Recognition

A. Employee of the Month – November 2012

November
Employee of the
Month

Birchview Elementary is proud to recognize Kathy Banks as the Wayzata Public Schools Employee of the Month for November 2012 and has provided the following observations on why she deserves this recognition.

Kathy has served the District since 1999 when she was hired as the school's Social Worker. Since that time, Kathy has made it her mission to make connections with not only the students, but the families of Birchview and has been instrumental in being a liaison between our school and the community.

Kathy exemplifies the values of the Birchview community by being committed to the success of each and every student. She recognizes that for some students, the road to success is sometimes rocky and helps them navigate through the rough stretches of time. She is there to provide an ear when students need someone who will listen and is there to lend a hand when families need someone who cares. Kathy has a keen sense of being able to match a student or family need to the resource that is most appropriate. In doing so, she builds relationships as people know that Kathy is someone whom they can trust.

From new student groups to mentor connections, from eye glasses to school supplies, Kathy is looking to support our students and to minimize the obstacles that they encounter along the way. She is willing to do whatever is necessary if it means helping our students.

The Birchview community is proud of its staff and the commitment that is made to its students on a daily basis. It is especially proud to recognize Kathy Banks for her contributions in making Birchview a great place for kids. Kathy commented that she was very surprised and honored to receive this award and thanked Principal, Steve Root and staff. She stated, "Birchview is a great place to work!"

Congratulations Kathy!

1. Resolution – American Education Week – November 11-17, 2012

Resolution –
American Education
Week – November
11-17, 2012

NEA's 91st annual American Education Week (AEW) spotlights the importance of providing every child in America with a quality public education, and the need for everyone to do his or her part in making public school great.

Great Public Schools: A Basic Right and Our Responsibility reflects the Association's calling upon America to provide students with quality public schools so that they can grow, prosper, and achieve in the 21st century.

Wayzata Public Schools will kick off American Education Week on Tuesday November 13 at the School Board meeting at 4:30 PM at Wayzata City Hall when the Board will adopt a Resolution recognizing American Education Week. Monday, November 12, 2012 the Board recognized a student for a perfect SAT score, and seven students for perfect ACT scores. They also recognized our 22 National Merit Scholarship Semifinalists from the class of 2013, who in turn honored their "Esteemed Teachers".

A motion was made by Ms. Peterson to approve the Resolution – American Education Week – November 11 – 17, 2012, and Ms. Cohen seconded the motion. A roll call vote was taken and the following voted in favor thereof: Ms. Susan Droegemueller, Mr. John Moroz, Ms. Carter Peterson, Ms. Cheryl Polzin, Ms. Linda Cohen, and Mr. Jay Hesby, and the following voted against the same: No one. Therefore, the motion passed on a 6-0 vote.

Board Policies and
Regulations

2. Board Policies and Regulations – Second Reading and Adoption

a. Board Policy 226 – Citizen Complaints

Board Policy 226 was reviewed by the Board Policy Committee on October 2, 2012 and by the full Board on October 22, 2012 at their work session. Policy 226 had minor changes. All policies are reviewed on a 5 year rotation.

A motion was made by Mr. Moroz to waive the reading and approve Board Policy 226 – Citizen Complaints, and Ms. Peterson seconded the motion. The motion passed unanimously 6-0.

b. Board Policy 310 – Administrative Personnel Professional Development Opportunities (FOR DELETION)

Board Policy 310 was reviewed by the Board Policy Committee on October 2, 2012 and by the full Board at their work session on October 22, 2012. It is the committee's recommendations that Policy 310 be deleted. This policy is unnecessary. All policies are reviewed on a 5 year rotation.

A motion was made by Ms. Cohen to approve Board Policy 310 – Administrative Personnel Professional Development Opportunities (for Deletion), and Ms. Peterson seconded the motion. The motion passed unanimously 6-0.

Monthly Financial Reports

The School Board received the following monthly financial reports for review and information:

- Student Activity Fund Report of September 30, 2012.
- Monthly Financial Reports, which details fund and budget status data as of June 30, 2012 and will be reported once the June 30, 2012 audit is complete.

No Board action was required.

2. Fiber Optic Telecommunications Network Resolution of Memorandum of Understanding

The District desires to enhance its fiber optic telecommunicating interconnectivity between district facilities. The City of Plymouth and Hennepin County are working together to jointly install separate conduit for fiber optic telecommunications and the school district through the approval of the non-bidding RESOLUTION REGARDING MEMORANDUM OF UNDERSTANDING as presented. This will allow the district to enhance its fiber optic telecommunications interconnections.

Fiber Optic Telecommunications Network Resolution of Memorandum of Understanding

A motion was made by Ms. Droegemueller to approve the Resolution Regarding Memorandum of Understanding for Fiber Optic Between the City of Plymouth and the School District, and Mr. Moroz seconded the motion. A roll call vote was taken and the following voted in favor thereof: Ms. Cater Peterson, Ms. Cheryl Polzin, Ms. Linda Cohen, Ms. Susan Droegemueller, Mr. John Moroz, and Mr. Jay Hesby, and the following voted against the same: No one. ITEM: C. BID AWARD: Oakwood Elementary School 2013 Addition and Renovation

COMMENTS BY: Mr. Jim Westrum

The bid opening for Oakwood Elementary School 2013 Addition and Renovation was held at the Administration Building on November 20, 2012 at 2:00 PM.

The scope of the project includes construction of four classrooms, a new media center, new administration offices, modifications to the existing office areas, and remodeling the existing media center area into classrooms and expanding the cafeteria. The Site work will include relocation the bus drop off area to the west side of the building.

Ebert Construction submitted the lowest base bid in the amount of \$3,398,400 and no change for Alternate No. 1.

The project is funded using budgeted amounts and Alternative Facilities Funds.

Please see the attached bid tabulation and recommendation from Wold Architects and Engineers.

RECOMMENDED ACTION: Award the Oakwood Elementary School 2013 Addition and Renovation to Ebert Construction for the base bid in the amount of \$3,398,400 and no change for Alternate No. 1.

Re: Independent School District #284
Oakwood Elementary School 2013 Addition and Renovation
Commission No.122071

Dear Joe:

We request that the following recommendation be presented to the School Board for the award of the Oakwood Elementary School 2013 Addition and Renovation project.

On November 20, 2012 eight (8) bids were received for the Oakwood Elementary School 2013 Addition and Renovation project. A copy of the bid tabulation is enclosed for your review. The bids received are of an acceptable range and reflect a fair value for the work involved. The apparent low bid has been reviewed and is within the budget established for the project.

The scope of the project includes the construction of four classrooms, a new media center, new administration offices, modifications to the existing office areas, and remodeling the existing media center area into classrooms and expanding the cafeteria. The site work will include relocation the bus drop of area to the west side of the building. Based on city review, the project may start around the district's winter break and be ready for the students in August 2013.

Based on our review of the bids submitted, the selection of alternates does affect the determination of the low bidder. Through consultation with yourself, the following is our itemized recommendation for the alternates for your consideration:

Alternate No. 1 – Liquidated Damages:

No Change

Alternate No. 1 Provides the costs associated with the addition of liquidated damages in the amount of \$1,000 per calendar day if the project is not completed as follows: Footings & Foundations – February 15, 2013, Addition - July 15, 2013, interior work and Renovation – August 15, 2013. In this case the contractor offered “No Change” to their base bid.

