

BOARD AGENDA
ANSLEY BOARD OF EDUCATION
Regular Meeting
November 10, 2025
Ansley Board of Education - Committee Meeting

The Purpose of Ansley Public Schools is to educate and empower students to succeed in an ever changing world.

- I. Read and review the following policies:
- 5043 School-Sponsored Publications
 - 5044 Safe Pupil Transportation Plan
 - 5046 Secret Organizations
 - 5052 School Wellness Policy
 - 5053 Self-Management of Diabetes or Asthma/Anaphylaxis
 - 5055 Enrollment in Kindergarten
 - 5056 Free Expression by Students
 - 5057 District Title I Parent and Family Engagement Policy

*Executive Session: If during the course of the meeting, discussion of any item on the agenda should be held in Executive Session, the board will conduct a closed meeting in accordance with the Nebraska Open Meetings Law.

**Sequence of Agenda: The sequence of agenda topics is subject to change at the discretion of the board. Please arrive at the beginning of the meeting.

***Action Item: The board reserves the right to take action on an item listed on the board agenda.

5043
School-Sponsored Publications

School-sponsored student publications and electronic media productions are part of the school district's instructional program. The board of education supports the development of student communication skills through school-sponsored newspapers, annuals, magazines, and electronic media including computer, video and digital productions.

Student publications and productions must conform to all good scholastic and professional journalistic standards. The board delegates to the superintendent of schools the right to prohibit dissemination of any school-sponsored publication or media production that does not conform to these standards, or which the superintendent or designee deems inappropriate for the school environment.

5044 Safe Pupil Transportation Plan

It is the goal of the school district to provide safe, comfortable and reliable transportation for bus-riding school children.

1. Emergency Procedures

a) Mechanical breakdown

In the event of a mechanical breakdown, the driver will:

- 1) Stop the vehicle in a safe location
- 2) Keep passengers in the vehicle, if it is safe to do so
- 3) Take steps to warn motorists, by activating hazard lights and placing emergency triangles
- 4) Radio or call for assistance

b) Injuries/Medical Emergencies

If a student is seriously injured or suffers from a medical emergency, the driver will stop the vehicle at the first safe opportunity. The driver will provide emergency medical assistance in accordance with the driver's first aid training. The driver will notify the school district of the emergency using the radio or other communication equipment. The district will then summon emergency medical services by immediately calling 911 and notify administrative personnel.

c) Severe Weather

1) Tornadoes.

If the driver determines that there is likelihood that a tornado will hit the vehicle, and there is not an escape route available or time to drive to a safe location, the driver will evacuate the vehicle, taking only the first aid kit. The driver will take the students to the basement of a nearby building or to the nearest depression or ditch upwind (toward the storm) of the vehicle far enough away from the vehicle so that it will not roll over on the students. The driver should instruct students to cover their heads with their arms. If the students are wearing coats or jackets, they can be used to provide additional protection for their heads and bodies. If there is no time to evacuate the students after stopping the vehicle, the driver should have the students remain in their seats and

assume a protective position with their heads below window level.

2) **Winter Weather**

If the school district or driver determines that a trip is too dangerous to drive due to winter weather conditions, the district will cancel the trip.

Parents should ensure that students are appropriately dressed for winter conditions.

d) **Weapons, Hazardous Substances and Dangerous Contraband**

If a driver discovers that a passenger may have a weapon, hazardous substance or other dangerous contraband on the vehicle, he or she should remain calm and call for assistance. The driver should not inform passengers of the presence of the weapon or other contraband.

e) **Terroristic Threat**

If a driver receives a terroristic threat that he or she deems credible, he or she will notify the school district of the threat using the radio or other communication equipment. After consulting with school officials, the driver will determine whether the threat requires evacuation of the bus. The school will promptly notify the authorities of the threat.

For purposes of this policy, a terroristic threat is a threat to commit any crime of violence or to burn or damage property with the purpose of terrorizing another or of causing the evacuation of the bus or in reckless disregard of causing such terror or inconvenience

f) **Emergency Incident Reports**

Drivers will provide written documentation of any of the emergency events specified in this policy by completing the incident form attached hereto. This documentation must be submitted to the school administration within 24 hours of the event.

