6. Celebration of Excellence

6.1. Presentation Recognition Month - Dr. Nicole Regan

Dr. Regan presented to the Board of Education, followed by each building principal. In recognition of their service, each school dedicated a book in their library to a Board member, with the book's theme reflecting a personal quality or interest of that Board member. A simple, yet meaningful way to recognize the time and volunteer efforts our Board contributes on behalf of students.

6.2. Northfield Elementary - Wendee Powell

Northfield Elementary presented to the board.

- Micheal Macias, EL coordinator for the district, spoke on behalf of his new position. He serves over 40 students, Kinder-11th grade, and helps with language and literacy. He has seen significant growth over the first semester with literacy placement and oral vocabulary. He uses the programs Language & Literacy, Ellie, and Language Tree to assist in his teachings.
- Tony Simonsen, the school counselor, touched on what Northfield has been doing to help with Family Engagement Nights. They have a family move night at the Midwest Theater and started a "Deck the Halls" night in December. They had over 300 in attendance and it was a huge success. They are discussing having future events and trying to meet parents where they are!
- Wendee Powell, building principal, shared with the board. Her main focus was providing a positive space for kids. They have implemented emotional check-ins for kids and have created an Emotional Regulation room. They have a calming/sensory space for kids who just need to take a minute in the quiet before heading into class. The kids always have 1 on 1 support, and everything is being monitored. Sometimes the kids play a quick game, read, color, or even work on a class assignment. This has significantly helped with office referrals and behavior issues in the classrooms.

6.3. YMCA Presentation - Conrad Bostron & Trinity Burgner

Conrad Bostron and Trinity Burgner presented to the Board of Education. Conrad spoke about the outstanding partnership Gering, and the YMCA have created over the last 8 years and the great success of our childcare partnership and Seacats swing team. He presented statistics about the reach and impact of the partnership and YMCA and asked the board to consider an investment in their annual campaign to continue the growth and reach of that impact.

6.4. CLA Annual Audit - Molly Quinn

Molly Quinn presented to the Board. She went over the annual audit that is conducted yearly. Their responsibility is to give reasonable assurance and check internal controls. We received a clean opinion, which is the highest rating we can receive. The audit was also completed on time.

7. Reports & Discussions

7.1. Board Committee Report: Curriculum & Personnel

John presented the committee report and gave an update on the current vacancy status. He outlined that the committee did a deep dive into the evaluation process and tools, and that the feedback is key. He complimented building principals on the philosophy of using evaluations to build trust and communication in their schools. The committee also heard an update on the progress being made with English Learners and talked about the priority and work around secondary chronic absenteeism.

7.2. Board Committee Report: Business & Facilities

Bryann Barrett presented to the board. He discussed our cash flow and that we are in our lean months from what revenue comes from the State. He gave an auditorium update. Air handlers should be here in March and the sound booth and other things are being updated to make it ADA accessible. He also gave an update on the track and hoping for a design soon! They are also hoping that this track will be able to host completions! He then went on to discuss more issues at the middle school. There is a crack in the building that needs major repair as well as a leaking roof that Twin City Roofing is looking at too. We will also need to update our IT server hardware at the end of April, and we are exploring details on paying off the high school bond early. Lastly, he gave an update on our busing, and we are working on reliability in the district.

7.3. Superintendent's Report

Dr. Regan outlined the exceptional, voluntary contributions of time and talents that our School Board members share with our school district. She outlined how President Trautman had been in committee meetings 3 of 5 days last week as an example. She outlined how much of the work remains unseen by the general public, but the leadership is so important to the health and progress of our district. She again thanked them on behalf of the students, staff and community.

Restated the progress with facilities including the auditorium, Northfield roof and track and the infrastructure investment in IT security. The Gering Middle School continues to crop new issues and additional foundation settlement and roofing issues, the need remains.

To be promoted to the next grade level at the end of each school year based on the student's achievement, age, maturity, emotional stability, and social adjustment.

Students will normally progress annually from grade to grade. Exceptions may be made when, in the judgment of the teachers and the principal, such exceptions are in the best educational interest of the students involved. Exceptions will always be made after prior notification and explanation to the student's parents, but the final decision will rest with school authorities.