Recommendation: Accept Alternate No. 1

Based on our recommendations, we further recommend that the District award a contract for the Oakwood Elementary School 2013 Addition and Renovation project to Ebert Construction, 23350 County Road 10, Corcoran, MN 55357, as follows:

Oakwood Elementary School 2013 Addition and Renovation project

Base Bid:	\$3,398,400
<u>Alternate No. 1 – Liquidated Damages:</u>	<u>No Change</u>
Total Contract Amount	\$3,398,400

Upon your action, we will provide notice to the contractor and draft a contract reflecting this amount.

Sincerely,

WOLD ARCHITECTS AND ENGINEERS

COMMENTS BY: Superintendent Anderson

1. Board Policies and Regulations – Major Changes – First Reading

- a. Board Policy and Regulations 631 and 631-R – “Electronic Technologies Acceptable Use” were reviewed by the Board Policy Committee on November 27, 2012. This policy and regulations have been completely rewritten due to significant updates. The policy and regulations will most likely require refinements/revisions in the future; however, an initial version must be in place prior to the January 3, 2013 iPad roll-out with students. All policies are reviewed on a 5 year rotation; however, policies that need immediate updating are brought to the board for action at that time.

RECOMMENDED ACTION: Approve for first reading Board Policy and Regulations 631 and 631-R – “Electronic Technologies Acceptable Use” as recommended.

**ELECTRONIC TECHNOLOGIES
ACCEPTABLE USE**

POLICY: 631

The Wayzata School District provides electronic technology resources to its students, staff, families and community for educational, administrative, and informational purposes. The use of district electronic technology equipment is a privilege, not a right. All uses of this equipment shall be in compliance with the School District's policies and regulations and all state and federal laws. The School District may revoke the privilege to use this equipment for anyone who violates these policies and regulations or state or federal law. In addition, the School District may take disciplinary or legal action against anyone who violates these policies and regulations or state and federal laws.

The School Board recognizes that making electronic technology resources such as the Internet and electronic technology devices available carries some risks that users of the systems may encounter material that is offensive or is otherwise not suitable for an educational environment. The School District does not have the resources necessary to screen or filter out all inappropriate material or to prevent users of the electronic technology resources from inappropriately disclosing information about themselves on the Internet, nor is it technologically possible to do so. However, the Board of Education believes the benefits of providing access to the electronic technology resources and the Internet outweighs the potential harm. In order to minimize these risks, the School District will endeavor to educate staff and students regarding how to use the School District's electronic technologies devices, systems and communication technology responsibly.

The Superintendent is directed to develop and implement regulations and procedures that will:

- A. Utilize appropriate software and hardware on the School District premises to allow students and staff to gain access to Internet resources that will protect the School District's data and equipment from unauthorized access or use;
- B. Provide guidelines and regulations that outline the use of the School District's electronic technology devices, systems and communication equipment to educational purposes, including classroom instruction, educational research, curriculum and professional development.

**ELECTRONIC TECHNOLOGIES
ACCEPTABLE USE**

REGULATIONS: 631-R

I. PURPOSE

The purpose of this policy is to set forth guidelines for access to acceptable and safe use of the District's electronic technologies. Electronic technologies include, but are not limited to, computers and peripherals, mobile devices, printers, telephones, and the applications they support and/or access.

II. GENERAL STATEMENT OF REGULATIONS

The Wayzata School District provides electronic technology resources to its students, staff, families and community for educational, administrative, and informational purposes. The goal in providing these resources is to promote educational excellence in Wayzata schools by facilitating resource sharing, innovation and communication, with the support and supervision of parents or guardians, teachers and support staff. The adopted School Board Strategic Roadmap provides guidance for the development of this policy in making decisions regarding student, staff, parent, and community access to the District's electronic technologies.

III. EDUCATIONAL PURPOSE

Access to electronic technologies in the Wayzata School District has been established for educational purposes. The use of the Wayzata School District's electronic technologies is a valued resource to our community. All electronic technologies must be used in support of the educational program of the District. This access may be revoked at any time for abusive or inappropriate conduct related to the use of electronic technologies.

The District expects that staff will blend thoughtful use of the school district technology system and the Internet throughout the curriculum and will provide guidance and instruction to students in their use. Students and staff will be provided with opportunities to practice safe and ethical computer, Internet and social networking at school to provide students with a relevant education in accordance with School Board Policy. The District may also use these tools and other communication technologies in fulfilling its responsibility for effectively communicating with the general public.

School computers and mobile devices, telecom, memory devices, networks, and related hardware and software are the property of the Wayzata School District. At no time does the District relinquish its exclusive control of electronic technologies. Inappropriate use of District electronic technologies may result in the limitation or revocation of access. Depending on the nature and degree of the violation and the

number of previous violations, unacceptable use of electronic technologies may result in one or more of the following consequences:

- A. Suspension or cancellation of use or access privileges;
- B. payments for damages and repairs;
- C. discipline under other appropriate District policies, including suspension, expulsion, exclusion or termination of employment;
- D. or civil or criminal liability under other applicable laws.

Use of Electronic Technologies during the employee duty day should be primarily used in support of the educational program of the District.

IV. DEFINITIONS

- A. The term “users” refers to any person using the District’s electronic technologies.
- B. The term “Internet” refers to an electronic communications network that connects computer networks and organizational computer facilities around the world.
- C. The term “Intranet” refers to the District’s network, which restricts access to authorized users, and may include students, staff and parents or guardians.
- D. The term “electronic technologies” refers to, but is not limited to, computers, mobile devices and peripherals, printers, telephones, and the applications they support and/or access.

V. UNACCEPTABLE USES

Users are responsible for anything set on the network with their name or and other individual identified, e.g., IP address. Users shall not engage in any activity that disrupts or hinders the performance of the District’s electronic technologies. Specifically, the following uses of the District’s electronic technologies are considered unacceptable:

- A. Users will not use the District’s electronic technologies to access, review, upload, download, store, print, post, receive, transmit or distribute:
 - 1. Pornographic, obscene or sexually explicit material or other visual depictions that are harmful to minors;

2. Obscene, abusive, profane, lewd, vulgar, rude, inflammatory, libelous, threatening, disrespectful, or sexually explicit language;
 3. Materials that use language or images that are inappropriate in the educational setting or disruptive to the educational process;
 4. Information or materials that could cause damage or danger of disruption to the educational process
 5. Materials that use language or images that advocate violence or discrimination toward other people (hate literature) or that may constitute harassment or discrimination, or any other material that would violate any law
 6. Orders made by shopping online during the employee duty day should be primarily used in support of the educational program of the District
 7. Inappropriate use of electronic technologies in unauthorized areas (i.e. restrooms, locker rooms)
- B. Users will not use the District's electronic technologies to knowingly or recklessly post, transmit or distribute false or defamatory information about a person or organization, or to harass another person, or to engage in personal attacks, including prejudicial or discriminatory attacks.
- C. Users will not use the District's electronic technologies to engage in any illegal act or violate any local, state or federal statute or law.
- D. Users will not use the District's electronic technologies for political campaigning.
- E. Users will not physically or electronically vandalize District technologies nor use the District's electronic technologies to vandalize, damage or disable the property of another person or organization.
1. Users will not make deliberate attempts to degrade or disrupt equipment, software or system performance by spreading computer viruses or by any other means.
 2. Users will not tamper with, modify or change the District's electronic technologies software, hardware or wiring or take any action to violate the District's security system.

