Elementary Administrator Report

→ Acadience Testing

- ◆ Shout-Out to Kelly Willis, Stacy Stewart, Alicia Hoadley, MeLinda Cromer, Mallory Zelasney, and all classroom teachers for going through training and modeling an “All Hands On Deck” approach this year.
- ◆ Saved the district nearly \$1,000 in sub costs as zero subs were used

→ NebraskaReads Law

- ◆ Law was implemented in 2019
- ◆ Any Kindergarten, 1st, 2nd, or 3rd grade student not reading at grade level must have a letter sent home to parents to notify them of child’s progress
 - We sent:
 - Kindergarten - 5 letters (15 in 2021, 16 in 2022)
 - 1st Grade - 7 letters (17 in 2021, 13 in 2022)
 - 2nd Grade - 9 letters (11 in 2021, 10 in 2022)
 - 3rd Grade - 12 letters (15 in 2021, 14 in 2022)
 - Total: 33 letters (last year we sent 58 letters!!)

→ MAP Testing

- ◆ ALL K-5 MAP Testing is done with the exception of a few make-up tests

→ HAL/STEAM Classes

- ◆ MeLinda is serving the following numbers of students:

<u>STEAM</u>	<u>HAL</u>	<u>Math Intervention</u>
Kindergarten - 3	Kindergarten - 5	Kindergarten - 4
1st Grade - 8	1st Grade - 5	1st Grade - 4
2nd Grade - 7	2nd Grade - 3	2nd Grade - 4
3rd Grade - 2	3rd Grade - 2	3rd Grade - 5
4th Grade - 3	4th Grade - 4	4th Grade - 7
5th Grade - 3	5th Grade - 5	5th Grade - 5

- We anticipate these numbers increasing as teachers were given the referral protocol, we will not allow more than 6 in a group - those groups that currently have more than 6 have been split into two groups.

→ WIN Time

- ◆ We will begin WIN Time next week focusing primarily within grade levels

→ Daily PAW Winners have been signing the wall each day - and students have loved that addition.

→ We have added Character Brag Sticks to our PBiS on the elementary - this month’s focus is on kindness.

SUSPENSION AND EXPULSION OF STUDENTS

The authority to suspend for a "short term" and to propose an "extended term" suspension and/or expulsion is delegated to the Principal or his or her designee. A short-term suspension shall mean the exclusion of a student from school attendance for a period not to exceed five school days. A long-term suspension means the exclusion of a student from school attendance for a period exceeding five school days but less than twenty school days.

The provisions of this section apply to all pupils enrolled in the school district. When considering possible courses of action for special education students in regard to alleged violations of school rules, policies, and regulations, procedural due process rights guaranteed under applicable Federal and State statutes are applicable. The school district is obligated to see that every special education student is provided an appropriate educational program without cost to the parent. Conversely, schools are not required to maintain pupils who are a danger to themselves or others in regular attendance centers.

Reasons for Suspension, Expulsion or Mandatory Reassignment

Suspension from classes or school will not be carried out unless the student while subject to school authority:

1. Uses violence, force, threat or intimidation in a manner causing substantial interference with school purposes; or
2. Willfully causes or attempts to cause substantial damage to property, steals or attempts to steal property of substantial value, repeatedly damages or steals property, or starts or attempts to start a fire of any magnitude of damage; or
3. Causing or attempting to cause personal injury to a school employee, to a school volunteer, or to any student. Personal injury caused by accident, self-defense, or other action undertaken on the reasonable belief that it was necessary to protect some other person shall not constitute a violation of this section; or
4. Threatening or intimidating any student for the purpose of or with the intent of obtaining money or anything of value from such student; or
5. Knowingly possesses, handles, or transmits any firearm, knife, explosive or other dangerous object or material that is ordinarily considered a weapon; or
6. Engages in the unlawful possession, selling, dispensing, or use of a controlled substance or an imitation controlled substance, as defined in statute 28-401, a substance represented to be a controlled substance, or alcoholic liquor as defined in statute 53-103 or being under the influence of a controlled substance or alcoholic liquor; or
7. Commits public indecency as defined in Nebraska statute 28-806 if that student is at least twelve years of age but less than nineteen years of age; or
8. Commits or attempts to commit sexual assault against any person. This may result in expulsion regardless of time or location if a complaint has been filed by a prosecutor alleging the incident as required in Nebraska statute 79-267.8; or
9. Engages in bullying as defined in statute 79-2,137; or

Approved _____ Reviewed _____ Revised _____

10. Engages in any other illegal activity which constitutes a danger to other students or interferes with school purposes; or
11. Repeatedly violates the policies, rules and standards of student conduct established by the district if such conduct constitutes a substantial interference with school purposes.

A given suspension will be for a period of time not to exceed 5 school days. A student will be informed of the charges against him or her and, if the student denies them, an explanation of the evidence will be given and the student will be given an opportunity to refute the charges. No time delay is necessary between the time a pupil is notified of the charges and the time of the hearing before the Principal.

