AGENDA SECTION:	**Rdale Proud**
ITEM:	4. Growing through Nature and Outdoor Learning
PRESENTED BY:	Emilie Levinson, Director of Early Learning Sara Tinklenberg, Early Learning Supervisor Janet Rein, Preschool Teacher Emily Maki, Early Childhood Special Education Teacher Early Learning Students: Lucy Haug, Arthur Haug, and Onika Schmitt-Lockridge

PURPOSE:
Ms. Levinson, Ms. Tinklenberg, Ms. Rein, and Ms. Maki will highlight the powerful role outdoor and nature-based learning experiences play in early childhood education. The Early Learning team will share how outdoor experiences support young children's emotional well-being, encourage creativity, and foster important social skills such as cooperation, communication, and problem-solving. By connecting children with the natural world in developmentally appropriate ways, our Early Learning team creates rich learning experiences that nurture the whole child academically, socially, emotionally, and physically.

ROLE OF THE BOARD:
Listen, and ask questions.

Outdoor and nature-based learning supports young children’s academic growth, physical health, emotional well-being, creativity, and social development through hands-on, developmentally appropriate experiences.

Gardening

Gardening is an excellent hands-on learning tool that promotes holistic development. It engages children in sensory exploration, builds motor skills, [15] and introduces foundational science and math concepts. Furthermore, nurturing plants fosters responsibility, relieves stress, and encourages healthier eating habits.

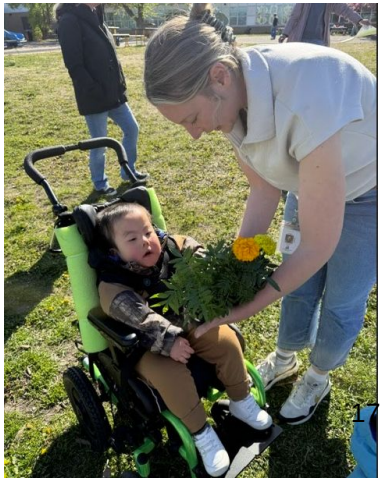

16

Class #10 Garden

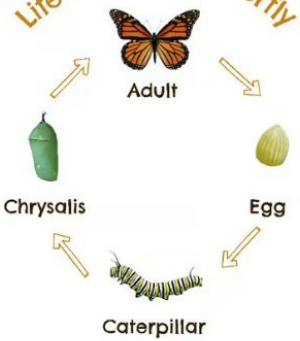

Caterpillars!

Learning about the caterpillar life cycle provides tangible, hands-on science experiences that captivate young minds. It promotes cognitive growth by teaching observation and sequencing, builds empathy and responsibility through caring for living creatures, and fosters a lifelong appreciation for nature.

The Mud Kitchen

Mud kitchen play offers preschool children a powerful, open-ended sensory experience that builds fundamental skills. By engaging in "cooking" with dirt, water, and natural materials, children develop fine motor control, practice early STEM concepts like volume and measurement, and strengthen social skills through imaginative collaboration.

From: Shannon Morris, Q-Comp Coordinator
Date: June 1, 2026 - Consent Agenda
Re: Q-Comp Annual Report

2025-26 Robbinsdale Q-Comp Annual Report

Q-Comp is a school improvement model that focuses on teacher effectiveness and student achievement. It provides monetary incentives to reward teachers for working toward raising student achievement.

The three components of our plan I am reporting on are: school improvement goals, professional learning communities, and the teacher review process. In addition, I will share findings from our Annual Review that was completed in May.

School Improvement (Site) Goals

- In Robbinsdale we write site goals based on the results of the MCA and Fastbridge assessments. SMART goals are set using reading or math data.
- Site goals were set in September and submitted by October 1st
- MCA data becomes available October 2026. At that time site goal attainment will be reviewed and verified.

Professional Learning Communities (PLCs)

PLCs are collaborative work teachers engage in to improve classroom instruction to increase student achievement.

- PLCs met weekly in person or virtually from September 2025 through May 2026
- PLCs wrote annual SMART goals focused on increasing student achievement. These goals are aligned to building site goals.
- PLC goals are approved by administrators.
- Our PLCs have performance pay tied to PLC participation and goal attainment .
- Interview data from the Annual Review and Survey Data revealed:
- Educators understand purpose, goals, size, composition, meeting time and goal setting in PLCs.
    - Teachers gave examples of how PLC work impacts instruction and how it connects to classroom practice

- **Survey responses to "How has your instructional practice changed as a result of your PLC Work?"**
    - "I have improved and implemented more fluency as a result of PLC discussions and work."
    - "I was able to consult and get feedback regarding curriculum and individual situations allowing a more holistic approach to teaching SEL"
    - "My instructional practice has become more focused and purposeful through PLC work. I increased the use of small-group instruction, reading routines, and progress-monitoring tools to better support student reading growth."

Peer Review
All staff are observed or evaluated. Administrators evaluate all probationary educators three times a year. Peer Coaches observe continuing contract staff twice a year with the exception of the summative evaluation. Summative evaluations (also referred to as high cycle evaluations) are conducted by administrators once every three years with continuing contract educators

- The Robbinsdale teacher review process involves three, live, 45 minute observations in addition to a 30 minute pre-conference and 30 minute post conference
- Feedback is provided using the 2022 Charlotte Danielson Framework for Teaching
- Educators set professional growth goals. These goals are observed and/or discussed during every observation cycle
- The percentage of educators who were awarded performance pay by meeting proficiency standards is not yet available
- During the Annual Review/Survey, educators shared how reflecting on an observation improves classroom practice
    - “I recognize the importance of relationships even in a small group pull out setting.”
    - “I take into account the feedback to better deliver my instruction. I am more aware of how I ask questions, timing of feedback, etc”
    - “Having the opportunity to deeply reflect on my practice is always valuable, this challenges me to think of the purpose of each lesson and how students are responding and where I may need to make adjustments. “

In summary, our coaching model continues to focus on supporting teachers to improve instruction. Data from 2025-26 provides insight into student achievement that we can build on. We will continue to modify and adjust our Q-Comp plan as needed. The Q-Comp Annual Review focuses on implementation and compliance to our Q-Comp plan. It helps identify successes and areas for improvement. All buildings must be reviewed once every four years. The review took place from April 22nd to May 1st six buildings/programs were interviewed and a survey was sent to all educators. Teams interviewed a variety of PLCs using the scripted protocol provided by MDE. The data from the review will be used to modify and adjust our plan for years to come.

Re: Extended Field Trip - International Travel Requiring School Board Approval

---

RECOMMENDATION:
The School Board approve the Armstrong High School Extended Field Trip to Germany, Hungary, Austria, and the Czech Republic July 22-August 4, 2027.

DISCUSSION:
Per policy 610 Field Trips, revised March of 2026, field trips outside the United States must be approved by the school board.

Armstrong High School has approximately 15-20 students, and at least two staff chaperones that will go on this trip. Traveling to Germany, Hungary, Austria, and the Czech Republic will give students an opportunity to explore new places, experience different cultures, and gain lifelong skills including independence and confidence.

Outcomes:

- Students will develop an understanding of the profound differences of another culture including: customs, norms, geography, and architecture.
- Students will engage in personalized learning experiences that connect to students' interests, fostering deeper understanding and critical thinking.
- Students will interact with new people, places and cultures, expanding their knowledge of the world.
- Culturally, students will have a guided tour in each of the cities. In Berlin some of the highlights include: the Brandenburg Gate, Kurfurstendamm, Remains of the Berlin wall. In Prague they will see St. Vitus Cathedral, Golden Lane, and Charles Bridge. In Budapest some of the highlights are: Heroes' Square, Castle Hill, and Gallert Hill. Vienna brings Ringstrasse, Parliament Building, and Neues Rathus. Guided walking tours and a boat ride on the Danube River are also a part of this amazing itinerary.

Students and their families are responsible for the trip fees at about $5309.00 each.

