COMMITTEE REPORTS
Human Services (Park & Recreation): Council Member Nielson
Council Member Nielson reported flag football final game this coming Saturday with the Superbowl at Viking Stadium. Adult women's volleyball was completely filled with 10 teams, league starts tomorrow running through 9. Soccer is in progress, last game next Thursday. K&J came out and cut sod to prepare the infields for the lip repair, new sod set next week. Ten Nebraska Native trees from the Trees for Nebraska Towns Grant were planted right before the big rain. The Community Recreation Center Survey is out with 52 responses so far showing support for a new rec center, some concern on costs. We are partnering with the Waverly Chamber of Commerce for Halloween events including the annual Trick or Treating at the Plaza and a new event a movie showing of Hocus Pocus Halloween night on the Wayne Tennis courts at 8 pm and will include fire pits and s'mores.

Council Member Delahoyde recognized the parks team for cleaning out the south side of Wayne Park along the tree line.

Public Works (Utilities & Street): Council Member Jespersen
City Administrator Fisher reported they have been working on the Test Well Project, drilled over 20 locations in around Waverly in all directions. JEO will compile data and share with the council. The Drainage Improvement Project on Highway 6 will finish this week; the excavation crew came in and found the fiber and electrical was not as deep as anticipated. There is a portion not finished; coordinating schedules with electric and fiber company to move their lines, likely finished this spring. Public works is prepping for snow removal equipment; fully stocked with salt and replaced blades. Working on mowing and removing volunteer trees after all the recent rain. They inspected all the drainage areas and culverts after the big rainstorm on September 30.

DRAFT

Public Health (Fire & Safety): Council Member Delahoyde
Council Member Delahoyde reported there were 21 calls for service including 11 medical, 1 commercial fire, 2 EMS standby, 1 vehicle accident, 1 fire alarm, 5 calls for fire safety visits, 1 special duty at Eek at the Creek. Waverly 30 stalled and needed to be towed and repaired, new batteries and a fuse was replaced. They continue to work on the new radio system to determine the count of the number of radios needed to provide adequate coverage. Waverly 10 is headed to Lester Prairie, MN for some modifications. Monitoring dry conditions through harvest season. Santa Express preparations underway; Chamber is helping. We will be hosting an EMT class in November. Fire Chief Hoffman provided information on the class through Creighton University by a grant. Hoffman reported on recent visits to area preschools during Fire Prevention week. The new members have been actively attending fire department activities.

Fiscal and Economic Development: Council Member Ruhter-Engelhardt
Council Member Ruhter-Engelhardt reported the last WEDC was postponed. Administration will be meeting with the economic development director candidate on Thursday, hopefully will accept the position and will introduce at the next WEDC meeting on November 9 at 3pm. CRA meets October 19 at 5pm to discuss TIF projects and the Planning Commission meets October 22 at 5:30pm to review the comprehensive plan.

City Administrator Fisher
Fisher reported Zoning Administrator Palm inspected the dry dam after the big rain; the gauge showed about 10 ft of water behind the highest point, so it did its job efficiently. Fisher encouraged community members to take the survey that's out.

ADJOURNMENT
Council Member Delahoyde moved to adjourn the meeting at 7:25 p.m. Council Member Nielson seconded the motion.
The following Council Members voted "YEA": Jespersen, Nielson, Ruhter-Engelhardt, Delahoyde. The following Council Members voted "NAY": None. Motion Carried. 4-0.

LOCATION: Lawson Park Field #1
PROJECT: 20x24' Storage Shed
FROM: Waverly High School Activities and Advanced Construction Class

The Waverly High School Activity Department, along with our Baseball Program and Advanced Construction class are requesting the permission from the City Administration to build a 20x24' storage shed for the high school and legion baseball programs out at Lawson Park. The location of this shed will be located along the 3rd base foul line in between the current existing bullpen back stop and the small red out building. The smaller red out building was never big enough to withhold all of the program's baseball equipment. A bigger structure will allow both groups to store all of their equipment needs in one area and give us the ability to remove the metal shipping container from the parking lot area.

Just like the construction of our two portable ticket booths, we will have the high school advanced construction class order all of the materials and construct the building. We plan to contract out the concrete work to one of our local concrete businesses and any of the fencing portion of the project to Empire Fencing. Our district maintenance and grounds crew will handle any calls for underground electrical or water lines. They will also reseed and water the area once the building is finished. Past students of these classes have built two of the same structures on the campus of Waverly High School along with two smaller structures here at the high school and over at the middle school.

A blueprint of the structure can be viewed from the following link. 20x24 Storage Shed The 16' overhead garage door would open so that coaches, players, or other personnel can access the equipment right onto the warning track/field area. We have asked Empire fence to build a large fenced gate that would open to the field. Empire will also put up an overhead net to keep line drive foul balls from damaging the structure. The access door to the structure will be located on the south side of the building and we do not plan to put a window in. We do not have any plans to have power to the building at this time.

This is the area on field 1 where we would build the storage structure. The front (16' garage door) will face the field. The north front edge of the building will start about 4' from the closest backstop pole of the bullpen area. The smaller red building would be removed.

To give you a visual of how far back the building will be, it will come out to where the current light pole is for the field that you can see in this picture.

The cable and ground anchor in this picture will have to be removed. Empire checked with their engineers and was given approval that the cable could be removed as the support is no longer necessary. Email exchange from Empire Engineer

Empire Netting & Fence Drawing This gives you a visual of the 20’ double gate that would be built along with the net structure to keep the building from getting hit with line-drive foil balls.

Regarding funding for the project, in our interlocal agreement it states, “The School District and City shall mutually agree to share on capital expenditures that cost over one thousand ($1,000) dollars. Through our WHS advanced construction class, the district is prepared to provide labor expenses for the project in addition to financing. In addition, I have reached out to the Legion board to engage them in assisting with some of the funding or other labor costs.

We would like to get the concrete pad poured yet this Fall/early winter. This will allow our second semester building construction class to be able to start building the walls at Waverly high school until weather breaks in the spring for construction. We also need to get materials ordered. Millard Lumber has indicated that trusts take some time to get built and delivered. (See bids/links below)

This is the 20x24’ shed next to our softball batting cages. This houses all of our track equipment including the hurdles. In the fall, our softball team stores equipment in here as well that they use everyday for the batting cages. This shed does have electricity.

This shed is mainly used to store our youth football programs equipment, along with our WHS boys soccer equipment and stadium turf grooming equipment.
