

City of Franklin Regular Meeting April 14, 2026 6:00 PM City Hall

1. Call Meeting to Order Roll Call

2. Verification of Open Meetings Notice

I encourage residents to participate in our council meetings. Public comment is an essential part of our democratic process. To ensure everyone has a fair opportunity to speak, we are implementing a three-minute time limit for each speaker per topic during the public comments section. This will allow us to hear from as many community members as possible. We appreciate your understanding and cooperation as we work to create a space that is respectful and open to all. Thank you

INDEPENDENT AUDITOR’S REPORT

To the Honorable Mayor and Members of the City Council
City of Franklin, Nebraska

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities - modified cash basis, the business-type activities - accrual basis, each major fund - modified cash basis for the governmental funds and accrual basis for the proprietary funds, and the aggregate remaining fund information - modified cash basis of the governmental funds of the City of Franklin, Nebraska, as of and for the year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the City’s financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective governmental activities - modified cash basis, the business-type activities - accrual basis, each major fund - modified cash basis for the governmental funds and accrual basis for the proprietary funds, and the aggregate remaining fund information - modified cash basis of the governmental funds of the City of Franklin, Nebraska, as of September 30, 2025, and the respective changes in financial position, and cash flows, where applicable, thereof for the year then ended in accordance with the basis of accounting described in Note A.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Franklin, Nebraska and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter—Basis of Accounting

We draw attention to Note A of the financial statements, which describes the basis of accounting for the governmental activities and governmental funds. The governmental financial statements are prepared on the modified cash basis of

A PROFESSIONAL
CORPORATION

accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash and accrual basis of accounting described in Note A, and for determining that the modified cash and accrual basis of accounting are acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Franklin, Nebraska's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Franklin, Nebraska's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Franklin, Nebraska’s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Franklin, Nebraska’s financial statements. The statement of General Fund departmental revenue and expenditures is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information described in the second sentence of this paragraph is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Information

Management is responsible for the other information included in the financial statements. The other information comprises the management’s discussion and analysis and budgetary comparison schedules, but does not include the financial statements and our auditor’s report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 25, 2026, on our consideration of the City of Franklin, Nebraska’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to

describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Franklin's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Franklin, Nebraska's internal control over financial reporting and compliance.

AMGL, P.C.

Grand Island, Nebraska

**CITY OF FRANKLIN, NEBRASKA
MANAGEMENT’S DISCUSSION AND ANALYSIS
For The Year Ended September 30, 2025**

MANAGEMENT’S DISCUSSION AND ANALYSIS

As management of the City of Franklin, we offer readers of the City of Franklin financial statements this narrative overview and analysis of the financial activities of the City of Franklin for the fiscal year ended September 30, 2025.

Financial Highlights

- The assets of the City of Franklin exceeded its liabilities at the close of the most recent fiscal year by \$6,321,559 (*net position*). Of this amount, \$2,653,540 (*unrestricted net position*) may be used to meet the government’s ongoing obligations to citizens and creditors.
- As of the close of the current fiscal year, the City of Franklin’s governmental funds reported combined ending net position of \$3,517,514, with an unrestricted net position balance of \$905,624.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$1,031,505, or 104.2 percent of General Fund expenditures for the year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City of Franklin’s financial statements. The City of Franklin’s financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains supplementary and other information in addition to the financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City of Franklin’s finances in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the City of Franklin’s assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Franklin is improving or deteriorating.

The *statement of activities* presents information showing how the government’s net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

CITY OF FRANKLIN, NEBRASKA
MANAGEMENT'S DISCUSSION AND ANALYSIS, Continued
For The Year Ended September 30, 2025

Both of the government-wide financial statements distinguish functions of the City of Franklin that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City of Franklin include general government, public safety, highways and streets, public works, and culture and recreation. The business-type activities of the City of Franklin include the Electric, Water, Sewer, and Sanitation Enterprise Funds.

The government-wide financial statements can be found on pages 15 and 16.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Franklin, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Franklin can be divided into two categories: governmental funds and proprietary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City of Franklin maintains four individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Street Fund, and CDA Fund, all of which are considered to be major funds. The Community Betterment Fund is a nonmajor fund presented as Other Fund.

CITY OF FRANKLIN, NEBRASKA
MANAGEMENT'S DISCUSSION AND ANALYSIS, Continued
For The Year Ended September 30, 2025

The City of Franklin adopts an annual appropriated budget for its governmental funds. A budgetary comparison statement has been provided for the General, Street, and CDA Funds to demonstrate compliance with this budget.

The governmental fund financial statements can be found on pages 17-20 of this report.

Proprietary funds. The City of Franklin maintains two types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City of Franklin uses enterprise funds to account for its Electric, Water, Sewer, and Sanitation Funds. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the City of Franklin's various functions. The City of Franklin uses an internal service fund to account for its employee health insurance. Because this service predominantly benefits governmental rather than business-type functions, it has been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Electric, Water, Sewer, and Sanitation Funds, all of which are considered to be major funds of the City of Franklin.

The proprietary fund financial statements can be found on pages 21-24 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 25-50 of this report.

Other information. In addition to the financial statements and accompanying notes, this report also presents certain *supplementary and other information* concerning the City of Franklin's budgetary comparison schedules and General Fund revenue and expenditures by departments on pages 51-54 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City of Franklin, assets exceeded liabilities by \$6,321,559 at the close of the most recent fiscal year.