2. **Drop-off**

Drivers will drop students off at a location pre-determined through communication between the school district and parents/guardians. In the event the drop-off location is uncertain or appears to be unsafe, the driver will communicate with school staff in the building to seek additional guidance.

In no event will a driver drop a student off in a location which in the reasonable judgment of the driver appears to be unsafe. Drivers who believe the drop-off location to be unsafe shall release students directly into the custody of a parent/guardian or shall return students to their school building.

3. **Evacuation of Students With Disabilities**

The transportation supervisor, in consultation with bus drivers and members of the administrative team, shall develop a written emergency evacuation plan for each bus route. The plan shall include an assessment of each student's ability to evacuate himself or herself as well as his or her ability to assist others. Disabled students should practice their evacuation skills as required of their non-disabled peers if possible during evacuation drills. Students or other individuals who will be assisting disabled students evacuate during emergencies should practice this skill during evacuation drills. Drivers or students who will be assisting with the evacuation process should be familiar with any equipment on the bus that would aid in the actual evacuation.

4. **Student Behavior on School Vehicles**

Riding school vehicles is a privilege, not a right. Students must comply with the following rules and all school conduct rules and directives while riding in school vehicles. In addition, students must also comply with the student code of conduct while riding in school vehicles.

a) **Rules of Conduct on School Vehicles:**

- 1) Students must obey the driver promptly.
- 2) Students must wait in a safe place for the bus to arrive, clear of traffic and away from where the vehicle stops.
- 3) Students are prohibited from fighting, engaging in bullying, harassment or horseplay.

- 4) Students must enter the bus without crowding or disturbing others and go directly to their assigned seats.
- 5) Students must remain seated and keep aisles and exits clear while the vehicle is moving.
- 6) Students are prohibited from throwing or passing objects on, from, or into vehicles.
- 7) Students may not use profane language, obscene gestures, tobacco, alcohol, drugs or any other controlled substance on the vehicles.
- 8) Students may not carry weapons, look-a-like weapons, hazardous materials, nuisance items or animals onto the vehicle.
- 9) Students may carry on conversations in ordinary tones, but may not be loud or boisterous and should avoid talking to the driver while the vehicle is in motion. Students must be absolutely quiet when the vehicle approaches a railroad crossing and any time the driver calls for quiet.
- 10) Students may not open windows without permission from the driver. Students may not dangle any item (e.g. legs, arms, backpacks) out of the windows.
- 11) Student must secure any item or items that could break or produce injury if tossed about the inside of the vehicle if the vehicle were involved in an accident
- 12) Student must respect the rights and safety of others at all times.
- 13) Students must help keep the vehicle clean, sanitary and orderly. Students must remove all personal items and trash upon exiting.
- 14) Students may not leave or board the vehicle at locations other than the assigned stops at home or school unless approved prior to departure by the superintendent or designee.
- 15) Video cameras may be placed on buses, at random, to monitor student behavior on the bus.

b) **Consequences**

Drivers must promptly report all student misconduct to the administration. These reports may be oral or written.

Students who violate the Rules for Conduct will be referred to their building principal for discipline. Disciplinary consequences may include:

- 1) Note home to parents
- 2) Suspension of bus riding privileges
- 3) Exclusion from extracurricular activities
- 4) In-school suspension
- 5) Short term or long term suspension from school
- 6) Expulsion

These consequences are not progressive, and school officials have discretion to impose any listed punishment they deem appropriate, in accordance with state and federal law and board policy.

c) **Records**

Records of vehicle misconduct will be forwarded to the appropriate building principal and will be maintained in the same manner as other student discipline records. Reports of serious misconduct may be forwarded to law enforcement.

5052 School Wellness Policy

The school district is committed to providing a school environment that enhances learning and the development of lifelong wellness. The goals outlined in this policy were determined and selected after reviewing and considering evidence-based strategies.*

1. Goals for Nutrition Promotion and Education

- a. The district will promote healthy food and beverage choices for all students, as well as encourage participation in school meal programs by such methods as implementing evidence-based healthy food promotion techniques through the school meal programs and promoting foods and beverages that meet or exceed the USDA Smart Snacks in School nutrition standards.
- b. The health curriculum will include information on good nutrition and healthy living habits.
- c. Teachers will incorporate information on nutrition and wellness into the classroom curriculum as appropriate.
- d. The district will collaborate with public and private entities to promote student wellness.
- e. Water will be made available to students throughout the school day.

