USEFUL INFORMATION

Note to MAC Users:

You can use a MAC to input information but there have been issues noted in printing from the MAC. The only solution that is known is to print via a PC.

MUST COMPLETE THIS PAGE - Basic Data Input Area

The Basic Data Input Area is designed to help common information flow throughout the Budget Form.

Cover Page - Page 1

The Total Property Tax Requirement is carried forward from Page 2; however, you will need to input how much of that tax request is for Principal and Interest on Bonds.

Outstanding Bonded Indebtedness - if you complete the worksheet pages this will fill in automatically. If you do not you will need to indicate your balances as of September 1.

Pages 2 through 4 (If you utilize the Worksheet Pages - Begin Inputting on Worksheet Pages)

These pages are currently completed with formulas which pull from the Worksheet Pages. **If you utilize the Worksheet Pages, Pages 2 through 4 will be completed automatically for you.** If you do not wish to utilize the worksheet pages you can simply type in your numbers on Pages 2 through 4. The only cells with formulas that cannot be over-written are those that provide an essential calculation (example - Total Resources Available).

A complete and accurate budget should have the prior year Balance Forward **equal** Total of Beginning Balances. We have built into the spreadsheet a comparison between these two numbers. If these two numbers **do not agree** a statement will appear indicating it must equal prior year balance forward.

We have also built in a comparison between the Total Requirement and Total Resources Available. If these two numbers **do not agree** in the budget you will receive the message "Budget Not Balanced".

Worksheet Pages - **FOR YOUR USE ONLY - NOT TO BE SUBMITTED TO THE STATE**

The last sheets of this file are worksheet (individual fund) pages. These pages are provided for your use; however, you do not have to use them. For more information about the worksheets, see the Budget Guidelines. **If you do utilize the Worksheet Pages, Pages 2 through 4 will be completed automatically for you.**

Moving From Page to Page:

There are several ways to move around your budget form. You can hold down the CTRL and hit either Page Down (Moves you ahead a sheet) or Page Up (Moves you to previous sheet). The other option is to use your mouse to click on the different sheet tabs.

I Want to See Descriptions on Left When Inputting Numbers in Budget Column:

On the "View" ribbon in the Window area there is an item called Freeze Panes. Freeze Panes allows you to tell the computer what columns and/or rows you wish to see at all times. Freeze Panes will freeze whatever rows are above your active cell and also whatever columns are to the left of your active cell. By choosing the option again it will turn the option off.

The Cell Is Locked:

UNDER NO CIRCUMSTANCES WILL PASSWORDS BE GIVEN OUT. Either the cell is locked because it contains a formula or you are trying to input information in the wrong cell.

You Note Any Errors Or Have Any Problems:

We have tested this spreadsheet through various methods to help identify any problem areas and to ensure formulas are correct. However, we cannot account for all the variables that occur with each individual budget. If you feel there is an error in a formula please contact us immediately so we can go over the problem(s) and if necessary correct the situation.

All of your comments or ideas to better the budget form are taken into consideration. Please feel free to [contact us at \(402\) 471-2111](#) with these items. We make this available to you to HELP in the budget process and wish to make any improvements that would make the spreadsheet more user friendly.