3. Users will not use the District's electronic technologies in such a way as to disrupt the use of the system by other users.
 4. Users may not add or remove any software nor modify the equipment, software configuration, or environment that does not support the educational program of the District.
- F. Users will not use the District's electronic technologies to gain unauthorized access to information resources or to access another person's materials, information or files.
- G. Users will not use the District's electronic technologies to post information in public access areas regarding private information about another person. Private information includes personal contact information about themselves or other persons, or other personally identifiable information including, but not limited to, addresses, telephone numbers, identification numbers, account numbers, access codes or passwords, labeled photographs or other information that would make the individual's identity easily traceable, and will not repost a message that was sent to the user privately without permission of the person who sent the message.
- H. Users will not attempt to gain unauthorized access to the District's electronic technologies or any other system through the District's electronic technologies. Users will not attempt to logon through another person's account, or use computer accounts, access codes or network identification other than those assigned to the user. Access through any means other than an individual's user logon and password is not permitted.
- I. Messages, files and records on the District's electronic technologies may not be encrypted without the permission of appropriate administrative school authorities. Users must keep all account information and passwords private.
- J. Users will not use the District's electronic technologies in any way that may violate trademark copyright laws or usage licensing agreements:
1. Users will not use another person's property without the person's prior approval or proper citation.
 2. Users will not load, download or exchange pirated software or copy software to or from any school computer or mobile device.
 3. Users will not plagiarize works they find on the Internet or other information resources.

- K. Users will not use the District's electronic technologies for unauthorized commercial purposes or for financial gain unrelated to the Mission of the District. Users will not use the District's electronic technologies to offer or provide goods or services or for product advertisement, except as authorized by the District administration.
- L. Any person using the District's electronic technologies who engages in the foregoing unacceptable uses of the Internet when off school district premises also may be in violation of this policy as well as other school district policies. Examples of such violations include, but are not limited to, situations where the school district system is compromised or if a school district employee or student is negatively impacted. If the school district receives a report of an unacceptable use originating from off school district premises, the school district may investigate such reports to the best of its ability. Students or employees may be subject to disciplinary action for such conduct, including, but not limited to, suspension or cancellation of access to the school district computer system, equipment and the Internet and discipline under other appropriate school district policies, including suspension, expulsion, exclusion, or termination of employment.
- M. If a user inadvertently accesses unacceptable materials or an unacceptable Internet site, the user shall immediately disclose the inadvertent access to an appropriate school district official. In the case of a school district employee, the immediate disclosure shall be to the employee's immediate supervisor and/or the building administrator. This disclosure may serve as a defense against an allegation that the user has intentionally violated this policy. In certain rare instances, a user also may access otherwise unacceptable materials, if necessary, to complete an assignment and if done with the prior approval of and with appropriate guidance from the appropriate teacher or, in the case of a school district employee, the building administrator.

VI. FILTER AND USE

- A. With respect to any of its computers or mobile devices with Internet access, the District will monitor the online activities of minors and employ technology protection measures during any use of such computers or mobile devices by minors and adults while on school district premises. The District will provide information and guidance on how to protect student mobile device while they are not on school district premises. The technology protection measures used on the District premises will use best efforts and industry standard approaches to filter Internet access to any visual depictions that are obscene, violent, child pornography, or harmful to minors:

- B. The term “harmful to minors” means any picture, image, graphic image file, or other visual depiction that:
1. Taken as a whole and with respect to minors, appeals to a prurient interest in nudity, violence, sex, or excretion; or
 2. Depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and
 3. Taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.
- C. An administrator, supervisor or other person authorized by the Superintendent may disable the technology protection measure to enable access for bona fide research or other lawful purposes.
- D. The District will educate students about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyber bullying awareness and response.
- E. The District recognizes that student groups or members of the public may create social media representing students or groups within the District. When employees, including coaches/advisors, choose to join or engage with these social networking groups, they do so as an employee of the District. Employees have responsibility for maintaining appropriate employee-student relationships at all times and have responsibility for addressing inappropriate behavior or activity on these networks. This includes acting to protect the safety of minors online.
- F. Employees who participate in social media networks may decide to include information about their work with the District as part of their personal profile, as it would relate to a typical social conversation. This may include:
1. Work information included in a personal profile, to include District name, job title, and job duties.
 2. Status updates regarding an employee’s own job promotion.
 3. Personal participation in District-sponsored events, including volunteer activities.
- G. An employee who is responsible for a social media network posting that fails to comply with the rules and guidelines set forth in this policy may be

subject to discipline, up to and including termination. Employees will be held responsible for the disclosure, whether purposeful or inadvertent, of confidential or private information, information that violates the privacy rights or other rights of a third party, or the content of anything posted on any social media network.

VII. LIMITED EXPECTATION OF PRIVACY

By authorizing use of the School District electronic technologies, the Wayzata School District does not relinquish control over content or data transmitted or stored on the network or contained in files. Users should expect only limited privacy in the contents of files on the District's electronic technologies.

- A. Routine maintenance and monitoring of the District's electronic technologies may lead to a discovery that a user has violated this policy, another School District policy, or the law.
- B. An individual investigation or search will be conducted if school authorities have a reasonable suspicion that the search will uncover a violation of law or School District policy.
- C. District staff and students are advised that the School District retains the right at any time to investigate or review the contents of their files and e-mail files based upon legal complaints or specific allegations regarded as misuse of technologies. In addition, District staff and students are advised that data and other materials in files maintained on or transmitted through the District's electronic technologies may be subject to review, disclosure or discovery under State Statute.
- D. The District will cooperate fully with local, state and federal authorities in any investigation concerning or related to any illegal activities or activities not in compliance with School District policies conducted through the District's electronic technologies.

VIII. ELECTRONIC TECHNOLOGIES ACCEPTABLE USE AGREEMENT

- A. The proper use of the Internet, and the educational value to be gained from proper Internet use, is the joint responsibility of students, families and staff of the District.
- B. The Electronic Technologies Acceptable Use Agreement for students must be read by the user and parents or guardians. Electronic Use Agreement for employees must be read by the employee.

- C. All users shall be responsible for the protection and security of their passwords. Staff shall have the ability to change passwords to maintain the confidentiality of logon codes.

IX. LIMITATION ON SCHOOL DISTRICT LIABILITY

Use of the District's educational technologies is at the user's own risk and is provided on an "as is, as available" basis. The District will not be responsible for any damage users may suffer, including, but not limited to, loss, damage or unavailability of data stored on the District's systems or for delays or changes in or interruptions of service or misdeliveries or non-deliveries of information or materials, regardless of the cause. The District will not be responsible for financial obligations arising through unauthorized use of the District's educational technologies or the Internet.

