84-1408. Declaration of intent; meetings open to public.

It is hereby declared to be the policy of this state that the formation of public policy is public business and may not be conducted in secret.

Every meeting of a public body shall be open to the public in order that citizens may exercise their democratic privilege of attending and speaking at meetings of public bodies, except as otherwise provided by the Constitution of Nebraska, federal statutes, and the Open Meetings Act.

Annotations

- Nebraska's public meetings laws do not apply to school board deliberations pertaining solely to disputed adjudicative facts. McQuinn v. Douglas Cty. Sch. Dist. No. 66, 259 Neb. 720, 612 N.W.2d 198 (2000).
- The primary purpose of the public meetings law is to ensure that public policy is formulated at open meetings. Marks v. Judicial Nominating Comm., 236 Neb. 429, 461 N.W.2d 551 (1990).
- The public meetings law is broadly interpreted and liberally construed to obtain the objective of openness in favor of the public, and provisions permitting closed sessions must be narrowly and strictly construed. Grein v. Board of Education of Fremont, 216 Neb. 158, 343 N.W.2d 718 (1984).
- Although a committee was a subcommittee of a natural resources district board, it was not subject to the Open Meetings Act because there was never a quorum of board members in attendance and the committee did not hold hearings, make policy, or take formal action on behalf of the board. Koch v. Lower Loup NRD, 27 Neb. App. 301, 931 N.W.2d 160 (2019).
- A county board of equalization is a public body whose meetings shall be open to the public. Wolf v. Grubbs, 17 Neb. App. 292, 759 N.W.2d 499 (2009).

84-1409. Terms, defined.

For purposes of the Open Meetings Act, unless the context otherwise requires:

(1)(a) Public body means (i) governing bodies of all political subdivisions of the State of Nebraska, (ii) governing bodies of all agencies, created by the Constitution of Nebraska, statute, or otherwise pursuant to law, of the executive department of the State of Nebraska, (iii) all independent boards, commissions, bureaus, committees, councils, subunits, or any other bodies created by the Constitution of Nebraska, statute, or otherwise pursuant to law, (iv) all study or advisory committees of the executive department of the State of Nebraska whether having continuing existence or appointed as special committees with limited existence, (v) advisory committees of the bodies referred to in subdivisions (i), (ii), and (iii) of this subdivision, and (vi) instrumentalities exercising essentially public functions; and

(b) Public body does not include (i) subcommittees of such bodies unless a quorum of the public body attends a subcommittee meeting or unless such subcommittees are holding hearings, making policy, or taking formal action on behalf of their parent body, except that all meetings of any subcommittee established under section 81-15,175 are subject to the Open Meetings Act, (ii) entities conducting judicial proceedings unless a court or other judicial body is exercising rulemaking authority, deliberating, or deciding upon the issuance of administrative orders, and (iii) the Judicial Resources Commission or subcommittees or subgroups of the commission;

(2) Meeting means all regular, special, or called meetings, formal or informal, of any public body for the purposes of briefing, discussion of public business, formation of tentative policy, or the taking of any action of the public body; and

(3) Virtual conferencing means conducting or participating in a meeting electronically or telephonically with interaction among the participants subject to subsection (2) of section 84-1412.

Annotations

- A township is a political subdivision, and as such, a township board is subject to the provisions of the public meetings laws. Steenblock v. Elkhorn Township Bd., 245 Neb. 722, 515 N.W.2d 128 (1994).
- A county agricultural society is a public body to which the provisions of the Nebraska public meetings law are applicable. Nixon v. Madison Co. Ag. Soc'y, 217 Neb. 37, 348 N.W.2d 119 (1984).
- Failure by a public governing body, as defined under section 84-1409, R.R.S.1943, to take and record a roll call vote on an action, as required by section 84-1413(2), R.S.Supp.,1980, grants any citizen the right to sue for the purpose of

having the action declared void. In this case such failure could not be later corrected by a nunc pro tunc order because there was no showing that a roll call vote on the disputed action was actually taken, and even if it was the record showed it was not recorded until over a year later. Sections 23-1301, R.R.S.1943, and 23-1302, R.R.S.1943, make it the duty of the county clerk to record proceedings of the board of county commissioners. State ex rel. Schuler v. Dunbar, 208 Neb. 69, 302 N.W.2d 674 (1981).

- Although a committee was a subcommittee of a natural resources district board, it was not subject to the Open Meetings Act because there was never a quorum of board members in attendance and the committee did not hold hearings, make policy, or take formal action on behalf of the board. Koch v. Lower Loup NRD, 27 Neb. App. 301, 931 N.W.2d 160 (2019).
- Although the Open Meetings Act does not define "subcommittee," a subcommittee is generally defined as a group within a committee to which the committee may refer business. Koch v. Lower Loup NRD, 27 Neb. App. 301, 931 N.W.2d 160 (2019).
- The Open Meetings Act does not require policymakers to remain ignorant of the issues they must decide until the moment the public is invited to comment on a proposed policy. By excluding nonquorum subgroups from the definition of a public body, the Legislature has balanced the public's need to be heard on matters of public policy with a practical accommodation for a public body's need for information to conduct business. Koch v. Lower Loup NRD, 27 Neb. App. 301, 931 N.W.2d 160 (2019).
- As an administrative agency of the county, a county board of equalization is a public body. Wolf v. Grubbs, 17 Neb. App. 292, 759 N.W.2d 499 (2009).
- The electors of a township at their annual meeting are a public body under the Open Meetings Act. State ex rel. Newman v. Columbus Township Bd., 15 Neb. App. 656, 735 N.W.2d 399 (2007).
- The meeting at issue in this case was a "meeting" within the parameters of subsection (2) of this section because it involved the discussion of public business, the formation of tentative policy, or the taking of any action of the public power district. Hansmeyer v. Nebraska Pub. Power Dist., 6 Neb. App. 889, 578 N.W.2d 476 (1998).
- Informational sessions in which the governmental body hears reports are briefings. Johnson v. Nebraska Environmental Control Council, 2 Neb. App. 263, 509 N.W.2d 21 (1993).

84-1410. Closed session; when; purpose; reasons listed; procedure; right to challenge; prohibited acts; chance meetings, conventions, or workshops.

(1) Any public body may hold a closed session by the affirmative vote of a majority of its voting members if a closed session is clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual and if such individual has not requested a public meeting. The subject matter and the reason necessitating the closed session shall be identified in the motion to close. Closed sessions may be held for, but shall not be limited to, such reasons as:

(a) Strategy sessions with respect to collective bargaining, real estate purchases, pending litigation, or litigation which is imminent as evidenced by communication of a claim or threat of litigation to or by the public body;

(b) Discussion regarding deployment of security personnel or devices;

(c) Investigative proceedings regarding allegations of criminal misconduct;

(d) Evaluation of the job performance of a person when necessary to prevent needless injury to the reputation of a person and if such person has not requested a public meeting;

(e) For the Community Trust created under section 81-1801.02, discussion regarding the amounts to be paid to individuals who have suffered from a tragedy of violence or natural disaster; or

(f) For public hospitals, governing board peer review activities, professional review activities, review and discussion of medical staff investigations or disciplinary actions, and any strategy session concerning transactional negotiations with any referral source that is required by federal law to be conducted at arms length.

Nothing in this section shall permit a closed meeting for discussion of the appointment or election of a new member to any public body.

(2) The vote to hold a closed session shall be taken in open session. The entire motion, the vote of each member on the question of holding a closed session, and the time when the closed session commenced and concluded shall be recorded in the minutes. If the motion to close passes, then the presiding officer immediately prior to the closed session shall restate on the record the limitation of the subject matter of the closed session. The public body holding such a closed session shall restrict its consideration of matters during the closed portions to only those purposes set forth in the motion to close as the reason for the closed session. The meeting shall be reconvened in open session before any formal action may be taken. For purposes of this section, formal action shall mean a collective decision or a collective commitment or promise to make a decision on any question, motion, proposal, resolution, order, or ordinance or formation of a position or policy but shall not include negotiating guidance given by members of the public body to legal counsel or other negotiators in closed sessions authorized under subdivision (1)(a) of this section.

(3) Any member of any public body shall have the right to challenge the continuation of a closed session if the member determines that the session has exceeded the reason stated in the original motion to hold a closed session or if the member contends that the closed session is neither clearly necessary for (a) the protection of the public interest or (b) the prevention of needless injury to the reputation of an individual. Such challenge shall be overruled only by a majority vote of the members of the public body. Such challenge and its disposition shall be recorded in the minutes.

(4) Nothing in this section shall be construed to require that any meeting be closed to the public. No person or public body shall fail to invite a portion of its members to a meeting, and no public body shall designate itself a subcommittee of the whole body for the purpose of circumventing the Open Meetings Act. No closed session, informal meeting, chance meeting, social gathering, email, fax, or other electronic communication shall be used for the purpose of circumventing the requirements of the act.

(5) The act does not apply to chance meetings or to attendance at or travel to conventions or workshops of members of a public body at which there is no meeting of the body then intentionally convened, if there is no vote or other action taken regarding any matter over which the public body has supervision, control, jurisdiction, or advisory power.

- True notice of a meeting is not given by burying such in the minutes of a prior board proceeding. Wolf v. Grubbs, 17 Neb. App. 292, 759 N.W.2d 499 (2009).
- An agenda notice which merely stated "work order reports" was an inadequate notice under this section because it did not give interested persons knowledge that plans for a 345 kv transmission line through the district was going to be discussed and voted upon at the meeting. Inadequate agenda notice under this section meant there was a substantial violation of the public meeting laws; however, later actions by the board of directors cured the defects in notice, and such actions were in substantial compliance with the statute. Hansmeyer v. Nebraska Pub. Power Dist., 6 Neb. App. 889, 578 N.W.2d 476 (1998).

84-1412. Meetings of public body; rights of public; public body; powers and duties.

(1) Subject to the Open Meetings Act, the public has the right to attend and the right to speak at meetings of public bodies, and all or any part of a meeting of a public body, except for closed sessions called pursuant to section 84-1410, may be videotaped, televised, photographed, broadcast, or recorded by any person in attendance by means of a tape recorder, a camera, video equipment, or any other means of pictorial or sonic reproduction or in writing.

(2) It shall not be a violation of subsection (1) of this section for any public body to make and enforce reasonable rules and regulations regarding the conduct of persons attending, speaking at, videotaping, televising, photographing, broadcasting, or recording its meetings, including meetings held by virtual conferencing. A body may not be required to allow citizens to speak at each meeting, but it may not forbid public participation at all meetings.

(3) No public body shall require members of the public to identify themselves as a condition for admission to the meeting nor shall such body require that the name of any member of the public be placed on the agenda prior to such meeting in order to speak about items on the agenda. The body shall require any member of the public desiring to address the body to identify himself or herself, including an address and the name of any organization represented by such person unless the address requirement is waived to protect the security of the individual.

(4) No public body shall, for the purpose of circumventing the Open Meetings Act, hold a meeting in a place known by the body to be too small to accommodate the anticipated audience.

(5) No public body shall be deemed in violation of this section if it holds its meeting in its traditional meeting place which is located in this state.

(6) No public body shall be deemed in violation of this section if it holds a meeting outside of this state if, but only if:

(a) A member entity of the public body is located outside of this state and the meeting is in that member's jurisdiction;

(b) All out-of-state locations identified in the notice are located within public buildings used by members of the entity or at a place which will accommodate the anticipated audience;

(c) Reasonable arrangements are made to accommodate the public's right to attend, hear, and speak at the meeting, including making virtual conferencing available at an instate location to members, the public, or the press, if requested twenty-four hours in advance;

(d) No more than twenty-five percent of the public body's meetings in a calendar year are held out-of-state;

(e) Out-of-state meetings are not used to circumvent any of the public government purposes established in the Open Meetings Act; and

(f) The public body publishes notice of the out-of-state meeting at least twenty-one days before the date of the meeting in a legal newspaper of statewide circulation.

(7) Each public body shall, upon request, make a reasonable effort to accommodate the public's right to hear the discussion and testimony presented at a meeting.

(8) Public bodies shall make available at the meeting or the instate location for virtual conferencing as required by subdivision (6)(c) of this section, for examination and copying by members of the public, at least one copy of all reproducible written material to be discussed at an open meeting, either in paper or electronic form. Public bodies shall make available at least one current copy of the Open Meetings Act posted in the meeting room at a location accessible to members of the public. At the beginning of the meeting, the public shall be informed about the location of the posted information.

Annotations

- To preserve an objection that a public body failed to make documents available at a public meeting as required by subsection (8) of this section, a person who attends a public meeting must not only object to the violation, but must make that objection to the public body or to a member of the public body. Stoetzel & Sons v. City of Hastings, 265 Neb. 637, 658 N.W.2d 636 (2003).

84-1413. Meetings; minutes; roll call vote; secret ballot; when; agenda and minutes; required on website; when.

(1) Each public body shall keep minutes of all meetings showing the time, place, members present and absent, and the substance of all matters discussed.

(2) Any action taken on any question or motion duly moved and seconded shall be by roll call vote of the public body in open session, and the record shall state how each member voted or if the member was absent or not voting. The requirements of a roll call or viva voce vote shall be satisfied by a public body which utilizes an electronic voting device which allows the yeas and nays of each member of such public body to be readily seen by the public.

(3) The vote to elect leadership within a public body may be taken by secret ballot, but the total number of votes for each candidate shall be recorded in the minutes.

(4) The minutes of all meetings and evidence and documentation received or disclosed in open session shall be public records and open to public inspection during normal business hours.

(5) Minutes shall be written or kept as an electronic record and shall be available for inspection within ten working days or prior to the next convened meeting, whichever occurs

earlier, except that cities of the second class and villages may have an additional ten working days if the employee responsible for writing or keeping the minutes is absent due to a serious illness or emergency.

(6) Beginning July 31, 2022, the governing body of a natural resources district, the city council of a city of the metropolitan class, the city council of a city of the primary class, the city council of a city of the first class, the county board of a county with a population greater than twenty-five thousand inhabitants, and the school board of a school district shall make available on such entity's public website the agenda and minutes of any meeting of the governing body. The agenda shall be placed on the website at least twenty-four hours before the meeting of the governing body. Minutes shall be placed on the website at such time as the minutes are available for inspection as provided in subsection (5) of this section. This information shall be available on the public website for at least six months.

Annotations

- If a person present at a meeting observes and fails to object to an alleged public meetings laws violation in the form of a failure to conduct rollcall votes before taking actions on questions or motions pending, that person waives his or her right to object at a later date. Hauser v. Nebraska Police Stds. Adv. Council, 264 Neb. 944, 653 N.W.2d 240 (2002).
- Subsection (2) of this section does not require the record to state that the vote was by roll call, but requires only that the record show if and how each member voted. Neither does the statute set a time limit for recording the results of a vote, after which no corrections of the record can be made. If no intervening rights of third persons have arisen, a board of county commissioners has power to correct the record of the proceedings had at a previous meeting so as to make them speak the truth, particularly where the correction supplies some omitted fact or action and is done not to contradict or change the original record but to have the record show that a certain action was taken or thing done, which the original record fails to show. State ex rel. Schuler v. Dunbar, 214 Neb. 85, 333 N.W.2d 652 (1983).
- Failure by a public governing body, as defined under section 84-1409, R.R.S.1943, to take and record a roll call vote on an action, as required by section 84-1413(2), R.S.Supp.,1980, grants any citizen the right to sue for the purpose of having the action declared void. In this case such failure could not be later corrected by a nunc pro tunc order because there was no showing that a roll call vote on the disputed action was actually taken, and even if it was the record showed it was not recorded until over a year later. Sections 23-1301, R.R.S.1943,

and 23-1302, R.R.S.1943, make it the duty of the county clerk to record proceedings of the board of county commissioners. State ex rel. Schuler v. Dunbar, 208 Neb. 69, 302 N.W.2d 674 (1981).

- There is no requirement that a public body make a record of where notice was published or posted. Wolf v. Grubbs, 17 Neb. App. 292, 759 N.W.2d 499 (2009).

84-1414. Unlawful action by public body; declared void or voidable by district court; when; duty to enforce open meeting laws; citizen's suit; procedure; violations; penalties.

(1) Any motion, resolution, rule, regulation, ordinance, or formal action of a public body made or taken in violation of the Open Meetings Act shall be declared void by the district court if the suit is commenced within one hundred twenty days of the meeting of the public body at which the alleged violation occurred. Any motion, resolution, rule, regulation, ordinance, or formal action of a public body made or taken in substantial violation of the Open Meetings Act shall be voidable by the district court if the suit is commenced more than one hundred twenty days after but within one year of the meeting of the public body in which the alleged violation occurred. A suit to void any final action shall be commenced within one year of the action.

(2) The Attorney General and the county attorney of the county in which the public body ordinarily meets shall enforce the Open Meetings Act.

(3) Any citizen of this state may commence a suit in the district court of the county in which the public body ordinarily meets or in which the plaintiff resides for the purpose of requiring compliance with or preventing violations of the Open Meetings Act, for the purpose of declaring an action of a public body void, or for the purpose of determining the applicability of the act to discussions or decisions of the public body. It shall not be a defense that the citizen attended the meeting and failed to object at such time. The court may order payment of reasonable attorney's fees and court costs to a successful plaintiff in a suit brought under this section.

(4) Any member of a public body who knowingly violates or conspires to violate or who attends or remains at a meeting knowing that the public body is in violation of any provision of the Open Meetings Act shall be guilty of a Class IV misdemeanor for a first offense and a Class III misdemeanor for a second or subsequent offense.

Annotations

- The Legislature has granted standing to a broad scope of its citizens for the very limited purpose of challenging meetings allegedly in violation of the Open Meetings Act, so that they may help police the public policy embodied by the act. Schauer v. Grooms, 280 Neb. 426, 786 N.W.2d 909 (2010).

- Any citizen of the state may commence an action to declare a public body's action void. City of Elkhorn v. City of Omaha, 272 Neb. 867, 725 N.W.2d 792 (2007).
- The reading of ordinances constitutes a formal action under subsection (1) of this section. City of Elkhorn v. City of Omaha, 272 Neb. 867, 725 N.W.2d 792 (2007).
- If a person present at a meeting observes a public meetings law violation in the form of an improper closed session and fails to object, that person waives his or her right to object at a later date. Wasikowski v. Nebraska Quality Jobs Bd., 264 Neb. 403, 648 N.W.2d 756 (2002).
- Under the Public Meetings Act, a county lacks capacity to maintain an action to declare its official conduct "void" for noncompliance with the act. County of York v. Johnson, 230 Neb. 403, 432 N.W.2d 215 (1988).
- When a petitioner under this section is successful in the district court, that court may allow attorney fees. Tracy Corp. II v. Nebraska Pub. Serv. Comm., 218 Neb. 900, 360 N.W.2d 485 (1984).
- Informal discussions between the Tax Commissioner and the State Board of Equalization in which instructions were clarified, with such clarification leading to the amendment of hearing notices, did not constitute a public meeting subject to the provisions of this section. Box Butte County v. State Board of Equalization and Assessment, 206 Neb. 696, 295 N.W.2d 670 (1980).
- The right to collaterally attack an order made in contravention of the Public Meeting Act must occur within a period of one year as is specifically provided by this section. Witt v. School District No. 70, 202 Neb. 63, 273 N.W.2d 669 (1979).
- Statutory change, requiring "publicized notice" for board of education employment hearings, occurring between dates meeting scheduled and conducted, held not to void proceedings. Alexander v. School Dist. No. 17, 197 Neb. 251, 248 N.W.2d 335 (1976).
- Voiding an entire meeting is a proper remedy for violations of the Open Meetings Act. Once a meeting has been declared void pursuant to Nebraska's public meetings law, board members are prohibited from considering any information obtained at the illegal meeting. Wolf v. Grubbs, 17 Neb. App. 292, 759 N.W.2d 499 (2009).
- Actions by the board of directors were merely voidable under this section, and not void. Pursuant to subsection (3) of this section, the plaintiffs were awarded partial attorney fees because they were successful in having the court declare that the board of directors was in substantial violation of the statute, even though the plaintiffs did not get the relief requested of having the board's actions declared void. Hansmeyer v. Nebraska Pub. Power Dist., 6 Neb. App. 889, 578 N.W.2d 476 (1998).

ORGANIZATION

Chain of Command:
Channels of communication and authority have been established to assist the school system – **see Board Policy 301.04**.

Board of Education:
The Board of Education is the legal body vested with the final authority in all school matters as delegated by the Nebraska State Legislature. The Board of Education has established a set of policies and has provided authority in the office of the superintendent to carry out these policies and to manage the school system.

The Superintendent:
The Superintendent is the official spokesperson for the Board of Education and in turn represents the teachers to the Board. It is necessary that all matters concerning school business from school personnel be routed through the superintendent's office. If at any time, any teacher believes that s/he is not being fairly represented, grievance procedures are found in the negotiated agreement.

Director of Curriculum, Instruction, & Assessment:
This position coordinates the curriculum, instruction, assessment, professional development and school improvement activities of the district.

Director of Business and Operations:
This position oversees the business operations and works closely with the superintendent to manage and monitor the budget. The position also manages and oversees all building and site operations.

Director of Special Programs:
This position oversees communication, onboarding of staff, immigration and visa processing, and other duties as assigned by the superintendent.

Director of Special Education:
This position oversees all special education programs, budgetary needs and requirements related to special education, and works closely with the principals on staffing and program needs.

PreK-12 Principal:
The building principal is the teachers' immediate supervisor and is responsible to the superintendent for all educational functions within the school. The principal welcomes your ideas and suggestions. The staff shall seek approval for instructional/budget requests, activities, projects, and dates with the principal/AA.

PreK-12 Assistant Principal / 6-12 Activities Director
The assistant building principal is the teacher's immediate supervisor for responsibilities designated by the building principal and in the absence of the principal.

- The A.D. is responsible for the coordination of 9-12 co-curricular activities. S/He will approve activity budget requests, athletic scheduling, and will be the district's designated representative at co-curricular activities. Other responsibilities will be designated by the principal/superintendent.
- The A.D. is responsible for the coordination of K-8 co-curricular/youth activities. S/He will approve activity budget requests, athletic scheduling, and will be the district's designated representative at co-curricular/youth activities. Other responsibilities will be designated by the principal/superintendent.

PreK-12 Coordinators:
Technology Coordinator, Facilities Coordinator and Food Service Coordinator have been created to coordinate efforts in the areas of technology, facilities, and food service. When the staff has issues related to these positions, the coordinator should be the person that is contacted.

Head Teachers:
These people take on the responsibilities of the day to day operations of a school in the absence of a building principal. They are located at Preschool.

Faculty:
Faculty members are responsible for providing instruction and sponsorship supervision directly for students. Faculty members are the direct link between home and school. Each student you educate becomes a public communicator for our school. The faculty is to establish effective working relationships with students, parents, other faculty members, support staff, and administrators.

Support Staff:

District employees including bus drivers, food service, custodians, school nurse, para-educators, and administrative assistants have been employed to assist in student education. The support staff - as well as all employees of the district - are hired to benefit student learning.

We are as good as our people!

PERSONNEL PRACTICES

The monthly paycheck:
Your paycheck will be available on or before the 20th of each month. We use direct deposit for payroll. The central office business manager will make notification regarding retirement, withholding, social security, and benefits.

403b option:
Staff members have the option of a payroll deduction to place money in a 403b account.

Teaching certificates and official college transcripts:
Your teaching certificate must be registered with the superintendent prior to receiving pay. A copy of a teacher's teaching certificate must be on file in the District 19-0123, Schuyler Community Schools Central Office.

Official college transcripts must be on file in the central office for accreditation purposes and for movement on the salary schedule.

Accidental injury and worker's compensation:
A school time insurance program including an accidental injury policy is available. All staff are covered by worker's compensation insurance. Report any school-connected injury to the building nurse or immediate supervisor. Ask the central office business manager for additional information. When returning from a medical leave of absence resulting from an accident or long-term illness, a release to return to work note from the doctor is required.

Leaving the building:
All building level staff are required to sign out from the principal's office when leaving the school during school hours for any purpose. The public expects educators to be working with students and planning during the school day. Please keep time away from students and the building to a minimum when not on school business.

Maintenance Staff: Make every effort to cooperate with the custodians. Requests of the maintenance staff regarding classrooms, activity areas, or playing fields, should be directed to the building level principals. It is not possible for custodians to meet all requests at the same time. Provide accurate, timely reports and requests to maintenance staff so they may complete their assigned responsibilities. Please leave rooms in an orderly fashion each evening with shades lowered, windows closed and locked, paper and litter removed from the floor, desks cleared of paper, student's desks properly arranged, and lights turned off. Help keep the building clean. Report in writing, any broken furniture or equipment needing repair. These reports should be given to the building principals.

Alcohol/Drug, No Tobacco Use Resolution:
A No Tobacco Use resolution has been approved by the Board of Education, which prohibits tobacco use in the Schuyler Community School buildings. There are no authorized tobacco use areas for staff. All staff members are to sign appropriate documentation. (Appendix)

STAFF APPEARANCE CODE:
The staff is expected to dress in a way that is appropriate for a school setting when on duty. No code can be written that will address all of the styles, trends and designs in clothing, jewelry and tattoos. School administration – more specifically the building principal(s) – reserves the right to make decisions about the appropriateness of staff appearance. Examples of inappropriate appearance would include:

- Clothing that shows an inappropriate amount of bare skin (midriff, legs, cleavage) and underarm and chest hair. Visible undergarments.
- Anything that is not appropriate for students is not appropriate for faculty.

Jeans and sweats are not considered appropriate dress unless an educator is involved with projects/activities in physical education, agriculture education, industrial technology classes, etc. Jeans may also be worn for special days and events. Special days and events are designated by the building principal.

District wide pre-service and in-service days are duty days. Appropriate appearance is expected (refer to above discussion) unless otherwise announced. Staff appearance at building level pre-service and in-service events is left to the discretion of the building

principal(s).

If a staff member's appearance fails to meet the district code - as determined by the building principal(s) - the staff member will be asked to change clothing, permanently adjust clothing, remove piercings, or cover tattoos.

