Discussion:

Executive Director reviewed discussion within committee meeting.

Approve Statewide Learning Object Repository (LOR) as recommend by the LOR committee

Discussion:

BlendEd Director/Distance Education Director reviewed the process proposed by the LOR Committee. The proposal from the LOR committees is to use a multiple approach of using Learn360, ISLE, and Amazon Inspire. This will allow single sign-on access to each of the products and available in the portal. Then next step will be the storage needed and available for upload. Future, do we look at a system that encompasses the three areas of need. The LOR Committee will continue to meet to discuss future needs. Another meeting of committee with Amazon Inspire will be held the end of April.

Motion Passed: Recommend approving Learn360, ISLE, and Amazon Inspire for the statewide LOR passed with a motion by DeTurk ESU 02 and a second by Polk ESU 07.

Establish the statewides initiatives - tweak and add needed information

ESUCC NDE Liaison Structure

10:15 a.m. Commissioner's Report – Matt Blomstedt, Commissioner of Education

- NDE Strategic Planning
 - Collaborative Directions

NDE, ESUCC, ESU, schools are all under a substantial change. FSG/Senator Adams is helping to set a framework for education in NE. Important role of ESUCC/ESUs in partnerships with NDE. Relationships between ESUCC and NDE. Serving and supporting Needs Improvement schools and Districts. Aligning efforts in the use of information to improve schools. Working together to put together the next biennium budget. Rule 10 - Foundation of AQuESTT is a holistic system of accountability, accreditation, improvement and support. Six tenets link accountability, quality and accreditation under one umbrella through Rule 10. Multiple measures and evidence based. System approach. Systems of support, evidence based analysis, domains of AQuESTT. Eighty-Seven schools in NE needs improvement across the state. All classifications are across the state. Native American Schools are 13% of needs improvement. Demographic shifting schools are 15%. Urban Schools are 36% Needs Improvement, Small community schools are 36% Needs improvement. Loup County (ESU 10) Santee (ESU 1) and Druid Hills (ESU 19) are working closely with NDE to work with three priority schools. Divide and intentional with the work we do with these schools. All students need support in one way or another. Supporting every student and every day. It is critical that we find our key elements of our work for the state of NE.

- Next Steps in AQuESTT
 - ESU roles
 - Accountability –LB438

10:45 a.m. UPDATES

- **Legislative** (15 minutes) – Brian Halstead, Assistant Commissioner done by Commissioner Blomstedt

Review of the legislative session. High School assessment will be ACT. Regional services - early childhood, etc. We need a vision to plan for growth.

- **Federal Programs** (15 minutes) – Diane Stuehmer, Federal Programs
Elementary and Secondary Education Act (ESEA) - new legislation. NCLB will go through 2016-2017.

Every Student Shall Exceed Act (ESSA) signed into law December 10, 2015.

- Assessment, supplement not supplant rules.
- Acknowledges that states and local educators are better situated than federal officials to help determine.
 - Proficiency on test
 - English language proficiencies
 - Graduation rates
 - Another academic indicator that can be disaggregated
 - 95 % participation rate will be a stand-alone factor

Every employee paid with federal funds MUST keep time and efforts logs.

Transition from NCLB and ESSA - 2016-2017 year only

Must administer Title I formula funds in accordance with NCLB

AYP calculations are NOT required

Any School or Districts that was identified as Needs Improvement in 2015-2016 is required to implement the same interventions in 2016-2017.

NE will NOT require Supplemental Educational Services (SES), new Public School Choice (PSC) or parental notice requirement during 2017-2017.

Allocations changes in funding: Eliminate programs (Eg - SIG), Federal formulas, reservation options, mandatory set-asides

Impact Spending - well rounded education - incorporated in ESSA

Title I Ranking and Serving - ESSA makes it easier for secondary schools to access Title I funds - LEAS can choose to serve high schools with more than 50% poverty

Spending options Title II - recruiting and retaining teachers, reducing class size, evidence based professional development, training in trauma, mental illness and child abuse, training to support the identification of gifted and talented

Title IIa formula will be changing - "Hold Harmless" will be phased out in 2017-2022. Gradual shift in weights for population, Congressional Research Service (CRS) projections of impact

Highly Qualified Teachers (HQT) and Paraprofessional requirements - clarification - each state plan shall include qualifications that were in place on the day before the date of enactment of the ESSA Act.

Teachers - student scores are not required in teacher evaluation systems; highly qualified teachers

Equitable Access to Excellent Educators - NE developed plans to ensure that poor minority children are not taught at higher rates than other children by inexperienced, unqualified, or out of field teachers remain in effect for the 2015-2016 and 2016-2017 school years.

Accountability for ELL are now called ELs (English Learners)

Add scores after one year in country

Title IV Block grant - formula grants to states and LEAs based on share of Title I-A - rounded education, safety and health, effective use of technology

Assessments - super sub-groups are not allowed. 1 % of students overall can receive proficient changes to 1 % can be given alternative assessments.

Intervening in low perform schools - Under ESSA - two levels of interventions (targeted and comprehensive) using the set aside 7%.

States are required to set aside this 7%

SIG funding - for FY 2015. NDE is hoping to have applications available early May. The State approves in August, and NE SIG 2.4 million. Anticipate SIG for 2016 - 2.1 million in January.

ESSA will be a good fit to AQuESTT.

Every student, Every day

- **IDEA (15 minutes)** -- Gary Sherman/Steve Milliken, Special Education
Steve shared updates on IDEA. Quality programs for students. State Improvement Plan (SIP) - what does this need to look like? Closing the gap, academic achievement, across curriculum (TIP - targeted improvement plans), grants (need more specific information)
- **Statewide Initiatives – Progress to Date**
 - Action Plans (15 minutes) – Otis Pierce, ESU 7
 - In 2014, PDO met to evaluate and align what we do with the three Statewide Initiatives.
 - In 2014, the PDO team met and determine how each affiliate can be aligned to the initiatives. You can find that alignment through this [google spreadsheet](#). Notice at the bottom is a tab for each of the affiliates.
 - Then, PDO was grouped by "color" and took that information and brought it together in this [document](#)
 - Finally, a team took this information and developed an [Action Plan](#).

11:45 a.m. Lunch – Service Plan Update (working lunch)

Larianne Polk, ESU 7 Administrator & Matt Heusman, NDE Accreditation
What ESU have to provide to schools. Informed services planning process, measuring the implementation of services, and how those data correlate with NDE and AQuESTT. Are the services satisfactory and effectively utilized - student success, happy parents, relevant, student achievement, communication, gaps, etc. Compile data and automate this process. Expanded profile to include: evidence based analysis, proof of concept, statistics, trend data, program data and align with NDE.

ESU 7 determined the areas of services and update throughout the year. Each month they go through and see what has been implemented in schools. Log the services provided to schools. Summary profile for each school and are grouped by each of the six tenets. NDE working to pull this data together along with NDE information needed (EBA, etc) ESU can help each other out by the different services and strengths the each contribute. Next steps: Continuing PD opportunities, positive partnerships, align data with continuous improvement goals, making relationships automated, dynamic database/systems, move beyond the needs improvement. Analyze Predict and Evaluate: Already use EBA program data, ESU Matrix, and will need to include school improvement goals and district input.

12:30 p.m. UPDATES, (cont.)

- **Statewide Initiatives**

- o **BlendEd** (15 minutes) – Beth Kabes & Brent Gaswick

BlendEd Initiative is in year 3.

BlendEd pilot project - Dawn F. and Nick Z are working with 27 schools across the state of NE. Started training in March using Highlander Institute. This work is in partnership with NCSA. Focus will be district change not just classroom change. Developing strategic plans for a 2 year cycle.

Components of project -

LOR (Learning Object Repository) A group worked together for almost a year looking at different LOR products. Group decided on using a combination of Learn360, ISLE, and Amazon Inspire.

LMS (Learning Management System) Canvas, Schoology and BlackBoard are statewide purchase. Canvas is available to the pilot schools for testing purposes. NDE uses Moodle and trying to model what ESUs use.

Single-Sign - The framework is in place for single sign on - 26 schools are currently using the single sign-on. The next roll out will be the app launch portal - a place to collect resources that each school use.

Professional Development - the pilot fits here. Presenting at conferences - state and national.

Evaluations - collecting results to be able to evaluate system.

- o **Teacher/Principal Evaluation** (15 minutes) – Donlynn Rice & Toby Boss

Donlynn is working with teacher effectiveness. NDE had a study committee research and recommendation to the Board. Adopting Teacher/Principal framework to be used as a minimum. Develop effective practices for others. All resources will be available to all schools as of June 1, 2016 on the NDE website. Continue to build resources for schools. Wind and solar funds to be used for grants are available for schools that have interest in updating their evaluation models. Six regional locations this summer to provide training. Instructional framework - use the second day to redo their models. Needs Improvement schools will have priority points. First step - put effective instructional model in place that aligns to framework. Second step - utilize a formal staff evaluation process.

- o **Data--ADVISER** (15 minutes) – Dean Folkers, NDE; Russ Masco & Marilou Jasnoch, Data Cadre

The single sign-on is being used for the 26 ADVISER early adopter pilot schools. In 2016, hoping to move towards 100 more schools. 2016-2017 the rest of the schools will be on board. The Market Place (app store) will house LMS, SMS, etc. Infrastructure for Market Place is beginning to take place and beginning to add more resources. Need to protect privacy/security of

student data that is housed in the dashboard. SMS RFQ 1) Vendors will send minimum qualifications - connect to data standards. 2) they will come to NE to present to sources 3) then selection process. Process to be completed by the end of June to the Market Place. Data Cadre is working to create work streams/groups (4)

1:15 p.m. NEW DATA & Potential Use for the Future

- EBA Synthesis -- Responses from the Districts, Sue Anderson, Accountability Director

Review the process of the EBA and collection of that data. Schools could indicate the type of support they need - technical support, professional development, or other category. Professional Development requests for support far exceeded the other needs.

Professional Development:

- monitoring/SPLP
- student engagement
- curriculum alignment to career standards
- Awareness, exploration, preparation
- Formative Assessment
- Measuring and addressing teacher engagement

Technical Support:

- Support teach and learning
- Face to face incorporating online learning
- Students managing their own learning
- Measuring and addressing student engagement
- Sharing assessment results in a timely manner
- Utilizing a formal staff evaluation process aligned to the NTPPF
- Evaluating new educational programs*

Other:

- Strategies for family attendance and participation
- Before and after school programs
- Community Groups and Support services
- Student learning plans
- Safe, secure, healthy learning environments

Commitment to needs improvement schools. All ESUs (except ESU 5) have a needs improvement school.

5. Executive Session

Rationale:

The ESU Coordinating Council is authorized by state statute to enter into executive session. Executive session may be held when clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual. Reasons that meet this standard include but are not limited to: (a) strategy sessions with respect to collective bargaining, real estate matters, pending litigation, or litigation which is imminent as evidenced by communication of a claim or threat of litigation to or by the public body; (b) discussion regarding deployment of security personnel or devices; (c) investigative proceedings regarding allegations of criminal misconduct; (d) evaluation of the job performance of a person when necessary to prevent needless injury to the reputation of a person and if such person has not requested a public meeting; and (e) legal advice.

Explanation

At this point, it is appropriate for the Board to meet in closed session for one of the stated matters and/or any other permissible closed session matters in compliance with the law.

PROPOSAL:

That the Board hold a closed session:

1. For strategy session with respect to negotiations/collective bargaining clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.
2. For strategy session with respect to property/real estate matters clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.
3. For strategy session with respect to pending litigation, or litigation which is imminent as evidenced by communication of a claim or threat of litigation to or by the public body clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.
4. For discussion regarding deployment of security personnel or devices clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.
5. For investigative proceedings regarding allegations of criminal misconduct clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.
6. For personnel and the evaluation of job performance clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.
7. For discussions of the legal consequences of specific action and legal advice clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

BACKGROUND

The Educational Service Unit Coordinating Council (ESUCC) was created in statute to coordinate statewide activities of Nebraska's 17 Educational Service Units (ESUs). The governing body for the ESUCC consists of one administrator from each ESU. The ESUCC came into existence, per Neb. Rev. Stat. § 79-1245 (Reissue 2014), on July 1, 2008. The statutory description and duties of the ESUCC can be found in Neb. Rev. Stat. §§ 79-1245 through 79-1249 (Reissue 2014). In particular, § 79-1246(1) states the following:

The Educational Service Unit Coordinating Council shall work toward statewide coordination to provide the most cost-effective services for the students, teachers, and school districts in each educational service unit. The council's duties include, but are not limited to:

- (a) Preparation of strategic plans to assure the cost-efficient and equitable delivery of services across the state;*
- (b) Administration of statewide initiatives and provision of statewide services; and*
- (c) Coordination of distance education.*

Based on the above statutory authority, the ESUCC, in its first year of existence, determined that all statewide projects previously offered in partnership by various ESUs would be placed under the umbrella of the ESUCC. Any ESU hosting a statewide project became known as the "fiscal agent" for that project, now under the ESUCC. The ESUCC then established agreements with each fiscal agent to continue to provide the various projects and also established a master services agreement with all of the ESUs, enabling them to choose the statewide projects in which they wished to participate.

During the fiscal year ended August 31, 2010, the ESUCC began a transition away from the fiscal agent organization. That transition took the form of the ESUCC contracting with Educational Service Unit No. 17 (ESU 17) to provide all staff for the ESUCC. This was accomplished for the fiscal year ended August 31, 2011, by ESU 17 developing employment contracts with all previous ESUCC project employees, including the Executive Director of the ESUCC. Thus, all ESUCC project employees and the ESUCC Executive Director became ESU 17 employees. Through an interlocal agreement, the ESUCC agreed to reimburse ESU 17 for all salaries and benefits for these employees.

The following is a brief description of each statewide project as it operated during the fiscal year ended August 31, 2015:

- **ESU Professional Development Organization (ESUPDO)**

The ESUPDO serves as a collaborative effort to provide training for ESU employees statewide. Professional development is among the core services identified by State statute for ESUs. The ESUCC manages ESUPDO functions as part of the overall general administrative costs and activities of the ESUCC. The ESUPDO consists of five affiliate groups comprised of ESU employees across the 17 ESUs. These groups are:

- **Staff Development Affiliate (SDA):** Members are generally responsible for providing staff development for their school districts and have assisted the Nebraska Department of Education (Education) efforts on statewide and local assessment, as well as school improvement for Nebraska's school districts.

BACKGROUND

(Continued)

- **Technology Assistance Group (TAG):** Members provide assistance to school districts in the dissemination and integration of new educational technologies deployed by school districts. Recently, this has included numerous initiatives, such as learning management systems and one-to-one laptop initiatives, as well as classroom technologies, including electronic whiteboards, clickers, and other educational technologies. Additionally, the TAG members may assist districts in the use of new software and computer applications, including statewide assessment.
- **Network Operations Committee (NOC):** The NOC supports the extensive communications network within and among the ESUs and school districts. The NOC provides network security and protocols for its districts and ESUs and ensures the communications network for distance education, internet, email, and internet protocol phones are functioning and secure. Statewide, this group establishes common frameworks and capacities for assisting one another to ensure the education network functions well.
- **Instructional Materials (I-Mat):** I-Mat consists of media professionals from across the State. It serves the dual role of providing for and assisting school districts to make use of the statewide I-Mat media, as well as the integration of media materials in school districts. Originally, I-Mat served to ensure that school districts had access to educational films, videos, and DVDs. Currently, I-Mat is researching a Learning Object Repository (LOR) system for digital delivery of library and media materials. This service is among the core services identified by State statute.
- **ESU Special Populations Directors (ESPD):** This affiliate group consists of the Special Education Directors and staff from across the State. This affiliate group was included in the ESUPDO as the need for special education professional development has progressed in the age of standards and assessment, along with the need to establish and share professional development efforts for special education teachers and classroom teachers alike. ESPD is also involved with Education in providing leadership for special education training and support, as well as programs such as Results Driven Accountability (RDA).
- **BlendEd Initiative (Technology Direction)**
In May 2013, the position of Technology Director was formed to coordinate this work across the ESUCC project areas. Projects involved in this effort are the Distance Education, I-Mat, including Learning Object Repository, and MyE Learning. Work is continuing across these projects in the areas of federated identity management and an enhanced evaluative system. Blended education has been promoted by educational researchers as a one of the most promising recent innovations in education because it calls for making strategic choices about when face-to-face (synchronous) instruction is needed and when and how online (asynchronous) instruction can be best used to provide elements of student control over time, place, path, and pace and provide more equity, efficiency, and flexibility.

