Dear School Board members,

Tonight, I am incredibly honored to recognize an educator whose name has become synonymous with dedication and heart in our district: Kathi Kusch Marshall, Principal of Congdon Park Elementary School.

We are thrilled to announce that Kathi was recently named the Division Leadership Award recipient for the Northeast Division by the Minnesota Elementary School Principals' Association (MESPA).

This prestigious honor celebrates leaders who go above and beyond to support their colleagues and advance educational excellence across their entire region.

With an astounding 37 years in education, Kathi has spent nearly four decades building peaceful, inclusive, and high-achieving learning environments. For the last 16 years at Congdon Park, Kathi has served as "The Keeper of the

Kids," keeping student learning as her "North Star."

She has been a champion for holistic wellness through programs like *Safe Routes to School*, fostered creativity with drumming and art clubs, and built deep community trust through her monthly "Coffee with Kathi" meetings.

Additionally, her advocacy with the Parent Advisory Council for Special Education ensures equitable access and inclusion for every learner.

Please join me in congratulating Kathi Kusch Marshall on this well-deserved recognition and thanking her for her lifetime of service to the children of Duluth.

Sincerely,

Anthony Bonds Assistant Superintendent

Supplementary Information

Preliminary Draft - Subject to Change

Independent Auditor's Report

To the School Board
Independent School District No. 709
Duluth, Minnesota

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 709 (District), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2025, and the respective changes in financial position and, where applicable, cash flows thereof, and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

"Wipfli" is the brand name under which Wipfli LLP and Wipfli Advisory LLC and its respective subsidiary entities provide professional services. Wipfli LLP and Wipfli Advisory LLC (and its respective subsidiary entities) practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations, and professional standards. Wipfli LLP is a licensed independent CPA firm that provides attest services to its clients, and Wipfli Advisory LLC provides tax and business consulting services to its clients. Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, pages 6 – 13, information about the District's other postemployment health care plan, page 63, and information about the District's net pension liability, pages 64 through 68, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

"Wipfli" is the brand name under which Wipfli LLP and Wipfli Advisory LLC and its respective subsidiary entities provide professional services. Wipfli LLP and Wipfli Advisory LLC (and its respective subsidiary entities) practice in an alternative practice structure in accordance with the AICPA Code of Professional Conduct and applicable law, regulations, and professional standards. Wipfli LLP is a licensed independent CPA firm that provides attest services to its clients, and Wipfli Advisory LLC provides tax and business consulting services to its clients. Wipfli Advisory LLC and its subsidiary entities are not licensed CPA firms.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining nonmajor governmental funds financial statements and fiscal compliance table, pages 70 through 72, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining nonmajor governmental funds financial statements and fiscal compliance table are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor governmental funds financial statements and fiscal compliance table are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 31, 2025, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering District's internal control over financial reporting and compliance.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the School Board
Independent School District No. 709
Duluth, Minnesota

We have audited, in accordance with the auditing standards general accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 709, Duluth, Minnesota (District), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated **December 31, 2025**.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified certain deficiencies in internal control described in the accompanying schedule of findings and responses, as items 2025-001 and 2025-002 that we consider to be material weaknesses.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

District's Response to the Findings

Government Auditing Standards requires the auditor to perform limited procedures on the District's response to the findings identified in our audit and described in the accompanying schedule of findings and responses. The District's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Legal Compliance for the State of Minnesota

To the School Board
Independent School District No. 709
Duluth, Minnesota

We have audited, in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Independent School District No. 709 (District), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which comprise the District's basic financial statements, and have issued our report thereon dated **December 31, 2025**.

In connection with our audit, nothing came to our attention that caused us to believe that the District failed to comply with the provisions of the contracting-bid laws, depositories of public funds and public investments, conflicts of interest, public indebtedness, claims and disbursements, miscellaneous provisions and uniform financial accounting and reporting standards for Minnesota school districts (UFARS) sections of the *Minnesota Legal Compliance Audit Guide for School Districts*, promulgated by the State Auditor pursuant to *Minnesota Statute §6.65*, insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the District's noncompliance with the above referenced provisions, insofar as they related to accounting matters.

The purpose of this report is solely to describe the scope of our testing of compliance and the results of that testing, and not to provide an opinion on compliance. Accordingly, this communication is not suitable for any other purpose.

Schedule of Findings and Responses (continued)

For the Year Ended June 30, 2025

Section II - Financial Statement Findings:

Item 2025-001 - Audit adjustments/Reconciliation of Significant Accounts (Material Weakness)

Criteria - Controls should be in place to ensure accurate financial reporting. In order to make the financial reports generated by the accounting system as meaningful as possible, the District should reconcile the general ledger accounts to supporting documentation on a monthly basis.

Condition - The District is responsible for controls over the period-end financial reporting process, including controls over procedures to process journal entries into the general ledger and record recurring and nonrecurring adjustments to the financial statements and reconciling general ledger accounts to supporting documentation. As a result of audit procedures, we identified significant accounts that were not reconciled at year end, including federal and state receivables, investment income, and accrued expenses; and proposed material adjustments to the District's general ledger accounts to correct these misstatements.

Cause - The District's controls over period-end financial reporting did not prevent or detect material misstatements of the financial statements.

Effect - Without controls over procedures that will detect or prevent misstatements when entering transactions or making adjustments to the financial statements and reconciling significant accounts to supporting documentation, the financial statements may be misstated.

Recommendation - We recommend that management implement controls necessary to achieve accurate financial reporting, including reconciling significant accounts monthly.

District's Response - The District feels that we have reached milestones regarding audit compliance and Skyward reporting procedures. We feel this will improve each year and as we complete another audit we have already started conversations about the next audit on areas for the district to improve on.

2025-002 - Financial Statement Presentation and Disclosures (Material Weakness)

Criteria - Controls should be in place to prepare financial statements in accordance with generally accepted accounting principles (GAAP).

Condition - The District internal control over financial reporting does not end at the general ledger, but extends to the financial statements and related notes. As part of our professional services for the year ended June 30, 2025, Wipfli assisted in drafting the financial statements and related notes. While the District does have an internal control process to review the financial statements prepared by the auditors, the District does not have sufficient expertise to completely prepare its own financial statements and related notes and relies on the auditors to provide necessary understanding of current accounting and disclosure principles in the preparation of the financial statements and related notes.

Cause - The District does not expect, nor does it require, its financial staff to have the ability to prepare GAAP financial statements.

Effect - The completeness of the related note disclosures and the accuracy of the overall financial presentation is negatively impacted as outside auditors do not have the same comprehensive understanding of the District and its staff. The potential exists that a misstatement of the financial statements and related notes could occur and not be prevented or detected by the District.

Recommendation - We recommend that management and those charged with governance continue to evaluate whether to accept the degree of risk associated with this condition because of cost or other considerations.

Independent School District No. 709

Schedule of Findings and Responses (continued)

For the Year Ended June 30, 2025

District's Response - The District will continue to rely upon the auditors to prepare the financial statements and related notes. Management will review and approve the annual financial statements and related notes.

December 2025

Good evening! As usual, I'll kick off my report with some updates on what students are staying busy with at East!

To begin, our winter sports teams have been hard at work. These sports include boys and girls basketball, the dance team, boys and girls hockey, the winter cheer team, the nordic ski team, the alpine ski team, and the boys swim team. Recently, an East senior and boys swim captain, Joey Zelen, competed at junior nationals in Texas. Turning to the fine arts, the speech, debate, and One Act teams have all been hard at work too! With games, meets, and competitions, East students work hard and represent our school well. If you'd like to support students at any of their events, make sure to check the activities calendar on the East website for schedules.

In other news, this week is yet another spirit week at East. Winter Week is put on by StuGo and is filled with festive dress up days, decorations, and activities. Currently, East students are watching Elf in the cafeteria, and tomorrow, StuGo will deliver candy cane grams. Today was our assembly, which featured performances from the choralaires, cheer team, and dance team. Additionally, there was the yearly teachers vs students basketball game and a competition between the winter sports captains.

On Friday, the school will certainly be a bit emptier. All of the music students will be spending the day at the DECC rehearsing for the holiday concert. There have been morning rehearsals happening for weeks—a testament to the dedication and talent of our music department. Make sure to catch the concert on Friday evening!

In January, StuGo will be hosting an event to benefit local non-profits. The Freeze Fest will feature raffle baskets filled with goods from local businesses, ice skating, smores roasting, and many fun winter activities.

On December 10th, I hosted elections for next year's student representative. The junior class came together and heard presentations from four incredibly qualified and talented candidates. In January, the lovely Miss Kalina Mattila will be joining you as East's new representative. Kalina is an involved and well spoken leader, and I couldn't feel better about having her as my successor.

With that said, there is one big issue that is my responsibility to address. That issue is the addition of Gemini AI on our chromebooks. I've had multiple students reach out to me within the past few days who wanted to speak at the listening session but weren't able to find the link to sign up or didn't find it before it was full. I just mention that to emphasize how big of an issue this is in students' minds. I brought up the issue of AI in schools during a recent student forum meeting and was met with distress and confusion. The communication about this initiative has been even less than minimal, so forgive me if I seem to be speaking without looking at the whole picture—I simply don't have the whole picture. I appreciate how many aspects there are to your decision making. It's my job to make sure that the aspect of student feelings, education, and experiences is at the front of your minds.

35 From what I've heard, the reasoning behind this initiative is that AI isn't going anywhere, so we should be educated on it. And that's absolutely true! We need thoughtful, comprehensive, and structured

education. Unfortunately, the short timeline on the implementation of this initiative will guarantee that details will be overlooked. I bet anything that those details will be the ones of student and teacher experiences.

Students turn to AI to do work for them when they're tired, don't know what to do, or simply don't want to put in the work. That's a fact. We already have AI overview and AI mode on our Chromebooks. Students have their phones with them. If students want to use AI, they will, and they do. If students want to cheat, they will, and they do. Rather than investing time and resources into making students feel more capable, you are taking actions that will increase apathy and reduce literacy. With generative AI even more accessible for schoolwork than it already is, more and more students will stop putting in the work that defines a high quality education. Duluth Public Schools will produce graduates who do not proofread their own papers. Graduates who ask a chat bot rather than struggling through a math problem. Is it no longer important to focus on the quality of the details that make an education well rounded? Students want AI as a tool, but more than that, we want tools and education that mean we don't need AI to feel like we know what we're doing. We need support, not a computer program that gets us out of facing challenges.

I asked student forum members, and not one person said that they or their peers would be attentive to district guidelines or rubrics regarding AI. If AI isn't going anywhere why are we rushing? Would you rather have semi-formed plans that will ensure student apathy now, or do you want effective and engaging education a little bit later? Have you looked into other AI options designed for students? For example, there are programs that only generate outlines and suggestions only from data (like class notes) that a student provides. Have you considered whether the AI education should come before Gemini AI is put on the Chromebooks in order to ensure that students already have the info they need? Have you considered how thoroughly (or not) curriculums will be implemented when they are added over half way through the school year? Have you talked to students about how they feel this will impact them? Have you asked teachers?

Whether you're for or against AI on a broader scale, I think we should all question whether this is a healthy, responsible, and effective way to implement it in our schools. We've seen this issue in the past: the district makes big decisions with a short timeline, overlooking the details of how it will impact students and teachers once it's implemented. I've said this before and I'll say it again: it's not necessarily about what the decision is, it's how the decision is made and communicated.

I can say with a whole lot of confidence that if AI is implemented in February like I've been told it will, the negative effects will far outweigh the positives. This is a district that values having long term visions and goals, so take some time to look at the big picture. I am not saying that teaching us about AI isn't important. That couldn't be farther from my intention. What I'm saying is that this issue is big enough that it deserves more time to become a fully formed plan. We deserve clear communication. We deserve consideration for our mental health. Students already use AI. This initiative will simply make apathy and cheating more accessible. I don't think that's what you aim to stand for.

During my time on this board, I have begun to learn the complexities of a group like this one. Schools are incredibly intricate organizations, and I appreciate the enormity of your task. Students don't fully appreciate how much you deal with, and you don't fully appreciate how much students deal with. We all

know our own perspectives, backgrounds, and struggles the best. By serving as a student representative, I have expanded my perspective, and I hope that my challenges to you have contributed to expanding yours.

For the final time, I'd like to share my monthly reminder to take student feedback with a fresh perspective each time you hear it. To quote one of my prior reports, "You see only some of our perspectives, and students see only some of yours. There needs to be balance, and luckily, that's something you can contribute to. I challenge my peers to question why decisions that frustrate them are necessary. I challenge them to look at broader pictures. I challenge myself to encourage collaboration rather than frustration. It's an ongoing goal with imperfect execution. I hope that you will continually and critically reflect on how you're incorporating student voices. (I've got to say that one more time.) I hope that you will continually and critically reflect on how you're incorporating student voices. There is a difference between listening and hearing."

Thank you for your time and this opportunity.

Brief Summary of Presentation or Topic (no more than a few sentences):

This presentation focuses on the critical need for strategic capacity planning to responsibly manage the district's positive enrollment growth, which is currently stressing facility and class size constraints. December 2, 2025

Strategic Growth and Capacity Planning: Demographics and Site Enrollment

Purpose Statement:

"To responsibly manage our positive enrollment trends and resulting facility demands, ensuring future student success."

- **Context:** We have previously noted positive enrollment growth and the subsequent space and class size constraints across the district.
- **The Need:** We require objective data to move beyond immediate constraints and plan for the long term.
- **Goal:** This study provides the critical demographic foundation needed to develop a sustainable and equitable strategic capacity plan that meets the needs of our students, families, staff and community.

Laying the Foundation for Strategic Growth

Proactive Planning

The purpose of this study is to move from reactive decision-making to proactive, long-range strategic planning regarding our district's physical capacity and resource needs.

Data-Driven Decisions

We require current, objective data to ensure all future capital and operational investments are fiscally responsible and directly address student needs.

Optimizing Resources

This work allows us to strategically evaluate the current use of all district facilities to ensure we are maximizing our investment in every building.

Understanding Our Increasing Student Population

Capacity Assessment:

The study will provide a clear picture of the current utilization and functional capacity of every school building in our portfolio.

Identifying Gaps:

We will pinpoint specific schools or attendance areas that are projected to experience over- or under-utilization, allowing us to target future capacity solutions effectively.

Precursor to Action:

This foundational demographic data is the essential first step required before we can deeply engage the community to develop viable options for a comprehensive capacity plan.

Defining Current and Future Capacity Needs

Accurate Enrollment Projections

The study will provide reliable, decade-long forecasts of student enrollment based on current demographic trends, housing starts, and migration patterns.

Geographic Distribution Analysis

It will identify where our students currently live and where future student populations are expected to grow within the district's attendance zones.

Impact of Development

We will analyze the potential short- and long-term impact of approved and proposed residential developments on elementary, middle, and high school levels.

Next Steps: Implementing the Demographics and Capacity Efforts

RFP Development

Initiate a formal Request for Proposal (RFP) process for a comprehensive, third-party Demographics Study.

70

Capacity Review

Concurrently, Facilities Department will update an internal audit to establish functional enrollment capacity of every school site.

Defining District Capacity

Finalize the total operational and functional capacity of the entire district's building portfolio.

Board Review & Action

Present the findings to the school board upon completion.

Overview

The Comprehensive Achievement and Civic Readiness Plan, formerly known as the World's Best Workforce Plan (WBWF), is a strategic initiative developed in Minnesota to enhance student achievement and prepare students for lifelong learning.

The original law was established in 2013 under Minnesota Statute 120B.11, however, legislation amended the plan name and goals in 2024. The statute requires school districts and charter schools to create a comprehensive, long-term strategic plan to support and improve teaching and learning. The plan should serve as a foundational document that aligns educational initiatives for students in preschool and beyond. The five goals of the plan as dictated by law are:

- All children are ready for school.
- All racial and economic achievement gaps between students are closed.
- All students are ready for career and college.
- All students graduate from high school.
- All students are prepared to be lifelong learners.

By implementing the Comprehensive Achievement and Civic Readiness Plan, Minnesota aims to create a more equitable and effective education system that prepares all students for success in school, career, and life.

District plans and policies support the Comprehensive Achievement and Civic Readiness goal areas. Some of those plans or policies include the following:

- Head Start Annual Plan
- Local Literacy Plan
- Achievement & Integration
- American Indian Education Plan
- American Indian Parent Advisory Recommendations
- Teacher Development and Evaluation Plan
- Principal Development and Evaluation Plan
- Duluth Public Schools MTSS Handbook
- Professional Learning Community Handbook
- Continuous Improvement Handbook
- Duluth Public Schools Staff Development Plan

Mission

Every student, every day will be empowered with learning opportunities for growth, creativity, and curiosity, in preparation for their future in a global community.

Vision

Duluth Public Schools provides an academically engaging, safe, and inclusive environment with high expectations and responsible use of resources.

Strategic Plan

Duluth Public Schools worked on a comprehensive strategic planning process from April 2022 through May 2023. The overall process and strategic plan were created with input from Duluth Public Schools students, staff, families, and community members focused on future system-wide enhancements to improve outcomes for students. The planning has resulted in a 3-year operational plan, a progress monitoring schedule, and a 3-year school board plan. The Strategic Roadmap includes the district’s mission, vision, core values, desired daily experiences, and strategic directions.

Strategic Directions

Supporting Every Student:

Duluth Public Schools staff will work in collaboration to determine all students’ learning, behavioral, and social-emotional strengths and challenges. We will utilize a multi-layered system of supports to improve instructional practices to best meet the needs of every learner. Strategies will be implemented to create positive and safe learning environments. Students will be provided additional support to grow and improve through intervention and enrichment.

Advancing Equity:

Duluth Public Schools will be a place where everyone feels a sense of belonging and accomplishment. We are committed to strengthening relationships and building trust with all communities. We are dedicated to advancing an Education Equity Framework implementation and accountability plan to increase our ability to think, behave, work, and lead with an equity mindset. As part of the plan, all staff will receive on-going diversity, equity, and inclusion training.

Improving Systems:

Duluth Public Schools engages in continuous improvement to support services, processes, and resource allocation. Our continued focus on recruiting and retaining highly effective, dedicated, and diverse staff will ensure our ability to educate, support and inspire our students to reach their full potential. We will ensure clean, safe and appropriate learning environments. We are committed to a budget that meets the educational needs of our students through improved financial forecasting to better align our resources with our district priorities.

Access to Excellent and Diverse Teachers

Duluth Public Schools is committed to providing all students with access to excellent and diverse educators. We strive to hire, retain, and develop high-performing staff who can deliver outstanding instruction. To ensure equitable access to quality teachers, we analyze staffing data annually, utilize compensatory funding to support low-income and minority students, prioritize experienced teachers, and provide support and improvement plans for underperforming teachers.

We actively recruit diverse candidates by posting job openings on various platforms, including:

- National and International Job Boards:
 - EdPost
 - Careers in Government
 - Handshake
 - LinkedIn
 - National Indian Education Association
 - National Alliance of Black School Educators
 - Diversity.com
- State-Level Job Boards:
 - Minnesota State Workforce Center
 - Wisconsin State Workforce Center
- Local Platforms:
 - School social media outlets
 - District website

Current Staff Demographics:

- Nearly 97% of teachers are fully certified
- Over 84% of our teachers have three or more years of experience.
- All racial/ethnic groups are represented by licensed teaching staff, except for Native Hawaiian or Other Pacific Islander.
- Approximately 10.5% of teachers identify as a race other than White

Our District aims to ensure the racial, ethnic, and cultural makeup of its teaching staff closely reflects the diversity of the student body, aiming to provide students with educators who share similar backgrounds and experiences as they do.

While we have made progress in diversifying our staff, challenges remain. Our District's student population is almost 24% diverse, and currently teachers of color and American Indian teachers comprise about 6% of all licensed teachers in the state. The limited pool of diverse, licensed teachers in Minnesota is a significant hurdle. However, we are committed to expanding recruitment efforts, collaborating with educational institutions, and providing ongoing professional development to address this challenge.

Duluth Public Schools partners with the Minnesota CareerForce Center on the Drive for 5 grant. This collaborative effort aims to diversify our teaching workforce by providing financial incentives and support to individuals pursuing careers in education. By investing in future educators from diverse backgrounds, we are committed to creating more inclusive and equitable learning environments for all students.

All racial and economic achievement gaps between students are closed

One of the greatest and most pressing challenges facing Duluth's schools — and school districts across the country — is ensuring high achievement for all students. Our school district examines educational data and breaks it down into various demographics. Locally and nationally, race, ethnicity, socioeconomic status, and special education are areas where we need to increase student achievement.

As educators, and as a community, we want all students to realize their full potential. Our goal is to continue to work as a team to implement evidence-based practices to ensure high achievement for all students.