X. CONSISTENCY WITH OTHER SCHOOL POLICIES

Use of the District's electronic technologies must not violate other policies and regulations of the District.

XI. USER NOTIFICATION

All users shall be notified of the District policies relating to Electronic Technology Acceptable Use through best practice and standard District communication processes.

XII. PARENT\GUARDIAN RESPONSIBILITY; NOTIFICATION

Outside-of-school, parents or guardians bear responsibility for the same guidance of Internet use as they exercise with information sources such as television, telephones, radio, movies and other possibly offensive media. Parents or guardians are responsible for monitoring their student's use of the District's educational technologies, including, but not limited to school-issued email accounts, learning management systems, mobile devices and the use of the Internet if the student is accessing the District's electronic technologies from home or through other remote location(s).

The District's Electronic Technologies Acceptable Use Policy is available for parental review.

XIII. IMPLEMENTATION AND POLICY REVIEW

- A. The Superintendent, or designee, is directed to develop the necessary guidelines for the implementation of this policy. The Superintendent, or designee, may develop appropriate user notification forms, guidelines and procedures necessary to implement this policy for submission to the School Board for approval.

- B. The Superintendent, or designee, shall revise the user notifications, including student and parent notifications, if necessary, to reflect the adoption of these guidelines and procedures.
- C. The District's Internet policies and procedures are available for review by all parents, guardians, staff and members of the community.

BOARD MEETING PROCEDURES

POLICY: 211

Official School Board business may be conducted only if a "quorum" of Board members ~~are~~ is present. A "quorum" shall consist of four or more members. Official Board motions and resolutions shall be passed only by an affirmative "majority" vote. A "majority" vote is one where either ayes or nays outnumber their opposite. Abstentions, in effect, count as a vote for that majority. In the event of tie votes, abstentions have null effect and the motion or resolution shall have failed.

Each motion shall be carefully recorded. The names of members who make and second each motion shall also be recorded. The chair shall declare a motion adopted or defeated on the basis of voice vote or hand sign. Any member who challenges such declaration may request a show of hands on the same question and the chair shall honor this request. If the result is at variance with the chair's original declaration, the new result shall determine the motion's adoption or defeat.

Any formal meeting of the School Board may be adjourned to another time and place by an approved Board motion. In general, only topics on the agenda of the meeting adjourned should be addressed upon resumption of the meeting.

Except as inconsistent with public law or regulation or at variance with bylaws of the Board, meetings shall be conducted by Robert's Rules of Order.

The official minutes shall be available and kept in the Office of the Superintendent of Schools.

Publishing of minutes shall be made in the legal newspaper according to law. Such publishing shall include an extract of minutes, full or in part, as may be determined by the School Board or Clerk. Such extract of minutes shall be clearly identified as such. A statement shall appear stating that complete minutes are available for public examination at the District Administration Building and on the District website.

All records of the Board of Education shall be available to citizens for inspection at the District Administration Building.

Board meeting procedures are consistent with all requirements of Open Meeting and Data Practices laws.

STUDENT SEX NONDISCRIMINATION

POLICY: 510

I. Purpose

Students are protected from discrimination on the basis of sex pursuant to Title IX of the Education Amendments of 1972 and the Minnesota Human Rights Act. The purpose of this policy is to provide equal educational opportunity for all students and to prohibit discrimination on the basis of sex.

II. GENERAL STATEMENT OF POLICY

- A. The School District provides equal opportunity for all students, and does not unlawfully discriminate on the basis of sex. No student will be excluded from participation in, denied the benefits of, or otherwise subjected to discrimination under any educational program or activity operated by the School District on the basis of sex.
- B. It is the responsibility of every School District employee to comply with this policy.

STUDENT SEX NONDISCRIMINATION

REGULATIONS: 510-R

1. TITLE IX COORDINATOR

- A. The Executive Director of Human Resources is the Title IX coordinator. This employee coordinates the School District's efforts to comply with and carry out its responsibilities under Title IX.
- B. Any student, parent or guardian having questions regarding the application of Title IX and its regulations and/or this policy should discuss them with the Title IX coordinator. Questions relating solely to Title IX and its regulations may be referred to the Assistant Secretary for Civil Rights of the United States Department of Education. In the absence of a specific designee, an inquiry or complaint should be referred to the Superintendent or the School District human rights officer.

2. REPORTING PROCEDURES

- A. The Executive Director of Human Resources is the School District human rights officer to receive reports, complaints or reports of unlawful sex discrimination toward a student.
- B. Any student who believes he or she has been the victim of unlawful sex discrimination by a teacher, administrator or other School District personnel, or any person with knowledge or belief of conduct which may constitute unlawful sex discrimination toward a student should report the alleged acts immediately to an appropriate School District official designated by these regulations or may file a report. The School District encourages the reporting party or complainant to use the report form available from the principal of each building or available from the School District office, but oral reports shall be considered complaints as well. Nothing in this policy shall prevent any person from reporting unlawful sex discrimination toward a student directly to a School District human rights officer or to the Superintendent.
- C. The building principal is the person responsible for receiving oral or written reports of unlawful sex discrimination toward a student at the building level. Any adult School District personnel who receives a report of unlawful sex discrimination toward a student shall inform the building principal immediately.

- D. Upon receipt of a report, the principal must notify the School District human rights officer immediately, without screening or investigating the report. The principal may request, but may not insist upon a written complaint. A written statement of the facts alleged will be forwarded as soon as practicable by the principal to the human rights officer. If the report was given verbally, the principal shall personally reduce it to written form within 24 hours and forward it to the human rights officer. Failure to forward any report or complaint of unlawful sex discrimination toward a student as provided herein may result in disciplinary action against the principal. If the complaint involves the building principal, the complaint shall be made or filed directly with the Superintendent or the School District human rights officer by the reporting party or complainant. If the complaint involves a human rights officer, the complaint shall be filed directly with the Superintendent.
- E. The School Board hereby designates the Executive Director of Human Resources as the School District human rights officer to receive reports, complaints or grievances of unlawful sex discrimination toward a student. If the complaint involves a human rights officer, the complaint shall be filed directly with the Superintendent.
- F. The School District shall conspicuously post the name of the Title IX coordinator and human rights officer, including office mailing addresses and telephone numbers.
- G. Submission of a good faith complaint, or report of unlawful sex discrimination toward a student will not affect the complainant or reporter's future employment, grades or work assignments.
- H. Use of formal reporting forms is not mandatory.
- I. The School District will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the School District's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations.

3. INVESTIGATION

- A. By authority of the School District, the human rights officer, upon receipt of a report, complaint or grievance alleging unlawful sex discrimination toward a student shall promptly undertake or authorize an investigation. The investigation may be conducted by School District officials or by a third party designated by the School District.
- B. The investigation may consist of personal interviews with the complainant, the individual(s) against whom the complaint is filed, and others who may have knowledge of the alleged incident(s) or circumstances giving rise to the complaint. The investigation may also consist of any other methods and documents deemed pertinent by the investigator.