It is extremely difficult to create a list of clothing that is considered "not appropriate" for staff to wear while on school duty. Thus the following list of inappropriate clothing is intended to give staff members a baseline standard for dress.

- Jeans, bib overalls
- Sweat suits, exercise pants, spandex
- Shorts
- Spaghetti straps
- Tops that reveal the midriff and inappropriate cleavage
- Halter tops, muscle shirts,
- Dresses, skirts that are more than 4 inches above the knee
- Pants that bag too low around the waist
- Beach type flip flops, slippers
- Clothing that is overly faded, tearing, ragged and fraying
- Hats inside the building

Staff/Faculty Work Room:
Use this room to assist in preparing for your classes. Please keep the room clean and orderly. Students are not permitted in the workroom.

RECEIPTS/PURCHASE ORDERS AND ACTIVITY ACCOUNTS

RECEIPTS: Any monies collected need to be counted and recorded on the Schuyler Receipt Form (located on the school website). Please put your deposit in an envelope with your name on the outside and turn it into your building's office or activity director's assistant with the Schuyler Receipt Form attached. No money is to be brought to the District office, kept in personal spaces or taken home.

REQUISITIONS: SUBMIT ALL REQUISITIONS TO YOUR BUILDING PRINCIPAL via WebLink. All requisitions are to be filled out completely and approved before anything will be ordered, or conference or hotel reservations made. A requisition is required and can be filled out using WebLink (link is located on our website). Employees need to log into Weblink, create a requisition entry, fill out a form and submit. Requisitions are used by Activity Directors for paying officials. Any requisition above $500 needs to be approved by the superintendent.

- The following exceptions exist to above requisition procedures
    - The Director of Curriculum, Instruction, and Assessment will take the place of the building principal on all purchases involving textbooks and other such curriculum related purchases. The Director of Curriculum, Instruction, and Assessment will take the place of the building principal on the approval of all staff development activities.
    - The technology coordinator will take the place of the building principal on all purchases involving computer hardware. After the "initial" approval, all purchase orders must receive a final signature from the Superintendent. All purchase orders will receive a purchase order number from the Superintendent. All phone, fax or email orders will be placed by the District activity fund manager/purchaser.

Student Supervision and Shared Responsibility

Student Supervision:
All staff members share responsibility for the supervision, safety, and well-being of every student. No student is the sole responsibility of any one teacher; rather, maintaining a safe, orderly, and positive learning environment requires the collective efforts of the entire school staff. Consistency in expectations, supervision practices, and disciplinary responses is essential to promoting student success and maintaining a positive school climate.

Supporting, supervising, and engaging students should be a priority for all staff members. Classroom teachers are responsible for providing meaningful learning experiences while maintaining appropriate supervision of the students assigned to their care. However, student supervision extends beyond the classroom and is a shared responsibility throughout the school day.

Staff members are expected to be present and actively supervising students whenever students are under their responsibility. Classrooms, activity groups, assemblies, school functions, hallways, common areas, and other student gatherings should not be left unattended. During assemblies, activities, transitions, and other school-sponsored events, all staff members present are expected to actively monitor student behavior and address concerns promptly and appropriately.

During class periods and supervision assignments, staff members are expected to remain in their designated areas and focus on student supervision. It is not appropriate for staff members to be in the faculty workroom or other non-supervisory areas when they are assigned to supervise students.

If it becomes necessary to leave an assigned area, arrangements must be made in advance with the principal or another staff member to ensure continuous supervision. Maintaining adequate supervision is essential to student safety, positive behavior, and the overall effectiveness of the educational environment. Staff members should take every reasonable precaution to ensure that students are appropriately supervised at all times.

Classroom Maintenance:
Teachers share responsibility for maintaining a clean, safe, and respectful learning environment throughout the school. Staff should help ensure that tables, chairs, walls, floors, and other school property are treated appropriately and remain in good condition.

When food or beverages are permitted, teachers are expected to ensure that any spills, litter, or other messes are cleaned up promptly to maintain a safe and orderly environment. Students should also be reminded to use school furniture properly, including refraining from sitting or standing on the tops of desks and tables, in order to prevent damage and reduce the risk of injury.

STUDENT MEETINGS AND SPONSORSHIPS

No official business may be conducted by any student group or organization without the presence of the organization's sponsor. Sponsors are appointed by the administration and are responsible for supervising students during all school-related activities.

Students may not participate in a school activity in any school building unless a sponsor or approved supervisor is present. The sponsor must remain with the students until all supervised students have left the building. After returning from out-of-town events, sponsors are expected to ensure that students leave school safely and have appropriate transportation or supervision. For students who are not old enough to drive, this generally means leaving with a responsible adult, preferably a parent or guardian.

Sponsors are also responsible for securing the building after the activity. This includes ensuring that all lights are turned off and that all doors and windows are properly locked. This responsibility may not be delegated to student managers or other students. Under no circumstances may teachers' keys be given to students. Additional procedures are outlined in the coaches' manual. These guidelines will be reviewed by the Activities Director.

MISCELLANEOUS

Acceptable Use of Technology:
Staff members are expected to adhere to all policies and regulations in regard to computer and technology usage. Please see Board Policy:

The only exception is for family members. Staff members should not establish personal social media connections with students until after the student has graduated.

When communicating with students for educational or extracurricular purposes, staff members should use District-approved communication platforms whenever possible. All communications must be professional, school-related, and consistent with Board Policy 4043 and other District policies governing employee conduct, technology use, and student privacy.

Staff members shall not enter confidential, personally identifiable, or protected student or employee information into public AI systems unless the platform has been approved by the District and appropriate privacy protections are in place. Employees must comply with all applicable laws and District policies regarding student records, data privacy, and confidentiality.

The use of AI shall not replace professional judgment, required human oversight, or established instructional practices. Staff members are expected to model ethical and responsible use of AI technologies and to support students in developing digital literacy and responsible technology practices.

The District reserves the right to restrict or prohibit the use of specific AI applications, websites, or services when necessary to protect student privacy, data security, or the educational environment.

The request for information should be made to an administrator in your child's school building.
4. The information will be provided to you in a timely manner. Finally, the District will give timely notice to you if your child has been assigned, or has been taught for four or more consecutive weeks by a teacher who does not meet the requirements of the Act.

The Federal Law called the Family Medical Leave Act., (FMLA) requires staff members to give 30 days' notice for planned medical absences. The 30-day period is waived in the case of an emergency medical leave. A copy of FMLA is available to staff members upon their request.

Jury Duty

Staff members who are required to serve on jury duty will continue to receive their regular District salary during the period of service. Time spent on jury duty will not be deducted from the employee's available PTO leave balance.

Employees may retain any reimbursement received for expenses associated with jury service, including mileage, meals, lodging, or other allowable costs. **However, any compensation received for serving as a juror (excluding expense reimbursements) must be submitted to the District to offset the cost of the employee's continued salary during the period of jury service.**

Employees should provide appropriate documentation of jury service and remit juror compensation to the District upon receipt.

Lesson Plans:
Lesson plans are expected to be complete with objectives and means to assess and meet those objectives. Lesson plans should identify district curriculum objectives, state standards and assessments. Lesson plans should show evidence of planning and should be completed for value to a substitute. Lesson plans are expected to be readily available upon request. Be aware of school activities in making weekly plans. Building principals will establish specific lesson plan procedures.

Library, Media, and Digital Learning Resources:

The school library and media program provide students and staff with access to a wide variety of print, digital, and multimedia resources that support teaching, learning, research, and literacy development. Teachers are encouraged to integrate library resources, digital tools, and instructional technology into their lessons to enhance student engagement, support diverse learning needs, and promote critical thinking and information literacy skills.

Library media specialists are available to collaborate with teachers in planning instruction, incorporating literacy standards, identifying high-quality resources, supporting research projects, and integrating educational technology into classroom learning. Staff are encouraged to consult with library personnel when seeking materials, developing instructional units, or exploring new digital

resources.

Students and staff have access to a variety of online databases, digital content providers, e-books, research tools, and other electronic resources through the District, ESU #7, NebraskaAccess, and other educational partners. These resources may be accessed from school or remotely, as permitted by licensing agreements. Teachers are encouraged to incorporate these resources into instruction whenever appropriate.

The District also provides access to instructional technology, media equipment, and digital presentation tools to support classroom learning. Staff members are responsible for using equipment appropriately and should report any malfunctions or technology concerns promptly to the library media specialist or technology department to ensure timely repair and maintenance.

When using videos, digital media, online content, or other instructional resources, teachers should preview materials in advance to ensure that content is age-appropriate, aligned with curriculum goals, and suitable for the intended instructional purpose. Media resources should be used to support and enhance learning, rather than as a substitute for planned instruction.

Teachers are encouraged to connect instructional activities with available community resources, including the Schuyler Public Library. The public library offers additional print and digital materials, research assistance, and interlibrary loan services that can support classroom projects and independent student learning. Teachers planning research assignments are encouraged to communicate with library personnel in advance so that appropriate resources may be identified and made available to students.

The building-level calendar is reserved for school-related activities and events only. No event, activity, meeting, or program may be placed on the calendar without prior approval from the principal.

Staff members must seek administrative approval for proposed events and dates **before** developing plans, securing resources, communicating with stakeholders, or making commitments related to the event.

The principal will review requests to ensure alignment with school priorities, avoid scheduling conflicts, and support effective use of school facilities and resources. Once approved, events will be added to the building calendar through the established scheduling process.

NOTIFICATION OF BAD WEATHER:
The Superintendent may close school in case of severe weather. The Superintendent's staff will notify local news media when inclement weather warrants such action. For closings and late starts, we will utilize radio and television stations as well as social media and our school application to notify everyone. The Superintendent will make a decision to close school as soon as possible based on available information. Parents are urged to use their own judgment whether it is safe for their children to go to school. Parents who do send students are welcome to have them call home once safely at school.

Field trips are intended to support and enhance the educational program. All field trips must be appropriately planned, approved, and supervised.

Student Health and Permission Requirements:

All students participating in a field trip must have a current emergency medical information form on file with the school nurse. Teachers or sponsors are responsible for obtaining and carrying emergency information for participating students during the trip. To ensure appropriate documentation is available, the school nurse should be notified at least 24 hours prior to departure.

For any field trip outside the District, students must have a signed parent/guardian permission form on file prior to departure. Teachers and sponsors are responsible for ensuring all required forms are completed before students leave school grounds.

Field trips involving travel outside the State of Nebraska or outside the United States must comply with applicable Board policies and administrative procedures. Staff members planning such trips should consult Board policy before making arrangements or commitments.

CLASSIFIED/SUPPORT STAFF EMPLOYMENT INFORMATION

The following information is provided for Schuyler Community Schools, District 19-0123 classified/support staff personnel.

SCHOOL YEAR
The school year begins September 1st and continues through August 31. The benefit year begins September 1st and continues through August 31st.

ELIGIBILITY FOR BENEFITS/RETIREMENT
An employee who works a minimum of 20 hours per week will be enrolled in the NPERS State Retirement Plan. This is not optional and is required by state statute. Employees who work 30 or more hours per week are eligible for District benefits.

COMPENSATION
The pay rate will be established by the Board of Education. Monthly payments are made on or before the 20th of each month. New pay rates begin with the start of the new school year August 1st.. Payroll periods begin with the first workday of the month and end with the last workday of the month. Pay for the work period is made on the 20th following the previous month's last workday. **The September payroll will reflect days worked in August. The check will be small for staff that did not work all possible August days.** For non-twelve month employees, check with the business manager for the twelve month payment option.

OVERTIME PAY
Overtime pay must be approved by your immediate supervisor (food service by the head of food service; custodian by building principals; para educators by building principals; administrative assistants by building principals). Before working the overtime hours the immediate supervisor must get approval from the Superintendent or his/her designee. All hours over 40 hours/week are considered overtime, and will be paid at a rate of 1.5 of the hourly rate. Overtime pay is based on actual hours worked in a given week. Hours such as vacation or PTO do not count as hours worked.

TIME CLOCK/TIME RESET
All hourly employees must login into TMS to record their starting and ending times. Each support staff member will clock out for lunch break and back in after lunch break. **All leave and changes must be entered in the TMS Software so it can be approved by your supervisor.**

Jury Duty: Staff members will be paid in full for time spent on jury duty. Jury duty does not count against PTO days. Money received for expenses (driving, meals, lodging, etc.) and time needs to be **paid to the district if the individual received full pay for their days.**

EMERGENCY MEDICAL LEAVE BANK

Classified/support staff may participate in an emergency medical leave bank. The EMLB (Emergency Medical Leave Bank) has been established to protect staff participants from financial loss due to extended absence from contracted duties. This plan is patterned after the certificated staff's plan with certain modifications (see EMERGENCY MEDICAL LEAVE BANK guidelines and forms on the SCS web page under Staff).

Accidental injury and worker's compensation:
A school time insurance program including an accidental injury policy is available. All staff are covered by worker's compensation insurance. Report any school-connected injury to the building nurse or immediate supervisor, and fill out the worker's compensation paperwork. When returning from a medical leave of absence resulting from an accident or long-term illness, a release to return to work note from the doctor is required.

PERSONAL TIME OFF (PTO)

Employees that work on average 30 or more hours per week are eligible for PTO. Each classified staff member shall receive 1 PTO day for every month worked. PTO days include personal illness, immediate family illness, bereavement and personal leave. The immediate family is defined as a wife or husband, (step) son or (step) daughter, father or mother of the wife and husband, sister or brother, grandchild, grandmother or grandfather. Personal leave is defined as taking a day(s) off work to be used at the discretion of the individual employee. When requesting PTO days, except for illness and emergencies, give your immediate supervisor 3 days of lead-time.

Unused PTO shall accumulate up to 50 days of sick or bereavement leave. The administration reserves the right to require a certificate from a medical doctor when a person is using accumulated sick days. An employee is not permitted to go into a negative balance on PTO. Once a zero PTO balance results and the support staff member is not using accumulated sick/bereavement leave or the Emergency Medical Leave Bank, a support staff member will not be paid by the District. Workers Comprehensive Insurance would not be affected, however.

Unearned PTO days will be granted up to the maximum number of days an employee would have earned (12 month employees – 12 days; 11 month – 11 days; 10 month – 10 days; 9 month employees – 9 days). If an employee does not work the number of months contracted, unearned PTO days that have been used will be deducted from their final paycheck. Unused earned PTO will be paid out upon termination or retirement.

PTO is paid at an individual employee's current rate of pay. PTO does not include overtime pay. PTO has no effect on Holiday, Vacation, or Weather Related leave. PTO days will be reduced in one hour increments. Nine, 10 and 11 month employees accrue PTO for months worked, this excludes intermittent work during non assigned work months.

VACATION LEAVE (12-MONTH EMPLOYEES)

Employees that work on average 30 or more hours per week are eligible for vacation. Each employee shall receive 12 days of paid vacation per contract year, earned at a rate of one day per month. Any variance to this must receive approval by the Superintendent. The calculation period for first year employees shall begin on their first day of employment and run until July 31st. The calculation period for continuous employees shall be the benefit year (August 1st-July 31st). A full-time 12-month employee who has worked for 10 years or more shall receive 18 days of paid vacation leave with a maximum of 23 days. A person who has worked at SCS for 20 years or more shall accumulate vacation leave at a rate of 23 days per year with a maximum of 28 days. Employees may roll over up to 5 unused vacation days into the next school year. Upon termination or retirement from SCS, any unused vacation days will be prorated.

VACATION LEAVE (NON 12-MONTH EMPLOYEES)

Employees that work on average 30 or more hours per week are eligible for vacation. Each employee shall receive 1 day of paid vacation for each month worked during the contract year. The calculation period for a first year employee shall begin on their first day of employment and run until the end of their scheduled contract period. The calculation period for first year employees shall begin on their first day of employment and run until August 31st. You may roll up to 5 days of vacation into the next school year. Upon termination or retirement from SCS, any unused vacation days will be prorated. First year employees may only use one day of vacation per month unless they have built up their days. Nine, 10 and 11 month employees accrue vacation for months worked, this excludes intermittent work during non assigned work months.

HOLIDAY LEAVE

The following are considered paid holidays for all **12 month employees**: Labor Day, Thanksgiving, Christmas, New Year's Day, Memorial Day, and Independence Day.

The staff is expected to dress in a way that is appropriate for a school setting when on duty. No code can be written that will address all of the styles, trends and designs in clothing, jewelry and tattoos. School administration – more specifically the building principal(s) – reserves the right to make decisions about the appropriateness of staff appearance. Examples of inappropriate appearance would include:

- Clothing that shows an inappropriate amount of bare skin (midriff, legs, cleavage) and underarm and chest hair.
- Visible undergarments. Anything that is not appropriate for students is not appropriate for faculty. Jeans and sweats are not considered appropriate dress unless an educator is involved with projects/activities in physical education, agriculture education, industrial technology classes, etc. Jeans may also be worn for special days and events. Special days and events are designated by the building principal.

District wide pre-service and in-service days are duty days. Appropriate appearance is expected (refer to above discussion) unless otherwise announced. Staff appearance at building level pre-service and in-service events is left to the discretion of the building principal(s).

NOTIFICATION OF RIGHTS UNDER FERPA

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day the District receives a request for access.

Parents or eligible students who wish to inspect their child's or their education records should submit to the school principal [or appropriate school official] a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the District to amend their child's or their education record should write the school principal, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. The criteria for determining who constitutes a school official and what constitutes a legitimate educational interest must be set forth in the school's or school District's annual notification for FERPA rights. A school official typically includes a person employed by the school or school District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the [School] to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

STUDENT PRIVACY PROTECTION POLICY:

It is the policy of Schuyler Community Schools to develop and implement policies which protect the privacy of students in accordance with applicable laws. The District's policies in this regard include the following:

Right of Parents to Inspect Surveys Funded or Administered by the United States Department of Education or Third Parties: Parents shall have the right to inspect, upon the parent's request, a survey created by and administered by either the United States Department of Education or a third party (a group or person other than the District) before the survey is administered or distributed by the school to the parent's child.

Protection of Student Privacy in Regard to Surveys of Matters Deemed to be Sensitive: The District will require, for any survey of students which contain one or more matters deemed to be sensitive (see section headed "Definition of Surveys of Matters Deemed to be Sensitive"), that suitable arrangements be made to protect student privacy (that is, the name or other identifying information about a particular student). For such surveys, the District will also follow the procedures set forth in the section entitled: "Notification of and Right to Opt-Out of Specific Events."

Right of Parents to Inspect Instructional Materials: Parents have the right to inspect, upon reasonable request, any instructional material used as part of the educational curriculum for their child. Reasonable requests for inspection of instructional materials shall be granted within a reasonable period of time after the request is received. Parents shall not have the right to access academic tests or academic assessments, as such are not within the meaning of the term "instructional materials" for purposes of this policy. The procedures for making and granting a request to inspect instructional materials are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal. The building principal, within four (4) school days, shall consult with the teacher or other educator responsible for the curriculum materials. In the event the request can be accommodated, the building principal shall make the materials available for inspection or review by the parent, at such reasonable times and place as will not interfere with the educator's intended use of the materials. In the event there is a question as to the nature of the curriculum materials requested or as to whether the materials are required to be provided, the building principal shall notify the parent of such concern, and assist the parent with forming a request which can reasonably be accommodated. If the parent does not formulate such a request, and continues to desire certain curriculum materials, the parent shall be asked to make their request to the Superintendent.

Rights of Parents to be Notified of and to Opt-Out of Certain Physical Examinations or Screenings. The general policy and practice of the District is to not administer physical examinations or screenings of students which require advance notice or parental opt-out rights under the applicable federal laws, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law; and (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act. For physical examinations or screenings which do not fit into the applicable exceptions, the District will follow the procedures set forth in the section entitled: "Notification

of and Right to Opt-Out of Specific Events."

Protection of Student Privacy in Regard to Personal Information Collected from Students: The general policy and practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information. The District will make reasonable arrangements to protect student privacy to the extent possible in the event of any such collection, disclosure, or use of personal information. "Personal information" for purposes of this policy means individually identifiable information about a student including: a student or parent's first and last name, home address, telephone number, and social security number. The term "personal information," for purposes of this policy, does not include information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions. This exception includes the following examples: (i) college or postsecondary education recruitment, or military recruitment; (ii) book clubs, magazines, and programs providing access to low-cost literary products; (iii) curriculum and instructional materials used by elementary schools and secondary schools; (iv) tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about student, or to generate other statistically useful data for the purpose of securing such tests and assessments, and the subsequent analysis and public release of the aggregate date from such tests and assessments; (v) the sale by student of products or services to raise funds for school related or education-related activities; (vi) student recognition programs.

Parental Access to Instruments used in the Collection of Personal Information: While the general practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information, parents shall have the right to inspect, upon reasonable request, any instrument which may be administered or distributed to a student for such purposes. Reasonable requests for inspection shall be granted within a reasonable period of time after the request is received. The procedures for making and granting such a request are as follows: The parent shall make the request, with reasonable specificity, directly to the building principal and shall identify the specific act and the school staff member or program responsible for the collection, disclosure, or use of personal information from students for the purpose of marketing that information. The building principal, within four (4) school days, shall consult with the school staff member or person responsible for the program which has been reported by the parent to be responsible for the collection, disclosure, or use of personal information from students. In the event such collection, disclosure, or use of personal information is occurring or there is a plan for such to occur, the building principal shall consult with the Superintendent for determination of whether the action shall be allowed to continue. If not, the instrument for the collection of personal information shall not be given to any students. If it is to be allowed, such instrument shall be provided to the requesting parent as soon as such instrument can be reasonably obtained.

Annual Parental Notification of Student Privacy Protection Policy: The District provides parents with reasonable notice of the adoption or continued use of this policy and other policies related to student privacy. Such notice shall be given to parents of students enrolled in the District at least annually, at the beginning of the school year, and within a reasonable period of time after any substantive change in such policies.

Notification to Parents of Dates of and Right to Opt-Out of Specific Events: The District will directly notify the parents of the affected children, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when any of the following activities are scheduled, or are expected to be scheduled:

The collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information. (Note: the general practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information).

Surveys of students involving one or more matters deemed to be sensitive in accordance with the law and this policy; and,

Any non-emergency, invasive physical examination or screening that is required as a condition of attendance; administered by the school and scheduled by the school in advance; and not necessary to protect the immediate health and safety of the student or of other students. (Note: the general practice of the District is to not engage in physical examinations or screenings which require advance notice, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions to the advance notice requirement and parental opt-out right: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law, and (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act).

Parents shall be offered an opportunity in advance to opt their child out of participation in any of the above listed activities.

In the case of a student of an appropriate age (that is, a student who has reached the age of 18, or a legally emancipated student), the notice and opt-out right shall belong to the student.

Definition of Surveys of Matters Deemed to be Sensitive: Any survey containing one or more of the following matters shall be deemed to be "sensitive" for purposes of this policy:

1. Political affiliations or beliefs of the student or the student's parent;
2. Mental or psychological problems of the student or the student's parent;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating or demeaning behavior;
5. Critical appraisals of other individuals with whom the student has close family relationships; 6. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
7. Religious practices, affiliations, or beliefs of the students or the student's parent;
8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

Parents who believe their rights have been violated may file a complaint with: U.S. Department of Education, Student Privacy Policy Office, 400 Maryland Avenue, SW, Washington, D.C. 20202-8520

Introduction

Student participation in extracurricular activities has been linked to improved attendance, higher academic achievement, and greater student self-confidence and self-esteem. Schuyler Community Schools provides students with the opportunity to participate in a comprehensive activities program that includes athletics, fine arts, and select clubs or organizations associated with academic areas.

Although the school district believes strongly in the value of student activities, participation in the activities program is a privilege, not a right. Students must obey the rules set out in this handbook and any additional rules created by their coach or activity sponsor. This handbook is advisory and does not create a "contract" with parents, students, or staff. The administration reserves the right to make decisions and make rule revisions at any time to implement the educational program and to assure the well-being of all students. The administration is responsible for interpreting the rules contained in the handbook. If a situation or circumstance arises that is not specifically covered in this handbook, the administration will make a decision based upon all applicable school district policies, and state and federal statutes and regulations.

Please read this handbook carefully. Students and their parents are responsible for complying with all of the rules and procedures detailed in this booklet.

Parents must sign the acknowledgement and permission to participate form at the end of this handbook before their student will be permitted to participate in the activity programs of the district.

The provisions in this handbook are subject to change at the sole discretion of the Board of Education. From time to time, you may receive updated information concerning changes in the handbook. These updates should be kept within the handbook so that it is up to date. If you have any questions regarding this handbook, please contact the Superintendent for assistance.

SECTION ONE:
GENERAL INFORMATION ABOUT THE ACTIVITIES PROGRAM

Academic Eligibility

Academic eligibility: The Nebraska School Activities Association has established a number of rules governing eligibility for high school students participating in any interscholastic competition that falls under the authority of the NSAA. The school's main goal is to teach students and to facilitate their movement toward high school graduation. The following academic eligibility rule has been added to the existing NSAA eligibility requirements, and applies to all Schuyler Community Schools extra and co-curricular activities:

Student grades will be collected on a weekly basis throughout the school year. The eligibility report will be run each Monday at 9:00 a.m. throughout the semester, beginning on the fourth Monday of the first semester, and the third Monday of the second semester. Any student failing two classes is considered to be demonstrating less than acceptable academic performance and will forfeit all public representation of Schuyler Community Schools until the student is no longer failing two classes on the weekly failing grade report. Part-time students, in addition to meeting the qualifications noted above, must be passing each of their classes to retain academic eligibility. Any student who is ineligible due to excessive failing grades will not be permitted to travel with a school team or other organization.

Attendance at Practices and Contests

Participants in the activities program are expected to attend and be on time at all practices and meetings scheduled by the coach or sponsor. Participants may be excused for absences resulting from a participant's illness, a death in the family, a doctor's appointment, a court appearance, or other absences that are arranged in advance. The coach, sponsor, or director of an activity may require a participant who has an excused absence to complete an alternate assignment for missing a practice, meeting, event, performance, or contest. A participant who is unable to attend a scheduled practice, meeting, or game must contact the coach or sponsor in advance. Students who are absent from school due to illness are not required to provide the coach or sponsor with additional notification of the student's absence from practice.

