Action 39869

Dan Conrad, Assistant Superintendent, presented **Sioux Falls School District Class Size report** as follows (MRF #19851):

The Sioux Falls School District (SFSD) continues to maintain class sizes that support effective teaching and learning. For the 2025-26 school year, teacher allocations were set using the Board-approved ratios of 24.3 students per teacher at the elementary level, 24.41 at middle school, and 25.12 at high school.

Current enrollment shows elementary class sizes remain below the budgeted ratio, with an average of 23.35 students per teacher across 465 classrooms. Most elementary classes, about 70%, serve 25 or fewer students, and only a small share (3%) reach 30 or more.

Two-Way Spanish Immersion programs at Hayward and Rosa Parks Elementary maintain an overall ratio of 24.1 students per teacher, supported by interns and education support professionals (ESP) staff in early grades. The RISE program continues to offer strong, individualized support with an average of 7.9 students per teacher, well below its allocated 10 to 1 ratio.

Elementary schools also benefit from a wide range of specialized teachers and support staff who strengthen instruction, student services, and enrichment opportunities. Similar staffing processes are used at the middle and high school levels.

Overall, the District's staffing approach reflects a clear commitment to maintaining class sizes that allow for strong instruction and positive learning environments across all schools.

A motion was made by Marc Murren and seconded by Gail Swenson five (5) votes "yes" on roll call **acknowledging the Sioux Falls School District Class Size report**.

Action 39870

Paul Keizer, CLC Executive Director, presented **Community Learning Centers (CLC) Programming report** as follows (MRF #19852):

The Sioux Falls Community Learning Centers (CLCs) continue to expand their impact across the District, offering before- and after-school programs, summer enrichment, and expanding middle school services. Now in its third year, the elementary program has broadened before-school care from one to eight sites and added after-school programming at 23 schools.

Although enrollment fluctuated early in the 2025-26 school year, participation is stabilizing, and more students whose families qualify for financial assistance are accessing services. With federal funding remaining flat, the CLC is actively pursuing additional resources to meet the rising demand.

More than 70 community partners continue to provide students with enrichment in athletics, fine arts, life skills, and workforce readiness. Student engagement remains strong, with higher daily attendance and more hours of participation.

Middle school programming launched this fall at Whittier, Ben Reifel, and George McGovern and has grown quickly, increasing from 131 to 552 students in four months. Attendance continues to rise, and expanded programming is planned for all middle schools in fall 2026, funding permitting. The new Boys & Girls Club at George McGovern that opened this fall has already shown success. The program offers a high-tier model with extended hours, full-day summer options, and food support.

Family engagement continues to grow, with spring health and wellness fairs scheduled at JFK, Laura Wilder, and Whittier.

Overall, the CLCs are providing meaningful opportunities for students and families, strengthening partnerships, and laying the groundwork for continued growth and long-term sustainability.

A motion was made by Elizabeth Duffy and seconded by Dawn Marie Johnson five (5) votes “yes” on roll call **acknowledging the Community Learning Centers (CLC) report.**
