Reports

Administrative Reports

Submitted by Scott Shepard, Jr-Sr High School Principal

Student Engagement - As we wrap up the school year, the seniors are preparing for graduation next Saturday, May 13 at 2:00 PM. Please plan to arrive by 1:45 and meet in the Mustang room. We will have seating for the Board on the stage. Let me or Lynn know if you will not be in attendance.

Seniors last day will be Wednesday starting with breakfast, check out, a visit to the elementary schools and then senior signing and faculty basketball game. It should be a great day to recognize and send off our seniors.

All spring testing was completed this week. All juniors took the state required ACT and we are receiving some of those scores back. The 9th and 10th graders have taken the MAP tests and the NSCAS was given to the 6th-8th graders. We will report on the results of the tests in June.

Community Engagement - The musical "Singing in the Rain" will be performed May 5-7, . 7:00 pm each evening and a 2:00 matinee on Sunday. Hopefully you all get a chance to come out. Tony will include the information in his report, but I want to thank Tony and Laura for organizing end of the year awards nights for athletics and activities. This is a lot of work, but important to honor students and their families for all of their accomplishments this year.

Schedule for 2023-24 - We are continuing to set the master schedule for next year. It has been a difficult process of trying to meet the needs of individual students while making educationally and financially sound decisions of what classes to run. Not filling the ELA/Sped position at this time creates some concern on my part in not knowing exactly what the strengths of the individual teacher in that position will be for next year.

Staffing - As of this morning, we have interviewed 3 people for the potential ELA (6th-7th grade Reading). We offered one and he took a job in LPS. The other two were not employable. As I described two months ago, we are looking for either a junior high sped teacher or we will move Johanna Jackson to that position if we can find an ELA teacher to cover for her. Several of our initiatives for next year hinge on finding a quality person for this position. This continues to be the most unique hiring season that I have experienced in my 20 year career as a principal. Although it is difficult, we will continue to search until we find high quality people to work with our students!

Future Planning - One of our school improvement goals is in the area of reading. I have met with our new liaison from ESU to plan out our PD days for next year. She will be working with our leadership team this summer to plan the day to teach reading across all curricular areas. She also has some connections (that I was hoping to find) to work with our staff on engaging activities for students in the block schedule. I believe this will be engaging for our staff and in turn for our students. I am attaching three "proposals" that I have given to Lynn as we consider supporting our students moving forward. I understand this is a process and we have to move slowly, especially when we are limited on resources. We will have a system to support, motivate and hold students more accountable next year. But it takes more than a system, it takes people that are able to carry out the plans and follow-up with and support students when they need it.

This year has been a struggle at times as most of our office time has been spent dealing with social emotional and behavioral issues with our 6th-8th grade students. This challenge will be addressed, but in the near future, I believe we need to consider a 6th-8th counselor. The behavioral interventionist that we are trying to hire will assist, but I believe we will need more staff to truly meet the needs of these students and families. I appreciate the support from Lynn and board!

Spring Musical - We hosted our Spring Musical, "Singin' in the Rain" the weekend of May 5, 6 and 7.

Athletics - Spring Sports are in full swing and we will start having postseason play and competition in

one month. To celebrate the accomplishments of the athletes throughout the entire year we will be having an end of year Athletic Banquet on Monday, May 15th. All athletes that participated in an NSAA sanctioned event this year will be invited along with their families.

Submitted by Steve Rose, Elementary Principal and Deb Kruse, Assistant Elementary Principal

Wit & Wisdom / ELL Curriculum - Deb, Steve, and Monica are working on a master schedule to accommodate all of the components of the effective implementation of our new reading curriculum. We are working with guidelines from NDE, Wit & Wisdom, and the leading research on what will have the greatest impact on student achievement. Teachers are slated to begin their week long Orton Gillingham training at the beginning of June and Wit & Wisdom training will happen at the beginning of August. New materials have already begun to ship. We met with the staff and our ESU support during the April 26th late start to lay out the implementation plan for next Fall and how we will support teachers throughout the year.

MTSS-B School-Wide Expectations - The Teacher Leadership team as part of our work on MTSS-B (behavior) is working with the administration to develop school-wide expectations and language that can be used across our campuses. The process has been to identify the common areas we need to have expectations for, and define what it looks like to be safe, responsible, and respectful in those areas. The team has now been tasked with creating a lesson template and lessons to go along with each of these expectations so that they may be taught consistently by all teachers and across all grade levels.

In addition to our Teacher Leadership Team's work on MTSS-B the staff will be going through a program called Cultural Connections with Mike Feit from ESU 2. This will be our Tier 1 in the MTSS-B Process. It will be what is expected of all classrooms and all teachers. This will enhance our implementation of school-wide expectations within the classrooms and give teachers tools and strategies to increase positive interactions with students.

Deb and Steve are also working on a flow chart for behavior data tracking especially in the area of Minor incidents and defining the difference between Majors and Minors as well as giving teachers the process for how each is dealt with from a teacher managed level and an office managed level. We will also be working to provide skills and strategies for behavior management and intervention centered around that flow chart.

Assessments - The school has just finished taking the NSCAS Growth (3-8), NWEA Map (2nd), and the FastBridge Screener (K-5). We will be looking at data as it becomes available and hope to have some preliminary data to share at the June Board Meeting. We are hopeful to see improvements. Change will be slow, but with the support we are giving teachers in the classroom and the new curricular materials that we are implementing next year, we plan to see improvements.

NASES (Nebraska Association of Special Education Supervisors) Spring Conference:

Andrea Hicks (HS SpEd teacher) and I attended the NASES Spring Conference in Lincoln on April 13-14.

SPED Strategies presented information about Utilizing High-Quality IEPs for Instructional Planning: 1) Determining what is and is not inclusive education; and 2) Discussed Inclusive Communication Framework: focus on the positive, keep the end in mind, communicate thoughtfully, acknowledge emotion, identify a shared solution.

Karen Haase, school attorney, presented on Assessing What We Know and What We Are Learning About Compliance: 1) Reviewed law cases about non-compliance in schools; 2) The use of positive behavior strategies and documenting implementation; 3) Reviews of accommodations/modifications: frequency, location and duration.

May is Better Speech & Hearing Month (from Clair Trenhaile (SLP):

Each May, the work of speech-language pathologists and audiologists is recognized as the two fields work together to ensure the human right of effective communication is accessible and achievable for all. This month, take the time to turn down the music in your headphones (damage to the hair cells in your

inner ear can contribute to hearing loss) and drink more water (high consumption of caffeine and alcohol can negatively impact your vocal hygiene).

In the United States, 5-10% of the population has a communication disorder. In the education realm, this can include but is not limited to articulation and language disorders, as well as stuttering. In our district, the most common target for articulation therapy is /r/. Some students target what is known as consonant /r/, which is usually found at the beginning of a word (like in "red"), and is sometimes paired with another consonant to form a blend (like in "bread). Other students target vocalic /r/, which is usually found in the middle or at the end of the word. This includes "ear" as in "hear" and "ire" as in "fireman." To help teach correct placement for this tricky sound, I use a variety of methods, including a flavored tongue depressor, a large mouth model, and play doh. Students work up a complexity hierarchy, moving through syllable, word, phrase, sentence, and conversational levels before mastering the sound.

Unified Track Meet:

The Special Olympics Unified Track Meet was held on Wednesday, May 3rd in Ashland. It was a beautiful day of track for our athletes and partners. If you have never been to a unified event, I encourage you to attend.

A special thank you to Stacey Doan, Jody Albrecht and Michelle Gerdes for all of their hard work so 12 of our students could participate in such a neat opportunity.

Technology Projects

Purchase of new web filter and student wellness platform Hapara(New). This will cost 10,140.00. Our old system would have cost \$15.593. This gives us all the same features but gives more control to our teachers and is more educationally focused.

Approve Access Control system for JH/HS. The system I am recommending is Alta (formally open path). Alta was just acquired by Motorola. With this acquisition we will be able to integrate with our current camera system. This system allows a lot more flexibility on management and usage of the system.

Miscellaneous

Our network upgrade for Val and Ceresco is scheduled for the week of June 12-16.

Correspondence/Recognition

Recognition of two important retirees of the district:

Dave Christensen has served as the custodian at Ceresco elementary for the past 16 years. He has gone above and beyond to make sure that the building is always in tip-top shape and ready for the students and the teachers. He has served the students and the staff faithfully.

Fred Spale has served as a teacher and coach for Raymond Central for the past 17 years but he has been a teacher for the past 47 years. Imagine that, what a wonderful legacy he has built. A legacy of servant leadership.

We wish these two the best in the next chapter of their life.

Student Engagement - Graduation was a success with 46 graduates and 44 in attendance to receive their diplomas. We continue to work with the other two seniors that need to complete requirements. The goal is always to get 100% of our students to graduate and have a plan for their next steps. I appreciate the Board members that were able to attend graduation. Mr. Kobza and the staff (Torie, Laura, Tasha and Celia Newman) did a great job decorating the gym and utilizing the new video boards to make the program special!

Community Engagement - I want to thank Mr. Kobza for putting together two awards nights at the end of the year. He and Laura did a great job honoring our students that are involved and have excelled in activities here at Raymond Central. Lynn and I were able to attend both nights. These new traditions will go a long way in creating a positive culture and expectation of excellence!

Planning for 2023-24 - The master schedule is set for next year. It has been a difficult process of trying to meet the needs of individual students while making educationally and financially sound decisions of what classes to run. Not filling the Science and PE positions at this time creates some concern and may impact the master schedule for next year. Tasha has met with Lynn to discuss options, but we are still hopeful that the right candidate will move to the area in the next two months.

As I wrap up my time here at Raymond Central, I want to thank Lynn, the Board and the Staff for allowing me to be part of this team. I am sorry that I will not be able to see some of the initiatives through as I submit my letter of resignation. As I stated in the letter, it was a very difficult decision on my part to step away from education, at this time, after serving for 32 years. It is my hope that Raymond Central continues to focus on meeting the needs of the students and preparing them for their futures.

Last month, I included some plans and recommendations for additional supports that would require hiring more people. I firmly believe that if you want to bring about sustainable change, you have to hire additional staff to work with struggling students and also add counselors or administrators that can develop, implement and follow through with programs to challenge and support students.

Again, thank you for the opportunity to be part of the Raymond Central Family! I will always cheer for the Mustangs!

 - "No hands Rule"
 - All students are accountable for answering academic questions. This enables the teacher to check for understanding, reteach if necessary and provide individual feedback to students. In traditional classrooms, teachers call on students with their hands up. This creates educational inequity. Typically it is

the same students who raise their hands. This allows the rest of the students to become disengaged and not accountable for learning.

- "No hands rule" **does NOT** mean students never raise their hands. Students raise their hands to get the teacher's attention, ask questions, and offer opinions.
- The elementary teachers have done a phenomenal job implementing the 10 big ideas and have provided the administration with positive feedback on how it has changed the culture in their classroom.

- Wit & Wisdom / ELL Curriculum

- Materials have arrived and teachers have begun looking through the online materials as well as the plethora of authentic texts that come with the program. Instead of reading out of a basal, students will have their hands on authentic texts that are wide-ranging, varied, and provide a careful balance of literary, informational, and fine arts texts.
- Teacher professional development will be held on August 3-4 to construct lessons and design learning for the 1st Module of the program.

- Orton Gillingham

- Orton Gillingham (Foundational Skills Program) training has begun for teachers at each building.
- The IMSE Impact Comprehensive Orton-Gillingham Plus Course and Program is 30-hours of a hands-on, interactive, and personalized class that provides a complete understanding of IMSE's enhanced Orton-Gillingham method, the essential five components to literacy, and the tools necessary to apply it in the classroom.
- After participating in this accredited Structured Literacy course, teachers will understand the structure and foundation of the English language as well as the research behind the Science of Reading. Educators will have a basic knowledge of how to assess and teach students in all three tiers of RTI as well as students with dyslexia.

- MTSS-B School-Wide Expectations

- The Teacher Leadership team as part of our work on MTSS-B (behavior) developed school-wide expectations and language that can be used across our campuses. The team has created slides and lesson plans for all staff members. This provides consistency with verbiage and expectations from all adults and will ensure that students know what is expected of them to be Safe, Responsible and Respectful (The Mustang Way) in all areas of the school.
- For the 2023-2024 school year, the staff will be going through a program called Cultural Connections with Mike Feit from ESU 2. This will be our Tier 1 in the MTSS-B Process. It will be what is expected of all classrooms and all teachers. This will enhance our implementation of school-wide expectations within the classrooms and give teachers tools and strategies to increase positive interactions with students.
- Deb and Steve are also working on a flow chart for behavior data tracking especially in the area of minor incidents and defining the difference between Majors and Minors as

well as giving teachers the process for how each is dealt with from a teacher managed level and an office managed level. We will also be working to provide skills and strategies for behavior management and intervention centered around that flow chart.

With the resignations of Riley Haug (Science) and Harold Pester (PE), we continue to search for good candidates. Again, it is our hope that the right person will apply soon. Annual Activity/Participation Report Superintendent's Report

This past week, I participated in a workshop that highlighted the legislative changes and the implications of those changes, as well as a school finance section that focused on LB583 and LB243. LB583 (Sanders) provides for foundation aid and special education supplemental aid under the Tax Equity and Educational Opportunities Support Act; and LB 243 (Briese) adopts the School District Property Tax Limitation Act.

Of note is the fact that the legislation passed this year resulted in 29 new mandates for schools! Unimaginable really. This is due to the filibustering which resulted in what is termed 'Christmas tree bills' where measures were all dumped together in large committee bills for passage. As an example LB705 has 125 sections. These mandates range from additional staff training to how/when we can discipline students to grooming policies for students. The legislation is quickly eroding local control of schools.

LB583 is touted as being the vehicle that will reduce property taxes as a result of the addition of foundation aid to the formula. The reality of the legislation is that districts will realize varying degrees of influence on their taxes as a result of this new legislation. School districts that are currently unequalized may be impacted more positively than districts such as ours that are equalized. Raymond Central's state aid will increase \$261,308 (from \$963,483 to \$1,213,974). With our current valuation, that represents about 3 cents of tax asking but that is under the assumption that your budget stays flat. In a world where 83% of the budget is human resources and we have to pay more to be competitive, teamed with the fact that we have some major facility needs that will have to be addressed, it is likely that our tax payers will not see the reduction that they had hoped for through this legislation.

Additionally, LB243 creates a tax limitation. We are limited to a 2.93% tax increase for the 2023-24 school year. The board of education can access 6% of additional base growth with a 70% approval vote of the board of education.

In total, there are now three lids being applied to school districts' budgets and financing. School districts are slowly being squeezed from all directions. This will merit continued attention as many educators are concerned about the sustainability of our educational system and the funding system under these mandates. As an example, in an attempt to stay competitive in hiring and retaining quality employees, our personnel costs will increase \$456,411 this year over last year. It is apparent that the cost of operating is rising faster than the state allows for with their many lids.

Our patrons are advised that Lancaster County Sheriff's office and other agencies will be using our Jr/Sr High building for Armed Intruder training on July 12th.

As a result of two grants that we are involved with through ESU#2, we will see the addition of four days of contracted mental health therapist services in our buildings next year. That should be helpful in meeting some of our student needs in this area.

The total election expenses for the special bond election through Saunders County Election office was \$7,563.38.

Staffing Update - We still have two certificated positions left to fill at the Jr/Sr High school. Those two are HS PE and MS Science. We also have the counselor/Success Coordinator position at the middle school to fill.

Safety Report

Important Upcoming Dates:

Facilities Report

Jared and crew are making great progress in the summer custodial/maintenance tasks. They started with Ceresco and are about ready to move to Valparaiso.

Jared has replaced 900 lights in the HS with LED's. Basically replaced all hallway, FCS room, Mustang Room, Media Center, Art Room, and Wilmes room. He will do the remaining fixtures next year. He also has staff replacing the old emergency lights with new LED lights. These will be much more cost efficient. The batteries are only \$26 to replace as compared to \$60 on the existing emergency lights. He purchased these in conjunction with the service provider so that we get the reduced/grant pricing.

BRAN Riders - Bicycle Riders Across Nebraska stopped in Ceresco on Saturday and the city volunteers used the school to set up a stop station. Restrooms were available to participants and volunteers provided a hydration station. Sophia Custer is our city liaison who organized the event.

Science teachers, Jacob Staroscik and Megan Alyward, have spent time this summer cleaning out the back storage room. It was a MESS. There are some anatomical maps with a 1918 copyright date. There were also some food items almost as old and some animal parts in formaldehyde that should have been dissected decades ago.

The EPDM roof on Ceresco Elementary is delaminated and leaking as of this last rain storm. It needs to be replaced before additional leakage causes interior damage. Attached to this agenda item is a quote from 10 Men Roofing. They are doing the shingle roof. It would be advantageous to do both of these roofs at the same time this summer. Jared is trying to obtain another quote on the EPDM so that we can ensure that we are getting a competitive price.

Electrical work needing board approval:

- Shed Power: The Facility/Transportation committee identified as a priority, bringing electricity to the east storage shed. It currently does not have any power to it. The quote provided by Sentry Electric has two options. One option is to run power from the northeast shed and provide a 50A panel and the other option is to run power from the main panel and install a 100A panel. Though the second option is more expensive, Jared thinks it may serve us better in the long run.
- Track Power: We currently run an electrical cord from a power source on the outside of the track through the water drainage system under the track to get power to the inside of the track for football games and track meets. It isn't a real safe option.
- Archway Lights: This proposal for \$925 would install lights on the archway pointed to the north where there is currently no lights. That would create a safer exit lane.
- We are recommending that the board approve these projects for \$18,625.

With the need to transport students a short distance for transitional programming and job skills, the purchase of a minivan using special education funds would be a prudent and efficient move. This purchase then becomes partially reimbursable as a special education expenditure.

Fund Balance Reporting

Fund balance classification shall be recorded in accordance with governmental accounting standards as promulgated by the Governmental Accounting Standards Board (GASB), including GASB #54.

The order of spending and availability of the fund balance shall be to reduce funds from the listed areas in the following order: restricted, committed, assigned, and unassigned. Negative amounts shall not be reported for restricted, committed, or assigned funds.

Fund Balance shall mean the gross difference between governmental fund assets and liabilities reflected on the balance sheet. Governmental fund assets are those of the General Fund, Special Revenue Funds, Debt Service Funds, and Capital Project Funds.

The fund balance of the general fund finances most functions in the District. The fund balance of the general fund shall mean the gross difference between general fund assets and liabilities reflected on the balance sheet.

The five classifications of governmental fund balances are as follows:

1. Non-spendable fund balance means the portion of the gross fund balance that is not expendable (such as inventories) or is legally earmarked for a specific use (such as the self-funded reserves program).

Examples of non-spendable fund balance reserves for which fund balance shall not be available for financing general operating expenditures include: inventories, prepaid items, deferred expenditures, long-term receivables, and outstanding encumbrances.

2. Restricted fund balance includes amounts constrained to a specific purpose by the provider, such as a grantor. Examples of restricted fund balances include: child nutrition programs, technology programs, construction programs, and resources from other granting agencies.
3. Committed fund balance means that portion of the fund balance that is constrained to a specific purpose by the Board. Examples include: potential litigation, claims, and judgments and activity funds.
4. Assigned fund balance means that portion of the fund balance that is spendable or available for appropriation but has been tentatively earmarked for some specific purpose by the Superintendent or designee. Such plans or intent may change and may never be budgeted, or may result in expenditures in future periods of time. Examples include: insurance deductibles program start-up costs; and other legal uses.
5. Unassigned fund balance includes amounts available for any legal purpose. This portion of the total fund balance in the general fund is available to finance operating expenditures.

The unassigned fund balance shall be the difference between the total fund balance and the total of the non-spendable fund balance, restricted fund balance, committed fund balance, and assigned fund balance.

EMERGENCY EVACUATION PROCEDURES
(For Students Being Transported in Small Vehicles—Cars & Vans)

In a vehicle accident or emergency situation, the driver must use his/her best judgment to decide what action shall be taken. As a driver, your primary responsibility is student safety. In an emergency, it may be necessary that the vehicle be evacuated.

A Vehicle Must Be Evacuated In These Situations:

- The vehicle is on fire. It must be stopped and evacuated immediately. Passengers will move to a point 100 feet or more from the vehicle and remain there until the vehicle driver has determined that no danger remains. If a vehicle is unable to move and is close to existing fire or highly combustible materials, the danger of fire shall be assumed and all passengers must be evacuated.
- The vehicle is stopped in an unsafe location and is unable to proceed (e.g., due to an accident or weather conditions). The driver must determine immediately if it is safer for passengers to remain on the vehicle or to evacuate. For example, if the vehicle is in the path of any train, or on or closely adjacent to any railroad tracks.
- The vehicle could change position and increase the danger. For example, if a vehicle were to come to rest near a body of water or precipice where it could slide into the water or over a cliff, it must be evacuated;
- If there is danger of collision. Under normal traffic conditions, the vehicle should be visible for a distance of 300 feet or more. A position over a hill or around a curve where such visibility does not exist should be considered reason for evacuation.

Important Factors In School Vehicle Evacuation: The safety of the pupils is of utmost importance and must be given first consideration. Prior to evacuation, the emergency brakes shall be set, ignition turned off, the transmission placed in an appropriate gear; and hazard flashers turned on to warn traffic. The driver should stay in the vehicle during evacuation to facilitate the evacuation procedures. The driver should be familiar with any extra equipment on the vehicle that would aid in an evacuation of a student with a disability and assure that the student is safely evacuated.

Students should be instructed to evacuate on side of the vehicle away from the roadway—typically the passenger side. Evacuations shall be conducted with deliberate speed. A time interval of 1½ to 2 seconds per passenger has proven to be the safest and most efficient. A vehicle should be completely evacuated in 2 ½ minutes. To insure a safe exit, passengers must have their hands free. They must leave personal belongings in the vehicle except those needed for their safety (coats, etc.). During an evacuation, passengers must be directed to a safe point at least 100 feet from the vehicle and remain there until given further directions.

Upon evacuation, the driver should attend to any injured students and immediately contact emergency service (call 911 and the school). Discuss the accident only with police and school district officials. Do not leave the scene of an accident until the safe transportation of all students has been arranged by the student's parent, the school, or emergency personnel.

To assist the driver in evacuations (or to respond to situations where the driver is incapacitated), mature, responsible students should be selected and trained to lead passengers to safety from each door utilized for evacuation. The selected student should be trained to: • turn off ignition switches; • set emergency brakes; • summon help when and where needed (instructions and telephone numbers shall be available); • use windows for evacuation in emergencies; • set flags and reflectors or reflective triangles; • open and close service and emergency exit doors; • direct school vehicle evacuations; • perform other duties as directed by the driver.

Emergency Equipment: The driver should be familiar with and appropriately use emergency equipment during an evacuation. Emergency equipment for a small vehicle may include the following: • reflector kit; • vehicle-mounted hazard flashers; • body fluid clean-up kit; • first aid kits; • fire extinguishers; • triangle shaped reflectors.

Safe Driving Record Standard for Drivers

Standard for Pupil Transportation Vehicle Drivers: Each person who is required to have a permit to operate a pupil transportation vehicle for this School District shall meet all requirements to hold and continue to hold a pupil transportation operator's permit. One of the requirements for obtaining such a permit is that the person have a record of satisfactory driving as determined by Board policy. For such persons, a satisfactory driving record means a record which reflects the absence of any of the following offenses or circumstances:

1. Motor vehicle homicide;
2. Driving while under the influence of alcoholic liquor or drugs or refusal to submit to a chemical test, within the immediate prior 20 years; or,
3. Reckless driving or willful reckless, within the immediate prior 20 years; or
4. Accumulation of 5 or more points under the motor vehicle operators' license point system within the immediate prior 4 years. In the event the person has accumulated 3 or 4 points within the immediate prior 4 years, the determination of whether the person has a satisfactory driving record shall be made by the Superintendent or Superintendent's designee based on the nature and proximity of the offense as it relates to safe transportation.

Standard for Drivers of Small Vehicles for Activity Trips: Each person who drives a small vehicle (car or van) other than a pupil transportation vehicle for school activities and who is not required to have a permit to operate a pupil transportation vehicle shall be precluded from driving in the event it is discovered that the person does not have a record of satisfactory driving. For such persons, a satisfactory driving record means a record which reflects the absence of any of the following offenses or circumstances:

1. Motor vehicle homicide;
2. Driving while under the influence of alcoholic liquor or drugs or refusal to submit to a chemical test, within the immediate prior 20 years; or,
3. Reckless driving or willful reckless, within the immediate prior 20 years; or
4. Accumulation of 5 or more points under the motor vehicle operators' license point system, within the immediate prior 4 years. In the event the person has accumulated 3 or 4 points within the immediate prior 4 years, the determination of whether the person has a satisfactory driving record shall be made by the Superintendent or Superintendent's designee based on the nature and proximity of the offense as it relates to safe transportation.

Standard for Drivers of Other School Vehicles: Each person who drives a school vehicle other than a pupil transportation vehicle and does not transport students in the vehicle shall be precluded from driving in the event it is discovered that the person does not have a record of satisfactory driving. In the event the person's employment position requires driving vehicles as a function of the person's employment, the employment may be terminated in the absence of a record of satisfactory driving. For such persons, a satisfactory driving record means a record which reflects the absence of any of the following offenses or circumstances:

1. Motor vehicle homicide;
2. Driving while under the influence of alcoholic liquor or drugs or refusal to submit to a chemical test, within the immediate prior 20 years; or,
3. Reckless driving or willful reckless, within the immediate prior 10 years; or
4. Accumulation of 6 or more points under the motor vehicle operators' license point system within the immediate prior 4 years. In the event the person has accumulated 3, 4 or 5 points within the immediate prior 4 years, the determination of whether the person has a satisfactory driving record shall be made by the Superintendent or Superintendent's designee based on the nature and proximity of the offense as it relates to safe transportation.

The record of satisfactory driving standards shall apply to all new employees from and after adoption of this policy. Existing employees shall be subject to the same standards, provided that the Superintendent or Superintendent's designee may determine to permit an exception based on the existing employee's record of satisfactory driving while employed with the District and the nature and proximity of prior driving offenses as such offenses relate to safe transportation.

Procedures—Bidding Construction Projects

The District shall bid every project for the construction, remodeling, or repair of any school-owned building or for site improvements when the contemplated expenditures for the project is in excess of one hundred nine thousand dollars (\$109,000), or such sum as adjusted pursuant to Section 73-106. The bidding procedures shall comply with the requirements of state law and shall include the following:

1. Notice to Bidders: The Administration shall prepare a notice to bidders containing a general description of the scope of the project being bid; the location of the project; the means of obtaining project documents, including plans and specifications; the date and hour bids will close; and the date, hour and place bids are to be returned, received and opened, and a provision that such bids will be immediately and simultaneously opened in the presence of the bidders or representatives of the bidders, when the hour is reached for the bids to close.
2. Regular Manner of Advertisement for Bids: The notice to bidders shall be published one time in a newspaper of general circulation in the School District. The notice shall be published at least seven (7) days prior to the date designated for the opening of such bids. The Board of Education or Administration may, in its sole discretion, elect to utilize further advertisement for bids as it may determine appropriate to secure a sufficient number of qualified bidders for the scope of the project.
3. Bid Opening: When the hour is reached for such bids to close, bids will be immediately and simultaneously opened in the presence of the bidders or representatives of the bidders.
4. Contract Award: The contract shall be awarded to the lowest responsible bidder as to the extent required by law. When not so required, the award shall be made on the basis of consideration of the contract award criteria determined appropriate by the Board or administration.
5. Performance and Payment Bonds. Whenever any contract is entered into for the erecting, furnishing, or repairing of any building or other public structure or improvement, the contractor shall be required, before commencing such work, to furnish a performance, labor and material payment bond. The bond requirement shall not apply, however, to any project bid or proposal which has a total cost of ten thousand dollars (\$10,000) or less unless the School Board or Administration includes a bond requirement in the specifications for the project. The bond shall be in an amount not less than the contract price. The bond shall be conditioned on the faithful performance of the contract and the payment by the contracting party of all laborers and mechanics for labor that is performed and of all material and equipment rental that is actually used or rented in connection with the improvement project and the performance of the contract. Such bond shall contain such provisions as are required by statutes, and be in a form prescribed and required by the district.
6. Retention of an Architect or Engineer. The School District shall not engage in the construction of any public works involving architecture or engineering unless the plans, specifications, and estimates have been prepared and the construction has been observed by an architect, a professional engineer, or a person under the direct supervision of an architect, professional engineer, or those under the direct supervision of an architect or professional engineer; provided that such requirement shall not apply to any public work in which the contemplated expenditure for the complete project does not exceed one hundred and eighteen thousand dollars (\$118,000), as adjusted from time to time by Section 81-3445 or other applicable law.
7. Additional Procedures. Each bid for which a labor and material bond is required shall be accompanied by a bid bond or certified check in the amount of five percent (5%) of such bid unless the School Board or Administration waives such requirement. The Board of Education or Administration may provide

for additional procedures for the procurement, opening and acceptance of bids as deemed appropriate for a particular project.

Records Management and Disposition

1. General Standard. Records should generally be organized, managed, retained and disposed of in accordance with law and the Secretary of State's schedules for retention and disposition of public records.
2. Records Officer. The Superintendent is hereby designated as the records officer of the school district for purposes of this policy. Any questions about the type or category of a record or the required retention period for it should be addressed to the records officer.
3. Electronic Messages. Electronic messages are communications using an electronic system for the conduct of school district business internally, between other state and local government agencies, and with parents, students, patrons and others in the outside world. These messages may be in the form of e-mail, electronic document exchange (electronic fax), and electronic data interchange (EDI). In this policy, the terms electronic messages and e-mail are used, depending on the context, to mean the same thing. The school district's electronic system in which records are collected, organized, and categorized to facilitate preservation, retrieval, use, and disposition is as follows:
 - a. End-User Management. End-user means anyone who creates or receives electronic messages on the school district's electronic system. Electronic messages are to be managed at the end-user's desktop rather than from a central point. Each end-user is responsible for organizing, managing and disposing of records that are part of his or her desktop computer.
 - b. Categories for Retention. Electronic messages fall within three categories: (1) transitory messages; (2) records with a less than permanent retention period; and (3) records with a permanent retention period. End-users are to organize, store, retain and dispose of electronic messages according to these three categories. This means determining which electronic messages require long-term retention, determining who is responsible for making this decision, and establishing storage and disposition requirements for electronic messages.
 - i. *Transitory messages.* Transitory messages include copies posted to several persons and casual and routine communications similar to telephone conversations. For example, as determined on an individual case-by-case basis by the end-user, transitory messages include certain embryonic materials, notes or drafts; unwanted and unneeded "junk" mail; "personal" mail for employees not related to school business; unsolicited sectarian, religious, partisan, political or commercial messages, or political advertising or advertisements promoting particular personal or religious beliefs, a specific ballot question, or controversial topics or positions. There is no retention requirement for transitory messages. Employees sending or receiving such communications may delete them immediately without obtaining approval.
 - ii. *Less than permanent retention records.* These records are governed by the retention period for equivalent hard copy records as specified in the approved records retention and disposition schedules. These records should be converted to hard copy (printed) or an electronic format which can be retrieved and interpreted (downloaded) for the legal retention period. Employees creating or receiving such communications may delete or destroy the records only according to the applicable retention schedule. Questions relating to the retention or destruction of these records should be referred to the records officer.

- iii. *Permanent/archival retention records.* These are records scheduled for transfer to the Nebraska State Historical Society (NSHS). Decisions relating to such records should be made by the records officer in consultation with NSHS, and the State Records Administrator about either transferring the records or maintaining them in the agency of origin. If the transfer decision is made, the method, frequency and format of the transfer should be determined cooperatively by the records officer, the NSHS, and the State Records Administrator.
- c. Electronic Storage Limitations. The district's computer systems have storage limitations. E-mails are deleted by the computer system within 60 to 90 days to avoid operational problems. End-users are instructed that electronic messages that are required to be maintained past that time period should be converted to hard copy (printed) or an electronic format which can be retrieved and interpreted (downloaded) for the legal retention period. The retention period for the particular record is the best indicator of which storage medium or format to choose.
- d. Proper Use of Electronic Messages.
 - i. Non-Discrimination. Electronic messaging is not permitted to be used to promote discrimination on the basis of sex, disability, race, color, religion, veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, sexual orientation or gender identity, or other protected status; promote sexual harassment; or to promote personal, political, or religious business or beliefs.
 - ii. Permissible Use. Electronic messaging is to be used only for purposes that are consistent with the mission of the school district. Electronic messaging is not permitted to be used for personal purposes except for: incidental, intermittent or occasional use which does not interfere with performance of duties as determined by the administration, use that is authorized pursuant to an individual use agreement, and use that represents a form of the employee's compensation. Electronic messaging is not permitted to be used for personal financial gain or for the purpose of campaigning for or against the nomination or election of a candidate or the qualification, passage, or defeat of a ballot question. Electronic messaging is not permitted to be used for purposes of assisting a non-profit organization except when and to the extent such use serves a school purpose or facilitates school district business.
 - iii. Conduct. Employees shall not read electronic messages received by another employee when there is no school purpose for doing so, send electronic messages under another employee's name without the employee's consent or administrative authorization, or change or alter any portion of a previously sent electronic message without administrative authorization.
 - iv. Other Regulations. Electronic messaging is subject to all requirements of the school district's "Acceptable Use of Computers, Network, Internet and Websites" policy and may be monitored and accessed at any time without prior notice. The school district has complete authority to regulate all electronic messaging. Electronic messaging is a privilege and not a property right and is not a public forum. Electronic messaging is made available subject to all board policy and regulations, these regulations, building guidelines, use agreements, handbook provisions, and all administrative orders or directives as issued from time to time.

4. Electronic Records

All books, papers, documents, reports, and records kept by the District may be retained as electronic records. Minutes of the meetings of the school board may be kept as an electronic record.

5. Litigation Holds

When litigation against the District or its employees is filed or threatened, the District will take all reasonable action to preserve all documents and records that pertain to the issue. Such action will in particular be taken when the litigation may be filed in federal court or otherwise subject to federal rules of discovery.

As soon as the District is made aware of pending or threatened litigation, a litigation hold directive will be issued by the records officer or designee. The directive will be given to all persons suspected of having records that may pertain to the litigation issue.

The litigation hold directive overrides any records retention schedule that may otherwise call for the disposition or destruction of the records until the litigation hold has been lifted. E-mail and computer accounts of separated employees that have been placed on a litigation hold will be maintained by the records officer until the hold is released.

Employees who receive notice of a litigation hold are to preserve all records that pertain to the litigation issue. This includes preserving electronic messages that would otherwise be deleted by the computer system; such messages are to be converted by the recipients of the litigation hold to hard copy (printed) or electronic format which can be retrieved and interpreted (downloaded) for the duration of the litigation hold.

No employee who has been notified of a litigation hold may alter or delete an electronic or other record that falls within the scope of the hold. Violation of the litigation hold may subject the employee to disciplinary actions, up to and including dismissal, as well as personal liability for civil and/or criminal sanctions by the courts or law enforcement agencies.

6. Settlement Agreements

A public written or electronic record of all settled claims shall be maintained.

The record for all such claims settled in the amount of fifty thousand dollars or more (or one percent of the total annual budget of the School District, whichever is less) shall include a written executed settlement agreement. The settlement agreement shall contain a brief description of the claim, the party or parties released under the settlement, and the amount of the financial compensation, if any, paid by or to the School District or on its behalf. Any such settlement agreement shall be included as an agenda item on the next regularly scheduled public meeting of the School Board for informational purposes or for approval if required.

Any such settled claim or settlement agreement shall be a public record. Nonetheless, specific portions of the record may be withheld from the public to the extent permitted or provided by statute.

The foregoing does not apply to claims made in connection with insured or self-insured health insurance contracts.

The Superintendent shall receive and evaluate all proposals in making a recommendation to the Board of Education for acceptance. The Board of Education may review all proposals submitted relating to the recommended purchase. Since this is a proposal system, not a bidding process, the school district in no way shall be obligated to arbitrarily award the contract to the lowest proposal, but shall reserve the right to reject any and all proposals or to waive any informality in any proposal it deems advisable, and to award to the proposer which, in its opinion, is most desirable.
3. Purchases of \$90,000 and above. The Superintendent shall advertise for sealed bids which shall be opened in conformity with any applicable laws and in compliance with any procedures established by the Superintendent. The Board retains the right to determine the responsibility of the bidders, and shall award the contract to the lowest responsible bidder meeting specifications, be the bidder a member or apart from the local community.
4. Any school employee who orders any supplies or equipment outside of that which has been included in the annual budget and without written authorization of the principal or superintendent shall be personally liable for payment for the supplies or equipment purchased.
5. School employees or students purchasing supplies and equipment out of an activity account must first secure a purchase order from the principal authorizing the purchase. Failure to do so will cause the person to be personally liable for payment for the supplies or equipment purchased.
6. The District need not comply with the bidding requirements if the District purchases property from the Nebraska State Purchasing Bureau, so long as the Nebraska State Purchasing Bureau competitively bid the purchase of property.

Credit Card Purchasing Program

1. The Board of Education authorizes the Superintendent or designee to contract with one or more financial institutions, card-issuing banks, credit card companies, charge card companies, debit card companies, or third-party merchant banks capable of operating a purchasing card program on behalf of the District.
2. The Board of Education delegates to the Superintendent or designee: (a) the determination of the type of purchasing card or cards to be utilized in the District's purchasing card program; and (b) the determination of which **employees designated positions** shall be approved or disapproved to be **assigned a purchasing card** in the District's purchasing card program. The Superintendent shall submit the approved names to the Board, from time to time.

Commented [1]: We have recently changed these amounts to the value seen here and it is working well.

We have recently changed our credit cards and only the ACTivity Department has a card that is kept outside of the District office. Persons have to check out a charge card through the District office. This practice has worked well to better track and control receipts/account balancing.

Commented [2]: Assigned...should Tony be submitted.

3. The District's purchasing card program may only be utilized for the purchase of goods and services for and on behalf of the District. No officer or employee of the District shall use a purchasing card for any unauthorized use.
4. An itemized receipt for purposes of tracking expenditures shall accompany all purchasing card purchases. In the event that a receipt does not accompany an authorized cardholder's purchase, the Superintendent or designee shall temporarily or permanently suspend said cardholder's purchasing card privileges.
5. Upon the termination or suspension of employment of an individual using a purchasing card, the Superintendent or designee shall immediately close such individual's purchasing card account and said employee shall immediately return the purchasing card.

Commented [3]: There are a few situations in which we don't get the receipt. We have not suspended privileges but would if it was too repetitive and/or depending upon the purchase....

Procurement Plan – School Food Authorities

The following procurement policy statement shall govern all purchasing activities that relate to any aspect of the National School Lunch and Breakfast Programs. This statement is meant to provide guidance to our personnel and vendors on acceptable and/or required procurement practices. Our goal is to fully implement all required and recommended procurement rules, regulations and policies set forth in 2 CFR 200, 7 CFR parts 210, 3016 and 3019, and by the State Agency.

Commented [1]: Federal laws... not much ability to change this.

Procurement Policy

The purchasing procedure to be followed shall be determined by the anticipated total annual expenditure on items related to the food service program:

- When the annual total for food service program related items is less than \$250,000 (small purchase threshold) per procurement event or in aggregate purchases this organization will follow the informal Small Purchase Procedures.
- When the annual total for food service program related items is greater than \$250,000 (small purchase threshold) per year per procurement event or in aggregate purchases this organization will follow the Formal Competitive Solicitation Procedures.

Micro-Purchase Procedures

Micro-Purchases may be used for single purchases under \$10,000 made with a vendor [2 CFR 200.320(a)]. Prices will be reviewed for reasonableness [2 CFR 200.320(a)]. Purchases will be spread equitably among all qualified sources [2 CFR 200.320(a)].

Small Purchase Procedures

For purchases made below the small purchase threshold, Small Purchase Procedures will be utilized to purchase necessary goods and services. When Small Purchase Procedures are used, this organization will take the following steps:

1. Contact a reasonable number of qualified vendors.
2. Write specifications for goods and services.
3. Document each vendor's quoted price. (ex. log sheet)
4. Select the company that provides the lowest, most responsive, and responsible bid.
5. Document supplier who was awarded the quote.
6. Manage orders by confirming product and prices match quotes.

Formal Competitive Solicitation Procedures

For purchases made in excess of the small purchase threshold, a Formal Competitive Solicitation will be conducted. When Formal Competitive Solicitation Procedures are used, this organization will take the following steps:

1. Prepare an Invitation for Bid ("IFB") or Request for Proposal ("RFP") document specifically addressing the items to be procured.
 - a. Include detailed specifications.
 - b. Ensure price will be most heavily weighted.
2. Publicly announce and advertise the bid/proposal at least 21 calendar days prior to bid opening.
 - a. Announcements will include the date, time and location in which bids will be opened.
3. Determine the most responsive and responsible bid/proposal by using the selection criteria set forth in the bid/proposal document.
 - a. Responsible bidders will be those whose bid/proposal conform to all of the terms, conditions and requirements of the IFB/RFP.

- b. Responsible bidders will be those who are capable of performing successfully under the terms and conditions of the contract.
- 4. Award the contract.
 - a. To the most responsive and responsible bidder based on the criteria set forth in the IFB/RFP.
 - b. At least two weeks before program operations begin.
 - c. If a protest is received, it must be handled in accordance with 7 CFR 210.21.
- 5. Retain all records pertaining to the formal competitive bid process for a period of five years plus the current year.

(Note: If the small purchase threshold established in the sponsor's procurement policy statement is less than \$150,000, the smaller bid threshold will govern.)

Contracting for Services

Contractual services which by their nature are not adapted to award by competitive bidding, such as contracts for the services of individuals possessing a high degree of professional skill, where the ability or fitness of the individual plays an important part, are not subject to bid but are subject to approval by the Board of Education in conformity with established policy.

Every contract for services to be provided to Raymond Central Public Schools **shall** require that the contractor use a federal immigration verification system (**E-verify**) to determine the work eligibility status of new employees physically performing services within the State of Nebraska. Such requirement shall be deemed to be included and a part of the terms of every contract for services with the School District, including but not limited **to oral contracts.**

Report of Treasurer

The **Treasurer or designee** shall submit a monthly reconciliation to the Board which shall include:

1. Balances
2. Receipts
3. Disbursements
4. **Investments**

Bonds

The Treasurer shall give a bond or equivalent insurance coverage payable to the School District in such amount as required by law and determined appropriate by the Board of Education. The Board of Education may require that other school officials whose duties require the handling of funds be bonded or obtain insurance coverage including, but not limited to, the bookkeeper, activities director, Superintendent and cafeteria supervisor. The cost of such bonds or equivalent insurance coverage shall be paid by the School District.

Commented [1]: We have a Crime policy that only has Peggy listed on it. I don't think that we actually need anyone else be bonded but the board 'may' decide otherwise. Let's wait until we decide who our carrier will be next year and then address whether to get actual 'bond' on Peggy or see if it is adequate through crime policy.

BusinessVideo Surveillance

1. Purpose. The Board authorizes the use of video cameras and other passive electronic measures (such as motion detectors) for the purposes of ensuring the health, welfare and safety of staff, students and visitors, safeguarding District facilities and equipment, and maintaining student discipline and an appropriate educational and work environment.
2. Placement. Video cameras and similar devices are authorized to be used on school facilities, school vehicles and other places within the control of the District. The locations in which the devices will be placed and the times the devices will be in use are to be determined by the Superintendent or the Superintendent's designee consistent with the purposes set forth in this Policy. The devices shall not be placed or operational in locations in which individuals have a high expectation of privacy, such as restrooms and locker rooms.
3. Notice. Notice of the fact that video surveillance cameras are being utilized shall be given through appropriate mechanisms, such as by posting signs in the building entry and other locations and by including a notice in the student-parent and staff handbooks.
4. Viewing Monitors and Video Recordings. Only authorized personnel shall be allowed to view recorded video. Authorized personnel for these purposes are: school administrators, school staff members with a direct involvement with the recorded contents of the specific video recording and employees or agents responsible for the technical operations of the system (for technical purposes only).

School administrators may allow law enforcement officers to view monitors and recorded video when such is consistent with school security and discipline and consistent with law.

Students shall not be permitted to view recorded video except where the individual student is the focus of the recorded video.

5. Use of Video Recordings. Video records may be used as a basis for student or employee disciplinary action and for making reports to law enforcement.
6. Video Recordings as Education Records. Video recordings which are considered to be "education records" within the scope of FERPA shall be maintained in accordance with FERPA and other applicable laws. A video recording may be considered an education record when a specific student is the focus of the video recording.

For example, if the video recording shows a student violating a school rule, the video recording is an education record of that student. It may be viewed on request by that student's parent (or the student if age 18 or older). The video recording may not be viewed by, nor will a copy be given to, others without the parent's written consent unless a FERPA

exception exists.

In the event more than one student is a focal point of the video recording, it may be an education record of each such student. This would be the case, for example, if two students are recorded fighting. In that event, the school would allow both set of parents an opportunity on request to view the video, but will not give a copy of the video to either set of parents, without the written consent of the other student's parent.

7. Maintaining Video Recordings. The District shall comply with all applicable state and federal laws related to record maintenance and retention of video recordings. Video recordings that contain personal information shall be securely stored and, when such recordings are no longer needed or required to be maintained, shall be properly disposed of or erased.
8. Maintaining the Integrity of the Video Surveillance System. The building principals shall be responsible for periodically checking the video surveillance system within their building to ensure it is operating properly. Students or staff who vandalize, damage, disable, or render inoperable surveillance cameras or equipment, or use the video surveillance system in a manner that is not consistent with the purposes set forth in this Policy, shall be subject to appropriate disciplinary action (up to and including expulsion, for a student, and termination, for a staff member) and referral to appropriate law enforcement authorities.

Basic First Aid Procedures

First aid is the immediate and temporary care given to the victim of an accident or sudden illness until medical services can be obtained. Keep these points in mind when handling situations that may require you to administer first aid:

- ☐ Remove everyone from danger and then provide first aid in a safe location. Also, do not attempt to make a rescue until you are sure you won't become a victim.
- ☐ Remain calm. Keeping your composure while helping the injured person will help him/her to keep calm and cooperate. If the person becomes anxious or excited, the damage from the injury could be increased.
- ☐ Plan quickly what you need to do. Learn basic procedures or have your first aid information available so you can care for the injured person.
- ☐ Send for professional help as soon as possible. The local emergency telephone number is _____. The school telephone number is: _____.
- ☐ Let the person know that help is on the way and try to make them as comfortable as possible.

Evaluating the Situation and Setting Priorities

To effectively deal with emergencies, the situation must be evaluated and priorities set.

Three evaluations which must be made to establish priorities for treatment: • Condition of the scene • Type of injury • Need for treatment	Primary first aid procedures are to: • Restore breathing. • Control bleeding. • Prevent shock

Whenever possible, do not move the victim. Treat the person where you find him/her. However, several types of situations require the person to be moved out of immediate danger, such as fire, electrocution, and drowning.

Bleeding

Bleeding needs immediate attention. Evaluate the type of bleeding and the amount of blood lost:

• Capillary oozing.	Injuries to capillaries or small veins. It is indicated by steady oozing of dark colored blood.
• Venous bleeding	Bleeding from the vein. It is indicated by a flow of dark-colored blood at a steady rate.
• Arterial bleeding.	Bleeding from an artery. It is indicated by bright red blood flowing quickly in spurts.

Blood flowing in a small, steady stream or small spurts can be serious, but can be controlled. Blood flowing in a heavy stream or large spurts is very serious and must be brought under control immediately. The primary step to control bleeding is to exert direct pressure over the wound. Place the cleanest material available against the bleeding point and apply pressure by hand until the wound clots and can be dressed with bandages. If necessary, apply direct, even pressure with your bare hand. If blood soaks through the bandage, do not remove it. Apply more bandages and secure them. Make sure the bandages are not too tight so circulation is not restricted.

Look for swelling around the wound. If the bandage interferes with the circulation of the blood, loosen it. Elevate the wound above the level of the heart, except when there is a broken bone.

Artery Pressure Point

If direct pressure on the wound does not control bleeding, direct pressure on any artery pressure point closest to the wound is necessary. The artery pressure point must be located between the heart and the wound.

Tourniquet Warning

A tourniquet should only be used for hemorrhaging that cannot be controlled by direct or arterial pressure. Tourniquets are dangerous to apply, to leave on, and to remove. Stoppage of blood supply below the tourniquet can lead to gangrene and loss of limb.

Shock

Shock occurs when the vital body functions are depressed. The three most common causes of shock are:

- Excessive bleeding
- Inadequate breathing
- Unsplintered fractures

If shock is not treated promptly, death may result, even if the injury causing the shock is not severe enough to cause death. It is NOT recommended that drivers attempt to splint a fractured bone; instead simply treat the victim for shock.

Recognizing shock

When a person is in shock, the skin is pale, cold, clammy, and moist with beads of sweat around the lips and forehead. The pulse is fast, weak, or entirely absent. Breathing is shallow and irregular and the eyes are dull and vacant with dilated pupils. The person complains of nausea and dizziness. She may be unaware of the seriousness of the injury and then suddenly collapse.

Control of shock

The victim should lie down on top of an article of clothing, newspaper or other material and kept warm with a light blanket. In warmer temperatures, it is not necessary to use a cover.

The person should not become overly warm so that perspiration occurs. Perspiration draws blood to the skin, away from the interior of the body where it is needed. In order to help the flow of blood to the heart and head, elevate their legs at least 12 inches high. If there is a head or chest injury or breathing seems difficult, elevate the chest instead of the legs.

Offer small amounts of water to the person every 15 minutes. Do not give water if the victim is vomiting, nauseous, or unconscious.

Burns

It is not recommended to treat burns. First aid treatment often causes complications and interferes with the treatment given by the physicians. Keep the burned area uncontaminated and treat for shock.

Do not apply burn preparation and do not use ice water. It intensifies the shock. There are exceptions when it may be necessary to give first aid. Chemicals may continue to burn the skin if they are not removed. Large amounts of water should be used to flush the area free of the chemicals, particularly if it is a chemical burn of the eyes or face.

Mouth-to-Mouth Resuscitation

Breathing may stop for the following three reasons:

- Air passage is blocked
- Nerve centers that control breathing are not functioning due to drowning, electrocution, head injury or poisoning
- A sucking sound in the chest prevents the lungs from expanding.

In the first two cases, the skin may be blue and breathing may appear to have stopped. If there seems to be no back injury, place the person on his back, open the mouth and clear out foreign matter with your fingers. Place your hand on the victim's forehead, tilt the head back so the chin points upward and lift jaw. This action moves the base of the tongue away from the back of the throat so the airway is not blocked.

Pinch nostrils to prevent any leakage of air. Open your mouth wide, take a deep breath, and place your mouth over the victim's mouth. With a small child, place your mouth over the mouth and nose, making a tight seal.

Blow vigorously into the mouth, while continuing to lift the lower jaw in order to keep the airway clear. Between each breath, remove your mouth and listen for the outflow of air coming from the lungs. If you hear air, an exchange of air has occurred. Continue to breathe for the person, blowing into the mouth approximately 12 times a minute.

After each breath, remove your mouth and listen for the exchange of air. Blow less vigorously with a small child using shallower breaths at rate of about 20 per minute. A sign of restored breathing is a sigh or a gasp from the victim.

Breath may be irregular at first so continue mouth-to-mouth resuscitation. If normal breathing doesn't occur, continue breathing for the person, alternating with others until aid arrives.

Be Prepared--Learn Cardiopulmonary Resuscitation (CPR)

CPR should be used when a person is unresponsive or when breathing or heart beat stops. Call 911 immediately. If someone is available, have him or her call emergency medical services while you begin CPR. Try to stimulate the victim. If no response, turn them onto their back by supporting the head and neck. If head or neck injury is suspected, do not bend or turn neck. Tilt the head back and lift chin up and out to open the airway. Look, listen and feel for breath. If no breathing is present, seal your lips tightly around their mouth; pinch their nose shut. Give two slow breaths (1 to 1½ seconds each), until chest rises.

If no signs of circulation, place heel of one hand in the center of the chest. Compress at a rate that provides about 100 compressions and 20 breaths per minute. For a child, compression depth should be ½ to 1 inch. For an adult, compressions should be about 2 inches.

Repeat cycle of five compressions to one breath until signs of circulation return or until help arrives.

CPR should be used when a person is unresponsive or when breathing or heart beat stops.

1. Call 911 immediately or ask someone else to do so.
2. Try to get the person to respond; if he doesn't, roll the person on his or her back.
3. Start chest compressions. Place the heel of your hand on the center of the victim's chest. Put your other hand on top of the first with your fingers interlaced.
4. Press down so you compress the chest at least 2 inches in adults and children and 1.5 inches in infants. One hundred times a minute or even a little faster is optimal. (That's about the same rhythm as the beat of the Bee Gee's song "Stayin' Alive.")
5. If you're been trained in CPR, you can now open the airway with a head tilt and chin lift.

6. Pinch closed the nose of the victim. Take a normal breath, cover the victim's mouth with yours to create an airtight seal, and then give two, one-second breaths as you watch for the chest to rise.

7. Continue compressions and breaths -- 30 compressions, two breaths -- until help arrives.

Epilepsy

Once an epileptic seizure begins, you may not be able to move the person. Try to prevent him/her from injury, such as striking his head or body against any hard, sharp, or hot object.

Do not restrain the person or interfere with his movements. Epilepsy victims seldom bite their tongues during seizures. More harm is done when an object is forced between the teeth or into the mouth. Breaking teeth, cutting lips, mouth, or tongue, can occur more often than by the tongue being bitten because of the seizure.

You should communicate information about any seizure to the parents and to the school authorities.

Choking

The Heimlich Method, or Hug of Life, is a procedure to help a choking person. Stand behind the person, place your arms around his/her waist and grasp your hands together halfway between the navel and sternum (right below the rib cage). Form a fist with the thumb side against the midriff area. Grasp your fist with your other hand, press midriff area with a quick upward thrust. If the person has collapsed, turn him on his back. Straddle him and press into the same spot with a quick upward thrust with the heel of one hand placed on top of the other hand. Continue until object is freed and/or the person begins coughing.

Do not pound or slap a choking person on the back. This can force the object further into the throat. Artificial respiration or offering water is useless because the throat is blocked. Children often choke from running with food or other objects in their mouths.

ESSA Title I Funds

It is the policy of the District to comply with the Every Student Succeeds Act (“ESSA”) and federal grant programs in which the District participates.

1. Authority to Sign Applications. The Superintendent is authorized to sign applications for any of the ESSA formula grants on behalf of the District and may delegate such authority to other administrators in the Superintendent’s discretion. The Superintendent shall submit such applications as determined appropriate so long as acceptance of the funds does not include conditions contrary to the policies of the Board of Education.
2. Supplement not Supplant. Federal funds shall be used to supplement, not supplant the amount of funds or services available from non-federal sources, in compliance with the requirements of federal law. ESSA funds shall not be used to provide services otherwise required by law to be made available.
3. Equitable Allocation. Federal funds shall be used in a manner to ensure equitable allocation of resources. Staff are to be assigned and curriculum materials and instructional supplies are to be distributed to the schools in such a way that equivalence of personnel and materials is ensured among the schools in compliance with the requirements of federal law.
4. Maintenance of Effort. The District shall maintain fiscal effort related to ESSA programs in compliance with the requirements of federal law.
5. Resources. The procurement of resources related to the ESSA programs, including contracts and purchase or service agreements for such program, shall be in accordance with the District’s written procedures for purchasing and contracting. Purchase orders and invoices shall indicate an appropriate record of expenditures. All equipment purchased with federal funds, including those used in nonpublic and other facilities, shall be appropriately identified, inventoried, and when no longer useful to the program, properly disposed. Resources such as staff, materials and equipment funded by Title I and IDEA shall be used only for children participating in the program.
6. Maintenance of Records. Records of all federal financial and program information shall be kept for a minimum of 5 years after the start date of the project.
7. Identification of Eligible Children. The Superintendent and the designees shall implement an appropriate process to identify children eligible for services provided under federal programs.
8. Coordination of Services. Title I and IDEA services shall be coordinated and integrated with the regular classroom, with other agencies providing services and with other federal, state and local programs.
9. Standards and Expectations. Students receiving services in Title I are held to the same standards and expectations as all other students.
10. Assessments. Students receiving services in Title I are assessed with the regular population without accommodations.
11. Parents Right to Know. At the beginning of each school year, if the District receives Title I funding, the District shall notify the parents of each student attending any school receiving Title I funds that the parents may request, and the District will provide the parents on request (and in a timely manner), information regarding the professional qualifications of the student’s classroom teachers, including at a minimum, the following:

- A) Whether the student's teacher—
 - i. has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
 - ii. is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived; and
 - iii. is teaching in the field of discipline of the certification of the teacher.
 - B) Whether the child is provided services by paraprofessionals and, if so, their qualifications.
12. Testing Opt-Out. At the beginning of each school year, if the District receives Title I funding, the District shall notify the parents of each student attending any school receiving Title I funds that the parents may request, and the District will provide the parents on request (and in a timely manner), information regarding any State or District policy regarding student participation in any State or District assessments, including the District's policy and procedure on the parental right to opt the child out of such assessment(s). The District shall also make widely available through public means (including by posting in a clear and easily accessible manner on the District's website) information on each State or District assessment, including:
- A) the subject matter assessed;
 - B) the purpose for which the assessment is designed and used;
 - C) the source of the requirement for the assessment;
 - D) the amount of time students will spend taking the assessment, and the schedule for the assessment; and
 - E) the time and format for disseminating results.
13. Language Instruction Programs. At the beginning of each school year, if the District receives Title I funding, the District will implement an effective means of outreach to parents of English learners to inform the parents regarding how the parents can—
- A) be involved in the education of their children; and
 - B) be active participants in assisting their children to—
 - i. attain English proficiency;
 - ii. achieve at high levels within a well-rounded education; and
 - iii. meet the challenging State academic standards expected of all students.
- The District will also inform parents of an English learner identified student of opportunities to participate in various school programs, as set forth in ESSA.
14. Other Requirements. The Superintendent shall take or cause other staff to take such action as required by law for the District to maintain compliance with ESSA and specific ESSA grant programs in which the District participates.
15. Certification Regarding Debarment, Suspension and Ineligibility. The District will endeavor to ensure that all contracts and purchase orders reimbursed using federal funds will include the following "suspension and disbarment" language:

To the best of its knowledge and belief, the contractor or any of its principals are not presently debarred, suspended, proposed for debarment or otherwise declared ineligible for the award of contracts by any Federal agency by the inclusion of the contractor or its principals in the current "LIST OF PARTIES EXCLUDED FROM FEDERAL PROCUREMENT OR NONPROCUREMENT PROGRAMS" published by the U.S. General Services Administration Office of Acquisition Policy.

The prospective lower tier participant shall provide immediate written notice to the District if at any time the prospective lower tier participant learns that its certification was erroneous

when submitted or has become erroneous by reason of changed circumstances. Should the prospective lower tier participant enter into a covered transaction with another person at the next lower tier, the prospective lower tier participant agrees by accepting this agreement that it will verify that the person with whom it intends to do business is not excluded or disqualified.

Notwithstanding anything to the contrary, all persons or entities contracting with the District with any reimbursement using federal funds shall be bound by this certification and shall fully abide by and comply with the same.

Meal Charge Policy

It is the policy of the **Raymond Central Public School** District to comply with the National School Lunch Program and School Breakfast Program and all other federal grant programs that provide free or reduced meals to qualifying students.

Student Eligibility

Families of students who may be eligible for free or reduced price school meals should submit an application to determine their eligibility. Applications are available through the Superintendent or Superintendent's designee. As long as an application is submitted on or after July 1, the application will be considered current for the new school year. A student may become eligible for free or reduced meals at any time during the school year if the household experiences a change in financial circumstances.

Meal Account Balances

The District will ensure that families can check their meal account balances in a manner other than exclusively online. The District will ensure that at least one form of meal account payment is free of charge.

The District encourages families to pre-pay without charge for free or reduced price meals. Notwithstanding the option to pre-pay, students and families will have a method to add funds during the school day. Any balance remaining in a pre-paid account shall carry over into the next month. Households approved for free or reduced price meals with funds remaining in their meal account at the end of the school year shall receive a refund. When a student leaves the District or graduates, the District shall attempt to contact the student's household to return any funds remaining in the student's meal account.

Unpaid meal charges may be carried over at the end of the school year as a delinquent debt and the District shall undertake reasonable collection efforts to collect unpaid meal charges classified as delinquent debt, pursuant to and in compliance with state and federal law. The District shall maintain records of its collection efforts and, once delinquent meal charges are converted to bad debt, its documentation establishing and handling of the bad debt.

Student Confidentiality

The District will disclose individual student eligibility information only to those persons (and organizations) who require the information in order to carry out an activity specifically authorized by the National School Lunch Act, subject to applicable legal exceptions.

The District shall not use or implement any colored or coded meal cards, tickets, tokens, or other methods of payment that would overtly identify a student as being eligible for free or reduced price meals.

Distribution Annually

This policy shall be provided in writing to all students' households at the start of each school year and to households transferring to the District during the school year.

This policy shall also be provided annually to District staff members responsible for the enforcement of this policy, including food service professionals.

The Superintendent or the Superintendent's designee shall maintain documentation of the annual distribution of this policy to students' households and District staff.

Insufficient Funds

When a check is returned for insufficient funds or payment on a credit or debit card is rejected, the Superintendent's designee shall attempt to contact the person a minimum of two times to collect the amount that remains due and owing. At least one attempt shall be in writing, either via letter or email.

In the event that an individual's method of payment is rejected, such person shall be required to pay the amount that remains due and owing by cash, cashier's check or money order, plus a returned check fee of **\$20.00** to cover the administrative expense of having to address the matter. In addition, whenever said person wishes to make a payment in the future, said person may be required to pay only by cash, cashier's check or by money order.

Notice of this returned check fee policy will be given annually to students and parents via the school website, and may be included in newsletters, student handbooks, or postings.

Any individual who attempts to pay any amount to the District by check or credit card agrees to the terms of the Policy and the returned check fee. In the event that an individual does not agree with this Policy or is unwilling to pay the returned check fee, then such individual must pay by cash, cashier's check or money order.

FOREWORD

Section 1 Intent of Handbook

Welcome to Raymond Central Secondary School. This handbook is intended to be used by teachers and other certificated staff to provide general information about Raymond Central Public Schools and to serve as a guide to the District's policies, rules, and regulations, benefits of employment, and performance expectations.

References in this handbook to "teachers" are intended to apply to all certificated staff. This includes administrative staff to the extent the handbook deals with professional expectations and conduct.

Each teacher is responsible for becoming familiar with the handbook and knowing the information contained in it. Although the information found in this handbook is detailed and specific on many topics, the handbook is not intended to be all encompassing so as to cover every situation and circumstance that may arise. This handbook is intended to supplement other documents that deal with your employment, including your employment contract, the negotiated agreement between the Raymond Central Public Schools and the Raymond Central Education Association, and the policies and regulations of the Board of Education. In reading this handbook, please understand that where a direct conflict exists, state or federal law, the negotiated agreement, and Board policies and regulations will control.

This handbook does not create a "contract" of employment. Staff positions and assignments which do not legally require a certificate or are otherwise not protected by the teacher tenure laws may be ended or changed on an "at will" basis notwithstanding anything in this handbook or any other publication or statement, except for a contract approved by the Board of Education.

The administration will be responsible for interpreting the rules contained in the handbook and shall have the right to make decisions and make rule revisions at any time. Should a situation or circumstance arise that is not specifically covered in this handbook, the administration will make a decision based upon applicable school district policies, state and federal statutes and regulations, and the best interests of the District.

This handbook will be in effect for the 2022-2023 and subsequent school years unless replaced by a later edition.

Section 2 Information about Raymond Central Public Schools

All facilities have been updated allowing award winning programs, high quality academic instruction, innovative teaching and one-to-one technology integration. Raymond Central is classified as a Class III (K-12) district by the Nebraska Department of Education and a Class C school by NSAA. This district is a member of the Nebraska Capitol Conference for activities programs. KEY VALUES OF THE RAYMOND CENTRAL PUBLIC SCHOOLS

We identified the following Value Statements to guide and direct our work and our culture.

1. We will provide a quality education as the cooperative responsibility of students, staff, parents, and community.
2. We will provide a safe learning environment where all individuals are treated with dignity and respect.
3. We will encourage life-long learning and responsible citizenship.
4. We will empower students to be problem solvers and independent learners.
5. We will provide each student with the opportunity to learn and achieve success.
6. We will meet the needs of individual students through a variety of approaches to learning.
7. We will use available time and resources to stay on top of current educational practices.
8. We will continuously evaluate, update and assess our districts goals.

The central purpose of the Raymond Central Public Schools is to develop students who can demonstrate the knowledge, skills and competencies necessary to become productive and contributing members of our democratic society.

Although all children will not learn all things equally well, we recognize that all children should have an equal opportunity in the pursuit of educational qualifications for the world ahead. Recognizing the uniqueness of each student, Raymond Central Public Schools will attempt to balance the curriculum to provide for the varied interests and talents of all students. The school accepts the premise that the center of the school curriculum is the child and that the instructional program should be designed to fit each and every child's unique needs.

The education of children is a comprehensive program that must be undertaken in cooperation with other services and institutions within society and the local community. Section 2 Severe Weather and School Cancellations

School Closing Information. The Superintendent of schools is authorized by the Board of Education to close public schools in case of severe weather. Representatives of the Superintendent's staff will notify local news media when inclement weather warrants such action. The information is posted to the website and social media accounts and it is generally on the local television stations. Parents will also receive a phone message and text message from our rapid notification system (BrightArrow) indicating a late start or school closing. It is important that parent/guardians keep their contact information updated with the school so that they get these messages.

Decision to Close Schools. A decision to close school is made when forecasts by the weather service and civil defense officials indicate that it would be unwise for students to go to school. An early decision is not always possible because of uncertain weather conditions. School officials will make periodic assessments of conditions during the night and will decide early in the morning (by 6 a.m. if possible). In any case, **an announcement will be made to the news media and to parent/guardians through the rapid notification system when schools will be closed.** In some instances, schools will be open, but certain services may be canceled (bus transportation, preschool, student activities, etc.).

After School Starts. Every attempt will be made to avoid closing school once classes are in session. In some instances, closing school during the day is inevitable if children are to safely return home before the brunt of a major storm hits. In these cases, as much advance notice as possible will be given to parents. If school is closed during the day, the notice will be broadcast by the media and to parent/guardians through the rapid notification system and **parents should have a plan to accommodate these circumstances.**

Parental Decisions. **Parents may decide to keep their children at home in inclement weather because of personal circumstances.** Students absent because of severe weather when school is in session will be marked absent. The absence will be treated like any other absence for legitimate causes provided parents properly notify the school of their decision. Parents may pick up their children in inclement weather at any time during the school day. Students will not normally be dismissed from school during severe weather on the basis of a telephone request.

What Not To Do. Parents should not attempt to come to school during a tornado warning. **School officials are not permitted to release students from the school building during a tornado warning.** Tornado safety procedures are practiced regularly by students and staff members. Also, parents are urged not to call radio and television stations and school buildings during severe **weather**. Every effort will be made to provide accurate and timely information through the media and the rapid notification response system.

Emergency Conditions. Raymond Central Public Schools has a signal which, when activated, includes the necessity to either evacuate the building or to move to safer areas of the building. All regular drills are held as required by law through the school year. There are plans for Emergency Exit system, Tornado Warning System, and Critical Incident Response.

Section 4 Contract Days

Teachers are contracted for 186 days (hereinafter referred to as the "contract year"). Such contract days shall be serviced by individual teachers on varying schedules as established by the Board of Education and administration.

Section 4 Make-Up Days

In the event teachers are not required to report for duty due to inclement weather conditions or other circumstances whereby a duty day is canceled, such days shall not be credited as a contract day served. Make-up days may be scheduled by the administration during the contract year as needed to allow all teaching staff to serve the full number of contract days.

Article 2 – EMPLOYMENT, COMPENSATION AND BENEFITS

Section 1 Employment

A teacher is employed by Raymond Central Public Schools when the teacher signs the Teacher's Contract and the Board of Education approves such contract of employment. The teacher's employment continues absent action by the administration or the Board of Education to non-renew, terminate, amend or cancel the teacher's employment contract with the school district, or action by the Board of Education to accept a resignation of employment.

On or after March 15 of each school year a teacher may be requested to accept employment for the next school year and shall be required to signify such acceptance on or before April 1 or such other date after March 15 as may be designated in the notice. It is important for teachers to respond to the request to signify acceptance as a failure to signify acceptance of employment by the April 1 or other designated date shall constitute cause for amendment of termination of the teacher's contract. If a teacher signifies acceptance of employment for the next school year, the teacher may either be issued a new Teacher's Contract or a "Contract Renewal Agreement."

Should a teacher wish to resign from employment the teacher should give written notice of resignation to the Superintendent. The request to resign will be acted upon by the Board of Education. Mid-year resignations and resignations given late in the spring for the following school year can present significant planning problems for the District. If a mid-year resignation is submitted, or a resignation for the following school year is submitted after April 15 or after the teacher has signified acceptance of employment for the next school year and after April 15, the Board of Education may act to not accept the resignation unless a suitable replacement can be found. The District will enforce the continuing contract of teachers accepting employment for the next school year under the provisions of Neb Rev. Stat. §79-820.

Section 2 Assignments

The professional duties to be performed by a teacher with the District shall be subject to assignment by the Superintendent of the District with the approval of the Board of Education. A teacher will be expected to devote full time during days of school to the teacher's position and to diligently and faithfully perform the assigned duties to the best of the teacher's professional ability. Job descriptions, where available, provide additional information about the position duties.

In addition to the normal duties traditionally required of teachers, a teacher may be assigned such "extra duty" assignments to support the extra-curricular programs of the District, which shall be upon such terms and conditions and at such additional rate of compensation as the Teacher and the District may agree upon or as set forth in the negotiated agreement. The extra-curricular program of the school district is an integral part of the overall educational program of the school district. As such, a teacher shall not unreasonably refuse to accept such extra-duty assignments. In addition, performance in an extra duty assignment is a part of the evaluation of the teacher's overall performance to the District.

Section 3 Personnel File

The District will follow the requirements of state and federal law and regulation with regard to a teacher's personnel file, including but not limited to Neb. Rev. Stat. § 79-8,109.

Section 4 Grievances and Complaints

Teacher grievances regarding wages, hours, and conditions of employment set forth in the negotiated agreement shall be governed by the grievance or complaint procedure in the negotiated agreement. All other employment related grievances or complaints shall be addressed through the administrative chain of command following the process set forth in board policy.

Section 5 Compensation

Regular Salary and Extra-Duty Compensation. Compensation is paid only as authorized by the Board of Education. Teachers are paid a salary based on placement on the salary schedule set forth in the collectively bargained negotiated agreement between the district and the collective bargaining agent for the certificated teaching staff (referred to in this handbook as the "negotiated agreement"), and the extra-duty salary schedule also incorporated into the negotiated agreement.

Changes in Salary Schedule Placement. Changes in a teacher's placement on the salary schedule shall be governed by the provisions of the negotiated agreement. Teachers are expected to provide the Superintendent with a transcript for all graduate hours earned for purposes of advancement on the salary schedule on or before September 10 of the school year in which such hours are to be credited for the teacher's placement on the salary schedule. Failure to timely provide an official transcript from the post-graduate institution of the graduate hours earned will result in a loss of such credit for such school year.

Salary Payments. Salary is payable over twelve equal installments. Teachers will be paid on the 20th of the month, or the last preceding school day, if the 20th falls on a vacation or week-end day. In emergency cases exceptions may be made, subject to the approval of the Board. In no case shall the Board advance more than one month's salary. Upon separation of a teacher's employment, or upon fulfillment of the contract, the teacher may, at the option of the Board, be paid all salary due in one lump sum.

Additional compensation over and above regular compensation, extra-duty pay and supplemental pay shall be disbursed as it is earned and deductions from compensation due to unpaid leave shall be taken out as they are reported to the payroll office. Reimbursements for mileage or other expenses will be considered separate from compensation.

Section 6 Extended ~~Duty~~ Contract Pay

Extended ~~duty~~ contracts for any teacher beyond the number of contract days established by the Board of Education for the school year shall be paid on a per diem basis for such teacher's extended time.

Section 7 Benefits

Teachers are provided benefits in accordance with the negotiated agreement, group health insurance plan requirements, and the school district's Section 125 Plan document. Teachers shall make annual fringe benefit elections by September 1 of each school year. Should a teacher fail to make such election, the teacher election from the immediately preceding school and contract year shall be continued. Each teacher is responsible for informing the Office of the Superintendent in writing of any changes in benefit status.

Continued health insurance benefits are available through COBRA subject to certain qualifying requirements. A Notice of COBRA Continuation Coverage Rights is attached to this handbook as Appendix "A."

The Health Insurance Portability and Accountability Act (HIPAA) provides rights and protections for participants and beneficiaries in group health plans. HIPAA includes protections for coverage under group health plans that limit exclusions for preexisting conditions; prohibit discrimination against employees and dependents based on their health status; and allow a special opportunity to enroll in a new plan to individuals in certain circumstances. HIPAA may also give you a right to purchase individual coverage if you have no group health plan coverage available and have exhausted COBRA or other continuation coverage. Further information may be obtained from the Plan Administrator of the group health plan.

Section 8 Payroll and Payroll Deductions

Salary and benefits are paid in accordance with the individual employment contracts and negotiated agreement. Payroll deductions shall be made in accordance with law and the negotiated agreement.

Section 9 Expense Reimbursement

Teachers are required to request use of school transportation for purposes of school business. If school transportation is not available, reimbursement for authorized mileage will be paid to teachers required to drive their own vehicles during their regular scheduled working hours between two or more work sites. Claims for reimbursement should be submitted to the appropriate supervisor. The allowable rate shall be governed by Board policy, unless otherwise required by law. The District is not liable for physical damage to employee vehicles. **All reimbursement claims should be preapproved by the appropriate building principal or superintendent.**

Materials necessary for instruction are provided by the District. If teachers need additional materials for instruction or school-related purposes, the request should be made to the Principal. Reimbursement for purchase of materials or for meals or other expenses related to travel must be submitted to and approved by either the Principal or, if the expense relates to an activity, by the Athletic Director. The request for reimbursement should include a voucher sufficient to establish that the expense was actually incurred and that the expense was reasonable and related to a school- purpose.

Section 10 403(b) Salary Reduction Agreements

The District will cooperate with any teacher who chooses to participate in an investment program under Internal Revenue Code Section 403(b) provided that the certificated employee executes a "Salary Reduction Agreement" provided by the District and the vendor of the 403(b) Plan elected by the teacher has entered in to a "Service Provider Agreement" with the District holding the District harmless from any liability that may arise out of such 403(b) Plan, including, but not limited to, the calculation of the maximum exclusion allowance, tax reporting, notices and income withholding.

Section 11 Overtime

Teaching professionals are classified as exempt from overtime under the Fair Labor Standards Act (FLSA). The overtime exemption for teaching professionals is not dependent on whether the employee is paid on a “salary basis.” Exempt employees are not eligible for overtime or compensatory time. A publication provided by the federal government which provides more information about the FLSA is attached as Appendix “A” to this handbook.

Any non-exempt employees must receive prior approval from their supervisor to work additional hours beyond their regular work schedule. Non-exempt employees must be paid for each hour worked in excess of 40 hours in a workweek. The regular workweek is from 12:00 a.m. on Monday through 11:59 p.m. on Sunday. The administration may establish a different 7-day period workweek from time to time for specified employees or employee groups.

Overtime pay for non-exempt employees will be paid at the rate of not less than 1½ times the employee's regular rate of pay for hours worked in excess of the 40-hour workweek. Employees with two or more non-exempt positions may be eligible for overtime pay based upon the total number of hours worked in one workweek. If applicable, the employee and the Superintendent will agree upon the overtime rate, in compliance with FLSA regulations. A non-exempt employee may request compensatory time in lieu of overtime pay, with approval of the employer, with the rate figured as 1½ times the number of hours worked in excess of 40 hours in any work week. Compensatory time may be accumulated up to 40 hours upon approval by their supervisor. Any accumulation of compensatory time over 40 hours must be approved by the Superintendent. The FLSA limits the accumulation of compensatory time to 240 hours.

The District’s policy is to not permit improper deductions from the salary of exempt employees who are required to meet a “salaried basis” test for the exemption to be applicable. (Teaching professionals are not subject to the “salaried basis” test). An employee who feels an improper deduction affecting exemption status has occurred may submit a complaint to the Superintendent or the Superintendent’s designee, who shall promptly investigate the complaint. Reimbursement shall be made and a good faith commitment to comply in the future will be given in the event it is determined that an improper deduction affecting overtime exemption has been made.

The District’s policy is to authorize unpaid disciplinary suspensions of a full day or more for infractions of workplace conduct rules and to apply such policy uniformly to all similarly situated employees, including exempt employees who are required to meet a “salaried basis” test for the exemption to be applicable. Unpaid disciplinary suspensions of a partial day or of a full day or more may be implemented for infractions of safety rules of major significance. Deductions of pay of a partial day or of a full day or more may be made for FMLA leaves and in the first and last weeks of employment. In addition, based on principles of public accountancy, deductions from pay of a partial day or of a full day or more will be made for absences for illness, injury or personal reasons when accrued leave is not used or not available, and for absences due to any budget-required furlough.

Article 3 - ABSENCES FROM WORK

Section 1 Paid Leave - ~~Unspecified Leave~~

Teachers are provided with sick leave, personal leave and bereavement leave in accordance with the negotiated agreement. During such paid leaves, teachers shall continue to receive all salary and fringe benefits called for by the negotiated agreement.

Leave provided by the District are to be used for the purpose intended. Abuse of leave privileges affects the students, other staff, and the entire District and will not be tolerated.

Requests for Leave

Advance reporting of the need to take a leave and having effective lesson plans and materials prepared and readily available for the substitute are important.

A teacher who becomes ill and is unable to work is to call their building principal before **6:30** a.m. on the day of absence. Before the end of the school day on the first day of the sick leave, and on each subsequent day of absence, a report should be made to the building principal as to whether the teacher will be able to return to duty on the next duty day. For illnesses or medical situations where the need for the leave can be determined in advance, the teacher is to make such advance report of need for leave as possible.

For personal and other leaves, a teacher must request leave from his/her supervisor via email. Once approved, the request may be submitted by the teacher on the district approved form. The request for leave process must be initiated by the teacher at least seven (7) school days prior to the leave, or such other advance notice as is practicable under the circumstances. Personal leave shall not be granted if three (3) members from the same building are already scheduled to be absent for other reasons. Staff is discouraged from taking personal leave the first two, or last weeks of the school year or for days immediately preceding or immediately following regularly scheduled holiday and vacation periods.

Personal leave that is requested after the allotted ~~ten (10)~~ **three (3)** days of unspecified will be based on 'need' which is defined as being extenuating and uncontrollable circumstances. Requests will be made to the Superintendent for approval.

Return from Leave

Upon return from leave, teachers are to review information supplied by the substitute teacher as to progress made in the class and any student behavior concerns. The substitute should be contacted directly if the written information supplied is not adequate.

A teacher who is absent for any period of time because of injury requiring care from a physician or health care provider, or for a period of one week or more due to illness, must present a written statement to the Principal from the teacher's physician or health care provider stating that the teacher is physically able to return to duty. This statement is to be presented in person before the teacher returns to duty in order that the present stage of convalescence can be observed and discussed.

Section 2 Payroll Deductions for Absences in Excess of Paid Leave

Should a teacher be absent from work in excess of the teacher's specified leave called for in the negotiated agreement, the teacher's salary shall be reduced by the day or days of work missed on a per diem basis calculated using the number of days missed as the numerator, and the number of total contract days for the school years as the denominator; e.g. one day missed = 186th of total salary and fringe benefits or 186th of that individual's teaching salary.

Section 3 Leaves of Absence

A teacher may apply to the Board of Education for a leave of absence from the teacher's duties. The Board of Education will consider such requests on a case-by-case basis. No leave of absence shall extend beyond one school year. All leaves of absence shall be without pay except for the payment of health insurance benefits as may be required under applicable state or federal laws. See Board Policy 4170 for additional information.

Section 4 Jury Duty

A teacher who is summoned for jury service shall promptly notify the Principal of such summons. The teacher's salary will continue during time spent in jury service, and no deduction of leave time shall occur. The teacher will return to the school any money received that was not used for mileage, meals or other expenses incurred from the term of duty. Teachers are to notify the Superintendent of the amount received for such jury duty.

If a teacher, upon reporting for jury duty in the morning, is dismissed from jury duty for the remainder of the day, the teacher

is to report for duty and resume duties for the balance of the day. When a teacher is entirely dismissed from jury duty, the teacher is directed to report for duty and the substitute will be dismissed.

Teachers are expected to promptly notify the Principal of any other form of legal summons which may require an absence from duty. In the event the summons involves a school-related matter, the matter shall be treated similar to a jury duty absence. In the event the summons involves a personal matter, the teacher will be required to use available leave days.

Section 5 Military Leave

Teachers who are members of the National Guard, Army Reserve, Naval Reserve, Marine Corps Reserve, Air Force Reserve, or Coast Guard Reserve (hereinafter, “reserves”), are entitled to a military leave of absence from their respective duties, without loss of pay, when employed with or without pay under the orders or authorization of competent authority in the active service of the state or of the United States. Teachers who normally work or are normally scheduled to work 120 hours or more in three consecutive weeks shall receive a military leave of absence of 120 hours each calendar year. Teachers who normally work or are normally scheduled to work less than 120 hours in three consecutive weeks shall receive a military leave of absence each calendar year equal to the number of hours they normally work or would normally be scheduled to work, whichever is greater, in three consecutive weeks. Such military leave of absence may be taken in hourly increments and shall be in addition to the teacher’s regular annual leave.

When the governor of this state shall declare that a state of emergency exists, and any teacher who is a member of the reserves is ordered to active service of the state, the teacher shall be granted a state of emergency leave of absence until released from active service by competent authority. The leave of absence shall not be a military leave of absence; other forms of leave may be granted. The teacher shall receive normal salary or compensation minus the state active duty base pay the teacher receives in active service of the state.

Section 6 Employee Rights and Responsibilities under the Family and Medical Leave Act

Family and medical leaves shall be allowed under the terms and conditions of the Family and Medical Leave Act of 1993, as amended (FMLA).

Basic Leave Entitlement. FMLA provides up to 12 weeks of unpaid, job-protected leave to eligible employees for the following reasons:

- For incapacity due to pregnancy, prenatal medical care or child birth;
- To care for your child after birth, or placement for adoption or foster care;
- To care for your spouse, son or daughter, or parent, who has a serious health condition; or
- For a serious health condition that makes you unable to perform your job.

The “leave year” for purposes of the FMLA is a “rolling” 12-month period, measured backward from the date of any FMLA leave usage.

Military Leave Entitlement. Eligible employees with a spouse, son, daughter, or parent on active duty or call to active duty status in the National Guard or Reserves in support of a contingency operation may use their 12-week leave entitlement to address certain qualifying exigencies. Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

FMLA also includes a special leave entitlement that permits eligible employees to take up to 26 weeks of leave to care for a covered service member during a 12-month period. A covered service member is a current member of the Armed Forces, including a member of the National Guard or Reserves, who has a serious injury or illness incurred in the line of duty on active duty that may render the service member medically unfit to perform his or her duties for which the service member is undergoing medical treatment, recuperation, or therapy; or is in outpatient status; or is on the temporary disability retired list.

Benefits and Protections. During FMLA leave, your health coverage under a “group health plan” will be maintained on the same terms as if you had continued to work. Upon return from FMLA leave, most employees must be restored to their original or an equivalent position with equivalent pay, benefits, and other employment terms.

Your use of FMLA leave will not result in the loss of any employment benefit that accrued prior to the start of your FMLA leave.

Eligibility Requirements. You are eligible if you have been employed with Raymond Central Public Schools for at least one year, for 1,250 hours over the previous 12 months, and if there are at least 50 employees of Raymond Central Public Schools within 75 miles of your work location.

Definition of Serious Health Condition. A serious health condition is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care provider for a condition that either prevents you from performing the functions of your job, or prevents the qualified family member from participating in school or other daily activities.

Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than three consecutive calendar days combined with at least two visits to a health care provider or one visit and a regimen of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition. Other conditions may meet the definition of continuing treatment.