Student Achievement Goal

Each student will be provided high-quality instruction that includes communication of what they are learning and how they will be assessed (Teacher Clarity), which will reduce reading and math achievement gaps in all student race, economic, and comparison groups as measured by state accountability assessments.

Strategies Implemented

Supporting Every Student

- District administration is monitoring the implementation of Teacher Clarity through instructional walkthroughs.
- Teaching staff implementing 2020 English-Language Arts State Standards, which includes an increased focus on diverse perspectives, and teams monitor implementation of all standards

Student Achievement Goal:

For the 25-26 school year, 100% of all content-area teacher leads (grades 6-12) will guide the design and prepare for the implementation of one or more standards-aligned, high-leverage instructional lessons per course that explicitly require students to develop skills in one or more of Minnesota's four College and Career Readiness (CCR) Competency Domains (Employability Skills, Mindsets & Social Awareness, Career Development, and Transitional Skills) as measured on the curriculum tracking document.

Strategies Implemented

Supporting Every Student

- Continued expansion of Career and Technical Education (CTE) offerings and expanded availability to students in grades 9-12 and in our middle school introductory programs
- District continues to provide a minimum of 5 district-wide experiential opportunities for career and college awareness.
- Denfeld and East High Schools have staffed Career Centers who collaborate with the Principal of College and Career Readiness and site counseling departments to facilitate exploration activities for students.
- Students have the opportunity to earn college credit through our College in the Schools (CITS) courses, by taking AP tests following AP course success, and Articulated Credit through CTE programs to Lake Superior College.
- Through the MN Bilingual Seals program, students can take an exam to earn World Language college credit. In 2025, 76 students attempted the assessment: 74 received a certificate, 24 earned a gold seal (equivalent to college credits), and 11 achieved a platinum seal, the highest level.

Advancing Equity

- Counselors will build intentional efforts in collaboration with American Indian and Education Equity staff to encourage all students to take CITS, AP, Honors, Advanced, and CTE courses.
- Courses in middle school and high school (Skills for Success, 9th Grade Futures, Career, College and Life Readiness, Academic Skills for Success) to support all students plan for their future.

GOAL 4

All students graduate from high school

Minnesota and Duluth Public Schools define career and college readiness as high school graduates having the “knowledge, skills, and competencies to successfully pursue a career pathway, including postsecondary credit leading to a degree, diploma, certificate, or industry-recognized credential and employment.”

With the new goal the district has set for college and career readiness, we are working toward better preparing students with the knowledge, skills, mindset, and experiences to successfully navigate toward a viable career.

Student Achievement Goal:

An early warning system will be utilized to increase the number of 9-12 grade students that are “on track” for four-year graduation as measured by state graduation rates.

Strategies Implemented

Supporting Every Student

- Indigenous Cohort programming at Denfeld designed to support American Indian students with culturally inclusive instruction
- Addition of site champions for our data system to all school sites to help support staff in utilizing data to support students
- Summer School credit recovery for all students who need to finish attempted credits

Advancing Equity

- Continued Check & Connect programming to provide mentors for students in grades 9-12 who are at risk of dropping out of school based on attendance, grades, and behavior data. The district has a goal within Check & Connect is that 80% of students supported will be students of color and/or special education status, providing a focus on improving graduation rates.
- Continued use of the School Within a School model in 6-10th grade core courses to provide more support for students who struggle with grade-level content in an effort to prepare them for future success in all courses
- Alternative to suspension programming is a restorative intervention that may be offered at the school sites to reduce punitive disciplinary practices with the goal to reduce the number of out of school suspension
- The District is committed to providing free public transportation for high school students to get to school

Improving Systems

- Addition of Academic Skills for Success course to support students who are credit deficient in grades 9-12
- Implementation of Personal Opportunity (Learning) Plans to help students track progress, interventions, career exploration, and post high-school planning.

- SWS modules were created to support students with credit recovery efforts through a “Fix it and finish it” model
- Service learning credit is available through Community Education

GOAL 5

All students are lifelong learners

Minnesota and Duluth Public Schools defines “lifelong learners” as having a growth mindset, relationship skills, cultural fluency and global awareness, and problem solving, decision making and self-advocacy skills.

We strive to have students leave high school with options for postsecondary options or career field goals, personal financial literacy and understanding of employment and/or admission procedures.

Student Achievement Goal:

By Spring of 2026, 90% or more of seniors will have a confirmed post-graduation plan. This includes enrollment in a post-secondary education option, enlisted in a branch of the military, or an employment opportunity.

Strategies Implemented

Supporting Every Student

- Established advisory periods at middle schools allow opportunities for development of career, employment, and life skills
- Middle School Model allows for more student choice during the Academics, Relearning, Enrichment, and Activities (AREA) period
- Funding for Career Centers, Counselors, and Check & Connect Mentors

Understanding the Data

There are several factors to consider when reviewing the District's data.

- The data listed in the goals and strategies areas are based on locally administered assessments as well as the state accountability assessments.
- In 2019/2020, all state accountability assessments were not given.
- In 2020/2021, there were historically low participation rates in statewide accountability testing.
- When 10 or fewer students tested in an area, the data is suppressed to maintain data privacy and marked by (*).

Due to these factors, year-to-year comparisons should be made with caution.

2020-2021	76.0%	78.2%
2021-2022	92.1%	94.4%

North Star Accountability System

Every three years, the North Star Accountability Reports are released. In September 2025, the Minnesota Department of Education announced the schools and districts that are in need of additional support through the North Star Accountability System. North Star was created in response to federal legislation called the Every Student Succeeds Act, which requires every state to create an accountability system. Schools are evaluated using the following measures:

Stage 1:

- Math Achievement
- Reading Achievement
- Progress Toward English Language Proficiency

Stage 2:

- Math Progress (elementary & middle school)
- Reading Progress (elementary & middle school)
- Graduation (high school)

Stage 3:

- Consistent Attendance

Schools identified for support receive either Comprehensive and/or Targeted support.

Comprehensive is the highest level of need. District level support comes from COMPASS through the Northeast Service Cooperative. Duluth schools that were identified for Comprehensive support include:

- Area Learning Center Independent Study
- Congdon Park Elementary
- Laura MacArthur Elementary
- Lowell Elementary
- Myers-Wilkins Elementary
- Piedmont Elementary
- Stowe Elementary

Targeted support means one or more student groups are performing at or below expectations. District level support comes from COMPASS through the Northeast Service Cooperative. Duluth schools that were also identified for Targeted Support include:

- Laura MacArthur Elementary
- Lowell Elementary
- Myers-Wilkins Elementary
- Piedmont Elementary
- Stowe Elementary

Glossary

Tier 1 Supports

- Involves the delivery of high-quality core instruction that meets the needs of most students in the class.
- A core curriculum that is research-based.
- Instructional practices that are culturally and linguistically responsive.
- Universal screening to determine students' current levels of performance.
- Differentiated learning activities to address student needs.
- Accommodations to ensure all students have access to the instructional program.
- Problem-solving to identify interventions, as needed, to address behavior problems that prevent students from demonstrating the academic skills they possess.

Tier 2 Supports

- Involves the delivery of research-based intervention(s) of moderate-intensity to address the learning or behavioral challenges of most at-risk students. This is provided in addition to the daily core instruction.
- Typically involves adult-led small-group instruction.
- Duration of typically 10-15 weeks of 20-40 minute sessions 3-4 times weekly.
- Uses clearly articulated validated interventions.
- Evidence-based rather than research-based.
- High degree of fidelity of intervention implementation.
- Frequent progress monitoring every 1-4 weeks.

Social-Emotional Learning

- Is broadly understood as a process through which people build awareness and skills in managing emotions, setting goals, establishing relationships and making responsible decisions that support their success in school and in life.

Multi-Tiered Support Systems (MTSS)

- As a systemic foundation for addressing inequity and improving outcomes for all students.

Positive Behavior Interventions and Supports (PBIS)

- Evidence-based framework for preventing problem behavior, providing instruction and support for positive and pro-social behaviors, and supporting social, emotional, and behavioral needs for all students.

Comprehensive Achievement and Civic Readiness

In 2024, MN Legislature renamed World's Best Workforce (WBWF) to Comprehensive Achievement and Civic Readiness (CACR).

- Emphasis on supporting students' academic achievement as well as preparing them to be active members of their community after graduation
- School boards are required to develop comprehensive, long-term strategic plans that **address five goal areas** within this plan

94 ***Please note:** acronym “**CACR**” will be used for Comprehensive Achievement and Civic Readiness throughout this presentation.

Comprehensive Achievement & Civic Readiness

CACR Plan Goal Areas:

- 1. All children ready for school.**
- 2. All racial and economic achievement gaps between students are closed.**
- 3. All students are ready for career and college.**
- 4. All students graduate from high school.**
- 5. All students are prepared to be lifelong learners.**

Alignment: District Roadmap & CACR Plan

Duluth's Comprehensive Achievement & Civic Readiness Plan organizes strategies aligned to each goal under the three strategic directions of the District Strategic Roadmap:

- **Supporting Every Student**
- **Advancing Equity**
- **Improving System**

Comprehensive Achievement and
Civic Readiness (CACR)
Plan Goals

Kindergarten Readiness

709 STUDENT TRANSPORTATION SAFETY POLICY

[NOTE: School districts are required by statute to have a policy addressing these issues.]

I. PURPOSE

The purpose of this policy is to provide safe transportation for students and to educate students on safety issues and the responsibilities of school bus ridership.

II. PLAN FOR STUDENT TRANSPORTATION SAFETY TRAINING

A. School Bus Safety Week

The school district may designate a school bus safety week. The National School Bus Safety Week is the third week in October.

B. Student School Bus Safety Training

1. The school district shall provide students enrolled in grades kindergarten (K) through 10 with age-appropriate school bus safety training of the following concepts:
 - a. transportation by school bus is a privilege, not a right;
 - b. school district policies for student conduct and school bus safety;
 - c. appropriate conduct while on the bus;
 - d. the danger zones surrounding a school bus;
 - e. procedures for safely boarding and leaving a school bus;
 - f. procedures for safe vehicle lane crossing; and
 - g. school bus evacuation and other emergency procedures.
2. All students in grades K through 6 who are transported by school bus and are enrolled during the first or second week of school must receive the school bus safety training by the end of the third week of school. All students in grades 7 through 10 who are transported by school bus and are enrolled during the first or second week of school must receive the school bus safety training or receive bus safety instruction materials by the end of the sixth week of school, if they have not previously received school bus training. Students in grades K through 10 who enroll in a school after the second week of school, are transported by school bus, and have not received training in their previous school districts shall undergo school bus safety training or receive bus safety instructional materials within 4 weeks of their first day of attendance.
3. The school district and a nonpublic school with students transported by school bus at public expense must provide students enrolled in grades K through 3 school bus safety training twice during the school year.
4. Students taking driver's training instructional classes must receive training in the laws and proper procedures for operating a motor vehicle in the vicinity of a school bus as required by Minnesota Statutes, section 169.446, subdivision 2.

5. The school district and a nonpublic school with students transported by school bus at public expense must conduct a school bus evacuation drill at least once during the school year.
6. The school district will make reasonable accommodations in training for students known to speak English as a second language and students with disabilities.
7. The school district may provide kindergarten students with school bus safety training before the first day of school.
8. The school district shall adopt and make available for public review a curriculum for transportation safety education.
9. Nonpublic school students transported by the school district will receive school bus safety training by their nonpublic school. The nonpublic schools may use the school district's school transportation safety education curriculum. Upon request by the school district superintendent, the nonpublic school must certify to the school district's school transportation safety director that all students enrolled in grades K through 10 have received the appropriate training.

C. Active Transportation Safety Training

1. Training Required

- a. The school district must provide public school pupils enrolled in kindergarten through grade 3 with age-appropriate active transportation safety training. At a minimum, the training must include pedestrian safety, including crossing roads.
- b. The school district must provide pupils enrolled in grades 4 through 8 with age-appropriate active transportation safety training. At a minimum, the training must include:
 - (1) pedestrian safety, including crossing roads safely using the searching left, right, left for vehicles in traffic technique;
 - (2) bicycle safety, including relevant traffic laws, use and proper fit of protective headgear, bicycle parts and safety features, and safe biking techniques; and
 - (3) electric-assisted bicycle safety, including that a person under the age of 15 is not allowed to operate an electric-assisted bicycle.

2. Instruction

- a. The school district may provide active transportation safety training through distance learning.
- b. The district and a nonpublic school must make reasonable accommodations for the active transportation safety training of pupils known to speak English as a second language and pupils with disabilities.

III. CONDUCT ON SCHOOL BUSES AND CONSEQUENCES FOR MISBEHAVIOR

- A. Riding the school bus is a privilege, not a right. The school district's general student behavior rules are in effect for all students on school buses, including nonpublic and charter school students.
- B. Consequences for school bus/bus stop misconduct will be imposed by the school district under adopted administrative discipline procedures. In addition, all school bus/bus stop

misconduct will be reported to the school district's **transportation manager** ~~safety director~~. Serious misconduct may be reported to local law enforcement.

1. School Bus and Bus Stop Rules

The school district school bus safety rules are to be posted on every bus. If these rules are broken, the school district's discipline procedures are to be followed. In most circumstances, consequences are progressive and may include suspension of bus privileges. It is the school bus driver's responsibility to report unacceptable behavior to the school district's Transportation Office/School Office.

2. Rules at the Bus Stop

- a. Get to your bus stop 5 minutes before your scheduled pick up time. The school bus driver will not wait for late students.
- b. Respect the property of others while waiting at your bus stop.
- c. Keep your arms, legs, and belongings to yourself.
- d. Use appropriate language.
- e. Stay away from the street, road, or highway when waiting for the bus.
- f. Wait until the bus stops before approaching the bus.
- g. After getting off the bus, move away from the bus.
- h. If you must cross the street, always cross in front of the bus where the driver can see you. Wait for the driver to signal to you before crossing the street.
- i. No fighting, harassment, intimidation, or horseplay.
- j. No use of alcohol, tobacco, or drugs.

3. Rules on the Bus

- a. Immediately follow the directions of the driver.
- b. Sit in your seat facing forward.
- c. Talk quietly and use appropriate language.
- d. Keep all parts of your body inside the bus.
- e. Keep your arms, legs, and belongings to yourself.
- f. No fighting, harassment, intimidation, or horseplay.
- g. Do not throw any object.
- h. No eating, drinking, or use of alcohol, tobacco, or drugs.
- i. Do not bring any weapons or dangerous objects on the school bus.
- j. Do not damage the bus.

4. Consequences

- a. Consequences for school bus/bus stop misconduct will apply to all regular

and late routes. Decisions regarding a student’s ability to ride the bus in connection with cocurricular and extracurricular events (for example, field trips or competitions) will be in the sole discretion of the school district. Parents or guardians will be notified of any suspension of bus privileges.

These consequences are outlined in the [Student Handbook](#). See the Table of Contents under Transportation of Public School Students to find the exact page.

(1) ~~Elementary (K-6)~~

~~1st offense — warning
2nd offense — 3 school day suspension from riding the bus
3rd offense — 5 school day suspension from riding the bus
4th offense — 10 school day suspension from riding the bus/meeting with parent
Further offenses — individually considered. Students may be suspended for longer periods of time, including the remainder of the school year.~~

(2) ~~Secondary (7-12)~~

~~1st offense — warning
2nd offense — 5 school day suspension from riding the bus
3rd offense — 10 school day suspension from riding the bus
4th offense — 20 school day suspension from riding the bus/meeting with parent
5th offense — suspended from riding the bus for the remainder of the school year~~

[Note: When any student goes 60 transportation days without a report, the student’s consequences may start over at the first offense.]

(3) Other Discipline

Based on the severity of a student’s conduct, more serious consequences may be imposed at any time. Depending on the nature of the offense, consequences such as suspension or expulsion from school also may result from school bus/bus stop misconduct.

(4) Records

Records of school bus/bus stop misconduct will be forwarded to the individual school building and will be retained in the same manner as other student discipline records. Reports of student misbehavior on a school bus or in a bus-loading or unloading area that are reasonably believed to cause an immediate and substantial danger to the student or surrounding persons or property shall be provided by the school district to local law enforcement and the Department of Public Safety in accordance with state and federal law.

(5) Vandalism/Bus Damage

Students damaging school buses will be responsible for the damages. Failure to pay such damages (or make arrangements to pay) within 2 weeks may result in the loss of bus privileges until damages are paid.

(6) Notice

School bus and bus stop rules and consequences for violations of these rules will be reviewed with students annually and copies of these rules will be made available to students. School bus rules are to be posted on each school bus.

(7) Criminal Conduct

In cases involving criminal conduct (for example, assault, weapons, drug possession, or vandalism), the appropriate school district personnel and local law enforcement officials will be informed.

IV. PARENT AND GUARDIAN INVOLVEMENT

A. Parent and Guardian Notification

The school district school bus and bus stop rules will be provided to each family. Parents and guardians are asked to review the rules with their children.

B. Parents/Guardians Responsibilities for Transportation Safety

Parents/Guardians are responsible to:

1. Become familiar with school district rules, policies, regulations, and the principles of school bus safety, and thoroughly review them with their children;
2. Support safe riding and walking practices, and recognize that students are responsible for their actions;
3. Communicate safety concerns to their school administrators;
4. Monitor bus stops, if possible;
5. Have their children to the bus stop 5 minutes before the bus arrives;
6. Have their children properly dressed for the weather; and
7. Have a plan in case the bus is late.

V. SCHOOL BUS DRIVER DUTIES AND RESPONSIBILITIES

- A. School bus drivers shall have a valid Class A, **or** B, ~~or C~~ Minnesota driver's license with a school bus endorsement. A person possessing a valid driver's license, without a school bus endorsement, may drive a type III vehicle set forth in Sections VII.B. and VII.C., below. Drivers with a valid Class D driver's license, without a school bus endorsement, may operate a "type A-I" school bus as set forth in Section VII.D., below.
- B. The school district shall conduct mandatory drug and alcohol testing of all school district bus drivers and bus driver applicants in accordance with state and federal law and school district policy.
- C. A school bus driver, with the exception of a driver operating a type A-I school bus or type III vehicle, who has a commercial driver's license and who is convicted of a criminal offense, a serious traffic violation, or of violating any other state or local law relating to motor vehicle traffic control, other than a parking violation, in any type of motor vehicle in a state or jurisdiction other than Minnesota, shall notify the Minnesota Division of Driver and Vehicle Services (Division) of the conviction within 30 days of the conviction. For purposes of this paragraph, a "serious traffic violation" means a conviction of any of

the following offenses:

1. excessive speeding, involving any single offense for any speed of 15 miles per hour or more above the posted speed limit;
 2. reckless driving;
 3. improper or erratic traffic lane changes;
 4. following the vehicle ahead too closely;
 5. a violation of state or local law, relating to motor vehicle traffic control, arising in connection with a fatal accident;
 6. driving a commercial vehicle without obtaining a commercial driver's license or without having a commercial driver's license in the driver's possession;
 7. driving a commercial vehicle without the proper class of commercial driver's license and/or endorsements for the specific vehicle group being operated or for the passengers or type of cargo being transported;
 8. a violation of a state or local law prohibiting texting while driving a commercial vehicle; and
 9. a violation of a state or local law prohibiting the use of a hand-held mobile telephone while driving a commercial vehicle.
- D. A school bus driver, with the exception of a driver operating a type A-I school bus or type III vehicle, who has a commercial driver's license and who is convicted of violating, in any type of motor vehicle, a Minnesota state or local law relating to motor vehicle traffic control, other than a parking violation, shall notify the person's employer of the conviction within 30 days of conviction. The notification shall be in writing and shall contain all the information set forth in Attachment A accompanying this policy.
- E. A school bus driver, with the exception of a driver operating a type A-I school bus or type III vehicle, who has a Minnesota commercial driver's license suspended, revoked, or cancelled by the state of Minnesota or any other state or jurisdiction and who loses the right to operate a commercial vehicle for any period or who is disqualified from operating a commercial motor vehicle for any period shall notify the person's employer of the suspension, revocation, cancellation, lost privilege, or disqualification. Such notification shall be made before the end of the business day following the day the employee received notice of the suspension, revocation, cancellation, lost privilege, or disqualification. The notification shall be in writing and shall contain all the information set forth in Attachment B accompanying this policy.
- F. A person who operates a type III vehicle and who sustains a conviction as described in Section VII.C.1.g. (i.e., driving while impaired offenses), VII.C.1.h. (i.e., felony, controlled substance, criminal sexual conduct offenses, or offenses for surreptitious observation, indecent exposure, use of minor in a sexual performance, or possession of child pornography or display of pornography to a minor), or VII.C.1.i. (multiple moving violations) while employed by the entity that owns, leases, or contracts for the school bus, shall report the conviction to the person's employer within 10 days of the date of the conviction. The notification shall be in writing and shall contain all the information set forth in Attachment C accompanying this policy.