- C. In determining whether alleged conduct constitutes a violation of this policy, the School District should consider the surrounding circumstances, the nature of the behavior, past incidents or past or continuing patterns of behavior, the relationships between the parties involved and the context in which the alleged incidents occurred. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all the facts and surrounding circumstances.
- D. In addition, the School District may take immediate steps, at ~~the~~ its discretion, to protect the complainant, pupils, teachers, administrators or other school personnel pending completion of an investigation of alleged unlawful sex discrimination toward a student.
- E. The investigation will be completed as soon as practicable. The School District human rights officer shall make a written report to the Superintendent upon completion of the investigation. If the complaint involves the Superintendent, the report may be filed directly with the School Board. The report shall include a determination of whether the allegations have been substantiated as factual and whether they appear to be violations of this policy.

4. SCHOOL DISTRICT ACTION

- A. Upon conclusion of the investigation and receipt of a report, the School District will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination or discharge. School District action taken for violation of this policy will be consistent with requirements of applicable collective bargaining agreements, Minnesota and federal law and School District policies.
- B. The result of the School District's investigation of each complaint filed under these procedures will be reported in writing to the complainant by the School District in accordance with state and federal law regarding data or records privacy.

5. REPRISAL

The School District will discipline or take appropriate action against any pupil, teacher, administrator or other school personnel who retaliates against any person who reports alleged unlawful sex discrimination toward a student or any person who testifies, assists or participates in an investigation, or who testifies, assists or participates in a proceeding or hearing relating to such unlawful sex discrimination. Retaliation includes, but is not limited to any form of intimidation, reprisal or harassment.

6. RIGHT TO ALTERNATIVE COMPLAINT PROCEDURES

These procedures do not deny the right of any individual to pursue other avenues of recourse which may include filing charges with the Minnesota Department of Human Rights, initiating civil action or seeking redress under state criminal statutes and/or federal law, or contacting the Office of Civil Rights for the United States Department of Education.

7. COMMUNICATION OF POLICY AND EVALUATION

- A. This policy shall be made available, on website or up on request, to all students, parents/guardians of students, staff members, employee unions and organizations.
- B. The school district shall review this policy and the school district's operation for compliance with state and federal laws prohibiting discrimination on a continuous basis.

BOARD OF EDUCATION

Regular Meeting – December 10, 2012

AGENDA SECTION: 6. SUPERINTENDENT'S REPORTS AND RECOMMENDATIONS

ITEM: C. Finance and Business Services

COMMENTS BY: Mr. Westrum

2. Truth in Taxation Presentation

School districts are required to meet the Truth in Taxation requirements for levy year 2012, taxes payable 2013. While school districts are no longer required to hold a separate Truth in Taxation hearing, they are required to discuss the payable 2013 levy and the current year budget at a regularly scheduled board meeting.

Truth in Taxation requirements are as follows:

- On or before September 30, 2012, each school district must adopt a proposed 2012 payable 2013 property tax levy and certify and submit it to the county auditor.
- The county auditor mails parcel specific tax notices to each property owner in the district.
- The school district is required to discuss the payable 2013 levy and current year budget.
- The public is given time to speak.
- The school board must adopt a final levy by December 31, 2012.

Property Tax Levy History

**Property Tax levy Historical Trends
All funds**

Tax base compresses but is stabilized by continued growth

- The total market value of taxable property in the district declined 2.0%, to \$9.8 billion from \$10.0 billion.
- Included in this market value of taxable property is more than \$100 million of new construction, primarily in the northern parts of the district.
- The total tax capacity of taxable property in the district declined 1.1%, to \$109.9 million from 111.1 million.

The Proposed Tax Levy

- 2013 Proposed Levy: \$48,588,931
- 2013 Certified Levy: \$48,488,931
- 2012 Certified Levy: \$47,606,842
- Change: \$882,089, or 1.82%

Homestead Market Value Exclusion

The elimination of the Homestead Market Value Credit (HMVC) was included in the 2011 budget bills passed in the legislative special session in July of 2011. By eliminating the credit, the state was able to save roughly \$261 million each year. This was one cost-saving measure the state used to close the \$5-billion two-year state budget deficit.

Homestead Market Value Exclusion

The impact of this state change will vary for each property, depending on a variety of factors. The state is no longer providing a homestead credit and instead the entire levy is being paid by local property taxpayers.

The district's property tax rate is calculated by dividing the property tax levy by the total tax base.

Effect on Taxpayers

- Expect a only a slight change in school taxes
- Residential homestead property values are expected to decline for most existing homes. Homes are assessed at 100.3% of selling values.
- If value of a property increases or does not decrease near the district-wide average, the property's taxes may increase.
- Commercial and lakeshore property values may see similar trends to residential homestead properties discussed above.

Median Assessed Home Values

Property Values & Taxes

Changes from Last Year

- Largest change in the General fund levy is voter approved referendum authority due to increasing resident student enrollment.
- Interest Earnings (offset) decreased for Debt Service Levy.

ITEM: Enrollment Balancing and Attendance Area Modifications

COMMENTS BY: Jim Westrum & Dennis Cheesebrow, TeamWorks, International

The school district, with the consultation and guidance of Dennis Cheesebrow from TeamWorks, International, has been engaged in the consideration of elementary enrollment balancing and attendance area modifications to be implemented in the 2013-2014 School Year. Preliminary recommendations and considerations were presented at the Board Work Session on November 26. This process has included initial work of a district administrative leadership team that met on October 8 and 9. The School Board discussed this early work and process considerations at a Board Work Session on October 22. Community consultation was sought and provided through three community forums held on October 29, October 30 and November 5. Each evening had approximately 250 community members in attendance. Attendees at these forums were provided with an overview of the current reality, the challenge, and the task for the evening. They were then given the opportunity to engage in small groups and offer their inputs and insights about how to address the school district's enrollment challenges. In addition, the public was given an opportunity to submit their feedback online and was also invited to address the School Board at its November 26 Work Session. The feedback and inputs of the community collected at the forums and from the November Work Session were considered to craft and create a recommended scenario for elementary attendance areas intended to balance enrollment to capacity at the district's seven elementary schools.

Included with this agenda sheet are the current and recommended elementary attendance areas with supporting information.

RECOMMENDED ACTION: To accept and implement the elementary enrollment balancing and attendance area recommendations brought forth by the administration.

Elementary Enrollment Balancing & Attendance Areas

December 10, 2012 School Board Meeting

Recommended Actions

Recommendations Effective with the 2013-2014 School Year

Recommendations for balancing elementary school enrollment and establishing attendance areas have been separated into the following categories:

1. Neighborhood Attendance Area Reassignments
2. Future and Currently Unknown Housing Development Attendance Area Reassignments
3. Administrative & Procedural Attendance Area Assignments

Category #1 Recommendations:

Neighborhood Attendance Area Reassignments

1. Neighborhood 7B from Greenwood to Oakwood (currently occupied areas)
2. Neighborhoods 10E and 13 from Greenwood to Gleason Lake
3. Neighborhood 30 from Plymouth Creek to Kimberly Lane
4. Neighborhood 33 from Plymouth Creek to Greenwood

Category #2 Recommendations:

Future and Currently Unknown Housing Development Attendance Area Reassignments

1. Currently Undeveloped/Unoccupied Areas 4AS, 5W, and 11A2 from Greenwood to Oakwood
2. Currently Undeveloped/Unoccupied Areas 6E and 7B from Greenwood to Oakwood
3. The school district will continuously monitor the opening of new home developments. As each new development is planned and scheduled to open, the district will consider the elementary and middle school attendance areas where the development is currently assigned. It will then make a final decision about placement in an elementary and middle school where capacity exists and can best accommodate the projected number of students for the new area.

