## **ESUCC Special Education Committee Update**

**5/5/15**

### **AAP Website**

- Spent a Day with Dean Folkers and Ed Comber, a consult working on the Data Dashboard project.
  - Provided Demo of AAP site and SRS site for Dean and Ed
  - Most of the discussion were centered around what types of data SRS and the AAP site collect and how that data might be connected to the larger Operational Data Store (ODS) that NDE is developing
  - We also talked about the possibility of pulling data into SRS via the State's ODS system.
    - This would offer enormous advantages to our users
      - Eliminate the need to enter student information into their local Student Information System AND SRS.
      - Ability to incorporate educational data and reports from other systems into SRS documents.
- A meeting with all of the Rule 18 personnel has been scheduled for June 19<sup>th</sup>.
  - In addition to other Rule 18 related topics, we will be providing a demonstration of the AAP site and provide the users with an opportunity to give us some feedback on how the site is working for them.

### **Project Para**

- Marjorie is in the process of updating the code for all of the pages with forms
  - This is an on going process and will continue for several more months.
- The 26<sup>th</sup> Annual Paraeducator Conference is scheduled for October 29, 2015 in Kearney
- I will be taking part in the Project Para Advisory Committee meeting on May 5, 2015

### **SRS**

- We are in the middle of a large project to convert our NSSRS Reporting System to the new Zend Framework
  - First round of testing will begin in early May
- We have cleaned up a few bugs related to our new Zend Framework Edit Student and Student Forms screens.
- Invoices for the 2015-16 school year have been sent to Priscilla and should be distributed to the ESUs very soon
- Other minor/routine bug fixes

### **ILCD**

- We continue to maintain the ILCD Staff Survey site
  - Our office emails the data (along with a summary) to school districts upon request