2. Goals for Physical Activity

- a. The school district's curriculums shall include instruction on physical activity and habits for healthy living.
- b. Students will be encouraged to engage in physical activities throughout the school day and will be provided with opportunities to do so.
- c. The district encourages parents and guardians to support their children's participation in physical activity, to be physically active role models, and to include physical activity in family events.

3. Goals for Other School-Based Activities Designed to Promote Student Wellness

- a. The district will participate in state and federal child nutrition programs as appropriate.
- b. The district will provide professional development, support, and resources for staff about student wellness.
- c. Students will be provided sufficient time in which to eat school-provided meals.
- d. The district's lunchrooms will be attractive and well-lighted.
- e. The district will allow other health-related entities to use school facilities for activities such as health clinics and screenings so long as the activities meet the district's requirements and criteria for the use of facilities.
- f. The district may partner with other individuals or entities in the community to support the implementation of this policy.
- g. The district will strive to provide physical activity breaks for all students, recess for elementary students, and before and after school activities, as well as encourage students to use active transport (walking, biking, etc.)
- h. The district will use evidence-based strategies to develop, structure, and support student wellness.

4. Standards and Nutrition Guidelines for All Foods and Beverages Sold to Students on the School Campus and During the School Day

- a. The district will ensure that student access to foods and beverages meet federal, state and local laws and guidelines including, but not limited to:
 - i. USDA National School Lunch and School Breakfast nutrition standards
 - ii. USDA Smart Snacks in School nutrition standards.

- b. The district will offer students a variety of age-appropriate, healthy food and beverage selections with plenty of fruits, vegetables, and whole grains aimed at meeting the nutrition needs of students within their calorie requirements in order to promote student health and reduce childhood obesity.

5. Standards for All Foods and Beverages Provided, But Not Sold to Students During the School Day

The district may provide a list of healthy party ideas or food and beverage alternatives to parents, teachers, and students for classroom parties, rewards and incentives, or classroom snacks. The district discourages the use of food and beverages as a reward or incentive for performance or behavior.

6. Food and Beverage Marketing

Marketing and advertising is only allowed on school grounds or at school activities for foods and beverages that meet or exceed the USDA Smart Snacks in School nutrition standards, except as follows:

- a. This requirement does not apply to marketing that occurs at events outside of school hours such as after school sporting or any other events, including school fundraising events.
- b. The district will not immediately replace menu boards, coolers, tray liners, beverage cups, and other food service equipment with depictions of noncompliant products or logos to comply with the new USDA Smart Snacks in Schools nutrition requirements. All previously purchased products will be used, and all existing contracts honored.
- c. All equipment that currently displays noncompliant marketing materials will not be removed or replaced (e.g., a score board with a Coca-Cola logo). However, as the district reviews and considers new contracts, and as scoreboards or other such durable equipment are replaced or updated over time, any products that are marketed and advertised will meet or exceed the USDA Smart Snacks in School nutrition standards

7. Public Participation

Parents, students, representatives of the school food authority, teachers, school health professionals, board members, school administrators, and members of the general public shall be allowed to provide their input to the school district during the wellness policy adoption and review process.

8. Competitive Foods (Includes Food and Beverages Sold in Vending Machines, School Stores, Fundraisers or in Competition with the National School Lunch and Breakfast Programs)

- a. Except as otherwise allowed by the Nebraska Department of Education (NDE), all foods and beverages sold during the school day as part of a fundraiser or for any other purpose in competition with the National School Lunch and Breakfast Programs must meet the nutrition standards of those programs.
- b. Fundraiser food or beverages are NOT exempt from the USDA Smart Snacks in School nutrition standards. Therefore, if food is sold as a fundraiser:
 - (1) It shall not be sold in competition with school meals in the food service area during the meal service.
 - (2) It shall not be sold or otherwise made available to students anywhere on school premises during the period beginning one half hour prior to the serving period for breakfast and/or lunch and lasting until one half hour after the serving of breakfast and/or lunch.
 - (3) The sale of food items during the school day shall meet the USDA Smart Snacks in School nutrition requirements
 - (4) This restriction does not apply to food sold during non-school hours, weekends, and off-campus fundraising events such as concessions during after-school sporting events, school plays or concerts; or to bulk food items that are sold for consumption at home. (Ex: frozen pizzas, cookie dough tubs, etc.)

