Special Education LaST Proposal Checklist

Basic Information

NGSD currently has a LaST group at each building level. The initiative proposes the creation of a Special Education LaST group. This team will consist of four special educators: one representing each building level (Elementary, Middle, and High School) and one district-wide special educator to provide a broad perspective. This team would be led by the Director of Student Services.

Scope & Coherence

- Grade Span: This is a 4K-12 district-wide initiative.
- Alignment: * Vertical: The district-wide member ensures consistency across grade levels.
 - Horizontal: Building-level special educators will check in occasionally with their respective building LaST teams to ensure a unified approach across the system.
- Consistency: By developing annual goals and shared priorities, this group will actively reduce inconsistencies in special education practices across different buildings.

Need and Problem Statement

- The Problem: Currently, PBIS and PLCs are institutionalized, but there is a need to bring the entire MTSS triangle together under one cohesive team.
- Evidence: The district has identified a need for systems that are "LaSTing," meaning they endure regardless of staff turnover. A dedicated SPED group ensures that specialized instructional and behavioral leadership is embedded in these permanent systems.

Research & Evidence Base

- Frameworks: The initiative is built on the proven models of Professional Learning Communities (PLCs) and Multi-Tiered Systems of Support (MTSS).
- Professional Learning: The team will utilize AWSA's SAIL (School Administrators Institute for Transformational Leadership) as a foundational training resource.
- Stakeholder Involvement & Readiness
 - Consultation: The plan involves recruiting staff who are already "passionate advocates" for student success and who possess inherent leadership qualities and systems thinking.
 - Approach: This uses a "bottom-up" approach, empowering teachers to develop innovative practices and share them with peers, which increases buy-in and implementation readiness.

Cost and Resource Impact

- Stipends/Staffing: Budgeting will be required for four positions at \$1500 each for a total of \$6,000. The LaST members will be required to attend two after-school meetings per month, summer meetings, and will also be expected to take a leadership role at staff meetings and have other leadership responsibilities.

Time and Workload Impact

- Allocation: Staff will commit to two monthly after-school meetings and summer sessions.
- Efficiency: By creating 100-day plans and clear annual goals, the group aims to prioritize work, potentially reducing the "initiative fatigue" caused by uncoordinated efforts.

Implementation Plan

- Timeline: Rollout begins in the 2026-27 school year.
- Key Dates: Mandatory SAIL training is scheduled for June 16-18, 2026.
- Responsibility: The four selected educators will be responsible for developing, implementing, and communicating 100-day or School Improvement Plans.

Evaluation & Accountability

- Measurement: Success will be measured through the evaluation of 100-day plans and the achievement of the team's annual goals.
- Culture: The team will hold members accountable to district expectations through regular communication and collaboration.

Sustainability

- System-Focus: The primary goal of LaST is to ensure work is not based on people, but on systems.
- Turnover Resilience: By institutionalizing practices and creating a "bottom-up" knowledge-sharing culture, the initiative remains stable even when individual staff members leave.

F. NEOLA Policy Updates

1. Information - Proposed Policy Changes

65

Proposed Policy Changes
April 2026

Bylaw 0100 - DEFINITIONS (Revised)

This policy now includes the definition of School Support Organizations (SSO) which is a topic of several policy and administrative guideline revisions in a recent special update. The SSO change is recommended, but not required. It also includes "gaming devices" as part of the definition of Personal Communications Devices (PCD) due to a recent change in statutory language relative to student use of PCDs in schools. The "gaming device" addition to the definition of PCD is a statutory definition and is required.

Bylaw 0144.5 - BOARD MEMBER BEHAVIOR, COMMUNICATIONS, AND CODE OF CONDUCT (Revised)

The revisions to the policy update include communicating that individual Board members, other than the Board President, do not have the authority to act on complaints or investigations. It is important because it establishes a clear chain of command and ensures that all complaints are handled through the proper channels, maintaining consistency and fairness in the process. The revisions are recommended, but not required.

Policy 1210 - BOARD - DISTRICT ADMINISTRATOR RELATIONSHIP (Revised)

The policy revisions focus on including the District Administrator's authority to delegate duties to staff members, who are then accountable to the Administrator for their performance. In turn, the Board holds the District Administrator accountable for the overall administration of the District, including their actions and personal behavior. These revisions are recommended, but not required.

Policy 1230.01 - DEVELOPMENT OF ADMINISTRATIVE GUIDELINES (Revised)

There is a new clause regarding the District Administrator consulting with stakeholders and the publication of administrative guidelines and handbooks on the District website for transparency. The policy revision is not required.

Policy 2131.01 - READING INSTRUCTIONAL GOALS AND KINDERGARTEN ASSESSMENT (Revised)

The policy now includes the interventions required by law under Act 20 for each qualifying student. The District Administrator must create, provide, and monitor a personal reading plan with interventions, share it with parents, and notify them of progress after 10 weeks. Revisions in this policy are required, based on information provided by state statute and the Department of Public Instruction.

Policy 4140 - TERMINATION AND RESIGNATION (Revised)

Unlike administrators and teachers, there is no statutory requirement that the Board terminate support staff. For maximum flexibility and expedience in managing vacancies, Neola's counsel recommends the Board delegate support staff termination authority to the District Administrator. Districts are encouraged to review their current termination authority for support staff.

Policy 5112 - ENTRANCE AGE (Revised)

The policy revision includes clarification on days (school days) and includes a new section on age verification and its adoption is recommended.

Policy 5135 - STUDENT IDENTIFICATION NUMBERS AND CARDS (New)

This new policy mandates that if students are issued an identification card, the student also receives a unique identification number, distinct from their social security number.

The policy is important because it ensures student privacy by avoiding social security numbers and provides a critical resource for student well-being by including required contact information for suicide prevention and crisis support services on identification cards. Items in this new policy are required by law, but not to have in policy. This policy is recommended, but not required.

Policy 5136 - PERSONAL COMMUNICATION DEVICES (Revised)

This policy revision is a result of 2025 Wisconsin Act 42, requiring each school board to adopt, by July 1, 2026, (and submit a copy of this policy to the Department no later than October 1, 2026) a policy generally prohibiting students from using wireless communication devices during instructional time. Each school board must define such a device as any portable wireless device capable of voice, messaging, or data communication, including cell phones, tablets, laptops, and gaming devices. The policy must allow exceptions for emergencies, health management, individualized education programs or 504 plans, and teacher-approved educational uses. Finally, the policy acknowledges that WI Stat. 120.12(29)(e) allows school boards to adopt policies more restrictive than 2025 Wisconsin Act 42.

Policy 5411 - THIRD GRADE PROMOTION AND RETENTION: AT-RISK STUDENTS (Revised)

The policy revision includes an appeal process and timelines for appealing the decision to the District Administrator. If the school representatives recommend retention but the student's parents/caregivers do not consent to retention, it is best practice (although not required by statute) for the student to be promoted to 4th grade regardless of any other facts, circumstances, or analysis. The appeal process, while an option, is not required.

Policy 5515 - STUDENT USE AND PARKING OF MOTOR VEHICLES (Revised)

Revisions to this policy include students only being permitted to bring vehicles they own or have express permission to operate onto District property; unauthorized vehicles are a violation; law enforcement may be contacted; students may not enter a vehicle without consent; and school officials can search vehicles on District property in accordance with policy. This revision is recommended but not required.

Policy 5895 - STUDENT EMPLOYMENT (Rescind)

This policy is being rescinded. Teenagers in Wisconsin need a work permit if they are under 16 and are not working in agriculture or domestic service. Schools are no longer authorized to provide students with work permits. Parents or guardians must apply for the permit online through the Wisconsin Department of Workforce Development (DWD) website.

Policy 6320 - PURCHASING (Revised)

The key policy revisions include reorganization of content as well as clarification on single vendor bids and the timeline for bid delivery to the District. This revision is recommended but not required.

Policy 7510 - Use of District Facilities (Revised)

The policy wasn't clear about the need for a certificate of insurance so Tammy contacted our insurance company, and legal counsel from the insurance company provided the recommended language changes for your consideration.

Policy 7540.02 - Digital Content and Accessibility (Replacement)

This replacement policy now reflects the U.S. Department of Justice (DOJ) final rule provisions under Title II of the Americans with Disabilities Act (ADA) requiring state and local government entities — including public schools — to make web content and mobile applications accessible to individuals with disabilities. There are statutory timelines relative to the technical standards compliance that are addressed in the notes of the policy template. Adoption is recommended for a legally compliant guideline.

Policy 1213/3213/4213 - Student Supervision and Welfare (Revised)

These policies establish a standard of care to protect student safety by clearly defining behavioral boundaries for all staff. As required by 2025 Wisconsin Act 57, the updated language mandates that parents be notified of sexual misconduct reports by 5:00 p.m. on the same day (or noon the next day is the report is received on a school day after the end of regularly scheduled instruction or on a day that is not a school day, by noon of the next calendar day.). A new section on "Appropriate Staff and Student Relationships" further safeguards students by explicitly prohibiting "boundary invasions"—such as grooming, inappropriate digital contact, or unauthorized transport. Violations of this policy may result in disciplinary action, up to and including termination, and may be reported to external agencies as required by law. Finally, the policy now requires an annual notice to parents regarding their statutory right to access staff disciplinary records. The non-optional language changes are required for policy compliance with WI Act 57.

Policy 8462 - Child Abuse and Neglect (Revised)

This policy establishes a comprehensive framework for the mandatory identification and immediate reporting of child abuse or neglect. It requires all staff to complete Department of Public Instruction (DPI) training within their first six months and every five years thereafter. A critical update, aligned with 2025 Wisconsin Act 57, integrates specific reporting requirements for sexual misconduct by staff members, carrying severe disciplinary consequences for a failure to report. By strictly prohibiting "investigative" delays by staff, the policy ensures that law enforcement and child welfare agencies can intervene immediately to protect students and preserve evidence. The changes are required for policy compliance with WI Act 57.

Policy 5830 - Student Fundraising (Revised)

The revision has technical corrections, financial requirements, additional oversight options, and cross-references to other policies. These revisions are recommended but not required.

Policy 6605 - Crowdfunding (Revised)

The revision adds crowdfunding platforms and additional monitoring requirements. These revisions are recommended but not required.

Policy 6608 - Accountability And Oversight Of Fundraiser And Crowdfunding Disbursements (New)

This new policy provides additional accountability for fundraising and crowdfunding activities. It is strongly recommended but not required for adoption.

