Axtell Community Schools
2026-2027 Annual Program review Written Report

Goals and Procedures

Axtell Community School has a long-standing tradition of excellence in education and a strong commitment to student success. In the 2021–22, 2023–24, and 2024–25 academic years, Axtell Community School was designated as **Excellent** through the Nebraska Department of Education’s AQuESTT accountability system. Our commitment to high academic standards, continuous improvement, and the success of every student makes Axtell Community School an exceptional place to learn and work.

Axtell Community School is a progressive Class D school district serving approximately 344 students in grades PK–12. As a growing school community, we value strong relationships, innovation, and opportunities for students and staff to thrive.

At Axtell Community School, we believe collaboration and communication are essential to student success. Our educators, administrators, support staff, and community work together to provide a welcoming, nurturing, and inclusive environment for all students.

We are committed to supporting our staff through collaboration, professional development, mentorship, and ongoing opportunities to grow professionally. Because we are a small school, our team is able to work closely together and respond to the individual needs of our students.

District EL Goal:

1. Support students in their language development, with focus in reading and writing.

Supporting English Language Learners

Axtell Community School is committed to ensuring that every student has the support needed to be successful in the classroom and beyond. As a small rural school community, we have not had a significant number of English Language Learners in recent years. As the needs of our student population have changed, we have worked proactively with our Educational Service Unit (ESU) to develop effective systems and practices for supporting students who are learning English.

We believe English Language Learners should have access to meaningful grade-level instruction while also receiving targeted support for language development. Students should not have to wait until their English language proficiency is fully developed before participating in content-area instruction. Our goal is to provide the language support students need while maintaining high expectations for academic achievement.

Our program focuses on:

- Reviewing and monitoring student data to identify individual needs and measure progress.
- Maintaining regular weekly communication among ESU staff, classroom teachers, and school administrators.
- Providing ongoing support within the general education classroom.
- Offering targeted pull-out opportunities when additional language or academic support is needed.
- Collaborating with families and support staff to ensure students receive consistent and individualized assistance.

Our Support Team

Supporting our English Language Learners is a collaborative effort. The team includes:

- Superintendent
- Elementary Principal
- Title/Reading Teacher
- Classroom Teachers

This team works together to review student needs, monitor progress, communicate regularly, and develop effective strategies to support individual learners.

As a school community, we recognize that meeting the needs of every student requires a willingness to learn, adapt, and continually improve. Our team continues to establish and refine practices that ensure all students have the opportunity to succeed academically, socially, and personally at Axtell Community School.

We have one teacher with EL endorsement who will be leaving at the end of the school year. We will contract with ESU 11 to provide EL support for teachers and students.

Category	Summary	Recommendations
Identification	● Parents of new students fill out a language survey at enrollment ● Those students who have indicated a language other than English take the ELPA screener (if they are new to Nebraska), if	● Continue using language survey ● Allow teachers to make referrals ● Formalize process

Strengths

Axtell Community School serves a small, tight-knit community. Our students and staff have done a tremendous job welcoming this family. EL Students are involved in activities at school and in the community. They have several friends in their grade levels and are thriving socially. Staff have supported these students well and worked with parents to support English at home, and we have seen tremendous growth in the months they have been in our district.

Opportunities for Growth

Because Axtell Community School has not historically served a large population of English Language Learners, ongoing professional development for staff will be an important component of our program. Providing teachers and staff with training and resources will help build their knowledge and confidence in supporting students who are developing English language skills.

In addition, regular communication and collaboration with ESU staff and parents will be essential to the success of each student. By maintaining open communication and working together, we can monitor student progress, address individual needs, and ensure that the support plan continues to meet the needs of each learner.

4608 SUMMER ACTIVITIES FUNDING FOR STUDENT GROUPS *(5-8-17)

Although the school district is proud of our student and student/athlete accomplishments which may even be in qualifying for state and national competitions, the district is limited in providing funds for these types of events during summer months when school is not in session and is not a required activity of the NSAA or other school-related organizations. The Board of Education may consider appropriating funds for certain events but, in most cases, the following guidelines will be applied:

When student groups choose to either participate in or qualify for summer activities such as clinics, camps, or other competitions, this often requires costs associated with travel, lodging, meals and competition/registration fees. When this occurs, the sponsors or coaches of these student groups should plan for and assess charges or conduct fund-raising activities that will support the total costs associated with the competition or activity that is planned. The school district may provide transportation to in-state activities by providing school vehicles and paying for the cost of fuel associated with the activity. For out of state travel, the group must raise the funds and budget needed transportation requirements and costs prior to traveling.

Other associated costs for clinics, camps, or academic competitions either in-state, out-of-state, or internationally, regardless of the prestige it may hold, must be raised and budgeted by the group, team, or booster group prior to the time of departure. Organizations or teams may not “borrow” funds from any school activity accounts or other school funds to help defray the costs associated with the travel and competition with the promise to repay at a later date. The school will not be liable for any unpaid bills or travel expenses incurred (except for in-state transportation as previously noted) by the group or team. Sponsors, students, and/or parents will be responsible for the costs incurred at the time of travel or into the future. If the group or team does not have the funds associated with the activity prior to the trip, it is recommended the group should cancel their plans and not make the trip.