Students who are absent from school for any part of the day will not be permitted to practice or participate in an athletic contest or activity

performance unless the student has the building principal's prior permission to participate despite the absence.

If a participant misses a scheduled contest or performance, the coach or sponsor may impose discipline up to and including suspension of the participant from the activity for the remainder of the season or length of the activity.

Closings

Unless the administration determines that it is permissible for the activity to continue as scheduled, all activities will be cancelled or postponed in the event that school has been called off for inclement weather or any other reason as determined by the administration. Unless the administration determines that it is permissible for the activity to continue as scheduled.

Colors

The Schuyler Community Schools colors are forest green and white.

Complaint Procedure

To reduce conflicts in the school's activities program, students and/or their parents should use the district's formal complaint procedure to manage conflicts about the program. The complaint procedure is printed in the school's student handbook and may be found on the district's web site: https://policies.sparqdata.com/NASB/browse/schuylerset/schuyler/z20000181/searchresultlist/Search-1

Concussion Awareness

The Nebraska Unicameral has found that concussions are one of the "most commonly reported injuries in children and adolescents who participate in sports and recreational activities and that the risk of catastrophic injury or death is significant when a concussion or brain injury is not properly evaluated and managed."

The School District will:

a. Require all coaches and trainers to complete a training course approved by the Chief Medical Officer on how to recognize the symptoms of a concussion or brain injury and how to seek proper medical treatment for a concussion or brain injury.

b. On an annual basis provide concussion and brain injury information to students and their parents or guardians prior to such students initiating practice or competition. This information will include:

1 The signs and symptoms of a concussion;
2 The risks posed by sustaining a concussion; and
3 The actions a student should take in response to sustaining a concussion, including the notification of his or her coaches.

A student who participates on a school athletic team must be removed from a practice or game when he/she is reasonably suspected of having sustained a concussion or brain injury in such practice or game after observation by a coach or a licensed health care professional who is professionally affiliated with or contracted by the school. The student will not be permitted to participate in any school supervised team athletic activities involving physical exertion, including practices or games, until the student:

a. has been evaluated by a licensed health care professional;

b. has received written and signed clearance to resume participation in athletic activities from the licensed health care professional; and

c. has submitted the written and signed clearance to resume participation in athletic activities to the school accompanied by written permission to resume participation from the student's parent or guardian.

If a student is reasonably suspected after observation of having sustained a concussion or brain injury and is removed from an athletic activity, the parent or guardian of the student will be notified by the school of:

a. the date and approximate time of the injury suffered by the student,

b. the signs and symptoms of a concussion or brain injury that were observed, and

c. any actions taken to treat the student.

The school district will not provide for the presence of a licensed health care professional at any practice or game.

School officials shall deem the signature of an individual who represents that he/she is a licensed health care professional on a written clearance to resume participation that is provided to the school to be conclusive and reliable evidence that the individual who signed the clearance is a licensed health care professional. The school will not take any additional or independent steps to verify the individual's qualifications.

Dances

School dances are part of the district's extracurricular activity program. Students who wish to participate in school dances must comply with the activity code. Students may be prohibited from participating in school dances as a consequence for violating school rules or these activity rules.

Junior High/Middle School Dances

Junior high/middle school (6-8) dances are restricted to students currently enrolled in the junior high school and will be sponsored by junior high teachers and parents. Any organization wishing to sponsor a junior high dance must obtain permission from the principal regarding date and times. Each dance must be sponsored by at least two faculty members and one additional adult couple. Once admitted to the dance, students must remain until the close of the dance. Students who leave the dance will not be readmitted. Students who are academically ineligible will not be allowed to attend school dances.

High School Dances

School dances are for students and their dates as well as for SCHS staff. Outside dates are permitted as long as the date is approved by administration and are 20 years of age or less. These people must be willing to conform to all school regulations. Only students enrolled at Schuyler Central High School may attend the back to school dance. Students will be admitted during the first hour of the dance, and are expected to stay until the end of the dance. Once students choose to leave, they will generally not be readmitted to the dance. Activities held during the week shall end by 11:00 p.m. School dances will be scheduled from 7:30 p.m. to 11:30 p.m. on weekend dates or 12:00 a.m. if the dance is held on a Friday night. A school-sponsored dance is a school activity subject to all provisions of the Student Activity Code, and is a privilege available to students meeting all requirements for participation. Each person that attends the dance will be subject to a Breathalyzer.

Electronic Communication

The school board supports the use of technology by coaches, extracurricular sponsors, and other staff members to communicate with students for legitimate educational, extracurricular, and other school-related purposes. However, electronic communication between students and teachers, sponsors, and coaches shall be appropriate at all times and shall not violate any law, district policies, or the Regulations and Standards for Professional Practices Criteria, commonly known as Rule 27 of the Nebraska Department of Education ("Rule 27"). Please see school board Social Media Policy 606.06 for School District Employees for further explanation. Each participant in the athletic portion of the activities program will be issued a locker to store his/her personal belongings and school equipment that has been checked out. Students should secure their athletic lockers with combination locks.

School-owned clothing or equipment that is checked out to individual students remains the property of the school. The clothing or equipment is not to be used or worn by the student except for the intended use. Each piece of equipment or clothing is to be returned to the instructor or coach when the season or the use for such clothing or equipment is over. Each participant is responsible for all equipment checked out to him/her. Students will be assessed the replacement cost for school equipment that has been check out to him/her and is lost or stolen.

Fundraising

All school-sponsored fundraising activities must be approved by a member of the school district administration. Each sport or activity shall be allowed one fundraising activity per school year. Fundraising for any activity must comply with the district's policies, including applicable provisions specifically pertaining to Booster Clubs and PTOs for non-school-sponsored fundraising. Use of the school mascot shall not be permitted unless approved by the superintendent.

Individual Training Rules and Rules of Conduct

Head coaches or sponsors may develop additional training rules or rules of conduct for their activity. Students are responsible for knowing these rules and complying with them.

Initiations and Hazing

Initiations and hazing by members of classes, clubs, athletic teams, or any other organization affiliated with the district are prohibited except as otherwise permitted by this policy. Any student engaging in hazing or non-approved initiations is subject to discipline as permitted by policy and law.

Initiations are defined as any ritualistic expectations, requirements, or activities placed upon new members of a school organization for the purpose of admission into the organization, even if those activities do not rise to the level of "hazing" as defined below. Initiations are prohibited except by permission of the superintendent.

Hazing is defined as any activity by which a person intentionally or recklessly endangers the physical or mental health or safety of an individual for the purpose of initiation into, admission into, affiliation with, or continued membership in any school organization. Hazing activities include, but are not limited to, whipping, beating, branding, an act of sexual penetration, an exposure of the genitals of the body done with the intent to affront or alarm any person, a lewd fondling or caressing of the body of another person, forced and prolonged calisthenics, prolonged exposure to the elements,

forced consumption of any food, liquor, beverage, drug, or harmful substance not generally intended for human consumption, prolonged sleep deprivation, or any brutal treatment or the performance of any unlawful act that endangers the physical or mental health or safety of any person.

Injuries

Participants who suffer any type of injury while involved in extracurricular activities must notify the coach or sponsor immediately. The coach or sponsor will then evaluate the injury and, if necessary, notify the participant's parents or seek immediate medical treatment.

If at any time during participation a doctor removes an athlete from participation because of an illness or injury, the athlete must have a written release from a doctor before participating again. The written release must be given to the coach or sponsor of the activity.

Note: The release requirement will be satisfied if the initial doctor's order specifies the duration of the student's restriction from participation and/or competition. Also see Concussion Awareness above.

Insurance

The school district does not provide medical or other insurance coverage for students who participate in athletic contests or other activities. It is the parents' responsibility to provide adequate insurance to cover any medical expenses that may be incurred while the student is participating in athletics or other activities.

The school district makes an accident insurance plan available for purchase by participants and their families through an authorized insurance agent. Information about policies which families may purchase will be available prior to each sports season and at fall registration.

The weight room has been developed to help each athlete, student, or adult in the community maintain a level of physical fitness. No one may use the weight room or equipment without proper supervision. The school will develop a schedule for use of the weight room by athletes during the school year and during the summer months.

Participants must follow board policy, this code, and all the training rules and rules of conduct of the coaches and/or activity sponsors. Alcohol, Tobacco, and/or Drug Offenses and/or Criminal Activity
Beginning at the time of a student's initial attendance at SCHS and continuing through completion of attendance or high school eligibility:

A student is subject to suspension from all NSAA public appearances related to co-/extra-curricular activities and/or competition if s/he has a violation in the alcohol, tobacco, and/or drug offenses and/or criminal activity policy. Disciplinary consequences imposed under this policy will involve suspension from public representation of SCHS and may additionally involve other measures. The activities administrator is responsible for completing a suspension notification procedure within three (3) days following a participant's suspension. The coach or sponsor will communicate other suspension actions to parents. The term of suspension shall be the next regularly scheduled weeks of public representation during the school year as

defined by the Nebraska School Activities Association. The term of suspension is considered a probationary period and the student will be reinstated only after evidence of abiding by the ideals of activity participation. Continued practice and participation in the activity is expected, even though the student is not permitted to represent the school publicly. Public representation takes place when an event is a competition with an opposing team(s) and the event is taking place during one or more NSAA defined seasons. Intrasquad scrimmages are not considered competition with an opposing team. Students must complete the season in good standing for the weeks of suspension to apply.

Term of suspension:

a. 1st offense: Next four activity weeks publicly representing SCHS.

b. 2nd offense: Eight weeks with mandatory professional substance abuse counseling

c. 3rd offense: The student will be suspended from all activities until he/she participates in a professional evaluation for chemical dependency. After the student becomes a participant in a chemical dependency program, the student may be reinstated in school activities upon successful completion of the program. Verification of completion of the chemical dependency treatment program must be provided in writing by the director or counselor of the dependency center prior to reinstatement of the student.

Self-reporting alcohol, tobacco, and/or drug offenses and/or criminal activity violation may reduce the suspension time for a 1st offense from four (4) weeks to two (2) weeks by reporting the policy violation to school officials. A student in violation of the alcohol, tobacco, and/or drug offenses and/or criminal activity policy must notify a school official (coach or sponsor, teacher, activities administrator, school counselor, principal or assistant principal) of the violation within 24 hours of the violation for the reduction to apply. During the 2nd offense, the mandatory professional substance abuse counseling must be completed before the end of the eight-week suspension or the suspension continues until counseling is completed. It is required that documentation of completion of professional substance abuse counseling be turned into the activities office prior to the student returning to competition. SCHS is not liable for expenses incurred through such counseling sessions.

Organizations/clubs that are not under the NSAA umbrella have discipline for ATOD and criminal activity written into the organizations/clubs constitutions.

Such conduct is prohibited year-round regardless of whether it occurs on-campus or off-campus. However, punishment for violations that occur during the summer break shall be administered by the Activities Director in accordance with the disciplinary procedures included in the activities handbook.

Schuyler Community Schools Drug Testing Policy

Need for Random Testing.

The board of education is responsible for maintaining discipline, health and safety. The board recognizes that substance abuse presents a continuing challenge and a danger to the student population as a whole. The board is committed to maintaining school sponsored activity programs in a safe, healthy and secure environment. The board is further committed to being proactive in ensuring that students who participate in extracurricular activities represent the district in a positive manner

Eligibility for Random Testing

Students who participate in school sponsored competitive extracurricular activities, as defined in the student handbook at the middle school and high school (Grades 7-12) levels are eligible for random testing. Students who do not consent to participate in the testing program shall not be eligible to participate in school sponsored competitive extracurricular and co-curricular activities. Parents/guardians may volunteer their child for participation in the testing program even if they do not participate in a school sponsored competitive extracurricular activity.

Testing Procedure.

a. Random Testing.
The superintendent or designee will ensure the testing of eligible students occurs on a scheduled basis through confidential and random testing schedule.

b. Collection
The testing collection process will be conducted in a manner that protects student privacy, guards against tampered specimens and ensures an accurate chain of custody. It is intended that the

procedures be modeled on those applicable to the testing of DOT covered employees, though methods other than testing of urine samples may be used. The tests are to be designed to detect only the use of illegal drugs, not medical conditions or the presence of authorized prescription medications.

C. Confidentiality
All activities related to the testing policy will be carried out in accordance with the requirements of the Family Educational Rights and Privacy Act (FERPA), the Protection of Pupil Rights Amendment (PPRA), and any other applicable confidentiality laws.

Consequences for Positive Tests.

Any of the following shall be considered to be a positive test result:

- A confirmed positive drug test;
- Refusal to participate in testing when selected; and/or
- Tampering with the specimen collection process.

The following shall result from a positive test result:

1. The student or the student's parents or guardians should contact the building principal or designee within 48 hours of notification of a positive test result.
2. If there is no self-reporting within 48 hours by the student and/or their parents or guardian, the building principal or designee will call and set up a meeting to discuss the positive test result, with the objective of collaborating on a plan to assist the student in avoiding future substance abuse.
3. The student's privilege of participating in extracurricular or co-curricular activities will be restricted as follows:
4. Positive results from a student tested based on probable cause or reasonable suspicion will receive consequences based on student code of conduct as stated in the Schuyler Community Schools student handbook.
5. The parents or guardians are responsible for the costs of any rehabilitation program, which includes substance abuse counseling and follow-up.
6. Positive results will not lead to the imposition of any academic consequence or disciplinary action, other than the above-described limitations on the privilege to participate

in extracurricular activities.

The superintendent or the superintendent's designee is directed to develop specific testing procedures consistent with this policy.

Drug Testing Procedures

Student Eligibility for Random Testing

Students who participate in school sponsored competitive extracurricular and co-curricular activities, as defined by the student handbook, at the middle and high school (Grades 7-12) levels are eligible for random testing. School sponsored extracurricular and co-curricular competitive activities, as defined by the student handbook, are activities which are sponsored or approved by the board, but are not required for credit towards graduation, and which involve competition, comparison, or judging of the individuals or groups with other individuals or groups as part of selection or participation.

To participate in a school sponsored competitive extracurricular or co-curricular activity, students must submit a completed consent to test form on or before the first practice or on or before the first event or meeting, whichever is applicable. The form must be signed by the student and the student's parent or guardian.

Failure to submit a completed consent to test form will result in ineligibility for participation in school sponsored competitive extracurricular activities until the form is submitted.

Students remain eligible for testing from the date the consent to test form is turned in until a drop form is completed, or until the student graduates or is otherwise no longer enrolled in the district. A student for whom a drop form has been submitted shall be ineligible for participation in school sponsored extracurricular activities for twelve months from the date the drop form is submitted. Students have a fifteen (15) day grace period for reconsideration of a drop form.

Students who are not participants in a school sponsored extracurricular activity may volunteer for participation in the testing program by submitting a completed consent to test form.

Discipline. Students who violate any provision of these Activity Participation Rules may be subject to discipline up to and including expulsion from extracurricular activities and school sponsored events. (including but not limited to graduation ceremony and related activities). These disciplinary consequences and this Activity Code of Conduct are in addition to and do not prejudice, diminish, impede, or reduce any discipline that is authorized by the Nebraska Student Discipline Act, Neb. Rev. Stat. §§ 79-254 to 79-294, Board Policy, or the Student Handbook. Disciplinary action may include a probationary period and conditions that must be satisfied prior to or following reinstatement. Administrators and coaches will take the following into consideration when making disciplinary decisions:

1. Any prior or additional misconduct;
2. The nature and seriousness of the offense;
3. The motivation for the offense;
4. The amount of violence involved;
5. The student's demeanor and attitude regarding the violation;
6. The actual, threatened, or potential risk to the student and others due to the student's behavior;
7. Whether the student has compensated or will compensate the victim in the event of property damage or personal injury;
8. Whether the circumstances of the violation are likely to recur;
9. The student's willingness to participate in evaluations, counseling, or other programs;
10. Any mitigating factors;
11. Any other relevant factors.

If suspended, the student must continue to participate in practices and conditioning during the suspension if required by the coach or activity sponsor. The failure to comply with the practice and conditioning requirement will make the student ineligible for reinstatement to the activity.

A Parent's Guide to Concussions

WHAT IS A CONCUSSION?

A concussion is a brain injury that results in a temporary disruption of normal brain function. A concussion occurs when the brain is violently rocked back and forth or twisted inside the skull as a result of a blow to the head or body. An athlete does not have to lose consciousness ("knocked-out") to suffer a concussion.

CONCUSSION FACTS

- It is estimated that more than 140,000 high school athletes across the United States suffer a concussion each year. (Data from NFHS Injury Surveillance System).
- Concussions occur most frequently in football, girls' soccer, wrestling, and girls' basketball follow closely behind. All athletes are at risk.
- A concussion is a traumatic injury to the brain.
- Concussion symptoms may last from a few days to several months.
- Concussions can cause symptoms that interfere with school, work, and social life.
- Athletes who have symptoms from a concussion should not return to sports because they are still at risk for prolonging symptoms and further injury.
- A concussion may cause multiple symptoms. Many symptoms appear immediately after the injury, while others may develop over the next several days or weeks. The symptoms may be subtle and are often difficult to fully recognize.

WHAT ARE THE SIGNS AND SYMPTOMS OF A CONCUSSION?

Signs Observed by Parents or Guardians

- Appears dazed or stunned
- Is confused about assignment or position
- Forgets an instruction
- Is unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Shows behavior or personality changes
- Can't recall events prior to hit or fall
- Can't recall events after hit or fall

Symptoms Reported by Athlete

- Headache or "pressure" in head
- Nausea or vomiting
- Balance problems or dizziness
- Double or blurry vision
- Sensitivity to light or noise
- Feeling sluggish, hazy, foggy, or groggy
- Concentration or memory problems
- Confusion
- Does not "feel right"

WHAT SHOULD I DO IF I THINK MY CHILD HAS HAD A CONCUSSION?

An athlete who is suspected of having a concussion must be removed from play immediately, whether it is in a game or practice. Continuing to participate in physical activity after a concussion can lead to worsening concussion symptoms, increased risk of further injury, and even death. Parents and coaches are not expected to be able to "diagnose" a concussion, as that is the job of a medical professional. However, they must be aware of the signs and symptoms of a concussion and if they are suspicious, the child must stop playing:

WHEN IN DOUBT – SIT THEM OUT!

Every athlete who sustains a concussion needs to be evaluated by a health care professional who is familiar with sports concussions. Parents should call their child's physician, explain what has happened, and follow the physician's instructions. A child who is vomiting, has a severe headache, or has difficulty staying awake or answering simple questions should be taken to the parent's doctor or emergency room immediately.

WHEN MAY AN ATHLETE RETURN TO PLAY FOLLOWING A CONCUSSION?

No athlete who has suffered a concussion should return to play or practice the same day. Previously, athletes were allowed to return to play if their symptoms resolved within 15 minutes of the injury. Studies have shown that the young brain does not recover quickly enough for an athlete to return to activity in such a short time.

Concerns about athletes who return to play too quickly have led state lawmakers in Oregon and Washington to pass laws stating that **no athlete shall return to play on the day he or she suffered a concussion and the athlete must be cleared by an appropriate health care professional before he or she are allowed to return to play in games or practices**. The laws also mandate that coaches receive education on recognizing the signs and symptoms of concussion.

Once an athlete is free of symptoms of a concussion and is cleared to return to play by a health care professional knowledgeable in the care of sports concussions, he or she should proceed with activity in a step-wise fashion to allow the brain to readjust to exertion. On average, the athlete will complete a new step each day. The return-to-play schedule should proceed as below following medical clearance:

Step 1: Light exercise, including walking or riding an exercise bike. No weight-lifting.
Step 2: Running in the gym or on the field. No helmet or other equipment.
Step 3: Non-contact training drills in full equipment. Weight training can begin.
Step 4: Full contact practice or training.
Step 5: Game play.

If symptoms occur at any step, the athlete should cease activity and be re-evaluated by a health care provider.

HOW CAN A CONCUSSION AFFECT SCHOOLWORK?

Following a concussion, many athletes will have difficulty in school. These problems may last from days to months and often involve difficulties with short and long-term memory, concentration, and organization.

In many cases, it is best to reduce the athlete's class load after the injury. This may include staying home from school for a few days, followed by a lightened schedule for a few days or perhaps a longer period of time if needed. Decreasing the stress on the brain soon after a concussion may reduce symptoms and shorten the recovery period.

WHAT CAN YOU DO?

- Both you and your child should learn to recognize the "Signs and Symptoms" of a concussion as listed above.
- Emphasize to administrators, coaches, teachers, and other parents your concerns and expectations about concussion and safe play.
- Teach your child to tell the coaching staff if he or she experiences such symptoms.
- Teach your child to tell the coaching staff if he or she suspects that a teammate has a concussion.
- Monitor sports equipment for safety, fit, and maintenance.
- Ask teachers to monitor any decrease in grades or changes in behavior that could indicate concussion.
- Report concussions that occurred during the school year to appropriate school staff. This will help in monitoring injured athletes as they move to the next season's sports.

OTHER FREQUENTLY ASKED QUESTIONS:

Why is it so important that an athlete not return to play until they have completely recovered from a concussion?

An athlete who has not fully recovered from an initial concussion is very vulnerable to recurrent, cumulative, and even catastrophic consequences of a second concussive injury. Such difficulties are prevented if the athlete is allowed time to recover from the concussion and return-to-play decisions are carefully made. No athlete should return to sport or other at-risk participation when symptoms of a concussion are present and recovery is ongoing.

Is a "CT scan" or MRI needed to diagnose a concussion?

Diagnostic testing which includes CT ("CAT") and MRI scans are rarely needed following a concussion. While these are helpful in identifying life-threatening brain injuries (e.g., skull fracture, bleeding, swelling), they are not normally used, even by athletes who have sustained severe concussions. A concussion is diagnosed based upon the athlete's story of the injury and the health care provider's physical examination.

What is the best treatment to help my child recover more quickly from a concussion?

The best treatment for a concussion is rest. There are no medications that can speed the recovery from a concussion. Exposure to loud noises, bright lights, computers, video games, television, and phones (including text messaging) may exacerbate the symptoms of a concussion. You should allow your child to rest as much as possible in the days following a concussion. As the symptoms decrease, you may allow increased use of computers, phone, video games, etc., but the access must be reduced if symptoms worsen.

How long do the symptoms of a concussion usually last?

The symptoms of a concussion will usually go away within one week of the initial injury. You should anticipate that your child will likely be out of sports for about two weeks following a concussion. However, in some cases, symptoms may last for several weeks or even months. Symptoms such as headache, memory problems, poor concentration, and mood changes can interfere with school, work, and social interactions. The potential for such long-term symptoms indicates the need for careful management of all concussions.

How many concussions can an athlete have before he or she should stop playing sports?

There is no "magic number" of concussions that determine when an athlete should give up playing contact or collision sports. The circumstances surrounding each individual injury, such as the way the injury happened and length of symptoms following the concussion are very important and must be considered when assessing the athlete's risk for further and potentially more serious concussions. The decision to "retire" from sports is a decision best reached following a complete evaluation by your child's primary care provider and consultation with a physician or neuropsychologist who specializes in treating sports concussion.

I've read recently that concussions may cause long-term brain damage in professional football players. Is this a risk for high school athletes who have had a concussion?

The issue of "chronic encephalopathy" in several former NFL players has received a great deal of media attention lately. Very little is known about what may be causing dramatic abnormalities in the brains of these unfortunate retired football players. At this time, we have very little knowledge of the long-term effects of concussions that happen during high school athletics.

In the cases of the retired NFL players, it appears that most had long careers in the NFL after playing in high school and college. In most cases, they played football for over 20 years and suffered multiple concussions in addition to hundreds of other blows to their heads. Alcohol and steroid use may also be contributing factors in some cases. Obviously, the average high school athlete does not come close to suffering the total number or sheer force of head trauma seen by professional football players. However, the fact that we know very little about the long-term effects of concussions in young athletes is further reason to carefully manage each concussion.

AUTHORIZATION AND ACKNOWLEDGEMENT

WARNING: SERIOUS CATASTROPHIC AND PERHAPS FATAL INJURY MAY RESULT FROM ATHLETIC PARTICIPATION

Many forms of athletic competition result in violent physical contact among players, the use of equipment that may result in accidents, strenuous physical exertion, and numerous other exposures to risk of injury. Students and parents must assess the risks involved in such participation and make their choice to participate in spite of those risks. No amount of instruction, precaution, or supervision will eliminate these risks. Students have suffered accidents resulting in death, paraplegia, quadriplegia, and other very serious permanent physical impairment while playing sports. By granting permission for your student to participate in athletic competition, you, the parent or guardian, acknowledge that such risk exists. Students will be instructed in proper techniques to be used in athletic competition and in the proper utilization of all equipment worn or used in practice and competition. Students must adhere to that instruction and utilization and must refrain from improper uses and techniques.

I understand the statement above and I understand that by allowing my student to participate in athletic events, I assume the risk that he/she may be injured, perhaps severely.

Intent of Handbook

This handbook is intended to be used by students, parents, and staff as a guide to the rules, procedures, and general information about this school district. Students and their parents must become familiar with the handbook, and parents should use it as a resource and assist their children in following the rules contained in it. The use of the word "parents" refers to any adult who has the responsibility for making education-related decisions about a child, including, but not limited to biological parents, adoptive parents, legal guardians, and adults acting in loco parentis.

Although the information in this handbook is detailed and specific on many topics, it is not intended to be all-encompassing or to cover every situation and circumstance that may arise during a school day or school year. This handbook does not create a "contract" with parents, students, or staff, and the administration may make decisions and rule revisions at any time to implement the educational program and to assure the well-being of all students. The administration is responsible for interpreting the rules contained in the handbook. If a situation or circumstance arises that is not specifically covered in this handbook, the administration will make a decision based on applicable school district policies, and state and federal statutes and regulations.

Notice of Nondiscrimination

The school district does not discriminate on the basis of race, color, national origin, sex, disability, or age in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups. The school district prohibits sex discrimination in any education program or activity in any education program or activity that it operates.

Students who believe that they have been the subject of unlawful discrimination or harassment due to their disability, or that have other related concerns or questions, should contact the following Section 504 Coordinator: April Becker at 402-352-3527, april.becker@schuylercommunityschools.org or in person at school.

