MSBA/MASA Model Policy 516

Orig. 1995

Revised: _____

Rev. 2022

516 STUDENT MEDICATION

[Note: The necessary provisions for complying with Minnesota Statutes sections 121A.22, Administration of Drugs and Medicine, 121A.221, Possession and Use of Asthma Inhalers by Asthmatic Students, and 121A.222, Possession and Use of Nonprescription Pain Relievers by Secondary Students are included in this policy. The statutes do not regulate administration of drugs and medicine for students age 18 and over or other nonprescription medications. Please note that §121A.22 does not require school districts to apply the administration of medication rule to drugs or medicine used off school grounds, drugs or medicines used in connection with athletics or extra-curricular activities, and drugs and medicines that are used in connection with activities that occur before or after the regular school day.]

I. PURPOSE

The purpose of this policy is to set forth the provisions that must be followed when administering non emergency prescription medication to students at school.

II. GENERAL STATEMENT OF POLICY

The school district acknowledges that some students may require prescribed drugs or medication during the school day. Any reference to prescription or prescribed medication or drugs in this policy includes over the counter (OTC) medication, with the exception of non prescription pain medication possession for secondary students (see section K, number 7 for requirement). The school district's licensed school nurse, trained health ~~clerk~~ assistant, principal, or teacher will administer prescribed medications, except any form of medical cannabis, in accordance with law and school district procedures.

III. REQUIREMENTS

- A. The administration of prescription medication or drugs at school requires a completed signed request from the student's parent. An oral request must be reduced to writing within two school days, provided that the school district may rely on an oral request until a written request is received.
- B. An ~~"Administering Prescription Medications"~~ "Authorization to Administer Medication" form must be completed annually (once per school year) and/or when a change in the prescription or requirements for administration occurs. Prescription medication as used in this policy does not include any form of medical cannabis as defined in Minnesota Statutes section 152.22, Subd. 6.
- C. Prescription medication must come to school in the original container labeled for the student by a pharmacist in accordance with law, and must be administered in a manner consistent with the instructions on the label. Over

the counter medications must be in a properly labeled container and have the manufacturer's recommendations clearly written.

- D. The school nurse may request to receive further information about the prescription, if needed, prior to administration of the substance.
- E. Prescription medications are not to be carried by the student, but will be left with the appropriate school district personnel. Exceptions to this requirement are: prescription asthma medications self-administered with an inhaler (See Part J.5. below), and medications administered as noted in a written agreement between the school district and the parent or as specified in an IEP (individualized education program), Section 504 plan, or IHP (individual health plan).
- F. The school must be notified immediately by the parent or student 18 years old or older ~~in writing~~ of any change in the student's prescription medication administration. A new medical authorization or container label with new pharmacy instructions shall be required immediately as well.
- G. For drugs or medicine used by children with a disability, administration may be as provided in the IEP, Section 504 plan or IHP.
- H. The school nurse, or other designated person, shall be responsible for the filing of the **Authorization to Administer Medications** ~~Administering Prescription Medications~~ form in the health records section of the student file. The school nurse, or other designated person, shall be responsible for providing a copy of such form to the principal and to other personnel designated to administer the medication.
- I. Procedures for administration of drugs and medicine at school and school activities shall be developed in consultation with a school nurse, a licensed school nurse, or a public or private health organization or other appropriate party (if appropriately contracted by the school district under Minnesota Statutes section 121A.21). ~~The school district administration shall submit these procedures and any additional guidelines and procedures necessary to implement this policy to the school board for approval. Upon approval by the school board, such guidelines and procedures shall be an addendum to this policy~~
- J. If the administration of a drug or medication described in this section requires the school district to store the drug or medication, the parent or legal guardian must inform the school if the drug or medication is a controlled substance. For a drug or medication that is not a controlled substance, the request must include a provision designating the school district as an authorized entity to transport the drug or medication for the purpose of destruction if any unused drug or medication remains in the possession of school personnel. For a drug or medication that is a controlled substance, the request must specify that the parent or legal guardian is required to retrieve the drug or controlled substance when requested by the school.
- K. Specific Exceptions:

1. Special health treatments and health functions such as catheterization, tracheostomy suctioning, and gastrostomy feedings do not constitute administration of drugs and medicine;
2. Emergency health procedures, including emergency administration of drugs and medicine are not subject to this policy;
3. Drugs or medicine provided or administered by a public health agency to prevent or control an illness or a disease outbreak are not governed by this policy;
4. Drugs or medicines used at school in connection with services for which a minor may give effective consent are not governed by this policy;
5. Drugs or medicines that are prescription asthma or reactive airway disease medications can be self-administered by a student with an asthma inhaler if:
 - a. the school district has received a written authorization from the pupil's parent permitting the student to self-administer the medication;
 - b. the inhaler is properly labeled for that student; and
 - c. the parent has not requested school personnel to administer the medication to the student.

The parent must submit written authorization for the student to self-administer the medication each school year. In a school that does not have a school nurse or school nursing services, the student's parent or guardian must submit written verification from the prescribing professional which documents that an assessment of the student's knowledge and skills to safely possess and use an asthma inhaler in a school setting has been completed.

If the school district employs a school nurse or provides school nursing services under another arrangement, the school nurse or other appropriate party must assess the student's knowledge and skills to safely possess and use an asthma inhaler in a school setting and enter into the student's school health record a plan to implement safe possession and use of asthma inhalers;

6. Medications:
 - a. that are used off school grounds;
 - b. that are used in connection with athletics or extracurricular activities; or
 - c. that are used in connection with activities that occur before or

after the regular school day are not governed by this policy.

[Note: The provisions of paragraph 6 are optional and the school board may choose to include or exclude any of the provisions specified.]

7. Nonprescription Medication. A secondary student may possess and use nonprescription pain relief in a manner consistent with the labeling, if the school district has received written authorization from the student's parent or guardian permitting the student to self-administer the medication. The parent or guardian must submit written authorization for the student to self-administer the medication each school year. The school district may revoke a student's privilege to possess and use nonprescription pain relievers if the school district determines that the student is abusing the privilege. This provision does not apply to the possession or use of any drug or product containing ephedrine or pseudoephedrine as its sole active ingredient or as one of its active ingredients. Except as stated in this paragraph, only prescription medications are governed by this policy.

[Note: School districts should consult with licensed medical and nursing personnel to address whether nonprescription medications will be allowed at elementary schools and whether and under what conditions school personnel will participate in storing or administering nonprescription medications.]

8. At the start of each school year or at the time a student enrolls in school, whichever is first, a student's parent, school staff, including those responsible for student health care, and the prescribing medical professional must develop and implement an individualized written health plan for a student who is prescribed epinephrine auto-injectors that enables the student to:
 - a. possess epinephrine auto-injectors; or
 - b. if the parent and prescribing medical professional determine the student is unable to possess the epinephrine, have immediate access to epinephrine auto-injectors in close proximity to the student at all times during the instructional day.

The plan must designate the school staff responsible for implementing the student's health plan, including recognizing anaphylaxis and administering epinephrine auto-injectors when required, consistent with state law. This health plan may be included in a student's § 504 plan.

9. A student may possess and apply a topical sunscreen product during the school day while on school property or at a school-sponsored event without a prescription, physician's note, or other documentation from a licensed health care professional. School personnel are not required to provide sunscreen or assist students in applying sunscreen.

- L. "Parent" for students 18 years old or older is the student.
- M. Districts and schools may obtain and possess epinephrine auto-injectors to be maintained and administered by school personnel to a student or other individual if, in good faith, it is determined that person is experiencing anaphylaxis regardless of whether the student or other individual has a prescription for an epinephrine auto-injector. The administration of an epinephrine auto-injector in accordance with this section is not the practice of medicine.

