ROBBINSDALE
Area Schools

2025-2026 A2 Strategic Theme Priority:

Implement with fidelity an effective teaching framework focused on student engagement and purpose.

ROBBINSDALE
Area Schools

Danielson Group Framework for Teaching

- Robbinsdale Area Schools uses *Danielson Group Framework for Teaching* as the district's framework and for the teacher evaluation process
- The framework provides a roadmap for effective tier one instruction
- Focused on adult behavior and adult actions within teaching and learning

ROBBINSDALE
Area Schools

Danielson Group Framework for Teaching

Framework tool broken down into a rubric with four domains, 22 components and 76 indicators.

The four main domains are:

- Planning and Preparation
- Learning Environments
- Learning Experiences
- Principled Teaching

ROBBINSDALE
Area Schools

Teacher Development and Evaluation

MN Teacher Development and Evaluation Statute 122A.40 requires:

- Probationary teachers are evaluated three times annually
- Continuing contract teachers have a summative evaluation every three years

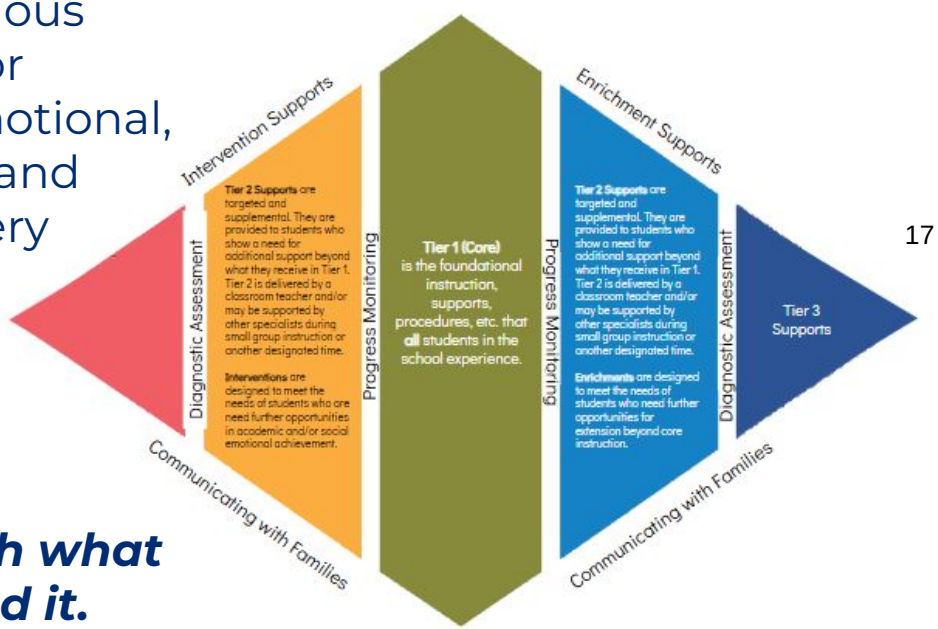
Quality Compensation (Q-Comp), also known as MN Alternative Teacher Professional Pay System (ATPPS) is driven by MN Statute 122A:414:

- Voluntary program designed to improve student achievement by enhancing teacher performance
- Includes professional development, teacher evaluation, and performance pay for teachers
- Rdale has implemented the Danielson Group Framework for Teaching as it's evaluation tool

ROBBINSDALE
Area Schools

Rdale MTSS: Multi-Tiered System of Support

MTSS is a systemic, continuous improvement framework for ensuring positive social, emotional, behavioral, developmental and academic outcomes for every student.



Providing all students with what they need, when they need it.

ROBBINSDALE
Area Schools

MTSS: Tier One

Core universal instruction, supports, and procedures:

- Standards-based
- Differentiated
- Culturally & Linguistically Responsive

Whole student, whole school.

- Academics
- Student Engagement & Empowerment
- Relationships
- Environment

ROBBINSDALE
Area Schools

Danielson Framework & Effective Tier One Instruction

Domain 1: Planning & Preparation

- Tier One instruction must be aligned with core academic during the planning phase.

Domain 2: Learning Environments

- Creating respectful and affirming environments that are purposeful support universal student success.

Domain 3: Learning Experience

- Engaging Students in Learning is a primary method for delivering high-quality Tier One instruction.

Domain 4: Principled Teaching

- Engaging Families and Communities and Acting in Service of Students builds the relational foundation of MTSS.

ROBBINSDALE
Area Schools

Framework Implementation

Professional Learning

- Q-Comp peer coaches receive extensive training on the components and coaching techniques
- Presentations to all teachers during back to school workshop in August 2025
- Administrators and Professional Learning Community (PLC) teacher leads attended training together around supporting effective PLCs in buildings
- Interrater reliability professional learning for administrators conducting teacher evaluations

ROBBINSDALE
Area Schools

Framework Implementation

Professional Learning Community training included:

- Building capacity around Tier One instruction and data cycles.
- Collaborating with principals to align PLC work with School Improvement Plans (SIP).

Interrater reliability professional learning for administrators focused on:

- Domain 2: Learning Environments
- Domain 3: Learning Experiences

Effective implementation and evaluation ensures fidelity of our MTSS framework.

ROBBINSDALE
Area Schools

Next Steps:

- Increase student achievement and strengthen MTSS framework by building capacity at sites around tier one instruction, data cycles, intervention tools, and coaching support.

- Increase collaboration with human resources, administrators, and Q-Comp to ensure effective implementation of teacher development and evaluation program.

- Establish a team of teachers and administrators to create recommendations for instructional framework implementation.

Re: BP #2 MLE and BP #3 FAIR C Bid Award Recommendation

Background
Some of the measures being taken this year to improve safety and security include security improvements to main entrances at some of our sites. Meadow Lake and FAIR Crystal are two of the sites where entrance security improvements have been designed and bid.

Proposals
The security improvements for these sites include measures to control routing of visitors, improvements to door access controls and card readers, improvements to cameras, intercoms and door controls.

Bid Package #2 is the Meadow Lake Secured Entrance project: creating a secured entrance into main office by adding a door from the vestibule into the office, which involves a minor remodel of the principal's and receptionist area, adding an additional door from the office into the school building, adding door access control/card readers, camera improvements, intercom and door control improvements, with adjustments to sprinklers, lighting, and HVAC as needed.

Bid Package #3 is the FAIR Crystal Secured Entrance project: creating a secured entrance into the main office by expanding the vestibule and adding a door from the vestibule into the office, moving a classroom door, adding door access control/card readers, camera improvements, intercom and door control improvements, with adjustments to sprinklers, lighting, and HVAC as needed.

Recommendation
The security improvements as designed have been reviewed and approved by the district safety and security team. We recommend moving forward with an approval for the security improvements to Meadow Lake as designed and bid. We recommend moving forward with an approval for the security improvements to FAIR Crystal as designed and bid, pending the City of Crystal City Council CUP approval on April 21, 2026.

Bids received are trending higher than anticipated. Based on contractor feedback and market analysis, several key factors contributed to this outcome:

- **Compressed procurement timeline** – Last Fall the district was in a unique situation due to advancing multiple efforts simultaneously, including facility improvements planning, S.O.D school consolidation discussions, and Vision 2030 planning, which delayed final LTFM scope selection. District selection of 2026 LTFM scope was not finalized until December 2025. This forced design completion and bidding to take place in April 2026. This is suboptimal market window for bidding due to many contractor's summer resources already being scheduled.
- **Accelerated construction schedule** – The requirement to complete Sandburg kitchen/cafeteria work within the summer window introduced schedule risk, which contractors addressed accordingly with overtime labor.
- **Market capacity constraints** – Many qualified contractors are at or near full workload, resulting in premium pricing to secure resources.

The schools were combined into one single bid package, rather than split out, to maximize contractor interest and competitiveness – bundling the work was intended to attract a broader pool of bidders by offering a larger, more efficient project opportunity, which can typically result in more competitive pricing. We can request from the awarded contractors a bid breakdown of costs by project or building allowing the district to understand cost distribution. This would give the district post-bid options by allowing the district to delete or defer specific scopes, if needed, and rebid those portions at a later date without losing overall project momentum.

How does this impact future LTFM projects?

- Forthcoming LTFM projects will be approved by late summer to allow bidding to occur during the ideal window to access a more competitive contractor pool and avoid premium pricing. Provided upcoming projects are bid earlier in the cycle, we expect budgets to remain better aligned.
- Ongoing financial oversight – We will continue to monitor overall program performance and revisit Long-Term Facilities Maintenance (LTFM) budgets as needed, making targeted adjustments if warranted.
- The district does have flexibility in annual LTFM expenditures to accommodate market variations

Lastly, there is no financial gain to Nexus for cost overruns. Nexus does not earn additional compensation when project costs exceed budget. Nexus' services are provided under a fixed fee based on budgets, meaning compensation is established upfront and does not increase based on bid results or project cost escalation.

Re: Moving Services for 2026–2027 School Closures

In preparation for the planned building closures for the 2026–2027 school year, the District solicited moving service quotes from qualified vendors to support the relocation of furniture, equipment, and instructional materials. Proposals were received from BRG Office Movers and Bester Bros on April 10, 2026.

The submitted quotes reflect the scope and complexity of each site's relocation needs. Cost estimates are summarized below:

- **Highview**
  BRG Office Movers: $28,890.00
  Bester Bros: $27,000 – $31,500
- **FAIR – Crystal**
  BRG Office Movers: $28,890.00
  Bester Bros: $28,000 – $32,500
- **Noble Elementary**
  BRG Office Movers: $95,360.00
  Bester Bros: $38,900 – $44,900
- **Sonnesyn Elementary**
  BRG Office Movers: $126,730.00
  Bester Bros: $45,700 – $51,700
- **Robbinsdale Middle School**
  BRG Office Movers: $299,102.50
  Bester Bros: $110,000 – $127,000

With consideration given to cost efficiency, vendor experience, service scope, and project timeline requirements administration is recommending Bester Bros.

Recommended Action:
Approval is requested for the administration to proceed with vendor selection to ensure timely and efficient building transitions aligned with the 2026–2027 school year implementation plan.

Re: Arctic Wolf Managed Detection and Response Renewal

Overview
The purpose of this memo is to provide additional information related to the subscription renewal for Arctic Wolf, our managed detection and response (MDR) service.

MDR Services
An MDR solution is a comprehensive set of tools and services designed to provide monitoring, analysis, response and containment to threat activity 24 hours per day. It is usually staffed by an external company that works in partnership with the school district to reduce threat possibilities, monitor systems, and provide expertise and advice on responding to unusual activity.

Arctic Wolf And Robbinsdale Area Schools
The information below provides details about our use and history with an MDR service.

- The MDR service from Arctic Wolf was initially purchased in spring of 2023 to begin use in the 2023-2024 school year.
- Our service includes threat detection on all workstations and servers, logfile monitoring from critical internal systems and cloud-hosted platforms, cybersecurity training for all staff on a monthly basis, monthly security meetings, and detection and response on a 24 x 7 basis.
- The use of an MDR solution is recommended by both cybersecurity insurance companies as well as cybersecurity frameworks used to determine the health of an organization's efforts to address security in a comprehensive manner.
- The MDR team investigates an average of 100 incidents per month, with about 90 receiving tickets that require action on our part.
- The cost of Arctic Wolf renewal is budgeted within the technology levy.
- The quote is from a cooperative purchasing agreement with Sourcewell.
- The cost difference from last year's amount represents a $343.56 dollar increase.

Summary Points

- By partnering with an MDR provider, we are gaining deep cybersecurity expertise, constant monitoring and analysis, threat containment capabilities, assistance in incident response, and undivided attention to anomalies that need immediate investigation.
- These tools and services are in addition to what our internal team provides related to cybersecurity. By having an external partner working at all hours, our internal team can focus time and attention on the other support needs of our students, staff and community.

DRAFT

To: **Members of the School Board**
From: **Amy O'Hern, Executive Director of Human Resources**
Date: **April 20, 2026**
Re: **Tentative Agreement - Nutrition Services**

RECOMMENDATION:
District Administration is recommending the approval of a two-year Nutrition Services contract with effective dates of July 1, 2025 through June 30, 2027. The following items have been discussed with both parties.

Financial Package
The salary increase for 2025-2026 will be 2.5%.
The salary increase for 2026-2027 will be 2.5%.
Salary increase will be retroactive back to July 1, 2025.
There will be a $50/month increase to insurance benefits starting in January 2026.

Non-Economics
The articles in red are revisions to the contract. The language that is stuck will be removed from the contract.

5-1 Emergency Closings:

When schools are closed due to inclement weather, or other unforeseen circumstances such as mechanical failure, the district will implement an "e-learning day". Early dismissal/ staggered release days allow staff to leave the building once their supervision of students has ended. Managers must report if there is a delivery.

~~When schools are closed due to inclement weather or other circumstances, nutrition services employees will not report for work unless otherwise notified by the Nutrition Services Program Director. Five times per school year under such circumstances employees who are unable to report to work will be entitled to draw sick day pay to make up for the lost day's pay. For those employees who do show up for work and a snow day is called, they shall be paid a minimum of two (2) hours or actual hours worked if more than two (2) hours. A nutrition services employee will be paid no more than the number of hours normally worked each day. The maximum number of days covered by this provision will be five days.~~

~~If schools are closed due to a catastrophic event or by the School Board for any other emergency and nutrition services employees are told not to report to work by the Nutrition Services Program Director they will be entitled to draw sick day pay to make up for the lost days up to a maximum of 15 days.~~

5-2 Holidays:

Add: Thursday of MEA
Remove: ~~Easter Monday~~
All floating holidays will be used during winter or spring break.