Students who believe that they have been the subject of unlawful discrimination or harassment due to their sex, or that have other related concerns or questions, should contact the Title IX Coordinator: Samantha Ladwig or April Becker at 402-352-3527, samantha.ladwig@schuylercommunityschools.org/april.becker@schuylercommunityschools.org, 120 W 20th St., or in person at school. District's specific Notice of Nondiscrimination on the Basis of Sex may be accessed at the following link: https://policies.sparqdata.com/NASB/browse/schuylerset/schuyler/z20000191/searchresultlist/Search-1

Students who believe that they have been the subject of unlawful discrimination or harassment due to their race, color, or national origin, or that have other related concerns or questions, should contact the following Title VI Coordinator: Superintendent or designee at 402-352-3527 (phone number), 120 W 20th St (mailing address) or in person at school.

Students who believe that they have been the subject of any other unlawful discrimination or harassment should contact the Superintendent or designee at (402) 352-3527, or in person at school. Students may report discrimination or harassment to any staff member who will then forward it on to the appropriate coordinator or administrator. The staff member will follow school district policies to respond to the report.

For additional prohibited discrimination and related information, please review school district Policy 501.00 – Nondiscrimination.

General Information and Procedures

The school building is the place where we work, study, and learn. The building will generally be opened to students at 7:30 a.m. on regular school days. Classes begin at 8:05 am and dismissal is at 3:30 pm. unless there is an early dismissal. Students should leave school by 4:00 p.m. unless under direct teacher supervision. The school is not responsible for supervision of students once students have left school grounds.

ADDRESS CHANGES: Please report changes of address, telephone number, email address, or guardianship to the main office.

SECTION ONE

BASIC SCHOOL RULES AND GENERAL PRACTICES

Attendance

Required Attendance

Every person residing in the school district who has legal or actual charge or control of any child who is of mandatory attendance age shall cause that child to attend a public or private school regularly unless the child has graduated from high school or has been allowed to disenroll pursuant to this policy.

Mandatory Attendance Age

All children who are or will turn six years old before January 1 of the current school year are of mandatory attendance age. Children who have not turned eighteen years of age are of mandatory attendance age.

Exceptions

This policy does not apply when attendance is made impossible or impracticable by severe weather conditions or by the mental or physical illness of the student or a child whom the student is parenting.

A child who will not reach age 7 before January 1 of the current school year may be excused from mandatory attendance if the child's parent or guardian completes an affidavit affirming that alternative educational arrangements have been made for the child. A copy of the required affidavit is attached to this policy.

Discontinuing Enrollment – 5- Year- Old Students

The person seeking to discontinue the enrollment of a student who will not reach six years of age prior to January 1 of the current school year shall submit a signed, written request to the superintendent using the form which is attached to this policy. The school district may request written verification or documentation that the person signing the form has legal or actual charge or control of the student. The school district shall discontinue the enrollment of any student who satisfies these requirements. Any student whose enrollment is discontinued under this subsection shall not be eligible to reenroll in this school district until the beginning of the following school year unless otherwise required by law.

Discontinuing Enrollment – 16- and 17- Year- Old Students
Only children who are at least 16 years of age may be disenrolled from the district. The person seeking to discontinue the child's enrollment shall submit a signed, written request that demonstrates that the student meets the district's legal criteria allowing for disenrollment to the superintendent using the applicable district form. The district will follow the procedures outlined on the attached form in considering requests to disenroll.

Only children disenrolling to attend a non-accredited school may be exempt from this policy. The person with legal or actual charge or control of the child must provide the superintendent with a copy of the signed request submitted to the State Department of Education for attending non-accredited schools. The superintendent may confirm the validity of the submission with the State Department of Education.

Attendance Officer
Each building principal is designated as an attendance officer for the district. Each building principal, at his or her discretion, may delegate these responsibilities to any other qualified individual. The attendance officer is responsible for enforcing the provisions of state law relating to compulsory attendance. This responsibility includes but is not limited to filing a report with the county attorney of the county in which a student resides. Compensation for the duties of attendance officer is included in the salary for the superintendent or designee.

Excused Absences
The following absences will be considered excused if they are confirmed by communication to the school from the student's parent/guardian:

1. Physical or mental illness of the student or of a child whom the student is parenting (a physician's verification is required after four (4) consecutive days of absence for illness)

2. Severe weather

3. Medical appointments for the student or for a child whom the student is parenting.

4. Death or serious illness of the student's family member

5. Attending a funeral, wedding or graduation

6. Appearance at court or for other legal matters

7. Observance of religious holidays of the student's own faith

8. College planning visits

9. Personal or family vacations

Excessive Absenteeism
When a student receives 10 unexcused absences or the hourly equivalent in any semester, the Attendance Officer will follow the district's policy to address barriers to the student's attendance.

When a student is absent more than 20 days per year or the hourly equivalent and any portion of the absences is unexcused, the Attendance Officer may file a report with the county attorney of the county in which the student resides. For example, if the student accumulates 20 days of excused absences due to documented illness and is tardy one time, the Attendance Officer may file a report with the appropriate county attorney.

Absences due to illness
The school district will contact parents if a student becomes ill at school. A student who is absent due to illness has two days for every day of absence to complete missed assignments.

Planned absences
Parents who know in advance that a student will be absent must call the school or send a written note at the earliest possible date. Students who will be absent for reasons that can be anticipated, such as routine medical appointments and school activities, must complete any work required by the teacher before the absence. Parents should make every attempt to schedule medical and other appointments after school hours when possible.

Students are obligated to:
1) Complete all class work in advance for any absence that can be anticipated.
2) Attend school a full day before attending practice or participating in a scheduled student activity except in cases of family emergencies or prearranged absences.
3) Check out of school at the office if leaving school during the school day.
4) Make up any and all work that is assigned by teachers as make-up work for the instructional time that has been missed.

Parents are obligated to:

1) Call the appropriate building office to inform the school of the reason for each absence.
2) Submit a doctor's statement, if requested, for each period of absence due to illness that exceeds five days.

Tardiness

A student who does not have a valid excuse for being tardy to any class may be required to serve detention. After four tardies to school, the student and parents will be required to meet with the principal to discuss the situation.

Pregnant and Parenting Students

The District will not discriminate in its education program or activity against any student based on the student's current, potential, or past pregnancy. Students who are pregnant or parenting are encouraged to continue participating in the district's educational and extracurricular programs. Students who anticipate deviations from their regular school experience or accrue absences due to pregnancy or parenting should notify their building principal as early as possible to discuss their educational programming in collaboration with the Title IX Coordinator.

Band

Students may participate in the elementary band and begin taking band lessons in the 5th grade. Students in grades 7-8 may participate in the middle school band; grades 9-12 may participate in the high school band. Instruments will be provided by students or the school as provided by school policy. Fees may be charged as allowed or provided in the Public Elementary and Secondary Student Fee Authorization Act and the school's student fee policy or other applicable policy.

Bills

Students should pay bills for supplies, fines, shop materials, clothing orders, etc. in the school bookkeeper's office. Any check for these payments should be made out to Schuyler Community Schools unless otherwise instructed. Pursuant to board policy, the district will assess an additional penalty of $30 for any check returned from the bank for insufficient funds.

When students purchase items of significant value, such as class rings and letter jackets, they must make payment at the time of purchase or when the order is placed.

Books and Supplies

Students must take care of books and other supplies provided by the district. The school will assess fines for damage to books and school property.

Students must supply their own consumable items such as pens, pencils, tablets, notebooks, erasers, and crayons. Each classroom teacher will prepare a supply list for students at the beginning of the school year.

Breastfeeding and Lactation

In order to accommodate lactating and breastfeeding students, the district will provide reasonable opportunities to express breast milk or breastfeed in a place, other than a bathroom, which is shielded from view and free from intrusion from district students, employees, and the public. The district will also provide a location for students to store expressed breast milk in or near the location designated for students to express milk to create the least amount of disruption to the student's participation in class or activities.

Students who wish or need to express breast milk on a regular schedule must work with school administrators to create a schedule that accommodates the student's needs while facilitating education to the maximum extent possible.

In order to prevent interference with the educational process, no student shall express breast milk within school classrooms or buses. Nothing in this policy limits the authority of the administration to impose consequences consistent with the Student Discipline Act and other state and federal law.

Bulletin Boards (Announcements)

Bulletin boards are maintained throughout the building to communicate general information, material, and school announcements. Students should check the bulletin boards carefully each school day. A written copy of daily announcements will be displayed on a TV in the commons and cafeteria.

Bulletin board or electronic publishing space may be provided for the use of students and student organizations for notices relating to matters of general interest to students. The following general limitations apply to all posting or publishing:

1. All postings must be approved by the appropriate building principal or designee. Students may not post any material containing any statement or expression that is libelous, obscene, or vulgar; that

would violate board of education policies, including the student code of conduct; or that is otherwise inappropriate for the school environment.

2. All postings must identify the student or the student organization posting or publishing the notice.

3. Material shall be removed after a reasonable time to assure full access to the bulletin boards or electronic publishing media.

Bullying

Students are prohibited from engaging in any form of bullying. The Centers for Disease Control and Prevention defines bullying as "any unwanted aggressive behavior(s) by another youth or group of youths who are not siblings or current dating partners that involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated." Nebraska statute defines bullying as "an ongoing pattern of physical, verbal or electronic abuse." The District's administrators will consider these definitions when determining whether any specific situation constitutes bullying. Both of these definitions include both in-person and cyberbullying behaviors.

The disciplinary consequences for bullying will depend on the severity, frequency, duration, and effect of the behavior and may result in sanctions up to and including suspension or expulsion. Students who believe they are being bullied should immediately inform a teacher or the building principal.

Reporting Bullying

Students who experience or observe bullying behavior must immediately report what happened to a teacher or administrator. Students can use the district's anonymous platform Speak Up For Safety to make this report (email speakup@schuylercommunityschools.org or call or text 402-809-2150). Students may always confer with their parents or guardians about bullying they experience or witness, but the students must also ultimately report the situation to a teacher or administrator.

Bullying Investigations

School district staff will investigate allegations of bullying using the same practices and procedures that the district observes for student disciplinary matters. In no circumstance will school district staff be deliberately indifferent to allegations of bullying.

Cafeteria Rules

1. All food must be consumed in the areas designated by the school.

2. After students have eaten, they must return trays to the kitchen. All straws, papers, milk cartons should be deposited in the trash cans. All leftover food should be scraped off the tray onto the correct container. Forks and spoons should be placed in the pan with water, NOT THROWN AWAY!
3. Students are to use proper manners including eating quietly.
4. Students may not throw food or other items.
5. Second servings are available to those who have made an effort to clean their trays and have requisite funds as required by board policy.
6. Students should remain at their tables until they are dismissed.
7. Students must treat lunch personnel with respect.
8. Students who violate the above rules will be disciplined.

Candy and Gum

Students may not bring candy or gum to school unless they have prior permission from their classroom teacher or the administration.

Cell Phones and Other Electronic Devices

Students may not use cell phones or other electronic devices while at school, except as permitted in this handbook.

Students may use cell phones or other electronic devices on the school sidewalks and in the common areas of the school before and after school, so long as they do not create a distraction or a disruption. Students may not use cell phones or other electronic devices while they are in locker rooms or restrooms. Students must comply with each teacher's classroom rules regarding cell phone use in class.

Students may not use cell phones or other electronic devices while riding in a school vehicle unless they have express permission to do so from the vehicle's driver.

Students are personally and solely responsible for the security of their cell phones and other electronic devices. The school district is not responsible for theft, loss, or damage of a cell phone or any calls made on a cell phone.

Students who violate this policy will have their cell phones or other electronic devices confiscated immediately. The administration will return confiscated devices to the offending student's parent or guardian after meeting with the parent or guardian to discuss the violation. Students who violate this policy may, at the discretion of the school's administration, be subject to additional discipline, up to and including suspension or expulsion.

The taking, disseminating, transferring, or sharing of obscene, pornographic, lewd, or otherwise illegal images or photographs, whether by electronic data transfer or otherwise may constitute a crime under state and/or federal law. Any person engaged in these activities while on school grounds, in a school vehicle or at a school activity will be subject to the disciplinary procedures of the student code of conduct. Any student found to be in possession of obscene, pornographic, lewd, or otherwise illegal images or photographs will be promptly referred to law enforcement and/or other state or federal agencies, which may result in arrest, criminal prosecution, and possible inclusion on sex offender registries.

Confiscation of personal electronic devices:
Personal electronic devices used in violation of this policy may be confiscated by school personnel, placed in an envelope, and returned to the student or parent/guardian at an appropriate time. If an electronic device is confiscated, the electronic device shall be taken at the earliest possible time to the school's main office to be identified, placed in a secure area, and returned to the student and/or the student's parent/guardian in a consistent and orderly way.

1st Violation: Depending upon the nature of the violation and the imposition of other appropriate disciplinary action, consequences at a minimum may include a relinquishment of the electronic device to the school administration and a conference between the student and school principal or assistant principal. The electronic device shall remain in the possession of the school administration until such time as the parent or guardian comes to the school's main office and retrieves the electronic device.

2nd Violation: Depending upon the nature of the violation and the imposition of other appropriate disciplinary action, consequences at a minimum may include a relinquishment of the electronic device to the school administration and a conference between the student and his/her parent/guardian and the school principal or assistant principal. The electronic device shall remain in the possession of the school administration until such time as the student's
parent/guardian personally comes to the school's main office and retrieves the electronic device.

3rd and subsequent violations: Depending upon the nature of the violation and the imposition of other appropriate disciplinary action, consequences at a minimum may include a relinquishment of the electronic device to the school administration, a conference between the student and his/her

parent/guardian and the school principal or assistant principal, and In-School-Suspension. The electronic device shall remain in the possession of the school administration until such time as the student's parent/guardian personally comes to the school's main office and retrieves the electronic device.

Cheating, Plagiarism, and Academic Dishonesty

Students may not cheat, plagiarize, or otherwise participate in any academic dishonesty in any form. Prohibited behavior includes:

- Obtaining, attempting to obtain, or aiding another person to obtain credit for work by any dishonest or deceptive means.
- Lying.
- Copying another person's work or answers.
- Discussing the answers or questions on a test or assignment unless specifically authorized by the teacher.
- Taking or receiving copies of a test without the permission of the teacher.
- Using or displaying notes, "cheat sheets," or other sources of unauthorized information.
- Using the ideas or work of another person as if they were your own without giving proper credit to the source. This includes the use of AI.
- Submitting work or any portion of work completed by another person.
- Failing to give credit for ideas, statements, facts, or conclusions which rightfully belong to another person.
- Failing to use quotation marks or other appropriate means of attribution when quoting directly from another person or source.

A student who cheats, plagiarizes, or otherwise participates in any academic dishonesty is subject to discipline, up to and including expulsion.

Child Abuse and Neglect

School employees will report suspected abuse or neglect of a child as required by state law and school policy. Nebraska law defines abuse or neglect as knowingly, intentionally, or negligently causing or permitting a minor child or an incompetent or disabled person to be (1) placed in a situation that endangers his or her life or physical or mental health; (2) cruelly confined or cruelly punished; (3) deprived of necessary food, clothing, shelter or care; (4) left unattended in a motor vehicle, if such child is six years of age or younger; (5) sexually abused; (6) placed in a situation to be sexually exploited through sex trafficking of a minor as defined in state law or by allowing, encouraging, or forcing such person to engage in debauchery, public indecency, or obscene or pornographic photography,

films, or depictions; or (7) placed in a situation to be a trafficking victim as defined in state law.

Class Dismissal

Classes are in session from the ringing of the tardy bell until the teacher dismisses the class. The bell at the end of the period is not a dismissal bell, and students may not leave their classrooms until they have been excused by their classroom teacher.

SES ARRIVAL AND DISMISSAL

Arrival:

1. Students should not arrive at school before 7:45 a.m. unless the student is eating breakfast at 7:30 or school personnel have requested them to arrive before that time. The school cannot assume responsibility for children who arrive earlier. The tardy bell rings at 8:10 a.m.
2. Students cannot enter the building before 8:00 a.m. unless they have a pass/note from a teacher or a parent breakfast in our lunchroom.
3. Students are not to play on the equipment or play games while waiting to come inside.
4. K-5 students are required to participate in the SES Walking Club. We have developed the SES Walking Club to eliminate conflicts between students that were happening as they waited on their assigned classroom line. We have seen a huge benefit of our students walking before school. Our students are more alert and focused on learning.
5. When the bell rings, walking club supervisors will give the students permission to enter the building. When the students enter the building, they are expected to be quiet. They should go directly to their lockers and then into their classrooms.

Cold Day or Rainy Day Procedures:

The supervisor on duty will inform the students if they are to come inside. On days that the students come inside, they will enter the building using the lunchroom doors and walk directly to their designated gym for walking club. The "supervision team" on duty on that given time will monitor the students.

Dismissal

All students must leave school property by 3:45 p.m. each day unless attending the After School Program. The school cannot assume responsibility for children who remain on school grounds after dismissal. If students are in the building after 3:45 p.m., they must be under the direct supervision of a teacher/sponsor/coach. Students are NOT to be out of their designated areas once they leave the building, but are still on school property. Parents should make an effort to drop off and pick up their children relative to where their children enter/leave

the building each day. If a child is left at school after 4:00 p.m., he/she will be promptly taken to the Schuyler Police Department hence this is where the parent will need to pick up his/her child. In the case of a parent being continuously late, the administrative team will send a letter to the county attorney to make him/her aware of this situation.

Classroom Behavior

Student behavior and attitude in the classroom must be cooperative and serious. All students must:

- arrive to class on time;
- prepare for class with all necessary materials;
- be considerate of others;
- respond promptly to all directions of the teacher; and
- take care of school property and the property of others.

Teachers will establish classroom conduct rules that students must obey.

Closed Campus

Students may not leave the building without permission from the administration. ~~Students may leave campus to go home for lunch if they have secured their parents' written permission and submitted it to the office.~~

Coats and Boots

Elementary students must wear coats outdoors when the weather makes it advisable. The staff will decide when coats are required for recess.

Elementary students may choose to wear overshoes or boots when the playground is wet or muddy. Waterproof boots worn to school should be taken off and regular shoes worn during the day. Boots worn to school must be marked with the student's name.

Communicable Diseases

Any student who has contracted a contagious disease may be restricted from attendance at school until the student is no longer contagious. The school district uses the Title 173- Nebraska Health and Human Services/Control of Communicable Disease, Chapter 3 of the Nebraska Administrative Code as a "best practice" guideline for contagious and infectious diseases. If there are questions regarding the communicability of your child's health condition or if you know your child has contracted a contagious or communicable disease or condition not otherwise specified in board policy or this handbook, please call the school nurse at the building your student attends.

Communicating with Parents

Parents shall be kept informed of student progress, grades, and attendance through report cards, progress reports, and parent/teacher conferences. The school district will notify parents if their students are failing or close to failing. The school district will endeavor to notify parents of failing students prior to entry of the failing grade on the student's report card. Parents will also be notified of their student's possible failure to meet graduation requirements. Other pertinent information will be communicated to parents by mail or by personal contact. Official transcripts of student progress, grades, and attendance will be sent to other school systems upon the student's transfer when the district receives a written request signed by the student's parent or guardian or upon being notified that the student has enrolled in another school.

Complaint Procedure

Good communication helps to resolve many misunderstandings and disagreements. This complaint procedure applies to complaints unless the complaint is subject to a different procedure required by law, policy or contract. Individuals who have a complaint should discuss their concerns with appropriate school personnel in an effort to resolve problems at the lowest level of the chain of command. When those efforts do not resolve matters satisfactorily, including matters involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age, a complainant should follow the procedures set forth in any specific policy addressing those areas or the procedures set forth below. Allegations of sex discrimination covered by Title IX will be addressed through the board's Title IX policy.

References to "coordinator" in this policy refer to the board-designated coordinator for the applicable area, such as the Section 504 Coordinator for allegations of disability-based discrimination.

Under this policy, factual conclusions will be based on a preponderance of the evidence.

Complaint and Appeal Process.

1. The first step is for the complainant to speak directly to the person(s) with whom the complainant has a concern. For example, a parent who is unhappy with a classroom teacher should initially discuss the matter with the teacher. However, the complainant should skip the first step if complainant reasonably believes speaking directly to the person would subject complainant or complainant's student to discrimination or harassment.

2. The second step is for the complainant to speak to the building principal, coordinator, superintendent of schools, or president of the board of education, as set forth below. Anyone with questions about the appropriate person to speak with may request clarification from the superintendent.

    a) Complaints about the operation, decisions, or personnel within a building should be submitted to the principal of the building.

    b) Complaints about the operations of the school district or a building principal should be submitted in writing to the superintendent of schools.

    c) Complaints about the superintendent of schools should be submitted in writing to the president of the board of education.

    d) Complaints involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age may also be submitted at any time during the complaint procedure to the applicable coordinator. Complaints involving discrimination or harassment may also be submitted at any time to the Office for Civil Rights, U.S. Department of Education: by email at OCR.KansasCity@ed.gov; by telephone at (816) 268-0550; or by fax at (816) 268-0599.

3. When a complainant submits a complaint to an administrator or coordinator, the administrator or coordinator shall first determine whether another applicable procedure is required by policy or law and if so, direct the complaint to the appropriate person to follow that procedure. If not, the administrator or coordinator will promptly and thoroughly investigate the complaint, and shall:

    a) Determine whether the complainant has discussed the matter with the respondent.

        1) If the complainant has not, urge the complainant to discuss the matter directly with the respondent, if appropriate.

        2) If the complainant refuses to discuss the matter with the respondent, the administrator or coordinator shall, in his or her sole discretion, determine whether the complaint should or must be pursued further.

b) Strongly encourage the complainant to reduce his or her concerns to writing.

c) Interview the complainant and, if necessary, the respondent against whom the complaint is filed, to determine:

1) All relevant details of the complaint;

2) All witnesses and documents which the complainant believes support the complaint;

3) The action or solution which the complainant seeks.

d) Respond to the complainant. If the complaint involves discrimination or harassment, the response shall be in writing and shall be submitted within 180 calendar days after the administrator or coordinator receives the complaint.

4. If either the complainant or the respondent is not satisfied with the decision, he or she may appeal the decision to the superintendent. The superintendent may assign a qualified designee to hear any appeal.

a) The appeal must be in writing.

b) This appeal must be received by the superintendent no later than three (3) calendar days from the date of the decision.

c) For complaints addressed through other applicable procedures that do not include a separate investigatory process, the superintendent will investigate as he or she deems appropriate.

d) The superintendent will prepare a written decision and provide it to the complainant and any other person entitled by law to receive the appeal decision. For complaints involving discrimination or harassment, the superintendent shall submit the decision within 180 calendar days after the superintendent receives the complainant's written appeal. Appeals to the superintendent from complaints involving discrimination or harassment are final once the superintendent delivers the written decision, as are all other appeals/complaints to the superintendent unless the complaint can be appealed on the limited grounds to appeal to the board below.

5. The board's role is to set policy, establish and implement a budget, and evaluate the superintendent. The board does not manage the daily operations of the school district entrusted to its administration unless required by law or policy. Because of the board's statutory roles, it does not hear complaints or appeals that may involve oversight or discipline of students, staff, or others, unless those involve the superintendent as discussed below. The board does not hear complaints or appeals based on allegations of discrimination or harassment unless otherwise required by law. The board will hear appeals only in the following circumstances:

    a) When the complaint is about a board policy, not implementation of the policy;

    b) When the complaint involves the budget or school expenditures that have been or must be approved by the board; or

    c) When the board is required by law, policy, or contract to hear a complaint or appeal.

6. If a complaint involves those limited grounds and a party is not satisfied with the superintendent's decision regarding the complaint or appeal, he or she may appeal the decision to the board.

    a) This appeal must be in writing.

    b) This appeal must be received by the board president no later than ten (10) calendar days from the date the superintendent communicated his/her decision to the complainant.

    c) This policy allows, but does not require the board to receive statements from interested parties and witnesses relevant to the complaint appeal. However, all matters involving discrimination or harassment allegations against the superintendent shall be promptly and thoroughly investigated by the board president or a designee.

    d) The board president will notify the complainant and any other person legally required to receive the decision in writing of its decision. If the complaint involves discrimination or harassment allegations against the Superintendent, the board president shall submit the decision within 180 calendar days after receiving the written appeal.

e) There is no appeal from any decision of the board unless authorized by law.

7. Formal complaints about the superintendent shall be filed with the president of the board. However, complaints about the superintendent do not include disagreement with the superintendent's decision on appeal based on a complaint of discrimination, harassment, or action of any other employee who is not the superintendent. Upon receipt of a complaint, the board president or his or her designee shall promptly and thoroughly investigate the complaint, and shall:

a) Coordinate with school district staff, other than the superintendent, to determine if another procedure in policy or law requires the complaint against the superintendent to follow another procedure. If so, the board president will coordinate handling the complaint through that procedure. If another procedure applies, such as in the case of allegations of sex discrimination against the superintendent, the board president or, at his or her discretion, the full board will serve only to hear any appeal by a party to the complaint.

b) Determine whether the complainant has discussed the matter with the superintendent.

1) If the complainant has not, the board president or designee will urge or require the complainant to discuss the matter directly with the superintendent, if appropriate or required.

2) If the complainant refuses to discuss the matter with the superintendent, the board president shall, in his or her sole discretion, determine whether the complaint should or must be pursued further.

c) Determine, in his or her sole discretion, whether to place the matter on the board agenda for consideration at a regular or special meeting by the full board.

d) Respond to the complainant or appeal. If the complaint or appeal involves discrimination or harassment, the response shall be in writing and shall be submitted within 180 calendar days after the president received the complaint.

e) Appoint or contract with other individuals qualified to assist the board through this process or any other applicable procedure used to address allegations against the superintendent.

No Retaliation. The school district prohibits retaliation against any person for filing a complaint or for participating in the complaint procedure in good faith.

Special Rules Regarding Educational Services and Related Services to Students with Disabilities. Students with disabilities and their families have specific rights outlined in state and federal law, including administrative processes by which they may challenge the educational services being provided by the school district. Therefore, the appeal process contained in this policy may not be used to challenge decisions made by a student's individualized education plan (IEP) team or 504 team.

