Manager's Minutes:

- In collaboration with curriculum leadership, the first meeting of the district's technology task force has been scheduled for late September. An agenda for this meeting will be built in the coming weeks.
- Contractors completed installation of new interactive flat panel displays at Ordean East Middle School. Our technology staff followed behind to complete the connection of these new displays to other classroom technology. In total, 50 Ordean classrooms received new display panels this summer; legacy Smartboards and projectors have now been removed from all classrooms in the building.
- Our department will next coordinate the installation of new classroom displays at Lincoln Park Middle School, working through the building after school hours and on non-school days over the coming months. We plan to continue through as much of Lincoln as our project budget allows this fiscal year. Work on display replacement will then pause until next July, when we'll continue working through the remaining secondary schools in need of this work, including East & Denfeld High Schools.

What We're Working On:

- Field and digital innovation staff prepared school technology and student devices for the new school year.
- Network staff worked through several projects, including final preparations for the replacement of our firewall and implementation of a new network monitoring tool. The firewall project is slated to wrap up in early September.
- Our network engineers completed the majority of a project changing the design of our wide area network in time for the school year.
- Technology staff worked to set up multiple systems and end-user devices at the DCES building.

4. Data Security

4.1 Security Safeguards. Contractor shall store and process District Data in accordance with commercial best practices, including implementing appropriate administrative, physical, and technical safeguards that are no less rigorous than those outlined in SANS Top 20 Security Controls, as amended, to secure such data from unauthorized access, disclosure, alteration, and use. Contractor shall ensure that all such safeguards, including the manner in which District Data is collected, accessed, used, stored, processed, disposed of and disclosed, comply with all applicable federal and state data protection and privacy laws, regulations and directives, as well as the terms and conditions of this Addendum. Without limiting the foregoing, and unless expressly agreed to the contrary in writing, Contractor warrants that all electronic District Data will be encrypted in transmission and at rest in accordance with NIST Special Publication 800-57, as amended.

4.2 Risk Assessments. Contractor shall conduct periodic risk assessments and remediate any identified security vulnerabilities in a timely manner.

4.3 Audit Trails. Contractor shall take reasonable measures, including audit trails, to protect District Data against deterioration or degradation of data quality and authenticity, and to ensure data is deidentified in accordance with this Addendum.

4.4 Verification of Safeguards. Upon District's written request, Contractor shall provide or make available to the District for review, one or more of the following, verifying Contractor's administrative, physical and technical safeguards are in compliance with industry standards and best practices: (1) a third-party network security audit report; (2) certification from Contractor indicating that an independent vulnerability or risk assessment of the Contractor's data security program has occurred; (3) district data has been deidentified by Contractor as set forth in the definition of Deidentified Data in section 1.3 of this Addendum.

4.5 Background Checks. The Contractor and every person, including any subcontractor or agent of the Contractor, who has unsupervised access to students, or access to student data, shall be required to have a criminal background check. The results of the background check shall comply with applicable state law and other district requirements, and upon request, be available to the District. The costs associated with the background check are solely the Contractor's responsibility. Before Services begin, each person required to provide a criminal background check shall disclose in writing and sign a notarized affidavit whether or not he or she has been convicted of any charge(s) such as a felony, misdemeanor, or municipal ordinance violation. Thereafter, during the term of the Contract all new personnel, subcontractor(s), third party support personnel and agents,

whether paid or not, that are engaged, hired or added to perform the Services, shall be subject to these same requirements before performing Services on Contractor's behalf.

Notwithstanding the criminal background check requirement as set forth above, Contractor hereby warrants that no employee, subcontractor or agent of the Contractor rendering the Services has been convicted of a criminal offense in this or in any other state involving: (i) the abuse, abduction, sexual molestation, physical or sexual assault on, or rape of a minor; or (ii) any crime involving exploitation of minors, including but not limited to, child pornography offenses or any crime of violence; and (iii) Contractor shall notify the District immediately upon the discovery or receipt of any information that any person working for the Contractor has been detained or arrested by a law enforcement agency. Contractor understands that allowing any employee, subcontractor, volunteer or agent who is providing Services on Contractor's behalf, access to students, District's records, including PII, or to enter onto the District's property, that has been arrested or convicted of the aforementioned crimes, constitutes a material breach of this Agreement and may result in the immediate termination of this Agreement.