Policy 6610 - Nondistrict-Supported Student Activity Accounts (Revised)

The revision adds an accounting requirement and includes technical corrections. These revisions are recommended but not required.

Policy 7230 - Gifts, Grants, and Bequests (Revised)

The revision includes additional protections for the Board and District. These revisions are recommended but not required.

Policy 9211 - School Support Organizations (Rescind)

This policy is rescinded and renumbered to replacement Policy 9215 for better alignment with the numbering used by all states in the Neola network.

Policy 9215 - School Support Organizations (Renumbered/Replacement)

This policy establishes the standards, responsibilities, and oversight for school support organizations (SSOs)—such as PTAs, PTOs, Booster Clubs, and educational foundations—that raise funds or donate resources to support District schools and activities. The policy defines what constitutes an SSO, outlines approval and documentation requirements, and ensures transparency and accountability in financial activities. The policy protects the District's integrity, financial transparency, and legal compliance while supporting valuable community involvement. It ensures SSOs operate independently yet responsibly, aligning their goals with those of the District without creating liability for the school system. It also ensures donations and fundraising are managed ethically, helping to maximize benefits to students while safeguarding public trust. This policy has been redrafted by Neola legal counsel. Its re-adoption is strongly recommended, as it contains important text that satisfies state and federal accountability requirements.

- Q. Take no private action that will compromise the Board or administration, and respect the confidentiality of information that is privileged under applicable law.
- R. Remember always that their first and greatest concern must be for the educational welfare of the students attending the public schools.
- S. No Board member shall act or fail to act as a member of the Board in violation of 946.12, Wis. Stats., regarding misconduct in public office.
- T. Disclose any actual or perceived conflict of interest.

Board Member Communication

Board members are expected to refrain from engaging in communication on behalf of the Board or on behalf of the District unless authorized to do so by majority vote of the Board (See Bylaw 0143.1).

Any Board member who chooses to engage in individual communication on matters related to Board and/or District business is expected to clearly identify whether the Board member is communicating in the following capacity:

- A. On behalf of the Board: normally, this is the function of the Board President or, in the President's absence, the Vice President. The Board may, by majority vote, delegate this responsibility to another Board member in a specific circumstance. In every case, the Board **member** ~~Member~~ communicating the Board's position shall do so as determined by the Board and avoiding individual interpretation or editorializing.
- B. As an individual Board member, but not on behalf of the Board: a Board member who speaks, including online, in social media forums, or in any other public forum, on matters related to Board and/or District business, but not as an officially designated spokesperson of the Board.

Board members who fail to adhere to this expectation, or who publicly communicate false or intentionally misleading information pertaining to Board action or District policy, will be asked to correct such communication in a way that is likely to reach the same audience as the false or misleading information. The Board President is authorized to communicate such requests to the pertinent Board member.

The Board President is authorized to issue public statements on behalf of the Board in the event a Board member expresses false or misleading information, or makes statements without properly identifying whether s/he is speaking as an individual Board member. The President's communication should be limited to correcting the false or misleading statement, clarifying that the Board member was not speaking on behalf of the Board, and providing information relative to Board action, if any, on the subject matter.

Board Member Interaction with Staff

The general expectations of Board member decorum and civility apply to interactions with employees; however, because the Board is the employer of all District staff, this responsibility is appropriate for special reference. Each Board member is an individual with authority to bring matters to the Board and to influence matters related to staff. Therefore, it is imperative that Board members treat all employees with respect and as professionals. Board members are also required to comply with Board Policies governing employee anti-harassment, ~~non-discrimination~~ nondiscrimination, and threatening behavior.

No Board member has inherent authority to require any staff member to respond to the Board member regarding a specific request for information, or to direct any staff member to perform or not perform any task, except as provided by Board policy or as directed by majority vote of the Board.

Board members' access to and request for School District records and information is governed by Board Bylaw 0143.2- Board Member Information Requests.

Board Member Records and Confidentiality

Board members are expected to maintain their own public records created on resources not controlled by and thus not maintained by the School District. Each Board member is an elected official responsible for preserving all public records s/he creates, and to comply with requests to inspect such records. The District has no obligation nor responsibility to assist any Board member in fulfilling this responsibility with respect to records that are not maintained by the District.

Board members are encouraged to review Board policy defining and explaining public records, their maintenance, and public access (See Board Policy 8310 - Public Records).

Board members are expected to maintain and protect the privacy of District records, including student records, and communications received in closed session meetings of the Board. Board members must also protect and not disclose records consistent with, and governed by, the Family Education Rights and Privacy Act (FERPA).

Enforcement

Complaints alleging violations of the Board Member Code of Conduct may be brought by any ~~parent, student, staff member or District resident~~ person and ~~must~~ can be submitted to the Board President or, if the Board President is the member accused of violating this policy, to the Vice President, who under such circumstances shall perform the duties of the Board President described in this policy. All Complaints shall bear the name and signature of the complainant and include a detailed description of the alleged misconduct, any evidence supporting the allegations, and the action/relief being requested.

The Board President may choose to consolidate complaints for consideration if more than one (1) individual files similar complaints, but reserves the right to refuse to consider any subsequent complaint on the same matter unless previously unknown material facts are raised.

The President or Vice President shall review the complaint and ~~determine whether the officer can~~ investigate the matter. The President may or if the President or Vice President needs to contact the School District's legal counsel for support in the investigation of the complaint and/or other matters related to the complaint. Upon completion of the investigation, if the conclusion reached is that the Board member violated the policy, the investigator shall brief the Board and may recommend action to be taken.

Board members are elected officials and therefore cannot be ~~disciplined~~, prevented from participating in Board meetings, or removed from office by the Board. However, the Board may consider the following:

- A. formal censure by resolution passed by a majority of the Board in an open session meeting of the Board;
- B. removal from Board committee assignments ~~that is an for the remainder of the year and until the following organizational meeting of the Board, at which time the President is authorized to continue to withhold committee assignment. Approval of this sanction is an adopted~~ exception to Bylaw 0155 - Committees;
- C. restriction on Board member rights granted by policy, including requesting items for a Board meeting agenda;
- D. referral to proceed with efforts to remove the Board member from office for cause, which means inefficiency, neglect of duty, official misconduct, or malfeasance in office;
- E. referral to law enforcement if any alleged misconduct constitutes potentially unlawful conduct;
- F. other efforts to pursue compliance with and adherence to the policy as determined by the Board and not prohibited by law.

If a complainant or any other person contacts an individual Board member, other than the Board President, to discuss a complaint or investigation under this policy, the Board member shall inform the person that the Board member has no authority to act in an individual capacity and shall refer the person to this bylaw or the Board President for further assistance.

1210 - **BOARD - DISTRICT ADMINISTRATOR RELATIONSHIP**

The Board believes that, in general, it is the primary duty of the Board to establish policies and that of the District Administrator to administer such policies. Policies should be originated or changed in consultation with the District Administrator. The District Administrator should be given the latitude to determine the best method of implementing the policies of the Board.

The District Administrator, as the ~~chief administrative officer~~ **administrative head** of the District, is the primary professional advisor to the Board. **As such, the District Administrator** ~~S/He~~ is responsible for the development, supervision, and operation of the school program and facilities, including the development of administrative guidelines consistent with Policy 1230.01 – Development of Administrative Guidelines.

The District Administrator and those administrators directed by the District Administrator shall attend Board meetings, as needed. Administrative participation shall be by professional counsel, guidance, and recommendation - as distinct from deliberation, debate, and voting of Board members.

Members of the Board cannot act for the Board on any matter unless authorized by law or officially delegated by law or the Board with the authority to do so. Members shall refrain from involving themselves in purely administrative matters. Board members shall avoid situations that present a conflict of interest or a perceived conflict of interest. Board members shall refer all non-action matters and criticisms to the Superintendent.

Cooperation is the key to good teamwork. This applies to policy development, District organization and operation, bond issues, building plans and procedures, site selection, insurance, salaries, transportation, food services, instructional services, and developmental plans for new programs. The Board-Administration team recognizes the need for continuous evaluation of all the functions and services of the school system.

When the business of the District is being conducted, the welfare and concern for students shall be the Board's and administration's primary focus.

In the interests of promoting and maintaining a healthy and productive work environment, the District Administrator shall report to the Board President any information regarding Board member conduct in violation of Policy 3362.01/**Policy 4362.01** - Threatening Behavior Toward Staff Members, ~~Policy 4362.01 - Threatening Behavior Toward Staff Members~~, or Bylaw 0144.5 - Board Member Behavior, **Communications**, and Code of Conduct. If such a report involves the Board President, the Board Vice-President shall be notified.

The Board is responsible for determining the success of the District Administrator in meeting the goals established by the Board through annual evaluations of the District Administrator's performance. **As the administrative head of the District, the District Administrator may delegate duties and responsibilities, including those contained in Board policy, to appropriate members of the staff. Those staff performing such duties and responsibilities shall be held accountable by the District Administrator for their performance as employees of the District.**

Individual Board members who receive communications regarding matters within the purview of the administration

including, but not limited to, personnel concerns or student/parent concerns, shall immediately refer concerns to the District Administrator, or if the concern relates to the District Administrator, to the Board President.

1213 - STUDENT SUPERVISION AND WELFARE

Administrators are frequently confronted with situations which, if handled incorrectly, could result in liability to the District and personal liability to the administrator and/or harm to the welfare of the student(s).

An administrator who is found to have had sexual contact with any student shall be referred to the proper authorities and be subject to discipline, up to and including discharge.

Required Notification

The District Administrator shall notify the parent(s) or guardian(s) of a student when the District receives a report that gives reasonable cause to believe one of the following has occurred:

- A. Sexual misconduct by a school staff member against a student;
- B. A school staff member or volunteer has been convicted of a serious child sex offense and worked primarily with children in a way that would be a felony under 948.13, Wis. Stats.; and/or
- C. A registered sex offender has intentionally captured an image of a minor student without the parent's or guardian's written consent.

Definitions

Report means any information, whether written or verbal, indicating one (1) of the categories of conduct described in the section above (A., B., and/or C.) in this policy.

Timing and Method of Notification

Timing

- A. If the report is received before the end of the regular school day, the District shall notify the parent or guardian by 5:00 p.m. that same day.
- B. If the report is received after school hours or on a non-school day, the District shall provide notification by noon of the next calendar day.

