1. Informational Items - These items are provided for informational purposes only and no action is required.

A. Assistant Superintendent's Report 6

As part of her monthly report, Assistant Superintendent Amy Starzecki will highlight efforts in teaching and learning across ISD 709. Updates will be shared regarding implementation of District initiatives to support teaching and learning.

Recommendation: It is recommended that the Duluth School Board receive this item as informational.

B. Informational Presentations

1) Summary of Duluth Public Schools' Annual School Improvement Goals 7

Assistant Superintendent Amy Starzecki will provide a summary of all Duluth Public Schools' annual school improvement goals and key strategies for improvement.

Recommendation: It is recommended that the Duluth School Board receive this item as informational.

2) First Witness Presentation 29

The First Witness Child Advocacy Center and Duluth Public Schools' partnership brings a number of services to students, families and educators. Each Fall, First Witness presents the Safe and Strong Program, developmentally appropriate instruction that focuses on body safety, to elementary students. First Witness also supports individual families and provides consultation to educators intervening with students and families. Representatives from First Witness Advocacy Center will present an overview of services provided to our community, a report of program activities from last year and information regarding future programming.

Recommendation: It is recommended that the Duluth School Board receive this item as informational.

3) **PLACEHOLDER - Informational Presentations**

C. **Grant Applications**

1) **Essentia Health Grant Application - Children's Dental Services**

Pam Rees, Head Start Director, has submitted a grant application to Essentia Health in the amount of \$3,750. If awarded, funds will be used to pay for Children's Dental Services for children in Head Start who have had their health coverage lapse or dropped. This grant would fund dental services for 125 children at \$30 per child.

Recommendation: It is recommended that the Duluth School Board receive this item as informational.

2) **Essentia Health Grant Application - CTE - Future Health Care Providers**

Brad Vieths, Vocational Programs Coordinator, has submitted a grant application to Essentia Health in the amount of \$4,000. If awarded, funds will be used to purchase scrubs and support club activities for Duluth Public Schools students in the Health Occupations Program.

Recommendation: It is recommended that the Duluth School Board receive this item as informational.

3) **Duluth East High School Foundation Grant - Circle of Friends**

Cassie Letourneau, Duluth East High School Special Education teacher, has submitted a grant application to the Duluth East High School Foundation in the amount of \$500. If awarded, funds will be used to support Circle of Friends. Circle of Friends strives to reduce bullying and create a more inclusive school culture at East High School that promotes disability awareness, acceptance and friendship. Students participate in activities that promote collaboration, friendship and cooperation between students with and without disabilities.

Recommendation: It is recommended that the Duluth School Board receive this item as informational.

E. **Other Informational Items**

1) **PLACEHOLDER - Other Informational Items**

2. **Action Items**

A. **Presentation Items Requiring Approval**

1) **ISD 709 Calendar 2017-18 School Year**

32

Assistant Superintendent Amy Starzecki will present the recommended ISD 709 Calendar 2017-18 School Year for review and approval. The

recommended calendar was also presented to and approved by the Quality Steering Committee at their November 10, 2016 meeting.

Recommendation: It is recommended that the Duluth School Board accept and approve the recommended ISD 709 Calendar 2017-18 School Year.

2) Elementary Math Materials for 2017-18

33

Dr. Michael Cary, Director of Curriculum and Instruction, will present the curriculum department's recommendation of the purchase of consumable math texts for the 2017-18 school year. This purchase will help to keep our current curriculum materials in place as we move toward our next adoption of math materials, tentatively scheduled for the 2022-23 school year. Our past adoption was timed to coincide with the adoption of new math standards. The Minnesota legislature adjusted the curriculum standards adoption timeline at the state level, which has left gap years between our previously contracted adoption and the implementation of new standards.

Recommendation: It is recommended that the Duluth School Boards accept and approve the above item.

3) **PLACEHOLDER** - Presentation Items Requiring Approval

B. Grant Awards

1) Resolution E-12-16-3411 - Acceptance of Grant Awards to Duluth Public Schools

Principal Development

Principal PLCs have been meeting monthly. They have been learning about effective instructional practices and how to identify those practices in classroom. Teams have been conducting walk throughs in classrooms together to support this work across schools. I have been meeting with teams and participating in classroom visits as well. Again, the purpose of the principal PLC is to develop principal instructional leadership capacities. This process allows teams with common needs to collaborate to support school improvement based upon differentiated needs of each school.

An important quote that guides my work as Asst. Superintendent:

High-expertise teaching is the most significant variable in student achievement. And the leadership of the principal is the key variable in making sure that high-expertise teaching grows and in determining whether or not the school-as-workplace becomes an engine for constantly improved teaching. (Jon Saphier & Pia Durkin)

Continuous Improvement Teams

We have several CIT trainings to be held this winter and spring with representatives from each CIT. This structure continues to be a primary driver for district and school improvement efforts. I am currently working with the Regional Center of Excellence to plan the remaining training for 2016-17.

