In School Savings

Fall 2025

IN SCHOOL SAVINGS PROGRAM

INSTILLING SMART SAVING HABITS AND A
BRIGHTER FUTURE IN THE YOUNG MINDS
OF OUR STATE.

WHAT?

A school branch that teaches smart saving habits to the youth. Our goal is to focus on increasing financial literacy to better the future of our state and beyond.

WHO?

This is a state wide program that was created by the NCEE and is supported by local banks and schools.

WHY? To Change Financial Futures!

Research on the In School Savings program shows positive outcomes correlated with participation; Significantly more likely to be banked, more likely to be earning income in high school and more likely to be saving. In addition, students who participated in the in-school savings program are saving more than those who did not participate.

NASB CODE OF CONDUCT/ CODE OF ETHICS

To ensure the district provides a safe and successful learning environment for all students, the Board of Education is committed to governing through policy. In accordance with this belief and by adoption of this policy, each board member commits to following the Code of Conduct/Code of Ethics.

Board members' actions, verbal and nonverbal, reflect the attitude and the beliefs of the school district. Therefore, board members must conduct themselves professionally and in a manner fitting to the responsibility of duty.

In addition to the following, board members should be familiar with and abide by their district's Code of Conduct/Code of Ethics.

AS A BOARD MEMBER, I WILL:

- Recognize that my authority rests not with individual members of the board, but within a legal session of the board, respecting and abiding by the majority decision of the board.
- Consistently uphold all applicable local, state, and federal laws, rules, and policies.
- Attend all regularly scheduled board meetings, insofar as possible, and diligently prepare for meetings by reviewing in advance the material provided.
- Remain informed of local, state, and national educational developments of significance, remaining current on needs and requirements pertaining to educational issues through individual study and participation in board development opportunities.
- Consider the needs of the entire community and vote in the best interest of students, staff, and the educational program.
- Encourage individual board member free expression of ideas, listen without judgement, engage in thoughtful deliberation, and maintain open communication between all stakeholders.
- Complete the Conflict of Interest form and not use the school district or any part of the school district program for my own personal advantage or for the advantage of my friends or supporters.
- Abide by the Open Meetings Law and only enter closed session of the board if the situation requires it. I will consider "secret" sessions of board members in violation of the law.
- Recognize that promising in advance of a meeting how I will vote on any item prohibits open discussion and inhibits transparency.

- Retain independent judgement and refuse to surrender that judgment to individuals or special interest groups.
- Respect the confidentiality of privileged information, as prescribed by law.
- Prioritize policymaking, budget, goal setting, strategic planning, and the effects on student learning and achievement, ensuring efficient use of education resources.
- Act only as a member of the board, do not assume any individual authority when the board is not in session, and take no private action that will compromise the board or administration.
- Request recommendations from the superintendent and consider legal counsel advice for the board when required for full and informed board consideration of issues requiring legal expertise.
- Acknowledge that the superintendent of schools and his or her staff are responsible and accountable for the delivery of the educational programs and the conduct of school operations.
- Adhere to and encourage others to follow the Chain of Command regarding complaints, requests, and concerns related to the school district.
- Ensure strong management of the school system by hiring and evaluating the superintendent, collaborating toward a common vision and goals for the district.
- Hold the superintendent accountable by jointly creating job performance standards and at least annually performing a comprehensive evaluation based on the job description, contract, and superintendent goals.
- Provide policy support for school administrators in the performance of their duties and delegate authority commensurate with those responsibilities.
- Perform a liaison communications role by respecting the needs of both the community and the school by engaging stakeholders in the strategic planning process.
- Recognize the board president (or designee) will speak as the official voice of the board. A single board member will not represent the board without the consent of the board, and board members making personal statements (in any format, including speeches, articles, social media posts, etc.) should clearly state these statements are their opinion and not the position of the board.
- Acknowledge the different roles that we play as individuals (board member, patron, parent, etc.).

2009
Public Participation at Board Meetings

The board of education shall conduct its meetings in accordance with the Nebraska Open Meetings Act.

The board shall make reasonable efforts to accommodate the public's right to hear the discussions and testimony presented at its meetings. The board shall make available at the meeting, for examination and copying by members of the public, at least one copy of all reproducible written material to be discussed in open session of the meeting.

Except for closed sessions, the board will allow members of the public an opportunity to speak at each meeting. The board may make and enforce reasonable rules and regulations regarding the conduct of persons attending, speaking at, videotaping, photographing, or recording its meetings.

The board shall not require members of the public to identify themselves as a condition for admission to the meeting, nor shall such body require that the name of any member of the public be placed on the agenda prior to such meeting in order to speak about items on the agenda. However, the board shall require members of the public desiring to address the board to identify themselves, including an address and the name of any organization represented by such person unless the address requirement is waived to protect the security of the individual.

This is the portion of the meeting when members of the public may speak to the board about matters of public concern.

- **Getting Started:** When you have been recognized, please stand and state your name.
- **Time Limit:** The board will generally allow a total of 30 minutes for the presentation of all public comments. Individuals may speak only one time, and must limit comments to around 5 minutes. If there are more than 6 individuals who wish to address the board, the 30 minutes will be divided equally between the number of speakers. These time limits may be changed by a majority vote of the board members in attendance to extend the time for a specific item or speaker.
- **Personnel or Student Topic:** If you are planning to speak about a personnel or a student matter involving an individual, please understand that the district has a complaint policy and/or procedures to resolve such complaints and concerns. The Board requests that you follow the policy and procedures before addressing these matters with the Board. Board members will generally not respond to any questions you ask or comments about individual staff members or students.
- **General Rules:** This is a public meeting for the conduct of business. Comments from the audience while others are speaking will not be tolerated. Lewd, obscene, profane, slanderous, threatening and hostile conduct or statements and fighting words (words whose mere utterance entails a call to violence) will not be tolerated.

Transportation Notes

Date: 12/18/2025

Buses

- All buses will be inspected the last week of December.
- The #1 diesel has arrived and is stored in one of JC Ourada's tanks. We mix the #1 diesel with #2 diesel unless there are very cold temperatures forecasted. If it is very cold, we run straight #1 diesel until the temps warm up. JC continues to provide DEF to us without a charge.
- Bus 21 is going to the Thomas mechanic in York to fix the wheelchair lift over winter break. Using the bus on the route this year has jostled the lift enough that some parts have come off.
- I received quotes from the Thomas and Blue Bird salesmen for a new, bigger activity bus. Our current activity bus holds 47. The new bus would hold 50-51. The quotes are below. I favor Blue Bird buses because they don't have as much glass to wash and keep clean. The Thomas buses take me an average of 30-45 minutes longer to wash because of the glass. I had them quote the bus with AC, backup camera, and air-ride suspension. The Blue Bird bus also comes with a driver air bag. Unbelievably, this hasn't been offered on school buses before.
- The bus drivers have requested brighter headlights on Bus 15 and Bus 13. LED bulbs are not available for buses that old so I will pick up the brightest bulbs I can find and replace them over winter break.

Vans

- I will move the vans to the bus barn on December 22 to keep them out of the weather during winter break. If I see snow forecasted during this winter, I'll move them to the bus barn so they are out of the way for snow removal.
- During the winter sports seasons, paras will transport students home in vans when the buses/drivers are used for activities.
- Vans 22 and 23 will go to Midway over winter break to have recalls fixed. The Pacifica vans have open recalls currently but parts are not available. When parts are in stock, I will have them repaired.
- The girls wrestling team is using 2 vans to attend meets this season. The boys wrestling team will use vans for several meets when a bus driver isn't available.

Looking ahead

- The minibus will not arrive until February.
- Anyone who drives the minibus will need to take the 11-hour Level I bus class provided by the Nebraska Safety Center. This includes coaches and paras. A CDL is not required to drive it.
- We have two buses that have met the requirements to be replaced. Those requirements include a replacement schedule of 100,000+ miles and/or being in service for 10+ years. Bus 13 has 116,000 miles and has been used for 12 years. Bus 15 has been in service for 11 years and has 80,000+ miles. Bus 18 will have 100,000 miles in the 2026-27 school year. Buses 13 and 15 have rust and seat damage.
- I would like the bigger activity bus to have boys, girls, coaches, and managers all ride the same bus during basketball and track seasons, eliminating the need for 2 buses/drivers, allowing us to keep 3 drivers on the bus routes, reducing the need to use vans on the routes, and keeping them off gravel roads.

Subject to applicable withholding and deductions, and otherwise subject to the terms and conditions of this Agreement, including but not limited to her good faith, in-person performance of her work duties and pursuant to the above-referenced contract between Beran and the District, Beran shall also receive the following payments for each pay period:

- January 2026: \$10,000.00
- February 2026: \$10,000.00

- March 2025: \$5,000.00
- April 2026: \$5,000.00
- May 2026: \$5,000.00

After the July 2026 pay period, Beran is not entitled to any further monies or additional payments from the District, unless otherwise mutually agreed to in writing.

Notwithstanding any of the foregoing, nothing in this Agreement prevents Beran from filing a claim with or participating in investigations initiated by any government agency charged with enforcement of any law. As stated above, Beran has waived the right to recover monetary damages or other individual relief in connection with any such charge, claim, or investigation.

Notwithstanding anything to the contrary herein, nothing in this Paragraph or Agreement shall preclude or prevent Beran from bringing suit to enforce any provision of this Agreement, or seek any damages or remedies under this Agreement, if the District breaches this Agreement.

B. Encouragement to Consult Attorney. Beran acknowledges that she has been encouraged to consult an attorney prior to signing of this Agreement and verifies that she has, in fact, consulted an attorney and understands her release of claims against the District. Beran agrees that this Release and all the terms and conditions of this Transition Agreement have been fully explained to and are understood by her.

C. Release by the District. The District hereby releases Beran from any and all claims, however characterized, whether for damages, costs, expenses, compensation, penalties, wages, benefits, reinstatement, attorneys' fees or other authority, with respect to, arising out of, or in relation to Beran's employment with the District.

Notwithstanding anything to the contrary herein, nothing in this paragraph or Agreement shall preclude or prevent the District from bringing suit regarding any provision of this Agreement, or seeking any damages or remedies under this Agreement, if Beran breaches this Agreement.

3. **Non-Disparagement.** Both Beran and the District agree to remain professional during the remainder of the 2025-2026 school year. To this end, to the extent permitted by law or unless otherwise required by law or court order, Beran agrees to refrain from disparaging the District. In exchange, the District, to the extent permitted by law or unless otherwise required by law or court order, agrees to refrain from disparaging Beran.

4. **Property.** After June 30, 2026, Beran shall not retain any District property, including, but not limited to, school keys or other access device, school badge, school electronic devices, and student records. On or before June 30, 2026, Beran shall work cooperatively with District Administration in order for Beran to return any school property that she may have in her possession or control not later than a date reasonably and mutually agreed upon by Beran and District Administration.

5. **Cancellation of this Agreement.** Both Beran and the District acknowledge that this Agreement was reached as a compromise to the ending of Beran's employment with the District. During the term of this Agreement, Beran must perform her duties in-person, in good faith, and to the best of her abilities. Beran will not unreasonably utilize leave or otherwise fail to perform, with good faith and to the best of her abilities, the duties of Superintendent of Schools. If Beran fails to abide by or adhere to the terms of this Agreement, then the Board may proceed with the cancellation of Beran's employment contract. If the District's Board of Education votes to cancel Beran's contract during the term of this Agreement, then Beran's employment and this Agreement shall end on the date so determined by the Board of Education.

6. **Entire Agreement.** This Agreement contains the entire agreement between the parties and the terms hereof are contractual and not a mere recital.

**EDUCATIONAL SERVICE UNIT 10
CONTRACT FOR
SPECIAL EDUCATION SERVICES**

THIS AGREEMENT, made and entered into this 5th day of January, 2026, by and between **EDUCATIONAL SERVICE UNIT 10** of the State of Nebraska hereinafter called "**SERVICING AGENCY**," and **Elm Creek Public Schools**, called "**DISTRICT**."

WITNESSETH:

The District does hereby agree to hire the Servicing Agency to service its age-eligible students with disabilities during the school year 2026-27, and the Servicing Agency agrees to act as such Servicing Agency, for the consideration and under the terms and conditions as hereinafter set forth:

1. A description of the program of special education and related services to be provided to District students shall be as set forth in Schedule "A" hereto attached, including full-time equivalency (FTE) provided in 2025-26 and anticipated in 2026-27 unless district notifies servicing agency otherwise.
2. The District shall pay the Servicing Agency for said special education and related services in accordance with Schedule A. This Schedule shall be in full force and effect during the school year of 2026-27, commencing not earlier than August 1, 2026, and ending not later than August 20, 2027. The total dollar amount of this contract will be submitted to the district on or before July 1, 2026, or as soon as the budgets are set for the Servicing Agency, whichever is later.
3. The District agrees that the costs for the actual services rendered will be reconciled by the Service Agency, and the amount payable for those special education services to be delivered by the Servicing Agency shall be paid in full. All programs and services will be billed based on the actual services delivered as outlined in Schedule A, based on the structure in Schedule B.
4. The District agrees that the amount payable for special education services the first month of the school year will be one-tenth (1/10) of the budgeted cost with payment due on or before October 16, 2026.
5. The Servicing Agency agrees to bill the District for the actual cost of special education services rendered and to reconcile prior overpayment or underpayment based on actual services rendered.
6. The Servicing Agency agrees to provide the District with the final billing, a complete reconciliation of the actual costs of services rendered, and the actual rate for cost of services. The final billing to the District shall serve as a final reconciliation of the amount of payment previously agreed upon in item two of this contract.
7. The District agrees that the final billing for special education services submitted to the District by the Servicing Agency for actual services rendered during the contract period shall be considered as an amendment to the original contract and shall be included in full by this reference. If the District does not dispute any of the amounts or services contained in the final billing within 30 days, the parties agree that it will be incorporated in full as an amendment to this contract.
8. Special education programs or services which extend beyond the regular school year will be provided by the Servicing Agency upon request by the District. Extended programs shall be covered by separate contract.
9. It is further agreed that in the event the District does not pay the Servicing Agency as herein set forth, the Servicing Agency may cancel this contract and refuse further service. In the event of such Cancellation, the Servicing Agency may recover any past due amounts and exercise any other rights that may exist by law.
10. The Servicing Agency shall record and supply to the District, upon request, information on each child for whom services are contracted, including time-and-effort logs detailing the services provided, the name of the provider, the duration of the services, and the date on which services were provided. The Servicing Agency agrees to confer with the District for purposes of evaluating such child's progress and the District's compliance with applicable laws.

11. The Servicing Agency shall assist the District with the preparation of plan and budget, financial reports and other procedures, artifacts, and obligations required by NDE Rule 51 or 52.
12. The District and the Servicing Agency agree to abide by the mandated procedures for identification, verification, placement, development of the individualized program, inspection and review of student records, and other requirements as specified in NDE Rules 51 and 52, Regulations and Standards for Special Education Programs, Nebraska State Department of Education, and the current Federal Regulations implementing IDEA.
13. The District hereby agrees that changes or modifications in the program or children served shall be mutually agreed upon before said change or modifications are implemented.
14. Should the Servicing Agency be unable to render the services contracted because of the Servicing Agency's inability to employ personnel who meet the criteria for employment of the Servicing Agency and/or the certification requirements of the State of Nebraska, or for other reasons which are determined by the Servicing Agency to be valid, the Servicing Agency has no obligation to provide services contracted for but not provided or reimburse the District for any additional cost incurred to procure those services. The Servicing Agency values its collaborative relationship with the District and will give reasonable efforts to assist the District in procuring those services. The District will be notified no later than September 1, 2026 of the Service Agency's inability to provide any services under this contract.
15. The District agrees that any act intentionally and unilaterally done which may cause litigation against the Servicing Agent shall be defended at the sole expense of the District and any damages assessed against the District for the Servicing Agency or either of them shall be borne entirely by the District. This paragraph shall not operate to indemnify or relieve the Servicing Agency of any liability otherwise attaching to it under any applicable state or federal law, nor to any action undertaken by the District in the provision of special education services or related services which are undertaken in consultation with the Servicing Agency or in a good faith effort by the District to comply with lawful obligations of the District.
16. **The District agrees that in the event the District desires to change the services provided by this contract for a subsequent year whether by change in full-time equivalency, staffing, change in percentage FTE of any area of endorsement held by personnel presently assigned to the District, or to eliminate any program or service being provided pursuant to this contract, the District shall notify the Servicing Agency administrator in writing of such requested change on or before March 1, 2026 (next preceding the starting date of the school year to be affected by any changes) as are described in this paragraph.**
17. **The District agrees that in the event that no such written notice is made to the Servicing Agency on or before March 1, that the Servicing Agency shall be entitled to assume that the District desires the same FTE in all areas of endorsement, certification or other qualification, and in all programs it had through this contract with the Servicing Agency, including in Schedule A. In the event the District should later notify the Servicing Agency of a diminished request for FTE in any area of endorsement, certification or other qualification, or in any program or service provided by this contract, the Servicing Agency shall use its best effort to find other employment for such affected personnel, provided, however, that in the event such personnel cannot be reassigned and to the extent that such personnel constitute a cost to the Servicing Agency that cannot be passed through by way of contract or otherwise, the District agrees to pay any cost incurred by the Servicing Agency for such personnel.**
18. This contract may be renegotiated or amended by mutual agreement.

respond:

3. Sealed bids will be publicly opened in a place and at the specific time stated in the bid solicitation. Bidders shall be notified of the opening and invited to be present.

4. The contract will be awarded to the lowest responsive and responsible bidder.

a) Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs must be considered in determining which bid is lowest.

b) Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of.

c) Any or all bids may be rejected if there is a sound documented reason.

5. The board shall have discretion in determining which bidders are responsible and responsive and shall award the contract to the lowest, responsible, and responsive bidder whose bid meets the bid specifications. This means that the board will select the bid that offers the best value and award a contract based upon the amount of the bid and the bidder's ability and capacity to carry on the work, its equipment and facilities, honesty, integrity, skills, business judgment, experience, equipment, facilities, financial stability, past performance, and other relevant factors.

6. The board will generally complete its review of bids and select a vendor within 30 days of bid submission.

6. Bids will be reviewed by the Superintendent and/or designee and submitted to the board for approval.

7. The board shall have discretion in determining which bidders are

responsible and responsive and shall award the contract to the lowest, responsible, and responsive bidder whose bid meets the bid specifications. This means that the board will select the bid that offers the best value and award a contract based upon the amount of the bid and the bidder's ability and capacity to carry on the work, its equipment and facilities, honesty, integrity, skills, business judgment, experience, equipment, facilities, financial stability, past performance, and other relevant factors.

8. The board will generally complete its review of bids and select a vendor within 30 days of bid submission.

General Purchasing and Procurement

I. Applicability of this policy.

Purchases made with federal funds, whether those funds are derived directly from the federal government (e.g. award of a federal grant) or are derived by pass-through awards from the Nebraska Department of Education (e.g. special education funds, school lunch funds, Title I funds) are subject to the policy on Purchasing and Procurement with Federal Funds, which is found elsewhere in this section.

This policy applies to all other purchases made by the school district other than construction, remodeling, repair and site improvements.

II. General Purchasing Policy

A. The school district's budget shall be the guide for all purchases. No employee of the district may make a purchase that is not provided for in the budget without board or administrative approval.

B. The board intends to purchase competitively, whenever possible, without prejudice and to seek maximum educational value for every dollar expended.

C. The acquisition of services, equipment and supplies shall be centralized in the administration office under the supervision of the superintendent of schools, who shall be responsible for developing and administering the purchasing program of the school district.

D. Purchases or commitments of district funds that are not authorized by this policy will be the responsibility of the person making the commitment.

III. Building-Specific Purchasing

A. School buildings are operationally under the control of building principals. Principals have control and responsibility for the building and grounds, for all supplies and equipment housed at the building, for all school-related activities in the building, and for all pupils, teachers, and other employees assigned to the building.

B. Principals, in consultation with their staff, are responsible for requisitioning, managing, distributing, and utilizing supplies within the building.

C. The superintendent of schools or his designee is responsible for the requisitioning, managing, distributing, and utilizing of supplies for maintenance and transportation.

D. The administration is responsible for purchasing of goods, services and supplies and for providing the necessary forms for establishing efficient procedures to facilitate the process.

IV. Purchasing Procedures

A. School personnel must secure the approval of an authorized administrator before making any purchases.

B. Employees seeking reimbursement for a purchase made with their personal

funds must attach an itemized receipt or invoice to all requests for reimbursement; must sign all purchase receipts or charge slips; and must submit itemized receipts and any purchasing card or credit card receipts to the office of the superintendent no later than 1 week prior to the next regular board meeting. A non-itemized credit card receipt is not sufficient.

C. Employees making purchases with a school district credit card or purchasing program must comply with the steps set forth in the district's Purchasing (Credit) Card Program.

D. All purchases of goods and services made with district funds must be made on a properly executed purchase order.

E. All purchases shall be initiated with a purchase order. Purchase orders are signed by the person responsible for that particular budget and finally by the superintendent.

F. For purchases of more than \$10,000, authorized staff members must secure written quotes and/or estimates from a reasonable number of vendors. Staff will purchase from a responsible vendor with the lowest price unless the board approves the purchase from the more expensive vendor.

V. Relations with Vendors

A. The board wishes to maintain good working relations with vendors who supply materials, supplies and services to the school system. The school shall not extend favoritism to any vendors. Each order shall be placed on the basis of quality, price and delivery, with past services being a factor if all other considerations are equal. The administrative team may, in its discretion, use a Nebraska a state-wide cooperative purchasing program in lieu of obtaining quotes or bids under this policy to the extent such a bid or quote is not otherwise independently required by law.

B. No purchase shall be made that violates any conflict of interest policy or law.

C. No employee shall endorse any product of any type or kind in such a manner as will identify him/her in any way as an employee of the school district.

D. The board believes in patronizing local businesses. Consequently, when proposals are judged to be equal in terms of quality, price, and/or service, the contract or purchase will be awarded to the firm that is located within the district. However, the board will not sacrifice either quality or economy to patronize local businesses.

Fiscal Management for Purchasing and Procurement Using Federal Funds

I. Applicability of Policy

This policy applies only to non-construction related purchases undertaken with federal funds which are subject to the federal Uniform Grant Guidance (UGG) and other applicable federal law, including but not limited to the Education Department and General Administration Regulations (EDGAR) and the United States Department of Agriculture (USDA) regulations governing school food service programs. In the event this policy conflicts or is otherwise inconsistent with mandatory provisions of the UGG, EDGAR or other applicable federal law, the mandatory provisions of the laws shall

control.

All other non-construction purchases will be governed by the Board's general purchasing policy, which can be found earlier in this subsection. In the event of a conflict between state and federal law, the more stringent requirement shall apply.

This procurement policy shall govern all purchasing activities that relate to any aspect of the National School Lunch and Breakfast Programs. The district's goal is to fully implement all required procurement rules, regulations and policies set forth in 2 CFR 200, 7 CFR parts 210, 3016 and 3019, and by the Nebraska Department of Education.

II. Procurement System

The District maintains the following purchasing procedures.

A. Responsibility for Purchasing

The authority to make purchases shall be governed by the District's purchasing policy, which can be found elsewhere in this section. Except as otherwise provided in the District's purchasing policy, the acquisition of services, equipment, and supplies shall be centralized in the administration office under the supervision of the superintendent of schools, who shall be responsible for developing and administering the purchasing program of the school district. Purchases or commitments of district funds that are not authorized by this policy will be the responsibility of the person making the commitment.

B. Methods of Purchasing

The type of purchase procedures required depends on the cost of the item(s) being purchased.

1. Purchases up to \$10,000 (Micro-Purchases)

Micro-purchase means an individual procurement transaction for supplies or services using simplified acquisition procedures, the annual aggregate amount of which does not exceed \$10,000. Micro-purchases may be made or awarded without soliciting competitive quotations, to the extent district staff determine that the cost of the purchase is reasonable. For purposes of this policy "reasonable" means the purchase is comparable to market prices for the geographic area.

To the extent practicable, the District distributes micro-purchases equitably among qualified suppliers. The District will follow its standard policy on purchasing, which can be found earlier in this subsection.

2. Purchases between \$10,000 and \$250,000 (Simplified Acquisition Procedures)

Simplified acquisitions are purchases that, in the aggregate amount, are more than \$10,000 and less than \$250,000 annually. For simplified acquisitions, price or rate quotes shall be obtained in advance from a reasonable number of qualified sources as detailed in the district's standard policies on purchasing and on bid letting and contracts, which can be found earlier in this subsection.

3. Purchases Over \$250,000

a) Sealed Bids (Formal Advertising)

For purchases over \$250,000, the district will generally follow the bidding process outlined in the board's policy on Bidding for Construction, Remodeling, Repair or Site Improvement. If sealed bids are not accepted for a purchase of over \$250,000, the district will retain an explanation for that decision.

b) Contract/Price Analysis

The District performs a cost or price analysis in connection with every procurement action in excess of \$250,000, including contract modifications. The district will make an independent estimate of costs prior to receiving bids or proposals.

4. Noncompetitive Proposals (Sole Sourcing)

a) Procurement by noncompetitive proposals is procurement _____ through solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:

- 1) The procurement transaction can only be fulfilled by a single source;
- 2) The public exigency or emergency for the requirement will not permit a delay resulting from providing public notice of a competitive solicitation;
- 3) The federal awarding agency or pass-through entity expressly authorizes written approval of noncompetitive proposals in response to a written request from the District;
or
- 4) After solicitation of a number of sources, competition is determined inadequate.

b) Noncompetitive proposals may only be solicited with the approval of the superintendent or the board. Sufficient and appropriate documentation that justifies the sole sourcing decision must be maintained by the superintendent or designee.

c) A cost or price analysis will be performed for noncompetitive proposals when the price exceeds \$250,000.

5. Competitive Proposals.

a) The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this method is used, the following requirements apply:

1. Requests for proposals must be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals must be considered;
2. Proposals must be solicited from an adequate number of qualified sources; and
3. Contracts must be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered.

b) The District may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used to procure A/E professional services. The

method may not be used to purchase other services provided by A/E firms as a potential source to perform the proposed effort.

c) The District may select a proposal that offers the best value and that is based upon the proposer's responsiveness to the proposal, experience, reputation, staff qualifications, ability and capacity to carry on the work, price, honesty, integrity, skills, business judgment, financial stability, past performance, and other relevant factors. The evaluation may be conducted by the school board, a designated committee, or another designee of the school board.

C. Use of Purchase (Debit & Credit) Cards

District use of purchase cards is subject to the policy on purchase cards which can be found elsewhere in this subsection.

D. Federal Procurement System Standards

The district's procurement transactions will be conducted in a manner providing full and open competition consistent with 2 C.F.R §200.319.

The District will maintain and follow general procurement standards consistent with 2 C.F.R. §200.318.

E. Debarment and Suspension

The District awards contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, public policy compliance, proper classification of employees (see the Fair Labor Standards Act, 29 U.S.C. 201, chapter 8), record of past performance, and financial and technical resources when conducting a procurement transaction.

The District may not subcontract with or award subgrants to any person or company who is debarred or suspended. For all contracts over \$25,000 the District verifies that the vendor with whom the District intends to do business with is not excluded or disqualified. 2 C.F.R. Part 200, Appendix II(1) and 2 C.F.R. §§ 180.220 and 180.300.

The District will verify debarment or suspension by revising the excluded parties list on SAM.gov, collecting a certification through the bidding process, and/or by including a debarment and suspension provision in the bid and contract documents. The Superintendent or his/her designee shall be responsible for such verification.

F. Settlements of Issues Arising Out of Procurements

The District alone is responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the District of any contractual responsibilities under its contracts. Violations of law will be referred to the local, state, or federal authority having proper jurisdiction.

III. Conflict of Interest and Code of Conduct

A. Board and staff member conflicts of interest are governed by the district's conflict of interest policies.

B. Purchases covered by this policy are subject to the following additional provisions.

1. Employees, officers, and agents engaged in the selection, award, and/or administration of district contracts which are prohibited from engaging in such

actions if a real or apparent conflict of interest is present.

2. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.

3. The board may determine at its discretion that a financial interest is not substantial enough to give rise to a conflict of interest.

C. Favors and Gifts

An employee, officer, agent, and board member of the District may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts, except that this provision does not prohibit the receipt of unsolicited items of nominal value. For purposes of this policy, "nominal value" means a fair market value of \$25 or less.

D. Enforcement

Disciplinary Actions including, but not limited to, counseling, oral reprimand, written reprimand, suspensions without pay, or termination of employment, will be applied for violations of such standards by officers, employees, board members, or agents of the District.

IV. Property Management Systems

A. Property Classifications

1. Equipment means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost that equals or exceeds the lesser of the capitalization level established by the District for financial statement purposes, or \$10,000.

2. Supplies means all tangible personal property other than those described in §200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the District for financial statement purposes or \$10,000, regardless of the length of its useful life. 2 C.F.R. §200.94.

3. Computing Devices means machines that acquire, store, analyze, process, and publish data and other information electronically, including accessories (or "peripherals") for printing, transmitting and receiving, or storing electronic information. 2 C.F.R. §200.20.

4. Capital Assets means tangible or intangible assets used in operations having a useful life of more than one year which are capitalized in accordance with GAAP. Capital assets include:

a) Land, buildings (facilities), equipment, and intellectual property (including software) whether acquired by purchase, construction, manufacture, lease-purchase, exchange, or through capital leases; and

B. Inventory Procedure

Newly purchased property shall be received and inspected by the staff member who

ordered it to ensure that it matches the purchase order, invoice, or contract and that it is in acceptable condition.

Equipment, Computing Devices, and Capital Assets must be tagged with an identification number, manufacturer, model, name of individual who tagged the item, and date tagged).

C. Inventory Records

For equipment, computing devices, and capital assets purchased with federal funds, the following information is maintained in the property management system:

1. Serial number;
2. District identification number;
3. Manufacturer;
4. Model;
5. Date tagged and individual who tagged it;
6. Source of funding for the property;
7. Who holds title;
8. Acquisition date and cost of the property;
9. Percentage of federal participation in the project costs for the federal award under which the property was acquired;
10. Location, use and condition of the property; and
11. Any ultimate disposition data including the date of disposal and sale price of the property.

The inventory list shall be adjusted by the superintendent of schools or his/her designee for property that is sold, lost, stolen, cannot be repaired, or that cannot be located.

D. Physical Inventory

1. A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.
2. The Superintendent or his/her designee will ensure that the physical inventory is performed. The physical inventory will generally occur during the months of June or July, but may be conducted during other time periods with the approval of the superintendent.

E. Maintenance

In accordance with 2 C.F.R. 313(d)(4), the District maintains adequate maintenance procedures to ensure that property is kept in good condition.

F. Lost or Stolen Items

The District maintains a control system that ensures adequate safeguards are in place to prevent loss, damage, or theft of the property. The District will notify the Federal agency or pass-through entity of any loss, damage, or theft of equipment that will have an impact on the program.

G. Use of Equipment

Equipment must be used in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by the federal award, and the District will not encumber the property for any non-federal program use without prior approval of the federal awarding agency and the pass-through entity.

H. Disposal of Equipment

When it is determined that equipment acquired under a federal award is no longer needed for the original project or program or for other activities currently or previously supported by a federal awarding agency, the Superintendent or his/her designee will contact the awarding agency (or pass-through for a state-administered grant) for disposition instructions.

If the item has a current fair market value of \$10,000 or less, it may be retained, sold, or otherwise disposed of with no further obligation to the federal awarding agency or pass-through entity. The Superintendent or his/her designee will utilize sales procedures which ensure the highest possible return on the disposal of the equipment.

I. Equipment Retention

When included in the terms and conditions of the Federal award, the Federal agency may permit the recipient to retain equipment, or authorize a pass-through entity to permit the recipient to retain equipment, with no further obligation to the Federal Government unless prohibited by Federal statute or regulation.

J. Equipment and Capital Expenditures

All equipment and capital expenditures shall comply with the rules and requirements of 2 CFR 200.439.

K. Depreciation

All depreciation shall comply with the rules and requirements of 2 CFR 200.436.

L. Reporting and Recording Federal Property Interest

The district will comply with federal interest reporting and submit annual reports, if required, regarding a real property interest due to a renovation, major remodeling, construction, or real property project funded by federal grant funds.

V. Financial Management

A. Identification

The District will identify, in its accounts, all federal awards received and expended and the federal programs under which they were received. Federal program and award identification include, as applicable, the CFDA title and number, federal award identification number and year, name of the federal agency, and, if applicable, name of the pass-through entity.

B. Financial Reporting

The District will make an accurate, current, and complete disclosure of the financial results of each federal award or program in accordance with the financial reporting requirements set forth in the Education Department General Administrative Regulations (EDGAR).

C. Accounting Records

The District maintains records which adequately identify the source and application of funds provided for federally-assisted activities. These records must contain information pertaining to grant or subgrant awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.

D. Internal Controls

The Superintendent or his/her designee must maintain effective control and accountability for all funds, real and personal property, and other assets through board

review and approval of claims, an annual audit of the district's finances pursuant to the applicable Nebraska Department of Education and federal rules and regulations, and comparison of expenditures and outlays to budgeted amounts. The District adequately safeguards all such property and assures that it is used solely for authorized purposes. The District takes reasonable cybersecurity and other measures to safeguard information including protected personally identifiable information.

E. Budget Control

Actual expenditures or outlays will be compared with budgeted amounts for each federal award at least annually and more often as required by law or deemed prudent by the board or administrative staff.

F. Payment Methods

The District will comply with applicable methods and procedures for payment that minimize the time elapsing between the transfer of funds and disbursement by the District, in accordance with the Cash Management Improvement Act at 31 CFR Part 205. Generally, the District receives payment from the Nebraska Department of Education on a reimbursement basis. 2 CFR § 200.305. However, if the District receives an advance in federal grant funds, the District will remit interest earned on the advanced payment quarterly to the federal agency. The District may retain interest amounts up to \$500 per year for administrative expenses. 2 CFR § 200.305(b)(9).

Consistent with state and federal requirements, the District will maintain source documentation supporting the federal expenditures (invoices, time sheets, payroll stubs, etc.) and will make such documentation available for the Nebraska Department of Education to review upon request.

G. Allowability of Costs

Expenditures must be aligned with approved budgeted items. Any changes or variations from the state-approved budget and grant application need prior approval.

When determining how the District will spend its grant funds, the Superintendent or his/her designee will review the proposed cost to determine whether it is an allowable use of federal grant funds before obligating and spending those funds on the proposed good or service. All costs supported by federal education funds must meet the standards outlined in EDGAR, 2 CFR Part 3474 and 2 CFR Part 200. The Superintendent or his/her designee must consider these factors when making an allowability determination.

The Superintendent or his/her designee will consider Part 200's cost guidelines when federal grant funds are expended. The Superintendent or his/her designee will also consider whether all state - and District-level requirements and policies regarding expenditures have been followed.

H. Use of Program Income – Deduction, Addition, or Cost Sharing or Matching

The default method for the use of program income for the District is the deduction method. 2 C.F.R. § 200.307(e). Under the deduction method, program income is deducted from total allowable costs to determine the net allowable costs. Program income will only be used for current costs unless the District is otherwise directed by the federal awarding agency or pass-through entity. 2 C.F.R. § 200.307(e)(1). The District may also request prior approval from the federal awarding agency to use the addition method. Under the addition method, program income may be added to the Federal award by the Federal agency and the non-Federal entity. The program income must then be used for the purposes and under the conditions of the Federal award. 2 C.F.R. §

200.307(e)(2). The District may also request prior approval from the federal awarding agency to use the cost sharing or matching method.

While the deduction method is the default method, the District always refers to the grant award notice prior to determining the appropriate use of program income.

I. Cost Sharing or Matching

For all Federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the non-Federal entity's cost sharing or matching when such contributions meet all of the following criteria:

- (1) Are verifiable from the non-Federal entity's records;
- (2) Are not included as contributions for any other Federal award;
- (3) Are necessary and reasonable for accomplishment of project or program objectives;
- (4) Are allowable under subpart E (Cost Principles) of this part;
- (5) Are not paid by the Federal Government under another Federal award, except where the Federal statute authorizing a program specifically provides that Federal funds made available for such program can be applied to matching or cost sharing requirements of other Federal programs;
- (6) Are provided for in the approved budget when required by the Federal awarding agency; and
- (7) Conform to other provisions of this part, as applicable.

J. Documentation of Personnel Expenses

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

VI. Written Compensation Policies

A. Time and Effort Standards

All employees who are paid in full or in part with federal funds must keep specific documents to demonstrate the amount of time they spent on grant activities. This includes an employee whose salary is paid with state or local funds but is used to meet a required "match" in a federal program. These documents, known as time and effort records, are maintained in order to charge the costs of personnel compensation to federal grants. Charges to federal awards for salaries and wages must be based on records that accurately reflect the work performed. These records must:

- (1) Be supported by a system of internal controls which provides reasonable assurance that the charges are accurate, allowable, and properly allocated;
- (2) Be incorporated into official records;
- (3) Reasonably reflect total activity for which the employee is compensated, not exceeding 100% of compensated activities;
- (4) Encompass both federally assisted and all other activities compensated by the District on an integrated basis;
- (5) Comply with the established accounting policies and practices of the District and
- (6) Support the distribution of the employee's salary or wages among specific activities or costs objectives.

B. Time and Effort Procedures

Time and effort procedures will follow and comply with 2 CFR 200.430(i).

C. Fringe Benefits

Except as provided otherwise by federal law, the costs of fringe benefits will be allowable provided that the benefits are reasonable and required by law, a district-employee agreement, or another policy of the District.

D. Leave

The cost of fringe benefits in the form of regular compensation paid to employees during periods of authorized absences from the job, such as for annual leave, family-related leave, sick leave, holidays, court leave, military leave, administrative leave, and other similar benefits, are allowable if they are provided under established written District leave policies.

E. Unexpected or Extraordinary Circumstances

In the event of a pandemic or other unexpected or extraordinary circumstance, the District may close school or individual buildings. In such cases, the District may compensate federally funded or other employees during such closure to ensure the return of staff to employment after the closure as allowed by state or federal law.

F. Documentation for Personnel Expenses

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

VII. Other Contract Matters.

A. Required Terms

The non-Federal entity's contracts must contain the applicable provisions required by section 200.326 and described in Appendix II to Part 200—Contract Provisions for non-Federal Entity Contracts Under Federal Awards.

B. Contracting with Certain Vendors

Pursuant to the standards contained in 2 C.F.R. § 200.321, the District will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms are used when possible consistent with state law.

Buy American. The District participates in the National School Lunch Program and School Breakfast Program and is required to use the nonprofit food service funds, to the maximum extent practicable, to buy domestic commodities or products for Program meals. A "domestic commodity or product" is defined as one that is either produced in the U.S. or is processed in the U.S. substantially using agricultural commodities that are produced in the U.S. as provided in 7 CFR 210.21(d).

The District may deviate from this general requirement only if:

- The product is not produced or manufactured in the U.S. in sufficient and reasonably available quantities of a satisfactory quality; or
- Competitive bids reveal the costs of a U.S. product are significantly higher than the non-domestic product.

C. Record Keeping

1. Record Retention

- a) The District maintains all records that fully show (1) the amount of funds under the grant or subgrant; (2) how the subgrantee uses those funds; (3) the total cost of each project; (4) the share of the total cost of each project provided from other sources; (5) other records to facilitate an effective audit;

and (6) other records to show compliance with federal program requirements. 34 C.F.R. §§ 76.730-.731 and §§ 75.730-.731. The District also maintains records of significant project experiences and results. 34 C.F.R. § 75.732. These records and accounts must be retained and made available for programmatic or financial audit.

b) The U.S. Department of Education is authorized to recover any federal funds misspent within 5 years before the receipt of a program determination letter. 34 C.F.R. § 81.31(c). Schedule 10 (Local School Districts) and Schedule 24 (Local Agencies General Records) of the Nebraska Records Management Division as approved by the Nebraska Secretary of State/State Records Administrator requires the District to maintain records regarding federal awards for a minimum of six (6) years. Consequently, the District shall retain records for a minimum of six (6) years from the date on which the final Financial Status Report is submitted, unless otherwise notified in writing to extend the retention period by the awarding agency, cognizant agency for audit, oversight agency for audit, or cognizant agency for indirect costs. However, if any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. 2 C.F.R. § 200.333.

c) Records will be destroyed in compliance with Schedule 10, Schedule 24, and State law. This includes the completion of a Records Disposition Report.

2. Maintenance of Procurement Records

a) The District must maintain records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.

b) Retention of procurement records shall be in accordance with applicable law and Board policy.

D. Privacy

The District has protections in place to ensure that the personal information of both students and employees is protected. These include the use of passwords that are changed on a regular basis; staff training on the requirements of the Family Educational Rights and Privacy Act (FERPA) and State confidentiality requirements; and training on identifying whether an individual requesting access to records has the right to the documentation.

