one."

Extensions of time due to extenuating circumstances shall take into consideration the time necessary to convene the committee members, the amount of material being reviewed, and any other pending reconsideration requests being handled by the committee.

An extension of any deadline shall be promptly communicated to the individual who submitted the request for reconsideration.

The Superintendent, the school librarian, the individual submitting the request for reconsideration, and any other appropriate administrators shall receive a copy of the committee's report.

*Appeal*

An individual who submitted a request for reconsideration may appeal the decision of the reconsideration committee in accordance with appropriate complaint policies, starting at the level immediately preceding Board consideration of a complaint. [See DGBA and FNG]

*Frequency of Review*

After a library material has been reviewed through the reconsideration process, it shall not be reviewed again within two calendar years of the reconsideration committee's final decision.

Maintenance of Library Materials

In accordance with state guidelines and District administrative procedures, collections shall be evaluated and updated regularly based on the collections' age, relevance, diversity, and variety. The Superintendent shall ensure administrative procedures are established for regular maintenance of the library collection on each campus. Standard maintenance procedures for any library collection include repair, replacement, and removal of materials as necessary. Regular maintenance shall also include scheduled inventories of the collection. Disposal of any District-owned library materials shall be in accordance with District policy and procedures. [See C]

**Gifts and Donations**

The District shall accept gifts and donations of library materials with the understanding that the use and disposition of the materials and monies will be in accordance with District policy and the selection criteria noted above. [See CDC]

**Policy Review**

This policy shall be reviewed at least every three years and revised as necessary.

In accordance with the District's innovation plan, complaints regarding refusal of entry to or ejection from District property based on Education Code 37.105 shall be filed in accordance with this policy. [See GKA]

In this policy, the terms "complaint" and "grievance" shall have the same meaning.

### Other Complaint Processes

**Notice to Students and Parents**

The District shall inform students and parents of this policy through appropriate District publications.

**Guiding Principles**

Informal Process

The Board encourages students and parents to discuss their concerns with the appropriate teacher, principal, or other campus administrator who has the authority to address the concerns. Concerns should be expressed as soon as possible to allow early resolution at the lowest possible administrative level.

Informal resolution shall be encouraged but shall not extend any deadlines in this policy, except by mutual written consent.

Formal Process

A student or parent may initiate the formal process described below by timely filing a written complaint form.

Even after initiating the formal complaint process, students and parents are encouraged to seek informal resolution of their concerns. A student or parent whose concerns are resolved may withdraw a formal complaint at any time.

The process described in this policy shall not be construed to create new or additional rights beyond those granted by law or Board policy, nor to require a full evidentiary hearing or "mini-trial" at any level.

**Freedom from Retaliation**

Neither the Board nor any District employee shall retaliate against any student or parent for bringing a concern or complaint.

STUDENT RIGHTS AND RESPONSIBILITIES  
STUDENT AND PARENT COMPLAINTS/GRIEVANCES

FNG  
(LOCAL)

**General Provisions**

Filing

Complaint forms and appeal notices may be filed by hand-delivery, by electronic communication, including email and fax, or by U.S. Mail. Hand-delivered filings shall be timely filed if received by the appropriate administrator or designee by the close of business on the deadline. Filings submitted by electronic communication shall be timely filed if they are received by the close of business on the deadline, as indicated by the date/time shown on the electronic communication. Mail filings shall be timely filed if they are post-marked by U.S. Mail on or before the deadline and received by the appropriate administrator or designated representative no more than three days after the deadline.

Scheduling  
Conferences

The District shall make reasonable attempts to schedule conferences at a mutually agreeable time. If the parent or student fails to appear at a scheduled conference, the District may dismiss the complaint. If the complaint is dismissed, it may be refiled, but only within the original time period for filing a complaint.

Response

At Levels One and Two, "response" shall mean a written communication to the student or parent from the appropriate administrator. Responses may be hand-delivered, sent by electronic communication to the student's or parent's email address of record, or sent by U.S. Mail to the student's or parent's mailing address of record. Mailed responses shall be timely if they are postmarked by U.S. Mail on or before the deadline.

Days

"Days" shall mean District business days, unless otherwise noted. In calculating timelines under this policy, the day a document is filed is "day zero." The following business day is "day one."

Representative

"Representative" shall mean any person who or organization that is designated by the student or parent to represent the student or parent in the complaint process. A student may be represented by an adult at any level of the complaint.

The student or parent may designate a representative through written notice to the District at any level of this process. If the student or parent designates a representative with fewer than three days' notice to the District before a scheduled conference or hearing, the District may reschedule the conference or hearing to a later date, if desired, in order to include the District's counsel. A representative may not represent the student or parent without the complainant present unless the complainant has designated the representative through written notice to the District. The District may be represented by counsel at any level of the process.

Consolidating  
Complaints

Complaints arising out of an event or a series of related events shall be addressed in one complaint. A student or parent shall not file separate or serial complaints arising from any event or series of

(LOCAL)

events that have been or could have been addressed in a previous complaint. If the District determines a complaint has been or could have been addressed in a previous complaint, the complaint shall be dismissed by written notice to the student or parent.

When two or more complaints are sufficiently similar in nature and remedy sought to permit their resolution through one proceeding, the District may consolidate the complaints.

Untimely Filings

All time limits shall be strictly followed unless modified by mutual written consent.

If a complaint form or appeal notice is not timely filed, the complaint may be dismissed, on written notice to the student or parent, at any point during the complaint process. The student or parent may appeal the dismissal by seeking review in writing within ten days from the date of the written dismissal notice, starting at the level at which the complaint was dismissed. Such appeal shall be limited to the issue of timeliness.

Costs Incurred

Each party shall pay its own costs incurred in the course of the complaint.

Complaint and Appeal Forms

Complaints and appeals under this policy shall be submitted in writing on a form provided by the District.

Copies of any documents that support the complaint should be attached to the complaint form. If the student or parent does not have copies of these documents at the time of filing, copies may be presented at the Level One conference. After the Level One conference, no new documents may be submitted by the student or parent, unless the student or parent did not know the documents existed before the Level One conference, or unless requested by the administrator hearing the complaint.

A complaint or appeal form that is incomplete in any material aspect may be dismissed but may be refiled with all the required information if the refiled is within the designated time for filing.

**Level One**

Complaint forms must be filed:

1. Within ten days of the date the student or parent first knew, or with reasonable diligence should have known, of the decision or action giving rise to the complaint or grievance; and
2. With the lowest level administrator who has the authority to remedy the alleged problem.

All complaints shall be filed at Level One. Upon review, the Superintendent or designee, at his or her sole discretion, shall assign the appropriate administrator to hear the complaint,

and shall determine whether the complaint can be more appropriately addressed at Level Two based on the information sub-mitted and relief sought.

If the only administrator who has authority to remedy the alleged problem is the Superintendent or designee, the complaint may, at the Superintendent or designee's discretion, begin at Level Two following the procedure, including deadlines, for filing the complaint form at Level One.

If the complaint is not filed with the appropriate administrator, the receiving administrator must note the date and time the complaint form was received and immediately forward the complaint form to the appropriate administrator.

The appropriate administrator shall investigate as necessary and schedule a conference with the student or parent within ten days after receipt of the written complaint. The administrator may set reasonable time limits for the conference.

Absent extenuating circumstances, the administrator shall provide the student or parent a written response within ten days following the conference. The written response shall set forth the basis of the decision. In reaching a decision, the administrator may consider information provided at the Level One conference and any other relevant documents or information the administrator believes will help resolve the complaint.

## **Level Two**

If the student or parent did not receive the relief requested at Level One or if the time for a response has expired and an extension due to extenuating circumstances has not been agreed upon, the employee may request a conference with the Superintendent or designee to appeal the Level One decision.

The appeal notice must be filed in writing to the Superintendent or designee, on a form provided by the District, within ten days of the date of the written Level One response or, if no response was received and no extension was agreed upon, within ten days of the Level One response deadline.

After receiving notice of the appeal, the Level One administrator shall prepare and forward a record of the Level One complaint to the Level Two administrator. The student or parent may request a copy of the Level One record.

The Level One record shall include:

1. The original complaint form and any attachments.

2. All other documents submitted by the student or parent at Level One.
3. The written response issued at Level One and any attachments.
4. All other documents relied upon by the Level One administrator in reaching the Level One decision.

The Level Two administrator shall schedule a conference within ten days after the appeal notice is filed. The conference shall be limited to the issues and documents considered at Level One. At the conference, the student or parent may provide information concerning any documents or information relied upon by the administration for the Level One decision. The Level Two administrator may set reasonable time limits for the conference. The Level Two administrator shall not be required to consider documentation not submitted or issues not presented at Level One.

The Level Two administrator shall provide the student or parent a written response within ten days following the conference. The written response shall set forth the basis of the decision. In reaching a decision, the Level Two administrator may consider the Level One record, information provided at the Level Two conference, and any other relevant documents or information the Level Two administrator believes will help resolve the complaint.

Recordings of the Level One and Level Two conferences, if any, shall be maintained with the Level One and Level Two records.

### **Level Three**

If the student or parent did not receive the relief requested at Level Two or if the time for a response has expired and an extension due to extenuating circumstances has not been agreed upon, the student or parent may appeal the decision to the Board.

The appeal notice must be filed in writing, on a form provide by the District, within ten days of the date of the written response, or, if no response was received and no extension was agreed upon, within ten days of the Level Two response deadline.

The Level Two administrator shall prepare and forward to the Superintendent or designee the record of the Level Two appeal. The Superintendent or designee shall provide a copy of the Level Two appeal to the Board. The student or parent may request a copy of the Level Two record.

The Level Two record shall include:

1. The Level One record.
2. The notice of appeal from Level One to Level Two.

3. The written response issued at Level Two and any attachments.
4. All other documents relied upon by the administration in reaching the Level Two decision.

The Superintendent or designee shall inform the student or parent of the date, time, and place of the Board meeting at which the complaint will be on the agenda for presentation to the Board.

The appeal shall be limited to the issues and documents considered at Level Two, except that if at the Level Three hearing the administration intends to rely on evidence not included in the Level Two record, the administration shall provide the student or parent notice of the nature of the evidence at least three days before the hearing. The Board shall not be required to consider documentation not previously submitted or issues not previously presented.

The District shall determine whether the complaint will be presented in open or closed meeting in accordance with the Texas Open Meetings Act and other applicable law. [See BE]

At the Board's discretion, the Board may hear the complaint based on an oral presentation or upon written submission. If the complaint is heard on oral presentation, the presiding officer may set reasonable time limits and guidelines for the presentation, including an opportunity for the student or parent and administration to each make a presentation and provide rebuttal and an opportunity for questioning by the Board. The Board shall hear the complaint and may request that the administration provide an explanation for the decisions at the preceding levels.

In addition to any other record of the Board meeting required by law, the Board shall prepare a separate record of the Level Three presentation if the complaint is heard on oral presentation. The Level Three presentation, including the presentation by the student or parent or the student's representative, any presentation from the administration, and questions from the Board with responses, shall be recorded by audio recording, video/audio recording, or court reporter.

If the complaint is heard on oral presentation, the Board shall then consider the complaint. It may give notice of its decision orally or in writing at any time up to and including the next regularly scheduled Board meeting. If the Board does not make a decision regarding the complaint by the end of the next regularly scheduled meeting, the lack of a response by the Board upholds the administrative decision at Level Two.

If the complaint is heard on written submission, the Board shall consider the complaint based on written submission at a scheduled Board meeting. It may give notice of its decision orally or in writing at any time up to and including the next regularly scheduled Board meeting after the Board considers the complaint. The written submission shall serve as the record of the Level Three proceeding before the Board, except that the Board is not required to consider documentation not previously submitted or issues not previously addressed.

An individual shall not file separate or serial complaints arising from any event or series of events that have been or could have been addressed in a previous complaint. If the District determines a complaint has been or could have been addressed in a previous complaint, the complaint shall be dismissed by written notice to the individual.

When two or more complaints are sufficiently similar in nature and remedy sought to permit their resolution through one proceeding, the District may consolidate the complaints.

Untimely Filings

All time limits shall be strictly followed unless modified by mutual written consent.

If a complaint form or appeal notice is not timely filed, the complaint may be dismissed, on written notice to the individual, at any point during the complaint process. The individual may appeal the dismissal by seeking review in writing within ten days from the date of the written dismissal notice, starting at the level at which the complaint was dismissed. Such appeal shall be limited to the issue of timeliness.

Costs Incurred

Each party shall pay its own costs incurred in the course of the complaint.

Complaint and Appeal Forms

Complaints and appeals under this policy shall be submitted in writing on a form provided by the District.

Copies of any documents that support the complaint should be attached to the complaint form. If the individual does not have copies of these documents at the time of filing, they may be presented at the Level One conference. After the Level One conference, no new documents may be submitted, unless the individual did not know the documents existed before the Level One conference, or unless requested by the administrator hearing the complaint.

A complaint or appeal form that is incomplete in any material aspect may be dismissed but may be refiled with all the required information if the refile is within the designated time for filing.

**Level One**

Complaint forms must be filed:

1. Within ten days of the date the individual first knew, or with reasonable diligence should have known, of the decision or action giving rise to the complaint or grievance; and
2. With the lowest level administrator who has the authority to remedy the alleged problem.
3. All complaints shall be filed at Level One. Upon review, the Superintendent or designee, at his or her sole discretion, shall assign an administrator to hear the complaint, and shall determine whether the complaint can be more appropriately addressed at Level Two based on the information submitted and relief sought.

If the only administrator who has authority to remedy the alleged problem is the Superintendent or designee, the complaint may, at the Superintendent or designee's discretion, begin at Level Two following the procedure, including deadlines, for filing the complaint form at Level One.

If the complaint is not filed with the appropriate administrator, the receiving administrator must note the date and time the complaint form was received and immediately forward the complaint form to the appropriate administrator.

The appropriate administrator shall investigate as necessary and schedule a conference with the individual within ten days after receipt of the written complaint. The administrator may set reasonable time limits for the conference.

Absent extenuating circumstances, the administrator shall provide the individual a written response within ten days following the conference. The written response shall set forth the basis of the decision. In reaching a decision, the administrator may consider information provided at the Level One conference and any other relevant documents or information the administrator believes will help resolve the complaint.

## Level Two

If the individual did not receive the relief requested at Level One or if the time for a response has expired and an extension due to extenuating circumstances has not been agreed upon, the individual may request a conference with the Superintendent or designee to appeal the Level One decision.

The appeal notice must be filed in writing with the Superintendent or designee, on a form provided by the District, within ten days of the date of the written Level One response or, if no response was received and no extension was agreed upon, within ten days of the Level One response deadline.

After receiving notice of the appeal, the Level One administrator shall prepare and forward a record of the Level One complaint to the Level Two administrator. The individual may request a copy of the Level One record.

The Level One record shall include:

1. The original complaint form and any attachments.
2. All other documents submitted by the individual at Level One.
3. The written response issued at Level One and any attachments.

4. All other documents relied upon by the Level One administrator in reaching the Level One decision.

The Level Two administrator shall schedule a conference within ten days after the appeal notice is filed. The conference shall be limited to the issues and documents considered at Level One. At the conference, the individual may provide information concerning any documents or information relied upon by the administration for the Level One decision. The Level Two administrator may set reasonable time limits for the conference. The Level Two administrator shall not be required to consider documentation not submitted or issues not presented at Level One.

The Level Two administrator shall provide the individual a written response within ten days following the conference. The written response shall set forth the basis of the decision. In reaching a decision, the Level Two administrator may consider the Level One record, information provided at the Level Two conference, and any other relevant documents or information the administrator or designee believes will help resolve the complaint.

Recordings of the Level One and Level Two conferences, if any, shall be maintained with the Level One and Level Two records.

### Level Three

If the individual did not receive the relief requested at Level Two or if the time for a response has expired and an extension due to extenuating circumstances has not been agreed upon, the individual may appeal the decision to the Board.

The appeal notice must be filed in writing, on a form provided by the District, within ten days of the date of the written response, or, if no response was received and no extension was agreed upon, within ten days of the Level Two response deadline.

The Level Two administrator shall prepare and forward to the Superintendent or designee the record of the Level Two appeal. The Superintendent or designee shall provide a copy of the Level Two appeal to the Board. The individual may request a copy of the Level Two record.

The Level Two record shall include:

1. The Level One record.
2. The notice of appeal from Level One to Level Two.
3. The written response issued at Level Two and any attachments.
4. All other documents relied upon by the administration in reaching the Level Two decision.

The Superintendent or designee shall inform the individual of the date, time, and place of the Board meeting at which the complaint will be on the agenda for presentation to the Board.

The appeal shall be limited to the issues and documents considered at Level Two, except that if at the Level Three hearing the administration intends to rely on evidence not included in the Level Two record, the administration shall provide the individual notice of the nature of the evidence at least three days before the hearing. The Board shall not be required to consider documentation not previously submitted or issues not previously presented.

The District shall determine whether the complaint will be presented in open or closed meeting in accordance with the Texas Open Meetings Act and other applicable law. [See BE]

The Board may, at its discretion, hear the complaint on an oral presentation or upon written submission. If the complaint is heard on oral presentation, the presiding officer may set reasonable time limits and guidelines for the presentation, including an opportunity for the individual and administration to each make a presentation and provide rebuttal and an opportunity for questioning by the Board. The Board shall hear the complaint and may request that the administration provide an explanation for the decisions at the preceding levels.

In addition to any other record of the Board meeting required by law, the Board shall prepare a separate record of the Level Three presentation if the complaint is heard on oral presentation. The Level Three presentation, including the presentation by the individual or his or her representative, any presentation from the administration, and questions from the Board with responses, shall be recorded by audio recording, video/audio recording, or court reporter.

If the complaint is heard on oral presentation, the Board shall then consider the complaint. It may give notice of its decision orally or in writing at any time up to and including the next regularly scheduled Board meeting. If the Board does not make a decision regarding the complaint by the end of the next regularly scheduled meeting, the lack of a response by the Board upholds the administrative decision at Level Two.

If the complaint is heard on written submission, the Board shall consider the complaint based on written submission at a scheduled Board meeting. It may give notice of its decision orally or in writing at any time up to and including the next regularly scheduled Board meeting after the Board considers the complaint. The written submission shall serve as the record of the Level Three proceeding

before the Board, except that the Board is not required to consider documentation not previously submitted or issues not previously addressed.

# STUDENT CODE OF CONDUCT

## ACCESSIBILITY

If you have difficulty accessing the information in this document because of disability, please contact Stefani Vickery, Assistant Superintendent for Curriculum & Instruction, [Vickerys@ltsidschools.org](mailto:Vickerys@ltsidschools.org) or 512-533-6023.

## PURPOSE

The Student Code of Conduct (“Code of Conduct”) is the District’s response to the requirements of Chapter 37 of the Texas Education Code.

The Code of Conduct provides methods and options for managing students in the classroom and on school grounds, disciplining students, and preventing and intervening in student discipline problems.

The law requires the District to define misconduct that may—or must—result in a range of specific disciplinary consequences including removal from a regular classroom or campus, out- of-school suspension, placement in a disciplinary alternative education program (DAEP), placement in a juvenile justice alternative education program (JJAEP), or expulsion from school.

This Code of Conduct has been adopted by the Lake Travis Independent School District Board of Trustees and developed with the advice of the district-level committee. This Code of Conduct provides information to parents and students regarding standards of conduct, consequences of misconduct, and procedures for administering discipline. It remains in effect during summer school and at all school-related events and activities outside of the school year until an updated version adopted by the board becomes effective for the next school year.

In accordance with state law, the Code of Conduct shall be posted at each school campus or shall be available for review at the office of the campus principal. Additionally, the Code of Conduct shall be available at the office of the campus behavior coordinator(s) and posted on the [LTISD Website](#). Parents shall be notified of any conduct violation that may result in a student being suspended, placed in a DAEP or JJAEP, expelled, or taken into custody by a law enforcement officer under Chapter 37 of the Education Code.

Because the Code of Conduct is adopted by the District’s Board of Trustees, it has the force of policy; therefore, in case of conflict between the Code of Conduct and the Student Parent Handbook, the Code of Conduct shall prevail.

**Please note:** The discipline of students with disabilities who are eligible for services under federal law (Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973) is subject to the provisions of those laws.

## **NONDISCRIMINATION STATEMENT**

The District does not discriminate against students on the basis of race, sex, sexual orientation, national origin, disability, religion, color, ethnicity, or any other prohibited basis when enforcing the provisions of the Code of Conduct.

## **SCHOOL DISTRICT AUTHORITY AND JURISDICTION**

### **Disciplinary Authority**

School rules and the authority of the District to administer discipline apply whenever the interest of the District is involved, on or off school grounds, in conjunction with or independent of classes and school-sponsored activities.

The District has disciplinary authority over a student:

- During the regular school day;
- During school-related activities or instruction, whether that occurs in an in-person or online environment;
- While the student is going to and from school or a school-sponsored or school-related activity on District transportation;
- During lunch periods in which a student is allowed to leave campus;
- While the student is in attendance at any school-related activity, regardless of time or location;
- For any school-related misconduct, regardless of time or location;
- When retaliation against a school employee, board member, or volunteer occurs or is threatened, regardless of time or location;
- When a student engages in cyberbullying, as provided by Education Code 37.0832;
- When criminal mischief is committed on or off school property or at a school-related event;
- For certain offenses committed within 300 feet of school property as measured from any point on the school's real property boundary line;
- For certain offenses committed while on school property or while attending a school-sponsored or school-related activity of another district in Texas;
- When the student commits a felony, as provided by Education Code 37.006 or 37.0081; and
- When the student is required to register as a sex offender.

Students may be subject to campus, classroom, extracurricular, and/or organization rules in addition to those found in this Code of Conduct. Students may face consequences under these additional rules as well as possible disciplinary action under this Code of Conduct. Further, to the

extent a student engages in misconduct that it not specifically addressed in the Code of Conduct, the student may still be disciplined if the misconduct disrupts or interferes with the educational process, learning environment, or school safety.

## **Campus Behavior Coordinator**

As required by law, a person at each campus must be designated to serve as the campus behavior coordinator. The designated person may be the principal of the campus or any other campus administrator selected by the principal. At Lake Travis ISD, the assistant principal(s) at each campus have been designated as the campus behavior coordinator(s). The campus behavior coordinator is primarily responsible for maintaining student discipline. The District shall post on its website and in the Student Handbook, for each campus, the email address and telephone number of the person serving as campus behavior coordinator. Contact information may be found at the [Required Postings](#) section of the District's website and the [Student/Parent Handbook](#).

## **Threat Assessments and Safe and Supportive School Team**

The campus behavior coordinator or other appropriate administrator will work closely with the campus threat assessment safe and supportive school team to implement the District's threat assessment policy and procedures, as required by law, and shall take appropriate disciplinary action in accordance with the Code of Conduct.

## **Searches**

In the interest of promoting safety and attempting to ensure that schools are safe and drug free, District officials may occasionally conduct searches. District officials may conduct searches of students, their belongings, and their vehicles in accordance with law and District policy. Searches of students shall be conducted in a reasonable and nondiscriminatory manner. Searches of students will be conducted without discrimination, based on, for example, reasonable suspicion, voluntary consent, or pursuant to District policy providing for suspicionless security procedures. Students are responsible for prohibited items found in their possession, including items in their personal belongings.

A vehicle owner/driver has full responsibility for the security and content of his or her vehicle parked on District property and must make certain that it is locked and that the keys are not given to others. Vehicles parked on District property are under the jurisdiction of the District. District officials may search any vehicle any time there is reasonable suspicion to do so, with or without the permission of the student.

Desks, lockers, District-provided technology, and similar items are the property of the District and are provided for student use as a matter of convenience. District property is subject to search or inspection at any time without notice. Students have no expectations of privacy in District property. Students are responsible for any item found in District property provided to the student that is prohibited by law, District policy, or the Code of Conduct.

Refer to the District's policy at FNF (LEGAL) and FNF (LOCAL) for more information regarding investigations and searches.

## **Reporting Crimes**

The campus behavior coordinator and other school administrators as appropriate will report crimes as required by law and shall call local law enforcement when an administrator suspects that a crime has been committed on campus.

## **Security Personnel**

To ensure sufficient security and protection of students, staff, and property, the board employs police officers. In accordance with law, the board has coordinated with the campus behavior coordinators and other District employees to ensure appropriate law enforcement duties are assigned to security staff. The law enforcement duties of District peace officers are listed in CKE (LOCAL).

## **Parent Defined**

Throughout this Code of Conduct and related discipline policies, the term “parent” includes a parent, legal guardian, or other person having lawful control of the child.

## **Participating in Graduation Activities**

The District has the right to limit a student’s participation in graduation activities for violating the District’s Code of Conduct. Participation might include a speaking role, as established by District policy and procedures.

Students eligible to give opening and closing remarks or other speaking roles at graduation will be notified by the campus principal. Notwithstanding any other eligibility requirements, in order to be considered as an eligible student speaker at graduation ceremonies, a student shall not have engaged in any misconduct in violation of the District’s Code of Conduct resulting in removal to a DAEP or expulsion during the semester immediately preceding graduation.

**See DAEP – Restrictions During Placement**, for information regarding a student assigned to DAEP at the time of graduation.

## **Unauthorized Persons**

In accordance with Education Code 37.105, a school administrator, school resource officer (SRO), or District police officer shall have the authority to refuse entry or eject a person from District property if the person refuses to leave peaceably on request and:

1. The person poses a substantial risk of harm to any person; or
2. The person behaves in a manner that is inappropriate for a school setting, and the person persists in the behavior after being given a verbal warning that the behavior is inappropriate and may result in refusal of entry or ejection.

Appeals regarding refusal of entry or ejection from District property may be filed in accordance with policies FNG(LOCAL) or GF(LOCAL), as appropriate.

## **STANDARDS FOR STUDENT CONDUCT**

Each student is expected to:

- Demonstrate courtesy, even when others do not.
- Behave in a responsible manner, always exercising self-discipline, self-control, and self-respect.
- Attend all classes, regularly and on time.
- Prepare for each class; take appropriate materials and assignments to class.
- Meet District and campus standards of grooming and dress.
- Obey all campus and classroom rules.
- Respect the rights and privileges of students, teachers, and other District staff and volunteers.
- Respect the property of others, including District property and facilities.
- Cooperate with and assist the school staff in maintaining safety, order, and discipline.

- Report any acts of bullying.
- Report dangerous behaviors and/or situations to school personnel.
- Report threats of safety of students and staff members as well as misconduct on the part of any other students or staff members to the building principal, a teacher, or another adult.

Because of significant variations in student conduct, it is not always possible for the Code of Conduct to address each and every act of student misbehavior. To that end, the District retains discretion to address student misconduct that is inconsistent with these standard of conduct even though the conduct may not be specifically included in the Code of Conduct.

## **GENERAL CONDUCT VIOLATIONS**

The categories of conduct below are prohibited behaviors and will result in the assignment of one or more Discipline Management Techniques if the behavior occurs at school, in vehicles owned or operated by the District, at all school-related or school-sponsored activities, or when the District has disciplinary authority as outlined in the Code of Conduct. The list does not include the most severe offenses. In the subsequent sections on Out-of-School Suspension, DAEP Placement, Placement and/or Expulsion for Certain Offenses, and Expulsion, certain offenses that require or permit specific consequences are listed. Any offense, however, may be severe enough to result in Removal from the Regular Educational Setting as detailed in that section.

### **Disregard for Authority**

Students shall not:

- Fail to comply with directives given by school personnel (insubordination).

- Leave assigned location or activity, school grounds or school-sponsored events without permission.

The sale or distribution of any such hemp products is also prohibited. The term "hemp" is as defined in Title 5, Chapter 121 of the Texas Agriculture Code. - Engage in academic dishonesty, which includes cheating or copying the work of another student, plagiarism, unauthorized communication between students during an examination, and any use of artificial intelligence or computer-generated work in violation of District or campus rules.
- Gamble.

- Falsify records, passes, or other school-related documents.
- Engage in actions or demonstrations that substantially disrupt or materially interfere with school activities.
- Engage in public displays of affection that are inappropriate for the student’s age and grade level.
- Repeatedly violate other communicated campus or classroom standards of conduct.

The District may impose campus, classroom, or club/organization rules in addition to those found in the Code of Conduct. These rules may be listed in the student and campus handbooks; posted in classrooms; given to the student; or published in extracurricular handbooks, state or national organization by-laws and/or constitutes, and may or may not constitute violations of the Code of Conduct.

## **DISCIPLINE MANAGEMENT TECHNIQUES**

Discipline shall be designed to improve conduct and to encourage students to adhere to their responsibilities as members of the school community. Disciplinary action shall draw on the professional judgment of teachers and administrators and on a range of discipline management techniques, including positive behavior supports. Discipline shall be based on the seriousness of the offense, the student’s age and grade level, the frequency of misbehavior, the student’s attitude, the effect of the misconduct on the school environment, and statutory requirements.

Because of these factors, discipline for a particular offense, including misconduct in a District vehicle owned or operated by the District, unless otherwise specified by law, may bring into consideration varying techniques and responses.

### **Students with Disabilities**

The discipline of students with disabilities is subject to applicable state and federal law in addition to the Code of Conduct. To the extent any conflict exists, the District shall comply with federal law. For more information regarding discipline of students with disabilities, see policy FOF (LEGAL).

In accordance with the Texas Education Code, a student who receives special education services may not be disciplined for conduct meeting the definition of bullying, cyberbullying, harassment, or making hit lists (see glossary) until an Admission, Review, and Dismissal (ARD) committee meeting has been held to review the conduct.

In deciding whether to order suspension, DAEP placement, or expulsion, regardless of whether the action is mandatory or discretionary, the District shall take into consideration a disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct.

### **Techniques**

The following discipline management techniques may be used alone, in combination, or as part of progressive interventions for behavior prohibited by the Code of Conduct or by campus or

classroom rules:

- Verbal correction, oral or written.
- Cooling-off time or a brief “time-out” period, in accordance with law.
- Seating changes within the classroom or vehicles owned or operated by the District.
- Temporary confiscation of items that disrupt the educational process.
- Rewards or demerits.
- Behavioral contracts.
- Counseling by teachers, school counselors, or administrative personnel.
- Parent-teacher conferences.
- Behavior coaching.
- Anger management classes.
- Mediation (victim-offender).
- Classroom circles.
- Family group conferencing.
- Grade reductions for cheating, plagiarism, and as otherwise permitted by policy.
- Detention, including outside regular school hours.
- Sending the student to the office or other assigned area, or to in-school suspension.
- Assignment of school duties, such as cleaning or picking up litter.
- Withdrawal of privileges, such as participation in extracurricular activities, eligibility for seeking and holding honorary offices, or membership in school-sponsored clubs and organizations.
- Penalties identified in individual student organizations’ extracurricular standards of behavior.
- Restriction or revocation of District transportation privileges.
- Out-of-school suspension, as specified in the Out-of-School Suspension section of this Code of Conduct.
- Placement in a DAEP, as specified in the DAEP section of this Code of Conduct.
- Placement and/or expulsion in an alternative educational setting, as specified in the Placement and/or Expulsion for Certain Offenses section of this Code of Conduct.
- Expulsion, as specified in the Expulsion section of this Code of Conduct.
- Referral to an outside agency or legal authority for criminal prosecution in addition to disciplinary measures imposed by the District.
- Other strategies and consequences as determined by school officials.

## **Prohibited Aversive Techniques**

Aversive techniques are prohibited for use with students and are defined as techniques or interventions intended to reduce the reoccurrence of a behavior by intentionally inflicting significant physical or emotional discomfort or pain. Aversive techniques include:

- Using techniques designed or likely to cause physical pain. [See policy FO(LOCAL).]
- Using techniques designed or likely to cause physical pain by electric shock or any procedure involving pressure points or joint locks.
- Directed release of noxious, toxic, or unpleasant spray, mist, or substance near a student's face.
- Denying adequate sleep, air, food, water, shelter, bedding, physical comfort, supervision, or access to a restroom facility.
- Ridiculing or demeaning a student in a manner that adversely affects or endangers the learning or mental health of the student or constitutes verbal abuse.
- Employing a device, material, or object that immobilizes all four of a student's extremities, including prone or supine floor restraint.
- Impairing the student's breathing, including applying pressure to the student's torso or neck or placing something in, on, or over the student's mouth or nose or covering the student's face.
- Restricting the student's circulation.
- Securing the student to a stationary object while the student is standing or sitting.
- Inhibiting, reducing, or hindering the student's ability to communicate.
- Using chemical restraints.
- Using time-out in a manner that prevents the student from being able to be involved in and progress appropriately in the required curriculum or any applicable individualized education program (IEP) goals, including isolating the student by the use of physical barriers.
- Depriving the student of one or more of the student's senses, unless the technique does not cause the student discomfort or complies with the student's IEP or behavior intervention plan (BIP).

## **Notification**

The campus behavior coordinator shall promptly notify a student's parent by phone or in person of any violation that may result in in-school or out-of-school suspension, placement in a DAEP, placement in a JJAEP, or expulsion. The campus behavior coordinator shall also notify a student's parent if the student is taken into custody by a law enforcement officer under the disciplinary provisions of the Education Code. A good faith effort shall be made on the day the action was taken to provide to the student for delivery to the student's parent written notification of the disciplinary action. If the parent has not been reached by telephone or in person by 5:00 p.m. of the first business day after the day the disciplinary action was taken, the campus behavior

coordinator shall send written notification by U.S. Mail. If the campus behavior coordinator is not able to provide notice to the parent, the principal or designee shall provide the notice.

Before the principal or appropriate administrator assigns a student under age 18 to detention outside regular school hours, notice shall be given to the student's parent to inform him or her of the reason for the detention and permit arrangements for necessary transportation.

## **Appeals**

Questions from parents regarding disciplinary measures should be addressed to the teacher, campus administration, or campus behavior coordinator, as appropriate. Appeals or complaints regarding the use of specific discipline management techniques should be addressed in accordance with policy FNG (LOCAL). A copy of the policy may be obtained from the principal's office, the campus behavior coordinator's office, the central administration office or online through the [Lake Travis ISD Board Policy Manual](#).

The District shall not delay a disciplinary consequence while a student or parent pursues a grievance. In the instance of a student who is accused of conduct that meets the definition of sexual harassment as defined by Title IX, the District will comply with applicable federal law, including the Title IX formal complaint process. See policies FFH (LEGAL) and (LOCAL).

## **REMOVAL FROM THE SCHOOL BUS OR DISTRICT TRANSPORTATION**

District rules and guidelines are applicable on all buses or vehicles owned, operated or controlled by the District. Bus safety and discipline issues are managed collaboratively with the Director of Transportation and the appropriate campus administrator and/or the campus behavior coordinator. The transportation department or campus administrator will employ discipline management techniques, as appropriate, which can include restricting or revoking a student's bus riding or other District transportation privileges, in accordance with law.

## **REMOVAL FROM THE REGULAR EDUCATION SETTING**

In addition to other discipline management techniques, misconduct may result in removal from the regular educational setting in the form of a routine referral or a formal removal.

### **Routine Referral**

A routine referral occurs when a teacher sends a student to the campus behavior coordinator's office as a discipline management technique. The campus behavior coordinator shall employ alternative discipline management techniques, including progressive interventions. A teacher or administrator may remove a student from class for a behavior that violates this Code of Conduct to maintain effective discipline in the classroom.

### **Formal Removal**

A teacher **may** also initiate a formal removal from class if:

1. The student's behavior has been documented by the teacher as repeatedly interfering with

the teacher's ability to teach his or her class or with the student's classmates' ability to learn; or

2. The behavior is so unruly, disruptive, or abusive that the teacher cannot teach, and the students in the classroom cannot learn.

Within three school days of the formal removal, the campus behavior coordinator or appropriate administrator shall schedule a conference with the student's parent, the student, the teacher who removed the student from class, and any other appropriate administrator.

At the conference, the campus behavior coordinator or appropriate administrator shall inform the student of the alleged misconduct and the proposed consequences. The student shall have an opportunity to respond to the allegations.

When a student is removed from the regular classroom by a teacher and a conference is pending, the campus behavior coordinator or other administrator may place the student in:

- Another appropriate classroom.
- In-school suspension.
- Out-of-school suspension.
- DAEP.

A teacher or administrator **must** remove a student from class if the student engages in behavior that under the Education Code requires or permits the student to be placed in a DAEP or expelled. When removing for those reasons, the procedures in the subsequent sections on DAEP or expulsion shall be followed.

## **Returning Students to Class**

When a student has been formally removed from class by a teacher for conduct against the teacher containing the elements of assault, aggravated assault, sexual assault, aggravated sexual assault, murder, capital murder, or criminal attempt to commit murder or capital murder, the student may not be returned to the teacher's class without the teacher's consent.

When a student has been formally removed by a teacher for any other conduct, the student may be returned to the teacher's class without the teacher's consent if the placement review committee determines that the teacher's class is the best or only alternative available.

## **OUT-OF-SCHOOL SUSPENSION**

### **Misconduct**

Students may be suspended for any behavior listed in the Code of Conduct as a general conduct violation, DAEP offense, or expellable offense.

A student who is homeless shall not be placed in out-of-school suspension unless, while on school property or while attending a school-sponsored or school-related activity on or off school property,

the student engages in:

- Conduct that contains the elements of a weapons offense, as provided in Penal Code Section 46.02 or 46.05;
- Conduct that contains the elements of assault, sexual assault, aggravated assault, or aggravated sexual assault, as provided by the Penal Code; or
- Selling, giving, or delivering to another person or possessing, using, or being under the influence of any amount of marijuana, an alcoholic beverage, or a controlled substance or dangerous drug as defined by federal or state law.

## **Process**

State law allows a student to be suspended for **no more than three school days per behavior violation**, with no limit on the number of times a student may be suspended in a semester or school year.

Before being suspended a student shall have an informal conference with the campus behavior coordinator or appropriate administrator, who shall advise the student of the alleged misconduct. The student shall have the opportunity respond to the allegation before the administrator makes a decision.

The campus behavior coordinator shall determine the number of days of a student's suspension, not to exceed three school days.

In deciding whether to order out-of-school suspension, the campus behavior coordinator shall take into consideration:

1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct,
3. The student's disciplinary history,
4. A disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct,
5. A student's status in the conservatorship of the Department of Family and Protective Services (foster care), or
6. A student status as homeless.

The appropriate administrator shall determine any restrictions on participation in school-sponsored or school-related extracurricular and co-curricular activities.

## **Coursework During Suspension**

The District shall ensure a student receives access to coursework for foundation curriculum courses while the student is placed in in-school or out-of-school suspension, including at least one method of receiving this coursework that doesn't require the use of the internet.

A student removed from the regular classroom to in-school suspension or another setting, other than

a DAEP, will have an opportunity to complete before the beginning of the next school year each course the student was enrolled in at the time of removal from the regular classroom. The District may provide the opportunity by any method available, including a correspondence course, another distance learning option, or summer school. The District will not charge the student for any method of completion provided by the District.

## **DISCIPLINARY ALTERNATIVE EDUCATION PROGRAM (DAEP)** **PLACEMENT**

The DAEP shall be provided in a setting other than the student's regular classroom, unless the student meets certain exemption criteria as established in LTISD's District of Innovation Plan and accompanying regulations.

An elementary school student may not be placed in a DAEP with a student who is not an elementary school student. For purposes of DAEP, elementary classification shall be kindergarten–grade 5 and secondary classification shall be grades 6–12.

Summer school provided by the District may serve students assigned to a DAEP in conjunction with other students.

A student who is expelled for an offense that otherwise would have resulted in a DAEP placement does not have to be placed in a DAEP in addition to the expulsion.

In deciding whether to place a student in a DAEP, regardless of whether the action is mandatory or discretionary, the campus behavior coordinator shall take into consideration:

1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct,
3. The student's disciplinary history,
4. A disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct,
5. A student's status in the conservatorship of the Department of Family and Protective Services (foster care), or
6. A student's status as homeless.

### **Discretionary Placement: Misconduct That May Result in DAEP Placement**

A student **may** be placed in a DAEP for behaviors prohibited in the General Conduct Violations section of this Code of Conduct.

#### **Misconduct Identified in State Law**

In accordance with state law, a student **MAY** be placed in a DAEP for any one of the following offenses:

- Engaging in bullying that encourages a student to commit or attempt to commit suicide.

- Inciting violence against a student through group bullying.
- Releasing or threatening to release intimate visual material of a minor or a student who is 18 years of age or older without the student’s consent.
- Involvement in a public school fraternity, sorority, or secret society, including participating as a member or pledge, or soliciting another person to become a pledge or member of a public school fraternity, sorority, secret society, or gang. (See glossary.)
- Involvement in criminal street gang activity. (See glossary.)
- Criminal mischief, not punishable as a felony.
- Assault (no bodily injury) with threat of imminent bodily injury.
- Assault by offensive or provocative physical contact.

In accordance with state law, a student **may** be placed in a DAEP if the superintendent or the superintendent’s designee has reasonable belief (see glossary) that the student has engaged in conduct punishable as a felony, other than aggravated robbery or those listed as offenses in Title 5 (see glossary) of the Penal Code, that occurs off school property and not at a school-sponsored or school-related event, if the student’s presence in the regular classroom threatens the safety of other students or teachers or will be detrimental to the educational process.

The campus behavior coordinator **may**, but is not required to, place a student in a DAEP for off-campus conduct for which DAEP placement is required by state law if the administrator does not have knowledge of the conduct before the first anniversary of the date the conduct occurred.

### **Mandatory Placement: Misconduct That Requires DAEP Placement**

A student **must** be placed in a DAEP if the student:

- Engages in conduct relating to a false alarm or report (including a bomb threat) or a terroristic threat involving a public school. (See glossary.)
- Commits the following offenses on school property or within 300 feet of school property as measured from any point on the school’s real property boundary line, or while attending a school-sponsored or school-related activity on or off school property:
  1. Engages in conduct punishable as a felony.
  2. Commits an assault (see glossary) under Penal Code 22.01(a)(1).
  3. Sells, gives, or delivers to another person, or possesses, uses, or is under the influence of a controlled substance or dangerous drug in an amount not constituting a felony offense. (School-related felony drug offenses are addressed in the Expulsion section.) (See glossary.)
  4. Sells, gives, or delivers to another person or possesses, uses, or is under the influence of marijuana or THC. A student with a valid prescription for low-THC cannabis as authorized by Chapter 487 of the Health and Safety Code does not violate this provision, as long as the student complies with District policies and procedures related to use of prescription medication on campus.

5. Sells, gives, or delivers to another person or possesses or uses an e-cigarette.
  6. Sells, gives, or delivers to another person an alcoholic beverage; commits a serious act or offense while under the influence of alcohol; or possesses, uses, or is under the influence of alcohol.
  7. Behaves in a manner that contains the elements of an offense relating to abusable volatile chemicals. (Whether a student should be placed in DAEP or expelled will be determined on a case-by-case basis. See Expulsion section.)
  8. Behaves in a manner that contains the elements of the offense of public lewdness or indecent exposure.
  9. Engages in conduct that contains the elements of an offense of harassment against an employee under Penal Code 42.07(a)(1), (2), (3), or (7).
- Engages in expellable conduct and is six to nine years of age.
  - Commits a federal firearms violation and is younger than six years of age.
  - Engages in conduct that contains the elements of the offense of retaliation against any school employee or volunteer on or off school property. (Committing retaliation in combination with another expellable offense is addressed in the Expulsion section of this Code of Conduct.)
  - Engages in conduct punishable as aggravated robbery or a felony listed under Title 5 (see glossary) of the Penal Code when the conduct occurs off school property and not at a school-sponsored or school-related event and:
    1. The student receives deferred prosecution (see glossary),
    2. A court or jury finds that the student has engaged in delinquent conduct (see glossary), or
    3. The superintendent or designee has a reasonable belief (see glossary) that the student engaged in the conduct.