6-3 Bereavement:

Extended Travel: Any Nutrition Service Employee who travels more than 2,000 miles one way for the purpose of a bereavement will be granted up to two additional unpaid days of leave per occurrence.

6-3 Extended Leave

Allowable extended leaves of absence are defined under FMLA (Family Medical Leave Act) and starting January 1, 2026, Minnesota Paid Family Leave, established under Minnesota Statutes, Chapter 268B. FMLA (Family Medical Leave Act) and Minnesota Paid Family Leave will run concurrently.

6-5 Personal Leave:

6-5-1 Nutrition Service employees who work 231 days will receive an additional three (3) personal days and are not bound by the summer sick leave incentive program.

7-6 Training, Conventions and Seminars:

The district will pay the following fees or provide reimbursement for Nutrition Services employees.Any Nutrition Service employee who is required, and has received prior approval, to receive training for their position will be paid their normal rate of pay during that training. To receive reimbursement, employees must submit their request and required documentation to the Nutrition Services Program Director. Failure to submit the completed applications or necessary paperwork to the Nutrition Services Program Director will result in the employee being solely responsible for the following fees.

District 287 Long-Term Facilities Maintenance (LTFM) 10 Year Plan – 2027-28 Notes and Talking Points

April 9, 2026

Author

Scott LeSage, Director of Finance

Background

- This is the beginning of the LTFM approval process. Our costs will go on member district 2027 levies and fund expenses in FY28 or future year projects (funds are held in a restricted reserve for LTFM project costs if unspent) – this is done early due to timing of levy process.
- Since intermediate districts do not have a dollar limit in statute, District 287 & BDAC have agreed to maintain a stable levy amount (approx. $6.2M) between our combined LTFM levy and lease levy as a limit.
    - This helps keep a stable and consistent levy for member district taxpayers
    - Allows District 287 the flexibility to increase LTFM funds when our lease levy decreases, which occurred in FY27. If we need additional lease levy funds in the future, we would reduce our LTFM levy to continue to maintain a stable levy amount for member districts.
    - District 287 gets a funding source to maintain aging buildings while giving member districts a neutral impact to their budgets.
- The proportionate share allocated to member districts is determined using 1/3rd APU's and 2/3rds on a 3-year weighed program usage formula.
- The 2022A Bond proceeds are expected to be fully spent down in FY27.

FY28 & Future Expenditure Plan Details

- FY28 Estimated Health and Safety Expenditures - $170,316
- FY28 Deferred Maintenance Expenditures - $810,000 SEC Geothermal System & Parking Lot (projects in excess of current year revenue will be financed from the restricted reserve)
- FY28 Debt Service Payments on - $781,620
    - 2017B Facilities Maintenance Bonds – used to renovate Ann Bremer Education Center
    - 2022A Facilities Maintenance Bonds – used for multiple projects throughout the district (roofing, HVAC, boilers, lighting, parking lots, windows and foundations)
- Future projects over the next 2 to 5 years include roof replacement at NEC and DSC, update building automation systems at WEC and DSC, district wide parking lot replacement/maintenance/sealcoating, and HVAC unit replacement at WEC.

Approval Process

- District 287 School Board approved the 10 Year Application and Member District Allocation on April 9, 2026.
- Each member district school board will act (approve a LTFM resolution) on including their proportionate share of District 287's 10 Year Plan in their Long-Term Facilities Maintenance Levy.
- By July 31, 2026, all 12 board approvals and supporting documents must be submitted to MDE.

Re: **Step Three Grievance**

The school board is in receipt of a Step 3 grievance filed on behalf of custodian pursuant to the grievance procedure contained in the collective bargaining agreement between the District and the custodial bargaining unit ("CBA"). The Union has requested that the School Board meet to discuss the grievance and seek resolution.

The grievance alleges that the District failed to follow progressive discipline by issuing discipline without prior coaching after a concern was raised.
Upon review, the District maintains that the actions taken were appropriate and supported by the circumstances.

Documentation demonstrates repeated and significant concerns regarding the employee's failure to meet established work expectations. These include extended periods of non-productive time during scheduled work hours, leaving the worksite without notification or approval, failure to adhere to assigned shift times, and remaining on site outside of scheduled hours without authorization. These expectations are clearly outlined in the Facilities and Operations Handbook and are essential to maintaining operational efficiency, accountability, and building security.

Given the nature, frequency, and severity of these concerns, the District determined that progressing beyond informal coaching was warranted and consistent with its management rights.

In accordance with the grievance procedure language, the School Board may elect to hold a hearing or refer the matter to the next step within fifteen (15) days. Based on the thorough review already conducted and the sufficiency of the written record, the District recommends that the School Board refer the grievance to the next step of the procedure and not schedule a hearing.

Please let me know if additional information or clarification is needed.

535.1 – 535 POLICY ~~ADMINISTRATIVE PROCEDURE~~ - SERVICE ANIMALS IN SCHOOLS

I. PURPOSE

The purpose of this ~~administrative procedure is to implement Policy 535 and~~ policy is to establish parameters for the use of service animals by students, employees, and visitors within school buildings and on school grounds.

II. GENERAL STATEMENT OF ADMINISTRATIVE PROCEDURE

Individuals with disabilities shall be permitted to bring their service animals into school buildings or on school grounds in accordance with, and subject to, this administrative procedure.

III. DEFINITIONS

A. Handler

A "handler" is an individual with a disability who uses a service animal. In the case of an individual who is unable to care for and supervise the service animal for reasons such as age or disability, "handler" means the person who cares for and supervises the animal on that individual's behalf. School district personnel are not responsible for the care, supervision, or handling responsibilities of a service animal.

B. Service Animal

A "service animal" is a dog (regardless of breed or size) or miniature horse that is individually trained to perform "work or tasks" for the benefit of an individual with a disability, including an individual with a physical, sensory, psychiatric, intellectual, or mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals. Service animals are working animals that perform valuable functions; they are not pets. The work or tasks performed by the service animal must be directly related to the individual's disability. An animal accompanying an individual for the sole purpose of providing emotional support, therapy, comfort, or companionship is not a service animal.

C. Trainer

A "trainer" is a person who is training a service animal and is affiliated with a recognized training program for service animals.

D. Work or Tasks

1. "Work or tasks" are those functions performed by a service animal.

2. Examples of "work or tasks" include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing non-violent protection or rescue work, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine or the telephone, providing physical support and assistance with balance and stability to individuals with mobility disabilities, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors.

3. The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship are not "work or tasks" for the purposes of this administrative procedure.

IV. ACCESS TO PROGRAMS AND ACTIVITIES; PERMITTED INQUIRIES

A. In general, handlers (i.e., individuals with disabilities or trainers) are permitted to be accompanied by their service animals in all areas of school district properties where members of the public, students, and employees are allowed to go. A handler has the right to be accompanied by a service animal whenever and to the same extent that the handler has the right: (a) to be present on school district property or in school district facilities; (b) to attend or participate in a school- sponsored event, activity, or program; or (c) to be transported in a vehicle that is operated by or on behalf of the school district.

B. It is an unfair discriminatory practice to prohibit ~~a~~ person with a disability from taking a service animal into the public place or conveyance to aid persons with disabilities, and if the service animal is properly harnessed or leashed so that the person with a disability may maintain control of the service animal.

C. The school district shall not require a person <u>with a disability</u> to make an extra payment or pay an additional charge when taking a service animal into any school district building.

D. When an individual with a disability brings a service animal to a school district property, school district employees shall not ask about the nature or extent of a person's disability, but may make the following two inquiries to determine whether the animal qualifies as a service animal:

1. Is the service animal required because of a disability; and

2. What work or tasks is the service animal trained to perform.

E. School district employees shall not make these inquiries of an individual with a disability bringing a service animal to school district property when it is readily apparent that an animal is trained to do work or perform tasks for an individual with a disability. However, school district employees may inquire whether the individual with a disability

has completed and submitted the request form described in Part VI., below.

F. An individual with a disability may not be required to provide documentation such as proof that the animal has been certified, trained, or licensed as a service animal.

V. REQUIREMENTS FOR ALL SERVICE ANIMALS

A. The service animal must be required for the individual with a disability.

B. The service animal must be individually trained to do work or tasks for the benefit of the individual with a disability.

C. A service animal must have a harness, leash, or other tether, unless either the handler is unable, because of a disability, to use a harness, leash, or other tether, or the use of a harness, leash, or other tether would interfere with the service animal's safe, effective performance of work or tasks, in which case, the service animal must be otherwise under the handler's control (e.g., voice control, signals, or other effective means).

D. The service animal must be housebroken.

E. The service animal must be under the control of its handler at all times. The handler is responsible for the care and supervision of a service animal, including walking the service animal, feeding the service animal, grooming the service animal, providing veterinary care to the service animal, and responding to the service animal's need to relieve itself, including the proper disposal of the service animal's waste.

F. The school district is not responsible for providing a staff member to walk the service animal or to provide any other care or assistance to the animal.

G. In the case of a student who is unable to care for and/or supervise his or her service animal, the student's parent/guardian is responsible for arranging for such care and supervision. In the case of an employee or other individual who is unable to care for and/or supervise his or her service animal, the employee or other individual's authorized representative is responsible for arranging for a service animal's care and supervision.

H. The service animal must be properly licensed and vaccinated in accordance with applicable state laws and local ordinances.

VI. REQUESTING THE USE OF A SERVICE ANIMAL AT SCHOOL

A. Students with a disability seeking to be accompanied by a service animal are requested to submit the Approval Request Form to the building principal of the school the student attends. The principal will notify the superintendent or the administrator designated with responsibility to address such requests. School district employees seeking to be accompanied by a service animal are requested to submit the Approval Request Form to the superintendent or the administrator designated with responsibility to address such requests.

B. Students or employees seeking to bring a service animal onto district premises are requested to identify whether the need for the service animal is required because of a disability and to describe the work or tasks that the service animal is trained to perform.

C. The Americans with Disabilities Act (ADA) does not give employees a right to bring service animals to work on School District Property. Rather, an employee's request for use of a service animal shall be considered on a case-by-case basis, pursuant to the legal standard applicable to reasonable accommodation of an employee who is a qualified individual with a disability, in order for the employee to perform the essential functions of his/her position or to enjoy the benefits in a manner comparable to similarly situated, non-disabled employees. The determination as to whether a request constitutes a reasonable accommodation shall include a determination as to whether use of the service animal would pose an undue hardship.

D. Requests from district employees must be submitted to the Executive Director of Human resources. No student or employee may bring a service animal onto district property or to a district sponsored event without prior written approval of the appropriate administrators.

E. The owner of the service animal shall provide written evidence that the service animal has received all vaccinations required by state law or local ordinance.

VII. REMOVAL OR EXCLUSION OF A SERVICE ANIMAL

A. A school official may require a handler to remove a service animal from school district property, a school building, or a school-sponsored program or activity, if:

1. Any of the requirements described in Part V., above, are not met.

2. The service animal is out of control and/or the handler does not effectively control the animal's behavior;

3. The presence of the service animal would fundamentally alter the nature of a service, program or activity; or

4. The service animal behaves in a way that poses a direct threat to the health or safety of others, has a history of such behavior, or otherwise poses a significant health or safety risk to others that cannot be eliminated by reasonable accommodations.

B. If the service animal is properly excluded, the school district shall give the individual with a disability the opportunity to participate in the service, program, or activity without the service animal, unless such individual has violated a law or school rule or regulation that would warrant the removal of the individual.

VIII. ADDITIONAL LIMITATIONS FOR MINIATURE HORSES

In assessing whether a miniature horse may be permitted in a school building or on school grounds as a service animal, the following factors shall be considered:

A. The type, size, and weight of the miniature horse and whether the facility can accommodate these features;

B. Whether the handler has sufficient control of the miniature horse;

C. Whether the miniature horse is housebroken; and

D. Whether the miniature horse's presence in a specific building or on school grounds compromises legitimate health and safety requirements.

IX. ALLERGIES; FEAR OF ANIMALS

If a student or employee notifies the school district that he or she is allergic to a service animal, the school district will balance the rights of the individuals involved. In general, allergies that are life threatening are not a valid reason for prohibiting the presence of a service animal. Fear of animals is generally not a valid reason for prohibiting the presence of a service animal.

X. NON-SERVICE ANIMALS FOR STUDENTS WITH INDIVIDUALIZED EDUCATION PROGRAMS (IEPS) OR SECTION 504 PLANS

If a special education student or a student with a Section 504 plan seeks to bring an animal onto school property that is not a service animal, the request shall be referred to the student's IEP team or Section 504 team, as appropriate, to determine whether the animal is necessary for the student to receive a free appropriate public education (FAPE) or, in the case of a Section 504 student, to reasonably accommodate the student's access to the school district's programs and activities.

XI. NON-SERVICE ANIMAL AS AN ACCOMMODATION FOR EMPLOYEES

If an employee seeks to bring an animal onto school property that is not a service animal, the request shall be referred to the superintendent or the administrator designated to handle such requests. A school district employee who is a qualified individual with a disability will be allowed to bring such animal onto school property when it is determined that such use is required to enable the employee to perform the essential functions of his or her position or to enjoy the benefits of employment in a manner comparable to those similarly situated non-disabled employees.

XII. LIABILITY

A. The owner of the service animal or non-service animal is responsible for any harm or injury to an individual and for any property damage caused by the service animal while on school district property.