4.6 Duties of District. District shall provide Student Data for the purposes of obtaining the Services in compliance with all applicable federal, state, and local privacy laws, rules, and regulations, all as may be amended from time to time. District shall take reasonable precautions to secure usernames, passwords, and any other means of gaining access to the Services and hosted District Data. District shall notify Contractor promptly of any known unauthorized access. District will assist Contractor in any efforts by Contractor to investigate and respond to any unauthorized access.

5. Security Incident and Security Breach

5.1 Security Incident Evaluation. In the event of an Incident, Contractor shall follow industry best practices to fully investigate and resolve the Incident, and take steps to prevent developments that may result in the Incident becoming a Security Breach at Contractor's expense in accordance with applicable privacy laws.

5.2 Response. Within seventy-two (72) hours of becoming aware of a Security Breach, or a complaint of a Security Breach, Contractor shall notify the District Designated Representative in writing as set forth herein, fully investigate the Security Breach, cooperate fully with the District's investigation of and response to the Security Breach, and use best efforts to prevent any further Security Breach at Contractor's expense in accordance with applicable privacy laws.

5.3 Security Breach Report. If the District reasonably determines that Contractor has committed a Security Breach, then the District may request Contractor to submit, within seven (7) calendar days from discovery of such breach, a written report, and any supporting documentation, identifying (i) the nature of the Security Breach, (ii) the steps Contractor has executed to

investigate the Security Breach, (iii) what District Data or PII was used or disclosed, (iv) who or what was the cause of the Security Breach, (v) what Contractor has done or shall do to remediate any deleterious effect of the Security Breach, and (vi) what corrective action Contractor has taken or shall take to prevent a future Incident or Security Breach.

6. Response to Legal Orders, Demands or Requests for Data

6.1 Received by Contractor. Except as otherwise expressly prohibited by law, Contractor shall immediately notify the District of any subpoenas, warrants, or other legal orders, demands or requests received by Contractor seeking District Data; consult with the District regarding its response; cooperate with the District's reasonable requests in connection with efforts by the District to intervene and quash or modify the legal order, demand or request; and, upon the District's request, provide the District with a copy of its response.

6.2 Received by District. If the District receives a subpoena, warrant, or other legal order, demand or request seeking District Data maintained by Contractor, the District will promptly notify Contractor, and within two (2) business days, excluding national holidays, Contractor shall supply the District with copies of the District Data for the District to respond.

6.3 Parent Request. If a parent, legal guardian or student contacts the District with a request to review or correct District Data or PII, pursuant to FERPA, the District will promptly notify Contractor's Designated Representative and Contractor shall use reasonable and good faith efforts to assist the District in fulfilling such requests, as directed by the District, within ten calendar (10) days after receipt of District's notice. Conversely, if a parent, legal guardian or student contacts the Contractor with a request to review or correct District Data or PII, within ten calendar (10) days after receipt of such notice, Contractor shall promptly notify the District and shall use reasonable and good faith efforts to assist the District in fulfilling such requests, as directed by the District.

6.4 Access to District Data. District shall have the right to access and retrieve any or all District Data stored by or in possession of Contractor upon written notice to Contractor's Designated Representative. Contractor shall make the District Data available to the District within seven (7) calendar days from the date of request.

7. Compliance with Applicable Law

7.1. Children's Online Privacy and Protection Act. If Contractor collects personal information (as defined in the Children's Online Privacy and Protection Act of 1998, 5 U.S.C. 6501 to 6505, and its implementing regulations ("COPPA")) from children under thirteen (13) years of age in performing the Services, Contractor warrants, represents, and covenants that such

collection is and shall be for the use and benefit of the District and for no other commercial purpose. Contractor has provided District with written notice of its collection, use, and disclosure practices.

7.2 Compliance with Laws. Contractor warrants that it will abide by all applicable laws, ordinances, rules, regulations, and orders of all governmental agencies or authorities having jurisdiction over the Services including but not limited to: (a) COPPA; (b) FERPA; (c) the Health Insurance Portability and Accountability Act, 45 C.F.R. Part 160.103; (d) the Health Information Technology for Economic and Clinical Health Act, (e) Gramm-Leach-Bliley Financial Modernization Act of 1999, 15 U.S.C. 6809; (f) Payment Card Industry Data Security Standards; (g) Protection of Pupil Rights Amendment, 20 U.S.C. 1232h, 34 C.F.R. Part 98; and (h) Americans with Disabilities Act, and Federal Export Administration Regulations.