Multi Tiered Systems of Support (MTSS)

Leading MTSS in our district continues to be a significant role I have in the district. In partnership with our ISD 709 MTSS Leadership Team, I have been meeting with CITs to build MTSS understanding across elementary staff and discuss system changes needed to improve the current MTSS structures in each school. I have been working closely with middle school interventionists as well to begin planning next steps for MTSS implementation at the secondary level.

Special Education

Jason Crane and I have been working closely with MDE as part of our grant to increase graduation rates for Black and American Indian students receiving special education at Denfeld and ALC. We meet monthly with MDE to monitor this grant. We have hired Check and Connect (C/C) mentors and those mentors are being trained in December by the University of Minnesota. With the assistance of MDE we are monitoring the implementation of C/C and the student outcomes of this project to determine its effectiveness in improving graduation rates.

Safe and Strong Child© is a sexual abuse prevention program implemented throughout southern St. Louis County and Lake County. The program teaches children basic personal body safety skills while giving parents, educators and other youth-serving professionals information and resources to reduce the risk of victimization and respond effectively to disclosures of abuse.

During the 2015-2016 school year, First Witness Staff completed the following:

184 Safe & Strong Presentations to 2,285 children
Lowell Elementary: 4 and 5 th - 99 students
Homecroft Elementary: Headstart, K, 2, 4 – 188 students
Stowe Elementary: K, 2, 4- 158 students
Piedmont Elementary: K, 2, 4 – 262 students
Lester Park Elementary: K, 2, 4, 5 -350 students
Myers-Wilkins Elementary: Pre-K, K, 2, 4, 5- 473 students
Laura MacArthur: K, 2 nd , 4 th – 135 students
Non ISD709: Minnehaha, Silver Bay, Two Harbors, Raleigh Edison, Floodwood
23 presentations to 233 parents through ECFE and parent associations/groups
18 community presentations to 311 youth workers and community members
On-going contacts and training with school staff and works

2. Describe any unanticipated benefits or problems you have encountered with this project.

One unanticipated benefit of this year's programming was our ability to be in almost all of the elementary schools in Duluth this year. Our increased presence at the school allowed us to not only build connections and relationships with teachers, staff and families in those schools, but also serve as a support system when unsafe, abusive, inappropriate or sexually reactive behaviors occurred or when some type of incident reporting needed to happen.

Through our presence in a wide range of schools we were not only able to assist teachers directly, but also further educate school staff and community members about the services we offer and the support we can provide for both kids and families.

We were also able to further enhance our curriculum by understanding what the issues that kids face are and what families, communities and schools are dealing with each day, so we could better tailor our teachings to those realities. For instance, at Stowe there were concerns about technology use and safety with some of the older kids. We were able to create a curriculum to speak specifically about issues around technology and were invited to do special presentations with the 5th graders who had been most affected by these technology concerns. In addition, we also worked on creating a pre-k/head start curriculum as Myers-Wilkins and Homecroft wanted us to also provide education for the young children. Creation of these more specialized curriculum helped us to expand the focus of Safe and Strong and make sure it is best serving the needs and concerns of our kids and community.

In addition, building relationships within the schools also creates opportunities for us to branch out educational and prevention services to tertiary community-based organizations, such as Early Childhood Family Education groups, community collaborative and youth organizations. This allowed us to further explore topics around body sovereignty and body safety with more families, many of whom have pre-k children. These opportunities to work more closely and directly with parents, teachers and youth further inform the array of services we provide and our coordinated community response to child abuse, while helping us to better ensure that our responses effectively and accurately meet the needs of community members.

This year, we were able to serve seven out of the nine ISD 709 elementary schools. We were unable to schedule Congdon and did not serve Lakewood because we did programming for the entire school over the 2014-2015 school year. Next year we will be focusing on presentations for Congdon, Lester Park, Lakewood and Lowell. We will serve other schools that want programming if we have additional availability.

3. If you were to undertake this project again would you do anything differently? Please explain.

In the future, it would be great to have an increased access to First Witness support staff in the schools. The opportunities for First Witness staff to provide support and help to teachers and administrators post-disclosure or surrounding concerns over the past year was mutually beneficial. As a result we were also able to serve as additional resource for parents and many teachers connected families in need with First Witness staff.

One example of this was when a disclosure was made at Stowe during programming. Post-disclosure the First Witness staff was able to go and meet directly with the principal right away and discuss the next steps for reporting the disclosure and what minimal facts to gather from the child. The ability for the school and First Witness staff to collaborate on how to respond right away created a more holistic response that kept the needs and safety of the kids and family the first priority. Multi-disciplinary approaches and community collaboration positively impact outcomes for kids and families. It's a privilege for First Witness staff when we can provide these supports and services not only for the kids and families, but also for those working with the kids and families, who know them best.