Restricted	576,914	522,479	54,435
Unrestricted	2,653,540	2,905,348	(251,808)
Total Net Position	\$ 6,321,559	\$ 5,495,684	\$ 825,875

A portion of the City of Franklin’s net position (48.9 percent) reflects its investment in capital assets (land, infrastructure, buildings, distribution systems, vehicles, and equipment), net of any related debt used to acquire those assets that is still outstanding. The City of Franklin uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the City of Franklin’s investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City of Franklin’s net position (9.1 percent) represents resources that are subject to external restrictions on how they may be used. The remaining balance of *unrestricted net position* (\$2,653,540) may be used to meet the government’s ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City of Franklin is able to report positive balances in all three categories of net position for the government as a whole as well as for its separate governmental and business-type activities.

Financial Analysis of the Government’s Funds

As noted earlier, the City of Franklin uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the City of Franklin’s *governmental* funds is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City of Franklin’s financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government’s net resources available for spending at the end of the fiscal year.

CITY OF FRANKLIN, NEBRASKA
MANAGEMENT'S DISCUSSION AND ANALYSIS, Continued
For The Year Ended September 30, 2025

As of the end of the current fiscal year, the City of Franklin's governmental funds reported a combined ending fund balance of \$1,423,231. The unassigned fund balance is \$849,027. Unassigned fund balance indicates resources available for spending at the government's discretion. The remainder of fund balances is not available for new spending because it has already been restricted for street projects (\$574,204).

The General Fund is the chief operating fund of the City of Franklin. At the end of the current fiscal year, unassigned and total fund balance of \$1,031,505 represented 104.2 percent of General Fund expenditures for the year.

The fund balance of the City of Franklin's General Fund decreased by \$111,340 during the current fiscal year.

The fund balance of the City of Franklin's Street Fund increased by \$52,335 during the current fiscal year.

Proprietary funds. The City of Franklin's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the proprietary funds at the end of the year was as follows: Electric Fund – \$746,995, Water Fund – \$411,654, Sewer Fund – \$345,596, and Sanitation Fund – \$243,671. The change in net position for the proprietary funds was as follows: Electric Fund – increase of \$161,802, Water Fund – decrease of \$118,516, Sewer Fund – decrease of \$5,365, and Sanitation Fund – increase of \$13,209. Other factors concerning the finances of these four funds have already been addressed in the discussion of the City of Franklin's business-type activities.

Budgetary Highlights

The City did not amend its budget during the year ended September 30, 2025.

Capital Asset and Debt Administration

Capital Assets. The City of Franklin's investment in capital assets for its governmental and business-type activities as of September 30, 2025, amounts to \$3,091,105 (net of accumulated depreciation). This investment in capital assets includes land, construction in progress, building and system improvements, vehicles and equipment, and streets.

Major capital asset events (individually greater than \$10,000) during the current fiscal year included the following:

- Resurface tennis courts - \$19,300
- Patio and picnic shelter - \$48,875
- Musical playground, fitness station and duraplay surface - \$113,109
- Emergency siren controller - \$23,030

**CITY OF FRANKLIN, NEBRASKA
MANAGEMENT’S DISCUSSION AND ANALYSIS, Continued
For The Year Ended September 30, 2025**

- 1983 Chevy C70 truck - \$10,500
- Gravely mower - \$17,900
- Marcellus building remodel - \$887,331
- 2025 Chevy service truck - \$53,977
- Meter reading system - \$41,695

Additional information on the City of Franklin’s capital assets can be found in Note C4 on pages 42-44 of this report.

Long-term debt. At the end of the current fiscal year, the City of Franklin had no outstanding long-term debt.

The City of Franklin does not have a bond rating.

Economic Factors and Next Year’s Budgets and Rates

- Property tax asking for the year ending September 30, 2026, was \$22,152 (9.7 percent) higher than last year, largely due to a valuation increase of 9.7 percent.
- The City has budgeted a transfer of \$300,000 from the Electric Fund, \$100,000 from the Water Fund, and \$100,000 from the Sanitation Fund to the CDA Fund during the year ending September 30, 2026, to balance the General Fund and build up cash reserves in the CDA and Street Funds for future projects.

CITY OF FRANKLIN, NEBRASKA

**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES - MODIFIED CASH BASIS -
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**

For the year ended September 30, 2025

Total net change in fund balances - governmental funds \$ (314,659)

Amounts reported for *governmental activities* in the statement of activities are different because:

Capital outlays are reported in governmental funds as expenditures.

However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.

This is the amount by which capitalized capital outlay (\$1,145,977)

exceeded depreciation expense (\$63,728) during the period. 1,082,249

Internal service (health insurance) fund is used by management to charge the cost of insurance to individual funds. The net revenue is reported with governmental activities in the Statement of Activities. 8,785

Remaining basis on capital asset disposals does not impact the governmental funds, but the remaining basis reduces the gain on sale of assets on the Statement of Activities. (1,630)

Change in net position of governmental activities \$ 774,745

See notes to financial statements.

CITY OF FRANKLIN, NEBRASKA
NOTES TO FINANCIAL STATEMENTS
September 30, 2025

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Franklin, Nebraska (City) are prepared in accordance with the modified cash basis of accounting for governmental funds and the accrual basis for the proprietary funds. The City’s reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements.

