 - 6.4. February 16–17, 2026 - TSBA Legislative and Legal Institute (Franklin)
 - 6.5. February 24, 2026 - BOE Work Session (6:00 PM)
7. **ADJOURNMENT**

Kingsport City Schools Board of Education Regular Meeting Minutes November 11, 2025

The Kingsport City Schools Board of Education Regular Meeting was held on November 11, 2025, in the Administrative Support Center, Tennessee Room (3rd Floor) at 6:00 PM. The following Board of Education members were in attendance.

Dr. Brandon Fletcher (President): Present
Todd Golden: Present
Jamie Jackson: Present
Dr. Phillip Marshall: Present
Melissa Woods (Vice President): Present

1. CALL TO ORDER

Dr. Brandon Fletcher, Board President, called the meeting to order at 6:00 PM.

1.1. Pledge of Allegiance (Caroline Pearson)

Caroline Pearson led the Board of Education and the audience in the Pledge of Allegiance.

1.2. Additions to and/or Acceptance of the Agenda (Dr. Brandon Fletcher)

A motion was made by Dr. Phillip Marshall and seconded by Todd Golden to accept the agenda as presented. The motion carried by a vote of Yea: 5, Nay: 0.

2. PUBLIC COMMENT ON AGENDA ITEMS

There was no public comment.

3. CONSENT AGENDA

3.1. Personnel Considerations (Mrs. Jennifer Guthrie)

3.2. Approval of Minutes - October 14, 2025 BOE Regular Monthly Meeting Minutes (Dr. Brandon Fletcher)

3.3. Approval of 2025 Local Education Agency Compliance Report (Dr. Andy True)

3.4. Approval of Kingsport City Schools Strategic Plan (Mr. Michael Hubbard)

3.5. Approval to Renew EMS LINQ, LLC Agreement for School Nutrition Services Technology (Mr. David Frye)

3.6. Approval of Donations (Mr. David Frye)

4. BUSINESS ITEMS

4.1. Approval to Purchase Security Film for Civic Auditorium and Dobyns-Bennett High School Science & Technology Center Windows (Mr. David Frye)

Mr. David Frye, Chief Finance Officer, presented a recommendation to purchase window security film to be installed on windows at the Civic Auditorium and the front windows on the first floor of the Dobyns-Bennett High School Science & Technology building. All other buildings on the campus have secure film installed on windows and doors. The purchase would utilize the TIPS-USA purchasing contract with Tennessee Window Films in the amount of \$82,571.68. Funding for the purchase would be from the Public Schools Security grant in the amount of \$76,874.76, with the remaining \$6,696.92 provided by the Kingsport City Schools General Purpose Fund CIP budget. The security film will be installed in December during after-school hours.

A motion was made by Jamie Jackson and seconded by Melissa Woods (Vice President) to use The Interlocal Purchasing System's (TIPS) Contract 23010401 with Tennessee Window Films to purchase security film for windows in the Civic Auditorium and Dobyns-Bennett Science & Technology Center at a cost of \$82,571.68. The motion carried by a vote of Yea: 5, Nay: 0.

4.2. Approval to Purchase Vehicle for Dobyns-Bennett High School Fire Management Services (Mr. David Frye)

Mr. Frye presented a recommendation to purchase a 2026 Ford F350 flatbed pickup truck for the Fire Management Services program at Dobyns-Bennett High School to use for fire management training. The purchase would utilize the Tennessee Statewide Contract with Alan Jay Fleet Sales in the amount of \$67,735. Funding would be provided by the Dobyns-Bennett High School Activities internal account. Over the last two years, students have worked to raise funds/donations to purchase the vehicle.

A motion was made by Jamie Jackson and seconded by Melissa Woods (Vice President) to utilize Tennessee Statewide Contract 88753 with Alan Jay Fleet Sales to purchase a 2026 F350 Super Crew Cab Flatbed Pickup Truck for the Fire Management Services program at Dobyns-Bennett High School in the amount of \$67,735.00. The motion carried by a vote of Yea: 5, Nay: 0.

5. **REPORTS**

5.1. Internal Audit Report (Mr. David Frye)

Mr. Frye presented the results of the annual School Activity Funds audit for the fiscal year ending June 30, 2025. Brown Edwards & Company has completed the City of Kingsport/Kingsport City Schools audits for the last 13 years. This was an unqualified audit, with all school activity funds being in good financial condition.