Category #3 Recommendations:

Administrative & Procedural Attendance Area Assignments

1. Grandfathering Choices for 5th Grade Students
 - Allow 5th Grade students, including open enrolled students, with a “grandfather” choice (an opportunity to stay in their current school) for the 2013 - 14 School Year (with transportation provided for resident students and for non-resident students from an in-district bus stop).
2. Grandfather Choices for Younger Siblings
 - Younger siblings of Grade 5 resident and non-resident students will not have a “grandfather” choice for the 2013-2014 School Year.

3. Intra-District Transfer

- Intra-District Transfer students (resident students attending a school outside of their assigned attendance area) may or may not be allowed to remain at their current school of attendance depending on the individual school enrollment and capacity status. The district will continue to manage intra-district transfer requests under the current procedure which requires annual review and approval.

4. Open Enrollment

- Elementary open enrollment students will be allowed to continue at their current school of attendance.
- The district will maintain current status of “closed open enrollment” in grades 1-12 with the exception of ensuring that state laws are honored and taking into consideration the kindergarten enrollment procedures outlined below.
- For the purposes of determining kindergarten open enrollment admissions: If resident kindergarten enrollment reaches or exceeds 650 students, as determined on February 15, 2013, open enrollment admissions will be limited to a minimum of seven kindergarten students (statutory minimum of 1% of resident kindergarten enrollment). Priority will be given to those kindergarten applicants with an older sibling currently attending Wayzata Public Schools in grades K-4. The district will assign the student to one of the district’s elementary schools where adequate capacity exists; which may or may not be the school where the older sibling attends.

5. New Registrants

- New registrants, moving into attendance areas that are impacted by this recommendation, will be given the opportunity to attend their neighborhood’s new elementary school effective during the 2012-2013 school year and transportation will be provided.

Background Information: Enrollment Balancing & Attendance Areas

December 10, 2012 School Board Meeting

Attendance Area Review 2012

During the past several months, the school district has been engaged in a review of enrollment balance and current attendance areas and analyzing possibilities to better align facilities with student enrollment. The school district engaged the services of Dennis Cheesebrow, TeamWorks, International, to provide facilitation and planning services to assist the district. The activities that TeamWorks led include:

- A. Preliminary planning for the process and data analysis of the district's current reality;
- B. Facilitation of meetings with several members of the district's leadership team on October 8 and 9, 2012 to develop initial concepts for Board consideration at their October 22, 2012 work session;
- C. Presentation and engagement with the School Board at its October 22, 2012 work session;
- D. Facilitation of three community forums on October 29, 30 and November 5, 2012;
- E. Review of forum and on-line feedback submitted by parents and community members;
- F. Presentation of general information and preliminary recommendations/considerations to the School Board at its work session scheduled for November 26, 2012;
- G. Presentation at the School Board meeting scheduled for December 10, 2012 where it is anticipated that the Board will take final action on the new attendance area boundaries and related enrollment protocol;
- H. Continuation with the facilitation and/or additional guidance necessary to finalize elementary attendance area details and to help establish and finalize middle school attendance areas.

It should be noted that the level of community engagement throughout this enrollment balancing and attendance area review process is to be commended. At each of the three community forums, more than 200 interested residents attended to offer their opinions, ideas, and feedback in an effort to help craft a plan that represented their self-interests and serve the needs of the larger school district. In addition, many residents took advantage of the on-line opportunity to provide input and feedback. The summaries of this information were made available on the district's website for interested parties to review. Based on the feedback collected, it is clear that residents feel very positive about the school district and the individual schools they are associated with. Their involvement and ideas submitted were helpful in the continual refinement of the scenarios. The School Board and district's administration would like to thank all who gave of their time to offer productive and insightful input.

Previous Enrollment Balancing and Attendance Area Reviews

Reviews of enrollment balancing and attendance areas have occurred in the past (2000 and 2006) and there have been a number of smaller-scale administrative adjustments made during the district's history. In each case, similar guidelines were considered as decisions were made. Examples of such guidelines/considerations include the following: transportation that is safe, efficient and cost effective; considers natural and man-made boundaries; considers distance from school; reserves program integrity; consistency, parity among buildings; considers efficient, effective and safe usage of facilities; considers natural neighborhoods; considers previous relocations; considers socioeconomic factors; considers permitting grades 5 and 8 to remain in current buildings; considers correction of current, observable boundary irregularities; considers future enrollment projections; avoids relocation of neighborhoods which have experienced multiple moves in the past; avoids large-scale relocations of students from schools that currently are not experiencing over-crowding; avoids creating noncontiguous boundaries within a school's attendance area; makes all properties within an attendance area contiguous with one another; and in so much as possible, minimizes the number of students relocated in the adjustment of school boundaries.

Many of these factors were also considered in the 2012 enrollment balancing and attendance area review. However, given the district's current circumstances and its desire to achieve near 100% enrollment capacity at the elementary schools, the following considerations may have had less priority although they were not ignored: distances from schools, correcting existing boundary irregularities, the avoidance of noncontiguous boundaries, i.e., having all properties within an attendance area contiguous with one another.

Goals of the 2012 Enrollment Balancing and Attendance Area Review

The following were priority goals and outcomes of the enrollment balancing and attendance area process:

1. Review and make appropriate revisions to elementary school attendance areas to achieve 3-5 year sustainability in each of the district's seven elementary schools. Seek to achieve near 100% capacity utilization at each elementary school for at least three years.
2. Decrease enrollment at Plymouth Creek Elementary to a level whereby the school's enrollment is manageable and sustainable within the building for 3-5 years.
3. Address anticipated enrollment growth at Greenwood Elementary to achieve manageable and sustainable enrollment within the building for 3-5 years.
4. Review and make appropriate revisions to middle school attendance areas to achieve 3-5 year sustainability in each of the district's three middle schools.

General thoughts about the District's Student Enrollment

The Wayzata Public Schools has been experiencing steady residential student growth for several years. This growth is from a combination of new home construction and the natural turnover of homes within the community. During this same time period, open enrollment/non-resident students have helped the district to maintain solid enrollment numbers. This has helped to ensure continuity of educational programming and the maintenance of class sizes that reflect district guidelines. Open enrollment participation has also helped to stabilize general operating budgets during some challenging economic times. The total number of non-resident students will be trending downward in the future due to some changes to open enrollment admission procedures. These changes have been made in response to the district's increasing resident student enrollment.