Often times when we're doing prevention education in the schools, we are also meeting one on one with teachers and staff who may have worries and concerns about students and situations. It is great to be right there and available when we are needed, as students frequently identify their teachers and

school staff as safe people they can talk to. As a result it would also be a goal to provide more on-going contact with school staff and provide more on-going training opportunities. We would also like to synthesize some of the feedback we've received from teachers to further develop more specialized curricula as mentioned above, such as a sexual harassment curricula.

4. If applicable please provide a success story for this project.

The creation of new more diverse and reflective visual aids for our presentations and additional curriculum to meet the needs of specific issues within schools were two of our greatest successes this year. The creation of our technology safety curriculum and our revision of our headstart/ pre-k curriculum increases our capacity to help more families in our community.

Our ability to meet one on one with teachers during programming to discuss various issues that have arisen with students was another success, as we were able to help teachers strategize next steps and provide sample language for how to address pertinent issues.

In addition, the opportunity to be in both Lester Park and Homecroft schools were also big successes as we've been absent from both schools for a number of years. Homecroft teachers were very apprehensive about the programming being taught to their students, especially in the younger grades and expressed several concerns at the teacher meeting. That same night at the parent info meeting, after explaining the curriculum messages and topic discussions positive support was expressed by all the parents. There was an overwhelming amount of acceptance of the program and one parent even shared that she wished all grades including her child's 1st grade class would get the messaging. After the presentations were done at the school a student brought the information back to her church and the kids all agreed to make a donation to First Witness for the work that we do. A similar experience was met at Lowell Elementary where we were only in select classrooms, but the parents expressed the need to have it in all the classrooms.

DISTRICT 709 FIELD TRIP REQUESTS

In accordance with School District Policy District 6160, District 709 recognizes properly planned, well conducted, and carefully supervised field trips may be a vital part of the curriculum. School field trips are encouraged within available resources and requirements outlined below.

DIRECTIONS: All staff are required to submit a Field Trip Request **prior** to the field trip being finalized with the involved students and to:

- Receive administrative and/or extra-curricular coordinator approval for all instructional and supplementary field trips
- Receive administrative reviewal and school board approval for all extended trips (Exceptions may be granted by the school board chair to accommodate emergencies.)

DEFINITIONS:

Instructional Trips - Trips that take place during the school day, relate directly to a course of study, and require student participation. Fees may not be assessed against students.

Supplementary Trips - Trips in which students voluntarily participate in and which often take place outside the regular school day, but do not include overnight stays. Financial contributions may be requested of students.

Extended Trips Within Minnesota and Continental United States - Trips that involve one or more overnight stops within Minnesota or the Continental United States and may be instructional or supplementary and are voluntary in nature. Extended field trips require school board approval prior to the trip.

~~5155—SPECIAL EDUCATION SERVICES FOR STUDENTS WITH DISABILITIES~~

~~The School Board affirms the right of every disabled student to a free and appropriate education at public expense. Special education services shall focus on developing in each student skills and abilities that will assist him/her to perform to the extent possible as an independent adult.~~

~~1. Student with Disabilities—School Ages~~

~~School Age means the ages from three (3) to twenty one (21) years for persons who are handicapped as defined in Minnesota Statutes 1984 120.03 and shall not extend beyond secondary school or its equivalent. Students with disabilities are eligible for special education services provided they are three (3) years of age on or before September 1 of the current academic year. The School District may provide services for 0-2 year old severely to profoundly hearing impaired children if services from other community agencies are not available. Children with handicaps, ages 0-2, shall be identified, located, and evaluated by school district personnel. The School District may provide special instruction and services for children with disabilities who have not attained school age. A birth certificate or other satisfactory proof of age shall be required to substantiate age eligibility.~~

~~2. Rights of Students with Disabilities~~

- ~~a. Parent/guardian or student (when appropriate) shall receive notification of all due process procedures.~~
- ~~b. Parent/guardian or student (when appropriate) involvement in the determination of Special Services (Individual Educational Plan within the least restrictive environment).~~
- ~~c. Physical accessibility to programs which meet each student's educational needs.~~

~~3. Formal Educational Assessment of Students with Disabilities~~

~~A formal educational assessment shall be conducted prior to the initiation of, or change, in Special Education services or programs, and at least once every two (2) years when a student is continued in a primary placement Special Services program for two (2) years or more, or at other times upon parental request. An educational assessment must be conducted when a person's performance in the present educational placement reflects a possible handicapping condition and/or the possible need of Special Services. The formal educational assessment procedures shall:~~