When it becomes apparent a secondary student will be unable to meet the minimum credit requirements for the year, both the student and parents will be informed. Students who cannot demonstrate proficiency at their grade levels will also be considered for retention. Teachers must notify the principal of these students, make a recommendation to the principal concerning their promotion or retention, and hold a conference with parents.

A student in kindergarten through fourth grade may be retained due to academic needs, illness, or excessive absenteeism. A student in fifth through twelfth grade may be retained due to excessive absenteeism.

Excessive absenteeism means that the student was absent fifty percent or more of the school year and included excused absences, unexcused absences, and absences due to suspension or expulsion. Absences due to approved school -related activities, such as field trips, competitions, athletic events, and testing, are not included. Illness means that the student experienced a severe mental or physical illness resulting in hospitalization of two or more weeks during the school year.

A parent or guardian wishing to request their student repeat a grade shall meet with the superintendent or designee to discuss having the student repeat a grade. The parent or guardian shall provide evidence of academic needs, illness, or excessive absenteeism that would justify the student repeating the grade. At the meeting, the superintendent shall identify any alternative educational opportunities, including remedial instruction, if applicable, and verify any special education supports available to the student. If the parent or guardian still intends their student to repeat a grade, they shall complete and submit the district's required form. If all other requirements of district policy and state statute are met, the district shall have the student repeat the grade for the next school year. The district shall file the form with the Nebraska Department of Education.

Students with exceptional talents may, with the permission of the principal and parents, take classes beyond their current grade level. Enrichment opportunities outside the school district may be allowed when they do not conflict with the school district's graduation requirements. Acceleration ahead in a grade level should be approached with caution and should only occur with the joint approval of the superintendent, the principal and the parent or guardian.

GRADUATION REQUIREMENTS

Students must successfully complete the courses required by the Board and Nebraska Department of Education in order to graduate.

It shall be the responsibility of the superintendent to ensure that students complete grades one through twelve and that high school students complete 250 credits prior to graduation. The following credits will be required:

Language Arts	40	credit hours
Science	30	credit hours
Mathematics	30	credit hours
Social Studies	30	credit hours
Physical Education	10	credit hours
Total Required Hours	110	credit hours
Total Elective Hours	105	credit hours
Total Elective Hours	90	credit hours
Total Required Hours for Graduation	250	credit hours

Each student must complete at least one, five-credit course in financial literacy or personal finance prior to graduation. The required courses of study will be reviewed by the Board annually.

Each student shall complete and submit a Free Application for Federal State Aid (FAFSA) prior to graduation unless the required opt-out form is submitted either: (1) the parent or legal guardian; (2) the Principal, if the Principal determines good cause exists for not requiring the student to complete the FAFSA; or (3) an emancipated student or a student of at least 19 years of age.

Graduation requirements for special education students will be in accordance with the prescribed course of study as described in their Individualized Education Program (IEP). Each student's IEP will include a statement of the projected date of graduation at least 18 months in advance of the projected date and the criteria to be used in determining whether graduation will occur. Prior to the special education student's graduation, the IEP team shall determine whether the graduation criteria have been met.

IDEA Considerations

Graduation with a regular high school diploma or reaching the maximum age of eligibility both result in termination of a student's eligibility for Special Education (IDEA) services.

Procedurally, the students Individualized Education Program (IEP) team must meet to review the students status and issue the appropriate coding for the student, specifically 210 or 211 as described in the ADVISER Data Elements Manual, a reasonable time before the student's eligibility is terminated. These meetings may be held via the telephone or thorough virtual platform (e.g Zoom, Google, etc.) and should include the student (if possible). The school district must also provide the student with a summary of performance prior to graduation or ending services because of age. Some IEP teams may have already provided a Notice of Graduation or Notice of Ending Services Due to Age to certain students. As this is an issue of IDEA eligibility, the Nebraska Department of Education recommends that the school districts make every effort to complete these steps in a timely manner.