The accounting and reporting framework and the more significant accounting principles and practices are discussed in subsequent sections of this Note.

1. Financial Reporting Entity

The City of Franklin, Nebraska, was incorporated in 1883. The City operates under a Mayor-Council form of government with an elected Mayor, and an elected legislative body, Council, composed of four members. The Mayor is elected at large for a four-year term, and the four members of the City Council are also elected for four-year terms. The administration of the City government is performed under the direction of the Mayor by the City Administrator. Services provided to residents include public safety; highways and streets; planning and zoning; parks; recreation; development; electric, water, and sanitary sewer systems; sanitation; and general administrative services.

The City’s financial reporting entity comprises the following:

Primary Government:	City of Franklin
---------------------	------------------

In determining the financial reporting entity, the City complies with the provisions of GASB Statement No. 61, and has addressed all potential component units (traditionally separate reporting entities) for which the City may be financially accountable, and, as such, should be included within the City’s financial statements. The City (the primary government) is financially accountable if it appoints a voting majority of the organization’s governing board and (1) it is able to impose its will on the organization or (2) there is a potential for the organization to provide specific financial benefits to or impose specific financial burdens on the City. Additionally, the primary government is required to consider other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity’s financial statements to be misleading.

CITY OF FRANKLIN, NEBRASKA

NOTES TO FINANCIAL STATEMENTS, Continued

September 30, 2025

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

1. Financial Reporting Entity, continued

Blended Component Units

Blended component units are separate legal entities that meet the component unit criteria described above and whose governing body is the same or substantially the same as the City Council or the component unit provides services entirely to the City. These component units' funds are blended into those of the City by appropriate activity type to compose the primary government presentation. The Community Development Agency is a blended component unit.

Discretely Presented Component Units

Discretely presented component units are separate legal entities that meet the component unit criteria described above but do not meet the criteria for blending. The City currently has no discretely presented component units.

2. Basis of Presentation

Government-wide Financial Statements

The Statement of Net Position and Statement of Activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange revenues. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditures/expenses. Funds are organized into two major categories: governmental and proprietary. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the City or meets the following criteria:

CITY OF FRANKLIN, NEBRASKA

NOTES TO FINANCIAL STATEMENTS, Continued

September 30, 2025

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

2. Basis of Presentation, continued

- a. Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and
- b. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least five percent of the corresponding total for all governmental and enterprise funds combined.

The funds of the financial reporting entity are described below:

Governmental Funds

General Fund

The General Fund is the primary operating fund of the City and always classified as a major fund. It is used to account for all activities except those legally or administratively required to be accounted for in other funds.

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for certain purposes.

Proprietary Funds

Enterprise Funds

Enterprise Funds are used to account for business-like activities provided to the general public. These activities are financed primarily by user charges and the measurement of financial activity focuses on net income measurement similar to the private sector.

Internal Service Funds

The Internal Service Funds account for activities that provide goods and services to other funds, departments, or agencies of the primary government and its component units on a cost reimbursement basis.

CITY OF FRANKLIN, NEBRASKA
NOTES TO FINANCIAL STATEMENTS, Continued

September 30, 2025

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

2. Basis of Presentation, continued

Major and Non-major Funds

The funds are further classified as major or non-major as follows:

<u>Fund</u>	<u>Brief Description</u>
<i>Major:</i>	
Governmental:	
General	See page 28 for description.
Street	The Street Fund is a special revenue fund that accounts for the City’s share of highway allocation from the State of Nebraska.
CDA	The CDA Fund is a special revenue fund that accounts for the City’s community development.
Proprietary:	
Enterprise:	
Electric, Water, Sewer, and Sanitation	See page 28 for description.
<i>Nonmajor:</i>	
Special Revenue:	
Community Betterment	Accounts for Keno proceeds to be used for community betterment.
Internal Service:	
Health Insurance	Accounts for the health insurance for all governmental and business-type City operations.

CITY OF FRANKLIN, NEBRASKA

NOTES TO FINANCIAL STATEMENTS, Continued

September 30, 2025

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

3. Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, both governmental and business-like activities are presented using the economic resources measurement focus as defined in item b, below.

In the fund financial statements, the “current financial resources” measurement focus or the “economic resources” measurement focus is used as appropriate:

- a. All governmental funds utilize a “current financial resources” measurement focus. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.
- b. The proprietary funds utilize an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net position.

CITY OF FRANKLIN, NEBRASKA

NOTES TO FINANCIAL STATEMENTS, Continued

September 30, 2025

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

3. Measurement Focus and Basis of Accounting, continued

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the modified cash basis of accounting. This basis recognizes assets, liabilities, net position, revenues, and expenses when they result from cash transactions with a provision for depreciation. This basis is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

As a result of the use of this modified cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) *are not recorded* in these financial statements. Under the modified cash basis of accounting, proceeds from the issuance of long-term debt increase liabilities and payment of long-term debt reduces liabilities. Capital assets are capitalized and depreciation is recognized over the estimated lives of the related assets. Right of use assets and related lease liabilities, as defined by GASB 87 and 96, are not reflected in the accompanying modified cash basis financial statements.

Business-type activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

In the fund financial statements, governmental funds are presented on the modified cash basis of accounting using a flow of current financial resources measurement focus. Proceeds from issuance of long-term debt are recognized when received and payment of long-term debt principal is reported as an expenditure when paid. Capital asset purchases are recorded as expenditures and depreciation is not recognized.

