DRAFT

BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF WAVERLY, NEBRASKA, AS FOLLOWS:

SECTION 1. That Section 71.70 contained within Chapter 71 of the Waverly Municipal Code be amended to read as follows:

BICYCLES, MOTORCYCLES, MINIBIKES, ELECTRIC BICYCLES (E-BIKES), ELECTRIC SCOOTERS (E-SCOOTERS), AND ELECTRIC MOTORCYCLES, ALL-TERRAIN VEHICLES AND UTILITY-TYPE VEHICLES

§ 71.70 MOTORCYCLES, MINIBIKES, AND BICYCLES.

(A) For purposes of this section:

1. "Motorcycle" shall mean every motor vehicle having a seat or saddle for the use of the operator and designed to travel on not more than 3 wheels in contact with the ground, but excluding a bicycle, minibike Class I, II, or III electric bicycle, electric scooter, or electric motorcycle.

2. "Minibike" shall mean a 2-wheel motor vehicle that has a total wheel and tire diameter of less than 14 inches, an engine-rated capacity of less than 45 cubic centimeters displacement, an engine power output of less than 3 horsepower, an engine-rated capacity of less than 2,238 watts, or was primarily designed by the manufacturer for off-the-road use only. Minibike shall not include an electric personal assistive mobility device.

3. "Bicycle" shall mean a device propelled solely by human power, upon which any person may ride, and having 2 or 3 wheels, at least 1 of which is more than 14 inches in diameter.

(B) It shall be unlawful for any person or persons to ride a bicycle on public sidewalks within the City unless accompanying a minor; Provided, that children 12 years of age and under may ride a bicycle on the public sidewalks.

(C) Motorcycles and bicycles operated on any street within the City shall be subject to all traffic laws pertaining to motorized vehicles. *(Amended by Ord. 02-02, 2/4/02)* Penalty, see §10.99

(D) It shall be unlawful for any person to ride, use or operate a bicycle from 30 minutes after sunset to 30 minutes before sunrise without a headlight, visible under normal conditions, from the front thereof for not less than 500 feet indicating the approach or presence of the device, and a red reflector on the rear which shall be visible on a clear night from all distances between 100 feet and 600 feet to the rear when directly in front of lawful lower beams of headlights on a motor vehicle.

SECTION 2. That Section 71.71 contained within Chapter 71 of the Waverly Municipal Code be amended to read as follows, and all sections following newly enacted Section 71.71 are hereby renumbered sequentially as necessary. Such renumbering is administrative only and shall not affect the validity, meaning, operation, or continued effectiveness of any provision so renumbered.

§ 71.71 ELECTRIC BICYCLES (E-BIKES), ELECTRIC SCOOTERS (E-SCOOTERS), AND ELECTRIC MOTORCYCLES

(A) For purposes of this section:

(1) "Class I Electric Bicycle" means a device with (a) 2, 3, or 4 wheels, (b) a seat for the rider, (c) pedal assist only, (d) an electric motor not exceeding 750 watts, and (e) a maximum speed of 20 miles per hour.

(2) "Class II Electric Bicycle" with (a) 2, 3, or 4 wheels, (b) a seat for the rider, (c) pedal assist and capable of providing power whether or not the rider is pedaling, (d) an

electric motor not exceeding 750 watts, (e) a maximum design speed of 20 miles per hour, and (f) does not provide power if the electric bicycle is traveling at a speed of more than 20 miles per hour.

(3) "Class III Electric Bicycle" means a device with (a) 2, 3, or 4 wheels, (b) a seat for the rider, (c) pedal assist and only provides power when the rider is pedaling, (d) an electric motor not exceeding 750 watts, and (e) a maximum speed of 28 miles per hour, and (f) does not provide power if the electric bicycle is traveling at a speed of more than 28 miles per hour.

(4) "Electric Scooter" means a stand-up device with (a) 2 wheels, (b) handlebars, (c) a floorboard designed to transport 1 rider, (d) a maximum speed of 15 miles per hour, powered by (e) a rechargeable electric motor less than 750 watts, and propelled with (f) a combination of human power or electric motor.

