5330 - **ADMINISTRATION OF MEDICATION/EMERGENCY CARE**

The Board shall not be responsible for the diagnosis and treatment of student illness. The administration of medication to a student during school hours will be permitted only when failure to do so would jeopardize the health of the student, the student would not be able to attend school if the medication were not administered during school hours, or ~~the child is disabled~~ If the child is a student with a disability and requires medication to benefit from ~~his/her~~ their educational program.

For purposes of this policy, "practitioner" shall include any physician, dentist, podiatrist, optometrist, physician assistant, and advanced practice nurse prescriber who is licensed in any state. "Medication" shall include all drugs including those prescribed by a practitioner and any nonprescription drug products. "Administer" means the direct application of a nonprescription drug product or prescription drug, whether by injection, ingestion, or other means, to the human body. "Nonprescription drug product" means any nonnarcotic drug product which may be sold without a prescription order and which is prepackaged for use by consumers and labeled in accordance with the requirements of State and Federal law.

Before any prescribed medication may be administered to any student during school hours, the Board shall require the written instructions from the child's practitioner accompanied by the written authorization of the parent.

Nonprescription drug products may be administered to any student during school hours only with the prior written consent of the parent. Substances, which are not FDA approved (i.e. natural products, food supplements), will require the written instruction of a practitioner and the written consent of the parent. Nonprescription drugs that are provided by the parent may be administered if they are supplied in the original manufacturer's package which lists the ingredients and recommended therapeutic dosage in a legible format ~~may be administered~~.

No CBD products or essential oils will be permitted for use at school without permission District Administrator.

The document authorizing the administration of both prescribed medication and nonprescription drug products shall be kept on file in the administrative offices.

Only medication in its original container; labeled with the date, if a prescription; the student's name; and the exact dosage will be administered. Parents, or students authorized in writing by their practitioner and parents, may administer medication.

No student is allowed to provide or sell any type of medication to another student. Violations of this rule will be considered violations of Policy 5530 - Drug Prevention and of the Student Code of Conduct.

Medications will be administered and the instruction and consent forms will be maintained in accordance with the District Administrator's guidelines.

Any bus driver, staff member or volunteer, authorized in writing by the District Administrator or a principal is immune from liability for their acts or omissions in administering medication including, but not limited to glucagon, an opioid antagonist, and epinephrine, unless the act or omission constitutes a high degree of negligence and, in the case of any staff member or volunteer who administers an opioid antagonist, the staff member or volunteer contacts emergency medical services as soon as practicable after administering the drug to report the suspected overdose. Such immunity does not apply to healthcare professionals.

~~All prescription medication shall be kept in a locked storage case in the school office unless the medication is an emergency~~

medication which the student is authorized to carry and self-administer by authorization of both the parent and practitioner, and the possession of such medication by the student in school is not prohibited by law or regulation.

All prescription medication shall be secured and appropriately stored (allowing for quick access and retrieval before, during, and after school hours), unless the medication is an emergency medication that the student is authorized to carry and self-administer by authorization of both the student's parent(s) and practitioner, and the possession of such medication by the student in school is not prohibited by law or regulation.

The Board shall permit the administration by staff of any medication requiring a delivery method other than oral ingestion when both the medication and the procedure are prescribed by a practitioner and the delivery is under the supervision of a licensed nurse, provided that the staff member has completed any necessary training and that staff member voluntarily agrees to deliver the medication. No staff member, other than a health care professional, shall be required to administer medications that are administered by means other than oral ingestion.

Any staff member or volunteer who, in good faith, renders emergency care to a student is immune from civil liability for his/her/their acts or omissions in rendering such emergency care.

Any administrator or principal who authorizes an employee or volunteer to administer a nonprescription drug product or prescription drug to a student is immune from civil liability for the act of authorization unless it constitutes a high degree of negligence or the administrator or principal authorizes a person who has not received the required Department of Public Instruction training to administer the nonprescription drug product or prescription drug to a student. School nurses, as district employees, are regulated by the Wisconsin Nurse Practice Act and are therefore not necessarily immune from civil liability.

The school nurse providing services or consultation on the District's Emergency Nursing Services Plan has provided assistance in the development of this policy and will also provide a periodic review of the written instructions and consent forms and the Medications Administration Daily Log(s). The plan shall state whether and to what extent the District or individual schools will retain opioid antagonists for use in the event an authorized employee or volunteer observes an apparent overdose.

Epinephrine Auto-Injectors

The Board intends to adopt and maintain a plan for managing students with life-threatening allergies so as to permit each school to obtain a school prescription for epinephrine auto-injectors and to permit each school nurse and designated school personnel to administer them. Accordingly, the Board directs the school nursing staff in consultation with the District Administrator to develop a plan that meets the following:

- A. specifies those designated school personnel that have agreed to receive training and that will be trained and authorized to perform the functions of the plan;
- B. identifies the specific training program that will be implemented to prepare each school nurse and designated school personnel to identify the signs of anaphylaxis and to provide or administer epinephrine auto-injectors accordingly;
- C. delineates the permissible scope of usage to include providing District-owned epinephrine auto-injectors to students who have a prescription on file with the school in the event the student is experiencing an anaphylactic event and/or administering epinephrine auto-injectors to such students, and/or administering epinephrine auto-injector treatment to any student, regardless of whether the student has a prescription on file or the staff member so trained is not aware of whether the student has a prescription on file, but believes in good faith the student is suffering from anaphylaxis, provided that the staff member immediately contacts emergency medical services;
- D. identifies the number and type of epinephrine auto-injectors each school will keep on site and identifies a member of the nursing staff or other school official who will be responsible for maintaining the epinephrine auto-injectors supply;
- E. is approved by a physician licensed in the State of Wisconsin;
- F. notes that the school and any school nurse or designated school personnel that provide or administer epinephrine auto-injectors under this plan are immune from civil liability for any harm that may result, regardless of whether there is a parental or medical provider authorization, unless the administration was a result of gross negligence or willful or wanton misconduct;
- G. is published on the District's website

5340 - **STUDENT ACCIDENTS/ILLNESS/CONCUSSION & SUDDEN CARDIAC ARREST**

The Board believes that school personnel have certain responsibilities in case of accidents, illness or concussions that occur in school. Said responsibilities extend to the administration of first aid by persons trained to do so, summoning of medical assistance, notification of administration personnel, notification of parents, and the filing of accident reports.

Accidents

Employees should administer first aid within the limits of their knowledge of recommended practices. All employees should make an effort to increase their understanding of the proper steps to be taken in the event of an accident. However, any staff member or volunteer who, in good faith, renders emergency care to a student is immune from civil liability for their acts or omissions in rendering such emergency care.

The administrator in charge must submit an accident report to the school office on all accidents.

Illness

School personnel shall not diagnose illness or administer medication of any kind except in accordance with Policy 5330.

Concussion

A concussion is a type of traumatic brain injury. Concussions occur when there is a forceful blow to the head or body that results in rapid movement of the head and causes any change in behavior, thinking, or physical functioning. Concussions are not limited to situations involving loss of consciousness. Some symptoms of a concussion include headache, nausea, confusion, memory difficulties, dizziness, blurred vision, anxiety, difficulty concentrating, and difficulty sleeping.

At the beginning of a season of any athletic sport, the Athletic Director shall distribute a concussion and head injury information sheet to each coach and to each student participant. No student will be permitted to participate in any athletic activity unless that student, or if the student is under age nineteen (19) his/her parent, has returned a signed concussion and head injury information sheet. A student is only required to return one (1) signed sheet per school year in order to participate in athletics.

A coach shall remove from competition or practice any student that the coach determines is exhibiting signs, symptoms, or behavior consistent with a concussion or head injury or who the coach suspects has sustained a concussion or head injury. Any student removed from participation under this section may not return to participation until a written release to participate from a health care professional is provided.

Parents who inform coaches or other school officials that their child is being treated by a healthcare professional for a concussion must provide written clearance from that healthcare professional for full or limited participation in class, practice, activity, or competition. Prior to receiving written clearance from a healthcare professional, students who have sustained a concussion may not

participate in any school-related physical activities.

Parents shall be notified about the possible concussion and given information on concussions and the need for medical attention.

Sudden Cardiac Arrest

Sudden cardiac arrest is a medical event that involves a sudden increase in the heart's ventricular beat that prevents the heart from distributing blood to the brain, lungs, and other organs. It occurs without warning and in youth athletics participants who appear healthy and have passed pre-participation physical examinations. Severe damage and death can occur very quickly without immediate treatment.

In an effort to educate parents, students, and coaches regarding this condition, information regarding sudden cardiac arrest shall be included along with distribution of the required information concerning concussions and shall be distributed to all participants age twelve (12) and older and to coaches prior to participation on youth athletic activity. The information shall contain the following information as provided by the Wisconsin Department of Public Instruction:

- A. information about the risks associated continuing to participate in a youth activity after experiencing one (1) or more symptoms of sudden cardiac arrest, including fainting, difficulty breathing, chest pains, dizziness, and abnormal racing heart rate;
- B. information about electrocardiogram testing, including the potential risks, benefits, and evidentiary basis behind electrocardiogram testing; and
- C. information how to request, from a student's health care provider, the administration of an electrocardiogram in addition to a comprehensive physical examination.

The District shall provide the information regarding sudden cardiac arrest developed by the Department of Public Instruction and the Wisconsin Interscholastic Athletic Association.

Revised Bylaw - Vol. 32, No. 2

0143.1 - PUBLIC EXPRESSION OF BOARD MEMBERS

The Board President functions as the official spokesperson for the Board.

From time-to-time, however, individual Board members make public statements, or statements to individuals, on school matters:

- A. to local media;
- B. on social media;
- C. to members of the community;
- D. to local officials and/or State officials.

Sometimes the public statements, or statements to individuals, by Board members imply, or the readers (listeners) infer, that the opinions expressed or statements made are the official positions of the Board. The misunderstandings that can result from these incidents may cause issues for the member, the Board, as well as the District. Therefore, Board members should, when writing or speaking on school matters on social media, to the media, members of the community, legislators, and other officials, make it clear that their views do not necessarily reflect the views of the Board or of their colleagues on the Board.

This bylaw shall apply to all statements and/or writings by individual Board members not explicitly sanctioned by a majority of its members, except as follows:

- A. correspondence, such as legislative proposals, when the Board member has received official guidance from the Board on the matters discussed in the letter
- B. routine, not for publication, correspondence of the District Administrator and other Board employees
- C. routine "thank you" letters of the Board
- D. statements by Board members on ~~non-school~~ non-school matters (providing the statements do not identify the author as a member of the Board)
- E. personal statements not intended for publication

0164 - MEETINGS

Regular Meetings

The Board shall hold a meeting at least once each month on a date and at a time and place determined annually by a resolution of the Board.

Change of Regular Meetings

If the Board adopts a resolution changing the date, time, or place of a regularly-scheduled meeting, the meeting notice shall state the date, time, place, and subject matter of the rescheduled meeting, as well as the name and address of the District. Said notice shall be posted at the school office and at such places as the Board may determine. Meeting notices of scheduled Board meetings shall be posted in accordance with State law. (see also Policy 0166 - Agenda)

Special Meetings

A special meeting of the Board shall be held upon the written request of any Board member provided there is compliance with the following notice provisions and State law.

The School District Clerk or, in the School District Clerk's absence, the President shall fix a reasonable date, time, and place for the meeting. The School District Clerk or, in the School District Clerk's absence, the President shall notify each Board member of the date, time, and place of the meeting, in a manner likely to give the Board member notice of the meeting, at least twenty-four (24) hours before the meeting. If the School District Clerk or, in the School District Clerk's absence, the President determines that providing notice at least twenty-four (24) hours before a special Board meeting is, for good cause, shown by the School District Clerk or President, impossible or impractical, the School District Clerk or President may notify each Board member of the date, time, and place of the meeting less than twenty-four (24) hours, but not less than two (2) hours, before the meeting. A notice of any special meeting shall be posted at least twenty-four (24) hours before said special meeting at the District office and such other places as the Board may determine unless, for good cause, such notice is impossible or impracticable, but in no case may the notice be less than two (2) hours in advance of the meeting.

A special meeting may be held without prior notice if all Board members are present and consent, or if each member consents in writing even if the Board member does not attend, provided appropriate notice is provided as defined under Chapter 19.

The District Administrator and those administrators directed by the District Administrator shall attend all meetings, when feasible. Administrative participation shall be by professional counsel, guidance, and recommendation - as distinct from deliberation, debate, and voting of Board members.

Notice of Meetings

Public notice of all Board meetings, shall be given pursuant to statute. Such notice shall be given, without cost, to any news media which submits a written request for meeting notices and to a news medium likely to give notice in the District's geographic area. In addition, such notice shall be made public in at least one (1) of the following ways:

- A. posting the notice in at least three (3) public places likely to give notice to persons affected;
- B. posting the notice in at least one (1) public place likely to give notice to persons affected and on the governmental body's website; or

C. by paid publication in a news medium likely to give notice to persons affected.

The notice shall list the date, time, place, and subject matter of each regularly scheduled meeting of the Board, including subjects intended for the consideration at any closed session, in the form which is reasonably likely to inform members of the public and the news media. To assure that notice of a meeting is specific enough to apprise the public of the purpose of the meeting, the following factors shall be considered: (1) the time and effort required to provide detailed notice; (2) the level of public interest in the particular subject; and (3) whether the meeting will involve routine or novel issues. The notice shall contain the name and address of the District and its telephone number. The notice shall be given at least twenty-four (24) hours prior to the meeting unless for good cause such notice is impossible or impractical, but in no case may the notice be less than two (2) hours in advance of the meeting.

The notice shall also contain the following statement:

"Upon request to the District Office, submitted twenty-four (24) hours in advance, the District shall make reasonable accommodation including the provision of informational material in an alternative format for a disabled person to be able to attend this meeting."

Cancellation of Meetings

If a regularly scheduled and legally noticed meeting needs to be canceled (e.g., inclement weather, electrical outage, broken water pipe, lack of quorum, etc.), the Board President or designee shall have the authority to cancel or reschedule the meeting. To the extent practical, a notice of cancellation should be provided, similar to the notice of the meeting.

Virtual Participation in Meetings

Unless otherwise determined by the Board or due to an order by an authorized authority preventing in-person attendance at a meeting, Board members are expected to attend meetings in person at the location set by the Board for the meeting. A Board member may attend virtually in instances where a member is unable to attend in person due to a scheduled absence from the District or due to a physical restriction preventing attendance. The Board member is responsible for making advance arrangements with the District administration to facilitate participation in the meeting.

Any Board member attending a meeting remotely may vote in accordance with Bylaw 0167.1 – Voting.

Board members are not provided with technology to facilitate remote Board attendance unless the Board authorizes such expenditure.

Any Board member attending a meeting or who intended to attend a meeting remotely but is unable to attend or unable to maintain attendance due to technological complications, such as a poor connection or other equipment failures, will be considered absent for all or part of the meeting. The meeting may continue in the member's absence provided that a quorum is still present.

To more adequately safeguard students and staff members, the Board requires an inquiry into the background of each applicant the District Administrator recommends for employment on the District's administrative staff. Any contracts with outsourced services, employment agencies, or temporary services must require such providers to conduct and retain a criminal history record check of individuals providing service to the District.

Such an inquiry shall also be made for substitutes who may be employed by the District and for volunteers assisting District staff.

The District Administrator shall establish the necessary procedures for obtaining any criminal history on the applicant.

Should it be necessary to employ a person in order to maintain continuity of the program prior to receipt of the report, the District Administrator may employ the person on a provisional basis until the report is received.

All information and records obtained from such inquiries are to be considered confidential and shall not be released or disseminated to those not directly involved in evaluating the applicant's qualifications.

~~1623—SECTION 504/ADA PROHIBITION AGAINST DISABILITY DISCRIMINATION IN EMPLOYMENT~~

~~The Board prohibits discrimination against any employee or applicant based upon his/her disability. As such, the Board will not engage in employment practices or adopt policies that discriminate on the basis of disability, or otherwise discriminate against qualified individuals with disabilities in regard to job application procedures, the hiring, advancement or discharge of employees, employee compensation, job training, or other terms, conditions and privileges of employment. The Board further will not limit, segregate or classify applicants or employees in any way that adversely affects their opportunities or status because of disability. Additionally, the Board will not participate in any contractual or other relationships that have the effect of subjecting qualified individuals with disabilities who are applicants or employees to discrimination on the basis of disability.~~

~~Notice of the Board's policy on nondiscrimination in employment practices and the identity of the School District's Compliance Officer(s) (see below) will be published on the District's website, posted throughout the District, and included in the District's recruitment statements or general information publications.~~

Definitions

Words used in this policy shall have those meanings defined herein; words not defined herein shall be construed according to their plain and ordinary meanings.

Complainant: is the individual who alleges or is alleged to have been subjected to discrimination/retaliation, regardless of whether the person files a formal complaint or is pursuing an informal resolution to the alleged discrimination/retaliation.

Day(s): Unless expressly stated otherwise, the term "day" or "days" as used in this policy means business day(s) (i.e., a day(s) that the District office is open for normal operating hours, Monday — Friday, excluding State-recognized holidays).

Respondent: is the individual who is alleged to have engaged in discrimination/retaliation, regardless of whether the Complainant files a formal complaint or is seeking an informal resolution to the alleged discrimination/retaliation.

District community: means students, District employees (i.e., administrators, and professional and support staff), and Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

Third Parties: include but are not limited to guests and/or visitors on District property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with or seeking to do business with the Board, and other individuals who come in contact with members of the District community at school-related events/activities (whether on or off District property).

An individual with a disability means a person who has, has a record of, or is regarded as having, a physical or mental impairment that substantially limits one or more major life activities.

Major Life Activities

Major life activities are functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, eating, sleeping, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, sitting, reaching, interacting with others, and working.

Major life activities also include the operation of a major bodily function, including, but not limited to, functions of the immune system, special sense organs and skin, normal cell growth, and digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, hemic, lymphatic, musculoskeletal and reproductive functions. The operation of a major bodily function includes the operation of an individual organ within a body system.

Impairment That Substantially Limits a Major Life Activity

The determination of whether an impairment substantially limits a major life activity must be made without regard to the ameliorative effects of mitigating measures such as medication, medical supplies, equipment or appliances, low-vision devices (defined as devices that magnify, enhance, or otherwise augment a visual image, but not including ordinary eyeglasses or contact lenses), prosthetics (including limbs and devices), hearing aid(s) and cochlear implant(s) or other implantable hearing devices, mobility devices, oxygen therapy equipment or supplies, use of assistive technology, reasonable accommodations or "auxiliary aids or services," learned behavioral or adaptive neurological modifications, psychotherapy, behavioral therapy, or physical therapy.

An impairment that is episodic in nature or in remission is considered a disability if it would substantially limit a major life activity when active.

Qualified Individual with a Disability

A qualified individual with a disability means the individual satisfies the requisite skill, experience, education and other job-related requirements of the employment position the individual holds or desires and can perform the essential functions of the job in question, with or without reasonable accommodation.

Reasonable Accommodation

The Board will provide a reasonable accommodation to a qualified individual who has an actual disability or who has a record of a disability unless the accommodation would impose an undue hardship on the operation of the Board's program and/or activities. A reasonable accommodation is not required for an individual who is merely regarded as having a disability.

Facilities

No qualified person with a disability will be denied the benefits of, excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which Section 504/American with Disabilities Act (ADA) applies because the District's facilities are inaccessible to or unusable by persons with disabilities.

For facilities constructed or altered after June 3, 1977, the District will comply with applicable accessibility standards. For those existing facilities constructed prior to June 3, 1977, the District is committed to operating its programs and activities so that they are readily accessible to persons with disabilities.

District Compliance Officers

The Board designates the following individual(s) to serve as the District's 504 CO(s)/ADA Coordinator(s) (hereinafter referred to as the "COs").

Jen Talarczyk
Director of Student Services
1701 2nd Street
New Glarus, WI 53574
608-527-2410

Nita Duerst
Director of Human Resources
1701 2nd Street
New Glarus, WI 53574
608-527-2410

Anthony Edge
Assistant Principal & Curriculum Director
1701 2nd Street
New Glarus, WI 53574
608-527-2410

The names, titles, and contact information of these individuals will be published annually on the School District's website.

The COs are responsible for coordinating the District's efforts to comply with applicable Federal and State laws and regulations, including the District's duty to address in a prompt and equitable manner any inquiries or complaints regarding discrimination/retaliation or denial of equal access. The COs also shall verify that proper notice of nondiscrimination for Title II of the Americans with Disabilities Act (as amended), Title VI and Title VII of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973 (as amended), and the Age Discrimination in Employment Act of 1975 is provided to staff members and the general public. A copy of each of the Acts and regulations on which this notice is based will be made available upon request from the CO.

The COs will oversee the investigation of any complaints of discrimination based on disability, which may be filed pursuant to the Board's adopted internal complaint procedure, and will attempt to resolve such complaints. Any complaint received regarding the District Administrator or a Board member shall be referred to the Board's legal counsel, who shall assume the role of the CO for such complaints. Additionally, if the complaint is regarding a CO, the complaint shall be reported to the District Administrator, who shall coordinate with the other appointed/designated CO, or, if appropriate appoint/designate another individual to serve as CO for the complaint regarding a CO.

The Board will provide for the prompt and equitable resolution of complaints alleging violations of Section 504/ADA. (See Complaint Procedure below.)

Complaint Procedures

If a person believes that s/he has been discriminated against on the basis of his/her disability, the person may utilize the following complaint procedures as a means of reaching, at the lowest possible administrative level, a prompt and equitable resolution of the matter.

In accordance with Section 504 of the Rehabilitation Act of 1973 and its implementing regulations ("Section 504"), employees will be notified of their right to file an internal complaint regarding an alleged violation, misinterpretation, or misapplication of Section 504. In addition, employees will be notified of their right to file a complaint with the U.S. Department of Education's Office for Civil Rights.

Internal complaints must be put in writing and must identify the specific circumstances or areas of dispute that have given rise to the complaint, and offer possible solutions to the dispute. The complaint must be filed with COs within the time limits specified below. The COs are available to assist individuals in filing a complaint.

Internal Complaint Procedure

The following internal complaint procedure is available to employees for the prompt and equitable resolution of complaints alleging discrimination based upon disability. Use of the internal complaint procedure is not a prerequisite to the pursuit of other remedies, including the filing of a complaint with the U.S. Department of Education's Office for Civil Rights.

- A. An employee with a complaint based on alleged discrimination on the basis of disability may first discuss the problem with the CO.
- B. If the informal discussion does not resolve the matter, or if the employee skips Step A, the individual may file a formal written complaint with the CO. The written complaint must contain the name and address of the individual or representative filing the complaint, be signed by the Complainant or someone authorized to sign for the Complainant, describe the alleged discriminatory action in sufficient detail to inform the CO of the nature and date of the alleged violation and propose a resolution. The complaint must be filed within thirty (30) days of the circumstances or event giving rise to the complaint unless the time for filing is extended by the CO for good cause.
- C. The CO will conduct an independent investigation of the matter (which may or may not include a hearing). This complaint procedure contemplates informal, but thorough investigations, affording all interested persons and their representatives, if any, an opportunity to present witnesses and other evidence relevant to the complaint. The CO will provide the Complainant with a written disposition of the complaint within ten (10) days. If no decision is rendered within ten (10) business days, or the decision is unsatisfactory in the opinion of the Complainant, the employee may file, in writing, an appeal with the District Administrator. The CO shall maintain the District's files and records relating to the complaint.
- D. The District Administrator will, within ten (10) days of receiving the written appeal, conduct a hearing with all parties involved in an attempt to resolve the complaint.

The District Administrator will render his/her decision within ten (10) days of the hearing.

- E. The employee may be represented, at his/her own cost, at any of the above-described meetings/hearings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights or the filing of a court case. Use of this internal complaint procedure is not a prerequisite to the pursuit of other remedies.

If it is determined that the Complainant was subjected to discrimination, the CO must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, effective, and tailored to the specific situation.

OCR Complaint

At any time, if an employee believes that s/he has been subjected to discrimination based upon his/her disability in violation of Section 504 or the ADA, the individual may file a complaint with the U.S. Department of Education's Office for Civil Rights ("OCR"). The OCR can be reached at:

Privacy/Confidentiality

The District will employ all reasonable efforts to protect the rights of the Complainant, the Respondent(s), and the witnesses as much as possible, consistent with the District's legal obligations to investigate, take appropriate action, and conform with any discovery or disclosure obligations.

All records generated under the terms of this policy shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the CO or designee will instruct each person who is interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of an investigation is expected not to disclose to third parties any information that is learned or provided during the course of the investigation.

Remedial Action and Monitoring

If warranted, appropriate remedial action shall be determined and implemented on behalf of the Complainant, including but not limited to counseling services, reinstatement of leave taken due to the discrimination or other appropriate action.

The Board may appoint an individual, who may be a District employee, to follow up with the Complainant to ensure no further discrimination or retaliation has occurred and to take action to address any reported occurrences promptly.

Sanctions and Disciplinary Action

The Board shall vigorously enforce its prohibitions against discrimination by taking appropriate action reasonably calculated to stop and prevent further misconduct.

While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and any relevant codes of conduct.

When imposing discipline, the District Administrator shall consider the totality of the circumstances involved in the matter, including the age and maturity level of any student involved. In those cases where discrimination/retaliation is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies.