These students will share their experience after the trip at a School Board meeting in September or October of 2027.

Armstrong High School Resolution
Cooper High School Resolution

2026-2027 RESOLUTION FOR MEMBERSHIP
IN THE MINNESOTA STATE HIGH SCHOOL LEAGUE
Membership Renewal Form

This form must be completed once for each school in the district.

Must be completed and submitted to MSHSL NOT LATER THAN JULY 31, 2026. Retain one copy for the school files.

RESOLVED, that the Governing Board or Entity of Robbinsdale Armstrong High School (Name of School) located in the State of Minnesota delegates the control, supervision and regulation of interscholastic activities and athletics (referred to in MN Statutes, Section 128C.01) to the Minnesota State High School League, and so hereby certifies to the State Commissioner of Education as provided for by Minnesota Statutes.

FURTHER RESOLVED, that the school listed is authorized by this, the Governing Board of said school district or school to renew its membership in the Minnesota State High School League; and to participate in the approved interscholastic activities and athletics sponsored by said League and its various subdivisions.

FURTHER RESOLVED, that this Governing Board or Entity hereby adopts the Constitution, Bylaws, Policies, Rules and Regulations of said League and all amendments thereto as the same as are published in the latest edition of the League's *Official Handbook*, on file at the office of the school district or school, or as appears on the League's website, as the minimum standards governing participation in said League-sponsored activities and athletics. Further, the administration and responsibility for determining student eligibility and for the supervision of such activities and athletics are assigned to the official representatives identified by this Governing Board or Entity.

Signing this Resolution for Membership affirms that this Governing Board has reviewed all required membership materials provided by the League which defines the purpose and value of education-based activity and athletic and programs and defines each member school's responsibilities.

Member schools must develop and publicize administrative procedures to address eligibility suspensions related to Student Code of Responsibilities (Bylaw 206.2) violations for students participating in activity and athletic programs by member schools.

The above Resolution was adopted by the Governing Board or Entity of this school or district and is recorded in the official minutes of said Board and hereby is certified to the State Commissioner of Education as provided for by law.

The following is taken from the MSHSL Constitution:

208.00 LOCAL CONTROL

208.01 Designated School Representatives
At the beginning of the League's fiscal year, the governing board of each member school shall designate two (2) representatives who are authorized to vote for the member school at all district, region and section meetings and on mail ballots where member schools are called upon to vote.

One of the designated representatives shall be a member of the school's governing board and the other shall be an administrator or full-time faculty member of the member school.

In school districts with multiple schools, the designated representative from the school district's governing body may represent more than one school and is entitled to one vote for each school they represent.

208.02 Designated Activity Representatives
At the beginning of the League's fiscal year, the governing board of each member school shall select individuals to represent its school in the following areas: (a) boys sports; (b) girls sports; (c) speech; and (d) music.

208.03 Local Advisory Committee
Each school is urged to form an advisory committee for League activities. Committee membership is not limited to but shall include a school board member, a student, a parent, and a faculty member, to advise the designated school representatives on all matters relating to the school's membership in the MSHSL.

2026-2027 RESOLUTION FOR MEMBERSHIP
IN THE MINNESOTA STATE HIGH SCHOOL LEAGUE
Membership Renewal Form

This form must be completed once for each school in the district.

Must be completed and submitted to MSHSL NOT LATER THAN JULY 31, 2026. Retain one copy for the school files.

RESOLVED, that the Governing Board or Entity of Robbinsdale Cooper High School located in the State of Minnesota delegates the control, supervision and regulation of interscholastic activities and athletics (referred to in MN Statutes, Section 128C.01) to the Minnesota State High School League, and so hereby certifies to the State Commissioner of Education as provided for by Minnesota Statutes.

FURTHER RESOLVED, that the school listed is authorized by this, the Governing Board of said school district or school to renew its membership in the Minnesota State High School League; and to participate in the approved interscholastic activities and athletics sponsored by said League and its various subdivisions.

FURTHER RESOLVED, that this Governing Board or Entity hereby adopts the Constitution, Bylaws, Policies, Rules and Regulations of said League and all amendments thereto as the same as are published in the latest edition of the League's *Official Handbook*, on file at the office of the school district or school, or as appears on the League's website, as the minimum standards governing participation in said League-sponsored activities and athletics. Further, the administration and responsibility for determining student eligibility and for the supervision of such activities and athletics are assigned to the official representatives identified by this Governing Board or Entity.

Signing this Resolution for Membership affirms that this Governing Board has reviewed all required membership materials provided by the League which defines the purpose and value of education-based activity and athletic and programs and defines each member school's responsibilities.

Member schools must develop and publicize administrative procedures to address eligibility suspensions related to Student Code of Responsibilities (Bylaw 206.2) violations for students participating in activity and athletic programs by member schools.

The above Resolution was adopted by the Governing Board or Entity of this school or district and is recorded in the official minutes of said Board and hereby is certified to the State Commissioner of Education as provided for by law.

~~**ADMINISTRATIVE PROCEDURE**~~
710 POLICY - ~~710AP~~ EXTRACURRICULAR TRANSPORTATION

I. PURPOSE

The purpose of this policy is to make clear to students, parents, and staff the school district's administrative procedure regarding extracurricular transportation.

II. GENERAL STATEMENT OF POLICY

The determination as to whether to provide transportation for students, spectators, or participants to and from extracurricular activities shall be made solely by the school district administration. This determination shall include, but is not limited to, the decision to provide transportation, the persons to be transported, the type or method to be utilized, all transportation scheduling and coordination, and any other transportation arrangements or decisions. Employees who are involved in extracurricular activities shall be advised by the administration as to the transportation arrangements made, if any.

III. ARRANGEMENT OF EXTRACURRICULAR TRANSPORTATION

School district employees shall not undertake independent arrangement, scheduling, or coordination of transportation for extracurricular activities unless specifically directed or approved by the school district administration. All transportation arrangements made by a school district employee must be approved by a building administrator. ~~The employee must be a district approved Type III or MFSB driver and must follow all of the guidelines pertaining to safe transportation of district students as contained in their Type III/MFSB district training.~~ If the school district makes no arrangements for extracurricular transportation, students who wish to participate are responsible for arranging for or providing their own transportation.

IV. NO EMPLOYEE TRANSPORTATION OF STUDENTS WITH PERSONAL VEHICLES

An employee must not use a personal vehicle to transport one or more students except as provided herein. However, employees may make appropriate transportation arrangements for students as necessary in an emergency or other unforeseeable circumstance.

In a nonemergency situation, an employee must get prior, written approval from the administration before transporting a student in a personal vehicle. If a school vehicle is available, the employee will use the school vehicle. The administration has the sole discretion to make a final determination as to the appropriate use of a personal vehicle to transport one or more students. If any emergency transportation arrangements are made by employees pursuant to this section, the relevant facts and circumstances shall be reported to the administration as soon thereafter as practicable.

All vehicles used to transport students shall be properly registered and insured.

~~*[Note: This policy provides that employees may use a personal vehicle to transport students in an emergency or other unforeseeable circumstance. An "emergency or other unforeseeable circumstance" does not include situations where regular transportation is available or scheduled.*~~

~~*For example, if a scheduled extracurricular event occurs outside of the school district and the school district transports a team or group of students to and from the event, an employee would be prohibited by law from using a personal vehicle to transport some students to the event. In contrast, if a student attending this same event became ill or injured and required immediate transportation home or to a health care facility, the exigent need to transport one student would not constitute regular or scheduled transportation. An employee would have authority to transport the student in a personal vehicle under these circumstances, if using a vehicle that is properly registered and insured. The expectation of the school district is that the employee would immediately contact administration about these circumstances to ensure oversight of the employee's use of this exception.*~~

~~*Nonregular and nonscheduled transportation also would include situations where some notice may be provided of the need for transportation to a nonscheduled event for which transportation generally is not provided by the school district. For example, a group of students may participate in a scheduled debate competition for which regular school district transportation is provided. Two students advance to a regional competition the following day. Transportation would not have been scheduled to the regional competition as the students' advancement was not predicted. These circumstances may justify an employee's use of a personal vehicle to transport the two students to the regional competition, if the vehicle is properly registered and insured. Because the employee has sufficient time to contact an administrator, advance written permission by an administrator would be expected for the purpose of overseeing that the reasons for an employee using a personal vehicle comply with the requirements of the law.]*~~

V. FEES

In its discretion, the school district may charge fees for transportation of students to and from extracurricular activities conducted at locations other than school, where attendance is optional.