9. Triennial Assessment

The school board shall assess and review this policy at least every three years to determine:

- a. Compliance with this policy;
- b. How this policy compares to NDE model wellness policies;
- c. Progress made in attaining the goals of this policy.

The school board will update or modify this policy as appropriate.

10. Public Notice

In addition to identifying the topic on its meeting agenda as required by the Open Meetings Act, the school district will provide notice of this policy at least annually to the public and other stakeholders identified in this policy by one or more of the following methods: on its webpage, in its newsletter, in the student and employee handbooks, newspaper advertisements, direct mailings, electronic mail, and public postings.

In addition to identifying the topic on its meeting agenda as required by the Open Meetings Act, the school district will provide notice of the Triennial Assessment and progress reports towards meeting the goals in this policy using one or more of those same methods.

11. Recordkeeping

The District will retain records to document compliance with the requirements of the wellness policy at its central office.

12. Operational Responsibility

The superintendent is responsible for coordinating the implementation of this policy and for monitoring the district's progress in meeting the goals established by this policy. The superintendent will periodically report to the board on the district's progress in implementing this policy.

* These strategies include, but are not necessarily limited to, those cited in the Alliance for a Healthier Generation's Model Wellness Policy (Updated June 2020 to Reflect the USDA Final Rule) [found at https://api.healthiergeneration.org/resource/2](https://api.healthiergeneration.org/resource/2).

Self-Management of Diabetes or Asthma/Anaphylaxis

Upon receiving the written request of a student's parent or guardian and the written medical authorization described in the applicable provisions below, , the school district will work with the parent or guardian in consultation with appropriate medical professionals to develop a medical management plan for a student with diabetes, asthma, or anaphylaxis (referred to herein as "medical condition").

A student with diabetes must obtain written authorization to self-manage from the student's physician. The plan for a student with diabetes will (a) identify the health care services the student may receive at school, (b) evaluate the student's understanding of and ability to self-manage his or her medical condition, (c) permit regular monitoring of the student's self-management by an appropriately credentialed health care professional, and (d) be signed by the student's parent or guardian and the physician responsible for the student's medical condition.

A student with asthma or anaphylaxis must obtain written authorization to self-manage from the student's physician or from the health care professional who prescribed the medication for treatment of the student's condition. The plan for a student with asthma or anaphylaxis will (a) identify the health care services the student may receive at school, (b) evaluate the student's understanding of and ability to self-manage his or her medical condition, (c) permit regular monitoring of the student's self-management by an appropriately credentialed health care professional, (d) include the name, purpose, and dosage of the prescription asthma or anaphylaxis medication prescribed for such student, (e) include procedures for storage and access to backup supplies of such prescription asthma or anaphylaxis medication, and (f) be signed by the student's parent or guardian and the physician or other health care professional responsible for the student's medical condition.

The plan will permit the students to self-manage his or her medical condition in any part of the school or on school grounds during any school-related activity, or in a private location. The parent or guardian of a student for whom such a medical management plan has been developed shall sign a statement acknowledging that (a) the school and its employees and agents are not liable for any injury or death arising from a student's self-management of his or her medical condition and (b) the parent or guardian will indemnify and hold harmless the school district and its employees and agents against any claim arising from a student's self-management of his or her medical condition. The student's parent or guardian will be personally

responsible for any and all costs associated with any injury to school personnel or another student resulting from the a student's misuse of necessary medical supplies.

The district may prohibit a student who is self-managing his or her diabetic condition from possessing medical supplies for self-management and may establish other necessary and appropriate restrictions or conditions when the district determines that the student has endangered himself, herself, or others through misuse or threatened misuse of such medical supplies. The district will promptly notify the parent or guardian of any such prohibition, restriction, or condition.