Mr. Frye reported KCS has been using a software package called School Books, but will be upgrading to a newer version of software provided by the same company effective in January 2026. The new software has already

started using it at school concession stands. New card readers have also been implemented. Elementary and middle schools will now be able to accept credit cards and online payments for things such as field trips. Teachers will have access to see which students have paid for field trips, etc.

Mr. Frye reported the City of Kingsport is planning to roll out a new financial system within the next year. The old system has been in use since 1990 and needs to be upgraded. This includes a new payroll and human resources system. The new system will use the same payroll system for both city and school district employees. Staff is currently in the process of selecting a vendor and expects to have everything finalized by January 2027.

5.2. Quarterly Financial Report for 1st Quarter FY 2025-2026 (Mr. David Frye)

Mr. Frye presented the 2025-2026 First Quarter financial update. As of September 30, 2025, revenues were as expected and expenditures were roughly 20% of the budget. The TISA estimate was very close to the actual amount the district is receiving. It may actually be above the estimate once Hawkins County dollars are received. A fourth of the Sales Tax has been collected to date. Tuition dollars received were slightly over the estimate. The Early Childhood Learning Centers reflected a deficit of \$27,073, which was due to no longer having an ECLC at Palmer Center. Afterschool Programs showed a surplus of \$13,310. The Fund Balance total of \$6,810,526 has been appropriated as of September 30, 2025. There was nothing to report on expenditures at this time.

During the presentation, a lengthy discussion occurred related to school funding and the reallocation/decrease of a percentage of the Sullivan County School Tax Rate (property tax funds to Kingsport City Schools, Bristol, TN Schools, and Sullivan County Schools) for FY 2025-2026. The Sullivan County Budget Committee's recommended decrease had not been discussed publicly prior to approval. Mr. Frye reported the Sullivan County Commission has reduced funding to the schools four times since 2018. He noted the highway fund and general fund (which pays for the jail) increased from 64% to 69%, along with changes made in other funds. Mr. Frye stated Sullivan County met their maintenance of effort per pupil due to an increase in sales tax. Dr. Hampton indicated there was a combined increase of \$343,000 to the three school districts in Sullivan County. However, Mr. Frye indicated the total should have been \$2,900,000. Dr. Fletcher reported there was a reallocation of property taxes in FY 2023-2024. At the end of 2024, KCS lost \$3,700,000 due to a 20-cent tax reduction. Mr. Frye reported that the sales tax has to be split, with 50% going to schools of local option sales tax based on Average Daily Attendance (ADA) rates. Then it is split between the school districts in the county. All three districts will work to provide the Sullivan County Commission with a better understanding of the educational needs and funding concerns.

Board members commented about the importance of education, which ultimately drives everything, especially a skilled labor force. It starts with education to prevent people from ending up in the judicial system and jails. It is difficult to recruit teachers to go into the profession, especially with budget cuts that have made it difficult to accomplish more with fewer employees.

Dr. Hampton reported the administration spends time discussing budget needs and potential pay increases for each year's budget. If revenues don't increase, some budget items will have to be decreased in next year's budget and going forward. Any decrease will impact activities across the board. The district needs to have a different level of investment.

6. **TIME AND DATES OF MEETINGS**

Dr. Fletcher reported the Board Work Session scheduled for November 18th had been canceled.

- 6.1. November 13-16, 2025 - TSBA Leadership Conference and Annual Convention (Nashville)
- 6.2. November 18, 2025 - BOE Work Session (6:00 PM)
- 6.3. December 9, 2025 - BOE Regular Monthly Meeting (6:00 PM)
- 6.4. January 13, 2026 - BOE Regular Monthly Meeting (6:00 PM)
- 6.5. January 27, 2026 - BOE Work Session (6:00 PM)

7. **ADJOURNMENT**

Dr. Fletcher adjourned the meeting at 7:20 PM.

Dr. Brandon Fletcher, Board President

Vivian L. Altizer, Board Secretary

MEMORANDUM

TO: Travis Bishop, City Recorder/Chief Finance Officer
FROM: Board of Education, Kingsport City Schools
RE: Disposal of Surplus Equipment
DATE: December 9, 2025

Tennessee Code Annotated 49-6-2007, states that personal property no longer having an intended use by the school system and/or no longer capable of being used because of condition shall be sold within ninety (90) days of its being declared surplus to the highest bidder after advertising in a newspaper of general circulation at least seven (7) days prior to sale. City of Kingsport Ordinances, Division 2. Disposal of Surplus Property, Section 2-141(2), requires the board of education, after such declaration, to transfer the surplus property to the custody of the city recorder.