General Policy Statement

The organization, management, and control of this school district is vested in its board of education ("board"). To guide the board and school district operations, and to assist it and its designees in carrying out duties, the board will establish, maintain, and amend a set of policies.

Written board policies serve the following purposes:

1. Formally articulating the board's goals and long-term objectives.
2. Providing district administrators and staff with guidance in making decisions that affect students, employees and patrons of the district.
3. Informing the public of the manner that the board and district will conduct its business and its relationships with staff, pupils, parents and patrons.

To avoid unnecessary rigidity, these policies are stated in general terms. With the exception of statutory requirements or instances when the specific application of a policy is essential to the long-term welfare of the district, these policies are intended to provide administrators with the flexibility to apply them to a wide range of situations.

The policies are not the only guidelines for district operations. Specific regulations, procedures, and practices also help guide and govern actions and decisions. They must be consistent with policies, but serve a different purpose.

Exceptional Circumstances

The board cannot foresee every situation that may arise, and circumstances will occur when these policies provide inadequate guidance. In such circumstances, the superintendent should use his or her best judgment, and communicate with the board about the situation as soon as is convenient.

Validity of Policies

Each policy and its provision should be interpreted so that it is valid under applicable law. If a court determines that a provision of a policy is invalid, such invalidity shall not affect the remaining provisions of that policy.

Creation, Amendment, and Distribution of Board of Education Policies

Each of these policies shall become the official policy of the school district when the board has approved it by majority vote of the members present at any lawfully convened meeting of the board.

It shall generally be the practice of the board to adopt or amend any policy after a single reading at any regular or special board meeting. However, the board may, in its discretion, review policies at multiple meetings prior to taking action.

The superintendent shall maintain an official copy of the board's policies, which may be in paper copy in the central office or on the district's website or electronic board meeting site. For any policies with specific review, hearing, or posting requirements, the superintendent will ensure those obligations are completed. The superintendent will also ensure all board members have access to a copy of the district's policies.

Role of the Board of Education

The board of education (board) is charged by the Legislature with the duty of providing public elementary and secondary education to the citizens of the district. The Legislature has also created the State Board of Education and the State Department of Education, and has delegated certain regulatory and advisory functions to them. The board is responsible to these agencies as specified by law.

The board's primary duties are: (1) to establish a mission, goals, and policies; (2) to establish and maintain school facilities; (3) to select a superintendent; (4) to adopt a fiscally responsible budget; and (5) to evaluate programs.

1. Establishment of Mission, Goals and Policies

The board shall concern itself with broad questions of mission, goals and policy, rather than administrative details. The application of policies is an administrative task to be performed by the superintendent of schools and his or her administrative staff, who shall be held responsible for the effective administration and supervision of the entire school district.

2. Establishment and Maintenance of School Facilities and Other Resources

The board is the legal agency through which the community works to provide the physical facilities, curriculum, instructional supplies and staff to enable the district's mission and objectives to be carried out. The board will establish and maintain school facilities necessary to educate the students of the district.

3. Selection of the Superintendent of Schools

The board will employ a superintendent of schools as the chief executive to whom it will delegate the administration of the school program. As the chief administrator for the board, the superintendent will implement board policies and supervise the day-to-day operation of the school system. The superintendent will keep the board informed of the implementation of the plans and policies, and will recommend changes to policies as necessary. The superintendent will

furnish educational leadership to the board, the school staff, and the community.

4. Fiscally Responsible Budget

The board will annually adopt a fiscally responsible budget that will permit the district to accomplish its goals and objectives. The management of the financial program and the development of the proposed budget for the district is delegated to the superintendent.

The board will work for adequate and dependable financial support of the public schools, promotion of effective and efficient organization, and administration of the district.

5. Evaluation of Program

The board will evaluate, or cause to be evaluated, the progress and results of the educational program on a continuous basis. In making these evaluations, the board will seek and give appropriate weight to the superintendent's analysis and recommendations.

b. Vice President

- i. At the regular January meeting, the board shall elect from among its members a vice president who shall serve in that capacity for one year.
- ii. The vice president shall preside in the absence of the president, and shall perform such other duties as are assigned by the board.

c. Secretary

- i. At the regular January meeting, the board shall elect a secretary who need not be a member of the board. The secretary shall serve in that capacity for one year. If the secretary is a member of the board, an assistant secretary may be named and his or her duties and compensation set by the board.
-

- ii. The secretary shall see that an accurate record of the proceedings of the board is kept, that a copy of the proceedings is provided to each board member and to the superintendent, and that a concise summary of each month's meeting is published along with a list of all approved claims. The secretary shall perform such other duties as are prescribed by law and assigned by the board.

d. Treasurer

- i. At the regular January meeting, the board shall elect, employ, or appoint a treasurer who need not be a member of the board if permitted by law. The treasurer shall serve in that capacity for one year, unless the board designates a longer term for the treasurer.
- ii. The treasurer may be designated to sign checks and certain other documents. The treasurer is the custodian of the monies of the district.
- iii. The treasurer shall give bond or equivalent insurance coverage payable to the district as prescribed by law with the cost of the bond being paid by the district.
- iv. The treasurer shall issue no warrant of payment of claim against the district until such claim has been duly authorized.

3. Signing and Authorizing Checks, Warrants, and other Instruments.

- a. Unless otherwise delegated by the board, the president and secretary of the board shall sign checks, warrants, and other instruments of the district.
 - b. The board may delegate another person to sign and validate any checks, warrants, and other instruments. Facsimile signatures of board members may be used.
-

- c. The board delegates that the vice president or treasurer may sign any warrant in the absence of either the president or the secretary.

4. Board Officer Voting and Tie Breakers

- a. The vote to elect board officers may be taken by secret ballot, but the total number of votes for each candidate shall be recorded in the minutes.
- b. In the event any officer cannot be elected by a majority after 10 votes; no votes occur after ten motions fail for lack of a "second,"; or no member volunteers to serve as an officer for a particular position, the tie will be broken by the applicable method:
 - i. If the board is split between two members, the officer will be determined by coin flip. The winning member will be the officer for the upcoming year unless the position changes by action of the board.
 - ii. If the board is split between more than two members who wish to serve as the officer, any member wanting to serve as the officer will put his or her name into a drawing. The name drawn out will be the officer for the upcoming year unless the position changes by action of the board.
 - iii. If no member is willing to serve as an officer for a position which is required to be a member of the board, all non-officers' names will be put into a drawing. The name drawn out will be the officer for the upcoming year unless the position changes by action of the board.

5. Committees

- a. The board shall authorize such special committees as it deems necessary. The board president shall appoint members to the committee, and designate its function, tasks it is to perform, and a completion date for its work.
-

- b. On or before the beginning of each calendar year, the board shall appoint three members to form a Committee on American Civics. The committee's duties shall be those prescribed by Nebraska statutes, which include:
- i. Hold no fewer than two public meetings annually, at least one when public testimony is accepted;
 - ii. Keep minutes of each meeting showing the time and place of the meeting, which members were present or absent, and the substance and details of all matters discussed;
 - iii. Examine and ensure that the social studies curriculum used in the district is aligned with the social studies standards adopted pursuant to section 79-760.01 and teaches foundational knowledge in civics, history, economics, financial literacy, and geography;
 - iv. Review and approve the social studies curriculum to ensure that it stresses the services of the men and women who played a crucial role in the achievement of national independence, establishment of our constitutional government, and preservation of the union and includes the incorporation of multicultural education as set forth in sections 79-719 to 79-723 in order to instill a pride and respect for the nation's institutions and not be merely a recital of events and dates;
 - v. Ensure that any curriculum recommended or approved by the committee on American civics is made readily accessible to the public and contains a reference to this section;
 - vi. Ensure that the district develops and utilizes formative, interim, and summative assessments to measure student mastery of the social studies standards adopted pursuant to section 79-760.01;
 - vii. Ensure that the social studies curriculum in the district incorporates one or more of the following for each student:
-

1. Administration of a written test that is identical to the entire civics portion of the naturalization test used by United States Citizenship and Immigration Services prior to the completion of eighth grade and again prior to the completion of twelfth grade with the individual score from each test for each student made available to a parent or guardian of such student; or
2. Attendance or participation between the commencement of eighth grade and completion of twelfth grade in a meeting of a public body as defined by section 84-1409 followed by the completion of a project or paper in which each student demonstrates or discusses the personal learning experience of such student related to such attendance or participation; or
3. Completion of a project or paper and a class presentation between the commencement of eighth grade and the completion of twelfth grade on a person or persons or an event commemorated by a holiday listed in section 79-724(6) or on a topic related to such person or persons or event;

viii. Take all such other steps as will assure the carrying out of the provisions of this section and provide a report to the school board regarding the committee's findings and recommendations.

6. Vacancies

- a. A vacancy on the board of education shall exist when any one of the following occurs:
 - i. A member submits his or her formal resignation from the board.

- ii. A member removes himself or herself from the district or is absent from the district for a continuous period of sixty days.
 - iii. A member misses more than two consecutive regular board meetings unless excused by a majority of the remaining members.
 - iv. Such other reasons as are set forth in Nebraska statutes.
- b. The board shall make note the vacancy in its minutes and shall give notice of the date the vacancy occurred, the office vacated, and the length of the unexpired term to (1) the election commissioner or county clerk, and (2) the public by published notice in a newspaper of general circulation in the district.
- c. Vacancies shall be filled in the manner set forth in Nebraska statutes.

Conflict of Interest

Any member of the board of education who meets the conditions set forth in this policy shall be deemed to have a business or financial conflict of interest.

1. Definitions. For purposes of this policy:

a. Business with which a board member is associated shall include the following:

- (1) A business in which the board member or a member of his or her immediate family is a partner, a limited liability company, or serves as a director or an officer.
- (2) A business in which the board member or a member of his or her immediate family is a stockholder in a closed corporation with stock worth one thousand dollars or more, or the board member or his or her immediate family owns more than a five percent equity interest or is a stockholder of publicly traded stock worth more than ten thousand dollars or more at fair market value, or which represents more than ten percent equity interest. This shall not apply to publicly traded stock under a trading account if the board member reports the name and address of the company and stockbroker.

b. A business association shall be defined to include an individual as a partner, limited liability company member, director or officer, or a business in which the individual or member of the immediate family is a stockholder.

c. Immediate family member or member of the immediate family shall mean a child residing in an individual's household, a spouse of an individual, or an individual claimed by that individual or that individual's spouse as a dependent for federal income tax purposes.

2. Contracts with the School District.

a. No board member or member of his or her immediate family shall enter into a contract valued at two thousand dollars or

more, in any one year, with this school district unless the contract is awarded through an open and public process that (1) includes prior public notice and (2) allows the public to inspect during the school district's regular office hours the proposals considered and the contract awarded. Board members who enter into employment contracts with the school district must also comply with the board's policy on the employment of board members.

- b. The existence of any conflict of interest in any contract in which the board member has an interest and in which the school district is a party, or the failure to make public the board member's interest known, may render a contract null and void.
 - c. The prohibition of a conflict of interest or requirement for the board member to make public notice shall apply when the board member, or his or her immediate family has a business association with the business involved in the contract or will receive a direct pecuniary fee or commission as a result of the contract.
 - d. The prohibition in this section does not apply if the contract is an agenda item approved at a board meeting and the board member:
 - (1) Makes a declaration on the record to the school board regarding the nature and extent of his or her interest prior to official consideration of the contract;
 - (2) Does not vote on the matters of granting the contract, making payments pursuant to the contract, or accepting performance of work under the contract, or similar matters relating to the contract, except that if the number of members of the school board declaring an interest in the contract would prevent the board with all members present from securing a quorum on the issue, then all members may vote on the matters; and
 - (3) Does not act for the school board as to inspection or performance under the contract in which he or she has an interest.
-

3. Contracts with Board Member's Immediate Family.

a. If a person in a board member's immediate family is an employee of this school district, the board member may vote on all issues of a contract which are generally applicable to:

- (1) All district employees.
- (2) All employees within a specific classification but which does not single out the member of his or her immediate family.

4. Employing Members of the Immediate Family.

a. A board member may recommend for employment or supervise the employment of an immediate family member if:

- (1) The board member does not abuse his or her position.
 - (2) Abuse of official position shall include, but not be limited to, employing an immediate family member:
 - (i) who is not qualified for and able to perform the duties of the position;
 - (ii) for any unreasonably high salary;
 - (iii) who is not required to perform the duties of the position.
 - (3) The board makes a reasonable solicitation and consideration of applications for employment.
 - (4) The board member makes a full disclosure on the record to the governing body of the school district and to the secretary of the board. If the secretary of the board of education would be the individual filing the disclosure statement, the statement shall be filed with the president of the board of education.
-

- (5) The board approves the employment or supervisory position.
 - b. The board has not terminated the employment of another employee so as to make funds or a position available for the purpose of hiring an immediate family member.
 - 5. Gifts, Loans, Contributions, Rewards, or Promises of Future Employment
 - a. No board member shall offer or give to the following persons anything of value, including a gift, loan, contribution, reward, or promise of future employment, based upon an agreement that a vote, official action, or judgment would be influenced thereby:
 - (1) a public official, public employee, or candidate.
 - (2) a member of the immediate family of an individual listed in Subparagraph 'a' above.
 - (3) a business with which an individual listed in Subparagraph (1) or (2) above is associated.
 - b. No board member shall solicit or accept anything of value, including a gift, loan, contribution, reward, or promise of future employment based on an agreement that the vote, official action, or judgment of the board member would thereby be influenced.
 - c. A board member shall not use or authorize the use of his or her public office or any confidential information received through the holding of a public office to obtain financial gain, other than compensation provided by law, for himself or herself, a member of his or her immediate family, or a business with which he or she is associated.
 - d. A board member shall not use personnel, resources, property, or funds under his or her official care and control other than in accordance with prescribed constitutional, statutory, and regulatory procedures or use such items, other than compensation provided by law, for personal financial gain.
 - 6. Conflict of Interest Relating to Campaigning or Political Issues
-

- a. Except as provided below, the board shall not authorize the use of personnel, property, resources, or funds under its jurisdiction for the purpose of campaigning for or against the nomination or election of a candidate or the qualification, passage, or defeat of a ballot question.
 - b. This does not prohibit the board from making school district facilities available to a person for campaign purposes if the identity of the candidate or the support for or opposition to the ballot question is not a factor in making the facilities available or a factor in determining the cost or conditions for use.
 - c. This does not prohibit the board from discussing and voting upon a resolution supporting or opposing a ballot question.
 - d. This does not prohibit the board, while legally seated as a body, from responding to specific inquiries by the press or the public as to the board's opinion regarding a ballot question or from providing information in response to a request for information.
-
- (1) The board may designate one or more members of its body, or one or more of its school administrators, to speak on behalf of the board on specific occasions such as public meetings or legislative hearings.
 - (2) Any member of the board may present his or her personal opinion regarding a ballot question or respond to a request for information related to a ballot question; but in so doing, the person should clearly state that the information being presented is his or her personal opinion and is not to be considered as the official position or opinion of the board. However, this shall not be done during a time that the individual is engaged in his or her official duties.

7. Conflict of Interest Statement

- a. Any board member who would be required to take any action or make any decision in the discharge of his or her official duties that may cause financial benefit or detriment to him or her, a member of his or her immediate family, or a business with which he or she is associated, which is distinguishable from the effects
-

of such action on the public generally or a broad segment of the public, shall take the following actions as soon as he or she is aware of such potential conflict or should reasonably be aware of such potential conflict, whichever is sooner:

- (1) Prepare a written statement describing the matter requiring action or decision and the nature of the potential conflict;
 - (2) Deliver a copy of the statement to the school board secretary who shall enter the statement onto the school district's public records; and
 - (3) Abstain from participating or voting on the matter in which he or she has a conflict of interest.
- b. If the board member would like a formal opinion from the NADC as to whether there is an actual conflict of interest, he/she shall deliver a copy of the statement to the NADC.

8. Recordkeeping

- a. The board secretary shall maintain a separate record of the following information for every contract entered into by the school board in which a board member has an interest and for which disclosure was made pursuant to section 2d of this policy:
- (1) The names of the contracting parties.
 - (2) The nature of the interest of the board member in question.
 - (3) The date that the contract was approved.
 - (4) The amount of the contract.
 - (5) The basic terms of the contract.
- b. The information supplied relative to the contract shall be provided no later than ten (10) days after the contract has been signed by both parties. The ledger kept by the board secretary
-

shall be available for public inspection during normal working hours of the office in which it is kept.

9. Conflict. To the extent that there is a conflict between this policy and the Nebraska Political Accountability and Disclosure Act ("Act"), the Act shall control.

Complaint Procedure

Good communication helps to resolve many misunderstandings and disagreements. This complaint procedure applies to complaints unless the complaint is subject to a different grievance procedure required by law, policy or contract. Individuals who have a complaint should discuss their concerns with appropriate school personnel in an effort to resolve problems at the lowest level of the chain of command. When those efforts do not resolve matters satisfactorily, including matters involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age, a complainant should follow the procedures set forth in any specific policy addressing those areas or the procedures set forth below. Allegations of sex discrimination covered by Title IX will be addressed through the board's Title IX policy.

References to "coordinator" in this policy refer to the board-designated coordinator for the applicable area, such as the Section 504 Coordinator for allegations of disability-based discrimination.

Under this policy, factual conclusions will be based on a preponderance of the evidence.

Complaint and Appeal Process.

1. The first step is for the complainant to speak directly to the person(s) with whom the complainant has a concern. For example, a parent who is unhappy with a classroom teacher should initially discuss the matter with the teacher. However, the complainant should skip the first step if the complainant reasonably believes speaking directly to the person would subject the complainant or the complainant's student to discrimination or harassment.
 2. The second step is for the complainant to speak to the building principal, coordinator, superintendent of schools, or president of the board of education, as set forth below. Anyone with questions about the appropriate person to speak with may request clarification from the superintendent.
-

- a) Complaints about the operation, decisions, or personnel within a building should be submitted in writing to the principal of the building.
 - b) Complaints about the operations of the school district or a building principal should be submitted in writing to the superintendent of schools.
 - c) Complaints about the superintendent of schools should be submitted in writing to the president of the board of education.
 - d) Complaints involving discrimination or harassment on the basis of race, color, national origin, sex, marital status, disability, or age may also be submitted at any time during the complaint procedure to the applicable coordinator. Complaints involving discrimination or harassment may also be submitted at any time to the Office for Civil Rights, U.S. Department of Education: by email at OCR.KansasCity@ed.gov; by telephone at (816) 268-0550; or by fax at (816) 268-0599.
3. When a complainant submits a complaint to an administrator or coordinator, the administrator or coordinator shall first determine whether another applicable procedure is required by policy or law and if so, direct the complaint to the appropriate person to follow that procedure. If not, the administrator or coordinator will promptly and thoroughly investigate the complaint, and shall:
- a) Determine whether the complainant has discussed the matter with the respondent.
 - 1) If the complainant has not, urge the complainant to discuss the matter directly with the respondent, if appropriate.
 - 2) If the complainant refuses to discuss the matter with the respondent, the administrator or coordinator shall, in his or her sole discretion, determine whether the complaint should or must be pursued further.
-

- b) Strongly encourage the complainant to reduce his or her concerns to writing.
 - c) Interview the complainant and ,if necessary, the respondent against whom the complaint was filed, to determine:
 - 1) All relevant details of the complaint;
 - 2) All witnesses and documents which the complainant believes support the complaint;
 - 3) The action or solution which the complainant seeks.
 - d) Respond to the complainant. If the complaint involves discrimination or harassment, the response shall be in writing and shall be submitted within 180 calendar days after the administrator or coordinator receives the complaint.
4. If either the complainant or the respondent is not satisfied with the decision he or she may appeal the decision to the superintendent. The superintendent may assign a qualified designee to hear any appeal.
- a) The appeal must be in writing.
 - b) This appeal must be received by the superintendent no later than three (3) calendar days from the date of the decision.
 - c) For complaints addressed through other applicable procedures that do not include a separate investigatory process, the superintendent will investigate as he or she deems appropriate.
 - d) The superintendent will prepare a written decision and provide it to the complainant and any other person entitled by law to receive the appeal decision. For complaints involving discrimination or harassment, the superintendent shall submit the decision within 180 calendar days after the superintendent receives the complainant's written appeal. Appeals to the superintendent from complaints
-

involving discrimination or harassment are final once the superintendent delivers the written decision, as are all other appeals/complaints to the superintendent unless the complaint can be appealed on the limited grounds to appeal to the board below.

5. The board's role is to set policy, establish and implement a budget, and evaluate the superintendent. The board does not manage the daily operations of the school district entrusted to its administration unless required by law or policy. Because of the board's statutory roles, it doesn't hear complaints or appeals that may involve oversight or discipline of students, staff, or others, unless those involve the superintendent as discussed below. The board does not hear complaints or appeals based on allegations of discrimination or harassment unless otherwise required by law. The board will hear appeals only in the following circumstances:

- a) When the complaint is about a board policy, not implementation of the policy;
- b) When the complaint involves the budget or school expenditures that have been or must be approved by the board; or
- c) When the board is required by law, policy, or contract to hear a complaint or appeal.

If a complaint involves those limited grounds and a party is not satisfied with the superintendent's decision regarding the complaint or appeal, he or she may appeal the decision to the board.

- d) This appeal must be in writing.
 - e) This appeal must be received by the board president no later than ten (10) calendar days from the date the superintendent communicated his/her decision to the complainant.
 - f) This policy allows, but does not require the board to receive statements from interested parties and witnesses relevant to the complaint appeal. However, all matters involving discrimination or harassment allegations against
-

the superintendent shall be promptly and thoroughly investigated by the board president or a designee.

- g) The board president will notify the complainant and any other person legally required to receive the decision in writing of its decision. If the complaint involves discrimination or harassment allegations against the superintendent, the board president shall submit the decision within 180 calendar days after receiving the written appeal.
 - h) There is no appeal from any decision of the board unless authorized by law.
6. Formal complaints about the superintendent shall be filed with the president of the board. However, complaints about the superintendent do not include disagreement with the superintendent's decision on appeal based on a complaint of discrimination, harassment, or action of any other employee who is not the superintendent. Upon receipt of a complaint, the board president or his or her designee shall promptly and thoroughly investigate the complaint, and shall:
- a) Coordinate with school district staff, other than the superintendent, to determine if another procedure in policy or law requires the complaint against the superintendent to follow another procedure. If so, the board president will coordinate handling the complaint through that procedure. If another procedure applies, such as in the case of allegations of sex discrimination against the superintendent, the board president or, at his or her discretion, the full board will serve only to hear any appeal by a party to the complaint.
 - b) Determine whether the complainant has discussed the matter with the superintendent.
 - 1) If the complainant has not, the board president or designee will urge or require the complainant to discuss the matter directly with the superintendent, if appropriate or required.
-

- 2) If the complainant refuses to discuss the matter with the superintendent, the board president shall, in his or her sole discretion, determine whether the complaint should or must be pursued further.
- c) Determine, in his or her sole discretion, whether to place the matter on the board agenda for consideration at a regular or special meeting by the full board.
- d) Respond to the complainant or appeal. If the complaint or appeal involves discrimination or harassment, the response shall be in writing and shall be submitted within 180 calendar days after the president received the complaint.
- e) Appoint or contract with other individuals qualified to assist the board through this process or any other applicable procedure used to address allegations against the superintendent.

No Retaliation. The school district prohibits retaliation against any person for filing a complaint or for participating in the complaint procedure in good faith.

Special Rules Regarding Educational Services and Related Services to Students with Disabilities. Students with disabilities and their families have specific rights outlined in state and federal law, including administrative processes by which they may challenge the educational services being provided by the school district. Therefore, the appeal process contained in this policy may not be used to challenge decisions made by a student's individualized education plan (IEP) team or 504 team.

Complaints about the educational services provided to a student with a disability, including but not limited to services provided to a student with an IEP, access to curricular and extracurricular activities, and educational placement must be submitted to the school district's Director of Special Education. The Director of Special Education will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of IDEA Parental Rights promulgated by the Nebraska Department of Education.

Complaints about the educational services provided a student with a disability pursuant to a Section 504 plan must be submitted to the

school district's 504 Coordinator. The 504 Coordinator will address the complaint in a manner that he/she deems appropriate and will provide the complainant with a copy of the Notice of Section 504 Parental Rights adopted by the board of education.

Complaints about the educational services provided to a student who is suspected of having a disability must be submitted in writing to the school district's Director of Special Education or to the district's 504 Coordinator. The Director of Special Education or 504 Coordinator will either refer the student for possible verification as a student with a disability or will provide prior written notice of the district's refusal to do so.

Bad Faith or Serial Filings. The purpose of the complaint procedure is to resolve complaints at the lowest level possible within the chain of command. Individuals who file complaints (a) without a good faith intention to attempt to resolve the issues raised; (b) for the purpose of adding administrative burden; (c) at a volume unreasonable to expect satisfactory resolution; or (c) for purposes inconsistent with the efficient operations of the district may be dismissed by the superintendent without providing final resolution other than noting the dismissal. There is no appeal from dismissals made pursuant to this section.

-

d. It is in the best interest of this school district to recognize service by board members, employees, and volunteers. The board authorizes the president, superintendent or the superintendent's designee to determine when and to whom plaques, certificates of achievement, flowers or other items of value should be granted, provided that no such plaque, certificate, flowers or other item of value shall cost more than \$100.00.

e. Funds may be spent for one recognition dinner each year for elected and appointed officials, employees or volunteers of the school district. The maximum cost per person for such a dinner shall not exceed \$50.00.

Indemnification and Liability Insurance

In addition to circumstances where it is obligated to provide indemnity or procure insurance, the school board has broad authority to purchase insurance or otherwise indemnify school board members, officers, employees, or agents of the school district. The school board will purchase liability insurance and provide indemnification at its discretion and review its current coverages and indemnification obligations when it deems appropriate.

In the event the school district's current insurance, indemnification agreements, contract obligations, or other promises to indemnify do not cover a situation which the school board can agree to cover, the school board may authorize indemnification. The school board may elect to indemnify any board member, officer, agent, or employee if he or she is a party or is threatened to be made a party in any pending or completed suit, proceeding, or any other action, whether criminal, civil, administrative, or investigative, if the individual is involved because of current or past service on the board, employment, or agency relationship with the school district. However, the indemnification and defense will only be considered if such person acted in good faith and in a manner he or she reasonably believed to be in the best interests or not opposed to the best interests of the school district, including in a criminal proceeding if he or she had no reasonable cause to believe the conduct was unlawful.

In circumstances involving employees, the board delegates to the Superintendent the authority to provide the indemnification to the extent the Superintendent is authorized to procure legal services, as long as the indemnification is otherwise consistent with the authority granted under the law.

In the event this policy conflicts or is otherwise inconsistent with mandatory provisions of the UGG, EDGAR or other applicable federal law, the mandatory provisions of the laws shall control.

The District will also comply with the requirements of the public lettings laws (Neb. Rev. Stat. §§ 73-101 through 73-106) when the contemplated expenditure for the complete project exceeds \$109,000, the Political Subdivisions Construction Alternatives Act (Neb. Rev. In addition, all procurement and construction shall comply with the rules and requirements of 2 CFR part 200.317 through 200.326 and 34 CFR sections 75.601 through 75.615. In the event of a conflict between state and federal law, the more stringent requirement shall apply.

II. All projects undertaken pursuant to this policy will be subject to the following bond requirements

A. A bid guarantee from each bidder equivalent to five percent of the bid price. The "bid guarantee" must consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of the bid, execute such contractual documents as may be required within the time specified.

III. Construction Projects with an Anticipated Cost of Under \$250,000

A. Methods of Bidding/Soliciting Quotations or Estimates

The type of procedures required depends on the anticipated cost of the project.

1. Construction with an Anticipated Cost of up to \$10,000 (Micro-Purchases)

Micro-purchase means an individual procurement transaction for supplies or services using simplified acquisition procedures, the annual aggregate amount of which does not exceed \$10,000. Micro-purchases may be made or awarded without soliciting competitive quotations, to the extent district staff determine that the cost of the purchase is reasonable. For purposes of this policy "reasonable" means the purchase is comparable to market prices for the geographic area.

To the extent practicable, the District distributes micro-purchases equitably among qualified suppliers. The District will follow its standard policy on purchasing.

2. Construction with an Anticipated Cost of between \$10,000 and \$250,000 (Simplified Acquisition Procedures)

For construction projects subject to this policy, simplified acquisitions are purchases that, in the aggregate amount, is more than \$10,000 and less than \$250,000 annually. For simplified acquisitions, price or rate quotes shall be obtained in advance from a reasonable number of qualified sources as

detailed in the district's standard policies on purchasing and on bid letting and contracts.

B. Construction Projects with an estimated cost of between \$109,000 and \$249,999 will be made pursuant to the District's Policy on Bid Letting and Contracts.

Pursuant to Nebraska law, construction projects which have an anticipated aggregate cost of \$109,000 or more are subject to state public lettings laws (Neb. Rev. Stat. §§ 73-101 through 73-106). The board will follow its standard policy on bid letting and contracts for construction projects financed with federal funds which have an anticipated aggregate cost of between \$109,000 and \$250,000.

IV. Construction Projects with an Anticipated Cost Over \$250,000

A. Sealed Bids: All constructions projects subject to this policy with an anticipated cost of \$250,000 or more will be publicly solicited using the sealed bid method

1. Bids must be solicited from an adequate number of known suppliers, providing them sufficient response time prior to the date set for opening the bids, for state, local, and tribal governments, the invitation for bids must be publicly advertised;
 2. The invitation for bids, which will include any specifications and pertinent attachments, must define the items or services in order for the bidder to properly respond;
 3. Sealed bids will be publicly opened in a place and at the specific time stated in the bid solicitation. Bidders shall be notified of the opening and invited to be present.
 4. The contract will be awarded to the lowest responsive and responsible bidder.
 - a) Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs must be considered in determining which bid is lowest.
-

b) Payment discounts will only be used to determine the low bid when prior experience indicates that such discounts are usually taken advantage of.

c) Any or all bids may be rejected if there is a sound documented reason.

5. The board shall have discretion in determining which bidders are responsible and responsive and shall award the contract to the lowest, responsible, and responsive bidder whose bid meets the bid specifications. This means that the board will select the bid that offers the best value and award a contract based upon the amount of the bid and the bidder's ability and capacity to carry on the work, its equipment and facilities, honesty, integrity, skills, business judgment, experience, equipment, facilities, financial stability, past performance, and other relevant factors.

6. The board will generally complete its review of bids and select a vendor within 30 days of bid submission.

B. Advertising for Bids.

1. The superintendent or designee will arrange to advertise for bids by publishing notice in any newspaper of general circulation within the school district at least 7 calendar days prior to the date on which bids are due.

2. Nothing shall prevent the superintendent or designee from advertising in additional media outlets or for a longer period of time.

C. Bid Documents

1. The bid documents shall identify the day upon which the bids shall be returned, received, or opened and shall identify the hour at which the bids will close or be received or opened.

2. The bid documents shall also provide that such bids shall be opened simultaneously in the presence of the bidders or their representatives.

3. Bids received after the date and time specified in the bid documents shall be returned to the bidder unopened.

4. If bids are being opened on more than one contract, the board, in its discretion, may award each contract as the bids are opened.

5. Sealed bids will be opened in a place and at the specific time stated in the bid solicitation. Bidders shall be notified of the opening and invited to be present.

6. Bids will be reviewed by the Superintendent and/or designee and submitted to the board for approval.

7. The board shall have discretion in determining which bidders are responsible and responsive and shall award the contract to the lowest, responsible, and responsive bidder whose bid meets the bid specifications. This means that the board will select the bid that offers the best value and award a contract based upon the amount of the bid and the bidder's ability and capacity to carry on the work, its equipment and facilities, honesty, integrity, skills, business judgment, experience, equipment, facilities, financial stability, past performance, and other relevant factors.

8. The board will generally complete its review of bids and select a vendor within 30 days of bid submission.

D. The terms of any construction project undertaken pursuant to this policy will be memorialized in a written contract which has been reviewed by the district's legal counsel and approved by the board.

V. Other Contract Matters.

A. Required Terms

The non-Federal entity's contracts must contain the applicable provisions required by section 200.326 and described in Appendix II to Part 200—Contract Provisions for non-Federal Entity Contracts Under Federal Awards.

B. Contracting with Certain Vendors

Pursuant to the standards contained in 2 C.F.R. § 200.321, the District will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, veteran-owned businesses

and labor surplus area firms are used when possible and consistent with state law.

To the maximum extent practicable, the school food program shall purchase domestic commodities or products produced in the U.S. or processed in the U.S. substantially using agricultural commodities produced in the U.S.

C. Full and Open Competition

The district's procurement transactions will be conducted in a manner providing full and open competition consistent with 2 C.F.R §200.319.

D. Debarment and Suspension

The District awards contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, public policy compliance, proper classification of employees (see the Fair Labor Standards Act, 29 U.S.C. 201, chapter 8), record of past performance, and financial and technical resources when conducting a procurement transaction.

The District may not subcontract with or award subgrants to any person or company who is debarred or suspended. For all contracts over \$25,000 the District verifies that the vendor with whom the District intends to do business with is not excluded or disqualified. 2 C.F.R. Part 200, Appendix II(1) and 2 C.F.R. §§ 180.220 and 180.300.

The District will verify debarment or suspension by reviewing the excluded parties list on SAM.gov, collecting a certification through the bidding process, and/or by including a debarment and suspension provision in the bid and contract documents. The Superintendent or his/her designee shall be responsible for such verification.

E. Settlements of Issues Arising Out of Contract

The District alone is responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not

relieve the District of any contractual responsibilities under its contracts. Violations of law will be referred to the local, state, or federal authority having proper jurisdiction.

F. Record Keeping

1. Record Retention

- a) The District maintains all records that fully show (1) the amount of funds under the grant or subgrant; (2) how the subgrantee uses those funds; (3) the total cost of each project; (4) the share of the total cost of each project provided from other sources; (5) other records to facilitate an effective audit; and (6) other records to show compliance with federal program requirements. 34 C.F.R. §§ 76.730-.731 and §§ 75.730-.731. The District also maintains records of significant project experiences and results. 34 C.F.R. § 75.732. These records and accounts must be retained and made available for programmatic or financial audit.
 - b) The U.S. Department of Education is authorized to recover any federal funds misspent within 5 years before the receipt of a program determination letter. 34 C.F.R. § 81.31(c). Schedule 10 (Local School Districts) and Schedule 24 (Local Agencies General Records) of the Nebraska Records Management Division as approved by the Nebraska Secretary of State/State Records Administrator requires the District to maintain records regarding construction projects for a minimum of five (5) years after the sale or demolition of the building. However, if any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. 2 C.F.R. § 200.333.
-

- c) Records will be destroyed in compliance with Schedule 10, Schedule 24, and State law. This includes the completion of a Records Disposition Report.

2. Maintenance of Construction Records for Projects Financed with Federal Funds

- a) The District must maintain records sufficient to detail the history of all construction projects financed with federal funds. These records will include, but are not necessarily limited to the following: rationale for the method of construction, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.
- b) Retention of construction records shall be in accordance with applicable law and Board policy.

VI. Conflict of Interest and Code of Conduct

A. Board and staff member conflicts of interest are governed by the district's conflict of interest policies.

B. Contracts covered by this policy are subject to the following additional provisions.

- 1. Employees, officers, and agents engaged in the selection, award, and/or administration of district contracts which are prohibited from engaging in such actions if a real or apparent conflict of interest is present.
- 2. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.
- 3. The board may determine at its discretion that a financial interest is not substantial enough to give rise to a conflict of interest.

C. Favors and Gifts

An employee, officer, agent, and board member of the District may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts, with the limited exception of unsolicited items of nominal value.

D. Enforcement

Disciplinary Actions will be applied for violations of such standards by officers, employees, board members or agents of the District at the board's discretion.

VII. Financial Management

A. Identification.

The District will identify, in its accounts, all federal awards received and expended and the federal programs under which they were received. Federal program and award identification include, as applicable, the CFDA title and number, federal award identification number and year, name of the federal agency, and, if applicable, name of the pass-through entity.

B. Financial Reporting

The District will make an accurate, current, and complete disclosure of the financial results of each federal award or program in accordance with the financial reporting requirements set forth in the Education Department General Administrative Regulations (EDGAR).

C. Accounting Records

The District maintains records which adequately identify the source and application of funds provided for federally-assisted activities. These records must contain information pertaining to grant or subgrant awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.

D. Internal Controls

The Superintendent or his/her designee must maintain effective control and accountability for all funds, real and personal property, and other assets through board review and approval of claims, an annual audit of the district's finances pursuant to the applicable Nebraska Department of Education and federal rules and regulations, and comparison of expenditures and outlays to budgeted amounts. The District adequately safeguards all such property and assures that it is used solely for authorized purposes.

E. Budget Control

Actual expenditures or outlays will be compared with budgeted amounts for each federal award at least annually and more often as required by law or deemed prudent by the board or administrative staff.

F. Payment Methods

The District will comply with applicable methods and procedures for payment that minimize the time elapsing between the transfer of funds and disbursement by the District, in accordance with the Cash Management Improvement Act at 31 CFR Part 205. Generally, the District receives payment from the Nebraska Department of Education on a reimbursement basis. 2 CFR § 200.305. However, if the District receives an advance in federal grant funds, the District will remit interest earned on the advanced payment quarterly to the federal agency. The District may retain interest amounts up to \$500 per year for administrative expenses. 2 CFR § 200.305(b)(9).

Consistent with state and federal requirements, the District will maintain source documentation supporting the federal expenditures (invoices, time sheets, payroll stubs, etc.) and will make such documentation available for the Nebraska Department of Education to review upon request.

G. Allowability of Costs

Expenditures must be aligned with approved budgeted items. Any changes or variations from the state-approved budget and grant application need prior approval.

When determining how the District will spend its grant funds, the Superintendent or his/her designee will review the proposed cost to determine whether it is an allowable use of federal grant funds before obligating and spending those funds on the proposed good or service. All costs supported by federal education funds must meet the standards outlined in EDGAR, 2 CFR Part 3474 and 2 CFR Part. The Superintendent or his/her designee must consider these factors when making an allowability determination.

The Superintendent or his/her designee will consider Part 200's cost guidelines when federal grant funds are expended. The Superintendent or his/her designee will also consider whether all state - and District-level requirements and policies regarding expenditures have been followed.

H. Use of Program Income – Deduction, Addition, or Cost Sharing or Matching

The default method for the use of program income for the District is the deduction method. 2 C.F.R. § 200.307(e). Under the deduction method, program income is deducted from total allowable costs to determine the net allowable costs. Program income will only be used for current costs unless the District is otherwise directed by the federal awarding agency or pass-through entity. 2 C.F.R. § 200.307(e)(1). The District may also request prior approval from the federal awarding agency to use the addition method. Under the addition method, program income may be added to the Federal award by the Federal agency and the non-Federal entity. The program income must then be used for the purposes and under the conditions of the Federal award. 2 C.F.R. § 200.307(e)(2). The District may also request prior approval from the federal awarding agency to use the cost sharing or matching method.

While the deduction method is the default method, the District always refers to the grant award notice prior to determining the appropriate use of program income.

I. Cost Sharing or Matching

For all Federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions,

must be accepted as part of the non-Federal entity's cost sharing or matching when such contributions meet all of the following criteria:

1. Are verifiable from the non-Federal entity's records;
2. Are not included as contributions for any other Federal award;
3. Are necessary and reasonable for accomplishment of project or program objectives;
4. Are allowable under subpart E (Cost Principles) of this part;
5. Are not paid by the Federal Government under another Federal award, except where the Federal statute authorizing a program specifically provides that Federal funds made available for such program can be applied to matching or cost sharing requirements of other Federal programs;
6. Are provided for in the approved budget when required by the Federal awarding agency; and
7. Conform to other provisions of this part, as applicable.

J. Documentation of Personnel Expenses

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

VIII. Other Contract Matters.

A. Required Terms

The non-Federal entity's contracts must contain the applicable provisions required by section 200.326 and described in Appendix II to Part 200—Contract Provisions for non-Federal Entity Contracts Under Federal Awards.

B. Contracting with Certain Vendors

Pursuant to the standards contained in 2 C.F.R. § 200.321, the District will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms are used when possible consistent with state law.

To the maximum extent practicable, the school food program shall purchase domestic commodities or products produced in the US or processed in the US substantially using agricultural commodities produced in the US.