711 POLICY - VIDEO RECORDING ON SCHOOL BUSES

I. PURPOSE

The transportation of students to and from school is an important function of the school district, and transportation by the school district is a privilege and not a right for an eligible student. The behavior of students and employees on the bus is a significant factor in the safety and efficiency of school bus transportation. Student and employee misbehavior increases the potential risks of injury. Therefore, the school district believes that video recording student passengers and employees on the school bus will encourage good behavior and, as a result, promote safety. The purpose of this policy is to establish a school bus video recording system.

II. GENERAL STATEMENT OF POLICY

A. Placement

1. Each and every school bus owned, leased, contracted, and/or operated by the school district shall be equipped with a fully enclosed box for placement and operation of a video camera and conspicuously placed signs notifying riders that their conversations or actions may be recorded.

2. A video camera will not necessarily be installed in each and every school bus owned, leased, contracted, and/or operated by the school district, but cameras may be rotated from bus to bus without prior notice to students.

3. Video cameras will be placed on a particular school bus, to the extent possible, where the school district has received complaints of inappropriate behavior.

B. Use of Video Recordings

1. A video recording of the actions of student passengers and/or employees may be used by the school district as evidence in any disciplinary action brought against any student or employee arising out of the student's or employee's conduct on the bus.

2. A video recording will be released only in conformance with the Minnesota Government Data Practices Act, Minnesota Statutes chapter ~~Minn. Stat. Ch.~~ 13 and the Family Educational Rights and Privacy Act, 20 United States Code section ~~U.S.C. §~~1232g and the rules and/or regulations promulgated thereunder.

3. Video recordings will be viewed by school district personnel on a random basis and/or when discipline problems on the bus have been brought to the attention of

the school district.

4. A video recording will be retained by the school district until relooped or until the conclusion of disciplinary proceedings in which the video recording is used for evidence.

712 POLICY - VIDEO ~~SURVEILLANCE~~ RECORDING OTHER THAN ON BUSES

I. PURPOSE

Maintaining the health, welfare, and safety of students, staff, and visitors while on school district property and the protection of school district property are important functions of the school district. The behavior of individuals who come on to school property is a significant factor in maintaining order and discipline and protecting students, staff, visitors, and school district property. The school board recognizes the value of video/~~electronic surveillance~~ recording systems in monitoring activity on school property in furtherance of protecting the health, welfare, and safety of students, staff, visitors, and school district property.

II. GENERAL STATEMENT OF POLICY

A. Placement

1. School district buildings and grounds may be equipped with video cameras.

2. Video ~~surveillance~~ recording may occur in any school district building or on any school district property.

3. Video ~~surveillance~~ recording will normally not be used in bathrooms or locker rooms, although these areas may be monitored ~~placed under surveillance~~ by individuals of the same sex as the occupants of the bathrooms or locker rooms. ~~Video surveillance in bathrooms or locker rooms will only be utilized in extreme situations, with extraordinary controls.~~

B. Use of Video Recordings

1. Video recordings will be viewed by school district personnel on a random basis and/or when problems have been brought to the attention of the school district.

2. A video recording of the actions of students and/or employees may be used by the school district as evidence in any disciplinary action brought against any student or employee arising out of the student's or employee's conduct in school district buildings or on school grounds.

3. A video recording will be released only in conformance with the Minnesota Government Data Practices Act, Minnesota Statutes, chapter 13 ~~Minn. Stat. Ch. 13~~, and the Family Educational Rights and Privacy Act, 20 United States Code, section ~~U.S.C. §~~ 1232g, and the rules and/or regulations promulgated thereunder.

C. Security and Maintenance

1. The school district shall establish appropriate security safeguards to ensure that video recordings are maintained and stored in conformance with the Minnesota Government Data Practices Act, Minnesota Statutes, chapter 13 ~~Minn. Stat. Ch. 13~~, and the Family Educational Rights and Privacy Act, 20 United States Code, section ~~U.S.C. §~~ 1232g, and the rules and/or regulations promulgated thereunder.

2. The school district shall ensure that video recordings are retained in accordance with the school district's records retention schedule.

713 POLICY - STUDENT ACTIVITY ACCOUNTING

I. PURPOSE

The school board recognizes the need to provide alternative paths to learning, skill development for its students, and activities for student enjoyment. It also understands its commitment to and obligation for assuring maximum accountability for public funds and student activity funds. For these reasons, the school board will assume control over and/or oversee funds for student activities as set forth in this policy.

II. GENERAL STATEMENT OF POLICY

A. Curricular and Cocurricular Activities

The school board shall take charge of, control over, and account for all student activity funds that relate to curricular and cocurricular activities.
~~*[Note: The school board is required by Minnesota Statutes section Minn. Stat. § 123B.49, subdivision Subd. 2, to take charge of and control over all cocurricular activities, including all money received for such activities.]*~~

B. Extracurricular Activities

The school board shall take charge of and control over all student activity accounting that relates to extracurricular activities.
~~*[Note: The school board is required by Minnesota Statutes section Minn. Stat. § 123B.49, subdivision Subd. 4, to take charge of and control over all extracurricular activities, including all money received for such activities.]*~~

C. Non-Student Activities

In overseeing student activity accounts under this policy, the school board shall not maintain or account for funds generated by non-students including, but not limited to, convenience funds of staff members, booster club funds, parent-teacher organization or association funds, or funds donated to the school district for specified purposes other than student activities.

III. DEFINITIONS

A. Cocurricular Activity

A "cocurricular activity" means those portions of the school-sponsored and directed

activities designed to provide opportunities for students to participate in such experiences on an individual basis or in groups, at school and at public events, for improvement of skills (i.e., interscholastic sports, band, etc.). Cocurricular activities are not offered for school credit, cannot be counted toward graduation, and have *one or more* of the following characteristics:

1. They are conducted at regular and uniform times during school hours, or at times established by school authorities;

2. They are directed or supervised by instructional staff in a learning environment similar to that found in courses offered for credit; and

3. They are partially, primarily, or totally funded by public monies for general instructional purposes under direction and control of the school board.

B. Curricular Activity

A "curricular activity" means those portions of the school program for which credit is granted, whether the activity is part of a required or elective program.

C. Extracurricular (Noncurricular/Supplementary) Activity

An "extracurricular (noncurricular/supplementary) activity" means all direct and personal services for students for their enjoyment that are managed and operated under the guidance of an adult or staff member. Extracurricular activities have *all* of the following characteristics:

1. They are not offered for school credit nor required for graduation;

2. They generally are conducted outside school hours or, if partly during school hours, at times agreed by the participants and approved by school authorities;

3. The content of the activities is determined primarily by the student participants under the guidance of a staff member or other adult.

D. Public Purpose Expenditure

A "public purpose expenditure" is one which benefits the community as a whole, is directly related to the functions of the school district, and does not have as its primary objective the benefit of private interest.

IV. MANAGEMENT AND CONTROL OF ACTIVITY FUNDS

A. Curricular and Cocurricular Activities

1. All money received on account of cocurricular activities shall be turned over to the treasurer, who shall deposit such funds in the general fund, to be disbursed for expenses and salaries connected with the activities, or otherwise, by the school board upon properly allowed itemized claims.

