

Isanti Community School
Board of Education Regular Meeting
Monday, September 11, 2017

{{Name: Agenda Item}}

- I. CALL THE MEETING TO ORDER - ROLL CALL

- II. PUBLIC COMMENT ON AGENDA ITEMS

- III. BUSINESS AFFAIRS - CONSENT AGENDA
 - III.A. Approve minutes of the August regular board meeting

 - III.B. Treasurer Report

 - III.C. Outstanding Payables

- IV. REPORTS
 - IV.A. Superintendent
 - IV.A.1. Progress Plan Update

 - IV.A.2. Principal

 - IV.B. Committee Reports

- V. ACTION ITEMS
 - V.A. Adopt 2017-2018 Budget

 - V.B. Set tax rate for 2017-2018

 - V.C. Approve STEM classroom project

V.D. Approve Weight Room project

V.E. Approve lawn sprinkler systems

V.F. Approve gym wall mats

V.G. Approve NVR for video camera system

V.H. Approve school bus purchase

V.I. Approve activity meal rate of \$10 per meal

V.J. Teacherage-Propane

V.K. 2017-2018 Negotiations

V.L. Personnel

V.L.1. Approve H. Lancaster-Elementary Special Education

V.L.2. Extra Duty Assignments-Asst Football coach, class sponsors, SAT team members

V.L.3. Approve Substitute teacher FTE

V.L.4. Approve Paraprofessional substitute FTE

V.M. Authorize Kari Daniels as a signer on all Farmers and Merchants State Bank accounts and Wells Fargo accounts

VI. DISCUSSION ITEMS

VI.A. Custodial schedules

VII. COMING EVENTS

VIII. ADJOURN

Santee Community School
Board of Education Budget Hearing
Monday, September 11, 2017

Methodology

SmartLabs® employ a unique educational methodology – a methodology that has been developed, tested and refined by Creative Learning Systems since creating the first technology lab in a U.S. school in 1987. We think of it as a bridge from schooling to learning.

Engagement

Our first priority is to get students excited about learning – *to engage every learner every day*. [Engaged learners \(student-engagement.aspx\)](#) are intrinsically motivated. They are on-task. They are critical-thinkers. And they achieve.

The first Impression upon walking into a SmartLab® is how different it looks from a traditional classroom. The environment looks high-tech and professional; collaborative workstations are arranged in "islands" and "peninsulas". You are surrounded by a diverse range of technologies. Integrated signage inspires learners to explore, discover, collaborate, design and solve. This first Impression conveys an important message: *learning is different here*.

Scope and Sequence

A scope and sequence we call a Score™ is customized for every SmartLab® based on its unique schedule and configuration. In secondary school SmartLabs®, the Score provides a road map, guiding each pair of learners through a rotation of project engagements in eight systems of technology (Alternative and Renewable Energy, Circuity, Computer Graphics, Digital Communications, Mechanics and Structures, Robotics and Control Technology, Scientific Data and Analysis and Software Engineering). Typically, each team of learners will be working on a different project than their classmates. This rotation provides a vibrant mix of experience and promotes synthesis, cross-team collaboration and integration of technologies.

In Elementary SmartLabs®, the Score provides a simplified rotation system. Multiple teams of learners engaging in similar projects and whole-class activities allow facilitators to provide younger learners with more guidance.

Curriculum

Students use self-guided online curriculum called [Learning Launchers \(learning-launchers-curriculum.aspx\)](#) to guide each project engagement. Learning Launchers provide students with a foundation of underlying knowledge, academic connections, technology tutorials and project ideas. Multiple Learning Launchers in each topic area allow students to select an appropriate level of challenge and take their learning as far as they are able.

Personalized

Most importantly, [learning is personalized \(personalized-learning.aspx\)](#) in the SmartLab®. Learning paths and resources are individualized and differentiated and relevance is paramount. Learners are encouraged to shape their projects and explore ideas based on their personal interests and experience.

Assessment

Assessment in the SmartLab® is authentic. Students create [ePortfolios \(authentic-assessment.aspx\)](#) with daily learning journals and project presentations. Customizable rubrics designed specifically for project-based learning and provide authentic assessments of the learning process and meaningful self-reflection for learners.

The SmartLab® methodology is a powerful, proven learning system. SmartLabs® engage and motivate. SmartLabs® develop next-generation skills like critical-thinking and problem-solving, collaboration, communication, creativity and adaptability. And SmartLabs® engage learners like nowhere else in school.

SmartLab® Curriculum

Our innovative curriculum forms the foundation of SmartLab® learning. We call them Learning Launchers™. With over 350 Learning Launchers in more than 60 content areas, students explore a wide range of projects and challenge levels. This engaging online curriculum is accessed through the LaunchPad navigation system, a user-friendly interface, customized for each SmartLab® based on its design and educational goals.

