The amount collected year-to-date is (\$421,742) less than during the same time period last year. This reflects an actual percentage change of -5.33% compared to last year. D. Consideration of Approving Replacement of District-Provided Cell Phones and Migration to FirstNet by AT&T

Effective communication is critical, particularly during emergencies and high-stress situations. To support safety and operational efficiency, Greeneville City Schools (GCS) provides administrators and key district personnel with managed smartphone plans. GCS has been a long-time Verizon customer and has traditionally refreshed devices on a two-year cycle; however, the current phone fleet is now approaching its third year and requires replacement. The administration proposes transitioning to FirstNet, an AT&T network designed for first responders and public safety agencies, which provides prioritized voice and data services during network congestion to ensure reliable communication.

The proposed plan includes the purchase of 71 iPhone 17e (256GB) devices at state contract pricing of \$0.99 per device, along with service plans consisting of 34 FirstNet unlimited voice, data, text, and hotspot lines at \$37.49 per month; 39 unlimited voice, data, and text lines without hotspot at \$34.99 per month; and one unlimited data-only line at \$30.00 per month for Tusculum View digital signage. The agreement would be a two-year contract with FirstNet (AT&T) and includes unlimited talk, text, and data with no throttling, waived activation and upgrade fees, and First Priority™ service on all lines. Additionally, the district would participate in a fleet buyback program for approximately 70 devices at an estimated \$230 per device, generating up to \$16,100 in credits to be applied to the district's bill.

The total estimated monthly cost is \$2,669.27, representing an approximate \$300 monthly savings compared to the district's current Verizon service, along with the potential for significant one-time credits through the device buyback program. It was recommended to approve the Replacement of District-Provided Cell Phones and Migration of FirstNet by AT&T. Board approval was unanimous on a motion from Dr. Shepherd (Vice-Chair) and a second from Luttrell (Board Member).

E. Consideration of Approving Copier/Printer Replacement and Adoption of PaperCut for Print Management

Greeneville City Schools (GCS) currently leases 27 Ricoh multi-function printers and copiers across the district under a contract established five years ago, which is set to expire in June 2026. In preparation, an RFP was issued in February, resulting in multiple vendor submissions, with five proposals fully evaluated. Proposals were scored with total cost of ownership (TCO) as the primary factor, including lease costs and per-page printing rates for both black-and-white and color. Additional evaluation criteria included customer service capabilities, service level agreements, vendor references, and proposed equipment models. Each proposal also incorporated a print management solution to improve reporting, oversight, and control of district-wide printing. Due to anticipated increases in printing and copying driven by legislative requirements, dependable and efficient printing services remain essential to daily school operations.

Following the review, the administration recommends continuing with Ricoh as the district's printing solutions provider. The proposal includes replacing all 27 existing machines with new equipment, including removal and installation. The agreement provides a monthly allowance of 324,000 black-and-white impressions at \$0.0051 per impression and 50,000 color impressions at \$0.038 per impression, with overage billed at the same rates. The plan also includes implementation of PaperCut MF print management software at a monthly cost of \$867.09, incorporated into the total lease, which will enhance security through badge-access printing, reduce waste, and provide tools to monitor usage and manage costs. Ricoh will continue to provide service under the existing four-hour response agreement, with technicians already familiar with district facilities and staff. The total estimated cost for equipment, service, and supplies, excluding paper, is \$6,581.34 per month over a 60-month lease term. It was recommended to approve Copier/Printer Replacement and Adoption of PaperCut for Print Management. Board approval was unanimous on a motion from Luttrell (Board Member) and a second from Dr. Shepherd (Vice-Chair).

F. Consideration of Approving Schedule E State Textbook Adoption and Purchase: PE and Health Sciences; CTE: Advanced Manufacturing

The State of Tennessee requires school districts to form textbook adoption committees for each adoption. The textbook committee was led by Mrs. Shelia Newland and comprised teachers for each content area up for adoption. The group has worked with the Instructional Specialist Team throughout the process to thoroughly evaluate all products. Districts are now required to adopt and use state-approved materials.

PE and Health Science-Grades-9-12

CTE: Advanced Manufacturing Related Courses

The estimated impact on resources will not exceed \$46,000.00. The funds will come from the following:

\$46,000.00 from the textbook/instructional support budget for the 2025-2026 school year.

It was recommended to approve Schedule E State Textbook Adoption and Purchase: PE and Health Sciences; CTE: Advanced Manufacturing. Board approval was unanimous on a motion from Botta (Board Member) and a second from Dr. Shepherd (Vice-Chair).

G. Consideration of Approving Migration to UDT Voice as the District VOIP Provider

ENA/Zayo has served as the district's VOIP (telephone) provider for many years, delivering "landline" services to schools and individual classrooms. As part of the transition away from ENA/Zayo as the district's internet provider, VOIP solutions were evaluated. UDT Voice Services was identified as the recommended provider, offering VOIP services that include digital faxing capabilities and mobile applications. The proposed plan includes migrating 402 individual lines, covering administrative phones, school main lines, fax lines, and classroom phones, to the UDT Voice Services platform. The system is compatible with the district's existing phones and handsets, requiring only configuration changes, and will allow select lines to utilize a mobile application. Digital faxes will be delivered directly to email inboxes, and all current phone numbers and extensions will remain unchanged. The migration is scheduled to begin in early June, with an estimated completion time of three days. The monthly cost for services will be \$2,707.00, compared to the current ENA/Zayo monthly cost of \$2,765.50, with 911 fees and federal regulatory surcharges remaining additional and unchanged. It was recommended to approve Migration of UDT Voice as the District VOIP Provider. Board approval was unanimous on a motion from Botta (Board Member) and a second from Dr. Shepherd (Vice-Chair).