## **Sexual Assault and Campus Assignments**

If a student has been convicted of continuous sexual abuse of a young child or disabled individual or convicted of or placed on deferred adjudication for sexual assault or aggravated sexual assault against another student on the same campus, and if the victim's parent or another person with the authority to act on behalf of the victim requests that the board transfer the offending student to another campus, the offending student shall be transferred to another campus in the District. If there is no other campus in the District serving the grade level of the offending student, the offending student shall be transferred to a DAEP.

## **Process**

Removals to a DAEP shall be made by the campus behavior coordinator.

## **Conference**

When a student is removed from class for a DAEP offense, the campus behavior coordinator or appropriate administrator shall schedule a conference within three (3) school days with the

student's parent, the student, and the teacher, in the case of a teacher removal. The student may not be returned to the regular classroom pending the conference.

At the conference, the campus behavior coordinator or appropriate administrator shall inform the student, orally or in writing, of the reasons for the removal and shall give the student an explanation of the basis for the removal and an opportunity to respond to the reasons for the removal.

Following valid attempts to require attendance, the District may hold the conference and make a placement decision regardless of whether the student or the student's parents attend the conference.

### **Consideration of Mitigating Factors**

In deciding whether to place a student in a DAEP, regardless of whether the action is mandatory or discretionary, the campus behavior coordinator shall take into consideration:

1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct,
3. The student's disciplinary history,
4. A disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct,
5. A student's status in the conservatorship of the Department of Family and Protective Services (foster care), or
6. A student's status as homeless.

### **Placement Order**

After the conference, if the student is placed in the DAEP, the campus behavior coordinator shall write a placement order. A copy of the DAEP placement order and information for the parent or person standing in parental relation to the student regarding the process for requesting a full individual and initial evaluation of the student for purposes of special education services shall be sent to the student and the student's parent.

Not later than the second business day after the conference, the principal or designee shall deliver to the juvenile court a copy of the placement order and all information required by Section 52.04 of the Family Code.

If the student is placed in the DAEP and the length of placement is inconsistent with the guidelines included in this Code of Conduct, the placement order shall give notice of the inconsistency.

### **DAEP at Capacity**

If the DAEP is at capacity at the time the campus behavior coordinator is deciding placement for conduct related to marijuana, THC, an e-cigarette, alcohol, or an abusable volatile chemical, the student shall be placed in in-school suspension then transferred to the DAEP for the remainder of the period if space becomes available before the expiration of the period of the placement.

If the DAEP is at capacity at the time the campus behavior coordinator is deciding placement for a student who engaged in violent conduct, a student placed in the DAEP for conduct related to

marijuana, THC, an e-cigarette, alcohol, or an abusable volatile chemical may be placed in in-school suspension to make a position in the DAEP available for the student who engaged in violent conduct. If a position becomes available in the DAEP before the expiration of the period of the placement for the student removed, the student shall be returned to the DAEP for the remainder of the period.

### **Coursework Notice**

The parent or guardian of a student placed in DAEP shall be given written notice of the student's opportunity to complete a foundation curriculum course in which the student was enrolled at the time of removal and which is required for graduation, at no cost to the student. The notice shall include information regarding all methods available for completing the coursework.

### **Length of Placement**

The campus behavior coordinator shall determine the duration of a student's placement in a DAEP.

The duration of a student's placement shall be determined case-by-case basis based on the seriousness of the offense, the student's age and grade level, the frequency of misconduct, the student's attitude, and statutory requirements.

The maximum period of DAEP placement shall be one calendar year, except as provided below.

Unless otherwise specified in the placement order, days absent from a DAEP shall not count toward fulfilling the total number of days required in a student's DAEP placement order.

The District shall administer the required pre- and post-assessments for students assigned to DAEP for a period of 90 days or longer in accordance with established District administrative procedures for administering other diagnostic or benchmark assessments.

### **Exceeds One Year**

Placement in a DAEP may exceed one year when a review by the District determines that the student is a threat to the safety of other students or to District employees.

The statutory limitations on the length of a DAEP placement do not apply to a placement resulting from the board's decision to place a student who engaged in the sexual assault of another student so that the students are not assigned to the same campus.

### **Exceeds School Year**

Students who commit offenses requiring placement in a DAEP at the end of one school year may be required to continue that placement at the start of the next school year to complete the assigned term of placement.

For placement in a DAEP to extend beyond the end of the school year, the campus behavior coordinator or the board's designee must determine that:

- The student's presence in the regular classroom or campus presents a danger of physical harm to the student or others, or

- The student has engaged in serious or persistent misbehavior (see glossary) that violates the District's Code of Conduct.

### **Exceeds 60 Days**

For placement in a DAEP to extend beyond 60 days or the end of the next grading period, whichever is sooner, a student's parent shall be given notice and the opportunity to participate in a proceeding before the board or the board's designee.

### **Appeals**

Questions from parents regarding disciplinary measures should be addressed to the campus administration.

Student or parent appeals regarding a student's placement in a DAEP should be addressed in accordance with policy FNG (LOCAL). A copy of this policy may be obtained from the principal's office, the campus behavior coordinator's office, or the central administration office or online through the [Lake Travis ISD Board Policy Manual](#).

Appeals should begin at Level One with the campus principal.

The District shall not delay disciplinary consequences pending the outcome of an appeal. The decision to place a student in a DAEP cannot be appealed beyond the board.

### **Restrictions During Placement**

The District does not permit a student who is placed in DAEP to participate in any school-sponsored or school-related extracurricular or co-curricular activity, including seeking or holding honorary positions and/or membership in school-sponsored clubs and organizations.

A student placed in a DAEP shall not be provided transportation unless he or she is a student with a disability who is entitled to transportation in accordance with the student's individualized education program (IEP) or Section 504 plan.

For seniors who are eligible to graduate and are assigned to a DAEP at the time of graduation, the last day of placement in the program will be the last instructional day, and the student may be allowed to participate in the graduation ceremony and related graduation activities unless otherwise specified in the DAEP placement order.

### **Placement Review**

A student placed in a DAEP shall be provided a review of his or her status, including academic status, by the campus behavior coordinator or the board's designee at intervals not to exceed 120 days. In the case of a high school student, the student's progress toward graduation and the student's graduation plan shall also be reviewed. At the review, the student or the student's parent shall be given the opportunity to present arguments for the student's return to the regular classroom or campus. The student may not be returned to the classroom of a teacher who removed the student without that teacher's consent.

## **Additional Misconduct**

If during the term of placement in a DAEP the student engages in additional misconduct for which placement in a DAEP or expulsion is required or permitted, additional proceedings may be conducted, and the campus behavior coordinator may enter an additional disciplinary order as a result of those proceedings.

## **Notice of Criminal Proceedings**

When a student is placed in a DAEP for certain offenses, the office of the prosecuting attorney shall notify the District if:

1. Prosecution of a student's case was refused for lack of prosecutorial merit or insufficient evidence and no formal proceedings, deferred adjudication (see glossary), or deferred prosecution will be initiated; or
2. The court or jury found a student not guilty, or made a finding that the student did not engage in delinquent conduct or conduct indicating a need for supervision, and the case was dismissed with prejudice.

If a student was placed in a DAEP for such conduct, on receiving the notice from the prosecutor, the superintendent or designee shall review the student's placement and schedule a review with the student's parent not later than the third day after the superintendent or designee receives notice from the prosecutor. The student may not be returned to the regular classroom pending the review.

After reviewing the notice and receiving information from the student's parent, the superintendent or designee may continue the student's placement if there is reason to believe that the presence of the student in the regular classroom threatens the safety of other students or teachers.

The student or the student's parent may appeal the superintendent's decision to the board. The student may not be returned to the regular classroom pending the appeal. In the case of an appeal, the board shall, at the next scheduled meeting, review the notice from the prosecutor and receive information from the student, the student's parent, and the superintendent or designee, and confirm or reverse the decision of the superintendent or designee. The board shall make a record of the proceedings.

If the board confirms the decision of the superintendent or designee, the student and the student's parent may appeal to the Commissioner of Education. The student may not be returned to the regular classroom pending the appeal.

## **Withdrawal During Process**

When a student violates the District's Code of Conduct in a way that requires or permits the student to be placed in a DAEP and the student withdraws from the District before a placement order is completed, the campus behavior coordinator may complete the proceedings and issue a placement order. If the student then re-enrolls in the District during the same or a subsequent school year, the District may enforce the order at that time, less any period of the placement that has been served by the student during enrollment in another District. If the campus behavior coordinator or the board fails to issue a placement order after the student withdraws, the next District in which the student enrolls may complete the proceedings and issue a placement order.

## **Newly Enrolled Students**

The District shall continue the DAEP placement of a student who enrolls in the District and was assigned to a DAEP in an open-enrollment charter school or another District.

A newly enrolled student with a DAEP placement from a District in another state will be placed as any other newly enrolled student if the behavior committed is a reason for DAEP placement in the receiving District.

If the student was placed in a DAEP by a school District in another state for a period that exceeds one year, this District, by state law, shall reduce the period of the placement so that the total placement does not exceed one year. After a review, however, the placement may be extended beyond a year if the District determines that the student is a threat to the safety of other students or employees or the extended placement is in the best interest of the student.

## **Emergency Placement Procedures**

When an emergency placement is necessary because the student's behavior is so unruly, disruptive, or abusive that it seriously interferes with classroom or school operations, the student shall be given oral notice of the reason for the action. Not later than the tenth day after the date of the placement, the student shall be given the appropriate conference required for assignment to a DAEP.

## **Transition Services**

In accordance with law and District procedures, campus staff shall provide transition services to a student returning to the regular classroom from an alternative education program, including a DAEP. See policy FOCA (LEGAL) for more information.

## **PLACEMENT AND EXPULSION FOR CERTAIN OFFENSES**

This section includes two categories of offenses for which the Education Code provides unique procedures and specific consequences.

### **Registered Sex Offenders**

Upon receiving notification in accordance with state law that a student is currently required to register as a sex offender, the District must remove the student from the regular classroom and determine appropriate placement unless the court orders JJAEP placement.

If the student is under any form of court supervision, including probation, community supervision, or parole, the placement shall be in either DAEP or JJAEP for at least one semester.

If the student is not under any form of court supervision, the placement may be in DAEP or JJAEP for one semester or the placement may be in a regular classroom. The placement may not be in the regular classroom if the board or its designee determines that the student's presence:

- Threatens the safety of other students or teachers,
- Will be detrimental to the educational process, or

- Is not in the best interests of the District's students.

### **Review Committee (for Registered Sex Offenders)**

At the end of the first semester of a student's placement in an alternative educational setting and before the beginning of each school year for which the student remains in an alternative placement, the District shall convene a committee, in accordance with state law, to review the student's placement. The committee shall recommend whether the student should return to the regular classroom or remain in the placement. Absent a special finding, the board or its designee must follow the committee's recommendation.

The placement review of a student with a disability who receives special education services must be made by the ARD committee.

### **Newly Enrolled Students**

If a student enrolls in the District during a mandatory placement as a registered sex offender, the District may count any time already spent by the student in a placement or may require an additional semester in an alternative placement without conducting a review of the placement.

### **Appeal of Placement for Registered Sex Offenders**

A student or the student's parent may appeal the placement by requesting a conference between the board or its designee, the student, and the student's parent. The conference is limited to the factual question of whether the student is required to register as a sex offender. Any decision of the board or its designee under this section is final and may not be appealed.

### **Certain Felonies**

Regardless of whether DAEP placement or expulsion is required or permitted by one of the reasons in the DAEP Placement or Expulsion sections, in accordance with Education Code 37.0081, a student **may** be expelled and placed in either DAEP or JJAEP if the board or campus behavior coordinator makes certain findings and the following circumstances exist in relation to aggravated robbery or a felony offense under Title 5 (see glossary) of the Penal Code.

The student must have:

- Received deferred prosecution for conduct defined as aggravated robbery or a Title 5 felony offense;
- Been found by a court or jury to have engaged in delinquent conduct for conduct defined as aggravated robbery or a Title 5 felony offense;
- Been charged with engaging in conduct defined as aggravated robbery or a Title 5 felony offense;
- Been referred to a juvenile court for allegedly engaging in delinquent conduct for conduct defined as aggravated robbery or a Title 5 felony offense; or
- Received probation or deferred adjudication or have been arrested for, charged with, or convicted of aggravated robbery or a Title 5 felony offense.

The District **may** expel the student and order placement under these circumstances regardless of:

- The date on which the student’s conduct occurred,
- The location at which the conduct occurred,
- Whether the conduct occurred while the student was enrolled in the District, or
- Whether the student has successfully completed any court disposition requirements imposed in connection with the conduct.

### **Hearing and Required Findings**

The student must first have a hearing before the board or its designee, who must determine that in addition to the circumstances above that allow for the expulsion, the student’s presence in the regular classroom:

- Threatens the safety of other students or teachers,
- Will be detrimental to the educational process, or
- Is not in the best interest of the District’s students.

Any decision of the board or the board’s designee under this section is final and may not be appealed.

### **Length of Placement**

The student is subject to the placement until:

- The student graduates from high school,
- The charges are dismissed or reduced to a misdemeanor offense, or
- The student completes the term of the placement or is assigned to another program.

### **Placement Review**

A student placed in a DAEP or JJAEP under these circumstances is entitled to a review of his or her status, including academic status, by the campus behavior coordinator or board’s designee at intervals not to exceed 120 days. In the case of a high school student, the student’s progress toward graduation and the student’s graduation plan shall also be reviewed. At the review, the student or the student’s parent shall have the opportunity to present arguments for the student’s return to the regular classroom or campus.

### **Newly Enrolled Students**

A student who enrolls in the District before completing a placement under this section from another school district must complete the term of the placement.

## **EXPULSION**

In deciding whether to order expulsion, regardless of whether the action is mandatory or discretionary, the campus behavior coordinator shall take into consideration:

1. Self-defense (see glossary),

2. Intent or lack of intent at the time the student engaged in the conduct,
3. The student's disciplinary history,
4. A disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct,
5. A student's status in the conservatorship of the Department of Family and Protective Services (foster care), or
6. A student's status as homeless.

An expelled student may be enrolled in the Travis County Juvenile Justice Alternative Education Program (JJAEP).

Some of the following types of misconduct may result in mandatory placement in a DAEP, whether or not a student is expelled. (See DAEP Placement)

- Selling, giving, or delivering to another person, or possessing, using, or being under the influence of marijuana, a controlled substance, or a dangerous drug. A student with a valid prescription for low-THC cannabis as authorized by Chapter 487 of the Health and Safety Code does not violate this provision, as long as the student complies with District policies and procedures related to use of prescription medication on campus. (See glossary for “under the influence.”)
- Selling, giving, or delivering to another person, or possessing, using, or being under the influence of alcohol; or committing a serious act or offense while under the influence of alcohol.

## **Misconduct While in DAEP**

A student **may** be expelled for engaging in documented serious misbehavior (see glossary) that violates the District’s Code of Conduct, despite documented behavioral interventions while placed in a DAEP. For purposes of discretionary expulsion from a DAEP, serious misbehavior means:

- Deliberate violent behavior that poses a direct threat to the health or safety of others;
- Extortion, meaning the gaining of money or other property by force or threat;

### **Under Federal Law**

- Bringing to school or possessing at school, including any setting that is under the District’s control or supervision for the purpose of a school activity, a firearm, as defined by federal law. (See glossary.)

**Note:** Mandatory expulsion under the federal Gun Free Schools Act does not apply to a firearm that is lawfully stored inside a locked vehicle, or to firearms used in activities approved and authorized by the District when the District has adopted appropriate safeguards to ensure student safety.

### **Under the Penal Code**

- Unlawful carrying on or about the student’s person the following, in a matter prohibited by Penal Code 46.02:
  1. A handgun, defined by state law as any firearm designed, made, or adapted to be used with one hand. (See glossary.) Note: A student may not be expelled solely on the basis of the student’s use, exhibition, or possession of a firearm that occurs at an approved target range facility that is not located on a school campus, while participating in or preparing for a school-sponsored, shooting sports competition or a shooting sports educational activity that is sponsored or supported by the Parks and Wildlife Department, or a shooting sports sanctioning organization working with the department. [See policy FNCG (LEGAL).]

  - Engaging in retaliation against a school employee or volunteer combined with one of the above-listed mandatory expulsion offenses.

## **Under Age Ten**

When a student under the age of ten engages in behavior that is expellable behavior, the student shall not be expelled, but shall be placed in a DAEP. A student under age six shall not be placed in a DAEP unless the student commits a federal firearm offense.

## **Process**

If a student is believed to have committed an expellable offense, the campus behavior coordinator or other appropriate administrator shall schedule a hearing within a reasonable time. The student's parent shall be invited in writing to attend the hearing.

Until a hearing can be held, the campus behavior coordinator or other administrator may place the student in:

- Another appropriate classroom.
- In-school suspension.
- Out-of-school suspension.
- DAEP.

## **Hearing**

A student facing expulsion shall be given a hearing with appropriate due process. The student is entitled to:

- Representation by the student's parent or another adult who can provide guidance to the student and who is not an employee of the District,
- An opportunity to testify and to present evidence and witnesses in the student's defense, and
- An opportunity to question the witnesses called by the District at the hearing.

After providing notice to the student and parent of the hearing, the District may hold the hearing regardless of whether the student or the student's parent attends.

The Board of Trustees delegates to the Superintendent or his/her designee the authority to conduct hearings and expel students.

## **Board Review of Expulsion**

After the due process hearing, the expelled student may request that the board review the expulsion decisions. The student or parent must submit a written request to the Superintendent within seven (7) days after receipt of the written decision. The Superintendent must provide the student or parent written notice of the date, time, and place of the meeting at which the board will review the decision.

The board shall review the record of the expulsion hearing in a closed meeting unless the parent requests in writing that the matter be held in an open meeting. The board may also hear a statement from the student or parent and from the board's designee.

The board shall hear statements made by the parties at the review and shall base its decision on evidence reflected in the record and any statements made by the parties at the review. The board shall make and communicate its decision orally at the conclusion of the presentation. Consequences shall not be deferred pending the outcome of the hearing.

## **Expulsion Order**

Before ordering the expulsion, the board or campus behavior coordinator shall take into consideration:

1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct,
3. The student's disciplinary history, and
4. A disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct.
5. A student's status in the conservatorship of the Department of Family and Protective Services (foster care), or

6. A student's status as homeless.

If the student is expelled, the board or its designee shall deliver to the student and the student's parent a copy of the order expelling the student.

Not later than the second business day after the hearing, the principal or designee shall deliver to the juvenile court a copy of the expulsion order and the information required by Section 52.04 of the Family Code.

If the length of the expulsion is inconsistent with the guidelines included in the Code of Conduct, the expulsion order shall give notice of the inconsistency.

### **Length of Expulsion**

The length of an expulsion shall be based on the seriousness of the offense, the student's age and grade level, the frequency of misbehavior, the student's attitude, and statutory requirements.

The duration of a student's expulsion shall be determined on a case-by-case basis. The maximum period of expulsion is one calendar year, except as provided below.

An expulsion may not exceed one year unless, after review, the District determines that:

- The student is a threat to the safety of other students or to District employees, or
- Extended expulsion is in the best interest of the student.

State and federal law require a student to be expelled from the regular classroom for a period of at least one calendar year for bringing a firearm, as defined by federal law, to school. However, the Superintendent may modify the length of the expulsion on a case-by-case basis.

Students who commit offenses that require expulsion at the end of one school year may be expelled into the next school year to complete the term of expulsion.

### **Withdrawal During Process**

When a student has violated the District's Code of Conduct in a way that requires or permits expulsion from the District and the student withdraws from the District before the expulsion hearing takes place, the District may conduct the hearing after sending written notice to the parent and student.

If the student then re-enrolls in the District during the same or subsequent school year, the District may enforce the expulsion order at that time, less any expulsion period that has been served by the student during enrollment in another district.

If the campus behavior coordinator or the board fails to issue an expulsion order after the student withdraws, the next district in which the student enrolls may complete the proceedings.

## **Additional Misconduct While Expelled**

If during the expulsion, the student engages in additional conduct for which placement in a DAEP or expulsion is required or permitted, additional proceedings may be conducted, and the campus behavior coordinator or the board may issue an additional disciplinary order as a result of those proceedings.

## **Restrictions During Expulsion**

Expelled students are prohibited from being on school grounds or attending school-sponsored or school-related activities during the period of expulsion.

No District academic credit shall be earned for work missed during the period of expulsion unless the student is enrolled in a JJAEP or another District-approved program.

## **Newly Enrolled Students**

The District shall continue the expulsion of any newly enrolled student expelled from another district or an open-enrollment charter school until the period of the expulsion is completed.

If a student expelled in another state enrolls in the District, the District may continue the expulsion under the terms of the expulsion order, may place the student in a DAEP for the period specified in the order, or may allow the student to attend regular classes if:

- The out-of-state district provides the District with a copy of the expulsion order, and
- The offense resulting in the expulsion is also an expellable offense in the District in which the student is enrolling.

If a student is expelled by a district in another state for a period that exceeds one year and the District continues the expulsion or places the student in a DAEP, the District shall reduce the period of the expulsion or DAEP placement so that the entire period does not exceed one year, unless after a review it is determined that:

- The student is a threat to the safety of other students or District employees, or
- Extended placement is in the best interest of the student.

## **Emergency Expulsion Procedures**

When an emergency expulsion is necessary to protect persons or property from imminent harm, the student shall be given verbal notice of the reason for the action. Within ten days after the date of the emergency expulsion, the student shall be given appropriate due process required for a student facing expulsion.

## **DAEP Placement of Expelled Students**

The District may provide educational services to any expelled student in a DAEP; however, educational services in the DAEP must be provided if the student is less than ten years of age.

## **Transition Services**

In accordance with law and District procedures, campus staff shall provide transition services to a student returning to the regular classroom from an alternative education program, including a DAEP. See policy FOCA (LEGAL) for more information.

# **EXHIBIT A - ARTIFICIAL INTELLIGENCE (AI) CODE OF CONDUCT**

## **Introduction**

Artificial Intelligence (AI) is a rapidly advancing set of technologies used to capture data, detect patterns, and automate decisions. AI has become an increasingly important and accepted part of our daily lives. Many of us use forms of AI, such as spell check, predictive text tools, speech-to-text, and facial recognition.

Generative AI is a relatively new type of AI that can create various types of content, including text, images, video, audio, code, and synthetic data, such as creative writing and essays. Examples of generative AI include ChatGPT, Google Gemini, and Microsoft CoPilot. While generative AI's ability to produce new content can be incredibly helpful, it also brings up concerns such as plagiarism, ethics, bias, and misinformation.

To help students acquire new knowledge and skills, as well as to build their knowledge and skills progressively over time, teachers must have access to students' authentic displays of learning. Sometimes, those skills can be ethically and productively enhanced in very positive ways using generative AI, while at other times, teachers will prefer that students complete assignments without using generative AI. Such decisions will likely depend on the skills and knowledge being assessed and will be made at the discretion of the teacher.

It is essential for students to understand when and how to use generative AI effectively and ethically. AI tools can enhance classroom learning, and students' implementation of these tools should be guided with proper training, ethical considerations, and responsible oversight.

## **Student Responsibilities**

When utilizing generative AI tools to create or support the creation of school-related texts, creative works, projects, or assignments, students are expected to adhere to these guidelines as well as any additional guidance provided by their classroom teacher.

1. **Use AI responsibly:** Students should use AI tools and techniques in a responsible and ethical manner. This includes not using AI to cheat, plagiarize, or gain an unfair advantage. The decision of when to use generative AI tools is at the discretion of the classroom teacher and should *only* be used for school-related texts, creative works, projects or assignments (e.g., to generate text or images) when given approval from the classroom teacher. Students may only use the specific generative AI tools approved by the classroom teacher.
2. **Understand the limitations of AI:** Students should understand the limitations of generative AI and recognize that it is not a substitute for critical thinking, creativity, and problem-solving skills.
3. **Consider the potential biases of AI:** Students should be aware that generative AI tools and techniques may be biased and should take steps to mitigate bias when using it.
4. **Maintain data privacy:** The use of generative AI should be done in a way that protects personally identifiable information (PII), as that term is defined under the Family Educational Rights and Privacy Act ("FERPA") and LTISD Board Policy FL. Students

should not utilize LTISD computers, systems, or its network to share any PII with publicly available generative AI technologies, including name, birth date, address, or other financial or confidential information.

5. **Check sources generated by AI:** Generative AI is not perfect, has been known to create inaccurate, misleading, or false information or may contain copyrighted materials . Use SIFT research skills (Stop, Investigate the Source, Find Better Coverage & Trace to the Original Context) to check sources and find independent facts to confirm AI-generated content. In the event students are allowed to utilize generative AI tools in school-related texts, creative works, projects, or assignments, they will be responsible for the content produced.
6. **Provide attribution:** When using generative AI tools and techniques, students should provide proper attribution and credit to the source of the tool or technique.
7. **Seek guidance when in doubt:** When students are unsure whether the use of generative AI is appropriate for a particular assignment or project, they should seek guidance from their teacher or instructor.
8. **Remain Respectful of Others.** Students are strictly prohibited from using generative-AI materials in such a way that violates the rights of others including, but not limited to, generating images, audio, or video that could be mistaken for real people (e.g., making a fake photo or recording purporting to be a real person) or creating material that constitutes bullying, cyberbullying, harassment, or other behavior prohibited by the law or the LTISD Student Code of Conduct.

## Generative AI Levels

These levels may be used by teachers to communicate their expectations for students' use of generative AI to complete school-related texts, creative works, projects, or assignments both in and out of the classroom.

 <p>AI Recommended</p>	 <p>AI Permitted</p>	 <p>AI Restricted</p>
<p>Generative AI is recommended for use in completing this assignment or project. Students are encouraged to explore AI tools and techniques to enhance their work. Properly cite any AI-generated work products.</p>	<p>Generative AI is permitted but not required for completing this assignment or project. Students can choose to use AI tools and techniques if they believe it will improve their work. Properly cite any AI-generated work products.</p>	<p>Generative AI use in completing this assignment or project is restricted. Students are expected to complete the work using only their own knowledge and skills.</p>

If a teacher has not specifically indicated whether generative AI is recommended or permitted for a school-related text, creative works, project, or assignment, students should presume it is not

allowed and seek permission before using generative AI.

When generative AI is recommended or permitted, students should rely on their classroom teacher to provide further guidance on the extent to which students may make use of it in the context of the specific text, creative work, project, or assignment.

## **Conclusion**

This code of conduct is intended to guide students in using generative Artificial Intelligence responsibly and ethically in their academic work and projects. Teachers may choose to use the AI Levels to classify assignments or projects as needed and should provide students with clear expectations for when generative AI is appropriate, permitted, or restricted. The use of generative AI must be done in a manner that is consistent with the district's expectations regarding academic integrity. A student's failure to comply with these guidelines and expectations may be considered cheating or plagiarism and subject the student to the appropriate consequences. A student's failure to comply may also subject the student to other consequences in accordance with the LTISD Student Code of Conduct.

The Contract Documents form the Contract for Construction. The Contract represents the entire and integrated agreement between the parties hereto and supersedes prior negotiations, representations, or agreements, either written or oral. After execution of the Original Contract Documents, the Contract may thereafter be amended or modified only by a written Modification. The Contract Documents shall not be construed to create a contractual relationship of any kind (1) between the Contractor and the Architect or the Architect's consultants, (2) between the Owner and a Subcontractor or a Sub-subcontractor, (3) between the Owner and the Architect or the Architect's consultants, or (4) between any persons or entities other than the Owner and the Contractor.

##### **§ 1.1.3 The Work**

The term "Work" means the construction and services required by the Contract Documents, whether completed or partially completed, and includes all other labor, materials, equipment, and services provided or to be provided by the Contractor to fulfill the Contractor's obligations. The Work may constitute the whole or a part of the Project.

The Work includes all of Contractor's responsibilities as to all labor, parts, supplies, skill, supervision, transportation services, storage requirements, and other facilities and things necessary, proper or incidental to the carrying out and completion of the terms of the Contract Documents and the Construction Documents and all other items of cost or value needed to produce, construct and fully complete the public Work identified by the Contract Documents and the Construction Documents. "Construction Documents" means: all Drawings, Specifications, geotechnical reports, Addenda, submittals, transmittals, deliverables, instructions to Contractors, and other documents, including those in electronic form, prepared by the Architect and the Architect's consultants and which set forth in detail the requirements for construction of the Project. The Construction Documents shall include Drawings and Specifications that establish in detail the quality levels of materials and systems required for the Project. The Construction Documents shall reflect all agreements between Owner and Architect concerning Owner's budgetary constraints, programmatic needs and expectations as to quality, functionality of systems, maintenance costs, and usable life of equipment and facilities. Said Construction Documents shall reflect the Owner's educational program and educational specifications, the State educational adequacy standards in 19 TAC Section 61.1036 and the standards set forth in Section 3.1.4 of AIA Document B101-2017. The Architect shall provide Construction Documents which are sufficient for Owner to complete construction of the Project, are free from material defects or omissions, and which shall comply with all applicable laws, ordinances, codes, rules, and regulations, as of the date of issuance of Construction Documents.

#### **§ 1.1.4 The Project**

The Project is the total construction of which the Work performed under the Contract Documents may be the whole or a part and which may include construction by the Owner and by Separate Contractors.

#### **§ 1.1.5 The Drawings**

The Drawings are the graphic and pictorial portions of the Contract Documents showing the design, location and dimensions of the Work, generally including plans, elevations, sections, details, schedules, and diagrams.

#### **§ 1.1.6 The Specifications**

The Specifications are that portion of the Contract Documents consisting of the written requirements for materials, equipment, systems, standards and workmanship for the Work, and performance of related services.

#### **§ 1.1.7 Instruments of Service**

Instruments of Service are representations, in any medium of expression now known or later developed, of the tangible and intangible creative work performed by the Architect and the Architect's consultants under their respective professional services agreements. Instruments of Service may include, without limitation, studies, surveys, models, sketches, drawings, specifications, and other similar materials.

#### **§ 1.1.8 Initial Decision Maker**

All references to "Contractor" shall include "Construction Manager at Risk" as appropriate.

#### **1.1.10 Miscellaneous Other Words**

##### **1.1.10.1 Business Day**

The term "business day" is a day the Owner's Administration Building is scheduled to be open for normal business purposes, unless closed by the Owner's Superintendent of Schools for inclement weather or other reason. Days on which the Administration Building is normally closed are Thanksgiving Break, Winter Break, Spring Break, and Summer Break, as well as other federal, state or local days specified in the calendar approved by the Owner's Board of Trustees on an annual basis. A business day does not include a day on which the Owner's Administration Building is open only for the purposes of conducting candidate filing, early voting, elections, or special events.

##### **1.1.10.2 Calendar Day**

A calendar day is a day on the Gregorian calendar. The Contact Time is established in calendar days. Extensions of time granted, if any, will be converted to calendar days.

##### **1.1.10.4 Work Day**

Work days include all calendar days except Holidays, Saturdays and Sundays.

#### **§ 1.2 Correlation and Intent of the Contract Documents**

**§ 1.2.1** The intent of the Contract Documents is to include all items necessary for the proper execution and completion of the Work by the Contractor. The Contract Documents are complementary, and what is required by one shall be as binding as if required by all; performance by the Contractor shall be required only to the extent consistent with the Contract Documents and reasonably inferable from them as being necessary to produce the indicated results.

**§ 1.2.1.1** The invalidity of any provision of the Contract Documents shall not invalidate the Contract or its remaining provisions. If it is determined that any provision of the Contract Documents violates any law, or is otherwise invalid or unenforceable, then that provision shall be revised to the extent necessary to make that provision legal and

enforceable. In such case the Contract Documents shall be construed, to the fullest extent permitted by law, to give effect to the parties' intentions and purposes in executing the Contract.

**1.2.1.2** During the course of the Work, should any conflict be found in or between the Contract Documents, the Contractor shall be deemed to have included in the cost of the Work the greater quantity or better quality, or the most stringent requirements, unless Contractor shall have obtained, before the submission of Contractor's Proposal, an interpretation in writing from the Architect as to what shall govern. The Architect, in case of such conflict, may interpret or construe the document so as to obtain the most substantial and complete performance of the Work consistent with the Contract Documents and reasonably inferable therefrom, in the best interests of Owner, and the Architect's interpretation shall be final. The terms and conditions of this clause shall not relieve any party of any other obligation under the Contract Documents.

**§ 1.2.2** Organization of the Specifications into divisions, sections and articles, and arrangement of Drawings shall not control the Contractor in dividing the Work among Subcontractors or in establishing the extent of Work to be performed by any trade.

**§ 1.2.3** Unless otherwise stated in the Contract Documents, words that have well-known technical or construction industry meanings are used in the Contract Documents in accordance with such recognized meanings.

The most recently issued Document takes precedence over previous issues of the same Document. The order of precedence is as follows with the highest authority listed as "1".

- .2 Addenda (including GMP Amendment), with those of later date having precedence over those of earlier date.
- .3 Agreement – AIA Document A133-2019, as modified by the Owner for the Project
- .4 General Conditions - AIA Document A201-2017, as modified by the Owner for the Project.
- .5 Specifications and Drawings.

#### **§ 1.2.5 Relation of Specifications and Drawings**

Specifications and Drawings are to be equivalent in authority and priority. Should they disagree in themselves, or with each other, prices shall be based on the better quality and greater quantity of Work indicated. In the event of the above mentioned disagreements, the resolution shall be determined by the Architect.

**§ 1.2.6** Where, in the Drawings and Specifications, certain products, manufacturer's trade names, or catalog numbers are given, it is done for the express purpose of establishing a standard of function, dimension, appearance, and quality of design, in harmony with the Work, and is not intended for the purpose of limiting competition. Materials or equipment shall not be substituted unless such substitution has been specifically accepted for use on this Project by the Architect.

**1.2.7** When the Work is governed by reference to standards, building codes, manufacturer's instructions, or other documents, unless otherwise specified, the current edition as of the Agreement date shall apply.

**1.2.8** Requirements of public authorities apply as minimum requirements only and do not specified requirements.

#### **§ 1.3 Capitalization**

Terms capitalized in these General Conditions include those that are (1) specifically defined, (2) the titles of numbered articles, or (3) the titles of other documents published by the American Institute of Architects.

#### **§ 1.4 Interpretation**

In the interest of brevity the Contract Documents frequently omit modifying words such as "all" and "any" and articles such as "the" and "an," but the fact that a modifier or an article is absent from one statement and appears in another is not intended to affect the interpretation of either statement.

#### **§ 1.5 Ownership and Use of Drawings, Specifications, and Other Instruments of Service**

**§ 1.5.1** All ownership rights, whether common law, statutory, or other reserved rights, including copyright ownership of the Instruments of Service, are controlled by the Agreement between the Owner and the Architect. The Contractor,

Init.

Submittal or distribution to meet official regulatory requirements or for other purposes in connection with the Project is not to be construed as publication in derogation of the any reserved rights

**§ 1.5.2** The Contractor, Subcontractors, Sub-subcontractors, and suppliers are authorized to use and reproduce the Instruments of Service provided to them, subject to any protocols established pursuant to Sections 1.7 and 1.8, solely and exclusively for execution of the Work. All copies made under this authorization shall bear the copyright notice, if any, shown on the Instruments of Service. The Contractor, Subcontractors, Sub-subcontractors, and suppliers may not use the Instruments of Service on other projects or for additions to the Project outside the scope of the Work without the specific written consent of the Owner, Architect, and the Architect's consultants.

#### **§ 1.6 Notice**

**§ 1.6.1** Except as otherwise provided in Section 1.6.2, where the Contract Documents require one party to notify or give notice to the other party, such notice shall be provided in writing to the designated representative of the party to whom the notice is addressed and shall be deemed to have been duly served if delivered in person, by mail, by courier, or by electronic transmission if a method for electronic transmission is set forth in the Agreement.

*(Paragraphs deleted)*

#### **§ 1.8 Building Information Models Use and Reliance**

Any use of, or reliance on, all or a portion of a building information model without agreement to protocols governing the use of, and reliance on, the information contained in the model and without having those protocols set forth in AIA Document E203™–2013, Building Information Modeling and Digital Data Exhibit, and the requisite AIA Document G202™–2013, Project Building Information Modeling Protocol Form, shall be at the using or relying party's sole risk and without liability to the other party and its contractors or consultants, the authors of, or contributors to, the building information model, and each of their agents and employees.

### **ARTICLE 2 OWNER**

#### **§ 2.1 General**

**§ 2.1.1** The Owner is the Board of Trustees of the Lake Travis Independent School District and is referred to throughout the Contract Documents as if singular in number. The Board of Trustees, by majority vote, is the only representative of the Owner, an independent school district, having the power to: enter into a contract; amend a contract, including but not limited to the AIA Document A-133 Exhibit A; approve changes in the scope of Work; approve and execute a Change Order or Construction Change Directive modifying the Guaranteed Maximum Price; agree to an extension to the date of Substantial or Final Completion; or terminate a contract. The Board will act as soon as reasonably possible to avoid undue delays. The Board designates authorized representatives to act on its behalf for day-to-day operations under the Contract. Unless otherwise designated in the Contract Documents, Owner's authorized representative shall be the Superintendent of Schools, who may delegate responsibilities as appropriate. Owner's Board of Trustees hereby delegates to the Superintendent of Schools or his/her designee the authority to approve changes to the Work where such changes are within the Owner's contingency or the Contractor's contingency, and which do not exceed \$100,000, or will not increase the dates for Substantial or Final Completion by more than thirty (30) days. Any such change shall be confirmed in writing between the Contractor and Owner's Superintendent or designee and notice of such approved changes shall be given to the Board at its next regular meeting. Except as otherwise provided in the Contract Documents, the Architect does not have such authority. Neither Architect nor Contractor may rely upon the direction of any employee of Owner who has not been designated in writing by the Superintendent or Board of Trustees; Owner shall not be financially responsible for actions taken by the Architect or Contractor in reliance upon direction from unauthorized persons.

**§ 2.1.2** The Owner may engage a third-party consultant to represent the Owner. The Owner will notify the Contractor of the identity of such consultant.

2.1.3 The Contractor acknowledges that no lien rights exist with respect to public property.

## § 2.2 Evidence of the Owner's Financial Arrangements

§ 2.2.1 Pursuant to the requirements of Texas Business and Commerce Code section 56.054(e)(3), the Owner represents that funds are available and have been authorized for the full contract amount of the Work .

§ 2.2.2 Intentionally deleted.

§ 2.2.3 Intentionally deleted.

§ 2.2.4 Intentionally deleted.

## § 2.3 Information and Services Required of the Owner

§ 2.3.1 Except for permits and fees that are the responsibility of the Contractor under the Contract Documents, including those required under Section 3.7.1, the Owner shall secure and pay for necessary approvals, easements, assessments and charges required for construction, use or occupancy of permanent structures or for permanent changes in existing facilities.

§ 2.3.2 The Owner shall retain an architect lawfully licensed to practice architecture, or an entity lawfully practicing architecture, in the jurisdiction where the Project is located. That person or entity is identified as the Architect in the Agreement and is referred to throughout the Contract Documents as if singular in number.

§ 2.3.3 If the employment of the Architect terminates, the Owner shall employ a successor to whom the Contractor has no reasonable objection and whose status under the Contract Documents shall be that of the Architect.

§ 2.3.4 The Owner shall furnish surveys describing physical characteristics, legal limitations and utility locations for the site of the Project, and a legal description of the site.

§ 2.3.5 Information or services required of the Owner by the Contract Documents shall be furnished by the Owner within a reasonable time following actual receipt of a written request.

§ 2.3.6 The Contractor, Owner and Architect shall agree on an appropriate quantity of drawings and specifications to be printed and distributed for bidding purposes. The drawings shall be provided by the Architect and paid for by the Owner.

## § 2.4 Owner's Right to Stop the Work

§ 2.4.1 If the Contractor fails to correct Work nonconforming or defective Work as required by Section 12.2, or fails to complete the Work on time as required by Article 3 of the Agreement or is in default of any of its material obligations hereunder, the Owner, by a written order signed by an agent specifically so empowered by the Owner, may order the Contractor to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, the right of the Owner to stop the Work shall not give rise to any duty on the part of the Owner to exercise this right for the benefit of the Contractor or any other person or entity. This right shall be in addition to, and not in restriction of, the Owner's right under Section 12.2.

## § 2.5 Owner's Right to Carry Out the Work

§ 2.5.1 If the Contractor defaults or neglects to carry out the Work in accordance with the Contract Documents and fails within a three-day period after receipt of notice from the Owner to commence and continue correction of such default or neglect with diligence and promptness, the Owner may, without prejudice to other remedies the Owner may have, correct such default or neglect. The Architect or Owner may, pursuant to Section 9.5.1, withhold or nullify a Certificate for Payment in whole or in part, to the extent reasonably necessary to reimburse the Owner for the reasonable cost of correcting such deficiencies, including Owner's expenses and compensation for the Architect's additional services made necessary by such default, neglect, or failure. If current and future payments are not sufficient to cover such amounts, the Contractor shall pay the difference to the Owner. If the Contractor disagrees with the actions of the Owner or the Architect, or the amounts claimed as costs to the Owner, the Contractor may file a Claim pursuant to Article 15.

## ARTICLE 3 CONTRACTOR

### § 3.1 General

§ 3.1.1 The Contractor is the person or entity identified as such in the Agreement and is referred to throughout the Contract Documents as if singular in number. The Contractor shall be lawfully licensed, if required in the jurisdiction where the Project is located. The Contractor shall designate in writing a representative who shall have express authority to bind the Contractor with respect to all matters under this Contract. The term "Contractor" means the Contractor or the Contractor's authorized representative.

§ 3.1.2 The Contractor shall perform the Work in a good and workmanlike manner except to the extent the Contract Documents expressly specify a higher degree of finish or workmanship.

§ 3.1.3 The Contractor shall not be relieved of its obligations to perform the Work in accordance with the Contract Documents either by activities or duties of the Owner or Owner's consultants, if applicable, conducted in accordance with the Contract Documents or activities or duties of the Architect in the Architect's administration of the Contract, or by tests, inspections or approvals required or performed by persons or entities other than the Contractor.

### § 3.2 Review of Contract Documents and Field Conditions by Contractor

§ 3.2.1 Execution of the Contract by the Contractor is a representation that the Contractor has visited the site, become generally familiar with local conditions under which the Work is to be performed, and correlated personal observations with requirements of the Contract Documents. The Contractor and each Subcontractor shall evaluate and satisfy themselves as to the conditions and limitations under which the Work is to be performed, including without limitation: (1) the location, condition, layout and nature of the Project site and surrounding areas, (2) generally prevailing climatic conditions, (3) anticipated labor supply and costs, (4) availability and cost of materials, tools and equipment, and (5) other similar issues. The Owner assumes no responsibility or liability for the physical condition or safety of the Project site or any improvements located on the Project site, or for price escalations in the marketplace. The Contractor shall be solely responsible for providing a safe place for the performance of the Work. The Owner shall not be required to make any adjustment in either the Contract Sum or Contract Time in connection with any failure by the Contractor or any Subcontractor to comply with the requirements of this Section.