No Out-of-School Suspensions, Pre-Kindergarten through Second Grade

Except as provided in the following paragraph, an elementary school shall not suspend a student in pre-kindergarten through second grade. Disciplinary measures may be taken inside the school as an alternative to suspension.

An elementary school may suspend a student in pre-kindergarten through second grade if such student brings a deadly weapon as defined in statute 28-109 on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or his or her designee, or at a school-sponsored activity or athletic event.

Short-Term Suspension

Short-term suspension means the exclusion of a student from school attendance or a school function for up to five days because of:

1. Conduct constituting grounds for expulsion as set forth in this policy; or
2. Other violations of rules and standards of behavior adopted by the Board, the administrative staff or teaching staff of the school, that occur on or off school grounds, if such conduct interferes with school purposes or there is a connection between the prohibited conduct and school.

Long-Term Suspension

Long-term suspension means the exclusion of a student from attendance in the district for a period exceeding five school days but less than twenty school days.

Opportunity to Complete Homework

Any student who is suspended shall be given an opportunity to complete any classwork and homework missed during the period of suspension, including, but not limited to, examinations. The district shall develop and adopt guidelines that provide any such student with the opportunity to complete classwork and homework. Such guidelines shall not require the student to attend the school district's alternative programs for expelled students in order to complete classwork and homework. The guidelines shall be provided to the student and a parent or guardian at the time of suspension.

Assurances

Guidelines to ensure that students are afforded due process during a suspension or proposed suspension from school will be developed. The procedural rules, regulations and guidelines will be approved by the Board and made known to students, parents and school staff.

Every report of alleged violations of student conduct policies that can be interpreted at the outset to fall within the protections of laws against discrimination shall be handled as a joint, concurrent investigation into all allegations and coordinated with the full participation of the Compliance Officer and Title IX Coordinator. If, in the course of an ongoing student conduct investigation, potential issues of discrimination are identified, the Title IX Coordinator shall be promptly notified, and the investigation shall be conducted jointly and concurrently to address the issues of alleged discrimination as well as the incidents of alleged violations of student conduct policies.

Administrative procedures complying with the Student Discipline Act shall also be in place to ensure due process to the student should the Principal decide to administer a long-term suspension, expulsion, or mandatory reassignment.

Emergency Exclusion

All cases of expulsion shall be preceded by short-term suspension and its related procedures or by the condition of emergency exclusion which applies only:

- 1) If the student has a dangerous communicable disease transmissible through normal school contacts and poses an imminent threat to the health or safety of the school community; or
- 2) If the student's conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.

Such an emergency exclusion shall be based upon a clear factual situation warranting it and shall last not longer than is necessary to avoid the dangers described above.

If the emergency exclusion will be for five days or less, the procedures for a short-term suspension shall be followed. If the Superintendent or his or her designee determines that such emergency exclusion shall extend beyond five days, a hearing will be held and a final determination made within ten school days after the initial date of exclusion. Such procedure shall substantially comply with the procedures set forth in state statutes 79-266 to 287 for a long-term suspension or expulsion and be modified only to the extent necessary to accomplish the hearing and determination within this shorter time period.

Notification of Parents

The Principal will make a reasonable effort prior to the beginning of a short-term suspension to contact the parent(s) or guardian(s) of the student by telephone or to communicate to them directly regarding the specific act(s) for which the suspension is ordered and the length of the suspension. If personal contact cannot be made then a written notice will be sent to the student and the student's parent or guardian within 24

hours or such additional time as is reasonably necessary not to exceed an additional 48 hours stating the specific act(s) for which the suspension is ordered and the length of the suspension.

The Principal shall make a reasonable effort to hold a conference with the student and the parent or guardian before or at the time the student returns to school and shall document such effort in writing.

Destruction of Records

All records and documentation regarding suspension will be destroyed within three years of the student's continuous absence from school. No information regarding a suspension will be communicated to any person not directly involved in the disciplinary proceedings.

The right of appeal to the Board in cases involving student suspension described in this policy does not extend to a suspension from a student extracurricular activities program or other disciplinary action affecting participation in an extracurricular activities program.

Expulsion

For the purposes of this policy and as defined in the Student Discipline Act, expulsion shall mean exclusion from attendance in all schools, on school grounds, and at activities within the district for a period not to exceed the end of the semester unless the student's misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period. If the misconduct occurred before the last ten school days of the first semester and the expulsion takes effect in the second semester because the recommendation for expulsion was appealed to a hearing examiner or the School Board, the length of the expulsion shall not exceed the number of days it would have been in effect had the appeal not been made.