7.3 Americans with Disabilities Act. To the extent the District is required to provide accommodations in compliance with the Americans with Disability Act ("ADA"), Contractor will make best efforts to assist the District in providing its Services to End Users pursuant to this Agreement, and will assistance the District in a manner that its system and Services will, at a minimum, conform with all laws, regulations and guidance that apply to accessibility in accordance with the ADA, Section 504 of the Rehabilitation Act of 1973, and the Web Content Accessibility Guidelines (WCAG) 2.0 Level AA guidelines; provided, however, Contractor will have no obligations with respect to such compliance as it relates to any portion of the system and Services provided or developed by the District including District content.

8. Term and Termination

8.1 Term. This Addendum takes effect immediately as of the Effective Date (as defined below) and remains in full force and effect until the successful completion of the Services, unless earlier terminated under Sections 8.2 or 8.3.

8.2 Mutual Termination. The parties may terminate this Addendum by mutual written consent so long as the Contract has lapsed or has been terminated. Otherwise, subject to Section 8.3, this Addendum will automatically terminate without any further action of the parties upon the termination or expiration of the Contract between the parties or successful completion of the Services. Alternatively, upon re-execution of the Contract by the authorized persons of District and Contractor, this Addendum shall also be revived and be of full force and effect.

8.3 Termination for Breach. Either party may immediately terminate this Addendum if such party determines, in its sole discretion, that the other party has breached any of the requirements of this Addendum and after such breaching party has received written notice from the non-breaching party regarding the breach and a ten (10) day opportunity to cure.

9. Data Transfer Upon Termination or Expiration

With the exception of De-identified Data that District has specifically agreed in writing to allow Contractor to use after termination or expiration of this Agreement, or District Data for which Contractor has specifically obtained consent from the parent, legal guardian or student to keep, no later than (30) calendar days after termination or expiration of this Agreement, and after having received written notice from the District requesting, and specifying its preference for, the return or destruction of the District Data, Contractor shall certify in writing that all District Data and PII that Contractor collected, generated or inferred pursuant to the Contract ("Contract Data"), is securely returned or Securely Destroyed, pursuant to Schedule 4 attached hereto.

Contractor shall work closely with such third party transferee to ensure that such transfer/migration uses facilities and methods compatible with the relevant systems of the District or its transferee, and to the extent technologically feasible, that the District will have reasonable access to District Data during the transition. District will pay all costs associated with such transfer. Upon successful transfer of District Data, as confirmed in writing by the District's Designated Representative, Contractor shall Securely Destroy all District Data in accordance with Section 9.1.

District reserves the right to offset any overpayment or disallowance of any item or items at any time under this Agreement by reducing future payments to Contractor. This clause shall not be construed to bar any other legal remedies District may have to recover funds expended by Contractor for disallowed costs.

7. Ownership of Materials.

The District reserves the rights to reproduce the programming in any fashion, or appropriate the contents of the programming, or any portion thereof, to its own use for any and all programs, forms and other materials that Contractor has provided, prepared, or utilized in performance of the terms of this Agreement.

If the public improvements are not in conformance with the applicable requirements, the City Engineer will provide formal notice to the Developer of the need for repair or replacement before the City assumes ownership, operation, and maintenance of them.
12. Until such time as ownership, operation, and maintenance of the public improvements is formally accepted in writing by the City Engineer, their operation and maintenance will be solely the responsibility of the Developer and its successors in interest, if any. This includes locating of pipes in accordance with the requirements of the Gopher State One Call System and plowing of snow for new City streets.
13. Future repairs of public utilities will be completed by the City or their designated contractor. Following excavation for any utility repair on private property, the Developer and its successors in interest are responsible for surface restoration.
14. To the fullest extent permitted by law, the Developer hereby agrees that it will defend, indemnify and hold harmless the City, the City Engineer and all other officers, agents, servants, employees and contractors of the City from and against any and all claims, demands, suits, judgments, costs and expenses (including reasonable attorneys' fees)

arising in any way out of the design and construction of the Development. Upon ten (10) days' notice from any such party, Developer shall appear and defend such party against any action of any kind arising out of this obligation. Provided, however, that nothing herein shall be deemed to require the Developer to indemnify any such party for amounts found by the trier of fact to have arisen solely out of such party's active or intentional negligence or intentional acts. Provided, further, however, that such obligation shall not apply to such liability arising from the ownership, operation and maintenance of the improvements as undertaken by the City.