VI. SCHOOL BUS DRIVER TRAINING

- A. Training
1. All new school bus drivers shall be provided with pre-service training, including in-vehicle (actual driving) instruction, before transporting students and shall

meet the competency testing specified in the Minnesota Department of Public Safety Model School Bus Driver Training Manual. All school bus drivers shall receive in-service training annually. For purposes of this section, "annually" means at least once every 380 days from the initial or previous evaluation and at least once every 380 days from the initial or previous license verification. The school district shall retain on file an annual individual school bus driver "evaluation certification" form for each school district driver as contained in the Model School Bus Driver Training Manual.

[NOTE: The Model School Bus Driver Training Manual is available online through the Minnesota Department of Public Safety State Patrol web page.]

2. All bus drivers operating a type III vehicle will be provided with annual training and certification as set forth in Section VII.C.1.b., below, by either the school district or the entity from whom such services are contracted by the school district.

B. Evaluation

School bus drivers with a Class D license will be evaluated annually and all other bus drivers will be assessed periodically for the following competencies:

1. Safely operate the type of school bus the driver will be driving;
2. Understand student behavior, including issues relating to students with disabilities;
3. Ensure orderly conduct of students on the bus and handling incidents of misconduct appropriately;
4. Know and understand relevant laws, rules of the road, and local school bus safety policies;
5. Handle emergency situations; and
6. Safely load and unload students.

The evaluation must include completion of an individual "school bus driver evaluation form" (road test evaluation) as contained in the Model School Bus Driver Training Manual.

[NOTE: The school district may use alternative assessments rather than those set forth in the Model School Bus Driver Training Manual for bus driver training competencies with the approval of the Commissioner of Public Safety. A driver also may receive at least 8 hours of school bus in-service training in any year as an alternative to being assessed for bus driver competencies after the initial year of being assessed for bus driver competencies.]

VII. OPERATING RULES AND PROCEDURES

A. General Operating Rules

1. School buses shall be operated in accordance with state traffic and school bus safety laws and the procedures contained in the Minnesota Department of Public Safety Model School Bus Driver Training Manual.

[NOTE: The Model School Bus Driver Training Manual is available online through the Minnesota Department of Public Safety State Patrol web page.]

2. Only students assigned to the school bus by the **transportation office** school district shall be transported. The number of students or other authorized passengers transported in a school bus shall not be more than the legal capacity for the bus. No person shall be allowed to stand when the bus is in motion.
3. The parent/guardian may designate, pursuant to school district policy, a day care facility, respite care facility, the residence of a relative, or the residence of a person chosen by the parent or guardian as the address of the student for transportation purposes. The address must be in the attendance area of the assigned school and meet all other eligibility requirements.
4. Bus drivers must minimize, to the extent practical, the idling of school bus engines and exposure of children to diesel exhaust fumes.
5. To the extent practical, the school district will designate school bus loading/unloading zones at a sufficient distance from school air-intake systems to avoid diesel fumes from being drawn into the systems.

[NOTE: A school district is not required to comply with Section VII.A.5. if the school board determines that alternative locations block traffic, impair student safety, or are not cost effective.]

6. A bus driver may not operate a school bus while communicating over, or otherwise operating, a cellular phone for personal reasons, whether hand-held or hands free, when the vehicle is in motion or a part of traffic. For purposes of this paragraph, "school bus" has the meaning given in Minnesota Statutes, section 169.011, subdivision 71. In addition, "school bus" also includes type III vehicles when driven by employees or agents of the school district. "Cellular phone" means a cellular, analog, wireless, or digital telephone capable of sending or receiving telephone or text messages without an access line for service.

B. Type III Vehicles

1. Type III vehicles are restricted to passenger cars, station wagons, vans, and buses having a maximum manufacturer's rated seating capacity of 10 or fewer people including the driver and a gross vehicle weight rating of 10,000 pounds or less. A van or bus converted to a seating capacity of 10 or fewer and placed in service on or after August 1, 1999, must have been originally manufactured to comply with the passenger safety standards.
2. Type III vehicles must be painted a color other than national school bus yellow.
3. Type III vehicles shall be state inspected in accordance with legal requirements.
4. Vehicles model year 2007 or older must not be used as type III vehicles to transport school children, except those vehicles that are manufactured to meet the structural requirements of federal motor vehicle safety standard 222, 49 Code of Federal Regulations, Part 571.
5. If a type III vehicle is school district owned, the school district name will be clearly marked on the side of the vehicle. The type III vehicle must not have the words "school bus" in any location on the exterior of the vehicle or in any interior location visible to a motorist.
6. A "type III vehicle" must not be outwardly equipped and identified as a type A, B, C, or D bus.
7. Eight-lamp warning systems and stop arms must not be installed or used on type III vehicles.
8. Type III vehicles must be equipped with mirrors as required by law.

9. Any type III vehicle may not stop traffic and may not load or unload before making a complete stop and disengaging gears by shifting into neutral or park. Any type III vehicle used to transport students must not load or unload so that a student has to cross the road, except where not possible or impractical, then the driver or assistant must escort a student across the road. If the driver escorts the student across the road, then the motor must be stopped, the ignition key removed, the brakes set, and the vehicle otherwise rendered immobile.

~~6. All drivers who transport students in Type III vehicles are subject to the same license check requirements as District school bus drivers as required by state law. Each employee who is to transport students in a Type III vehicle must first verify that they are qualified to do so. The principal at each school is responsible for maintaining a list of employees who have had their license checked and who can transport students.~~

III. ADVERTISING GUIDELINES

- A. School publications, including publications such as programs and calendars, may accept and publish paid advertising provided they receive advance approval from the appropriate administrator. In no instance shall publications accept advertising or advertising images for alcohol, tobacco, drugs, drug paraphernalia, weapons, or obscene, pornographic, or illegal materials. Advertisements may be rejected by the school district if determined to be inconsistent with the educational objectives of the school district or inappropriate for inclusion in the publication. For example, advertisements may be rejected if determined to be false, misleading, or deceptive, or if they relate to an illegal activity or antisocial behavior. The faculty advisor is responsible for screening all such advertising for appropriateness, including compliance with the school district policy prohibiting sexual, racial, and religious harassment.
- B. The school board may approve advertising in school district facilities or on school district property. Any approval will state precisely where such advertising may be placed. Specific advertising must be approved by the superintendent or designee. In no instance will an advertising device be erected or maintained within 100 feet of a school that is visible to and primarily intended to advertise and inform or to attract or which does attract the attention of operators and occupants of motor vehicles.
- C. Donations which include or carry advertisements must be approved by the school board.
- D. The school district or a school may acknowledge a donation it has received from an organization by displaying a "donated by," "sponsored in part by," or a similar by-line with the organization's name and/or symbol on the item. Examples include activity programs or yearbooks.
- E. Nonprofit entities and organizations may be allowed to use the school district name, students, or facilities for purposes of advertising or promotion if the purpose is determined to be educationally related and prior approval is obtained from the school board. Advertising will be limited to the specific event or purpose approved by the school board.

- F. Contracts for computers or related equipment or services that require advertising to be disseminated to students will not be entered into or permitted unless done pursuant to and in accordance with state law.
- G. The inclusion of advertisements in school district publications, in school district facilities, or on school district property does not constitute approval and/or endorsement of any product, service, organization, or activity. Approved advertisements will not imply or declare such approval or endorsement.

IV. ACCOUNTING

Advertising revenues must be accounted for and reported in compliance with UFARS. A periodic report shall be made to the school board by the superintendent regarding the scope and amount of such revenues.

707 TRANSPORTATION OF PUBLIC SCHOOL STUDENTS

I. PURPOSE

The purpose of this policy is to provide for the transportation of students consistent with the requirements of law.

II. GENERAL STATEMENT OF POLICY

- A. The policy of the school district is to provide for the transportation of students in a manner which will protect their health, welfare, and safety.
- B. The school district recognizes that transportation is an essential part of the school district services to students and parents but further recognizes that transportation by school bus is a privilege and not a right for an eligible student.

III. DEFINITIONS

- A. "Child with a disability" includes every child identified under federal and state special education law as deaf or hard of hearing, blind or visually impaired, deafblind, or having a speech or language impairment, a physical impairment, other health disability, developmental cognitive disability, an emotional or behavioral disorder, specific learning disability, autism spectrum disorder, traumatic brain injury, or severe multiple impairments, and who needs special education and related services, as determined by the rules of the Commissioner of the Minnesota Department of Education ("Commissioner"). A licensed physician, an advanced practice nurse, a physician assistant, or a licensed psychologist is qualified to make a diagnosis and determination of attention deficit disorder or attention deficit hyperactivity disorder for purposes of identifying a child with a disability. In addition, every child under age three, and at the school district's discretion from age three to seven, who needs special instruction and services, as determined by the rules of the Commissioner, because the child has a substantial delay or has an identifiable physical or mental condition known to hinder normal development is a child with a disability. A child with a short-term or temporary physical or emotional illness or disability, as determined by the rules of the Commissioner, is not a child with a disability.
- B. "Home" is the legal residence of the child. In the discretion of the school district, "home" also may be defined as a licensed day care facility, school day care facility, a respite care facility, the residence of a relative, or the residence of a person chosen by the student's parent or guardian as the home of a student for part or all of the day, if requested by the student's parent or guardian, or an afterschool program for children operated by a political subdivision of the state, if the facility, residence, or program is within the attendance area of the school the student attends. Unless otherwise specifically provided by law, a homeless student is a resident of the school district if enrolled in the school district.
- C. "Homeless student" means a student, including a migratory student, who lacks a fixed, regular, and adequate nighttime residence and includes: students who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; are awaiting foster care placement; have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings; are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings, and migratory children who qualify as homeless because they are living in any of the preceding listed circumstances.

- D. "Nonpublic school" means any school, church, or religious organization, or home school wherein a resident of Minnesota may legally fulfill the compulsory instruction requirements of Minnesota Statutes, section 120A.22, which is located within the state, and which meets the requirements of Title VI of the Civil Rights Act of 1964
- E. "Nonresident student" is a student who attends school in the school district and resides in another district, defined as the "nonresident district." In those instances when the divorced or legally separated parents or parents residing separately share joint physical custody of a student and the parents reside in different school districts, the student shall be a resident of the school district designated by the student's parents. When parental rights have been terminated by court order, the legal residence of a student placed in a residential or foster facility for care and treatment is the district in which the student resides.
- F. "Pupil support services" are health, counseling, and guidance services provided by the public school in the same district where the nonpublic school is located.
- G. "School of origin," for purposes of determining the residence of a homeless student, is the school that the student attended when permanently housed or the school in which the student was last enrolled.
- H. "Shared time basis" is a program where students attend public school for part of the regular school day and who otherwise fulfill the requirements of Minnesota Statutes, section 120A.22 by attendance at a nonpublic school.
- I. "Student" means any student or child attending or required to attend any school as provided in Minnesota law and who is a resident or child of a resident of Minnesota.

IV. ELIGIBILITY

- A. Upon the request of a parent or guardian, the school district shall provide transportation to and from school, at the expense of the school district, for all resident students who reside two miles or more from the school, except for those students whose transportation privileges have been revoked or have been voluntarily surrendered by the student's parent or guardian.
- B. The school district may, in its discretion, also provide transportation to any student to and from school, at the expense of the school district, for any other purpose deemed appropriate by the school board.

The School District's responsibility is to provide transportation as a service for those students that are eligible based on both service area criteria and behavior expectations.

Student eligibility for transportation will be based on the distance of the student's residence, child care facility, or Key Zone site (which the child is attending on a permanent and regularly scheduled basis) from the school to which the pupil is assigned and the grade level of the student.

The School Board has established the following criteria:

Grade Level Distance from Residence to School	
Elementary	0.7 of a mile or more
Middle	1 mile

High 1 mile

Students eligible for transportation may be required to walk the same distance to a school bus stop that non-transported students are required to walk to his/her school.

Parents will assume responsibility of transporting children to and from their home to the permanent, full-time child care facility and Key Zone sites. Special transportation will be handled on an individual basis for students with disabilities.

The School District will provide transportation for students when, in the opinion of the Traffic Safety Hazard Committee, conditions between the child's home and school of attendance create a hazard to the walking child, recognizing the child's age as a factor in this consideration. Questions pertaining to eligibility for transportation due to safety concerns should be referred in writing to the Traffic Safety Hazard Committee.

The Traffic Safety Hazard Committee shall consist of the Transportation Manager, the Transportation Supervisor, a School Board Member, a representative from Voyageur Bus Company, and any others the Superintendent may designate.

- C. In the discretion of the school district, transportation along regular school bus routes may also be provided, where space is available, to any person where such use of a bus does not interfere with the transportation of students. The cost of providing such transportation must be paid by those individuals using these services or some third-party payor. Bus transportation also may be provided along school bus routes when space is available for participants in early childhood family education programs and school readiness programs if these services do not result in an increase in the school district's expenditures for transportation.
- D. For purposes of stabilizing enrollment and reducing mobility, the school district may, in its discretion, establish a full-service school zone and may provide transportation for students attending a school in that full-service school zone. A full-service school zone may be established for a school that is located in an area with higher than average crime or other social and economic challenges and that provides education, health or human services, or other parental support in collaboration with a city, county, state, or nonprofit agency.

V. TRANSPORTATION OF NONRESIDENT STUDENTS

- A. If requested by the parent of a nonresident student, the school district shall provide transportation to a nonresident student within its borders at the same level of service that is provided to resident students.
- B. If the school district decides to transport a nonresident student within the student's resident district, the school district will notify the student's resident district of its decision, in writing, prior to providing transportation.
- C. When divorced or legally separated parents or parents residing separately reside in different school districts and share physical custody of a student, the parents shall be responsible for the transportation of the student to the border of the school district during those times when the student is residing with the parent in the nonresident school district.
- D. The school district may provide transportation to allow a student who attends a high-need English language learner program and who resides within the transportation attendance area of the program to continue in the program until the student completes

the highest grade level offered by the program.

VI. TRANSPORTATION OF RESIDENT STUDENTS TO NONDISTRICT SCHOOLS

- A. In general, the school district shall not provide transportation between a resident student's home and the border of a nonresident district where the student attends school under the Enrollment Options Program. A parent may be reimbursed by the nonresident district for the costs of transportation from the pupil's residence to the border of the nonresident district if the student is from a family whose income is at or below the poverty level, as determined by the federal government. The reimbursement may not exceed the pupil's actual cost of transportation or 15 cents per mile traveled, whichever is less. Reimbursement may not be paid for more than 250 miles per week. (Minnesota Statutes, section 124D.03, subdivision 8)
- B. Resident students shall be eligible for transportation to and from a nonresident school district at the expense of the school district, if in the discretion of the school district, inadequate room, distance to school, unfavorable road conditions, or other facts or conditions make attendance in the resident student's own district unreasonably difficult or impracticable. The school district, in its discretion, may also provide for transportation of resident students to schools in other districts for grades and departments not maintained in the district, including high school, for the whole or a part of the year or for resident students who attend school in a building rented or leased by the school district in an adjacent district.
- C. In general, the school district is not responsible for transportation for any resident student attending school in an adjoining state under a reciprocity agreement but may provide such transportation services at its discretion.

VII. SPECIAL EDUCATION STUDENTS/STUDENTS WITH A DISABILITY/ STUDENTS WITH TEMPORARY DISABILITIES

- A. Upon a request of a parent or guardian, the board must provide necessary transportation, consistent with Minnesota Statutes, section 123B.92, subdivision 1(b)(4), for a resident child with a disability who is not yet enrolled in kindergarten for the provision of special instruction and services. Special instruction and services for a child with a disability not yet enrolled in kindergarten include an individualized education program (IEP) team placement in an early childhood program when that placement is necessary to address the child's level of functioning and needs.
- B. Resident students with a disability ~~whose disabling conditions are such that the student cannot be safely transported on the regular school bus and/or school bus route and/or when the student is who are~~ transported on a special route for the purpose of attending an approved special education program shall be entitled to special transportation at the expense of the school district or the day training and habilitation program attended by the student. The school district shall determine the type of vehicle used to transport students with a disability on the basis of the disabling condition and applicable laws. This provision shall not be applicable to parents who transport their own child under a contract with the school district.

[NOTE: The 2025 Minnesota legislature amended Minnesota Statutes, section 123B.92 to remove the deleted language above.]

- C. Resident students with a disability who are boarded and lodged at Minnesota state academies for educational purposes, but who also are enrolled in a public school within the school district, shall be provided transportation, by the school district to and from said board and lodging facilities, at the expense of the school district.
- D. If a resident student with a disability attends a public school located in a contiguous

school district and the school district of attendance does not provide special instruction and services, the school district shall provide necessary transportation for the student between the school district boundary and the educational facility where special instruction and services are provided within the school district. The school district may provide necessary transportation of the student between its boundary and the school attended in the contiguous district, but shall not pay the cost of transportation provided outside the school district boundary.

- E. When a student with a disability or a student with a short-term or temporary disability is temporarily placed for care and treatment in a day program located in another school district and the student continues to live within the school district during the care and treatment, the school district shall provide the transportation, at the expense of the school district, to that student. The school district may establish reasonable restrictions on transportation, except if a Minnesota court or agency orders the child placed at a day care and treatment program and the school district receives a copy of the order, then the school district must provide transportation to and from the program unless the court or agency orders otherwise. Transportation shall only be provided by the school district during regular operating hours of the school district.
- F. When a nonresident student with a disability or a student with a short-term or temporary disability is temporarily placed in a residential program within the school district, including correctional facilities operated on a fee-for-service basis and state institutions, for care and treatment, the school district shall provide the necessary transportation at the expense of the school district. Where a joint powers entity enters into a contract with a privately owned and operated residential facility for the provision of education programs for special education students, the joint powers entity shall provide the necessary transportation.
- G. Each driver and aide assigned to a vehicle transporting students with a disability will be provided with appropriate training for the students in their care, will assist students with their safe ingress and egress from the bus, will ensure the proper use of protective safety devices, and will be provided with access to emergency health care information as required by law.
- H. Any parent of a student with a disability who believes that the transportation services provided for that child are not in compliance with the applicable law may utilize the alternative dispute resolution and due process procedures provided for in Minnesota Statutes, chapter 125A.

VIII. HOMELESS STUDENTS

- A. Homeless students shall be provided with transportation services comparable to other students in the school district.
- B. Upon request by the student's parent, guardian, or Families in Transition Coordinator, the school district shall provide transportation for a homeless student as follows:
 - 1. A resident student who becomes homeless and is residing in a public or private shelter location or has other non-shelter living arrangements within the school district shall be provided transportation to and from the student's school of origin and the shelter or other non-shelter location on the same basis as transportation services are provided to other students in the school district.
 - 2. A resident student who becomes homeless and is residing in a public or private shelter location or has other non-shelter living arrangements outside of the school district shall be provided transportation to and from the student's school of origin and the shelter or other non-shelter location on the same basis as transportation services are provided to other students in the school district,

unless the school district and the school district in which the student is temporarily placed agree that the school district in which the student is temporarily placed shall provide transportation.

3. If a nonresident student is homeless and is residing in a public or private homeless shelter or has other non-shelter living arrangements within the school district, the school district may provide transportation services between the shelter or non-shelter location and the student's school of origin outside of the school district upon agreement with the school district in which the school of origin is located.
4. A homeless nonresident student enrolled under Minnesota Statutes section 124D.08, subdivision 2a, must be provided transportation from the student's district of residence to and from the school of enrollment.

IX. AVAILABILITY OF SERVICES

Transportation shall be provided on all regularly scheduled school days or make-up days. Transportation will not be provided during the summer school break. Transportation may be provided for summer instructional programs for students with a disability or in conjunction with a learning year program. Transportation between home and school may also be provided, at the discretion of the school district, on staff development days.

X. MANNER OF TRANSPORTATION

The scheduling of routes, establishment of the location of bus stops, manner and method of transportation, control and discipline of school children, the determination of fees, and any other matter relating thereto shall be within the sole discretion, control and management of the school board. The school district may, in its discretion, provide room and board, in lieu of transportation, to a student who may be more economically and conveniently provided for by that means.

XI. RESTRICTIONS

Transportation by the school district is a privilege and not a right for an eligible student. A student's eligibility to ride a school bus may be revoked for a violation of school bus safety or conduct policies, or violation of any other law governing student conduct on a school bus pursuant to the school district's discipline policy. Revocation of a student's bus riding privilege is not an exclusion, expulsion, or suspension under the Pupil Fair Dismissal Act. Revocation procedures for a student who is an individual with a disability under 20 United States Code, section 1415 (Individuals with Disabilities Act), 29 United States Code, section 794 (the Rehabilitation Act), and 42 United States Code, section 12132, (Americans with Disabilities Act) are governed by these provisions.