- ~~a. Include written consent for assessment by parent/guardian.~~
- ~~b. Be completed within a reasonable time (30 calendar days).~~
- ~~c. Be appropriate to the presented need and represent the person's current level of performance.~~
- ~~d. Be conducted at the student's home school, if possible.~~
- ~~e. Be performed by a team of appropriate professionals, utilizing assessment instruments in a~~
- ~~non-discriminatory manner and administered in the primary language of the student.~~
- ~~f. Be reviewed by an appropriate team of professionals who may have the responsibility of implementing the educational program.~~
- ~~g. Include informing parent/guardian before and after the assessment of all due process safeguards.~~

~~4. Conciliation Conference~~

~~If disagreement should occur between the parent/guardian and school personnel, the parent/guardian shall request, in writing, a conciliation conference which shall be held within ten (10) calendar days after receipt of the written request. The parent or guardian shall~~

receive a statement of assurance that the child's educational program will not be changed as long as there is parent objection to the proposed plan; that they have the right to be represented by counsel or a person of their choice at the conference; but that if they refuse to attend the conference, the School District may proceed with the proposed action. There may be more than one such conference. Within seven (7) school days of the final conciliation conference, school personnel shall provide a written statement to the parent or guardian informing them of the School District's proposed action and the procedure for further conciliation or an informal due process hearing.

5. Informal Due Process Hearing

An informal due process hearing shall be held at the request of the parent/guardian if agreement is not reached through the conciliation process. The hearing shall take place before an impartial hearing officer mutually agreed to by the School Board and the parent/guardian. If the School Board and the parent/guardian are unable to agree on a hearing officer, the School Board shall request the State Commissioner to appoint a hearing officer. The hearing officer shall not be a School Board member or employee of the School District or any person involved in the education or care of the child.

The hearing shall be held if the parent/guardian continues to object to the proposed:

- a. Formal assessment
- b. Initial program placement
- c. Transfer to another program (not a locational consideration)
- d. Denial of placement in a program
- e. Denial of transfer to another Special Education program (not a locational consideration)
- f. Provision or denial of additional Special Education services

608 INSTRUCTIONAL SERVICES – SPECIAL EDUCATION

~~**[Note: The provisions of this policy substantially reflect statutory and regulatory requirements.]**~~

I. PURPOSE

The purpose of this policy is to set forth the position of the school board on the need to provide special educational services to some students in the school district.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that some students need special education and further recognizes the importance of providing a free appropriate public education and delivery system for students in need of special education.

III. RESPONSIBILITIES

- A. The school board accepts its responsibility to identify, evaluate, and provide special education and related services for disabled children who are properly the responsibility of the school district and who meet the criteria to qualify for special education and related services as set forth in Minnesota and federal law.
- B. The school district shall ensure that all qualified disabled children are provided special education and related services which are appropriate to their educational needs.
- C. When such services require or result from interagency cooperation, the school district shall participate in such interagency activities in compliance with applicable federal and state law.

**DATA SHARING AGREEMENT FOR RELEASE
OF DATA UNDER "SCHOOL OFFICIAL" EXCEPTION**

This Data Sharing Agreement ("Agreement") between Independent School District No. 709, Duluth Public Schools ("District") and the MN STATE UNIVERSITY, MANKATO, is entered into as of July 1, 2016 ("Effective Date"). The District and the MN STATE UNIVERSITY, MANKATO are referred to collectively as the "Parties."

WHEREAS, certain individuals affiliated with the MN STATE UNIVERSITY, MANKATO (hereinafter "Requesting Entity") will provide *ASSISTANCE TO THE TEACHER IN THE CLASSROOM* to the District for the 2016-2017 school year; and

WHEREAS, the services to be provided by individuals affiliated with Requesting Entity are institutional services and functions for which the District would otherwise use its own employees; and

WHEREAS, the District anticipates individuals affiliated with Requesting Entity will be required to access personally identifiable information related to students and educational data in order to effectively provide services to the District; and

WHEREAS, both the Family Educational Rights and Privacy Act ("FERPA") and the Minnesota Government Data Practices Act ("MGDPA") allow certain contractors, consultants, volunteers, and other parties to access information that would otherwise be protected from disclosure under a "school official" exception; and

WHEREAS, individuals affiliated with Requesting Entity will be providing services in a manner that meets the relevant requirements to qualify as a "school official" under both FERPA and the MGDPA; and

WHEREAS, the Parties wish to enter into this Agreement in order to outline in greater detail the terms and conditions upon which individuals affiliated with Requesting Entity will be granted access to certain protected student data as a "school official."

NOW, THEREFORE, in consideration of the mutual promises contained in this Agreement, the parties agree to the following:

1. **Services Provided to District.** Requesting Entity is a *UNIVERSITY* whose *STUDENT TEACHERS* will provide *ASSISTANCE TO THE TEACHER IN THE CLASSROOM* to the District. The services to be provided to the District are institutional services and functions for which the District would otherwise use its own employees.
2. **Protected Student Data Defined.** "Protected Student Data" means any data defined as "personally identifiable information" contained in educational records

as the term is defined in FERPA and its implementing regulations, 20 U.S.C. § 1232g and 34 C.F.R. § 99.31, or “educational data” as defined in the MGDPA, Minn. Stat. § 13.32.