Where the Board becomes aware that a prior disciplinary action has been taken against the Respondent, all subsequent sanctions imposed by the Board and/or District Administrator shall be reasonably calculated to end such conduct, prevent its recurrence, and remedy its effect.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging discrimination/retaliation, or participates as a witness in an investigation, is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce, or interfere with any individual because the person opposed any act or practice made by Section 504 or the ADA, or because that individual made a report, formal complaint, testified, assisted or participated, or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in the imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of discriminatory practices. The District Administrator shall provide appropriate information to all members of the District community related to the implementation of this policy and shall provide training for District students and staff where appropriate. All training and information provided regarding the Board's policy and discrimination, in general, will be age and content appropriate.

Retention of Investigatory Records and Materials

The CO is responsible for overseeing the retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and

electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but are not limited to:

- A. all written reports/allegations/complaints/grievances/statements/responses pertaining to an alleged violation of this policy;
- B. any narratives that memorialize oral reports/allegations/complaints/grievances/statements/responses pertaining to an alleged violation of this policy;
- C. any documentation that memorializes the actions taken by District personnel or individuals contracted or appointed by the Board to fulfill its responsibilities related to the investigation and/or the District's response to the alleged violation of this policy;
- D. written witness statements;

- F. notes and summaries prepared contemporaneously by the investigator in whatever form made (e.g., handwritten, keyed into a computer or tablet, etc.), but not including transitory notes whose content is otherwise memorialized in other documents;
- G. written disciplinary sanctions issued to students or employees and other documentation that memorializes oral disciplinary sanctions issued to students or employees for violations of this policy;
 - dated written determinations/reports (including summaries of relevant exculpatory and inculpatory evidence) and other documentation that memorializes oral notifications to the parties concerning the outcome of the investigation, including any consequences imposed as a result of a violation of this policy;
- H. documentation of any supportive measures offered and/or provided to the Complainant and the Respondent, including no-contact orders issued to both parties, the dates the no-contact orders were issued, and the dates the parties acknowledged receipt of the no-contact orders;
- I. documentation of all actions taken, both individual and systemic, to stop the discrimination or harassment, prevent its recurrence, eliminate any hostile environment, and remedy its discriminatory effects;
- J. copies of the Board policy and procedures/guidelines used by the District to conduct the investigation and any documents used by the District at the time of the alleged violation to communicate the Board's expectations to students and staff with respect to the subject of this policy (e.g., Student Codes of Conduct and/or Employee Handbooks);
- K. copies of any documentation that memorializes any formal or informal resolutions to the alleged discrimination or harassment;
- L. documentation of any training provided to District personnel related to this policy including, but not limited to notification of the prohibitions and expectations of staff set forth in this policy and the role and responsibility of all District personnel involved in enforcing this policy, including their duty to report alleged violations of this policy and/or conduct an investigation of an alleged violation of this policy.

The documents, ESI, and electronic media (as defined in Policy 8315) retained may include public records and records exempt from disclosure under Federal (e.g., FERPA, ADA) and/or State law, such as student records and confidential medical records.

The documents, ESI, and electronic media (as defined in Policy 8315) created or received as part of an investigation shall be retained in accordance with Policy 8310, Policy 8315, Policy 8320, and Policy 8330 for not less than three (3) years and longer if required by the District's records retention schedule.

1630.01 - FAMILY & MEDICAL LEAVE OF ABSENCE ("FMLA")

Introduction

In accordance with Federal and State law, the Board will provide family and medical leave to administrative staff. The Board's Family and Medical Leave Act policy is intended to conform to and comply with, but not exceed, the requirements of the Federal Family and Medical Leave Act of 1993 ("FMLA") and the Wisconsin Family and Medical Leave Act ("WFMLA"). To the extent that this policy is ambiguous or conflicts with the FMLA or the WFMLA, the FMLA and the WFMLA will govern.

Family and medical leave taken under this policy may be covered by Federal law, State law, or both. When leave taken by a staff member under this policy is governed by both Federal and State law, the more generous provision will control in the event of a conflict. However, when leaves are governed by State or Federal law, but not both, the applicable law will control under this policy. In this regard, staff members should note that certain leaves may be covered by both State and Federal law for only a portion of the leave. To the extent permitted by law, leave under the FMLA, leave under the WFMLA and leave granted under the Board's other policies will run concurrently (at the same time).

Eligibility Requirements

To be eligible for leave under the FMLA, a staff member must have been employed by the Board for at least twelve (12) months in the past seven (7) years and must have worked at least 1,250 hours during the twelve (12) month period immediately preceding the commencement of the requested leave. ~~All full-time instructional staff members are deemed to meet the 1,250-hour requirement.~~

To be eligible for leave under the WFMLA, a staff member must have been employed for more than fifty-two (52) consecutive weeks and have worked or been paid for at least 1,000 hours in the preceding fifty-two (52) weeks. The kind and amount of leave available to the staff member under this policy, as well as the staff member's rights during leave, depend upon whether the staff member satisfies the above requirements.

Qualifying Reasons for Leave

The Board provides family and medical leave for eligible staff members under the following circumstances:

- A. for the birth of the eligible staff member's child and to care for a newborn child
- B. for placement with the eligible staff member of a child for adoption or foster care
- C. to care for an eligible staff member's spouse, child or parent with a "serious health condition"

The term "child" generally includes a legal ward or a biological, adopted foster or stepchild. For leaves governed exclusively by the FMLA, the term also includes a son or daughter for whom the staff member has assumed the day-to-day obligations of a parent. A child must be **either** under eighteen (18) years of age or unable to care for ~~himself/herself~~ ~~themselves~~ due to a physical or mental disability or, for leave under State law only, unable to care for ~~himself/herself~~ ~~themselves~~ due to a serious health condition.

"Parent" includes a staff member's spouse's legal guardian only if the staff member is requesting leave under the WFMLA.

"Spouse" includes a qualified domestic partner for leaves governed by the WFMLA. Domestic partnerships must be registered with the county of residence and proof of such registration may be requested prior to approval of leave. Unregistered domestic partners must demonstrate that they are 1) both over age eighteen (18); 2) not in a domestic partnership or

marriage with another individual; 3) they share a common residence; 4) they are not related in any way that would prohibit marriage under Wisconsin law; 5) they consider each other to be immediate family members and agree to be responsible for the other's living expense.

- D. because of a serious health condition that makes the eligible staff member unable to perform the essential functions of his/her the position
- E. because of a qualifying exigency resulting from active military service by the employee's spouse, son, daughter, or parent in covered active duty or call to covered active duty in the United States Armed Forces including the National Guard and Reserves

Qualifying exigencies, as defined by Federal regulations, include: 1) short-notice deployment; 2) military events and related activities; 3) childcare and school activities; 4) financial and legal arrangements; 5) counseling; 6) rest and recuperation; (maximum fifteen (15) calendar days); 7) post-deployment activities; 8) caring for a military member's parent who is incapable of self-care when the care is necessitated by the member's covered active duty; and 9) additional activities not encompassed in the other categories, but agreed to by the employer and employee. Covered active duty means deployment with the Armed Forces to a foreign country.

- F. to care for a service member who is the employee's parent, spouse, child or next of kin who, while on active military duty, sustains a serious injury or illness or aggravation of a pre-existing illness or injury while in the line of duty, while on covered active duty in the United States Armed Forces, including the National Guard and Reserves, in the line of duty which renders the service member medically unfit to perform the member's office, grade, rank, or rating

Covered active duty means deployment with the Armed Forces to a foreign country. This leave is also available to care for veterans of the United States Armed Forces, including the National Guard and Reserves, provided the veteran was a service member at any time within the five (5) years prior to the start of the treatment, recuperation or therapy. In accordance with applicable regulations, a veteran's serious injury or illness incurred or aggravated in the line of active duty can also be manifested by: 1) a physical or mental condition with a VA Service Disability Rating of 50% or greater and is the condition precipitating the need for leave; or 2) a physical or mental condition that substantially impairs the ability to secure or substantially follow a gainful occupation, or would do so absent treatment; or 3) an injury, including psychological, for which the veteran has been enrolled in the Dept. of V.A. Program of Comprehensive Assistance for Family Care Givers. Leave is available for up to twenty-six (26) weeks in a twelve (12) month period. This type of leave is available for serious injury or illness which results in:

1. inpatient medical treatment, recuperation or therapy;
2. outpatient services at a military treatment facility or assignment to a unit established for the purpose of providing command and control of service members receiving outpatient medical services; or
3. assignment to the temporary disability retired list.

The maximum twenty-six (26) weeks of Federal leave to care for a service member includes, and is not in addition to, all other FMLA leave. In other words, employees may not take more than a total of twenty-six (26) weeks of FMLA leave during a single twelve (12) month period for any qualifying reasons under the FMLA. For instance, if an employee takes the maximum twelve (12) weeks of Federal FMLA leave for his/her their own serious health condition, the employee may then only take fourteen (14) weeks of FMLA leave within that same twelve (12) month period to care for a military family member injured in the line of duty.

The District Administrator will determine whether an employee's request for leave qualifies under one (1) of the above categories.

Amount of Leave Available

Under the FMLA, if the staff member satisfies the eligibility requirements set forth above, s/he is entitled to a total of twelve (12) work weeks of leave in a calendar year for any of the reasons stated above, with the exception of leave to care for an injured service member, which is provided as described in (F) above.

Under the WFMLA, if the staff member satisfies the eligibility requirements set forth above, s/he the staff member is entitled to ten (10) work weeks of leave in a calendar year as follows:

- A. a total of six (6) weeks of leave for the birth of his/her the natural child and/or the placement of a child with the staff member for, or as a precondition to, adoption;
- B. a total of two (2) weeks of leave to care for a covered family member with a serious health condition; and
- C. a total of two (2) weeks of leave due to the staff member's serious health condition.

Board policy calls for concurrent Federal/State leave coverage whenever a staff member is eligible for leave under both the FMLA and WFMLA to the extent available under the law. All periods of absence from work due to or necessitated by USERRA-covered service is counted in determining an employee's eligibility for FMLA leave.

Definitions of Serious Health Conditions

In conjunction with the certification provided by a healthcare provider, the Board reserves the right to determine whether an illness, injury, impairment or physical or mental condition constitutes a serious health condition entitling a staff member to family or medical leave under State or Federal law.

In general, a "serious health condition" under this policy means an illness, injury, impairment, or physical or mental condition that involves one (1) of the following:

A. Hospital Care

Inpatient care (i.e., an overnight stay) in a hospital or other care facility, including any period of incapacity or subsequent treatment in connection with or consequent to such inpatient care.

B. Absence Plus Treatment

A period of incapacity of more than three (3) consecutive calendar days* (including any subsequent treatment or period of incapacity relating to the same condition), that also involves:

1. treatment two (2) or more times by a healthcare provider, a nurse, physician's assistant or physical therapist under a healthcare provider's supervision, order or referral as appropriate within thirty (30) days of the first date of incapacity; or
2. treatment by a healthcare provider on at least one (1) occasion which results in a regimen of continuing treatment under the supervision of the healthcare provider and occurs within seven (7) days of the first day of incapacity.

*Under the WFMLA, leave may also be available for a "serious health condition" of less than three (3) consecutive days in duration.

C. Pregnancy

Any period of incapacity due to pregnancy, or for prenatal care.

D. Chronic Conditions Requiring Treatment

A chronic condition which:

1. requires periodic visits of at least two (2) times per year for treatment by a healthcare provider, or by a nurse or physician's assistant under a healthcare provider's supervision;
2. continues over an extended period of time (including recurring episodes of a single underlying condition); and
3. may cause episodic rather than continuing periods of incapacity (e.g., asthma, diabetes, epilepsy, etc.).

E. Permanent/Long-Term Conditions Requiring Supervision

A period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective. The staff member or his/her family member must be under the continuing supervision of, but need not be receiving active treatment by, a healthcare provider (e.g., Alzheimer's disease, a severe stroke, or the terminal stages of a disease). The continued existence of such a chronic condition is subject to certification no more than once every six (6) months.

F. Multiple Treatments (Non-Chronic Conditions)

Any period of absence to receive multiple treatments (including any period of recovery therefrom) by a healthcare provider or by a provider of healthcare services under orders of, or on referral by, a healthcare provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three (3) consecutive calendar days in the absence of medical intervention or treatment, including: cancer (chemotherapy, radiation, etc.); severe arthritis (physical therapy); or kidney disease (dialysis).

Required Staff Member Notice

The staff member must provide the District Administrator with notice in a reasonable and practicable manner before leave taken under this policy is to begin, if the need for leave is foreseeable (e.g., an expected birth, placement or adoption or foster care, or planned medical treatment for the staff member's own serious health condition or that of a family member). When requesting partial or intermittent leave in connection with childbirth or adoption under the WFMLA, the staff member must provide at least as much notice as required for taking other non-emergency or non-medical leave, as well as a definite schedule for the leave. Where advance notice is not practical due to uncertainty as to when leave will be required to begin, a change in circumstances or medical emergency, notice must be given as soon as practical. Leave will be accounted for in increments no greater than the smallest increment used for other similar leaves, but in no event greater than one (1) hour increments. Leave entitlement will not be reduced by more than the amount of leave actually taken.

The staff member must provide a written request for leave, the reasons for the requested leave, and the anticipated beginning date and duration of the leave by submitting a FMLA leave request form to the District Administrator (forms available from the U.S. Department of Labor).

When planning medical treatment, the staff member should consult with his/her their supervisor and make a reasonable effort to schedule the leave so as not to disrupt unduly the District's operations, subject to the approval of the staff member's healthcare provider. The staff member is ordinarily expected to consult with his/her their supervisor in order to work out a treatment schedule which best suits his/her the staff member's needs, as well as the District's.

If a staff member must take more leave than originally anticipated, s/he the staff member must notify the District Administrator within two (2) business days of learning of the circumstances necessitating the extension.

Certification By Healthcare Provider

If a staff member requests leave due to his/her their own serious health condition or the serious health condition of his/her the staff member's spouse, child or parent, the Board requires that the leave request be supported by certification issued and signed by the healthcare provider for the individual with a serious health condition. For service member leave, any certification permitted under 29 C.F.R. 825.310 shall be allowed. The Board reserves the right to certify all information permitted by law.

The staff member must provide the fully completed certification to the District Administrator within fifteen (15) calendar days of the date that the certification is provided to the staff member, unless it is not practicable to do so despite the staff member's diligent, good faith efforts. If it is not practicable to return the certification within fifteen (15) calendar days, it must be returned to the District Administrator as soon as practicable.

If the staff member fails to submit the certification, the leave or continuation of leave may be delayed until the certification is submitted. Further, any absence prior to the date the certification is furnished may be considered unauthorized. A staff member who is absent without authorization may be disciplined, up to and including termination.

The District Administrator will give a staff member a reasonable opportunity to cure any deficiency in a certification, but not fewer than seven (7) calendar days. It is the responsibility of the staff member or family member with a serious health condition to use a healthcare provider who will complete and furnish an accurate certification in a timely manner.

A member of the administration, other than the staff member's direct supervisor, may contact the healthcare provider to clarify illegible answers and to authenticate the certification. If the certification is incomplete or otherwise unclear, the administrator must request that the employee obtain updated or completed information from the healthcare provider and return it directly to the administrator.

If the District Administrator doubts the validity of a certification, the District Administrator may require, at the Board's expense, that the staff member obtain a second opinion from a Board-designated provider, not regularly employed by the Board. If the opinions of the staff member's and the Board's healthcare providers differ, a third, final and binding opinion may be obtained. The staff member must cooperate in obtaining a second or third opinion including facilitating the transfer of pertinent records to the subsequent healthcare providers.

The District Administrator may request re-certifications on a periodic basis as permitted by law.

Designation of Leave

In all circumstances, it is the responsibility of the District Administrator to designate leave, whether paid or unpaid, as FMLA leave and to give the staff member notice of the designation and his/her their rights and responsibilities under this policy.

The District Administrator will give the staff member the notice on each occasion that s/he the staff member notifies his/her their supervisor of the need for leave that may be FMLA-qualifying, including, but not limited to, when the staff member requests another type of leave for an FMLA-qualifying reason. In the case of intermittent or reduced schedule leave, only one notice will be provided unless the circumstances regarding the leave have changed.

Absent extenuating circumstances, the District Administrator will provide to the employee a "Designation Notice" stating whether a request for leave has been approved or denied within five (5) business days. At a minimum, the staff member will be verbally notified whether leave is being designated as FMLA leave within five (5) business days of the date the staff member provides information to the District Administrator sufficient to enable him/her the District Administrator to determine that the leave is being taken for an FMLA-qualifying reason.

The District Administrator will confirm the verbal notice with the written notice as soon as feasible, but no later than the first payday following the verbal notice (unless the payday is less than one (1) week after the verbal notice, in which case the notice must be no later than the subsequent payday).

Manner In Which Leave Can Be Taken

Leave available under this policy may be taken in full and, under certain circumstances, may also be taken intermittently or on a reduced leave schedule. Intermittent leave is leave taken in separate blocks of time due to a single qualifying reason. Reduced schedule leave is leave that reduces the usual number of working hours per day or week. The staff member must consult with his/her supervisor and make a reasonable effort to schedule intermittent or reduced schedule leave so it does not unduly disrupt the District's operations.

When leave is governed only by the FMLA intermittent or reduced ⁵⁵ schedule leave to be with the employee's newborn child, or after the placement of a child with the employee for adoption or foster care, requires the District's agreement, unless the intermittent or

reduced schedule leave is due to a serious health condition. Intermittent or reduced schedule leave due to a serious health condition must be medically necessary. Medically necessary means there must be a medical need for the leave and the leave can be best accommodated through an intermittent or reduced leave schedule, as certified by the healthcare provider in the Certification.

When leave is governed only by the FMLA, the District Administrator may offer a staff member a temporary transfer to another position for which ~~s/he~~the staff member is qualified with equivalent pay and benefits that better accommodates the intermittent or reduced schedule leave when the need for leave is foreseeable based on planned medical treatment or the staff member takes such leave for the birth of a child or for placement of a child for adoption or foster care. The staff member may reject this offer in which case there will be no adverse effect on the leave or entitlement to return to the same or similar position following leave. Any time spent by the staff member in an alternative position will not count against the employee's FMLA leave entitlement.

Instructional staff members (i.e. individuals whose principal function is to teach and instruct students in a class, a small group, or an individual setting) who request intermittent leave or a reduced-leave schedule governed only by the FMLA, which would exceed twenty percent (20%) of the total number of working days over the period of anticipated leave, must elect either to:

- A. take leave for a period or periods of a particular duration, not greater than the duration of the planned treatment; or
- B. transfer temporarily to an available alternative position offered by the District Administrator for which the instructional staff member is qualified, and that has equivalent pay and benefits and that better accommodates the recurring periods of leave than the staff member's regular position.

The District Administrator may require instructional staff members who take Federal leave near the end of an academic term to extend their leave through the end of the academic term if:

- A. the leave is commenced more than five (5) weeks from the end of the term but the employee intends to return during the final three (3) weeks of the term and the leave is longer than three (3) weeks in duration;
- B. the leave is commenced within five (5) weeks of the end of the term and the employee intends to return during the final two (2) weeks of the term and the leave period was at least two (2) weeks in duration; or
- C. the leave commences within three (3) weeks of the end of a term and the leave was at least five (5) working days in duration.

Staff members whose leave is extended at the end of an academic term under this section will be charged against their FMLA entitlement only the time that they required for purposes of their leave.

Coordinating Leaves - Substitution

Generally, leave taken under this policy is unpaid. However, for leave governed exclusively by the FMLA, the staff member may use the following leaves provided by the Board, if available:

- A. vacation or personal leave, if available, for any family or medical leave;
- B. accrued paid family leave (i.e., paid leave covering the particular circumstances for which the staff member is seeking leave), if available, for birth, adoption, or to care for a seriously ill family member; and
- C. accrued paid medical or sick leave, if available, to care for a seriously ill family member, or for the staff member's own serious health condition.

A staff member may not substitute paid leave for unpaid FMLA leave taken under this policy in any situation where the Board would not normally provide such paid leave.

For leaves governed by the WFMLA, a staff member may substitute paid or unpaid leave, which ~~s/he have~~the staff member has earned and accrued, for leave taken under this policy, if available. The Board reserves the right to deny substitution as permitted by law.

Any paid leave substituted for unpaid FMLA leave or WFMLA leave will decrease, in whole or in part, the staff member's FMLA and/or WFMLA leave entitlement.

Continuation of Benefits

A staff member will remain eligible for group health insurance benefits under the Board's group health plan during leave taken under this policy under the same conditions as coverage would have been provided if the staff member had been actively employed during the entire leave. However, the staff member has the option of choosing not to retain such coverage during family or medical leave.

During leave taken under this policy, the Board will continue to pay any portion of group health insurance premiums for coverage that it was responsible for paying immediately prior to the leave as required by law. The staff member will be responsible for paying ~~his/her~~their portion of health insurance premiums regardless of whether ~~his/her~~family and medical leave is paid or unpaid. It is the staff member's responsibility to make arrangements with the District Administrator for making premium payments for group health insurance during leaves.

To the extent permitted by law, the Board reserves the right to require the staff member to place up to eight (8) weeks of health

insurance premiums in escrow prior to leave, or to discontinue coverage if such premiums are received more than thirty (30) days late.

The staff member's entitlement to benefits other than group health benefits during a period of family or medical leave is determined by the Board's policy regarding provision of such benefits when a staff member is on other types of leave.

If a staff member fails to return to work or fails to remain at work for a period provided under the law, the District may recover its portion of the premiums paid for medical benefit coverage during the leave, unless the reason for the staff member's failure to return to work is due to the continuation of the serious health condition or the onset of a new serious health condition.

Accrual of Benefits

The use of leave under this policy will not result in the loss of any employment benefit that accrued prior to the start of the staff member's leave. A staff member will not continue to accrue seniority or any other employment benefit during leave taken under this policy, except that such benefit shall accrue if the staff member elects to use other leaves provided by the Board, and if such benefits would normally accrue during such leave.

Employment Restoration

A staff member will generally be reinstated to the same position ~~s/he~~they held when leave began or a position with equivalent pay, benefits, and other terms and conditions of employment, if such position remains available, and the staff member possesses the ability to perform the essential functions of the job satisfactorily, with or without any accommodation that may be required by the Americans With Disabilities Act of 1990. The staff member, however, has no greater right to reinstatement or benefits than if ~~s/he~~they had been actively employed during the leave. Further, if the staff member gives unequivocal notice of intent not to return to work, ~~s/he~~the staff member is not entitled to be reinstated.

A staff member who exceeds ~~his/her~~their FMLA/WFMLA leave, but remains off work under a non-FMLA/WFMLA leave policy, is not entitled to reinstatement to the same or a similar position under the FMLA/WFMLA; however, the staff member **may** be eligible to be reinstated under the non-FMLA/WFMLA leave policy.

A staff member who is able to return to work prior to the expiration of leave must notify ~~his/her~~their supervisor immediately. Upon such notice, the District Administrator will promptly reinstate the staff member to active employment, provided ~~s/he~~the staff member has the present skill and ability to perform the essential functions of ~~his/her~~their job satisfactorily with or without accommodation. However, the reinstatement need not occur until the third business day following the staff member's notification of ~~his/her~~their ability to return to work.

Fitness For Duty Certification

If leave is due to the staff member's serious health condition, ~~s/he~~they must present certification to return to work to ~~his/her~~their supervisor upon returning to work. The staff member's principal attending physician must complete the certification. The certification must indicate that the staff member has been released to return to work. It must also specify any physical or other limitation on the staff member's ability to perform regular or other duties and the duration of the limitations. No certification will be required when the staff member returns from intermittent leave, except as otherwise permitted or required by the Americans With Disabilities Act of 1990.

The certification will be limited to the particular health condition that caused the staff member's need for leave, except as otherwise permitted by the Americans With Disabilities Act of 1990. If the staff member is an "individual with a disability" within the meaning of the ADA, any fitness-for-duty physical examination or inquiry by the District will be job-related and consistent with business necessity.

Reinstatement may be delayed until the staff member submits the certification. Under such circumstances, if the staff member does not promptly provide a certification or qualify for another leave of absence, ~~s/he~~the staff member may be disciplined, up to and including termination.

With the staff member's permission, the Board's healthcare provider may contact the staff member's healthcare provider to clarify and authenticate the certification, but no additional information may be requested or required, and the staff member's return to work may not be delayed while the contact is being made. No second or third fitness for duty certification may be required.

Confidentiality

All medical information relating to leave, whether written or verbal, shall be kept confidential to the maximum extent possible. All medical documents including, but not limited to, medical certifications and return-to-work statements must be maintained in confidential, secure files separate from personnel files.

No Discrimination

Leave under this policy will not be used as a negative factor in employment actions, such as hiring, promotions, disciplinary actions or under attendance policies.

Miscellaneous

The District Administrator may designate another administrator to perform ~~his/her~~their duties under this policy.

A staff member who fraudulently obtains leave under this policy is not protected by this policy's job restoration or maintenance of health benefits provisions.

The District Administrator shall see that the policy is posted properly.

The District Administrator shall provide a copy of the policy upon the request of a staff member.