XII. FEES

- A. In its discretion, the school district may charge fees for transportation of students to and from extracurricular activities conducted at locations other than school, where attendance is optional.
- B. The school district may charge fees for transportation of students to and from school when authorized by law. If the school district charges fees for transportation of students to and from school, guidelines shall be established for that transportation to ensure that no student is denied transportation solely because of inability to pay. The school district also may waive fees for transportation if the student's parent is serving in, or within the past year has served in, active military service as defined in Minnesota Statutes section 190.05.

- C. The school district may charge reasonable fees for transportation of students to and from post-secondary institutions for students enrolled under the post-secondary enrollment options program. Families who qualify for mileage reimbursement may use their state mileage reimbursement to pay this fee.
- D. Where, in its discretion, the school district provides transportation to and from an instructional community-based employment station that is part of an approved occupational experience vocational program, the school district may require the payment of reasonable fees for transportation from students who receive remuneration for their participation in these programs.

515 PROTECTION AND PRIVACY OF PUPIL RECORDS

I. PURPOSE

The school district recognizes its responsibility in regard to the collection, maintenance, and dissemination of pupil records and the protection of the privacy rights of students as provided in federal law and state statutes.

II. GENERAL STATEMENT OF POLICY

The following procedures and policies regarding the protection and privacy of parents and students are adopted by the school district, pursuant to the requirements of 20 United States Code section 1232g, *et seq.*, (Family Educational Rights and Privacy Act (FERPA)) 34 Code of Federal Regulations part 99 and consistent with the requirements of the Minnesota Government Data Practices Act, Minnesota Statutes chapter 13, and Minnesota Rules parts 1205.0100-1205.2000.

III. DEFINITIONS

A. Authorized Representative

"Authorized representative" means any entity or individual designated by the school district, state, or an agency headed by an official of the Comptroller of the United States, the Attorney General of the United States, the Secretary of the U.S. Department of Education, or state and local educational authorities to conduct, with respect to federal or state supported education programs, any audit or evaluation or any compliance or enforcement activity in connection with federal legal requirements that relate to these programs.

B. Biometric Record

"Biometric record," as referred to in "Personally Identifiable," means a record of one or more measurable biological or behavioral characteristics that can be used for automated recognition of an individual (e.g., fingerprints, retina and iris patterns, voiceprints, DNA sequence, facial characteristics, and handwriting).

C. Dates of Attendance

"Dates of attendance," as referred to in "Directory Information," means the period of time during which a student attends or attended a school or schools in the school district, including attendance in person or by paper correspondence, videoconference, satellite, Internet, or other electronic information and telecommunications technologies for students who are not in the classroom, and including the period during which a student is working under a work-study program. The term does not include specific daily records of a student's attendance at a school or schools in the school district.

D. Directory Information

1. Under federal law, "directory information" means information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. It includes the student's name; address; telephone listing; electronic mail address; photograph; date and place of birth; major field of study; dates of attendance; grade level; enrollment status (i.e., full-time or part-time); participation in officially recognized activities and sports; weight and height of members of athletic teams; degrees, honors and awards received; and the most recent educational agency or institution

attended. It also includes the name, address, and telephone number of the student's parent(s). Directory information does not include:

- a. a student's social security number;
- b. a student's identification number (ID), user ID, or other unique personal identifier used by a student for purposes of accessing or communicating in electronic systems if the identifier may be used to access education records without use of one or more factors that authenticate the student's identity such as a personal identification number (PIN), password, or other factor known or possessed only by the authorized user;
- c. a student ID or other unique personal identifier that is displayed on a student ID badge if the identifier can be used to gain access to educational records when used in conjunction with one or more factors that authenticate the student's identity, such as a PIN, password, or other factor known or possessed only by the student;
- d. personally identifiable data which references religion, race, color, social position, or nationality; or
- e. data collected from nonpublic school students, other than those who receive shared time educational services, unless written consent is given by the student's parent or guardian.

[NOTE: Under the federal Family Educational Rights and Privacy Act (FERPA), the federal definition of "directory information" identifies the types of information that may be specifically referenced as directory information. The federal definition applies to information requests by military recruiting officers, as set out in Article XI below.]

2. ~~Under Minnesota law prohibits, a schools district may not designate a student's home address, telephone number, email address, or other personal schools from designating student contact information as "directory information" despite the FERPA definition. Duluth Public Schools excludes the following information:~~

A. Student contact information

~~Under Minnesota law, a school district may not designate a student's home address, telephone number, email address, or other personal contact information as "directory information."~~

B. Parent contact information

~~The 2025 Minnesota legislature enacted the following: A parent's personal contact information must be treated as private data on individuals regardless of whether that contact information was previously designated as or treated as directory information under Minnesota Statutes, section 13.32, subdivision 2.~~

~~In addition, the 2025 Minnesota legislature enacted the following: Data concerning parents is private data on individuals but may be treated as directory information if the same procedures that are used~~

by a school district to designate student data as directory information are followed, except that a parent's home address, telephone number, email address, or other personal contact information may not be treated as directory information.

~~Minnesota law prohibits schools from designating student contact information as "directory information" despite the FERPA definition. Minnesota schools should comply with Minnesota law and should not include student contact information in their definition of "directory information."~~

E. Education Records

1. What constitutes "education records." Education records means those records that are: (1) directly related to a student; and (2) maintained by the school district or by a party acting for the school district.
2. What does not constitute education records. The term "education records" does not include:
 - a. Records of instructional personnel that are:
 - (1) kept in the sole possession of the maker of the record;
 - (2) used only as a personal memory aid;
 - (3) not accessible or revealed to any other individual except a temporary substitute teacher; and
 - (4) destroyed at the end of the school year.
 - b. Records of a law enforcement unit of the school district, provided education records maintained by the school district are not disclosed to the unit, and the law enforcement records are:
 - (1) maintained separately from education records;

 - c. Records relating to an individual, including a student, who is employed by the school district which:
 - (1) are made and maintained in the normal course of business;

However, records relating to an individual in attendance at the school district who is employed as a result of his or her status as a student are education records.

- d. Records relating to an eligible student, or a student attending an institution of post-secondary education, that are:
 - (1) made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in his or her professional or paraprofessional capacity or assisting in that capacity;
 - (2) made, maintained, or used only in connection with the provision of treatment to the student; and
 - (3) disclosed only to individuals providing the treatment; provided that the records can be personally reviewed by a physician or other appropriate professional of the student's choice. For the purpose of this definition, "treatment" does not include remedial educational activities or activities that are a part of the program of instruction within the school district.
- e. Records created or received by the school district after an individual is no longer a student at the school district and that are not directly related to the individual's attendance as a student.
- f. Grades on peer-related papers before the papers are collected and recorded by a teacher.

F. Education Support Services Data

"Education support services data" means data on individuals collected, created, maintained, used, or disseminated relating to programs administered by a government entity or entity under contract with a government entity designed to eliminate disparities and advance equities in educational achievement for youth by coordinating services available to participants, regardless of the youth's involvement with other government services. J. Parent

"Parent" means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent of the student in the absence of a parent or guardian. Q. Other Terms and Phrases

All other terms and phrases shall be defined in accordance with applicable state and federal law or ordinary customary usage.

IV. GENERAL CLASSIFICATION

State law provides that all data collected, created, received, or maintained by a school district are public unless classified by state or federal law as not public or private or confidential. State law classifies all data on individuals maintained by a school district which relates to a student as private data on individuals. This data may not be disclosed to parties other than the parent or eligible student without consent, except pursuant to a valid court order, certain state statutes authorizing access, and the provisions of FERPA and the regulations promulgated thereunder.

V. STATEMENT OF RIGHTS

A. Rights of Parents and Eligible Students

Parents and eligible students have the following rights under this policy:

of this policy.

B. Eligible Students

All rights and protections given to parents under this policy transfer to the student when he or she reaches eighteen (18) years of age or enrolls in an institution of post-secondary education. The student then becomes an "eligible student." However, the parents of an eligible student who is also a "dependent student" are entitled to gain access to the education records of such student without first obtaining the consent of the student. In addition, parents of an eligible student may be given access to education records in connection with a health or safety emergency if the disclosure meets the conditions of any provision set forth in 34 Code of Federal Regulations section 99.31(a).

C. Students with a Disability

VI. DISCLOSURE OF EDUCATION RECORDS

A. Consent Required for Disclosure

1. The school district shall obtain a signed and dated written informed consent of the parent of a student or the eligible student before disclosing personally identifiable information from the education records of the student, except as provided herein.
2. The written consent required by this subdivision must be signed and dated by the parent of the student or the eligible student giving the consent and shall include:
 - a. a specification of the records to be disclosed;
 - b. the purpose or purposes of the disclosure;
 - c. the party or class of parties to whom the disclosure may be made;
 - d. the consequences of giving informed consent; and
 - e. if appropriate, a termination date for the consent.
3. When a disclosure is made under this subdivision:
 - a. if the parent or eligible student so requests, the school district shall provide him or her with a copy of the records disclosed; and

4. A signed and dated written consent may include a record and signature in electronic form that:

- a. identifies and authenticates a particular person as the source of the electronic consent; and
 - b. indicates such person's approval of the information contained in the electronic consent.
5. If the responsible authority seeks an individual's informed consent to the release of private data to an insurer or the authorized representative of an insurer, informed consent shall not be deemed to have been given unless the statement is:
- a. in plain language;
 - b. dated;
 - c. specific in designating the particular persons or agencies the data subject is authorizing to disclose information about the data subject;
 - d. specific as to the nature of the information the subject is authorizing to be disclosed;
 - e. specific as to the persons or agencies to whom the subject is authorizing information to be disclosed;

B. Prior Consent for Disclosure Not Required

The school district may disclose personally identifiable information from the education records of a student without the written consent of the parent of the student or the eligible student unless otherwise provided herein, if the disclosure is:

- 1. To other school officials, including teachers, within the school district whom the school district determines have a legitimate educational interest in such records;

2. To a contractor, consultant, volunteer, or other party to whom the school district has outsourced institutional services or functions provided that the outside party:

 - c. will not disclose the information to any other party without the prior consent of the parent or eligible student and uses the information only for the purposes for which the disclosure was made;
3. To officials of other schools, school districts, or post-secondary educational institutions in which the student seeks or intends to enroll, or is already enrolled, as long as the disclosure is for purposes related to the student's enrollment or transfer. The records shall include information about disciplinary action taken as a result of any incident in which the student possessed or used a dangerous weapon, and with proper annual notice (see Section XIX.), suspension and expulsion information pursuant to section 7917 of the federal Every Student Succeeds Act, 20 United States Code, section 7917, and, if applicable, data regarding a student's history of violent behavior.  - a. determine eligibility for the aid;
 - b. determine the amount of the aid;
 - c. determine conditions for the aid; or
 - d. enforce the terms and conditions of the aid.

"Financial aid" for purposes of this provision means a payment of funds provided to an individual or a payment in kind of tangible or intangible property to the individual that is conditioned on the individual's attendance at an educational agency or institution;
6. To state and local officials or authorities to whom such information is specifically allowed to be reported or disclosed pursuant to state statute adopted:

- a. before November 19, 1974, if the allowed reporting or disclosure concerns the juvenile justice system and such system's ability to effectively serve the student whose records are released; or
 - b. after November 19, 1974, if the reporting or disclosure allowed by state statute concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records are released, provided the officials and authorities to whom the records are disclosed certify in writing to the school district that the data will not be disclosed to any other party, except as provided by state law, without the prior written consent of the parent of the student. 7. To organizations conducting studies for or on behalf of educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, administering student aid programs, or improving instruction; provided that the studies are conducted in a manner which does not permit the personal identification of parents or students by individuals other than representatives of the organization who have a legitimate interest in the information, the information is destroyed when no longer needed for the purposes for which the study was conducted, and the school district enters into a written agreement with the organization that: (a) specifies the purpose, scope, and duration of the study or studies and the information to be disclosed; (b) requires the organization to use personally identifiable information from education records only to meet the purpose or purposes of the study as stated in the written agreement; (c) requires the organization to conduct the study in a manner that does not permit personal identification of parents and students by anyone other than representatives of the organization with legitimate interests; and (d) requires the organization to destroy all personally identifiable information when information is no longer needed for the purposes for which the study was conducted and specifies the time period in which the information must be destroyed. For purposes of this provision, the term, "organizations," includes, but is not limited to, federal, state, and local agencies and independent organizations. In the event the Department of Education determines that a third party outside of the school district to whom information is disclosed violates this provision, the school district may not allow that third party access to personally identifiable information from education records for at least five (5) years;
 8. To accrediting organizations in order to carry out their accrediting functions;
 9. To parents of a student eighteen (18) years of age or older if the student is a dependent of the parents for income tax purposes;
 10. To comply with a judicial order or lawfully issued subpoena, provided, however, that the school district makes a reasonable effort to notify the parent or eligible student of the order or subpoena in advance of compliance therewith so that the parent or eligible student may seek protective action, unless the disclosure is in compliance with a federal grand jury subpoena, or any other subpoena issued for law enforcement purposes, and the court or other issuing agency has ordered that the existence or the contents of the subpoena or the

information furnished in response to the subpoena not be disclosed, or the disclosure is in compliance with an ex parte court order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning investigations or prosecutions of an offense listed in 18 United States Code, section 2332b(g)(5)(B), an act of domestic or international terrorism as defined in 18 ~~U.S.C. §~~ United States Code, section 2331, or a parent is a party to a court proceeding involving child abuse and neglect or dependency matters, and the order is issued in the context of the proceeding. If the school district initiates legal action against a parent or student, it may disclose to the court, without a court order or subpoena, the education records of the student that are relevant for the school district to proceed with the legal action as a plaintiff. Also, if a parent or eligible student initiates a legal action against the school district, the school district may disclose to the court, without a court order or subpoena, the student's education records that are relevant for the school district to defend itself;

11. To appropriate parties, including parents of an eligible student, in connection with an emergency if knowledge of the information is necessary to protect the health, including the mental health, or safety of the student or other individuals. The decision is to be based upon information available at the time the threat occurs that indicates that there is an articulable and significant threat to the health or safety of a student or other individuals. In making a determination whether to disclose information under this section, the school district may take into account the totality of the circumstances pertaining to a threat and may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other students. A record of this disclosure must be maintained pursuant to Section XIII.E. of this policy. In addition, an educational agency or institution may include in the education records of a student appropriate information concerning disciplinary action taken against the student for conduct that posed a significant risk to the safety or well-being of that student, other students, or other members of the school community. This information may be disclosed to teachers and school officials within the school district and/or teachers and school officials in other schools who have legitimate educational interests in the behavior of the student;
12. To the juvenile justice system if information about the behavior of a student who poses a risk of harm is reasonably necessary to protect the health or safety of the student or other individuals;
13. Information the school district has designated as "directory information" pursuant to Section VII. of this policy;
14. To military recruiting officers and post-secondary educational institutions pursuant to Section XI. of this policy;
15. To the parent of a student who is not an eligible student or to the student himself or herself;
16. To appropriate health authorities to the extent necessary to administer immunization programs and for bona fide epidemiologic investigations which the commissioner of health determines are necessary to prevent disease or disability to individuals in the public educational agency or institution in which the investigation is being conducted;
17. To volunteers who are determined to have a legitimate educational interest in the data and who are conducting activities and events sponsored by or

endorsed by the educational agency or institution for students or former students;

18. To the juvenile justice system, on written request that certifies that the information will not be disclosed to any other person except as authorized by law without the written consent of the parent of the student:
 - a. the following information about a student must be disclosed: a student's full name, home address, telephone number, date of birth; a student's school schedule, daily attendance record, and photographs, if any; and any parents' names, home addresses, and telephone numbers;
 - b. the existence of the following information about a student, not the actual data or other information contained in the student's education record, may be disclosed provided that a request for access must be submitted on the statutory form and it must contain an explanation of why access to the information is necessary to serve the student: (1) use of a controlled substance, alcohol, or tobacco; (2) assaultive or threatening conduct that could result in dismissal from school under the Pupil Fair Dismissal Act; (3) possession or use of weapons or look-alike weapons; (4) theft; or (5) vandalism or other damage to property. Prior to releasing this information, the principal or chief administrative officer of a school who receives such a request must, to the extent permitted by federal law, notify the student's parent or guardian by certified mail of the request to disclose information. If the student's parent or guardian notifies the school official of an objection to the disclosure within ten (10) days of receiving certified notice, the school official must not disclose the information and instead must inform the requesting member of the juvenile justice system of the objection. If no objection from the parent or guardian is received within fourteen (14) days, the school official must respond to the request for information.

The written requests of the juvenile justice system member(s), as well as a record of any release, must be maintained in the student's file;

19. To the principal where the student attends and to any counselor directly supervising or reporting on the behavior or progress of the student if it is information from a disposition order received by a superintendent under Minnesota Statutes section 260B.171, subdivision 3. The principal must notify the counselor immediately and must place the disposition order in the student's permanent education record. The principal also must notify immediately any teacher or administrator who directly supervises or reports on the behavior or progress of the student whom the principal believes needs the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. The principal may also notify other school district employees, substitutes, and volunteers who are in direct contact with the student if the principal determines that these individuals need the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. Such notices from the principal must identify the student, outline the offense, and describe any conditions of probation about which the school must provide information if this information is provided in the disposition order. Disposition order information received is private educational data received for the limited purpose of serving

the educational needs of the student and protecting students and staff. The information may not be further disseminated by the counselor, teacher, administrator, staff member, substitute, or volunteer except as necessary to serve the student, to protect students and staff, or as otherwise required by law, and only to the student or the student's parent or guardian;

20. To the principal where the student attends if it is information from a peace officer's record of children received by a superintendent under Minnesota Statutes section 260B.171, subdivision 5. The principal must place the information in the student's education record. The principal also must notify immediately any teacher, counselor, or administrator directly supervising the student whom the principal believes needs the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. The principal may also notify other district employees, substitutes, and volunteers who are in direct contact with the student if the principal determines that these individuals need the information to work with the student in an appropriate manner, to avoid being needlessly vulnerable, or to protect other persons from needless vulnerability. Such notices from the principal must identify the student and describe the alleged offense if this information is provided in the peace officer's notice. Peace officer's record information received is private educational data received for the limited purpose of serving the educational needs of the student and protecting students and staff. The information must not be further disseminated by the counselor, teacher administrator, staff member, substitute, or volunteer except to communicate with the student or the student's parent or guardian as necessary to serve the student, to protect students and staff, or as otherwise required by law.

The principal must delete the peace officer's record from the student's education record, destroy the data, and make reasonable efforts to notify any teacher, counselor, staff member, administrator, substitute, or volunteer who received information from the peace officer's record if the county attorney determines not to proceed with a petition or directs the student into a diversion or mediation program or if a juvenile court makes a decision on a petition and the county attorney or juvenile court notifies the superintendent of such action;

21. To the Secretary of Agriculture, or authorized representative from the Food and Nutrition Service or contractors acting on behalf of the Food and Nutrition Service, for the purposes of conducting program monitoring, evaluations, and performance measurements of state and local educational and other agencies and institutions receiving funding or providing benefits of one or more programs authorized under the National School Lunch Act or the Child Nutrition Act of 1966 for which the results will be reported in an aggregate form that does not identify any individual, on the conditions that: (a) any data collected shall be protected in a manner that will not permit the personal identification of students and their parents by other than the authorized representatives of the Secretary; and (b) any personally identifiable data shall be destroyed when the data are no longer needed for program monitoring, evaluations, and performance measurements; or
22. To an agency caseworker or other representative of a State or local child welfare agency, or tribal organization (as defined in 25 United States Code section 5304), who has the right to access a student's case plan, as defined and determined by the State or tribal organization, when such agency or organization is legally responsible, in accordance with State or tribal law, for the care and protection of the student, provided that the education records, or

the personally identifiable information contained in such records, of the student will not be disclosed by such agency or organization, except to an individual or entity engaged in addressing the student's education needs and authorized by such agency or organization to receive such disclosure and such disclosure is consistent with the State or tribal laws applicable to protecting the confidentiality of a student's education records.

23. When requested, **and in accordance with requirements for parental consent in 34 Code of Federal Regulations, section 300.622(b)(2), and part 99,** educational agencies or institutions may share personal student contact information and directory information for students served in special education with postsecondary transition planning and services under Minnesota Statutes, section 125A.08, paragraph (b), clause (1), whether public or private, with the Minnesota Department of Employment and Economic Development, as required for coordination of services to students with disabilities under Minnesota Statutes, sections 125A.08, paragraph (b), clause (1); 125A.023; and 125A.027.

[NOTE: The 2025 Minnesota legislature amended Minnesota Statutes, section 13.32, subdivision 5, to include this update.]