3. **Types of Data to be Accessed.** In the course of providing the services described in Paragraph 1, individuals affiliated with Requesting Entity will have a legitimate need to access Protected Student Data in the form of ATTENDANCE, GRADES, GRADEBOOK, TRANSCRIPTS, TEST SCORES AND SCHEDULES. The data described in this Paragraph is subject to disclosure restrictions imposed by FERPA and the MGDPA.
4. **District’s Control over Use and Maintenance of Data.** The following terms and conditions will govern the manner in which individuals affiliated with Requesting Entity will have access to Protected Student Data:
 - a. *STUDENT TEACHERS* shall be the only representatives of Requesting Entity granted access to Protected Student Data in accordance with the terms of this Agreement. Protected Student Data shall not be shared with any employee, agent, volunteer, or other affiliate of Requesting Entity who is not within the group of individuals defined in this Paragraph. Prior to being granted access to Protected Student Data, each *STUDENT TEACHERS* must review and sign the acknowledgement and consent form attached hereto as Exhibit A.
 - b. Requesting Entity shall not attempt to use, access, or maintain Protected Student Data for any reason other than purposes legitimately necessary for its *STUDENT TEACHERS* to provide the services referenced in Paragraph 1. Requesting Entity shall not maintain its own files, documents, or any other form of records containing Protected Student Data or attempt to obtain access to Protected Student Data for anyone other than an individual described Paragraph 4(a).
 - c. The use and maintenance of Protected Student Data by *STUDENT TEACHERS* shall be at all times subject to the District’s direct control.
 - d. Individuals providing services as *STUDENT TEACHERS* shall be granted access to Protected Student Data through the District’s Infinite Campus system in a manner deemed appropriate by the District. Requesting Entity shall supply the District with a list of the names of the individuals providing services as *STUDENT TEACHERS* to the principal of the building in which each individual will be providing services. Upon receipt of the list of names, the District will determine using its sole discretion the extent to which each individual will be granted access to Protected Student Data through the Infinite Campus system. Under no circumstance will an

individual be granted greater access to Protected Student Data than what is legitimately necessary to effectively provide the services listed in Paragraph 1. The District retains the right to alter at any time and in its sole discretion the manner in which individuals providing services as STUDENT TEACHERS access Protected Student Data. No individual will be granted access to Protected Student Data unless the person has signed the form attached as Exhibit A and provided a copy to the principal of the building in which the individual will be providing services.

- e. The individuals providing services as STUDENT TEACHERS shall not copy, duplicate, alter, modify, or otherwise make changes to or reproductions of Protected Student Data unless legitimately necessary to perform the services described in Paragraph 1. If any individual who has been granted access to data in accordance with this agreement has maintained copies or other reproductions of Protected Student Data for legitimate purposes, such copies or other reproductions must be destroyed within 30 days of the expiration of this Agreement.
 - f. The District reserves the right to restrict, modify, or discontinue the use and maintenance of Protected Student Data authorized by this agreement for any reason. If the District exercises its sole discretion to restrict or cancel access to data, Requesting Entity and/or its affected representatives shall destroy any copies or reproductions of data which they no longer have access in accordance with the timeframe and requirements of Paragraph 4(f) of this Agreement.
5. **Rediscovery of Protected Student Data.** In the course of performing the services described in Paragraph 1, the Parties agree that individuals providing services to the district as STUDENT TEACHERS shall not redisclose Protected Student Data to any representative of Requesting Entity not within the class of individuals identified in Paragraph 4(a) or any person or party other than a school official with a legitimate need to access the data unless disclosure is specifically authorized or required by law. In the event a parent or eligible student requests disclosure of Protected Student Data to a third party, Requesting Entity and its representatives shall direct the requesting parent or eligible student to the appropriate building principal, who will process each request to disclose Protected Student Data in accordance with applicable District policies and procedures.
6. **Data Related to STUDENT TEACHERS Evaluations.** The Parties agree that data maintained by the District with respect to individuals who perform services on a voluntary basis for the District is defined as personnel data by the MGDPA, Minn. Stat. § 13.43. In the event Requesting Entity requests information from the District that is not classified as public data pursuant to Minn. Stat. § 13.43, subd.

2, Requesting Entity shall obtain a written consent of the subject of the data prior to requesting the data from the District.