Requirement Related to American Civics (Nebraska Revised Statute 79-724

The requirements within Nebraska Revised Statute 79-724 took effect September 1, 2019. and the NDE considers 2019-2020 a transition year of implementation. Even so, opportunities may exist in an alternate learning environment to meet requirement within 79-724

- If a district intends to administer the civics portion of the U.S. Citizenship and Immigration Service Naturalization Test, students are required to take the test twice, once prior to completing 8th grade and a second time prior to completing 12th grade. It may be possible for seniors to complete the second testing in an alternate learning environment. For example, the University of Nebraska High School is offering ‘Citizenship 101’ for free (non-credit), and it prepares students to take the naturalization test at the completion.
- For Districts that intend to have students attend /participate in a meeting of a public body OR complete a project/paper and class presentation as outlined in 79-724, those requirements may also be met in an alternate learning environment.

OVER-IDENTIFICATION AND DISPROPORTIONALITY

The district has a goal of preventing the inappropriate overidentification or disproportionate representation by race and ethnicity of children as children with disabilities, including children with disabilities with a particular impairment as described in 92 NAC 51-0033.10.

“Child with a disability” means a child who has been verified as per 92 NAC 61-006 as a child with autism, behavior disorder, deaf-blindness, developmental delay, hearing impairment including deafness, intellectual disability, multiple impairment, an orthopedic impairment, other health impairment, specific learning disability, speech-language impairment, traumatic brain injury or visual impairment including blindness, who because of this impairment needs special education and related services. If, under 92 NAC 51-003.63, it is determined, through an appropriate evaluation under 92 NAC 51-006, that a child has one of the disabilities identified above, but only needs a related service and not special education, the child is not a child with a disability under this Chapter. If the related service required by the child is considered special education rather than a related service, the child would be determined to be a child with a disability.

School districts must ensure no single measure or assessment is used as the sole criterion for determining whether a child is a child with a disability and for determining an appropriate educational program for the child.

School districts must ensure assessments and other evaluation material used to access a child are selected and administered so as not to be discriminatory on a racial or cultural basis, and are provided and administered in the child’s native language or other mode of communication and in the form most likely to yield accurate information on what the child knows and can do academically, developmentally and functionally, unless it is clearly not feasible to so provide or administer. The district’s special education provisions will be equally available to all children.

DISCIPLINARY REMOVAL OF CHILDREN WITH DISABILITIES

School personnel under this section may remove a child with a disability who violates a code of student conduct from his or her current placement to an appropriate interim alternative educational setting, another setting, or suspension, as long as the removal does not constitute a change in placement under 92 NAC 51-016.

In determining whether a change in placement has occurred, district personnel will consider the unique circumstances of the removal on an individual basis.

Within 10 school days of any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the district, the parent, and relevant members of the child's IEP Team must review all relevant information in the student's file, including the child's IEP, any teacher observations, and any relevant information provided by the parents to determine-

- i. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- ii. If the conduct in question was the direct result of the district's failure to implement the IEP.

The Removal will be determined by the parent, and relevant members of the child's IEP Team to be a manifestation of the child's disability if either condition above was met. If condition 11. above was met, the district must take immediate steps to remedy those deficiencies.

For disciplinary changes in placement that would exceed 10 consecutive school days, if the behavior that gave rise to the violation of the school code is determined not to be a manifestation of the child's disability, school personnel may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to children without disabilities.

PUBLIC PARTICIPATION IN BOARD MEETINGS

The board recognizes the importance of citizen participation in school district matters. In order to assure citizens are heard and board meetings are conducted efficiently and in an organized manner, the board shall set time aside for citizen participation, either at a specific time during the meeting or during the discussion of agenda items. The board has the discretion to limit the amount of time set aside for public participation.

