RE: Letter of Recommendation for 2013 Wall Restoration and Waterproofing at
Gleason Lake Elementary
Inspec Project No.: 212724

Dear Mr. Matson:

On February 19, 2013, competitive bids were received for the above-referenced project. Ebert Construction submitted the lowest base bid in the amount of \$188,400.00 for the work at Gleason Lake Elementary.

We have reviewed the Ebert Construction bid, and, we have confirmed their understanding of the project scope. We have had past project experience with Ebert Construction. Their waterproofing subcontractor Central Roofing provided documentation confirming their qualifications. It is our opinion that Central Roofing meets the qualifications we have identified for this project. We therefore recommend that the 2013 Wall Restoration and Waterproofing at Gleason Lake Elementary be awarded to Ebert Construction. A bid tabulation is enclosed.

Please do not hesitate to call if you have any questions.

Sincerely,

INSPEC

ITEM: A. Employees of the Month – March 2013

COMMENTS BY: Superintendent Anderson

Wayzata East Middle School is proud to present Rachel Marcouiller and Nicole Johnson as the Wayzata Public Schools Employees of the Month. Rachel and Nicole make up the 8th grade Language Arts PLC. Individually they are dynamic, competent, motivated and focused; together, they create an experience for students that simply could not exist in isolation. They are known for their innovative strategies and focused passion for learning.

Rachel and Nicole provide focused learning, innovative strategies, accurate feedback, and form positive relationships with students. They were the first in the district to fully implement an entire unit with students having 1:1, 24/7 access to personalized technology devices. Their ground-breaking work provided the foundation for many of the successful implementation strategies used during our recent iPad deployment in the middle schools. Their tireless effort to continuously improve the experience for students leads to innovative projects like the People of Prominence (POP) day, students independently reading over 3,000 books last year, flexible grouping, inclusion of other support staff in their planning and delivery of instruction, and assessment and reporting methods that focus on accurate feedback of learning.

Individually, they each deserve to be recognized as outstanding teachers. Together, they are a model of excellence we all strive to emulate. Congratulations!

Excellence. For each and every student.

INTEGRATION REVENUE AND EQUITY PLAN

INTEGRATION BUDGET NARRATIVE

The Wayzata Public Schools serves all or part of the communities of Corcoran, Maple Grove, Medicine Lake, Medina, Minnetonka, Orono, Plymouth and Wayzata.

The district includes seven elementary schools (K-5), three middle schools (6-8), and one high school (9-12). The enrollment is approximately 10,602 students, which include 4,157 elementary students, 2,578 middle school students and 3,267 high school students.

The student body in our district, based on 2011-12 enrollments, includes the following: White, not of Hispanic origin – 77 percent; Black, not of Hispanic origin – 8 percent; Asian or Pacific Islander – 12 percent; Hispanic – 3 percent; American Indian or Alaskan Native – 0 percent; Free/Reduced Lunch – 15 percent; Special Education services – 8 percent and English Language Learner students – 2 percent

The Mission of the Wayzata Public Schools is to ensure a world-class education that prepares each and every student to thrive today and excel tomorrow in an ever-changing global society. This Mission embodies our aspirations as a learning community. Our progress in achieving our equity goal of improving student achievement and decreasing the achievement gap between student subgroups will be measured against this Mission.

Overall, the Wayzata Public Schools provide an exceptional learning experience. Students who attend our schools have access to dedicated and talented teachers, state-of-the-art facilities, leading edge technologies and a wide variety of co-curricular opportunities. However, even though student achievement is high, significant achievement gaps exist between student subgroups. And, even though students have access to a wide-range of academic courses and co-curricular programs, students are not equally represented in these classes or programs. For example, our Students of Color are over represented in our ALC and Special Education programs and underrepresented in our K- 8 gifted and talented program and High School College credit program.

It is our intent to use our integration resources to improve educational opportunities and outcomes designed to raise student achievement and to decrease the achievement gap that exists between white students and protected students, as defined in Minnesota Rules, part 3535.0110, subpart 4.

Integration Revenue Cornerstones

Three cornerstones, Partnerships, Learning Environment and Innovative Opportunities and Experiences, form the foundation for the goals of our Integration Revenue.

