  - 3.1. Approval of Expenditures/Payroll for September 2023
4. Reports from Staff Members and Committees
  - 4.1. Facilities Committee
  - 4.2. Finance Committee
5. Administrator's written reports: Please review prior to the board meeting
6. Superintendent's comments:  
Construction Manager At Risk Update
  1. We hosted \_\_ construction companies on October 3. These companies came to an introductory meeting where the contractors gave an overview of the project and answered questions.
  2. Our first construction manager at risk committee meeting will be on October 30. During this meeting, committee members will review the paper submissions from all of the contracting companies interested in working on the Jr./Sr. high project.
    1. Depending on the number of contractors that submit for the job, the committee will eliminate all but 3 or 4 companies. The remaining companies will be interviewed by the committee in early November.
7. Meeting with Jr. High teaching Staff
  1. I had a information meeting with the Jr. high teaching staff concerning the Jr./Sr. High building project. The meeting went very well and they are enthusiastic about the project.
  2. I have also collected feedback from them, which I will share with the board once the comments are transferred from handwritten notes to an electronic document.
  3. I will be meeting with the Sr. high staff in the near future.
8. Rule 10 Review Process

1. McCook Public Schools is currently reviewing Rule 10 accreditation requirements. Following the review of Rule 10, the district will submit a compliance sheet with the Nebraska Department of Education.
  9. Commissioner's Superintendent Advisory Committee
    1. I have been selected to participate on the Commissioners superintendent advisory committee. The committee met for the first time in September and we discussed several pressing issues in the state.
      1. The state wide assessment. There is widespread angst with the current assessment system.
      2. The teacher shortage and staffing issues. Many schools are currently running without a full slate of teachers, which is causing teacher overload due to class sizes being pushed higher and higher.
      3. The issues related to teacher certification and the amount of time it takes for teachers to be approved to teach by the state.
      4. The school budgeting process and the legislative pressure that is being placed on school districts to help with "political agendas".
    10. School Improvement Update (a copy of the action plan is attached)
      1. Parent surveys are currently being disseminated.
      2. The action plan has been reviewed and some minor changes have been made.
      3. Discussed developments with the district's communications and how to share our action plan with all stakeholders.
    11. Safety Upgrade - Protective Window Coverings
      1. We have been in contact with a company that specializes in installing protective film on windows that prevents them from breaking apart if purposely vandalized. The film keeps the glass intact and makes it very difficult for someone to smash the glass to enter the building. The windows and doors have been measured, and we are now waiting for an estimate for the product and installation.
      2. It is my intent to apply for grant funds to pay for or help pay for this safety upgrade.
  12. Business Manager's Report/Comments
  13. Board member comments
  14. New Business
    - 14.1. Accept a donation from McCook National Bank for the Bison Debit cards, in the amount of \$2,099.30 with gratitude.
    - 14.2. Approve a student trip to FFA National Convention.
    - 14.3. Approve a student trip to the Dominican Republic.

The purpose of this trip is to allow students to engage with a different culture and to utilize their Spanish language skills.

6. Superintendent's comments

#### Jr. High Building Project

- Elements addressed in the design include building new classrooms and office spaces for grades 6-8, including all industrial arts classes and new or remodeled visual and performing arts classes. This will impact significant portions of the high school since Jr. High and Sr. High students share those classroom spaces. A new auditorium, and a new lunch room and commons area connecting the current high school and the new Jr. high building, which is necessary, since the current lunch room will be lost when the current Jr. High building is torn down. These changes will greatly enhance the academic environment and will also provide heightened security for students and staff at both the Jr. and Sr High buildings.
- The only existing portions of the current Jr. High that will be incorporated into the new building are the gymnasium and the section of the building housing the office space. The rest of the building will be demolished to make way for new construction or additional parking space.

#### Career Fairs

- Building and district level administrators will be partaking in teacher recruitment fairs during the first semester. While this practice is not completely new to us, the number of fairs we will be attending has greatly increased as more and more colleges offer fall career fairs. Traditionally, the college career fairs were held in the spring, but this has dramatically changed over the past several years as competition for certified teachers has become more and more competitive.

#### Safety Drills

- The District has completed their safety drills for the start of the school year. There are a number of drills that we have the students go through at different times of the year, and the start of our fall semester is the time when we have the students practice a large number of them.

#### Instructional Materials Adoption Cycle

- The District will be purchasing instructional materials for English language arts grades 6-12 and Science grades 9-12. The process of selecting the materials takes several months, so we will likely be making the purchase sometime during the spring semester.