2. The treasurer shall account for all revenues and expenditures related to curricular and cocurricular activities in accordance with the Uniform Financial Accounting and Reporting Standards (UFARS) and school district policies and procedures.

B. Extracurricular Activities

1. Any and all costs of extracurricular activities may be provided from school revenues.

2. All money received or expended for extracurricular activities shall be recorded in the same manner as other revenues and expenditures of the school district and shall be turned over to the treasurer, who shall deposit such funds in the general fund, to be disbursed for expenses and salaries connected with the activities, or otherwise, by the school board upon properly allowed itemized claims.

3. The treasurer shall account for all revenues and expenditures related to extracurricular activities in accordance with UFARS and school district policies and procedures.

4. All student activity funds will be collected and expended:

   a. in compliance with school district policies and procedures;

   b. under the general direction of the principal and with the participation of students and faculty members who are responsible for generating the revenue;

   c. in a manner which does not produce a deficit or an unreasonably large accumulation of money to a particular student activity fund;

   d. for activities which directly benefit the majority of those students making the contributions in the year the contributions were made whenever possible; and

   e. in a manner which meets a public purpose.

5. Activity accounts of a graduated class will be terminated prior to the start of the school year following graduation. Any residual money from a graduating class activity fund will remain in the general fund and may be used for any school district purpose. Prior to depositing such accounts, all donations or gifts accepted for the specific purpose of the student activity account shall be administered in accordance with the terms of the gift or donation and school district policy.

V. DEMONSTRATION OF ACCOUNTABILITY

A. Annual External Audit

The school board shall direct its independent certified public accountants to audit,

examine, and report upon student activity accounts as part of its annual school district audit in accordance with state law.

B. Fundraiser Report

The administration will prepare a fundraising report semi-annually which will be reviewed by the school board in May and November. The report will list the activity, type of fundraisers, timing, purpose, and results.

~~***[Note: The school board should conduct periodic reviews of student fundraising. The manner in which such reviews are conducted is in the discretion of the school board.]***~~

~~**ADMINISTRATIVE PROCEDURE**~~
720~~AP~~ POLICY - VENDING MACHINES

I. PURPOSE

The purpose of this administrative procedure is to establish procedures to govern vending machines installed in school facilities in the school district.

II. GENERAL STATEMENT OF ADMINISTRATIVE PROCEDURE

It is the administrative procedure of the school district to contract for, supervise, maintain, and account for the proceeds from vending machines located in school facilities in a manner that is fair, that maximizes the revenues from those machines, that allows those revenues to be included in the budget of the facility in which they are generated, and that establishes controls to avoid fraud, theft, or the appearance of impropriety.

III. AUTHORIZATION

Automatic vending machines for the dispensing of food, beverages, or other approved items are authorized in any school facility in the school district provided that all contracts for such vending machines must be approved by the school board as provided in this administrative procedure.

IV. SUPERVISION; APPROVAL; LOCATION

A. All vending machines shall be under the supervision of the school principal or other person in charge of the facility in which the machine is located. That administrator shall be responsible to supervise the machine in compliance with this administrative procedure and any applicable laws.

B. Machines dispensing cigarettes or tobacco products are not authorized under any circumstances. In the event a written complaint is filed with the superintendent regarding the approval or disapproval of any item, the school board, after proper review, shall make the final determination.

C. Vending machines may be approved that will dispense items approved under USDA's "All Foods Sold in Schools" standards and only during certain hours, through the use of timers or otherwise. Vending machines should not be operated in competition with the school cafeteria or food service. The principal or other person in charge of the school facility may regulate the hours of operation of any machine.

D. Vending machines shall be located to meet any applicable building, fire, or life/safety codes and to provide convenience of operation, accessibility, and ease of maintenance.

The principal or other person in charge of the facility shall review the location of each machine with appropriate maintenance and food service staff.

V. CONTRACT APPROVAL

A. All contracts for the purchase or rental of vending machines shall be considered by the school board on a facility-by-facility basis.

B. If it is estimated that the aggregate receipts from all vending machines located in a school facility will be $25,000 or more in a fiscal year, the contract for any vending machine in that facility must be awarded after the receipt of sealed bids and compliance with ~~Minn. Stat. §~~ Minnesota Statutes section 123B.52.

C. If it is estimated that the aggregate receipts from all vending machines located in a school facility will be less than $25,000 in a fiscal year, the contract for any vending machine in that facility may be awarded after the receipt of two or more quotations after taking into consideration conformity with the specifications, terms of delivery, other conditions imposed in the call for quotations, and compliance with ~~Minn. Stat. §~~ Minnesota Statutes section 123B.52.

D. The contracting process shall be conducted in compliance with ~~Minn. Stat. §~~ Minnesota Statutes section 123B.52. A copy of this policy shall be included in any specifications or request for proposals or quotations. A record shall be kept of all proposals or quotations received with the names, amounts, and successful bidder indicated. All proposals and quotations shall be kept on file as a public record for a period of at least one year after their receipt.

E. Any proposal or quotation must specify all commissions to be paid from the machine and any other noncommission amounts to be paid as a result of the award of the contract. The noncommission amounts include, but are not limited to, cash payments, in-kind payments, equipment donations, scholarship contributions, bonus payments, or other payments or contributions of any kind or nature. The noncommission amounts shall be reduced to a cash equivalency and shall be specified on the proposal or quotation as an additional amount to be paid for the award of the contract.

F. If a contract contains a provision allowing exclusivity, such as all machines in the building carrying only a certain manufacturer's brand of pop, that provision must be reviewed by the administration prior to requesting proposals or quotations to ensure that it does not conflict with other contracts of the school district.

G. All contracts for vending machines must be approved by the school board. Any contract not made in compliance with this policy shall be void. Any district employee signing an unauthorized contract may be subject to personal liability thereon and may be disciplined for said action.

H. All vending machines are to be installed at the expense of the facility in which located. All financial responsibility for the maintenance and repair of machines shall remain with the individual facility in which located to the extent not addressed in the contract.

I. No teacher, administrator, school district employee, or school board member shall be interested, directly or indirectly, in a vending machine contract with the school district or personally benefit financially therefrom.

VI. ACCOUNTING

A. Proceeds from vending machine sales and contracts shall be under the control of the school board, shall be accounted for in one of the regular school district funds, and must be accounted for and reported in compliance with UFARS.

B. An amount equal to the amount of the proceeds from the machines in each facility shall be included in the budget of the facility in which the proceeds are generated. That amount may be expended in accordance with established expenditure procedures.

C. Pursuant to the vending machine contract or otherwise, proper auditing and inventory control procedures shall be established to ensure that commissions are being correctly calculated and paid. These controls must include daily, weekly, or other periodic inventories and written reconciliations of variances between inventory and cash. ~~The vending machine contractor is responsible for stocking, removing cash and reconciling the inventory and cash amounts on a regular basis. A monthly report is submitted to the finance office with the commissions earned, which are recorded in each facility's revenue account.~~ Each time cash is removed from, or inventory is added to a machine, a written reconciliation between cash and inventory must be performed by the person taking the cash from the machine and must be signed by the principal or other person in charge of the facility. The original written reconciliation reports shall be filed with the business office monthly and a copy shall be retained by the principal's office.

~~**ADMINISTRATIVE PROCEDURE**~~
801 POLICY ~~AP~~ - EQUAL ACCESS TO SCHOOL FACILITIES

I. PURPOSE

The purpose of this policy is to implement the Equal Access Act by granting equal access to secondary school facilities for students who wish to conduct a meeting for religious, political, or philosophical purposes during noninstructional time.

II. GENERAL STATEMENT OF POLICY

A. The policy of the school district is not to deny equal access or a fair opportunity to, or to discriminate against, any students who wish to conduct a meeting, on the basis of the religious, political, philosophical, or other content of the speech at such meetings.

B. The school board has created a limited open forum for students enrolled in secondary schools during which noncurriculum-related student groups shall have equal access and a fair opportunity to conduct meetings during noninstructional time.