C. Nonpublic School Students

The school district may disclose personally identifiable information from the education records of a nonpublic school student, other than a student who receives shared time educational services, without the written consent of the parent of the student or the eligible student unless otherwise provided herein, if the disclosure is:

1. Pursuant to a valid court order;
2. Pursuant to a statute specifically authorizing access to the private data; or
3. To appropriate health authorities to the extent necessary to administer immunization programs and for bona fide epidemiological investigations which the commissioner of health determines are necessary to prevent disease or disability to individuals in the public educational agency or institution in which the investigation is being conducted.

VII. RELEASE OF DIRECTORY INFORMATION

A. Educational Data

1. Educational data designated as directory information is public data on individuals to the extent required under federal law. Directory information must be designated pursuant to the provisions of:
 - a. Minnesota Statutes, section 13.32, subdivision 5; and
 - b. 20 United States Code, section 1232g, and 34 Code of Federal Regulations, section 99.37, which were in effect on January 3, 2012.
2. The school district may not designate a student's home address, telephone number, email address, or other personal contact information as directory information under **this Minnesota Statutes, section 13.32.**

3. A parent's personal contact information must be treated as private data on individuals regardless of whether that contact information was previously designated as or treated as directory information under Minnesota Statutes, section 13.32, subdivision 2.

34. When requested, the school district must share personal contact information and directory information, whether public or private, with the Minnesota Department of Education, as required for federal reporting purposes.

B. Former Students

Unless a former student validly opted out of the release of directory information while the student was in attendance and has not rescinded the opt out request at any time, the school district may disclose directory information from the education records generated by it regarding the former student without meeting the requirements of Paragraph C. of this section. In addition, under an explicit exclusion from the definition of an "education record," the school district may release records that only contain information about an individual obtained after he or she is no longer a student at the school district and that are not directly related to the individual's attendance as a student (e.g., a student's activities as an alumnus of the school district).

C. Present Students and Parents

The school district may disclose directory information from the education records of a student and information regarding parents without prior written consent of the parent of the student or eligible student, except as provided herein.

1. When conducting the directory information designation and notice process required by federal law, the school district shall give parents and students notice of the right to refuse to let the district designate specified data about the student as directory information.

2. The school district shall give annual notice by any means that are reasonably likely to inform the parents and eligible students of:

- a. the types of personally identifiable information regarding students and/or parents that the school district has designated as directory information;
- b. the parent's or eligible student's right to refuse to let the school district designate any or all of those types of information about the student and/or the parent as directory information; and
- c. the period of time in which a parent or eligible student has to notify the school district in writing that he or she does not want any or all of those types of information about the student and/or the parent designated as directory information.

[NOTE: Federal law allows a school district to specify that the disclosure of directory information will be limited to specific parties, for specific purposes, or both. If the school district chooses to impose these limitations, it is advisable to add a new paragraph VII.C.31-d. that specifies that disclosures of directory information will be limited to specific parties and/or for specific purposes and identify those parties and/or purposes.

To the extent a school district adds these restrictions, it must then limit its

directory information disclosures to those individuals and/or purposes specified in this public notice. Procedures to address how these restrictions will be enforced by the school district are advised. This is an important policy decision for the local school board which must balance not only the privacy interests of the student against public disclosure, but also the additional administrative requirements such restrictions will place on the school district.]

3. Allow a reasonable period of time after such notice has been given for a parent or eligible student to inform the school district in writing that any or all of the information so designated should not be disclosed without the parent's or eligible student's prior written consent, except as provided in Section VI.
4. A parent or eligible student may not opt out of the directory information disclosures to:
 - a. prevent the school district from disclosing or requiring the student to disclose the student's name, ID, or school district e-mail address in a class in which the student is enrolled; or
 - b. prevent the school district from requiring a student to wear, to display publicly, or to disclose a student ID card or badge that exhibits information that may be designated as directory information and that has been properly designated by the school district as directory information.
5. The school district shall not disclose or confirm directory information without meeting the written consent requirements contained in Section VI.A. of this policy if a student's social security number or other non-directory information is used alone or in combination with other data elements to identify or help identify the student or the student's records.

D. Procedure for Obtaining Nondisclosure of Directory Information

The parent's or eligible student's written notice shall be directed to the responsible authority and shall include the following:

1. Name of the student and/or parent, as appropriate;
2. Home address;
3. School presently attended by student;
4. Parent's legal relationship to student, if applicable; and
5. Specific categories of directory information to be made not public without the parent's or eligible student's prior written consent, which shall only be applicable for that school year.

E. Duration

The designation of any information as directory information about a student or parents will remain in effect for the remainder of the school year unless the parent or eligible student provides the written notifications provided herein.

VIII. DISCLOSURE OF PRIVATE RECORDS

A. Private Records

For the purposes herein, education records are records which are classified as private data on individuals by state law and which are accessible only to the student who is the subject of the data and the student's parent if the student is not an eligible student. The school district may not disclose private records or their contents except as summary data, or except as provided in Section VI. of this policy, without the prior written consent of the parent or the eligible student. The school district will use reasonable methods to identify and authenticate the identity of parents, students, school officials, and any other party to whom personally identifiable information from education records is disclosed.

B. Private Records Not Accessible to Parent

In certain cases, state law intends, and clearly provides, that certain information contained in the education records of the school district pertaining to a student be accessible to the student alone, and to the parent only under special circumstances, if at all.

1. The responsible authority may deny access to private data by a parent when a minor student who is the subject of that data requests that the responsible authority deny such access. The minor student's request must be submitted in writing setting forth the reasons for denying access to the parent and must be signed by the minor. Upon receipt of such request the responsible authority shall determine if honoring the request to deny the parent access would be in the best interest of the minor data subject. In making this determination the responsible authority shall consider the following factors:
 - a. whether the minor is of sufficient age and maturity to be able to explain the reasons for and understand the consequences of the request to deny access;
 - b. whether the personal situation of the minor is such that denying parental access may protect the minor data subject from physical or emotional harm;
 - c. whether there are grounds for believing that the minor data subject's reasons for precluding parental access are reasonably accurate;
 - d. whether the data in question is of such a nature that disclosure of it to the parent may lead to physical or emotional harm to the minor data subject; and
 - e. whether the data concerns medical, dental or other health services provided pursuant to Minnesota Statutes sections 144.341-144.347, in which case the data may be released only if the failure to inform the parent would seriously jeopardize the health of the minor.

C. Private Records Not Accessible to Student

Students shall not be entitled to access to private data concerning financial records and statements of the student's parent or any information contained therein.

D. Military-Connected Youth Identifier

When a school district updates its enrollment forms in the ordinary course of business,

the school district must include a box on the enrollment form to allow students to self-identify as a military-connected youth. For purposes of this section, a "military-connected youth" means having an immediate family member, including a parent or sibling, who is currently in the armed forces either as a reservist or on active duty or has recently retired from the armed forces. Data collected under this provision is private data on individuals, but summary data may be published by the Department of Education.

IX. DISCLOSURE OF CONFIDENTIAL RECORDS

A. Confidential Records

Confidential records are those records and data contained therein which are made not public by state or federal law, and which are inaccessible to the student and the student's parents or to an eligible student.

B. Reports Under the Maltreatment of Minors Reporting Act

Pursuant to Minnesota Statutes Chapter 260E , written copies of reports pertaining to a neglected and/or physically and/or sexually abused child shall be accessible only to the appropriate welfare and law enforcement agencies. In respect to other parties, such data shall be confidential and will not be made available to the parent or the subject individual by the school district. The subject individual, however, may obtain a copy of the report from either the local welfare agency, county sheriff, or the local police department subject to the provisions of Minnesota Statutes Chapter 260E.

Regardless of whether a written report is made under Minnesota Statutes Chapter 260E, as soon as practicable after a school receives information regarding an incident that may constitute maltreatment of a child in a school facility, the school shall inform the parent, legal guardian, or custodian of the child that an incident occurred that may constitute maltreatment of the child, when the incident occurred, and the nature of the conduct that may constitute maltreatment.

C. Investigative Data

Data collected by the school district as part of an active investigation undertaken for the purpose of the commencement or defense of pending civil legal action, or are retained in anticipation of a pending civil legal action are classified as protected nonpublic data in the case of data not on individuals, and confidential data in the case of data on individuals.

1. The school district may make any data classified as protected non-public or confidential pursuant to this subdivision accessible to any person, agency, or the public if the school district determines that such access will aid the law enforcement process, promote public health or safety, or dispel widespread rumor or unrest.
2. A complainant has access to a statement he or she provided to the school district.
3. Parents or eligible students may have access to investigative data of which the student is the subject, but only to the extent the data is not inextricably intertwined with data about other school district students, school district employees, and/or attorney data as defined in Minnesota Statutes section 13.393.

4. Once a civil investigation becomes inactive, civil investigative data becomes public unless the release of the data would jeopardize another pending civil legal action, except for those portions of such data that are classified as not public data under state or federal law. Any civil investigative data presented as evidence in court or made part of a court record shall be public. For purposes of this provision, a civil investigation becomes inactive upon the occurrence of any of the following events:
 - a. a decision by the school district, or by the chief attorney for the school district, not to pursue the civil legal action. However, such investigation may subsequently become active if the school district or its attorney decides to renew the civil legal action;
 - b. the expiration of the time to file a complaint under the statute of limitations or agreement applicable to the civil legal action; or
 - c. the exhaustion or expiration of rights of appeal by either party to the civil legal action.
5. A "pending civil legal action" for purposes of this subdivision is defined as including, but not limited to, judicial, administrative, or arbitration proceedings.

D. Chemical Abuse Records

To the extent the school district maintains records of the identity, diagnosis, prognosis, or treatment of any student which are maintained in connection with the performance of any drug abuse prevention function conducted, regulated, or directly or indirectly assisted by any department or agency of the United States, such records are classified as confidential and shall be disclosed only for the purposes and under the circumstances expressly authorized by law.

X. DISCLOSURE OF SCHOOL RECORDS PRIOR TO EXCLUSION OR EXPULSION HEARING

At a reasonable time prior to any exclusion or expulsion hearing, the student and the student's parent or guardian or representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the action proposed by the school district may be based, pursuant to the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes section 121A.40, *et seq.*

XI. DISCLOSURE OF DATA TO MILITARY RECRUITING OFFICERS AND POST-SECONDARY EDUCATIONAL INSTITUTIONS

- A. The school district will release the names, addresses, electronic mail address (which shall be the electronic mail addresses provided by the school district, if available, that may be released to military recruiting officers only), and home telephone numbers of students in grades 11 and 12 to military recruiting officers and post-secondary educational institutions within sixty (60) days after the date of the request unless a parent or eligible student has refused in writing to release this data pursuant to Paragraph C. below.
- B. Data released to military recruiting officers under this provision:
 1. may be used only for the purpose of providing information to students about military service, state and federal veterans' education benefits, and other career and educational opportunities provided by the military;

2. cannot be further disseminated to any other person except personnel of the recruiting services of the armed forces; and
 3. copying fees shall not be imposed.
- C. A parent or eligible student has the right to refuse the release of the name, address, electronic mail addresses (which shall be the electronic mail addresses provided by the school, if available, that may be released to military recruiting officers only) or home telephone number to military recruiting officers and post-secondary educational institutions. To refuse the release of the above information to military recruiting officers and post-secondary educational institutions, a parent or eligible student must notify the responsible authority Executive Director of Business Services and Finance in writing by Oct. 1st each year. The written request must include the following information:
1. Name of student and parent, as appropriate;
 2. Home address;
 3. Student's grade level;
 4. School presently attended by student;
 5. Parent's legal relationship to student, if applicable;
 6. Specific category or categories of information which are not to be released to military recruiting officers and post-secondary educational institutions; and
 7. Specific category or categories of information which are not to be released to the public, including military recruiting officers and post-secondary educational institutions.
- D. Annually, the school district will provide public notice by any means that are reasonably likely to inform the parents and eligible students of their rights to refuse to release the names, addresses, and home phone numbers of students in grades 11 and 12 without prior consent.
- E. A parent or eligible student's refusal to release the above information to military recruiting officers and post-secondary educational institutions does not affect the school district's release of directory information to the rest of the public, which includes military recruiting officers and post-secondary educational institutions. In order to make any directory information about a student private, the procedures contained in Section VII. of this policy also must be followed. Accordingly, to the extent the school district has designated the name, address, home phone number, and grade level of students as directory information, absent a request from a parent or eligible student not to release such data, this information will be public data and accessible to members of the public, including military recruiting officers and post-secondary educational institutions.

XII. LIMITS ON REDISCLOSURE

A. Redisclosure

Consistent with the requirements herein, the school district may only disclose personally identifiable information from the education records of a student on the condition that the party to whom the information is to be disclosed will not disclose the information to any other party without the prior written consent of the parent of the

student or the eligible student, except that the officers, employees, and agents of any party receiving personally identifiable information under this section may use the information, but only for the purposes for which the disclosure was made.

B. Redisclosure Not Prohibited

1. Subdivision A. of this section does not prevent the school district from disclosing personally identifiable information under Section VI. of this policy with the understanding that the party receiving the information may make further disclosures of the information on behalf of the school district provided:
 - a. The disclosures meet the requirements of Section VI. of this policy; and
 - b. The school district has complied with the record-keeping requirements of Section XIII. of this policy.
2. Subdivision A. of this section does not apply to disclosures made pursuant to court orders or lawfully issued subpoenas or litigation, to disclosures of directory information, to disclosures to a parent or student or to parents of dependent students, or to disclosures concerning sex offenders and other individuals required to register under 42 United States Code, section 14071. However, the school district must provide the notification required in Section XII.D. of this policy if a redisclosure is made based upon a court order or lawfully issued subpoena.

C. Classification of Disclosed Data

The information disclosed shall retain the same classification in the hands of the party receiving it as it had in the hands of the school district.

D. Notification

The school district shall inform the party to whom a disclosure is made of the requirements set forth in this section, except for disclosures made pursuant to court orders or lawfully issued subpoenas, disclosure of directory information under Section VII. of this policy, disclosures to a parent or student, or disclosures to parents of a dependent student. In the event that the Family Policy Compliance Office determines that a state or local educational authority, a federal agency headed by an official listed in 34 Code of Federal Regulations section 99.31(a)(3), or an authorized representative of a state or local educational authority or a federal agency headed by an official listed in section 99.31(a)(3), or a third party outside of the school district improperly rediscloses personally identifiable information from education records or fails to provide notification required under this section of this policy, the school district may not allow that third party access to personally identifiable information from education records for at least five (5) years.

XIII. RESPONSIBLE AUTHORITY; RECORD SECURITY; AND RECORD KEEPING

A. Responsible Authority

The responsible authority shall be responsible for the maintenance and security of student records.

B. Record Security

The principal of each school subject to the supervision and control of the responsible

authority shall be the records manager of the school, and shall have the duty of maintaining and securing the privacy and/or confidentiality of student records.

C. Plan for Securing Student Records

The building principal shall submit to the responsible authority a written plan for securing students records by September 1 of each school year. The written plan shall contain the following information:

1. A description of records maintained;
2. Titles and addresses of person(s) responsible for the security of student records;
3. Location of student records, by category, in the buildings;
4. Means of securing student records; and
5. Procedures for access and disclosure.

D. Review of Written Plan for Securing Student Records

The responsible authority shall review the plans submitted pursuant to Paragraph C. of this section for compliance with the law, this policy, and the various administrative policies of the school district. The responsible authority shall then promulgate a chart incorporating the provisions of Paragraph C. which shall be attached to and become a part of this policy.

E. Record Keeping

1. The principal shall, for each request for and each disclosure of personally identifiable information from the education records of a student, maintain a record, with the education records of the student, that indicates:
 - a. the parties who have requested or received personally identifiable information from the education records of the student;
 - b. the legitimate interests these parties had in requesting or obtaining the information; and
 - c. the names of the state and local educational authorities and federal officials and agencies listed in Section VI.B.4. of this policy that may make further disclosures of personally identifiable information from the student's education records without consent.
2. In the event the school district discloses personally identifiable information from an education record of a student pursuant to Section XII.B. of this policy, the record of disclosure required under this section shall also include:
 - a. the names of the additional parties to which the receiving party may disclose the information on behalf of the school district;
 - b. the legitimate interests under Section VI. of this policy which each of the additional parties has in requesting or obtaining the information; and

- c. a copy of the record of further disclosures maintained by a state or local educational authority or federal official or agency listed in Section VI.B.4. of this policy in accordance with 34 Code of Federal Regulations section 99.32 and to whom the school district disclosed information from an education record. The school district shall request a copy of the record of further disclosures from a state or local educational authority or federal official or agency to whom education records were disclosed upon a request from a parent or eligible student to review the record of requests for disclosure.
- 3. Section XIII.E.1. does not apply to requests by or disclosure to a parent of a student or an eligible student, disclosures pursuant to the written consent of a parent of a student or an eligible student, requests by or disclosures to other school officials under Section VI.B.1. of this policy, to requests for disclosures of directory information under Section VII. of this policy, or to a party seeking or receiving the records as directed by a federal grand jury or other law enforcement subpoena and the issuing court or agency has ordered that the existence or the contents of the subpoena or the information provided in response to the subpoena not be disclosed or as directed by an ex parte court order obtained by the United States Attorney General (or designee not lower than an Assistant Attorney General) concerning investigations or prosecutions of an offense listed in 18 United States Code, section 2332b(g)(5)(B) or an act of domestic or international terrorism.
- 4. The record of requests of disclosures may be inspected by:
 - a. the parent of the student or the eligible student;
 - b. the school official or his or her assistants who are responsible for the custody of the records; and
 - c. the parties authorized by law to audit the record-keeping procedures of the school district.
- 5. The school district shall record the following information when it discloses personally identifiable information from education records under the health or safety emergency exception:
 - a. the articulable and significant threat to the health or safety of a student or other individual that formed the basis for the disclosure; and
 - b. the parties to whom the school district disclosed the information.
- 6. The record of requests and disclosures shall be maintained with the education records of the student as long as the school district maintains the student's education records.

XIV. RIGHT TO INSPECT AND REVIEW EDUCATION RECORDS

A. Parent of a Student, an Eligible Student or the Parent of an Eligible Student Who is Also a Dependent Student

The school district shall permit the parent of a student, an eligible student, or the parent of an eligible student who is also a dependent student who is or has been in attendance in the school district to inspect or review the education records of the student, except those records which are made confidential by state or federal law or as

otherwise provided in Section VIII. of this policy.

B. Response to Request for Access

The school district shall respond to any request pursuant to Subdivision A. of this section immediately, if possible, or within ten (10) days of the date of the request, excluding Saturdays, Sundays, and legal holidays.

C. Right to Inspect and Review

The right to inspect and review education records under Subdivision A. of this section includes:

1. The right to a response from the school district to reasonable requests for explanations and interpretations of records; and
2. If circumstances effectively prevent the parent or eligible student from exercising the right to inspect and review the education records, the school district shall provide the parent or eligible student with a copy of the records requested or make other arrangements for the parent or eligible student to inspect and review the requested records.
3. Nothing in this policy shall be construed as limiting the frequency of inspection of the education records of a student with a disability by the student's parent or guardian or by the student upon the student reaching the age of majority.

D. Form of Request

Parents or eligible students shall submit to the school district a written request to inspect education records which identify as precisely as possible the record or records he or she wishes to inspect.

E. Collection of Student Records

If a student's education records are maintained in more than one location, the responsible authority may collect copies of the records or the records themselves from the various locations so they may be inspected at one site. However, if the parent or eligible student wishes to inspect these records where they are maintained, the school district shall attempt to accommodate those wishes. The parent or eligible student shall be notified of the time and place where the records may be inspected.

F. Records Containing Information on More Than One Student

If the education records of a student contain information on more than one student, the parent or eligible student may inspect and review or be informed of only the specific information which pertains to that student.

G. Authority to Inspect or Review

The school district may presume that either parent of the student has authority to inspect or review the education records of a student unless the school district has been provided with evidence that there is a legally binding instrument or a state law or court order governing such matters as marriage dissolution, separation, or custody which provides to the contrary.

H. Fees for Copies of Records

1. The school district shall charge a reasonable fee for providing photocopies or printed copies of records unless printing a copy is the only method to provide for the inspection of data. In determining the amount of the reasonable fee, the school district shall consider the following:

 - b. the cost of the labor required to prepare the copies;
 - c. any schedule of standard copying charges established by the school district in its normal course of operations;

3. The cost of providing copies shall be borne by the parent or eligible student.
4. The responsible authority, however, may not impose a fee for a copy of an education record made for a parent or eligible student if doing so would effectively prevent or, in the case of a student with a disability, impair the parent or eligible student from exercising their right to inspect or review the student's education records.