Suspension Prior to a Hearing

When a notice of intent to discipline a student by long-term suspension, expulsion, or mandatory reassignment is filed with the Superintendent, the student may be suspended by the Principal until the date the long-term suspension, expulsion, or mandatory reassignment takes effect, if the Principal determines that the student must be suspended immediately to prevent or substantially reduce the risk of (a) interference with an educational function or school purpose or (b) a personal injury to the student himself or herself, other students, school employees, or school volunteers. If the student is suspended pending the outcome of the hearing, the student may complete classwork and homework, including, but not limited to, examinations, missed during the period of

suspension. During this time the student will not be required to attend the district's alternative programs for expelled students in order to complete classwork or homework

Summer Review of Expulsion

Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year as required by law. The review shall be conducted by the hearing examiner after the hearing examiner has given notice of the review to the student and the student's parent or guardian. This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing examiner that the student be readmitted for the upcoming school year. If the board took the final action to expel the student, the student may be readmitted only by action of the board. Otherwise the student may be readmitted by action of the Superintendent.

Alternative School or Procedures Prior to Expulsion

The district shall provide an alternative school, class, or educational program for expelled students, or shall follow procedures in accordance with Statute 79-266.

Suspension of Enforcement of an Expulsion

Enforcement of an expulsion action except for violations of the district's weapons policy may be suspended (i.e., "stayed") for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect. As a condition of such suspended action, the student and parents will be required to sign a discipline agreement including other consequences that may apply.

Conclusion of an Expulsion

At the conclusion of an expulsion, a school district shall reinstate the student and accept nonduplicative, grade-appropriate credits earned by the student during the term of expulsion from any Nebraska accredited institution or institution accredited by one of the six regional accrediting bodies in the United States.

Procedures Involving Long-term Suspension or Expulsion

Students may be expelled for violations of board policy, school rules or the law. It shall be within the discretion of the administrator to discipline a student by using an expulsion for a single offense or for a series of offenses depending on the nature of the offense and the circumstances surrounding the offense.

The Superintendent will develop procedural rules, regulations and guidelines governing expulsions. These shall be approved by the Board and made known to students, parents and school staff. The Principal shall keep records of all expulsions.

If the Principal makes a decision to discipline a student by long-term suspension, expulsion, or mandatory reassignment, the following procedures shall be followed:

1. The decision as to recommend discipline shall be made within two school days after learning of the alleged student misconduct. On the date of the decision, a written charge and a summary of the evidence supporting such charge shall be filed with the Superintendent.
2. The school shall, within two school days after the decision, send written notice by registered or certified mail to the student and his or her parent or guardian informing them of the Principal's decision to recommend long-term suspension or expulsion. The notice shall include the following:
 - a. The rule or standard of conduct allegedly violated and the acts of the student alleged to constitute a cause for long-term suspension, expulsion, or mandatory reassignment, including a summary of the evidence to be presented against the student;
 - b. The penalty, if any, which the Principal has recommended in the charge and any other penalty to which the student may be subject;
 - c. A statement that, before long-term suspension, expulsion, or mandatory reassignment can be invoked, the student has a right to a hearing, upon request, and that if the student is suspended pending the outcome of the hearing, the student may complete classwork and homework, including, but not limited to, examinations, missed during the period of suspension pursuant to district guidelines which shall not require the student to attend the school district's alternative programs for expelled students in order to complete classwork or homework;
 - d. A description of the hearing procedures provided by the Student Discipline Act, along with procedures for appealing any decision rendered at the hearing;
 - e. A statement that the Principal, legal counsel for the school, the student, the student's parent, or the student's representative or guardian has the right (i) to examine the student's academic and disciplinary records and any affidavits to be used at the hearing concerning the alleged misconduct and (ii) to know the identity of the witnesses to appear at the hearing and the substance of their testimony; and
 - f. A form on which the student, the student's parent, or the student's guardian may request a hearing, to be signed by such parties and delivered to the Principal or Superintendent in person or by registered or certified mail to the address provided on the form in accordance with law.
3. When a notice of intent to discipline a student by long-term suspension, expulsion, or mandatory reassignment is filed with the Superintendent, the student may be suspended by the Principal until the date the long-term suspension, expulsion, or mandatory reassignment takes effect if the Principal determines that the student must be suspended immediately to prevent or substantially reduce the risk of (a) interference with an educational function or school purpose or (b) a personal injury to the student himself or herself, other students, school employees, or school volunteers.