**McCook School Board Report**  
**October 9, 2023**  
**Special Education Dept., John Hanson, Director**

- 1) Paraprofessional Trainings were held on 9/27/2023 for McCook and Central Elementary Paraeducators and 10/4/2023 for McCook Junior and Senior High Paraeducators. The topics included confidentiality and online resources regarding autism training and how to become a “highly qualified” paraeducator.
- 2) NDE has required all districts to complete information related to transition services for students with disabilities ages 14+ by 10/16/2023. The McCook High School Sped team will complete this work on 10/11/2023 with me.
- 3) We will hold a district wide SPED PLC meeting on 10/18/2023 regarding assistive technology...special guest speakers from the statewide Assistive Technology Partnership (ATP) as well as our own Technology Director Tina Williams, will be the main presenters.
- 4) A team of educators, including myself, will attend the annual state Multi Tiered System of Supports (MTSS) conference in Kearney October 12-13, 2023.
- 5) Assisting Mr. Gross with the completion of the annual SPED Final Financial Reimbursement report, in addition to completing all of the smaller ESU 15 districts reports to gain reimbursement for sped expenditures incurred during the 2022-23 school year. 80% reimbursement this year instead of the usual 42ish%!
- 6) Thank you to the following businesses for allowing some of our High School students in Mrs. Lynne Kinne’s Life Skills class gain some valuable job experience for school credit (unpaid): Bee Little Daycare at Hillcrest Daycare, McCook Elementary library, McCook Elementary cafeteria, and Gary’s Superfoods.
- 7) The annual NSCAS SPED/Reg. Ed Comparative Analysis has been completed. This is not a NDE requirement, it is just something I do to compare how our students with disabilities are performing on the state test compared to students without disabilities.

#### Central Elementary

- At CE, we don't have Accelerated Reader, but we've started a new program that I created. It's found at [bit.ly/cesmarter](http://bit.ly/cesmarter) and kids are writing book reviews for each book they read. We implemented DEAR time. Our book checkout numbers are up by 200+ from this time last year.
- Fall Festival is October 13, from 5-7PM. You're all more than welcome to attend! Food trucks, Axe throwing, Petting zoo, lots of games, and more!
- Central Starz has started up! Chess Club begins after conferences.
- Mrs. Brown's (5th Reading) golf team is headed to state! Mr Gillen's (5th Math) softball is headed to Districts as of writing this. We have a lot of teachers that coach at Central. They do a great job of juggling their coaching responsibilities and teaching kids every day.
- We are just beginning to plan for our Veteran's Breakfast on November 10.

#### Curriculum

- 6-12 ELA Textbook Adoption:
  - We are compiling some needs/wants for 6-12 teachers and getting samples in to meet those needs.
  - Many textbook companies are now giving just digital access to review and that makes it a bit hard
  - Many of our teachers want novels and short stories to supplement what they are currently doing.
- We are sending 9 teachers to Cheyenne, Wyoming this week for a PLC Institute.

Our international teachers are now operating under conditional certificates. Taylor Rhoades and Julie Cuelar have been very helpful in supporting our new teachers. We will be scaling back the supports in their rooms over the coming month, but will make sure to be proactive in having administration in the rooms to continue to monitor their growth. We will continue to work with the teachers and the NDE to help them become fully certified teachers.

Homecoming was a fun event.

Connect the Dots was held on September 27th. It was a useful day for students to think about their future, and how to get to their preferred career.

We will have around 50 students attending the O' Pioneers play on October 17th at the Fox.

We will have our annual Band and Choir concerts coming up at the end of the month.

# Jr. High Project Feedback Form

Group Number: 1, 2, 3

Please use the following questions to guide your discussion.

What are your groups overall thoughts on the building project?

- 1) Like how it ties into the HS & Build of of it.
- 2) Incorporation of old gym to save money.
- 3) Definitely a need!
- 4) Possibly sold as "community project."
- 5) Security of tying buildings together - safety -
- 6) Parking availability.
- 7) Additional Arts spaces - Arts activities to town (comm).
- 8) Good stacked concept.
- 9) Auditorium a must.
- 10) Very needed project - function & safety.
- 11) Time and effort placed to project is amazing.
- 12) Will meet our needs for 80-100 years.
- 13) Looked at the arts, ag, special ed.
- 14) Excited.

What are the building project's perceived strengths?