- **Distance Education**

Originating with the Distance Education Council formed legislatively through LB 1208 (2006), distance education is now a responsibility of the ESUCC. Section 79-1248 addresses the ESUCC's powers and duties, which may be used as part of the effort to build, improve, and maintain the State's distance education network, as follows:

The powers and duties of the Educational Service Unit Coordinating Council include, but are not limited to:

- (1) Providing public access to lists of qualified distance education courses;*
- (2) Collecting and providing school schedules for participating educational entities;*
- (3) Facilitation of scheduling for qualified distance education courses;*
- (4) Brokering of qualified distance education courses to be purchased by educational entities;*
- (5) Assessment of distance education needs and evaluation of distance education services;*
- (6) Compliance with technical standards as set forth by the Nebraska Information Technology Commission [NITC] and academic standards as set forth by the State Department of Education related to distance education;*
- (7) Establishment of a system for scheduling courses brokered by . . . [ESUCC] and for choosing receiving educational entities when the demand for a course exceeds the capacity as determined by either the technology available or the course provider;*
- (8) Administration of learning management systems, either through the staff of . . . [ESUCC] or by delegation to an appropriate educational entity, with the funding for such systems provided by participating educational entities; and*
- (9) Coordination with educational service units and postsecondary educational institutions to provide assistance for instructional design for both two-way interactive video distance education courses and the offering of graduate credit courses in distance education.*

- **Instructional Materials (I-Mat)**

I-Mat also has a long history of providing services statewide for school districts through Nebraska's network of ESUs. For approximately 30 years, the ESUs have worked together to purchase rights to media materials and made those materials available through local ESUs in a variety of formats. This undertaking exists as a project of the ESUCC and, beginning in 2010-11, the fiscal management was moved under the ESUCC central accounting system. ESUs contribute to the project for the "spring buy" and "special projects" each year. Now that I-Mat is one of the ESUCC projects, the master services agreement between the ESUCC and the ESUs identifies the level of participation of each ESU. As technology moves forward, so does the I-Mat project. Currently, videos are available in physical formats, including DVD and digital resources. Additionally, the project works to match media to specific standards and is making media searchable for the most appropriate classroom use. I-Mat, like other ESUCC projects, continues to evolve with conversations about moving to fully digital online media and expansion of other library and media resources.

- **My E-Learning (MEL or MyE)**

MyE is a statewide project to make available an online learning management system (LMS) to school districts, teachers, and students. Similar to the other projects, MyE was brought under the umbrella of the ESUCC and, beginning in 2010-11, came to exist as a

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

BACKGROUND

(Concluded)

project directly managed under the ESUCC. ESU 10 in Kearney previously served as the fiscal agent for the project. The mission of MyE is to implement an asynchronous web-based learning management system to ensure statewide accessibility to: 1) expanded educational opportunities for all K-12 students; and 2) timely delivery of staff development opportunities. Currently, MyE supports the ANGEL and Blackboard learning management systems and will conclude June 2016. The service is provided through annual user contracts and fees. Recent statistics indicate that there are approximately 19,000 user accounts in use by approximately 34 contracts (districts or ESUs) across the State. The transition to management by the ESUCC has developed a shift in strategic planning and implementation of the MyE project. The MyE project is also a foundational piece of the conversations surrounding virtual education in the State.

- **Nebraska ESU Cooperative Purchasing (Coop)**

Coop provides cooperating purchasing services to ESU member schools throughout the State of Nebraska. The service is offered jointly by the ESUCC and Nebraska's 17 ESUs. The ESUCC now serves as the governing body for Coop.

- **Special Education (SPED) Projects**

The purpose of the SPED Projects is for participating parties to pool their resources in connection with the special education services and for the training of special education teachers and other staff members employed by educational institutions within the State. Each participating ESU contributes a \$5,000 annual fee in general support of the projects and, additionally, each participating school is assessed a fee for services provided under the Student Records System (SRS) fee structure. There are three special education projects:

- **Improving Learning for Children with Disabilities (ILCD):** ILCD is a State self-assessment project that gathers information for Federal reporting requirements. The ILCD project utilizes parent, teacher, and administration survey assessments. The survey results can be accessed via the ILCD website. The ESUCCs' technology role includes purchasing, distributing, and scanning surveys. ESUCC staff provides technical assistance for the ILCD website and survey design.
- **Project PARA:** Project PARA is a web-based method for school districts to provide introductory training for their paraeducators. Project PARA assists schools in meeting the paraeducator training requirements of No Child Left Behind, Rule 11, and the Individuals with Disabilities Education Act (IDEA). Project PARA is a collaborative effort between the University of Nebraska, the Nebraska Department of Education, and Nebraska ESUs.
- **Student Records System (SRS):** SRS is an online special education record-keeping system. It creates all special education documents required by Rule 51, including Individual Education Program (IEP), Multidisciplinary Evaluation Team (MDT), Individualized Family Service Plan (IFSP), and all required notices. SRS is a highly secure system that organizes and stores documents and provides easy access to files from anywhere via the internet. SRS training is provided across the State for district staff and college and university staff.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

MISSION STATEMENT

The mission of the ESUCC is to provide the most cost effective educational support for the students, teachers, and school districts in each Nebraska educational service unit by facilitating statewide coordination of educational services and strategic planning.

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Educational Service Unit Coordinating Council
LaVista, Nebraska

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, and General Fund of the Educational Service Unit Coordinating Council, as of and for the year ended August 31, 2015, and the related notes to the financial statements, which collectively comprise the Educational Service Unit Coordinating Council's basic financial statements, as listed in the Table of Contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting described in Note 1. This includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Educational Service Unit Coordinating Council's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to previously present fairly, in all material respects, the respective financial position of the governmental activities, and General Fund of the Educational Service Unit Coordinating Council, as of August 31, 2015, and the respective changes in financial position thereof for the year then ended in conformity with the cash basis of accounting described in Note 1.

Basis of Accounting and Emphasis of Matter

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to these matters.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements, which collectively comprise the Educational Service Unit Coordinating Council's basic financial statements. The Combining Schedule of Cash Basis Receipts and Disbursements – General Fund and the Schedule of Expenditures of Federal Awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The Combining Schedule of Cash Basis Receipts and Disbursements – General Fund and the Schedule of Expenditures of Federal Awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally

accepted in the United States of America. In our opinion, the Combining Schedule of Cash Basis Receipts and Disbursements – General Fund and the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Management's Discussion and Analysis and Budgetary Comparison Schedule on pages 11 through 16 and 30 herein have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 25, 2016, on our consideration of the Educational Service Unit Coordinating Council's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Educational Service Unit Coordinating Council's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management of the Educational Service Unit Coordinating Council (ESUCC) provides the following discussion and analysis of the ESUCC's financial performance, as reflected in the financial report for the fiscal year ended August 31, 2015. Please read it in conjunction with the ESUCC's basic financial statements, which follow.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the ESUCC's financial statements. The provisions of Statement No. 34 (Statement 34) of the Governmental Accounting Standards Board (GASB), "Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments," established standards for external financial reporting for all state and local government entities. These standards require three components for the ESUCC's basic financial statements: 1) government-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements. This report also contains other information (Budgetary Comparison Schedule, Combining Schedule of Cash Basis Receipts and Disbursements – General Fund, and Schedule of Expenditures of Federal Awards) in addition to the basic financial statements. These components are described below:

Government-Wide Financial Statements

These statements are intended to provide a broad view of the ESUCC's operations in a manner similar to the private sector, providing both a short-term and a long-term view of the ESUCC's financial position. The ESUCC prepared its government-wide statements on the cash basis of accounting. Under the cash basis, receipts are recognized when collected rather than when earned, and disbursements are recognized when paid rather than when incurred. Accordingly, the ESUCC's government-wide financial statements are not intended to present the financial position and results of operations in conformity with generally accepted accounting principles (GAAP) accepted in the United States of America. The government-wide financial statements include two statements, the Statement of Net Position and the Statement of Activities.

The *Statement of Net Position* on page 17 presents all of the ESUCC's assets on the cash basis, as described above.

The *Statement of Activities* on page 18 presents information showing how the ESUCC's net position changed during the reported year. Changes reported are on the cash basis, as described above. The statement of activities demonstrates the degree to which the direct disbursements of a given function or segment are offset by program receipts. Direct disbursements are those that are clearly identifiable with a specific function or segment. Program receipts include: (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Appropriations and other items not properly included among program receipts are reported, instead, as general receipts.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

Fund Financial Statements

This is the second set of financial statements presented in the report. Under GAAP, these statements would be different from the government-wide statements in that these statements would use a different accounting approach and focus on the near-term inflows and outflows of ESUCC operations.

The ESUCC has only one fund, the General Fund. GAAP classifies funds into three categories – Governmental Funds, Proprietary Funds, and Fiduciary Funds. The General Fund of an entity is classified as a Governmental Fund, as it accounts for all basic services. The Fund Financial Statements, which can be found on pages 19 and 20, provide detailed information about the ESUCC's General Fund. A fund is a method of accounting that uses a set of accounts to maintain accountability and control over specific sources of funding and spending for a particular activity or objective. GAAP requires governmental funds to use the modified accrual basis of accounting.

The six projects that make up the General Fund in addition to ESUCC Administration are: ESU Professional Development Organization (ESUPDO); Nebraska ESU Cooperative Purchasing Unit (Coop); Distance Education; My E-Learning (MyE); Instructional Materials (I-Mat); and Special Education Projects (SPED).

Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in all of the basic financial statements. The notes can be found beginning on page 21.

Other Information

Following the basic financial statements and the accompanying notes thereto is additional information that further explains and supports the information in such financial statements. The other information consists of the Budgetary Comparison Schedule and notes, Combining Schedule of Cash Basis Receipts and Disbursements – General Fund and the Schedule of Expenditures of Federal Awards and notes. This information can be found beginning on page 30.

FINANCIAL AND OPERATING HIGHLIGHTS

The ESUCC's Net Position for the fiscal year ended August 31, 2015, compared to the fiscal year ended August 31, 2014, increased by \$390,497. This increase is primarily due to the fact that the ESUCC's fiscal year ends in the middle of the Coop Annual Buy timeframe; therefore, its end of the year balance is directly affected by the timing of receipts of vendor administrative fees. The table on the following page provides a more detailed picture of the changes in net position.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

MANAGEMENT'S DISCUSSION AND ANALYSIS

FINANCIAL ANALYSIS OF ESUCC AS A WHOLE

Net Position

The ESUCC's assets totaled \$1,119,382 at August 31, 2015, as compared to \$728,885 at August 31, 2014. Due to the preparation of the financial statements on a cash basis for fiscal years ended August 31, 2015, and August 31, 2014, there were no liabilities as of August 31, 2015, and as of August 31, 2014.

Unrestricted net position is all other net position that does not meet the definition of "restricted" or "invested in capital assets, net of related debt." The ESUCC's unrestricted net position totaled \$1,119,382, as of August 31, 2015.

	Net Position As of August 31	
	Cash Basis 2015	Cash Basis 2014
ASSETS:		
Cash and Cash Equivalents	\$ 1,119,382	\$ 728,885
Total Assets	<u>1,119,382</u>	<u>728,885</u>
NET POSITION:		
Unrestricted	1,119,382	728,885
Total Net Position:	<u>\$ 1,119,382</u>	<u>\$ 728,885</u>

As of August 31, 2015, and as of August 31, 2014, the ESUCC's assets consisted of cash and cash equivalents.

The ESUCC did not have any liabilities as of August 31, 2015, and as of August 31, 2014.

The ESUCC's net position was \$1,119,382 and \$728,885, as of August 31, 2015, and 2014, respectively. The ESUCC's net position may vary based on receipts and disbursements in Cooperative Purchasing as well as other ESUCC projects.

Changes in Net Position

The condensed financial information below was derived from the government-wide Statement of Activities and reflects how the ESUCC's net position changed during the year. Following the table is management's analysis of the changes in net position for the fiscal year ended August 31, 2015.

Changes in Net Position

	Fiscal Year Ended August 31, 2015 Cash Basis	Fiscal Year Ended August 31, 2014 Cash Basis

Net Position - Ending	\$ 1,119,382	\$ 728,885

Receipts

The largest single source of receipts for the ESUCC is charges for services. Charges for services are primarily receipts generated by the Nebraska ESU Cooperative Purchasing Unit for services provided to ESUs and school districts and program receipts for the various projects. Charges for services for the fiscal year ended August 31, 2015, were \$1,975,752 and for the fiscal year ended August 31, 2014, were \$2,502,100. As mentioned previously, fluctuations in the timing of the ESUCC's Coop vendor administrative fee receipts are expected given the ESUCC's fiscal year ends in the middle of the Coop annual buy timeframe.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

MANAGEMENT'S DISCUSSION AND ANALYSIS

(Continued)

The second largest source of receipts is generated by operating grants and contributions. Operating grants and contributions receipts for the fiscal year ended August 31, 2015, were \$694,834 and for the fiscal year ended August 31, 2014, were \$118,081. The change is attributable to the availability of grant sources, such as NMPDS and Career Connections, supporting ESUCC projects.

Disbursements

The largest single purpose of disbursements for the ESUCC was for ESU Professional Development Organization (ESUPDO), which provides training for ESU employees statewide. Disbursements for these services for the fiscal year ended August 31, 2015, were \$1,088,116 and for the fiscal year ended August 31, 2014, were \$878,201.

The second largest purpose of disbursements for the ESUCC was for goods and services disbursed by the Nebraska ESU Cooperative Purchasing Unit, which were then provided to ESUs and school districts. Disbursements for these services for the fiscal year ended August 31, 2015, were \$474,759 and for the fiscal year ended August 31, 2014, were \$3,009,926. The change between periods reflects the change in the Cooperative Purchasing annual buy for the 2014-2015 school year. Prior to the 2014-2015 school year, the ESUs and school districts would purchase administrative instructional supplies, equipment, and personal property from vendors. The vendor would bill the ESUCC, which would then bill the ESUs for reimbursement. Beginning with the annual buy for the 2015-2016 school year, the school districts purchase needed items directly from the vendors, and the ESUCC no longer operates and administers the billing for the project.

The remaining disbursements for the ESUCC relate primarily to the various other programs managed by the ESUCC. Disbursements for various programs for the fiscal year ended August 31, 2015, were \$1,287,731 and for the fiscal year ended August 31, 2014, were \$1,336,509.

ANALYSIS OF ESUCC'S GENERAL FUND VARIATIONS

The table below provides a comparison of budgeted receipts and disbursements to actual receipts and disbursements.

	Budget	Actual	Positive (Negative) Variance
Beginning Balance	\$ 865,546	\$ 728,885	\$ (136,661)
Total Receipts	5,192,048	3,241,103	(1,950,945)
Total Disbursements	5,528,413	2,850,606	2,677,807
Net Increase (Decrease)	(336,365)	390,497	726,862

MANAGEMENT'S DISCUSSION AND ANALYSIS

(Concluded)

The largest variance between budgeted and actual receipts was Local Receipts, which were budgeted to be \$3,889,955 but were actually \$1,975,752. The majority of this variance can be explained primarily by the ESU Coop, which typically experiences large fluctuations each year between budgeted and actual figures due to the high volume of purchases that can be made.

The largest variances between budgeted and actual disbursements were due to the Coop Program Purchases, which had budgeted \$1,700,000 but incurred actual costs of \$100,851. Again, this is due to the potential for the ESU Coop's large fluctuations.

FACTORS THAT WILL AFFECT THE FUTURE

Several factors influence the future of the ESUCC and its projects. Projects that are based on conditions of ESUs and school districts, as far as purchasing of products and services, tend to vary depending on the levels of participation in Cooperative Purchasing, My E-Learning, and professional development. General economics have created an environment where schools and ESUs have fewer resources available to buy goods and services. Additionally, State appropriations have been reduced for support of the ESUCC and the Distance Education program. These reductions will impact overall resources available for the foreseeable future. Long-term trends will include further strategic reorganization of projects and services to address the likelihood of a decrease in future resources. Strategic reorganization efforts impacting the future will include organizing professional development services under a new structure that will allow for the development of new statewide projects. Additionally, existing projects in technology are being organized to most efficiently and effectively manage the changing environment in educational technology. Future fiscal years will continue to combine efforts in instructional materials, My E-Learning, and distance education under a "BlendEd" initiative. Similarly, professional development efforts will include new statewide projects and services. Future projects and services of the ESUCC will be maintained through expanded partnerships and possibly through statewide grants or contracts facilitated by the ESUCC.