3121 - **CRIMINAL HISTORY RECORD CHECK AND EMPLOYEE SELF-REPORTING REQUIREMENTS**

Criminal History Record Check

To more adequately safeguard students and staff members, the Board of Education requires an inquiry into the background of each applicant the District Administrator recommends for employment on the District's professional staff. Any contracts with outsourced services, employment agencies or temporary services must require such providers to conduct and retain a criminal history record check of individuals providing service to the District.

Such an inquiry shall also be made for substitutes who may be employed by the District and for volunteers assisting District staff.

The District Administrator shall establish the necessary procedures for obtaining any criminal history on the applicant.

Should it be necessary to employ a person in order to maintain continuity of the program prior to receipt of the report, the District Administrator may employ the person on a provisional basis until the report is received.

All information and records obtained from such inquiries are to be considered confidential and shall not be released or disseminated to those not directly involved in evaluating the applicant's qualifications.

Employee Self-Reporting Requirement

All District employees shall notify the District Administrator as soon as possible, but no more than three (3) calendar days, after any arrest, indictment, conviction, no contest or guilty plea, or other adjudication of the employee for any criminal or municipal offense.

~~The requirement to report a conviction or deferred adjudication shall not apply to minor traffic offenses (e.g. non-moving violations, failure to yield, failure to obey a traffic signal, unattended vehicle, illegal parking). However, an offense of operating under the influence, revocation or suspension of license, and driving after revocation or suspension or any moving violation must be reported if the employee drives or operates a District vehicle or piece of mobile equipment or transports students or staff in any vehicle. Failure to report under this section may result in disciplinary action, up to and including termination. All employment decisions by the District based on such information must comply with Wisconsin's arrest and conviction discrimination law.~~

The requirement to report a conviction or deferred adjudication applies to major traffic offenses (e.g., operating under the influence of an intoxicant or other drug, reckless driving, operating after suspension/revocation, failure to report an accident, refusal to take a breath test). Minor traffic offenses (e.g., non-moving violations, speeding, failure to yield, failure to obey a traffic signal, unattended vehicle, illegal parking) do not need to be reported.

However, if an employee drives or operates a District vehicle or piece of mobile equipment or transports students or staff, other than the staff member's own family, in any vehicle they must report any traffic offense (not including parking tickets).

Failure to report under this section may result in disciplinary action, up to and including termination. All employment decisions by the District based on such information must comply with Wisconsin's arrest and conviction discrimination law.

~~3123—SECTION 504/ADA PROHIBITION AGAINST DISABILITY DISCRIMINATION IN EMPLOYMENT~~

~~The Board prohibits discrimination against any employee or applicant based upon his/her disability. As such, the Board will not engage in employment practices or adopt policies that discriminate on the basis of disability, or otherwise discriminate against qualified individuals with disabilities in regard to job application procedures, the hiring, advancement or discharge of employees, employee compensation, job training, or other terms, conditions and privileges of employment. The Board further will not limit, segregate or classify applicants or employees in any way that adversely affects their opportunities or status because of disability. Additionally, the Board will not participate in any contractual or other relationships that have the effect of subjecting qualified individuals with disabilities who are applicants or employees to discrimination on the basis of disability.~~

~~Notice of the Board's policy on nondiscrimination in employment practices and the identity of the School District's Compliance Officer(s) (see below) will be published on the District's website, posted throughout the District, and included in the District's recruitment statements or general information publications.~~

Definitions

Words used in this policy shall have those meanings defined herein; words not defined herein shall be construed according to their plain and ordinary meanings.

Complainant: is the individual who alleges or is alleged to have been subjected to discrimination/retaliation, regardless of whether the person files a formal complaint or is pursuing an informal resolution to the alleged discrimination/retaliation.

Day(s): Unless expressly stated otherwise, the term "day" or "days" as used in this policy means business day(s) (i.e., a day(s) that the District office is open for normal operating hours, Monday — Friday, excluding State-recognized holidays).

Respondent: is the individual who is alleged to have engaged in discrimination/retaliation, regardless of whether the Complainant files a formal complaint or is seeking an informal resolution to the alleged discrimination/retaliation.

District community: means students, District employees (i.e., administrators, and professional and support staff), and Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

Third Parties: include but are not limited to guests and/or visitors on District property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with or seeking to do business with the Board, and other individuals who come in contact with members of the District community at school-related events/activities (whether on or off District property).

An individual with a disability means a person who has, has a record of, or is regarded as having, a physical or mental impairment that substantially limits one or more major life activities.

Major Life Activities

Major life activities are functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, eating, sleeping, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, sitting, reaching, interacting with others, and working.

Major life activities also include the operation of a major bodily function, including, but not limited to, functions of the immune system, special sense organs and skin, normal cell growth, and digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, hemic, lymphatic, musculoskeletal and reproductive functions. The operation of a major bodily function includes the operation of an individual organ within a body system.

Impairment That Substantially Limits a Major Life Activity

The determination of whether an impairment substantially limits a major life activity must be made without regard to the ameliorative effects of mitigating measures such as medication, medical supplies, equipment or appliances, low-vision devices (defined as devices that magnify, enhance, or otherwise augment a visual image, but not including ordinary eyeglasses or contact lenses), prosthetics (including limbs and devices), hearing aid(s) and cochlear implant(s) or other implantable hearing devices, mobility devices, oxygen therapy equipment or supplies, use of assistive technology, reasonable accommodations or "auxiliary aids or services," learned behavioral or adaptive neurological modifications, psychotherapy, behavioral therapy, or physical therapy.

An impairment that is episodic in nature or in remission is considered a disability if it would substantially limit a major life activity when active.

Qualified Individual with a Disability

A qualified individual with a disability means the individual satisfies the requisite skill, experience, education and other job-related requirements of the employment position the individual holds or desires and can perform the essential functions of the job in question, with or without reasonable accommodation.

Reasonable Accommodation

The Board will provide a reasonable accommodation to a qualified individual who has an actual disability or who has a record of a disability unless the accommodation would impose an undue hardship on the operation of the Board's program and/or activities. A reasonable accommodation is not required for an individual who is merely regarded as having a disability.

Facilities

No qualified person with a disability will be denied the benefits of, excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which Section 504/American with Disabilities Act (ADA) applies because the District's facilities are inaccessible to or unusable by persons with disabilities.

For facilities constructed or altered after June 3, 1977, the District will comply with applicable accessibility standards. For those existing facilities constructed prior to June 3, 1977, the District is committed to operating its programs and activities so that they are readily accessible to persons with disabilities.

District Compliance Officers

The Board designates the following individual(s) to serve as the District's 504 CO(s)/ADA Coordinator(s) (hereinafter referred to as the "COs").

Jen Talarczyk
Director of Student Services
1701 2nd Street
New Glarus, WI 53574
608-527-2410

-
Nita Duerst
Director of Human Resources
1701 2nd Street
New Glarus, WI 53574
608-527-2410

-
Anthony Edge
Assistant Principal & Curriculum Director
1701 2nd Street
New Glarus, WI 53574
608-527-2410

The names, titles, and contact information of these individuals will be published annually on the School District's website.

The COs are responsible for coordinating the District's efforts to comply with applicable Federal and State laws and regulations, including the District's duty to address in a prompt and equitable manner any inquiries or complaints regarding discrimination/retaliation or denial of equal access. The COs also shall verify that proper notice of nondiscrimination for Title II of the Americans with Disabilities Act (as amended), Title VI and Title VII of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973 (as amended), and the Age Discrimination in Employment Act of 1975 is provided to staff members and the general public. A copy of each of the Acts and regulations on which this notice is based will be made available upon request from the CO.

The COs will oversee the investigation of any complaints of discrimination based on disability, which may be filed pursuant to the Board's adopted internal complaint procedure, and will attempt to resolve such complaints. Any complaint received regarding the District Administrator or a Board member shall be referred to the Board's legal counsel, who shall assume the role of the CO for such complaints. Additionally, if the complaint is regarding a CO, the complaint shall be reported to the District Administrator, who shall coordinate with the other appointed/designated CO, or, if appropriate appoint/designate another individual to serve as CO for the complaint regarding a CO.

The Board will provide for the prompt and equitable resolution of complaints alleging violations of Section 504/ADA. (See Complaint Procedure below.)

Complaint Procedures

If a person believes that s/he has been discriminated against on the basis of his/her disability, the person may utilize the following complaint procedures as a means of reaching, at the lowest possible administrative level, a prompt and equitable resolution of the matter.

In accordance with Section 504 of the Rehabilitation Act of 1973 and its implementing regulations ("Section 504"), employees will be notified of their right to file an internal complaint regarding an alleged violation, misinterpretation, or misapplication of Section 504. In addition, employees will be notified of their right to file a complaint with the U.S. Department of Education's Office for Civil Rights.

Internal complaints must be put in writing and must identify the specific circumstances or areas of dispute that have given rise to the complaint, and offer possible solutions to the dispute. The complaint must be filed with COs within the time limits specified below. The COs are available to assist individuals in filing a complaint.

Internal Complaint Procedure

The following internal complaint procedure is available to employees for the prompt and equitable resolution of complaints alleging discrimination based upon disability. Use of the internal complaint procedure is not a prerequisite to the pursuit of other remedies, including the filing of a complaint with the U.S. Department of Education's Office for Civil Rights.

- A. An employee with a complaint based on alleged discrimination on the basis of disability may first discuss the problem with the CO.
- B. If the informal discussion does not resolve the matter, or if the employee skips Step A, the individual may file a formal written complaint with the CO. The written complaint must contain the name and address of the individual or representative filing the complaint, be signed by the Complainant or someone authorized to sign for the Complainant, describe the alleged discriminatory action in sufficient detail to inform the CO of the nature and date of the alleged violation and propose a resolution. The complaint must be filed within thirty (30) days of the circumstances or event giving rise to the complaint unless the time for filing is extended by the CO for good cause.
- C. The CO will conduct an independent investigation of the matter (which may or may not include a hearing). This complaint procedure contemplates informal, but thorough investigations, affording all interested persons and their representatives, if any, an opportunity to present witnesses and other evidence relevant to the complaint. The CO will provide the Complainant with a written disposition of the complaint within ten (10) days. If no decision is rendered within ten (10) business days, or the decision is unsatisfactory in the opinion of the Complainant, the employee may file, in writing, an appeal with the District Administrator. The CO shall maintain the District's files and records relating to the complaint.
- D. The District Administrator will, within ten (10) days of receiving the written appeal, conduct a hearing with all parties involved in an attempt to resolve the complaint.

The District Administrator will render his/her decision within ten (10) days of the hearing.

- E. The employee may be represented, at his/her own cost, at any of the above-described meetings/hearings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights or the filing of a court case. Use of this internal complaint procedure is not a prerequisite to the pursuit of other remedies.

If it is determined that the Complainant was subjected to discrimination, the CO must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, effective, and tailored to the specific situation.

OCR Complaint

At any time, if an employee believes that s/he has been subjected to discrimination based upon his/her disability in violation of Section 504 or the ADA, the individual may file a complaint with the U.S. Department of Education's Office for Civil Rights ("OCR"). The OCR can be reached at:

U.S. Department of Education Office for Civil Rights Citigroup Center
500 W. Madison Street Suite 1475
Chicago, IL 60661

FAX: (312) 730-1576
TDD: (877) 521-2172
E-mail: OCR.Chicago@ed.gov

Privacy/Confidentiality

The District will employ all reasonable efforts to protect the rights of the Complainant, the Respondent(s), and the witnesses as much as possible, consistent with the District's legal obligations to investigate, take appropriate action, and conform with any discovery or disclosure obligations.

All records generated under the terms of this policy shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the CO or designee will instruct each person who is interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of an investigation is expected not to disclose to third parties any information that is learned or provided during the course of the investigation.

Remedial Action and Monitoring

If warranted, appropriate remedial action shall be determined and implemented on behalf of the Complainant, including but not limited to counseling services, reinstatement of leave taken due to the discrimination or other appropriate action.

The Board may appoint an individual, who may be a District employee, to follow up with the Complainant to ensure no further discrimination or retaliation has occurred and to take action to address any reported occurrences promptly.

Sanctions and Disciplinary Action

The Board shall vigorously enforce its prohibitions against discrimination by taking appropriate action reasonably calculated to stop and prevent further misconduct.

While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and any relevant codes of conduct.

When imposing discipline, the District Administrator shall consider the totality of the circumstances involved in the matter, including the age and maturity level of any student involved. In those cases where discrimination/retaliation is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies.

Where the Board becomes aware that a prior disciplinary action has been taken against the Respondent, all subsequent sanctions imposed by the Board and/or District Administrator shall be reasonably calculated to end such conduct, prevent its recurrence, and remedy its effect.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging discrimination/retaliation, or participates as a witness in an investigation, is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce, or interfere with any individual because the person opposed any act or practice made by Section 504 or the ADA, or because that individual made a report, formal complaint, testified, assisted or participated, or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in the imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of discriminatory practices. The District Administrator shall provide appropriate information to all members of the District community related to the implementation of this policy and shall provide training for District students and staff where appropriate. All training and information provided regarding the Board's policy and discrimination, in general, will be age and content appropriate.

Retention of Investigatory Records and Materials

The CO is responsible for overseeing the retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and

electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but are not limited to:

- ~~I. all written reports/allegations/complaints/grievances/statements/responses pertaining to an alleged violation of this policy;~~

- ~~I. written witness statements;~~
- ~~E. narratives, notes from, and audio, video, or digital recordings of witness interviews/statements;~~
- ~~e-mails, texts, and social media posts that directly relate to or constitute evidence pertaining to an alleged violation of this policy (i.e., not after-the-fact commentary about or media coverage of the incident);~~
- ~~C. notes and summaries prepared contemporaneously by the investigator in whatever form made (e.g., handwritten, keyed into a computer or tablet, etc.), but not including transitory notes whose content is otherwise memorialized in other documents;~~

- ~~dated written determinations/reports (including summaries of relevant exculpatory and inculpatory evidence) and other documentation that memorializes oral notifications to the parties concerning the outcome of the investigation, including any consequences imposed as a result of a violation of this policy;~~
- ~~. documentation of any supportive measures offered and/or provided to the Complainant and the Respondent, including no-contact orders issued to both parties, the dates the no-contact orders were issued, and the dates the parties acknowledged receipt of the no-contact orders;~~
- ~~I. documentation of all actions taken, both individual and systemic, to stop the discrimination or harassment, prevent its recurrence, eliminate any hostile environment, and remedy its discriminatory effects;~~
- ~~L. copies of the Board policy and procedures/guidelines used by the District to conduct the investigation and any documents used by the District at the time of the alleged violation to communicate the Board's expectations to students and staff with respect to the subject of this policy (e.g., Student Codes of Conduct and/or Employee Handbooks);~~

3139 - **STAFF DISCIPLINE**

The Board retains the right and the responsibility to manage the workforce. When the discipline of a staff member becomes necessary, such action shall be consistent with the requirements of any applicable Board policy, and State and Federal law. The District Administrator may issue discipline when ~~s/he deems~~ deemed appropriate; however, student performance on examinations may not form the basis for staff discipline. This policy does not cover decisions to terminate or nonrenew a staff member's employment or accepting a staff member's resignation (see Policy 3140 - Non-Renewal, Resignation, and Termination).

Investigation of Possible Criminal Activity

The District may be required to investigate potential wrongdoings on the part of its employees, and such wrongdoing in some cases may involve potential criminal conduct and/or co-occurring law enforcement investigation. Such investigations ~~may~~ still require that the employee truthfully answer questions relating to the activity, and refusal to answer may result in discipline up to and including termination. Employees required to respond to questions regarding potential criminal activity are permitted to do so without waiving any Constitutional rights against self-incrimination that may apply during the course of a criminal investigation. As appropriate, employees will be informed of this right, through what is often referred to as a "Garrity Warning". ~~Employees may be required to answer such questions. Failure to cooperate in an investigation may result in discipline, up to and including termination of the employee. In cases where this possible wrongdoing may involve criminal activity, the District shall inform~~ The Garrity Warning informs the employee that the employee is required to respond to questions posed during the investigation and that answers to questions relating to the employee's conduct may be used by the District for determining appropriate discipline, but will not be provided to law enforcement officials in the course of their independent criminal investigation, unless otherwise required by law. ~~Employees must also be informed that refusal to answer questions may be considered in determining discipline.~~

Staff may be disciplined for violations of Board policy or for other failures to meet the expectations and obligations of their position. No staff member may be subject to arbitrary or capricious disciplinary action that is otherwise in violation of law.

The District Administrator may issue discipline to staff members when ~~s/he deems~~ deemed appropriate. The level of discipline may range from oral reprimands to suspension ~~or termination~~ and may lead to termination consistent with Policy 3140 - Non-Renewal, Resignation, and Termination. ~~consistent with the process established for termination as set forth in Policy 3140.~~ The level of discipline shall be consistent with the seriousness of the offense as determined by the District Administrator.

Management efforts engaged to improve an employee's job performance or address specific performance concerns, including letters of direction, performance improvement plans, mandatory training, etc., are not disciplinary in nature and are not subject to this policy or to Policy 3340 - Grievance Procedure.

All instances of staff discipline are subject to the employee grievance procedure, set forth in Policy 3340.

3430.01 - FAMILY & MEDICAL LEAVE OF ABSENCE ("FMLA")

Introduction

In accordance with Federal and State law, the Board will provide family and medical leave to professional staff. The Board's Family and Medical Leave Act policy is intended to conform to and comply with, but not exceed, the requirements of the Federal Family and Medical Leave Act of 1993 ("FMLA") and the Wisconsin Family and Medical Leave Act ("WFMLA"). To the extent that this policy is ambiguous or conflicts with the FMLA or the WFMLA, the FMLA and the WFMLA will govern.

Family and medical leave taken under this policy may be covered by Federal law, State law, or both. When leave taken by a staff member under this policy is governed by both Federal and State law, the more generous provision will control in the event of a conflict. However, when leaves are governed by State or Federal law, but not both, the applicable law will control under this policy. In this regard, staff members should note that certain leaves may be covered by both State and Federal law for only a portion of the leave. To the extent permitted by law, leave under the FMLA, leave under the WFMLA and leave granted under the Board's other policies will run concurrently (at the same time).

Eligibility Requirements

To be eligible for leave under the FMLA, a staff member must have been employed by the Board for at least twelve (12) months in the past seven (7) years and must have worked at least 1,250 hours during the twelve (12) month period immediately preceding the commencement of the requested leave. ~~All full-time instructional staff members are deemed to meet the 1,250-hour requirement.~~

To be eligible for leave under the WFMLA, a staff member must have been employed for more than fifty-two (52) consecutive weeks and have worked or been paid for at least 1,000 hours in the preceding fifty-two (52) weeks. The kind and amount of leave available to the staff member under this policy, as well as the staff member's rights during leave, depend upon whether the staff member satisfies the above requirements.

Qualifying Reasons for Leave

The Board provides family and medical leave for eligible staff members under the following circumstances:

- A. for the birth of the eligible staff member's child and to care for a newborn child
- B. for placement with the eligible staff member of a child for adoption or foster care
- C. to care for an eligible staff member's spouse, child or parent with a "serious health condition"

The term "child" generally includes a legal ward or a biological, adopted foster or stepchild. For leaves governed exclusively by the FMLA, the term also includes a son or daughter for whom the staff member has assumed the day-to-day obligations of a parent. A child must be **either** under eighteen (18) years of age or unable to care for ~~himself/herself~~themselves due to a physical or mental disability or, for leave under State law only, unable to care for ~~himself/herself~~themselves due to a serious health condition.

"Parent" includes a staff member's spouse's legal guardian only if the staff member is requesting leave under the WFMLA.

"Spouse" includes a qualified domestic partner for leaves governed by the WFMLA. Domestic partnerships must be registered with the county of residence and proof of such registration may be requested prior to approval of leave. Unregistered domestic partners must demonstrate that they are 1) both over age eighteen (18); 2) not in a domestic partnership or

marriage with another individual; 3) they share a common residence; 4) they are not related in any way that would prohibit marriage under Wisconsin law; 5) they consider each other to be immediate family members and agree to be responsible for the other's living expense.

- D. because of a serious health condition that makes the eligible staff member unable to perform the essential functions of his/her the position
- E. because of a qualifying exigency resulting from active military service by the employee's spouse, son, daughter, or parent in covered active duty or call to covered active duty in the United States Armed Forces including the National Guard and Reserves

Qualifying exigencies, as defined by Federal regulations, include: 1) short-notice deployment; 2) military events and related activities; 3) childcare and school activities; 4) financial and legal arrangements; 5) counseling; 6) rest and recuperation; (maximum fifteen (15) calendar days); 7) post-deployment activities; 8) caring for a military member's parent who is incapable of self-care when the care is necessitated by the member's covered active duty; and 9) additional activities not encompassed in the other categories, but agreed to by the employer and employee. Covered active duty means deployment with the Armed Forces to a foreign country.

- F. to care for a service member who is the employee's parent, spouse, child or next of kin who, while on active military duty, sustains a serious injury or illness or aggravation of a pre-existing illness or injury while in the line of duty, while on covered active duty in the United States Armed Forces, including the National Guard and Reserves, in the line of duty which renders the service member medically unfit to perform the member's office, grade, rank, or rating

Covered active duty means deployment with the Armed Forces to a foreign country. This leave is also available to care for veterans of the United States Armed Forces, including the National Guard and Reserves, provided the veteran was a service member at any time within the five (5) years prior to the start of the treatment, recuperation or therapy. In accordance with applicable regulations, a veteran's serious injury or illness incurred or aggravated in the line of active duty can also be manifested by: 1) a physical or mental condition with a VA Service Disability Rating of 50% or greater and is the condition precipitating the need for leave; or 2) a physical or mental condition that substantially impairs the ability to secure or substantially follow a gainful occupation, or would do so absent treatment; or 3) an injury, including psychological, for which the veteran has been enrolled in the Dept. of V.A. Program of Comprehensive Assistance for Family Care Givers. Leave is available for up to twenty-six (26) weeks in a twelve (12) month period. This type of leave is available for serious injury or illness which results in:

1. inpatient medical treatment, recuperation or therapy;
2. outpatient services at a military treatment facility or assignment to a unit established for the purpose of providing command and control of service members receiving outpatient medical services; or
3. assignment to the temporary disability retired list.

The maximum twenty-six (26) weeks of Federal leave to care for a service member includes, and is not in addition to, all other FMLA leave. In other words, employees may not take more than a total of twenty-six (26) weeks of FMLA leave during a single twelve (12) month period for any qualifying reasons under the FMLA. For instance, if an employee takes the maximum twelve (12) weeks of Federal FMLA leave for his/her their own serious health condition, the employee may then only take fourteen (14) weeks of FMLA leave within that same twelve (12) month period to care for a military family member injured in the line of duty.

The District Administrator will determine whether an employee's request for leave qualifies under one (1) of the above categories.

Amount of Leave Available

Under the FMLA, if the staff member satisfies the eligibility requirements set forth above, s/he is entitled to a total of twelve (12) work weeks of leave in a calendar year for any of the reasons stated above, with the exception of leave to care for an injured service member, which is provided as described in (F) above.

Under the WFMLA, if the staff member satisfies the eligibility requirements set forth above, s/he the staff member is entitled to ten (10) work weeks of leave in a calendar year as follows:

- A. a total of six (6) weeks of leave for the birth of his/her the natural child and/or the placement of a child with the staff member for, or as a precondition to, adoption;
- B. a total of two (2) weeks of leave to care for a covered family member with a serious health condition; and
- C. a total of two (2) weeks of leave due to the staff member's serious health condition.

Board policy calls for concurrent Federal/State leave coverage whenever a staff member is eligible for leave under both the FMLA and WFMLA to the extent available under the law. All periods of absence from work due to or necessitated by USERRA-covered service is counted in determining an employee's eligibility for FMLA leave.

Definitions of Serious Health Conditions

In conjunction with the certification provided by a healthcare provider, the Board reserves the right to determine whether an illness, injury, impairment or physical or mental condition constitutes a serious health condition entitling a staff member to family or medical leave under State or Federal law.

In general, a "serious health condition" under this policy means an illness, injury, impairment, or physical or mental condition that involves one (1) of the following:

A. Hospital Care

Inpatient care (i.e., an overnight stay) in a hospital or other care facility, including any period of incapacity or subsequent treatment in connection with or consequent to such inpatient care.

B. Absence Plus Treatment

A period of incapacity of more than three (3) consecutive calendar days* (including any subsequent treatment or period of incapacity relating to the same condition), that also involves:

1. treatment two (2) or more times by a healthcare provider, a nurse, physician's assistant or physical therapist under a healthcare provider's supervision, order or referral as appropriate within thirty (30) days of the first date of incapacity; or
2. treatment by a healthcare provider on at least one (1) occasion which results in a regimen of continuing treatment under the supervision of the healthcare provider and occurs within seven (7) days of the first day of incapacity.

*Under the WFMLA, leave may also be available for a "serious health condition" of less than three (3) consecutive days in duration.

C. Pregnancy

Any period of incapacity due to pregnancy, or for prenatal care.

D. Chronic Conditions Requiring Treatment

A chronic condition which:

1. requires periodic visits of at least two (2) times per year for treatment by a healthcare provider, or by a nurse or physician's assistant under a healthcare provider's supervision;
2. continues over an extended period of time (including recurring episodes of a single underlying condition); and
3. may cause episodic rather than continuing periods of incapacity (e.g., asthma, diabetes, epilepsy, etc.).