Use of Leave. You do not need to use FMLA leave entitlement in one block. Leave can be taken intermittently or on a reduced leave schedule when medically necessary. You must make reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt the District's operations. Leave due to qualifying exigencies may also be taken on an intermittent basis.

Substitution of Paid Leave for Unpaid Leave. You may choose or Raymond Central Public Schools may require use of accrued paid leave while taking FMLA leave. In order to use paid leave for FMLA leave, you must comply with the District's normal paid leave policies.

Employee Responsibilities. You must provide sufficient information for the District to determine if the leave may qualify for FMLA protection and the anticipated timing and duration of the leave. Sufficient information may include that you are unable to perform job functions, the family member is unable to perform daily activities, the need for hospitalization or continuing treatment by a health care provider, or circumstances supporting the need for military family leave. You also must inform the District if the requested leave is for a reason for which FMLA leave was previously taken or certified. You also may be required to provide a certification and periodic recertification supporting the need for leave.

Employer Responsibilities. The District must inform employees requesting leave whether they are eligible under FMLA. If they are, the notice must specify any additional information required as well as the employees' rights and responsibilities. If they are not eligible, the District must provide a reason for the ineligibility.

The District must inform employees if leave will be designated as FMLA-protected and the amount of leave counted against the employee's leave entitlement. If the District determines that the leave is not FMLA-protected, the District must notify the employee.

Unlawful Acts by Employers. FMLA makes it unlawful for any employer to:

- Interfere with, restrain, or deny the exercise of any right provided under FMLA;
- Discharge or discriminate against any person for opposing any practice made unlawful by FMLA or for involvement in any proceeding under or relating to FMLA.

Enforcement. An employee may file a complaint with the U.S. Department of Labor or may bring a private lawsuit against an employer.

FMLA does not affect any Federal or State law prohibiting discrimination, or supersede any State or local law or collective bargaining agreement which provides greater family or medical leave rights.

Article 4 – DUTIES AND RESPONSIBILITIES

Section 1 Hours of Work & Meetings

Regular, dependable attendance at work is an essential function of a teacher's employment position. The Board of Education recognizes that teachers' responsibilities to their students and their profession generally involve the performance of duties and the commitment of time beyond the normal working day, but also recognizes that teachers and other educational professionals are entitled to regular time and work schedules on which they can rely in the ordinary course of events and which will be fairly and evenly maintained to the extent possible throughout the school system.

Schools have differing starting and ending times for the student day. Certificated employees assigned to a building are to spend eight hours on site, including lunch break (30-minute lunch), except that duty-free lunch time can be spent off-site. If a teacher takes their duty-free lunch time off-site, the teacher must check out with the Principal's office. The Principal will determine the length of time prior to and after the student class schedule for staff to be on-site in order to meet the required eight hours. Staff may leave the building earlier when called to a professional meeting.

Certificated employees are required to serve on lunchroom, hall, detention, and ground supervision as designated by the Principal. The Principal will attempt to make an equitable distribution of such assignments and professional staff shall assume such duties as part of their work and agreement of employment.

Teachers shall attend meetings called by the Superintendent of Schools, principals, department heads and team leaders, except those meetings which are designated for optional attendance.

Section 2 Arrival to Duty Assignments

Full-time teachers have a designated on-site work day. Elementary teachers are to be in the building by no later than 7:45 a.m. to be in their classroom no later than 8:00 a.m. and to remain on duty until at least 3:45 p.m. Secondary school (6-12 grade) teachers are to be in the building by no later than 7:45 p.m. to be in their classroom no later than 8:00 a.m. (supervision by 7:50 a.m.) and to remain on duty until at least 3:45 p.m. Certificated employees other than teachers are expected to meet the same guidelines for entry to the building, being in their assigned duty area, and duty departure time. Teachers and other certificated employees who are part-time or work on adjusted schedules are to be in the building at least 10 minutes before their class or assigned duty begins, and to be in their classroom or assigned duty area at least 10 minutes before their class or assignment begins. During the school day, teachers are to be in their assigned classroom when each period begins to assure that students are not unsupervised within the classroom.

Parking Lot Duty

Individual staff members will be assigned parking lot duty on a weekly basis, information pertaining to individual dates will be released at the beginning of each school year. If the staff member has a conflict with the assigned date, it is their responsibility to find a replacement. Weekly parking lot duty for the assigned staff member begins at 7:50 am and concludes at 8:05 am. Prior to reporting to the duty, staff should retrieve a radio from the high school office.

Regardless of the weather, when participating in parking lot duty, staff should be centrally located, or as directed by the principal, enforcing district policy and assisting students as needed. In the event that a significant discipline issue or traffic violation is witnessed, please refer the instance to the administration immediately via radio, or following the conclusion of the designated time.

Section 3 Leaving School

Teachers are to be on duty at all times during the school day. Teachers are considered on duty even during designated planning periods. An uninterrupted lunch period of not less than 30-minutes each day is provided to teachers during which they are not assigned teaching, supervisory, or other duties. Teachers who leave the school during the designated lunch period must check out with the Principal's office.

Teachers may not leave school during duty hours without approval of the Principal. If the absence has been approved, the teacher must check out with the Principal's office when leaving, and check back in with the Principal's office upon return. Teachers who need to leave during the school day for reasons of illness or emergency are to check out with the Principal's office and make sure that a responsible person has been notified of their unexpected absence so student coverage may be provided.

Section 4 Lesson Plans

Teachers will prepare written lesson plans which cover at least five days of advance instruction. Lesson plans are to be accessible to the principal upon request. The plans must include the elements of the district's adopted instructional design model. Please keep the plans, including lesson plans, class rosters, etc. in an easy to find location in your teacher desk (preferably the right hand top drawer.) If that is not possible, the plans should be kept in a place in which they will be readily available in the teacher's absence. Teachers are encouraged to place and share (with the principal) lesson plans on a google document.

The lesson plans must be sufficiently clear in establishing learner objectives, state standards being addressed and related activities so that they are easily used by a substitute teacher or other staff member not familiar with previous classroom activities or progress. The plans must give specific reference to other instructional sources immediately available which will enhance the instructional lesson.

Section 5 Daily Class Record Books

Every teacher is required to keep a complete and easily understandable written record of the attendance and achievement of every student using the student information system (PowerSchool).

PowerSchool Gradebook

1. The names of all students enrolled in the class.
2. Updated weekly to accommodate submissions for the eligibility lists and to provide students/guardians with updated and accurate information **via Online Access**.
3. A complete report of all recorded grades for each student. A minimum of two grades per week is recommended for the frequency of recorded grades (or for the giving of written lessons or examinations). Be sure that you assess frequently enough and that you record grades frequently enough to readily and realistically justify the term and final grades which are reported to parents/guardians.

PowerSchool Attendance

1. Report absences and tardies on PowerSchool at the beginning of each period (first 10 minutes) for grades 6-12. At the elementary, attendance is taken within the first 15 minutes of the school day.
2. Review the Absence Summary Report on a daily basis and report any discrepancies to the attendance secretary for correction. Upon request a student's individual record in the teacher's class record book shall be made available for review or copying. Information relating to other students should not be allowed to be seen by other students or parents.

Because the entries in the class record book/PowerSchool constitute a source of original entry for information which may be needed in the absence of the teacher, teachers are required to deliver the teachers' class record books to the Principal at the close of the school year for filing in the permanent records. Teachers who return to Raymond Central Public Schools and who wish to refer to the previous year's class record book may request the return of the class record book. Such books shall again be brought to the office for permanent filing when the teacher is finished with them, or at the close of the current term.

Section 6 Classroom and School Procedures

Teachers are expected to adhere to the following classroom and school procedure in the performance of their duties:

1. Student/Guardian Handbook

Each teacher is expected to be familiar with and enforce the guidelines and regulations that are described in the Student/Guardian Handbook.

2. Bulletin Boards/Learning Posters

Each teacher shall be responsible for completing appropriate bulletin boards and/or learning posters regarding curriculum related matters in their primary classroom.

3. Text Book and Room Inventory

All school purchased materials must be inventoried with the building bookkeeper or secretary. Textbooks are to be numbered, stamped with the school stamp and should display the name of the student whom the book is assigned. Teachers should keep good records of who has which book. At the start of the year, note condition of the textbook on the inventory sheet and keep this sheet. When a book is turned in, note the condition, and if the book shows abuse (other than normal wear) assess a fine that you consider is fair. Insist that students put covers on their books by the end of the first week after receiving them.

4. Use of Cell Phones

Teachers shall not use personal cell phones for any non-school purpose during teacher duty time.

5. Use of Paraprofessionals

Paraprofessionals provide valuable assistance in the educational process and allow teachers to carry out their responsibilities in a more efficient and effective manner. A paraprofessional must not, however, assume a teacher's responsibilities. The teacher must maintain the role of leadership and responsibility for the students, with the paraprofessional in a supportive role. Paraprofessionals may be used to assist the teacher by, among other tasks, assisting with instructional activities under the direction of the teacher, helping to supervise students, copying tests and other written material, organizing class materials, preparing bulletin boards, grading tests or class work, and calculate grades and record grades. Paraprofessionals are to work only on their assigned work days and within their assigned work day. If the teacher desires the para to work hours other than the assigned work hours or assigned work day, contact the administration for approval.

6. Use of Student Aides

Student aides are to be directly supervised by the teacher and are not to leave the building or be in the halls or anywhere they are not being supervised. Student aides are not to be used to assist the teacher by helping supervise another student, grade tests or class work, calculate student grades or record grades. Keys are NEVER to be given to students, whether they are student aides or not. A student aid should not be present and assisting a teacher without another adult present after the end of regular teacher duty hours.

7. Checking Out of Equipment

All equipment must be checked out through the building principal. All school equipment may be used only for school purposes. No school equipment may be directed to the personal use of a teacher or another District employee without administrative approval.

8. Requisition of Equipment and Supplies

Books, equipment and supplies which are needed for instruction should be budgeted through the Principal's office. These budgeted items are purchased through the spring requisition process. All budgeted purchase requests outside of the normal spring requisition process should be kept to a minimum. Requested items not included in the budget may be denied approval. No equipment or supplies ordered through the District may be directed to the personal use of a teacher or another District employee.

9. E-mail

Each teacher will be assigned a school e-mail address for purposes of intra-school and inter-school e-mail correspondence. Teachers should check for e-mail throughout the day, and should timely respond to e-mails which require a response, but should avoid checking and responding to e-mails during instructional time. Use of the District's e-mail system for personal communications should be limited, and is subject to the rules governing overall computer usage found in Board policy and this handbook.

10. Teacher Mailbox

Each teacher will be assigned a mailbox located in the school office. Teachers should check for mail each morning and also later in the school day, if possible. If something requires an answer teachers are responsible for responding promptly. Teacher mailboxes are to be limited to communicate regarding school business.

11. Teachers Meetings

Teachers' meetings will be held on an as needed basis. ALL teachers are expected to be present for the meetings, unless they are absent from school for good cause or have made prior arrangements. Teacher collaboration meetings will take place as identified on the District Calendar.

12. Daily Bulletin/Announcements

At the elementary level, announcements will be made daily to students via the school's intercom system. Weekly announcements and bulletins will be posted on the school website and emailed to parents / guardians during the school day every Friday or last day of the school week. Individual teachers may choose to send bulletin announcements with their preferred communication platform such as SeeSaw, Google Classroom, Class Dojo, or email. The frequency of these communications are at the discretion of the individual classroom teacher.

13. Student Passes

Students should not be in the hallway during class time unless they have a hall pass. Use discretion in issuing passes to student(s) as they will be allowed only three passes per day. The student planner is the only means by which a student can obtain a pass. When issuing a pass please check to ensure that the planner belongs to the person requesting the pass. Students have time to go to their lockers during passing time and should not need to go during class time.

14. Advisor Supervision

The purpose of advisor period is to provide time for a variety of student activities inclusive of study time on some occasions.

Teachers are expected to supervise and execute the plans designed for Advisor in a professional and responsible manner. Teachers are expected to closely monitor students and ensure that they are on task as prescribed for the session.

15. Substitute Teacher File

Each teacher is to maintain an up-to-date substitute file which remains in their classroom and is easy to locate. The substitute file should contain the following information in addition to what the office has already submitted to the file:

- a. A current list of all students in class (including student picture) and a seating chart for each class.
- b. Rules and regulations that your classes routinely follow.
- c. Location of books, materials, and supplies.
- d. Lunch schedule and procedures.
- e. Any other information unique to your teaching assignment.

Section 7 Supervision of Students

Proper supervision of students is an important responsibility for teachers and other adults responsible for our students. Teachers and other adults responsible for student supervision are expected to meet the four “P’s” for student supervision and safety.

Proper Supervision

- a. Report to all duty assignments on time.
- b. Circulate through your duty area. Pay particular attention to areas and activities that pose an increased risk of injury.
- c. Be vigilant while supervising students. Never leave your classroom unattended; the need to make a copy is not greater than the need to supervise your students. If an emergency requires that you leave your classroom, request that another nearby staff member cover your class, or notify the office so someone can provide assistance. If you are on grounds, lunch, or hall duty, your responsibility is to supervise the students in your assigned area. When talking with other adults or students, remember that your primary duty is supervision and make sure you are aware of what all students who you are to be supervising are doing.
- d. If you have seen or have been informed that a particular student has a propensity to act dangerously or in an unpredictable manner, your supervision of that student must increase with the known risk of injury. (Remember, though, that this type of information may be confidential—do not share confidential information about students except with other staff who need to know the information to perform their jobs).
- e. Be careful with touching students. Use of corporal punishment is prohibited at Raymond Central Public Schools. Touching students should be limited to that necessary to protect the student from harm (e.g., falling from playground equipment) and that which professional educators determine appropriate for purposes of proper student relationships.
- f. Be careful with your language. Profanity or abusive language should not be used by you. Be a good role model for students. If a student uses such language, you should correct the student and take such disciplinary action as is appropriate, which may include making a report to administration.

Proper Instructions

- a. Proper instructions are important to reduce the risk of injury when students undertake an activity, especially an activity that has an increased risk of harm to students.
- b. Repeat the instructions on how to complete a task that has a heightened risk of danger as often as needed. Do not assume because students heard the directions once that they will be remembered.
- c. When you go over safety rules with students, note it in your written records (e.g., your lesson plan book or planner).
- d. Review playground and classroom safety rules with students at least once each semester and note when you do it in your written records. Also, if any students are absent when you review the rules, contact the student(s) to review the same information and also note that contact in your written records.

Proper Maintenance of Buildings, Grounds, and Equipment

- a. Conduct periodic inspections of equipment under your control or in your area of supervision.
- b. If equipment is broken and presents a risk of injury, immediately take it out of service (if it can’t be moved, tape a “Do Not Use” sign) and notify the office so those repairs may be undertaken.
- c. Check your communication device (whether it be a school phone in your supervision area, a walkie-talkie, or a cell phone) periodically to make sure you can communicate with the office immediately in the event of an emergency.

Proper Warnings

- a. If you have knowledge of a hazard that can likely cause injury, take steps to warn other staff and students. Tell the office so additional warnings may be given.

1. Contact the Office for Assistance

The office administration should be contacted immediately when a situation exists which could cause injury to students or

others. Examples include:

- student fight
- student health problem (fainting, bleeding, high temperature, difficulty breathing, etc.);
- a report or a suspicion that a student has a weapon or other dangerous item or drugs, alcohol, or other illegal substances
- presence of an intruder (a non-student or staff member who refuses to go to the office)

2. Student Searches

Office administration should be notified in the event that a student is suspected of having contraband. A teacher should not search a student unless they are assisting a school official, or in the event of an emergency. You may direct a student suspected of having an item in violation of school rules to wait with you until another adult is present, or to follow you to the office if you can leave your assigned area without causing risk of harm to others. Do not use physical force to detain the student or to make the student accompany you except as reasonably necessary to protect the student or others.

3. Student Rights

Students should be treated fairly and given the same treatment without consideration of race, color, religion, gender, or disability. Students who need special accommodations should be given those accommodations as needed for them to participate in school and school activities. Further, students have the right to have their school records kept confidential. Such information should be shared only with other school staff with a need to know the information to perform their duties.

Section 8 Managing Student Conduct

Discipline is everyone's responsibility. It begins with the student being responsible for his/her own behavior and understanding the consequences it may cause. The teacher is responsible for articulating classroom expectations at the beginning of the school year, implementing the classroom expectations on a consistent basis, and being familiar with the student handbook. All staff is responsible for all students in the hallways, in the rest rooms, at assemblies, at pep rallies, and during lunch. Consequences for inappropriate behavior may include students making up time before or after school, a student or a parent conference, or a referral to an administrator.

The following guidelines will assist in maintaining appropriate student conduct and complying with the process required for student discipline.

1. On the first day of class make students aware of classroom expectations. Students will accept them if they know in advance and if they are fair and consistent. Students often appreciate giving input on classroom rules. These expectations should be in writing. Give one copy to the students, post one copy in the room and provide one copy for the principal.
2. It is important to document student behavior in your classroom, calls to parents, referrals, and/or communications with a student.
3. If, after attempts to improve student behavior, the problems continue, talk to the student's counselor or the Principal about possible alternatives in discipline procedures. Be attentive and respond to "bullying."
4. If a student continues to cause problems, inform the administration for disciplinary action using the approved reporting forms. Be sure to state the problem clearly and expectations in terms of assistance, as at times the student's and teacher's stories are different. Be prepared to provide documentation.
5. Follow up on any referral. The student may not go to the principal or the counselor when sent. The administrator or attendance coordinator will inform the teacher of the consequences.
6. Refer students with continued and significant behavioral problems to the student assistance team for a determination of whether the student is in need of special services. Contact the counselor if you have questions as to the procedure.
7. Talk with other teachers about the classroom management techniques they use to establish an atmosphere conducive to learning in their classroom. A large repertoire of classroom management techniques always enhances learning.
8. Read and understand the student handbook and the student conduct rules of the District.
9. Use good judgment when dealing with difficult situations involving students. Be attentive to de-escalating behaviors as part of your normal protocol. Physical confrontation generally escalates tense situations. Corporal punishment is prohibited in our school district and is not to be used. Physical force may only be used to the extent reasonably necessary to protect the student, yourself and others, and to protect property as may be reasonable.
10. Violations of student rules which are also violations of state law are required to be reported to law enforcement. Make a report of such conduct to the Principal so this law may be followed.

Procedures for identifying unusual student behavior

Staff should use the following guidelines when you encounter students exhibiting unusual behaviors that merit further investigation. Your primary concern is to focus on student behavior, always remember there are a variety of potential causes leading to altered behaviors. Our responsibility is to protect all students and to remain aware and alert to potential problems.

1. The teacher's role is to explore/investigate in nonintrusive ways and then make administration aware of your findings. Your preliminary explorations should not alert a student to your concerns. It is not the teacher's role to approach and/or question a student about suspicions, leave that to the administration. Issues of this nature should remain confidential at all

times. Do not draw unnecessary attention to the student.

2. Classroom teachers should observe students' behaviors, smell, visual appearance, motor skills, responsiveness, etc. when determining whether or not they need to forward a concern about a student to the administration.
3. The classroom teacher should determine the immediacy of the situation and contact the building administration accordingly. It may be something that can wait until after class, or it may be something that necessitates an immediate call to the office. Teachers are reminded to keep all communications and conversations private to protect the dignity of all students. In the event of an emergency the classroom teacher should refer to the crisis manual.
4. Staff members involved should prepare a written statement of their observations; including date, time, parties involved and any additional information.
5. Once the student has been referred to the office, the administration will make a determination of reasonable suspicion prior to proceeding to the next step in the investigation.
6. If possible, staff members will be notified of the situation at a later time.

Section 9 Dispensing Medication

Teachers are not permitted to give any medication to students unless trained under the Medication Aid Act, Neb. Rev. Stat. §71-6718 to 71-6743. Students who need to take prescription medicine must have a signed parent release form on file in the office. Medications are to be taken in the presence of the office staff, the nurse, or medication aide and are to be stored in the office. Medical procedures are not to be administered in the classroom except in accordance with the District's Safety and Security Management Plan and the District's Emergency Protocol (asthma/anaphylaxis protocol).

If students must take medication and/or perform medical procedures prescribed by a duly licensed physician during school hours, it is the responsibility of the parents or guardians to sign permission to dispense the medicine at the school and to submit a note or prescription from the physician authorizing the medicine and/or medical procedure. School district personnel will not administer medicine, including over the counter medicine, without this signed form and note or prescription. Any medication brought to school needs to be properly labeled. The label should include the following information: Student's name, name of medication, dosage needed, and time of dispensing the medication.

Section 10 Reporting Child Abuse

Nebraska State Law and school policy mandates school officials to make a report to the proper law enforcement agency or the Department of Health and Human Services (Child Protective Services) when there is reasonable cause to believe that a child has been abused or neglected, or a child is in a situation which would reasonably result in abuse or neglect. According to Nebraska State Law, abuse or neglect means knowingly, intentionally, or negligently causing or permitting a minor child to be:

- (a) Placed in a situation that endangers his or her life or physical or mental health;
- (b) Cruelly confined or cruelly punished;
- (c) Deprived of necessary food, clothing, shelter, or care;
- (d) Left unattended in a motor vehicle if such minor child is six years of age or younger;
- (e) Sexually abused; or
- (f) Sexually exploited by allowing, encouraging, or forcing such person to solicit for or engage in prostitution, debauchery, public indecency, or obscene or pornographic photography, films, or depictions.

Teachers are to inform their principal or supervisor that they intend to make a report. Administrative staff may sometimes choose to make the report for a teacher. However, informing a principal or supervisor does not end the teacher's responsibility; teachers are obligated to make certain a report was made if they do not do it themselves.

It is vital that the report be made as accurately and as soon as possible. To assure accuracy, you are encouraged to document the date of the incident and specific statements or explanations made by a child regarding an abuse/neglect concern. Timeliness in making a report will assist in minimizing further risk to the child by allowing the police or Child Protective Services workers to interview the child during the school day and prior to an evening or weekend. In cases of physical injury (e.g., bruising or other marks), it is essential the police observe and document the injury. A counselor or an administrator will help you.

Section 11 Safety and Security

All staff are responsible for reading, understanding, and executing the protocols described in the Raymond Central Crisis Response and Safety Manual as well as protocols that are expressed during specific drills and training. All classrooms will have a copy of the manual as well as up to date class rosters in the Emergency folder located in each classroom.

Section 2 Evaluations

Evaluations of teachers will be conducted in accordance with the District's evaluation policy. Supervisors reserve the right to observe, appraise or evaluate teachers more frequently than required by policy on an as-needed basis. Teachers are expected to participate constructively and positively in the evaluation process and to accept and implement constructive suggestions and improvement strategies developed by the administration.

Section 3 Role Model

Teachers serve as role models for students and their actions and conduct reflect on the school as a whole. Teachers are in all respects to conduct themselves in a professional manner.

Section 4 Relationships

It is important for teachers to maintain an effective working relationship with the administration and all co-workers, including other teachers and support staff. Teachers are also to maintain appropriate relationships with students. Appropriate relationships are established by extending social courtesies, following through on commitments and promises, complying with administrative directives and Board policies, being honest and consistent, and not intruding into personal matters outside the scope of duties or gossiping or spreading rumors about others.

Section 5 Professional Attire

It is important for teachers to project a professional image to students, parents and co-workers. Appropriate attire and grooming is one of the means of projecting a professional image. Teachers are expected to maintain conservative and professional attire and grooming when on duty. As professionals, teachers are expected to be aware of the standard to be maintained. As a minimal guide, teachers should not wear clothing which students would not be permitted to wear at school. The administration may establish more detailed guidelines for individual teachers should that be necessary.

Section 6 Private Tutoring

Teachers are encouraged to provide individual assistance to students as a part of their duties. Teachers and other certificated staff shall not act as agents, or accept commission, royalties, or other rewards for books or other school materials, the selection or purchases of which they may influence.

A professional employee may not provide private tutoring or professional services in exchange for compensation from a source other than the School District without advance approval of the Superintendent:

1. to a child that the employee teaches or provides professional services in the course and scope of the employee's duties to the School District; or
2. in a facility owned or under the control of the District; or
3. during the employee's duty hours.

Professional employees who accept engagements to provide private tutoring or professional services are to make clear that the services are not being provided on behalf of the School District to the extent the recipient of the services may in any way otherwise be caused to believe the services are provided through the School District.

Section 7 Outside Employment

Teachers shall not perform duties unrelated to District employment during duty hours. In addition, teachers shall not engage in employment which conflicts with their school duties. Teachers are not required to notify the District of outside employment except: (1) teachers who are also employed by another Nebraska school district in order to comply with Nebraska State Retirement System regulations and (2) teachers who have a work-related injury in order to comply with workers' compensation requirements.

Section 8 Student Recognition

Teachers are responsible for participating in, promoting and supporting the Student Recognition Program that has been developed at Raymond Central Public Schools. A more detailed description of this program can be provided by the building principals. Graduation is considered a main event that all professional staff should attend.

Section 9 Professional Boundaries between Employees and Students

All employees are expected to observe and maintain professional boundaries between themselves and students. A violation of professional boundaries will be regarded as a form of misconduct and may result in disciplinary action.

The following non-exclusive list of actions will be regarded as a violation of the professional boundaries that employees are expected to maintain with a student:

- Using e-mail, text messaging, instant messaging or social networking sites to discuss with a student a matter that does not pertain to school-related activities, such as the student's homework, class activity, school sport or club, or other school-sponsored activity. Electronic communications with students are to be sent simultaneously to multiple recipients, not to just one student, except where the communication is clearly school-related and inappropriate for persons other than the individual student to receive (for example, e-mailing a message about a student's grades).
- Engaging in social-networking friendships with a student on Facebook, Twitter, Instagram, SnapChat, TikTok, or other social networking site. Material that employees post on social networks that is publicly available to those in the school community must reflect the professional image applicable to the employee's position and not impair the employee's capacity to maintain the respect of students and parents or impair the employee's ability to serve as a role model for children.
- Engaging in sexual activity, a romantic relationship, or dating a student or a former student within one year of the student graduating or otherwise leaving the District.
- Making any sexual advance – verbal, written, or physical – towards a student.
- Showing sexually inappropriate materials or objects to a student.
- Discussing with a student sexual topics that are not related to a specific curriculum.
- Telling sexual jokes to a student.
- Invading a student's physical privacy (e.g., walking in on the student in a restroom).

- Hugging or other physical contact with a student that is initiated by the employee when the student does not seek or want this attention.
- Being overly "touchy" with a specific student.
- Allowing a specific student to get away with misconduct that is not tolerated from other students, except as appropriate for students with an IEP or 504 Plan.
- Discussing with the student the employee's problems that would normally be discussed with adults (e.g., marital problems).
- Giving a student a ride in the employee's personal vehicle without express permission of the student's parent or school administrator unless another adult is in the vehicle.
- Taking a student on an outing without obtaining prior express permission of the student's parent or school administrator.
- Inviting a student to the employee's home without prior express permission of the student's parent and school administrator.
- Going to the student's home when the student's parent or a proper chaperone is not present.
- Giving gifts of a personal nature to a specific student.

Appropriate exceptions are permitted to the foregoing for legitimate health or educational purposes and for reasons of familial relationships between employees and their children who are students in the District.

Section 10 Intellectual Property

All items that are created in the fulfillment of identified job responsibilities and purchased by district funds are property of Raymond Central Public Schools. When permanently exiting the district staff should leave all district items for future use.

- Paper items that have been created by staff should be copied or scanned. All original hard copies should be left with the building administrator.
- Once copied, digital items should be consolidated into a file; identified on the server under the teachers last name. The teacher should provide their building principal with information as to location of the items on the APS server.
- Items that have been purchased by the district should be left in the teacher's room, or work area. This includes but is not limited to; textbooks, office supplies, computers, furniture, manuals, articles of clothing, electronic devices, etc...

Section 11 Fundraising

Fundraising is the selling of a product, providing a service or activity, or requesting donations of any kind. School fundraising directly funds school programs and student organizations.

Within District policies and regulations, all fundraising activities by school-sponsored groups must have the approval of the building principal. If questions arise about the appropriateness of a given activity, the principal is expected to consult with the Superintendent who, in turn, may seek reactions from the Raymond Central Board of Education.

General Guidelines:

- Must have prior building principal approval. Before approval, expenditure purpose must be given to the Principal and Activities Director. School District employees who supervise official school programs or extracurricular activities are directed to not organize, conduct, or involve students in fundraising activities unless the fundraising activity has been approved by the building principal.
- Fundraising activities are to be considered for approval based on the following criteria:
 1. Students will not be exploited for sectarian, political, or commercial purposes.
 2. The project will accomplish the goals for the fundraiser without undue risk of financial loss.
 3. All students will benefit equally or the organization will benefit as specified in advance from fundraising proceeds.
 4. All sales of food and beverages shall comply with District nutrition and wellness policies and regulations.
 5. Organizations will be allowed one fundraiser involving the selling of a product or a good.
 6. The project meets all legal requirements.
- Donations may be sought as part of fundraising efforts.

Sales and Fundraising in Schools Sales in schools shall be subject to the following guidelines:

- Students may not be required to participate in fundraising or to provide a donation if raising money is part of a class or curricular project.
- Students will not be required to sell a required amount nor will they be penalized for not selling a required amount (Example: lettering, etc.).
- Students cannot sell products or services during the time they are in class.

- Sales of food or beverages cannot occur during the breakfast and/or lunch period of a regular school day.
- Control of sales before, during and after school is in the hands of school principals or designees who are responsible for maintaining compliance with sales and fundraising policies and regulations.
- All sales of food and beverages shall comply with District nutrition and wellness policies and regulations.

Management of Funds and Records

- Must follow strict money collection policies and procedures as outlined by each building and district policy. See Board Policy 3200 Article 3.
- All funds collected must be given by the fundraiser sponsor intact (i.e., cash and checks must be deposited in the same cash/check mix in which they were received) to the building principal or designee for deposit into the School District depository account no later than the next school day following receipt.
- Funds may not be deposited into personal accounts and may not be taken home.
- The fundraiser sponsor shall submit all records related to the fundraising project at the conclusion of the project. The records to be maintained and submitted include:
 1. Fundraiser Approval
 2. Purchase order or procurement card receipt
 3. Invoices and Packing slips
 4. Student checkout sheets
 5. Deposit receipts
 6. Inventory of merchandise and records of credit or receipt for returned merchandise

Fundraising by Outside Organizations

Outside organizations are non school-funded groups such as parent/teacher organizations, sports booster groups, and commercial enterprises that provide supplementary services to existing school entities. Outside organizations are separate and apart from the School District. Examples of outside organizations are: PTO, Music Boosters, Athletic Boosters, Post Prom Committee, and Parents for Fine Arts.

Article 6 – ACADEMIC MATTER

Section 1 Purpose and Goals of Academic Achievement

The Raymond Central Board of Education is committed to providing a quality education for all Raymond Central students consistent with the school's mission statement. Effective, quality instruction by teachers is an essential means of meeting the District's mission of providing a quality education.

Section 2 Teaching to Student Understanding to Assure Learning

Each teacher is responsible for teaching in a manner to meet the mission of the District and to assure student understanding and learning of the principles and concepts to be presented to students within the curriculum adopted by the District. Teachers will model classroom instruction using the Raymond Central Instructional Framework implemented by the District and instructional practices reflected in the teacher evaluation instrument adopted by the Board of Education. Teachers are responsible for familiarizing themselves with the Raymond Central Instructional Framework and the principles of instruction set forth in the evaluation instrument. The administration shall provide periodic in-services regarding both.

State and federal laws and regulations have been enacted which require that students with certain needs be provided instruction and services consistent with those special needs. Examples include students who have been verified as in need of special education ("special education students"), students with other disabilities which impact the educational program ("504 students"), and limited English proficient students ("LEP or ELL students"). The District's policy is to comply with the state and federal laws and regulations in all respects. Teachers who are assigned special education, 504, or LEP/ELL students are required to provide instruction and services consistent with legal requirements and the requirements of Board policy and regulation.

Section 3 Instruction in the Curriculum

Teachers shall instruct students in the curriculum, including the use of curriculum materials, adopted and implemented by the Board of Education and as directed by the administration.

Section 4 Measuring and Reporting Academic Achievement

Grades and Grading. Measuring and accurately reporting the level of each student's academic achievement is of critical importance to students, parents, staff, the board of education and community. To this end, each teacher shall develop a variety of assessment instruments and techniques to measure student achievement in the curriculum adopted and implemented by the school district, record the results of such assessment, and report such results on Report Cards. Teachers should endeavor to measure student learning and understanding on a frequent basis during each grading period to provide an accurate evaluation of each student's academic achievement for that period. It is generally preferable to give numerical grades for tests, quizzes, and daily work. GRADES MUST BE RECORDED FOR ALL CURRICULAR AREAS.

Recording Grades. Each teacher shall **record grades in PowerSchool. PowerSchool grades must be updated weekly.** A sufficient number of grades must be recorded in the grade book to justify all quarter and semester grades for each student. Please keep consistent and complete records. Teachers must be able to support and justify the grades that each individual student earns.

Grade Scales. Teachers are to use only the grading scales set forth below. Any deviation from the approved grade scales must be approved by the building principal.

STUDENT EVALUATION SCALE: The grade scales are expected to be used according to the following guidelines:

1. No other grade scales are to be used on official records or reports.
2. "Failing," "unsatisfactory" or equivalent terms indicate that student performance does not meet the minimum requirements established for the course. A final mark of "failing" or "unsatisfactory" in a credit-bearing course means that credit hours will not be granted.
3. The mark given at the end of each reporting period is considered an evaluation of the pupil's status at the time (for example, the final mark in a semester course is an evaluation of the pupil's status as of the close of the semester; not an average of two nine-week marks).
4. Teachers may exercise professional judgment in distributing marks. Marks are not expected to be distributed on a normal curve.

Reconsideration of Grades/Marks

Questions raised concerning duly assigned grades will be resolved cooperatively in a conference which includes the teacher(s) involved and the Principal. In the event a grade is questioned by parents or students, the parents/guardians and/or student may be included in the conference.

Failure to resolve the issue will result in a second conference involving the Superintendent or designee and the participants in the initial conference described above. The grades designated by teachers will not be changed unilaterally by the Superintendent unless the Superintendent determines that the grade is not consistent with the requirements of law, Board policy, or the best interests of the District.

Transfer Grades. A student transferring into Raymond Central Public Schools will have all grades awarded in accordance to Board Policy 5003.

Reports to Parents. At the elementary schools, grades and credit are assigned on a quarter (9 weeks) basis. Reports are sent to parents at the close of each nine weeks during the school year; the reporting periods are referred to as 1st quarter, 2nd quarter, 3rd quarter, and 4th quarter.

The grade reports are produced from information supplied by teachers and distributed to students at school or are mailed to parents.

All grades are calculated on a cumulative basis per course term; i.e., the grade given at any point and time represents an evaluation of work done during that semester, and the grade given at the close of the semester represents an evaluation of all the work done during the entire eighteen weeks.

The mid-semester and end-of-semester reports are directed to parents, not to students. Students probably know quite well how they stand in such areas as citizenship, attitude, cooperation, attendance, preparation of assignments, etc. The parents do not have this knowledge. If any such factors have significant bearing on the student's grades or their relationship with teachers, comment should be included on the report. The comments may call attention to deficiencies, faults, or failures; or they may be commendatory in nature. If carefully prepared, they can be most valuable. Parents need to have information about areas of strengths and areas needing improvement and progress being made by their child. For their instruction, and for our ultimate well-being, if and when problems arise, it is essential that the reports be as informative as possible.

Please accept, cooperatively and professionally, the responses that parents may make subsequent to the distribution grade reports or progress reports. Parents are not always helpful or reasonable under these circumstances but they do need information and direction. Please encourage parents to discuss their student-centered problems with you and give them all possible assistance.

Progress Reports To Parents. Progress reports are prepared at or near one quarter (1/4) and three quarters (3/4) of the way through each semester. These reports will be sent home with students. Any student receiving a D or F will have a copy mailed to their parents.

Academic Eligibility. Academic eligibility for activity participants will be maintained on a weekly basis. Teachers will enter students earning a grade of "D" or "F" in their classes into POWERSCHOOL each Monday before noon. Further ineligibility guidelines can be found in the Student/Guardian Handbook.

1. Resource students or Sec. 504 students who are not receiving a passing mark should only be placed on the ineligible list after consultation with the resource teacher and/or case manager. Referral must be made to the resource teacher.
2. Teachers who submit names to the eligibility list will be responsible for personally contacting parents about the student's status. He or she will work with the student and parent to establish an academic plan of improvement. Parents of students who appear on the list for two (2) consecutive weeks will receive additional written documentation from the teacher. This reporting will continue until the problem is resolved or the end of the semester. If a staff member has not informed the student and his/her parents/guardians during the probationary week that the student is receiving an "F" and has a week to raise the grade, the student will not be placed on the ineligible list the following week.

Section 5 School Improvement

Goals for improvement are defined and prioritized annually by the Board of Education. Campus School Improvement goals and action plans should be aligned with BOE goals and the PLC goals should flow from the Campus Goals. All staff are expected to be involved in the School Improvement Process.

Section 6 Parent-Teacher Conferences

Parent-Teacher conferences are a critical opportunity for teachers to dialogue with parents (or guardians) of students regarding student achievement and learning. To this end, fall and spring Parent-Teacher conferences will be scheduled and held during the school year. Teacher attendance at Parent-Teacher conferences is mandatory. The appropriate attire for this event is business professional. A teacher may only be excused from attendance at Parent-Teacher conferences in writing by the Superintendent. The schedule setting forth the dates and times for the Parent- Teacher conferences for the school years is as follows:

Teachers are expected to be prepared for such conferences. Being prepared includes having completed grade reports and other necessary information by the Parent-Teacher conference.

Section 7 Field Trips

All field trips and subsequent activities must be tied to the curriculum. There must be academic expectations tied to these activities. Teachers should obtain permission from the building principal for field trips and should expect to provide sound rationale for the activity. Local community activities should be reported to the principal. Teachers must complete a field trip request at least two weeks in advance of the planned trip and they must communicate to all teachers a list of who will be absent one week prior to the trip.

A district application form is required for extended field trips. The school retains the right to deny a student the privilege of field trip participation. We encourage teachers to schedule field trips throughout the school year as transportation is problematic in the spring.

The teacher, coach, and/or adult sponsor are charged with the management and handling of students when on school transportation vehicles. As a sponsor you are charged with the following responsibilities:

SAFETY ITEMS:

1. Submit Transportation Manifest as required.
2. Keep the noise level down.
3. There should be 'no talking or noise' when the bus is stopped at railroad crossings.
4. Make sure students stay seated. Avoid standing, kneeling, changing seats, and peering over seats.
5. Sign activity sheet after trip as required.
6. Keep all aisles and emergency exits cleared.
7. All district transportation vehicles have forms entitled BASIC FIRST AID and EMERGENCY EVACUATION PROCEDURES. All sponsors should know where these forms are located and be informed on evacuation procedures.

COURTESY ITEMS:

1. Sponsors should sit in a location that ensures they can monitor students effectively. Sitting at front with all students behind you is not advised.
2. Sponsor is charged with ensuring that the bus/vans are picked up. That duty can be delegated to students but sponsor should perform a walkthrough to make sure it is appropriately executed.

Section 8 — Advisory Program

Students in seventh through twelfth grades will participate in the advisor/advisee program. Each student will be assigned to a faculty member to be part of a group made up of seventh and eighth graders, ninth, tenth, eleventh, and twelfth graders. The teacher advisor group will meet daily for 45 minutes. The activities of the advisory group may include but not be limited to the following:

1. Orientation to the school and its procedures and organization of academic materials, class preparation, and time.
2. Communication with the parents of advisees about academic and behavioral experiences.
3. Advocacy for the student with other staff members and students.
4. A means of representation on Student Council and internal communication.
5. Delivery of designated curriculum.

Section 9 Nebraska State Assessment Requirements

All students in grades 3-8 will be required to take the Nebraska State Assessment, currently referred to as NSCAS. Students will test from late March to early May. Required tests will include NSCAS math, English language arts, and science.

Incoming ninth grade students who fail to meet the required state proficiency levels on any Nebraska state assessment may be remediated in the individual courses he/she did not meet proficiency standards. Remediation may include remedial courses in either summer skills, or during the regular semester. Please note; the additional course could possibly cause conflict in scheduling electives.

All juniors will be required to take the ACT test. The ACT test will be administered in the second semester and students will take all of the state required portions of the test. Currently, the required sections include English, Reading, Math, Science, and Writing.

Section 10 Dating Violence

Raymond Central Public Schools strives to provide physically safe and emotionally secure environments for all students and staff. Positive behaviors are encouraged in the educational program and are required of all students and staff. Dating violence will not be tolerated.

For purposes of this policy “dating violence” means a pattern of behavior where one person uses threats of, or actually uses, physical, sexual, verbal, or emotional abuse to control his or her dating partner. “Dating partner” means any person, regardless of gender, involved in an intimate relationship with another person primarily characterized by the expectation of affectionate involvement whether casual, serious, or long term.

Incidents of dating violence involving students at school will be addressed as the administration determines appropriate, within the scope and subject to the limits of the District’s authority.

Staff training on dating violence shall be provided as deemed appropriate by the administration. The dating violence training shall include, but need not be limited to, basic awareness of dating violence, warning signs of dating violence, and the District’s dating violence policy.

Dating violence education that is age-appropriate shall be incorporated into the school program. Dating violence education shall include, but not be limited to, defining dating violence, recognizing dating violence warning signs, and identifying characteristics of healthy dating relationships.

The administration will be responsible for ensuring that this dating violence policy is published in the school district’s student-parent handbook or an equivalent such publication. Parents and legal guardians shall be informed of the dating violence policy by such other means as the administration determines appropriate. If requested, parents or legal guardians shall be provided a copy of the dating violence policy and relevant information.

Article 7 – USE OF SCHOOL FACILITIES AND EQUIPMENT

Section 1 Drug-Free Workplace

The District has established the school as a drug-free workplace. The drug-free workplace for this purpose includes school grounds, school utilized vehicles, and places in which school activities are held.

The unlawful manufacture, distribution, disposition, possession, or use of a controlled substance is prohibited in the workplace. The possession, use or distribution of illicit drugs or alcohol, the use of glue or aerosol paint or any other chemical substance for inhalation, and being under the influence of illicit drugs, alcohol, or inhalants, is prohibited in any place while teachers are on duty time. Any level of impairment from illicit drugs, alcohol, or inhalants, and the presence of any odor of illicit drugs (such as marijuana) or alcohol on a teacher in the workplace or on duty time shall be a violation of the drug-free workplace. The possession or distribution of a look-alike drug or look-alike controlled substance is prohibited. In addition, teachers are expected to serve as role models for students and will be considered to have violated the District's expectations in the event the teacher commits a criminal drug or alcohol offense off the work place or off duty time.

Disciplinary sanctions up to and including termination of employment and referral for prosecution will be imposed upon teachers who violate the aforementioned standards of conduct. Sanctions may include the requirement that the teacher complete an appropriate rehabilitation program, a reprimand, and termination of employment. Drug and alcohol counseling and rehabilitation and reentry programs are available through local health agencies.

Section 2 Smoke and Tobacco-Free Workplace

The use of tobacco products in the District's buildings and all owned or leased facilities and vehicles is prohibited.

Section 3 Weapon-Free Workplace

The District prohibits any person from being in possession of a weapon at a school attendance facility, on school property, at a school-supervised activity, or at a school-sponsored function. Any teacher found to be in violation of this policy shall be subject to disciplinary action, up to and including termination.

The term "weapon" means an instrument or object used, or which may be used, as a means of attack, defense, or destruction, including, without limitation:

- a. Any object which will, or is designed to, or may readily be converted to, expel a projectile by the action of an explosive or other means;
- b. The frame or receiver of any object described in the preceding example;
- c. Any firearm muffler or silencer;
- d. Any explosive, incendiary or gas (a) bomb, (b) grenade, (c) rocket, (d) missile, (e) mine, or similar device;
- e. Any bludgeon, sand club, metal knuckles, or throwing star;
- f. Any knife other than as used for strictly instructional or personal care or eating purposes. A pocket knife with a blade of 2-1/2 inches or more is a prohibited weapon. A switch-blade knife is prohibited regardless of size of the blade. A switch-blade knife is defined as a knife with a blade that opens automatically by hand pressure applied to a button, spring, or other device in the handle of a knife, or any knife having a blade that opens or falls or is ejected into position by the force of gravity or by an outward, downward, or centrifugal thrust or movement;
- g. Any electronic device designed to discharge immobilizing levels of electricity, commonly known as a stun gun;
- h. A teacher may possess mace or other similar chemical agents in quantity and/or concentration typically designed for individual personal defensive purposes and this shall not be considered as possession of a weapon. Possession of larger quantities and/or concentrations of mace or other similar chemical agents than is typically designed for individual personal defensive purposes will be considered as possession of a weapon. Usage of mace or other similar chemical agents will be considered as usage of a weapon if the usage is found to be for non-defensive purposes. A teacher who is negligent in their possession of mace or other similar chemical agents will be subject to disciplinary action.
- i. A teacher may possess an item which may be considered a weapon where such item is used for instructional purposes and the teacher has received approval of the administration to possess the item, provided it is used in the manner approved and is maintained in such manner as the administration has directed.
- j. Any other object that is designed for or intended for use as a destructive or injurious device.

The phrase "possession of a weapon" includes, without limitation, a weapon in a teacher's personal possession, as well as in a teacher's motor vehicle, desk, locker, briefcase, backpack, or purse.

Section 4 Use of District Computer Network and Internet Safety Policy

It is the policy of Raymond Central Public Schools to comply with the Children's Internet Protection Act (CIPA) and Children's Online Privacy Protection Act (COPPA). With respect to the District's computer network, the District shall: (a) prevent user access to, or transmission of, inappropriate material via Internet, electronic mail, or other forms of direct electronic communications; (b) provide for the safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications; (c) prevent unauthorized access, including so-called "hacking," and other

unlawful activities online; (d) prevent unauthorized online disclosure, use, or dissemination of personal identification information of minors; (e) obtain verifiable parental consent before allowing third parties to collect personal information online from students; and (f) implement measures designed to restrict minors' access to materials (visual or non-visual) that are harmful to minors.

1. Definitions. Key terms are as defined in CIPA. "Inappropriate material" for purposes of this policy includes material that is obscene, child pornography, or harmful to minors. The term "harmful to minors" means any picture, image, graphic image file, or other visual depiction that: (1) taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; (2) depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and (3) taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.
2. Access to Inappropriate Material. To the extent practical, technology protection measures (or "Internet filters") shall be used to block or filter Internet, or other forms of electronic communications, access to inappropriate information. Specifically, as required by the CIPA, blocking shall be applied to visual depictions of material deemed obscene or child pornography, or to any material deemed harmful to minors. Subject to staff supervision, technology protection measures may be disabled or, in the case of minors, minimized only for bona fide research or other lawful purposes.
3. Inappropriate Network Usage. To the extent practical, steps shall be taken to promote the safety and security of users of the District's online computer network when using electronic mail, chat rooms, instant messaging, and other forms of direct electronic communications. Specifically, as required by CIPA, prevention of inappropriate network usage includes: (a) unauthorized access, including so-called 'hacking,' and other unlawful activities; and (b) unauthorized disclosure, use, and dissemination of personal identification information regarding minors.
4. Supervision and Monitoring. It shall be the responsibility of all members of the District staff to supervise and monitor usage of the online computer network and access to the Internet in accordance with this policy and CIPA. Procedures for the disabling or otherwise modifying any technology protection measures shall be the responsibility of the Superintendent and the Superintendent's designees.
5. Social Networking. Students shall be educated about appropriate online behavior, including interacting with others on social networking websites and in chat rooms, and cyberbullying awareness and response. The plan shall be for all students to be provided education on these subjects. The Superintendent or the Superintendent's designee shall be responsible for identifying educational materials, lessons, and/or programs suitable for the age and maturity level of the students and for ensuring the delivery of such materials, lessons, and/or programs to students.
6. Parental Consent. The District shall obtain verifiable parental consent prior to students providing or otherwise disclosing personal information online.
7. Adoption. This Internet Safety Policy was adopted by the Board at a public meeting, following normal public notice.
8. The District shall comply with the Nebraska Student Online Personal Protection Act and will endeavor to take all reasonable and necessary steps to protect the online privacy of all students.

Section 5 Computer Acceptable Use Policy

This computer acceptable use policy is supplemental to the District's Internet Safety Policy.

1. Technology Subject to this Policy. This Computer Acceptable Use Policy applies to all technology resources of the District or made available by the District. Technology resources include, without limitation, computers and related technology equipment, all forms of e-mail and electronic communications, and the internet.
2. Access and User Agreements. Use of the District technology resources is a privilege and not a right. The Superintendent or designee shall develop appropriate user agreements and shall require that employees, students (and their parents or guardians), and others to sign such user agreements as a condition of access to the technology resources, as the Superintendent determines appropriate. Parents and guardians of students in programs operated by the District shall inform the Superintendent or designee in writing if they do not want their child to have access.

The Superintendent and designees are authorized and directed to establish and implement such other regulations, forms, procedures, guidelines, and standards to implement this Policy.

The technology resources are not a public forum. The District reserves the right to restrict any communications and to remove communications that have been posted.

3. Acceptable Uses. The technology resources are to be used for the limited purpose of advancing the District's mission. The technology resources are to be used, in general, for educational purposes, meaning activities that are integral, immediate, and proximate to the education of students as defined in the E-rate program regulations.

4. Unacceptable Uses. The following are unacceptable uses of the technology resources:

- a. **Personal Gain:** Technology resources shall not be used, and no person shall authorize its use, for personal financial gain other than in accordance with prescribed constitutional, statutory, and regulatory procedures, other than compensation provided by law.
- b. **Personal Matters:** Technology resources shall not be used, and no person shall authorize its use, for personal matters unless the User has entered into a lease agreement or other similar agreement with the School District that makes such use permissible under law.

Occasional use that the Superintendent or designee determines to ultimately facilitate the mission of the District is not prohibited by this provision. Examples of occasional use that may be determined to ultimately facilitate the mission of the District: sending an e-mail to a minor child or spouse; sending an e-mail related to a community group in which an employee is a member where the membership in the community group facilitates the District's mission.

This occasional use exception does not permit use by employees contrary to the expectations of their position. For example, employees may not play games or surf the net for purposes not directly related to their job during duty time; nor may students do so during instructional time.

The occasional use exception also does not permit use of the technology resources for private business, such as searching for or ordering items on the internet for non-school use; or sending an e-mail related to one's own private consulting business.

- c. **Campaigning:** Technology resources shall not be used, and no person shall authorize its use, for the purpose of campaigning for or against the nomination or election of a candidate or the qualification, passage, or defeat of a ballot question.
- d. **Technology-Related Limitations:** Technology resources shall not be used in any manner which impairs its effective operations or the rights of other technology users. Without limitation:
 - 1) Users shall not use another person's name, log-on, password, or files for any reason, or allow another to use their password (except for authorized staff members).
 - 2) Users shall not erase, remake, or make unusable another person's computer, information, files, programs or disks.
 - 3) Users shall not access resources not specifically granted to the user or engage in electronic trespassing.
 - 4) Users shall not engage in "hacking" to gain unauthorized access to the operating system software or unauthorized access to the system of other users.
 - 5) Users shall not copy, change, or transfer any software without permission from the network administrators.
 - 6) Users shall not write, produce, generate, copy, propagate, or attempt to introduce any computer code designed to self-replicate, damage, or otherwise hinder the performance of any computer's memory, file system, or software. Such software is often called a bug, virus, worm, Trojan horse, or similar name.
 - 7) Users shall not engage in any form of vandalism of the technology resources.
 - 8) Users shall follow the generally accepted rules of network etiquette. The Superintendent or designees may further define such rules.
- e. **Other Policies and Laws:** Technology resources shall not be used for any purpose contrary to any District policy, any school rules to which a student user is subject, or any applicable law. Without limitation, this means that technology resources may not be used:
 - 1) to access any material contrary to the Internet Safety Policy; or to create or generate any such material.
 - 2) to engage in unlawful harassment or discrimination, such as sending e-mails that contain sexual jokes or images.
 - 3) to engage in violations of employee ethical standards and employee standards of performance, such as sending e-mails that are threatening or offensive or which contain abusive language; use of end messages on e-mails that may imply that the District is supportive of a particular religion or religious belief system, a political candidate or issue, or a controversial issue; or sending e-mails that divulge protected confidential student information to unauthorized persons.
 - 4) to engage in or promote violations of student conduct rules.
 - 5) to engage in illegal activity, such as gambling.
 - 6) in a manner contrary to copyright laws.
 - 7) in a manner contrary to software licenses.

5. Disclaimer. The technology resources are supplied on an “as is, as available” basis. The District does not imply or expressly warrant that any information accessed will be valuable or fit for a particular purpose or that the system will operate error free. The District is not responsible for the integrity of information accessed, or software downloaded from the Internet.

6. Filter. A technology protection measure is in place that blocks and/or filters access to prevent access to Internet sites that are not in accordance with policies and regulations. In addition to blocks and/or filters, the District may also use other technology protection measures or procedures as deemed appropriate.

Notwithstanding technology protection measures, some inappropriate material may be accessible by the Internet, including material that is illegal, defamatory, inaccurate, or potentially offensive to some people. Users accept the risk of access to such material and responsibility for promptly exiting any such material.

The technology protection measure that blocks and/or filters Internet access may be disabled only by an authorized staff member for bona fide research or educational purposes: (a) who has successfully completed District training on proper disabling circumstances and procedures, (b) with permission of the immediate supervisor of the staff member requesting said disabling, or (c) with the permission of the Superintendent. An authorized staff member may override the technology protection measure that blocks and/or filters Internet access for a minor to access a site for bona fide research or other lawful purposes provided the minor is monitored directly by an authorized staff member.

7. Monitoring. Use of the technology resources, including but not limited to internet sites visited and e-mail transmitted or received, is subject to monitoring by the administration and network administrators at any time to maintain the system and insure that users are using the system responsibly, without notice to the users. Users have no privacy rights or expectations of privacy with regard to use of the District’s computers or Internet system. All technology equipment shall be used under the supervision of the Superintendent and the Superintendent’s designees.

8. Sanctions. Violation of the policies and procedures concerning the use of the District technology resources may result in suspension or cancellation of the privilege to use the technology resources and disciplinary action, up to and including expulsion of students and termination of employees. Use that is unethical may be reported to the Commissioner of Education. Use that is unlawful may be reported to the law enforcement authorities. Users shall be responsible for damages caused and injuries sustained by improper or non-permitted use.

Section 6 Care of School Property

Teachers are responsible for the proper care of all books, equipment, supplies and furniture supplied by the school. If an item is in need of maintenance or repair, report it to the Principal. If you learn that a student has damaged school property or equipment, or if you are responsible for damage to school property, promptly report it to the Principal so the item may be replaced or repaired if possible and appropriate responsibility for the cost of replacement or repair may be determined.

Section 7 Use of Telephone/Cell Phone

Staff members will have access to a school phone and voicemail at their teaching stations. This phone is provided for your convenience in completing contacts to parents, vendors, and other school- related functions. Staff members should use discretion in taking and making calls during the school day. Please be aware of the following regulations:

1. Place personal or school calls during planning periods or before or after school. This includes use of cell phone calls and texting placed or received. *Only emergency calls will be forwarded to you and/or should be sent or received by you during your obligated duty time.* Do not discuss student progress over the phone where other students could overhear the conversation.
2. Long distance business calls will be logged and submitted upon request.
3. Long distance personal calls should be completed using a personal calling card or your cell phone.
4. Students should not be allowed to use school phone for personal use.
5. Voice mail should be checked regularly during the school day; use planning periods, lunch break or before and after school times to answer mail. All incoming personal and professional calls will be forwarded to your voice mailbox.
6. Staff members should regularly update their personal messages as schedules change (such as sports seasons) to reflect their availability.
7. Student cell phones and other devices should be turned off, (please note; OFF does not mean vibrate) prior to entering the classroom, media center or study hall. At no time should a student’s cell phone interrupt the educational process. Student cell phones should not be on during scheduled class time. This means that students should not use their cell phone if they are excused to the restroom or any location outside the classroom. If a student is caught in the hallway during class time using their cell phone it will be confiscated.

8. To ensure the privacy and confidentiality of student information, no person is authorized to record or transmit any sound or image of any person (including themselves) without the prior consent or authorization of either (1) the person or persons being recorded or whose image or sound is being transmitted or (2) the Superintendent or Superintendent's designee. This prohibition applies to all persons, including staff, students and community members, regardless of the content or context of the image or sound; however, this provision shall not apply to District-sponsored athletic or activity events where the focus of the recording or transmission is on the student performances or activity. Nothing in this provision shall prohibit the recording of an Individualized Education Program meeting if the recording is necessary to ensure that the parent understands the IEP or the IEP process or to implement other parental rights guaranteed by the Individuals with Disabilities Education Act.

Section 8 Visitors

Teachers are not to have visitors on school property except on a short-term basis and only with permission of the principal. Included in the definition of visitors are family members of the teacher. Visitors should follow posted procedures for being on school property. Teachers are not to bring their children to school with them in lieu of taking them to childcare. **All visitors will be required to wear Identification badges during the scheduled day, while on school property.**

Section 9 Salespersons

Teachers need not allow, and should not permit, any salesperson or representative or agent of any commercial enterprise or theatrical presentation to contact the teacher while engaged in the teacher's duties except for such times as may be designated by the Superintendent or designee. By law, the hours of no solicitation are between 8:30 a.m. and 5:00 p.m. on all days school is in session. If you are required to be at work earlier than 8:30 a.m., the hours are extended to that earlier time as well.

Teachers shall not use classrooms, buildings or other school property for personal use or profit without specific approval from the Superintendent or designee. Teachers shall not use time for which the teacher is on duty or paid by the District to engage in any activity for personal financial profit. Any violation of this policy will be held to be willful insubordination.

Section 10 Security of Desks and Lockers

Offices, teacher desks, lockers, file cabinets and other such storage devices ("storage devices") are owned by the school and are to be properly cared for and maintained. Appropriate security measures should be used to protect school and personal property kept in storage devices from theft or vandalism and to protect confidential student records.

The school exercises exclusive control over school property and reserves the right to search offices and storage devices provided to or used by employees where permitted by law, such as where reasonable grounds exist for suspecting that a search will turn up evidence that the employee has committed work-related misconduct, or that a search is necessary for a non-investigatory work-related purpose, such as to retrieve a file. School-related documents or records must remain readily available to administration and other appropriate school staff. Any personal items a teacher wants to have kept private should be kept in a separate personal storage device, such as a brief case, purse or backpack.

The District is not responsible for any personal property teachers may bring to school. Teachers are cautioned not to bring large amounts of money or items of significant value to school.

Section 11 Bulletins and Announcements

Bulletin boards and display cases are available for school-related and approved materials to be posted and displayed. Posters to be used in the halls or materials for distribution will need to be approved by the Principal's office. The person or organization responsible for distributing the posters is responsible to see that all posters are removed within 48 hours after the event.

Section 12 Copyright and Fair Use Policy

It is the school's policy to follow the federal copyright law. Staff and students are reminded that, when using school equipment and when completing course work, they also must follow the federal copyright laws. The federal copyright law governs the reproduction of works of authorship. Copyrighted works are protected regardless of the medium in which they are created or reproduced; thus, copyright extends to digital works and works transformed into a digital format. Copyrighted works are not limited to those that bear a copyright notice.

The "fair use" doctrine allows limited reproduction of copyrighted works for educational and research purposes. The relevant portion of the copyright statute provides that the "fair use" of a copyrighted work, including reproduction "for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research" is not an infringement of copyright. The law lists the following factors as the ones to be evaluated in determining whether a particular use of a copyrighted work is a permitted "fair use," rather than an infringement of the copyright:

- the purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes;
- the nature of the copyrighted work;
- the amount and substantiality of the portion used in relation to the copyrighted work as a whole, and
- the effect of the use upon the potential market for or value of the copyrighted work.

Although all of these factors will be considered, the last factor is the most important in determining whether a particular use is “fair.” Students should seek assistance from a faculty member if there are any questions regarding what may be copied.

Section 13 Lost and Found

Teachers who find lost articles are asked to take them to the office, where the articles can be claimed by the owner.

Section 14 Safety

Safety Program and Safety Committee

The District has established a Safety and Security Management Plan which includes safety and security plans and procedures, including plans and procedures to address emergency and crisis situations. Teachers are expected to be familiar with and to comply with the Safety and Security Management Plan. The Plan may be obtained for review or copy from the Principal or the Superintendent.

The District also has a safety committee to address employee accidents, injuries and work place conditions. A representative from each bargaining group plus representatives appointed by administration serve on the committee. If you have a desire to serve on the committee, you should contact the President of the teachers’ association. Teachers can make suggestions and/or report concerns to the safety committee in the following ways: (1) contact the teachers’ association representative of the safety committee, (2) contact the President of the teachers’ association, or (3) contact the Safety Committee in care of the Superintendent.

Safety Practices

Guidelines for safe work practices which teachers should follow include the following:

1. Never stand on chairs, counters, tables, etc. Only use step stools, ladders and locking stools to stand, climb, etc., to reach high places, put things on bulletin boards, etc.
2. Always wear protective equipment (i.e., goggles, aprons, gloves, and ear protection).
3. Wipe up spills or report promptly to appropriate personnel. DO NOT assume someone else will do it.
4. Be aware of your surroundings. Pick up clutter, keep your work area or room clean and free of clutter, debris, etc.
5. Identify and report all hazards (i.e., broken equipment, broken or uneven floor surfaces, non-operating tools, windows, doors, etc.). Follow up if not repaired.
6. Do not use equipment if you are not familiar with it or operate machinery without proper training.
7. Do not carry heavy or bulky objects. Get a cart, dolly or assistance. Know how to properly lift.
8. Report any injuries or medical problems to your supervisor immediately and complete the employee accident report.
9. Wear seatbelts when in vehicles where provided.
10. Do not do repetitive tasks for long periods of time (i.e., keyboarding, dipping cookies, cutting out things, filing, typing, etc.). Take breaks, learn and do stretching exercises, etc. Every accident in the school building, on the school grounds, at practice sessions, or at any athletic event sponsored by the school must be reported immediately to the Principal.

As required by law, approved safety glasses will be required of every student and teacher while participating in or observing vocational, technical, industrial technology, science, and art classes. All visitors to these areas must check out a pair of safety glasses when entering any of these areas.

Emergency Information Packets

Each classroom shall have an Emergency Information Packet visibly located near the exit. Teachers should ensure that the following items are in this packet: Emergency Response Manual, updated roster of students occupying the classroom, teacher identification badge, red and green card, paper and pencil. Teachers are to take these packets with them during emergency evacuations of any nature.

Fire and Severe Weather exit routes and safety areas are to be visibly posted near the exit in each classroom. Guidelines for these procedures can be found in the Emergency Response Manual.

Security Measures

All entrance doors will be locked from 8:15 a.m. - 3:30 p.m. All outer doors are to be closed during the school day (exceptions may be made due to environmental issues). Any teacher upon seeing a ‘stranger’ in the hallway will look for a visitor badge and if one is not visible you will direct and/or lead them to the high school office. The high school secretary will check in all

visitors and issue a visitor badge to them.

Security System Procedures

Each individual staff member has been issued a key for entrance into the building and a security code to be used outside of school operational hours. Once in the building please make certain that the door shuts and locks behind you. At no time should the doors to the school be propped or left open. In an attempt to further ensure the safety of the staff and students, video cameras have been placed throughout the interior and exterior of the building.

During the school day the doors will unlock in the morning at 6:30 am (secondary school) and 7:30 a.m. (elementary schools) and stay open until 8:15 am, with exception to the main entrances. After the school day, the building will remain locked down.

Use of Personal Vehicles

Teachers who drive school vehicles or volunteer to use their personal automobile to transport students must have a valid driver's license and proof of insurance. Teachers will be provided a Driver's Certification form to verify this information and to be given instruction on emergency evacuation and first aid. Teachers who drive school vehicles or transport students in their personal vehicles are responsible for following safe driving practices, including use of seat belts by all occupants. When driving your personal vehicle, you are assuming an additional degree of personal liability for any injury or accident. Teachers are not to use cell phones while driving a school vehicle or while transporting children.

Accidents

Every accident which results in a personal injury must be reported to the Principal immediately. In the event the injury involves a student, the teacher responsible for the student either as teacher, coach or sponsor is responsible for making the report. If the injury occurs in the presence of the teacher, the teacher is also responsible for making a report.

Workers Compensation

Teachers are required to immediately report any work-related injury and/or work-related medical condition to their supervisor and complete all appropriate paperwork.

The Raymond Central Public School District does not discriminate on the basis of sex, disability, race (including skin color, hair texture and protective hairstyles), color, religion, veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, sexual orientation or gender identity, or other protected status in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups. B. Prohibited Harassment, Discrimination, and Retaliation of Employees, Students and Others.

1. **Purpose:** The Raymond Central Public School District is committed to offering employment and educational opportunity to its employees and students in a climate free of discrimination. Accordingly, unlawful discrimination, harassment and retaliation of any kind by District employees, including, co-workers, non-employees (such as volunteers), third parties, and others is strictly prohibited and will not be tolerated.

Harassment is a form of discrimination and includes verbal, non-verbal, written, graphic, or physical conduct relating to a person's sex, disability, race (including skin color, hair texture and protective hairstyles), color, religion, veteran

status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, sexual orientation or gender identity, or other protected status, that is sufficiently serious to deny, interfere with, or limit a person's ability to participate in or benefit from an educational or work program or activity, including, but not limited to:

- a. Conduct that is sufficiently severe or pervasive to create an intimidating, hostile, or abusive educational or work environment, or
- b. Requiring an individual to endure the offensive conduct as a condition of continued employment or educational programs or activities, including the receipt of aids, benefits, and services.

Educational programs and activities include all academic, educational, extracurricular, athletic, and other programs of the school, whether those programs take place in a school's facilities, on a school bus, at a class or training program sponsored by the school at another location, or elsewhere.

Discriminatory harassment because of a person's sex, disability, race (including skin color, hair texture and protective hairstyles), color, religion, veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, sexual orientation or gender identity, or other protected status, may include, but is not limited to:

- a. Name-calling,
- b. Teasing or taunting,
- c. Insults, slurs, or derogatory names or remarks,
- d. Demeaning jokes,
- e. Inappropriate gestures,
- f. Graffiti or inappropriate written or electronic material,
- g. Visual displays, such as cartoons, posters, or electronic images,
- h. Threats or intimidating or hostile conduct,
- i. Physical acts of aggression, assault, or violence, or
- j. Criminal offenses

The following examples are additional or more specific examples of conduct that may constitute sexual harassment:

- a. Unwelcome sexual advances or propositions,
- b. Requests or pressure for sexual favors,
- c. Comments about an individual's body, sexual activity, or sexual attractiveness,
- d. Physical contact or touching of a sexual nature, including touching intimate body parts and inappropriate patting, pinching, rubbing, or brushing against another's body,
- e. Physical sexual acts of aggression, assault, or violence, including criminal offenses (such as rape, sexual assault or battery, and sexually motivated stalking), against a person's will or where a person is incapable of giving consent due to the victim's age, intellectual disability, or use of drugs or alcohol,
- f. Requiring sexual favors or contact in exchange for aids, benefits, or services, such as grades, awards, privileges, promotions, etc., or
- g. Gender-based harassment; acts of verbal, nonverbal, written, graphic, or physical conduct based on sex or sex-stereotyping, but not involving conduct of a sexual nature.

If the District knows or reasonably should know about possible harassment, including violence, the District will conduct a prompt, adequate, reliable, thorough, and impartial investigation to determine whether unlawful harassment occurred (see section entitled "Grievance Procedures," below), and take appropriate interim measures, if necessary. If the District determines that unlawful harassment occurred, the District will take prompt and effective action to eliminate the harassment, prevent its recurrence, and remedy its effects, if appropriate. If harassment or violence that occurs off school property creates a hostile environment at school, the District will follow this policy and grievance procedure, within the scope of its authority.

All District employees are expected to take prompt and appropriate actions to report and prevent discrimination, harassment, and retaliation by others. Employees who witness or become aware of possible discrimination, including harassment and retaliation, must immediately report the conduct to his or her supervisor or the compliance coordinator designated to handle complaints of discrimination (designated compliance coordinator).

2. **Anti-retaliation:** The District prohibits retaliation, intimidation, threats, coercion, or discrimination against any person for opposing discrimination, including harassment, or for participating in the District's discrimination complaint process or making a complaint, testifying, assisting, or participating in any manner, in an investigation, proceeding, or hearing. Retaliation is a form of discrimination.

The District will take immediate steps to stop retaliation and prevent its recurrence against the alleged victim and any person associated with the alleged victim. These steps will include, but are not limited to, notifying students, employees, and others, that they are protected from retaliation, ensuring that they know how to report future complaints, and initiating follow-up contact with the complainant to determine if any additional acts of discrimination, harassment, or retaliation have occurred. If retaliation occurs, the District will take prompt and strong responsive action, including possible discipline, including expulsion or termination, if applicable.

3. **Grievance (or Complaint) Procedures:** Employees or students should initially report all instances of discrimination, harassment or retaliation to their immediate supervisor or teacher or to the compliance coordinator designated to handle complaints of discrimination (designated coordinator). If the employee or student is uncomfortable in presenting the problem to the supervisor or teacher, or if the supervisor or teacher is the problem, the employee or student may report the alleged discrimination, harassment or retaliation (“discrimination”) to the designated coordinator, or in the case of students, to another staff person (such as a counselor or principal).

Other individuals may report alleged discrimination to the designated coordinator. If the designated coordinator is the person alleged to have committed the discriminatory act, then the complaint should be submitted to the Superintendent for assignment. A discrimination complaint form is attached to this grievance procedure and is available in the office of each District building, on the District's website, and from the designated coordinators.

Under no circumstances will a person filing a complaint or grievance involving discrimination be retaliated against for filing the complaint or grievance.

i. Level 1 (Investigation and Findings):

Once the District receives a grievance, complaint or report alleging discrimination, harassment, or retaliation, or becomes aware of possible discriminatory conduct, the District will conduct a prompt, adequate, reliable, thorough, and impartial investigation to determine whether unlawful harassment occurred. If necessary, the District will take immediate, interim action or measures to protect the alleged victim and prevent further potential discrimination, harassment, or retaliation during the pending investigation. The alleged victim will be notified of his or her options to avoid contact with the alleged harasser, such as changing a class or prohibiting the alleged harasser from having any contact with the alleged victim pending the result of the District's investigation. The District will minimize any burden on the alleged victim when taking interim measures to protect the alleged victim.

The District will promptly investigate all complaints of discrimination, even if an outside entity or law enforcement agency is investigating a complaint involving the same facts and allegations. The District will not wait for the conclusion or outcome of a criminal investigation or proceeding to begin an investigation required by this grievance procedure. If the allegation(s) involve possible criminal conduct, the District will notify the complainant of his or her right to file a criminal complaint, and District employees will not dissuade the complainant from filing a criminal complaint either during or after the District's investigation.

The District will aim to complete its investigation within **ten (10) working days** after receiving a complaint or report, unless extenuating circumstances exist. Extenuating circumstances may include the unavailability of witnesses due to illness or incapacitation, or additional time needed because of the complexity of the investigation, the need for outside experts to evaluate the evidence (such as forensic evidence), or multiple complainants or victims. If extenuating circumstances exist, the extended timeframe to complete the investigation will **not exceed ten (10) additional working days without the consent of the complainant, unless the alleged victim agrees to a longer timeline.** Periodic status updates will be given to the parties, when appropriate.

The District's investigation will include, but is not limited to:

- a. Providing the parties with the opportunity to present witnesses and provide evidence.
- b. An evaluation of all relevant information and documentation relating to the alleged discriminatory conduct.
- c. For allegations involving harassment, some of the factors the District will consider include: 1) the nature of the conduct and whether the conduct was unwelcome, 2) the surrounding circumstances, expectations, and relationships, 3) the degree to which the conduct affected one or more students' education, 4) the type, frequency, and duration of the conduct, 5) the identity of and relationship between the alleged harasser and the suspect or suspects of the harassment, 6) the number of individuals involved, 7) the age (and sex, if applicable) of the alleged harasser and the alleged victim(s) of the harassment, 8) the location of the incidents and the context in which they occurred, 9) the totality of the circumstances, and 10) other relevant evidence.
- d. A review of the evidence using a “preponderance of the evidence” standard (based on the evidence, is it more likely than not that discrimination, harassment, or retaliation occurred?)

The designated compliance coordinator (or designated investigator) will complete an investigative report, which will include:

- a. A summary of the facts,
- b. Findings regarding whether discrimination, harassment or other inappropriate conduct occurred, and
- c. If a finding is made that discrimination, harassment or other inappropriate conduct occurred, the recommended remedy or remedies necessary to eliminate discrimination, harassment or other inappropriate conduct.

If someone other than the designated compliance coordinator conducted the investigation, the compliance coordinator will review, approve, and sign the investigative report. The District will ensure that prompt, appropriate, and effective remedies are provided if a finding of discrimination, harassment, or retaliation is made. The District will maintain relevant documentation obtained during the investigation and documentation supportive of the findings and any subsequent determinations, including the investigative report, witness statements, interview summaries, and any transcripts or audio recordings, pertaining to the investigative and appeal proceedings.

The District will send concurrently to the parties written notification of the decision (findings and any remedy) regarding the complaint within **one (1) working day** after the investigation is completed. The Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. § 11232g; 34 C.F.R. Part 99, permits the District to disclose relevant information to a student who was discriminated against or harassed.

ii. Level 2 (Appeal to the Superintendent):

If a party is not satisfied with the findings or remedies (or both) set forth in the decision, he or she may file an appeal in writing with the Superintendent within **five (5) working days** after receiving the decision. The Superintendent will review the appeal and the investigative documentation and decision, conduct additional investigation, if necessary, and issue a written determination about the appeal **within ten (10) working days** after receiving the appeal. The party who filed the appeal will be sent the Superintendent's determination at the time it is issued, and a copy will be sent to the designated compliance coordinator. [If the Superintendent is the subject of the complaint, the party will file the appeal directly with the Board.]

iii. Level 3 (Appeal to the Board):

If the party is not satisfied with the Superintendent's determination, he or she may file an appeal in writing with the Board of Education **within five (5) working days** after receiving the Superintendent's determination. The Board of Education will review the appeal, the Superintendent's determination, the investigative documentation and decision, and allow the party to address the Board at a Board meeting to present his or her appeal. The party will be allowed to address the Board at the Board's next regularly scheduled Board meeting (unless the Board receives the appeal within one week of the next regularly scheduled Board meeting) or at a time and date agreed to by the Board, designated compliance officer and the party. The Board will issue a written determination about the appeal **within thirty (30) days** after the party addresses the Board. The party who filed the appeal will be sent the Board's determination at the time it is issued, and a copy will be sent to the designated compliance coordinator. The Board's determination, and any actions taken, will be final on behalf of the District.

4. **Confidentiality:** The identity of the complainant will be kept confidential to the extent permitted by state and federal law. The District will notify the complainant of the anti-retaliation provisions of applicable laws and that the District will take steps to prevent retaliation and will take prompt and strong responsive actions if retaliation occurs.

If a complainant requests confidentiality or asks that the complaint not be pursued, the District will take all reasonable steps to investigate and respond to the complaint consistent with the request for confidentiality or the request not to pursue an investigation, as long as doing so does not prevent the District from responding effectively to the harassment and preventing harassment of other students. If a complainant insists that his or her name or other identifiable information not be disclosed to the alleged perpetrator, the District will inform the complainant that its ability to respond may be limited. Even if the District cannot take disciplinary action against the alleged harasser, the District will pursue other steps to limit the effects of the alleged harassment and prevent its recurrence, if warranted,

5. **Training:** The District will ensure that relevant District employees, including but not limited to officials, administrators, teachers, substitute teachers, counselors, nurses and other health personnel, coaches, assistant coaches, paraprofessionals, aides, bus drivers, and school law enforcement officers, are adequately trained so they understand and know how to identify acts of discrimination, harassment, and retaliation, and how to report it to appropriate District officials or employees.

6. Designated Compliance Coordinators will be responsible for:

- a. Coordinating efforts to comply with anti-discrimination, anti-harassment, and anti-retaliation laws and regulations.
- b. Coordinating and implementing training for students and employees pertaining to anti-discrimination, anti-harassment and anti-retaliation laws and regulations, including the training areas listed above.
- c. Investigating complaints of discrimination (unless the coordinator designates other trained individuals to investigate).
- d. Monitoring substantiated complaints or reports of discrimination, as needed (and with the assistance of other District employees, if necessary), to ensure discrimination or harassment does not recur, and that retaliation conduct does not occur or recur.
- e. Overseeing discrimination complaints, including identifying and addressing any patterns or systemic problems, and reporting such patterns or systemic problems to the Superintendent and the Board of Education.
- f. Communicating regularly with the District's law enforcement unit investigating cases and providing current information to them pertaining to anti-discrimination, anti-harassment, and anti-retaliation standards and compliance requirements.
- g. Reviewing all evidence in harassment or violence cases brought before the District's disciplinary committee or administrator to determine whether the complainants are entitled to a remedy under anti-discrimination laws and regulations that was not available in the disciplinary process.
- h. Ensuring that investigations address whether other students or employees may have been subjected to discrimination, including harassment and retaliation.
- i. Determining whether District employees with knowledge of allegations of discrimination, including harassment and retaliation, failed to carry out their duties in reporting the allegations to the designated compliance coordinator and responding to the allegations.
- j. Recommending changes to this policy and grievance procedure.
- k. Performing other duties as assigned.

The designated compliance coordinators will not have other job responsibilities that may create a conflict of interest with their coordinator responsibilities.

7. Preventive Measures: The District will publish and widely distribute on an ongoing basis a notice of nondiscrimination (notice) in electronic and printed formats, including prominently displaying the notice on the District's website and posting the notice at each building in the District. The District also will designate an employee to coordinate compliance with anti-discrimination laws (see Designated Compliance Coordinator section, above, for further information on compliance coordinator), and widely publish and disseminate this grievance procedure, including prominently posting it on the District's website, at each building in the District, reprinting it in District publications, such as handbooks, and sending it electronically to members of the school community. The District will provide training to employees and students at the beginning of each academic year in the areas (B.6.a-g) identified in the Training section, above.

The District also may distribute specific harassment and violence materials (such as sexual violence), including a summary of the District's anti-discrimination, anti-harassment, and anti-retaliation policy and grievance procedure, and a list of victim resources, during events such as school assemblies and back to school nights, if recent incidents or allegations warrant additional education to the school community.

Anti-discrimination

A. Elimination of Discrimination.

The policy of Raymond Central Public Schools is to not discriminate on the basis of sex, disability, race (including skin color, hair texture and protective hairstyles), color, religion, veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, sexual orientation or gender identity, or other protected status, in admission or access to, or treatment with regard to employment or with regard to its programs and activities.

Raymond Central Public Schools and its staff shall comply with all state and federal laws prohibiting discrimination. The Board of Raymond Central Public Schools intends to take any necessary measures to assure compliance with such laws against any prohibited form of discrimination and directs its staff to take all actions necessary to meet this objective.

The Superintendent shall be the Coordinator for anti-discrimination laws (including Title VI, Title IX; the Americans with Disabilities Act of 1990 (ADA), and Section 504 of the Rehabilitation Act of 1973 (Section 504)) and complaints or concerns involving discrimination or compliance with those laws should be addressed to said Coordinator.

B. Preventing Harassment and Discrimination of Employees and Students.

1. Purpose: Raymond Central Public Schools is committed to offering employment and educational opportunity to its employees and students based on ability and performance in a climate free of discrimination. Accordingly, unlawful discrimination or harassment of any kind by administrators, teachers, co-workers or other persons is prohibited. In addition, Raymond Central Public Schools will try to protect employees or students from reported discrimination or harassment by non-employees or others in the work place and educational environment.

For purposes of this policy, discrimination or harassment based on a person's sex, disability, race (including skin color, hair texture and protective hairstyles), color, religion, veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, sexual orientation or gender identity, or other protected status, is prohibited. The following are general definitions of what might constitute prohibited harassment.

- a. In general, ethnic or racial slurs or other verbal or physical conduct relating to a person's sex, disability, race (including skin color, hair texture and protective hairstyles), color, religion, veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, sexual orientation or gender identity, or other protected status, constitutes harassment when they unreasonably interfere with the person's work performance or create an intimidating work, instructional or educational environment.
- b. Age harassment has been defined by federal regulations as a form of age discrimination. It can consist of demeaning jokes, insults or intimidation based on a person's age.
- c. Sexual harassment has been defined by federal and state regulations as a form of sex discrimination. It can consist of unwelcome sexual advances, requests for sexual favors, or physical or verbal conduct of a sexual nature by supervisors or others in the work place, classroom or educational environment.

Sexual harassment may exist when:

- (a) Supervisors or managers make submission to such conduct either an explicit or implicit term and condition of employment (including hiring, compensation, promotion, or retention);
- (b) Submission to or rejection of such conduct is used by supervisors or managers as a basis for employment related decisions such as promotion, performance evaluation, pay adjustment, discipline, work assignment, etc.
- (c) The conduct has the purpose or effect of unreasonably interfering with an individual's work or educational performance or creating an intimidating, hostile, or offensive working, class room or educational environment.

Sexual harassment may include explicit sexual propositions, sexual innuendo, suggestive comments, sexually oriented "kidding" or "teasing", "practical jokes", jokes about gender-specific traits, foul or obscene language or gestures, displays of foul or obscene printed or visual material, and physical contact, such as patting, pinching or brushing against another's body.

2. Procedures:

- a. Employees or students should initially report all instances of discrimination or harassment to their immediate supervisor or teacher. However, if the employee or student is uncomfortable in presenting the problem to the supervisor or teacher, or if the supervisor or teacher is the problem, the employee or student is encouraged to go to the next level of supervision.
- b. If the report is not satisfactorily resolved within ten calendar days, or if the discrimination or harassment continues, please report your complaint to the Superintendent of Raymond Central Public Schools.
- c. If a satisfactory arrangement cannot be obtained through the Superintendent, the complaint may be processed to the Board of Education.
- d. The person to whom the complaint is made is to thoroughly investigate the complaint and work with the person filing the complaint to seek an appropriate resolution so the discrimination or harassment can be remedied and put to an end.

- e. Complaints of discrimination or harassment will be treated with the utmost confidence, consistent with resolution of the problem.
- f. Based on the results of the investigation, appropriate corrective action, up to and including discharge of offending employees, etc., may be taken.
- g. Under no circumstances will a supervisor or a teacher or the Board threaten or retaliate against a person for alleging discrimination or harassment.

If the District knows or reasonably should know about possible harassment, including violence, the District will conduct a prompt, adequate, reliable, thorough, and impartial investigation to determine whether unlawful harassment occurred (see section entitled “Grievance Procedures,” below), and take appropriate interim measures, if necessary. If the District determines that unlawful harassment occurred, the District will take prompt and effective action to eliminate the harassment, prevent its recurrence, and remedy its effects, if appropriate. If harassment or violence that occurs off school property creates a hostile environment at school, the District will follow this policy and grievance procedure, within the scope of its authority.

All District employees are expected to take prompt and appropriate actions to report and prevent discrimination, harassment, and retaliation by others. Employees who witness or become aware of possible discrimination, including harassment and retaliation, must immediately report the conduct to his or her supervisor or the compliance coordinator designated to handle complaints of discrimination (designated compliance coordinator).

A. Complaint Procedure - Generally

1. Reporting Procedures: All employees are responsible for helping to prevent sexual harassment. Employees or students who believe they have been subjected to, or believe they have witnessed sexual harassment should follow these procedures:
 - a) Directly inform the person engaging in the discrimination or harassment that such conduct is offensive and must stop.
 - b) For employee reporters, contact your principal or supervisor, the principal or supervisor of the offending person, or the Title IX Coordinator if you do not wish to communicate directly with the person whose conduct is offensive or if direct communication with the offending person has been ineffective.
 - c) Report the matter to the Title IX Coordinator if the offending conduct continues or has not been resolved to your satisfaction after you have reported the matter to a principal or supervisor.
 - d) For student reporters, contact any teacher, counselor, or administrator, or the Title IX Coordinator.