§ 3.2.2 Because the Contract Documents are complementary, the Contractor shall, before starting each portion of the Work, carefully study and compare the various Contract Documents relative to that portion of the Work, as well as the information furnished by the Owner pursuant to Section 2.3.4, shall take field measurements of any existing conditions related to that portion of the Work, and shall observe any conditions at the site affecting it. These obligations are for the purpose of facilitating coordination and construction by the Contractor and are not for the purpose of discovering errors, omissions, or inconsistencies in the Contract Documents; however, the Contractor shall promptly report to the Architect any errors, inconsistencies or omissions discovered by or made known to the Contractor as a request for information in such form as the Architect may require. It is recognized that the Contractor's review is made in the Contractor's capacity as a contractor and not as a licensed design professional, unless otherwise specifically provided in the Contract Documents.

- .1 The exactness of grades, elevations, dimensions, or locations given on any Drawings issued by the Architect, or the Work installed by other contractors, is not guaranteed by the Architect or the Owner.
- .2 The Contractor shall, therefore, satisfy itself as to the accuracy of all grades, elevations, dimensions, and locations. In all cases of interconnection of its Work with existing or other Work, it shall verify at the site all dimensions relating to such existing or other Work. Any errors due to the Contractor's failure to so verify all such grades, elevations, dimensions, or locations shall be promptly rectified by the Contractor without any additional cost to the Owner.

§ 3.2.3 The Contractor is not required to ascertain that the Contract Documents are in accordance with applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, but the Contractor shall promptly report to the Architect any nonconformity discovered by or made known to the Contractor as a request for information in such form as the Architect may require.

§ 3.2.4 If the Contractor believes that additional cost or time is involved because of clarifications or instructions the Architect issues in response to the Contractor's notices or requests for information pursuant to Sections 3.2.2 or 3.2.3, the Contractor shall submit Claims as provided in Article 15. If the Contractor fails to perform the obligations of Sections 3.2.2 or 3.2.3, the Contractor shall pay such costs and damages to the Owner, subject to Section 15.1.7, as would have been avoided if the Contractor had performed such obligations. If the Contractor performs those

obligations, the Contractor shall not be liable to the Owner or Architect for damages resulting from errors, inconsistencies or omissions in the Contract Documents, for differences between field measurements or conditions and the Contract Documents, or for nonconformities of the Contract Documents to applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities.

**3.2.5** Notwithstanding the delivery of a survey or other documents by the Owner, Contractor shall use reasonable efforts to perform all Work in such a manner so as to avoid damaging any utility lines, cables, pipes, or pipelines on the property. Contractor shall be responsible for, and shall repair at Contractor's own expense, any damage done to lines, cables, pipes, and pipelines identified to Contractor.

**3.2.6** The Owner and Contractor agree that the Contract Documents may not be free from errors, inconsistencies, or omissions, and further agree that the Owner makes no warranty as to the completeness or accuracy of the Contract documents, either express or implied. Execution of the Contract by the Contractor is a representation that the Contractor has thoroughly reviewed and become familiar with the Contract Documents and that the Contractor is not aware of any errors, inconsistencies or omissions in the Contract Documents which would delay the Contractor in the performance of the Contract Work. The Contractor shall not be entitled to any damages or increase in the Contract Amount due to delays or disruptions to the Work. This limitation on damages is further subject to the limitations set forth in Section 15.1.7.

**3.2.7** The Owner shall be entitled to deduct from the Contract Sum amounts paid to the Architect for the Architect to evaluate and respond to the Contractor's request for information, where such information was available to the Contractor from a careful study and comparison of the Contract Documents, field conditions, other Owner provided information, Contractor prepared coordination drawings, or prior Project correspondence or documentation.

**3.2.8** The Contractor shall use the AIA Document G716-2004 "REQUEST FOR INFORMATION" (RFI) form unless otherwise provided in the Contract Documents or otherwise agreed by Owner. The Contractor shall keep a log of all RFI's submitted and number the RFI's consecutively beginning with the number 1.

### **§ 3.3 Supervision and Construction Procedures**

**§ 3.3.1** The Contractor shall supervise and direct the Work, using the Contractor's best skill and attention. The Contractor shall be solely responsible for, and have control over, construction means, methods, techniques, sequences, and procedures, and for coordinating all portions of the Work under the Contract. If the Contract Documents give specific instructions concerning construction means, methods, techniques, sequences, or procedures, the Contractor shall evaluate the jobsite safety thereof and shall be solely responsible for the jobsite safety of such means, methods, techniques, sequences, or procedures. If the Contractor determines that such means, methods, techniques, sequences or procedures may not be safe, the Contractor shall give timely notice to the Owner and Architect, and shall propose alternative means, methods, techniques, sequences, or procedures. The Architect shall evaluate the proposed alternative solely for conformance with the design intent for the completed construction. Unless the Architect objects to the Contractor's proposed alternative, the Contractor shall perform the Work using its alternative means, methods, techniques, sequences, or procedures.

**3.3.1.1** The Contractor shall assign a superintendent who shall make decisions on behalf of the Contractor and its Subcontractors. The superintendent shall be on the Project, in this capacity, at all times while Work on the Project is in progress.

**§ 3.3.2** The Contractor shall be responsible to the Owner for acts and omissions of the Contractor's employees, Subcontractors and their agents and employees, and other persons or entities performing portions of the Work for, or on behalf of, the Contractor or any of its Subcontractors.

**§ 3.3.3** The Contractor shall be responsible for inspection of portions of Work already performed to determine that such portions are in proper condition to receive subsequent Work.

**§ 3.3.4** Contractor shall bear responsibility for design and execution of acceptable trenching and shoring procedures, in accordance with Texas Government Code, Section 2166.303 and Texas Health and Safety Code, chapter C, Sections 756.021, et seq.

**3.3.5** It is understood and agreed that the relationship of Contractor to Owner shall be that of an independent Contractor. Nothing contained herein or inferable herefrom shall be deemed or construed to (1) make Contractor the agent, servant, or employee of the Owner, or (2) create any partnership, joint venture, or other association between Owner and Contractor. Any direction or instruction by Owner in respect of the Work shall relate to the results the Owner desires to obtain from the Work, and shall in no way affect Contractor's independent contractor status as described herein.

**3.3.6** The Contractor shall review contractor safety programs, procedures, and precautions in connection with performance of the Work. However, the Contractor's duties shall not relieve any Subcontractor(s) or any other person or entity (e.g. a supplier) including any person or entity with whom the Contractor does not have a contractual relationship, of their responsibility or liability relative to compliance with all applicable federal, state and local laws, rules, regulations, and ordinances which shall include the obligation to provide for the safety of their employees, persons, and property and their requirements to maintain a work environment free of recognized hazards. The foregoing notwithstanding, the requirements of this Section are not intended to impose upon the Contractor any additional obligations that the Contractor would not have under any applicable state or federal laws including, but not limited to, any rules, regulations, or statutes pertaining to the Occupational Safety and Health Administration.

**3.3.7** Contractor acknowledges that the Work may be performed in connection with an educational facility which is currently occupied and in use. It is imperative that Contractor's operations and the performance of the Work not interfere with, interrupt, disturb, or disrupt Owner's normal operations or facilities. Contractor agrees to and shall comply with all rules, regulations and requirements of the Owner and the school campus on which the Work is to be performed and shall take all steps necessary to protect and guard the safety of the employees, students and invitees of Owner. Contractor shall exercise the utmost skill and judgment to ensure that continuing construction activity will not interfere with the use, occupancy and quiet enjoyment of facilities in use on the site. Contractor recognizes that the ongoing activities in proximity with its construction activities shall result in the need for prompt and effective coordination of its services with those involved in the ongoing utilization of the premises. Such coordination and adequate site access shall be the responsibility of Contractor. Contractor understands and accepts the difficulties and costs associated with working in an existing facility and the potential delays and disruptions in its Work and has included such items in the Contract Time and the Contract Sum. The Contractor shall perform all the Work in such a manner as to cause minimum interference with the operations of the Owner and other contractors and Subcontractors on the site, and shall take, and cause the Contractor's and its Subcontractor's employees, agents, licensees and permittees to take all necessary precautions to protect the Work and the site and all persons and property thereon from damage or injury.

**3.3.8** Representatives of the Owner, Contractor, and Architect shall meet periodically at mutually agreed upon intervals, for the purpose of establishing procedures to facilitate cooperation, communication, and timely responses among the participants. By participating in this arrangement, the parties do not intend to create additional contractual obligations or modify the legal relationships which may otherwise exist.

**3.3.9** The Owner may require that the Contractor use and/or respond to certain Owner-furnished forms or inquiries during the course of the Project. From time to time, there may be future revisions, changes, additions or deletions to these forms. The fact that the Owner modifies and increases reasonable reporting requirements shall not serve as the basis for a claim for additional time or compensation by the Contractor.

**3.3.10** In the event Contractor shall fall behind schedule at any time, for any reason, Owner shall be entitled to direct acceleration or resequencing of the Work to bring the Work back on scheduled. Contractor shall be entitled to compensation from the Construction Contingency, or if such contingency funds are exhausted, pursuant to Change Order, for such acceleration only (a) to the extent necessitated by excusable and compensable delays, and (b) to the extent of premium pay and additional equipment cost actually incurred by Contractor. In the event Contractor determines that he Scheduled Completion Date cannot be met by resequencing the Work, then Contractor shall immediately provide to the Owner, and in any event within seven (7) days after the date of receipt of any request by Owner for resequencing or acceleration, a plan to complete the Work in the shortest possible time. No approval by the Owner of any plan for resequencing or acceleration of the Work submitted by Contractor pursuant to this paragraph shall constitute a waiver by Owner of any damages or losses which Owner may suffer by reason of such resequencing or the failure of Contractor to meet the Scheduled Completion Date.

## § 3.4 Labor and Materials

§ 3.4.1 Unless otherwise provided in the Contract Documents, the Contractor shall provide and pay for labor, materials, equipment, tools, construction equipment and machinery, water, heat, utilities, transportation, and other facilities and services necessary for proper execution and completion of the Work, whether temporary or permanent and whether or not incorporated or to be incorporated in the Work. The Contractor shall pay fees for public or private water, gas, electrical and other utility service at the site. The Contractor shall secure and arrange for all necessary utility connections.

### 3.4.1.1 PREVAILING WAGES

The Project is subject to the Texas Government Code, Chapter 2258, Prevailing Wage Rates. This statute requires the Contractor and any Subcontractor to pay not less than the prevailing rates of per diem wages in the locality at the time of construction to all laborers, workmen, and mechanics employed by them in the execution of the contract.

3.4.1.2 In accordance therewith, the Owner has established a scale of prevailing wages which is incorporated in the Project specifications, and not less than this established scale must be paid on the Project. Any workers not included in the schedule shall be properly classified and paid not less than the rate of wages prevailing in the locality of the Work at the time of construction. Owner reserves the right to receive and review payroll records, payment records, and earning statements of employees of Contractor, and of Contractor's Subcontractors and Sub-subcontractors.

3.4.1.3 A Contractor or Subcontractor who violates the provisions of Sections 3.4.1.1 or 3.4.1.2 shall pay to Owner the sum of Sixty Dollars and No/100 (\$60.00) for each worker employed for each calendar day or part of the day that the worker is paid less than the wage rate stipulated in the scale of prevailing wages applicable to this Project, as required by Texas Government Code Section 2258.023(b).

3.4.1.4 In executing the Work under the Contract Documents, Contractor shall comply with all applicable state and federal laws, including but not limited to, laws concerning labor, equal employment opportunity, safety, and minimum wage.

3.4.1.5 If no schedule is attached, then the parties shall use the wage rate determined by the US Department of Labor in accordance with the Davis-Bacon Act, 40 U.S.C. Section 276a, (which can be accessed on the internet at <https://www.wdol.gov/> or <https://beta.sam.gov/>) effective as of the date of this Agreement.

## § 3.4.2 Intentionally deleted.

§ 3.4.2.1 Substitutions and alternates may be rejected without explanation and will be considered only under one or more of the following conditions: (i) the proposal is required for compliance with interpretation of code requirements or insurance regulations then existing; (ii) specified products are unavailable through no fault of the Contractor; and (iii) when in the judgment of the Owner or the Architect, a substitution would be substantially in the Owner's best interests, in terms of cost, time, or other considerations.

§ 3.4.2.2 The Contractor must submit to the Architect and the Owner (i) a full explanation of the proposed substitution and submittal of all supporting data, including technical information, catalog cuts, warranties, test results, installation instructions, operating procedures, and other information necessary for a complete evaluation of the substitution; (ii) a written explanation of the reasons the substitution is necessary, including the benefits to the Owner and the Work in the event the substitution is acceptable; (iii) the adjustment, if any, in the Contract Sum; (iv) the adjustment, if any, in the time of completion of the Contract and the construction schedule; and (v) an affidavit stating the (a) the proposed substitution confirms to and meets all the requirements of the pertinent Specifications and the requirements shown on the Drawings, and (b) the Contractor accepts the warranty and correction obligations in connection with the proposed substitution as if originally specified by the Architect. Proposals for substitutions shall be submitted in triplicate to the Architect in sufficient time to allow the Architect no less than twenty-one (21) working days for review. No substitutions will be considered or allowed without the Contractor's submittal of complete substantiating data and information as stated hereinbefore.

3.4.2.3 Whether or not any proposed substitution is accepted by the Owner or the Architect, the Contractor shall reimburse the Owner for any fees charged by the Architect or other consultants for evaluating each proposed substitute.

§ 3.4.3 The Contractor shall enforce strict discipline and good order among the Contractor's employees and other persons carrying out the Work. The Contractor shall not permit employment of unfit persons or persons not properly skilled in tasks assigned to them. The Contractor shall be responsible for the actions of Contractor's forces, Subcontractor's forces and all tiers of Sub-subcontractor's forces. The Contractor recognizes that the Project Site is a public school campus, and will prohibit the possession or use of alcohol, controlled stances, tobacco, and any prohibited weapons on the Project Site and shall require adequate dress of the Contractor's forces consistent with the nature of the Work being performed, including wearing shirts at all times. Sexual harassment of employees of the Contractor or employees or students of the Owner by employees of the Contractor is strictly forbidden. Any employee of the Contractor who is found to have engaged in such conduct shall be subject to appropriate disciplinary action by the Contractor, including removal from the job site.

§ 3.4.4 The Contractor shall only employ or use labor in connection with the Work capable of working harmoniously with all trades, crafts, and any other individuals associated with the Project.

### **3.4.5 CRIMINAL HISTORY RECORDS CHECKS**

**3.4.5.1** Contractor shall obtain all criminal history information required by Texas Education Code Chapter 22.0834 or cause such information to be provided to Owner, the Texas Department of Public Safety ("DPS") or such entity as is designated by Owner for any employees required by statute to submit to a fingerprint-based background check through the DPS FACT Clearinghouse of Texas. Contractor will cooperate with Owner to determine which Contractor employees, if any, are required to submit to such background check. Before beginning any Work on the Project, Owner and Contractor will confer and ensure that any such required employees undergo a check, and Contractor shall fully cooperate with Owner during this process. Upon request by Owner, Contractor will provide any requested information regarding applicable employees, so that the Owner may obtain criminal history recommended information on such employees. Contractor shall assume all expenses associated with obtaining criminal history record information.

**3.4.5.2** Contractor will not assign any "covered employee" with a "disqualifying criminal history," as those terms are defined below, to work on the Project. If Contractor receives information that a covered employee has a reported disqualifying criminal history, including any such information shared by Owner, then Contractor will immediately remove the covered employee from the Project and notify the Owner in writing within three (3) business days. If the Owner objects to the assignment of any covered employee on the basis of the covered employee's criminal history record information, then Contractor agrees to discontinue using that covered employee to provide services on Owner's Project. If Contractor has taken precautions or imposed conditions to ensure that the employees of Contractor and any of Contractor's subcontractors will not become covered employees, Contractor will ensure that these precautions or conditions continue throughout the time the contracted services are provided.

**3.4.5.3** For the purposes of this Section, "covered employees" means employees, agents, or subcontractors of Contractor or any of Contractor's consultants who has or will have continuing duties related to the services to be performed on Owner's Project and has or will have direct contact with Owner's students. The Owner will decide what constitutes direct contact with Owner's students. "Disqualifying criminal history" means any conviction or other criminal history information designed by the Owner, or one of the following offenses; if at the time of the offense, the victim was under 18 years of age or enrolled in a public school; a felony offense under Texas Penal Code Title 5 Offense Against Persons; an offense for which a defendant is required to register as a sex offender under Texas Code of Criminal Procedure Chapter 62; or an equivalent offense under federal law or the laws of another state.

**3.4.5.4** Any subcontractor entity of the Contractor shall be required by the terms of their contract with Contractor to comply with the same terms set forth above regarding such subcontracting entity's employees.

### **§ 3.5 Warranty**

**§ 3.5.1** The Contractor warrants to the Owner and Architect that materials and equipment furnished under the Contract will be of good quality and new unless the Contract Documents require or permit otherwise. The Contractor further warrants that the Work will conform to the requirements of the Contract Documents and will be free from defects, except for those inherent in the quality of the Work the Contract Documents require or permit. Work, materials, or equipment not conforming to these requirements may be considered defective. The Contractor's warranty excludes remedy for damage or defect caused by abuse, alterations to the Work not executed by the Contractor, improper or insufficient maintenance, improper operation, or normal wear and tear and normal usage. If required by the Architect, the Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment.

§ 3.5.2 All material, equipment, or other special warranties required by the Contract Documents shall be issued in the name of the Owner, or shall be transferable to the Owner, and shall commence in accordance with Section 9.8.4.

§ 3.5.3 The Contractor agrees to assign to the Owner at the Time of Final Completion of the Work any and all manufacturer's warranties relating to materials and labor used in the Work and further agrees to perform the Work in such manner so as to preserve any and all such manufacturer's warranties. As a condition precedent to final payment, the Contractor shall submit to Owner a complete set of warranties from contractors, manufacturers, or suppliers as appropriate, and executed by Contractor as required, with a warranty commencement date as required by the Contract Documents.

§ 3.5.4 Contractor's express warranty herein shall be in addition to, and not in lieu of, any other remedies Owner may have under this Agreement, at law, or in equity for defective Work.

§ 3.5.5 The warranties provided in Section 3.5 shall be in addition to and not in limitation of any other warranty or remedy required by law or by the Contract Documents, and such warranty shall be interpreted to require Contractor to replace defective materials and equipment and re-execute defective Work which is disclosed to the Contractor by the Owner within a period of one (1) year after Substantial Completion of the entire Work or if latent defect, within one (1) year after discovery thereof by Owner.

§ 3.5.6 The Contractor shall issue in writing to the Owner as a condition precedent to final payment a "General Warranty" reflecting the terms and conditions of Sections 3.5.2 and 3.5.3 for all Work under the Contract Documents. This General Warranty shall be assignable. Submittal of all warranties and guarantees are required as a prerequisite to the final payment.

§ 3.5.7 Except when a longer warranty time is specifically called for in the Specification Sections or is otherwise provided by law, the General Warranty shall be for twelve (12) months and shall be in form and content otherwise satisfactory to the Owner. Contractor acknowledges that the Project may involve construction work on more than one (1) building for the Owner. Each building, or approved phase of each building, may have its own, separate, and independent date of Substantial Completion or Final Completion. Contractor shall maintain a complete and accurate schedule of the dates of Substantial Completion, dates upon which the one (1) year warranty on each phase or building which is substantially complete will expire, and dates of Final Completion. Contractor agrees to provide notice of the warranty expiration date to Owner and Architect at least one (1) month prior to the expiration of the one (1) year warranty period on each building or each phase of the building which has been substantially completed. Prior to termination of the one (1) year warranty period, Contractor shall accompany the Owner and Architect on reinspection of the building and be responsible for correcting any reasonable additional deficiencies not caused by the Owner or by the use of the building which are observed or reported during the reinspection. For extended warranties required by various sections, i.e., roofing, compressors, mechanical equipment, Owner will notify the Contractor of deficiencies and Contractor shall start remedying these defects within three (3) days of initial notification from Owner. Contractor shall prosecute the Work without interruption until accepted by the Owner and the Architect, even though such prosecution should extend beyond the limit of the warranty period. If Contractor fails to provide notice of the expiration of the one (1) year warranty period at least one (1) month prior to the expiration date, Contractor's warranty obligations described in this Section shall continue until such inspection is conducted and any deficiencies found in the inspection corrected.

§ 3.5.8 Warranties shall become effective on a date established by the Owner and Architect in accordance with the Contract Documents. This date shall be the date of Substantial Completion of the entire Work, unless otherwise provided in any Certificate of Partial Substantial Completion approved by the parties, except for Work to be completed or corrected after the date of Substantial Completion and prior to final payment. Warranties for Work to be completed or corrected after the date of Substantial Completion and prior to final payment shall become effective on the later of the date the Work is completed or corrected and accepted by the Owner and Architect or the date of final payment.

### § 3.6 Taxes

§ 3.6.1 The Contractor may not include in the Contract Price or any Modification any amount for sales, use, or similar taxes for which (1) a Texas independent school district is exempt, and (2) the Owner has provided the Contractor with a tax exemption certificate or other documentation necessary to establish the Owner's exemption from such taxes.

### **§ 3.7 Permits, Fees, Notices and Compliance with Laws**

**§ 3.7.1** Unless otherwise provided in the Contract Documents, the Contractor shall secure and pay for the building permit as well as for other permits, fees, licenses, and inspections by government agencies necessary for proper execution and completion of the Work that are customarily secured after execution of the Contract and legally required at the time bids are received or negotiations concluded.

**§ 3.7.2** In performing its obligations hereunder, the Contractor shall fully comply with all applicable laws, ordinances, rules, regulations, lawful orders and decrees of all applicable authorities, and when requested shall furnish evidence satisfactory to the owner of such compliance.

**§ 3.7.3** If the Contractor performs Work knowing it to be contrary to applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, the Contractor shall assume appropriate responsibility for such Work and shall bear the costs attributable to correction. The Contractor agrees to indemnify, defend and hold harmless the Owner, its trustees, officers, representatives, agents and employees from and against all claims, fines, penalties, or liabilities from or arising out of such Work, or based upon the actual or asserted violation of any laws, ordinances, rules, regulations, orders or decrees applicable to such Work.

*(Paragraphs deleted)*

### **§ 3.7.4 Concealed or Unknown Conditions, Claims for Concealed or Unknown Conditions**

Contractor acknowledges that there may exist at the Project site certain soil and geological conditions and/or surface physical conditions which are not disclosed in the Contract Documents, and which have been known to or may be reasonably anticipated to occur in the area or be related to any past use of the Project site, including, without limitation, the presence of rock and its hardness, geologic formations, differing soils, and surface structures, equipment or other impediments, either natural or man-made (collectively, "Subsurface Conditions"). Owner makes no representations or warranties regarding Subsurface Conditions at the Project site, or of the accuracy or continuity of conditions which may be noted in any reports furnished or made available to Contractor. Contractor covenants and agrees that any such reports are furnished or made available by Owner to Contractor for information purposes only, and Contractor acknowledges that Owner is not responsible for the content thereof. Contractor shall be responsible for inspecting the site and determining the existence or likelihood of any Subsurface Conditions which may affect the Contract Time or the Contract sum, or both. The Contract Time and the Contract Sum bid by Contractor shall be deemed to include all costs of and time to complete all Work associated with or attributable to Subsurface Conditions, and Contractor shall not be entitled to submit a claim for or to obtain an extension of the Contract Time or increase in the Contract Sum due to the existence of Subsurface Conditions. Except as provided above with respect to Subsurface Conditions, if conditions are encountered at the site which are concealed physical conditions which were not known to the Contractor and which differ substantially from those indicated in the Contract Documents, then the Contractor shall notify the Owner and the Architect of such conditions promptly before conditions are disturbed, and in no event less than three (3) days after first observation of the conditions. The Architect will promptly investigate such conditions and report its findings to the Owner. If the Owner and the Contractor cannot agree on an adjustment to the Contract Sum or Contract Time, the adjustment shall be subject to mediation pursuant to Article 15.

**§ 3.7.5** If, in the course of the Work, the Contractor encounters human remains or recognizes the existence of burial markers, archaeological sites or wetlands not indicated in the Contract Documents, the Contractor shall immediately suspend any operations that would affect them and shall notify the Owner and Architect. Upon receipt of such notice, the Owner shall promptly take any action necessary to obtain governmental authorization required to resume the operations. The Contractor shall continue to suspend such operations until otherwise instructed by the Owner but shall continue with all other operations that do not affect those remains or features. Requests for adjustments in the Contract Time arising from the existence of such remains or features may be made as provided in Article 15.

**§ 3.7.6** The Contractor shall also obtain all permits and approvals, and pay all fees and expenses, if any, associated with National Pollutant Discharge Elimination System (NPDES) regulations administered by the Environmental Protection Agency (EPA) and local authorities, if applicable, that require completion of documentation and/or acquisition of a "Land Disturbing Activities Permit" for the Project. Contractor's obligations under this Section do not require it to perform engineering services during the pre-construction phase to prepare proper drainage for the construction sites. However, any drainage alterations made by Contractor during the construction process which require the issuance of a permit shall be at Contractor's sole cost.

**3.7.7** The Contractor shall certify in writing that no materials used in the Work contain lead or asbestos materials in them in excess of amounts allowed by Local/State standards, laws, codes, rules and regulations; the Federal Environmental Protection Agency (EPA) standards and/or the Federal Occupational Safety and Health Administration (OSHA) standards, whichever is most restrictive. The Contractor shall provide this written certification as part of submittals under the Section in the Instruments of Service related to Contract Closeout.

### **§ 3.8 Allowances**

**§ 3.8.1** The Contractor shall include in the Contract Sum all allowances stated in the Contract Documents. Items covered by allowances shall be supplied for such amounts and by such persons or entities as the Owner may direct, but the Contractor shall not be required to employ persons or entities to whom the Contractor has reasonable objection.

**§ 3.8.2** Unless otherwise provided in the Contract Documents,

- .1** allowances shall cover the cost to the Contractor of materials and equipment delivered at the site and all required taxes, less applicable trade discounts;
- .2** Contractor's costs for unloading and handling at the site, labor, installation costs, overhead, profit and other expenses contemplated for stated allowance amounts shall be included in the Contract Sum but not in the allowances; and
- .3** whenever costs are more than or less than allowances, the Contract Sum shall be adjusted accordingly by Change Order. The amount of the Change Order shall reflect (1) the difference between actual costs and the allowances under Section 3.8.2.1 and (2) changes in Contractor's costs under Section 3.8.2.2.

**§ 3.8.3** Materials and equipment under an allowance shall be selected by the Owner within such time as is reasonably specified by the Contractor as necessary to avoid delay in the Work.

**3.8.4** When performing Work under allowances, where reasonably possible, Contractor shall solicit and receive no fewer than three (3) written proposals and shall provide the Work as directed by the Architect, upon Owner's written approval, on the basis of the best value for the Owner.

### **§ 3.9 Superintendent**

**§ 3.9.1** The Contractor shall employ a competent superintendent and necessary assistants who shall be in attendance at the Project site during performance of the Work. The superintendent shall represent the Contractor, and communications given to the superintendent shall be as binding as if given to the Contractor. The Contractor shall not replace the Superintendent prior to Final Completion of the Work unless (1) the Superintendent shall cease to be employed by the Contractor or its subsidiaries or affiliated companies, or (2) the Owner agrees to such replacement. The Superintendent may not be employed on any other project prior to Final Completion of the Work. From Substantial Completion to Final Completion, the Superintendent shall be on-site as necessary to ensure that Final Completion occurs within thirty (30) days of Substantial Completion.

**§ 3.9.2** Contractor shall furnish a list to the Architect of all engineers, consultants, job-site superintendents, Subcontractors and suppliers involved in construction. The Architect shall provide such information to the Owner.

- .1** The Owner may reject or require removal of any engineer, consultant, job superintendent, or employee of the Contractor, Subcontractor or Sub-subcontractor involved in the Project.
- .2** Contractor shall provide an adequate staff for the proper coordination and expedition of the Work. Owner reserves the right to require Contractor to dismiss from the Work any employee or employees that Owner may deem incompetent, careless, insubordinate, or in violation of any provision in these Contract Documents. This provision is applicable to Subcontractors, Sub-subcontractors and their employees.
- .3** The Owner reserves the right to utilize one or more of its employees to function in the capacity of the Owner's inspector, whose primary function will be daily inspections, checking pay requests, construction timelines, and storage of supplies and materials.

**§ 3.9.3** The Owner shall be notified not less than twenty-four (24) hours before any time that superintendent will not be present at the site for any reason except illness. If the reason is due to illness, then Owner shall be notified at the beginning of that day. Owner shall be notified of the identity of the acting superintendent. In the event the superintendent is absent from the site and notice has not been provided nor has an acting superintendent been assigned to the Work, the Contractor is subject to being back charged in the amount of TWO HUNDRED FIFTY AND NO/100 DOLLARS (\$250.00) for each day.

### § 3.10 Contractor's Construction and Submittal Schedules

§ 3.10.1 The Contractor, promptly after being awarded the Contract, shall prepare and submit for the Owner's and Architect's information a contractor's initial construction schedule for the Work utilizing critical path method scheduling techniques. The initial schedule shall not exceed the time limits set forth in the Contract Documents. The initial schedule shall thereafter be updated on a monthly basis and submitted with each application for payment. The receipt of an updated schedule with each application for payment shall be a condition precedent to the Owner's duty to make any payment pursuant to Article 9.6.

- .1 Each schedule shall break the Work into a sufficient number of activities to facilitate the efficient use of critical path method scheduling by the Contractor, Owner, and Architect. Each schedule activity shall be assigned a cost value consistent with the Schedule of Values so as to allow the Owner and Contractor to project cash flow for the Project.
- .2 Each schedule shall include activities representing manufacturing, fabrication, or ordering lead time for materials, equipment, or other items for which the Architect is required to review submittals, shop drawings, product data, or samples.
- .3 Each schedule, other than the initial schedule, shall indicate the activities, or portions thereof, which have been completed; shall reflect the actual time for completion of such activities; and shall reflect any changes to the sequence or planned duration of all activities.
- .4 If any updated schedule exceeds the time limits set forth in the Contract Documents for completion of the Work, the Contractor shall include with the updated schedule a statement of the reasons for the anticipated delay in completion of the Work and the Contractor's planned course of action for completing the Work within the time limits set forth in the Contract Documents. If the Contractor asserts that the failure of the Owner or the Architect to provide information to the Contractor is the reason for anticipated delay in completion, the Contractor shall also specify what information is required from the Owner or Architect.
- .5 Neither the Owner or the Contractor shall have exclusive ownership of float time in the schedule, and all float time shall inure to the benefit of the Project. The Contractor agrees to use its best efforts not to sequence the Work or assign activity durations so as to produce a schedule in which more than one-fourth of the remaining activities have no float time.
- .6 Submission of any schedule under this Contract constitutes a representation by the Contractor that: (1) the schedule represents the sequence in which the Contractor intends to prosecute the remaining Work; (2) the schedule represents the actual sequence and durations used to prosecute the completed Work; (3) that to the best of its knowledge and belief the Contractor is able to complete the remaining Work in the sequence and time indicated; and, (4) that the Contractor intends to complete the remaining Work in the sequence and time indicated.

§ 3.10.2 The Contractor, promptly after being awarded the Contract and thereafter as necessary to maintain a current submittal schedule, shall submit a submittal schedule for the Architect's approval. The Architect's approval shall not be unreasonably delayed or withheld. The submittal schedule shall (1) be coordinated with the Contractor's construction schedule, and (2) allow the Architect reasonable time to review submittals. If the Contractor fails to submit a submittal schedule, or fails to provide submittals in accordance with the approved submittal schedule, the Contractor shall not be entitled to any increase in Contract Sum or extension of Contract Time based on the time required for review of submittals.

§ 3.10.3 Upon review and acceptance by the Owner and the Architect of the Milestone Dates, the construction schedule shall be deemed part of the Contract Documents. If not accepted, the construction schedule shall be promptly revised by the Contractor in accordance with the recommendations of the Owner and the Architect and resubmitted for acceptance. The Contractor shall monitor the progress of the Work for conformance with the requirements of the construction schedule and shall promptly advise the Owner of any delays or potential delays. The accepted construction schedule shall be updated to reflect actual conditions. In the event any progress report indicates any delays, the Contractor shall propose an affirmative plan to correct the delay, including overtime and/or additional labor, if necessary. In no event shall any progress report constitute an adjustment in the Contract Time, any Milestone Date, or the Contract Sum unless any such adjustment is agreed to by the Owner and authorized pursuant to Change Order.

§ 3.10.4 In the event the Owner determines that the performance of the Work has not progressed or reached the level of completion required by the Contract Documents, the Owner shall have the right to order the Contractor to take corrective measures necessary to expedite the progress of construction, including, without limitations, (i) working

additional shifts of overtime, (ii) supplying additional manpower, equipment and facilities, and (iii) other similar measures (hereinafter referred to collectively as "Extraordinary Measures"). Such Extraordinary Measures shall continue until the progress of the Work complies with the stage of completion required by the Contract Documents. The Owner's right to require Extraordinary Measures is solely for the purpose of ensuring the Contractor's compliance with the construction schedule.

- .1 The Contractor shall not be entitled to an adjustment in the Contract Sum in connection with Extraordinary Measures required by the Owner under or pursuant to this Subparagraph 3.10.5.
- .2 The Owner may exercise the rights furnished the Owner under or pursuant to this Subparagraph 3.10.5 as frequently as the Owner deems necessary to ensure that the Contractor's performance of the Work will comply with any Milestone Date or completion date set forth in the Contract Documents.

**§ 3.10.5** If reasonably required by Owner, Contractor shall also prepare and furnish project cash flow projections, manning data for critical activities, and schedules for the purchase and delivery of all critical equipment and material, together with periodic updating thereof.

**§ 3.10.6** The Contractor shall recommend to the Owner and to the Architect a schedule for procurement of long-lead time items which will constitute part of the Work as required to meet the Project schedule. If such long-lead time items are procured by the Owner, they shall be procured on terms and conditions as recommended by the Contractor. Upon the Owner's acceptance of the Contractor's Stipulated Sum proposal, all contracts previously entered into by Owner shall be assigned by Owner to the Contractor who shall accept responsibility for such contracts as if it had initially entered into such contracts. Contractor shall expedite the delivery of long-lead time items. The Contractor shall receive and protect all Owner supplied material.

### **§ 3.11 Documents and Samples at the Site**

The Contractor shall make available, at the Project site, the Contract Documents, including Change Orders, Construction Change Directives, and other Modifications, in good order and marked currently to indicate field changes and selections made during construction, and the approved Shop Drawings, Product Data, Samples, and similar required submittals. These shall be in electronic form or paper copy, available to the Architect and Owner, and delivered to the Architect for submittal to the Owner upon completion of the Work as a record of the Work as constructed.

**3.11.1** Contractor shall make available, at the Project site, job records, including, but not limited to, invoices, payment records, payroll records, daily reports, logs, diaries, and job meeting minutes, applicable to the Project. Contractor shall make such reports and records available to inspection by the Owner, Architect, or their respective agents.

### **§ 3.12 Shop Drawings, Product Data and Samples**

**§ 3.12.1** Shop Drawings are drawings, diagrams, schedules, and other data specially prepared for the Work by the Contractor or a Subcontractor, Sub-subcontractor, manufacturer, supplier, or distributor to illustrate some portion of the Work.

**§ 3.12.2** Product Data are illustrations, standard schedules, performance charts, instructions, brochures, diagrams, and other information furnished by the Contractor to illustrate materials or equipment for some portion of the Work.

**§ 3.12.3** Samples are physical examples that illustrate materials, equipment, or workmanship, and establish standards by which the Work will be judged.

**§ 3.12.4** Shop Drawings, Product Data, Samples, and similar submittals are not Contract Documents. Their purpose is to demonstrate how the Contractor proposes to conform to the information given and the design concept expressed in the Contract Documents for those portions of the Work for which the Contract Documents require submittals. Review by the Architect is subject to the limitations of Section 4.2.7. Informational submittals upon which the Architect is not expected to take responsive action may be so identified in the Contract Documents. Submittals that are not required by the Contract Documents may be returned by the Architect without action.

§ 3.12.5 The Contractor shall review for compliance with the Contract Documents, approve, and submit to the Architect, Shop Drawings, Product Data, Samples, and similar submittals required by the Contract Documents, in accordance with the submittal schedule approved by the Architect or, in the absence of an approved submittal schedule, with reasonable promptness and in such sequence as to cause no delay in the Work or in the activities of the Owner or of Separate Contractors.

§ 3.12.6 By submitting Shop Drawings, Product Data, Samples, and similar submittals, the Contractor represents to the Owner and Architect that the Contractor has (1) reviewed and approved them, (2) determined and verified materials, field measurements and field construction criteria related thereto, or will do so, and (3) checked and coordinated the information contained within such submittals with the requirements of the Work and of the Contract Documents.

§ 3.12.7 The Contractor shall perform no portion of the Work for which the Contract Documents require submittal and review of Shop Drawings, Product Data, Samples, or similar submittals, until the respective submittal has been approved by the Architect.

§ 3.12.8 The Work shall be in accordance with approved submittals except that the Contractor shall not be relieved of responsibility for deviations from the requirements of the Contract Documents by the Architect's approval of Shop Drawings, Product Data, Samples, or similar submittals, unless the Contractor has specifically notified the Architect of such deviation at the time of submittal and (1) the Architect has given written approval to the specific deviation as a minor change in the Work, or (2) a Change Order or Construction Change Directive has been issued authorizing the deviation. The Contractor shall not be relieved of responsibility for errors or omissions in Shop Drawings, Product Data, Samples, or similar submittals, by the Architect's approval thereof.

§ 3.12.9 The Contractor shall direct specific attention, in writing or on resubmitted Shop Drawings, Product Data, Samples, or similar submittals, to revisions other than those requested by the Architect on previous submittals. In the absence of such notice, the Architect's approval of a resubmission shall not apply to such revisions.

§ 3.12.10 The Contractor shall not be required to provide professional services that constitute the practice of architecture or engineering unless such services are specifically required by the Contract Documents for a portion of the Work or unless the Contractor needs to provide such services in order to carry out the Contractor's responsibilities for construction means, methods, techniques, sequences, and procedures. The Contractor shall not be required to provide professional services in violation of applicable law.

§ 3.12.10.1 If professional design services or certifications by a design professional related to systems, materials, or equipment are specifically required of the Contractor by the Contract Documents, the Owner and the Architect will specify all performance and design criteria that such services must satisfy. The Contractor shall not be responsible for the adequacy of the performance and design criteria specified in the Contract Documents. The Contractor shall cause such services or certifications to be provided by an appropriately licensed design professional, whose signature and seal shall appear on all drawings, calculations, specifications, certifications, Shop Drawings, and other submittals prepared by such professional. Shop Drawings, and other submittals related to the Work, designed or certified by such professional, if prepared by others, shall bear such professional's written approval when submitted to the Architect. The Owner and the Architect shall be entitled to rely upon the adequacy and accuracy of the services, certifications, and approvals performed or provided by such design professionals, provided the Owner and Architect have specified to the Contractor the performance and design criteria that such services must satisfy. Pursuant to this Section 3.12.10, the Architect will review and approve or take other appropriate action on submittals only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents.

§ 3.12.10.2 If the Contract Documents require the Contractor's design professional to certify that the Work has been performed in accordance with the design criteria, the Contractor shall furnish such certifications to the Architect at the time and in the form specified by the Architect.

3.12.10.3 The Architect's review of Contractor's submittals will be limited to one examination of an initial submittal and one (1) examination of a resubmittal. The Architect's review of additional submittals will be made only with the consent of the Owner after notification by the Architect. The Owner shall be entitled to deduct from the Contract Sum amounts paid to the Architect for evaluation of such additional resubmittals.

### **§ 3.13 Use of Site**

**§ 3.13.1** The Contractor shall confine operations at the site to areas permitted by applicable laws, statutes, ordinances, codes, rules and regulations, lawful orders of public authorities, and the Contract Documents and shall not unreasonably encumber the site with materials or equipment. The Contractor shall so conduct its operations as not to unreasonably interfere with traffic on public thoroughfares adjacent or near to the Project site.

### **§ 3.14 Cutting and Patching**

**§ 3.14.1** The Contractor shall be responsible for cutting, fitting, or patching required to complete the Work or to make its parts fit together properly. All areas requiring cutting, fitting, or patching shall be restored to the condition existing prior to the cutting, fitting, or patching, unless otherwise required by the Contract Documents.

**§ 3.14.2** The Contractor shall not damage or endanger a portion of the Work or fully or partially completed construction of the Owner or Separate Contractors by cutting, patching, or otherwise altering such construction, or by excavation. The Contractor shall not cut or otherwise alter construction by the Owner or a Separate Contractor except with written consent of the Owner and of the Separate Contractor. Consent shall not be unreasonably withheld. The Contractor shall not unreasonably withhold, from the Owner or a Separate Contractor, its consent to cutting or otherwise altering the Work.

**3.14.3** No cutting of structural elements will be permitted unless specifically approved in writing by Owner.

### **§ 3.15 Cleaning Up**

**§ 3.15.1** The Contractor shall keep the premises and surrounding area free from accumulation of waste materials and rubbish caused by operations under the Contract and shall, not less than two times each week, clean up by removing rubbish, including old and surplus materials. At completion of the Work, the Contractor shall remove waste materials, rubbish, the Contractor's tools, construction equipment, machinery, and surplus materials, and shall clean, sweep, mop, brush and polish, as appropriate, the interior of the improvements or renovated areas, including but not limited to, any floors, carpeting, ducts, fixtures, and ventilation units operated during construction. Contractor shall clean exterior gutters, drainage, walkways, driveways and roofs of debris.

**§ 3.15.2** If the Contractor fails to clean up as provided in the Contract Documents, the Owner may do so and the Owner shall be entitled to reimbursement from the Contractor.

**§ 3.15.3** The Contractor shall be responsible for damaged or broken glass, and at completion of the Work, shall replace such damaged or broken glass.

### **§ 3.16 Access to Work**

The Contractor shall provide the Owner and Architect with access to the Work in preparation and progress wherever located.

### **§ 3.17 Royalties, Patents and Copyrights**

The Contractor shall pay all royalties and license fees. The Contractor shall defend suits or claims for infringement of copyrights and patent rights and shall hold the Owner and Architect harmless from loss on account thereof, but shall not be responsible for defense or loss when a particular design, process, or product of a particular manufacturer or manufacturers is required by the Contract Documents, or where the copyright violations are contained in Drawings, Specifications, or other documents prepared by the Owner or Architect. However, if an infringement of a copyright or patent is discovered by, or made known to, the Contractor, the Contractor shall be responsible for the loss unless the information is promptly furnished to the Architect.