CONTACTING ESUCC'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens and taxpayers a general overview of the ESUCC's finances and to demonstrate the ESUCC's accountability for the money with which it is entrusted. EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

NOTES TO THE FINANCIAL STATEMENTS

For the Fiscal Year Ended August 31, 2015

1. Summary of Significant Accounting Policies

A. Organization

The Educational Service Unit Coordinating Council (ESUCC) was created in statute to coordinate statewide activities of Nebraska's 17 Educational Service Units (ESUs). The governing body for the ESUCC consists of an Administrator Representative from each of the 17 ESUs and an Executive Director. The ESUCC was created by LB 603 (2007) and officially came into existence, according to statute, on July 1, 2008. Neb. Rev. Stat. § 79-1246(1) (Reissue 2014) outlines the ESUCC's general responsibilities and duties, in relevant part, as follows:

The Educational Service Unit Coordinating Council shall work toward statewide coordination to provide the most cost-effective services for the students, teachers, and school districts in each educational service unit. The Council's duties include, but are not limited to:

- (a) Preparation of strategic plans to assure the cost-efficient and equitable delivery of services across the state;*
- (b) Administration of statewide initiatives and provision of statewide services; and*
- (c) Coordination of distance education.*

Prior to the creation of the ESUCC by the Nebraska Legislature, the 17 ESUs worked in partnership to provide statewide activities. Based on the above statutory authority, the ESUCC decided that all statewide activities offered in partnership by the ESUs would be placed under the umbrella of the ESUCC. Although identified separately in the "ESUCC Admin and Professional Development Organization" column of the Combining Schedule, the ESUCC reports the general administrative costs of the ESUCC overall, along with the ESUPDO project costs. The ESUCC contracts with ESU 17 to provide all staff for the ESUCC. This is accomplished annually by ESU 17 developing employment contracts with all ESUCC project employees, including the Executive Director of the ESUCC. Thus, all ESUCC project employees and the ESUCC Executive Director are ESU 17 employees. Through an interlocal agreement, the ESUCC reimburses ESU 17 for all salaries and benefits for these employees.

The following is a brief description of each statewide project budgeted for and administered by ESUCC:

- **ESU Professional Development Organization (ESUPDO):** The ESUPDO serves as a collaborative effort to provide training for ESU employees statewide. Professional development is among the core services identified by State statute for ESUs.
- **Distance Education:** Distance Education originated with the Distance Education Council, which was formed by legislation in 2006 and has since evolved into a program under the ESUCC. Neb. Rev. Stat. § 79-1248 (Reissue 2014) includes, among the powers and duties of the ESUCC, various responsibilities pertaining to the operation of the State's distance education network.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

1. **Summary of Significant Accounting Policies** (Continued)

- **Nebraska ESU Cooperative Purchasing (Coop):** Coop provides cooperating purchasing services to Educational Service Unit Member schools throughout the State of Nebraska.
- **Instructional Materials (I-Mat):** I-Mat is a statewide project that purchases rights to media materials and makes them available through local ESUs in a variety of formats.
- **My E-Learning (MEL or MyE):** MyE is a statewide project to make available an online learning management system (LMS) to school districts, teachers, and students.
- **Special Education (SPED) Projects:** The purpose of the SPED Projects is for participating parties to pool their resources in connection with the special education services and for the training of special education teachers and other staff members employed by educational institutions within the State of Nebraska.
- **BlendEd Initiative (Technology Direction):** In May 2013, the position of Technology Director was formed to coordinate this work across the ESUCC project areas. Projects involved in this effort are the Distance Education, I-Mat, including Learning Object Repository, and My E-Learning. Blended education calls for making strategic choices about when face-to-face (synchronous) instruction is needed and when and how online (asynchronous) instruction can be best used to provide elements of student control over time, place, path, and pace and provide more equity, efficiency, and flexibility.

B. Reporting Entity

The ESUCC is a governmental entity established under and governed by the laws of the State of Nebraska. In evaluating how to define the ESUCC for financial reporting purposes, all potential component units have been considered. The basic – but not the only – criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, and the ability to significantly influence operations and accountability for fiscal matters. Based upon the above criteria, the accompanying financial statements include all funds for which the ESUCC has oversight responsibility. The ESUCC does not have any component units and has only one fund – the General Fund. The ESUCC is not considered a component unit of any other governmental entity.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

1. Summary of Significant Accounting Policies (Continued)

C. Government-Wide and Fund Financial Statements

The basic financial statements include both government-wide and fund financial statements. The reporting model, based on GASB Statement 34, focuses on the ESUCC as a whole in the government-wide financial statements and major individual funds in the fund financial statements. The government-wide financial statements report information on all of the activities of the primary government and any component units. The ESUCC has only one fund – the General Fund – and has no component units. Governmental activities, which normally are supported by taxes and intergovernmental receipts, are reported separately.

The Statement of Activities demonstrates the degree to which the direct disbursements of a given function or segment are offset by program receipts. Direct disbursements are those that are clearly identifiable with a specific function or segment. Program receipts include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Appropriations and other items not properly included among program receipts are reported instead as general receipts.

D. Fund Types

The accounts of the ESUCC are organized on the basis of funds. The ESUCC has only one governmental fund type – the General Fund.

E. Basis of Accounting

The ESUCC prepares its financial statements, both its governmental-wide and fund statements, on the cash basis of accounting. Under the cash basis of accounting, receipts are recognized when collected rather than when earned, and disbursements are recognized when paid rather than when incurred. Consequently, these financial statements are not intended to present financial information in accordance with generally accepted accounting principles.

F. Cash and Cash Equivalents

In addition to the ESUCC's bank account, this classification includes all short-term investments, such as certificates of deposit, and investments in the Nebraska Public Agency Investment Trust (NPAIT), having original maturities of less than two years. NPAIT deposits and investments include certificate of deposits, demand deposit accounts, repurchase agreements, and government agency securities. These investments are valued at amortized cost, which approximates fair value due to the short-term nature of the investments.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

1. **Summary of Significant Accounting Policies** (Concluded)

G. Basis of Presentation

The ESUCC adopted the provisions of Statement No. 34 (Statement 34) of the Government Accounting Standards Board (GASB), "Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments." Statement 34 established standards for external financial reporting for all State and local government entities, which includes government-wide financial statements, fund financial statements, and the classification of net position into three components: (a) invested in capital assets, net of related debt; (b) restricted; and (c) unrestricted. The ESUCC reported only unrestricted net position.

H. Net Position Classification

Government-Wide Statements. Net Position is displayed as unrestricted net position. Unrestricted net position is all other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

Fund Financial Statements. Governmental fund equity is classified as fund balance. Fund balances are further classified as committed or unassigned. Commitments of fund balances are established to identify the existence of assets that are intended to be used for specific purposes that are internally imposed by the government through formal action of the Board, and the constraints do not lapse at year-end. The ESUCC had committed fund balance in the amount of \$250,000. Unassigned fund balance is the residual classification for the General Fund.

I. Capital Assets

Capital assets are recorded as disbursements at the time of purchase. This differs from generally accepted accounting principles, which require capital assets to be capitalized and depreciated over the life of the asset.

J. Estimates

The preparation of financial statements in conformity with the cash basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

K. Compensated Absences

The ESUCC contracts with ESU 17, through an interlocal agreement, to provide staffing for the ESUCC. The ESUCC has entered into negotiated agreements with contracted personnel. In those agreements, the ESUCC has agreed to provide benefits for personal and sick leave. In accordance with the cash basis of accounting, these benefits are recorded as a disbursement when paid.

2. **Deposits and Investments**

Listed below is a summary of the deposit and investment portfolio that comprises the Cash and Cash Equivalents on the ESUCC's August 31, 2015, basic financial statements.

Deposits – Custodial credit risk is the risk that, in the event of a bank failure, a government's deposits may not be returned to it. At August 31, 2015, the ESUCC held bank deposits and also held funds in certificates of deposits, demand deposits, and money market accounts with the Nebraska Public Agency Investment Trust (NPAIT).

The NPAIT was established in June 1996 through the Interlocal Cooperation Act and commenced operations July 25, 1996. The NPAIT was established to assist public bodies throughout the State of Nebraska with the investment of their available cash reserves. Participation in the investment trust is voluntary for its members. The objective of the NPAIT is to provide its owner members with a conservative and effective investment alternative tailored to the needs of its members. The NPAIT currently consists of and operates one portfolio and a fixed-term account. The NPAIT portfolio management generally follows established investment criteria developed by the Securities and Exchange Commission (SEC) for money market funds designed to offer acceptable yield while maintaining liquidity. The NPAIT is not registered with the SEC as an investment company. For a copy of the most recent audit report for the NPAIT, contact David Ludwig, Executive Director, Educational Service Unit Coordinating Council, 6949 South 110th Street, LaVista, Nebraska, 68128. The telephone number is (402) 597-4915, and the email address is dludwig@esucc.org.

The ESUCC's bank balance and carrying amount of deposits at August 31, 2015, are set out below:

	Bank Balance	Carrying Amount
Bank Deposits	\$ 50,694	\$ (204,265)
NPAIT Deposits	460,138	460,138
Total	<u>\$ 510,832</u>	<u>\$ 255,873</u>

Bank Deposits: The ESUCC does not have a policy for custodial credit risk associated with deposits.

The ESUCC is required by State statute to collateralize bank deposits in excess of federally insured amounts. The bank deposits at August 31, 2015, were covered by the Federal Depository Insurance Corporation (FDIC).

NPAIT Deposits: The NPAIT's deposit policy for custodial credit risk required compliance with the provisions of State law.

State law requires collateralization of deposits with Federal depository insurance or with U.S. Treasury and U.S. Agency securities having an aggregate value at least equal to the amount of the deposits. At June 30, 2015, all of the NPAIT's deposits were insured and collateralized by securities held by the pledging financial institution in other than the NPAIT's name.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

NOTES TO THE FINANCIAL STATEMENTS

(Continued)

2. **Deposits and Investments** (Concluded)

Investments – The NPAIT may legally invest in direct obligations of, as well as other obligations guaranteed as to principal by, the U.S. Treasury and U.S. Agency and Instrumentalities and in bank repurchase agreements. It may also invest in guaranteed student loans, loans guaranteed by the Small Business Administration, Federal Home Administration, or any other agency of the United States, as well as any other type of investment permitted for public agencies by State law. At June 30, 2015, all of the NPAIT's investments in U.S. agencies and repurchase agreements mature in a period of less than two years.

At August 31, 2015, the ESUCC had \$863,238 in NPAIT investments. These investments consisted of government agency securities and repurchase agreements, which were collateralized by U.S. government securities.

The ESUCC is exposed to the risks noted below in relation to its investments in the NPAIT. The ESUCC does not have a policy for these risks.

Interest Rate Risk – As a means of limiting its members' exposure to fair value losses arising from rising interest rates, all of the NPAIT's investments have maturities of less than two years.

Credit Risk – Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. According to the latest audit report on the NPAIT, as of June 30, 2015, the NPAIT's investments in government agency securities were rated as AA+.

Custodial Credit Risk – Custodial credit risk is the risk that, in the event of the failure of the counterparty, the NPAIT will not be able to recover the value of its investment or collateral securities that are in the possession of the outside party.

The NPAIT has no specific policy as to credit risk. All of the underlying securities for the NPAIT investments in repurchase agreements at June 30, 2015, the latest audit report date for the NPAIT, are held by the counterparties in the NPAIT's name.

Concentration of Credit Risk – The NPAIT places no limit on the amount that may be invested in any one issuer.

Reconciliation of deposits and investments for the ESUCC to Cash and Cash Equivalents on the Statement of Net Position, as of August 31, 2015, is as follows:

Carrying Value:

Bank and NPAIT Deposits	\$	255,873
NPAIT Investments		863,238
Total	\$	<u>1,119,111</u>

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

3. Contingencies and Commitments

Risk Management – The ESUCC is exposed to various risks of loss related to torts, theft of, damage to, or destruction of assets, errors, or omissions, injuries to employees, and natural disasters. During the fiscal year, the ESUCC chose to purchase the following commercial insurance policies to cover these risks:

	Limit	Deductible
Personal Property Coverage (per location)	\$ 1,000	\$ 500
General Liability	\$ 2,000,000	\$ -
Employee Benefits Liability (deductible is per employee)	\$ 3,000,000	\$ 1,000
School Leaders E&O Liability	\$ 1,000,000	\$ 5,000
Automobile (Non-Owned & Hired) Liability	\$ 1,000,000	\$ -
Workers' Compensation Insurance	\$ 500,000	\$ -
Transportation Coverage	\$ 300,000	\$ 1,000

No insurance claims resulting from these risks were filed during the fiscal year by the ESUCC. Settled claims resulting from these risks have not exceeded the above coverage in the past three years.

Litigation – A lawsuit was brought against ESUCC on April 6, 2016 requesting \$460,000 for an alleged breach of contract. It is not possible at this present time to estimate ultimate outcome or liability, if any, of the ESUCC for this proceeding. It is ESUCC's opinion that the ultimate liability for this proceeding is not expected to have a material adverse effect on their financial position.

4. School Retirement

Plan Description

The ESUCC contracts with ESU 17 to provide all staff for the ESUCC. Thus, all of the ESUCC project employees and the ESUCC Executive Director are ESU 17 employees. Through an interlocal agreement, the ESUCC agreed to reimburse ESU 17 for all salaries and benefits for these employees. Benefits provided by the ESUCC included retirement benefits, as ESU 17 employees are eligible to be members of the Nebraska School Employees Retirement System. Thus, ESU 17 contributes to the Nebraska School Employees Retirement System on behalf of the ESUCC. The Nebraska School Employees Retirement System is a cost-sharing, multiple-employer defined benefit pension plan administered by the Nebraska Public Employees Retirement System (NPERS). NPERS provides retirement and disability benefits to plan members and beneficiaries. The School Employees Retirement Act establishes benefit provisions. NPERS issues a publicly available financial report that includes financial statements and required supplementary information for NPERS. That report may be obtained by writing NPERS, 1526 K Street, Suite 400, P.O. Box 94816, Lincoln, NE, 68509-4816, or by calling 1-800-245-5712.

4. **School Retirement** (Concluded)

Funding Policy

Plan members were required to contribute 9.78% of their annual covered salary from September 1, 2014, to August 31, 2015. The ESUCC is required to contribute 101% of the employee contribution. The contribution requirements of the plan members and the ESUCC are established by the Nebraska statutes. For the fiscal year ended August 31, 2015, the ESUCC employees contributed \$77,074, and the ESUCC contributed \$77,845, which equaled the required contribution. For the fiscal years ended August 31, 2014, and August 31, 2013, the ESUCC employees contributed \$81,492 and \$73,338, respectively, and the ESUCC contributed \$82,307 and \$74,075, respectively, which equaled the required contribution.

5. **Lease Commitments**

The ESUCC leases office facilities under operating leases. Operating lease payments for the fiscal year ended August 31, 2015, totaled \$42,198. The future minimum annual lease payments are as follows:

Year	Governmental Activities
2016	\$ 32,998
Total	\$ 32,998

6. **Reclassification**

The ESUCC records in its general ledger employee salaries and benefits; however, the ESUCC staff are ESU 17 employees, as the ESUCC contracts, through an interlocal agreement, with ESU 17 to provide staffing for the ESUCC, making all employees of the ESUCC contract employees. To better reflect the nature of these disbursements, \$965,455 of salaries and benefits was classified as Purchased Services on the Statement of Cash Receipts, Disbursements, and Changes in Cash Basis Fund Balance.

7. **Accounts Receivable**

At August 31, 2015, the ESUCC had \$219,585 in accounts receivable. In accordance with the cash basis of accounting, these receivables are not recorded on the financial statements. They are recorded as receipts on the financial statements when the ESUCC receives the funds.

8. Unemployment Compensation Insurance

The ESUCC has adopted the reimbursable option of the State's Unemployment Compensation Insurance Program. Under this option, a claimant would receive unemployment compensation from the State. The ESUCC is liable to reimburse the State the actual amount of the claim(s).

9. Related Parties

The governing body for the ESUCC consists of the Administrator from each of the 17 Educational Service Units (ESUs) across the State. The ESUCC coordinates statewide activities and provides services for the 17 ESUs. In turn, the ESUCC bills each of the ESUs for those services.

NOTES TO THE BUDGETARY COMPARISON SCHEDULE

For the Fiscal Year Ended August 31, 2015

BUDGETARY COMPARISON SCHEDULE

Basis of Budgeting – The ESUCC prepares its budget on the cash basis, which is consistent with the financial statement presentation.