XV. REQUEST TO AMEND RECORDS; PROCEDURES TO CHALLENGE DATA

B. Right to a Hearing

If the school district refuses to amend the education records of a student, the school district, on request, shall provide an opportunity for a hearing in order to challenge the

content of the student's education records to ensure that information in the education records of the student is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student. A hearing shall be conducted in accordance with Subdivision C. of this section.

1. If, as a result of the hearing, the school district decides that the information is inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, it shall amend the education records of the student accordingly and so inform the parent of the student or the eligible student in writing.
2. If, as a result of the hearing, the school district decides that the information is not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student, it shall inform the parent or eligible student of the right to place a statement in the record commenting on the contested information in the record or stating why he or she disagrees with the decision of the school district, or both.
3. Any statement placed in the education records of the student under Subdivision B. of this section shall:

5040 TRANSFERS WITHIN THE SCHOOL DISTRICT

The intent of the transfer policy is to minimize disruption of the education process for the student by maintaining continuous attendance in a school setting with his/her peers. The School District is committed to providing students with appropriate learning options that enable them to establish and maintain a successful educational plan.

Approval of Transfer Requests

The Assistant Superintendent will allow or deny a transfer request after careful consideration of the application information. Guided by School Board Policy, District regulations, teacher/student ratio, class size, classroom space and building populations, the Assistant Superintendent will make the final ruling on a transfer request. Transfers not approved by the Assistant Superintendent may be appealed to the transfer appeal board.

Each school year requires extensive advance planning relative to projected enrollments, curriculum offerings, and staffing for each building. Approval of transfers from one building to another will be limited to reasonable requests following designated timelines.

The transfer of a student from one school attendance area to another within the School District may be initiated by the student (18 years of age), by either a parent or guardian, by a School's Supportive Services Team (SST), by the Special Education Child Study Team (CST), or by the principal.

Continuation of Approved Education Transfer

The student may complete all grades contained in the school to which he/she has transferred. To continue attendance from an elementary to a middle school or from a middle school to a high school, completion of a new transfer request will need to be submitted to the Office of the Assistant Superintendent by the due date.

Timelines for Transfer Requests

Student transfer approvals will be implemented either at the beginning of a school year or at the beginning of a school year's second semester. Administration may determine exceptions to these timelines. Transfer requests for the upcoming school year must be submitted prior to April 30th. Second semester transfer requests must be submitted by December 1st. Administration may determine exceptions to these timelines.

Process and Procedure

1. Initiation and Decision-Making on Transfer Requests

Parents or guardians desiring to transfer their child from their home residential attendance area to another attendance area in the School District must complete a Request for Student Transfer form and submit it to the Assistant Superintendent.

2. Transfer Guidelines and Consideration

The Assistant Superintendent will take into consideration teacher/student ratio, class size, and classroom space when making transfer decisions. For the purpose of transfer consideration, the following class size guideline will be used when determining transfer requests:

Kindergarten: (24)
Kindergarten Immersion (24)
Grade 1 (26)
Grade 1-2 (26)
Grade 2 (26)
Grade 2-3 (26)
Grade 3 (28)
Grade 3-4 (28)
Grade 4 (28)
Grade 4-5 (28)
Grade 5 (28)

Middle and High School: Teacher/Student ratios, class size, and classroom space will also be considered when making transfer decisions for middle and high school students.

3. Transfer Appeal Board

The Assistant Superintendent will convene the Transfer Appeal Board upon the request of the applicant for applications submitted by the due dates stated in the Timelines for Transfer Request. Requests submitted after the due date will not be considered until the following semester. The Transfer Appeal Board will be made up of one school board member, a district administrator other than the Assistant Superintendent, and two community members, keeping in mind the need to maintain a balance of representation across the district. Unique circumstances may require exceptions to these timelines.

The priority of teacher/student ratio, class size and classroom space are of utmost importance and the Transfer Appeal Board will work to uphold these standards. The principal will be consulted by the Transfer Appeal Board to best understand the details of these circumstances before an approval. Criteria that may be considered include previous attended school, staff request, sibling attendance and student eligible for federal lunch subsidy.

4. Moving to a New Attendance Area

Parents and guardians who move from one attendance area to another within the School District are requested to notify the principals involved two (2) weeks prior to the actual move. The former school is responsible for forwarding all appropriate records.

When a student begins an educational program in a school and his/her parent(s) or

guardian(s) move to another attendance area, the student may continue to attend the school in which he/she began. It is the responsibility of the parent to transport the student to and from the requested school or to and from the established bus stop serving the requested school. Only homeless students* will receive School District transportation to the school outside of their attendance area.

5. Eligibility for Co-curricular Activities Competition

Athletic ability and the preference to participate on another school's athletic team will not be considered as a valid reason for requesting a transfer of schools. To be eligible to represent a school as a member of an athletic or academic team, a student must reside with his/her parent(s) or legal guardian(s) within the boundaries of the attendance area of that school or be attending that school with a valid transfer. All participation must be consistent with MSHSL rules.

5070 GRADUATIONS, DIPLOMAS, AND CERTIFICATES

Each senior high school shall arrange graduation exercises within limits prescribed by the School Board. The School Board shall authorize funds for building rental, speaker, musical entertainment, flowers, and other decorations it deems necessary for graduation exercises. If students are required to wear caps and gowns at graduation exercises, the School District shall budget monies to provide for caps and gowns. If the School District or the high schools do not provide caps and gowns at no expense to students, such attire shall not be required for graduation exercises. The senior class may decide that they will raise funds for this purpose. Such funds must provide all graduating seniors with the items the class decides to rent.

Students who have completed requirements for a diploma shall participate in graduation exercises, but participation is not a requirement for graduation. If a student with a disability satisfactorily meets the requirements for graduation that were established by the IEP team, the student must be granted a high school diploma that is identical to the diploma granted to a student without a disability who graduates. (Minn. Stat § 125A.04). A student with a disability who is not graduating may nonetheless participate in the graduation ceremony and receive certification of attendance if the student has met the credit requirements for graduation but has not met the goals in the IEP required for graduation. There shall be no formal graduation exercises for elementary and middle schools.

A diploma or secondary school equivalency certificate shall be issued to a student who has satisfactorily completed curriculum requirements prescribed by the Minnesota State Board of Education and local School Board policy. Two kinds of certificates shall be issued:

1. The high school diploma issuance shall be based upon completion of State Board of Education requirements.
2. The secondary school equivalency certificate shall be based upon obtaining satisfactory scores on the General Education Development Tests and the meeting of other State requirements.

Minnesota World Language Proficiency Certificate, Bilingual Seal, and Multilingual Seal

Duluth Public Schools may award Minnesota bilingual and multilingual seals to high school graduates who demonstrate the required levels of language proficiency in speaking, writing, reading and listening for languages other than English, including American Sign Language (ASL) and American Indian (indigenous) languages in grades 10, 11, 12 regardless of how the language was learned. Bilingual and multilingual seals are awarded upon graduation. World language proficiency certificates can be awarded when students meet proficiency requirements. Proficiency assessments must be based on the ACTFL proficiency guidelines in one or more languages in addition to English. A list of assessments can be found on the Minnesota Department of Education (MDE) World Language web page. (<http://education.state.mn.us/MDE/dse/stds/world/>)

Foreign students attending a senior high school as part of a recognized student exchange program, will be issued a certificate of attendance for the academic year, grade level and school attended. If the student is considered to be a senior, the certificate of attendance will be issued in lieu of a diploma.

5075 AREA LEARNING CENTER

Area Learning Center Designation

In 1989, the Duluth Public Schools applied for and received State of Minnesota designation as an Area Learning Center provided for in M.S. 129B.52-129B.55. The Duluth ALC also has state approval to offer an Independent Study program for students ages 16 and older and Targeted Services programs for students in middle and elementary schools.

Description

Area Learning Centers are designed to meet the needs of learners five years through twenty who have fallen behind in satisfactorily completing coursework and for those whose experience in traditional schools is not or has not been successful or who desire to attend a program which better addresses their individual needs. Area Learning Centers may also assist students who are enrolled in a regular school. They are open year-round and during the day and evening to accommodate those who need flexible hours. The purpose of ALCs is to provide a full range of services that will lead to satisfactory completion of high school.

Programs and Services

Individualized programs are developed to fit a student's specific needs, and may include:

- academic and learning classes taught using alternative methods,
- applied learning opportunities,
- trade and vocational skills,
- work experience, and work-based learning opportunities,
- youth service to the community,
- transition services,
- PSEO program for students who meet the enrollment criteria.

In addition, the ALC will coordinate with the district's regular and special education services and with community program to offer increased opportunities to learners.

Eligibility (State Graduation Incentives Criteria)

- at least two grade levels below the performance level for students of the same age in a locally determined achievement test, or
- at least one year behind in satisfactorily completing course work or obtaining credits for graduation, or
- are pregnant or a parent, or
- have been assessed as chemically dependent, or
- have been physically or sexually abused, or
- have experienced mental health problems, or
- -have experienced homelessness anytime within the past six months.
- have limited English proficiency or speak English as a Second Language, or
- have been chronically truant or have withdrawn from school; or
- have been referred by your school district.

An individual who has obtained a General Educational Development (GED) certificate is eligible to enroll in a diploma program.

Stipulations--ISD 709 Area Learning Center

1. 1. The ALC offeres several enrollment options based on the age and grade level of

the student.

High School students ages 16-20 may be served as an Area Learning Center Student, a Concurrently Enrolled Student, or a Dually Enrolled Student through the ALC Independent Study Program.

High School students under the age of 16 may be served as Concurrently Enrolled (FOCUS) and/or Dually Enrolled (attendance-based classes).

Middle School students may be served as either Concurrently Enrolled (FOCUS) and/or Dually Enrolled through Targeted Services (EXCEL).

Elementary School students may be served as Dually Enrolled Students through Targeted Services (EXCEL).

- a. Area Learning Center Student: This learner (age 16-20) is enrolled only in the ALC. In order to enroll, he/she must meet the state Graduation Criteria for eligibility. A student who has been in a home high school during the current school year must bring a referral from the high school with a copy of his/her transcript. Any student who has an active Individual Education Plan (IEP) will be referred to the ALC only after a Special Services team meeting which includes consultation with an ALC staff member to determine a change in placement.
 - b. Concurrently Enrolled Student: This learner continues to study part-time at the home school and enters an ALC program part-time during the school day. The ALC program may be offered at the main ALC site or may be a special program designed to meet the needs of a group of students at the high school and middle school and offered on the school site (e.g. Habitat, FOCUS). Students must have a referral signed by the school administrator or counselor and the IEP case manager when applicable as well as by the parent/guardian.
 - c. Dually Enrolled Student: The dually enrolled high school student continues to study at home high school full-time while attending the ALC to make up credits needed to graduate on time. This student must have a referral from the home high school principal or counselor and the IEP case manager when applicable. The referral must indicate which credits are to be earned at the ALC. These students may attend summer or school-year programs as needed. Dually enrolled middle and elementary school students attend Targeted Services Programs (EXCEL) at their school site beyond the regular school day and year. Students must have a referral signed by a school administrator or counselor and the IEP case manager when applicable as well as by the parent/guardian. To participate in the summer programs, Targeted Services students must also attend during the school year.
2. When a learner enrolls to attend only the Area Learning Center, the ALC requires a copy of his/her transcript and immunization record. All other records will remain at the home school. If a learner completes all requirements for graduation at the ALC and requests an ALC diploma, the ALC will request the student's cumulative record. If the student requests a home high school diploma, the ALC will forward a record of all credits earned to the home high school and the student's cumulative record will remain there.
 3. Students expelled under the Pupil Fair Dismissal Act of 1974 are not eligible to attend the ALC until the beginning of the next semester following the expulsion.
 4. When a student elects to attend only the Area Learning Center, he or she retains the right to re-enroll in the home high school the following semester.
 5. In the case that a dually enrolled student stops attending the home high school and

is still attending the ALC, the home high school will notify the ALC. If the student meets state eligibility criteria and chooses to continue attending the ALC, the high school will provide a new referral for enrollment as an ALC-only Student and a copy of the student's complete transcript and current report card.

6. The advisor at the Area Learning Center will write an individualized Continual Learning Plan with each student who is enrolled only at the ALC. This plan will be written with input from the student and parent and will take into account any information provided by the home school and will be updated at least twice a year. Dually and Concurrently enrolled students will have a continual learning plan for the classes for which they are enrolled at the ALC; their overall graduation plan will remain the responsibility of the home school. For students in middle and elementary school programs, the learning plan will also indicate other school services provided to enhance their school success.
7. The Area Learning Center shall have access to the district's regular education programs, technology facilities, and staff. This includes the opportunity to refer ALC students to other high schools for classes not available at the ALC.
8. All ALC students are expected to make continuous progress on their learning plans. If they fail to attend regularly or to complete their studies, they will either (a) negotiate a revised learning plan; or (b) be dropped from the ALC. ALC students who are dropped can apply for readmittance after a 30-day waiting period and may then renegotiate their learning plan. Dually enrolled students will need a new referral from the home high school to finish a class at the ALC if they have been dropped. Middle school students may be referred to other services within their school if the ALC program is not an appropriate match for their needs.
9. The ALC will report all credits earned by dually enrolled students within two week after the credit is complete. No grade or credit report will be provided for students who have not completed a course at the ALC. Every semester the ALC will provide each home high school with a list of their students who are studying at the ALC.
10. Dually enrolled ALC students will continue to be counted in their home high school for attendance. The ALC will claim all hours beyond the regular school day that are allowed by state law. Concurrently enrolled students will be counted for that class by that school for purposes of staffing and supplies.
11. The graduation requirements for the Area Learning Center are the same as the requirements set by the School Board for all ISD 709 graduates. Students over the age of 19 or whose class has graduated are eligible to apply for "Competency-Based Credits for Experiential Learning" following the procedures and guidelines approved by the School Board in February 1994.
12. Duluth residents who enroll in the ALC may choose to receive a diploma from their home high school or from the ALC. To participate in a home high school commencement program, the student's Learning Plan must include home school attendance for at least three (3) credits during the senior year.
13. Non-Duluth residents may choose to receive a diploma from their community of residence or from I.S.D. 709 ALC. They must meet the graduation requirements for the diploma they choose. An ALC student who cannot identify a Minnesota high school as a home school will receive an ALC diploma.

5080 STUDENT EXPRESSION OF OPINION

Students, as any other citizens, have the right to express their opinion. Historically, the school has been a place for the exchange of ideas and the dissemination of information; consequently, the schools should provide all possible opportunities for students to discuss issues and to express their opinions on school policies, programs of studies, and areas of public concern. Such discussions should be carried on in an atmosphere of mutual respect with all points of view having equal opportunity to be presented.

Although students have the right to express opinions, to make suggestions to school administrators and faculty, and to be heard in the setting up of rules of conduct, until changes are made, they must follow the established rules and policies of the school. Any outside person who interferes with the normal functioning of the school or who engages in any unauthorized activity on school property shall be asked to leave, and if he refuses to do so, the school administrator or teacher in charge shall request his removal by law enforcement officers.

1. a minor student is being abused or neglected or has been abused or neglected at anytime in the previous three years,
2. a woman who is pregnant has used a controlled substance for a non-medical purpose during pregnancy,

The procedures outlined herein relate primarily to reporting the maltreatment of minors. If an employee knows or has reason to believe that a student who is a vulnerable adult has been abused or neglected, they should contact the Adult Services Unit of St. Louis County Social Services Department to receive instruction for reporting.

How and Where to Report

An oral report shall be made immediately (as soon as possible but no longer than 24 hours) to the Initial Intervention Unit of St. Louis County Social Services, the Duluth Police Department, or the St. Louis County Sheriff's Department.

An oral report shall be followed within 72 hours, exclusive of weekends and holidays, by a report in writing to the appropriate police department, the county sheriff, or St. Louis County Social Services. Any report shall be of sufficient content to identify the child, any person believed to be responsible for the abuse or neglect if the person is known, the nature and extent of the abuse or neglect, and the name and address of the reporter. The written report may be completed on reporting forms supplied by St. Louis County Social Services and available in the school office.

A staff member who knows or has reason to believe that abuse or neglect has taken place is solely responsible for reporting to St. Louis County Social Services or a local law enforcement agency. School support staff (i.e., nurse, social worker, counselor, or psychologist) or building administrator may be consulted before a report is made; however, under no circumstances does such a consultation or notification relieve a staff member from his/her responsibility to report. A staff member named by the Superintendent will be responsible for information and procedures on the Abuse and Neglect Reporting Laws. This person may also be contacted by staff if additional information is wanted.

Authority of St. Louis County Social Services or Local Law Enforcement Agency

Upon presentation of written authorization, St. Louis County Social Service and law enforcement personnel have the right to interview students in school without parental consent or knowledge. These agencies maintain exclusive authority to determine who may attend the interview. The interview may take place at school or the child may be transported to, and the interview conducted at, a place appropriate for the interview of a child designated by the local welfare agency or law enforcement agency. This authority relates only to the assessment and/or investigation of abuse or neglect reports. The responsibility for investigation is solely that of local law enforcement and St. Louis County Social Services. School District employees shall not contact parents or attempt to investigate. If contacted by a parent, the parent should be referred to the investigative agency.

Records

The principal, program supervisor, or designee shall maintain a file of all written information relating to a report of abuse or neglect until they are notified by the appropriate investigating agency to destroy such information. No written information, whether originating from the investigating agency or from the school, should be maintained after notification to destroy has been given. Reports of suspected abuse or neglect are not to be placed in a student's permanent file.

Protection for Persons Reporting

All persons making reports, whether mandated or voluntary, are immune from civil or criminal liability if the report is made in good faith. In addition, any public school employee who permits access by St. Louis County Social services or local law enforcement and assists in an investigation or assessment is immune.

The name of the reporter shall be confidential, both during and after an assessment or investigation. Intentional disclosure of the identity of the reporter by persons conducting the assessment or investigation is a misdemeanor.

The subject of the report may compel disclosure of the name of the reporter only with the consent of the reporter or upon a written finding by the court that the report was false and that there is evidence that the report was made in bad faith. The reporter should be aware that their name may be disclosed or they may be called as a witness in a criminal procedure. The employer of any person who is required to make reports is prohibited from retaliating against the person for reporting in good faith.

Failure to Report

A person mandated to report who knows or has reason to believe that a child is being

neglected or abused or has been neglected or abused within the preceding three years and fails to report is guilty of a misdemeanor.

Feedback to Reporter

Upon conclusion of every assessment it conducts, St. Louis County Social Services shall make two determinations: first, whether maltreatment has occurred; and second, whether child protective services are needed.

Any person mandated to report shall, upon request to St. Louis County Social Services, receive a summary of the disposition of any report made by that reporter, unless release would be detrimental to the best interests of the child.

- a. When entering kindergarten
- b. When entering middle school

5150 CHEMICAL USE, ABUSE, AND DEPENDENCY

The School Board recognizes the existence of conditions such as chemical use, abuse, and dependency which impede the educational process. Therefore, the School District shall assist in the prevention, identification, and response to chemical use problems in the early stages.

1. Prevention

- a. Instruction at all levels is intended to enable students to make responsible decisions regarding chemical use.
- b. In addition to the student program, staff members will participate in on-going in-service programs related to the broad range of chemical health issues.

2. Identification

- a. The School District shall assist in the identification of abuse cases and facilitate professional evaluation, support, and rehabilitation services.
- b. Teachers and other staff members have a responsibility to observe behavior changes in students and document and report these observations.
- c. In secondary schools, the chemical dependency program shall be coordinated by the building student assistance team and at the elementary schools by the principal.
- d. When the behavior of a student jeopardizes his/her health, safety, welfare, or that of other students or staff, there will be an immediate intervention. Immediate intervention is mandated when a student is observed possessing, consuming, or distributing chemical substances on school grounds or at school events. Appropriate action shall be taken by school personnel to deal with alleged violators.

3. Response

- a. Students who become chemically dependent are subject to the same educational standards and expectations as students with other health problems.
- b. The school will assist in a system of support upon the return of a student from the treatment of his/her problem.
- c. Programs shall be designed not only for a student who is chemically dependent but for the student whose academic performance is affected by a family member who is chemically dependent. Such students shall be advised as to the availability of community assistance programs.
- d. All records pertaining to a student's chemical dependency problem shall be private data on individuals and retained apart from other school records. Access shall be limited to the student, individuals with the School District whose work assignment reasonably requires access, entities who are authorized by statute or federal law to have access and entities or individuals given access by the express written direction of the data subject pursuant to Minnesota Statute Section 13.01 to 13.87 and State Rules Part 1205.400, Subd. 2.

524 INTERNET ACCEPTABLE USE AND SAFETY POLICY

I. PURPOSE

The purpose of this policy is to set forth policies and guidelines for access to the school district computer system and acceptable and safe use of the Internet, including electronic communications.