**§ 3.18.1** TO THE FULLEST EXTENT PERMITTED BY LAW, CONTRACTOR WAIVES AND RELEASES ALL CLAIMS AGAINST AND SHALL INDEMNIFY, DEFEND AND HOLD HARMLESS THE OWNER, AND THEIR RESPECTIVE AGENTS AND EMPLOYEES FROM AND AGAINST ALL CLAIMS, DAMAGES, LOSSES, AND EXPENSES, INCLUDING ATTORNEY'S FEES, ARISING OUT OF, OR RESULTING FROM THE PERFORMANCE OF THE WORK, PROVIDED THAT ANY SUCH CLAIM, DAMAGE, LOSS OR EXPENSE: (1) IS ATTRIBUTABLE TO BODILY OR PERSONAL INJURY, SICKNESS, DISEASE OR DEATH, OR TO INJURY TO OR DESTRUCTION OF TANGIBLE PROPERTY (OTHER THAN THE WORK ITSELF) INCLUDING THE LOSS OF USE RESULTING THEREFROM, AND (2) IS CAUSED IN WHOLE OR IN PART

BY ANY WILLFUL OR NEGLIGENT ACT OR OMISSION OF THE CONTRACTOR, ANY SUBCONTRACTOR, ANYONE DIRECTLY OR INDIRECTLY EMPLOYED BY ANY OF THEM OR ANYONE FOR WHOSE ACTS ANY OF THEM MAY BE LIABLE, REGARDLESS OF WHETHER OR NOT CAUSED IN PART BY THE NEGLIGENT ACTS OR OMISSIONS OF OWNER, OWNER'S CONSULTANTS, THE ARCHITECT AND THE ARCHITECT'S CONSULTANTS, WHERE THAT NEGLIGENCE IS A CONCURRING CAUSE OF THE INJURY, DEATH, OR DAMAGE. HOWEVER, THE INDEMNITY PROVIDED FOR IN THIS SECTION SHALL HAVE NO APPLICATION TO ANY CLAIM, LOSS, DAMAGE, CAUSE OF ACTION, SUIT, OR LIABILITY WHERE THE INJURY, DEATH, OR DAMAGE RESULTS FROM THE SOLE NEGLIGENCE OF OWNER, OWNER'S CONSULTANTS, ARCHITECT OR ARCHITECT'S CONSULTANTS UNMIXED WITH THE FAULT OF ANY OTHER PERSON OR ENTITY; PROVIDED THAT WHERE THE NEGLIGENCE OF OWNER, OR ARCHITECT IS A CONCURRING CAUSE, CONTRACTOR'S OBLIGATION TO INDEMNIFY IS LIMITED TO THE AMOUNT NECESSARY TO CAUSE THE RELATIVE LIABILITY OF OWNER, ARCHITECT AND CONTRACTOR TO REFLECT THE COMPARATIVE NEGLIGENCE FINDINGS OF THE TRIER OF FACT (JUDGE OR JURY) OR AS AGREED IN A SETTLEMENT AGREEMENT TO WHICH OWNER, ARCHITECT AND CONTRACTOR ARE ALL PARTIES.

**§ 3.18.2** IN CLAIMS AGAINST ANY PERSON OR ENTITY INDEMNIFIED UNDER THIS SECTION 3.18 BY AN EMPLOYEE OF THE CONTRACTOR, A SUBCONTRACTOR, ANYONE DIRECTLY OR INDIRECTLY EMPLOYED BY THEM OR ANYONE FOR WHOSE ACTS THEY MAY BE LIABLE, THE INDEMNIFICATION OBLIGATION UNDER THIS SECTION 3.18 SHALL NOT BE LIMITED BY A LIMITATION ON AMOUNT OR TYPE OF DAMAGES, COMPENSATION OR BENEFITS PAYABLE BY OR FOR THE CONTRACTOR OR A SUBCONTRACTOR UNDER INSURANCE POLICIES, WORKERS' COMPENSATION ACT OR INSURANCE, DISABILITY ACTS OR INSURANCE OR OTHER EMPLOYEE BENEFIT ACTS OR RELATED INSURANCE.

**3.18.3** CONTRACTOR SHALL BE RESPONSIBLE FOR AND SHALL HOLD OWNER, OWNER'S CONSULTANTS FREE AND HARMLESS FROM LIABILITY RESULTING FROM LOSS OF OR DAMAGE TO CONTRACTOR'S OR ITS SUBCONTRACTORS' CONSTRUCTION TOOLS AND EQUIPMENT AND RENTED ITEMS WHICH ARE USED OR INTENDED FOR USE IN PERFORMING THE WORK, REGARDLESS OF WHETHER SUCH LOSS OR DAMAGE IS CAUSED IN WHOLE OR IN PART BY THE NEGLIGENCE OF OWNER, OWNER'S CONSULTANTS. THIS PROVISION SHALL APPLY, WITHOUT LIMITATION, TO LOSS OR DAMAGE OCCURRING AT THE WORK SITE OR WHILE SUCH ITEMS ARE IN TRANSIT TO OR FROM THE WORK SITE AND IS IN ADDITION TO CONTRACTOR'S OBLIGATIONS UNDER SECTION 3.18.1. IT IS THE EXPRESS INTENTION OF THE PARTIES HERETO, BOTH CONTRACTOR AND OWNER, THAT THE INDEMNITY IS PROVIDED FOR IN THIS SECTION AS TO CONTRACTOR'S OR ITS SUBCONTRACTOR'S TOOLS AND EQUIPMENT AND RENTAL ITEMS, IS AN AGREEMENT BY CONTRACTOR TO INDEMNIFY AND PROTECT OWNER FROM THE CONSEQUENCES OF OWNER'S OWN NEGLIGENCE, AND THAT OF OWNER'S CONSULTANTS, THE ARCHITECT AND ARCHITECT'S CONSULTANTS WHETHER THAT NEGLIGENCE IS THE SOLE OR CONCURRING CAUSE OF THE LOSS OR DAMAGE. PROVIDED HOWEVER, THAT WHERE THE NEGLIGENCE OF OWNER OR ARCHITECT IS A CONCURRING CAUSE, CONTRACTOR'S OBLIGATION TO INDEMNIFY IS LIMITED TO THE AMOUNT NECESSARY TO CAUSE THE RELATIVE LIABILITY OF OWNER, ARCHITECT AND CONTRACTOR TO REFLECT THE COMPARATIVE NEGLIGENCE FINDINGS OF TRIER OF FACT (JUDGE OR JURY) OR AS AGREED IN A SETTLEMENT AGREEMENT TO WHICH OWNER, ARCHITECT AND CONTRACTOR ARE ALL PARTIES.

**3.18.4** Indemnification hereunder shall include, without limiting the generality of the foregoing, liability which could arise to the Owner, its agents, and representatives pursuant to State statutes for the safety of workmen and in addition, all Federal statutes and rules existing thereunder for protection, occupational safety and health to workmen. It being agreed that the primary obligation of the Contractor is to comply with said statutes in performance of the Work by Contractor and that the obligations of the Owner, its agents, consultants, and representatives under said statutes are secondary to that of the Contractor.

**3.18.5** THE PROVISIONS OF ARTICLE 3.18 IN ITS ENTIRETY SHALL SURVIVE THE COMPLETION, TERMINATION OR EXPIRATION OF THIS CONTRACT.

### **§ 3.19 REPRESENTATIONS AND WARRANTIES**

**§ 3.19.1** The Contractor represents and warrants the following to the Owner (in addition to the other representations and warranties contained in the Contract Documents), as an inducement to the Owner to execute this Contract, which representations and warranties shall survive the execution and delivery of the Contract and the Final Completion of the Work:

- .1 that it is financially solvent, able to pay its debts as they mature and possessed of sufficient working capital to complete the Work and perform its obligations under the Contract Documents;
- .2 that it is able to furnish the plant, tools, materials, supplies, equipment and labor required to complete the Work and perform its obligations hereunder and has sufficient experience and competence to do so;
- .3 that it is authorized to do business in the State where the Project is located and properly licensed by all necessary governmental and public quasi-public authorities having jurisdiction over it and over the Work and the site of the Project;
- .4 that the execution of the Contract and its performance thereof is within its duly authorized powers; and
- .5 that its duly authorized representative has visited the site of the Work, familiarized itself with the local conditions under which the Work is to be performed and correlated its observations with the requirements of the Contract Documents.

### **§ 3.20 BUSINESS STANDARDS**

**§ 3.20.1** Contractor, in performing its obligations under Contract, shall establish and maintain appropriate business standards, procedures, and controls, including those necessary to avoid any real or apparent impropriety or adverse impact on the interest of Owner or affiliates. Contractor shall review, with Owner, at a reasonable frequency during the performance of the Work hereunder, such business standards and procedures including, without limitation, those related to the activities of Contractor's employees and agents in their relations with Owner's employees, agents, and representatives, vendors, Subcontractors, and other third parties, and those relating to the placement and administration of purchase orders and contracts.

### **§ 3.21 ANTITRUST VIOLATION**

**§ 3.21.1** To permit the Owner to recover damages suffered in antitrust violations, Contractor hereby assigns to Owner any and all claims for overcharges associated with this Contract which violate the antitrust laws of the United States, 15 U.S.C.A., Sec. 1 et seq. The Contractor shall include this provision in its agreements with each subcontractor and supplier. Each subcontractor shall include such provisions in agreements with sub-subcontractor and suppliers.

## **ARTICLE 4 ARCHITECT**

### **§ 4.1 General**

**§ 4.1.1** The Architect is the person or entity retained by the Owner pursuant to Section 2.3.2 and identified as such in the Agreement.

**§ 4.1.2** Intentionally deleted.

### **§ 4.2 Administration of the Contract**

**§ 4.2.1** The Architect will provide administration of the Contract as described in the Contract Documents and will be an Owner's representative during construction until the date the Owner's contract with the Architect terminates. The Architect will have authority to act on behalf of the Owner only to the extent provided in the Contract Documents.

**§ 4.2.2** The Architect will visit the site at intervals appropriate to the stage of construction, or as otherwise agreed with the Owner, to become generally familiar with the progress and quality of the portion of the Work completed, and to determine in general if the Work observed is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. However, the Architect will not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work. The Architect will not have control over, charge of, or responsibility for the construction means, methods, techniques, sequences or procedures, or for the safety precautions and programs in connection with the Work, since these are solely the Contractor's rights and responsibilities under the Contract Documents.

**§ 4.2.3** On the basis of the site visits, the Architect will keep the Owner reasonably informed about the progress and quality of the portion of the Work completed, and promptly report to the Owner (1) known deviations from the Contract Documents, (2) known deviations from the most recent construction schedule submitted by the Contractor,

Init.

and (3) defects and deficiencies observed in the Work. Neither the Owner nor Architect will not be responsible for the Contractor's failure to perform the Work in accordance with the requirements of the Contract Documents. The Architect will not be responsible for the Contractor's failure to perform the Work in accordance with the requirements of the Contract Documents. The Architect will not have control over or charge of, and will not be responsible for acts or omissions of, the Contractor, Subcontractors, or their agents or employees, or any other persons or entities performing portions of the Work.

#### **§ 4.2.4 Communications**

The Owner and Contractor shall include the Architect in all communications that relate to or affect the Architect's services or professional responsibilities. The Owner shall promptly notify the Architect of the substance of any direct communications between the Owner and the Contractor otherwise relating to the Project. Communications by and with the Architect's consultants shall be through the Architect. Communications by and with Subcontractors and suppliers shall be through the Contractor. Communications by and with Separate Contractors shall be through the Owner. The Contract Documents may specify other communication protocols.

**§ 4.2.5** Based on the Architect's evaluations of the Contractor's Applications for Payment, the Architect will review and certify the amounts due the Contractor and will issue Certificates for Payment in such amounts.

**§ 4.2.6** The Architect or the Owner has authority to reject Work that does not conform to the Contract Documents. Whenever the Architect or the Owner considers it necessary or advisable, the Architect or the Owner will have authority to require inspection or testing of the Work in accordance with Sections 13.4.2 and 13.4.3, whether or not the Work is fabricated, installed or completed. However, neither this authority of the Architect or the Owner nor a decision made in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of the Architect or the Owner to the Contractor, Subcontractors, suppliers, their agents or employees, or other persons or entities performing portions of the Work. Certain portions of the Work will be tested and/or observed at various stages, sometimes off the Project site, between initial observation or review and final positioning of the completed Work. Nothing in any initial or prior approval or test result shall govern if at any subsequent time the Work or any portion thereof is found not to conform to the requirements of the Contract Documents.

**§ 4.2.7** The Architect will review and approve, or take other appropriate action upon, the Contractor's submittals such as Shop Drawings, Product Data, and Samples, but only for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. The Architect's action will be taken in accordance with the submittal schedule approved by the Architect or, in the absence of an approved submittal schedule, with reasonable promptness while allowing sufficient time in the Architect's professional judgment to permit adequate review. Review of such submittals is not conducted for the purpose of determining the accuracy and completeness of other details such as dimensions and quantities, or for substantiating instructions for installation or performance of equipment or systems, all of which remain the responsibility of the Contractor as required by the Contract Documents. The Architect's review of the Contractor's submittals shall not relieve the Contractor of the obligations under Sections 3.3, 3.5, and 3.12. The Architect's review shall not constitute approval of safety precautions or of any construction means, methods, techniques, sequences, or procedures. The Architect's approval of a specific item shall not indicate approval of an assembly of which the item is a component. If any submittal does not comply with the requirements of the Contract Documents, the Architect shall require Contractor to come into compliance. The Architect shall promptly report in writing to the Contractor and Owner any errors, inconsistencies and omissions discovered by the Architect in the Shop Drawings, Product Data and Samples, so as to keep from delaying the Work or the activities of the Owner, Contractor or other Contractors.

**§ 4.2.8** The Architect will prepare Change Orders and Construction Change Directives, and may order minor changes in the Work as provided in Section 7.4. The Architect will investigate and make determinations and recommendations regarding concealed and unknown conditions as provided in Section 3.7.4.

**§ 4.2.9** The Architect will conduct inspections to determine the date or dates of Substantial Completion and the date of final completion; issue Certificates of Substantial Completion pursuant to Section 9.8; receive and forward to the Owner, for the Owner's review and records, written warranties and related documents required by the Contract and assembled by the Contractor pursuant to Section 9.10; and issue a final Certificate for Payment pursuant to Section 9.10.

§ 4.2.10 If the Owner and Architect agree, the Architect will provide one or more Project representatives to assist in carrying out the Architect's responsibilities at the site. The Owner shall notify the Contractor of any change in the duties, responsibilities and limitations of authority of the Project representatives.

§ 4.2.11 Upon written request of the Owner or Contractor, the Architect will issue its interpretation of the requirements of the plans and specifications. The Architect's response to such requests will be made in writing within any time limits agreed upon or otherwise with reasonable promptness.

§ 4.2.12 Interpretations and decisions of the Architect will be consistent with the intent of, and reasonably inferable from, the Contract Documents and will be in writing or in the form of drawings.

§ 4.2.13 The Owner's decisions on matters relating to aesthetic effect will be final if consistent with the intent expressed in the Contract Documents and not expressly overruled in writing by the Owner.

§ 4.2.14 The Architect will review and respond to requests for information about the Contract Documents. The Architect's response to such requests will be made in writing within any time limits agreed upon or otherwise with reasonable promptness. If appropriate, the Architect will prepare and issue supplemental Drawings and Specifications in response to the requests for information at no additional expense to the Owner.

4.2.15 The Architect may appoint an employee or other person to assist the Architect during the construction. These representatives will be instructed to assist the Contractor in interpreting the Contract Documents; however, such assistance shall not relieve the Contractor from any responsibility as set forth by the Contract Documents. The fact that the Architect's Representative may have allowed Work not in accordance with the Contract Documents shall not prevent the Architect from insisting that the faulty Work be corrected to conform to the Contract Documents and the Contractor shall correct same

## ARTICLE 5 SUBCONTRACTORS

### § 5.1 Definitions

§ 5.1.1 A Subcontractor is a person or entity who has a direct contract with the Contractor to perform a portion of the Work at the site. The term "Subcontractor" is referred to throughout the Contract Documents as if singular in number and means a Subcontractor or an authorized representative of the Subcontractor. The term "Subcontractor" does not include a Separate Contractor or the subcontractors of a Separate Contractor.

§ 5.1.2 A Sub-subcontractor is a person or entity who has a direct or indirect contract with a Subcontractor to perform a portion of the Work at the site. The term "Sub-subcontractor" is referred to throughout the Contract Documents as if singular in number and means a Sub-subcontractor or an authorized representative of the Sub-subcontractor.

### § 5.2 Award of Subcontracts and Other Contracts for Portions of the Work

§ 5.2.1 Unless otherwise stated in the Contract Documents, the Contractor, as soon as practicable after award of the Contract, shall notify the Owner and Architect of the persons or entities proposed for each principal portion of the Work, including those who are to furnish materials or equipment fabricated to a special design. Within 14 days of receipt of the information, the Architect may notify the Contractor whether the Owner or the Architect (1) has reasonable objection to any such proposed person or entity or (2) requires additional time for review. Failure of the Architect to provide notice within the 14-day period shall constitute notice of no reasonable objection.

§ 5.2.2 The Contractor shall not contract with a proposed person or entity to whom the Owner or Architect has made reasonable and timely objection. The Contractor shall not be required to contract with anyone to whom the Contractor has made reasonable objection.

§ 5.2.3 If the Owner or Architect has reasonable objection to a person or entity proposed by the Contractor, the Contractor shall propose another to whom the Owner or Architect has no reasonable objection. If the proposed but rejected Subcontractor was reasonably capable of performing the Work, the Contract Sum and Contract Time shall be increased or decreased by the difference, if any, actually and directly occasioned by such change, and an appropriate Change Order shall be issued before commencement of the substitute Subcontractor's Work. However, no increase in the Contract Sum or Contract Time shall be allowed for such change unless the Contractor has acted promptly and responsively in submitting names as required.

§ 5.2.4 The Contractor shall not substitute a Subcontractor, person, or entity for one previously selected if the Owner or Architect makes reasonable objection to such substitution.

### § 5.3 Subcontractual Relations

By appropriate written agreement, the Contractor shall require each Subcontractor, to the extent of the Work to be performed by the Subcontractor, to be bound to the Contractor by terms of the Contract Documents, and to assume toward the Contractor all the obligations and responsibilities, including the responsibility for safety of the Subcontractor's Work that the Contractor, by these Contract Documents, assumes toward the Owner and Architect. Each subcontract agreement shall preserve and protect the rights of the Owner and Architect under the Contract Documents with respect to the Work to be performed by the Subcontractor so that subcontracting thereof will not prejudice such rights, and shall allow to the Subcontractor, unless specifically provided otherwise in the subcontract agreement, the benefit of all rights, remedies, and redress against the Contractor that the Contractor, by the Contract Documents, has against the Owner. Where appropriate, the Contractor shall require each Subcontractor to enter into similar agreements with Sub-subcontractors. The Contractor shall make available to each proposed Subcontractor, prior to the execution of the subcontract agreement, copies of the Contract Documents to which the Subcontractor will be bound, and, upon written request of the Subcontractor, identify to the Subcontractor terms and conditions of the proposed subcontract agreement that may be at variance with the Contract Documents. Subcontractors will similarly make copies of applicable portions of such documents available to their respective proposed Sub-subcontractors.

§ 5.3.1 Neither the Owner nor the Architect shall be obligated to pay or to insure the payment of any monies to Subcontractors or vendors by the Contractor.

§ 5.3.2 The Contractor shall require any potential Subcontractor to disclose to the Contractor any ownership interest or familial relationship between the Contractor, the Architect or the Owner and the potential Subcontractor prior to entering into a contract. Contractor shall report to Owner all such disclosures and the Owner shall have the right, in its sole discretion, to reject any such affiliated Subcontractor.

### § 5.4 Contingent Assignment of Subcontracts

*(Paragraphs deleted)*

§ 5.4.1 Each subcontract agreement for a portion of the Work is assigned by the Contractor to the Owner, provided that

- .1 assignment is effective only after termination of the Contract by the Owner and only for those subcontract agreements that the Owner accepts by notifying the Subcontractor and Contractor; and
- .2 assignment is subject to the prior rights of the surety, if any, obligated under bond relating to the Contract.

When the Owner accepts the assignment of a subcontract agreement, the Owner assumes the Contractor's rights and obligations under the subcontract.

§ 5.4.2 Upon such assignment, if the Work has been suspended for more than 30 days, the Subcontractor's compensation may, in the Owner's sole discretion, be equitably adjusted for increases in cost resulting from the suspension.

§ 5.4.3 Upon assignment to the Owner under this Section 5.4, the Owner may further assign the subcontract to a successor contractor or other entity.

## ARTICLE 6 CONSTRUCTION BY OWNER OR BY SEPARATE CONTRACTORS

### § 6.1 Owner's Right to Perform Construction and to Award Separate Contracts

§ 6.1.1 The term "Separate Contractor(s)" shall mean other contractors retained by the Owner under separate agreements. The Owner reserves the right to perform construction or operations related to the Project with the Owner's own forces, and with Separate Contractors retained under Conditions of the Contract substantially similar to those of this Contract.

§ 6.1.2 When separate contracts are awarded for different portions of the Project or other construction or operations on the site, the term "Contractor" in the Contract Documents in each case shall mean the Contractor who executes each separate Owner-Contractor Agreement.

§ 6.1.3 The Owner shall provide for coordination of the activities of the Owner's own forces and of each Separate Contractor with the Work of the Contractor, who shall cooperate with them. The Contractor shall participate with any Separate Contractors and the Owner in reviewing their construction schedules. Upon written approval by Owner and Architect, the Contractor shall make any revisions to its construction schedule deemed necessary after a joint review and mutual agreement. The construction schedules so approved by Owner shall then constitute the schedules to be used by the Contractor, Separate Contractors, and the Owner until subsequently revised.

§ 6.1.4 Unless otherwise provided in the Contract Documents, when the Owner performs construction or operations related to the Project with the Owner's own forces or with Separate Contractors, the Owner or its Separate Contractors shall have the same obligations and rights that the Contractor has under the Conditions of the Contract, including, without excluding others, those stated in Article 3, this Article 6, and Articles 10, 11, and 12.

### § 6.2 Mutual Responsibility

§ 6.2.1 The Contractor shall afford the Owner and Separate Contractors reasonable opportunity for introduction and storage of their materials and equipment and performance of their activities, and shall connect and coordinate the Contractor's construction and operations with theirs as required by the Contract Documents.

§ 6.2.2 If part of the Contractor's Work depends for proper execution or results upon construction or operations by the Owner or a Separate Contractor, the Contractor shall, prior to proceeding with that portion of the Work, promptly notify the Architect and Owner of apparent discrepancies or defects in the construction or operations by the Owner or Separate Contractor that would render it unsuitable for proper execution and results of the Contractor's Work. Failure of the Contractor to notify the Architect of apparent discrepancies or defects prior to proceeding with the Work shall constitute an acknowledgment that the Owner's or Separate Contractor's completed or partially completed construction is fit and proper to receive the Contractor's Work.

§ 6.2.3 The Contractor shall reimburse the Owner for costs the Owner incurs that are payable to a Separate Contractor because of the Contractor's delays, improperly timed activities or defective construction. The Owner shall be responsible to the Contractor for costs the Contractor incurs because of a Separate Contractor's delays, improperly timed activities, damage to the Work or defective construction.

§ 6.2.4 The Contractor shall promptly remedy damage that the Contractor wrongfully causes to completed or partially completed construction or to property of the Owner or Separate Contractor as provided in Section 10.2.5.

§ 6.2.5 The Owner and each Separate Contractor shall have the same responsibilities for cutting and patching as are described for the Contractor in Section 3.14.

### § 6.3 Owner's Right to Clean Up

If a dispute arises among the Contractor, Separate Contractors, and the Owner as to the responsibility under their respective contracts for maintaining the premises and surrounding area free from waste materials and rubbish, the Owner may clean up and the Architect will allocate the cost among those responsible.

## ARTICLE 7 CHANGES IN THE WORK

### § 7.1 General

§ 7.1.1 Changes in the Work may be accomplished after execution of the Contract, and without invalidating the Contract, by Change Order, Construction Change Directive or order for a minor change in the Work, subject to the limitations stated in this Article 7 and elsewhere in the Contract Documents.

§ 7.1.2 A Change Order shall be based upon agreement among the Owner, Contractor, and Architect. A Construction Change Directive requires agreement by the Owner and Architect and may or may not be agreed to by the Contractor. An order for a minor change in the Work may be issued by the Architect alone.

§ 7.1.3 Changes in the Work shall be performed under applicable provisions of the Contract Documents. The Contractor shall proceed promptly with changes in the Work, unless otherwise provided in the Change Order, Construction Change Directive, or order for a minor change in the Work.

§ 7.1.4 On Change Orders and Construction Change Directives, the total Contractor mark-up for overhead and profit included in the total cost to the Owner shall be based upon the following schedule:

Init.

- .1 For the Contractor, for Work performed by the Contractor's own forces, fifteen percent (15) of the cost (10% for change orders to be paid out of any contingency allowance).
- .2 For the Contractor, for the Work performed by the Contractor's Subcontractors, five percent (5%) of the amount due the Subcontractors (0% for the change orders to be paid out of any contingency allowance).
- .3 For each Subcontractor or Sub-subcontractor involved, for Work performed by that Subcontractor's or Sub-subcontractor's own forces, fifteen percent (15%) of the cost.
- .4 The costs to which the above percentages shall be applied will be determined in accordance with Section 7.3.7.
- .5 In order to facilitate checking of quotations for extras or credits, all proposals, except those so minor that their propriety can be seen by inspection, shall be accompanied by a complete itemization of costs including quantities and unit costs of labor and materials extended and totaled.

## § 7.2 Change Orders

§ 7.2.1 A Change Order is a written instrument initiated by the Owner and signed by the Owner and the Contractor for the reasons set forth in Subsection 8.2.2 and stating their agreement upon all of the following:

- .1 The change in the Work;
- .2 The amount of the adjustment, if any, to the Contract Sum; and
- .3 The extent of adjustment, if any, to the Contract Time.

§ 7.2.2 Acceptance of a disbursement from any allowance fund, contingency fund or acceptance of a Change Order by the Contractor shall constitute full accord and satisfaction for any and all claims, whether direct or indirect, including but not limited to impact, delay or acceleration damages, arising from the subject matter of the disbursement or Change Order.

## § 7.3 Construction Change Directives

§ 7.3.1 A Construction Change Directive is a written order prepared by the Architect and signed by the Owner and Architect, directing a change in the Work prior to agreement on adjustment, if any, in the Contract Sum or Contract Time, or both. The Owner may by Construction Change Directive, without invalidating the Contract, order changes in the Work within the general scope of the Contract consisting of additions, deletions, or other revisions, the Contract Sum and Contract Time being adjusted accordingly.

§ 7.3.2 A Construction Change Directive shall be used in the absence of total agreement on the terms of a Change Order.

§ 7.3.3 If the Construction Change Directive provides for an adjustment to the Contract Sum, the adjustment shall be based on one of the following methods:

- .1 Mutual acceptance of a lump sum properly itemized and supported by sufficient substantiating data to permit evaluation;
- .2 Unit prices stated in the Contract Documents or subsequently agreed upon;
- .3 Cost to be determined in a manner agreed upon by the parties and a mutually acceptable fixed or percentage fee; or
- .4 As provided in Section 7.3.4

§ 7.3.4 If the Contractor does not respond promptly or disagrees with the method for adjustment in the Contract Sum, the Architect shall determine the adjustment on the basis of reasonable expenditures and savings of those performing the Work attributable to the change, including, in case of an increase in the Contract Sum, an amount for overhead and profit as set forth in Section 7.1.4. In such case, and also under Section 7.3.3.3, the Contractor shall keep and present, in such form as the Architect and the Owner may prescribe, an itemized accounting together with appropriate supporting data. Unless otherwise provided in the Contract Documents, costs for the purposes of this Section 7.3.4 shall be limited to the following:

- .1 Costs of labor, including applicable payroll taxes, fringe benefits required by agreement or custom, workers' compensation insurance, and other employee costs approved by the Architect;

- .2 Costs of materials, supplies, and equipment, including cost of transportation, whether incorporated or consumed;
- .3 Rental costs of machinery and equipment, exclusive of hand tools, whether rented from the Contractor or others;
- .4 Costs of premiums for all bonds and insurance, permit fees, and applicable sales, use, or similar taxes, directly related to the change; and
- .5 Costs of supervision and field office personnel directly attributable to the change only if the adjustment causes an extension of the Contract Time.

§ 7.3.5 If the Contractor disagrees with the adjustment in the Contract Time, the Contractor may make a Claim in accordance with applicable provisions of Article 15.

§ 7.3.6 Upon receipt of a Construction Change Directive, the Contractor shall promptly proceed with the change in the Work involved and advise the Architect of the Contractor's agreement or disagreement with the method, if any, provided in the Construction Change Directive for determining the proposed adjustment in the Contract Sum or Contract Time.

§ 7.3.7 A Construction Change Directive signed by the Contractor indicates the Contractor's agreement therewith, including adjustment in Contract Sum and Contract Time or the method for determining them. Such agreement shall be effective immediately and shall be recorded as a Change Order.

§ 7.3.8 The amount of credit to be allowed by the Contractor to the Owner for a deletion or change that results in a net decrease in the Contract Sum shall be actual net cost plus overhead and profit as set forth in Section 7.1.4. When both additions and credits covering related Work or substitutions are involved in a change, the allowance for overhead and profit shall be figured on the basis of net increase, if any, with respect to that change.

§ 7.3.9 Pending final determination of the total cost of a Construction Change Directive to the Owner, the Contractor may request payment for Work completed under the Construction Change Directive in Applications for Payment. The Architect will make an interim determination for purposes of monthly certification for payment for those costs and certify for payment the amount that the Architect determines, in the Architect's professional judgment, to be reasonably justified. The Architect's interim determination of cost shall adjust the Contract Sum on the same basis as a Change Order, subject to the right of either party to disagree and assert a Claim in accordance with Article 15.

§ 7.3.10 When the Owner and Contractor agree with a determination made by the Architect concerning the adjustments in the Contract Sum and Contract Time, or otherwise reach agreement upon the adjustments, such agreement shall be effective immediately and the Architect will prepare a Change Order. Change Orders may be issued for all or any part of a Construction Change Directive.

#### § 7.4 Minor Changes in the Work

The Architect may order minor changes in the Work that are consistent with the intent of the Contract Documents and do not involve an adjustment in the Contract Sum or an extension of the Contract Time. The Architect's order for minor changes shall be in writing. If the Contractor believes that the proposed minor change in the Work will affect the Contract Sum or Contract Time, the Contractor shall notify the Architect and shall not proceed to implement the change in the Work. If the Contractor performs the Work set forth in the Architect's order for a minor change without prior notice to the Architect that such change will affect the Contract Sum or Contract Time, the Contractor waives any adjustment to the Contract Sum or extension of the Contract Time.

### ARTICLE 8 TIME

#### § 8.1 Definitions

§ 8.1.1 Unless otherwise provided, Contract Time is the period of time, including authorized adjustments, allotted in the Contract Documents for Substantial Completion of the Work.

§ 8.1.2 The date of commencement of the Work shall be the first business day following the Contractor's written notice to proceed. The notice to proceed shall not be issued until the Agreement has been signed by the Contractor and the Owner, the Owner and Architect have received and approved as to form all required payment and performance bonds and insurance as required by Article 11.

§ 8.1.3 The date of Substantial Completion is the date certified by the Architect in accordance with Section 9.8.

8.1.3.1 The date of Final Completion is the date certified by the Architect in accordance with Section 9.10. Unless otherwise agreed in writing by Owner, Contractor agrees that Final Completion shall occur not more than thirty (30) days after the date of Substantial Completion.

§ 8.1.4 The term "day" as used in the Contract Documents shall mean calendar day unless otherwise specifically defined.

## § 8.2 Progress and Completion

§ 8.2.1 Time limits stated in the Contract Documents are of the essence of the Contract. By executing the Agreement, the Contractor confirms that the Contract Time is a reasonable period for performing the Work.

§ 8.2.2 The Contractor shall not knowingly, except by agreement or instruction of the Owner in writing, commence the Work prior to the effective date of insurance required to be furnished by the Contractor. The date of commencement of the Work shall not be changed by the effective date of such insurance.

§ 8.2.3 The Contractor shall proceed expeditiously with adequate forces and shall achieve Substantial Completion within the Contract Time.

8.2.4 In the event Substantial Completion or Final Completion are not achieved by the designated dates, or as the dates may be extended, Owner may withhold payment of any further sums due until Substantial Completion and/or Final Completion are achieved. Owner shall also be entitled to deduct out of any sums due to Contractor any or all liquidated damages due Owner in accordance with the Contract Documents.

8.2.5 If the Contractor fails to achieve Substantial Completion of the Work within the Contract Time and Final Completion in accordance with the timeline set forth in the Agreement, the Owner shall be entitled to retain or recover from the Contractor and the Contractor's surety, as liquidated damages and not as a penalty, the per diem amounts set forth in Section 4.5 of the AIA A101, commencing upon the first day following expiration of the Contract Time and continuing until the actual Date of Substantial Completion and/or beginning upon Substantial Completion and continuing until Final Completion is achieved. Such liquidated damages are hereby agreed to be a reasonable estimate of damages the Owner will incur as a result of delayed completion of the Work.

8.2.6 If one or more of the Liquidated Damages provisions set out in the Agreement are held to be legally unenforceable as a penalty (except when the holding is the result of a challenge by the Owner), the Owner shall be allowed to recover actual damages caused by the Contractor's failure to achieve the applicable Contract Time requirements.

## § 8.3 Delays and Extensions of Time

§ 8.3.1 The Owner, except as provided for in this Section 8.3.1, shall not be liable to the Contractor for delay to the Contractor's Work by the act, neglect or default of the Owner or the Architect, or by reason of fire, act of God, riot, strike, action of workmen or others, or any cause beyond the Owner's control. Should the Owner or Architect delay the Contractor in the Work, Contractor shall receive an extension of time for completion equal to the delay if a written claim is made within forty-eight (48) hours, and under no circumstances shall the Owner be liable to pay the Contractor any compensation for such Owner-caused delays.

§ 8.3.2 Claims relating to time shall be made in accordance with applicable provisions of Article 15.

§ 8.3.3 This Agreement does not permit recovery of damages for delay by the Contractor for delay, disruption or acceleration. Contractor agrees that Contractor shall be fully compensated for all delays solely by an extension of time.

## ARTICLE 9 PAYMENTS AND COMPLETION

### § 9.1 Contract Sum

§ 9.1.1 The Contract Sum is stated in the Agreement and, including authorized adjustments, is the total amount payable by the Owner to the Contractor for performance of the Work under the Contract Documents. All costs of overtime Work required by the Contract Time and the nature of the Work, as set forth in or inferable from the Contract Documents, except costs of emergencies covered in Section 10.4, shall be and are included in the Contract.

Init.

§ 9.1.2 If unit prices are stated in the Contract Documents or subsequently agreed upon, and if quantities originally contemplated are materially changed so that application of such unit prices to the actual quantities causes substantial inequity to the Owner or Contractor, the applicable unit prices shall be equitably adjusted.

## § 9.2 Schedule of Values

§ 9.2.1 Where the Contract is based on a stipulated sum or Guaranteed Maximum Price, the Contractor shall submit a schedule of values to the Architect before the first Application for Payment, allocating the entire Contract Sum to the various portions of the Work. The schedule of values shall be prepared in the form, and supported by the data to substantiate its accuracy, required by the Architect. This schedule, unless objected to by the Architect or the Owner, shall be used as a basis for reviewing the Contractor's Applications for Payment. Any changes to the schedule of values shall be submitted to the Architect and supported by such data to substantiate its accuracy as the Architect may require, and unless objected to by the Architect, shall be used as a basis for reviewing the Contractor's subsequent Applications for Payment.

## § 9.3 Applications for Payment

§ 9.3.1 In accordance with the requirements of Section 5.1.3 of the Agreement, the Contractor shall submit to the Architect an itemized Application for Payment prepared in accordance with the schedule of values, if required under Section 9.2, for completed portions of the Work. The application shall be notarized, if required, and supported by all data substantiating the Contractor's right to payment that the Owner or Architect require, such as copies of requisitions, and releases and waivers of liens from Subcontractors and suppliers, and shall reflect other data as reasonably requested by Owner or Architect. The form of Application for Payment, duly notarized, shall be a current authorized edition of AIA Document G702-1992, Application and Certificate for Payment, supported by a current authorized edition of AIA Document G703-1992, Continuation Sheet.

§ 9.3.1.1 As provided in Section 7.3.9, such applications may include requests for payment on account of changes in the Work that have been properly authorized by Construction Change Directives, or by interim determinations of the Architect, but not yet included in Change Orders.

§ 9.3.1.2 Applications for Payment shall not include requests for payment for portions of the Work for which the Contractor does not intend to pay a Subcontractor or supplier, unless such Work has been performed by others whom the Contractor intends to pay.

9.3.1.3 Contractor agrees that, for purposes of Texas Government Code section 2251.042, receipt of the Application for Payment by the Architect shall not be construed as receipt of an invoice by the Owner. Contractor further agrees that Owner's receipt of the Architect's Certificate for Payment shall be construed as a receipt of an invoice by the Owner, for purposes of Texas Government Code section 2251.042.

§ 9.3.2 Except as otherwise agreed in writing, executed by the Owner and Contractor prior to delivery of material and equipment, the Contractor is not entitled to payment for material and equipment delivered and stored on site or off site. The Owner may, in the Owner's sole discretion, agree to make payment for materials stored on site or off site and may, as a condition precedent to the grant of such consent, establish reasonable procedures and requirements (including provision of additional insurance at Contractor's sole expense) with which Contractor must comply.

§ 9.3.3 The Contractor warrants that title to all Work covered by an Application for Payment will pass to the Owner no later than the time of payment. The Contractor further warrants that upon submittal of an Application for Payment all Work for which Certificates for Payment have been previously issued and payments received from the Owner shall, to the best of the Contractor's knowledge, information, and belief, be free and clear of liens, claims, security interests, or encumbrances, in favor of the Contractor, Subcontractors, suppliers, or other persons or entities that provided labor, materials, and equipment relating to the Work. CONTRACTOR SHALL INDEMNIFY AND HOLD OWNER HARMLESS FROM ANY LIENS, CLAIMS, SECURITY INTERESTS OR ENCUMBRANCES FILED BY THE CONTRACTOR, SUBCONTRACTORS, OR ANYONE CLAIMING BY, THROUGH OR UNDER THE CONTRACTOR OR SUBCONTRACTOR FOR ITEMS COVERED BY PAYMENTS MADE BY THE OWNER TO CONTRACTOR.

9.3.4 In each Request for Payment, Contractor shall certify that there are no known mechanics' or materialmen's liens outstanding at the date of this requisition, that all due and payable bills with respect to the Work have been paid to date

Init.

or are included in the amount requested in the current application and that except for such bills not paid but so included, there is no known basis for the filing of any mechanics' or materialmen's liens on the Work, and that releases from all contractors and materialmen have been obtained in such form as to constitute an effective release of lien under the laws of the State of Texas covering all Work theretofore performed and for which payment has been made by Owner to Contractor.

#### **§ 9.4 Certificates for Payment**

**§ 9.4.1** The Architect will, within seven days after receipt of the Contractor's Application for Payment, either (1) issue to the Owner a Certificate for Payment in the full amount of the Application for Payment, with a copy to the Contractor; or (2) issue to the Owner a Certificate for Payment for such amount as the Architect determines is properly due, and notify the Contractor and Owner of the Architect's reasons for withholding certification in part as provided in Section 9.5.1; or (3) withhold certification of the entire Application for Payment, and notify the Contractor and Owner of the Architect's reason for withholding certification in whole as provided in Section 9.5.1.

**§ 9.4.2** The issuance of a Certificate for Payment will constitute a representation by the Architect to the Owner, based on the Architect's evaluation of the Work and the data in the Application for Payment, that, to the best of the Architect's knowledge, information, and belief, the Work has progressed to the point indicated, the quality of the Work is in accordance with the Contract Documents, and that the Contractor is entitled to payment in the amount certified. The foregoing representations are subject to an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, to results of subsequent tests and inspections, to correction of minor deviations from the Contract Documents prior to completion, and to specific qualifications expressed by the Architect. However, the issuance of a Certificate for Payment will not be a representation that the Architect has (1) made exhaustive or continuous on-site inspections to check the quality or quantity of the Work; (2) reviewed construction means, methods, techniques, sequences, or procedures; (3) reviewed copies of requisitions received from Subcontractors and suppliers and other data requested by the Owner to substantiate the Contractor's right to payment; or (4) made examination to ascertain how or for what purpose the Contractor has used money previously paid on account of the Contract Sum.

#### **§ 9.5 Decisions to Withhold Certification**

**§ 9.5.1** The Architect or the Owner may withhold a Certificate for Payment in whole or in part, to the extent reasonably necessary to protect the Owner, if in the Architect's opinion the representations to the Owner required by Section 9.4.2 cannot be made. If the Architect is unable to certify payment in the amount of the Application, the Architect will notify the Contractor and Owner as provided in Section 9.4.1. If the Contractor and Architect cannot agree on a revised amount, the Architect will promptly issue a Certificate for Payment for the amount for which the Architect is able to make such representations to the Owner. The Architect or Owner may also withhold a Certificate for Payment or, because of subsequently discovered evidence, may nullify the whole or a part of a Certificate for Payment previously issued, to such extent as may be necessary in the Architect's or Owner's opinion to protect the Owner from loss for which the Contractor is responsible, including, but not limited to, loss resulting from acts and omissions described in Section 3.3.2, because of:

- .1 Defective Work not remedied;
- .2 Third party claims filed or reasonable evidence indicating probable filing of such claims, unless security acceptable to the Owner is provided by the Contractor;
- .3 Failure of the Contractor to make payments properly to Subcontractors or suppliers for labor, materials or equipment;
- .4 Reasonable evidence that the Work cannot be completed for the unpaid balance of the Contract Sum;
- .5 Damage to the Owner or a Separate Contractor;
- .6 Reasonable evidence that the Work will not be completed within the Contract Time, and that the unpaid balance would not be adequate to cover actual or liquidated damages for the anticipated delay;
- .7 Repeated failure to carry out the Work in accordance with the Contract Documents;
- .8 Delay beyond the times set forth elsewhere in the Contract Documents including but not limited to the submission for approval of the schedule of values, cost breakdowns on proposal requests, progress schedule, list of Subcontractors and insurance requirements;
- .9 Evidence of financial inability to perform the Contract fully;
- .10 Failure to submit record documents required by the Contract; or
- .11 Failure of the Contractor to perform any other obligations of the Contract.

§ 9.5.2 If the Contractor disputes the Architect's or the Owner's decision regarding a Certificate for Payment under Section 9.5.1, in whole or in part, the Contractor may submit a Claim in accordance with Article 15.

§ 9.5.3 When the reasons for withholding certification are removed, certification will be made for amounts previously withheld. The Owner shall not be deemed in default by reason of withholding payment as provided for in Section 9.5.1.