B. An individual who, directly or indirectly through statements or conduct, intentionally misrepresents an animal in that person's possession as a service animal may be subject to criminal liability.

703 POLICY - ANNUAL AUDIT

I. PURPOSE

The purpose of this policy is to provide for an annual audit of the books and records of the school district in order to comply with law, to provide a permanent record of the financial position of the school district, and to provide guidance to the school district to correct any errors and discrepancies in its practices.

II. GENERAL STATEMENT OF POLICY

The policy of this school district is to comply with all laws relating to the annual audit of the books and records of the school district.

III. REQUIREMENT

A. The school board shall appoint independent certified public accountants to audit, examine, and report upon the books and records of the school district. The school board may enter into a contract with a person or firm to provide the agreed upon services.

B. After the close of each fiscal year, the books, records, and accounts of the school district shall be audited by said independent certified public accountants in accordance with applicable standards and legal requirements. The superintendent and members of the administration shall cooperate with the auditors.

C. The school district shall, prior to September 15 of each year, submit unaudited financial data for the preceding year to the Minnesota Commissioner of Education (Commissioner) on forms prescribed by the Commissioner. The report shall also include those items required by ~~Minn. Stat. §~~ Minnesota Statutes section 123B.14, , subdivision ~~Subd~~. 7.

D. The school district shall, prior to November 30 of each year, provide to the Commissioner audited financial data for the preceding fiscal year. The school district shall, prior to December 31 of each year, provide to the Commissioner and the State Auditor an audited financial statement in a form that will allow comparison with and correction of material differences in the unaudited data. The audited financial statement must also provide a statement of assurance pertaining to compliance with uniform financial accounting and reporting standards and a copy of the management letter submitted to the school district by its auditor.

E. The audit must be conducted in compliance with generally accepted governmental auditing standards, the Federal Single Audit Act, and the Minnesota Legal Compliance Guide for School Districts issued by the Office of the State Auditor.

F. The school board must approve the audit report by resolution or require a further or amended report.

G. The administration shall report to the school board regarding any actions necessary to correct any deficiencies or exceptions noted in the audit.

H. The accounts and records of the school district shall also be subject to audit and inspection by the State Auditor to the extent provided in Minnesota Statutes chapter 6.

704 POLICY - DEVELOPMENT AND MAINTENANCE OF AN INVENTORY OF FIXED ASSETS AND A FIXED ASSET ACCOUNTING SYSTEM

I. PURPOSE

The purpose of this ~~administrative procedure~~ policy is to provide for the development and maintenance of an inventory of the fixed assets of the school district and the establishment and maintenance of a fixed asset accounting system.

II. GENERAL STATEMENT OF ADMINISTRATIVE PROCEDURE

The ~~administrative procedure~~ policy of the school district is that a fixed asset accounting system and an inventory of fixed assets be developed and maintained.

III. DEVELOPMENT OF INVENTORY AND ACCOUNTING SYSTEM

The superintendent or such other school official as designated by the superintendent or the school board shall be responsible for the development and maintenance of an inventory of the fixed assets of the school district and for the establishment and maintenance of a formal fixed asset accounting system.

The accounting system shall be operated in compliance with the applicable provisions of the Uniform Financial Accounting and Reporting Standards for Minnesota School Districts (UFARS) with a capitalization level that equals or exceeds $5,000. Group purchases for technology, furniture, or other equipment that is purchased as a per quantity that otherwise may be below the individual item threshold, the total threshold is $25,000.

In addition, the inventory shall specify the location of all continued abstracts showing the conveyance of the property to the school district; certificates of title showing title to the property in the school district; title insurance policies; surveys; and other property records relating to the real property of the school district.

IV. REPORT

The administration shall annually update the property records of the school district and provide an inventory of fixed assets as part of the annual school district audit.

705 POLICY - INVESTMENTS

~~This procedure applies to all investments of surplus funds of the school district, regardless of the fund accounts in which they are maintained, unless certain investments are specifically exempted by the school board through formal action. These will clarify the school district's intentions regarding the investment of the OPEB Trust.~~

I. PURPOSE

The purpose of this policy is to establish guidelines for the investment of school district funds.

II. GENERAL STATEMENT OF POLICY

The policy of this school district is to comply with all state laws relating to investments and to guarantee that investments meet certain primary criteria.

III. SCOPE

This policy applies to all investments of the surplus funds of the school district, regardless of the fund accounts in which they are maintained, unless certain investments are specifically exempted by the school board through formal action.

IV. AUTHORITY; OBJECTIVES

A. ~~The funds of the school district shall be deposited or invested in accordance with Robbinsdale Area Schools Policy 705, and District administrative procedures~~. The funds of the school district shall be deposited or invested in accordance with this policy, Minnesota Statutes, chapter 118A and any other applicable law or written administrative procedures.

B. The primary criteria for the investment of the funds of the school district, in priority order, are as follows

1. Safety and Security

Safety of principal is the first priority. The investments of the school district shall be undertaken in a manner that seeks to ensure the preservation of the capital in the overall investment portfolio.

2. Liquidity

The funds shall be invested to assure that funds are available to meet immediate payment requirements, including payroll, accounts payable and debt service.

3. Return and Yield

The investments shall be managed in a manner to attain a market rate of return through various economic and budgetary cycles, while preserving and protecting the capital in the investment portfolio and taking into account constraints on risk and cash flow requirements.

II. DELEGATION OF AUTHORITY

A. The ~~Executive Director of Business Services~~ Chief Financial Officer of the school district is designated as the investment officer of the school district and is responsible for investment decisions and activities under the direction of the school board. The investment officer shall operate the school district's investment program consistent with ~~the District's Investment~~ this policy ~~and the related administrative procedures~~. The investment officer may delegate certain duties to a designee or designees, but shall remain responsible for the operation of the program.

B. All officials and employees that are a part of the investment process shall act professionally and responsibly as custodians of the public trust, and shall refrain from personal business activity that could conflict with the investment program or which could reasonably cause others to question the process and integrity of the investment program. The investment officer shall avoid any transaction that could impair public confidence in the school district.

III. STANDARD OF CONDUCT

The standard of conduct regarding school district investments to be applied by the investment officer shall be the "prudent person standard." Under this standard, the investment officer shall exercise that degree of judgment and care, under the circumstances then prevailing, that persons of prudence, discretion and intelligence would exercise in the management of their own affairs, investing not for speculation and considering the probable safety of their capital as well as the probable investment return to be derived from their assets. The prudent person standard shall be applied in the context of managing the overall investment portfolio of the school district. The investment officer, acting in accordance with these procedures and exercising due diligence, judgment and care commensurate with the risk, shall not be held personally responsible for a specific security's performance or for market price changes. Deviations from expectations shall be reported in a timely manner and appropriate actions shall be taken to control adverse developments.

IV. MONITORING AND ADJUSTING INVESTMENTS

The investment officer shall routinely monitor existing investments and the contents of the school district's investment portfolio, the available markets and the relative value of competing investment instruments.

V. INTERNAL CONTROLS

The investment officer shall establish a system of internal controls which shall be documented in writing. The internal controls shall be annually reviewed for compliance by the school district's independent auditors. The internal controls shall be designed to prevent and control losses of

public funds due to fraud, error, misrepresentation, unanticipated market changes or imprudent actions by officers, employees or others. The internal controls may include, but shall not be limited to, provisions relating to controlling collusion, separating functions, separating transaction authority from accounting and record keeping, custodial safekeeping, avoiding bearer form securities, clearly delegating authority to applicable staff members, limiting securities losses and remedial action, confirming telephone transactions in writing, supervising and controlling employee actions, minimizing the number of authorized investment officials, and documenting transactions and strategies.

VI. PERMISSIBLE INVESTMENT INSTRUMENTS

The school district may invest its available funds in those instruments specified in ~~Minn. Stat~~. §§ Minnesota Statutes, section 118A.04 and 118A.05, as these sections may be amended from time to time, or any other law governing the investment of school district funds. The assets of an Other Postemployment Benefits (OPEB) trust or trust account established pursuant to ~~Minn. Stat.~~ § Minnesota Statutes, section 471.6175 to pay postemployment benefits to employees or officers after their termination of service with a trust administrator other than the Public Employees Retirement Association, may be invested in instruments authorized under ~~Minn. Stat. Ch.~~ Minnesota Statutes, chapter 118A or ~~§~~ Minnesota Statutes, section 356A.06, ~~Subd~~. subdivision 7. Investments of funds in an OPEB trust account under Minnesota Statutes, section 356A.06, subdivision 7, as well as the overall asset allocation strategy for OPEB investments, shall be governed by an OPEB Investment Policy Statement (IPS) developed between the investment officer, as designated herein, and the trust administrator.

VII. PORTFOLIO DIVERSIFICATION; MATURITIES (NON-OPEB)

A. Limitations on instruments, diversification and maturity scheduling shall depend on whether the funds being invested are considered short-term or long-term funds. All funds shall normally be considered short-term except those reserved for building construction projects or specific future projects and any unreserved funds used to provide financial-related managerial flexibility for future fiscal years.

B. The school district shall diversify its investments to avoid incurring unreasonable risks inherent in over-investing in specific instruments, or maturities.

1. No more than 5% will be invested in the securities of a single issuer. The following investments are exempt from diversification restrictions: Securities of the U.S. Government, Money Market Mutual Funds (meeting the conditions of SEC rule 2a-7), Local Government Investment Pools and Deposits. Due to the fluctuations in the value of the portfolio, maximum percentages for a particular issue or investment type may be exceeded at a point in time subsequent to the purchase or maturity of a particular security. Securities need not be liquidated to realign the portfolio; however, consideration should be given to this matter when future purchases are made.

2. Investment maturities shall be scheduled to coincide with projected school district cash flow needs, taking into account large routine or scheduled expenditures, as well as anticipated receipt dates of anticipated revenues. Maturities for short-term and long-term investments shall be timed according to anticipated need. Within these parameters, portfolio maturities shall be staggered to avoid undue

concentration of assets and a specific maturity sector. The maturities selected shall provide for stability of income and reasonable liquidity. Because of the inherent difficulties in accurately forecasting cash flow requirements, a portion of the portfolio should be continuously invested in readily available funds such as local government investment pools and/or money market funds to ensure that appropriate liquidity is maintained to meet ongoing obligations.

VIII. COMPETITIVE SELECTION OF INVESTMENT INSTRUMENTS

Before the school district invests any surplus funds in a specific investment instrument, a competitive bid or quotation process shall be utilized. If a specific maturity date is required, either for cash flow purposes or for conformance to maturity guidelines, quotations or bids shall be requested for instruments which meet the maturity requirement. If no specific maturity is required, a market trend analysis, which includes a yield curve, will normally be used to determine which maturities would be most advantageous. Quotations or bids shall be requested for various options with regard to term and instrument. The school district will accept the quotation or bid which provides the highest rate of return within the maturity required and within the limits of this policy. Generally, all quotations or bids will be computed on a consistent basis, i.e., a 360-day or a 365-day yield. Records will be kept of the quotations or bids received, the quotations or bids accepted and a brief explanation of the decision that was made regarding the investment. If the school district contracts with an investment advisor, bids are not required in those circumstances specified in the contract with the advisor.

IX. QUALIFIED INSTITUTIONS AND BROKER-DEALERS

A. The school district shall maintain a list of the financial institutions that are approved for investment purposes.

B. Prior to completing an initial transaction with a broker, the school district shall provide to the broker a written statement of investment restrictions which shall include a provision that all future investments are to be made in accordance with Minnesota statutes governing the investment of public funds. The broker must annually acknowledge receipt of the statement of investment restrictions and agree to handle the school district's account in accordance with these restrictions. The school district may not enter into a transaction with a broker until the broker has provided this annual written agreement to the school district. The notification form to be used shall be that prepared by the State Auditor.

X. SAFEKEEPING AND COLLATERALIZATION

A. All investment securities purchased by the school district shall be held in third-party safekeeping by an institution designated as custodial agent. The custodial agent may be any Federal Reserve Bank, any bank authorized under the laws of the United States or any state to exercise corporate trust powers, a primary reporting dealer in United States Government securities to the Federal Reserve Bank of New York, or a securities broker-dealer defined in ~~Minn. Stat. §~~ Minnesota Statutes section 118A.06. The institution or dealer shall issue a safekeeping receipt to the school district listing the specific instrument, the name of the issuer, the name in which the security is held, the rate, the maturity, serial numbers and other distinguishing marks, and other pertinent

information.

B. Deposit-type securities shall be collateralized as required by ~~Minn. Stat. §~~ Minnesota Statutes, section 118A.03 for any amount exceeding FDIC, SAIF, BIF, FCUA, or other federal deposit coverage.

C. Repurchase agreements shall be secured by the physical delivery or transfer against payment of the collateral securities to a third party or custodial agent for safekeeping. The school district may accept a safekeeping receipt instead of requiring physical delivery or third-party safekeeping of collateral on overnight repurchase agreements of less than $1,000,000.

XI. REPORTING REQUIREMENTS

A. The investment officer shall generate monthly transaction reports for management purposes. In addition, the school board shall be provided a quarterly report that shall include data on investment instruments being held as well as any narrative necessary for clarification.

B. The investment officer shall prepare and submit to the school board a quarterly investment report that summarizes investment activity. The report shall summarize changes in investment instruments and asset allocation strategy approved by the investment officer for an OPEB trust in the most recent quarter. The report shall explain the quarter's total investment return and compare the return with budgetary expectations. The report shall include an appendix that discloses all transactions during the past quarter. Copies of the report shall be provided to the school district's auditor.