(5) "Electric Motorcycle" means a device with (a) 2 or 3 wheels, (b) propelled with a throttle only, and (c) an electric motor less than 750 watts.

(a) A device containing an electric motor that exceeds 750 watts will be defined as a motorcycle, mini-bike or off-road vehicle.

(B) A Class I, II, or III electric bicycle, electric scooter, or electric motorcycle may be operated on sidewalks, sidewalk spaces, shared-use paths, and streets within the corporate limits of the City only if the operator and the device comply with the provisions of this Section.

(1) It shall be lawful for any person 12 years of age and under to ride, use or operate any Class I or II electric bicycle or electric scooter on any sidewalk, sidewalk space, or shared-use path within the City unless posted otherwise.

(2) Any person who rides, uses, or operates a Class I, II, or III electric bicycle or electric scooter upon a sidewalk, sidewalk space, shared-use path, or street shall do so at their own risk.

(3) Any person who rides, uses, or operates a Class I, II, or III electric bicycle electric scooter upon a sidewalk, sidewalk space, or shared-use path:
(a) Shall yield to the right-of-way to any and all pedestrians;
(b) Shall safely dismount and proceed on foot when approaching or encountering pedestrians; and
(c) Shall reduce speed when approaching crosswalks, driveways, or other crossings.

(4) Any person who rides, uses, or operates a Class I, II, or III electric bicycle or electric scooter upon a sidewalk, sidewalk space, shared-use path, or street and is 12 years of age and under, shall wear a protective helmet of the type and design manufactured for use by operators of such electric bicycle or electric scooter and such helmet must be secured properly on the user's head with a chin strap while the electric bicycle or electric scooter is in motion.

(5) The operator of a Class I, II, or III electric bicycle, electric scooter, or electric motorcycle emerging from an alley, driveway, or building, shall upon approaching a sidewalk or the sidewalk area extending across any alleyway, yield the right of way to all pedestrians approaching on the sidewalk or sidewalk area, and upon entering the roadway shall yield the right of way to all vehicles approaching on the roadway.

(6) Any person who rides, uses, or operates a Class I, II, or III electric bicycle, electric scooter, or electric motorcycle upon a street:

(a) Shall observe all traffic rules and regulations applicable thereto, and shall turn only at intersections, clearly signal for all turns by utilizing hand signals, ride at the right-hand side of the street or highway, pass to the left when passing overtaken vehicle and individuals that are slower moving, and shall pass vehicles to the right when meeting;

DRAFT

(b) Shall obey the instruction of official traffic control signals, signs, and other control devices applicable to vehicles, unless otherwise directed by a law enforcement officer; and

(c) Shall proceed single file as to not impede others when 3 or more devices ride in a group.

(C) It shall be unlawful for any person to ride, use or operate a Class I, II, or III electric bicycle, electric scooter, or electric motorcycle:

(1) In a careless manner or without due caution in a manner as to endanger any person or property;

(2) In a negligent manner; and

(3) In such a manner as to endanger or interfere with the lawful traffic or use of the streets.

(D) It shall be unlawful for any person to ride, use or operate a Class I, II, or III electric bicycle, electric scooter, or electric motorcycle with a passenger.

(E) It shall be unlawful for any person to ride, use or operate a Class I, II, or III electric bicycle, electric scooter, or electric motorcycle and attach such or themselves to any vehicle upon a street; and no person shall hitch to or cling upon any vehicle which is in motion with or without the consent of the driver.

(F) It shall be unlawful for any person to ride, use or operate a class I, II, or III electric bicycle, electric scooter, or electric motorcycle from 30 minutes after sunset to 30 minutes before sunrise without a headlight, visible under normal conditions, from the front thereof for not less than 500 feet indicating the approach or presence of the device, and a red reflector on the rear which shall be visible on a clear night from all distances between 100 feet and 600 feet to the rear when directly in front of lawful lower beams of headlights on a motor vehicle.

(G) It shall be unlawful for any person to ride, use, or operate any Class I, II, and III electric bicycle, electric scooter, or electric motorcycle:

(1) In those areas within any public park that are posted to state that the operation of such in that area is prohibited; and

(2) On any public trail system.