In compliance with state law and city charter, the board of education duly declared the properties on the attached list as surplus. Please notify school personnel the site to which these properties are to be delivered for proper disposition by your office.

Thank you for your assistance.

Dear Dr. Hampton and Kingsport Board of Education,

Subject: Request to Name RNR Locker Room Project in Honor of Tanner Combs

I would like to formally request that we name the recently completed locker room project at RNR in honor of Tanner Combs, who passed away while serving as a College and Career Readiness teacher at RNR.

This request originated from Jamie Givens, along with numerous parents, students, and community members who held deep respect and affection for Mr. Combs. Although his time at RNR was relatively brief, his kindness, compassion, and dedication left a lasting impact on our students—an influence that will remain with them throughout their lives. Tanner was truly an inspiration to everyone who had the privilege of knowing him.

To commemorate this dedication, Mycroft will be creating a 24x36 sign to be displayed outside the gym area. The sign will feature a picture of Mr. Combs and recognize the individual donors, the Robinson Athletic Booster Club, the PTA, the ASC Administration, and the Kingsport Board of Education for their generous support. Rebecca Thomas from Mycroft is assisting with the design and production of the sign.

We would like to hold the naming ceremony during the 2025 basketball season, ideally before Christmas Break.

If you have any questions or would like to discuss the project further, I would be happy to meet or speak with you at your convenience. I would also like to extend my sincere thanks to Dr. Hampton, who has supported us through every stage of this project.

Thank you for your consideration of this request and for your continued support of our school community.

Respectfully,

Corey Gardenhour, Ed.D

Principal, Robinson Middle School

SUBJECT: Recommendation to Change Phone Provider

In a cost-saving effort which could also improve service, the administration recommends changing from our current voice phone provider, Zayo Education, LLC, to United Data Technologies, Inc., (UDT) using TIPS-USA contract 230105.

The City joined The Interlocal Purchasing System (TIPS-USA) in 2022 in order to utilize pricing for school and city purchasing. Cooperative purchasing agreements allow purchasing to make purchases with the confidence we are receiving competitive pricing knowing the products awarded have already been through the procurement process of the principal procurement agency. Utilizing cooperative purchasing agreements also leads to increased efficiency by decreasing the amount of time it takes from requisition entry to product/service receipt.

Voice services from Zayo Education, LLC will cost approximately \$6,404.00. The budgetary quote provided by UDT shows a monthly cost of \$5,733.25, which would result in monthly cost savings of \$670.75 and annual cost savings of about \$8,049.00. These quotes are not completely the same, however. The UDT solution provides several features that the Zayo solution does not. A few of those are listed below.

1. Dual Management - We will have the ability to make changes and take actions on our own, which can save valuable time.
2. Pinpoint 911 - When 911 is called, dispatch will not only receive the standard information, but they will also receive the specific phone location - room number/description. We can add this to the Zayo plan at a cost of \$1 per line. We have over 1000 phone extensions/lines.
3. Integrated Fax Services - We currently pay a third party \$760 per month for this service. UDT cost will be \$418 per month, which is a cost savings of \$4,104.00 annually.

The total cost savings will be over \$12,153.00 annually.

The target date for the change from Zayo to UDT is during Spring Break. Funding will be from the School General Purpose funds.

Total Ground-service Shipping Charges ⁸	\$0.00	
Total Estimated	\$0.00	\$6,404.00

¹ All fees, surcharges, taxes, 411 (Directory Assisted) Calls, International and non-Continental US LD calls are billed in addition to the flat monthly rate. Additional required taxes, if applicable, will be charged according to the province or territory to which the service is delivered. See Master Service Agreement for the per-call and per-minute charges that are not included.

² Availability of additional telephone numbers vary per LATA. Please see your Zayo Account Manager for more details. Additional numbers are available with SIP Trunking service.

³ By default, service comes with International LD and 900/976 Calls disabled. International LD can be re-enabled upon customer request. 411 Calls can be disabled upon customer request.