C. Within ninety (90) days after the end of each fiscal year of the school district, the investment officer shall prepare and submit to the school board a comprehensive annual report on the investment program and investment activity of the school district for that fiscal year. The annual report shall include separate quarterly comparisons of return.

D. If necessary, the investment officer shall establish systems and procedures to comply with applicable federal laws and regulations governing the investment of bond proceeds and funds in a debt service account for a bond issue. The record keeping system shall be reviewed annually by the independent auditor or by another party contracted or designated to review investments for arbitrage rebate or penalty calculation purposes.

XII. DEPOSITORIES

The school board shall annually designate one or more official depositories for school district funds. The treasurer or the chief financial officer of the school district may also exercise the power of the school board to designate a depository. The school board shall be provided notice of any such designation by its next regular meeting. The school district and the depository shall each comply with the provisions of Minnesota. Statute section 118A.03 and any other applicable law, including any provisions relating to designation of a depository, qualifying institutions, depository bonds, and approval, deposit, assignment, substitution, addition and withdrawal of collateral.

XIII. ELECTRONIC FUNDS TRANSFER OF FUNDS FOR INVESTMENT

The school district may make electronic fund transfers for investments of excess funds upon compliance with ~~Minn. Stat. §~~ Minnesota Statutes, section 471.38.

~~XIV. INVESTMENTS OF THE OPEB TRUST~~

~~A. PURPOSE~~

~~The main investment objective of the OPEB Trust is to achieve long-term growth of OPEB Trust assets by maximizing long-term rate of return on investments and minimizing risk of loss to fulfill the school district's current and long-term post- employment benefits obligations. The purpose of these procedures is to achieve the following:~~

~~1. Document investment objectives, performance expectations and investment guidelines for OPEB Trust assets.~~

~~2. Establish an appropriate investment strategy for managing all OPEB Trust assets, including an investment time horizon, risk tolerance ranges and asset allocation to provide sufficient diversification and overall return over the long-term time horizon of the OPEB Trust.~~

~~3. Establish investment guidelines to control overall risk and liquidity.~~

~~4. Establish periodic performance reporting requirements that will effectively monitor investment results and ensure that the investment policy is being followed.~~

~~5. Comply with all fiduciary, prudence, due diligence and legal requirements for OPEB Trust assets.~~

~~B. INVESTMENT AUTHORITY~~

~~The Executive Director of Business Services oversees certain policies and procedures related to the operation and administration of the OPEB Trust. The Executive Director will have authority to implement the investment procedures and guidelines in the best interest of the OPEB Trust to best satisfy the purposes of the OPEB Trust.~~
~~In implementing these procedures, the Executive Director believes it may delegate certain functions to:~~

~~1. An investment advisor ("Advisor") to assist the Executive Director in the investment process and to maintain compliance with these investment procedures. The Advisor may assist the Executive Director in establishing investment objectives, and guidelines; selecting investment managers ("Managers") or mutual funds and other common investment vehicles as specifically approved by the Executive Director from time to time ("Investments"); reviewing Managers and Investments over time; measuring and evaluating performance; and other tasks as deemed appropriate. The Advisor may also select Investments with discretion to purchase, sell, or hold specific securities~~

that will be used to meet the Fund's investment objectives. Neither the Advisor nor any Manager shall ever take possession of any securities, cash or other assets of the Trust, all of which shall be held by the custodian. The Advisor must be registered with the Securities and Exchange Commission.

2. A custodian to maintain possession of physical securities and records of street name securities owned by the Trust, collect dividend and interest payments, redeem maturing securities, and effect receipt and delivery following purchases and sales, among other duties. The custodian may also perform regular accounting of all assets owned, purchased, or sold, as well as movement of assets into and out of the Fund.

3. A trustee, such as a bank trust department, if the Trust does not have its own Trustees, to assume fiduciary responsibility for the administration of Trust assets; provided, however, that if the Executive Director shall have appointed an investment advisor, then any trustee appointed under this paragraph shall have no authority with respect to selection of investments.

4. Additional specialists such as attorneys, auditors, actuaries, retirement plan consultants, and others to assist the Executive Director in meeting its responsibilities and obligations to administer Trust assets prudently.

C. INVESTMENT OBJECTIVES

The investment objectives of the OPEB Trust are as follows:

1. To invest assets of the OPEB Trust in a manner consistent with the following fiduciary standards: (a) all transactions undertaken must be for the sole interest of OPEB Trust beneficiaries, and (b) assets are to be diversified in order to minimize the impact of large losses from individual investments.

2. To provide for funding and anticipated withdrawals on a continuing basis for payment of benefits and reasonable expenses of operation of the OPEB Trust.

3. To conserve and enhance the value of OPEB Trust assets in real terms through asset appreciation and income generation, while maintaining a reasonable investment risk profile.

4. To minimize principal fluctuations over the Time Horizon (as defined below).

5. To achieve a long-term level of return commensurate with contemporary economic conditions and equal to or exceeding the investment objective set forth in this Policy Statement under the section labeled "Performance Expectations".

D. INVESTMENT GUIDELINES

1. Time Horizon.

The OPEB Trust's investment objectives are based on a 30-year investment horizon ("Time Horizon"). Interim fluctuations should be viewed with appropriate perspective. The Executive Director has adopted a long-term investment horizon such that the risks and duration of investment losses are carefully weighed against the long-term potential for appreciation of assets.

2. Liquidity and Diversification.

In general, the OPEB Trust will hold a minimal level of cash, cash equivalent, and/or money market funds for near term OPEB Trust benefits and expenses (the "Trust Distributions"). All remaining assets will be invested in longer-term securities and shall be diversified with the intent to minimize the risk of long-term investment losses. Consequently, the total portfolio will be constructed and maintained to provide diversification with regard to the concentration of holdings in individual issues, issuers, countries, governments or industries.

3. Asset Allocation.

The Assets will be invested in accordance with the targets for each asset class as follows to achieve an average total annual rate of return that is equal to or greater than the OPEB Trust's actuarial discount rate as described in the section titled "Performance Expectations".

Asset Weightings

Asset Classes	**Range**	**Target**
Domestic Equity	10%-30%	20.0%
International Equity	0%-20%	10.0%
Other	0%-10%	0%
Fixed Income	50%-90%	70%
Cash Equivalent	0%-20%	0%

4. Rebalancing Philosophy

The asset allocation range established by the investment guidelines represents a long-term perspective. As such, rapid unanticipated market shifts or changes in economic conditions may cause the asset mix to fall outside guideline ranges. When these divergences occur, the Advisor will rebalance, and cause the Managers to rebalance, the assets within the specified ranges.

When the Advisor is notified of new contributions, the investment advisor will review the OPEB Trust allocation and fill the liquidity allocation first and the remaining investment allocations last.

5. Risk Tolerance

The OPEB Trust will be managed in a style that seeks to minimize principal fluctuations over the established Time Horizon and that is consistent with the OPEB Trust's investment objectives.

6. Performance Expectations

Over the long-term, a rolling five year period, the performance objective for OPEB Trust assets will be to achieve an average total annual rate of return that is equal to or greater than the OPEB Trust's actuarial discount rate. Additionally, it is expected that the annual rate of return on OPEB Trust assets will be commensurate with the then prevailing investment environment. Measurement of this return expectation will be judged by reviewing returns in the context of industry standard benchmarks, peer universe comparisons for individual OPEB Trust investments and blended benchmark comparisons for the OPEB Trust in its entirety.

7. Rebalancing Philosophy

The asset allocation range established by the investment guidelines represents a long-term perspective. As such, rapid unanticipated market shifts or changes in economic conditions may cause the asset mix to fall outside guideline ranges. When these divergences occur, the Advisor will rebalance, and cause the Managers to rebalance, the assets within the specified ranges.

When the Advisor is notified of new contributions, the investment advisor will review the OPEB Trust allocation and fill the liquidity allocation first and the remaining investment allocations last.

8. Risk Tolerance

The OPEB Trust will be managed in a style that seeks to minimize principal fluctuations over the established Time Horizon and that is consistent with the OPEB Trust's investment objectives.

9. Performance Expectations

Over the long-term, a rolling five year period, the performance objective for OPEB Trust assets will be to achieve an average total annual rate of return that is equal to or greater than the OPEB Trust's actuarial discount rate. Additionally, it is expected that the annual rate of return on OPEB Trust assets will be commensurate with the then prevailing investment environment. Measurement of this return expectation will be judged by reviewing returns in the context of industry standard benchmarks, peer universe comparisons for individual OPEB Trust investments and blended benchmark comparisons for the OPEB Trust in its entirety.

E. SELECTION OF INVESTMENT MANAGERS

The Advisor shall prudently select appropriate Managers to invest the assets of the OPEB Trust. Managers must meet the following criteria:

1. The Manager must be a bank, insurance company, or investment adviser as defined by the Investment Advisers Act of 1940.

2. The Manager must provide historical quarterly performance data compliant with Global Investment Performance Standards (GIPS®), Securities and Exchange Commission ("SEC"), and Financial Industry Regulatory Agency ("FINRA") rules, as appropriate.

3. The Manager must provide detailed information on history of the firm, key personnel, support personnel, key clients, and fee schedule (including most favored nation clauses). This information can be a copy of a recent Request for Proposal ("RFP") completed by the Manager or regulatory disclosure.

4. The Manager must clearly articulate the investment strategy that will be followed and document that the strategy has been successfully adhered to over time.

5. The Manager must confirm receipt, understanding and adherence to this Policy Statement and any investment specific policies by signing a consent form provided to the Manager prior to investment of OPEB Trust assets.

F. GUIDELINES FOR PORTFOLIO HOLDINGS

Every effort shall be made, to the extent practical, prudent and appropriate, to select Investments that have investment objectives and policies that are consistent with this Policy Statement (as outlined in following sub-sections of the "Guidelines for Portfolio Holdings"). However, given the nature of the Investments, it is recognized that there may be deviations between this Policy Statement and the objectives of these Investments. The following limitations are placed on Managers' Portfolios:

1. Domestic Equities

No more than 5% of the Manager's total equity portfolio valued at market may be invested in the equity of any one corporation, ownership of the shares of one company shall not exceed 2% of those outstanding, and not more than 25% of equity valued at market may be held in any one sector, as defined by the Industry Classification Benchmark universe database. Other than these constraints, there are no quantitative guidelines as to issues, industry or individual security diversification. However, prudent diversification standards should be developed and maintained by the Manager.

2. Fixed Income

Fixed income investments shall be high quality with a preponderance of the investments in (1) U.S. Treasury, federal agencies and U.S. Government guaranteed obligations, (2) investment grade corporate issues including convertibles, and (3) sovereign debt of foreign countries.

Fixed income securities of any one issuer shall not exceed 5% of a total bond portfolio at time of purchase. The 5% limitation does not apply to issues of the

U.S. Treasury or other Federal Agencies. The overall rating of the fixed income assets shall be at least "A", based on the rating of one of the three rating agencies (Fitch, Moody's or Standard & Poor's). In cases where the yield spread adequately compensates for additional risk, high yield securities (BB+ or lower), can be purchased or held up to a maximum of 20% of total market value of fixed income securities of the OPEB Trust.

3. Cash Equivalents

Cash equivalents shall be held in funds complying with Rule 2(a)-7 of the Investment Company Act of 1940.

4. Prohibited Investments

Except for purchase within authorized Investments, securities having the following characteristics, are not authorized and shall not be purchased: letter stock and other unregistered securities, commodities or commodity contracts where the OPEB Trust is a counterparty, short sales, margin transactions, private placements (with the exception of Rule 144A securities), or venture capital funds, private equity, or hedge funds. Further, derivatives, options, futures, or any other investment for the sole purpose of direct portfolio leveraging are prohibited. Direct ownership of real estate, natural resource properties such as oil, gas or timber and the purchase of collectibles is also prohibited.

5. Safekeeping

All assets of the OPEB Trust shall be held by a custodian approved by the Committee and in consultation with the Advisor for safekeeping of OPEB Trust assets. The custodian shall produce statements on a monthly basis, listing the name and value of all assets held, and the dates and nature of all transactions in accordance with the terms in the OPEB Trust Agreement. Investments of the OPEB Trust not held as Liquidity Assets or Investment Assets shall, at all times, be invested in interest-bearing accounts.

Investments and portfolio securities may not be loaned.

G. CONTROL PROCEDURES

1. Review of Investment Objectives

The Advisor shall review annually and report to the Executive Director the appropriateness of the Investment Guidelines for the OPEB Trust for achieving the OPEB Trust's stated objectives. It is not expected that the Investment Guidelines will change frequently. In particular, short-term changes in the financial markets should not require an adjustment in the guidelines.

2. Review of Investment Performance

The Advisor shall report on a quarterly basis to the Executive Director and the Financial Advisory Council to review the investment performance of the OPEB

Trust. In addition, the Advisor will be responsible for keeping the Committee advised of any material change in investment strategy, Managers, and other pertinent information potentially affecting performance of the OPEB Trust.

The Advisor shall compare the investment results on a quarterly basis to appropriate peer universe benchmarks, as well as market indices in both equity and fixed income markets. Examples of benchmarks and indexes that will be used include the S&P 500 Index for large cap equities, Russell 2000 Index for small cap equities, MSCI Europe, Australasia, and Far East (EAFE) Index for international equities, Barclays Capital Aggregate Bond Index for fixed income securities, and the U.S. 91 Day T-bill for cash equivalents.