Report to the Title IX Coordinator if you are the adult to whom the student has made a report so that the matter can be properly resolved. The Title IX Coordinator is:

2. District Actions upon Report of Sexual Harassment or Sexual Misconduct: Upon receipt of a report of sexual harassment, the Title IX Coordinator, or designee, including but not limited to a building principal or assistant principal, will conduct an initial inquiry. The first step of the inquiry will typically include a preliminary meeting between the individual whom the reporting party alleges has been subjected to sexual harassment or sexual misconduct and the Title IX Coordinator, or designee. The initial inquiry may also include a meeting between the Title IX Coordinator, or designee, and the individual whom the reporting party alleges has committed sexual harassment or sexual misconduct. The purpose of these meetings is to gain a basic understanding of the nature and circumstances of the report, it is not intended to be a full investigative interview. During the initial assessment, the reporting party may also receive information about resources, rights, procedural options, and supportive measures. The Title IX Coordinator, or designee, may inquire into whether the person who has is alleged to have been subject to sexual harassment or misconduct requests resources, no further action, supportive measures, and/or initiation of the “Formal Complaint” process. The Title IX Coordinator will make a reasonable effort to respect the wishes of

the person who experienced sexual harassment or sexual misconduct; however, if the reported incident constitutes an imminent or ongoing threat to school safety, based on the assessment of the Title IX Coordinator, then the Title IX Coordinator may file a Formal Complaint, on behalf of the District, with or without the consent or permission of the person who has experienced sexual harassment or sexual misconduct.

With or without a Formal Complaint, allegations of sexual harassment or discrimination shall be investigated and if substantiated, corrective or disciplinary action will be taken, up to and including dismissal from employment, if the offender is an employee, or suspension and/or expulsion, if the offender is a student. Retaliatory action will not be taken against any person for reporting discrimination or harassment. This policy does not limit or prohibit the District from instituting disciplinary measures pursuant to other Board Policy, rules, or other expectations if the District determines that a person violated District rules or expectations.

B. Formal Complaint Process

The following procedures apply only in the event that a Formal Complaint is filed. All other reports of sexual harassment shall be resolved using the general complaint procedure. Any timelines set forth in the following procedures may be extended by the Title IX Coordinator with notice to the parties.

1. Misconduct Which May Be Investigated Under a Formal Complaint: The Formal Complaint process is only available if the Formal Complaint alleges: (i) conduct which occurs on District grounds or property owned or controlled by the District; (ii) conduct which occurs in the context of District employment or an education program or District-sponsored activity within the United States, and (iii) conduct which occurs when the District has substantial control over both the Respondent and the context in which the sexual harassment or sexual misconduct occurs. The conduct must also fall within one of the following categories: (a) an employee of the District conditioning an aid, service, or benefit of the District on an individual's participation in unwelcome sexual contact; (b) unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a student equal access to the District's education program or activity; (c) sexual assault; (d) domestic violence; (e) dating violence; or (f) stalking.
2. Parties to a Formal Complaint: The only parties to a Formal Complaint are the Complainant, who is the person alleged to have been subject to misconduct, and the Respondent, the person who is alleged to have committed the misconduct.
3. Filing a Formal Complaint: A Formal Complaint may only be filed by a Complainant or the Title IX Coordinator. An employee or student Complainant may file a Formal Complaint in writing with the Title IX Coordinator in person or by mail, or by electronic mail. The Formal Complaint must be signed by the Complainant or by the Title IX Coordinator.
4. Immediate Actions Upon Receipt of Formal Complaint: Upon receipt of a Formal Complaint, the Title IX Coordinator will conduct an initial assessment of the allegations contained within the Formal Complaint to determine if the allegations in the Formal Complaint, if true, allege misconduct which may be investigated under the Formal Complaint process. If the allegations in the Formal Complaint do not allege misconduct which may be investigated under the Formal Complaint process, the Title IX Coordinator must dismiss the Formal Complaint and may proceed under other District policies or procedures. The Complainant will be provided notice in writing if the Formal Complaint is dismissed.

If the allegations in the Formal Complaint allege misconduct which may be investigated under the Formal Complaint process, the Title IX Coordinator shall provide the following to all known parties: (1) The complaint procedure as outlined in this policy; and (2) Notice of the allegations of sexual harassment, known by the District at the time of filing the Notice, including (i) the identities of the parties involved, if known, (ii) the conduct allegedly constituting sexual harassment, and (iii) the date and location of the alleged incident.

The Title IX Coordinator shall then provide the Formal Complaint and the Notice of the Formal Complaint to the District's Title IX Investigator.

5. Investigation of Formal Complaint: Upon receipt of a Formal Complaint, the Investigator will promptly investigate the allegations contained within, even if an outside entity or law enforcement agency is investigating a complaint involving the same facts and allegations. The Investigator will not wait for the conclusion or outcome of a criminal investigation or proceeding to begin an investigation required by this complaint procedure. If the allegation(s) involve possible criminal conduct, the District will notify the Complainant of his or her right to file a criminal complaint, and District employees will not dissuade the Complainant from filing a criminal complaint either during or after the District's investigation.

The Investigator will contact the Complainant, Respondent, and relevant witnesses to schedule interviews. All parties may bring up to two people to this meeting: (1) Support Person and/or (2) Advisor of Choice. The Advisor of Choice may or may not be an attorney. Neither the Support Person nor the Advisor of Choice can direct questions or comments to the Investigator, nor may the Support Person or Advisor of Choice advise a student or employee how to answer the Investigator's questions.

The Investigator will also aim to collect all tangible evidence relevant to the investigation.

The Investigator will complete the investigation within a reasonable time frame, as determined by the Title IX Coordinator. The factors to determine a reasonable time frame include, but are not limited to, the allegations of the Formal Complaint and the number of witnesses that may need to be interviewed. The time frame originally set by the Title IX Coordinator may be extended by the Title IX Coordinator, upon notice to the parties, as deemed necessary to complete the investigation. Periodic status updates will be given to the parties, when appropriate.

- (A) *Neutrality*: The Title IX Coordinator, Investigator, Decision-Maker, or any person designated by the District to facilitate this Formal Complaint process, shall not have any conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent. The District shall ensure that Title IX Coordinator, Investigator, Decision-Maker, and any person who facilitates this Formal Complaint process shall receive training on the definition of sexual harassment, the scope of the District's education program or activity, how to conduct an investigation and complaint process including hearings, appeals, and informal resolution processes, as applicable, and how to serve impartially, including by avoiding prejudgment of the fact at issue, conflicts of interest, and bias.
- (B) *Burden of Production*: It shall be the Investigator's burden to gather evidence sufficient to reach a determination regarding the outcome of the Formal Complaint. To reach a determination, the investigation will include, but is not limited to:
- i. Providing the parties with the opportunity to present witnesses and provide evidence.
 - ii. An evaluation of all relevant information and documentation relating to the alleged discriminatory conduct.
 - iii. A consideration of various factors, including: (1) the nature of the conduct and whether the conduct was unwelcome, (2) the surrounding circumstances, expectations, and relationships, (3) the degree to which the conduct affected one or more students' education, (4) the type, frequency, and duration of the conduct, (5) the identity of and relationship between the alleged harasser and the suspect or suspects of the harassment, (6) the number of individuals involved, (7) the age and sex, if applicable, of the alleged harasser and the alleged victim(s) of the harassment, (8) the location of the incidents and the context in which they occurred, (9) the totality of the circumstances, and (10) other relevant evidence.
 - iv. A review of the evidence using a "preponderance of the evidence" standard. To meet the "preponderance of the evidence" standard, the evidence must show that the discrimination, harassment, or retaliation more likely occurred than did not occur.
- (C) *Rights of the Parties*: The Respondent is entitled to a presumption that the Respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the complaint process. The Investigator must provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence. The Investigator shall not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence.

The District retains the right to place any person on administrative leave during the pendency of the investigation. The District also retains the right to remove a Respondent from the District's educational program prior to the conclusion of the investigation. In the event of a removal, the Respondent shall have the opportunity to challenge the decision for removal by meeting with the Title IX Coordinator to discuss the removal.

- (D) *Conclusion of Investigation*: Prior to the conclusion of the investigation, the Investigator shall send each party the evidence that is subject to inspection and review in an electronic format or a hard copy. This information shall be known as the "Draft Investigative Report." The Draft Investigative Report shall include all evidence obtained as part of the investigation that is directly related to the allegations raised in the Formal Complaint, including the evidence upon which the Investigator does not intend to relay to the ~~Decision-Maker~~ Decision-Maker. The parties shall then have ten (10) calendar days to submit a written response, which the Investigator will consider. Responses may not be submitted by the parties' Advisor of Choice or Support Person, unless such person is the parent or guardian of the Complainant or Respondent. Responses may include corrections to the Investigator's summary of the parties' interviews, suggestions for additional investigation, or additional information not known at the time of the interviews. Any new information provided by the parties during the response period will not result in an additional time period for response by the other party unless determined

necessary by the Title IX Coordinator. The Investigator is not obliged to respond to any question or requests for information in the parties' responses. The Investigator will consider the information provided by the parties and will incorporate relevant information into the Final Investigative Report. The Final Investigative Report will fairly summarize the relevant evidence. The Investigator shall then submit the Final Investigation Report to the Decision-Maker. The parties shall each receive a copy of the Final Investigative Report at the same time as the Decision-Maker.

6. Actions Taken By Decision-Maker Upon Receipt of Final Investigative Report: Upon receipt of the Final Investigative Report, the Decision-Maker shall provide 10 days for each party to submit written, relevant questions that a party wants asked of any party or witness. Questions shall be submitted to the Title IX Coordinator who shall determine whether questions are relevant. The Title IX Coordinator shall contact parties or witnesses to request answers to the parties' relevant questions. The Title IX Coordinator will provide each party, and the Decision-Maker with the answers provided by the opposing party or witness and allow for additional, limited follow-up questions from each party.
7. Notice of Determination: Once the Decision-Maker has received the answers to relevant questions submitted by the parties, the Decision-Maker shall consider the answers and the Decision-Maker shall issue a written determination regarding responsibility by a preponderance of the evidence within a reasonable time frame, as determined by the Title IX Coordinator. The Decision-Maker shall consider all relevant evidence, including inculpatory and exculpatory evidence, and will not consider the credibility of the evidence to be based on a person's status, such as the Complainant, Respondent, or witness. The Decision-Maker shall provide the written determination to both parties simultaneously. The written determination shall include:
 - (a) Identification of the allegations potentially constituting sexual harassment;
 - (b) A description of the procedural steps taken from the receipt of the Formal Complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather evidence;
 - (c) Findings of fact supporting the determination;
 - (d) Conclusions regarding the application of each recipient's code of conduct to the facts;
 - (e) A statement of, and rationale for, the results as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the recipient imposes on the Respondent, and whether remedies designed to restore or preserve equal access to the recipient's education program or activity will be provided by the recipient to the Complainant; and
 - (f) The recipient's procedures and permissible bases for the Complainant and Respondent to appeal.

The Family Educational Rights and Privacy Act (FERPA) permits the District to disclose relevant information to a student who was discriminated against or harassed.

8. Sanctions: At the conclusion of the investigation, the Decision-Maker may institute disciplinary measures against the Respondent if the Decision-Maker determines that the Respondent engaged in sexual abuse or harassment. Disciplinary measures may include, but are not limited to, in-school suspension, out-of-school suspension, expulsion, and, in the case of an employee disciplinary action, up to and including immediate termination from employment.

The Title IX Coordinator is responsible for coordinating the implementation of supportive measures for the victim(s).

C. Appeals

If either party is not satisfied with the outcome of the investigation and the decision of the Decision-Maker, they may appeal on the following bases:

1. Procedural irregularity that affected the outcome of the matter;
2. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
3. The Title IX Coordinator, Investigator, or Decision-Maker had a conflict of interest or bias for or against the Complainant or Respondent generally or the individual Complainant or Respondent that affected the outcome of the matter.

The request for an appeal shall be in writing and submitted on the appropriate document. The appeal document shall be submitted to the Superintendent.

Upon notice of an appeal by either party, the Superintendent of Schools shall notify the other party in writing when the appeal is filed and of the appeal procedures, which apply equally to both parties.

The Superintendent shall give both parties a reasonable, and equal opportunity to submit a written statement in support of, or challenging the outcome.

The Superintendent shall review the investigative report, Decision-Maker's determination, and written statements of the parties and then issue a written decision describing the result of the appeal and the rationale for the result. The Superintendent shall provide the written decision simultaneously to both parties.

D. Informal Resolution

If a Formal Complaint is filed, the District may offer the Complainant and Respondent the opportunity to participate in an informal resolution process. The informal resolution process may take place at any time prior to reaching a determination regarding responsibility. The informal resolution process shall only take place upon:

1. Written notice to both parties disclosing: the allegations, the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a Formal Complaint arising from the same allegations, provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the resolution process and resume the complaint process with respect to the Formal Complaint, and any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared;
2. The parties' voluntary, written consent to the informal resolution process; and
3. That the allegations of the Formal Complaint do not involve any allegations that an employee sexually harassed a student.

E. Record Keeping

The District will maintain relevant documentation obtained during the investigation and documentation supportive of the findings and any subsequent determinations, including the investigative report, witness statements, interview summaries, and any transcripts or audio recordings, pertaining to the investigative and appeal proceedings for a period of seven (7) years.

Section 4 NOTICE TO PARENTS OF RIGHTS AFFORDED BY SECTION 504 OF THE REHABILITATION ACT OF 1973

The following is a description of the rights granted by federal law to qualifying students with disabilities. The intent of the law is to keep you fully informed concerning the decisions about your child and to inform you of your rights if you disagree with any of these decisions. You have the right to:

1. Have your child take part in, and receive benefits from, public education programs without discrimination because of his/her disability.
2. Have the school district advise you of your rights under federal law.
3. Receive notice with respect to identification, evaluation or placement of your child.
4. Have your child receive a free appropriate public education.
5. Have your child receive services and be educated in facilities which are comparable to those provided to every student.
6. Have evaluation, educational and placement decisions made based on a variety of information sources and by persons who know the student and who are knowledgeable about the evaluation data and placement options.
7. Have transportation provided to and from an alternative placement setting (if the setting is a program not operated by the district) at no greater cost to you than would be incurred if the student were placed in a program operated by the district.
6. Have your child be given an equal opportunity to participate in nonacademic and extracurricular activities offered by the district.
9. Examine all relevant records relating to decisions regarding your child's identification, evaluation and placement.
10. Request mediation or an impartial due process hearing related to decisions or actions regarding your child's identification, evaluation, educational program or placement. (You and your child may take part in the hearing. Hearing requests are to be made to the Superintendent).

Section 5 NOTIFICATION OF RIGHTS UNDER FERPA

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

1. The right to inspect and review the student's education records within 45 days of the day the District receives a request for access.

Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading.

Parents or eligible students may ask the School District to amend a record that they believe is inaccurate or misleading. They should write to the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records without consent to officials of another School District in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

U.S. Department of Education
400 Maryland Avenue, S.W.
Washington, D.C. 20202

A parent or eligible student has the right to refuse to let the district designate any or all of those types of information about the student as directory information. The period of time within which a parent or eligible student has to notify the district in writing that he or she does not want any or all of those types of information about the student designated as directory information are as follows: two weeks from the time this information is first received. The district may disclose information about former students without meeting the conditions in this section.

Additional Notice Concerning Directory Information

The District's policy is for education records to be kept confidential except as permitted by the FERPA law, and the District does not approve any practice which involves an unauthorized disclosure of education records. In some courses student work may be displayed or made available to others. Also, some teachers may have persons other than the teacher or school staff, such as volunteers or fellow students, assist with the task of grading student work and returning graded work to students. The District does not either approve or disapprove such teaching practices, and designates such student work as directory information and/or as non-education records. Each parent and eligible student shall be presumed to have accepted this designation in the absence of the parent or eligible student giving notification to the District in writing in the manner set forth

above pertaining to the designation of directory information. Consent will be presumed to have been given in the absence of such a notification from the parent or eligible student.

Notice Concerning Designation of Law Enforcement Unit

The District designates the Saunders County Sheriff's Dept. for Elementary and Lancaster County Sheriff's Dept. for Grades 6-12 as the District's "law enforcement unit" for purposes of (1) enforcing any and all federal, state or local law, (2) maintaining the physical security and safety of the schools in the District, and (3) maintaining safe and drug free schools.

Section 6 NOTICE CONCERNING DISCLOSURE OF STUDENT RECRUITING INFORMATION

Federal law requires Raymond Central Public Schools to provide military recruiters and institutions of higher education access to secondary school students' names, addresses, and telephone listings. Parents and secondary students have the right to request that Raymond Central Public Schools not provide this information (i.e., not provide the student's name, address, and telephone listing) to military recruiters or institutions of higher education, without their prior written parental consent. Raymond Central Public Schools will comply with any such request.

Section 7 NOTICE TO PARENTS OF STUDENTS IN PROGRAMS RECEIVING TITLE I FUNDING

Parents may request, and the District will provide the parents of students attending any school receiving Title I funds on request (and in a timely manner), information regarding the professional qualifications of the student's classroom teachers, including, at minimum, the following:

 - a. has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction

2. Whether the child is provided services by paraprofessionals and, if so, their qualifications.

Testing Opt-Out. Parents may request, and the District will provide the parents of students attending any school receiving Title I funds on request (and in a timely manner), information regarding any State or District policy regarding student participation in any State or District assessments, including the District's policy and procedure on the parental right to opt the child out of such assessment(s). The District shall also make widely available through public means (including by posting in a clear and easily accessible manner on the District's website) information on each State or District assessment, including:

1. the subject matter addressed;
2. the purpose for which the assessment is designed and used;

5. the time and format for disseminating results.

Language Instruction Programs. If the District receives Title I funds, parents of English learners will be informed regarding how the parents can:

 - c. meet the challenging State academic standards expected of all students.

The District will also inform parents of an English learner identified student of opportunities to participate in various school programs, as set forth in ESSA. Please contact the administrative office to receive the foregoing information.

The Superintendent shall take or cause other staff to take such action as required by law for the District to maintain compliance with ESSA and specific ESSA grant programs in which the District participates.

Section 8 STUDENT PRIVACY PROTECTION POLICY

It is the policy of Raymond Central Public Schools to develop and implement policies which protect the privacy of students in accordance with applicable laws. The District's policies in this regard include the following:

Right of Parents to Inspect Surveys Funded or Administered by the United States Department of Education or Third Parties: Parents shall have the right to inspect, upon the parent's request, a survey created by and administered by either the United States Department of Education or a third party (a group or person other than the District) before the survey is administered or distributed by the school to the parent's child.

Protection of Student Privacy in Regard to Surveys of Matters Deemed to be Sensitive: The District will require, for any survey of students which contain one or more matters deemed to be sensitive (see section headed "Definition of Surveys of

Matters Deemed to be Sensitive”), that suitable arrangements be made to protect student privacy (that is, the name or other identifying information about a particular student). For such surveys, the District will also follow the procedures set forth in the section entitled: “Notification of and Right to Opt-Out of Specific Events.”

Right of Parents to Inspect Instructional Materials: Parents shall have the right to inspect, upon reasonable request, any instructional material used as part of the educational curriculum for their child. Reasonable requests for inspection of instructional materials shall be granted within a reasonable period of time after the request is received. Parents shall not have the right to access academic tests or academic assessments, as such are not within the meaning of the term “instructional materials” for purposes of this policy. The procedures for making and granting a request to inspect instructional materials are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal. The building principal, within five (5) school days, shall consult with the teacher or other educator responsible for the curriculum materials. In the event the request can be accommodated, the building principal shall make the materials available for inspection or review by the parent, at such reasonable times and place as will not interfere with the educator’s intended use of the materials. In the event there is a question as to the nature of the curriculum materials requested or as to whether the materials are required to be provided, the building principal shall notify the parent of such concern, and assist the parent with forming a request which can reasonably be accommodated. If the parent does not formulate such a request, and continues to desire certain curriculum materials, the parent shall be asked to make their request to the Superintendent.

Rights of Parents to be Notified of and to Opt-Out of Certain Physical Examinations or Screenings. The general policy and practice of the District is to not administer physical examinations or screenings of students which require advance notice or parental opt-out rights under the applicable federal laws, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law; and (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act. For physical examinations or screenings which do not fit into the applicable exceptions, the District will follow the procedures set forth in the section entitled: “Notification of and Right to Opt-Out of Specific Events.”

Protection of Student Privacy in Regard to Personal Information Collected from Students: The general policy and practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information. The District will make reasonable arrangements to protect student privacy to the extent possible in the event of any such collection, disclosure, or use of personal information. “Personal information” for purposes of this policy means individually identifiable information about a student including: (1) a student or parent’s first and last name, (2) home address, (3) telephone number, and (4) social security number. The term “personal information,” for purposes of this policy, does not include information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions. This exception includes the following examples: (i) college or postsecondary education recruitment, or military recruitment; (ii) book clubs, magazines, and programs providing access to low-cost literary products; (iii) curriculum and instructional materials used by elementary schools and secondary schools; (iv) tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about student, or to generate other statistically useful data for the purpose of securing such tests and assessments, and the subsequent analysis and public release of the aggregate data from such tests and assessments; (v) the sale by student of products or services to raise funds for school-related or education-related activities; (vi) student recognition programs.

Parental Access to Instruments used in the Collection of Personal Information: While the general practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information, parents shall have the right to inspect, upon reasonable request, any instrument which may be administered or distributed to a student for such purposes. Reasonable requests for inspection shall be granted within a reasonable period of time after the request is received. The procedures for making and granting such a request are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal and shall identify the specific act and the school staff member or program responsible for the collection, disclosure, or use of personal information from students for the purpose of marketing that information. The building principal, within five (5) school days, shall consult with the school staff member or person responsible for the program which has been reported by the parent to be responsible for the collection, disclosure, or use of personal information from students. In the event such collection, disclosure, or use of personal information is occurring or there is a plan for such to occur, the building principal shall consult with the Superintendent for determination of whether the action shall be allowed to continue. If not, the instrument for the collection of personal information shall not be given to any students. If it is to be allowed, such instrument shall be provided to the requesting parent as soon as such instrument can be reasonably obtained.

Annual Parental Notification of Student Privacy Protection Policy: The District shall provide parents with reasonable notice of the adoption or continued use of this policy and other policies related to student privacy. Such notice shall be given to parents of students enrolled in the District at least annually, at the beginning of the school year, and within a reasonable period of time after any substantive change in such policies.

Notification to Parents of Dates of and Right to Opt-Out of Specific Events: The District shall directly notify the parents of the affected children, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when any of the following activities are scheduled, or are expected to be scheduled:

The collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information. B. Title I Parental Involvement Policy:

This Title I Parental Involvement Policy is established in compliance with Federal law. Raymond Central Public Schools has a parental involvement policy applicable to parents of all children. The parental involvement policy applicable to parents of all children is not replaced by this Title I Parental Involvement Policy and shall continue to be applicable to all parents, including parents participating in Title I programs.

It is the policy of Raymond Central Public Schools to implement programs, activities, and procedures for the involvement of parents in Title I programs consistent with the Title I laws. Such programs, activities, and procedures shall be planned and implemented with meaningful consultation with parents of participating children.

Expectations for Parental Involvement: It is the expectation of [Insert Name of School] that parents of participating children will have opportunities available for parental involvement in the programs, activities, and procedures of the District's Title I program. The term "parental involvement" means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring--(A) that parents play an integral role in assisting their child's learning; (B) that parents are encouraged to be actively involved in their child's education at school; (C) that parents are full partners in their child's education and are included, as appropriate, in decision making and on advisory committees to assist in the education of their child; and (D) the carrying out of other activities, such as those described in this parental involvement policy. The District intends to meet this expectation through the following activities:

1. Involving parents in the joint development of the District's Title I plan and the processes of school review and school improvement.
2. Providing coordination, technical assistance, and other support necessary to assist participating schools in planning and implementing effective parental involvement activities to improve student academic achievement and school performance.
3. Building the schools' and parents' capacity for strong parental involvement.
4. Coordinating and integrating parental involvement strategies under Title I with parental involvement strategies under other programs.
5. Conducting, with the involvement of parents, an annual evaluation of the content and effectiveness of the parental involvement policy in improving the academic quality of the schools served under the Title I program, including identifying barriers to greater participation by parents in Title I programs, with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background, and use the findings of such evaluation to design strategies for more effective parental involvement, and to revise, if necessary, the parental involvement policies of the District.
6. Involving parents in the activities of the schools served under Title I.

Policy Involvement: Each school served under the Title I program shall:

1. Convene an annual meeting, at a convenient time, to which all parents of participating children shall be invited and encouraged to attend, to inform parents of their school's participation under the Title I program and to explain the requirements of the Title I program.

2. Offer a flexible number of meetings, such as meetings in the morning or evening. If sufficient funds are provided for this purpose, the District may assist parental involvement in such meetings by offering transportation, child care, or home visits.
3. Involve parents, in an organized, ongoing, and timely way, in the planning, review, and improvement of Title I programs.
4. Provide parents of participating children: (1) timely information about programs under Title I, (2) a description and explanation of the curriculum in use at the school, the forms of academic assessment used to measure student progress, and the proficiency levels students are expected to meet; and (3) if requested by parents, opportunities for regular meetings to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children, and respond to any such suggestions as soon as practicably possible.
5. If the District operates a school wide program under Title I and such plan is not satisfactory to the parents of participating children, submit any parental comments on the plan when the school makes the plan available to the District.

Shared Responsibilities for High Student Academic Achievement: As a component of the District's parental involvement policy, each school served under the Title I program shall jointly develop with parents for all children served under the Title I program a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the State's high standards. Such compact shall: (1) describe the school's responsibility to provide high-quality curriculum and instruction in a supportive and effective learning environment that enables the children served under Title I to meet the State's student academic achievement standards and the ways in which each parent will be responsible for supporting their children's learning, such as monitoring attendance, homework completion, and television watching; volunteering in their child's classroom; and participating, as appropriate, in decisions relating to the education of their children and positive use of extracurricular time; and (2) address the importance of communication between teachers and parents on an ongoing basis through, at a minimum: (i) parent-teacher conferences in elementary schools, at least annually, during which the compact shall be discussed as the compact relates to the individual child's achievement; (ii) frequent reports to parents on their children's progress; and (iii) reasonable access to staff, opportunities to volunteer and participate in their child's class, and observation of classroom activities.

Building Capacity for Involvement: To ensure effective involvement of parents and to support a partnership among the District, parents, and the community to improve student academic achievement, each school participating in the Title I program and the District: (1) shall provide assistance to participating parents, as appropriate, in understanding such topics as the State's academic content standards and State student academic achievement standards, State and local academic assessments, the requirements of Title I and how to monitor a child's progress and work with educators to improve the achievement of their children; (2) shall provide materials and training to help parents work with their children to improve their children's achievement, such as literacy training and using technology, as appropriate, to foster parental involvement; (3) shall educate teachers, student service personnel, principals, and other staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school; (4) shall, to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities with Head Start, Reading First, Early Reading First, Even Start, the Home Instruction Programs for Preschool Youngsters, the Parents as Teacher Program, and public preschool and other programs, and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children; (5) shall ensure that information related to school and parent programs, meetings, and other activities is sent to the parents of participating children in a format, and to the extent practicable, in a language the parents can understand; (6) may involve parents in the development of training for teachers, principals, and other educators to improve the effectiveness of such training; (7) may provide necessary literacy training from funds received under Title I if the District has exhausted all other reasonably available sources of funding for such training; (8) may pay reasonable and necessary expenses associated with parental involvement activities, including transportation and child care costs, to enable parents to participate in school-related meetings and training sessions; (9) may train parents to enhance the involvement of other parents; (10) may arrange school meetings at a variety of times, or conduct in-home conferences between teachers or other educators, who work directly with participating children, with parents who are unable to attend such conferences at school, in order to maximize parental involvement and participation; (11) may adopt and implement model approaches to improving parental involvement; (12) may establish a district-wide parent advisory council to provide advice on all matters related to parental involvement in programs supported under Title I; (13) may develop appropriate roles for community-based organizations and businesses in parent involvement activities; and (14) shall provide such other reasonable support for parental involvement activities under Title I as parents may request.

Accessibility: In carrying out the parental involvement activities for this Title I Parental Involvement policy, the District shall provide full opportunities for the participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children, including providing information and school reports required under Title I in a format and, to the extent practicable, in a language such parents understand.

Use, Distribution, and Updating of this Policy: This Title I Parental Involvement Policy shall be incorporated into the District's Title I plan, shall be distributed to parents of participating children, shall be made available to the local community, and shall be updated periodically to meet the changing needs of the parents and the school.

APPENDIX A

Notice of COBRA Continuation Coverage Rights

**** Continuation Coverage Rights Under COBRA****

Introduction

You are receiving this notice because you have recently become covered under [Insert Name of School] health plan (the “Plan”). This notice contains important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and to other members of your family who are covered under the Plan when you would otherwise lose your group health coverage. **This notice generally explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect the right to receive it.** This notice gives only a summary of your COBRA continuation coverage rights. For more information about your rights and obligations under the Plan and under federal law, you should either review the Plan’s Summary Plan Description or get a copy of the Plan Document from the Plan Administrator.

The Plan Administrator is [enter name, address and telephone number of Plan Administrator]. The Plan Administrator is responsible for administering COBRA continuation coverage.

COBRA Continuation Coverage

COBRA continuation coverage is a continuation of Plan coverage when coverage would otherwise end because of a life event known as a “qualifying event.” Specific qualifying events are listed later in this notice. COBRA continuation coverage must be offered to each person who is a “qualified beneficiary.” A qualified beneficiary is someone who will lose coverage under the Plan because of a qualifying event. Depending on the type of qualifying event, employees, spouses of employees, and dependent children of employees may be qualified beneficiaries. Under the Plan, qualified beneficiaries who elect COBRA continuation must pay for COBRA continuation coverage.

If you are an employee, you will become a qualified beneficiary if you will lose your coverage under the Plan because either one of the following qualifying events happens:

1. Your hours of employment are reduced, or
2. Your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will become a qualified beneficiary if you will lose your coverage under the Plan because any of the following qualifying events happens:

1. Your spouse dies;
2. Your spouse’s hours of employment are reduced;
3. Your spouse’s employment ends for any reason other than his or her gross misconduct;
4. Your spouse becomes enrolled in Medicare (Part A, Part B, or both); or
5. You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they will lose coverage under the Plan because any of the following qualifying events happens:

1. The parent-employee dies;
2. The parent-employee’s hours of employment are reduced;
3. The parent-employee’s employment ends for any reason other than his or her gross misconduct;
4. The parent-employee becomes enrolled in Medicare (Part A, Part B, or both);
5. The parents become divorced or legally separated; or
6. The child stops being eligible for coverage under the plan as a “dependent child.”

Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to the employer and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee is a qualified beneficiary with respect to the bankruptcy. The retired employee’s spouse, surviving spouse, and dependent children will also be qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the employee, commencement of a proceeding in bankruptcy with respect to the employer to the extent retiree health coverage is provided, or enrollment of the employee in **Medicare (Part A, Part B, or both)**, **the employer must notify the Plan Administrator of the qualifying event within 30 days of any of these events.**

For the other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator. The Plan requires you to notify the Plan Administrator within 60 days after the qualifying event occurs. You must send this notice to the Plan Administrator. Any additional Plan procedures for this notice must also be provided.

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. For each qualified beneficiary who elects COBRA continuation coverage, COBRA continuation coverage will begin on the date of the qualifying event.

COBRA continuation coverage is a temporary continuation of coverage. When the qualifying event is the death of the employee, enrollment of the employee in Medicare (Part A, Part B, or both), your divorce or legal separation, or a dependent child losing eligibility as a dependent child, COBRA continuation coverage lasts for up to 36 months. When the qualifying event is the end of employment or reduction of the employee's hours of employment, COBRA continuation coverage lasts for up to 18 months. There are two ways in which this 18-month period of COBRA continuation coverage can be extended.

Disability extension of 18-month period of continuation coverage

If you or anyone in your family covered under the Plan is determined by the Social Security Administration to be disabled at any time during the first 60 days of COBRA continuation coverage and you notify the Plan Administrator in a timely fashion, you and your entire family can receive up to an additional 11 months of COBRA continuation coverage, for a total maximum of 29 months. You must make sure that the Plan Administrator is notified of the Social Security Administration's determination within 60 days of the date of the determination and before the end of the 18-month period of COBRA continuation coverage. This notice should be sent to the Plan Administrator. Any additional Plan procedures for this notice must also be provided.

Second qualifying event extension of 18-month period of continuation coverage

If your family experiences another qualifying event while receiving COBRA continuation coverage, the spouse and dependent children in your family can get additional months of COBRA continuation coverage, up to a maximum of 36 months. This extension is available to the spouse and dependent children if the former employee dies, enrolls in Medicare (Part A, Part B, or both), or gets divorced or legally separated. The extension is also available to a dependent child when that child stops being eligible under the Plan as a dependent child. In all of these cases, you must make sure that the Plan Administrator is notified of the second qualifying event within 60 days of the second qualifying event. This notice must be sent to the Plan Administrator. Any additional Plan procedures for this notice must also be provided.

If You Have Questions

If you have questions about your COBRA continuation coverage, you should contact the Superintendent or Plan Administrator or you may contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA). Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's web site at www.dol.gov/ebsa.

Keep Your Plan Informed of Address Changes

In order to protect your family's rights, you should keep the Plan Administrator informed of any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to the Plan Administration.

FOREWORD

Section 1 Intent of Handbook

Welcome to Raymond Central Secondary School. This handbook is intended to be used by teachers and other certificated staff to provide general information about Raymond Central Public Schools and to serve as a guide to the District's policies, rules, and regulations, benefits of employment, and performance expectations.

References in this handbook to "teachers" are intended to apply to all certificated staff. This includes administrative staff to the extent the handbook deals with professional expectations and conduct.

Each teacher is responsible for becoming familiar with the handbook and knowing the information contained in it. Although the information found in this handbook is detailed and specific on many topics, the handbook is not intended to be all encompassing so as to cover every situation and circumstance that may arise. This handbook is intended to supplement other documents that deal with your employment, including your employment contract, the negotiated agreement between the Raymond Central Public Schools and the Raymond Central Education Association, and the policies and regulations of the Board of Education. In reading this handbook, please understand that where a direct conflict exists, state or federal law, the negotiated agreement, and Board policies and regulations will control.

This handbook does not create a "contract" of employment. Staff positions and assignments which do not legally require a certificate or are otherwise not protected by the teacher tenure laws may be ended or changed on an "at will" basis notwithstanding anything in this handbook or any other publication or statement, except for a contract approved by the Board of Education.

The administration will be responsible for interpreting the rules contained in the handbook and shall have the right to make decisions and make rule revisions at any time. Should a situation or circumstance arise that is not specifically covered in this handbook, the administration will make a decision based upon applicable school district policies, state and federal statutes and regulations, and the best interests of the District.

This handbook will be in effect for the 2022-2023 and subsequent school years unless replaced by a later edition.

Section 2 Information about Raymond Central Public Schools

KEY VALUES OF THE RAYMOND CENTRAL PUBLIC SCHOOLS

We identified the following Value Statements to guide and direct our work and our culture.

1. We will provide a quality education as the cooperative responsibility of students, staff, parents, and community.
2. We will provide a safe learning environment where all individuals are treated with dignity and respect.
3. We will encourage life-long learning and responsible citizenship.
4. We will empower students to be problem solvers and independent learners.
5. We will provide each student with the opportunity to learn and achieve success.
6. We will meet the needs of individual students through a variety of approaches to learning.
7. We will use available time and resources to stay on top of current educational practices.
8. We will continuously evaluate, update and assess our districts goals.

The central purpose of the Raymond Central Public Schools is to develop students who can demonstrate the knowledge, skills and competencies necessary to become productive and contributing members of our democratic society.

Although all children will not learn all things equally well, we recognize that all children should have an equal opportunity in the pursuit of educational qualifications for the world ahead. Recognizing the uniqueness of each student, Raymond Central Public Schools will attempt to balance the curriculum to provide for the varied interests and talents of all students. The school accepts the premise that the center of the school curriculum is the child and that the instructional program should be designed to fit each and every child's unique needs.

The education of children is a comprehensive program that must be undertaken in cooperation with other services and institutions within society and the local community. The Raymond Central Public Schools will seek to establish and maintain strong ties with parents, patrons, the business community, and other community institutions.

Section 3 Severe Weather and School Cancellations

School Closing Information. The Superintendent of schools is authorized by the Board of Education to close public schools in case of severe weather. Representatives of the Superintendent's staff will notify local news media when inclement weather warrants such action. The information is posted to the website and social media accounts and it is generally on the local television stations. Parents will also receive a phone message and text message from our rapid notification system (BrightArrow) indicating a late start or school closing. It is important that parent/guardians keep their contact information updated with the school so that they get these messages.

Decision to Close Schools. A decision to close school is made when forecasts by the weather service and civil defense officials indicate that it would be unwise for students to go to school. An early decision is not always possible because of uncertain weather conditions. School officials will make periodic assessments of conditions during the night and will decide early in the morning (by 6 a.m. if possible). In any case, **an announcement will be made to the news media and to parent/guardians through the rapid notification system when schools will be closed.** In some instances, schools will be open, but certain services may be canceled (bus transportation, preschool, student activities, etc.).

After School Starts. Every attempt will be made to avoid closing school once classes are in session. In some instances, closing school during the day is inevitable if children are to safely return home before the brunt of a major storm hits. In these cases, as much advance notice as possible will be given to parents. If school is closed during the day, the notice will be broadcast by the media and to parent/guardians through the rapid notification system and **parents should have a plan to accommodate these circumstances.**

Parental Decisions. **Parents may decide to keep their children at home in inclement weather because of personal circumstances.** Students absent because of severe weather when school is in session will be marked absent. The absence will be treated like any other absence for legitimate causes provided parents properly notify the school of their decision. Parents may pick up their children in inclement weather at any time during the school day. Students will not normally be dismissed from school during severe weather on the basis of a telephone request.

What Not To Do. Parents should not attempt to come to school during a tornado warning. **School officials are not permitted to release students from the school building during a tornado warning.** Tornado safety procedures are practiced regularly by students and staff members. Also, parents are urged not to call radio and television stations and school buildings during severe weather. Every effort will be made to provide accurate and timely information through the media and the rapid notification response system.

Emergency Conditions. Raymond Central Public Schools has a signal which, when activated, includes the necessity to either evacuate the building or to move to safer areas of the building. All regular drills are held as required by law through the school year. There are plans for Emergency Exit system, Tornado Warning System, and Critical Incident Response.

Section 4 Contract Days

Teachers are contracted for 186 days (hereinafter referred to as the "contract year"). Such contract days shall be serviced by individual teachers on varying schedules as established by the Board of Education and administration.

Section 5 Make-Up Days

In the event teachers are not required to report for duty due to inclement weather conditions or other circumstances whereby a duty day is canceled, such days shall not be credited as a contract day served. Make-up days may be scheduled by the administration during the contract year as needed to allow all teaching staff to serve the full number of contract days.

Article 2 – EMPLOYMENT, COMPENSATION AND BENEFITS

Section 1 Employment

A teacher is employed by Raymond Central Public Schools when the teacher signs the Teacher's Contract and the Board of Education approves such contract of employment. The teacher's employment continues absent action by the administration or the Board of Education to non-renew, terminate, amend or cancel the teacher's employment contract with the school district, or action by the Board of Education to accept a resignation of employment.

On or after March 15 of each school year a teacher may be requested to accept employment for the next school year and shall be required to signify such acceptance on or before April 1 or such other date after March 15 as may be designated in the notice. It is important for teachers to respond to the request to signify acceptance as a failure to signify acceptance of employment by the April 1 or other designated date shall constitute cause for amendment of termination of the teacher's contract. If a teacher signifies acceptance of employment for the next school year, the teacher may either be issued a new Teacher's Contract or a "Contract Renewal Agreement."

Should a teacher wish to resign from employment the teacher should give written notice of resignation to the Superintendent. The request to resign will be acted upon by the Board of Education. Mid-year resignations and resignations given late in the spring for the following school year can present significant planning problems for the District. If a mid-year resignation is submitted, or a resignation for the following school year is submitted after April 15 or after the teacher has signified acceptance of employment for the next school year and after April 15, the Board of Education may act to not accept the resignation unless a suitable replacement can be found. The District will enforce the continuing contract of teachers accepting employment for the next school year under the provisions of Neb Rev. Stat. §79-820.

Section 2 Assignments

The professional duties to be performed by a teacher with the District shall be subject to assignment by the Superintendent of the District with the approval of the Board of Education. A teacher will be expected to devote full time during days of school to the teacher's position and to diligently and faithfully perform the assigned duties to the best of the teacher's professional ability. Job descriptions, where available, provide additional information about the position duties.

In addition to the normal duties traditionally required of teachers, a teacher may be assigned such "extra duty" assignments to support the extra-curricular programs of the District, which shall be upon such terms and conditions and at such additional rate of compensation as the Teacher and the District may agree upon or as set forth in the negotiated agreement. The extra-curricular program of the school district is an integral part of the overall educational program of the school district. As such, a teacher shall not unreasonably refuse to accept such extra-duty assignments. In addition, performance in an extra duty assignment is a part of the evaluation of the teacher's overall performance to the District.

Section 3 Personnel File

The District will follow the requirements of state and federal law and regulation with regard to a teacher's personnel file, including but not limited to Neb. Rev. Stat. § 79-8,109.

Section 4 Grievances and Complaints

Teacher grievances regarding wages, hours, and conditions of employment set forth in the negotiated agreement shall be governed by the grievance or complaint procedure in the negotiated agreement. All other employment related grievances or complaints shall be addressed through the administrative chain of command following the process set forth in board policy.

Section 5 Compensation

Regular Salary and Extra-Duty Compensation. Compensation is paid only as authorized by the Board of Education. Teachers are paid a salary based on placement on the salary schedule set forth in the collectively bargained negotiated agreement between the district and the collective bargaining agent for the certificated teaching staff (referred to in this handbook as the "negotiated agreement"), and the extra-duty salary schedule also incorporated into the negotiated agreement.

Changes in Salary Schedule Placement. Changes in a teacher's placement on the salary schedule shall be governed by the provisions of the negotiated agreement. Teachers are expected to provide the Superintendent with a transcript for all graduate hours earned for purposes of advancement on the salary schedule on or before September 10 of the school year in which such hours are to be credited for the teacher's placement on the salary schedule. Failure to timely provide an official transcript from the post-graduate institution of the graduate hours earned will result in a loss of such credit for such school year.

Salary Payments. Salary is payable over twelve equal installments. Teachers will be paid on the 20th of the month, or the last preceding school day, if the 20th falls on a vacation or week-end day. In emergency cases exceptions may be made, subject to the approval of the Board. In no case shall the Board advance more than one month's salary. Upon separation of a teacher's employment, or upon fulfillment of the contract, the teacher may, at the option of the Board, be paid all salary due in one lump sum.

Additional compensation over and above regular compensation, extra-duty pay and supplemental pay shall be disbursed as it is earned and deductions from compensation due to unpaid leave shall be taken out as they are reported to the payroll office. Reimbursements for mileage or other expenses will be considered separate from compensation.

Section 6 Extended ~~Duty~~ Contract Pay

Extended ~~duty~~ **contracts** for any teacher beyond the number of contract days established by the Board of Education for the school year shall be paid on a per diem basis for such teacher's extended time.

Section 7 Benefits

Teachers are provided benefits in accordance with the negotiated agreement, group health insurance plan requirements, and the school district's Section 125 Plan document. Teachers shall make annual fringe benefit elections by September 1 of each school year. Should a teacher fail to make such election, the teacher election from the immediately preceding school and contract year shall be continued. Each teacher is responsible for informing the Office of the Superintendent in writing of any changes in benefit status.

Continued health insurance benefits are available through COBRA subject to certain qualifying requirements. A Notice of COBRA Continuation Coverage Rights is attached to this handbook as Appendix "A."

The Health Insurance Portability and Accountability Act (HIPAA) provides rights and protections for participants and beneficiaries in group health plans. HIPAA includes protections for coverage under group health plans that limit exclusions for preexisting conditions; prohibit discrimination against employees and dependents based on their health status; and allow a special opportunity to enroll in a new plan to individuals in certain circumstances. HIPAA may also give you a right to purchase individual coverage if you have no group health plan coverage available and have exhausted COBRA or other continuation coverage. Further information may be obtained from the Plan Administrator of the group health plan.

Section 8 Payroll and Payroll Deductions

Salary and benefits are paid in accordance with the individual employment contracts and negotiated agreement. Payroll deductions shall be made in accordance with law and the negotiated agreement.

Section 9 Expense Reimbursement

Teachers are required to request use of school transportation for purposes of school business. If school transportation is not available, reimbursement for authorized mileage will be paid to teachers required to drive their own vehicles during their regular scheduled working hours between two or more work sites. Claims for reimbursement should be submitted to the appropriate supervisor. The allowable rate shall be governed by Board policy, unless otherwise required by law. The District is not liable for physical damage to employee vehicles. **All reimbursement claims should be preapproved by the appropriate building principal or superintendent.**

Materials necessary for instruction are provided by the District. If teachers need additional materials for instruction or school-related purposes, the request should be made to the Principal. Reimbursement for purchase of materials or for meals or other expenses related to travel must be submitted to and approved by either the Principal or, if the expense relates to an activity, by the Athletic Director. The request for reimbursement should include a receipt sufficient to establish that the expense was actually incurred and that the expense was reasonable and related to a school- purpose.

Section 10 403(b) Salary Reduction Agreements

The District will cooperate with any teacher who chooses to participate in an investment program under Internal Revenue Code Section 403(b) provided that the certificated employee executes a "Salary Reduction Agreement" provided by the District and the vendor of the 403(b) Plan elected by the teacher has entered in to a "Service Provider Agreement" with the District holding the District harmless from any liability that may arise out of such 403(b) Plan, including, but not limited to, the calculation of the maximum exclusion allowance, tax reporting, notices and income withholding.

Section 11 Overtime

Teaching professionals are classified as exempt from overtime under the Fair Labor Standards Act (FLSA). The overtime exemption for teaching professionals is not dependent on whether the employee is paid on a “salary basis.” Exempt employees are not eligible for overtime or compensatory time. A publication provided by the federal government which provides more information about the FLSA is attached as Appendix “A” to this handbook.

Any non-exempt employees must receive prior approval from their supervisor to work additional hours beyond their regular work schedule. Non-exempt employees must be paid for each hour worked in excess of 40 hours in a workweek. The regular workweek is from 12:00 a.m. on Monday through 11:59 p.m. on Sunday. The administration may establish a different 7-day period workweek from time to time for specified employees or employee groups.

Overtime pay for non-exempt employees will be paid at the rate of not less than 1½ times the employee's regular rate of pay for hours worked in excess of the 40-hour workweek. Employees with two or more non-exempt positions may be eligible for overtime pay based upon the total number of hours worked in one workweek. If applicable, the employee and the Superintendent will agree upon the overtime rate, in compliance with FLSA regulations. A non-exempt employee may request compensatory time in lieu of overtime pay, with approval of the employer, with the rate figured as 1½ times the number of hours worked in excess of 40 hours in any work week. Compensatory time may be accumulated up to 40 hours upon approval by their supervisor. Any accumulation of compensatory time over 40 hours must be approved by the Superintendent. The FLSA limits the accumulation of compensatory time to 240 hours.

The District’s policy is to not permit improper deductions from the salary of exempt employees who are required to meet a “salaried basis” test for the exemption to be applicable. (Teaching professionals are not subject to the “salaried basis” test). An employee who feels an improper deduction affecting exemption status has occurred may submit a complaint to the Superintendent or the Superintendent’s designee, who shall promptly investigate the complaint. Reimbursement shall be made and a good faith commitment to comply in the future will be given in the event it is determined that an improper deduction affecting overtime exemption has been made.

The District’s policy is to authorize unpaid disciplinary suspensions of a full day or more for infractions of workplace conduct rules and to apply such policy uniformly to all similarly situated employees, including exempt employees who are required to meet a “salaried basis” test for the exemption to be applicable. Unpaid disciplinary suspensions of a partial day or of a full day or more may be implemented for infractions of safety rules of major significance. Deductions of pay of a partial day or of a full day or more may be made for FMLA leaves and in the first and last weeks of employment. In addition, based on principles of public accountancy, deductions from pay of a partial day or of a full day or more will be made for absences for illness, injury or personal reasons when accrued leave is not used or not available, and for absences due to any budget-required furlough.

Article 3 - ABSENCES FROM WORK

Section 1 Paid Leave - ~~Unspecified Leave~~

Teachers are provided with sick leave, personal leave and bereavement leave in accordance with the negotiated agreement. During such paid leaves, teachers shall continue to receive all salary and fringe benefits called for by the negotiated agreement.

Leave provided by the District are to be used for the purpose intended. Abuse of leave privileges affects the students, other staff, and the entire District and will not be tolerated.

Requests for Leave

Advance reporting of the need to take a leave and having effective lesson plans and materials prepared and readily available for the substitute are important.

A teacher who becomes ill and is unable to work is to call their building principal before **6:30** a.m. on the day of absence. Before the end of the school day on the first day of the sick leave, and on each subsequent day of absence, a report should be made to the building principal as to whether the teacher will be able to return to duty on the next duty day. For illnesses or medical situations where the need for the leave can be determined in advance, the teacher is to make such advance report of need for leave as possible.

For personal and other leaves, a teacher must request leave from his/her supervisor in writing (via email). Once approved, the request may be submitted by the teacher on the district approved form. The request for leave process must be initiated by the teacher at least seven (7) school days prior to the leave, or such other advance notice as is practicable under the circumstances. Personal leave shall not be granted if three (3) members from the same building are already scheduled to be absent for other reasons. Staff is discouraged from taking personal leave the first two, or last weeks of the school year or for days immediately preceding or immediately following regularly scheduled holiday and vacation periods.

Personal leave that is requested after the allotted ~~ten (10)~~ **three (3)** days of unspecified will be based on 'need' which is defined as being extenuating and uncontrollable circumstances. Requests will be made to the Superintendent for approval.

Return from Leave

Upon return from leave, teachers are to review information supplied by the substitute teacher as to progress made in the class and any student behavior concerns. The substitute should be contacted directly if the written information supplied is not adequate.

A teacher who is absent for any period of time because of injury requiring care from a physician or health care provider, or for a period of one week or more due to illness, must present a written statement to the Principal from the teacher's physician or health care provider stating that the teacher is physically able to return to duty. This statement is to be presented in person before the teacher returns to duty in order that the present stage of convalescence can be observed and discussed.

Section 2 Payroll Deductions for Absences in Excess of Paid Leave

Should a teacher be absent from work in excess of the teacher's specified leave called for in the negotiated agreement, the teacher's salary shall be reduced by the day or days of work missed on a per diem basis calculated using the number of days missed as the numerator, and the number of total contract days for the school years as the denominator; e.g. one day missed = $\frac{1}{186}$ of total salary and fringe benefits or $\frac{1}{186}$ of that individual's teaching salary.

Section 3 Leaves of Absence

A teacher may apply to the Board of Education for a leave of absence from the teacher's duties. The Board of Education will consider such requests on a case-by-case basis. No leave of absence shall extend beyond one school year. All leaves of absence shall be without pay except for the payment of health insurance benefits as may be required under applicable state or federal laws. See Board Policy 4170 for additional information.

Section 4 Jury Duty

A teacher who is summoned for jury service shall promptly notify the Principal of such summons. The teacher's salary will continue during time spent in jury service, and no deduction of leave time shall occur. The teacher will return to the school any money received that was not used for mileage, meals or other expenses incurred from the term of duty. Teachers are to notify the Superintendent of the amount received for such jury duty.

If a teacher, upon reporting for jury duty in the morning, is dismissed from jury duty for the remainder of the day, the teacher is to report for duty and resume duties for the balance of the day. When a teacher is entirely dismissed from jury duty, the teacher is directed to report for duty and the substitute will be dismissed.

Teachers are expected to promptly notify the Principal of any other form of legal summons which may require an absence from duty. In the event the summons involves a school-related matter, the matter shall be treated similar to a jury duty absence. In the event the summons involves a personal matter, the teacher will be required to use available leave days.

Section 5 Military Leave

Teachers who are members of the National Guard, Army Reserve, Naval Reserve, Marine Corps Reserve, Air Force Reserve, or Coast Guard Reserve (hereinafter, “reserves”), are entitled to a military leave of absence from their respective duties, without loss of pay, when employed with or without pay under the orders or authorization of competent authority in the active service of the state or of the United States. Teachers who normally work or are normally scheduled to work 120 hours or more in three consecutive weeks shall receive a military leave of absence of 120 hours each calendar year. Teachers who normally work or are normally scheduled to work less than 120 hours in three consecutive weeks shall receive a military leave of absence each calendar year equal to the number of hours they normally work or would normally be scheduled to work, whichever is greater, in three consecutive weeks. Such military leave of absence may be taken in hourly increments and shall be in addition to the teacher’s regular annual leave.

When the governor of this state shall declare that a state of emergency exists, and any teacher who is a member of the reserves is ordered to active service of the state, the teacher shall be granted a state of emergency leave of absence until released from active service by competent authority. The leave of absence shall not be a military leave of absence; other forms of leave may be granted. The teacher shall receive normal salary or compensation minus the state active duty base pay the teacher receives in active service of the state.

Section 6 Employee Rights and Responsibilities under the Family and Medical Leave Act

Family and medical leaves shall be allowed under the terms and conditions of the Family and Medical Leave Act of 1993, as amended (FMLA).

Basic Leave Entitlement. FMLA provides up to 12 weeks of unpaid, job-protected leave to eligible employees for the following reasons:

- For incapacity due to pregnancy, prenatal medical care or child birth;
- To care for your child after birth, or placement for adoption or foster care;
- To care for your spouse, son or daughter, or parent, who has a serious health condition; or
- For a serious health condition that makes you unable to perform your job.

The “leave year” for purposes of the FMLA is a “rolling” 12-month period, measured backward from the date of any FMLA leave usage.

Military Leave Entitlement. Eligible employees with a spouse, son, daughter, or parent on active duty or call to active duty status in the National Guard or Reserves in support of a contingency operation may use their 12-week leave entitlement to address certain qualifying exigencies. Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

FMLA also includes a special leave entitlement that permits eligible employees to take up to 26 weeks of leave to care for a covered service member during a 12-month period. A covered service member is a current member of the Armed Forces, including a member of the National Guard or Reserves, who has a serious injury or illness incurred in the line of duty on active duty that may render the service member medically unfit to perform his or her duties for which the service member is undergoing medical treatment, recuperation, or therapy; or is in outpatient status; or is on the temporary disability retired list.

Benefits and Protections. During FMLA leave, your health coverage under a “group health plan” will be maintained on the same terms as if you had continued to work. Upon return from FMLA leave, most employees must be restored to their original or an equivalent position with equivalent pay, benefits, and other employment terms.

Your use of FMLA leave will not result in the loss of any employment benefit that accrued prior to the start of your FMLA leave.

Eligibility Requirements. You are eligible if you have been employed with Raymond Central Public Schools for at least one year, for 1,250 hours over the previous 12 months, and if there are at least 50 employees of Raymond Central Public Schools within 75 miles of your work location.

Definition of Serious Health Condition. A serious health condition is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care provider for a condition that either prevents you from performing the functions of your job, or prevents the qualified family member from participating in school or other daily activities.

Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than three consecutive calendar days combined with at least two visits to a health care provider or one visit and a regiment of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition. Other conditions may meet the definition of continuing treatment.

Use of Leave. You do not need to use FMLA leave entitlement in one block. Leave can be taken intermittently or on a reduced leave schedule when medically necessary. You must make reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt the District's operations. Leave due to qualifying exigencies may also be taken on an intermittent basis.

Substitution of Paid Leave for Unpaid Leave. You may choose or Raymond Central Public Schools may require use of accrued paid leave while taking FMLA leave. In order to use paid leave for FMLA leave, you must comply with the District's normal paid leave policies.

Employee Responsibilities. You must provide sufficient information for the District to determine if the leave may qualify for FMLA protection and the anticipated timing and duration of the leave. Sufficient information may include that you are unable to perform job functions, the family member is unable to perform daily activities, the need for hospitalization or continuing treatment by a health care provider, or circumstances supporting the need for military family leave. You also must inform the District if the requested leave is for a reason for which FMLA leave was previously taken or certified. You also may be required to provide a certification and periodic recertification supporting the need for leave.

Employer Responsibilities. The District must inform employees requesting leave whether they are eligible under FMLA. If they are, the notice must specify any additional information required as well as the employees' rights and responsibilities. If they are not eligible, the District must provide a reason for the ineligibility.

The District must inform employees if leave will be designated as FMLA-protected and the amount of leave counted against the employee's leave entitlement. If the District determines that the leave is not FMLA-protected, the District must notify the employee.

Unlawful Acts by Employers. FMLA makes it unlawful for any employer to:

- Interfere with, restrain, or deny the exercise of any right provided under FMLA;
- Discharge or discriminate against any person for opposing any practice made unlawful by FMLA or for involvement in any proceeding under or relating to FMLA.

Enforcement. An employee may file a complaint with the U.S. Department of Labor or may bring a private lawsuit against an employer.

FMLA does not affect any Federal or State law prohibiting discrimination, or supersede any State or local law or collective bargaining agreement which provides greater family or medical leave rights.

Article 4 – DUTIES AND RESPONSIBILITIES

Section 1 Hours of Work & Meetings

Regular, dependable attendance at work is an essential function of a teacher's employment position. The Board of Education recognizes that teachers' responsibilities to their students and their profession generally involve the performance of duties and the commitment of time beyond the normal working day, but also recognizes that teachers and other educational professionals are entitled to regular time and work schedules on which they can rely in the ordinary course of events and which will be fairly and evenly maintained to the extent possible throughout the school system.

Schools have differing starting and ending times for the student day. Certificated employees assigned to a building are to spend at least eight hours on site, including lunch break (30-minute lunch), except that duty-free lunch time can be spent off-site. If a teacher takes their duty-free lunch time off-site, the teacher must check out with the Principal's office. The Principal will determine the length of time prior to and after the student class schedule for staff to be on-site in order to meet the required eight hours. Staff may leave the building earlier when called to a professional meeting.

Certificated employees are required to serve on lunchroom, hall, detention, and ground supervision as designated by the Principal. The Principal will attempt to make an equitable distribution of such assignments and professional staff shall assume such duties as part of their work and agreement of employment.

Teachers shall attend meetings called by the Superintendent of Schools, principals, department heads and team leaders, except those meetings which are designated for optional attendance.

Section 2 Arrival to Duty Assignments

Full-time teachers have a designated on-site work day. Elementary teachers are to be in the building by no later than 7:45 a.m. to be in their classroom no later than 8:00 a.m. and to remain on duty until 3:45 p.m. Secondary school (6-12 grade) teachers are to be in the building by no later than 7:45 p.m. to be in their classroom no later than 8:00 a.m. (supervision by 7:50 a.m.) and to remain on duty until at least 3:45 p.m. Certificated employees other than teachers are expected to meet the same guidelines for entry to the building, being in their assigned duty area, and duty departure time. Teachers and other certificated employees who are part-time or work on adjusted schedules are to be in the building at least 10 minutes before their class or assigned duty begins, and to be in their classroom or assigned duty area at least 10 minutes before their class or assignment begins. During the school day, teachers are to be in their assigned classroom when each period begins to assure that students are not unsupervised within the classroom.

Parking Lot Duty

Individual staff members will be assigned parking lot duty on a weekly basis, information pertaining to individual dates will be released at the beginning of each school year. If the staff member has a conflict with the assigned date, it is their responsibility to find a replacement. Weekly parking lot duty for the assigned staff member begins at 7:50 am and concludes at 8:05 am. Prior to reporting to the duty, staff should retrieve a radio from the high school office.

Regardless of the weather, when participating in parking lot duty, staff should be centrally located, or as directed by the principal, enforcing district policy and assisting students as needed. In the event that a significant discipline issue or traffic violation is witnessed, please refer the instance to the administration immediately via radio, or following the conclusion of the designated time.

Section 3 Leaving School

Teachers are to be on duty at all times during the school day. Teachers are considered on duty even during designated planning periods. An uninterrupted lunch period of not less than 30-minutes each day is provided to teachers during which they are not assigned teaching, supervisory, or other duties. Teachers who leave the school during the designated lunch period must check out with the Principal's office.

Teachers may not leave school during duty hours without approval of the Principal. If the absence has been approved, the teacher must check out with the Principal's office when leaving, and check back in with the Principal's office upon return. Teachers who need to leave during the school day for reasons of illness or emergency are to check out with the Principal's office and make sure that a responsible person has been notified of their unexpected absence so student coverage may be provided.

Section 4 Lesson Plans

Teachers will prepare written lesson plans which cover at least five days of advance instruction. Lesson plans are to be accessible to the principal upon request. The plans must be in the district approved format. Please keep the plans, including lesson plans, class rosters, etc. in an easy to find location in your teacher desk (preferably the right hand top drawer.) If that is not possible, the plans should be kept in a place in which they will be readily available in the teacher's absence. Teachers are encouraged to place and share (with the principal) lesson plans on a google document.

The lesson plans must be sufficiently clear in establishing learner objectives, state standards being addressed and related activities so that they are easily used by a substitute teacher or other staff member not familiar with previous classroom activities or progress. The plans must give specific reference to other instructional sources immediately available which will enhance the instructional lesson.

Section 5 Daily Class Records

Every teacher is required to keep a complete and easily understandable digital record of the attendance and achievement of every student using the student information system (PowerSchool).

PowerSchool Gradebook

1. The names of all students enrolled in the class.
2. Updated weekly to accommodate submissions for the eligibility lists and to provide students/guardians with updated and accurate information **via Online Access**.
3. A complete report of all recorded grades for each student. A minimum of two grades per week is recommended for the frequency of recorded grades (or for the giving of written lessons or examinations). Be sure that you assess frequently enough and that you record grades frequently enough to readily and realistically justify the term and final grades which are reported to parents/guardians.

PowerSchool Attendance

1. Report absences and tardies on PowerSchool at the beginning of each period (first 10 minutes) for grades 6-12.
2. Review the Absence Summary Report on a daily basis and report any discrepancies to the attendance secretary for correction. Upon request a student's individual record in the teacher's class record book shall be made available for review or copying. Information relating to other students should not be allowed to be seen by other students or parents.

Section 6 Classroom and School Procedures

Teachers are expected to adhere to the following classroom and school procedure in the performance of their duties:

1. Student/Guardian Handbook

Each teacher is expected to be familiar with and enforce the guidelines and regulations that are described in the Student/Guardian Handbook.

2. Bulletin Boards/Learning Posters

Each teacher shall be responsible for completing appropriate bulletin boards and/or learning posters regarding curriculum related matters in their primary classroom.

3. Text Book and Room Inventory

All school purchased materials must be inventoried with the building bookkeeper or secretary. Textbooks are to be numbered, stamped with the school stamp and should display the name of the student whom the book is assigned. Teachers should keep good records of who has which book. At the start of the year, note condition of the textbook on the inventory sheet and keep this sheet. When a book is turned in, note the condition, and if the book shows abuse (other than normal wear) assess a fine that you consider is fair. Insist that students put covers on their books by the end of the first week after receiving them.

4. Use of Cell Phones

Teachers shall not use personal cell phones for any non-school purpose during teacher duty time.

5. Use of Paraprofessionals

Paraprofessionals provide valuable assistance in the educational process and allow teachers to carry out their responsibilities in a more efficient and effective manner. A paraprofessional must not, however, assume a teacher's responsibilities. The teacher must maintain the role of leadership and responsibility for the students, with the paraprofessional in a supportive role. Paraprofessionals may be used to assist the teacher by, among other tasks, assisting with instructional activities under the direction of the teacher, helping to supervise students, copying tests and other written material, organizing class materials, preparing bulletin boards, grading tests or class work, and calculate grades and record grades. Paraprofessionals are to work only on their assigned work days and within their assigned work day. If the teacher

desires the para to work hours other than the assigned work hours or assigned work day, contact the administration for approval.

6. Use of Student Aides

Student aides are to be directly supervised by the teacher and are not to leave the building or be in the halls or anywhere they are not being supervised. Student aides are not to be used to assist the teacher by helping supervise another student, grade tests or class work, calculate student grades or record grades. Keys are NEVER to be given to students, whether they are student aides or not. A student aid should not be present and assisting a teacher without another adult present after the end of regular teacher duty hours.

7. Checking Out of Equipment

All equipment must be checked out through the building principal. All school equipment may be used only for school purposes. No school equipment may be directed to the personal use of a teacher or another District employee without administrative approval.

8. Requisition of Equipment and Supplies

Books, equipment and supplies which are needed for instruction should be budgeted through the Principal's office. These budgeted items are purchased through the spring requisition process. All budgeted purchase requests outside of the normal spring requisition process should be kept to a minimum. Requested items not included in the budget may be denied approval. No equipment or supplies ordered through the District may be directed to the personal use of a teacher or another District employee.

9. E-mail

Each teacher will be assigned a school e-mail address for purposes of intra-school and inter-school e-mail correspondence. Teachers should check for e-mail throughout the day, and should timely respond to e-mails which require a response, but should avoid checking and responding to e-mails during instructional time. Use of the District's e-mail system for personal communications should be limited, and is subject to the rules governing overall computer usage found in Board policy and this handbook.

10. Teacher Mail Box

Each teacher will be assigned a mailbox located in the school office. Teachers should check for mail each morning and also later in the school day, if possible. If something requires an answer teachers are responsible for responding promptly. Teacher mailboxes are to be limited to communicate regarding school business.

11. Teachers Meetings

Teachers' meetings will be held on an as needed basis. ALL teachers are expected to be present for the meetings, unless they are absent from school for good cause or have made prior arrangements. Teacher collaboration meetings will take place as identified on the District Calendar. Teachers are expected to be in assigned groups and meeting locations at 7:45 am.

12. Daily Bulletin/Announcements

Teachers should submit information for the daily announcements by 3:45 p.m. the day before or as otherwise arranged with the principal and/or his designee.

13. Student Passes

Students should not be in the hallway during class time unless they have a hall pass. Use discretion in issuing passes to student(s). Students have time to go to their lockers during passing time and should not need to go during class time.

14. Advisor Supervision

The purpose of advisor period is to provide time for a variety of student activities inclusive of study time on some occasions. Teachers are expected to supervise and execute the plans designed for Advisor in a professional and responsible manner. Teachers are expected to closely monitor students and ensure that they are on task as prescribed for the session.

15. Substitute Teacher File

Each teacher is to maintain an up-to-date substitute file which remains in their classroom and is easy to locate. The substitute file should contain the following information in addition to what the office has already submitted to the file:

- a. A current list of all students in class (including student picture) and a seating chart for each class.
- b. Rules and regulations that your classes routinely follow.
- c. Location of books, materials, and supplies.
- d. Lunch schedule and procedures.
- e. Any other information unique to your teaching assignment.

Section 7 Supervision of Students

Proper supervision of students is an important responsibility for teachers and other adults responsible for our students. Teachers and other adults responsible for student supervision are expected to meet the four “P’s” for student supervision and safety.

Proper Supervision

- a. Report to all duty assignments on time.
- b. Circulate through your duty area. Pay particular attention to areas and activities that pose an increased risk of injury.
- c. Be vigilant while supervising students. Never leave your classroom unattended; the need to make a copy is not greater than the need to supervise your students. If an emergency requires that you leave your classroom, request that another nearby staff member cover your class, or notify the office so someone can provide assistance. If you are on grounds, lunch, or hall duty, your responsibility is to supervise the students in your assigned area. When talking with other adults or students, remember that your primary duty is supervision and make sure you are aware of what all students who you are to be supervising are doing.
- d. If you have seen or have been informed that a particular student has a propensity to act dangerously or in an unpredictable manner, your supervision of that student must increase with the known risk of injury. (Remember, though, that this type of information may be confidential—do not share confidential information about students except with other staff who need to know the information to perform their jobs).
- e. Be careful with touching students. Use of corporal punishment is prohibited at Raymond Central Public Schools. Touching students should be limited to that necessary to protect the student from harm (e.g., falling from playground equipment) and that which professional educators determine appropriate for purposes of proper student relationships.
- f. Be careful with your language. Profanity or abusive language should not be used by you. Be a good role model for students. If a student uses such language, you should correct the student and take such disciplinary action as is appropriate, which may include making a report to administration.

Proper Instructions

- a. Proper instructions are important to reduce the risk of injury when students undertake an activity, especially an activity that has an increased risk of harm to students.
- b. Repeat the instructions on how to complete a task that has a heightened risk of danger as often as needed. Do not assume because students heard the directions once that they will be remembered.
- c. When you go over safety rules with students, note it in your written records (e.g., your lesson plan book or planner).
- d. Review playground and classroom safety rules with students at least once each semester and note when you do it in your written records. Also, if any students are absent when you review the rules, contact the student(s) to review the same information and also note that contact in your written records.

Proper Maintenance of Buildings, Grounds, and Equipment

- a. Conduct periodic inspections of equipment under your control or in your area of supervision.
- b. If equipment is broken and presents a risk of injury, immediately take it out of service (if it can’t be moved, tape a “Do Not Use” sign) and notify the office so those repairs may be undertaken.
- c. Check your communication device (whether it be a school phone in your supervision area, a walkie-talkie, or a cell phone) periodically to make sure you can communicate with the office immediately in the event of an emergency.

Proper Warnings

- a. If you have knowledge of a hazard that can likely cause injury, take steps to warn other staff and students. Tell the office so additional warnings may be given.

1. Contact the Office for Assistance

The office administration should be contacted immediately when a situation exists which could cause injury to students or others. Examples include:

- student fight
- student health problem (fainting, bleeding, high temperature, difficulty breathing, etc.);
- a report or a suspicion that a student has a weapon or other dangerous item or drugs, alcohol, or other illegal substances
- presence of an intruder (a non-student or staff member who refuses to go to the office)

2. Student Searches

Office administration should be notified in the event that a student is suspected of having contraband. A teacher should not search a student unless they are assisting a school official, or in the event of an emergency. You may direct a student suspected of having an item in violation of school rules to wait with you until another adult is present, or to follow you to the office if you can leave your assigned area without causing risk of harm to others. Do not use physical force to detain the student or to make the student accompany you except as reasonably necessary to protect the student or others.

3. Student Rights

Students should be treated fairly and given the same treatment without consideration of race, color, religion, gender, or disability. Students who need special accommodations should be given those accommodations as needed for them to participate in school and school activities. Further, students have the right to have their school records kept confidential. Such information should be shared only with other school staff with a need to know the information to perform their duties.

Section 8 Managing Student Conduct

Discipline is everyone's responsibility. It begins with the student being responsible for his/her own behavior and understanding the consequences it may cause. The teacher is responsible for articulating classroom expectations at the beginning of the school year, implementing the classroom expectations on a consistent basis, and being familiar with the student handbook. All staff is responsible for all students in the hallways, in the rest rooms, at assemblies, at pep rallies, and during lunch. Consequences for inappropriate behavior may include students making up time before or after school, a student or a parent conference, or a referral to an administrator.

The following guidelines will assist in maintaining appropriate student conduct and complying with the process required for student discipline.

1. On the first day of class make students aware of classroom expectations. Students will accept them if they know in advance and if they are fair and consistent. Students often appreciate giving input on classroom rules. These expectations should be in writing. Give one copy to the students, post one copy in the room and provide one copy for the principal.
2. It is important to document student behavior in your classroom, calls to parents, referrals, and/or communications with a student.
3. If, after attempts to improve student behavior, the problems continue, talk to the student's counselor or the Principal about possible alternatives in discipline procedures. Be attentive and respond to "bullying."
4. If a student continues to cause problems, inform the administration for disciplinary action using the disciplinary module in PowerSchool. Be sure to state the problem clearly and expectations in terms of assistance, as at times the student's and teacher's stories are different. Be prepared to provide documentation.
5. Follow up on any referral. The student may not go to the principal or the counselor when sent. The administrator or attendance coordinator will inform the teacher of the consequences.
6. Refer students with continued and significant behavioral problems to the student assistance team for a determination of whether the student is in need of special services. Contact the counselor if you have questions as to the procedure.
7. Talk with other teachers about the classroom management techniques they use to establish an atmosphere conducive to learning in their classroom. A large repertoire of classroom management techniques always enhances learning.
8. Read and understand the student handbook and the student conduct rules of the District.
9. Use good judgment when dealing with difficult situations involving students. Be attentive to de-escalating behaviors as part of your normal protocol. Physical confrontation generally escalates tense situations. Corporal punishment is prohibited in our school district and is not to be used. Physical force may only be used to the extent reasonably necessary to protect the student, yourself and others, and to protect property as may be reasonable.
10. Violations of student rules which are also violations of state law are required to be reported to law enforcement. Make a report of such conduct to the Principal so this law may be followed.

Procedures for identifying unusual student behavior

Staff should use the following guidelines when you encounter students exhibiting unusual behaviors that merit further investigation. Your primary concern is to focus on student behavior, always remember there are a variety of potential causes leading to altered behaviors. Our responsibility is to protect all students and to remain aware and alert to potential problems.

1. The teacher's role is to explore/investigate in nonintrusive ways and then make administration aware of your findings. Your preliminary explorations should not alert a student to your concerns. It is not the teacher's role to approach and/or question a student about suspicions, leave that to the administration. Issues of this nature should remain confidential at all times. Do not draw unnecessary attention to the student.
2. Classroom teachers should observe students' behaviors, smell, visual appearance, motor skills, responsiveness, etc. when determining whether or not they need to forward a concern about a student to the administration.
3. The classroom teacher should determine the immediacy of the situation and contact the building administration accordingly. It may be something that can wait until after class, or it may be something that necessitates an immediate call to the office. Teachers are reminded to keep all communications and conversations private to protect the dignity of all students. In the event of an emergency the classroom teacher should refer to the crisis manual.
4. Staff members involved should prepare a written statement of their observations; including date, time, parties involved and any additional information.

5. Once the student has been referred to the office, the administration will make a determination of reasonable suspicion prior to proceeding to the next step in the investigation.
6. If possible, staff members will be notified of the situation at a later time.

Section 9 Dispensing Medication

Teachers are not permitted to give any medication to students unless trained under the Medication Aid Act, Neb. Rev. Stat. §71-6718 to 71-6743. Students who need to take prescription medicine must have a signed parent release form on file in the office. Medications are to be taken in the presence of the office staff, the nurse, or medication aide and are to be stored in the office. Medical procedures are not to be administered in the classroom except in accordance with the District's Safety and Security Management Plan and the District's Emergency Protocol (asthma/anaphylaxis protocol).

If students must take medication and/or perform medical procedures prescribed by a duly licensed physician during school hours, it is the responsibility of the parents or guardians to sign permission to dispense the medicine at the school and to submit a note or prescription from the physician authorizing the medicine and/or medical procedure. School district personnel will not administer medicine, including over the counter medicine, without this signed form and note or prescription. Any medication brought to school needs to be properly labeled. The label should include the following information: Student's name, name of medication, dosage needed, and time of dispensing the medication.

Section 10 Reporting Child Abuse

Nebraska State Law and school policy mandates school officials to make a report to the proper law enforcement agency or the Department of Health and Human Services (Child Protective Services) when there is reasonable cause to believe that a child has been abused or neglected, or a child is in a situation which would reasonably result in abuse or neglect. According to Nebraska State Law, abuse or neglect means knowingly, intentionally, or negligently causing or permitting a minor child to be:

- (a) Placed in a situation that endangers his or her life or physical or mental health;
- (b) Cruelly confined or cruelly punished;
- (c) Deprived of necessary food, clothing, shelter, or care;
- (d) Left unattended in a motor vehicle if such minor child is six years of age or younger;
- (e) Sexually abused; or
- (f) Sexually exploited by allowing, encouraging, or forcing such person to solicit for or engage in prostitution, debauchery, public indecency, or obscene or pornographic photography, films, or depictions.

Teachers are to inform their principal or supervisor that they intend to make a report. Administrative staff may sometimes choose to make the report for a teacher. However, informing a principal or supervisor does not end the teacher's responsibility; teachers are obligated to make certain a report was made if they do not do it themselves.

It is vital that the report be made as accurately and as soon as possible. To assure accuracy, you are encouraged to document the date of the incident and specific statements or explanations made by a child regarding an abuse/neglect concern. Timeliness in making a report will assist in minimizing further risk to the child by allowing the police or Child Protective Services workers to interview the child during the school day and prior to an evening or weekend. In cases of physical injury (e.g., bruising or other marks), it is essential the police observe and document the injury. A counselor or an administrator will help you.

Section 11 Safety and Security

All staff are responsible for reading, understanding, and executing the protocols described in the Raymond Central Crisis Response and Safety Manual as well as protocols that are expressed during specific drills and training. All classrooms will have a copy of the manual as well as up to date class rosters in the Emergency folder located in each classroom.

Article 5 – PERSONAL AND PROFESSIONAL CONDUCT

Section 1 Professional Ethics Standards

In fulfillment of the obligation to the public, the educator:

The educator shall believe that sound professional relationships with colleagues are built upon personal integrity, dignity, and mutual respect.

In fulfillment of the obligation to the profession, the educator:

- F. Shall permit no commercial or personal exploitation of his or her professional position.
- G. Shall use time on duty and leave time for the purpose for which intended.

Section 2 Evaluations

Evaluations of teachers will be conducted in accordance with the District's evaluation policy. Supervisors reserve the right to observe, appraise or evaluate teachers more frequently than required by policy on an as-needed basis. Teachers are expected to participate constructively and positively in the evaluation process and to accept and implement constructive suggestions and improvement strategies developed by the administration.

Section 3 Role Model

Teachers serve as role models for students and their actions and conduct reflect on the school as a whole. Teachers are in all respects to conduct themselves in a professional manner.

Section 4 Relationships

It is important for teachers to maintain an effective working relationship with the administration and all co-workers, including other teachers and support staff. Teachers are also to maintain appropriate relationships with students. Appropriate relationships are established by extending social courtesies, following through on commitments and promises, complying with administrative directives and Board policies, being honest and consistent, and not intruding into personal matters outside the scope of duties or gossiping or spreading rumors about others.

Section 5 Professional Attire

It is important for teachers to project a professional image to students, parents and co-workers. Appropriate attire and grooming are two of the means of projecting a professional image. Teachers are expected to maintain conservative and professional attire and grooming when on duty. As professionals, teachers are expected to be aware of the standard to be maintained. As a minimal guide, teachers should not wear clothing which students would not be permitted to wear at school. The administration may establish more detailed guidelines for individual teachers should that be necessary.

Section 6 Private Tutoring

Teachers are encouraged to provide individual assistance to students as a part of their duties. Teachers and other certificated staff shall not act as agents, or accept commission, royalties, or other rewards for books or other school materials, the selection or purchases of which they may influence.

A professional employee may not provide private tutoring or professional services in exchange for compensation from a source other than the School District without advance approval of the Superintendent:

1. to a child that the employee teaches or provides professional services in the course and scope of the employee's duties to the School District; or
2. in a facility owned or under the control of the District; or
3. during the employee's duty hours.

Professional employees who accept engagements to provide private tutoring or professional services are to make clear that the services are not being provided on behalf of the School District to the extent the recipient of the services may in any way otherwise be caused to believe the services are provided through the School District.

Section 7 Outside Employment

Teachers shall not perform duties unrelated to District employment during duty hours. In addition, teachers shall not engage in employment which conflicts with their school duties. Teachers are not required to notify the District of outside employment except: (1) teachers who are also employed by another Nebraska school district in order to comply with Nebraska State Retirement System regulations and (2) teachers who have a work-related injury in order to comply with workers' compensation requirements.

Section 8 Student Recognition

Teachers are responsible for participating in, promoting and supporting the Student Recognition Program that has been developed at Raymond Central Public Schools. A more detailed description of this program can be provided by the building principals. Graduation is considered a main event that all professional staff should attend.

Section 9 Professional Boundaries between Employees and Students

All employees are expected to observe and maintain professional boundaries between themselves and students. A violation of professional boundaries will be regarded as a form of misconduct and may result in disciplinary action.

The following non-exclusive list of actions will be regarded as a violation of the professional boundaries that employees are expected to maintain with a student:

- Using e-mail, text messaging, instant messaging or social networking sites to discuss with a student a matter that does not pertain to school-related activities, such as the student's homework, class activity, school sport or club, or other school-sponsored activity. Electronic communications with students are to be sent simultaneously to multiple recipients, not to just one student, except where the communication is clearly school-related and inappropriate for persons other than the individual student to receive (for example, e-mailing a message about a student's grades).
- Engaging in social-networking friendships with a student on Facebook, Twitter, Instagram, SnapChat, TikTok, or other social networking site. Material that employees post on social networks that is publicly available to those in the school community must reflect the professional image applicable to the employee's position and not impair the employee's capacity to maintain the respect of students and parents or impair the employee's ability to serve as a role model for children.
- Engaging in sexual activity, a romantic relationship, or dating a student or a former student within one year of the student graduating or otherwise leaving the District.
- Making any sexual advance – verbal, written, or physical – towards a student.
- Showing sexually inappropriate materials or objects to a student.
- Discussing with a student sexual topics that are not related to a specific curriculum.
- Telling sexual jokes to a student.
- Invading a student's physical privacy (e.g., walking in on the student in a restroom).
- Hugging or other physical contact with a student that is initiated by the employee when the student does not seek or want this attention.

- Being overly "touchy" with a specific student.
- Allowing a specific student to get away with misconduct that is not tolerated from other students, except as appropriate for students with an IEP or 504 Plan
- Discussing with the student the employee's problems that would normally be discussed with adults (e.g., marital problems).
- Giving a student a ride in the employee's personal vehicle without express permission of the student's parent or school administrator unless another adult is in the vehicle.
- Taking a student on an outing without obtaining prior express permission of the student's parent or school administrator.
- Inviting a student to the employee's home without prior express permission of the student's parent and school administrator.
- Going to the student's home when the student's parent or a proper chaperone is not present.
- Giving gifts of a personal nature to a specific student.

Appropriate exceptions are permitted to the foregoing for legitimate health or educational purposes and for reasons of familial relationships between employees and their children who are students in the District.

Section 10 Intellectual Property

All items that are created in the fulfillment of identified job responsibilities and purchased by district funds are property of Raymond Central Public Schools. When permanently exiting the district staff should leave all district items for future use.

- Paper items that have been created by staff should be copied or scanned. All original hard copies should be left with the building administrator.
- Once copied, digital items should be consolidated into a file; identified on the server under the teachers last name. The teacher should provide their building principal with information as to location of the items on the APS server.
- Items that have been purchased by the district should be left in the teacher's room, or work area. This includes but is not limited to; textbooks, office supplies, computers, furniture, manuals, articles of clothing, electronic devices, etc.

Section 11 Fundraising

Fundraising is the selling of a product, providing a service or activity, or requesting donations of any kind. School fundraising directly funds school programs and student organizations.

Within District policies and regulations, all fundraising activities by school-sponsored groups must have the approval of the building principal. If questions arise about the appropriateness of a given activity, the principal is expected to consult with the Superintendent who, in turn, may seek reactions from the Raymond Central Board of Education.

General Guidelines:

- Must have prior building principal approval. Before approval, expenditure purpose must be given to the Principal and Activities Director. School District employees who supervise official school programs or extracurricular activities are directed to not organize, conduct, or involve students in fundraising activities unless the fundraising activity has been approved by the building principal.
- Fundraising activities are to be considered for approval based on the following criteria:
 1. Students will not be exploited for sectarian, political, or commercial purposes.
 2. The project will accomplish the goals for the fundraiser without undue risk of financial loss.
 3. All students will benefit equally or the organization will benefit as specified in advance from fundraising proceeds.
 4. All sales of food and beverages shall comply with District nutrition and wellness policies and regulations.
 5. Organizations will be allowed one fundraiser involving the selling of a product or a good.
 6. The project meets all legal requirements.
- Donations may be sought as part of fundraising efforts.

Sales and Fundraising in Schools Sales in schools shall be subject to the following guidelines:

- Students may not be required to participate in fundraising or to provide a donation if raising money is part of a class or curricular project.
- Students will not be required to sell a required amount nor will they be penalized for not selling a required amount (Example: lettering, etc.).
- Students cannot sell products or services during the time they are in class.
- Sales of food or beverages cannot occur during the breakfast and/or lunch period of a regular school day.

- Control of sales before, during and after school is in the hands of school principals or designees who are responsible for maintaining compliance with sales and fundraising policies and regulations.
- All sales of food and beverages shall comply with District nutrition and wellness policies and regulations.