A district or school may enter into arrangements with manufacturers of epinephrine auto-injectors to obtain epinephrine auto-injectors at fair-market, free, or reduced prices. A third party, other than a manufacturer or supplier, may pay for a school's supply of epinephrine auto-injectors.

- N. Procedure regarding unclaimed drugs or medications.
 1. The school district has adopted the following procedure for the collection and transport of any unclaimed or abandoned prescription drugs or medications remaining in the possession of school personnel in accordance with this policy. Before the transportation of any prescription drug or medication under this policy, the school district shall make a reasonable attempt to return the unused prescription drug or medication to the student's parent or legal guardian. Transportation of unclaimed or unused prescription drugs or medications will occur at least annually, but may occur more frequently at the discretion of the school district.
 2. If the unclaimed or abandoned prescription drug is not a controlled substance as defined under Minnesota Statutes section§ 152.01, subdivision 4, or is an over-the-counter medication, the school district will either designate an individual who shall be responsible for transporting the drug or medication to a designated drop-off box or collection site or request that a law enforcement agency transport the drug or medication to a drop-off box or collection site on behalf of the school district.
 3. If the unclaimed or abandoned prescription drug is a controlled substance as defined in Minnesota Statutes section§ 152.01, subdivision 4, the school district or school personnel is prohibited from transporting the prescription drug to a drop-off box or collection site for prescription drugs identified under this paragraph. The school district must request that a law enforcement agency transport the prescription drug or medication to a collection bin that complies with Drug Enforcement Agency regulations, or if a site is not available, under the agency's procedure for transporting drugs.

~~6180 MEDICATION ADMINISTRATION IN SCHOOL~~

~~It is not the responsibility of the school or its employees to prescribe medications or home remedies. Medications should be administered at home under the supervision of the parent/guardian when possible. However, the school district acknowledges that some students may require administration of medication during the regular school day. The school district's Licensed School Nurse or designee will administer medications in accordance with Minnesota State Statues.~~

~~1. Medication must be provided by the parent/guardian. Prescribed medication must be stored in a pharmacy labeled container with accurate label instructions. Nonprescription medication must be in a properly labeled container and have manufacturer's recommendations clearly available.~~

~~2. A written request from the parent/guardian giving permission to administer medication must be received in writing within two (2) days of an oral request.~~

~~3. Administration of medication must be done according written medical order of the student's licensed health care provider. Prescription asthma or reactive airway disease medications and nonprescription pain relief medications for secondary students may be administered following Minnesota Statues and school district procedures.~~

~~4. Permission for the Licensed School Nurse to contact the prescribing medical provider must be obtained before ISD 709 accepts any medical order.~~

~~5. The administration of subcutaneous, intramuscular, intravenous, or rectal medications will be performed by the Licensed School Nurse, Registered Professional Nurse or Licensed Practical Nurse under the direction of the Licensed School Nurse. (A trained designee may administer auto-injectables.)~~

~~6. Medications must be administered following written procedures of the School District. (see 6180R)~~

904 DISTRIBUTION OF MATERIALS ON SCHOOL DISTRICT PROPERTY BY NONSCHOOL PERSONS

I. PURPOSE

The purpose of this policy is to provide for distribution of materials appropriate to the school setting by nonstaff and nonstudents on school district property in a reasonable time, place, and manner which does not disrupt the educational program nor interfere with the educational objectives of the school district.

II. GENERAL STATEMENT OF POLICY

- A. The school district intends to provide a method for nonschool persons and organizations to distribute materials appropriate to the school setting within the limitations and provisions of this policy.
- B. To provide for orderly and nondisruptive distribution of materials, the school board adopts the following regulations and procedures.

III. DEFINITIONS

- A. "Distribution" means circulation or dissemination of materials by means of handing out free copies, selling or offering copies for sale, accepting donations for copies, posting or displaying materials, or placing materials in internal staff or student mailboxes.
- B. "Materials" includes all materials and objects intended by nonschool persons or nonschool organizations for distribution. Examples of nonschool-sponsored materials include, but are not limited to, leaflets, brochures, buttons, badges, flyers, petitions, posters, underground newspapers whether written by students, employees or others, and tangible objects.
- C. "Nonschool person" means any person who is not currently enrolled as a student in or employed by the school district.
- D. "Obscene to minors" means:
 - 1. The average person, applying contemporary community standards, would find that the material, taken as a whole, appeals to the prurient interest of minors of the age to whom distribution is requested;
 - 2. The material depicts or describes, in a manner that is patently offensive to prevailing standards in the adult community concerning how such conduct should be presented to minors of the age to whom distribution is requested, sexual conduct such as intimate sexual acts (normal or perverted), masturbation, excretory functions, and lewd exhibition of the genitals; and
 - 3. The material, taken as a whole, lacks serious literary, artistic, political, or scientific value for minors.
- E. "Minor" means any person under the age of eighteen (18).
- F. "Material and substantial disruption" of a normal school activity means:
 - 1. Where the normal school activity is an educational program of the school district for which student attendance is compulsory, "material and substantial disruption" is defined as any disruption which interferes with or impedes the implementation of that program.

2. Where the normal school activity is voluntary in nature (including school athletic events, school plays and concerts, and lunch periods) "material and substantial disruption" is defined as student rioting, unlawful seizures of property, conduct inappropriate to the event, participation in a school boycott, demonstration, sit-in, stand-in, walk-out, or other related forms of activity.

In order for expression to be considered disruptive, specific facts must exist upon which the likelihood of disruption can be forecast including past experience in the school, current events influencing student activities and behavior, and instances of actual or threatened disruption relating to the written material in question.

- G. "School activities" means any activity sponsored by the school including, but not limited to, classroom work, library activities, physical education classes, official assemblies and other similar gatherings, school athletic contests, band concerts, school plays, other theatrical productions, and in-school lunch periods.
- H. "Libelous" is a false and unprivileged statement about a specific individual that tends to harm the individual's reputation or to lower him or her in the esteem of the community.

IV. GUIDELINES

- A. Nonschool persons and organizations may, within the provisions of this policy, be granted permission to distribute, at reasonable times and places as set forth in this policy, and in a reasonable manner, materials and objects which are appropriate to the school setting.
- B. Requests for distribution of materials will be reviewed by the administration on a case-by-case basis. However, distribution of the following materials is always prohibited. Material is prohibited that:
 1. is obscene to minors;
 2. is libelous;
 3. is pervasively indecent or vulgar or contains any indecent or vulgar language or representations, with a determination made as to the appropriateness of the material for the age level of students to which it is intended;
 4. advertises any product or service not permitted to minors by law;
 5. advocates violence or other illegal conduct;
 6. constitutes insulting or fighting words, the very expression of which injures or harasses other people (e.g., threats of violence, defamation of character or of a person's race, religion, or ethnic origin);
 7. presents a clear and present likelihood that, either because of its content or the manner of distribution, it will cause a material and substantial disruption of the proper and orderly operation and discipline of the school or school activities, will cause the commission of unlawful acts or the violation of lawful school regulations.
- C. Permission for nonschool persons to distribute materials on school district property is a privilege and not a right. In making decisions regarding permission for such distribution, the administration will consider factors including, but not limited to, the following:

1. whether the material is educationally related;
2. the extent to which distribution is likely to cause disruption of or interference with the school district's educational objectives, discipline, or school activities;
3. whether the materials can be distributed from the office or other isolated location so as to minimize disruption of traffic flow in hallways;
4. the quantity or size of materials to be distributed;
5. whether distribution would require assignment of school district staff, use of school district equipment, or other resources;
6. whether distribution would require that nonschool persons be present on the school grounds;
7. whether the materials are a solicitation for goods or services not requested by the recipients.