Instructions for members of the public who wish to speak:

- Getting started: When you have been recognized, please stand and state your name.
- Time Limit: Tonight the board will allow a total of 30 minutes for the presentation of ALL public comments. Individuals may speak only one time, and must limit comments to around 5 minutes. If there are more than 6 individuals who wish to address the board, the 30 minutes will be divided equally between the number of speakers. These time limits may be changed by a majority vote of the board members in attendance to extend the time for a specific item or speaker. You may only speak ONCE.
- Personnel or Student Topic: If you are planning to speak about a personnel or student matter involving an individual, please understand that our policies may require you to follow the district's complaint procedure before addressing the board. Board members will generally not respond to any questions you ask or comments you make about individual staff members or students. Please remember that slanderous comments will not be tolerated.
- General Rules: This is a public meeting for the conduct of business. Comments from within the audience while others are speaking will not be tolerated. Lewd, obscene, profane, slanderous, threatening and hostile conduct or statements and fighting words (words whose mere utterance entails a call to violence) will not be tolerated.
- No action by the Board: The board will not act on any matter which is not on the agenda and will not take action upon the conclusion of public comment.

If the pressure of business or other circumstances dictate, the board president may decide to eliminate this practice at a particular meeting. The board president will recognize these individuals to make their comments at the appropriate time. The orderly process of the board meeting shall not be interfered with or disrupted. Only those speakers recognized by the board president shall be allowed to speak. Comments by others are out of order. If disruptive, the individual making the comments or another individual causing disruption may be asked to leave the board meeting.

Citizens wishing to address the board on a certain agenda item must notify the superintendent prior to the board meeting. Citizens wishing to present petitions to the board may do so at this time. However, the board will only receive the petitions and not act upon them or their contents.

Subjects for comment should involve areas within the board's proper responsibility. Discussion on unrelated matters is to be discouraged.

Individuals who have a complaint about employees may bring their complaint to the board only after they have followed board policy addressing citizens' complaints. Students who have a complaint may only bring their complaint to the board after they have followed board policy addressing students' complaints.

Any written or printed materials to be circulated for a meeting of the school board must be submitted to the superintendent by the Wednesday preceding a Monday night meeting.

GENERAL PURPOSE

The Board and the Association recognize that the development of a quality educational program for the children attending the public schools of Gering, District #16, is a joint responsibility which can best be achieved by an agreement that all parties work toward common goals. The Board and the Association enter into this agreement with mutual dedication, recognizing that the experience, creativity, and judgment of all parties are necessary to reach the educational needs of the community.

ARTICLE I: Recognition

The Nebraska Commission of Industrial Relations certified the Gering Education Association as the exclusive collective bargaining agent on April 14, 2005 for the following bargaining unit: All persons employed by the School District in the following positions: certificated teaching personnel, counselors, reading coordinators/reading coaches, psychologists, preschool educators, registered nurses (but not LPN's), speech pathologists, occupational therapists, and preschool coordinators.

ARTICLE II: Teachers Rights

- A. Nothing contained in this agreement shall be construed to deny any teacher those rights provided to him/her under Nebraska law or other applicable laws and regulations. Rights granted to teachers herein shall be deemed to be in addition to those provided elsewhere.
- B. The Board shall not discriminate against any teacher with respect to terms and conditions of employment by reason of membership in the Association and its affiliates, participation in collective negotiations with the Board, or institution of a grievance under the terms of this agreement.

ARTICLE III: Grievance Procedures

The purpose of this grievance procedure is to secure at the lowest level, equitable solution to the problems, which may from time to time arise concerning the interpretation, application, and meaning of the terms and conditions of employment in this school district. An underlying principle of the grievance procedure is to ensure fair and equitable treatment to the district's employees.

A. DEFINITIONS:

1. **Grievance:** A cause of distress, based upon an event or condition which affects the welfare and/or terms and conditions of employment of a certificated person, a group of certificated people, or others; or the interpretation and/or application of the Board of Education policies, administrative regulations, building level policies, negotiated agreements and other contractual obligations.
2. **Grievant:** An individual or group of individuals who submits a grievance for arbitration through established procedures.
3. **Party of Interest:** Person or persons making the claim, any person who might be required to take action, any person against whom action might be taken.
4. **Time Limits:** All time limits herein shall consist of teacher working days except when a grievance is submitted after the end of the school year. The number of days indicated at each level should be considered maximum and every effort shall be made at all levels to expedite the process. Failure of the Board or its representatives to comply with the time limits at any level shall permit the grievant to appeal the grievance to the next level.
5. **Grievance Meetings or Hearings:** All meetings and hearings under this procedure up to and including Step 2 of Level II shall be conducted in private and shall include only the administration's representative(s). All parties shall have the right to record the proceedings of any hearing or meeting at all formal levels of the grievance procedure.