Complaints about the educational services provided to a student with a disability, including but not limited to services provided to a student with an IEP, access to curricular and extracurricular activities, and educational placement must be submitted to the school district's Director of Special Education. The Director of Special Education will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of IDEA Parental Rights promulgated by the Nebraska Department of Education.

Complaints about the educational services provided a student with a disability pursuant to a Section 504 plan must be submitted to the school district's 504 Coordinator. The 504 Coordinator will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of Section 504 Parental Rights adopted by the board of education.

Complaints about the educational services provided to a student who is suspected of having a disability must be submitted in writing to the school district's Director of Special Education or to the district's 504 Coordinator. The Director of Special Education or 504 Coordinator will either refer the student for possible verification as a student with a disability or will provide prior written notice of the district's refusal to do so.

Bad Faith or Serial Filings. The purpose of the complaint procedure is to resolve complaints at the lowest level possible within the chain of command. Individuals who file complaints (a) without a good faith intention to attempt to resolve the issues raised; (b) for the purpose of adding administrative

burden; (c) at a volume unreasonable to expect satisfactory resolution; or (c) for purposes inconsistent with the efficient operations of the district may be dismissed by the superintendent without providing final resolution other than noting the dismissal. There is no appeal from dismissals made pursuant to this section.

Computer Network Use by Students

Students are expected to use computers and the Internet as an educational resource. The following procedures and guidelines govern the use of computers and the Internet at school.

I. **Student Expectations in the Use of the Internet**

A. **Acceptable Use**

1. Students may use the Internet to conduct research assigned by teachers.
2. Students may use the Internet to conduct research for classroom projects.
3. Students may use the Internet to gain access to information about current events.
4. Students may use the Internet to conduct research for school-related activities.
5. Students may use the Internet for appropriate educational purposes.

B. **Unacceptable Use**

1. Students shall not use school computers to gain access to material that is obscene, pornographic, harmful to minors, or otherwise inappropriate for educational uses.
2. Students shall not engage in any illegal or inappropriate activities on school computers, including the downloading and copying of copyrighted material.
3. Students shall not use e-mail, chat rooms, instant messaging, or other forms of direct electronic communications on school computers for any unauthorized or unlawful purpose or in violation of any school policy or directive.

13. Students shall not take home technology equipment (hardware or software) without permission of the system administrator.
14. Students shall not falsify electronic mail messages or web pages.

II. **Enforcement**

A. Methods of Enforcement

1. The district monitors all Internet communications, Internet usage, and patterns of Internet usage. Students have no right of privacy to any Internet communications or other electronic files. The computer system is owned by the school district. As with any school property, any electronic files on the system are subject to search and inspection at any time.
2. The school district uses a technology protection measure that blocks access to some Internet sites that are not in accordance with the policy of the school district. Standard use of the Internet utilizes a proxy server-based filter that screens for non-curriculum related pages.
3. Due to the nature of filtering technology, the filter may at times filter pages that are appropriate for student

research. The system administrator may override the technology protection measure for the student to access a site with legitimate educational value that is wrongly blocked.

4. The school district staff will monitor students' use of the Internet through direct supervision and by monitoring Internet use history to ensure enforcement of the policy.

B. Consequences for Violation of this Policy

1. Access to the school's computer system and to the Internet is a privilege, not a right. Any violation of school policy and rules may result in:
   a. Loss of computer privileges;
   b. Short-term suspension;
   c. Long-term suspension or expulsion in accordance with the Nebraska Student Discipline Act; and
   d. Other discipline as school administration and the school board deems appropriate.
2. Students who use school computer systems without permission and for non-school purposes may be guilty of a criminal violation and will be prosecuted.

III. Protection of Students

A. Children's Online Privacy Protection Act (COPPA)

1. The school will not allow companies to collect personal information from children under 13 for commercial purposes. The school will make reasonable efforts to disable advertising in educational computer applications.
2. This policy allows the school to act as an agent for parents in the collection of information within the school context. The school's use of student information is solely for education purposes.

B. Education About Appropriate On-Line Behavior

1. School district staff will educate students about appropriate online behavior, both in specific computer usage units and in the general curriculum.
2. Staff will specifically educate students on
   a. Appropriate interactions with other individuals on social networking websites and in chat rooms.
   b. Cyberbullying awareness and response.
3. The School District's technology coordinator shall inform staff of this educational obligation and shall keep records of the instruction which occurs in compliance with this policy

Conferences

Students' academic success has been closely linked to parental involvement in school. The school district has formal parent-teacher conferences at the end of the first quarter and during the third quarter.

In addition to formal conferences, classroom teachers will communicate with parents as necessary. Parents are encouraged to communicate with their student's teacher or the building principal to discuss parental concerns, student needs or any other issue.

Copy Machines

Copiers are available for general instructional use, and are not intended to substitute for typical research or note taking methods. These machines are not to be used without permission of school personnel. Students who wish to copy materials for use in class must have a teacher's note requesting the student be allowed to use the machine. A $.10 per page copying charge will be assessed for personal copies.

Copyright and Fair Use

The school district complies with federal copyright laws. Students must comply with copyright laws when using school equipment or working on school projects and assignments. Federal law prohibits the unauthorized reproduction of works of authorship, regardless of the medium in which they were created.

The "fair use" doctrine allows limited reproduction of copyrighted works for educational and research purposes. "Fair use" of a copyrighted work includes reproduction for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research. Students who are unsure whether their proposed reproduction of copyrighted material constitutes "fair use" should consult with their teacher or building principal, review the school district's copyright compliance policy, and review *Copyright for Students* found at https://www.whoishostingthis.com/resources/student-copyright/. You can find more information on copyright compliance requirements and permitted uses from the U.S. Copyright Office and the Library of Congress at the following site: http://www.loc.gov/teachers/usingprimarysources/copyright.html.

Damage to School Property

Students who damage school property either intentionally or unintentionally may be required to pay to replace or restore the property, at the discretion of the administration.

Dating Violence

Dating violence, as that term is defined by Nebraska law, will not be tolerated by the school district. Students who engage in dating violence on school grounds, in a school vehicle or at a school activity or that otherwise violates the Nebraska Student Discipline Act will receive consequences consistent with the Act and the district's student discipline policies.

The school district shall provide dating violence training to staff deemed appropriate by the administration and in accordance with Nebraska law.

Discrimination and Harassment

Students who believe that they have been the subject of unlawful discrimination or harassment due to their disability should contact the following Section 504 Coordinator: April Becker at 402-352-3527, april.becker@schuylercommunityschools.org or in person at school. Students who believe that they have been the subject of unlawful discrimination or harassment due to their sex should contact the following Title IX Coordinator: Samantha Ladwig at 402-352-3527, samantha.ladwig@schuylercommunityschools.org, 120 W 20th St., or in person at school. Students who believe that they have been the subject of any other unlawful discrimination or harassment should contact the Superintendent or Designee at 402-352-3527 (phone number), or in person at school. Students may report discrimination or harassment to any staff member who will then forward it on to the appropriate coordinator or administrator. The staff member will follow school district policies to respond to the report.

Dress Code

The District prohibits student attire or appearance that:

- Causes or is likely to cause a material and substantial disruption to the District's programs and activities.
- Promotes, depicts, or refers to violence, drugs, alcohol, vulgarity, obscenity, illegal activity, hate speech, bullying speech, or harassing speech.
- Includes words, gestures, or images that contain or imply sexual content or innuendo.
- Otherwise undermines the District's mission to inculcate the habits, manners, and values fundamental to civility, community, and the educational environment.

Violations of the dress code shall be addressed in a manner consistent with the Student Code of Conduct. The District reserves the right to request

immediate attire changes from students. The District will require students to adhere to uniform standards and/or wear district approved or issued uniforms in order to participate in activities.

Students may be required to wear protective clothing or equipment or otherwise modify their attire or secure their hair to ensure the safety of themselves and others. In such cases, a good faith effort to reasonably accommodate students will be made to ensure safety without compromising religious beliefs, grooming practices, or requiring students to permanently alter their appearance. The least restrictive means appropriate to address the identified health or safety concern shall be used.

Driving and Parking Personal Vehicles

Students who drive privately owned motor vehicles to school must obey the following rules:

1. Students may not move their vehicles during the school day without the permission of the building principal or superintendent. Students will not be allowed to sit in or be around their vehicles during the school day, without administrative permission.
2. Students must drive with care to ensure the safety of the pedestrians. Students may not drive carelessly or with excessive speed.
3. By driving personal vehicles to school and parking on school grounds, students consent to having that vehicle searched by school officials when they have reasonable suspicion that such a search will reveal a violation of school rules.

Parking space for students is located in the west parking lot during school hours. All students in grades 9, 10, 11, and 12 are to park in the lot west of the west gym. The areas south of the industrial technology and west gyms are not considered student-parking areas during the school day. All vehicles driven by students are to be parked in the lots or stalls provided by the school. Cars and other vehicles not properly parked may create problems for emergency vehicles such as fire trucks and ambulances needing to gain quick access to areas of the building or surrounding homes. Therefore, improperly parked vehicles will have to be moved. **Students who park improperly will be warned once and after that be towed at the student's cost.** Students are not to be in the school parking lot during the noon hour or at any other time of the day unless permission has been granted. **Students are not to park in assigned staff parking places, in fire lanes, etc.**

Drug Free Schools

The board of education has adopted policies to comply with the Federal Drug-Free Schools and Communities Act. Students are prohibited from using, possessing, or selling any drug, alcohol, or tobacco while on school grounds, at a school activity or in a school vehicle. In addition, students who participate in the school's activities program should refer to the Activities Handbook which prohibits the use or possession of alcohol, controlled substances and tobacco at all times.

Any student who violates any school policy regarding drug, alcohol, and tobacco use will be disciplined, up to and including short-term suspension, long-term suspension, or expulsion from school and/or referral to appropriate authorities for criminal prosecution.

The district implements regulations and practices which will ensure compliance with the federal Safe and Drug-Free Schools and Communities Act and all regulations and rules promulgated pursuant thereto. The district's safe and drug-free schools program is established in accordance with principles of effectiveness as required by law to respond to such harmful effects. The consistent message of the program is that the use of illicit drugs and the unlawful possession and use of alcohol is wrong and harmful.

Education and Prevention - The district promotes comprehensive, age appropriate, developmentally based drug and alcohol education and prevention programs. The curriculum includes the teaching of both proper and incorrect use of drugs and alcohol for all students in all grades. The district provides in-service orientation and training for staff with regard to drug and alcohol education and prevention programs. Drug and Alcohol Use and Prevention - Each student of the district is hereby provided a copy of the standards of conduct for student behavior in the District which prohibits the unlawful possession, use, or distribution of illicit drugs and alcohol on school premises or as a part of any of the school's activities.

Drug and alcohol education and prevention programs of the district pursuant to the Safe and Drug-Free Schools and Communities Laws and Regulations - All students are provided an age appropriate, developmentally based drug and alcohol education and prevention program. The program educates on the adverse effects of the use of illicit drugs and alcohol, with the primary objective being the prevention of illicit drug and alcohol use by students.

Drug and alcohol counseling, rehabilitation and re-entry programs - Information concerning available drug and alcohol counseling, rehabilitation, and re-entry programs is available to all of the students upon request of the

counselor. In the event of disciplinary proceedings against a student for any district policy pertaining to the prohibition against the unlawful possession, use, or distribution of illicit drugs and alcohol, appropriate school personnel will confer with the student and the student's parents or guardian concerning available drug and alcohol counseling, rehabilitation, and re-entry programs that appropriate school personnel consider to be of benefit.

Safe and Drug-Free Schools--Parental Notice - If upon receipt of information regarding the content of safe and drug free school programs and activities other than classroom instruction a parent objects to the participation of their child in such programs and activities, the parent may notify the district of such objection in writing. Upon the receipt of such notice the student will be withdrawn from the program or activity to which parental objection has been made.

STANDARDS OF STUDENT CONDUCT PERTAINING TO DRUGS, ALCOHOL AND TOBACCO: These standards are in addition to standards of student conduct elsewhere adopted by board policy or administrative regulation. The district's standards prohibit the possession, use, or distribution of illicit drugs or alcohol on school premises, in school vehicles, or as a part of any of the school's activities on or off school premises. Conduct prohibited at places and activities as hereinabove described shall include, but not be limited to, the following:

1. Possession, use, distribution, or being under the influence of any controlled substance, including but not limited to marijuana, any narcotic drug, any hallucinogen, any stimulant, or any depressant.
2. Possession of any prescription drug in an unlawful fashion.

5. Possession, use, or distribution of any look-alike drug or look-alike controlled substance when such activity constitutes substantial interference with school purposes.
6. Possession, use or distribution of any tobacco/vaping product.

Disciplinary Sanctions

Violation of any of the above-prohibited acts will result in disciplinary sanction being taken within the bounds of applicable law, up to and including expulsion and referral to appropriate authorities for criminal prosecution. In particular, students should be aware that:

1. Violation of these standards may result in suspension or expulsion.
2. Prohibited substances will be confiscated and unlawful substances will be turned over to law enforcement
3. The student may be referred for counseling or treatment.
4. Parents or legal guardians will be notified.
5. Law enforcement will be notified.
6. If it appears there is imminent danger to the student, other students, school personnel, or students involved, emergency medical services will be contacted.

Intervention

The district does not have the authority or responsibility to make medical or health determinations regarding chemical dependency. However, when observed behavior indicates that a problem exists which may affect the student's ability to learn or function in the educational environment, the school has the right and responsibility to refer the student for a formal chemical dependency diagnosis based on behavior observed by school staff.

Administration

The administration is authorized to adopt such administrative rules, regulations or practices necessary to properly implement this policy. Such regulations, rules, or practices may vary the procedures set forth herein to the extent necessary to fit the circumstances of an individual situation. Such rules, regulations, and practices may include administrative forms, such as checklists to be used by staff to record observed behavior and to determine the proper plan of action.

Nebraska Statute Section 79-267

Criminal Activity

When school officials receive a report that a student was involved (whether charged or not) or convicted of an unlawful act, including any determination made by the juvenile/adult court, the student shall be contacted. This policy pertains to unlawful acts and juvenile/adult determinations that principally do not fall under the drug and alcohol policy and constitutes a criminal violation (whether charged or not) or a

juvenile/adult court determination/conviction of what would otherwise be a criminal act. The intent of this policy is concerned with offenses involving property damage, theft, personal injury, or lack of moral turpitude. Violations may include, but are not limited to violations such as theft, vandalism, and assault. Students that are in violation of criminal activity shall be subject to stated consequences of the behavior for school and activity participation.

First Offense

Any student who is determined to be in violation of the alcohol, and/or drug offenses (beyond possession) and/or criminal activity shall receive an out of school suspension (OSS) from class attendance and activity participation for a period of four (4) days. The student will be expected to complete counseling from school personnel prior to returning to classes and complete three hours of school service work within one week of the suspension. This work will be arranged to occur at times other than during regular school hours.

The school administration shall have the option to reduce the number of days suspended from 19 to four (4) if the student and parents agree to have a diagnostic evaluation conducted by a school-approved treatment provider and that recommendations resulting from this evaluation are followed. The student will be expected to complete counseling from school personnel prior to returning to classes and complete three hours of school service work within one week of the suspension. This work will be arranged to occur at times other than during regular school hours.

Third Offense

Schuyler Community Schools Drug Testing Policy

Need for Random Testing.

The board of education is responsible for maintaining discipline, health and safety. The board recognizes that substance abuse presents a continuing challenge and a danger to the student population as a whole. The board is committed to maintaining school sponsored activity programs in a safe, healthy and secure environment. The board is further committed to being proactive in ensuring that students who participate in extracurricular activities represent the district in a positive manner

Eligibility for Random Testing

Students who participate in school sponsored competitive extracurricular activities, as defined in the student handbook at the middle school and high school (Grades 7-12) levels are eligible for random testing. Students who do not consent to participate in the testing program shall not be eligible to participate in school sponsored competitive extracurricular and co-curricular activities. Parents/guardians may volunteer their child for participation in the testing program even if they do not participate in a school sponsored competitive extracurricular activity.

Testing Procedure.

a. Random Testing.
The superintendent or designee will ensure the testing of eligible students occurs on a scheduled basis through confidential and random testing schedule.

b. Collection
The testing collection process will be conducted in a manner that protects student privacy, guards against tampered specimens and ensures an accurate chain of custody. It is intended that the procedures be modeled on those applicable to the testing of DOT covered employees, though methods other than testing of urine samples may be used. The tests are to be designed to detect only the use of illegal drugs, not medical conditions or the presence of authorized prescription medications.

C. Confidentiality

All activities related to the testing policy will be carried out in accordance with the requirements of the Family Educational Rights and Privacy Act (FERPA), the Protection of Pupil Rights Amendment (PPRA), and any other applicable confidentiality laws.

Consequences for Positive Tests.

Any of the following shall be considered to be a positive test result:

- A confirmed positive drug test;
- Refusal to participate in testing when selected; and/or
- Tampering with the specimen collection process.

The following shall result from a positive test result:

1. The student or the student's parents or guardians should contact the building principal or designee within 48 hours of notification of a positive test result.
2. If there is no self-reporting within 48 hours by the student and/or their parents or guardian, the building principal or designee will call and set up a meeting to discuss the positive test result, with the objective of collaborating on a plan to assist the student in avoiding future substance abuse.
3. The student's privilege of participating in extracurricular or co-curricular activities will be restricted as follows:
4. Positive results from a student tested based on probable cause or reasonable suspicion will receive consequences based on student code of conduct as stated in the Schuyler Community Schools student handbook.
5. The parents or guardians are responsible for the costs of any rehabilitation program, which includes substance abuse counseling and follow-up.
6. Positive results will not lead to the imposition of any academic consequence or disciplinary action, other than the above-described limitations on the privilege to participate in extracurricular activities.
7. Appeal and Due Process Procedures

The superintendent or the superintendent's designee is directed to develop specific testing procedures consistent with this policy.

Drug Testing Procedures

Student Eligibility for Random Testing

Students who participate in school sponsored competitive extracurricular and co-curricular activities, as defined by the student handbook, at the middle and high school (Grades 7-12) levels are eligible for random testing. School sponsored extracurricular and co-curricular competitive activities, as defined by the student handbook, are activities which are sponsored or approved by the board, but are not required for credit towards graduation, and which involve competition, comparison, or judging of the individuals or groups with other individuals or groups as part of selection or participation.

To participate in a school sponsored competitive extracurricular or co-curricular activity, students must submit a completed consent to test form on or before the first practice or on or before the first event or meeting, whichever is applicable. The form must be signed by the student and the student's parent or guardian.

Failure to submit a completed consent to test form will result in ineligibility for participation in school sponsored competitive extracurricular activities until the form is submitted.

Students remain eligible for testing from the date the consent to test form is turned in until a drop form is completed, or until the student graduates or is otherwise no longer enrolled in the district. A student for whom a drop form has been submitted shall be ineligible for participation in school sponsored extracurricular activities for twelve months from the date the drop form is submitted. Students have a fifteen (15) day grace period for reconsideration of a drop form.

Students who are not participants in a school sponsored extracurricular activity may volunteer for participation in the testing program by submitting a completed consent to test form.

Consent to Test form can be found in the Appendix section of this handbook.

Emergency Contact Information

Parents must complete an emergency information card for each child enrolled in the district. The card should list the family physician's name, where parents or a responsible adult can be located, and any necessary emergency instructions. Parents must promptly inform the school if this contact information changes during the school year.

Evacuations

The school district will hold routine evacuation drills throughout the school year. Classroom teachers will provide students with detailed instructions on building evacuations.

Eye Exams

All students enrolling in kindergarten or transferring into the school district from out of state must undergo a visual examination by a physician, a physician assistant, an advanced practice registered nurse, or an optometrist , which consists of testing for amblyopia, strabismus, and internal and external eye health, with testing sufficient to determine visual acuity, except that no such physical examination or visual evaluation shall be required of any child whose parent or guardian objects in writing. They must provide evidence of the vision examination within six months prior to entrance. The cost of such physical examination and visual evaluation shall be borne by the parent or guardian of each child who is examined.

Food Service Program

The school district provides a food service program that is designed to provide adequate nutrition and an educational experience for students.

Breakfast

The school will serve breakfast daily from 7:30 a.m. until 7:50 a.m. Students who qualify for free or reduced-price lunch also qualify for free or reduced-price breakfast. The school district charges students $1.75 and adults $2.75 for breakfast.

Lunch

Lunch prices depend on the federal funding that the program receives. Lunch for K-6 is $2.70. Lunch for 7-12 lunch is $2.70 for students and $4.40 for adults.

Milk break

The school will offer a milk program to students in grades K-2. All milk served to a student (except the initial carton served with lunch) will cost $0.75 per half pint. The price for milk may change during the school year. Milk will be served at the morning recess. Teachers will record the number

of cartons of milk each child consumes and give the information to the office at the end of the month where it will be added to the family account.

Payment for Meals
Students are encouraged to pay for meals several weeks in advance. Payment should be made to the bookkeeper in the office.

If a student has no funds available to pay for a meal, the student will be provided and charged for a limited "courtesy meal" option, such as a plain sandwich.

Students who qualify for free meals will not be denied a reimbursable meal, even if they have accrued a negative balance from other food purchases. School staff may prohibit any students from charging a la carte or extra items if they do not have cash in hand or their account has a negative balance.

If a student repeatedly lacks funds to purchase a meal, has not brought a meal from home, and is not enrolled in a free meal program, the district will use its resources and contacts to protect the health and safety of the student. Failure or refusal of parents or guardians to provide meals for students may require mandatory reporting to child protection agencies as required by law.

Collection of Delinquent Meal Charge Debt
The school district is required to make reasonable efforts to collect unpaid meal charges. The building principal or his or her designee will contact households about unpaid meal charges and notify them again of the availability of the free and reduced meal program and/or establish payment plans and due dates by telephone, e-mail, or other written or oral communication. If these collection efforts are unsuccessful, the school district may pursue any other methods to collect delinquent debt as allowed by law.
Collection efforts may continue into a new school year.

Notice of Non-discrimination
In accordance with federal law and U.S. Department of Agriculture policy, this institution is prohibited from discrimination on the basis of race, color, national origin, sex, age, disability, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA. Individuals who are deaf, hard of hearing or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

Field Trips

Classes occasionally take field trips off school property for educational enrichment. A student's parent, or "caregiver" as that term is defined in the Nebraska Strengthening Families Act, must authorize a student to participate in a field trip by signing a permission slip and providing it to the school before the field trip. Students who have not completed classroom work on time may not be allowed to attend field trips. Students must comply with the student code of conduct, any applicable extracurricular conduct codes, and all directives by trip chaperones.

First-Aid

First-aid items may only be used by school staff. Students who need first aid should ask for assistance from their classroom teacher or the nearest staff member.

Head Lice

Students found to have live head lice or louse eggs will not be permitted at school and will be sent home. Upon discovering the presence of any indication of lice or louse eggs the student's parent(s) or guardian(s) will be notified, and if appropriate will be asked to pick up the student from school immediately.

Students will not be permitted to return to school until the district finds that no live lice or eggs can be detected. The parent(s) or guardian(s) will be required to treat the student and accompany the student to school to be examined.

The student cannot ride the school bus until the district has cleared the student to return to school.

Health Problems Limiting Activities

Parents who do not want their children to play outdoors or participate in physical education for health reasons must send a written request to school. If a student persistently requests to be excused from these activities, the building principal or classroom teacher may require a doctor's verification.

Parents should notify the principal or superintendent if their student has any special health problems such as diabetes, asthma, or the like.

Homebound Instruction

The school district may provide a student with instruction in his or her home and under parental supervision if the student is physically or mentally ill or injured and unable to attend regular classes for an extended period of time. Homebound instruction shall be provided when the student's physical and mental condition are such that the student can benefit from instruction and no other provision will meet the student's educational needs. If you believe that homebound instruction is appropriate for your child, please contact the building principal to initiate the appropriate process to determine eligibility.

Homeless Children and Youth

Homeless students generally include children who lack a fixed, regular, and adequate nighttime residence, as further defined by applicable state and federal law.

It is the school's policy not to stigmatize or segregate homeless students on the basis of their status of being homeless. Transportation for homeless students who enroll in the district shall be furnished by the district under the same guidelines applying to other students or if such transportation is necessary for compliance with federal law.

Each homeless child shall be provided services for which the child is eligible comparable to services provided to other students in the school selected regardless of residency. Homeless children shall be provided access to education and other services that such children need to ensure that they have an opportunity to meet the same student performance standards to which all students are held.

If a homeless child registered to attend school in the district is receiving family reconciliation services pursuant to state law, the district will work in cooperation with any county or department of social services in the district to jointly develop an educational program for the child. The district's

homeless coordinator is the Director of Special Programs, who may be contacted at 402-352-3527.

Illness or Injury at School

Students who feel ill or are hurt while at school should seek immediate assistance from their classroom teacher or the nearest staff member. The school will contact parents to pick students up from school whenever necessary. When school officials determine that a student needs immediate medical attention but the parents cannot be reached by phone, emergency services will be summoned or the student will be taken directly to the doctor and/or hospital. Parents must complete an emergency information card for each child enrolled in the district. The card should list the family physician's name, where parents or a responsible adult can be located, and any necessary emergency instructions.

Immunizations

All students must furnish one of the following to school officials:

- proof of adequate immunizations for mumps, measles, rubella; diphtheria, pertussis, tetanus; polio; and hepatitis B series; or
- a signed parental statement of refusal to provide the immunization history. Homeless students who are in need of immunizations will be referred to the homeless coordinator, who shall assist in obtaining necessary immunizations or medical records.

Provisional Enrollment. Students who meet the statutory requirements for provisional enrollment shall be allowed to attend school for sixty days without the necessary immunizations.

Students who are excepted from the immunization requirement may be excluded from school in the event of an outbreak of any contagious disease in the school population.

Immunization Enrollment Requirements

Medical Requirements for School Entrance

It is strongly encouraged for school entry to have a vision exam by an ophthalmologist or optometrist consisting of testing for amblyopic, strabismus, internal and external eye health, and testing to determine visual acuity. It is also strongly encouraged for school entry to have a dental exam done by a dentist. The parent/guardian may object in writing. The cost is borne by the parent/guardian.