Budget Process and Property Taxes – The ESUCC follows these procedures in establishing the budgetary data reflected in the accompanying statements:

- Public hearings are conducted at public meetings to obtain taxpayer comments.
- Prior to September 20, the budget is legally adopted by the Board through passage of a resolution. Total disbursements may not legally exceed total appropriations. Appropriations lapse at year end, and any revisions thereto require Board approval.

NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

For the Year Ended August 31, 2015

1. General

The accompanying Schedule of Expenditures of Federal Awards (Schedule) presents the activity of all Federal awards programs of the Educational Service Unit Coordinating Council for the year ended August 31, 2015. The Educational Service Unit Coordinating Council's reporting entity is defined in note 1.B. to the Educational Service Unit Coordinating Council's financial statements. The Educational Service Unit Coordinating Council did not pass through any Federal funds to subrecipients.

2. Basis of Presentation

The accompanying Schedule presents total expenditures for each Federal awards program in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Because the Schedule presents only a selected portion of the operations of the Educational Service Unit Coordinating Council, it is not intended to, and does not, present the net position/fund balance, and changes in net position/fund balance of the Educational Service Unit Coordinating Council. Federal program titles are reported as presented in the Catalog of Federal Domestic Assistance (CFDA).

Major Program – In accordance with OMB Circular A-133, the major program was determined using a risk-based approach.

3. Basis of Accounting

The accompanying Schedule was prepared on the cash basis of accounting. Such disbursements are recognized following the cost principles contained in OMB Circular A-87, *Cost Principles for State, Local, and Indian Tribal Governments*, wherein certain types of disbursements are not allowable or are limited as to reimbursement.

Matching Costs – The Schedule does not include matching expenditures from general revenues of the Educational Service Unit Coordinating Council.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS***

Independent Auditor's Report

Board of Directors
Educational Service Unit Coordinating Council
LaVista, Nebraska

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, and General Fund of the Educational Service Unit Coordinating Council, as of and for the year ended August 31, 2015, and the related notes to the financial statements, which collectively comprise the Educational Service Unit Coordinating Council's basic financial statements, and have issued our report thereon dated April 25, 2016. The report notes the financial statements were prepared on the cash basis of accounting.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Educational Service Unit Coordinating Council's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Educational Service Unit Coordinating Council's internal control. Accordingly, we do not express an opinion on the effectiveness of the Educational Service Unit Coordinating Council's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable

possibility that a material misstatement of the Educational Service Unit Coordinating Council's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Educational Service Unit Coordinating Council's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Additional items

We noted certain additional items that we reported to management of the Educational Service Unit Coordinating Council as identified as # 2015-001 (Lack of Segregation of Duties), # 2015-002 (Contractual Employees), # 2015-003 (Capital Assets), and # 2015-004 (ESUCC Contracts) in the accompanying Schedule of Findings and Questioned Costs.

The Educational Service Unit Coordinating Council's Response to Findings

The Educational Service Unit Coordinating Council's responses to the findings identified in our audit are described in the Schedule of Findings and Questioned Costs. The Educational Service Unit Coordinating Council's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them. Where no response is indicated, the Educational Service Unit Coordinating Council declined to respond.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, not to provide an opinion on the effectiveness of the Educational Service Unit Coordinating Council's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Educational Service Unit Coordinating Council's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

Independent Auditor's Report

Board of Directors
Educational Service Unit Coordinating Council
LaVista, Nebraska

Report on Compliance for Each Major Federal Program

We have audited Educational Service Unit Coordinating Council's compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on Educational Service Unit Coordinating Council's major Federal program for the year ended August 31, 2015. Educational Service Unit Coordinating Council's major Federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its Federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the Educational Service Unit Coordinating Council's major Federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the

types of compliance requirements referred to above that could have a direct and material effect on a major Federal program occurred. An audit includes examining, on a test basis, evidence about the Educational Service Unit Coordinating Council's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major Federal program. However, our audit does not provide a legal determination of the Educational Service Unit Coordinating Council's compliance.

Opinion on Major Federal Program

In our opinion, the Educational Service Unit Coordinating Council complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major Federal program for the year ended August 31, 2015.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as item # 2015-5. Our opinion on each major Federal program is not modified with respect to these matters.

The Educational Service Unit Coordinating Council's response to the noncompliance findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The Educational Service Unit Coordinating Council's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of the Educational Service Unit Coordinating Council is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Educational Service Unit Coordinating Council's internal control over compliance with the types of requirements that could have a direct and material effect on each major Federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major Federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Educational Service Unit Coordinating Council's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a Federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a Federal program will not be prevented, or detected and corrected,

on a timely basis. A *significant deficiency* in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a Federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

SECTION II. FINANCIAL STATEMENT FINDINGS

Finding # 2015-001: Lack of Segregation of Duties

A good internal control plan involves an adequate segregation of duties to ensure no one person is in a position both to perpetuate and to conceal errors or irregularities.

During our review of the ESUCC's disbursement and receipt processes and our testing of selected transactions, we noted the following:

There is a lack of segregation of duties over the disbursement process. The lack of segregation of duties arises as one person has the ability to receive purchased items, approve the invoice for payment, prepare the payment voucher, and reconcile documents to the general ledger. However, we also noted compensating controls in place during the fiscal year, including review and approval of disbursements by the Executive Director, dual signatures on checks by the Board President and Board Treasurer, and approval of disbursements by the Board.

There is also a lack of segregation of duties over the receipts process. One person has the ability to receive checks and record initial control, perform the deposit entry, and reconcile the deposit document to the general ledger. We noted compensating controls in place during the fiscal year, including review of the deposit slip by the person who recorded initial control before taking the deposit to the bank; initials of both the individuals preparing and reviewing the deposit on the deposit slip; and review and approval of deposits, bank statements, and reconciliation reports by the Board.

A similar finding was noted in our prior audit.

When a segregation of duties does not exist, there is a greater risk of fraud and misuse of funds.

We again recommend the ESUCC review its staffing and assignments to determine if an adequate segregation of duties can be obtained, so no one individual is able to process a transaction from beginning to end. If an adequate segregation of duties cannot be obtained, we recommend the ESUCC continue to monitor to ensure compensating controls are in place and effective.

ESUCC Response: We will continue to monitor and ensure compensating controls are in place and effective. We will also continue to ensure that all transactions are reviewed and approved by multiple personnel. Beginning January 2016, additional procedures were implemented regarding payment procedures. Please refer to Internal Control and Payment Procedures in the Procedure Manual. We will continue to review at monthly budget meetings.

SECTION II. FINANCIAL STATEMENT FINDINGS (Continued)

Finding # 2015-002: Contractual Employees

During the fiscal year ended August 31, 2015, the ESUCC had a total of 13 employees, which included the Executive Director, working on ESUCC projects. These 13 employees were officially ESU 17 employees. This was accomplished through an interlocal agreement between the ESUCC and ESU 17, which stipulated the employees were under the direct supervision of the ESUCC, and the ESUCC was ultimately responsible for the payroll costs of the employees.

In testing of payroll, we noted multiple findings in both the processing of payroll and the personnel policies and procedures for the ESUCC. The findings are outlined below.

A. A lack of segregation of duties exists in the payroll process, and certain controls over the payroll could be improved.

A good internal control plan requires a segregation of duties that prevents one individual from processing a transaction from beginning to end.

During our audit, we noted that two employees, the ESU 17 Administrator and the ESU 17 Business Manager, had access to the Harris Fund Accounting Program used to process payroll. However, the ESU 17 Administrator has not been cross-trained to use the system to process payroll. With regards to the Harris Fund Accounting Program, we noted the system does not require passwords to be changed or certain password parameters to strengthen passwords. ESU 17 also does not have policies and procedures that address system passwords.

A similar finding was noted in our prior audit.

A lack of segregation of duties and a lack of controls over the payroll process and payroll system creates an increased risk of asset misappropriation.

We again recommend the ESUCC develop a proper segregation of duties over the payroll process. We also recommend other employees be cross-trained to use the system to process payroll and policies and procedures be developed for password security.

ESUCC Response: ESU 17 will have a new administrator beginning July 1, 2016. The administrator has knowledge and experience with the Harris Fund Accounting System. ESUCC will communicate with ESU 17 regarding procedural changes for cross training and password security. Procedures will be reviewed during monthly budget meetings at least twice a year.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

SECTION II. FINANCIAL STATEMENT FINDINGS (Continued)

Finding # 2015-002: Contractual Employees (Continued)

B. Pay Splits between ESUCC Projects are Inadequately Supported

A good internal control plan requires pay splits to be adequately supported by documentation and also requires time worked on a project to be paid from that project's funds.

During audit for the fiscal year ended August 31, 2013, we noted the following:

In December 2013, the ESUCC started splitting four employee's time between projects. According to staff, the split times were based on a general understanding of the executive director's discussion with staff of the time they worked on the projects. No formal time study was used by the ESUCC to determine the time splits, and the ESUCC did not have any documentation of how these time splits were determined.

During our current audit, we noted the ESUCC conducted a time study in the summer of 2015. However, it was not clear how the results correlated with the pay splits the ESUCC used, and the ESUCC did not make any changes to its budget following the time study. The ESUCC did not have adequate documentation of how the time splits were determined.

A similar finding was noted in our prior audit.

When time worked is not tracked by project, there is an increased risk that disbursements reported for projects will be inaccurate – which, for budgeting purposes, makes it difficult to anticipate the amount of payroll costs needed for each project in the future.

We again recommend the ESUCC either direct its project employees to start tracking their time worked on each project or have the employees do time studies periodically to ensure their pay is being split correctly between the various ESUCC projects.

ESUCC Response: ESUCC will continue to monitor staff splits to best match budget requirements/needs. Please refer to Staff Time/Pay Splits Procedure in the Procedure Manual (New 2016).

C. A Terminated Employee was Overpaid

A good internal control plan requires procedures to ensure employees are paid correctly based on the number of days of worked.

During our testing of terminated ESUCC employees, we noted one terminated employee's final paycheck included a gross overpayment of \$244.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

(Continued)

SECTION II. FINANCIAL STATEMENT FINDINGS (Continued)

Finding # 2015-002: Contractual Employees (Concluded)

Contracts for ESUCC employees stipulate the number of days they are required to work during a fiscal year. If the employee is terminated during the fiscal year, the ESUCC performs a calculation to determine if the employee had been over or under paid based on the number of days the employee worked. In the case of the employee tested, the ESUCC based the employee's final pay on its calculation that the employee had worked 188 days during the fiscal year, when in actuality the employee had only worked 187 days. As the employee earned \$244 per day worked, paying the employee for one additional day resulted in an overpayment of \$244.

We recommend the ESUCC implement procedures to ensure days worked are accurately tracked and that terminated employees are paid properly based on their days of service.

ESUCC Response: ESUCC and ESU 17 will continue to monitor employee days worked on a regular basis to ensure salaries are being paid accordingly and when termination applies days paid are accurate.

Finding # 2015-003: Capital Assets

The ESUCC's informal capital asset policy #8-6003 (Certificate of Destruction) states the following:

All requests for destruction of property need to be recorded on a "certificate of destruction". On this form, these categories are itemized. All equipment in the possession of any ESUCC Project needs to be authorized prior to destroying/scraping/cannibalizing the property.

A good internal control plan would require policies and procedures to be implemented and followed to ensure capital assets are being recorded properly and that an adequate segregation of duties exists over the capital asset inventory process. Such a plan should include a periodic (at least annual) inventory and documented review of the fixed asset listing, including all additions and retirements.

During our prior audits, we have reported that the ESUCC has no formal system in place to track capital assets. While an informal policy on fixed asset management was developed, including the creation of forms for the disposal of assets, there were no formal and approved policies or procedures in place to govern capital asset additions, deletions, useful life, or depreciation method for the fiscal year. Additionally, there was a lack of segregation of duties noted, as one person can perform all the functions for capital asset inventory.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

(Continued)

SECTION II. FINANCIAL STATEMENT FINDINGS (Continued)

Finding # 2015-003: Capital Assets (Concluded)

During our current audit, we noted the ESUCC developed a formal system to track and monitor capital assets, through the use of a Google Document. Four ESUCC employees have access to update or change assets on this listing, while all other staff have view-only access to the list. However, we noted no periodic documented review of the fixed asset listing, including all additions and retirements, is performed. Additionally, the ESUCC did not complete a formal inventory during the fiscal year. Finally, the ESUCC did not complete a Certificate of Destruction, as required by its own informal policies, for one of five asset disposals we tested.

A similar finding was noted in our prior audit.

Without the above-noted elements of a good internal control plan and good business practices in place, there is an increased risk fraud, waste, or abuse will occur.

We again recommend the ESUCC Board continue to implement a strong internal control plan, which would include policies and procedures for capital assets, and review its staffing and assignments to determine if an adequate segregation of duties can be obtained. If an adequate segregation of duties cannot be obtained, we recommend the ESUCC put compensating controls in place to monitor capital asset inventory, including additions and deletions of items in the system and the capital asset listing. We further recommend that a periodic (at least annual) inventory be completed. Finally, we recommend that a Certificate of Destruction be completed, as required by informal policy, for all asset disposals.

ESUCC Response: Updated inventory status will be added to monthly budget meetings and scheduled staff meetings for review and documentation. Please refer to Inventory Procedure in the Procedure Manual (new 2016).

Finding # 2015-004: ESUCC Contracts

During our review of 14 ESUCC operational contracts, we noted multiple findings in both the processing of operational contracts and the policies and procedures of these contracts. The findings are outlined below.

A. Lack of Formal Bidding Procedures

A good internal control plan and good business practice would include a requirement that the ESUCC create policies and procedures that provide guidelines on which contracts are required to be bid out and which require formal or informal inquiries.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

(Continued)

SECTION II. FINANCIAL STATEMENT FINDINGS (Continued)

Finding # 2015-004: ESUCC Contracts (Continued)

For one vendor payment tested, we noted that no formal competitive bidding had been conducted for the services provided.

The ESUCC entered into a contract with Unicon, Inc. to develop an online portal. According to ESUCC staff, the contract was bid informally, and four vendors submitted bids. The total worth of the contract was \$88,000.

A similar finding was noted in our prior audit.

When large dollar contracts are not formally bid out, there is a greater risk the ESUCC may not be giving all potential bidders an opportunity to submit a bid proposal, and the ESUCC may not be receiving the lowest possible price for its services and products.

We recommend that the ESUCC develop specific policies and procedures to be used to judge when contracts are required to be bid out and whether this bid process is to be formal or informal.

ESUCC Response: ESUCC will create a procedure to document the bid process.

B. Lack of Adequate Supporting Documentation

A good internal control plan would include a requirement that all evaluations be completed and consistent criteria be applied when evaluating vendors.

For one vendor payment tested, we noted there was not adequate written documentation available to support that the best possible bidder was selected.

A vendor was to host all digital media for the BlendED/IMat project for schools throughout the State. The ESUCC signed a three-year agreement with Infobase Learning, the vendor, for the Learn360 license for statewide coverage for Nebraska Pre-Kindergarten to grade 12 schools. Payment was made to Infobase Learning in the amount of \$105,000 in the fiscal year ended August 31, 2015. To select the vendor, a selection committee comprised of staff from the ESUCC, ESUs, school personnel, etc., narrowed the field to prospective bidders who made presentations to the selection committee. The selection committee evaluated the vendors; however, not all evaluators completed all sections for all vendors, and it appears that inconsistent criteria were applied in the evaluation of vendors.

A similar finding was noted in our prior audit.

EDUCATIONAL SERVICE UNIT COORDINATING COUNCIL

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

(Continued)

SECTION II. FINANCIAL STATEMENT FINDINGS (Concluded)

Finding # 2015-004: ESUCC Contracts (Concluded)

When this documentation is not prepared, there is a greater risk the ESUCC may not be receiving the lowest possible price for its services and products.

We recommend that, when the ESUCC selection committee evaluates vendors, written documentation be maintained to support its selection.

ESUCC Response: ESUCC will ensure that proper documentation is maintained and approved to support bid selection processes.

C. Legal Review of All Contracts

A good internal control plan would include a requirement that all contracts have a legal review.

During our testing of contracts between the ESUCC and vendors, the ESUCC did not provide documentation to support that eight contracts had been subject to legal review prior to being signed.

A similar finding was noted in our prior audit.

When a legal review is not documented for each contract entered into, there is a greater risk that all legal contractual requirements will not be considered and included in the contract, resulting in possible unnecessary litigation and disputes with vendors.

