0144.5 - **BOARD MEMBER BEHAVIOR AND CODE OF CONDUCT**

The Board functions most effectively when individual Board members act ethically, professionally, and responsibly. Board members serve as a member of the School District's governing body and do not have individual authority to represent a policy or enforce positions that are not supported by a majority of the Board as evidenced by official action of the Board (See Bylaw 0143 - Authority of Individual Board Members).

Board members accept responsibility for the well-being and positive leadership of the School District, for protecting the interests of the School District as a legal entity, and for facilitating governance for the purpose of delivering the highest quality educational and related services to all of the District's students. Conduct by Board members that compromises the legal position of the District should be avoided.

Any authority delegated to the Board President in this policy is automatically vested in the Board Vice President in the event that either the Board President is unavailable or the Board President is the Board member accused of violating this policy.

General Expectations of All Board Members

- A. Attend all scheduled Board meetings insofar as possible, and become informed concerning the issues to be considered at those meetings.
- B. Be familiar with and follow applicable local, State, and Federal laws and regulations.
- C. Be familiar with and comply with Board policies, including policies governing Board member conduct and Board member ethics, rules of incompatibility of office, and conflicts of interest (see Bylaw 0144.3)
- D. Conduct themselves with integrity, honesty, and in a manner that reflects positively on the Board and on the District.
- E. Be accountable for guiding and supporting the policy decision-making process that impacts students, staff, and the community. The operation of the District is the responsibility of the administration.
- F. Establish and maintain a high level of honesty, credibility, and truthfulness in all matters dealt with by the Board.
- G. Treat others with respect and dignity at all times, and maintain decorum, and always communicate in a way that does not violate or illustrate disregard for Board policy concerning harassment or discrimination. This decency expectation applies in all communications, including while discussing sensitive, controversial, or matters involving disagreement.
- H. At all times conduct themselves in the best interest of the School District, including avoiding implicating the District in unlawful activity or supporting or encouraging efforts to harm the reputation, legal standing, or to bring other material harm to the interests of the District or the Board.
- I. Recognize that they should endeavor to make policy decisions only after full discussion at publicly held Board meetings.
- J. Render all decisions based on the available facts and independent judgment.

- K. Encourage the free expression of opinion by all Board members, and seek systematic communications between the Board and students, staff, and all elements of the community.
- L. Work with the other Board members to establish effective Board policies and to delegate authority for the administration of the District to the District Administrator.
- M. Communicate to other Board members and the District Administrator expressions of public reaction to Board policies and school programs.
- N. Inform themselves about current educational issues by individual study and through participation in programs providing needed information, such as those sponsored by the Wisconsin Association of School Boards and the National School Boards Association.
- O. Support the employment of those persons best qualified to serve as school staff, and insist on a regular and impartial evaluation of all staff.
- P. Refrain from using their Board positions for personal partisan gain.
- Q. Take no private action that will compromise the Board or administration, and respect the confidentiality of information that is privileged under applicable law.
- R. Remember always that their first and greatest concern must be for the educational welfare of the students attending the public schools.
- S. No Board member shall act or fail to act ~~in his/her position~~ as a member of the Board ~~member~~ in violation of 946.12, Wis. Stats., regarding misconduct in public office.

Board Member Communication

Board members are expected to refrain from engaging in communication on behalf of the Board or on behalf of the District unless authorized to do so by majority vote of the Board (See Bylaw 0143.1).

Any Board member who chooses to engage in individual communication on matters related to Board and/or District business is expected to clearly identify whether the Board member is communicating in the following capacity:

- A. On behalf of the Board: normally, this is the function of the Board President or in the President's absence, the Vice President. The Board may by majority vote delegate this responsibility to another Board member in a specific circumstance. In every case, the Board Member communicating the Board's position shall do so as determined by the Board and avoiding individual interpretation or editorializing.
- B. As an individual Board member, but not on behalf of the Board: a Board member who speaks, including online, in social media forums, or in any other public forum, on matters related to Board and/or District business, but not as an officially designated spokesperson of the Board. The Board member must specify that any statement is not sponsored by the District and is a personal viewpoint.

Board members who fail to adhere to this expectation, or who publicly communicate false or intentionally misleading information pertaining to Board action or District policy, will be asked to correct such communication in a way that is likely to reach the same audience as the false or misleading information. The Board President is authorized to communicate such requests to the pertinent Board member.

The Board President is authorized to issue public statements on behalf of the Board in the event a Board member expresses false or misleading information, or makes statements without properly identifying whether the member of the Board ~~he~~ is speaking as an individual Board member. The President's communication should be limited to correcting the false or misleading statement, clarifying that the Board member was not speaking on behalf of the Board, and providing information relative to Board action if any on the subject matter.

Board Member Interaction with Staff

The general expectations of Board member decorum and civility apply to interactions with employees; however, because the Board is the employer of all District staff, this responsibility is appropriate for special reference. Each Board member is an individual with authority to bring matters to the Board and to influence matters related to staff. Therefore, it is imperative that Board members treat all employees with respect and as professionals. Board members are also required to comply with Board Policies governing employee anti-harassment, non-discrimination, and threatening behavior.

No Board member has inherent authority to require any staff member to respond to the Board member regarding a specific request for information, or to direct any staff member to perform or not perform any task, except as provided by Board policy or as directed by majority vote of the Board.

Board members access to and request for School District records and information is governed by Board Bylaw 0143.2.

Board Member Records and Confidentiality

Board members are expected to maintain their own public records created on resources not controlled by and thus not maintained by the School District. Each Board member is an elected official responsible for preserving all public records s/he creates, and to comply with requests to inspect such records. The District has no obligation nor responsibility to assist any Board member in fulfilling this responsibility with respect to records that are not maintained by the District.

Board members are encouraged to review Board policy defining and explaining public records, their maintenance, and public access (See Board Policy 8310).

Board members are expected to maintain and protect the privacy of District records, including student records, and communications received in closed session meetings of the Board.

Enforcement

Complaints alleging violations of the Board Member Code of Conduct may be brought by any person and can be submitted to the Board President or, if the Board President is the member accused of violating this policy, to the Vice President.

The President or Vice President shall review the complaint and determine whether the officers/he can investigate the matter or if the President or Vice President needs to contact the School District's legal counsel for support. Upon completion of the investigation, if the conclusion reached is that the Board member violated the policy, the investigator shall brief the Board and may recommend action to be taken.

Board members are elected officials and therefore cannot be disciplined, prevented from participating in Board meetings, or removed from office by the Board. The Board may consider the following:

- A. Formal censure by resolution passed by a majority of the Board in an open session meeting of the Board.
- B. Removal from Board committee assignments for the remainder of the year and until the following organizational meeting of the Board, at which time the President is authorized to continue to withhold committee assignment. Approval of this sanction is an adopted exception to Bylaw 0155.
- C. Restriction on Board member rights granted by policy, including requesting items for a Board meeting agenda.
- D. Referral to proceed with efforts to remove the Board member from office for cause, which means inefficiency, neglect of duty, official misconduct, or malfeasance in office.
- E. Referral to law enforcement if any alleged misconduct constitutes potentially unlawful conduct.
- F. Other efforts to pursue compliance with and adherence to the policy as determined by the Board and not prohibited by law.

2430 - **DISTRICT-SPONSORED CLUBS AND ACTIVITIES**

The Board believes that the goals and objectives of this District are best achieved by a diversity of learning experiences, including those that are not conducted in a regular classroom but are related to the District's curriculum and/or mission.

The purpose of District-sponsored activities shall be to enable students to explore a wider range of individual interests than may be available in the District's courses of study but are still related to accomplishing the educational outcomes for students as adopted by the Board in Policy 2131. The Board encourages all students, including those students in elementary and middle school grades, to participate in such opportunities. In implementing this policy, the District Administrator shall take steps to make such opportunities accessible to all students.

For purposes of this policy, District-sponsored activities are defined as those activities in which:

- A. the subject matter is actually taught or will be taught in a regularly offered course;
- B. the subject matter concerns the District's composite courses of study;
- C. participation is required for a particular course;
- D. participation results in academic credit; or
- E. the subject matter is of interest to students and aligns with the District's goals and mission.

District policies.

No non-district-sponsored organization may use the name, logo, mascot, or any other name which would associate an activity with the District. Title	Copy of USE OF TOBACCO AND NICOTINE BY PROFESSIONAL STAFF
Code	po3215
Status	Policy Committee Review
Adopted	March 13, 2017
Last Revised	October 11, 2021

3215 - **USE OF TOBACCO AND NICOTINE BY PROFESSIONAL STAFF**

The Board recognizes that the use of tobacco products, as well as other nicotine delivery systems, such as electronic smoking devices, are a health, safety, and environmental hazard for students, staff, visitors, and school facilities. The Board is acutely aware of the serious health risks associated with the use of these products, both to users and non-users, and that their use or promotion on school grounds and at off-campus school-sponsored events is detrimental to the health and safety of students, staff, and visitors. The Board also believes accepting tobacco industry gifts or materials will send an inconsistent message to students, staff, and visitors.

It shall be a violation of this policy for any professional staff of the District to use, consume, display, promote, or sell any tobacco products, tobacco industry brand, tobacco-related devices, imitation tobacco products, or electronic smoking or vaping devices, regardless of content, including smoking as defined in this policy, at any time on school property or at off-campus, school-sponsored events. The Board authorizes the District Administrator to take reasonable measures related to the Board's expectation that the promotion and display of tobacco and related products on school property or at off-campus, school-sponsored events is prohibited.

It shall be a violation of this policy for the District to solicit or accept any contributions, gifts, money, curricula, or materials from the tobacco industry or from any tobacco products retailer. This includes, but is not limited to, donations, monies for sponsorship, advertising, promotions, loans, or support for equipment, uniforms, and sports and/or training facilities. It shall be a violation of this policy to participate in any type of service funded by the tobacco industry while in the scope of employment for the District.

4215 - **USE OF TOBACCO AND NICOTINE BY SUPPORT STAFF**

The Board recognizes that the use of tobacco products, as well as other nicotine delivery systems, such as electronic smoking devices, are a health, safety, and environmental hazard for students, staff, visitors, and school facilities. The Board is acutely aware of the serious health risks associated with the use of these products, both to users and non-users, and that their use or promotion on school grounds and at off-campus school-sponsored events is detrimental to the health and safety of students, staff, and visitors. The Board also believes accepting tobacco industry gifts or materials will send an inconsistent message to students, staff, and visitors.

It shall be a violation of this policy for any support staff of the District to use, consume, display, promote, or sell any tobacco products, tobacco industry brand, tobacco-related devices, imitation tobacco products, or electronic smoking or vaping devices, regardless of content, including smoking as defined in this policy, at any time on school property or at off-campus, school-sponsored events. The Board authorizes the District Administrator to take reasonable measures related to the Board's expectation that the promotion and display of tobacco and related products on school property or at off-campus, school-sponsored events is prohibited.