All proprietary funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or the economic asset is used.

CITY OF FRANKLIN, NEBRASKA

NOTES TO FINANCIAL STATEMENTS, Continued

September 30, 2025

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

4. Assets, Liabilities, and Equity

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Investments

For the purpose of the Statement of Net Position, “cash and cash equivalents” include all demand accounts and savings accounts. For the purpose of the proprietary fund Statement of Cash Flows, “cash and cash equivalents” include all cash on hand, demand accounts, savings accounts, and equity in pooled cash which has an original maturity of three months or less. The County Treasurer’s cash represents revenues collected and not yet remitted to the City.

Investments are carried at fair value. Fair value is based on quoted market price. Additional cash and investment disclosures are presented in Notes B2, C1, and D2.

When both restricted and unrestricted resources are available for use, it is the City’s policy to use restricted resources first, then unrestricted resources as they are needed.

Receivables

In the government-wide statements, receivables consist of all revenues earned at year end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Business-type activities report utility billings as their major receivables. The City has recorded an allowance for uncollectible accounts receivable of \$3,843 as of September 30, 2025.

In the fund financial statements, proprietary fund receivables consist of all revenues earned at year end and not yet received. Utility accounts receivable compose the majority of proprietary fund receivables. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable.

CITY OF FRANKLIN, NEBRASKA
NOTES TO FINANCIAL STATEMENTS, Continued
September 30, 2025

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

4. Assets, Liabilities, and Equity, continued

Inventory

All inventories are valued at cost using the first-in/first-out (FIFO) method.

Restricted Assets

Restricted assets include cash and investments that are legally restricted as to their use. The primary restricted assets are related to debt service and utility customer deposits.

Capital Assets

The accounting treatment over property, plant, and equipment (capital assets) depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

Government-wide Statements

In the government-wide financial statements, capital assets that are purchased or acquired with an original cost of \$2,500 or more are capitalized and reported on the Statement of Net Position. Capital assets are valued at historical cost or estimated historical cost if actual is unavailable, except for donated capital assets, which are recorded at their estimated fair value at the date of donation. The City has elected the depreciation approach for reporting infrastructure.

Depreciation of general capital assets and all proprietary capital assets is recorded as an allocated expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The ranges of estimated useful lives by type of asset are as follows:

Buildings	20-40 years
Improvements	5-20 years
Machinery and Equipment	5-15 years
Utility Systems	10-40 years
Infrastructure	25 years

CITY OF FRANKLIN, NEBRASKA
NOTES TO FINANCIAL STATEMENTS, Continued

September 30, 2025

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

4. Assets, Liabilities, and Equity, continued

Capital Assets, continued

Government-wide Statements, continued

Prior to July 1, 1980, governmental funds' infrastructure assets were not capitalized. These assets (back to July 1, 1980) have been valued at estimated historical cost. The cost of normal maintenance, preservation, and repairs that do not add to the value of the assets or materially extend the assets' lives are not capitalized.

Fund Financial Statements

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for the same as in the government-wide statements.

Compensated Absences

During the year ended September 30, 2025, the City implemented GASB 101 for its proprietary funds. This statement requires governments to recognize a liability for certain types of leave that has not been used if (a) the leave is attributable to services already rendered, (b) the leave accumulates, and (c) the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. The objective of this Statement is to better align the recognition of compensated absences liabilities with the accrual basis of accounting and improve consistency.

The City's policies regarding vacation time permits employees to accumulate vacation hours based on years of service and is to be used annually. In the event of termination, an employee will be paid for all unused accumulated vacation time at the current rate of pay.

The City's policies regarding sick time permits employees to accrue 96 hours each year up to a maximum of 360 hours. In the event of termination, an employee will not be paid for any unused accumulated sick time. The City has accrued up to 96 hours of sick leave for employees based on the likelihood in GASB 101.

Compensated absences are accrued based on the likelihood of time used in the accompanying proprietary funds financial statement, but not in the governmental funds.

CITY OF FRANKLIN, NEBRASKA
NOTES TO FINANCIAL STATEMENTS, Continued

September 30, 2025

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

4. Assets, Liabilities, and Equity, continued

Long-term Debt

The accounting treatment of long-term debt depends on whether the assets are used in governmental fund operations or proprietary fund operations and whether they are reported in the government-wide or fund financial statements.

Government-wide Statements

All long-term debt to be repaid from governmental and business-type resources is reported as liabilities in the government-wide statements. The long-term debt consists primarily of notes payable and accrued compensated absences.

Fund Financial Statements

Long-term debt for governmental funds is not reported as liabilities in the fund financial statements. The debt proceeds are reported as other financing sources and payment of principal and interest reported as expenditures. The accounting for proprietary funds is the same in the fund financial statements as it is in the government-wide statements.

Equity Classifications

Government-wide Statements

Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position – Consists of net position with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position – All other net position that does not meet the definition of “restricted” or “net investment in capital assets.”

Fund Financial Statements

Governmental fund equity is classified as fund balance. Proprietary fund equity is classified the same as in the government-wide statements.