Article 4 ~~PERSONNEL~~ Policy No. 4021

Personnel - All Employees

Social Security Numbers

Employee social security numbers shall be kept confidential to the extent required by law. Use of more than the last four digits of an employee's social security number shall be made by the District only for:

1. Legal Mandates. Compliance with state or federal laws, rules, or regulations.
2. Internal Administration. Internal administrative purposes, including provision of employee social security numbers to third parties for such purposes as administration of personnel benefits and employment screening and staffing. However, the internal administrative uses shall not permit use of employee social security numbers:

- a. As an identification number for occupational licensing.
 - b. As an identification number for drug-testing purposes except when required by state or federal law.
 - c. As an identification number for District meetings.
 - d. In files with unrestricted access within the District.
 - e. In files accessible by any temporary employee unless the temporary employee is bonded or insured under a blanket corporate surety bond or equivalent commercial insurance.
 - f. For posting any type of District information.
3. Voluntary Transactions. Commercial transactions freely and voluntarily entered into by the employee with the District for the purchase of goods or services.
- The District will not use or require an employee to use more than the last four digits of an employee's social security number for:

Policy 4021 is not legally required. Nebraska and federal law include protections for employee Social Security Numbers, but there is no legal requirement to have anything in Board Policy. I am guessing the District's practice of protecting Social Security Numbers would continue whether Policy 4021 stands or is rescinded. With that said, you could (if you wanted) rescind that policy and keep those practices as HR procedures.

Policy No. 2420 - Staff Handbooks

Administration

The Superintendent shall have the authority to prepare staff handbooks to be approved by the Board of Education. The handbooks may define the duties of all special school officers and employees; define responsibilities, duties and policies concerning the relation of personnel to the administration, the community and the students; shall list the responsibilities of the administration to the staff together with staff welfare measures; and shall list general policies pertaining to students. Staff handbooks shall, when approved by the Board, have the effect of Board policy. ~~and control over any conflicting Board policy adopted prior to the staff handbook~~ in the event of a direct conflict **between the language in the policy and the handbook, the policy language shall control.**

All staff shall be furnished or be provided access to a handbook at the beginning of each school year.

Policy No. 4112

Personnel - Certificated Employees

Certificated Employee Salary Schedule Advancement

The Board of Education shall determine eligibility for advancement on the certificated salary schedule, taking into account the education and experience of the certificated employee, the district's educational goals and priorities, in conjunction with the current negotiated agreement and any other factors the Board deems relevant.

The Superintendent is responsible for reviewing employee qualifications and recommending to the Board those certificated employees who meet the requirements for salary schedule advancement.

Salary schedule movement for employees covered by a certificated collective bargaining agreement shall be governed by the terms of the negotiated contract. The District shall adhere to all procedural and substantive requirements outlined in that agreement.

Negotiated Agreement

CRITERIA FOR HORIZONTAL ADVANCEMENT

- A. Teachers must notify the Superintendent of their request in advance of taking courses to be approved. Approval must take place no later than the last day of teacher duty of the preceding school year.
- B. Credit hours that can be applied to horizontal advancement are restricted to the following categories:
 - 1. Graduate credits must be issued by an accredited college or university.
 - 2. Staff could move no more than one step horizontally per school year.
 - 3. Transcripts verifying the credits earned must be received by the Superintendent no later than September 15 of the contract year for which the horizontal advancement is applied.
- C. Criteria for approval:
 - 1. In the teacher's field of teaching assignment.
 - 2. In an area of specialization that would increase the endorsement as established by the certificate office of the Nebraska Department of Education.
- D. In the case of a teacher who has been frozen at the end of the preceding vertical column in the previous contract year, said teacher will be allowed to advance one vertical column schedule step upon approved horizontal advancement to the next column. For reference, please see board policy #4112 Certificated Employees Salary Schedule Advancement.

Email to staff

Staff,

In accordance with Board Policy 4112, teachers seeking horizontal movement on the salary schedule must notify the superintendent in writing by the last contract day of the preceding school year. Although this information is often gathered informally during negotiations, the formal deadline remains the last day of contract.. This notification constitutes the second of three steps:

- ☐ Step 1: General Notification (requested by November 1st - not required policy)
 - ☐ Step 2: Salary Advancement Form (due last contract day - required by policy)
 - ☐ Step 3: Turn In Transcripts (requested by September 15th)
-

Google Form Step 1:

Intent to Apply for Salary Advancement (to be completed by November 1)

I hereby declare my intent to earn graduate credit to be used for salary advancement for the 27-28 contract year.

Reminder:

Credit hours that can be applied to horizontal advancement are restricted to the following categories:

- ☐ Graduate credits must be issued by an accredited college or university.
- ☐ Staff could move no more than one step horizontally per school year.
- ☐ Transcripts verifying the credits earned must be received by the Superintendent no later than September 15 of the contract year for which the horizontal advancement is applied.

Criteria for approval:

- ☐ In the teacher's field of teaching assignment.
- ☐ In an area of specialization that would increase the endorsement as established by the certificate office of the Nebraska Department of Education.
