Applied Connective Technologies representative Casey Buetler provided information on the services, business over 22 years with 6 locations across Nebraska, work at city and county level. Mayor Pascoe shared the importance of being proactive vs reactive since government is frequently targeted and we need an IT group that is actively looking and assessing threats. Buetler advised they have a divisions that handle enterprise phones, AVS audio visual services, cameras, paging, security, etc which can be integrated as well.

The following Council Members voted “YEA”: Delahoyde, Ruhter-Engelhardt, and Jespersen. The following Council Members voted “NAY”: None. Motion Carried. 3-0.

Consideration of Scope Change No. 2 from JEO Consulting Group for New Well Siting Project.

The following Council Members voted “YEA”: Ruhter-Engelhardt, Jespersen, and Delahoyde. The following Council Members voted “NAY”: None. Motion Carried. 3-0.

City Administrator Fisher shared the changes include an increase in project management, increase in test well program data review, increased engineering on test hole and test well drilling, and hydrogeological report mandated through the NRD. The water treatment evaluation involves a high-level study on what it would cost to add an additional water treatment facility in the alluvial aquifer, taking into account the high levels of iron and manganese. Total additional is \$29,730 in addition to what we were already paying JEO. Fisher advised the City was awarded \$478,516 from Lancaster County ARPA funds; to date we have spent \$206,665 spent to date. With this and next agenda item, the ARPA monies spent will come to \$487,847 spent and have exceeded APRA and need \$9,330 cash to complete these projects. Mayor Pascoe advised the importance of each aspect and Jespersen advised this is a perfect use of ARPA funds. Council Member Delahoyde requested more information provided this study doesn’t fare well, Fisher advised the next agenda item involves additional test wells along N 162nd St south of town and at N 141st St and Branched Oak area as a process of elimination showing where we have looked and have opportunities for preservation of water sources for our city. We are able to meet demand all day, every day and currently we are not experiencing any issues—this is a long-term solution.

The following Council Members voted “YEA”: Ruhter-Engelhardt, Jespersen, and Delahoyde. The following Council Members voted “NAY”: None. Motion Carried. 3-0.

Over the last couple of months there has been seven new members join and another new member is interested, which has put pressure on equipment so they are looking at inventory and outfitting the new members. Looking at hosing an EMT class for all the new members. Waverly 30 was repaired and is back in service; the TNT spreaders were repaired and put back in the rig. Waverly 21 was repaired and put back in service, mainly needed for additional service in the winter when grass fire season is over. Fire Station planning and preparations continue with the hope to go out to bid in early September. City Administrator Fisher

City Administrator Fisher reported we received our new contract rate for LFR, which was approved last year and auto-renews yearly with 5% rate increase. We only had 6 calls on the billing for a total of \$4,240 and we are grateful our LFR expenses are low due to Southeast Rural Fire/Rescue being a great partner to us and really helps us out and provides the ALS service. The city-owned farm ground will be releasing for bid August 20 through sealed bids to the city office and the bid opening will be noon on September 4 with council approving on September 8; packets available next week and on the city website.