CITY OF FRANKLIN, NEBRASKA
NOTES TO FINANCIAL STATEMENTS, Continued

September 30, 2025

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

4. Assets, Liabilities, and Equity, continued

Equity Classifications, continued

Effective October 1, 2010, the City adopted GASB Statement No. 54, which redefined how fund balances of the governmental funds are presented in the financial statements. Fund balances are classified as follows:

Nonspendable—Amounts that cannot be spent either because they are not in a spendable form or because they are legally or contractually required to be maintained intact.

Fund Financial Statements, continued

Restricted—Amounts that can be spent only for specific purposes because of the City Charter, City Code, state or federal laws or externally imposed conditions by grantors or creditors.

Committed—Amounts that can be used only for specific purposes determined by a formal action by City Council ordinance or resolution.

Assigned—Amounts that are designated by the Mayor for a specific purpose but are not spendable until a budget ordinance is passed by the City Council.

Unassigned—All amounts not included in other spendable classifications.

The details of the fund balances are included in the Governmental Funds Balance Sheet (page 17). Restricted funds are used first as appropriate. Assigned Funds are reduced to the extent that expenditure authority has been budgeted by the City Council or the Assignment has been changed by the Mayor. Decreases to fund balance first reduce Unassigned Fund balance; in the event that Unassigned Fund Balance becomes zero, then Assigned and Committed Fund Balances are used in that order.

5. Revenues, Expenditures, and Expenses

Sales and Use Tax

The City implemented a one-cent sales tax on taxable sales within the City effective April 1, 2013. The sales tax is collected by the Nebraska Department of Revenue and remitted to the City in the month following receipt. The Nebraska Department of Revenue receives the sales tax approximately one month after collection by vendors. The sales tax is recorded in the General Fund and CDA Fund to be used for budgeted appropriations. Sales tax collected on the sale of motor vehicles is recorded in the Street Fund as required by LB904.

CITY OF FRANKLIN, NEBRASKA
NOTES TO FINANCIAL STATEMENTS, Continued
September 30, 2025

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

5. Revenues, Expenditures, and Expenses, continued

Property Taxes

The City has the power to levy taxes each year sufficient to pay any judgment existing against the City, the interest on bonded debt, and the principal on bonded debt maturing during the fiscal year or within six months thereafter, as well as taxes authorized by state law.

The tax levies for all political subdivisions in Franklin County are certified by the County Board on or before October 20. Real estate taxes are due on December 31 and attach as an enforceable lien and become delinquent in two equal installments on May 1 and September 1. Personal property taxes are due in the same manner as real estate taxes. Delinquent taxes bear 14 percent interest.

Property taxes levied for 2024-2025 are recorded as revenue when received by the County.

Operating Revenues and Expenses

Operating revenues and expenses for proprietary funds are those that result from providing services and producing and delivering goods and/or services. They also include all revenue and expenses not related to capital and related financing, noncapital financing, or investing activities.

Expenditures/Expenses

In the government-wide financial statements, expenses are classified by function for both governmental and business-type activities.

In the fund financial statements, expenditures are classified as follows:

Governmental Funds – by Character and Function

Proprietary Funds – by Operating and Nonoperating

In the fund financial statements, governmental funds report expenditures of financial resources. Proprietary funds report expenses relating to use of economic resources.

CITY OF FRANKLIN, NEBRASKA

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

5. Revenues, Expenditures, and Expenses, continued

Interfund Transfers

Permanent reallocation of resources between funds of the reporting entity is classified as transfers. For the purposes of the Statement of Activities, all interfund transfers between individual governmental funds have been eliminated.

NOTE B – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

By its nature as a local government unit, the City is subject to various federal, state, and local laws and contractual regulations. An analysis of the City's compliance with significant laws and regulations and demonstration of its stewardship over City resources follows:

1. Fund Accounting Requirements

The City complies with all state and local laws and regulations requiring the use of separate funds. The legally required funds used by the City include: Special Revenue, Capital Projects, and Debt Service.

2. Deposit Laws and Regulations

Custodial credit risk is the risk that, in the event of a bank failure, a government's deposits may not be returned to it. The City's deposit policy for custodial credit risk requires compliance with the provisions of state law.

State law requires collateralization of all deposits with federal depository insurance or with U.S. Treasury and U.S. agency securities having an aggregate value at least equal to the amount of the deposits. The City's demand deposits are insured up to \$250,000 and certificates of deposit/savings accounts are insured up to \$250,000 by the Federal Deposit Insurance Corporation (FDIC). Any cash deposits or certificates of deposit in excess of the FDIC limits are supposed to be insured by collateral held by the pledging institution in the City's name.

3. Revenue Restrictions

The City has various restrictions placed over certain revenue sources from state or local requirements. The primary restricted revenue sources are described in Note A2 for the various funds.

CITY OF FRANKLIN, NEBRASKA
NOTES TO FINANCIAL STATEMENTS, Continued

September 30, 2025

NOTE B – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY, continued

4. Debt Restrictions and Covenants

Bonds Payable

The various bond ordinances relating to the bonds payable contain some restrictions or covenants that are finance-related. These include covenants such as debt service coverage requirements and required reserve account balances. The City is in compliance with the bond restrictions and covenants.

5. Budgetary Data

The City is required by state laws to adopt annual budgets for all fund types. Each budget is presented on the cash basis of accounting, which is consistent with the requirements of the state budget act.

The Nebraska Budget Act provides the prescribed budget practices and procedures that governing bodies are required to follow. The amounts that may be budgeted for certain specific funds are subject to various expenditure and/or tax levy limitations.