E. Permanent/Long-Term Conditions Requiring Supervision

A period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective. The staff member or his/her family member must be under the continuing supervision of, but need not be receiving active treatment by, a healthcare provider (e.g., Alzheimer's disease, a severe stroke, or the terminal stages of a disease). The continued existence of such a chronic condition is subject to certification no more than once every six (6) months.

F. Multiple Treatments (Non-Chronic Conditions)

Any period of absence to receive multiple treatments (including any period of recovery therefrom) by a healthcare provider or by a provider of healthcare services under orders of, or on referral by, a healthcare provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three (3) consecutive calendar days in the absence of medical intervention or treatment, including: cancer (chemotherapy, radiation, etc.); severe arthritis (physical therapy); or kidney disease (dialysis).

Required Staff Member Notice

The staff member must provide the District Administrator with notice in a reasonable and practicable manner before leave taken under this policy is to begin, if the need for leave is foreseeable (e.g., an expected birth, placement or adoption or foster care, or planned medical treatment for the staff member's own serious health condition or that of a family member). When requesting partial or intermittent leave in connection with childbirth or adoption under the WFMLA, the staff member must provide at least as much notice as required for taking other non-emergency or non-medical leave, as well as a definite schedule for the leave. Where advance notice is not practical due to uncertainty as to when leave will be required to begin, a change in circumstances or medical emergency, notice must be given as soon as practical. Leave will be accounted for in increments no greater than the smallest increment used for other similar leaves, but in no event greater than one (1) hour increments. Leave entitlement will not be reduced by more than the amount of leave actually taken.

The staff member must provide a written request for leave, the reasons for the requested leave, and the anticipated beginning date and duration of the leave by submitting a FMLA leave request form to the District Administrator (forms available from the U.S. Department of Labor).

When planning medical treatment, the staff member should consult with his/her their supervisor and make a reasonable effort to schedule the leave so as not to disrupt unduly the District's operations, subject to the approval of the staff member's healthcare provider. The staff member is ordinarily expected to consult with his/her their supervisor in order to work out a treatment schedule which best suits his/her the staff member's needs, as well as the District's.

If a staff member must take more leave than originally anticipated, s/he the staff member must notify the District Administrator within two (2) business days of learning of the circumstances necessitating the extension.

Certification By Healthcare Provider

If a staff member requests leave due to his/her their own serious health condition or the serious health condition of his/her the staff member's spouse, child or parent, the Board requires that the leave request be supported by certification issued and signed by the healthcare provider for the individual with a serious health condition. For service member leave, any certification permitted under 29 C.F.R. 825.310 shall be allowed. The Board reserves the right to certify all information permitted by law.

The staff member must provide the fully completed certification to the District Administrator within fifteen (15) calendar days of the date that the certification is provided to the staff member, unless it is not practicable to do so despite the staff member's diligent, good faith efforts. If it is not practicable to return the certification within fifteen (15) calendar days, it must be returned to the District Administrator as soon as practicable.

If the staff member fails to submit the certification, the leave or continuation of leave may be delayed until the certification is submitted. Further, any absence prior to the date the certification is furnished may be considered unauthorized. A staff member who is absent without authorization may be disciplined, up to and including termination.

The District Administrator will give a staff member a reasonable opportunity to cure any deficiency in a certification, but not fewer than seven (7) calendar days. It is the responsibility of the staff member or family member with a serious health condition to use a healthcare provider who will complete and furnish an accurate certification in a timely manner.

A member of the administration, other than the staff member's direct supervisor, may contact the healthcare provider to clarify illegible answers and to authenticate the certification. If the certification is incomplete or otherwise unclear, the administrator must request that the employee obtain updated or completed information from the healthcare provider and return it directly to the administrator.

If the District Administrator doubts the validity of a certification, the District Administrator may require, at the Board's expense, that the staff member obtain a second opinion from a Board-designated provider, not regularly employed by the Board. If the opinions of the staff member's and the Board's healthcare providers differ, a third, final and binding opinion may be obtained. The staff member must cooperate in obtaining a second or third opinion including facilitating the transfer of pertinent records to the subsequent healthcare providers.

The District Administrator may request re-certifications on a periodic basis as permitted by law.

Designation of Leave

In all circumstances, it is the responsibility of the District Administrator to designate leave, whether paid or unpaid, as FMLA leave and to give the staff member notice of the designation and his/her their rights and responsibilities under this policy.

The District Administrator will give the staff member the notice on each occasion that s/he the staff member notifies his/her their supervisor of the need for leave that may be FMLA-qualifying, including, but not limited to, when the staff member requests another type of leave for an FMLA-qualifying reason. In the case of intermittent or reduced schedule leave, only one notice will be provided unless the circumstances regarding the leave have changed.

Absent extenuating circumstances, the District Administrator will provide to the employee a "Designation Notice" stating whether a request for leave has been approved or denied within five (5) business days. At a minimum, the staff member will be verbally notified whether leave is being designated as FMLA leave within five (5) business days of the date the staff member provides information to the District Administrator sufficient to enable him/her the District Administrator to determine that the leave is being taken for an FMLA-qualifying reason.

The District Administrator will confirm the verbal notice with the written notice as soon as feasible, but no later than the first payday following the verbal notice (unless the payday is less than one (1) week after the verbal notice, in which case the notice must be no later than the subsequent payday).

Manner In Which Leave Can Be Taken

Leave available under this policy may be taken in full and, under certain circumstances, may also be taken intermittently or on a reduced leave schedule. Intermittent leave is leave taken in separate blocks of time due to a single qualifying reason. Reduced schedule leave is leave that reduces the usual number of working hours per day or week. The staff member must consult with his/her supervisor and make a reasonable effort to schedule intermittent or reduced schedule leave so it does not unduly disrupt the District's operations.

When leave is governed only by the FMLA intermittent or reduced ⁷⁸ schedule leave to be with the employee's newborn child, or after the placement of a child with the employee for adoption or foster care, requires the District's agreement, unless the intermittent or

reduced schedule leave is due to a serious health condition. Intermittent or reduced schedule leave due to a serious health condition must be medically necessary. Medically necessary means there must be a medical need for the leave and the leave can be best accommodated through an intermittent or reduced leave schedule, as certified by the healthcare provider in the Certification.

When leave is governed only by the FMLA, the District Administrator may offer a staff member a temporary transfer to another position for which ~~s/he~~the staff member is qualified with equivalent pay and benefits that better accommodates the intermittent or reduced schedule leave when the need for leave is foreseeable based on planned medical treatment or the staff member takes such leave for the birth of a child or for placement of a child for adoption or foster care. The staff member may reject this offer in which case there will be no adverse effect on the leave or entitlement to return to the same or similar position following leave. Any time spent by the staff member in an alternative position will not count against the employee's FMLA leave entitlement.

Instructional staff members (i.e. individuals whose principal function is to teach and instruct students in a class, a small group, or an individual setting) who request intermittent leave or a reduced-leave schedule governed only by the FMLA, which would exceed twenty percent (20%) of the total number of working days over the period of anticipated leave, must elect either to:

- A. take leave for a period or periods of a particular duration, not greater than the duration of the planned treatment; or
- B. transfer temporarily to an available alternative position offered by the District Administrator for which the instructional staff member is qualified, and that has equivalent pay and benefits and that better accommodates the recurring periods of leave than the staff member's regular position.

The District Administrator may require instructional staff members who take Federal leave near the end of an academic term to extend their leave through the end of the academic term if:

- A. the leave is commenced more than five (5) weeks from the end of the term but the employee intends to return during the final three (3) weeks of the term and the leave is longer than three (3) weeks in duration;
- B. the leave is commenced within five (5) weeks of the end of the term and the employee intends to return during the final two (2) weeks of the term and the leave period was at least two (2) weeks in duration; or
- C. the leave commences within three (3) weeks of the end of a term and the leave was at least five (5) working days in duration.

Staff members whose leave is extended at the end of an academic term under this section will be charged against their FMLA entitlement only the time that they required for purposes of their leave.

Coordinating Leaves - Substitution

Generally, leave taken under this policy is unpaid. However, for leave governed exclusively by the FMLA, the staff member may use the following leaves provided by the Board, if available:

- A. vacation or personal leave, if available, for any family or medical leave;
- B. accrued paid family leave (i.e., paid leave covering the particular circumstances for which the staff member is seeking leave), if available, for birth, adoption, or to care for a seriously ill family member; and
- C. accrued paid medical or sick leave, if available, to care for a seriously ill family member, or for the staff member's own serious health condition.

A staff member may not substitute paid leave for unpaid FMLA leave taken under this policy in any situation where the Board would not normally provide such paid leave.

For leaves governed by the WFMLA, a staff member may substitute paid or unpaid leave, which ~~s/he~~the staff member has earned and accrued, for leave taken under this policy, if available. The Board reserves the right to deny substitution as permitted by law.

Any paid leave substituted for unpaid FMLA leave or WFMLA leave will decrease, in whole or in part, the staff member's FMLA and/or WFMLA leave entitlement.

Continuation of Benefits

A staff member will remain eligible for group health insurance benefits under the Board's group health plan during leave taken under this policy under the same conditions as coverage would have been provided if the staff member had been actively employed during the entire leave. However, the staff member has the option of choosing not to retain such coverage during family or medical leave.

During leave taken under this policy, the Board will continue to pay any portion of group health insurance premiums for coverage that it was responsible for paying immediately prior to the leave as required by law. The staff member will be responsible for paying ~~his/her~~their portion of health insurance premiums regardless of whether ~~his/her~~family and medical leave is paid or unpaid. It is the staff member's responsibility to make arrangements with the District Administrator for making premium payments for group health insurance during leaves.

To the extent permitted by law, the Board reserves the right to require the staff member to place up to eight (8) weeks of health

insurance premiums in escrow prior to leave, or to discontinue coverage if such premiums are received more than thirty (30) days late.

The staff member's entitlement to benefits other than group health benefits during a period of family or medical leave is determined by the Board's policy regarding provision of such benefits when a staff member is on other types of leave.

If a staff member fails to return to work or fails to remain at work for a period provided under the law, the District may recover its portion of the premiums paid for medical benefit coverage during the leave, unless the reason for the staff member's failure to return to work is due to the continuation of the serious health condition or the onset of a new serious health condition.

Accrual of Benefits

The use of leave under this policy will not result in the loss of any employment benefit that accrued prior to the start of the staff member's leave. A staff member will not continue to accrue seniority or any other employment benefit during leave taken under this policy, except that such benefit shall accrue if the staff member elects to use other leaves provided by the Board, and if such benefits would normally accrue during such leave.

Employment Restoration

A staff member will generally be reinstated to the same position ~~s/he~~they held when leave began or a position with equivalent pay, benefits, and other terms and conditions of employment, if such position remains available, and the staff member possesses the ability to perform the essential functions of the job satisfactorily, with or without any accommodation that may be required by the Americans With Disabilities Act of 1990. The staff member, however, has no greater right to reinstatement or benefits than if ~~s/he~~they had been actively employed during the leave. Further, if the staff member gives unequivocal notice of intent not to return to work, ~~s/he~~the staff member is not entitled to be reinstated.

A staff member who exceeds ~~his/her~~their FMLA/WFMLA leave, but remains off work under a non-FMLA/WFMLA leave policy, is not entitled to reinstatement to the same or a similar position under the FMLA/WFMLA; however, the staff member **may** be eligible to be reinstated under the non-FMLA/WFMLA leave policy.

A staff member who is able to return to work prior to the expiration of leave must notify ~~his/her~~their supervisor immediately. Upon such notice, the District Administrator will promptly reinstate the staff member to active employment, provided ~~s/he~~the staff member has the present skill and ability to perform the essential functions of ~~his/her~~their job satisfactorily with or without accommodation. However, the reinstatement need not occur until the third business day following the staff member's notification of ~~his/her~~their ability to return to work.

Fitness For Duty Certification

If leave is due to the staff member's serious health condition, ~~s/he~~they must present certification to return to work to ~~his/her~~their supervisor upon returning to work. The staff member's principal attending physician must complete the certification. The certification must indicate that the staff member has been released to return to work. It must also specify any physical or other limitation on the staff member's ability to perform regular or other duties and the duration of the limitations. No certification will be required when the staff member returns from intermittent leave, except as otherwise permitted or required by the Americans With Disabilities Act of 1990.

The certification will be limited to the particular health condition that caused the staff member's need for leave, except as otherwise permitted by the Americans With Disabilities Act of 1990. If the staff member is an "individual with a disability" within the meaning of the ADA, any fitness-for-duty physical examination or inquiry by the District will be job-related and consistent with business necessity.

Reinstatement may be delayed until the staff member submits the certification. Under such circumstances, if the staff member does not promptly provide a certification or qualify for another leave of absence, ~~s/he~~the staff member may be disciplined, up to and including termination.

With the staff member's permission, the Board's healthcare provider may contact the staff member's healthcare provider to clarify and authenticate the certification, but no additional information may be requested or required, and the staff member's return to work may not be delayed while the contact is being made. No second or third fitness for duty certification may be required.

Confidentiality

All medical information relating to leave, whether written or verbal, shall be kept confidential to the maximum extent possible. All medical documents including, but not limited to, medical certifications and return-to-work statements must be maintained in confidential, secure files separate from personnel files.

No Discrimination

Leave under this policy will not be used as a negative factor in employment actions, such as hiring, promotions, disciplinary actions or under attendance policies.

Miscellaneous

The District Administrator may designate another administrator to perform ~~his/her~~their duties under this policy.

A staff member who fraudulently obtains leave under this policy is not protected by this policy's job restoration or maintenance of health benefits provisions.

The District Administrator shall see that the policy is posted properly.

The District Administrator shall provide a copy of the policy upon the request of a staff member.

4121 - **CRIMINAL HISTORY RECORD CHECK AND EMPLOYEE SELF-REPORTING REQUIREMENTS**

Criminal History Record Check

To more adequately safeguard students and staff members, the Board of Education requires an inquiry into the background of each applicant the District Administrator recommends for employment on the District's support staff. Any contracts with outsourced services, employment agencies or temporary services must require such providers to conduct and retain a criminal history record check of individuals providing service to the District.

Such an inquiry shall also be made for substitutes who may be employed by the District and for volunteers assisting District staff.

The District Administrator shall establish the necessary procedures for obtaining any criminal history on the applicant.

Should it be necessary to employ a person in order to maintain continuity of the program prior to receipt of the report, the District Administrator may employ the person on a provisional basis until the report is received.

All information and records obtained from such inquiries are to be considered confidential and shall not be released or disseminated to those not directly involved in evaluating the applicant's qualifications.

Employee Self-Reporting Requirement

All District employees shall notify the District Administrator as soon as possible, but no more than three (3) calendar days, after any arrest, indictment, conviction, no contest or guilty plea, or other adjudication of the employee for any criminal or municipal offense.

~~The requirement to report a conviction or deferred adjudication shall not apply to minor traffic offenses (e.g. non-moving violations, failure to yield, failure to obey a traffic signal, unattended vehicle, illegal parking). However, an offense of operating under the influence, revocation or suspension of license, and driving after revocation or suspension or any moving violation must be reported if the employee drives or operates a District vehicle or piece of mobile equipment or transports students or staff in any vehicle. Failure to report under this section may result in disciplinary action, up to and including termination. All employment decisions by the District based on such information must comply with Wisconsin's arrest and conviction discrimination law.~~

The requirement to report a conviction or deferred adjudication applies to major traffic offenses (e.g., operating under the influence of an intoxicant or other drug, reckless driving, operating after suspension/revocation, failure to report an accident, refusal to take a breath test). Minor traffic offenses (e.g., non-moving violations, speeding, failure to yield, failure to obey a traffic signal, unattended vehicle, illegal parking) do not need to be reported.

However, if an employee drives or operates a District vehicle or piece of mobile equipment or transports students or staff, other than the staff member's own family, in any vehicle they must report any traffic offense (not including parking tickets).

Failure to report under this section may result in disciplinary action, up to and including termination. All employment decisions by the District based on such information must comply with Wisconsin's arrest and conviction discrimination law.

~~4123—SECTION 504/ADA PROHIBITION AGAINST DISABILITY DISCRIMINATION IN EMPLOYMENT~~

~~The Board prohibits discrimination against any employee or applicant based upon his/her disability. As such, the Board will not engage in employment practices or adopt policies that discriminate on the basis of disability, or otherwise discriminate against qualified individuals with disabilities in regard to job application procedures, the hiring, advancement or discharge of employees, employee compensation, job training, or other terms, conditions and privileges of employment. The Board further will not limit, segregate or classify applicants or employees in any way that adversely affects their opportunities or status because of disability. Additionally, the Board will not participate in any contractual or other relationships that have the effect of subjecting qualified individuals with disabilities who are applicants or employees to discrimination on the basis of disability.~~

~~Notice of the Board's policy on nondiscrimination in employment practices and the identity of the School District's Compliance Officer(s) (see below) will be published on the District's website, posted throughout the District, and included in the District's recruitment statements or general information publications.~~

Definitions

Words used in this policy shall have those meanings defined herein; words not defined herein shall be construed according to their plain and ordinary meanings.

Complainant: is the individual who alleges or is alleged to have been subjected to discrimination/retaliation, regardless of whether the person files a formal complaint or is pursuing an informal resolution to the alleged discrimination/retaliation.

Day(s): Unless expressly stated otherwise, the term "day" or "days" as used in this policy means business day(s) (i.e., a day(s) that the District office is open for normal operating hours, Monday — Friday, excluding State-recognized holidays).

Respondent: is the individual who is alleged to have engaged in discrimination/retaliation, regardless of whether the Complainant files a formal complaint or is seeking an informal resolution to the alleged discrimination/retaliation.

District community: means students, District employees (i.e., administrators, and professional and support staff), and Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

Third Parties: include but are not limited to guests and/or visitors on District property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with or seeking to do business with the Board, and other individuals who come in contact with members of the District community at school-related events/activities (whether on or off District property).

An individual with a disability means a person who has, has a record of, or is regarded as having, a physical or mental impairment that substantially limits one or more major life activities.

Major Life Activities

Major life activities are functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, eating, sleeping, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, sitting, reaching, interacting with others, and working.

Major life activities also include the operation of a major bodily function, including, but not limited to, functions of the immune system, special sense organs and skin, normal cell growth, and digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, hemic, lymphatic, musculoskeletal and reproductive functions. The operation of a major bodily function includes the operation of an individual organ within a body system.

Impairment That Substantially Limits a Major Life Activity

The determination of whether an impairment substantially limits a major life activity must be made without regard to the ameliorative effects of mitigating measures such as medication, medical supplies, equipment or appliances, low-vision devices (defined as devices that magnify, enhance, or otherwise augment a visual image, but not including ordinary eyeglasses or contact lenses), prosthetics (including limbs and devices), hearing aid(s) and cochlear implant(s) or other implantable hearing devices, mobility devices, oxygen therapy equipment or supplies, use of assistive technology, reasonable accommodations or "auxiliary aids or services," learned behavioral or adaptive neurological modifications, psychotherapy, behavioral therapy, or physical therapy.

An impairment that is episodic in nature or in remission is considered a disability if it would substantially limit a major life activity when active.

Qualified Individual with a Disability

A qualified individual with a disability means the individual satisfies the requisite skill, experience, education and other job-related requirements of the employment position the individual holds or desires and can perform the essential functions of the job in question, with or without reasonable accommodation.

Reasonable Accommodation

The Board will provide a reasonable accommodation to a qualified individual who has an actual disability or who has a record of a disability unless the accommodation would impose an undue hardship on the operation of the Board's program and/or activities. A reasonable accommodation is not required for an individual who is merely regarded as having a disability.

Facilities

No qualified person with a disability will be denied the benefits of, excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which Section 504/American with Disabilities Act (ADA) applies because the District's facilities are inaccessible to or unusable by persons with disabilities.

For facilities constructed or altered after June 3, 1977, the District will comply with applicable accessibility standards. For those existing facilities constructed prior to June 3, 1977, the District is committed to operating its programs and activities so that they are readily accessible to persons with disabilities.

The names, titles, and contact information of these individuals will be published annually on the School District's website.

The COs are responsible for coordinating the District's efforts to comply with applicable Federal and State laws and regulations, including the District's duty to address in a prompt and equitable manner any inquiries or complaints regarding discrimination/retaliation or denial of equal access. The COs also shall verify that proper notice of nondiscrimination for Title II of the Americans with Disabilities Act (as amended), Title VI and Title VII of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973 (as amended), and the Age Discrimination in Employment Act of 1975 is provided to staff members and the general public. A copy of each of the Acts and regulations on which this notice is based will be made available upon request from the CO.

The COs will oversee the investigation of any complaints of discrimination based on disability, which may be filed pursuant to the Board's adopted internal complaint procedure, and will attempt to resolve such complaints. Any complaint received regarding the District Administrator or a Board member shall be referred to the Board's legal counsel, who shall assume the role of the CO for such complaints. Additionally, if the complaint is regarding a CO, the complaint shall be reported to the District Administrator, who shall coordinate with the other appointed/designated CO, or, if appropriate appoint/designate another individual to serve as CO for the complaint regarding a CO.

The Board will provide for the prompt and equitable resolution of complaints alleging violations of Section 504/ADA. (See Complaint Procedure below.)

Complaint Procedures

If a person believes that s/he has been discriminated against on the basis of his/her disability, the person may utilize the following complaint procedures as a means of reaching, at the lowest possible administrative level, a prompt and equitable resolution of the matter.

In accordance with Section 504 of the Rehabilitation Act of 1973 and its implementing regulations ("Section 504"), employees will be notified of their right to file an internal complaint regarding an alleged violation, misinterpretation, or misapplication of Section 504. In addition, employees will be notified of their right to file a complaint with the U.S. Department of Education's Office for Civil Rights.

Internal complaints must be put in writing and must identify the specific circumstances or areas of dispute that have given rise to the complaint, and offer possible solutions to the dispute. The complaint must be filed with COs within the time limits specified below. The COs are available to assist individuals in filing a complaint.

Internal Complaint Procedure

The following internal complaint procedure is available to employees for the prompt and equitable resolution of complaints alleging discrimination based upon disability. Use of the internal complaint procedure is not a prerequisite to the pursuit of other remedies, including the filing of a complaint with the U.S. Department of Education's Office for Civil Rights.

- A. An employee with a complaint based on alleged discrimination on the basis of disability may first discuss the problem with the CO.
- B. If the informal discussion does not resolve the matter, or if the employee skips Step A, the individual may file a formal written complaint with the CO. The written complaint must contain the name and address of the individual or representative filing the complaint, be signed by the Complainant or someone authorized to sign for the Complainant, describe the alleged discriminatory action in sufficient detail to inform the CO of the nature and date of the alleged violation and propose a resolution. The complaint must be filed within thirty (30) days of the circumstances or event giving rise to the complaint unless the time for filing is extended by the CO for good cause.
- C. The CO will conduct an independent investigation of the matter (which may or may not include a hearing). This complaint procedure contemplates informal, but thorough investigations, affording all interested persons and their representatives, if any, an opportunity to present witnesses and other evidence relevant to the complaint. The CO will provide the Complainant with a written disposition of the complaint within ten (10) days. If no decision is rendered within ten (10) business days, or the decision is unsatisfactory in the opinion of the Complainant, the employee may file, in writing, an appeal with the District Administrator. The CO shall maintain the District's files and records relating to the complaint.
- D. The District Administrator will, within ten (10) days of receiving the written appeal, conduct a hearing with all parties involved in an attempt to resolve the complaint.

The District Administrator will render his/her decision within ten (10) days of the hearing.

- E. The employee may be represented, at his/her own cost, at any of the above-described meetings/hearings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights or the filing of a court case. Use of this internal complaint procedure is not a prerequisite to the pursuit of other remedies.

If it is determined that the Complainant was subjected to discrimination, the CO must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, effective, and tailored to the specific situation.

OCR Complaint

At any time, if an employee believes that s/he has been subjected to discrimination based upon his/her disability in violation of Section 504 or the ADA, the individual may file a complaint with the U.S. Department of Education's Office for Civil Rights ("OCR"). The OCR can be reached at:

U.S. Department of Education Office for Civil Rights Citigroup Center
500 W. Madison Street Suite 1475
Chicago, IL 60661

 E-mail: OCR.Chicago@ed.gov

Privacy/Confidentiality

The District will employ all reasonable efforts to protect the rights of the Complainant, the Respondent(s), and the witnesses as much as possible, consistent with the District's legal obligations to investigate, take appropriate action, and conform with any discovery or disclosure obligations.

All records generated under the terms of this policy shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the CO or designee will instruct each person who is interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of an investigation is expected not to disclose to third parties any information that is learned or provided during the course of the investigation.

Remedial Action and Monitoring

If warranted, appropriate remedial action shall be determined and implemented on behalf of the Complainant, including but not limited to counseling services, reinstatement of leave taken due to the discrimination or other appropriate action.

The Board may appoint an individual, who may be a District employee, to follow up with the Complainant to ensure no further discrimination or retaliation has occurred and to take action to address any reported occurrences promptly.

Sanctions and Disciplinary Action

The Board shall vigorously enforce its prohibitions against discrimination by taking appropriate action reasonably calculated to stop and prevent further misconduct.

While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and any relevant codes of conduct.

When imposing discipline, the District Administrator shall consider the totality of the circumstances involved in the matter, including the age and maturity level of any student involved. In those cases where discrimination/retaliation is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies.