V. TIME, PLACE, AND MANNER OF DISTRIBUTION

If permission is granted pursuant to this policy for the distribution of any materials, the time, place, and manner of distribution will be solely within the discretion of the administration, consistent with the provisions of this policy.

VI. PROCEDURES

- A. Any nonschool person wishing to distribute materials must first submit for approval a copy of the materials to the administration at least five days in advance of desired distribution time, together with the following information:
 1. Name and phone number of the person submitting the request.
 2. Date(s) and time(s) of day of requested distribution.
 3. If material is intended for students, the grade(s) of students to whom the distribution is intended.
 4. The proposed method of distribution.
- B. The administration will review the request and render a decision. The administration will assign a location and method of distribution and will inform the persons submitting the request whether nonschool persons may be present to distribute the materials. In the event that permission to distribute the materials is denied or limited, the person submitting the request should be informed in writing of the reasons for the denial or limitation.
- C. Permission or denial of permission to distribute material does not imply approval or disapproval of its contents by either the school, the administration of the school, the school board, or the individual reviewing the material submitted.
- D. In the event that permission to distribute materials is denied, the nonschool person or organization may request reconsideration of the decision by the superintendent. The request for reconsideration must be in writing and must set forth the reasons why distribution is desirable and in the interest of the school community.

VII. VIOLATION OF POLICY

Any party violating this policy or distributing materials without permission will be directed to leave the school property immediately and, if necessary, the police will be called.

VIII. IMPLEMENTATION

The school district administration may develop any additional guidelines and procedures necessary to implement this policy for submission to the school board for approval. Upon approval by the school board, such guidelines and procedures shall be an addendum to this policy.

904 DISTRIBUTION OF MATERIALS ON SCHOOL DISTRICT PROPERTY BY NONSCHOOL PERSONS

I. PURPOSE

The purpose of this policy is to provide for distribution of materials appropriate to the school setting by nonstaff and nonstudents on school district property in a reasonable time, place, and manner which does not disrupt the educational program nor interfere with the educational objectives of the school district.

II. GENERAL STATEMENT OF POLICY

- A. The school district intends to provide a method for nonschool persons and organizations to distribute materials appropriate to the school setting within the limitations and provisions of this policy.
- B. To provide for orderly and nondisruptive distribution of materials, the school board adopts the following regulations and procedures.

III. DEFINITIONS

- A. "Distribution" means circulation or dissemination of materials by means of handing out free copies, selling or offering copies for sale, accepting donations for copies, posting or displaying materials, or placing materials in internal staff or student mailboxes.
- B. "Materials" includes all materials and objects intended by nonschool persons or nonschool organizations for distribution. Examples of nonschool-sponsored materials include, but are not limited to, leaflets, brochures, buttons, badges, flyers, petitions, posters, underground newspapers whether written by students, employees or others, and tangible objects.
- C. "Nonschool person" means any person who is not currently enrolled as a student in or employed by the school district.
- D. "Obscene to minors" means:
 - 1. The average person, applying contemporary community standards, would find that the material, taken as a whole, appeals to the prurient interest of minors of the age to whom distribution is requested;
 - 2. The material depicts or describes, in a manner that is patently offensive to prevailing standards in the adult community concerning how such conduct should be presented to minors of the age to whom distribution is requested, sexual conduct such as intimate sexual acts (normal or perverted), masturbation, excretory functions, and lewd exhibition of the genitals; and
 - 3. The material, taken as a whole, lacks serious literary, artistic, political, or scientific value for minors.

- E. "Minor" means any person under the age of eighteen (18).
- F. "Material and substantial disruption" of a normal school activity means:
 - 1. Where the normal school activity is an educational program of the school district for which student attendance is compulsory, "material and substantial disruption" is defined as any disruption which interferes with or impedes the implementation of that program.
 - 2. Where the normal school activity is voluntary in nature (including school athletic events, school plays and concerts, and lunch periods) "material and substantial disruption" is defined as student rioting, unlawful seizures of property, conduct inappropriate to the event, participation in a school boycott, demonstration, sit-in, stand-in, walk-out, or other related forms of activity.

In order for expression to be considered disruptive, specific facts must exist upon which the likelihood of disruption can be forecast including past experience in the school, current events influencing student activities and behavior, and instances of actual or threatened disruption relating to the written material in question.

- G. "School activities" means any activity sponsored by the school including, but not limited to, classroom work, library activities, physical education classes, official assemblies and other similar gatherings, school athletic contests, band concerts, school plays, other theatrical productions, and in-school lunch periods.
- H. "Libelous" is a false and unprivileged statement about a specific individual that tends to harm the individual's reputation or to lower him or her in the esteem of the community.

IV. GUIDELINES

- A. Nonschool persons and organizations may, within the provisions of this policy, be granted permission to distribute, at reasonable times and places as set forth in this policy, and in a reasonable manner, materials and objects which are appropriate to the school setting.
- B. Requests for distribution of materials will be reviewed by the administration on a case-by-case basis. However, distribution of the following materials is always prohibited. Material is prohibited that:
 - 1. is obscene to minors;
 - 2. is libelous;
 - 3. is pervasively indecent or vulgar or contains any indecent or vulgar language or representations, with a determination made as to the appropriateness of the material for the age level of students to which it is intended;
 - 4. advertises any product or service not permitted to minors by law;
 - 5. advocates violence or other illegal conduct;
 - 6. constitutes insulting or fighting words, the very expression of which injures or harasses other people (e.g., threats of violence, defamation of character or of a person's race, religion, or ethnic origin);

7. presents a clear and present likelihood that, either because of its content or the manner of distribution, it will cause a material and substantial disruption of the proper and orderly operation and discipline of the school or school activities, will cause the commission of unlawful acts or the violation of lawful school regulations.
- C. Permission for nonschool persons to distribute materials on school district property is a privilege and not a right. In making decisions regarding permission for such distribution, the administration will consider factors including, but not limited to, the following:
1. whether the material is educationally related;
 2. the extent to which distribution is likely to cause disruption of or interference with the school district's educational objectives, discipline, or school activities;
 3. whether the materials can be distributed from the office or other isolated location so as to minimize disruption of traffic flow in hallways;
 4. the quantity or size of materials to be distributed;
 5. whether distribution would require assignment of school district staff, use of school district equipment, or other resources;
 6. whether distribution would require that nonschool persons be present on the school grounds;
 7. whether the materials are a solicitation for goods or services not requested by the recipients.

V. TIME, PLACE, AND MANNER OF DISTRIBUTION

If permission is granted pursuant to this policy for the distribution of any materials, the time, place, and manner of distribution will be solely within the discretion of the administration, consistent with the provisions of this policy.

VI. PROCEDURES

- A. Any nonschool person wishing to distribute materials must first submit for approval a copy of the materials to the administration at least five days in advance of desired distribution time, together with the following information:
1. Name and phone number of the person submitting the request.
 2. Date(s) and time(s) of day of requested distribution.
 3. If material is intended for students, the grade(s) of students to whom the distribution is intended.
 4. The proposed method of distribution.
- B. The administration will review the request and render a decision. The administration will assign a location and method of distribution and will inform the persons submitting the request whether nonschool persons may be present to distribute the materials. In

the event that permission to distribute the materials is denied or limited, the person submitting the request should be informed in writing of the reasons for the denial or limitation.

- C. Permission or denial of permission to distribute material does not imply approval or disapproval of its contents by either the school, the administration of the school, the school board, or the individual reviewing the material submitted.
- D. In the event that permission to distribute materials is denied, the nonschool person or organization may request reconsideration of the decision by the superintendent. The request for reconsideration must be in writing and must set forth the reasons why distribution is desirable and in the interest of the school community.