Each Learning Launcher engagement provides:

- Engaging, hands-on, minds on, project-based activities in STEM, digital communications and related topics
- Applied technology to reinforce academics and build next generation skills
- Personalized learning with multiple challenge levels, open-ended activities and opportunities for students to shape and expand learning around their own interests, abilities and learning styles
- Connections to core academic content and alignment to standards
- Extension activities for advanced learners to explore topics in even greater depth

Systems of Technology

- Alternative and Renewable Energy
- Circuitry
- Computer Graphics
- Digital Communications
- Mechanics and Structures
- Robotics and Control Technology
- Scientific Data and Analysis
- Software Engineering

STEM for Learners of All Abilities

Learning Launchers guide SmartLab® learning with a wide selection of hands-on, minds-on projects in STEM and applied technology. Project activities link technology concepts to core academic content in a way that's engaging, relevant and learner-centered. SmartLabs® meet learners where they are and take them as far as they are able to go.

Here's a sample of Learning Launcher topics:

Orientation

- Online ePortfolio
- Orientation Collection

Alternative and Renewable Energy

- Hydrogen Fuel Cells
- Introduction to Alternative Energy and Other Topics
- Solar Energy
- Wind Power

Circuitry

- Arduino
- MaKey MaKey
- Pneumatics
- Snap Circuits - Electricity and Electronics

Computer Graphics

- Doodle 4 Google
- Google Art Project
- Illustrator
- Photoshop
- Photoshop Elements
- Picasa
- Punch Home Design Suite
- SketchUp - 3D Modelling
- Tinkercad

Digital Communications

- ACID Music Studio - Sound Engineering
- Camtasia
- CrazyTalk
- CrazyTalk Animator
- Dreamweaver - Web Design
- Frames - Stop Motion Animation
- GarageBand
- Google Sites

Elementary SmartLab®

How was school today?

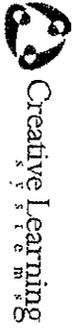

It's a question that has elementary SmartLab® students bursting with enthusiasm. Elementary students explore robotics, software engineering, mechanics and structures, circuitry, scientific data and analysis, alternative energy, computer graphics, and digital media arts. That's a great day at school!

SmartLab® programs are fully-articulated for K-12. Everything from technology and equipment to classroom design to curriculum and scheduling are carefully chosen and thoughtfully integrated to provide an age-appropriate learning experience.

Elementary students rotate from project to project in upper elementary grades while whole-class, teacher-led activities provide age-appropriate guidance for younger learners. Students learn to develop project objectives and document their learning in ePortfolios, daily journals and project presentations.

In an elementary SmartLab® program, young learners discover a wide range of applied technologies. They engage in authentic first-hand experiences in STEM, building interest and inspiring many to pursue these fields in more depth in the years to come.

SCALE:	PAGE:

Purchase Price & Exclusions

Purchase Price

The total purchase price for the Creative Learning SmartLab described herein is a firm quotation valid for sixty (60) calendar days. All amounts are (US) dollars and the purchase price is F.O.B. destination.

SmartLab Learning Environment for up to 30 Learners K-8:	\$173,965
Curriculum and Support Agreement (CSA): <i>This first year payment can be deferred to July 1, 2018</i>	<u>\$ 5,000</u>
Total:	\$178,965

Required but not included:

Estimated Cost of Seating:	\$ 4,795
Estimated Cost of CLS Specified Computers:	\$ 18,352
Customer Facility Improvements:	TBD
Customer Facility Improvements:	TBD

This quotation replaces all previous quotations sent prior to 7/13/2017.

Important to Note: The price for the Curriculum and Support Agreement is \$5,000 annually and runs July 1st to June 30th. This five year agreement may be paid in full for a discounted price at the time of the initial SmartLab purchase or billed annually. The price per year is locked-in once the agreement is signed.

Exclusions

The Santee School SmartLab, as proposed, is a complete full-featured learning environment. The only exclusions are seating, facility improvements, removal of trash and debris, client computer hardware, and **network virus protection**. The customer must provide these items.