It shall be a violation of this policy for the District to solicit or accept any contributions, gifts, money, curricula, or materials from the tobacco industry or from any tobacco products retailer. This includes, but is not limited to, donations, monies for sponsorship, advertising, promotions, loans, or support for equipment, uniforms, and sports and/or training facilities. It shall be a violation of this policy to participate in any type of service funded by the tobacco industry while in the scope of employment for the District.

Code	po5200
Status	Policy Committee Review
Adopted	March 13, 2017
Last Revised	April 11, 2022

5200 - **ATTENDANCE**

The Board will enforce regular student attendance in the District's program in which each student is enrolled as required pursuant to State law. Further, the Board recognizes that the District's educational program is predicated upon the participation of each student in the program of instruction in which the student is enrolled and required to attend. Student success requires continuity of instruction and program participation. For purposes of this policy, the regular period and hours of instruction including both those periods and hours a student's program require that they are in school as well as any attendance requirements defined as part of a course of virtual instruction, or a combination of the more than one type of instructional delivery.

All children between six (6) and eighteen (18) years of age shall attend school regularly during the full period and hours, religious holidays excepted, that the school in which the child is enrolled is in session until the end of the term, quarter, or semester of the school year in which the child becomes eighteen (18) years of age unless they fall under an exception under State law, this policy, or administrative guideline issued under this policy. A child who is enrolled in five (5) year-old kindergarten shall attend school regularly, religious holidays excepted, during the full period and hours that kindergarten is in session until the end of the school term.

Notification Required

The District Administrator shall require, from the parent of each student or from an adult student, who has been absent for any reason either a written or oral notification stating the reason for the absence and the time period covered by the absence. The Board reserves the right to verify such statements and to investigate the cause of each:

- A. single absence;
- B. prolonged absence;
- C. repeated unexplained absence and tardiness.

School Attendance Officer

The District Administrator shall designate an administrator at each school to be the School Attendance Officer. The School Attendance Officer shall perform any duties and responsibilities as required by State law, this policy, and any administrative guidelines issued by the school. The duties of the School Attendance Officer shall include, but not be limited to, the following:

- A. Determining daily from attendance reports submitted by teachers which students enrolled in the school, or failed to fulfill the attendance requirements of a virtual instruction program component, are absent from school and whether the absence is excused.
- B. Submitting to the District Administrator, on or before August 1st of each year, a report of the number of students enrolled in the school who were absent in the previous year and whether the absences were excused. The District Administrator shall then submit this information to the State Superintendent.
- C. Providing student attendance information to individuals and agencies for purposes authorized by State law and the Board's Policy 8330 - Student Records.

Excused Absences

As required under State law, a student shall be excused from school for the following reasons:

A. Physical or Mental Condition

The student is temporarily not in a proper physical or mental condition to attend a school program.

B. Obtaining Religious Instruction

To enable the student to obtain religious instruction outside the school during the required school period (see Policy 5223 - Absences for Religious Instruction).

C. Permission of Parent

The student has been excused ~~()~~ in writing by their parent before the absence for any or no reason. A student may not be excused for more than ten (10) days per school year under this paragraph and must complete any course work missed during the absence

D. Religious Holiday

For observance of a religious holiday consistent with the student's creed or belief.

E. Suspension or Expulsion

The student has been suspended or expelled.

F. Program or Curriculum Modification

The Board has excused the student from regular school attendance to participate in a program or curriculum modification leading to high school graduation or a high school equivalency diploma as provided by State law.

G. High School Equivalency – Secured Facilities

The Board has excused a student from regular school attendance to participate in a program leading to a high school equivalency diploma in a secured correctional facility, a secured child caring institution, a secure detention facility, or a juvenile portion of a county jail, and the student and the student's parent(s) agree that the student will continue to participate in such a program.

H. Child at Risk

The student is a "child at risk" as defined under State law and is participating in a program at a technical college on either a part-time or full-time basis leading to high school graduation, as provided under State law.

I. Election Day Official

A high school student, including students enrolled in private schools and students, enrolled in home-based private education, age sixteen (16) or seventeen (17) is permitted to be excused to serve as an election official provided that the following criteria are met: (1) the student has the permission of their parent to serve as an election official on election day; (2) the student has signed up and the municipal clerk has informed the principal that the student has been assigned to serve in this capacity; and (3) the student has at least a 3.0-grade point average or equivalent or has met alternative criteria established by Board, if any. The principal shall promptly notify the municipal clerk or the board of election commissioners of the municipality that appointed the child as an election official if the child no longer has at least a 3.0 grade point average or the equivalent, or no longer meets the established alternative requirements. A student's absence to serve as an election official under this policy shall be treated as an excused absence. Where possible students are encouraged to provide advance notice as much as possible. Students are responsible for completing any missed school work and responsible for making appropriate arrangements to do so.

J. Virtual Access

The student is unable to access virtual instruction programming due to a temporary disruption in the student's access to necessary technological systems (i.e. internet outage, computer failure, software malfunction, etc.) as communicated by the student's parent.

Unexcused Absences

Unexcused absences are absences from school for part or all of one (1) or more days from school without an acceptable excuse. Unexcused absences demonstrate a deliberate disregard for the educational program and are considered a serious matter.

Definitions

A. Truancy

A student will be considered truant if the student is absent part or all of one (1) or more days from school during which the School Attendance Officer, principal, or a teacher has not been notified of the legal cause of such absence by the parent of the absent student. A student who is absent intermittently for the purpose of defeating the intent of the Wisconsin Compulsory Attendance Statute 118.15, Wis. Stats., will also be considered truant.

B. Habitual Truant

A student will be considered a habitual truant if the student is absent from school without an acceptable excuse for part or all of five (5) or more days on which school is held during a school semester.

C. Part of a School Day

Part of a school day is any time period within a school day, which is from the time the first class period of that day begins until the end of the last class period of that day.

Tardiness/Late Arrival and Early Dismissal

It is necessary that a student be in attendance throughout the school day, or as required by the student's virtual instruction program, in order to benefit fully from the educational program of the District. Unless excused per this policy, tardiness, or late arrival, occurs when a student arrives at the student's registered class location after the bell that signals the start of the class period has sounded. Unless excused, early dismissal occurs when a student leaves the student's registered class location before the bell has rung signaling the end of the class period or the end of the school day. Tardiness and early dismissal can occur more than once per day. Tardiness and early dismissal constitute being absent for part of a school day.

The Board recognizes, however, that from time-to-time compelling circumstances require that a student be late to school or dismissed before the end of the school day.

Truancy Plan

The Board will issue a Truancy Plan based upon the recommendations of the County Truancy Committee convened under State law, the Board's policies and procedures, and applicable provisions of State law. The Board will review and, if appropriate, revise the Truancy Plan at least once every two (2) years.

The Truancy Plan will include, at a minimum, the following:

- A. procedures to be followed for notifying the parents of the unexcused absences of a student who is truant or a habitual truant and for meeting and conferring with such parents
- B. plans and procedures for identifying truant children of all ages and returning them to school, including the identity of school personnel to whom a truant child shall be returned
- C. methods to increase and maintain public awareness of and involvement in responding to truancy within the school district
- D. a provision addressing the immediate response to be made by school personnel when a truant child is returned to school
- E. the types of truancy cases to be referred to the District Attorney and the time periods within which the District Attorney will respond to and take action on the referrals
- F. plans and procedures to coordinate the responses to the problems of habitual truants, as defined under Sec. 118.16(1)(a), Wis. Stats., with public and private social services agencies³¹

G. methods to involve the truant child's parent in dealing with and solving the child's truancy problem

~~A student will be considered truant if s/he is absent part or all of one (1) or more days from school during which the School Attendance Officer, principal, or a teacher has not been notified of the legal cause of such absence by the parent of the absent student. A student who is absent intermittently for the purpose of defeating the intent of the Wisconsin Compulsory Attendance Statute Sec. 118.15, Wis. Stats., will also be considered truant.~~

~~A student will be considered a habitual truant if the student is absent from school without an acceptable excuse for part or all of five (5) or more days on which school is held during a school semester.~~

Notice of Truancy

The School Attendance Officer shall notify a truant student's parent of the student's truancy and direct the parent to return the student to school no later than the next day on which school is in session or to provide an excuse for the absence. The notice under this paragraph shall be given before the end of the second school day after receiving a report of an unexcused absence. The notice may be made by electronic communication, personal contact, telephone call, or 1st class mail, and a written record of this notice shall be kept. ~~The School Attendance Officer shall attempt to give notice by personal contact, telephone call, or unless the parent has refused to receive electronic communication, notice by 1st class mail may be given.~~ This notice must be given every time a student is truant until the student becomes a habitual truant.

Notice of Habitual Truancy

When a student initially becomes a habitual truant, the School Attendance Officer shall provide a notice to the student's parent, by registered or certified mail, or by 1st class mail. The School Attendance Officer may simultaneously notify the parent of the habitually truant student by an electronic communication. The notice must contain the following:

- A. a statement of the parent's responsibility under State law to cause the student to attend school regularly
- B. a statement that the parent or student may request program or curriculum modifications for the student under State law and that the student may be eligible for enrollment in a program for children at risk
- C. a request that the parent meet with the appropriate school personnel to discuss the student's truancy

The notice shall include the name of the school personnel with whom the parent should meet, a date, time, and place for the meeting, and the name, address, and telephone number of a person to contact to arrange a different date, time, or place. The date for the meeting shall be within five (5) school days after the date that the notice is sent, except that with the consent of the student's parent the date for the meeting may be extended for an additional five (5) school days.

- D. a statement of the penalties, under State law or local ordinances that may be imposed on the parent upon failure to cause the child to attend school regularly as required by State law.
- E. if the student is attending the District through the Open Enrollment Program, each notification shall also inform the parent: (1) that the student's open enrollment may be terminated if the student is habitually truant; and (2) the process described in Board Policy 5113, which the parent or student may follow if they believe the student was erroneously marked truant.

The School Attendance Officer will also continue to notify the parent of a habitual truant's subsequent unexcused absences.

Referral to the District Attorney

Truancy cases will be referred to the District Attorney as provided in the County Truancy Committee Plan. The School Attendance Officer will ensure that appropriate school personnel have done the following before any case is referred to the District Attorney:

- A. met with the student's parent to discuss the student's truancy or attempted to meet with the student's parent and received no response or were refused
- B. provided an opportunity for educational counseling to the student to determine whether a change in the student's curriculum would resolve the student's truancy and have curriculum modifications under State law
- C. evaluated the student to determine whether learning problems may be a cause of the student's truancy and, if so, have taken steps to overcome the learning problems, except that the student need not be evaluated if tests administered to the student within the previous year indicate that the student is performing at grade level
- D. conducted an evaluation to determine whether social problems may be a cause of the student's truancy and, if so, have taken appropriate action or made appropriate referrals

Note that paragraph A. is not required if the meeting between school personnel, the student, and the student's parent, which was requested in the Notice of Habitual Truancy to the parent, did not occur within ten (10) school days after the Notice was sent. Paragraphs B., C., and D. are not required if appropriate school personnel were unable to carry out the activity due to the student's absences from school.