VII. VIOLATION OF POLICY

Any party violating this policy or distributing materials without permission will be directed to leave the school property immediately and, if necessary, the police will be called.

VIII. IMPLEMENTATION

The school district administration may develop any additional guidelines and procedures necessary to implement this policy for submission to the school board for approval. Upon approval by the school board, such guidelines and procedures shall be an addendum to this policy.

[Note: School districts are encouraged to consider additional guidelines which reflect varied local practices relating to this subject matter including addressing the subject of consistency and uniformity for approving or disapproving practices under this policy.]

418 DRUG-FREE WORKPLACE/DRUG-FREE SCHOOL

I. PURPOSE

The purpose of this policy is to maintain a safe and healthful environment for employees and students by prohibiting the use of alcohol, toxic substances, medical cannabis, nonintoxicating cannabinoids, ~~(including edible cannabinoid products)~~, and controlled substances without a physician's prescription.

II. GENERAL STATEMENT OF POLICY

- A. Use or possession of alcohol, toxic substances, medical cannabis, nonintoxicating cannabinoids, ~~(including edible cannabinoid products)~~, and controlled substances before, during, or after school hours, at school or in any other school location, is prohibited as general policy. Paraphernalia associated with controlled substances is prohibited.
- B. A violation of this policy occurs when any student, teacher, administrator, other school district personnel, or member of the public uses or possesses alcohol, toxic substances, medical cannabis, nonintoxicating cannabinoids, ~~(including edible cannabinoid products)~~, or controlled substances in any school location.
- C. **An individual may not use or possess cannabis flower, cannabis products, lower-potency hemp edibles, or hemp-derived consumer products in a public school, as defined in Minnesota Statutes, section 120A.05, subdivisions 9, 11, and 13, including all facilities, whether owned, rented, or leased, and all vehicles that the school district owns, leases, rents, contracts for, or controls.**
- E.D. The school district will act to enforce this policy and to discipline or take appropriate action against any student, teacher, administrator, school personnel, or member of the public who violates this policy.

III. DEFINITIONS

- A. "Alcohol" includes any alcoholic beverage containing more than one-half of one percent alcohol by volume.
- B. "Controlled substances" include narcotic drugs, hallucinogenic drugs, amphetamines, barbiturates, marijuana, anabolic steroids, or any other controlled substance as defined in Schedules I through V of the Controlled Substances Act, 21 United States Code section 812, including analogues and look-alike drugs.
- C. "Edible cannabinoid product" means any product that is intended to be eaten or consumed as a beverage by humans, contains a cannabinoid in combination with food ingredients, and is not a drug.
- D. "Nonintoxicating cannabinoid" means substances extracted from certified hemp plants that do not produce intoxicating effects when consumed by **injection, inhalation, ingestion, or by any other immediate means.**~~any route of administration.~~
- E. "Medical cannabis" means any species of the genus cannabis plant, or any mixture or preparation of them, including whole plant extracts and resins, and is delivered in the form of: (1) liquid, including, but not limited to, oil; (2) pill; (3) vaporized delivery method with use of liquid or oil but which does not require the use of dried leaves or plant form; (4) combustion with use of dried raw cannabis; or (5) any other method approved by the commissioner.
- F. "Possess" means to have on one's person, in one's effects, or in an area subject to one's control.

- G. "School location" includes any school building or on any school premises; in any school-owned vehicle or in any other school-approved vehicle used to transport students to and from school or school activities; off school property at any school-sponsored or school-approved activity, event, or function, such as a field trip or athletic event, where students are under the jurisdiction of the school district; or during any period of time such employee is supervising students on behalf of the school district or otherwise engaged in school district business.
- H. "Sell" means to sell, give away, barter, deliver, exchange, distribute or dispose of to another, or to manufacture; or to offer or agree to perform such an act, or to possess with intent to perform such an act.
- ~~H.~~ I. "Toxic substances" includes: (1) glue, cement, aerosol paint, containing toluene, benzene, xylene, amyl nitrate, butyl nitrate, nitrous oxide, or containing other aromatic hydrocarbon solvents, but does not include glue, cement, or paint contained in a packaged kit for the construction of a model automobile, airplane, or similar item; (2) butane or a butane lighter; or (3) any similar substance declared to be toxic to the central nervous system and to have a potential for abuse, by a rule adopted by the commissioner of health.
- J. "Use" means to sell, buy, manufacture, distribute, dispense, be under the influence of, or consume in any manner, including, but not limited to, consumption by injection, inhalation, ingestion, or by any other immediate means. ~~includes to sell, buy, manufacture, distribute, dispense, possess, use, or be under the influence of alcohol, toxic substances, medical cannabis, nonintoxicating cannabinoids (including edible cannabinoid products), and/or controlled substances, whether or not for the purpose of receiving remuneration or consideration.~~

IV. EXCEPTIONS

- A. A violation of this policy does not occur when a person brings onto a school location, for such person's own use, a controlled substance, except medical cannabis, **nonintoxicating cannabinoids, or edible cannabinoid products**, which has a currently accepted medical use in treatment in the United States and the person has a physician's prescription for the substance. The person shall comply with the relevant procedures of this policy.
- B. A violation of this policy does not occur when a person possesses an alcoholic beverage in a school location when the possession is within the exceptions of Minnesota Statutes section 624.701, subdivision 1a (experiments in laboratories; pursuant to a temporary license to sell liquor issued under Minnesota laws or possession after the purchase from such a temporary license holder).
- C. A violation of this policy does not occur when a person uses or possesses a toxic substance unless they do so with the intent of inducing or intentionally aiding another in inducing intoxication, excitement, or stupefaction of the central nervous system, except under the direction and supervision of a medical doctor.

V. PROCEDURES

- A. Students who have a prescription from a physician for medical treatment with a controlled substance, except medical cannabis, **nonintoxicating cannabinoids, or edible cannabinoid products**, must comply with the school district's student medication policy.

[Note: School districts are required by Minnesota Statutes, section 121A.22 to develop procedures for the administration of drugs and medicine. If the school district does not have a student medication policy such as MSBA/MASA Model Policy 516, this Paragraph A. can be modified to provide: "Students

who have a prescription from a physician for medical treatment with a controlled substance, except medical cannabis, nonintoxicating cannabinoids, or edible cannabinoid products, must provide a copy of the prescription and the medication to the school nurse, principal, or other designated staff member. The school district's licensed school nurse, trained health clerk, principal, or teacher will administer the prescribed medication except medical cannabis, nonintoxicating cannabinoids, or edible cannabinoid products, in accordance with school district procedures."]

- B. Employees who have a prescription from a physician for medical treatment with a controlled substance, except medical cannabis, **nonintoxicating cannabinoids, or edible cannabinoid products**, are permitted to possess such controlled substance and associated necessary paraphernalia, such as an inhaler or syringe. The employee must inform his or her supervisor. The employee may be required to provide a copy of the prescription.
- C. Each employee shall be provided with written notice of this Drug-Free Workplace/Drug-Free School policy and shall be required to acknowledge that he or she has received the policy.

[Note: The Drug-Free Workplace Act requires that school district employees be notified by a published statement of the prohibition of the use of controlled substances and actions that will be taken against employees for violations of such prohibition. 41 United States Code section 8103; 34 Code of Federal Regulations Part 84. An acknowledgment will document satisfaction by the school district of this federal requirement.]