- 7. **Term.** This agreement shall be valid from the date duly approved by both Parties through June 30, 2017. On July 1, 2017, this agreement shall terminate and the District will terminate the ability of the individuals described in Paragraph 4(a) to access Protected Student Data.
- 8. **Successors and Assigns.** This Agreement will be binding upon and inure to the benefit of the Parties and their respective successors and permitted assigns. No Party may assign or transfer this Agreement or any of its rights, interests or obligations hereunder without the prior written consent of the other Party.
- 9. **Amendment/Modification.** This Agreement may be amended or modified only by a writing executed by the Parties. No custom or practice of the Parties at variance with the terms hereof will have any effect.
- 10. **Entire Agreement.** This Agreement constitutes the entire agreement and understanding of the parties relative to the subject matter hereof. The parties have not relied upon any promises, representations, warranties, agreements, covenants or undertakings, other than those expressly set forth or referred to herein. This Agreement replaces and supersedes any and all prior oral or written agreements, representations and discussions relating to such subject matter.

IN WITNESS HEREOF, the Parties have executed this Agreement as of the date first written above.

UNDER "SCHOOL OFFICIAL" AND "EVALUATION" EXCEPTIONS**

This Data Sharing Agreement ("Agreement") between Independent School District No. 709, Duluth Public Schools ("District") and the [MYERS-WILKINS COMMUNITY SCHOOL COLLABORATIVE], is entered into as of [July 1, 2016] ("Effective Date"). The District and the [MYERS-WILKINS COMMUNITY SCHOOL COLLABORATIVE] are referred to collectively as the "Parties."

WHEREAS, certain individuals affiliated with the [MYERS-WILKINS COMMUNITY SCHOOL COLLABORATIVE] (hereinafter "Requesting Entity") will provide [Evaluation] to the District for the 2016-2017 school year; and

WHEREAS, the services to be provided by individuals affiliated with Requesting Entity are institutional services and functions for which the District would otherwise use its own employees; and

WHEREAS, the District anticipates individuals affiliated with Requesting Entity will be required to access personally identifiable information related to students and educational data in order to effectively provide services to the District; and

WHEREAS, both the Family Educational Rights and Privacy Act ("FERPA") and the Minnesota Government Data Practices Act ("MGDPA") allow certain contractors, consultants, volunteers, and other parties to access information that would otherwise be protected from disclosure under a "school official" exception; and

WHEREAS, individuals affiliated with Requesting Entity will be providing services in a manner that meets the relevant requirements to qualify as a "school official" under both FERPA and the MGDPA; and

WHEREAS, the Parties wish to enter into this Agreement in order to outline in greater detail the terms and conditions upon which individuals affiliated with Requesting Entity will be granted access to certain protected student data as a "school official"; and

WHEREAS, Requesting Entity receives funding from [21st Century Community Schools], which is funded by the [several grants including MN Dept of Education]; and

WHEREAS, as a condition of receiving grant funding, Requesting Entity must complete certain reports related to the effectiveness of educational programs funded with grant money; and

WHEREAS, the District desires to designate Requesting Entity as its authorized representative for evaluating and reviewing data for the purpose of measuring the effectiveness of educational programs funded through the [21st Century Community Schools Grant]; and

WHEREAS, in order to share personally identifiable information related to students and educational records, for the purpose of evaluating the effectiveness of educational programs funded with [21st Century Community Schools Grant], the District and Requesting Entity must enter into a written agreement that meets the requirements outlined in 34 C.F.R. § 99.35.

NOW, THEREFORE, in consideration of the mutual promises contained in this Agreement, the Parties agree to the following:

1. **Services Provided to District.** Requesting Entity is a [non-profit] whose [Executive Director] will provide [Evaluation] to the District. The services to be provided to the District are institutional services and functions for which the District would otherwise use its own employees.
2. **Protected Student Data Defined.** "Protected Student Data" means any data defined as "personally identifiable information" contained in educational records as the term is defined in FERPA and its implementing regulations, 20 U.S.C. § 1232g and 34 C.F.R. § 99.31, or "educational data" as defined in the MGDPA, Minn. Stat. § 13.32.
3. **Types of Data to be Accessed.** In the course of providing the services described in Paragraph 1, individuals affiliated with Requesting Entity will have a legitimate need to access Protected Student Data in the form of *ATTENDANCE, GRADES, GRADEBOOK, TRANSCRIPTS, TEST SCORES, BEHAVIOR AND SCHEDULES*. The data described in this Paragraph is subject to disclosure restrictions imposed by FERPA and the MGDPA.
4. **District's Control over Use and Maintenance of Data.** The following terms and conditions will govern the manner in which individuals affiliated with Requesting Entity will have access to Protected Student Data:
 - a. [Executive Director] shall be the only representatives of Requesting Entity granted access to Protected Student Data in accordance with the terms of this Agreement. Protected Student Data shall not be shared with any employee, agent, volunteer, or other affiliate of Requesting Entity who is not within the group of individuals defined in this Paragraph. Prior to being granted access to Protected Student Data, each [Executive Director] must

review and sign the acknowledgement and consent form attached hereto as Exhibit A.

