519 INTERVIEWS OF STUDENTS BY OUTSIDE AGENCIES

I. PURPOSE

There are occasions in which persons other than school district officials and employees find it necessary to speak with a student during the school day. Student safety and disruption of the educational program is of concern to the school district. The purpose of this policy is to establish the procedures for access to students by authorized individuals during the school day.

II. GENERAL STATEMENT OF POLICY

- A. Generally, students may not be interviewed during the school day by persons other than a student's parents, school district officials, employees and/or agents, except as otherwise provided by law and/or this policy.
- B. Requests from law enforcement officers and those other than a student's parents, school district officials, employees and/or agents to interview students shall be made through the principal's office. Upon receiving a request, it shall be the responsibility of the principal and/or assistant principal to determine whether the request will be granted. Prior to granting a request, the principal and/or assistant principal shall attempt to contact the student's parents to inform them of the request, except where otherwise prohibited by law.

III. INTERVIEWS CONDUCTED UNDER THE MALTREATMENT OF MINORS ACT

- A. In the case of an investigation pursuant to the Reporting of Maltreatment of Minors Act, Minnesota Statutes Chapter 260E, a local welfare agency, the agency responsible for investigating the report, and a local law enforcement agency may interview, without parental consent, an alleged victim and any minors who currently reside with or who have resided with the alleged perpetrator. The interview may take place at school and during school hours. School district officials will work with the local welfare agency, the agency responsible for investigating the report, or law enforcement agency to select a place appropriate for the interview. When it is possible and the report alleges substantial child endangerment or sexual abuse, the interview may take place outside the presence of the alleged offender and may take place prior to any interviews of the alleged offender.
- B. If the interview took place or is to take place on school district property, an order of the juvenile court pursuant to Minnesota Statutes, Chapter 260E may specify that school district officials may not disclose to the parent, legal custodian, or guardian the contents of the notification of intent to interview the child on school district property and/or any other related information regarding the interview that may be a part of the child's record. The school district official must receive a copy of the order from the local welfare or law enforcement agency.
- C. When the local welfare agency, local law enforcement agency, or agency responsible for assessing or investigating a report of maltreatment determines that an interview should take place on school district property, school district officials must receive written notification of intent to interview the child on school district property prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct an interview on school district property. Where the interviews are conducted by the local welfare agency, the notification must be signed by the chair of the local social services agency or the chair's designee. The notification is private educational data on the student. School district officials may not disclose to the parent, legal custodian or guardian the contents of the notification or any other related information regarding the

interview until notified in writing by the local welfare or law enforcement agency that the investigation or assessment has been concluded, unless a school employee or agent is alleged to have maltreated the child. Until school district officials receive said notification, all inquiries regarding the nature of the investigation or assessment should be directed to the local welfare or law enforcement agency or the agency responsible for assessing or investigating a report of maltreatment shall be solely responsible for any disclosure regarding the nature of the assessment or investigation.

- D. School district officials shall have discretion to reasonably schedule the time, place, and manner of an interview by a local welfare or local law enforcement agency on school district premises. However, where the alleged perpetrator is believed to be a school district official or employee, the local welfare or local law enforcement agency will have discretion to determine where the interview will be held. The interview must be conducted not more than 24 hours after the receipt of the notification unless another time is considered necessary by agreement between the school district officials and the local welfare or law enforcement agency. However, school district officials must yield to the discretion of the local welfare or law enforcement agency concerning other persons in attendance at the interview. School district officials will make every effort to reduce the disruption to the educational program of the child, other students, or school staff when an interview is conducted on school district premises.
- E. Students shall not be taken from school district property without the consent of the principal and/or assistant principal and without proper warrant.

722 PUBLIC DATA AND DATA SUBJECT REQUESTS

I. PURPOSE

The school district recognizes its responsibility relative to the collection, maintenance, and dissemination of public data as provided in state statutes.

II. GENERAL STATEMENT OF POLICY

The school district will comply with the requirements of the Minnesota Government Data Practices Act, Minnesota Statutes chapter 13 (MGDPA), and Minnesota Rules parts 1205.0100-1205.2000 in responding to requests for public data.

III. DEFINITIONS

A. Confidential Data on Individuals

Data made not public by statute or federal law applicable to the data and are inaccessible to the individual subject of those data.