- D. Employees are subject to the school district's drug and alcohol testing policies and procedures.
- E. Members of the public are not permitted to possess controlled substances, **intoxicating cannabinoids, or edible cannabinoid products** in a school location except with the express permission of the superintendent.
- F. No person is permitted to possess or use medical cannabis, **nonintoxicating cannabinoids, or edible cannabinoid products** on a school bus or van; or on the grounds of any preschool or primary or secondary school; or on the grounds of any child care facility. This prohibition includes (1) vaporizing or combusting medical cannabis on any form of public transportation where the vapor or smoke could be inhaled by a minor child or in any public place, including indoor or outdoor areas used by or open to the general public or place of employment; and (2) operating, navigating, or being in actual physical control of any motor vehicle or working on transportation property, equipment or facilities while under the influence of medical cannabis, **nonintoxicating cannabinoids, or edible cannabinoid products**.
- G. Possession of alcohol on school grounds pursuant to the exceptions of Minnesota Statutes section 624.701, subdivision 1a, shall be by permission of the school board only. The applicant shall apply for permission in writing and shall follow the school board procedures for placing an item on the agenda.

VI. SCHOOL PROGRAMS

- A. Starting in the 2026-2027 school year, the school district must implement a comprehensive education program on cannabis use and substance use, including but not limited to the use of fentanyl or mixtures containing fentanyl, for students in middle school and high school. The program must include instruction on the topics listed in Minnesota Statutes, section 120B.215, subdivision 1 and must:

1. respect community values and encourage students to communicate with parents, guardians, and other trusted adults about cannabis use and substance use, including but not limited to the use of fentanyl or mixtures containing fentanyl; and
 2. refer students to local resources where students may obtain medically accurate information about cannabis use and substance use, including but not limited to the use of fentanyl or mixtures containing fentanyl, and treatment for a substance use disorder.
- B. School district efforts to develop, implement, or improve instruction or curriculum as a result of the provisions of this section must be consistent with Minnesota Statutes, sections 120B.10 and 120B.11.
- C. Notwithstanding any law to the contrary, the school district shall have a procedure for a parent, a guardian, or an adult student 18 years of age or older to review the content of the instructional materials to be provided to a minor child or to an adult student pursuant to this article. The district must allow a parent or adult student to opt out of instruction under this article with no academic or other penalty for the student and must inform parents and adult students of this right to opt out.

VI. ENFORCEMENT

A. Students

1. Students may be required to participate in programs and activities that provide education against the use of alcohol, tobacco, marijuana, smokeless tobacco products, electronic cigarettes, and nonintoxicating cannabinoids, ~~and (including edible cannabinoid products).~~
2. Students may be referred to drug or alcohol assistance or rehabilitation programs; school based mental health services, mentoring and counseling, including early identification of mental health symptoms, drug use and violence and appropriate referral to direct individual or group counselling service. which may be provide by school based mental health services providers; and/or referral to law enforcement officials when appropriate.
3. A student who violates the terms of this policy shall be subject to discipline in accordance with the school district's discipline policy. Such discipline may include suspension or expulsion from school.

B. Employees

1. As a condition of employment in any federal grant, each employee who is engaged either directly or indirectly in performance of a federal grant shall abide by the terms of this policy and shall notify his or her supervisor in writing of his or her conviction of any criminal drug statute for a violation occurring in any of the places listed above on which work on a school district federal grant is performed, no later than five (5) calendar days after such conviction. Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the federal or state criminal drug statutes.
2. An employee who violates the terms of this policy is subject to disciplinary action, including nonrenewal, suspension, termination, or discharge as deemed appropriate by the school board.

3. In addition, any employee who violates the terms of this policy may be required to satisfactorily participate in a drug and/or alcohol abuse assistance or rehabilitation program approved by the school district. Any employee who fails to satisfactorily participate in and complete such a program is subject to nonrenewal, suspension, or termination as deemed appropriate by the school board.
4. Sanctions against employees, including nonrenewal, suspension, termination, or discharge shall be pursuant to and in accordance with applicable statutory authority, collective bargaining agreements, and school district policies.

C. The Public

A member of the public who violates this policy shall be informed of the policy and asked to leave. If necessary, law enforcement officials will be notified and asked to provide an escort.

419 TOBACCO-FREE ENVIRONMENT; POSSESSION AND USE OF TOBACCO, TOBACCO-RELATED DEVICES, AND ELECTRONIC DELIVERY DEVICES; VAPING AWARENESS AND PREVENTION INSTRUCTION

I. PURPOSE

The purpose of this policy is to maintain a learning and working environment that is tobacco free.

II. GENERAL STATEMENT OF POLICY

- A. A violation of this policy occurs when any student, teacher, administrator, other school personnel of the school district, or person smokes or uses tobacco, tobacco-related devices, or carries or uses an activated electronic delivery device in a public school. This prohibition extends to all facilities, whether owned, rented, or leased, and all vehicles that a school district owns, leases, rents, contracts for, or controls. In addition, this prohibition includes vehicles used, in whole or in part, for work purposes, during hours of school operation, if more than one person is present. This prohibition includes all school district property and all off-campus events sponsored by the school district.
- B. A violation of this policy occurs when any elementary school, middle school, or secondary school student possesses any type of tobacco, tobacco-related devices, or electronic delivery devices in a public school. This prohibition extends to all facilities, whether owned, rented, or leased, and all vehicles that a school district owns, leases, rents, contracts for, or controls and includes vehicles used, in whole or in part, for school purposes, during hours of school operation, if more than one person is present. This prohibition includes all school district property and all off-campus events sponsored by the school district.
- C. The school district will act to enforce this policy and to discipline or take appropriate action against any student, teacher, administrator, school personnel, or person who is found to have violated this policy.
- D. The school district will not solicit or accept any contributions or gifts of money, curricula, materials, or equipment from companies that directly manufacture and are identified with tobacco products, tobacco-related devices, or electronic delivery devices. The school district will not promote or allow promotion of tobacco products or electronic delivery devices on school property or at school-sponsored events.

III. DEFINITIONS

- A. "Electronic delivery device" means any product containing or delivering nicotine, lobelia, or any other substance, whether natural or synthetic, intended for human consumption through inhalation of aerosol or vapor from the product. Electronic delivery devices includes but is not limited to devices manufactured, marketed, or sold as electronic cigarettes, electronic cigars, electronic pipe, vape pens, modes, tank systems, or under any other product name or descriptor. Electronic delivery device includes any component part of a product, whether or not marketed or sold separately. Electronic delivery device excludes drugs, devices, or combination products, as those terms are defined in the Federal Food, Drug, and Cosmetic Act, that are authorized for sale by the United States Food and Drug Administration.
- B. "Heated tobacco product" means a tobacco product that produces aerosols containing nicotine and other chemicals which are inhaled by users through the mouth.
- C. "Tobacco" means cigarettes and any product containing, made, or derived from tobacco that is intended for human consumption, whether chewed, smoked, absorbed, dissolved, inhaled, snorted, sniffed, or ingested by any other means, or any component, part, or accessory of a tobacco product, including, but not limited to,

cigars; cheroots; stogies; perique; granulated, plug cut, crimp cut, ready rubbed, and other smoking tobacco; snuff; snuff flour; cavendish; plug and twist tobacco; fine cut and other chewing tobacco; shorts; refuse scraps, clippings, cuttings and sweepings of tobacco; and other kinds and forms of tobacco. Tobacco excludes any drugs, devices, or combination products, as those terms are defined in the Federal Food, Drug, and Cosmetic Act, that are authorized for sale by the United States Food and Drug Administration.

- D. "Tobacco-related devices" means cigarette papers or pipes for smoking or other devices intentionally designed or intended to be used in a manner which enables the chewing, sniffing, smoking, or inhalation of aerosol or vapor of tobacco or tobacco products. Tobacco-related devices include components of tobacco-related devices which may be marketed or sold separately.
- E. "Smoking" means inhaling, exhaling, burning, or carrying any lighted or heated cigar, cigarette, pipe, or any other lighted or heated product containing, made, or derived from nicotine, tobacco, marijuana, or other plant, whether natural or synthetic, that is intended for inhalation. Smoking includes carrying or using an activated electronic delivery device.
- F. "Vaping" means using an activated electronic delivery device or heated tobacco product."