⁴ May not be available in all markets

⁵ Customer must provide the end device; e.g., fax machine, paging adapter, analog handset, headset, etc. Zayo does not provide, sell, install, nor service these devices unless the paging adapter is a Zayo Algo SIP device

⁶ The Basic Site Assessment will include a cursory review of each site's network infrastructure including the network switching environment, Ethernet switch configurations, and requirements to enable 802.1Q, P802.1p and 802.1af (VLAN, QoS and PoE) capabilities. Zayo Field Services may also perform basic tests on the fiber and copper uplinks between the MDF and each of the IDF's and may place a test VoIP call from each LAN segment. Unified Communications service requires the customer's LAN environment to meet certain specifications. All service delivery prices are based on expected site readiness to receive the services. In the event that Basic Site Assessments determine a need for site make-ready work, service may not be available until such work is completed by customer.

⁷ Enhanced Pinpoint 911 requires that each extension across the entire site participate and have its own telephone number. Customer must provide and actively maintain the Enhanced Pinpoint 911 database information.

⁸ Zayo end-user devices are shipped directly to the customer-requested location. A line item for shipping charges is included in the pricing proposal.

⁹ Zayo end-user device models and prices are subject to change. Zayo may replace certain end-user device models over the course of the contract, as needed, based on availability and technology changes. Zayo will work with each customer to discuss available end-user device models and revised pricing at time of any equipment order.

¹⁰ On-site, Desktop Handset Installation includes unboxing, assembling, and either placing the device on the desk or mounting on the wall as ordered. The device will be connected to an active network jack, assigned an extension number, and tested to ensure the device is functioning and able to make and receive calls. Empty boxes will be collected and removed from the site. On-site, Desktop Handset Installation does not include cabling or network troubleshooting. Customer is responsible for ensuring an active, Ethernet cable run is located within 1.5 meters (5 ft) of the installation location, and the RJ45 network jack is easily accessible and not blocked by items weighing more than 25 lbs. On-site, Wall-mounted Handset Installation involves an additional charge and may require the purchase of a wall-mount bracket, depending on the telephone handset model.

Communication Services Estimate

Service Attachment 1

* This is an estimate only and is subject to change. A firm quote will be provided once a more detailed analysis of requirements is documented and mutually confirmed *

Description	One-time	Monthly	Quantity	Total	
				One-time	Monthly

¹¹ On-site, SIP Notification Device Installation includes unboxing, assembling, and either rack-, ceiling-, or wall-mounting the device. The device will be connected to an active network jack, assigned an extension number (if appropriate), and tested to ensure the device is functioning properly. Empty boxes will be collected and removed from the site. On-site SIP Notification Device Installation does not include cabling or a mounting box (unless specifically itemized in the proposal above) or network troubleshooting. Customer is responsible to ensure an active, Ethernet cable run is located within 1.5 meters (5 ft) of the installation location, and the network jack is easily accessible and not blocked by items weighing more than 25 lbs.

* The pricing above is the gross monthly price for service. Any changes will be approved by the customer's designated personnel before implementation.

* There are no traditional "line" restrictions imposed other than the physical limits of your hardware. All voice calls will have access to your entire Internet bandwidth, not just a segregated voice-only channel.

December 9, 2025

KINGSPORT CITY SCHOOLS
FISCAL YEAR 2025-2026
BUDGET AMENDMENT NUMBER THREE

GENERAL PURPOSE SCHOOL FUNDS

ITEM ONE: LYNN GARDEN ELEMENTARY SCHOOL PROJECT

It is time to enter into agreement with Thompson & Litton Architects for phase two of the design work for the new Lynn Garden Elementary School. Phase one was for the schematic design work. Phase two will be for the detail design, bidding and construction administration for demolition of the current building on the site and for the site work that will be necessary to be completed prior to construction. The total amount of the agreement for the second phase is \$268,700. This includes a base fee of \$236,237.50. There are fees of \$32,462.50 for additional services that include:

Surveying	\$8,000.00
Geotechnical & Subsurface Testing	6,262.50
Environmental Testing	2,500.00
Second Bid Administration	8,000.00
Reimbursable Expenses	8,000.00

The City of Kingsport will provide funding for this project when they sell bonds for this project. In order to meet the timelines for completion of the project, it is necessary to initially provide funding from the school system's Fund Balance.

It is recommended that the estimated revenue for Fund Balance Appropriations and the appropriation for Fund Transfers be increased by \$300,000 to provide funding for phase two of the Thompson & Litton, architect agreement and to provide funding for any necessary additional expenses. It is also recommended that these funds be transferred to a project within the General Project Fund.