C. Student use of facilities under this policy does not imply school district sponsorship, approval, or advocacy of the content of the expression at such meetings.

D. The school district retains its authority to maintain order and discipline on school premises, to protect the well-being of students and faculty, and to assure that attendance of students at meetings is voluntary.

E. In adopting and implementing this equal access policy, the school district will NOT:

1. influence the form or content of any prayer or other religious activity;

2. require any person to participate in prayer or other religious activity;

3. expend public funds beyond the incidental cost of providing the space for student-initiated meetings;

4. compel any school agent or employee to attend a school meeting if the content of the speech at the meeting is contrary to the beliefs of the agent or employee;

5. sanction meetings that are otherwise unlawful;

6. limit the rights of groups of students based on the size of the group;

7. abridge the constitutional rights of any person.

III. DEFINITIONS

A. "Limited open forum" means that the school grants an offering to or opportunity for one or more noncurriculum related student groups to meet on school premises during noninstructional time.

B. "Secondary school" means any school with enrollment of pupils ordinarily in grades 7 through 12 or any portion thereof.

C. "Sponsorship" includes the act of promoting, leading, or participating in a meeting. The assignment of a school employee for custodial, observation, or maintenance of order and discipline purposes does not constitute sponsorship of the meeting.

D. "Meeting" includes activities of student groups which are permitted under a limited open forum and are not directly related to the school curriculum. Distribution of literature does not constitute a meeting protected by the Equal Access Act.

E. "Noninstructional time" means time set aside by the school before actual classroom instruction begins or after actual classroom instruction ends, including such other periods that occur during the school day when no classroom instruction takes place.

IV. FAIR OPPORTUNITY CRITERIA

Schools in this school district shall uniformly provide that:

A. A meeting held pursuant to this policy is voluntary and student-initiated;

B. There is no sponsorship of the meeting by the school or its agents or employees;

C. Employees or agents of the school are present at religious meetings only in a nonparticipatory capacity;

D. The meeting does not materially and substantially interfere with the orderly conduct of educational activities within the school; and

E. Nonschool persons may not direct, control, or regularly attend activities of student groups.

V. PROCEDURES

A. Any student who wishes to initiate a meeting under this policy shall apply to the principal of the building at least 48 hours in advance of the time of the activity or meeting. The student must agree to the following:

1. All activities or meetings must comply with existing policies, regulations, and procedures that govern operation of school-sponsored activities.

2. The activities or meetings are voluntary and student-initiated. The principal may

require assurances of this fact.

B. Student groups meeting under this policy must comply with the following rules:

1. Those attending must not engage in any activity that is illegal, dangerous, or which materially and substantially interferes with the orderly conduct of the educational activities of the school. Such activities shall be grounds for discipline of an individual student and grounds for a particular group to be denied access.

2. The groups may not use the school name, school mascot name, school emblems, the school district name, or any name that might imply school or district sponsorship or affiliation in any activity, including fundraising and community involvement.

3. The groups must comply with school policies, regulations and procedures governing school-sponsored activities.

C. Students applying for use of school facilities under this policy must provide the following information to the principal: time and date of meeting, estimated number of students in attendance, and special equipment needs.

D. The building principal has responsibility to:

1. Keep a log of application information.

2. Find and assign a suitable room for the meeting or activity. The number of students in attendance will be limited to the safe capacity of the meeting space.

3. Note the condition of the facilities and equipment before and after use.

4. Assure proper supervision. Assignment of staff to be present in a supervisory capacity does not constitute school district sponsorship of the meeting or activity.

5. Assure that the meeting or activity does not interfere with the school's regular instructional activities.

E. The school district shall not expend public funds for the benefit of students meeting pursuant to this policy beyond the incidental cost of providing space. The school district will provide no additional or special transportation.

F. Nonschool persons may not direct, conduct, control, or regularly attend meetings and activities held pursuant to this policy.

G. School district employees or agents may not promote, lead, participate in, or otherwise sponsor meetings or activities held pursuant to this policy.

H. A copy of this policy and procedures shall be made available to each student who initiates a request to use school facilities.

~~**ADMINISTRATIVE PROCEDURE**~~
805 POLICY ~~805AP:~~ - WASTE REDUCTION AND RECYCLING

I. PURPOSE

The purpose of this policy is to establish a resource recovery program to promote the reduction of waste, the separation and recovery of recyclable and reusable commodities, the procurement of recyclable commodities and commodities containing recycled materials when feasible, the disposition of waste materials and surplus property, and the establishment of a program of education to develop an awareness of environmentally sound waste management. (Minn. Stat. § 115A.15, Subd. 1)

II. GENERAL STATEMENT OF POLICY

The policy of the school district is to comply with all state laws relating to waste management and to make resource conservation an intentional part of the physical operations and curriculum of the school district.

III. DEFINITIONS

A. "Lamp recycling facility" means a facility operated to remove, recover, and recycle for reuse mercury or other hazardous materials from fluorescent or high intensity discharge lamps. (Minn. Stat. § 116.93, Subd. 1)

B. "Mixed municipal solid waste" means garbage, refuse, and other solid waste that is aggregated for collection but does not include auto hulks, street sweepings, ash, construction debris, mining waste, sludges, tree and agricultural wastes, tires, lead acid batteries, motor and vehicle fluids and filters, and other materials collected, processed, and disposed of as separate waste streams. (Minn. Stat. § 115A.03, Subd. 21)

C. "Packaging" means a container and any appurtenant material that provide a means of transporting, marketing, protecting, or handling a product and includes pallets and packing such as blocking, bracing, cushioning, weatherproofing, strapping, coatings, closures, inks, dyes, pigments, and labels. (Minn. Stat. § 115A.03, Subd. 22b)

D. "Postconsumer materials" means a finished material that would normally be discarded as a solid waste having completed its life cycle as a consumer item. (Minn. Stat. § 115A.03, Subd. 24b)

E. "Rechargeable battery" means a sealed nickel-cadmium battery, a sealed lead acid battery, or any other rechargeable battery, except certain dry cell batteries or a battery exempted by

the Commissioner of the Pollution Control Agency (PCA) (Commissioner). (Minn. Stat. § 115A.9157)

F. "Recyclable commodities" means materials, pieces of equipment, and parts which are not reusable but which contain recoverable resources. (Minn. Stat. § 115A.15, Subd. 1a(a))

G. "Recyclable materials" means materials that are separated from mixed municipal solid waste for the purpose of recycling or composting, including paper, glass, plastics, metals, automobile oil, batteries, and source-separated compostable materials. Refuse-derived fuel or other material that is destroyed by incineration is not a recyclable material. (Minn. Stat. § 115A.03, Subd. 25a)

H. "Recycling" means the process of collecting and preparing recyclable materials and reusing the materials in their original form that do not cause the destruction of recyclable materials in a manner that precludes further use. (Minn. Stat. § 115A.03, Subd. 25b)

I. "Resource conservation" means the reduction in the use of water, energy, and raw materials. (Minn. Stat. § 115A.03, Subd. 26a)

J. "Reusable commodities" means materials, pieces of equipment, parts, and used supplies which can be reused for their original purpose in their existing condition. (Minn. Stat. § 115A.15, Subd. 1a b)

K. "Source-separated compostable materials" means materials that:

1. are separated at the source by waste generators for the purpose of preparing them for use as compost;

2. are collected separately from mixed municipal solid waste and are governed by state licensing provisions;

3. are comprised of food wastes, fish and animal waste, plant materials, diapers, sanitary products, and paper that is not recyclable because the Commissioner has determined that no other person is willing to accept the paper for recycling;

4. are delivered to a facility to undergo controlled microbial degradation to yield a humus-like product meeting the PCA's class I or class II, or equivalent, compost standards and where process residues do not exceed 15 percent by weight of the total material delivered to the facility; and

5. may be delivered to a transfer station, mixed municipal solid waste processing facility, or recycling facility only for the purposes of composting or transfer to a composting facility, unless the Commissioner determines that no other person is willing to accept the materials.