Birth Certificate

State law requires that a certified copy of a student's birth certificate be provided within 30 days of enrollment of a student in school for the first time. You may obtain a certified copy from the Bureau of Vital Statistics in the state in which your child was born. Assistance in obtaining birth certificates may be obtained from Health Records Management, P.O. Box 95065, Lincoln, NE 68509-5065. There is a fee per certificate.

Please note: The document parents receive from the hospital looks like a birth certificate, but it is not a certified copy. A certified copy has the raised seal of the state of Nebraska on it and is signed by the director of Vital Statistics.
If a birth certificate is unavailable, other reliable proof of a student's identity must be used. These documents could include naturalization or immigration documents showing date of birth or country. The documents must be accompanied by an affidavit explaining the inability to produce a copy of the birth certificate.

Medical Physical
State law requires a student entering Kindergarten to have a doctor's physical upon the date of entrance. Should we have something on immunizations and up to date shot recorders as required by law?

Health, Accidents, Illness, and Medications
Under no circumstances should students leave the school without permission from the nurse or office. Students will not be allowed to make the decision to go home. Students are not to call their parents/guardians unless the nurse or office has been notified first.

We recommend that your child get a good night sleep each night during the school week. Lack of sleep can affect the quality of your child's daily work. We also recommend that each child eat a HEALTHY breakfast before coming to school each day.

Accidents
Since accidents can occur even though reasonable precautions are taken, we require an immediate and complete report of each injury. If a child is injured, the school will make every effort to notify the parent or person to be contacted in case of an emergency. If the school is unable to contact a parent/guardian, emergency numbers provided by parents/guardians will be used. It is important that these numbers be kept current. No child will be sent home unless contact is made with the parent/guardian or emergency contact. In the case of serious accident in nature, a rescue unit will be called immediately.

Asthma and Allergic Reaction Protocol
The district has adopted and implemented the Emergency Response to Life-Threatening Asthma or Systemic Allergic Reactions (Anaphylaxis) Protocol as required by the Nebraska Department of Education. Copies of Schuyler Community Schools' protocol can be requested from the school nurse.

The regulations that have been established comply with the Nebraska Department of Education rules regarding the protocol to follow in case of a life-threatening asthma or systemic allergic reaction and use of an EpiPen and Albuterol. The school will procure and maintain the equipment and medication necessary under the protocol in the case of any student or school staff emergency. The parent(s) or guardian(s) of a student of minority age must request a waiver if they want their student NOT to receive emergency treatment under this protocol.

Automated External Defibrillator (AED) Policy:

15. Medical Emergency Team will remain with the victim until Emergency Medical Services arrive.

Initiations and Hazing

Initiations and hazing by members of classes, clubs, athletic teams, or any other organization affiliated with the district are prohibited except as otherwise permitted by this policy. Any student engaging in hazing or non-approved initiations is subject to discipline as permitted by policy and law.

Initiations are defined as any ritualistic expectations, requirements, or activities placed upon new members of a school organization for the purpose of admission into the organization, even if those activities do not rise to the level of "hazing" as defined below. Initiations are prohibited except by permission of the superintendent.

Hazing is defined as any activity by which a person intentionally or recklessly endangers the physical or mental health or safety of an individual for the purpose of initiation into, admission into, affiliation with, or continued membership in any school organization. Hazing activities include, but are not limited to, whipping, beating, branding, an act of sexual penetration, an exposure of the genitals of the body done with the intent to affront or alarm any person, a lewd fondling or caressing of the body of another person, forced and prolonged calisthenics, prolonged exposure to the elements, forced consumption of any food, liquor, beverage, drug, or harmful substance not generally intended for human consumption, prolonged sleep deprivation, or any brutal treatment or the performance of any unlawful act that endangers the physical or mental health or safety of any person.

Lockers and Other School Property

The school district owns and exercises exclusive control over student lockers, desks, computer equipment, and other such property. Students

should not expect privacy regarding usage of or items placed in or on school property, because school property is subject to search at any time by school officials. Periodic, random searches of lockers, desks, computers, and other such property may be conducted at the discretion of the administration. The assignment of a locker is on a temporary basis and may be revoked at any time. School officials may inspect student lockers without any particularized suspicion or reasonable cause.

Lost and Found

All lost and found articles are to be taken to the main school office. Students may claim lost articles there. Unclaimed articles will be donated to a local charity or otherwise disposed of at the conclusion of each semester.

Medications

Whenever possible, parents should arrange medication schedules to eliminate the need for giving medication during school hours. When it is necessary for school personnel to administer medication to students, the school district will comply with the Nebraska Medication Aide Act, the requirements of Title 92, Nebraska Administrative Code, Chapter 59, (promulgated by the Nebraska Department of Education and entitled *Methods of Competency Assessment of School Staff Who Administer Medication*), and all state and federal regulations. Parents and guardians who wish to have their child receive medication from school personnel must comply with the following procedures:

Prescription medication. (1) Parents/guardians must provide a physician's written authorization for the administration of the medication. (2) Parents/guardians must provide their own written permission for the administration of the medication. (3) The medication must be brought to school in the prescription container and must be properly labeled with the student's name, the physician's name, and directions for administering the medication.

Non-prescription medication. (1) Parents/guardians must provide written permission for the administration of the medication. (2) The medication must be brought to the school in the manufacturer’s container. (3) The container must be labeled with the child’s name and with directions for provision or administration of the medication

The district reserves the right to review and decline requests to administer or provide medications that are not consistent with standard pharmacological references, are prescribed in doses that exceed those recommended in standard pharmacological references, or that could be taken in a manner that would eliminate the need for giving them during school hours. The district may request parental authorization to consult with

the student's physician regarding any medication prescribed by such physician.

Media Center

Students must check out materials from the librarian on duty. Each borrower is responsible for all books checked out in his/her name. A fine of five cents per day per book may be charged for overdue books. Each student is responsible for any fine that accumulated on a book charged to him/her. If a book is lost and not found by the end of the semester, the student must pay for it. Students must also pay for any damage they cause to library books.

The Schuyler Community Schools Libraries (SES, SMS, SCHS) are considered "quiet" areas and all students are expected to study quietly to maintain a desirable atmosphere for study. Small group study may be done quietly and with permission of the library media specialist. The library serves both students and faculty. Its collection consists of many different types of materials including periodicals, reference materials, nonfiction books, fiction, and computer-based resources.

Memorials

Memorials or plaques honoring deceased students are generally not allowed in or on the school grounds unless authorized by board policy. Dedications to students will not be allowed.

Scholarships in the deceased person's name will not be set up by the school. Scholarships set up by outside organizations or individuals, such as a foundation, will be allowed.

Parental Involvement

The school district recognizes the unique needs of students who are being served in its Title I program, and the importance of parent and family engagement in the Title I program. Parent and family engagement in the Title I Program shall include, but is not limited to:

1. An annual meeting to which all parents of participating children will be invited to inform parents of their school's participation under this part, to explain the requirements of this part, and the right of the parents to be involved. Invitations may take the form of notes sent with students or announcements in the school newsletter. Additional meetings may be scheduled, based upon need and interest for such meetings.

2. An explanation of the details for the child's and parents' participation, including but not limited to: curriculum objectives, the forms of academic assessment used to measure student progress and the achievement levels of the challenging State academic standards, type and extent of participation, parental input in educational decisions, coordination, and integration with other Federal, State, and district programs, and evaluations of progress.

3. Opportunities for participation in parent involvement activities, such as training to help parents work with their children to improve achievement. A goal of these parent activities is to provide parents with opportunities to participate in decisions relating to the education of their students, where appropriate.

4. The district will, to the extent practicable, provide parents of limited English proficiency, parents with disabilities, parents with limited literacy, are economically disadvantaged, are of a racial or minority background or parents of migratory children with opportunities for involvement in the Title I Program. Communication to parents about student progress and the district's other Title I Program communications will be provided in the language used in the home to the extent practicable. Responses to parent concerns will be provided in a timely manner.

5. Opportunities for parent-teacher conferences, in addition to those regularly scheduled by the school district, if requested by the parents or as deemed necessary by school district staff.

6. The district will coordinate and integrate parental involvement programs and activities with other programs in the community. These may include cooperation with other community programs such as Head Start and preschools and other community services such as the public library.

7. The district will educate teachers, specialized instructional support personnel, principals, and other school leaders, with the assistance of parents in the value and utility of contributions of parents, how to reach out to, communicate with, and work with parents as equal partners.

Parties

Elementary classes may have seasonal parties during the year. Parents shall communicate with their student's classroom teacher for the teacher's rules regarding birthday and holiday parties. Invitations for private parties and non-school-sponsored events may not be distributed at school.

Birthday Treats: Students may bring birthday treats as long as the first ingredient on the item is NOT sugar, corn syrup, shortening, lard or their equivalent. This requirement is part of the Wellness Policy for Schuyler Community Schools. In part, it is designed to decrease the childhood obesity rate. All treats must be store bought with ingredients and nutrition facts available.

Personal Items

The school provides the necessary equipment for classroom and school day activities. **Students should not bring items such as athletic equipment, electronic devices, toys, or other similar personal items to school unless they have the prior permission of their classroom teacher or a school administrator. The school is not responsible for damaged or lost personal items or equipment.**

Physical Education

The school district requires students to receive physical education to assist them in developing gross and fine motor skills. Students are not required to wear P.E. uniforms, but are encouraged to wear tennis shoes for P.E.

Physical Exam

Students entering kindergarten and the seventh grade, and those entering school from another state, are statutorily required to show evidence that they have had a physical examination within six months prior to the date of entering school.

Pictures

The school district arranges for a photographer to be present at school in the fall to take class pictures. Parents will be notified of the date. Included in the individual packet is a class composite. Parents who want pictures of their students or of their student's class composite may purchase them directly from the photographer.

Playground Rules

Students must follow these rules to keep the playground safe when they are using the playground as part of the school day:

1. Students must obey the playground supervisor at all times.
2. Students may not enter the street/highway to retrieve a ball unless given permission by the playground supervisor.

3. Students must play away from the school windows.

6. Students must use the playground equipment properly and in a safe manner.
7. Students may not leave the playground after they have arrived at school for the day.

Students who violate these rules will be disciplined with the loss of recess or other privileges, detention, and/or other consequences.

The school's playgrounds, equipment, and surrounding areas are generally not supervised. Staff will supervise students when the students are using these areas as part of the school day or as part of a school activity. At all other times and in all other circumstances, the school district does not provide supervision of its playgrounds, equipment, and surrounding areas.

Police Questioning and Apprehension

Police or other law enforcement officers may be called to the school at the request of school administration, or may initiate contact with the school in connection with a criminal investigation. The school district shall inform parents when law enforcement officers seek access to their student prior to the student being questioned unless the officers are investigating charges that the student has been the victim of abuse or neglect. Members of the school district staff will comply with board policy regarding police questioning of students.

Protection of Student Rights

The Board of Education respects the rights of parents and their children and has adopted a Protection of Pupil Rights policy in consultation with parents to comply with the Protection of Pupil Rights Amendment (PPRA). The policy is available on the district's website or upon request from the district's administrative office. Parents may opt their child out of participation in activities identified by the Protection of Pupil Rights policy by submitting a written request to the superintendent. The approximate dates during the school year when a survey requesting personal information as defined in the Protection of Pupil Rights policy is scheduled are as follows: Information will be provided annually at the beginning of the school year. Parents may have access to any survey or other material described in the Protection of Pupil Rights policy by submitting a written request to the superintendent.

ACT Exam

Students taking the ACT Exam will be prompted to complete a short, optional questionnaire addressing a number of topics. If you wish to review this questionnaire prior to the administration of the exam, please submit a written request to the superintendent.

Public Displays of Affection

Students may not engage in public displays of affection that are disruptive to the school environment or distracting to others. Prohibited conduct includes hugging, kissing, touching or any other display of affection that a staff member determines to be inappropriate.

Reasonable Suspicion Testing

Students may be required to submit to drug or alcohol testing if there is a reasonable suspicion that the student is under the influence of drugs or alcohol.

Rights of Custodial and Non-Custodial Parents

The school district will honor the parental rights of natural and adoptive parents unless those rights have been altered by a court.

The term "custodial parent" refers to a biological or adoptive parent to whom a court has given primary physical and legal custody of a child, and a person such as a caseworker or foster parent to whom a court has given legal custody of a child.

The district will not restrict the access of custodial and non-custodial parents to their students and their students' records, unless the district has been provided a copy of a court order that limits those rights. If the district is provided such a court order, school officials will follow the directives set forth in the order.

The district will provide the custodial parent with routine information about his or her child, including notification of conferences. The district will not provide the non-custodial parent with such information on a routine basis, but will provide it upon the non-custodial parent's request unless it has been denied by the courts.

A non-custodial parent who wishes to attend conferences regarding his or her child will be provided information about conference times so both parents may attend a single conference. The district is not required to schedule separate conferences if both parents have been previously informed of scheduled conference times.

If either or both parents' behavior is disruptive, staff members may terminate a conference and reschedule it with appropriate modifications or expectations.

Secret Organizations

Secret organizations are prohibited. School officials shall not allow any person or representative of any such organization to enter upon school grounds or school buildings for the purpose of rushing or soliciting students to participate in any secret fraternity, society, or association.

School Day

The school day typically begins at 8:00 a.m. and ends at 3:30 p.m. Students are to leave the school grounds after dismissal. School staff will provide supervision for students on school grounds 30 minutes before the school day begins and 15 minutes after the school day ends. **There will be no supervision provided by the school before or after these times**. Parents must arrange for their children to leave school promptly at the end of the day.

Self-Management of Diabetes or Asthma/Anaphylaxis

Subject to school policy, the school district will work with the parent or guardian in consultation with appropriate medical professionals to develop a medical management plan for a student with diabetes, asthma, or anaphylaxis. Parents desiring to develop such a plan should contact the school nurse at each building.

The use or possession of any tobacco product, including cigarettes, cigars, or other tobacco or tobacco derivative products; vapor products or electronic nicotine delivery systems; alternative nicotine products; or any other such look-alike or imitation product, is not permitted on school property at any time.

The administration is authorized to use sniffer dogs to minimize the presence of illicit items on school grounds. Students and staff are specifically notified of the following:

1. Lockers may be sniffed by sniffer dogs at any time.
2. Vehicles parked on school property may be sniffed by sniffer dogs at any time.
3. Classrooms and other common areas may be sniffed by sniffer dogs at any time students and staff are not present.
4. If contraband of any kind is found, the student or staff member shall be

subject to appropriate disciplinary action.

Standardized Testing

The NWEA MAP is administered annually in grades K-12 to determine the students' achievement probability for individual success. Tests are administered three times a year (Fall, Winter, and Spring), and the results are sent home.

Student Assistance

Parents who believe their students have any learning, behavior, or emotional needs that they believe are not being addressed by the school district should contact the student's teacher. If appropriate, the teacher may convene the Student Assistance Team (SAT). The SAT can explore possibilities and strategies that will best meet the educational needs of the student.

Certified staff may refer students in need of help including self, peers, family, or school staff. Referral forms can be obtained from the SAT team coordinator. Completed forms can be returned to any staff member. After the referral, information will be gathered to help identify the problem(s) the student is experiencing. The Student Assistance Team (SAT) will then meet to formulate an appropriate plan of action in accordance with the MTSS process.

MTSS is a multi-tiered framework which promotes school improvement through engaging, research-based academic and behavioral practices. MTSS employs a systems approach using data-driven problem solving to maximize growth for all. The three-tiered instructional/intervention model is another critical element of MTSS implementation. In a typical system, Tier 1 includes the instruction all students get; Tier 2 includes supplemental instruction or intervention provided to students not meeting benchmarks; and Tier 3 includes intensive, small group or individual interventions for students showing significant barriers to learning the skills required for school success. It is important to consider both academic and social-emotional/behavioral instruction and interventions when examining this domain.

Student Fee Policy

The school district shall provide free instruction in accordance with the Nebraska State Constitution and Nebraska state law. The district also provides activities, programs, and services that extend beyond the minimum level of constitutionally required free instruction. Under the Public Elementary and Secondary Student Fee Authorization Act, the district is

permitted to charge students fees for these activities or to require students to provide specialized equipment and attire for certain purposes. This policy is subject to further interpretation or guidance by administrative or board regulations. Students are encouraged to contact their building administration, their teachers or their coaches, and sponsors for further specifics.

Application forms are available in each school building office.

Voluntary Contributions to Defray Costs.
When appropriate, the district will request donations of money, materials, equipment, or attire from parents, guardians and other members of the community to defray the costs of providing certain services and activities to students. These requests are not requirements, and staff members of the

district are directed to communicate that fact clearly to students, parents, and patrons.

Fund-Raising Activities

Students may be permitted or required to engage in fund-raising activities to support various curricular and extracurricular activities in which they participate. Students who decline to participate in fund-raising activities are not eligible under this policy for waiver of the costs or fees which the fund-raising activity was meant to defray.

Student Illness

Students who suffer from a significant illness which has an actual or expected duration of six months or more may be eligible for accommodations and supports under Section 504 of the Rehabilitation Act or under the Individuals with Disabilities in Education Act. The school will provide accommodations to students who are returning to school after a prolonged absence due to illness, including pediatric cancer, through a 504 plan or an IEP, as appropriate. The student's plan will include informal or formal accommodations, modifications of curriculum and monitoring by medical or academic staff as determined by the student's IEP team or 504 committee. Parents and staff will engage in ongoing communication about the needs of a student who is facing these circumstances.

Students who become ill at school will be sent to the building office where the school nurse or other school employee will determine the appropriate response. When a child is too ill to remain at school, a school employee will contact the child's parent(s) and arrange for the child to be picked up or sent home. If an illness or injury requires immediate medical attention, school officials shall attempt to contact the child's parent(s) regarding treatment for the child. If the parents cannot be contacted, school officials may have the child treated by an available physician. Students who show symptoms of a contagious disease may be sent home, and the district may require a physician's statement before allowing such students to return to school.

Student Government

Students are encouraged to formulate and participate in elective and representative student government activities. The organization, operation, and scope of the student government shall be administered by the superintendent or designee.

FERPA - The Family Education Rights and Privacy Act

The Family Education Rights and Privacy Act ("FERPA") provides parents certain rights with respect to their student's education records. These rights include the right to inspect and review the student's education records within

45 days of the date the school receives a request for access; and the right to request the amendment of the student's education records that you believe to be inaccurate.

If parents believe one of their student's records is inaccurate, they should write to the school principal, clearly identify the part of the record they want changed, and specify why they believe it is inaccurate. If the school decides not to amend the record as requested, it will notify the parents of the decision and advise them of their right to a hearing regarding the request for amendment.

Directory Information. FERPA and the Nebraska Public Records Law authorize school districts to make "directory information" available for review at the request of non-school individuals. These laws also give parents and guardians a voice in the decision-making process regarding the disclosure of directory information regarding their children. The school district has designated the following as directory information:

> name and grade, name of parent and/or guardian, address, telephone number, including the student's cell phone number, e-mail address, date and place of birth, dates of attendance, the image or likeness of students in pictures, videotape, film or other medium, major field of study, participation in activities and sports, degrees and awards received, social media usernames and handles, weight and height of members of athletic teams, most recent previous school attended, certain class work which may be published onto the Internet, classroom assignment and/or home room teacher, student ID number, user ID, or other unique personal identifier used by the student for purposes of accessing or communicating in electronic systems (but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password, or other factor known or possessed only the authorized user). Directory information does not include a student's social security number.

Directory information about students may be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that market or manufacture class rings, sell student photographs or publish student yearbooks.

Federal law requires school districts to provide military recruiters and institutions of higher education with the names, addresses, and telephone listings of high school students unless parents have notified the school

district in writing that they do not want this information disclosed without prior written parental consent. Military recruiters will be granted the same access to a student in a high school grade as is provided to postsecondary educational institutions or to prospective employers of such students.

Parents who ***OBJECT*** to the disclosure of any directory information about their student should write a letter to the principal. This letter should specify the particular categories of directory information that the parents do not wish to have released about their child or the particular types of outside organizations to which they do not wish directory information to be released. This letter must be received by the school district no later than the first day of the school year.

Non-Directory Information

All of the other personally identifiable information about students that is maintained in the school district's education records will generally not be disclosed to anyone outside the school system except under one of two circumstances: (1) in accordance with the provisions of the FERPA statutes and related administrative regulations, or (2) in accordance with the parent's written instructions.

One FERPA exception permits disclosure to school officials with legitimate educational interests without consent. A school official includes, but is not necessarily limited to, a teacher or other educator, administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); school board member; volunteer; contractor or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, representative of the district's insurance providers, auditor, medical consultant, therapist, or a third-party website operator who has contracted with the school district or its agent to offer online programs for the benefit of students and/or the district; members of law enforcement acting on behalf of the school district; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a "legitimate educational interest" if the official needs to review an education record in order to fulfill a school-related professional, contractual, statutory, or regulatory responsibility.

The district will share information with the Department of Education necessary to comply with the requirement of state law that all third- year high school students take a college entrance exam. Any redisclosure of

information related to the administration of this exam shall be governed by the agreement between the Nebraska Department of Education and the third-party testing company.

Transfer of Records Upon Student Enrollment
Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. The school is not obligated to inform parents when it makes a disclosure under this provision.

Complaints
Individuals who wish to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA may contact the Office that administers FERPA:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605

Student Schedule Changes

Student schedule changes may be made without penalty during the first three days of each semester. Drop and Add slips are to be obtained from the office of the Guidance Counselor and must be signed by the guidance counselor and building principal before they are presented to the teacher of the class that is to be added or dropped.

After the first week of the semester, students who insist on dropping a class, except for instances of an extended illness, will receive a "0" on their permanent records, and that grade will be averaged into the student's cumulative grade point average. If an extended illness makes it impossible or impracticable for a student to successfully complete a class or classes, the student may be allowed to withdraw from a class or classes as (WP)-Withdraw Passing or (WF)-Withdraw Failing. If permission to withdraw as WP or WF is given by the building principal and guidance counselor, the grade(s) will not be averaged into the cumulative grade point average of the student.

Before students are allowed to withdraw from a class as WP or WF, the student, the parents of the student, the guidance counselor, and the building principal must meet and review the circumstances of the situation. All available means that could be utilized to allow the student to successfully complete the course(s) must be reviewed before permission to withdraw as WP or WF is given by the building principal and guidance counselor.

Student Valuables

Students, not the school, are responsible for their personal property. Students are cautioned not to bring large amounts of money or items of value to school. If it is necessary to bring valuable items or more money than is needed to pay for lunch, leave the money or valuables with a staff member in the school office for temporary safe-keeping. Even then, the school is not in a position to guarantee the student's property will not be subject to loss, theft, or damage.

Telephone Calls

The school's telephone may be used only with permission of staff.

Messages to Students

Routine notes and phone messages will be delivered to students as timing and staffing in the office permit. Legitimate emergency situations will be handled immediately if that information is provided to school personnel.

Threat Assessment and Response

The board of education is committed to providing a safe environment for members of the school community. Students, staff and patrons are urged to immediately report any statements or behavior that makes the observer fearful or uncomfortable about the safety of the school environment.

1. Definitions

a. A **threat** is an expression of a willful intent to physically or sexually harm someone or to damage property in a way that indicates that an individual poses a danger to the safety of school staff, students or other members of the school community.

i. The threat may be expressed/communicated behaviorally, orally, visually, in writing, electronically, or through any other means.

ii. A **transient threat** is an expression of anger or frustration that can be quickly or easily resolved.

iii. A **substantive threat** is an expression of serious intent to harm others which includes, but is not limited to, any threat which involves a detailed plan and means.

b. A **threat assessment** is a fact-based process emphasizing an appraisal of observed (or reasonably-observable) behaviors to identify potentially dangerous or violent situations, to assessment them and to manage/address them. Threat assessment is the process of identifying and responding to serious threats in a systematic, data-informed way.

i. The threat assessment process is distinct from student disciplinary procedures. The mere fact that the district is conducting a threat assessment does not by itself necessitate suspension, expulsion or emergency exclusion without complying with state law and board policy related governing those actions.

ii. The threat assessment process is distinct from specialized instruction which a student with a disability may receive from the school district. The school district will not change a student's educational placement as that term is used in the Individuals with Disabilities in Education Act *solely* as part of a threat assessment.

2. Obligation to Report Threatening Statements or Behaviors.

All staff and students must report **substantive threats** to a member of the administration immediately and comply with any other mandatory reporting obligations. Staff and students who are unsure whether a threat is substantive or transient should report the situation. Staff and students must make such report regardless of the nature of the relationship between the individual who initiated the threat or threatening behavior and the person(s) who were threatened or who were the focus of the threatening behavior. Staff and students must also make such reports regardless of where or when the threat was made or the threatening behavior occurred.

THREATS OR ASSAULTS WHICH REQUIRE IMMEDIATE INTERVENTION SHOULD BE REPORTED TO THE POLICE AT 911.

3. Threat Assessment Team

The threat assessment team (team) shall consist of the superintendent, building principal, counselor, school resource officer, school psychologist/special education director and the director of curriculum and instruction. Not every team member needs to participate in every threat assessment. If the threat has been made by or is directed towards, a student with a disability, the threat assessment team must include a staff member who is knowledgeable about special education services or Section

504 of the Rehabilitation Act, as appropriate. Neither the student nor their student's family members are part of the threat assessment team.

The team is responsible for investigating all reported threats to school safety, evaluating the significance of each threat, and devising an appropriate response. The threat assessment team shall work closely with the crisis team in planning for crisis situations. The threat assessment team shall be familiar with mental health resources available to students, staff and patrons and shall collaborate with local mental health service providers as appropriate.

4. Threat Assessment Investigation and Response

When a threat is reported, the school administrator shall initiate an initial inquiry/triage and, in consultation with members of the threat assessment team, make a determination of the seriousness of the threat as expeditiously as possible. The school administrator must contact law enforcement if the administrator believes that an individual poses a clear and immediate threat of serious violence.