We again recommend the ESUCC document the legal review performed prior to the final approval and signing of all contracts.

ESUCC Response: ESUCC will ensure that documentation of legal review is obtained and noted in the contract management system.

- (e) An unallowable activity and a direct or indirect cost activity.*

(5) Personnel activity reports or equivalent documentation must meet the following standards:

- (a) They must reflect an after the fact distribution of the actual activity of each employee,*
- (b) They must account for the total activity for which each employee is compensated,*
- (c) They must be prepared at least monthly and must coincide with one or more pay periods, and*
- (d) They must be signed by the employee.*
- (e) Budget estimates or other distribution percentages determined before the services are performed do not qualify as support for charges to Federal awards*

A good internal control plan requires procedures to ensure the ESUCC's payroll records are in compliance with Federal regulations.

Condition: The ESUCC did not have proper documentation on file to support payroll charged to the Nebraska Mathematics Professional Development Series (NMPDS) grant.

Questioned Costs: \$22,055

Context: During our audit period, the ESUCC received Federal grants, including NMPDS funds, from the Nebraska Department of Education. One ESUCC staff member charged time both to the NMPDS grant and to ESUCC general funds during the fiscal year ended August 31, 2015. The staff member's timesheets did not track time charged to the Federal grant, and ESUCC did not have other adequate documentation to support the charges. ESUCC charged a total of \$22,055 in payroll to the grant during the fiscal year ended August 31, 2015.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

(Concluded)

SECTION III. FEDERAL AWARD FINDINGS AND QUESTIONED COSTS (Concluded)

Finding # 2015-005 (Concluded)

Cause: Unknown.

Effect: Without proper documentation on file to support payroll charged to Federal grants, there is an increased risk for loss or misuse of grant funds.

Recommendation: We recommend the ESUCC implement procedures to ensure proper documentation for all staff paid with Federal grants is on file in accordance with Federal regulations (OMB Circular A-87 for Federal awards issued prior to 12-26-14 and OMB Super Circular for Federal awards issued on or after 12-26-14).

ESUCC Response: ESUCC staff will maintain a time and effort log for any Federal grant work. Time and effort logs will be documented with date, activities, locations, hours, and salary details. All time and effort logs and documentation will be reviewed and approved.

Management Response: Executive Secretary will create time and effort logs for FY 2016 to have appropriate documentation needed to satisfy Federal grant requirements.

Corrective Action Plan: Use time and effort logs to document date, activities, locations, hours, and salary details for all work related to Federal Grant.

Contact: David Ludwig, dludwig@esucc.org or 402-597-4915.

Anticipated Completion Date: Up to current fiscal year/day will be completed by May 15th and with continued documentation throughout remaining fiscal year.

1. Call to Order

Rationale:

Notice to visitors: To be heard at this meeting, the "Request to be Heard" form, must be completed and submitted to the Secretary to the Executive Director of ESUCC. The President of the Board of ESUCC will call upon visitors wishing to address the Board in the order they were submitted or by subject.

Pursuant to Section 84-1411 of the Nebraska Statutes, notice of this meeting was given by advertisement on the ESUCC website, NE Public Meeting site, and host site.

Open Meetings Law: Pursuant to Section 84 - 1412 of the Nebraska Statutes, the public is hereby informed that a current copy of the Nebraska Open Meetings Act is posted in this meeting room.

3. Agenda Item

3.A. Tech Plan

Rationale:

Nebraska Cloud Technology Plan

3.A.I. K-12 Federation Update

Rationale:

Nebraska Representatives: Dean Folkers, NDE; David Ludwig, ESUCC; Scott Isaacson, ESUCC

The multi state grant is designed to build a sustainable model for future collaboration. States represented are Illinois, Nebraska, Clark County, NV and multiple Regional Information Centers in New York.

Discussion:

Our collaborative group includes representatives from five large scale or statewide projects. Technical, business and community work groups are producing final reports for this phase of the grant and will be preparing a multiyear proposal to continue and catalyze this work toward a selfsustaining K12 Federation. I will be attending the OpenAperoo conference in New York City later this month with one representative from each of the other state projects. The grant is funding the cost of this travel.

3.A.II. Single Sign On Update

Discussion:

Project Director gave an update on the single sign on. He is installing the uPortal staging and production environments to go live with school districts. We, along with the IlliniCloud and the RICOne effort in New York are meeting next week to discuss our needs for the next phase of this work. Twenty-eight districts and ESUs are live in the production single signon framework for their connections to ADVISER. I have received information from Canvas, the ISLE learning object repository, and EdReady and am beginning integration work with these applications in our SSO and portal environments.

3.A.III. Tech Plan Progress Update

Rationale:

Nebraska Cloud Technology Plan

Discussion:

Technology Director reviewed the Tech Plan with Committee and next steps.

3.A.IV. Back-up Solutions RFP

Rationale:

Technology Director is drafting a RFP proposal for Back-up Solutions. Anticipated published timeline is April 30, 2016. The purpose of the RFP is to procure a local and off-site back-up solution for the ESUCC hosting environment and to be scalable for anticipated statewide needs.

3.B. Approve NOC Training

Rationale:

NOC is requesting the use of training funds for FortiGate Security Systems II training. After soliciting proposals from New Horizons and Infogressive, we realized that certified training will cost almost exactly the same amount from any provider. Infogressive allowed the discounted pricing on a smaller number of participants (5 vs 12), and also offers the training on a regular schedule with a trainer who has recent industry experience. The course is offered every other month in Lincoln with a videoconference option to the live class.

As long as K-12 entities register at least 5 participants in any scheduled training this summer, Infogressive has agreed to offer a discounted price of \$500/participant/day for training. The trainings in question are to be held on May 25-27 and July 20-22, 2016. For the requested training, the cost will be \$1500 per participant rather than the \$2525 regular price. NOC voted 9-1 in an online poll in favor of the training and 8 members committed to taking the training in a survey.

Based on these results, NOC is requesting that ESUCC approve the use of \$1500 per ESU for FortiGate Security Systems II, up to our \$19,500 budget limit. In the event of more than 13 participants, the funds will cover training proportionally per ESU.

Additionally, at the request of the vendor and to facilitate greater participation among interested ESUs and schools, NOC is requesting that ESUCC act as the fiscal agent for all registrations, billing ESUs and schools accordingly, and communicate registration information with Infogressive as needed.

Motion Passed: Recommend approval for NOC to use up to \$19,750 for Fortinet Training with Infogressive in Lincoln provided they have 5 registered for each training for discount passed with a motion by Bell ESU 10 and a second by Fisher ESU 04.

4. Next Meeting Agenda Items

5. Executive Session

Rationale:

The ESU Coordinating Council is authorized by state statute to enter into executive session. Executive session may be held when clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual. Reasons that meet this standard include but are not limited to: (a) strategy sessions with respect to collective bargaining, real estate matters, pending litigation, or litigation which is imminent as evidenced by communication of a claim or threat of litigation to or by the public body; (b) discussion regarding deployment of security personnel or devices; (c) investigative proceedings regarding allegations of criminal misconduct; (d) evaluation of the job performance of a person when necessary to prevent needless injury to the reputation of a person and if such person has not requested a public meeting; and (e) legal advice.

Explanation

At this point, it is appropriate for the Board to meet in closed session for one of the stated matters and/or any other permissible closed session matters in compliance with the law.

PROPOSAL:

That the Board hold a closed session:

1. For strategy session with respect to negotiations/collective bargaining clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.
2. For strategy session with respect to property/real estate matters clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.

3. For strategy session with respect to pending litigation, or litigation which is imminent as evidenced by communication of a claim or threat of litigation to or by the public body clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.

4. For discussion regarding deployment of security personnel or devices clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.

5. For investigative proceedings regarding allegations of criminal misconduct clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.

6. For personnel and the evaluation of job performance clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.

7. For discussions of the legal consequences of specific action and legal advice clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.

ESUCC: Progress Update

K12 Federation – Who is the K12 Federation?

K12 Organizations who serve K12 districts (Operators).

Collaborating to provide answers to K12 technology problems.

Working together, utilizing our strength in numbers.

- An operator may be an individual school district, regional providers, state agencies or collection of districts that provide technology services to K12 districts.
- An operator may be a trailblazer in one or more technology services they provide, including infrastructure, SaaS, professional development, reporting, purchasing, and the like.
- The founding operators of the K12 Federation includes an individual school district, one statewide agency, one regional state agency, and a school district cooperative. Each are autonomous and contributing to a common cause that benefits their respective missions.

ESUCC: *Progress Update*

K12 Federation – Mission and Vision

Mission

The mission of the K12 Federation is to bring together a community of interest and expertise to share ideas, resources and innovate for K12 by K12

Vision

The vision of the K12 Federation is to establish a community of operators whose shared knowledge, expertise and resources mitigate the cost, complexity and risk of implementing and supporting educational services such as, but not limited to, identity, rostering and access management systems in the emerging digital ecosystem.

ESUCC: *Progress Update*

K12 Federation – How it will work

- Operators come together around shared needs and vision
- Through MOUs and contracts, these operators share software assets, services, expertise, funds, projects, grant partnerships and other items of value
- Working together, groups of operators contribute development work, enhancements and new items of value to the community, multiplying the impact of the individual investments and enhancing software and other assets for everyone
- The K12 Federation story of collaboration and success will be communicated nationwide by team members through existing conferences and meetings.
- New members will enhance the community of collaboration
- The K12 Federation will be funded by membership fees, usage contributions based on value of shared assets, and at first, philanthropic contributions
- Self-sustainability is projected by 2019

Technology Committee Update

Scott Isaacson

May 3, 2016

Statewide Technology Plan

Nebraska Cloud Infrastructure Support

The purpose of this effort is to seek the best way of providing statewide technology services through balancing efficiency, cost effectiveness, data protection, support and staffing. The more school districts and ESUs approach these needs together, the more we will all be able to improve service and drive down costs. The next action toward this goal is to analyze different hosting models from the perspectives of cost, staffing, security, and politics. The analysis will aid discussion of options with leaders and stakeholders and in setting a direction.

Server Hardware Operations

The SAN disk drives have been replaced and it is being tested for return to production. There have been no additional errors or failures since the replacement.

Backup Service

I am still drafting the RFP for backup solutions and plan to publish it as soon as it is complete and passes legal review. The RFP will reflect that we would prefer a multi-partner solution, such as partnering with one or more ESUs on the solution.

Single Sign-On (SSO) and App Launch Portal

I am installing the uPortal staging and production environments to go live with school districts. We, along with the IlliniCloud and the RICOne effort in New York are meeting next week to discuss our needs for the next phase of this work.

Twenty-eight districts and ESUs are live in the production single sign-on framework for their connections to ADVISER.

I have received information from Canvas, the ISLE learning object repository, and EdReady and am beginning integration work with these applications in our SSO and portal environments.

Multi-State Collaboration (K12 Federation)

Our collaborative group includes representatives from five large-scale or statewide projects. Technical, business and community work groups are producing final reports for this phase of the grant and will be preparing a multi-year proposal to continue and catalyze this work toward a self-sustaining K12 Federation. I will be attending the OpenAperreo conference in New York City later this month with one representative from each of the other state projects. The grant is funding the cost of this travel.

LMS

Conversion work continues for districts onto the Canvas and Schoology systems. Canvas, Schoology, Blackboard Learn and Moodle (hosted by Blackboard) are all available through the COOP purchasing program. ANGEL support ends in 2016, and the ESUCC will be discontinuing ANGEL service as of August 31, 2016. Districts or users continuing to experience export problems should open a ticket with our Helpdesk at help@esucc.org.

ADVISER Ed-Fi Dashboard

Pilot districts are connected to the production ADVISER environment, and early adopter phase 1 districts continue to connect PowerSchool to the ADVISER data store, with about ½ of the EAP 1 districts connected now. The PowerSchool pilot districts have begun to roll the system out to some of their users this semester, while the early adopter districts plan to begin their rollouts in summer and fall of 2016.

SRS

Work this month is focused on optimizing database operations to improve performance ahead of the peak usage during the end of school later this month. Mike Danahy and Wade Fruhling are working on three areas: converting legacy pages of the application to the Zend framework, developing data import and export processes for district data exchange, and responding to problem reports and application changes as needed. The database and code are in need of modernizing and we are determining the most efficient approach to accomplish this.

Software Development Team from UNO

A team of students from a UNO information technology capstone class has developed an account-provisioning tool this semester based on data from the ADVISER data store and accounts in directory systems that are widely-used statewide. This has been identified as a need at different levels and it is my hope we can build ongoing relationship with UNO and other universities to develop and maintain software to meet statewide needs.

REPORT PERIOD: May 2016

IMat Projects - Special Projects

- **Curation Workshop Update** - At the April 14 ESUCC/NDE Collaborative Meeting, members of the IMat sub-committee had the opportunity to discuss and plan further with staff from NDE. It was determined at that time to postpone the June workshop until a later date. NDE has a July STEM resource curation workshop in which rubrics for choosing/evaluating resources will be created. These rubrics can then be used for the IMat workshops. The recommendation for now is to hold off on the IMAT Content Curation Workshops till after school starts in the fall next year.

IMat Projects - New Acquisitions

- **CVOD Trial** - Due to lack of time to adequately preview and access the CVOD add-on package for Learn360, IMat will not be moving forward with a recommendation to purchase CVOD with New Acquisitions Funds. Possibly in the fall, a new trial will be initiated for evaluation.

3.B.II. Recommend Approval GoGuardian Contract

Rationale:

The initial GoGuardian contract was for a one year term. While at the NETA conference Coop Director Peterson had discussions with Nebraska City and the need to add additional product to the contract to include the Teacher Admin license that the previous contract didn't include. While discussing this with GoGuardian we realized the contract will end this year. Peterson is recommending to GoGuardian a 3 year contract and has sent the attached redline contract. The attached contract does not include pricing from GoGuardian for the Teacher Admin license or any updated pricing for the contract. Once a final contract is agreed on legal will review.

3.D.I. Annual/Paper Buy

Rationale:

See attachment for Summary of Marketplace orders since January 1, 2016 for the following information (Orders by ESU, Orders by Item, Vendor Annual Buy Totals, Vendor year round Totals).

Annual Buy Summary (Paper Included)

2016 Total Sales: \$3,435,017 compared to

2015 Total Sales: \$3,954,825.61 (Difference of \$519,808.61)

We did have an additional \$287,537.29 that should be counted towards the total Annual Buy summary. Many schools ordered out of the year round catalogs without realizing these were not Annual Buy catalog items.

2016 Total Sales during Annual Buy Timeline: \$3,722,554.29 (Difference of \$232,271.32 of which \$140,000 was paper and \$92,271 was Annual Buy).

Discussion:

Coop Committee discussed the Annual Buy (including Paper Buy).

3.E. Future Efforts

3.E.I. Approve Interlocal with Fillmore County Hospital

Rationale:

The Fillmore County Hospital is interested in entering into an Interlocal Agreement between ESUCC and Fillmore County Hospital for the solicitation of public bids and enter into contracts on its own behalf and to purchase supplies, material, equipment, and services.

RESOLUTION

WHEREAS, on May 3, 2016, at a duly convened and scheduled meeting of the Educational Service Unit Coordinating Council, also known as the ESUCC, it was recommended and deemed advisable that the Council enter into the Interlocal Agreement with Fillmore County Hospital to jointly bid and contract, for supplies, materials, equipment, and services through the ESUCC's Cooperative Purchasing Program;

AND WHEREAS, consideration of the matter was a duly advertised agenda item for the said meeting of the ESUCC;

AND WHEREAS, an opportunity was afforded any interested party to comment on the matter; and the ESUCC being apprised of the various aspects of the issue;

AND WHEREAS, the Board has determined that entering into the Interlocal Agreement is in the best interests of the ESUCC and its members and is appropriate to provide for the efficient and effective operation of the ESUCC;

NOW BE IT THEREFORE RESOLVED that the ESUCC's Executive Director be authorized on behalf of the ESUCC, pursuant to this Resolution, to affix his signature to the aforementioned Interlocal Agreement and to do all things necessary to comply with said Agreement.

It was so moved by _____ and seconded by _____ this 3rd day of May, 2016.

3.F. Statewide Communications

Rationale:

ESUCC Coop School Advisory Committee Agenda - Friday, April 29, 2016 9:30 a.m.

Discussion:

Coop Committee discussed the advisory committee notes from March 28, 2016.