- b. Requesting Entity shall not attempt to use, access, or maintain Protected Student Data for any reason other than purposes legitimately necessary to provide the services referenced in Paragraph 1. Requesting Entity shall not maintain its own files, documents, or any other form of records containing Protected Student Data or attempt to obtain access to Protected Student Data for anyone other than an individual described Paragraph 4(a).
- c. The use and maintenance of Protected Student Data by [*Executive Director*] shall be at all times subject to the District's direct control.
- d. Individuals providing services as [*Executive Director*] shall be granted access to Protected Student Data through the District's Infinite Campus system in a manner deemed appropriate by the District. Requesting Entity shall supply the District with a list of the names of the individuals providing services as [*Executive Director*] to the principal of the building in which each individual will be providing services. Upon receipt of the list of names, the District will determine using its sole discretion the extent to which each individual will be granted access to Protected Student Data through the Infinite Campus system. Under no circumstance will an individual be granted greater access to Protected Student Data than what is legitimately necessary to effectively provide the services listed in Paragraph 1. The District retains the right to alter at any time and in its sole discretion the manner in which individuals providing services as [*Executive Director*] access Protected Student Data. No individual will be granted access to Protected Student Data unless the person has signed the form attached as Exhibit A and provided a copy to the principal of the building in which the individual will be providing services.
- e. The individuals providing services as [*Executive Director*] shall not copy, duplicate, alter, modify, or otherwise make changes to or reproductions of Protected Student Data unless legitimately necessary to perform the services described in Paragraph 1. If any individual who has been granted access to data in accordance with this agreement has maintained copies or other reproductions of Protected Student Data for legitimate purposes, such copies or other reproductions must be destroyed within 30 days of the expiration of this Agreement.
- f. The District reserves the right to restrict, modify, or discontinue the use and maintenance of Protected Student Data authorized by this agreement for any reason. If the District exercises its sole discretion to restrict or cancel

access to data, Requesting Entity and/or its affected representatives shall destroy any copies or reproductions of data which they no longer have access in accordance with the time-frame and requirements of Paragraph 4(f) of this Agreement.

5. **Evaluation of Educational Programs Funded with [Executive Director] Funds.**

The Parties acknowledge that the services identified in Paragraph 1 are funded through the [FEDERALLY OR STATE]-funded [21st Century Community Schools Grant]. As a condition of receiving funds through the [21st Century Community Schools Grant], Requesting Entity must compile aggregate data related to the effectiveness of services funded by the grant and report the results to [GRANTOR]. Notwithstanding Paragraph 4, the following terms and conditions apply to the District's release of Protected Student Data to Requesting Entity for the purpose of evaluating the effectiveness of grant-funded services:

- a. **Authorized Representative.** The District designates Requesting Entity as its authorized representative for evaluating the effectiveness of [SPECIFICALLY DESCRIBE SERVICES/PROGRAMS FUNDED BY GRANT].
- b. **Records to be Disclosed.** The District shall disclose [ATTENDANCE, GRADES, GRADEBOOK, TRANSCRIPTS, TEST SCORES, BEHAVIOR AND SCHEDULES] to Requesting Entity for the purpose of evaluating [FEDERALLY OR STATE]-funded educational programs funded through the [21ST Century Community Schools Grant]. Requesting Entity has designated [EXECUTIVE DIRECTOR] as the individual who will conduct the evaluation and review the Protected Student Data disclosed pursuant to this Paragraph. Prior to being granted access to Protected Student Data, the individuals who will conduct the evaluation must review and sign the acknowledgement form attached to this Agreement as Exhibit B.
- c. **Scope of Access to Data for Evaluation.** Upon Requesting Entity's request, the District shall provide access to [ATTENDANCE, GREADES, GRADEBOOK, TRANSCRIPTS, TEST SCORES, BEHAVIOR AND SCHEDULES NEEDED FOR THE EVALUATION] to the individuals designated by Requesting Entity to evaluate the effectiveness of educational programs funded through the [21st Century Community Schools Grant]. Following Requesting Entity's request for access to the records and information described in this Paragraph, the District will determine using its sole discretion the most appropriate manner in which to grant access to the individuals who will conduct the evaluation. The records and information described in this Paragraph have been determined by the Parties to be necessary to properly conduct an evaluation of the effectiveness of

educational programs provided to students attending schools in the District and funded through the [21st Century Community Schools Grant]. In the course of evaluating the effectiveness of educational programs funded through the [21st Century Community Schools Grant] the District shall not provide any records or information other than those specified in this Paragraph.