3. Voting of Proxies

The Advisor will vote the shares of the Investments, and Managers will vote securities in the respective portfolio managed by such Managers, consistently with its proxy policy and in the best interest of the OPEB Trust.

XVI. ELECTRONIC FUNDS TRANSFER OF FUNDS FOR INVESTMENT

The school district may make electronic fund transfers for investments of excess funds upon compliance with Minn. Stat. § Minnesota Statutes section 471.38.

714 POLICY - FUND BALANCES

[Note: The provisions of this policy include the provisions of Statement No. 54 of the Governmental Accounting Standards Board (GASB).]

I. PURPOSE

The purpose of this policy is to create new fund balance classifications to allow for more useful fund balance reporting and for compliance with the reporting guidelines specified in Statement No. 54 of the Governmental Accounting Standards Board (GASB).

II. GENERAL STATEMENT OF POLICY

The policy of this school district is to comply with GASB Statement No. 54. To the extent a specific conflict occurs between this policy and the provisions of GASB Statement No. 54, the GASB Statement shall prevail.

III. ~~CLASSIFICATION OF FUND BALANCES~~ DEFINITIONS

~~The school district shall classify its fund balances in its various funds in one or more of the following five classifications:~~

E. ~~A.~~ **Nonspendable**

"Nonspendable" fund balance amounts are comprised of funds that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact. They include items that are inherently unspendable, such as, but not limited to, inventories, prepaid items, long-term receivables, non-financial assets held for resale, or the permanent principal of endowment funds.

F. ~~B.~~ **Restricted**

"Restricted" fund balance amounts are comprised of funds that have legally enforceable constraints placed on their use that either are externally imposed by resource providers or creditors (such as through debt covenants), grantors, contributors, voters, or laws or regulations of other governments, or are imposed by law through constitutional provisions or enabling legislation.

B. ~~C.~~ **Committed**

"Committed" fund balance amounts are comprised of unrestricted funds used for specific purposes pursuant to constraints imposed by formal action of the school board and that

remain binding unless removed by the school board by subsequent formal action. The formal action to commit a fund balance must occur prior to fiscal year end; however, the specific amounts actually committed can be determined in the subsequent fiscal year. A committed fund balance cannot be a negative number.

A. ~~D~~. **Assigned**

"Assigned" fund balance amounts are comprised of unrestricted funds constrained by the school district's intent that they be used for specific purposes, but that do not meet the criteria to be classified as restricted or committed. In funds other than the general fund, the assigned fund balance represents the remaining amount that is not restricted or committed. The assigned fund balance category will cover the portion of a fund balance that reflects the school district's intended use of those resources. The action to assign a fund balance may be taken after the end of the fiscal year. An assigned fund balance cannot be a negative number.

G. ~~E~~. **Unassigned**

"Unassigned" fund balance amounts are the residual amounts in the general fund not reported in any other classification. Unassigned amounts in the general fund are technically available for expenditure for any purpose. The general fund is the only fund that can report a positive unassigned fund balance. Other funds would report a negative unassigned fund balance should the total of non-spendable, restricted, and committed fund balances exceed the total net resources of that fund.

H. **Unrestricted**

"Unrestricted" fund balance is the amount of fund balance left after determining both nonspendable and restricted net resources. This amount can be determined by adding the committed, assigned, and unassigned fund balances.

C. **Enabling Legislation**

"Enabling legislation" means legislation that authorizes a school district to assess, levy, charge, or otherwise mandate payment of resources from external providers and includes a legally enforceable requirement that those resources be used only for the specific purposes listed in the legislation.

D. **Fund Balance**

"Fund balance" means the arithmetic difference between the assets and liabilities reported in a school district fund

IV. ~~DEFINITIONS~~ CLASSIFICATION OF FUND BALANCES

The school district shall classify its fund balances in its various funds in one or more of the following five classifications: nonspendable, restricted, committed, assigned, and unassigned.

~~**A. Fund Balance**~~

~~Within government funds, equity is reported as fund balance. Fund balance is considered a measure of available expendable financial resources.~~

~~**B. Unrestricted**~~

~~"Unrestricted" fund balance is the amount of fund balance left after determining both nonspendable and restricted net resources. This amount can be determined by adding the committed, assigned and unassigned fund balances.~~

V. MINIMUM FUND BALANCE

The school district will strive to maintain a minimum unassigned general fund balance of 6.5 percent of the annual expenditure budget.

VI. ORDER OF RESOURCE USE

If resources from more than one fund balance classification could be spent, the school district will strive to spend resources from fund balance classifications in the following order (first to last): restricted, committed, assigned, and unassigned.

VII. COMMITTING FUND BALANCE

A majority vote of the school board is required to commit a fund balance to a specific purpose and subsequently to remove or change any constraint so adopted by the board.

VIII. ASSIGNING FUND BALANCE

The school board, by majority vote, may assign fund balances to be used for specific purposes when appropriate. The board also delegates the power to assign fund balances to the following: Superintendent or designee. Assignments so made shall be presented to the school board for approval.

An appropriation of an existing fund balance to eliminate a projected budgetary deficit in the subsequent year's budget in an amount no greater than the projected excess of expected expenditures over expected revenues satisfies the criteria to be classified as an assignment of fund balance.

IX. REVIEW

The school board will review the sufficiency of the minimum unassigned general fund balance level as it deems appropriate and/or necessary.

721 POLICY - ~~UNIFORM GRANT GUIDANCE POLICY REGARDING FEDERAL REVENUE SOURCES~~ PROCUREMENT

[Note: School districts are required by the federal Uniform Grant Guidance regulations, 2 C.F.R. Part 200, to have the policies ~~which~~ that establish uniform administrative requirements, cost principles, and audit requirements for federal awards to non-federal entities including school districts. In June 2018, t~~T~~he United States Office of Management and Budget ~~published the final regulations December 26, 2013. The Uniform Grant Guidance is effective for new and continuation federal grant awards issued on or after December 26, 2014. The regulations do not affect grant funds awarded prior to December 26, 2014, unless funds made available under those grants are carried forward into a new federal fiscal year or a continuation grant. 2 C.F.R. § 200.110.~~ increased the threshold dollar amounts for both simplified acquisition costs ($250,000) and micro-purchases ($10,000). In addition, school districts must comply with Minnesota laws on procurement.]

I. PURPOSE

The purpose of this policy is to ensure compliance with the requirements of the federal Uniform Grant Guidance regulations by establishing uniform administrative requirements, cost principles, and audit requirements for federal grant awards received by the school district. This policy also seeks to ensure compliance with Minnesota procurement laws governing school districts.

II. DEFINITIONS

A. "Compensation for personal services" includes all remuneration, paid currently or accrued, for services of employees rendered during the period of performance under the federal award, including, but not necessarily limited to, wages and salaries. Compensation for personal services may also include fringe benefits which are addressed in 2 Code of Federal Regulations, section 200.431 (Compensation - Fringe Benefits).

B. "Competitive procurement process" means a process for procurement by sealed bids or by proposals under Minnesota Statutes, section 471.345.

C. "Contract" means a legal instrument by which the school district purchases property or services needed to carry out the project or program under a federal award. The term, as used in 2 Code of Federal Regulations, Part 200, does not include a legal instrument, even if the school district considers it a contract, when the substance of the transaction meets the definition of a federal award or subaward.

D. "Direct costs" are those costs that can be identified specifically with a particular final cost objective, such as a federal award, or other internally or externally funded activity, or that can be directly assigned to such activities relatively easily with a high degree of accuracy.

E. "Equipment" means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which exceeds the lesser of the capitalization level established by the school district for financial statement purposes, or $10,000.

F. "Federal award" has the meaning, depending on the context, in either paragraph 1. or 2. below:

1.

a. The federal financial assistance that the school district receives directly from a federal awarding agency or indirectly from a pass-through entity, as described in 2 Code of Federal Regulations, section 200.101; or

b. The cost-reimbursement contract under the federal Acquisition Regulations that the school district receives directly from a federal awarding agency or indirectly from a pass-through entity, as described in 2 Code of Federal Regulations, section 200.101.

2. The instrument setting forth the terms and conditions. The instrument is the grant agreement, cooperative agreement, other agreement for assistance covered in paragraph (2) of the definition of *Federal financial assistance* in 2 Code of Federal Regulations 200.1, or the cost-reimbursement contract awarded under the federal Acquisition Regulations.

3. "Federal award" does not include other contracts that a federal agency uses to buy goods or services from a contractor or a contract to operate federal-government-owned, contractor-operated facilities.

G. ~~A~~. "Grants" includes

1. "State-administered grants" are those grants that pass through a state agency such as the Minnesota Department of Education (MDE).

2. "Direct grants" are those grants that do not pass through another agency such as MDE and are awarded directly by the federal awarding agency to the grantee organization. These grants are usually discretionary grants that are awarded by the U.S. Department of Education (DOE) or by another federal awarding agency.

[Note: All of the requirements outlined in this policy apply to both direct grants and state-administered grants.]

H. ~~B.~~ "Non-federal entity" means a state, local government, Indian tribe, institution of higher education, or nonprofit organization that carries out a federal award as a recipient or subrecipient.

~~C. "Federal award" has the meaning, depending on the context, in either paragraph 1. or 2. of this definition:~~

~~1. a. The federal financial assistance that a non-federal entity receives directly from a federal awarding agency or indirectly from a pass through entity, as described in 2 C.F.R. § 200.101 (Applicability); or~~

~~b. The cost-reimbursement contract under the federal Acquisition Regulations that a non-federal entity receives directly from a federal awarding agency or indirectly from a pass-through entity, as described in 2 C.F.R. § 200.101 (Applicability).~~

~~2. The instrument setting forth the terms and conditions. The instrument is the grant agreement, cooperative agreement, other agreement for assistance covered in paragraph (b) of 2 C.F.R. § 200.40 (Federal Financial Assistance), or the cost-reimbursement contract awarded under the federal Acquisition Regulations.~~

~~3. "Federal award" does not include other contracts that a federal agency uses to buy goods or services from a contractor or a contract to operate federal-government-owned, contractor-operated facilities.~~

~~D. "Contract" means a legal instrument by which a non-federal entity purchases property or services needed to carry out the project or program under a federal award. The term, as used in 2 C.F.R. Part 200, does not include a legal instrument, even if the non-federal entity considers it a contract, when the substance of the transaction meets the definition of a federal award or subaward.~~

I. "Post-retirement health plans" refer to costs of health insurance or health services not included in a pension plan covered by 2 Code of Federal Regulations, section 200.431(g) for retirees and their spouses, dependents, and survivors.

J. "Severance pay" is a payment in addition to regular salaries and wages by the school district to workers whose employment is being terminated.

K. "Travel costs" are the expenses for transportation, lodging, subsistence, and related items incurred by employees who are in travel status on official business of the school district.

III. ~~E. Procurement Methods~~ PROCUREMENT METHOD OPTIONS

A. ~~1.~~ "Procurement by micro-purchase"

~~is~~ The acquisition of supplies or services when, the aggregate dollar amount of the procurement transaction ~~which~~ does not exceed the micro-purchase threshold (generally $10~~3~~,000, except as otherwise discussed in 48 Code of Federal Regulations, ~~C.F.R.~~ subpart 2.1 or as periodically adjusted for inflation).

B~~2.~~ ~~"~~Procurement by small purchase procedures~~"~~

~~are those relatively simple and informal procurement methods for securing services, supplies, or other property that do not cost more than $150,000 (periodically adjusted for inflation).~~
This procurement method may be used when the value of the procurement transaction

does not exceed the federal simplified acquisition threshold and is within the state threshold of $175,000. If a small purchase procedure is used, price or rate quotations must be obtained from an adequate number of qualified sources. Unless specified by the Federal agency, the school district may exercise judgment in determining what number is adequate.

[NOTE: Despite the federal government's increase in the dollar cap for small purchases to $250,000, Minnesota Statutes, section 471.345 limits the cap for small purchase procedures to $175,000.]

C. ~~3. "~~ Procurement by sealed bids (formal advertising)~~"~~

This procurement method involves ~~is~~ a publicly solicited and a firm, fixed-price contract (lump sum or unit price) awarded to the responsible bidder whose bid, conforming to all the material terms and conditions of the invitation for bids, is the lowest in price.

D. ~~4. "~~ Procurement by competitive proposals"

This procurement method is normally conducted with more than one source submitting an offer, and either a fixed-price or cost reimbursement type contract is awarded. Competitive proposals are generally used when conditions are not appropriate for the use of sealed bids.

E. ~~5. "~~ Procurement by noncompetitive proposals~~"~~

This procurement method involves ~~through~~ solicitation of a proposal from only one source.

~~F. "Equipment" means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which exceeds the lesser of the capitalization level established by the non-federal entity for financial statement purposes, or $5,000.~~

~~G. "Compensation for personal services" includes all remuneration, paid currently or accrued, for services of employees rendered during the period of performance under the federal award, including, but not necessarily limited to, wages and salaries. Compensation for personal services may also include fringe benefits which are addressed in 2 C.F.R. § 200.431 (Compensation - Fringe Benefits).~~

~~H. "Post-retirement health plans" refer to costs of health insurance or health services not included in a pension plan covered by 2 C.F.R. § 200.431(g) for retirees and their spouses, dependents, and survivors.~~

~~I. "Severance pay" is a payment in addition to regular salaries and wages by the non federal entities to workers whose employment is being terminated.~~

~~J. "Direct costs" are those costs that can be identified specifically with a particular final cost objective, such as a federal award, or other internally or externally funded activity, or that can be~~

directly assigned to such activities relatively easily with a high degree of accuracy.

