(A) Report the total number of other licensed employees that serve in an administrative capacity district wide. Include area directors.

(B) Report only those employed by this school district or system.

(C) Include federal programs, except Headstart.

(D) Include Headstart teachers and other preschool teachers.

Note (1) This data may not match the Licensed Personnel Report.

Note (2) Administrator's contracts may vary from nine to twelve months.

Note (3) If personnel have shared duties, please pro-rate their FTE based upon their contract.

Federal Title Programs

INFORMATION REQUIRED TO ADMINISTER ALLOCATIONS FOR THE TITLE II-A (TEACHER QUALITY) AND TITLE III (ESL) PROGRAMS AS A SECOND LANGUAGE).

The Title II-A, Title III and Title IVA Programs utilize non-public school enrollment within the unified school district boundary for annual allocations. These programs require the use of the enrollment of those schools who DESIRE to participate in each program. These enrollment numbers will be used to calculate 2027-2028 allocations.

Each non-public school (accredited and non-accredited) located within the USD Boundary, as identified in the Directory, and that updates web application, will be reflected in the list below. For each non-public school listed, report their total FT enrollment for grades K-12 as of September 21, 2026. Please check the programs in which they intend to participate for the 2027-2028 school year; if no participation, please do not check either box.

It is our recommendation to have all information ready for entry to avoid timeout. Select SAVE at the bottom of the screen after each entry.

Headcounts Table

[K.S.A 72-5131](#) through [K.S.A 72-5176](#) and amendments thereto, is referred to as the Kansas School Equity and Enhancement Act. Information on this page will be used for funding purposes, as well as state and federal reporting.

Preschool-Aged (without IEP and not at-risk) is displayed for information only and is not included in the funding formula. While these students do not generate funding, we highly recommend submitting ENRL records for all students regardless. This information is used for various state and federal reports.

Preschool students that are 5 years old on or before August 31 should be reported as Kindergarten (D10 = Grade KG) for funding purposes, regardless of their placement.

NOTE: Virtual and KAMS students are included in the District Total and Total FTE columns only; Virtual is excluded from the FTE column but KAMS is included. However, when clicking the underlined number in District Total Headcount column, the Student Info (from KIDS enrollment records) list will include JDC (Funding Building 0003).

Central Office Headcounts Table

Central Office Headcount Table

It is our recommendation that all students be reported in their home school they would otherwise attend. For students that cannot be reported in their home school, their Funding School (D15) should be reported as the Central Office building number. All enrollment data is prepopulated from data submitted to the KIDS ENRL Collection System.

Beginning 2021-2022 school year, the decision was made to fund Preschool-Aged At-Risk (3yr old). These students generate 0.5 FTE and include all applicable weightings.

Total & Concurrent HS Student Headcount and FTE: includes Virtual; excludes KAMS

Free Meal, Reduced Meal, Bilingual and IEP Headcount: excludes Virtual & KAMS

Note: If the Central Office building number is not used as the Funding School (D15), then no enrollment data will be displayed.

Central Office Weightings Table

[K.S.A. 72-3715](#) provides funding for full-time (D17, Value 1 on KIDS Specs) 19 years and under Virtual FTE at base state aid \$5,600; part-time (D17, Value 4 on KIDS Specs) 19 years and under Virtual FTE at base state aid \$5,600; Virtual students 20 years and over are funded at \$709 per credit earned (maximum of six credits per student). Additionally, students who are 19 years and under who enroll in a virtual school as a dropout diploma completion virtual student will be funded at \$709 per credit earned (maximum of six credits per student).

For any students counted in the Central Office, please enter estimated Virtual Credits earned (if applicable) for determining Virtual State Aid entitlement. Credits should be estimated through June 30 and will be audited the following school year.

Headcount and Enrollment at a Glance

This information is required to administer the Kansas School Equity and Enhancement Act ([K.S.A 72-5131](#) through [K.S.A 72-5176](#)).

The 2/20 Headcount or Hours and 2/20 FTE estimates are only applicable to districts that have new students of military families not enrolled on the September 21 count date. In order to qualify for the Military Count, the enrollment of "Military Dependent" students on February 20 must be 25.0 FTE or an FTE equal or greater than 1% of the current year's September enrollment who were not already counted by the district (excluding virtual students). If not applicable, please enter as zero for all entry fields then <Save>. Blank values will result in "Cannot Submit" error.

