Re: District 281 Youth Council Update

The **Robbinsdale Area Schools Youth Council (281YC)** focuses on developing, nurturing, and uplifting “youth voice” to the forefront of the district's decision-making process.

The 281YC is composed of district high school students committed to addressing concerns, and providing ideas that will improve the lives of Robbinsdale Area Schools students.

The 281YC’s mission is to work on behalf of the District 281 student body to improve the overall experience for every student by incorporating youth voices into the district decision making process.

During the Business meeting, members of the 281YC will update the school board on their research topic for the 25-26 school year:

- **How can we support students’ sense of belonging during transition?**

Students will share their research questions, initial assumptions, and methods of evaluation. Dr. Anne Beaton will support the presentation.

Our Research

Phase 1:

Vision 2030 & School board decisions

Student Lived Experience: "Transition"

Sense of Belonging, Transition, Change

We wondered: Can we support students' sense of belonging during transition?

Phase 2:

We read: schools in transition, sense of belonging, focus groups

We designed our research approach to help learn how students feel

Focus Groups & Observations- 3rd and 7th grade students at 5 schools

Phase 3:

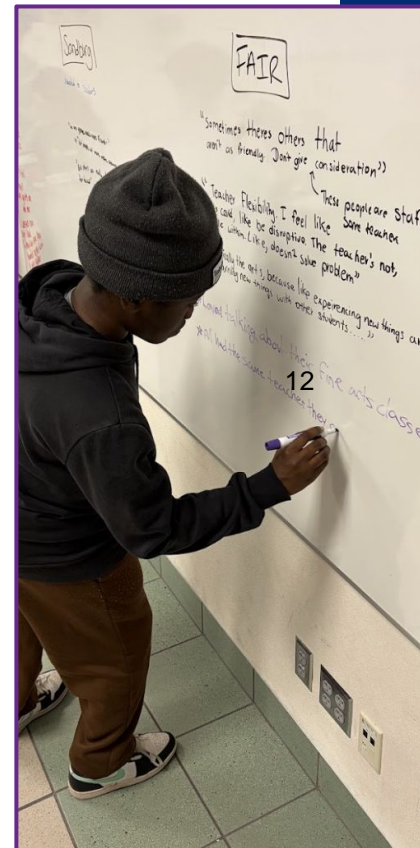

We Analyzed our data to ID themes: Identity, Friendships, Learning, Arts

*We Read More: The power of art in schools, the impact of school closure,
adolescent friendships, feeling safe and valued increases learning*

We Examined: ISD 281 Student and Caregiver Survey Data

Final Phase:

We named priorities and recommendations & prepared to present

Context: Transition Can Be Isolating

Until their sense of belonging is secure, [students] will not reach anything close to their full potential [or] feel safe enough to bring out their gifts, to experiment with their identity to find what is authentic to them, or to take the risks and apply the energy needed to reach their academic potential."

Research Question & Methods

How can we support students' sense of belonging during transition?

School	What did you notice?	What did your observations make you wonder?
FAIR -	I noticed that most of the students are really passionate about their school, staff support and especially the program they have there. Many students spoke about the arts programs and how they were proud of them. Other than that the school felt really welcoming and bringer with an intricate design that was really expressive.	It made me wonder - seeing how important the arts programs were to the student and how it helped them find their place to belong if reduced or removed may affect the transition to Plymouth.

14

Focus Group Questions (sample)

1. *What is your favorite spot here at school? Why?*
2. *What are you most proud of about your school?*
3. *What do you look forward to each day when you come to school?*
4. *What is your favorite way to learn?*

Re: RSI Secure Entry Improvements Contract Award Recommendation

Background

Secure entry improvements were designed for the Robbinsdale Spanish Immersion Elementary School (RSI) by OPN Architects and KFI Engineering. The projected cost for the designed scope fell below the \$175,000 threshold for a formal bid process.

Bid details

On Thursday, April 30, we received quotes for RSI secure entry improvements from three companies: Brennan Construction of MN, Inc., Versacon, Inc., and BCI Construction. The low quote for the project was received from Brennan Construction of MN, Inc.

Recommendation

After reviewing the quotes, we recommend that the Robbinsdale Area Schools Board of Education award the general contract for RSI Secure Entry Improvements to Brennan Construction of MN, Inc. for the sum of \$103,000.00

Re: Extended Field Trip - International Travel Requiring School Board Approval

RECOMMENDATION:

The School Board approves the Cooper High School trip to Costa Rica June 20-29, 2026.

DISCUSSION:

Per policy 610 Field Trips, revised April 2026, field trips outside the United States must be approved by the school board.

James Stranton, science teacher at Cooper High School, will be taking 8 students to Costa Rica to participate in the Seeds of Change Research program. This is the second year Mr. Stanton will bring a group of students to Costa Rica to experience an intense immersive science research program. Students will spend nine days doing tropical field research on leaf-cutter ants, butterflies and other insects in the rainforests and cloud forests of Northern Costa Rica. Students will have the opportunity to earn three college credits.