ITEM TWO: ROBINSON FIRE ALARM REPLACEMENT PROJECT

The fire alarm system at Robinson Middle School is more than 30 years old and has reached to end of its' life. At this time, it is recommended that KCS enter into an agreement with Holston Engineering to provide a cost estimate, bid specifications, and project administration for this project. Holston Engineering has proposed a fee of 5% of installed project cost, not to exceed \$37,500. It is recommended to establish project funding of \$50,000, to cover the engineering fee and any other costs related to the design of this project.

It is recommended that the estimated revenue for Fund Balance Appropriations and the appropriation for Fund Transfers be increased by \$50,000 to provide funding for design work for the replacement of the Robinson fire alarm system. It is also recommended that these funds be transferred to a project within the General Project Fund.

GENERAL PROJECT FUND

LYNN GARDEN ELEMENTARY SCHOOL PROJECT

A project for the construction of a new elementary school in the Lynn Garden area was approved in January 2025. Initial project funding was established for \$650,000, to fund phase I of the architectural contract. This budget amendment will provide funding for phase two of the architectural contract.

It is recommended that the estimated revenue for Transfers from the General Purpose School Fund and the appropriation Architectural Fees be increased by \$300,000.

ROBINSON FIRE ALARM REPLACEMENT PROJECT

A project will be established for the replacement of the Robinson Fire Alarm system. Initial project funding will be established for \$50,000, to fund the architectural contract and any associated costs. Funding will come from the General Purpose School Fund, Fund Balance.

It is recommended that the estimated revenue for Transfers from the General Purpose School Fund and the appropriation Architectural Fees be increased by \$50,000.

DATE: December 9, 2025

SUBJECT: Recommendation for Contract with Holston Engineering for Ross N. Robinson Middle School Fire Alarm Replacement Project

The administration recommends entering into an agreement with Holston Engineering for the engineering design services for the Ross N. Robinson Middle School Fire Alarm Replacement Project for a cost not to exceed \$37,500.00. The cost includes specifications for a completely new voice annunciator fire alarm system, bid package and evaluations, review of contractor shop drawings, construction assistance and management through the end of the project. The tentative schedule is to issue an Invitation to Bid in mid-February 2026, open bids around the end of March, award the bid to the contractor at the April 14, 2026 BOE meeting, and have the work completed before school starts in August.

Funds for the engineering service portion of the project will be from the Robinson Fire Alarm Replacement project.

Re: Engineering for Fire Alarm Replacement at Ross N Robinson Middle School

Dear David:

Holston Engineering Inc. is pleased to quote you a fixed fee based on 5% (five percent) of the total installed project cost not to exceed \$37,500 (thirty-seven thousand five hundred dollars). This price includes complete design documents and specifications to pass city review and state review for a completely new voice annunciator fire alarm system. The state review fee will be an additional pass-through fee estimated to be up to \$1875 (one thousand eight hundred and seventy-five dollars). State review fee is based on contract cost, and we do not have a true feel for the total project cost currently, so the review fee is an estimate. Items included in addition to the engineering documents are, bid package, bid evaluations, review of any shop drawings provided by any contractors/subcontractors on this project, construction assistance, management meetings, and final punch list as needed.

If you have any questions, please feel free to contact us.

Sincerely,
HOLSTON ENGINEERING, INC.

DATE: December 9, 2025

SUBJECT: Recommendation to Enter Into Contract with Thompson & Litton for Phase 2 for the New Elementary School in Lynn Garden

At the December 10, 2024, Board of Education meeting, Thompson & Litton was identified as the Architect of Record for the design and construction administration for a new elementary school to be located on the site of the Lynn View Community Center. The administration now recommends entering into a contract for Phase 2 of the architectural services for the project with Thompson & Litton for a lump sum fee of \$268,700.00.

The Phase 2 Site Demolition and Site Preparation Package will include the following work.