Detailed Exclusions:

- Seating – Student and Teacher Chairs should be supplied for the SmartLab by the customer. Student chairs should be adjustable in height and have casters. Creative Learning Systems recommends the Virco SGTASK18 for student chairs and can make additional recommendations if necessary. Creative Learning Systems recommends the Virco SGTASK18AL series task chair with arms for the facilitator. Thirty (30) student chairs and one (1) facilitator chair should be supplied.
- Facility Improvements – Electrical and data network services should be installed as per the electrical and data layers of the plan view drawing (final electrical and data layers to be delivered with the final proposal). Optional facility improvements include anti-static carpeting, dropped acoustical ceiling, marker and tack boards, paint, etc. Creative Learning Systems prides itself on working with district/school administrators and school district architects on final room preparation and provisioning.
- Removal of Trash and Debris – The SmartLab environment creates a large amount of trash and debris during the installation process. It is recommended that the district/school provide a 20 yard open top dumpster or equivalent for disposal of all packing materials associated with the SmartLab. Creative Learning Systems is committed to participating in your LEED (Leadership in Energy and Environmental Design) project/certification, and will follow each customers instruction during the implementation process.
- CLS Specified Computers – See Attachment B.

Summary of Deliverables

This section provides the details about the purchase price and lists the deliverables. More information about the deliverables can be found in the following sections.

Deliverables

The purchase price includes:

Design and Implementation

- System design, consulting, and planning services; including specific facility requirements.
- Network consultative services and coordination with selected wiring contractor
- Setup, installation, testing and configuration of all furniture, hardware, equipment, computers, software, and printers to be used within the SmartLab.
- Coordination and installation of all school owned software within the SmartLab environment.
- Imaging of all SmartLab client workstations and servers for easy recovery.

Deliverables

- **Four Peninsula SmartLab™ with a SmartPad Zone for up to 30 learners**
- All furniture work/learn stations.
- Specifications for Customer-purchased Windows based personal computers.
- Creative Learning Systems Learning Launcher Curriculum with supportive kits and resources for a 30 student course offering K-8.
- Creative Learning Systems ePortfolio Assessment System.
- All equipment, furnishings, kits, apparatus, libraries, curriculum and software described in the following sections. (See Attachment A for specific list of deliverables)

Professional Development and Support

- **Four days of onsite professional development and technical training**
- Advanced Facilitator Development Conference Tuition Slot
- Curriculum and Support Agreement (CSA) \$5,000 per year:
 - ✓ Access to hosted Learning Launcher Curriculum including all available updates and additions
 - ✓ Access to hosted Facilitator Resources including all available updates and additions
 - ✓ Unlimited telephone and online technical & pedagogical support
 - ✓ Up to three days additional onsite professional development in the event of facilitator turnover
 - ✓ Discounted rate for onsite technical support and/or additional professional development
 - ✓ Discounted tuition for future Advanced Facilitator Development Conference (AFDC)
 - ✓ Up to \$1,000 per year in enhancement and replacement parts from the SmartLab catalog

Additional Santee School SmartLab elements outlined within include:

- Facilitation Zone
- Custom configured Dell server
- SmartLab Media Systems/Integration Services
- SCRS™ (SmartLab Computer Restoration System)
- Replication Platform
- Construction Set Storage System with Replacement construction sets for each class
- SmartPad Learning Zone
- Presentation/Collaboration Collection with the sixty-five inch LED display
- Computer Control Monitoring System
- Advanced Exploration Collection
- Video Production Workstations™
- LCD Monitor Arms
- Professional Development

Subject: irrigation installation

Price \$18,875

We can start soon on it if we are notified and can have completed this season, also this system need to be maintained by us, we offer full service after the install and winterize all of are systems/ system start up and adjust in spring, we can work around schedules as far as the football field as we understand its season and is getting used. We wouldn't have any open holes on the field during practices/games. we require a 30% down payment upfront along with there would be a signed contract agreement, Thanks for the opportunity if you have any questions just let us know. to me

Hi Karie – attached are the designs for the Niobrara Veridgre banners. They bought one large banner and twelve of the smaller banners for \$1,550 (furnish only – no install)

For Plainview – they bought two 4' x 4' , ¼" sintra (pvc material) signs and 16 – 2' x 2' , 1/4" sintra signs and in 2013 – four years ago – the cost was \$1,700 (furnish only).

So it just depends on the look you want. I would maybe ask these schools if they could send you photos – and you can see what the difference looks like.

Does this help?

2017-2018 First Semester Team Collaboration Outcomes

Our Mission: To maximize every student's academic potential and personal responsibility.

School SMART Goal: All students will demonstrate mastery of their coursework essential standards by the end of the 2017/2018 school year.

To achieve this goal, we agree to be "tight" about the following team outcomes:

Norms

- By September 18, teams will collaboratively create/revise their team meeting norms.
- Norms will be reviewed at every meeting and revised as needed.

Smart Goal(s)

- By September 18, teams will write a SMART goal(s) for the year.
- Teams will work interdependently and hold each other mutually accountable to achieve the goal(s).