Where the Board becomes aware that a prior disciplinary action has been taken against the Respondent, all subsequent sanctions imposed by the Board and/or District Administrator shall be reasonably calculated to end such conduct, prevent its recurrence, and remedy its effect.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging discrimination/retaliation, or participates as a witness in an investigation, is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce, or interfere with any individual because the person opposed any act or practice made by Section 504 or the ADA, or because that individual made a report, formal complaint, testified, assisted or participated, or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in the imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of discriminatory practices. The District Administrator shall provide appropriate information to all members of the District community related to the implementation of this policy and shall provide training for District students and staff where appropriate. All training and information provided regarding the Board's policy and discrimination, in general, will be age and content appropriate.

Retention of Investigatory Records and Materials

The CO is responsible for overseeing the retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and

electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but are not limited to:

- ~~I. all written reports/allegations/complaints/grievances/statements/responses pertaining to an alleged violation of this policy;~~

- ~~I. written disciplinary sanctions issued to students or employees and other documentation that memorializes oral disciplinary sanctions issued to students or employees for violations of this policy;~~
- ~~dated written determinations/reports (including summaries of relevant exculpatory and inculpatory evidence) and other documentation that memorializes oral notifications to the parties concerning the outcome of the investigation, including any consequences imposed as a result of a violation of this policy;~~
- ~~. documentation of any supportive measures offered and/or provided to the Complainant and the Respondent, including no-contact orders issued to both parties, the dates the no-contact orders were issued, and the dates the parties acknowledged receipt of the no-contact orders;~~
- ~~I. documentation of all actions taken, both individual and systemic, to stop the discrimination or harassment, prevent its recurrence, eliminate any hostile environment, and remedy its discriminatory effects;~~
- ~~L. copies of the Board policy and procedures/guidelines used by the District to conduct the investigation and any documents used by the District at the time of the alleged violation to communicate the Board's expectations to students and staff with respect to the subject of this policy (e.g., Student Codes of Conduct and/or Employee Handbooks);~~

The documents, ESI, and electronic media (as defined in Policy 8315) retained may include public records and records exempt from disclosure under Federal (e.g., FERPA, ADA) and/or State law, such as student records and confidential medical records.

The documents, ESI, and electronic media (as defined in Policy 8315) created or received as part of an investigation shall be retained in accordance with Policy 8310, Policy 8315, Policy 8320, and Policy 8330 for not less than three (3) years and longer if required by the District's records retention schedule.

4139 - **STAFF DISCIPLINE**

The Board of Education retains the right and the responsibility to manage the work force. When the discipline of a staff member becomes necessary such action shall be consistent with the requirements of any applicable Board policy, and State and Federal law. The District Administrator may issue discipline ~~except termination~~, when ~~s/he deems~~deemed appropriate. This policy does not cover decisions to terminate a staff member's employment or accepting a staff member's resignation (see Policy 4140 - Termination and Resignation).

Investigation of Possible Criminal Activity

The District may be required to investigate potential wrongdoings on the part of its employees, and such wrongdoing in some cases may involve potential criminal conduct and/or co-occurring law enforcement investigations. Such investigations ~~may~~still require that the employee answer questions relating to the activity and employees who refuse to answer such questions may be disciplined for failure to cooperate in the investigation. Employees required to respond to questions regarding potential criminal activity are permitted to do so without waiving any Constitutional right against self-incrimination that may apply during the course of a criminal investigation. Employees should be advised of this right, often referred to as a "Garrity Warning". ~~Employees may be required to answer such questions. Failure to cooperate in an investigation may result in discipline, up to and including termination of the employee. In cases where this possible wrongdoing may involve criminal activity, the District shall inform~~The Garrity Warning informs the employee that the employee is required to repond to questions posed during the investigation and that answers to questions relating to the employee's conduct may be used by the District for determining appropriate discipline, but will not be provided to law enforcement officials in the course of their independent criminal investigation, unless otherwise required by law. ~~Employees must also be informed that refusal to answer questions may be considered in determining discipline.~~

Staff may be disciplined for violations of Board policy or for other failure to meet the expectations and obligations of their position. No staff member may be subject to arbitrary or capricious disciplinary action, or disciplinary action that is otherwise in violation of law.

The District Administrator may issue discipline to staff members when ~~s/he deems~~deemed appropriate. The level of discipline may range from oral reprimands to suspension ~~or termination~~and may lead to termination consistent with Policy 4140 - Termination and Resignation. The level of discipline shall be consistent with the seriousness of the offense as determined by the District Administrator.

All instances of staff discipline are subject to the employee grievance procedure, set forth in Policy 4340 - Grievance Procedure.

4430.01 - FAMILY & MEDICAL LEAVE OF ABSENCE ("FMLA")

Introduction

In accordance with Federal and State law, the Board will provide family and medical leave to support staff. The Board's Family and Medical Leave Act policy is intended to conform to and comply with, but not exceed, the requirements of the Federal Family and Medical Leave Act of 1993 ("FMLA") and the Wisconsin Family and Medical Leave Act ("WFMLA"). To the extent that this policy is ambiguous or conflicts with the FMLA or the WFMLA, the FMLA and the WFMLA will govern.

Family and medical leave taken under this policy may be covered by Federal law, State law, or both. When leave taken by a staff member under this policy is governed by both Federal and State law, the more generous provision will control in the event of a conflict. However, when leaves are governed by State or Federal law, but not both, the applicable law will control under this policy. In this regard, staff members should note that certain leaves may be covered by both State and Federal law for only a portion of the leave. To the extent permitted by law, leave under the FMLA, leave under the WFMLA and leave granted under the Board's other policies will run concurrently (at the same time).

Eligibility Requirements

To be eligible for leave under the FMLA, a staff member must have been employed by the Board for at least twelve (12) months in the past seven (7) years and must have worked at least 1,250 hours during the twelve (12) month period immediately preceding the commencement of the requested leave. ~~All full-time instructional staff members are deemed to meet the 1,250-hour requirement.~~

To be eligible for leave under the WFMLA, a staff member must have been employed for more than fifty-two (52) consecutive weeks and have worked or been paid for at least 1,000 hours in the preceding fifty-two (52) weeks. The kind and amount of leave available to the staff member under this policy, as well as the staff member's rights during leave, depend upon whether the staff member satisfies the above requirements.

Qualifying Reasons for Leave

The Board provides family and medical leave for eligible staff members under the following circumstances:

- A. for the birth of the eligible staff member's child and to care for a newborn child
- B. for placement with the eligible staff member of a child for adoption or foster care
- C. to care for an eligible staff member's spouse, child or parent with a "serious health condition"

The term "child" generally includes a legal ward or a biological, adopted foster or stepchild. For leaves governed exclusively by the FMLA, the term also includes a son or daughter for whom the staff member has assumed the day-to-day obligations of a parent. A child must be **either** under eighteen (18) years of age or unable to care for ~~himself/herself~~themselves due to a physical or mental disability or, for leave under State law only, unable to care for ~~himself/herself~~themselves due to a serious health condition.

"Parent" includes a staff member's spouse's legal guardian only if the staff member is requesting leave under the WFMLA.

"Spouse" includes a qualified domestic partner for leaves governed by the WFMLA. Domestic partnerships must be registered with the county of residence and proof of such registration may be requested prior to approval of leave. Unregistered domestic partners must demonstrate that they are 1) both over age eighteen (18); 2) not in a domestic partnership or

marriage with another individual; 3) they share a common residence; 4) they are not related in any way that would prohibit marriage under Wisconsin law; 5) they consider each other to be immediate family members and agree to be responsible for the other's living expense.

- D. because of a serious health condition that makes the eligible staff member unable to perform the essential functions of his/her the position
- E. because of a qualifying exigency resulting from active military service by the employee's spouse, son, daughter, or parent in covered active duty or call to covered active duty in the United States Armed Forces including the National Guard and Reserves

Qualifying exigencies, as defined by Federal regulations, include: 1) short-notice deployment; 2) military events and related activities; 3) childcare and school activities; 4) financial and legal arrangements; 5) counseling; 6) rest and recuperation; (maximum fifteen (15) calendar days); 7) post-deployment activities; 8) caring for a military member's parent who is incapable of self-care when the care is necessitated by the member's covered active duty; and 9) additional activities not encompassed in the other categories, but agreed to by the employer and employee. Covered active duty means deployment with the Armed Forces to a foreign country.

- F. to care for a service member who is the employee's parent, spouse, child or next of kin who, while on active military duty, sustains a serious injury or illness or aggravation of a pre-existing illness or injury while in the line of duty, while on covered active duty in the United States Armed Forces, including the National Guard and Reserves, in the line of duty which renders the service member medically unfit to perform the member's office, grade, rank, or rating

Covered active duty means deployment with the Armed Forces to a foreign country. This leave is also available to care for veterans of the United States Armed Forces, including the National Guard and Reserves, provided the veteran was a service member at any time within the five (5) years prior to the start of the treatment, recuperation or therapy. In accordance with applicable regulations, a veteran's serious injury or illness incurred or aggravated in the line of active duty can also be manifested by: 1) a physical or mental condition with a VA Service Disability Rating of 50% or greater and is the condition precipitating the need for leave; or 2) a physical or mental condition that substantially impairs the ability to secure or substantially follow a gainful occupation, or would do so absent treatment; or 3) an injury, including psychological, for which the veteran has been enrolled in the Dept. of V.A. Program of Comprehensive Assistance for Family Care Givers. Leave is available for up to twenty-six (26) weeks in a twelve (12) month period. This type of leave is available for serious injury or illness which results in:

1. inpatient medical treatment, recuperation or therapy;
2. outpatient services at a military treatment facility or assignment to a unit established for the purpose of providing command and control of service members receiving outpatient medical services; or
3. assignment to the temporary disability retired list.

The maximum twenty-six (26) weeks of Federal leave to care for a service member includes, and is not in addition to, all other FMLA leave. In other words, employees may not take more than a total of twenty-six (26) weeks of FMLA leave during a single twelve (12) month period for any qualifying reasons under the FMLA. For instance, if an employee takes the maximum twelve (12) weeks of Federal FMLA leave for his/her their own serious health condition, the employee may then only take fourteen (14) weeks of FMLA leave within that same twelve (12) month period to care for a military family member injured in the line of duty.

The District Administrator will determine whether an employee's request for leave qualifies under one (1) of the above categories.

Amount of Leave Available

Under the FMLA, if the staff member satisfies the eligibility requirements set forth above, s/he is entitled to a total of twelve (12) work weeks of leave in a calendar year for any of the reasons stated above, with the exception of leave to care for an injured service member, which is provided as described in (F) above.

Under the WFMLA, if the staff member satisfies the eligibility requirements set forth above, s/he the staff member is entitled to ten (10) work weeks of leave in a calendar year as follows:

- A. a total of six (6) weeks of leave for the birth of his/her the natural child and/or the placement of a child with the staff member for, or as a precondition to, adoption;
- B. a total of two (2) weeks of leave to care for a covered family member with a serious health condition; and
- C. a total of two (2) weeks of leave due to the staff member's serious health condition.

Board policy calls for concurrent Federal/State leave coverage whenever a staff member is eligible for leave under both the FMLA and WFMLA to the extent available under the law. All periods of absence from work due to or necessitated by USERRA-covered service is counted in determining an employee's eligibility for FMLA leave.

Definitions of Serious Health Conditions

In conjunction with the certification provided by a healthcare provider, the Board reserves the right to determine whether an illness, injury, impairment or physical or mental condition constitutes a serious health condition entitling a staff member to family or medical leave under State or Federal law.

In general, a "serious health condition" under this policy means an illness, injury, impairment, or physical or mental condition that involves one (1) of the following:

A. Hospital Care

Inpatient care (i.e., an overnight stay) in a hospital or other care facility, including any period of incapacity or subsequent treatment in connection with or consequent to such inpatient care.

B. Absence Plus Treatment

A period of incapacity of more than three (3) consecutive calendar days* (including any subsequent treatment or period of incapacity relating to the same condition), that also involves:

1. treatment two (2) or more times by a healthcare provider, a nurse, physician's assistant or physical therapist under a healthcare provider's supervision, order or referral as appropriate within thirty (30) days of the first date of incapacity; or
2. treatment by a healthcare provider on at least one (1) occasion which results in a regimen of continuing treatment under the supervision of the healthcare provider and occurs within seven (7) days of the first day of incapacity.

*Under the WFMLA, leave may also be available for a "serious health condition" of less than three (3) consecutive days in duration.

C. Pregnancy

Any period of incapacity due to pregnancy, or for prenatal care.

D. Chronic Conditions Requiring Treatment

A chronic condition which:

1. requires periodic visits of at least two (2) times per year for treatment by a healthcare provider, or by a nurse or physician's assistant under a healthcare provider's supervision;
2. continues over an extended period of time (including recurring episodes of a single underlying condition); and
3. may cause episodic rather than continuing periods of incapacity (e.g., asthma, diabetes, epilepsy, etc.).

E. Permanent/Long-Term Conditions Requiring Supervision

A period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective. The staff member or his/her family member must be under the continuing supervision of, but need not be receiving active treatment by, a healthcare provider (e.g., Alzheimer's disease, a severe stroke, or the terminal stages of a disease). The continued existence of such a chronic condition is subject to certification no more than once every six (6) months.

F. Multiple Treatments (Non-Chronic Conditions)

Any period of absence to receive multiple treatments (including any period of recovery therefrom) by a healthcare provider or by a provider of healthcare services under orders of, or on referral by, a healthcare provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three (3) consecutive calendar days in the absence of medical intervention or treatment, including: cancer (chemotherapy, radiation, etc.); severe arthritis (physical therapy); or kidney disease (dialysis).

Required Staff Member Notice

The staff member must provide the District Administrator with notice in a reasonable and practicable manner before leave taken under this policy is to begin, if the need for leave is foreseeable (e.g., an expected birth, placement or adoption or foster care, or planned medical treatment for the staff member's own serious health condition or that of a family member). When requesting partial or intermittent leave in connection with childbirth or adoption under the WFMLA, the staff member must provide at least as much notice as required for taking other non-emergency or non-medical leave, as well as a definite schedule for the leave. Where advance notice is not practical due to uncertainty as to when leave will be required to begin, a change in circumstances or medical emergency, notice must be given as soon as practical. Leave will be accounted for in increments no greater than the smallest increment used for other similar leaves, but in no event greater than one (1) hour increments. Leave entitlement will not be reduced by more than the amount of leave actually taken.

The staff member must provide a written request for leave, the reasons for the requested leave, and the anticipated beginning date and duration of the leave by submitting a FMLA leave request form to the District Administrator (forms available from the U.S. Department of Labor).

When planning medical treatment, the staff member should consult with his/her their supervisor and make a reasonable effort to schedule the leave so as not to disrupt unduly the District's operations, subject to the approval of the staff member's healthcare provider. The staff member is ordinarily expected to consult with his/her their supervisor in order to work out a treatment schedule which best suits his/her the staff member's needs, as well as the District's.

If a staff member must take more leave than originally anticipated, s/he the staff member must notify the District Administrator within two (2) business days of learning of the circumstances necessitating the extension.

Certification By Healthcare Provider

If a staff member requests leave due to his/her their own serious health condition or the serious health condition of his/her the staff member's spouse, child or parent, the Board requires that the leave request be supported by certification issued and signed by the healthcare provider for the individual with a serious health condition. For service member leave, any certification permitted under 29 C.F.R. 825.310 shall be allowed. The Board reserves the right to certify all information permitted by law.

The staff member must provide the fully completed certification to the District Administrator within fifteen (15) calendar days of the date that the certification is provided to the staff member, unless it is not practicable to do so despite the staff member's diligent, good faith efforts. If it is not practicable to return the certification within fifteen (15) calendar days, it must be returned to the District Administrator as soon as practicable.

If the staff member fails to submit the certification, the leave or continuation of leave may be delayed until the certification is submitted. Further, any absence prior to the date the certification is furnished may be considered unauthorized. A staff member who is absent without authorization may be disciplined, up to and including termination.

The District Administrator will give a staff member a reasonable opportunity to cure any deficiency in a certification, but not fewer than seven (7) calendar days. It is the responsibility of the staff member or family member with a serious health condition to use a healthcare provider who will complete and furnish an accurate certification in a timely manner.

A member of the administration, other than the staff member's direct supervisor, may contact the healthcare provider to clarify illegible answers and to authenticate the certification. If the certification is incomplete or otherwise unclear, the administrator must request that the employee obtain updated or completed information from the healthcare provider and return it directly to the administrator.

If the District Administrator doubts the validity of a certification, the District Administrator may require, at the Board's expense, that the staff member obtain a second opinion from a Board-designated provider, not regularly employed by the Board. If the opinions of the staff member's and the Board's healthcare providers differ, a third, final and binding opinion may be obtained. The staff member must cooperate in obtaining a second or third opinion including facilitating the transfer of pertinent records to the subsequent healthcare providers.

The District Administrator may request re-certifications on a periodic basis as permitted by law.

Designation of Leave

In all circumstances, it is the responsibility of the District Administrator to designate leave, whether paid or unpaid, as FMLA leave and to give the staff member notice of the designation and his/her their rights and responsibilities under this policy.

The District Administrator will give the staff member the notice on each occasion that s/he the staff member notifies his/her their supervisor of the need for leave that may be FMLA-qualifying, including, but not limited to, when the staff member requests another type of leave for an FMLA-qualifying reason. In the case of intermittent or reduced schedule leave, only one notice will be provided unless the circumstances regarding the leave have changed.

Absent extenuating circumstances, the District Administrator will provide to the employee a "Designation Notice" stating whether a request for leave has been approved or denied within five (5) business days. At a minimum, the staff member will be verbally notified whether leave is being designated as FMLA leave within five (5) business days of the date the staff member provides information to the District Administrator sufficient to enable him/her the District Administrator to determine that the leave is being taken for an FMLA-qualifying reason.

The District Administrator will confirm the verbal notice with the written notice as soon as feasible, but no later than the first payday following the verbal notice (unless the payday is less than one (1) week after the verbal notice, in which case the notice must be no later than the subsequent payday).

Manner In Which Leave Can Be Taken

Leave available under this policy may be taken in full and, under certain circumstances, may also be taken intermittently or on a reduced leave schedule. Intermittent leave is leave taken in separate blocks of time due to a single qualifying reason. Reduced schedule leave is leave that reduces the usual number of working hours per day or week. The staff member must consult with his/her supervisor and make a reasonable effort to schedule intermittent or reduced schedule leave so it does not unduly disrupt the District's operations.

When leave is governed only by the FMLA intermittent or reduced ⁹⁷ schedule leave to be with the employee's newborn child, or after the placement of a child with the employee for adoption or foster care, requires the District's agreement, unless the intermittent or

reduced schedule leave is due to a serious health condition. Intermittent or reduced schedule leave due to a serious health condition must be medically necessary. Medically necessary means there must be a medical need for the leave and the leave can be best accommodated through an intermittent or reduced leave schedule, as certified by the healthcare provider in the Certification.

When leave is governed only by the FMLA, the District Administrator may offer a staff member a temporary transfer to another position for which ~~s/he~~the staff member is qualified with equivalent pay and benefits that better accommodates the intermittent or reduced schedule leave when the need for leave is foreseeable based on planned medical treatment or the staff member takes such leave for the birth of a child or for placement of a child for adoption or foster care. The staff member may reject this offer in which case there will be no adverse effect on the leave or entitlement to return to the same or similar position following leave. Any time spent by the staff member in an alternative position will not count against the employee's FMLA leave entitlement.

Instructional staff members (i.e. individuals whose principal function is to teach and instruct students in a class, a small group, or an individual setting) who request intermittent leave or a reduced-leave schedule governed only by the FMLA, which would exceed twenty percent (20%) of the total number of working days over the period of anticipated leave, must elect either to:

- A. take leave for a period or periods of a particular duration, not greater than the duration of the planned treatment; or
- B. transfer temporarily to an available alternative position offered by the District Administrator for which the instructional staff member is qualified, and that has equivalent pay and benefits and that better accommodates the recurring periods of leave than the staff member's regular position.

The District Administrator may require instructional staff members who take Federal leave near the end of an academic term to extend their leave through the end of the academic term if:

- A. the leave is commenced more than five (5) weeks from the end of the term but the employee intends to return during the final three (3) weeks of the term and the leave is longer than three (3) weeks in duration;
- B. the leave is commenced within five (5) weeks of the end of the term and the employee intends to return during the final two (2) weeks of the term and the leave period was at least two (2) weeks in duration; or
- C. the leave commences within three (3) weeks of the end of a term and the leave was at least five (5) working days in duration.

Staff members whose leave is extended at the end of an academic term under this section will be charged against their FMLA entitlement only the time that they required for purposes of their leave.

Coordinating Leaves - Substitution

Generally, leave taken under this policy is unpaid. However, for leave governed exclusively by the FMLA, the staff member may use the following leaves provided by the Board, if available:

- A. vacation or personal leave, if available, for any family or medical leave;
- B. accrued paid family leave (i.e., paid leave covering the particular circumstances for which the staff member is seeking leave), if available, for birth, adoption, or to care for a seriously ill family member; and
- C. accrued paid medical or sick leave, if available, to care for a seriously ill family member, or for the staff member's own serious health condition.

A staff member may not substitute paid leave for unpaid FMLA leave taken under this policy in any situation where the Board would not normally provide such paid leave.

For leaves governed by the WFMLA, a staff member may substitute paid or unpaid leave, which ~~s/he~~the staff member has earned and accrued, for leave taken under this policy, if available. The Board reserves the right to deny substitution as permitted by law.

Any paid leave substituted for unpaid FMLA leave or WFMLA leave will decrease, in whole or in part, the staff member's FMLA and/or WFMLA leave entitlement.

Continuation of Benefits

A staff member will remain eligible for group health insurance benefits under the Board's group health plan during leave taken under this policy under the same conditions as coverage would have been provided if the staff member had been actively employed during the entire leave. However, the staff member has the option of choosing not to retain such coverage during family or medical leave.

During leave taken under this policy, the Board will continue to pay any portion of group health insurance premiums for coverage that it was responsible for paying immediately prior to the leave as required by law. The staff member will be responsible for paying ~~his/her~~their portion of health insurance premiums regardless of whether ~~his/her~~family and medical leave is paid or unpaid. It is the staff member's responsibility to make arrangements with the District Administrator for making premium payments for group health insurance during leaves.

To the extent permitted by law, the Board reserves the right to require the staff member to place up to eight (8) weeks of health

insurance premiums in escrow prior to leave, or to discontinue coverage if such premiums are received more than thirty (30) days late.

The staff member's entitlement to benefits other than group health benefits during a period of family or medical leave is determined by the Board's policy regarding provision of such benefits when a staff member is on other types of leave.

If a staff member fails to return to work or fails to remain at work for a period provided under the law, the District may recover its portion of the premiums paid for medical benefit coverage during the leave, unless the reason for the staff member's failure to return to work is due to the continuation of the serious health condition or the onset of a new serious health condition.

Accrual of Benefits

The use of leave under this policy will not result in the loss of any employment benefit that accrued prior to the start of the staff member's leave. A staff member will not continue to accrue seniority or any other employment benefit during leave taken under this policy, except that such benefit shall accrue if the staff member elects to use other leaves provided by the Board, and if such benefits would normally accrue during such leave.

Employment Restoration

A staff member will generally be reinstated to the same position ~~s/he~~they held when leave began or a position with equivalent pay, benefits, and other terms and conditions of employment, if such position remains available, and the staff member possesses the ability to perform the essential functions of the job satisfactorily, with or without any accommodation that may be required by the Americans With Disabilities Act of 1990. The staff member, however, has no greater right to reinstatement or benefits than if ~~s/he~~they had been actively employed during the leave. Further, if the staff member gives unequivocal notice of intent not to return to work, ~~s/he~~the staff member is not entitled to be reinstated.

A staff member who exceeds ~~his/her~~their FMLA/WFMLA leave, but remains off work under a non-FMLA/WFMLA leave policy, is not entitled to reinstatement to the same or a similar position under the FMLA/WFMLA; however, the staff member **may** be eligible to be reinstated under the non-FMLA/WFMLA leave policy.

A staff member who is able to return to work prior to the expiration of leave must notify ~~his/her~~their supervisor immediately. Upon such notice, the District Administrator will promptly reinstate the staff member to active employment, provided ~~s/he~~the staff member has the present skill and ability to perform the essential functions of ~~his/her~~their job satisfactorily with or without accommodation. However, the reinstatement need not occur until the third business day following the staff member's notification of ~~his/her~~their ability to return to work.

Fitness For Duty Certification

If leave is due to the staff member's serious health condition, ~~s/he~~they must present certification to return to work to ~~his/her~~their supervisor upon returning to work. The staff member's principal attending physician must complete the certification. The certification must indicate that the staff member has been released to return to work. It must also specify any physical or other limitation on the staff member's ability to perform regular or other duties and the duration of the limitations. No certification will be required when the staff member returns from intermittent leave, except as otherwise permitted or required by the Americans With Disabilities Act of 1990.

The certification will be limited to the particular health condition that caused the staff member's need for leave, except as otherwise permitted by the Americans With Disabilities Act of 1990. If the staff member is an "individual with a disability" within the meaning of the ADA, any fitness-for-duty physical examination or inquiry by the District will be job-related and consistent with business necessity.