(Minn. Stat. § 115A.03, Subd. 32a)

L. "Waste reduction" or "source reduction" means an activity that prevents generation of

waste or the inclusion of toxic materials in waste, including:

1. reusing the product in its original form;

2. increasing the life span of a product;

3. reducing material or the toxicity of material used in production or packaging; or

4. changing procurement, consumption, or waste generation habits to result in smaller quantities or lower toxicity of waste generated.

(Minn. Stat. § 115A.03, Subd. 36b)

IV. WASTE DISPOSAL

A. The school district will attempt to decrease the amount of waste consumable materials by:

1. reduction of the consumption of consumable materials whenever practicable;

2. full utilization of materials prior to disposal;

B. Each school district facility will collect and recycle the following recyclable materials: paper, glass, plastic, and metal. (Minn. Stat. § 115A.151)

C. The school district will transfer all recyclable materials collected to a recycler.

D. Prior to entering into a contract for the management of mixed municipal solid waste, the school district will determine whether the disposal method provided for in the contract is equal to or better than the waste management practices currently employed in the county or district plan in the county where the school district is located and whether the contract is consistent with the solid waste plan

E. The school district may not knowingly place motor oil, brake fluid, power steering fluid, transmission fluid, motor oil filters, or motor vehicle antifreeze (other than small amounts of antifreeze contained in water used to flush the cooling system of a vehicle after the antifreeze has been drained and does not include de-icer that has been used on the exterior of a vehicle;: (Minn. Stat. § 115A.916)

F. The school district may not knowingly place mercury or a thermostat, thermometer, electric switch, appliance, gauge, medical or scientific instrument, fluorescent or high intensity discharge lamp, electric relay, or other electrical device from which the mercury has not been removed for reuse or recycling;:

1. in a solid waste processing facility; or

2. in a solid waste disposal facility.

(Minn. Stat. § 115A.932, Subd. 1b)

G. The school district will recycle a fluorescent or high-intensity discharge lamp by delivery of the lamp to a lamp recycling facility or to a facility that collects and stores lamps for the purpose of delivering them to a lamp recycling facility, including, but not limited to, a household hazardous waste collection or recycling facility, retailer take-back and utility provider program sites, or other sites designated by an electric utility under Minn. Stat. § 216B.241, Subds. 2 and 4. (Minn. Stat. § 115A.932, Subd. 1c)

H. The school district may not place a lead acid battery in mixed municipal solid waste or dispose of a lead acid battery. The school district also may not place in mixed municipal solid waste a dry cell battery containing mercuric oxide electrode, silver oxide electrode, nickel-cadmium, or sealed lead-acid that was purchased for use or used by the school district. The school district also may not place in mixed municipal solid waste a rechargeable battery, a rechargeable battery pack, a product with a nonremovable rechargeable battery, or a product powered by rechargeable batteries or rechargeable battery pack, from which all batteries or battery packs have not been removed. (Minn. Stat. § 115A.915; Minn. Stat. § 115A.9155, Subd. 1; Minn. Stat. § 115A.9157, Subd. 2)

I. The school district may not place yard waste:

1. in mixed municipal solid waste;

2. in a disposal facility;

3. in a resource recovery facility, except for the purposes of reuse, composting, or co-composting; or

4. in a plastic bag unless exempt as specified in Minn. Stat. § 115A.931(c), (d), or (e). (Minn. Stat. § 115A.931)

J. The school district may not:

1. place major appliances in mixed municipal solid waste; or

2. dispose of major appliances in or on the land or in a solid waste processing or disposal facility.

(Minn. Stat. § 115A.9561)

K. The school district may not place in mixed municipal solid waste an electronic product containing a cathode-ray tube. (Minn. Stat. § 115A.9565)

V. PROCUREMENT OF RECYCLED COMMODITIES AND MATERIALS

A. When practicable and when the price of recycled materials does not exceed the price of non-recycled materials by more than ten percent, the school district may purchase recycled materials.

DRAFT

B. Whenever practicable, the school district will:

1. purchase uncoated office paper and printing paper unless the coated paper is made with at least 50 percent postconsumer material;

2. purchase recycled content paper with at least ten percent postconsumer material by weight;

3. print documents on both sides of the paper where commonly accepted publishing practices allow; and

4. purchase copier paper that contains at least ten percent post-consumer material by fiber content.

(Minn. Stat. § 16B.122, Subd. 2)

C. In developing bid specifications, the school district will consider the extent to which a commodity or product is durable, reusable or recyclable, and marketable through applicable local or regional recycling programs and the extent to which the commodity or product contains postconsumer material. (Minn. Stat. § 16B.122, Subd. 3(b))

D. When a project involves the replacement of carpeting, the school district may require all persons who wish to bid on the project to designate a carpet recycling company in their bids. (Minn. Stat. § 16B.122, Subd. 3b)

VI. OTHER

It is the policy of the school district to advocate, where appropriate, for resource conservation practices to be adopted at the local, regional and state levels.

807 POLICY - HEALTH AND SAFETY

I. PURPOSE

The purpose of this policy is to assist the school district in promoting health and safety, reducing injuries, and complying with federal, state, and local health and safety laws and regulations.

II. GENERAL STATEMENT OF POLICY

A. The policy of the school district is to implement a health and safety program that includes plans and procedures to protect employees, students, volunteers, and members of the general public who enter school district buildings and grounds. The objective of the health and safety program will be to provide a safe and healthy learning environment; to increase safety awareness; to help prevent accidents, illnesses, and injuries; to reduce liability; to assign duties and responsibilities to school district staff to implement and maintain the health and safety program; to establish written procedures for the identification and management of hazards or potential hazards; to train school district staff on safe work practices; and to comply with all health and safety, environmental, and occupational health laws, rules, and regulations.

B. All school district employees have a responsibility for maintaining a safe and healthy environment within the school district and are expected to be involved in the health and safety program to the extent practicable. For the purpose of implementing this policy, the school district must ~~may~~ form a health and safety ~~advisory~~ committee to be composed of employees and other individuals with specific knowledge of related issues. The health and safety advisory committee will provide recommendations to the administration regarding plans and procedures to implement this policy and to establish procedures for identifying, analyzing, and controlling hazards, minimizing risks, and training school district staff on safe work practices. The committee will also recommend procedures for investigating accidents and enforcement of workplace safety rules.

III. PROCEDURES

A. Based upon the recommendations from the health and safety committee and subject to the budget adopted by the school board to implement or maintain these recommendations, the administration will adopt and implement written plans and procedures for identification and management of hazards or potential hazards existing within the school district in accordance with federal, state, and local laws, rules, and regulations. Written plans and procedures will be maintained, updated, and reviewed by the school district on an annual basis. The school district shall identify a contact person to oversee compliance with each specific plan or procedure.

B. To the extent that federal, state, and local laws, rules, and regulations do not exist for identification and management of hazards or potential hazards, the health and safety committee shall evaluate other available resources and generally-accepted best practice recommendations. Best practices are techniques or actions which, through experience or research, have consistently proven to lead to specific positive outcomes.

C. The school district shall monitor and make good faith efforts to comply with any new or amended laws, rules, or regulations to control potential hazards.

IV. PROGRAM AND PLANS

A. For the purpose of implementing this policy, the administration will, within the budgetary limitations adopted by the school board, implement a health and safety program that includes specific plan requirements in various areas as identified by the health and safety committee. Areas that may be considered include, but are not limited to, the following:

1. Asbestos
2. Fire and Life Safety
3. Lighting
4. Structural Safety
5. Combustible and Hazardous Materials Storage
6. Indoor Air Quality
7. Mechanical Ventilation
8. Mold Cleanup and Abatement

DRAFT

If a risk is not present in the school district, the preparation of a plan or procedure for that risk will not be necessary.