Excused Absences

A student whose absence from school was excused, except for an expelled student, shall be permitted to make-up course work and any quarterly, semester, or grading period examinations missed during the absences when they return to school. It is the student's responsibility to contact their teachers to determine what course work and examinations must be made-up. Teachers shall have the discretion to assign substitute course work and examinations. Teachers shall also have the discretion to specify where and when examinations and course work shall be completed, including outside regular school hours. The time for completing the work shall be commensurate with the length of the absence unless extended by the principal based upon extenuating circumstances.

Unexcused Absences

Credit in a course or subject shall not be denied solely because of a student's unexcused absences from school.

Students with unexcused absences shall be permitted to make-up course work and any trimester or grading period examinations missed during the absence if the student is at risk of receiving no credit in a course or subject if the work is not made up.

Subject to the immediately preceding two (2) paragraphs, credit may, but is not required to be given for the completion of make-up work. Further, credit for make-up work may be given only after the student has satisfied consequences imposed for unexcused absences. The extent to which make-up credit is given shall be determined on a case-by-case basis by the principal and the respective teachers.

If make-up work has been assigned, it is the student's responsibility to contact their teachers to determine what course work and examinations must be made-up. Teachers shall have the discretion to assign substitute course work and examinations. Teachers shall also have the discretion to specify where and when examinations and course work shall be completed, including outside regular school hours. The time for completing the work shall be commensurate with the length of the absence unless extended by the principal based upon extenuating circumstances.

Title	Copy of ADMINISTRATION OF MEDICATION/EMERGENCY CARE
Code	po5330
Status	Policy Committee Review
Adopted	March 13, 2017
Last Revised	October 11, 2021

5330 - **ADMINISTRATION OF MEDICATION/EMERGENCY CARE**

The Board shall not be responsible for the diagnosis and treatment of student illness. The administration of medication to a student during school hours will be permitted only when failure to do so would jeopardize the health of the student, the student would not be able to attend school if the medication were not administered during school hours, or the child is disabled and requires medication to benefit from his/her/their educational program.

For purposes of this policy, "practitioner" shall include any physician, dentist, podiatrist, optometrist, physician assistant, and advanced practice nurse prescriber who is licensed in any state. "Medication" shall include all drugs including those prescribed by a practitioner and any nonprescription drug products. "Administer" means the direct application of a nonprescription drug product or prescription drug, whether by injection, ingestion, or other means, to the human body. "Nonprescription drug product" means any nonnarcotic drug product which may be sold without a prescription order and which is prepackaged for use by consumers and labeled in accordance with the requirements of State and Federal law.

Before any prescribed medication may be administered to any student during school hours, the Board shall require the written instructions from the child's practitioner accompanied by the written authorization of the parent.

Nonprescription drug products may be administered to any student during school hours only with the prior written consent of the parent. Substances, which are not FDA approved (i.e. natural products, food supplements), will require the written instruction of a practitioner and the written consent of the parent. Nonprescription drugs that are provided by the parent may be administered if they are supplied in the original manufacturer's package which lists the ingredients and recommended therapeutic dosage in a legible format may be administered.

No CBD products or essential oils will be permitted for use at school without permission District Administrator.

The document authorizing the administration of both prescribed medication and nonprescription drug products shall be kept on file in the administrative offices.

Only medication in its original container; labeled with the date, if a prescription; the student's name; and the exact dosage will be administered. Parents, or students authorized in writing by their practitioner and parents, may administer medication.

No student is allowed to provide or sell any type of medication to another student. Violations of this rule will be considered violations of Policy 5530 - Drug Prevention and of the Student Code of Conduct.

Medications will be administered and the instruction and consent forms will be maintained in accordance with the District Administrator's guidelines.

Any bus driver, staff member or volunteer, authorized in writing by the District Administrator or a principal is immune from liability for their acts or omissions in administering medication including, but not limited to glucagon, an opioid antagonist, and epinephrine, unless the act or omission constitutes a high degree of negligence and, in the case of any staff member or volunteer who administers an opioid antagonist, the staff member or volunteer contacts emergency medical services as soon as practicable after administering the drug to report the suspected overdose. Such immunity does not apply to healthcare professionals.

~~All prescription medication shall be kept in a locked storage case in the school office unless the medication is an emergency~~

~~medication which the student is authorized to carry and self-administer by authorization of both the parent and practitioner, and the possession of such medication by the student in school is not prohibited by law or regulation.~~

All prescription medication shall be secured and appropriately stored (allowing for quick access and retrieval before, during, and after school hours), unless the medication is an emergency medication that the student is authorized to carry and self-administer by authorization of both the student's parent(s) and practitioner, and the possession of such medication by the student in school is not prohibited by law or regulation.

The Board shall permit the administration by staff of any medication requiring a delivery method other than oral ingestion when both the medication and the procedure are prescribed by a practitioner and the delivery is under the supervision of a licensed nurse, provided that the staff member has completed any necessary training and that staff member voluntarily agrees to deliver the medication. No staff member, other than a health care professional, shall be required to administer medications that are administered by means other than oral ingestion.

Any staff member or volunteer who, in good faith, renders emergency care to a student is immune from civil liability for his/her/their acts or omissions in rendering such emergency care.

Any administrator or principal who authorizes an employee or volunteer to administer a nonprescription drug product or prescription drug to a student is immune from civil liability for the act of authorization unless it constitutes a high degree of negligence or the administrator or principal authorizes a person who has not received the required Department of Public Instruction training to administer the nonprescription drug product or prescription drug to a student. School nurses, as district employees, are regulated by the Wisconsin Nurse Practice Act and are therefore not necessarily immune from civil liability.

The school nurse providing services or consultation on the District's Emergency Nursing Services Plan has provided assistance in the development of this policy and will also provide a periodic review of the written instructions and consent forms and the Medications Administration Daily Log(s). The plan shall state whether and to what extent the District or individual schools will retain opioid antagonists for use in the event an authorized employee or volunteer observes an apparent overdose.

Epinephrine Auto-Injectors

The Board intends to adopt and maintain a plan for managing students with life-threatening allergies so as to permit each school to obtain a school prescription for epinephrine auto-injectors and to permit each school nurse and designated school personnel to administer them. Accordingly, the Board directs the school nursing staff in consultation with the District Administrator to develop a plan that meets the following:

- A. specifies those designated school personnel that have agreed to receive training and that will be trained and authorized to perform the functions of the plan;
- B. identifies the specific training program that will be implemented to prepare each school nurse and designated school personnel to identify the signs of anaphylaxis and to provide or administer epinephrine auto-injectors accordingly;
- C. delineates the permissible scope of usage to include providing District-owned epinephrine auto-injectors to students who have a prescription on file with the school in the event the student is experiencing an anaphylactic event and/or administering epinephrine auto-injectors to such students, and/or administering epinephrine auto-injector treatment to any student, regardless of whether the student has a prescription on file or the staff member so trained is not aware of whether the student has a prescription on file, but believes in good faith the student is suffering from anaphylaxis, provided that the staff member immediately contacts emergency medical services;
- D. identifies the number and type of epinephrine auto-injectors each school will keep on site and identifies a member of the nursing staff or other school official who will be responsible for maintaining the epinephrine auto-injectors supply;
- E. is approved by a physician licensed in the State of Wisconsin;
- F. notes that the school and any school nurse or designated school personnel that provide or administer epinephrine auto-injectors under this plan are immune from civil liability for any harm that may result, regardless of whether there is a parental or medical provider authorization, unless the administration was a result of gross negligence or willful or wanton misconduct;
- G. is published on the District's website

5340 - **STUDENT ACCIDENTS/ILLNESS/CONCUSSION & SUDDEN CARDIAC ARREST**

The Board believes that school personnel have certain responsibilities in case of accidents, illness or concussions that occur in school. Said responsibilities extend to the administration of first aid by persons trained to do so, summoning of medical assistance, notification of administration personnel, notification of parents, and the filing of accident reports.

Accidents

Employees should administer first aid within the limits of their knowledge of recommended practices. All employees should make an effort to increase their understanding of the proper steps to be taken in the event of an accident. However, any staff member or volunteer who, in good faith, renders emergency care to a student is immune from civil liability for their acts or omissions in rendering such emergency care.

The administrator in charge must submit an accident report to the school office on all accidents.

Illness

School personnel shall not diagnose illness or administer medication of any kind except in accordance with Policy 5330.

Concussion

A concussion is a type of traumatic brain injury. Concussions occur when there is a forceful blow to the head or body that results in rapid movement of the head and causes any change in behavior, thinking, or physical functioning. Concussions are not limited to situations involving loss of consciousness. Some symptoms of a concussion include headache, nausea, confusion, memory difficulties, dizziness, blurred vision, anxiety, difficulty concentrating, and difficulty sleeping.

At the beginning of a season of any athletic sport, the Athletic Director shall distribute a concussion and head injury information sheet to each coach and to each student participant. No student will be permitted to participate in any athletic activity unless that student, or if the student is under age nineteen (19) his/her parent, has returned a signed concussion and head injury information sheet. A student is only required to return one (1) signed sheet per school year in order to participate in athletics.

A coach shall remove from competition or practice any student that the coach determines is exhibiting signs, symptoms, or behavior consistent with a concussion or head injury or who the coach suspects has sustained a concussion or head injury. Any student removed from participation under this section may not return to participation until a written release to participate from a health care professional is provided.

Parents who inform coaches or other school officials that their child is being treated by a healthcare professional for a concussion must provide written clearance from that healthcare professional for full or limited participation in class, practice, activity, or competition. Prior to receiving written clearance from a healthcare professional, students who have sustained a concussion may not

participate in any school-related physical activities.

Parents shall be notified about the possible concussion and given information on concussions and the need for medical attention.

Sudden Cardiac Arrest

Sudden cardiac arrest is a medical event that involves a sudden increase in the heart's ventricular beat that prevents the heart from distributing blood to the brain, lungs, and other organs. It occurs without warning and in youth athletics participants who appear healthy and have passed pre-participation physical examinations. Severe damage and death can occur very quickly without immediate treatment.

In an effort to educate parents, students, and coaches regarding this condition, information regarding sudden cardiac arrest shall be included along with distribution of the required information concerning concussions and shall be distributed to all participants age twelve (12) and older and to coaches prior to participation on youth athletic activity. The information shall contain the following information as provided by the Wisconsin Department of Public Instruction:

- A. information about the risks associated continuing to participate in a youth activity after experiencing one (1) or more symptoms of sudden cardiac arrest, including fainting, difficulty breathing, chest pains, dizziness, and abnormal racing heart rate;
- B. information about electrocardiogram testing, including the potential risks, benefits, and evidentiary basis behind electrocardiogram testing; and
- C. information how to request, from a student's health care provider, the administration of an electrocardiogram in addition to a comprehensive physical examination.

The District shall provide the information regarding sudden cardiac arrest developed by the Department of Public Instruction and the Wisconsin Interscholastic Athletic Association.