For purposes of At-Risk funding, the free meal headcount excludes any pupil enrolled less than full time in grades 1 through 12 or any student 20 years of age or older as of September 20; these provisions would not apply for any student who has an individualized education program (IEP). Free meal counts also exclude Virtual and Preschool-Aged (without IEP).

2024 Senate Bill 73 amended the enrollment determination criteria in the KSEEA beginning 2024-2025 to require school districts and KSDE to utilize the highest of the current year or prior year enrollment to determine state aid. For districts that meet all three qualifications for the three-year average FTE, they can utilize the current year, prior year or average of the preceding year, second preceding year and third preceding year if higher.

For purposes of At-Risk funding, the free meal headcount excludes any pupil enrolled less than full-time in grades 1 through 12 or any student 20 years of age or older as of September 20; these provisions would not apply for any student who has an individualized education program (IEP). Free meal counts also exclude Virtual and Preschool-Aged (without IEP).

Additionally, students who are 19 years and under who enroll in a virtual school as a dropout diploma completion virtual student will be funded at \$709 per credit earned (maximum of six credits per student).

Virtual Credits Earned are estimated for July 1 through June 30. Actual Virtual Credits Earned will be reported in June on Local Effort and audited the following school year.

The LEA policy shall be incorporated into the District Improvement Plan and establish the district's expectations for parent and family engagement. The building policy shall describe the means for carrying out the parent and family involvement requirements. Parents shall be notified of the policies in an understandable and uniform format and, to the extent practicable, provided in a language the parents can understand.

Schoolwide Action Plan (ESEA Section 1114(b))

This plan must outline how the school building will implement the required components of a Title I, Part A Schoolwide program to ensure that all students are provided with opportunities to meet the challenging state academic standards.

Continuing Schoolwide Form

This form is used to inform KSDE of a building's intention to continue operating a schoolwide program. It includes information about the building's allocation amount, the effective practices being utilized, as well as the building's schoolwide program budget.

Schoolwide Building Supplemental Form

This form is used to inform KSDE of a schoolwide building's comprehensive needs assessment, how the use of federal, state, and local funds are coordinated to support the school improvement process, and how a school supports transitions from early childhood programs to elementary school, elementary school to middle school, and middle school to high school.

Title I, Part A Schoolwide Action Plan Review Form

District leaders should use this form to review and guide the approval process of Title I, Part A Schoolwide Action Plans. Once a district approves a schoolwide action plan, the Kansas State Department of Education will review this form as part of the KSDE monitoring process.

Targeted Assistance Plan (ESEA Section 1115(a))

This plan outlines how the building will implement the required components of a Title I, Part A Targeted Assistance program to assist eligible participating children to meet the challenging state academic standards.

District Verification of Teacher Qualification Letter

This letter is the required notification to KSDE to verify if classes were taught by staff that did or did not meet state grade level and content area certification.

Timely Notice of Teacher Qualification (ESEA Section 1112(e)(1)(A))

This letter is issued to parents to notify them that their child is instructed for four continuous weeks by a teacher that does not meet state grade level and content area certification. Each district must have a letter on file that will be sent should the situation arise.

Title I, Part A Annual Parent Informational Meeting (ESEA Section 1116(c)(1))

Each school building receiving Title I, Part A funds, schoolwide and targeted assistance, is required to convene an annual meeting. The purpose of this meeting is to inform parents and families of the school's participation in the Title I, Part A program, and the right of the parents to be involved. (ESSA Section 1116(c))

Parent School Compact (ESEA Section 1116(d))

The compact addresses the importance of communication between school and home. Signatures are the easiest way to demonstrate compliance; however, it should be noted that *a signature is an acknowledgement of receipt of the information and is not a federal requirement*.