(H) The crossing of a controlled-access highway with more than 2 marked traffic lanes by a Class I, II, and III electric bicycle, electric scooter, or electric motorcycle shall be permitted only if:

(1) The crossing is made at an angle of approximately 90 degrees to the direction of the highway and at a place where no obstruction prevents a safe and quick crossing;

(2) The device is brought to a complete stop before crossing the shoulder or roadway of the highway;

(3) The operator yields the right-of-way to all oncoming traffic that constitutes an immediate potential hazard; and

(4) In crossing a divided highway, the crossing is made only at an intersection of such highway with a street or road, as applicable.

(I) Penalties for the violation of this section are as follows:

(1)

a. Any parent or guardian who knowingly allows or permits his or her minor child, or any adult who knowingly permits or allows any minor child, to use, operate, drive or race a Class I, II or III electric bicycle, electric scooter, or electric motorcycle in any manner prohibited by the provisions of this Section shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined not more than $500.00 for each offense.

b. Any person who shall violate or refuse to comply with the enforcement of any of the provisions in this Section, set forth at full length herein or

incorporated by reference, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined not more than $500.00 for each offense.

c. Any person convicted of a second or subsequent of any provisions shall surrender their electric bicycle, electric scooter, or electric motorcycle to the City for a period of no less than 30 days. The device(s) will be returned to the owner after the 30-day period if all applicable fines are paid.

SECTION 3. All ordinances and parts of ordinances passed and approved prior to the passage and approval of this ordinance and in conflict therewith are hereby repealed.

SECTION 4. This ordinance shall be in full force and take effect from and after its passage, approval and publication according to law.

PASSED AND APPROVED this _____ day of _____, 2026.

Waverly 61, the Chevy Command Vehicle is at Toys for Trucks for repairs. There is an EMT class informational meeting on October 28 taught by the Panhandle EMS Education. Currently we have 2 members taking the class from SCC and 7 members taking the class through Panhandle hosted at our station. We had our first construction meeting for the new fire station with Scheele-Kayton, JEO, and city staff members. Dirt work scheduled for this week; equipment on site at the high school but have not yet started as of today. No new update on county-wide radio system, however Governor Pillen has formed a group to study state-wide communication and radio system solutions. Waverly Fire/Rescue will provide traffic safety on Halloween and hand out candy at the station. Planning has begun for Santa Express, held December 6 at the Wave. Waverly Fire District is in a burn ban through harvest.

Mayor Pascoe thanked Waverly Fire/Rescue and all mutual aid partners in honor of National First Responders Day tomorrow, October 28.

Fiscal & Economic Development: Council Member Ruhter-Engelhardt
Council Member Ruhter-Engelhardt reported the CRA met last week and reviewed preliminary plat on the property on Highway 6 and reviewed the blight and substandard study in the Riley neighborhood. Planning Commission met last week and went through the community survey results. WEDC has a new Economic Director officially in place—Matilda Welch, who will start next week and meet the WEDC committee members at the next meeting.

City Administrator Fisher
City Administrator Fisher reported on test well project, we are finishing up the project, working on reviewing the results to recommend the best plans for city. The Planning Commission discussed a possible moratorium in our extraterritorial jurisdiction at the last meeting, will come to the City Council soon; working on getting that information together. The City Council and the Planning Commission will be receiving the blight study for determination of Riley 6th Addition for a development project. The City's parcel owned for the city office portion, we are working on engineering making sure all those pieces are put together, that engineer will be moving forward with a grading plan soon. We have a City Council quarterly planning meeting the beginning part of December, where Bowman Consulting will provide information regarding the Canongate Road resurfacing project.

RESOLUTION NUMBER 26-33

RESOLUTION REGARDING DEPOSIT OF MUNICIPAL FUNDS FOR THE 2026-2027 FISCAL YEAR

WHEREAS, State Statute 17-607 requires municipalities to designate depositories in each fiscal year to designate one or more state or national banks or capital stock financial institutions of approved and responsible standing in which the city treasurer shall keep at all times, subject to payment on his or her demand, all money held by him or her as such city treasurer, and

WHEREAS, the Council shall require from all banks or capital stock financial institutions as bond in such penal sum as may be the maximum amount on deposit at any time less the amount insured by the Federal Deposit Insurance Corporation or, in lieu thereof, may accept a pledge of sufficient assets of such depository to secure the payment of all such deposits and accretions, and

WHEREAS, the City Treasurer shall not be liable for any loss of any money sustained by reason of the failure of any such depository so designated and approved, and

WHEREAS, the fact that a stockholder, director, or other officer of such financial institution is also serving as mayor, as a member of the city council or board of trustees, as a member of a board of public works, or as any other officer of such municipality shall not disqualify such financial institution from acting as a depository for such municipal funds.

NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL OF WAVERLY, NEBRASKA that all Nebraska banks or capital stock financial institutions of approved and responsible standing that provide a bond with a penal sum which equals the maximum amount on deposit at any time less the amount insured by the Federal Deposit Insurance Corporation or a pledge of sufficient assets of the bank to secure the payment of all such deposits are hereby declared depositories for the City of Waverly's 2026-2027 fiscal year.

TO: Mayor Abbey Pascoe, Stephanie Fisher, Clayton Hufford, and the City Council Members
LOCATION: Lawson Park Field #1
PROJECT: 20x24' Storage Shed
FROM: Waverly High School Activities and Advanced Construction Class

The Waverly High School Activity Department, along with our Baseball Program and Advanced Construction class are requesting the permission from the City Administration to build a 20x24' storage shed for the high school and legion baseball programs out at Lawson Park. The location of this shed will be located along the 3rd base foul line in between the current existing bullpen back stop and the small red out building. The smaller red out building was never big enough to withhold all of the program's baseball equipment. A bigger structure will allow both groups to store all of their equipment needs in one area and give us the ability to remove the metal shipping container from the parking lot area.

Just like the construction of our two portable ticket booths, we will have the high school advanced construction class order all of the materials and construct the building. We plan to contract out the concrete work to one of our local concrete businesses and any of the fencing portion of the project to Empire Fencing. Our district maintenance and grounds crew will handle any calls for underground electrical or water lines. They will also reseed and water the area once the building is finished. Past students of these classes have built two of the same structures on the campus of Waverly High School along with two smaller structures here at the high school and over at the middle school.

A blueprint of the structure can be viewed from the following link. 20x24 Storage Shed The 16' overhead garage door would open so that coaches, players, or other personnel can access the equipment right onto the warning track/field area. We have asked Empire fence to build a large fenced gate that would open to the field. Empire will also put up an overhead net to keep line drive foul balls from damaging the structure. The access door to the structure will be located on the south side of the building and we do not plan to put a window in. We do not have any plans to have power to the building at this time.

This is the area on field 1 where we would build the storage structure. The front (16' garage door) will face the field. The north front edge of the building will start about 4' from the closest backstop pole of the bullpen area. The smaller red building would be removed.

To give you a visual of how far back the building will be, it will come out to where the current light pole is for the field that you can see in this picture.

The cable and ground anchor in this picture will have to be removed. Empire checked with their engineers and was given approval that the cable could be removed as the support is no longer necessary. Email exchange from Empire Engineer

Empire Netting & Fence Drawing This gives you a visual of the 20’ double gate that would be built along with the net structure to keep the building from getting hit with line-drive foil balls.

Regarding funding for the project, in our interlocal agreement it states, “The School District and City shall mutually agree to share on capital expenditures that cost over one thousand ($1,000) dollars. Through our WHS advanced construction class, the district is prepared to provide labor expenses for the project in addition to financing. In addition, I have reached out to the Legion board to engage them in assisting with some of the funding or other labor costs.

We would like to get the concrete pad poured yet this Fall/early winter. This will allow our second semester building construction class to be able to start building the walls at Waverly high school until weather breaks in the spring for construction. We also need to get materials ordered. Millard Lumber has indicated that trusts take some time to get built and delivered. (See bids/links below)

This is the 20x24’ shed next to our softball batting cages. This houses all of our track equipment including the hurdles. In the fall, our softball team stores equipment in here as well that they use everyday for the batting cages. This shed does have electricity.

This shed is mainly used to store our youth football programs equipment, along with our WHS boys soccer equipment and stadium turf grooming equipment.