K. "Relocation costs" are costs incident to the permanent change of duty assignment (for an indefinite period or for a stated period not less than 12 months) of an existing employee or upon recruitment of a new employee.

L. "Travel costs" are the expenses for transportation, lodging, subsistence, and related items incurred by employees who are in travel status on official business of the school district.

III. CONFLICT OF INTEREST

A. Employee Conflict of Interest. No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. The employees, officers, and agents of the school district may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, the school district may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value. The standards of conduct must provide for disciplinary actions to be applied for violations of such standards by employees, officers, or agents of the school district.

B. Organizational Conflicts of Interest. The school district is unable or appears to be unable to be impartial in conducting a procurement action involving the related organization because of relationships with a parent company, affiliate, or subsidiary organization.

C. Disclosing Conflicts of Interest. The school district must disclose in writing any potential conflict of interest to MDE in accordance with applicable federal awarding agency policy.

[NOTE: Article IV. on Conflict of Interest has been moved to Article XI. to create a seamless set of Articles regarding procurement.]

IV. ~~ACCEPTABLE METHODS OF PROCUREMENT~~ GENERAL PROCUREMENT STANDARDS

A. ~~General Procurement Standards.~~ The school district must use its own documented procurement procedures ~~which~~ that reflect applicable state laws, provided that the procurements conform to the applicable federal law and the standards identified in the Uniform Grant Guidance.

B. The school district must maintain oversight to ensure that contractors perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders.

C. The school district's procedures must avoid acquisition of unnecessary or duplicative items. Consideration should be given to consolidating or breaking out procurements to

obtain a more economical purchase. Where appropriate, an analysis will be made of lease versus purchase alternatives and any other appropriate analysis to determine the most economical approach. Breaking up a procurement into smaller components to avoid the thresholds established in this policy is prohibited.

D. The school district must award contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.

E. The school district must maintain records sufficient to detail the history of procurement. These records will include, but are not necessarily limited to, the following: rationale for the method of procurement; selection of the contract type; contractor selection or rejection; and the basis for the contract price.

F. The school district alone must be responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the school district of any contractual responsibilities under its contracts.

G. The school district must take all necessary affirmative steps to assure that minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms are considered. ~~used when possible~~.

H. Thresholds for Employee Purchases

The superintendent and/or Chief Financial Officer, in conjunction with the school board, is responsible for overseeing the procurement process, including establishment of procedures, internal controls, quality assurance, methods of greatest economy, and compliance with all applicable laws. To be valid, all contracts must be approved by the board, except as otherwise provided in this policy.

Individual school district employees may incur expenditures in the following amounts without prior board approval so long as such expenditures are consistent with the school board-approved budget, provided that in all cases the school board retains authority to disapprove any expenditure for any reason at its sole discretion:

1. Any school district employee may make a purchase for use in connection with school district operations when the expenditure is less than $1,000 and is consistent with this policy's requirements.

2. In addition to the foregoing, the following school district employees may execute a purchase or procurement that requires the expenditure of up to the following amounts:

   a. Superintendent: Up to **($175,000)**

b. Chief Financial Officer: Up to **($175,000)**

~~H. Methods of Procurement. The school district must use one of the following methods of procurement:~~

~~1. Procurement by micro-purchases. To the extent practicable, the school district must distribute micro-purchases equitably among qualified suppliers. Micro-purchases may be awarded without soliciting competitive quotations if the school district considers the price to be reasonable.~~

~~2. Procurement by small purchase procedures. If small purchase procedures are used, price or rate quotations must be obtained from an adequate number of qualified sources.~~

~~3. Procurement by sealed bids (formal advertising).~~

~~4. Procurement by competitive proposals. If this method is used, the following requirements apply:~~

~~a. Requests for proposals must be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals must be considered to the maximum extent practical;~~

~~b. Proposals must be solicited from an adequate number of qualified sources;~~

~~c. The school district must have a written method for conducting technical evaluations of the proposals received and for selecting recipients;~~

~~d. Contracts must be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered; and~~

~~e. The school district may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method where price is not used as a selection factor can only be used in procurement of A/E professional services; it cannot be used to purchase other types of services, though A/E firms are a potential source to perform the proposed effort.~~

~~5. Procurement by noncompetitive proposals. Procurement by noncompetitive proposals may be used only when one or more of the following circumstances apply:~~

~~a. The item is available only from a single source;~~

~~b. The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;~~

~~c. The DOE or MDE expressly authorizes noncompetitive proposals in response~~

to a written request from the school district; or

d. After solicitation of a number of sources, competition is determined inadequate.

I. Competition. The school district must have written procedures for procurement transactions. These procedures must ensure that all solicitations:

1. Incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description must not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product, or service to be procured and, when necessary, must set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible. When making a clear and accurate description of the technical requirements is impractical or uneconomical, a "brand name or equivalent" description may be used as a means to define the performance or other salient requirements of procurement. The specific features of the named brand which must be met by offers must be clearly stated; and

2. Identify all requirements which the offerors must fulfill and all other factors to be used in evaluating bids or proposals.

J. The school district must ensure that all prequalified lists of persons, firms, or products which are used in acquiring goods and services are current and include enough qualified sources to ensure maximum open and free competition. Also, the school district must not preclude potential bidders from qualifying during the solicitation period.

K. Non-federal entities are prohibited from contracting with or making subawards under "covered transactions" to parties that are suspended or debarred or whose principals are suspended or debarred. "Covered transactions" include procurement contracts for goods and services awarded under a grant or cooperative agreement that are expected to equal or exceed $25,000.

L. All nonprocurement transactions entered into by a recipient (i.e., subawards to subrecipients), irrespective of award amount, are considered covered transactions, unless they are exempt as provided in 2 C.F.R. § 180.215.

V. MANAGING EQUIPMENT AND SAFEGUARDING ASSETS

A. Property Standards. The school district must, at a minimum, provide the equivalent insurance coverage for real property and equipment acquired or improved with federal funds as provided to property owned by the non-federal entity. Federally owned property need not be insured unless required by the terms and conditions of the federal award.

The school district must adhere to the requirements concerning real property, equipment, supplies, and intangible property set forth in 2 C.F.R. §§ 200.311, 200.314, and 200.315.

B. Equipment

~~Management requirements. Procedures for managing equipment (including replacement equipment), whether acquired in whole or in part under a federal award, until disposition takes place will, at a minimum, meet the following requirements:~~

~~1. Property records must be maintained that include a description of the property; a serial number or other identification number; the source of the funding for the property (including the federal award identification number (FAIN)); who holds title; the acquisition date; the cost of the property; the percentage of the federal participation in the project costs for the federal award under which the property was acquired; the location, use, and condition of the property; and any ultimate disposition data, including the date of disposition and sale price of the property.~~

~~2. A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.~~

~~3. A control system must be developed to ensure adequate safeguards to prevent loss, damage, or theft of the property. Any loss, damage, or theft must be investigated.~~

~~4. Adequate maintenance procedures must be developed to keep property in good condition.~~

~~5. If the school district is authorized or required to sell the property, proper sales procedures must be established to ensure the highest possible return.~~

V. PROCUREMENT METHODS WHEN USING STATE FUNDS

The school district must use one of the following methods of procurement when using state funds:

A. Procurements for $25,000 or less

If the amount of the contract is estimated to be $25,000 or less, the contract may be made either upon quotation or in the open market, in the school district's discretion. If the contract is made upon quotation it shall be based, so far as practicable, on at least two (2) quotations which shall be kept on file for a period of at least one (1) year after their receipt.

Alternatively, the school district may award a contract for construction, alteration, repair, or maintenance work to the vendor or contractor offering the best value under a request for proposals as described in Minnesota Statutes, section 16C.28, subdivision 1, paragraph (a), clause (2), and paragraph (c).

Procurements for $25,000 or less also may be conducted by micro-purchase.

B. Procurements Exceeding $25,000 but not $175,000

1. Sealed Bids or Direct Negotiation

If the amount of the contract is estimated to exceed $25,000 but not to exceed

$175,000, the contract may be made either upon sealed bids or by direct negotiation, by obtaining two (2) or more quotations for the purchase or sale when possible, and without advertising for bids or otherwise complying with the requirements of competitive bidding. All quotations obtained shall be kept on file for a period of at least one (1) year after receipt thereof.

2. Best Value Alternative

As an alternative to the procurement method described in Subparagraph B.1 above, the school district may award a contract for construction, alteration, repair, or maintenance work to the vendor or contractor offering the best value under a request for proposals as described in Minnesota Statutes, section 16C.28, subdivision 1, paragraph (a), clause (2), and paragraph (c).

C. Procurements Exceeding $175,000

If the amount of the contract is estimated to exceed $175,000, sealed bids shall be solicited by public notice in the manner and subject to the requirements of the law governing school district contracts.

D. Procurement by Sealed Bids

Procurement by sealed bids means a process in which bids are publicly solicited and a firm fixed price contract by lump sum or unit price is awarded to the responsible bidder whose bid, conforming with all material terms and conditions of the invitation for bids, is the lowest in price. If sealed bids are used, the following requirements apply:

1. bids must be solicited from an adequate number of qualified sources, providing bidders sufficient response time prior to the date set for opening bids;

2. the invitation for bids, which includes any specifications and pertinent attachments, must define the items or services in order for the bidder to properly respond;

3. all bids will be opened at the time and place prescribed in the invitation for bids, and the bids must be opened publicly;

4. a firm fixed price contract award will be made in writing to the lowest responsive and responsible bidder. Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs must be considered in determining which bid is lowest. Payment discounts will only be used to determine the low bid when prior experience indicates that the discounts are usually taken advantage of;

5. any or all bids may be rejected if there is a sound documented reason; and

6. in order for a sealed bid to be feasible, the following conditions must be present:

a. a complete, adequate, and realistic specification or purchase description is available;

b. two (2) or more responsible bidders are willing and able to compete effectively for the business; and

c. the procurement lends itself to a firm fixed price contract and the selection of the successful bidder can be made principally on the price.

E. Procurement by Proposals

"Procurement by proposals" means a process in which either a fixed price or cost-reimbursement type contract is awarded. Proposals are generally used when conditions are not appropriate for the use of sealed bids. They are awarded in accordance with the following requirements:

1. requests for proposals must be publicized and identify all evaluation factors and their relative importance. Proposals must be solicited from an adequate number of qualified offerors. Any response to publicized requests for proposals must be considered to the maximum extent practical;

2. the school district must have a written method for conducting technical evaluations of the proposals received and for making selections; and

3. contracts must be awarded to the responsible offeror whose proposal is most advantageous to the school district, with price and other factors considered.

VI. PROCUREMENT METHODS WHEN USING FEDERAL FUNDS

A. Procurement by Competitive Proposals

This is a procurement method used when conditions are not appropriate for using sealed bids. This procurement method may result in either a fixed-price or cost-reimbursement contract. If this method is used, the following requirements apply:

1. Requests for proposals require public notice, and all evaluation factors and their relative importance must be identified. Proposals must be solicited from multiple qualified entities. To the maximum extent practicable, any proposals submitted in response to the public notice must be considered;

2. Proposals must be solicited from an adequate number of qualified sources;

3. The school district must have a written method for conducting technical evaluations of the proposals received and for selecting recipients;

4. Contracts must be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered; and

5. The school district may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method where price is not used as a selection factor can only be used in procurement of A/E professional services; it cannot be used to purchase other types of services, though A/E firms are a potential source to perform the proposed effort.

B. Procurement by Noncompetitive Proposals

Procurement by noncompetitive proposals may be used only when one (1) or more of the following circumstances apply:

1. The aggregate amount of the procurement transaction does not exceed the micro-purchase threshold;

2. The item is available only from a single source;

3. The public exigency or emergency for the requirement will not permit a delay resulting from competitive solicitation;

4. The DOE or MDE expressly authorizes noncompetitive proposals in response to a written request from the school district; or

5. After solicitation of a number of sources, competition is determined inadequate.

C. Competition

1. All procurement transactions under the Federal award must be conducted in a manner that provides full and open competition and is consistent with the standards of 2 Code of Federal Regulations, sections 200.319 and .320.

2. The school district must have written procedures for procurement transactions. These procedures must ensure that all solicitations:

   a. are made in accordance with 2 Code of Federal Regulations, section 200.319(b);

   b. incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description must not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product, or service to be procured and, when necessary, must set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible. When making a clear and accurate description of the technical requirements is

impractical or uneconomical, a "brand name or equivalent" description may be used as a means to define the performance or other salient requirements of procurement. The specific features of the named brand which must be met by offers must be clearly stated; and

c. identify all requirements which the offerors must fulfill and all other factors to be used in evaluating bids or proposals.

D. The school district must ensure that all prequalified lists of persons, firms, or products used in procurement transactions are current and include enough qualified sources to ensure maximum open competition. When establishing or amending prequalified lists, the school district must consider objective factors that evaluate price and cost to maximize competition. Also, tThe school must not preclude potential bidders from qualifying during the solicitation period.

E. The school district is prohibited from contracting with or making subawards under "covered transactions" to parties that are suspended or debarred or whose principals are suspended or debarred. "Covered transactions" include procurement contracts for goods and services awarded under a grant or cooperative agreement that are expected to equal or exceed $25,000.

F. All nonprocurement transactions entered into by a recipient (i.e., subawards to subrecipients), irrespective of award amount, are considered covered transactions, unless they are exempt as provided in 2 Code of Federal Regulations, section 180.215.