The school district has taken a number of actions to address enrollment and facilities challenges. Specifically, the district has:

1. Conducted a comprehensive enrollment and demographic study in 2011 by Dr. Hazel Reinhardt, consultant and former State Demographer;
2. Implemented an improved census data collection process for 0-5 year olds through enhanced technology systems and census cards mailed to each residential address within the community;
3. Conducted a comprehensive facilities study with the guidance and leadership of Wold Architects and Engineers, which was initiated in 2010 and continues through the time of the writing of this document;
4. Increased communication and engagement between the school district, city governments, and home builders;
5. Modified open enrollment procedures resulting in a downward trend in the total number of open enrolled students attending and entering the district;
6. Conducted an enrollment balancing and attendance area review in 2012 with the guidance and leadership of Dennis Cheesebrow, TeamWorks, International, and the management functions of the school district administration, district transportation officials and consultants; all complemented by many opportunities for parent/resident community consultation and engagement.

Census Data: 0-5 Year Olds

The information in the chart below contains a summary of the 0-5 year olds in the community as determined by the census conducted in October, 2012. The numbers do not reflect any changes to attendance areas. This information is used to help project the number of kindergarten students for future years at each elementary school and for the district. Students listed under the column header of “Grad Year 2026” are eligible for kindergarten in the 2013-2014 school year. Recent “capture rates” of 5 year olds is about 90%. “Capture Rate” is defined as the percentage of district five year olds that attend kindergarten. Given the historical district capture rate, it is anticipated that about 670 resident children will be entering kindergarten in the 2013-2014 school year. The district’s long-term enrollment projections have been based on an assumption of 650-700 resident kindergarten students. Therefore, this number of 672 is in good alignment with the projections.

Elementary Open Enrollment Five-Year History and Five-Year Projections

The information in the chart below demonstrates the historical and projected number of elementary open enrollment students assuming no changes are made to the current enrollment procedures. This set of projections is based on current open enrollment admission protocol. As is always the case, the district will assess and adjust open enrollment procedures as it sees appropriate. The assumptions are based on the admission of 7 kindergarten age siblings each year starting in 2013-2014. (Note: School districts, by law, must accept a number of non-resident students equal to or greater than 1% of the total resident enrollment per grade level. For the Wayzata Public Schools, with average kindergarten enrollment of about 700 students, this equates to about 7 students per year.)

Comprehensive Facilities Study (Conducted by Wold Architects and Engineers, 2011)

A study of the district's facilities was commissioned with Wold Architects and Engineers in March, 2010 to provide a comprehensive facilities analysis and educational adequacy report of all currently owned school buildings and facilities within the district. The study is still in progress at the time this document was prepared.

One result of the on-going facilities study was the development of a three-phase action plan:

- Phase I : Deferred Maintenance
- Phase II: Elementary Capacity, Enrollment Balancing, and Attendance Areas
- Phase III: Secondary Capacity and Educational Adequacy

Phase I, Deferred Maintenance, involves the general updating of existing facilities through refurbishing aging infrastructure, mechanical systems, parking lots, roofs, flooring, etc. This work will continue for a number of years.

Phase II, Elementary Capacity, Enrollment Balancing, and Attendance Areas, is in response to elementary enrollment capacity issues and the recognition that a review of enrollment balancing and attendance areas for the elementary and middle schools were necessary. After careful review and consideration, the decision was made to expand three of the district's elementary schools to provide additional capacity. These new facilities will be ready for the 2013-2014 school year. Here is a brief summary:

- Greenwood Elementary will add four new classrooms, an expanded cafeteria, a new gymnasium, and some smaller adjacent classroom spaces gained as a result of remodeling the current cafeteria and gymnasium within the building.
- Oakwood Elementary will add three new classrooms, a new media center, remodeled special education classrooms, cafeteria expansion, new office spaces, and will gain some additional instructional space as a result of remodeling within the building.
- Sunset Hill Elementary will be adding four classrooms and an expanded cafeteria.

Phase III, Secondary Capacity and Educational Adequacy, is still in the planning stages at the time this document was prepared. Those involved in Phase III planning are currently exploring secondary capacity (middle school and high school) and also are looking at the educational adequacy of the district's current facilities; mostly at the secondary level. Recommendations will be brought forth in the coming months regarding how to best accommodate anticipated middle school and high school student growth and consideration will be given to current facilities and how they might be expanded and/or updated. The results of Phase III work may lead to facility expansion at the high school. Additionally, improvements to enhance facilities and the educational experience for all K-12 students are being considered in Phase III.

Elementary School Capacity and Capacity Utilization

Elementary school enrollment capacities were determined based on the facility study by Wold Architects and Engineers. They considered new construction and the additional classrooms and used the district's established staffing guidelines to determine the capacities. For the purposes of this study, a "capacity utilization ratio" (refers to student-teacher ratio/shaded column) multiplied by five sections of each grade level was used to determine elementary school capacities. Experiencing five sections at each grade level is

not likely to be what actually materializes. However, for the purposes of determining school capacities, this was one of the assumptions used.

	Lower Staffing Ratio	Capacity Utilization Ratio	Number of Sections	Total Number of Students
Kindergarten	19	20	5	100
1st grade	21	22	5	110
2nd Grade	22	23	5	115
3rd Grade	24	25	5	125
4th Grade	26	27	5	135
5th Grade	26	27	5	135
Grades 1-5 # of Sections/# of Students			25	620
Grades K-5 # of Sections/# of Students			30	720

This number of 720 has been defined as a “right sized” elementary school whereby staffing for specialists can be maximized and desirable class sizes can be achieved. Through the various scenarios that were considered, the “capacity utilization” was determined as a percentage by comparing the projected enrollment in each building with the building capacity. Five of the elementary schools were determined to have a capacity of 720 (Kimberly Lane, Plymouth Creek, Oakwood, Gleason Lake, and Sunset Hill), Greenwood-784 and Birchview-641.

An ideal situation would be to have each elementary school at 100% capacity utilization. However, this is not realistic. It was generally felt that if most of the elementary school buildings could have capacity utilization between 90% and 110% that would be reasonable and a range that building principals could work with. However, recognizing that a goal was to achieve near 100% capacity utilization in each elementary school, a range of between 95% and 105% were sought in the development of scenarios.

Scenarios Considered

A number of scenarios were considered during the enrollment balancing and attendance area review. Scenarios 3-6 were all presented for review at the community forums. A large amount of feedback was collected about each scenario at the forums and through on-line opportunities. The feedback and on-going analysis of available information by the school district was intended to eventually lead to the development of a scenario that would achieve the overriding goal of near 100% utilization of the elementary school buildings. None of these specific scenarios solved the district’s challenges regarding enrollment balancing but contributed to successively improved models and engaged the community in discussion and conversation.

HISTORY AND CURRENT REALITY

- ❑ **Enrollment Balancing and Attendance Area Changes have always been part of the district's history. Most recently:**
 - **2000 Comprehensive Boundary Change**
 - **2006 Comprehensive Boundary Change**
 - **2012 Comprehensive Boundary Change**
- ❑ **Several administrative boundary adjustments have also been made during district's history**

HISTORY AND CURRENT REALITY

- ❑ **2011 resident enrollment growth increasing but partially offset by limiting new open enrollment admissions**
- 111 ❑ **Future changes to attendance areas will be necessary regardless of the changes made this time (this is common in metro school districts)**
- ❑ **2010 Facility Study – Investment/Reinvestment**
- ❑ **2012 “Right Sizing” Efficient Elementary Additions**

2012 “RIGHT-SIZING” (CAPACITY EXPANSION)

- Communication with Residential Developers and Land Owners
- Inclusion of New Housing Starts in Enrollment Projections

LOOKING TOWARD THE FUTURE...