B. Data on Individuals

All government data in which any individual is or can be identified as the subject of that data, unless the appearance of the name or other identifying data can be clearly demonstrated to be only incidental to the data and the data are not accessed by the name or other identifying data of any individual.

C. Data Practices Compliance Officer

The data practices compliance official is the designated employee of the school district to whom persons may direct questions or concerns regarding problems in obtaining access to data or other data practices problems. The responsible authority may be the data practices compliance official.

D. Government Data

All data collected, created, received, maintained or disseminated by any government entity regardless of its physical form, storage media or conditions of use.

E. Individual

"Individual" means a natural person. In the case of a minor or an incapacitated person as defined in Minnesota Statutes section 524.5-102, subdivision 6, "individual" includes a parent or guardian or an individual acting as a parent or guardian in the absence of a parent or guardian, except that the responsible authority shall withhold data from parents or guardians, or individuals acting as parents or guardians in the absence of parents or guardians, upon request by the minor if the responsible authority determines that withholding the data would be in the best interest of the minor.

F. Inspection

"Inspection" means the visual inspection of paper and similar types of government data. Inspection does not include printing copies by the school district, unless printing a copy is the only method to provide for inspection of the data. For data stored in electronic form and made available in electronic form on a remote access basis to the public by the school district, typically through an online portal or the government entity's website, inspection includes remote access to the data by the public and the

ability to print copies of or download the data on the public's own computer equipment.

G. Not Public Data

Any government data classified by statute, federal law, or temporary classification as confidential, private, nonpublic, or protected nonpublic.

H. Nonpublic Data

Until an individual is designated by the school board, the responsible authority is the superintendent.

O. Summary Data

Statistical records and reports derived from data on individuals but in which individuals are not identified and from which neither their identities nor any other characteristic that could uniquely identify an individual is ascertainable. Unless classified pursuant to Minnesota Statutes section 13.06, another statute, or federal law, summary data is public.

IV. REQUESTS FOR PUBLIC DATA

A. All requests for public data must be made in writing using the data practices form and directed to the responsible authority.

1. A request for public data must include the following information:

- a. Date the request is made;

 - d. Method to contact the requestor (such as phone number, address, or email address).
 2. Unless specifically authorized by statute, the school district may not require persons to identify themselves, state a reason for, or justify a request to gain access to public government data. A person may be asked to provide certain identifying or clarifying information for the sole purpose of facilitating access to the data.
 3. The identity of the requestor is public, if provided, but cannot be required by the government entity.
 4. The responsible authority may seek clarification from the requestor if the request is not clear before providing a response to the data request.

1. The responsible authority will notify the requestor in writing as follows:
 - a. The requested data does not exist; or
 - b. The requested data does exist but either all or a portion of the data is not accessible to the requestor; or
 - (1) If the responsible authority determines that the requested data is classified so that access to the requestor is denied, the responsible authority will inform the requestor of the determination in writing, as soon thereafter as possible, and shall cite the specific statutory section, temporary classification, or specific provision of federal law on which the determination is based.
 - (2) Upon the request of a requestor who is denied access to data, the responsible authority shall certify in writing that the request has been denied and cite the specific statutory section, temporary classification, or specific provision of federal law upon which the denial was based.
 - c. The requested data does exist and provide arrangements for inspection of the data, identify when the data will be available for pick-up, or indicate that the data will be sent by mail. If the requestor does not appear at the time and place established for inspection of the data or the data is not picked up within ten (10) business days after the requestor is notified, the school district will conclude that the data is no longer wanted and will consider the request closed.
 2. The school district's response time may be affected by the size and complexity of the particular request, including necessary redactions of the data, and also

by the number of requests made within a particular period of time.

3. The school district will provide an explanation of technical terminology, abbreviations, or acronyms contained in the responsive data on request.
4. The school district is not required by the MGDPA to create or collect new data in response to a data request, or to provide responsive data in a specific form or arrangement if the school district does not keep the data in that form or arrangement.
5. The school district is not required to respond to questions that are not about a particular data request or requests for data in general.