Management of Funds and Records

- Must follow strict money collection policies and procedures as outlined by each building and district policy. See Board Policy 3200 Article 3.
- All funds collected must be given by the fundraiser sponsor intact (i.e., cash and checks must be deposited in the same cash/check mix in which they were received) to the building principal or designee for deposit into the School District depository account no later than the next school day following receipt.
- Funds may not be deposited into personal accounts and may not be taken home.
- The fundraiser sponsor shall submit all records related to the fundraising project at the conclusion of the project. The records to be maintained and submitted include:
 1. Fundraiser Approval
 2. Purchase order or procurement card receipt
 3. Invoices and Packing slips
 4. Student checkout sheets
 5. Deposit receipts
 6. Inventory of merchandise and records of credit or receipt for returned merchandise

Fundraising by Outside Organizations

Outside organizations are non school-funded groups such as parent/teacher organizations, sports booster groups, and commercial enterprises that provide supplementary services to existing school entities. Outside organizations are separate and apart from the School District. Examples of outside organizations are: PTO, Music Boosters, Athletic Boosters, Post Prom Committee, and Parents for Fine Arts.

Article 6 – ACADEMIC MATTER

Section 1 Purpose and Goals of Academic Achievement

The Raymond Central Board of Education is committed to providing a quality education for all Raymond Central students consistent with the school's mission statement. Effective, quality instruction by teachers is an essential means of meeting the District's mission of providing a quality education.

Section 2 Teaching to Student Understanding to Assure Learning

Each teacher is responsible for teaching in a manner to meet the mission of the District and to assure student understanding and learning of the principles and concepts to be presented to students within the curriculum adopted by the District. Teachers will model classroom instruction using the Raymond Central Instructional Framework implemented by the District and instructional practices reflected in the teacher evaluation instrument adopted by the Board of Education. Teachers are responsible for familiarizing themselves with the Raymond Central Instructional Framework and the principles of instruction set forth in the evaluation instrument. The administration shall provide periodic in-services regarding both.

State and federal laws and regulations have been enacted which require that students with certain needs be provided instruction and services consistent with those special needs. Examples include students who have been verified as in need of special education ("special education students"), students with other disabilities which impact the educational program ("504 students"), and limited English proficient students ("LEP or ELL students"). The District's policy is to comply with the state and federal laws and regulations in all respects. Teachers who are assigned special education, 504, or LEP/ELL students are required to provide instruction and services consistent with legal requirements and the requirements of Board policy and regulation.

Section 3 Instruction in the Curriculum

Teachers shall instruct students in the curriculum, including the use of curriculum materials, adopted and implemented by the Board of Education and as directed by the administration.

Section 4 Measuring and Reporting Academic Achievement

Grades and Grading. Measuring and accurately reporting the level of each student's academic achievement is of critical importance to students, parents, staff, the board of education and community. To this end, each teacher shall develop a variety of assessment instruments and techniques to measure student achievement in the curriculum adopted and implemented by the school district, record the results of such assessment, and report such results on Report Cards. Teachers should endeavor to measure student learning and understanding on a frequent basis during each grading period to provide an accurate evaluation of each student's academic achievement for that period. It is generally preferable to give numerical grades for tests, quizzes, and daily work. GRADES MUST BE RECORDED FOR ALL CURRICULAR AREAS.

Recording Grades. Each teacher shall **record grades in PowerSchool. PowerSchool grades must be updated weekly.** A sufficient number of grades must be recorded in the grade book to justify all quarter and semester grades for each student. Please keep consistent and complete records. Teachers must be able to support and justify the grades that each individual student earns.

Grade Scales. Teachers are to use only the grading scales set forth below. Any deviation from the approved grade scales must be approved by the building principal.

STUDENT EVALUATION SCALE: The grade scales to be used for reporting student progress in Raymond Central High School are as follows:

GRADING SCALE:

<u>Letter Grade</u>	<u>Numeral Grade</u>	<u>Grade Point Avg</u>	<u>Letter Grade</u>	<u>Numeral Grade</u>	<u>Grade Point Avg</u>
A	94-100	4.0	C	81	2.5
B+	93	3.9	C	80	2.4
B+	92	3.8	C-	79	2.2
B+	91	3.7	C-	78	2.0
B	90	3.6	D+	77	1.9
B	89	3.5	D+	76	1.8
B	88	3.4	D+	75	1.7
B-	87	3.2	D	74	1.6
B-	86	3.0	D	73	1.5
C+	85	2.9	D-	72	1.4
C+	84	2.8	D-	71	1.2
C+	83	2.7	D-	70	1.0
C	82	2.6	F	0-69	0.0

The preceding grade scales are expected to be used according to the following guidelines:

1. No other grade scales are to be used on official records or reports.
2. "Failing," "unsatisfactory" or equivalent terms indicate that student performance does not meet the minimum requirements established for the course. A final mark of "failing" or "unsatisfactory" in a credit-bearing course means that credit hours will not be granted.
3. The mark given at the end of each reporting period is considered an evaluation of the pupil's status at the time (for example, the final mark in a semester course is an evaluation of the pupil's status as of the close of the semester; not an average of two nine-week marks).
4. Teachers may exercise professional judgment in distributing marks. Marks are not expected to be distributed on a normal curve.

Reconsideration of Grades/Marks

Questions raised concerning duly assigned grades will be resolved cooperatively in a conference which includes the teacher(s) involved and the Principal. In the event a grade is questioned by parents or students, the parents/guardians and/or student may be included in the conference.

Failure to resolve the issue will result in a second conference involving the Superintendent or designee and the participants in the initial conference described above. The grades designated by teachers will not be changed unilaterally by the Superintendent unless the Superintendent determines that the grade is not consistent with the requirements of law, Board policy, or the best interests of the District.

Transfer Grades. A student transferring into Raymond Central Public Schools will have all grades awarded in accordance to Board Policy 5003.

Reports to Parents. Teachers are expected to keep parents advised of grades by posting grades to PowerSchool and keeping those grades updated weekly so that they accurately reflect student progress. It is important that teachers provide students with opportunities to evidence their progress on the learning standards. Teacher should contact parents when students are failing their class and work with collaborate with parents/guardians on ways in which learning performance can be improved.

Grades and credit are assigned on a mid-semester (9 weeks) or semester basis (18 weeks). Reports are sent to parents at the close of each nine weeks during the school year; the reporting periods are referred to as 1st quarter, first semester, 3rd quarter, and second semester.

The grade reports are produced from information supplied by teachers and distributed to students at school or are mailed to parents.

All grades are calculated on a cumulative basis per course term; i.e., the grade given at any point and time represents an evaluation of work done during that semester, and the grade given at the close of the semester represents an evaluation of all the work done during the entire eighteen weeks.

The mid-semester and end-of-semester reports are directed to parents, not to students. Students probably know quite well how they stand in such areas as citizenship, attitude, cooperation, attendance, preparation of assignments, etc. The parents do not have this knowledge. If any such factors have significant bearing on the student's grades or their relationship with teachers, comment should be included on the report. The comments may call attention to deficiencies, faults, or failures; or they may be commendatory in nature. If carefully prepared, they can be most valuable. Parents need to have information about areas of strengths and areas needing improvement and progress being made by their child. For their instruction, and for our ultimate well-being, if and when problems arise, it is essential that the reports be as informative as possible.

Please accept, cooperatively and professionally, the responses that parents may make subsequent to the distribution grade reports or progress reports. Parents are not always helpful or reasonable under these circumstances but they do need information and direction. Please encourage parents to discuss their student-centered problems with you and give them all possible assistance.

Progress Reports To Parents. Progress reports are prepared at or near one quarter (1/4) and three quarters (3/4) of the way through each semester. These reports will be sent home with students. Any student receiving a D or F will have a copy mailed to their parents.

Academic Eligibility. All students involved in activities will be held to a high standard academically in order to be able to participate. Student grades will be obtained every Monday at Noon. Any student with a failing grade in more than one class will be placed on academic probation. That probation will last for one full week. During that time, the student has the opportunity to improve their grades for one week. If the student still has failing grades in more than one class in any on the

following Monday's grade report, that student is ineligible for the entire week, regardless of if grades are increased during the ineligible week. Students will be removed from the ineligible list once they have one F or fewer on the Monday grade report.

Academic eligibility for activity participants will be maintained on a weekly basis. All students involved in activities will be held to a high standard academically in order to be able to participate. Student grades will be obtained every Monday at Noon.

- a) Any student with a failing grade in more than one class will be placed on academic probation. That probation will last for one full week. During that time, the student has the opportunity to improve their grades for one week. If the student still has failing grades in more than one class on the following Monday's grade report, that student is ineligible for the entire week, regardless of if grades are increased during the ineligible week.
- b) Students will be removed from the ineligible list once they have one F or fewer on the Monday grade report.
- c) Resource students or Sec. 504 students who are not receiving a passing mark should only be placed on the ineligible list after consultation with the resource teacher and/or case manager. Referral must be made to the resource teacher.
- d) Teachers who submit names to the eligibility list will be responsible for personally contacting parents about the student's status. If a staff member has not informed the student and his/her parents/guardians during the probationary week(s) that the student is receiving an "F", the student will not be placed on the ineligible list the following week.

Section 5 School Improvement

Goals for improvement are defined and prioritized annually by the Board of Education. Campus School Improvement goals and action plans should be aligned with BOE goals and the PLC goals should flow from the Campus Goals. All staff are expected to be involved in the School Improvement Process.

Section 6 Parent-Teacher Conferences

Parent-Teacher conferences are a critical opportunity for teachers to dialogue with parents (or guardians) of students regarding student achievement and learning. To this end, fall and spring Parent-Teacher conferences will be scheduled and held during the school year. Teacher attendance at Parent-Teacher conferences is mandatory. The appropriate attire for this event is business professional. A teacher may only be excused from attendance at Parent-Teacher conferences in writing by the Superintendent. The schedule setting forth the dates and times for the Parent- Teacher conferences for the school years is as follows:

Teachers are expected to be prepared for such conferences. Being prepared includes having completed grade reports and other necessary information by the Parent-Teacher conference.

Section 7 Field Trips

All field trips and subsequent activities must be tied to the curriculum. There must be academic expectations tied to these activities. Teachers should obtain permission from the building principal for field trips and should expect to provide sound rationale for the activity. Local walking excursions should be reported to the principal. Teachers must complete a field trip request at least two weeks in advance of the planned trip and they must communicate to all teachers a list of who will be absent one week prior to the trip.

A district application form is required for extended field trips. The school retains the right to deny a student the privilege of field trip participation. We encourage teachers to schedule field trips throughout the school year as transportation is problematic in the spring.

The teacher, coach, and/or adult sponsor are charged with the management and handling of students when on school transportation vehicles. As a sponsor you are charged with the following responsibilities:

SAFETY ITEMS:

1. Submit Transportation Manifest as required.
2. Keep the noise level down.
3. There should be 'no talking or noise' when the bus is stopped at railroad crossings.
4. Make sure students stay seated. Avoid standing, kneeling, changing seats, and peering over seats.
5. Sign activity sheet after trip as required.
6. Keep all aisles and emergency exits cleared.
7. All district transportation vehicles have forms entitled BASIC FIRST AID and EMERGENCY EVACUATION PROCEDURES. All sponsors should know where these forms are located and be informed on evacuation procedures.

COURTESY ITEMS:

1. Sponsors should sit in a location that ensures they can monitor students effectively. Sitting at front with all students behind you is not advised.
2. Sponsor is charged with ensuring that the bus/vans are picked up. That duty can be delegated to students but sponsor should perform a walkthrough to make sure it is appropriately executed.

Section 8 Advisory Program

Students in sixth through twelfth grades will participate in the advisory program. The teacher advisor group will meet daily for 45 minutes. The activities of the advisory group may include but not be limited to the following:

1. Orientation to the school and its procedures and organization of academic materials, class preparation, and time.
2. Communication with the parents of advisees about academic and behavioral experiences.
3. Advocacy for the student with other staff members and students.
4. Delivery of designated curriculum.

Section 9 Nebraska State Assessment Requirements

All students in grades 3-8 will be required to take the Nebraska State Assessment, currently referred to as NSCAS. Students will test from late March to early May. Required tests will include NSCAS math, English language arts, and science.

Incoming ninth grade students who fail to meet the required state proficiency levels on any Nebraska state assessment may be remediated in the individual courses he/she did not meet proficiency standards. Remediation may include remedial courses in either summer skills, or during the regular semester. Please note; the additional course could possibly cause conflict in scheduling electives.

All juniors will be required to take the ACT test. The ACT test will be administered in the second semester and students will take all of the state required portions of the test. Currently, the required sections include English, Reading, Math, Science, and Writing.

Section 10 Dating Violence

Raymond Central Public Schools strives to provide physically safe and emotionally secure environments for all students and staff. Positive behaviors are encouraged in the educational program and are required of all students and staff. Dating violence will not be tolerated.

For purposes of this policy “dating violence” means a pattern of behavior where one person uses threats of, or actually uses, physical, sexual, verbal, or emotional abuse to control his or her dating partner. “Dating partner” means any person, regardless of gender, involved in an intimate relationship with another person primarily characterized by the expectation of affectionate involvement whether casual, serious, or long term.

Incidents of dating violence involving students at school will be addressed as the administration determines appropriate, within the scope and subject to the limits of the District’s authority.

Staff training on dating violence shall be provided as deemed appropriate by the administration. The dating violence training shall include, but need not be limited to, basic awareness of dating violence, warning signs of dating violence, and the District’s dating violence policy.

Dating violence education that is age-appropriate shall be incorporated into the school program. Dating violence education shall include, but not be limited to, defining dating violence, recognizing dating violence warning signs, and identifying characteristics of healthy dating relationships.

The administration will be responsible for ensuring that this dating violence policy is published in the school district’s student-parent handbook or an equivalent such publication. Parents and legal guardians shall be informed of the dating violence policy by such other means as the administration determines appropriate. If requested, parents or legal guardians shall be provided a copy of the dating violence policy and relevant information.

Article 7 – USE OF SCHOOL FACILITIES AND EQUIPMENT

Section 1 Drug-Free Workplace

The District has established the school as a drug-free workplace. The drug-free workplace for this purpose includes school grounds, school utilized vehicles, and places in which school activities are held.

The unlawful manufacture, distribution, disposition, possession, or use of a controlled substance is prohibited in the work place. The possession, use or distribution of illicit drugs or alcohol, the use of glue or aerosol paint or any other chemical substance for inhalation, and being under the influence of illicit drugs, alcohol, or inhalants, is prohibited in any place while teachers are on duty time. Any level of impairment from illicit drugs, alcohol, or inhalants, and the presence of any odor of illicit drugs (such as marijuana) or alcohol on a teacher in the work place or on duty time shall be a violation of the drug-free workplace. The possession or distribution of a look-alike drug or look-alike controlled substance is prohibited. In addition, teachers are expected to serve as role models for students and will be considered to have violated the District's expectations in the event the teacher commits a criminal drug or alcohol offense off the work place or off duty time.

Disciplinary sanctions up to and including termination of employment and referral for prosecution will be imposed upon teachers who violate the aforementioned standards of conduct. Sanctions may include the requirement that the teacher complete an appropriate rehabilitation program, a reprimand, and termination of employment. Drug and alcohol counseling and rehabilitation and reentry programs are available through local health agencies.

Section 2 Smoke and Tobacco-Free Workplace

The use of tobacco products in the District's buildings and all owned or leased facilities and vehicles is prohibited.

Section 3 Weapon-Free Workplace

The District prohibits any person from being in possession of a weapon at a school attendance facility, on school property, at a school-supervised activity, or at a school-sponsored function. Any teacher found to be in violation of this policy shall be subject to disciplinary action, up to and including termination.

The term "weapon" means an instrument or object used, or which may be used, as a means of attack, defense, or destruction, including, without limitation:

- a. Any object which will, or is designed to, or may readily be converted to, expel a projectile by the action of an explosive or other means;
- b. The frame or receiver of any object described in the preceding example;
- c. Any firearm muffler or silencer;
- d. Any explosive, incendiary or gas (a) bomb, (b) grenade, (c) rocket, (d) missile, (e) mine, or similar device;
- e. Any bludgeon, sand club, metal knuckles, or throwing star;
- f. Any knife other than as used for strictly instructional or personal care or eating purposes. A pocket knife with a blade of 2-1/2 inches or more is a prohibited weapon. A switch-blade knife is prohibited regardless of size of the blade. A switch-blade knife is defined as a knife with a blade that opens automatically by hand pressure applied to a button, spring, or other device in the handle of a knife, or any knife having a blade that opens or falls or is ejected into position by the force of gravity or by an outward, downward, or centrifugal thrust or movement;
- g. Any electronic device designed to discharge immobilizing levels of electricity, commonly known as a stun gun;
- h. A teacher may possess mace or other similar chemical agents in quantity and/or concentration typically designed for individual personal defensive purposes and this shall not be considered as possession of a weapon. Possession of larger quantities and/or concentrations of mace or other similar chemical agents than is typically designed for individual personal defensive purposes will be considered as possession of a weapon. Usage of mace or other similar chemical agents will be considered as usage of a weapon if the usage is found to be for non-defensive purposes. A teacher who is negligent in their possession of mace or other similar chemical agents will be subject to disciplinary action.
- i. A teacher may possess an item which may be considered a weapon where such item is used for instructional purposes and the teacher has received approval of the administration to possess the item, provided it is used in the manner approved and is maintained in such manner as the administration has directed.
- j. Any other object that is designed for or intended for use as a destructive or injurious device.

The phrase "possession of a weapon" includes, without limitation, a weapon in a teacher's personal possession, as well as in a teacher's motor vehicle, desk, locker, briefcase, backpack, or purse.

Section 4 Use of District Computer Network and Internet Safety Policy

It is the policy of Raymond Central Public Schools to comply with the Children's Internet Protection Act (CIPA) and Children's Online Privacy Protection Act (COPPA). With respect to the District's computer network, the District shall: (a) prevent user access to, or transmission of, inappropriate material via Internet, electronic mail, or other forms of direct electronic communications; (b) provide for the safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications; (c) prevent unauthorized access, including so-called "hacking," and other

unlawful activities online; (d) prevent unauthorized online disclosure, use, or dissemination of personal identification information of minors; (e) obtain verifiable parental consent before allowing third parties to collect personal information online from students; and (f) implement measures designed to restrict minors' access to materials (visual or non-visual) that are harmful to minors.

1. Definitions. Key terms are as defined in CIPA. "Inappropriate material" for purposes of this policy includes material that is obscene, child pornography, or harmful to minors. The term "harmful to minors" means any picture, image, graphic image file, or other visual depiction that: (1) taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; (2) depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and (3) taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.
2. Access to Inappropriate Material. To the extent practical, technology protection measures (or "Internet filters") shall be used to block or filter Internet, or other forms of electronic communications, access to inappropriate information. Specifically, as required by the CIPA, blocking shall be applied to visual depictions of material deemed obscene or child pornography, or to any material deemed harmful to minors. Subject to staff supervision, technology protection measures may be disabled or, in the case of minors, minimized only for bona fide research or other lawful purposes.
3. Inappropriate Network Usage. To the extent practical, steps shall be taken to promote the safety and security of users of the District's online computer network when using electronic mail, chat rooms, instant messaging, and other forms of direct electronic communications. Specifically, as required by CIPA, prevention of inappropriate network usage includes: (a) unauthorized access, including so-called 'hacking,' and other unlawful activities; and (b) unauthorized disclosure, use, and dissemination of personal identification information regarding minors.
4. Supervision and Monitoring. It shall be the responsibility of all members of the District staff to supervise and monitor usage of the online computer network and access to the Internet in accordance with this policy and CIPA. Procedures for the disabling or otherwise modifying any technology protection measures shall be the responsibility of the Superintendent and the Superintendent's designees.
5. Social Networking. Students shall be educated about appropriate online behavior, including interacting with others on social networking websites and in chat rooms, and cyberbullying awareness and response. The plan shall be for all students to be provided education on these subjects. The Superintendent or the Superintendent's designee shall be responsible for identifying educational materials, lessons, and/or programs suitable for the age and maturity level of the students and for ensuring the delivery of such materials, lessons, and/or programs to students.
6. Parental Consent. The District shall obtain verifiable parental consent prior to students providing or otherwise disclosing personal information online.
7. Adoption. This Internet Safety Policy was adopted by the Board at a public meeting, following normal public notice.
8. The District shall comply with the Nebraska Student Online Personal Protection Act and will endeavor to take all reasonable and necessary steps to protect the online privacy of all students.

Section 5 Computer Acceptable Use Policy

This computer acceptable use policy is supplemental to the District's Internet Safety Policy.

1. Technology Subject to this Policy. This Computer Acceptable Use Policy applies to all technology resources of the District or made available by the District. Technology resources include, without limitation, computers and related technology equipment, all forms of e-mail and electronic communications, and the internet.
2. Access and User Agreements. Use of the District technology resources is a privilege and not a right. The Superintendent or designee shall develop appropriate user agreements and shall require that employees, students (and their parents or guardians), and others to sign such user agreements as a condition of access to the technology resources, as the Superintendent determines appropriate. Parents and guardians of students in programs operated by the District shall inform the Superintendent or designee in writing if they do not want their child to have access.

The Superintendent and designees are authorized and directed to establish and implement such other regulations, forms, procedures, guidelines, and standards to implement this Policy.

The technology resources are not a public forum. The District reserves the right to restrict any communications and to remove communications that have been posted.

3. Acceptable Uses. The technology resources are to be used for the limited purpose of advancing the District's mission. The technology resources are to be used, in general, for educational purposes, meaning activities that are integral, immediate, and proximate to the education of students as defined in the E-rate program regulations.

4. Unacceptable Uses. The following are unacceptable uses of the technology resources:

- a. **Personal Gain:** Technology resources shall not be used, and no person shall authorize its use, for personal financial gain other than in accordance with prescribed constitutional, statutory, and regulatory procedures, other than compensation provided by law.
- b. **Personal Matters:** Technology resources shall not be used, and no person shall authorize its use, for personal matters unless the User has entered into a lease agreement or other similar agreement with the School District that makes such use permissible under law.

Occasional use that the Superintendent or designee determines to ultimately facilitate the mission of the District is not prohibited by this provision. Examples of occasional use that may be determined to ultimately facilitate the mission of the District: sending an e-mail to a minor child or spouse; sending an e-mail related to a community group in which an employee is a member where the membership in the community group facilitates the District's mission.

This occasional use exception does not permit use by employees contrary to the expectations of their position. For example, employees may not play games or surf the net for purposes not directly related to their job during duty time; nor may students do so during instructional time.

The occasional use exception also does not permit use of the technology resources for private business, such as searching for or ordering items on the internet for non-school use; or sending an e-mail related to one's own private consulting business.

- c. **Campaigning:** Technology resources shall not be used, and no person shall authorize its use, for the purpose of campaigning for or against the nomination or election of a candidate or the qualification, passage, or defeat of a ballot question.
- d. **Technology-Related Limitations:** Technology resources shall not be used in any manner which impairs its effective operations or the rights of other technology users. Without limitation:
 - 1) Users shall not use another person's name, log-on, password, or files for any reason, or allow another to use their password (except for authorized staff members).
 - 2) Users shall not erase, remake, or make unusable another person's computer, information, files, programs or disks.
 - 3) Users shall not access resources not specifically granted to the user or engage in electronic trespassing.
 - 4) Users shall not engage in "hacking" to gain unauthorized access to the operating system software or unauthorized access to the system of other users.
 - 5) Users shall not copy, change, or transfer any software without permission from the network administrators.
 - 6) Users shall not write, produce, generate, copy, propagate, or attempt to introduce any computer code designed to self-replicate, damage, or otherwise hinder the performance of any computer's memory, file system, or software. Such software is often called a bug, virus, worm, Trojan horse, or similar name.
 - 7) Users shall not engage in any form of vandalism of the technology resources.
 - 8) Users shall follow the generally accepted rules of network etiquette. The Superintendent or designees may further define such rules.
- e. **Other Policies and Laws:** Technology resources shall not be used for any purpose contrary to any District policy, any school rules to which a student user is subject, or any applicable law. Without limitation, this means that technology resources may not be used:
 - 1) to access any material contrary to the Internet Safety Policy; or to create or generate any such material.
 - 2) to engage in unlawful harassment or discrimination, such as sending e-mails that contain sexual jokes or images.
 - 3) to engage in violations of employee ethical standards and employee standards of performance, such as sending e-mails that are threatening or offensive or which contain abusive language; use of end messages on e-mails that may imply that the District is supportive of a particular religion or religious belief system, a political candidate or issue, or a controversial issue; or sending e-mails that divulge protected confidential student information to unauthorized persons.
 - 4) to engage in or promote violations of student conduct rules.
 - 5) to engage in illegal activity, such as gambling.
 - 6) in a manner contrary to copyright laws.
 - 7) in a manner contrary to software licenses.

5. Disclaimer. The technology resources are supplied on an “as is, as available” basis. The District does not imply or expressly warrant that any information accessed will be valuable or fit for a particular purpose or that the system will operate error free. The District is not responsible for the integrity of information accessed, or software downloaded from the Internet.

6. Filter. A technology protection measure is in place that blocks and/or filters access to prevent access to Internet sites that are not in accordance with policies and regulations. In addition to blocks and/or filters, the District may also use other technology protection measures or procedures as deemed appropriate.

Notwithstanding technology protection measures, some inappropriate material may be accessible by the Internet, including material that is illegal, defamatory, inaccurate, or potentially offensive to some people. Users accept the risk of access to such material and responsibility for promptly exiting any such material.

The technology protection measure that blocks and/or filters Internet access may be disabled only by an authorized staff member for bona fide research or educational purposes: (a) who has successfully completed District training on proper disabling circumstances and procedures, (b) with permission of the immediate supervisor of the staff member requesting said disabling, or (c) with the permission of the Superintendent. An authorized staff member may override the technology protection measure that blocks and/or filters Internet access for a minor to access a site for bona fide research or other lawful purposes provided the minor is monitored directly by an authorized staff member.

7. Monitoring. Use of the technology resources, including but not limited to internet sites visited and e-mail transmitted or received, is subject to monitoring by the administration and network administrators at any time to maintain the system and insure that users are using the system responsibly, without notice to the users. Users have no privacy rights or expectations of privacy with regard to use of the District’s computers or Internet system. All technology equipment shall be used under the supervision of the Superintendent and the Superintendent’s designees.

8. Sanctions. Violation of the policies and procedures concerning the use of the District technology resources may result in suspension or cancellation of the privilege to use the technology resources and disciplinary action, up to and including expulsion of students and termination of employees. Use that is unethical may be reported to the Commissioner of Education. Use that is unlawful may be reported to the law enforcement authorities. Users shall be responsible for damages caused and injuries sustained by improper or non-permitted use.

Section 6 Care of School Property

Teachers are responsible for the proper care of all books, equipment, supplies and furniture supplied by the school. If an item is in need of maintenance or repair, report it to the Principal. If you learn that a student has damaged school property or equipment, or if you are responsible for damage to school property, promptly report it to the Principal so the item may be replaced or repaired if possible and appropriate responsibility for the cost of replacement or repair may be determined.

Section 7 Use of Telephone/Cell Phone

Staff members will have access to a school phone and voicemail at their teaching stations. This phone is provided for your convenience in completing contacts to parents, vendors, and other school- related functions. Staff members should use discretion in taking and making calls during the school day. Please be aware of the following regulations:

1. Place personal or school calls during planning periods or before or after school. This includes use of cell phone calls and texting placed or received. *Only emergency calls will be forwarded to you and/or should be sent or received by you during your obligated duty time.* Do not discuss student progress over the phone where other students could overhear the conversation.
2. Long distance business calls will be logged and submitted upon request.
3. Long distance personal calls should be completed using a personal calling card or your cell phone.
4. Students should not be allowed to use school phone for personal use.
5. Voice mail should be checked regularly during the school day; use planning periods, lunch break or before and after school times to answer mail. All incoming personal and professional calls will be forwarded to your voice mailbox.
6. Staff members should regularly update their personal messages as schedules change (such as sports seasons) to reflect their availability.
7. Student cell phones and other devices should be turned off, (please note; OFF does not mean vibrate) prior to entering the classroom, media center or study hall. At no time should a student’s cell phone interrupt the educational process. Student cell phones should not be on during scheduled class time. This means that students should not use their cell phone if they are excused to the restroom or any location outside the classroom. If a student is caught in the hallway during class time using their cell phone it will be confiscated.

8. To ensure the privacy and confidentiality of student information, no person is authorized to record or transmit any sound or image of any person (including themselves) without the prior consent or authorization of either (1) the person or persons being recorded or whose image or sound is being transmitted or (2) the Superintendent or Superintendent's designee. This prohibition applies to all persons, including staff, students and community members, regardless of the content or context of the image or sound; however, this provision shall not apply to District-sponsored athletic or activity events where the focus of the recording or transmission is on the student performances or activity. Nothing in this provision shall prohibit the recording of an Individualized Education Program meeting if the recording is necessary to ensure that the parent understands the IEP or the IEP process or to implement other parental rights guaranteed by the Individuals with Disabilities Education Act.

Section 8 Visitors

Teachers are not to have visitors on school property except on a short-term basis and only with permission of the principal. Included in the definition of visitors are family members of the teacher. Visitors should follow posted procedures for being on school property. Teachers are not to bring their children to school with them in lieu of taking them to childcare. **All visitors will be required to wear Identification badges during the scheduled day, while on school property.**

Section 9 Salespersons

Teachers need not allow, and should not permit, any salesperson or representative or agent of any commercial enterprise or theatrical presentation to contact the teacher while engaged in the teacher's duties except for such times as may be designated by the Superintendent or designee. By law, the hours of no solicitation are between 8:30 a.m. and 5:00 p.m. on all days school is in session. If you are required to be at work earlier than 8:30 a.m., the hours are extended to that earlier time as well.

Teachers shall not use classrooms, buildings or other school property for personal use or profit without specific approval from the Superintendent or designee. Teachers shall not use time for which the teacher is on duty or paid by the District to engage in any activity for personal financial profit. Any violation of this policy will be held to be willful insubordination.

Section 10 Security of Desks and Lockers

Offices, teacher desks, lockers, file cabinets and other such storage devices ("storage devices") are owned by the school and are to be properly cared for and maintained. Appropriate security measures should be used to protect school and personal property kept in storage devices from theft or vandalism and to protect confidential student records.

The school exercises exclusive control over school property and reserves the right to search offices and storage devices provided to or used by employees where permitted by law, such as where reasonable grounds exist for suspecting that a search will turn up evidence that the employee has committed work-related misconduct, or that a search is necessary for a non-investigatory work-related purpose, such as to retrieve a file. School-related documents or records must remain readily available to administration and other appropriate school staff. Any personal items a teacher wants to have kept private should be kept in a separate personal storage device, such as a brief case, purse or backpack.

The District is not responsible for any personal property teachers may bring to school. Teachers are cautioned not to bring large amounts of money or items of significant value to school.

Section 11 Bulletins and Announcements

Bulletin boards and display cases are available for school-related and approved materials to be posted and displayed. Posters to be used in the halls or materials for distribution will need to be approved by the Principal's office. The person or organization responsible for distributing the posters is responsible to see that all posters are removed within 48 hours after the event.

Section 12 Copyright and Fair Use Policy

It is the school's policy to follow the federal copyright law. Staff and students are reminded that, when using school equipment and when completing course work, they also must follow the federal copyright laws. The federal copyright law governs the reproduction of works of authorship. Copyrighted works are protected regardless of the medium in which they are created or reproduced; thus, copyright extends to digital works and works transformed into a digital format. Copyrighted works are not limited to those that bear a copyright notice.

The "fair use" doctrine allows limited reproduction of copyrighted works for educational and research purposes. The relevant portion of the copyright statute provides that the "fair use" of a copyrighted work, including reproduction "for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research" is not an infringement of copyright. The law lists the following factors as the ones to be evaluated in determining whether a particular use of a copyrighted work is a permitted "fair use," rather than an infringement of the copyright:

- the purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes;
- the nature of the copyrighted work;
- the amount and substantiality of the portion used in relation to the copyrighted work as a whole, and
- the effect of the use upon the potential market for or value of the copyrighted work.

Although all of these factors will be considered, the last factor is the most important in determining whether a particular use is “fair.” Students should seek assistance from a faculty member if there are any questions regarding what may be copied.

Section 13 Lost and Found

Teachers who find lost articles are asked to take them to the office, where the articles can be claimed by the owner.

Section 14 Safety

Safety Program and Safety Committee

The District has established a Safety and Security Management Plan which includes safety and security plans and procedures, including plans and procedures to address emergency and crisis situations. Teachers are expected to be familiar with and to comply with the Safety and Security Management Plan. The Plan may be obtained for review or copy from the Principal or the Superintendent.

The District also has a safety committee to address employee accidents, injuries and work place conditions. A representative from each bargaining group plus representatives appointed by administration serve on the committee. If you have a desire to serve on the committee, you should contact the President of the teachers’ association. Teachers can make suggestions and/or report concerns to the safety committee in the following ways: (1) contact the teachers’ association representative of the safety committee, (2) contact the President of the teachers’ association, or (3) contact the Safety Committee in care of the Superintendent.

Safety Practices

Guidelines for safe work practices which teachers should follow include the following:

1. Never stand on chairs, counters, tables, etc. Only use step stools, ladders and locking stools to stand, climb, etc., to reach high places, put things on bulletin boards, etc.
2. Always wear protective equipment (i.e., goggles, aprons, gloves, and ear protection).
3. Wipe up spills or report promptly to appropriate personnel. DO NOT assume someone else will do it.
4. Be aware of your surroundings. Pick up clutter, keep your work area or room clean and free of clutter, debris, etc.
5. Identify and report all hazards (i.e., broken equipment, broken or uneven floor surfaces, non-operating tools, windows, doors, etc.). Follow up if not repaired.
6. Do not use equipment if you are not familiar with it or operate machinery without proper training.
7. Do not carry heavy or bulky objects. Get a cart, dolly or assistance. Know how to properly lift.
8. Report any injuries or medical problems to your supervisor immediately and complete the employee accident report.
9. Wear seatbelts when in vehicles where provided.
10. Do not do repetitive tasks for long periods of time (i.e., keyboarding, dipping cookies, cutting out things, filing, typing, etc.). Take breaks, learn and do stretching exercises, etc. Every accident in the school building, on the school grounds, at practice sessions, or at any athletic event sponsored by the school must be reported immediately to the Principal.

As required by law, approved safety glasses will be required of every student and teacher while participating in or observing vocational, technical, industrial technology, science, and art classes. All visitors to these areas must check out a pair of safety glasses when entering any of these areas.

Emergency Information Packets

Each classroom shall have an Emergency Information Packet visibly located near the exit. Teachers should ensure that the following items are in this packet: Emergency Response Manual, updated roster of students occupying the classroom, teacher identification badge, red and green card, paper and pencil. Teachers are to take these packets with them during emergency evacuations of any nature.

Fire and Severe Weather exit routes and safety areas are to be visibly posted near the exit in each classroom. Guidelines for these procedures can be found in the Emergency Response Manual.

Security Measures

All entrance doors will be locked from 8:15 a.m. - 3:30 p.m. All outer doors are to be closed during the school day (exceptions may be made due to environmental issues). Any teacher upon seeing a 'stranger' in the hallway will look for a visitor badge and if one is not visible you will direct and/or lead them to the high school office. The high school secretary will check in all visitors and issue a visitor badge to them.

Security System Procedures

Each individual staff member has been issued a key for entrance into the building and a security code to be used outside of school operational hours. Once in the building please make certain that the door shuts and locks behind you. At no time should the doors to the school be propped or left open. In an attempt to further ensure the safety of the staff and students, video cameras have been placed throughout the interior and exterior of the building.

During the school day the doors will unlock in the morning at 6:30 am (secondary school) and 7:30 a.m. (elementary schools) and stay open until 8:15 am, with exception to the main entrances. After the school day, the building will remain locked down.

Use of Personal Vehicles

Teachers who drive school vehicles or volunteer to use their personal automobile to transport students must have a valid driver's license and proof of insurance. Teachers will be provided a Driver's Certification form to verify this information and to be given instruction on emergency evacuation and first aid. Teachers who drive school vehicles or transport students in their personal vehicles are responsible for following safe driving practices, including use of seat belts by all occupants. When driving your personal vehicle, you are assuming an additional degree of personal liability for any injury or accident. Teachers are not to use cell phones while driving a school vehicle or while transporting children.

Accidents

Every accident which results in a personal injury must be reported to the Principal immediately. In the event the injury involves a student, the teacher responsible for the student either as teacher, coach or sponsor is responsible for making the report. If the injury occurs in the presence of the teacher, the teacher is also responsible for making a report.

Workers Compensation

Teachers are required to immediately report any work-related injury and/or work-related medical condition to their supervisor and complete all appropriate paperwork.

Accordingly, unlawful discrimination, harassment and retaliation of any kind by District employees, including, co-workers, non-employees (such as volunteers), third parties, and others is strictly prohibited and will not be tolerated.

Harassment is a form of discrimination and includes verbal, non-verbal, written, graphic, or physical conduct relating to a person's sex, disability, race (including skin color, hair texture and protective hairstyles), color, religion, veteran

status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, sexual orientation or gender identity, or other protected status, that is sufficiently serious to deny, interfere with, or limit a person's ability to participate in or benefit from an educational or work program or activity, including, but not limited to:

- a. Conduct that is sufficiently severe or pervasive to create an intimidating, hostile, or abusive educational or work environment, or
- b. Requiring an individual to endure the offensive conduct as a condition of continued employment or educational programs or activities, including the receipt of aids, benefits, and services.

Educational programs and activities include all academic, educational, extracurricular, athletic, and other programs of the school, whether those programs take place in a school's facilities, on a school bus, at a class or training program sponsored by the school at another location, or elsewhere.

Discriminatory harassment because of a person's sex, disability, race (including skin color, hair texture and protective hairstyles), color, religion, veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, sexual orientation or gender identity, or other protected status, may include, but is not limited to:

- a. Name-calling,
- b. Teasing or taunting,
- c. Insults, slurs, or derogatory names or remarks,
- d. Demeaning jokes,
- e. Inappropriate gestures,
- f. Graffiti or inappropriate written or electronic material,
- g. Visual displays, such as cartoons, posters, or electronic images,
- h. Threats or intimidating or hostile conduct,
- i. Physical acts of aggression, assault, or violence, or
- j. Criminal offenses

The following examples are additional or more specific examples of conduct that may constitute sexual harassment:

- a. Unwelcome sexual advances or propositions,
- b. Requests or pressure for sexual favors,
- c. Comments about an individual's body, sexual activity, or sexual attractiveness,
- d. Physical contact or touching of a sexual nature, including touching intimate body parts and inappropriate patting, pinching, rubbing, or brushing against another's body,
- e. Physical sexual acts of aggression, assault, or violence, including criminal offenses (such as rape, sexual assault or battery, and sexually motivated stalking), against a person's will or where a person is incapable of giving consent due to the victim's age, intellectual disability, or use of drugs or alcohol,
- f. Requiring sexual favors or contact in exchange for aids, benefits, or services, such as grades, awards, privileges, promotions, etc., or
- g. Gender-based harassment; acts of verbal, nonverbal, written, graphic, or physical conduct based on sex or sex-stereotyping, but not involving conduct of a sexual nature.

If the District knows or reasonably should know about possible harassment, including violence, the District will conduct a prompt, adequate, reliable, thorough, and impartial investigation to determine whether unlawful harassment occurred (see section entitled "Grievance Procedures," below), and take appropriate interim measures, if necessary. If the District determines that unlawful harassment occurred, the District will take prompt and effective action to eliminate the harassment, prevent its recurrence, and remedy its effects, if appropriate. If harassment or violence that occurs off school property creates a hostile environment at school, the District will follow this policy and grievance procedure, within the scope of its authority.

All District employees are expected to take prompt and appropriate actions to report and prevent discrimination, harassment, and retaliation by others. Employees who witness or become aware of possible discrimination, including harassment and retaliation, must immediately report the conduct to his or her supervisor or the compliance coordinator designated to handle complaints of discrimination (designated compliance coordinator).

2. **Anti-retaliation:** The District prohibits retaliation, intimidation, threats, coercion, or discrimination against any person for opposing discrimination, including harassment, or for participating in the District's discrimination complaint process or making a complaint, testifying, assisting, or participating in any manner, in an investigation, proceeding, or hearing. Retaliation is a form of discrimination.

The District will take immediate steps to stop retaliation and prevent its recurrence against the alleged victim and any person associated with the alleged victim. These steps will include, but are not limited to, notifying students, employees, and others, that they are protected from retaliation, ensuring that they know how to report future complaints, and initiating follow-up contact with the complainant to determine if any additional acts of discrimination, harassment, or retaliation have occurred. If retaliation occurs, the District will take prompt and strong responsive action, including possible discipline, including expulsion or termination, if applicable.

3. **Grievance (or Complaint) Procedures:** Employees or students should initially report all instances of discrimination, harassment or retaliation to their immediate supervisor or teacher or to the compliance coordinator designated to handle complaints of discrimination (designated coordinator). If the employee or student is uncomfortable in presenting the problem to the supervisor or teacher, or if the supervisor or teacher is the problem, the employee or student may report the alleged discrimination, harassment or retaliation (“discrimination”) to the designated coordinator, or in the case of students, to another staff person (such as a counselor or principal).

Other individuals may report alleged discrimination to the designated coordinator. If the designated coordinator is the person alleged to have committed the discriminatory act, then the complaint should be submitted to the Superintendent for assignment. A discrimination complaint form is attached to this grievance procedure and is available in the office of each District building, on the District's website, and from the designated coordinators.

Under no circumstances will a person filing a complaint or grievance involving discrimination be retaliated against for filing the complaint or grievance.

i. Level 1 (Investigation and Findings):

Once the District receives a grievance, complaint or report alleging discrimination, harassment, or retaliation, or becomes aware of possible discriminatory conduct, the District will conduct a prompt, adequate, reliable, thorough, and impartial investigation to determine whether unlawful harassment occurred. If necessary, the District will take immediate, interim action or measures to protect the alleged victim and prevent further potential discrimination, harassment, or retaliation during the pending investigation. The alleged victim will be notified of his or her options to avoid contact with the alleged harasser, such as changing a class or prohibiting the alleged harasser from having any contact with the alleged victim pending the result of the District's investigation. The District will minimize any burden on the alleged victim when taking interim measures to protect the alleged victim.

The District will promptly investigate all complaints of discrimination, even if an outside entity or law enforcement agency is investigating a complaint involving the same facts and allegations. The District will not wait for the conclusion or outcome of a criminal investigation or proceeding to begin an investigation required by this grievance procedure. If the allegation(s) involve possible criminal conduct, the District will notify the complainant of his or her right to file a criminal complaint, and District employees will not dissuade the complainant from filing a criminal complaint either during or after the District's investigation.

The District will aim to complete its investigation within **ten (10) working days** after receiving a complaint or report, unless extenuating circumstances exist. Extenuating circumstances may include the unavailability of witnesses due to illness or incapacitation, or additional time needed because of the complexity of the investigation, the need for outside experts to evaluate the evidence (such as forensic evidence), or multiple complainants or victims. If extenuating circumstances exist, the extended timeframe to complete the investigation will **not exceed ten (10) additional working days without the consent of the complainant, unless the alleged victim agrees to a longer timeline.** Periodic status updates will be given to the parties, when appropriate.

The District's investigation will include, but is not limited to:

- a. Providing the parties with the opportunity to present witnesses and provide evidence.
- b. An evaluation of all relevant information and documentation relating to the alleged discriminatory conduct.
- c. For allegations involving harassment, some of the factors the District will consider include: 1) the nature of the conduct and whether the conduct was unwelcome, 2) the surrounding circumstances, expectations, and relationships, 3) the degree to which the conduct affected one or more students' education, 4) the type, frequency, and duration of the conduct, 5) the identity of and relationship between the alleged harasser and the suspect or suspects of the harassment, 6) the number of individuals involved, 7) the age (and sex, if applicable) of the alleged harasser and the alleged victim(s) of the harassment, 8) the location of the incidents and the context in which they occurred, 9) the totality of the circumstances, and 10) other relevant evidence.
- d. A review of the evidence using a “preponderance of the evidence” standard (based on the evidence, is it more likely than not that discrimination, harassment, or retaliation occurred?)

The designated compliance coordinator (or designated investigator) will complete an investigative report, which will include:

- a. A summary of the facts,
- b. Findings regarding whether discrimination, harassment or other inappropriate conduct occurred, and
- c. If a finding is made that discrimination, harassment or other inappropriate conduct occurred, the recommended remedy or remedies necessary to eliminate discrimination, harassment or other inappropriate conduct.

If someone other than the designated compliance coordinator conducted the investigation, the compliance coordinator will review, approve, and sign the investigative report. The District will ensure that prompt, appropriate, and effective remedies are provided if a finding of discrimination, harassment, or retaliation is made. The District will maintain relevant documentation obtained during the investigation and documentation supportive of the findings and any subsequent determinations, including the investigative report, witness statements, interview summaries, and any transcripts or audio recordings, pertaining to the investigative and appeal proceedings.

The District will send concurrently to the parties written notification of the decision (findings and any remedy) regarding the complaint within **one (1) working day** after the investigation is completed. The Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. § 11232g; 34 C.F.R. Part 99, permits the District to disclose relevant information to a student who was discriminated against or harassed.

ii. Level 2 (Appeal to the Superintendent):

If a party is not satisfied with the findings or remedies (or both) set forth in the decision, he or she may file an appeal in writing with the Superintendent within **five (5) working days** after receiving the decision. The Superintendent will review the appeal and the investigative documentation and decision, conduct additional investigation, if necessary, and issue a written determination about the appeal **within ten (10) working days** after receiving the appeal. The party who filed the appeal will be sent the Superintendent's determination at the time it is issued, and a copy will be sent to the designated compliance coordinator. [If the Superintendent is the subject of the complaint, the party will file the appeal directly with the Board.]

iii. Level 3 (Appeal to the Board):

If the party is not satisfied with the Superintendent's determination, he or she may file an appeal in writing with the Board of Education **within five (5) working days** after receiving the Superintendent's determination. The Board of Education will review the appeal, the Superintendent's determination, the investigative documentation and decision, and allow the party to address the Board at a Board meeting to present his or her appeal. The party will be allowed to address the Board at the Board's next regularly scheduled Board meeting (unless the Board receives the appeal within one week of the next regularly scheduled Board meeting) or at a time and date agreed to by the Board, designated compliance officer and the party. The Board will issue a written determination about the appeal **within thirty (30) days** after the party addresses the Board. The party who filed the appeal will be sent the Board's determination at the time it is issued, and a copy will be sent to the designated compliance coordinator. The Board's determination, and any actions taken, will be final on behalf of the District.

4. **Confidentiality:** The identity of the complainant will be kept confidential to the extent permitted by state and federal law. The District will notify the complainant of the anti-retaliation provisions of applicable laws and that the District will take steps to prevent retaliation and will take prompt and strong responsive actions if retaliation occurs.

If a complainant requests confidentiality or asks that the complaint not be pursued, the District will take all reasonable steps to investigate and respond to the complaint consistent with the request for confidentiality or the request not to pursue an investigation, as long as doing so does not prevent the District from responding effectively to the harassment and preventing harassment of other students. If a complainant insists that his or her name or other identifiable information not be disclosed to the alleged perpetrator, the District will inform the complainant that its ability to respond may be limited. Even if the District cannot take disciplinary action against the alleged harasser, the District will pursue other steps to limit the effects of the alleged harassment and prevent its recurrence, if warranted,

5. **Training:** The District will ensure that relevant District employees, including but not limited to officials, administrators, teachers, substitute teachers, counselors, nurses and other health personnel, coaches, assistant coaches, paraprofessionals, aides, bus drivers, and school law enforcement officers, are adequately trained so they understand and know how to identify acts of discrimination, harassment, and retaliation, and how to report it to appropriate District officials or employees.

6. Designated Compliance Coordinators will be responsible for:

- a. Coordinating efforts to comply with anti-discrimination, anti-harassment, and anti-retaliation laws and regulations.
- b. Coordinating and implementing training for students and employees pertaining to anti-discrimination, anti-harassment and anti-retaliation laws and regulations, including the training areas listed above.
- c. Investigating complaints of discrimination (unless the coordinator designates other trained individuals to investigate).
- d. Monitoring substantiated complaints or reports of discrimination, as needed (and with the assistance of other District employees, if necessary), to ensure discrimination or harassment does not recur, and that retaliation conduct does not occur or recur.
- e. Overseeing discrimination complaints, including identifying and addressing any patterns or systemic problems, and reporting such patterns or systemic problems to the Superintendent and the Board of Education.
- f. Communicating regularly with the District's law enforcement unit investigating cases and providing current information to them pertaining to anti-discrimination, anti-harassment, and anti-retaliation standards and compliance requirements.
- g. Reviewing all evidence in harassment or violence cases brought before the District's disciplinary committee or administrator to determine whether the complainants are entitled to a remedy under anti-discrimination laws and regulations that was not available in the disciplinary process.
- h. Ensuring that investigations address whether other students or employees may have been subjected to discrimination, including harassment and retaliation.
- i. Determining whether District employees with knowledge of allegations of discrimination, including harassment and retaliation, failed to carry out their duties in reporting the allegations to the designated compliance coordinator and responding to the allegations.
- j. Recommending changes to this policy and grievance procedure.
- k. Performing other duties as assigned.

The designated compliance coordinators will not have other job responsibilities that may create a conflict of interest with their coordinator responsibilities.

- 7. Preventive Measures:** The District will publish and widely distribute on an ongoing basis a notice of nondiscrimination (notice) in electronic and printed formats, including prominently displaying the notice on the District's website and posting the notice at each building in the District. The District also will designate an employee to coordinate compliance with anti-discrimination laws (see Designated Compliance Coordinator section, above, for further information on compliance coordinator), and widely publish and disseminate this grievance procedure, including prominently posting it on the District's website, at each building in the District, reprinting it in District publications, such as handbooks, and sending it electronically to members of the school community. The District will provide training to employees and students at the beginning of each academic year in the areas (B.6.a-g) identified in the Training section, above.

The District also may distribute specific harassment and violence materials (such as sexual violence), including a summary of the District's anti-discrimination, anti-harassment, and anti-retaliation policy and grievance procedure, and a list of victim resources, during events such as school assemblies and back to school nights, if recent incidents or allegations warrant additional education to the school community.

A. Elimination of Discrimination.

The policy of Raymond Central Public Schools is to not discriminate on the basis of sex, disability, race (including skin color, hair texture and protective hairstyles), color, religion, veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, sexual orientation or gender identity, or other protected status, in admission or access to, or treatment with regard to employment or with regard to its programs and activities.

The Superintendent shall be the Coordinator for anti-discrimination laws (including Title VI, Title IX; the Americans with Disabilities Act of 1990 (ADA), and Section 504 of the Rehabilitation Act of 1973 (Section 504)) and complaints or concerns involving discrimination or compliance with those laws should be addressed to said Coordinator.

B. Preventing Harassment and Discrimination of Employees and Students.

1. Purpose: Raymond Central Public Schools is committed to offering employment and educational opportunity to its employees and students based on ability and performance in a climate free of discrimination. Accordingly, unlawful discrimination or harassment of any kind by administrators, teachers, co-workers or other persons is prohibited. In addition, Raymond Central Public Schools will try to protect employees or students from reported discrimination or harassment by non-employees or others in the work place and educational environment.

For purposes of this policy, discrimination or harassment based on a person's sex, disability, race (including skin color, hair texture and protective hairstyles), color, religion, veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, sexual orientation or gender identity, or other protected status, is prohibited. The following are general definitions of what might constitute prohibited harassment.

- a. In general, ethnic or racial slurs or other verbal or physical conduct relating to a person's sex, disability, race (including skin color, hair texture and protective hairstyles), color, religion, veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, sexual orientation or gender identity, or other protected status, constitutes harassment when they unreasonably interfere with the person's work performance or create an intimidating work, instructional or educational environment.
- b. Age harassment has been defined by federal regulations as a form of age discrimination. It can consist of demeaning jokes, insults or intimidation based on a person's age.
- c. Sexual harassment has been defined by federal and state regulations as a form of sex discrimination. It can consist of unwelcome sexual advances, requests for sexual favors, or physical or verbal conduct of a sexual nature by supervisors or others in the work place, classroom or educational environment.

Sexual harassment may exist when:

- (a) Supervisors or managers make submission to such conduct either an explicit or implicit term and condition of employment (including hiring, compensation, promotion, or retention);
- (b) Submission to or rejection of such conduct is used by supervisors or managers as a basis for employment related decisions such as promotion, performance evaluation, pay adjustment, discipline, work assignment, etc.

2. Procedures:

- a. Employees or students should initially report all instances of discrimination or harassment to their immediate supervisor or teacher. However, if the employee or student is uncomfortable in presenting the problem to the supervisor or teacher, or if the supervisor or teacher is the problem, the employee or student is encouraged to go to the next level of supervision.
- b. If the report is not satisfactorily resolved within ten calendar days, or if the discrimination or harassment continues, please report your complaint to the Superintendent of Raymond Central Public Schools.
- c. If a satisfactory arrangement cannot be obtained through the Superintendent, the complaint may be processed to the Board of Education.
- d. The person to whom the complaint is made is to thoroughly investigate the complaint and work with the person filing the complaint to seek an appropriate resolution so the discrimination or harassment can be remedied and put to an end.

- e. Complaints of discrimination or harassment will be treated with the utmost confidence, consistent with resolution of the problem.
- f. Based on the results of the investigation, appropriate corrective action, up to and including discharge of offending employees, etc., may be taken.
- g. Under no circumstances will a supervisor or a teacher or the Board threaten or retaliate against a person for alleging discrimination or harassment.

If the District knows or reasonably should know about possible harassment, including violence, the District will conduct a prompt, adequate, reliable, thorough, and impartial investigation to determine whether unlawful harassment occurred (see section entitled “Grievance Procedures,” below), and take appropriate interim measures, if necessary. If the District determines that unlawful harassment occurred, the District will take prompt and effective action to eliminate the harassment, prevent its recurrence, and remedy its effects, if appropriate. If harassment or violence that occurs off school property creates a hostile environment at school, the District will follow this policy and grievance procedure, within the scope of its authority.

All District employees are expected to take prompt and appropriate actions to report and prevent discrimination, harassment, and retaliation by others. Employees who witness or become aware of possible discrimination, including harassment and retaliation, must immediately report the conduct to his or her supervisor or the compliance coordinator designated to handle complaints of discrimination (designated compliance coordinator).

A. Complaint Procedure - Generally

1. Reporting Procedures: All employees are responsible for helping to prevent sexual harassment. Employees or students who believe they have been subjected to, or believe they have witnessed sexual harassment should follow these procedures:
 - a) Directly inform the person engaging in the discrimination or harassment that such conduct is offensive and must stop.
 - b) For employee reporters, contact your principal or supervisor, the principal or supervisor of the offending person, or the Title IX Coordinator if you do not wish to communicate directly with the person whose conduct is offensive or if direct communication with the offending person has been ineffective.
 - c) Report the matter to the Title IX Coordinator if the offending conduct continues or has not been resolved to your satisfaction after you have reported the matter to a principal or supervisor.
 - d) For student reporters, contact any teacher, counselor, or administrator, or the Title IX Coordinator.

Report to the Title IX Coordinator if you are the adult to whom the student has made a report so that the matter can be properly resolved. The Title IX Coordinator is:

2. District Actions upon Report of Sexual Harassment or Sexual Misconduct: Upon receipt of a report of sexual harassment, the Title IX Coordinator, or designee, including but not limited to a building principal or assistant principal, will conduct an initial inquiry. The first step of the inquiry will typically include a preliminary meeting between the individual whom the reporting party alleges has been subjected to sexual harassment or sexual misconduct and the Title IX Coordinator, or designee. The initial inquiry may also include a meeting between the Title IX Coordinator, or designee, and the individual whom the reporting party alleges has committed sexual harassment or sexual misconduct. The purpose of these meetings is to gain a basic understanding of the nature and circumstances of the report, it is not intended to be a full investigative interview. During the initial assessment, the reporting party may also receive information about resources, rights, procedural options, and supportive measures. The Title IX Coordinator, or designee, may inquire into whether the person who has is alleged to have been subject to sexual harassment or misconduct requests resources, no further action, supportive measures, and/or initiation of the “Formal Complaint” process. The Title IX Coordinator will make a reasonable effort to respect the wishes of

the person who experienced sexual harassment or sexual misconduct; however, if the reported incident constitutes an imminent or ongoing threat to school safety, based on the assessment of the Title IX Coordinator, then the Title IX Coordinator may file a Formal Complaint, on behalf of the District, with or without the consent or permission of the person who has experienced sexual harassment or sexual misconduct.

With or without a Formal Complaint, allegations of sexual harassment or discrimination shall be investigated and if substantiated, corrective or disciplinary action will be taken, up to and including dismissal from employment, if the offender is an employee, or suspension and/or expulsion, if the offender is a student. Retaliatory action will not be taken against any person for reporting discrimination or harassment. This policy does not limit or prohibit the District from instituting disciplinary measures pursuant to other Board Policy, rules, or other expectations if the District determines that a person violated District rules or expectations.

B. Formal Complaint Process

The following procedures apply only in the event that a Formal Complaint is filed. All other reports of sexual harassment shall be resolved using the general complaint procedure. Any timelines set forth in the following procedures may be extended by the Title IX Coordinator with notice to the parties.

1. Misconduct Which May Be Investigated Under a Formal Complaint: The Formal Complaint process is only available if the Formal Complaint alleges: (i) conduct which occurs on District grounds or property owned or controlled by the District; (ii) conduct which occurs in the context of District employment or an education program or District-sponsored activity within the United States, and (iii) conduct which occurs when the District has substantial control over both the Respondent and the context in which the sexual harassment or sexual misconduct occurs. The conduct must also fall within one of the following categories: (a) an employee of the District conditioning an aid, service, or benefit of the District on an individual's participation in unwelcome sexual contact; (b) unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a student equal access to the District's education program or activity; (c) sexual assault; (d) domestic violence; (e) dating violence; or (f) stalking.
2. Parties to a Formal Complaint: The only parties to a Formal Complaint are the Complainant, who is the person alleged to have been subject to misconduct, and the Respondent, the person who is alleged to have committed the misconduct.
3. Filing a Formal Complaint: A Formal Complaint may only be filed by a Complainant or the Title IX Coordinator. An employee or student Complainant may file a Formal Complaint in writing with the Title IX Coordinator in person or by mail, or by electronic mail. The Formal Complaint must be signed by the Complainant or by the Title IX Coordinator.
4. Immediate Actions Upon Receipt of Formal Complaint: Upon receipt of a Formal Complaint, the Title IX Coordinator will conduct an initial assessment of the allegations contained within the Formal Complaint to determine if the allegations in the Formal Complaint, if true, allege misconduct which may be investigated under the Formal Complaint process. If the allegations in the Formal Complaint do not allege misconduct which may be investigated under the Formal Complaint process, the Title IX Coordinator must dismiss the Formal Complaint and may proceed under other District policies or procedures. The Complainant will be provided notice in writing if the Formal Complaint is dismissed.

If the allegations in the Formal Complaint allege misconduct which may be investigated under the Formal Complaint process, the Title IX Coordinator shall provide the following to all known parties: (1) The complaint procedure as outlined in this policy; and (2) Notice of the allegations of sexual harassment, known by the District at the time of filing the Notice, including (i) the identities of the parties involved, if known, (ii) the conduct allegedly constituting sexual harassment, and (iii) the date and location of the alleged incident.

The Title IX Coordinator shall then provide the Formal Complaint and the Notice of the Formal Complaint to the District's Title IX Investigator.

5. Investigation of Formal Complaint: Upon receipt of a Formal Complaint, the Investigator will promptly investigate the allegations contained within, even if an outside entity or law enforcement agency is investigating a complaint involving the same facts and allegations. The Investigator will not wait for the conclusion or outcome of a criminal investigation or proceeding to begin an investigation required by this complaint procedure. If the allegation(s) involve possible criminal conduct, the District will notify the Complainant of his or her right to file a criminal complaint, and District employees will not dissuade the Complainant from filing a criminal complaint either during or after the District's investigation.

The Investigator will contact the Complainant, Respondent, and relevant witnesses to schedule interviews. All parties may bring up to two people to this meeting: (1) Support Person and/or (2) Advisor of Choice. The Advisor of Choice may or may not be an attorney. Neither the Support Person nor the Advisor of Choice can direct questions or comments to the Investigator, nor may the Support Person or Advisor of Choice advise a student or employee how to answer the Investigator's questions.

The Investigator will also aim to collect all tangible evidence relevant to the investigation.

The Investigator will complete the investigation within a reasonable time frame, as determined by the Title IX Coordinator. The factors to determine a reasonable time frame include, but are not limited to, the allegations of the Formal Complaint and the number of witnesses that may need to be interviewed. The time frame originally set by the Title IX Coordinator may be extended by the Title IX Coordinator, upon notice to the parties, as deemed necessary to complete the investigation. Periodic status updates will be given to the parties, when appropriate.

- (A) *Neutrality*: The Title IX Coordinator, Investigator, Decision-Maker, or any person designated by the District to facilitate this Formal Complaint process, shall not have any conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent. The District shall ensure that Title IX Coordinator, Investigator, Decision-Maker, and any person who facilitates this Formal Complaint process shall receive training on the definition of sexual harassment, the scope of the District's education program or activity, how to conduct an investigation and complaint process including hearings, appeals, and informal resolution processes, as applicable, and how to serve impartially, including by avoiding prejudgment of the fact at issue, conflicts of interest, and bias.
- (B) *Burden of Production*: It shall be the Investigator's burden to gather evidence sufficient to reach a determination regarding the outcome of the Formal Complaint. To reach a determination, the investigation will include, but is not limited to:
- i. Providing the parties with the opportunity to present witnesses and provide evidence.
 - ii. An evaluation of all relevant information and documentation relating to the alleged discriminatory conduct.
 - iii. A consideration of various factors, including: (1) the nature of the conduct and whether the conduct was unwelcome, (2) the surrounding circumstances, expectations, and relationships, (3) the degree to which the conduct affected one or more students' education, (4) the type, frequency, and duration of the conduct, (5) the identity of and relationship between the alleged harasser and the suspect or suspects of the harassment, (6) the number of individuals involved, (7) the age and sex, if applicable, of the alleged harasser and the alleged victim(s) of the harassment, (8) the location of the incidents and the context in which they occurred, (9) the totality of the circumstances, and (10) other relevant evidence.
 - iv. A review of the evidence using a "preponderance of the evidence" standard. To meet the "preponderance of the evidence" standard, the evidence must show that the discrimination, harassment, or retaliation more likely occurred than did not occur.
- (C) *Rights of the Parties*: The Respondent is entitled to a presumption that the Respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the complaint process. The Investigator must provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence. The Investigator shall not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence.

The District retains the right to place any person on administrative leave during the pendency of the investigation. The District also retains the right to remove a Respondent from the District's educational program prior to the conclusion of the investigation. In the event of a removal, the Respondent shall have the opportunity to challenge the decision for removal by meeting with the Title IX Coordinator to discuss the removal.

- (D) *Conclusion of Investigation*: Prior to the conclusion of the investigation, the Investigator shall send each party the evidence that is subject to inspection and review in an electronic format or a hard copy. This information shall be known as the "Draft Investigative Report." The Draft Investigative Report shall include all evidence obtained as part of the investigation that is directly related to the allegations raised in the Formal Complaint, including the evidence upon which the Investigator does not intend to relay to the ~~Decision-Maker~~ Decision-Maker. The parties shall then have ten (10) calendar days to submit a written response, which the Investigator will consider. Responses may not be submitted by the parties' Advisor of Choice or Support Person, unless such person is the parent or guardian of the Complainant or Respondent. Responses may include corrections to the Investigator's summary of the parties' interviews, suggestions for additional investigation, or additional information not known at the time of the interviews. Any new information provided by the parties during the response period will not result in an additional time period for response by the other party unless determined

necessary by the Title IX Coordinator. The Investigator is not obliged to respond to any question or requests for information in the parties' responses. The Investigator will consider the information provided by the parties and will incorporate relevant information into the Final Investigative Report. The Final Investigative Report will fairly summarize the relevant evidence. The Investigator shall then submit the Final Investigation Report to the Decision-Maker. The parties shall each receive a copy of the Final Investigative Report at the same time as the Decision-Maker.

6. Actions Taken By Decision-Maker Upon Receipt of Final Investigative Report: Upon receipt of the Final Investigative Report, the Decision-Maker shall provide 10 days for each party to submit written, relevant questions that a party wants asked of any party or witness. Questions shall be submitted to the Title IX Coordinator who shall determine whether questions are relevant. The Title IX Coordinator shall contact parties or witnesses to request answers to the parties' relevant questions. The Title IX Coordinator will provide each party, and the Decision-Maker with the answers provided by the opposing party or witness and allow for additional, limited follow-up questions from each party.
7. Notice of Determination: Once the Decision-Maker has received the answers to relevant questions submitted by the parties, the Decision-Maker shall consider the answers and the Decision-Maker shall issue a written determination regarding responsibility by a preponderance of the evidence within a reasonable time frame, as determined by the Title IX Coordinator. The Decision-Maker shall consider all relevant evidence, including inculpatory and exculpatory evidence, and will not consider the credibility of the evidence to be based on a person's status, such as the Complainant, Respondent, or witness. The Decision-Maker shall provide the written determination to both parties simultaneously. The written determination shall include:
 - (a) Identification of the allegations potentially constituting sexual harassment;
 - (b) A description of the procedural steps taken from the receipt of the Formal Complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather evidence;
 - (c) Findings of fact supporting the determination;
 - (d) Conclusions regarding the application of each recipient's code of conduct to the facts;
 - (e) A statement of, and rationale for, the results as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the recipient imposes on the Respondent, and whether remedies designed to restore or preserve equal access to the recipient's education program or activity will be provided by the recipient to the Complainant; and
 - (f) The recipient's procedures and permissible bases for the Complainant and Respondent to appeal.

The Family Educational Rights and Privacy Act (FERPA) permits the District to disclose relevant information to a student who was discriminated against or harassed.

8. Sanctions: At the conclusion of the investigation, the Decision-Maker may institute disciplinary measures against the Respondent if the Decision-Maker determines that the Respondent engaged in sexual abuse or harassment. Disciplinary measures may include, but are not limited to, in-school suspension, out-of-school suspension, expulsion, and, in the case of an employee disciplinary action, up to and including immediate termination from employment.

The Title IX Coordinator is responsible for coordinating the implementation of supportive measures for the victim(s).

C. Appeals

If either party is not satisfied with the outcome of the investigation and the decision of the Decision-Maker, they may appeal on the following bases:

1. Procedural irregularity that affected the outcome of the matter;
2. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
3. The Title IX Coordinator, Investigator, or Decision-Maker had a conflict of interest or bias for or against the Complainant or Respondent generally or the individual Complainant or Respondent that affected the outcome of the matter.

The request for an appeal shall be in writing and submitted on the appropriate document. The appeal document shall be submitted to the Superintendent.

Upon notice of an appeal by either party, the Superintendent of Schools shall notify the other party in writing when the appeal is filed and of the appeal procedures, which apply equally to both parties.

The Superintendent shall give both parties a reasonable, and equal opportunity to submit a written statement in support of, or challenging the outcome.

The Superintendent shall review the investigative report, Decision-Maker's determination, and written statements of the parties and then issue a written decision describing the result of the appeal and the rationale for the result. The Superintendent shall provide the written decision simultaneously to both parties.

D. Informal Resolution

If a Formal Complaint is filed, the District may offer the Complainant and Respondent the opportunity to participate in an informal resolution process. The informal resolution process may take place at any time prior to reaching a determination regarding responsibility. The informal resolution process shall only take place upon:

1. Written notice to both parties disclosing: the allegations, the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a Formal Complaint arising from the same allegations, provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the resolution process and resume the complaint process with respect to the Formal Complaint, and any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared;
2. The parties' voluntary, written consent to the informal resolution process; and
3. That the allegations of the Formal Complaint do not involve any allegations that an employee sexually harassed a student.

E. Record Keeping

The District will maintain relevant documentation obtained during the investigation and documentation supportive of the findings and any subsequent determinations, including the investigative report, witness statements, interview summaries, and any transcripts or audio recordings, pertaining to the investigative and appeal proceedings for a period of seven (7) years.

Section 4 NOTICE TO PARENTS OF RIGHTS AFFORDED BY SECTION 504 OF THE REHABILITATION ACT OF 1973

Section 5 NOTIFICATION OF RIGHTS UNDER FERPA

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. They are:

1. The right to inspect and review the student’s education records within 45 days of the day the District receives a request for access.

Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate or misleading.

Parents or eligible students may ask the School District to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records without consent to officials of another School District in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Kathleen Styles, Office of the Chief Privacy Officer
U.S. Department of Education

In some courses student work may be displayed or made available to others. Also, some teachers may have persons other than the teacher or school staff, such as volunteers or fellow students, assist with the task of grading student work and returning graded work to students. The District does not either approve or disapprove such teaching practices, and designates such student work as directory information and/or as non-education records. Each parent and eligible student shall be presumed to have accepted this designation in the absence of the parent or eligible student giving notification to the District in writing in the manner set forth above pertaining to the designation of directory information. Consent will be presumed to have been given in the absence of such a notification from the parent or eligible student.

Notice Concerning Designation of Law Enforcement Unit

The District designates the Saunders County Sheriff's Dept. for Elementary and Lancaster County Sheriff's Dept. for Grades 6-12 as the District's "law enforcement unit" for purposes of (1) enforcing any and all federal, state or local law, (2) maintaining the physical security and safety of the schools in the District, and (3) maintaining safe and drug free schools.

Raymond Central Public Schools will comply with any such request.

The Superintendent shall take or cause other staff to take such action as required by law for the District to maintain compliance with ESSA and specific ESSA grant programs in which the District participates.

Section 8 STUDENT PRIVACY PROTECTION POLICY

It is the policy of Raymond Central Public Schools to develop and implement policies which protect the privacy of students in accordance with applicable laws. The District's policies in this regard include the following:

Right of Parents to Inspect Surveys Funded or Administered by the United States Department of Education or Third Parties: Parents shall have the right to inspect, upon the parent's request, a survey created by and administered by either the United States Department of Education or a third party (a group or person other than the District) before the survey is administered or distributed by the school to the parent's child.

Protection of Student Privacy in Regard to Surveys of Matters Deemed to be Sensitive: The District will require, for any survey of students which contain one or more matters deemed to be sensitive (see section headed "Definition of Surveys of Matters Deemed to be Sensitive"), that suitable arrangements be made to protect student privacy (that is, the name or other identifying information about a particular student). For such surveys, the District will also follow the procedures set forth in the section entitled: "Notification of and Right to Opt-Out of Specific Events."

Right of Parents to Inspect Instructional Materials: Parents shall have the right to inspect, upon reasonable request, any instructional material used as part of the educational curriculum for their child. Reasonable requests for inspection of instructional materials shall be granted within a reasonable period of time after the request is received. Parents shall not have the right to access academic tests or academic assessments, as such are not within the meaning of the term "instructional materials" for purposes of this policy. The procedures for making and granting a request to inspect instructional materials are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal. The building principal, within five (5) school days, shall consult with the teacher or other educator responsible for the curriculum materials. In the event the request can be accommodated, the building principal shall make the materials available for inspection or review by the parent, at such reasonable times and place as will not interfere with the educator's intended use of the materials. In the event there is a question as to the nature of the curriculum materials requested or as to whether the materials are required to be provided, the building principal shall notify the parent of such concern, and assist the parent with forming a request which can reasonably be accommodated. If the parent does not formulate such a request, and continues to desire certain curriculum materials, the parent shall be asked to make their request to the Superintendent.

Rights of Parents to be Notified of and to Opt-Out of Certain Physical Examinations or Screenings. The general policy and practice of the District is to not administer physical examinations or screenings of students which require advance notice or parental opt-out rights under the applicable federal laws, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law; and (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act. For physical examinations or screenings which do not fit into the applicable exceptions, the District will follow the procedures set forth in the section entitled: "Notification of and Right to Opt-Out of Specific Events."

Protection of Student Privacy in Regard to Personal Information Collected from Students: The general policy and practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information. The District will make reasonable arrangements to protect student privacy to the extent possible in the event of any such collection, disclosure, or use of personal information. "Personal information" for purposes of this policy means individually identifiable information about a student including: (1) a student or parent's first and last name, (2) home address, (3) telephone number, and (4) social security number. The term "personal information," for purposes of this policy, does not include information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions. This exception includes the following examples: (i) college or postsecondary education recruitment, or military recruitment; (ii) book clubs, magazines, and programs providing access to low-cost literary products; (iii) curriculum and instructional materials used by elementary schools and secondary schools; (iv) tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about student, or to generate other statistically useful data for the purpose of securing such tests and assessments, and the subsequent analysis and public release of the aggregate data from such tests and assessments; (v) the sale by student of products or services to raise funds for school-related or education-related activities; (vi) student recognition programs.

Parental Access to Instruments used in the Collection of Personal Information: While the general practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information, parents shall have the right to inspect, upon reasonable request, any instrument which may be administered or distributed to a student for such purposes. Reasonable requests for inspection shall be granted within a reasonable period of time after the request is received. The procedures for making and granting such a request are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal and shall identify the specific act and the school staff member or program responsible for the collection, disclosure, or use of personal information from students for the purpose of marketing that information. The building principal, within five (5) school days, shall consult with

the school staff member or person responsible for the program which has been reported by the parent to be responsible for the collection, disclosure, or use of personal information from students. In the event such collection, disclosure, or use of personal information is occurring or there is a plan for such to occur, the building principal shall consult with the Superintendent for determination of whether the action shall be allowed to continue. If not, the instrument for the collection of personal information shall not be given to any students. If it is to be allowed, such instrument shall be provided to the requesting parent as soon as such instrument can be reasonably obtained.

Annual Parental Notification of Student Privacy Protection Policy: The District shall provide parents with reasonable notice of the adoption or continued use of this policy and other policies related to student privacy. Such notice shall be given to parents of students enrolled in the District at least annually, at the beginning of the school year, and within a reasonable period of time after any substantive change in such policies.

Notification to Parents of Dates of and Right to Opt-Out of Specific Events: The District shall directly notify the parents of the affected children, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when any of the following activities are scheduled, or are expected to be scheduled:

The collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information. (Note: the general practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information).

Surveys of students involving one or more matters deemed to be sensitive in accordance with the law and this policy; and,

Any non-emergency, invasive physical examination or screening that is required as a condition of attendance; administered by the school and scheduled by the school in advance; and not necessary to protect the immediate health and safety of the student or of other students. (Note: the general practice of the District is to not engage in physical examinations or screenings which require advance notice, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions to the advance notice requirement and parental opt-out right: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law, (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act)

If the District receives Title I funding, the District shall notify the parents of each student attending any school receiving Title I funds that the parents may request, and the District will provide the parents on request (and in a timely manner), information regarding any State or District policy regarding student participation in any State or District assessments, including the District's policy and procedure on the parental right to opt the child out of such assessment(s), and (5) for mental health assessment the District shall obtain informed consent from the parent of each child who is under 18 years of age to participate in any mental-health assessment or service that is funded under the Every Student Succeeds Act ("ESSA"). Before obtaining the consent, the District shall provide the parent written notice describing in detail such mental health assessment or service, including the purpose for such assessment or service, the provider of such assessment or service, when such assessment or service will begin, and how long such assessment or service may last.

Parents shall be offered an opportunity in advance to opt their child out of participation in any of the above listed activities.

In the case of a student of an appropriate age (that is, a student who has reached the age of 18, or a legally emancipated student), the notice and opt-out right shall belong to the student.

Definition of Surveys of Matters Deemed to be Sensitive: Any survey containing one or more of the following matters shall be deemed to be "sensitive" for purposes of this policy:

1. Political affiliations or beliefs of the student or the student's parent;
2. Mental or psychological problems of the student or the student's parent;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating or demeaning behavior;
5. Critical appraisals of other individuals with whom the student has close family relationships;
6. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
7. Religious practices, affiliations, or beliefs of the students or the student's parent;
8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

B. Title I Parental Involvement Policy:

This Title I Parental Involvement Policy is established in compliance with Federal law. Raymond Central Public Schools has a parental involvement policy applicable to parents of all children. The parental involvement policy applicable to parents of all children is not replaced by this Title I Parental Involvement Policy and shall continue to be applicable to all parents, including parents participating in Title I programs.

It is the policy of Raymond Central Public Schools to implement programs, activities, and procedures for the involvement of parents in Title I programs consistent with the Title I laws. Such programs, activities, and procedures shall be planned and implemented with meaningful consultation with parents of participating children.

Expectations for Parental Involvement: It is the expectation of [Insert Name of School] that parents of participating children will have opportunities available for parental involvement in the programs, activities, and procedures of the District's Title I program. The term "parental involvement" means the participation of parents in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring--(A) that parents play an integral role in assisting their child's learning; (B) that parents are encouraged to be actively involved in their child's education at school; (C) that parents are full partners in their child's education and are included, as appropriate, in decision making and on advisory committees to assist in the education of their child; and (D) the carrying out of other activities, such as those described in this parental involvement policy. The District intends to meet this expectation through the following activities:

1. Involving parents in the joint development of the District's Title I plan and the processes of school review and school improvement.
2. Providing coordination, technical assistance, and other support necessary to assist participating schools in planning and implementing effective parental involvement activities to improve student academic achievement and school performance.

6. Involving parents in the activities of the schools served under Title I.

Policy Involvement: Each school served under the Title I program shall:

1. Convene an annual meeting, at a convenient time, to which all parents of participating children shall be invited and encouraged to attend, to inform parents of their school's participation under the Title I program and to explain the requirements of the Title I program.
2. Offer a flexible number of meetings, such as meetings in the morning or evening. If sufficient funds are provided for this purpose, the District may assist parental involvement in such meetings by offering transportation, child care, or home visits.
3. Involve parents, in an organized, ongoing, and timely way, in the planning, review, and improvement of Title I programs.
4. Provide parents of participating children: (1) timely information about programs under Title I, (2) a description and explanation of the curriculum in use at the school, the forms of academic assessment used to measure student progress, and the proficiency levels students are expected to meet; and (3) if requested by parents, opportunities for regular meetings to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children, and respond to any such suggestions as soon as practicably possible.
5. If the District operates a school wide program under Title I and such plan is not satisfactory to the parents of participating children, submit any parental comments on the plan when the school makes the plan available to the District.

Shared Responsibilities for High Student Academic Achievement: As a component of the District's parental involvement policy, each school served under the Title I program shall jointly develop with parents for all children served under the Title I program a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the State's high standards. Such compact shall: (1) describe the school's responsibility to provide high-quality curriculum and instruction in a supportive and effective learning environment that enables the children served under Title I to meet the State's student academic achievement standards and the ways in which each parent will be responsible for supporting their children's learning, such as monitoring attendance, homework completion, and television watching; volunteering in their child's classroom; and participating, as appropriate, in decisions relating to the education of their children and positive use of extracurricular time; and (2) address the importance of communication between teachers and parents on an ongoing basis through, at a minimum: (i) parent-teacher conferences in elementary schools, at least annually, during which the compact shall be discussed as the compact relates to the individual child's achievement; (ii) frequent reports to parents on their children's progress; and (iii) reasonable access to staff, opportunities to volunteer and participate in their child's class, and observation of classroom activities.

Building Capacity for Involvement: To ensure effective involvement of parents and to support a partnership among the District, parents, and the community to improve student academic achievement, each school participating in the Title I program and the District: (1) shall provide assistance to participating parents, as appropriate, in understanding such topics as the State's academic content standards and State student academic achievement standards, State and local academic assessments, the requirements of Title I and how to monitor a child's progress and work with educators to improve the achievement of their children; (2) shall provide materials and training to help parents work with their children to improve their children's achievement, such as literacy training and using technology, as appropriate, to foster parental involvement; (3) shall educate teachers, student service personnel, principals, and other staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school; (4) shall, to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities with Head Start, Reading First, Early Reading First, Even Start, the Home Instruction Programs for Preschool Youngsters, the Parents as Teacher Program, and public preschool and other programs, and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children; (5) shall ensure that information related to school and parent programs, meetings, and other activities is sent to the parents of participating children in a format, and to the extent practicable, in a language the parents can understand; (6) may involve parents in the development of training for teachers, principals, and other educators to improve the effectiveness of such training; (7) may provide necessary literacy training from funds received under Title I if the District has exhausted all other reasonably available sources of funding for such training; (8) may pay reasonable and necessary expenses associated with parental involvement activities, including transportation and child care costs, to enable parents to participate in school-related meetings and training sessions; (9) may train parents to

enhance the involvement of other parents; (10) may arrange school meetings at a variety of times, or conduct in-home conferences between teachers or other educators, who work directly with participating children, with parents who are unable to attend such conferences at school, in order to maximize parental involvement and participation; (11) may adopt and implement model approaches to improving parental involvement; (12) may establish a district-wide parent advisory council to provide advice on all matters related to parental involvement in programs supported under Title I; (13) may develop appropriate roles for community-based organizations and businesses in parent involvement activities; and (14) shall provide such other reasonable support for parental involvement activities under Title I as parents may request.

Accessibility: In carrying out the parental involvement activities for this Title I Parental Involvement policy, the District shall provide full opportunities for the participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children, including providing information and school reports required under Title I in a format and, to the extent practicable, in a language such parents understand.

Use, Distribution, and Updating of this Policy: This Title I Parental Involvement Policy shall be incorporated into the District's Title I plan, shall be distributed to parents of participating children, shall be made available to the local community, and shall be updated periodically to meet the changing needs of the parents and the school.

Children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; or are abandoned in hospitals;
2. Children and youths who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;
3. Children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and
4. Migratory children who qualify as homeless because they are living in circumstances described in (1-3).

"Unaccompanied youth" shall mean a homeless child or youth not in the physical custody of a parent or guardian.

C. School Stability

1. **School Selection:** Each school shall presume that keeping a homeless child or youth enrolled in the child's or youth's school of origin is in the child's or youth's best interest, except when doing so is contrary to the request of the child's or youth's parent or guardian or, in the case of an unaccompanied youth, the youth.

To overcome the presumption that a child or youth should remain in his/her school of origin, the school shall consider student-centered factors including: the impact of mobility on achievement, education, health, and safety of homeless children and youth, giving priority to the request of the child's or youth's parent or guardian or, in the case of an unaccompanied youth, the youth.

2. Enrollment: Once the school is selected in accordance with the child's or youth's best interest, that child or youth shall be immediately enrolled even if the child or youth is unable to produce records normally required for enrollment including, but not limited to, previous academic records, immunization or other health records, proof of residency or has missed any application or enrollment deadlines during any period of homelessness.
3. Transportation: If the child or youth continues to attend his or her school of origin, transportation shall be provided promptly even if there is a dispute pending regarding which school is in the child's or youth's best interest to attend. Transportation will continue to be provided to and from the school of origin for the remainder of any academic year during which the child or youth becomes permanently housed.

D. Records

Any record ordinarily kept by the school, including immunization or medical records, academic records, birth certificates, guardianship records, and evaluations for special services or programs, regarding each homeless child or youth shall be maintained:

1. Such that all records are available, in a timely fashion, when a child or youth enrolls in a new school or school district;
2. Any information about a homeless child's or youth's living situation shall be treated as a confidential student education record, and shall not be deemed to be directory information; and
3. In a manner consistent with the Federal Education Rights and Privacy Act.

E. Services

The Local Education Agency Liaison shall identify an appropriate staff person to be the Local Educational Liaison (LEL) for all homeless children and youth attending school in the District. The LEL responsibilities shall include, but are not limited to:

1. Ensure homeless children and youth are identified through outreach and coordination activities including coordination with the Nebraska Department of Education Homeless Education Liaison, community, and school personnel responsible for education and related services to homeless children and youths;
2. Receive appropriate time and training in order to carry out the duties required by law and this policy;
3. Ensure homeless families and homeless children and youths are referred to health care, dental, mental health, substance abuse, housing and any other appropriate services;
4. Ensure that homeless children and youths:
 - a. Are enrolled in school which includes attending classes and participating fully in school activities;
 - b. Have a full and equal opportunity to meet the same challenging State academic standards as other children and youths;
 - c. Receive individualized counseling from counselors to prepare and improve their readiness for college, including college selection, application, financial aid, and on-campus support.
 - d. Unaccompanied youths are informed of their status as independent students under the Higher Education Act of 1965 and may obtain assistance from the LEL to receive verification of such status for purposes of the Free Application for Federal Student Aid.