Title I, Part A Program Staff Evaluation AND Results (ESEA Section 1114(b)(3))

The effectiveness of the Title I, Part A program must be evaluated annually by Title I, Part A staff, building classroom teachers, principals, and district administrators. The evaluation considers all aspects of the Title I, Part A program, including effectiveness of policies, involvement of parent/guardians and impact of equitable services for private school children, where applicable. - requirements on the school district's at-risk student achievement report published on the state board's website.
 - After the additional school year, if the cohort does not meet their respective goal, the district's at-risk student weighting and high-density at-risk student weighting entitlements during the following school year will be adjusted.
 - See *Formula Adjustments* below.
 - Once the additional year concludes, the district will repeat the at-risk accountability plan process, identifying a new cohort, goal, and intervention for the following school year. A new cohort will be formed to replace the cohort that needed an additional year regardless of goal achievement for that year.
- Note: Districts should only have two active cohorts at a time. In the scenario of one cohort meeting the goal in year four and the other cohort needing the additional year to meet the goal, the district's cohort formation cycle is not aligned.

At-Risk Funding Adjustments

K.S.A. 72-3574(g) details the financial impact of districts not meeting established cohort academic achievement goals. If a district does not meet one or both of the established cohort goals, this will impact the district's opportunity to receive the **increased** BASE aid amount applied to the at-risk and high-density at-risk weightings for the year following the final year of the evaluation period.

See below for an example of how the BASE aid amount for the at-risk and high-density at-risk weighting may be impacted based on cohort goal achievement. For specific formula adjustments, see Appendix A.

Cohort Goal Achievement	Impact of Increased BASE aid amount	If BASE aid in 2031 is \$6,000 and additional funding is \$200. The BASE aid would be
Both cohorts meet or exceed their goals	Receives <u>all</u> of the increase to the BASE aid amount applied to the at-risk and high-density at-risk weighting.	\$6,200
Only one cohort meets or exceeds their goal	Receives <u>half</u> of the increase to the BASE aid amount applied to the at-risk weighting.	\$6,100
No cohorts meet or exceed their goal	Receives <u>none</u> of the increase to the BASE aid amount applied to the at-risk weighting.	\$6,000

Expenditure Report

As part of the at-risk accountability plan, districts will annually complete and submit an at-risk expenditure report detailing all expenditures made from the At-Risk Fund (Code 13) for the prior year. Expenditures must be provided by the category of expenditure and the approved evidence-based at-risk

educational program or practice it was spent on. Optional additional fields may be completed by districts to provide itemized expenditure data. A sample of the expenditure report is below. Required fields are shown in yellow and optional fields are shown in red.

The At-risk Program Expenditure Report is found on School Finance's Announcement and Information webpage. Expenditure reports must be completed in excel format and submitted via email **by October 31** to Katie Albright at katie.albright@ksde.gov.

Once submitted the district and the KSDE will post the document on their websites. The required posting must display the district's information and the data contained in the yellow cells.

Authenticated Application Details

Districts will submit the at-risk accountability plan and annual reports through a KSDE authenticated application. The At-Risk Accountability Plan application provides all districts with an opportunity to create and review their at-risk accountability plan before submitting the plan to KSDE.

The At-Risk Accountability Plan is an online application that is accessible through the KSDE Authentication page. This application focuses on two key pieces of data:

- At-Risk Accountability Plan Creation (cohort formation, goal-setting, and intervention identification)
- Annual Report on Plan Progress

Districts are able to create at-risk accountability plans between September 21 to October 31, 2026. **Plans must be finalized and submitted by October 31.**

To the Northern Valley Board of Education

Please accept this notice as my Letter of Resignation. My last day of employment will be June 30, 2027, with retirement starting on July 1, 2027.

I started my teaching career in August 2004 in the first grade classroom. Opportunities over the next several years allowed me to move to sixth grade, middle school science, high school science, and finally HS Principal / Superintendent. I also had the opportunity to coach students in Forensics and was the technology director for three years as well.

During my tenure (will total 23 years), I have had the privilege to teach and work alongside amazing staff and I will be leaving, what I believe to be, one of the strongest, most competent groups I have seen during my administration.

Time is a limited commodity, and most of us do not know the amount we have left. Family will be my focus in this next chapter ... and maybe even take in some fishing With that in mind, it will definitely be hard to move forward from my years here at Northern Valley, but I feel it is my time to open that next door. I look forward to continuing to watch the students succeed academically and competitively.

Thank you to the Board for all of the support I have received these past eleven years as Superintendent. Northern Valley is in good hands with you at the helm.

Go Big Green!

Sincerely,

Ken Tharman

Superintendent / HS Principal