V. REQUEST FOR SUMMARY DATA

- A. A request for the preparation of summary data shall be made and directed to the responsible authority.
 1. A request for the preparation of summary data must include the following information:
 - a. Date the request is made;

- B. The responsible authority will respond within ten (10) business days of the receipt of a request to prepare summary data and inform the requestor of the following:
 1. The estimated costs of preparing the summary data, if any; and
 2. The summary data requested; or
 3. A written statement describing a time schedule for preparing the requested summary data, including reasons for any time delays; or
 4. A written statement describing the reasons why the responsible authority has determined that the requestor's access would compromise the private or confidential data.
- C. The school district may require the requestor to pre-pay all or a portion of the cost of creating the summary data before the school district begins to prepare the summary data.

VI. DATA BY AN INDIVIDUAL DATA SUBJECT

- A. Collection and storage of all data on individuals and the use and dissemination of private and confidential data on individuals shall be limited to that necessary for the administration and management of programs specifically authorized by the legislature or local governing body or mandated by the federal government.

Upon request to the responsible authority or designee, an individual shall be informed whether the individual is the subject of stored data on individuals, and whether it is classified as public, private or confidential. Upon further request, an individual who is the subject of stored private or public data on individuals shall be shown the data without any charge and, if desired, shall be informed of the content and meaning of that data.
- D. After an individual has been shown the private data and informed of its meaning, the data need not be disclosed to that individual for six months thereafter unless a dispute or action pursuant to this section is pending or additional data on the individual has been collected or created.
- E. The responsible authority or designee shall provide copies of the private or public data upon request by the individual subject of the data. The responsible authority or designee may require the requesting person to pay the actual costs of making and certifying the copies.
- F. The responsible authority or designee shall comply immediately, if possible, with any request made pursuant to this subdivision, or within ten days of the date of the request, excluding Saturdays, Sundays and legal holidays, if immediate compliance is not possible.
- G. An individual subject of the data may contest the accuracy or completeness of public or private data. To exercise this right, an individual shall notify in writing the responsible authority describing the nature of the disagreement. The responsible authority shall within 30 days either: (1) correct the data found to be inaccurate or incomplete and attempt to notify past recipients of inaccurate or incomplete data, including recipients named by the individual; or (2) notify the individual that the authority believes the data to be correct. Data in dispute shall be disclosed only if the individual's statement of disagreement is included with the disclosed data.
- H. The determination of the responsible authority may be appealed pursuant to the provisions of the Administrative Procedure Act relating to contested cases. Upon receipt of an appeal by an individual, the commissioner shall, before issuing the order and notice of a contested case hearing required by Minnesota Statutes chapter 14, try to resolve the dispute through education, conference, conciliation, or persuasion. If the parties consent, the commissioner may refer the matter to mediation. Following these efforts, the commissioner shall dismiss the appeal or issue the order and notice of hearing.
- I. Data on individuals that have been successfully challenged by an individual must be completed, corrected, or destroyed by a government entity without regard to the requirements of Minnesota Statutes section 138.17.
- J.  - 6. Method to contact the requestor (such as phone number, address, or email address).
- C. The identity of the requestor of private data is private.
- D. The responsible authority may seek clarification from the requestor if the request is not clear before providing a response to the data request.
- E. Policy 515 (Protection and Privacy of Pupil Records) addresses requests of students or their parents for educational records and data.

 - b. The school district may consider the reasonable value of the summary data prepared and, where appropriate, reduce the costs assessed to the requestor.

C. Data Belonging to an Individual Subject

1. The responsible authority or designee may require the requesting person to pay the actual costs of making and certifying the copies.

The responsible authority shall not charge the data subject any fee in those instances where the data subject only desires to view private data.

The responsible authority or designee may require the requesting person to pay the actual costs of making and certifying the copies. Based on the factors set forth in Minnesota Rule 1205.0300, subpart 4, the school district determines that a reasonable fee would be the charges set forth in section VIII.A of this policy that apply to requests for data by the public.

2. The school district may not charge a fee to search for or to retrieve educational records of a child with a disability by the child's parent or guardian or by the child upon the child reaching the age of majority.

IX. Annual Review and Posting

- A. The responsible authority shall prepare a written data access policy and a written policy for the rights of data subjects (including specific procedures the school district uses for access by the data subject to public or private data on individuals). The responsible authority shall update the policies no later than August 1 of each year, and at any other time as necessary to reflect changes in personnel, procedures, or other circumstances that impact the public's ability to access data.
- B. Copies of the policies shall be easily available to the public by distributing free copies to the public or by posting the policies in a conspicuous place within the school district that is easily accessible to the public or by posting them on the school district's website.