§ 9.5.4 If the Architect withholds certification for payment under Section 9.5.1.3, the Owner may, at its sole option, issue joint checks to the Contractor and to any Subcontractor or supplier to whom the Contractor failed to make payment for Work properly performed or material or equipment suitably delivered. If the Owner makes payments by joint check, the Owner shall notify the Architect and the Contractor shall reflect such payment on its next Application for Payment.

## § 9.6 Progress Payments

§ 9.6.1 After the Architect has issued and the Owner has approved a Certificate for Payment, the Owner shall make payment of disputed amounts in the manner and within the time provided in the Contract Documents, and shall so notify the Architect. Owner shall notify Contractor within twenty-one (21) days if Owner disputes the Architect's Certificate for Payment, pursuant to Texas Government Code section 2251.042 et. seq., listing the specific reasons for nonpayment. Payments to the Contractor shall not be construed as releasing the Contractor or his Surety from any obligations under the Contract Documents.

§ 9.6.2 The Contractor shall, within ten (10) days following receipt of payment from the Owner, pay all undisputed bills for labor and materials performed and furnished by others in connection with the construction, furnished and equipping of the improvements and the performance of the Work, and shall, if requested, provide the Owner with evidence of such payment. Contractor's failure to make payments within such time shall constitute a material breach of this contract. Contractor shall include a provision in each of its contracts imposing the same payment obligations on its Subcontractors as are applicable to the Contractor hereunder. If the Contractor has failed to make payment promptly to the Contractor's Subcontractors or for materials or labor used in the Work for which the Owner has made payment to the Contractor, the Owner shall be entitled to withhold payment to the Contractor in part or in whole to the extent necessary to protect the Owner.

§ 9.6.3 The Architect will, on request, furnish to a Subcontractor, if practicable, information regarding percentages of completion or amounts applied for by the Contractor and action taken thereon by the Architect and Owner on account of portions of the Work done by such Subcontractor.

§ 9.6.4 The Owner has the right to request written evidence from the Contractor that the Contractor has properly paid Subcontractors and suppliers amounts paid by the Owner to the Contractor for subcontracted Work. If the Contractor fails to furnish such evidence within seven days, the Owner shall have the right to contact Subcontractors and suppliers to ascertain whether they have been properly paid. Neither the Owner nor Architect shall have an obligation to pay, or to see to the payment of money to, a Subcontractor or supplier, except as may otherwise be required by law.

§ 9.6.5 The Contractor's payments to suppliers shall be treated in a manner similar to that provided in Sections 9.6.2, 9.6.3 and 9.6.4.

§ 9.6.6 A Certificate for Payment, a progress payment, or partial or entire use or occupancy of the Project by the Owner shall not constitute acceptance of Work not in accordance with the Contract Documents.

§ 9.6.7 The Contractor shall, as a condition precedent to any obligation of the Owner under the Contract Documents, provide to the Owner payment and performance bonds in the full penal amount of the Contract in accordance with Texas Government Code Chapter 2253.

§ 9.6.8 Provided the Owner has fulfilled its payment obligations under the Contract Documents, the Contractor shall defend and indemnify the Owner from all loss, liability, damage or expense, including reasonable attorney's fees and litigation expenses, arising out of any lien claim or other claim for payment by any Subcontractor or supplier of any tier. Upon receipt of notice of a lien claim or other claim for payment, the Owner shall notify the Contractor. If approved by the applicable court, when required, the Contractor may substitute a surety bond for the property against which the lien or other claim for payment has been asserted.

## § 9.7 Failure of Payment

If the Architect does not issue a Certificate for Payment, through no fault of the Contractor, within seven (7) days after receipt of the Contractor's Application for Payment, or if the Owner does not pay the Contractor within seven (7) days after the date established in the Contract Documents, the amount certified by the Architect and approved by the Owner or awarded by binding dispute resolution, then the Contractor may, upon seven (7) additional days' notice to the Owner and Architect, stop the Work until payment of the amount owing has been received. The Contract Time shall be extended appropriately, and the Contract Sum shall be increased by the amount of the Contractor's reasonable costs of shutdown, delay and start-up, plus interest as provided for in the Contract Documents.

## § 9.8 Substantial Completion

§ 9.8.1 Substantial Completion is the stage in the progress of the Work when the Work or designated portion thereof is sufficiently complete in accordance with the Contract Documents so that the Owner can occupy or utilize the Work for its intended use; provided, however, as a condition precedent to Substantial Completion, the Owner has received all certificates of occupancy and any other permits, approvals, licenses, and other documents from any governmental authority having jurisdiction thereof necessary for the beneficial occupancy of the Project (or if the same cannot be delivered for reasons not the fault or responsibility of the Contractor, nevertheless all Contractor's obligations necessary to the issuance of such certificates, permits, approvals, or licenses will have been performed.) Without limiting the foregoing, in general, the only remaining Work following Substantial Completion shall be minor in nature, so that the Owner could occupy the Project on that date and the completion of the Work by the Contractor would not materially interfere or hamper the Owner's normal business operations.

§ 9.8.2 When the Contractor considers that the Work, or a portion thereof which the Owner agrees to accept separately, is substantially complete, the Contractor shall prepare and submit to the Architect a comprehensive list of items to be completed or corrected prior to final payment. Failure to include an item on such list does not alter the responsibility of the Contractor to complete all Work in accordance with the Contract Documents.

§ 9.8.3 Upon receipt of the Contractor's list, the Architect and the Owner will make an inspection to determine whether the Work or designated portion thereof is substantially complete. If the Architect's inspection discloses any item, whether or not included on the Contractor's list, which is not sufficiently complete in accordance with the Contract Documents so that the Owner can occupy or utilize the Work or designated portion thereof for its intended use, the Contractor shall, before issuance of the Certificate of Substantial Completion, complete or correct such item upon notification by the Architect. In such case, the Contractor shall then submit a request for another inspection by the Architect to determine Substantial Completion.

- .1 If, in Architect's opinion during the inspection, the Project, or the designated portion thereof which Owner has agreed to accept separately, is not sufficiently complete to warrant inspection, or if the list of items to be completed or corrected is not sufficiently complete to warrant inspection, then Architect may terminate the inspection and notify the Contractor that the Project is not ready for inspection. If for such reasons, Architect is required to make additional inspections, the Owner may deduct the cost of Architect's additional services made necessary thereby from any payments due the Contractor. The Architect's compensation shall be determined in accordance with the applicable provisions of the Agreement between the Owner and Architect.
- .2 Except with the consent of the Owner, the Architect will perform no more than ONE (1) inspection to determine whether the Work has attained Substantial Completion in accordance with the Contract Documents. The Owner shall be entitled to deduct from the Contract Sum amounts paid to the Architect, Engineer, Consultant or service provider for any additional inspections.

§ 9.8.4 When the Work or designated portion thereof is substantially complete, the Architect will prepare a Certificate of Substantial Completion that shall establish the date of Substantial Completion; establish responsibilities of the Owner and Contractor for security, maintenance, heat, utilities, damage to the Work and insurance; and fix the time within which the Contractor shall finish all items on the list accompanying the Certificate. Warranties required by the Contract Documents shall commence on the date of Substantial Completion of the Work or designated portion thereof unless otherwise provided in the Certificate of Substantial Completion.

§ 9.8.5 The Certificate of Substantial Completion shall be submitted to the Owner and Contractor for their written acceptance of responsibilities assigned to them in the Certificate.

**§ 9.8.6** Retainage is not due to the Contractor until thirty-one (31) days after Final Completion of the Work as set out in Section 9.10. After the Certificate of Substantial Completion is accepted by the Owner, the Owner may, in its sole discretion and upon acceptance and consent of surety, make payment of retainage on all or a part of the Work accepted.

**§ 9.8.7** The Contractor shall keep all required insurance in full force, and utilities on, until the Certificate of Substantial Completion is issued and accepted by the Owner in writing, regardless of the stated date of Substantial Completion. The Contractor shall not be responsible for utility or insurance certificates in areas that have been accepted by the Owner. The Architect shall not unreasonably delay Certification of Substantial Completion if all requirements of Section 9.8.1 and any additional requirements for Substantial Completion in the Project Manual have been met.

### **§ 9.9 Partial Occupancy or Use**

**§ 9.9.1** The Owner may occupy or use any completed or partially completed portion of the Work at any stage when such portion is designated by separate agreement with the Contractor, provided such occupancy or use is consented to by the insurer and authorized by public authorities having jurisdiction over the Project. Such partial occupancy or use may commence whether or not the portion is substantially complete, provided the Owner and Contractor have accepted in writing the responsibilities assigned to each of them for payments, retainage, if any, security, maintenance, heat, utilities, damage to the Work and insurance, and have agreed in writing concerning the period for correction of the Work and commencement of warranties required by the Contract Documents. When the Contractor considers a portion substantially complete, the Contractor shall prepare and submit a list to the Architect as provided under Section 9.8.2. Consent of the Contractor to partial occupancy or use shall not be unreasonably withheld. The stage of the progress of the Work shall be determined by written agreement between the Owner and Contractor or, if no agreement is reached, by decision of the Architect.

**§ 9.9.2** Immediately prior to such partial occupancy or use, the Owner, Contractor, and Architect shall jointly inspect the area to be occupied or portion of the Work to be used in order to determine and record the condition of the Work.

**§ 9.9.3** Unless expressly agreed upon in writing, partial occupancy or use of a portion or portions of the Work shall not constitute acceptance of Work not complying with the requirements of the Contract Documents.

### **§ 9.10 Final Completion and Final Payment**

**§ 9.10.1** When all of the Work is finally completed and the Contractor is ready for a final inspection it shall notify the Owner and the Architect thereof in writing. Thereupon, the Architect and Owner will make final inspection of the Work and, if the Work is complete in full accordance with the Contract Documents and this Contract has been fully performed, the Architect will promptly issue a final Certificate for Payment certifying to the Owner that the Project is complete and the Contractor is entitled to the remainder of the unpaid Contract Price, less any amount withheld pursuant to this Contract. Except with the consent of the Owner, the Architect will perform no more than one (1) inspection to determine whether the Work has attained Final Completion in accordance with the Contract Documents. If the Architect is unable to issue its final Certificate for Payment and is required to repeat its final inspection of the Work, the Contractor shall bear the cost of such repeat final inspection(s) which cost may be deducted by the Owner from the Contractor's final payment.

**§ 9.10.2** The Contractor shall not be entitled to final payment unless and until it submits to the Architect its affidavit that the payrolls, invoices for materials and equipment, and other liabilities connected with the Work for which the Owner or the Owner's property might be responsible have been fully paid or otherwise satisfied; releases and waivers of liens from all Subcontractors of the Contractor and of any and all other parties required by the Architect or the Owner; such other provisions as Owner may request; and consent of Surety to final payment. If any third party fails or refuses to provide a release of claims or waiver of lien as required by Owner, the Contractor shall furnish a bond satisfactory to the Owner to discharge any such lien or indemnify the Owner from liability.

**§ 9.10.3** The Owner shall make final payment of all sums due the Contractor not more than thirty-one (31) days after the Architect's execution of a final Certificate for Payment. The Final Payment shall not constitute a waiver of any claims by the Owner.

### **§ 9.10.4**

*(Paragraphs deleted)*  
Intentionally deleted.

§ 9.10.5 Acceptance of final payment by the Contractor, a Subcontractor, or a supplier, shall constitute a waiver of claims by that payee except those previously made in writing and identified by that payee as unsettled at the time of final Application for Payment.

#### § 9.11 AUDIT

§ 9.11.1 Contractor agrees to maintain adequate books, payrolls and records satisfactory to the Owner in connection with any and all Work performed hereunder. Contractor agrees to retain all such books, payrolls and records (including data stored in computer) for a period of not less than three (3) years after completion of the Work. At all reasonable times, Owner and its duly authorized representatives shall have access to all personnel of Contractor and all such books, payrolls and records, and shall have the right to audit same.

§ 9.12 In addition to any liquidated damages payable to the Owner by the Contractor, if: (1) the Architect is required to make more than one (1) inspection for Substantial Completion; (2) the Architect is required to make more than 1 inspection for Final Completion; or (3) the Work is not substantially complete within thirty (30) days after the date established for Substantial Completion in the Contract Documents; the Owner shall be entitled to deduct from the Contract Sum amounts paid to the Architect for any additional inspections or services.

### ARTICLE 10 PROTECTION OF PERSONS AND PROPERTY

*(Paragraphs deleted)*

#### § 10.1 SAFETY PRECAUTIONS AND PROGRAMS

§ 10.1.1 The Contractor shall be responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the performance of the Contract.

- .1 Contractor's employees, agents, and Subcontractors shall not perform any service for Owner while under the influence of alcohol or any controlled stance. Contractor, its employees, agents, and Subcontractors shall not use, possess, distribute, or sell illicit or unprescribed controlled drugs or drug paraphernalia, or misuse legitimate prescription drugs while performing the Work. Contractor, its employees, agents, and Subcontractors shall not use, possess, distribute, or sell alcoholic beverages while performing the Work.
- .2 Contractor has adopted or will adopt its own policy to assure a drug and alcohol-free work place while performing the Work.
- .3 Contractor will remove any of its employees from performing the Work any time there is suspicion of alcohol and/or drug use, possession, or impairment involving such employee, and at any time an incident occurs where drug or alcohol use could have been a contributing factor. Owner has the right to require Contractor to remove employees from performing the Work any time cause exists to suspect alcohol or drug use. In such cases, Contractor's employees may only be considered for return to work after the Contractor certifies as a result of a for-cause test, conducted immediately following removal that said employee was in compliance with this contract. Contractor will not use an employee to perform the Work who either refuses to take, or tests positive in, any alcohol or drug test.
- .4 Contractor will comply with all applicable federal, state, and local drug and alcohol related laws and regulations (e.g., Department of Transportation regulations, Department of Defense Drug-Free Workforce Policy, Drug-Free Workplace Act of 1988).
- .5 Owner has also banned the presence of all weapons on the Project site, whether the owner thereof has a permit for a concealed weapon or not.

#### § 10.2 Safety of Persons and Property

§ 10.2.1 The Contractor shall take reasonable precautions for safety of, and shall provide reasonable protection to prevent damage, injury, or loss to:

- .1 employees on the Work, school personnel, students and other persons on the Owner's premises and other persons who may be affected thereby, which protection shall include the installation of fencing between the Work site and the occupied portion of a connecting or adjacent educational facility;
- .2 the Work and materials and equipment to be incorporated therein, whether in storage on or off the site, under care, custody, or control of the Contractor, a Subcontractor, or a Sub-subcontractor; and

- .3 other property at the site or adjacent thereto, such as trees, shrubs, lawns, walks, athletic fields and tracks, pavements, roadways, structures, and utilities not designated for removal, relocation, or replacement in the course of construction.

§ 10.2.2 The Contractor shall comply with, and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities, bearing on safety of persons or property or their protection from damage, injury, or loss.

§ 10.2.3 The Contractor shall implement, erect, and maintain, as required by existing conditions and performance of the Contract, reasonable safeguards for safety and protection, including posting danger signs and other warnings against hazards; promulgating safety regulations; and notifying the owners and users of adjacent sites and utilities of the safeguards. The Contractor shall also be responsible, at the Contractor's sole cost and expense, for all measures necessary to protect any property adjacent to the Project and improvements therein. Any damage to such property or improvements shall be promptly repaired by the Contractor. Contractor shall provide reasonable fall protection safeguards and provide approved fall protection safety equipment for use by all exposed Contractor employees.

§ 10.2.4 When use or storage of explosives or other hazardous materials or equipment, or unusual methods are necessary for execution of the Work, the Contractor shall exercise utmost care and carry on such activities under supervision of properly qualified personnel, and shall only conduct such activities after giving reasonable advance written notice of the presence or use of such materials, equipment or methods to Owner and Architect. The storage of explosives on Owner's property is prohibited. The use of explosive materials on Owner's property is prohibited unless expressly approved in advance in writing by Owner and Architect.

§ 10.2.5 CONTRACTOR SHALL HOLD OWNER HARMLESS FROM LIABILITY RESULTING FROM LOSS OF OR DAMAGE TO ANY PROPERTY THAT IS ON OR OFF THE SITE AND/OR IN TRANSIT AS REFERRED TO IN CLAUSE 10.2.1.2 EVEN IF SUCH LOSS OR DAMAGE RESULTS FROM OWNER, OWNER'S CONSULTANT'S, OR ARCHITECT'S NEGLIGENCE. AS TO PROPERTY REFERRED TO IN CLAUSE 10.2.1.3, CONTRACTOR SHALL HOLD OWNER FREE AND HARMLESS FROM LIABILITY RESULTING FROM LOSS OF OR DAMAGE CAUSED IN WHOLE OR IN PART BY THE CONTRACTOR, ANY SUBCONTRACTOR, ANYONE DIRECTLY OR INDIRECTLY EMPLOYED BY ANY OF THEM, ANYONE FOR WHOSE ACTS ANY OF THEM MAY BE LIABLE, REGARDLESS OF WHETHER OR NOT SUCH DAMAGE IS CAUSED IN PART BY THE NEGLIGENT ACTS OR OMISSIONS OF THE OWNER, OWNER'S CONSULTANTS OR ARCHITECT. THE FOREGOING OBLIGATIONS OF THE CONTRACTOR ARE IN ADDITION TO HIS OBLIGATIONS UNDER SECTION 3.18; PROVIDED THAT WHERE THE NEGLIGENCE OF OWNER OR ARCHITECT IS A CONCURRING CAUSE, CONTRACTOR'S OBLIGATION TO INDEMNIFY IS LIMITED TO THE AMOUNT NECESSARY TO CAUSE THE RELATIVE LIABILITY OF OWNER, ARCHITECT AND CONTRACTOR TO REFLECT THE COMPARATIVE NEGLIGENCE FINDINGS OF THE TRIER OF FACT (JUDGE OR JURY) OR AS AGREED IN A SETTLEMENT AGREEMENT TO WHICH OWNER, ARCHITECT AND CONTRACTOR ARE ALL PARTIES.

§ 10.2.6 The Contractor shall designate a responsible member of the Contractor's organization at the site whose duty shall be the prevention of accidents. This person shall be the Contractor's superintendent unless otherwise designated by the Contractor in writing to the Owner and Architect.

§ 10.2.7 The Contractor shall not permit any part of the construction or site to be loaded so as to cause damage or create an unsafe condition.

*(Paragraphs deleted)*

**§ 10.2.8 Injury or Damage to Person or Property**

If either party suffers injury or damage to person or property because of an act or omission of the other party, or of others for whose acts such party is legally responsible, notice of the injury or damage, whether or not insured, shall be given to the other party within a reasonable time not exceeding 3 days after discovery. The notice shall provide sufficient detail to enable the other party to investigate the matter. No provision of the Contract Documents shall waive Owner's immunity under the Texas Tort Claims Act, Texas Civil Practice and Remedies Code, Chapter 101.

### § 10.3 Hazardous Materials and Substances

§ 10.3.1 The Contractor is responsible for compliance with any requirements included in the Contract Documents regarding hazardous materials or substances. If the Contractor encounters a hazardous material or substance not addressed in the Contract Documents and if reasonable precautions will be inadequate to prevent foreseeable bodily injury or death to persons resulting from a material or substance, including but not limited to asbestos or polychlorinated biphenyl (PCB), encountered on the site by the Contractor, the Contractor shall, upon recognizing the condition, immediately stop Work in the affected area and notify the Owner and Architect of the condition.

§ 10.3.2 Upon receipt of the Contractor's notice, the Owner shall obtain the services of a licensed laboratory to verify the presence or absence of the material or substance reported by the Contractor and, in the event such material or substance is found to be present, cause it to be rendered harmless. Unless otherwise required by the Contract Documents, the Owner shall furnish in writing to the Contractor and Architect the names and qualifications of persons or entities who are to perform tests verifying the presence or absence of the material or substance or who are to perform the task of removal or safe containment of the material or substance. The Contractor and the Architect will promptly reply to the Owner in writing stating whether or not either has reasonable objection to the persons or entities proposed by the Owner. If either the Contractor or Architect has an objection to a person or entity proposed by the Owner, the Owner shall propose another to whom the Contractor and the Architect have no reasonable objection. When the material or substance has been rendered harmless, Work in the affected area shall resume upon written agreement of the Owner and Contractor. By Change Order, the Contract Time shall be extended appropriately and the Contract Sum shall be increased by the amount of the Contractor's reasonable additional costs of shutdown, delay, and start-up.

§ 10.3.3 To the extent permitted by the laws and Constitution of the State of Texas, the Owner shall indemnify and hold harmless the Contractor, Subcontractors, Architect, Architect's consultants, and agents and employees of any of them from and against claims, damages, losses, and expenses, including but not limited to attorneys' fees, arising out of or resulting from performance of the Work in the affected area if in fact the material or substance presents the risk of bodily injury or death as described in Section 10.3.1 and has not been rendered harmless, provided that such claim, damage, loss, or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Work itself), except to the extent that such damage, loss, or expense is due to the fault or negligence of the party seeking indemnity. Notwithstanding anything to the contrary contained in this Section 10.3.3, the agreement of the Owner to indemnify, defend and hold harmless the parties described in this Section shall not extend or apply to claims, damages, losses, expenses or liabilities related to, created or caused in whole or in part by a party indemnified hereunder; it being agreed and understood that the Owner and any party so indemnified shall each bear liability for its own negligent acts or omissions, and that such indemnity shall extend only to liability for the negligent acts and omissions of the Owner.

§ 10.3.4 The Owner shall not be responsible under this Section 10.3 for hazardous materials or substances the Contractor brings to the site unless such materials or substances are required by the Contract Documents. The Owner shall be responsible for hazardous materials or substances required by the Contract Documents, except to the extent of the Contractor's fault or negligence in the use and handling of such materials or substances.

§ 10.3.5 The Contractor shall reimburse the Owner for the cost and expense the Owner incurs (1) for remediation of a hazardous materials or substances the Contractor brings to the site and negligently handles, or (2) where the Contractor fails to perform its obligations under Section 10.3.1, except to the extent that the cost and expense are due to the Owner's fault or negligence.

§ 10.3.6 Intentionally deleted.

### § 10.4 Emergencies

§ 10.4.1 In an emergency affecting safety of persons or property, the Contractor shall act, at the Contractor's discretion, to prevent threatened damage, injury or loss. ## ARTICLE 12 UNCOVERING AND CORRECTION OF WORK

### § 12.1 Uncovering of Work

*(Paragraph deleted)*

§ 12.1. If a portion of the Work is covered contrary to the Architect's or Owner's request or to requirements specifically expressed in the Contract Documents, it must, if requested in writing by the Architect or Owner, be uncovered for the Architect's examination and be replaced at the Contractor's expense without change in the Contract Time.

§ 12.1.2 If a portion of the Work has been covered that the Architect or Owner has not specifically requested to examine prior to its being covered, the Architect or Owner may request to see such Work and it may be uncovered by the Contractor. If such Work is in accordance with the Contract Documents, the Contractor shall be entitled to an equitable adjustment to the Guaranteed Maximum Price and Contract Time as may be appropriate. If such Work is not in accordance with the Contract Documents, the costs of uncovering the Work, and the cost of correction, shall be at the Contractor's expense.

### § 12.2 Correction of Work

#### § 12.2.1 Before Substantial Completion

The Contractor shall promptly correct failing Work rejected by the Architect or failing to conform to the requirements of the Contract Documents, discovered before Substantial Completion and whether or not fabricated, installed or completed. Costs of correcting such rejected Work, including additional testing and inspections, the cost of uncovering and replacement, and compensation for the Architect's services and expenses made necessary thereby, shall be at the Contractor's expense.

§ 12.2.1.1 The Owner may make emergency repairs to the Work or take such other measures necessary under the circumstances, if the Contractor does not promptly respond to a notice of defect or nonconforming Work. Contractor shall be responsible to Owner for this cost if the reason for the repairs is attributable to the Contractor. If payments then or thereafter due to the Contractor are not sufficient to cover such costs, then the Contractor shall pay the difference to the Owner on demand.

## § 12.2.2 After Substantial Completion

§ 12.2.2.1 In addition to the Contractor's obligations under Section 3.5, if, within one year after the date of Substantial Completion of the Work or designated portion thereof, or by terms of any applicable special warranty required by the Contract Documents, any of the Work is found to be not in accordance with the requirements of the Contract Documents, the Contractor shall correct it promptly after receipt of notice from the Owner to do so, unless the Owner has previously given the Contractor a written acceptance of such condition. The Owner shall give such notice promptly after discovery of the condition. During the one-year period for correction of Work, if the Owner fails to notify the Contractor and give the Contractor an opportunity to make the correction, the Owner waives the rights to require correction by the Contractor and to make a claim for breach of warranty. If the Contractor fails to correct nonconforming Work within a reasonable time during that period after receipt of notice from the Owner or Architect, the Owner may correct it in accordance with Section 2.5. Nothing contained in this Section is intended to limit or modify any obligations under the law or under the Contract Documents, including any warranty obligations, expressed or implied.

§ 12.2.2.1.1 If the Contractor fails to perform the corrective Work, then Owner may perform corrective Work, at Contractor's cost. If Owner performs corrective Work, then Owner may also remove nonconforming Work and store the salvageable materials or equipment at Contractor's expense. If the Contractor does not pay all costs incurred by Owner within ten (10) days after written notice, then Owner may, upon ten (10) additional days' written notice, sell the removed materials and equipment in accordance with Owner's policies, and shall account for the proceeds thereof, after deducting costs and damages that should have been borne by the Contractor, including compensation for the Architect's services and expenses made necessary thereby. If such proceeds of sale do not cover costs which the Contractor should have borne, then the Contractor shall pay the difference to the Owner

§ 12.2.2.2 The one-year period for correction of Work shall be extended with respect to portions of Work first performed after Substantial Completion by the period of time between Substantial Completion and the actual completion of that portion of the Work.

§ 12.2.2.3 The one-year period for correction of Work shall not be extended by corrective Work performed by the Contractor pursuant to this Section 12.2.

12.2.2.4 Upon request by the Owner and prior to the expiration of one (1) year from the date of Substantial Completion, the Architect will conduct and the Contractor shall attend a meeting with the Owner to review the facility operations and performance.

§ 12.2.3 The Contractor shall remove from the site portions of the Work that are not in accordance with the requirements of the Contract Documents and are neither corrected by the Contractor nor accepted by the Owner.

§ 12.2.4 The Contractor shall bear the cost of correcting destroyed or damaged construction of the Owner or Separate Contractors, whether completed or partially completed, caused by the Contractor's correction or removal of Work that is not in accordance with the requirements of the Contract Documents.

§ 12.2.5 Nothing contained in this Section 12.2 shall be construed to establish a period of limitation with respect to other obligations the Contractor has under the Contract Documents. Establishment of the one-year period for correction of Work as described in Section 12.2.2 relates only to the specific obligation of the Contractor to correct the Work, and has no relationship to the time within which the obligation to comply with the Contract Documents may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the Contractor's liability with respect to the Contractor's obligations other than specifically to correct the Work.

§ 12.2.6 Contractor shall (i) re-execute any parts of the Work that fail to conform with the requirements of this Agreement that appear in the progress of the Work; (ii) remedy any defects in the Work due to faulty materials or workmanship which appear within a period of one (1) year from Substantial Completion of the Work hereunder, or

within such longer period of time as may be set forth in the Drawings and Specifications or other Contract Documents; and (iii) replace, repair, or restore any parts of the Project or furniture, fixtures, equipment, or other items placed therein (whether by Owner or any other party) that are injured or damaged by any such parts of the Work that do not conform to the requirements of the Contract Documents or defects in the Work.

§ 12.2.7 The provisions of this Section 12.2 apply to Work done by Subcontractors of the Contractor as well as Work done directly by employees of the Contractor. The provisions of this Section 12.2.7 shall not apply to corrective work attributable solely to the acts or omissions of any separate contractor of Owner (unless Contractor is acting in such capacities). The cost to Contractor of performing any of its obligations under this Section 12.2.7 to the extent not covered by insurance shall be borne by Contractor.

§ 12.2.8 If, however, the Owner and Contractor deem it inexpedient to require the correction of Work damaged or not done in accordance with the Contract Documents, an equitable deduction from the Contract Sum shall be made by agreement between Contractor and Owner. Until such settlement, Owner may withhold such sums as Owner deems just and reasonable from moneys, if any, due Contractor. The settlement shall not be unreasonably delayed by the Owner and the amount of money withheld shall be based on estimated actual cost of the correction to Owner.

§ 12.2.9 Contractor's express warranty herein shall be in addition to, and not in lieu of, any other remedies Owner may have under the Contract Documents, at law or in equity, for defective Work.

### § 12.3 Acceptance of Nonconforming Work

If the Owner prefers to accept Work that is not in accordance with the requirements of the Contract Documents, the Owner may do so instead of requiring its removal and correction, in which case the Contract Sum will be reduced as appropriate and equitable. Such adjustment shall be effected whether or not final payment has been made.

## ARTICLE 13 MISCELLANEOUS PROVISIONS

### § 13.1 Governing Law

The Contract, including any disputes related to the Work and/or Contract Documents, shall be governed by the laws of the State of Texas, without regard to choice-of-law rules of any jurisdiction. The Contract is deemed performable entirely in the County in which the Project is located. Any litigation to enforce or interpret any terms of the Contract, or any other litigation arising out of or as a result of the Contract, shall be brought in the State courts of said County. No provision of this Agreement shall waive any immunity or defense.

### § 13.2 Successors and Assigns

§ 13.2.1 The Owner and Contractor respectively bind themselves, their partners, successors, assigns, and legal representatives to covenants, agreements, and obligations contained in the Contract Documents. Except as provided in Section 13.2.2, neither party to the Contract shall assign the Contract as a whole without written consent of the other. If either party attempts to make an assignment without such consent, that party shall nevertheless remain legally responsible for all obligations under the Contract.

§ 13.2.2 The Owner may, without consent of the Contractor, assign the Contract to a lender providing construction financing for the Project, if the lender assumes the Owner's rights and obligations under the Contract Documents. The Contractor shall execute all consents reasonably required to facilitate the assignment.

### § 13.3 Rights and Remedies

§ 13.3.1 Duties and obligations imposed by the Contract Documents and rights and remedies available thereunder shall be in addition to and not a limitation of duties, obligations, rights, and remedies otherwise imposed or available by law.

§ 13.3.2 No action or failure to act by the Owner, Architect, or Contractor shall constitute a waiver of a right or duty afforded them under the Contract, nor shall such action or failure to act constitute approval of or acquiescence in a breach thereunder, except as may be specifically agreed upon in writing.

### § 13.4 Tests and Inspections

§ 13.4.1 Tests, inspections, and approvals of portions of the Work shall be made at appropriate times as required by the Contract Documents and by applicable laws, statutes, ordinances, codes, rules, and regulations or lawful orders of public authorities having jurisdiction. Unless otherwise provided, the Contractor shall make arrangements for such

Init.

tests, inspections, and approvals with an independent testing laboratory or entity acceptable to the Owner, or with the appropriate public authority, and shall bear all related costs for tests, inspections, and approvals. Provided, however, per Texas Government Code Chapter 2269, Owner shall bear all costs of construction materials engineering, testing, and inspection services, and the verification testing services necessary for acceptance of the facility by Owner. The Contractor shall give the Architect timely written notice of when and where tests and inspections are to be made so that the Architect may be present for such procedures. The Owner shall bear costs of tests, inspections, or approvals that do not become requirements until after bids are received or negotiations concluded. The Owner shall directly arrange and pay for tests, inspections, or approvals where building codes or applicable laws or regulations so require.

**§ 13.4.2** If the Architect, Owner, or public authorities having jurisdiction determine that portions of the Work require additional testing, inspection, or approval not included under Section 13.4.1, the Owner shall provide or contract for such additional testing, inspection, or approval. Such costs, except as provided in Section 13.4.3, shall be at the Owner's expense. Architect, Owner and Contractor shall cooperate for the timely scheduling of such tests and inspections.

**§ 13.4.3** If procedures for testing, inspection, or approval under Sections 13.4.1 and 13.4.2 reveal failure of the portions of the Work to comply with requirements established by the Contract Documents, all costs made necessary by such failure, including those of repeated procedures and compensation for the Architect's services and expenses, shall be at the Contractor's expense.

**§ 13.4.4** Required certificates of testing, inspection, or approval shall, unless otherwise required by the Contract Documents, be secured by the Contractor and promptly delivered to the Architect.

**§ 13.4.5** If the Architect is to observe tests, inspections, or approvals required by the Contract Documents, the Architect will do so promptly and, where practicable, at the normal place of testing.

**§ 13.4.6** Tests or inspections conducted pursuant to the Contract Documents shall be made promptly to avoid unreasonable delay in the Work.

### **§ 13.5 Interest**

Undisputed payments due and unpaid under the Contract Documents shall bear interest in accordance with the Texas Prompt Payment Act, Texas Gov't Code Chapter 2251.

**§ 13.6** Tests or inspections conducted pursuant to the Contract Documents shall be made promptly to avoid unreasonable delay in the Work.

### **§ 13.7 CONTRACTORS RECORDS**

**§ 13.7.1** Contractor agrees to furnish Owner such information as may be available in Contractor's files and records for the Project for the purpose of aiding Owner in establishing a depreciation schedule for the Project or such portions thereof as Owner may determine.

**§ 13.7.2** Contractor shall at all times through the date of Final Completion, maintain Job Records, including, but not limited to, invoices, payment records, payroll record, daily reports, diaries, logs, instructions, drawings, receipts, contracts, purchase orders, vouchers, memoranda, other financial data and job meeting minutes applicable to the Project, in a manner which maintains the integrity of the documents. Job Records must be retained by Contractor for at least ten (10) years after the date of Final Completion of the Project. Within ten (10) days of Owner's request, Contractor shall make such Job Records available for inspection, copying and auditing by the Owner, Architect or their respective representatives, at Owner's central office.

**13.7.3** For all Change Orders, Allowances and expenditures from Contingency Funds, Contractor shall also maintain, in accordance with the provisions of Section 13.9.1, the following: contract files, including proposals of successful and unsuccessful bidders, bid recaps and contractor payments; original estimates; estimating Work sheets; general ledger entries detail cash and trade discounts received; insurance rebates and dividends; and any other supporting evidence deemed necessary by the Owner to substantiate charges related to the Contract.

**13.7.4** Contractor shall keep a full and detailed financial accounting system and shall exercise such controls as may be necessary for proper financial management under this Contract; the accounting and control system shall be satisfactory to the Owner.

**13.7.5** Contractor shall keep all Construction Documents related to the Project, provided, however, Contractor shall not destroy said documents until Contractor has confirmed with Owner in writing that Owner has obtained a copy of all as-built drawings.

**13.7.6** In the event that an audit by the Owner reveals any errors/overpayments by the Owner, then the Contractor shall refund to the Owner the full amount of such overpayment within thirty (30) days of such audit findings, or the Owner, as its option, reserves the right to deduct such amounts owed to the Owner from any payments due to the Contractor.

**§ 13.8 NO THIRD-PARTY BENEFICIARIES**

There are no third-party beneficiaries to this agreement.

**ARTICLE 14 TERMINATION OR SUSPENSION OF THE CONTRACT**

**§ 14.1 Termination by the Contractor**

**§ 14.1.1** If the Work is stopped for a period of thirty (30) consecutive days through no act or fault of the Contractor or a Subcontractor, Sub-subcontractor or their agents or employees or any other persons or entities performing portions of the Work under direct or indirect contract with the Contractor, for any of the reasons set forth below, the Contractor may terminate the Contract upon twenty (20) days written notice to Owner and Architect if the Work is not allowed to commence within such period. The sole grounds for termination under this Subsection 14.1.1 are as follows:

- .1 Issuance of an order of a court or other public authority having jurisdiction that requires all Work to be stopped;
- .2 An act of government, such as a declaration of national emergency, that requires all Work to be stopped; or
- .3 Because the Owner has not made a payment on a Certificate for Payment within the time stated in the Contract Documents.
- .4 Intentionally deleted.

**§ 14.1.2** If through no act or fault of the Contractor, a Subcontractor, a Sub-subcontractor, their agents or employees, or any other persons or entities performing portions of the Work, repeated suspensions, delays, or interruptions of the entire Work by the Owner as described in Section 14.3, constitute in the aggregate more than 100 percent of the total number of days scheduled for completion, or 120 days in any 365-day period, whichever is less, the Contractor may terminate the Contract so long as Contractor has provided Owner and Architect with written notice of its intent to terminate in the event of additional delays of not less than twenty (20) days and has furnished written notice of termination to Owner and Architect no less than seven (7) days prior to the effective date of termination.

**§ 14.1.3** If one of the reasons described in Section 14.1.1 or 14.1.2 exists, the Contractor may, upon seven days' notice to the Owner and Architect, terminate the Contract and recover from the Owner payment in an amount which would have been recoverable had the termination been for the Owner's convenience.

**§ 14.1.4** If the Work is stopped for a period of 60 consecutive days through no act or fault of the Contractor, a Subcontractor, a Sub-subcontractor, or their agents or employees or any other persons or entities performing portions of the Work because the Owner has repeatedly failed to fulfill the Owner's obligations under the Contract Documents with respect to matters important to the progress of the Work, the Contractor may, upon seven additional days' notice to the Owner and the Architect, terminate the Contract and recover from the Owner as provided in Section 14.1.3.

**§ 14.2 Termination by the Owner for Cause**

**§ 14.2.1** The Owner may terminate the Contract if the Contractor

- .1 repeatedly refuses or fails to supply enough properly skilled workers or proper materials;
- .2 fails to make payment to Subcontractors for materials or labor in accordance with the respective agreements between the Contractor and the Subcontractors or Suppliers;
- .3 repeatedly disregards applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of a public authority;

- .4 or any Subcontractor becomes insolvent, enters bankruptcy, receivership or other like proceeding; voluntary or involuntarily, or makes an assignment for the benefit of creditors; and the Contractor, within fifteen (15) days after receipt of notice from the Owner, fails to provide satisfactory evidence that the Contractor will either (i) perform the Work of such Subcontractor with the Contractor's own forces, in a timely manner, or (ii) replace the Subcontractor with another similarly qualified Subcontractor who is ready, willing and able to do such Subcontractor's Work in a timely manner
- .5 fails to proceed continuously and diligently with the construction and completion of the Work; except as permitted under the Contract Documents; or
- .6 otherwise is guilty of substantial breach of a provision of the Contract Documents.

§ 14.2.2 When any of the reasons described in Section 14.2.1 exist, the Owner may, without prejudice to any other rights or remedies of the Owner and after giving the Contractor and the Contractor's surety, if any, seven days' notice, terminate employment of the Contractor and may, subject to any prior rights of the surety:

- .1 Exclude the Contractor from the site and take possession of all materials, equipment, tools, and construction equipment and machinery thereon owned by the Contractor;
- .2 Accept assignment of subcontracts pursuant to Section 5.4; and
- .3 Finish the Work by whatever reasonable method the Owner may deem expedient.

In any such event, title to the Work and any products thereof, whether completed or partially completed, as well as all materials prepared, procured or set aside by the Contractor for use in the Work, shall vest in the Owner at the Owner's option, and the Owner may enter the Contractor's premises and remove the same therefrom. No election hereunder shall be construed as a waiver of any rights or remedies of the Owner with regard to any breach of the contract Documents.

§ 14.2.3 When the Owner terminates the Contract for one of the reasons stated in Section 14.2.1, the Contractor shall not be entitled to receive further payment until the Work is finished.

§ 14.2.4 If the unpaid balance of the Contract Sum exceeds costs of finishing the Work, including compensation for the Architect's services and expenses made necessary thereby, and other damages incurred by the Owner and not expressly waived, such excess shall be paid to the Contractor. If such costs and damages exceed the unpaid balance, the Contractor shall pay the difference to the Owner.

### § 14.3 Suspension by the Owner for Convenience

§ 14.3.1 The Owner may, without cause, order the Contractor in writing to suspend, delay or interrupt the Work in whole or in part for such period of time as the Owner may determine.

§ 14.3.2 The Contract Sum and Contract Time may be adjusted by mutual written agreement for reasonable, actual, and verifiable increases in the cost and time caused by suspension, delay or interruption as described in Section 14.3.1. Adjustment of the Contract Sum shall include reasonable profit. No adjustment shall be made to the extent:

- .1 that performance is, was or would have been so suspended, delayed or interrupted by another cause for which the Contractor is responsible; or
- .2 that an equitable adjustment is made or denied under another provision of the Contract.

### § 14.4 Termination by the Owner for Convenience

§ 14.4.1 The Owner may, at any time, terminate the Contract for the Owner's convenience and without cause by giving Contractor seven (7) days notice.

§ 14.4.2 Upon receipt of written notice from the Owner of such termination for the Owner's convenience, the Contractor shall:

- .1 cease operations as directed by the Owner in the notice;
- .2 take actions necessary, or that the Owner may direct, for the protection and preservation of the Work; and
- .3 except for Work directed to be performed prior to the effective date of termination stated in the notice, terminate all existing subcontracts and purchase orders and enter into no further subcontracts and purchase orders related to the Project.

§ 14.4.3 In case of termination for the Owner's convenience, the Owner shall pay the Contractor for Work properly executed, for profit only on that portion of the Work executed, and reasonable costs of demobilization.

## ARTICLE 15 CLAIMS AND DISPUTES

### § 15.1 Claims

#### § 15.1.1 Definition

A Claim is a demand or assertion by one of the parties seeking, as a matter of right, payment of money, a change in the Contract Time, or other relief with respect to the terms of the Contract. The term "Claim" also includes other disputes and matters in question between the Owner and Contractor arising out of or relating to the Contract. The responsibility to substantiate Claims shall rest with the party making the Claim. This Section 15.1.1 does not require the Owner to file a Claim in order to impose liquidated damages in accordance with the Contract Documents.

*(Paragraphs deleted)*

#### § 15.1.2 Intentionally deleted.

#### § 15.1.3 Notice of Claims

§ 15.1.3.1 Claims by the Contractor, must be initiated within 21 days after occurrence of the event giving rise to such Claim. Claims must be initiated by written notice to the Architect and the Owner.

§ 15.1.3.2 Claims by Contractor, where the condition giving rise to the Claim is first discovered after expiration of the period for correction of the Work set forth in Section 12.2.2, shall be initiated by written notice to the other party. In such event, no decision by the Architect is required.

#### § 15.1.4 Continuing Contract Performance

§ 15.1.4.1 Pending final resolution of a Claim, except as otherwise agreed in writing or as provided in Section 9.7 and Article 14, the Contractor shall proceed diligently with performance of the Contract and the Owner shall continue to make payments of any undisputed amounts in accordance with the Contract Documents. The Architect will prepare Change Orders and issue Certificates for Payment in accordance with the decisions of the Initial Decision Maker.

§ 15.1.4.2 The Contract Sum and Contract Time shall be adjusted in accordance with the Owner's decision, subject to the right of the Contractor to proceed in accordance with this Article 15.

#### § 15.1.5 Claims for Additional Cost or an Increase in the Guaranteed Maximum Price

If the Contractor wishes to make a Claim for additional cost or an increase in the Guaranteed Maximum Price, notice as provided in Section 15.1.3 shall be given to Owner and Architect. Prior notice is not required for Claims relating to an emergency endangering life or property arising under Section 10.4. The Architect will promptly investigate such Claim and report findings and a recommended resolution in writing to the Owner and Contractor. If the Claim is approved by Owner's Board of Trustees, or Owner's representative if provided for herein, then Contractor shall proceed with the execution of the Work that is the subject matter of the Claim. If the Claim is rejected by the Owner, then Contractor may pursue alternative dispute resolution as provided for in the Contract Documents.

