Attachment (yes or no): Yes

Brief Summary of Presentation or Topic (no more than a few sentences):

District leadership will provide a brief overview of Annual Compliance of Concurrent and Non-Concurrence, mid-year update of actions steps for the 2022-2023 non-concurrence, and review the recommendations from the 2023-2024 vote of non-concurrence.

Annual Compliance Overview

[Minnesota Statutes 2023, section 124D.78](#) requires Minnesota districts, charters, and tribal schools with 10 or more American Indian students to have an American Indian Parent Advisory Committee (AIPAC). Specifically, the statute cites that school boards and American Indian schools must provide for the maximum involvement of parents and children enrolled in education programs, programs for elementary and secondary grades, special education programs, and support services.

To be compliant with this statutory requirement, districts, charters, and tribal schools are required to submit annual compliance documents to the Office of American Indian Education (OAIE) by March 1 of each year. Also known as the vote of concurrence or nonconcurrence, annual compliance is a valuable opportunity for American Indian Parent Advisory Committee members to meet and discuss whether or not they concur with the educational offerings that have been extended by the district to American Indian students.

The Vote and Resolution

If the AIPAC finds that the district and/or school board have been meeting the needs of American Indian students, they issue a vote and resolution of concurrence. If they find that the district and/or school board have not been meeting the needs of American Indian students, they issue a vote and resolution of nonconcurrence. This vote is formally reflected on the annual compliance documents. Members of the AIPAC must present the vote and resolution to the school board.

If the vote is one of nonconcurrence, the AIPAC must provide written recommendations for improvement to the school board at the time of the presentation. The school board then has 60 days in which to respond in writing to the AIPAC recommendations. A copy of this written response must be provided to the OAIE.

Completing and Submitting the Documents

The following items are required when submitting annual compliance:

American Indian Education Aid Program Plan Review

This document serves as the foundation for how your district is fulfilling the measurable goals of the program plan, reviewed and approved by the Office of American Indian Education at the Minnesota Department of Education. This document is necessary to submit with your compliance documentation and eligibility for American Indian Education Aid next year.

[Minnesota Statutes 2022, section 124D.81, subdivision 3.](#) **Additional requirements.**

Each district receiving aid under this section must each year conduct a count of American Indian children in the schools of the district; test for achievement; identify the extent of other educational needs of the children to be enrolled in the American Indian education program; and classify the American Indian children by grade, level of educational attainment, age and achievement. Participating schools must maintain records concerning the needs and achievements of American Indian children served.

Directions

This document should be shared with the American Indian Parent Advisory Committee (AIPAC) and district staff that work primarily with American Indian students. Ultimately, this document is a portion of the Compliance documentation submitted to the Office of American Indian Education as required by [Minnesota Statutes 2022, 124D.78, subdivision 2.](#)

Using the approved American Indian Education Aid application that was submitted Fall 2023, communicate how the district has progressed towards all the goals outlined within each narrative that was provided for areas 1-6. Data should be shared with the AIPAC in order for the AIPAC to concur with the district plan. Additionally, the [Self-Assessment Rubric](#) for districts is another useful tool for AIPACs to understand programming and to vote on concurrence.

Graduation

2022-2023 Resolution of Concurrence and Non-Concurrence

Goal	Raise graduation rates for American Indian students.
Reason for Non-Concurrence	All students reach 85% graduation rate by 2020.
Progress from Previous Year	American Indian students' graduation rates for 201-22 are 45.16% (4 year) and 65.7 % (7 year). Tiered Fidelity Inventory (TFI) scores district wide using the Culturally Responsive Field Guide scored 48% in school year 22-23, with a goal of 55% in school year 23-24.
Recommendations	Identify and begin implementation of specific culturally responsive strategies and instruction focusing on meeting the unique educational or cultural needs of American Indian students. Focus on the culture of the school, if they feel safe and welcome at school they will attend and be more engaged. Provide Check & Connect to ALL American Indian students.

2023-2024 Action Plan for Addressing Non-Concurrence

Response from School Board	The district has committed to implementing PBIS district-wide and as a part of that, will be clearly articulating/clarifying the district's supports within each of the tiers. This will include taking an inventory of interventions being delivered, staff delivering them, criteria used for identification, ways progress will be monitored, etc. In addition, the district provided Check & Connect training to existing staff who work with American Indian students. Staff development will continue to identify and implement professional development focused on specific culturally responsive strategies for teachers and additional school staff through district wide professional development days.
Action Steps	PBIS training for school PBIS teams are scheduled for the year and have already begun (9/27; 9/27). PBIS & MDE are partnering with us on this work. The culturally responsive field guide will continue to also be a part of this work and will be revisited. Training on the culturally responsive field guide was provided last spring to admin and school SEB MTSS Coordinators to share with their PBIS teams. (for more information please see our SEB MTSS action card). All traditional sites will continue to conduct the Tiered Fidelity Inventory and School Climate Survey twice annually. In addition each school hired an SEB MTSS Coordinator last year and those coordinators are receiving bi-monthly team training and coaching by the district to support them with moving these efforts forward within their PBIS teams. This year the district requested that all schools reach out to their American Indian Home School Liaisons and Integration Specialists to consider adding them to their PBIS teams. Mental health therapy services continue to be provided through Fond Du Lac to Native American Students enrolled in FDL at schools at the following locations: Denfeld, Lincoln Park Middle School, Myers-Wilkins, and Laura MacArthur. American Indian Home School Liaisons and Integration Specialists will be trained in Check and Connect prior to the start of the school year.

ISD 709 SCHOOL BOARD

Duluth Public Schools
709 Portia Johnson Drive
Duluth, Minnesota 55811

This letter of support is intended to accompany the vote and resolution of non-concurrence that will be presented to the ISD 709 School Board on February 29, 2024.