IV. EXCEPTIONS

- A. A violation of this policy does not occur when an Indian adult lights tobacco on school district property as a part of a traditional Indian spiritual or cultural ceremony. **An American Indian student may carry medicine pouch containing loose tobacco intended as observance of traditional spiritual or cultural practices.** An Indian is a person who is a member of an Indian tribe as defined under Minnesota law.
- B. A violation of this policy does not occur when an adult nonstudent possesses a tobacco or nicotine product that has been approved by the United States Food and Drug Administration for sale as a tobacco-cessation product, as a tobacco-dependence product, or for other medical purposes, and is being marketed and sold solely for such an approved purpose. Nothing in this exception authorizes smoking or use of tobacco, tobacco-related devices, or electronic delivery devices on school property or at off-campus events sponsored by the school district.

V. VAPING PREVENTION INSTRUCTION

- A. The school district must provide vaping prevention instruction at least once to students in grades 6 through 8.
- B. The school district may use instructional materials based upon the Minnesota Department of Health's school e-cigarette toolkit or may use other smoking prevention instructional materials with a focus on vaping and the use of electronic delivery devices and heated tobacco products. The instruction may be provided as part of the school district's locally developed health standards.

VI. ENFORCEMENT

- A. All individuals on school premises shall adhere to this policy.
- B. Students who violate this tobacco-free policy shall be subject to school district discipline procedures.
- C. School district administrators and other school personnel who violate this tobacco-free policy shall be subject to school district discipline procedures.

- D. School district action taken for violation of this policy will be consistent with requirements of applicable collective bargaining agreements, Minnesota or federal law, and school district policies.
- E. Persons who violate this tobacco-free policy may be referred to the building administration or other school district supervisory personnel responsible for the area or program at which the violation occurred.
- F. School administrators may call the local law enforcement agency to assist with enforcement of this policy. Smoking or use of any tobacco product in a public school is a violation of the Minnesota Clean Indoor Air Act and/or the Freedom to Breathe Act of 2007 and is a petty misdemeanor. A court injunction may be instituted against a repeated violator.
- G. No persons shall be discharged, refused to be hired, penalized, discriminated against, or in any manner retaliated against for exercising any right to a smoke-free environment provided by the Freedom to Breathe Act of 2007 or other law.

VII. DISSEMINATION OF POLICY

- A. This policy shall appear in the student handbook.
- B. The school district will develop a method of discussing this policy with students and employees.

513 STUDENT PROMOTION, RETENTION, AND PROGRAM DESIGN

I. PURPOSE

The purpose of this policy is to provide guidance to professional staff, parents, and students regarding student promotion, retention, and program design.

II. GENERAL STATEMENT OF POLICY

The school board expects all students to achieve an acceptable level of proficiency. Parental assistance, tutorial and remedial programs, counseling and other appropriate services shall be coordinated and used to the greatest extent possible to help students succeed in school.

A. Promotion

Students who achieve at a level deemed acceptable by local and state standards shall be promoted to the next grade level each year.

B. Retention

Students who do not achieve at a level deemed acceptable by local and state standards shall be retained at the current grade level, when professional staff and parents feel that it is in the best interest of the student. Scholastic ability and achievement, physical development, maturity, cultural norms, emotional factors as well as attendance and age shall be considered.

C. Program Design

1. The superintendent, with participation of the professional staff and parents, shall develop and implement programs to challenge students that are consistent with the needs of students at every level. A process to assess and evaluate students for the program assignment shall be developed in coordination for such programs. All programs will be aligned with creating the World's Best Workforce.
2. The school district may identify students, locally develop programs and services addressing instructional and affective needs, provide staff development, and evaluate programs to provide gifted and talented students with challenging and appropriate educational programs and services.
3. The school district ~~will~~ **must** adopt guidelines for assessing and identifying students for participation in gifted and talented programs **and services consistent with Minnesota Statutes, section 120B.11**. The guidelines should include the use of:
 - a. multiple objective criteria; and
 - b. assessments and procedures that are valid and reliable, fair, and research based. Assessments and procedures should be sensitive to under-represented groups, including, but not limited to, low-income, minority, twice-exceptional, and English learners.

4. The school district ~~will~~ **must** adopt procedures for the academic acceleration of gifted and talented students. These procedures will include how the district will:
 - a. assess a student's readiness and motivation for acceleration; and
 - b. match the level, complexity, and pace of the curriculum to a student to achieve the best type of academic acceleration for that student.
5. The school district ~~will~~ **must** adopt procedures **consistent with Minnesota Statutes, section 124D.02 for early admission to kindergarten or first grade of gifted or talented learners consistent with Minnesota Statutes, section 120B.11, subdivision 2, clause (2).** ~~which describe the comprehensive evaluation in cognitive, social, and emotional development domains to help determine a child's ability to meet kindergarten grade expectations and progress to first grade in the subsequent year for early admission to kindergarten or first grade of gifted and talented learners.~~ The procedures must be sensitive to under-represented groups.

509 ENROLLMENT OF NONRESIDENT STUDENTS

[Note: The provisions of this policy substantially reflect statutory requirements.]

I. PURPOSE

The school district desires to participate in the Enrollment Options Program (Open Enrollment) established by Minnesota Statutes section 124D.03. The purpose of this policy is to set forth the application and exclusion procedures used by the school district in making said determination.

II. GENERAL STATEMENT OF POLICY

The school board adopts specific standards for acceptance and rejection of Open Enrollment applications.

III. OPEN ENROLLMENT PROCESS

- A. ~~Eligibility. Applications for Open Enrollment under the Enrollment Options (Open Enrollment) Law will be approved provided that acceptance of the applications~~ **will not be approved provided that acceptance of the** application will not exceed the capacity of a program, excluding special education services; class; grade level; or school building as established by school board resolution and provided that:
1. space is available for the applicant under enrollment cap standards established by school board policy or other directive; and
 2. in considering the capacity of a grade level, the school district may only limit the enrollment of nonresident students to a number not less than the lesser of: (a) one percent of the total enrollment at each grade level in the school district; or (b) the number of school district resident students at that grade level enrolled in a nonresident school district in accordance with Minnesota Statutes section 124D.03.
 3. the applicant is not otherwise excluded by action of the school district because of previous conduct in another school district.
- B. **If the school district limits enrollment of nonresident students pursuant to this section, the district shall report to the Commissioner of the Minnesota Department of Education (MDE) by July 15 on the number of nonresident pupils denied admission due to the limitations on the enrollment of nonresident pupils.**

IV. BASIS FOR DECISIONS

- A. Standards that may be used for rejection of application.

~~In addition to the provisions of Paragraph II.A. above,~~ the school district may refuse to allow a pupil who is expelled under Minnesota Statutes, section 121A.45 to enroll during the term of the expulsion if the student was expelled for:

4. possessing a dangerous weapon, including a weapon, device, instruments, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, ~~with the exception that such term does not include~~ of a pocket knife with a blade less than two and one-half inches in length, at school or a school function;

5. possessing or using an illegal drug at school or a school function;
6. selling or soliciting the sale of a controlled substance while at school or a school function; or
7. committing a third-degree assault involving assaulting another and inflicting substantial bodily harm.

B. Standards that may not be used for rejection of application.

The school district may not use the following standards in determining whether to accept or reject an application for open enrollment:

1. previous academic achievement of a student;
2. athletic or extracurricular ability of a student;
3. disabling conditions of a student;
4. a student's proficiency in the English language;
5. the student's district of residence except where the district of residence is directly included in an enrollment options strategy included in an approved achievement and integration program; or
6. previous disciplinary proceedings involving the student. This shall not preclude the school district from proceeding with exclusion as set out in ~~Section F.~~ of this policy.