C. Record Keeping

1. Record Retention

a) The District maintains all records that fully show (1) the amount of funds under the grant or subgrant; (2) how the subgrantee uses those funds; (3) the total cost of each project; (4) the share of the total cost of each project provided from other sources; (5) other records to facilitate an effective audit; and (6) other records to show compliance with federal program requirements. 34 C.F.R. §§ 76.730-.731 and §§ 75.730-.731. The District also maintains records of significant project experiences and results. 34 C.F.R. § 75.732. These records and accounts must be retained and made available for programmatic or financial audit.

b) The U.S. Department of Education is authorized to recover any federal funds misspent within 5 years before the receipt of a program determination letter. 34 C.F.R. § 81.31(c). Schedule 10 (Local School Districts) and Schedule 24 (Local Agencies General Records) of the Nebraska Records Management Division as approved by the Nebraska Secretary of State/State Records Administrator requires the District to maintain records regarding federal awards for a minimum of six (6) years. Consequently, the District shall retain records for a minimum of six (6) years from the date on which the final Financial Status Report is submitted, unless otherwise notified in writing to extend the retention period by the awarding agency, cognizant agency for audit, oversight agency for audit, or cognizant agency for indirect costs. However, if any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. 2 C.F.R. § 200.333.

c) Records will be destroyed in compliance with Schedule 10, Schedule 24, and State law. This includes the completion of a Records Disposition Report.

2. Maintenance of Procurement Records

a) The District must maintain records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.

b) Retention of procurement records shall be in accordance with applicable law and Board policy.

D. Privacy

The District has protections in place to ensure that the personal information of both students and employees is protected. These include the use of passwords that are changed on a regular basis; staff training on the requirements of the Family Educational Rights and Privacy Act (FERPA) and State confidentiality requirements; and training on identifying whether an individual requesting access to records has the right to the documentation.

General Purchasing and Procurement

I. Applicability of this policy.

Purchases made with federal funds, whether those funds are derived directly from the federal government (e.g. award of a federal grant) or are derived by pass-through awards from the Nebraska Department of Education (e.g. special education funds, school lunch funds, Title I funds) are subject to the policy on Purchasing and Procurement with Federal Funds, which is found elsewhere in this section.

This policy applies to all other purchases made by the school district other than construction, remodeling, repair and site improvements.

II. General Purchasing Policy

A. The school district's budget shall be the guide for all purchases. No employee of the district may make a purchase that is not provided for in the budget without board or administrative approval.

B. The board intends to purchase competitively, whenever possible, without prejudice and to seek maximum educational value for every dollar expended.

C. The acquisition of services, equipment and supplies shall be centralized in the administration office under the supervision of the superintendent of schools, who shall be responsible for developing and administering the purchasing program of the school district.

D. Purchases or commitments of district funds that are not authorized by this policy will be the responsibility of the person making the commitment.

III. Building-Specific Purchasing

A. School buildings are operationally under the control of building principals. Principals have control and responsibility for the building and grounds, for all supplies and equipment housed at the building, for all school-related activities in the building, and for all pupils, teachers, and other employees assigned to the building.

B. Principals, in consultation with their staff, are responsible for requisitioning, managing, distributing, and utilizing supplies within the building.

C. The superintendent of schools or his designee is responsible for the requisitioning, managing, distributing, and utilizing of supplies for maintenance and transportation.

D. The administration is responsible for purchasing of goods, services and supplies and for providing the necessary forms for establishing efficient procedures to facilitate the process.

IV. Purchasing Procedures

A. School personnel must secure the approval of an authorized administrator before making any purchases.

B. Employees seeking reimbursement for a purchase made with their personal funds must attach an itemized receipt or invoice to all requests for reimbursement; must sign all purchase receipts or charge slips; and must submit itemized receipts and any purchasing card or credit card receipts to the office of the superintendent no later than 1 week prior to the next regular board meeting. A non-itemized credit card receipt is not sufficient.

C. Employees making purchases with a school district credit card or purchasing program must comply with the steps set forth in the district's Purchasing (Credit) Card Program.

D. All purchases of goods and services made with district funds must be made on a properly executed purchase order.

E. All purchases shall be initiated with a purchase order. Purchase orders are signed by the person responsible for that particular budget and finally by the superintendent.

F. For purchases of more than \$10,000, authorized staff members must secure written quotes and/or estimates from a reasonable number of vendors. Staff will purchase from a responsible vendor with the lowest price unless the board approves the purchase from the more expensive vendor.

V. Relations with Vendors

A. The board wishes to maintain good working relations with vendors who supply materials, supplies and services to the school system. The school shall not extend favoritism to any vendors. Each order shall be placed on the basis of quality, price and delivery, with past services being a factor if all other considerations are equal. The administrative team may, in its discretion, use a Nebraska state-wide cooperative purchasing program in lieu of obtaining quotes or bids under this policy to the extent such a bid or quote is not otherwise independently required by law.

B. No purchase shall be made that violates any conflict of interest policy or law.

C. No employee shall endorse any product of any type or kind in such a manner as will identify him/her in any way as an employee of the school district.

D. The board believes in patronizing local businesses. Consequently, when proposals are judged to be equal in terms of quality, price, and/or service, the contract or purchase will be awarded to the firm that is located within the district. However, the board will not sacrifice either quality or economy to patronize local businesses.

Fiscal Management for Purchasing and Procurement Using Federal Funds

I. Applicability of Policy

This policy applies only to non-construction related purchases undertaken with federal funds which are subject to the federal Uniform Grant Guidance (UGG) and other applicable federal law, including but not limited to the Education Department and General Administration Regulations (EDGAR) and the United States Department of Agriculture (USDA) regulations governing school food service programs. In the event this policy conflicts or is otherwise inconsistent with mandatory provisions of the UGG, EDGAR or other applicable federal law, the mandatory provisions of the laws shall control.

All other non-construction purchases will be governed by the Board's general purchasing policy, which can be found earlier in this subsection. In the event of a conflict between state and federal law, the more stringent requirement shall apply.

This procurement policy shall govern all purchasing activities that relate to any aspect of the National School Lunch and Breakfast Programs. The district's goal is to fully implement all required procurement rules, regulations and policies set forth in 2 CFR 200, 7 CFR parts 210, 3016 and 3019, and by the Nebraska Department of Education.

II. Procurement System

The District maintains the following purchasing procedures.

A. Responsibility for Purchasing

The authority to make purchases shall be governed by the District's purchasing policy, which can be found elsewhere in this section. Except as otherwise provided in the District's purchasing policy, the acquisition of services, equipment, and supplies shall be centralized in the administration office under the supervision of the superintendent of schools, who shall be responsible for developing and administering the purchasing program of the school district. Purchases or commitments of district funds that are not authorized by this policy will be the responsibility of the person making the commitment.

B. Methods of Purchasing

The type of purchase procedures required depends on the cost of the item(s) being purchased.

1. Purchases up to \$10,000 (Micro-Purchases)

Micro-purchase means an individual procurement transaction for supplies or services using simplified acquisition procedures, the annual aggregate amount of which does not exceed \$10,000. Micro-purchases may be made or awarded without soliciting competitive quotations, to the extent district staff determine that the cost of the purchase is reasonable. For purposes of this policy "reasonable" means the purchase is comparable to market prices for the geographic area.

To the extent practicable, the District distributes micro-purchases equitably among qualified suppliers. The District will follow its standard policy on purchasing, which can be found earlier in this subsection.

2. Purchases between \$10,000 and \$250,000 (Simplified Acquisition Procedures)

Simplified acquisitions are purchases that, in the aggregate amount, are more than \$10,000 and less than \$250,000 annually. For simplified acquisitions, price or rate quotes shall be obtained in advance from a reasonable number of qualified sources as detailed in the district's standard policies on purchasing and on bid letting and contracts, which can be found earlier in this subsection.

3. Purchases Over \$250,000

a) Sealed Bids (Formal Advertising)

For purchases over \$250,000, the district will generally follow the bidding process outlined in the board's policy on Bidding for Construction, Remodeling, Repair or Site Improvement. If sealed bids are not accepted for a purchase of over \$250,000, the district will retain an explanation for that decision.

b) Contract/Price Analysis

The District performs a cost or price analysis in connection with every procurement action in excess of \$250,000, including contract modifications. The district will make an independent estimate of costs prior to receiving bids or proposals.

4. Noncompetitive Proposals (Sole Sourcing)

a) Procurement by noncompetitive proposals is procurement through solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:

- 1) The procurement transaction can only be fulfilled by a single source;
- 2) The public exigency or emergency for the requirement will not permit a delay resulting from providing public notice of a competitive solicitation;
- 3) The federal awarding agency or pass-through entity expressly authorizes written approval of noncompetitive proposals in response to a written request from the District; or
- 4) After solicitation of a number of sources, competition is determined inadequate.

b) Noncompetitive proposals may only be solicited with the approval of the superintendent or the board. Sufficient and appropriate documentation that justifies the sole sourcing decision must be maintained by the superintendent or designee.

c) A cost or price analysis will be performed for noncompetitive proposals when the price exceeds \$250,000.

5. Competitive Proposals.

a) The technique of competitive proposals is normally conducted with more than one source submitting an offer, and either a fixed price or cost-reimbursement type contract is awarded. It is generally used when conditions are not appropriate for the use of sealed bids. If this

method is used, the following requirements apply:

1. Requests for proposals must be publicized and identify all evaluation factors and their relative importance. Any response to publicized requests for proposals must be considered;
2. Proposals must be solicited from an adequate number of qualified sources; and
3. Contracts must be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered.

b) The District may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used to procure A/E professional services. The method may not be used to purchase other services provided by A/E firms as a potential source to perform the proposed effort.

c) The District may select a proposal that offers the best value and that is based upon the proposer's responsiveness to the proposal, experience, reputation, staff qualifications, ability and capacity to carry on the work, price, honesty, integrity, skills, business judgment, financial stability, past performance, and other relevant factors. The evaluation may be conducted by the school board, a designated committee, or another designee of the school board.

C. Use of Purchase (Debit & Credit) Cards

District use of purchase cards is subject to the policy on purchase cards which can be found elsewhere in this subsection.

D. Federal Procurement System Standards

The district's procurement transactions will be conducted in a manner providing full and open competition consistent with 2 C.F.R §200.319.

The District will maintain and follow general procurement standards consistent with 2 C.F.R. §200.318.

E. Debarment and Suspension

The District awards contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of a proposed procurement. Consideration will be given to such matters as contractor integrity, public policy compliance, proper classification of employees (see the Fair Labor Standards Act, 29 U.S.C. 201, chapter 8), record of past performance, and financial and technical resources when conducting a procurement transaction.

The District may not subcontract with or award subgrants to any person or company who is debarred or suspended. For all contracts over \$25,000 the District verifies that the vendor with whom the District intends to do business with is not excluded or disqualified. 2 C.F.R. Part 200, Appendix II(1) and 2 C.F.R. §§ 180.220 and 180.300.

The District will verify debarment or suspension by revising the excluded parties list on SAM.gov, collecting a certification through the bidding process, and/or by including a debarment and suspension provision in the bid and contract documents. The Superintendent or his/her designee shall be responsible for such verification.

F. Settlements of Issues Arising Out of Procurements

The District alone is responsible, in accordance with good administrative practice and sound business judgment, for the settlement of all contractual and administrative issues arising out of procurements. These issues include, but are not limited to, source evaluation, protests, disputes, and claims. These standards do not relieve the District of any contractual responsibilities under its contracts. Violations of law will be referred to the local, state, or federal authority having proper jurisdiction.

III. Conflict of Interest and Code of Conduct

A. Board and staff member conflicts of interest are governed by the district's conflict of interest policies.

B. Purchases covered by this policy are subject to the following additional provisions.

1. Employees, officers, and agents engaged in the selection, award, and/or administration of district contracts which are prohibited
-

from engaging in such actions if a real or apparent conflict of interest is present.

2. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.

3. The board may determine at its discretion that a financial interest is not substantial enough to give rise to a conflict of interest.

C. Favors and Gifts

An employee, officer, agent, and board member of the District may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts, except that this provision does not prohibit the receipt of unsolicited items of nominal value. For purposes of this policy, "nominal value" means a fair market value of \$25 or less.

D. Enforcement

Disciplinary Actions including, but not limited to, counseling, oral reprimand, written reprimand, suspensions without pay, or termination of employment, will be applied for violations of such standards by officers, employees, board members, or agents of the District.

IV. Property Management Systems

A. Property Classifications

1. Equipment means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost that equals or exceeds the lesser of the capitalization level established by the District for financial statement purposes, or \$10,000.

2. Supplies means all tangible personal property other than those described in §200.33 Equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the District for financial statement purposes or \$10,000, regardless of the length of its useful life. 2

C.F.R. §200.94.

3. Computing Devices means machines that acquire, store, analyze, process, and publish data and other information electronically, including accessories (or “peripherals”) for printing, transmitting and receiving, or storing electronic information. 2 C.F.R. §200.20.

4. Capital Assets means tangible or intangible assets used in operations having a useful life of more than one year which are capitalized in accordance with GAAP. Capital assets include:

a) Land, buildings (facilities), equipment, and intellectual property (including software) whether acquired by purchase, construction, manufacture, lease-purchase, exchange, or through capital leases; and

b) Additions, improvements, modifications, replacements, rearrangements, reinstallations, renovations or alterations to capital assets that materially increase their value or useful life (not ordinary repairs and maintenance). 2 C.F.R. §200.12.

B. Inventory Procedure

Newly purchased property shall be received and inspected by the staff member who ordered it to ensure that it matches the purchase order, invoice, or contract and that it is in acceptable condition.

Equipment, Computing Devices, and Capital Assets must be tagged with an identification number, manufacturer, model, name of individual who tagged the item, and date tagged).

C. Inventory Records

For equipment, computing devices, and capital assets purchased with federal funds, the following information is maintained in the property management system:

1. Serial number;
 2. District identification number;
 3. Manufacturer;
 4. Model;
 5. Date tagged and individual who tagged it;
-

6. Source of funding for the property;
7. Who holds title;
8. Acquisition date and cost of the property;
9. Percentage of federal participation in the project costs for the federal award under which the property was acquired;
10. Location, use and condition of the property; and
11. Any ultimate disposition data including the date of disposal and sale price of the property.

The inventory list shall be adjusted by the superintendent of schools or his/her designee for property that is sold, lost, stolen, cannot be repaired, or that cannot be located.

D. Physical Inventory

1. A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.

2. The Superintendent or his/her designee will ensure that the physical inventory is performed. The physical inventory will generally occur during the months of June or July, but may be conducted during other time periods with the approval of the superintendent.

E. Maintenance

In accordance with 2 C.F.R. 313(d)(4), the District maintains adequate maintenance procedures to ensure that property is kept in good condition.

F. Lost or Stolen Items

The District maintains a control system that ensures adequate safeguards are in place to prevent loss, damage, or theft of the property. The District will notify the Federal agency or pass-through entity of any loss, damage, or theft of equipment that will have an impact on the program.

G. Use of Equipment

Equipment must be used in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by the federal award, and the District will

not encumber the property for any non-federal program use without prior approval of the federal awarding agency and the pass-through entity.

H. Disposal of Equipment

When it is determined that equipment acquired under a federal award is no longer needed for the original project or program or for other activities currently or previously supported by a federal awarding agency, the Superintendent or his/her designee will contact the awarding agency (or pass-through for a state-administered grant) for disposition instructions.

If the item has a current fair market value of \$10,000 or less, it may be retained, sold, or otherwise disposed of with no further obligation to the federal awarding agency or pass-through entity. The Superintendent or his/her designee will utilize sales procedures which ensure the highest possible return on the disposal of the equipment.

I. Equipment Retention

When included in the terms and conditions of the Federal award, the Federal agency may permit the recipient to retain equipment, or authorize a pass-through entity to permit the recipient to retain equipment, with no further obligation to the Federal Government unless prohibited by Federal statute or regulation.

J. Equipment and Capital Expenditures

All equipment and capital expenditures shall comply with the rules and requirements of 2 CFR 200.439.

K. Depreciation

All depreciation shall comply with the rules and requirements of 2 CFR 200.436.

L. Reporting and Recording Federal Property Interest

The district will comply with federal interest reporting and submit annual reports, if required, regarding a real property interest due to a renovation, major remodeling, construction, or real property project funded by federal grant funds.

V. Financial Management

A. Identification

The District will identify, in its accounts, all federal awards received and expended and the federal programs under which they were received. Federal program and award identification include, as applicable, the CFDA title and number, federal award identification number and year, name of the federal agency, and, if applicable, name of the pass-through entity.

B. Financial Reporting

The District will make an accurate, current, and complete disclosure of the financial results of each federal award or program in accordance with the financial reporting requirements set forth in the Education Department General Administrative Regulations (EDGAR).

C. Accounting Records

The District maintains records which adequately identify the source and application of funds provided for federally-assisted activities. These records must contain information pertaining to grant or subgrant awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.

D. Internal Controls

The Superintendent or his/her designee must maintain effective control and accountability for all funds, real and personal property, and other assets through board review and approval of claims, an annual audit of the district's finances pursuant to the applicable Nebraska Department of Education and federal rules and regulations, and comparison of expenditures and outlays to budgeted amounts. The District adequately safeguards all such property and assures that it is used solely for authorized purposes. The District takes reasonable cybersecurity and other measures to safeguard information including protected personally identifiable information.

E. Budget Control

Actual expenditures or outlays will be compared with budgeted amounts for each federal award at least annually and more often as required by law or deemed prudent by the board or administrative staff.

F. Payment Methods

The District will comply with applicable methods and procedures for payment that minimize the time elapsing between the transfer of funds and disbursement by the District, in accordance with the Cash Management Improvement Act at 31 CFR Part 205. Generally, the District receives payment from the Nebraska Department of Education on a reimbursement basis. 2 CFR § 200.305. However, if the District receives an advance in federal grant funds, the District will remit interest earned on the advanced payment quarterly to the federal agency. The District may retain interest amounts up to \$500 per year for administrative expenses. 2 CFR § 200.305(b)(9).

Consistent with state and federal requirements, the District will maintain source documentation supporting the federal expenditures (invoices, time sheets, payroll stubs, etc.) and will make such documentation available for the Nebraska Department of Education to review upon request.

G. Allowability of Costs

Expenditures must be aligned with approved budgeted items. Any changes or variations from the state-approved budget and grant application need prior approval.

When determining how the District will spend its grant funds, the Superintendent or his/her designee will review the proposed cost to determine whether it is an allowable use of federal grant funds before obligating and spending those funds on the proposed good or service. All costs supported by federal education funds must meet the standards outlined in EDGAR, 2 CFR Part 3474 and 2 CFR Part 200, Subpart E. The Superintendent or his/her designee must consider these factors when making an allowability determination.

The Superintendent or his/her designee will consider Part 200's cost guidelines when federal grant funds are expended. The

Superintendent or his/her designee will also consider whether all state - and District-level requirements and policies regarding expenditures have been followed.

H. Use of Program Income – Deduction, Addition, or Cost Sharing or Matching

The default method for the use of program income for the District is the deduction method. 2 C.F.R. § 200.307(e). Under the deduction method, program income is deducted from total allowable costs to determine the net allowable costs. Program income will only be used for current costs unless the District is otherwise directed by the federal awarding agency or pass-through entity. 2 C.F.R. § 200.307(e)(1). The District may also request prior approval from the federal awarding agency to use the addition method. Under the addition method, program income may be added to the Federal award by the Federal agency and the non-Federal entity. The program income must then be used for the purposes and under the conditions of the Federal award. 2 C.F.R. § 200.307(e)(2). The District may also request prior approval from the federal awarding agency to use the cost sharing or matching method.

While the deduction method is the default method, the District always refers to the grant award notice prior to determining the appropriate use of program income.

I. Cost Sharing or Matching

For all Federal awards, any shared costs or matching funds and all contributions, including cash and third-party in-kind contributions, must be accepted as part of the non-Federal entity's cost sharing or matching when such contributions meet all of the following criteria:

- (1) Are verifiable from the non-Federal entity's records;
 - (2) Are not included as contributions for any other Federal award;
 - (3) Are necessary and reasonable for accomplishment of project or program objectives;
 - (4) Are allowable under [subpart E \(Cost Principles\) of this part](#);
 - (5) Are not paid by the Federal Government under another Federal award, except where the Federal statute authorizing a program specifically provides that Federal funds made available for such
-

program can be applied to matching or cost sharing requirements of other Federal programs;

(6) Are provided for in the approved budget when required by the Federal awarding agency; and

(7) Conform to other provisions of this part, as applicable.

J. Documentation of Personnel Expenses

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

VI. Written Compensation Policies

A. Time and Effort Standards

All employees who are paid in full or in part with federal funds must keep specific documents to demonstrate the amount of time they spent on grant activities. This includes an employee whose salary is paid with state or local funds but is used to meet a required "match" in a federal program. These documents, known as time and effort records, are maintained in order to charge the costs of personnel compensation to federal grants. Charges to federal awards for salaries and wages must be based on records that accurately reflect the work performed. These records must:

(1) Be supported by a system of internal controls which provides reasonable assurance that the charges are accurate, allowable, and properly allocated;

(2) Be incorporated into official records;

(3) Reasonably reflect total activity for which the employee is compensated, not exceeding 100% of compensated activities;

(4) Encompass both federally assisted and all other activities compensated by the District on an integrated basis;

(5) Comply with the established accounting policies and practices of the District and

(6) Support the distribution of the employee's salary or wages among specific activities or costs objectives.

B. Time and Effort Procedures

Time and effort procedures will follow and comply with 2 CFR

200.430(i).

C. Fringe Benefits

Except as provided otherwise by federal law, the costs of fringe benefits will be allowable provided that the benefits are reasonable and required by law, a district-employee agreement, or another policy of the District.

D. Leave

The cost of fringe benefits in the form of regular compensation paid to employees during periods of authorized absences from the job, such as for annual leave, family-related leave, sick leave, holidays, court leave, military leave, administrative leave, and other similar benefits, are allowable if they are provided under established written District leave policies.

E. Unexpected or Extraordinary Circumstances

In the event of a pandemic or other unexpected or extraordinary circumstance, the District may close school or individual buildings. In such cases, the District may compensate federally funded or other employees during such closure to ensure the return of staff to employment after the closure as allowed by state or federal law.

F. Documentation for Personnel Expenses

Records that reflect charges to federal awards for salaries and wages will comply with the rules and requirements of 2 CFR 200.430.

VII. Other Contract Matters.

A. Required Terms

The non-Federal entity's contracts must contain the applicable provisions required by section 200.326 and described in Appendix II to Part 200—Contract Provisions for non-Federal Entity Contracts Under Federal Awards.

B. Contracting with Certain Vendors

Pursuant to the standards contained in 2 C.F.R. § 200.321, the District

will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, veteran-owned businesses, and labor surplus area firms are used when possible consistent with state law.

Buy American. The District participates in the National School Lunch Program and School Breakfast Program and is required to use the nonprofit food service funds, to the maximum extent practicable, to buy domestic commodities or products for Program meals. A "domestic commodity or product" is defined as one that is either produced in the U.S. or is processed in the U.S. substantially using agricultural commodities that are produced in the U.S. as provided in 7 CFR 210.21(d).

The District may deviate from this general requirement only if:

- The product is not produced or manufactured in the U.S. in sufficient and reasonably available quantities of a satisfactory quality; or
- Competitive bids reveal the costs of a U.S. product are significantly higher than the non-domestic product.

C. Record Keeping

1. Record Retention

a) The District maintains all records that fully show (1) the amount of funds under the grant or subgrant; (2) how the subgrantee uses those funds; (3) the total cost of each project; (4) the share of the total cost of each project provided from other sources; (5) other records to facilitate an effective audit; and (6) other records to show compliance with federal program requirements. 34 C.F.R. §§ 76.730-.731 and §§ 75.730-.731. The District also maintains records of significant project experiences and results. 34 C.F.R. § 75.732. These records and accounts must be retained and made available for programmatic or financial audit.

b) The U.S. Department of Education is authorized to recover any federal funds misspent within 5 years before the receipt of a program determination letter. 34 C.F.R. § 81.31(c). Schedule 10 (Local School Districts) and Schedule 24 (Local Agencies General Records) of the Nebraska Records Management Division as approved by the Nebraska Secretary of State/State Records Administrator requires the District to maintain records regarding federal awards for a minimum of six (6) years. Consequently, the District shall retain

records for a minimum of six (6) years from the date on which the final Financial Status Report is submitted, unless otherwise notified in writing to extend the retention period by the awarding agency, cognizant agency for audit, oversight agency for audit, or cognizant agency for indirect costs. However, if any litigation, claim, or audit is started before the expiration of the record retention period, the records will be retained until all litigation, claims, or audit findings involving the records have been resolved and final action taken. 2 C.F.R. § 200.333.

c) Records will be destroyed in compliance with Schedule 10, Schedule 24, and State law. This includes the completion of a Records Disposition Report.

2. Maintenance of Procurement Records

a) The District must maintain records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, the basis for the contract price (including a cost or price analysis), and verification that the contractor is not suspended or debarred.

b) Retention of procurement records shall be in accordance with applicable law and Board policy.

D. Privacy

The District has protections in place to ensure that the personal information of both students and employees is protected. These include the use of passwords that are changed on a regular basis; staff training on the requirements of the Family Educational Rights and Privacy Act (FERPA) and State confidentiality requirements; and training on identifying whether an individual requesting access to records has the right to the documentation.

School Meal Program and Meal Charges

Meal Program. The school district will make a school meal program available to students. The cost of the program will be determined by the board of education so as to make the program as nearly self-supporting as possible. With board approval, the district may contract with a private company or corporation for the management and/or provision of the program.

The district will notify the families with children attending school of the current guidelines for free or reduced-price school meals. A copy of the complete regulations and procedures regarding reduced-price and free meals shall be available in the office of the superintendent.

Meal Charge Policy. The district will notify students and their families of the policy for **Charged Meals**, meaning meals received by a student when the student does not have money in hand or in his or her food account. This policy applies to students who receive meals at the free, reduced, or full rates.

Notice of this policy must be provided in writing to all households at the start of each school year and to households that transfer to the school during the school year. Notice may be provided through the student handbook, student registration materials, online portal used to access student accounts, direct mailing or e-mail, newsletter, the district website, and/or any other appropriate means. Notice of this policy will also be provided to all school staff responsible for the enforcement of it, including food service professionals responsible for collecting payment for meals at the point of service, staff involved in notifying families of low or negative balances, and other staff involved in enforcing any aspect of this policy.

The district's policy on charged meals is:

If a student has no funds available to pay for a meal, the student will be permitted to charge up to \$25 worth of food. Thereafter, the student will be provided and charged for a limited "courtesy meal" option, such as a plain sandwich.

Students who qualify for free meals will not be denied a reimbursable meal, even if they have accrued a negative balance from other food purchases. School staff may prohibit any students from charging a la

carte or extra items if they do not have cash in hand or their account has a negative balance.

If a student repeatedly lacks funds to purchase a meal, has not brought a meal from home, and is not enrolled in a free meal program, the district will use its resources and contacts to protect the health and safety of the student. Failure or refusal of parents or guardians to provide meals for students may require mandatory reporting to child protection agencies as required by law.

Collection of Delinquent Meal Charge Debt

The school district is required to make reasonable efforts to collect unpaid meal charges. The building principal or his or her designee will contact households about unpaid meal charges and notify them again of the availability of the free and reduced meal program and/or establish payment plans and due dates by telephone, e-mail, or other written or oral communication. If these collection efforts are unsuccessful, the school district may pursue any other methods to collect delinquent debt as allowed by law. Collection efforts may continue into a new school year.

In the event that the Nebraska Department of Education develops a state-level meal charge policy, it shall supersede that portion of this policy.

1. Use of Specific Facilities by Application and Agreement
 - a. The district permits non-commercial use of the weight room by individual patrons for their personal health and wellness. The district understands that it would not be feasible to require a patron to apply to use facilities like the weight room on every occurrence. Patrons who wish to have access to the weight room must pay an annual (March 1 to February 28) fee set by the Board for a key fob. The facility uses defined in this paragraph are an exception to the general facility use requirements contained in this policy for ease of administration and efficiency. All other facility uses must comply with the other provisions of this policy.
 - b. The weight room facilities may only be used after completion of the district's written waiver and agreement form and payment of the fee. Information must be updated and fee paid yearly between January 1 and February 28. Any agreement signed after February 28th will only be valid until the following March 1, no prorated fee will be offered
 - c. Use of these facilities is governed by this and other district policy and the agreement signed by the user. A copy of each agreement will be maintained in the district's central office.

-

other organizations raising money purely for the support of student groups, as defined below, and not for personal profit are not considered commercial uses but must comply with the district's policies which apply to these groups.

- c. Any person or group using school facilities must assure that it will be responsible for maintaining order, protecting property, and providing security and safety.

 - iii.) Curriculum-related and Extracurricular student groups have priority over non-curriculum related student groups and non-student groups.
- b. Non-curriculum related student groups

iii. Non-student groups which provide programming and services for community members and others living within the district may be given priority of use over other outside groups.

b. Denial of access

i. The superintendent may limit or deny access to school buildings, grounds, and activities to any person whom the superintendent deems to be using the facilities inappropriately and contrary to the district's mission.

ii. Upon determining that a person or group has engaged in, or is engaging in conduct that constitutes grounds for exclusion under this policy, the superintendent shall take such action as he or she determines appropriate, including directing the person to cease engaging in the conduct or to leave the school premises or activity immediately. b. If the district retains control over the area of the premises in which the non-curricular and non-student group desires to use, meaning the district provides supervision, staffing, custodial services, or otherwise maintains its control during the group's use of the facilities, the group may not charge a fee for admission under any circumstances.

c. Non-curricular and non-student groups may charge for parking or vehicle entry onto the premises unless otherwise prohibited by the superintendent.

Copyright Compliance

Restrictions on Use and Permission. Copyrighted works such as print, audio, video, software, applications, and other documents or media ("works") may be reproduced or used for educational purposes only when the use of the reproduction is a fair use in compliance with state and federal copyright law or when the written permission or license for such use has been obtained from the copyright holder. A staff member who wishes to use any non-original work must obtain the prior written permission of the building principal. Unless the district has obtained a license for use of a work for its intended educational purpose, no principal shall grant permission for a requested use of a copyrighted work unless the principal has reasonable grounds to believe that it is a fair use under applicable copyright law. Only works requested to be used in the course and scope of employment with the district will be permitted.

Distribution of Copyright Compliance Materials. The district will make information available to staff and students which describes and promotes compliance with copyright laws.

Course Materials Subject to Copyright Protection. The purpose of this provision is to provide notice to all staff, students, and parents that course materials may be subject to copyright protection. No class materials may be used or copied for use outside of the class session or sessions in which the materials are used for educational purposes unless authorized or required by law. No student or staff member may take audio or video recording of any class in which copyrighted materials are used unless authorized or required by law or an applicable educational plan provided under state and federal disability laws. Any such recordings will be kept only as long as required to fulfill the purpose of the recording, such as for evaluative purposes, or the applicable retention period required by law.

Copies for Individuals with Disabilities. This policy does not restrict district staff members from reproducing or distributing copies of copyrighted works in a specialized format for use by individuals with disabilities to gain access to the work.

Removal of Unauthorized Copyrighted Works. Upon obtaining knowledge or awareness of an unauthorized use of copyrighted works, the district will take reasonable steps to remove, deny access to, and

stop use of any unauthorized copyrighted work stored in the district's paper or digital files or programs. This includes but is not limited to administrators accessing staff files and equipment for the purpose of physically removing curricular materials or directing staff members to cease using the materials immediately when there has been no license granted or fair use determination made. The superintendent or superintendent's designee may limit or deny access to district materials and programs to students or staff members who engage in violations of this policy or copyright law. The district may require the student or staff member to obtain training on copyright protections and limitations in order to regain access to any such materials or programs.

Violations by Students and Staff. Any staff member who violates this policy will face disciplinary action up to and including the cancellation, nonrenewal, or termination of the employee's employment. Any student who violates this policy may face disciplinary action up to and including expulsion. Individuals who subject the school district to financial penalty for copyright violations may be required to reimburse the district for its costs for such violation.

Record Management and Retention

The school district will comply with all federal record retention requirements, the Nebraska Records Management Act, and with Schedules 10 and 24 of the Nebraska Secretary of State's Records Management Division. These requirements apply to both physical and digital records. When permitted by Schedule 10 and Schedule 24 of the Nebraska Secretary of State's Office, records will be transferred to durable electronic media for long-term storage.

Special Rules Related to Electronic Forms of Communication.

Electronically stored information such as e-mail, instant messaging, and other electronic communication are important to the district's overall operation. E-mail and other forms of electronic communication which are subject to retention under the Nebraska Records Management Act may be moved to a storage method other than their original format. Each individual who creates or receives electronic communications that belong to or pertains to the operation of the district is responsible for determining whether and in what format those records must be maintained. Duplicate records may be destroyed at any time prior to the approved retention period. Staff members who are uncertain about whether a record should be retained should consult with their supervising administrator.

Due to the nature and volume of forms of electronic communication related to the operation of the district, transitory or multiple copies of electronic communication will be retained with metadata intact for 30 days. After this time, the electronically stored information with metadata intact shall be subject to overwriting or deletion from the district's electronic files and records, except as otherwise required by these policies or state and federal law.

School-affiliated Social Media Posts. Communications on school-affiliated social media accounts are considered short-term communications pursuant to the Records Management Act. As such, they will be retained in their original form on the vendor's system and will not be deleted by the user for at least 6 months. Individuals who are uncertain as to whether a specific social media account is "school-affiliated" should refer to the Board's policy on Staff and District Social Media Use contained elsewhere in these policies.

Special Rules Related to Security Camera Footage. Video footage from security cameras is generally considered working papers under the Records Management Act, and will be overwritten consistent with the district's audio and video recording policy. Video footage which captures an event of educational or behavioral significance and contains personally-identifiable information will be maintained by the school district pursuant to its policy on student records.

Student Records. The retention of student records is also governed by the board's policy on student records.

Records Regarding Pending or Threatened Litigation. When litigation against the district or its employees is filed or threatened, the district will take all reasonable action to preserve all documents and records that pertain to the issue. When the district is made aware of pending or threatened litigation, a litigation hold directive will be issued by the superintendent or his/her designee. The directive will be given to all persons suspected of having records that may pertain to the potential issues in the litigation. The litigation hold directive overrides any records retention schedule that may otherwise call for the disposition or destruction of the records until the litigation hold has been lifted.

Federal Award Records. The district will retain federal award records as required by 2 C.F.R. § 200.334. This includes retaining all federal award records for three years from the date of submission of their final financial report. For awards that are renewed quarterly or annually, the district will retain records for three years from the date of submission of their quarterly or annual financial report, respectively. Records to be retained include but are not limited to, financial records, supporting documentation, and statistical records.

Booster Clubs and Parent-Teacher Organizations

Parent-teacher organizations and booster clubs (collectively, "Supporting Entities") promote goodwill throughout the community and strengthen educational programs via parental and community involvement in the district. However, the district's involvement with Supporting Entities may result in negative legal and political consequences.

Supporting Entities are separate entities from the district and board. Therefore, district employees may only participate in a Supporting Entity's activities as a member, officer, or director of the Supporting Entity. District employees may not participate in Supporting Entities in their capacity as a district employee. Further, in-school announcements for Supporting Entity sponsored functions must provide a clear indication that the function is sponsored by the Supporting Entity.

Notwithstanding anything herein to the contrary, an administrator employed by the district may attend the meetings of the Supporting Entity. An administrator who attends Supporting Entity meetings must strongly **recommend** that the Supporting Entity adopt the following policies:

- (a) The Supporting Entity should legally establish itself as a Nebraska Nonprofit Organization.
- (b) The Supporting Entity should require that
 - i. all checks written out of the Supporting Entity's checking account contain two signatures;
 - ii. sales slips, receipts, or invoices for every expenditure be provided to the Supporting Entity's treasurer and kept in the Supporting Entity's records; and
 - iii. bank statements be reviewed and approved by the Supporting Entity treasurer and reconciled by a Supporting Entity officer that does not have check-signing authority.

Supporting Entities may only use the district's facilities for meetings or public activities, and may only use the district's names, logos, or mascots, upon prior written approval of a district administrator.

The school district's handbooks for students and staff are intended to convey information and explain school regulations and procedures that are necessary for the school to run smoothly and efficiently. The district's handbooks are an extension of these policies and have the force and effect of board policy when approved by the board of education. Although the board may approve the handbooks annually, the administration has the authority to change the contents of any handbook without board approval so long as the changes are consistent with board policy.

The administration may provide only the amendment to the individuals affected by the change without providing them with the full handbook unless required by law.

None of the district's handbooks creates a "contract" between the school district, staff members, parents or students.

Resolution of Conflicts Between Parents Over School Issues

It is in students' best educational interests to have parents work cooperatively with each other and with school personnel regarding their children's education. In certain circumstances, parents disagree with each other regarding their children's education or other issues involved with the school district. Though such disagreements typically occur with separated or divorced parents, this regulation is not limited to those circumstances.

1) Obtaining Records and Conferring with Teachers.

All parents can obtain their children's records and meet with their children's teachers regardless of custody or visitation rights unless a court enters an order otherwise or their parental rights have been terminated. The district will not schedule separate parent-teacher conferences absent extraordinary circumstances.

2) Accessing a Child at School/Picking Up a Child.

School personnel will neither interpret nor enforce court orders governing the relations between separated or divorced parents unless the court order terminates the parental rights of a parent, limits a parent to supervised visitation with minor children or otherwise specifically limits the parent's access to the child at school. In all other circumstances, parents may contact their child while at school or pick a child up from school at any time. School staff are not responsible for enforcing visitation schedules contained in any court order to which the school district is not a party.

Sex Offenders

The safety of the students attending school is very important to the board of education. School employees, parents, and students should be aware of dangers posed by sex offenders living within the school district, and should be vigilant in providing protection against these dangers.

The Nebraska Legislature has enacted the Nebraska Sex Offender Registration Act. The Act requires sex offenders to register with the local county sheriff where they reside. The school district shall notify staff members, parents, and students of any registered sex offenders residing in the school district. Such notice shall contain information about the availability of further information on the State Patrol's web page, and shall inform the recipient of the prohibition against using the information for any retaliatory purpose against the sex offender, the offender's family, or the offender's employer. Only information deemed non-confidential pursuant to NEB. REV. STAT. §§ 29-4006 and 29-4009 will be disclosed in the aforementioned notification.

The board does not generally permit registered sex offenders on school grounds, at any school sponsored activity, or on any property under the control of the school district. The superintendent or his/her designee is hereby empowered to notify sex offenders of this policy and to grant limited permission to attend certain activities on a case-by-case basis.

Students who are registered sex offenders shall not be precluded from receiving a free education from the school district on that basis. The school district will consider a student's status as a registered sex offender in determining the student's educational placement and program.

The school district has a limited number of AEDs in its facilities. The location of the AEDs will be determined by the AED Program Coordinator in consultation with members of the school district administration and the local fire/EMS department. The presence of AEDs in certain locations in selected district buildings does not imply that AEDs will generally be available in all locations or in all district buildings. Likewise, the district does not make any promise, express or implied, that a trained staff member will be available to operate the AED in the event of a potential cardiac arrest.

1. Equipment

Equipment shall be an automated external defibrillator in working condition that meets standards established by the Federal Food and Drug Administration and is in compliance with the manufacturer's maintenance schedule.

When the school acquires an AED it will notify the local emergency medical service of the existence, location, and type of the AED, and will notify EMS of any change in the location of such defibrillator. The board shall determine the type of purchasing card or cards to be used in the program and shall contract with a third-party provider as provided by law.

Authorized Purchases. Authorized users have standing authority to use the purchasing card to charge actual, necessary, and reasonable travel expenses. Otherwise, the purchasing card may only be used to purchase goods and services approved by the board or the superintendent or designee. The maximum amount that may be charged in a single day will be at the discretion of the superintendent.

Unauthorized Purchases. In no event shall the purchasing card be used for personal purchases, purchases that are not school related, alcohol purchases, or purchases that are not allowed by law. Individuals who make unauthorized purchases shall reimburse the district for the expense within ten days of the purchase or the discovery of the unauthorized purchase, whichever occurs first.

Authorized Users. Individuals holding the following titles may be assigned an individual purchasing card: Superintendent and Designated Staff. Threat Assessment and Response

The board of education is committed to providing a safe environment for members of the school community. Students, staff and patrons are urged to immediately report any statements or behavior that makes the observer fearful or uncomfortable about the safety of the school environment.

1. Definitions

- a. A **threat** is an expression of a willful intent to physically or sexually harm someone or to damage property in a way that indicates that an individual poses a danger to the safety of school staff, students or other members of the school community.
 - i. The threat may be expressed/communicated behaviorally, orally, visually, in writing, electronically, or through any other means.
 - ii. A **transient threat** is an expression of anger or frustration that can be quickly or easily resolved.
 - iii. A **substantive threat** is an expression of serious intent to harm others which includes, but is not limited to, any threat which involves a detailed plan and means.
- b. A **threat assessment** is a fact-based process emphasizing an appraisal of observed (or reasonably-observable) behaviors to identify potentially dangerous or violent situations, to assess them and to manage/address them. Threat assessment is the process of identifying and responding to serious threats in a systematic, data-informed way.
 - i. The threat assessment process is distinct from student disciplinary procedures. The mere fact that the district is conducting a threat assessment does not by itself necessitate suspension, expulsion or emergency exclusion without complying with state law and board policy related governing those actions.

