On Thursday, July 28, 2016, the Minnesota Department of Education released the 2015-16 state test results, which include the results of the accountability tests, MCA and MTAS. Consistent with AYP and MMR calculations, results are reported as "all accountability tests" for students enrolled October 1st in our District. A detailed review was provided by Dr. Tawnyea Lake, Director of Assessment and Evaluation.

Recommendation: It is recommended that the Duluth School Board receive this item as informational.

C. Grant Applications

1) AmeriCorps Promise Fellow Grant Application

Deborah Devaney, Lincoln Park Middle School, has submitted grant applications to the Lloyd K. Johnson Foundation, Minnesota Power and Light, Otto Bremer Trust and the Duluth-Superior Community Foundation in the amount of \$18,400.00. Lincoln Park Middle School has a 5-year history of having a comprehensive and successful AmeriCorps program which provides intervention for at-risk students and to address the achievement gap. Lincoln Park has two AmeriCorps Promise Fellows who would like to continue their service at Lincoln Park Middle School for the 2016-2017 school year. They provide attendance, behavior and academic support to

over 70 at-risk students. The Lincoln Park Promise Fellow program is very successful and is depended on by students, staff, parents, administration and the community. If awarded, this funding would provide the matching funds for the two positions as well as a small stipend for the supervisor, funds for travel to mandatory MN Alliance with Youth training and a nominal amount for supplies.

Recommendation: It is recommended that the Duluth School Board receive this item as informational.

Assistant Superintendent Report to the Board

August 2016

Planning for 2016-2017

- As I am reflecting on my professional goals for this year it will focus specifically on coaching and supporting principals and Continuous Improvement Teams (CITs) to address the achievement for all children. My weekly site visits will look different for next year. I will be spending more time in schools where there are significant achievement concerns or new principal leadership. Mr. Gronseth, Dr. Lake and Dr. Cary will be joining me on those site visits.
- CITs are an important step in being more intentional about addressing achievement goals across all school. We are looking to partner with MDE this year to providing training and support to CITs on the following topics:
 - Development and sustainability for effective school leadership teams
 - Data analysis and conducting comprehensive needs assessment
 - Development of school improvement plans
- I have been working closely with Jason Crane and MDE to move forward to implement evidence based practices as part of the grant we received last year. This is a five year grant to improve graduation rates for African American and American Indian special education students at Denfeld High School and the ALC. We will be implementing a program called “Check and Connect” this upcoming school year as a result of this grant and work with MDE.
- We have many staff development opportunities planned for August:
 - August 16-Principal Day Tech Camp
 - August 17-Principal PLC training
 - August 23/24-CIT PLC training
 - August 24-New special education teacher training
 - August 29-New Teacher Orientation
 - August 30-Workshop Day
 - There will be a welcome back session from the Superintendent and staff will attend breakout sessions on the following topics: PLCs, MTSS, Positive School Climate