4. Nothing in this policy shall preclude the student or the student's parent, guardian, or representative from discussing and settling the matter with appropriate school personnel prior to the time the long-term suspension, expulsion, or mandatory reassignment takes effect.
5. If a hearing is requested within five school days after receipt of the notice, the Superintendent shall recommend appointment of a hearing examiner within two school days after receipt of the hearing request. The student or the student's parent or guardian may request designation of a hearing examiner other than the hearing examiner recommended by the Superintendent if notice of the request is given to the Superintendent within two school days after receipt of the Superintendent's recommended appointment. Upon receiving such request, the Superintendent shall provide one alternative hearing examiner who is not an employee of the school district or otherwise currently under contract with the school district and whose impartiality may not otherwise be reasonably questioned. The Superintendent may also provide an additional list of hearing examiners that may include hearing examiners employed by or under contract with the school district. The student or the student's parent or guardian shall, within five school days, select a hearing examiner to conduct the hearing who was recommended or provided as an alternative hearing examiner, and shall notify the Superintendent in writing of the selection. The Superintendent shall appoint the selected hearing examiner upon receipt of such notice.
6. The hearing examiner shall, within two school days after being appointed, give written notice to the Principal, the student, and the student's parent or guardian of the time and place for the hearing.
7. The hearing shall be held within a period of five school days after appointment of the hearing examiner, but such time may be changed by the hearing examiner for good cause with consent of the parties. No hearing shall be held upon less than two school days' actual notice to the Principal, the student, and the student's parent or guardian, except with the consent of all the parties.
8. The Principal or legal counsel for the school, the student, and the student's parent, guardian, or representative have the right to receive a copy of all records and written statements referred to in the Student Discipline Act as well as the statement of any witness in the possession of the School Board no later than forty-eight hours prior to the hearing.
9. If a hearing is requested more than five school days, but not more than thirty calendar days, following the actual receipt of written notice, the Superintendent shall appoint a hearing examiner. The hearing will be held in accordance with Statute 79-269 but the imposed punishment shall continue in effect pending final determination.
10. If the request for a hearing is not received within thirty calendar days following mailing or delivery of the written notice, the student shall not be entitled to a hearing.

If a hearing is requested, the hearing, hearing procedures, the student's rights, rights of the parent or guardian, and any appeals or review shall be handled in accordance with the Student Discipline Act in Statutes 79-254 through 79-294.

Violations of Law Relating to Suspensions or Expulsions

1. Student violations or suspected violations of Nebraska law will be reported to law enforcement as soon as possible. Conduct to be reported for law enforcement referral includes conduct that may constitute a felony, conduct which may constitute a threat to the safety or well-being of students or others in school programs and activities, and conduct that the legal system is better equipped to address than school officials. Student violations of school policy that are not apparent violations of law will be addressed by school administrators without reporting them to law enforcement. Administrators should consider the student's maturity, and known behavioral, emotional or mental disorders, if applicable. It will be the responsibility of the referring administrator to contact the student's parent that a referral to legal authorities has been or will be made, if applicable.

On or before August 1 the school board will annually review the reporting guidelines above with the County Attorney. These shall be distributed to all parents and guardians and their students at the beginning of each school year, or at the time of enrollment if during the school year. The guidelines shall also be posted conspicuously in each school during the school year.

2. Except in instances of suspected child abuse, when a Principal or designee releases a minor student to a law enforcement officer for the purpose of removing the minor from the school premises, immediate steps shall be taken to notify the parent, guardian, or other relative having control of the minor about the minor's release to the officer and about the place to which the minor is reportedly being taken. In cases of suspected child abuse, the Principal or designee will provide the law enforcement officer with the address and telephone number of the minor's parents or guardian.

Supplemental to these procedures, a special education student must be provided with additional procedures. A determination should be made of whether the student is actually guilty of the misconduct. A staffing team should determine whether the student's behavior is caused by the student's disability and whether the conduct is the result of inappropriate placement. Discussions and conclusions of this meeting should be recorded.

If the special education student's conduct is not caused by the disability, the student may be expelled or suspended for a long-term period following written notice to the parent and pursuant to the school district's expulsion hearing procedures. If the misconduct is caused by the disability and a change in placement is recommended, the change must be made pursuant to the placement procedures used by the school district.

Cross Reference: 504 Student Rights and Responsibilities

SUSPENSION AND EXPULSION OF STUDENTS

The authority to suspend for a "short term" and to propose an "extended term" suspension and/or expulsion is delegated to the Principal or his or her designee. A short-term suspension shall mean the exclusion of a student from school attendance for a period not to exceed five school days. A long-term suspension means the exclusion of a student from school attendance for a period exceeding five school days but less than twenty school days.

The provisions of this section apply to all pupils enrolled in the school district. When considering possible courses of action for special education students in regard to alleged violations of school rules, policies, and regulations, procedural due process rights guaranteed under applicable Federal and State statutes are applicable. The school district is obligated to see that every special education student is provided an appropriate educational program without cost to the parent. Conversely, schools are not required to maintain pupils who are a danger to themselves or others in regular attendance centers.