- ii. The threat assessment process is distinct from specialized instruction which a student with a disability may receive from the school district. The school district will not change a student's educational placement as that term is used in the Individuals with Disabilities in Education Act *solely* as part of a threat assessment.

2. Obligation to Report Threatening Statements or Behaviors.

All staff and students must report **substantive threats** to a member of the administration immediately and comply with any other mandatory reporting obligations. Staff and students who are unsure whether a threat is substantive or transient should report the situation. Staff and students must make such report regardless of the nature of the relationship between the individual who initiated the threat or threatening behavior and the person(s) who were threatened or who were the focus of the threatening behavior. Staff and students must also make such reports regardless of where or when the threat was made or the threatening behavior occurred.

THREATS OR ASSAULTS WHICH REQUIRE IMMEDIATE INTERVENTION SHOULD BE REPORTED TO THE POLICE AT 911.

3. Threat Assessment Team

The threat assessment team (team) shall consist of first responders, various staff members, and administration. Not every team member needs to participate in every threat assessment. If the threat has been made by or is directed towards, a student with a disability, the threat assessment team must include a staff member who is knowledgeable about special education services or Section 504 of the Rehabilitation Act, as appropriate. Neither the student nor their student's family members are part of the threat assessment team.

The team is responsible for investigating all reported threats to school safety, evaluating the significance of each threat, and devising an appropriate response. The threat assessment team shall work

closely with the crisis team in planning for crisis situations. The threat assessment team shall be familiar with mental health resources available to students, staff and patrons and shall collaborate with local mental health service providers as appropriate.

4. Threat Assessment Investigation and Response

When a threat is reported, the school administrator shall initiate an initial inquiry/triage and, in consultation with members of the threat assessment team, make a determination of the seriousness of the threat as expeditiously as possible. The school administrator must contact law enforcement if the administrator believes that an individual poses a clear and immediate threat of serious violence.

If there is no reasonably apparent imminent threat present or once such an imminent threat is contained, the threat assessment team will meet to evaluate and respond to the threatening behavior. The team may, but is not required to, review the following types of information:

- Review of the threatening behavior and/or communication;
- Interviews with the individuals involved including students, staff members, and family members as necessary and/or appropriate;
- Review of school and other records for any prior history or interventions with the students involved;
- Any other investigatory methods that the team determines to be reasonable and useful.

At the conclusion of the investigation, the team will determine what, if any, response to the threat is appropriate. The team is authorized to disclose the results of its investigation to law enforcement and to the target(s) of any threatened acts. The team may refer the individual of concern to the appropriate school administrator for consequences under the school's student discipline policy or, if appropriate, report the results of its investigation to the student's individualized education plan team.

Regardless of threat assessment activities, disciplinary action and referral to law enforcement will occur consistent with board policy and Nebraska law.

5. Communication with the Public about Reported Threats

The team will keep members of the school community appropriately informed about substantive threats and about the team's response to

those threats. This communication may include oral announcements, written communication sent home with students, or communication through print or broadcast media. However, the team will not reveal the identity of the individual of concern or of any target(s) of threatened violence unless permitted by law.

6. Coordination with the Crisis Team After Resolution of Threat

1. In order to fulfill its obligation to provide a safe and secure learning environment, the Board of Education has adopted this School Safety and Security Policy. Although the district will take reasonable steps to protect students and staff, no entity can provide complete safety and security at all times. This policy does not make the district a guarantor of the safety of students, staff or patrons.

I. General Safety and Security

a. NDE Rubric

The District will meet at least the minimum requirement for each school safety and security standard indicator adopted by the Nebraska Department of Education.

b. School Hours

- i. During a crisis situation, the administration will maintain established school hours and proceed with all co-curricular activities as scheduled whenever possible.

- i. The school's facilities may not be used for funeral or memorial services during the school day.
- ii. This policy does not discourage the presentation of traditional American Legion memorial services which promote patriotism.

d. Memorials

for students. Therefore, memorials may not be displayed anywhere on school premises.

- ii. This policy is not intended to discourage the acceptance of memorial funds or specific items.

II. Superintendent's Duties Related to Safety and Security

a. Appointment of Crisis Team

Construction Management at Risk Contracts

This policy is adopted pursuant to the Political Subdivisions Construction Alternatives Act (NEB. REV. STAT. § 13-2901 through § 13-2914).

The board shall adopt a resolution by a two-thirds affirmative vote selecting the construction management at risk contract delivery system prior to proceeding with any of the steps involved with solicitation or execution of any construction contract.

Definitions. For purposes of this policy:

1. Construction management at risk contract means a contract by which a construction manager (a) assumes the legal responsibility to deliver a construction project within a contracted price to the school district, (b) acts as a construction consultant to the school district during the design development phase of the project when the school district's architect or engineer designs the project, and (c) is the builder during the construction phase of the project;
2. Construction manager means the legal entity which proposes to enter into a construction management at risk contract pursuant to the Act;
3. Proposal means an offer in response to a request for proposals by a construction manager to enter into a construction management at risk contract for a project pursuant to the act;
4. Request for proposals means the documentation by which a school district solicits proposals; and
5. School district means Elm Creek Public Schools.

Procedures.

1. Procedures for the preparation and content of requests for proposals shall include the following:

- A. At least thirty days prior to the deadline for receiving and opening proposals, notice of the request for proposals shall be published in a newspaper of general circulation within the school district and filed with the State Department of Education. The request for proposals shall contain, at a minimum, the following elements:
1. The identity of the school district for which the project will be built and the school district that will execute the contract;
 2. Policies adopted by the school district pursuant to the Act;
 3. The proposed terms and conditions of the contract, including any terms and conditions which are subject to further negotiation. The proposed general terms and conditions shall be consistent with nationally recognized model general terms and conditions which are standard in the design and construction industry in Nebraska. The proposed terms and conditions may set forth an initial determination of the manner by which the construction manager selects any subcontractor and may require that any work subcontracted be awarded by competitive bidding;
 4. Any bonds and insurance required by law or as may be additionally required by the school district;
 5. General information about the project which will assist the school district in its selection of the construction manager, including a project statement which contains information about the scope and nature of the project, the project site, the schedule, and the estimated budget;
 6. The criteria for evaluation of proposals and the relative weight of each criterion; and
 7. A description of any other information which the school district chooses to require.

2. Procedures for the preparation and submission of proposals by the construction manager shall be determined on a project-by-project basis and included within the requests for proposals.
3. Procedures for evaluating requests for proposals submitted to the school district by a construction manager shall include the following:
 - A. The school district shall refer the proposals for recommendation to a selection committee. The selection committee shall be a group of at least five persons designated by the school district. Members of the selection committee shall include (1) members of the school board, (2) members of the school administration or staff, (3) the school's architect or engineer (4) any person having special expertise relevant to selection of a construction manager under the Act, and (5) a resident of the school district other than an individual included in subdivisions (1) through (4) of this subsection. A member of the selection committee designated under subdivision (4) or (5) of this subsection shall not be employed by or have a financial or other interest in a construction manager who has a proposal being evaluated and shall not be employed by the school district or the school's architect or engineer.
 - B. The selection committee and the school district shall evaluate proposals taking into consideration the criteria enumerated in subdivisions (1) through (7) of this subsection with the maximum percentage of total points for evaluation which may be assigned to each criterion set forth following the criterion. The following criteria shall be evaluated, when applicable:
 - (1) The financial resources of the construction manager to complete the project **(up to ten percent)**;
 - (2) The ability of the proposed personnel of the construction manager to perform **(up to thirty percent)**;

- (3) The character, integrity, reputation, judgment, experience, and efficiency of the construction manager **(up to thirty percent)**;

The records of the selection committee in evaluating proposals and making recommendations shall be considered public records for purposes of NEB. REV. STAT. § 84-712.01.

- C. The school district shall then evaluate and rank each proposal on the basis of best meeting the criteria in the request for proposals and taking into consideration the recommendation of the selection committee.
4. Procedures for negotiations between the school district and the construction managers submitting proposals prior to the acceptance of a proposal if any such negotiations are contemplated shall include the following:
- A. The school district may attempt to negotiate a construction management at risk contract with the highest ranked construction manager and may enter into a construction management at risk contract after negotiations.
 - B. The negotiations shall include a final determination of the manner by which the construction manager selects a subcontractor.
 - C. If the school district is unable to negotiate a satisfactory contract with the highest ranked construction manager, the school district may terminate negotiations with that construction manager. The school district may then

undertake negotiations with the second highest ranked construction manager and may enter into a construction management at risk contract after negotiations.

- D. If the school district is unable to negotiate a satisfactory contract with the second highest ranked construction manager, the school district may undertake negotiations with the third highest ranked construction manager, if any, and may enter into a construction management at risk contract after negotiations.
- E. If the school district is unable to negotiate a satisfactory contract with any of the ranked construction managers, the school district may either revise the request for proposals and solicit new proposals or cancel the construction management at risk process under the act.

- F. If the school district is able to negotiate a satisfactory contract with a construction manager, the school district shall file a copy of all construction management at risk contract documents with the State Department of Education within thirty days after their full execution. Within thirty days after completion of the project, the construction manager shall file a copy of all contract modifications and change orders with the State Department of Education.
5. Procedures for filing and acting on formal protests relating to the solicitation or execution of construction management at risk contracts shall include the following:
- A. Definitions.

 - (2) Protest shall mean a written objection by an interested party on any phase of the bidding process, including specification, preparation, bid solicitation, and intent to award.
 - B. Right to Protest. An interested party may protest to the Superintendent. The protest shall be submitted in writing on company letterhead within five working days after public notice of the bid. Protests based on alleged apparent improprieties in a solicitation or other request for proposals must be filed before bid opening or the closing date for receipt of proposals. In all other cases, the protest must be filed within five working days following the selection of the construction manager. To expedite handling of protests, the envelope containing the protest should be clearly labeled "Protest". The written protest shall include as a minimum the following:

- (1) The name and address of the interested party;
- (2) Appropriate identification of the relevant solicitation, and if a bid has been opened, its number, and date of opening;
- (3) A detailed statement of reasons for the protest;
- (4) Supporting, exhibits, evidence, or documents to substantiate any claims unless not available within the filing time, in which case the expected availability date shall be indicated; and a list of all persons who have knowledge of facts relevant to the protest; and
- (5) The action(s) the protestor desires the school district to take to resolve the protest.

The Superintendent will immediately decide upon receipt of the protest whether or not the award of a contract shall be delayed, or if the protest is timely received after the award, whether the performance of the contract should be suspended. The school district shall not proceed further with the solicitation or with the award of the contract and shall suspend performance under the contract, if awarded, unless the Superintendent makes a written determination that the protest is clearly without merit or that award of the contract without delay is necessary to protect the substantial interests of the school district.

- C. Authority to Resolve Protests. Prior to the commencement of an administrative review by the Board concerning any protest, the Superintendent shall attempt to resolve any protest filed by an interested party concerning any solicitation. If the protest is not resolved by mutual agreement, the Superintendent shall create and deliver a Decision to the protestor within a reasonable time after the written protest was received. The Decision shall include a written summary of the Superintendent's investigation and a recommendation regarding the

outcome of the protest. The Decision shall (1) state the reasons for the action taken, and (2) inform the interested party of their right to the administrative review by the Board. A copy of the Decision shall be mailed or otherwise furnished immediately to the interested party and any other party intervening protester and all other bidders. If not satisfied with the decision of the Superintendent, any interested party protester may appeal to the Board, but the decision shall be final unless the interested party protester files a timely appeal with the Board.

- D. Board Appeal Procedures. Any interested party protester, within five working days of receipt of a decision of the Superintendent, may file with the Superintendent a written notice of appeal for an administrative review before the Board. The Notice of Appeal must clearly state the action protested and the basis of appeal. The Board will conduct an administrative review at its next regularly scheduled meeting or at a special meeting. The school district board of education shall consider the Decision of the Superintendent and shall make the final decision on the protest. The school district board of education's decision shall be final.

- 6. A construction management at risk contract may be conditioned upon later refinements in scope and price and may permit the school district in agreement with the construction manager to make changes in the project without invalidating the contract. Later refinements shall not exceed the scope of the project statement contained in the request for proposals.

Prohibitions. The school district shall not use a construction management at risk contract for any construction project excluded by NEB. REV. STAT. § 13-2914 or any other applicable law.

- I. **Definitions.** For purposes of this policy:
- A. **Act** means the Nebraska Political Subdivisions Construction Alternatives Act.
 - B. **Board** means the District's Board of Education.
 - C. **Department** means the Nebraska Department of Education.
 - D. **Design-Build Contract** (D-B Contract) means a contract which is subject to qualification-based selection between the District and a Design-Builder to furnish (a) architectural, engineering, and related design services for a project pursuant to the Act and (b) labor, materials, supplies, equipment, and construction services for a project pursuant to the Act.
 - E. **Design-Builder** means the legal entity which proposes to enter into a D-B Contract which is subject to qualification-based selection pursuant to the Act.
 - F. **District** means Elm Creek Public Schools.
 - G. **Letter of Interest** means a statement indicating interest to enter into a D-B Contract for a project pursuant to the Act.
 - H. **NEARA** means the Nebraska Engineers and Architects Regulation Act.
 - I. **Performance-Criteria Developer** (PCD) means any person licensed or any organization issued a certificate of authorization to practice architecture or engineering pursuant to the NEARA who is selected by the District to assist the District in the development of Project Performance Criteria, Requests for Proposals, evaluation of Proposals, evaluation of the construction

under a D-B Contract to determine adherence to the Project Performance Criteria, and any additional services requested by the District to represent its interests in relation to a project.

J. **Project Performance Criteria** means the performance requirements of the project suitable to allow the Design-Builder to make a proposal. Performance requirements include the following, if required by the project: capacity, durability, standards, ingress and egress requirements, description of the site, surveys, soil and environmental information concerning the site, interior space requirements, material quality standards, design and construction schedules, site development requirements, provisions for utilities, storm water retention and disposal, parking requirements, applicable governmental code requirements, and other criteria for the intended use of the project.

K. **Proposal** means an offer in response to a Request for Proposals (RFP) by a Design-Builder to enter into a D-B Contract for a project pursuant to the Act.

L. **Qualification-based selection process** means a process of selecting a design-builder based first on the qualifications of the design-builder and then on the design-builder's proposed approach to the design and construction of the project;

M. **Request for letters of interest** means the documentation or publication by which the District solicits letters of interest;

N. **Superintendent** means the District's Superintendent of Schools, or his or her designee.

II. **Resolution to Select Design-Build.** The Board shall adopt a resolution by a two-thirds affirmative vote selecting the design-build contract delivery system prior to proceeding with any of the steps described below.

A. For a project, in whole or in part, for water, wastewater, utility, or sewer construction, the resolution shall include a statement that the District has made a determination that the design-build contract delivery system is in the public interest

based, at a minimum, on one of the following criteria: (a) Savings in cost or time or (b) requirement of specialized or complex construction methods suitable for the design-build contract delivery system.

III. Selecting and Hiring a Performance-Criteria Developer (PCD)

A. Selecting the Most Qualified PCD for Contract Negotiations. The required procedures for selecting the most qualified PCD for contract negotiations differ depending on the magnitude of the District's estimate of the project's basic construction cost, as described in this section A.

1. Project Cost \$896,000 and Below. For a project whose basic construction cost is estimated by the District to be \$896,000 or less, the District will use the following procedures for identifying the most qualified PCD:

a. The Superintendent will solicit statements of qualification from potential PCDs. Such solicitation shall include a general description of the project and shall indicate how interested individuals or firms can apply for consideration by the District. The Superintendent may, but is not required to, give public notice of such solicitation.

b. Based on the statements of qualifications and any other relevant information that the Superintendent receives, the Superintendent shall make a finding identifying the applicant most qualified to serve as the PCD for the project based on the applicant's capabilities to perform, adequacy of personnel, past record and performance, experience, and such other factors as may be determined by the Superintendent to be applicable to the District's particular requirements for the project.

c. Following such a finding, the Superintendent shall recommend to the Board that it negotiate a contract with the applicant so identified.

2. Project Cost in Excess of \$896,000. For a project whose basic construction cost is estimated by the District to exceed \$896,000, the District will use the following procedures for identifying the most qualified PCD:

a. The District will encourage individuals or firms who desire to provide professional services to the District as its PCD for the project to submit a statement of qualifications. At least fifteen (15) days prior to the deadline to respond, the District will publish notice in a newspaper of general circulation in the District that it is seeking a PCD for a design-build project. The notice shall include the following:

- i. A general description of the project;
- ii. How interested firms can apply for consideration by the District; and
- iii. The date by which individuals or firms must submit their statements of qualifications; and
- iv. A statement that any individual or firm applying for consideration by the District must obtain a copy of the District's Design-Build Contract Policy from the Superintendent.

b. To apply to be the District's PCD, applicants must submit a current statement of qualifications to the District. The statement of qualifications must include evidence that the applicant is licensed or certified to practice architecture or engineering pursuant to the NEARA. Applicants must update any information provided to the District to reflect any changed conditions of the applicant.

c. Applicants shall first be certified by the Superintendent as qualified to act as a PCD for the District. In order to certify an applicant, the Superintendent shall make a finding that a PCD is fully qualified to render the required service. Factors to be considered in making this finding shall include capabilities to perform, adequacy of personnel, past record and performance, and experience; and may also include consideration of recent, current, and projected workloads; equipment and facilities; promptness; the quality of work previously done by applicant; suitability to the particular task; willingness to meet time and budget requirements; and such other qualities as are found necessary to consider in order to determine whether or not, if awarded the contract, the applicant could perform it in accordance with its terms.

d. The Board will evaluate each qualified applicant's statement of qualifications and any other relevant information the District has received. The Board will conduct discussions with, and may require public presentations by, at least three applicants regarding their qualifications, approach to the project, and ability to furnish the required service.

e. The Board will select, in order of preference, at least three applicants deemed to be most highly qualified to perform the required services after considering the factors identified above.

B. Negotiating a Contract with the PCD. The Board shall negotiate a contract with the most qualified applicant (identified via the procedures above) for professional services at compensation that the Board determines is fair and reasonable. In making such determination, the Board shall conduct a detailed analysis of the cost of the professional services required in addition to considering their scope and complexity. For all lump-sum or cost-plus-a-fixed-fee professional service contracts, the Board shall require the applicant receiving the award to execute a certificate stating that wage rates and other factual unit costs supporting the compensation are accurate, complete, and current at the time of contracting. Any professional service contract under which such a certificate is required shall contain a provision that the original contract price and any additions thereto shall be adjusted to exclude any significant sums by which Board determines the contract price had been increased due to inaccurate, incomplete, or noncurrent wage rates and other factual unit costs. All such contract adjustments shall be made within one year following the end of the contract.

1. Prohibition Against Contingent Fees. The contract between the District and the PCD must contain a prohibition against contingent fees as follows: "The PCD warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the PCD, to solicit or secure this agreement and that the PCD has not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for the PCD, any fee, commission, percentage, gift, or any other consideration contingent upon or resulting from the

award or the making of this agreement.” Upon violation of such provision, the District shall have the right to terminate the agreement without liability and, at its discretion, to deduct from the contract price, or otherwise recover, the full amount of such fee, commission, percentage, or consideration.

C. Effect of Unsuccessful Negotiations

1. If the Board is unable to negotiate a satisfactory contract with the applicant to be the most qualified at a price the Board determines to be fair and reasonable, negotiations with that applicant shall be formally terminated. The Board shall then undertake negotiations with the second most qualified applicant. If the Board fails to reach an agreement with the second most qualified firm, the Board shall terminate negotiations with such applicant. The Board shall then undertake negotiations with the third most qualified applicant.

2. If the Board is unable to negotiate a satisfactory contract with any of the selected applicants, the Board shall either select additional applicants in order of their competence and qualification and continue negotiations in accordance with this policy until an agreement is reached or review the agreement under negotiation to determine the possible cause for failure to achieve a negotiated agreement.

D. Board-Designated Committee. The Board may designate a committee to carry out any or all of the Board’s duties under this PCD selection and hiring section of this policy, provided that the Board must approve any agreement with an applicant prior to its execution. Any such committee must have among its membership at least one person who is licensed to practice architecture or engineering pursuant to the NEARA.

E. Open Meetings Act. The public shall not be excluded from the meetings or proceedings under this section in accordance with the Open Meetings Act.

F. The PCD is ineligible to be included as a provider of any services in a Proposal for the project on which it has acted as PCD.

G. The PCD is prohibited from being employed by or having any financial or other interest in a Design-Builder that will submit a proposal.

IV. **Pre-Qualifying Design-Builders**

A. **Letters of Interest.** The District shall prepare a request for Letters of Interest, which request shall:

1. Describe the project in sufficient detail to permit a Design-Builder to submit a letter of interest.
2. Be published in a newspaper of general circulation within the District at least thirty (30) days prior to the deadline for receiving letters of interest; and
3. Be sent by first-class mail to any Design-Builder upon request.

B. Letters of interest shall be reviewed by the District in consultation with the PCD. The District and the PCD will evaluate prospective Design-Builders based on the information submitted to the District in response to the request for letters of interest.

C. The District shall select at least three prospective Design-Builders, except that if only two Design-Builders have submitted letters of interest, the District shall select at least two prospective Design-Builders. Such selected Design-Builders shall be considered prequalified and eligible to receive and respond to the RFP.

D. The District and PCD shall use the following standards when selecting which prospective Design-Builders to prequalify: capabilities to perform, adequacy of personnel, past record and performance, and experience; and may also include consideration of recent, current, and projected workloads; equipment and facilities; promptness; the quality of work previously done; suitability to the particular task; willingness to meet time and budget requirements; and such other qualities as are found necessary to consider in order to determine whether

or not, if awarded the contract, the Design-Builder could perform it in accordance with its terms.

V. **Preparing Requests for Proposals (RFP).** The District, with the assistance of the PCD, will prepare the RFP, which shall contain:

A. The identity of the District for which the project will be built and the District that will execute the design-build contract;

B. A copy of this Design-Build Contract Policy and all other policies related to the D-B Contract;

C. The proposed terms and conditions of the D-B Contract, including any terms and conditions which are subject to further negotiation. The proposed general terms and conditions shall be consistent with nationally recognized model general terms and conditions which are standard in the design and construction industry in Nebraska. The proposed terms and conditions may set forth an initial determination of the manner by which the Design-Builder selects any subcontractor and may require that any work subcontracted be awarded by competitive bidding;

D. A project statement which contains information about the scope and nature of the project;

E. Project Performance Criteria;

F. Budget parameters for the project;

G. Any bonds and insurance required by law or as may be additionally required by the District;

H. The criteria for evaluation of Proposals and the relative weight of each criterion;

I. A requirement that the Design-Builder provide a written statement of the Design-Builder's proposed approach to the design and construction of the project, which may include graphic materials illustrating the proposed approach to design and construction but shall not include price proposals;

J. A requirement that the Design-Builder agree to the following conditions:

1. An architect or engineer licensed to practice in Nebraska will participate substantially in those aspects of the offering which involve architectural or engineering services;
2. At the time of the design-build offering, the Design-Builder will furnish to the Board a written statement identifying the architect or engineer who will perform the architectural or engineering work for the design-build project;
3. The architect or engineer engaged by the Design-Builder to perform the architectural or engineering work with respect to the design-build project will have direct supervision of such work and may not be removed by the Design-Builder prior to the completion of the project without the written consent of the Board;
4. A Design-Builder offering design-build services with its own employees who are design professionals licensed to practice in Nebraska will (a) comply with the NEARA by procuring a certificate of authorization to practice architecture or engineering and (b) submit proof of sufficient professional liability insurance; and
5. The rendering of architectural or engineering services by a licensed architect or engineer employed by the Design-Builder will conform to the NEARA and rules and regulations adopted under the NEARA; and

K. Other information which the District chooses to require.

VI. **Notice of RFP.** At least thirty (30) days prior to the deadline for receiving and opening proposals, the District shall cause a Notice of RFP to be:

- A. Published in a newspaper of general circulation within the District;
- B. Filed with the Department; and

C. Sent directly to the prequalified Design-Builders only.

VII. Preparing and Submitting Proposals

A. Prequalified Design-Builders shall prepare and submit Proposals as required by the RFP.

VIII. Evaluating Proposals

A. The District may only proceed to negotiate and enter into a D-B Contract if there are at least two proposals from prequalified Design-Builders.

B. The Board shall designate members of a selection committee, which shall include at least five persons. Members of the selection committee must include:

1. One or more members of the Board;
2. One or more members of the District's administration or staff;
3. The PCD;

Within thirty (30) days after completion of the project, the Design-Builder shall file a copy of all contract modifications and change orders with the Department.

X. Formal Protests Relating to the Solicitation or Execution of D-B Contracts

A. **Definitions.** For this section on "Formal Protests Related to the Solicitation of Execution of D-B Contracts" the following definitions apply:

1. **Interested party** shall mean an actual or prospective Design-Builder whose direct economic interest would be affected by the award of a contract by the District to another party or by the failure of the District to award a contract to such actual or prospective Design-Builder.

2. **Protest** shall mean a written objection by an interested party on any phase of the bidding procurement process, including specification, preparation, performance criteria development, RFP, pre-qualification, ranking, contract negotiations, and award.

B. **Right to Protest.** An interested party may protest to the Superintendent. The protest shall be submitted in writing on company letterhead within five working days after the event giving rise to the protest. Protests based on alleged apparent improprieties in a solicitation or other request for Proposals must be filed before Proposal opening or the deadline for receipt of proposals. In all other cases, the protest must be filed within five working days following the selection of the Design-Builder. To expedite handling of protests, the envelope containing the protest should be clearly labeled "Protest". The written protest shall include as a minimum the following:

1. The name and address of the interested party;
2. Appropriate identification of the relevant solicitation, and if a Proposal has been opened, its number, and date of opening;
3. A detailed statement of reasons for the protest;
4. Supporting, exhibits, evidence, or documents to substantiate any claims unless not available within the filing time, in which case the expected availability date shall be indicated; and a list of all persons who have knowledge of facts relevant to the protest; and
5. The action(s) the protestor desires the District to take to resolve the protest.

The Superintendent will immediately decide upon receipt of the protest whether or not the award of a contract shall be delayed, or if the protest is timely received after the award, whether the performance of the contract should be suspended. The District shall not proceed further with the solicitation or with the award of the contract and shall suspend performance under the contract, if awarded, unless the Superintendent makes a written

determination that the protest is clearly without merit or that award of the contract without delay is necessary to protect the substantial interests of the District.

C. Authority to Resolve Protests. Prior to the commencement of an administrative review by the Board concerning any protest, the Superintendent shall attempt to resolve any protest filed by an interested party concerning any solicitation. If the protest is not resolved by mutual agreement, the Superintendent shall create and deliver a Decision to the protestor within a reasonable time after the written protest was received. The Decision shall include a written summary of the Superintendent's investigation and a recommendation regarding the outcome of the protest. The Decision shall (1) state the reasons for the action taken, and (2) inform the interested party of their right to the administrative review by the Board. A copy of the Decision shall be mailed or otherwise furnished immediately to the interested party and any other party intervening protester and all other Design-Builders. If not satisfied with the decision of the Superintendent, any interested party protester may appeal to the Board, but the decision shall be final unless the interested party protester files a timely appeal with the Board.

D. Board Appeal Procedures. Any interested party protester, within five working days of receipt of a decision of the Superintendent, may file with the Superintendent a written notice of appeal for an administrative review before the Board. The Notice of Appeal must clearly state the action protested and the basis of appeal. The Board will conduct an administrative review at its next regularly scheduled meeting or at a special meeting. The Board shall consider the Decision of the Superintendent and shall make the final decision on the protest. The Board's decision shall be final.

XI. Refinements and Changes. A D-B Contract may be conditioned upon later refinements in scope and price and may permit the District in agreement with the Design-Builder to make changes in the project without invalidating the D-B Contract. Later refinements shall not, however, exceed the scope of the project statement contained in the RFP.

XII. Adherence to Performance Criteria. Throughout the project, the PCD shall remain engaged on the project and shall be responsible for monitoring the Design-Builder's adherence to the Performance Criteria in the Design-Builder's performance of the D-B Contract. Upon PCD's observation that the Design-Builder's performance of the D-B Contract has or is reasonably likely to materially diverge from the Performance Criteria, the PCD shall promptly notify the District of such observation and the basis for the same.

XIII. Projects Excluded. The District shall not use a Design-Build Contract for any construction project excluded by NEB. REV. STAT. § 13-2914 or any other applicable law.

Incidental or De Minimis Use of Public Resources

The board prohibits its members and employees from using public resources for personal or political purposes as prohibited in the Nebraska Political Accountability and Disclosure Act ("Act"). However, the board recognizes that incidental or de minimis uses of public resources are sometimes necessary and within reason. The purpose of this policy is to comply with the Act and to authorize certain uses of public resources as permitted by the Act.

The following uses of public resources are permitted as incidental or de minimis:

- Limited communications with family members or other non-district employees for personal purposes, such as e-mails or text messages with a spouse using district hardware, software, internet, accounts, or other public resources so long as this communication does not distract from or interfere with employees performing their official duties, with interference determined in the sole and unfettered discretion of an employee's supervising administrator;
- Traveling to or from the person's home when the primary purpose serves the interests of the district. If an employee is unsure whether the primary purpose serves the interests of the district, the employee should obtain the approval of his or her supervising administrator, who is authorized to make that determination under this policy;
- Making a limited number of copies of personal documents when the person cannot make alternative arrangements;
- Using personal social media accounts or accessing appropriate websites which are consistent with the district's digital citizenship curriculum while off duty;
- Using district-owned computer programs, such as Word, Excel, Adobe, and others for personal purposes while off duty;
- Any other uses contained in the collective bargaining agreement or individual contract of the employee;
- Other uses by employees authorized by the superintendent or superintendent's designee. The board intends to allow the superintendent to authorize such uses on a case-by-case basis to the maximum extent permitted by the Act; and
- Other uses by the superintendent or board members authorized by the board president. The board intends to allow the board

president to authorize such uses on a case-by-case basis to the maximum extent permitted by the Act

All uses pursuant to this policy must be (1) consistent with other district policies, (2) consistent with the provisions of Title 92, Nebraska Administrative Code, Chapter 27 (Nebraska Department of Education "Rule 27"), and (3) reported as compensation in accordance with the Internal Revenue Code of 1986, as amended, and taxes, if any, are paid. It is the responsibility of each board member or employee to account for their own tax liability, and the district will not indemnify or account for any personal use of public resources by the board member or employee.

All of the provisions of Rule 27 will apply to non-certificated staff for the purposes of this policy. In addition, employees may not use the school's internet, computers, or other technology to access obscene or pornographic material, sext, or engage in any illegal activities.

Use of Sniffer Dogs

The board of education finds that the possession of illegal drugs and other contraband on school grounds is unlawful, is disruptive of the educational process, is harmful to students and staff, and is contrary to the interests of the school district. Accordingly, to minimize the presence of these items on school grounds, the administration is authorized to use sniffer dogs according to the protocol set forth in this policy.

Protocol for Use of Sniffer Dogs

1. The superintendent, or the building principal with the superintendent's permission, may initiate the use of specially trained sniffer dogs to conduct an inspection.
2. The administration will contact the canine provider and/or the appropriate law enforcement agency to schedule the use of a sniffer dog or dogs. The administration shall require an assurance from the provider that any sniffer dogs to be used in the school have been properly trained, and may request evidence of the training and/or certification of the dogs. In no event will the school district authorize a sniffer dog to sniff any person.
3. The superintendent or if designated by the superintendent, the building principal, and law enforcement representatives or canine providers will confer regarding the specific plan of areas to be inspected. The plan may involve any or all school building facilities, vehicles in the school parking lot, or other areas where student and staff vehicles are parked on school property during or after school hours.
4. If the inspection is scheduled for a day when school is in session, students and staff will be informed over the public address system, and will be directed to remain in their rooms until given further directions.
5. During the inspection, administrators may assign personnel to designated areas as deemed appropriate to assist in the smooth handling of the inspection.

6. After the inspection is finished, students and staff will be notified over the public address system, and will be thanked for their cooperation.
7. If the sniffer dog alerts, the alert will constitute reasonable cause for the administration to conduct a search of the property. If the sniffer dog alerts on a vehicle on school grounds, the owner will be required to unlock the vehicle doors and trunk for further inspection of the interior of the vehicle. If the owner refuses to unlock the vehicle, the matter will be turned over to law enforcement authorities. The owner will be subject to disciplinary action as specified in board policy and/or the student or staff handbook or as otherwise allowed by law. This may include discipline for the refusal to obey an administrative directive.
8. Any illegal drugs or contraband found on school grounds, whether in a desk, locker, vehicle, or any other place on school grounds, will be confiscated and turned over to law enforcement authorities. A student's parents will be contacted. The individual will be subject to disciplinary action as specified in board policy and/or the student or staff handbook or as otherwise allowed by law.
9. At the conclusion of the inspection, school officials will confer with the canine provider and/or any law enforcement authorities who were involved in the inspection to review the results of the inspection. The administration may authorize any follow-up inspections or other action deemed appropriate.

NOTICE TO STUDENTS AND STAFF

Students and staff shall be informed of the District's policy regarding the use of sniffer dogs as soon as practicable after the adoption of this policy. Thereafter, students and staff shall be informed of the policy at the beginning of the school year. By this policy and/or via the provision in the student or staff handbook, students and staff are specifically notified that:

1. Lockers may be sniffed by sniffer dogs at any time.

2. Vehicles parked on school property may be sniffed by sniffer dogs at any time.
3. Classrooms and other common areas may be sniffed by sniffer dogs at any time students and staff are not present.
4. If contraband of any kind is found, the student or staff member shall be subject to appropriate disciplinary action.

Animals at Schools

Animals are not allowed in school district buildings or on school district property without the written permission of the superintendent or his or her designee except as provided in this policy or as otherwise required by law.

I. USE OF ANIMALS FOR INSTRUCTIONAL PURPOSES

Animals that support a district program or curriculum or that are used for instructional purposes are allowed in school district buildings or on school district property with the written permission of the superintendent or building principal.

II. SERVICE ANIMALS

The school district does not permit discrimination against individuals with disabilities, including those who require the assistance of a service animal. An individual with a disability is permitted to be accompanied by his/her service animal on school property when required by law, subject to the conditions of this policy.

Service Animal. A "service animal" is a dog that has been individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Work or tasks **do not** include the crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship. The work or tasks performed by a service animal must be directly related to the handler's disability or necessary to mitigate a disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals for the purposes of this definition. **See also,** Miniature Horses below.

School District Inquiries. School officials **may** ask the owner or handler of an animal whether the animal is required because of a disability and what work or task the animal has been trained to do **unless** the answers to these inquiries are readily apparent. School officials **may not** ask about the nature or extent of a person's disability and may not require documentary proof of certification or licensing as a service animal.

Procedural Requirements. The following requirements must be satisfied **before** a service animal will be allowed in school buildings or on school grounds:

Request. A person who wants to be accompanied by his/her service animal must submit a written request form to a principal or superintendent. The request form is attached to this policy. These requests must be renewed each school year or whenever a different service animal will be used. When a request to be accompanied by a service animal is submitted by, or on behalf of, a student who has an Individualized Education Program (IEP) and/or a Section 504 Plan, then the request shall be promptly referred to the student's respective IEP Team and/or 504 Team for its consideration and/or input.

Health and Vaccination. The owner or handler must have proof of current licensure from the local licensing authority including proof of the service animal's current vaccinations and immunizations required by law.

Service animals will not be allowed in school buildings or other school property until the school has approved the request.

Control. A service animal must be under the control of its handler at all times. The service animal must have a harness, backpack, vest identifying the dog as a trained service dog, leash, or other tether. If the handler is unable to use a harness, backpack, vest, leash, or other tether, because of a disability or the use of a harness, backpack, vest, leash, or other tether would interfere with the service animal's safe, effective performance of work or tasks, the use of these items is not required. However, the service animal must be otherwise under the handler's control.

Exclusion or Removal from School. A service animal may be excluded from school property and buildings if a school administrator determines that:

- (1) A handler does not have control of the service animal;
- (2) The service animal is not housebroken;
- (3) The service animal presents a direct and immediate threat to others in the school; or
- (4) The animal's presence fundamentally alters the nature of the service, program, or activity.

The handler or the student's parent or guardian shall be required to remove the service animal from school premises immediately upon such a determination. If the service animal is removed, the individual with a disability shall be provided with the opportunity to participate in the service, program, or activity without the service animal.

Allergic Reactions. If any student or school employee assigned to a classroom or mode of transportation in which a service animal is permitted suffers an allergic reaction to the service animal, the person having custody and control of the animal will be required to remove the animal to a different location designated by an administrator. The school will arrange a meeting between school personnel, the individual with the disability, and the parents or guardian(s) of the person with the disability if that person is a student to develop an alternate plan.

Supervision and Care of Service Animals. The owner or handler of a service animal is solely responsible for the supervision and care of the animal, including any feeding, exercising, and cleaning up while the animal is in a school building or on school property. The student's parent or guardian is responsible for providing for the supervision and the care of the animal in the event that his or her student is not able to do so. The school district is not responsible for providing any care, supervision, or assistance for a service animal.

Extra Charges. The owner or handler of a service animal will not be required to pay an admission fee or a charge for the animal to attend events for which a fee is charged.

Damage to School Property and Injuries. The owner or handler of a service animal is solely responsible and liable for any damage to school property or injury to personnel, students, or others caused by the animal.

Miniature Horses. Requests to permit the use of a miniature horse by an individual with a disability will be addressed on a case-by-case basis by considering the following factors:

- (1) The type, size, and weight of the miniature horse and whether the facility can accommodate these features;
- (2) Whether the handler has sufficient control of the miniature horse;
- (3) Whether the miniature horse is housebroken; and

- (4) Whether the miniature horse's presence in a specific facility compromises legitimate safety requirements that are necessary for safe operation.

All additional requirements outlined in this policy, which apply to service animals, shall apply to miniature horses.

Service Animal in Training. This policy shall also be applicable to service animals in training that are accompanied by a bona fide trainer.

Denial of Access and Grievance. If a school official denies a request for access of a service animal, the disabled individual or parent or guardian can file a written grievance with the school's Section 504 Coordinator.

III. THERAPY ANIMALS

The school district supports the use of therapy animals by teachers or other qualified school personnel ("Owner") for the benefit of its students subject to the conditions of this policy.

Therapy Animal. A "therapy animal" is an animal that has been individually trained and certified to work with its Owner to provide emotional support, well-being, comfort, or companionship to school district students. Therapy animals are not "service animals" as that term is used in the American with Disabilities Act. The animal must be well behaved and have a temperament that is suitable for interaction with students and others in a public school. Therapy animals are personal property of the Owner and are not owned by the school district.

Therapy Animal Standards and Procedures. The following requirements must be satisfied **before** a therapy animal will be allowed in school buildings or on school grounds:

Request. An Owner who wants to bring a therapy animal to school must submit a written request form to a principal or superintendent. The request form is attached to this policy. The request must be renewed each school year or whenever a different therapy animal will be used. When a request to bring a therapy animal to school is submitted by, or on behalf of, a student who has an Individualized Education Program (IEP) and/or a Section 504 Plan, then the request shall be promptly

referred to the student's respective IEP Team and/or 504 Team for its consideration and/or input.

Training and Certification. The Owner must submit training and certification information requested by the Superintendent or his or her designee. Any certification required by the school district must remain current at all times.

Health and Vaccination. The therapy animal must be clean, well groomed, in good health, house broken, and immunized against diseases common to such animals. The Owner must submit proof of current required licensure from the local licensing authority and proof of the therapy animal's current vaccinations and immunizations from a licensed veterinarian, if applicable.

Control. A therapy animal must be under the control of the Owner at all times.

Identification. The therapy animal must have appropriate identification identifying it as a therapy animal.

No Disruption. The therapy animal must not disrupt the educational process by any of its behaviors.

Health and Safety. The therapy animal must not pose a health and safety risk to any student, employee, or other person at school.

Supervision and Care of Therapy Animals. The Owner is solely responsible for the supervision and care of the therapy animal, including any feeding, exercising, and cleaning up while the animal is in a school building or on school property. The school district is not responsible for providing any care, supervision, or assistance for a therapy animal.

Authorized Area(s). The Owner shall only allow the therapy animal to be in areas in school buildings or on school property that are authorized by school district administrators.

Insurance. The Owner must submit a copy of an insurance policy that provides liability coverage for the therapy animal while on school property.

Exclusion or Removal from School. A therapy animal may be excluded from school property and buildings if a school administrator determines that:

- (1) A handler does not have control of the therapy animal;
- (2) The therapy animal is not housebroken;
- (3) The therapy animal presents a direct and immediate threat to others in the school; or
- (4) The animal's presence otherwise interferes with the educational process.