5512 - **USE OF TOBACCO AND NICOTINE BY STUDENTS**

The Board recognizes that the use of tobacco products, as well as other nicotine delivery systems, such as electronic smoking devices, are a health, safety, and environmental hazard for students, staff, visitors, and school facilities. The Board is acutely aware of the serious health risks associated with the use of these products, both to users and non-users, and that their use or promotion on school grounds and at off-campus school-sponsored events is detrimental to the health and safety of students, staff, and visitors. The Board also believes accepting tobacco industry gifts or materials will send an inconsistent message to students, staff, and visitors.

It shall be a violation of this policy for any student of the District to possess, use, consume, display, promote, or sell any tobacco products, tobacco industry brand, tobacco-related devices, imitation tobacco products, or electronic smoking or vaping devices, regardless of content, including smoking as defined in this policy, at any time on school property or at off-campus, school-sponsored events. The Board authorizes the District Administrator to take reasonable measures related to the Board's expectation that the promotion and display of tobacco and related products on school property or at off-campus, school-sponsored events is prohibited.

It shall be a violation of this policy for the District to solicit or accept any contributions, gifts, money, curricula, or materials from the tobacco industry or from any tobacco products retailer. This includes, but is not limited to, donations, monies for sponsorship, advertising, promotions, loans, or support for equipment, uniforms, and sports and/or training facilities. It shall be a violation of this policy to participate in any type of service funded by the tobacco industry while in the scope of employment for the District.

Exceptions

It shall not be a violation of this policy for tobacco products, tobacco-related devices, imitation tobacco products, or lighters to be included in instructional or work-related activities in school buildings if the activity is conducted by a staff member or an approved visitor and the activity does not include smoking, chewing, or otherwise ingesting the product.

The prohibition on the use of other products containing nicotine, including, but not limited to, nicotine patches and nicotine gum may be removed when a parent or "adult" student provides documentation from a licensed medical practitioner that the student's use of non-tobacco nicotine products is being medically supervised for the cessation of a nicotine addiction and the student complies with Policy 5330 - Administration of Medication.

5517 - STUDENT ANTI-HARASSMENT

Prohibited Harassment

It is the policy of the Board to maintain an educational environment that is free from all forms of harassment. This commitment applies to all District operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of harassment. This policy applies to conduct occurring in any manner or setting over which the Board can exercise control, including on school property, or at another location if such conduct occurs during an activity sponsored by the Board.

The Board will not tolerate any form of harassment and will take all necessary and appropriate actions to eliminate it, including suspension or expulsion of students and disciplinary action against any other individual in the School District community. Additionally, appropriate action will be taken to stop and otherwise deal with any third party who engages in harassment against our students.

The Board will vigorously enforce its prohibition against harassment based on the traits of sex (including gender status, change of sex, or gender identity), race, color, national origin, religion, creed, ancestry, marital or parental status, sexual orientation or physical, mental, emotional or learning disability, or any other characteristic protected by Federal or State civil rights laws (hereinafter referred to as "Protected Classes"), and encourages those within the School District community as well as Third Parties, who feel aggrieved to seek assistance to rectify such problems. Additionally, the Board prohibits harassing behavior directed at students for any reason, even if not based on one of the Protected Classes, through its policies on bullying (See Policy 5517.01 – Bullying).

~~Harassment may occur student-to-student, student-to-staff, staff-to-student, male-to-female, female-to-male, male-to-male, or female-to-female.~~ The Board will investigate all allegations of harassment and in those cases where harassment is substantiated, the Board will take immediate steps designed to end the harassment, prevent its reoccurrence, and remedy its effects. Individuals who are found to have engaged in harassment will be subject to appropriate disciplinary action.

Other Violations of the Anti-Harassment Policy

The Board will also take ~~immediate~~ prompt steps to impose disciplinary action on individuals engaging in any of the following prohibited acts:

- A. Retaliating against a person who has made a report or filed a complaint alleging harassment, or who has participated as a witness in a harassment investigation;
- B. Filing a malicious or knowingly false report or complaint of harassment;
- C. Disregarding, failing to investigate adequately, or delaying investigation of allegations of harassment, when responsibility for reporting and/or investigating harassment ~~charges~~complaints comprises part of one's duties

Sexual Harassment covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities, i.e., sexual harassment prohibited by Title IX, is not included in this policy. Allegations of such conduct shall be addressed ~~solely~~ by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities.

Notice

Notice of the Board's policy on anti-harassment in the educational ⁴⁵environment and the identity of the District's Compliance Officers will be posted throughout the District and published in any District statement regarding the availability of employment, staff

handbooks, and general information publications of the District as required by Federal and State law and this policy.

Definitions

Words used in this policy shall have those meanings defined herein; words not defined herein shall be construed according to their plain and ordinary meanings.

Complainant is the individual who alleges, or is alleged, to have been subjected to harassment, regardless of whether the person files a formal complaint or is pursuing an informal resolution to the alleged harassment.

Day(s) ~~—Unless expressly stated otherwise, the term “day” or “days” as used in this policy~~ means business day(s) (i.e., a day(s) that the District office is open for normal operating hours, Monday – Friday, excluding State-recognized holidays) unless expressly stated otherwise herein.

Respondent is the individual who has been alleged to have engaged in harassment, regardless of whether the Reporting Party files a formal complaint or is seeking an informal resolution to the alleged harassment.

School District community means individuals, students, ~~and Board employees (i.e., administrators, and professional and classified staff)~~ administrators, teachers, and staff, as well as Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

Third Parties include, but are not limited to, guests and/or visitors on School District property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or seeking to do business with, the Board, and other individuals who come in contact with members of the School District community at school-related events/activities (whether on or off District property).

Bullying

Bullying is prohibited by Board Policy 5517.01 – Bullying. It is defined as deliberate or intentional behavior using words or actions, intended to cause fear, intimidation, or harm. Bullying may be a repeated behavior and involves an imbalance of power. Furthermore, it may be serious enough to negatively impact a student’s educational, physical, or emotional well-being. Bullying need not be based on any Protected Class. Bullying behavior rises to the level of harassment when the prohibited conduct is based upon the student’s sex (including gender status, change of sex, or gender identity), race, color, national origin, religion, creed, ancestry, marital or parental status, sexual orientation, ~~or~~ physical, mental, emotional, or learning disability, or any other characteristic protected by Federal or State civil rights. Complaints brought under this policy that are more appropriately handled under the Bullying policy shall be referred for investigation consistent with the procedures in that policy.

Bullying that rises to the level of Sexual Harassment is covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities, i.e., sexual harassment prohibited by Title IX, and is not included in this policy. Allegations of such conduct shall be addressed ~~solely~~ by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities.

Harassment

Harassment means any threatening, insulting, or dehumanizing gesture, use of data or computer software, or written, verbal or physical conduct directed against a student based on one or more of the student’s Protected Class that:

- A. places a student in reasonable fear of harm to ~~his/her~~ their person or damage to ~~his/her~~ their property;
- B. has the effect of substantially interfering with a student's educational performance, opportunities, or benefits; or
- C. has the effect of substantially disrupting the orderly operation of a school.

“Harassment” also includes “hate speech” directed against a student—the use of language, behavior, or images/symbols that express prejudice against a particular group or groups on the basis of any protected characteristic(s).

Examples are:

- A. making statements that promote violence toward a racial or ethnic group;
- B. drawing, displaying, or posting images or symbols of prejudice ~~(e.g., swastikas)~~.

Sexual Harassment

For purposes of this policy ~~and consistent with Title VII of the Civil Rights Act of 1964~~ only and not sexual harassment under Title IX, addressed in Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities, "sexual harassment" is defined as unwelcome sexual advances, requests for sexual favors, sexually motivated physical conduct or other verbal or physical conduct or communication of a sexual nature when:

- A. submission to that conduct or communication is made a term or condition, either explicitly or implicitly, of access to educational opportunities or program;
- B. submission or rejection of that conduct or communication by an individual is used as a factor in decisions affecting that

individual's education;

- C. that conduct or communication has the purpose or effect of substantially or unreasonably interfering with an individual's education, or creating an intimidating, hostile, or offensive educational environment.

Sexual harassment may involve the behavior of a person of any gender against a person of the same or another gender.

Prohibited acts that constitute sexual harassment under this policy may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

- A. unwelcome verbal harassment or abuse;
- B. unwelcome pressure for sexual activity;
- C. threats or insinuations that a person's employment, wages, academic grade, promotion, classroom work or assignments, academic status, participation in athletics or extra-curricular programs, activities, or events, or other conditions of employment or education may be adversely affected by not submitting to sexual advances;
- D. unwelcome verbal expressions, including graphic sexual commentaries about a person's body, dress, appearance, or sexual activities; the unwelcome use of sexually degrading language, profanity, jokes or innuendoes; unwelcome suggestive or insulting sounds or whistles; obscene telephone calls and obscene gestures;
- E. Sexually suggestive objects, pictures, graffiti, videos, posters, audio recordings or literature, placed in the work or educational environment, that may reasonably embarrass or offend individuals;
- F. unwelcome, sexually motivated or inappropriate patting, pinching, or physical contact, other than necessary restraint of students by teachers, administrators, or other school personnel to avoid physical harm to persons or property;
- G. unwelcome sexual behavior or words including demands for sexual favors, accompanied by implied or overt threats concerning an individual's educational status;
- H. unwelcome sexual behavior or words, including demands for sexual favors, accompanied by implied or overt promises of preferential treatment with regard to an individual's educational status;
- I. unwelcome behavior or words directed at an individual because of gender;

Examples are:

- 1. repeatedly asking a person for dates or sexual behavior after the person has indicated no interest;
 - 2. rating a person's sexuality or attractiveness;
 - 3. staring or leering at various parts of another person's body;
 - 4. spreading rumors about a person's sexuality;
 - 5. letters, notes, telephone calls, or materials of a sexual nature;
 - 6. displaying pictures, calendars, cartoons, or other materials with sexual content.
- J. inappropriate boundary invasions by a District employee or other adult member of the District community into a student's personal space and personal life;

Boundary invasions may be appropriate or inappropriate. Appropriate boundary invasions make medical or educational sense. For example, a teacher or aide assisting a kindergartner after a toileting accident or a coach touching a student during wrestling or football can be appropriate. However other behaviors might be going too far, are inappropriate and may be signs of sexual grooming.