Reasons for Suspension, Expulsion or Mandatory Reassignment

Suspension from classes or school will not be carried out unless the student while subject to school authority:

1. Uses violence, force, threat or intimidation in a manner causing substantial interference with school purposes; or
2. Willfully causes or attempts to cause substantial damage to ~~school or private~~ property ~~or~~, steals or attempts to steal ~~school or private~~ property of substantial value; ~~or~~

Personal injury caused by accident, self-defense; or threatens or intimidates, or other action undertaken on the reasonable belief that it was necessary to protect some other person shall not constitute a violation of this section; or
- 3.4. Threatening or intimidating any student for the purpose of or with the intent of obtaining ~~something~~money or anything of value from ~~the~~such student; or
- 4.5. Knowingly possesses, handles, or transmits any firearm, knife, explosive or other dangerous object or material that is ordinarily considered a weapon; or
- 5.6. - 6.7. Commits public indecency as defined in Nebraska statute 28-806 if that student is at least twelve years of age but less than nineteen years of age; or
- 7.8. Commits or attempts to commit sexual assault against any person. This may result in expulsion regardless of time or location if a complaint has been filed by a prosecutor alleging the incident as required in Nebraska statute 79-267.8; or
- 8.9. Engages in bullying as defined in ~~section~~statute 79-2,137; or

A given suspension will be for a period of time not to exceed 5 school days. A student will be informed of the charges against him or her and, if the student denies them, an explanation of the evidence will be given and the student will be given an opportunity to refute the charges. No time delay is necessary between the time a pupil is notified of the charges and the time of the hearing before the Principal.

No Out-of-School Suspensions, Pre-Kindergarten through Second Grade
Except as provided in the following paragraph, an elementary school shall not suspend a student in pre-kindergarten through second grade. Disciplinary measures may be taken inside the school as an alternative to suspension.

An elementary school may suspend a student in pre-kindergarten through second grade if such student brings a deadly weapon as defined in statute 28-109 on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or his or her designee, or at a school-sponsored activity or athletic event.

Short-Term Suspension

Short-term suspension means the exclusion of a student from school attendance or a school function for up to five days because of:

1. Conduct constituting grounds for expulsion as set forth in this policy; or
2. Other violations of rules and standards of behavior adopted by the Board, the administrative staff or teaching staff of the school, that occur on or off school grounds, if such conduct interferes with school purposes or there is a connection between the prohibited conduct and school.

Long-Term Suspension

Long-term suspension means the exclusion of a student from attendance in the district for a period exceeding five school days but less than twenty school days.

Opportunity to Complete Homework

Any student who is suspended shall be given an opportunity to complete any classwork and homework missed during the period of suspension, including, but not limited to, examinations. The district shall develop and adopt guidelines that provide any such student with the opportunity to complete classwork and homework. Such guidelines shall not require the student to attend the school district's alternative programs for expelled

students in order to complete classwork and homework. The guidelines shall be provided to the student and a parent or guardian at the time of suspension.

Assurances

Guidelines to ensure that students are afforded due process during a suspension or proposed suspension from school will be developed. The procedural rules, regulations and guidelines will be approved by the Board and made known to students, parents and school staff.

Every report of alleged violations of student conduct policies that can be interpreted at the outset to fall within the protections of laws against discrimination shall be handled as a joint, concurrent investigation into all allegations and coordinated with the full participation of the Compliance Officer and Title IX Coordinator. If, in the course of an ongoing student conduct investigation, potential issues of discrimination are identified, the Title IX Coordinator shall be promptly notified, and the investigation shall be conducted jointly and concurrently to address the issues of alleged discrimination as well as the incidents of alleged violations of student conduct policies.

Administrative procedures complying with the Student Discipline Act shall also be in place to ensure due process to the student should the Principal decide to administer a long-term suspension, expulsion, or mandatory reassignment.

Emergency Exclusion: ~~Any student may be excluded from school in the following circumstances:~~

All cases of expulsion shall be preceded by short-term suspension and its related procedures or by the condition of emergency exclusion which applies only:

- 1) If the student has a dangerous communicable disease transmissible through normal school contacts and poses an imminent threat to the health or safety of the school community; or
- 2) If the student's conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.

Such an emergency exclusion shall be based upon a clear factual situation warranting it and shall last not longer than is necessary to avoid the dangers described above.

If the emergency exclusion will be for five days or less, the procedures for a short-term suspension shall be followed. If the Superintendent or his or her designee determines that such emergency exclusion shall extend beyond five days, a hearing will be held and a final determination made within ten school days after the initial date of exclusion. Such procedure shall substantially comply with the procedures set forth in state statutes 79-266 to 287 for a long-term suspension or expulsion and be modified only to the extent necessary to accomplish the hearing and determination within this shorter time period.

Notification of Parents

The Principal ~~should~~will make a reasonable effort prior to the beginning of a short-term suspension to contact the parent(s) or guardian(s) of ~~a suspended~~the student by telephone or to communicate to them directly regarding the specific act(s) for which the suspension is ordered and the length of the suspension. If personal contact cannot be made then a written notice will be ~~mailed~~sent to ~~parents~~the student and the student's parent or guardian within 24 hours or such additional time as is reasonably necessary not to exceed an additional 48 hours stating the specific act(s) for which the suspension is ordered and the length of the suspension.

The Principal shall make a reasonable effort to hold a conference with the student and the parent or guardian before or at the time the student returns to school and shall document such effort in writing.