#### § 15.1.6 Claims for Additional Time

§ 15.1.6.1 If the Contractor wishes to make a Claim for an increase in the Contract Time, notice as provided in Section 15.1.3 shall be given. The Contractor's Claim shall include an estimate of cost and of probable effect of delay on progress of the Work. In the case of a continuing delay, only one Claim is necessary.

§ 15.1.6.2 The Contractor shall be entitled to an extension of the Contract Time for delays or disruptions due to unusually inclement weather in excess of that normally experienced at the job site. Such extension of time will be granted only if such unusual inclement weather prevented the execution of Work on normal working days. Unusual inclement weather as used herein means unusually severe weather which is beyond the normal weather recorded and expected for the locality of the Work and/or the season or seasons of the year. Normal weather conditions shall be determined based upon information compiled from the records of the U.S. Weather Bureau Station at the location of the Work. If unusually inclement weather conditions are the basis for a claim for additional time, such Claim shall be documented by data substantiating such conditions, the fact that the same could not have been reasonably anticipated, and the fact that they had an adverse effect on the scheduled construction. The Contractor shall bear the entire economic risk of all weather delays and disruptions, and shall not be entitled to any increase in the Contract Price by

Init.

reason of such delays or disruptions. Requests for an extension of time pursuant to this Subparagraph shall be submitted to the Architect not later than the fifteenth day of the month following the month during which the delays or disruptions occurred.

*(Paragraphs deleted)*

Except as otherwise provided in this Agreement, in calculating the amount of any Claim recoverable by the Contractor, the following standards will apply:

- .1 No indirect or consequential damages will be allowed.
- .2 No recovery shall be based on a comparison of planned expenditures to total actual expenditures, or on estimated loss of labor efficiency, or on a comparison of planned manloading to actual manloading, or any other analysis that is used to show damages indirectly.
- .3 Damages are limited to extra costs specifically shown to have been directly caused by a proven wrong.
- .4 No damages will be allowed for home office overhead or other home office changes or any Eichlay formula calculation.

#### **§ 15.2 Initial Decision**

**§ 15.2.1** 1 Claims by the Contractor against the Owner, including those alleging an error or omission by the Architect but excluding those arising under Section 10.3, shall be referred initially to the Architect for consideration and recommendation to the Owner. An initial recommendation by the Architect shall be required as a condition precedent to mediation of any Claim arising prior to the date final payment is due, unless thirty days have passed after the Claim has been referred to the Architect with no recommendation having been rendered by the Architect.

**§ 15.2.2** The Architect will review Claims and within ten (10) days of receipt of the Claim take one or more of the following actions: (1) request additional supporting data from the Contractor; (2) issue an initial recommendation; (3) suggest a compromise; or (4) advise the parties that the Architect is unable to issue an initial recommendation due to a lack of sufficient information or conflict of interest.

**§ 15.2.3** Following receipt of the Architect's initial recommendation regarding a claim, the Owner and Contractor shall attempt to reach agreement as to any adjustment to the Contract Price and/or Contract Time. If no agreement can be reached either party may request mediation of the dispute pursuant to Article 15.

**§ 15.2.4** If the Architect requests a party to provide a response to a Claim or to furnish additional supporting data, such party shall respond, within ten days after receipt of the request, and shall either (1) provide a response on the requested supporting data, (2) advise the Architect when the response or supporting data will be furnished, or (3) advise the Architect that no supporting data will be furnished.

**§ 15.2.5** Following receipt of the Architect's written recommendation regarding a Claim, the Owner and Contractor shall attempt to reach agreement as to any adjustment to the Contract Sum/Guaranteed Maximum Price and/or Contract Time. - .2 The Contractor shall, therefore, satisfy itself as to the accuracy of all grades, elevations, dimensions, and locations. In all cases of interconnection of its Work with existing or other Work, it shall verify at the site all dimensions relating to such existing or other Work. Any errors due to the Contractor's failure to so verify all such grades, elevations, dimensions, or locations shall be promptly rectified by the Contractor without any additional cost to the Owner.

...

**§ 3.2.4** If the Contractor believes that additional cost or time is involved because of clarifications or instructions the Architect issues in response to the Contractor's notices or requests for information pursuant to Sections 3.2.2 or 3.2.3, the Contractor shall submit Claims as provided in Article 15. If the Contractor fails to perform the obligations of ~~Sections 3.2.2~~ Sections 3.2.2 or 3.2.3, the Contractor shall pay such costs and damages to the Owner, subject to Section 15.1.7, as would have been avoided if the Contractor had performed such obligations. If the Contractor performs those obligations, the Contractor shall not be liable to the Owner or Architect for damages resulting from errors, inconsistencies or omissions in the Contract Documents, for differences between field measurements or conditions and the Contract Documents, or for nonconformities of the Contract Documents to applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities.

**3.2.5** Notwithstanding the delivery of a survey or other documents by the Owner, Contractor shall use reasonable efforts to perform all Work in such a manner so as to avoid damaging any utility lines, cables, pipes, or pipelines on the property. Contractor shall be responsible for, and shall repair at Contractor's own expense, any damage done to lines, cables, pipes, and pipelines identified to Contractor.

3.2.6 The Owner and Contractor agree that the Contract Documents may not be free from errors, inconsistencies, or omissions, and further agree that the Owner makes no warranty as to the completeness or accuracy of the Contract documents, either express or implied. Execution of the Contract by the Contractor is a representation that the Contractor has thoroughly reviewed and become familiar with the Contract Documents and that the Contractor is not aware of any errors, inconsistencies or omissions in the Contract Documents which would delay the Contractor in the performance of the Contract Work. The Contractor shall not be entitled to any damages or increase in the Contract Amount due to delays or disruptions to the Work. This limitation on damages is further subject to the limitations set forth in Section 15.1.7.

3.2.7 The Owner shall be entitled to deduct from the Contract Sum amounts paid to the Architect for the Architect to evaluate and respond to the Contractor's request for information, where such information was available to the Contractor from a careful study and comparison of the Contract Documents, field conditions, other Owner provided information, Contractor prepared coordination drawings, or prior Project correspondence or documentation.

3.2.8 The Contractor shall use the AIA Document G716-2004 "REQUEST FOR INFORMATION" (RFI) form unless otherwise provided in the Contract Documents or otherwise agreed by Owner. The Contractor shall keep a log of all RFI's submitted and number the RFI's consecutively beginning with the number 1.

**PAGE 16**

3.3.1.1 The Contractor shall assign a superintendent who shall make decisions on behalf of the Contractor and its Subcontractors. The superintendent shall be on the Project, in this capacity, at all times while Work on the Project is in progress.

...

§ 3.3.4 Contractor shall bear responsibility for design and execution of acceptable trenching and shoring procedures, in accordance with Texas Government Code, Section 2166.303 and Texas Health and Safety Code, chapter C, Sections 756.021, et seq.

3.3.5 It is understood and agreed that the relationship of Contractor to Owner shall be that of an independent Contractor. Nothing contained herein or inferable herefrom shall be deemed or construed to (1) make Contractor the agent, servant, or employee of the Owner, or (2) create any partnership, joint venture, or other association between Owner and Contractor. Any direction or instruction by Owner in respect of the Work shall relate to the results the Owner desires to obtain from the Work, and shall in no way affect Contractor's independent contractor status as described herein.

3.3.6 The Contractor shall review contractor safety programs, procedures, and precautions in connection with performance of the Work. However, the Contractor's duties shall not relieve any Subcontractor(s) or any other person or entity (e.g. a supplier) including any person or entity with whom the Contractor does not have a contractual relationship, of their responsibility or liability relative to compliance with all applicable federal, state and local laws, rules, regulations, and ordinances which shall include the obligation to provide for the safety of their employees, persons, and property and their requirements to maintain a work environment free of recognized hazards. The foregoing notwithstanding, the requirements of this Section are not intended to impose upon the Contractor any additional obligations that the Contractor would not have under any applicable state or federal laws including, but not limited to, any rules, regulations, or statutes pertaining to the Occupational Safety and Health Administration.

3.3.7 Contractor acknowledges that the Work may be performed in connection with an educational facility which is currently occupied and in use. It is imperative that Contractor's operations and the performance of the Work not interfere with, interrupt, disturb, or disrupt Owner's normal operations or facilities. Contractor agrees to and shall comply with all rules, regulations and requirements of the Owner and the school campus on which the Work is to be performed and shall take all steps necessary to protect and guard the safety of the employees, students and invitees of Owner. Contractor shall exercise the utmost skill and judgment to ensure that continuing construction activity will not interfere with the use, occupancy and quiet enjoyment of facilities in use on the site. Contractor recognizes that the ongoing activities in proximity with its construction activities shall result in the need for prompt and effective coordination of its services with those involved in the ongoing utilization of the premises. Such coordination and adequate site access shall be the responsibility of Contractor. Contractor understands and accepts the difficulties and

costs associated with working in an existing facility and the potential delays and disruptions in its Work and has included such items in the Contract Time and the Contract Sum. The Contractor shall perform all the Work in such a manner as to cause minimum interference with the operations of the Owner and other contractors and Subcontractors on the site, and shall take, and cause the Contractor's and its Subcontractor's employees, agents, licensees and permittees to take all necessary precautions to protect the Work and the site and all persons and property thereon from damage or injury.

**3.3.8** Representatives of the Owner, Contractor, and Architect shall meet periodically at mutually agreed upon intervals, for the purpose of establishing procedures to facilitate cooperation, communication, and timely responses among the participants. By participating in this arrangement, the parties do not intend to create additional contractual obligations or modify the legal relationships which may otherwise exist.

**3.3.9** The Owner may require that the Contractor use and/or respond to certain Owner-furnished forms or inquiries during the course of the Project. From time to time, there may be future revisions, changes, additions or deletions to these forms. The fact that the Owner modifies and increases reasonable reporting requirements shall not serve as the basis for a claim for additional time or compensation by the Contractor.

**3.3.10** In the event Contractor shall fall behind schedule at any time, for any reason, Owner shall be entitled to direct acceleration or resequencing of the Work to bring the Work back on scheduled. Contractor shall be entitled to compensation from the Construction Contingency, or if such contingency funds are exhausted, pursuant to Change Order, for such acceleration only (a) to the extent necessitated by excusable and compensable delays, and (b) to the extent of premium pay and additional equipment cost actually incurred by Contractor. In the event Contractor determines that he Scheduled Completion Date cannot be met by resequencing the Work, then Contractor shall immediately provide to the Owner, and in any event within seven (7) days after the date of receipt of any request by Owner for resequencing or acceleration, a plan to complete the Work in the shortest possible time. No approval by the Owner of any plan for resequencing or acceleration of the Work submitted by Contractor pursuant to this paragraph shall constitute a waiver by Owner of any damages or losses which Owner may suffer by reason of such resequencing or the failure of Contractor to meet the Scheduled Completion Date.

**§ 3.4.1** Unless otherwise provided in the Contract Documents, the Contractor shall provide and pay for labor, materials, equipment, tools, construction equipment and machinery, water, heat, utilities, transportation, and other facilities and services necessary for proper execution and completion of the Work, whether temporary or permanent and whether or not incorporated or to be incorporated in the Work. The Contractor shall pay fees for public or private water, gas, electrical and other utility service at the site. The Contractor shall secure and arrange for all necessary utility connections.

#### **3.4.1.1 PREVAILING WAGES**

The Project is subject to the Texas Government Code, Chapter 2258, Prevailing Wage Rates. This statute requires the Contractor and any Subcontractor to pay not less than the prevailing rates of per diem wages in the locality at the time of construction to all laborers, workmen, and mechanics employed by them in the execution of the contract.

**3.4.1.2** In accordance therewith, the Owner has established a scale of prevailing wages which is incorporated in the Project specifications, and not less than this established scale must be paid on the Project. Any workers not included in the schedule shall be properly classified and paid not less than the rate of wages prevailing in the locality of the Work at the time of construction. Owner reserves the right to receive and review payroll records, payment records, and earning statements of employees of Contractor, and of Contractor's Subcontractors and Sub-subcontractors.

**3.4.1.3** A Contractor or Subcontractor who violates the provisions of Sections 3.4.1.1 or 3.4.1.2 shall pay to Owner the sum of Sixty Dollars and No/100 (\$60.00) for each worker employed for each calendar day or part of the day that the worker is paid less than the wage rate stipulated in the scale of prevailing wages applicable to this Project, as required by Texas Government Code Section 2258.023(b).

**3.4.1.4** In executing the Work under the Contract Documents, Contractor shall comply with all applicable state and federal laws, including but not limited to, laws concerning labor, equal employment opportunity, safety, and minimum wage.

3.4.1.5 If no schedule is attached, then the parties shall use the wage rate determined by the US Department of Labor in accordance with the Davis-Bacon Act, 40 U.S.C. Section 276a, (which can be accessed on the internet at <https://www.wdol.gov/> or <https://beta.sam.gov/>) effective as of the date of this Agreement.

§ 3.4.2 Except in the case of minor changes in the Work approved by the Architect in accordance with Section 3.12.8 or ordered by the Architect in accordance with Section 7.4, the Contractor may make substitutions only with the consent of the Owner, after evaluation by the Architect and in accordance with a Change Order or Construction Change Directive.~~Intentionally deleted.~~

§ 3.4.2.1 Substitutions and alternates may be rejected without explanation and will be considered only under one or more of the following conditions: (i) the proposal is required for compliance with interpretation of code requirements or insurance regulations then existing; (ii) specified products are unavailable through no fault of the Contractor; and (iii) when in the judgment of the Owner or the Architect, a substitution would be substantially in the Owner's best interests, in terms of cost, time, or other considerations.

§ 3.4.2.2 The Contractor must submit to the Architect and the Owner (i) a full explanation of the proposed substitution and submittal of all supporting data, including technical information, catalog cuts, warranties, test results, installation instructions, operating procedures, and other information necessary for a complete evaluation of the substitution; (ii) a written explanation of the reasons the substitution is necessary, including the benefits to the Owner and the Work in the event the substitution is acceptable; (iii) the adjustment, if any, in the Contract Sum; (iv) the adjustment, if any, in the time of completion of the Contract and the construction schedule; and (v) an affidavit stating the (a) the proposed substitution confirms to and meets all the requirements of the pertinent Specifications and the requirements shown on the Drawings, and (b) the Contractor accepts the warranty and correction obligations in connection with the proposed substitution as if originally specified by the Architect. Proposals for substitutions shall be submitted in triplicate to the Architect in sufficient time to allow the Architect no less than twenty-one (21) working days for review. No substitutions will be considered or allowed without the Contractor's submittal of complete substantiating data and information as stated hereinbefore.

3.4.2.3 Whether or not any proposed substitution is accepted by the Owner or the Architect, the Contractor shall reimburse the Owner for any fees charged by the Architect or other consultants for evaluating each proposed substitute.

§ 3.4.3 The Contractor shall enforce strict discipline and good order among the Contractor's employees and other persons carrying out the Work. The Contractor shall not permit employment of unfit persons or persons not properly skilled in tasks assigned to them. The Contractor shall be responsible for the actions of Contractor's forces, Subcontractor's forces and all tiers of Sub-subcontractor's forces. The Contractor recognizes that the Project Site is a public school campus, and will prohibit the possession or use of alcohol, controlled stances, tobacco, and any prohibited weapons on the Project Site and shall require adequate dress of the Contractor's forces consistent with the nature of the Work being performed, including wearing shirts at all times. Sexual harassment of employees of the Contractor or employees or students of the Owner by employees of the Contractor is strictly forbidden. Any employee of the Contractor who is found to have engaged in such conduct shall be subject to appropriate disciplinary action by the Contractor, including removal from the job site.

§ 3.4.4 The Contractor shall only employ or use labor in connection with the Work capable of working harmoniously with all trades, crafts, and any other individuals associated with the Project.

### **3.4.5 CRIMINAL HISTORY RECORDS CHECKS**

3.4.5.1 Contractor shall obtain all criminal history information required by Texas Education Code Chapter 22.0834 or cause such information to be provided to Owner, the Texas Department of Public Safety ("DPS") or such entity as is designated by Owner for any employees required by statute to submit to a fingerprint-based background check through the DPS FACT Clearinghouse of Texas. Contractor will cooperate with Owner to determine which Contractor employees, if any, are required to submit to such background check. Before beginning any Work on the Project, Owner and Contractor will confer and ensure that any such required employees undergo a check, and Contractor shall fully cooperate with Owner during this process. Upon request by Owner, Contractor will provide any requested information regarding applicable employees, so that the Owner may obtain criminal history recommended information on such employees. Contractor shall assume all expenses associated with obtaining criminal history record information.

3.4.5.2 Contractor will not assign any "covered employee" with a "disqualifying criminal history," as those terms are defined below, to work on the Project. If Contractor receives information that a covered employee has a reported disqualifying criminal history, including any such information shared by Owner, then Contractor will immediately remove the covered employee from the Project and notify the Owner in writing within three (3) business days. If the Owner objects to the assignment of any covered employee on the basis of the covered employee's criminal history record information, then Contractor agrees to discontinue using that covered employee to provide services on Owner's Project. If Contractor has taken precautions or imposed conditions to ensure that the employees of Contractor and any of Contractor's subcontractors will not become covered employees, Contractor will ensure that these precautions or conditions continue throughout the time the contracted services are provided.

3.4.5.3 For the purposes of this Section, "covered employees" means employees, agents, or subcontractors of Contractor or any of Contractor's consultants who has or will have continuing duties related to the services to be performed on Owner's Project and has or will have direct contact with Owner's students. The Owner will decide what constitutes direct contact with Owner's students. "Disqualifying criminal history" means any conviction or other criminal history information designed by the Owner, or one of the following offenses; if at the time of the offense, the victim was under 18 years of age or enrolled in a public school; a felony offense under Texas Penal Code Title 5 Offense Against Persons; an offense for which a defendant is required to register as a sex offender under Texas Code of Criminal Procedure Chapter 62; or an equivalent offense under federal law or the laws of another state.

3.4.5.4 Any subcontractor entity of the Contractor shall be required by the terms of their contract with Contractor to comply with the same terms set forth above regarding such subcontracting entity's employees.

**PAGE 20**

§ 3.5.3 The Contractor agrees to assign to the Owner at the Time of Final Completion of the Work any and all manufacturer's warranties relating to materials and labor used in the Work and further agrees to perform the Work in such manner so as to preserve any and all such manufacturer's warranties. As a condition precedent to final payment, the Contractor shall submit to Owner a complete set of warranties from contractors, manufacturers, or suppliers as appropriate, and executed by Contractor as required, with a warranty commencement date as required by the Contract Documents.

§ 3.5.4 Contractor's express warranty herein shall be in addition to, and not in lieu of, any other remedies Owner may have under this Agreement, at law, or in equity for defective Work.

§ 3.5.5 The warranties provided in Section 3.5 shall be in addition to and not in limitation of any other warranty or remedy required by law or by the Contract Documents, and such warranty shall be interpreted to require Contractor to replace defective materials and equipment and re-execute defective Work which is disclosed to the Contractor by the Owner within a period of one (1) year after Substantial Completion of the entire Work or if latent defect, within one (1) year after discovery thereof by Owner.

§ 3.5.6 The Contractor shall issue in writing to the Owner as a condition precedent to final payment a "General Warranty" reflecting the terms and conditions of Sections 3.5.2 and 3.5.3 for all Work under the Contract Documents. This General Warranty shall be assignable. Submittal of all warranties and guarantees are required as a prerequisite to the final payment.

§ 3.5.7 Except when a longer warranty time is specifically called for in the Specification Sections or is otherwise provided by law, the General Warranty shall be for twelve (12) months and shall be in form and content otherwise satisfactory to the Owner. Contractor acknowledges that the Project may involve construction work on more than one (1) building for the Owner. Each building, or approved phase of each building, may have its own, separate, and independent date of Substantial Completion or Final Completion. Contractor shall maintain a complete and accurate schedule of the dates of Substantial Completion, dates upon which the one (1) year warranty on each phase or building which is substantially complete will expire, and dates of Final Completion. Contractor agrees to provide notice of the warranty expiration date to Owner and Architect at least one (1) month prior to the expiration of the one (1) year warranty period on each building or each phase of the building which has been substantially completed. Prior to termination of the one (1) year warranty period, Contractor shall accompany the Owner and Architect on reinspection of the building and be responsible for correcting any reasonable additional deficiencies not caused by the Owner or by the use of the building which are observed or reported during the reinspection. For extended warranties required by

various sections, i.e., roofing, compressors, mechanical equipment, Owner will notify the Contractor of deficiencies and Contractor shall start remedying these defects within three (3) days of initial notification from Owner. Contractor shall prosecute the Work without interruption until accepted by the Owner and the Architect, even though such prosecution should extend beyond the limit of the warranty period. If Contractor fails to provide notice of the expiration of the one (1) year warranty period at least one (1) month prior to the expiration date, Contractor's warranty obligations described in this Section shall continue until such inspection is conducted and any deficiencies found in the inspection corrected.

§ 3.5.8 Warranties shall become effective on a date established by the Owner and Architect in accordance with the Contract Documents. This date shall be the date of Substantial Completion of the entire Work, unless otherwise provided in any Certificate of Partial Substantial Completion approved by the parties, except for Work to be completed or corrected after the date of Substantial Completion and prior to final payment. Warranties for Work to be completed or corrected after the date of Substantial Completion and prior to final payment shall become effective on the later of the date the Work is completed or corrected and accepted by the Owner and Architect or the date of final payment.

The Contractor shall pay sales, consumer, use and similar taxes for the Work provided by the Contractor that are legally enacted when bids are received or negotiations concluded, whether or not yet effective or merely scheduled to go into effect.

§ 3.6.1 The Contractor may not include in the Contract Price or any Modification any amount for sales, use, or similar taxes for which (1) a Texas independent school district is exempt, and (2) the Owner has provided the Contractor with a tax exemption certificate or other documentation necessary to establish the Owner's exemption from such taxes.

PAGE 21

§ 3.7.2 The Contractor shall comply with and give notices required by applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities applicable to performance of the Work. In performing its obligations hereunder, the Contractor shall fully comply with all applicable laws, ordinances, rules, regulations, lawful orders and decrees of all applicable authorities, and when requested shall furnish evidence satisfactory to the owner of such compliance.

§ 3.7.3 If the Contractor performs Work knowing it to be contrary to applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, the Contractor shall assume appropriate responsibility for such Work and shall bear the costs attributable to correction. The Contractor agrees to indemnify, defend and hold harmless the Owner, its trustees, officers, representatives, agents and employees from and against all claims, fines, penalties, or liabilities from or arising out of such Work, or based upon the actual or asserted violation of any laws, ordinances, rules, regulations, orders or decrees applicable to such Work.

#### § 3.7.4 Concealed or Unknown Conditions

If the Contractor encounters conditions at the site that are (1) subsurface or otherwise concealed physical conditions that differ materially from those indicated in the Contract Documents or (2) unknown physical conditions of an unusual nature that differ materially from those ordinarily found to exist and generally recognized as inherent in construction activities of the character provided for in the Contract Documents, the Contractor shall promptly provide notice to the Owner and the Architect before conditions are disturbed and in no event later than 14 days after first observance of the conditions. The Architect will promptly investigate such conditions and, if the Architect determines that they differ materially and cause an increase or decrease in the Contractor's cost of, or time required for, performance of any part of the Work, will recommend that an equitable adjustment be made in the Contract Sum or Contract Time, or both. If the Architect determines that the conditions at the site are not materially different from those indicated in the Contract Documents and that no change in the terms of the Contract is justified, the Architect shall promptly notify the Owner and Contractor, stating the reasons. If either party disputes the Architect's determination or recommendation, that party may submit a Claim as provided in Article 15.

#### § 3.7.4 Concealed or Unknown Conditions, Claims for Concealed or Unknown Conditions

Contractor acknowledges that there may exist at the Project site certain soil and geological conditions and/or surface physical conditions which are not disclosed in the Contract Documents, and which have been known to or may be reasonably anticipated to occur in the area or be related to any past use of the Project site, including, without limitation, the presence of rock and its hardness, geologic formations, differing soils, and surface structures, equipment or other impediments, either natural or man-made (collectively, "Subsurface Conditions"). Owner makes

no representations or warranties regarding Subsurface Conditions at the Project site, or of the accuracy or continuity of conditions which may be noted in any reports furnished or made available to Contractor. Contractor covenants and agrees that any such reports are furnished or made available by Owner to Contractor for information purposes only, and Contractor acknowledges that Owner is not responsible for the content thereof. Contractor shall be responsible for inspecting the site and determining the existence or likelihood of any Subsurface Conditions which may affect the Contract Time or the Contract sum, or both. The Contract Time and the Contract Sum bid by Contractor shall be deemed to include all costs of and time to complete all Work associated with or attributable to Subsurface Conditions, and Contractor shall not be entitled to submit a claim for or to obtain an extension of the Contract Time or increase in the Contract Sum due to the existence of Subsurface Conditions. Except as provided above with respect to Subsurface Conditions, if conditions are encountered at the site which are concealed physical conditions which were not known to the Contractor and which differ substantially from those indicated in the Contract Documents, then the Contractor shall notify the Owner and the Architect of such conditions promptly before conditions are disturbed, and in no event less than three (3) days after first observation of the conditions. The Architect will promptly investigate such conditions and report its findings to the Owner. If the Owner and the Contractor cannot agree on an adjustment to the Contract Sum or Contract Time, the adjustment shall be subject to mediation pursuant to Article 15.

**§ 3.7.5** If, in the course of the Work, the Contractor encounters human remains or recognizes the existence of burial markers, archaeological sites or wetlands not indicated in the Contract Documents, the Contractor shall immediately suspend any operations that would affect them and shall notify the Owner and Architect. Upon receipt of such notice, the Owner shall promptly take any action necessary to obtain governmental authorization required to resume the operations. The Contractor shall continue to suspend such operations until otherwise instructed by the Owner but shall continue with all other operations that do not affect those remains or features. Requests for adjustments in the Contract Sum and Contract Time arising from the existence of such remains or features may be made as provided in Article 15.

**§ 3.7.6** The Contractor shall also obtain all permits and approvals, and pay all fees and expenses, if any, associated with National Pollutant Discharge Elimination System (NPDES) regulations administered by the Environmental Protection Agency (EPA) and local authorities, if applicable, that require completion of documentation and/or acquisition of a "Land Disturbing Activities Permit" for the Project. Contractor's obligations under this Section do not require it to perform engineering services during the pre-construction phase to prepare proper drainage for the construction sites. However, any drainage alterations made by Contractor during the construction process which require the issuance of a permit shall be at Contractor's sole cost.

**3.7.7** The Contractor shall certify in writing that no materials used in the Work contain lead or asbestos materials in them in excess of amounts allowed by Local/State standards, laws, codes, rules and regulations; the Federal Environmental Protection Agency (EPA) standards and/or the Federal Occupational Safety and Health Administration (OSHA) standards, whichever is most restrictive. The Contractor shall provide this written certification as part of submittals under the Section in the Instruments of Service related to Contract Closeout.

#### PAGE 22

- .2** Contractor's costs for unloading and handling at the site, labor, installation costs, overhead, ~~profit, profit~~ and other expenses contemplated for stated allowance amounts shall be included in the Contract Sum but not in the allowances; and
- .3** whenever costs are more than or less than allowances, the Contract Sum shall be adjusted accordingly by Change Order. The amount of the Change Order shall reflect (1) the difference between actual costs and the allowances under ~~Section 3.8.2.1~~ Section 3.8.2.1 and (2) changes in Contractor's costs under ~~Section 3.8.2.2, Section 3.8.2.2.~~

**§ 3.8.3** Materials and equipment under an allowance shall be selected by the Owner ~~with reasonable promptness~~ within such time as is reasonably specified by the Contractor as necessary to avoid delay in the Work.

**3.8.4** When performing Work under allowances, where reasonably possible, Contractor shall solicit and receive no fewer than three (3) written proposals and shall provide the Work as directed by the Architect, upon Owner's written approval, on the basis of the best value for the Owner.

...

**§ 3.9.1** The Contractor shall employ a competent superintendent and necessary assistants who shall be in attendance at the Project site during performance of the Work. The superintendent shall represent the Contractor, and communications given to the superintendent shall be as binding as if given to the Contractor. The Contractor shall not replace the Superintendent prior to Final Completion of the Work unless (1) the Superintendent shall cease to be employed by the Contractor or its subsidiaries or affiliated companies, or (2) the Owner agrees to such replacement. The Superintendent may not be employed on any other project prior to Final Completion of the Work. From Substantial Completion to Final Completion, the Superintendent shall be on-site as necessary to ensure that Final Completion occurs within thirty (30) days of Substantial Completion.

**§ 3.9.2** ~~The Contractor, as soon as practicable after award of the Contract, shall notify the Owner and Architect of the name and qualifications of a proposed superintendent. Within 14 days of receipt of the information, the Architect may notify the Contractor, stating whether the Owner or the Architect (1) has reasonable objection to the proposed superintendent or (2) requires additional time for review. Failure of the Architect to provide notice within the 14-day period shall constitute notice of no reasonable objection.~~ Contractor shall furnish a list to the Architect of all engineers, consultants, job-site superintendents, Subcontractors and suppliers involved in construction. The Architect shall provide such information to the Owner.

- .1 The Owner may reject or require removal of any engineer, consultant, job superintendent, or employee of the Contractor, Subcontractor or Sub-subcontractor involved in the Project.
- .2 Contractor shall provide an adequate staff for the proper coordination and expedition of the Work. Owner reserves the right to require Contractor to dismiss from the Work any employee or employees that Owner may deem incompetent, careless, insubordinate, or in violation of any provision in these Contract Documents. This provision is applicable to Subcontractors, Sub-subcontractors and their employees.
- .3 The Owner reserves the right to utilize one or more of its employees to function in the capacity of the Owner's inspector, whose primary function will be daily inspections, checking pay requests, construction timelines, and storage of supplies and materials.

**§ 3.9.3** ~~The Contractor shall not employ a proposed superintendent to whom the Owner or Architect has made reasonable and timely objection. The Contractor shall not change the superintendent without the Owner's consent, which shall not unreasonably be withheld or delayed.~~ Owner shall be notified not less than twenty-four (24) hours before any time that superintendent will not be present at the site for any reason except illness. If the reason is due to illness, then Owner shall be notified at the beginning of that day. Owner shall be notified of the identity of the acting superintendent. In the event the superintendent is absent from the site and notice has not been provided nor has an acting superintendent been assigned to the Work, the Contractor is subject to being back charged in the amount of TWO HUNDRED FIFTY AND NO/100 DOLLARS (\$250.00) for each day.

**PAGE 23**

**§ 3.10.1** The Contractor, promptly after being awarded the Contract, shall prepare and submit for the Owner's and Architect's information a Contractor's construction schedule for the Work. The schedule shall contain detail appropriate for the Project, including (1) the date of commencement of the Work, interim schedule milestone dates, and the date of Substantial Completion; (2) an apportionment of the Work by construction activity; and (3) the time required for completion of each portion of the Work. The schedule shall provide for the orderly progression of the Work to completion and shall not exceed time limits current under the Contract Documents. The schedule shall be revised at appropriate intervals as required by the conditions of the Work and Project-contractor's initial constructions schedule for the Work utilizing critical path method scheduling techniques. The initial schedule shall not exceed the time limits set forth in the Contract Documents. The initial schedule shall thereafter be updated on a monthly basis and submitted with each application for payment. The receipt of an updated schedule with each application for payment shall be a condition precedent to the Owner's duty to make any payment pursuant to Article 9.6.

- .1 Each schedule shall break the Work into a sufficient number of activities to facilitate the efficient use of critical path method scheduling by the Contractor, Owner, and Architect. Each schedule activity shall be assigned a cost value consistent with the Schedule of Values so as to allow the Owner and Contractor to project case flow for the Project.
- .2 Each schedule shall include activities representing manufacturing, fabrication, or ordering lead time for materials, equipment, or other items for which the Architect is required to review submittals, shop drawings, product data, or samples.
- .3 Each schedule, other than the initial schedule, shall indicate the activities, or portions thereof, which have been completed; shall reflect the actual time for completion of such activities; and shall reflect any changes to the sequence or planned duration of all activities.

- .4 If any updated schedule exceeds the time limits set forth in the Contract Documents for completion of the Work, the Contractor shall include with the updated schedule a statement of the reasons for the anticipated delay in completion of the Work and the Contractor's planned course of action for completing the Work within the time limits set forth in the Contract Documents. If the Contractor asserts that the failure of the Owner or the Architect to provide information to the Contractor is the reason for anticipated delay in completion, the Contractor shall also specify what information is required from the Owner or Architect.
- .5 Neither the Owner or the Contractor shall have exclusive ownership of float time in the schedule, and all float time shall inure to the benefit of the Project. The Contractor agrees to use its best efforts not to sequence the Work or assign activity durations so as to produce a schedule in which more than one-fourth of the remaining activities have no float time.
- .6 Submission of any schedule under this Contract constitutes a representation by the Contractor that: (1) the schedule represents the sequence in which the Contractor intends to prosecute the remaining Work; (2) the schedule represents the actual sequence and durations used to prosecute the completed Work; (3) that to the best of its knowledge and belief the Contractor is able to complete the remaining Work in the sequence and time indicated; and, (4) that the Contractor intends to complete the remaining Work in the sequence and time indicated.

...

§ 3.10.3 The Contractor shall perform the Work in general accordance with the most recent schedules submitted to the Owner and Architect. Upon review and acceptance by the Owner and the Architect of the Milestone Dates, the construction schedule shall be deemed part of the Contract Documents. If not accepted, the construction schedule shall be promptly revised by the Contractor in accordance with the recommendations of the Owner and the Architect and resubmitted for acceptance. The Contractor shall monitor the progress of the Work for conformance with the requirements of the construction schedule and shall promptly advise the Owner of any delays or potential delays. The accepted construction schedule shall be updated to reflect actual conditions. In the event any progress report indicates any delays, the Contractor shall propose an affirmative plan to correct the delay, including overtime and/or additional labor, if necessary. In no event shall any progress report constitute an adjustment in the Contract Time, any Milestone Date, or the Contract Sum unless any such adjustment is agreed to by the Owner and authorized pursuant to Change Order.

§ 9.8.1 Substantial Completion is the stage in the progress of the Work when the Work or designated portion thereof is sufficiently complete in accordance with the Contract Documents so that the Owner can occupy or utilize the Work for its intended use; provided, however, as a condition precedent to Substantial Completion, the Owner has received all certificates of occupancy and any other permits, approvals, licenses, and other documents from any governmental authority having jurisdiction thereof necessary for the beneficial occupancy of the Project (or if the same cannot be delivered for reasons not the fault or responsibility of the Contractor, nevertheless all Contractor's obligations necessary to the issuance of such certificates, permits, approvals, or licenses will have been performed.) Without

...

**§ 9.8.3** Upon receipt of the Contractor's list, the Architect and the Owner will make an inspection to determine whether the Work or designated portion thereof is substantially complete. If the Architect's inspection discloses any item, whether or not included on the Contractor's list, which is not sufficiently complete in accordance with the Contract Documents so that the Owner can occupy or utilize the Work or designated portion thereof for its intended use, the Contractor shall, before issuance of the Certificate of Substantial Completion, complete or correct such item upon notification by the Architect. - .1 If, in Architect's opinion during the inspection, the Project, or the designated portion thereof which Owner has agreed to accept separately, is not sufficiently complete to warrant inspection, or if the list of items to be completed or corrected is not sufficiently complete to warrant inspection, then Architect may terminate the inspection and notify the Contractor that the Project is not ready for inspection. If for such reasons, Architect is required to make additional inspections, the Owner may deduct the cost of Architect's additional services made necessary thereby from any payments due the Contractor. The Architect's compensation shall be determined in accordance with the applicable provisions of the Agreement between the Owner and Architect.
- .2 Except with the consent of the Owner, the Architect will perform no more than ONE (1) inspection to determine whether the Work has attained Substantial Completion in accordance with the Contract Documents. **§ 9.8.7** The Contractor shall keep all required insurance in full force, and utilities on, until the Certificate of Substantial Completion is issued and accepted by the Owner in writing, regardless of the stated date of Substantial Completion. The Contractor shall not be responsible for utility or insurance certificates in areas that have been accepted by the Owner. The Architect shall not unreasonably delay Certification of Substantial Completion if all requirements of Section 9.8.1 and any additional requirements for Substantial Completion in the Project Manual have been met.

**PAGE 40**

**§ 9.9.1** The Owner may occupy or use any completed or partially completed portion of the Work at any stage when such portion is designated by separate agreement with the Contractor, provided such occupancy or use is consented to by the insurer and authorized by public authorities having jurisdiction over the Project. Such partial occupancy or use may commence whether or not the portion is substantially complete, provided the Owner and Contractor have accepted in writing the responsibilities assigned to each of them for payments, retainage, if any, security, maintenance, heat, utilities, damage to the Work and insurance, and have agreed in writing concerning the period for correction of the Work and commencement of warranties required by the Contract Documents. When the Contractor considers a portion substantially complete, the Contractor shall prepare and submit a list to the Architect as provided under ~~Section 9.8.2.~~ Section 9.8.2. Consent of the Contractor to partial occupancy or use shall not be unreasonably withheld.

The stage of the progress of the Work shall be determined by written agreement between the Owner and Contractor or, if no agreement is reached, by decision of the Architect.

...

**§ 9.9.3** ~~Unless otherwise agreed upon, expressly agreed upon in writing,~~ partial occupancy or use of a portion or portions of the Work shall not constitute acceptance of Work not complying with the requirements of the Contract Documents.

...

**§ 9.10.1** ~~Upon receipt of the Contractor's notice that the Work is ready for final inspection and acceptance and upon receipt of a final Application for Payment, the Architect will promptly make such inspection. When the Architect finds the Work acceptable under the Contract Documents and the Contract~~ When all of the Work is finally completed and the Contractor is ready for a final inspection it shall notify the Owner and the Architect thereof in writing. Thereupon, the Architect and Owner will make final inspection of the Work and, if the Work is complete in full accordance with the Contract Documents and this Contract has been fully performed, the Architect will promptly issue a final Certificate for Payment stating that to the best of the Architect's knowledge, information and belief, and on the basis of the Architect's on-site visits and inspections, the Work has been completed in accordance with the Contract Documents and that the entire balance found to be due the Contractor and noted in the final Certificate is due and payable. The Architect's final Certificate for Payment will constitute a further representation that conditions listed in Section 9.10.2 as precedent to the Contractor's being entitled to final payment have been fulfilled, certifying to the Owner that the Project is complete and the Contractor is entitled to the remainder of the unpaid Contract Price, less any amount withheld pursuant to this Contract. Except with the consent of the Owner, the Architect will perform no more than one (1) inspection to determine whether the Work has attained Final Completion in accordance with the Contract Documents. If the Architect is unable to issue its final Certificate for Payment and is required to repeat its final inspection of the Work, the Contractor shall bear the cost of such repeat final inspection(s) which cost may be deducted by the Owner from the Contractor's final payment.

Upon the Owner's acceptance of the Construction Manager's Guaranteed Maximum Price proposal, the Contract Documents will also include the documents described in Section 3.2.3 and identified in the Guaranteed Maximum Price Amendment, to the extent not inconsistent with this Agreement or the other Contract Documents (in the event of any inconsistency between the documents listed in Section 3.2.3 and this Agreement or the other Contract Documents, this Agreement and the other Contract documents, in that order, shall control over such listed documents), and revisions prepared by the Architect and furnished by the Owner as described in Section 3.2.8. The Contract represents the entire and integrated agreement between the parties hereto and supersedes prior negotiations, representations or agreements, either written or oral. If anything in the other Contract Documents, other than a Modification, is inconsistent with this Agreement, this Agreement shall govern. An enumeration of the Contract Documents, other than a Modification, appears in Article 15. Any reference to AIA Document A201-2017 in this Agreement shall be construed as the AIA Document A201-2017, as amended.

**§ 2.1.1** Any revision, amendment, or modification to the Standard Form of this Agreement shall be valid, binding, and enforceable only if said revision, amendment or modification is made conspicuous by being underlined, lined-through, or highlighted in this Agreement signed by Construction Manager and the authorized representative of Owner's Board of Trustees. In the event of conflict, terms and conditions contained in the Agreement, as amended, shall take precedence over terms and conditions contained in the General Conditions, as amended, and the terms and conditions in the General Conditions, as amended, shall take precedence over all other terms and conditions contained in the other Contract Documents. If the Request for Proposals and the Proposal are included in the Contract Documents, then the Request for Proposals shall take precedence over the Proposal, unless specifically agreed otherwise herein.

The Owner agrees to furnish or approve, in a timely manner, information required by the Construction Manager and to make payments to the Construction Manager in accordance with the requirements of the Contract Documents. The Owner and Construction Manager shall endeavor to promote harmony and cooperation among the Owner, Architect, Construction Manager, Construction Manager's subcontractors, and other persons or entities employed by the Owner for the Project.

## **§ 2.3 General Conditions**

**§ 2.3.1** For the Preconstruction Phase, AIA Document A201™-2017, General Conditions of the Contract for Construction, as amended, shall apply only as applicable. The term "Contractor" as used in A201-2017 shall mean the Construction Manager.

*(Paragraphs deleted)*

**§ 2.3.2** Per Texas Government Code, §2269.257, if a selected trade contractor or subcontractor defaults in the performance of its work or fails to execute a subcontract after being selected, the Construction Manager may itself fulfill, without advertising, the contract requirements or select a replacement trade contractor or subcontractor to fulfill the contract requirements. Construction Manager shall be paid for its own performance in accordance with the terms herein.

§ 2.3.3 For the Construction Phase, the general conditions of the contract shall be set forth in A201-2017, as amended by the parties, which document is incorporated herein by reference. The term "Contractor" as used in A201-2017 shall mean the Construction Manager.

### **ARTICLE 3 CONSTRUCTION MANAGER'S RESPONSIBILITIES**

The Construction Manager's Preconstruction Phase responsibilities are set forth in Sections 3.1 and 3.2, and in the applicable provisions of A201-2017 referenced in Section 2.3.1. The Construction Manager's Construction Phase responsibilities are set forth in Section 3.3. The Owner and Construction Manager may agree, in consultation with the Architect, for the Construction Phase to commence prior to completion of the Preconstruction Phase, in which case, both phases will proceed concurrently. The Construction Manager shall identify a representative authorized to act on behalf of the Construction Manager with respect to the Project.

#### **§ 3.1 Preconstruction Phase**

##### **§ 3.1.1 Extent of Responsibility**

The Construction Manager shall exercise reasonable care in performing its Preconstruction Services. The Owner and Architect shall be entitled to rely on, and shall not be responsible for, the accuracy, completeness, and timeliness of services and information furnished by the Construction Manager. The Construction Manager, however, does not warrant or guarantee estimates and schedules except as may be included as part of the Guaranteed Maximum Price. The recommendations and advice of the Construction Manager concerning design alternatives and potential cost savings shall be subject to the review and approval of the Architect, Owner, and the Owner's professional consultant, if any. The Construction Manager is not required to ascertain that the Drawings and Specifications are in accordance with applicable laws, statutes, ordinances, codes, rules and regulations, or lawful orders of public authorities, but the Construction Manager shall promptly report to the Architect and Owner any nonconformity or made known to the Construction Manager as a request for information in such form as the Architect may require.