II. GENERAL STATEMENT OF POLICY

In making decisions regarding student and employee access to the school district computer system and the Internet, including electronic communications, the school district considers its own stated educational mission, goals, and objectives. Electronic information research skills are now fundamental to preparation of citizens and future employees. Access to the school district computer system and to the Internet enables students and employees to explore thousands of libraries, databases, bulletin boards, and other resources while exchanging messages with people around the world. The school district expects that faculty will blend thoughtful use of the school district computer system and the Internet throughout the curriculum and will provide guidance and instruction to students in their use.

III. LIMITED EDUCATIONAL PURPOSE

The school district is providing students and employees with access to the school district computer system, which includes Internet access. The purpose of the system is more specific than providing students and employees with general access to the Internet. The school district system has a limited educational purpose, which includes use of the system for classroom activities, educational research, and professional or career development activities. Users are expected to use Internet access through the district system to further educational and personal goals consistent with the mission of the school district and school policies. Uses which might be acceptable on a user's private personal account on another system may not be acceptable on this limited-purpose network.

IV. USE OF SYSTEM IS A PRIVILEGE

The use of the school district system and access to use of the Internet is a privilege, not a right. Depending on the nature and degree of the violation and the number of previous violations, unacceptable use of the school district system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate school district policies, including suspension, expulsion, exclusion, or termination of employment; or civil or criminal liability under other applicable laws.

V. UNACCEPTABLE USES

- A. While not an exhaustive list, the following uses of the school district system and Internet resources or accounts are considered unacceptable:
 - 1. Users will not use the school district system to access, review, upload, download, store, print, post, receive, transmit, or distribute:
 - a. pornographic, obscene, or sexually explicit material or other visual depictions that are harmful to minors;

- b. obscene, abusive, profane, lewd, vulgar, rude, inflammatory, threatening, disrespectful, or sexually explicit language;
 - c. materials that use language or images that are inappropriate in the education setting or disruptive to the educational process;
 - d. information or materials that could cause damage or danger of disruption to the educational process;
 - e. materials that use language or images that advocate violence or discrimination toward other people (hate literature) or that may constitute harassment or discrimination.
2. Users will not use the school district system to knowingly or recklessly post, transmit, or distribute false or defamatory information about a person or organization, or to harass another person, or to engage in personal attacks, including prejudicial or discriminatory attacks.
 3. Users will not use the school district system to engage in any illegal act or violate any local, state, or federal statute or law.
 4. Users will not use the school district system to vandalize, damage, or disable the property of another person or organization, will not make deliberate attempts to degrade or disrupt equipment, software, or system performance by spreading computer viruses or by any other means, will not tamper with, modify, or change the school district system software, hardware, or wiring or take any action to violate the school district's security system, and will not use the school district system in such a way as to disrupt the use of the system by other users.
 5. Users will not use the school district system to gain unauthorized access to information resources or to access another person's materials, information, or files without the implied or direct permission of that person.
 6. Users will not use the school district system to post private information about another person, personal contact information about themselves or other persons, or other personally identifiable information, including, but not limited to, addresses, telephone numbers, school addresses, work addresses, identification numbers, account numbers, access codes or passwords, labeled photographs, or other information that would make the individual's identity easily traceable, and will not repost a message that was sent to the user privately without permission of the person who sent the message.
 - a. This paragraph does not prohibit the posting of employee contact information on school district webpages or communications between employees and other individuals when such communications are made for education-related purposes (i.e., communications with parents or other staff members related to students).
 - b. Employees creating or posting school-related webpages may include personal contact information about themselves on a webpage. However, employees may not post personal contact information or other personally identifiable information about students unless:

- (1) such information is classified by the school district as directory information and verification is made that the school district has not received notice from a parent/guardian or eligible student that such information is not to be designated as directory information in accordance with Policy 515; or
- (2) such information is not classified by the school district as directory information but written consent for release of the information to be posted has been obtained from a parent/guardian or eligible student in accordance with Policy 515.

In addition, prior to posting any personal contact or personally identifiable information on a school-related webpage, employees shall obtain written approval of the content of the postings from the building administrator.

- c. These prohibitions specifically prohibit a user from utilizing the school district system to post personal information about a user or another individual on social networks, including, but not limited to, social networks such as "Facebook," "Twitter," "Instagram," "Snapchat," "TikTok," "Reddit," and similar websites or applications.
7. Users must keep all account information and passwords on file with the designated school district official. Users will not attempt to gain unauthorized access to the school district system or any other system through the school district system, attempt to log in through another person's account, or use computer accounts, access codes, or network identification other than those assigned to the user. Messages and records on the school district system may not be encrypted without the permission of appropriate school authorities.
 8. Users will not use the school district system to violate copyright laws or usage licensing agreements, or otherwise to use another person's property without the person's prior approval or proper citation, including the downloading or exchanging of pirated software or copying software to or from any school computer, and will not plagiarize works they find on the Internet.
 9. Users will not use the school district system for conducting business, for unauthorized commercial purposes, or for financial gain unrelated to the mission of the school district. Users will not use the school district system to offer or provide goods or services or for product advertisement. Users will not use the school district system to purchase goods or services for personal use without authorization from the appropriate school district official.
 10. Users will not use the school district system to engage in bullying or cyberbullying in violation of the school district's Bullying Prohibition Policy. This prohibition includes using any technology or other electronic communication off school premises to the extent that student learning or the school environment is substantially and materially disrupted.
- B. The school district has a special interest in regulating off-campus speech that materially disrupts classwork or involves substantial disorder or invasion of the rights of others. A student or employee engaging in the foregoing unacceptable uses of the Internet when off school district premises also may be in violation of this policy as well as other school district policies. Examples of such violations may include, but are not limited to, serious

or severe bullying or harassment targeting particular individuals, threats aimed at teachers or other students, failure to follow rules concerning lessons, the writing of papers, the use of computers, or participation in other online school activities, and breaches of school security devices. If the school district receives a report of an unacceptable use originating from a non-school computer or resource, the school district may investigate such reports to the best of its ability. Students or employees may be subject to disciplinary action for such conduct, including, but not limited to, suspension or cancellation of the use or access to the school district computer system and the Internet and discipline under other appropriate school district policies, including suspension, expulsion, exclusion, or termination of employment.

- C. If a user inadvertently accesses unacceptable materials or an unacceptable Internet site, the user shall immediately disclose the inadvertent access to an appropriate school district official. In the case of a school district employee, the immediate disclosure shall be to the employee's immediate supervisor and/or the building administrator. This disclosure may serve as a defense against an allegation that the user has intentionally violated this policy. In certain rare instances, a user also may access otherwise unacceptable materials if necessary to complete an assignment and if done with the prior approval of and with appropriate guidance from the appropriate teacher or, in the case of a school district employee, the building administrator.

VI. FILTER

- A. With respect to any of its computers with Internet access, the school district will monitor the online activities of both minors and adults and employ technology protection measures during any use of such computers by minors and adults. The technology protection measures utilized will block or filter Internet access to any visual depictions that are:
 - 1. Obscene;
 - 2. Child pornography; or
 - 3. Harmful to minors.
- B. The term "harmful to minors" means any picture, image, graphic image file, or other visual depiction that:
 - 1. Taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; or
 - 2. Depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and
 - 3. Taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.
- C. Software filtering technology shall be narrowly tailored and shall not discriminate based on viewpoint.

- D. An administrator, supervisor, or other person authorized by the Superintendent may disable the technology protection measure, during use by an adult, to enable access for bona fide research or other lawful purposes.
- E. The school district will educate students about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response.

VII. CONSISTENCY WITH OTHER SCHOOL POLICIES

Use of the school district computer system and use of the Internet shall be consistent with school district policies and the mission of the school district.

VIII. LIMITED EXPECTATION OF PRIVACY

- A. By authorizing use of the school district system, the school district does not relinquish control over materials on the system or contained in files on the system. Users should expect only limited privacy in the contents of personal files on the school district system.
- B. Routine maintenance and monitoring of the school district system may lead to a discovery that a user has violated this policy, another school district policy, or the law.
- C. An individual investigation or search will be conducted if school authorities have a reasonable suspicion that the search will uncover a violation of law or school district policy.
- D. Parents may have the right at any time to investigate or review the contents of their child's files and e-mail files in accordance with the school district's Protection and Privacy of Pupil Records Policy. Parents have the right to request the termination of their child's individual account at any time.
- E. School district employees should be aware that the school district retains the right at any time to investigate or review the contents of their files and e-mail files. In addition, school district employees should be aware that data and other materials in files maintained on the school district system may be subject to review, disclosure, or discovery under Minnesota Statutes chapter 13 (Minnesota Government Data Practices Act).
- F. The school district will cooperate fully with local, state and federal authorities in any investigation concerning or related to any illegal activities or activities not in compliance with school district policies conducted through the school district system.

IX. INTERNET USE AGREEMENT

- A. The proper use of the Internet, and the educational value to be gained from proper Internet use, is the joint responsibility of students, parents, and employees of the school district.
- B. This policy requires the permission of and supervision by the school's designated professional staff before a student may use a school account or resource to access the Internet.

- C. The Internet Use Agreement form for students must be read and signed by the user, the parent or guardian, and the supervising teacher. The Internet Use Agreement form for employees must be signed by the employee. The form must then be filed at the school office. As supervising teachers change, the agreement signed by the new teacher shall be attached to the original agreement.

X. LIMITATION ON SCHOOL DISTRICT LIABILITY

Use of the school district system is at the user's own risk. The system is provided on an "as is, as available" basis. The school district will not be responsible for any damage users may suffer, including, but not limited to, loss, damage, or unavailability of data stored on school district diskettes, tapes, hard drives, or servers, or for delays or changes in or interruptions of service or misdeliveries or nondeliveries of information or materials, regardless of the cause. The school district is not responsible for the accuracy or quality of any advice or information obtained through or stored on the school district system. The school district will not be responsible for financial obligations arising through unauthorized use of the school district system or the Internet.

XI. USER NOTIFICATION

- A. All users shall be notified of the school district policies relating to Internet use.
- B. This notification shall include the following:
 - 1. Notification that Internet use is subject to compliance with school district policies.
 - 2. Disclaimers limiting the school district's liability relative to:
 - a. Information stored on school district diskettes, hard drives, or servers.
 - b. Information retrieved through school district computers, networks, or online resources.
 - c. Personal property used to access school district computers, networks, or online resources.
 - d. Unauthorized financial obligations resulting from use of school district resources/accounts to access the Internet.
 - 3. A description of the privacy rights and limitations of school sponsored/managed Internet accounts.
 - 4. Notification that, even though the school district may use technical means to limit student Internet access, these limits do not provide a foolproof means for enforcing the provisions of this acceptable use policy.
 - 5. Notification that goods and services can be purchased over the Internet that could potentially result in unwanted financial obligations and that any financial obligation incurred by a student through the Internet is the sole responsibility of the student and/or the student's parents.

6. Notification that the collection, creation, reception, maintenance, and dissemination of data via the Internet, including electronic communications, is governed by Public and Private Personnel Data Policy, and Protection and Privacy of Pupil Records Policy.
7. Notification that, should the user violate the school district's acceptable use policy, the user's access privileges may be revoked, school disciplinary action may be taken and/or appropriate legal action may be taken.
8. Notification that all provisions of the acceptable use policy are subordinate to local, state, and federal laws.

XII. PARENTS' RESPONSIBILITY; NOTIFICATION OF STUDENT INTERNET USE

- A. Outside of school, parents bear responsibility for the same guidance of Internet use as they exercise with information sources such as television, telephones, radio, movies, and other possibly offensive media. Parents are responsible for monitoring their student's use of the school district system and of the Internet if the student is accessing the school district system from home or a remote location.
- B. Parents will be notified that their students will be using school district resources/accounts to access the Internet and that the school district will provide parents the option to request alternative activities not requiring Internet access. This notification should include:
 1. A copy of the user notification form provided to the student user.
 2. A description of parent/guardian responsibilities.
 3. A notification that the parents have the option to request alternative educational activities not requiring Internet access and the material to exercise this option.
 4. A statement that the Internet Use Agreement must be signed by the user, the parent or guardian, and the supervising teacher prior to use by the student.
 5. A statement that the school district's acceptable use policy is available for parental review.

XIII. NOTIFICATION REGARDING TECHNOLOGY PROVIDERS

- A. "Technology provider" means a person who:
 1. contracts with the school district, as part of a one-to-one program or otherwise, to provide a school-issued device for student use; and
 2. creates, receives, or maintains educational data pursuant or incidental to a contract with the school district.
- B. "Parent" means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent in the absence of a parent or a guardian.
- C. Within 30 days of the start of each school year, the school district must give parents

and students direct and timely notice, by United States mail, e-mail, or other direct form of communication, of any curriculum, testing, or assessment technology provider contract affecting a student's educational data. The notice must:

1. identify each curriculum, testing, or assessment technology provider with access to educational data;
 2. identify the educational data affected by the curriculum, testing, or assessment technology provider contract; and
 3. include information about the contract inspection and provide contact information for a school department to which a parent or student may direct questions or concerns regarding any program or activity that allows a curriculum, testing, or assessment technology provider to access a student's educational data.
- D. The school district must provide parents and students an opportunity to inspect a complete copy of any contract with a technology provider.
- E. A contract between a technology provider and the school district must include requirements to ensure appropriate security safeguards for educational data. The contract must require that:
1. the technology provider's employees or contractors have access to educational data only if authorized; and
 2. the technology provider's employees or contractors may be authorized to access educational data only if access is necessary to fulfill the official duties of the employee or contractor.
- F. All educational data created, received, maintained, or disseminated by a technology provider pursuant or incidental to a contract with a public educational agency or institution are not the technology provider's property.

XIV. SCHOOL-ISSUED DEVICES

- A. "School-issued device" means hardware or software that the school district, acting independently or with a technology provider, provides to an individual student for that student's dedicated personal use. A school-issued device includes a device issued through a one-to-one program.
- B. Except as provided in paragraph C, the school district or a technology provider must not electronically access or monitor:
1. any location-tracking feature of a school-issued device;
 2. any audio or visual receiving, transmitting, or recording feature of a school issued device; or
 3. student interactions with a school-issued device, including but not limited to keystrokes and web-browsing activity.

- C. The school district or a technology provider may only engage in activities prohibited by paragraph B if:
 - 1. the activity is limited to a noncommercial educational purpose for instruction, technical support, or exam-proctoring by school district employees, student teachers, staff contracted by the school district, a vendor, or the Minnesota Department of Education, and notice is provided in advance;
 - 2. the activity is permitted under a judicial warrant;
 - 3. the school district is notified or becomes aware that the device is missing or stolen;
 - 4. the activity is necessary to respond to an imminent threat to life or safety and the access is limited to that purpose;
 - 5. the activity is necessary to comply with federal or state law, including but not limited to Minnesota Statutes section 121A.031; or
 - 6. the activity is necessary to participate in federal or state funding programs, including but not limited to the E-Rate program.
- D. If the school district or a technology provider interacts with a school-issued device as provided in paragraph C, clause 4, it must, within 72 hours of the access, notify the student to whom the school-issued device was issued or that student's parent and provide a written description of the interaction, including which features of the device were accessed and a description of the threat. This notice is not required at any time when the notice itself would pose an imminent threat to life or safety, but must instead be given within 72 hours after that imminent threat has ceased.

XV. LIMIT ON SCREEN TIME FOR CHILDREN IN PRESCHOOL AND KINDERGARTEN

A child in a publicly funded preschool or kindergarten program may not use an individual-use screen, such as a tablet, smartphone, or other digital media, without engagement from a teacher or other students. This section does not apply to a child for whom the school has an individualized family service plan, an individualized education program, or a 504 plan in effect.

XVI. IMPLEMENTATION; POLICY REVIEW

- A. The school district administration may develop appropriate user notification forms, guidelines, and procedures necessary to implement this policy for submission to the school board for approval. Upon approval by the school board, such guidelines, forms, and procedures shall be an addendum to this policy.
- B. The administration shall revise the user notifications, including student and parent notifications, if necessary, to reflect the adoption of these guidelines and procedures.
- C. The school district Internet policies and procedures are available for review by all parents, guardians, staff, and members of the community.
- D. Because of the rapid changes in the development of the Internet, the school board shall conduct an annual review of this policy.

RESOLUTION RELATING TO GENERAL OBLIGATION AID ANTICIPATION CERTIFICATES OF INDEBTEDNESS, SERIES 2026A, IN AN AMOUNT NOT TO EXCEED \$12,000,000; AUTHORIZING THE ISSUANCE AND ESTABLISHING THE TERMS THEREOF; AND AUTHORIZING CERTAIN OFFICERS OF THE DISTRICT TO AWARD THE SALE THEREOF AND TO TAKE SUCH ACTION AND EXECUTE ALL DOCUMENTS NECESSARY TO ACCOMPLISH THE AWARD AND SALE

BE IT RESOLVED by the School Board (the “School Board”) of Independent School District No. 709, St. Louis County, Minnesota (the “District”), as follows:

Section 1. Certificates Purpose and Authorization.

1.01 Under and pursuant to the authority contained in Minnesota Statutes, Sections 126C.50 through 126C.56, as amended (the “Act”), and Minnesota Statutes, Chapter 475, the board of any school district may borrow money upon aid anticipation certificates in anticipation of receipt of state aid for schools as defined by Minnesota statutes and federal school aids to be distributed by or through the Minnesota Department of Education (the “Department”).

1.02 The School Board hereby determines that it is necessary to borrow, pursuant to the Act, upon aid anticipation certificates of indebtedness in an amount not to exceed \$12,000,000 in anticipation of receipt of state aids for schools and of federal school aids to be distributed by or through the Department during the July 1, 2025 to June 30, 2026 fiscal year (the “School Aids”), which are necessary for timely payments of anticipated expenditures from the District’s operating funds (the “Funds”). Such amount does not exceed 75% of the School Aids which are receivable by the District in such fiscal year as estimated by the Commissioner of the Department.

1.03 The School Board hereby determines that it is necessary and expedient that the District issue general obligation aid anticipation certificates of indebtedness as described in Section 1.02 above in a single issuance of General Obligation Aid Anticipation Certificates of Indebtedness, Series 2026A, in an amount not to exceed \$12,000,000 (the “Certificates”).

Section 2. Award of Sale. Pursuant to Minnesota Statutes, Section 126C.56, the requirements of public sale do not apply to the issuance under certain circumstances of aid anticipation certificates of indebtedness. The District has retained PMA Securities, Inc., in Albertville, Minnesota, as independent financial advisor in connection with the sale of the Certificates. The School Board desires to proceed with the sale of the Certificates by direct negotiation to Robert W. Baird & Co., Inc., in Oakdale, Minnesota (the “Purchaser”), and any officer of the School Board and either the Superintendent or the Executive Director of Finance & Business Services are authorized to award the sale of the Certificates and execute a contract on the part of the District for the sale of the Certificates upon the terms set forth herein. The officers of the School Board and the Superintendent or the Executive Director of Finance & Business Services are also authorized to take all other action, consistent with the resolution, that is necessary to complete the award and sale of the Certificates provided that the principal amount of the Certificates shall not in any event exceed \$12,000,000, nor shall the interest rate thereon exceed 5.0% per annum in any event. The authorization contained herein shall expire on June 30, 2026.

Section 3. Full Faith and Credit Pledge. The School Board hereby declares that the full faith and credit and taxing power of the District and the receipts of the School Aids, to the extent necessary to repay the Certificates, shall be and are hereby at all times irrevocably pledged for the payment of principal and interest on the Certificates when due.

Section 4. Certificates; Terms. The Certificates to be issued hereunder shall be dated the date of delivery to the Purchaser, but no later than January 22, 2026, shall be issued in the denomination of \$100,000 each, or any integral multiple thereof, in fully registered form, lettered and numbered R-1 and upward. The Certificates shall mature on September 30, 2026 (the "Maturity Date").

The Certificates shall not be subject to redemption prior to the Maturity Date. The interest on the Certificates shall be payable on the Maturity Date. Interest shall be computed on the basis of a 360-day year of twelve 30-day months and will be rounded pursuant to the rules of the Municipal Securities Rulemaking Board. The Bond Registrar designated below shall make the interest payments with respect to the Certificates by check or draft mailed to the registered owners of the Certificates shown on the bond registration records maintained by the Bond Registrar at the close of business on the 15th day prior to the Maturity Date, whether or not a business day, at such owners' addresses shown on such bond registration records. Principal of the Certificates shall be payable on the Maturity Date and in accordance with and on presentation and surrender of the Certificate to the Bond Registrar.

Section 5. Bond Registrar; Registration of Certificates.