Destruction of Records

All records and documentation regarding suspension will be destroyed within three years of the student's continuous absence from school. No information regarding a suspension will be communicated to any person not directly involved in the disciplinary proceedings.

The right of appeal to the Board ~~of Education~~ in cases involving student suspension described in this policy does not extend to a suspension from a student extracurricular activities program or other disciplinary action affecting participation in an extracurricular activities program.

~~For the purposes of this policy and as defined in the Student Discipline Act, expulsion shall mean exclusion from attendance in all schools within the district for a period of time as defined in Nebraska statute 79-283.~~

Expulsion

For the purposes of this policy and as defined in the Student Discipline Act, expulsion shall mean exclusion from attendance in all schools, on school grounds, and at activities within the district for a period not to exceed the end of the semester unless the student's misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year , or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period. If the misconduct occurred before the last ten school days of the first semester and the expulsion takes effect in the second semester because the recommendation for expulsion was appealed to a hearing examiner or the School Board, the length of the expulsion shall not exceed the number of days it would have been in effect had the appeal not been made.

Suspension Prior to a Hearing

When a notice of intent to discipline a student by long-term suspension, expulsion, or mandatory reassignment is filed with the Superintendent, the student may be suspended by the Principal until the date the long-term suspension, expulsion, or mandatory reassignment takes effect, if the Principal determines that the student must be suspended immediately to prevent or substantially reduce the risk of (a) interference with an educational function or school purpose or (b) a personal injury to the student himself or herself, other students, school employees, or school volunteers. If the student is suspended pending the outcome of the hearing, the student may complete classwork and homework, including, but not limited to, examinations, missed during the period of suspension. During this time the student will not be required to attend the district's alternative programs for expelled students in order to complete classwork or homework

Summer Review of Expulsion

Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year as required by law. The review shall be conducted by the hearing examiner after the hearing examiner has given notice of the review to the student and the student's parent or guardian. This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing examiner that the student be readmitted for the upcoming school year. If the board took the final action to expel the student, the student may be readmitted only by action of the board. Otherwise the student may be readmitted by action of the Superintendent.

Alternative School or Procedures Prior to Expulsion

The district shall provide an alternative school, class, or educational program for expelled students, or shall follow procedures in accordance with Statute 79-266.

Suspension of Enforcement of an Expulsion

Enforcement of an expulsion action except for violations of the district's weapons policy may be suspended (i.e., "stayed") for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect. As a condition of such suspended action, the student and parents will be required to sign a discipline agreement including other consequences that may apply.

Conclusion of an Expulsion

At the conclusion of an expulsion, a school district shall reinstate the student and accept nonduplicative, grade-appropriate credits earned by the student during the term of expulsion from any Nebraska accredited institution or institution accredited by one of the six regional accrediting bodies in the United States.

Procedures Involving Long-term Suspension or Expulsion

Students may be expelled for violations of board policy, school rules or the law. It shall be within the discretion of the administrator to discipline a student by using an expulsion

for a single offense or for a series of offenses depending on the nature of the offense and the circumstances surrounding the offense.

The Superintendent will develop procedural rules, regulations and guidelines governing expulsions. These shall be approved by the Board of Education and made known to students, parents and school staff. The Principal shall keep records of all expulsions.

~~All cases of expulsion shall be preceded by short term suspension and its related procedures or by the condition of emergency exclusion which applies only when a student (a) has a dangerous communicable disease transmissible through normal school contacts and poses an immediate threat to the health and safety of the school community; or (b) exhibits conduct which presents a clear threat to the physical safety of himself/herself or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.~~

~~When a student is expelled, the student shall be provided with:~~

~~Notice of the~~ If the Principal makes a decision to discipline a student by long-term suspension, expulsion, or mandatory reassignment, the following procedures shall be followed:

1. The decision as to recommend discipline shall be made within two school days after learning of the alleged student misconduct. On the date of the decision, a written charge and a summary of the evidence supporting such charge shall be filed with the Superintendent.
2. The school shall, within two school days after the decision, send written notice by registered or certified mail to the student and his or her parent or guardian informing them of the Principal's decision to recommend long-term suspension or expulsion. The notice shall include the following:
 - a. The rule or standard of conduct allegedly violated, and the acts of the student is alleged to have committed and constitute a cause for long-term suspension, expulsion, or mandatory reassignment, including a summary of the evidence to be presented against the student;
 - b. The penalty, if any, which the Principal has recommended in the charge and any other penalty to which the student may be subject;
- ~~1. A statement that the student has a right to a hearing, upon request, on the specified charges;~~
 - c. A statement that, before long-term suspension, expulsion, or mandatory reassignment can be invoked, the student has a right to a hearing, upon request, and that if the student is suspended pending the outcome of the hearing, the student may complete classwork and homework, including, but not limited to, examinations, missed during the period of suspension pursuant to district