- 1) Infrastructure - the improvement of HVAC, plumbing, sewer, etc...
- 2) Openness to exterior, outer appearance, simple design but pleasing to the eye.
- 3) room sizes.
- 4) tying the H.S. to the J.H. well.
- 5) Like the better bus parking.
- 6) Parking lot a great location & size.
- 7) Safety/connected building.
- 8) Industrial & fine arts program.
- 9) Will meet our current/future needs.
- 10) Tremendous community input.
- 11) Facilitates needs for ALL learners.
- 12) Awning for weather if kids come early.

What are the building project's perceived weaknesses?

- 1) Concern if building large enough.
- 2) Tying into H.S. - comparing the outer appearance between the two.
- 3) no other competition gym - Not guaranteed to get Y proposal - a lot of money involved.
- 4) J.H. & H.S. students intermixed in welding, etc. - not together.
- 5) Interest *rates* being high right now.
- 6) A new gym? Why do we use the old YMCA?
- 7) Flip flop high school - junior high gym.
- 8) Traffic flow study.
- 9) It would be great to have the entire elementary classes 100 year full campus plan.
- 9) Storage room/spaces (custodial/office).
- 10) A lot of glass-safety - tint or 3m product.
- 11) Storage for sports equipment (P.E. dept).
- 12) Cost.
- 13) Community buy in.
- 14) Entrances for each grades (mixing of grades).
- 15) unsupervised "hangout" (bigger issue than building design)

What can be done to address the projects' weaknesses?

- 1) Cost banking on Y project.
- 2) refinance in a few years.
- 3) Elementary bond ending this year.
- 4) Graduation room?
- 5) YMCA or not YMCA - What happens if it doesn't go?
- 5) Physical tours.
- 6) Show flaws to public (Gazette, YouTube, tours, social media).
- 7) During basketball season-have plans.

What other feedback do you have that will help move the project forward?

- 1) Community needs to hear from staff here @ J.H. - voices heard by those affected by this
- 2) Something @ each school.
- 3) *show* How this benefits low income families.
- 4) Change the name *of project* to McCook Public Schools from McCook Jr. High Remodel.
- 5) On the right track.
- 6) Reach out to Senior Center.
- 7) Community sees building = attendance.
- 8) Receive input form Ag community.
- 8) Where to start Physical tours of building, Youtube channel, \*Show flaws in paper.
- 9) Bike racks

# Action Plan

This is a living document.

Most Recent Review 8-14-2023

District Overarching Goal: McCook Public Schools will focus teacher and staff development on the processes and procedures necessary to implement a high-functioning professional learning community (PLC), which collaborates regularly on developing and improving curriculum, assessments, teaching and instruction, and intervention.

## District Goal:

The school improvement goal of the district is to directly and significantly impact student learning through the implementation of a comprehensive instructional program approach focused on high-quality teacher training, collaboration, curriculum development, assessment development, and multi-tiered student learning support structures.

## Action Plan Mission:

The mission of this plan is to appropriately prepare MPS staff to work as a collaborative community that is capable of equipping all students to succeed in a complex global society and is focused on enabling all students to master a guaranteed and viable curriculum that has been deemed essential for success in school and in life.

## Strategy/Intervention:

Work collaboratively to...

- 1) Identify the essential learning objectives that all students are to master.
- 2) Arrange the essential learning objectives in a proper scope and sequence.
- 3) Develop criterion-referenced tests (CRTs) to measure student mastery of all essential learning objectives
  - \* These should be considered interim or benchmark assessments.
- 4) Design high-clarity instruction that enables students to successfully demonstrate mastery of all essential learning objectives.
  - \* The lesson plan design is based on Madeline Hunter's 7-step direct instruction lesson plan design.
- 5) Develop formative assessments that provide the teacher and student with information concerning the students' progress toward mastery of individual essential learning objectives.
  - \* To include formal and informal checks for understanding.
- 6) Assess students for mastery of essential learning objectives via CRT scores (80% or higher).
- 7) Plan and implement interventions or remediation for students who do not demonstrate mastery of essential learning objectives.
  - \* Rtl which uses multi-tiered systems of support to enable students to master essential learning objectives.
- 8) Assign necessary staff to essential professional development trainings.

## District staff will understand...

the necessary components of a successful professional learning community and productive collaboration.

how to implement multi-tiered systems of support to improve learning for all students.

how to design quality lesson plans the utilize research based instructional practice.

how to develop and interpret high quality assessments.