1. Existing Lynn View Community Center asbestos abatement, demolition, and disposal
2. Existing baseball field and football field/track/outbuilding demolition and disposal
3. Rough site grading – including the internal roads, parking lots, and building pad
4. Existing subsurface utility relocation and new subsurface utility placement
5. Installation of the retainage pond and associated subsurface piping

The estimated cost to demolish and dispose of the existing Lynn View Community Center, which includes asbestos abatement, is approximately \$700,000.00 based on an estimate from Taff and Frye. The estimated cost to demolish and dispose of the other buildings, fences, bleachers, concrete, and asphalt located between Walker Street, Akers Avenue, Goal Street, and Nelms Lane is approximately \$88,400.00 based on an estimate from Taff and Frye. The estimated cost to address the rough grading, removal and relocation of the existing subsurface utilities, and the installation of the retainage pond and associated piping is approximately \$3,000,000.00. It is expected that there will be additional soil boring tests and other environmental testing that is necessary as well as an unknown amount for asbestos abatement. The total estimated construction cost for this Phase II work is \$4,000,000.00.

Funds for Phase 2 will be designated in the Lynn Garden Elementary School project GP2507.

EXHIBIT A

Kingsport City Schools New Elementary School Phase 2

SCOPE OF SERVICES November 19, 2025

Thompson & Litton began professional design phase services on Phase I for the new Lynn View Elementary School in early 2025. The project is being presented to the City of Kingsport Board of Mayor and Alderman and the Kingsport City Schools on November 3, 2025. Following that meeting, community review sessions will occur so that the Phase 2 work can begin in early 2026. It is anticipated that Phase 3, construction of the new school buildings and supporting site features will commence in July 2027.

The Phase 2 Site Demolition and Site Preparation Package for the New City of Kingsport Elementary School will include the following work.

1. Existing Lynn View Community Center asbestos abatement, demolition, and disposal.
2. Existing baseball field and football field/track/outbuilding demolition and disposal.
3. Rough site grading – including the internal roads, parking lots, and building pad.
4. Existing subsurface utility relocation and new subsurface utility placement.
5. Installation of the retainage pond and associated subsurface piping.

The estimated costs to demolish and dispose of the existing Lynn View Community Center (to include the asbestos abatement) is approximately \$700,000.00 based on an estimate from Taff and Frye.

The estimated costs to demolish and dispose of the other buildings, fences, bleachers, concrete, and asphalt located between Walker Street, Akers Avenue, Goal Street, and Nelms Lane is approximately \$88,400.00 based on an estimate from Taff and Frye.

The estimated costs to address the rough grading, removal and relocation of the existing subsurface utilities, and the installation of the retainage pond and associated piping is approximately \$3,000,000.00.

The total estimated construction cost for this work is \$4,000,000.00.

Scope of Services

The Architect's design development and construction documents phase scope of services will include the following:

1. Field verification of the items on the site.
2. Field measuring of the existing Lynn View Community Center with the creation of floor plans which identify the existing building materials and the locations of the asbestos in the facility. The asbestos report has previously been provided to the Architect for use as part of these documents.
3. Provide building and site demolition drawings of the items detailed above as part of this Phase 2 project.

4. Provide site drawings which will include rough grading plans based on the approved Schematic Design Phase 1 drawings.
5. Provide subsurface utility and retainage pond documents.
6. The Architect's geotechnical subconsultant will provide eight additional soil test borings due to the relocation of the school from the original location.
7. The Architect's environmental subconsultant will provide asbestos roof sampling and on-site consultation to confirm the locations where asbestos was identified in the original report.

The Architect's procurement phase services will include the items referenced in the AIA B101 Owner/Architect agreement for a competitive bidding process.

The Architect's construction contract administration phase services will include the items referenced in the AIA B101 Owner/Architect agreement for construction phase services.

Project Schedule

The schedule for this work will be the following:

Begin the design development phase	January 2026
Begin the construction documents phase	April 2026
Complete the construction documents phase	July 2026
Receive bids	August 2026
Begin construction	September 2026
Complete construction	July 2027

Assumptions and Exclusions

1. Project close-out documentation (record documents) are excluded.
2. Value Engineering (VE) of design during bidding or construction is excluded.
3. LEED or green design is excluded.
4. No cost of newspaper advertising is included.
5. Reimbursable expenses do not include the Fire Marshal's review fee. This will be billed separately.
6. No new building design drawings are included in these documents.
7. No final grading design drawings including new roadways and parking lots are included.
8. No work to the existing roads around the site.
9. No new playgrounds or other site items are included in this phase.
10. No new landscaping drawings are included in this phase.
11. New subsurface utility work will end at the approximate location of the final connections based on the current plans.
12. No additional cost estimates in this phase.
13. No construction phase testing or inspection services for the work completed in this phase.
