### Chapter 79

### 79-724.

**Committee on American civics; created; duties; school board, State Board of Education, and superintendent; duties.**

It is the responsibility of society to ensure that youth are given the opportunity to become competent, responsible, patriotic, and civil citizens to ensure a strong, stable, just, and prosperous America. Such a citizenry necessitates that every member thereof be knowledgeable of our nation's history, government, geography, and economic system. The youth in our state should be committed to the ideals and values of our country's democracy and the constitutional republic established by the people. Schools should help prepare our youth to make informed and reasoned decisions for the public good. Civic competence is necessary to sustain and improve our democratic way of life and must be taught in all public, private, denominational, and parochial schools. A central role of schools is to impart civic knowledge and skills that help our youth to see the relevance of a civic dimension for their lives. Students should be made fully aware of the liberties, opportunities, and advantages we possess and the sacrifices and struggles of those through whose efforts these benefits were gained. Since young people are most susceptible to the acceptance of principles and doctrines that will influence them throughout their lives, it is one of the first duties of our educational system to conduct its activities, choose its textbooks, and arrange its curriculum in such a way that the youth of our state have the opportunity to become competent, responsible, patriotic, and civil American citizens.

(1) The school board of each school district shall, at the beginning of each calendar year, appoint from its members a committee of three, to be known as the committee on American civics, which shall:

- (a) Hold no fewer than two public meetings annually, at least one when public testimony is accepted;
- (b) Keep minutes of each meeting showing the time and place of the meeting, which members were present or absent, and the substance and details of all matters discussed;

(c) Examine and ensure that the social studies curriculum used in the district is aligned with the social

studies standards adopted pursuant to section 79-760.01 and teaches foundational knowledge in civics, history, economics, financial literacy, and geography;

(d) Review and approve the social studies curriculum to ensure that it stresses the services of the men and women who played a crucial role in the achievement of national independence, establishment of our constitutional government, and preservation of the union and includes the incorporation of multicultural education as set forth in sections 79-719 to 79-723 in order to instill a pride and respect for the nation's institutions and not be merely a recital of events and dates;

(e) Ensure that any curriculum recommended or approved by the committee on American civics is made readily accessible to the public and contains a reference to this section;

(f) Ensure that the district develops and utilizes formative, interim, and summative assessments to measure student mastery of the social studies standards adopted pursuant to section 79-760.01;

(g) Ensure that the social studies curriculum in the district incorporates one or more of the following for each student:

(i) Administration of a written test that is identical to the entire civics portion of the naturalization test used by United States Citizenship and Immigration Services prior to the completion of eighth grade and again prior to the completion of twelfth grade with the individual score from each test for each student made available to a parent or guardian of such student; or

(ii) Attendance or participation between the commencement of eighth grade and completion of twelfth grade in a meeting of a public body as defined by section 84-1409 followed by the completion of a project or paper in which each student demonstrates or discusses the personal learning experience of such student related to such attendance or participation; or

(iii) Completion of a project or paper and a class presentation between the commencement of eighth grade and the completion of twelfth grade on a person or persons or an event commemorated by a holiday listed in subdivision (6) of this section or on a topic related to such person or persons or event; and

(h) Take all such other steps as will assure the carrying out of the provisions of this section and provide a report to the school board regarding the committee's findings and recommendations.

(2) All social studies courses approved for grade levels as provided by this section shall include and adequately stress contributions of all ethnic groups to (a) the development and growth of America into a great nation, (b) art, music, education, medicine, literature, science, politics, and government, and (c) the military in all of this nation's wars.

(3) All grades of all public, private, denominational, and parochial schools, below the sixth grade, shall devote at least one hour per week to exercises or teaching periods for the following purpose:

(a) The discussion of noteworthy events pertaining to American history or the exceptional acts of individuals and groups of Americans;

(b) The historical background, memorization, and singing of patriotic songs such as the Star-Spangled

Banner and America the Beautiful;

(c) The development of respect for the American flag as a symbol of freedom and the sacrifices of those who secured that freedom; and

(d) Instruction as to proper conduct in the presentation of the American flag.

(4) In at least two of the three grades from the fifth grade to the eighth grade in all public, private, denominational, and parochial schools, time shall be set aside for the teaching of American history from the social studies curriculum, which shall be taught in such a manner that all students are given the opportunity to (a) become competent, responsible, patriotic, and civil citizens who possess a deep understanding of and respect for both the Constitution of the United States and the Constitution of Nebraska and (b) prepare to preserve, protect, and defend freedom and democracy in our nation and our world.

(5) In at least two courses in every high school, time shall be devoted to the teaching of civics and American history as outlined in the social studies standards adopted pursuant to section 79-760.01, during which specific attention shall be given to the following matters:

(a) The Declaration of Independence, the United States Constitution, the Constitution of Nebraska, and the structure and function of local government in this state;

(b) The benefits and advantages of representative government, the rights and responsibilities of citizenship in our government, and the dangers and fallacies of forms of government that restrict individual freedoms or possess antidemocratic ideals such as, but not limited to, Nazism and communism;

(c) The duties of citizenship, which include active participation in the improvement of a citizen's community, state, country, and world and the value and practice of civil discourse between opposing interests; and

(d) The application of knowledge in civics, history, economics, financial literacy, and geography to address societal issues.