H. Consideration of Approving Third Party Administrator Master Services Agreement

The IRS requires administration and compliance oversight for 403(b) plans, which is facilitated through a Third Party Administrator (TPA). The Finance Department recommends transitioning the District's TPA services from Omni TSACG to American Fidelity in order to improve service, support, and overall plan administration.

The attached agreement has been reviewed by the district's legal counsel and Chief Financial Officer, with all recommended revisions incorporated. American Fidelity has consistently provided a superior level of customer service to Greeneville City Schools, and this transition is expected to significantly improve the level of support and service provided to both employees and Finance staff members.

It was recommended to approve Third Party Administrator Master Services Agreement. Board approval was unanimous on a motion from Dr. Shepherd (Vice-Chair) and a second from Botta (Board Member).

V. Budget PowerPoint

Chief Financial Officer Ellen Lipe presented the proposed 2026-2027 draft budget during the Board of Education budget workshop, providing a comprehensive overview of projected revenues, equity, expenditures, and the district's overall financial position. Unless otherwise stated herein, pricing is valid for Fourteen days from the date of this Quote. All products, pricing, and other information are based on the latest information available and are subject to change for any reason, including but not limited to tariffs imposed by government authorities, shortages in materials or resources, increase in the cost of manufacturing or other factors beyond Supplier's reasonable control. If such changes occur, pricing may be adjusted or purchase orders may be cancelled by Supplier, even after an order has been placed. Supplier also reserves the right to cancel this Quote and Customer purchase orders arising from pricing errors and/or customer changes to Supplier's planned delivery date. Taxes and/or freight charges listed on this Quote are only estimates. The final amounts shall be stated on the relevant invoice. Additional freight charges will be applied if Customer requests expedited shipping. Please indicate any tax exemption status on your purchase order and send your tax exemption certificate to Tax_Department@dell.com or ARSalesTax@emc.com, as applicable.

Governing Terms: This Quote is subject to: (a) a separate written agreement between Customer or Customer's affiliate and Supplier or a Supplier's affiliate to the extent that it expressly applies to the products and/or services in this Quote or, to the extent there is no such agreement, to the applicable set of Dell's Terms of Sale (available at www.dell.com/terms or www.dell.com/oemterms), or for cloud/as-a-Service offerings, the applicable cloud terms of service (identified on the Offer Specific Terms referenced below); and (b) the terms referenced herein (collectively, the "Governing Terms"). Different Governing Terms may apply to different products and services on this Quote. The Governing Terms apply to the exclusion of all terms and conditions incorporated in or referred to in any documentation submitted by Customer to Supplier.

Supplier Software Licenses and Services Descriptions: Customer's use of any Supplier software is subject to the license terms accompanying the software, or in the absence of accompanying terms, the applicable terms posted on www.Dell.com/eula. Descriptions and terms for Supplier-branded standard services are stated at www.dell.com/servicecontracts/global or for certain infrastructure products at www.dellemc.com/en-us/customer-services/product-warranty-and-service-descriptions.htm.

Offer-Specific, Third Party and Program Specific Terms: Customer's use of third-party software is subject to the license terms that accompany the software. Certain Supplier-branded and third-party products and services listed on this Quote are subject to additional, specific terms stated on www.dell.com/offeringspecificterms ("Offer Specific Terms").

In case of Resale only: Should Customer procure any products or services for resale, whether on standalone basis or as part of a solution, Customer shall include the applicable software license terms, services terms, and/or offer-specific terms in a written agreement with the end-user and provide written evidence of doing so upon receipt of request from Supplier.

In case of Financing only: If Customer intends to enter into a financing arrangement ("Financing Agreement") for the products and/or services on this Quote with Dell Financial Services LLC or other funding source pre-approved by Supplier ("FS"), Customer may issue its purchase order to Supplier or to FS. If issued to FS, Supplier will fulfill and invoice FS upon confirmation that: (a) FS intends to enter into a Financing Agreement with Customer for this order; and (b) FS agrees to procure these items from Supplier. Notwithstanding the Financing Agreement, Customer's use (and Customer's resale of and the end-user's use) of these items in the order is subject to the applicable governing agreement between Customer and Supplier, except that title shall transfer from Supplier to FS instead of to Customer. If FS notifies Supplier after shipment that Customer is no longer pursuing a Financing Agreement for these items, or if Customer fails to enter into such Financing Agreement within 120 days after shipment by Supplier, Customer shall promptly pay the Supplier invoice amounts directly to Supplier.

Customer represents that this transaction does not involve: (a) use of U.S. Government funds; (b) use by or resale to the U.S. Government; or (c) maintenance and support of the product(s) listed in this document within classified spaces. Customer further represents that this transaction does not require Supplier's compliance with any statute, regulation or information technology standard applicable to a U.S. Government procurement.
