Policy Updates

September 2017

Pathways2Teaching

I have been working with district leadership to establish a partnership with the College of St. Scholastica to create a career pathway in the field of education for students of color to earn high school and college credit in grades 11 or 12. In Minnesota we are experiencing an increase in student diversity but educators do not reflect this increase (96.5% of teachers in MN are white). More and more literature suggests that students of color have improved student achievement when they have teachers of color. Pathways2Teaching comes from the University of Colorado in Denver and Dr. Margarita Bianco has led this program nationally. The goal is create the course for students by the fall of 2018.

Staff Development Day

We had our district-wide staff development day on August 29. The superintendent shared a welcome back video that all employees were able to view as part of the day. The important take-away message from the video, all employees play a valuable role in contributing to the success of our students.

The training day for elementary classroom teachers was focused on orienting them to the new Reading Wonders curriculum. Elementary special education teachers and interventionists received training on intervention curriculum as part of our MTSS plan. Secondary principals facilitated staff development activities for their schools specific to the work being done with their Continuous Improvement Teams to improve student outcomes. All other employee groups within our organization, including paraprofessionals, facilities, transportation, etc. all received training on August 29 specific to their role in ISD709.

Book Study

I have asked district leaders, cabinet and principals to join me in reading the following book, "**Courageous Conversations About Race: A Field Guide for Achieving Equity in Schools**" by Glenn Singleton and Curtis Linton. The achievement gap continues to be our most important work. I will be engaging in a book study with principals using this book as a way to facilitate deep conversations. Several folks have already read this book and it comes highly recommended. I invite you to read this book in order develop common language and understanding across the district regarding this important work.

Update: College and Career Readiness

“Career and college ready” means a high school graduate has the knowledge, skills, and competencies to successfully pursue a career pathway, including postsecondary credit leading to a degree, diploma, certificate, or industry-recognized credential and employment.

Students who are career and college ready are able to successfully complete credit-bearing coursework at a two or four-year college or university or other credit-bearing postsecondary program without need for remediation.

Re: Grant ID# 17E016

Dear Katie,

We are pleased to notify you that the Board of Directors of Open Your Heart to the Hungry and Homeless has approved ISD 709's grant request for discretionary funding for the educational pursuits of students who are homeless!

The award amount is \$3000. If this amount is less than you requested, you have received a partial grant.

Please note that this grant is only for the educational pursuits of students who are homeless and not for food and shelter, which we fund through our other grant programs. This grant is meant to be an emergency fund for students who are homeless when they come across a barrier to thriving in school.

ELIGIBLE ACTIVITIES

Discretionary funds are designated to meet unique needs of homeless students as they arise.

This funding is available only for purposes that will assist homeless youth in their educational pursuits. Typical uses for discretionary funds might include school supplies, books, uniforms, and activity costs, but could be anything that the grantee thinks a homeless child needs to be successful in school.

INELIGIBLE ACTIVITIES

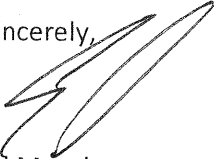

Ineligible activities include operating costs, salaries (except for tutoring), employee benefits, and agency-sponsored after-school activities (aside from tutoring and other academic programs).

As part of your grant closure process, we ask that you keep track of how these funds are used and why in this tracking sheet. This sheet was sent to you by email, but can also be found at the bottom of this page: <http://www.oyh.org/grant-programs/education-grant/>. Please include as much detail as you can in the description as it will help us better understand the needs of homeless students and therefore help us create better grants for youth in the future.

There will also be a short Grant Closure Survey when you have used your grant funds. Along with general survey questions about your work, we will ask you if you have any stories about the effect these grants funds have had on any of your students and if you have any photos to go along with the stories. This is optional but highly appreciated.

If you have any questions or feedback on this grant or the grant process, please feel free to contact me!

Sincerely,

Greetings Edye Howes,

Congratulations! The Minnesota Indian Affairs Council is pleased to announce an award of \$80,063.43 for the Dakota and Ojibwe Language Revitalization Grant for state fiscal year 2018. Your original grant request was in the amount of \$85,988.00. Based on the available language revitalization appropriation, all awards were reduced uniformly. Please submit a revised budget and any applicable revisions to the narrative of your project via email to Shannon.Geshick@state.mn.us. As you revise your budget, please keep costs related to administration to a minimum. The purpose of this grant is to provide funding for costs "direct and necessary" to language revitalization.

The Minnesota Indian Affairs Council will review your revised budget and prepare a grant agreement for review and signatures. The terms of the contract will be based on your grant proposal. Please note that work on this contract must not start until the contract is fully executed. An Arts and Cultural Heritage Fund grants guideline document is forthcoming. Also, one site monitoring visit will be conducted as required by this grant.

Should you have questions concerning your award or terms of this grant, please email or contact me at 651-249-0160. Once again, congratulations and I look forward to working with you.

Miigwech/Pidamayaye/Thank You.