C. Application

The student and parent or guardian must complete and submit the "General Statewide Enrollment Options Application for K-12 and Early Childhood Special Education (or the Statewide Enrollment Options Application for State-funded Voluntary Prekindergarten (VPK) or School Readiness Plus (SRP) Application if applicable) developed by MDE and available on its website.

The school district may require a nonresident student enrolled in a program under Minnesota Statutes, section 125A.13, or in a preschool program, except for a program under Minnesota Statutes, section 124D.151 or Laws 2017, First Special Session chapter 5, article 8, section 9, to follow the application procedures under this subdivision to enroll in kindergarten. A district must allow a nonresident student enrolled in a program under Minnesota Statutes, section 124D.151 or Laws 2017, First Special Session chapter 5, article 8, section 9, to remain enrolled in the district when the student enters kindergarten without submitting annual or periodic applications, unless the district terminates the student's enrollment under subdivision 12.

The school district shall notify the parent or guardian in writing by February 15 or within ninety (90) days for applications submitted after January 15 in the case of achievement and integration district transfers whether the application has been accepted or rejected. If an application is rejected, the district must state in the notification the reason for rejection. The parent or guardian must notify the nonresident district by March 1 or within ten (10) business days whether the pupil intends to enroll in the nonresident district.

~~a School District Enrollment Options Program application developed by the Minnesota Department of Education and available on their website (education.mn.gov). Go to "Students and Families," then, under "School Choice," select "Open Enrollment." The form is entitled, "General Statewide Enrollment Options Application for K-12 and Early Childhood Special Education."~~

D. Lotteries

If a school district has more applications than available seats at a specific grade level, it must hold an impartial lottery following the January 15 deadline to determine which students will receive seats. The district must give priority to enrolling siblings of currently enrolled students, students whose applications are related to an approved integration and achievement plan, children of the school district's staff, and students residing in that part of a municipality (a statutory or home rule charter city or town) where:

1. the student's resident district does not operate a school building;
2. the municipality is located partially or fully within the boundaries of at least five school districts;
3. the nonresident district in which the student seeks to enroll operates one or more school buildings within the municipality; and
4. no other nonresident, independent, special, or common school district operates a school building within the municipality.

The process for the school district lottery must be established by school board policy and posted on the school district's website.

E. Exclusion

7. Administrator's initial determination. If a school district administrator knows or has reason to believe that an applicant has engaged in conduct that has subjected or could subject the applicant to expulsion or exclusion under law or school district policy, the administrator will transmit the application to the superintendent with a recommendation of whether exclusion proceedings should be initiated.
8. Superintendent's review. The superintendent may make further inquiries. If the superintendent determines that the applicant should be admitted, he or she will notify the applicant and the school board chair. If the superintendent determines that the applicant should be excluded, the superintendent will notify the applicant and determine whether the applicant wishes to continue the application process. Although an application may not be rejected based on previous disciplinary proceedings, the school district reserves the right to initiate exclusion procedures pursuant to the Minnesota Pupil Fair Dismissal Act as warranted on a case-by-case basis.

F. Termination of Enrollment

The school district may terminate the enrollment of a nonresident student enrolled under an enrollment options program pursuant to Minnesota Statutes section 124D.03 or 124D.08 at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy under Minnesota Statutes chapter 260A, and the student's case has been referred to juvenile court. A "habitual truant" is a child under 17 years of age who is absent from attendance at school without lawful excuse for seven school days in a school year if the child is in elementary school or for one or more class periods on seven school days in a school year if the child is in middle school, junior high school, or high school, or a child who is 17 years of age who is absent from attendance at school without lawful excuse for one or more class periods on seven school days in a school year and who has not lawfully withdrawn from school under Minnesota Statutes section 120A.22, subdivision 8. The school district may also terminate the enrollment of a nonresident student over 17 years of age if the student is absent without lawful excuse for one or more periods on 15 school days and has not lawfully withdrawn from school under Minnesota Statutes section 120A.22, subdivision 8.

A student who has not applied for and been accepted for open enrollment pursuant to this policy and does not otherwise meet the residency requirements for enrollment may be terminated from enrollment and removed from school. Prior to removal from school, the school district will send to the student's parents a written notice of the school district's belief that the student is not a resident of the school district. The notice shall include the facts upon which the belief is based and notice to the parents of their opportunity to provide documentary evidence, in person or in writing, of residency to the superintendent or the superintendent's designee. The superintendent or the superintendent's designee will make the final determination as to the residency status of the student.

Notwithstanding the requirement that an application must be approved by the board of the nonresident district, a student who has been enrolled in a district, who is identified as homeless, and whose parent or legal guardian moves to another district, or who is placed in foster care in another school district, may continue to enroll in the nonresident district without the approval of the board of the nonresident district. The approval of the board of the student's resident district is not required.

516.5 OVERDOSE MEDICATION

[Note: The 2023 Minnesota legislature enacted legislation requiring school districts to maintain a supply of opiate antagonists. ~~are not required to adopt a policy on the use of emergency drugs for the treatment of drug-related overdoses.~~ School districts and their employees are legally permitted to purchase, store, and administer Naloxone (Narcan) in response to an opiate overdose in schools and those who do assist with such administration are immune from civil liability as well as exempt from criminal prosecution from possession, use, etc. of a ~~prescription medication,~~ particularly to an individual to whom it was not prescribed. The provisions of this policy outline the requirements of the law with respect to the use of Naloxone (Narcan) in schools.]

I. PURPOSE

As a means of enhancing the health and safety of its students, staff and visitors, the school district will acquire, administer, and store doses of an opiate antagonist, specifically Naloxone (Narcan)¹, and administration devices or kits for emergency use to assist a student, staff member, or other individual believed or suspected to be experiencing an opioid overdose on school district property during the school day.

II. GENERAL STATEMENT OF POLICY

The school board authorizes school district administration to obtain and possess opioid overdose reversal medication, such as Naloxone to be maintained and administered to a student or other individual by trained school staff if the staff member determines in good faith that the person to whom the medication is administered is experiencing an opioid overdose. Authorization for obtaining, possessing and administering Naloxone or similar permissible medications under this policy are contingent upon: 1) the continued validity of state and federal law that permit a person who is not a healthcare professional to dispense an opiate antagonist to the school district and its employees by law; 2) that the school district and its staff are immune from criminal prosecution and not otherwise liable for civil damages for administering the opiate antagonist to another person who the staff member believes in good faith to be suffering from a drug overdose; and 3) the availability of funding either from outside sources or as approved by the school board to obtain and administer opioid overdose reversal medication.

III. DEFINITIONS

- A. **"Drug-related overdose"** means an acute condition, including mania, hysteria, extreme physical illness, respiratory depression or coma, resulting from the consumption or use of a controlled substance, or another substance with which a controlled substance was combined, and that a layperson would reasonably believe to be a drug overdose that requires immediate medical assistance.
- B. **"Naloxone Coordinator"** is a school district staff person or administrator appointed to monitor adherence to protocols outlined in this policy and referenced procedures. The Naloxone Coordinator is responsible for building-level administration and management of Opiate Antagonist medications and supplies. The school district's Naloxone Coordinator is the Assistant Superintendent or designee.
- C. **"Opiate"** means any dangerous substance having an addiction forming or addiction sustaining liability similar to morphine or being capable of conversion into a drug

¹ Naloxone is the medication that reverses an opioid overdose. Narcan® is the brand name for the intranasal applicator (nasal spray) form of naloxone. Naloxone usually refers to an intramuscular (IM+M) naloxone form that comes in a vial and is administered with a syringe, normally dispensed as an "IM kit."

having such addiction forming or addiction sustaining liability.