Reinstatement may be delayed until the staff member submits the certification. Under such circumstances, if the staff member does not promptly provide a certification or qualify for another leave of absence, ~~s/he~~the staff member may be disciplined, up to and including termination.

With the staff member's permission, the Board's healthcare provider may contact the staff member's healthcare provider to clarify and authenticate the certification, but no additional information may be requested or required, and the staff member's return to work may not be delayed while the contact is being made. No second or third fitness for duty certification may be required.

Confidentiality

All medical information relating to leave, whether written or verbal, shall be kept confidential to the maximum extent possible. All medical documents including, but not limited to, medical certifications and return-to-work statements must be maintained in confidential, secure files separate from personnel files.

No Discrimination

Leave under this policy will not be used as a negative factor in employment actions, such as hiring, promotions, disciplinary actions or under attendance policies.

Miscellaneous

The District Administrator may designate another administrator to perform ~~his/her~~their duties under this policy.

A staff member who fraudulently obtains leave under this policy is not protected by this policy's job restoration or maintenance of health benefits provisions.

The District Administrator shall see that the policy is posted properly.

The District Administrator shall provide a copy of the policy upon the request of a staff member.

~~The building administrator shall designate a private area, other than a restroom, where an employee can express breast milk. The designated area shall be a space where intrusion from coworkers, students, and the public can be prevented, and one where an employee who is using this area can be shielded from view.~~

DEFINITIONS

The following definitions will apply to the District's Open Enrollment Program.

A. Non-Resident District

A school district located in Wisconsin which is not a student's district of residence.

F. Program Size

The enrollment or size restrictions in a specific program within a class or building. The District reserves the exclusive right to establish program size and to limit enrollment based upon the capability to properly allocate available resources, create and maintain a proper learning environment, and comply with contracts, grants, and applicable laws and regulations.

FULL-TIME OPEN ENROLLMENT

A. Annual Space Determinations

During a January meeting, the Board shall establish the availability of space by determining the number of regular education and special education spaces in the schools, programs, classes, or grades. In setting space availability, the Board may choose to set no limitations or may set limits on availability using the following criteria:

1. District practices, policies, procedures, or other factors regarding class size ranges for particular programs or classes.
2. District practices, policies, procedures, or other factors regarding faculty-student ratio ranges for particular programs, classes, or buildings.
3. Enrollment projections, which account for factors that include but are not necessarily limited to, likely short and long-term economic development in the community, housing starts, current and future needs for special programs, laboratories, or other initiatives.

In establishing current enrollment numbers for open enrollment availability purposes, the Board does not guarantee open enrollment approvals to any non-resident students.

B. Processing of Open Enrollment Applications

A parent of a nonresident student may submit an application to attend school in the District during the applicable regular open enrollment period or through the alternative open enrollment process. The application must be submitted using the form designated by the Wisconsin Department of Public Instruction.

Upon receipt of an application, the District Administrator shall confirm that the application is complete or request that it be completed before being further considered.

Parents shall be notified of the determination on their applications on or before the first Friday following the first Monday in June following receipt of the application, or within the timeframe otherwise established by law. If approved, the parent shall be notified of the approval and the specific assignment within the District. If, upon enrollment, the student is appropriately placed in a different grade level, the student shall be so assigned unless applications for that grade level have been denied or there is no longer space available at that grade level.

Any notice of a decision to deny shall include the following:

1. Specific reason(s) for denial and whether the student has been placed on the waiting list.
2. Notice of the parents' right to appeal, the address to send the appeal, and information on where to locate the form required for appeal

Application of Space Determinations and Random Selection Process

If there are more applications than spaces, the Board will fill the available spaces by random selection. Random selection shall be conducted among the student applications for each grade level. The order of grade level selection shall also be randomly determined. The following considerations will be included in the random selection process:

1. Preferences
 - a. If the Board has not guaranteed approval in its determination of space availability to currently attending students, it shall grant preference to such students in the random selection process.
 - b. If the Board has not guaranteed approval in its determination of space availability to the siblings of currently attending students, it shall grant preference to such students in the random selection process.

If in any selection process there are more students eligible for preferred treatment than there are spaces

available, the Board shall conduct random selection from among the students granted preference. Both currently attending students and siblings of currently attending students who are not guaranteed approval shall be granted equal preference.

2. The sibling of a student selected in the random selection process shall be granted preference to any spaces available that the sibling has applied for, but the sibling may not be approved if there are no remaining spaces for the sibling.
3. The District will establish a numbered waiting list of all applicants. When all available slots have been filled by randomly selecting names from all applicants, the remaining names will be drawn randomly and placed on the waiting list in order of selection, with those students granted a preference under this policy to be included first on the waiting list in random order followed by any other student applicants in random order.

After the date specified in 118.51(3)(a)3., Wis. Stats., the nonresident school board may approve applications it had initially denied if any of the following cause spaces to become available:

- a. A parent notifies the nonresident school board that the student will not attend the nonresident school district.
- b. A parent fails to provide the notification accepting open enrollment as required in 118.51(3)(a)6., Wis. Stats.
- c. The Board determines that additional spaces have become available since its determination at the January Board meeting.

The District shall notify the parent of a student accepted from the waiting list of that student's eligibility to attend the District, unless the student has already enrolled in a different non-resident school district or has since become a resident of the District. The notice shall state the following:

- a. the school or program the student has been assigned to;
- b. a date, at least ten (10) calendar days from the date of the notice, by which the parent must accept the open enrollment approval. Failure to timely accept shall be considered rejection and the approval shall be considered rescinded.

C. Decisional Criteria for Non-Resident Applications

Decisions on non-resident open enrollment applications will be based only on the following criteria:

1. Space availability as defined in this policy.
2. Whether an applicant for a pre-kindergarten, four (4) year old kindergarten, early childhood or school operated day care program resides in a district which offers the program for which application is made.
3. Whether the nonresident student is currently under an order of expulsion for any reason; or has been expelled from any school district within the current school year or the two (2) preceding school years but the period of expulsion has ended, or is pending any disciplinary proceeding, based on any of the following activities:
 - a. Conveying or causing to be conveyed any threat or false information concerning an attempt or alleged attempt being made or to be made to destroy school property by means of explosives.
 - b. Engaging in conduct while at school or under school supervision that endangered the health, safety, or property of others.
 - c. Engaging in conduct while not at school or while not under the supervision of a school authority that endangered the health, safety, or property of others at school or under the supervision of a school authority or of any school employee or Board member.
 - d. Possessing a dangerous weapon (as defined in 939.22(10), Wis. Stats.) while on school property or under school supervision.

Notwithstanding the Board's acceptance of a non-resident student's application, the Board may withdraw acceptance if, prior to the beginning of the first school year in which the non-resident student will attend a school in the District, the student is determined to fall under paragraph C. 3.

The Board may request a copy of a non-resident student's disciplinary records from the resident school board.

The resident board shall provide to the nonresident board a copy of any expulsion order or findings, a copy of any pending disciplinary proceedings, a written explanation of said proceeding, the length of the expulsion or possible outcomes of a pending proceeding, and/or such records as permitted by law.

4. Whether the special education program or related services described in the non-resident student's Individualized Education Program ("IEP") are available in the District. Whether a service is available depends on whether existing staff in the District are qualified to provide the service or whether the District has facilities and/or equipment required for the service. A service is not available in the District if that service is currently provided to resident students

through contract with a third party. Whether a service is available is not a function of whether there is space available in any program or service. A service may be unavailable even if no space limitations have been established.

5. Whether there is space available in the District to provide the special education or related services identified in the non-resident student's IEP, after consideration of class size limits, student-teacher ratios, and enrollment projections.
6. Whether the non-resident student has been referred to the non-resident student's resident board under 115.777(1), Wis. Stats. or identified by the non-resident student's resident school board under 115.77(1m)(a), Wis. Stats., but not yet evaluated by an individualized education program team.
7. If a non-resident student's IEP is developed or changed after starting in the District, and it is then discovered that the District does not have necessary programs available or does not have space in the special education program, the District may notify the student's parent and the student's resident board. If such notice is provided, the non-resident may be transferred to their resident school district.
8. If the Board has made a determination that a non-resident student attending the District under the Open Enrollment Program is habitually truant from the District during either semester of the current school year, the Board may prohibit the student from attending in the succeeding semester or school year, after complying with the requirements of PI 36.09(2).

The habitual truancy determination shall be made on the sole basis of enrollment in the non-resident district. Open enrollment may not be denied based on the student's truancy from any other district.

D. Reapplication Procedures

The Board will not require accepted non-resident students to reapply under the open enrollment policy as long as the student is continuously enrolled in the District.

E. Termination of Open Enrollment

If the Board determines that a student is habitually truant during either semester of the current school year, the Board may prohibit the nonresident student from attending in the succeeding semester or school year. The District Administrator shall assure compliance with DPI regulations pertaining to open enrollment termination found in Wis. Admin Code PI 36.09.

If the parent or nonresident student believes the student has been marked absent, tardy, or truant in error, the parent or student may contact the school attendance officer and provide a written explanation of the circumstances believed to be in error. The attendance officer shall review the matter and provide a response to the parent or student either correcting the attendance record, confirming the accuracy of the record, or requesting additional information upon which a decision will then be made. If additional information is requested, it must be provided within five (5) school days of the request or no additional information will be considered in the decision.

Open enrollment of a student in a virtual charter school may also be terminated if, on three (3) occasions during a single semester, the student has failed to respond to a school assignment or directive within five (5) school days not counting any days excused by the student's parents up to a maximum of ten (10) school days per year, and after each occurrence the virtual charter school notified the student's parents. After the third incident, the virtual charter school program shall notify the Board of the nonresident students failure to participate in the program. The Board may terminate the student's open enrollment.

F. Transportation

The parents of a student attending a non-resident school district will be solely responsible for providing transportation to and from the school site. The District will permit a non-resident student to ride District transportation if space is available on a regularly-scheduled bus route. The District will provide transportation for a non-resident student with an identified disability for whom transportation is required by the student's IEP.

The Board will not permit a neighboring District to bus resident students from within its boundaries for attendance at the non-resident neighboring District.

ALTERNATIVE APPLICATION PROCEDURES

The parent of a non-resident student who wishes to attend a school in the District may apply at any time throughout the year by submitting an application under the alternative application procedure if the student satisfies at least one (1) of the statutory criteria and has not applied to more than three (3) non-resident school districts.

Applications from a non-resident student under the alternative application procedures received after the Board's January meeting, at which it sets open enrollment space availability numbers for the subsequent year, may be approved for the current year if the Board has not imposed a space limitation for the student's current year grade level and also has not imposed a space limitation for the subsequent school year in the student's subsequent grade level. Alternative applications received prior to the 3rd Friday in September may be approved if the Board has approved all applications for that grade level that were received during the regular period, including the offer of enrollment to applicants placed on the waiting list, if any.

Title	ATTENDANCE
Code	po5200

Last Revised	June 26, 2023

5200 - **ATTENDANCE**

The Board will enforce regular student attendance in the District's program in which each student is enrolled as required pursuant to State law. Further, the Board recognizes that the District's educational program is predicated upon the participation of each student in the program of instruction in which the student is enrolled and required to attend. Student success requires continuity of instruction and program participation. For purposes of this policy, the regular period and hours of instruction including both those periods and hours a student's program require that they are in school as well as any attendance requirements defined as part of a course of virtual instruction, or a combination of the more than one type of instructional delivery.

All children between six (6) and eighteen (18) years of age shall attend school regularly during the full period and hours, religious holidays excepted, that the school in which the child is enrolled is in session until the end of the term, quarter, or semester of the school year in which the child becomes eighteen (18) years of age unless they fall under an exception under State law, this policy, or administrative guideline issued under this policy. A child who is enrolled in five (5) year-old kindergarten shall attend school regularly, religious holidays excepted, during the full period and hours that kindergarten is in session until the end of the school term.

Notification Required

The District Administrator shall require, from the parent of each student or from an adult student, who has been absent for any reason either a written or oral notification stating the reason for the absence and the time period covered by the absence-, except a parent-excused, pre-planned absence requires written or verbal notification as indicated below. The Board reserves the right to verify such statements and to investigate the cause of each:

- A. single absence;
- B. prolonged absence;
- C. repeated unexplained absence and tardiness.

School Attendance Officer

The District Administrator shall designate an administrator at each school to be the School Attendance Officer. The School Attendance Officer shall perform any duties and responsibilities as required by State law, this policy, and any administrative guidelines issued by the school. The duties of the School Attendance Officer shall include, but not be limited to, the following:

- A. Determining daily from attendance reports submitted by teachers which students enrolled in the school, or failed to fulfill the attendance requirements of a virtual instruction program component, are absent from school and whether the absence is excused.
- B. Submitting to the District Administrator, on or before August 1st of each year, a report of the number of students enrolled in the school who were absent in the previous year and whether the absences were excused. The District Administrator shall then submit this information to the State Superintendent.
- C. Providing student attendance information to individuals and agencies for purposes authorized by State law and the Board's

Policy 8330 - Student Records.

Excused Absences

As required under State law, a student shall be excused from school for the following reasons:

A. Physical or Mental Condition

The student is temporarily not in proper physical or mental condition to attend a school program. Absences for this reason may be excused by oral or written notification to the attendance officer by the adult student or minor student's parent. The attendance officer in appropriate circumstances may require a written statement from a health care provider describing the condition and excusing the student for a period not to exceed thirty (30) days.

B. Obtaining Religious Instruction

To enable the student to obtain religious instruction outside the school during the required school period (see Policy 5223 - Absences for Religious Instruction).

C. ~~Permission of Parent~~ Parent-Excused Pre-Planned Absence

The student has been excused verbally or in writing by their parent before the absence for any ~~or no~~ reason. A student may not be excused for more than ten (10) days per school year under this paragraph and must complete any course work missed during the absence.

D. Religious Holiday

For observance of a religious holiday consistent with the student's creed or belief.

E. Suspension or Expulsion

The student has been suspended or expelled.

F. Program or Curriculum Modification

The Board has excused the student from regular school attendance to participate in a program or curriculum modification leading to high school graduation or a high school equivalency diploma as provided by State law.

G. High School Equivalency – Secured Facilities

The Board has excused a student from regular school attendance to participate in a program leading to a high school equivalency diploma in a secured correctional facility, a secured child caring institution, a secure detention facility, or a juvenile portion of a county jail, and the student and the student's parent(s) agree that the student will continue to participate in such a program.

H. Child at Risk

The student is a "child at risk" as defined under State law and is participating in a program at a technical college on either a part-time or full-time basis leading to high school graduation, as provided under State law.

I. Election Day Official

A high school student, including students enrolled in private schools and students, enrolled in home-based private education, age sixteen (16) or seventeen (17) is permitted to be excused to serve as an election official provided that the following criteria are met: (1) the student has the permission of their parent to serve as an election official on election day; (2) the student has signed up and the municipal clerk has informed the principal that the student has been assigned to serve in this capacity; and (3) the student has at least a 3.0-grade point average or equivalent or has met alternative criteria established by Board, if any. The principal shall promptly notify the municipal clerk or the board of election commissioners of the municipality that appointed the child as an election official if the child no longer has at least a 3.0 grade point average or the equivalent, or no longer meets the established alternative requirements. A student's absence to serve as an election official under this policy shall be treated as an excused absence. Where possible students are encouraged to provide advance notice as much as possible. Students are responsible for completing any missed school work and responsible for making appropriate arrangements to do so.

J. Virtual Access

The student is unable to access virtual instruction programming due to a temporary disruption in the student's access to necessary technological systems (i.e. internet outage, computer failure, software malfunction, etc.) as communicated by the student's parent.

Unexcused Absences

Unexcused absences are absences from school for part or all of one (1) or more days from school without an acceptable excuse.

Unexcused absences demonstrate a deliberate disregard for the educational program and are considered a serious matter.

Definitions

A. Truancy

A student will be considered truant if the student is absent part or all of one (1) or more days from school during which the School Attendance Officer, principal, or a teacher has not been notified of the legal cause of such absence by the parent of the absent student. A student who is absent intermittently for the purpose of defeating the intent of the Wisconsin Compulsory Attendance Statute 118.15, Wis. Stats., will also be considered truant.

B. Habitual Truant

A student will be considered a habitual truant if the student is absent from school without an acceptable excuse for part or all of five (5) or more days on which school is held during a school semester.

C. Part of a School Day

Part of a school day is any time period within a school day, which is from the time the first class period of that day begins until the end of the last class period of that day.

Tardiness/Late Arrival and Early Dismissal

It is necessary that a student be in attendance throughout the school day, or as required by the student's virtual instruction program, in order to benefit fully from the educational program of the District. Unless excused per this policy, tardiness, or late arrival, occurs when a student arrives at the student's registered class location after the bell that signals the start of the class period has sounded. Unless excused, early dismissal occurs when a student leaves the student's registered class location before the bell has rung signaling the end of the class period or the end of the school day. Tardiness and early dismissal can occur more than once per day. Tardiness and early dismissal constitute being absent for part of a school day.

The Board recognizes, however, that from time-to-time compelling circumstances require that a student be late to school or dismissed before the end of the school day.

Truancy Plan

The Board will issue a Truancy Plan based upon the recommendations of the County Truancy Committee convened under State law, the Board's policies and procedures, and applicable provisions of State law. The Board will review and, if appropriate, revise the Truancy Plan at least once every two (2) years.

The Truancy Plan will include, at a minimum, the following:

- A. procedures to be followed for notifying the parents of the unexcused absences of a student who is truant or a habitual truant and for meeting and conferring with such parents
- B. plans and procedures for identifying truant children of all ages and returning them to school, including the identity of school personnel to whom a truant child shall be returned
- C. methods to increase and maintain public awareness of and involvement in responding to truancy within the school district
- D. a provision addressing the immediate response to be made by school personnel when a truant child is returned to school
- E. the types of truancy cases to be referred to the District Attorney and the time periods within which the District Attorney will respond to and take action on the referrals
- F. plans and procedures to coordinate the responses to the problems of habitual truants, as defined under Sec. 118.16(1)(a), Wis. Stats., with public and private social services agencies
- G. methods to involve the truant child's parent in dealing with and solving the child's truancy problem

Notice of Truancy

The School Attendance Officer shall notify a truant student's parent of the student's truancy and direct the parent to return the student to school no later than the next day on which school is in session or to provide an excuse for the absence. The notice under this paragraph shall be given before the end of the second school day after receiving a report of an unexcused absence. The notice may be made by electronic communication, personal contact, telephone call, or 1st class mail, and a written record of this notice shall be kept. This notice must be given every time a student is truant until the student becomes a habitual truant.

Notice of Habitual Truancy

When a student initially becomes a habitual truant, the School Attendance Officer shall provide a notice to the student's parent, by registered or certified mail, or by 1st class mail. The School Attendance Officer may simultaneously notify the parent of the habitually truant student by an electronic communication. The notice must contain the following:

- A. a statement of the parent's responsibility under State law to cause the student to attend school regularly
- B. a statement that the parent or student may request program or curriculum modifications for the student under State law and that the student may be eligible for enrollment in a program for children at risk
- C. a request that the parent meet with the appropriate school personnel to discuss the student's truancy

The notice shall include the name of the school personnel with whom the parent should meet, a date, time, and place for the meeting, and the name, address, and telephone number of a person to contact to arrange a different date, time, or place. The date for the meeting shall be within five (5) school days after the date that the notice is sent, except that with the consent of the student's parent the date for the meeting may be extended for an additional five (5) school days.

- D. a statement of the penalties, under State law or local ordinances that may be imposed on the parent upon failure to cause the child to attend school regularly as required by State law.
- E. if the student is attending the District through the Open Enrollment Program, each notification shall also inform the parent: (1) that the student's open enrollment may be terminated if the student is habitually truant; and (2) the process described in Board Policy 5113 - Open Enrollment Program (Inter-District), which the parent or student may follow if they believe the student was erroneously marked truant.

The School Attendance Officer will also continue to notify the parent of a habitual truant's subsequent unexcused absences.

Referral to the District Attorney

Truancy cases will be referred to the District Attorney as provided in the County Truancy Committee Plan. The School Attendance Officer will ensure that appropriate school personnel have done the following before any case is referred to the District Attorney:

- A. met with the student's parent to discuss the student's truancy or attempted to meet with the student's parent and received no response or were refused
- B. provided an opportunity for educational counseling to the student to determine whether a change in the student's curriculum would resolve the student's truancy and have curriculum modifications under State law
- C. evaluated the student to determine whether learning problems may be a cause of the student's truancy and, if so, have taken steps to overcome the learning problems, except that the student need not be evaluated if tests administered to the student within the previous year indicate that the student is performing at grade level
- D. conducted an evaluation to determine whether social problems may be a cause of the student's truancy and, if so, have taken appropriate action or made appropriate referrals

Note that paragraph A. is not required if the meeting between school personnel, the student, and the student's parent, which was requested in the Notice of Habitual Truancy to the parent, did not occur within ten (10) school days after the Notice was sent. Paragraphs B., C., and D. are not required if appropriate school personnel were unable to carry out the activity due to the student's absences from school.

Excused Absences

A student whose absence from school was excused, except for an expelled student, shall be permitted to make-up course work and any quarterly, semester, or grading period examinations missed during the absences when they return to school. It is the student's responsibility to contact their teachers to determine what course work and examinations must be made-up. Teachers shall have the discretion to assign substitute course work and examinations. Teachers shall also have the discretion to specify where and when examinations and course work shall be completed, including outside regular school hours. The time for completing the work shall be commensurate with the length of the absence unless extended by the principal based upon extenuating circumstances.

Unexcused Absences

Credit in a course or subject shall not be denied solely because of a student's unexcused absences from school.

Students with unexcused absences shall be permitted to make-up course work and any trimester or grading period examinations missed during the absence if the student is at risk of receiving no credit in a course or subject if the work is not made up.

Subject to the immediately preceding two (2) paragraphs, credit may, but is not required to be given for the completion of make-up work. Further, credit for make-up work may be given only after the student has satisfied consequences imposed for unexcused absences. The extent to which make-up credit is given shall be determined on a case-by-case basis by the principal and the respective teachers.

If make-up work has been assigned, it is the student's responsibility to contact their teachers to determine what course work and examinations must be made-up. Teachers shall have the discretion to assign substitute course work and examinations. Teachers shall also have the discretion to specify where and when examinations and course work shall be completed, including outside regular school hours. The time for completing the work shall be commensurate with the length of the absence unless extended by the principal based upon extenuating circumstances.

5215 - **MISSING AND ABSENT CHILDREN**

It is the intent of this Board to cooperate with local, State, and National efforts to decrease the number of missing children. For purposes of this Policy, the following definitions apply:

"Absent child" means a child that left the child's parents or approved placement through social services and whose whereabouts are known, but who refuses to return. This involves children who are runaways, but not known to be missing.

"Missing child" means a child whose whereabouts are unknown, which may include abducted children who have been abducted by a non-custodial parent, a victim of human trafficking, or another unknown circumstance.

The District Administrator and/or ~~building principals~~ Principals shall permit during the school day the entrance into the school a student lacking records or identification as a student, and shall ~~assure that~~ allow the child ~~remain~~ to remain in the building office area until law enforcement or social services is notified and takes custody of the child. Such a procedure reduces the risk of removal of a missing or absent child from the area before intervention by law enforcement or social services.

Procedures in this policy are to be implemented in coordination with Policy 5111.01 - Homeless Students.

Revised Policy - Vol. 32, No. 1

5517 - STUDENT ANTI-HARASSMENT

Prohibited Harassment

It is the policy of the Board to maintain an educational environment that is free from all forms of harassment. This commitment applies to all District operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of harassment. This policy applies to conduct occurring in any manner or setting over which the Board can exercise control, including on school property, or at another location if such conduct occurs during an activity sponsored by the Board.

The Board will not tolerate any form of harassment and will take all necessary and appropriate actions to eliminate it, including suspension or expulsion of students and disciplinary action against any other individual in the School District community. Additionally, appropriate action will be taken to stop and otherwise deal with any third party who engages in harassment against our students.

The Board will vigorously enforce its prohibition against harassment based on the traits of sex (including gender status, change of sex, or gender identity), race, color, national origin, religion, creed, ancestry, marital or parental status, sexual orientation or physical, mental, emotional or learning disability, or any other characteristic protected by Federal or State civil rights laws (hereinafter referred to as "Protected Classes"), and encourages those within the School District community as well as Third Parties, who feel aggrieved to seek assistance to rectify such problems. Additionally, the Board prohibits harassing behavior directed at students for any reason, even if not based on one of the Protected Classes, through its policies on bullying (See Policy 5517.01 – Bullying).

~~Harassment may occur student-to-student, student-to-staff, staff-to-student, male-to-female, female-to-male, male-to-male, or female-to-female.~~ The Board will investigate all allegations of harassment and in those cases where harassment is substantiated, the Board will take immediate steps designed to end the harassment, prevent its reoccurrence, and remedy its effects. Individuals who are found to have engaged in harassment will be subject to appropriate disciplinary action.

Other Violations of the Anti-Harassment Policy

The Board will also take ~~immediate~~ prompt steps to impose disciplinary action on individuals engaging in any of the following prohibited acts:

- A. Retaliating against a person who has made a report or filed a complaint alleging harassment, or who has participated as a witness in a harassment investigation;
- B. Filing a malicious or knowingly false report or complaint of harassment;
- C. Disregarding, failing to investigate adequately, or delaying investigation of allegations of harassment, when responsibility for reporting and/or investigating harassment ~~charges~~complaints comprises part of one's duties

Sexual Harassment covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities, i.e., sexual harassment prohibited by Title IX, is not included in this policy. Allegations of such conduct shall be addressed ~~solely~~ by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities.