§ 3.1.2 The Construction Manager shall provide a preliminary evaluation of the Owner's program, schedule and construction budget requirements, each in terms of the other.

##### **§ 3.1.3 Consultation**

§ 3.1.3.1 The Construction Manager shall schedule and conduct meetings with the Architect and Owner to discuss such matters as procedures, progress, coordination, and scheduling of the Work.

§ 3.1.3.2 The Construction Manager shall advise the Owner and Architect on proposed site use and improvements, selection of materials, building systems, and equipment. The Construction Manager shall also provide recommendations to the Owner and Architect, consistent with the Project requirements, on constructability; availability of materials and labor; time requirements for procurement, installation and construction, which shall satisfy Owner's time requirements; prefabrication; and factors related to construction cost including, but not limited to, costs of alternative designs or materials, preliminary budgets, life-cycle data, and possible cost reductions. The Construction Manager shall consult with the Architect regarding professional services to be provided by the Construction Manager during the Construction Phase.

§ 3.1.3.3 The Construction Manager shall assist the Owner and Architect in establishing building information modeling and digital data protocols for the Project, to establish the protocols for the development, use, transmission, and exchange of digital data.

§ 3.1.3.4 Intentionally Deleted

§ 3.1.3.5 Intentionally Deleted

##### **§ 3.1.4 Project Schedule**

When Project requirements in Section 4.1.1 have been sufficiently identified, the Construction Manager shall prepare and periodically update a Project schedule for the Architect's review and the Owner's acceptance. The Construction Manager shall obtain the Architect's approval for the portion of the Project schedule relating to the performance of the Architect's services. The Project schedule shall coordinate and integrate the Construction Manager's services, the Architect's services, other Owner consultants' services, and the Owner's responsibilities; and identify items that affect the Project's timely completion. The updated Project schedule shall include the following: submission of the Guaranteed Maximum Price proposal; components of the Work; times of commencement and completion required of each Subcontractor;

ordering and delivery of products, including those that must be ordered in advance of construction; dates of Substantial Completion and Final Completion; and the occupancy requirements of the Owner. If updated Project schedules indicate that previously approved schedules may not be met, then the Construction Manager shall make appropriate recommendations to the Owner and Architect and, upon written approval of both, shall implement necessary corrective action.

### **§ 3.1.5 Phased Construction**

The Construction Manager, in consultation with the Architect, shall provide recommendations with regard to accelerated or fast-track scheduling, procurement, and sequencing for phased construction. The Construction Manager shall take into consideration cost reductions, cost information, constructability, provisions for temporary facilities, and procurement and construction scheduling issues. The Construction Manager shall make recommendations to the Owner and Architect regarding the phased issuance of Drawings and Specifications so as to facilitate the proposal of a Guaranteed Maximum Price when all elements of the Drawings and Specifications are at least ninety percent (90%) complete, unless mutually agreed otherwise by the Architect, Owner and the Construction Manager.

### **§ 3.1.6 Cost Estimates**

**§ 3.1.6.1** Based on the preliminary design and other design criteria prepared by the Architect, the Construction Manager shall prepare, for the Architect's review and the Owner's approval, preliminary estimates of the Cost of the Work or the cost of program requirements using area, volume, or similar conceptual estimating techniques. If the Architect or Construction Manager suggests alternative materials and systems, the Construction Manager shall provide cost evaluations of those alternative materials and systems.

**§ 3.1.6.2** As the Architect progresses with the preparation of the Schematic Design, Design Development and Construction Documents, the Construction Manager shall prepare and update, at appropriate intervals agreed to by the Owner, Construction Manager and Architect, an estimate of the Cost of the Work with increasing detail and refinement. The Construction Manager shall include in the estimate those costs to allow for the further development of the design, price escalation, and market conditions, until such time as the Owner and Construction Manager agree on a Guaranteed Maximum Price for the Work. The estimate shall be provided for the Architect's review and the Owner's approval. The Construction Manager shall inform the Owner and Architect in the event that the estimate of the Cost of the Work exceeds the latest approved Project budget, and make recommendations for corrective action, and/or cost reductions, including but not limited to, substitution of materials or revisions or alterations to the Design Development Documents or the Construction Documents, to bring the Project within the Owner's budget, but shall not delete necessary components of the Project without Owner's Board of Trustees' consent. In the event that the quality or scope identified in the estimates are unacceptable or exceed the Owner's identified budget, the Construction Manager shall work with the Architect to develop options that are acceptable to Owner and are within the Owner's budget.

**§ 3.1.6.3** If the Architect is providing cost estimating services, and a discrepancy exists between the Construction Manager's cost estimates and the Architect's cost estimates, the Construction Manager and the Architect shall work together to reconcile the cost estimates.

**§ 3.1.7** As the Architect progresses with the preparation of the Schematic Design, Design Development and Construction Documents, the Construction Manager shall consult with the Owner and Architect and make recommendations regarding constructability and schedules, for the Architect's review and the Owner's approval.

**§ 3.1.8** The Construction Manager shall provide recommendations and information to the Owner and Architect regarding equipment, materials, services, and temporary Project facilities.

**§ 3.1.9** The Construction Manager shall provide a staffing plan for Preconstruction Phase services for the Owner's review and approval.

**§ 3.1.10** If the Owner identified a Sustainable Objective in Article 1, the Construction Manager shall fulfill its Preconstruction Phase responsibilities as required in AIA Document E234™–2019, Sustainable Projects Exhibit, Construction Manager as Constructor Edition, attached to this Agreement.

### **§ 3.1.11 Subcontractors and Suppliers**

§ 3.1.11.1 If the Owner has provided requirements for subcontractor procurement in section 1.1.14, the Construction Manager shall provide a subcontracting plan, addressing the Owner's requirements, for the Owner's review and approval, which may consist of a verification that all specified requirements will be met.

§ 3.1.11.2 To the extent not inconsistent with the Construction Manager's requirements under Texas Government Code Chapter 2269, Subchapter F, the Construction Manager shall seek to develop subcontractor interest in the Project and shall furnish to the Owner and Architect for their information a list of possible subcontractors, including suppliers who are to furnish materials or equipment fabricated to a special design, from whom proposals will be requested for each principal portion of the Work. The Architect will promptly reply in writing to the Construction Manager if the Architect or Owner know of any objection to such subcontractor or supplier. The receipt of such list shall not require the Owner or Architect to investigate the qualifications of proposed subcontractors or suppliers, nor shall it waive the right of the Owner or Architect later to object to or reject any proposed subcontractor or supplier.

§ 3.1.11.3 The processes described in Article 9 shall apply if bid packages will be issued during the Preconstruction Phase.

§ 3.1.11.4 All subcontracts and purchase orders for the Project work shall be awarded in accordance with Texas Government Code §§2269.255 and 2269.256 as follows: the Construction Manager shall publicly advertise for bids or proposals and receive bids or proposals from trade contractors or Subcontractors for the performance of all major elements of the Work other than other than minor work which may be included in the General Conditions of the Contract for Construction.

§ 3.1.11.5 The Construction Manager may seek to perform portions of the Work required to be publicly advertised. If the Construction Manager submits its own proposal for any portion of the Work, it shall be submitted to the Owner no later than 24 hours prior to the deadline for subcontractors to submit competitive sealed proposals for the Guaranteed Maximum Price. Owner shall decide whether or not Construction Manager's proposal for self-performing portions of the Work offers the best value to Owner. In opening proposals, neither Construction Manager nor Owner shall disclose the contents of a proposal during the selection process to anyone who is not an employee of the Construction Manager, Architect, Engineer or Owner. All proposals shall be made public within seven days after the Owner's final selection. If Construction Manager's proposal is selected by the Owner, the proposed cost for the self-performed work shall be paid to the Construction Manager, pursuant to progress payments, as if Construction Manager were a subcontractor. Such payments to Construction Manager shall be included in the Cost of the Work. Pursuant to Texas Government Code Chapter 2269, Subchapter F, if during the course of recommending proposals, the Construction Manager recommends to Owner a proposal from a subcontractor, but the Owner requires another proposal to be accepted, the Owner shall compensate the Construction Manager by a change in price, time, and/or Guaranteed Maximum Price for any additional cost and risk that the Construction Manager may incur as a result, if such change exists. Construction Manager shall state the additional cost and/or risk in writing and shall provide written proof of same before Owner compensates Construction Manager.

§ 3.1.11.6 The Construction Manager shall include the following specific notices in the information to proposers:

- .1 The successful proposer's responsibility to provide worker's compensation insurance in accordance with Texas Labor Code Chapter 406;
- .2 The successful proposer's responsibility to pay prevailing wages pursuant to Texas Government Code Chapter 2258;
- .3 A notice of the sales tax exemption for the Work and the procedure for obtaining any required exemption verification or certificate;
- .4 The notice regarding trench and shoring safety required by Texas Health and Safety Code Section 756.023.

§ 3.1.11.7 Nothing herein shall preclude the Construction Manager from including other notices required or allowed by law.

§ 3.1.11.8 Subcontracts or other agreements shall conform to the applicable payment provisions of this Agreement, and shall not be awarded on the basis of cost plus a fee without the prior consent of the Owner. If the Subcontract is awarded on a cost-plus fee basis, the Construction Manager shall provide in the Subcontract for the Owner to receive the same audit rights with regard to the Subcontractor as the Owner receives with regard to the Construction Manager in this Agreement.

§ 3.1.11.9 If the Construction Manager recommends a specific bidder that may be considered a "related party" according to Section 7.8, then the Construction Manager shall promptly notify the Owner in writing of such relationship and notify the Owner of the specific nature of the contemplated transaction, according to Section 7.8.2.

#### § 3.1.12 Procurement

The Construction Manager shall prepare, for the Architect's review and the Owner's acceptance, a procurement schedule for items that must be ordered in advance of construction. The Construction Manager shall expedite and coordinate the ordering and delivery of materials that must be ordered in advance of construction. If the Owner agrees to procure any items prior to the establishment of the Guaranteed Maximum Price, the Owner shall procure the items on terms and conditions acceptable to the Construction Manager. Upon the establishment of the Guaranteed Maximum Price, the Owner shall assign all contracts for these items to the Construction Manager and the Construction Manager shall thereafter accept responsibility for them.

#### § 3.1.13 Compliance with Laws

The Construction Manager shall comply with applicable laws, statutes, ordinances, codes, rules and regulations, and lawful orders of public authorities applicable to its performance under this Contract, and with equal employment opportunity programs, and other programs as may be required by governmental and quasi-governmental authorities.

#### § 3.1.14 Other Preconstruction Services

Insert a description of any other Preconstruction Phase services to be provided by the Construction Manager, or reference an exhibit attached to this document.

*(Describe any other Preconstruction Phase services, such as providing cash flow projections, development of a project information management system, early selection or procurement of subcontractors, etc.)*

#### § 3.2 Guaranteed Maximum Price Proposal

§ 3.2.1 At a time to be mutually agreed upon by the Owner and the Construction Manager, the Construction Manager shall prepare a Guaranteed Maximum Price proposal for the Owner's and Architect's review, and the Owner's acceptance. The Guaranteed Maximum Price in the proposal shall be the sum of the Construction Manager's estimate of the Cost of the Work, the Construction Manager's contingency described in Section 3.2.4, and the Construction Manager's Fee. If any Guaranteed Maximum Price proposal submitted to the Owner exceeds previously-approved estimates or the Owner's budget, then the Construction Manager shall make appropriate recommendations to the Owner and Architect for cost reductions, including but not limited to, substitution of materials or revisions or alterations to the Construction Documents, to bring the Project within the Owner's budget, but shall not delete necessary components of the Project without Owner's Board of Trustees' consent. In the event that the quality or scope identified in the proposal are unacceptable or exceed the Owner's identified budget, the Construction Manager shall work with the Architect to develop options that are acceptable to Owner, are within the Owner's budget, and meet the Owner's requirements for dates of Substantial Completion and Final Completion. The Construction Manager may propose separate Guaranteed Maximum Prices for separate Works within the Project, as schedules and efficiencies dictate. The Construction Manager will work with the Architect to achieve a Guaranteed Maximum Price that is fully acceptable to Owner and is within the Owner's budget for the Work and for the Project.

§ 3.2.2 To the extent that the Contract Documents are anticipated to require further development, the Guaranteed Maximum Price includes the costs attributable to such further development consistent with the Contract Documents and reasonably inferable therefrom.

§ 3.2.3 The Construction Manager shall include with the Guaranteed Maximum Price proposal a written statement of its basis, which shall include the following:

- .1 A list of the Drawings and Specifications, including all Addenda thereto, and the Conditions of the Contract;
- .2 A list of the clarifications and assumptions made by the Construction Manager in the preparation of the Guaranteed Maximum Price proposal, including assumptions under Section 3.2.2; to supplement the information provided by the Owner and contained in the Drawings and Specifications;
- .3 A statement of the proposed Guaranteed Maximum Price, including a statement of the estimated Cost of the Work organized by trade categories or systems, including allowances; the Construction Manager's contingency set forth in Section 3.2.4; the Owner's Contingency; general conditions, and the Construction Manager's Fee;

- .4 The anticipated date of Substantial Completion upon which the proposed Guaranteed Maximum Price is based;
- .5 The date of Final Completion upon which the proposed Guaranteed Maximum Price is based, which date shall not be more than sixty (60) after the date of Substantial Completion; and
- .6 The Guaranteed Maximum Price proposal may not be based in any part on any subcontract or material supply contract which would require the Owner to compensate the Construction Manager on other than a maximum price basis.

**§ 3.2.4** In preparing the Construction Manager's Guaranteed Maximum Price proposal, the Construction Manager shall include a contingency for the Construction Manager's exclusive use to cover those costs that are included in the Guaranteed Maximum Price but not otherwise allocated to another line item or included in a Change Order. The Guaranteed Maximum Price will contain a separately identified contingency amount (the "Construction Contingency"). The Construction Contingency is not allocated to any particular item of the Cost of the Work and is established for the Construction Manager's use as may be required for costs incurred in the Work from unforeseeable causes, or details which could not have been anticipated by the Construction Manager at the time of the Owner's approval of the Guaranteed Maximum Price. Such unforeseeable causes or unanticipated details include, but are not limited to, refinement of details of design within the scope of standards, quality and quantities which are reasonably inferable from the Guaranteed Maximum Price documents, the correction of minor defects not relating to design, delays in receipt of materials, and additional costs relating to Subcontractor defaults not reimbursed by the Subcontractor's bonding company. The Construction Manager, with Owner's representative's written approval, may utilize the Construction Contingency for any of the above items within the Cost of the Work without the necessity of a Change Order, without constituting a Change in the Scope of the Work, and without resulting in any change in the Guaranteed Maximum Price. Any unforeseeable causes or unanticipated details which exceed the Construction Contingency shall be borne by the Construction Manager at the Construction Manager's sole risk. All savings will accrue and be available for use, only as detailed above, by the Construction Manager until the Construction Manager's final accounting. In the final accounting, all supporting documentation for all uses of the Construction Contingency shall be provided to Owner. Upon final accounting, all remaining monies in the Construction Contingency shall accrue to the Owner. The Guaranteed Maximum Price shall also include a separately identified contingency amount, an "Owner's Contingency," which is defined as a contingency fund within the Guaranteed Maximum Price established by the Owner for the Owner's exclusive use. Monies from Owner's Contingency may be spent at the discretion of Owner's Representative and without additional Board of Trustees approval, but with subsequent notice to Owner's Board of Trustees. Any unused Owner's contingency shall accrue to the Owner.

**§ 3.2.5** The Construction Manager shall meet with the Owner and Architect to review the Guaranteed Maximum Price proposal. **§ 3.3.4** Trench excavation safety protection shall be a separate pay item, and shall be based on linear feet of trench excavated. Special shoring requirements shall also be a separate pay item, and shall be based on the square feet of shoring used. Said cost shall be included within the Guaranteed Maximum Price.

**§ 4.1.4 Structural and Environmental Tests, Surveys and Reports.** During the Preconstruction Phase, the Owner shall furnish the following information or services with reasonable promptness. Such documents shall be provided for information only and are not warranted or represented to show the conditions at the Project site accurately. Construction Manager may use the information at its own risk and shall use customary precautions relating to the performance of the Work. Notwithstanding the preceding sentences and the delivery of surveys or other documents and reports by Owner, Construction Manager shall perform all work in such a non-negligent manner so as to avoid damaging any utility lines, cables, pipes, or pipelines on the Property. Construction Manager shall be responsible for any damage done to such lines, cables, pipes and pipelines during the Work.

### § 5.2 Payments

§ 5.2.2 Payments are due and payable within 30 days of the Construction Manager's invoice and Certification for Payment from the Architect. ## ARTICLE 6 COMPENSATION FOR CONSTRUCTION PHASE SERVICES

### § 6.1 Contract Sum

§ 6.1.1 The Owner shall pay the Construction Manager the Contract Sum in current funds for the Construction Manager's performance of the Contract after execution of the Guaranteed Maximum Price Amendment. The Contract Sum is the Cost of the Work as defined in Article 7 plus the Construction Manager's Fee, the total of which shall not exceed the Guaranteed Maximum Price. All savings under the Guaranteed Maximum Price shall accrue to Owner.

§ 6.1.2 The Construction Manager's Fee:

*(State a lump sum, percentage of Cost of the Work or other provision for determining the Construction Manager's Fee.)*

A percentage fee of 3.95% of the Cost of Work.

The fee shall be calculated as a percentage of the Cost of the Work, and not as a percentage of the Contract Sum.

No Construction Manager's fee shall be paid on the Construction Manager's Contingency or the Owner's Contingency until funds are allocated from those contingencies to the Cost of the Work, or as provided in Section 2.3.2.1.

§ 6.1.3 The method of adjustment of the Construction Manager's Fee for changes in the Work:

Only by agreement of Owner's Board of Trustees.

§ 6.1.4 Limitations, if any, on a Subcontractor's overhead and profit for increases in the cost of its portion of the Work:

See A201-2017, Section 7.1.4

*(Paragraphs deleted)*

§ 6.1.5 Liquidated damages, if any:

- .1 Time is of the essence in all phases of the Work. It is specifically understood and agreed by and between Owner and Construction Manager that time is of the essence in the Substantial Completion and Final Completion of the Project and Owner shall sustain actual and direct damages as a result of Construction Manager's failure, neglect or refusal to achieve said deadlines. Such actual and direct damages are, and will continue to be, impracticable and extremely difficult to determine. Execution of this Agreement under these

specifications shall constitute agreement by Owner and Construction Manager that the amounts stated below are the minimum value of the costs and actual and direct damages caused by failure of Construction Manager to substantially complete the work within the allotted times, that such sums are liquidated direct damages and shall not be construed as a penalty, and that such sums may be deducted from payments due Construction Manager if such delay occurs. It is expressly understood that the said sum per day is agreed upon as a fair estimate of the pecuniary damages which will be sustained by the Owner in the event that the Work is not completed within the agreed time, or within the agreed extended time, if any, otherwise provided for herein. Said sum shall be considered as liquidated damages only and in no sense shall be considered a penalty, said damages being caused by, but not limited to, additional compensation for personnel, attorneys fees, architectural fees, engineering fees, program management fees, inspection fees, storage costs, food service costs, transportation costs, utilities costs, costs of temporary facilities, loss of interest on money, and other miscellaneous increased costs, all of which are difficult to exactly ascertain. Failure to complete the Work within the designated or agreed extended dates of Substantial or Final Completion, shall be construed as a breach of this Agreement.

- .2 It is expressly agreed as a part of the consideration inducing the Owner to execute this Agreement that the Owner may deduct from the Final Payment made to the Construction Manager a sum equal to \$1,000 per day for each and every additional calendar day beyond the agreed date of Substantial Completion.
- .3 Timely Final Completion is an essential condition of this Agreement. Construction Manager agrees to achieve Final Completion of the Agreement within 60 days of the designated or extended date of Substantial Completion. Owner and Construction Manager agree that should Construction Manager fail to achieve Final Completion of the Agreement by the deadline, Owner shall continue to be damaged to a greater degree by such delay. Construction Manager and Owner agree that the amount of liquidated damages for each calendar day Final Completion is delayed beyond the date set for Final Completion shall be the sum of \$500 per day. Owner may deduct from the Final Payment made to Construction Manager, or, if sufficient funds are not available, then Construction Manager shall pay Owner the amounts specified per day for each and every calendar day the breach continues after the deadline for Final Completion of the Work.

*(Paragraph deleted)*

**§ 6.1.6 Other:**

*(Insert provisions for bonus, cost savings or other incentives, if any, that might result in a change to the Contract Sum.)*

N/A

**§ 6.2 Guaranteed Maximum Price**

The Construction Manager guarantees that the Contract Sum shall not exceed the Guaranteed Maximum Price set forth in the Guaranteed Maximum Price Amendment(s), subject to additions and deductions by Change Order as provided in the Contract Documents and the Dates of Substantial Completion and Final Completion shall be subject to adjustment as provided in the Contract Documents. Costs which would cause the Guaranteed Maximum Price to be exceeded shall be paid by the Construction Manager without reimbursement by the Owner. Should the final audited Contract Sum be less than the Guaranteed Maximum Price, then the difference between the Contract Sum and the Guaranteed Maximum Price shall be considered as savings to the Owner, and Owner shall have no obligation to pay same to the Construction Manager. Construction Manager shall also consider as savings to the Owner all unused funds from any Contingency account. The Construction Manager shall not participate in any savings; all savings shall be credited to Owner.

*(Paragraph deleted)*

**§ 6.3 Changes in the Work**

*(Paragraphs deleted)*

**§ 6.3.1** The Owner with Board of Trustees' approval, if appropriate, may, without invalidating the Contract, order changes in the Work within the general scope of the Contract consisting of additions, deletions or other revisions. The Owner shall issue such changes in writing. The Architect may make minor changes in the Work as provided in Section 7.4 of AIA Document A201-2017, General Conditions of the Contract for Construction. Either the Construction Manager or Owner, as appropriate, shall be entitled to an equitable adjustment in the Contract Time as a result of changes in the Work.

*(Paragraph deleted)*

**§ 6.3.1.1** Intentionally deleted.

*(Paragraphs deleted)*

**§ 6.3.2** Increases or decreases, if any, to the Guaranteed Maximum Price on account of changes in the Work subsequent to the execution of the Guaranteed Maximum Price Amendment may be determined by any of the methods listed in Article 7 of AIA Document A201-2017, General Conditions of the Contract for Construction, as amended by the parties.

**§ 6.3.3** In calculating adjustments to subcontracts (except those awarded with the Owner's prior consent on the basis of cost plus a fee), the terms "cost" and "fee" as used in Section 7.3.3.3 of AIA Document A201-2017 and the term "costs" as used in Section 7.3.4 of AIA Document A201-2017 shall have the meanings assigned to them in AIA Document A201-2017, as amended by the parties, and shall not be modified by Sections 6.1 and 6.2, Sections 7.1 through 7.7, and Section 6.8 of this Agreement. Adjustments to subcontracts awarded with the Owner's prior consent on the basis of cost plus a fee shall be calculated in accordance with the terms of those subcontracts.

**§ 6.3.4** In calculating adjustments to the Guaranteed Maximum Price, the terms "cost" and "costs" as used in the above-referenced provisions of AIA Document A201-2017 shall mean the Cost of the Work as defined in Article 7 of this Agreement and the term "fee" shall mean the Construction Manager's Fee as defined in Section 6.1.2 of this Agreement.

**§ 6.3.5** If no specific provision is made in Section 6.1.3 for adjustment of the Construction Manager's Fee in the case of changes in the Work, or if the extent of such changes is such, in the aggregate, that application of the adjustment provisions of Section 6.1.3 will cause substantial inequity to the Owner or Construction Manager, the Construction Manager's Fee may be equitably adjusted on the same basis that was used to establish the Fee for the original Work, and the Guaranteed Maximum Price shall be adjusted accordingly.

Such costs are hereinafter collectively referred to as "Labor Burden". Labor Burden is stipulated by the parties to be 42% of the total wages and salaries included in the Cost of the Work under Sections 7.2.1 through 7.2.3 for craft personnel and salaries included in the Cost of the Work under Sections 7.2.1 through 7.2.3 for administrative personnel.

If the Owner fails or refuses to authorize the transaction in writing, the Construction Manager shall procure the Work, equipment, goods, or service from some person or entity other than a related party according to the terms of Article 9.

- .5 The Construction Manager's capital expenses, including interest on the Construction Manager's capital employed for the Work;
- .6 Costs due to the negligence of, or failure to fulfill a specific responsibility of the Contract by, the Construction Manager, Subcontractors, and suppliers, or anyone directly or indirectly employed by any of them or for whose acts any of them may be liable;
- .7 Any cost not specifically and expressly described in Sections 7.1 to 7.7;
- .8 Costs, other than costs included in Change Orders approved by the Owner, that would cause the Guaranteed Maximum Price to be exceeded;
- .9 Costs for services incurred during the Preconstruction Phase;
- .10 Delay damages or claims; and
- .11 Construction Manager's Fee in Section 6.1.2

## ARTICLE 8 DISCOUNTS, REBATES, AND REFUNDS

§ 8.1 Construction Manager shall take advantage of all available discounts, rebates, and refunds for supplies, materials, and equipment connected with the Work, and which conform to the Contract Documents, which discounts, rebates, and refunds shall accrue to the benefit of the Owner. Cash Discounts obtained on payments made by the Construction Manager shall accrue to the Owner. Trade discounts, rebates, refunds, and amounts received from sales of surplus materials and equipment shall accrue to the Owner, and the Construction Manager shall make provisions so that they can be obtained.

*(Paragraph deleted)*

§ 8.2 Amounts that accrue to the Owner in accordance with the provisions of Section 8.1 shall be credited to the Owner as a deduction from the Cost of the Work.

## ARTICLE 9 SUBCONTRACTS AND OTHER AGREEMENTS

§ 9.1 Those portions of the Work that the Construction Manager does not customarily perform with the Construction Manager's own personnel shall be performed under subcontracts or other appropriate agreements with the Construction Manager. The Owner may designate specific persons from whom, or entities from which, the Construction Manager shall

obtain bids. The Construction Manager shall obtain bids from Subcontractors, and from suppliers of materials or equipment fabricated especially for the Work, who are qualified to perform that portion of the Work in accordance with the requirements of the Contract Documents. The Construction Manager shall deliver such bids to the Architect and Owner with an indication as to which bids the Construction Manager intends to accept. The Owner then has the right to review the Construction Manager's list of proposed subcontractors and suppliers in consultation with the Architect and, subject to Section 9.1.1, to object to any subcontractor or supplier. Any advice of the Architect, or approval or objection by the Owner, shall not relieve the Construction Manager of its responsibility to perform the Work in accordance with the Contract Documents. The Construction Manager shall not be required to contract with anyone to whom the Construction Manager has reasonable objection.

§ 9.1.1 When a specific subcontractor or supplier (1) is recommended to the Owner by the Construction Manager; (2) is qualified to perform that portion of the Work; and (3) has submitted a bid that conforms to the requirements of the Contract Documents without reservations or exceptions, but the Owner requires that another bid be accepted, then the Construction Manager may require that a Change Order be issued to adjust the Guaranteed Maximum Price by the difference between the bid of the person or entity recommended to the Owner by the Construction Manager and the amount of the subcontract or other agreement actually signed with the person or entity designated by the Owner.

§ 9.2 Subcontracts or other agreements shall conform to the applicable payment provisions of this Agreement and shall not be awarded on the basis of cost plus a fee without the Owner's prior written approval. If a subcontract is awarded on the basis of cost-plus a fee, the Construction Manager shall provide in the subcontract for the Owner to receive the same audit rights with regard to the Subcontractor as the Owner receives with regard to the Construction Manager in Article 10.

*(Paragraphs deleted)*

§ 9.3 Pursuant to Texas Government Code Chapter 2269, Subchapter F, the Construction Manager shall publicly advertise and solicit through competitive purchasing, as required by law, competitive sealed proposals from Subcontractors Pursuant to Texas Government Code Chapter 2269, Subchapter F, the Construction Manager shall publicly advertise and obtain bids or proposals from Subcontractors for the performance of all major elements of the Work. All bids or proposals shall be sent directly to Construction Manager.

§ 9.4 The Construction Manager shall include the following specific notices in the information to proposers:

- .1 The successful proposer's responsibility to provide workers' compensation insurance in accordance with Texas Labor Code Chapter 406;
- .2 The successful proposer's responsibility to pay prevailing wages pursuant to Texas Government Code Chapter 2258;
- .3 A notice of the sales tax exemption for the Work and the procedure for obtaining any required exemption verification or certificate;
- .4 The notice regarding trench and shoring safety required by Texas Health and Safety Code Section 756.023.
- .5 The following shall be included in any information to proposers, Request for Proposals, or Bid Documents:

"By submitting a bid or proposal, each bidder or proposer agrees to waive any claims it has or may have against the Owner, the Architect, the Construction Manager, and their respective officers, trustees, employees, agents, or representatives, arising out of or in connection with the administration, evaluation, recommendation, or selection of any bid or proposal; waiver of any requirements under the bid or proposal documents or contract documents; acceptance or rejection of any bid or proposal; and award of the contract."

§ 9.5 Nothing herein shall preclude the Construction Manager from including other notices required or allowed by law.

§ 9.6 The Construction Manager may seek to perform portions of the Work required to be publicly advertised. If the Construction Manager submits its own proposal for any portion of the Work, it shall do so in the same manner as required of all subcontractors. Owner shall decide whether or not Construction Manager's proposal for self-performing portions of the Work offers the best value to Owner. In opening proposals, neither Construction Manager nor Owner shall disclose the

contents of a proposal during the selection process to anyone who is not an employee of the Construction Manager, architect, engineer, or Owner. All proposals shall be made public within seven days after the Owner's final selection. If Construction Manager's proposal is selected by the Owner, the proposed cost for the self-performed work shall be paid to the Construction Manager, pursuant to progress payments, as if Construction Manager were a subcontractor. Such payments to Construction Manager shall be included in the Cost of the Work, but the Construction Manager shall not receive an additional Construction Manager's fee for self-performed work. Pursuant to Texas Government Code Chapter 2269, Subchapter F, if during the course of recommending proposals, the Construction Manager recommends to Owner a proposal from a subcontractor, but the Owner requires another proposal to be accepted, the Owner shall compensate the Construction Manager by a change in price, time, and/or Guaranteed Maximum Price for any additional cost and risk that the Construction Manager may incur as a result, if such change exists. Construction Manager shall state the additional cost and/or risk in writing and shall provide written proof of same before Owner compensates Construction Manager.

**§ 9.7** Per Texas Government Code Section 2269.257, if a selected trade contractor or subcontractor defaults in the performance of its work or fails to execute a subcontract after being selected, the Construction Manager may itself fulfill, without advertising, the contract requirements or select a replacement trade contractor or subcontractor to fulfill the contract requirements. Construction Manager shall be paid for its own performance in accordance with Section 3.3.2.1 and Section 6.2.1 herein.

#### **ARTICLE 10 ACCOUNTING RECORDS**

The Construction Manager shall keep full and detailed records and accounts related to the Cost of the Work, and exercise such controls, as may be necessary for proper financial management under this Contract and to substantiate all costs incurred. The accounting and control systems shall be satisfactory to the Owner. The Owner and the Owner's auditors, and other representatives shall, during regular business hours and upon reasonable notice, be afforded access to, and shall be permitted to audit and copy, the Construction Manager's records and accounts, including complete documentation supporting accounting entries, books, job cost reports, correspondence, instructions, drawings, receipts, subcontracts, Subcontractor's proposals, Subcontractor's invoices, purchase orders, vouchers, memoranda, and other data relating to this Contract. The Construction Manager shall preserve these records for a period of ten (10) years after the date of Final Completion, or for such longer period as may be required by law.

#### **ARTICLE 11 PAYMENTS FOR CONSTRUCTION PHASE SERVICES**

##### **§ 11.1 Progress Payments**

**§ 11.1.1** Based upon Applications for Payment submitted to the Architect by the Construction Manager, and Certificates for Payment issued by the Architect, the Owner shall make progress payments on account of the Contract Sum, to the Construction Manager, as provided below and elsewhere in the Contract Documents.

**§ 11.1.2** The period covered by each Application for Payment shall be one calendar month ending on the last day of the month, or as follows:

**§ 11.1.3** The Construction Manager shall submit monthly Applications for Payment to both the Architect and Program Manager, if applicable, on AIA Form G702 or another acceptable form for approval. Continuation sheets shall be submitted on AIA Form G703 or another acceptable form. If the Architect and Program Manager, if applicable, approve the application, then they shall submit a Certificate for Payment to the Owner. The Owner shall have the right to withhold from payments due Construction Manager such sums as are necessary to protect Owner against any loss or damage which may result from negligence by Construction Manager or failure of Construction Manager to perform Construction Manager's obligations under this Contract. Materials that are verified to be on the jobsite or other approved location for use in the Project may also be incorporated into the Application for Payment. The Architect and Program Manager, if applicable, shall have seven (7) days from date of receipt from the Construction Manager of an Application for Payment to approve or reject all or any part of the Application for Payment. The Owner shall pay the undisputed amounts certified by the Architect and Program Manager, if applicable, to the Construction Manager within (30) days of receipt of the Certificate for Payment from the Architect and Program Manager, unless otherwise provided in the Contract Documents. Undisputed amounts unpaid after the date on which payment is due shall bear interest pursuant to Texas Government Code Section 2251.025.

**§ 11.1.4** The application for payment shall be made in the AIA G702 and G703 format and based on estimated percentage complete. Upon completion of the Work, the Construction Manager shall submit payrolls, petty cash accounts, receipted invoices or invoices with check vouchers attached, and any other evidence required by the Owner or Architect to demonstrate that payments already made by the Construction Manager on account of the Cost of the Work equal or exceed

progress payments already received by the Construction Manager, plus payrolls for the period covered by the present Application for Payment, less that portion of the progress payments attributable to the Construction Manager's Fee.

§ 11.1.5 Each Application for Payment shall be based on the most recent schedule of values submitted by the Construction Manager in accordance with the Contract Documents. The schedule of values, less any unused Owner's contingency and unused Construction manager's contingency, shall allocate the entire Guaranteed Maximum Price among: (1) the various portions or classifications of the Work; (2) any contingency for costs that are included in the Guaranteed Maximum Price but not otherwise allocated to another line item or included in a Change Order; and (3) the Construction Manager's Fee. The Construction Manager's fee shall be shown as a separate line item on the schedule of values.

§ 11.1.5.1 The schedule of values shall be prepared in such form and supported by such data to substantiate its accuracy as the Architect, and Program Manager, if applicable, may require. The format and tracking method of the original schedule of values and of all updates to the schedule of values shall be subject to the approval of the Architect and Program Manager, if applicable. The schedule of values shall be used as a basis for reviewing the Construction Manager's Applications for Payment. If at any time, the amount shown on the schedule of values exceeds the Guaranteed Maximum Price allocable to that portion or classification of the Work, then the amount payable to Construction Manager by Owner shall be reduced by the amount of such excess.

§ 11.1.5.2 The allocation of the Guaranteed Maximum Price under this Section 11.1.5 shall not constitute a separate guaranteed maximum price for the Cost of the Work of each individual line item in the schedule of values.

§ 11.1.5.3 When the Construction Manager allocates costs from a contingency to another line item in the schedule of values, the Construction Manager shall submit supporting documentation to the Architect.

§ 11.1.6 Applications for Payment shall show the percentage of completion of each portion or classification of the Work as of the end of the period covered by the Application for Payment. The percentage of completion shall be the lesser of (1) the percentage of that portion of the Work which has actually been completed, or (2) classification on the schedule of values.

§ 11.1.7 In accordance with AIA Document A201–2017 and subject to other provisions of the Contract Documents, the amount of each progress payment shall be computed as follows:

§ 11.1.7.1 The amount of each progress payment shall first include:

- .1 That portion of the Guaranteed Maximum Price properly allocable to completed Work as determined by multiplying the percentage of completion of each portion or classification of the Work by the share of the Guaranteed Maximum Price allocated to that portion or classification of the Work in the most recent schedule of values;
- .2 That portion of the Guaranteed Maximum Price properly allocable to materials and equipment delivered and suitably stored at the site for subsequent incorporation in the completed construction or, if approved in writing in advance by the Owner, suitably stored off the site at a location agreed upon in writing;
- .3 That portion of Construction Change Directives that the Architect determines, in the Architect's professional judgment, to be reasonably justified; and
- .4 The Construction Manager's Fee, computed upon the Cost of the Work described in the preceding Sections 11.1.7.1.1 and 11.1.7.1.2 at the rate stated in Section 6.1.2 or, if the Construction Manager's Fee is stated as a fixed sum in that Section, an amount that bears the same ratio to that fixed-sum fee as the Cost of the Work included in Sections 11.1.7.1.1 and 11.1.7.1.2 bears to a reasonable estimate of the probable Cost of the Work upon its completion.
- .5 The portion of the Guaranteed Maximum Price allocable to specially fabricated materials, furniture, fixtures and equipment, or other orders requiring advance deposits or interim payment before completion and/or delivery, which advances shall be made as required by the applicable subcontract or purchase order.

§ 11.1.7.2 The amount of each progress payment shall then be reduced by:

- .1 The aggregate of any amounts previously paid by the Owner;
- .2 The amount, if any, for Work that remains uncorrected and for which the Architect has previously withheld a Certificate for Payment as provided in Article 9 of AIA Document A201–2017;
- .3 Any amount for which the Construction Manager does not intend to pay a Subcontractor or material supplier, unless the Work has been performed by others the Construction Manager intends to pay;

- .4 For Work performed or defects discovered since the last payment application, any amount for which the Architect may withhold payment, or nullify a Certificate of Payment in whole or in part, as provided in Article 9 of AIA Document A201–2017;
- .5 The shortfall, if any, indicated by the Construction Manager in the documentation required by Section 11.1.4 to substantiate prior Applications for Payment, or resulting from errors subsequently discovered by the Owner’s auditors, accountants, or other representatives in such documentation;
- .6 Retainage withheld pursuant to Section 11.1.8.
- .7 Subtract retainage of five percent (5%) of the remaining amount, including the Construction Manager’s Fee, of the progress payment. (Note: Under Texas law, if the retainage exceeds five percent, then the retainage shall be deposited in an interest-bearing account, and the interest earned on the retainage shall be paid to the Construction Manager upon completion of the Work. Texas Government Code Section 2252.032.)
- .8 The progress payment amount determined in accordance with this Section shall be further modified under the following circumstances:
  - .1 If Final Completion of the Work is thereafter materially delayed by Owner or Owner’s agents through no fault of the Construction Manager, any additional amounts payable in accordance with Section 9.10.3 of AIA Document A201- 2017, as amended.
  - .2 If Owner is entitled to deduct liquidated damages, or any other damages or amounts provided in the Contract Documents, including clean-up fees, then Owner shall be entitled to deduct such liquidated damages, amounts and fees due Construction Manager at any time.
  - .3 If Construction Manager fails or refuses to complete the Work, or has unsettled claims with Owner, then any final payment to Construction Manager shall be subject to deduction for such amounts as the Architect and Program Manager, if applicable, shall determine as the cost for completing incomplete Work and the value of unsettled claims.
  - .4 Subtract withheld payments pursuant to Section 11.1.3.

**§ 11.1.7.3** Payment for materials and/or equipment stored on or off the site shall be conditioned upon submission by the Construction Manager of bills of sale or such other procedures satisfactory to the Owner to establish the Owner’s title to such materials and equipment or otherwise protect the Owner’s interest and shall include the costs of applicable insurance (naming the Owner as additional insured) and transportation to the site for those materials and equipment stored off the site. Payments shall be made on account of materials and equipment (a) incorporated in the Work, (b) suitably stored at the Project site, or (c) suitably stored at some off-site location provided the following conditions are met for off-site storage:

- .1 The location must be agreed to, in writing, by the Owner and Surety;
- .2 The location must be a bonded warehouse;
- .3 The Surety must agree, in writing, to each request for payment; and
- .4 The Construction Manager must bear the cost of the Owner’s and Architect’s expenses related to visiting the off-site storage area.

**§ 11.1.7.4** In the event of Contract termination or default by the Construction Manager, the items stored off the site, upon which payment has been made, will be promptly turned over to the Owner or Owner’s designated representative at a location near the Project site as directed by the Owner or Owner’s designated representative. The full provisions of Performance and Payment Bonds on this Project cover the materials stored off the site in every respect as though they were stored on the Project site.

**§ 11.1.8 Retainage**

**§ 11.1.8.1** For each progress payment made prior to Substantial Completion of the Work, the Owner may withhold the following amount, as retainage, from the payment otherwise due. Retainage is managed in conformance with Texas Government Code Chapter 2252, subchapter B:

Five (5%) percent

**§ 11.1.8.1.1** The following items are not subject to retainage:  
*(Insert any items not subject to the withholding of retainage, such as general conditions, insurance, etc.)*

Any items legally required pursuant to Tex. Gov’t Code, Chapter 2252, Subchapter B to be excluded.

§ 11.1.8.2 Reduction or limitation of retainage, if any, shall be subject to written consent of the Construction Manager's Surety, and as follows:  
*(If the retainage established in Section 11.1.8.1 is to be modified prior to Substantial Completion of the entire Work, insert provisions for such modification.)*

N/A

§ 11.1.8.3 Except as set forth in this Section 11.1.8.3, upon Substantial Completion of the Work, the Construction Manager may submit an Application for Payment that includes the retainage withheld from prior Applications for Payment pursuant to this Section 11.1.8. The Application for Payment submitted at Substantial Completion shall not include retainage as follows:  
*(Insert any other conditions for release of retainage, such as upon completion of the Owner's audit and reconciliation, upon Substantial Completion.)*

N/A

§ 11.1.9 If final completion of the Work is materially delayed through no fault of the Construction Manager, the Construction Manager shall submit a claim in accordance with Article 15 of AIA Document A201-2017, as amended.

§ 11.1.10 Except with the Owner's prior written approval, the Construction Manager shall not make advance payments to suppliers for materials or equipment which have not been delivered and suitably stored at the site. If the Construction Manager wishes to bill for materials or equipment which cannot be stored on site, the Construction Manager shall, along with the request for approval, provide evidence of purchase, evidence of delivery in good order without damage, and a certificate of insurance specifically covering the material identified by way of serial numbers, bill of lading, and copy of signature of receipt of materials and photography showing material. The Construction Manager shall also require, at the Owner's request, proof that the facility at which the materials or equipment is stored is bonded. Security and protection from theft and damage remains on the Construction Manager as the first line of accountability and financial responsibility. Delays due to issues arising from stored materials shall not be considered as reasonable justification to release the Construction Manager from meeting the schedule unless the Owner agrees to such delay in writing in advance of notification to the Owner of any delay.

§ 11.1.11 The Owner and the Construction Manager shall agree upon a mutually acceptable procedure for review and approval of payments to Subcontractors. The percentage of retainage held on Subcontracts shall be the same percentage of retainage withheld from Construction Manager. The Construction Manager shall execute subcontracts that contain the same terms and conditions as those contained in this Agreement.