Essential Standards

- By October 23, teams will collaboratively identify essential learning standards (no more than 6) in a content area.
- Identified standards should prepare students for success at the next level of study.
- For each standard, the team will write the standard in kid-friendly terms, determine the level of rigor, identify prior skills/academic vocabulary needed, create/select the common assessment that will be used to measure student mastery, and determine when the standard will be taught.

Common Assessments

- Common assessments will be given to measure student mastery of essential standards.
- Teams will collaboratively create at least one common assessment.
- Teams will collectively use the common assessments rubric when reviewing common assessment results.

Interventions

- Teachers will try in classroom interventions prior to SAT referral
- Teachers will refer at-risk students to the SAT process.

Student/Parent Communication

- Teachers will send out progress reports every 3 weeks.
- Each student will monitor his/her progress towards meeting their essential standards.

Areas of Staff Learning:

- APL Strategies - KLK High Probability Strategies - Marzano's Art & Science of Teaching - Danielson Model for Teacher Effectiveness

Collaboration Calendar 9/11-9/15

Monday 8:05 - 8:30 PLC Monday - Certified Staff will meet with their PLC groups -

1. Complete the PLC Norms sheet and make sure your PLC team has placed their members, meeting place and norm sheet in the PLC File folder on the Google Doc.
2. We are going to work with the first two Guiding questions and our Learning Targets.
 - a. What do we expect students to learn?
 - i. Discuss target and how learning took place. Did students know the target skill?
How did the teacher model the skill?
(Gradual Release Strategy)
 - b. How will we know they learned it?
 - i. Assessment of the Learning Target.
 - ii. Did students know if they mastered the target.

Tuesday 8:05 - 8:30 Tech Tuesday - Achieve 3000 Webinar - Presented by Mrs. Crosley in Learning Center. This will be the first of two webinars on Achieve 3000 and all that it can do. We already have the license so we need to use it as a resource for students. Certified staff need to attend. Resource Room staff using SRS will meet with Mrs. McGlone in the Elementary Resource Room for training on SRS.

Wednesday 8:00 - 8:30 Wednesday - WIT Team will meet in the Learning Center.

- Focus Team leaders please report on what each of those Teams are working on.

Collaboration Calendar 9/5-9/8

Tuesday 8:05 - 8:30 Tech Tuesday - GoEduStar - taking attendance - Ruth and Tracy - all Certified staff in Learning Center. Classified staff please be with students for Morning routine - Social Skill introducing a friend can work in groups of 3.

Wednesday 8:00 - 8:30 Wednesday - The Learning (Instructional) Focus Team will meet in the Learning Center. Mrs. Biehl will guide the team.

Thursday 8:00 - 8:30 - SAT meetings - Elementary staff will receive an email if need to attend, MS/HS is all staff members.

Friday - 8:00 - 8:30 - Be with students day - a very busy day with Parade and Homecoming games. Please be with students during morning routine.

We are excited to implement scheduled time to build solid supports for students and staff. We know this is a work in progress so be patient as this routine is being developed and implemented.

We are 212!

Collaboration Calendar for Week 21-25

Cindy Nagel <cnagel@santeeschools.org>
To: All Staff <allstaff@santeeschools.org>

Thu, Aug 17, 2017 at 11:23 AM

Good Morning to all,

What a great first couple of days the school year. The Leadership Team would like to thank everyone for being 212 and patient as we establish the routines and schedules of school! We have had some adjustments and kinks to work out - but students are here and that is the important part!!

Looking ahead to next week and the Collaboration Calendar -

Monday 8:00 - 8:30 The Certified Staff will meet in the Learning Center for PLC work. Please bring your binders. Paraprofessionals will have students in the Multipurpose area for opening ceremony and social skill work. Please plan that with your team.

Tuesday 8:00 - 8:30 Tech Tuesday - GoEduStar work for anyone who needs assistance - Mrs. Crosley will be available in her room for elementary - Mrs. Romkema will be available in her room for MS/HS assistance. The rest of the staff will be with students in the Multipurpose area or Commons for morning routine.

Wednesday 8:00 - 8:30 Wednesday - WIT team will meet in the Learning Center. The rest of the staff will be with students for morning routines.

Thursday 8:00 - 8:30 - SAT meeting (Mr. Peter and Mrs. Kester and Leadership team in Title room) Marigold Meeting (Mentor time) - Mentors please reach out to mentee and establish meeting room.

Friday - 8:00 - 8:30 - Para meeting - Learning Center - Certified staff will need to be with students in the morning.

We are excited to implement scheduled time to build solid supports for students and staff. We know this is a work in progress so be patient as this routine is being developed and implemented.

Have a great rest of the week.