The Owner shall be required to remove the therapy animal from school premises immediately upon such a determination.

Allergic Reactions. If any student or school employee assigned to a classroom in which a therapy animal is permitted suffers an allergic reaction to the therapy animal, the Owner of the animal will be required to remove the animal to a different location designated by an administrator.

Damages to School Property and Injuries. The Owner of a therapy animal is solely responsible and liable for any damage to school property or injury to personnel, students, or others caused by the therapy animal.

Other Therapy Animals. Therapy animals (1) owned by students, patrons, or other non-school employees or (2) owned by school employees for their own benefit will not be allowed on school grounds or school property except as otherwise required by law.

Communicable Disease

The school district strives to provide a safe environment for both students and staff while safeguarding the rights of all students and employees, including those with communicable diseases.

Communicable Diseases. Communicable diseases are defined by the Nebraska Department of Health and Human Services in Title 173 Nebraska Administrative Code Chapter 1 and include HIV/AIDS, Hepatitis (A, B, and E), Measles, Mumps, and Tuberculosis.

School Attendance and Participation in School Sponsored Activities. A student who has been diagnosed with a communicable disease shall be provided with educational services in accordance with state law and board policy. Generally, individuals with a communicable disease will be restricted only to the extent necessary to prevent the transmission of the disease, to protect their health and rights of privacy, and to protect the health and safety of others. The decision regarding a student's education program and placement shall be made on an individual basis in light of current medical and educational information and recommendations. These will be determined by the superintendent, the student's Section 504 or Individualized Education Program (IEP) team, or the district's Crisis Team. In addition, participation in Nebraska School Athletic Association (NSAA) events will be subject to its rules and procedures, if any.

Infection and Exposure Control Procedures/Universal Precautions. The district will monitor the information available through the Federal Centers for Disease Control, the Nebraska Department of Health and Human Services, and the Occupational Safety and Health Administration. This policy and any procedures, universal precautions, or exposure control plan will be modified, if appropriate, based upon the best new medical information provided by the above sources.

The superintendent will take appropriate measures if there is an epidemic or outbreak of a communicable disease which may include, but is not limited to, the emergency exclusion or alternative placement of students or the closure of a school building or the entire school district.

Confidentiality. The existence of an individual's communicable disease shall be treated as confidential and will be limited to school staff on a "need-to-know" basis. If it is necessary to inform a person of another's condition (due to exposure, for instance), the person will be notified of the confidentiality of that disclosure. In addition, any communication about a student's communicable disease shall be consistent with that student's IEP or Section 504 Plan, if any.

Staff Training. Staff will receive training regarding communicable diseases and the requirements of this policy and any adopted procedures as part of the training received under the Workplace Injury Prevention and Safety Committee policy.

Reporting. School staff who learn that an individual has a communicable disease will report it to the proper authority as required by Title 173 Nebraska Administrative Code Chapter 1.

Technology in the Classroom

I. In General

The district desires to use technology in a way that aids in the education of students. New devices and applications offer a number of helpful tools that can improve the student experience and increase learning. Many of these devices and applications also create concerns about student privacy. It is the goal of the district to embrace the helpful elements of technological advancement while remaining mindful of potential student privacy issues.

II. Devices

- A. Non-district issued electronic devices may be provided by teachers for use in their classroom, so long as the use of such devices is supervised by a staff member and subject to the conditions set forth below.

Teachers who wish to bring a device into the classroom should inform the principal before deploying the device. The building principal may at his or her discretion prohibit the use of such devices or otherwise limit their use. The building principal may at any time direct that a teacher discontinue use of a given device.

1. Smart speakers such as Google Home, Amazon Echo, Apple HomePod, and similar devices may be approved for use in the classroom. The device must be registered to an account linked to the classroom teacher's school email address. The district will not maintain any records created by use of the smart speaker device. Any record of use will be considered non-record communications pursuant to Nebraska's Records Management Act, and not be maintained by the district.
2. All other electronic devices that connect to the internet that a staff member wishes to use for the education of students should be disclosed to the administration prior to use.

- B. Assistive technology may be used in district classrooms. Any assistive technology, such as an AngelSense device, that actively or passively create or transmit audio or video recordings must have that function disabled while the student uses the device in a district classroom unless required by law. No assistive technology devices will be permitted to record or transmit the classroom activity of other students unless required by law.
- C. Any classroom recordings made by a staff member will be made pursuant to district policy.

III. Applications

- A. School as Agent. The school will serve as an agent for parents/guardians in the collection of information within the school context. The school's use of student information is solely for education purposes.
- B. District Applications. The district uses various software applications to record, track, and store student data. Each application selected by the district is in compliance with federal and state law, to the best of the administration's knowledge. Should the district become aware that an application used by the district has suffered a data breach, or been found to be out of compliance with federal or state law, the district will investigate the scope of the violations and notify students, parents, and staff in accordance with district policy.
- C. Staff-Selected Applications.
 - 1. Staff are permitted to select applications for use in the classroom.
 - 2. Staff must perform basic due diligence to ensure that the application is safe for students and serves a pedagogical purpose. Staff must notify their supervising administrator of the application they plan to use as part of their lesson plan prior to their use in the classroom. The district may at any time direct that a teacher discontinue use of a given

application. The district will provide training on the relevant student privacy laws to staff members who are selecting and deploying applications in the classroom.

Opioid Overdose Prevention and Response

The district will maintain an opioid antagonist in its schools, specifically naloxone, otherwise known by its brand name Narcan. Pursuant to Nebraska law and the Naloxone Standing Order issued by the Nebraska DHHS, Division of Public Health, the board will permit school nurses, trained school staff, or other individuals qualified by law to administer naloxone to any person at school or a school event displaying symptoms of an opioid overdose.

This policy shall not create a duty on the part of the school district and/or its personnel to administer naloxone. School representatives will not administer naloxone under the following circumstances:

- a. Naloxone is not available during the overdose emergency;
- b. There is no individual available who is qualified to administer naloxone; or
- c. School representatives are uncertain as to whether an opioid overdose is occurring.

Nothing in this policy is intended to regulate, restrict or otherwise deter a law enforcement officer, emergency medical technician, volunteer fire fighter, licensed medical professional or other authorized individual from administering his/her own supply of naloxone when responding in good faith to a suspected drug overdose occurring on school district property or at a school-sponsored event.

Procurement and Storage. The superintendent, in consultation with the school's nursing staff, will make the necessary arrangements to obtain naloxone. The naloxone will be stored unlocked in the nurses' office(s). The superintendent, in consultation with the school's nursing staff, will reorder naloxone.

Naloxone that is nearing its expiration date will be replaced. The school nurse shall maintain a log of naloxone supplies consistent with the district's practices for logging other medications.

Training. Leasing Personal Property

Leases of Personal Property by the District

Applicability of this policy.

Leases of personal property using any federal funds, whether those funds are derived directly from the federal government (e.g. award of a federal grant) or are derived by pass-through awards from the Nebraska Department of Education (e.g. special education funds, school lunch funds, Title I funds) are subject to the policy on Purchasing and Procurement with Federal Funds, which is found elsewhere in this section.

This policy applies to all other leases of personal property made by the school district other than construction, remodeling, repair and site improvements.

General Leasing Policy

1. The school district's budget shall be the guide for all leases of personal property. Any leases of personal property must be approved by the board or superintendent.
2. The board intends to lease competitively, whenever possible, without prejudice and to seek maximum educational value for every dollar expended.
3. The leasing of equipment and other goods shall be centralized in the administration office under the supervision of the superintendent of schools, who shall be responsible for developing and administering the leasing program of the school district.
4. Leases of personal property or commitments of district funds that are not authorized by this policy will be the responsibility of the person making the commitment.

5. No board member, employee, volunteer, parent-teacher organization, or other individual or entity may use a school district account, its tax identification number, or its tax exemption to make personal leases of any kind or for any reason.

Leasing Procedures

1. School personnel must secure the approval of the board or superintendent before entering into a lease for personal property.
2. For lease of more than \$10,000, the district will secure written quotes and/or estimates from a reasonable number of vendors. The district will lease from a responsible vendor with the lowest price unless the board approves the lease from the more expensive vendor.

Relations with Vendors

1. The board wishes to maintain good working relations with vendors who lease equipment, goods, and other personal property to the school system. The school shall not extend favoritism to any vendors. Each lease shall be entered into on the basis of quality, price and delivery, with past experiences being a factor if all other considerations are equal.
2. No lease shall be made that violates any conflict of interest policy or law.
3. The board believes in patronizing local businesses. Consequently, when proposals are judged to be equal in terms of quality, price, and/or service, the lease will be awarded to the firm that is located within the district. However, the board will not sacrifice either quality or economy to patronize local businesses.

Lease of District-Owned Personal Property to Others

C. Personal Property Valued at No More Than \$25,000

If the Superintendent determines that any personal property that is owned by the school district and has a fair market value of no more than \$25,000 is not needed for school district use, the Superintendent may enter into a lease agreement for a period no longer than the period of time during which such property is not needed for school purposes and in no event longer than 4 days. The Superintendent is authorized to determine the terms and conditions of the lease of this district-owned personal property, provided however that Superintendent will avoid leasing such personal property at a rate that is significantly lower than the fair market value for comparable rentals of similar personal property. At Superintendent's discretion, Superintendent may require lessors of this district-owned personal property to furnish property and liability insurance covering lessors use of such property.

D. Personal Property Valued in Excess of \$25,000

If the board of education determines that any personal property that is owned by the school district and has a fair market value of at least \$25,000 is not needed for school district use, the board may lease such property, or portion thereof, upon such terms and conditions as it determines.

Employer. The SRO or security guard are employees of the law enforcement agency or security agency.

Guest Speakers

The school board recognizes that guest speakers with demonstrated expertise in areas of interest to the school district and its students may enrich the students' educational experiences. The school district has adopted this policy to ensure that the messages provided by outside speakers do not conflict with school district policies, the fundamental values of a public school education, or the legal limitations placed on public school districts. Individuals who wish to invite a guest speaker must follow the procedures outlined below.

Classroom or School-Sponsored Activity Guest Speakers.

Teachers or activity sponsors who desire to invite a guest speaker to address his or her class or activity members must:

1. Research the guest speaker, have a clear understanding of the guest speaker's purpose and message, and determine that the speaker's message complies with the school district's policies and fundamental values.
2. Complete a Guest Speaker Request Form and submit it to the building principal at least 4 days prior to the proposed appearance.
3. Notify the main office of name, time, and date of the guest speaker's appearance (if the request is approved).
4. Notify parents of the name, time, date, and topic and summary of the presentation at least 4 days before the presentation (if the request is approved).
5. Require the guest speaker to submit a copy of any visual or written materials to the employee at least 24 hours prior to any presentation. The employee shall submit the materials to the principal upon receipt.
6. Prepare students in advance for the experience.
7. Inform the guest speaker that students or employees may ask challenging questions or offer differing viewpoints.
8. Terminate the presentation if the speaker fails to limit his or her remarks to the subject on which he or she has been invited to speak.

9. Remain with the speaker and students to facilitate and monitor the discussion.

10. Provide appropriate follow-up activities and education.

Assembly Speakers. Employees who desire to invite a guest speaker to address staff or students at an assembly must follow the identical procedures outlined above. In addition, the employee must submit the Guest Speaker Request Form to the superintendent at least 4 days prior to the proposed appearance and the speaker submitted materials upon receipt.

Request Consideration. The administrator(s) must research the guest speaker and determine that the speaker's message complies with the school district's policies and fundamental values. If it does not comply, the administrator will reject the request. If it does comply, the administrator shall then consider the following factors when approving or denying the request:

1. The guest speaker's ability to appropriately and adequately address the topic with the students based upon the speaker's education, training, expertise, or other qualifications.
2. The materials submitted by the guest speaker.
3. The educational value to students of the presentation.
4. The relevance of the presentation to the class, activity, or school's educational mission.
5. Whether the topic of the presentation is appropriate for the students' ages and level of maturity.
6. Whether the speaker has a history of providing factual information in a fair and balanced manner or if he or she has previously advocated for a particular position or espoused personal opinion, bias, or partisanship.
7. Whether the speaker's proposed presentation is consistent with the fundamental values of a public school education and/or encourages the fundamental values, habits, or manners of civility.

8. Whether the speaker's proposed presentation will satisfy the Nebraska Department of Education's accreditation, curriculum, or standards requirements or recommendations.

The administrator shall notify the employee of his or her decision.

Controversial Issues. If the employee or administrator determine that the guest speaker's topic or presentation is partisan or controversial but will still be of benefit to the students, (1) the employee and administrator will work with the guest speaker to develop a plan that will allow the issue to be presented in an objective and unbiased manner and/or (2) the employee and administrator will develop a plan that will allow opposing viewpoints to be presented. The employee will notify students and their parents at least 5 days in advance of the nature of the presentation. If a student does not wish to attend a controversial presentation, the employee will either excuse the student from attending or provide an alternative assignment.

Other Requirements. The inviting employee or appropriate administrator may interrupt or stop the presentation if it violates this or any other school policy.

Drug Free Workplace

It is vitally important to have a healthy workforce that is free from the effects of illegal drugs. The use or possession of unlawful drugs in the workplace has a very detrimental effect upon safety and morale of the affected employee, coworkers, and the public at large; and on productivity and the quality of work.

Federal law requires this school district, as a recipient of federal funds, to maintain a drug-free workplace. The unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in the district's workplace is prohibited. The term "workplace" includes every location where district employees may be found during their working hours or while they are on duty, regardless of whether the location is within the geographic boundaries of the district. Any employee who violates this policy will be disciplined with measures up to and including discharge. The district may, in its sole discretion, require or allow an employee who violates this policy to participate in and satisfactorily complete a drug abuse assistance or rehabilitation program.

The district shall provide every current employee with a copy of this policy, and shall provide each newly hired employee with a copy upon hiring. Every employee shall be required to signify receipt of a copy of the policy in writing. All district employees must abide by this policy, including those who are not directly engaged in the performance of work pursuant to a federal grant.

An employee must notify his/her supervisor of any conviction of a criminal drug statute for a violation occurring in the workplace within five days. The failure to report such a conviction will be grounds for dismissal. If the employee convicted of such an offense is engaged in the performance of work pursuant to the provisions of a federal grant, the district shall notify the grant agency within 10 days of receiving notice of a conviction from the affected employee or of receiving actual notice of such a conviction.

Drug Policy Regarding Drivers

Policy Statement. Drivers for the school district must be free from drug and alcohol abuse, and the use of illegal drugs or improper use of alcohol is prohibited. The overall goal of drug and alcohol testing is to ensure a drug-free and alcohol-free transportation environment, and to reduce accidents, injuries and fatalities.

Designated Contact. The school district has designated the superintendent of schools as the individual any driver may contact with questions about this policy or the school district's drug testing program and procedures for drivers. This individual further maintains and will provide drivers informational materials concerning the effects of alcohol and controlled substances use on an individual's health, work, and personal life; signs and symptoms of an alcohol or a controlled substances problem (the driver's or a co-worker's); and available methods of intervening when an alcohol or controlled substances problem is suspected, including confrontation, referral to any employee assistance program and/or referral to management.

The superintendent of schools may be contacted at the school district's central office.

Covered Drivers. Any person who operates a commercial motor vehicle on behalf of the school district is covered by this policy and the school district's drug testing program and procedures for drivers. All covered drivers must provide the school district a signed statement certifying that he or she has received a copy of this policy and related materials.

Covered Workday. A driver is required to comply with this policy and the terms of the school district's drug testing program and procedures for drivers at all times they are assigned, or may be assigned, to perform safety-sensitive functions. This includes all time from the time a driver begins to work or is required to be in readiness to work until the time he/she is relieved from work and all responsibility for performing work. Safety-sensitive functions include: (1) all time at a school district facility or property, contractor facility or property, or on any public property, waiting to be dispatched, unless the driver has been relieved from duty by the school district; (2) all time inspecting equipment as required by state or federal law or regulation and any and all other time inspecting, servicing, or

conditioning any commercial motor vehicle; (3) all time spent at the driving controls of a commercial motor vehicle in operation; (4) all time, other than driving time, in or upon any commercial motor vehicle; (5) all time loading or unloading a vehicle, supervising, or assisting in the loading or unloading, attending a vehicle being loaded or unloaded, remaining in readiness to operate the vehicle, or in giving or receiving receipts for shipments loaded or unloaded; and (6) all time repairing, obtaining assistance, or remaining in attendance upon a disabled vehicle.

Prohibited Conduct. No driver shall: (1) report for duty or remain on duty requiring the performance of safety-sensitive functions while having an alcohol concentration of 0.04 or greater; (2) use alcohol while performing safety-sensitive functions; (3) perform safety-sensitive functions within four hours after using alcohol; or (4) refuse to submit to a pre-employment controlled substance, a post-accident alcohol or controlled substance test, a random alcohol or controlled substances test, a reasonable suspicion alcohol or controlled substance test, a return-to-duty alcohol or controlled substances test, or a follow-up alcohol or controlled substance test required under state or federal law or this policy. No driver required to take a post-accident alcohol test shall use alcohol for eight hours following the accident, or until he/she undergoes a post-accident alcohol test, whichever occurs first.

No driver shall: (1) report for duty or remain on duty requiring the performance of safety sensitive functions when the driver uses any drug or substance identified in 31 CFR 1308.11 Schedule 1; (2) report for duty or remain on duty requiring the performance of safety-sensitive functions when the driver uses any non-Schedule I drug or substance that is identified in the other Schedules in 21 CFR part 1308 except when the use is pursuant to the instructions of a licensed medical practitioner who is familiar with the driver's medical history and has advised the driver that the substance will not adversely affect the driver's ability to safely operate a commercial motor vehicle; or (3) report for duty, remain on duty or perform a safety-sensitive function, if the driver tests positive or has adulterated or substituted a test specimen for controlled substances.

Types of Testing. Pursuant to regulations promulgated by the Department of Transportation (DOT), the district has implemented four types of testing: (1) pre-employment testing, (2) reasonable cause testing, (3) post-accident testing and (4) random testing.

Refusal to Submit to Testing. A driver shall not refuse to submit to testing. A driver will be considered to have refused to submit to testing if the driver fails to provide a sample or specimen necessary for testing upon a lawful request, consistent with the required testing protocols. The refusal to submit to the testing used by the district will be grounds for refusal to hire driver applicants and to terminate the employment of existing drivers.

Consequences for Violations. Any driver who becomes unqualified on the basis of violation of the terms of this policy will be subject to disciplinary action which may include termination of the driver's employment, and shall include the immediate removal from safety-sensitive functions in compliance with federal law. No driver tested pursuant to this policy and the school district's drug testing program and procedures who is found to have an alcohol concentration of 0.02 or greater but less than 0.04 shall perform or continue to perform safety-sensitive functions until the start of the driver's next regularly scheduled duty period, but not less than 24 hours following administration of the test.

Return to Duty Process. A driver who has violated this policy or the school district drug testing program and procedures cannot again perform any safety-sensitive functions until and unless the employee completes the return-to-duty process, including the substance-abuse professional's (SAP) evaluation, referral, and recommended education or treatment. The school district will provide employees the relevant contact information for available and acceptable SAPs as necessary, but the school district is not required under the law to provide a SAP evaluation or any subsequent recommended education or treatment for a driver. Any driver completing the return-to-duty process must complete a return-to-duty test and test negatively.

Disqualification. Any applicant who tests positive for the presence of the following drugs is medically unqualified to drive and will not be considered for the position of driver: (1) marijuana, (2) cocaine, (3) opiates, (4) amphetamines, or (5) phencyclidine (PCP). Any district driver who tests positive shall be medically unqualified and removed from service immediately.

Pre-employment Testing. All applicants for employment must submit to drug and alcohol tests as a condition of being considered for employment.

Reasonable Cause Testing. The district shall have reasonable cause to require a driver to submit to drug testing when a driver manifests physical or physiological symptoms or reactions commonly attributed to the use of controlled substances or alcohol.

Post-Accident Testing. A driver who has been involved in a reportable accident must submit to drug and alcohol testing as soon as possible. A reportable accident includes any accident in which there is a fatality, a person is injured and must be treated away from the accident site, the driver receives a citation for a moving violation, or a vehicle is towed from the scene. The driver must notify the district immediately regarding any reportable accident.

Serious Injury to the Driver. If a driver is so seriously injured that he or she cannot submit to testing at or immediately after the time of the accident, the driver must provide the necessary authorization for the district to obtain hospital reports or other documents that would indicate whether there were controlled substances or alcohol in the driver's system.

Random Testing. All drivers will be subject to unannounced random testing for drugs and alcohol. The district or its agents will periodically select drivers at random for testing. A district official will notify a driver when his or her name has been selected and will instruct the driver to report immediately for testing. By its very nature, random selection may result in one driver being tested more than once in a 12-month period, while another driver may not be selected at all during the same 12 months.

Frequency of Random Testing. Under DOT regulations, the district must test at least 50 percent of its average number of driver positions for drugs and 25 percent of its average number of driver positions for alcohol each year. The tests must be unannounced and spread evenly throughout the year. DOT regulations also require that every driver selected at random must have his or her name placed back in the random pool for the next selection period.

Testing Procedure. All urine and blood specimens collected under the policy will be submitted to an approved laboratory for testing. Specimens that initially test positive for drugs will be subjected to a subsequent confirmation test before being reported by the laboratory as positive. All such specimens collected and submitted will be

maintained securely to safeguard the validity of the test results and maintain the integrity of the testing process while ensuring the results are attributed to the correct driver.

Medical Resource Officer. All laboratory test results will be reported by the laboratory to a medical review officer (MRO) designated by the district. Negative test results will be reported as such by the MRO to the district. Before reporting a positive test result to the district, the MRO will attempt to contact the driver to discuss the test result. If the MRO is unable to contact the driver directly, the MRO will contact a district official designated in advance by the district, who shall in turn contact the driver and direct the driver to contact the MRO. Upon being so directed, the driver shall contact the MRO immediately or, if after the MRO's business hours and the MRO is unavailable, at the start of the MRO's next business day. If required by DOT regulations, personal information collected and maintained pursuant to this policy shall be reported to the Clearinghouse by the MRO in the event of: (1) a verified positive, adulterated, or substituted drug test result; (2) an alcohol confirmation test with a concentration of 0.04 or higher; (3) a refusal to submit to any test required by this policy and the school district's drug testing program and procedures; (4) an employer's report of actual knowledge that a driver has used alcohol or controlled substances based on the employer's direct observation of the employee, information provided by the driver's previous employer(s), a traffic citation for driving a CMV while under the influence of alcohol or controlled substances or an employee's admission of alcohol or controlled substance use; (5) on duty alcohol use as prohibited above; (6) pre-duty alcohol use as prohibited above; (7) alcohol use following an accident as prohibited above; (8) controlled substance use as prohibited above; (9) a substance abuse professional report of the successful completion of the return-to-duty process; (10) a negative return-to-duty test; and (11) an employer's report of completion of follow-up testing.

Confidentiality. Pursuant to DOT regulations, individual test results for applicants and drivers will be released to the district and will be kept confidential unless the tested individual consents to their release or release is required by law (such as the release of information to the Clearinghouse.) Any person who has submitted to drug testing in compliance with this policy is entitled to receive the results of such testing upon timely written request.

Retesting. An individual who tested positive for the presence of drugs may request that the original sample be retested. The request for a retest must be submitted in writing on a form provided by the district within 3 working days of the district's notification to the individual that he or she has a positive test result. The individual making the request must pay all costs associated with the retest and transfer of the sample to another laboratory before the retest will be performed.

Employment of Relatives, Domestic Partners and Significant Others

It is in the school district's best interest to hire the best qualified candidate for employment. However, the district must use sound judgment in hiring and placing employees who are closely related, reside together as domestic partners, or are involved in close relationships for the following reasons: avoiding conflict of interest and the appearance of a conflict of interest; avoiding favoritism and the appearance of favoritism; promoting collegiality among employees; minimizing lost productivity; easing the task of managing employees; avoiding friction and conflict when marriages or relationships break down; and avoiding claims of sexual harassment.

For the purposes of this policy, the term "relative" refers to a spouse, child, parent, sibling, grandparent, grandchild, aunt, uncle, first cousin, or corresponding in-law or "step" relation. "Domestic partner" refers to individuals who reside in the same household and are involved in a relationship, who may hold themselves out to the public as marital partners, but who are not legally married. "Significant others" refers to individuals who are dating or engaged to be married but may or may not reside together. This policy applies to all categories of employment including regular, temporary, and part-time classifications.

Generally, an employee's relative, domestic partner, or significant other should not be hired to work in the same department as the employee or in any other position in which the district believes a conflict or the appearance of a conflict may exist. Relatives, domestic partners, and significant others are permitted to work at the district provided one does not report directly to, supervise, or manage the other. The superintendent and/or board may make exceptions to this general rule.

Employees in a supervisory-subordinate relationship or employed in the same department who marry, become domestic partners, or become significant others while employed will be treated in accordance with these guidelines, and one of the employees will be transferred at the earliest practicable time. The transfer will be voluntary when possible. When a voluntary transfer is not possible, the superintendent will make the decision based upon the importance of each job, the needs of the district, and the availability of candidates to fill either position. The district shall endeavor to place the transferred employee in a position which is similar in terms of pay and benefits.

The superintendent and/or board may make exceptions to this general rule.

Employee Leave Under the Family and Medical Leave Act (FMLA)

The school district shall provide leave to its employees in accordance with the Family and Medical Leave Act ("FMLA"). The terms used herein shall have the meaning ascribed to them under the FMLA. Employees may also qualify for leave under the Nebraska Family Military Leave Act, which is covered under the district's policy for that law. If an employee qualifies for leave under both the Family and Medical Leave Act and the Nebraska Military Leave Act, any leave taken by the employee will count concurrently toward the leave limits of both acts.

I. Qualifying for Leave

A. Qualified Employees

1. To be eligible for ***unpaid*** leave under this policy, an employee must:
 - a. Make the request for leave at a time when the school district employs 50 or more workers;
 - b. Have been working for the school district for at least 12 months prior to the request; and
 - c. Have worked a minimum of 1,250 hours during the 12-month period immediately preceding the commencement of the leave.
2. The applicable 12-month period for computing an employee's entitlement to FMLA leave shall be a "rolling" 12-month period measured backward from the date an employee uses any FMLA leave.
3. Employees ineligible for FMLA leave for any reason may be eligible for leave under the Nebraska Family Military Leave Act and should consult policy 4011.1.

B. **Qualified Circumstances Necessitating Leave**

1. The school district will grant an eligible employee up to a total of 12 workweeks of ***unpaid*** leave under the following conditions:
 - a. For birth of a son or daughter, and to care for the newborn child;
 - b. For placement of a son or daughter with the employee for adoption or foster care;
 - c. To care for the employee's spouse, son, daughter, or parent with a serious health condition;
 - d. Because of a serious health condition that makes the employee unable to perform the functions of his or her job; or
 - e. Because of any qualifying exigency arising out of the fact that the employee's spouse, son, daughter, or parent is a Military Member on Covered Active Duty (or has been notified of an impending call or order to Covered Active Duty) in National Guard, Reserves, and/or Regular Armed Forces in support of a contingency operation
2. The school district will grant an eligible employee who is the spouse, son, daughter, parent or next of kin of a Covered Servicemember a total of 26 workweeks of ***unpaid*** leave during a 12-month period to care for the service member as permitted under the FMLA. The leave described in this paragraph

shall only be available during a single 12-month period.

For purposes of this provision and this policy, "Covered Servicemember" includes both Military Members and covered Veterans, so long as the covered Veteran was discharged or released under conditions other than dishonorable at any time during the five-year period prior to the first date the eligible employee takes FMLA leave to care for the covered Veteran.

3. During the single 12-month period described in paragraph I(B)(2), an eligible employee shall be entitled to a combined total of 26 workweeks of leave under paragraphs I(B)(1) and I(B)(2). Nothing in this paragraph shall limit the availability of leave under paragraph I(B)(1) during any other 12-month period.

C. Limitations on Leave

1. Leave for birth or placement for adoption or foster care must conclude within 12 months of the birth or placement.
2. In any case in which a husband and wife both employed by the school district are entitled to FMLA leave:
 - a. The aggregate number of workweeks of FMLA leave to which both are entitled is limited to 12 during any 12-month period if such leave is taken (i) because of the birth of a son or daughter of the employee and in order to care for such son or daughter; (ii) because of the placement of a son or daughter with the employee for adoption or foster care; or (iii) to care for a sick parent who has a serious health condition; and

- b. The aggregate number of workweeks of FMLA leave to which both that husband and wife are entitled is limited to 26 during the single 12-month period in which leave is taken to care for a Covered Servicemember and the husband and wife employees are both either the son, daughter, parent, or next of kin of such Covered Servicemember, if the leave is taken for this reason or a combination of this reason and one of the three reasons described in paragraph I(C)(2)(a). If the leave taken by the husband and wife includes leave described in paragraph I(C)(2)(a), the limitation in paragraph I(C)(2)(a) shall apply to the leave described in I(C)(2)(a).

D. Qualifying Notice and Certification

Employees seeking to use FMLA leave will be required to provide:

1. 30-day advance notice when the need to take the leave is foreseeable; provided, if (a) the leave is for needed treatment which is required to begin in less than thirty days or (b) the leave is for the reason set forth in paragraph I(B)(1)(e), the employee shall provide such notice to the school district as is reasonable and practical;
2. Medical certification supporting the need for leave due to a Serious Health Condition affecting the employee or family member or to care for a Military Member, and/or due to a Serious Injury or Illness to care for a Veteran;
3. Second or third medical opinions and periodic re-certifications (at the school district's expense);

4. Certification supporting the need for leave because of a qualifying exigency arising out of the fact that the employee's spouse, son, daughter or parent is a Military Member on Covered Active Duty (or has been notified of an impending call or order to Covered Active Duty) in the National Guard, Reserves, and/or Regular Armed Forces in support of a contingency operation;
5. Certification supporting the need for leave to care for a Veteran who was discharged or released under conditions other than dishonorable at any time during the five-year period prior to the first date the eligible employee takes FMLA leave to care for the covered Veteran, and who is undergoing medical treatment, recuperation, or therapy for a Serious Injury or Illness; and
6. Periodic reports during leave, at a frequency reasonably requested by the superintendent, regarding the employee's status and intent to return to work.

E. Scheduling Leave

When leave is needed to care for a family member, for the employee's own illness, or to care for a Covered Servicemember, and such leave is foreseeable based on planned medical treatment, the employee must attempt to schedule treatment so as not to unduly disrupt the school district's operations.

II. Relationship with District During Leave

A. Leave to Be Unpaid

All leave provided to employees under the provisions of the FMLA and this policy shall be unpaid leave.

B. Substitution of Paid Leave

1. The school district requires employees to substitute any accrued paid vacation leave, paid personal leave, paid family leave, paid medical leave or paid sick leave for FMLA leave. However, nothing in this policy shall require the school district to provide paid sick or medical leave in any situation in which the school district would not normally provide such paid leave.
2. If an employee uses paid leave under circumstances which do not qualify as FMLA leave, the leave will not count against the number of workweeks of FMLA leave to which the employee is entitled.
3. Any paid leave which is substituted for FMLA leave will be subtracted from the number of workweeks of unpaid leave provided by the FMLA and this policy.

C. Group Health Plan Benefits

1. The school district will continue group health plan benefits on the same basis as coverage would have been provided if the employee had been continuously employed during the FMLA leave period.
2. Any share of health plan premiums which have been paid by the employee prior to FMLA leave must continue to be paid by the employee during the FMLA leave period.

D. Intermittent or Reduced-Schedule Leave

1. Leave may be taken under this policy intermittently or on a reduced-leave schedule under certain circumstances.
 - a. When leave is taken because of a birth or because of a placement of a child for adoption or foster care, an eligible

employee may take leave intermittently or on a reduced-leave schedule only with the agreement of the school district. In such a case, the superintendent shall have the authority to approve or disapprove such intermittent or reduced leave schedule, in the superintendent's sole discretion.

- b. When leave is taken to care for a sick family member, for an employee's own serious health condition, or to care for a covered Veteran or Military Member, an eligible employee may take leave intermittently or on a reduced-leave schedule when medically necessary.
- c. When leave is taken by an eligible employee because of any qualifying exigency arising out of the fact that the employee's spouse, son, daughter, or parent is a Military Member on Covered Active Duty (or has been notified of an impending call or order to Covered Active Duty) in National Guard, Reserves, and/or Regular Armed Forces in support of a contingency operation, the employee may take leave intermittently or on a reduced-leave schedule.
- d. When leave is taken by an eligible employee to care for a Covered Servicemember, including a Veteran who was discharged or released under conditions other than dishonorable at any time during the five-year period prior to the first date the eligible employee takes FMLA leave to care for the covered Veteran, and who is undergoing medical treatment, recuperation, or therapy for a Serious Injury or Illness

- e. Intermittent or reduced leave shall not result in a reduction in the employee's total amount of leave beyond the amount of leave actually taken.
 - f. When an instructional employee seeks to take intermittent leave in connection with a family or personal illness (e.g. physical therapy or periodic care for a sick relative) or to care for a covered Veteran or Military Member, and when such leave would constitute at least 20 percent of the total number of working days in the period during which the leave would extend, the school district may require the employee to elect to take leave in a block, instead of intermittently, for the entire period or to transfer to an available alternative position within the school system that is equivalent in pay, for which the employee is qualified, and which better accommodates the intermittent leave.
- 2. If an eligible employee requests intermittent leave or leave on a reduced-leave schedule that is foreseeable based on planned medical treatment, including during a period of recovery from a serious health condition, the school district may require the employee to transfer temporarily to an available alternative position for which the employee is qualified and which better accommodates recurring periods of leave than does the employee's regular position. Such alternative position must have equivalent pay and benefits as the employee's permanent position.
 - 3. Leave taken on an intermittent or reduced-schedule basis will be tracked hourly.

III. Return from Leave

A. Restoration to Position

1. On return from FMLA leave, an employee is entitled to be returned to the same position the employee held when leave commenced, or to an equivalent position with equivalent benefits, pay, and other terms and conditions of employment.
2. Any leave taken under this policy will not result in the loss of any employment benefits accrued prior to the date on which the leave commenced.
3. An eligible employee is not entitled to accrual of any seniority or employment benefits during any period of leave, or any right, benefit, or position of employment other than to which the employee would have been entitled had the employee not taken leave.

B. Denial of Restoration

1. The school district reserves the right to deny restoration to any eligible employee who is a "key employee" (that is an employee who is salaried and among the highest paid 10% of the employees of the school district) if such denial is necessary to prevent substantial and grievous economic injury to the operations of the school district.
2. If the school district intends to deny restoration to such an employee, it will:
 - a. notify the employee of his/her status as a "key employee" in response to the employee's notice of intent to take FMLA leave;

- b. notify the employee as soon as the school district decides it will deny job restoration and explain the reasons for this decision;
- c. offer the employee a reasonable opportunity to return to work from FMLA leave after giving this notice; and
- d. make a final determination as to whether reinstatement will be denied at the end of the leave period if the employee then requests restoration.

C. Failure to Return from Leave

If an employee fails to return from FMLA leave after the period of leave to which the employee is entitled has expired, the employee shall reimburse the district for any premiums the employer paid for maintaining health insurance coverage for the employee during the employee's FMLA leave unless the reason the employee does not return is due to: (1) the continuation, recurrence, or onset of the serious health condition which entitled the employee to FMLA leave and the employee provides the district with sufficient certification from the proper health care provider of such continuation, recurrence, or onset of the serious health condition or (2) other circumstances beyond the employee's control.

IV. Notice to Employees

- A. The school district will post in conspicuous places where employees are employed notices explaining the FMLA and providing information concerning the procedures for filing complaints of FMLA violations with the U.S. Wage and Hour Division.
- B. To the extent that any provision in this policy is in any manner inconsistent with the provisions of the Act or the regulations promulgated thereunder, the Act and regulations shall prevail over the provisions

of this policy. The school district reserves the right to modify this policy from time to time in its sole discretion.

- C. Employees may direct any questions or concerns regarding FMLA leave to the superintendent.

Nebraska Family Military Leave Act

The school district shall provide leave to its employees in accordance with the Nebraska Family Military Leave Act (NFMLA). The terms used herein shall have the meaning ascribed to them under the NFMLA. Employees may also qualify for leave under the Family and Medical Leave Act (FMLA), which is detailed in the district's FMLA policy. If an employee qualifies for leave under both the FMLA and NFMLA, any leave taken by the employee will count concurrently toward the leave limits of both.

I. Qualifying for Leave

A. Qualified Employees

To be eligible for unpaid leave under the NFMLA, an employee must:

1. Have been working for the school district for at least 12 months prior to the request; and
2. Have worked a minimum of 1,250 hours during the 12-month period immediately preceding the commencement of the leave.

B. Qualified Circumstances for Requesting Leave

The school district will grant a qualified employee up to a total of 30 days of unpaid leave if:

1. The employee is the spouse or parent of a person called to military service lasting 179 days or longer with the state or United States pursuant to orders of the Governor or the President of the United States and;
2. The leave is scheduled to be taken during the time federal or state deployment orders are in effect.

C. Qualifying Notice and Certification

Employees seeking to use the NFMLA will be required to provide:

- a. A consultation with the District to schedule leave so as not to unduly disrupt the operations of the school.
- b. Certification from the proper military authority to verify the employee's eligibility for the family military leave requested.
- c. 14-day advance notice of the intended date upon which the leave will begin, if leave will consist of five or more work days.
- d. As much advance notice as possible of the intended date upon which the leave will commence, if leave will consist of less than five work days.

II. Relationship with District During Leave

A. Leave to Be Unpaid

All leave provided to employees under the provisions of the NFMLA and this policy shall be unpaid leave.

B. Benefits

1. Taking leave under the NFMLA shall not result in the loss of any employee benefit accrued before the date on which the leave commenced.
2. Any employee who takes leave under the NFMLA will be permitted to continue their benefits at their own expense.

3. Payment for benefits must be made to the district in advance of the date on which they are due. For example, if health insurance premiums are paid to the carrier by the district on the 1st of the month, the employee taking leave under the NFMLA must provide the full cost of the premium to the district prior to that date. Failure to provide the full costs for all benefits the employee wishes to continue in advance of their due date may result in cancellation of benefits as permitted by law.

III. Return from Leave

A. Restoration to Position

1. Any employee who exercises the right to leave under the NFMLA shall be restored by the district to the position held by the employee when the leave commenced or to a position with equivalent seniority status, employee benefits, pay, and other terms and conditions of employment.
2. This section does not apply if the district proves that the employee was not restored because of conditions unrelated to the employee's exercise of rights under the NFMLA.

B. Failure to Return

If an employee fails to return after the period of leave to which the employee is entitled has expired, and no additional qualifications for leave exist, the employee will be subject to the district's policies governing unexcused absences up to and including termination of employment.

Staff Internet and Computer Use

Internet access is an important tool for communicating, keeping up-to-date with current developments in education, and for conducting research to enhance management, teaching and learning skills. The following procedures and guidelines are intended to ensure appropriate use of the Internet at the school by the district's faculty and staff. This includes any website which identifies the school district by name or which uses the school's mascot name or image.

Staff must provide administrators with the username and password for all school-affiliated web pages and must only publish content appropriate for the school setting. Staff must also comply with all board policies in their school-affiliated websites and must comply with the board's policy on professional boundaries between staff and students at all times and in all contexts.

Publication of student work or personally-identifiable student information on the Internet may violate the Federal Education Records Privacy Act. Staff must obtain the consent of their building principal or the superintendent prior to posting any student-related information on the Internet.

III. Enforcement

A. Methods of Enforcement

The district owns the computer system and monitors e-mail and Internet communications, Internet usage, and patterns of Internet usage. Staff members have no right of privacy in any electronic communications or files, which are stored or accessed on or using school property and these are subject to search and inspection at any time.

1. The district uses a technology protection measure that blocks access to some sites that are not in accordance with the district's policy. Standard use of the Internet utilizes a proxy server-based filter that screens for non-curriculum related pages.
2. Due to the nature of technology, the filter may sometimes block pages that are appropriate for staff research. The system administrator may override the technology protection measures that blocks or filters Internet access for staff access to a site with legitimate educational value that is wrongly blocked.
3. The district will monitor staff use of the Internet by monitoring Internet use history to ensure enforcement of this policy.

B. Any violation of school policy and rules may result in that staff member facing:

1. Discharge from employment or such other discipline as the administration and/or the board deem appropriate;
2. The filing of a complaint with the Commissioner of Education alleging unprofessional conduct by a certified staff member;
3. When appropriate, the involvement of law enforcement agencies in investigating and prosecuting wrongdoing.