Method

- A. Notice must be provided in person or by phone (including voicemail) to the parent(s) or guardian(s) of the specific student who is alleged to have been the victim, target, or recipient of the conduct.
- B. The District may follow up the in-person or phone notification with written or email documentation for record-keeping purposes.

Annual Notice of Rights

The District shall provide an annual notice to all parents and guardians informing them of their rights to access records related to the discipline of a school employee under public records law. This section should not be construed as affecting any obligations on the part of staff to report suspected child abuse under 48.981, Wis. Stats. and Policy 8462 – Child Abuse and Neglect.

Standard of Care of Students

Each administrator shall maintain a standard of care for the supervision, control, and protection of students commensurate with their assigned duties and responsibilities which include, but are not limited to, the following:

- A. An administrator shall report immediately any accident or safety hazard about which they are informed, or detect, to their supervisor as well as to other authorities or District staff members as may be required by established policies and procedures.
- B. An administrator shall report unsafe, potentially harmful, dangerous, violent, or criminal activities, or threat of these activities, by students to the District Administrator and local public safety agencies and/or school officials in accordance with Policy 8420 - School Safety and Reporting of Crime Statistics.
- C. An administrator should not volunteer to assume responsibility for duties that they cannot reasonably perform. Such assumption carries the same responsibilities as assigned duties.
- D. An administrator shall not send students on any personal errands.
- E. An administrator shall not associate with students at any time in a manner which gives the appearance of impropriety including, but not limited to, the creation or participation in any situation or activity which could be considered abusive or sexually suggestive or involve illegal substances such as tobacco, alcohol, or drugs. Any sexual or other inappropriate conduct with a student by any administrator will subject the offender to potential criminal liability and District discipline, up to and including termination of employment.

This provision should not be construed as precluding an administrator from associating with students in private for legitimate or proper reasons or to interfere with familial relationships that may exist between staff and students.

- F. An administrator shall not disclose personally identifiable information about a student to third parties unless specifically authorized by law or the student's parent(s) to do so.
- G. An administrator, other than the District Administrator, shall not transport students for school-related activities in a private vehicle without the approval of their immediate supervisor and consistent with the provisions of Policy 8660 - Transportation by Private Vehicle for District-Sponsored Activities or Trips. This does not apply to any student who is an administrator's family member.
- H. A student shall not be required to perform work or services that may be detrimental to their health.
- I. Administrators are discouraged from engaging students in social media and online networking media (see also Policy 7544 - Use of Social Media), except for appropriate academic, extra-curricular, and/or professional uses only.
- J. Administrators are expressly prohibited from posting any picture, video, meme, or other visual depiction, or comment pertaining to any student on personal or unauthorized social networking media or similar forums. This provision of the policy does not apply to pictures and/or videos taken of public events that may involve or incidentally include depictions of students participating in or observing such events where the purpose of the photo or video is to depict the event, not a particular student. This section does not apply to depictions of an administrator's own child or other relative.

Since most information concerning a child in school, other than directory information described in Policy 8330 - Student Records, is a confidential student record under Federal and State laws, any administrator who shares confidential information with another person not authorized to receive the information may be subject to discipline and/or civil liability. This includes, but is not limited to, information concerning assessments, grades, behavior, family background, and alleged child abuse.

Appropriate Staff and Student Relationships

The District is committed to maintaining safe, professional, and developmentally appropriate relationships between staff and students. All employees, volunteers, and adults working with students are expected to uphold clear and appropriate boundaries and report concerns to protect student welfare.

Prohibited Conduct

It is impossible to list every inappropriate conduct scenario, but the following expectations, as well as other similar types of behavior, apply:

- A. **Preferential Treatment or Favoritism** - Staff behaviors that demonstrate, or give the perception of, preferential treatment toward a student or group of students.
- B. **Boundary Invasions** - Staff-student relationships may become inappropriate based on the frequency, timing, location, or nature of interactions. Consent from the student or parent does not justify boundary invasions.

Maintaining professional boundaries is essential to student safety; however, the District recognizes that certain physical contact or personal involvement may be clinically or educationally necessary. Behaviors that are required for a student's well-being or instructional success are permitted. This includes, but is not limited to: providing hygiene assistance to a student (e.g., following a toileting accident); physical spotting or corrective positioning in athletics (e.g., wrestling, gymnastics, or football); and administering first aid or emergency medical care.

Any behavior that lacks a clear educational or medical justification, or that serves the emotional or physical needs of the adult rather than the student, is strictly prohibited. Such behaviors may be indicators of grooming and will be subject to immediate investigation. Inappropriate boundary invasions are prohibited and must be reported promptly.

- C. **Romantic or Sexual Conduct** - Staff must not engage in any romantic or sexual conduct with students, including dating, advances, sexual contact, or sexually suggestive communication.

Outside-District and Staff-Parent Relationships - This policy permits appropriate interactions from legitimate, pre-existing, non-District relationships (e.g., relatives, family friends). Staff who are parents or guardians of enrolled students must maintain professional conduct in all school-related activities and communications, avoiding favoritism or conflicts of interest. Where such relationships compromise professional responsibilities, the District may intervene.

Professional Conduct During Off-Site School Activities - Staff must maintain professional boundaries during all school-sponsored off-site activities such as field trips, competitions, travel, and overnight events. Increased vigilance is required in these less-supervised settings.

Reporting of Allegations of Inappropriate Staff and Student Relationships

- A. **Student Reporting Process** - Students who feel uncomfortable or witness inappropriate behavior are encouraged to report concerns to a trusted staff member or school counselor, or via the District's anonymous reporting tool. All reports will be treated confidentially to the extent legally possible.
- B. **Staff Required Reporting of Misconduct** - Any concerns about inappropriate staff-student conduct must be reported immediately to a supervisor, principal, or the District's Compliance Officer(s). Anonymous reports will be investigated per District harassment procedures outlined in Policy 5517 - Student Anti-Harassment.

Mandated Reporting - Per 48.981, Wis. Stats., all staff are mandatory reporters. Suspected child abuse, including by another staff member, must be reported immediately to:

- A. A designated administrator; and
- B. Child Protective Services and/or law enforcement.

Immediate action is required; do not delay. More info: <https://dcf.wisconsin.gov/cps/process>

Violations and Consequences - Violations of this policy may result in disciplinary action, up to and including termination, and may be reported to external agencies as required by law.

Policy Access and Training - This policy will be:

- A. posted on the District's website;
- B. reviewed annually with staff; and
- C. included in new employee onboarding.

Pursuant to the laws of the State and Board Policy 8462 - **Child Abuse and Neglect**, each administrator shall report to the proper legal authorities immediately, any sign of suspected child abuse, abandonment, or neglect.

1230.01 - **DEVELOPMENT OF ADMINISTRATIVE GUIDELINES**

The Board of Education delegates to the District Administrator the function of designing and implementing the guidelines, required actions, and detailed arrangements under which the District will operate. These administrative guidelines shall not be inconsistent with the policies adopted by the Board.

The Board itself will formulate and adopt administrative guidelines and rules only when required by law, and when the District Administrator recommends Board adoption.

The District Administrator may also issue such administrative and student handbooks as the District Administrators/he may consider necessary for the effective administration of the schools and distribute them to employees and students and/or their parents.

The District Administrator may consult with appropriate District leadership and stakeholders, when appropriate, during the development of administrative guidelines.

As long as the provisions of these administrative guidelines and handbooks are not inconsistent with Board policies, or with Federal/State law, they will be considered to be an extension of the policy manual and binding upon all employees and students.

3213 - **STUDENT SUPERVISION AND WELFARE**

Professional staff members are frequently confronted with situations which, if handled incorrectly, could result in liability to the District and personal liability to the professional staff member, and/or harm to the welfare of the student(s).

A professional staff member, or a person who works or volunteers with children, who is found to have had sexual contact with any student shall be referred to the proper authorities and be subject to discipline, up to and including discharge.

This **section policy** should not be construed as affecting any obligations on the part of staff to report suspected child abuse under 48.981, Wis. Stats. and Policy 8462 - Child Abuse and Neglect.

Standard of Care of Students

Each District employee shall maintain a standard of care for the supervision, control, and protection of students commensurate with their assigned duties and responsibilities which include, but are not limited to the following standards:

- A. A professional staff member shall report immediately any accident or safety hazard about which they are informed or detect to their supervisor as well as to other authorities or District staff members as may be required by established policies and procedures.
- B. A professional staff member shall report unsafe, potentially harmful, dangerous, violent, or criminal activities, or threat of these activities by students to the District Administrator and local public safety agencies and/or school officials in accordance with Policy 8420 - School Safety **and Reporting of Crime Statistics**.
- C. A professional staff member should not volunteer to assume responsibility for duties that they cannot reasonably perform. Such assumption carries the same responsibilities as assigned duties.
- D. A professional staff member shall provide proper instruction in the safety matters presented in assigned course guides.
- E. Each professional staff member shall immediately report to the principal any accident or safety hazard s/he detects.
- F. Each professional staff member shall immediately report to the principal any knowledge of threats of violence by students.
- G. A professional staff member shall not send students on any personal errands.
- H. A professional staff member shall not associate with students at any time in a manner which gives the appearance of impropriety, including, but not limited to, the creation or participation in any situation or activity which could be considered abusive or sexually suggestive or involve illegal substances such as tobacco, alcohol, or drugs. Any sexual or other inappropriate conduct with a student by any staff member will subject the offender to potential

criminal liability and District discipline up to and including termination of employment.

This provision should not be construed as precluding a professional staff member from associating with students in private for legitimate or proper reasons or to interfere with familial relationships that may exist between staff and students.

- I. A professional staff member shall not disclose personally identifiable information about a student to third parties unless specifically authorized by law or the student's parent(s) to do so.
- J. A professional staff member shall not transport students for school-related activities in a private vehicle without the approval of their immediate supervisor and consistent with the provisions of Policy 8660 - Transportation by Private Vehicle for District-Sponsored Activities or Trips. - K. A student shall not be required to perform work or services that may be detrimental to their health.
- L. Staff members are discouraged from engaging in social media and online networking media (see also Policy 7544 - Use of Social Media), except for appropriate academic, extra-curricular, and/or professional uses consistent with Policy 7540 - Technology, Policy 7540.03 - Student Technology Acceptable Use and Safety, and Policy 7540.04 - Staff Technology Acceptable Use and Safety.