Notice of the Board's policy on anti-harassment in the educational environment and the identity of the District's Compliance Officers will be posted throughout the District and published in any District statement regarding the availability of employment, staff handbooks, and general information publications of the District as required by Federal and State law and this policy.

Definitions

Words used in this policy shall have those meanings defined herein; words not defined herein shall be construed according to their plain and ordinary meanings.

Complainant is the individual who alleges, or is alleged, to have been subjected to harassment, regardless of whether the person files a formal complaint or is pursuing an informal resolution to the alleged harassment.

Day(s) ~~—Unless expressly stated otherwise, the term “day” or “days” as used in this policy~~ means business day(s) (i.e., a day(s) that the District office is open for normal operating hours, Monday – Friday, excluding State-recognized holidays) unless expressly stated otherwise herein.

Respondent is the individual who has been alleged to have engaged in harassment, regardless of whether the Reporting Party files a formal complaint or is seeking an informal resolution to the alleged harassment.

School District community means individuals, students, ~~and Board employees (i.e., administrators, and professional and classified staff)~~ administrators, teachers, and staff, as well as Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

Third Parties include, but are not limited to, guests and/or visitors on School District property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or seeking to do business with, the Board, and other individuals who come in contact with members of the School District community at school-related events/activities (whether on or off District property).

Bullying

Bullying is prohibited by Board Policy 5517.01 – Bullying. It is defined as deliberate or intentional behavior using words or actions, intended to cause fear, intimidation, or harm. Bullying may be a repeated behavior and involves an imbalance of power. Furthermore, it may be serious enough to negatively impact a student's educational, physical, or emotional well-being. Bullying need not be based on any Protected Class. Bullying behavior rises to the level of harassment when the prohibited conduct is based upon the student's sex (including gender status, change of sex, or gender identity), race, color, national origin, religion, creed, ancestry, marital or parental status, sexual orientation, ~~or~~ physical, mental, emotional, or learning disability, or any other characteristic protected by Federal or State civil rights. Complaints brought under this policy that are more appropriately handled under the Bullying policy shall be referred for investigation consistent with the procedures in that policy.

Bullying that rises to the level of Sexual Harassment is covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities, i.e., sexual harassment prohibited by Title IX, and is not included in this policy. Allegations of such conduct shall be addressed ~~solely~~ by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities.

Harassment

Harassment means any threatening, insulting, or dehumanizing gesture, use of data or computer software, or written, verbal or physical conduct directed against a student based on one or more of the student's Protected Class that:

- A. places a student in reasonable fear of harm to ~~his/her~~their person or damage to ~~his/her~~their property;
- B. has the effect of substantially interfering with a student's educational performance, opportunities, or benefits; or
- C. has the effect of substantially disrupting the orderly operation of a school.

“Harassment” also includes “hate speech” directed against a student—the use of language, behavior, or images/symbols that express prejudice against a particular group or groups on the basis of any protected characteristic(s).

Examples are:

- A. making statements that promote violence toward a racial or ethnic group;
- B. drawing, displaying, or posting images or symbols of prejudice ~~(e.g., swastikas)~~.

Sexual Harassment

For purposes of this policy ~~and consistent with Title VII of the Civil Rights Act of 1964~~ only and not sexual harassment under Title IX, addressed in Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities, "sexual harassment" is defined as unwelcome sexual advances, requests for sexual favors, sexually motivated physical conduct or other verbal or physical conduct or communication of a sexual nature when:

- A. submission to that conduct or communication is made a term or condition, either explicitly or implicitly, of access to educational opportunities or program;

- B. submission or rejection of that conduct or communication by an individual is used as a factor in decisions affecting that individual's education;
- C. that conduct or communication has the purpose or effect of substantially or unreasonably interfering with an individual's education, or creating an intimidating, hostile, or offensive educational environment.

Sexual harassment may involve the behavior of a person of any gender against a person of the same or another gender.

Prohibited acts that constitute sexual harassment under this policy may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

- A. unwelcome verbal harassment or abuse;
- B. unwelcome pressure for sexual activity;
- C. threats or insinuations that a person's employment, wages, academic grade, promotion, classroom work or assignments, academic status, participation in athletics or extra-curricular programs, activities, or events, or other conditions of employment or education may be adversely affected by not submitting to sexual advances;
- D. unwelcome verbal expressions, including graphic sexual commentaries about a person's body, dress, appearance, or sexual activities; the unwelcome use of sexually degrading language, profanity, jokes or innuendoes; unwelcome suggestive or insulting sounds or whistles; obscene telephone calls and obscene gestures;
- E. Sexually suggestive objects, pictures, graffiti, videos, posters, audio recordings or literature, placed in the work or educational environment, that may reasonably embarrass or offend individuals;
- F. unwelcome, sexually motivated or inappropriate patting, pinching, or physical contact, other than necessary restraint of students by teachers, administrators, or other school personnel to avoid physical harm to persons or property;
- G. unwelcome sexual behavior or words including demands for sexual favors, accompanied by implied or overt threats concerning an individual's educational status;
- H. unwelcome sexual behavior or words, including demands for sexual favors, accompanied by implied or overt promises of preferential treatment with regard to an individual's educational status;
- I. unwelcome behavior or words directed at an individual because of gender;

Examples are:

1. repeatedly asking a person for dates or sexual behavior after the person has indicated no interest;
 2. rating a person's sexuality or attractiveness;
 3. staring or leering at various parts of another person's body;
 4. spreading rumors about a person's sexuality;
 5. letters, notes, telephone calls, or materials of a sexual nature;
 6. displaying pictures, calendars, cartoons, or other materials with sexual content.
- J. inappropriate boundary invasions by a District employee or other adult member of the District community into a student's personal space and personal life;

Boundary invasions may be appropriate or inappropriate. Appropriate boundary invasions make medical or educational sense. For example, a teacher or aide assisting a kindergartner after a toileting accident or a coach touching a student during wrestling or football can be appropriate. However other behaviors might be going too far, are inappropriate and may be signs of sexual grooming.

Inappropriate boundary invasions may include, but are not limited to the following:

1. hugging, kissing, or other physical contacts with a student;
2. telling sexual jokes to students;
3. engaging in talk containing sexual innuendo or banter with students;
4. talking about sexual topics that are not related to the curriculum;
5. showing pornography to a student;

6. taking an undue interest in a student (i.e. having a "special friend" or a "special relationship");
7. initiating or extending contact with students beyond the school day for personal purposes;
8. using e-mail, text messaging or websites to discuss personal topics or interests with students;
9. giving students rides in the staff member's personal vehicle or taking students on personal outings without administrative approval;
10. invading a student's privacy (e.g. walking in on the student in the bathroom, locker-room, asking about bra sizes or previous sexual experiences);
11. going to a student's home for non-educational purposes;
12. inviting students to the staff member's home without proper chaperones (i.e. another staff member or parent of a student);
13. giving gifts or money to a student for no legitimate educational purpose;
14. accepting gifts or money from a student for no legitimate educational purpose;
15. being overly "touchy" with students;
16. favoring certain students by inviting them to come to the classroom at non-class times;
17. getting a student out of class to visit with the staff member;
18. providing advice to or counseling a student regarding a personal problem (i.e. problems related to sexual behavior, substance abuse, mental or physical health, and/or family relationships, etc.), unless properly licensed and authorized to do so;
19. talking to a student about problems that would normally be discussed with adults (i.e. marital issues);
20. being alone with a student behind closed doors without a legitimate educational purpose;
21. telling a student "secrets" and having "secrets" with a student;
22. other similar activities or behavior

Inappropriate boundary invasions are prohibited and must be reported promptly to one of the District Compliance Officers, as designated in this policy, the Building Principal or the District Administrator.

- K. remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history;
- L. verbal, nonverbal, or physical aggression, intimidation, or hostility based on sex or sex-stereotyping that does not involve conduct of a sexual nature.

~~It is further the policy of the Board that a sexual relationship between staff and students is not permissible in any form or under any circumstances, in or out of the workplace, in that it interferes with the educational process and may involve elements of coercion by reason of the relative status of a staff member to a student.~~

Not all behavior with sexual connotations constitutes sexual harassment. Sex-based or gender-based conduct must be sufficiently severe, pervasive, and/or persistent such that it adversely affects, limits, or denies an individual's education, or such that it creates a hostile or abusive educational environment, or such that it is intended to, or has the effect of, denying or limiting a student's ability to participate in or benefit from the educational program or activities.

It is further the policy of the Board that a sexual relationship between staff and students is not permissible in any form or under any circumstances, in or out of the workplace, in that it interferes with the educational process and may involve elements of coercion by reason of the relative status of a staff member to a student.

Race/Color Harassment

Prohibited racial harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's race or color and when the conduct has the purpose or effect of: interfering with the individual's educational performance; creating an intimidating, hostile, or offensive learning environment; or interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's race or color, such as racial slurs, nicknames implying stereotypes, epithets, and/or negative references regarding racial customs.

Religious (Creed) Harassment

Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of: interfering with the individual's work or educational performance;

creating an intimidating, hostile, or offensive learning environment; or interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's religious tradition, clothing, or surnames, and/or involves religious slurs.

National Origin/Ancestry Harassment

Prohibited national origin/ancestry harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's national origin or ancestry and when the conduct has the purpose or effect of: interfering with the individual's educational performance; creating an intimidating, hostile, or offensive working and/or learning environment; or interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's national origin or ancestry, such as negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs.

Disability Harassment

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's physical, mental, emotional or learning disability and when the conduct has the purpose or effect of: interfering with the individual's educational performance; creating an intimidating, hostile, or offensive learning environment; or interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's disability, such as negative comments about speech patterns, movement, physical impairments or defects/appearances, or the like.

- D. Any other person with knowledge or belief that a student has or may have been the victim of harassment prohibited by this policy shall be encouraged to immediately report the alleged acts to any District employee, such as a teacher, administrator or other employees.
- E. The reporting party or Complainant shall be encouraged to use a report form available from the principal of each building or available from the District office, but oral reports shall be considered complaints as well. Use of formal reporting forms shall not be mandated. However, all oral complaints shall be reduced to writing.
- F. To provide individuals with options for reporting harassment to an individual of the gender with which they feel most comfortable, ~~each school's building principal shall be advised to~~ the Board has ~~designated~~designated both a male and a female Compliance Officer for receiving reports of harassment prohibited by this policy. At least one (1) Compliance Officer or other individuals shall be available outside regular school hours to address complaints of harassment that may require immediate attention.

A CO will be available during regular school/work hours to discuss concerns related to harassment, and to assist students, other members of the School District community, and third parties who seek support or advice when informing another individual about "unwelcome" conduct, or to intercede informally on behalf of the student.

Any Board employee who directly observes harassment of a student is obligated, in accordance with this policy, to report such observations to one of the COs within two (2) days. Thereafter, the COs must contact the Complainant, if over age eighteen (18) or the Complainant's parents/guardians if under ~~the~~ age eighteen (18), within two (2) days to advise of the Board's intent to investigate the alleged misconduct, including the obligation of the ~~compliance officer~~Compliance Officer to conduct an investigation following all the procedures outlined in the complaint procedures.

The COs are assigned to accept complaints of harassment directly from any member of the School District community or a Third Party, or to receive complaints that are initially filed with a school building administrator. Upon receipt of a complaint, either directly or through a school building administrator, a CO will contact the Complainant and begin either an informal or formal process (depending on the request of the Complainant or the nature of the alleged harassment), or the District Administrator will designate a specific individual to conduct the process necessary for an informal or formal investigation. The Compliance Officer(s) will provide a copy of this policy to the Complainant and Respondent. The CO will prepare recommendations for the District Administrator. In the case of a complaint against the District Administrator or a Board member, the CO will prepare recommendations for the Board Attorney who has been designated to serve as the decision-maker for such complaints ~~or will oversee the preparation of such recommendations by a designee~~. All Board employees must report incidents of harassment that are reported to them to the Compliance Officer as soon as possible, but always within no more than two (2) days of learning of the incident.

In cases where no District CO is able to investigate a complaint due to concerns regarding conflicts, bias, or partiality, or for other reasons that impair the CO's ability to conduct an investigation, the CO may, in consultation with the District Administrator, or Board President if the matter involves the District Administrator, engage outside legal counsel to conduct the investigation consistent with this policy.

~~Investigation and Complaint Procedure~~ **Filing a Complaint and Initial Processing of a Complaint**

Except for Sexual Harassment that is covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Program or Activities, any student, or the student's parent/guardian, who believes that ~~they have~~the student has been subjected to harassment may seek resolution of the complaint through the procedures described below. The formal complaint process involves an investigation of the Complainant's claims of harassment or retaliation and a process for rendering a decision regarding whether the charges are substantiated.

~~Due to the sensitivity surrounding complaints of harassment, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. Once the complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) calendar days of the complaint being received).~~

The procedures set forth below are not intended to interfere with the rights of a student to pursue a complaint of harassment or retaliation with the United States Department of Education Office for Civil Rights ("OCR") and/or ~~the Wisconsin Equal Rights Division~~another applicable government agency. The Chicago Office of the OCR can be reached at John C. Kluczynski Federal Building, 230 S. Dearborn Street, 37th Floor Chicago, IL 60604; Telephone: 312-730-1560; FAX: 312-730-1576; TDD: 800-877-8339; Email: OCR.Chicago@ed.gov; Web: <http://www.ed.gov/ocr>.

If at any time during the investigation process the investigator determines that the complaint is properly defined as Bullying, under Policy 5517.01 - Bullying and not Harassment under this Policy, because the conduct at issue is not based on a student's Protected Characteristics, the investigator shall transfer the investigation to the appropriate building principal.

If during an investigation of alleged bullying, aggressive behavior, ¹²³and/or harassment, in accordance with Policy 5517.01 - Bullying, the Principal believes that the reported misconduct may have created a hostile educational environment and may have constituted

discriminatory harassment based on a Protected Class, the Principal shall report the act of bullying, aggressive behavior, and/or harassment to one (1) of the Compliance Officer(s) who shall investigate the allegation in accordance with this policy. If the alleged harassment involves Sexual Harassment as defined by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Program or Activities, the matter will be investigated in accordance with the grievance process and procedures outlined in Policy 2266 - Nondiscrimination on the Basis of Sex in Education Program or Activities. While the Compliance Officer investigates the allegation, or the matter is being addressed pursuant to Policy 2266, the Principal shall suspend the Policy 5517.01- Bullying investigation to await the Compliance Officer's written report or the determination of responsibility pursuant to Policy 2266 -Nondiscrimination on the Basis of Sex in Education Program or Activities. The Compliance Officer shall keep the Principal informed of the status of the investigation under this policy and provide the Principal with a copy of the resulting report. Likewise, the Title IX Coordinator will provide the Principal with the determination of responsibility that results from the Policy 2266 - Nondiscrimination on the Basis of Sex in Education Program or Activities grievance process.

Complaint and Investigation Procedure

A Complainant may file a complaint, either orally or in writing with a teacher, principal, or other District employee at the student's school, the CO, District Administrator, or other District official who works at another school or at the District level. Due to the sensitivity surrounding complaints of harassment, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. If a Complainant informs a teacher, principal, or other District official at the student's school, the CO, District Administrator, or other District employee, either orally or in writing, about any complaint of harassment, that employee must report such information to the CO within two (2) days.

Throughout the course of the process, the CO should keep the parties reasonably informed of the status of the investigation and the decision-making process.

All complaints must include the following information to the extent known: the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e., when, where, and what occurred); and a list of potential witnesses.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the Compliance Officer shall ask for such details in an oral interview. Thereafter the CO will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the Complainant from further harassment or retaliation including but not limited to a change of class schedule for the Complainant or the Respondent, or possibly a change of school for either or both of the parties. In making such a determination, the Compliance Officer should consult the Principal prior to any action being taken, except for complaints against the District Administrator, in which case the Board President should be consulted. The Complainant should be notified of any proposed action prior to such action being taken.

As soon as appropriate in the investigation process, the CO will inform the Respondent that a complaint has been received. The Respondent will be informed about the nature of the allegations and a copy of any relevant policies and/or administrative procedures and the Board's anti-harassment policy shall be provided to the Respondent at that time. The Respondent must also be provided an opportunity to respond to the complaint.

All investigations shall be commenced as soon as practicable upon receipt of a complaint and concluded as expeditiously as feasible, in consideration of the circumstances, while taking measures to complete a thorough investigation. The Complainant shall be notified in writing of receipt of the complaint within forty-five (45) days of the complaint and shall reach a determination concerning the complaint within ninety (90) days of receipt unless additional time is agreed to by the Complainant.

Generally, within two (2) days of receiving the complaint, the CO will initiate an investigation by at a minimum confirming receipt of the complaint with the complainant and informing the complainant of the investigation process.

The investigation generally will include:

- A. interview(s) with the Complainant;
- B. interview(s) with the Respondent;
- C. interviews with any other witnesses who reasonably may be expected to have any information relevant to the allegations, as determined by the CO;
- D. consideration of any documentation or other evidence presented by the Complainant, Respondent, or any other witness which is reasonably believed to be relevant to the allegations, as determined by the CO.

At the conclusion of the investigation, the CO shall prepare and deliver a ~~written~~ report to the District Administrator which summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of harassment as provided in Board policy and State and Federal law as to whether the Respondent engaged in harassment/retaliation of the Complainant. In determining if harassment occurred, a preponderance of evidence standard will be used. The CO's recommendations must be based upon the totality of the circumstances, including the ages and maturity levels of those involved.

Generally, within five (5) days of receiving the report of the CO or designee, the District Administrator, or in the case of a complaint against the District Administrator or a Board member, the person designated to serve as the decision-maker for the complaint either must issue a written decision regarding whether the complaint has been substantiated or request further investigation. A copy of the District Administrator's final decision will be delivered to both the Complainant and the Respondent. The District Administrator may redact information from the decision consistent with applicable law. The Board authorizes the District Administrator to consult with legal counsel to determine the extent to which information in an investigation report must be provided to either the Complainant or Respondent.

If the District Administrator requests additional investigation, the District Administrator must specify the additional information that is to be gathered, and such additional investigation must be completed within ~~ten (10)~~ five (5) days. At the conclusion of the additional investigation, the District Administrator must issue a final written decision as described above.

The decision of the District Administrator shall be final. If the Complainant feels that the decision does not adequately address the complaint ~~s/het~~ they may appeal the decision to the State Superintendent of Public Instruction by submitting a written request to the Wisconsin Department of Public Instruction ("DPI"), Pupil Nondiscrimination Program, or by contacting the DPI Pupil Nondiscrimination Program at (608) 267-9157.

~~If the decision of the District Administrator is that there is no finding of harassment pursuant to this policy, the student/parent will be informed of the provisions of Policy 5517.01 -- Bullying.~~

The Board reserves the right to investigate and resolve a complaint or report of harassment regardless of whether the member of the School District community or Third Party alleging the harassment pursues the complaint. The Board also reserves the right to have the complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board.

~~The~~To the extent required by law or permitted by the District, the parties may be represented, at their own cost, at any of the above-described meetings/hearings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

Additional School District Action

If the evidence suggests that the harassment at issue is a crime or requires mandatory reporting under the Children's Code (Sec. 48.981, Wis. Stat.), the CO or District Administrator shall report the harassment to the appropriate social service and/or law enforcement agency charged with responsibility for handling such investigations and crimes.

Any reports made to the local child protection service or to local law enforcement shall not terminate the CO's obligation and responsibility to continue to investigate a complaint of harassment. While the COs may work cooperatively with outside agencies to conduct concurrent investigations, in no event shall the harassment investigation be inhibited by the involvement of outside agencies without good cause after consultation with the District Administrator.

Privacy/Confidentiality

The District will ~~make~~ employ all reasonable efforts to protect the rights of the Complainant, and the Respondent(s), and the witnesses as much as possible, consistent with the District's legal obligations to investigation, take appropriate action, and comply with any discovery or disclosure obligations. ~~The District will respect the privacy of the Complainant, the Respondent, and all witnesses in a manner consistent with the District's legal obligations under State and Federal law.~~ Confidentiality cannot be guaranteed, however. Respondents must be provided an opportunity to meaningfully respond to allegations, which may include disclosure of the Complainant's identity. ~~Additionally, the Respondent must be provided the Complainant's identity.~~

All records generated under the terms of this policy shall be maintained as confidential to the extent permitted by law. Additionally, the Respondent must be provided with the Complainant's identity.

During the course of an investigation, the CO will instruct ~~all members of the School District community and third parties~~ each person who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of a ~~harassment~~ investigation is expected not to disclose to Third Parties any information that is learned or provided during the course of the investigation.

Directives During Investigation

The CO may recommend to the District Administrator placing any employee involved in an investigation under this Policy on administrative leave pending resolution of the matter. If the District Administrator is the Respondent, the CO shall make such recommendation to the Board. For example, administrative leave may be appropriate in situations in which protecting the safety of any individual or the integrity of the investigation necessitates such action.

The CO shall determine whether any witnesses in the course of an investigation should be provided a Garrity warning apprising the person of their obligations to answer questions truthfully and honestly while preserving the right against self-incrimination in the context of any resulting criminal investigation or prosecution.

Every employee interviewed in the course of an investigation is required to provide truthful responses to all questions. Failure to do so may result in disciplinary action.

Remedial Action and Monitoring

If warranted, appropriate remedial action shall be determined and implemented on behalf of the Complainant, including but not limited to counseling services, reinstatement of leave taken because of the discrimination, or other appropriate action.

The Board may appoint an individual, who may be a District employee, to follow up with the Complainant to ensure no further discrimination or retaliation has occurred and to take action to address any reported occurrences promptly.

Sanctions and Disciplinary Action

The Board shall vigorously enforce its prohibitions against harassment by taking appropriate action reasonably calculated to stop the harassment and prevent further misconduct.

While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable law.

When imposing discipline, the District Administrator shall consider the totality of the circumstances involved in the matter, including the age and maturity level of any student involved. In those cases where harassment is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies.

Where the Board becomes aware that a prior disciplinary action has been taken against the Respondent, all subsequent sanctions imposed by the Board and/or District Administrator shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made by any Federal or State civil rights law, or because that individual made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Reprisal

~~Submission of a good faith complaint or report of harassment will not affect the Complainant's status or educational environment. However, the Board also recognizes that false or fraudulent claims of harassment or false or fraudulent information about such claims may be filed. The Board reserves the right to discipline any person filing a false or fraudulent claim of harassment or false or fraudulent information about such a claim.~~

~~The District will discipline or take appropriate action against any member of the School District community who retaliates against any person who reports an incident of harassment prohibited by this policy or participates in a proceeding, investigation, or hearing relating to such harassment. Retaliation includes, but is not limited to, any form of intimidation, reprisal, or harassment.~~

Education and Training

~~In support of this policy, the Board promotes preventative educational measures to create greater awareness of discriminatory practices. The District Administrator will develop a method of discussing this policy with the School District community shall provide appropriate information to all members of the School District community related to the implementation of this policy and shall provide training for District students and staff where appropriate. Training on the requirements of non-discrimination and the appropriate responses to issues of harassment will be provided to the School District community at such times as the Board in consultation with the District Administrator determines is necessary or appropriate. All training, as well as all information, provided regarding the Board's policy and discrimination in general, will be age and content appropriate.~~

~~This policy shall be reviewed at least annually for compliance with local, State, and Federal law.~~

~~The District shall conspicuously post a notice including this policy against harassment in each school in a place accessible to the School District community and members of the public. This notice shall also include the name, mailing address and telephone~~

~~number of the Compliance Officers, the name, mailing address and telephone number of the State agency responsible for investigating allegations of discrimination in educational opportunities, and the mailing address and telephone number of the United States Department of Education, Office for Civil Rights.~~

~~A () copy () summary of this policy shall appear in the student handbook and shall be made available upon request of parents, students, and other interested parties.~~

Retention of Investigatory Records and Materials

The CO is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all information, documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and received as part of an investigation ~~including~~ which may include but are not limited to:

5530 - **STUDENT USE OR POSSESSION OF INTOXICANTS, DRUGS, OR PARAPHERNALIA DRUG PREVENTION**

The Board recognizes that the misuse of drugs is a serious problem with legal, physical, and social implications for the entire school community.

As the educational institution of this community, the schools should strive to prevent drug abuse and help drug abusers by educational, rather than punitive, means.

For purposes of this policy, "drugs" shall mean:

- A. all dangerous controlled substances as so designated and prohibited by Wisconsin statute;
- E. all derivatives of hemp, except CBD products permitted by the school (see Policy 5330 - Administration of Medication/Emergency Care);

This includes Delta-8-THC, Delta-9-THC, Delta-10-THC, Delta-11-THC, THC-0, and all other forms that cause psychosis; in all forms of delivery (i.e., inhalation, ingestion, injection, etc.).
- C. all chemicals which release toxic vapors;
- D. all alcoholic beverages;
- E. any prescription or patent drug, except those for which permission to use in school has been granted pursuant to Board policy;
- F. "look-alikes";
- C. essential oils and oil like products that may be mistaken for a drug (see Policy 5330 - Administration of Medication/Emergency Care);
- H. anabolic steroids;
- I. any other illegal substance so designated and prohibited by law.