B. The administration shall establish procedures to ensure, to the extent practicable, that all employees are properly trained and instructed in job procedures, crisis response duties, and emergency response actions where exposure or possible exposure to hazards and potential hazards may occur.

C. The administration shall conduct or arrange safety inspections and drills. Any identified hazards, unsafe conditions, or unsafe practices will be documented and corrective action taken to the extent practicable to control that hazard, unsafe condition, or unsafe practice.

D. Communication from employees regarding hazards, unsafe or potentially unsafe working conditions, and unsafe or potentially unsafe practices is encouraged in either written or oral form. No employee will be retaliated against for reporting hazards or unsafe or potentially unsafe working conditions or practices.

E. The administration shall conduct periodic workplace inspections to identify potential hazards and safety concerns.

F. In the event of an accident or a near miss, the school district shall promptly cause an accident investigation to be conducted in order to determine the cause of the incident and to take action to prevent a similar incident. All accidents and near misses must be reported to an immediate supervisor as soon as possible.

V. BUDGET

The superintendent shall be responsible to provide for periodic school board review and approval of the various plan requirements of the health and safety program, including current plan requirements and related written plans and procedures and recommendations for additional plan requirements proposed to be adopted. The superintendent, or such other school official as designated by the superintendent, each year shall prepare preliminary revenue and expenditure budgets for the school district's health and safety program. The preliminary budgets shall be accompanied by such written commentary as may be necessary for them to be clearly understood by the members of the school board and the public. The school board shall review the projected revenues and expenditures for this program and make such adjustments within the expenditure budget to carry out the current program and to implement new recommendations within the revenues projected and appropriated for this purpose. No funds may be expended for the health and safety program in any school year prior to the adoption of the budget document authorizing that expenditure for that year, or prior to the adoption of an amendment to that budget document by the school board to authorize that expenditure for that year. The health and safety program shall be implemented, conducted, and administered within the fiscal restraints of the budget so adopted.

VI. ENFORCEMENT

Enforcement of this policy is necessary for the goals of the school district's health and safety program to be achieved. Within applicable budget limitations, school district employees will be

trained and receive periodic reviews of safety practices and procedures, focusing on areas that directly affect the employees' job duties. Employees shall participate in practice drills. Willful violations of safe work practices may result in disciplinary action in accordance with applicable school district policies.

~~**ADMINISTRATIVE PROCEDURE**~~
901 POLICY - ~~AP~~ COMMUNITY EDUCATION

I. PURPOSE

The purpose of this policy is to convey to employees and to the general public the important role of community education within the school district.

II. GENERAL STATEMENT OF POLICY

The school board affirms a strong commitment to the community education program. The school board welcomes, and strongly encourages use of school buildings and activity areas by the community when not used for regularly scheduled elementary and secondary programs. The school administration should strive to accomplish the following objectives:

A. Maximum use should be made of public school facilities within the school district service area.

B. Educational needs and interest of area residents should be determined periodically.

C. Community resources and expertise of residents should be utilized to develop a vibrant, well-rounded community education program.

D. Area residents should be encouraged to actively participate in program opportunities.

III. COMMUNITY EDUCATION ADVISORY COUNCIL

A. The council shall assist in promoting the goals and objectives of the program.

B. The membership of the community education advisory council will consist of members who represent: various service organizations; churches; public and nonpublic schools; local government including elected officials; public and private nonprofit agencies serving youth and families; parents; youth; park, recreation or forestry services of municipal or local government units located in whole or in part within the boundaries of the school district; and any other groups participating in the community education program in the school district.

C. Bylaws of the community education advisory council shall provide the framework for the organization including criteria pertaining to membership, officers' duties, frequency and structure of meetings and such other matters as deemed necessary and appropriate.

D. The council will adopt a policy ~~that encourages coordination efforts with city park and~~

~~recreation departments, and other community organizations, to minimize program duplication~~ to reduce and eliminate program duplication within the school district

~~**ADMINISTRATIVE PROCEDURE**~~
902 POLICY ~~AP:~~ - USE OF SCHOOL DISTRICT FACILITIES AND EQUIPMENT

I. PURPOSE

The purpose of this ~~administrative procedure~~ policy is to provide guidelines for community use of school facilities and equipment.

II. GENERAL STATEMENT OF POLICY

The school district encourages maximum use of school facilities and equipment for community purposes if, in its judgment, that use will not interfere with use for school purposes.

III. SCHEDULED COMMUNITY EDUCATION CLASSES AND ACTIVITIES

A. The school district administration shall be charged with the process of scheduling rooms and special areas for community education classes and activities planned to be offered during each session.

B. Procedures for providing publicity, registration, and collection of fees shall be the responsibility of the school district administration.

C. Registration fees may be structured to include a pro-rata portion of costs for custodial services that may be needed.

IV. GENERAL COMMUNITY USE OF SCHOOL FACILITIES

A. The school district may authorize the use of school facilities by community groups or individuals. It may impose reasonable regulations and conditions upon the use of school facilities as it deems appropriate.

B. Requests for use of school facilities by community groups or individuals shall be made through the school district facility scheduler's office. Procedures for the processing and review of requests shall be posted on the district website.

C. The school district may require a rental fee for the use of school facilities. Such fee may include the cost of custodial and supervisory service if deemed necessary. It may also require a deposit for the proper use and repair of damage to school facilities. A rental fee schedule annually approved by the school district ~~board~~, deposit, and payment procedure shall be posted on the district website.

D. When emergencies or unusual circumstances arise that necessitate rescheduling the use of school facilities, every effort will be made to find acceptable alternative meeting space.

IV. USE OF SCHOOL EQUIPMENT

A schedule of equipment that is available for community use, the extent to which it may be utilized, and the manner by which it may be scheduled for use and any charges to be made will be available through the facility scheduler's office.

V. RULES FOR USE OF FACILITIES AND EQUIPMENT

The school district expects members of the community who use facilities and equipment to do so with respect for school district property and an understanding of proper use. Individuals and groups shall be responsible for damage to facilities and equipment. A certificate of insurance may be required by the school district to ensure payment for these damages and any liability for injuries.

904 POLICY ~~AP:~~ - DISTRIBUTION OF MATERIALS ON SCHOOL DISTRICT PROPERTY BY NON-SCHOOL PERSONS

I. PURPOSE

The purpose of this policy is to provide for distribution of materials appropriate to the school setting by non-staff and non-students on school district property in a reasonable time, place, and manner which does not disrupt the educational program nor interfere with the educational objectives of the School District. Permission to distribute materials on school property by non-staff and non-students is a privilege, not a right.

II. GENERAL STATEMENT OF POLICY

A. The school district intends to provide a method for non-school persons and organizations to distribute materials appropriate to the school setting, within the limitations and provisions of this policy.

B. To provide for orderly and non-disruptive distribution of materials, the school board adopts the following regulations and procedures.

C. Permission or denial of permission to distribute materials does not imply approval or disapproval of its contents by the school, the administration or the individual reviewing the documents(s) submitted.

D. The time, place and manner of distribution will be solely within the discretion of the administration, consistent with the provisions of this policy.

III. DEFINITIONS

A. "Distribution" means circulation or dissemination of materials by means of handing out free copies, selling or offering copies for sale, accepting donations for copies, posting or displaying materials, placing materials in internal staff or student mailboxes, or sending materials via electronic means, such as by email.

B. "Materials" includes all materials and objects intended by non-school persons or non-school organizations for distribution. Examples of non-school sponsored materials include but are not limited to leaflets, brochures, buttons, badges, books, flyers, petitions, posters, underground newspapers whether written by students, employees or others, and tangible objects.

C. "Non-school person" means any person who is not currently enrolled as a student in or employed by the school district.