This section does not apply to depictions of a professional staff member's own child or other relative.

Since most information concerning a child in school, other than directory information described in Policy 8330 - Student Records, is a confidential student record under Federal and State laws, any staff member who shares confidential information with another person not authorized to receive the information may be subject to discipline and/or civil liability. This includes, but is not limited to, information concerning assessments, grades, behavior, family background, and alleged child abuse (see Policy 8330 - Student Records).

4213 - **STUDENT SUPERVISION AND WELFARE**

Support staff members may be confronted with situations which, if handled incorrectly, could result in liability to the District, personal liability to the staff member, and/or harm to the welfare of the student(s).

A support staff member, or a person who works or volunteers with children, who is found to have had sexual contact with any student shall be referred to the proper authorities and be subject to discipline, up to and including discharge.

This policy should not be construed as affecting any obligation on the part of staff to report suspected child abuse under 48.981, Wis. Stats. and Policy 8462 - Child Abuse and Neglect.

Standard of Care of Students

Each District support staff member shall maintain a standard of care for the supervision, control, and protection of students commensurate with their assigned duties and responsibilities, which include, but are not limited to, the following standards:

- A. A support staff member shall report immediately any accident or safety hazard about which s/he is informed or detects to his/her supervisor as well as to other authorities or District staff members as may be required by established policies and procedures.
- B. A support staff member shall report unsafe, potentially harmful, dangerous, violent, or criminal activities, or threat of these activities by students to the District Administrator and local public safety agencies and/or school officials in accordance with Policy 8420 - School Safety **and Reporting of Crime Statistics**.
- C. Support staff should not volunteer to take on responsibilities they are not reasonably qualified or able to perform. Voluntarily assuming such duties carries the same level of accountability as formally assigned responsibilities.
- D. A support staff member shall not send students on any personal errands.
- E. A support staff member shall not associate with students at any time in a manner which gives the appearance of impropriety, including, but not limited to, the creation or participation in any situation or activity which could be considered abusive or sexually suggestive or involve illegal substances such as tobacco, alcohol, or drugs. Any sexual or other inappropriate conduct with a student by any staff member will subject the offender to potential criminal liability and District discipline up to and including termination of employment.

This provision should not be construed as precluding a support staff member from associating with students in private for legitimate or proper reasons or to interfere with familial relationships that may exist between staff and students.

- F. A support staff member shall not transport students for school-related activities in a private vehicle without the approval of their immediate supervisor and consistent with the provisions of Policy 8660 - Transportation by Private

Vehicle for District-Sponsored Activities or Trips. This does not apply to any student who is a support staff member's family member.

- G. A student shall not be required to perform work or services that may be detrimental to his/her health.
- H. Staff members are discouraged from engaging students in social media and online networking media (see also Policy 7544 - Use of Social Media), except for appropriate academic, extra-curricular, and/or professional uses consistent with Policy 7540 - Technology, Policy 7540.03 - Student Technology Acceptable Use and Safety, and/or Policy 7540.04 - Staff Technology Acceptable Use and Safety.
- I. Staff members are expressly prohibited from posting any picture, video, meme, or other visual depiction, or comment pertaining to any student on personal or unauthorized social networking media or similar forums. This provision of the policy does not apply to pictures and/or videos taken of public events that may involve or incidentally include depictions of students participating in or observing such event where the purpose of the photo or video is to depict the event, not a particular student. This section does not apply to depictions of a support staff member's own child or other relative.

Since most information concerning a child in school, other than directory information described in Policy 8330 - Student Records, is a confidential student record under Federal and State laws, any staff member who shares confidential information with another person not authorized to receive the information may be subject to discipline or civil liability. This includes, but is not limited to, information concerning assessments, grades, behavior, family background, and alleged child abuse.

Appropriate Staff and Student Relationships

The District is committed to maintaining safe, professional, and developmentally appropriate relationships between staff and students. All employees, volunteers, and adults working with students are expected to uphold clear and appropriate boundaries and report concerns to protect student welfare.

Prohibited Conduct

It is impossible to list every inappropriate conduct scenario, but the following expectations, as well as other similar types of behavior, apply:

- A. **Preferential Treatment or Favoritism** - Staff behaviors that demonstrate, or give the perception of, preferential treatment toward a student or group of students.
- B. **Boundary Invasions** - Staff-student relationships may become inappropriate based on the frequency, timing, location, or nature of interactions. Consent from the student or parent does not justify boundary invasions.

Maintaining professional boundaries is essential to student safety; however, the District recognizes that certain physical contact or personal involvement may be clinically or educationally necessary. Behaviors that are required for a student's well-being or instructional success are permitted. This includes, but is not limited to: providing hygiene assistance to a student (e.g., following a toileting accident); physical spotting or corrective positioning in athletics (e.g., wrestling, gymnastics, or football); and administering first aid or emergency medical care.

Any behavior that lacks a clear educational or medical justification, or that serves the emotional or physical needs of the adult rather than the student, is strictly prohibited. Such behaviors may be indicators of grooming and will be subject to immediate investigation. Inappropriate boundary invasions are prohibited and must be reported promptly.

- C. **Romantic or Sexual Conduct** - Staff must not engage in any romantic or sexual conduct with students, including dating, advances, sexual contact, or sexually suggestive communication.

Outside-District and Staff-Parent Relationships - This policy permits appropriate interactions from legitimate, pre-existing, non-District relationships (e.g., relatives, family friends). Staff who are parents or guardians of enrolled students must maintain professional conduct in all school-related activities and communications, avoiding favoritism or conflicts of interest. Where such relationships compromise professional responsibilities, the District may intervene.

Professional Conduct During Off-Site School Activities - Staff must maintain professional boundaries during all school-sponsored off-site activities such as field trips, competitions, travel, and overnight events. Increased vigilance is required in these less-supervised settings.

Reporting of Allegations of Inappropriate Staff and Student Relationships

- A. **Student Reporting Process** - Students who feel uncomfortable or witness inappropriate behavior are encouraged to report concerns to a trusted staff member or school counselor, or via the District's anonymous reporting tool. All reports will be treated confidentially to the extent legally possible.
- B. **Staff Required Reporting of Misconduct** - Any concerns about inappropriate staff-student conduct must be

reported immediately to a supervisor, principal, or the District's Compliance Officer(s). Anonymous reports will be investigated per District harassment procedures outlined in Policy 5517 - Student Anti-Harassment.

Mandated Reporting - Per 48.981, Wis. Stats., all staff are mandatory reporters. Suspected child abuse, including by another staff member, must be reported immediately to:

- A. A designated administrator; and
- B. Child Protective Services and/or law enforcement.

Immediate action is required; do not delay. More info: <https://dcf.wisconsin.gov/cps/process>

Violations and Consequences - Violations of this policy may result in disciplinary action, up to and including termination, and may be reported to external agencies as required by law.

Policy Access and Training - This policy will be:

- A. posted on the District's website;
- B. reviewed annually with staff; and
- C. included in new employee onboarding.

Pursuant to the laws of the State and ~~Board~~ Policy 8462 - Child Abuse and Neglect, each support staff member shall report to the proper legal authorities immediately any sign of suspected child abuse, abandonment, or neglect. In addition, if there is any cause to suspect misconduct as specified in 118.07(6), Wis. Stats., as described in "Additional Required Reporting" in Policy 8462 - Child Abuse and Neglect, each support staff member shall immediately report it to the District Administrator or their supervisor or a Title IX Coordinator.

5112 - **ENTRANCE AGE**

The Board of Education shall establish student entrance age requirements which are consistent with Wisconsin Law and sound educational practice and which ensure equitable treatment.

A. Kindergarten

1. A child is eligible for entrance into four (4) year old kindergarten if the child attains the age of four (4) on or before September 1st of the school year in which the child is being enrolled and meets the residency requirements.
2. A child is eligible for five (5) year old kindergarten when the child attains the age of five (5) on or before September 1st of the school year in which the child is being enrolled and meets residence requirements. The child may not be placed in an alternative program without permission of the parent.

B. First Grade

A child must be six (6) years of age on or before September 1st in the school year in which the student enrolls. A student must also have completed a kindergarten program or received a waiver of this requirement.

Any student who has not completed a five (5) year old kindergarten program, but seeks to enroll into first grade must receive a waiver of the requirement. The following students are eligible to receive a waiver:

1. Any student who has moved to the District from another state or country where completion of a five (5) year old kindergarten program is a prerequisite to enrollment in first grade and that student has received a waiver of the requirement in the prior state or country.
2. Any student who has moved to the District from another state or country that does not require the completion of five (5) year old kindergarten prior to enrollment in first grade.
3. Any student who, at the discretion of the Principal, in consultation with the first grade teacher(s) of the District, determines that, notwithstanding that the student has not completed a five (5) year old kindergarten program, the student has demonstrated sufficient aptitude in all core competencies normally required of kindergarten students in the District upon completion of the kindergarten program.

The Principal shall perform any required testing to establish the student's academic capabilities and shall prepare a written evaluation that either grants or denies the waiver and provides explanation as to the decision.

C. Appeal of Denial of Waiver

The parents of any student denied a waiver under this section by the Principal may appeal that decision to the District Administrator by submitting a written request to the Administrator within ten (10) days of the decision of the Principal.

The parents of any student denied a waiver by the District Administrator may appeal the decision to the Board by submitting a written request to the District Administrator within ten (10) days of the decision by the Administrator. The District Administrator shall notify the Board President and a meeting shall be scheduled with the parents. The decision of the Board is final.

D. Initial Entry

Children entering the District for the first time must comply with State law. Students must have an immunization record or a properly submitted waiver on file at the school. Any student who does not have the proper immunization records or appropriate waiver within thirty (30) school days of enrollment may be excluded or permitted to remain in school pursuant to Policy 5320 - Immunization.

Any student, and/or the student's parent(s) who enters the District for the first time must disclose prior or pending school expulsions at the time of enrollment.

E. Verification of Residence

Verification of a parent's residence shall be required at the time the child registers in a District school. Verification of residence may also be required at any other time at the discretion of the District Administrator.

F. Verification of Age

Verification of a child's age shall be required at the time the child enrolls.

G. Early Admission

The District shall prescribe procedures, conditions, and standards for early admission to kindergarten and first grade.