The City follows these procedures in establishing the budgetary data reflected in the accompanying financial statements.

- a. On or before August 1, the City prepares a budget for the fiscal year commencing October 1. The budget includes proposed expenditures and resources available.
- b. The budget is published with subsequent public hearings to obtain taxpayer comments.
- c. Prior to September 30, the City Council adopts the budget, which is then filed with the appropriate state and county officials.
- d. Total expenditures may not legally exceed total appropriations. Appropriations lapse at year end and any revisions require board approval.
- e. The County Clerk certifies a preliminary property tax levy for each fund of the City which levied property taxes in the county the previous year based on the combined valuation and amount required for the City the prior year. The preliminary levy becomes the final levy unless the governing board passes, by a majority vote, a resolution setting the levy at a different amount.

CITY OF FRANKLIN, NEBRASKA

NOTES TO FINANCIAL STATEMENTS, Continued

September 30, 2025

NOTE B – STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY, continued

5. Budgetary Data, continued

- f. The property tax requirements resulting from the budget process are utilized by the County Assessor to establish the tax levy. Taxes are levied annually on or before October 20. Real property taxes and personal property taxes are due December 31 with the first half delinquent May 1 and the second half delinquent September 1.
- g. Appropriations lapse at the end of the fiscal year, except for capital improvement appropriations and certain encumbrances against operating budgets.
- h. The City of Franklin adopts a budget by resolution for all fund types.

NOTE C – DETAIL NOTES ON TRANSACTION CLASSES/ACCOUNTS

The following notes present detail information to support the amounts reported in the financial statements for the City’s various assets, liabilities, equity, revenues, and expenditures/expenses.

1. Cash and Investments

Deposits

The City’s policies regarding deposits of cash are discussed in Note A4. The table presented below is designed to disclose how its deposits were insured or secured with collateral at September 30, 2025. The categories of collateral are defined as follows:

Category 1 – Insured by FDIC or collateralized with securities held by the City (or public trust) or by its agent in its name.

Category 2 – Uninsured but collateralized with securities held by the pledging financial institution’s trust department or agent in the City’s name.

Category 3 – Uninsured and uncollateralized; or collateralized with securities held by the pledging financial institution, or by its trust department or agent, but not in the City’s name; or collateralized with no written or approved collateral agreement.

6. Accrued Compensated Absences

As of September 30, 2025, the business-type accrued compensated absences consisted of the following:

	Balance at October 1, <u>2024</u>	<u>Additions</u>	<u>Deductions</u>	Balance at September 30, <u>2025</u>
Accrued vacation and sick leave	<u>\$ 34,651</u>	<u>\$ 15,017</u>	<u>\$ -</u>	<u>\$ 49,668</u>

7. Closure/Post - Closure Liability

The City has a license to operate a Construction and Demolition Site (C & D Landfill), which is accounted for as part of the Sanitation Fund.

State and federal laws and regulations require the City to place a final cover on the site when it stops accepting waste and maintain the site after closure. Closure costs and post-closure costs were estimated by engineers and approved by the Nebraska Department of Environment and Energy (NDEE) in 2020 and are required to be funded over a 5-year period. These costs are adjusted annually for the inflation factor as provided by NDEE. The 2025 estimates provided by NDEE were \$50,862 for the estimated closure cost and \$29,355 for the estimated post-closure costs. The required funding is based on the estimated cost less current balances in the accounts divided over the remaining life. In accordance with state law, the City has established a separate account for deposits of monies necessary to fund the estimated costs. The balance in the restricted account for closure and post-closure at September 30, 2025 was \$80,359. As of September 30, 2025, the estimated liability incurred based on the estimated landfill use to date of 96.8 percent was \$77,649 and the expense accrued during the year ended September 30, 2025 was \$5,581.

CITY OF FRANKLIN, NEBRASKA
NOTES TO FINANCIAL STATEMENTS, Continued

8. Interfund Transactions

Operating transfers:

	<u>Transfers In</u>	<u>Transfers Out</u>
CDA Fund	\$ 500,000	\$ -
Electric Fund	-	250,000
Water Fund	<u>-</u>	<u>250,000</u>
Total Interfund Transfers	<u>\$ 500,000</u>	<u>\$ 500,000</u>

9. Fund Balance

The City plans to correct the deficit CDA balance with future transfers and pending grant reimbursements.

NOTE D – OTHER NOTES

1. Retirement Benefits

The City maintains a defined contribution pension plan. In a defined contribution plan, benefits depend solely on amounts contributed to the Plan plus investment earnings. Employees are eligible to participate if they have attained the age of 25, completed one year of eligible service and customarily work 20 hours or more per week or five or more months per year. The City matches 100 percent of employees' contributions up to six percent. The employees' contributions are always 100 percent vested. The City's matching contributions are 100 percent vested immediately. The City contributed \$13,436 and employees contributed \$15,493 during the year.

CITY OF FRANKLIN, NEBRASKA

NOTES TO FINANCIAL STATEMENTS, Continued

September 30, 2025

NOTE D – OTHER NOTES, continued

2. Risk Management

Insurance

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City purchases commercial insurance to minimize the effect of possible exposure to these risks. There have been no significant reductions in insurance coverage from coverage in the prior year. During the past three fiscal years, there have been no settlements exceeding the amount of the City's insurance coverage.