3.G. Coop Strategic Plan

Rationale:

Executive Director David Ludwig, Executive Director Assistant Deb Hericks, and ESUCC Coop Staff will meet in Ainsworth on May 10th to work on the Strategic Plan items below.
Coop Strategic Plan

Action Items that came out of the Strategic Plan

- Contract agreement for non-ESU participants.

- Describe how Coop does bidding, can be added to language of school board policies to include Coop.

- ESUCC will need to change policy on how to advertise for bids to include website advertising. Need to repeal/rescind old requirement and implement new policy.

- Process for verification of entities that ESUCC can serve. Send to attorney for review to determine if legal entity before proceeding with inter-local.

- Draft and approve talking points for ESU Administrators to utilize with School and other members.

- Review growth of Coop Annually

- Create Survey for Schools/Members

- Create Survey for Vendors

- Create Marketing flyer for Coop

- Continue to pursue new contracts

- Continue to Market Coop at Conferences

3.H. Policy & Procedures

Rationale:

Procedures to Write

Coop to review the above procedures to write document and decide if those items are already in the Coop procedure manual or need to be added.

Discussion:

ESUCC Staff will work to review and write needed policies and procedures.

4. Next Meeting Agenda Items

5. Executive Session

Rationale:

The ESU Coordinating Council is authorized by state statute to enter into executive session. Executive session may be held when clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual. Reasons that meet this standard include but are not limited to: (a) strategy sessions with respect to collective bargaining, real estate matters, pending litigation, or litigation which is imminent as evidenced by communication of a claim or threat of litigation to or by the public body; (b) discussion regarding deployment of security personnel or devices; (c) investigative proceedings regarding allegations of criminal misconduct; (d) evaluation of the job performance of a person when necessary to prevent needless injury to the reputation of a person and if such person has not requested a public meeting; and (e) legal advice.

Explanation

At this point, it is appropriate for the Board to meet in closed session for one of the stated matters and/or any other permissible closed session matters in compliance with the law.

PROPOSAL:

That the Board hold a closed session:

1. For strategy session with respect to negotiations/collective bargaining clearly necessary

for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.

2. For strategy session with respect to property/real estate matters clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.

3. For strategy session with respect to pending litigation, or litigation which is imminent as evidenced by communication of a claim or threat of litigation to or by the public body clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.

4. For discussion regarding deployment of security personnel or devices clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.

5. For investigative proceedings regarding allegations of criminal misconduct clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.

6. For personnel and the evaluation of job performance clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.

7. For discussions of the legal consequences of specific action and legal advice clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.

6. Adjournment

Motion Passed: Motion to adjourn at 10:00 AM passed with a motion by Fisher ESU 04 and a second by West ESU 13.

2016-2019 SPECIAL BUY AGREEMENT

THIS AGREEMENT is entered into by and between the Nebraska ESUCC Cooperative Purchasing ("Cooperative"), and Instructure ("Contractor"). The Cooperative is an organization founded in 1968 with the purpose of providing the Educational Service Unit (ESU) member school districts ("Members") of Nebraska an opportunity to secure the maximum procurement value through cooperative synergies. The Educational Service Unit Coordinating Council (ESUCC) Advisory group serves as the steering committee for new and future cooperative buys statewide under its direction. A chief executive officer coordinates the statewide purchasing agreement between service units and their school districts and other serviceable entities. The Director manages the program with the guidance of the ESUCC, Advisory Board, and the Fiscal Agent. Nebraska ESUCC Cooperative Purchasing serves 17 ESUs that provide a statewide network of educational opportunities to approximately 249 school districts and more than 300,000 students.

In consideration of mutual covenants, the parties agree as follows:

1. **Scope of the Contract.** The Contractor shall provide Members the opportunity to purchase the goods and/or services as defined in **Exhibit A**, which is attached hereto and incorporated herein by this reference, at the prices set forth in this Agreement and its Exhibits.
2. **Payment Terms/Payment Schedule.** Members shall pay for services rendered and/or for accepted goods on the terms and payment schedule as set forth in **Exhibit B** which is attached hereto and incorporated herein by this reference. Prices listed in Exhibit B shall remain in effect during the term of this Agreement unless agreed otherwise by the parties in writing.
3. **Administrative Fee.** Contractor shall submit to the Cooperative as an administrative fee a sum equal to two percent (2%) of the total gross dollar volume, less freight of all goods and services and excluding annual support and maintenance purchased by the Cooperative, ESUs, and Members. This fee will be submitted to the Cooperative on a quarterly basis beginning three months from the Effective Date of this Agreement for all transactions completed and paid during said quarter.
4. **Term.** This Agreement is effective on _____, 2016 ("Effective Date") and shall continue until 12:00 midnight (CST) on July 1, 2019, unless terminated earlier as provided by this Agreement or by law.
5. **Governing Law; Designation of Forum.** This Agreement is governed by and construed in accordance with the laws of the State of Nebraska. Any action to enforce this Agreement must be brought in the state or federal courts of the State of Nebraska. Mandatory and exclusive venue for any disputes shall be in Brown County, Nebraska.
6. **Termination.**
 - A. The Cooperative may terminate this Agreement in whole or part if funding from federal, state, or other sources for the Cooperative or its Members is not obtained and continued at levels sufficient to allow for purchase of the good and/or services in the indicated quantities or term. The Cooperative shall notify the Contractor as soon as practicable if funds to meet the Cooperative's or Members' obligations become unavailable. The

determination of the Cooperative as to the insufficiency of funds is conclusive.

- B. Each party may terminate this Agreement if the other party breaches or is in default of any material obligation hereunder which default is incapable of cure, or which, being capable of cure, has not been cured within 30 days after receipt of written notice of such default or such additional cure period as the nondefaulting party may authorize in writing.
- C. Each party may terminate this Agreement by written notice if federal or state laws or rules are modified or interpreted in a way that the services are no longer allowable or appropriate for purchase under this contract or are no longer eligible for the funding proposed for payments authorized by this contract.
- D. The Cooperative may terminate this Agreement, in whole or in part, by written notice to the Contractor and may regard the Contractor in default of this Agreement if the Contractor becomes:
 - (1) Insolvent;
 - (2) Makes a general assignment for the benefit of creditors;
 - (3) Files a voluntary petition of bankruptcy;
 - (4) Suffers or permits the appointment of a receiver for its business or assets;
 - (5) Becomes subject to any proceeding under any bankruptcy or insolvency law, whether domestic or foreign; or
 - (6) Has wound up or liquidated, voluntarily or otherwise.
- E. The Cooperative may terminate this Agreement, in whole or in part, immediately, without notice, if the Contractor is debarred or suspended from performing services on any public contracts.
- F. The parties may terminate this Agreement without cause by mutual written consent or by either party with a minimum of 90 days written notice.
- G. Upon the termination for any reason or expiration of this Agreement, the Contractor promptly must return to the Cooperative all papers, materials and other property of the Cooperative then in its possession, including but not limited to all work in progress as is appropriate in its then existing form to the Cooperative.

7. Indemnification.

- A. The Contractor hereby waives and agrees to indemnify and save harmless the Cooperative and the ESUs and their officials, agents, employees, and volunteers (hereinafter collectively referred to as "Indemnities"), against any and all claims of injuries, death, damage to property, liabilities, judgments, costs and expenses which may otherwise accrue against Indemnities in consequence of the granting of this Agreement or which may otherwise result therefrom.
- B. The Contractor shall, at his or her own expense, appear, defend and pay all charges of attorneys and all costs and other expenses arising therefrom or incurred in connection therewith.
- C. If any judgment shall be rendered against the Cooperative or the ESUs in any

such action, the Contractor shall, at his or her own expense, satisfy and discharge the same.

- D. Any performance bond or insurance protection required by this contract, or otherwise provided by the Contractor, shall in no way limit the responsibility to indemnify and save harmless and defend the Indemnities as herein provided.
- E. The Contractor's obligation to indemnify and save harmless any Indemnities will survive the expiration or termination of this Agreement by either party for any reason.

8. Insurance. Contractor shall secure and keep in force during the term of this Agreement the following insurance coverages from insurance companies or government self-insurance pools authorized to do business in Nebraska:

- A. Commercial general liability, including premises or operations, contractual, and products or completed operations coverages (if applicable), with minimum liability limits of \$1,000,000 per person and \$5,000,000 per occurrence; and
- B. If applicable, workers compensation coverage meeting all statutory requirements.

The Contractor shall furnish a certificate of insurance to the undersigned Cooperative representative prior to commencement of this Agreement. Failure to provide insurance as required in this agreement is a material breach of contract entitling the Cooperative to terminate this Agreement immediately.

9. Public Records. The Contractor acknowledges that the Cooperative must comply with NEB. REV. STAT. § 84-712 through § 84-713 and release public records as defined law upon request, which may include this Agreement and all records created and maintained in relation to this Agreement.

10. Publicity. The Cooperative does not endorse the goods or services of the Contractor. Except for listing the Cooperative as a client during the term of this Agreement, news releases or other publicity concerning this Agreement must not be made by the Contractor without the prior written approval of the Cooperative.

11. Drug/Alcohol/Tobacco/Weapons Free Workplace. The Contractor and all subcontractors, if any, shall not manufacture, sell, distribute, dispense, possess or use controlled substances or marijuana, as defined by Nebraska law, during the performance of this Agreement while on Cooperative, ESU, or Member premises or at Cooperative, ESU, or Member related functions. The Contractor and all subcontractors, if any, shall not possess any weapon, as defined by Nebraska law and the federal "Drug-Free Schools Act," on Cooperative, ESU, or Member property or at Cooperative, ESU, or Member related functions. The Contractor and all subcontractors, if any, also shall adhere to all Cooperative, ESU, and Member policies and regulations that prohibit the possession, distribution, sale, dispensation, or use of any alcohol or tobacco products while on Cooperative, ESU, or Member premises or at Cooperative, ESU, or Member related functions. Failure to comply with this provision may be considered a material breach. The Cooperative may suspend or terminate the Contractor, subcontractor, or both if it violates these laws, regulations, or policies or this provision.

12. Nondiscrimination. The Contractor and all subcontractors, if any, shall not discriminate against any employee or applicant who is to be employed for

performance of this Agreement with respect to his or her hire, tenure, terms, conditions, or privileges of employment, because of his race, color, religion, sex, disability, or national origin.

- 13. Independent Contractor.** Contractor is an independent contractor under this contract and is not a Cooperative, ESU, or Member employee for any purpose. The Contractor retains sole and absolute discretion in the manner and means of carrying out Contractor's activities and responsibilities under this Agreement, except to the extent specified in this Agreement.
- 14. Employment Eligibility Verification.** The Contractor shall use a federal immigration verification system to determine the work eligibility status of employees hired on or after October 1, 2009 and who are physically performing services within the State of Nebraska. If the Contractor employs or contracts with any subcontractor in connection with this Agreement, the Contractor shall include a provision in the contract requiring the subcontractor to use a federal immigration verification system to determine the work eligibility status of new employees physically performing services within the State of Nebraska.
- 15. Taxpayer Identification.** Contractor's federal employer identification number is: .
- 16. Sales Tax.** The Cooperative, ESUs, and Members are exempt from sales tax and shall not pay any sales tax under this Agreement. The Cooperative, ESUs and/or Members will provide the Contractor with applicable sales tax exemption certificates upon written request.
- 17. Notice.** Each party giving any Notice ("Notice") under this Agreement must give written Notice by personal delivery, registered or certified Mail (in each case, return receipt requested and postage prepaid), or nationally recognized overnight courier (with all fees prepaid.) Notice shall be sent to the following addressees at the following addresses:

Cooperative: Nebraska ESUCC Cooperative Purchasing
Attn: Craig Peterson
1292 East 4th Street
Ainsworth, NE 69210

With copy to:

Steve Williams, Legal Counsel
KSB School Law, PC, LLO
Cornhusker Plaza
301 South 13th Street, Suite 210
Lincoln, NE 68508

Contractor:

Notice is effective only if the party giving the Notice has complied with this section.

- 18. Warranties and Specifications.** Contractor shall be responsible for providing to Members all manufacturer warranties on all goods and services. Contractor shall provide Members with all attachments normally supplied by the manufacturer and/or

supplier. Complete product specification sheets or brochures must be provided to Members, ESUs, or the Cooperative upon request.

19. **Entire Agreement.** The Agreement is the complete and exclusive expression of the parties' agreement on the matters contained in this Agreement. All prior and contemporaneous negotiations and agreements between the parties on the matters contained in this Agreement are expressly merged into and superseded by this Agreement.
20. **Amendments and Modifications.** The parties may amend or modify this Agreement only by a signed, written agreement by both parties that identifies itself as an amendment or modification to this Agreement. No other alternations in the terms of this agreement shall be valid or binding.
21. **Waivers.** The parties may waive any provision in this Agreement only by a writing executed by the party or parties against whom the waiver is sought to be enforced. No failure or delay: (1) In exercising any right or remedy, or (2) In requiring the satisfaction of any condition under this Agreement, and (3) No act, omission, or course of dealing between the parties operates as a waiver or estoppel of any right, remedy or condition. A waiver made in writing on one occasion is effective only in that instance and only for the purpose stated. A waiver once given is not to be construed as a waiver on any future occasion or against any other Person.
22. **Severability.** If any provision of this Agreement is determined to be unenforceable, the remaining provisions of this Agreement remain in full force, if the essential terms and conditions of this Agreement for each party remain enforceable.
23. **Counterparts.** The parties may execute this Agreement in multiple counterparts, each of which constitutes an original, and all of which, collectively, constitute only one agreement. The signatures of all of the parties need not appear on the same counterpart, and delivery of an executed counterpart signature page by facsimile or other electronic means is as effective as executing and delivering this Agreement in the presence of the other parties to this Agreement. This Agreement is effective upon delivery of one executed counterpart from each party to the other parties. In proving this Agreement, a party must produce or account only for the executed counterpart of the party to be charged.
24. **Force Majeure.** Neither party shall be liable for any loss or damage suffered by the other party, directly or indirectly, as a result of the non performing party's failure to perform, or delay in performing, any of its obligations contained in this contract (except any obligations to make payments for services rendered or accepted goods received before the failure to perform or the delay in performance), where, in the opinion of the Cooperative, such failure or delay is cause by circumstances beyond the non performing party's control or which make performance commercially impracticable, including but not limited to fire, flood, storm or other natural disaster, explosion, accident, war, riot, civil disorder, government regulations or restrictions of any kind or any acts of any government, alien enemy, judicial action, power failure, acts of God, or other natural circumstances. This Force Majeure provision excludes economic hardship, changes in market conditions, and insufficiency of funds on the part of Contractor.
25. **Assignment.** This Agreement binds the parties and their respective successors and assignees. The Contractor shall not assign or otherwise dispose of this Agreement or any duty, right, or responsibility contemplated in this Agreement to any other person without the previous written consent of the Cooperative.

26. **Subcontractors.** The Contractor shall not subcontract services or any part of this Agreement without the prior written consent of the Cooperative.
27. **Captions.** The descriptive headings of the Articles, Sections and subsections of this Agreement are for convenience only, do not constitute a part of this Agreement, and do not affect this Agreement's construction or interpretation.
28. **Rights and Remedies Cumulative.** Any enumeration of the Cooperative's rights and remedies set forth in this Agreement is not exhaustive. The Cooperative's exercise of any right or remedy under this Agreement does not preclude the exercise of any other right or remedy. All of the Cooperative's rights and remedies are cumulative and are in addition to any other right or remedy set forth in this Agreement, any other agreement between the parties, or which may now or subsequently exist at law or in equity, by statute or otherwise.
29. **Relationship Among Parties.** This Agreement creates no relationship of joint venture, partnership, limited partnership, agency, or employer- employee between the parties, and the parties acknowledge that no other facts or relations exist that would create any such relationship between them. Neither party has any right or authority to assume or to create any obligation or responsibility on behalf of the other party except as may from time to time be provided by written instrument signed by both parties.
30. **Rules of Construction.** The parties hereto have each been represented by counsel, or had the opportunity to be represented, during the negotiation and execution of this Agreement, and therefore waive application of any law or rule of construction providing that ambiguities in the contract will be construed against the party drafting such contract.
31. **Attachments.** Attachments to this Agreement include the following:
 - Exhibit A – Scope of Good or Services to be provided to Cooperative
 - Exhibit B – Payment Terms & Schedule

IN WITNESS WHEREOF the parties have executed this Agreement on the date last date written below.

2. Payment Terms/ Payment Schedule

- A. Members will pay Contractor for all undisputed amounts for the goods and/or services identified in Exhibit A and provided by Contractor under this Agreement within sixty (60) days of receipt of invoice, provided that goods/services have been accepted by the Member as hereinafter provided.
- B. The procedure for billing and payment for services or products and deliverables shall be as specified in this exhibit.