- **Partnerships** – We believe there is value in cooperation, collaboration and participation. Therefore, to reduce racial isolation and to create opportunities for inter-racial contact, we will continue our partnership with our neighboring school districts and continue our participation in the West Metro Education Program (WMEP) Collaborative.
- **Learning Environment** – We believe that learning occurs best in a safe, caring and welcoming learning environment. Therefore, we will provide opportunities for staff, students and families to increase cultural awareness, understanding and opportunities for inter-racial contact.
- **Innovative Opportunities and Experiences** – We believe that learning can be accelerated when it is personalized to the needs of the student. Therefore, we will provide intervention teachers and support staff that excel at identifying student learning needs and determining and implementing personalized learning experiences. To create a personalized learning experience, (1) we will provide pathways, such as Young Scholars type programs to prepare students for our gifted and talented programs; (2) we will provide leading edge technologies such as iPads, laptop and desk top computers, other student learning devices, internet access and WiFi access to support and encourage student learning; and (3) to further personalize the learning experience, we will provide adaptive learning platforms such as IXL Math, APEX Learning Systems, Knewton Adaptive Learning and Dreambox Intelligent Adaptive Learning to support and encourage student learning.

These three cornerstones form the foundation for the use of our integration revenue.

4. Approval of the Purchase of Land

The enclosed purchase agreement provides details of the District's land acquisition plan to address capacity at the high school level. Preliminary findings of recent demographic and facility studies provide the basis for the need to acquire land adjacent to the current Wayzata High School campus. The findings of the studies have been reviewed with the facilities subcommittee of the board, the Citizens Financial Advisory Council, and the entire School Board over the last two years.

The District submitted and received a positive review and comment statement dated January 22, 2013, whereby the Commissioner of Education has judged the district’s acquisition of 37 acres of land directly adjacent to the current high school facility to be educationally and economically advisable. The additional land is required for the district’s long-term facility needs at the site and is in direct response to continued resident enrollment growth trend which is projected to result in need for additional space at the high school for at least 500 additional students by 2020.

The acquisition of land adjacent to Wayzata High School will facilitate future high school projects that have been identified through the Comprehensive Facility Condition Assessment Study and address the most critical current and future facility capacity needs of the District.

RECOMMENDED ACTION: Approve the Purchase Agreement by and between Elm Creek Golf Course, Inc., a Minnesota Corporation located at 18940 State Highway 55, Plymouth, MN 55446, and Independent School District 284.

Regular Meeting – March 11, 2013

AGENDA SECTION: 6. SUPERINTENDENT’S REPORTS AND RECOMMENDATIONS

ITEM: C. Finance and Business Services

COMMENTS BY: Mr. Westrum

5. Approval of Agreement to Sell Land

The enclosed purchase agreement provides details of the District's land acquisition plan to address capacity at the high school level. Preliminary findings of recent demographic and facility studies provide the basis for the need to acquire land adjacent to the current Wayzata High School campus. The findings of the studies have been reviewed with the facilities committee of the board, the Citizens Financial Advisory Council, and the entire School Board over the last two years.

The District submitted and received a positive review and comment statement dated January 22, 2013, whereby the Commissioner of Education has judged the district’s acquisition of 37 acres of land directly adjacent to the current high school facility to be educationally and economically advisable. The additional land is required for the district’s long-term facility needs at the site and is in direct response to continued resident enrollment growth trend which is projected to result in need for additional space at the high school for at least 500 additional students by 2020.

The acquisition of land adjacent to Wayzata High School will facilitate future high school projects that have been identified through the Comprehensive Facility Condition Assessment Study and address the most critical current and future facility capacity needs of the District.

As a condition of the acquisition of land adjacent to Wayzata High School, the district has agreed to sell approximately 19 acres of land in its possession, located on County Road 47, to the developer who has agreed to sell 37 acres of land adjacent to the high school.

RECOMMENDED ACTION: Approve the purchase agreement by and between Independent School District 284 and GWS Land Development of Plymouth, LLC.

COMMENTS BY: Ms. Doughty

1. Authorization of Health and Hospitalization Insurance Rates 2013-2014

It is the recommendation of the Insurance Committee that the District remain with PreferredOne on a self-insured basis for the 2013-2014 contract year.

The recommended renewal for the 2013-2014 plan year is a 3% increase to the premiums. As an additional incentive for employees who participate in the high deductible plan with the VEBA option, we also recommend a 1% premium reduction, for a net increase of 2%. The rate increase is well below the national medical inflation trend of 11%. We are pleased to accomplish this without any plan design changes. Our 12-year average premium increase is 3.68%.

I would like to thank the following Insurance Committee members for their work on this important committee:

- WEA: Jodi Olson, Candice Ledman, Deb Mossefin, Irene Merz, Dave Schultz
- Clerical/Paraprofessional: Lori Knudsen
- WPA: Jeff Ridlehoover
- Home Base: Nate Mathias
- Retirees: Linda Aleksey
- Unaffiliated: Jim Westrum
- Human Resources: JoAnne Fieldseth, Leslie Myrin

RECOMMENDED ACTION: Approve the recommendations of the Insurance Committee that the District remain with PreferredOne on a self-insured basis, a rate renewal for the 2013-2014 plan year is 3% to be applied to both health insurance plans (with a reduction of 1% if participating in the high deductible plan for a net increase of 2%).