B. ASSOCIATION REPRESENTATION:

A grievant shall have the right to have the Association representatives present to represent the grievant at each level of the grievance procedure. Nothing herein shall be construed as limiting the right of any teacher to discuss their grievance informally with their immediate supervisor and having the grievance adjusted informally. The settlement shall not be inconsistent with the terms of the negotiated agreement.

C. REPRISALS:

No reprisals of any kind shall be taken by the Board of Education, the grievant, and the administrator or parties of interest, against any individual or group because of participation in this due process procedure.

D. WITHDRAWAL OF A GRIEVANCE:

A grievance may be withdrawn at any level without prejudice.

E. TIMELINESS OF THE GRIEVANCE:

If the written grievance is not filed within **twenty-one (21) calendar days** after the individual or group knew or should have known of the set of conditions on which the grievance is based, then the grievance shall be waived.

F. ADVANCED STEP FILING:

The grievance shall be initially filed at the level where the decision or action resulting in the grievance was made.

G. THE PROCEDURE:

- **Level I (Informal)**

Initiating Claim:

Any certified employee of the school system who feels that he/she has a concern may initiate the process by discussing the matter with the Building Principal or immediate supervisor. A representative of the association may assist the employee in this resolution. If a resolution to the concern is not obtained through this discussion, the item should then be taken to the Superintendent of Schools. Every attempt should be made to resolve the problem at the informal level.

- **Level II (Formal)**

Step 1: Any concern that is not resolved at the informal level may be submitted as a formal grievance.

If the aggrieved person is not satisfied with the disposition of his/her problem, or if no decision has been rendered following **five (5) working days** after stating the problem in the informal procedure, he/she may submit the problem as a formal grievance in writing to his/her principal or supervisor.

Step 2: If a grievance is not resolved at the building level to the satisfaction of the aggrieved person, or if no decision has been rendered within **three (3) working days** after the presentation of the grievance in writing, the individual may appeal the written grievance to the Superintendent. The appeal to the Superintendent must be carried out within **three (3) working days** after the written response from the building administrator or when that action was in order.

Within **five (5) working days** the Superintendent shall meet with the aggrieved person for the purpose of hearing and resolving the grievance. A record of such a meeting shall be kept by the Superintendent. Within **five (5) working days** following the meeting with the aggrieved, the decision and reasons therefore shall be submitted to the aggrieved in writing.

Step 3: If the aggrieved person is not satisfied with the disposition of his/her grievance by the Superintendent of Schools or if no decision has been rendered within **three (3) working days** after the appeal meeting with the Superintendent, the aggrieved may appeal the grievance to the Board of Education. The appeal to the Board of Education must be carried out within **six (6) working days** after receiving the Superintendent's written decision or when that action was in order.

Within **twenty-five (25) working days** after receiving the written appeal, the Board of Education shall meet with the aggrieved person for the purpose of hearing and resolving the grievance. Within **ten (10) working days** following the meeting with the aggrieved, the Board of Education shall render a decision with reasons therefore in writing.

Extenuating circumstances (such as illness or being out-of-town) may prohibit strict adherence to the above timeliness specified in Steps 1, 2 and 3. Every attempt shall be made by all parties involved to adhere to the timeliness as established. Certain restrictions must apply at this level (Level II, Step 3) which are listed below:

1. The grievance may be placed on the agenda of the Board of Education to be heard at their regular or special meetings, or a date may be set by the Board of a particular time and/or place.
2. A majority of the Board of Education must be present to hear the grievance.
3. A grievance shall be heard in open session. The grievance may be held in closed session by consent of both parties. All grievances shall be recorded. (Agreed upon by both parties.)
4. Individual Board members may not act as a surrogate for the aggrieved.
5. The Board's decision shall be rendered only after all the evidence is weighed, such as:
 - Tape recordings or memos of meetings held prior to the Board hearing.
 - Private discussion with the Superintendent and/or Principal concerning their disposition of the original problem.
6. The Board of Education may call for a hearing on the grievance involving all parties as witnesses.