Inappropriate boundary invasions may include, but are not limited to the following:

- 1. hugging, kissing, or other physical contacts with a student;
- 2. telling sexual jokes to students;
- 3. engaging in talk containing sexual innuendo or banter with students;
- 4. talking about sexual topics that are not related to the curriculum;
- 5. showing pornography to a student;
- 6. taking an undue interest in a student (i.e. having a ⁴⁷ "special friend" or a "special relationship");

7. initiating or extending contact with students beyond the school day for personal purposes;
8. using e-mail, text messaging or websites to discuss personal topics or interests with students;
9. giving students rides in the staff member's personal vehicle or taking students on personal outings without administrative approval;
10. invading a student's privacy (e.g. walking in on the student in the bathroom, locker-room, asking about bra sizes or previous sexual experiences);
11. going to a student's home for non-educational purposes;
12. inviting students to the staff member's home without proper chaperones (i.e. another staff member or parent of a student);
13. giving gifts or money to a student for no legitimate educational purpose;
14. accepting gifts or money from a student for no legitimate educational purpose;
15. being overly "touchy" with students;
16. favoring certain students by inviting them to come to the classroom at non-class times;
17. getting a student out of class to visit with the staff member;
18. providing advice to or counseling a student regarding a personal problem (i.e. problems related to sexual behavior, substance abuse, mental or physical health, and/or family relationships, etc.), unless properly licensed and authorized to do so;
19. talking to a student about problems that would normally be discussed with adults (i.e. marital issues);
20. being alone with a student behind closed doors without a legitimate educational purpose;
21. telling a student "secrets" and having "secrets" with a student;
22. other similar activities or behavior.

Inappropriate boundary invasions are prohibited and must be reported promptly to one of the District Compliance Officers, as designated in this policy, the Building Principal or the District Administrator.

- K. remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history;
- I. a pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another;
- M. verbal, nonverbal, or physical aggression, intimidation, or hostility based on sex or sex-stereotyping that does not involve conduct of a sexual nature.

~~It is further the policy of the Board that a sexual relationship between staff and students is not permissible in any form or under any circumstances, in or out of the workplace, in that it interferes with the educational process and may involve elements of coercion by reason of the relative status of a staff member to a student.~~

Not all behavior with sexual connotations constitutes sexual harassment. Sex-based or gender-based conduct must be sufficiently severe, pervasive, and/or persistent such that it adversely affects, limits, or denies an individual's education, or such that it creates a hostile or abusive educational environment, or such that it is intended to, or has the effect of, denying or limiting a student's ability to participate in or benefit from the educational program or activities.

It is further the policy of the Board that a sexual relationship between staff and students is not permissible in any form or under any circumstances, in or out of the workplace, in that it interferes with the educational process and may involve elements of coercion by reason of the relative status of a staff member to a student.

Race/Color Harassment

Prohibited racial harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's race or color and when the conduct has the purpose or effect of: interfering with the individual's educational performance; creating an intimidating, hostile, or offensive learning environment; or interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's race or color, such as racial slurs, nicknames implying stereotypes, epithets, and/or negative references regarding racial customs.

Religious (Creed) Harassment

Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of: interfering with the individual's work or educational performance; creating an intimidating, hostile, or offensive learning environment; or interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's religious tradition, clothing, or surnames, and/or involves religious slurs.

National Origin/Ancestry Harassment

Prohibited national origin/ancestry harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's national origin or ancestry and when the conduct has the purpose or effect of: interfering with the individual's educational performance; creating an intimidating, hostile, or offensive working and/or learning environment; or interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's national origin or ancestry, such as negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs.

Disability Harassment

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's physical, mental, emotional or learning disability and when the conduct has the purpose or effect of: interfering with the individual's educational performance; creating an intimidating, hostile, or offensive learning environment; or interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's disability, such as negative comments about speech patterns, movement, physical impairments or defects/appearances, or the like.

investigation of the Complainant's claims of harassment or retaliation and a process for rendering a decision regarding whether the charges are substantiated.

~~Due to the sensitivity surrounding complaints of harassment, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. Once the complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) calendar days of the complaint being received).~~

The procedures set forth below are not intended to interfere with the rights of a student to pursue a complaint of harassment or retaliation with the United States Department of Education Office for Civil Rights ("OCR") and/or ~~the Wisconsin Equal Rights Division~~ another applicable government agency. The Chicago Office of the OCR can be reached at John C. Kluczynski Federal Building, 230 S. Dearborn Street, 37th Floor Chicago, IL 60604; Telephone: 312-730-1560; FAX: 312-730-1576; TDD: 800-877-8339; Email: OCR.Chicago@ed.gov; Web: <http://www.ed.gov/ocr>.

If at any time during the investigation process the investigator determines that the complaint is properly defined as Bullying, under Policy 5517.01 - Bullying and not Harassment under this Policy, because the conduct at issue is not based on a student's Protected Characteristics, the investigator shall transfer the investigation to the appropriate building principal.

If during an investigation of alleged bullying, aggressive behavior, and/or harassment, in accordance with Policy 5517.01 - Bullying, the Principal believes that the reported misconduct may have created a hostile educational environment and may have constituted discriminatory harassment based on a Protected Class, the Principal shall report the act of bullying, aggressive behavior, and/or harassment to one (1) of the Compliance Officer(s) who shall investigate the allegation in accordance with this policy. If the alleged harassment involves Sexual Harassment as defined by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Program or Activities, the matter will be investigated in accordance with the grievance process and procedures outlined in Policy 2266 - Nondiscrimination on the Basis of Sex in Education Program or Activities. While the Compliance Officer investigates the allegation, or the matter is being addressed pursuant to Policy 2266, the Principal shall suspend the Policy 5517.01- Bullying investigation to await the Compliance Officer's written report or the determination of responsibility pursuant to Policy 2266 -Nondiscrimination on the Basis of Sex in Education Program or Activities. The Compliance Officer shall keep the Principal informed of the status of the investigation under this policy and provide the Principal with a copy of the resulting report. Likewise, the Title IX Coordinator will provide the Principal with the determination of responsibility that results from the Policy 2266 - Nondiscrimination on the Basis of Sex in Education Program or Activities grievance process.

Complaint and Investigation Procedure

A Complainant may file a complaint, either orally or in writing with a teacher, principal, or other District employee at the student's school, the CO, District Administrator, or other District official who works at another school or at the District level. Due to the sensitivity surrounding complaints of harassment, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. If a Complainant informs a teacher, principal, or other District official at the student's school, the CO, District Administrator, or other District employee, either orally or in writing, about any complaint of harassment, that employee must report such information to the CO within two (2) days.

Throughout the course of the process, the CO should keep the parties reasonably informed of the status of the investigation and the decision-making process.

All complaints must include the following information to the extent known: the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e., when, where, and what occurred); and a list of potential witnesses.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the Compliance Officer shall ask for such details in an oral interview. Thereafter the CO will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the Complainant from further harassment or retaliation including but not limited to a change of class schedule for the Complainant or the Respondent, or possibly a change of school for either or both of the parties. In making such a determination, the Compliance Officer should consult the District Administrator **[END OF OPTION]** prior to any action being taken, except for complaints against the District Administrator, in which case the Board President should be consulted. The Complainant should be notified of any proposed action prior to such action being taken.

As soon as appropriate in the investigation process, the CO will inform the Respondent that a complaint has been received. The Respondent will be informed about the nature of the allegations and a copy of any relevant policies and/or administrative procedures and the Board's anti-harassment policy shall be provided to the Respondent at that time. The Respondent must also be provided an opportunity to respond to the complaint.

All investigations shall be commenced as soon as practicable upon receipt of a complaint and concluded as expeditiously as feasible, in consideration of the circumstances, while taking measures to complete a thorough investigation. The Complainant shall be notified in writing of receipt of the complaint within forty-five (45) days of the complaint and shall reach a determination concerning the complaint within ninety (90) days of receipt unless additional time is agreed to by the Complainant.

~~With~~Generally, within two (2) days of receiving the complaint, the CO will initiate an investigation by at a minimum confirming receipt of the complaint with the ~~complainant~~Complainant and informing the ~~complainant~~Complainant of the investigation process.

~~Investigations shall be completed promptly. What constitutes promptness will depend on the complexity of the issues, the number of incidents or factual elements, the number of witnesses and documents to be consulted, and the availability of witnesses and other evidence. The CO shall keep the complainant reasonably informed of the investigation's progress.~~

The investigation generally will include:

- A. interview(s) with the Complainant;
- B. interview(s) with the Respondent;
- C. interviews with any other witnesses who reasonably may be expected to have any information relevant to the allegations, as determined by the CO;
- D. consideration of any documentation or other evidence presented by the Complainant, Respondent, or any other witness which is reasonably believed to be relevant to the allegations, as determined by the CO.

At the conclusion of the investigation, the CO shall prepare and deliver a ~~written~~ report to the District Administrator which summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of harassment as provided in Board policy and State and Federal law as to whether the Respondent engaged in harassment/retaliation of the Complainant. In determining if harassment occurred, a preponderance of evidence standard will be used. The CO's recommendations must be based upon the totality of the circumstances, including the ages and maturity levels of those involved.

The CO may consult with the Board's attorney during the course of the investigatory process and/or before finalizing the report to the District Administrator.

~~In cases where no District CO is able to investigate a complaint due to concerns regarding conflicts, bias or partiality, or for other reasons that impair the CO's ability to conduct an investigation the CO may in consultation with the District Administrator or Board President, if the matter involves the District Administrator, engage outside legal counsel to conduct the investigation consistent with this policy.~~

~~Absent extenuating circumstances~~ Generally, within ~~ten (10)~~ five (5) days of receiving the report of the CO or designee, the District Administrator, or in the case of a complaint against the District Administrator or a Board member, the person designated to serve as the decision-maker for the complaint either must issue a ~~final~~ written decision regarding whether ~~or not~~ the complaint of harassment ~~has been substantiated~~ has been substantiated or request further investigation. A copy of the District Administrator's ~~written~~ final decision will be delivered to both the Complainant and the Respondent. The District Administrator may redact information from the decision consistent with applicable law. The Board authorizes the District Administrator to consult with legal counsel to determine the extent to which information in an investigation report must be provided to either the Complainant or Respondent.

If the District Administrator requests additional investigation, the District Administrator must specify the additional information that is to be gathered, and such additional investigation must be completed within ~~ten (10)~~ five (5) days. At the conclusion of the additional investigation, the District Administrator must issue a final written decision as described above.

The decision of the District Administrator shall be final. If the Complainant feels that the decision does not adequately address the complaint ~~s/he~~ they may appeal the decision to the State Superintendent of Public Instruction by submitting a written request to the Wisconsin Department of Public Instruction ("DPI"), Pupil Nondiscrimination Program, or by contacting the DPI Pupil Nondiscrimination Program at (608) 267-9157.

~~If the decision of the District Administrator is that there is no finding of harassment pursuant to this policy, the student/parent will be informed of the provisions of Policy 5517.01 -- Bullying.~~

The Board reserves the right to investigate and resolve a complaint or report of harassment regardless of whether the member of the School District community or Third Party alleging the harassment pursues the complaint. The Board also reserves the right to have the complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board.

~~The~~To the extent required by law or permitted by the District, the parties may be represented, at their own cost, at any of the above-described meetings/hearings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

Additional School District Action

If the evidence suggests that the harassment at issue is a crime or requires mandatory reporting under the Children's Code (Sec. 48.981, Wis. Stat.), the CO or District Administrator shall report the harassment to the appropriate social service and/or law enforcement agency charged with responsibility for handling such investigations and crimes.