If there is no reasonably apparent imminent threat present or once such an imminent threat is contained, the threat assessment team will meet to evaluate and respond to the threatening behavior. The team may, but is not required to, review the following types of information:

- Review of the threatening behavior and/or communication;
- Interviews with the individuals involved including students, staff members, and family members as necessary and/or appropriate;
- Review of school and other records for any prior history or interventions with the students involved;
- Any other investigatory methods that the team determines to be reasonable and useful.

At the conclusion of the investigation, the team will determine what, if any, response to the threat is appropriate. The team is authorized to disclose the results of its investigation to law enforcement and to the target(s) of any threatened acts. The team may refer the individual of concern to the appropriate school administrator for consequences under the school's student discipline policy or, if appropriate, report the results of its investigation to the student's individualized education plan team.

Regardless of threat assessment activities, disciplinary action and referral to law enforcement will occur consistent with board policy and Nebraska law.

5. Communication with the Public about Reported Threats

The team will keep members of the school community appropriately informed about substantive threats and about the team's response to those threats. This communication may include oral announcements, written communication sent home with students, or communication through print or broadcast media. However, the team will not reveal the identity of the individual of concern or of any target(s) of threatened violence unless permitted by law.

6. Coordination with the Crisis Team After Resolution of Threat

The threat assessment team will confer with the district's crisis team after a threat has been investigated to provide the crisis team with information that the crisis team may use in assessing or revising the district's All-Hazard School Safety Plan.

Transportation Services

The district operates school buses as a convenience for students and parents. They represent a substantial investment, and students are expected to care for and respect them.

Transportation to School

Students who ride the bus to school will arrive in time for them to eat breakfast at school. Parents must contact their bus driver if a student will not ride the bus on a given day. Bus drivers endeavor to adhere to their schedule, and will wait for riders only a short period of time so as not to jeopardize the time remaining for the rest of their schedule.

Non-resident or option enrollment students may ride the buses, but they will be charged a fee to be established by the board of education. The Superintendent will schedule bus routes, and questions concerning them should be directed to that office.

Bus Regulations

Riding school vehicles is a privilege, not a right. The bus drivers have the same authority as teachers while transporting students. Students must comply with the following rules and all school conduct rules and directives while riding in school vehicles. In addition, students must also comply with the student code of conduct while riding in school vehicles. If misconduct is recurring, the student will not be allowed to ride the bus.

a) **Rules of Conduct on School Vehicles:**

1) Students must obey the driver promptly.
2) Students must wait in a safe place for the bus to arrive, clear of traffic and away from where the vehicle stops.
3) Students are prohibited from fighting, engaging in bullying, harassment, or horseplay.
4) Students must enter the bus without crowding or disturbing others and go directly to their assigned seats.
5) Students must remain seated and keep aisles and exits clear while the vehicle is moving.
6) Students are prohibited from throwing or passing objects on, from, or into vehicles.
7) Students may not use profane language, obscene gestures, tobacco, alcohol, drugs, or any other controlled substance on the vehicles.

8) Students may not carry weapons, look-a-like weapons, hazardous materials, nuisance items, or animals onto the vehicle.
9) Students may carry on conversations in ordinary tones, but may not be loud or boisterous and should avoid talking to the driver while the vehicle is in motion. Students must be absolutely quiet when the vehicle approaches a railroad crossing and any time the driver calls for quiet.
10) Students may not open windows without permission from the driver. Students may not dangle any item (e.g. legs, arms, backpacks) out of the windows.
11) Student must secure any item or items that could break or produce injury if tossed about the inside of the vehicle if the vehicle were involved in an accident
12) Student must respect the rights and safety of others at all times.
13) Students must help keep the vehicle clean, sanitary, and orderly. Students must remove all personal items and trash upon exiting.
14) Students may not leave or board the vehicle at locations other than the assigned stops at home or school unless approved prior to departure by the superintendent or designee.
15) Video cameras may be placed on buses, at random, to monitor student behavior on the bus.

b) **Consequences**

Drivers must promptly report all student misconduct to the administration. These reports may be oral or written. Students who violate the Rules for Conduct will be referred to their building principal for discipline. Disciplinary consequences may include a note home to parents, suspension of bus riding privileges, exclusion from extracurricular activities, in-school suspension, short- term or long-term suspension from school, and/or expulsion.

These consequences are not progressive, and school officials have discretion to impose any listed punishment they deem appropriate, in accordance with state and federal law and board policy.

c) Records

Records of vehicle misconduct will be forwarded to the appropriate building principal and will be maintained in the same manner as other

student discipline records. Reports of serious misconduct may be forwarded to law enforcement.

Requests to be dropped off at a point **not** on the regular route will not be accommodated, unless extenuating circumstances arise and the request is approved by the transportation director or administration.

Students who are not regular route riders may not ride the bus home with a friend, unless the parent of the non-route student presents written permission to the bus driver ahead of time. The written permission should include the date, the non-route rider's name, the signature of the non-rider's parent, and the place approved for drop off. Such requests may not be granted if they cause overcrowding of the vans or buses (Vans-10 riders only, plus driver).

Transportation to Activities

The school district provides transportation to students who are participating in school-sponsored events and they must ride to those events in a school vehicle. Students who wish to take private transportation home from a school event must submit a release form to the sponsor that has been signed by that student's parent.

Visitors

Visitors must report to the main office when visiting Schuyler Community School buildings. ALL visitors need a visitor's pass to be in our school building. Former students are welcome to visit with a teacher or other employee as long as the visit is pre-arranged with the teacher, or employee, and the principals' office is notified by the teacher in advance. Former students are not allowed to visit students in the lunchroom or other locations during the school day.

Video Surveillance, Recordings, and Photographs

The Board of Education has authorized the use of video cameras on school district property to ensure the health, welfare, and safety of all staff, students and visitors, and to safeguard District facilities and equipment. Video cameras may be used in locations deemed appropriate by the Superintendent. If a video surveillance recording captures a student or other building user violating school policies or rules or local, state, or federal laws, it may be used in appropriate disciplinary proceedings against the student or other building user and may also be provided to law enforcement agencies.

Recordings Made by Parents/Guardians and Patrons.

Parents/guardians and patrons may make recordings of school activities intended to be public in a non-disruptive manner including things like athletic contests and school board meetings to the extent permitted by law unless otherwise lawfully restricted by the administration. Parents/guardians or patrons may not make recordings if they are volunteering or visiting school during the school day without permission of the administration or supervising staff member and subject to this policy, such as recording their child's classroom activities or recess. Parents may not record meetings with administrators or staff, including meetings related to a student's IEP or 504 Plan. Violation of this policy will result in immediate termination of any meeting that is being recorded and may be grounds for exclusion from school property, loss of volunteer privileges, or other restrictions deemed appropriate by the administration.

Recordings Made by Students. This policy applies to students during the school day on school grounds; when being transported to and from school activities or programs in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or by his or her designee; or at a school-sponsored activity or athletic event. Students may make recordings of school activities in a non-disruptive manner including things like athletic contests and other extracurricular performances to the extent permitted by law. Students generally are not permitted to record classroom instruction or members of the school community during the school day without the express consent of a staff member or as required by the student's education plan. Student use of assistive technology that has the capacity to record and/or transmit recordings (e.g. AngelSense) must be approved by the student's education team or administration. Students remain subject to all other district policies and rules. In no event shall recordings be taken or made in restrooms, locker rooms, or other areas where there is a reasonable expectation of privacy. Students who violate this policy may be subject to discipline up to and including expulsion.

Warrior Time

The mission of Warrior Time is to create an environment where students feel a sense of belonging by creating connections with peers and their teachers while learning respect, responsibility, and work ethic. Warrior Time is a time for creating a community through goal setting, competitions, and character building. Warrior Time groups will meet Monday-Friday.

Warrior Time Non-Negotiables

1. All students must report to their assigned classroom for attendance at the beginning of Warrior Time. Students who do

not report to their Warrior Time Classroom will be counted absent.

2. No student may leave Warrior Time before the first ten minutes of Warrior Time have elapsed.
3. No student may leave Warrior Time without a teacher contacting the other teacher. Exceptions to this would be class meetings, college recruiters, and other special circumstances.
4. All students leaving Warrior Time must sign out.
5. If a conference is desired with the school counselor, the students must be on an email from the counselor to the teachers before Warrior Time. As an alternative, the Warrior Time teacher may call the school counselor to see if they want to see the student at that time.
6. Only one student is to be allowed to use the restroom at one time and they must sign out and sign back in.

Warrior Time Weekly Schedule
Monday - ACT Test Prep
Tuesday - IXL
Wednesday - ACT Test Prep
Thursday - IXL
Friday - Review Failing Grades/Study Time/Missing Assignments

SMS WARRIOR Time

Warrior time at Schuyler Middle School will be a time where students will receive extra instruction in important subjects and enrichment in grade level groups as well as building relationships and learning about important social skills and character development lessons. Students that are missing work will be given time once per week to meet with teachers during Warrior time to get caught up and extra help.

Weather-Related School Closing

The Superintendent will occasionally announce an emergency early school dismissal, late start, or cancellation of school due to extreme heat, snow, or ice. School closings will be announced on radio, television, **via phone, text, email, and social media**. Parents should assume that school is open and a regular schedule is being followed if there is no announcement concerning the school district. Please do not call the school or individual staff members to find out whether school is being canceled. Parents who do not believe it is safe to transport their students to school may keep their students home after contacting the district office.

If schools are closed due to severe weather conditions, all after-school activities will be canceled.

Withdrawal From School

Students who are moving from the district must notify the school office.

SECTION TWO

ACADEMIC INFORMATION

Academic Eligibility

Student grades will be collected on a weekly basis throughout the school year. The eligibility report will be run each Monday at 9:00 a.m. throughout the semester, beginning on the fourth Monday of the first semester, and third Monday of the second semester. Any student failing two classes is considered to be demonstrating less than acceptable academic performance and will forfeit all public representation of Schuyler Community Schools until the student is no longer failing two classes on the weekly failing grade report. Part-time students, in addition to meeting the qualifications noted above, must be passing each of their classes to retain academic eligibility. Any student who is ineligible due to excessive failing grades will not be permitted to travel with a school team or other organization.

Academic Lettering

Students in grades 9-12 demonstrating outstanding academic achievement will be recognized during a program organized by the school. To earn an academic letter, a student must earn A's in each academic course during each grading period of the school year. All students will receive their academic letter at academic awards night.

Academic Support Time

Before school, after school, and intervention time will be utilized for academic support time. To support those students who are failing one or more classes, these academic times have been established throughout the day. Students who are failing one or more classes are encouraged to stay during these times to receive academic assistance. Students will be notified of their need to stay.

Class Rank

Student class rank shall be determined by using a numeric grade point average derived from all classes graded on a numeric basis. To be included in the class ranking, a student must have received a numeric grade for each core curriculum class in which he/she was enrolled. For the purposes of this

policy, core curriculum shall include all courses in the areas of language arts, mathematics, science, and social studies.

Students who transfer into the school district will be eligible to be included in class ranking after two semesters of attendance.

Students who transfer into the school district in the middle of their senior year will be eligible to be included in class ranking, although a mid-year transfer will not displace the ranking of a student who has not transferred mid-year. In those circumstances there will be two students holding the relevant class ranking. Mid-year transfer students will not be eligible to receive senior awards such as Honor Graduate unless the student has been enrolled in the district's high school for the last two semesters.

Credit for Non-Academic Work

Credit is not awarded for participation in extracurricular activities such as sports, speech, drama, etc. However, all such activities in which the student participates, as well as honors earned, are noted on the student's permanent record.

Counseling

Counseling services are available in the counseling office to help students in course planning, college selection, career and vocational choice, scholarships and financial aid, study habits, personal problems, or school problems.

Grades

Students will receive letter grades for their academic core classes.

The middle and high school grading system is as follows:

A	100% - 90%
B	89% - 80%
C	79% - 70%
D	69% - 60%
F	59% - 0%
I	Incomplete

A student may earn an incomplete when he or she fails to complete classroom assignments. Any student in grades 7-11 who receives an incomplete will have this grade recorded on his/her permanent record until the required work is completed to the teacher's satisfaction. If a student does not remove an incomplete by completing the minimum classroom assignments, the incomplete will be calculated as a failing grade in determining the student's grade point average.

If a student does not remove an incomplete by completing the necessary work within two weeks of the end of the grading period, the incomplete will become a failing grade that the student may make up only by taking the entire course again. The two-week period may be extended by mutual agreement of the teacher, principal, and student.

A student who receives an incomplete during his/her senior year must satisfactorily complete the classroom assignments to participate in the graduation ceremony. Seniors with incompletes will not be dismissed from school attendance until the classroom assignments are completed to the teacher's satisfaction.

Grade Level Promotion

Students will be promoted at the end of each school year regardless of credits earned. For students to be on track for graduation in (four) 4 years, students should follow the guide below.

Grade Level Credits Earned

9th Grade 0-59
10th Grade 60-119
11th Grade 120-179
12th Grade 180-255

Graduation Requirements

Students must earn 255 total credit hours in order to graduate from high school.

Required courses and credit hours that students must complete in order to qualify for the Schuyler Community Schools Diploma are:

COURSE REQUIREMENTS	CREDIT HOURS
English	40
Computer Literacy	5
Personal Finance	5
Speech / Oral Communications	5
Mathematics	30
Social Studies	30
Science	30
Physical Education/Health	10
Total Required Credits	155

Elective Credits Required for Graduation	100
Total Credits Required for Graduation	255

Students graduating from Schuyler Central High School are not required to participate in commencement.

Transfer students must meet the minimum hour requirement for graduation both in terms of total number and specific subject areas. Substitutions may be made for deficiencies in required courses, provided that it was not possible to include the courses on the student's schedule while enrolled at this school district.

Students who receive special education services are mainstreamed into the regular education curriculum when appropriate. The curriculum content of regular education classes may be modified to accommodate the individual needs and abilities of verified special education students. Each curriculum modification will be included on the student's Individual Education Plan by the Multi-Disciplinary Team and/or school staffing teams composed of special and regular education staff. Hours in special education will be counted toward a high school diploma.

Parents of students who may not qualify for their high school diploma because of academic deficiencies will be notified of this possibility by the beginning of the second semester of the student's senior year.

Homework

Classroom teachers will often assign homework. Parents who have questions about homework or concerns about class work should contact the teacher. Questions not resolved by the teacher should be referred to the administration.

Each student is expected to spend some time preparing for studies outside of school hours. The amount of time that is needed will depend upon each student. Normally, at least an hour a day should be spent in preparing for an average assignment.

Students who struggle to complete assignments or who must spend an inordinate amount of time completing an assignment should seek the help and advice of their teachers and consult with the principal and/or the guidance counselor.

Honor Graduates

Students graduating from SCHS with outstanding academic achievement will be recognized in one of three categories based on their cumulative grade

point average on 60 credits of academic courses per academic year with a total of 240 credits of academic courses upon graduation:

- Honor Graduates with Highest Distinction: 4.0 cumulative GPA
- Honor Graduates with Distinction 3.850 – 3.99
- Honor Graduates 3.50 – 3.849

GPA scores WILL NOT be rounded up to the next highest number.

Honor Roll

Students may earn honor roll status when they have been enrolled as a full-time student, which may include college classes (does not have to be dual credit) and School-to-Career classes. Two honor rolls will be published following each grading period to recognize outstanding academic achievement of Schuyler Central High School students.

- "A" honor roll recognizes all students who earn an A in each class.
- A/B Honor Roll are students who earn all 'A's' and 'B's' in each class.

Mid-Term Graduation

Students are generally required to attend four years of high school (minimum of seven semesters) to be eligible to receive a diploma from the school district.

The Board of Education, upon receiving administrative recommendation, may grant mid-term exit from high school to students who have completed the requirements for graduation. To be considered for mid-term exit from high school, the student and his/her parents or guardian should apply during the first quarter of the student's senior year. The Board of Education will act on all requests. Any student who is granted mid-term exit from high school forfeits all privileges of high school enrollment, except the right to participate in commencement exercises.

Scholarships

Many seniors are eligible for scholarships offered by colleges, universities, and other organizations. To obtain information about scholarships and other financial assistance, please contact the school counselor. Seniors should become aware of entrance requirements for colleges and process admission applications as early as possible.

High school credit in middle school

Algebra I in Grade 8 for high school credit

The goal of offering Algebra I in grade 8 is to maintain the advantage of enrichment in mathematics for as many students as can benefit from it. This involves higher expectations for high ability students. These students are expected to achieve more with faster academic pacing. All qualified students should have access to regular Algebra I in grade 8. However, since Algebra I is the basis for all further study in mathematics, it is important that students have the best possible experience in this course. Therefore, students must be carefully selected. Students who need enrichment beyond this course will continue to be served by the district teachers for middle school mathematics. The high school math program will provide the opportunity for students to reach the Calculus course as seniors without taking Algebra I in high school. However, this may require students to take a dual credit math course prior to the senior year.

Guidelines for Offering Algebra I in Grade 8
Students must be carefully selected for Algebra I so that they have a high probability of success. They must meet all of the following criteria.

A. Demonstrate mastery of key competencies identified for math at the HS level.

B. Demonstrate readiness for Algebra I and mastery of essential arithmetic skills by achieving the following scores:

1. Minimum score of 75th on the Math section of the MAP assessment, and/or
2. Score at the 70% (raw score) or higher on the NE State Math Assessment

C. Verification by the middle school that all of the following additional criteria are met:

1. Reading Comprehension: at least one year above grade level; Benchmark data.
2. Suggested minimum GPA of 3.0 (on 4.0 scale) in math classes;
3. Recommended for Algebra I in grade 8 by the SMS Math team , based on: Grade of A or B in Grade 7 Math;
4. Maturity and study habits adequate for work load required by Algebra I

Process for Granting Credit for Algebra I Taken in Grade 8

High school credit may be given for Algebra I taken in grade 8. The Algebra I class must follow the high school's exact curriculum for Algebra I in order to receive high school credit. The grade will be assigned by the middle school teacher and will be included in the calculation of the student's high school GPA.

Report Cards

Report cards are sent home the week following the end of the nine-week reporting period. Mid-quarter reports are also sent to parents of students who are having difficulty in an academic subject.

Grades are submitted for all students most weeks of the school year. Parents/Guardians may access grade reports on the parent portal of Infinite Campus. Parents/Guardians may request grade reports be mailed to them. Students continuing to have excessive low grades will be referred to a Student Assistance Team (SAT.) Communication between student, teachers, and parent/guardian is important when this situation arises. Mid-Term progress reports that are not given to parents at parent-teacher conferences will be mailed at the midpoint of each session and report cards will be handed out to students at the end of terms one and three and mailed out to the parents/guardians at the end of terms two and four to notify parents of class performance.

National Honor Society

The National Honor Society chapter of Schuyler Community Schools is a duly chartered and affiliated chapter of this prestigious national organization.

Membership is open to those students who meet the required standards in four (4) areas of evaluation: scholarship, leadership, service, and character. Standards for selection are established by the national office of NHS and have been revised to meet our local chapter needs. Students are selected to be members by a five (5) member Faculty Council, appointed by the principal, which bestows this honor upon qualified students on behalf of the faculty of our school each semester.

Students in the 10th, 11th, or 12th grades are eligible for membership. For the scholarship criterion, a student must have a cumulative grade point average of 3.0 or better on a 4.0 scale. Those students who meet this criterion are invited to complete a Student Activity Information Form that provides the Faculty Council with information regarding the candidate's leadership and service. A history of leadership experiences and participation in school or community service is required. [NOTE:

Schools with specific minimal requirements for leadership or service, e.g., "participation in at least two (2) student activity organizations each year" or "ten (10) hours of documented community service," should include such specific requirements based on the rubrics used by the selection committee in reaching their decisions.]

To evaluate a candidate's character, the faculty council uses two forms of input: first, school disciplinary records are reviewed; second, members of the faculty are solicited for input regarding their professional reflections on a candidate's service activities, character, and leadership. These forms and the Student Activity Information Forms are carefully reviewed by the Faculty Council to determine membership. A majority vote of the council is necessary for selection. Candidates are notified regarding selection or non-selection according to a predetermined schedule.

Following notification, a formal induction ceremony is held at the school to recognize all the newly selected members. Once inducted, new members are required to maintain the same level of performance in all four criteria (or better) that led to their selection. This obligation includes regular attendance at chapter meetings when and as scheduled and participation in the chapter service projects(s).

Students or parents who have questions regarding the selection process or membership obligations can contact the chapter adviser.

Removal from National Honor Society

A student may be removed from the NHS by action of the Principal upon a determination by the Principal that the student:

1. Prior Conduct. Engaged in conduct prior to induction which was not known at the time of induction and which, if known, would have caused denial of induction;

2. Post-Induction Conduct. Engaged in conduct after induction which is grounds for a student to be long-term suspended or expelled from school under the student code of conduct; which is grounds for suspension or removal from any extracurricular activity of the school, or which would cause denial of induction if such conduct had taken place prior to the time of induction.

The student may appeal the Principal's decision to the Superintendent by giving written notice of appeal to the Superintendent within ten calendar days of receipt of the Principal's removal decision. The appeal procedures shall be established in the discretion of the Superintendent

such as to allow a fair opportunity for the student's views and information to be considered. The decision of the Superintendent on appeal shall be final.

SECTION THREE

STUDENT DISCIPLINE

General Discipline Philosophy

The school district has the authority to discipline students who behave inappropriately on the way to school, at school, during lunch, on the way home, and at all school activities (home and away or any time while on school or district property).

The school district's discipline is guided by the following principles:

1. The school district's discipline policy is intended to ensure that students take responsibility for their behavior.
2. Behavior expectations and the consequences for failing to meet those expectations will be clearly communicated to all students and their parents.
3. The severity of consequences for violating behavior expectations will generally be progressive in nature. That is, sanctions will increase with each instance of misconduct; however, each instance will be assessed on its own facts, and sanctions will be imposed based on the severity of the misconduct.
4. Parents play a vital role in supporting and reinforcing the school district's expectations of their students.
5. Behavior expectations apply to all students; consequences are enforced consistently without regard to a student's academic record or achievement.

Extracurricular activities, including athletics, cheerleading, band, chorus, and club activities, are governed by the Student Activity Handbook. Students who are involved in extracurricular activities may face consequences related to the activity in addition to the consequences discussed in this handbook.

The school district reserves the right to refer to the appropriate non-school agency any act or conduct of its students which may constitute a crime under federal, state, county, or local law. The administration will cooperate with these agencies in their investigations.

Forms of School Discipline

Administrative and teaching personnel may take actions regarding student behavior that are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students, parent conferences, referral to restorative justice practices or services,

rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. The actions may also include in-school suspensions during the day. When in-school suspensions, after-school assignments, or other disciplinary measures are assigned, the student is responsible for complying with such disciplinary measures; a failure to serve such assigned discipline as directed will serve as grounds for further discipline, up to expulsion from school. District administrators may develop building-specific protocols for the imposition of student discipline.

In this section, references to "Principal" shall include building principals, the principal's designee, or other appropriate school district administrators.

Any statement, notice, recommendation, determination, or similar action specified in this section shall be effectively given at the time written evidence thereof is delivered personally to or upon receipt of certified or registered mail or upon actual knowledge by a student or his or her parent or guardian.

Any student who is suspended or expelled from school pursuant to this section may not participate in any school activity during the duration of that exclusion including adjacent school holidays and weekends. The student activity eligibility of a student who is mandatorily reassigned shall be determined on a case-by-case basis by the principal of the building to which the student is reassigned.

After School Sessions and Detentions
Teachers and administrators may require students to stay after school or to serve a detention when the student violates any of the rules contained in this handbook or violates classroom-specific conduct rules set by individual teachers.

- After-school sessions will not exceed 30 minutes from the time of dismissal and are to be served in the teacher's room. A student who fails to attend an after-school session may be given a detention by the teacher or may face additional disciplinary consequences up to and including long-term suspension and/or expulsion. A student who has a conflict with an after-school session is responsible for working it out with the teacher.

- Detentions are 30 minutes, served in the central office or the detention room designated by the building principal.

~~**Saturday School**~~

~~The building administrator may require a student to attend Saturday School for four hours on Saturday morning. Saturday School is held from 8:30 AM to 12:30 PM in a classroom staffed by teachers. Students follow strict rules and must work on assignments the entire time, except for short breaks. Students who do not follow Saturday School rules will be removed from the classroom and will face further disciplinary action.~~

In-School Suspension

The building administrator may require a student to serve in-school suspension. There will be zero tolerance for behavior problems from students placed in in-school suspension. Students not completing their In-School Suspension will face further disciplinary action.

Emergency Exclusion

Students may be emergency excluded from school pursuant to the board's separate policy on emergency exclusion or state law.

Short-Term Suspension

The Principal or the Principal's designee may exclude a student from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

1. Any of the conduct described in the subsections under "Grounds for Long-Term Suspension, Expulsion, or Mandatory Reassignment" below irrespective of the location at which such misconduct; or

2. Other violations of rules and standards of behavior adopted by the board of education or the administrative or teaching staff of the school, which occur on or off school grounds, if such conduct interferes with school purposes or there is a nexus between such conduct and school.

The following process will apply to short-term suspensions:

1. The Principal shall make a reasonable investigation of the facts and circumstances. Short-term suspension shall be imposed only after a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.

2. Prior to commencement of the short-term suspension, the student will be given oral or written notice of the charges against the student. The student will be advised of what he/she is accused of having done, an

explanation of the evidence the authorities have, and an opportunity to explain his/her version of the facts.

3. Within 24 hours or such additional time as is reasonably necessary following the suspension (not to exceed an additional 48 hours), the Principal will send a written statement to the student and the student's parent or guardian, describing the student's conduct, misconduct, or violation of the rule or standard and the reasons for the action taken. An opportunity will be given to the student, and the student's parent or guardian, to have a conference with the Principal ordering the short-term suspension before or at the time the student returns to school. The Principal shall determine who, in addition to the parent or guardian, is to attend the conference.

4. Students who are short-term suspended will be given the opportunity to complete classwork, including but not limited to examinations, under the following conditions: the student has two days for each day suspended to complete all work.

Firearms. No student may bring, possess, handle, or transmit a firearm on school grounds, in a school owned vehicle, or at a school activity or event off school grounds, except as permitted by this policy.