- ❑ **Unknown Factors that May Impact Future Enrollment & Planning**
 - **Rate at which new home developments are opened and the rate at which new homes are built and occupied**
 - **Mobility of families into and out of the school district**
 - **Timing of the repopulation of southern neighborhoods**
 - **Legislative action about and a growing resident demand for Extended Day Kindergarten**
 - **Unpredictable fluctuations in the economy**

GUIDING CHANGE DOCUMENT

Reality “The WHY”

Unacceptable Means “The NOT HOW”

Results “The WHAT”

- Current attendance boundaries result in mismatch of students to facilities capacities
- Planned investment in schools expands capacity
- Current attendance boundaries are a mismatch to planned school capacities
- Facilities planning and action is an ongoing need for district for next 10 years
- Open enrollment is declining by design
- Housing development is an asset and dynamic for many years to come

- Violate law, contract or binding agreements
- Create known imbalance or inequity of resources
- Disrupt the schools walking zones
- Treat open enrollment and district students differently
- Exceed established budget and funding parameters
- Create known, unsustainable operational expectations in the next 3 years

1. Maximize balancing of students to elementary school capacities
2. Design for at least a 3 year stability in attendance areas
3. Sensitivity to current elementary students moved recently
4. Lead to greater All-Day K stability
5. Alignment of Middle School Boundaries and greater balancing of those students to facility capacities
6. Link to possible long range options

CRITERIA CONSIDERED IN PROCESS

- ❑ **Align student enrollment with facilities**
- ❑ **Enrollment balance stability for at least 3 years**
- ❑ **Seek, and as much as possible, respond to community feedback**
 - **Solutions that minimized the number of students and families impacted**
 - **Community feedback included many inputs that were given consideration; some that could be honored and some that could not**

ADMINISTRATIVE RECOMMENDATION

Scenario 7A:

❑ Grandfathering for 5th Grade Students

- 5th Grade Resident and Non-Resident Students will be offered a Grandfathering option for 2013-14

129

❑ Grandfathering for Younger Siblings of 5th Grade Students

- Younger siblings of 5th Grade Students will not be offered a Grandfathering option for 2013-2014

❑ Intra-District Transfer

- Continue with current practice and consider case-by-case with annual review and approval or denial

❑ New Registrants

- New registrants, will be given the opportunity to attend their neighborhood's new elementary school effective during the 2012-2013 school year and transportation will be provided

ADMINISTRATIVE RECOMMENDATION

Scenario 7A:

❑ Open Enrollment

- Elementary Open Enrollment Students allowed to stay at current school building
- Open Enrollment remains closed at all buildings (Grades 1-12) for 2013-2014
- When resident kindergarten enrollment reaches or exceeds 650, as determined on February 15, kindergarten Open Enrollment will be limited to 1% of the number of resident kindergarten students (7 students) with preference given to siblings of older elementary age students
- Kindergarten sibling may or may not be allowed attendance in the same elementary school as older sibling; depending on the school's enrollment
- Older sibling and kindergarten child may attend the same school together in a school where capacity exists to accommodate both

KEY IMPLEMENTATION ELEMENTS

Number of Students Relocated

¹³¹ Estimated number of resident K – 5 students relocated	181
Estimated number relocated with Grandfathering of 5 th Graders (27)	154

KEY IMPLEMENTATION ELEMENTS

❑ Elementary Open Enrollment: Current and Future

▪ 2012-2013 SY	=	361
▪ 2013-2014 SY	=	312
▪ 2014-2015 SY	=	225
▪ 2015-2016 SY	=	172
▪ 2016-2017 SY	=	112
▪ 2017-2018 SY	=	53

KEY IMPLEMENTATION ELEMENTS

❑ **Transportation Times – Estimated**

- **Neighborhoods 6E & 7B**
Oakwood vs. Greenwood (3-4 Additional Minutes)
- **Neighborhoods 10E & 13**
Gleason Lake vs. Greenwood (15 Additional Minutes)
(Note: Current ride is very short)
- **Neighborhood 30**
Kimberly Lane vs. Plymouth Creek (4 Additional Minutes)
- **Neighborhood 33**
Greenwood vs. Plymouth Creek (2 Additional Minutes)
- **Neighborhoods 4AS, 5W & 11A2**
Oakwood vs. Greenwood (3-4 Additional Minutes)

❑ **New Transportation Times/Distances within District Parameters**

OTHER THOUGHTS AND CONSIDERATIONS

- ❑ **Families prefer to keep children in current school, yet most recognize the district needs**
- ❑ **Dynamic factors (e.g. growth of new residential developments, natural turnover of existing homes, EDK demand) will almost certainly necessitate future attendance area adjustments and may result in the need for a new elementary school**

OTHER THOUGHTS AND CONSIDERATIONS

Why the expansion of three elementary schools vs. building a new elementary school now?

- ❑ The most recent enrollment projections do not support building an 8th Elementary School
- ❑ Elementary capacity after the school additions accommodates projected growth through 2017-2018 School Year
- ❑ Additions are considered to be long-term investments to expand capacity, increase flexibility and meet accepted standards of “right-sizing”

OTHER THOUGHTS AND CONSIDERATIONS

Why the expansion of three elementary schools vs. building a new elementary school now?

- ❑ The concept of building a new elementary school in the north side of the district is not new and has surfaced in previous years; including the past two attendance area adjustments
- ❑ Current and past district administrations and school boards have continually assessed and will continue to assess the need for a new elementary school

OTHER THOUGHTS AND CONSIDERATIONS

Why the expansion of three elementary schools vs. building a new elementary school now?

- ❑ If a new elementary school is built in the future, attendance area adjustments will be necessary again
- ❑ The 2012 recommended action, with a relatively small number of students relocated, positions the school district well for the next attendance area change, which will possibly involve a much larger number of students (regardless of whether or not a new elementary school is built)

CONCLUSION

❑ **The Administration Recommendation balances school attendance areas to school capacities and creates 3-5 year stability for families**

- **Deliberately minimizes the number of students impacted due to dynamic factors affecting future enrollment**
- **Managing demographic change is and will be continuous priority work of the district and community**
- **Dynamic landscape will almost certainly require future boundary adjustments and may require a new elementary school**

CONCLUSION

- ❑ **The Administration Recommendation is consistent with the guidance provided by the Guiding Change Document prepared by TeamWorks, International in regard to the “Reality,” the “Unacceptable Means,” and the “Results.”**

PROCESS AND COMMUNITY ENGAGEMENT

- ❑ **The Wayzata Public Schools followed a defined process which:**
 - Supported and reinforced the varying roles and responsibilities of School Board (governance), Administration (management) and Parents, Staff, Students and Public (consultation)
 - Utilized third party research for options and facilitation of public meetings
 - Sought to provide for inclusion, public discussion within parameters of time, process and clear-desired outcomes
- ❑ **The district appreciates the high-level of engagement of and constructive feedback received from the community**