Any reports made to the local child protection service or to local law enforcement shall not terminate the CO's obligation and responsibility to continue to investigate a complaint of harassment. While the COs may work cooperatively with outside agencies to conduct concurrent investigations, in no event shall the harassment investigation be inhibited by the involvement of outside

agencies without good cause after consultation with the District Administrator.

Privacy/Confidentiality

The District will ~~make~~ employ all reasonable efforts to protect the rights of the Complainant, ~~and~~ the Respondent(s), and the witnesses as much as possible, consistent with the District's legal obligations to investigation, take appropriate action, and comply with any discovery or disclosure obligations. ~~The District will respect the privacy of the Complainant, the Respondent, and all witnesses in a manner consistent with the District's legal obligations under State and Federal law.~~ Confidentiality cannot be guaranteed, however. Respondents must be provided an opportunity to meaningfully respond to allegations, which may include disclosure of the Complainant's identity. ~~Additionally, the Respondent must be provided the Complainant's identity.~~

All records generated under the terms of this policy shall be maintained as confidential to the extent permitted by law. Additionally, the Respondent must be provided with the Complainant's identity.

During the course of an investigation, the CO will instruct ~~all members of the School District community and third parties~~ each person who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of a ~~harassment~~ investigation is expected not to disclose to Third Parties any information that is learned or provided during the course of the investigation.

Directives During Investigation

The CO may recommend to the District Administrator placing any employee involved in an investigation under this Policy on administrative leave pending resolution of the matter. If the District Administrator is the Respondent, the CO shall make such recommendation to the Board. For example, administrative leave may be appropriate in situations in which protecting the safety of any individual or the integrity of the investigation necessitates such action.

The CO shall determine whether any witnesses in the course of an investigation should be provided a Garrity warning apprising the person of their obligations to answer questions truthfully and honestly while preserving the right against self-incrimination in the context of any resulting criminal investigation or prosecution.

Every employee interviewed in the course of an investigation is required to provide truthful responses to all questions. Failure to do so may result in disciplinary action.

Remedial Action and Monitoring

If warranted, appropriate remedial action shall be determined and implemented on behalf of the Complainant, including but not limited to counseling services, reinstatement of leave taken because of the discrimination, or other appropriate action.

The Board may appoint an individual, who may be a District employee, to follow up with the Complainant to ensure no further discrimination or retaliation has occurred and to take action to address any reported occurrences promptly.

Sanctions and Disciplinary Action

The Board shall vigorously enforce its prohibitions against harassment by taking appropriate action reasonably calculated to stop the harassment and prevent further misconduct.

While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable law.

When imposing discipline, the District Administrator shall consider the totality of the circumstances involved in the matter, including the age and maturity level of any student involved. In those cases where harassment is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies.

Where the Board becomes aware that a prior disciplinary action has been taken against the Respondent, all subsequent sanctions imposed by the Board and/or District Administrator shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made by any Federal or State civil rights law, or because that individual made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Reprisal

~~Submission of a good faith complaint or report of harassment will not affect the Complainant's status or educational environment. However, the Board also recognizes that false or fraudulent claims of harassment or false or fraudulent information about such claims may be filed. The Board reserves the right to discipline any person filing a false or fraudulent claim of harassment or false or fraudulent information about such a claim.~~

~~The District will discipline or take appropriate action against any member of the School District community who retaliates against any person who reports an incident of harassment prohibited by this policy or participates in a proceeding, investigation, or hearing relating to such harassment. Retaliation includes, but is not limited to, any form of intimidation, reprisal, or harassment.~~

Education and Training

~~In support of this policy, the Board promotes preventative educational measures to create greater awareness of discriminatory practices. The District Administrator will develop a method of discussing this policy with the School District community shall provide appropriate information to all members of the School District community related to the implementation of this policy and shall provide training for District students and staff where appropriate. Training on the requirements of non-discrimination and the appropriate responses to issues of harassment will be provided to the School District community at such times as the Board in consultation with the District Administrator determines is necessary or appropriate. All training, as well as all information, provided regarding the Board's policy and discrimination in general, will be age and content appropriate.~~

~~This policy shall be reviewed at least annually for compliance with local, State, and Federal law.~~

~~The District shall conspicuously post a notice including this policy against harassment in each school in a place accessible to the School District community and members of the public. This notice shall also include the name, mailing address and telephone number of the Compliance Officers, the name, mailing address and telephone number of the State agency responsible for investigating allegations of discrimination in educational opportunities, and the mailing address and telephone number of the United States Department of Education, Office for Civil Rights.~~

~~A summary of this policy shall appear in the student handbook and shall be made available upon request of parents, students, and other interested parties.~~

Retention of Investigatory Records and Materials

The CO is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all information, documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and received as part of an investigation including which may include but are not limited to:

Code	po5771
Status	Policy Committee Review
Adopted	March 13, 2017
Last Revised	October 9, 2017

5771 - **SEARCH AND SEIZURE**

The Board of Education has charged school authorities with the responsibility of safeguarding the safety and well-being of the students in their care. In the discharge of that responsibility, school authorities may search school property such as lockers used by students or the person or property, including vehicles, of a student, in accordance with the following policy.

School Property

The Board acknowledges the need for in-school storage of student possessions and shall provide storage places, including desks and lockers, for that purpose. Desks and lockers are public property and school authorities may make reasonable regulations regarding their use. The District retains ownership and possessory control of student desks and lockers and the same may be searched at random by school personnel at any time. A showing of reasonable cause or suspicion is not a necessary precondition to a search under this paragraph. Students shall not have an expectation of privacy in lockers, desks, or other school property as to prevent examination by a school official. The Board directs the ~~school principals~~ Principal to provide students with written notice of this policy at least annually and that routine inspections be done at the discretion of the Principal of all such storage places.

The Board directs that the searches may be conducted by the District Administrator, Police Officer, and Dean of Students.

Student Person and Possessions

The Board recognizes that the privacy of students or ~~his/her~~ their belongings may not be violated by unreasonable search and seizure and directs that no student be searched without reasonable suspicion that the search will turn up evidence that the student has violated or is violating either a particular law or a particular rule of the school. Any search under this paragraph must be reasonable in scope and reasonable in the manner in which it is conducted. The extent of the search will be governed by the seriousness of the suspected infraction, the student's age and gender, the student's disciplinary history, and any other relevant circumstances or information.

The Principal may arrange for a breath test for blood-alcohol to be conducted on a student whenever ~~s/he~~ ~~has~~ they have individualized reasonable suspicion to believe the student has consumed or is under the influence of an alcoholic beverage while on school premises or while participating in a school-sponsored activity. If the result indicates a violation of school rules as described in the student handbook, the disciplinary procedure described in the student handbook will be followed. If the student refuses to take the test, the Principal will inform the student that refusal to participate implies an admission of guilt leading to disciplinary action consistent with the student handbook.

This authorization to search shall also apply to all situations in which the student is under the jurisdiction of the Board.

In a situation in which a search of a student's person or possessions is appropriate, school administrators should first attempt to

contact the school resource officer to conduct the search under the administrator's direction. If the officer is not available, the administrator may proceed with the search, unless the information justifying the search suggests that the student is in possession of dangerous materials whereby the expertise of law enforcement is necessary. In such a case, the school official shall contact law enforcement and request their assistance.

Under no circumstances shall a school official ever conduct a strip search of a student.

Parking Permit Required

Permission for a student to bring a vehicle on school property shall be conditioned upon written consent of the search of the vehicle and all containers inside the vehicle by a school administrator with reasonable suspicion to believe the search will produce evidence of a violation of a particular law, a school rule, or a condition that endangers the safety or health of the student driver or others. If an administrator determines a search is necessary, he or she should request consent to search the vehicle and all containers inside the vehicle. If consent is not given, a school administrator may proceed with the search. An administrator may contact the police liaison officer or law enforcement agency for assistance in conducting a search.

Except as provided below, a request for the search of a student or a student's possessions will be directed to the principal. The Principal shall attempt to obtain the freely-offered, written consent of the student to the inspection; however, provided there is reasonable suspicion pursuant to the above paragraphs, s/het they may conduct the search without such consent. Whenever possible, a search will be conducted by the principal in the presence of the student and a staff member other than the principal. A search prompted by the reasonable suspicion that health and safety are immediately threatened will be conducted with as much speed and dispatch as may be required to protect persons and property.

Search of a student's person or intimate personal belongings shall be conducted by a person of the student's gender, in the presence of another staff member of the same gender, and in a manner that is minimally intrusive to the student based on the reasonable suspicion justifying the search.

Use of Dogs

The Board authorizes the use of specially-trained dogs to detect the presence of drugs and devices such as bombs on school property under the following conditions:

- A. The presence of the dogs on school property is authorized in advance by the District Administrator, except in emergency situations, or is pursuant to a court order or warrant.
- B. The dog must be handled by a law enforcement officer or certified organization specially trained to safely and competently work with the dog.
- C. The dog is represented by the Sheriff or Chief of the law enforcement agency providing the service as capable of accurately detecting drugs and/or devices.

The Administration shall be responsible for the prompt recording in writing of each student search, including the reasons for the search; information received that established the need for the search and the name of informant, if any; the persons present when the search was conducted; any substances or objects found and the disposition made of them; and any subsequent action taken. The principal shall be responsible for the custody, control, and disposition of any illegal or dangerous substance or object taken from a student.

The District Administrator may request the assistance of a law enforcement agency in implementing any aspect of this policy. Where law enforcement officers participate in a search on school property or at a school activity pursuant to a request from the District Administrator, the search shall be conducted by the law enforcement officers at the direction of a District official. Law enforcement searches conducted independent of any District official request or direction shall be conducted based on standard applicable to law enforcement.

Anything found in the course of a search pursuant to this policy which constitutes evidence of a violation of a particular law or school rule or which endangers the safety or health of any person shall be seized and properly cataloged for use as evidence if appropriate. Seized items shall be returned to the owner if the items may be lawfully possessed by the owner. Seized items that may not lawfully be possessed by the owner shall be turned over to law enforcement.

compliance requirements (such as remedial actions under Section 1.141-12 of the Regulations and the Treasury's Tax-Exempt Bonds Voluntary Closing Agreement Program) and take such corrective action when necessary and appropriate.

5. The Compliance Officer will review post-issuance compliance procedures and systems on a periodic basis, but not less than annually.

B. Issuance of Obligations - Documents and Records

With respect to each issue of Obligations, the Compliance Officer will:

1. Obtain and store a closing binder and/or CD or other electronic copy of the relevant and customary transaction documents (the "Transcript").
2. Confirm that bond counsel has filed the applicable information report (e.g., Form 8038, Form 8038-G, Form 8038-CP) for such issue with the IRS on a timely basis.
3. Coordinate receipt and retention of relevant books and records with respect to the investment and expenditure of the proceeds of such Obligations with other applicable staff members of the Issuer.

C. Arbitrage

The following procedures relate to the monitoring and calculating of arbitrage and compliance with specific arbitrage rules and regulations.