IV. Off-Duty Personal Use

School employees may use the internet, school computers, and other school technology while not on duty for personal use as long as such use is (1) consistent with other district policies, (2) consistent with the provisions of Title 92, Nebraska Administrative Code, Chapter 27 (Nebraska Department of Education "Rule 27"), and (3) is reported as compensation in accordance with the Internal Revenue Code of 1986, as amended, and taxes, if any, are paid. All of the provisions of Rule 27 will apply to non-certificated staff for the purposes of this policy. In addition, employees may not use the school's internet, computers, or other technology to access obscene or pornographic material, sext, or engage in any illegal activities.

Grievance Procedure

Definition of Grievance. A grievance is an allegation by an employee or group of employees that there has been a violation of a provision of the negotiated agreement or a policy of the board of education.

Procedural Steps. The procedure for handling grievances is as set forth below.

Step 1 - Oral Notice to Principal. The grievant shall initiate the grievance by presenting it to his or her principal or immediate supervisor within seven (7) days from the date that the grievant knew or should have known of the incident giving rise to the grievance.

Step 2 - Written Grievance to the Principal. If the grievance is not resolved to the satisfaction of the grievant within five (5) days of the meeting with the principal, the grievant representative may present the grievance in writing to the principal.

The principal shall schedule a meeting within three (3) days of receipt of the written grievance to discuss the elements of the grievance. The principal shall submit his or her determination in writing to the grievant within five (5) days of the meeting.

Step 3 - Written Appeal to the Superintendent of Schools. If the determination of the principal is not satisfactory to the grievant, the grievant may appeal it to the superintendent of schools or his or her designated representative. Said appeal shall be presented, in writing, to the office of the superintendent of schools within five (5) days of receipt of the principal's determination.

The superintendent of schools or a designee shall hold a formal meeting within seven (7) days of receiving the written appeal. The superintendent of schools or a designated representative shall make a written determination regarding the grievance within five (5) days of the date of the meeting.

Step 4 - Appeal to the Board of Education. If the determination of the superintendent of schools is not satisfactory to the grievant, the grievant may appeal it to the board within five (5) days of receipt of the superintendent's decision. The board shall hear the grievance within thirty (30) days in open or closed session in accordance with the law. The board shall notify the grievant of its decision within five (5) days of hearing the grievance.

Written Presentation. All grievances presented at Step 2 and subsequent steps of the procedure shall set forth in writing all facts giving rise to the grievance, the provision(s) of the Agreement or policy alleged to have been violated, the names of the grievant(s), the names of all witnesses, and the remedy sought by the grievant. All grievances at Step 2 and appeals at Step 3 and Step 4 shall be signed and dated by the aggrieved employee. All written answers submitted by the district shall be signed and dated by the appropriate district representative.

Grievance Meetings or Hearings. All meetings and hearings conducted under this procedure up to and including Step 3 shall be conducted in private and shall include only the administration's representatives, the grievant, the grievant's representatives, and witnesses as necessary.

Association Representation. A grievant shall have the right to have an Association representative present to represent the grievant at each level of the grievance procedure.

Reprisals. No reprisals of any kind shall be taken against any employee who uses this grievance procedure in good faith.

Withdrawal of a Grievance. A grievant may withdraw his or her grievance at any level of the procedure without fear of reprisal from any party.

Advanced Step Filing. A grievance shall be filed initially at the level at which the decision resulting in the grievance was made.

Time Limitations. Time limitations herein are critical. All references to days are to calendar days. No grievance shall be accepted by the district unless it is submitted or appealed within the time limits set forth in this Agreement. If at any time during the grievance process, it

is discovered that the grievance was not filed or appealed in a timely manner, the grievance shall be dismissed. If the grievance is not submitted in a timely manner at Step 1 or Step 2, it shall be deemed to be waived. If the grievance is not appealed to Step 3 in a timely manner, it shall be deemed to have been settled in accordance with the district's Step 2 determination. If the district fails to answer within the time limits set forth in this Agreement, the grievance shall automatically proceed to the next step.

When the deadline for taking an action falls on a Saturday, a Sunday or a legal holiday, the time for taking the action shall be extended to the next working day.

Requirement to Grieve. This grievance procedure is not discretionary and cannot be waived except through the express written consent of the board. No administrator or board member, individually, has the authority to waive the requirements of this procedure. Any grievance covered by this procedure but not raised pursuant to the requirements herein, including any grievance abandoned, will be forfeited.

Bad Faith or Serial Filings. The purpose of the grievance procedure is to resolve complaints and grievances regarding covered matters at the lowest level possible within the chain of command. Grievances filed without any intention to attempt to resolve the issues raised; for the purpose of adding administrative burden; or for purposes inconsistent with the professional obligations of district staff members may be dismissed by the superintendent without providing final resolution other than noting the dismissal on a basis in this section.

Prohibition Against Employment of Board Members

Nebraska statutes recognize the inherent conflict of interest that is created when a member of the board of education serves as a certificated employee of the district. Consequently, section 79-544 of the statutes prohibits a board member from being engaged in a contract to teach pursuant to sections 79-817 through 79-821 with the school district where he or she also serves on the board.

A conflict of interest is also created when a board member serves simultaneously as both a board member and an employee in any capacity, whether certified or non-certified. Therefore, a board member shall not be employed by the school district when serving on the board. If an employee is elected or appointed to the board, his or her employment shall be terminated upon being seated on the board. Because of the conflict that is created by a board member applying for employment while sitting on the board, a board member who wishes to apply for employment shall be required to resign from the board before applying.

This policy does not prohibit the board from contracting with members of the board for services or products when the relationship is not one of employer/employee and such contracts are in compliance with the requirements of statute and board policy regarding conflicts of interest.

Part-time and temporary teachers may or may not be assigned preparation time, at the sole discretion of the board of education, upon the recommendation of the superintendent of schools.

Acquiring Permanent Status. A part-time teacher may become a permanent certificated employee pursuant to the provisions of state statutes.

Salary Schedule for Certificated Employees

The board of education recognizes the "salary schedule" and related provisions for compensation currently in effect resulting from negotiations between the board and the education association. This policy is intended to supplement the terms and conditions contained in the collective bargaining agreement. If there is any conflict between the terms of this policy and the collective bargaining agreement, the terms of the negotiated agreement shall control.

Horizontal Advancement. Teachers who wish to advance horizontally on the salary schedule are encouraged to notify the superintendent in writing of their movement on the salary schedule **prior to June 1** of the preceding school year. The teacher must furnish the superintendent with college transcripts by **August 10** for the teacher to qualify to move horizontally on the salary schedule. If an institution will not issue an official transcript by **August 10**, the teacher must provide the superintendent with written confirmation by **August 25** from a college official attesting that the teacher has satisfactorily completed the courses.

Movement Past the BA Column. Teachers who wish to advance beyond the BA column shall be enrolled in courses that relate to education, as determined by the superintendent. Teachers are encouraged to inform the superintendent of their enrollment prior to the beginning of their class to discuss its work-related objectives.

Movement Past the MA Column. Teachers who wish to advance beyond the MA column must be enrolled in course work that relates to education. Teachers are encouraged to inform the superintendent of their enrollment prior to the beginning of their class to discuss its work-related objectives.

Evaluation of Certificated Employees

All certificated employees to be evaluated shall be notified annually in writing of the evaluation process. A certificated administrator, with the exception of the local board of education when it is evaluating the superintendent, will observe and evaluate each probationary certificated employee for a full instructional period once each semester. Each permanent certificated employee shall be formally evaluated for a full instructional period at least once every three years, unless an administrator determines that annual evaluations are necessary. Additionally, all certificated employees will undergo regular walk-through observations each year.

If the probationary certificated employee is a superintendent, he or she shall be evaluated twice during the first year of employment and at least once annually thereafter. The evaluation will include, but not be limited to evaluating the employee's instructional performance, classroom organization and management, personal conduct, and professional conduct. Evaluation of instructional performance and classroom organization and management is applicable to teachers only. The administrator will provide the employee with a written list of deficiencies, suggestions and a timeline for correcting the deficiencies and improving performance, and sufficient time to improve. The evaluation form will include notice that the employee may respond to the evaluation in writing.

The school district will train administrators in evaluation annually through meetings with the superintendent or other administrator, attendance at regional, state or national workshops, or any other method approved by the superintendent.

For the purposes of this policy, the terms "actual classroom observation" and "entire instructional period" are defined as follows:

Entire Instructional Period. For certificated employees whose classes are held during defined periods of time (e.g., senior high classes), an entire instructional period consists of one such time period. For those whose time periods are not so defined (e.g., elementary classroom teachers), an entire instructional period consists of 40 minutes. The instructional period for those whose work does not necessarily involve continuous instruction for 40-minute periods (e.g., librarians or speech therapists)

consists of no less than 40 minutes total during the semester. The entire instructional period for administrators cannot be defined in terms of an instructional period and shall be satisfied by the actual observation of an administrator's work during the semester for no less than 40 minutes.

Actual Classroom Observation. Actual classroom observation consists of observing the certificated employee in any activities in a classroom setting. When a certificated employee does not have classroom responsibility (e.g., administrators or librarians), the requirement of "actual classroom observation" will be satisfied by observing the certificated employee performing activities that are typical of his or her position.

This policy and the evaluation instrument shall be included in the teacher handbook which will be distributed to staff members upon their employment and annually thereafter.

Professional Growth

Every six years, permanent certificated employees shall give evidence of professional growth. Six semester hours of college credit shall be accepted as evidence of professional growth.

The board of education believes the goal of professional self-improvement to be inherent in the responsibilities of each certificated district employee.

Other professional growth activities which may count toward the six-year requirement include non-credit courses, lecture series, workshops, conferences, study groups, local in-service courses, committee service, supervising a student teacher, serving with professional groups, travel of significant educational value, and membership in professional organizations. The employee must receive prior approval from the building principal for any of these activities to count toward professional growth.

No professional growth units will be awarded if the applicant has been paid for a non-college activity either by released time or by an additional amount paid by the school district.

Reduction In Force

The board of education may determine that a reduction in force of certificated staff members is appropriate due to declining enrollment in a grade or grades, changes in financial support, changes in curricular programs, a decline in the taxable value of property located within the school district, increased costs of operating the school district, or another change or changes in circumstances. If the board, in its sole discretion, determines that a reduction of certificated staff is necessary, the superintendent shall notify those employees whose contracts may be reduced. However, the employment of a permanent employee may not be terminated through a reduction in force while a probationary employee is retained to render a service that the permanent employee is qualified to perform by reason of certification and endorsement, or when certification is not applicable, by reason of college credits in the teaching area.

1. **Definition of Reduction in Force.** A reduction in force shall consist of a reduction of one or more positions or a reduction in the percentage of employment of one or more certificated staff members, even if the number or percentage of employment of the certificated staff overall may be increased by other hirings or increases in the percentage of employment of other employees. Reduction in force may result in the termination of employment or an amendment to an employee's contract reducing the extent of the employee's employment.
2. **Restriction of Right to Administrative Position.** Due to the confidential and unique personal working relationship necessary between the administration and the board of education, a certificated employee who is not currently serving in a predominantly administrative capacity shall have no rights under this policy to any administrative position within the school system.
3. **Criteria for Reduction in Force.** The criteria set forth below shall be considered in selecting the personnel to be reduced. The criteria are not listed in any order of priority, and shall be given the weight that the board considers appropriate.
 - a. Programs to be offered;

- b. Areas of endorsement that are of present or future value to the district. This criterion shall be based upon the endorsement(s) shown on each teacher's Nebraska Teaching Certificate;
 - c. State and federal laws or regulations that may mandate certain employment practices;
 - d. Involvement in the programs and activities sponsored by the school district;
 - e. Special or advanced training consisting of college credit or other training that would be of present or future value to the district;
 - f. The organizational and educational effect caused by multiple part-time certificated employees;
 - g. Any other reasons that are rationally related to the instruction in or administration of the school district.
4. **Consideration of Uninterrupted Service.** If, after consideration of the criteria listed above, it is the opinion of the superintendent that there is no significant difference between or among certificated employees being considered for reduction, the employee(s) with the longest uninterrupted service to the district shall be retained.
- a. Uninterrupted length of service is defined as the number of continuous full-time equivalent years of employment in the district as a teacher.
 - b. A full-time equivalent year is defined as employment on a full-time basis for an entire school year.
 - c. Less than full-time employment reduces the teacher's full-time equivalent employment for a school year. For example, a teacher employed on a half-time basis would be credited with half a year full-time equivalent employment.
 - d. A break in service will terminate a teacher's seniority and length of service under this provision. That period of time when a teacher is on a leave of absence shall not constitute a break in service; however, any years of absences or fractions of years of leave of absence will not count as years of employment for the purposes of determining the length of a teacher's uninterrupted service.
5. **Rights of Recall.**

- a. Any certificated employee whose contract has been terminated shall be considered to have been dismissed with honor and shall, upon request, be provided a letter to that effect.
- b. Such employee shall have preferred rights to re-employment for a period of 24 months commencing at the end of the contract year, and the employee shall be recalled on the basis of length of service to the district to any position that he or she is qualified to teach by endorsement or college preparation.
- c. Upon re-employment, a recalled employee shall be placed on the salary schedule and provided fringe benefits based on existing district policies and the current negotiated agreement. Any year or years of absence from employment shall not be considered as a year or years of employment by the district.
- d. An employee under contract to another education institution may waive recall, but such waiver shall not deprive the employee of his or her right to subsequent recall.

6. **Current Teaching Certificate.**

- a. Upon initial employment with the district, each certificated employee shall file a copy of his or her teaching certificate, including endorsements with the superintendent of schools.
- b. The employee shall be responsible for filing any changes in certification or endorsements with the superintendent.

7. **Address Records.**

- a. A certificated employee whose employment contract has been terminated because of a reduction in force shall, during the period which he or she is eligible for recall, be responsible for reporting any change of address to the superintendent of schools.
- b. If there is a vacancy to which a former employee has a right of recall, the district may communicate an offer of re-employment by telephone, by email, or by United States mail sent to the former employee's last known address. If the school district does not receive written acceptance of the offer within seven days, the former employee shall be deemed to have waived his or her rights to be recalled to the employment position.

Professional Boundaries and Appropriate Relationships Between Employees and Students

School district employees and student teachers or interns ("employees") are responsible for conducting themselves professionally and for teaching and modeling high standards of behavior and civic values, both at and away from school. Employees are required to establish and maintain professional boundaries with students and must have appropriate relationships with students. They may be friendly with students, but they are the students' teachers, not their friends, and they must take care to see that this line does not become blurred. This applies to employees' conduct and interactions with students and to material they post on personal web sites and other social networking sites including, but not limited to, Instagram, Facebook, and Twitter. The posting or publication of messages or pictures or other images that diminish an employee's professionalism or ability to maintain the respect of students and parents may impair his or her ability to be an effective employee. Employees are expected to behave at all times in a manner supportive of the best interests of students.

Sexual Relationships Prohibited. Employees are prohibited from engaging in any relationship that involves sexual contact or sexual penetration with a student while the student is a current student and for a minimum of one year after the date of the student's graduation or the date the student otherwise ceases enrollment. Sexual contact has the same meaning as in section 28-318, and sexual penetration has the same meaning as in section 28-318.

Grooming Prohibited. Employees are prohibited from engaging in grooming with students. Grooming means building trust with a student and individuals close to the student in an effort to gain access to and time alone with the student, with the ultimate goal of engaging in sexual contact or sexual penetration with the student, regardless of when in the student's life the sexual contact or sexual penetration would take place.

Unless an employee can clearly and convincingly demonstrate a legitimate educational purpose, grooming behaviors and related conduct that are a violation of this policy include, but are not limited to:

- Communicating about sex when the discussion is not required by a specific aspect of the curriculum.
- Joking about matters involving sex, using double entendre or making suggestive remarks of a sexual nature.
- Displaying sexually inappropriate material or objects.
- Making any sexual advance, whether written, verbal, or physical or engaging in any activity of a sexual or romantic nature.
- Kissing of any kind.
- Dating a student or a former student within one year of the student graduating or otherwise leaving the district.
- Intruding on a student's personal space (e.g. by touching unnecessarily, moving too close, staring at a portion of the student's body, or engaging in other behavior that makes the student uncomfortable).
- Initiating unwanted physical contact with a student.
- Communicating electronically (e.g. by e-mail, text messaging, or through social media) on a matter that does not pertain to school.
- Playing favorites or permitting a specific student to engage in conduct that is not tolerated from other students.
- Discussing the employee's personal issues or problems that should normally be discussed with adults.
- Giving a student a gift of a personal nature.
- Giving a student a ride in the employee's vehicle without first obtaining the express permission of the student's parents or a school administrator.
- Taking a student on an outing without first obtaining the express permission of the student's parents or a school administrator.

- Inviting a student to the employee's residence without first obtaining the express permission of the student's parents and a school administrator.
- Going to a student's home when the student's parent or a proper chaperone is not present.
- Repeatedly seeking to be alone with a student.
- Being alone in a room with an individual student at school with the door closed.
- Any after-school hours activity with only one student.
- Any other behavior which exploits the special position of trust and authority between an employee and student.

This list is not exhaustive. Any behavior which exploits a student is unacceptable. If in doubt, ask yourself, "Would I be doing this if my family or colleagues were standing next to me?"

Communication Between Employees and Students. The preferred methods for employees to communicate with students are in person, school email or an app approved by the administration.

Employee communications with students through a communication system generally are to be sent simultaneously to multiple recipients and not just to one student. The burden to demonstrate the appropriateness of a communication with a student only shall rest with the employee.

Reporting a Policy Violation. Anyone may report suspected grooming, other unacceptable employee conduct, or any violation of this policy as follows:

School District. Reports may be made to a principal, the superintendent, or the Title IX Coordinator in person, by mail, by telephone, or email.

Nebraska Department of Education. Reports may be made at: Nebraska Department of Education, Attn: Certification Investigations' Office, P.O. Box 94933, Lincoln NE 68509 or Nde.investigations@nebraska.gov.

Nebraska Department of Health and Human Services. Reports may be made by calling the Child Abuse and Neglect Hotline at (800) 652-1999.

Law Enforcement. Reports the county sheriff's office at (308) 826-8555, or the Nebraska State Patrol at (308) 385-6000.

An employee is required to make a report to a principal or the superintendent if the employee reasonably believes that another employee has violated or may have violated this policy. Minor concerns or violations shall be reported within 24 hours. Major concerns or violations shall be reported immediately. Violations committed by or concerns about the superintendent shall be reported to the school board president.

A student who feels his or her boundaries have been violated should directly inform the offender that the conduct or communication is offensive and must stop. If the student does not wish to communicate directly with the offender or if direct communication has been ineffective, the student should report the conduct or communication to a teacher, administrator, counselor, the Title IX coordinator, or other school employee with whom she or he feels comfortable.

Retaliation Prohibited. Retaliation for good faith reports or complaints made as a result of this policy is prohibited. Individuals who knowingly and intentionally make a false report shall be subject to discipline as provided by district policy and state law.

Policy Violations. Any violation of this policy by an employee may result in disciplinary action up to and including dismissal from employment and/or referral to the Nebraska Department of Education, which may result in the suspension or revocation of the employee's certificate. Any violation involving sexual or other abuse will result in referral to the Nebraska Department of Health and Human Services, law enforcement, or both.

Policy Verification. Employees shall verify that they have received, reviewed, and understood this policy by signing an acknowledgment document indicating the same.

No Limits on Reports to NDE. Nothing in this policy shall be construed to limit any certificated employee's duty to report any known violation of the standards of professional practices (Title 92, Nebraska Administrative Code, Chapter 27, commonly known as Rule 27) adopted by the Nebraska Board of Education.

Internet Searches Regarding Potential Employees

Members of the administrative team or of a hiring committee (hereinafter "the committee") may conduct internet research about job applicants by using the following protocol, except that no criminal history record information check shall be made until the school district has determined that the applicant meets the minimum employment qualifications:

1. The committee may conduct internet searches using candidates' full names and any aliases. The committee may also search candidates' full names and any aliases on Facebook, Instagram, LinkedIn, Twitter, YouTube, and other social networking websites.
2. All applicants or all finalists must have the same research conducted about them. For example, if the committee conducts a search on Google using the name of one applicant in order to determine whether to include that applicant in the list of finalists, the committee must also conduct an identical search of all applicants' names.
3. The committee may not use deception to gain access to applicants' social networking pages, blogs, or other on-line media and will not require applicants for employment to provide the district with their username or password to personal social media accounts.
4. The committee must take reasonable steps to verify the reliability of the information obtained in the search, including consulting with the applicant for confirmation of accuracy, if appropriate.
5. The committee will consider the following information to be relevant in making hiring decisions about an applicant based on information obtained through internet research:
 - a. Disparaging remarks made about current or former co-workers, supervisors, or employers;
 - b. Discriminatory, harassing, or demeaning behavior or comments;

- c. Unprofessional, lewd, or obscene behavior or remarks;

The district may grant compensatory time in lieu of overtime pay at a rate of one and one-half (1½) hours off for each hour of overtime the employee worked. Staff and District Social Media Use

Social media is an important tool for communicating, keeping up-to-date with current developments in education, and for conducting research to enhance management, teaching, and learning skills. The district also uses social media accounts to provide information to district stakeholders. This policy is intended to ensure (1) appropriate use of social media by staff and (2) appropriate control of social media accounts belonging to or affiliated with the district. Staff should also refer to the district's policy on Staff Computer and Internet Usage.

I. Personal Versus School-Affiliated Social Media Use**A. Personal Social Media Use**

1. The school district will not require staff members or applicants for employment to provide the district with their username and password to personal social media accounts.
2. The district will not require staff to add anyone to the list of contacts associated with the staff member's personal social media accounts or require a staff member to change the settings on his or her personal social media accounts so that others can or cannot view their accounts.
3. Staff members whose personal social media use interferes with the orderly operation of the school or who use social media in ways that are not protected by the First Amendment may be subject to discipline by the district.
4. Staff members who wish to begin using or to continue using the school district name, programs, mascot, image or likeness as part of any social media profile must notify their supervising administrator of the use, and must secure the administrator's permission to do so.

B. School-Affiliated Social Media Use

1. Any social media account which purports to be "the official" account of the school district (e.g., "Buffalo Wrestling"), or any of its programs, classes or entities will be considered to be an account that is used exclusively for the school district's business purpose. Staff members may not use "official" accounts for personal use.
2. Staff are required to provide their supervising administrator with the username and password to school-affiliated social media accounts.
3. Staff may be required to interact with specified individuals on school-affiliated social media accounts.
4. When staff use school-affiliated social media accounts to comment on school-related matters, they do not do so as private citizens and are therefore not entitled to First Amendment protections. They are also not allowed to make any press releases or other official communications on behalf of the district without prior administrative approval. In other words, staff do not speak "for the district" directly or indirectly unless specifically authorized and directed to do so.

II. Staff Expectations in Use of Social Media – Applicable to Both Personal and School-Affiliated Use

A. General Use and Conditions

Staff must comply with all board policies, contract provisions, and applicable rules of professional conduct in their social media usage. They must comply with the board's policy on professional boundaries between staff and students at all times and in both physical and digital environments.

Staff must obtain the consent of their building principal or the superintendent prior to posting any student-related information in order to make sure that the publication does not violate the Federal Education Records Privacy Act or any other laws. Staff must also comply with all applicable state and federal record retention requirements, even with regard to personal social

media usage.

Staff must comply with all applicable laws prohibiting the use or disclosure of impermissible content, such as copyright laws, accountability and disclosure laws, and any other law governing the use of resources of a political subdivision. Questions about appropriate content should be referred to the staff member's supervising administrator.

B. Acceptable Use

1. Staff may use social media for school-related communication with fellow educators, parents, and patrons. Student communication must be consistent with the district's professional boundaries policies and expectations.
2. Teachers should integrate the use of electronic resources, which may include social media, into the classroom. As the quality and integrity of content on social media is not guaranteed, teachers must examine the source of the information and provide guidance to students on evaluating the quality of information they may encounter. This includes spotting AI-generated content, fakes, spoofs, and discerning the quality and reliability of content.

C. Unacceptable Use

1. Staff shall never access obscene or pornographic material while at school, on school-owned devices or on school-affiliated social media accounts.
2. Staff shall not engage in any illegal activities, including the downloading and reproduction of copyrighted materials.
3. Staff shall not access social media networking sites such as Facebook, X, Instagram, Snapchat, and TikTok on school-owned devices or during school time unless permitted by district policy or

preapproved by the staff member's immediate supervisor. This prohibition extends to using chat rooms, message boards, or instant messaging in social media applications and includes posting on social networking sites using personal electronic devices.

III. School-Affiliated Digital Content

A. General Use and Conditions for School-Affiliated Accounts

Staff must obtain the permission of their supervising administration prior to creating, publishing, or using any school-affiliated web pages, blogs, microblogs, social media pages or handles, or any other digital content which represents itself to be school-related, or which could be reasonably understood to be school-related. This includes any content which identifies the school district by name in the account name or which uses the school's mascot name or image.

Staff must provide administrators with the username and password for all school-affiliated accounts and must only publish content appropriate for the school setting. Staff may not provide the username and password to school-affiliated accounts to any unauthorized individual, including students and volunteers.

B. Moderation of Third Party Content

The purpose of school-related social media accounts is to disseminate information. No school-related or school-affiliated social media account covered by this policy shall permit comments by the public unless otherwise approved by the superintendent. All comment functions for applications such as Facebook and Instagram must be turned to "off" without this approval.

In the event the superintendent permits content created by anyone other than the administrator of the account to appear on the account's pages, such as comments made by students, parents, and patrons, the account administrator must monitor the content to ensure it complies with this policy. Posts, comments, or any other content made on the account's pages or

tags or links to official school accounts on another account may be removed when the content meets any of the following conditions:

1. Is obscene, lewd, lascivious, true threat, or appeals to prurient interests;
2. Contains information relating to a student matter or personnel matter which is protected under or prohibited by state or federal law;
3. Contains fighting words or content that is threatening, harassing, or discriminatory;
4. Advocates, promotes, or encourages the use of drugs, alcohol, or other prohibited substances;
5. Incites or is reasonably anticipated to incite violence, illegal activity, or a material and substantial disruption to school operations or activities; or
6. Contains any other threat to the safety of students and staff.

The district may restrict access to its official accounts for violations of these rules, such as deleting comments or prohibiting comments. Accounts that are not official school accounts are those owned and operated by board members and employees for their personal use, even if they discuss school matters.

Every official school account administrator must keep a copy of any removed content or banned/blocked individual account and must provide a copy to the superintendent along with written notification for the reason the post has been removed. All questions about the appropriateness of removal must be directed to the superintendent.

Job References to Prospective Employers

All requests for employment-related references or employment history by prospective employers of current or former employees must be referred to a member of the administrative team. The administrator will either provide a reference in compliance with this policy or will forward the request to the superintendent.

If the school district is subject to a written separation agreement regarding a particular employee, the terms of that agreement will govern the district's response to requests for information, regardless of any written consent provided to the school district.

If the school district is not bound by a separation agreement and receives a legally enforceable written consent to release information, the district may provide the information authorized by that document. The school district may provide additional truthful information to prospective employers of current and former employees in accordance with this policy.

Employees Suspected of Sexual Misconduct Against a Minor or Student

Apart from the routine transmission of administrative and personnel files or unless otherwise permitted by law, the district and any employee, contractor, or agent of the school district is prohibited from providing any employee any assistance in obtaining a new job if the school district or the individual acting for the school district has probable cause to believe said employee has engaged in sexual misconduct with a student or minor in violation of the law.

Reporting Child Abuse or Neglect

Because of their daily contact with school-age children, educators and other school employees are in a unique position to identify abused and/or neglected children. Nebraska law defines child abuse or neglect as knowingly, intentionally, or negligently causing or permitting a minor child to be (1) placed in a situation that endangers his or her life or physical or mental health; (2) cruelly confined or cruelly punished; (3) deprived of necessary food, clothing, shelter or care; (4) left unattended in a motor vehicle, if such child is six years of age or younger; (5) sexually abused; or (6) sexually exploited by allowing, encouraging, or forcing such person to solicit for or engage in prostitution, debauchery, public indecency, or obscene or pornographic photography, films, or depictions.

Reporting Procedure. School employees who have reasonable cause to believe that a child has been subjected to child abuse or neglect or observe a child being subjected to conditions or circumstances which reasonably would result in child abuse or neglect will report the suspected abuse or neglect according to the following procedure.

1. Any school employee who has reasonable cause to believe that a child has been abused or neglected shall report the suspicion to the building principal immediately. Employees shall also personally report or cause a report to be made to local law enforcement or to the Department of Health and Human Services.
2. When the principal makes a report of suspected child abuse or neglect, he/she shall inform the employee(s) who made the initial report.
3. Nothing in the paragraph above shall hinder a school employee from fulfilling his/her/their obligation to report suspected abuse or neglect if he, she or they have reasonable cause to believe that a child has been abused or neglected.
4. Any doubt or question in reporting such cases shall be resolved in the favor of reporting the suspected abuse or neglect. Consultation between the administrator and

school employee is encouraged, keeping in mind that prompt reporting is essential.

Contents of the Report. The report to authorities shall contain the following information to the extent it is available: (1) name and position of reporting person; (2) name, address, and age of abused or neglected person; (3) address of the person or persons having custody of the abused or neglected person; (4) the nature and extent of the abuse or neglect, or the conditions and circumstances which would reasonably result in such abuse or neglect; and (5) any other information that may be useful in establishing the identity of the persons involved and cause of the abuse or neglect.

Legal Immunity. Nebraska statutes give legal immunity from any civil or criminal liability to any person who makes a good faith report of child abuse or neglect or participates in a judicial proceeding resulting from such a report.

Resignation of Certificated Staff

Certificated staff members who know they will not be returning to employment at the school district for the following school year are encouraged to submit their resignations as early as possible, to enable the board to find suitable replacements.

As a general matter, the board will not release certificated staff members after March 15th from their contractual obligations. The superintendent has the discretion to release certified staff from their contract after March 15th in cases with extenuating circumstances. Staff members who refuse to fulfill their contractual obligations will be reported to the Professional Practices Committee of the Nebraska Department of Education.

Superintendent Evaluation

The board shall observe and evaluate the superintendent based upon actual classroom observations for an entire instructional period at least twice during the first year of employment and at least once each year thereafter. Additional evaluations may be conducted at the discretion of the board. For the purposes of this policy, "actual classroom observation" shall mean observing the superintendent performing activities that are typical of his or her position. An "entire instructional period" for administrators cannot be defined in terms of an instructional period and shall be satisfied by the actual observation of some aspect of the superintendent's work during the semester for no less than 40 minutes.

Purpose. The purposes of the formal job evaluation are:

1. To provide a means of rational, structured communication between the board and superintendent to create a more constructive and effective working relationship.
2. To provide a basis for commending, rewarding and reinforcing good work, as well as identifying areas where the superintendent needs to improve.
3. To clarify the superintendent's role and inform the superintendent of the board's expectations.

Dates. Unless otherwise provided for in the superintendent's employment contract, the first year evaluations should take place (1) during the first semester of the academic year; on or before the December board meeting, and (2) during the second semester of the academic year; on or before the June board meeting. Annual evaluations shall generally take place at a board meeting held during the month before the date in the superintendent's employment contract by which the board must notify the superintendent of its intention to consider the nonrenewal or amendment of the contract. In the absence of such a contract provision, the annual evaluation should take place at or prior to the March board meeting. The Superintendent shall remind the Board members in writing at least 45 days before the date of each upcoming evaluation and shall make his evaluation an agenda item for the board meeting.

Evaluation Document. The superintendent shall submit a recommended evaluation document to the board. The board shall

meet and discuss the proposed document with the superintendent. The board may amend and adopt the proposed evaluation document. The board may amend the document or adopt a new document without amending this policy. The superintendent shall submit the evaluation document to the Nebraska Department of Education.

Evaluation Procedures. Each board member shall have the opportunity to complete a draft evaluation document. The board president or designee shall compile the individual draft evaluations into a single and final evaluation, provide a copy to the superintendent, and discuss it with him or her. If the superintendent's evaluation is conducted at a board meeting, the superintendent's evaluation may be conducted in closed session if it is necessary to prevent needless injury to the superintendent's reputation and if he or she has not requested it be done in open session.

Deficiencies. If deficiencies are noted in the superintendent's work performance, the board shall provide the superintendent at the time of the observation with a list of deficiencies and a list of suggestions for improvement and assistance in overcoming the deficiencies. The board shall also provide the superintendent with follow-up evaluations and assistance when deficiencies remain, a timeline for improvement, and sufficient time to improve. In the alternative, the board may rely upon the superintendent's education, training, and expertise and require him or her to submit a "list of suggestions for improvement" or plan of improvement for the board's consideration.

Personnel File. The evaluation shall be signed by the board president (or other member of the board) and the superintendent. The superintendent shall place a copy of the evaluation in his or her personnel file. The superintendent may provide a written response to the evaluation to the board. A copy of the response shall also be placed in the superintendent's personnel file. The board may meet with the superintendent to discuss the written response.

Policy Limitation. The evaluation procedures are included in this policy as a result of the board's statutory obligation to evaluate the superintendent and do not give the superintendent any rights not provided by statute. The board's failure to comply with any procedures provided in this policy but not required by law shall not prohibit the board from taking any action regarding the

superintendent's employment, up to and including the nonrenewal, amendment, or cancellation of the employment contract.

Confidentiality in Counseling and Guidance

The school district provides students with a certificated school guidance counselor. Information that students provide to counselors is confidential but not legally privileged. The counselor will attempt to respect the privacy of student disclosures, but will share all relevant information with other education professionals as appropriate or as directed. The counselor will also contact parents and law enforcement officials as appropriate.

Records of the counseling relationship, including interview notes, test data, correspondence, tape recordings and other documents, are to be considered professional information for use in counseling, not part of the student's education record.

When a counselor is in doubt about what information to release, he or she should discuss the matter with the building principal or with the superintendent.

Behavioral and Mental Health Training

All public school employees who interact with students and any other appropriate personnel are required to complete behavioral and mental health training with a focus on suicide awareness and prevention training every year. The training may include, but need not be limited to, topics such as identification of early warning signs and symptoms of behavioral and mental health issues in students, appropriate and effective responses for educators to student behavioral and mental health issues, trauma-informed care, and procedures for making students and parents and guardians aware of services and supports for behavioral and mental health issues.

The superintendent will determine the appropriate personnel required to receive the training. The training materials for this training must be included in the Nebraska Department of Education's list of approved training materials. The length of the training shall be a reasonable amount as determined by the school board.

These employees must complete the training designated by the school district or superintendent no later than the Wednesday before Thanksgiving of each school year or within 30 days of their initial employment, whichever is later. Failure to complete this training may subject the employee to employment-related discipline.

School Vehicle Use

Pupil Transportation Vehicles. The transportation of students in a pupil transportation vehicle is governed by the rules of the Nebraska Department of Education and the district's safe pupil transportation plan or safety and security plan. See Title 92, Nebraska Administrative Code, Chapter 91 – Regulations Governing Driver Qualifications and Operational Procedures for Pupil Transportation Vehicles ("Rule 91") Title 92, Nebraska Administrative Code, Chapter 92 – Regulations Governing the Minimum Equipment Standards and Safety Inspection Criteria for Pupil Transportation Vehicles ("Rule 92"), available on NDE's website (www.education.ne.gov). A pupil transportation vehicle is any vehicle utilized to carry school children as sponsored and approved by the school board and that conforms to the Nebraska Department of Education definitions of pupil transportation vehicles listed as School Bus, Activity Bus, Small Vehicle, or Coach Bus.

School Vehicles Other Than Those Transporting Students. School district employees, board members, and other elected or appointed school district officials (collectively "school personnel") who are not transporting children are authorized to use a school district vehicle to travel to a designated location or to their home when the primary purpose of the travel serves a school district purpose. School district vehicles may not be used for personal purposes unless the vehicle, or the use of it, is provided to an employee as a condition of an employment contract or it is leased to school personnel as allowed by law. School personnel must operate school vehicles in accordance with all applicable federal, state, and local laws.

Driver Qualifications. School personnel who wish to use a vehicle owned or leased by the school district and who are not transporting students must:

- Possess and provide a copy of a valid Motor Vehicle operator's license.
- Be able to read and comprehend driving regulations and written test questions.
- Obtain and provide a copy of his or her current driving record from the department of motor vehicles at least one time per school year to the superintendent or his or her designee.
- Be at least 19 years of age.

School personnel must notify the superintendent or his or her designee about any change in their driving status or eligibility.

School personnel who have been convicted of any of the following or who meet any of the following conditions will not be allowed to drive a school district vehicle:

- If the citation or conviction occurred at any time—Motor vehicle homicide or driving under the influence – 3rd or subsequent offense;

The superintendent or his or her designee has the discretion to prohibit school personnel from driving a school vehicle for a citation or arrest for the above offenses or any other offense or reason. The superintendent or his or her designee will make the final determination about the use of school district vehicles.

Electronic Communication While Driving. Unless the superintendent or a principal grants an exception to allow verbal communication on an as needed basis for specific district-related work based upon an employee's duties and responsibilities, school personnel shall not use any electronic communication device to read a written communication, manually type a written communication, send a written communication, verbally communicate with others, or otherwise communicate with others while operating a school vehicle. This prohibition includes but is not limited to answering or making telephone calls, engaging in telephone conversations, and reading or responding to emails, instant messages, text messages or other visual media.

Tobacco, Alcohol, and Controlled Substances. The use of any tobacco product, including the use of vapor products, alternative nicotine products, or any other such look-alike product, is not permitted in a school vehicle at any time. The use or possession of any alcohol or controlled substance (unless legally prescribed to school personnel by a physician) is not permitted in a school vehicle at any time. All drivers shall follow and be subject to Drug Free Workplace Policy and Drug Policy Regarding Drivers Policy.

Traffic Accidents, Infractions, Violations, or Citations. School personnel who receive a citation or warning citation from a law enforcement officer or are involved in an accident while operating a school vehicle must report the citation to the superintendent or his or her designee as soon as practicable, but no later than 24 hours of

receipt. The superintendent must report his or her accidents, infractions, violations, or citations to the board president.

Workplace or Non-Workplace Injuries or Illness and Return to Work

Reporting Workplace Injuries. Staff members who are injured while performing duties or who witness workplace injuries must report them to the superintendent or superintendent's designee as soon as possible after being injured or witnessing an injury. Staff members must prepare written statements regarding the injuries they sustained or witnessed when they are asked to do so by the school district. Failure to report a workplace injury as a witness will constitute insubordination and neglect of duty and may result in adverse employment action up to and including termination or cancellation of employment. Failure to report workplace injuries may also result in delayed or forfeited benefits to which an employee may otherwise be entitled.

Returning to Work after Workplace Injuries or Non-Workplace Injuries or Illness. Staff members whose injuries or illness prevent them from completing any or all of their duties, whether or not incurred at work, may be permitted to continue working or may be offered modified duty positions as required by law or as determined appropriate by the superintendent. This policy does not guarantee a limited or modified assignment during the recovery period unless it is otherwise required by law. The employee may be required to provide a return to work certification or report from their treating physician which delineates any restrictions, modifications, or accommodations needed to allow the employee to perform the essential functions of their position.

Termination After Workplace Injuries or Illness. Unless otherwise covered in an individual employment contract, employees may be terminated after suffering a workplace injury or illness when the district has a legitimate, nondiscriminatory reason for doing so. Such reasons include but are not limited to:

- Necessity to fill the position to maintain continuous services as required by law or district policy or standards;
- Performance deficiencies of the employee unrelated to the injury or illness;
- Unavailability of substitute or replacement employees;
- When the absence will negatively impact students' educational experience or opportunities; or
- Any other reason not otherwise prohibited by law.

The district may make such employment determinations regardless of whether the employee has returned to work and regardless of whether a medical professional has certified that the employee has reached maximum medical improvement. In the event the injury or illness lasts beyond the amount of leave time provided by the district and by the Family Medical Leave Act, which is generally no greater than 12 weeks, the employee may be terminated even if the employee remains eligible for Workers' Compensation under state law or short or long-term disability under a policy available through the district. In no event will an employee be terminated as retaliation for filing a Workers' Compensation claim.

Termination After Non-Workplace Injuries. Unless otherwise covered in an individual employment contract or prohibited by law, employees who are unable to perform any of the essential functions of their positions with reasonable accommodation(s) due to injury or illness occurring outside of the workplace may be terminated. The employee's position or a similar position will be held open only as required by law, such as the Family Medical Leave Act.

Locker Room Supervision

Staff members, coaches, sponsors, and students must comply with the requirements of this policy while using locker rooms at the school district or at other locations.

Staff members, coaches, and sponsors must appropriately supervise students in locker rooms and other locations where students dress, change, or engage in similar activities. This supervision must occur at all times during curricular and extracurricular activities and includes, but is not limited to, the following:

- Entering and walking through the entire locker room at regular and irregular intervals to provide direct supervision and to assess student behavior.
- Maintaining an orderly locker room free from "horseplay" and other prohibited conduct.
- Maintaining a visual presence.
- Adequately addressing any misbehaviors.
- Escorting students to and from the locker room and the activity or instructional area.
- Unlocking the locker room so that students may enter, and locking the locker room after all students have exited the locker room.
- Searching the locker room to determine that all students have exited the locker room before locking it.
- Ensuring that the locker room remains locked during any activity.