1. Procedure for Early Entrance to Kindergarten

Wisconsin Statutes provide that students must be five (5) years of age on or before September 1st in the year that he or she proposes to enter kindergarten. Local school boards have the ability to allow early entrance to some children. In such cases, the District must conduct an evaluation and the child must demonstrate superior emotional stability, social and mental maturity, and physical health. The following describes the policies for early entrance to kindergarten in the School District of New Glarus.

2. Eligibility for Early Entrance

Children whose fifth birthday falls between September 2 and December 31 of the year in which they desire to attend kindergarten are eligible for early entrance.

3. How to Start the Process

Parents shall contact the Elementary Principal to inquire about early entrance. The Principal will explain the process, determine parent reasons for early entrance, and initiate a referral to the Early Entrance Committee. The Committee will consist of the following staff: Elementary Principal, TAG director, speech pathologist, school psychologist, early childhood teacher, and kindergarten teacher. If a referral is made, the Principal will give the parents a questionnaire to complete which should be brought to the first session of the screening process.

4. Timelines

In order to best meet the needs of the student, the following timelines will be followed:

Steps in the Screening Process

The screening process for early entrance into kindergarten is rigorous and comprehensive. This is necessary in order for a decision to be made that is in the best interests of the child.

the same screening instrument that is given during that screening. A kindergarten or early childhood teacher and speech and language specialist will administer this screener in the school. A score at the 90th percentile or higher (based on the child's chronological age) on this screening instrument moves the child to the next phase in Step One (1) – a phonemic awareness test. The phonemic awareness test is administered by the speech and language therapist and assesses language development. If the child performs at kindergarten readiness levels, s/he moves on to Step Two (2).

Step Two (2): The school psychologist administers an individual cognitive assessment to the child, either at the child's home, in a daycare setting, or at a mutually agreed upon location. An intelligence quotient of 125-130 qualifies the child to move on in the screening process.

Step Three (3): The school psychologist observes the child in a natural setting (daycare or playgroup) looking for appropriate social skills and transitions. At the same time, a standardized questionnaire that assesses social skills is given to parents to complete.

If a child does not meet the criteria in any of the steps during the screening process, the process is concluded and the family is notified by the Principal. At the conclusion of all three (3) steps, the Early Entrance Committee meets and makes a decision, based on the data. The Principal will notify the parents of the Committee's decision within ten (10) business days of the completion of the screening process. Every effort will be made to finish referrals in a timely manner.

The Principal will make recommendations for early entrance to the Board for final approval. If the Early Entrance Committee denies the early entrance request, the parent/guardian has the right to appeal to the Board.

Review of the First Grade Entrance Committee

The First Grade Entrance Committee will gather and review student information in order to answer the question: "Is this student ready for first grade?" How to Start the Process Parents should contact the Elementary Principal by April 1 prior to the year for which they are requesting entrance. The Principal will explain the process to the parents and initiate a referral to the First Grade Entrance Committee. This committee will consist of the following staff: Elementary Principal, speech pathologist, school psychologist, reading specialist, and first grade teacher.

Timelines:

In order to best meet the needs of the student, the following timelines will be followed:

April 1: This is the preferred time to begin the first grade entrance process. Referrals received by this deadline will be reviewed by the Committee and a recommendation made to the Principal within forty-five (45) days.

April 2 – August 31: Referrals received within this time frame will be reviewed by the Committee and a recommendation made by September 30. The student will remain in kindergarten until the decision is made.

No referrals for first grade entrance will be considered after the first day of the school year. The only exception is if a student transfers in from another district and the first grade entrance process was started in that district.

H. Older Students

A person who is a resident of the District and over twenty (20) years of age may enroll **provided** ~~providing~~ the District Administrator does not think such enrollment will interfere with the education of the other students.

Status	Policy Committee Review
Adopted	October 9, 2017
Last Revised	April 11, 2022

5136 - **PERSONAL COMMUNICATION DEVICES**

The Board is aware that PCDs are used by students and parents to communicate with each other. However, the use of PCDs on school grounds must be appropriately regulated to protect students, staff, and the learning environment.

"Personal communication devices" (PCDs), also referred to as "wireless communication devices", as used in this policy, mean a portable wireless device that has the capability to provide voice, messaging, or other data communication between two (2) or more parties and includes all of the following:

are defined in Bylaw 0100.

- A. cellular/mobile telephone;
- B. tablet computer;
- C. laptop computer;
- D. gaming device;
- E. smartphone;
- F. e-reader;
- G. smartwatch;
- H. wearable technology;
- I. any other web-enabled devices of any type.

Students may use PCDs before and after school, during their lunch break, in between classes as long as they do not create a distraction, disruption or otherwise interfere with the educational environment, during after-school activities (e.g., extra-curricular activities), or at school-related functions. Use of PCDs, except those approved by a teacher or administrator, at any other time is prohibited and they must be powered off and stored out of sight.

However, technology including, but not limited to, PCDs intended and actually used for instructional purposes (e.g., taking notes, recording classroom lectures, writing papers) will be permitted, as approved by the classroom teacher or the building principal.

- Students in grades 4k-6: While students may possess PCDs in school, on school property, during after-school activities (e.g., extra-curricular activities), and at school-related functions, they must be powered completely off and stored in the students' backpacks in their cubby or locker during school hours.

- Students in grades 7-8: During instructional time, students may only use digital technology devices, including cell phones, available to them for purposes pre-authorized by the teacher. Personal electronic devices should otherwise be put away in their lockers.
- Students in grades 9-12: During instructional time, students may only use digital technology devices, including cell phones, available to them for purposes pre-authorized by the teacher. Personal electronic devices should otherwise be put away and out of sight, or stowed in the teacher designated location within the classroom or learning space if requested by the teacher.

Students may not use PCDs on school property or at a school-sponsored activity to access and/or view Internet websites that are otherwise blocked to students at school.

Students may use PCDs while riding to and from school on a school bus or other Board-provided vehicles or on a school bus or Board-provided vehicle during school-sponsored activities, at the discretion of the bus driver, classroom teacher, or sponsor/advisor/coach. Distracting behavior that creates an unsafe environment will not be tolerated.

~~Under certain circumstances, a student may keep his/her PCD "On" with prior approval from the building principal.~~

Except as authorized by a teacher, administrator, or IEP team, students are prohibited from using PCDs during the school day, including while off-campus on a field trip, to capture, record, and/or transmit the words or sounds (i.e., audio) and/or images (i.e., pictures/video) of any student, staff member or other person. Using a PCD to capture, record, and/or transmit audio and/or pictures/video of an individual without proper consent is considered an invasion of privacy and is not permitted. If the violation involves potentially illegal activity, the confiscated-PCD may be turned over to law enforcement.

PCDs, with cameras or any other recording capabilities, may not be activated or utilized at any time in any school situation where a reasonable expectation of personal privacy exists. These locations and circumstances include, but are not limited to, classrooms, locker rooms, shower facilities, rest/bathrooms, and any other areas where students or others may change clothes or be in any stage or degree of disrobing or changing clothes. The District Administrator and building principals are authorized to determine other specific locations and situations where the use of a PCD is absolutely prohibited.

Students shall have no expectation of confidentiality with respect to their use of PCDs on school premises/property.

Students may not use a PCD in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed, or intimidated. See Policy 5517.01 – Bullying. In particular, students are prohibited from using PCDs to: (1) transmit material that is threatening, obscene, disruptive, or sexually explicit or that can be construed as harassment or disparagement of others based upon **any Protected Class consistent with Board Policy 2260 - Nondiscrimination and Access to Equal Educational Opportunity** ~~their race, color, national origin, sex (including sexual orientation/transgender identity), disability, age, religion, ancestry, or political beliefs~~; and (2) engage in "sexting" - i.e., sending, receiving, sharing, viewing, or possessing pictures, text messages, e-mails or other materials of a sexual nature in electronic or any other form. Violation of these prohibitions shall result in disciplinary action. Furthermore, such actions will be reported to local law enforcement and child services as required by law.

Students are also prohibited from using a PCD to capture, record, and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using PCDs to receive such information.

Possession of a PCD by a student at school during school hours and/or during extra-curricular activities is a privilege that may be forfeited by any student who fails to abide by the terms of this policy, or otherwise abuses this privilege.

Policy Violations

Violations of this policy may result in disciplinary action and/or confiscation of the PCD. The building principal will also refer the matter to law enforcement or child services if the violation involves an illegal activity (e.g., child pornography, sexting). Discipline will be imposed on an escalating scale ranging from a warning to an expulsion based on the number of previous violations and/or the nature of or circumstances surrounding a particular violation. If the PCD is confiscated, it will be released/returned to the student's parent after the student complies with any other disciplinary consequences that are imposed, unless the violation involves potentially illegal activity in which case the PCD may be turned over to law enforcement.

A confiscated device will be marked in a removable manner with the student's name and held in a secure location in the building's central office until it is retrieved by the parent or turned over to law enforcement. School officials will not search or otherwise tamper with PCDs in District custody unless they reasonably suspect that the search is required to discover evidence of a violation of the law or other school rules. Any search will be conducted in accordance with

Policy 5771 - Search and Seizure. If multiple offenses occur, a student may lose ~~the~~his/her privilege to bring a PCD to school for a designated length of time or on a permanent basis.

Student use of PCDs in the following circumstances will not be considered a violation of this policy:

- A. **Emergency or Threat:** Student use of a PCD is allowed in the event of an emergency or a perceived threat to address the safety and security of students and staff.
- B. **Health Care Management:** Student use is authorized as necessary to manage or support a specific student's health care needs as defined in the individual student health plan.
- C. **Individualized Education Plans:** Student use is authorized consistent with a student's Individualized Education Program (IEP) or a plan developed under Section 504 of the federal Rehabilitation Act of 1973.
- D. **Educational Purposes:** Student use is authorized by a teacher for legitimate educational purposes during instructional time as described above.

Duty to Report

A person who discovers a student using a PCD in violation of this policy is required to report the violation to the building principal.

Students Responsible for Their PCDs

Students are personally and solely responsible for the care and security of their PCDs. The Board assumes no responsibility for theft, loss, or damage to, or misuse or unauthorized use of, PCDs brought onto its property.

Annual Notice

No later than October 1 of each year, the Department of Public Instruction (DPI) shall be notified by the District of whether any changes have been made to this policy and, if so, the updated policy shall be submitted to the DPI.

5411 - THIRD GRADE PROMOTION AND RETENTION: AT-RISK STUDENTS

Introduction

This policy governs the promotion of students from 3rd grade to 4th grade in accordance with 118.33, Wis. Stats. The policy applies to all students being considered for promotion from 3rd to 4th grade, effective on September 1, 2027.