The Compliance Officer will:

1. Confirm that a certification of the initial offering prices of the Obligations with such supporting data, if any, required by bond counsel, is included in the Transcript.
2. Confirm that a computation of the yield on such issue from the Issuer's financial advisor or bond counsel (or an outside arbitrage rebate specialist) is contained in the Transcript.
3. Maintain a system for tracking investment earnings on the proceeds of the Obligations.
4. Coordinate the tracking of expenditures, including the expenditure of any investment earnings. If the project(s) to be financed with the proceeds of the Obligations will be funded with multiple sources of funds, confirm that the Issuer has adopted an accounting methodology that maintains each source of financing separately and monitors the actual expenditure of proceeds of the Obligations.
5. Maintain a procedure for the allocation of proceeds of the issue and investment earnings to expenditures, including the reimbursement of pre-issuance expenditures. This procedure shall include an examination of the expenditures made with proceeds of the Obligations within 18 months after each project financed by the Obligations is placed in service and, if necessary, a reallocation of expenditures in accordance with Section 1.148-6(d) of the Treasury Regulations.
6. Monitor compliance with the applicable "temporary period" (as defined in the Internal Revenue Code of 1986, as amended (the "Code") and any applicable Treasury Regulations (the "Treasury Regulations")) exceptions for the expenditure of proceeds of the issue, and provide for yield restriction on the investment of such proceeds if such exceptions are not satisfied.
7. Ensure that investments acquired with proceeds of such issue are purchased at fair market value. In determining whether an investment is purchased at fair market value, any applicable Treasury Regulation safe harbor may be used.
8. Avoid formal or informal creation of funds reasonably expected to be used to pay debt service on such issue without determining in advance whether such funds must be invested at a restricted yield.
9. Consult with bond counsel prior to engaging in any post-issuance credit enhancement transactions or investments in guaranteed investment contracts.
10. Identify situations in which compliance with applicable yield restrictions depends upon later investments and monitor implementation of any such restrictions.
11. Monitor compliance with six-month, 18-month or 2-year spending exceptions to the rebate requirement, as applicable.
12. Procure a timely computation of any rebate liability and, if rebate is due, to file a Form 8038-T and to arrange for payment of such rebate liability.
13. Arrange for timely computation and payment of "yield reduction payments" (as such term is defined in the Code and Treasury Regulations), if applicable.

D. Private Activity Concerns

The following procedures relate to the monitoring and tracking of private uses and private payments with respect to facilities financed with the Obligations.

The Compliance Officer will:

1. Maintain records determining and tracking facilities financed with specific Obligations and the amount of proceeds spent on each facility.
2. Maintain records, which should be consistent with those used for arbitrage purposes, to allocate the proceeds of an issue and investment earnings to expenditures, including the reimbursement of pre-issuance expenditures.
3. Maintain records allocating to a project financed with Obligations any funds from other sources that will be used for otherwise non-qualifying costs.
4. Monitor the expenditure of proceeds of an issue and investment earnings for qualifying costs.
5. Monitor private use of financed facilities to ensure compliance with applicable limitations on such use. Examples of potential private use include:
 - a. Sale of the facilities, including sale of capacity rights;
 - b. Lease or sub-lease of the facilities (including leases, easements or use arrangements for areas outside the four walls, e.g., hosting of cell phone towers) or leasehold improvement contracts;
 - c. Management contracts (in which the Issuer authorizes a third party to operate a facility, e.g., cafeteria) and research contracts;
 - d. Preference arrangements (in which the Issuer permits a third party preference, such as parking in a public parking lot);
 - e. Joint-ventures, limited liability companies or partnership arrangements;
 - f. Output contracts or other contracts for use of utility facilities (including contracts with large utility users);
 - g. Development agreements which provide for guaranteed payments or property values from a developer;
 - h. Grants or loans made to private entities, including special assessment agreements; and
 - i. Naming rights arrangements.

Monitoring of private use should include the following:

- a. Procedures to review the amount of existing private use on a periodic basis; and
- b. Procedures for identifying in advance any new sale, lease or license, management contract, sponsored research arrangement, output or utility contract, development agreement or other arrangement involving private use of financed facilities and for obtaining copies of any sale agreement, lease, license, management contract, research arrangement or other arrangement for review by bond counsel.

If the Compliance Officer identifies private use of facilities financed with tax-exempt or tax-advantaged debt, the Compliance Officer will consult with the Issuer's bond counsel to determine whether private use will adversely affect the tax status of the issue and if so, what remedial action is appropriate. The Compliance Officer should retain all documents related to any of the above potential private uses.

E. Qualified Tax-Exempt Obligations

If the Issuer issues "qualified tax-exempt obligations" in any year, the Compliance Officer shall monitor all tax-exempt financings (including lease purchase arrangements and other similar financing arrangements and conduit financings on behalf of 501(c)(3) organizations) to assure that the \$10,000,000 "small issuer" limit is not exceeded.

F. Federal Subsidy Payments

The Compliance Officer shall be responsible for the calculation of the amount of any federal subsidy payments and the timely preparation and submission of the applicable tax form and application for federal subsidy payments for tax-advantaged obligations such as Build America Bonds, New Clean Renewable Energy Bonds and Qualified School Construction Bonds.

G. Reissuance

The following procedures relate to compliance with rules and regulations regarding the reissuance of Obligations for federal

law purposes.

The Compliance Officer will identify and consult with bond counsel regarding any post-issuance change to any terms of an issue of Obligations which could potentially be treated as a reissuance for federal tax purposes.

H. Record Retention

The following procedures relate to retention of records relating to the Obligations issued.

The Compliance Officer will:

1. Coordinate with staff regarding the records to be maintained by the Issuer to establish and ensure that an issue remains in compliance with applicable federal tax requirements for the life of such issue.
2. Coordinate with staff to comply with provisions imposing specific recordkeeping requirements and cause compliance with such provisions, where applicable.
3. Coordinate with staff to generally maintain the following:
 - a. The Transcript relating to the transaction (including any arbitrage or other tax certificate and the bond counsel opinion);
 - b. Documentation evidencing expenditure of proceeds of the issue;
 - c. Documentation regarding the types of facilities financed with the proceeds of an issue, including, but not limited to, whether such facilities are land, buildings or equipment, economic life calculations and information regarding depreciation.
 - d. Documentation evidencing use of financed property by public and private entities (e.g., copies of leases, management contracts, utility user agreements, developer agreements and research agreements);
 - e. Documentation evidencing all sources of payment or security for the issue; and
 - f. Documentation pertaining to any investment of proceeds of the issue (including the purchase and sale of securities, SLGs subscriptions, yield calculations for each class of investments, actual investment income received by the investment of proceeds, guaranteed investment contracts, and rebate calculations).
4. Coordinate the retention of all records in a manner that ensures their complete access to the IRS.
5. Keep all material records for so long as the issue is outstanding (including any refunding), plus seven (7) years.

I. Annual Review of Prior Filings

As part of the annual review process, the Compliance Officer shall also review prior filings made within the past five years subsequent to the last such review of prior filings. If the Compliance Officer discovers any late or missing filings, the Compliance Officer (after discussing the circumstances with the Issuer's dissemination agent, counsel or other agents as necessary) shall "remedy" such prior failures by ensuring that the missing information is filed.

J. Monitoring of Material Events

The Compliance Officer shall monitor the occurrence of any of the following events and/or other events set forth in the Currently Effective Continuing Disclosure Agreements and shall provide notice of the same in the required manner and by the relevant reporting deadline (within ten (10) business days of the occurrence):

7. Modification to rights of holders of the Issuer's bonds or notes, if material;
8. Calls of the Issuer's bonds or notes, if material, and tender offers;

The term Financial Obligation shall not include municipal securities as to which a final official statement has been provided through the EMMA system consistent with the Rule.

K. Review of Official Statements

This compliance review is not meant to limit the Issuer's other reviews of or diligence procedures relating to its Official Statements.

L. Record Retention

The Compliance Officer shall retain documentation evidencing the Issuer's annual reviews and its reviews of Official Statements in connection with new offerings as set forth above. This Issuer shall retain this documentation, for each Continuing Disclosure Agreement, for the period that the related bonds or notes are outstanding.

M. Annual Review Checklist

Title	Copy of USE OF TOBACCO AND NICOTINE ON SCHOOL PREMISES
Code	po7434
Status	Policy Committee Review
Adopted	March 13, 2017
Last Revised	October 11, 2021

7434 - **USE OF TOBACCO AND NICOTINE ON SCHOOL PREMISES**

The Board recognizes that the use of tobacco products, as well as other nicotine delivery systems, such as electronic smoking devices, are a health, safety, and environmental hazard for students, staff, visitors, and school facilities. The Board is acutely aware of the serious health risks associated with the use of these products, both to users and non-users, and that their use or promotion on school grounds and at off-campus school-sponsored events is detrimental to the health and safety of students, staff, and visitors. The Board also believes accepting tobacco industry gifts or materials will send an inconsistent message to students, staff, and visitors.

It shall be a violation of this policy for any visitor of the District to use, consume, or sell any commercial tobacco products, tobacco-related devices, imitation tobacco products, or electronic smoking or vaping devices, regardless of content, including smoking as defined in this policy, at any time on school property or at off-campus, school-sponsored events. The Board authorizes the District Administrator to take reasonable measures related to the Board's expectation that the promotion and display of tobacco and related products on school property or at off-campus, school-sponsored events is prohibited.

It shall be a violation of this policy for the District to solicit or accept any contributions, gifts, money, curricula, or materials from the tobacco industry or from any tobacco products retailer. This includes, but is not limited to, donations, monies for sponsorship, advertising, promotions, loans, or support for equipment, uniforms, and sports and/or training facilities. 7440 - **FACILITY SECURITY**

Promoting the safety of students, staff and others in the school buildings, as well as providing for the protection of the significant financial investment in the District's buildings is a critical function of the Board. Proper safety measures are to be implemented to protect those who use the buildings and to protect the buildings and equipment owned by the Board from theft and vandalism in order to maintain the optimum conditions for carrying out the educational program.

The District Administrator shall develop and supervise the District's School Safety Plan, in compliance with State and Federal laws, as described in Policy 8420.

Every effort shall be made to apprehend those who knowingly cause serious physical harm to students, staff, visitors, and Board property and to require prosecution of those who bring harm to persons and/or property. The Board will seek to repair the damage or seek the payment of a fee to cover such repairs.

The Board authorizes the District Administrator to conduct searches of non-student visitors or vehicles on school property when there is a reasonable suspicion of violation of the law or school rules, and the search is reasonable in scope related to the objectives of the search and not excessively intrusive.

The District Administrator is authorized to install metal detectors and video surveillance/electronic monitoring equipment on school property in order to protect the health, welfare and safety of students, staff, visitors and Board property, and other security devices that would assist in the detection of guns and dangerous weapons on District property.