The district may impose disciplinary consequences on a student with asthma or anaphylaxis who uses his or her prescription asthma or anaphylaxis medication other than prescribed. These disciplinary consequences shall not include limitations on the student's access to necessary medication. The district will promptly notify the parent or guardian of any disciplinary action imposed.

Enrollment in Kindergarten

A child must reach the age of five on or before July 31st of the calendar year to be enrolled in kindergarten. The school district will enroll a child who will reach the age of five between August 1st and October 15th of the year of enrollment if the parent or guardian requests such enrollment and provides an affidavit stating:

- (a) the child attended kindergarten in another jurisdiction in the current school year; or
- (b) the family anticipates relocating to another jurisdiction that would allow admission within the current year; or
- (c) the child has demonstrated through recognized assessment procedures approved by the board that he or she is capable of performing the work of kindergarten.

The recognized assessment procedure(s) approved by the board are the [Developmental Test of Kindergarten Readiness - Second Edition (DTKR-II) by ProEd] [Kindergarten Readiness Test (KRT) by Scholastics] (Dial-4 Test).

The board delegates to the elementary principal responsibility for determining whether the conditions of this policy have been met. In order to enroll in kindergarten early, students must achieve a score of at least the minimum benchmark expected for each test.

Free Expression by Students

The board of education recognizes that students do not shed their constitutional rights at the schoolhouse gate. However, the board of education is responsible for balancing those rights against its responsibility to provide a program of education for students in this district. The board is authorized to preserve order so that the system may function properly.

Students may not engage in any expressive conduct that causes a material and substantial disruption to the educational program; that is lewd, obscene, profane, defamatory, threatening or contains "fighting words;" that advocates the use of substances that are illegal to minors; that incites violence or constitutes a "true threat;" or that urges the violation of law or school rules. Violators will be disciplined in accordance with law and board policy.

5057 District Title I Parent and Family Engagement Policy

The school district will jointly develop with parents a School-Parent/Student Compact that outlines how the parents, school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the State's high standards.

The written District Parent and Family Engagement Policy will be jointly developed and distributed to parents and family members of participating children and the local community in an understandable format and to the extent practicable, in a language the parents can understand. An annual evaluation of the content and effectiveness of the Parent and Family Engagement Policy will be used to design evidence-based strategies for more effective parental involvement, to revise the Parent and Family Engagement Policy and to remove barriers to participation.

The school district recognizes the unique needs of students who are being served in its Title I program, and the importance of parent and family engagement in the Title I program. Parent and family engagement in the Title I Program shall include, but is not limited to:

1. An annual meeting to which all parents of participating children will be invited to inform parents of their school's participation under this part, to explain the requirements of this part, and the right of the parents to be involved. Invitations may take the form of notes sent with students or announcements in the school newsletter. Additional meetings may be scheduled, based upon need and interest for such meetings.
2. An explanation of the details for the child's and parents' participation, including but not limited to: curriculum objectives, the forms of academic assessment used to measure student progress and the achievement levels of the challenging State academic standards, type and extent of participation, parental input in educational decisions, coordination and integration with other Federal, State, and district programs, and evaluations of progress.
3. Opportunities for participation in parent involvement activities such as training to help parents work with their children to

improve achievement. A goal of these parent activities is to provide parents with opportunities to participate in decisions relating to the education of their students, where appropriate.

4. The district will, to the extent practicable, provide parents of limited English proficiency, parents with disabilities, parents with limited literacy, are economically disadvantaged, are of a racial or minority background or parents of migratory children with opportunities for involvement in the Title I Program. Communication to parents about student progress and the district's other Title I Program communications will be provided in the language used in the home to the extent practicable. Responses to parent concerns will be provided in a timely manner.
5. Opportunities for parent-teacher conferences, in addition to those regularly scheduled by the school district, if requested by the parents or as deemed necessary by school district staff.
6. The district will coordinate and integrate parental involvement programs and activities with other programs in the community. These may include cooperation with other community programs such as Head Start and preschools and other community services such as the public library.
7. Educate teachers, specialized instructional support personnel, principals, and other school leaders, with the assistance of parents in the value and utility of contributions of parents, how to reach out to, communicate with and work with parents as equal partners.

This policy shall be reviewed annually at the annual meeting where concerned parties can have a conversation about possible changes to the Parent and Family Engagement Policy.
