Curriculum Report

School Board Meeting – Oct. 21, 2019

Submitted By: Deanne Bishop – Curriculum Director

OUTLINE

1. Update – Ongoing Curriculum Work

2. Update – HAL

1. Update – Ongoing Curriculum Work

This past month, I have spent time working on the following tasks.

- * assisting teachers who have been updating their curriculum maps
- * compiled artifacts for the AQuESTT EBA Adjustment Proposal
- * filmed Homecoming activities and put together daily “pep-videos” that were sent to K-12 staff, Jr/Sr HS students and posted to social media
- * due to large classes sizes, purchased extra copies of books for staff members
- * helped teachers find topic-specific, hands-on activities to supplement certain units of study
- * worked with the School Improvement Team to collect artifacts of evidence in prep for our External Ed Review

2. Update - HAL

3rd/4th & 5th/6th Grade HAL – These groups just finished their **Marble Mazes** units. Students designed and built Marble Mazes, played peers’ mazes and timed trials using stopwatches. Students used graphing calculators to calculate averages. They analyzed data spreadsheets, determined winners and interpreted corresponding graphs. During the last six minutes of each session, students reflected on the day’s work by writing in their journals. Recently, the journals were sent home to share with the students’ families. We just started our next unit, **Fall Finds**. This unit will incorporate Biology, Horticulture and STEM skills.

7th & 8th Grade HAL – This group just finished their **Slow-Coaster Roller Coasters**. Students timed trials with stopwatches. Using their laptops, they created data spreadsheets and digital graphs. The project incorporated inquiry learning, STEM skills, group work dynamics, data collection, data interpretation and technology skills. During the last six minutes of each session, students reflected on the day’s work by writing in their journals. Recently, the journals were sent home to share with the students’ families. We just started our next unit, **Magnetic Levitation & Maglev Trains**. Students will build miniature train cars and fire them down electrically-charged tracks.

ENRICHMENT WEEK

We will not have pull-out HAL sessions during the last week of every month. Rather, at the elementary level, that time will be used for whole-class, enrichment activities. During September’s Enrichment Week, my Astronomy students and I gave 20-30 min. planetarium sessions for each elementary class. During October’s Enrichment Week, I will be hosting math, alphabet and problem-solving Minute-To-Win-It contests with Kindergarten and Second Grade classes.

I will also start to hold one-on-one meetings with high school HAL students. During this time, we will discuss their current course load, “academic” extracurriculars, career interests and scholarship / college plans. I want to make sure that their learning needs are being met, and that they are growing as a result of being challenged.

- We have a YouTube channel set up under Perkins County Schools
- Our Striv camera doesn't want to connect to YouTube; I'm working with the techs at BlackMagicRecorder to see why they won't talk to each other
- In the meantime, we're running Facebook Live for football and volleyball events

BIG Screen in North Gym

- Seeking new businesses to advertise
- 2 groups so far: Pinnacle Bank and Perkins County Schools Foundation
- Entrepreneurship class is reaching out to past businesses to see if they want to renew
- No online ads through YouTube
- Cost for 12 home events: \$100
- Put NE light on a switch to shut off the glare on the screen
- We are going to drop the screen a couple of feet for better line of sight

Concession Stand Updates

- 55" LED TV in the high school concession stand
- Shows prices and products
- Goal is to remove the small TV off of the east wall of the commons and replace it with a 55" LED, moving the small TV to the outside of the concession stand for those standing in line to view prices and products
- Entrepreneurship class made \$70 from the first online store. That money will go towards the new 55" TV along with any profits from the 2nd online store that will open up later this month.

Security System

- Hinton installed the new security system/keypad in the HS office. All of the admins, office staff, and custodial staff have been trained on the new system

SUPERINTENDENT EVALUATION

Purpose of the Evaluation of the Superintendent

The primary purpose of establishing a formal job performance evaluation for the Superintendent is to provide rational, structured communication between the Board and the Superintendent to create more constructive and effective working relations.

Also provided is a basis for commending, rewarding, and reinforcing good work as well as identifying the areas where the Superintendent needs to improve.

It helps the Superintendent know what the Board expects in the future.

Process of Evaluation

The evaluation of the Superintendent is by the Board of Education, not by individual members.

The Superintendent's evaluation is completed by individual members of the Board.

The Secretary will tabulate the individual input. The composite will be reviewed by the Board in executive session, without the Superintendent in attendance.

The Board develops a final written evaluation.

The Superintendent is given an opportunity to review the evaluation. Later, an executive session is held, at which time the Superintendent and the Board of Education have an opportunity to discuss the evaluation.

Notes to Board Members

The evaluation of the Superintendent cannot be simply "did well" or "did poorly".

The evaluation must contain an explanation as to why the Superintendent did well or did poorly and how they feel the Superintendent might improve.

Evaluation comments should be specific and not general.

Praise should be genuinely given and sincerely deserved. If it is presented in such a way it is a motivating force and will help make the conference productive. An overload of criticism will weaken the conference. The key in using praise and criticism is maintaining and constructive attitude.

All evaluation should end on a positive note.

The evaluation instrument is a combination of a rating system and essay. Both the rating system and essay have advantages and disadvantages; however, it is important to have some essay so that accomplishments may be noted as well as areas where improvement is desirable. In areas where improvement is desirable, it is essential to identify the area and what improvement the Board feels is appropriate.

In evaluating both on a rating system and essay basis, it is important for each member to note that a composite evaluation must be developed, therefore, essay comments should be an appropriate form to facilitate a composite being developed.

Indemnification and Liability Insurance

In addition to circumstances where it is obligated to provide indemnity or procure insurance, the school board has broad authority to purchase insurance or otherwise indemnify school board members, officers, employees, or agents of the school district. The school board will purchase liability insurance and provide indemnification at its discretion and review its current coverages and indemnification obligations when it deems appropriate.

In the event the school district's current insurance, indemnification agreements, contract obligations, or other promises to indemnify do not cover a situation which the school board can agree to cover, the school board may authorize indemnification. The school board may elect to indemnify any board member, officer, agent, or employee if he or she is a party or is threatened to be made a party in any pending or completed suit, proceeding, or any other action, whether criminal, civil, administrative, or investigative, if the individual is involved because of current or past service on the board, employment, or agency relationship with the school district. However, the indemnification and defense will only be considered if such person acted in good faith and in a manner he or she reasonably believed to be in the best interests or not opposed to the best interests of the school district, including in a criminal proceeding if he or she had no reasonable cause to believe the conduct was unlawful.

In circumstances involving employees, the board delegates to the Superintendent the authority to provide the indemnification to the extent the Superintendent is authorized to procure legal services, as long as the indemnification is otherwise consistent with the authority granted under the law.