Public Access to School Facilities

The Board expects that during regular school hours only students and school staff need to be present in the school building. The Board also acknowledges that there will be times during the instructional day that members of the public, including parents/guardians, invited guests, or other individuals will for appropriate and legitimate reasons require entry into a school facility. In such cases, the following guidelines shall be followed:

- A. All exterior doors to every school building shall be locked during the instructional day, preventing entry into the building and all visitors to the school building during those times will be directed to designated entrance(s) into the building. Visitors must identify themselves and the purpose of their visit to the school through the intercom system.
- B. All persons, other than students and building staff, shall check in with the main office of the building and shall complete a visitor log.

Any visitor to the school may be refused entry or asked to leave the building at any time if the building administrator determines that the visitor's presence is disruptive or is likely to become disruptive to the educational environment, or for other safety or security reasons. If a visitor refuses to leave upon request by the building administrator, the administrator shall contact the school resource officer or local law enforcement as appropriate. No staff member should attempt to physically remove a visitor, unless the visitor poses an imminent safety threat.

Failure to follow the requirements above when entering or remaining in school facilities may be subjected to a fine not exceeding \$1,000 in circumstances tending to provoke a disturbance of the peace, persons may be fined not more than \$10,000 or imprisoned

not more than ninety (90) days.

Any school staff member that witnesses a visitor in the school building who is not wearing a visitor tag as required shall report the visitor's presence to the school office. In the event the school office does not have record of such visitor properly checking in, the office staff shall immediately contact an administrator or, if an administrator is not available, the school resource officer, if applicable, or appropriate law enforcement.

Parents as Visitors

The Board encourages parental involvement in the education of students in the District. For this reason, it is important to facilitate the involvement of parents in school activities and the educational process while at the same time preserving the integrity of the educational environment for all students. As a balance, the Board adopts the following requirements for parents visiting the school during the instructional day

- A. Parents should make arrangements with their child's teacher or with the building administrator in advance of visiting their child at school unless that is not possible.
- B. Parents, like any other visitor, must enter the building through only the approved visitor entrance and shall check-in at the main office in the same fashion as a visitor.

Parents visiting District schools shall comply with Policy 9150 - School Visitors, and other relevant policies and administrative guidelines.

Parents that do not follow these guidelines or whose presence is disruptive to the educational environment may be asked to leave the building by the Building Administrator. Any decision to permanently expel a parent may only be made by the District Administrator due to repeated failure to follow rules causing a disruption to the educational environment or for overt threats of harm or actual physical contact with any staff or student.

Court Imposed Restrictions

In any case in which an individual is the subject of a court order restricting the individual's presence at a school building, including any restrictions on the individual's physical proximity to an individual that is a student or staff member at the school facility, the Building Administrator shall inform staff of the situation and if any staff member sees the individual on school premises that staff member shall immediately contact law enforcement and the main office.

Sex Offenders on School Property

Any person that is a registered sex offender under Wisconsin Law is required to notify the District Administrator of the specific date, time and place of the person's visit to any school facility and must notify the District Administrator of ~~his/her~~ their status as a registered sex offender.

Parents of students enrolled in the District must notify the District Administrator of ~~his/her~~ their status as a registered sex offender and that ~~s/he~~ ~~has~~ they have a child enrolled in the District. Notification must occur at the beginning of each school year or at the time the individual is required to register or whenever the child is first enrolled, whichever occurs first.

Notification requirements do not apply if the person will be on school grounds to vote in an election or to attend a non-school sponsored event occurring on the school grounds.

Adopted	June 22, 2020

7544 - **USE OF SOCIAL MEDIA**

Technology is a powerful tool to enhance education, communication, and learning.

The Board authorizes the use of social media to promote community involvement and facilitate effective communication with students, parents/guardians, staff (including District-approved volunteers), and the general public. Social media is defined in Bylaw 0100 - Definitions.

The District Administrator is charged with designating the District-approved social media platforms/sites.

It is critical that students be taught how to use social media platforms safely and responsibly. Social media (as defined in Bylaw 0100 - Definitions) are a powerful and pervasive technology that affords students and employees the opportunity to communicate for school and work purposes, and to collaborate in the delivery of a comprehensive education. Federal law mandates that the District provide for the education of students regarding appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms, and regarding cyberbullying awareness and response. See Board Policy 7540.03 – Student Technology Acceptable Use and Safety.

The District recognizes that employees may use social media for personal, as well as professional reasons. The District neither encourages nor discourages employees' use of social media for personal purposes. The District regulates employees' use of social media for purposes related to their District assignment to the same extent as it regulates any other form of employee communication in that regard.

The District uses approved social media platforms/sites as interactive forms of communication and accepts public comments. The District-approved social media platforms/sites are considered limited public forums. As such, the District will monitor posted comments to verify they are on-topic, consistent with the posted rules for use of the forum, and in compliance with the platform/site's applicable terms of service. The Board's review of posted comments will be conducted in a viewpoint neutral manner, and consistent with State and Federal law. Employees' personal posts on the public platforms/sites are limited/restricted to matters of general public interest that are not related to the employee's specific employment and wholly unrelated to the employee's job responsibilities (i.e., matters where it is clear the individual is posting not in an official capacity, but simply as a member of the public). Employees in administrative positions are ordinarily not permitted to post personal comments on matters of general public interest because to do so could be misconstrued as Board-sponsored speech. (→)The District-approved social media platforms/sites are considered limited public forums. District authorized personnel may reply to comments asking direct questions with regard to dates, places, or times of District or building level events and/or programs, but will not respond to or engage in dialogue about any other comments received.

Each District-approved social media account/site must contain a statement that specifies its purpose(s) and limits those who access the social media account/site to use of the account/site only for that/those purpose(s), and in accordance with any specified procedures, and applicable terms of service. Users are personally responsible for the content of their posts.

The District Administrator shall maintain the District's social media presence with respect to general announcements, notices, or other such communications that are disseminated to the public at large or specific audiences within the community. To the extent individual staff members or volunteers wish to post information or announcements to a District social media platform, the staff member or volunteer may request that the District Administrator approve and post such information. (This provision does not apply to social media communications that are related to instructional and school-sponsored activities.)

- A. Procedures describing a hazard identification and abatement program that requires the periodic inspection of District

facilities, the implementation of immediate and programmed corrective actions when deemed necessary by such inspections, and the development of a District-wide hazard reporting procedure that enables employee/stakeholder participation. This program should also provide procedures for identifying and responding to hazards that are created by outside entities, inspecting activities of contractors, and inspecting new facilities to determine whether appropriate requirements for environmental health and safety have been met.

The District Administrator shall require that any chemicals, insecticides, or other materials that the Federal government is phasing out and/or banning by a certain date be immediately banned from use on Board property.

INDOOR AIR QUALITY – MICROBIAL ABATEMENT

The Board recognizes that excessive moisture levels within the schools can lead to conditions that are optimum for the development of biological contaminants, such as mold, fungi and other microbials on building surfaces. The Board further recognizes that the presence of these contaminants can be harmful on contact with respiratory tissue.

Contributing factors to excessive moisture levels include the following:

- A. roof leaks
- B. structural defects in the building
- C. improperly controlled humidity levels
- D. faulty HVAC systems

As preventative measures, the District shall do the following:

- A. address prevention of water intrusion as a priority indoor air quality (IAQ) issue and implement strategies toward its elimination
- B. maintain environmental conditions in occupied areas that are in compliance with applicable regulations and strive to conform to consensus industry standards
- C. implement a preventative maintenance program for HVAC systems which shall include, but not be limited to, periodic filter replacement, inspection, cleaning and disinfecting processes, and procedures to eliminate the contribution to indoor air quality problems caused by this equipment
- D. implement a system for insuring materials used and purchased for use in the construction, furnishing and maintenance, including cleaning of facilities, do not contribute to the health hazards to employees and students by degrading the quality of indoor air. In addition, activities that create indoor air quality health hazards shall not be permitted.

DIESEL EXHAUST AND SCHOOL BUS IDLING

In accordance with the Environmental Protection Agency's initiative to reduce pollution that is caused by school buses on school property, the Board will take the recommended steps to reduce the negative effect of diesel exhaust on indoor and outdoor air quality on school campuses. This effort shall include, but not be limited to, reducing bus idling time and reinforcing smart driving practices.

POLLUTION CONTROL AND PREVENTION

In an effort to comply with the environmental policy and applicable regulations, the District shall develop and implement procedures designed to prevent air and water pollution, minimize or eliminate waste streams where possible, and identify possible sources of air and water pollution as required by State and Federal law.

USE OF FREE-FLOWING MERCURY CONTAINING PRODUCTS

The District shall not purchase or use for any reason free-flowing elemental mercury.

The District shall not purchase or use any products containing mercury as those products are defined by applicable State law, unless no reasonable alternative product is available and the product with the lowest mercury content is used. This rule does not apply to products whose purchase is required by Federal law or products whose only mercury content is in a button cell battery.

~~Decisions of the United States Supreme Court have made it clear that it is not the province of a public school to advance or inhibit religious beliefs or practices. Under the First and Fourteenth Amendments to the Constitution, this remains the inviolate province of the individual and the worship center, if any, of the individual's choice. The rights of any minority, no matter how small, must be protected. No matter how well intended, either official or unofficial sponsorship of religiously oriented activities by the school are offensive to some and tend to supplant activities which should be the exclusive province of individual religious groups, private organizations, or the family.~~ The Board acknowledges that the U.S. Constitution prohibits it from adopting any policy or rule promoting or establishing a religion or any policy that unlawfully restricts any person's free exercise of the individual right to worship enjoyed by all persons. As public employees, while on duty and acting within the scope of employment or pursuant to official duties, District staff members shall not use prayer, religious readings, or religious symbols as a devotional exercise or in an act of worship or celebration. Staff are expected to avoid circumstances where the staff member's expression of religious views could be reasonably construed as an endorsement or approval of the message by the school or District. Nothing in this policy prohibits teaching about various religions and religious practices in a manner consistent with any adopted District course curriculum. This instruction may include discussion of religious holidays and customs in a manner related to the curriculum that does not give the appearance of an endorsement of one religion over other religions or favoring either a system or religious beliefs or of other beliefs, such as atheism or agnosticism. Observance of religious holidays through devotional exercises or acts of worship is also prohibited.

Distribution of any outside organization's materials, including a request by any person wishing to facilitate dissemination of materials on District property, may make a request in accordance with Policy 7510 and AG 7510A - Use of District Facilities and Policy 9700 - Relations with Non-School Affiliated Groups and AG 9700A - Distribution of Materials to Students.

~~Observance of religious holidays through devotional exercises or acts of worship is also prohibited. Acknowledgment of, explanation of, and teaching about religious holidays of various religions is encouraged.~~ Celebration activities involving nonreligious decorations and use of secular works are permitted, but it is the responsibility of all faculty members to ensure that such activities are strictly voluntary, do not place an atmosphere of social compulsion or ostracism on ~~minority~~ groups or individuals, and do not interfere with the regular school program.

The Board shall not conduct or sanction a baccalaureate service in conjunction with graduation ceremonies.

The Board shall not include religious invocations, benedictions, or ~~87~~ formal prayer at any school-sponsored event.