- D. **"Opiate Antagonist"** means naloxone hydrochloride ("Naloxone") or any similarly acting drug approved by the federal Food and Drug Administration for the treatment of a drug overdose.
- E. **"Standing Order"** means directions from the medical provider that sets forth how to house and administer Naloxone or other Opiate Antagonist medications to students, staff members or other individuals believed or suspected to be experiencing an opioid overdose. This Standing Order should include the following information:
 - 1. Administration type
 - 2. Dosage
 - 3. Date of issuance
 - 4. Signature of the authorized provider

IV. GENERAL STATEMENT OF POLICY AND RESPONSIBILITIES

- A. The school district must maintain a supply of opiate antagonists at each school site to be administered in compliance with Minnesota law. Each school building must have two doses of nasal naloxone available on-site.

[Note: The Minnesota Department of Education offered guidance regarding the meaning of "school site." If a school site includes multiple buildings, the two-dose requirement applies to buildings used for instruction. It does not apply to administrative buildings, facility buildings, ice arenas, and similar buildings not used for instruction.]

- B. A licensed physician, a licensed advanced practice registered nurse authorized to prescribe drugs pursuant to Minnesota Statutes, section 148.235, or a licensed physician assistant may authorize a nurse or other personnel employed by, or under contract with, a public school may be authorized to administer opiate antagonists as defined under Minnesota Statutes, section 604A.04, subdivision 1.
- C. A licensed practical nurse is authorized to possess and administer an opiate antagonist in a school setting notwithstanding Minnesota Statutes, 148.235, subdivisions 8 and 9.
- D. District Collaborative Planning and Implementation Team

To the extent Naloxone is obtained for use consistent with this policy, the school district will establish a district-wide collaborative planning and implementation team ("District Planning Team") who will oversee the general development and operations related to the use of opiate antagonist Naloxone and regularly report to the school board as to its activities.

- 1. The District Planning Team will include the Naloxone Coordinator and may include the superintendent (or designee), school nurse, public health experts, first responders, student or family representatives, and community partners who will be assigned to the Team by the superintendent or designee or solicited as volunteers by the superintendent.
- 2. The District Planning Team, through the Naloxone Coordinator, will obtain a protocol or Standing Order from a licensed medical prescriber for the use of

Naloxone or other Opiate Antagonist by school district staff at designated school sites and will update or renew the protocol or Standing Order annually or as otherwise required. A copy of the protocol or Standing Order will be maintained in the office of the Naloxone Coordinator.

3. The District Planning Team will develop district-wide guidelines and procedures and determine the form(s) of Naloxone to be used within the school district (nasal, auto injector, manual injector) and the method and manner of arranging for the financing and purchasing, storage and use of Naloxone to be approved by the school board. Once approved by the school board, these guidelines and procedures will be attached and incorporated into this policy. At a minimum, these guidelines and procedures will:
 - a. Ensure that when Naloxone is administered, school district employees must activate the community emergency response system (911) to ensure additional medical support due to the limited temporary effect of Naloxone and the continued need of recipients of additional medical care;
 - b. Require school district employees to contact a school district healthcare professional to obtain medical assistance for the recipient of the Naloxone, if possible, pending arrival of emergency personnel;
 - c. Direct school district employees to make immediate attempts to determine if the recipient is a minor and, if so, locate the identity of the parent or guardian of the minor and ensure contact with that parent or guardian is made as soon as possible after administration of the Naloxone for the purpose of informing the parent or guardian of the actions that have been taken; and
 - d. Require school district staff to inform the building administrator or other administrator overseeing an event or activity of the administration of Naloxone, as well as the Naloxone Coordinator, after taking necessary immediate emergency steps.
4. The District Planning Team will determine the type and method of annual training, identify staff members at each school site to be trained and coordinate the implementation of the training with the assistance of the Naloxone Coordinator.

E. Site Planning Teams

1. In consultation with the District Planning Team, the administrator at each school site may establish, in the manner the superintendent or Naloxone Coordinator deems appropriate, a Site Planning Team within the school site.
2. The Site Planning Team will be responsible for the coordination and implementation of this policy, district-wide guidelines and procedures within the school site and will develop and implement any specific guidelines and procedure for the storage and use of Naloxone within the school site in a manner consistent with this policy and district wide procedures and guidelines.

F. School District Staff

School district staff members will be responsible for attending all required training pertaining to the policy, procedures and guidelines for the storage and use of Naloxone and performing any assigned responsibilities pursuant to the guidelines and procedures.

V. NALOXONE STORAGE

- A. The Site Planning Team will select Naloxone storage locations within the school site.
- B. The selected storage locations of Naloxone will be classified as non-public "security information" as the school board has determined that the disclosure of this data to the general public would be likely to substantially jeopardize the security of the medication that could be subject to theft, tampering, and improper use. Therefore, the identity of the storage locations will be shared only with those school district staff members whom the District Planning Team or Site Team have determined need access to this information to aid public health and safety as determined in the procedures and guidelines.
- C. Stock Naloxone will be clearly labeled, monitored for expiration dates, and stored in a secured location that is accessible by trained staff as set forth in paragraph V.B.

VI. Privacy Protections

The school district will maintain the privacy of students and staff related to the administration of Naloxone as required by law.

6180R — PROCEDURES OF ADMINISTRATION OF MEDICATION DURING THE SCHOOL DAY

- ~~1. Parent/Guardian Permission: A written request from the parent/guardian giving school personnel permission to administer prescription or nonprescription medication is required annually and within two days of an oral request.~~
- ~~2. Prescription Medication: An annual statement from the prescribing health care provider is required with the exception of asthma or reactive airway disease medications (see #5 below). The name of the medication, reason it is prescribed, and the dosage, time, and frequency that the medication is to be given at school must be provided. Permission for the Licensed School Nurse to communicate with the ordering health care provider must be provided before accepting any medical order. Short term prescription medications may be administered for up to two (2) weeks without a physician's statement with accurate pharmacy labeling.~~
- ~~3. Nonprescription Medication: An annual statement from the prescribing health care provider is required for all over the counter medications with the exception of nonprescription pain relievers for secondary students (see #6 below). The name of the medication, reason it is prescribed, and the dosage, time, and frequency that the medication is to be given at school must be provided.~~
- ~~4. Medication must be provided by the parent/guardian. Prescribed medication must be stored in a pharmacy labeled container with accurate label instructions. Nonprescription medication must be in a properly labeled container and have manufacturers' recommendations clearly available.~~
- ~~5. Self Administration: Students may self administer prescription asthmas inhalers when a written request from the parent/guardian has been received by the school. The inhaler must be properly labeled for that student.~~
- ~~6. Students may possess non-syringe injectors of epinephrine when the parent and prescribing medical professional provides a written request to do so.~~
- ~~7. A secondary (7-12) student may possess and use nonprescription pain relief in a manner consistent with the labeling. If the school has received a written authorization from the student's parent or guardian permitting the student to self administer the medication. The school may revoke a student's privilege to possess and use nonprescription pain relievers if the school determines that the student is abusing the privilege. Students may not possess or use any drug or product containing ephedrine or pseudoephedrine.~~
- ~~8. No sharing of medication is permitted.~~
- ~~9. Storage: Medications administered by school staff are to be stored under locked protection in the school health office.~~
- ~~10. Emergencies: For each student whose health condition requires a prescribed emergency medication, a written Individual Health Plan will be formulated by parent, student, teacher, licensed school nurse, and principal. The plan should take into consideration the written order of the family physician and should identify which trained school personnel can give emergency mediation to the student.~~