- guidelines which shall not require the student to attend the school district's alternative programs for expelled students in order to complete classwork or homework;
- ~~e.d.~~ A description of the hearing procedures provided by the Student Discipline Act, along with procedures for appealing any decision rendered at the hearing;
2. ~~A statement that~~ the Principal, legal counsel for the school, the student, the student's parent, or the student's representative or guardian has the right;
- ~~d.e.~~ (i) to examine the student's academic and disciplinary records and any affidavits to be used at the hearing concerning the alleged misconduct and; (ii) to know the identity of the witnesses to appear at the hearing and the substance of their testimony; and
- ~~A. to know the identity of the witnesses to appear at the hearing and the substance of their testimony;~~
- f. A form on which the student, the student's parent, or the student's parent/guardian may request a hearing, to be signed by such parties and delivered to the Principal or Superintendent in person or by registered or certified mail to the address provided on the form in accordance with law.
3. When a notice of intent to discipline a student by long-term suspension, expulsion, or mandatory reassignment is filed with the Superintendent, the student may be suspended by the Principal until the date the long-term suspension, expulsion, or mandatory reassignment takes effect if the Principal determines that the student must be suspended immediately to prevent or substantially reduce the risk of (a) interference with an educational function or school purpose or (b) a personal injury to the student himself or herself, other students, school employees, or school volunteers.
4. Nothing in this policy shall preclude the student or the student's parent, guardian, or representative from discussing and settling the matter with appropriate school personnel prior to the time the long-term suspension, expulsion, or mandatory reassignment takes effect.
5. If a hearing is requested within five school days after receipt of the notice, the Superintendent shall recommend appointment of a hearing examiner within two school days after receipt of the hearing request. The student or the student's parent or guardian may request designation of a hearing examiner other than the hearing examiner recommended by the Superintendent if notice of the request is given to the Superintendent within two school days after receipt of the Superintendent's recommended appointment. Upon receiving such request, the Superintendent shall provide one alternative hearing examiner who is not an employee of the school district or otherwise currently under contract with the school district and whose impartiality may not otherwise be reasonably questioned. The Superintendent may also provide an additional list of hearing examiners that may include hearing examiners employed by or under contract with the school district. The student or the student's parent or guardian shall, within five school days, select a hearing examiner to conduct the hearing who was recommended or provided as an alternative hearing

examiner, and shall notify the Superintendent in writing of the selection. The Superintendent shall appoint the selected hearing examiner upon receipt of such notice.

6. The hearing examiner shall, within two school days after being appointed, give written notice to the Principal, the student, and the student's parent or guardian of the time and place for the hearing.
7. The hearing shall be held within a period of five school days after appointment of the hearing examiner, but such time may be changed by the hearing examiner for good cause with consent of the parties. No hearing shall be held upon less than two school days' actual notice to the Principal, the student, and the student's parent or guardian, except with the consent of all the parties.
8. The Principal or legal counsel for the school, the student, and the student's parent, guardian, or representative have the right to receive a copy of all records and written statements referred to in the Student Discipline Act as well as the statement of any witness in the possession of the School Board no later than forty-eight hours prior to the hearing.
9. If a hearing is requested more than five school days, but not more than thirty calendar days, following the actual receipt of written notice, the Superintendent shall appoint a hearing examiner. The hearing will be held in accordance with Statute 79-269 but the imposed punishment shall continue in effect pending final determination.
10. If the request for a hearing is not received within thirty calendar days following mailing or delivery of the written notice, the student shall not be entitled to a hearing.

If a hearing is requested, the hearing, hearing procedures, the student's rights, rights of the parent or guardian, and any appeals or review shall be handled in accordance with the Student Discipline Act in Statutes 79-254 through 79-294.

Violations of Law Relating to Suspensions or Expulsions

1. Student violations or suspected violations of Nebraska law will be reported to law enforcement as soon as possible. Conduct to be reported for law enforcement referral includes conduct that may constitute a felony, conduct which may constitute a threat to the safety or well-being of students or others in school programs and activities, and conduct that the legal system is better equipped to address than school officials. Student violations of school policy that are not apparent violations of law will be addressed by school administrators without reporting them to law enforcement. Administrators should consider the student's maturity, and known behavioral, emotional or mental disorders, if applicable. It will be the responsibility of the referring administrator to contact the student's parent that a referral to legal authorities has been or will be made, if applicable.

On or before August 1 the school board will annually review the reporting guidelines above with the County Attorney. These shall be distributed to all parents and guardians and their students at the beginning of each school year, or at the time of enrollment if during the school year. The guidelines shall also be posted conspicuously in each school during the school year.

2. Except in instances of suspected child abuse, when a Principal or designee releases a minor student to a law enforcement officer for the purpose of removing the minor from the school premises, immediate steps shall be taken to notify the parent, guardian, or other relative having control of the minor about the minor's release to the officer and about the place to which the minor is reportedly being taken. In cases of suspected child abuse, the Principal or designee will provide the law enforcement officer with the address and telephone number of the minor's parents or guardian.