5. Ensure that public notice of the educational rights and available transportation services of the homeless children and youths is disseminated in locations frequented by parents or guardians of such youths and unaccompanied homeless youths, including schools, shelters, public libraries, and soup kitchens, in a manner and form that is easily understandable.
6. Ensure the dispute resolution process identified below is carried out in accordance with the law and district policy.

F. Dispute Resolution

1. The dispute procedure must be available for disputes over eligibility, as well as school selection or enrollment.
2. In the event of a dispute regarding where a child or youth should enroll, the child or youth shall be immediately enrolled in the school in which enrollment is sought pending final resolution of the dispute, including all available appeals. The district shall immediately provide the child's parent or guardian or, in the case of an unaccompanied youth, a written explanation of the decision made regarding the school selection including the right to appeal such decision. Said writing shall be provided in a manner and form understandable to such parent, guardian, or unaccompanied youth and also include the LEL contact information. The LEL shall carry out the dispute resolution process within 30 calendar days from the date of said writing pursuant to 92 Nebraska Administrative Code 19-005.02.
3. Appeals: Any parent, guardian or other person having legal or actual charge of a homeless child or youth that is dissatisfied with the decision of a school district after the dispute resolution process may file an appeal with the Commissioner within thirty calendar days of receipt of the decision by following the process in 92 Nebraska Administrative Code 19-005.03 and 19-005.03C.

Section 12 MULTICULTURAL POLICY

Multicultural education includes, but is not limited to, studies relative to the culture, history, and contributions of African Americans, Asian Americans, Hispanic Americans, European Americans, and Native Americans with special emphasis on human relations and sensitivity toward all races.

The philosophy of the multicultural education program is that students will have improved ability to function as productive members of society when provided with:

- an understanding of diverse cultures and races, the manner in which the existence of diverse cultures and races have affected the history of our Nation and the world, and of the contributions made by diverse cultures and races;
- the ability and skills to be sensitive toward and to study, work and live successively with persons of diverse cultures and races.

The mission of the multicultural education program is to be implemented as follows:

- Multicultural education shall be included in goals established for educational programs;
- Multicultural education shall be included in the district curriculum guides, frameworks, or standards;
- The process for selecting appropriate instructional materials shall include assuring that the instructional materials at all grade levels include studies relative to the culture, history, and contributions of African Americans, Hispanic Americans, Native Americans, Asian Americans and European Americans with special emphasis on human relations and sensitivity toward all races;
- Staff development shall be provided on the District's multicultural education policy. The staff development shall include professional development for administrators, teachers, and support staff which is congruent with the District and program goals;
- Periodic assessment of the multicultural education program shall be conducted by the Superintendent. Teachers and other staff upon request shall have the responsibility to provide the administration with reports on: 1) the instructional materials used and programs or methods implemented with their students which are supportive of the multicultural education program philosophy and mission, b) programs or materials to be implemented in the future or which teachers or other staff feel should be implemented to further advance such philosophy and mission, and c) with their professional assessment on the successes of or deficiencies in achieving the multicultural education program philosophy and mission. The Superintendent shall provide an annual status report on the assessment to the Board of Education.

Section 13 BREAKFAST AND LUNCH PROGRAMS

The Raymond Central Public Schools has agreed to participate in the National School Lunch Program and accepts responsibility for providing free and reduced price meals to eligible children in the schools under its jurisdiction.

A minimum balance of \$6.00 is recommended. If at the end of the school year a positive balance is in the account, the balance will be held over for the following school year providing there are children enrolled for the upcoming year. Families who have school lunch accounts that are negative will be notified in writing, by telephone or in person in a timely manner.

Meal Charge Policy

The district's policy on charged meals is:

If a student has no funds available to pay for a meal, the student will be provided and charged for up to five meals. Thereafter, if a student has no funds available to pay for a meal, the student is provided a 'courtesy meal,' such as a plain sandwich and milk at no cost.

Students who qualify for free meals will not be denied a reimbursable meal, even if they have accrued a negative balance from other food purchases. School staff may prohibit any students from charging a la carte or extra items if they do not have cash in hand or their account has a negative balance.

If a student repeatedly lacks funds to purchase a meal, has not brought a meal from home, and is not enrolled in a free meal program, the district will use its resources and contacts to protect the health and safety of the student. Failure or refusal of parents or guardians to provide meals for students may require mandatory reporting to child protection agencies as required by law.

APPENDIX A

Notice of COBRA Continuation Coverage Rights

**** Continuation Coverage Rights Under COBRA****

Introduction

You are receiving this notice because you have recently become covered under [Insert Name of School] health plan (the “Plan”). This notice contains important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you and to other members of your family who are covered under the Plan when you would otherwise lose your group health coverage. **This notice generally explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect the right to receive it.** This notice gives only a summary of your COBRA continuation coverage rights. For more information about your rights and obligations under the Plan and under federal law, you should either review the Plan’s Summary Plan Description or get a copy of the Plan Document from the Plan Administrator.

The Plan Administrator is [enter name, address and telephone number of Plan Administrator]. The Plan Administrator is responsible for administering COBRA continuation coverage.

COBRA Continuation Coverage

COBRA continuation coverage is a continuation of Plan coverage when coverage would otherwise end because of a life event known as a “qualifying event.” Specific qualifying events are listed later in this notice. COBRA continuation coverage must be offered to each person who is a “qualified beneficiary.” A qualified beneficiary is someone who will lose coverage under the Plan because of a qualifying event. Depending on the type of qualifying event, employees, spouses of employees, and dependent children of employees may be qualified beneficiaries. Under the Plan, qualified beneficiaries who elect COBRA continuation must pay for COBRA continuation coverage.

If you are an employee, you will become a qualified beneficiary if you will lose your coverage under the Plan because either one of the following qualifying events happens:

1. Your hours of employment are reduced, or
2. Your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will become a qualified beneficiary if you will lose your coverage under the Plan because any of the following qualifying events happens:

1. Your spouse dies;
2. Your spouse’s hours of employment are reduced;
3. Your spouse’s employment ends for any reason other than his or her gross misconduct;
4. Your spouse becomes enrolled in Medicare (Part A, Part B, or both); or
5. You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they will lose coverage under the Plan because any of the following qualifying events happens:

1. The parent-employee dies;
2. The parent-employee’s hours of employment are reduced;
3. The parent-employee’s employment ends for any reason other than his or her gross misconduct;
4. The parent-employee becomes enrolled in Medicare (Part A, Part B, or both);
5. The parents become divorced or legally separated; or
6. The child stops being eligible for coverage under the plan as a “dependent child.”

Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to the employer and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee is a qualified beneficiary with respect to the bankruptcy. The retired employee’s spouse, surviving spouse, and dependent children will also be qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the employee, commencement of a proceeding in bankruptcy with respect to the employer to the extent

retiree health coverage is provided, or enrollment of the employee in **Medicare (Part A, Part B, or both)**, the employer **must notify the Plan Administrator of the qualifying event within 30 days of any of these events.**

For the other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator. The Plan requires you to notify the Plan Administrator within 60 days after the qualifying event occurs. You must send this notice to the Plan Administrator. Any additional Plan procedures for this notice must also be provided.

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. For each qualified beneficiary who elects COBRA continuation coverage, COBRA continuation coverage will begin on the date of the qualifying event.

COBRA continuation coverage is a temporary continuation of coverage. When the qualifying event is the death of the employee, enrollment of the employee in Medicare (Part A, Part B, or both), your divorce or legal separation, or a dependent child losing eligibility as a dependent child, COBRA continuation coverage lasts for up to 36 months. When the qualifying event is the end of employment or reduction of the employee's hours of employment, COBRA continuation coverage lasts for up to 18 months. There are two ways in which this 18-month period of COBRA continuation coverage can be extended.

Disability extension of 18-month period of continuation coverage

If you or anyone in your family covered under the Plan is determined by the Social Security Administration to be disabled at any time during the first 60 days of COBRA continuation coverage and you notify the Plan Administrator in a timely fashion, you and your entire family can receive up to an additional 11 months of COBRA continuation coverage, for a total maximum of 29 months. You must make sure that the Plan Administrator is notified of the Social Security Administration's determination within 60 days of the date of the determination and before the end of the 18-month period of COBRA continuation coverage. This notice should be sent to the Plan Administrator. Any additional Plan procedures for this notice must also be provided.

Second qualifying event extension of 18-month period of continuation coverage

If your family experiences another qualifying event while receiving COBRA continuation coverage, the spouse and dependent children in your family can get additional months of COBRA continuation coverage, up to a maximum of 36 months. This extension is available to the spouse and dependent children if the former employee dies, enrolls in Medicare (Part A, Part B, or both), or gets divorced or legally separated. The extension is also available to a dependent child when that child stops being eligible under the Plan as a dependent child. In all of these cases, you must make sure that the Plan Administrator is notified of the second qualifying event within 60 days of the second qualifying event. This notice must be sent to the Plan Administrator. Any additional Plan procedures for this notice must also be provided.

If You Have Questions

If you have questions about your COBRA continuation coverage, you should contact the Superintendent or Plan Administrator or you may contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA). Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's web site at www.dol.gov/ebsa.

Keep Your Plan Informed of Address Changes

In order to protect your family's rights, you should keep the Plan Administrator informed of any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to the Plan Administration.

The central purpose of the Raymond Central Public Schools is to develop students who can demonstrate the knowledge, skills and competencies necessary to become productive and contributing members of our democratic society.

Although all children will not learn all things equally well, we recognize that all children should have an equal opportunity in the pursuit of educational qualifications for the world ahead. Recognizing the uniqueness of each student, the Raymond Central Public Schools will attempt to balance the curriculum to provide for the varied interests and talents of all students. The school accepts the premise that the center of the school curriculum is the child and that the instructional program should be designed to fit each and every child's unique needs.

The education of children is a comprehensive program that must be undertaken in cooperation with other services and institutions within society and the local community. The Raymond Central Public Schools will seek to establish and maintain strong ties with parents, patrons, the business community and other community institutions.

The following opportunity and means shall be provided whereby this philosophy may be realized.

- (a) Each student may search for the truth, find the truth, and incorporate this truth into his or her values, ambitions, and aspirations.
- (b) Each student may develop an attitude of personal worth and self-esteem and by doing so, may experience degrees of success and achievement within the bounds of his or her individual abilities and limitations.
- (c) Each student may learn to identify and cope with current trends in society.
- (d) Each student may experience an intellectual, technical and a social environment that enhances the possibilities for group interaction conducive to peaceful coexistence in the school, community, state, nation, and the world.
- (e) Each teacher may use his or her individual capabilities in establishing constructive attitudes toward students, administrative heads, and the community.
- (f) Each teacher may use the resources necessary for attaining the highest measure of success in his or her particular field.
- (g) The administration may promote and preserve the establishment of every possibility for better education.
- (h) The administration may serve as a channel of communication between the teachers and the school and the community.
- (i) The community may be given an integral part in the implementation and accomplishment of the objectives of the school.

The community may demonstrate this responsibility to the school by expressing to the administration its beliefs and desires concerning the educational programs and practices of the school. It shall be the responsibility of the administrative staff periodically to prepare formal statements defining and implementing the basic purposes of the schools as stated above. These statements shall be the basis for determining the content of the curriculum, the methods of instruction, and the means for evaluating the effectiveness of both.

Section 3 MUTUAL RESPECT

Raymond Central Public Schools expects every staff member and student to be treated with respect and dignity. A show of disrespect toward a staff member or insubordination on the part of the student will not be tolerated.

Section 4 MULTICULTURAL EDUCATION

Raymond Central Public Schools incorporates multicultural education in all curriculum areas at all grades. Multicultural education includes, but is not limited to, studies relative to the culture, history, and contributions of African Americans, Hispanic Americans, Native Americans, Asian Americans and European Americans with special emphasis on human relations and sensitivity toward all races.

Section 5 COMPLAINT PROCEDURES

The proper procedures for a parent or student to make complaints or raise concerns about school staff or the school programs or activities are set forth below. Other procedures exist to address discrimination or harassment, the bullying of students, and to challenge disciplinary actions, and such other procedures should be used to address those types of concerns.

1. Complaint procedure:

- Step 1. Have a scheduled conference with the staff person and the **student involved** in the complaint.
- Step 2. Appeal to the Principal if the matter is not resolved at Step 1.
- Step 3. Appeal to the Superintendent if the matter is still unresolved at Step 2.
- Step 4. Appeal to the Board of Education if the matter is still unresolved at Step 3. Written appeal should be made within five (5) days of the Superintendent's decision.

2. Conditions Applicable to All Levels of Complaint Procedure:

All information to be considered at each appeal step should be placed in writing in order to be most effective. Appeal decisions shall be expedited as quickly as possible. A decision at any level should be rendered within ten (10) calendar days, unless a legal hearing is requested or required.

Section 2 SEVERE WEATHER AND SCHOOL CANCELLATIONS

School Closing Information. The Superintendent of schools is authorized by the Board of Education to close public schools in case of severe weather. Representatives of the Superintendent's staff will notify local news media when inclement weather warrants such action. The information is posted to the website and social media accounts and it is generally on the local television stations. Parents will also receive a phone message and text message from our rapid notification system (BrightArrow) indicating a late start or school closing. It is important that parents/guardians keep their contact information updated with the school so that they get these messages.

Decision to Close Schools. A decision to close school is made when forecasts by the weather service and civil defense officials indicate that it would be unwise for students to go to school. An early decision is not always possible because of uncertain weather conditions. School officials will make periodic assessments of conditions during the night and will decide early in the morning (by 6 a.m. if possible). In any case, **an announcement will be made to the news media and to parents/guardians through the rapid notification system when schools will be closed.** In some instances, schools will be open, but certain services may be canceled (bus transportation, preschool, student activities, etc.).

After School Starts. Every attempt will be made to avoid closing school once classes are in session. In some instances, closing school during the day is inevitable if children are to safely return home before the brunt of a major storm hits. In these cases, as much advance notice as possible will be given to parents. If school is closed during the day, the notice will be broadcast by the media **and to parents/guardians through the rapid notification system** and **parents should have a plan to accommodate these circumstances.**

Parental Decisions. **Parents may decide to keep their children at home in inclement weather because of personal circumstances.** Students absent because of severe weather when school is in session will be marked absent. The absence will be treated like any other absence for legitimate causes provided parents properly notify the school of their decision. Parents may pick up their children in inclement weather at any time during the school day. Students will not normally be dismissed from school during severe weather on the basis of a telephone request.

What Not To Do. Parents should not attempt to come to school during a tornado warning. **School officials are not permitted to release students from the school building during a tornado warning.** Tornado safety procedures are practiced regularly by students and staff members. Also, parents are urged not to call radio and television stations and school buildings during severe weather. Every effort will be made to provide accurate and timely information through the media and the rapid notification response system.

Emergency Conditions. Raymond Central Public Schools has a signal which, when activated, includes the necessity to either evacuate the building or to move to safer areas of the building. All regular drills are held as required by law through the school year. There are plans for an Emergency Exit system, Tornado Warning System, and Critical Incident Response.

Severe Weather. Raymond Central Public Schools follow Standard Response Protocol (SRP). Staff and students are trained and practice these protocols during the school year. Tornado and/or severe weather may necessitate the implementation of shelter protocol.

Section 3 CLOSED CAMPUS

Providing a safe and orderly campus environment is important. Therefore, **all students are required to stay on campus upon arrival.** Students must check out through office if it is necessary to leave campus for doctor or dental appointments or for reasons of illness. In some cases, seniors may qualify for open campus. The principal will provide additional charges to those students.

Section 4 SCHOOL GUIDELINES

STUDENT VEHICLES AND PARKING LOT

All vehicles driven to school should be parked in designated student areas. Student parking is designated as the lot south and west of the Jr./Sr. building. Cars which are inappropriately parked are subject to warnings, fines, and loss of privileges. All state and local traffic regulations should be observed on school property. Careless or reckless driving will be reported to the County Sheriff and can result in fines and/or court action as well as suspension from school. Parking guidelines apply to all school events including: after school practices, meetings, contests, etc.

Students should not loiter in the parking lot. The school parking lots and grounds are to be used only when school and/or school activities/events are taking place. Students should exit their vehicles and enter the building in a timely manner. Students are to observe all posted signs and should understand that failure to observe these signs could result in tickets and/or fines.

FOOD AND DRINK

Drinks and snacks will not be allowed in classrooms, computer labs, etc. with exception to water. Students with medical conditions that require food may be exempt from this rule, however, prearrangements must be made with the school prior to having food and drink in the classrooms. Food and liquids will however be allowed in the hallways. If food and drink become a problem at any point during the school year they may be banned from lockers as well.

FIRE DRILLS

Fire drills will be conducted regularly. An electric horn indicates a fire drill. Upon hearing the fire drill signal, move quietly and quickly out of the building by the fire exit route posted near the door of your room. After the “all clear” is given, students may re-enter the building and proceed directly to their classrooms.

FIELD TRIPS

Field trip activities must be tied to the curriculum. As such, they are considered an extension of the school day and all school rules and regulations apply. Parents/guardians are providing permission to attend these school sponsored trips when signing the handbook signature form. The school retains the right to deny a student the privilege of field trip participation. The teacher, coach, and/or adult sponsor are charged with the management and handling of students when on school transportation vehicles.

SCHOOL SUPPLIES

Each pupil is expected to provide supplies required in specific classes. This will greatly facilitate the operation of all classes and ensure the pupil greater success in schoolwork.

Section 5 BUS PROCEDURES

1. Bus Safety

The transportation of students to school and home each day safely is our paramount concern. A successful school bus operation requires the combined efforts of the administration, bus drivers, students, and parents. We have identified bus conduct expectations, which will help bring about the safe transportation of bus riding students.

- Be Respectful and courteous
- Use Quiet Voices
- Stay seated and facing the front
- Isle must be kept clear and students should not put arms, hand, etc. outside of the window
- The driver is authorized to assign seats
- Eating and drinking is not allowed on the regular route buses unless there are preapproved special situations.
- Silence when crossing railroad tracks
- Students are expected to follow directions given to them by the driver or attendant.
- Since buses are an extension of school, bus expectations are consistent with those expected in school

2. Boarding and Leaving the Bus

- a. Cross the road at least twelve feet in front of the bus, but only after checking to be sure no traffic is approaching and /or receiving a signal from the driver.
- b. Help look after the safety and comfort of small children.
- c. Riders are not permitted to leave the bus at other than regular stops unless proper authorization has been given in advance.
- d. For students who are not regular bus riders, the school must receive a phone call or a written note from the parent before their child will be permitted to ride the bus and approval will be based on whether there is room on the bus.
- e. When possible, the bus will pick up students at regular stops. If, due to weather or road conditions, the bus is unable to reach the stop of a resident, it will stop for, pick up, and deliver at the closest, most convenient, and safest spot as determined by the driver.
- f. While waiting for the bus, students must conduct themselves in an orderly manner, forming a line off the traveled portion of the road.

3. Procedures for Disciplinary Actions

- a. The bus is an extension of the classroom with similar rules of behavior. If students choose not to follow the rules, appropriate discipline will be administered.
- b. It is important to note that the driver's goal is to change the behavior of a student violating bus rules using the least restrictive means possible. However, the District will take aggressive action to eliminate behaviors that are an impediment or distraction to the driver. **The driver may at any time refer a student to the building principal for disciplinary action. Disciplinary action may include suspension or expulsion of a student's riding privilege.** These disciplinary actions are reserved for extreme or repeated infractions. In the case of suspension or exclusion of the student from riding privileges, the parents will be responsible to provide transportation for the term of the disciplinary action.
- c. In all cases, suspension or expulsion will be an administrative decision by the building principal.

- d. If a student violates a rule the bus driver will file a Discipline Report. The first offense will generally be a warning. The second and subsequent offenses will result in bus suspension. The first offense will be a warning. The second offense will be a 2-day bus suspension. The third offense will be a 5-day bus suspension. The fourth offense will be a 20-day bus suspension. The fifth offense will result in bus suspension for the remainder of the school year. If the offense is of a severe nature, bus privileges may be suspended immediately. If this occurs, parents will be contacted to arrange alternate transportation prior to the initiation of the suspension.

If your child rides the bus, it is important to remember that this is an extension of the classroom and the driver will treat his/her behavior as teachers do. The building principals will be contacted for incidents which require more severe discipline.

Parents of students who are suspended long term (6 or more days) or excluded for the semester may request, in writing to the superintendent, that a hearing be held with the administration.

4. Route Change

Following are procedures that are to be followed in the event a parent requests a change or alteration in an already established bus route.

Short Term Route Changes: Request involved a change or alteration for one day or less

- a. Short-term changes will be made only if the new pick-up or drop-off points are already an established stop on the present bus route.
- b. Parents wishing to change the pick-up or drop-off point of their children on a “short term” basis must write a note to their respective bus drivers indicating the requested change.
- c. Should a bus driver receive a written parent request for a change in a student’s pick-up/drop-off point and the requested change is already an established stop on their route, the driver may initiate the change without further approval. Once the driver approves a change, the driver must notify the office and place a written parent request in the gas log folder to be turned in monthly.

Long Term Route Changes: A change in a pick-up or drop-off point for more than one day and not less than six days. Long-term changes will be granted only if the requested change is already established stop on the present route, or the change does not substantially alter the present route. Parents wishing to change a child’s pick-up or drop-off point on a “long term” basis must submit the request in writing to the Superintendent.

Section 6 FUNDRAISING

All fundraising needs to be approved by the assistant principal/activities director. Funds will be secured in the office and deposited in appropriate activity accounts. All fundraising activities must be approved by the Principal a month in advance. The District has a policy that governs the types and frequency of fundraising activities. See Board Policy 5303 for more information.

Section 7 STUDENT COUNCIL/CLASS OFFICERS/CLASS GOVERNMENTS

The general purpose of the Student Council is to represent the student body, keep the lines of communication open between the students and the administration, and to plan and organize activities that promote school climate. The Student Council will be composed of three elected representatives from each class (Freshman, Sophomore, Junior and Senior), the class president of each class, and a student body president. Election of members: The three representatives and the class officers from each class will be elected in May for the upcoming year. The student body president will join the Student Council following their election in September.

Article 3 - Use of Building, Grounds and Equipment

Section 1 ENTERING AND LEAVING THE BUILDING

Beginning of School: Students should not be on school grounds prior to 7:30 a.m. unless they are in an activity and are sponsored by a staff member. Students are to stay in the hall and are not to go to any other part of the building without permission.

During the School Day: Students are to remain on campus unless excused in accordance with school policies. Upon return to school during the day students are to sign in at the high school office.

End of School: Our regular school day ends at 3:30 p.m. Make-up work, special help, assignment after school, club meetings, and other school activities begin at 3:35 p.m. It is important that students who are involved in any of these activities report to the designated area on time. **All other students must clear the building as soon as possible.**

Section 2 BUS LOADING AND UNLOADING

Each campus has specific bus loading times and zones. The bus loading zones are located on the drive through that is just northwest of the front entrance. This bus loading zone is closed to through traffic. Students and parents/guardians should pick up non bus riders on the west side of the auxiliary gymnasium.

Section 3 SMOKE-FREE ENVIRONMENT

Raymond Central Public Schools declares all of our school's buildings and game facilities to be smoke-free. We would appreciate your help in meeting the goal of a smoke-free, tobacco-free, and vape free environment for our children. When you attend school events, including athletic events, please remember that our facilities are smoke-free, tobacco-free, and vape free and abide by our District's policy.

Section 4 CARE OF SCHOOL PROPERTY

1. Students are responsible for the proper care of all books, equipment, supplies and furniture supplied by the school.
2. Students who disfigure property, break windows or do other damage to school property or equipment will be required to pay for the damage done or replace the item.

Section 5 LOCKERS

Each student will be assigned a locker. Students must use their own lockers and are not to share lockers with other students except as assigned by school officials. We recommend that the locker be kept locked with the combination lock provided and that your combination remain confidential. There is no way to assure no one but you get into your locker if you give others your combination. An unlocked locker or one that has lost its confidentiality is not secure and items may be stolen with no recourse available. Students are expected to keep all books, etc., in their assigned locker. Students are also responsible for the cleanliness inside their locker and the door of their locker. Students may be assessed a fine for damage to lockers. Students are not allowed to attach items to the exterior of the lockers without prior permission from a teacher or administrator.

Section 6 SEARCHES OF LOCKERS AND OTHER TYPES OF SEARCHES

Student lockers, desks, computer equipment, and other such property are owned by the school. The school exercises exclusive control over school property. Students should not expect privacy regarding usage of or items placed in or on school property, including student vehicles parked on school property, because school property is subject to search at any time by school officials. Periodic, random searches of lockers, desks, computers and other such property may be conducted at the discretion of the administration.

The following rules shall apply to searches of students and of a student's personal property and to the seizure of items in a student's possession or control:

1. School officials may conduct a search if there is a reasonable basis to believe that the search will uncover evidence of a crime or a school rule violation. The search must be conducted in a reasonable manner under the circumstances.
2. Illegal items or other items reasonably determined to be a threat to the safety of others or a threat to educational purposes may be taken and kept by school officials. Any firearm or other weapon shall be confiscated and delivered to law enforcement officials as soon as possible.
3. Items which have been or are reasonably expected to be used to disrupt or interfere with the educational process (that is, "nuisance items") may be removed from student possession.

Section 7 VIDEO SURVEILLANCE

The Board of Education has authorized the use of video cameras on School District property to ensure the health, welfare and safety of all staff, students and visitors to District property, and to safeguard District facilities and equipment. Video cameras may be used in locations as deemed appropriate by the Superintendent.

Notice is hereby given that video surveillance may occur on District property. In the event a video surveillance recording captures a student or other building user violating school policies or rules or local, state or federal laws, the video surveillance recording may be used in appropriate disciplinary proceedings against the student or other building user and may also be provided to law enforcement agencies.

Section 8 USE OF TELEPHONE

Use of the office phone will only be allowed in an emergency or when a student is ill. There is a courtesy phone available for student use. The courtesy phone is NOT to be used during class time. **Use of the phone is not an excuse to be tardy to class.**

Section 9 BICYCLES

Bicycles must be parked in the racks provided at the elementary building. All bicycles should be equipped with locks. The school is not responsible for damage or theft of parts while bicycles are on school property.

Section 10 STUDENT VALUABLES

Raymond Central Public Schools is **NOT** responsible for the personal property of students. Students are cautioned not to bring large amounts of money or items of value to school. If it is necessary to bring valuable items or more money than is needed to pay for lunch, leave the money or valuables with a staff member in the school office for temporary and safe-keeping. Even then, the school is not in a position to guarantee that the student's property will not be subject to loss, theft, or damage.

Section 11 LOST AND FOUND

Students who find lost articles are asked to take them to the office, where the articles can be claimed by the owner. If articles are lost at school, report that loss to office personnel. Lost and found items will be disposed of periodically if they go unclaimed. It is stressed:

1. That you encourage your child to be responsible for personal property.
2. That all articles are labeled.
3. That valuables and money are left at home.

Section 12 ACCIDENTS

Every accident in the school building, on the school grounds, at practice sessions, or at any athletic event sponsored by the school must be reported immediately to administration. The individual staff member involved should complete an accident report immediately.

Section 13 LABORATORY SAFETY GLASSES

As required by law, approved safety glasses will be required of every student and teacher while participating in or observing vocational, technical, industrial technology, science, and art classes. All visitors to these areas must check out a pair of safety glasses when entering any of these areas.

Section 14 INSURANCE

Under Nebraska law the District may not use school funds to provide general student accident or athletic insurance. The District requires that all student participants in athletic programs have injury and accident insurance and encourages all students who are in classes with risk of personal injury or accident to have insurance coverage. The district does not make recommendations, nor handle the premiums or claims for any insurance company, agent or carrier. Information about student insurance providers will be available in the school office or on school bulletin boards.

Section 15 BULLETINS AND ANNOUNCEMENTS

Posters to be used in the halls or materials for distribution will need to be approved by the Principal's office. Posters are not to be attached to any painted wall surfaces without approval from the administration. Place posters on marble, glass, metal, brick and wood. **The person or organization responsible for distributing the posters is responsible to see that all posters are removed within 48 hours after the event.**

Daily Announcements will be available each morning.

Section 16 COPYRIGHT AND FAIR USE POLICY

It is the school's policy to follow the federal copyright law. Students are reminded that, when using school equipment and when completing course work, they also must follow the federal copyright laws. The federal copyright law governs the reproduction of works of authorship. Copyrighted works are protected regardless of the medium in which they are created or reproduced; thus, copyright extends to digital works and works transformed into a digital format. Copyrighted works are not limited to those that bear a copyright notice.

The "fair use" doctrine allows limited reproduction of copyrighted works for educational and research purposes. The relevant portion of the copyright statute provides that the "fair use" of a copyrighted work, including reproduction "for purposes such as

criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research” is not an infringement of copyright. The law lists the following factors as the ones to be evaluated in determining whether a particular use of a copyrighted work is a permitted “fair use,” rather than an infringement of the copyright:

- the purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes;
- the nature of the copyrighted work;
- the amount and substantiality of the portion used in relation to the copyrighted work as a whole, and
- the effect of the use upon the potential market for or value of the copyrighted work.

Although all of these factors will be considered, the last factor is the most important in determining whether a particular use is “fair.” Students should seek assistance from a faculty member if there are any questions regarding what may be copied.

Section 17 MEDIA CENTER

The High School Media Center is open from 7:50 A.M. to 3:50 P.M. on student days and by arrangement. The Media Center is a place for quiet study, reading, and research. Students must have passes to enter or leave the media center.

Section 18 TECHNOLOGY/COMPUTER USAGE

School computers are to be used for school purposes only. Any student accessing the network must have the proper paperwork (Acceptable Use Policy) on file with the district. This policy provides more specific details governing acceptable use. The use of the internet and/or email is also reserved for school purposes. Students may not bring any computer applications, including games, to school for any reason. District workstations or assigned individual devices, may not be altered without direct teacher permission. Any vandalism (renaming, trashing, or moving files, illegal copying, etc.), intentional copyright violations or attempted access to unauthorized data will result in disciplinary action, which may include restitution. Students are directed to limit printing to only information that is directly tied to school purposes.

Section 19 INTERNET SAFETY POLICY

It is the policy of Raymond Central Public Schools to comply with the Children’s Internet Protection Act (CIPA) and Children’s Online Privacy Protection Act (COPPA). With respect to the District’s computer network, the District shall: (a) prevent user access to, or transmission of, inappropriate material via Internet, electronic mail, or other forms of direct electronic communications; (b) provide for the safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications; (c) prevent unauthorized access, including so-called “hacking,” and other unlawful activities online; (d) prevent unauthorized online disclosure, use, or dissemination of personal identification information of minors; (e) obtain verifiable parental consent before allowing third parties to collect personal information online from students; and (f) implement measures designed to restrict minors’ access to materials (visual or non-visual) that are harmful to minors.

1. Definitions. Key terms are as defined in CIPA. “Inappropriate material” for purposes of this policy includes material that is obscene, child pornography, or harmful to minors. The term “harmful to minors” means any picture, image, graphic image file, or other visual depiction that: (1) taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; (2) depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and (3) taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.
2. Access to Inappropriate Material. To the extent practical, technology protection measures (or “Internet filters”) shall be used to block or filter Internet, or other forms of electronic communications, access to inappropriate information. Specifically, as required by the CIPA, blocking shall be applied to visual depictions of material deemed obscene or child pornography, or to any material deemed harmful to minors. Subject to staff supervision, technology protection measures may be disabled or, in the case of minors, minimized only for bona fide research or other lawful purposes.
3. Inappropriate Network Usage. To the extent practical, steps shall be taken to promote the safety and security of users of the District’s online computer network when using electronic mail, chat rooms, instant messaging, and other forms of direct electronic communications. Specifically, as required by CIPA, prevention of inappropriate network usage includes: (a) unauthorized access, including so-called ‘hacking,’ and other unlawful activities; and (b) unauthorized disclosure, use, and dissemination of personal identification information regarding minors.
4. Supervision and Monitoring. It shall be the responsibility of all members of the District staff to supervise and monitor usage of the online computer network and access to the Internet in accordance with this policy and CIPA. Procedures for the disabling or otherwise modifying any technology protection measures shall be the responsibility of the Superintendent and the Superintendent’s designees.
5. Social Networking. Students shall be educated about appropriate online behavior, including interacting with others on social networking websites and in chat rooms, and cyberbullying awareness and response. The plan shall be for all

students to be provided education on these subjects. The Superintendent or the Superintendent's designee shall be responsible for identifying educational materials, lessons, and/or programs suitable for the age and maturity level of the students and for ensuring the delivery of such materials, lessons, and/or programs to students.

6. Parental Consent. The District shall obtain verifiable parental consent prior to students providing or otherwise disclosing personal information online.
7. Adoption. This Internet Safety Policy was adopted by the Board at a public meeting, following normal public notice.
8. The District shall comply with the Nebraska Student Online Personal Protection Act and will endeavor to take all reasonable and necessary steps to protect the online privacy of all students.

Section 20 RECORDING OF OTHERS

To ensure the privacy and confidentiality of student information, no person is authorized to record or transmit any sound or image of any person (including themselves) without the prior consent or authorization of either (1) the person or persons being recorded or whose image or sound is being transmitted or (2) the Superintendent or Superintendent's designee. This prohibition applies to all persons, including staff, students and community members, regardless of the content or context of the image or sound; however, this provision shall not apply to District-sponsored athletic or activity events where the focus of the recording or transmission is on the student performances or activity. Nothing in this provision shall prohibit the recording of an Individualized Education Program meeting if the recording is necessary to ensure that the parent understands the IEP or the IEP process or to implement other parental rights guaranteed by the Individuals with Disabilities Education Act.

Section 21 COMPUTER ACCEPTABLE USE POLICY

This computer acceptable use policy is supplemental to the District's Internet Safety Policy.

1. Technology Subject to this Policy. This Computer Acceptable Use Policy applies to all technology resources of the District or made available by the District. Technology resources include, without limitation, computers and related technology equipment, all forms of e-mail and electronic communications, and the internet.
2. Access and User Agreements. Use of the District technology resources is a privilege and not a right. The Superintendent or designee shall develop appropriate user agreements and shall require that employees, students (and their parents or guardians), and others to sign such user agreements as a condition of access to the technology resources, as the Superintendent determines appropriate. Parents and guardians of students in programs operated by the District shall inform the Superintendent or designee in writing if they do not want their child to have access.

The Superintendent and designees are authorized and directed to establish and implement such other regulations, forms, procedures, guidelines, and standards to implement this Policy.

The technology resources are not a public forum. The District reserves the right to restrict any communications and to remove communications that have been posted.

3. Acceptable Uses. The technology resources are to be used for the limited purpose of advancing the District's mission. The technology resources are to be used, in general, for educational purposes, meaning activities that are integral, immediate, and proximate to the education of students as defined in the E-rate program regulations.
4. Unacceptable Uses.

The following is a non-exhaustive list of unacceptable uses of technology resources:

- a. **Personal Gain:** Technology resources shall not be used, and no person shall authorize its use, for personal financial gain other than in accordance with prescribed constitutional, statutory, and regulatory procedures, other than compensation provided by law.
- b. **Personal Matters:** Technology resources shall not be used, and no person shall authorize its use, for personal matters unless the User has entered into a lease agreement or other similar agreement with the School District that makes such use permissible under law.

Occasional use that the Superintendent or designee determines to ultimately facilitate the mission of the District is not prohibited by this provision. Examples of occasional use that may be determined to ultimately facilitate the mission of the District: sending an e-mail to a minor child or spouse; sending an e-mail related to a community group in which an employee is a member where the membership in the community group facilitates the District's mission.

This occasional use exception does not permit use by employees contrary to the expectations of their position. For

example, employees may not play games or surf the net for purposes not directly related to their job during duty time; nor may students do so during instructional time.

The occasional use exception also does not permit use of the technology resources for private business, such as searching for or ordering items on the internet for non-school use; or sending an e-mail related to one's own private consulting business.

- c. Campaigning: Technology resources shall not be used, and no person shall authorize its use, for the purpose of campaigning for or against the nomination or election of a candidate or the qualification, passage, or defeat of a ballot question.
- d. Technology-Related Limitations: Technology resources shall not be used in any manner which impairs its effective operations or the rights of other technology users. Without limitation:
 - 1) Users shall not use another person's name, log-on, password, or files for any reason, or allow another to use their password (except for authorized staff members).
 - 2) Users shall not erase, remake, or make unusable another person's computer, information, files, programs or disks.
 - 3) Users shall not access resources not specifically granted to the user or engage in electronic trespassing.
 - 4) Users shall not engage in "hacking" to gain unauthorized access to the operating system software or unauthorized access to the system of other users.
 - 5) Users shall not copy, change, or transfer any software without permission from the network administrators.
 - 6) Users shall not write, produce, generate, copy, propagate, or attempt to introduce any computer code designed to self-replicate, damage, or otherwise hinder the performance of any computer's memory, file system, or software. Such software is often called a bug, virus, worm, Trojan horse, or similar name.
 - 7) Users shall not engage in any form of vandalism of the technology resources.
 - 8) Users shall follow the generally accepted rules of network etiquette. The Superintendent or designees may further define such rules.
- e. Other Policies and Laws: Technology resources shall not be used for any purpose contrary to any District policy, any school rules to which a student user is subject, or any applicable law. Without limitation, this means that technology resources may not be used:
 - 1) to access any material contrary to the Internet Safety Policy; or to create or generate any such material.
 - 2) to engage in unlawful harassment or discrimination, such as sending e-mails that contain sexual jokes or images.
 - 3) to engage in violations of employee ethical standards and employee standards of performance, such as sending e-mails that are threatening or offensive or which contain abusive language; use of end messages on e-mails that may imply that the District is supportive of a particular religion or religious belief system, a political candidate or issue, or a controversial issue; or sending e-mails that divulge protected confidential student information to unauthorized persons.
 - 4) to engage in or promote violations of student conduct rules.
 - 5) to engage in illegal activity, such as gambling.
 - 6) in a manner contrary to copyright laws.
 - 7) in a manner contrary to software licenses.
- 5. Disclaimer. The technology resources are supplied on an "as is, as available" basis. The District does not imply or expressly warrant that any information accessed will be valuable or fit for a particular purpose or that the system will operate error free. The District is not responsible for the integrity of information accessed, or software downloaded from the Internet.
- 6. Filter. A technology protection measure is in place that blocks and/or filters access to prevent access to Internet sites that are not in accordance with policies and regulations. In addition to blocks and/or filters, the District may also use other technology protection measures or procedures as deemed appropriate.

Notwithstanding technology protection measures, some inappropriate material may be accessible by the Internet, including material that is illegal, defamatory, inaccurate, or potentially offensive to some people. Users accept the risk of access to such material and responsibility for promptly exiting any such material.

The technology protection measure that blocks and/or filters Internet access may be disabled only by an authorized staff member for bona fide research or educational purposes: (a) who has successfully completed District training on proper disabling circumstances and procedures, (b) with permission of the immediate supervisor of the staff member requesting said disabling, or (c) with the permission of the Superintendent. An authorized staff member may override the technology protection measure that blocks and/or filters Internet access for a minor to access a site for bona fide research or other lawful purposes provided the minor is monitored directly by an authorized staff member.

7. **Monitoring.** Use of the technology resources, including but not limited to internet sites visited and e-mail transmitted or received, is subject to monitoring by the administration and network administrators at any time to maintain the system and ensure that users are using the system responsibly, without notice to the users. Users have no privacy rights or expectations of privacy with regard to use of the District's computers or Internet system. All technology equipment shall be used under the supervision of the Superintendent and the Superintendent's designees.
8. **Sanctions.** Violation of the policies and procedures concerning the use of the District technology resources may result in suspension or cancellation of the privilege to use the technology resources and disciplinary action, up to and including expulsion of students and termination of employees. Use that is unethical may be reported to the Commissioner of Education. Use that is unlawful may be reported to the law enforcement authorities. Users shall be responsible for damage caused and injuries sustained by improper or non-permitted use.

Section 23 SCHOOL VISITORS

All visitors to Raymond Central Public Schools are required to be buzzed into the building. Upon entering the building all visitors should report directly to the respective building office to sign in. We encourage parent visitation of classes and during lunch time but request that all parents that desire to visit classes or participate in lunch to make prior arrangements to ensure that we can facilitate the visit and to promote secure practices. No parent or visitor are to enter a class in session without permission of the Principal's office. Interruption of classroom processes to confer with a teacher or student is not allowed without proper authorization. Visitors by teenagers are generally discouraged and requires preapproval by the Principal's office.

Article 4 – Attendance

Section 1 ATTENDANCE POLICY

Regular and punctual student attendance is required. The Board's policies require such attendance, the administration is responsible for developing further attendance rules and regulations, and students and parents are responsible for developing behaviors which will result in regular and punctual student attendance. There is more on this in Article 2 of this publication.

ATTENDANCE PROCEDURES

School is a full-time job; therefore, students are expected to be in attendance for all classes throughout the school year. Students who are absent from school lose out on valuable explanations of material, interaction with their teachers and peers, and often perform at a level below their potential. The achievement of an outstanding attendance record should be a goal of every student.

Cooperation between the school officials and parents is critical in insuring that students are in school. The parents must determine the validity of their child's absences from school and take the responsibility to notify the school when he or she is not in attendance. The school will document and inform parents in situations where absences are becoming detrimental to student achievement. State law requires that students not miss more than 20 days each year (10 days per semester is a guide), which we strictly follow.

REPORTING OF ABSENCES

Parents are to call the school to notify the office of a student absence. Personnel are on duty at 7:15 AM to receive calls. When the office has not been notified by 9:00 AM regarding the student's absence, the attendance office will call the parents to verify the absence.

BLUE SLIP: Blue absence forms are to be used for individual advanced absences.

A special request from parents or guardians must be made in writing for any individual advanced absence. ***This request should be made well in advance of the anticipated absence permitting sufficient time to obtain assignments from all teachers and to complete all assignments at the specific request of the teachers.*** The request to be absent is made through the office and is administered with a blue absence form. ***These forms must be completed and returned to the office secretary by 4:00 pm on the day prior to the anticipated absence. Failure to comply could result in forfeiture of credit for the class on the day absent.*** It is emphasized that having the permission of a parent to be absent will not be a guarantee that school authorities will waive the absence. Such decisions will be made through the Principal's office.

LATE ARRIVALS/EARLY DISMISSALS

Any time a student arrives late to school or leaves prior to regular dismissal time, he/she must report to the office to sign in/out and ensure that their guardian has contacted the office.

SCHOOL SPONSORED ABSENCES

Students who are going to miss class for school-sponsored field trips or activities (band, vocal, and athletics) must contact instructors prior to the activity and follow their directives.

Section 2 ATTENDANCE MAKE UP HOMEWORK

Homework Policy: Each teacher will include homework expectations in their syllabus. ***Students who come to class without assignments adequately completed will receive a 30% deduction. If the assignment is still not completed by class the following school day, the student will receive a zero.***

Makeup Homework: Students will be given two (2) days for every day of absence up to 10 to complete make-up homework. Beyond 10 days will require special arrangements. ***A student who gets sick during the school day or needs to leave for an appointment, must report to the school office and be released by the office staff. A parent/guardian must be notified by office staff prior to release; only school personnel or persons authorized on the student's emergency information may take the student home.***

Students enrolled in Dual Credit Courses will need to follow the guidelines of the College. See Dual Credit Guidelines on page 32.

DISCIPLINARY ABSENCE

To receive credit for work missed due to a disciplinary suspension, the student is responsible for requesting assignments for make-up work and completing the make-up work on his/her own initiative, and on his or her own time either before or after school, by the due date. The teacher based on the content being studied and the length of student absence will determine the date when make-up work is due.

Section 3 ATTENDANCE AND ABSENCES

Attendance Policy and Excessive Absenteeism

Regular and punctual student attendance is required. The administration is responsible for developing further attendance rules and regulations, and all staff are expected to implement this policy and administrative rules and regulations to encourage regular and punctual student attendance. The principals and teachers are required to maintain an accurate record of student attendance.

Attendance and Absences.

1. Circumstances of Absences – Definitions. The circumstances for all absences from school will be identified as School Excused or Not School Excused. Absences should be cleared through the Principal's office in advance whenever possible. All absences, except for illness and/or death in the family, require advance approval.
 - a. School Excused. Any of the following circumstances that lead to an absence will be identified as a *School Excused* absence, provided the required attendance procedures have been followed:
 - 1) Impossible or impracticable barriers outside the control of the parent or child prevent a student from attending school. The parent must provide the school with documentation to demonstrate the absence was beyond the control of the parent or child. This could include, but is not limited to documented illness, court, death of a family member, or suspension.
 - 2) Other absences as determined by the principal or the principal's designee.
 - b. Not School Excused. Absences that are not school excused may result in a report to the county attorney and may be classified as follows:
 - 1) Parent acknowledged absences are those in which the parent communicated with the school in the prescribed manner that the child is absent and is the parent's responsibility for the extent of the school day. This includes, but is not limited to, illness, vacations, and medical appointments.
 - 2) Other absences are those in which the parent has not communicated a reason for the student's absence.
2. Absence Procedure. In its Student Information System, the District may identify many different codes that provide greater definition to the circumstances of a child's absence, but all the codes need to be identified to parents and students as fitting into one of the above defined absence circumstances.

Two school days will be allowed to make up work for each day missed, with a maximum of 10 days allowed to make up work.

3. Mandatory Ages of Attendance. A child is of mandatory age if the child reaches age 6 prior to January 1 of the then-current school year and has not reached 18 years of age.

Exceptions for Younger Students. Attendance is not mandatory for a child who has reached 6 years of age prior to January 1 of the then-current school year, but will not reach age 7 prior to January 1 of such school year, if the child's parent or guardian has signed and filed with the school district in which the child resides an affidavit stating either: (1) that the child is participating in an education program that the parent or guardian believes will prepare the child to enter grade one for the following school year; or (2) that the parent or guardian intends for the child to participate in a school which has elected or will elect pursuant to law not to meet accreditation or approval requirements and the parent or guardian intends to provide the Commissioner of Education with a statement pursuant to section 79-1601(3) on or before the child's seventh birthday.

4. Reporting and Responding to Excessive Absenteeism. Any administrator, teacher, or member of the board of education who knows of any failure on the part of any child of mandatory school attendance age to attend school regularly without lawful reason, shall within three days report such violation to the superintendent or such person(s) who the superintendent designates to be the attendance officer (hereafter, "attendance officer"). The attendance officer shall immediately cause an investigation into any such report to be made. The attendance officer shall also investigate any case when of his or her personal knowledge, or by report or complaint from any resident of the district, the attendance officer believes there is a violation of the compulsory attendance laws. The school shall render all services in its power to compel such child to attend some public, private, denominational, or parochial school, which the person having control of the child shall designate, in an attempt to address the problem of excessive absenteeism. Such services shall include, as appropriate, the services listed below under "Excessive Absenteeism" and "Reporting Excessive Absenteeism."

5. **Excessive Absenteeism.** Students who accumulate five (5) unexcused absences in a quarter shall be deemed to have “excessive absences.” Such absences shall be determined on a per day basis for elementary students and on a per class basis for secondary students. When a student has excessive absences, the following procedures shall be implemented:
- Verbal or written communication by school officials with the person or persons who have legal or actual charge or control of any child; and
 - One or more meetings between the school (a school attendance officer, a school administrator or his or her designee, and/or a social worker), the child’s parent or guardian, and the child, when appropriate, to address the barriers to attendance. The result of the meeting or meetings shall be to develop a collaborative plan to reduce barriers identified to improve regular attendance. The plan shall consider, but not be limited to:
 - Illness related to the physical or behavioral health of the child.
 - Educational counseling.
 - Educational evaluation.
 - Referral to community agencies for economic services.
 - Family or individual counseling; and
 - Assisting the family in working with other community services.If the parent/guardian refuses to participate in such meeting, the principal shall place documentation of such refusal in the child’s attendance records.
6. **Reporting Excessive Absenteeism to the County Attorney.**

The school may report to the county attorney of the county in which the person resides when the school has documented the efforts to address excessive absences, the collaborative plan to reduce barriers identified to improve regular attendance has not been successful, and the student has accumulated more than ten (10) absences per semester. The school shall notify the child’s family in writing prior to referring the child to the county attorney. Illness that makes attendance impossible or impracticable shall not be the basis for referral to the county attorney. A report to the county attorney may also be made when a student otherwise accrues excessive absences as herein defined.

Section 4 TARDINESS

Tardy to School: Students will be considered tardy to school if they are not in their assigned class or ready and attentive in their assigned area when the bell for their first-class rings. Students are considered tardy if they arrive after 8:10 a.m. and prior to 8:30 a.m. **Arriving after 8:30 a.m. will result in an absence rather than a tardy.**

Tardy to Class: Students will be considered tardy to class if they are not in their classroom when the tardy bell rings, unless they have a pass from the teacher who detained them. Students have a sufficient time period between all class changes to make it to their next assigned class on time.

Consequences for Tardies

After the second (2nd) tardy, every tardy accumulated thereafter during periods 1-8 (each semester) will result in a 45-minute detention. Detentions will be served the day they are assigned OR the following day after school in the detention room. It is the student’s responsibility to make transportation arrangements. Failure to serve detentions when assigned will result in additional consequences.

Section 5 LEAVING SCHOOL

Students who must leave school for any reason during the school day must check out and sign out at the office before leaving. Students leaving school must be cleared in advance by a note or phone call from the student’s parent or legal guardian. Upon returning to school that same day, students are expected to sign in at the office. A sheet will be available in the office for this purpose. Students who leave without permission and without signing out in the proper manner will be considered truant.

Section 6 ATTENDANCE IS REQUIRED TO PARTICIPATE IN ACTIVITIES

Students must attend school for a normal school day prior to participating in an activity. A team member is not allowed to practice or compete on a day he/she is unable to be in school because of illness, or unexcused absence, unless participation is approved by the Athletic Director and/or Principal. The following guidelines apply:

- Students must be in classes on the day of the activity, for a minimum of one half of the day prior to the departure for the activity or at the end of the day for an activity that begins after the end of the school day in order to participate.
*Exception Home School or Exempt school students.
- A parent may contact the school prior to 8:30 a.m. for the student to be excused because of an unexpected situation, which will keep the student out of school all, or part of the school day.

Section 7 MAKE-UP WORK

The make-up work of students will be counted for course credit when satisfactorily completed according to the guidelines stated below, which are the Superintendent's guidelines, or such other guidelines as approved from time to time by the Superintendent or the Superintendent's designee.

To receive credit for work missed due to excused absences (e.g., personal illness, bereavement or emergency in the family, participation in an approved school activity), the student, upon returning to school, is responsible a) for requesting assignments for make-up work and b) for completing the make-up work on his/her own initiative by the due date. The teacher will provide materials and assistance to a student who is making up work for these reasons.

To receive credit for work missed due to a parent requested prearranged absence (e.g., medical or dental appointment, religious observance, spectator at a school activity, family trip, college visit), the student is responsible a) for requesting assignments for make-up work prior to his/her absence and b) for completing the make-up work on his/her own initiative by the due date.

The date when make-up work is due will be determined by the Principal, with two (2) days being allowed for each day absent up to a maximum of ten (10) days. Students who plan to miss school due to scheduled school activity or a parent requested prearranged absence may request assignments and make arrangements to complete part of all of the work prior to the absence.

At the beginning of each semester, or during the semester for students who enter during the semester, a) the principal will provide students with information about the district regulations for absences and make-up work and b) teachers will explain the procedures students should use for requesting assignments and completing make-up work in their courses.

Students and parents/guardians are advised that equivalent experiences for students who miss class are difficult and sometimes impossible to recreate. Parents/guardians are also advised that testing and summarizing activities often are scheduled at the end of the quarter and the end of the semester; parent requested prearranged absences should be avoided during these times.

Section 2 SPECIAL EDUCATION GRADUATION OPTIONS

Students who have an IEP (Individualized Education Plan) according to Public Law (PL) 94-142 and Nebraska Department of Education (NDE) Rule 51 may receive Special Education services. Following are the graduation options that are offered to Special Education students. The program is arranged so that the qualified student receives individual instruction based upon his/her needs. Each student is mainstreamed as much as possible. The student is provided assistance with regular education classes and receives remedial instruction for material in a specific area.

#1 - Standard Diploma 240 hours - a student completed the required credits

- It is recommended that the IEP team review and document that all requirements for receipt of a signed, regular high school diploma have been met.

#2 - Certificate of Attendance - the student completed or progressed toward IEP/transition goals, but not the standard course of study.

- It is recommended that graduation be addressed in all transition plans. Plans for graduation should be considered in the development of the course of study and reviewed annually.
- A student on a Certificate of Attendance path shall receive a pass/fail grade for any courses where the curriculum is modified.
- The receipt of a signed, regular diploma terminates the service eligibility of students with special education needs.
- It is recommended that all diplomas awarded by a school district be identical in appearance, content and effect, except that symbols or notations may be added to individual student's diplomas to reflect official school honors or awards earned by students.
- A student who receives a document such as a certificate of attendance, unsigned diploma, or blank folder is eligible to continue receiving special education services until receipt of a signed, regular diploma or until the end of the school year in which the student turns 21.

Section 3 CUMULATIVE GPA

The cumulative grade point average is used in determining class rank and honor roll and is extremely important to students when they become seniors and begin making applications for jobs and higher education. The method for determining this is as follows.

The total number of credits attempted divided by the total number of mark points gives their grade point average. As they proceed through their career this accumulates at the end of each semester. Only semester grades are recorded in the students' records and only semester grades count toward his/her graduation and cumulative grade point average.

Academic All-Conference: Seniors with a GPA of 3.5 or higher and an ACT score of 25 or higher will be named to Academic All-Conference and will receive a medal.

GRADING SCALE:

<u>Letter Grade</u>	<u>Numeral Grade</u>	<u>Grade Point Avg</u>	<u>Letter Grade</u>	<u>Numeral Grade</u>	<u>Grade Point Avg</u>
A	94-100	4.0	C	81	2.5
B+	93	3.9	C	80	2.4
B+	92	3.8	C-	79	2.2
B+	91	3.7	C-	78	2.0
B	90	3.6	D+	77	1.9
B	89	3.5	D+	76	1.8
B	88	3.4	D+	75	1.7
B-	87	3.2	D	74	1.6
B-	86	3.0	D	73	1.5
C+	85	2.9	D-	72	1.4
C+	84	2.8	D-	71	1.2
C+	83	2.7	D-	70	1.0
C	82	2.6	F	0-69	0.0

The preceding grade scales are expected to be used according to the following guidelines:

1. No other grade scales are to be used on official records or reports.
2. "Failing," "unsatisfactory" or equivalent terms indicate that student performance does not meet the minimum requirements established for the course. A final mark of "failing" or "unsatisfactory" in a credit-bearing course means that credit hours will not be granted.
3. The mark given at the end of each reporting period is considered an evaluation of the pupil's status at the time (for example, the final mark in a semester course is an evaluation of the pupil's status as of the close of the semester; not an average of two nine-week marks).

4. Teachers may exercise professional judgment in distributing marks. Marks are not expected to be distributed on a normal curve.
5. A class that meets 5 days per week for one semester earns 5 hours of credit, and one class cannot satisfy two or more requirements.
6. Register requirements for each grade level are:
 - a. Freshman must register for: Math, English, Social Studies, Health, and Science.
 - b. Sophomore must register for: Math, English, Social Studies and Science.
 - c. Juniors must register for: English, Science, Math and American History
 - d. Seniors must register for: Economics/American Government, and English.

Section 4 DUAL CREDIT GUIDELINES

Dual/Online Credit Opportunity Types:

1. **Students can take courses with our Raymond Central faculty who are approved to teach college equivalent courses.**
 - a. Students must meet the requirements set by the college and the high school to take these courses.
 - b. These classes will be scheduled into a student schedule.
 - c. Students will be granted high school credit for a passing grade in the course.
 - d. Students must follow the college requirements to earn college credit.
2. **Students can take online college credit courses via an online format through colleges.**
 - a. Students must meet the requirements set by the college and the high school to take these courses.
 - b. Students must be on track to graduate to take online college credit courses.
 - c. Students can receive an online college period in their schedule to work on this course during the school day.
 - d. Students must follow the college requirements to earn college credit.

Dual/Online College Credit fees

1. Dual/College Credit tuition fees will be paid by the student.
 - a. Students who qualify for free or reduced lunch can see the school counselor for scholarship opportunities.
1. Classes that are taught by Raymond Central Faculty will have books and supplies provided by the college.
2. Classes that are not taught by Raymond Central Faculty, students will be responsible for purchasing all books and supplies.

Attendance/Homework/ Deadlines for Dual/Online College Credit Classes

1. Students will follow all attendance policies provided by the college to earn college credit. College schedules may not align with the Raymond Central District calendar. It is the responsibility of the student to know their own college schedule. It is the student's responsibility to make up any late assignments as soon as possible. When absent, THE STUDENT must see THE INSTRUCTOR about what was covered in class. Obviously, unusual circumstances, extended illnesses, and/or prearranged absences will be handled individually. COLLEGE INSTRUCTORS are not obligated to give you any information that was covered during your absence. Any assignment that the student missed because of an absence is under faculty discretion as to whether the student can make it up. THE STUDENT needs to personally reach out to the teacher to inform them of an absence in order for any make up work to be approved.

Drop Policy for Dual Credit and Online College Credit Courses

1. Due to the impact of the college classes on the student's high school schedule, students who register are expected to commit to a full semester of the course.
2. Colleges offer withdrawal dates, however, the high school date for withdrawal from classes and a change of schedule is 1 week (7 days) after the start of the college credit course. (This means that if you, as a student, decide to withdraw from the college class, you must do so WITHIN the time requirements for RC.)
3. Any extenuating circumstances will need to be discussed with the school counselor and the principal.

Section 5 ACADEMIC ELIGIBILITY

Academic eligibility for co-curricular activity participants will be maintained on a weekly basis. All students involved in activities will be held to a high standard academically in order to be able to participate in competitions/performances. In addition to the NSAA guidelines applied to all eligible NSAA activities, Raymond Central Public Schools has additional participation guidelines. Student grades will be obtained every Monday at noon. Students with failing grades as described below will not be allowed to participate in performance/competitions but are required to continue to attend practices. These academic guidelines will apply to internal activities as well as school dances.

- a) Any student with a failing grade in more than one class will be placed on academic probation. That probation will last for one full week. During that time, the student has the opportunity to improve their grades for one week. If the student still has failing grades in more than one class on the following Monday's grade report, that student is ineligible for the entire week, regardless of if grades are increased during the ineligible week.
- b) However, if a student is failing any single class for three consecutive grade reports, they will become ineligible.

- c) Students will be removed from the ineligible list once they have one F or fewer (as long as they haven't been failing for three consecutive weeks) on the Monday grade report.
- d) Resource students or Sec. 504 students who are not receiving a passing mark should only be placed on the ineligible list after consultation with the resource teacher and/or case manager. Referral must be made to the resource teacher.

Section 6 PROGRESS REPORTS

Report cards are issued every nine weeks. These always reflect the students' cumulative grade at that time. Progress reports are made available for each student at approximately the first quarter and third quarter through each year. Parents can always check grades through Powerschool throughout the semester. Teachers will update grades weekly.

Section 7 PROMOTION, RETENTION

The professional staff at Raymond Central Public Schools will place students at the grade level and in the courses best suited to them academically, socially and emotionally.

Students will typically progress annually from grade to grade. A student may be retained at a grade level or be required to repeat a course or program when such is determined in the judgment of the professional staff to be appropriate for the educational interests of the student and the educational program.

Section 8 SCHEDULE CHANGES

Students needing schedule changes should notify the counselor. Schedule changes must be initiated by the teachers involved, the principal or guidance counselor, and students' parents. Final approval of all schedule changes will be made by the counselor only.

Section 9 REPORT CARDS

Report cards are issued at the end of each quarter, or nine-week sessions. Letter grades are used to designate a student's progress. Incomplete grades shall be designated by an "INC". Students have two weeks after the end of the quarter to make up incomplete work. Failure to do so will cause the grade to change to a "NC" (No Credit). No incomplete grades will be given at the end of the fourth quarter, as all course work must be completed by the end of the fourth quarter.

Section 10 PARENT-TEACHER CONFERENCES

Parent-teacher conferences will be held during each semester. Refer to the school calendar for the schedule. Conferences with teachers, at any other time, are possible by calling the school office and making arrangements with one or more teachers as needed.

Section 11 STUDENT RECOGNITION

Part 1

Honor Roll:

At the end of each semester, honor roll lists will be published. These lists will recognize students' academic successes. They are as follows:

Special Commendation.....Grades are all A's

Honor Roll.....Two A's and no grade below an 86% (B)

Honorable Mention.....No more than one (1) C and it must be no lower than 80%

Part 2

Academic Recognition:

Valedictorian/Salutatorian - It is the policy of Raymond Central Public Schools that the Valedictorian and Salutatorian will be determined by overall GPA only, figured through the end of the 7th semester. The person with the highest overall GPA will be named Valedictorian, and the person with the second highest overall GPA will be named Salutatorian. In case of a tie, there; will be more than one named for the level where there is a tie (i.e. if the top two people in the class had the exact same GPA, they would both be named Valedictorian). If the tie is for Valedictorian, no Salutatorian will be named. Students must have attended Raymond Central for a minimum of 4 full semesters in order to be named Salutatorian or Valedictorian. Students who have a record of academic dishonesty will forfeit consideration for Valedictorian or Salutatorian. Administration will notify student and family when the forfeit is in effect. A copy of that official letter will remain in student file.

High Distinction/Distinction: Students with a GPA of 97-100 will graduate with High Distinction and receive a medal. Students with a GPA of 94-96.99 will graduate with Distinction and receive a medal.

Academic All-Conference: Seniors with a GPA of 3.5 or higher and an ACT score of 25 or higher will be named to Academic All-Conference and will receive a medal.

Section 12 NEBRASKA STATE ASSESSMENT REQUIREMENTS

All students' grades 3-10 will be required to take the Nebraska State Assessment tests, NSCAS and 11 graders will be required to take the NSCAS ACT. Required tests currently include math, English/language arts, writing, and science.

Incoming ninth grade students who fail to meet the required state proficiency levels on any Nebraska state assessment may be remediated in the individual courses they are not proficient in. Remediation may include remedial courses in either summer skills or during the regular semester. Middle school students may be remediated during their scheduled learning lab. Please note; the additional course could possibly cause conflict in scheduling electives or study halls.

All juniors will be required to take the ACT test. The ACT test will be administered in the second semester and students will take all of the state required portions of the test. Currently, the required sections include English, Reading, Math, Science, and Writing.

Article 6 - Support Services

Section 1 SPECIAL EDUCATION IDENTIFICATION AND PLACEMENT PROCEDURES

What Does Special Education Mean?

Special education means educational experiences, curriculum and services, including transportation, through the use of staff, facilities, equipment and classrooms which have been adapted to provide special instruction for students with disabilities. In addition, special education provides the support services necessary for evaluation, placement and instruction for students with disabilities. These services are free to parents, unless they elect to place their child in a program other than one approved by the school district.

How are Students with Disabilities Identified?

The first step is for parents to provide written permission to have their child evaluated. The request for permission will include a description of the action to be taken and a description of each evaluation procedure. Written statements showing the results of the evaluation and the reasons for placement in a special education program must be kept on file. Within 30 days after a student has been verified as having a disability, a conference will be held with parents. Advance notice will be given. At the conference, an Individual Education Program (IEP) will be developed.

Students Who May Benefit

A student verified as having autism, behavior disorder, hearing impairment, mental handicap, orthopedic impairment, other health impairment, specific learning disability, speech language impairment, traumatic brain injury, or visual handicap may be placed in regular education with support services or may benefit from a special education classroom or service.

Independent Evaluation

If a parent disagrees with an evaluation completed by the school district, the parent has a right to request an independent educational evaluation at public expense. Parents should direct inquiries to school officials to determine if the school district will arrange for further evaluation at public expense. If school district officials feel the original evaluation was appropriate and the parents disagree, a due process hearing may be initiated. If it is determined that the original evaluation was appropriate, parents still have the right to an independent educational evaluation at their own expense.

Reevaluation

Students identified for special education will be reevaluated at least every three years by the IEP team. The IEP team will review existing evaluation data on the student and will identify what additional data, if any, are needed. The school district shall obtain parental consent prior to conducting any reevaluation of a student with a disability.

Individual Education Program (IEP)

Each student with a disability must have a written IEP prepared by the staff in cooperation with parents specifying programs and services which will be provided by the schools. If necessary, the district will arrange for interpreters or other assistants to help parents in preparing and understanding the IEP. Once in place, the program is reviewed on a regular basis with the parent. An IEP is developed in a conference setting. Parents will be notified of the persons who will be in attendance. The IEP conference shall include at least the following:

1. A representative of the school district;
 2. An individual who can interpret the instructional implications of evaluation results;
 3. One or both parents;
 2. The child (when appropriate);
 3. At least one regular education teacher if the child is, or may be participating in the regular education environment;
 4. At least one special education teacher;
 5. A representative of the nonpublic school if the child is attending a nonpublic school;
 6. A representative of a service agency if the child is receiving services from an approved service agency; and
 7. Other individuals, at the discretion of the parent or school district.
8. It is permissible for parents to bring other persons to the IEP meeting, but it is a good idea to inform the school before the scheduled meeting. The school district will provide parents with a copy of the IEP.

Special Education Placement

The student's placement in a special education program is dependent on the student's educational needs as outlined in the Individual Education Program (IEP). The school district must assure that students with disabilities are educated with students who do not have disabilities, to the maximum extent possible. Students are entitled to have supplementary aids and services to help them in a regular educational setting. Students with disabilities may be placed in special classes, separate schools or other situations outside the regular educational environment when the nature of the child's needs require specialized educational techniques which are not available in current settings. Determination of a student's educational placement will be made by a team of persons who knows the student and who understands the tests and procedures that assess the student's learning abilities. Team members know the available programs and services which might help the student. Parents are asked for written

consent to determine whether or not they approve the educational placement recommended for their child. If the parent does not speak English or is hearing impaired, an interpreter may be requested. Written notice shall be given to parents a reasonable time before the school district: 1. Proposes to initiate or change the identification, evaluation, verification or educational placement of a child or the provision of a free appropriate public education; or 2. Refuses to initiate or change the identification, evaluation, or educational placement of the child or the provision of a free appropriate public education to the child.

Alternative Programs

Parents have a right to know about available private and public programs, other than those offered by the schools. The school district staff will provide information about those programs on request. If parents place the student in one of those programs, however, the school district is not required to pay for the student's education.

Transportation of Students Receiving Special Education

The district special education staff will make arrangements for transportation for eligible students to the extent such is required by the student's IEP. Students assigned to special education programs requiring attendance at schools outside their regular attendance area will be transported. Special conditions may warrant that special education students receive transportation to their assigned schools. If parents are dissatisfied with a transportation decision, they may contact the Superintendent for a review.

Access to Student Records

Parents have the right to inspect and review any education records relating to their child which are collected, maintained or used by the school district in providing educational services.

Nonpublic School Students

Students in state-approved nonpublic schools may participate in special education programs in the same manner as public school students.

Parental Review of Programs

Parents who want to review their child's placement for any reason should request an IEP team meeting. If parents are not satisfied with the results of the conference, they may appeal to the Nebraska Department of Education for a formal hearing to be conducted by a state hearing officer. Parents dissatisfied by the findings and decisions made in a state level hearing have the right to bring civil action.

Plans and Budget

With the exception of personally identifiable student records, district special education plans and budgets are available for public inspection.

This is a summary of the Raymond Central Public Schools district plan for special education students. Anyone interested in obtaining a copy of the complete district policy or a copy of the Nebraska Department of Education Rule 51 (complaint procedures) or Rule 55 (appeal procedures) may contact the Superintendent at the Raymond Central Public Schools District Offices.

Section 2 GUIDANCE SERVICES

The Raymond Central Public Schools employs guidance counselor(s) for the purpose of implementing and facilitating a comprehensive guidance program as directed by the state of Nebraska which includes; assisting with the district's testing program, scheduling, and vocational exploration. The guidance program also allows for students to discuss problems as well as resolve conflicts. If you wish to see a counselor, stop by a counselor's office and make arrangements for an appointment.

Section 3 HEALTH SERVICES

Student Illnesses

School health personnel will notify parents when a student needs to be sent home from school due to illness. Conditions requiring a student be sent home include: Temperature greater than 100°F., vomiting, diarrhea, unexplained rashes, live head lice, or on determination by the school nurse that the child's condition prevents meaningful participation in the educational program, presents a health risk to the child or others, or that medical consultation is warranted unless the condition resolves. Please include emergency daytime phone numbers on your child's enrollment card so that you can be reached if your child becomes ill or injured while at school. Please also inform your school health office staff of health related information you feel is important for your student's success in the classroom and/or safety at school.

Guidelines for Administering Medication

Whenever possible your child should be provided medications by you outside of school hours. In the event it is necessary that the child take or have medication available at school, the parents/guardians must provide a signed written consent for the child to be given medication at school. A consent form is available at the school health office. If a student requests to take "over-the-counter" medication, a permission form must be signed by the parents and must be returned to the office before the medication

can be administered. If a form has not been completed, the office must obtain verbal consent via phone from the parent/guardian. Students are encouraged to bring their own “over-the-counter” medication. **The school does not supply any medication.**

Medications must be provided to the school by the parent/guardian in the pharmacy-labeled or manufacturer-labeled bottle. Repackaged medications will not be accepted. All medications also require a physician’s authorization to be given at school. The school nurse may limit medications to those set forth in the Physician’s Desk Reference (PDR). Please limit the amount of medication provided to the school to a two-week supply.

School Health Screening

Children in Preschool and Kindergarten through fourth grade, as well as children in seventh and tenth grade are screened for vision, hearing, dental defects, height and weight. Students entering the Student Assistance Process at any grade level, and those about whom health concerns are identified to the school nurse may also be screened. Parents are notified of any health concerns as they are identified. Parents who do not wish their child to participate in the school screening program must communicate this in writing to the school health office where their child attends at the start of the school year. Because Nebraska statutes require school-age screening, parents who remove their child from the screening program must submit findings from an alternate medical provider to the school by December 1.

Physical Examination

Evidence of a physical examination by a qualified physician is required within six months prior to the entrance of the child into any Early Childhood Special Education classes, kindergarten and the seventh grade, or in the case of transfer from out of state to any other grade. A parent or guardian who objects may submit a written statement of refusal for his or her child. The statement will be kept in the student’s file. Waiver forms are available in the school health office.

The School Rules & Regulations are available on the internet: <http://www.hhs.state.ne.us/reg/t173.htm> (Title 173: Control of Communicable Diseases - Chapter 3; revised and implemented 2011)

Updated 1/25/2017

Students must show proof of immunization upon enrollment in Raymond Central Public Schools. Any student who does not comply with the immunization requirements will not be permitted to continue in school. Students with medical conditions or sincerely held religious beliefs which do not allow immunizations may complete a waiver statement which is available in school health offices.

Students with a signed waiver statement may be excluded from school in the event of a disease outbreak.

Birth Certificate Requirements

State law requires that a certified copy of a student's birth certificate be used when enrolling a new student in school. If your child is registering with Raymond Central Public Schools for the first time, you may obtain this document from the Bureau of Vital Statistics in the state in which your child was born. Assistance in obtaining birth certificates may be obtained from Health Records Management, P.O. Box 95065, Lincoln, NE 68509-5065. There is a fee per certificate.

Please note: The document parents receive from the hospital looks like a birth certificate, but it is not a certified copy. A certified copy has the raised seal of the state of Nebraska on it and is signed by the director of vital statistics.

If a birth certificate is unavailable, other reliable proof of a student's identity may be used. These documents could include naturalization or immigration documents showing date of birth or official hospital birth records, a passport, or a translation of a birth certificate from another country. The documents must be accompanied by an affidavit explaining the inability to produce a copy of the birth certificate.

Guidelines for Head Lice

The following guidelines are in place to: better control a nuisance condition; reduce absenteeism due to head lice; and involve parents as partners with the school in control efforts:

1. Children will be sent home from school for live head lice. In the event the child has TWO cases of live lice in a semester, he or she will be sent home until free of both live lice and nits (eggs).
2. Health office staff will provide written treatment information and instructions, including how to check and identify head lice*.
3. A child who is sent home from school for head lice should miss no more than two school days.
2. A child who has been sent from school due to head lice must come to the health office for inspection before returning to class.
3. A child who returns to class with nits (eggs) will be checked again in 7-10 days.
4. Families are encouraged to report head lice to the school health office.
5. Individual buildings will perform classroom-wide or school-wide head checks as needed in order to control the condition at school.

*Nit removal will be emphasized for effective management of the condition. For more information, call the nurse.

Physical Restrictions

Any restrictions on a student's participation because of illness or injury in physical education or other classes which require physical activity should be communicated to the instructor, preferably in writing. If a student is unable to participate in an activity class, he or she will be restricted from active participation in athletics, dance squad or cheerleader practices. Coaches will be informed by the classroom teacher of any temporary restriction on activity.

Abortion Notification Law

In 1991, the Nebraska Legislature passed a bill that may impact you if you are under the age of 18. If you get pregnant, you will not be able to get an abortion without having your parents notified. In the event that you do not wish to have your parents notified, you may appear before a judge and explain why you do not feel your parents should be notified.

Guidelines for Pregnant and Parenting Students

Raymond Central Public Schools recognizes that pregnant and parenting students have the right and responsibility to attend school. This attendance right and responsibility applies to students regardless of their marital or parental status. Further, the district will educate pregnant and parenting students and will provide reasonable accommodations to support and encourage all pregnant and parenting students to obtain their high school diploma. No student will be excluded from, denied the benefit of, or discriminated against under any educational program or activity because of pregnancy or parenting responsibilities.

Attendance and Leave of Absences

Pregnant and parenting students will be permitted to attend to their own health care, their child's medical care, or other pregnancy- or parenting- related appointments with the benefit of having any such absences or tardiness excused. A student will be permitted to take a leave of absence for pregnancy, childbirth, and any other pre- and post-natal related medical needs, along with recovery therefrom for the duration that is deemed medically necessary by the student's licensed health care provider. At the conclusion of the leave of absence, a student will be immediately enrolled in the district at the same grade and status as when the leave began. Pregnant and parenting students shall be allowed to participate in all activities including extracurricular activities throughout the student's pregnancy and thereafter unless the district deems such participation poses a substantial risk of injury to the student or to others. A pregnant and parenting student may be asked to obtain certification from the student's licensed healthcare provider regarding the student's safe participation in an extracurricular activity when such certification is required of students for other conditions which require the attention of a licensed healthcare provider.

Any absences accumulated due to pregnancy or pregnancy-related conditions, or care for an ill child, should not count towards any district policies in effect under compulsory attendance requirements. Pregnant and parenting students with excused absences or tardiness shall be treated like all other students with excused absences or tardiness for any other medical reasons.

Pregnant and parenting students will be provided with assignments, classwork and any additional support needed to ensure that the student can keep up with class requirements when absent for pregnancy or parenting-related absences.

Alternative Means to Complete Course Work

The district will provide at least one alternate method, in addition to traditional classroom instruction, to keep pregnant and parenting students in school. Such accommodation(s) may include accessing coursework on-line, home-based independent study, or at-home tutoring. Alternative methods of instruction or other alternative program for pregnant and parenting students are voluntary for the student who may elect whether to engage in an alternative method of instruction or the traditional methods of instruction available to their peers. Pregnant and parenting students shall be allowed to attend their regular classrooms and complete regular coursework.

Lactation

The district will provide reasonable time and space to accommodate lactating students to express breast milk or breastfeed during the school day. Such accommodations will be in a location, other than a bathroom or closet, that is private, clean, has an electrical outlet, a chair and is reasonably accessible. Students shall also be provided a food safe refrigerator to store breast milk safely.

Child Care

If in-school child care is not provided, a list of qualified licensed child care providers will be provided upon request to pregnant or parenting students. Such list will be updated annually and include providers that participate in the quality rating and improvement system and meet all of the quality rating criteria for at least a step three rating pursuant to the Step Up to Quality Child Care Act. Nothing in this policy is intended to prohibit or limit any referral for a student or a student's child to an early head start program or any other available community resources.

Privacy and Confidentiality

Pregnant and parenting students have the right to have their health and personal information kept confidential in accordance with law. School staff will make every effort to keep personal information and health records confidential and in compliance with Nebraska and federal law.

Information about students' pregnancies and related conditions will not appear in their cumulative records and will not be used when they are being considered for educational or job opportunities, awards or scholarships.

Other Accommodations

Pregnant and parenting students may request additional reasonable accommodations to ensure continued participation and enrollment in school. Accommodation requests will be evaluated on a case-by-case basis. Such accommodations may include but are not limited to: additional frequency allowed for bathroom breaks, additional time allowed in between class periods, a larger desk or additional work space, and adjustments to requirements for physical education as needed. Students seeking additional reasonable accommodation should make such requests to the building principal.

Bullying and Harassment

Pregnant and parenting students have the same rights as other students to be free from discrimination, bullying, and harassment. Such school policies are incorporated herein and apply to all students.

Section 4 ADVISOR/ADVISEE PROGRAMS

Students in seventh through twelfth grades will participate in an advisor/advisee program. Each student will be assigned to a faculty member to be part of a group made up of 6 graders, 7-8 graders and 9-12 graders. The activities of the advisory group may include but not be limited to the following:

1. Orientation to the school and its procedures and organization of academic materials, class preparation and time.
2. Advocacy for the student with other staff members and students.
3. A means of representation on student council and internal communication system.
4. Delivery of designated curriculum.
5. Implementation of the student academic monitoring program.

Section 5 PARENT POWERSCHOOL ACCESS

Authorized parent(s) and/or guardian(s) have access to various items of their child's school records via the web. Some of the available items are: Attendance records, Discipline/Behavior records, Assignments, Report Card Grades, Student Class Schedule, Student Progress and Transcripts. Each school within a district will have the ability to determine what is displayed for their school, both modules and fields. Only modules available for that school will display.

Users will create an id and password the first time that they go to the web-site. A single user id may have access to multiple children or a single child. There may be multiple users with access to the same child.

Section 6 SCHOOL LUNCH PROGRAM

The board of education sets meal prices on an annual basis. Students and families are encouraged to apply for free and reduced lunches as applicable. More information is found in the Federal Program Section of this handbook. Students are reminded that school guidelines apply in the cafeteria. They should keep their lunch balances positive and exhibit appropriate behaviors in the cafeteria. Students with a negative balance will not be allowed to purchase extra ala carte items. Students who drop below a balance of negative \$10 can be refused a regular lunch. Students should pick-up their area and the principal has the latitude to assign seating in the cafeteria. Students are welcome to bring their own lunches from home but they are not allowed to have food delivered in from other businesses. This directly conflicts with the federal food program.

Section 7 STUDENT FEE'S POLICY

The Board of Education of Raymond Central Public Schools adopts the following student fees policy in accordance with the Public Elementary and Secondary Student Fee Authorization Act.

The District's general policy is to provide for the free instruction in school in accordance with the Nebraska Constitution and state and federal law. This generally means that the District's policy is to provide free instruction for courses which are required by state law or regulation and to provide the staff, facility, equipment, and materials necessary for such instruction, without charge or fee to the students.

The District does provide activities, programs, and services to children which extend beyond the minimum level of constitutionally required free instruction. Students and their parents have historically contributed to the District's efforts to provide such activities, programs, and services. The District's general policy is to continue to encourage and, to the extent permitted by law, to require such student and parent contributions to enhance the educational program provided by the District.

Under the Public Elementary and Secondary Student Fee Authorization Act, the District is required to set forth in a policy its guidelines or policies for specific categories of student fees. The District does so by setting forth the following guidelines and policies. This policy is subject to further interpretation or guidance by administrative or Board regulations which may be adopted from time to time.

1. Guidelines for non-specialized attire required for specified courses and activities. Students have the responsibility to furnish and wear non-specialized attire meeting general District grooming and attire guidelines, as well as grooming and attire guidelines established for the building or programs attended by the students or in which the students participate. Students also have the responsibility to furnish and wear non-specialized attire reasonably related to the programs, courses and activities in which the students participate where the required attire is specified in writing by the administrator or teacher responsible for the program, course or activity.

The District will provide or make available to students such safety equipment and attire as may be required by law, specifically including appropriate industrial-quality eye protective devices for courses of instruction in vocational, technical, industrial arts, chemical or chemical-physical classes which involve exposure to hot molten metals or other molten materials, milling, sawing, turning, shaping, cutting, grinding, or stamping of any solid materials, heat treatment, tempering, or kiln firing of any metal or other materials, gas or electric arc welding or other forms of welding processes, repair or servicing of any vehicle, or caustic or explosive materials, or for laboratory classes involving caustic or explosive materials, hot liquids or solids, injurious radiations, or other similar hazards. Building administrators are directed to assure that such equipment is available in the appropriate classes and areas of the school buildings, teachers are directed to instruct students in the usage of such devices and to assure that students use the devices as required, and students have the responsibility to follow such instructions and use the devices as instructed.

2. Personal or consumable items & miscellaneous.
 - a. Extracurricular Activities. Students have the responsibility to furnish any personal or consumable items for participation in extracurricular activities.
 - b. Courses
 - i. General Course Materials. Items necessary for students to benefit from courses will be made available by the District for the use of students during the school day. Students may be encouraged, but not required, to bring items needed to benefit from courses including, but not limited to, pencils, paper, pens, erasers, notebooks, trappers, protractors and math calculators. A specific class supply list will be published annually in a Board-approved student handbook or supplement or other notice. The list may include refundable damage or loss deposits required for usage of certain District property.
 - ii. Damaged or Lost Items. Students are responsible for the careful and appropriate use of school property. Students and their parents or guardian will be held responsible for damages to school property where such damage is

caused or aided by the student and will also be held responsible for the reasonable replacement cost of school property which is placed in the care of and lost by the student.

- iii. Materials Required for Course Materials. Students are permitted to and may be encouraged to supply materials for course projects. Some course projects (such as projects in art and shop classes) may be kept by the student upon completion. In the event the completed project has more than minimal value, the student may be required, as a condition of the student keeping the completed project, to reimburse the District for the reasonable value of the materials used in the project. Standard project materials will be made available by the District. If a student wants to create a project other than the standard course project, or to use materials other than standard project materials, the student will be responsible for furnishing or paying the reasonable cost of any such materials for the project.
 - iv. Music Course Materials. Students will be required to furnish musical instruments for participation in optional music courses. Use of a musical instrument without charge is available under the District's fee waiver policy. The District is not required to provide for the use of a particular type of musical instrument for any student.
 - v. Parking. Students may be required to pay for parking on school grounds or at school-sponsored activities, and may be subject to payment of fines or damages for damages caused with or to vehicles or for failure to comply with school parking rules.
3. Extracurricular Activities-Specialized equipment or attire. Extracurricular activities means student activities or organizations which are supervised or administered by the District, which do not count toward graduation or advancement between grades, and in which participation is not otherwise required by the District. The District will generally furnish students with specialized equipment and attire for participation in extracurricular activities. The District is not required to provide for the use of any particular type of equipment or attire. Equipment or attire fitted for the student and which the student generally wears exclusively, such as dance squad, cheerleading, and music/dance activity (e.g. choir or show choir) uniforms and outfits, along with T-shirts for teams or band members, will be required to be provided by the participating student. The cost of maintaining any equipment or attire, including uniforms, which the student purchases or uses exclusively, shall be the responsibility of the participating student. Equipment which is ordinarily exclusively used by an individual student participant throughout the year, such as golf clubs, softball gloves, and the like, are required to be provided by the student participant. Items for the personal medical use or enhancement of the student (braces, mouth pieces, and the like) are the responsibility of the student participant. Students have the responsibility to furnish personal or consumable equipment or attire for participation in extracurricular activities or for paying a reasonable usage cost for such equipment or attire. For musical extracurricular activities, students may be required to provide specialized equipment, such as musical instruments, or specialized attire, or for paying a reasonable usage cost for such equipment or attire.
 4. Extracurricular Activities-Fees for participation. Any fees for participation in extracurricular activities for the school year are further specified in Appendix "1." Admission fees are charged for extracurricular activities and events.
 5. Postsecondary Education Costs. Students are responsible for postsecondary education costs. The phrase "postsecondary education costs" means tuition and other fees only associated with obtaining credit from a postsecondary educational institution. For a course in which students receive high school credit and for which the student may also receive postsecondary education credit, the course shall be offered without charge for tuition, transportation, books, or other fees, except tuition and other fees associated with obtaining credits from a postsecondary educational institution.
 6. Transportation Costs. Students are responsible for fees established for transportation services provided by the District as and to the extent permitted by federal and state laws and regulations.
 7. Copies of Student Files or Records. The Superintendent or the Superintendent's designee shall establish a schedule of fees representing a reasonable cost of reproduction for copies of a student's files or records for the parents or guardians of such student. A parent, guardian or student who requests copies of files or records shall be responsible for the cost of copies reproduced in accordance with such fee schedule. The imposition of a fee shall not be used to prevent parents of students from exercising their right to inspect and review the students' files or records and no fee shall be charged to search for or retrieve any student's files or records. The fee schedule shall permit one copy of the requested records be provided for or on behalf of the student without charge and shall allow duplicate copies to be provided without charge to the extent required by federal or state laws or regulations.
 8. Participation in Before-and-After-School or Pre-kindergarten Services. Students are responsible for fees required for participation in before-and-after-school or pre-kindergarten services offered by the District, except to the extent such services are required to be provided without cost.
 9. Participation in Summer School or Night School. Students are responsible for fees required for participation in summer school or night school. Students are also responsible for correspondence courses.

