As part of the review, all supporting documentation was examined, including payroll reports specific to personnel on the Staff Pool List, employer-paid benefits, and funding sources associated with costs reported. Based on the actual cost data supplied at the time of the review, the net salaries and benefits costs were overreported by the amount of \$.42 and underreported by \$1.19. Overall cost reporting Variance Percentage was 0.001%. Recommendations include using actual dollar amounts (instead of rounding).

10. **Principal Reports**

10.1. Elementary Principal

**Discussion:** January enrollment is 288 students PK-6. The elementary staff continues to train on our new ELA curriculum of Orton-Gillingham.

10.2. Secondary Principal

We are planning to host District Wrestling on February 15th and Conference speech on Wednesday, February 26th. The Musical "Annie" performances are scheduled for February 27th, 28th, and March 1st. ACT testing day is scheduled for March 25th. The swing choir is set to perform at all the local churches and sing the national anthem at an upcoming Lancer's game.

11. **Board Reports**

11.1. Building, Grounds, Transportation Committee

**Discussion:** The Building and Grounds committee met with Bob Sokup from Carlson West Povondra architectural firm. The committee has decided to begin long-term project planning. The Tekamah-Herman Ball Association approached the school regarding new scoreboards for the softball field, discussed the sale of Fleet vehicles #8 bus, and #18 Expedition, security cameras, elementary classroom countertop remodel, lunchroom tables, and classroom furniture.

12. **Superintendent Report**

**Discussion:** Mr. Kjar reported that he recently took the local fire department on an extensive tour of our facilities, and attended the Tekamah Chamber of Commerce quarterly coffee event.

12.1. NDE Frameworks External Visitation Presentation Summary

**Discussion:** The purpose of the External Visit is to review the documentation and efforts for continuous improvement by the school system and to affirm compliance with Section 009 of Rule 10. External visits serve to also provide meaningful feedback that can be used to continue implementing goals. In Nebraska, a network of professional peers volunteer to serve on External Teams. Prior to the visit, team members verse themselves on best practices and data literacy for Continuous Improvement. The last visit to Tekamah-Herman was in February of 2020. Items reviewed include: mission and vision statements, data analysis about student performance, demographics, learning climate, and former high school students, improvement goals (directed toward improving student academic achievement), the development and implementation of an improvement plan which includes procedures, strategies, actions to achieve goals, and an aligned professional development plan, and

evaluation of progress toward improvement goals. Overview Summary from Team: Tekamah-Herman Schools has gone through many transitions over the past five years. But, they have done an admirable job of sticking to their goals. Developing effective plans and implementing changes that positively impact both students and staff. After spending time in the district, it's easy to see that the school is moving in one, positive direction. The school leadership team indicated they believe the district intends to keep up the work they have started moving forward. This is commendable. Overall, the external team has three recommendations: 1. Continue focusing on staff well-being. Add student well-being to the goal. 2. Write more specific objectives related to academic goals. 3. Continue to use Tenet teams to develop shared-leadership and build new staff evaluation forms connected to the Marzano Framework.