3. Acceptance of Services or Products:

- A. The Contractor shall deliver any goods, perform any services or both in accordance with the schedule set forth in any RFP, the time specified in a purchase order issued by the Cooperative, ESU, or Member, or this Agreement (whichever is later).
- B. Unless otherwise agreed to by the parties, the Contractor shall provide written notification of completion of any deliveries, or performances of services or both, to the Member ("Delivery Notice").
- C. Members shall have sixty (60) days from the date of receipt of the Delivery Notice to provide the Contractor with written notification of acceptance or rejection due to unsatisfactory performance or nonconforming goods.
- D. If the Member issues a rejection notice, the Contractor shall as quickly as is practicable, correct or replace all deficiencies at its expense. The Cooperative shall not unreasonably withhold or delay its acceptance or rejection.

4. Title and Risk of Loss:

- A. Title and risk of loss for goods shall remain with the Contractor until goods are accepted by the Member, ESU, or Cooperative.
- B. Insurance during shipment and until the goods are accepted by the Cooperative, ESU, or Member is the responsibility of the Contractor.

2016-2019 SPECIAL BUY AGREEMENT

THIS AGREEMENT is entered into by and between the Nebraska ESUCC Cooperative Purchasing ("Cooperative"), and GoGuardian ("Contractor"). The Cooperative is an organization founded in 1968 with the purpose of providing the Educational Service Unit (ESU) member school districts ("Members") of Nebraska an opportunity to secure the maximum procurement value through cooperative synergies. The Educational Service Unit Coordinating Council (ESUCC) Advisory group serves as the steering committee for new and future cooperative buys statewide under its direction. A chief executive officer coordinates the statewide purchasing agreement between service units and their school districts and other serviceable entities. The Director manages the program with the guidance of the ESUCC, Advisory Board, and the Fiscal Agent. Nebraska ESUCC Cooperative Purchasing serves 17 ESUs that provide a statewide network of educational opportunities to approximately 249 school districts and more than 300,000 students.

In consideration of mutual covenants, the parties agree as follows:

1. **Scope of the Contract.** The Contractor shall provide Members the opportunity to purchase the goods and/or services as defined in **Exhibit A**, which is attached hereto and incorporated herein by this reference, at the prices set forth in this Agreement and its Exhibits.
2. **Payment Terms/Payment Schedule.** Members shall pay for services rendered and/or for accepted goods on the terms and payment schedule as set forth in **Exhibit B** which is attached hereto and incorporated herein by this reference. Prices listed in Exhibit B shall remain in effect during the term of this Agreement unless agreed otherwise by the parties in writing.
3. **Administrative Fee.** Contractor shall submit to the Cooperative as an administrative fee a sum equal to two percent (2%) of the total gross dollar volume, less freight of all goods and services and excluding annual support and maintenance purchased by the Cooperative, ESUs, and Members. This fee will be submitted to the Cooperative on a quarterly basis beginning three months from the Effective Date of this Agreement for all transactions completed and paid during said quarter.
4. **Term.** This Agreement is effective on May 3 , 2016 ("Effective Date") and shall continue until 12:00 midnight (CST) on July 1, 2019, unless terminated earlier as provided by this Agreement or by law.
5. **Governing Law; Designation of Forum.** This Agreement is governed by and construed in accordance with the laws of the State of Nebraska. Any action to enforce this Agreement must be brought in the state or federal courts of the State of Nebraska. Mandatory and exclusive venue for any disputes shall be in Brown County, Nebraska.
6. **Termination.**

- A. The Cooperative may terminate this Agreement in whole or part if funding from federal, state, or other sources for the Cooperative or its Members is not obtained and continued at levels sufficient to allow for purchase of the good and/or services in the indicated quantities or term. The Cooperative shall notify the Contractor as soon as practicable if funds to meet the Cooperative's or Members' obligations become unavailable. The determination of the Cooperative as to the insufficiency of funds is conclusive.
- B. Each party may terminate this Agreement if the other party breaches or is in default of any material obligation hereunder which default is incapable of cure, or which, being capable of cure, has not been cured within 30 days after receipt of written notice of such default or such additional cure period as the nondefaulting party may authorize in writing.
- C. Each party may terminate this Agreement by written notice if federal or state laws or rules are modified or interpreted in a way that the services are no longer allowable or appropriate for purchase under this contract or are no longer eligible for the funding proposed for payments authorized by this contract.
- D. The Cooperative may terminate this Agreement, in whole or in part, by written notice to the Contractor and may regard the Contractor in default of this Agreement if the Contractor becomes:
 - (1) Insolvent;
 - (2) Makes a general assignment for the benefit of creditors;
 - (3) Files a voluntary petition of bankruptcy;
 - (4) Suffers or permits the appointment of a receiver for its business or assets;
 - (5) Becomes subject to any proceeding under any bankruptcy or insolvency law, whether domestic or foreign; or
 - (6) Has wound up or liquidated, voluntarily or otherwise.
- E. The Cooperative may terminate this Agreement, in whole or in part, immediately, without notice, if the Contractor is debarred or suspended from performing services on any public contracts.
- F. The parties may terminate this Agreement without cause by mutual written consent or by either party with a minimum of 90 days written notice.
- G. Upon the termination for any reason or expiration of this Agreement, the Contractor promptly must return to the Cooperative all papers, materials and other property of the Cooperative then in its possession, including but not limited to all work in progress as is appropriate in its then existing form to the Cooperative.

7. Indemnification.

- A. The Contractor hereby waives and agrees to indemnify and save harmless the Cooperative and the ESUs and their officials, agents, employees, and volunteers (hereinafter collectively referred to as "Indemnities"), against any and all claims of injuries, death, damage to property, liabilities, judgments, costs and expenses

which may otherwise accrue against Indemnities in consequence of the granting of this Agreement or which may otherwise result therefrom.

- B. The Contractor shall, at his or her own expense, appear, defend and pay all charges of attorneys and all costs and other expenses arising therefrom or incurred in connection therewith.
- C. If any judgment shall be rendered against the Cooperative or the ESUs in any such action, the Contractor shall, at his or her own expense, satisfy and discharge the same.
- D. Any performance bond or insurance protection required by this contract, or otherwise provided by the Contractor, shall in no way limit the responsibility to indemnify and save harmless and defend the Indemnities as herein provided.
- E. The Contractor's obligation to indemnify and save harmless any Indemnities will survive the expiration or termination of this Agreement by either party for any reason.

8. Insurance. Contractor shall secure and keep in force during the term of this Agreement the following insurance coverages from insurance companies or government self-insurance pools authorized to do business in Nebraska:

- A. Commercial general liability, including premises or operations, contractual, and products or completed operations coverages (if applicable), with minimum liability limits of \$1,000,000 per occurrence and \$2,000,000 per aggregate; and
- B. If applicable, workers compensation coverage meeting all statutory requirements.

The Contractor shall furnish a certificate of insurance to the undersigned Cooperative representative prior to commencement of this Agreement. Failure to provide insurance as required in this agreement is a material breach of contract entitling the Cooperative to terminate this Agreement immediately.

9. Public Records. The Contractor acknowledges that the Cooperative must comply with NEB. REV. STAT. § 84-712 through § 84-713 and release public records as defined law upon request, which may include this Agreement and all records created and maintained in relation to this Agreement.

10. Publicity. The Cooperative does not endorse the goods or services of the Contractor. Except for listing the Cooperative as a client during the term of this Agreement, news releases or other publicity concerning this Agreement must not be made by the Contractor without the prior written approval of the Cooperative.

11. Drug/Alcohol/Tobacco/Weapons Free Workplace. The Contractor and all subcontractors, if any, shall not manufacture, sell, distribute, dispense, possess or use controlled substances or marijuana, as defined by Nebraska law, during the performance of this Agreement while on Cooperative, ESU, or Member premises or at Cooperative, ESU, or Member related functions. The Contractor and all subcontractors, if any, shall not possess any weapon, as defined by Nebraska law and the federal "Drug-Free Schools Act," on Cooperative, ESU, or Member property or at Cooperative, ESU, or Member related functions. The Contractor and all subcontractors, if any, also shall adhere to all

Cooperative, ESU, and Member policies and regulations that prohibit the possession, distribution, sale, dispensation, or use of any alcohol or tobacco products while on Cooperative, ESU, or Member premises or at Cooperative, ESU, or Member related functions. Failure to comply with this provision may be considered a material breach. The Cooperative may suspend or terminate the Contractor, subcontractor, or both if it violates these laws, regulations, or policies or this provision.

12. **Nondiscrimination.** The Contractor and all subcontractors, if any, shall not discriminate against any employee or applicant who is to be employed for performance of this Agreement with respect to his or her hire, tenure, terms, conditions, or privileges of employment, because of his race, color, religion, sex, disability, or national origin.
13. **Independent Contractor.** Contractor is an independent contractor under this contract and is not a Cooperative, ESU, or Member employee for any purpose. The Contractor retains sole and absolute discretion in the manner and means of carrying out Contractor's activities and responsibilities under this Agreement, except to the extent specified in this Agreement.
14. **Employment Eligibility Verification.** The Contractor shall use a federal immigration verification system to determine the work eligibility status of employees hired on or after October 1, 2009 and who are physically performing services within the State of Nebraska. If the Contractor employs or contracts with any subcontractor in connection with this Agreement, the Contractor shall include a provision in the contract requiring the subcontractor to use a federal immigration verification system to determine the work eligibility status of new employees physically performing services within the State of Nebraska.
15. **Taxpayer Identification.** Contractor's federal employer identification number is: 46-4729668.
16. **Sales Tax.** The Cooperative, ESUs, and Members are exempt from sales tax and shall not pay any sales tax under this Agreement. The Cooperative, ESUs and/or Members will provide the Contractor with applicable sales tax exemption certificates upon written request.
17. **Notice.** Each party giving any Notice ("Notice") under this Agreement must give written Notice by personal delivery, registered or certified Mail (in each case, return receipt requested and postage prepaid), or nationally recognized overnight courier (with all fees prepaid.) Notice shall be sent to the following addressees at the following addresses:

Cooperative: ESUCC Cooperative Purchasing
Attn: Craig Peterson
1292 East 4th Street
Ainsworth, NE 69210

With copy to:

Steve Williams, Legal Counsel
Harding & Shultz, P.C., L.L.O.
P.O. Box 82028
Lincoln, NE 68501-2028

Contractor: GoGuardian
2629 Manhattan Ave., PMB 154
Hermosa Beach, CA 90254

Notice is effective only if the party giving the Notice has complied with this section.

18. **Warranties and Specifications.** Contractor shall be responsible for providing to Members all manufacturer warranties on all goods and services. Contractor shall provide Members with all attachments normally supplied by the manufacturer and/or supplier. Complete product specification sheets or brochures must be provided to Members, ESUs, or the Cooperative upon request.
19. **Entire Agreement.** The Agreement is the complete and exclusive expression of the parties' agreement on the matters contained in this Agreement. All prior and contemporaneous negotiations and agreements between the parties on the matters contained in this Agreement are expressly merged into and superseded by this Agreement.
20. **Amendments and Modifications.** The parties may amend or modify this Agreement only by a signed, written agreement by both parties that identifies itself as an amendment or modification to this Agreement. No other alternations in the terms of this agreement shall be valid or binding.
21. **Waivers.** The parties may waive any provision in this Agreement only by a writing executed by the party or parties against whom the waiver is sought to be enforced. No failure or delay: (1) In exercising any right or remedy, or (2) In requiring the satisfaction of any condition under this Agreement, and (3) No act, omission, or course of dealing between the parties operates as a waiver or estoppel of any right, remedy or condition. A waiver made in writing on one occasion is effective only in that instance and only for the purpose stated. A waiver once given is not to be construed as a waiver on any future occasion or against any other Person.
22. **Severability.** If any provision of this Agreement is determined to be unenforceable, the remaining provisions of this Agreement remain in full force, if the essential terms and conditions of this Agreement for each party remain enforceable.
23. **Counterparts.** The parties may execute this Agreement in multiple counterparts, each of which constitutes an original, and all of which, collectively, constitute only one agreement. The signatures of all of the parties need not appear on the same counterpart, and delivery of an executed counterpart signature page by facsimile or other electronic means is as effective as executing and delivering this Agreement in the presence of the other parties to this Agreement. This Agreement is effective upon delivery of one executed counterpart from each party to the other parties. In proving this Agreement, a party must produce or account only for the executed counterpart of the party to be charged.
24. **Force Majeure.** Neither party shall be liable for any loss or damage suffered by the other party, directly or indirectly, as a result of the non performing party's failure to perform, or delay in performing, any of its obligations contained in this contract (except any obligations to make payments for services rendered or accepted goods received before the failure to perform or the delay in performance), where, in the opinion of the Cooperative, such failure

or delay is caused by circumstances beyond the non performing party's control or which make performance commercially impracticable, including but not limited to fire, flood, storm or other natural disaster, explosion, accident, war, riot, civil disorder, government regulations or restrictions of any kind or any acts of any government, alien enemy, judicial action, power failure, acts of God, or other natural circumstances. This Force Majeure provision excludes economic hardship, changes in market conditions, and insufficiency of funds on the part of Contractor.

25. **Assignment.** This Agreement binds the parties and their respective successors and assignees. The Contractor shall not assign or otherwise dispose of this Agreement or any duty, right, or responsibility contemplated in this Agreement to any other person without the previous written consent of the Cooperative.
26. **Subcontractors.** The Contractor shall not subcontract services or any part of this Agreement without the prior written consent of the Cooperative.
27. **Captions.** The descriptive headings of the Articles, Sections and subsections of this Agreement are for convenience only, do not constitute a part of this Agreement, and do not affect this Agreement's construction or interpretation.
28. **Rights and Remedies Cumulative.** Any enumeration of the Cooperative's rights and remedies set forth in this Agreement is not exhaustive. The Cooperative's exercise of any right or remedy under this Agreement does not preclude the exercise of any other right or remedy. All of the Cooperative's rights and remedies are cumulative and are in addition to any other right or remedy set forth in this Agreement, any other agreement between the parties, or which may now or subsequently exist at law or in equity, by statute or otherwise.
29. **Relationship Among Parties.** This Agreement creates no relationship of joint venture, partnership, limited partnership, agency, or employer- employee between the parties, and the parties acknowledge that no other facts or relations exist that would create any such relationship between them. Neither party has any right or authority to assume or to create any obligation or responsibility on behalf of the other party except as may from time to time be provided by written instrument signed by both parties.
30. **Rules of Construction.** The parties hereto have each been represented by counsel, or had the opportunity to be represented, during the negotiation and execution of this Agreement, and therefore waive application of any law or rule of construction providing that ambiguities in the contract will be construed against the party drafting such contract.
31. **Attachments.** Attachments to this Agreement include the following:

INTERLOCAL AGREEMENT FOR COOPERATIVE PUBLIC/GOVERNMENTAL PURCHASING

This Interlocal Agreement ("Agreement") is made and entered into under the provisions of the Nebraska Interlocal Cooperation Act, NEB. REV. STAT. §§ 13-801 to 13-827 ("Act"), between the Educational Service Unit Coordinating Council, commonly known as ESUCC ("ESUCC"), and Fillmore County Hospital, commonly known as Fillmore County Hospital. The parties are referred to collectively as "Agencies."

WHEREAS, the Act, provides that two or more public agencies may enter into an agreement for joint or cooperative action, and this Agreement is made and entered into pursuant to the provisions of that Act; and

WHEREAS, each entity is a "public agency" pursuant to NEB. REV. STAT. § 13-803(2), as amended;

WHEREAS, the ESUCC and Fillmore County Hospital desire to jointly bid and contract, for supplies, materials, equipment, and services through the ESUCC's Cooperative Purchasing Program;

WHEREAS, each party agrees to extend to the other party the right to purchase pursuant to such bids and contracts to the extent permitted by law, and to the extent agreed upon between each party and the bidder, contractor, vendor, supplier, or service provider;

WHEREAS, the Agencies desire to make the most efficient use of their taxing authority and other powers to enable them to cooperate with each other and other entities as further agreed on the basis of mutual advantage to provide goods, services, and facilities in a manner and pursuant to forms of governmental organization that will accord the best results in terms of geographic, economic, population, and other factors that will influence the needs and development of the Agencies;

WHEREAS, the ESUCC will provide organizational and administrative structure for sourcing/bidding; provide marketing of Nebraska ESUCC Cooperative Purchasing to expand membership, awarded contracts, and commodity categories; and provide members with current awarded vendor contracts, instructions for obtaining quotes

and ordering procedures;

WHEREAS, Fillmore County Hospital commits to participate in the Nebraska ESUCC Cooperative Purchasing program by purchasing goods and services from awarded contracts when in the best interest of the entity and to pay awarded vendors in a timely manner per the Terms & Conditions of the contract for all goods and services received and

WHEREAS, the Agencies have passed resolutions authorizing each Agency to approve and enter into this Agreement;

NOW, THEREFORE, in consideration of the mutual covenants contained herein, it is agreed by the parties as follows:

1. Recitals. The foregoing Recitals are hereby incorporated into and made a part of this Agreement.

2. No Separate Legal Entity. This Agreement does not establish a separate legal or joint entity.

3. Purpose. The purposes of this Agreement are as provided in the Recitals and paragraph 6.

4. Term. This Agreement shall remain in full force and effect until terminated or modified by mutual agreement of the parties.