(6) Appropriate patriotic exercises suitable to the occasion shall be held under the direction of the superintendent in every public, private, denominational, and parochial school on George Washington's birthday, Abraham Lincoln's birthday, Dr. Martin Luther King, Jr.'s birthday, Native American Heritage Day, Constitution Day, Memorial Day, Veterans Day, and Thanksgiving Day, or on the day or week preceding or following such holiday, if the school is in session.

(7) Every school board, the State Board of Education, and the superintendent of each school district in the state shall be held directly responsible in the order named for carrying out this section. Neglect thereof by any employee may be considered a cause for dismissal.

Elementary  
Report Completed By: Cindy Nagel**

**Preschool** - Current enrollment projections - 3 yr room - 8 students  
4 yr room - 13 students  
Infant room - 8 students Per Rule 11  
Toddler room - 12 students Per Rule 11

**Attendance - month of August**

PK - 89%  
K- 5 - 95%

**Achievement**

Benchmark testing - K - 5 DIBELs for Reading fluency, Reading Comprehension  
Individual Reading Plans - K - 3 - 43/56 students on plans  
MAPS growth - First and Second grade ELA and Math  
NSCAS growth - 3-5 grade ELA and Math Science grade 5

Developing fluid intervention groups based on student needs. Title 1 providing services, along with small group work within classrooms.

Implementation of Open Up Resources as our new K-5 Math resource.

**Classroom Enrollment** - We are blessed to have increased our elementary enrollment in the past week. Our largest classroom is our first grade classroom with 23 students. Unfortunately, our room sizes in our elementary school are smaller and 23 first graders are very tight in one room. We also know the importance of foundational education for students at this age and 23 students in one is not ideal for equity learning. With that being said we are going to split our first grade classroom into two room with two certified elementary teachers - Miss Breann Sweeney and Mr. Mildred Calugan. Miss Sweeney will provide the English Language Arts to both sections and Mr. Calugan will be providing the Math/Science content to both groups. This will allow teachers to teach to their strengths and have consistency of learning for each group. This means our fifth grade classroom will be moving to the south building in a classroom overthere. This allows our first grade classrooms to be by each other. The elementary and middle school special education services will be located in the lego room between the two areas.

An informational letter was sent home to all first grade households.

## **Professional Development**

Professional Learning Communities - **PLC Grades K-2** - Emphasis on Instructional Model Gradual Release - I Do (teacher modeling), We Do (group practice), and You Do (independent work) and how does this affect student learning?

**PLC Grades 3-5** - Book study "Ruthless Equity" - by Ken Williams - looking at if our educational practices have equity for all student learning. This book study is being led by Mr. Chambers as part of his Masters Internship.

Virtual PD - Sept 30

**Instructional Coach** - Assisted Benchmark testing

Classroom supports establishing interventions

Lesson planning with new staff

Coaching cycle with new staff member

**Cognia Accreditation** - The Accreditation team has been established. The team members represent all departments, grade levels, and content areas. We have started putting the artifacts to justify the narratives for each indicator. We have our Lead evaluator in place and the onsite accreditation will be Monday, Dec. 12th. We will be doing stakeholder surveys during our Oct. Parent/Teacher conferences.

**Sept. 19 - 23 Homecoming**

**Sept. 30 - No School Virtual PD - required health and safety training, suicide training,**

Additional Notes:

1. Student behaviors number decreasing: ISS due to walkouts of class or campus has reduced. Students are in categories that are assigned. Gyms are closed unless for PE- a Given course.
  - a. August - 25 students in ISS for walking out of class
  - b. September 6 - walking out of class/building
  - c. October ( First week) - 1

Next behavior goal 6-12 is cell phones in classes.
2. Wednesday School: October 5th - 36 students with D/F and needed to report. Twenty-six students stayed.
  - October 6th- 20 students with a D/f.
  - Those students that left with a failing grade received ISS per walkout.
  - 16 students have seen an increase in grades
3. LNI coaches meeting Week of 17th- coaches, room, students, making a plan. Thinking about the education of students during LNI. Canvas learning, packet work, and what teachers will be available.
4. Bullying Protocol in Middle School and High School.
  - a. Evidence or a report ( Parent call, note found, or student advocating) Paras are assigned to begin watching for repeated patterns of behavior. If these patterns are found, the student is removed from the classroom, an investigation occurs, and a behavior plan is created with the student's parents.
5. Honor Roll is starting this month of October 20,2022 Cultural Student Honoring is a huge success, increasing parent and community involvement. The truancy officer has met with students, set truancy goals, and is planning incentive trips for those that reach the goals.
6. Quarter ends October 14.