The District intends to make promotion decisions based on a thorough and equitable process that considers individual student needs in reading. For any student who has not completed their personal reading plan by the end of 3rd grade, a team will determine whether retention or promotion to 4th grade, with intensive instructional support, progress monitoring, and supports to remediate the identified areas of deficiency, is in the student's best interest. The determination process will consider relevant factors such as reading proficiency, social and emotional development, and available supports.

Definitions

"Personal Reading Plan" means a reading plan provided for five (5) year-old-kindergarten to third grade students that are identified as at risk based on a universal screening assessment or diagnostic assessment, in accordance with 118.016(5), Wis. Stats.

"Limited English-Proficient Student" means a student whose ability to use the English language is limited because of the use of a non-English language in the student's family or the student's daily, non-school surroundings, and who has difficulty in performing ordinary classwork in English as a result of such limited English proficiency.

"Completed" means a 3rd grade student who has a personal reading plan is considered to have completed the personal reading plan if the student's parent and the student's school agree that the student has met the goals outlined in the personal reading plan and the student scores at grade-level in reading on a summative assessment, as defined by the Department of Education (DPI).

Promotion of Third Grade Students with Personal Reading Plans

For any student who has not completed their personal reading plan by the end of the student's third grade year, the District will engage in a process to determine whether to promote that student to the fourth grade. The District will not promote a student from third grade to fourth grade who has not completed their personal reading plan by the end of third grade unless the District, in consultation with the student's parent(s), believes retention is not in the best interest of the student.

In reaching the decision to promote or retain the student, the District will carefully consider all relevant factors, including but not limited to:

- A. Whether a team of interested individuals, including the parent(s) of the student and school representatives who have knowledge of the reading instruction, supports, and interventions provided to the student, believe promotion is

in the best interest of the student;

- B. All relevant and available data demonstrating the student's response or progress to reading instruction and intervention, and data demonstrating the student's progress towards meeting personal reading plan goals;
- C. Why the student has not completed their personal reading plan;
- D. Whether or which alternatives to retention can help support the student to achieve reading proficiency;
- E. Any other factor(s) relevant in deciding whether to retain or promote a student;
- F. Those factor(s) or conditions considered elsewhere in District policy or administrative guidelines pertaining to student promotion and retention;
- G. Whether the student is eligible for an exception contained under this policy;
- H. The potential long-term adverse risks **and/or benefits** of retention.

Based on the comprehensive evaluation of factors above, the District will make one of the following determinations:

- A. Promotion: Promotion to fourth grade with applicable supports and services is more appropriate than retention **into** third grade.
- B. Promotion: The student's non-completion of their personal reading plan was not primarily due to the student's lack of reading proficiency.
- C. Promotion: The District recommends retention with applicable supports and services, but the student's parent(s) do not agree with the District's recommendation.
- D. Retention: The District determined that, in consultation with the student's parent(s), retention with applicable supports and services is more appropriate than promotion to fourth grade.

Promoting Students with Incomplete Personal Reading Plans

If the District promotes a third-grade student who has not completed their personal reading plan by the end of third grade, the District shall conduct all of the following post-promotion requirements:

- A. In the following and subsequent school year(s), provide intensive instructional services, progress monitoring, and supports to remediate the identified areas of deficiency until the student scores at grade level in reading on a summative assessment;
- B. Notify the student's parent(s), in writing, that the student did not complete their personal reading plan, including a description of the instructional services and supports that will be provided to the student to remediate the identified areas of deficiency; and
- C. Provide the student with an intensive summer reading program each summer until the student scores at grade-level in reading on a summative assessment.

Exceptions to Post-Promotion Requirements

The following are good cause exceptions. Any student who meets one or more of the following good cause exceptions may be exempt from the promotion policy, the intensive summer reading program, and/or the intensive reading intervention requirements:

- A. The student is identified as a Limited-English Proficient student as per the definition included in this policy;
- B. The student has an individualized education plan (IEP) that indicates that neither taking the universal reading screener nor the State summative assessment in reading is appropriate for the student;
- C. The student scores as proficient in reading on the alternative Statewide standardized summative assessment;
- D. The student has an IEP or Section 504 plan under the Rehabilitation Act of 1973 that indicates that the student has received intensive intervention in reading for more than two (2) years if the student continues to demonstrate a deficiency in reading and was previously retained in 5th grades one (1), two (2), or three (3);

- E. The student has received intensive reading interventions for two (2) or more school years, continues to demonstrate a deficiency in reading, and was previously retained in 5K, grades one (1), two (2), or three (3) for a total of two (2) years.

Mid-Year Enrollment/Transfers

Any student who enrolls as a third-grade student late in the school term without any accompanying record of a personal reading plan shall be promoted to fourth grade under the criteria that the student did not have a personal reading plan in effect at the end of third grade.

If a student transfers into a school enrolled as a fourth-grade student and the provided records indicate the student may have met requirements to be retained in third grade (e.g., incomplete personal reading plan), the District shall provide all supports and services that the student would have otherwise received as a post-promotion requirement including intensive instructional services, progress monitoring and supports to remediate the identified areas of deficiency, parent notification, and an intensive summer reading program each summer until the student scores at grade-level in reading on a summative assessment.

Parental Notification

- C. the student's percentile rank score on the reading readiness assessment, if available;
- D. the definition of "at-risk" and the score on the reading readiness assessment that would indicate the student is at-risk;
- E. a plain language description of the literacy skills the reading readiness assessment is designed to measure.

If the diagnostic assessment indicates that a student is at-risk, the Board shall include information about how to make a special education referral under 115.777, Wis. Stats., with the diagnostic assessment results provided.

If the Board is required to assess a student's early literacy skills using a diagnostic assessment, the Board shall provide all of the following, in writing, to the student's parent:

- A. a description of the common indicators and characteristics of dyslexia;
- B. information about appropriate interventions and accommodations for students with characteristics of dyslexia.

The Board shall post its early literacy remediation plan (including the parent notification policy) on the School District website.

If a student is identified as at risk based on a universal or diagnostic assessment, the Board shall:

- A. provide a copy of the student's personal reading plan to the student's parent and obtain a copy of the personal reading plan signed by the student's parent (acknowledgement rather than consent);
- B. after ten (10) weeks of providing the student with the interventions in the student's personal reading plan, notify the student's parent of the student's progress, as determined under the student's personal reading plan.

Appeal Process

Any person appealing a decision regarding promotion to grade four (4) under this policy shall submit a written appeal to the District Administrator within five (5) business days of notification. The person must state, in writing, the portion of this policy they believe was administered in error, including the reasons supporting that belief and the proposed remedy for the alleged error.

5830 - **STUDENT FUND-RAISING FUNDRAISING**

The Board acknowledges that the solicitation of funds from students must be limited since compulsory attendance laws make the student a captive donor and may also disrupt the program of the schools.

For purposes of this policy "student fund-raising fundraising" shall include the solicitation and collection of money from students for any purpose and shall include the collection of money in exchange for tickets, papers, or any other goods or services for approved student activities.

Student-Led Fund-Raising Fundraising for School-Related Organizations

The Board will permit student fund-raising fundraising by students in school, on school property, or at any school-sponsored event only when the profit therefrom is to be used for school purposes or for an activity connected with the schools.

School-level fundraisers must be approved by the Principal. The Principal may permit fundraising by approved school organizations, those whose funds are managed by the Board. The Board requires that fund-raisers fundraisers by student clubs and organizations that involve the sale, to students, of food and/or beverage items that will be consumed on campus, the food and/or beverage items to be sold comply with the current USDA Dietary Guidelines for Americans and the Smart Snack Rules. Each student organization shall be permitted two (2) fund-raising fundraising exceptions per school year where foods and beverages that are not allowable under the Smart Snack Rules can be sold. If approved, fund-raisers fundraisers that involve the sale, to students, of food items or beverages to be consumed on District property shall not compete directly with the sale of reimbursable meals.

Fund-raising by approved school organizations, those whose funds are managed by the District, may be permitted. The advisor of the organization must complete a District Fund-raising Form and have it approved by the advisor's his/her supervisor and the Business Manager. Each organization is permitted up to two (2) fund-raisers fundraisers per year. Repeating a fund-raiser fundraiser, such as a T-shirt sale at a later time, is not considered an additional fund-raiser fundraiser.

Families may be offered opportunities to fund-raise to offset costs of trips, beyond the two fund-raisers fundraisers per year per organization. These fund-raising fundraising opportunities must be optional, and must go toward the costs of the trips.

Fund-raising Fundraising by students on behalf of school-related organizations whose funds are not managed by the District may be permitted on school grounds by the District Administrator.

Participation in any fund-raising fundraising by students and parents must be optional.

All funds raised must be deposited in accordance with Policy 6630 - Cash Handling and Deposits.

Use of the name, logo, or any assets of the District, including but not limited to facilities, technology, or communication networks, is prohibited without the specific permission of the District Administrator.

Crowdfunding activities aimed at raising funds for a specific classroom or school activity, including extra-curricular activity, or to obtain supplemental resources (e.g., supplies or equipment) that are not required to provide a free appropriate public education to any students in the classroom may be permitted, but only with the specific approval of the District Administrator.

All other ~~fund-raising~~ fundraising not addressed in this policy shall be done in accordance with Board Policy 9700 - Relations with Non-School Affiliated Groups.

6610 - NONDISTRICT-SUPPORTED STUDENT ACTIVITY ACCOUNTS

The Board authorizes the maintenance of approved student activity accounts for nondistrict-supported student activities as allowed by DPI regulations and the auditor's recommendations in accordance with GASB 84. Approval of the establishment of any student activity account for a nondistrict-supported student activity, after the student activity is approved, without District financial support, in accordance with Policy 2430 - District-Sponsored Clubs and Activities, shall be determined by the Business Manager before monies can be collected or disbursed in the name of said activity.

Definitions

The following definitions are provided for these terms within the context of this policy:

- A. District-sponsored student activity:** All student activities recognized by the District as approved co-curricular/extra-curricular activities are designated as District-sponsored, including both District-supported and nondistrict-supported student activities. (See Policy 2430 - District-Sponsored Clubs and Activities and Policy 6611 - District Supported/Sponsored Student Activity Accounts)
- B. District-supported student activity:** The District provides financial support of the student activity and exercises administrative control over dispersal of the activity's funds. (See Policy 6611 - District Supported/Sponsored Student Activity Accounts)

Appeals may be made to the Superintendent.