Definition of Firearm. The term "firearm," as defined in 18 U.S.C. 921, means any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive, the frame or receiver of any such weapon, any firearm muffler or firearm silencer, or any destructive device (excluding an antique firearm).

Exceptions Regarding Firearms. The only exceptions for a student to bring or possess a weapon, including a firearm, are as follows:

1. The issuance of firearms to or possession of firearms by members of the Reserve Officers Training Corps when training or
2. Firearms which may lawfully be possessed by the person receiving instruction under the immediate supervision of an adult instructor who may lawfully possess firearms.

Consequences - Firearm. Any student who brings a firearm, as that term is defined in 18 United States Code 921, to school will be expelled from school for one calendar year. The superintendent of schools and the board of education shall have the authority to modify the expulsion requirement on a case-by-case basis.

Long-Term Suspension
Students may be excluded by the Principal from school or any school function for a period of more than five school days but less than twenty school days (long-term suspension) for any conduct constituting grounds for expulsion as hereinafter set forth. The process for long-term suspension is set forth below.

Pre-Kindergarten through Second Grade Students
An elementary school shall not suspend a student in pre-kindergarten through second grade unless the student brings a deadly weapon as defined in section 28-109 on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or his or her designee, or at a school-sponsored activity or athletic event. As an alternative to suspension, the school district may take any action authorized by law, including those provided in section 79-258.

Expulsion
1. **Meaning of Expulsion.** Expulsion means exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period.

2. **Summer Review**. Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year. The review will be conducted by the hearing officer who conducted the initial expulsion hearing, or a hearing officer appointed by the Superintendent in the event no hearing was previously held or the initial hearing officer is no longer available or willing to serve, after the hearing officer has given notice of the review to the student and the student's parent or guardian. This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the school board or board of education or a committee of such board took

the final action to expel the student, the student may be readmitted only by action of the board. Otherwise, the student may be readmitted by action of the Superintendent.

3. **Suspension of Enforcement of an Expulsion**: Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect, and as a condition of such suspended action, the student may be assigned to a school, class, or program/plan and to such other consequences which the school district deems appropriate.

4. **Alternative School or Pre-expulsion Procedures.** The school shall provide either an alternative school, class or educational program for expelled students or shall follow the pre-expulsion procedures outlined in Neb. Rev. Stat. 79-266.

It is the means by which students are nurtured to learn, to develop responsibility and ultimately, to control their own actions. Discipline is a social necessity; it is the essence of learning.

Level 1: Minor Infractions

Classroom teachers will handle these discipline issues with notes or phone calls to parents, verbal warnings, loss of recess, after school detentions, or loss of other classroom privileges. Teachers will keep anecdotal notes to record frequency of the behaviors and actions taken.

basis. Exercising safety practices begins on the first day of school and continues throughout the year. With the home and school working as a team, safety can be a natural practice of the child.

Bicycles and Skateboards

Bicycles rode to school should be walked once they are on school property and then parked immediately in the appropriate bike rack. The school is not responsible for lost or damaged bicycles. Students are not to ride bikes on the playground area or on the sidewalks. Skateboards and roller blades are not allowed on school property.

Classroom Referral

Office Referral

If a student receives an Office Referral, they will be sent to the guidance center, if guidance center is not available then the student will report to the assistant principal or principal. Depending on the severity of the infraction, students may receive further disciplinary action after conferencing with the principal or assistant principal.

The administration will contact parents or guardians and may ask to set up a meeting between administration, the guidance counselor, classroom teachers, students, and their families.

Administrative Prerogatives

1. Any illegal activities will warrant police involvement.
2. The Principal or administrative designee has the final authority to set level and consequence for specific violations.
3. The disciplinary section of the handbook is NOT an all-inclusive list of behaviors.

Handbook compliance in regard to discipline will adhere to Board Policy 503.03

4. See General Discipline Philosophy for additional details

Credit for School Work During Suspension

During the period of suspension, a student is expected to make every effort to keep up with class activities and learning opportunities. In order to encourage this, a student will be allowed to take any exam missed, and to receive full grading credit. Completion of the exam is to be initiated by the

student and shall occur within two school days after the suspension ends, or no credit will be allowed.
All other assigned work due during the time of suspension from school will receive credit only if it is completed and handed into the teacher first thing in the morning when the student returns. Students that are suspended will be expected to keep up with schoolwork by checking their school issued Google email account and all google classroom enrollments. Any student under any type of suspension or expulsion may not attend/participate in any Schuyler Middle School activities.

Additional Student Conduct Expectations and Grounds for Discipline.
The following additional student conduct expectations are established. Failure to comply with such rules is grounds for disciplinary action. When such conduct occurs on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or by his or her designee, or at a school-sponsored activity or athletic event, the conduct is grounds for long-term suspension, expulsion or mandatory reassignment.

1. Student Appearance: Students are expected to dress in a way that is appropriate for the school setting. Students should not dress in a manner that is dangerous to the health and safety of anyone or interferes with the learning environment or teaching process in our school. Following is a list of examples of attire that will not be considered appropriate, such list is not exclusive and other forms of attire deemed inappropriate by the administration may be deemed inappropriate for the school setting:
    a. Clothing that shows an inappropriate amount of bare skin or underwear (midriffs, spaghetti straps, sagging pant, low-cut shirts, etc.) or clothing that is revealing or baggy, or tops and bottoms that do not overlap or any material that

is sheer or lightweight enough to be seen through, shorts, skirts or athletic shorts that expose undergarments or inappropriate amount of bare skin or otherwise of an appropriate size and fit.

b. Clothing or jewelry that advertises or promotes beer, alcohol, tobacco, or illegal drugs.

c. Clothing or jewelry that could be used as a weapon (chains, spiked apparel) or that would encourage "horse-play" or that would damage property (e.g. cleats).

d. Head wear including hats, caps, bandannas, and scarves.

e. Clothing or jewelry, which exhibits nudity, makes sexual references or carries lewd, indecent, or vulgar double meaning.

f. Clothing or jewelry that is gang related. (Ex. Marilyn Monroe gang t-shirts)

g. Visible body piercings that can be determined to create a safety concern or constitute a disruption or distraction to the learning environment. (Example: golf tees as gauge spacers)

Consideration will be made for students who wear special clothing as required by religious beliefs, disability, or to convey a particularized message protected by law. The final decision regarding attire and grooming will be made by the Principal or Superintendent. In the event a student is uncertain as to whether a particular item or method of grooming is consistent with the school's guidelines, the student should contact the Principal for approval, and may also review such additional posting of prohibited items or grooming which may be available in the Principal's office.

Coaches, sponsors or teachers may have additional requirements for students who are in special lab classes, students who are participants in performing groups or students

who are representing the school as part of an extracurricular activity program.

On a first offense of the dress code, the student may call home for proper apparel or
appropriate apparel may be provided by the office and will be returned at the end of the school
day. Students will not be allowed to leave campus to change clothes. Continual violations of
the dress code will result in more stringent disciplinary actions, up to expulsion. Further, in
the event the dress code violation is determined to also violate other student conduct rules
(e.g., public indecency, insubordination, expression of profanity, and the like), a first offense
of the dress code may result in more stringent discipline, up to expulsion.

Schuyler Central High School Student Code of Conduct

Student conduct on campus, in buildings, on buses, and at school-community activities should at all times be characteristic of young men and women who exhibit pride in themselves, their school, and their community. SCHS expects every staff member and student to be treated with respect and dignity. A show of disrespect toward a staff member or insubordination on the part of students is not acceptable and will not be tolerated.

The purpose of the Student Discipline Act, statutory reference 79-254 to 79-294, is to assure the protection of all secondary school students' constitutional right to due process and fundamental fairness within the context of an orderly and effective educational process. The sanctions defined in the act shall be interpreted at all times in the light of the principles of free speech and assembly protected under the Constitutions of the United States of America and the State of Nebraska, and in recognition of the right of every student to public education.

Class Conduct Expectations

For students to experience success in their high school experience, they are expected to show up on time, prepare for class by doing assignments on time, complete their own work, and to display appropriate conduct conducive to a safe and

orderly environment for learning and teaching at Schuyler Central High School. Classroom teachers and students are responsible for the safe and orderly environment of the classroom. Teachers are responsible to assist students in making more appropriate choices by conferencing with the students to do problem solving and may issue detentions when necessary.

Students demonstrating classroom behavior disruptive enough to merit being referred to the office will be assigned a consequence within the guidelines established for discipline. This may include a conference with the administration in school suspension, short- or long-term suspension from school, or expulsion from school. Any teacher referring a student to the office will initiate phone or in-person contact with the parent in order to seek a permanent resolution to the student's in-class behavior. Written documentation of the incident will also be sent to the parent/guardian and filed in the office.

Classroom and Hallway Expectations

This is the conduct expected at all times in SCHS classrooms and hallways:

1. Enter only the classrooms to which you are assigned

2. Maintain appropriate indoor sound level

3. Walk without inconveniencing other traffic (i.e. no running, pushing/shoving, causing congestion, etc.)

4. Arrive in your classrooms before the tardy bell rings

5. Don't block entrances to the school

SCHS STEP Program

Any conduct that is deemed as disruptive to school and classrooms, will result in that student being placed on the Disciplinary STEP Program. Once teachers have counseled a student individually and provided at least one retraining session after school you may choose to proceed to the following step program. The STEP Program is implemented as such…

Step 1 Refer the student to the office, where they are dealt with by an administrator. The student makes up the class time missed after school that day to get the instruction missed. Parents are

contacted and the incident is documented by the teacher in IC as a behavior referral.

Step 2 Parent/Guardian notified by teacher and a parent meeting with administration is set up to discuss behavior and consequences. Students remain suspended from the class until a plan is made as a result of the meeting.

Step 3 If not on the Student Assistance Team, they will be referred to SAT.

Step 4 Parent/Guardian notified by administration that the student will be serving ISS. Incident is documented in IC.

Step 5 Parent/Guardian notified by administration that the student will be serving an extended ISS. Incident is documented in IC.

Step 6 Parent/Guardian notified that they will be serving OSS. Incident is documented in IC.

Step 7 Parent/Guardian and administration discuss alternative strategies to include alternative education, alternative placement and the possibility of expulsion.

Emergency Counseling/Therapy

If it is determined that the nature of a suspension is a serious infraction, a student may be required to receive counseling/therapy prior to his/her return to Schuyler Community Schools at the expense of the parent and/or guardian. At the completion of the counseling, a report from the counselor/therapist must be sent to the principal/assistant principal prior to the student returning to Schuyler Central High School.

Mass Actions

Mass actions such as "skip day" are not permitted. If a mass action is or has taken place, all students without proper parent verification will be assigned unexcused absences for the time missed.

Social Functions

School dances are for students and their dates as well as for SCHS staff. Outside dates are permitted as long as these people are willing to conform to all school regulations, are under the age of 21, and complete all appropriate forms. Students will be admitted during the first hour of the dance. Once students choose to leave, they will not be readmitted. Activities held during the week will end by 11:00 p.m. School dances will be scheduled from 7:30 p.m. to 11:30 p.m. on weekend dates. A school-sponsored dance is a school activity subject to all provisions of the Student Activity Code, and is a privilege available to students meeting all requirements for participation. Each person that attends the dance will be subject to a breathalyzer.

Leaving Campus During The School Day

Students who leave school for any reason during the school day must check out at the principals' office before leaving. Students leaving school must be cleared in advance by a note or phone call from the student's parent or legal guardian. Upon returning to school that same day, students are expected to sign in at the office. Any student who leaves school without following proper procedure will be counted absent (unexcused) and will be put on the discipline step plan.

f. The district may partner with other individuals or entities in the community to support the implementation of this policy.

g. The district will strive to provide physical activity breaks for all students, recess for elementary students, and before and after school activities, as well as encourage students to use active transport (walking, biking, etc.)

h. The district will use evidence-based strategies to develop, structure, and support student wellness.

4. Standards and Nutrition Guidelines for All Foods and Beverages Sold to Students on the School Campus and During the School Day

   i. USDA National School Lunch and School Breakfast nutrition standards

   ii. USDA Smart Snacks in School nutrition standards.

b. The district will offer students a variety of age-appropriate, healthy food and beverage selections with plenty of fruits, vegetables, and whole grains aimed at meeting the nutrition

needs of students within their calorie requirements in order to promote student health and reduce childhood obesity.

5. Standards for All Foods and Beverages Provided, But Not Sold to Students During the School Day

The district may provide a list of healthy party ideas or food and beverage alternatives to parents, teachers, and students for classroom parties, rewards and incentives, or classroom snacks. The district discourages the use of food and beverages as a reward or incentive for performance or behavior.

6. Food and Beverage Marketing

Marketing and advertising is only allowed on school grounds or at school activities for foods and beverages that meet or exceed the USDA Smart Snacks in School nutrition standards, except as follows:

a. This requirement does not apply to marketing that occurs at events outside of school hours such as after school sporting or any other events, including school fundraising events.

b. The district will not immediately replace menu boards, coolers, tray liners, beverage cups, and other food service equipment with depictions of noncompliant products or logos to comply with the new USDA Smart Snacks in Schools nutrition requirements. All previously purchased products will be used, and all existing contracts honored.

c. All equipment that currently displays noncompliant marketing materials will not be removed or replaced (e.g., a score board with a Coca-Cola logo). However, as the district reviews and considers new contracts, and as scoreboards or other such durable equipment are replaced or updated over time, any products that are marketed and advertised will meet or exceed the USDA Smart Snacks in School nutrition standards

7. Public Participation

Parents, students, representatives of the school food authority, teachers, school health professionals, board members, school administrators, and members of the general public shall be allowed to provide their input to the school district during the wellness policy adoption and review process.

8. Competitive Foods (Includes Food and Beverages Sold in Vending Machines, School Stores, and Fundraisers)

a. Definitions. "Competitive food" means all food and beverages other than meals reimbursed under programs authorized by the Richard B. Russell National School Lunch Act and the Child Nutrition Act of 1966 available for sale to students on the school campus during the school day. For the purpose of competitive food standards implementation, "school day" means the period from the midnight before to 30 minutes after the end of the official school day.

b. Applicability. Except as otherwise allowed by the Nebraska Department of Education (NDE) or applicable law, all competitive food sold during the school day must meet the USDA Smart Snacks Standards and the nutrition standards found in 7 CFR § 210.11. The competitive food restrictions do not apply to food sold during non-school day hours, weekends, and off-campus fundraising events such as concessions during after-school sporting events, school plays or concerts; or to bulk food items that are sold for consumption at home. (Ex: frozen pizzas, cookie dough tubs, etc.)

c. Fundraiser Exemptions. A special exemption is allowed for the sale of food and/or beverages that do not meet the competitive food standards as required in this section for the purpose of conducting an infrequent school-sponsored fundraiser. The specially exempted fundraisers must not take place more than the frequency specified by NDE during such periods that schools are in session. No specially exempted fundraiser foods or beverages may be sold in competition with school meals in the food service area during the meal service.

d. Other Exemptions. The only other nutrition exemptions from the competitive food requirements are those found in 7 CFR § 210.11.

e. Other Limitations. No competitive food can be sold to children anywhere on school premises beginning one half hour before breakfast and/or lunch service until one half hour after meal service unless all proceeds earned during these time periods go to the school nutrition program.

9. Triennial Assessment

The school board shall assess and review this policy at least every three years to determine:

a. Compliance with this policy;

b. How this policy compares to NDE model wellness policies;

c. Progress made in attaining the goals of this policy.

The school board will update or modify this policy as appropriate.

10. Public Notice

In addition to identifying the topic on its meeting agenda as required by the Open Meetings Act, the school district will provide notice of this policy at least annually to the public and other stakeholders identified in this policy by one or more of the following methods: on its webpage, in its newsletter, in the student and employee handbooks, newspaper advertisements, direct mailings, electronic mail, and public postings.

In addition to identifying the topic on its meeting agenda as required by the Open Meetings Act, the school district will provide notice of the Triennial Assessment and progress reports towards meeting the goals in this policy using one or more of those same methods.

The District will retain records to document compliance with the requirements of the wellness policy at its central office.

12. Operational Responsibility

The superintendent is responsible for coordinating the implementation of this policy and for monitoring the district's progress in meeting the goals established by this policy. The superintendent will periodically report to the board on the district's progress in implementing this policy.

* These strategies include, but are not necessarily limited to, those cited in the Alliance for a Healthier Generation's Model Wellness Policy (Updated June 2020 to Reflect the USDA Final Rule) found at https://api.healthiergeneration.org/resource/2.

504.24 - TITLE IX SEXUAL HARASSMENT

It is the the policy of this district to comply with federal law and regulations under Title IX prohibiting sexual harassment, which is a form of unlawful discrimination on the basis of sex. The District does not discriminate on the basis of sex in any education program or activity that it operates, including admission and employment. Inquiries about the application of Title IX to the District may be referred to the District´s Title IX Coordinator, to the Regional Office of Civil Rights of the Department of Education, or both.

The Board encourages students, employees and third parties who believe they or others have been subject to Title IX sexual harassment, other discrimination or retaliation to promptly report such incidents to the Title IX Coordinator or building principal, even if some elements of the related incident took place or originated away from school grounds, school activities or school conveyances. A person who is not an intended victim or target of discrimination but is adversely affected by the offensive conduct may file a report of discrimination with the Title IX Coordinator.

The Board designates the following individual to serve as the District´s Title IX Coordinator and may or may not have the same person serve as Compliance Coordinator:

Title: _____

Office address: _____

Email: _____

Phone number: _____

Other district employees filling key roles for implementing Title IX sexual harassment procedures include investigator(s), decision-maker(s), individuals to handle appeals, and individuals to facilitate an informal resolution process. Specific individuals filling these roles may vary from complaint to complaint as appropriate.

The Director of the Regional Office of Civil Rights can be contacted at the Kansas Office of Civil Rights, U.S. Department of Education, One Petticoat Lane, 1010 Walnut Street, Suite 320, Kansas City, MO 64106, (816) 268-0550, by email to OCR.KansasCity@ed.gov.

The district is committed to providing a nondiscriminatory workplace for employees. It is committed to the maintenance of a safe, positive learning environment for all students by providing student course offerings, counseling, assistance, services, employment, athletics, and extracurricular activities without any form of discrimination, including Title IX sexual harassment. Discrimination is inconsistent with the rights of employees and students and the educational and programmatic goals of the district and is prohibited at or, in the course of, district-sponsored programs or activities, including transportation to or from school or school-sponsored activities.

The student´s parents/guardian or any other person with knowledge of conduct that may violate this policy is encouraged to immediately report the matter to the building principal. A school employee who suspects or is notified that a student has been subject to conduct that constitutes a violation of this policy shall immediately report the incident to the building

principal, as well as properly making any mandatory police or child protective services reports required by law.

Violations of this policy, including acts of retaliation as described in this policy, or knowingly providing false information, may result in disciplinary consequences under applicable Board policy and procedures.

Any person may report sex discrimination, including sexual harassment, at any time, including during non-business hours. Such a report may be made in person, by mail, by telephone or by electronic mail, using the contact information listed for the Title IX Coordinator, or by any other means that results in the Title IX Coordinator receiving the person´s verbal or written report.

For purposes of this policy and the grievance process, "Title IX sexual harassment" means conduct on the basis of sex that satisfies one or more of the following:

1. A District employee conditioning the provision of an aid, benefit, or service of the District on an individual´s participation in unwelcome sexual conduct;

2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District´s education program or activity; or

3. "Sexual assault" as defined in 20 USC 1092(f)(6)(A)(v), "dating violence" as defined in 34 USC 12291(a)(10), "domestic violence" as defined in 34 USC 12291(a)(8) or "stalking" as defined in 34 USC 12291(a)(30). These definitions are included in the procedures to this policy.

Such conduct must have taken place during a district education program or activity and against a person in the United States to qualify as sexual harassment under Title IX. An education program or activity includes the locations, events, or circumstances over which the district exercises substantial control over both the respondent and the context in which the harassment occurs. Title IX applies to all of a district´s education programs or activities, whether such programs or activities occur on-campus or off-campus.

When the alleged harassment or discrimination does not meet the Title IX definition of sexual harassment, the Title IX Coordinator directs the individual to the applicable process for investigation.

Retaliation Prohibited

The District prohibits intimidation, threats, coercion or discrimination against any individual for the purpose of interfering with any right or privilege secured by Title IX or this policy, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation proceeding or hearing, or acted in opposition to practices the person reasonably believes to be discriminatory, if applicable. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX or this part, constitutes retaliation.

Confidentiality

The District must keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any individual who has been alleged to be the victim or perpetrator of conduct that could constitute sexual harassment, and any witness, except as may be permitted by Family Educational Rights and Privacy Act (FERPA) or as required by law, or to carry out the purposes of the Title IX regulations, including the conduct of any investigation, hearing or judicial proceeding arising under the regulations.

Notice Requirements

The District provides notice to applicants for admission and employment, students, parents or legal guardians of elementary and secondary school students, employees and the union(s) holding collective bargaining agreements with the district with the name or title, office address, email address and telephone number of the Title IX Coordinator and notice of the District grievance procedures and process, including how to report or file a complaint of sex discrimination, how to file a formal complaint of sexual harassment and how the District will respond. The District also posts the Title IX Coordinator´s contact information and Title IX policies and procedures in a prominent location on the District website and in all handbooks made available by the District.

Training Requirements

The District ensures that Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, receives training on the definition of sexual harassment, the scope of the District´s education program or activity, how to conduct an investigation and grievance process including examination of evidence, handling hearings, appeals and informal resolution processes, when applicable, how to address complaints that do not qualify as Title IX sexual harassment, and how to serve impartially including by avoiding prejudgment of the facts at issue, conflicts of interest and bias. The District also ensures that decision-makers and investigators receive training on issues of relevance of questions and evidence, including when questions and evidence about the complainant´s sexual predisposition or prior sexual behavior are not relevant as set forth in the formal procedures that follow, and training on any technology to be used at a live hearing, if applicable. Investigators also receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence. All materials used to train individuals who receive training under this section must not rely on sex stereotypes and must promote impartial investigations and judgments of formal complaints of sexual harassment and are made publicly available on the District´s website.

Conflict of Interest and Bias

The District ensures that Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process do not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

Determination of Responsibility

The individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment is presumed not responsible for alleged conduct. A determination

regarding responsibility will be made by the decision-maker at the conclusion of the investigation in accordance with the process outlined in the accompanying regulation. No disciplinary sanctions will be imposed unless and until a final determination of responsibility is reached.

Other Title IX Coordinator Duties

The Title IX Coordinator, along with the Compliance Coordinator, shall fulfill designated responsibilities to ensure adequate nondiscrimination procedures are in place, to recommend new procedures or modifications to procedures and to monitor the implementation of the district´s nondiscrimination procedures in the following areas, as appropriate:

1. Curriculum and Materials - Review of curriculum guides, textbooks, and supplemental materials for discriminatory bias.
2. Training - Provide training for students and staff to prevent, identify and alleviate problems of discrimination.
3. 5. Student Access - Review of programs, activities, and practices to ensure that all students have equal access and are not segregated except when permissible by law or regulation.
6. District Support - Assure that like aspects of the school programs and activities receive like support as to staffing and compensation, facilities, equipment, and related areas.
7. Student Evaluation - Review of assessments, procedures, and guidance and counseling materials for stereotyping and discrimination.

The district will provide students with facilities, equipment, materials and supplies, including books. Students are responsible for the careful and appropriate use of such property. Students will be charged for damage to school property caused by the student and will be held responsible for the reasonable replacement cost of any school property that they lose.

4. Materials Required for Course Projects.

The district will provide students with the materials necessary to complete all basic curricular projects. In courses where students choose to produce a project that requires materials beyond the basic materials provided by the district, the students will furnish the materials, purchase the materials from the school, or purchase the materials from an outside vendor with an order form provided by the school.

5. Technological Devices

The district will provide students with the technological devices necessary to complete all basic curricular projects. To the extent that a student is not required by the district's curriculum to utilize a device off district property, the district may charge students a convenience fee to take the device off district property. The maximum dollar amount of this convenience fee charged by the district will be $30.

As with all school property, students may be charged for damage to such devices. To protect against such potential losses, students and parents

Staff Dress and Appearance
DRAFT

The attire worn by staff members conveys an important image to students and the general public. The appearance of professional staff members shall be appropriate to their assigned duties and indicative of their professional standing in the school and community.

I. Staff Expectations in Dress and Appearance

A. General Expectations in Dress and Appearance

1. Certified staff, paraeducators, and office staff should generally dress in business casual attire that is clean and professional. Clothing should not show an inappropriate amount of bare skin, underarm hair, chest hair, undergarments, or be excessively tight. Anything that is not appropriate for students is not appropriate for faculty. It is important to note that no code can be written that will address all of the styles, trends, and designs in attire. School administration reserves the right to make decisions about the appropriateness of staff appearance.

2. Custodial, maintenance, cafeteria, and transportation staff should dress in attire appropriate to the work they are performing.

B. Acceptable Forms of Dress and Appearance

1. The following are examples of professional attire which may be worn by certified staff, paraeducators, and office staff during the traditional school day, when students or visitors are in attendance, or when the employee is supervising, directing, or coaching students when the public is in attendance.
    a) Slacks, dress pants, skirts, dresses, jumpsuits, etc.
    b) Jeans that do not contain holes, stains, etc.
    c) Dress shorts/golf shorts (not drawstring shorts, athletic shorts, cargo shorts, etc.)
    d) Jogger pants (not sweatpants, windpants, workout leggings, spandex, etc.)
    e) Collared shirts, blouses, blazers, Schuyler Warrior shirts, content area/grade level shirts (e.g., Math teacher shirt, first grade team shirt, etc.). Shirts representing other school districts are not acceptable.
    f) Attire specific to teaching assignment (e.g., athletic attire for PE teachers, overalls and cargo pants for welding teachers, etc.)

II. Enforcement

The superintendent or building principal shall maintain the discretion to make determinations on staff dress and appearance. Administrators may temporarily suspend all or a portion of the dress code when other factors support a lower dress expectation for school employees (e.g., special “casual days” or field days). Any violation of school policy and rules may result in disciplinary action.