5.01 A. Appointment of Bond Registrar. The School Board hereby appoints Northland Bond Services, a division of First National Bank of Omaha of Minneapolis, Minnesota, as registrar, authenticating agent, paying agent and transfer agent for the Certificates (such bank or its successor thereof is herein referred to as the "Bond Registrar"). No Certificate shall be valid or obligatory for any purpose unless or until the Bond Registrar's authentication certificate on such Certificate, substantially as set forth in Section 6 hereof, shall have been duly executed by an authorized representative of the Bond Registrar. Authentication certificates on different Certificates need not be signed by the same representative. The executed authentication certificate on each Certificate shall be conclusive evidence that it has been authenticated and delivered under this Resolution.

B. The District shall cause to be kept at the principal corporate office of the Bond Registrar a bond register in which, subject to such reasonable regulations as the Bond Registrar may prescribe, the District shall provide for the registration of the Certificates and the registration of transfers of the Certificates entitled to be registered or transferred as herein provided. In the event of the resignation or removal of the Bond Registrar or its incapability of acting as such, the bond registration records shall be maintained at the office of the successor Bond Registrar as may be appointed by the School Board.

C. At the option of the registered owners, the Certificates may be exchanged for other Certificates of any authorized denomination, of a like aggregate principal amount, maturing upon

the same date, upon surrender of the Certificates to be exchanged at the principal corporate office of the Bond Registrar. Whenever any Certificates are so surrendered for exchange, the District shall execute and the Bond Registrar shall authenticate, if required by law or this Resolution, and deliver the Certificates which the registered owner making the exchange is entitled to receive. Upon surrender for transfer of any Certificate at the principal corporate office of the Bond Registrar, the District shall execute and the Bond Registrar shall authenticate, if required by law or this Resolution, and deliver, in the names(s) of the designated transferee(s), one or more new certificates of a like aggregate principal amount, as requested by the transferor. All Certificates surrendered upon the exchange provided for in this Resolution shall be promptly cancelled by the Bond Registrar and thereafter disposed of as directed by the School Board. All Certificates issued in exchange for or upon transfer of the Certificates shall be valid obligations of the District evidencing the same debt and entitled to the same benefits under this Resolution as the Certificates surrendered for such exchange or transfer. Every Certificate presented for a transfer or exchange shall be duly endorsed or be accompanied by a written instrument of transfer, in form satisfactory to the District and the Bond Registrar, duly executed by the registered owner thereof or the owner's attorney duly authorized in writing. The District or the Bond Registrar may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with the transfer or exchange of the Certificates, other than exchange expressly provided in this Resolution to be made, without expense or without charge to the registered owner.

D. Each Certificate delivered upon transfer of or in exchange for or in lieu of any other Certificate shall carry all of the rights to interest, accrued and unpaid and to accrue, which are carried by such other Certificate. Each Certificate shall be dated by the Bond Registrar as of the date of its authentication or manual execution, as the case may be. The District and the Bond Registrar shall not be required to make any transfer or exchange during the 15 days next preceding the Maturity Date.

5.02 Book-Entry System.

A. In order to make the Certificates eligible for the services provided by DTC, the District has previously agreed to the applicable provisions set forth in the Blanket Issuer Letter of Representations which has been executed by the District and DTC (the "Representation Letter").

B. Notwithstanding any provision herein to the contrary, so long as the Certificates shall be in Book-Entry Form, the provisions of this Section 5.02 shall govern.

C. All of the Certificates shall be registered in the name of Cede & Co., as nominee for DTC. Payment of interest on and principal of any Certificate registered in the name of Cede & Co. shall be made by wire transfer or New York Clearing House or equivalent same day funds by 10:00 a.m. CT or as soon as possible thereafter following the Bond Registrar's receipt of funds from the District on the Maturity Date to the account of Cede & Co. at the address indicated in or pursuant to the Representation Letter.

D. DTC (or its nominees) shall be and remain recorded on the Bond Register as the holder of all Certificates which are in Book-Entry Form. No transfer of any Certificate in Book-Entry Form shall be made, except from DTC to another depository (or its nominee) or except to

terminate the Book-Entry Form. All Certificates of such stated maturity of any Certificates in Book-Entry Form shall be issued and remain in a single Certificate registered in the name of DTC (or its nominee); provided, however, that upon termination of the Book-Entry Form pursuant to the Representation Letter, the District shall, upon delivery of all Certificates of such series from DTC, promptly execute, and the Bond Registrar shall thereupon authenticate and deliver, Certificates of such series to all persons who were beneficial owners thereof immediately prior to such termination; and the Bond Registrar shall register such beneficial owners as holders of the applicable Certificates.

The Bond Registrar shall maintain accurate books and records of the principal balance, if any, of each such outstanding Certificate in Book-Entry Form, which shall be conclusive for all purposes whatsoever. Upon the authentication of any new Certificate in Book-Entry Form in exchange for a previous Certificate, the Bond Registrar shall designate thereon the principal balance remaining on such Certificate according to the Bond Registrar's books and records.

No beneficial owner (other than DTC) shall be registered as the holder on the Bond Register for any Certificate in Book-Entry Form or entitled to receive any bond certificate. The beneficial ownership interest in any Certificate in Book-Entry Form shall be recorded, evidenced and transferred solely in accordance with the Book-Entry System.

Except as expressly provided to the contrary herein, the District and the Bond Registrar may treat and deem DTC to be the absolute owner of all Certificates of each series which are in Book-Entry Form (i) for the purpose of payment of the principal of and interest on such Certificate, (ii) for the purpose of giving notices hereunder, and (iii) for all other purposes whatsoever.

E. The District and the Bond Registrar shall each give notices to DTC of such matters and at such times as are required by the Representation Letter, including with respect to any notice required or permitted under this Bond Resolution to be given to any holder of a Certificate.

All notices of any nature required or permitted hereunder to be delivered to a holder of a Certificate in Book-Entry Form shall be transmitted to beneficial owners of such Certificates at such times and in such manners as shall be determined by DTC, the participants and indirect participants in accordance with the Book-Entry System and the Representation Letter.

F. All payments of principal, redemption price of and interest on any Certificates in Book-Entry Form shall be paid to DTC (or Cede & Co.) in accordance with the Book-Entry System and the Representation Letter in same day funds by wire transfer.

5.03 Lost or Damaged Certificates. If a Certificate becomes mutilated or is destroyed, stolen or lost, the Bond Registrar will deliver a new Certificate of like amount, number, maturity date and tenor in exchange and substitution for and upon cancellation of the mutilated Certificate or in lieu of and in substitution for any Certificate destroyed, stolen or lost, upon the payment of the reasonable expenses and charges of the Bond Registrar and the District in connection therewith, including the cost of printing new Certificates; and, in the case of a Certificate destroyed, stolen or lost, upon filing with the Bond Registrar and the District of evidence satisfactory to them that the Certificate was destroyed, stolen or lost, and of the ownership thereof, and upon furnishing to

the Bond Registrar and the District of an appropriate bond or indemnity in form, substance and amount satisfactory to them and as provided by law, in which both the District and the Bond Registrar must be named as obligees. Certificates so surrendered to the Bond Registrar will be canceled by the Bond Registrar and evidence of such cancellation must be given to the District. If the mutilated, destroyed, stolen or lost Certificate has already matured or been called for redemption in accordance with its terms, it is not necessary to issue a new Certificate prior to payment.

5.04 Payment of Certificates.

A. The District and the Bond Registrar may treat the person in whose name any Certificate is registered as the owner of such Certificate for the purpose of receiving payment of principal of and interest on such Certificate and for all other purposes whatsoever, whether or not such Certificate be overdue, and neither the District nor the Bond Registrar shall be affected by notice to the contrary.

B. The principal of and interest on the Certificates shall be payable by the Bond Registrar in such funds as are legal tender for the payment of debts due the United States of America. The District shall pay the reasonable and customary charges of the Bond Registrar for the disbursement of principal and interest.

5.05 Delivery. Delivery of the Certificates and payment of the purchase price shall be made at a place mutually satisfactory to the District and the Purchaser. Printed or typewritten and executed Certificates shall be furnished by the District without cost to the Purchaser. The Certificates, when prepared in accordance with this Resolution and executed, shall be delivered by or under the direction of the Clerk to the Purchaser upon receipt of the purchase price plus accrued interest.

Section 6. Form of Certificate. The Certificates to be issued hereunder shall be printed or typewritten in substantially the following form:

REGISTERED OWNER: CEDE & CO.

PRINCIPAL AMOUNT: TWELVE MILLION DOLLARS

Independent School District No. 709, St. Louis County, State of Minnesota (the “District”), acknowledges itself to be indebted and for value received hereby promises to pay to the registered owner specified above, or registered assigns, the principal amount specified above on the Maturity Date specified above, together with interest thereon from the date of original issue specified above until paid at the annual interest rate specified above. The interest shall be payable on the Maturity Date specified above, at the rate per annum specified above, calculated on the basis of a 360-day year of twelve 30-day months, until the principal amount is paid or has been provided for. This Certificate is not subject to redemption prior to maturity. Both principal and interest are payable at Northland Bond Services, a division of First National Bank of Omaha, in Minneapolis, Minnesota, as registrar, paying agent, authenticating agent and transfer agent (the “Bond Registrar”), or at the office of such successor Bond Registrar as may be designated by the School Board, in coin or currency of the United States of America, which on the date of payment is legal tender for payment of public and private debts. The Bond Registrar shall make the interest payment with respect to this Certificate directly to the registered owner hereof shown on the bond registration records maintained on behalf of the District by the Bond Registrar at the close of business on the 15th day of the month next preceding the Maturity Date (whether or not a business day) at such owner’s address shown on said bond registration records, without, except for the payment of principal of the Certificate, the presentation and surrender of this Certificate, and all such payments shall discharge the obligation of the District to the extent of the payments so made. Payment of principal of the Certificates shall be made to the registered owner upon presentation and surrender of this Certificate to the Bond Registrar when due.

This Certificate is one of a series issued by the District in the aggregate amount of \$12,000,000, pursuant to the authority contained in Minnesota Statutes, Sections 126C.50 through 126C.56, as amended, and Chapter 475, and all other laws and pursuant to an authorizing resolution adopted by the School Board of the District on December 16, 2025 (the “Resolution”) authorizing Superintendent or the Executive Director of Finance & Business Services to award the sale of the Certificates on terms contained in the Resolution, for the purpose of authorizing receipt of unpaid state aids for school receivables by the District as hereinafter set forth.

It is hereby certified and recited that the amount of School Aids as defined in the Resolution yet to be received by the District in the July 1, 2025 to June 30, 2026 fiscal year, for deposit in the District's operating funds (the "Funds") is in the amount of \$75,401,017 as estimated by the State of Minnesota Commissioner of Education; that heretofore no aid anticipation certificates have been issued against the School Aids; and that the Certificates are issued in anticipation of collection of said School Aids.

This Certificate constitutes a general obligation of the District, and the full faith and credit and taxing powers of the District have been and are hereby irrevocably pledged to provide monies for the prompt and full payment of principal and interest when due. This Certificate is payable from a special debt service fund of the District established for payment of the Certificates by the Resolution.

The District has qualified the Certificates for participation in the State of Minnesota program to preclude default of school district debt, pursuant to Minnesota Statutes, Section 126C.55, as amended. If the District is unable to make any portion of the principal or interest payments on the Certificates on or before the date due, the State of Minnesota has agreed to make such payment in the District's place.

The Certificates of this series are issued as fully registered certificates without coupons, in the denomination of \$100,000 each, or any integral multiple thereof. Subject to limitations set forth in the Resolution, the District will, at the request of the registered owner, issue one or more new fully registered certificates in the name of the registered owner in the aggregate principal amount equal to the unpaid principal balance of this Certificate, and of like tenor except as to number and principal amount. Subject to the limitations set forth in the Resolution, this Certificate is transferable by the registered owner hereof upon surrender of this Certificate for transfer at the principal corporate office of the Bond Registrar, duly endorsed or accompanied by a written instrument of transfer in form satisfactory to the Bond Registrar and executed by the registered owner hereof or the owner's attorney duly authorized in writing. Thereupon the District shall execute and the Bond Registrar shall authenticate and deliver, in exchange for this Certificate, one or more new fully registered certificates in the name of the transferee, of an authorized denomination, in an aggregate principal amount equal to the unpaid principal amount of this Certificate. No service charge shall be made for any transfer or exchange hereinbefore referred to but the District may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

IT IS FURTHER CERTIFIED AND RECITED that all acts and conditions required by the Constitution and laws of the State of Minnesota to be done, and to exist precedent to and in the issuance of this Certificate in order to make it a valid and binding general obligation of the District in accordance with its terms, have been done and do exist in form, time, and manner as so required; and this

Certificate, together with all other debts of the District outstanding on the date hereof and the date of its actual issuance and delivery, does not exceed any constitutional or statutory limitation of indebtedness; that all taxable property within the boundaries of the District is subject to the levy of ad valorem taxes to the extent needed to pay the principal hereof and the interest hereon when due, without limitation as to rate or amount.

This Certificate shall not be valid or become obligatory for any purpose or be entitled to any security or benefit under the Resolution until the Bond Registrar's Authentication Certificate hereon shall have been executed by the Bond Registrar by one of its authorized representatives.

IN WITNESS WHEREOF, Independent School District No. 709, by its School Board, has caused this Certificate to be executed in its name by the signatures of the Chair and the Clerk of the School Board; and the District has caused this Certificate to be dated the date of original issue set forth above.

Section 7. Funds; Deposits.

A. The Treasurer shall credit the proceeds received upon the sale of the Certificates, less amounts allocable to underwriter's discount and less amounts allocable to pay a part of the interest cost of the Certificates as allowed by Minnesota Statutes, Section 475.56, from the proceeds of the sale of the Certificates to the Funds, and the proceeds shall be used for the purposes for which the School Aids may be utilized.

B. A separate debt service fund for the Certificates is hereby created, to be designated as the "Series 2026A General Obligation Aid Anticipation Certificates of Indebtedness Fund" (the "Debt Service Fund"), to be used solely for the payment of interest on and the principal of the Certificates when due. Prior to the Maturity Date, there shall be deposited in the Debt Service Fund, State Aids or other school funds which may become available in an amount sufficient to pay all principal and interest due on the Certificates at Maturity.

C. The School Board hereby certifies that the School Aids for the July 1, 2025 to June 30, 2026 fiscal year yet to be received are in the amount of \$75,401,017.

D. The full faith and credit of the District are pledged to pay the Certificates. If the School Aids are insufficient to pay all principal and interest on the Certificates when due, the Treasurer shall, nevertheless, provide sufficient monies from other funds of the District which are available for that purpose, and such other funds shall be reimbursed from the Funds when the balance therein is sufficient. It is recognized that the District's liability on the Certificates is not limited to the collection of the School Aids, and the School Board covenants and agrees that it will levy upon all taxable property within the boundaries of the District and cause to be extended, assessed, and collected any additional taxes found necessary for full payment of the principal of and interest on the Certificates, without limitation as to rate or amount. The School Board hereby covenants and obligates itself to be bound by the provisions of Minnesota Statutes, Section 126C.55, as amended.

E. The School Board authorizes and directs the Board Chair, the Superintendent or the Executive Director of Finance & Business Services to submit a Minnesota School District Credit Enhancement Program Application for Default Preclusion to the Minnesota Department of Education, as provided by Minnesota Statutes, Section 126C.55. All actions by such officers taken with regard to such application prior to the date of this resolution are ratified and approved. The School Board hereby covenants and obligates itself to notify the Commissioner of Education of a potential default in the payment of principal and interest on the Certificates and to use the provisions of Minnesota Statutes, Section 126C.55 to guarantee, to the extent provided therein, payment of the principal and interest on the Certificates when due. The School Board further covenants to deposit with the Bond Registrar or any successor paying agent three (3) days prior to the date on which a payment is due an amount sufficient to make that payment or to notify the Commissioner of Education that it will be unable to make all or a portion of that payment. The Bond Registrar is authorized and directed to notify the Commissioner of Education if it becomes aware of a potential default in the payment of principal or interest on the Certificates, or if, on the day two (2) business days prior to the date a payment is due on the Certificates, there are insufficient funds to make that payment on deposit with the Bond Registrar. The District understands that as a result of its covenant to be bound by the provisions of Minnesota Statutes, Section 126C.55, the provisions of that section shall be binding as long as any Certificates of this issue remain outstanding.

F. The District further covenants to comply with all procedures now or hereafter established by the Office of Management and Budget and the Department of Education of the State of Minnesota pursuant to Minnesota Statutes, Section 126C.55, subdivision 2(c) and otherwise to take such actions as necessary to comply with that section. The Chair, Clerk, Superintendent or Executive Director of Finance & Business Services are authorized to execute any applicable Minnesota Department of Education forms regarding such program.

G. The School Board acknowledges, represents and covenants that it must include a provision in its agreement with the Bond Registrar, as paying agent for the Certificates, that requires the Bond Registrar to inform the Commissioner of Education if it becomes aware of a potential default in the payment of principal or interest on the Certificates or if, on the day two business days prior to the date a payment is due on the Certificates, there are insufficient funds to make the payment on deposit with the Bond Registrar.

Section 8. Tax Covenants and Arbitrage Matters.

8.01 Restrictive Action. The District covenants and agrees with the owners from time of the Certificates that it will not take, or permit to be taken by any of its officers, employees or agents, any action which would cause the interest on the Certificates to become includable in gross income for federal income tax purposes under the Internal Revenue Code of 1986, as amended (the "Code"), and applicable Treasury Regulations (the "Regulations"), and covenants to take any and all actions within its powers to ensure that the interest on the Certificates will not become includable in gross income for federal income tax purposes under the Code and the Regulations.

8.02 Statement of Working Capital Expenditures and Arbitrage Certificate. The School Board estimates that the principal amount of the Certificates does not exceed (i) the largest amount

by which working capital expenditures in the Funds of the District exceed available amounts for payment thereof during the period for which the State Aids are anticipated and during which the Certificates will be outstanding, and (ii) the amount of a working capital reserve equal to five percent of the District's working capital expenditures in the Funds for the prior fiscal year, all as contemplated by the Regulations. The District Treasurer is directed to prepare a statement of estimated expenditures during the period for which the State Aids and other funds are anticipated and during which the Certificates will be outstanding for the purpose of verifying the correctness of this estimate. In the event that such statement does not verify such estimate, the principal amount of the Certificates shall be reduced to such amount as will not exceed the amount permitted by the Regulations. Prior to the issuance of the Certificates, the Chair and the Clerk, being the officers of the District charged with the responsibility for issuing the Certificates pursuant to this resolution, shall execute and deliver to the Purchaser a certificate as contemplated by the Regulations stating the facts, estimates and circumstances in existence on the date of issuance and delivery of the Certificates which indicate that the proceeds of the Certificates will not be used in a manner that would cause the Certificates to be "arbitrage bonds" within the meaning of the Code and the Regulations.

8.03 Arbitrage Rebate. The District acknowledges that the Certificates are subject to the rebate requirements of Section 148(f) of the Code. The District covenants and agrees to retain such records, make such determinations, file such reports and documents and pay such amounts at such times as are required under Section 148(f) and applicable Regulations to preserve the exclusion of interest on the Certificates from gross income for federal income tax purposes, unless the Certificates qualify for an exception from the rebate requirement pursuant to one of the spending exceptions set forth in Section 1.148-7 of the Regulations and no "gross proceeds" of the Certificates (other than amounts constituting a "bona fide debt service fund") arise during or after the expenditure of the original proceeds thereof.

Section 9. Filing with County Auditor. The Clerk of the District is directed to file with the County Auditor a certified copy of this Resolution, and such other information as the County Auditor may require, and to obtain from the County Auditor a certificate stating that the Certificates herein authorized have been duly entered on his register.

Section 10. Certified Proceedings. The officers of the District and the Superintendent or the Executive Director of Finance & Business Services are authorized and directed to prepare and furnish to the Purchaser of the Certificates and to bond counsel certified copies of all proceedings and records of the District pertaining to the authorization, issuance, and sale of the Certificates and such other affidavits and certificates as may reasonably be required to show the facts relating to the legality and marketability of the Certificates as such facts appear from the official books and records of the officers' custody or are otherwise known. All such certified copies, certificates, and affidavits, including any heretofore furnished, constitute representations of the District as to the correctness of facts recited therein and the actions stated therein to have been taken.

Section 11. Absent or Disabled Officers. In the event of the absence or disability of the Chair, the Clerk or the Treasurer, such officers or members of the School Board as in the opinion of the District's attorney may act in their behalf shall, without further act or authorization, execute

and deliver the Certificates, and do all things and execute all instruments and documents required to be done or executed by such absent or disabled officers.

Section 12. Official Statement. The Chair and the Clerk are hereby authorized and directed to certify that they have examined the Official Statement prepared and circulated in connection with the issuance and sale of the Certificates and that to the best of their knowledge and belief the Official Statement is a complete and accurate representation of the facts and representations made therein as of the date thereof.