Graduation rate is arguably the most objective and comprehensive metric to evaluate if the educational needs of students are being met. The most recent 4-year graduation rate for American Indian students as reported by Duluth Public Schools is 43.58*. This graduate rate follows the flat graduation rate trend recorded by MDE in the Minnesota Report Card. Utilizing data-based decision making and a rudimentary risk assessment, **it is not likely** that an American Indian student entering 9th grade in the Duluth Public School District will graduate on time. Therefore, this AIPAC cannot concur that the educational needs of our American Indian students are being met.

This AIPAC is sensitive to the fact that there has been a significant change in leadership within the Duluth Public School District American Indian Education Department and we are motivated to support the district in meeting the unique educational and cultural needs of its American Indian students. We have convened, as a committee, to discuss the vote, the resolution statement, and formulate recommendations for improvement. Many of these recommendations may be currently in process but have been included as they are not easily identifiable.

1. We recommend providing the opportunity for AIPAC committee members to tour all sites where we currently have American Indian Liaisons. We recommend inviting school board members to attend the tour alongside the advisory board. We recommend inviting other interested parties, i.e. the Duluth Indigenous Commission, to attend the tour.
2. We recommend identifying transportation supports or a transportation alternative for American Indian students.
3. We recommend PD for all staff w/ respect to American Indian history/culture/contributions.
4. We recommend the HR Department create an action plan for recruitment/retention specific to American Indian teachers, administration and staff.
5. We recommend trialing a pilot school w/i a school program to foster internal support and community for American Indian students.
6. We recommend ensuring a manageable case-load ratio for American Indian Liaisons based on the most accurate count of American Indian students being served by the district.
7. We recommend identifying a support person whose role it would be to collect and disseminate information re: opportunities for scholarships/career training and other opportunities for American Indian students who are both enrolled & descendants
8. We recommend reserving dedicated space for the American Indian Education Program in Duluth Public Schools.
9. We recommend dedicating district resources to directly support American Indian students' attendance and academics and utilizing American Indian Education funds to supplement the district plan goals.
10. We recommend district funding to create two American Indian Curriculum, Academic and Integration Specialists to provide educational and cultural support.
11. We recommend providing the AIPAC with regular updates, at least biannual updates, on growth and movement of goals that target American Indian students.
12. We recommend that the district collaborate with its AIPAC to share and review data pertaining to American Indian students.

Brief Summary of Presentation or Topic (no more than a few sentences):

Modern Classroom Project

Student Achievement Coordinator

What is Modern Classroom?

The Modern Classrooms Project is a nonprofit organization that leads a movement of educators in implementing a self-paced, mastery-based instructional model that leverages technology to foster human connection, authentic learning, and social-emotional growth.

Blended - teachers and students can use a variety of methods including but not limited to all digital and hard-copy forms of material for instruction

Self-Paced - students are able to work through material individually, in small groups, and sometimes large groups at a pace that suits their ability - teachers structure and chunk units of instruction

Mastery-Based - a standards based approach to learning, remediation, and enrichment

Duluth Training and Impact

We began our partnership with MCP in the Summer of 2022. After the first year MCP was invested with us and supported the process for a Bush Foundation grant to cover half of our 2023 trainings. We have had additional offers of matched funding for 2024. This model allows teachers to meet the needs of students and student to have ownership and autonomy in their education.

Feedback from Duluth Educators

"I think that it would be a **great program for our entire district** to invest in training for." - Susan Kratsch, Denfeld HS

"Want to know a way to **reach more students more effectively**? Have I got a PD opportunity for you!" - John Hotaling, Denfeld HS

"Take this course! I truly believe MCP will make teaching sustainable! I'm a 30 year veteran teacher who wasn't sure I could stay in the field of teaching until retirement. MCP has given me hope that I can. There will be more up front work, but once I have my lessons, videos, practice pages, and mastery checks completed, I will have more time and energy to help my students every day and know that they are truly engaged in learning!" - Suzanne Marquardt, Ordean East MS

"Do it. It makes you think, and **it makes you grow.**" - Karen Tokarczyk, Stowe Elementary

⁴⁴
"It will transform my teaching!" - Megan Bennett, Lowell Elementary

Feedback from Duluth Students

“I like that my teacher can help me when I need help.”

“I like to rewatch the videos when I am stuck.”

“I like that we can work with our friends and solve problems together.”

“I know when I have mastered my lesson, I like that I can go into my pacing guide and what to do next.”

Hear from a MCP Distinguished Teacher!

London Goode is a 5th grade teacher at Lowell.

The MCP team noted that "Ms. Goode had "an incredible classroom" and has embraced every component of the MCP model. We observed small group instruction along with authentic, organic collaboration. Students were completely self-directed and independent in collecting materials and moving through the learning progression. Ms. Goode's instructional videos were also exceptional, with multiple means of engagement."

See Ms. Goode's virtual [classroom](#) with her student lesson tracker.

Student Impact on Achievement

Students who have been in a MCP based project in the 23/24 school year will have their end of year 7th grade ELA results compared to the previous year scores (6th grade) at the end of 23/24. This will be comparing both the same group of students as well as the previous year 7th graders in the same sections.

Impact on Student Academic Outcomes

Gains in 8th grade academic proficiency on the state STAAR assessment after fully implementing our approach for one year

Student Achievement Growth in STAAR % of students meeting STAAR proficiency

Gains in K-8 academic proficiency on the Inspect Math Benchmark Assessment after implementing our approach for one year

Student Achievement Growth in Math Benchmark Assessment % of students meeting proficiency