If a student is found missing during an activity, the staff member, coach, or sponsor or adult designee shall check the locker room for the missing student.

The locker room must be locked at all times when unsupervised.

Only students whose team or activity is currently playing or are in-season or who are involved in a school-sponsored activity that requires or allows presence in the locker room are allowed access to the locker room before or after the regular school day.

Students are not allowed to enter or reenter the locker room without appropriate supervision.

If the staff member, coach, or sponsor is the opposite sex of the students, he or she may designate another adult of the same sex as the students to provide the required locker room supervision. This delegation does not remove ultimate responsibility from the staff member, coach, or sponsor who is subject to the obligations under this policy to ensure that such obligations are met. By allowing their students to participate in an activity with a cross-gender coach, parents/guardians consent to the entry of the staff member or his or her designee into the locker room at any time as necessary to maintain student safety and order.

Staff members, coaches, and sponsors must remain with students until they are picked up by the parent, guardian, or other authorized person or the student leaves in his or her own transportation. Students must never be left unattended after a game, practice, or other school-sponsored activity. In other words, the staff member, coach, or sponsor should be the first one to arrive at the activity and the last one to leave.

Cell phones and other devices with visual or auditory recording capability may not be used in the locker room at any time or for any reason.

Under no circumstance may a staff member, coach, or sponsor delegate any responsibility under this policy to a student or other minor.

School administrators or their designees may make random checks to assess policy compliance.

Compulsory Attendance and Excessive Absenteeism

Required Attendance

Every person residing in the school district who has legal or actual charge or control of any child who is of mandatory attendance age shall cause that child to attend a public or private school regularly unless the child has graduated from high school or has been allowed to disenroll pursuant to this policy.

Mandatory Attendance Age

All children who are or will turn six years old before January 1 of the current school year are of mandatory attendance age. Children who have not turned eighteen years of age are of mandatory attendance age.

Exceptions

This policy does not apply when attendance is made impossible or impracticable by severe weather conditions or by the mental or physical illness of the student or a child whom the student is parenting.

A child who will not reach age 7 before January 1 of the current school year may be excused from mandatory attendance if the child's parent or guardian completes an affidavit affirming that alternative educational arrangements have been made for the child. A copy of the required affidavit is attached to this policy. [Affidavit](#)

Discontinuing Enrollment – 5 Year Old Students

The person seeking to discontinue the enrollment of a student who will not reach six years of age prior to January 1 of the current school year shall submit a signed, written request to the superintendent using the form which is attached to this policy. The school district may request written verification or documentation that the person signing the form has legal or actual charge or control of the student. The school district shall discontinue the enrollment of any student who satisfies these requirements. Any student whose enrollment is discontinued under this subsection shall not be eligible to reenroll in this school district

until the beginning of the following school year unless otherwise required by law.

Discontinuing Enrollment – 16 and 17 Year Old Students

Only children who are at least 16 years of age may be disenrolled from the district. The person seeking to discontinue the child's enrollment shall submit a signed, written request and submit it to the superintendent using the form which is attached to this policy. The district will follow the procedures outlined on the attached form in considering requests to disenroll. [Affidavit](#)

Only children disenrolling to attend an exempt school may be exempt from this policy. The person with legal or actual charge or control of the child must provide the superintendent with a copy of the signed request submitted to the State Department of Education for attending exempt schools. The superintendent may confirm the validity of the submission with the State Department of Education.

Attendance Officer

Each building principal is designated as an attendance officer for the district. Each building principal, at his or her discretion, may delegate these responsibilities to any other qualified individual. The attendance officer is responsible for enforcing the provisions of state law relating to compulsory attendance. This responsibility includes but is not limited to filing a report with the county attorney of the county in which a student resides. Compensation for the duties of attendance officer is included in the salary for the superintendent or designee.

Excused Absences

The following absences will be considered excused if they are confirmed by communication to the school from the student's parent/guardian:

1. Physical or mental illness of the student (a physician's verification is required after four (4) consecutive days of absence for illness)
2. Severe weather
3. Medical appointments for the student

4. Death or serious illness of the student's family member
5. Attending a funeral, wedding or graduation
6. Appearance at court or for other legal matters
7. Observance of religious holidays of the student's own faith
8. College planning visits
9. Personal or family vacations

Excessive Absenteeism

When a student receives 5 unexcused absences or the hourly equivalent in any semester, the Attendance Officer may send written notification of the student's total absences to the student's parent or guardian. When a student receives 10 unexcused absences or the hourly equivalent in any school year, the Attendance Officer will send written notification of the student's total absences to the student's parent or guardian and offer to meet with the student's parents or guardians to discuss any barriers to the student's attendance. When a student receives 15 unexcused absences or the hourly equivalent in any school year, the Attendance Officer will send written notification of the student's total absences to the student's parent or guardian and shall schedule a meeting with relevant stakeholders to discuss and address any barriers to the student's attendance, unless the Attendance Officer determines that such a meeting would not be productive in facilitating the student's regular attendance.

When a student is absent more than twenty days per year or the hourly equivalent and any portion of the absences is unexcused, the Attendance Officer may file a report with the county attorney of the county in which the student resides. For example, if the student accumulates 23 days of excused absences due to documented illness and is tardy one time, the Attendance Officer may file a report with the appropriate county attorney.

Admission of Students

Students shall be admitted to the school district who are required by law to be enrolled or are permitted to enroll by law or board policy.

Students who have been placed in a foster home within the school district are not residents of the district and will not be permitted to enroll unless the district has received a written determination from the Nebraska Department of Health and Human Services that it is in the best interest of the student not to attend his or her district of residence.

Prior to enrolling any student who is a ward of the state of Nebraska or a ward of any court, the district will ask to review a completed copy of the "Education Court Report Form" promulgated by the Nebraska Supreme Court's Commission on Children and Families in the Courts – Education Sub-Committee. If there is no such completed form, district staff will offer assistance to the appropriate responsible individual in securing the information necessary to complete the form as part of the district's enrollment process.

Except in adult education classes or when otherwise required by law, no student who is 21 years of age or older, or who has earned a high school diploma or its equivalent will be allowed to be enrolled in or continue to attend school in the district.

Students who seek to enroll in the district must comply with each board policy, state statute and regulation that applies to their situation. Grade level placement will be determined in accordance with district policy.

Admission of Part-Time Students

A student may be permitted to enroll on a part-time basis pursuant to this policy and applicable curricular practices when enrollment is appropriate for reasons that include but are not limited to the following: the student attends another education institution on a primary basis; is enrolled for a limited number of credit hours needed to graduate; has a modified schedule because of a disability or as part of an individualized education plan; or is a student who attends a private, denominational, or parochial school or a school that elects not to meet accreditation or approval requirements (referred to herein as an exempt school student or an exempt school, respectively).

Eligibility and Application for Enrollment. A student may be eligible for part-time enrollment if the student:

1. is of appropriate age to attend school;
2. is a resident of this school district or a resident of another school district attending a private, denominational, parochial, or exempt school. For residents of another school district, the student is only eligible to part-time enroll if
 - a. this school district is the closest to the student's residence that offers the extracurricular sport or activity they desire to participate in, and their resident school district does not offer that sport or activity, or
 - b. the school building the student would attend if accepted for part-time enrollment is closer than the school building the student attends or would attend at the resident district;
3. has not graduated from high school; and
4. has not received a graduate equivalency diploma.

The parent or guardian must meet all of the district's admission requirements and file an application for enrollment on forms provided by the school district by March 15th prior to the year of enrollment. For second semester high school courses, the application must be filed by August 15th. For students who move into the district mid-semester, the application must be filed within 20 days of moving into the district. The administration shall review the application, determine whether to approve or deny it, notify the parent or guardian, and schedule enrollment at an educationally appropriate time in the building or attendance center of the administration's

choice. Enrollment does not carry over from one school year to the next, and the parent or guardian must apply for enrollment each school year.

Limitations Based on Resources. The enrollment of exempt school students is subject to limitations established by the district for grades, classes, courses, and programs based on the limited resources available to the school district. Full-time students shall be given priority for enrollment in grades, classes, courses, and programs.

Placement of Students. Exempt school students shall be placed in courses for which they have adequate preparation and which are determined to be educationally appropriate based on criteria that include, but are not limited to the student's age, achievement test scores, academic record, evaluation by school personnel and any other standards used by the district for the placement of students.

Grades and Academic Honors. Exempt school students shall receive grades, report cards, and transcripts, but shall not be eligible to graduate, receive a diploma or qualify for class ranking unless they meet all district requirements for such including earning a sufficient number of credit hours and semesters of attendance.

Applicability of School Rules. Exempt school students are subject to all rules and standards of the board of education and administration as set forth in policy, handbooks or other communications, as well as the rules and directives of the building administration and teaching personnel. They must remain on the school campus during scheduled classes but must leave the school campus when not engaged in a course or course-related activity unless the course or course-activity requires their presence or the building principal approves their presence. Students who violate school policies, rules, or directives shall be subject to disciplinary procedures up to and including suspension and expulsion.

Extracurricular Sports and Activities. Students who are enrolled in a private, denominational, or parochial school may not participate in extracurricular sports and activities sponsored by the school district.

Exempt school students may only participate in extracurricular sports and activities if they are enrolled in at least 20 credit hours per semester and enrolled in the number of credit hours at this school district set out below. Exempt school students are not eligible to

participate in extracurricular sports and activities sponsored by the school district if they participate in any sport or activity sponsored by any other public, private, denominational, or parochial school. Any such students who desire to participate in extracurricular sports and activities regulated by an athletics or activities association in which this school district is a member must be enrolled in 5 credit hours in this school district to participate. Students seeking to participate in extracurricular sports and activities not regulated by such an entity may only participate if they enroll in at least 10 credit hours on a part-time basis.

All students permitted to participate in extracurricular sports and activities under this policy must also meet all other eligibility requirements set by the board, administration, and coach/sponsor prior to participating and for continued participation in the sport or activity. This includes but is not limited to rules for completing courses; up/down lists for deficient grades and/or incompletes; and all eligibility and other requirements of the Nebraska School Activities Association and any other governing bodies for the activity or sport.

Transportation. Part-time school students are not entitled to transportation or reimbursement for transportation to and from the school for class attendance purposes, unless required by law. Eligible part-time students are entitled to transportation to and from practices and extracurricular events to the same extent as the school district's full-time students, but part-time students must arrange their own transportation and arrive timely to the designated pick-up point for such transportation.

Option Enrollment. Students may not enroll on a part-time basis pursuant to the school's option enrollment program.

Option Enrollment

The board of education supports the concept embodied in the Enrollment Option Program that parents and legal guardians have the primary responsibility for ensuring that their children receive the best education possible. Accordingly, the school district will participate in the option enrollment program and receive option students as provided herein.

1. Definitions

- a. Option Student Defined.** Option student means a

nonresident student who has chosen to attend the school district under the provisions of the option enrollment program.

b. Resident School District Defined. Resident school district means the school district in which a student resides or in which the student is admitted as a resident of the school district pursuant to state law.

c. Option School District Defined. Option school district means the school district that a student chooses to attend other than his or her resident school district.

d. Elementary School Defined. Elementary school means grades K through 6.

e. Middle/High School Defined. High school means grades 7 through 12.

2. Persons Entitled to Apply for Option Enrollment of Students. Only parents and legal guardians may apply for option enrollment of students. Applications filed by foster parents and adults acting *in loco parentis* are not authorized and will be automatically denied.

3. Duties, Entitlements and Rights of Option Students. Except as otherwise provided herein, once an option student's option enrollment application has been accepted he/she shall be treated as a resident student of the school district.

4. Standards for Acceptance or Rejection of Option Students.

a. Special Education Capacity. Capacity for special education services will be determined on a case-by-case basis. If an application for option enrollment received by the school district indicates that the student has an individualized education program under the federal Individuals with Disabilities Education Act, 20 U.S.C. 1400 et seq., or has been identified as a student with a disability as defined in section 79-1118.01, the application will be evaluated by the director of special education services or the director's designee who must determine if the school district and the appropriate class, grade level, or school

building has the capacity to provide the applicant the appropriate services and accommodations. The Federal Educational Rights and Privacy Rights Act (FERPA) (20 U.S.C. § 1232g) permits the release of education records when a student seeks or intends to enroll in a different school district.

b. Numeric Capacity. The board of education may set the numeric capacity of programs, classes, grade levels, or school buildings by operation of this policy or through freestanding action by the board. Numeric Capacity will be determined based upon available staff, facilities, projected enrollment of resident students, and projected number of students with which the option school district will contract based on existing contractual arrangements. Individuals seeking information about the numeric capacity set by the board may contact the superintendent for a copy of that resolution.

c. Programmatic Capacity. In addition to the numeric capacity standards referred to above, the board may, by resolution, prior to October 15 of each school year, declare a program, a class, or a school unavailable for the next school year to option students due to lack of capacity. Individuals seeking information about the programs that have been declared to be unavailable due to lack of capacity may contact the superintendent for a copy of the board's resolution.

d. Other Standards for Acceptance or Rejection of Option Enrollment Applications. In addition to the numeric and programmatic capacity standards outlined above, the school district shall not accept an option student when acceptance of the student:

- i. Would increase the operating costs of the school district, such as by requiring the hiring of new staff or contracting with outside entities to provide services to the student;
- ii. Would require the procurement of new equipment, technology, or furnishings;
- iii. Would cause or require the rearrangement of caseloads for staff and contracted professionals;

iv. Is reasonably deemed by appropriate school staff to pose a potential risk to the health or safety of students or staff;

v. May pose a risk of adversely affecting the quality of educational services being provided to resident students, as determined by appropriate school staff.

e. Prohibited Standards. The school district shall not base the decision to accept or reject an option student on the student's previous academic achievement, athletic or other extracurricular ability, disabling condition(s), proficiency in the English language, or previous disciplinary proceedings.

f. Order of Acceptance. If there are more option student applicants for any program, class, grade level or school building than can be accepted into such program, class, grade level or school building, applicants shall be accepted in the following order:

i. students with brothers or sisters attending the school district, either as resident students or as option students, shall be granted first priority;

ii. students with a teacher that works for the district, shall be granted second priority;

iii. thereafter, option students shall be accepted into such program, class, grade level or school building in the order in which written applications were received by the school district.

g. Maximum Capacity Report. The school district will annually establish, publish, and report the capacity for each school building under the district's control pursuant to procedures, criteria, and deadlines established by the Nebraska Department of Education.

5. False or Misleading Option Applications. If, prior to the student's attendance as an option student, the school district discovers that a previously accepted option application contained

false or substantively misleading information, the option application will be rejected.

6. Academic Credits and Graduation. The school district shall accept credits toward graduation that were awarded by another school district, and shall award a diploma to an option student if the student meets the graduation requirements of the school district.

7. Information Regarding Schools, Programs, Policies and Procedures. The school district, its officers and employees, shall make information about the school district and its schools, programs, policies and procedures available to all interested people.

8. Procedure for Students Optioning Into or Out of the School District.

a. The parent or legal guardian of any student desiring to option into or out of the school district shall submit a proper and timely application to the board of education and the other affected school district for enrollment during the following and subsequent school years. Transportation

The school district will provide free transportation, partially provide free transportation, or pay an allowance for transportation in lieu of free transportation on each day school is in session to the students who reside in the district and qualify for transportation according to the district's transportation plan. The families of students who will not be provided transportation pursuant to the district's plan or who must drive students to a pick-up point will be reimbursed according to statute if they qualify for such reimbursement. Parents seeking mileage reimbursement must submit requests to the district on forms which may be obtained from the office of the Superintendent of Schools.

When a student who has been attending the district is placed into foster care, school district staff will collaborate with state and local child welfare agencies to determine whether transportation is required under state law when it is in the child's best interest that their school of origin be maintained. The district will only provide transportation to students placed in foster care when the responsible child welfare agency agrees to reimburse the school district for the cost of transportation or when transportation is otherwise required by law. The board designates the Superintendent of Schools as the initial point of contact for child welfare agency representatives to discuss transportation issues related to children in foster care.

Students who are homeless will be provided with transportation pursuant to Board Policy 5014.

The district will provide transportation to tuition students in accordance with the contract provisions, if any, for services from the contracting districts.

The use of buses for class parties, field trips, and similar purposes shall require the prior approval of the superintendent or appropriate principal.

I. Accommodations Regarding Attendance and Participation**A. Generally**

Students who anticipate deviations from their regular school experience or accrue absences due to pregnancy or parenting should notify their building principal as early as possible to discuss their educational programming. The building principal will work with the student to develop a plan to assist the student in participating in district curriculum and extra-curricular activities. Such a plan may include:

1. If the student cannot regularly attend classes, the provision of online courses;
2. The arrangement of meeting times with teachers;
3. If the student has not identified appropriate childcare, the identification of child care providers that meet statutory requirements for quality and care; and
4. All other curricular adjustments, modifications, and means of supplementing classroom attendance deemed appropriate by the school administrators including, but not limited to, modification of attendance policies.

The District will make reasonable accommodations to the District's policies, practices, and procedures as necessary to prevent sex discrimination and ensure equal access to the District's education program or activity. The District will coordinate reasonable modifications based on the student's individualized need. The District will consult with the student when determining what reasonable modifications may be appropriate, and the student has the discretion to accept or decline the reasonable modifications offered by the District.

The District will allow the student to voluntarily access any separate and comparable portion of the District's education program or activity. The District will allow the student to voluntarily take a leave of absence from the District's education program or activity to cover, at a minimum, the period of time deemed medically necessary by the student's licensed healthcare provider. Upon the student's return, the student will be reinstated to the student's academic status, and as practicable, to the extracurricular status that the student held when the voluntary leave began.

II. Accommodations Regarding Lactation and Breastfeeding

A. Accommodations

1. In order to accommodate lactating and breastfeeding students, the district will provide reasonable opportunities to express breast milk or breastfeed in a place, other than a bathroom, which is shielded

- from view and free from intrusion from district students, employees, and the public.
2. Students who wish or need to express breast milk on a regular schedule will work with school administrators to create a schedule which accommodates the student's needs while facilitating education to the maximum extent possible.
 3. The district will provide a location for students to store expressed breast milk in or near the location designated for students to express milk to create the least amount of disruption to the student's participation in class or activities.

B. Educational Process

Student Records

The school district shall manage student records and reports as is necessary for effective administration and in compliance with law. In general "student records" shall not include transitory communications such as e-mail, text messages, handwritten communication between school and home, and the like, and these items will not generally be maintained by the district. "Student records" also shall not include any records created and maintained by the district's law enforcement unit for a law enforcement purpose.

For purposes of the district's compliance with state and federal law, and subject to the limitations in the paragraph above, the district "maintains" student records which are printed and kept in the student's physical file or which school district staff have intentionally saved within the official school district digital student information system that specifically identifies the student for whom those records are maintained. The school district may also use learning management systems, which deliver and manage instructional content. The school district maintains student records within its student information system but not in its learning management system. The official school district student information system is PowerSchool.

Each building principal will assign responsibilities for the preparation and maintenance of records and will ensure compliance with the applicable federal and state laws, regulations, and record retention schedules regarding their storage and use in the building. No "student record" or record required to be retained by the Nebraska Secretary of State's Record Retention Schedules applicable to the district will be destroyed unless it is first saved in a retrievable, digital format. This includes only records required to be kept by the applicable Retention Schedules and "student records" as defined by state and federal law, and this policy does not prohibit the district from following its record expungement procedures for all other records.

Students or their parents, guardians, teachers, counselors, or school administrators shall have access to the school's files or records maintained concerning themselves or their students. For purposes of this policy, "teachers" include paraeducators and volunteers who are providing educational services to a student on behalf of the School District. A school official may access, maintain, and use education

records containing personally identifiable information (PII) when he or she has a legitimate educational interest in such. "School official" includes any agent, volunteer, or contractor performing an institutional service or function for which the school would otherwise use its own employees and who is under the school district's direct control with respect to their access to, maintenance of, and use of PII from student records. For example, a school official may include, but would not be limited to, a teacher or other educator, administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); school board member; volunteer; contractor or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, representative of the district's insurance providers, auditor, medical consultant, therapist, or a third-party website operator who has contracted with the school district or its agent to offer online programs for the benefit of students and/or the district; members of law enforcement acting on behalf of the school district; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a "legitimate educational interest" if the official needs to review an education record in order to fulfill a school-related professional, contractual, statutory, or regulatory responsibility.

All disciplinary material shall be removed and destroyed upon the pupil's graduation or after the pupil's continuous absence from the school for a period of three years, and after authorization is given by the State Records Board pursuant to state law. Upon request, the school district will disclose education records without consent to officials of another school district in which a student seeks or intends to enroll.

Outside agencies such as physicians, probation officers, psychologists, child guidance clinics, and other agencies concerned with child welfare who are working directly with a child may have access to information pertaining to that child with written parental consent or upon issuance of a valid court order.

The school district shall share student data, records, and information with school districts, educational service units, learning communities,

and the State Department of Education to the fullest extent practicable unless otherwise prohibited by law. This includes sharing information with the Department of Education necessary to comply with the requirement of state law that all third-year high school students take a college entrance exam. Any redisclosure of information related to the administration of this exam shall be governed by the agreement between the Nebraska Department of Education and the third-party testing company.

Each year, the school district will notify parents and guardians of their rights under this policy and the Family Educational Rights and Privacy Act.

Directory information does not include a student's social security number.

Upon request, the district will provide military recruiters and institutions of higher education with the names, addresses, and telephone numbers of high school students unless a student's parents have notified the district in writing that they do not want this information disclosed without their prior written consent. Military recruiters will be granted the same access to a student in a high school grade as is provided to postsecondary educational institutions or to

prospective employers of such students.

Within 30 days prior to or following the commencement of each school year and, for a new student who enrolls after the commencement of a school year, within 30 days following such enrollment, the district will notify parents and guardians each year of their rights under this policy and the Family Educational Rights and Privacy Act. Parents will be given an opportunity to prevent the release of this directory information by filing a written objection with the district.

When a student reaches 18 years of age, the permission or consent required of and the rights accorded to the parents or guardians of such student under this policy shall only be required of and accorded to such student. Within 30 days prior to or following the commencement of each school year and, for a new student who enrolls after the commencement of a school year, within 30 days following such enrollment, each school district shall notify each student who is at least 18 years of age or who will reach 18 years of age during such school year of (1) the option to make a written request to the school district that routine directory information for such student not be released in response to a request made by a military recruiter without such student's written consent and (2) that any such request made previously by a parent or guardian for such student expires upon the student reaching 18 years of age.

Parent Involvement In Education Practices

For purposes of this policy, “parent” includes a parent, guardian, or educational decisionmaker (a person designated or ordered by a court to make educational decisions on behalf of a student).

The school district recognizes the importance of parental involvement in the education of their children. To the extent practicable, the school district will make a reasonable effort to make any learning materials, including original materials, available for inspection by a parent upon request.

The school district will take the following steps to ensure that the rights of parents to participate in the education of their children are preserved.

1. Parents will be provided access to textbooks, tests, activities information; digital materials; websites or applications used for learning; training materials for teachers, administrators, and staff; procedures for the review and approval of training materials, learning materials, and activities; and other curriculum materials (“curricular materials”) as follows:

- a. A parental request to review specific curricular materials (written, visual, or audio) should be made to the principal of the building where the curricular materials are used.

- b. The building principal will assess the request and determine the allowable volume and time frame of the review to prevent disruption to the efficient operations of the district.

- c. The purpose of this provision is to allow reasonable access to the extent practicable. Individuals who make requests (a) for the purpose of adding staff burden; (b) at an unreasonable frequency or volume; or (c) for purposes inconsistent with the efficient operations of the district may be denied access to materials.

- d. A parental request to review specific standardized and criterion- referenced tests used in the district should be

made in writing to the building principal. Copies of the most recent tests used in the district will be available for parent review. Parents wishing to review statewide assessments will be provided with sample questions and a copy of a practice test, but will not be provided with copies of the actual assessment due to testing security. In the case of other secure tests such as the ACT, parents must contact the publisher to obtain copies of the test.

2. Parents will be permitted, within district procedures, to attend and observe courses, assemblies, counseling sessions, and other instructional activities.

- a. Parents are invited to make appointments with the building principal to visit classes, assemblies, and other instructional activities. The principal shall give permission after determining that parental observation would not disrupt the activity. Observations that last more than 60 minutes or occur on consecutive days are typically disruptive and will not be permitted absent unusual circumstances, in the sole discretion of the building principal.
- b. Parents may contact the building principal to request permission to attend counseling sessions in which their child is involved.

3. Parents may request that their children be excused from testing (except as provided below), classroom instruction, learning materials, activities, guest speaker events, and other school experiences ("school events") that parents find objectionable.

- a. Parents must submit this request in writing to the building principal for consideration.
- b. Building principals may excuse a student from any school events at the parent's written request if, in the principal's professional judgment, excusal from the activity would not result in diminution of the student's educational experience.

c. When the building principal determines it appropriate, alternative experiences may be provided for the student by the school.

4. Parents will be informed through the student handbook and district policies of the manner that the district will provide access to records of students.

5. Parents will be informed of the standardized and criterion-referenced district testing program. Parents may request additional information from the building principal.

6. Parents will be informed of the circumstances under which they may opt-out of state and federal assessments.

a. In accordance with federal law, at the beginning of the school year, the District shall provide notice of the right to request a copy of this policy to parents of students attending schools receiving Title I funds. The District will provide a copy of this policy to a requesting parent in a timely manner.

b. State Assessments

State and federal law simultaneously require students to take state assessments, with few exceptions, but also permit parents to request to opt their students out of these assessments. Approval of opt out requests is contrary to the mandatory testing laws, so the District cannot "approve" the request. Parents who do not present their child for testing will result in the child receiving the lowest score possible on the assessment.

c. National Assessment of Educational Progress

As a condition of receiving federal funds, the District participates in the National Assessment of Educational Progress (NAEP). To help ensure that the District has a representative sample of students taking the NAEP, which will allow the District to assess the quality and effectiveness of its programming on a national level, the District strongly encourages all eligible students to

participate. However, student participation in NAEP is voluntary.

The District shall provide parents of eligible students with reasonable notice prior to the exam being administered. Parents wishing to opt their students out of the NAEP assessment must notify the district in writing at least three days prior to the exam date to ensure that the District can coordinate supervision and alternative activities for students who have opted out.

7. Parents will be notified of their right to remove their children from surveys prior to district participation in surveys.

a. The principal must approve all surveys intended to gather information from students before they are administered to students.

b. Students' participation in surveys is voluntary. Parents may restrict their child from participating in any survey.

c. If the school administers (1) a survey requesting that students provide sexual information, mental health information, medical information, information on health-risk behaviors, religious information, information of political affiliation, or any other information that the school board deems to be sensitive in nature or (2) a non-anonymous survey requesting students provide information relating to drug, vape, alcohol, or tobacco use, the school district shall, at least fifteen days prior to the administration of the survey, notify parents, guardians, and educational decisionmakers of students that are to receive such survey. The notice will be made through the school's electronic notification system or by physical mail to the address on file for the student. The notice will describe the nature and types of questions included in the survey, the purposes and age-appropriateness of the survey, how information collected by the survey will be used, who will have access to such information, the steps that will be taken to protect student privacy, and whether and how any findings or results of such survey will be disclosed.

d. Parents have the right to: (1) request that a copy of the survey be sent through the school's electronic notification system or physical mail to the address on file for the student, (2) review the survey in person at the school, and (3) exempt their child from participating in the survey.

e. Unless required by federal or state law or regulation, school personnel administering any survey shall not disclose personally identifiable information of a child.

f. No survey requesting sexual information of a student shall be administered to any student in kindergarten through grade six.

g. The district will also comply with any survey requirements found in the district's policy on Protection of Pupil Rights.

8. The district will make this policy accessible by a prominently displayed link on its public website. Any amended policy will be made accessible within a reasonable time of its amendment.

Communicating with Parents

Parents shall be kept informed of student progress, grades, and attendance through report cards, progress reports, and parent/teacher conferences. The school district will notify parents if their students are failing or close to failing, either through communication from the school or through parental access to the district's student information system. The school district will endeavor to notify parents of failing students prior to entry of the failing grade on the student's report card. Parents will also be notified of their student's possible failure to meet graduation requirements. Other pertinent information will be communicated to parents by mail, electronic communication, telephone calls, by personal contact or other appropriate method. Official transcripts of student progress, grades, and attendance will be sent to other school systems upon the student's transfer when the district receives a written request signed by the student's parent or guardian or upon being notified that the student has enrolled in another school. By providing the school district with their telephone number(s), parents agree to receive notifications from the school district's automatic notification system.

Rights of Custodial and Non-Custodial Parents

The school district will honor the parental rights of natural and adoptive parents unless those rights have been altered by a court.

The term "custodial parent" refers to a biological or adoptive parent to whom a court has given primary physical and legal custody of a child, and a person such as a caseworker or foster parent to whom a court has given legal custody of a child.

The district will not restrict the access of custodial and non-custodial parents to their students and their students' records, unless the district has been provided a copy of a court order that unambiguously prohibits access to the records or child by either parent. If the district is provided such a court order, school officials will follow the directives set forth in the order.

The district will provide the custodial parent with routine information about his or her child, including notification of conferences. The district will not provide the non-custodial parent with such information on a routine basis, but will provide it upon the non-custodial parent's request unless it has been denied by the courts.

A non-custodial parent who wishes to attend conferences regarding his or her child will be provided information about conference times so both parents may attend a single conference. The district is not required to schedule separate conferences if both parents have been previously informed of scheduled conference times.

If either or both parents' behavior is disruptive, staff members may terminate a conference and reschedule it with appropriate modifications or expectations.

Investigations, Arrests, and Other Student Contact by Law Enforcement and Health and Human Services

The school district and its administrators and staff desire to maintain a positive working relationship with law enforcement officers and other representatives of governmental bodies in the discharge of their duties. However, this desire must be balanced against other equally important factors such as a student's legal rights, ensuring that a student's time spent in school is for education, and acknowledging that the school stands *in loco parentis* to the students.

"Law enforcement officer" means police officers, county sheriffs, state patrolmen, Health and Human Service workers, Child Protective Services workers, Office of Juvenile Services workers, probation officers, U.S. Immigration and Customs Enforcement (ICE) agents, Federal Bureau of Investigations agents, or any other government investigatory workers.

"Parent" means the biological or adoptive mother or father, guardian, responsible relative, or any other person who has claimed legal or actual charge or control of the student pursuant to Nebraska law or Title 92 Nebraska Administrative Code Chapter 19.

Law enforcement officers are encouraged whenever possible to talk to a student away from the school before or after school hours so as to cause as little disruption as possible to the student's education.

Law enforcement officers may be called to the school at the request of school administration, or they may initiate contact with the school for their own purposes. Contact between the school and law enforcement officers on matters involving students shall be made through the office of the superintendent or building principal and the law enforcement officer. All reasonable attempts should be made to avoid embarrassing the student before his or her teachers and peers, and to avoid disrupting the student's and school's education program. Any questioning by law enforcement officers that is permitted should be conducted in a private room or area where confidentiality can be maintained. This should be an area removed from observation by or contact with other pupils and school personnel.

School staff shall promptly notify the superintendent when a student is questioned, arrested, or removed from school grounds by law enforcement officers.

School Related Criminal Activity

This section applies to alleged or suspected criminal activity that occurs on school grounds; in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or by his or her designee; or at a school-sponsored activity or athletic event.

Law enforcement officers will be allowed to contact and question students at school regarding school related criminal activity as provided below.

The building principal must be notified before a student may be questioned in school or taken from a classroom by law enforcement. The building principal should request identification of the officers, their affiliation with the identified law enforcement agency, and whether their purpose is to interview, interrogate, or take custody of the student.

The building principal will make reasonable attempts to contact a student's parent for their consent and/or presence before the student is interviewed. In the event that a parent cannot be contacted after reasonable attempts, the student will be questioned only if the law enforcement officer identifies emergency circumstances requiring immediate questioning. A building principal or designee shall be present for such questioning solely to further school purposes or avoid duplication of the investigative process. The student will be brought to a private room and the contact will be made out of sight of others as much as practicable.

If the student is suspected of criminal activity, it is the responsibility of the law enforcement officer to advise a student of his or her rights against self-incrimination.

The building principal shall document steps taken to notify parents, summarize the law enforcement activities, identify the actions taken by the District on behalf of the student, and any further contacts with law enforcement officers.

Non-School Related Criminal Activity

Law enforcement officials may not question students at school unless parental consent is obtained or the law enforcement authorities have a warrant or court order.

Taking a Student into Custody

Law enforcement officers seeking custody of a student must contact the superintendent or building principal. The principal will request the arresting law enforcement officer to provide a copy of the arrest warrant, written parental consent, court order, or other document giving authority to take the student into legal custody. If there is no document presented, the principal should obtain the officer's name, badge number identifying the law enforcement agency, date, time, the reason for the arrest, and the place to which the student is reportedly being taken. Whenever practicable, the arrest or release of the student should be conducted in a location and in a manner that minimizes observation by others.

When a law enforcement officer removes a student from the school, the building principal will take immediate steps to notify the parent about the student's removal and the place to which the minor is reportedly being taken, except when a minor has been taken into custody as a victim of suspected child abuse.

Child Abuse and Neglect

When law enforcement officers seek to investigate reports of alleged child neglect or abuse regarding a student, the building principal shall obtain a proper identification from the authorities or officials. If a student interview is conducted on school grounds, the building principal or designee and such other school personnel as appropriate shall observe the interview.

If the law enforcement officer decides to remove the student from school, school officials shall provide the law enforcement authorities with the address and telephone number of the student's parent or guardian. The principal or other school official shall, as a condition of releasing the student to the law enforcement officer, require the officer to sign a statement certifying that the child is being removed from school premises because he or she is believed to be the victim of child

abuse and that the officer understands and will comply with the legal requirements of NEB. REV. STAT. § 79-294.

Student Records

Student records will be shared with law enforcement officers only as allowed by state and federal law.

Students who suffer from a significant illness which has an actual or expected duration of six months or more may be eligible for accommodations and support under Section 504 of the Rehabilitation Act or under the Individuals with Disabilities in Education Act. The school will provide accommodations to students who are returning to school after a prolonged absence due to illness, including pediatric cancer, through a 504 plan or an IEP, as appropriate. The student's plan will include informal or formal accommodations, modifications of curriculum and monitoring by medical or academic staff as determined by the student's IEP team or 504 committee. Parents and staff will engage in ongoing communication about the needs of a student who is facing these circumstances.

Students who become ill at school will be sent to the building office where the school nurse or other school employee will determine the appropriate response. When a child is too ill to remain at school, a school employee will contact the child's parent(s) and make arrangements for the child to be picked up or sent home. If an illness or injury requires immediate medical attention, school officials shall attempt to contact the child's parent(s) regarding treatment for the child. If the parents cannot be contacted, school officials may have the child treated by an available physician. Students who show symptoms of a contagious disease may be sent home, and the district may require a physician's statement before allowing such students to return to school.

Parents must complete an emergency information card for each child enrolled in the district. The card should list the family physician's name, where parents or a responsible adult can be located, and any necessary emergency instructions.

- b. Parents/guardians must provide their own written permission for the administration of the medication.
- c. The medication must be brought to school in the prescription container and must be properly labeled with the student's name, the physician's name, and directions for administering the medication.

- a. Parents/guardians must provide written permission for the administration of the medication
- b. The medication must be brought to the school in the manufacturer's container.
- c. The container must be labeled with the child's name and with directions for provision or administration of the medication

The district reserves the right to review and decline requests to administer or provide medications that are not consistent with standard pharmacological references, are prescribed in doses that exceed those recommended in standard pharmacological references,

or that could be taken in a manner that would eliminate the need for giving them during school hours. The district may request parental authorization to consult with the student's physician regarding any medication prescribed by such physician.

The District reserves the right to request immediate attire changes from students. The District will require students to adhere to uniform standards and/or wear district approved or issued uniforms in order to participate in activities.

Altering a student's appearance or removing or altering a student's attire without consent from their parent/guardian/caregiver is not allowed. Additionally, students' hair should not be permanently or temporarily altered by school personnel.

The following process applies to short-term suspension:

1. The Principal shall make a reasonable investigation of the facts and circumstances. Short-term suspension shall be imposed

- only after a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
2. Prior to commencement of the short-term suspension, the student will be given oral or written notice of the charges against the student. The student will be advised of what he or she is accused of having done, be given an explanation of the evidence the authorities have, and be given an opportunity to explain the student's version of the facts.
 3. Within 24 hours or such additional time as is reasonably necessary, not to exceed an additional 48 hours, following the suspension, the Principal will send a written statement to the student, and the student's parent or guardian, describing the student's conduct, misconduct or violation of the rule or standard and the reasons for the action taken. An opportunity will be given to the student, and the student's parent or guardian, to have a conference with the Principal ordering the short-term suspension before or at the time the student returns to school shall document such effort in writing. The Principal shall determine who, in addition to the parent or guardian, is to attend the conference.
 4. Students who are short-term suspended will be given the opportunity to complete classwork.

The process for long-term suspension is set forth below.

Expulsion

1. **Meaning of Expulsion.** Expulsion means exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred (a) within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, or (b) within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, or (c) unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period.
2. **Summer Review.** Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year. The review will be conducted by the hearing officer who conducted the initial expulsion hearing, or a hearing officer appointed by the Superintendent in the event no hearing was previously held or the initial hearing officer is no longer available or willing to serve, after the hearing officer has given notice of the review to the student and the student's parent or guardian. This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the school board or board of education or a committee took the final action to expel the student, the student may be readmitted only by action of the

board. Otherwise the student may be readmitted by action of the Superintendent.

3. **Suspension of Enforcement of an Expulsion:** Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect, and as a condition of such suspended action, the student may be assigned to a school, class, or program/plan and to such other consequences which the school district deems appropriate.
4. **Alternative School or Pre-expulsion Procedures.** The school shall either provide an alternative school, class or educational program for expelled students or shall follow the pre-expulsion procedures outlined in NEB. REV. STAT. 79-266.
5. **Conclusion of Expulsion.** At the conclusion of an expulsion, the school district will reinstate the student and accept non duplicative, grade-appropriate credits earned by the student during the term of expulsion from any Nebraska accredited institution or institution accredited by one of the six regional accrediting bodies in the United States.

Safe Pupil Transportation Plan and
Pupil Transportation Vehicle Driver Satisfactory Driving Criteria

It is the goal of the school district to provide safe, comfortable and reliable transportation for bus-riding school children.

1. Emergency Procedures

a) Mechanical breakdown

In the event of a mechanical breakdown, the driver will:

- 1)** Stop the vehicle in a safe location
- 2)** Keep passengers in the vehicle, if it is safe to do so
- 3)** Take steps to warn motorists, by activating hazard lights and placing emergency triangles
- 4)** Radio or call for assistance

b) Injuries/Medical Emergencies

If a student is seriously injured or suffers from a medical emergency, the driver will stop the vehicle at the first safe opportunity. The driver will provide emergency medical assistance in accordance with the driver's first aid training. The driver will notify the school district of the emergency using the radio or other communication equipment. The district or driver will then summon emergency medical services by immediately calling 911 and notify administrative personnel.

c) Severe Weather

1) Tornadoes.

If the driver determines that there is likelihood that a tornado will hit the vehicle, and there is not an escape route available or time to drive to a safe location, the driver will evacuate the vehicle, taking only the first aid kit. The driver will take the students to the basement of a nearby building or to the nearest depression or ditch upwind (toward the storm) of the vehicle far enough away from the vehicle so that it will not roll over on the students. The driver should instruct students to cover their heads with their arms. If the students are wearing coats or jackets, they can be used to provide additional protection for their heads and bodies. If there is no time

to evacuate the students after stopping the vehicle, the driver should have the students remain in their seats and assume a protective position with their heads below window level.

2) Winter Weather

If the school district or driver determines that a trip is too dangerous to drive due to winter weather conditions, the district will cancel the trip.

Parents should ensure that students are appropriately dressed for winter conditions.