10. Breakfast and Lunch programs. Students shall be responsible for items which students purchase from the District's breakfast and lunch programs. The cost of items to be sold to students shall be consistent with applicable federal and state laws and regulations. Students are also responsible for the cost of food, beverages, and personal or consumable items which the students purchase from the District or at school, whether from a "school store," a vending machine, a booster club or parent group sale, a book order club, or the like. Students may be required to bring money or food for field trip lunches and similar activities.
11. Waiver Request Form. The District's policy is to provide fee waivers in accordance with the Public Elementary and Secondary Student Fee Authorization Act. Students who qualify for free or reduced-price lunches under United States Department of Agriculture child nutrition programs shall be provided a fee waiver or be provided the necessary materials or equipment without charge for: (1) participation in extracurricular activities and (2) use of a musical instrument in optional music courses that are not extracurricular activities. Participation in a free-lunch program or reduced-price lunch program is not required to qualify for free or reduced price lunches for purposes of this section. Students or their parents must request a fee waiver prior to participating in or attending the activity, and prior to purchase of the materials.
12. Distribution of Policy. The Superintendent or the Superintendent's designee shall publish the District's student fee policy in the Student Handbook or the equivalent (for example, publication may be made in an addendum or a supplement to the student handbook). The Student Handbook or the equivalent shall be provided to every student of the District or to every household in which at least one student resides, at no cost.
13. Student Fee Fund. The School Board hereby establishes a Student Fee Fund. The Student Fee Fund shall be a separate school district fund not funded by tax revenue, into which all money collected from students and subject to the Student Fee Fund shall be deposited and from which money shall be expended for the purposes for which it was collected from students. Funds subject to the Student Fee Fund consist of money collected from students for: (1) participation in extracurricular activities, (2) postsecondary education costs, and (3) summer school or night school.

Article 8 - Student Rights, Conduct, Rules and Regulations

Section 1 STUDENT CONDUCT AND DISCIPLINE POLICIES

The common goal of students, parents, faculty and administration of Raymond Central Public Schools is to maintain a school atmosphere which is conducive to learning. In order to achieve this, Raymond Central Public Schools will continue to review and distribute a set of reasonable and fair rules and policies. VIOLATIONS OF THE RAYMOND CENTRAL PUBLIC SCHOOL'S RULES AND POLICIES WILL RESULT IN DISCIPLINARY ACTION.

A. Development of Uniform Discipline System. It shall be the responsibility of the Superintendent to develop and maintain a system of uniform discipline. The discipline which may be imposed includes actions which are determined to be reasonably necessary to aid the student, to further school purposes, or to prevent interference with the educational process, such as (without limitation) counseling and warning students, parent contacts and parent conferences, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling upon written consent of the parent or guardian, or in-school suspension. The discipline may also include out-of-school suspension (short-term or long-term) and expulsion.

1. Emergency Exclusion.

A student may be excluded from school in the following circumstances:

- a) If the student has a dangerous communicable disease transmissible through normal school contacts and poses an imminent threat to the health or safety of the school community; or
- b) If the student's conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.

Any emergency exclusion shall be based upon a clear factual situation warranting it and shall last no longer than is necessary to avoid the dangers described above.

If the emergency exclusion will be for five school days or less, the procedures for a short-term suspension shall be followed. If the Superintendent or his or her designee determines that an emergency exclusion shall extend beyond five days, a hearing is to be held and a final determination made within ten school days after the initial date of exclusion. Such procedures shall substantially comply with the procedures set forth in this policy for a long-term suspension or expulsion and be modified only to the extent necessary to accomplish the hearing and determination within this shorter time period.

2. Short-Term Suspension:

Students may be excluded by the Principal or the Principal's designee from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

- a) Conduct that constitutes grounds for expulsion, whether the conduct occurs on or off school grounds; or
- b) Other violations of rules and standards of behavior adopted by the Board of Education or the administrative or teaching staff of the school, which occur on or off school grounds, if such conduct interferes with school purposes or there is a nexus between such conduct and school.

The following process will apply to short-term suspensions:

- a) The Principal or the Principal's designee will make a reasonable investigation of the facts and circumstances. A short-term suspension will be made upon a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
- b) Prior to commencement of the short-term suspension, the student will be given oral or written notice of the charges against the student. The student will be advised of what the student is accused of having done, an explanation of the evidence the authorities have, and be afforded an opportunity to explain the student's version of the facts.
- c) Within 24 hours or such additional time as is reasonably necessary following the suspension, the Principal or administrator will send a written statement to the student and the student's parent or guardian describing the student's conduct, misconduct or violation of the rule or standard and the reasons for the action taken.
- d) An opportunity will be given to the student, and the student's parent or guardian, to have a conference with the Principal or administrator ordering the short-term suspension before or at the time the student returns to school. The Principal or administrator shall determine who in addition to the parent or guardian is to attend the conference.
- e) A student who on a short-term suspension shall not be permitted to be on school grounds without the express permission of the Principal.

3. Long-Term Suspension:

A long-term suspension means an exclusion from school and any school functions for a period of more than five school days but less than twenty school days. A student who on a long-term suspension shall not be permitted to be on school grounds without the express permission of the Principal. A notice will be given to the student and the parents/guardian when the Principal recommends a long-term suspension. The notice will include a description of the procedures for long-term suspension; the procedures will be those set forth in the Student Discipline Act.

4. Expulsion:

- a) **Meaning of Expulsion.** Expulsion means exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred **(a)** within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, **or (b)** within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, **or (c)** unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period.
- b) A student who has been expelled shall not be permitted to be on school grounds without the express permission of the Principal. A notice will be given to the student and the parents/guardian when the Principal recommends an expulsion. The notice will include a description of the procedures for expulsion; the procedures will be those set forth in the Student Discipline Act.
 - i. **Suspensions Pending Hearing.** When a notice of intent to discipline a student by long-term suspension, expulsion, or mandatory reassignment is filed with the superintendent, the student may be suspended by the principal until the date the long-term suspension, expulsion, or mandatory reassignment takes effect if no hearing is requested or, if a hearing is requested, the date the hearing examiner makes the report of his or her findings and a recommendation of the action to be taken to the superintendent, if the principal determines that the student must be suspended immediately to prevent or substantially reduce the risk of **(a)** interference with an educational function or school purpose **or (b)** a personal injury to the student himself or herself, other students, school employees, or school volunteers.
 - ii. **Summer Review.** Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year in accordance with law. Alternative Education- Students who are expelled may be provided an alternative education program that will enable the student to continue academic work for credit toward graduation. In the event an alternative education program is not provided, a conference will be held with the parent, student, the principal or another student representative assigned by the principal, and a representative of the community organization that assists young people or that is involved with juvenile justice to develop a plan for the student in accordance with the law.
 - iii. **Alternative Education.** Students who are expelled may be provided an alternative education program that will enable the student to continue academic work for credit toward graduation. In the event an alternative education program is not provided, a conference will be held with the parent, student, the Principal or another school representative assigned by the Principal, and a representative of a community organization that assists young people or that is involved with juvenile justice to develop a plan for the student in accordance with law.
 - iv. **Suspension of Enforcement of an Expulsion:** Enforcement of an expulsion action may be suspended (i.e., “stayed”) for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect. As a condition of such suspended action, the student and parents will be required to sign a discipline agreement.
 - v. **Students Subject to Juvenile or Court Probation.** Prior to the readmission to school of any student who is less than nineteen years of age and who is subject to the supervision of a juvenile probation officer or an adult probation officer pursuant to the order of the District Court, County Court, or Juvenile Court, who chooses to meet conditions of probation by attending school, and who has previously been expelled from school, the Principal or the Principal’s designee shall meet with the student’s probation officer and assist in developing conditions of probation that will provide specific guidelines for behavior and consequences for misbehavior at school (including conduct on school grounds and conduct during an educational function or event off school grounds) as well as educational objectives that must be achieved. If the guidelines, consequences, and objectives provided by the Principal or the Principal’s designee are agreed to by the probation officer and the student, and the court permits the student to return to school under the agreed to conditions, the student may be permitted to return to school. The student may with proper consent, upon such return, be evaluated by the school for possible disabilities and may be referred for evaluation for possible

placement in a special education program. The student may be expelled or otherwise disciplined for subsequent conduct as provided in Board policy and state statute.

5. Other Forms of Student Discipline:

Administrative and teaching personnel may also take actions regarding student behavior, other than removal of students from school, which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but are not limited to, counseling of students, parent conferences, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. The actions may also include in-school suspensions. When in-school suspensions, after-school assignments, or other disciplinary measures are assigned, the student is responsible for complying with such disciplinary measures. Failure to serve such assigned discipline as directed will serve as grounds for further discipline, up to expulsion from school.

B. Student Conduct Expectations. Students are not to engage in conduct which causes, or which creates a reasonable likelihood that it will cause a substantial disruption in or material interference with any school function, activity or purpose or interfere with the health, safety, well-being or rights of other students, staff or visitors.

C. Grounds for Short-Term Suspension, Long-Term Suspension, Expulsion or Mandatory Reassignment. The following conduct has been determined by the Board of Education to have the potential to seriously affect the health, safety or welfare of students, staff and other persons or to otherwise seriously interfere with the educational process. Such conduct constitutes grounds for long-term suspension, expulsion, or mandatory reassignment, and any other lesser forms of discipline. The conduct is subject to the consequence of long-term suspension, expulsion, or mandatory reassignment where it occurs on school grounds, in a vehicle owned, leased, or contracted by the school and being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or an employee's designee, or at a school-sponsored activity or athletic event.

1. Willfully disobeying any reasonable written or oral request of a school staff member, or the voicing of disrespect to those in authority.
2. Use of violence, force, coercion, threat, intimidation, harassment, or similar conduct in a manner that constitutes a substantial interference with school purposes or making any communication that reasonable recipient would interpret as a serious expression of an intent to harm or cause injury to another.
3. Willfully causing or attempting to cause substantial damage to property, stealing or attempting to steal property of substantial value, repeated damage or theft involving property, or setting or attempting to set a fire of any magnitude.
4. Causing or attempting to cause personal injury to any person, including any school employee, school volunteer, or student. Personal injury caused by accident, self-defense, or other action undertaken on the reasonable belief that it was necessary to protect some other person shall not constitute a violation of this subdivision.
5. Threatening or intimidating any student for the purpose of or with the intent of obtaining money or anything of value from such student or making a threat which causes or may be expected to cause a disruption to school operations.
6. Knowingly possessing, handling, or transmitting any object or material that is ordinarily or generally considered a weapon or that has the appearance of a weapon or bringing or possessing any explosive device, including fireworks.
7. Engaging in selling, using, possessing or dispensing of alcohol, tobacco, narcotics, drugs, controlled substance, or an inhalant; being under the influence of any of the above; possession of drug paraphernalia, or the selling, using, possessing, or dispensing of an imitation controlled substance as defined in section 28-401 of the Nebraska statutes, or material represented to be alcohol, narcotics, drugs, a controlled substance or inhalant. Tobacco means any tobacco product (including but not limited to cigarettes, cigars, and chewing tobacco), vapor products, (such as e-cigarettes), alternative nicotine products, tobacco product lookalikes and products intended to replicate tobacco products either by appearance or effect. Use of a controlled substance in the manner prescribed for the student by the student's physician is not a violation. The term "under the influence" has a less strict meaning than it does under criminal law; for school purposes, the term means any level of impairment and includes even the odor of alcohol or illegal substances on the breath or person of a student; also, it includes being impaired by reason of the abuse of any material used as a stimulant.
8. Public indecency or sexual conduct.
9. Engaging in bullying, which includes any ongoing pattern of physical, verbal, or electronic abuse on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or a school employee's designee, or at school-sponsored activities or school-sponsored athletic events.
10. Sexually assaulting or attempting to sexually assault any person. This conduct may result in an expulsion regardless of the time or location of the offense if a complaint alleging such conduct is filed in a court of competent jurisdiction.
11. Engaging in any activity forbidden by law which constitutes a danger to other students or interferes with school purposes. This conduct may result in an expulsion regardless of the time or location of the offense if the conduct creates or had the potential to create a substantial interference with school purposes, such as the use of the telephone

- or internet off-school grounds to threaten.
12. A repeated violation of any rules established by the school district or school officials if such violations constitute a substantial interference with school purposes.
 13. Truancy or failure to attend assigned classes or assigned activities; or tardiness to school, assigned classes or assigned activities.
 14. The use of language, written or oral, or conduct, including gestures, which is profane or abusive to students or staff members. Profane or abusive language or conduct includes, but is not limited to, that which is commonly understood and intended to be derogatory toward a group or individual based upon race, gender, disability, national origin, or religion.
 15. Dressing or grooming in a manner which is dangerous to the student's health and safety or a danger to the health and safety of others or repeated violations of the student dress and grooming standards; dressing, grooming, or engaging in speech that is lewd or indecent, vulgar or plainly offensive; dressing, grooming, or engaging in speech that school officials reasonably conclude will materially and substantially disrupt the work and discipline of the school; dressing, grooming, or engaging in speech that a reasonable observer would interpret as advocating illegal drug use.
 16. Willfully violating behavioral expectations for riding school buses or vehicles.
 17. A student who engages in the following conduct shall be expelled for the remainder of the school year in which it took effect if the misconduct occurs during the first semester, and if the expulsion for such conduct takes place during the second semester, the expulsion shall remain in effect for the first semester of the following school year, with the condition that such action may be modified or terminated by the school district during the expulsion period on such terms as the administration may establish
 - a. The knowing and intentional use of force in causing or attempting to cause personal injury to a school employee, school volunteer, or student, except if caused by accident, self-defense, or on the reasonable belief that the force used was necessary to protect some other person and the extent of force used was reasonably believed to be necessary, or
 - b. The knowing and intentional possession, use, or transmission of a dangerous weapon other than a firearm.
 18. Knowingly and intentionally possessing, using, or transmitting a firearm on school grounds, in a school-owned or utilized vehicle, or during an educational function or event off school grounds, or at a school-sponsored activity or athletic event. This conduct shall result in an expulsion for one calendar year. "Firearm" means a firearm as defined in 18 U.S.C. 921, as that statute existed on January 1, 1995. That statute includes the following statement: "The term 'firearm' means (a) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (b) the frame or receiver of any such weapon; (c) any firearm muffler or firearm silencer; or (d) any destructive device." The Superintendent may modify the one-year expulsion requirement on a case-by-case basis, provided that such modification is in writing. Bringing a firearm or other dangerous weapon to school for any reason is discouraged; however, a student will not be subject to disciplinary action if the item is brought or possessed under the following conditions: (a). Prior written permission to bring the firearm or other dangerous weapon to school is obtained from the student's teacher, building administrator and parent. (b). The purpose of having the firearm or other dangerous weapon in school is for a legitimate educational function. (c). A plan for its transportation into and from the school, its storage while in the school building and how it will be displayed must be developed with the prior written approval by the teacher and building administrator. Such plan shall require that such item will be in the possession of an adult staff member at all times except for such limited time as is necessary to fulfill the educational function. (d). The firearm or other dangerous weapon shall be in an inoperable condition while it is on school grounds

Bringing a firearm or other dangerous weapon to school for any reason is discouraged; however, a student will not be subject to disciplinary action if the item is brought or possessed under the following conditions:

- a. Prior written permission to bring the firearm or other dangerous weapon to school is obtained from the student's teacher, building administrator and parent.
- b. The purpose of having the firearm or other dangerous weapon in school is for a legitimate educational function.
- c. A plan for its transportation into and from the school, its storage while in the school building and how it will be displayed must be developed with the prior written approval by the teacher and building administrator. Such plan shall require that such item will be in the possession of an adult staff member at all times except for such limited time as is necessary to fulfill the educational function.
- d. The firearm or other dangerous weapon shall be in an inoperable condition while it is on school grounds.

D. Additional Student Conduct Expectations and Grounds for Discipline. The following additional student conduct expectations are established. Failure to comply with such rules is grounds for disciplinary action. When such conduct occurs on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or by his or her designee, or at a school-sponsored activity or athletic event, the conduct is grounds for long-term suspension, expulsion or mandatory reassignment.

1. **Student Appearance:** Students are expected to dress in a way that is appropriate for the school setting. Students should not dress in a manner that is dangerous to the health and safety of anyone or interferes with the learning environment or teaching process in our school. Following is a list of examples of attire that will not be considered

appropriate, such list is not exclusive and other forms of attire deemed inappropriate by the administration may be deemed inappropriate for the school setting:

- a. Clothing that shows an inappropriate amount of bare skin or underwear (midriffs, spaghetti strRC, sagging pants, etc.) or clothing that is too tight, revealing or baggy, or tops and bottoms that do not overlap or any material that is sheer or lightweight enough to be seen through, or otherwise of an appropriate size and fit so as to be revealing or drag on the ground.
- b. Shorts, skirts, or skorts that do not reach mid-thigh or longer.
- c. Clothing or jewelry that advertises or promotes beer, alcohol, tobacco, or illegal drugs.
- d. Clothing or jewelry that could be used as a weapon (chains, spiked apparel) or that would encourage “horse-play” or that would damage property (e.g. cleats).
- e. Head wear including hats, cRC, bandannas, costume ears, scarves, etc.
- f. Clothing or jewelry which exhibits nudity, makes sexual references, contains inappropriate double meanings, or carries lewd, indecent, or vulgar meanings, messages, or images.
- g. Clothing and accessories must not promote racial, violent, or socially offensive images, symbols, or language
- h. Clothing or accessories that are intended to make the student look like an animal. Clothing with an animal print or design will be allowed.
- h. Clothing or jewelry that is gang related.
- i. Students must wear shoes.
- j. Visible body piercing, body art, or body alterations that are disruptive to the learning environment, or pose a safety issue.

Consideration will be made for students who wear special clothing as required by religious beliefs, disability, or to convey a particularized message protected by law. The final decision regarding attire and grooming will be made by the Principal or Superintendent. In the event a student is uncertain as to whether a particular item or method of grooming is consistent with the school’s guidelines, the student should contact the Principal for approval, and may also review such additional posting of prohibited items or grooming which may be available in the Principal’s office.

Coaches, sponsors or teachers may have additional requirements for students who are in special lab classes, students who are participants in performing groups or students who are representing the school as part of an extracurricular activity program.

On the first offense of the dress code the student will be asked to change the offensive clothing or turn it inside out. If this is not possible, they will be asked to call home for new clothing. If clothes cannot be brought to school, the student will be assigned to in-school suspension for the remainder of the day. Students will not be allowed to leave campus to change clothes. Continual violations of the dress code will result in more stringent disciplinary actions, up to expulsion. Further, in the event the dress code violation is determined to also violate other student conduct rules (e.g., public indecency, insubordination, expression of profanity, and the like), a first offense of the dress code may result in more stringent discipline, up to expulsion.

2. Academic Integrity.

- a. **Policy Statement:** Students are expected to abide by the standards of academic integrity established by their teachers and school administration. Standards of academic integrity are established in order for students to learn as much as possible from instruction, for students to be given grades which accurately reflect the student’s level of learning and progress, to provide a level playing field for all students, and to develop appropriate values.

Cheating and plagiarism violate the standards of academic integrity. Sanctions will be imposed against students who engage in such conduct.

- b. **Definitions:** The following definitions provide a guide to the standards of academic integrity:
 - (1) **“Cheating”** means intentionally misrepresenting the source, nature, or other conditions of academic work so as to accrue undeserved credit, or to cooperate with someone else in such misrepresentation. Such misrepresentations may, but need not necessarily, involve the work of others. Cheating includes, but is not limited to:
 - (a) **Tests** (includes tests, quizzes and other examinations or academic performances):
 - (i) **Advance Information.** Obtaining, reviewing or sharing copies of tests or information about a test before these are distributed for student use by the instructor. For example, a student engages in cheating if, after having taken a test, the student informs other students in a later section of the questions that appear on the test.
 - (ii) **Use of Unauthorized Materials.** Using notes, textbooks, pre-programmed formulae in calculators, or other unauthorized material, devices or information while taking a test except as expressly permitted. For example, except for “open book” tests, a student engages in cheating if the student

- looks at personal notes or the textbook during the test.
- (iii) Use of Other Student Answers. Copying or looking at another student's answers or work, or sharing answers or work with another student, when taking a test, except as expressly permitted. For example, a student engages in cheating if the student looks at another student's paper during a test. A student also engages in cheating if the student tells another student answers during a test or while exiting the testing room, or knowingly allows another student to look at the student's answers on the test paper.
 - (iv) Use of Other Student to Take Test. Having another person take one's place for a test, or taking a test for another student, without the specific knowledge and permission of the instructor.
 - (v) Misrepresenting Need to Delay Test. Presenting false or incomplete information in order to postpone or avoid the taking of a test. For example, a student engages in cheating if the student misses class on the day of a test, claiming to be sick, when the student's real reason for missing class was because the student was not prepared for the test.
- (b) Papers (includes papers, essays, lab projects, and other similar academic work):
- (i) Use of Another's Paper. Copying another student's paper, using a paper from an essay writing service, or allowing another student to copy a paper, without the specific knowledge and permission of the instructor.
 - (ii) Re-use of One's Own Papers. Using a substantial portion of a piece of work previously submitted for another course or program to meet the requirements of the present course or program without notifying the instructor to whom the work is presented.
 - (iii) Assistance from Others. Having another person assist with the paper to such an extent that the work does not truly reflect the student's work. For example, a student engages in cheating if the student has a draft essay reviewed by the student's parent or sibling, and the essay is substantially re-written by the student's parent or sibling. Assistance from home is encouraged, but the work must remain the student's.
 - (iv) Failure to Contribute to Group Projects. Accepting credit for a group project in which the student failed to contribute a fair share of the work.
 - (v) Misrepresenting Need to Delay Paper. Presenting false or incomplete information in order to postpone or avoid turning in a paper when due. For example, a student engages in cheating if the student misses class on the day a paper is due, claiming to be sick, when the student's real reason for missing class was because the student had not finished the paper.
- (c) Alteration of Assigned Grades. Any unauthorized alteration of assigned grades by a student in the teacher's grade book or the school records is a serious form of cheating.
- (2) "Plagiarism" means to take and present as one's own a material portion of the ideas or words of another or to present as one's own an idea or work derived from an existing source without full and proper credit to the source of the ideas, words, or works. Plagiarism includes, but is not limited to:
- (a) Failure to Credit Sources. Copying work (words, sentences, and paragraphs or illustrations or models) directly from the work of another without proper credit. Academic work frequently involves use of outside sources. To avoid plagiarism, the student must either place the work in quotations or give a citation to the outside source.
 - (b) Falsely Presenting Work as One's Own. Presenting work prepared by another in final or draft form as one's own without citing the source, such as the use of purchased research papers or use of another student's paper. Including the use of artificial intelligence.
- (3) "Contributing" to academic integrity violations means to participate in or assist another in cheating or plagiarism. It includes but is not limited to allowing another student to look at your test answers, to copy your papers or lab projects, and to fail to report a known act of cheating or plagiarism to the instructor or administration.
- c. Sanctions: The following sanctions will occur when a student engages in cheating, plagiarism, or contributing to an academic integrity offense:
- (1) Academic Sanction. The instructor will refuse to accept the student's work in which the academic integrity offense took place, assign a grade of "F" or zero for the work, and require the student to complete a test or project in place of the work within such time and under such conditions as the instructor may determine appropriate. In the event the student completes the replacement test or project at a level meeting minimum performance standards, the instructor will assign a grade which the instructor determines to be appropriate for the work.
 - (2) Report to Parents and Administration. The instructor will notify the Principal of the offense and the instructor or Principal will notify the student's parents or guardian.
 - (3) Student Discipline Sanctions. Academic integrity offenses are a violation of school rules. The Principal may recommend sanctions in addition to those assigned by the instructor, up to and including suspension or

expulsion. Such additional sanctions will be given strong consideration where a student has engaged in serious or repeated academic integrity offense or other rule violations, and where the academic sanction is otherwise not a sufficient remedy, such as for offenses involving altering assigned grades or contributing to academic integrity violations.

3. Electronic Devices

- a. Philosophy and Purpose. The District strongly discourages students from bringing and/or using electronic devices at school. The use of electronic devices can be disruptive to the educational process and are items that are frequently lost or stolen. In order to maintain a secure and orderly learning environment, and to promote respect and courtesy regarding the use of electronic devices, the District hereby establishes the following rules and regulations governing student use of electronic devices, and procedures to address student misuse of electronic devices.
- b. Definitions.
 - (1) “Electronic devices” include, but are not limited to, cell phones, Mp3 players, iPods, personal digital assistants (PDAs), compact disc players, portable game consoles, cameras, digital scanners, lap top computers, and other electronic or battery powered instruments which transmit voice, text, or data from one person to another.
 - (2) “Sexting” means generating, sending or receiving, encouraging others to send or receive, or showing others, through an electronic device, a text message, photograph, video or other medium that:
 - (i) Displays sexual content, including erotic nudity, any display of genitalia, unclothed female breasts, or unclothed buttocks, or any sexually explicit conduct as defined at Neb. Rev. Stat. § 28-1463.02; or
 - (ii) Sexually exploits a person, whether or not such person has given consent to creation or distribution of the message, photograph or video by permitting, allowing, encouraging, disseminating, distributing, or forcing such student or other person to engage in sexually explicit, obscene or pornographic photography, films, or depictions; or,
 - (iii) Displays a sexually explicit message for sexual gratification, flirtation or provocation, or to request or arrange a sexual encounter.
- c. Possession and Use of Electronic Devices.
 - (1) Students are not permitted to possess or use any electronic devices during class time or during passing time except as otherwise provided by this policy. Cell phone usage is strictly prohibited during any class period; including voice usage, digital imaging, or text messaging.
 - (2) Students are permitted to possess and use electronic devices before school hours, at lunch time, and after school hours, provided that the student not commit any abusive use of the device (see paragraph (d)(1). Administrators have the discretion to prohibit student possession or use of electronic devices on school grounds during these times in the event the administration determines such further restrictions are appropriate; an announcement will be given in the event of such a change in permitted use.
 - (3) Electronic devices may be used during class time when specifically approved by the teacher or a school administrator in conjunction with appropriate and authorized class or school activities or events (i.e., student use of a camera during a photography class; student use of a lap top computer for a class presentation).
 - (4) Students may use electronic devices during class time when authorized pursuant to an Individual Education Plan (IEP), a Section 504 Accommodation Plan, or a Health Care Plan, or pursuant to a plan developed with the student’s parent when the student has a compelling need to have the device (e.g., a student whose parent is in the hospital could be allowed limited use of the cell phone for family contacts, so the family can give the student updates on the parent’s condition).
- d. Violations
 - (1) Prohibited Use of Electronic Devices. Students shall not use electronic devices for: (a) activities which disrupt the educational environment; (b) illegal activities in violation of state or federal laws or regulations; (c) unethical activities, such as cheating on assignments or tests; (d) immoral or pornographic activities; (e) activities in violation of Board or school policies and procedures relating to student conduct and harassment; (f) recording others (photographs, videotaping, sound recording, etc.) or otherwise transmitting images and/or sounds of another person or persons without direct administrative approval and consent of the person(s) being recorded, other than recording of persons participating in school activities that are open to the public; (g) “sexting;” or (h) activities which invade the privacy of others. Such student misuses will be dealt with as serious school violations, and immediate and appropriate disciplinary action will be imposed, including, but not limited to, suspension and expulsion from school.
 - (2) Disposition of Confiscated Electronic Devices. Electronic devices possessed or used in violation of this policy may be confiscated by school personnel and returned to the student or parent/guardian at an appropriate time. If an electronic device is confiscated, the electronic device shall be taken to the school’s

main office to be identified, placed in a secure area, and returned to the student and/or the student's parent/guardian in a consistent and orderly way.

- (i) First Violation. Depending upon the nature of the violation and the imposition of other appropriate disciplinary action, consequences at a minimum may include a relinquishment of the electronic device to the school administration and a conference between the student and school principal or assistant principal. The electronic device shall remain in the possession of the school administration until such time as the student personally comes to the school's main office and retrieves the electronic device.
- (ii) Second Violation. Depending upon the nature of the violation and the imposition of other appropriate disciplinary action, consequences at a minimum may include a relinquishment of the electronic device to the school administration and a conference between the student and his/her parent/guardian and the school principal or assistant principal. The electronic device shall remain in the possession of the school administration until such time as the student's parent/guardian personally comes to the school's main office and retrieves the electronic device.
- (iii) Third Violation. Depending upon the nature of the violation and the imposition of other appropriate disciplinary action, consequences at a minimum may include a relinquishment of the electronic device to the school administration, a conference between the student and his/her parent/guardian and the school principal or assistant principal, and suspension of the student from school. The electronic device shall remain in the possession of the school administration until such time as the student's parent/guardian personally comes to the school's main office and retrieves the electronic device.

- (3) Penalties for Prohibited Use of Electronic Devices. Students who receive a "sexting" message are to report the matter to a school administrator and then delete such message from their electronic device. Students shall not participate in sexting or have any "sexting" message on their electronic devices regardless of when the message was received while on school grounds or at a school activity. Students who violate the prohibitions of this policy shall be subject to the imposition of appropriate disciplinary action, up to and including expulsion, provided that at a minimum the following penalties shall be imposed:

- (i) Students found in possession of a "sexting" message shall be subject to a one (1) day suspension from school.
- (ii) Students who send or encourage another to send a "sexting" message shall be subject to a five (5) day suspension from school.

- (4) Reporting to Law Enforcement. Violations of this policy regarding the prohibited use of electronic devices that may constitute a violation of federal or state laws and regulations, including, but not limited to, the Nebraska Child Protection Act or the Nebraska Child Pornography Prevention Act shall be reported to appropriate legal authorities and law enforcement.

- e. Responsibility for Electronic Devices. Students or their parents/guardians are expected to claim a confiscated electronic device within ten (10) days of the date it was relinquished. The school shall not be responsible, financially or otherwise, for any unclaimed electronic devices. By bringing such devices to school, students and parents authorize the school to dispose of unclaimed devices at the end of each semester. The District is not responsible for the security and safekeeping of students' electronic devices and is not financially responsible for any damage, destruction, or loss of electronic devices.

- B. Inappropriate Public Displays of Affection (IPDA): Students are not to engage in inappropriate public displays of affection on school property or at school activities. Such conduct includes kissing, touching, fondling or other displays of affection that would be reasonably considered to be embarrassing or a distraction to others. Students will face the following consequences for IPDA:

- 1. 1st Offense: Student will be confronted and directed to cease.
- 2. 2nd Offense: Student will be confronted, directed to cease, and parents will be notified.
- 3. 3rd Offense: Student will be suspended from school for a minimum of one day, and parents and student will need to meet with Administrator(s) and/or counselor.

If this type of behavior continues, or if the IPDA is lewd or constitutes sexual conduct, the student could face long-term suspension or expulsion.

- C. Specific Rule Items: The following conduct may result in disciplinary action which, in the repeated violations, may result in discipline up to expulsion:

- 1. Students are not given locker passes, restroom passes or telephone passes to leave a classroom or study hall unless special circumstances arise.
- 2. Students in the hallway during class time must have a pass with them.
- 3. Gum, candy, seeds, etc. are not allowed in the school building or classrooms. The pop machine is closed until after school and pop is to be drunk outside.
- 4. Students are expected to bring all books and necessary materials to class. This includes study halls.

5. Assignments for all classes are due as assigned by the teacher.
6. Students are not to operate the mini-blinds or the windows.
7. Classes are ended by the teacher. Students are not to begin to pack up or leave the class until the dismissal bell has rung or the teacher has dismissed the class.
8. Students are to be in their seats and ready for class on the tardy bell.
9. Special classes such as Industrial Technology, Art, P.E., and computer courses will have other safety or clean-up rules that will be explained to students by that teacher which must be followed.
10. Students are not to bring “nuisance items” to school. A nuisance item is something that is not required for educational purposes and which would cause a distraction to the student or others.
11. Students are to stand back from the entry steps and doors in the mornings before school and at noon before the bell so that others may pass in and out of the entry doors.
12. Snow handling is prohibited.

D. Law Violations

1. Any act of a student which is a basis for expulsion and which the principal or designee knows or suspects is a violation of the Nebraska Criminal Code will be reported to law enforcement as soon as possible. Conduct to be reported for law enforcement referral includes conduct that may constitute a felony, conduct which may constitute a threat to the safety or well-being of students or others in school programs and activities, and conduct that the legal system is better equipped to address than school officials. Conduct that does not need to be reported for law enforcement referral includes typical adolescent behavior that can be addressed by school administrators without the involvement of law enforcement. In making the decision of whether to report, consideration should be given to the student’s maturity, mental capacity, and behavioral disorders, where applicable. When appropriate, it shall be the responsibility of the referring administrator to contact the student’s parent of the fact that the referral to legal authorities has been or will be made.

The foregoing reporting standards shall be reviewed annually by the school board on or before August 1 of each year, be annually reviewed in collaboration with the County Attorney each year, be distributed to each student and his or her parent or guardian at the beginning of each school year, or at the time of enrollment if during the school year, and shall be posted in conspicuous places in each school during the school year.

2. When a principal or other school official releases a minor student to a peace officer (e.g., police officer, sheriff, and all other persons with similar authority to make arrests) for the purpose of removing the minor from the school premises, the principal or other school official shall take immediate steps to notify the parent, guardian, or responsible relative of the minor regarding the release of the minor to the officer and regarding the place to which the minor is reportedly being taken, except when a minor has been taken into custody as a victim of suspected child abuse, in which case the principal or other school official shall provide the peace officer with the address and telephone number of the minor’s parents or guardian.

Section 2 GENERAL STANDARDS OF BEHAVIOR

Harassment and Bullying Policy:

It is the policy of Raymond Central Public Schools that bullying type behavior is not to be permitted. **Bullying** will be defined as the intentional harmful behavior initiated by one or more students and directed toward another student. Bullying exists when a student with more social and/or physical power deliberately dominates and harasses another who has less power. Bullying is unjustified and typically repeated. Bullying can take the form of physical, verbal, emotional, sexual, or racial.

Cyberbullying is a form of indirect or social bullying that uses technological communications to humiliate, harass, embarrass, tease, intimidate, threaten, or slander one or more students. Cyber bullies use social media, instant messages, text messages, e-mail, chat rooms, cell phones, and personal websites or blogs. Cyber bullying is the act of being cruel to others by sending or posting harmful material or compromising photographs online or through a cell phone.

These guidelines are established to respond specifically to bullying behavior. Students and parents are advised that other response measures are also in place and set forth in Article 10 of this handbook for behavior which is discriminatory or harassing on unlawful grounds (e.g., sexual harassment, harassment of students with disabilities, race harassment, etc.).

- (i) **Step One:** The first time school personnel become aware of a possible harassment or bullying situation, the accused student will be informed that such a complaint has been filed. At that time a warning will be given regarding this kind of behavior. The consequences for this kind of behavior in the future will be clearly outlined for the student. If, in the school’s opinion, the first occurrence of harassment behavior is severe, the school may move immediately to any of the four steps in the harassment policy. In other words, the policy may or may not be used sequentially. Moreover, at any stage

the student may be disciplined under the student code by actions which may include expulsion, in the event the conduct is also a violation of other provisions of the student code.

- (ii) Step Two: The second time school personnel become aware of a harassment incident, the student's parents will be notified. A conference will be requested at that time. If it is determined that the student has harassed another student, consequences will be assigned. A student may stay on the second step as long as school authorities feel the consequences are effectively correcting the harassment behaviors. If it is determined that there is no basis for the harassment accusation, no consequences will be assigned. If the school determines that a student is intentionally making a false accusation against another student, an appropriate response will be made.
- (iii) Step Three: If the school authorities determine that the student continues to harass another student or the student fails to agree to not harass in the future, the school may assign the student to the Harassment Program level set forth below which the school authorities determine to be appropriate.
- (iv) Step Four: If a student fails to respond positively to the corrective measures of the Harassment Program, the student will be suspended from school for a minimum of five school days, up to expulsion. School authorities will determine the action necessary to insure a safe learning environment for all students.

Harassment and Bullying Program--Levels:

Purpose: All students have the right to attend Raymond Central Public Schools free from verbal and physical harassment and bullying. The purpose of the Harassment and Bullying Program is to protect students and staff from those who fail or refuse to comply with school guidelines regarding the treatment of others.

All forms of bullying will be treated in a way to protect the victim and to provide a safe and secure environment in which to learn. The bullying program has been created to separate bullies from victims. Although the bullying program is set up with this purpose, bullying situations are all unique so variances of this program will match the specific needs of the individual situation.

Level I: The guidelines for a Level I placement are listed below.

- a. The length of the assignment will be for a minimum of two weeks.
- b. The student will arrive at school no sooner than 8:10 a.m. and will immediately report to the office.
- c. The student will eat on campus at an assigned table.
- d. The student will report to an assigned room at the end of the day, and will remain until 3:45 p.m. or until the scheduled departure of the bus if the student rides the bus. This will allow all other students to leave the school grounds in safety.

Level II: The guidelines for this level are listed below.

- a. The length of the assignment will be for a minimum of two weeks.

- e. The student will remain in class at the end of each period. The student will be under direct teacher supervision during passing time. The teacher will dismiss the student at the end of the passing period. The student will then have three minutes to get to his/her next class.

Level III: This is a long term assignment. The guidelines are listed below.

- a. All items listed in Level II will be used, except the length of the assignment will be no less than six weeks, and may remain in effect until the end of the school year and continue into the next, if determined to be appropriate.
- b. The length of the assignment will be no less than six weeks, and may remain in effect until the end of the school year.

Dating Violence

Raymond Central Public Schools strives to provide safe and emotionally secure environments for all students and staff. Positive behaviors are encouraged in the educational program and are required of all students and staff. Dating violence will not be tolerated.

For purposes of this policy "dating violence" means a pattern of behaviour where one person uses threats of or actually uses, physical, sexual, verbal, or emotional abuse to control his or her dating partner. "Dating partner" means any person, regardless of gender, involved in an intimate relationship with another person primarily characterized by the expectation of affectionate involvement whether casual, serious or long term.

Incidents of dating violence involving students at school will be addressed as the administration determines appropriate, within the scope and subject to the limits of the District's authority.

Assault and Fighting

A student shall not intentionally cause or attempt to cause physical injury or intentionally behave in such a way as could reasonably cause physical injury to any person. Any student involved in fighting or promoting fighting shall be subject to disciplinary action. Assault or fighting will be defined as a verbal or physical altercation causing a disruption to the educational process. Fighting may constitute a crime and legal authorities may be notified. Students will be suspended for fighting and may be expelled for assault (except that the principal may waive the suspension if the principal at his/her discretion determines that a student was acting solely in self-defense).

Trespassing

Students are not to enter or remain on any school district property without proper authorization. Violators will be subject to disciplinary action, suspension, and/or expulsion and possible ticketing from law enforcement. Students on school property while on suspension and/or expulsion are subject to additional disciplinary action and arrest for criminal trespass.

Type of drug, intention to distribute, and other factors will determine severity of disciplinary action. **ANY DRUG OFFENSE COULD RESULT IN EXPULSION.** (for more details, see Article 7)

Theft

The school does not take responsibility for items stolen or lost at school. Do not bring valuables to school. Theft of school property or another student's property may result in suspension.

Bus/Van Transportation

Riding school transportation, including bus, van, or automobile will be considered an extension of the school day; therefore, all rules governing student conduct will apply to students riding school transportation. The driver is a school official and has the authority to control students. Students are expected to be respectful of the rules that are established by the drivers and to be courteous and cooperative passengers. Violation of transportation rules result in loss of the riding privileges and/or school consequences. Absolutely no eating or drinking on the bus unless previously approved by the driver. Repeated violation of school bus/van rules will lead to loss of bus privileges.

The following are rules for conduct regarding transportation services:

Student Conduct Rules on School Bus

Students are expected to discipline themselves and comply with the instructions of the bus operator. The bus driver will be in full charge of the bus and the passengers. Disturbances that might distract the driver can endanger the safety of the passengers; therefore, misconduct on buses will not be tolerated and can result in loss of riding privileges. Please call the school office with questions or concerns.

Riding the bus/van is a privilege not a right. The following are standard district-wide regulations to be enforced on all

vehicles.

1. Students should always be at the bus stop at least 5 minutes before the bus is scheduled to be there. Students should remain well back from the roadway (or pick-up point) while awaiting the arrival of the bus and not move to board the bus until it is stopped and the door opens.
2. Students will be picked up or dropped off at designated stops unless prior arrangements have been made with parents/guardians.
3. No extra rider without authorization or prior approval.
4. Students will enter and exit the bus in an orderly fashion and go directly to a seat.

7. Students should assist in keeping the bus clean and sanitary on the inside. Use trash cans in the front and back of the buses for trash.
8. Bus riders are expected to be courteous and obedient toward the bus driver and other school employees.
9. Throwing any object while on the vehicle is prohibited.
10. Smoking and/or the use of any tobacco product and possession of alcoholic beverages or drugs in a student transportation vehicle is prohibited at all times.
11. Students must be respectful of bus property and the property of other passengers.
12. Hitting, shoving, fighting, etc. are prohibited.
13. Students should not eat or drink on the bus/van. Individual drivers may waive this regulation for particular situations.
14. Students should adhere to the seating chart given by the driver.

Substitute Teacher

Substitute teachers are to be treated as guests in the school. In order for class to move on as close to normal as possible, students are expected to be on their best behavior. The regular classroom teacher and/or administrators may **double** consequences when negative behavior occurs with a substitute teacher.

Locker Room

Students may not enter locker rooms unless he/she has PE that period. If a student needs to get into the locker room, a staff member must escort him/her. Students are not to be in the locker room before or after school without supervision. Students are responsible for their own possessions. All items are to be locked in the lockers. Periodically, locker rooms will be cleared out and material left out on the floor will be discarded.

Section 3 REPORTING STUDENT LAW VIOLATIONS

Law Violations

1. Cases of law violations or suspected law violations by students will be reported to the police and to the student's parents or guardian as soon as possible.
2. When a principal or other school official releases a minor student to a peace officer (e.g., police officer, sheriff, and all other persons with similar authority to make arrests) for the purpose of removing the minor from the school premises, the principal or other school official shall take immediate steps to notify the parent, guardian, or responsible relative of the minor regarding the release of the minor to the officer and regarding the place to which the minor is reportedly being taken, except when a minor has been taken into custody as a victim of suspected child abuse, in which case the principal or other school official shall provide the peace officer with the address and telephone number of the minor's parents or guardian.
3. In an effort to demonstrate that student behavior is always subject to possible legal sanctions regardless of where the behavior occurs it is the District's policy to notify the proper legal authorities when a student engages in any of the following behaviors on school grounds or at a school sponsored event:
 - (a) Knowingly possessing illegal drugs or alcohol.
 - (b) Aggravated or felonious assault.
 - (c) Vandalism resulting in significant property damage.

Section 4 DUE PROCESS PROCEDURES

Procedures for Long-Term Suspension, Expulsion or Mandatory Reassignment: The following procedures shall be followed with regard to any long-term suspension, expulsion or mandatory reassignment.

1. The Principal shall prepare a written summary of the alleged violation and the evidence supporting the alleged violation with the Superintendent or his or her designee.
2. If the Principal determines that the student must be suspended immediately to prevent or substantially reduce the risk of (a) interference with an educational function or school purpose or (b) a personal injury to the student himself or herself, other students, school employees, or school volunteers, and a notice of intent to discipline the student by long-term suspension, expulsion, or mandatory reassignment is filed with the Superintendent or his or her designee, the student may be suspended by the Principal until the date the long-term suspension, expulsion, or mandatory reassignment takes effect if no hearing is requested or, if a hearing is requested, the date the hearing examiner makes the report of his or her findings and a recommendation of the action to be taken to the Superintendent.
3. The Principal or his or her designee shall serve by registered or certified mail or by personal service the student and the student's parents or guardian with a written notice within two school days of the date of the decision to recommend long-term suspension or expulsion.  - f. A form or a request for hearing to be signed by such parties and delivered to the Principal or his or her designee in person or by registered or certified mail.
4. Nothing in this policy shall preclude the student, student's parents, guardian or representative from discussing and settling the matter with appropriate school personnel prior to the hearing stage.
5. In the event that the Principal has not received a request for hearing within five school days following receipt of the written notice, the punishment recommended in the charge by the Principal, or his or her designee shall automatically go into effect.
6. If a hearing is requested more than five school days following the actual receipt of the written notice, but not more than thirty calendar days after actual receipt, the student shall be entitled to a hearing but the punishment imposed may continue in effect pending final determination.
7. If a request for hearing is not received within thirty calendar days following the mailing or delivery of the written notice, the student shall not be entitled to a hearing.
8. In the event that a hearing is required to be provided, the Superintendent shall appoint a hearing officer.

Hearing Procedure:

1. Hearing Officer. The hearing officer shall be any person designated by the Superintendent. The hearing officer shall be an individual who has had no involvement in the charge, will not be a witness at the hearing and who has not brought the charges against the student. It shall be the duty of the hearing officer to remain impartial throughout all deliberations. The hearing officer shall be available prior to any hearing held pursuant to this policy to answer any questions the administrative representative, the student, the student's parents, or guardian, may have regarding the nature and conduct of the hearing.
2. Administrative Representative. The Principal may appoint an administrative representative to present the facts and evidence. Such administrative representative may be an attorney or may be represented by an attorney, but any such attorney shall not advise the hearing officer or parties who may review the proceedings as their counsel.
3. Notice of Hearing. If a hearing is requested within five school days of receipt of the notice, the hearing officer shall, within two school days after being appointed, give written notice to the administrative representative, and the student, the student's parents or guardian of the time and place for the hearing. The hearing shall be scheduled within a period of five school days after it is requested. No hearing shall be held upon less than two school days' actual notice to the administrative representative, and the student, the student's parents, or guardian, except with the consent of all of the parties.

4. Continuance. Upon written request of the student or the student's parents or guardian, the hearing officer shall have the discretionary authority to continue from time to time the hearing. In addition, the hearing officer may continue the hearing upon any good cause.
5. Access to Records. The administrative representative, the student, the student's parent or guardian and the legal counsel of the student shall have the right to examine the records and affidavits and the statements of any witnesses in the possession of the Raymond Central Public Schools Board of Education at any reasonable time prior to the hearing.
6. Hearing Procedure. The hearing shall be attended by the hearing officer, the student, the student's parents, or guardian, the student's representative if any, and the administrative representative. Witnesses shall be present only when they are giving information at the hearing or with the consent of both parties. The student may be excluded at the discretion of the hearing officer at times when the student's psychological evaluation or emotional problems are being discussed. The student or the student's parents or guardian or both may be represented by legal counsel. The hearing examiner may exclude anyone from the hearing when his/her actions substantially disrupt an orderly hearing. The formal rules of evidence shall not apply at the hearing. The administrative representative shall present to the hearing officer statements, in affidavit form, of any person having information about the student's conduct and the student's records, but not unless such statements and records have been made available to the student, the student's parents, guardian or representative prior to the hearing. The information contained in such records shall be explained and interpreted prior to or at the hearing to the student, parents or guardian, or representative at their request, by appropriate school personnel. The student, the student's parents, guardian, or representative, the administrative representative or the hearing officer may ask witnesses to testify at the hearing. Such testimony shall be under oath and the hearing officer shall be authorized to administer the oath. The student, parent, guardian, or representative, administrative representative, or the hearing officer shall have the right to question any witness giving information at the hearing, the student may testify in his/her own defense in which case he/she shall be subject to cross-examination nor will any conclusion be drawn therefrom. Any person giving evidence by written statement or in person at a hearing shall be given the same immunity from liability as a person testifying in a court case. A single hearing may be conducted for more than one student if in the discretion of the hearing examiner a single hearing is not likely to result in confusion or prejudice to the interest of any of the students involved. If during the conduct of such a hearing, the hearing examiner concludes that any of such student's interests will be substantially prejudiced by a group hearing, or that confusion is resulting, the hearing examiner may order a separate hearing for each or any of said students.
7. Availability of Witnesses. The hearing officer will have the authority to subpoena any witnesses to the hearing and shall make reasonable efforts to assist in obtaining the attendance of any witnesses requested by the student, student's parents or guardian or their legal representative.
8. Record. The proceedings of the hearing shall be recorded at the expense of the school district.
9. Findings. Within a reasonable time after the conclusion of the hearing, the hearing officer shall prepare and submit to the Superintendent of schools his/her written findings and recommendation as to disposition. This report shall explain, in terms of the needs of both the student and the school board, the reasons for the particular action recommended. Such recommendation may range from no action, through the entire field of counseling, to long-term suspension, expulsion, or mandatory reassignment.
10. Review by Superintendent. The Superintendent of schools shall review the findings and recommendations of the hearing officer and in his/her discretion may also review any of the facts and evidence presented at the hearing and based upon such report and the facts shall determine the sanctions to be imposed. However, the Superintendent may not impose a more severe sanction than that imposed by the hearing officer.
11. Notice of Determination. Written notice of the findings and recommendations of the hearing officer and the determination of the Superintendent of schools shall be made by certified registered mail or by personal delivery to the student, the student's parents or guardian. Upon receipt of such written notice by the student and/or parents and guardian, the determination of the Superintendent shall take immediate effect.
12. Appeal to Board. The student, student's parents or guardian may, within seven school days following the receipt of the Superintendent's decision, submit to the Superintendent of schools a written request for a hearing before the Board of Education.
13. Review by Board of Education. Upon receipt of the request for review of the Superintendent's determination, the Board of Education or a committee of not less than three members shall, within ten school days, hold a hearing on the matter. Such hearing shall be made on the record except that the board may admit new or additional evidence to avoid substantial threat of unfairness. Such new evidence shall be recorded. The Board of Education or committee thereof may withdraw to deliberate privately upon the record and new evidence. Any such deliberation shall be held in the presence only of board members in attendance at the appeal proceeding, but may be held in the presence of legal counsel who has not previously acted as the administrative representative in presenting the school's case before the hearing officer. If any questions arise

during such deliberations which require additional evidence, the Board of Education or committee thereof may require the hearing to receive such evidence, subject to the right of all parties to be present. A record of any such new or additional evidence shall be made and shall be considered as a part of the record and based upon the evidence presented at the hearing before the hearing officer, and such new or additional evidence, the Board of Education or the committee shall make a final disposition of the matter. The board may alter the Superintendent's disposition of the case if it finds his/her decision to be too severe, but it may not impose a more severe sanction. A designated method of giving notice by the Board of Education or committee thereof, if required, for any Board review shall be by posting on the schoolhouse door.

14. Final Decision of Board of Education. The final decision of board shall be delivered to the student and parents or legal guardian of the student by personally delivering the same or by mailing the same by certified or registered mail.

Article 9 - Extra-Curricular Activities - Rights, Conduct, Rules and Regulations

Section 1 EXTRA-CURRICULAR PROGRAMS

Extra-curricular programs enrich the curriculum of the school by making available a wide variety of activities in which a student can participate. The Raymond Central Public Schools will adhere to the rules and regulations set forth in Title IX guidelines on sex discrimination as well as other pertinent rules and regulations.

Section 2 ACTIVITY PHILOSOPHY

Activities are considered an integral part of the school's program of education which provides experiences that will help boys and girls physically, mentally and emotionally. The element of competition and winning, though it exists, is controlled to the point it does not determine the nature or success of the program. This is considered to be educationally and psychologically sound because of the training it offers for living in a competitive society. Students are stimulated to want to win and excel, but the principles of good sportsmanship prevail at all times to enhance the educational values of contests. We believe that participation in activities, both as a player and as a student spectator, is an integral part of the students' educational experiences. Such participation is a privilege that carries with it responsibilities to the school, to the team, to the student body, to the community and to the students themselves. In their play and their conduct, students are representing all of these groups. Such experiences contribute to the knowledge, skill and emotional patterns that they possess, thereby making them better people and citizens.

Safety

The District's philosophy is also to maintain an activities program which recognizes the importance of the safety of the participants. To ensure safety, participants are required to become fully familiar with the dangers and safety measures established for the activity in which they participate, to adhere to all safety instructions for the activity in which they participate, and to exercise common-sense. In addition, the District requires that activity team members travel to and from out-of-town events as a unit. Any exceptions to this rule must be approved by both the parents and the coach/sponsor and should be done in writing prior to the departure to the event. Only those people involved with the activity will be allowed to travel in the school vehicle.

Concussions

In compliance with the Nebraska concussion law LB260, athletes presenting signs, or symptoms of a concussion will be (a) be removed from competition, and (b) may not return to participation until evaluated by an appropriate licensed health care professional, and (c) must provide written and signed clearance from both the parents and licensed health care professional in order to return to play. In compliance with the Nebraska concussion law LB782/AM2057, return to learn protocol will be utilized for students who have sustained a concussion and return to school.

Warning for Participants and Parents

The purpose of this warning is to bring your attention to the existence of potential dangers associated with athletic injuries. Participation in any intramural or athletic activity may involve injury of some type. The severity of such injury can range from minor cuts, bruises, sprains and muscle strains to more serious injuries to the body's bones, joints, ligaments, tendons, or muscles, to catastrophic injuries to the head, neck and spinal cord. On rare occasions, injuries can be so severe as to result in total disability, paralysis or death. Even with appropriate coaching, appropriate safety instruction, appropriate protective equipment and strict observance of the rules, injuries are still a possibility.

Section 3 CO-CURRICULAR CLUBS AND ACTIVITIES

The following are co-curricular activities available to Raymond Central students:

*Baseball (SH)	NFL (SH)
*Basketball-Girls/Boys (JH/SH)	NSH (SH)

Organizations may also be deleted from the co-curricular based upon there being sufficient interest among the students, having competent staff to sponsor the organization, the purpose and objectives of the organization blending with overall school philosophy, potential to negatively impact existing programs, and ability to comply with Title IX. Any organizations to be added to our offerings would need to be reviewed by the administration applying the same guidelines.

Section 4 ACADEMIC ELIGIBILITY

Participation in extracurricular school activities is encouraged and desirable for all students. At the same time, the primary mission and responsibility for each student is to establish a firm academic foundation. All students involved in activities will be held to a high standard academically in order to be able to participate in competitions/performances. In addition to the NSAA guidelines applied to all eligible NSAA activities, Raymond Central Public Schools has additional participation guidelines. Student grades will be obtained every Monday at noon and will be maintained on a weekly basis. Students with failing grades as described below will not be allowed to participate in performance/competitions but are required to continue to attend practices. These academic guidelines will apply to internal activities as well such as school dances.

- a) Any student with a failing grade in more than one class will be placed on academic probation. That probation will last for one full week. During that time, the student has the opportunity to improve their grades for one week. If the student still has failing grades in more than one class on the following Monday's grade report, that student is ineligible for the entire week, regardless of if grades are increased during the ineligible week.
- b) However, if a student is failing any single class for three consecutive grade reports, they will become ineligible.
- c) Students will be removed from the ineligible list once they have one F or fewer (as long as they haven't been failing for three consecutive weeks) on the Monday grade report.
- d) Resource students or Sec. 504 students who are not receiving a passing mark should only be placed on the ineligible list after consultation with the resource teacher and/or case manager. Referral must be made to the resource teacher.

The Activities Director and the Principal, with the coaching staff, shall reserve the right to withhold any student from participation in practices and competitions should the classroom work indicate at any time that they are not working up to their ability.

Section 5 GENERAL GUIDELINES

ATTENDANCE: Participants are expected to attend school regularly and show evidence of sincere effort towards scholastic achievement. Participants are expected to be on time for all scheduled practices, contests, and departure for contests. In the event a participant is unable to attend a practice or contest, they should contact their sponsor in advance.

A team member is not allowed to practice or compete on a day he/she is unable to be in school because of illness, or unexcused absence, unless participation is approved by the Athletic Director and/or Principal. Students are to be in school for the last half of the day prior to practice or competition unless they have prior permission for a doctor's appointments, etc. A parent may contact the Principal prior to 8:30 am for the student to be excused because of an unexpected and uncontrollable situation, which will keep the student out of school all, or part of the school day.

All athletes are to be in school at the start of the next school day following an athletic event in which they participated in unless they have administrative approval beforehand. Oversleeping will not be tolerated.

Students may not participate in a contest or a scheduled activity if they have been truant from school. All detention time assigned by the office because of truancy needs to be made up prior to a practice or an event.

PRACTICE AND INCLEMENT WEATHER: There will be no **mandatory** practice sessions held on days when school has been called off because of inclement weather. If a practice is held, the coach should encourage the student to call the parent for permission to stay/not stay for the practice.

ACTIVITY INSURANCE: It is required that all students who participate in athletics be covered by insurance. (Not all co-curricular activities require insurance.) When parent/guardian insurance covers the student adequately, that coverage is acceptable. (Check with your agent or check your policy to be certain your students are covered.) Any student wanting insurance may purchase coverage. The district deals with Mutual of Omaha and Student Insurance Services. Prices vary and policies are numerous. Information may be requested from the office.

ACTIVITY PASSES: Students may buy activity passes at the Principal's office. The cost is \$25.00 dollars and entitles that student to attend any activities sponsored by the school district. Students who are on free or reduced lunch may apply for a fee waiver and receive a free activity pass. Adult passes are available for \$45.00 and family passes for \$115.00. There will be a replacement charge of \$5.00 for lost or damage activity passes.

APPEARANCE: Participants will dress appropriately for the activity in which they are involved and will at all times maintain a neat, clean and, well-groomed appearance.

CITIZENSHIP: Participants are expected to model good citizenship at all times by conducting themselves in a manner that reflects positively upon themselves, the school, and the central community. (Behavior representative of a good citizen shall generally mean, the following definition: “One who gives special emphasis to common honesty, morality, obedience to law, respect for the Constitution of the United States, respect for the Constitution of the State of Nebraska, and respect for parent (s), school home and other lessons of a steadying influence which tend to promote and develop an upright and desirable citizenry.”)

CONDUCT: Participants shall refrain from engaging in activities that constitute a violation of the laws of the community, State or the United States. This shall include any and all unlawful activity other than a minor traffic offense (3 point violation or less). The Principal/Superintendent reserve the right to add or change anything in the student handbook in order to provide for the safety of students and staff.

PHYSICAL AND PARENT PERMISSION: Raymond Central students who wish to participate in any athletic activity (dance team and cheerleading are included) are required to obtain a physical before practicing or playing in that activity. Included on the physical form, is a place for a parent(s)/guardian signature granting permission for the student to participate in the activity. The parent signature is required. NOTE: Only one form per year per participant needs to be completed. Physicals must be dated after May 1 in order to be in compliance with state law before a student may participate in a school activity. This requirement also applies to the 7th grade required physicals. A copy of a current health insurance card covering the student must accompany the physical.

If an athlete is under medical advice not to participate he/she will not be allowed to do so regardless of feelings of the athlete’s parents or coaches. Upon returning to practice he/she must have written a doctor's report to that nature.

Each student must have a parental permit slip signed prior to competing in practice or competition.

ACCIDENT INSURANCE: The school does not carry coverage for injuries that are sustained as a normal course of an activity. Each athlete is encouraged to be covered by accident insurance. The school will make available a group policy at a nominal fee for all athletes. Those students who do not wish to participate with the school group must have a signed statement from their parents that they have other insurance.

TRAVEL TO AND FROM CONTESTS: Team members travel to and from out-of-town events as a unit. Any exceptions to this rule must be put in writing and must receive prior approval by the principal. Parents can still pick up their students after an event by personally notifying the sponsor.

School transportation by private cars is discouraged, but when used, strict insurance standards are adhered to and adult drivers are used. Students who go to an event/contest as spectators are allowed to participate in the pep band while at the contest/event.

All members of an activity group will return from a contest/event by the same transportation provided for taking them to the contest/event.

EXCEPTIONS:

A participant may continue on a trip with parents or remain at the site when they remain with their parents.

1. If returning to Raymond Central causes hardship upon the family, such as if the participant lives between the site of the event and Raymond Central.
2. If a participant must return home early because of another obligation or emergency situation then transportation must be with parents.

In any of the exceptions above, the participants may be released from transportation at the site, if a note from parents is provided to the sponsor/coach personally after the contest/event.

Should students be in violation of the above policy on transportation, they will be suspended for a period of one calendar week from all events/contests of the activity.

Should students be in violation of the above policy for the 2nd time during any activity season, they will be suspended from this activity for the duration of the activity season.

Bus guidelines apply to all activity trips.

CUT POLICY: Raymond Central Athletic Department has a no cut policy in all sports. No student will be cut or dropped from a team because of lack of ability.

EQUIPMENT/UNIFORMS: All co-curricular participants will be charged for equipment and uniforms which were checked out to them but not returned because they were lost, stolen, damaged, etc. This will be decided by the coach, athletic director and or principal.

REENTRY AT AN ACTIVITY (Includes Dances and Social Events): Students attending a school activity may not leave and re-enter the activity. School activity will include but not be limited to, athletic events, dances, concerts, etc. This includes school dances and all athletic events except when the athletic contest is being held in multiple sites on the same date. Length of dances will always be established well in advance. If early departure from a school activity occurs, the student is expected to leave school property immediately.

ACTIVITY CALENDAR: Schedules of co-curricular activities are posted throughout the building, on www.rcentral.org.

SPORTSMANSHIP, ETHICS AND INTEGRITY: The Raymond Central Board of Education recognizes the value of co-curricular activities in the educational process and the values that young people develop through the opportunity to participate in an organized activity outside of the traditional classroom.

Participants and responsible adults involved in Board approved co-curricular activities are expected to demonstrate the same level of responsibility and behavior at practice and competitions as in the classroom. The Board further encourages the development and promotion of sportsmanship, ethics and integrity in all phases of the educational process and in all segments of the community, including administrators, participants, adult supervisors, parents, fans, spirit groups, and support/booster groups.

STUDENT CONDUCT: The Nebraska School Activities Association has approved the following guidelines. Raymond Central High School is a member of the NSAA, and these guidelines will be implemented.

Students should:

The dress code is relaxed at school activities but the school administration retains the right to govern what is acceptable and unacceptable dress.

ACTIVITY PARTICIPATION IN REGARD TO ILLEGAL DRUGS, ALCOHOL AND TOBACCO: It is essential to a successful activity program that the participants condition themselves both physically and mentally year around. In order to help promote the most successful activity program possible at Raymond Central, and to develop and maintain better students, the following participation rules in regard to illegal drugs, alcohol, and tobacco use have been adopted. These rules apply to any student associated with any activity program. Activities which are after dismissal time (outside the normal classroom time) will be affected. OPTIONAL - DRUG AND ALCOHOL TESTING

1. Need for Random Testing.

The Board of Education is responsible for maintaining discipline, health and safety. The Board recognizes that student substance abuse presents a continuing challenge and a danger to the student population as a whole. The Board is committed to maintaining school sponsored activity programs in a safe, healthy and secure environment. The Board is further committed to being proactive in ensuring that students who participate in extracurricular activities represent the District in a positive manner.

2. Eligibility for Random Testing.

Students who participate in school sponsored competitive extracurricular activities at the high school (Grades 9-12) level are eligible for random testing. School sponsored competitive extracurricular activities are activities which are sponsored or approved by the Board, but are not offered for credit towards graduation, and which involve competition, comparison, or judging of the individuals or groups with other individuals or groups as part of selection or participation. School sponsored competitive extracurricular activities include, but are not limited to, athletic programs, cheerleading, dance team, band, Student Council, National Honor Society, academic teams, One-Act, choir, Quiz Bowl, FBLA, FFA, and Speech Team.

Any student participating in school sponsored competitive extracurricular activities during the school year must submit a completed Consent to Test Form on or before the first scheduled Fall contest date. The form must be signed by the student and the student's parent or guardian.

Failure to submit a completed Consent to Test Form will result in ineligibility for participation in school sponsored competitive extracurricular activities. If a student submits a form after the deadline, the student will be required to serve the equivalent of a 1st offense of a positive test. This will go into effect during the initial activity(s) that the student participates in and will NOT take the place of a 1st offense. If a student transfers into the district, that student will have ten (10) school days from his/her start date to submit the Consent to Test Form to the school.

If a student who submits his/her form after the deadline has a positive test result later in the year, that student will still serve a 1st offense consequence.

Students remain eligible for testing from the date the Consent to Test Form is turned in until a Drop Form is completed, or until the student graduates or is otherwise no longer enrolled in the District. A student for whom a Drop Form has been submitted shall be ineligible for participation in school sponsored competitive extracurricular activities for 12 months from the date the Drop Form is submitted. Students have a fourteen (14) calendar day grace period for reconsideration of a Drop Form.

Students' names will remain in the pool for the duration of the fourteen (14) calendar days.

Students who are not participants in a school sponsored competitive extracurricular activity may volunteer for participation in the testing program by submitting a completed Consent to Test Form.

3. Testing Procedure.

a. Random Testing.

A confidential testing schedule will be created by the Superintendent or designee to ensure that the testing of eligible students is conducted in a manner that is random. To maintain confidentiality and to maintain the integrity of the randomness of this program, the students eligible for testing will be identified by a unique personal identifier that does not make the student known to persons other than the school officials who are directly involved in the testing program.

No less than twenty percent (20%) of the pool of eligible students will be tested each school year. The Superintendent shall have the authority to determine the percentage to test, subject to the minimum 20% level, dependent on the nature and extent of the prevailing problem with drug usage in the school community from time to time. Testing will take place throughout the school year.

b. Collection.

The testing collection process will be conducted in a manner that protects student privacy, will also guard against tampered specimens and ensuring an accurate chain of custody of the specimen. To the extent the testing involves the collection of urine, an adult monitor is to wait outside a closed restroom stall and listen for the normal sounds of urination.

The specific testing procedures and mechanism are to be created by the Superintendent or designee. It is intended that the procedures be modeled on those applicable to the testing of CDL employees, which include the testing of specimens for alcohol and unlawful substances. The tests are to be designed to detect only the use of illegal drugs, including but not limited to amphetamines, marijuana, cocaine, steroids, opiates, and barbiturates, not medical conditions or the presence of authorized prescription medications.

4. Confidentiality.

All activities related to the testing policy will be carried out in accordance with the requirements of the Family Educational Rights and Privacy Act (FERPA), the Protection of Pupil Rights Amendment (PPRA), and any other applicable confidentiality laws.

Test results will be shared only with staff who have a legitimate educational interest in having access to the information, on a "need to know" basis. Test results will not be turned over to any law enforcement authority in the absence of a court order, subpoena, or other legal process requiring such.

Test results will be kept in confidential files separate from the students' other records. The test results will be destroyed when no longer needed for individual student situations or for the overall testing program.

5. Consequences for Positive Tests.

Any of the following shall be considered to be a positive test result:

- A confirmed positive alcohol or drug test;
- Refusal to participate in testing when selected, including the submission of a Drop Form upon being requested to be tested; and/or
- Tampering with the specimen collection process.
- The following shall result from a positive test result:
- The student's parents or guardians will be contacted and a meeting will be held to discuss the positive test result, with the object of collaborating on a plan to assist the student in avoiding future substance abuse.
- The student's privilege of participating in extracurricular activities will be restricted as follows:
 - For a first positive test, the student is ineligible to participate in any extracurricular activities for thirty (30) school days pending the submission of a negative drug test.
 - For a second and subsequent positive test, the student is ineligible to participate in any extracurricular activity for one (1) calendar year. To return to participation, the student must complete substance abuse counseling as and to the extent determined appropriate by a qualified professional, and in any event for no less than four (4) hours, and must submit to five (5) follow up drug tests during the next twelve (12) month period.

The parents or guardians are responsible for the costs of the rehabilitation program, which includes the substance abuse counseling and follow-up testing described above.

Positive results will not lead to the imposition of any academic consequence or disciplinary action, other than the above described limitations on the privilege to participate in extracurricular activities.

6. Appeal Procedures.

In the event a student or the student's parents or guardians wish to challenge a positive test result on a basis other than the veracity of the test result, an appeal may be made in accordance with the policy on extracurricular activity discipline.

Educational programs and activities include all academic, educational, extracurricular, athletic, and other programs of the school, whether those programs take place in a school's facilities, on a school bus, at a class or training program sponsored by the school at another location, or elsewhere.

Discriminatory harassment because of a person's sex, disability, race (including skin color, hair texture and protective hairstyles), color, religion, veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, sexual orientation or gender identity, or other protected status, may include, but is not limited to:

If the District knows or reasonably should know about possible harassment, including violence, the District will conduct a prompt, adequate, reliable, thorough, and impartial investigation to determine whether unlawful harassment occurred (see section entitled "Grievance Procedures," below), and take appropriate interim measures, if necessary. If the District determines that unlawful harassment occurred, the District will take prompt and effective action to eliminate the harassment, prevent its recurrence, and remedy its effects, if appropriate. If harassment or violence that occurs off school property creates a hostile environment at school, the District will follow this policy and grievance procedure, within the scope of its authority.

All District employees are expected to take prompt and appropriate actions to report and prevent discrimination, harassment, and retaliation by others. Employees who witness or become aware of possible discrimination, including harassment and retaliation, must immediately report the conduct to his or her supervisor or the compliance coordinator designated to handle complaints of discrimination (designated compliance coordinator).

2. **Anti-retaliation:** The District prohibits retaliation, intimidation, threats, coercion, or discrimination against any person for opposing discrimination, including harassment, or for participating in the District's discrimination complaint process or making a complaint, testifying, assisting, or participating in any manner, in an investigation, proceeding, or hearing. Retaliation is a form of discrimination.

The District will take immediate steps to stop retaliation and prevent its recurrence against the alleged victim and any person associated with the alleged victim. These steps will include, but are not limited to, notifying students, employees, and others, that they are protected from retaliation, ensuring that they know how to report future complaints, and initiating follow-up contact with the complainant to determine if any additional acts of discrimination,

harassment, or retaliation have occurred. If retaliation occurs, the District will take prompt and strong responsive action, including possible discipline, including expulsion or termination, if applicable.

3. **Grievance (or Complaint) Procedures:** Employees or students should initially report all instances of discrimination, harassment or retaliation to their immediate supervisor or teacher or to the compliance coordinator designated to handle complaints of discrimination (designated coordinator). If the employee or student is uncomfortable in presenting the problem to the supervisor or teacher, or if the supervisor or teacher is the problem, the employee or student may report the alleged discrimination, harassment or retaliation (“discrimination”) to the designated coordinator, or in the case of students, to another staff person (such as a counselor or principal).

Other individuals may report alleged discrimination to the designated coordinator. If the designated coordinator is the person alleged to have committed the discriminatory act, then the complaint should be submitted to the Superintendent for assignment. A discrimination complaint form is attached to this grievance procedure and is available in the office of each District building, on the District's website, and from the designated coordinators.

Under no circumstances will a person filing a complaint or grievance involving discrimination be retaliated against for filing the complaint or grievance.

i. Level 1 (Investigation and Findings):

Once the District receives a grievance, complaint or report alleging discrimination, harassment, or retaliation, or becomes aware of possible discriminatory conduct, the District will conduct a prompt, adequate, reliable, thorough, and impartial investigation to determine whether unlawful harassment occurred. If necessary, the District will take immediate, interim action or measures to protect the alleged victim and prevent further potential discrimination, harassment, or retaliation during the pending investigation. The alleged victim will be notified of his or her options to avoid contact with the alleged harasser, such as changing a class or prohibiting the alleged harasser from having any contact with the alleged victim pending the result of the District’s investigation. The District will minimize any burden on the alleged victim when taking interim measures to protect the alleged victim.

The District will promptly investigate all complaints of discrimination, even if an outside entity or law enforcement agency is investigating a complaint involving the same facts and allegations. The District will not wait for the conclusion or outcome of a criminal investigation or proceeding to begin an investigation required by this grievance procedure. If the allegation(s) involve possible criminal conduct, the District will notify the complainant of his or her right to file a criminal complaint, and District employees will not dissuade the complainant from filing a criminal complaint either during or after the District’s investigation.

The District will aim to complete its investigation within **ten (10) working days** after receiving a complaint or report, unless extenuating circumstances exist. Extenuating circumstances may include the unavailability of witnesses due to illness or incapacitation, or additional time needed because of the complexity of the investigation, the need for outside experts to evaluate the evidence (such as forensic evidence), or multiple complainants or victims. If extenuating circumstances exist, the extended timeframe to complete the investigation will **not exceed ten (10) additional working days without the consent of the complainant, unless the alleged victim agrees to a longer timeline.** Periodic status updates will be given to the parties, when appropriate.

The District’s investigation will include, but is not limited to:

- a. Providing the parties with the opportunity to present witnesses and provide evidence.
- b. An evaluation of all relevant information and documentation relating to the alleged discriminatory conduct.
- c. For allegations involving harassment, some of the factors the District will consider include: 1) the nature of the conduct and whether the conduct was unwelcome, 2) the surrounding circumstances, expectations, and relationships, 3) the degree to which the conduct affected one or more students' education, 4) the type, frequency, and duration of the conduct, 5) the identity of and relationship between the alleged harasser and the suspect or suspects of the harassment, 6) the number of individuals involved, 7) the age (and sex, if applicable) of the alleged harasser and the alleged victim(s) of the harassment, 8) the location of the incidents and the context in which they occurred, 9) the totality of the circumstances, and 10) other relevant evidence.
- d. A review of the evidence using a “preponderance of the evidence” standard (based on the evidence, is it more likely than not that discrimination, harassment, or retaliation occurred?)

The designated compliance coordinator (or designated investigator) will complete an investigative report, which will include:

- a. A summary of the facts,
- b. Findings regarding whether discrimination, harassment or other inappropriate conduct occurred, and
- c. If a finding is made that discrimination, harassment or other inappropriate conduct occurred, the recommended remedy or remedies necessary to eliminate discrimination, harassment or other inappropriate conduct.

If someone other than the designated compliance coordinator conducted the investigation, the compliance coordinator will review, approve, and sign the investigative report. The District will ensure that prompt, appropriate, and effective remedies are provided if a finding of discrimination, harassment, or retaliation is made. The District will maintain relevant documentation obtained during the investigation and documentation supportive of the findings and any subsequent determinations, including the investigative report, witness statements, interview summaries, and any transcripts or audio recordings, pertaining to the investigative and appeal proceedings.

The District will send concurrently to the parties written notification of the decision (findings and any remedy) regarding the complaint within **one (1) working day** after the investigation is completed. The Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. § 11232g; 34 C.F.R. Part 99, permits the District to disclose relevant information to a student who was discriminated against or harassed.

ii. Level 2 (Appeal to the Superintendent):

If a party is not satisfied with the findings or remedies (or both) set forth in the decision, he or she may file an appeal in writing with the Superintendent within **five (5) working days** after receiving the decision. The Superintendent will review the appeal and the investigative documentation and decision, conduct additional investigation, if necessary, and issue a written determination about the appeal **within ten (10) working days** after receiving the appeal. The party who filed the appeal will be sent the Superintendent's determination at the time it is issued, and a copy will be sent to the designated compliance coordinator. [If the Superintendent is the subject of the complaint, the party will file the appeal directly with the Board.]

iii. Level 3 (Appeal to the Board):

If the party is not satisfied with the Superintendent's determination, he or she may file an appeal in writing with the Board of Education **within five (5) working days** after receiving the Superintendent's determination. The Board of Education will review the appeal, the Superintendent's determination, the investigative documentation and decision, and allow the party to address the Board at a Board meeting to present his or her appeal. The party will be allowed to address the Board at the Board's next regularly scheduled Board meeting (unless the Board receives the appeal within one week of the next regularly scheduled Board meeting) or at a time and date agreed to by the Board, designated compliance officer and the party. The Board will issue a written determination about the appeal **within thirty (30) days** after the party addresses the Board. The party who filed the appeal will be sent the Board's determination at the time it is issued, and a copy will be sent to the designated compliance coordinator. The Board's determination, and any actions taken, will be final on behalf of the District.

4. **Confidentiality:** The identity of the complainant will be kept confidential to the extent permitted by state and federal law. The District will notify the complainant of the anti-retaliation provisions of applicable laws and that the District will take steps to prevent retaliation and will take prompt and strong responsive actions if retaliation occurs.

If a complainant requests confidentiality or asks that the complaint not be pursued, the District will take all reasonable steps to investigate and respond to the complaint consistent with the request for confidentiality or the request not to pursue an investigation, as long as doing so does not prevent the District from responding effectively to the harassment and preventing harassment of other students. If a complainant insists that his or her name or other identifiable information not be disclosed to the alleged perpetrator, the District will inform the complainant that its ability to respond may be limited. Even if the District cannot take disciplinary action against the alleged harasser, the District will pursue other steps to limit the effects of the alleged harassment and prevent its recurrence, if warranted,

5. **Training:** The District will ensure that relevant District employees, including but not limited to officials, administrators, teachers, substitute teachers, counselors, nurses and other health personnel, coaches, assistant coaches, paraprofessionals, aides, bus drivers, and school law enforcement officers, are adequately trained so they understand and know how to identify acts of discrimination, harassment, and retaliation, and how to report it to appropriate District officials or employees.
6. **Designated Compliance Coordinators** will be responsible for:
 - a. Coordinating efforts to comply with anti-discrimination, anti-harassment, and anti-retaliation laws and regulations.
 - b. Coordinating and implementing training for students and employees pertaining to anti-discrimination, anti-harassment and anti-retaliation laws and regulations, including the training areas listed above.
 - c. Investigating complaints of discrimination (unless the coordinator designates other trained individuals to investigate).

- d. Monitoring substantiated complaints or reports of discrimination, as needed (and with the assistance of other District employees, if necessary), to ensure discrimination or harassment does not recur, and that retaliation conduct does not occur or recur.
- e. Overseeing discrimination complaints, including identifying and addressing any patterns or systemic problems, and reporting such patterns or systemic problems to the Superintendent and the Board of Education.
- f. Communicating regularly with the District's law enforcement unit investigating cases and providing current information to them pertaining to anti-discrimination, anti-harassment, and anti-retaliation standards and compliance requirements.
- g. Reviewing all evidence in harassment or violence cases brought before the District's disciplinary committee or administrator to determine whether the complainants are entitled to a remedy under anti-discrimination laws and regulations that was not available in the disciplinary process.
- h. Ensuring that investigations address whether other students or employees may have been subjected to discrimination, including harassment and retaliation.
- i. Determining whether District employees with knowledge of allegations of discrimination, including harassment and retaliation, failed to carry out their duties in reporting the allegations to the designated compliance coordinator and responding to the allegations.
- j. Recommending changes to this policy and grievance procedure.
- k. Performing other duties as assigned.

The designated compliance coordinators will not have other job responsibilities that may create a conflict of interest with their coordinator responsibilities.

7. **Preventive Measures:** The District will publish and widely distribute on an ongoing basis a notice of nondiscrimination (notice) in electronic and printed formats, including prominently displaying the notice on the District's website and posting the notice at each building in the District. The District also will designate an employee to coordinate compliance with anti-discrimination laws (see Designated Compliance Coordinator section, above, for further information on compliance coordinator), and widely publish and disseminate this grievance procedure, including prominently posting it on the District's website, at each building in the District, reprinting it in District publications, such as handbooks, and sending it electronically to members of the school community. The District will provide training to employees and students at the beginning of each academic year in the areas (B.6.a-g) identified in the Training section, above.

The District also may distribute specific harassment and violence materials (such as sexual violence), including a summary of the District's anti-discrimination, anti-harassment, and anti-retaliation policy and grievance procedure, and a list of victim resources, during events such as school assemblies and back to school nights, if recent incidents or allegations warrant additional education to the school community.

Anti-discrimination

A. Elimination of Discrimination.

The policy of Raymond Central Public Schools is to not discriminate on the basis of sex, disability, race (including skin color, hair texture and protective hairstyles), color, religion, veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, sexual orientation or gender identity, or other protected status, in admission or access to, or treatment with regard to employment or with regard to its programs and activities.

Raymond Central Public Schools and its staff shall comply with all state and federal laws prohibiting discrimination. The Board of Raymond Central Public Schools intends to take any necessary measures to assure compliance with such laws against any prohibited form of discrimination and directs its staff to take all actions necessary to meet this objective.

The Superintendent shall be the coordinator for anti-discrimination laws (including Title VI, Title IX; the Americans with Disabilities Act of 1990 (ADA), and Section 504 of the Rehabilitation Act of 1973 (Section 504)) and complaints or concerns involving discrimination or compliance with those laws should be addressed to said Coordinator.

B. Preventing Harassment and Discrimination of Employees and Students.

1. **Purpose:** Raymond Central Public Schools is committed to offering employment and educational opportunities to its employees and students based on ability and performance in a climate free of discrimination. Accordingly, unlawful discrimination or harassment of any kind by administrators, teachers, co-workers or other persons is prohibited. In addition, Raymond Central Public Schools will try to protect employees or students from reported discrimination or harassment by non-employees or others in the workplace and educational environment.

For purposes of this policy, discrimination or harassment based on a person's sex, disability, race (including skin color, hair texture and protective hairstyles), color, religion, veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, sexual orientation or gender identity, or other protected status, is prohibited. The following are general definitions of what might constitute prohibited harassment.

- a. In general, ethnic or racial slurs or other verbal or physical conduct relating to a person's sex, disability, race (including skin color, hair texture and protective hairstyles), color, religion, veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, sexual orientation or gender identity, or other protected status, constitutes harassment when they unreasonably interfere with the person's work performance or create an intimidating work, instructional or educational environment.
- b. Age harassment has been defined by federal regulations as a form of age discrimination. It can consist of demeaning jokes, insults or intimidation based on a person's age.
- c. Sexual harassment has been defined by federal and state regulations as a form of sex discrimination. It can consist of unwelcome sexual advances, requests for sexual favors, or physical or verbal conduct of a sexual nature by supervisors or others in the work place, classroom or educational environment.

Sexual harassment may exist when:

- (a) Supervisors or managers make submission to such conduct either an explicit or implicit term and condition of employment (including hiring, compensation, promotion, or retention);
- (b) Submission to or rejection of such conduct is used by supervisors or managers as a basis for employment related decisions such as promotion, performance evaluation, pay adjustment, discipline, work assignment, etc.
- (c) The conduct has the purpose or effect of unreasonably interfering with an individual's work or educational performance or creating an intimidating, hostile, or offensive working, class room or educational environment.

Sexual harassment may include explicit sexual propositions, sexual innuendo, suggestive comments, sexually oriented "kidding" or "teasing", "practical jokes", jokes about gender-specific traits, foul or obscene language or gestures, displays of foul or obscene printed or visual material, and physical contact, such as patting, pinching or brushing against another's body.

2. Procedures:

- a. Employees or students should initially report all instances of discrimination or harassment to their immediate supervisor or teacher. However, if the employee or student is uncomfortable in presenting the problem to the supervisor or teacher, or if the supervisor or teacher is the problem, the employee or student is encouraged to go to the next level of supervision.
- b. If the report is not satisfactorily resolved within ten calendar days, or if the discrimination or harassment continues, please report your complaint to the Superintendent of Raymond Central Public Schools.
- c. If a satisfactory arrangement cannot be obtained through the Superintendent, the complaint may be processed to the Board of Education.
- d. The person to whom the complaint is made is to thoroughly investigate the complaint and work with the person filing the complaint to seek an appropriate resolution so the discrimination or harassment can be remedied and put to an end.
- e. Complaints of discrimination or harassment will be treated with the utmost confidence, consistent with resolution of the problem.
- f. Based on the results of the investigation, appropriate corrective action, up to and including discharge of offending employees, etc., may be taken.
- g. Under no circumstances will a supervisor or a teacher or the Board threaten or retaliate against a person for alleging discrimination or harassment.

