July 21, 2023

Dear NAFIS Member:

The National Association of Federally Impacted Schools (NAFIS) is celebrating our golden anniversary in 2023! As we reflect on 50 years of Impact Aid advocacy, we are proud of all that we have accomplished. We also know that our success is due to the engagement of NAFIS members. As we have fought to strengthen and protect the Impact Aid program, the voice and support of NAFIS members has been crucial in ensuring Congress understands and prioritizes it. Thank you for all you do and for being part of the NAFIS Family.

In recognition of this significant anniversary, NAFIS has issued a print edition of our quarterly IMPACT newsletter exclusively for NAFIS members (enclosed), which also went out electronically as usual. We want to make sure all NAFIS members have access to this special issue, which includes a brief history of NAFIS, an introduction to the NAFIS Board of Directors Executive Committee, information on NAFIS resources and more. If you did not receive the email version, and if you do not receive our weekly electronic "NAFIS News," reach out to info@nafisdc.org to be added to our distribution list. The information we share is a key benefit of NAFIS membership, so please be sure you can access it.

Also as part of our 50th anniversary, NAFIS will host a celebration at the 2023 NAFIS Fall Conference, September 17-19, in Washington, DC. The special event will take place on Monday evening and include networking opportunities, a plated dinner and recognition of four Members of Congress with our new Golden Champion Award. If you have been to past NAFIS conferences, you may notice the agenda has changed to accommodate the Monday evening event – see the enclosed flyer or NAFIS website (www.nafisdc.org) for more information. We are excited for the conference and hope to see you there!

In addition, NAFIS is pleased to release our FY 2021 Impact Aid Payments Overview, including the enclosed infographic. The complete documents, which catalog how Impact Aid Section 7002 and Section 7003 funds were distributed to more than 1,100 school districts across the United States and its territories, are available on the NAFIS website. Organized by state, these documents include each school district's FY 2021 payment (the most recent fiscal year for which payments have been finalized), the amount it would have received if the program were fully funded and related information. These documents are key advocacy tools that we will promote to the general public later this summer.

As we look forward, federal education funding is very uncertain, with budget cuts proposed for many education programs for FY 2024. Impact Aid is in a much better position than most thanks to the strong foundation we built over the past 50 years, but know that we are not resting on our laurels. NAFIS continues to work hard every day on your behalf. As we celebrate 50 years, thank you again for your support. I hope to see you in DC at the NAFIS Fall Conference!

Sincerely,

Nicole Russell

1001 General Policy Statement

The organization, management, and control of this school district is vested in its board of education ("board"). To guide the board and school district operations, and to assist it and its designees in carrying out duties, the board will establish, maintain, and amend a set of policies.

Written board policies serve the following purposes:

1. Formally articulating the board's goals and long-term objectives.
2. Providing district administrators and staff with guidance in making decisions that affect students, employees and patrons of the district.
3. Informing the public of the manner that the board and district will conduct its business and its relationships with staff, pupils, parents and patrons.

To avoid unnecessary rigidity, these policies are stated in general terms. With the exception of statutory requirements or instances when the specific application of a policy is essential to the long-term welfare of the district, these policies are intended to provide administrators with the flexibility to apply them to a wide range of situations.

The policies are not the only guidelines for district operations. Specific regulations, procedures, and practices also help guide and govern actions and decisions. They must be consistent with policies, but serve a different purpose.

Exceptional Circumstances

The board cannot foresee every situation that may arise, and circumstances will occur when these policies provide inadequate guidance. In such circumstances, the superintendent should use his or her best judgment, and communicate with the board about the situation as soon as is convenient.

Validity of Policies

Each policy and its provision should be interpreted so that it is valid under applicable law. If a court determines that a provision of a policy is invalid, such invalidity shall not affect the remaining provisions of that policy.

Creation, Amendment, and Distribution of Board of Education Policies

Each of these policies shall become the official policy of the school district when the board has approved it by majority vote of the members present at any lawfully convened meeting of the board.

It shall generally be the practice of the board to adopt or amend any policy after a single reading at any regular or special board meeting. However, the board may, in its discretion, review policies at multiple meetings prior to taking action.

Each policy shall bear the date when it was adopted, revised or reviewed.

The superintendent shall distribute copies of these policies to all members of the board, maintain a master copy in the central office, and see to it that the policies are maintained on the school district's web site.

Annual Review

The board shall review all policies at least once every three years. Nebraska statutes require an annual review and/or hearing to solicit public comment on these specific policies:

Parental Involvement Policy

Title I Parental Involvement Policy

(NOTE: These first two are distinct parental involvement policies, and both must be reviewed annually.)

Student Fees Policy

Bullying

Multicultural Education

Student Assessment

Teacher Evaluation

Student Academic Performance

Safety and Security Committee

Attendance and Excessive Absenteeism

The board may update or add policies as needed. The board shall determine the number of copies of policies to be made and their distribution. The superintendent shall maintain an up-to-date master copy of the policies in the main administrative office. Unless otherwise directed by the board, the master copy shall be considered the official district policy manual.