The Board prohibits the use, possession, concealment, or distribution of any drug and any drug-paraphernalia at any time on District property or at any District-related event.

The District Administrator shall prepare guidelines for the identification, amelioration, and regulation of drug use in the schools, including education, prevention and standards of conduct. Education shall be intended to develop awareness of: drug abuse, including prescription drug abuse, and prevention; the relationship between highway safety and the use of alcohol and controlled substances, including prescription drugs; and the relationship between youth suicide and the use of alcohol and controlled substances, including prescription drugs.

Replacement Policy - Vol. 32, No. 2

5350 - SUICIDE PREVENTION, INTERVENTION, AND POSTVENTION

The Board recognizes that suicide is a leading cause of death among youth and must be taken seriously. In order to attempt to reduce suicidal behavior and its impact on students and families, the District Administrator shall develop prevention, intervention, and postvention strategies and procedures.

The District Administrator may involve school health professionals, school counselors, administrators, other staff, parents/guardians, students, local health agencies and professionals, and community organizations in planning, implementing, and evaluating the district's strategies for suicide prevention, intervention, and postvention.

The District Administrator may offer parents education or information which describes the severity of the youth suicide problem, the district's suicide prevention curriculum, risk factors and warning signs of suicide, basic steps for helping suicidal youth, and/or school and community resources that can help youth in crisis.

Prevention and Instruction

Using the Department of Public Instruction notice, the District Administrator shall annually inform the professional staff of the resources available from the Department and other resources regarding suicide prevention. The District Administrator shall also implement procedures to obtain payment or reimbursement for professional mental health services provided by any licensed treatment professional.

Suicide prevention strategies may include, but not be limited to, efforts to promote a positive school climate that enhances students' feelings of connectedness with the school and is characterized by caring staff and harmonious interrelationships among students.

Developmentally appropriate, student-centered education materials will be integrated into the curriculum of all K-12 health classes. The content of these materials will:

- A. encourage positive social and emotional development.
- B. teach life skills such as problem-solving and sound decision-making.
- C. provide knowledge of the relationship between youth suicide and the use of alcohol and controlled substances.
- D. promote awareness of the warning signs of suicide, how to respond to potential suicidal persons and available community counseling and mental services

Staff Development

Suicide prevention training for staff shall be designed to help staff identify and respond to students at risk of suicide. The training shall be offered under the direction of a school counselor/school psychologist and/or in cooperation with one or more community mental health agencies.

Suicide Intervention; Civil Liability Exemption

Any School District officer, employee, or volunteer who in good faith attempts to prevent suicide by a student is immune from civil liability for their acts or omissions in respect to the suicide or attempted suicide.

Postvention

The Board recognizes that the death of a staff member or student, whether by suicide or other means, that affects the entire school and community. In the event of a staff member or student's death, it is critical that the school's response be swift, consistent, and intended to protect the student body and community.

Confirming the News and Convening the Education Support Team

Upon receiving news of a student's or employee's death, including an unconfirmed rumor, a staff member must immediately contact the Principal, and/or designee. Contact must be made whether this is during or outside school hours.

In the case of a death by suicide, other concerns such as the prevention of suicide contagion will be taken into account. Suicide contagion is the process by which suicidal behavior or a suicide completion influences an increase in the suicide risk of others. Identification, modeling, and guilt are each thought to play a role in contagion. Although rare, suicide contagion can result in a cluster of suicides within a community.

6236 - COMMUNITY SERVICES FUND (FUND 80)

It is the purpose of this policy to authorize a Community Services Fund (hereinafter referred to as "Fund 80") for the development and maintenance of programs and services outside of the regular curricular and extra-curricular programs (these programs may include education, training, recreational, cultural and/or athletic programs and services).

The Community Services Program is accounted for in Fund 80 and the Board may fund the program by a combination of a local tax levy and user/rental fees. Fund 80 expenses shall not be paid from the Fund 10 general fund.

Each activity or service covered by this policy must be authorized by the Board before monies can be collected or disbursed in the name of said activity or service.

Each activity or service supported by this fund must be open for participation by the general community within any age or similar guidelines of the activity and not contain prohibitive requirements based on school district membership. The following costs are ineligible costs for community programs and services:

- A. Costs for any program or service that is limited to only District students;
- B. Costs for any program or service whose schedule presents a significant barrier for age-appropriate School District resident to participate in the program or service;
- C. Costs that are not the actual, additional cost to operate community programs and services under this policy; and
- D. Costs that would be incurred by the District if community programs and services were not being provided by the District.

7250.01 - MEMORIALS FOR STAFF AND STUDENTS

The Board recognizes the far-reaching impact that a student's or staff member's death may have on other students, staff, families, and the community as well as the importance of remembering deaths of students or staff, and recommends that memorials take an active form.

Some examples of memorials include a blood drive, partnering with local nonprofit organizations and related activities, and/or establishing a scholarship. As a courtesy, the family of the deceased student or staff member should also provide consent before the activity is held. The Board believes that the remembrance of a student or staff member whose life ended should be consistent from case to case, considerate of the grief process of family and friends, and in accordance with this policy.

Generally, the Board does not support permanent memorials including, but not limited to, the use of memorial plaques or markers which are mounted or displayed on District buildings or grounds. Memorials are permissible only after a proposal is approved by the Board.

When there is a death by suicide, it is important that the response to the death not serve as an incentive for self-inflicted acts by others. The American Association of Suicidology concludes that memorials contribute negatively to the contagion effect. Projects that are life-affirming are encouraged. Examples include volunteering, tutoring, fundraising for a charity, or community service.

Title	VIDEO SURVEILLANCE AND ELECTRONIC MONITORING
Code	po7440.01
Status	Policy Committee Review
Adopted	March 13, 2017
Last Revised	December 5, 2022

7440.01 - VIDEO SURVEILLANCE AND ELECTRONIC MONITORING

The Board authorizes the use of video surveillance and electronic monitoring equipment at various facilities and school sites throughout the District, and on school buses. No audio or video surveillance is permitted within the District other than those authorized by policy or the District Administrator, and only if clear and visible notice is provided to any persons entering an area or building subject to video and/or audio monitoring that such monitoring may occur. This does not restrict the collection of video or audio recording at events open to the public.

~~Wherever video surveillance or electronic monitoring are used, such notification shall identify that video or electronic and audio surveillance are possible technologies employed.~~

The District Administrator is responsible for determining where to install and operate fixed-location video surveillance/electronic monitoring equipment in the District. The determination of where and when to use video surveillance/electronic monitoring equipment will be made in a nondiscriminatory manner. Video surveillance/electronic monitoring equipment may be placed in common areas in school buildings (e.g. school hallways, entryways, the front office where students, employees and visitors are permitted to freely come and go, gymnasiums, cafeterias, libraries), the school parking lots and other outside areas, and in school buses. Except in extraordinary circumstances and with the written authorization of the District Administrator, video surveillance/electronic monitoring equipment shall not be used in areas where persons have a reasonable expectation of privacy (e.g. restrooms, locker rooms, changing areas, private offices (unless there is express consent given by the office occupant), or conference/meeting rooms), or in individual classrooms during instructional times. Administrators are authorized to carry and use cameras when responding to incidents.

Notification of Surveillance

Wherever video surveillance or electronic monitoring are used, such notification shall identify that video or electronic and audio **[END OF OPTIONS]** surveillance are possible technologies being employed.

Any person who takes action to block, move, or alter the location and/or viewing angle of a video camera shall be subject to disciplinary action.

Legible and visible signs shall be placed at the main entrance to buildings and in the areas where video surveillance/electronic monitoring equipment is in use to notify people that their actions/behavior are subject to being monitored/recorded, which may include video footage, audio recording, or both. In cases approved by the District Administrator, camera surveillance may be used for investigatory purposes without staff, student, or public notice if the usage is calculated to further investigation into misconduct believed to have occurred or believed to be ongoing.

Uses of Surveillance

Any information obtained from video surveillance/electronic monitoring systems may only be used to support the orderly operation of the School District's schools and facilities, and for law enforcement purposes, and not for any other purposes. As such, recordings obtained through the use of video surveillance/electronic monitoring equipment may be used as evidence in any disciplinary proceedings, administrative proceeding or criminal proceeding, subject to Board policy and regulations. Further, such recordings

may become a part of a student's education record or staff member's personnel file.

The Board will not place video surveillance/electronic monitoring equipment for the purpose of obtaining information for routine staff appraisal/evaluation or monitoring; however, video footage captured in the normal course of surveillance which shows information pertinent to staff performance or conduct may be used for that purpose.

Recordings that capture students may be student records and as such will be treated as confidential, subject to the Board's public records and student records policies.

Additionally, pre-recorded lessons or observations of online or virtual learning sessions may be included as part of an employee's evaluation.

Further, if an employee is assigned to work remotely (i.e., telework), the ~~administration~~ Administration is authorized to conduct observations that consist of the supervisor reviewing video-recordings of the employee working and/or watching the employee perform their job responsibilities through means of a live-stream that includes both video and audio.

Additionally, nothing herein shall prevent the ~~administration~~ Administration from using information gathered through electronic means (i.e., viewing a video-recording or live-stream of an employee working) for employment purposes including, but not limited to, completing components of an evaluation.

Retention, Secure Storage, Access to and Disposal of Video Recordings

The Board shall maintain video surveillance/electronic monitoring recordings for a limited period. Any request to view a recording under this policy must be made within seven (7) days of the event/incident in order to assure its availability. Inquiries after that time period may be available depending on current retention capabilities. Unless a recording is separated and maintained for some reason by the District, any recording may be destroyed after seven (7) days. If, however, action is taken by the Board/administration, as a result of a formal complaint or incident, recordings shall be kept consistent with the Board's record retention policy depending on the nature of the video record retained, but for a minimum of one (1) year from the date of the action taken.

Access to and viewing of video recordings is limited to authorized personnel. The Administrator shall approve requests for access to recorded and stored video images. The Administrator may authorize the viewing of recorded images in the event of an ongoing law enforcement investigation, an incident involving property damage or loss, or for other reasons deemed appropriate.

All video surveillance/electronic monitoring recording media shall be considered legal evidence and treated as confidential or as directed by Board counsel. The release of original video recordings to individuals or outside agencies may only occur pursuant to subpoena or court order after the same has been reviewed by Board counsel. Video footage should not be removed from school officials' custody except as required by law or upon a request from law enforcement.

Original video recordings shall never be edited or manipulated in any manner. When video recordings are requested by any law enforcement agency as part of an ongoing investigation, a duplicate may be provided for that purpose. The original media shall be protected from accidental overwrite or erasure during the duplicating process. Nothing in this paragraph prohibits the redaction of personally identifiable information from duplicated media when mandated by FERPA.

Video recordings may never be sold publicly, viewed or distributed in any other fashion except as provided for by Board policy and this guideline, and consistent with State and Federal law.

Devices containing video recordings, scheduled to be destroyed must be securely disposed of in such a way that the personal information cannot be reconstructed or retrieved (e.g. shredding, burning, magnetically erasing the personal information).

Surveillance on School Buses

School buses owned by the District or a contractor under contract with the District may be equipped with video and/or audio recording equipment in specified locations within the vehicle as provided in the Wisconsin Department of Transportation regulations.

Exceptions

This policy does not address or cover instances where school officials record a specific event (e.g. a play, music performance, athletic contest, graduation, or Board meeting), or an isolated instance where a classroom is videotaped for educational or research purposes. Authorized videotaping for educational, instructional and/or research purposes is permitted and is not addressed by this policy.

Video surveillance is to be implemented in accordance with this policy and the related guidelines, and consistent with the school safety plan. 7440.02 - SMART MONITORING EQUIPMENT

In order to protect students and faculty, promote security and protect the health, welfare and safety of students, staff and visitors, the Board authorizes the use of smart sensor and electronic monitoring equipment on school property, and in school buildings and school buses. Information obtained through smart sensor devices may be used to identify intruders and persons breaking the law, Board policy, or the Student Code of Conduct (i.e., it may be used as evidence in disciplinary actions and criminal proceedings).

The monitoring of actions and behavior of individuals who come onto school property is a significant factor in maintaining order and discipline and protecting students, staff, visitors, and school and student property. Smart sensor monitoring systems serve to complement other means being employed in the District to promote and foster a safe and secure teaching and learning environment for students and staff. The Board recognizes that the use of a smart sensor monitoring system does not replace the need for the ongoing vigilance of the school staff assigned by the building principal to monitor and supervise the school building. Rather, the smart sensor monitoring system serves as an appropriate and useful tool with which to augment or support the in-person supervision provided by staff. The building principal is responsible for verifying that due diligence is observed in maintaining general campus safety and security.

The District Administrator is responsible for determining where to install and operate fixed-location smart sensor monitoring equipment in the District. The determination of where and when to use smart sensor equipment will be made in a nondiscriminatory manner. Smart sensor equipment may be placed in designated areas in school buildings (e.g., school hallways, restrooms, classrooms, locker rooms, entryways, the front office where students, employees, and visitors are permitted to freely come and go, gymnasiums, cafeterias, libraries).

Any person who takes action to block, move, or alter the location of a smart sensor shall be subject to disciplinary action.

Any information obtained from smart sensor monitoring systems may only be used to support the orderly operation of the School District's schools and facilities, and for law enforcement purposes, and not for any other purposes. As such, information obtained through the use of smart sensor equipment may be used as evidence in any disciplinary proceedings, administrative proceedings or criminal proceedings, subject to Board policy and regulations.

Smart sensor technology is to be implemented in accordance with this policy and the related guidelines. The Board will not accept or tolerate the improper use of smart sensor equipment and will take appropriate action in any cases of wrongful use of this policy.

Title	PUBLIC RECORDS

8310 - PUBLIC RECORDS

The Board recognizes its responsibility to maintain the public records of this District and to make such records available for inspection and reproduction. The Board designates the District Administrator as the District Records Custodian (DRC), to be the legal custodian of records for the District. The DRC shall safely keep and preserve the public records of the District and shall have the authority to render decisions and carry out duties related to those public records. The DRC may deny access to records only in accordance with the law. The DRC is authorized and encouraged to consult with the District's legal counsel to determine whether to deny access to a record request in whole or in part.

Under the Wisconsin Public Records Law, a "record" is defined as any material on which written, drawn, printed, spoken, visual, or electromagnetic information or electronically generated or stored data is recorded or preserved, regardless of physical form or characteristics, that has been created or is being kept by the authority. It includes handwritten, typed, or printed pages, maps, charts, photographs, films, recordings, tapes, optical discs, and any other medium on which electronically generated or stored data is recorded or preserved. A "record" does not include drafts, notes, preliminary computations, and like materials prepared for the originator's personal use or prepared by the originator in the name of a person for whom the originator is working; materials that are purely the personal property of the custodian and have no relation to his/her office; materials to which access is limited by copyright, patent, or bequest; and published materials in the possession of an authority other than a public library that are available for sale, or that are available for inspection at a public library. The personal use exception applies to notes created by the originator solely for the purpose of refreshing his/her recollection and as a matter of convenience (not part of his/her job duties) but does not apply to notes that are distributed to others for the purpose of communicating information or notes that are created or retained for the purpose of memorializing agency activity.

In addition, records may be exempted from disclosure as a matter of statute or common law or, under the balancing test, the public interest in the disclosure may be outweighed by the public interest in non-disclosure.

Any person may make an oral or written request for any public records of the District. The person may inspect or receive copies of the public record requested. The District will respond as soon as practicable and without delay. The District will either provide the requested documents, subject to any redactions or inform the requester of the District's decision to deny the request

The District will comply with the Safe at Home/Address Confidentiality Program administered by the Wisconsin Department of Justice. (See Policy 5111 - Eligibility of Resident/Nonresident Students, Policy 8320 - Personnel Records, and Policy 8330 - Student Records.)

The District may impose a fee upon the requester of a copy of a record of up to 10 cents per page, which represents the actual, necessary, and direct cost of reproduction of the record. In addition, the District may impose a fee upon a requester for the actual time spent by District employees in locating a record, if the cost is \$50.00 or more. In calculating location costs, the District will use the applicable employee's hourly rate for salary and benefits.

The District may also charge the requester for any equipment required to fill the request (such as videotapes, computer disks, etc.) The District may impose a fee upon a requester for the actual, necessary, and direct cost of mailing or shipping any copies which are mailed or shipped to the requester.

The District may require prepayment of fees if the total amount exceeds \$5.00. If payment is required, the District will calculate the actual cost and charge the requester. If advance payment is required, the District will either invoice the requester for the difference

between the estimate and actual cost or refund any overpayment.

No public record may be removed from the office in which it is maintained except by a Board officer or employee in the course of the performance of his/her duties.

Nothing in this policy shall be construed as preventing a Board member from inspecting in the performance of his/her official duties any record of this District, except student records and certain portions of personnel records.

Records Retention Schedule

The District has adopted the Wisconsin Department of Public Instruction's guidelines on School District record retention.

It may be accessed at the following web address:

<https://publicrecordsboard.wi.gov/Documents/DPI%20GS-APPROVED%20June%202015%20v8.1.pdf>

19.21(6), Wis. Stats. requires that school districts retain public records, other than student records, for seven (7) years, unless a shorter period is fixed by the Public Records Board (PRB) in a records retention schedule subsequently adopted by the Board.

The Board has approved the following records retention schedules developed by the Wisconsin Historical Society and PRB: **[DRAFTING NOTE: The Wisconsin Public School District and Related Records GRS contains retention schedules for school-specific records, including student records, and therefore it must be adopted or alternatively, the Board must adopt its own schedule that includes retention for student records to account for their separate treatment under the law. The remaining retention schedules can be adopted as desired but if not adopted those records are covered by the default seven (7) year retention period in statutes. Any schedule adopted by the Board, even those that were created by the PRB, must be approved for District-specific usage by the Wisconsin Historical Society and the PRB after adoption.]**

The Board also requires all employees to receive training regarding mandatory reporting of school violence threats pursuant to ~~Wis. Stats. § 175.32~~(2) and (3), Wis. Stats. If the threat constitutes a serious and imminent threat to the health or safety of a student or school employees or the public, it shall be reported to law enforcement. A good faith standard exists for reporting threats made by an individual seen in the course of professional duties. These obligations and procedures are covered by Board Policy 8462 - Child Abuse and Neglect, as well as Policy 8462.01 - Threats of Violence. All threats to the safety of District facilities shall be identified by appropriate personnel and responded to promptly in accordance with the school safety plan.

In response to public records requests for school safety documents, after consultation with the District legal counsel and local law enforcement authorities, the District Administrator shall redact such information that may be sensitive safety or security information that is in the public's interest to remain confidential.

~~16238913~~ - SECTION 504/ADA PROHIBITION AGAINST DISABILITY DISCRIMINATION IN EMPLOYMENT

The Board prohibits discrimination against any employee or applicant based upon his/her disability. As such, the Board will not engage in employment practices or adopt policies that discriminate on the basis of disability, or otherwise discriminate against qualified individuals with disabilities in regard to job application procedures, the hiring, advancement or discharge of employees, employee compensation, job training, or other terms, conditions and privileges of employment. The Board further will not limit, segregate or classify applicants or employees in any way that adversely affects their opportunities or status because of disability.

Additionally, the Board will not participate in any contractual or other relationships that have the effect of subjecting qualified individuals with disabilities who are applicants or employees to discrimination on the basis of disability.

Notice of the Board's policy on nondiscrimination in employment practices and the identity of the School District's Compliance Officer(s) (see below) will be published on the District's website, posted throughout the District, and included in the District's recruitment statements or general information publications.

Definitions

Words used in this policy shall have those meanings defined herein; words not defined herein shall be construed according to their plain and ordinary meanings.

Complainant: is the individual who alleges or is alleged to have been subjected to discrimination/retaliation, regardless of whether the person files a formal complaint or is pursuing an informal resolution to the alleged discrimination/retaliation.

Day(s): Unless expressly stated otherwise, the term "day" or "days" as used in this policy means business day(s) (i.e., a day(s) that the District office is open for normal operating hours, Monday – Friday, excluding State-recognized holidays).

Respondent: is the individual who is alleged to have engaged in discrimination/retaliation, regardless of whether the Complainant files a formal complaint or is seeking an informal resolution to the alleged discrimination/retaliation.

District community: means students, District employees (i.e., administrators, and professional and support staff), and Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

Third Parties: include but are not limited to guests and/or visitors on District property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with or seeking to do business with the Board, and other individuals who come in contact with members of the District community at school-related events/activities (whether on or off District property).

An individual with a disability means a person who has, has a record of, or is regarded as having, a physical or mental impairment that substantially limits one or more major life activities.

Major Life Activities

Major life activities are functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, eating, sleeping, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, sitting, reaching, interacting with others, and working.

Major life activities also include the operation of a major bodily function, including, but not limited to, functions of the immune system, special sense organs and skin, normal cell growth, and digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, hemic, lymphatic, musculoskeletal and reproductive functions. The operation of a major bodily function includes the operation of an individual organ within a body system.

Impairment That Substantially Limits a Major Life Activity

The determination of whether an impairment substantially limits a major life activity must be made without regard to the ameliorative effects of mitigating measures such as medication, medical supplies, equipment or appliances, low-vision devices (defined as devices that magnify, enhance, or otherwise augment a visual image, but not including ordinary eyeglasses or contact lenses), prosthetics (including limbs and devices), hearing aid(s) and cochlear implant(s) or other implantable hearing devices, mobility devices, oxygen therapy equipment or supplies, use of assistive technology, reasonable accommodations or "auxiliary aids or services," learned behavioral or adaptive neurological modifications, psychotherapy, behavioral therapy, or physical therapy.

An impairment that is episodic in nature or in remission is considered a disability if it would substantially limit a major life activity when active.

Qualified Individual with a Disability

A qualified individual with a disability means the individual satisfies the requisite skill, experience, education and other job-related requirements of the employment position the individual holds or desires and can perform the essential functions of the job in question, with or without reasonable accommodation.

Reasonable Accommodation

The Board will provide a reasonable accommodation to a qualified individual who has an actual disability or who has a record of a disability unless the accommodation would impose an undue hardship on the operation of the Board's program and/or activities. A reasonable accommodation is not required for an individual who ~~is merely~~ believes they are being regarded as having a disability. Employees requesting reasonable accommodation must cooperate with school officials in obtaining specific medical opinion that identifies the precise limitations resulting from the disability and potential reasonable accommodations that could overcome those limitations.

Facilities

No qualified person with a disability will be denied the benefits of, excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which Section 504/American with Disabilities Act (ADA) applies because the District's facilities are inaccessible to or unusable by persons with disabilities.

For facilities constructed or altered after June 3, 1977, the District will comply with applicable accessibility standards. For those existing facilities constructed prior to June 3, 1977, the District is committed to operating its programs and activities so that they are readily accessible to persons with disabilities.

District Compliance Officers

Jen Talarczyk

Director of Student Services

1701 2nd Street

New Glarus, WI 53574

The COs are responsible for coordinating the District's efforts to comply with applicable Federal and State laws and regulations, including the District's duty to address in a prompt and equitable manner any inquiries or complaints regarding discrimination/retaliation or denial of equal access. The COs also shall verify that proper notice of nondiscrimination for Title II of the Americans with Disabilities Act (as amended), Title VI and Title VII of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973 (as amended), and the Age Discrimination in Employment Act of 1975 is provided to staff members and the general public. Additionally, if the complaint is regarding a CO, the complaint shall be reported to the District Administrator, who shall coordinate with the other appointed/designated CO, or, if appropriate appoint/designate another individual to serve as CO for the complaint regarding a CO.

The Board will provide for the prompt and equitable resolution of complaints alleging violations of Section 504/ADA. (See Complaint Procedure below.)

Complaint Procedures

If a person believes that ~~s/he has~~ they have been discriminated against on the basis of ~~his/her~~ their disability, the person may utilize the following complaint procedures as a means of reaching, at the lowest possible administrative level, a prompt and equitable resolution of the matter.

~~In accordance with Section 504 of the Rehabilitation Act of 1973 and its implementing regulations ("Section 504"), employees will be notified of their right to file an internal complaint regarding an alleged violation, misinterpretation, or misapplication of Section 504. In addition, employees will be notified of their right to file a complaint with the U.S. Department of Education's Office for Civil Rights.~~

Internal complaints must be put in writing and must identify the specific circumstances or areas of dispute that have given rise to the complaint, and offer possible solutions to the dispute. The complaint must be filed with COs within the time limits specified below. The COs are available to assist individuals in filing a complaint.

Internal Complaint Procedure

The following internal complaint procedure is available to employees for the prompt and equitable resolution of complaints alleging discrimination based upon disability. Use of the internal complaint procedure is not a prerequisite to the pursuit of other remedies, including the filing of a complaint with the U.S. Department of Education's Office for Civil Rights.

- A. An employee with a complaint based on alleged discrimination on the basis of disability may first discuss the problem with the CO.
- B. If the informal discussion does not resolve the matter, or if the employee skips Step A, the individual may file a formal written complaint with the CO. The written complaint must contain the name and address of the individual or representative filing the complaint, be signed by the Complainant or someone authorized to sign for the Complainant, describe the alleged discriminatory action in sufficient detail to inform the CO of the nature and date of the alleged violation and propose a resolution. Retaliation

Retaliation against a person who makes a report or files a complaint alleging discrimination/retaliation, or participates as a witness in an investigation, is prohibited.