If the District knows or reasonably should know about possible harassment, including violence, the District will conduct a prompt, adequate, reliable, thorough, and impartial investigation to determine whether unlawful harassment occurred (see section entitled “Grievance Procedures,” below), and take appropriate interim measures, if necessary. If the District determines that unlawful harassment occurred, the District will take prompt and effective action to eliminate the harassment, prevent its recurrence, and remedy its effects, if appropriate. If harassment or violence that occurs off school property creates a hostile environment at school, the District will follow this policy and grievance procedure, within the scope of its authority.

All District employees are expected to take prompt and appropriate actions to report and prevent discrimination, harassment, and retaliation by others. Employees who witness or become aware of possible discrimination, including harassment and retaliation, must immediately report the conduct to his or her supervisor or the compliance coordinator designated to handle complaints of discrimination (designated compliance coordinator).

A. Complaint Procedure - Generally

1. Reporting Procedures: All employees are responsible for helping to prevent sexual harassment. Employees or students who believe they have been subjected to, or believe they have witnessed sexual harassment should follow these procedures:
 - a) Directly inform the person engaging in discrimination or harassment that such conduct is offensive and must stop.
 - b) For employee reporters, contact your principal or supervisor, the principal or supervisor of the offending person, or the Title IX Coordinator if you do not wish to communicate directly with the person whose conduct is offensive or if direct communication with the offending person has been ineffective.
 - c) Report the matter to the Title IX Coordinator if the offending conduct continues or has not been resolved to your satisfaction after you have reported the matter to a principal or supervisor.
 - d) For student reporters, contact any teacher, counselor, or administrator, or the Title IX Coordinator.

Report to the Title IX Coordinator if you are the adult to whom the student has made a report so that the matter can be properly resolved. The Title IX Coordinator is:

2. District Actions upon Report of Sexual Harassment or Sexual Misconduct: Upon receipt of a report of sexual harassment, the Title IX Coordinator, or designee, including but not limited to a building principal or assistant principal, will conduct an initial inquiry. The first step of the inquiry will typically include a preliminary meeting between the individual whom the reporting party alleges has been subjected to sexual harassment or sexual misconduct and the Title IX Coordinator, or designee. The initial inquiry may also include a meeting between the Title IX Coordinator, or designee, and the individual whom the reporting party alleges has committed sexual harassment or sexual misconduct. The purpose of these meetings is to gain a basic understanding of the nature and circumstances of the report, it is not intended to be a full investigative interview. During the initial assessment, the reporting party may also receive information about resources, rights, procedural options, and supportive measures. The Title IX Coordinator, or designee, may inquire into whether the person who has is alleged to have been subject to sexual harassment or misconduct requests resources, no further action, supportive measures, and/or initiation of the “Formal Complaint” process. The Title IX Coordinator will make a reasonable effort to respect the wishes of the person who experienced sexual harassment or sexual misconduct; however, if the reported incident constitutes an imminent or ongoing threat to school safety, based on the assessment of the Title IX Coordinator, then the Title IX Coordinator may file a Formal Complaint, on behalf of the District, with or without the consent or permission of the person who has experienced sexual harassment or sexual misconduct.

With or without a Formal Complaint, allegations of sexual harassment or discrimination shall be investigated and if substantiated, corrective or disciplinary action will be taken, up to and including dismissal from employment, if the offender is an employee, or suspension and/or expulsion, if the offender is a student. Retaliatory action will not be taken against any person for reporting discrimination or harassment. This policy does not limit or prohibit the District

from instituting disciplinary measures pursuant to other Board Policy, rules, or other expectations if the District determines that a person violated District rules or expectations.

B. Formal Complaint Process

The following procedures apply only in the event that a Formal Complaint is filed. All other reports of sexual harassment shall be resolved using the general complaint procedure. Any timelines set forth in the following procedures may be extended by the Title IX Coordinator with notice to the parties.

1. Misconduct Which May Be Investigated Under a Formal Complaint: The Formal Complaint process is only available if the Formal Complaint alleges: (i) conduct which occurs on District grounds or property owned or controlled by the District; (ii) conduct which occurs in the context of District employment or an education program or District-sponsored activity within the United States, and (iii) conduct which occurs when the District has substantial control over both the Respondent and the context in which the sexual harassment or sexual misconduct occurs. The conduct must also fall within one of the following categories: (a) an employee of the District conditioning an aid, service, or benefit of the District on an individual's participation in unwelcome sexual contact; (b) unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a student equal access to the District's education program or activity; (c) sexual assault; (d) domestic violence; (e) dating violence; or (f) stalking.
2. Parties to a Formal Complaint: The only parties to a Formal Complaint are the Complainant, who is the person alleged to have been subject to misconduct, and the Respondent, the person who is alleged to have committed the misconduct.
3. Filing a Formal Complaint: A Formal Complaint may only be filed by a Complainant or the Title IX Coordinator. An employee or student Complainant may file a Formal Complaint in writing with the Title IX Coordinator in person or by mail, or by electronic mail. The Formal Complaint must be signed by the Complainant or by the Title IX Coordinator.
4. Immediate Actions Upon Receipt of Formal Complaint: Upon receipt of a Formal Complaint, the Title IX Coordinator will conduct an initial assessment of the allegations contained within the Formal Complaint to determine if the allegations in the Formal Complaint, if true, allege misconduct which may be investigated under the Formal Complaint process. If the allegations in the Formal Complaint do not allege misconduct which may be investigated under the Formal Complaint process, the Title IX Coordinator must dismiss the Formal Complaint and may proceed under other District policies or procedures. The Complainant will be provided notice in writing if the Formal Complaint is dismissed.

If the allegations in the Formal Complaint alleged misconduct which may be investigated under the Formal Complaint process, the Title IX Coordinator shall provide the following to all known parties: (1) The complaint procedure as outlined in this policy; and (2) Notice of the allegations of sexual harassment, known by the District at the time of filing the Notice, including (i) the identities of the parties involved, if known, (ii) the conduct allegedly constituting sexual harassment, and (iii) the date and location of the alleged incident.

The Title IX Coordinator shall then provide the Formal Complaint and the Notice of the Formal Complaint to the District's Title IX Investigator.

5. Investigation of Formal Complaint: Upon receipt of a Formal Complaint, the Investigator will promptly investigate the allegations contained within, even if an outside entity or law enforcement agency is investigating a complaint involving the same facts and allegations. The Investigator will not wait for the conclusion or outcome of a criminal investigation or proceeding to begin an investigation required by this complaint procedure. If the allegation(s) involve possible criminal conduct, the District will notify the Complainant of his or her right to file a criminal complaint, and District employees will not dissuade the Complainant from filing a criminal complaint either during or after the District's investigation.

The Investigator will contact the Complainant, Respondent, and relevant witnesses to schedule interviews. All parties may bring up to two people to this meeting: (1) Support Person and/or (2) Advisor of Choice. The Advisor of Choice may or may not be an attorney. Neither the Support Person nor the Advisor of Choice can direct questions or comments to the Investigator, nor may the Support Person or Advisor of Choice advise a student or employee how to answer the Investigator's questions.

The Investigator will also aim to collect all tangible evidence relevant to the investigation.

The Investigator will complete the investigation within a reasonable time frame, as determined by the Title IX Coordinator. The factors to determine a reasonable time frame include, but are not limited to, the allegations of the

Formal Complaint and the number of witnesses that may need to be interviewed. The time frame originally set by the Title IX Coordinator may be extended by the Title IX Coordinator, upon notice to the parties, as deemed necessary to complete the investigation. Periodic status updates will be given to the parties, when appropriate.

- (A) *Neutrality*: The Title IX Coordinator, Investigator, Decision-Maker, or any person designated by the District to facilitate this Formal Complaint process, shall not have any conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent. The District shall ensure that Title IX Coordinator, Investigator, Decision-Maker, and any person who facilitates this Formal Complaint process shall receive training on the definition of sexual harassment, the scope of the District's education program or activity, how to conduct an investigation and complaint process including hearings, appeals, and informal resolution processes, as applicable, and how to serve impartially, including by avoiding prejudgment of the fact at issue, conflicts of interest, and bias.
- (B) *Burden of Production*: It shall be the Investigator's burden to gather evidence sufficient to reach a determination regarding the outcome of the Formal Complaint. To reach a determination, the investigation will include, but is not limited to:
 - i. Providing the parties with the opportunity to present witnesses and provide evidence.
 - ii. An evaluation of all relevant information and documentation relating to the alleged discriminatory conduct.
 - iii. A consideration of various factors, including: (1) the nature of the conduct and whether the conduct was unwelcome, (2) the surrounding circumstances, expectations, and relationships, (3) the degree to which the conduct affected one or more students' education, (4) the type, frequency, and duration of the conduct, (5) the identity of and relationship between the alleged harasser and the suspect or suspects of the harassment, (6) the number of individuals involved, (7) the age and sex, if applicable, of the alleged harasser and the alleged victim(s) of the harassment, (8) the location of the incidents and the context in which they occurred, (9) the totality of the circumstances, and (10) other relevant evidence.
 - iv. A review of the evidence using a "preponderance of the evidence" standard. To meet the "preponderance of the evidence" standard, the evidence must show that the discrimination, harassment, or retaliation more likely occurred than did not occur.
- (C) *Rights of the Parties*: The Respondent is entitled to a presumption that the Respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the complaint process. The Investigator must provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence. The Investigator shall not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence.

The District retains the right to place any person on administrative leave during the pendency of the investigation. The District also retains the right to remove a Respondent from the District's educational program prior to the conclusion of the investigation. In the event of removal, the Respondent shall have the opportunity to challenge the decision for removal by meeting with the Title IX Coordinator to discuss the removal.

- (D) *Conclusion of Investigation*: Prior to the conclusion of the investigation, the Investigator shall send each party the evidence that is subject to inspection and review in an electronic format or a hard copy. This information shall be known as the "Draft Investigative Report." The Draft Investigative Report shall include all evidence obtained as part of the investigation that is directly related to the allegations raised in the Formal Complaint, including the evidence upon which the Investigator does not intend to relay to the Decision-Maker. The parties shall then have ten (10) calendar days to submit a written response, which the Investigator will consider. Responses may not be submitted by the parties' Advisor of Choice or Support Person, unless such person is the parent or guardian of the Complainant or Respondent. Responses may include corrections to the Investigator's summary of the parties' interviews, suggestions for additional investigation, or additional information not known at the time of the interviews. Any new information provided by the parties during the response period will not result in an additional time period for response by the other party unless determined necessary by the Title IX Coordinator. The Investigator is not obliged to respond to any question or requests for information in the parties' responses. The Investigator will consider the information provided by the parties and will incorporate relevant information into the Final Investigative Report. The Final Investigative Report will fairly summarize the relevant evidence. The Investigator shall then submit the Final Investigation Report to the Decision-Maker. The parties shall each receive a copy of the Final Investigative Report at the same time as the Decision-Maker.
6. Actions Taken By Decision-Maker Upon Receipt of Final Investigative Report: Upon receipt of the Final Investigative Report, the Decision-Maker shall provide 10 days for each party to submit written, relevant questions that a party wants asked of any party or witness. Questions shall be submitted to the Title IX Coordinator who shall determine whether questions are relevant. The Title IX Coordinator shall contact parties or witnesses to request answers to the parties' relevant questions. The Title IX Coordinator will provide each party, and the Decision-Maker

with the answers provided by the opposing party or witness and allow for additional, limited follow-up questions from each party.

7. Notice of Determination: Once the Decision-Maker has received the answers to relevant questions submitted by the parties, the Decision-Maker shall consider the answers and the Decision-Maker shall issue a written determination regarding responsibility by a preponderance of the evidence within a reasonable time frame, as determined by the Title IX Coordinator. The Decision-Maker shall consider all relevant evidence, including inculpatory and exculpatory evidence, and will not consider the credibility of the evidence to be based on a person's status, such as the Complainant, Respondent, or witness. The Decision-Maker shall provide the written determination to both parties simultaneously. The written determination shall include:
 - (a) Identification of the allegations potentially constituting sexual harassment.
 - (b) A description of the procedural steps taken from the receipt of the Formal Complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather evidence.
 - (c) Findings of fact supporting the determination.
 - (d) Conclusions regarding the application of each recipient's code of conduct to the facts.
 - (e) A statement of, and rationale for, the results as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the recipient imposes on the Respondent, and whether remedies designed to restore or preserve equal access to the recipient's education program or activity will be provided by the recipient to the Complainant; and
 - (f) The recipient's procedures and permissible bases for the Complainant and Respondent to appeal.

The Family Educational Rights and Privacy Act (FERPA) permits the District to disclose relevant information to a student who was discriminated against or harassed.

8. Sanctions: At the conclusion of the investigation, the Decision-Maker may institute disciplinary measures against the Respondent if the Decision-Maker determines that the Respondent engaged in sexual abuse or harassment. Disciplinary measures may include, but are not limited to, in-school suspension, out-of-school suspension, expulsion, and, in the case of an employee disciplinary action, up to and including immediate termination from employment.

The Title IX Coordinator is responsible for coordinating the implementation of supportive measures for the victim(s).

C. Appeals

If either party is not satisfied with the outcome of the investigation and the decision of the Decision-Maker, they may appeal on the following bases:

1. Procedural irregularity that affected the outcome of the matter.
2. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
3. The Title IX Coordinator, Investigator, or Decision-Maker had a conflict of interest or bias for or against the Complainant or Respondent generally or the individual Complainant or Respondent that affected the outcome of the matter.

The request for an appeal shall be in writing and submitted on the appropriate document. The appeal document shall be submitted to the Superintendent.

Upon notice of an appeal by either party, the Superintendent of Schools shall notify the other party in writing when the appeal is filed and of the appeal procedures, which apply equally to both parties.

The Superintendent shall give both parties a reasonable and equal opportunity to submit a written statement in support of, or challenging the outcome.

The Superintendent shall review the investigative report, Decision-Maker's determination, and written statements of the parties and then issue a written decision describing the result of the appeal and the rationale for the result. The Superintendent shall provide the written decision simultaneously to both parties.

D. Informal Resolution

If a Formal Complaint is filed, the District may offer the Complainant and Respondent the opportunity to participate in an informal resolution process. The informal resolution process may take place at any time prior to reaching a determination regarding responsibility. The informal resolution process shall only take place upon:

1. Written notice to both parties disclosing: the allegations, the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a Formal Complaint arising from the same allegations, provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the resolution process and resume the complaint process with respect to the Formal Complaint, and any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared;
2. The parties' voluntary, written consent to the informal resolution process; and
3. That the allegations of the Formal Complaint do not involve any allegations that an employee sexually harassed a student.

E. Record Keeping

The District will maintain relevant documentation obtained during the investigation and documentation supportive of the findings and any subsequent determinations, including the investigative report, witness statements, interview summaries, and any transcripts or audio recordings, pertaining to the investigative and appeal proceedings for a period of seven years

Section 4 NOTICE TO PARENTS OF RIGHTS AFFORDED BY SECTION 504 OF THE REHABILITATION ACT OF 1973

The following is a description of the rights granted by federal law to qualifying students with disabilities. The intent of the law is to keep you fully informed concerning the decisions about your child and to inform you of your rights if you disagree with any of these decisions. You have the right to:

1. Have your child take part in, and receive benefits from, public education programs without discrimination because of his/her disability.
2. Have the school district advise you of your rights under federal law.
3. Receive notice with respect to identification, evaluation or placement of your child.
4. Have your child receive a free appropriate public education.
5. Have your child receive services and be educated in facilities which are comparable to those provided to every student.
6. Have evaluation, educational and placement decisions made based on a variety of information sources and by persons who know the student and who are knowledgeable about the evaluation data and placement options.
7. Have transportation provided to and from an alternative placement setting (if the setting is a program not operated by the district) at no greater cost to you than would be incurred if the student were placed in a program operated by the district.
6. Have your child be given an equal opportunity to participate in nonacademic and extracurricular activities offered by the district.
9. Examine all relevant records relating to decisions regarding your child's identification, evaluation and placement.
10. Request mediation or an impartial due process hearing related to decisions or actions regarding your child's identification, evaluation, educational program or placement. (You and your child may take part in the hearing. Hearing requests are to be made to the Superintendent).
11. File a local grievance.

Section 5 NOTIFICATION OF RIGHTS UNDER FERPA

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

1. The right to inspect and review the student's education records within 45 days of the day the District receives a request for access.

Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading.

Parents or eligible students may ask the School District to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records without consent to officials of another School District in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Kathleen Styles, Office of the Chief Privacy Officer
U.S. Department of Education
400 Maryland Avenue, S.W.
Washington, D.C. 20202

Notice Concerning Directory Information

The types of personally identifiable information that the district has designated as directory information are as follows: student's name, address, telephone listing, electronic mail address, photograph, date of and place of birth, major fields of study, dates of attendance, grade level, enrollment status (e.g., undergraduate or graduate, full-time or part-time), participation in officially recognized activities and sports, weight and height of members of athletic teams, degrees, honors and awards received, and most recent previous educational agency or institution attended. A parent or eligible student has the right to refuse to let the district designate any or all of those types of information about the student as directory information. The period of time within which a parent or eligible student has to notify the district in writing that he or she does not want any or all of those types of information about the student designated as directory information are as follows: two weeks from the time this information is first received. The district may disclose information about former students without meeting the conditions in this section.

Additional Notice Concerning Directory Information

The District's policy is for education records to be kept confidential except as permitted by the FERPA law, and the District does not approve any practice which involves an unauthorized disclosure of education records. In some courses student work may be displayed or made available to others. Also, some teachers may have persons other than the teacher or school staff, such as volunteers or fellow students, assist with the task of grading student work and returning graded work to students. The District does not either approve or disapprove such teaching practices, and designates such student work as directory information and/or as non-education records. Section 8 STUDENT PRIVACY PROTECTION POLICY

It is the policy of Raymond Central Public Schools to develop and implement policies which protect the privacy of students in accordance with applicable laws. The District's policies in this regard include the following:

Protection of Student Privacy in Regard to Surveys of Matters Deemed to be Sensitive: The District will require, for any survey of students which contain one or more matters deemed to be sensitive (see section headed "Definition of Surveys of Matters Deemed to be Sensitive"), that suitable arrangements be made to protect student privacy (that is, the name or other identifying information about a particular student). For such surveys, the District will also follow the procedures set forth in the section entitled: "Notification of and Right to Opt-Out of Specific Events."

Right of Parents to Inspect Instructional Materials: Parents shall have the right to inspect, upon reasonable request, any instructional material used as part of the educational curriculum for their child. Reasonable requests for inspection of instructional materials shall be granted within a reasonable period of time after the request is received. The procedures for making and granting a request to inspect instructional materials are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal. The building principal, within five (5) school days, shall consult with the teacher or other educator responsible for the curriculum materials. In the event the request can be accommodated, the building principal shall make the materials available for inspection or review by the parent, at such reasonable times and place as will not interfere with the educator's intended use of the materials. If the parent does not formulate such a request, and continues to desire certain curriculum materials, the parent shall be asked to make their request to the Superintendent.

Rights of Parents to be Notified of and to Opt-Out of Certain Physical Examinations or Screenings. The general policy and practice of the District is to not administer physical examinations or screenings of students which require advance notice or parental opt-out rights under the applicable federal laws, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law; and (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act. For physical examinations or screenings which do not fit into the applicable exceptions, the District will follow the procedures set forth in the section entitled: “Notification of and Right to Opt-Out of Specific Events.”

Protection of Student Privacy in Regard to Personal Information Collected from Students: The general policy and practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information. The District will make reasonable arrangements to protect student privacy to the extent possible in the event of any such collection, disclosure, or use of personal information. “Personal information” for purposes of this policy means individually identifiable information about a student including: (1) a student or parent’s first and last name, (2) home address, (3) telephone number, and (4) social security number. Parental Access to Instruments used in the Collection of Personal Information: While the general practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information, parents shall have the right to inspect, upon reasonable request, any instrument which may be administered or distributed to a student for such purposes. Reasonable requests for inspection shall be granted within a reasonable period of time after the request is received. The procedures for making and granting such a request are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal and shall identify the specific act and the school staff member or program responsible for the collection, disclosure, or use of personal information from students for the purpose of marketing that information. The building principal, within five (5) school days, shall consult with the school staff member or person responsible for the program which has been reported by the parent to be responsible for the collection, disclosure, or use of personal information from students. In the event such collection, disclosure, or use of personal information is occurring or there is a plan for such to occur, the building principal shall consult with the Superintendent for determination of whether the action shall be allowed to continue. If not, the instrument for the collection of personal information shall not be given to any students. If it is to be allowed, such instrument shall be provided to the requesting parent as soon as such instrument can be reasonably obtained.

Annual Parental Notification of Student Privacy Protection Policy: The District shall provide parents with reasonable notice of the adoption or continued use of this policy and other policies related to student privacy. Such notice shall be given to parents of students enrolled in the District at least annually, at the beginning of the school year, and within a reasonable period of time after any substantive change in such policies.

Surveys of students involving one or more matters deemed to be sensitive in accordance with the law and this policy; and,

Any non-emergency, invasive physical examination or screening that is required as a condition of attendance; administered by the school and scheduled by the school in advance; and not necessary to protect the immediate health and safety of the student or of other students. (Note: the general practice of the District is to not engage in physical examinations or screenings which require advance notice, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions to the advance notice requirement and parental opt-out right: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law, (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act)

If the District receives Title I funding, the District shall notify the parents of each student attending any school receiving Title I funds that the parents may request, and the District will provide the parents on request (and in a timely manner), information regarding any State or District policy regarding student participation in any State or District assessments, including the District's policy and procedure on the parental right to opt the child out of such assessment(s), and (5) for mental health assessment the District shall obtain informed consent from the parent of each child who is under 18 years of age to participate in any mental-health assessment or service that is funded under the Every Student Succeeds Act ("ESSA"). Article 1 – Philosophy, Goals, Objectives

Section 1 MISSION STATEMENT

“The Raymond Central community is committed to providing a positive, challenging learning environment which prepares each individual to be a responsible citizen in an ever-changing society.”

Section 2 VALUES

- We will promote a quality education as the cooperative responsibility of students, staff, parents, and community.
- We will provide a safe learning environment where all individuals are treated with dignity and respect.
- We will encourage parents to reinforce skill building at home.
- We will promote life-long learning and responsible citizenship.
- We will empower students to be problem solvers and independent learners.
- We will provide each student with the opportunity to learn and achieve success.
- We will meet the needs of individual students through a variety of approaches to learning.
- We will use available time and resources to stay on top of current educational practices.
- We will continuously evaluate, update, and assess our district’s goals.

The central purpose of the Raymond Central Public Schools is to develop students who can demonstrate the knowledge, skills and competencies necessary to become productive and contributing members of our democratic society.

Although all children will not learn all things equally well, we recognize that all children should have an equal opportunity in the pursuit of educational qualifications for the world ahead. Recognizing the uniqueness of each student, the Raymond Central Public Schools will attempt to balance the curriculum to provide for the varied interests and talents of all students. The school accepts the premise that the center of the school curriculum is the child and that the instructional program should be designed to fit each and every child's unique needs.

The education of children is a comprehensive program that must be undertaken in cooperation with other services and institutions within society and the local community. The Raymond Central Public Schools will seek to establish and maintain strong ties with parents, patrons, the business community and other community institutions.

The following opportunity and means shall be provided whereby this philosophy may be realized.

- (a) Each student may search for the truth, find the truth, and incorporate this truth into his or her values, ambitions, and aspirations.
- (b) Each student may develop an attitude of personal worth and self-esteem and by doing so, may experience degrees of success and achievement within the bounds of his or her individual abilities and limitations.
- (c) Each student may learn to identify and cope with current trends in society.
- (d) Each student may experience an intellectual, technical and a social environment that enhances the possibilities for group interaction conducive to peaceful coexistence in the school, community, state, nation, and the world.
- (e) Each teacher may use his or her individual capabilities in establishing constructive attitudes toward students, administrative heads, and the community.
- (f) Each teacher may use the resources necessary for attaining the highest measure of success in his or her particular field.
- (g) The administration may promote and preserve the establishment of every possibility for better education.
- (h) The administration may serve as a channel of communication between the teachers and the school and the community.
- (i) The community may be given an integral part in the implementation and accomplishment of the objectives of the school.

The community may demonstrate this responsibility to the school by expressing to the administration its beliefs and desires concerning the educational programs and practices of the school. It shall be the responsibility of the administrative staff periodically to prepare formal statements defining and implementing the basic purposes of the schools as stated above. These statements shall be the basis for determining the content of the curriculum, the methods of instruction, and the means for evaluating the effectiveness of both.

Section 3 MUTUAL RESPECT

Raymond Central Public Schools expects every staff member and student to be treated with respect and dignity. A show of disrespect toward a staff member or insubordination on the part of the student will not be tolerated.

Section 4 MULTICULTURAL EDUCATION

Raymond Central Public Schools incorporates multicultural education in all curriculum areas at all grades. Multicultural education includes, but is not limited to, studies relative to the culture, history, and contributions of African Americans, Hispanic Americans, Native Americans, Asian Americans and European Americans with special emphasis on human relations and sensitivity toward all races.

Section 5 COMPLAINT PROCEDURES

The proper procedures for a parent or student to make complaints or raise concerns about school staff or the school programs or activities are set forth below. Other procedures exist to address discrimination or harassment, the bullying of students, and to challenge disciplinary actions, and such other procedures should be used to address those types of concerns.

1. Complaint procedure:

Step 1. Have a scheduled conference with the staff person and the **student involved** in the complaint.

Step 2. Appeal to the Principal if the matter is not resolved at Step 1.

Step 3. Appeal to the Superintendent if the matter is still unresolved at Step 2.

Step 4. Appeal to the Board of Education if the matter is still unresolved at Step 3. Written appeal should be made within five (5) days of the Superintendent's decision.

2. Conditions Applicable to All Levels of Complaint Procedure:

All information to be considered at each appeal step should be placed in writing in order to be most effective. Appeal decisions shall be expedited as quickly as possible. A decision at any level should be rendered within ten (10) calendar days, unless a legal hearing is requested or required.

Article 2 – School Day

Section 1 DAILY SCHEDULE

GENERAL SCHOOL INFORMATION

SCHOOL DAY:

The Raymond Central Elementary school day runs from 8:15am to 3:15pm. All students should arrive at school no earlier than 8:00 a.m. each day in Valparaiso; 8:00 a.m. in Ceresco. Supervision will not be provided before that time unless required by the district transportation schedules. Upon arrival children should line-up at designated entrances. Students are not to enter the building before the first morning bell (8:10 a.m. in Valparaiso; 8:10 a.m. in Ceresco) unless teacher permission is granted, or a student is ill or injured. In the case of inclement weather or severe cold, students do line up inside the building. Teachers will escort students to their classrooms. If students participate in the breakfast program, they will enter upon arrival. Please refer to BUS loading zones and going to and from school for additional information. After school, the outside playground is to be vacated after school until 3:45 PM. Only the children riding the late bus are to be on the playground under the supervision of the school staff assigned to after school duty.

Lunch Schedules

Kindergarten: 11:05am - 11:35am
1st Grade: 11:25am - 11:45am
2nd Grade: 11:50am - 12:10pm
3rd Grade: 11:40am - 12:00pm
4th Grade: 12:05pm - 12:25pm
5th Grade: 12:10pm - 12:30pm

Section 2 SEVERE WEATHER AND SCHOOL CANCELLATIONS

School Closing Information. The Superintendent of schools is authorized by the Board of Education to close public schools in case of severe weather. Representatives of the Superintendent's staff will notify local news media when inclement weather warrants such action. The information is posted to the website and social media accounts and it is generally on the local television stations. Parents will also receive a phone message and text message from our rapid notification system (BrightArrow) indicating a late start or school closing. It is important that parents/guardians keep their contact information updated with the school so that they get these messages.

Decision to Close Schools. A decision to close school is made when forecasts by the weather service and civil defense officials indicate that it would be unwise for students to go to school. An early decision is not always possible because of uncertain weather conditions. School officials will make periodic assessments of conditions during the night and will decide early in the morning (by 6 a.m. if possible). In any case, **an announcement will be made to the news media and to parents/guardians through the rapid notification system when schools will be closed.** In some instances, schools will be open, but certain services may be canceled (bus transportation, preschool, student activities, etc.).

After School Starts. Every attempt will be made to avoid closing school once classes are in session. In some instances, closing school during the day is inevitable if children are to safely return home before the brunt of a major storm hits. In these cases, as much advance notice as possible will be given to parents. If school is closed during the day, the notice will be broadcast by the media **and to parents/guardians through the rapid notification system** and **parents should have a plan to accommodate these circumstances.**

Parental Decisions. **Parents may decide to keep their children at home in inclement weather because of personal circumstances.** Students absent because of severe weather when school is in session will be marked absent. The absence will be treated like any other absence for legitimate causes provided parents properly notify the school of their decision. Parents may pick up their children in inclement weather at any time during the school day. Students will not normally be dismissed from school during severe weather on the basis of a telephone request.

What Not To Do. Parents should not attempt to come to school during a tornado warning. **School officials are not permitted to release students from the school building during a tornado warning.** Tornado safety procedures are practiced regularly by students and staff members. Also, parents are urged not to call radio and television stations and school buildings during severe weather. Every effort will be made to provide accurate and timely information through the media and the rapid notification response system.

Emergency Conditions. Raymond Central Public Schools has a signal which, when activated, includes the necessity to either evacuate the building or to move to safer areas of the building. All regular drills are held as required by law through the school year. There are plans for an Emergency Exit system, Tornado Warning System, and Critical Incident Response.

Severe Weather. Raymond Central Public Schools follow Standard Response Protocol (SRP). Staff and students are trained and practice these protocols during the school year. Tornado and/or severe weather may necessitate the implementation of shelter protocol.

Section 3 CLOSED CAMPUS

CLOSED CAMPUS POLICY

Providing a safe and orderly campus environment is important. Therefore, **all students are required to stay on campus upon arrival.** Students must check out through the office if it is necessary to leave campus for doctor or dental appointments or for reasons of illness.

Section 4 SCHOOL GUIDELINES

FOOD AND DRINK

Drinks and snacks will not be allowed in classrooms, computer labs etc..., with exception to water. Students with medical conditions that require food may be exempt from this rule, however, pre-arrangements must be made with the school prior to having food and drink in the classrooms.

RECESS

Children will be expected to go outdoors for recess periods. Parents' cooperation in seeing that children dress according to the weather is requested. In most cases if children are not well enough to play outside, they are not well enough to be in school. During winter months, either temperatures and/or ground conditions will dictate in or out play. Playground supervisors will use their judgment in deciding upon ground cover, wind-chill, and temperature.

COLD WEATHER

All students will be required to button, zip, or snap coats and tie hoods. Wearing hats and gloves are important when cold temperatures are here. The same rules apply for recesses. For playing outdoors in wet and snowy weather, children need to be equipped with boots and snow pants. Be sure both boots are marked as well as gloves, caps, coats, scarves, etc.

SCHOOL SAFETY

- **Fire Drills**

Fire drills will be conducted regularly. An electric horn indicates a fire drill. Upon hearing the fire drill signal, move quietly and quickly out of the building by the fire exit route posted near the door of your room. After the "all clear" is given, students may re-enter the building and proceed directly to their classrooms.

- **Safety Drills**

- The District will follow state guidelines in the execution of annual safety drills. Raymond Central Public Schools has adopted the *'I Love You Guys'* Standard Response Protocols (SRP) to be used in safety situations. These protocols are flexible, action-based, and easy to learn. Additionally, these protocols are generally accepted across the various emergency management entities. The Standard Response Protocol is based not on individual scenarios but on the response to any given scenario. Like the Incident Command System (ICS), SRP demands a specific vocabulary but also allows for great flexibility. The premise is simple: there are five specific actions that can be performed during an incident. When communicating these actions, each is followed by a "Directive." Execution of the action is performed by active participants, including students, staff, teachers and first responders.

- **Hold** is followed by "In your Room or Area. Clear the Halls" and is the protocol used when the hallways need to be kept clear of people.

- **Secure** is followed by "Get Inside, Lock Outside Doors" and is the protocol used to safeguard students and staff within the building.

- **Lockdown** is followed by "Locks, Lights, Out of Sight" and is the protocol used to secure individual rooms and keep students quiet and in place.

- **Evacuate** may be followed by a location, and is the protocol used to move students and staff from one location to a different location in or out of the building.

- **Shelter** is always followed by the hazard and a safety strategy and is the protocol for group and self-protection.

FIELD TRIPS

All field trips and subsequent activities must be tied to the curriculum. There must be academic expectations tied to these activities. Teachers should obtain permission from the building principal for field trips and should expect to provide sound rationale for the activity. Local community activities should be reported to the principal. Teachers must complete a field trip request at least two weeks in advance of the planned trip and they must communicate to all teachers a list of who will be absent one week prior to the trip.

CELEBRATIONS/PARTIES

Celebrations and/or parties may be held during the year. The times and dates will be arranged before each event. Classroom Party Guidelines will be provided to parents. All foods offered during the school day must be “Smart Snack” compliant in accordance with the District Wellness policy (#5417). Please refer to <https://www.fns.usda.gov/school-meals/tools-schools-focusing-smart-snacks> for more information. In addition, some classrooms may have students with food allergies. Please check with your student’s teacher and/or the school office prior to bringing any food for classroom celebrations/parties including birthday treats. Small non-food items such as pencils, erasers, and stickers are encouraged.

Out of School Parties:

Party invitations should not be distributed in the classroom or on school property unless the party includes all children in that room. Gifts should not be sent to school unless the above conditions are met.

SCHOOL SUPPLIES

It is suggested that each pupil provide supplies required in specific classes. This will greatly facilitate the operation of all classes and ensure the pupil greater success in schoolwork.

PETS

Children must ask permission from the teacher who must request permission from the building administration prior to bringing animals to school. The teacher and parent can arrange a time for a short (10-15 minute) visitation. The parent or guardian must accompany pets and remain while the pet is on school grounds. All pets must be current on shots and vaccinations.

Section 5 BUS PROCEDURES

1. Bus Safety

The transportation of students to school and home each day safely is our paramount concern. A successful school bus operation requires the combined efforts of the administration, bus drivers, students, and parents. We have identified bus conduct expectations, which will help bring about the safe transportation of bus riding students.

- Be Respectful and courteous
- Use Quiet Voices
- Stay seated and facing the front
- Isle must be kept clear and students should not put arms, hand, etc. outside of the window
- The driver is authorized to assign seats
- Eating and drinking is not allowed on the regular route buses unless there are preapproved special situations.
- Silence when crossing railroad tracks
- Students are expected to follow directions given to them by the driver or attendant.
- Since buses are an extension of school, bus expectations are consistent with those expected in school

2. Boarding and Leaving the Bus

- a. Cross the road at least twelve feet in front of the bus, but only after checking to be sure no traffic is approaching and /or receiving a signal from the driver.
- b. Help look after the safety and comfort of small children.
- c. Riders are not permitted to leave the bus at other than regular stops unless proper authorization has been given in advance.
- d. For students who are not regular bus riders, the school must receive a phone call or a written note from the parent before their child will be permitted to ride the bus and approval will be based on whether there is room on the bus.
- e. When possible, the bus will pick up students at regular stops. If, due to weather or road conditions, the bus is unable to reach the stop of a resident, it will stop for, pick up, and deliver at the closest, most convenient, and safest spot as determined by the driver.
- f. While waiting for the bus, students must conduct themselves in an orderly manner, forming a line off the traveled portion of the road.

3. Procedures for Disciplinary Actions

- a. The bus is an extension of the classroom with similar rules of behavior. If students choose not to follow the rules, appropriate discipline will be administered.
- b. It is important to note that the driver's goal is to change the behavior of a student violating bus rules using the least restrictive means possible. However, the District will take aggressive action to eliminate behaviors that are an impediment or distraction to the driver. **The driver may at any time refer a student to the building principal for disciplinary action. Disciplinary action may include suspension or expulsion of a student's riding privilege.** These disciplinary actions are reserved for extreme or repeated infractions. In the case of suspension or exclusion of the student from riding privileges, the parents will be responsible to provide transportation for the term of the disciplinary action.
- c. In all cases, suspension or expulsion will be an administrative decision by the building principal.
- d. If a student violates a rule the bus driver will file a Discipline Report. The first offense will generally be a warning. The second and subsequent offenses will result in bus suspension. The first offense will be a warning. The second offense will be a 2-day bus suspension. The third offense will be a 5-day bus suspension. The fourth offense will be a 20-day bus suspension. The fifth offense will result in bus suspension for the remainder of the school year. If the offense is of a severe nature, bus privileges may be suspended immediately. If this occurs, parents will be contacted to arrange alternate transportation prior to the initiation of the suspension.

If your child rides the bus, it is important to remember that this is an extension of the classroom and the driver will treat his/her behavior as teachers do. The building principals will be contacted for incidents which require more severe discipline.

Parents of students who are suspended long term (6 or more days) or excluded for the semester may request, in writing to the superintendent, that a hearing be held with the administration.

4. Route Change

Following are procedures that are to be followed in the event a parent requests a change or alteration in an already established bus route.

Short Term Route Changes: Request involved a change or alteration for one day or less

- a. Short-term changes will be made only if the new pick-up or drop-off points are already an established stop on the present bus route.
- b. Parents wishing to change the pick-up or drop-off point of their children on a "short term" basis must write a note to their respective bus drivers indicating the requested change.
- c. Should a bus driver receive a written parent request for a change in a student's pick-up/drop-off point and the requested change is already an established stop on their route, the driver may initiate the change without further approval. Once the driver approves a change, the driver must notify the office and place a written parent request in the gas log folder to be turned in monthly.

Long Term Route Changes: A change in a pick-up or drop-off point for more than one day and not less than six days. Long-term changes will be granted only if the requested change is already established stop on the present route, or the change does not substantially alter the present route. Parents wishing to change a child's pick-up or drop-off point on a "long term" basis must submit the request in writing to the Superintendent.

5. BUS LOADING ZONES

Ceresco

The bus-loading zone is located along the entire south side of the building. This street is designated as **ONE WAY** going from East to West then continuing South. Parents bringing students to school or picking them up following dismissal should park along the south and east side next to the curb or use the diagonal parking located on the north side. The faculty parking lot should not be used as a loading or unloading zone by private vehicles.

Valparaiso

The bus-loading zone is located in the loop on the southeast side of the school facility. Third street is designated as **ONE WAY** access going west during bus loading times. Parents are asked to drop off or pick up students along the sidewalk located on the east side of the loop or in the diagonal parking located west of the loop; private vehicles are **NOT** to be in the loop during bus loading and unloading times. If parents need to visit with school staff or escort their students, they should park the vehicle in one of the designated areas. For safety, students should exit vehicles on the passenger side of the vehicle. Buses are **NOT** to be passed when dropping off or loading students. This is against the law and charges may be filed.

Section 6 FUNDRAISING

According to Board Policy (5303), solicitation of funds from or by students will be restricted at the Raymond Central Public Schools. **Students should not approach staff members or other students during school regarding the purchase of any items.**

Fundraising is the selling of a product, providing a service or activity, or requesting donations of any kind. School fundraising directly funds school programs and student organizations.

Within District policies and regulations, all fundraising activities by school-sponsored groups must have the approval of the building principal. If questions arise about the appropriateness of a given activity, the principal is expected to consult with the Superintendent who, in turn, may seek reactions from the Raymond Central Board of Education. School District employees who supervise official school programs or extracurricular activities are directed to not organize, conduct, or involve students in fundraising activities unless the fundraising activity has been approved by the building principal.

General Guidelines:

- Must have prior building principal approval. Before approval, expenditure purposes must be given to the Principal.
- Fundraising activities are to be considered for approval based on the following criteria:
 1. Students will not be exploited for sectarian, political, or commercial purposes.
 2. The project will accomplish the goals for the fundraiser without undue risk of financial loss.
 3. All students will benefit equally or the organization will benefit as specified in advance from fundraising proceeds.
 4. All sales of food and beverages shall comply with District nutrition and wellness policies and regulations.
 5. Organizations will be allowed one fundraiser involving the selling of a product or a good.
 6. The project meets all legal requirements.
- Donations may be sought as part of fundraising efforts.

Sales and Fundraising in Schools Sales in schools shall be subject to the following guidelines:

- Students may not be required to participate in fundraising or to provide a donation if raising money is part of a class or curricular project.
- Students will not be required to sell a required amount nor will they be penalized for not selling a required amount (Example: lettering, etc.).
- Sales of food or beverages cannot occur during the breakfast and/or lunch period of a regular school day.
- Control of sales before, during and after school is in the hands of school principals or designees who are responsible for maintaining compliance with sales and fundraising policies and regulations.
- All sales of food and beverages shall comply with District nutrition and wellness policies and regulations.

Fundraising by Outside Organizations

Outside organizations are non school-funded groups such as parent/teacher organizations, sports booster groups, and commercial enterprises that provide supplementary services to existing school entities. Outside organizations are separate and apart from the School District. Examples of outside organizations are: PTO, Music Boosters, Athletic Boosters, Post Prom Committee, and Parents for Fine Arts.

Article 3 - Use of Building, Grounds and Equipment

Section 1 ENTERING AND LEAVING THE BUILDING

Beginning of School: Students should not be on school grounds prior to 8:00 a.m. unless they are in an activity and are sponsored by a staff member. Students are to stay in the hall and are not to go to any other part of the building without permission.

During the School Day: Students are to remain on campus unless excused in accordance with school policies. Upon return to school during the day students are to sign in at the school office.

End of School: Our regular school day ends at 3:15 p.m. It is important that students who are involved in after school activities or clubs report directly to their designated location and check in with the supervising adult. Parents are expected to make necessary arrangements to ensure students leave the campus by 3:30 p.m. No after school supervision is provided.

Section 2 SMOKE-FREE ENVIRONMENT

Raymond Central Public Schools declares all of our school's buildings and game facilities to be smoke-free. We would appreciate your help in meeting the goal of a smoke-free, tobacco-free, and vape free environment for our children. When you attend school events, including athletic events, please remember that our facilities are smoke-free, tobacco-free, and vape free and abide by our District's policy.

Section 3 CARE OF SCHOOL PROPERTY

1. Students are responsible for the proper care of all books, equipment, supplies and furniture supplied by the school.
2. Students who disfigure property, break windows or do other damage to school property or equipment will be required to pay for the damage done or replace the item.

Fines are determined on books according to the following criteria:

Lost/Ruined Book:	Replacement cost
Missing one or both covers:	Same as lost book
Loose Cover:	TBD – based on expense to repair
Missing Page:	50 cents per page (up to replacement cost)
Torn Page:	20 cents per page (up to replacement cost)
Marks that cannot be erased:	20 cents per mark (up to replacement cost)

Section 4 SEARCHES OF LOCKERS AND OTHER TYPES OF SEARCHES

Student lockers, desks, computer equipment, and other such property are owned by the school. The school exercises exclusive control over school property. Students should not expect privacy regarding usage of or items placed in or on school property, including student vehicles parked on school property, because school property is subject to search at any time by school officials. Periodic, random searches of lockers, desks, computers and other such property may be conducted at the discretion of the administration.

The following rules shall apply to searches of students and of a student's personal property and to the seizure of items in a student's possession or control:

1. School officials may conduct a search if there is a reasonable basis to believe that the search will uncover evidence of a crime or a school rule violation. The search must be conducted in a reasonable manner under the circumstances.
2. Illegal items or other items reasonably determined to be a threat to the safety of others or a threat to educational purposes may be taken and kept by school officials. Any firearm or other weapon shall be confiscated and delivered to law enforcement officials as soon as possible.
3. Items which have been or are reasonably expected to be used to disrupt or interfere with the educational process (that is, "nuisance items") may be removed from student possession.

Section 5 VIDEO SURVEILLANCE

The Board of Education has authorized the use of video cameras on School District property to ensure the health, welfare and safety of all staff, students and visitors to District property, and to safeguard District facilities and equipment. Video cameras may be used in locations as deemed appropriate by the Superintendent.

Notice is hereby given that video surveillance may occur on District property. In the event a video surveillance recording captures a student or other building user violating school policies or rules or local, state or federal laws, the video surveillance recording

may be used in appropriate disciplinary proceedings against the student or other building user and may also be provided to law enforcement agencies.

Section 6 USE OF TELEPHONE

Use of the office phone will only be allowed in an emergency or when a student is ill. There is a courtesy phone available for student use. The courtesy phone is NOT to be used during class time. **Use of the phone is not an excuse to be tardy to class.**

Section 7 BICYCLES

Bicycles must be parked in the racks provided at the elementary building. All bicycles should be equipped with locks. The school is not responsible for damage or theft of parts while bicycles are on school property.

Section 8 STUDENT VALUABLES

Raymond Central Public Schools is **NOT** responsible for the personal property of students. Students are cautioned not to bring large amounts of money or items of value to school. If it is necessary to bring valuable items or more money than is needed to pay for lunch, leave the money or valuables with a staff member in the school office for temporary and safe-keeping. Even then, the school is not in a position to guarantee that the student's property will not be subject to loss, theft, or damage.

Section 9 LOST AND FOUND

Students who find lost articles are asked to take them to the office, where the articles can be claimed by the owner. If articles are lost at school, report that loss to office personnel. Lost and found items will be disposed of periodically if they go unclaimed. It is stressed:

1. That you encourage your child to be responsible for personal property.
2. That all articles are labeled.
3. That valuables and money are left at home.

Section 10 ACCIDENTS

Every accident in the school building, on the school grounds, at practice sessions, or at any athletic event sponsored by the school must be reported immediately to administration. The individual staff member involved should complete an accident report immediately.

Section 11 LABORATORY SAFETY GLASSES

As required by law, approved safety glasses will be required of every student and teacher while participating in or observing vocational, technical, industrial technology, science, and art classes. All visitors to these areas must check out a pair of safety glasses when entering any of these areas.

Section 12 INSURANCE

Under Nebraska law the District may not use school funds to provide general student accident or athletic insurance. The District requires that all student participants in athletic programs have injury and accident insurance and encourages all students who are in classes with risk of personal injury or accident to have insurance coverage. The district does not make recommendations, nor handle the premiums or claims for any insurance company, agent or carrier. Information about student insurance providers will be available in the school office or on school bulletin boards.

Section 13 BULLETINS AND ANNOUNCEMENTS

Posters to be used in the halls or materials for distribution will need to be approved by the Principal's office. Posters are not to be attached to any painted wall surfaces without approval from the administration. Place posters on marble, glass, metal, brick and wood. **The person or organization responsible for distributing the posters is responsible to see that all posters are removed within 48 hours after the event.**

Daily Announcements will be available each morning.

Section 14 COPYRIGHT AND FAIR USE POLICY

It is the school's policy to follow the federal copyright law. Students are reminded that, when using school equipment and when completing course work, they also must follow the federal copyright laws. The federal copyright law governs the reproduction of works of authorship. Copyrighted works are protected regardless of the medium in which they are created or reproduced; thus, copyright extends to digital works and works transformed into a digital format. Copyrighted works are not limited to those that bear a copyright notice.

The "fair use" doctrine allows limited reproduction of copyrighted works for educational and research purposes. The relevant portion of the copyright statute provides that the "fair use" of a copyrighted work, including reproduction "for purposes such as criticism, news reporting, teaching (including multiple copies for classroom use), scholarship, or research" is not an infringement

of copyright. The law lists the following factors as the ones to be evaluated in determining whether a particular use of a copyrighted work is a permitted “fair use,” rather than an infringement of the copyright:

- the purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes;
- the nature of the copyrighted work;
- the amount and substantiality of the portion used in relation to the copyrighted work as a whole, and
- the effect of the use upon the potential market for or value of the copyrighted work.

Although all of these factors will be considered, the last factor is the most important in determining whether a particular use is “fair.” Students should seek assistance from a faculty member if there are any questions regarding what may be copied.

Section 15 TECHNOLOGY/COMPUTER USAGE

School computers are to be used for school purposes only. Any student accessing the network must have the proper paperwork (Acceptable Use Policy) on file with the district. This policy provides more specific details governing acceptable use. The use of the internet and/or email is also reserved for school purposes. Students may not bring any computer applications, including games, to school for any reason. District workstations or assigned individual devices, may not be altered without direct teacher permission. Any vandalism (renaming, trashing, or moving files, illegal copying, etc.), intentional copyright violations or attempted access to unauthorized data will result in disciplinary action, which may include restitution. Students are directed to limit printing to only information that is directly tied to school purposes.

Section 16 INTERNET SAFETY POLICY

It is the policy of Raymond Central Public Schools to comply with the Children’s Internet Protection Act (CIPA) and Children’s Online Privacy Protection Act (COPPA). With respect to the District’s computer network, the District shall: (a) prevent user access to, or transmission of, inappropriate material via Internet, electronic mail, or other forms of direct electronic communications; (b) provide for the safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communications; (c) prevent unauthorized access, including so-called “hacking,” and other unlawful activities online; (d) prevent unauthorized online disclosure, use, or dissemination of personal identification information of minors; (e) obtain verifiable parental consent before allowing third parties to collect personal information online from students; and (f) implement measures designed to restrict minors’ access to materials (visual or non-visual) that are harmful to minors.

1. Definitions. Key terms are as defined in CIPA. “Inappropriate material” for purposes of this policy includes material that is obscene, child pornography, or harmful to minors. The term “harmful to minors” means any picture, image, graphic image file, or other visual depiction that: (1) taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion; (2) depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and (3) taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.
2. Access to Inappropriate Material. To the extent practical, technology protection measures (or “Internet filters”) shall be used to block or filter Internet, or other forms of electronic communications, access to inappropriate information. Specifically, as required by the CIPA, blocking shall be applied to visual depictions of material deemed obscene or child pornography, or to any material deemed harmful to minors. Subject to staff supervision, technology protection measures may be disabled or, in the case of minors, minimized only for bona fide research or other lawful purposes.
3. Inappropriate Network Usage. To the extent practical, steps shall be taken to promote the safety and security of users of the District’s online computer network when using electronic mail, chat rooms, instant messaging, and other forms of direct electronic communications. Specifically, as required by CIPA, prevention of inappropriate network usage includes: (a) unauthorized access, including so-called ‘hacking,’ and other unlawful activities; and (b) unauthorized disclosure, use, and dissemination of personal identification information regarding minors.
4. Supervision and Monitoring. It shall be the responsibility of all members of the District staff to supervise and monitor usage of the online computer network and access to the Internet in accordance with this policy and CIPA. Procedures for the disabling or otherwise modifying any technology protection measures shall be the responsibility of the Superintendent and the Superintendent’s designees.
5. Social Networking. Students shall be educated about appropriate online behavior, including interacting with others on social networking websites and in chat rooms, and cyberbullying awareness and response. The plan shall be for all students to be provided education on these subjects. The Superintendent or the Superintendent’s designee shall be responsible for identifying educational materials, lessons, and/or programs suitable for the age and maturity level of the students and for ensuring the delivery of such materials, lessons, and/or programs to students.

6. Parental Consent. The District shall obtain verifiable parental consent prior to students providing or otherwise disclosing personal information online.
7. Adoption. This Internet Safety Policy was adopted by the Board at a public meeting, following normal public notice.
8. The District shall comply with the Nebraska Student Online Personal Protection Act and will endeavor to take all reasonable and necessary steps to protect the online privacy of all students.

Section 17 RECORDING OF OTHERS

To ensure the privacy and confidentiality of student information, no person is authorized to record or transmit any sound or image of any person (including themselves) without the prior consent or authorization of either (1) the person or persons being recorded or whose image or sound is being transmitted or (2) the Superintendent or Superintendent's designee. This prohibition applies to all persons, including staff, students and community members, regardless of the content or context of the image or sound; however, this provision shall not apply to District-sponsored athletic or activity events where the focus of the recording or transmission is on the student performances or activity. Nothing in this provision shall prohibit the recording of an Individualized Education Program meeting if the recording is necessary to ensure that the parent understands the IEP or the IEP process or to implement other parental rights guaranteed by the Individuals with Disabilities Education Act.

Section 18 COMPUTER ACCEPTABLE USE POLICY

This computer acceptable use policy is supplemental to the District's Internet Safety Policy.

1. Technology Subject to this Policy. This Computer Acceptable Use Policy applies to all technology resources of the District or made available by the District. Technology resources include, without limitation, computers and related technology equipment, all forms of e-mail and electronic communications, and the internet.
2. Access and User Agreements. Use of the District technology resources is a privilege and not a right. The Superintendent or designee shall develop appropriate user agreements and shall require that employees, students (and their parents or guardians), and others to sign such user agreements as a condition of access to the technology resources, as the Superintendent determines appropriate. Parents and guardians of students in programs operated by the District shall inform the Superintendent or designee in writing if they do not want their child to have access.

The Superintendent and designees are authorized and directed to establish and implement such other regulations, forms, procedures, guidelines, and standards to implement this Policy.

The technology resources are not a public forum. The District reserves the right to restrict any communications and to remove communications that have been posted.

3. Acceptable Uses. The technology resources are to be used for the limited purpose of advancing the District's mission. The technology resources are to be used, in general, for educational purposes, meaning activities that are integral, immediate, and proximate to the education of students as defined in the E-rate program regulations.
4. Unacceptable Uses.

The following is a non-exhaustive list of unacceptable uses of technology resources:

- a. **Personal Gain:** Technology resources shall not be used, and no person shall authorize its use, for personal financial gain other than in accordance with prescribed constitutional, statutory, and regulatory procedures, other than compensation provided by law.
- b. **Personal Matters:** Technology resources shall not be used, and no person shall authorize its use, for personal matters unless the User has entered into a lease agreement or other similar agreement with the School District that makes such use permissible under law.

Occasional use that the Superintendent or designee determines to ultimately facilitate the mission of the District is not prohibited by this provision. Examples of occasional use that may be determined to ultimately facilitate the mission of the District: sending an email to a minor child or spouse; sending an email related to a community group in which an employee is a member where the membership in the community group facilitates the District's mission.

This occasional use exception does not permit use by employees contrary to the expectations of their position. For example, employees may not play games or surf the net for purposes not directly related to their job during duty time; nor may students do so during instructional time.

The occasional use exception also does not permit use of the technology resources for private business, such as searching for or ordering items on the internet for non-school use; or sending an e-mail related to one's own private consulting business.

- c. Campaigning: Technology resources shall not be used, and no person shall authorize its use, for the purpose of campaigning for or against the nomination or election of a candidate or the qualification, passage, or defeat of a ballot question.
- d. Technology-Related Limitations: Technology resources shall not be used in any manner which impairs its effective operations or the rights of other technology users. Without limitation:
 - 1) Users shall not use another person's name, log-on, password, or files for any reason, or allow another to use their password (except for authorized staff members).
 - 2) Users shall not erase, remake, or make unusable another person's computer, information, files, programs or disks.
 - 3) Users shall not access resources not specifically granted to the user or engage in electronic trespassing.
 - 4) Users shall not engage in "hacking" to gain unauthorized access to the operating system software or unauthorized access to the system of other users.
 - 5) Users shall not copy, change, or transfer any software without permission from the network administrators.
 - 6) Users shall not write, produce, generate, copy, propagate, or attempt to introduce any computer code designed to self-replicate, damage, or otherwise hinder the performance of any computer's memory, file system, or software. Such software is often called a bug, virus, worm, Trojan horse, or similar name.
 - 7) Users shall not engage in any form of vandalism of the technology resources.
 - 8) Users shall follow the generally accepted rules of network etiquette. The Superintendent or designees may further define such rules.
- e. Other Policies and Laws: Technology resources shall not be used for any purpose contrary to any District policy, any school rules to which a student user is subject, or any applicable law. Without limitation, this means that technology resources may not be used:
 - 1) to access any material contrary to the Internet Safety Policy; or to create or generate any such material.
 - 2) to engage in unlawful harassment or discrimination, such as sending e-mails that contain sexual jokes or images.
 - 3) to engage in violations of employee ethical standards and employee standards of performance, such as sending e-mails that are threatening or offensive or which contain abusive language; use of end messages on e-mails that may imply that the District is supportive of a particular religion or religious belief system, a political candidate or issue, or a controversial issue; or sending e-mails that divulge protected confidential student information to unauthorized persons.
 - 4) to engage in or promote violations of student conduct rules.
 - 5) to engage in illegal activity, such as gambling.
 - 6) in a manner contrary to copyright laws.
 - 7) in a manner contrary to software licenses.

- 5. Disclaimer. The technology resources are supplied on an "as is, as available" basis. The District does not imply or expressly warrant that any information accessed will be valuable or fit for a particular purpose or that the system will operate error free. The District is not responsible for the integrity of information accessed, or software downloaded from the Internet.
- 6. Filter. A technology protection measure is in place that blocks and/or filters access to prevent access to Internet sites that are not in accordance with policies and regulations. In addition to blocks and/or filters, the District may also use other technology protection measures or procedures as deemed appropriate.

Notwithstanding technology protection measures, some inappropriate material may be accessible by the Internet, including material that is illegal, defamatory, inaccurate, or potentially offensive to some people. Users accept the risk of access to such material and responsibility for promptly exiting any such material.

The technology protection measure that blocks and/or filters Internet access may be disabled only by an authorized staff member for bona fide research or educational purposes: (a) who has successfully completed District training on proper disabling circumstances and procedures, (b) with permission of the immediate supervisor of the staff member requesting said disabling, or (c) with the permission of the Superintendent. An authorized staff member may override the technology protection measure that blocks and/or filters Internet access for a minor to access a site for bona fide research or other lawful purposes provided the minor is monitored directly by an authorized staff member.

- 7. Monitoring. Use of the technology resources, including but not limited to internet sites visited and e-mail transmitted or received, is subject to monitoring by the administration and network administrators at any time to maintain the system and insure that users are using the system responsibly, without notice to the users. Users have no privacy rights or expectations

of privacy with regard to use of the District's computers or Internet system. All technology equipment shall be used under the supervision of the Superintendent and the Superintendent's designees.

8. Sanctions. Violation of the policies and procedures concerning the use of the District technology resources may result in suspension or cancellation of the privilege to use the technology resources and disciplinary action, up to and including expulsion of students and termination of employees. Use that is unethical may be reported to the Commissioner of Education. Use that is unlawful may be reported to the law enforcement authorities. Users shall be responsible for damages caused and injuries sustained by improper or non-permitted use.

Section 19 1 to 1 CHROMEBOOK INITIATIVE POLICIES AND PROCEDURES

Raymond Central Public Schools is proud to offer our students Chromebook devices for use at school. The 1 to 1 Chromebook program, which provides mobile computing and wireless technology to all grades 3-12 students, has been designed to enhance delivery and assist with individualized instruction.

For parents and students, the following information is provided to help everyone understand the expectations and **the responsibility of care and use related to receiving a Chromebook.**

- Students will receive instruction on the proper use and care of a Chromebook.
- Students will be able to access the Chromebook during the school year once the student and parent have signed the Chromebook Loan Agreement Form, The Student Handbook Receipt, and paid the required technology fee.
- Students are expected to treat the Chromebook as a valuable piece of equipment.
- Students must take all precautions to prevent theft; for example, do not leave the Chromebook unattended or in an unsafe place.
- Students must take precautions to prevent damage to the Chromebook; for example, do not leave the Chromebook where there is danger of coming into contact with moisture or excessive heat/cold temperatures.
- Students are to use the Chromebook to access only educationally and socially appropriate materials and websites.
- Students are to use the Chromebook in accordance with all Raymond Central Public Schools technology policies including all stipulations found on the Chromebook Loan Agreement Form.
- Chromebooks are property of Raymond Central Public Schools and must be returned at the end of the school year, upon withdrawal from Raymond Central Public Schools, and/or at the request of the administration. Willful failure to return the Chromebook in accordance with the stated conditions will result in criminal prosecution.
- Since the Chromebooks are property of the school district, officials of the school have the right to review all material stored on or accessed by any Chromebook and/or student. School officials may revoke a student's Chromebook privileges for any misuse or violation of policies.

Receiving Your Chromebook

Chromebooks will be assigned during our "Chromebook Orientation." At least one parent and student must attend an annual session for Chromebook orientation and information. Before being assigned a Chromebook, students and parents must sign and return the following items:

1. Chromebook Loan Agreement/Acceptable Use Form
2. Signed receipt of the Student/Parent Handbook
3. Pay technology fee

This equipment is, and at all times, remains the property of Raymond Central Public Schools of Raymond, Nebraska, and is here with lent to the Student/Borrower for educational purposes only for the academic school year.

Student/Borrower may not deface or destroy this property in any way. Inappropriate use of the Chromebook may result in the Student/Borrower losing his/her right to use this Chromebook. The equipment will be returned to the school when requested by Raymond Central Public Schools, or sooner, if the Student/Borrower withdraws from Raymond Central Public Schools prior to the end of the school year.

Nebraska statutes 79-737 and 79-2,127 allow the District to obtain reimbursement from, or on behalf of, students for any damage to, loss of, or failure to return school property.

Technology Left in Unlocked Areas

- Under no circumstances should Chromebooks or other technology equipment be left in unlocked areas. Do not leave unattended in locker areas, PE or athletic locker rooms, classrooms, commons areas, cafeteria, bathrooms, busses, or hallways. Any Chromebook left in these areas is in danger of being stolen.
- Lockers are always to be locked. Do not share your locker combination with anyone, including "best friends."
- Unsupervised Chromebook will be confiscated by staff and taken to the administrative office. Disciplinary action may result from Chromebooks being left without supervision. Each student is responsible for his or her Chromebook once it has been issued to the student.

Chromebooks in the Classroom

All students will have the opportunity to utilize their Chromebook in their daily learning. Students are reminded that the machines are school property and should be treated accordingly. Students using the Chromebook for inappropriate uses at home or school will conference with an administrator to determine an appropriate consequence. Section 20 SCHOOL VISITORS

All visitors to Raymond Central Public Schools are required to be buzzed into the building. Upon entering the building all visitors should report directly to the respective building office to sign in. We encourage parent visitation of classes and during lunch time but request that all parents that desire to visit classes or participate in lunch to make prior arrangements to ensure that we can facilitate the visit and to promote secure practices. No parent or visitor are to enter a class in session without permission of the Principal's office. Interruption of classroom processes to confer with a teacher or student is not allowed without proper authorization. Visitors by teenagers are generally discouraged and requires pre approval by the Principal's office.

Article 4 – Attendance

Section 1 ATTENDANCE POLICY

Regular and punctual student attendance is required. The Board's policies require such attendance, the administration is responsible for developing further attendance rules and regulations, and students and parents are responsible for developing behaviors which will result in regular and punctual student attendance. There is more on this in Article 2 of this publication.

ATTENDANCE PROCEDURES

School is a full-time job; therefore, students are expected to be in attendance for all classes throughout the school year. Students who are absent from school lose out on valuable explanations of material, interaction with their teachers and peers, and often perform at a level below their potential. The achievement of an outstanding attendance record should be a goal of every student.

Cooperation between the school officials and parents is critical in ensuring that students are in school. The parents must determine the validity of their child's absences from school and take the responsibility to notify the school when he or she is not in attendance. The school will document and inform parents in situations where absences are becoming detrimental to student achievement. State law requires that students not miss more than 20 days each year (10 days per semester is a guide), which we strictly follow.

REPORTING OF ABSENCES

If a child is going to be absent from school, parents/guardians are expected to call the school between 8 a.m. and 8:45 a.m. explaining the reason the child will be absent. Parents/Guardians must notify the school within 30 minutes of the start of the school day otherwise the student will be considered truant. Students will be counted tardy at 8:15 a.m., when the second morning bell rings. Students who arrive late or leave early will be counted as tardy/partial absence.

LATE ARRIVALS/EARLY DISMISSALS

Any time a student arrives late to school or leaves prior to regular dismissal time, he/she must report to the office to sign in/out and ensure that their guardian has contacted the office.

SCHOOL SPONSORED ABSENCES

Students who are going to miss class for school-sponsored field trips or activities (band, vocal, and athletics) must contact instructors prior to the activity and follow their directives.

Section 2 ATTENDANCE AND ABSENCES

Attendance Policy and Excessive Absenteeism

Regular and punctual student attendance is required. The administration is responsible for developing further attendance rules and regulations, and all staff are expected to implement this policy and administrative rules and regulations to encourage regular and punctual student attendance. The principals and teachers are required to maintain an accurate record of student attendance.

Attendance and Absences.

1. Circumstances of Absences - Definitions. The circumstances for all absences from school will be identified as School Excused or Not School Excused. Absences should be cleared through the Principal's office in advance whenever possible. All absences, except for illness and/or death in the family, require advance approval.
 - a. School Excused. Any of the following circumstances that lead to an absence will be identified as a *School Excused* absence, provided the required attendance procedures have been followed:
 - 1) Impossible or impracticable barriers outside the control of the parent or child prevent a student from attending school. The parent must provide the school with documentation to demonstrate the absence was beyond the control of the parent or child. This could include, but is not limited to documented illness, court, death of a family member, or suspension.
 - 2) Other absences as determined by the principal or the principal's designee.
 - b. Not School Excused. Absences that are not school excused may result in a report to the county attorney and may be classified as follows:
 - 1) Parent acknowledged absences are those in which the parent communicated with the school in the prescribed manner that the child is absent and is the parent's responsibility for the extent of the school day. This includes, but is not limited to, illness, vacations, and medical appointments.
 - 2) Other absences are those in which the parent has not communicated a reason for the student's absence.

2. Absence Procedure. In its Student Information System, the District may identify many different codes that provide greater definition to the circumstances of a child's absence, but all of the codes need to be identified to parents and students as fitting into one of the above defined absence circumstances.

Two school days will be allowed to make up work for each day missed, with a maximum of 10 days allowed to make up work.

3. Mandatory Ages of Attendance. A child is of mandatory age if the child will reach age 6 prior to January 1 of the then-current school year and has not reached 18 years of age.

Exceptions for Younger Students. Attendance is not mandatory for a child who has reached 6 years of age prior to January 1 of the then-current school year, but will not reach age 7 prior to January 1 of such school year, if the child's parent or guardian has signed and filed with the school district in which the child resides an affidavit stating either: (1) that the child is participating in an education program that the parent or guardian believes will prepare the child to enter grade one for the following school year; or (2) that the parent or guardian intends for the child to participate in a school which has elected or will elect pursuant to law not to meet accreditation or approval requirements and the parent or guardian intends to provide the Commissioner of Education with a statement pursuant to section 79-1601(3) on or before the child's seventh birthday.

4. Reporting and Responding to Excessive Absenteeism. Any administrator, teacher, or member of the board of education who knows of any failure on the part of any child of mandatory school attendance age to attend school regularly without lawful reason, shall within three days report such violation to the superintendent or such person(s) who the superintendent designates to be the attendance officer (hereafter, "attendance officer"). The attendance officer shall immediately cause an investigation into any such report to be made. The attendance officer shall also investigate any case when of his or her personal knowledge, or by report or complaint from any resident of the district, the attendance officer believes there is a violation of the compulsory attendance laws. The school shall render all services in its power to compel such child to attend some public, private, denominational, or parochial school, which the person having control of the child shall designate, in an attempt to address the problem of excessive absenteeism. Such services shall include, as appropriate, the services listed below under "Excessive Absenteeism" and "Reporting Excessive Absenteeism."

5. Excessive Absenteeism. Students who accumulate five (5) unexcused absences in a quarter shall be deemed to have "excessive absences." Such absences shall be determined on a per day basis for elementary students and on a per class basis for secondary students. When a student has excessive absences, the following procedures shall be implemented:

- a. Verbal or written communication by school officials with the person or persons who have legal or actual charge or control of any child; and
- b. One or more meetings between the school (a school attendance officer, a school administrator or his or her designee, and/or a social worker), the child's parent or guardian, and the child, when appropriate, to address the barriers to attendance. The result of the meeting or meetings shall be to develop a collaborative plan to reduce barriers identified to improve regular attendance. The plan shall consider, but not be limited to:
 - Illness related to physical or behavioral health of the child.
 - Educational counseling;
 - Educational evaluation;
 - Referral to community agencies for economic services;
 - Family or individual counseling; and
 - Assisting the family in working with other community services.

If the parent/guardian refuses to participate in such a meeting, the principal shall place documentation of such refusal in the child's attendance records.

6. Reporting Excessive Absenteeism to the County Attorney. The school may report to the county attorney of the county in which the person resides when the school has documented the efforts to address excessive absences, the collaborative plan to reduce barriers identified to improve regular attendance has not been successful, and the student has accumulated more than ten (10) absences per semester. The school shall notify the child's family in writing prior to referring the child to the county attorney. Illness that makes attendance impossible or impracticable shall not be the basis for referral to the county attorney. A report to the county attorney may also be made when a student otherwise accrues excessive absences as herein defined.

Section 3 TARDINESS

Tardy to School: Students are considered tardy if they arrive after 8:15 a.m.

Section 4 LEAVING SCHOOL

Students who must leave school for any reason during the school day must check out and sign out at the office before leaving. Students leaving school must be cleared in advance by a note or phone call from the student's parent or legal guardian. Upon returning to school that same day, students are expected to sign in at the office.

Article 5 - Scholastic Achievement and Student Recognition

Section 1 STUDENT ACADEMIC AND DISCIPLINE RECORDS

The Raymond Central Public Schools Board of Education authorizes the school staff to collect, maintain, secure and disseminate information of a personal nature on students and former students in compliance with the provisions of the "Family Educational Rights and Privacy Act of 1974" and Nebraska State Statutes.

No staff member, other than the Superintendent or principal, shall release information from a student's personal file and then only when the provisions of state and federal law have been followed. Release of student records to anyone other than professional staff, other schools, parents or guardians shall require a signed release of information. (Policy #5202)

Section 2 STUDENT PROGRESS/GRADING-ACADEMIC

The evaluation of student progress within each subject area shall be primarily the responsibility of the classroom teacher. Communicating student progress to parents shall be the responsibility of the building administrator and classroom teacher. Written reports of student progress should be sent to parents at the conclusion of each quarter. Additional reporting of student progress is encouraged whenever progress or lack of progress is of an unusual nature.

Section 3 ACADEMIC INTEGRITY

Students are expected to abide by the standards of academic integrity established by their teachers and school administration. Standards of academic integrity are established in order for students to learn as much as possible from instruction, for students to be given grades which accurately reflect the student's level of learning and progress, to provide a level playing field for all students, and to develop appropriate values.

Cheating and plagiarism violate the standards of academic integrity. Academic integrity offenses are a violation of school rules. Sanctions will be imposed against students who engage in such conduct. Sanctions may include a grade of zero, notification to parents/guardians, disciplinary measures up to and/or including expulsion. (Policy #5101) Please see pages 21-31 for more details.

Section 4 PUPIL PROGRESS

Parent-Teacher Conferences

Conferences for elementary children will be held a minimum of twice yearly. During these conferences, report cards will be distributed and the student's progress will be discussed. We utilize an online system for parents to sign up for conferences. Prior to each conference date, notice will be given to parents to sign up via the system. Parents who do not have online access may request assistance by calling the school office. We feel strongly that parent-teacher conferences are vital to the communication and understanding between home and school. All parents are encouraged to attend school-initiated conferences. If questions and/or concerns arise during the school year, please contact your child's teacher and request a conference.

Student-Led-Teacher Conferences

Some teachers may use this conference format. The strength of this format encourages the student to take more responsibility for his/her achievement. Generally a student portfolio will accompany this conference format where specific samples of student work show growth over time.

Report Cards/Portfolios

The report card is only one means of informing parents about their child's development in school. Grading periods of approximately nine (9) weeks shall be used four (4) times per year. Report cards are distributed at parent-teacher conferences or are sent home with the student. A portfolio is a collection of your child's work. These collections will be shared with both parents and students. Portfolios and other types of authentic assessments will be used to provide more information about your child's academic progress.

Promotion and Retention

Students will typically progress annually from grade to grade. A student may be retained at a grade level or be required to repeat a course or program when such is determined in the judgment of the Principal, in consultation with the student's teachers and counselor, to be appropriate for the educational interests of the student and the school's educational program. (Policy #5201)

Section 5 NEBRASKA STATE ASSESSMENT REQUIREMENTS

All students in grades 3-8 will be required to take a Nebraska assessment (NSCAS Growth). Students in Kindergarten through 5th Grade will be assessed through the FastBridge Assessment System in reading, and students performing below grade level in grades K-3 will be recommended for an individualized reading plan.

Article 6 - Support Services

Section 1 SPECIAL EDUCATION IDENTIFICATION AND PLACEMENT PROCEDURES

What Does Special Education Mean?

Special education means educational experiences, curriculum and services, including transportation, through the use of staff, facilities, equipment and classrooms which have been adapted to provide special instruction for students with disabilities. In addition, special education provides the support services necessary for evaluation, placement and instruction for students with disabilities. These services are free to parents, unless they elect to place their child in a program other than one approved by the school district.

How are Students with Disabilities Identified?

The first step is for parents to provide written permission to have their child evaluated. The request for permission will include a description of the action to be taken and a description of each evaluation procedure. Written statements showing the results of the evaluation and the reasons for placement in a special education program must be kept on file. Within 30 days after a student has been verified as having a disability, a conference will be held with parents. Advance notice will be given. At the conference, an Individual Education Program (IEP) will be developed.

Students Who May Benefit

A student verified as having autism, behavior disorder, hearing impairment, mental handicap, orthopedic impairment, other health impairment, specific learning disability, speech language impairment, traumatic brain injury, or visual handicap may be placed in regular education with support services or may benefit from a special education classroom or service.

Independent Evaluation

If a parent disagrees with an evaluation completed by the school district, the parent has a right to request an independent educational evaluation at public expense. Parents should direct inquiries to school officials to determine if the school district will arrange for further evaluation at public expense. If school district officials feel the original evaluation was appropriate and the parents disagree, a due process hearing may be initiated. If it is determined that the original evaluation was appropriate, parents still have the right to an independent educational evaluation at their own expense.

Reevaluation

Students identified for special education will be reevaluated at least every three years by the IEP team. The IEP team will review existing evaluation data on the student and will identify what additional data, if any, are needed. The school district shall obtain parental consent prior to conducting any reevaluation of a student with a disability.

Individual Education Program (IEP)

Each student with a disability must have a written IEP prepared by the staff in cooperation with parents specifying programs and services which will be provided by the schools. If necessary, the district will arrange for interpreters or other assistants to help parents in preparing and understanding the IEP. Once in place, the program is reviewed on a regular basis with the parent.

An IEP is developed in a conference setting. Parents will be notified of the persons who will be in attendance. The IEP conference shall include at least the following:

1. A representative of the school district;
2. An individual who can interpret the instructional implications of evaluation results;
3. One or both parents;
2. The child (when appropriate);
3. At least one regular education teacher if the child is, or may be participating in the regular education environment;
4. At least one special education teacher;
5. A representative of the nonpublic school if the child is attending a nonpublic school;
6. A representative of a service agency if the child is receiving services from an approved service agency; and
7. Other individuals, at the discretion of the parent or school district.
8. It is permissible for parents to bring other persons to the IEP meeting, but it is a good idea to inform the school before the scheduled meeting. The school district will provide parents with a copy of the IEP.

Special Education Placement

The student's placement in a special education program is dependent on the student's educational needs as outlined in the Individual Education Program (IEP). The school district must assure that students with disabilities are educated with students who do not have disabilities, to the maximum extent possible. Students are entitled to have supplementary aids and services to help them in a regular educational setting. Students with disabilities may be placed in special classes, separate schools or other situations outside the regular educational environment when the nature of the child's needs require specialized educational techniques which are not available in current settings. Determination of a student's educational placement will be made by a team of persons who knows the student and who understands the tests and procedures that assess the student's learning abilities. Team members know the available programs and services which might help the student. Parents are asked for written consent to

determine whether or not they approve the educational placement recommended for their child. If the parent does not speak English or is hearing impaired, an interpreter may be requested. Written notice shall be given to parents a reasonable time before the school district: 1. Proposes to initiate or change the identification, evaluation, verification or educational placement of a child or the provision of a free appropriate public education; or 2. Refuses to initiate or change the identification, evaluation, or educational placement of the child or the provision of a free appropriate public education to the child.

Alternative Programs

Parents have a right to know about available private and public programs, other than those offered by the schools. The school district staff will provide information about those programs on request. If parents place the student in one of those programs, however, the school district is not required to pay for the student's education.

Transportation of Students Receiving Special Education

The district special education staff will make arrangements for transportation for eligible students to the extent such is required by the student's IEP. Students assigned to special education programs requiring attendance at schools outside their regular attendance area will be transported. Special conditions may warrant that special education students receive transportation to their assigned schools. If parents are dissatisfied with a transportation decision, they may contact the Superintendent for a review.

Access to Student Records

Parents have the right to inspect and review any education records relating to their child which are collected, maintained or used by the school district in providing educational services.

Nonpublic School Students

Students in state-approved nonpublic schools may participate in special education programs in the same manner as public school students.

Parental Review of Programs

Parents who want to review their child's placement for any reason should request an IEP team meeting. If parents are not satisfied with the results of the conference, they may appeal to the Nebraska Department of Education for a formal hearing to be conducted by a state hearing officer. Parents dissatisfied by the findings and decisions made in a state level hearing have the right to bring civil action.

Plans and Budget

With the exception of personally identifiable student records, district special education plans and budgets are available for public inspection.

This is a summary of the Raymond Central Public Schools district plan for special education students. Anyone interested in obtaining a copy of the complete district policy or a copy of the Nebraska Department of Education Rule 51 (complaint procedures) or Rule 55 (appeal procedures) may contact the Superintendent at the Raymond Central Public Schools District Offices.

Section 2 GUIDANCE SERVICES

The Raymond Central Public Schools employs guidance counselor(s) for the purpose of implementing and facilitating a comprehensive guidance program as directed by the state of Nebraska which includes; assisting with the district's testing program, scheduling, and vocational exploration. The guidance program also allows for students to discuss problems as well as resolve conflicts. If you wish to see a counselor, stop by a counselor's office and make arrangements for an appointment.

Section 3 HEALTH SERVICES

Student Illnesses

School health personnel will notify parents when a student needs to be sent home from school due to illness. Conditions requiring a student be sent home include: Temperature greater than 100°F., vomiting, diarrhea, unexplained rashes, live head lice, or on determination by the school nurse that the child's condition prevents meaningful participation in the educational program, presents a health risk to the child or others, or that medical consultation is warranted unless the condition resolves. Please include emergency daytime phone numbers on your child's enrollment card so that you can be reached if your child becomes ill or injured while at school. Please also inform your school health office staff of health related information you feel is important for your student's success in the classroom and/or safety at school.

Guidelines for Administering Medication

Whenever possible your child should be provided medications by you outside of school hours. In the event it is necessary that the child take or have medication available at school, the parents/guardians must provide a signed written consent for the child to be given medication at school. A consent form is available at the school health office. If a student requests to take "over-the-counter" medication, a permission form must be signed by the parents and must be returned to the office before the medication can be administered. If a form has not been completed, the office must obtain verbal consent via phone from the parent/guardian.

Students are encouraged to bring their own “over-the-counter” medication. **The school does not supply any medication.** Medications must be provided to the school by the parent/guardian in the pharmacy-labeled or manufacturer-labeled bottle. Repackaged medications will not be accepted. All medications also require a physician’s authorization to be given at school. The school nurse may limit medications to those set forth in the Physician’s Desk Reference (PDR). Please limit the amount of medication provided to the school to a two-week supply.

School Health Screening

Children in Preschool and Kindergarten through fourth grade, as well as children in seventh and tenth grade are screened for vision, hearing, dental defects, height and weight. Students entering the Student Assistance Process at any grade level, and those about whom health concerns are identified to the school nurse may also be screened. Parents are notified of any health concerns as they are identified. Parents who do not wish their child to participate in the school screening program must communicate this in writing to the school health office where their child attends at the start of the school year. Because Nebraska statutes require school-age screening, parents who remove their child from the screening program must submit findings from an alternate medical provider to the school by December 1.

Physical Examination

Evidence of a physical examination by a qualified physician is required within six months prior to the entrance of the child into any Early Childhood Special Education classes, kindergarten and the seventh grade, or in the case of transfer from out of state to any other grade. A parent or guardian who objects may submit a written statement of refusal for his or her child. The statement will be kept in the student’s file. Waiver forms are available in the school health office.

Updated 1/25/2017

Students must show proof of immunization upon enrollment in Raymond Central Public Schools. Any student who does not comply with the immunization requirements will not be permitted to continue in school. Students with medical conditions or

sincerely held religious beliefs which do not allow immunizations may complete a waiver statement which is available in school health offices.

Students with a signed waiver statement may be excluded from school in the event of a disease outbreak.

Birth Certificate Requirements

State law requires that a certified copy of a student's birth certificate be used when enrolling a new student in school. If your child is registering with Raymond Central Public Schools for the first time, you may obtain this document from the Bureau of Vital Statistics in the state in which your child was born. Assistance in obtaining birth certificates may be obtained from Health Records Management, P.O. Box 95065, Lincoln, NE 68509-5065. There is a fee per certificate.

Please note: The document parents receive from the hospital looks like a birth certificate, but it is not a certified copy. A certified copy has the raised seal of the state of Nebraska on it and is signed by the director of vital statistics.

If a birth certificate is unavailable, other reliable proof of a student's identity may be used. These documents could include naturalization or immigration documents showing date of birth or official hospital birth records, a passport, or a translation of a birth certificate from another country. The documents must be accompanied by an affidavit explaining the inability to produce a copy of the birth certificate.

Guidelines for Head Lice

The following guidelines are in place to: better control a nuisance condition; reduce absenteeism due to head lice; and involve parents as partners with the school in control efforts:

1. Children will be sent home from school for live head lice. In the event the child has TWO cases of live lice in a semester, he or she will be sent home until free of both live lice and nits (eggs).
2. Health office staff will provide written treatment information and instructions, including how to check and identify head lice*.
3. A child who is sent home from school for head lice should miss no more than two school days.
2. A child who has been sent from school due to head lice must come to the health office for inspection before returning to class.
3. A child who returns to class with nits (eggs) will be checked again in 7-10 days.
4. Families are encouraged to report head lice to the school health office.
5. Individual buildings will perform classroom-wide or school-wide head checks as needed in order to control the condition at school.

*Nit removal will be emphasized for effective management of the condition. For more information, call the nurse.

Physical Restrictions

Any restrictions on a student's participation because of illness or injury in physical education or other classes which requires physical activity should be communicated to the instructor, preferably in writing. If a student is unable to participate in an activity class, he or she will be restricted from active participation in athletic, dance squad or cheerleader practices. Coaches will be informed by the classroom teacher of any temporary restriction on activity.

Abortion Notification Law

In 1991, the Nebraska Legislature passed a bill that may impact you if you are under the age of 18. If you get pregnant, you will not be able to get an abortion without having your parents notified. In the event that you do not wish to have your parents notified, you may appear before a judge and explain why you do not feel your parents should be notified.

Guidelines for Pregnant and Parenting Students

Raymond Central Public Schools recognizes that pregnant and parenting students have the right and responsibility to attend school. This attendance right and responsibility applies to students regardless of their marital or parental status. Further, the district will educate pregnant and parenting students and will provide reasonable accommodations to support and encourage all pregnant and parenting students to obtain their high school diploma. No student will be excluded from, denied the benefit of, or discriminated against under any educational program or activity because of pregnancy or parenting responsibilities.

Attendance and Leave of Absences

Pregnant and parenting students will be permitted to attend to their own health care, their child's medical care, or other pregnancy- or parenting- related appointments with the benefit of having any such absences or tardiness excused. A student will be permitted to take a leave of absence for pregnancy, childbirth, and any other pre- and post-natal related medical needs, along with recovery therefrom for the duration that is deemed medically necessary by the student's licensed health care provider. At the conclusion of the leave of absence, a student will be immediately enrolled in the district at the same grade and status as when the leave began. Pregnant and parenting students shall be allowed to participate in all activities including extracurricular activities throughout the student's pregnancy and thereafter unless the district deems such participation poses a substantial risk of injury

to the student or to others. A pregnant and parenting student may be asked to obtain certification from the student's licensed healthcare provider regarding the student's safe participation in an extracurricular activity when such certification is required of students for other conditions which require the attention of a licensed healthcare provider.