3) Floods or Standing Water

It is generally appropriate to drive through a small or regular amount of water that has accumulated from a normal or typical rainfall. However, drivers should not drive through water on the road if: the water is moving or has a current; there is dangerous debris in the water; the driver cannot determine the depth of the water or there is a known dip in the road which would create a deeper section of water; or if there is any other water condition that the driver determines is unsafe to drive through.

d) Weapons, Hazardous Materials and Dangerous Contraband

If a driver discovers that a passenger may have a weapon, hazardous materials or other dangerous contraband on the vehicle, he or she should remain calm and call for assistance. The driver should not inform passengers of the presence of the weapon or other contraband.

e) Unattended Items on or Near Pupil Transportation Vehicle

The driver shall check for unattended items on or near the vehicle as part of the exterior and interior pre-trip inspections. If circumstances make an item suspicious (because it is out of context, makes a noise, has visible wires, placement was witnessed, was hidden, has unidentified powders or putty-like substances, etc.), the driver shall not inspect, move, or otherwise touch the item. School staff will evacuate the area, then immediately report the item to the staff member's direct supervisor, a principal, or the superintendent. If the unattended item is

not suspicious (it has the characteristics of lost or misplaced property or of discarded trash, etc.), the driver may examine the item more closely. This may include looking inside the item, attempting to identify the owner, reviewing security camera footage, or talking to those nearby, and then taking appropriate action.

f) Terroristic Threat

If a driver receives a terroristic threat that he or she deems credible, he or she will notify the school district of the threat using the radio or other communication equipment. After consulting with school officials, the driver will determine whether the threat requires evacuation of the bus. The school will promptly notify the authorities of the threat.

For purposes of this policy, a terroristic threat is a threat to commit any crime of violence or to burn or damage property with the purpose of terrorizing another or of causing the evacuation of the bus or in reckless disregard of causing such terror or inconvenience

g) Emergency Incident Reports

Drivers will provide written documentation of any of the emergency events specified in this policy by completing the incident form attached hereto. This documentation must be submitted to the school administration within 24 hours of the event.

2. Drop-off

Drivers will drop students off at a location pre-determined through communication between the school district and parents/guardians. In the event the drop-off location is uncertain or appears to be unsafe, the driver will communicate with school staff in the building to seek additional guidance.

In no event will a driver drop a student off in a location which in the reasonable judgment of the driver appears to be unsafe. Drivers who believe the drop-off location to be unsafe shall release students directly into the custody of a parent/guardian or shall return students to their school building.

3. Evacuation of Students With Disabilities

The transportation supervisor, in consultation with bus drivers and members of the administrative team, shall develop a written emergency evacuation plan for each bus route. The plan shall include an assessment of each student's ability to evacuate himself or herself as well as his or her ability to assist others. Disabled students should practice their evacuation skills as required of their non-disabled peers if possible during evacuation drills. Students or other individuals who will be assisting disabled students evacuate during emergencies should practice this skill during evacuation drills. Drivers or students who will be assisting with the evacuation process should be familiar with any equipment on the bus that would aid in the actual evacuation.

4. Student Behavior on School Vehicles

Riding school vehicles is a privilege, not a right. Students must comply with the following rules and all school conduct rules and directives while riding in school vehicles. In addition, students must also comply with the student code of conduct while riding in school vehicles.

a) Rules of Conduct on School Vehicles:

- 1)** Students must obey the driver promptly.
- 2)** Students must wait in a safe place for the bus to arrive, clear of traffic and away from where the vehicle stops.

6. Satisfactory Driving Criteria.

The superintendent or designee shall annually review every pupil transportation vehicle driver's Nebraska Department of Motor Vehicles driving record before such a driver operates a pupil transportation vehicle.

The superintendent designee has the discretion to prohibit school personnel from driving a school vehicle for a citation or arrest for any offense or reason. The superintendent or designee will make the final determination about the ability of an individual to serve as a pupil vehicle transportation driver.

Pupil vehicle transportation drivers must inform the superintendent or designee of any citation or conviction related to their driving within 24 hours of its occurrence or at the beginning of the next school day, whichever is earlier.

7. Emergency Evacuation Drill Procedures for Students Who Ride in Small Vehicles.

For purposes of this policy, "small vehicle" shall have the same meaning as in Rule 91 from the Nebraska Department of Education.

In a small vehicle accident or emergency situation, the driver must use his or her best judgment to decide what action shall be taken. The primary responsibility is pupil safety. In an emergency it may be necessary that the vehicle be evacuated.

Students who are transported in a Small Vehicle shall be instructed in safe riding practices and participate in emergency evacuation drills at least twice during each school year. These drills shall be conducted in an appropriate location.

Drills shall be conducted to address each of the following reasons that an emergency evacuation may be required:

- The vehicle is on fire, in danger of catching fire, or is close to an existing fire or highly combustible material. Passengers shall be evacuated at least 100 feet or more upwind from the vehicle.
- The vehicle is stopped at an unsafe location and unable to move. The driver shall use his or her judgment regarding the need to evacuate and the distance of the evacuation.
- The vehicle's final stopping position: is in the path of any train or adjacent to railroad tracks; could change and increase danger; or is such that there is danger of collision. The driver shall evacuate the vehicle and use his or her judgment regarding the distance of the evacuation.

The safety of students is of utmost importance and must be given first consideration. Absent extenuating circumstance, the driver will place the transmission in park, activate the

hazard warning lights, set the emergency brake, turn the ignition off, and remove the ignition key prior to evacuation.

If possible, students should exit the vehicle on the side away from any roadway.

During an evacuation, students should generally be led to a safe place at least 100 feet off the road in the direction of oncoming traffic. If there is a risk from spilled hazardous materials, lead the students upwind of the vehicle at least 300 feet.

After evacuation, the driver should address any injured students and call 911, law enforcement, or other authorities or service providers as the situation dictates. The driver shall then promptly inform the school district about the emergency situation.

Drivers shall not leave the scene until appropriate transportation arrangements have been made for all students and he/she has been instructed by a member of the administrative team that he/she may leave.

The school may select, train, and prepare students to assist in evacuation in the event that the driver is incapacitated or otherwise unable to direct the evacuation. Such training can include, but need not be limited to, turning off ignition switches; setting emergency brakes; summoning help; using windows for evacuation in emergencies; setting flags and reflectors or reflective triangles; directing the evacuation; and training with evacuation equipment.

Evacuation of Students with Disabilities

Drivers should assess each student's ability to evacuate himself or herself from a Small Vehicle as well as his or her ability to assist others. Disabled students should practice their evacuation skills as required of their non-disabled peers if possible during evacuation drills. Students or other individuals who will be assisting disabled students evacuate during emergencies should practice this skill during evacuation drills. Drivers or students who will be assisting with the evacuation process should be familiar with any

specialized equipment in the vehicle and used by disabled students that would aid in the actual evacuation.

Emergency Equipment. Emergency equipment may include first aid kits, fire extinguishers, reflectors, flags, vehicle hazard lights, and other similar equipment. Drivers and students (as appropriate) should be made familiar with the purpose and use of this equipment during drills.

Student Bullying

Definition of Bullying. Nebraska statute defines bullying as “an ongoing pattern of physical, verbal or electronic abuse.” The Centers for Disease Control and Prevention defines bullying as “any unwanted aggressive behavior(s) by another youth or group of youths who are not siblings or current dating partners that involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated.” The school district’s administrators will consider these definitions when determining whether any specific situation constitutes bullying. These definitions include both in-person and cyberbullying behaviors.

Bullying Prohibited. Students are prohibited from engaging in any form of bullying behavior.

Reporting Bullying. Students who experience or observe bullying behavior must immediately report what happened to a teacher or administrator.

Students may always confer with their parents or guardians about bullying they experience or witness, but the students must also ultimately report the situation to a teacher or administrator.

Bullying Investigations. School district staff will investigate allegations of bullying using the same practices and procedures that the district observes for student disciplinary matters. In no circumstance will school district staff be deliberately indifferent to allegations of bullying.

Disciplinary Consequences. The disciplinary consequences for bullying behavior will depend on the frequency, duration, severity and effect of the behavior.

A student who engages in bullying behavior on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or his or her designee, or at school- sponsored activities or school-sponsored athletic events may be subject to disciplinary consequences including but not limited to long-term suspension, expulsion, or mandatory reassignment.

Without limiting the foregoing, a student who engages in bullying behavior that materially and substantially interferes with or disrupts

the educational environment, the district's day-to-day operations, or the education process, regardless of where the student is at the time of engaging in the bullying behavior, may be subject to discipline to the extent permitted by law.

Bullying Based on Protected Class Status. Bullying based on protected class status is unique and may require additional investigation. The appropriate district staff member or coordinator will promptly investigate bullying complaints that violate the district's anti discrimination policies.

Support for Students Who Have Experienced Bullying. Regardless of where the bullying occurred, the district will consider whether victims of bullying are suffering an adverse educational impact and, if appropriate, will refer those students to the district's student assistance team.

Bullying Prevention and Education. Students and parents are encouraged to inform teachers or administrators orally or in writing about bullying behavior or suspected bullying behavior. School employees are required to inform the administrator of all such reports. The appropriate administrator shall promptly investigate all such reports. Each building shall engage in activities which educate students about bullying, bullying prevention and digital citizenship.

Policy Review. The school district shall review this policy annually.

A child must reach the age of five on or before July 31st of the calendar year to be enrolled in kindergarten. - (a) the child attended kindergarten in another jurisdiction in the current school year; or
- (b) the family anticipates relocating to another jurisdiction that would allow admission within the current year; or
- (c) the child has demonstrated through recognized assessment procedures approved by the board that he or she is capable of performing the work of kindergarten.

For early admittance to kindergarten a developmental screener will be used to assess the child's developmental readiness for school. A developmental assessment, such as Developmental Assessment of Young Children - 2nd Edition (DAY-C) will be used to assess student readiness.

Free Expression by Students

The board of education recognizes that students do not shed their constitutional rights at the schoolhouse gate. However, the board of education is responsible for balancing those rights against its responsibility to provide a program of education for students in this district. The board is authorized to preserve order so that the system may function properly.

Students may not engage in any expressive conduct that causes a material and substantial disruption to the educational program; that is lewd, obscene, profane, defamatory, threatening or contains "fighting words;" that advocates the use of substances that are illegal to minors; that incites violence or constitutes a "true threat;" or that urges the violation of law or school rules. Violators will be disciplined in accordance with law and board policy.

District Title I Parent and Family Engagement Policy

The school district will jointly develop with parents a School-Parent-Student Compact that outlines how the parents, school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the State's high standards.

The written District Parent and Family Engagement Policy will be jointly developed and distributed to parents and family members of participating children and the local community in an understandable format and to the extent practicable, in a language the parents can understand. An annual evaluation of the content and effectiveness of the Parent and Family Engagement Policy will be used to design evidence-based strategies for more effective parental involvement, to revise the Parent and Family Engagement Policy and to remove barriers to participation.

The school district recognizes the unique needs of students who are being served in its Title I program, and the importance of parent and family engagement in the Title I program. Parent and family engagement in the Title I Program shall include, but is not limited to:

1. An annual meeting to which all parents of participating children will be invited to inform parents of their school's participation under this part, to explain the requirements of this part, and the right of the parents to be involved. Invitations may take the form of notes sent with students or announcements in the school newsletter. Additional meetings may be scheduled, based upon need and interest for such meetings.
2. An explanation of the details for the child's and parents' participation, including but not limited to: curriculum objectives, the forms of academic assessment used to measure student progress and the achievement levels of the challenging State academic standards, type and extent of participation, parental input in educational decisions, coordination and integration with other Federal, State, and district programs, and evaluations of progress.
3. Opportunities for participation in parent involvement activities such as training to help parents work with their children and

improve achievement. A goal of parent activities is to provide parents with opportunities to participate in decisions relating to the education of their students, where appropriate.

4. The district will, to the extent practicable, provide parents of limited English proficiency, parents with disabilities, parents with limited literacy, are economically disadvantaged, are of a racial or minority background or parents of migratory children with opportunities for involvement in the Title I Program. Communication to parents about student progress and the district's other Title I Program communications will be provided in the language used in the home to the extent practicable. Responses to parent concerns will be provided in a timely manner.
5. Opportunities for parent-teacher conferences, in addition to those regularly scheduled by the school district, if requested by the parents or as deemed necessary by school district staff.
6. The district will coordinate and integrate parental involvement programs and activities with other programs in the community. These may include cooperation with other community programs such as Head Start and preschools and other community services such as the public library.
7. Educate teachers, specialized instructional support personnel, principals, and other school leaders, with the assistance of parents in the value and utility of contributions of parents, how to reach out to, communicate with and work with parents as equal partners.

This policy shall be reviewed annually at the annual meeting where concerned parties can have a conversation about possible changes to the Parent and Family Engagement Policy.

Early Graduation

General Policy. Students most effectively obtain the skills and experience necessary to graduate from high school by completing grades 9 through 12 over the course of 4 years. Unless otherwise permitted by Board policy or other applicable law, students must finish all 4 grade levels in order to graduate.

Requirements for Application. In unique circumstances, the Board may waive the four-year attendance requirement for high school graduation, provided that the student has met the requirements of this policy.

Students must make an application to the high school principal before they may seek permission to graduate early from the Board. The principal may consult with appropriate instructional and guidance staff members in making the determination. The student's application must include:

1. Proof that the student will meet all academic requirements necessary to graduate on or before the proposed graduation date;
2. A transcript showing that the student has no grade lower than "C" in any required course at the time of application;
3. A detailed essay that (a) addresses the reasons for seeking early graduation and (b) articulates the student's post-graduation plans, including goals and objectives justifying the need to graduate early; and
4. A letter from a parent/guardian supporting the application.

The student may submit any additional materials which support the student's efforts to graduate early. Such materials may include, but are not required to include: letters of support from staff and community members; proof of admission in a postsecondary program; and/or any other materials which the student believes to support the student's application.

Consideration by the Board of Education. The principal will make a written recommendation to the Board based on the submitted application from the student. The Board will consider but is not bound by the principal's recommendation. Along with the application, the Board may consult with members of the administration, staff, or anyone else the Board deems appropriate. The Board will grant a student's application only if it determines that the student is best served by permitting the student to graduate early.

Participation in District Activities. Early graduates will be considered graduates of the district at the time the Board confers such status upon them. Therefore, early graduates will no longer be considered members of the student body and will forfeit those rights and privileges accorded such students.

Temporary placement may be made until a student's records are received to verify the placement.

Elementary Level Students

The appropriate level of placement for elementary level students may be determined by, but not limited to, consideration of the following information:

- Chronological age
- Previous public school or private school experience
- Diagnostic test data
- Achievement test data
- Criterion-referenced test data

Secondary Level Students

The appropriate level of placement for secondary students may be determined by, but not limited to, consideration of the following information:

- Chronological age
- Previous public school or private school experience and transcript
- Standardized achievement test data
- Criterion-referenced test data
- Final examination test data
- Diagnostic test data

The district will accept credits toward graduation that were awarded by an accredited school district and which, in the professional judgment of the administrative team, are sufficiently rigorous and comparable to the district's offered courses of study. A student transferring into the school district in grades 9-12 will be responsible for meeting all graduation requirements in order to be awarded a diploma from the district.

Students who transfer from an exempt (home) school and/or a non-accredited school may be awarded credits to be counted toward high school graduation requirements at the discretion of the building principal in consultation with the superintendent of schools. Teachers may teach or lead discussions about controversial issues if they comply with the following criteria contained in this policy. Controversial issues may be questions, subjects, or problems which can create a difference of opinion. They can include issues which may have political, social, environmental, or personal impacts on pupils and/or the wider community: locally, nationally, or internationally. Often they have no easy answer, in part, because solutions may be based on an individual's personal values and beliefs.

1. The issues discussed must be relevant to the curriculum and be part of a planned educational program.
2. Students must have free access to appropriate materials and information for analysis and evaluation of the issues.
3. The teacher must encourage students to consider and discuss a variety of viewpoints.
4. The topic and materials used must be within the range, knowledge, maturity, and competence of the students.
5. Prior to instruction, the teacher shall discuss potentially sensitive, controversial material with the principal to determine if communication with parents is necessary.
6. The teacher must keep detailed, documentary evidence to prove that both sides and/or all facts available were presented.
7. Teachers must refrain from advocating partisan causes, sectarian religious views, or selfish propaganda of any kind through any classroom or a school device. However, a teacher shall not be prohibited from expressing a personal opinion as long as the student is encouraged to reach his/her own decision independently.

Teachers who are unsure of their obligations under this policy must confer with their principal prior to discussing controversial issues in the classroom.

This report must be submitted to the district within 45 days after the conclusion of the evaluation.
7. Evaluations must meet the then-current state standards for reliability, research-based processes, and educational or professional best practices.
8. Reimbursement to any evaluator chosen in conformance with this policy shall not exceed the cost that would be charged by the school district's contracted providers for the same or substantially similar evaluation.

All special education evaluations, including those independently obtained at the district's expense, must be obtained in a manner consistent with the criteria set forth above, unless state or federal law requires waiver of one or more criteria in order to accommodate unique circumstances.

Student Cell Phone and Other Electronic Devices

Students may use cell phones or other electronic devices while at school, so long as they do so safely, responsibly and respectfully and comply with all other school rules while using these devices.

By bringing their cell phones and other electronic communication devices to school, students consent to the search of said devices by school staff when permitted by law.

Students may not have cell phones or electronic devices on while they are in locker rooms, restrooms, or any other area in which others may have a reasonable expectation of privacy.

The taking, disseminating, transferring, or sharing of obscene, pornographic, lewd, or otherwise illegal images or photographs, whether by electronic data transfer or otherwise (including things like texting, sexting, emailing, etc.) may constitute a crime under state and/or federal law. Any person engaged in these activities while on school grounds, in a school vehicle or at a school activity will be subject to the disciplinary procedures of the student code of conduct.

While on school property, at a school activity, or in a school vehicle, students may not use their cell phones or electronic devices to bully, harass, or intimidate any other person as governed by the student code of conduct.

Students shall be personally and solely responsible for the security of their electronic devices. The district is not responsible for theft, loss or damage of any electronic device, including any calls or downloads.

Students who violate this policy may have their cell phones or electronic devices confiscated immediately. The administration will return confiscated devices to the parent or guardian of the offending student, after meeting with the parent or guardian to discuss the rule violation. Students who violate this policy may, at the discretion of the school's administration, be subject to additional discipline, up to and including suspension or expulsion.

Students are prohibited from using cellular phones or other electronic devices while at school, except as provided in this policy or as deemed appropriate by a student's education team.

Students may use cell phones or other electronic devices on school sidewalks and in the common areas of the school before and after school, during passing periods, and during lunch so long as they do not create a distraction or a disruption and comply with all other policies and handbook provisions.

By bringing their cell phones and other electronic communication devices to school, students consent to the search of said devices by school staff when the staff determines that such a search is reasonable or necessary.

Students may not have cell phones or electronic devices while they are in locker rooms, classrooms, or restrooms. During school hours student cell phones or electronic devices must remain in lockers, backpacks, or be locked in a personal vehicle. Students may use cell phones or other technology in classrooms only with the express permission of the classroom teacher.

Students are strictly prohibited from sending, sharing, viewing, or possessing pictures, text messages, emails or other material of a sexual nature in electronic or any other form on a computer, cell phone, or other electronic device while at school. Students who possess prohibited material on their cell phone or other electronic device while at school shall be subject to disciplinary consequences as articulated by the student handbook.

Students may not use cell phones or electronic communication devices while riding in school vehicles, including listening to music, unless they have permission to do so from the driver or other adult responsible for their supervision.

Students shall be personally and solely responsible for the security of their cell phones and pagers. The district is not responsible for theft, loss or damage of a cell phone or any calls made on a cell phone.

Students who violate this policy or other school rules will have their cell phones or electronic devices confiscated immediately. The administration will return confiscated devices to the parent or guardian of the offending student, after discussing the rule violation with the student and parent or guardian. Students who violate this policy may, at the discretion of the school's administration, be subject to additional discipline, up to and including suspension or expulsion.

Field Trips

The board encourages instructional staff to incorporate field trips into the curriculum. These trips should normally be conducted during the school day.

1. General Conditions

All trips must be pre-approved by the teacher's building principal. Out-of-state and overnight trips require pre-approval by the board. The superintendent and principals will develop guidelines for approval of trips and communicate those guidelines to teaching staff.

2. Parental Permission

Each student must submit a signed parental permission slip prior to being allowed to attend a field trip. A new permission slip must be submitted for each trip. Caregivers, as that term is defined in the Nebraska Strengthening Families Act, shall be permitted to sign parental permission slips.

3. Supervision

Sponsoring teachers must ensure that students are adequately supervised and chaperoned by a responsible adult at all times during field trips. Whether paid staff or volunteers, chaperones are prohibited from drinking alcoholic beverages of any kind at any time during any field trip. All chaperones must be at least 21 years of age. Any chaperone who drives students must possess a valid driver's license. Chaperones who drive students in private vehicles must possess adequate insurance coverage. Chaperones do not have any property right in or to a chaperone assignment. The school district may deny or terminate a chaperone assignment for any reason that is not unconstitutional or unlawful. The superintendent's decision shall be final.

4. Student Conduct

Emergency Exclusion

Grounds for Emergency Exclusion. Any student may be excluded from school in the following circumstances subject to the procedural provisions governing short term suspension found elsewhere in these policies or state law:

- (a) If the student has a dangerous communicable disease transmissible through normal school contacts and poses an imminent threat to the health or safety of the school community; or
- (b) If the student's conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.

Any emergency exclusion shall be based upon a clear factual situation warranting it and shall last no longer than is necessary to avoid the dangers that prompted the exclusion.

Extension of Exclusion. Pursuant to the Student Discipline Act, the principal has the authority to exclude a student from school for up to five school days on an emergency basis. If the superintendent or superintendent's designee determines that it is appropriate to consider the extension of an exclusion beyond five days, such consideration shall be made according to the procedures set forth below.

Notification of Student's Parent(s) or Guardian(s). The superintendent or the superintendent's designee shall notify the student's parent(s) or guardian(s) that the principal has proposed the extension of the exclusion. If the initial notice is oral, the superintendent shall confirm it in writing. The notice shall include a recommended hearing examiner and an alternate hearing examiner for consideration by the parent(s) or guardian(s) if a hearing is requested.

Opportunity to Request a Hearing. The student's parent(s) or guardian(s) may submit an oral request for a hearing on the proposed extension of the exclusion within one school day of receiving the notice of the proposed extension.

Failure to Request a Hearing. If the parent(s) or guardian(s) do not request a hearing within one school day of receiving oral or written notice, the proposed extension of the exclusion shall automatically go into effect.

Appointment and Qualifications of a Hearing Examiner. The parent(s) or guardian(s) shall notify the superintendent within one school day of receiving notice of the recommended extension and proposed hearing examiner and alternate hearing examiner if the alternate hearing examiner is preferred.

Hearing Examiner's Notice to Parent(s) or Guardian(s). The hearing examiner shall promptly give written notice of the time, date and place of the hearing. The hearing will be held within ten school days after the initial date of exclusion; provided, the hearing may be held more than five school days after receipt of the request upon a showing of good cause. No hearing will be held on less than two (2) school days' notice unless otherwise agreed to by the student's parent(s) or guardian(s) and school officials.

Continued Exclusion. If a hearing is requested, the principal may determine in his or her sole discretion that the student shall remain excluded from school until the hearing officer makes a recommendation to the superintendent.

Examination of Student's Records and Affidavits. Prior to the hearing, the student and his/her parent(s) or guardian(s) shall have the right to examine and have school officials explain the student's records and any affidavits that will be used by school officials at the hearing.

Attendance at Hearing. The hearing may be attended by the hearing examiner, the principal (or designee), the student, and the student's parent(s) or guardian(s). The student may be represented at this hearing by a representative of the family's choice.

Student's Witness(es). The student and his/her parent(s) or guardian(s) may ask any person with knowledge of the events leading up to the sanction or with general knowledge of the student's character to testify on behalf of the student. If school personnel or other students are requested to testify by the student's parent(s) or guardian(s), the hearing officer shall endeavor to help obtain the presence of such witnesses at the hearing.

Right to Know Issues and Nature of Testimony. The student and his/her parent(s) or guardian(s) have the right to request in advance of the hearing the issues which the administration will propose in support of the extension, and the general nature of the testimony of any administrative or expert witnesses.

Presence of Students and Witnesses at the Hearing. The student and witnesses may be excluded at the discretion of the hearing examiner in accordance with state statutes. The student may speak in his/her own defense and may be questioned on such testimony, but may choose not to testify. The school district shall make available to testify at the hearing any employee who is a witness to the matter upon request from the parent(s) or guardian(s).

Sworn or Affirmed Testimony. The principal or his or her designee shall present evidence supporting the recommended extension. Witnesses will give testimony under oath of affirmation, and may be questioned.

Hearing Examiner's Report and Recommendations. The hearing examiner shall prepare a report of his or her findings and recommendations, and forward the report to the superintendent.

Superintendent's Decision. The superintendent will review the hearing examiner's report and determine whether to extend the exclusion. He or she shall have the decision delivered or sent by registered or certified mail to the student, student's parent(s), or guardian(s). If the superintendent decides to extend the exclusion, the extension will take effect immediately.

Restraint and Seclusion of Students

Restraint and seclusion, as defined below, are behavioral interventions. The use of such behavioral interventions must be in accordance with this policy. The following interventions do not constitute seclusion and restraint, and are not governed by this policy: voice control, limited to loud, firm commands; time-limited ignoring of specific behaviors; brief physical prompts to interrupt or prevent a specific behavior; physical interventions which a student's health care provider has indicated are medically necessary for the treatment or protection of the individual; or other similar interventions.

Definitions

Physical restraint refers to a personal restriction that immobilizes or reduces the ability of a student to move his or her torso, arms, legs, or head freely. The term physical restraint does not include a physical escort. Physical escort means a temporary touching or holding of the hand, wrist, arm, shoulder or back for the purpose of inducing a student who is acting out to walk to a safe location. Physical restraint does not include incidental touching that comes along with movement inside a classroom, lunch line, or other areas of the school building where maintaining order is required.

Mechanical restraint refers to the use of any device or equipment to restrict a student's freedom of movement. The term does not include devices implemented by trained school personnel, or utilized by a student that have been prescribed by an appropriate medical or related services professional and are used for the specific and approved purposes for which such devices were designed, such as:

- Adaptive devices or mechanical supports used to achieve proper body position, balance, or alignment to allow greater freedom of mobility than would be possible without the use of such devices or mechanical supports;
- Vehicle safety restraints when used as intended during the transport of a student in a moving vehicle;
- Restraints for medical immobilization; or
- Orthopedically prescribed devices that permit a student to participate in activities without risk of harm.

Chemical restraint refers to the administration of medication for the purpose of restraint, but does not include the administration of medication in accordance with the directions and prescription of a physician with the consent of the student's parent or guardian.

Seclusion refers to the involuntary confinement of a student alone in a room or area from which the student is physically prevented from leaving. It does not include a timeout, which is a behavior management technique that is part of an approved program, involves the monitored separation of the student in a non-locked setting, and is implemented for the purpose of calming.

[Use of Restraint and Seclusion](#)

The use of chemical restraint is strictly prohibited. The use of any seclusion or restraint intervention for punitive or disciplinary purposes is strictly prohibited. Similarly, the use of any technique that constitutes corporal punishment, which is the infliction of bodily pain as a penalty for disapproved behavior, is strictly prohibited. Seclusion and/or restraint shall not be used for the convenience of staff or as a substitute for an educational program. When restraint or seclusion is used to respond to the danger of harm posed by a student's behavior, the intervention shall be discontinued as soon as the danger of harm has dissipated.

The use of mechanical restraint is strictly prohibited. The use of physical restraint and seclusion is permitted in a manner consistent with this policy as reasonably necessary where the student's behavior risks causing physical harm to self or other

Procedures

No technique shall restrict a student's breathing, deprive a student of basic needs, or unnecessarily expose a student to physical pain or discomfort.

Seclusion shall not be used for students who are severely self-injurious or suicidal. When seclusion is utilized as permitted by this policy, the following procedures shall be followed:

- The student shall be monitored by an adult in close proximity who is able to regularly observe the student;
- The confining space shall be approved for such use, unless the use of such a space is impossible or impracticable under the circumstances;
- The confining space shall be appropriately lighted, ventilated, and heated or cooled; *and*
- The confining space shall be free from objects that unreasonably expose the student or others to harm.

If a pattern of behavior emerges that requires or is anticipated to require the use of restraint and/or seclusion for the student, the appropriate educators and/or team members shall review what assessments, evaluations, supports, services, programs, or placements are appropriate in light of the student's needs and circumstances.

Recording and Reporting

Each incident of restraint or seclusion must be recorded and reported as required by the building administrators.

Training

All staff members shall be provided notice of this policy and will be trained on its contents. The Superintendent or his or her designee will identify school staff members likely to implement the restraint or seclusion interventions authorized by this policy and arrange for those individuals to receive appropriate training on the appropriate implementation of such interventions and the use of other behavioral supports and interventions.

Concussion Awareness

The Nebraska Unicameral has found that concussions are one of the “most commonly reported injuries in children and adolescents who participate in sports and recreational activities and that the risk of catastrophic injury or death is significant when a concussion or brain injury is not properly evaluated and managed.”

The School District will:

- a. Require all coaches and trainers to complete a training course approved by the Chief Medical Officer on how to recognize the symptoms of a concussion or brain injury and how to seek proper medical treatment for a concussion or brain injury.
- b. On an annual basis provide concussion and brain injury information to students and their parent(s) or guardian(s) prior to such students initiating practice or competition. This information will include:
 - 1 The signs and symptoms of a concussion;
 - 2 The risks posed by sustaining a concussion; and
 - 3 The actions a student should take in response to sustaining a concussion, including the notification of his or her coaches.

A student who participates on a school athletic team must be removed from a practice or game when he/she is reasonably suspected of having sustained a concussion or brain injury in such practice or game after observation by a coach or a licensed health care professional who is professionally affiliated with or contracted by the school. The student will not be permitted to participate in any school supervised team athletic activities involving physical exertion, including practices or games, until the student:

- a. has been evaluated by a licensed health care professional;
- b. has received written and signed clearance to resume participation in athletic activities from the licensed health care professional; and

- c. has submitted the written and signed clearance to resume participation in athletic activities to the school accompanied by written permission to resume participation from the student's parent or guardian.

If a student is reasonably suspected after observation of having sustained a concussion or brain injury and is removed from an athletic activity, the parent or guardian of the student will be notified by the school of:

- a. the date and approximate time of the injury suffered by the student,
- b. the signs and symptoms of a concussion or brain injury that were observed, and
- c. any actions taken to treat the student.

The school district will not provide for the presence of a licensed health care professional at any practice or game.

School officials shall deem the signature of an individual who represents that he/she is a licensed health care professional on a written clearance to resume participation that is provided to the school to be conclusive and reliable evidence that the individual who signed the clearance is a licensed health care professional. The school will not take any additional or independent steps to verify the individual's qualifications.

Students who have sustained a concussion and returned to school may need informal or formal accommodations, modifications of curriculum, and monitoring by medical or academic staff until the student is fully recovered. The school's "return to learn protocol" shall follow the model provided by the Nebraska Department of Education. Nothing in this policy or the referenced protocol shall entitle a student who has sustained a concussion to an individualized plan under Section 504 of the Rehabilitation Act, although staff will refer students who have sustained a concussion for evaluation under Section 504 as appropriate.

Reading Instruction and Intervention Services

The purpose of this policy is to facilitate reading instruction and intervention services to address student reading needs, including, but not limited to, dyslexia. It is the school district's goal that each student be able to read at or above grade level by third grade.

Effective Reading Teachers. It is the intent of the school district to employ teachers for kindergarten through third grade who are effective reading teachers as evidenced by (a) evaluations based on classroom observations and student improvement on reading assessments or (b) specialized training in reading improvement.

Reading Assessment. Beginning in 2019-20, the school district will administer a reading assessment approved by the Nebraska Department of Education three times during the school year to all students in kindergarten through third grade. Exceptions to this requirement include:

- Any student receiving specialized instruction for limited English proficiency who has been receiving such instruction for less than two years;
- Any student receiving special education services for whom such assessment would conflict with the individualized education plan; and
- Any student receiving services under a plan pursuant to the requirements of section 504 of the federal Rehabilitation Act of 1973, 29 U.S.C. 794, or Title II of the federal Americans with Disabilities Act of 1990, 42 U.S.C. 12131 to 12165, as such acts and sections existed on January 1, 2018, for whom such assessment would conflict with such section 504 or Title II plan.

The first assessment must occur within the first 30 days of the school year.

Diagnostic assessments used within a supplemental reading intervention program do not require Nebraska Department of Education approval.

Deficiency Identification. Any student in kindergarten through third grade performing below the threshold level as determined by the Nebraska Department of Education shall be identified as having a reading deficiency for purposes of the Nebraska Reading Improvement Act and this policy. A student who is identified as having a reading deficiency shall remain identified as having a reading deficiency until the student performs at or above the threshold level on an approved reading assessment. Nothing in the Nebraska Reading Improvement Act or this policy shall prohibit a school district from identifying any other student as having a reading deficiency.

Supplemental Reading Intervention Program. The school district will provide a supplemental reading intervention program to ensure that students can read at or above grade level at the end of third grade. The school district may work collaboratively with a reading specialist at the Nebraska Department of Education, with educational service units, with learning communities, or through interlocal agreements to develop and provide such supplemental reading intervention programs. Each supplemental reading intervention program must:

- Be provided to any student identified as having a reading deficiency;
- Be implemented during regular school hours in addition to regularly scheduled reading instruction unless otherwise agreed to by a parent or guardian; and
- Make available a summer reading program each summer for any student who has been enrolled in grade one or higher and is identified as continuing to have a reading deficiency at the conclusion of the school year preceding such summer reading program. The summer reading program may be held in conjunction with existing summer programs in the school district or in a community reading program not affiliated with the school district or may be offered online.

The supplemental reading intervention program may also include:

- Reading intervention techniques that are based on scientific research and best practices;
- Diagnostic assessments to frequently monitor student progress throughout the school year and adjust instruction accordingly;
- Intensive intervention using strategies selected from the following list to match the weaknesses identified in the diagnostic assessment:
 - o Development in phonemic awareness, phonics, fluency, vocabulary, and reading comprehension;
 - o Explicit and systematic instruction with detailed explanations, extensive opportunities for guided practice, and opportunities for error corrections and feedback; or
 - o Daily targeted individual or small-group reading intervention based on student needs as determined by diagnostic assessment data subject to planned extracurricular school activities;
- Strategies and resources to assist with reading skills at home, including parent-training workshops and suggestions for parent-guided home reading; or
- Access to before-school or after-school supplemental reading intervention with a teacher or tutor who has specialized training in reading intervention.

Parent/Guardian Notification. The school will give notice in writing or by electronic communication to the parent(s) or guardian(s) of any student identified as having a reading deficiency within 15 working days of such identification that the student has been identified as having a reading deficiency and that an individual reading improvement plan will be established and shared with the parents or guardians.

Reading Improvement Plan. Any student who is identified as having a reading deficiency will receive an individual reading improvement plan no later than 30 days after the identification of the reading deficiency. The reading improvement plan may be created by the teacher, the principal, other pertinent school personnel, and the parents or guardians of the student and shall describe the reading intervention services the student will receive through the supplemental reading intervention program to remedy the reading deficiency. The student must receive reading intervention services through the supplemental reading intervention program until the student is no longer identified as having a reading deficiency.

Reading Progress. Each student in kindergarten through third grade and his or her parent(s) or guardian(s) will be informed of the student's reading progress within a reasonable time after the school district receives the results from the student's approved reading assessment.

NDE Professional Learning System. The Nebraska Department of Education provides a professional learning system. The elementary school(s) and early childhood education programs approved by the State Board of Education will ensure that teachers who teach children from four years of age through third grade are aware of the professional learning system and are adequately trained regarding evidence-based reading instruction to effectively instruct students in reading.

NDE Report. On or before July 1 of each year, the school district will provide the required information relating to dyslexia to the Nebraska Department of Education.

Artificial Intelligence

As used in this policy, artificial intelligence tools (“AI Tools”) mean machine-based resources that use computer science, algorithms, large language models, and/or machine learning to perform tasks, answer questions, collect information, and respond to human-directed tasks, queries, and objectives. AI Tools include, but are not necessarily limited to, commercially-available resources like ChaptGPT, Google Bard, and other chatbots.

The board recognizes that among other resources, when properly used, AI Tools may provide valuable source information to students and teachers in relation to the district’s academic curriculum and assignments. Student use of AI Tools should focus on using such tools as a resource and for background material, rather than using the AI Tools to complete the assignment. Therefore, AI Tools may only be used by students in accordance with the following requirements:

1. Unless an individual teacher affirmatively communicates to students that AI Tools may be used for a specific assignment, then AI Tools may not be used. Individual teachers will decide for each individual assignment the extent to which students may use AI Tools for such assignment. Teachers are encouraged to make such a decision in advance of students being given the individual assignment in question.
2. Teachers will communicate to all students responsible for completing an assignment the extent to which such students may use AI Tools in connection with such assignment. Teachers will endeavor to include in such communications examples of permissible and impermissible uses of AI Tools.
3. If a student uses any AI Tools in connection with a school assignment, the student must comply with the following:
 - a. The student must explicitly disclose to the teacher in writing that the student used an AI Tool and the specific AI Tool used.
 - b. In any student work (whether hard copy, electronic, digital, or otherwise), the student shall give proper attribution to the AI Tool(s) used to the same extent that

students are expected to give proper attribution to other sources of information such as books, texts, encyclopedias, secondary sources, and other traditional media. Such attribution may include, but is not necessarily limited to, accurate quotations, citations, footnotes, endnotes, and/or bibliography entries.

c. In no instance may the output from one or more AI Tools be copied and placed within a student's work as if the student wrote such section himself or herself. For example and not limitation, students may not outsource the organization or the writing of any written work to any AI Tool.

4. Repeat of Grade at Parent-Guardian Request

Parents and guardians may request that their student repeat a grade level under the following conditions:

Students in Kindergarten through Fourth Grade

Parents and guardians of students in kindergarten through fourth grade may request that their student repeat the grade level that the student has just completed under the following conditions:

- 1) If the student is at least one year below grade level and behind the child's typically developing peers in reading, English, and language arts such that the child does not possess the necessary academic skills required to succeed in reading, English, and language arts at grade level for the next grade to which the student would otherwise advance; or
- 2) If the student was absent fifty percent or more of the days in which school was in session for students during the school year which the student has just completed; or
- 3) If the student experienced a severe mental or physical illness resulting in hospitalization of two or more weeks during the school year.

Students in Fifth through Twelfth Grade

Parents and guardians of students in fifth through twelfth grade may request that their student repeat the grade level that the student has just completed if the student was absent fifty percent or more of the days in which school was in session for students during the school year which the student has just completed.

Procedure for Parent Requests for Student Grade Repetition

Parents and guardians who seek to have their student repeat the grade level just completed must submit a written request to the student's building principal no earlier than the day after the last scheduled student attendance day of the school year, and no later than two weeks after that date. This deadline may be waived by the superintendent for good cause shown. The request must include written documentation that provides evidence that the parents or

guardians believe substantiate that the conditions outlined above have been met.

The principal shall promptly forward the request to the superintendent or his/her designee, along with any building-level information about the student which the principal believes will be relevant to the superintendent or designee in responding to the parents' or guardian's request.

The superintendent or designee shall review the request and promptly schedule a meeting with the parents or guardians. At this meeting, the superintendent or designee shall identify any alternative educational opportunities available to the student, including remedial instruction if applicable, and verify any special education supports available to the student. If the child's parent or guardian still intends to have such child repeat a grade, the parent or guardian shall complete a form prescribed by the Nebraska Department of Education and return the form to the office of the superintendent of schools.

Upon completion of the form and if all requirements pursuant to this policy are met, the school district shall have the child repeat the child's grade for the next school year.

Nothing in this policy modifies the school district's policies on mandatory attendance and reporting excessive absenteeism to the county attorney or other members of law enforcement. Likewise, nothing in this policy shall dictate or direct the provision of special education or related services, including but not limited to any IEP team decision about the appropriate educational placement of a child with a disability under Rule 51 of the Nebraska Department of Education.

Behavioral Intervention

General Approach. The district utilizes a tiered system of support to foster a positive school climate and culture, encourage appropriate student behavior, and provide the necessary support for academic and behavioral success.

Interaction with Student Discipline Policy. This policy does not replace the Student Discipline policy or limit the District's authority under the Student Discipline Act when behaviors warrant action under that policy or Act.

Classroom Removal. Students may be removed from the classroom if the student poses a threat to their own safety, the safety of others, or the environment or if the student's behavior is disruptive to the learning environment. When appropriate, prior to removal staff should consider the use of de-escalation techniques, behavior redirection, or other Tier 1 or Tier 2 or comparable interventions.

When classroom removal is appropriate, the District will consider whether the student requires additional support to transition back to the classroom and continue to monitor the student's behavior to adjust interventions and supports as needed.

Required Training. The School District, independently or through the educational service unit, will develop and provide behavioral awareness and intervention training to employees with behavioral management responsibilities. Each employee with behavior management responsibilities must complete the behavioral awareness and intervention training during the 2026-27 school year or during the first year of employment with the district.

Behavioral Awareness Point of Contact (BAPC). Each school building must designate one or more school employees as a BAPC. Each BAPC must have knowledge of community services providers and other resources available for students and families. Each BAPC must coordinate access to support services for students.

The BAPC will be identified on the district website and in the school directory.