D. "Obscene to minors" means

1. The average person, applying contemporary community standards, would find that the material, taken as a whole, appeals to the prurient interest of minors of the age to whom distribution is requested;

2. The material depicts or describes, in a manner that is patently offensive to prevailing standards in the adult community concerning how such conduct should be presented to minors of the age to whom distribution is requested, sexual conduct such as intimate sexual acts (normal or perverted), masturbation, excretory functions, and lewd exhibition of the genitals; and

3. The material, taken as a whole, lacks serious literary, artistic, political, or scientific value for minors.

E. "Minor" means any person under the age of eighteen (18).

F. "Material and substantial disruption" of a normal school activity means:

1. Where the normal school activity is an educational program of the school district for which student attendance is compulsory, "material and substantial disruption" is defined as any disruption which interferes with or impedes the implementation of that program.

2. Where the normal school activity is voluntary in nature (including school athletic events, school plays and concerts) "material and substantial disruption" is defined as student rioting, unlawful seizures of property, conduct inappropriate to the event, participation in a school boycott, demonstration, sit-in, stand-in, walk-out, or other related forms of activity. In order for expression to be considered disruptive, there must exist specific facts upon which the likelihood of disruption can be forecast, including past experience in the school, current events influencing student activities and behavior, and instances of actual or threatened disruption relating to the written material in question.

G. "School activities" means any activity sponsored by the school, including but not limited to, classroom work, library activities, physical education classes, official assemblies and other similar gatherings, school athletic contests, band concerts, school plays, other theatrical productions, and in-school lunch periods.

H. "Libelous" is a false and unprivileged statement about a specific individual that tends to harm the individual's reputation or to lower him or her in the esteem of the community.

I. "Proselytizing" means the recruitment to join one's party, institution or cause. Likewise, it means the act of recruiting or converting especially to a faith, institution or cause.

IV. GUIDELINES

A. Non-school persons and organizations may, within the provisions of this policy, be granted permission to distribute, at reasonable times and places as set forth in this policy, and in a reasonable manner, materials and objects which are appropriate to the school setting.

B. In making decisions regarding permission for distribution, the appropriate administration will consider factors including, but not limited to the following:

1. whether the material is educationally related;

2. the extent to which distribution is likely to cause disruption of or interference with the school district's educational objectives, discipline, or school activities;

3. the quantity, size, or frequency of materials to be distributed;

4. whether the materials are a solicitation for goods or services not requested by recipients.

C. Requests for distribution of materials will be reviewed by appropriate administration on a case by case basis. However, distribution of the following materials is always prohibited. Material is prohibited that:

1. is obscene to minors;

2. is libelous;

3. is pervasively indecent or vulgar or contains any indecent or vulgar language or representations, with a determination made as to the appropriateness of the material for the age level of students to which it is intended;

4. advertises any product or service not permitted to minors by law;

5. advocates violence or other illegal conduct;

6. constitutes insulting or fighting words, the very expression of which injures or harasses other people (e.g. threats of violence, defamation of character or of a person's race, religious, or ethnic origin);

7. presents a clear and present likelihood that, either because of its content or manner of distribution, it will cause a material and substantial disruption of the proper and orderly operation and discipline of the school or school activities, will cause the commission of unlawful acts or the violation of lawful school regulations;

8. contains, in whole or in part, any proselytizing.

9. Contains, in whole or in part, any commercial advertising or political advertising, if distribution is to occur in a non-public forum (during the school day to students

and/or staff).

V. PROCEDURES FOR DISTRIBUTION

A. Requests for distribution of materials at a single building must be approved by the building principal, or designee, with consultation with the district office if necessary.

B. Requests for multiple-building or district-wide distribution must be approved by the Director of Strategic Communications.

C. Any non-school person wishing to distribute materials must first submit for approval a copy of the materials to the appropriate administration *at least five days* in advance of desired distribution time, together with the following information:

1. Name and contact information of the person submitting the request;

2. Date(s) and time(s) of day of requested distribution;

3. The building or buildings where the materials are being distributed;

4. If material is intended for students, the grade(s) of students to whom the distribution is intended.

D. ELEMENTARY DISTRIBUTION: When given approval to distribute materials, the approved community organization will, if requested, make available one volunteer to organize and/or distribute materials as directed by the building administrator or designee. If the organization cannot provide a volunteer, upon request, the printed materials from the organization will be available to interested students and adults in a designated public information area at each school. The school(s) will provide timely notification to organizations if such request is being made.

E. SECONDARY DISTRIBUTION: When given approval to distribute materials, the approved community organization will make available one volunteer to distribute materials from the organization to a designated public information area at each school. An announcement may be made to the students notifying them of the availability of the materials.

F. All printed materials must contain a disclaimer on the front side of the materials in at least ten point type that contains the following language:

"Robbinsdale Area Schools does not endorse or recommend the activities announced by this publication, and this publication has not been printed at district expense"

G. In the event that permission to distribute materials is denied, the nonschool person or organization may request reconsideration of the decision by the superintendent or designee. The request for reconsideration must be in writing and must set forth reasons why distribution is desirable and in the best interest of the school community.

VI. VIOLATION OF POLICY

Any party violating this policy or distributing materials without permission will be directed to leave the school property immediately and, if necessary, law enforcement will be called.

~~**ADMINISTRATIVE PROCEDURE**~~
905 Policy ~~AP~~ - ADVERTISING

[~~Note: School districts should carefully consider whether they wish to allow advertising in school district facilities or publications. Once advertisements are accepted, First Amendment Rights may limit the school district's ability to reject specific advertisements or to regulate the content of advertisements.~~]

I. PURPOSE

The purpose of this policy is to provide guidelines for the advertising or promoting of products or services to students and parents in the schools.

II. GENERAL STATEMENT OF POLICY

The school district's policy is that the name, facilities, staff, students, or any part of the school district shall not be used for advertising or promoting the interests of a commercial or nonprofit agency or organization except as set forth below.

III. ADVERTISING GUIDELINES

A. School publications, including publications such as programs and calendars, may accept and publish paid advertising provided they receive advance approval from the appropriate administrator. In no instance shall publications accept advertising or advertising images for alcohol, tobacco, drugs, drug paraphernalia, weapons, or obscene, pornographic, or illegal materials. Advertisements may be rejected by the school district if determined to be inconsistent with the educational objectives of the school district or inappropriate for inclusion in the publication. For example, advertisements may be rejected if determined to be false, misleading, or deceptive, or if they relate to an illegal activity or antisocial behavior. The faculty advisor is responsible for screening all such advertising for appropriateness, including compliance with the school district policy prohibiting sexual, racial, and religious harassment.

B. The school board may approve advertising in school district facilities or on school district property. Any approval will state precisely where such advertising may be placed. The restrictions listed in Section A above will apply. Advertising will not be allowed outside the specific area approved by the school board. Specific advertising must be approved by the superintendent or designee. In no instance will an advertising device be erected or maintained on school district property or within 100 feet of a school that is visible to and primarily intended to advertise and inform or to attract or which does attract the attention of operators and occupants of motor vehicles.

C. Donations which include or carry advertisements must be approved by the school board.

D. The school district or a school may acknowledge a donation it has received from an organization by displaying a "donated by," "sponsored in part by," or a similar by-line with the organization's name and/or symbol on the item. Examples include activity programs or yearbooks.

E. Nonprofit entities and organizations may be allowed to use the school district name, students, or facilities for purposes of advertising or promotion if the purpose is determined to be educationally related and prior approval is obtained from the school ~~board.~~ district. Advertising will be limited to the specific event or purpose approved by the school ~~board.~~ district

F. Contracts for computers or related equipment or services that require advertising to be disseminated to students will not be entered into or permitted unless done pursuant to and in accordance with state law.

G. The inclusion of advertisements in school district publications, in school district facilities, or on school district property does not constitute approval and/or endorsement of any product, service, organization, or activity. Approved advertisements will not imply or declare such approval or endorsement.

IV. ACCOUNTING

Advertising revenues must be accounted for and reported in compliance with UFARS. A periodic report shall be made to the school board by the superintendent regarding the scope and amount of such revenues.