§ 11.1.12 In submitting Construction Manager's Applications for Payment Construction Manager shall be responsible for all errors or omissions. Owner shall not be responsible for Construction Manager's errors or omissions.

## § 11.2 Final Payment

§ 11.2.1 Final payment, for each Work, if multiple Project(s), shall be made by the Owner to the Construction Manager when

- .1 the Construction Manager has fully performed the Contract including the Construction Manager's responsibility to correct Work, and to satisfy other requirements, if any, which Owner agrees in writing necessarily extend beyond final payment;
- .2 the Construction Manager has submitted a final accounting for the Cost of the Work and a final Application for Payment that are certified by Construction Manager and reviewed and approved by the Owner's auditors or other representatives;
- .3 a final Certificate for Payment has been issued by the Architect and approved by the Program Manager, if applicable;
- .4 The Construction Manager certifies to the Owner that the Project, to the best of the Construction Manager's knowledge, has been constructed in general accordance with Architect's Construction Documents. The certificate shall be the Texas Education Agency's Certification of Project Compliance, signed by a duly authorized officer of the Construction Manager and properly notarized; and
- .5 Construction Manager has provided all documents required by Section 9.10.2 of AIA Document A201-2017, as amended.

§ 11.2.2 Within 30 days of the Owner's receipt of the Construction Manager's final accounting for the Cost of the Work, the Owner shall conduct an audit of the Cost of the Work or notify the Architect that it will not conduct an audit.

*(Paragraphs deleted)*

§ 11.2.2.1 If the Owner conducts an audit of the Cost of the Work, the Owner shall, within 10 days after completion of the audit, submit a written report based upon the auditors' or other representatives' findings to the Architect.

§ 11.2.2.2 Within seven days after receipt of the written report described in Section 11.2.2.1, or receipt of notice that the Owner will not conduct an audit, and provided that the other conditions of Section 11.2.1 have been met, the Architect will either issue to the Owner a final Certificate for Payment with a copy to the Construction Manager, or notify the Construction Manager and Owner in writing of the Architect's reasons for withholding a certificate as provided in Article 9 of AIA Document A201-2017. The time periods stated in this Section 11.2.2 supersede those stated in Article 9 of AIA Document A201-2017. The Architect is not responsible for verifying the accuracy of the Construction Manager's final accounting.

§ 11.2.2.3 If the Owner's auditors', or other representatives' report concludes that the Cost of the Work, as substantiated by the Construction Manager's final accounting, is less than claimed by the Construction Manager, the Construction Manager shall be entitled to proceed in accordance with Article 12 without a further decision of the Architect. Unless otherwise agreed in the Contract Documents, a demand for mediation or other dispute resolution as provided in the Contract Documents, of the disputed amount shall be made by the Construction Manager within the timeline established in Section 15.2 of A201-2017 after the Construction Manager's receipt of a copy of the Architect's final Certificate for Payment. Failure to request mediation within this time period shall result in the substantiated amount reported by the Owner's auditors or other representatives becoming binding on the Construction Manager. Pending a final resolution of the disputed amount, the Owner shall pay the Construction Manager the amount certified in the Architect's final Certificate for Payment.

§ 11.2.3 The Owner's final payment to the Construction Manager shall be made no later than 31 days after the Architect's execution of a final Certificate for Payment. The Construction Manager must certify completion of all Work, including all listed in Section 9.10.2 of the AIA Document A 201-2017 for the Project, cleanup, and delivery of record documents prior to or with the Application for Final Payment.

§ 11.2.3.1 The amount of the final payment shall be calculated as follows:

- .1 Begin with the actual Cost of the Work substantiated by the Construction Manager's final accounting, which includes deductions for all discounts and unused contingencies, and construction savings achieved in the Cost of the Work, if applicable.
- .2 Add the actual expended general conditions substantiated by the Construction Manager's final accounting, which includes savings to the Owner for unused general conditions.
- .3 Add the Construction Manager's Preconstruction Fee (as stated in § 5.1.1).
- .4 Add Construction Manager's Fee for Construction Phase Services (as stated in § 6.1.1).
- .5 Subtract amounts, if any, for which Architect or Owner disputes, refuses or withholds payment, if any.
- .6 If Owner is entitled to deduct liquidated damages or any other damages or amounts provided in the Contract Documents, including clean-up fees, then subtract all such liquidated damages, amounts and fees.
- .7 If Construction Manager fails or refuses to complete the Work, or has unsettled claims with Owner, then subtract such amounts as the Architect shall determine as the cost for completing incomplete Work and the value of unsettled claims.
- .8 Subtract all previous payments made by the Owner.

- .9 In no event shall the total of subsections .1, .2, .3, and .4 above exceed the Guaranteed Maximum Price.
- .10 If the aggregate of previous payments made by the Owner exceeds the amount due the Construction Manager, the Construction Manager shall reimburse the difference to the Owner, plus interest as allowed by law.

**§ 11.2.4** If, subsequent to final payment, and at the Owner's prior written request, the Construction Manager incurs costs, described in Sections 7.1 through 7.7, that are not excluded by Section 7.9, to correct defective or nonconforming Work that is not the fault of the Construction Manager or arising from the resolution of a dispute, the Owner shall reimburse the Construction Manager for such costs, and the Construction Manager's Fee applicable thereto, on the same basis as if such costs had been incurred prior to final payment, but not in excess of the Guaranteed Maximum Price.

**§ 11.3 Interest**

Payments due and unpaid under the Contract shall bear interest from the date payment is due at the rate stated below, or in the absence thereof, at the maximum rate permitted by law, in accordance with Texas Government Code Chapter 2251.

**ARTICLE 12 DISPUTE RESOLUTION**

**§ 12.1 Initial Decision Maker**

**§ 12.1.1** Any Claim by the Construction Manager regarding any matter between the Owner and Construction Manager shall be resolved in accordance with the provisions set forth in this Article 12 and Article 15 of A201–2017. However, for Claims arising from or relating to the Construction Manager's Preconstruction Phase services, no decision or recommendation by the Initial Decision Maker shall be required as a condition precedent to mediation or binding dispute resolution.

**§ 12.1.2** Intentionally deleted.

**§ 12.1.3** When Owner has an applicable claim for construction defects, Owner shall comply with the provision of Texas Government Code Chapter 2272 related to the provision of notice of defects and the Construction Manager's or Architect's opportunity to cure.

**§ 12.2 Binding Dispute Resolution**

For any Claim subject to, but not resolved by mediation pursuant to Article 15 of AIA Document A201–2017, as amended, the method of binding dispute resolution shall be as follows:

*(Check the appropriate box.)*

Litigation in a court of competent jurisdiction

*(Paragraphs deleted)*

If the Owner and Construction Manager do not select a method of binding dispute resolution, or do not subsequently agree in writing to a binding dispute resolution method other than litigation, Claims will be resolved by litigation in a court of competent jurisdiction with proper venue being the county where the Project site is located.

**ARTICLE 13 TERMINATION OR SUSPENSION**

**§ 13.1 Termination Prior to Execution of the Guaranteed Maximum Price Amendment**

**§ 13.1.1** If the Owner and the Construction Manager do not reach an agreement on the Guaranteed Maximum Price, the Owner may terminate this Agreement upon not less than seven days' written notice to the Construction Manager, and the Construction Manager may terminate this Agreement, upon not less than seven days' written notice to the Owner.

**§ 13.1.2** In the event of termination of this Agreement pursuant to Section 13.1.1, the Construction Manager shall be equitably compensated for Preconstruction Phase services and Work performed prior to receipt of a notice of termination, in accordance with the terms of this Agreement. In no event shall the Construction Manager's compensation under this Section exceed the compensation set forth in Section 5.1.

**§ 13.1.3** Prior to the execution of the Guaranteed Maximum Price Amendment, the Owner may terminate this Agreement upon not less than seven days' written notice to the Construction Manager for the Owner's convenience and without cause, and the Construction Manager may terminate this Agreement, upon not less than seven days' written notice to the Owner, for the reasons set forth in Article 14 of A201–2017.

§ 13.1.4 In the event of termination of this Agreement pursuant to Section 13.1.3, the Construction Manager shall be equitably compensated for Preconstruction Phase services and Work performed prior to receipt of a notice of termination. In no event shall the Construction Manager's compensation under this Section exceed the compensation set forth in Section 5.1.

§ 13.1.5 If the Owner terminates the Contract pursuant to Section 13.1.3 after the commencement of the Construction Phase but prior to the execution of the Guaranteed Maximum Price Amendment, the Owner shall pay to the Construction Manager an amount calculated as follows, which amount shall be in addition to any compensation paid to the Construction Manager under Section 13.1.4:

- .1 Take the Cost of the Work incurred by the Construction Manager to the date of termination;
- .2 Add the Construction Manager's Fee computed upon the Cost of the Work to the date of termination at the rate stated in Section 6.1 or, if the Construction Manager's Fee is stated as a fixed sum in that Section, an amount that bears the same ratio to that fixed-sum Fee as the Cost of the Work at the time of termination bears to a reasonable estimate of the probable Cost of the Work upon its completion; and
- .3 Subtract the aggregate of previous payments made by the Owner for Construction Phase services.

§ 13.1.6 The Owner shall also pay the Construction Manager fair compensation, either by purchase or rental at the election of the Owner, for any equipment owned by the Construction Manager that the Owner elects to retain and that is not otherwise included in the Cost of the Work under Section 13.1.5.1. To the extent that the Owner elects to take legal assignment of subcontracts and purchase orders (including rental agreements), the Construction Manager shall, as a condition of receiving the payments referred to in this Article 13, execute and deliver all such papers and take all such steps, including the legal assignment of such subcontracts and other contractual rights of the Construction Manager, as the Owner may require for the purpose of fully vesting in the Owner the rights and benefits of the Construction Manager under such subcontracts or purchase orders. All Subcontracts, purchase orders and rental agreements entered into by the Construction Manager will contain provisions allowing for assignment to the Owner as described above.

§ 13.1.6.1 If the Owner accepts assignment of subcontracts, purchase orders or rental agreements as described above, the Owner will reimburse the Construction Manager for all costs arising under the subcontract, purchase order or rental agreement, if those costs would have been reimbursable as Cost of the Work if the contract had not been terminated. If the Owner chooses not to accept assignment of any subcontract, purchase order or rental agreement that would have constituted a Cost of the Work had this agreement not been terminated, the Construction Manager will terminate the subcontract, purchase order or rental agreement and the Owner will pay the Construction Manager the costs necessarily incurred by the Construction Manager because of such termination.

## § 13.2 Termination or Suspension Following Execution of the Guaranteed Maximum Price Amendment

### § 13.2.1 Termination

The Contract may be terminated by the Owner or the Construction Manager as provided in Article 14 of AIA Document A201–2017.

*(Paragraphs deleted)*

### § 13.2.2 Termination by the Owner for Cause

§ 13.2.2.1 If the Owner terminates the Contract for cause as provided in Article 14 of AIA Document A201–2017, the amount, if any, to be paid to the Construction Manager under Article 14 of AIA Document A201–2017 shall not cause the Guaranteed Maximum Price to be exceeded, nor shall it exceed an amount calculated as follows:

- .1 Take the Cost of the Work incurred by the Construction Manager to the date of termination;
- .2 Add the Construction Manager's Fee, computed upon the Cost of the Work to the date of termination at the rate stated in Section 6.1 or, if the Construction Manager's Fee is stated as a fixed sum in that Section, an amount that bears the same ratio to that fixed-sum Fee as the Cost of the Work at the time of termination bears to a reasonable estimate of the probable Cost of the Work upon its completion;
- .3 Subtract the aggregate of previous payments made by the Owner; and

An enumeration of the Contract Documents, other than a Modification, appears in Article 15. Any reference to AIA Document A201-2017 in this Agreement shall be construed as the AIA Document A201-2017, as amended.

**§ 2.3.2** Per Texas Government Code, §2269.257, if a selected trade contractor or subcontractor defaults in the performance of its work or fails to execute a subcontract after being selected, the Construction Manager may itself fulfill, without advertising, the contract requirements or select a replacement trade contractor or subcontractor to fulfill the contract requirements. ### **PAGE 6**

The Construction Manager shall exercise reasonable care in performing its Preconstruction Services. The Owner and Architect shall be entitled to rely on, and shall not be responsible for, the accuracy, completeness, and timeliness of services and information furnished by the Construction Manager. The Construction Manager, however, does not warrant or guarantee estimates and schedules except as may be included as part of the Guaranteed Maximum Price. When Project requirements in Section 4.1.1 have been sufficiently identified, the Construction Manager shall prepare and periodically update a Project schedule for the Architect's review and the Owner's acceptance. The Construction Manager shall obtain the Architect's approval for the portion of the Project schedule relating to the performance of the Architect's services. The Project schedule shall coordinate and integrate the Construction Manager's services, the Architect's services, other Owner consultants' services, and the Owner's responsibilities; and identify items that affect the Project's timely completion. The updated Project schedule shall include the following: submission of the Guaranteed Maximum Price proposal; components of the Work; times of commencement and completion required of each Subcontractor; ordering and delivery of products, including those that must be ordered in advance of construction; dates of Substantial Completion and Final Completion; and the occupancy requirements of the Owner. ...

§ 3.1.6.2 As the Architect progresses with the preparation of the Schematic Design, Design Development and Construction Documents, the Construction Manager shall prepare and update, at appropriate intervals agreed to by the Owner, Construction Manager and Architect, an estimate of the Cost of the Work with increasing detail and refinement. The Construction Manager shall include in the estimate those costs to allow for the further development of the design, price escalation, and market conditions, until such time as the Owner and Construction Manager agree on a Guaranteed Maximum Price for the Work. The estimate shall be provided for the Architect's review and the Owner's approval. The Construction Manager shall inform the Owner and Architect in the event that the estimate of the Cost of the Work exceeds the latest approved Project budget, and make recommendations for corrective ~~action-action, and/or~~ cost reductions, including but not limited to, substitution of materials or revisions or alterations to the Design Development Documents or the Construction Documents, to bring the Project within the Owner's budget, but shall not delete necessary components of the Project without Owner's Board of Trustees' consent. In the event that the quality or scope identified in the estimates are unacceptable or exceed the Owner's identified budget, the Construction Manager shall work with the Architect to develop options that are acceptable to Owner and are within the Owner's budget.

**§ 3.1.6.3** If the Architect is providing cost estimating ~~services as a Supplemental Service, services,~~ and a discrepancy exists between the Construction Manager's cost estimates and the Architect's cost estimates, the Construction Manager and the Architect shall work together to reconcile the cost estimates.

**PAGE 8**

The Architect will promptly reply in writing to the Construction Manager if the Architect or Owner know of any objection to such subcontractor or supplier. The receipt of such list shall not require the Owner or Architect to investigate the qualifications of proposed subcontractors or suppliers, nor shall it waive the right of the Owner or Architect later to object to or reject any proposed subcontractor or supplier.~~

...

**§ 3.1.11.4** All subcontracts and purchase orders for the Project work shall be awarded in accordance with Texas Government Code §§2269.255 and 2269.256 as follows: the Construction Manager shall publicly advertise for bids or proposals and receive bids or proposals from trade contractors or Subcontractors for the performance of all major elements of the Work other than other than minor work which may be included in the General Conditions of the Contract for Construction.

**§ 3.1.11.5** The Construction Manager may seek to perform portions of the Work required to be publicly advertised. If the Construction Manager submits its own proposal for any portion of the Work, it shall be submitted to the Owner no later than 24 hours prior to the deadline for subcontractors to submit competitive sealed proposals for the Guaranteed Maximum Price. Owner shall decide whether or not Construction Manager's proposal for self-performing portions of the Work offers the best value to Owner. In opening proposals, neither Construction Manager nor Owner shall disclose the contents of a proposal during the selection process to anyone who is not an employee of the Construction Manager, Architect, Engineer or Owner. All proposals shall be made public within seven days after the Owner's final selection. If Construction Manager's proposal is selected by the Owner, the proposed cost for the self-performed work shall be paid to the Construction Manager, pursuant to progress payments, as if Construction Manager were a subcontractor. Such payments to Construction Manager shall be included in the Cost of the Work. Pursuant to Texas Government Code Chapter 2269, Subchapter F, if during the course of recommending proposals, the Construction Manager recommends to Owner a proposal from a subcontractor, but the Owner requires another proposal to be accepted, the Owner shall compensate the Construction Manager by a change in price, time, and/or Guaranteed Maximum Price for any additional cost and risk that the Construction Manager may incur as a result, if such change exists. Construction Manager shall state the additional cost and/or risk in writing and shall provide written proof of same before Owner compensates Construction Manager.

**§ 3.1.11.6** The Construction Manager shall include the following specific notices in the information to proposers:

- .1 The successful proposer's responsibility to provide worker's compensation insurance in accordance with Texas Labor Code Chapter 406;
- .2 The successful proposer's responsibility to pay prevailing wages pursuant to Texas Government Code Chapter 2258;
- .3 A notice of the sales tax exemption for the Work and the procedure for obtaining any required exemption verification or certificate;
- .4 The notice regarding trench and shoring safety required by Texas Health and Safety Code Section 756.023.

**§ 3.1.11.7** Nothing herein shall preclude the Construction Manager from including other notices required or allowed by law.

§ 3.1.11.8 Subcontracts or other agreements shall conform to the applicable payment provisions of this Agreement, and shall not be awarded on the basis of cost plus a fee without the prior consent of the Owner. If the Subcontract is awarded on a cost-plus fee basis, the Construction Manager shall provide in the Subcontract for the Owner to receive the same audit rights with regard to the Subcontractor as the Owner receives with regard to the Construction Manager in this Agreement.

§ 3.1.11.9 If the Construction Manager recommends a specific bidder that may be considered a "related party" according to Section 7.8, then the Construction Manager shall promptly notify the Owner in writing of such relationship and notify the Owner of the specific nature of the contemplated transaction, according to Section 7.8.2.

the Cost of the Work, the Construction Manager's contingency described in Section 3.2.4, and the Construction Manager's Fee described in Section 6.1.2.Fee. If any Guaranteed Maximum Price proposal submitted to the Owner exceeds previously-approved estimates or the Owner's budget, then the Construction Manager shall make appropriate recommendations to the Owner and Architect for cost reductions, including but not limited to, substitution of materials or revisions or alterations to the Construction Documents, to bring the Project within the Owner's budget, but shall not delete necessary components of the Project without Owner's Board of Trustees' consent. In the event that the quality or scope identified in the proposal are unacceptable or exceed the Owner's identified budget, the Construction Manager shall work with the Architect to develop options that are acceptable to Owner, are within the Owner's budget, and meet the Owner's requirements for dates of Substantial Completion and Final Completion. The Construction Manager may propose separate Guaranteed Maximum Prices for separate Works within the Project, as schedules and efficiencies dictate. The Construction Manager will work with the Architect to achieve a Guaranteed Maximum Price that is fully acceptable to Owner and is within the Owner's budget for the Work and for the Project.

§ 3.2.2 To the extent that the Contract Documents are anticipated to require further development, the Guaranteed Maximum Price includes the costs attributable to such further development consistent with the Contract Documents and reasonably inferable therefrom. Such further development does not include changes in scope, systems, kinds and quality of materials, finishes, or equipment, all of which, if required, shall be incorporated by Change Order.

- .2 A list of the clarifications and assumptions made by the Construction Manager in the preparation of the Guaranteed Maximum Price proposal, including assumptions under Section 3.2.2; to supplement the information provided by the Owner and contained in the Drawings and Specifications;
- .3 A statement of the proposed Guaranteed Maximum Price, including a statement of the estimated Cost of the Work organized by trade categories or systems, including allowances; the Construction Manager's contingency set forth in Section 3.2.4; the Owner's Contingency; general conditions, and the Construction Manager's Fee;
- .4 The anticipated date of Substantial Completion upon which the proposed Guaranteed Maximum Price is based; and
- .5 A date by which the Owner must accept the Guaranteed Maximum Price. The date of Final Completion upon which the proposed Guaranteed Maximum Price is based, which date shall not be more than sixty (60) after the date of Substantial Completion; and
- .6 The Guaranteed Maximum Price proposal may not be based in any part on any subcontract or material supply contract which would require the Owner to compensate the Construction Manager on other than a maximum price basis.

§ 3.2.4 In preparing the Construction Manager's Guaranteed Maximum Price proposal, the Construction Manager shall include a contingency for the Construction Manager's exclusive use to cover those costs that are included in the Guaranteed Maximum Price but not otherwise allocated to another line item or included in a Change Order. The

Guaranteed Maximum Price will contain a separately identified contingency amount (the "Construction Contingency"). The Construction Contingency is not allocated to any particular item of the Cost of the Work and is established for the Construction Manager's use as may be required for costs incurred in the Work from unforeseeable causes, or details which could not have been anticipated by the Construction Manager at the time of the Owner's approval of the Guaranteed Maximum Price. Such unforeseeable causes or unanticipated details include, but are not limited to, refinement of details of design within the scope of standards, quality and quantities which are reasonably inferable from the Guaranteed Maximum Price documents, the correction of minor defects not relating to design, delays in receipt of materials, and additional costs relating to Subcontractor defaults not reimbursed by the Subcontractor's bonding company. The Construction Manager, with Owner's representative's written approval, may utilize the Construction Contingency for any of the above items within the Cost of the Work without the necessity of a Change Order, without constituting a Change in the Scope of the Work, and without resulting in any change in the Guaranteed Maximum Price. Any unforeseeable causes or unanticipated details which exceed the Construction Contingency shall be borne by the Construction Manager at the Construction Manager's sole risk. All savings will accrue and be available for use, only as detailed above, by the Construction Manager until the Construction Manager's final accounting. In the final accounting, all supporting documentation for all uses of the Construction Contingency shall be provided to Owner. Upon final accounting, all remaining monies in the Construction Contingency shall accrue to the Owner. The Guaranteed Maximum Price shall also include a separately identified contingency amount, an "Owner's Contingency," which is defined as a contingency fund within the Guaranteed Maximum Price established by the Owner for the Owner's exclusive use. Monies from Owner's Contingency may be spent at the discretion of Owner's Representative and without additional Board of Trustees approval, but with subsequent notice to Owner's Board of Trustees. Any unused Owner's contingency shall accrue to the Owner.

**§ 3.2.5** The Construction Manager shall meet with the Owner and Architect to review the Guaranteed Maximum Price proposal. In the event that the Owner or Architect discover any inconsistencies or inaccuracies in the information presented, they shall promptly notify the Construction Manager, who shall make appropriate adjustments to the Guaranteed Maximum Price proposal, its basis, or both. As soon as feasible after Architect's preliminary approval of the Construction Manager's proposed Guaranteed Maximum Price, the Architect will prepare the Amendment forms and return them to the Construction Manager for review, signature, and return to the Owner.

**§ 3.2.6** If the Owner notifies the Construction Manager that the Owner has accepted the Guaranteed Maximum Price proposal in writing before the date specified in the Guaranteed Maximum Price proposal, the Guaranteed Maximum Price proposal shall be deemed effective without further acceptance from the Construction Manager. The Owner's Board of Trustees shall be allowed not less than thirty (30) days after receipt of the Construction Manager's signed Guaranteed Maximum Price Amendment to review and take action on the Amendment. Unless the Owner's Board of Trustees accepts the Guaranteed Maximum Price Amendment by Board action within thirty (30) days after District's receipt, the Amendment will not become effective. Following acceptance of a Guaranteed Maximum Price, the Owner and Construction Manager shall execute the Guaranteed Maximum Price Amendment amending this Agreement, a copy of which the Owner shall provide to the Architect. The Guaranteed Maximum Price Amendment shall set forth the agreed upon Guaranteed Maximum Price with the information and assumptions upon which it is based.

**§ 3.2.7** The Construction Manager shall not incur any cost to be reimbursed as part of the Cost of the Work prior to the execution of the Guaranteed Maximum Price Amendment, unless the Owner provides prior written authorization for such costs. Any costs incurred in contravention of this provision shall be undertaken at the sole risk of the Construction Manager.

**§ 3.2.8** The Owner shall authorize preparation of revisions to the Contract Documents that incorporate the agreed-upon assumptions and clarifications contained in the Guaranteed Maximum Price Amendment. The Owner shall promptly furnish such revised Contract Documents to the Construction Manager. The Construction Manager shall notify the Owner and Architect of any known inconsistencies between the agreed-upon assumptions and clarifications contained in the Guaranteed Maximum Price Amendment and the revised Contract Documents.

**§ 3.2.9** The Construction Manager shall not include in the Guaranteed Maximum Price all sales, consumer, use and similar taxes for the Work provided by the Construction Manager that are legally enacted, whether or not yet effective, at the time the Guaranteed Maximum Price Amendment is executed. any taxes from which Owner is exempt.

**§ 3.2.10** The Construction Manager shall diligently prosecute and achieve Substantial and Final Completion of the Entire Work as provided in the Amendment.

~~§ 3.3.2.5 Cost Control~~

~~The Construction Manager shall develop a system of cost control for the Work, including regular monitoring of actual costs for activities in progress and estimates for uncompleted tasks and proposed changes. The Construction Manager shall identify variances between actual and estimated costs and report the variances to the Owner and Architect, and shall provide this information in its monthly reports to the Owner and Architect, in accordance with Section 3.3.2.3 above.~~

#### § 6.1.5 Liquidated damages, if any:

- .1 Time is of the essence in all phases of the Work. It is specifically understood and agreed by and between Owner and Construction Manager that time is of the essence in the Substantial Completion and Final Completion of the Project and Owner shall sustain actual and direct damages as a result of Construction Manager's failure, neglect or refusal to achieve said deadlines. Such actual and direct damages are, and will continue to be, impracticable and extremely difficult to determine. Execution of this Agreement under these specifications shall constitute agreement by Owner and Construction Manager that the amounts stated below are the minimum value of the costs and actual and direct damages caused by failure of Construction Manager to substantially complete the work within the allotted times, that such sums are liquidated direct damages and shall not be construed as a penalty, and that such sums may be deducted from payments due Construction Manager if such delay occurs. It is expressly understood that the said sum per day is agreed upon as a fair estimate of the pecuniary damages which will be sustained by the Owner in the event that the Work is not completed within the agreed time, or within the agreed extended time, if any, otherwise provided for herein. Said sum shall be considered as liquidated damages only and in no sense shall be considered a penalty, said damages being caused by, but not limited to, additional compensation for personnel, attorneys fees, architectural fees, engineering fees, program

management fees, inspection fees, storage costs, food service costs, transportation costs, utilities costs, costs of temporary facilities, loss of interest on money, and other miscellaneous increased costs, all of which are difficult to exactly ascertain. Failure to complete the Work within the designated or agreed extended dates of Substantial or Final Completion, shall be construed as a breach of this Agreement.

- .2 It is expressly agreed as a part of the consideration inducing the Owner to execute this Agreement that the Owner may deduct from the Final Payment made to the Construction Manager a sum equal to \$1,000 per day for each and every additional calendar day beyond the agreed date of Substantial Completion.
- .3 Timely Final Completion is an essential condition of this Agreement. Construction Manager agrees to achieve Final Completion of the Agreement within 60 days of the designated or extended date of Substantial Completion. Owner and Construction Manager agree that should Construction Manager fail to achieve Final Completion of the Agreement by the deadline, Owner shall continue to be damaged to a greater degree by such delay. Construction Manager and Owner agree that the amount of liquidated damages for each calendar day Final Completion is delayed beyond the date set for Final Completion shall be the sum of \$500 per day. Owner may deduct from the Final Payment made to Construction Manager, or, if sufficient funds are not available, then Construction Manager shall pay Owner the amounts specified per day for each and every calendar day the breach continues after the deadline for Final Completion of the Work.

~~§ 6.3.2 Adjustments to the Guaranteed Maximum Price on account of changes in the Work subsequent to the execution of the Guaranteed Maximum Price Amendment may be determined by any of the methods listed in Article 7 of AIA Document A201-2017, General Conditions of the Contract for Construction.~~

The Construction Manager guarantees that the Contract Sum shall not exceed the Guaranteed Maximum Price set forth in the Guaranteed Maximum Price Amendment(s), subject to additions and deductions by Change Order as provided in the Contract Documents and the Dates of Substantial Completion and Final Completion shall be subject to adjustment as provided in the Contract Documents. Costs which would cause the Guaranteed Maximum Price to be exceeded shall be paid by the Construction Manager without reimbursement by the Owner. Should the final audited Contract Sum be less than the Guaranteed Maximum Price, then the difference between the Contract Sum and the Guaranteed Maximum Price shall be considered as savings to the Owner, and Owner shall have no obligation to pay same to the Construction Manager. Construction Manager shall also consider as savings to the Owner all unused funds from any Contingency account. The Construction Manager shall not participate in any savings; all savings shall be credited to Owner.

~~§ 6.3.3 Adjustments to subcontracts awarded on the basis of a stipulated sum shall be determined in accordance with Article 7 of A201-2017, as they refer to "cost" and "fee," and not by Articles 6 and 7 of this Agreement. Adjustments to subcontracts awarded with the Owner's prior written consent on the basis of cost plus a fee shall be calculated in accordance with the terms of those subcontracts.~~

**§ 6.3 Changes in the Work**

~~§ 6.3.5 If no specific provision is made in Section 6.1.3 for adjustment of the Construction Manager's Fee in the case of changes in the Work, or if the extent of such changes is such, in the aggregate, that application of the adjustment provisions of Section 6.1.3 will cause substantial inequity to the Owner or Construction Manager, the Construction Manager's Fee shall be equitably adjusted on the same basis that was used to establish the Fee for the original Work, and the Guaranteed Maximum Price shall be adjusted accordingly.~~

### AGENDA ITEM

House Bill 5 (HB 5), 83<sup>rd</sup> Legislative Session Requirement Concerning “Set-Aside” State Compensatory Funding

### RECOMMENDED ACTION

**Approve the House Bill 5, 83<sup>rd</sup> Legislative Session requirement concerning “set-aside” state compensatory funding.**

### RATIONALE

Under Section 29.081 of the Texas Education Code (TEC), compensatory education is defined in law as programs and/or services designed to supplement the regular education program for students identified as at risk of dropping out of school. The purpose is to increase academic achievement and reduce the dropout rate of these students.

HB 5, 83<sup>rd</sup> Legislative Session, added new TEC, Section 28.0217 to require each school district to provide accelerated instruction in the applicable subject area each time a student fails to perform satisfactorily on an end-of-course (EOC) assessment instrument.

HB 5 also requires districts “to separately budget and prioritize state compensatory education funding and any other funding necessary to sufficiently support the cost of additional accelerated instruction for students who fail to perform satisfactorily on an EOC assessment instrument. State compensatory education funds cannot be used for any other purpose until your district or charter school has sufficiently funded additional accelerated instruction.”

In order to meet the requirements of HB 5, administration is requesting specific Board approval of \$244,250, which has been included in the existing budget requests, however, needs to be segregated and identified by Board action. These funds will be used to support the following student accelerated instructional practices and interventions: Summer School, accelerated learning, end of course (EOC) review sessions and educational resources to support accelerated instruction.

- **Proposed General Operating Fund, Debt Service Fund and Food Service Fund Budgets for 2024-2025**

Pam Sanchez, Assistant Superintendent of Business Services, presented that Section 44.002 through 44.006 of the Texas Education Code establishes the legal basis for the budget development in school districts. These codes require that the district prepare a budget by the date set by the State Board of Education, currently August 21st for districts with an August 31st fiscal year-end. The Budget Document and the Annual Financial and Compliance Report are the primary vehicles used to present the financial plan and the results of operations of the District. The primary purposes of this budget document is to provide timely and useful information concerning the past, current and projected financial status of the District, in order to facilitate financial decisions that support the educational goals of the District.

This item was for discussion only, action will be requested at the August 21, 2024 meeting.

- **House Bill (HB 5), 83rd Legislative Session Requirement Concerning “Set Aside” State Compensatory Funding.**

Under Section 29.081 of the Texas Education Code (TEC), compensatory education is defined in law as programs and/or services designed to supplement the regular education program for students identified as at risk of dropping out of school. The purpose is to increase academic achievement and reduce the dropout rate of these students.

HB 5, 83rd Legislative Session, added new TEC, Section 28.0217 to require each school district to provide accelerated instruction in the applicable subject area each time a student fails to perform satisfactorily on an end-of-course (EOC) assessment instrument.

HB 5 also requires districts “to separately budget and prioritize state compensatory education funding and any other funding necessary to sufficiently support the cost of additional accelerated instruction for students who fail to perform satisfactorily on an EOC assessment instrument. State compensatory education funds cannot be used for any other purpose until your district or charter school has sufficiently funded additional accelerated instruction.”

In order to meet the requirements of HB 5, administration is requesting specific Board approval of \$244,250, which has been included in the existing budget requests, however, needs to be segregated and identified by Board action. These funds will be used to support the following student accelerated instructional practices and interventions: Summer School, accelerated learning, end of course (EOC) review sessions and educational resources to support accelerated instruction.

This item was for discussion only, action will be requested at the August 21, 2024 meeting.

- **2024 Annual Review of Required Professional Development**

Senate Bill 1267, from the 87th Legislature, requires the board of trustees to annually review the State Board of Educator Certification (SBEC) clearinghouse regarding best practices and industry recommendations for professional development and approve the district’s professional development plan, which must be guided by the clearinghouse. On June 1, 2022, SBEC issued its clearinghouse recommendations. The administration, guided by the clearinghouse, has put together the required professional development plan for the 2024-2025 school year.

This item was for discussion/presentation only; no action was requested.

- **Update to Board Policy DEC(LOCAL) Compensation and Benefits, Leaves and Absences**

Board Policy DEC (LEGAL) has been updated to provide an additional leave available to police officers. Due to the update, the District is required to update Board Policy DEC (LOCAL). The new provision applies to district employees who are commissioned by the board to serve as police officers. The board makes the decision on whether to provide an extended leave of absence and, if so, the possible number of days and whether it will be paid at a reduced rate or fully paid. The recommended update to Board Policy DEC (LOCAL) incorporates the extended leave of absence following a leave of absence with full pay as required by Board Policy DEC (LEGAL).

This item was for discussion only, action will be requested at the August 21, 2024 meeting.

### **Consideration Items**

- **Service Agreement for Nonpublic Placement of Student**

Under Texas Administrative Code (TAC), Section 89.1005, a school district may contract for a nonpublic placement of a student when the student’s admission, review, and dismissal (ARD)

committee determines that nonpublic placement is necessary in order for the student to receive a free appropriate public education (FAPE).

A school district may contract for a nonpublic placement of a student with nonpublic schools which maintain appropriate Texas Education Agency approval for the particular disability condition and age of the student.

For each student placed in a nonpublic facility, the school district shall verify, during the initial nonpublic placement ARD committee meeting and each subsequent annual ARD committee meeting, that:

- The facility meets minimum standards for health and safety;
- Placement is needed and is documented in the individualized education program (IEP); and
- The educational program provided at the facility is appropriate and the placement is the least restrictive environment for the student

For each student, the ARD committee shall establish, in writing, criteria and estimated timelines for the student's return to the school district.

The District is in need of contracting with Tangram Rehabilitation Network, Inc. for the continued placement of a student for nonpublic day school services. This contract will exceed \$100,000 and, therefore, requires approval by the Board in accordance with Board Policy CH (LOCAL).

**A MOTION** was made by Trustee Keely Cano and seconded by Trustee Kim Flasch to authorize the Superintendent or designee to negotiate, execute and amend service agreements with nonpublic schools for placement of public school students at Tangram Rehabilitation Network, Inc.

The motion passed by a vote of 7- 0.

- **Consideration and Action on a Resolution Providing for the Defeasance and Calling for Redemption Certain Currently Outstanding District Obligations and Other Matters in Connection Therewith**

For the 2024 Tax Year, Lake Travis Independent School District has a projected taxable property value increase of 6%. This increase in value will allow the district to redeem an additional \$9,125,000 in outstanding obligations from its Unlimited Tax School Building Bonds, Series 2017. By aggressively paying down the district's debt service requirements, Lake Travis Independent School District is able to save the citizens of the district interest and also build capacity for future bond programs. Including the upcoming defeasance, the district will have early retired approximately \$138 million and refinanced \$256.6 million since 2013, saving the taxpayers approximately \$123.1 million of interest over the life of the outstanding bonds.

**A MOTION** was made by Trustee Kim Flasch and seconded by Trustee Phil Davis to approve the Redemption Resolution No. 071724-01 for 2024-2025.

The motion passed by a vote of 7- 0.

- **2023-2024 Budget Amendment – General Operating, Debt Services and Food Service Funds**

The General Operating budget amendment reflects final adjustments for property tax collections, local revenues, state funding based on ADA, state recapture payment and end of year balancing of expenditure accounts by function.

The Debt Service budget amendment reflects final adjustments for property tax collections, additional hold harmless state aid based on the increase of the homestead exemption and end of year balancing of expenditure accounts.

The Food Service budget amendment reflects the allocation of indirect costs and end of year balancing of revenue and expenditure accounts.

**A MOTION** was made by Trustee Kim Flasch and seconded by Trustee Lauren White to approve the 2023-2024 Budget Amendment to the General Operating, Debt Service and Food Service Funds as presented.

The motion passed by a vote of 7 – 0.

- **Consideration and Approval to Call a Public Meeting to Discuss the 2024-2025 Proposed Budget and Tax Rate**

In accordance with Section 44.004(a) of the Education Code and as part of the budget and tax rate adoption process, the Board of Trustees must officially “call a meeting” for the purpose of discussing and adopting the proposed budget and tax rate. To inform taxpayers, notification of the budget and tax rate meeting shall be published in a newspaper not earlier than the 30th day or later than the 10th day before the date of the hearing. The administration requests that the Board of Trustees call the public meeting to be held at the August 21, 2024 regular board meeting.

Lake Travis ISD will publish the maximum 2024 tax rate allowed for Maintenance & Operations (M&O) purposes to comply with state law. Based on preliminary estimates of property values, the M&O tax rate will be compressed down to the state limitation on maximum compressed rate. The proposed rates that will be published are \$0.7245 for M&O and \$0.3275 for I&S for a total 2024 tax rate of \$1.052. The 2023 tax rate was \$1.0741.

**A MOTION** was made by Trustee Keely Cano and seconded by Trustee Phil Davis to approve that a meeting of the Board of Trustees is called for 6:00 PM on August 21, 2024, for the purpose of discussing and adopting the 2024-2025 budget and 2024 tax rate and authorize the Administration to publish a tax rate of \$1.052 for purposes of the Notice of Public Hearing.

The motion passed by a vote of 7 -0.

- **Second Reading and Adoption of Board Policies Related to Library Instructional Materials**

At the request of the Board of Trustees, two new Local Policies were created to address the two distinct categories of instructional resources utilized in schools – instructional materials and library materials. Presented for consideration are EFA(LOCAL) (Instructional Resources-Instructional Materials) and EFB(LOCAL) (Instructional Resources-Library Materials). Currently both

instructional materials and library materials are addressed in Board Policy EF(LOCAL) (Instructional Resources). Adopting these new policies requires the repeal of Board Policy EF(LOCAL).

Board Policy EFA(LOCAL) addresses instructional materials, which are defined in Texas Education Code §31.002 and generally include any material in a format that “conveys the essential knowledge and skills of a subject in the public school curriculum . . . to a student.”

Board Policy EFB(LOCAL) addresses library materials specifically. The revised policy makes several changes, including recognizing the role of parents in a child’s library choices, establishing an expedited review process for library materials alleged to contain “harmful material” or “obscene” content, outlining an expanded reconsideration committee process, and consolidating the reconsideration appeal process. This proposed policy incorporates state library standards recently adopted by the Texas State Library and Archives Commission.

While the two policies are similar, in that they both prohibit works that contain “harmful material” or “obscene” material as defined by the Texas Penal Code, they differ in how materials are selected. Both policies contain processes to challenge materials, and both allow appeals under the District’s formal complaint policies.

A **MOTION** was made by Trustee Phil Davis and seconded by Trustee Lauren White to approve the proposed revisions to Board Policies EF(LOCAL), EFA(LOCAL), and EFB(LOCAL).

The motion passed by a vote of 7 - 0.

- **Agreement for the Purchase of Attendance Credits (Option 3 Agreement) for 2024-2025**  
Pam Sanchez presented that Lake Travis Independent School District voters approved Option 3 on September 14, 1993. An Option 3 Agreement is the purchase of attendance credits from the State. The contract has been automated through the Excess Local Revenue Module. In order to submit the contract in the module the school board must delegate the authority to obligate the school district under chapter 49 to the superintendent and the superintendent must be the person that submits the contract to TEA via the Excess Local Revenue module. The following language is required to be recorded in the board minutes and the board minutes must be uploaded via the Excess Local Revenue subsystem of the online FSP System. The contract will not be approved via the Excess Local Revenue module without the board minutes delegating authority to the superintendent.

**Board minute language** - For the 2024-2025 school year, we delegated contractual authority to obligate the school district under Texas Education Code (TEC), Section 11.1511(c)(4) to the superintendent, solely for the purpose of obligating the district under TEC, Section §48.257 and TEC, Chapter 49, Subchapters A and D, and the rules adopted by the commissioner of education as authorized under TEC, §49.006. This included approval of the Agreement for the Purchase of Attendance Credits or the Agreement for the Purchase of Attendance Credits (Netting Chapter 48 Funding).

The contract must be a Board Action item approved by the Board, and the board minutes must delegate contractual authority to the Superintendent. The online contract will not be approved without the appropriate board minute language.

**A MOTION** was made by Trustee Keely Cano seconded by Trustee Phil Davis to approve for the 2024-2025 school year, we delegate contractual authority to obligate the school district under Texas Education Code (TEC), Section 11.1511(c)(4) to the superintendent, solely for the purpose of obligating the district under TEC, Section 48.257 and TEC, Chapter 49, Subchapters A and D, and the rules adopted by the commissioner of education as authorized under TEC, 49.006. This includes approval of the Agreement for the Purchase of Attendance Credits or the Agreement for the Purchase of Attendance Credits (Netting Chapter 48 Funding).

The motion passed by a vote of 7- 0.

- **Waiver for an Elementary Counselor for Lake Pointe Elementary**

Pursuant to TEC §7.056, this waiver allows the district to waiver Texas Education Code §21.003, Certification Required; TEC §21.0031, Failure to Obtain Certification; Contract Void; and Texas Administrative Code §231.1 (e), Criteria for Assignment of Public School Personnel, which states a person may not be employed as a teacher, teacher intern or teacher trainee, librarian, educational aide, administrator, educational diagnostician, or counselor by a school district unless the person holds an appropriate certificate or permit issued by the State Board for Educator Certification for his or her current assignment.

General State Waiver requests to waive the certification law are considered only for unique district campus populations; district needs; circumstances and/or unique certification requirements not currently covered by the rule. The waiver will be for a defined period as a temporary fix to provide district compliance with current law and rule. The term of the waiver is for a maximum period of three years.

**A MOTION** was made by Trustee Kim Flasch and seconded by Trustee Phil Davis to approve the waiver for an Elementary Counselor Certification as presented.

The motion passed by a vote of 7 - 0.

Conditions related to pregnancy or childbirth shall be considered catastrophic if they meet the requirements of this paragraph.