15. The Developer agrees that it will require that the City Engineer and the City be named as additional insureds on all insurance policies required by the Developer from its engineering consultants as referred to in Paragraph 4 above and from all contractors providing services to the public improvement portions of the Development and will require that certificates of insurance be promptly furnished to the City Engineer evidencing such coverage.
16. Upon completion of the public improvements and acceptance of ownership by the City, Developer warrants for a period of two (2) years that the public improvements shall remain in proper working condition, order and repair as designed and are fit for their intended purpose; and that Developer and its successors in interest shall repair, replace or take other corrective action, at its own expense, for any defective work or material, as determined by the City Engineer. Developer further warrants and shall further repair, replace or take other corrective action for such corrective work for two (2) years after acceptance by the City.
17. Although the City Engineer has the authority to review and approve various plans and specifications for the improvements to be constructed as part of the Development, the City Engineer is not to be considered the project engineer for the purposes of the design or construction of the Development's streets and utilities, and the approval of the City Engineer of the design or construction or both of said streets and utilities shall not be a guaranty of the sufficiency or quality of said streets or utilities or of their compliance with codes applicable to such work. The City Engineer shall not be responsible for any errors or omissions of any kind whatsoever related to the design or construction of such improvements or any damages arising therefrom including consequential damages, whether to the Developer, to its engineering consultant or to any third party. The Developer agrees that, as between itself and the City and the City Engineer, it shall be solely responsible for any liability arising out of the design and construction of such improvements.
18. The Developer agrees, that upon written notice from the City Engineer, it shall, at its own expense, make repairs to damaged public streets, alleys and sidewalks where such damage is due to Developer's use of the road for hauling of materials, or due to the contractor's construction practices. The Developer shall repair such damage in a good and workmanlike manner as so that it is acceptable to the City Engineer. Any pavement repairs shall be completed prior to final acceptance of any public improvements by the

City, but in no event later than sixty (60) days after written notice from the City Engineer, weather permitting.

19. This Memorandum of Understanding may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

(E) **Construction; Venue.** This Agreement shall be governed by and performed in accordance with the laws of the State of Minnesota, without giving effect to its conflicts of law provisions. ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, ICS Consulting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through your DocuSign, Inc. (DocuSign) Express user account. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to these terms and conditions, please confirm your agreement by clicking the 'I agree' button at the bottom of this document.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. For such copies, as long as you are an authorized user of the DocuSign system you will have the ability to download and print any documents we send to you through your DocuSign user account for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. To indicate to us that you are changing your mind, you must withdraw your consent using the DocuSign 'Withdraw Consent' form on the signing page of your DocuSign account. This will indicate to us that you have withdrawn your consent to receive required notices and disclosures electronically from us and you will no longer be able to use your DocuSign Express user account to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through your DocuSign user account all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, ICS Consulting (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through your DocuSign, Inc. (DocuSign) Express user account. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to these terms and conditions, please confirm your agreement by clicking the 'I agree' button at the bottom of this document.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. For such copies, as long as you are an authorized user of the DocuSign system you will have the ability to download and print any documents we send to you through your DocuSign user account for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. To indicate to us that you are changing your mind, you must withdraw your consent using the DocuSign 'Withdraw Consent' form on the signing page of your DocuSign account. This will indicate to us that you have withdrawn your consent to receive required notices and disclosures electronically from us and you will no longer be able to use your DocuSign Express user account to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through your DocuSign user account all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact ICS Consulting:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:

To contact us by email send messages to: karin.borowicz@ics-consult.com

To advise ICS Consulting of your new e-mail address

To let us know of a change in your e-mail address where we should send notices and disclosures electronically to you, you must send an email message to us at karin.borowicz@ics-consult.com and in the body of such request you must state: your previous e-mail address, your new e-mail address. We do not require any other information from you to change your email address..

In addition, you must notify DocuSign, Inc to arrange for your new email address to be reflected in your DocuSign account by following the process for changing e-mail in DocuSign.

To request paper copies from ICS Consulting

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an e-mail to karin.borowicz@ics-consult.com and in the body of such request you must state your e-mail address, full name, US Postal address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with ICS Consulting

To inform us that you no longer want to receive future notices and disclosures in electronic format you may:

- i. decline to sign a document from within your DocuSign account, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;
- ii. send us an e-mail to karin.borowicz@ics-consult.com and in the body of such request you must state your e-mail, full name, IS Postal Address, telephone number, and account number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..