Outcomes:

- Students will apply the scientific method by designing and conducting an experiment based on their own interests, analyzing real-world ecological data to draw evidence-based conclusions.
- Students will collaborate with leading scientists in the field of ecology, microbiology and field research, gaining hands on experience in cutting-edge research within a tropical environment.
- Students will experience being a chocolatier for a day. They will start with locally grown cocoa beans and create high-end chocolates only sold in the upscale European market.
- Students will access a butterfly laboratory that produces Morpho Butterflies to look for new antibiotics.
- Students will learn that research involves embracing failure and capitalizing on what was learned to advance to a higher level of understanding. Lessons not only apply to science but to life in general.

Students and their families are responsible for the trip fees at about \$4700.00 each .

These students will share their experience after the trip at a School Board meeting in September or October of 2026.

Arts & Innovation

As recommended by the ReImagine 2030 Vision team

- Part of rebranding the district identity
- Arts and Innovation programming across *all* schools, including Spanish Immersion.
- Facilities intentionally redesigned and renovated, where necessary, to include functional learning spaces (e.g., maker spaces, outdoor labs, performance arts spaces).
- Building on partnerships, like those that already exist with the Minnesota Dept. of Natural Resources (SEA) and Stages Theatre Company (FAIR), would be expanded across the district.

122

How we get there

- Engage staff to incorporate the most effective initiatives from our schools
- District-wide focus on hands-on learning, critical thinking, problem-solving, creativity, and real-world readiness—skills that are often built through project-based learning.
- Blur lines between traditional disciplines through integration of arts, technology, and processes
- Intentional design spaces and experiences for each level in our system

Tax Impact: Comparing Referendum Paths

Two distinct funding paths:

Blue: \$515M Comprehensive Option (includes Board-Approved Long-Term Facilities Maintenance and Voter-Approved Bond Referendum)

Green: \$140M Board-Approved Paygo + Bonds

\$515 Million Total Project Amount

This funding option utilizes a 20-year bond term.

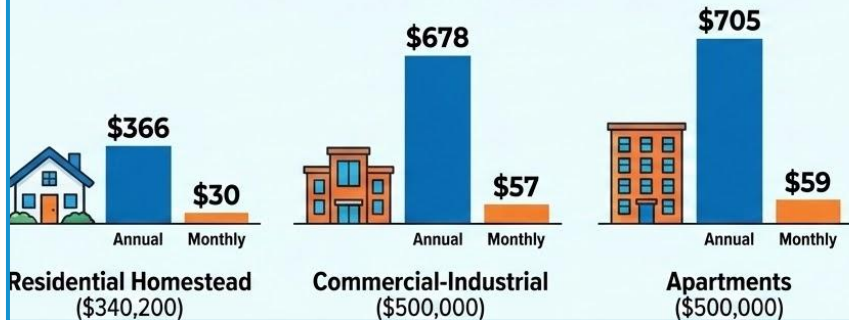

\$30 Monthly Impact for Median Homes

A residential homestead would see an annual increase.

Higher Impact for Commercial Properties

A \$1M commercial property would see an annual tax increase.

\$140 Million Combined Investment

Split between \$70M LTFM bonds and \$70M General Fund PAYGO

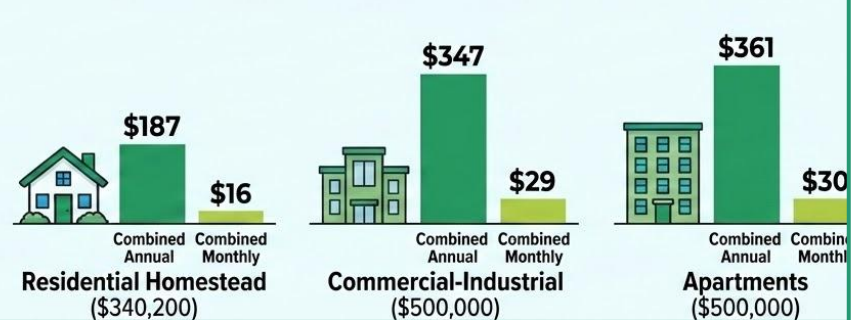

\$16 Monthly Impact for Median Homes

A residential homestead sees a combined annual increase.

10-Year Bond Term

This option uses a shorter 10-year term for the bond portion.

Decision Sequence and Future Reductions

Regardless of a building bond, adjustments will need to be made (reductions, removal, or revenue)

- **2027-2028 \$2.1M** (Assumed options - magnet transportation \$1.423M; CHS IB \$600,000; other)
- **2028-2029 \$2.5M** (Assumed options of additional building closures)
***NOTE:** These are single point-in-time numbers. Any changes to the positive or negative will alter these estimates*

128

Any next steps, regardless of bond, are decisions made by the **board** to:

- Stay in compliance with SOD
- Provide direction to administration with operational changes

The Path to 6.5%

(Fund Balance Outlook)

The Path to 6.5%

The preliminary budget reflects a structural improvement, increasing the unassigned fund balance from **-6.05%** to **-4.96%**.

While the projected revenues now track **above projected expenditures**, the board's target of a **6.5% unassigned fund balance** requires sustained, multi-year fiscal discipline and adherence to our new consolidated operational footprint.