Supplemental to these procedures, a special education student must be provided with additional procedures. A determination should be made of whether the student is actually guilty of the misconduct. A staffing team should determine whether the student's behavior is caused by the student's disability and whether the conduct is the result of inappropriate placement. Discussions and conclusions of this meeting should be recorded.

If the special education student's conduct is not caused by the disability, the student may be expelled or suspended for a long-term period following written notice to the parent and pursuant to the school district's expulsion hearing procedures. If the misconduct is caused by the disability and a change in placement is recommended, the change must be made pursuant to the placement procedures used by the school district.

NONRESIDENT STUDENTS/OPTION ENROLLMENT

Students who are eligible to attend a Nebraska public school but who are not legal residents of the school district may be admitted into the school district in accordance with the option enrollment program authorized by state statutes. Option enrollment students shall be accepted without charge. If the student has previously had an option enrollment accepted in any district, the application shall be rejected unless a statutory exception to this rule applies for that student.

Application for option enrollment should be made between September 1 and March 15 for enrollment during the following and subsequent school years. Upon agreement of the school boards of the resident district and the option (receiving) district, deadlines for application and approval of the option may be waived. Following the March 15 deadline, applications requesting admittance must contain a release approval from the resident district prior to the option district's consideration for acceptance.

The application for option enrollment does not require a release from the resident district and the receiving district has forty-five days to issue acceptance or rejection if:

1. after February 1 the student relocated to a different resident district, or
2. the student's option district merged with another district effective after February 1, and
3. the student's attendance would occur during the next immediate and subsequent school years.

For applications submitted by the March 15 deadline, written notification of approval or rejection of the application will be made before April 1 to the student's parent/guardian and the resident district. If the district rejects an application for a student to option in or out, the district will provide notification by certified mail to the parent/guardian of the specific reasons for rejection including a description of services and accommodations required that the district does not have the capacity to provide, and the process for appealing the decision to the State Board of Education.

The board shall adopt standards and conditions for acceptance or rejection of a request for release of a resident student submitting an option application after March 15. Such standards shall not include the failure to meet the March 15 deadline. For those applications, the option district shall notify the parent/guardian and the resident district whether the application is accepted or rejected within sixty days after submission. False or substantively misleading information submitted by a parent/guardian on an application to an option district may be cause for the option district to reject a previously accepted application prior to the student's attendance.

The board shall adopt a resolution and publish its specific standards for acceptance and rejection of applications as an option school prior to October 15 of each school year for

the next school year. Standards will conform to those set forth by state statute. These may include the capacity of a program, class, grade level, or school building.

Capacity for the district's special education services shall be determined on a case-by-case basis as determined by the Director of Special Education or designee. If the district receives an option enrollment application indicating the student has an individualized education program under the Individuals with Disabilities Education Act or may be eligible to receive special education or related services, it shall be evaluated to determine if the appropriate class, grade level, or school building in the district has the capacity to provide the student with the appropriate services and accommodations.

The standards shall not include previous academic achievement, athletic or other extracurricular ability, disabilities, proficiency in the English language, or previous disciplinary proceedings except as allowed by law.

An option district shall give first priority for enrollment to siblings of option students within the requirements of state statutes. The board shall follow statutes regarding the application of a student who relocates in a different district but wants to continue attending his or her original resident district or current option district.

Nonresident students not going through option enrollment may also be admitted under a contract with the student's resident district at the discretion of the superintendent upon application and payment of tuition as stated in the contract. The tuition rate shall be the current per-pupil cost of the school district as computed by the superintendent.

Students whose residency in the district ceases during a school year may continue attending school for the remainder of the school year without payment of tuition.

The district may choose to provide transportation to the option student in the same manner as for resident students and may choose whether or not to charge the parents of those option students a fee to recover the district's costs for the transportation. All option students who qualify for free lunches are eligible for either free transportation or the reimbursement of transportation costs from the school district as provided by state statute. Students receiving special education services shall receive transportation services as provided in the student's Individualized Education Plan.

Numeric Capacity. The capacity in the following grade levels, programs, classes, and/or school buildings is as follows:

- Each grade level in grades kindergarten through 5: **44 students**
- Each grade level in grades 6 through 8: **44 students**
- Each grade level in grades 9 through 12: **44 students**

- Students in special education programs requiring specific academic and behavioral support: **30 students.**
- Other: _____

Total enrollment for the school district: **440 students.**

Other Standards. The school district shall not accept an option student when acceptance of the student:

- Would increase the operating costs of the school district, such as by requiring the hiring of new staff or contracting with outside entities to provide services to the student;
- Would require the procurement of new equipment, technology, or furnishings;
- Would cause or require the rearrangement of caseloads for staff and contracted professionals;
- Is reasonably deemed by appropriate school staff to pose a potential risk to the health or safety of students or staff;
- May pose a risk of adversely affecting the quality of educational services being provided to resident students, as determined by appropriate school staff.