7540.02 - **DIGITAL CONTENT AND ACCESSIBILITY**

A. **Creating Digital Content**

The Board authorizes staff members and students to create content for the District's website and District-approved/affiliated apps and services (see Bylaw 0100 - Definitions) ("digital content").

District-generated and school-related digital content must comply with applicable State and Federal laws (e.g., copyright laws, Children's Internet Protection Act (CIPA), Section 504 of the Rehabilitation Act of 1973 (Section 504), Americans with Disabilities Act (ADA), Student Online Personal Protection Act (SOPPA), and Children's Online Privacy Protection Act (COPPA)) and reflect the professional image/brand of the District, its employees, and students. District-generated digital content must be consistent with the Board's Mission Statement and is subject to prior review and approval of the District Administrator before being published on the District's website or District-approved/affiliated apps/services.

Creation of school-related content by students for the Board's website or District-approved/affiliated apps/services must be done under the supervision of a District staff member.

B. **Purpose of Digital Content**

The purpose of digital content covered by this policy is to educate, inform, and communicate. The following criteria shall guide the development of District-generated digital content:

1. **Educate**

Digital content should be suitable for and usable by students and teachers to support the curriculum and the Board's Objectives as listed in the Board's Strategic Plan.

2. **Inform**

Digital content may inform the community about the school, teachers, students, or departments, including information about curriculum, events, class projects, student activities, and departmental policies.

3. **Communicate**

Digital content may communicate information about the plans, policies, and operations of the District to members of the public and other persons who may be interested in and/or affected by District matters.

The information published on the Board's website and District-approved/affiliated apps/services should reflect and support the Board's Mission Statement, Educational Philosophy, and School Improvement Process.

When the digital content includes a photograph or personally identifiable information relating to a student, the Board will abide by the provisions of Policy 8330 - Student Records.

Under no circumstances is District-generated digital content to be used for commercial purposes, advertising, political lobbying, or to provide financial gains for any individual. Included in this prohibition is the fact that no digital content published on the District's website or District-approved/affiliated apps/services may:

1. include statements or other items that support or oppose a candidate for public office, the investigation, prosecution, or recall of a public official, or passage of a tax levy or bond issue;
2. link to a website of another organization if the other website includes such a message; or
3. communicate information that supports or opposes any labor organization or any action by, on behalf of, or against any labor organization.

If a staff member creates digital content related to their class, it must be hosted on the Board's website or a District-approved app/service.

The Board's website, including school-specific websites, shall be generally open/available to the public unless specific digital content is unique to a specific child and/or includes student personally identifiable information, in which case the information must be password-protected or access to it must be otherwise restricted. When digital content involving student personally identifiable information or information concerning coursework, particularly a specific student's classes/assignments, is password-protected/access is otherwise restricted, the student's parent(s)/guardian(s) will continue to have access to that digital content.

Digital content published on the Board's website should reflect an understanding that both internal and external audiences will be viewing the information.

The Board retains all proprietary rights related to the design of and content for its website(s) and any apps/services it operates and/or is affiliated with, absent written agreement to the contrary.

In order for a student's school work (i.e., work that is created in or for a class or as part of a school-sponsored extracurricular activity) to be displayed on the Board's website, the student (who is eighteen (18) years of age or older) or the student's parent (if the student is seventeen (17) years of age or younger) must provide written permission and expressly license its display without cost to the Board.

Likewise, prior written permission from a student (who is eighteen (18) years of age or older) or the student's parent (if the student is seventeen (17) years of age or younger) is necessary for a student to be identified by full name on the Board's website.

C. Accessibility of Web Content and Mobile Apps

The District is committed to providing persons with disabilities an opportunity equal to that of persons without disabilities to participate in the District's programs, benefits, and services, including those delivered through electronic and information technology, except where doing so would impose an undue burden or create a fundamental alteration. The District is further committed to ensuring persons with disabilities are able to acquire the same information, engage in the same interactions, and enjoy the same benefits and services within the same timeframe as persons without a disability, with substantially equivalent ease of use; that they are not excluded from participation in, denied the benefits of, or otherwise subjected to discrimination in any District programs, services, and activities delivered online through the web or a mobile app, as required by Section 504 and Title II of the ADA and their implementing regulations; and that they receive effective communication of the District's programs, services, and activities delivered in-person or online.

This policy reflects the Board's commitment and intention to comply with the requirements of Section 504 of the Rehabilitation Act of 1973, 29 U.S.C. Section 794, 34 C.F.R. Part 104, Title II of the Americans With Disabilities Act of 1990, 42 U.S.C. Section 12131, and 28 C.F.R. Part 35 in all respects. For purposes of this policy, "web content" means the "information and sensory experience to be communicated to the user by means of a user agent, including code or markup that defines the content's structure, presentation, and interactions." Examples of web content include text, images, sounds, videos, controls, animations, and conventional electronic documents (e.g., web content or content in mobile apps in the following electronic file formats: portable document formats (PDF), word processor file formats, presentation file formats, and spreadsheet file formats). Additionally, "mobile applications" ("mobile apps") means "software applications that are downloaded and designed to run on mobile devices, such as smartphones and tablets."

Technical Standards

Web content and mobile apps that the District provides and/or makes available, directly or through contractual, licensing or other arrangements, shall comply with the World Wide Web Consortium's Web Content Accessibility Guidelines (WCAG) 2.1, Level AA standards, unless the Board can demonstrate that such compliance would result in a fundamental alteration in the nature of its programs, services, or activities, or an undue financial and administrative burden.

Notwithstanding the preceding, Federal regulations provide for the following content types to have limited exceptions to the WCAG 2.1, Level AA requirements:

- a. archived web content (provided all four (4) Federal criteria in 28 C.F.R. 35.104 are met);
- b. certain preexisting conventional electronic documents (with specific restrictions);
- c. third party content that is not created pursuant to a contract, license, or other arrangement between the Board and a third party;
- d. password-protected or otherwise secured documents pertaining to a specific student, their property, or their account; and
- e. preexisting social media posts.

Even when the preceding exceptions apply, the District, however, will still provide effective communication and reasonable modifications in accordance with the ADA.

Content maintained for any purpose other than reference, research, or recordkeeping does not qualify as one of the listed exceptions above, regardless of the date it was created. If the content is labeled "archived" or stored in an area clearly identified as being "archived" it still has not risen to the level required to fall into an exception.

When a person with a disability cannot access District-generated or -affiliated web content or mobile apps that meet WCAG 2.1, Level AA standards, the District will: (1) provide alternate means of access to the same information and functionality; (2) make reasonable modifications to policies, practices, or procedures; (3) ensure effective communication through appropriate auxiliary aids and services; and (4) respond to accommodation requests within 7 business days. Such accommodations may include: (a) alternative document formats (large print, Braille, audio); (b) telephone or in-person assistance for online services; and/or (c) email or mail delivery of information typically accessed online.

2. **Digital Accessibility Coordinator**

The Board designates its Section 504/ADA Compliance Coordinator(s) as the District's Digital Accessibility Coordinator(s). That individual is responsible for coordinating and implementing this policy.

See Board Policy 2260.01 for the Section 504/ADA Compliance Coordinator(s)' contact information.

3. **Third Party Content**

Links included on the Board's website(s) and District-approved/affiliated mobile apps that pertain to its programs, activities, and/or services must also meet the above criteria and comply with State and Federal law (e.g. copyright laws, CIPA, Section 504, ADA, SOPPA, and COPPA). The District's Digital Accessibility Coordinator(s) or designee(s) will vet online content available on the Board's website and through District-approved/affiliated mobile apps that are related to the District's programs, activities, and/or services for compliance with this criteria for all new content published on the District's website and mobile apps after adoption of this policy.

Content posted by third parties (e.g., members of the public) on District platforms is exempt from the WCAG 2.1, Level AA requirements unless the third party is posting due to contractual, licensing, or other arrangements with the District. Those platforms, however, along with content posted by the District staff or contractors, must be fully compliant.

Additionally, nothing herein shall prevent the District from including links on its website(s) and apps/services to:

- a. recognized news/media outlets (e.g., local newspapers' websites, local television stations' websites), or
- b. websites, services, and/or apps that are developed and hosted by outside vendors or organizations that are not part of the District's program, benefits, or services.

The Board recognizes that such third party websites must contain age-appropriate advertisements that are consistent with

the requirements of Policy 9700.01, AG 9700B, and State and Federal law.

4. Regular Audits

The District will, under the direction of the Digital Accessibility Coordinator(s) or designee(s), at regular intervals, audit the District's digital content to ensure it meets the required technical standards.

This audit will occur at least annually, with quarterly monitoring of high-priority content and newly published materials.

If problems are identified through the audit, such problems will be documented, evaluated, and if necessary, remediated within a reasonable period.

5. Reporting Concerns or Possible Violations

If a person accessing the District's web content and/or District-approved/affiliated mobile apps (e.g., a student, prospective student, employee, guest, or visitor) ("user") believes that specific web content and/or a mobile app has violated the WCAG 2.1, Level AA standards, the user may contact the Digital Accessibility Coordinator with any accessibility concerns. The user may also file a formal complaint utilizing the procedures set out in Board Policy 2260.01 relating to Section 504 and Title II.

D. Instructional Use of Apps/Services

The Board requires each Principal to pre-approve each app/service that a teacher intends to use to supplement and enhance student learning. To be approved, the app/service must have a FERPA-compliant privacy policy, as well as comply with all requirements of the COPPA, SOPPA, CIPA, and Section 504/ADA, including the WCAG 2.1, Level AA accessibility standards.

The Board further requires the use of a Board-issued e-mail address in the login process for District-approved/affiliated apps/services.

E. Training

The District will provide periodic training for its employees who 1) create web content, documents, or multimedia materials, 2) manage the Board's website and digital services, 3) select and contract with technology vendors, and 4) work on online communications.

The training should cover this Policy and responsibilities associated with the specified staff members' roles related to the implementation of this policy and ensuring the District's digital content is appropriate and accessible.

F. One-Way Communication Using the District Website and/or District-Approved/Affiliated Apps/Services

The Board approves the use of its website and District-approved/affiliated apps/services to promote school activities and inform stakeholders and the general public about District news and operations.