5. Administration. The ESUCC Executive Director shall be responsible for administering the cooperative undertaking described in this Agreement. The Administrator may take any action authorized, either explicitly or implicitly, by the Interlocal Cooperation Act, including any action that may be necessary to perform the duties and functions as provided in this Agreement.

6. Bids and Contracts. Each party from time to time may solicit public bids and enter into contracts on its own behalf to purchase supplies, material, equipment, and services. Each of the parties agrees to extend to the other party the right to purchase pursuant to such bids and contracts to the extent permitted by law, and to the extent agreed upon between each party and the bidder, contractor, vendor, supplier, or service provider. Each of the parties shall contract directly with the bidder, contractor, vendor, supplier, or service provider, and pay directly in accordance with its own payment procedures for its own

purchases. Any purchase made pursuant to this Agreement is not a purchase from either of the parties. This Agreement shall create no obligation for either of the parties to purchase any particular good or service, nor create to either of the parties any assurance, warranty, or other obligation from the other party with respect to purchasing or supplying any good or service.

7. Manner of Acquiring, Holding, and Disposing of Real and Personal Property. The Agencies do not anticipate a need to acquire, hold, or dispose of real property to accomplish the purposes of this Agreement. The Agencies' respective governing boards shall determine the manner of acquiring, holding, or disposing of real property in the event that such a need arises. In no event shall the Administrator have the authority to acquire real property on behalf of the Agencies.

8. Financing and Budgeting. Each party will finance its respective responsibilities under this agreement through its existing internal financing and budgeting processes. The parties shall provide a copy of their respective budgets to the Administrator upon request.

9. Expenses. Unless provided otherwise herein, all expenses of this Agreement shall be shared and paid equally by the Agencies.

10. Taxes. This Agreement does not grant the Agencies any authority to levy, collect, or account for any tax authorized under sections 13-318 through 13-326 or 13-2813 through 2816.

11. Nondiscrimination. The Agencies shall not discriminate against any employee or applicant who is to be employed for performance of this Agreement with respect to his or her hire, tenure, terms, conditions, or privileges of employment, because of his race, color, religion, sex, disability, or national origin.

12. Employment Eligibility Verification. The Agencies shall use a federal immigration verification system to determine the work eligibility status of employees hired on or after October 1, 2009 and who are physically performing services within the State of Nebraska. If a party employs or contracts with any subcontractor in connection with this Agreement, the contracting party shall include a provision in the contract requiring the subcontractor to use a federal immigration

verification system to determine the work eligibility status of new employees physically performing services within the State of Nebraska.

13. Termination. Either party may terminate this agreement by providing written notice to the other party not less than 60 days prior to termination. Any funds contributed to or for the benefit of this Agreement in possession of any of the Agencies upon termination of this Agreement shall be divided as nearly as practicable in proportion to the amounts contributed over the life of the Agreement. Any other personal property owned by any of the Agencies as a result of this Agreement shall be the property of the party that purchased it. In the event that the cost of the personal property was shared equally by the Agencies, the property shall be liquidated or distributed in kind upon the termination of this Agreement. If a dispute arises between the Agencies as to the value of such property or as to how it will be distributed, such property shall be sold by taking bids at public auction and selling said property to the highest bidder with the proceeds therefrom being divided equally by the Agencies. Termination shall not impair a party's obligation for its share of any outstanding indebtedness incurred under this Agreement.

14. Withdrawal. An Agency's governing board may withdraw from this Agreement by passing a resolution and submitting a copy of it to the other Agency at least 60 days in advance of the stated date of withdrawal. Withdrawal shall not impair an Agency's obligation for its share of any outstanding indebtedness.

15. Insurance. Each party shall obtain and pay for its own insurance coverage for their participation in this Agreement.

16. Notice. Each Agency giving any Notice ("Notice") under this Agreement must give written Notice by personal delivery, registered or certified Mail (in each case, return receipt requested and postage prepaid), or electronic mail (to the Agency's then executive officer or the governing board's president, with receipt confirmed). Notice shall be sent to the following addressees at the following addresses:

ESUCC: ESUCC
Attn: Executive Director
6949 South 110th Street
LaVista, NE 68128

_____ : Fillmore County Hospital
Attn: Paul Utemark IV
Chief Executive Officer
1900 F Street, PO Box 193
Geneva, NE 68361

Notice is effective only if the party giving the Notice has complied with this section.

17. Amendments and Modifications. The Agencies may amend or modify this Agreement only by a written agreement signed by both parties that identifies itself as an amendment or modification to this Agreement. No other alterations in the terms of this agreement shall be valid or binding.

18. Severability. If any provision of this Agreement is determined to be unenforceable, the remaining provisions of this Agreement shall remain in full force, if the essential terms and conditions of this Agreement for each party remain enforceable.

19. Counterparts. The Agencies may execute this Agreement in multiple counterparts, each of which constitutes an original, and all of which, collectively, constitute only one agreement. The signatures of all of the Agencies need not appear on the same counterpart, and delivery of an executed counterpart signature page by facsimile or other electronic means is as effective as executing and delivering this Agreement in the presence of the other Agencies to this Agreement. This Agreement is effective upon delivery of one executed counterpart from each Agency to the other Agencies. In proving this Agreement, an Agency must produce or account only for the executed counterpart of the Agency to be charged.

20. Assignment. The Agencies shall not assign or otherwise dispose of this Agreement or any duty, right, or responsibility contemplated in this Agreement to any other person or entity without the previous written consent of each of the other Agencies.

21. Entire Agreement. The Agreement is the complete and exclusive expression of the Agencies' agreement on the matters

contained in this Agreement. All prior and contemporaneous negotiations and agreements between the Agencies on the matters contained in this Agreement are expressly merged into and superseded by this Agreement.

4. Next Meeting Agenda Items

5. Executive Session

Rationale:

The ESU Coordinating Council is authorized by state statute to enter into executive session. Executive session may be held when clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual. Reasons that meet this standard include but are not limited to: (a) strategy sessions with respect to collective bargaining, real estate matters, pending litigation, or litigation which is imminent as evidenced by communication of a claim or threat of litigation to or by the public body; (b) discussion regarding deployment of security personnel or devices; (c) investigative proceedings regarding allegations of criminal misconduct; (d) evaluation of the job performance of a person when necessary to prevent needless injury to the reputation of a person and if such person has not requested a public meeting; and (e) legal advice.

Explanation

At this point, it is appropriate for the Board to meet in closed session for one of the stated matters and/or any other permissible closed session matters in compliance with the law.

PROPOSAL:

That the Board hold a closed session:

1. For strategy session with respect to negotiations/collective bargaining clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.
2. For strategy session with respect to property/real estate matters clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.
3. For strategy session with respect to pending litigation, or litigation which is imminent as evidenced by communication of a claim or threat of litigation to or by the public body clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.
4. For discussion regarding deployment of security personnel or devices clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.
5. For investigative proceedings regarding allegations of criminal misconduct clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.
6. For personnel and the evaluation of job performance clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.
7. For discussions of the legal consequences of specific action and legal advice clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.

6. Adjournment

ESU Administrators

On behalf of the Blended Learning Pilot Project Team, I want to invite you to join in the blended learning movement. This project will provide leadership and guidance for schools in your region to enrich their progress in reaching goals for all students. To quote Commissioner Blomstedt, "The fact of the matter is, we're improving education for every student, every day."

The documents included in the enclosed packet include information for a two-year pilot. This pilot has been developed with the cooperation and collaboration of ESUCC and NCSA. The team of ESU Technology Affiliate Group (TAG) members Nick Ziegler and Dawn Ferreyra as well as Executive Director, David Ludwig have worked along side with NCSA representatives Mike Dulaney, Megan Hillabrand and Ryan Ricenbaw from Waverly. This team has spent numerous hours reviewing and learning what are the best practices to implement a systemic blended learning environment in schools.

Take a look at the timeline of the project. The first steps will include bringing in school teams to work with national leaders in blended learning from Highlander Institute. At that time, a school plan will be developed by the team members and their ESU partner that will define the process to implement a systemic blended learning plan.

The second page identifies criteria of readiness for schools. Review that list to ensure the foundational systems are in place for a positive experience. Please review this rubric with your staff to identify potential schools that would benefit by applying for the pilot. Notice this page can also be used as an application for the pilot project. Applications will be accepted until January 15 where ESU TAG members will be evaluating the received applications and identify those districts/schools that will be selected for the pilot project at the January ESUPDO meeting.

For questions regarding the Blended Pilot Project, please contact your TAG representative or contact Nick, Dawn or myself. This project will bring much-needed support for the statewide initiative and implementation of strategies to enhance district achievement goals.

Sincerely

Beth Kabes
Director of Blended and Distance Education
Educational Service Unit Coordinating Council

ESUCC NCSA BlendEd Pilot Project

The Nebraska Department of Education (NDE) and the Educational Service Unit Coordinating Council (ESUCC) established three state-wide initiatives in the Spring of 2013. One of these is supporting and promoting BlendEd. BlendEd enhances best practices associated with face to face classrooms with technology to empower students with control over time, place, path and/or pace of learning.

Much work has been done across the state to provide professional learning opportunities for teachers promoting BlendEd. While across the state there are pockets of teachers doing great things, there are few examples of school-wide implementation of BlendEd. To build district capacity for BlendEd, ESUCC and the Nebraska Council of School Administrators (NCSA) are partnering to provide districts the opportunity to participate in the ESUCC NCSA BlendEd Pilot Project.

Kick Off: Spring 2016

Participating schools will send teams (up to five: including administrators, tech coordinators, and teacher leaders) to a one day seminar organized by the Highlander Institute, a global leader in BlendEd implementation. The purpose of this seminar will be to help participating schools establish a systems approach for supporting BlendEd. School leadership teams will walk away with a clearer understanding of BlendEd at a systems level and a rough draft of a two year plan for implementation.

Plan: Summer 2016

After districts have had time to return to their local tech committees to revise their two year plans over the spring semester, district teams will meet for a regional, 1 day event to share and revise their two year plans and further explore BlendEd practices.

Support: 2016-17 Academic Year

Throughout the year each pilot school's administrators will participate in regular meetings to support the continued implementation of their BlendEd plan. Participating teachers will also collaborate within their schools and across their project designated region.

Reflect: Summer 2017

During the summer of 2017 pilot schools will meet regionally at one day events to discuss progress and revise their BlendEd plans.

Expand: 2017-18 Academic Year

Input from the pilot schools 2016-17 will be used to develop an ongoing program of support during the 2017-18 academic year for pilot schools, as well as establish procedures for expanding the BlendEd Pilot Project.

ESUCC NCSA BlendEd Pilot Project

The ESUCC NCSA BlendEd Pilot Project is an opportunity for Nebraska schools to develop a systems approach to enhancing education through BlendEd practices. Participation will be limited to 1-2 schools per Educational Service Unit (ESU). Participating schools will be selected based on their readiness for implementing a school-wide BlendEd project (see the readiness rubric below).

Applications are being accepted now through January 15, 2016.

Applications are accepted online: <https://sites.google.com/a/esucc.org/ne-blended/pilot-project>

2. Roll Call

3. Agenda Item

3.A. Statewide Behavioral Health Services (Committee Update)

Rationale:

A meeting was scheduled with Senator Campbell in November regarding Statewide Behavioral Health services. A committee chaired by Marge Beatty and Larianne Polk has been developed to include:

Marge Beatty
Larianne Polk
David Ludwig
Steve Milliken (NDE)
Melody Hobsen (NDE)
Michele Borg (NDE)
Gregg Gaden
Ellen Stokebrand
Darus Mettler

The charge for the committee is to organize and communicate statewide the current system of support for behavioral health and services provided. From this organized system of support, a needs assessment will be provided for enhanced services and legislative support.

Discussion:

Committee Chair reviewed the goals of the Statewide Behavior Health. Training is concern. Need to get someone from NDE on the committee. The committee will meet to create some surveys. They will gain their direction from this survey. Schools are having problems having the personnel to deliver behavior health services. There is a need improve screening processes and other areas of improvement. The committee need to define the Tier 1 (school wide), 2 (kids that need some services), 3 (kids with more severe needs) and need to find a common language.

3.B. Assistive Technology

Discussion:

Assistive Technology grants to possibly go through the ESUCC.

3.C. Statewide Training Needs

Discussion:

Statewide training needs/topics to have with KSB ie: Sped Law (Fall), Student Discipline (Spring), including bullying, Title IX (Fall), Business practices (Spring), Board ethics (February). Vet through appropriate committee.

3.D. Wade Fruhling - SRS Report

3.D.I. AAP

Rationale:

Wade and Michelle Borg completed a priority list of AAP upgrades

Dave Ludwig will meet with Dean Folkers to discuss funding options

Discussion:

3.D.II. Project Para

Rationale:

Highlights from Project Para Advisory Board Meeting on April 30

820 new users in 2016. Best year ever!

Majority of the site has been upgraded to HTML 5

Benefits = Improved reliability, more readable and structured code, improved efficiency, better user experience

New Participant Management Screens

Very nice looking design

Allows instructors to easily organized trainees into groups and evaluate their progress

Discussed using Project Para in career academy setting

Project Para Conference will be held in Kearney on October 26, 2016

Also discussed holding a separate training over the summer near Omaha

3.D.III. SRS Report

Rationale:

Focus has been on server performance and speed

We have been trying to mitigate/prevent the speed problems we run into every May due to increased user traffic by:

Moved our database to a brand new server

Moved our primary web server to where our database used to be

This has doubled our CPU and tripled our memory

Improved the efficiency of our database queries to make them less resource intensive

Identified/fixed a problem with our cache

This change alone reduced a two minute query search down to 15 seconds

Fine-tuned the database for better performance

Still trying to help Bellevue Public Schools address speed problems

Scott Issacson identified two types of problems

Delayed Responses that eventually respond

The steps listed in the first bullet will address this issue

Spinning circle that never returns

Wade will spend a day at Bellevue on their network to try to gather more information on this problem

Wade is learning HTML and CSS to help assist mike with development

This will allow Mike to focus on the more challenging database and system logic and Wade can focus on how it looks on screen.

Invoices will be mailed shortly

Dollar amount invoiced = \$321,406

5. Executive Session

Rationale:

The ESU Coordinating Council is authorized by state statute to enter into executive session. Executive session may be held when clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual. Reasons that meet this standard include but are not limited to: (a) strategy sessions with respect to collective bargaining, real estate matters, pending litigation, or litigation which is imminent as evidenced by communication of a claim or threat of litigation to or by the public body; (b) discussion regarding deployment of security personnel or devices; (c) investigative proceedings regarding allegations of criminal misconduct; (d) evaluation of the job performance of a person when necessary to prevent needless injury to the reputation of a person and if such person has not requested a public meeting; and (e) legal advice.

Explanation

At this point, it is appropriate for the Board to meet in closed session for one of the stated matters and/or any other permissible closed session matters in compliance with the law.

PROPOSAL:

That the Board hold a closed session:

1. For strategy session with respect to negotiations/collective bargaining clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.
2. For strategy session with respect to property/real estate matters clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.
3. For strategy session with respect to pending litigation, or litigation which is imminent as evidenced by communication of a claim or threat of litigation to or by the public body clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.
4. For discussion regarding deployment of security personnel or devices clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.
5. For investigative proceedings regarding allegations of criminal misconduct clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.
6. For personnel and the evaluation of job performance clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.
7. For discussions of the legal consequences of specific action and legal advice clearly necessary for the protection of the public interest or for the prevention of needless injury to the reputation of an individual in compliance with the law.