G. Managing Property and Equipment and Safeguarding Assets

1. Property Standards

The school district must, at a minimum, provide the equivalent insurance coverage for real property and equipment acquired or improved with federal funds as provided to other property owned by the school district. Federally owned property need not be insured unless required by the terms and conditions of the federal award.

The school district must adhere to the requirements concerning real property, equipment, supplies, and intangible property set forth in 2 Code of Federal Regulations, sections 200.311, 200.314, and 200.315.

2. Managing Equipment

Procedures for managing equipment (including replacement equipment), whether acquired in whole or in part under a federal award, until disposition takes place will, at a minimum, meet the following requirements:

a. Property records must be maintained that include a description of the property; a serial number or other identification number; the source of the funding for the property (including the federal award identification number

(FAIN)); who holds title; the acquisition date; the cost of the property; the percentage of the federal participation in the project costs for the federal award under which the property was acquired; the location, use, and condition of the property; and any ultimate disposition data, including the date of disposition and sale price of the property.

b. A physical inventory of the property must be taken and the results reconciled with the property records at least once every two (2) years.

c. A control system must be developed to ensure adequate safeguards to prevent loss, damage, or theft of the property. Any loss, damage, or theft must be investigated.

d. Adequate maintenance procedures must be developed to keep property in good condition.

e. If the school district is authorized or required to sell the property, proper sales procedures must be established to ensure the highest possible return.

H. Cybersecurity

The school district must take reasonable cybersecurity and other measures to safeguard

1. Personally identifiable information;

2. Information that the federal agency or pass-through entity designates as sensitive; and

3. other information that the school district considers sensitive and is consistent with applicable federal, state, local, and tribal laws regarding privacy and responsibility over confidentiality.

VII. FINANCIAL MANAGEMENT REQUIREMENTS

A. Financial Management.

The school district's financial management systems, including records documenting compliance with federal statues, regulations, and the terms and conditions of the federal award, must be sufficient to permit the preparation of reports required by general and program-specific terms and conditions; and ~~the~~ tracking ~~of funds to a level of~~ expenditures ~~adequate~~ to establish that ~~such~~ funds have been used in accordance with ~~according to the~~ federal statutes, regulations, and the terms and conditions of the federal award.

B. Payment.

The school district must be paid in advance, provided it maintains or demonstrates the willingness to maintain both written procedures that minimize the time elapsing between the transfer of funds and disbursement between the school district and the financial

management systems that meet the standards for fund control and accountability.

Advance payments to the ~~a~~ school district must be limited to the minimum amounts needed and be timed ~~to be in accordance~~ with ~~the~~ actual, immediate cash requirements of the school district in carrying out the purpose of the approved program or project. The timing and amount of advance payments must be as close as is administratively feasible to the actual disbursements by the school district ~~non-federal entity~~ for direct program or project costs and the proportionate share of any allowable indirect costs. The school district must make timely payment to contractors in accordance with the contract provisions.

C. Internal Controls.

The school district must establish and maintain effective internal control over the federal award that provides reasonable assurance that the school district is managing the federal award in compliance with federal statutes, regulations, and the terms and conditions of the federal award. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government," issued by the Comptroller General of the United States, or the "Internal Control Integrated Framework," issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO).

The school district must comply with federal statutes, regulations, and the terms and conditions of the federal award.

The school district must also evaluate and monitor the school district's compliance with statutes, regulations, and the terms and conditions of the federal award.

The school district must also take prompt action when instances of noncompliance are identified, including noncompliance identified in audit findings.

The school district must take reasonable measures to safeguard protected personally identifiable information and other information considered sensitive consistent with applicable federal and state laws regarding privacy and obligations of confidentiality.

VIII. ALLOWABLE USE OF FUNDS AND COST PRINCIPLES

A. Allowable Use of Funds.

The school district administration and board will enforce appropriate procedures and penalties for program, compliance, and accounting staff responsible for the allocation of federal grant costs based on their allowability and their conformity with federal cost principles to determine the allowability of costs.

B. Definitions

2 ~~1.~~ "Allowable cost" means a cost that complies with all legal requirements that apply to a particular federal education program, including statutes, regulations, guidance, applications, and approved grant awards.

3 ~~2.~~ "Education Department General Administrative Regulations (EDGAR)" means a compilation of regulations that apply to federal education programs. These regulations contain important rules governing the administration of federal education programs and include rules affecting the allowable use of federal funds (including rules regarding allowable costs, the period of availability of federal awards, documentation requirements, and grants management requirements). ~~EDGAR can be accessed at: http://www2.ed.gov/policy/fund/reg/edgarReg/edgar.html.~~

4 ~~3.~~ "Omni Circular" ~~or~~ "(also known as 2 C.F.R. Part 200s" the ~~or~~ "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards," or the Uniform Grant Guidance means federal cost principles that provide standards for determining whether costs may be charged to federal grants.

1 ~~4~~. "Advance payment" means a payment that a federal ~~awarding~~ agency or pass-through entity makes by any appropriate payment mechanism, ~~including a predetermined payment schedule, before~~ and payment method before the school district ~~non-federal entity~~ disburses the funds for program purposes.

C. Allowable Costs. The following items are costs that may be allowable under the 2 C.F.R. Part 200~~s~~, subpart Es under specific conditions (review the specific part 2 Code of Federal Regulations 200, subpart E for allowability requirements for specific cost):

1. Advertising and pubic relations

2.~~1~~. Advisory councils;

3. ~~2~~. Audit costs and related services;

4.~~3~~. Bonding costs;

~~4. Communication costs~~;

5. Compensation - ~~for~~ personal services;

6. Compensation – fringe benefits;

7. Conferences;

8. Contingency provisions;

9.~~6~~. Depreciation ~~and use allowances~~;

10. ~~7.~~ Employee ~~morale~~, health, and welfare costs;

11. ~~8.~~ Equipment and other capital expenditures;

12. ~~9.~~ Gains and losses on disposition of depreciable ~~property and other capital assets~~

~~and substantial relocation of federal programs~~ assets;

13. ~~10.~~ Insurance and indemnification;

14. Intellectual property;

15. ~~11.~~ Maintenance, ~~operations,~~ and repair costs;

16. ~~12~~. Materials and supplies costs including costs of computing devices;

~~13. Meetings and conferences;~~

17. ~~14.~~ Memberships, subscriptions, and professional activity costs;

18. Organization costs;

19. Participant costs;

20. ~~15.~~ Plant and security costs;

21. Pre-award costs;

22. ~~16.~~ Professional service costs;

23. ~~17.~~ Proposal costs;

24. ~~18.~~ Publication and printing costs;

25. ~~19.~~ Rearrangement and ~~alteration~~ reconversion costs;

26. Recruiting costs;

27. Relocation costs of employees;

2~~0~~8. Rental costs of building and equipment;

29. Scholarships, student aid costs, and tuition remission;

30 Specialized service facilities;

31. Taxes;

32. Telecommunication and video surveillance costs;

33. Termination and standard closeout costs;

34. ~~21.~~Training and education costs; ~~and~~

35. Transportation costs; and

36. ~~22.~~Travel costs.

D. Costs Forbidden by Federal Law. 2 ~~CFR~~ Code of Federal Regulations Part 200s and EDGAR identify certain costs that may never be paid with federal funds. The ~~following~~ list below provides examples of such costs. If a cost is on this list, it may not be supported with federal funds unless an exception exists (review the specific part of 2 Code of Federal Regulations 200, subpart E for possible exceptions to unallowable costs). The fact that a cost is not on this list does not mean it is necessarily permissible. Other important restrictions apply to federal funds, such as those items detailed in the 2 ~~CFR~~ Code of Federal Regulations Part 200~~s~~;, subpart E; thus, the following list is not exhaustive:

~~1. Advertising and public relations costs (with limited exceptions), including promotional items and memorabilia, models, gifts, and souvenirs;~~

1. ~~2.~~ Alcoholic beverages;

2. ~~3.~~ Bad debts;

3. ~~4.~~ Contingency provisions (with limited exceptions);

4. Contributions and donations

5. Entertainment (with limited exceptions);

6. Fines, penalties, damages, and other settlements:

7. ~~5.~~ Fundraising and investment management costs (with limited exceptions);

~~6. Donations~~;

~~7. Contributions;~~

~~8. Entertainment (amusement, diversion, and social activities and any associated costs);~~

~~9. Fines and penalties;~~

8. ~~10.~~ General costs of government ~~government expenses~~ (with limited exceptions pertaining to Indian tribal governments and Councils of Government (COGs));

9. ~~11.~~ Goods or services for personal use;

10. ~~12.~~ Interest, (except interest specifically stated in 2 Code of Federal Regulations, section ~~C.F.R. §~~ 200.44~~1~~ as allowable);

11. Lobbying;

12. Losses on other Federal awards or contracts;

13. Selling and marketing;

14. Student activity costs;

15. ~~13.~~Religious use;

16. ~~14.~~The acquisition of real property (unless specifically permitted by programmatic statute or regulations, which is very rare in federal education programs);

17. ~~15.~~Construction (unless specifically permitted by programmatic statute or regulations, which is very rare in federal education programs); and

18. ~~16.~~Tuition charged or fees collected from students applied toward meeting matching, cost sharing, or maintenance of effort requirements of a program.

E. Program Allowability

1. Any cost paid with federal education funds must be permissible under the federal program that would support the cost.

2. Many federal education programs detail specific required and/or allowable uses of funds for that program. Issues such as eligibility, program beneficiaries, caps or restrictions on certain types of program expenses, other program expenses, and other program specific requirements must be considered when performing the programmatic analysis.

3. The two largest federal K-12 programs, Title I, Part A, and the Individuals with Disabilities Education Act (IDEA), do not contain a use of funds section delineating the allowable uses of funds under those programs. In those cases, costs must be consistent with the purposes of the program in order to be allowable.

F. Federal Cost Principles

~~1.~~ The Omni Circular defines the parameters for the permissible uses of federal funds. While many requirements are contained in the Omni Circular, it includes five core principles that serve as an important guide for effective grant management. These core principles require all costs to be:

1. ~~a.~~ Necessary for the proper and efficient performance or administration of the program.

2. ~~b.~~ Reasonable. An outside observer should clearly understand why a decision to spend money on a specific cost made sense in light of the cost, needs, and requirements of the program.

3. ~~c.~~ Allocable to the federal program that paid for the cost. A program must benefit in

proportion to the amount charged to the federal program – for example, if a teacher is paid 50% with Title I funds, the teacher must work with the Title I program/ students at least 50% of the time. Recipients also need to be able to track items or services purchased with federal funds so they can prove they were used for federal program purposes.

4. ~~d.~~ Authorized under state and local rules. All actions carried out with federal funds must be authorized and not prohibited by state and local laws and policies.

5. ~~e.~~ Adequately documented. A recipient must maintain proper documentation so as to provide evidence to monitors, auditors, or other oversight entities of how the funds were spent over the lifecycle of the grant.

G. Program Specific Fiscal Rules

The Omni Circular also contains specific rules on selected items of costs. Costs must comply with these rules in order to be paid with federal funds.

1. All federal education programs have certain program specific fiscal rules that apply. Determining which rules apply depends on the program; however, rules such as supplement, not supplant, maintenance of effort, comparability, caps on certain uses of funds, etc., have an important impact when analyzing whether a particular cost is permissible.

2. Many state-administered programs require school districts ~~local education agencies (LEAs)~~ to use federal program funds to supplement the amount of state, local, and, in some cases, other federal funds they spend on education costs and not to supplant (or replace) those funds. Generally, the "supplement, not supplant" provision means that federal funds must be used to supplement the level of funds from non-federal sources by providing additional services, staff, programs, or materials. In other words, federal funds normally cannot be used to pay for things that would otherwise be paid for with state or local funds (and, in some cases, with other federal funds).

3. Auditors generally presume supplanting has occurred in three (3) situations:

   a. School district uses federal funds to provide services that the school district is required to make available under other federal, state, or local laws.

   b. School district uses federal funds to provide services that the school district provided with state or local funds in the prior year.

   c. School district uses Title I, Part A, or Migrant Education Program funds to provide the same services to Title I or Migrant students that the school district provides with state or local funds to nonparticipating students.

4. These presumptions apply differently in different federal programs and also in

schoolwide program schools. Staff should be familiar with the supplement not supplant provisions applicable to their program.

H. Approved Plans, Budgets, and Special Conditions

1. As required by the Omni Circular, all costs must be consistent with approved program plans and budgets.

2. Costs must also be consistent with all terms and conditions of federal awards, including any special conditions imposed on the school district's grants.

I. Training

1. The school district will provide training on the allowable use of federal funds to all staff involved in federal programs.

2. The school district will promote coordination between all staff involved in federal programs through activities, such as routine staff meetings and training sessions.

J. Employee Sanctions.

Any school district employee who violates this policy will be subject to discipline, as appropriate, up to and including the termination of employment.

K. Reduction in Aid

If the school district makes a purchase without a procurement policy adopted by the school board or makes a purchase not in conformity with the school district's procurement policy, the Commissioner may reduce that school district's state aid in an amount equal to the purchase.

L. Property, Financial Investments, and Contracting

The school district is subject to and must comply with Minnesota Statutes, sections 15.054 and 118A.01 to 118A.06 governing government property and financial investments and sections 471.38, 471.391, 471.392, and 471.425 governing municipal contracting.

M. Mandatory Disclosures

The school district must promptly disclose whenever, in connection with the federal award (including any activities or subawards thereunder), it has credible evidence of the commission of a violation of federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations found in 18 United States Code or a violation of the civil False Claims Act (31 United States Code, sections 3729–3733).