Included in this approval is the use of Short Message Service (SMS) texting for official District communications. The District SMS service will include:

1. Consent and Privacy for SMS Communication

The District is committed to protecting the privacy of all recipients. The following terms govern the use of SMS communication:

- a. Explicit Consent (Opt-in): The District shall obtain explicit, verifiable permission (opt-in) before sending any SMS texts to students, parents, staff, or community members.
- b. Data Sharing: Information obtained as part of the SMS consent process will not be shared, sold, or rented to third parties.
- c. Data Collection: The District will not collect or save personal data or information from its SMS users beyond what is strictly necessary to maintain the opt-in list.
- d. Confidentiality: No confidential or personally identifiable student/staff information will be exchanged through SMS text messaging.

2. Types of SMS Communications

If an individual has consented to receive school-related text messages from the District, they may receive messages related to:

- a. Emergencies and Cancellations
- b. School and Office Appointments
- c. General Reminders (e.g., deadlines, schedule changes)
- d. District and School Events
- e. Attendance Notifications
- f. Transportation Updates

1. Standard Messaging Disclosures

- a. Message and data rates may apply. Message frequency may vary.
- b. Users can opt-out at any time

Such communications constitute public records that will be archived.

When the Board or District Administrator designates communications distributed via the District's website and/or District-approved/affiliated apps/services to be one-way communication, public comments are not solicited or desired, and the website or app/service is to be considered a nonpublic forum.

If the District uses an app/service that does not allow the District to block or deactivate public comments, the District's use of that app/service will be subject to Policy 7544 – Use of Social Media unless the District is able to automatically withhold all public comments.

If unsolicited public comments can be automatically withheld, the District will retain the comments in accordance with its adopted record retention schedule (see AG 8310A – Public Records, and AG 8305 – Collection, Classification, Retention, Access and Security of District Data / Information), but it will not review or consider those comments.

7540.2 – WEB CONTENT, SERVICES, AND APPS

Creating Web Pages/Sites/Services and Apps

The Board of Education authorizes staff members and students to create web content, apps, and web services (see Bylaw 0100 – Definitions) that will be hosted by the Board on its servers or District-affiliated services and published on the Internet.

The web content, services, and apps must reflect the professional image/brand of the District, its employees, and students. Webcontent and apps must be consistent with the Board's Mission Statement and staff-created web content, services, and apps are subject to prior review and approval of the District Administrator before being published on the Internet and/or utilized with students.

Student-created webcontent, services, and apps are subject to Policy 5722 – School Sponsored Publications and Production. The creation of web content, services, and apps must be done under the supervision of a professional staff member.

The purpose of web content, services, and apps hosted by the Board on its servers or District-affiliated servers is to educate, inform, and communicate. The following criteria shall be used to guide the development of such web content, services, and apps:

A. Educate

Content provided in the website should be suitable for and usable by students and teachers to support the curriculum and the board's objectives as listed in the Board's strategic plan.

B. Inform

Content may inform the community about the school, teachers, students, or departments, including information about curriculum, events, class projects, student activities, and departmental policies.

C. Communicate

Content may provide an avenue to communicate with the community.

The information contained on the district's websites should reflect and support the Board's mission statement, educational philosophy, and the school improvement process.

When the content includes a photograph or information relating to a student, the board will abide by the provisions of Policy 8330 – Student Records.

All links included on website(s) or web services or apps must also meet the above criteria and comply with State and Federal law (e.g. copyright law, Children's Internet Protection Act, Section 504 of the Rehabilitation Act of 1973 (Section 504), Americans with Disabilities Act (ADA), Children's Online Privacy Protection Act (COPPA)). Nothing in this paragraph shall prevent the District from linking the Board's website(s) to (1) recognized news/media outlets (e.g., local newspapers' web sites, services, and/or apps, local television stations' web sites) or (2) to web sites that are developed and hosted by outside commercial vendors pursuant to a contract with the Board. The Board recognizes that such third party web sites may not contain age-appropriate advertisements that are consistent with the requirements of Policy 9700.01 and State and Federal law.

Under no circumstances is District-created web content, services, or apps to be used for commercial purposes, advertising, political lobbying, or to provide financial gains for any individual. Included in this prohibition is the fact no web content contained on the District's web site may: (1) include statements or other items that support or oppose a candidate for public office, the investigation, prosecution or recall of a public official, or passage of a tax levy or bond issue; (2) link to a web site of another organization if the other web site includes such a message; or (3) communicate information that supports or opposes any labor organization or any action by, on behalf of, or against any labor organization. Nothing in this paragraph shall prevent the Board from linking on the District's web site to recognized news/media outlets (e.g., local newspapers' web sites, local television stations' web sites).

Web content, services, and apps should reflect an understanding that both internal and external audiences will be viewing the information.

School websites, services, and apps must be located on Board-owned or District-affiliated servers.

The Board retains all proprietary rights to the design of webcontent, services, and apps that are hosted on Board-owned or District-affiliated servers, absent written agreement to the contrary.

Instructional Use of Web Services and Apps

The Board authorizes the use of web services and/or apps to supplement and enhance learning opportunities for students either in the classroom or for extended learning outside the classroom.

A teacher who elects to supplement and enhance student learning through the use of web services and/or apps is responsible for verifying/certifying to the Building Principal that the web service or app has a FERPA-compliant privacy policy, and it complies with all requirements of the Children's Online Privacy Protection Act (COPPA) and the Children's Internet Protection Act (CIPA).

Code	po8462 Act 57
Status	Policy Committee Review

Last Revised	June 22, 2020

8462 - **CHILD ABUSE AND NEGLECT**

The Board is concerned with the physical and mental well-being of all children of this District and will cooperate in the identification and reporting of cases of child abuse or neglect in accordance with law. In addition, the Board strictly prohibits any actual or threatened acts of physical, mental, sexual, or other form of abuse directed towards students by any person in any District-owned, operated, or leased facility, or at any school-sponsored activity.

Staff Training Required

The Board shall require every employee to receive training provided by the Department of Public Instruction (DPI) in identifying children who have been abused or neglected and in the laws and procedures governing the reporting of suspected or threatened child abuse and neglect. Such training shall be completed within the first six (6) months of employment in the District and at least once every five (5) years after the initial training. This training may be held in conjunction with staff training for threats of violence as required in Policy 8462.01.

Training conducted in fulfillment of this policy shall include a record of the date, time, duration, and content of the training, as well as a list of all attendees at the training.

Reporting of Suspected Child Abuse or Neglect

Each District employee who has reasonable cause to suspect child abuse or neglect has occurred or is occurring, or has reasonable cause to believe a child has been threatened with abuse or neglect and that abuse or neglect is likely to occur shall be responsible for reporting immediately every case, whether verified or suspected, the circumstances giving rise to the reasonable cause.

Reporting is mandatory even if the staff member has reason to believe that the abuse or neglect occurred, but is no longer occurring (for example, the child is no longer living with the suspected abuser). Staff members should make reports based on reasonable cause to suspect abuse or neglect and are not permitted to first investigate the circumstances in an effort to verify abuse or neglect. This can cause a loss of time and jeopardize law enforcement or social services investigations into child welfare concerns.

Reporting Procedures

The employee shall immediately call the local office of the Child Welfare Department or local law enforcement agency.

Employees shall also notify the building level administrator or the District Administrator.

The identity of the reporting person shall be confidential, subject only to disclosure by consent or court order. A reporting employee shall not be dismissed or otherwise penalized for making a report of child abuse or neglect, unless such report was made knowing it to be false and for the purpose of harming the accused or victim in the report.

Information concerning alleged child abuse is confidential. Any unauthorized disclosure by an official or employee of the District is a violation of the law and may subject the disseminator to civil liability for resulting damages and disciplinary action.

Each principal should be mindful of the possibility of physical or mental abuse being inflicted on a student by an employee. Staff member reporting obligations under this policy and applicable law are the same regardless of whether the suspected abuser is a parent, guardian, or another staff member, and reports should be made accordingly.

Additional Required Reporting

This section addresses the reporting requirements of Policies 1213/3213/4213 - Student Supervision and Welfare. Staff members who possess information leading a reasonable person to suspect that misconduct may have occurred, as indicated below, shall report this immediately to the District Administrator and/or their immediate supervisor:

- A. Sexual misconduct, as defined in s. 948.098 (1) (d), by a school staff member, as defined in s. 948.098 (1) (c).;
- B. That an individual who has been convicted of a serious child sex offense, as defined in s. 948.13, has engaged in an occupation or participated in a volunteer position that requires the individual to work or interact primarily and directly with children in a manner that would be a felony under s. 948.13.; and/or
- C. That a sex offender, as defined in s. 948.14 (1) (d), has intentionally captured a representation of a minor pupil without the written consent of the minor pupil's parent or guardian.

Failure on the part of the staff member to immediately report the aforementioned (A., B., and/or C, above) may result in disciplinary action, up to and including termination.

Other Rules and Procedures

The following additional rules and procedures shall govern the working relationships between the Board, staff, and any approved SSO. The Board may revoke formal recognition and suspend fundraising privileges of any SSO that fails to comply with these rules:

- A. The Board relies upon approved SSOs to operate in a manner consistent with public expectations for the schools and reserves the right to withdraw sponsorship from any outside support organization that violates the bounds of community taste.
- B. Membership should be available to staff, as appropriate, and members of the community in addition to parents.
- C. SSOs shall work in cooperation with the Principal and other staff members and shall abide by the policies of the Board. It shall be the responsibility of each outside support organization to monitor its activities to assure compliance with Board policy.
- D. SSOs are encouraged to set goals that are consistent with those of the particular programs, activities or sports being supported as articulated by the coach/advisor and/or athletic director of such program, activity or sport, to avoid duplication of effort and to maximize the benefit to the organization or group.
- E. SSOs must abide by the policies and procedures established for the use of Board facilities and grounds. Projects that require any modification or alteration to Board property must be pre-approved by the District Administrator.

Hi Nita and Mitch,

I hope you are both doing well. I wanted to let you know that I will be stepping down from my position as middle school volleyball coach at New Glarus Middle School.

I have truly enjoyed this role and am very grateful for the opportunity to work with the students and be part of the program. It has been a rewarding experience, and I appreciate all of the support along the way.

With my teaching position now being at the high school, it is the right time for me to step away from the middle school program. If there is anything I can do in the meantime to help support the program, please let me know.

Thank you again for the opportunity—I've genuinely enjoyed my time in this position