The City is partially self-insured for health insurance claims up to \$4,280 of individual claims. The self-insurance program is administered within the Internal Service Fund. The City maintains outside insurance coverage through an insurance policy on claim amounts over \$5,000 per employee. The maximum out-of-pocket costs would be \$2,000 for the employee and \$3,000 for the City. Settled claims in the past three years have not exceeded the commercial coverages. A reserve of \$56,597 is established in an internal service fund at September 30, 2025.

Environmental Remediation

The City is subject to laws and regulations relating to the protection of the environment. The City's policy is to accrue environmental and cleanup-related costs of a non-capital nature when it is both probable that a liability has been incurred and when the amount can be reasonably estimated. Although it is not possible to quantify with any degree of certainty the potential impact of the City's continuing compliance efforts, management believes any future remediation or other compliance-related costs will not have a material adverse effect on the financial condition or reported results of operations of the City.

Deposits and Investments

Custodial Credit Risk. For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. All of the underlying securities for the City's investments at September 30, 2025, are held by banks in the name of the City. The City's investments consist of only certificates of deposit.

CITY OF FRANKLIN, NEBRASKA

NOTES TO FINANCIAL STATEMENTS, Continued

September 30, 2025

NOTE D – OTHER NOTES, continued

2. Risk Management, continued

Deposits and Investments, continued

Interest Rate Risk. As a means of limiting its exposure to fair value losses arising from rising interest rates, the City’s investment policy requires that market conditions and investment securities be analyzed to determine the maximum yield to be obtained and to minimize the impact of rising interest rates. The certificate of deposit maturities are as follows:

<u>Maturities by Month</u>	<u>Amount</u>
October 2025	\$ 773,005
November 2025	261,410
December 2025	153,238
January 2026	667,652
February 2026	277,112
August 2026	<u>113,330</u>
	\$ <u>2,245,747</u>

Credit Risk. Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. The City’s investments consist of only certificates of deposit, minimizing credit risk associated with the City’s investment portfolio.

Concentration of Credit Risk. The City’s investment policy places no limit on the amount that may be invested in any one issuer. At September 30, 2025, the City’s certificates of deposit consisted of the following:

<u>Financial Institution</u>	<u>Amount</u>
Cornerstone Bank	\$ 1,156,838
South Central State Bank	<u>1,088,909</u>
	\$ <u>2,245,747</u>

Foreign Currency Risk. This risk relates to adverse effects on the fair value of an investment from changes in exchange rates. The City’s investments had no exposure to foreign currency risk and the City held no investments denominated in foreign currency at September 30, 2025.

CITY OF FRANKLIN, NEBRASKA

NOTES TO FINANCIAL STATEMENTS, Continued

September 30, 2025

NOTE D – OTHER NOTES, continued

3. Commitments

Economic Dependency

The City of Franklin’s Electric Department purchases substantially all of its electricity for resale to customers from Southern Public Power District.

Construction Commitments

At September 30, 2025, the City had the following construction commitments:

<u>Project</u>	<u>Contract Amount</u>	<u>Paid Through 9/30/25</u>	<u>Obligation Pending</u>	<u>Expected Completion Date</u>
Park improvements	\$ 225,785	\$ 161,984	\$ 63,801	April 2026
Marcellus building remodel	76,312	25,240	51,072	October 2025
Library patio project	203,500	-	203,500	December 2025

Other Commitments

In February 2023, the City entered into a 60-month operating lease for two copiers for \$392 per month.

The City has an agreement with the Lower Republican Natural Resources District to sell and deliver water from the City’s water distribution system. The agreement expires in January 2029 and can then be renewed for an additional period of not less than 15 years.

CITY OF FRANKLIN, NEBRASKA
NOTES TO FINANCIAL STATEMENTS, Continued

NOTE D – OTHER NOTES, continued

4. Interlocal Agreements

The City has the following interlocal agreements in effect as of September 30, 2025:

<u>Party to Agreement</u>	<u>Term of Agreement</u>	<u>Description</u>
Franklin Rural Fire District	2/20/13-until terminated	Fire protection
Franklin County	10/14/96-until terminated	Asphalt maintenance and upkeep
Franklin County	2/2/93-until terminated	Equipment rental and repairs
Franklin County	4/4/95-indefinite	Solid waste disposal
Franklin County	10/1/23-9/30/28	Law enforcement and dispatch
Village of Oxford	1/21/11-until terminated	Solid waste auxiliary service
City of Minden	1/22/19-1/22/29	Equipment rental and repairs
League Association of Risk Management	10/1/22-9/30/25	Risk management services

5. Related Party Transactions

The City approved and paid \$15,250 for a CDA grant to Frederick Beall, who is a Council Member.

6. Subsequent Events

Management has evaluated subsequent events through March 25, 2026 the date on which the financial statements were available for issue.

**INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL
 OVER FINANCIAL REPORTING AND ON COMPLIANCE
 AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
 STATEMENTS PERFORMED IN ACCORDANCE WITH
 GOVERNMENT AUDITING STANDARDS**

To the Honorable Mayor and Members of the City Council
 City of Franklin, Nebraska

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities - modified cash basis, the business-type activities - accrual basis, each major fund - modified cash basis for the governmental funds and accrual basis for the proprietary funds, and the aggregate remaining fund information - modified cash basis for the governmental funds of the City of Franklin, Nebraska, as of and for the year ended September 30, 2025, and the related notes to the financial statements, which collectively comprise the City’s financial statements, and have issued our report thereon dated March 25, 2026. Our report on the financial statements also disclosed that, as described in Note A to the financial statements, the City prepares its financial statements for the governmental funds on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Franklin’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City’s internal control. Accordingly, we do not express an opinion on the effectiveness of the City’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

 EMAIL cpa@gicpas.com

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies, and therefore material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control, described below, that we consider a significant deficiency.

Segregation of Duties

Due to a limited number of personnel, there is not adequate segregation of duties to ensure internal control over cash receipts, disbursements, and recording of transactions.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Franklin's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

City of Franklin's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the City of Franklin's response to the findings identified in our audit and described above. The City of Franklin's response to the findings identified in our audit is that due to the small size of the City, it is impractical to further segregate duties. The City's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the report.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

1.03 RESIDENCY

CURRENT Unless otherwise specified by job description, all essential non-probationary full-time and regular part-time employees except employees engaged in work at the swimming pool are required to reside within the City limits of Franklin (i.e. Chief of Police, Patrolmen, and any department head like, City Clerk, Electric, Electric Lineman, Water/Sewer, Sanitation/Recycling, Park/Cemetery). All other employees of the City of Franklin shall reside within Franklin County, Nebraska (i.e. Deputy Clerk, Head Librarian, Part time help at the Library and swimming pool employees). For purposes of this Manual, the term “reside” shall mean occupancy of a permanent dwelling, whether owned or rented, at which the employee regularly sleeps.

Residency - Suggestion

Unless stated otherwise in the job description, all essential non-probationary full-time and regular part-time employees—except those working at the swimming pool—must (or required) to live within thirty (30) minutes of the City of Franklin. In this manual, "reside" means having and living in a permanent home, either owned or rented, where the employee regularly sleeps. Employees with on-call duties must also meet these residency requirements during their on-call period. If you need to leave town for any reason, you are responsible for finding a replacement. On-call employees must be able to respond within thirty (30) minutes.

Form Revised May 2023

Instructions on separate sheet of this excel.

INSTRUCTIONS
Reimbursement Request for
Nebraska Affordable Housing Trust Funds (NAHTF)
Nebraska Department of Economic Development (Revised May 2023)

GENERAL INSTRUCTIONS

- If a Recipient has more than one award, funds must be requested separately for each award.
- Double check addition and subtraction. **Incomplete or incorrect forms will not be processed.**
- This form is required to be submitted as an attachment to the corresponding AmpliFund Payment Request.
- Proceed with payment request only if notification of DED approval of any previous payment request has been received.
- Round all figures to the nearest penny.
- Original Form must be retained in Recipient's own file.]

Reminder: Projects that receive sales proceeds are expected to use proceeds to pay current project expenses prior to requesting additional Trust Funds. Keep documentation of sales proceeds in project file for monitoring purposes.

IDENTIFYING INFORMATION

Name of Recipient: Name of organization awarded funds (must match name in contract)

Mailing Address, City, State, and Zip Code: Address of organization named in contract

NAHTF Award Number: Award Number assigned to the contract by DED (i.e., 00TFHP9999)

Federal Identification Number: Nine-digit tax ID number of organization (must match Federal ID on ACH W9)

Payment Request Number: Number of **this** Payment Request. Payment Requests are numbered consecutively

DED Program Representative: The DED regional housing program representative for this project.

PART I – STATUS OF FUNDS

Line 1 - Enter Total of NAHTF funds received from DED to date.

PART II – CASH REQUIREMENTS

Part II provides information on the recipient's local match contribution, cumulative expenses, and current funding request for reimbursement of expenses charged to the project. The NAHTF Program is designed to be a reimbursement only program. Requests for funds are to be submitted after expenses have been incurred and after proof of payment for those expenses can be provided within the payment request. There is no minimum payment request amount. Only submit the next payment request after previous payment request has been approved by DED.

- Identify activity description above each column using titles found in Sources and Uses Section of the NAHTF contract.
- Enter "Final" if this draw will be the final reimbursement request of the project.
- Complete the cumulative totals in Part II, Lines 1 thru 3 for all activities even if funds are not currently being requested.
- Enter totals to the right of each row and the bottom of each column.

Line 1 – Enter the total of all NAHTF & match funded project cash requirements to date under each activity. This amount should be equal to all expenditures paid to date from cash match and/or reimbursed NAHTF funds plus amount of this payment request.

Line 2 – Enter Amount of cash match expended to date to meet the cash match obligations, including this payment request.

Line 3 – Enter Amount of State Trust Funds disbursed to date for each activity. Total column must agree with Part I, Line 1.

Line 4 – Total current State Trust Funds Requested per category by subtracting lines 2 and 3 from line 1. This amount is how much NAHTF reimbursement is needed to cover expenses which were incurred during period of this payment request for activities listed in the contract.

Two signatures in [Blue Ink](#) are required for each payment request. These signatures must match the authorized signatures submitted to DED on the current Authorization to Request NAHTF Funds form. Please list the Preparer's Name, Organization and Telephone Number. After signing and dating the Request for Reimbursement Form, the Recipient must upload as attachment to the AmpliFund Payment Request and should retain a copy of the original form in their file.