Any absences accumulated due to pregnancy or pregnancy-related conditions, or care for an ill child, should not count towards any district policies in effect under compulsory attendance requirements. Pregnant and parenting students with excused absences or tardiness shall be treated like all other students with excused absences or tardiness for any other medical reasons.

Pregnant and parenting students will be provided with assignments, classwork and any additional support needed to ensure that the student can keep up with class requirements when absent for pregnancy or parenting-related absences.

Alternative Means to Complete Course Work

The district will provide at least one alternate method, in addition to traditional classroom instruction, to keep pregnant and parenting students in school. Such accommodation(s) may include accessing coursework on-line, home-based independent study, or at-home tutoring. Alternative methods of instruction or other alternative program for pregnant and parenting students are voluntary for the student who may elect whether to engage in an alternative method of instruction or the traditional methods of instruction available to their peers. Pregnant and parenting students shall be allowed to attend their regular classrooms and complete regular coursework.

Lactation

The district will provide reasonable time and space to accommodate lactating students to express breast milk or breastfeed during the school day. Such accommodations will be in a location, other than a bathroom or closet, that is private, clean, has an electrical outlet, a chair and is reasonably accessible. Students shall also be provided a food safe refrigerator to store breast milk safely.

Child Care

If in-school child care is not provided, a list of qualified licensed child care providers will be provided upon request to pregnant or parenting students. Such list will be updated annually and include providers that participate in the quality rating and improvement system and meet all of the quality rating criteria for at least a step three rating pursuant to the Step Up to Quality Child Care Act. Nothing in this policy is intended to prohibit or limit any referral for a student or a student's child to an early head start program or any other available community resources.

Privacy and Confidentiality

Pregnant and parenting students have the right to have their health and personal information kept confidential in accordance with law. School staff will make every effort to keep personal information and health records confidential and in compliance with Nebraska and federal law.

Information about students' pregnancies and related conditions will not appear in their cumulative records and will not be used when they are being considered for educational or job opportunities, awards or scholarships.

Other Accommodations

Pregnant and parenting students may request additional reasonable accommodations to ensure continued participation and enrollment in school. Accommodation requests will be evaluated on a case-by-case basis. Such accommodations may include but are not limited to: additional frequency allowed for bathroom breaks, additional time allowed in between class periods, a larger desk or additional work space, and adjustments to requirements for physical education as needed. Students seeking additional reasonable accommodation should make such requests to the building principal.

Bullying and Harassment

Pregnant and parenting students have the same rights as other students to be free from discrimination, bullying, and harassment. Such school policies are incorporated herein and apply to all students.

Section 4 TITLE I READING

This program is offered to students in grades 1-3 who have specific needs in the area of reading. The program is designed to help each student gain and retain basic skills in reading. The program targets students in grades 1-3.. Both pullout and inclusion practices are used. The program is federally funded and meets all federal guidelines.

Section 5 PARENT POWERSCHOOL ACCESS

Authorized parent(s) and/or guardian(s) have access to various items of their child's school records via the web. Some of the available items are: Attendance records, Discipline/Behavior records, Assignments, Report Card Grades, Student Class Schedule, Student Progress and Transcripts. Each school within a district will have the ability to determine what is displayed for their school, both modules and fields. Only modules available for that school will display.

Users will create an id and password the first time that they go to the web-site. A single user id may have access to multiple children or a single child. There may be multiple users with access to the same child.

Section 6 FOOD SERVICE PROGRAM

Lunches are available to students and patrons visiting the school. Students wishing to leave school grounds for lunch may do so with parent permission. Students eating at school may not leave the school grounds without permission of the administration. School meals are available for those who wish to purchase meals on a weekly or monthly basis. Milk may also be purchased. Information concerning lunch and milk prices will be disseminated to parents at the beginning of the school year. Federal guidelines regarding food service is found later in this handbook. Our computerized accounting system informs parents when accounts are low. If a memo or email notification is received noting a low account balance, please remit additional funds immediately.

Parents and/or visitors are welcome to join their children for lunch. However, Raymond Central Elementary requests that the school hot lunch be purchased or a sack lunch be brought in. Lunches from fast food restaurants and soda are not permitted. Soda drinks are not allowed in the lunchroom. The District is committed to ensuring that all foods and beverages available to students on the school campus during the school day support healthy eating in compliance with the District Wellness Policy (Policy #5417). **If parents/guardians would like to visit school and have lunch with students, please call the school to order lunch on that day.**

Section 7 STUDENT FEES POLICY

The Board of Education of Raymond Central Public Schools adopts the following student fees policy in accordance with the Public Elementary and Secondary Student Fee Authorization Act.

The District's general policy is to provide for the free instruction in school in accordance with the Nebraska Constitution and state and federal law. This generally means that the District's policy is to provide free instruction for courses which are required by state law or regulation and to provide the staff, facility, equipment, and materials necessary for such instruction, without charge or fee to the students.

The District does provide activities, programs, and services to children which extend beyond the minimum level of constitutionally required free instruction. Students and their parents have historically contributed to the District's efforts to provide such activities, programs, and services. The District's general policy is to continue to encourage and, to the extent permitted by law, to require such student and parent contributions to enhance the educational program provided by the District.

Under the Public Elementary and Secondary Student Fee Authorization Act, the District is required to set forth in a policy its guidelines or policies for specific categories of student fees. The District does so by setting forth the following guidelines and policies. This policy is subject to further interpretation or guidance by administrative or Board regulations which may be adopted from time to time.

1. Guidelines for non-specialized attire required for specified courses and activities. Students have the responsibility to furnish and wear non-specialized attire meeting general District grooming and attire guidelines, as well as grooming and attire guidelines established for the building or programs attended by the students or in which the students participate. Students also have the responsibility to furnish and wear non-specialized attire reasonably related to the programs, courses and activities in which the students participate where the required attire is specified in writing by the administrator or teacher responsible for the program, course or activity.

The District will provide or make available to students such safety equipment and attire as may be required by law, specifically including appropriate industrial-quality eye protective devices for courses of instruction in vocational, technical, industrial arts, chemical or chemical-physical classes which involve exposure to hot molten metals or other molten materials, milling, sawing, turning, shaping, cutting, grinding, or stamping of any solid materials, heat treatment, tempering, or kiln firing of any metal or other materials, gas or electric arc welding or other forms of welding processes, repair or servicing of any vehicle, or caustic or explosive materials, or for laboratory classes involving caustic or explosive materials, hot liquids or solids, injurious radiations, or other similar hazards. Building administrators are directed to assure that such equipment is available in the appropriate classes and areas of the school buildings, teachers are directed to instruct students in the usage of such devices and to assure that students use the devices as required, and students have the responsibility to follow such instructions and use the devices as instructed.

2. Personal or consumable items & miscellaneous.

- a. Extracurricular Activities. Students have the responsibility to furnish any personal or consumable items for participation in extracurricular activities.
- b. Courses

- i. General Course Materials. Items necessary for students to benefit from courses will be made available by the District for the use of students during the school day. Students may be encouraged, but not required, to bring items needed to benefit from courses including, but not limited to, pencils, paper, pens, erasers, notebooks, trappers, protractors and math calculators. A specific class supply list will be published annually in a Board-approved student handbook or supplement or other notice. The list may include refundable damage or loss deposits required for usage of certain District property.
 - ii. Damaged or Lost Items. Students are responsible for the careful and appropriate use of school property. Students and their parents or guardians will be held responsible for damages to school property where such damage is caused or aided by the student and will also be held responsible for the reasonable replacement cost of school property which is placed in the care of and lost by the student.
 - iii. Materials Required for Course Materials. Students are permitted to and may be encouraged to supply materials for course projects. Some course projects (such as projects in art and shop classes) may be kept by the student upon completion. In the event the completed project has more than minimal value, the student may be required, as a condition of the student keeping the completed project, to reimburse the District for the reasonable value of the materials used in the project. Standard project materials will be made available by the District. If a student wants to create a project other than the standard course project, or to use materials other than standard project materials, the student will be responsible for furnishing or paying the reasonable cost of any such materials for the project.
 - iv. Music Course Materials. Students will be required to furnish musical instruments for participation in optional music courses. Use of a musical instrument without charge is available under the District's fee waiver policy. The District is not required to provide for the use of a particular type of musical instrument for any student.
 - v. Parking. Students may be required to pay for parking on school grounds or at school-sponsored activities, and may be subject to payment of fines or damages for damages caused with or to vehicles or for failure to comply with school parking rules.
3. Extracurricular Activities-Specialized equipment or attire. Extracurricular activities means student activities or organizations which are supervised or administered by the District, which do not count toward graduation or advancement between grades, and in which participation is not otherwise required by the District. The District will generally furnish students with specialized equipment and attire for participation in extracurricular activities. The District is not required to provide for the use of any particular type of equipment or attire. Equipment or attire fitted for the student and which the student generally wears exclusively, such as dance squad, cheerleading, and music/dance activity (e.g. choir or show choir) uniforms and outfits, along with T-shirts for teams or band members, will be required to be provided by the participating student. The cost of maintaining any equipment or attire, including uniforms, which the student purchases or uses exclusively, shall be the responsibility of the participating student. Equipment which is ordinarily exclusively used by an individual student participant throughout the year, such as golf clubs, softball gloves, and the like, are required to be provided by the student participant. Items for the personal medical use or enhancement of the student (braces, mouth pieces, and the like) are the responsibility of the student participant. For musical extracurricular activities, students may be required to provide specialized equipment, such as musical instruments, or specialized attire, or for paying a reasonable usage cost for such equipment or attire.
 4. Extracurricular Activities-Fees for participation. Any fees for participation in extracurricular activities for the school year are further specified in Appendix "1." Admission fees are charged for extracurricular activities and events.
 5. Postsecondary Education Costs. Students are responsible for postsecondary education costs. The phrase "postsecondary education costs" means tuition and other fees only associated with obtaining credit from a postsecondary educational institution. For a course in which students receive high school credit and for which the student may also receive postsecondary education credit, the course shall be offered without charge for tuition, transportation, books, or other fees, except tuition and other fees associated with obtaining credits from a postsecondary educational institution.
 6. Transportation Costs. Students are responsible for fees established for transportation services provided by the District as and to the extent permitted by federal and state laws and regulations.
 7. Copies of Student Files or Records. The Superintendent or the Superintendent's designee shall establish a schedule of fees representing a reasonable cost of reproduction for copies of a student's files or records for the parents or guardians of such student. A parent, guardian or student who requests copies of files or records shall be responsible for the cost of copies reproduced in accordance with such fee schedule. The imposition of a fee shall not be used to prevent parents of students from exercising their right to inspect and review the students' files or records and no fee shall be charged to search for or retrieve any student's files or records. The fee schedule shall permit one copy of the requested records be provided for or on behalf of the student without charge and shall allow duplicate copies to be provided without charge to the extent required by federal or state laws or regulations.

8. Participation in Before-and-After-School or Pre-kindergarten Services. Students are responsible for fees required for participation in before-and-after-school or pre-kindergarten services offered by the District, except to the extent such services are required to be provided without cost.

Students are also responsible for the cost of food, beverages, and personal or consumable items which the students purchase from the District or at school, whether from a "school store," a vending machine, a booster club or parent group sale, a book order club, or the like. Students may be required to bring money or food for field trip lunches and similar activities.

Students who qualify for free or reduced-price lunches under United States Department of Agriculture child nutrition programs shall be provided a fee waiver or be provided the necessary materials or equipment without charge for: (1) participation in extracurricular activities and (2) use of a musical instrument in optional music courses that are not extracurricular activities. Participation in a free-lunch program or reduced-price lunch program is not required to qualify for free or reduced price lunches for purposes of this section. Students or their parents must request a fee waiver prior to participating in or attending the activity, and prior to purchase of the materials.
12. Distribution of Policy. The Superintendent or the Superintendent's designee shall publish the District's student fee policy in the Student Handbook or the equivalent (for example, publication may be made in an addendum or a supplement to the student handbook). Article 8 - Student Rights, Conduct, Rules and Regulations

Section 1 STUDENT CONDUCT AND DISCIPLINE POLICIES

The common goal of students, parents, faculty and administration of Raymond Central Public Schools is to maintain a school atmosphere which is conducive to learning. In order to achieve this, Raymond Central Public Schools will continue to review and distribute a set of reasonable and fair rules and policies. VIOLATIONS OF THE RAYMOND CENTRAL PUBLIC SCHOOL'S RULES AND POLICIES WILL RESULT IN DISCIPLINARY ACTION.

A. Development of Uniform Discipline System. It shall be the responsibility of the Superintendent to develop and maintain a system of uniform discipline. The discipline which may be imposed includes actions which are determined to be reasonably necessary to aid the student, to further school purposes, or to prevent interference with the educational process, such as (without limitation) counseling and warning students, parent contacts and parent conferences, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling upon written consent of the parent or guardian, or in-school suspension. The discipline may also include out-of-school suspension (short-term or long-term) and expulsion.

1. Emergency Exclusion.

A student may be excluded from school in the following circumstances:

- a) If the student has a dangerous communicable disease transmissible through normal school contacts and poses an imminent threat to the health or safety of the school community; or
- b) If the student's conduct presents a clear threat to the physical safety of himself, herself, or others, or is so extremely disruptive as to make temporary removal necessary to preserve the rights of other students to pursue an education.

Any emergency exclusion shall be based upon a clear factual situation warranting it and shall last no longer than is necessary to avoid the dangers described above.

If the emergency exclusion will be for five school days or less, the procedures for a short-term suspension shall be followed. If the Superintendent or his or her designee determines that an emergency exclusion shall extend beyond five days, a hearing is to be held and a final determination made within ten school days after the initial date of exclusion. Such procedures shall substantially comply with the procedures set forth in this policy for a long-term suspension or expulsion, and be modified only to the extent necessary to accomplish the hearing and determination within this shorter time period.

2. Short-Term Suspension:

Students may be excluded by the Principal or the Principal's designee from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

- a) Conduct that constitutes grounds for expulsion, whether the conduct occurs on or off school grounds; or
- b) Other violations of rules and standards of behavior adopted by the Board of Education or the administrative or teaching staff of the school, which occur on or off school grounds, if such conduct interferes with school purposes or there is a nexus between such conduct and school.

The following process will apply to short-term suspensions:

- a) The Principal or the Principal's designee will make a reasonable investigation of the facts and circumstances. A short-term suspension will be made upon a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
- b) Prior to commencement of the short-term suspension, the student will be given oral or written notice of the charges against the student. The student will be advised of what the student is accused of having done, an explanation of the evidence the authorities have, and be afforded an opportunity to explain the student's version of the facts.
- c) Within 24 hours or such additional time as is reasonably necessary following the suspension, the Principal or administrator will send a written statement to the student and the student's parent or guardian describing the student's conduct, misconduct or violation of the rule or standard and the reasons for the action taken.
- d) An opportunity will be given to the student, and the student's parent or guardian, to have a conference with the Principal or administrator ordering the short-term suspension before or at the time the student returns to school. The Principal or administrator shall determine who in addition to the parent or guardian is to attend the conference.
- e) A student who on a short-term suspension shall not be permitted to be on school grounds without the express permission of the Principal.

3. Long-Term Suspension:

A long-term suspension means an exclusion from school and any school functions for a period of more than five school days but less than twenty school days. A student who on a long-term suspension shall not be permitted to be on school grounds without the express permission of the Principal. A notice will be given to the student and the parents/guardian when the Principal recommends a long-term suspension. The notice will include a description of the procedures for

long-term suspension; the procedures will be those set forth in the Student Discipline Act.

4. **Expulsion:**

- a) **Meaning of Expulsion.** Expulsion means exclusion from attendance in all schools, grounds and activities of or within the system for a period not to exceed the remainder of the semester in which it took effect unless the misconduct occurred **(a)** within ten school days prior to the end of the first semester, in which case the expulsion shall remain in effect through the second semester, **or (b)** within ten school days prior to the end of the second semester, in which case the expulsion shall remain in effect for summer school and the first semester of the following school year, **or (c)** unless the expulsion is for conduct specified in these rules or in law as permitting or requiring a longer removal, in which case the expulsion shall remain in effect for the period specified therein. Such action may be modified or terminated by the school district at any time during the expulsion period.
- b) A student who has been expelled shall not be permitted to be on school grounds without the express permission of the Principal. A notice will be given to the student and the parents/guardian when the Principal recommends an expulsion. The notice will include a description of the procedures for expulsion; the procedures will be those set forth in the Student Discipline Act.
 - i. **Suspensions Pending Hearing.** When a notice of intent to discipline a student by long-term suspension, expulsion, or mandatory reassignment is filed with the superintendent, the student may be suspended by the principal until the date the long-term suspension, expulsion, or mandatory reassignment takes effect if no hearing is requested or, if a hearing is requested, the date the hearing examiner makes the report of his or her findings and a recommendation of the action to be taken to the superintendent, if the principal determines that the student must be suspended immediately to prevent or substantially reduce the risk of **(a)** interference with an educational function or school purpose **or (b)** a personal injury to the student himself or herself, other students, school employees, or school volunteers.
 - ii. **Summer Review.** Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year in accordance with law. Alternative Education- Students who are expelled may be provided an alternative education program that will enable the student to continue academic work for credit toward graduation. In the event an alternative education program is not provided, a conference will be held with the parent, student, the principal or another student representative assigned by the principal, and a representative of the community organization that assists young people or that is involved with juvenile justice to develop a plan for the student in accordance with the law.
 - iii. **Alternative Education.** Students who are expelled may be provided an alternative education program that will enable the student to continue academic work for credit toward graduation. In the event an alternative education program is not provided, a conference will be held with the parent, student, the Principal or another school representative assigned by the Principal, and a representative of a community organization that assists young people or that is involved with juvenile justice to develop a plan for the student in accordance with law.
 - iv. **Suspension of Enforcement of an Expulsion:** Enforcement of an expulsion action may be suspended (i.e., “stayed”) for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect. As a condition of such suspended action, the student and parents will be required to sign a discipline agreement.
 - v. **Students Subject to Juvenile or Court Probation.** Prior to the readmission to school of any student who is less than nineteen years of age and who is subject to the supervision of a juvenile probation officer or an adult probation officer pursuant to the order of the District Court, County Court, or Juvenile Court, who chooses to meet conditions of probation by attending school, and who has previously been expelled from school, the Principal or the Principal’s designee shall meet with the student’s probation officer and assist in developing conditions of probation that will provide specific guidelines for behavior and consequences for misbehavior at school (including conduct on school grounds and conduct during an educational function or event off school grounds) as well as educational objectives that must be achieved. If the guidelines, consequences, and objectives provided by the Principal or the Principal’s designee are agreed to by the probation officer and the student, and the court permits the student to return to school under the agreed to conditions, the student may be permitted to return to school. The student may with proper consent, upon such return, be evaluated by the school for possible disabilities and may be referred for evaluation for possible placement in a special education program. The student may be expelled or otherwise disciplined for subsequent conduct as provided in Board policy and state statute.

5. Other Forms of Student Discipline:

Administrative and teaching personnel may also take actions regarding student behavior, other than removal of students from school, which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but are not be limited to, counseling of students, parent conferences, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. The actions may also include in-school suspensions. When in-school suspensions, after-school assignments, or other disciplinary measures are assigned, the student is responsible for complying with such disciplinary measures. Failure to serve such assigned discipline as directed will serve as grounds for further discipline, up to expulsion from school.

B. Student Conduct Expectations. Students are not to engage in conduct which causes or which creates a reasonable likelihood that it will cause a substantial disruption in or material interference with any school function, activity or purpose or interfere with the health, safety, well-being or rights of other students, staff or visitors.

C. Grounds for Short-Term Suspension, Long-Term Suspension, Expulsion or Mandatory Reassignment. The following conduct has been determined by the Board of Education to have the potential to seriously affect the health, safety or welfare of students, staff and other persons or to otherwise seriously interfere with the educational process. Such conduct constitutes grounds for long-term suspension, expulsion, or mandatory reassignment, and any other lesser forms of discipline. The conduct is subject to the consequence of long-term suspension, expulsion, or mandatory reassignment where it occurs on school grounds, in a vehicle owned, leased, or contracted by the school and being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or an employee's designee, or at a school-sponsored activity or athletic event.

1. Willfully disobeying any reasonable written or oral request of a school staff member, or the voicing of disrespect to those in authority.
2. Use of violence, force, coercion, threat, intimidation, harassment, or similar conduct in a manner that constitutes a substantial interference with school purposes or making any communication that reasonable recipient would interpret as a serious expression of an intent to harm or cause injury to another.
3. Willfully causing or attempting to cause substantial damage to property, stealing or attempting to steal property of substantial value, repeated damage or theft involving property, or setting or attempting to set a fire of any magnitude.
4. Causing or attempting to cause personal injury to any person, including any school employee, school volunteer, or student. Personal injury caused by accident, self-defense, or other action undertaken on the reasonable belief that it was necessary to protect some other person shall not constitute a violation of this subdivision.
5. Threatening or intimidating any student for the purpose of or with the intent of obtaining money or anything of value from such student or making a threat which causes or may be expected to cause a disruption to school operations.
6. Knowingly possessing, handling, or transmitting any object or material that is ordinarily or generally considered a weapon or that has the appearance of a weapon or bringing or possessing any explosive device, including fireworks.
7. Engaging in selling, using, possessing or dispensing of alcohol, tobacco, narcotics, drugs, controlled substance, or an inhalant; being under the influence of any of the above; possession of drug paraphernalia, or the selling, using, possessing, or dispensing of an imitation controlled substance as defined in section 28-401 of the Nebraska statutes, or material represented to be alcohol, narcotics, drugs, a controlled substance or inhalant. Tobacco means any tobacco product (including but not limited to cigarettes, cigars, and chewing tobacco), vapor products, (such as e-cigarettes), alternative nicotine products, tobacco product lookalikes and products intended to replicate tobacco products either by appearance or effect. Use of a controlled substance in the manner prescribed for the student by the student's physician is not a violation. The term "under the influence" has a less strict meaning than it does under criminal law; for school purposes, the term means any level of impairment and includes even the odor of alcohol or illegal substances on the breath or person of a student; also, it includes being impaired by reason of the abuse of any material used as a stimulant.
8. Public indecency or sexual conduct.
9. Engaging in bullying, which includes any ongoing pattern of physical, verbal, or electronic abuse on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or a school employee's designee, or at school-sponsored activities or school-sponsored athletic events.
10. Sexually assaulting or attempting to sexually assault any person. This conduct may result in an expulsion regardless of the time or location of the offense if a complaint alleging such conduct is filed in a court of competent jurisdiction.
11. Engaging in any activity forbidden by law which constitutes a danger to other students or interferes with school purposes. This conduct may result in an expulsion regardless of the time or location of the offense if the conduct creates or had the potential to create a substantial interference with school purposes, such as the use of the telephone or internet off-school grounds to threaten.
12. A repeated violation of any rules established by the school district or school officials if such violations constitute a substantial interference with school purposes.
13. Truancy or failure to attend assigned classes or assigned activities; or tardiness to school, assigned classes or assigned activities.

14. The use of language, written or oral, or conduct, including gestures, which is profane or abusive to students or staff members. Profane or abusive language or conduct includes, but is not limited to, that which is commonly understood and intended to be derogatory toward a group or individual based upon race, gender, disability, national origin, or religion.
15. Dressing or grooming in a manner which is dangerous to the student's health and safety or a danger to the health and safety of others or repeated violations of the student dress and grooming standards; dressing, grooming, or engaging in speech that is lewd or indecent, vulgar or plainly offensive; dressing, grooming, or engaging in speech that school officials reasonably conclude will materially and substantially disrupt the work and discipline of the school; dressing, grooming, or engaging in speech that a reasonable observer would interpret as advocating illegal drug use.
16. Willfully violating the behavioral expectations for riding school buses or vehicles.
17. A student who engages in the following conduct shall be expelled for the remainder of the school year in which it took effect if the misconduct occurs during the first semester, and if the expulsion for such conduct takes place during the second semester, the expulsion shall remain in effect for the first semester of the following school year, with the condition that such action may be modified or terminated by the school district during the expulsion period on such terms as the administration may establish
 - a. The knowing and intentional use of force in causing or attempting to cause personal injury to a school employee, school volunteer, or student, except if caused by accident, self-defense, or on the reasonable belief that the force used was necessary to protect some other person and the extent of force used was reasonably believed to be necessary, or
 - b. The knowing and intentional possession, use, or transmission of a dangerous weapon other than a firearm.
18. Knowingly and intentionally possessing, using, or transmitting a firearm on school grounds, in a school-owned or utilized vehicle, or during an educational function or event off school grounds, or at a school-sponsored activity or athletic event. This conduct shall result in an expulsion for one calendar year. "Firearm" means a firearm as defined in 18 U.S.C. 921, as that statute existed on January 1, 1995. That statute includes the following statement: "The term 'firearm' means (a) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (b) the frame or receiver of any such weapon; (c) any firearm muffler or firearm silencer; or (d) any destructive device." The Superintendent may modify the one-year expulsion requirement on a case-by-case basis, provided that such modification is in writing. Bringing a firearm or other dangerous weapon to school for any reason is discouraged; however, a student will not be subject to disciplinary action if the item is brought or possessed under the following conditions: (a). Prior written permission to bring the firearm or other dangerous weapon to school is obtained from the student's teacher, building administrator and parent. (b). The purpose of having the firearm or other dangerous weapon in school is for a legitimate educational function. (c). A plan for its transportation into and from the school, its storage while in the school building and how it will be displayed must be developed with the prior written approval by the teacher and building administrator. Such plan shall require that such item will be in the possession of an adult staff member at all times except for such limited time as is necessary to fulfill the educational function. (d). The firearm or other dangerous weapon shall be in an inoperable condition while it is on school grounds

Bringing a firearm or other dangerous weapon to school for any reason is discouraged; however, a student will not be subject to disciplinary action if the item is brought or possessed under the following conditions:

- a. Prior written permission to bring the firearm or other dangerous weapon to school is obtained from the student's teacher, building administrator and parent.
- b. The purpose of having the firearm or other dangerous weapon in school is for a legitimate educational function.
- c. A plan for its transportation into and from the school, its storage while in the school building and how it will be displayed must be developed with the prior written approval by the teacher and building administrator. Such plan shall require that such item will be in the possession of an adult staff member at all times except for such limited time as is necessary to fulfill the educational function.
- d. The firearm or other dangerous weapon shall be in an inoperable condition while it is on school grounds.

D. Additional Student Conduct Expectations and Grounds for Discipline. The following additional student conduct expectations are established. Failure to comply with such rules is grounds for disciplinary action. When such conduct occurs on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or by his or her designee, or at a school-sponsored activity or athletic event, the conduct is grounds for long-term suspension, expulsion or mandatory reassignment.

1. **Student Appearance:** Students are expected to dress in a way that is appropriate for the school setting. Students should not dress in a manner that is dangerous to the health and safety of anyone or interferes with the learning environment or teaching process in our school. Following is a list of examples of attire that will not be considered appropriate, such list is not exclusive and other forms of attire deemed inappropriate by the administration may be deemed inappropriate for the school setting:
 - a. Clothing that shows an inappropriate amount of bare skin or underwear (midriffs, spaghetti strRC, sagging pants, etc.) or clothing that is too tight, revealing or baggy, or tops and bottoms that do not overlap or any material that is sheer or lightweight enough to be seen through, or otherwise of an appropriate size and fit so as to be revealing or

- drag on the ground.
- b. Shorts, skirts, or skorts that do not reach mid-thigh or longer.
- c. Clothing or jewelry that advertises or promotes beer, alcohol, tobacco, or illegal drugs.
- d. Clothing or jewelry that could be used as a weapon (chains, spiked apparel) or that would encourage “horse-play” or that would damage property (e.g. cleats).
- e. Head wear including hats, CRC, bandannas, costume ears, scarves, etc.
- f. Clothing or jewelry which exhibits nudity, makes sexual references, contains inappropriate double meanings, or carries lewd, indecent, or vulgar meanings, messages, or images.
- g. Clothing and accessories must not promote racial, violent, or socially offensive images, symbols, or language
- h. Clothing or accessories that are intended to make the student look like an animal. Clothing with an animal print or design will be allowed.
- h. Clothing or jewelry that is gang related.
- i. Students must wear shoes.
- j. Visible body piercing, body art, or body alterations that are disruptive to the learning environment, or pose a safety issue.

Consideration will be made for students who wear special clothing as required by religious beliefs, disability, or to convey a particularized message protected by law. The final decision regarding attire and grooming will be made by the Principal or Superintendent. In the event a student is uncertain as to whether a particular item or method of grooming is consistent with the school’s guidelines, the student should contact the Principal for approval, and may also review such additional posting of prohibited items or grooming which may be available in the Principal’s office.

Coaches, sponsors or teachers may have additional requirements for students who are in special lab classes, students who are participants in performing groups or students who are representing the school as part of an extracurricular activity program.

On the first offense of the dress code the student will be asked to change the offensive clothing or turn it inside out. If this is not possible, they will be asked to call home for new clothing. If clothes cannot be brought to school, the student will be assigned to in-school suspension for the remainder of the day. Students will not be allowed to leave campus to change clothes. Continual violations of the dress code will result in more stringent disciplinary actions, up to expulsion. Further, in the event the dress code violation is determined to also violate other student conduct rules (e.g., public indecency, insubordination, expression of profanity, and the like), a first offense of the dress code may result in more stringent discipline, up to expulsion.

2. **Academic Integrity.**

- a. **Policy Statement:** Students are expected to abide by the standards of academic integrity established by their teachers and school administration. Standards of academic integrity are established in order for students to learn as much as possible from instruction, for students to be given grades which accurately reflect the student’s level of learning and progress, to provide a level playing field for all students, and to develop appropriate values.

Cheating and plagiarism violate the standards of academic integrity. Sanctions will be imposed against students who engage in such conduct.

- b. **Definitions:** The following definitions provide a guide to the standards of academic integrity:
 - (1) **“Cheating”** means intentionally misrepresenting the source, nature, or other conditions of academic work so as to accrue undeserved credit, or to cooperate with someone else in such misrepresentation. Such misrepresentations may, but need not necessarily, involve the work of others. Cheating includes, but is not limited to:
 - (a) **Tests** (includes tests, quizzes and other examinations or academic performances):
 - (i) **Advance Information.** Obtaining, reviewing or sharing copies of tests or information about a test before these are distributed for student use by the instructor. For example, a student engages in cheating if, after having taken a test, the student informs other students in a later section of the questions that appear on the test.
 - (ii) **Use of Unauthorized Materials.** Using notes, textbooks, pre-programmed formulae in calculators, or other unauthorized material, devices or information while taking a test except as expressly permitted. For example, except for “open book” tests, a student engages in cheating if the student looks at personal notes or the textbook during the test.
 - (iii) **Use of Other Student Answers.** Copying or looking at another student’s answers or work, or sharing answers or work with another student, when taking a test, except as expressly permitted. For example, a student engages in cheating if the student looks at another student’s paper during a test. A student also engages in cheating if the student tells another student answers during a test or while exiting the

- testing room, or knowingly allows another student to look at the student's answers on the test paper.
- (iv) Use of Other Student to Take Test. Having another person take one's place for a test, or taking a test for another student, without the specific knowledge and permission of the instructor.
 - (v) Misrepresenting Need to Delay Test. Presenting false or incomplete information in order to postpone or avoid the taking of a test. For example, a student engages in cheating if the student misses class on the day of a test, claiming to be sick, when the student's real reason for missing class was because the student was not prepared for the test.
- (b) Papers (includes papers, essays, lab projects, and other similar academic work):
- (i) Use of Another's Paper. Copying another student's paper, using a paper from an essay writing service, or allowing another student to copy a paper, without the specific knowledge and permission of the instructor.
 - (ii) Re-use of One's Own Papers. Using a substantial portion of a piece of work previously submitted for another course or program to meet the requirements of the present course or program without notifying the instructor to whom the work is presented.
 - (iii) Assistance from Others. Having another person assist with the paper to such an extent that the work does not truly reflect the student's work. For example, a student engages in cheating if the student has a draft essay reviewed by the student's parent or sibling, and the essay is substantially re-written by the student's parent or sibling. Assistance from home is encouraged, but the work must remain the student's.
 - (iv) Failure to Contribute to Group Projects. Accepting credit for a group project in which the student failed to contribute a fair share of the work.
 - (v) Misrepresenting Need to Delay Paper. Presenting false or incomplete information in order to postpone or avoid turning in a paper when due. For example, a student engages in cheating if the student misses class on the day a paper is due, claiming to be sick, when the student's real reason for missing class was because the student had not finished the paper.
- (c) Alteration of Assigned Grades. Any unauthorized alteration of assigned grades by a student in the teacher's grade book or the school records is a serious form of cheating.
- (2) "Plagiarism" means to take and present as one's own a material portion of the ideas or words of another or to present as one's own an idea or work derived from an existing source without full and proper credit to the source of the ideas, words, or works. Plagiarism includes, but is not limited to:
- (a) Failure to Credit Sources. Copying work (words, sentences, and paragraphs or illustrations or models) directly from the work of another without proper credit. Academic work frequently involves use of outside sources. To avoid plagiarism, the student must either place the work in quotations or give a citation to the outside source.
 - (b) Falsely Presenting Work as One's Own. Presenting work prepared by another in final or draft form as one's own without citing the source, such as the use of purchased research papers or use of another student's paper.
- (3) "Contributing" to academic integrity violations means to participate in or assist another in cheating or plagiarism. It includes but is not limited to allowing another student to look at your test answers, to copy your papers or lab projects, and to fail to report a known act of cheating or plagiarism to the instructor or administration.
- c. Sanctions: The following sanctions will occur when a student engages in cheating, plagiarism, or contributing to an academic integrity offense:
- (1) Academic Sanction. The instructor will refuse to accept the student's work in which the academic integrity offense took place, assign a grade of "F" or zero for the work, and require the student to complete a test or project in place of the work within such time and under such conditions as the instructor may determine appropriate. In the event the student completes the replacement test or project at a level meeting minimum performance standards, the instructor will assign a grade which the instructor determines to be appropriate for the work.
 - (2) Report to Parents and Administration. The instructor will notify the Principal of the offense and the instructor or Principal will notify the student's parents or guardian.
 - (3) Student Discipline Sanctions. Academic integrity offenses are a violation of school rules. The Principal may recommend sanctions in addition to those assigned by the instructor, up to and including suspension or expulsion. Such additional sanctions will be given strong consideration where a student has engaged in serious or repeated academic integrity offense or other rule violations, and where the academic sanction is otherwise not a sufficient remedy, such as for offenses involving altering assigned grades or contributing to academic integrity violations.

3. Electronic Devices

- a. Philosophy and Purpose. The District strongly discourages students from bringing and/or using electronic devices at school. The use of electronic devices can be disruptive to the educational process and are items that are frequently lost or stolen. In order to maintain a secure and orderly learning environment, and to promote respect and courtesy regarding the use of electronic devices, the District hereby establishes the following rules and regulations governing student use of electronic devices, and procedures to address student misuse of electronic devices.
- b. Definitions.
 - (1) "Electronic devices" include, but are not limited to, cell phones, Mp3 players, iPods, personal digital assistants (PDAs), compact disc players, portable game consoles, cameras, digital scanners, lap top computers, and other electronic or battery powered instruments which transmit voice, text, or data from one person to another.
 - (2) "Sexting" means generating, sending or receiving, encouraging others to send or receive, or showing others, through an electronic device, a text message, photograph, video or other medium that:
 - (i) Displays sexual content, including erotic nudity, any display of genitalia, unclothed female breasts, or unclothed buttocks, or any sexually explicit conduct as defined at Neb. Rev. Stat. § 28-1463.02; or
 - (ii) Sexually exploits a person, whether or not such person has given consent to creation or distribution of the message, photograph or video by permitting, allowing, encouraging, disseminating, distributing, or forcing such student or other person to engage in sexually explicit, obscene or pornographic photography, films, or depictions; or,
 - (iii) Displays a sexually explicit message for sexual gratification, flirtation or provocation, or to request or arrange a sexual encounter.
- c. Possession and Use of Electronic Devices.
 - (1) Students are not permitted to possess or use any electronic devices during class time or during passing time except as otherwise provided by this policy. Cell phone usage is strictly prohibited during any class period; including voice usage, digital imaging, or text messaging.
 - (2) Students are permitted to possess and use electronic devices before school hours, at lunch time, and after school hours, provided that the student not commit any abusive use of the device (see paragraph (d)(1). Administrators have the discretion to prohibit student possession or use of electronic devices on school grounds during these times in the event the administration determines such further restrictions are appropriate; an announcement will be given in the event of such a change in permitted use.
 - (3) Electronic devices may be used during class time when specifically approved by the teacher or a school administrator in conjunction with appropriate and authorized class or school activities or events (i.e., student use of a camera during a photography class; student use of a lap top computer for a class presentation).
 - (4) Students may use electronic devices during class time when authorized pursuant to an Individual Education Plan (IEP), a Section 504 Accommodation Plan, or a Health Care Plan, or pursuant to a plan developed with the student's parent when the student has a compelling need to have the device (e.g., a student whose parent is in the hospital could be allowed limited use of the cell phone for family contacts, so the family can give the student updates on the parent's condition).
- d. Violations
 - (1) Prohibited Use of Electronic Devices. Students shall not use electronic devices for: (a) activities which disrupt the educational environment; (b) illegal activities in violation of state or federal laws or regulations; (c) unethical activities, such as cheating on assignments or tests; (d) immoral or pornographic activities; (e) activities in violation of Board or school policies and procedures relating to student conduct and harassment; (f) recording others (photographs, videotaping, sound recording, etc.) or otherwise transmitting images and/or sounds of another person or persons without direct administrative approval and consent of the person(s) being recorded, other than recording of persons participating in school activities that are open to the public; (g) "sexting;" or (h) activities which invade the privacy of others. Such student misuses will be dealt with as serious school violations, and immediate and appropriate disciplinary action will be imposed, including, but not limited to, suspension and expulsion from school.
 - (2) Disposition of Confiscated Electronic Devices. Electronic devices possessed or used in violation of this policy may be confiscated by school personnel and returned to the student or parent/guardian at an appropriate time. If an electronic device is confiscated, the electronic device shall be taken to the school's main office to be identified, placed in a secure area, and returned to the student and/or the student's parent/guardian in a consistent and orderly way.
 - (i) First Violation. Depending upon the nature of the violation and the imposition of other appropriate disciplinary action, consequences at a minimum may include a relinquishment of the electronic device to the school administration and a conference between the student and school principal or assistant principal. The electronic device shall remain in the possession of the school administration until such time as the

student personally comes to the school's main office and retrieves the electronic device.

(ii) **Second Violation.** Depending upon the nature of the violation and the imposition of other appropriate disciplinary action, consequences at a minimum may include a relinquishment of the electronic device to the school administration and a conference between the student and his/her parent/guardian and the school principal or assistant principal. The electronic device shall remain in the possession of the school administration until such time as the student's parent/guardian personally comes to the school's main office and retrieves the electronic device.

(iii) **Third Violation.** Depending upon the nature of the violation and the imposition of other appropriate disciplinary action, consequences at a minimum may include a relinquishment of the electronic device to the school administration, a conference between the student and his/her parent/guardian and the school principal or assistant principal, and suspension of the student from school. The electronic device shall remain in the possession of the school administration until such time as the student's parent/guardian personally comes to the school's main office and retrieves the electronic device.

(3) **Penalties for Prohibited Use of Electronic Devices.** Students who receive a "sexting" message are to report the matter to a school administrator and then delete such message from their electronic device. Students shall not participate in sexting or have any "sexting" message on their electronic devices regardless of when the message was received while on school grounds or at a school activity. Students who violate the prohibitions of this policy shall be subject to the imposition of appropriate disciplinary action, up to and including expulsion, provided that at a minimum the following penalties shall be imposed:

(i) Students found in possession of a "sexting" message shall be subject to a one (1) day suspension from school.

(ii) Students who send or encourage another to send a "sexting" message shall be subject to a five (5) day suspension from school.

(4) **Reporting to Law Enforcement.** Violations of this policy regarding the prohibited use of electronic devices that may constitute a violation of federal or state laws and regulations, including, but not limited to, the Nebraska Child Protection Act or the Nebraska Child Pornography Prevention Act shall be reported to appropriate legal authorities and law enforcement.

e. **Responsibility for Electronic Devices.** Students or their parents/guardians are expected to claim a confiscated electronic device within ten (10) days of the date it was relinquished. The school shall not be responsible, financially or otherwise, for any unclaimed electronic devices. By bringing such devices to school, students and parents authorize the school to dispose of unclaimed devices at the end of each semester. The District is not responsible for the security and safekeeping of students' electronic devices and is not financially responsible for any damage, destruction, or loss of electronic devices.

B. **Inappropriate Public Displays of Affection (IPDA):** Students are not to engage in inappropriate public displays of affection on school property or at school activities. Such conduct includes kissing, touching, fondling or other displays of affection that would be reasonably considered to be embarrassing or a distraction to others. Students will face the following consequences for IPDA:

1. 1st Offense: Student will be confronted and directed to cease.

2. 2nd Offense: Student will be confronted, directed to cease, and parents will be notified.

3. 3rd Offense: Student will be suspended from school for a minimum of one day, and parents and student will need to meet with Administrator(s) and/or counselor.

If this type of behavior continues, or if the IPDA is lewd or constitutes sexual conduct, the student could face long-term suspension or expulsion.

C. **Specific Rule Items:** The following conduct may result in disciplinary action which, in the repeated violations, may result in discipline up to expulsion:

1. Students are not given locker passes, restroom passes or telephone passes to leave a classroom or study hall unless special circumstances arise.

2. Students in the hallway during class time must have a pass with them.

3. Gum, candy, seeds, etc. are not allowed in the school building or classrooms. The pop machine is closed until after school and pop is to be drunk outside.

4. Students are expected to bring all books and necessary materials to class. This includes study halls.

5. Assignments for all classes are due as assigned by the teacher.

6. Students are not to operate the mini-blinds or the windows.

7. Classes are ended by the teacher. Students are not to begin to pack up or leave the class until the dismissal bell has rung or the teacher has dismissed the class.

8. Students are to be in their seats and ready for class on the tardy bell.

9. Special classes such as Industrial Technology, Art, P.E., and computer courses will have other safety or clean-up rules that will be explained to students by that teacher which must be followed.
10. Students are not to bring “nuisance items” to school. A nuisance item is something that is not required for educational purposes and which would cause a distraction to the student or others.
11. Students are to stand back from the entry steps and doors in the mornings before school and at noon before the bell so that others may pass in and out of the entry doors.
12. Snow handling is prohibited.

D. Law Violations

1. Any act of a student which is a basis for expulsion and which the principal or designee knows or suspects is a violation of the Nebraska Criminal Code will be reported to law enforcement as soon as possible. Conduct to be reported for law enforcement referral includes conduct that may constitute a felony, conduct which may constitute a threat to the safety or well-being of students or others in school programs and activities, and conduct that the legal system is better equipped to address than school officials. Conduct that does not need to be reported for law enforcement referral includes typical adolescent behavior that can be addressed by school administrators without the involvement of law enforcement. In making the decision of whether to report, consideration should be given to the student’s maturity, mental capacity, and behavioral disorders, where applicable. When appropriate, it shall be the responsibility of the referring administrator to contact the student’s parent of the fact that the referral to legal authorities has been or will be made.

The foregoing reporting standards shall be reviewed annually by the school board on or before August 1 of each year, be annually reviewed in collaboration with the County Attorney each year, be distributed to each student and his or her parent or guardian at the beginning of each school year, or at the time of enrollment if during the school year, and shall be posted in conspicuous places in each school during the school year.

2. When a principal or other school official releases a minor student to a peace officer (e.g., police officer, sheriff, and all other persons with similar authority to make arrests) for the purpose of removing the minor from the school premises, the principal or other school official shall take immediate steps to notify the parent, guardian, or responsible relative of the minor regarding the release of the minor to the officer and regarding the place to which the minor is reportedly being taken, except when a minor has been taken into custody as a victim of suspected child abuse, in which case the principal or other school official shall provide the peace officer with the address and telephone number of the minor’s parents or guardian.

Section 2 GENERAL STANDARDS OF BEHAVIOR

Harassment and Bullying Policy:

It is the policy of Raymond Central Public Schools that bullying type behavior is not to be permitted. **Bullying** will be defined as the intentional harmful behavior initiated by one or more students and directed toward another student. Bullying exists when a student with more social and/or physical power deliberately dominates and harasses another who has less power. Bullying is unjustified and typically repeated. Bullying can take the form of physical, verbal, emotional, sexual, or racial.

Cyberbullying is a form of indirect or social bullying that uses technological communications to humiliate, harass, embarrass, tease, intimidate, threaten, or slander one or more students. Cyber bullies use social media, instant messages, text messages, e-mail, chat rooms, cell phones, and personal websites or blogs. Cyber bullying is the act of being cruel to others by sending or posting harmful material or compromising photographs online or through a cell phone.

These guidelines are established to respond specifically to bullying behavior. Students and parents are advised that other response measures are also in place and set forth in Article 10 of this handbook for behavior which is discriminatory or harassing on unlawful grounds (e.g., sexual harassment, harassment of students with disabilities, race harassment, etc.).

- (i) **Step One:** The first time school personnel become aware of a possible harassment or bullying situation, the accused student will be informed that such a complaint has been filed. At that time a warning will be given regarding this kind of behavior. The consequences for this kind of behavior in the future will be clearly outlined for the student. If, in the school’s opinion, the first occurrence of harassment behavior is severe, the school may move immediately to any of the four steps in the harassment policy. In other words, the policy may or may not be used sequentially. Moreover, at any stage the student may be disciplined under the student code by actions which may include expulsion, in the event the conduct is also a violation of other provisions of the student code.
- (ii) **Step Two:** The second time school personnel become aware of a harassment incident, the student’s parents will be notified. A conference will be requested at that time. If it is determined that the student has harassed another student, consequences will be assigned. A student may stay on the second step as long as school authorities feel the consequences are effectively correcting the harassment behaviors. If it is determined that there is no basis for the harassment accusation, no consequences

will be assigned. If the school determines that a student is intentionally making a false accusation against another student, an appropriate response will be made.

- (iii) Step Three: If the school authorities determine that the student continues to harass another student or the student fails to agree to not harass in the future, the school may assign the student to the Harassment Program level set forth below which the school authorities determine to be appropriate.
- (iv) Step Four: If a student fails to respond positively to the corrective measures of the Harassment Program, the student will be suspended from school for a minimum of five school days, up to expulsion. School authorities will determine the action necessary to insure a safe learning environment for all students.

The administration will be responsible for ensuring that this dating violence policy is published in the school district's student-parent handbook or an equivalent such publication. Any person giving evidence by written statement or in person at a hearing shall be given the same immunity from liability as a person testifying in a court case. A single hearing may be conducted for more than one student if in the discretion of the hearing examiner a single hearing is not likely to result in confusion or prejudice to the interest of any of the students involved. 10. Review by Superintendent. The Superintendent of schools shall review the findings and recommendations of the hearing officer and in his/her discretion may also review any of the facts and evidence presented at the hearing and based upon such report and the facts shall determine the sanctions to be imposed. However, the Superintendent may not impose a more severe sanction than that imposed by the hearing officer.
11. Notice of Determination. Written notice of the findings and recommendations of the hearing officer and the determination of the Superintendent of schools shall be made by certified registered mail or by personal delivery to the student, the student's parents or guardian. hearing shall be made on the record except that the board may admit new or additional evidence to avoid substantial threat of unfairness. Such new evidence shall be recorded. The Board of Education or committee thereof may withdraw to deliberate privately upon the record and new evidence. Any such deliberation shall be held in the presence only of board members in attendance at the appeal proceeding, but may be held in the presence of legal counsel who has not previously acted as the administrative representative in presenting the school's case before the hearing officer. If any questions arise during such deliberations which require additional evidence, the Board of Education or committee thereof may require the hearing to receive such evidence, subject to the right of all parties to be present. A record of any such new or additional evidence shall be made and shall be considered as a part of the record and based upon the evidence presented at the hearing before the hearing officer, and such new or additional evidence, the Board of Education or the committee shall make a final disposition of the matter. The board may alter the Superintendent's disposition of the case if it finds his/her decision to be too severe, but it may not impose a more severe sanction. A designated method of giving notice by the Board of Education or committee thereof, if required, for any Board review shall be by posting on the schoolhouse door.

14. Final Decision of Board of Education. The final decision of board shall be delivered to the student and parents or legal guardian of the student by personally delivering the same or by mailing the same by certified or registered mail.

If the District knows or reasonably should know about possible harassment, including violence, the District will conduct a prompt, adequate, reliable, thorough, and impartial investigation to determine whether unlawful harassment occurred (see section entitled "Grievance Procedures," below), and take appropriate interim measures, if necessary. If the District determines that unlawful harassment occurred, the District will take prompt and effective action to eliminate the harassment, prevent its recurrence, and remedy its effects, if appropriate. If harassment or violence that occurs off school property creates a hostile environment at school, the District will follow this policy and grievance procedure, within the scope of its authority.

All District employees are expected to take prompt and appropriate actions to report and prevent discrimination, harassment, and retaliation by others. Employees who witness or become aware of possible discrimination, including harassment and retaliation, must immediately report the conduct to his or her supervisor or the compliance coordinator designated to handle complaints of discrimination (designated compliance coordinator).

2. **Anti-retaliation:** The District prohibits retaliation, intimidation, threats, coercion, or discrimination against any person for opposing discrimination, including harassment, or for participating in the District's discrimination complaint process or making a complaint, testifying, assisting, or participating in any manner, in an investigation, proceeding, or hearing. Retaliation is a form of discrimination.

The District will take immediate steps to stop retaliation and prevent its recurrence against the alleged victim and any person associated with the alleged victim. These steps will include, but are not limited to, notifying students, employees, and others, that they are protected from retaliation, ensuring that they know how to report future complaints, and initiating follow-up contact with the complainant to determine if any additional acts of discrimination, harassment, or

retaliation have occurred. If retaliation occurs, the District will take prompt and strong responsive action, including possible discipline, including expulsion or termination, if applicable.

3. **Grievance (or Complaint) Procedures:** Employees or students should initially report all instances of discrimination, harassment or retaliation to their immediate supervisor or teacher or to the compliance coordinator designated to handle complaints of discrimination (designated coordinator). If the employee or student is uncomfortable in presenting the problem to the supervisor or teacher, or if the supervisor or teacher is the problem, the employee or student may report the alleged discrimination, harassment or retaliation (“discrimination”) to the designated coordinator, or in the case of students, to another staff person (such as a counselor or principal).

Other individuals may report alleged discrimination to the designated coordinator. If the designated coordinator is the person alleged to have committed the discriminatory act, then the complaint should be submitted to the Superintendent for assignment. A discrimination complaint form is attached to this grievance procedure and is available in the office of each District building, on the District's website, and from the designated coordinators.

Under no circumstances will a person filing a complaint or grievance involving discrimination be retaliated against for filing the complaint or grievance.

i. Level 1 (Investigation and Findings):

Once the District receives a grievance, complaint or report alleging discrimination, harassment, or retaliation, or becomes aware of possible discriminatory conduct, the District will conduct a prompt, adequate, reliable, thorough, and impartial investigation to determine whether unlawful harassment occurred. If necessary, the District will take immediate, interim action or measures to protect the alleged victim and prevent further potential discrimination, harassment, or retaliation during the pending investigation. The alleged victim will be notified of his or her options to avoid contact with the alleged harasser, such as changing a class or prohibiting the alleged harasser from having any contact with the alleged victim pending the result of the District’s investigation. The District will minimize any burden on the alleged victim when taking interim measures to protect the alleged victim.

The District will promptly investigate all complaints of discrimination, even if an outside entity or law enforcement agency is investigating a complaint involving the same facts and allegations. The District will not wait for the conclusion or outcome of a criminal investigation or proceeding to begin an investigation required by this grievance procedure. If the allegation(s) involve possible criminal conduct, the District will notify the complainant of his or her right to file a criminal complaint, and District employees will not dissuade the complainant from filing a criminal complaint either during or after the District’s investigation.

The District will aim to complete its investigation within **ten (10) working days** after receiving a complaint or report, unless extenuating circumstances exist. Extenuating circumstances may include the unavailability of witnesses due to illness or incapacitation, or additional time needed because of the complexity of the investigation, the need for outside experts to evaluate the evidence (such as forensic evidence), or multiple complainants or victims. If extenuating circumstances exist, the extended timeframe to complete the investigation will **not exceed ten (10) additional working days without the consent of the complainant, unless the alleged victim agrees to a longer timeline.** Periodic status updates will be given to the parties, when appropriate.

The District’s investigation will include, but is not limited to:

- a. Providing the parties with the opportunity to present witnesses and provide evidence.
- b. An evaluation of all relevant information and documentation relating to the alleged discriminatory conduct.
- c. For allegations involving harassment, some of the factors the District will consider include: 1) the nature of the conduct and whether the conduct was unwelcome, 2) the surrounding circumstances, expectations, and relationships, 3) the degree to which the conduct affected one or more students' education, 4) the type, frequency, and duration of the conduct, 5) the identity of and relationship between the alleged harasser and the suspect or suspects of the harassment, 6) the number of individuals involved, 7) the age (and sex, if applicable) of the alleged harasser and the alleged victim(s) of the harassment, 8) the location of the incidents and the context in which they occurred, 9) the totality of the circumstances, and 10) other relevant evidence.
- d. A review of the evidence using a “preponderance of the evidence” standard (based on the evidence, is it more likely than not that discrimination, harassment, or retaliation occurred?)

The designated compliance coordinator (or designated investigator) will complete an investigative report, which will include:

- a. A summary of the facts,
- b. Findings regarding whether discrimination, harassment or other inappropriate conduct occurred, and

- c. If a finding is made that discrimination, harassment or other inappropriate conduct occurred, the recommended remedy or remedies necessary to eliminate discrimination, harassment or other inappropriate conduct.

If someone other than the designated compliance coordinator conducted the investigation, the compliance coordinator will review, approve, and sign the investigative report. The District will ensure that prompt, appropriate, and effective remedies are provided if a finding of discrimination, harassment, or retaliation is made. The District will maintain relevant documentation obtained during the investigation and documentation supportive of the findings and any subsequent determinations, including the investigative report, witness statements, interview summaries, and any transcripts or audio recordings, pertaining to the investigative and appeal proceedings.

The District will send concurrently to the parties written notification of the decision (findings and any remedy) regarding the complaint within **one (1) working day** after the investigation is completed. The Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. § 11232g; 34 C.F.R. Part 99, permits the District to disclose relevant information to a student who was discriminated against or harassed.

ii. Level 2 (Appeal to the Superintendent):

If a party is not satisfied with the findings or remedies (or both) set forth in the decision, he or she may file an appeal in writing with the Superintendent within **five (5) working days** after receiving the decision. The Superintendent will review the appeal and the investigative documentation and decision, conduct additional investigation, if necessary, and issue a written determination about the appeal **within ten (10) working days** after receiving the appeal. The party who filed the appeal will be sent the Superintendent's determination at the time it is issued, and a copy will be sent to the designated compliance coordinator. [If the Superintendent is the subject of the complaint, the party will file the appeal directly with the Board.]

iii. Level 3 (Appeal to the Board):

If the party is not satisfied with the Superintendent's determination, he or she may file an appeal in writing with the Board of Education **within five (5) working days** after receiving the Superintendent's determination. The Board of Education will review the appeal, the Superintendent's determination, the investigative documentation and decision, and allow the party to address the Board at a Board meeting to present his or her appeal. The party will be allowed to address the Board at the Board's next regularly scheduled Board meeting (unless the Board receives the appeal within one week of the next regularly scheduled Board meeting) or at a time and date agreed to by the Board, designated compliance officer and the party. The Board will issue a written determination about the appeal **within thirty (30) days** after the party addresses the Board. The party who filed the appeal will be sent the Board's determination at the time it is issued, and a copy will be sent to the designated compliance coordinator. The Board's determination, and any actions taken, will be final on behalf of the District.

4. **Confidentiality:** The identity of the complainant will be kept confidential to the extent permitted by state and federal law. The District will notify the complainant of the anti-retaliation provisions of applicable laws and that the District will take steps to prevent retaliation and will take prompt and strong responsive actions if retaliation occurs.

If a complainant requests confidentiality or asks that the complaint not be pursued, the District will take all reasonable steps to investigate and respond to the complaint consistent with the request for confidentiality or the request not to pursue an investigation, as long as doing so does not prevent the District from responding effectively to the harassment and preventing harassment of other students. If a complainant insists that his or her name or other identifiable information not be disclosed to the alleged perpetrator, the District will inform the complainant that its ability to respond may be limited. Even if the District cannot take disciplinary action against the alleged harasser, the District will pursue other steps to limit the effects of the alleged harassment and prevent its recurrence, if warranted,

5. **Training:** The District will ensure that relevant District employees, including but not limited to officials, administrators, teachers, substitute teachers, counselors, nurses and other health personnel, coaches, assistant coaches, paraprofessionals, aides, bus drivers, and school law enforcement officers, are adequately trained so they understand and know how to identify acts of discrimination, harassment, and retaliation, and how to report it to appropriate District officials or employees.
6. **Designated Compliance Coordinators** will be responsible for:
 - a. Coordinating efforts to comply with anti-discrimination, anti-harassment, and anti-retaliation laws and regulations.
 - b. Coordinating and implementing training for students and employees pertaining to anti-discrimination, anti-harassment and anti-retaliation laws and regulations, including the training areas listed above.
 - c. Investigating complaints of discrimination (unless the coordinator designates other trained individuals to investigate).

- d. Monitoring substantiated complaints or reports of discrimination, as needed (and with the assistance of other District employees, if necessary), to ensure discrimination or harassment does not recur, and that retaliation conduct does not occur or recur.
- e. Overseeing discrimination complaints, including identifying and addressing any patterns or systemic problems, and reporting such patterns or systemic problems to the Superintendent and the Board of Education.
- f. Communicating regularly with the District's law enforcement unit investigating cases and providing current information to them pertaining to anti-discrimination, anti-harassment, and anti-retaliation standards and compliance requirements.
- g. Reviewing all evidence in harassment or violence cases brought before the District's disciplinary committee or administrator to determine whether the complainants are entitled to a remedy under anti-discrimination laws and regulations that was not available in the disciplinary process.
- h. Ensuring that investigations address whether other students or employees may have been subjected to discrimination, including harassment and retaliation.
- i. Determining whether District employees with knowledge of allegations of discrimination, including harassment and retaliation, failed to carry out their duties in reporting the allegations to the designated compliance coordinator and responding to the allegations.
- j. Recommending changes to this policy and grievance procedure.
- k. Performing other duties as assigned.

The designated compliance coordinators will not have other job responsibilities that may create a conflict of interest with their coordinator responsibilities.

7. **Preventive Measures:** The District will publish and widely distribute on an ongoing basis a notice of nondiscrimination (notice) in electronic and printed formats, including prominently displaying the notice on the District's website and posting the notice at each building in the District. The District also will designate an employee to coordinate compliance with anti-discrimination laws (see Designated Compliance Coordinator section, above, for further information on compliance coordinator), and widely publish and disseminate this grievance procedure, including prominently posting it on the District's website, at each building in the District, reprinting it in District publications, such as handbooks, and sending it electronically to members of the school community. The District will provide training to employees and students at the beginning of each academic year in the areas (B.6.a-g) identified in the Training section, above.

The District also may distribute specific harassment and violence materials (such as sexual violence), including a summary of the District's anti-discrimination, anti-harassment, and anti-retaliation policy and grievance procedure, and a list of victim resources, during events such as school assemblies and back to school nights, if recent incidents or allegations warrant additional education to the school community.

Anti-discrimination

A. Elimination of Discrimination.

The policy of Raymond Central Public Schools is to not discriminate on the basis of sex, disability, race (including skin color, hair texture and protective hairstyles), color, religion, veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, sexual orientation or gender identity, or other protected status, in admission or access to, or treatment with regard to employment or with regard to its programs and activities.

Raymond Central Public Schools and its staff shall comply with all state and federal laws prohibiting discrimination. The Board of Raymond Central Public Schools intends to take any necessary measures to assure compliance with such laws against any prohibited form of discrimination and directs its staff to take all actions necessary to meet this objective.

The Superintendent shall be the Coordinator for anti-discrimination laws (including Title VI, Title IX; the Americans with Disabilities Act of 1990 (ADA), and Section 504 of the Rehabilitation Act of 1973 (Section 504)) and complaints or concerns involving discrimination or compliance with those laws should be addressed to said Coordinator.

B. Preventing Harassment and Discrimination of Employees and Students.

1. **Purpose:** Raymond Central Public Schools is committed to offering employment and educational opportunity to its employees and students based on ability and performance in a climate free of discrimination. Accordingly, unlawful discrimination or harassment of any kind by administrators, teachers, co-workers or other persons is prohibited. In addition, Raymond Central Public Schools will try to protect employees or students from reported discrimination or harassment by non-employees or others in the work place and educational environment.

For purposes of this policy, discrimination or harassment based on a person's sex, disability, race (including skin color, hair texture and protective hairstyles), color, religion, veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, sexual orientation or gender identity, or other protected status, is prohibited. The following are general definitions of what might constitute prohibited harassment.

- a. In general, ethnic or racial slurs or other verbal or physical conduct relating to a person's sex, disability, race (including skin color, hair texture and protective hairstyles), color, religion, veteran status, national or ethnic origin, age, marital status, pregnancy, childbirth or related medical condition, sexual orientation or gender identity, or other protected status, constitutes harassment when they unreasonably interfere with the person's work performance or create an intimidating work, instructional or educational environment.
- b. Age harassment has been defined by federal regulations as a form of age discrimination. It can consist of demeaning jokes, insults or intimidation based on a person's age.
- c. Sexual harassment has been defined by federal and state regulations as a form of sex discrimination. It can consist of unwelcome sexual advances, requests for sexual favors, or physical or verbal conduct of a sexual nature by supervisors or others in the work place, classroom or educational environment.

Sexual harassment may exist when:

- (a) Supervisors or managers make submission to such conduct either an explicit or implicit term and condition of employment (including hiring, compensation, promotion, or retention);
- (b) Submission to or rejection of such conduct is used by supervisors or managers as a basis for employment related decisions such as promotion, performance evaluation, pay adjustment, discipline, work assignment, etc.
- (c) The conduct has the purpose or effect of unreasonably interfering with an individual's work or educational performance or creating an intimidating, hostile, or offensive working, class room or educational environment.

Sexual harassment may include explicit sexual propositions, sexual innuendo, suggestive comments, sexually oriented "kidding" or "teasing", "practical jokes", jokes about gender-specific traits, foul or obscene language or gestures, displays of foul or obscene printed or visual material, and physical contact, such as patting, pinching or brushing against another's body.

2. Procedures:

- a. Employees or students should initially report all instances of discrimination or harassment to their immediate supervisor or teacher. However, if the employee or student is uncomfortable in presenting the problem to the supervisor or teacher, or if the supervisor or teacher is the problem, the employee or student is encouraged to go to the next level of supervision.
- b. If the report is not satisfactorily resolved within ten calendar days, or if the discrimination or harassment continues, please report your complaint to the Superintendent of Raymond Central Public Schools.
- c. If a satisfactory arrangement cannot be obtained through the Superintendent, the complaint may be processed to the Board of Education.
- d. The person to whom the complaint is made is to thoroughly investigate the complaint and work with the person filing the complaint to seek an appropriate resolution so the discrimination or harassment can be remedied and put to an end.
- e. Complaints of discrimination or harassment will be treated with the utmost confidence, consistent with resolution of the problem.
- f. Based on the results of the investigation, appropriate corrective action, up to and including discharge of offending employees, etc., may be taken.
- g. Under no circumstances will a supervisor or a teacher or the Board threaten or retaliate against a person for alleging discrimination or harassment.

If the District knows or reasonably should know about possible harassment, including violence, the District will conduct a prompt, adequate, reliable, thorough, and impartial investigation to determine whether unlawful harassment occurred (see section entitled “Grievance Procedures,” below), and take appropriate interim measures, if necessary. If the District determines that unlawful harassment occurred, the District will take prompt and effective action to eliminate the harassment, prevent its recurrence, and remedy its effects, if appropriate. If harassment or violence that occurs off school property creates a hostile environment at school, the District will follow this policy and grievance procedure, within the scope of its authority.

All District employees are expected to take prompt and appropriate actions to report and prevent discrimination, harassment, and retaliation by others. Employees who witness or become aware of possible discrimination, including harassment and retaliation, must immediately report the conduct to his or her supervisor or the compliance coordinator designated to handle complaints of discrimination (designated compliance coordinator).

A. Complaint Procedure - Generally

1. Reporting Procedures: All employees are responsible for helping to prevent sexual harassment. Employees or students who believe they have been subjected to, or believe they have witnessed sexual harassment should follow these procedures:
 - a) Directly inform the person engaging in the discrimination or harassment that such conduct is offensive and must stop.
 - b) For employee reporters, contact your principal or supervisor, the principal or supervisor of the offending person, or the Title IX Coordinator if you do not wish to communicate directly with the person whose conduct is offensive or if direct communication with the offending person has been ineffective.
 - c) Report the matter to the Title IX Coordinator if the offending conduct continues or has not been resolved to your satisfaction after you have reported the matter to a principal or supervisor.
 - d) For student reporters, contact any teacher, counselor, or administrator, or the Title IX Coordinator.

Report to the Title IX Coordinator if you are the adult to whom the student has made a report so that the matter can be properly resolved. The Title IX Coordinator is:

2. District Actions upon Report of Sexual Harassment or Sexual Misconduct: Upon receipt of a report of sexual harassment, the Title IX Coordinator, or designee, including but not limited to a building principal or assistant principal, will conduct an initial inquiry. The first step of the inquiry will typically include a preliminary meeting between the individual whom the reporting party alleges has been subjected to sexual harassment or sexual misconduct and the Title IX Coordinator, or designee. The initial inquiry may also include a meeting between the Title IX Coordinator, or designee, and the individual whom the reporting party alleges has committed sexual harassment or sexual misconduct. The purpose of these meetings is to gain a basic understanding of the nature and circumstances of the report, it is not intended to be a full investigative interview. During the initial assessment, the reporting party may also receive information about resources, rights, procedural options, and supportive measures. The Title IX Coordinator, or designee, may inquire into whether the person who has is alleged to have been subject to sexual harassment or misconduct requests resources, no further action, supportive measures, and/or initiation of the “Formal Complaint” process. The Title IX Coordinator will make a reasonable effort to respect the wishes of the person who experienced sexual harassment or sexual misconduct; however, if the reported incident constitutes an imminent or ongoing threat to school safety, based on the assessment of the Title IX Coordinator, then the Title IX Coordinator may file a Formal Complaint, on behalf of the District, with or without the consent or permission of the person who has experienced sexual harassment or sexual misconduct.

With or without a Formal Complaint, allegations of sexual harassment or discrimination shall be investigated and if substantiated, corrective or disciplinary action will be taken, up to and including dismissal from employment, if the offender is an employee, or suspension and/or expulsion, if the offender is a student. Retaliatory action will not be taken

against any person for reporting discrimination or harassment. This policy does not limit or prohibit the District from instituting disciplinary measures pursuant to other Board Policy, rules, or other expectations if the District determines that a person violated District rules or expectations.

B. Formal Complaint Process

The following procedures apply only in the event that a Formal Complaint is filed. All other reports of sexual harassment shall be resolved using the general complaint procedure. Any timelines set forth in the following procedures may be extended by the Title IX Coordinator with notice to the parties.

1. Misconduct Which May Be Investigated Under a Formal Complaint: The Formal Complaint process is only available if the Formal Complaint alleges: (i) conduct which occurs on District grounds or property owned or controlled by the District; (ii) conduct which occurs in the context of District employment or an education program or District-sponsored activity within the United States, and (iii) conduct which occurs when the District has substantial control over both the Respondent and the context in which the sexual harassment or sexual misconduct occurs. The conduct must also fall within one of the following categories: (a) an employee of the District conditioning an aid, service, or benefit of the District on an individual's participation in unwelcome sexual contact; (b) unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a student equal access to the District's education program or activity; (c) sexual assault; (d) domestic violence; (e) dating violence; or (f) stalking.
2. Parties to a Formal Complaint: The only parties to a Formal Complaint are the Complainant, who is the person alleged to have been subject to misconduct, and the Respondent, the person who is alleged to have committed the misconduct.
3. Filing a Formal Complaint: A Formal Complaint may only be filed by a Complainant or the Title IX Coordinator. An employee or student Complainant may file a Formal Complaint in writing with the Title IX Coordinator in person or by mail, or by electronic mail. The Formal Complaint must be signed by the Complainant or by the Title IX Coordinator.
4. Immediate Actions Upon Receipt of Formal Complaint: Upon receipt of a Formal Complaint, the Title IX Coordinator will conduct an initial assessment of the allegations contained within the Formal Complaint to determine if the allegations in the Formal Complaint, if true, allege misconduct which may be investigated under the Formal Complaint process. If the allegations in the Formal Complaint do not allege misconduct which may be investigated under the Formal Complaint process, the Title IX Coordinator must dismiss the Formal Complaint and may proceed under other District policies or procedures. The Complainant will be provided notice in writing if the Formal Complaint is dismissed.

If the allegations in the Formal Complaint allege misconduct which may be investigated under the Formal Complaint process, the Title IX Coordinator shall provide the following to all known parties: (1) The complaint procedure as outlined in this policy; and (2) Notice of the allegations of sexual harassment, known by the District at the time of filing the Notice, including (i) the identities of the parties involved, if known, (ii) the conduct allegedly constituting sexual harassment, and (iii) the date and location of the alleged incident.

The Title IX Coordinator shall then provide the Formal Complaint and the Notice of the Formal Complaint to the District's Title IX Investigator.

5. Investigation of Formal Complaint: Upon receipt of a Formal Complaint, the Investigator will promptly investigate the allegations contained within, even if an outside entity or law enforcement agency is investigating a complaint involving the same facts and allegations. The Investigator will not wait for the conclusion or outcome of a criminal investigation or proceeding to begin an investigation required by this complaint procedure. If the allegation(s) involve possible criminal conduct, the District will notify the Complainant of his or her right to file a criminal complaint, and District employees will not dissuade the Complainant from filing a criminal complaint either during or after the District's investigation.

The Investigator will contact the Complainant, Respondent, and relevant witnesses to schedule interviews. All parties may bring up to two people to this meeting: (1) Support Person and/or (2) Advisor of Choice. The Advisor of Choice may or may not be an attorney. Neither the Support Person nor the Advisor of Choice can direct questions or comments to the Investigator, nor may the Support Person or Advisor of Choice advise a student or employee how to answer the Investigator's questions.

The Investigator will also aim to collect all tangible evidence relevant to the investigation.

The Investigator will complete the investigation within a reasonable time frame, as determined by the Title IX Coordinator. The factors to determine a reasonable time frame include, but are not limited to, the allegations of the Formal Complaint and the number of witnesses that may need to be interviewed. The time frame originally set by the Title IX Coordinator may be extended by the Title IX Coordinator, upon notice to the parties, as deemed necessary to complete the investigation. Periodic status updates will be given to the parties, when appropriate.

- (A) *Neutrality*: The Title IX Coordinator, Investigator, Decision-Maker, or any person designated by the District to facilitate this Formal Complaint process, shall not have any conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent. The District shall ensure that Title IX Coordinator, Investigator, Decision-Maker, and any person who facilitates this Formal Complaint process shall receive training on the definition of sexual harassment, the scope of the District's education program or activity, how to conduct an investigation and complaint process including hearings, appeals, and informal resolution processes, as applicable, and how to serve impartially, including by avoiding prejudgment of the fact at issue, conflicts of interest, and bias.
- (B) *Burden of Production*: It shall be the Investigator's burden to gather evidence sufficient to reach a determination regarding the outcome of the Formal Complaint. To reach a determination, the investigation will include, but is not limited to:
 - i. Providing the parties with the opportunity to present witnesses and provide evidence.
 - ii. An evaluation of all relevant information and documentation relating to the alleged discriminatory conduct.
 - iii. A consideration of various factors, including: (1) the nature of the conduct and whether the conduct was unwelcome, (2) the surrounding circumstances, expectations, and relationships, (3) the degree to which the conduct affected one or more students' education, (4) the type, frequency, and duration of the conduct, (5) the identity of and relationship between the alleged harasser and the suspect or suspects of the harassment, (6) the number of individuals involved, (7) the age and sex, if applicable, of the alleged harasser and the alleged victim(s) of the harassment, (8) the location of the incidents and the context in which they occurred, (9) the totality of the circumstances, and (10) other relevant evidence.
 - iv. A review of the evidence using a "preponderance of the evidence" standard. To meet the "preponderance of the evidence" standard, the evidence must show that the discrimination, harassment, or retaliation more likely occurred than did not occur.
- (C) *Rights of the Parties*: The Respondent is entitled to a presumption that the Respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the complaint process. The Investigator must provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence. The Investigator shall not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence.

The District retains the right to place any person on administrative leave during the pendency of the investigation. The District also retains the right to remove a Respondent from the District's educational program prior to the conclusion of the investigation. In the event of a removal, the Respondent shall have the opportunity to challenge the decision for removal by meeting with the Title IX Coordinator to discuss the removal.

- (D) *Conclusion of Investigation*: Prior to the conclusion of the investigation, the Investigator shall send each party the evidence that is subject to inspection and review in an electronic format or a hard copy. This information shall be known as the "Draft Investigative Report." The Draft Investigative Report shall include all evidence obtained as part of the investigation that is directly related to the allegations raised in the Formal Complaint, including the evidence upon which the Investigator does not intend to relay to the Decision-Maker. The parties shall then have ten (10) calendar days to submit a written response, which the Investigator will consider. Responses may not be submitted by the parties' Advisor of Choice or Support Person, unless such person is the parent or guardian of the Complainant or Respondent. Responses may include corrections to the Investigator's summary of the parties' interviews, suggestions for additional investigation, or additional information not known at the time of the interviews. Any new information provided by the parties during the response period will not result in an additional time period for response by the other party unless determined necessary by the Title IX Coordinator. The Investigator is not obliged to respond to any question or requests for information in the parties' responses. The Investigator will consider the information provided by the parties and will incorporate relevant information into the Final Investigative Report. The Final Investigative Report will fairly summarize the relevant evidence. The Investigator shall then submit the Final Investigation Report to the Decision-Maker. The parties shall each receive a copy of the Final Investigative Report at the same time as the Decision-Maker.

- 6. *Actions Taken By Decision-Maker Upon Receipt of Final Investigative Report*: Upon receipt of the Final Investigative Report, the Decision-Maker shall provide 10 days for each party to submit written, relevant questions that a party wants asked of any party or witness. Questions shall be submitted to the Title IX Coordinator who shall

determine whether questions are relevant. The Title IX Coordinator shall contact parties or witnesses to request answers to the parties' relevant questions. The Title IX Coordinator will provide each party, and the Decision-Maker with the answers provided by the opposing party or witness and allow for additional, limited follow-up questions from each party.

7. Notice of Determination: Once the Decision-Maker has received the answers to relevant questions submitted by the parties, the Decision-Maker shall consider the answers and the Decision-Maker shall issue a written determination regarding responsibility by a preponderance of the evidence within a reasonable time frame, as determined by the Title IX Coordinator. The Decision-Maker shall consider all relevant evidence, including inculpatory and exculpatory evidence, and will not consider the credibility of the evidence to be based on a person's status, such as the Complainant, Respondent, or witness. The Decision-Maker shall provide the written determination to both parties simultaneously. The written determination shall include:
 - (a) Identification of the allegations potentially constituting sexual harassment;
 - (b) A description of the procedural steps taken from the receipt of the Formal Complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather evidence;
 - (c) Findings of fact supporting the determination;
 - (d) Conclusions regarding the application of each recipient's code of conduct to the facts;
 - (e) A statement of, and rationale for, the results as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the recipient imposes on the Respondent, and whether remedies designed to restore or preserve equal access to the recipient's education program or activity will be provided by the recipient to the Complainant; and
 - (f) The recipient's procedures and permissible bases for the Complainant and Respondent to appeal.

The Family Educational Rights and Privacy Act (FERPA) permits the District to disclose relevant information to a student who was discriminated against or harassed.

8. Sanctions: At the conclusion of the investigation, the Decision-Maker may institute disciplinary measures against the Respondent if the Decision-Maker determines that the Respondent engaged in sexual abuse or harassment. Disciplinary measures may include, but are not limited to, in-school suspension, out-of-school suspension, expulsion, and, in the case of an employee disciplinary action, up to and including immediate termination from employment.

The Title IX Coordinator is responsible for coordinating the implementation of supportive measures for the victim(s).

C. Appeals

If either party is not satisfied with the outcome of the investigation and the decision of the Decision-Maker, they may appeal on the following bases:

1. Procedural irregularity that affected the outcome of the matter;
2. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
3. The Title IX Coordinator, Investigator, or Decision-Maker had a conflict of interest or bias for or against the Complainant or Respondent generally or the individual Complainant or Respondent that affected the outcome of the matter.

The request for an appeal shall be in writing and submitted on the appropriate document. The appeal document shall be submitted to the Superintendent.

Upon notice of an appeal by either party, the Superintendent of Schools shall notify the other party in writing when the appeal is filed and of the appeal procedures, which apply equally to both parties.

The Superintendent shall give both parties a reasonable and equal opportunity to submit a written statement in support of, or challenging the outcome.

The Superintendent shall review the investigative report, Decision-Maker's determination, and written statements of the parties and then issue a written decision describing the result of the appeal and the rationale for the result. The Superintendent shall provide the written decision simultaneously to both parties.

D. Informal Resolution

If a Formal Complaint is filed, the District may offer the Complainant and Respondent the opportunity to participate in an informal resolution process. The informal resolution process may take place at any time prior to reaching a determination regarding responsibility. The informal resolution process shall only take place upon:

1. Written notice to both parties disclosing: the allegations, the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a Formal Complaint arising from the same allegations, provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the resolution process and resume the complaint process with respect to the Formal Complaint, and any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared;
2. The parties' voluntary, written consent to the informal resolution process; and
3. That the allegations of the Formal Complaint do not involve any allegations that an employee sexually harassed a student.

E. Record Keeping

The District will maintain relevant documentation obtained during the investigation and documentation supportive of the findings and any subsequent determinations, including the investigative report, witness statements, interview summaries, and any transcripts or audio recordings, pertaining to the investigative and appeal proceedings for a period of seven (7) years.

Section 4 NOTICE TO PARENTS OF RIGHTS AFFORDED BY SECTION 504 OF THE REHABILITATION ACT OF 1973

The following is a description of the rights granted by federal law to qualifying students with disabilities. The intent of the law is to keep you fully informed concerning the decisions about your child and to inform you of your rights if you disagree with any of these decisions. You have the right to:

1. Have your child take part in, and receive benefits from, public education programs without discrimination because of his/her disability.
2. Have the school district advise you of your rights under federal law.
3. Receive notice with respect to identification, evaluation or placement of your child.
4. Have your child receive a free appropriate public education.
5. Have your child receive services and be educated in facilities which are comparable to those provided to every student.
6. Have evaluation, educational and placement decisions made based on a variety of information sources and by persons who know the student and who are knowledgeable about the evaluation data and placement options.
7. Have transportation provided to and from an alternative placement setting (if the setting is a program not operated by the district) at no greater cost to you than would be incurred if the student were placed in a program operated by the district.
6. Have your child be given an equal opportunity to participate in nonacademic and extracurricular activities offered by the district.
9. Examine all relevant records relating to decisions regarding your child's identification, evaluation and placement.
10. Request mediation or an impartial due process hearing related to decisions or actions regarding your child's identification, evaluation, educational program or placement. (You and your child may take part in the hearing. Hearing requests are to be made to the Superintendent).
11. File a local grievance.

Section 5 NOTIFICATION OF RIGHTS UNDER FERPA

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

1. The right to inspect and review the student's education records within 45 days of the day the District receives a request for access.

Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading.

Parents or eligible students may ask the School District to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records without consent to officials of another School District in which a student seeks or intends to enroll.

If the parent does not formulate such a request, and continues to desire certain curriculum materials, the parent shall be asked to make their request to the Superintendent.

Rights of Parents to be Notified of and to Opt-Out of Certain Physical Examinations or Screenings. The general policy and practice of the District is to not administer physical examinations or screenings of students which require advance notice or parental opt-out rights under the applicable federal laws, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law; and (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act. For physical examinations or screenings which do not fit into the applicable exceptions, the District will follow the procedures set forth in the section entitled: "Notification of and Right to Opt-Out of Specific Events."

Protection of Student Privacy in Regard to Personal Information Collected from Students: The general policy and practice of the District is to not engage in the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information. Reasonable requests for inspection shall be granted within a reasonable period of time after the request is received. The procedures for making and granting such a request are as follows: the parent shall make the request, with reasonable specificity, directly to the building principal and shall identify the specific act and the school staff member or program responsible for the collection, disclosure, or use of personal information from students for the purpose of marketing that information. The building principal, within five (5) school days, shall consult with the school staff member or person responsible for the program which has been reported by the parent to be responsible for the collection, disclosure, or use of personal information from students. In the event such collection, disclosure, or use of personal information is occurring or there is a plan for such to occur, the building principal shall consult with the Superintendent for determination of whether the action shall be allowed to continue. If not, the instrument for the collection of personal information shall not be given to any students. If it is to be allowed, such instrument shall be provided to the requesting parent as soon as such instrument can be reasonably obtained.

Annual Parental Notification of Student Privacy Protection Policy: The District shall provide parents with reasonable notice of the adoption or continued use of this policy and other policies related to student privacy. Surveys of students involving one or more matters deemed to be sensitive in accordance with the law and this policy; and,

Any non-emergency, invasive physical examination or screening that is required as a condition of attendance; administered by the school and scheduled by the school in advance; and not necessary to protect the immediate health and safety of the student or of other students. (Note: the general practice of the District is to not engage in physical examinations or screenings which require advance notice, for the reason that the physical examinations or screenings to be conducted by the District will usually fit into one of the following exceptions to the advance notice requirement and parental opt-out right: (1) hearing, vision, or scoliosis screenings; (2) physical examinations or screenings that are permitted or required by an applicable State law, (3) surveys administered to students in accordance with the Individuals with Disabilities Education Act)

If the District receives Title I funding, the District shall notify the parents of each student attending any school receiving Title I funds that the parents may request, and the District will provide the parents on request (and in a timely manner), information regarding any State or District policy regarding student participation in any State or District assessments, including the District's policy and procedure on the parental right to opt the child out of such assessment(s), and (5) for mental health assessment the District shall obtain informed consent from the parent of each child who is under 18 years of age to participate in any mental-health assessment or service that is funded under the Every Student Succeeds Act ("ESSA"). The Raymond Central Public Schools has agreed to participate in the National School Lunch Program and accepts responsibility for providing free and reduced price meals to eligible children in the schools under its jurisdiction.

A minimum balance of \$6.00 is recommended. If at the end of the school year a positive balance is in the account, the balance will be held over for the following school year providing there are children enrolled for the upcoming year. Families who have school lunch accounts that are negative will be notified in writing, by telephone or in person in a timely manner.

Meal Charge Policy

The district's policy on charged meals is:

If a student has no funds available to pay for a meal, the student will be provided and charged for up to five meals. Thereafter, if a student has no funds available to pay for a meal, the student is provided a 'courtesy meal,' such as a plain sandwich and milk at no cost.

Students who qualify for free meals will not be denied a reimbursable meal, even if they have accrued a negative balance from other food purchases. School staff may prohibit any students from charging a la carte or extra items if they do not have cash in hand or their account has a negative balance.

If a student repeatedly lacks funds to purchase a meal, has not brought a meal from home, and is not enrolled in a free meal program, the district will use its resources and contacts to protect the health and safety of the student. Failure or refusal of parents or guardians to provide meals for students may require mandatory reporting to child protection agencies as required by law.

RC agrees in the operation of child nutrition programs, that in accordance with Federal Law and U.S. Department of Agriculture policy, this institution is prohibited from discrimination against its customers, employees and applicants for employment on the basis of race, color, national origin, age, disability, sex, gender identity, religion, reprisal and where applicable, political beliefs, marital status, familial or parental status, sexual orientation, or all or part of an individual's income is derived from any public assistance program, or protected genetic information in employment, or in any program or activity conducted or funded by the Department. (Not all prohibited basis will apply to all programs and/or employment activities.