The disclosure must be made in writing to the DOE, MDE, and the MDE Office of Inspector General, (if applicable). School districts are also required to report matters related to school district integrity and performance in accordance with Appendix XII of 2

Code of Federal Regulations, part 200. Failure to make required disclosures can result in any of the remedies described in 2 Code of Federal Regulations, section 200.339.

IX~~VIII~~.COMPENSATION – PERSONAL SERVICES EXPENSES AND REPORTING

A. Compensation – Personal Services

Costs of compensation are allowable to the extent that they satisfy the specific requirements of the Uniform Grant Guidance and that the total compensation for individual employees:

1. Is reasonable for the services rendered and conforms to the established written school district policy of the school district consistently applied to both federal and non-federal activities; and

2. Follows an appointment made in accordance with the ~~a~~ school district's written policies and meets the requirements of federal statute, where applicable.

Unless an arrangement is specifically authorized by a federal awarding agency, the ~~a~~ school district must follow its written non-federal, entitywide policies and practices concerning the permissible extent of professional services that can be provided outside the school district for non-organizational compensation.

B. Compensation – Fringe Benefits

1. During leave.

The costs of fringe benefits in the form of regular compensation paid to employees during periods of authorized absences from the job, such as for annual leave, family-related leave, sick leave, holidays, court leave, military leave, administrative leave, and other similar benefits, are allowable if all of the following criteria are met:

a. They are provided under established written leave policies;

b. The costs are equitably allocated to all related activities, including federal awards; and

c. The accounting basis (cash or accrual) selected for costing each type of leave is consistently followed by the school district.

2. The costs of fringe benefits in the form of employer contributions or expenses for social security; employee life, health, unemployment, and worker's compensation insurance (except as indicated in 2 C.F.R. § 200.447(d)); pension plan costs; and other similar benefits are allowable, provided such benefits are granted under established written policies. Such benefits must be allocated to federal awards and all other activities in a manner consistent with the pattern of benefits attributable to the individuals or group(s) of employees whose salaries and wages are chargeable to such federal awards and other activities and charged as direct or indirect costs in

accordance with the school district's accounting practices.

3. Actual claims paid to or on behalf of employees or former employees for workers' compensation, unemployment compensation, severance pay, and similar employee benefits (e.g., post-retirement health benefits) are allowable in the year of payment provided that the school district follows a consistent costing policy.

4. Pension plan costs may be computed using a pay-as-you-go method or an acceptable actuarial cost method in accordance with the school district's written policies. ~~of the school district.~~

5. Post-retirement costs may be computed using a pay-as-you-go method or an acceptable actuarial cost method in accordance with established school district written ~~policies of the school district.~~

6. Costs of severance pay are allowable only to the extent that, in each case, severance pay is required by law; employer-employee agreement; established policy that constitutes, in effect, an implied agreement on the school district's part; or circumstances of the particular employment.

C. Insurance and Indemnification.

Types and extent and cost of coverage are in accordance with the school district's policy and sound business practice.

D. Recruiting Costs. Short-term, travel visa costs (as opposed to longer-term, immigration visas) may be directly charged to a federal award, so long as they are:

1. Critical and necessary for the conduct of the project;

2. Allowable under the cost principles set forth in the Uniform Grant Guidance;

3. Consistent with the school district's cost accounting practices and school district policy; and

4. Meeting the definition of "direct cost" in the applicable cost principles of the Uniform Grant Guidance.

~~E. Relocation Costs of Employees. Relocation costs are allowable, subject to the limitations described below, provided that reimbursement to the employee is in accordance with the school district's reimbursement policy.~~

F. Travel Costs.

Under 2 Code of Federal Regulations, section 200.475, travel costs include the transportation, lodging, subsistence, and related items incurred by employees who are in travel status on official business of the school district.

Travel costs may be charged on an actual cost basis, on a per diem or mileage basis ~~in lieu of actual costs incurred~~, or on a combination of the two, provided the method used is applied to an entire trip and not to selected days of the trip, ~~and results in charges~~ The method used must be consistent with those normally allowed in like circumstances in the school district's ~~non-federally funded~~ other activities and in accordance with the school district's ~~reimbursement~~ established written policies.

Costs incurred by employees and officers for travel, including costs of lodging, other subsistence, and incidental expenses, must be considered reasonable and otherwise allowable only to the extent such costs do not exceed charges normally allowed by the school district in its regular operations as a result of ~~according to~~ the school district's written policy ~~reimbursement and/or travel policies.~~

In addition, when costs are charged directly to the federal award, documentation must justify that ~~the following~~:

1. Participation of the individual is necessary to the federal award; and

2. The costs are reasonable and consistent with the school district's established ~~travel~~ written policy.

Temporary dependent care costs above and beyond regular dependent care t~~hat directly results from travel to conferences is~~ are allowable provided that these costs are:

1. A direct result of the individual's travel for the federal award;

2. Consistent with the school district's ~~documented travel~~ established written policy for all school district travel; and

3. Only temporary during the travel period.

[Note: Noncompliance. If a school district fails to comply with federal statutes, regulations, or the terms and conditions of a federal award, the DOE or MDE may impose additional conditions, as described in 2 C.F.R. § 200.20~~87~~ (Specific Conditions). If the DOE or MDE determines that noncompliance cannot be remedied by imposing ~~additional~~ specific conditions, the DOE or MDE may take one or more of the following actions, as appropriate under the circumstances: 1) Temporarily withhold ~~cash~~ payments until the school district takes corrective action ~~pending correction of the deficiency by the school district or more severe enforcement action by the DOE or MDE~~; 2) Disallow (that is, deny both use of funds and any applicable matching credit for) ~~all or part of the~~ costs for all or part of the activity associated with the noncompliance ~~or action not in compliance~~; 3) Wholly or partly suspend or terminate the federal award; 4) Initiate suspension or debarment proceedings as authorized under 2 C.F.R. Part 180 and DOE regulations (or, in the case of MDE, recommend such a proceeding be initiated by the DOE); 5) Withhold further federal awards (new awards or continuation funding) for the project or program; and/or 6) Take other remedies that may be legally available.]

X. SUBRECIPIENT MONITORING

[NOTE: MDE auditors have stated that subrecipient monitoring must be covered in policy.]

A. The school district will:

1. Verify that the subrecipient is not excluded or disqualified in accordance with 2 Code of Federal Regulations, section 180.300. Verification methods are provided in section 180.300, which include confirming in SAM.gov that a potential subrecipient is not suspended, debarred, or otherwise excluded from receiving federal funds.

2. Ensure that every subaward is clearly identified to the subrecipient as a subaward and includes the information provided below. A pass-through entity must provide the best available information when some of the information below is unavailable. A pass-through entity must provide the unavailable information when it is obtained.

   a. Required information includes:

      1) Federal award identification

         i. Subrecipient's name (must match the name associated with its unique entity identifier);

         ii. Subrecipient's unique entity identifier;

         iii. Federal Award Identification Number (FAIN);

         iv. Federal Award Date;

         v. Subaward Period of Performance Start and End Date;

         vi. Subaward Budget Period Start and End Date;

         vii. Amount of Federal Funds Obligated in the subaward;

         viii. Total Amount of Federal Funds Obligated to the subrecipient by the pass-through entity, including the current financial obligation;

         ix. Total Amount of the Federal Award committed to the subrecipient by the pass-through entity;

         x. Federal award project description, as required by the Federal Funding Accountability and Transparency Act (FFATA);

         xi. Name of the Federal agency, pass-through entity, and

contact information for awarding official of the pass-through entity;

xii. Assistance Listings title and number; the pass-through entity must identify the dollar amount made available under each Federal award and the Assistance Listings Number at the time of disbursement;

xiii. Identification of whether the federal award is for research and development; and

xiv. Indirect cost rate for the federal award (including if the de minimis rate is used in accordance with 2 Code of Federal Regulations, section 200.414).

2) All requirements of the subaward, including requirements imposed by Federal statutes, regulations, and the terms and conditions of the Federal award;

3) Any additional requirements that the pass-through entity imposes on the subrecipient for the pass-through entity to meet its responsibilities under the Federal award. This includes information and certifications (see 2 Code of Federal Regulations, section 200.415) required for submitting financial and performance reports that the pass-through entity must provide to the federal agency;

4) Indirect cost rate:

5) A requirement that the subrecipient permit the pass-through entity and auditors to access the subrecipient's records and financial statements for the pass-through entity to fulfill its monitoring requirements; and

6) Appropriate terms and conditions concerning the closeout of the subaward.

3. Evaluate each subrecipient's fraud risk and risk of noncompliance with a subaward to determine the appropriate subrecipient monitoring described in 2 Code of Federal Regulations, section 200.332, paragraph (f). When evaluating a subrecipient's risk, a pass-through entity should consider the following:

a. The subrecipient's prior experience with the same or similar subawards;

b. The results of previous audits. This includes considering whether or not the subrecipient receives a Single Audit in accordance with 2 Code of Federal Regulations, part 200, subpart F and the extent to which the same or similar subawards have been audited as a major program;

c. Whether the subrecipient has new personnel or new or substantially changed systems; and

d. The extent and results of any federal agency monitoring (for example, if the subrecipient also receives federal awards directly from the federal agency).

4. If appropriate, consider implementing specific conditions in a subaward as described in 2 Code of Federal Regulations, section 200.208 and notify the Federal agency of the specific conditions.

5. Monitor the activities of a subrecipient as necessary to ensure that the subrecipient complies with Federal statutes, regulations, and the terms and conditions of the subaward. The pass-through entity is responsible for monitoring the overall performance of a subrecipient to ensure that the goals and objectives of the subaward are achieved. In monitoring a subrecipient, a pass-through entity must:

   a. Review financial and performance reports.

   b. Ensure that the subrecipient takes corrective action on all significant developments that negatively affect the subaward.
   Significant developments include Single Audit findings related to the subaward, other audit findings, site visits, and written notifications from a subrecipient of adverse conditions which will impact their ability to meet the milestones or the objectives of a subaward. When significant developments negatively impact the subaward, a subrecipient must provide the pass-through entity with information on their plan for corrective action and any assistance needed to resolve the situation.

   c. Issue a management decision for audit findings pertaining only to the Federal award provided to the subrecipient from the pass-through entity as required by 2 Code of Federal Regulations, section 200.521.

   d. Resolve audit findings specifically related to the subaward. However, the pass-through entity is not responsible for resolving cross-cutting audit findings that apply to the subaward and other Federal awards or subawards. If a subrecipient has a current Single Audit report and has not been excluded from receiving Federal funding (meaning, has not been debarred or suspended), the pass-through entity may rely on the subrecipient's cognizant agency for audit or oversight agency for audit to perform audit follow-up and make management decisions related to cross-cutting audit findings in accordance with 2 Code of Federal Regulations, section 200.513(a)(4)(viii). Such reliance does not eliminate the responsibility of the pass-through entity to issue subawards that conform to agency and award-specific requirements, to manage risk through ongoing subaward monitoring, and to monitor the status of the findings that are specifically related to the subaward.

6. Depending upon the pass-through entity's assessment of the risk posed by the

subrecipient (as described in 2 Code of Federal Regulations, section 200.332, paragraph (c)), the following monitoring tools may be useful for the pass-through entity to ensure proper accountability and compliance with program requirements and achievement of performance goals:

a. Providing subrecipients with training and technical assistance on program-related matters;

b. Performing site visits to review the subrecipient's program operations; and

c. Arranging for agreed-upon-procedures engagements as described in 2 Code of Federal Regulations, section 200.425.

7. Verify that a subrecipient is audited as required by 2 Code of Federal Regulations, part 200, subpart F.

8. Consider whether the results of a subrecipient's audit, site visits, or other monitoring necessitate adjustments to the pass-through entity's records.

9. Consider taking enforcement action against noncompliant subrecipients as described in 2 Code of Federal Regulations, section 200.339 and in program regulations.

XI. CONFLICT OF INTEREST

A. Standards of Conduct

The school district will maintain written standards of conduct covering conflict of interest and governing the actions of its employees engaged in the selection, award and administration of contracts.

B. No employee, officer, agent, or board member may participate in the selection, award, or administration of a contract supported by a federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, agent, or board member, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. The employees, officers, agents, and board members of the school district may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, the school district may set standards for situations in which the financial interest is not substantial or the gift is an unsolicited item of nominal value. The standards of conduct must provide for disciplinary actions to be applied for violations of such standards by employees, officers, agents, or board members of the school district. Disciplinary actions may be undertaken pursuant to the school district’s Discipline, Suspension, and Dismissal of School Employees policy.

The school district’s Conflict of Interest policies and procedures provide additional measures regarding conflicts of interest.

[Note: The Minnesota Department of Education confirmed that the "written standards of conduct" required under 2 Code of Federal Regulations, section 200.318(c)(1) may appear in this policy, another policy and/or in an employee handbook. School boards may decide whether to adopt this section or address written standards of conduct elsewhere.]

C. Organizational Conflicts of Interest

If the school district has a parent, affiliate, or subsidiary organization that is not a state, local government, or Indian tribe, the school district must maintain written standards concerning organizational conflicts of interest. Organizational conflicts of interest means that because of relationships with a parent company, affiliate, or subsidiary organization, the school district is unable or appears to be unable to be impartial in conducting a procurement action involving the related organization.

D. Disclosing Conflicts of Interest

The school district will disclose in writing any potential conflict of interest to MDE in accordance with established federal agency policies.