- d. **Destruction of Data.** Requesting Entity must destroy any Protected Student Data provided by the District pursuant to Paragraphs 5(b) and 5(c) within 30 days of when such records and information are no longer needed for the purpose of conducting an evaluation of educational programs funded through the [21st Century Community Schools Grant]. Within 10 days of the destruction of Protected Student Data pursuant to this Paragraph, Requesting Entity must provide [Director of Assessment and Evaluation] with a sworn statement attesting to the fact that all Protected Student Data maintained by Requesting Entity and its representatives have been destroyed.
 - e. **Results of Evaluation.** Requesting Entity shall not disclose any Protected Student Data when reporting the aggregate results of its evaluation to any third-party. Protected Student Data must be removed from all reports.
6. **Policies and Procedures to Protect Data.** In the event the District discloses Protected Student Data to Requesting Entity pursuant to Paragraph 5, the Parties agree to comply with the following policies and procedures to protect the privacy of Protected Student Data:
- a. Requesting Entity shall only use Protected Student Data to the extent reasonably necessary to carry out an evaluation of educational programs funded through [21st Century Community Schools Grant]. Requesting Entity is expressly prohibited from using Protected Student Data for any other purpose.
 - b. Requesting Entity shall not disclose Protected Student Data except as specifically authorized by this Agreement. Prior to disclosing the aggregate results of its evaluation to any third party, Requesting Entity must submit the results to the District for its review and approval in order to ensure Requesting Entity will not disclose Protected Student Data to a third party.
 - c. Requesting Entity shall develop its own policies, procedures, and systems to implement appropriate safeguards to protect the privacy of Protected Student Data. The District maintains the right to audit and monitor policies, procedures, and systems implemented by Requesting Entity.

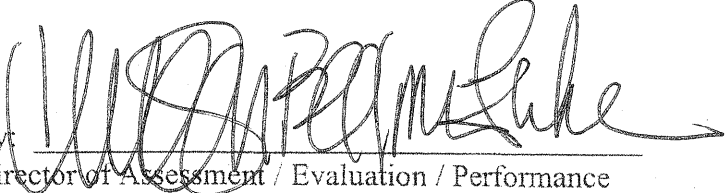

- d. Prior to requesting data pursuant to this Agreement, Requesting Entity shall provide appropriate training to its employees, volunteers, and other representatives with respect to FERPA, the MGDPA, and how to protect personally identifiable information contained in education records.
 - e. Prior to requesting data pursuant to this Agreement, Requesting Entity shall implement appropriate disciplinary policies for employees, volunteers, and other representatives that violate FERPA and the MGDPA.
 - f. Requesting Entity and its employees, volunteers, and other representatives shall at all times comply with Federal and State laws governing data privacy, including but not limited to FERPA and the MGDPA.
7. **Redisclosure of Protected Student Data Prohibited.** In the course of performing the services described in Paragraph 1, the Parties agree that individuals providing services to the district as [*Executive Director/Evaluator*] shall not redisclose Protected Student Data to any representative of Requesting Entity not within the class of individuals identified in Paragraph 4(a) or any person or party other than a school official with a legitimate need to know the information unless disclosure is specifically permitted or required by law. In the event a parent or eligible student requests disclosure of Protected Student Data to a third party, Requesting Entity and its representatives shall direct the requesting parent or eligible student to the appropriate building principal, who will process each request to disclose Protected Student Data in accordance with applicable District policies and procedures. In the event Requesting Entity receives Protected Student Data for the purpose of conducting an evaluation as provided in Paragraph 5, Requesting Entity shall not disclose Protected Student Data to any third party, including employees or other individuals affiliated with Requesting Entity who are not involved in the evaluation, for any reason, including when reporting the aggregate results of the evaluation to [*GRANTOR*].
8. **Data Related to [*Grant*] Evaluations.** The Parties agree that data maintained by the District with respect to individuals who perform services on a voluntary basis for the District is defined as personnel data by the MGDPA, Minn. Stat. § 13.43. In the event Requesting Entity requests information from the District that is not classified as public data pursuant to Minn. Stat. § 13.43, subd. 2, Requesting Entity shall obtain a written consent of the subject of the data prior to requesting the data from the District.
9. **Term.** This agreement shall be valid from the date duly approved by both Parties through June 30, 2017. On July 1, 2017, this agreement shall terminate and the

District will terminate the ability of the individuals described in Paragraph 4(a) to access Protected Student Data.

- 10. **Successors and Assigns.** This Agreement will be binding upon and inure to the benefit of the Parties and their respective successors and permitted assigns. No Party may assign or transfer this Agreement or any of its rights, interests or obligations hereunder without the prior written consent of the other Party.
- 11. **Amendment/Modification.** This Agreement may be amended or modified only by a writing executed by the Parties. No custom or practice of the Parties at variance with the terms hereof will have any effect.
- 12. **Entire Agreement.** This Agreement constitutes the entire agreement and understanding of the parties relative to the subject matter hereof. The parties have not relied upon any promises, representations, warranties, agreements, covenants or undertakings, other than those expressly set forth or referred to herein. This Agreement replaces and supersedes any and all prior oral or written agreements, representations and discussions relating to such subject matter.

IN WITNESS HEREOF, the Parties have executed this Agreement as of the date first written above.
