Subject: Resignation

To: Pat Rendle <prendle@isd317.org>, Ara Anderson <aanderson@isd317.org>

Dear Mr. Rendle,

I am writing to inform you of my resignation as Science Teacher at Deer River High School.

I resign with a heavy heart. Deer River has treated me extremely well during my nine years at the school. Leaving people who have done so much for me is very difficult. I am, however, very excited with the direction the district is headed. With our current Superintendent and two building Principals, I firmly believe the right people are leading ISD 317 forward.

Sincerely,

Nick Koerbitz

Operating Referendum & Capital Project Levy

Deer River, ISD No. 317

School Board Work Session

June 25, 2025

General Education Formula Allowance

General Education Formula Allowance, 2003-2026

Adjusted for Pupil Weight Change and Inflation (CPI)

Source: MDE December 2024 CPI Inflation Estimates and Minnesota Laws 2023

Reliance on Referendums

- Other funding sources (e.g., special education) also have not kept pace with inflation or costs of providing services
- Only options for districts to bridge funding gap are to cut budgets or request operating referendum and/or capital project levy revenue authority from voters; most districts have done both

Operating Referendum

November election ballot question, stated per pupil, estimated cap for Taxes Payable 2025 / Fiscal Year 2025-26 is \$2,266.31
(no cap for sparsity districts)

Allows districts to generate additional general education revenue

Revenue can be a combination of local property tax levies & state aid

Annual levy, maximum length of 10 years

Taxes spread on Referendum Market Value
(most property types pay same taxes per dollar of property value)

Revenue may be used for any operating or capital expenses
(e.g. staff salaries & benefits, utilities, supplies, technology)

Capital Project Levy Referendum

Election ballot question,
stated tax rate

Allows districts to generate
additional revenue for
technology and capital
projects

Revenue provided through
local property tax levies

Annual levy, maximum
length of 10 years

Taxes spread on Net Tax
Capacity
(All taxpayers pay, but may pay
different amounts based on the type
of property)

Revenue may be used for
items consistent with the
ballot language

* The amounts in the table are based on school district taxes for the proposed operating referendum only, and do not include tax levies for other purposes. Tax increases shown above are gross increases, not including the impact of the state Homestead Credit Refund ("Circuit Breaker") program. Some owners of homestead property may qualify for a refund, based on their income and total property taxes. This may change the net tax for many property owners.

** Average value per acre is the total estimated market value of all land & buildings divided by total acres. If the property includes a home, then the tax impact on the house, garage, and one acre of land will be calculated in addition to the taxes per acre, not the same basis as a residential home or non-homestead property. If the same property owner owns more than \$3.8 million of agricultural homestead land and buildings, a portion of the property will be taxed at the higher non-homestead rate.

Potential Referendum - Considerations

- For a November 4, 2025 referendum, School Board must call for election by August 12, 2025
- With November 2025 referendum, first year of revenue is Fiscal Year 2026-27
- School districts are allowed one operating referendum per calendar year (includes mail ballot elections)

Potential Referendum - Considerations

- Number of questions
- Amount for each question
- Inflation for operating referendum question(s)
- Term (number of years)
- If multiple questions, are subsequent questions contingent on previous questions

Staff is required to fill out accident report forms but can only do so when informed by the student of the accident. Parents/guardians of an injured student will be notified as soon as possible. If the student requires immediate medical attention, the principal or other district leader will call 911 or seek emergency medical treatment and then contact the parent(s).

Announcements - Bulletin

All notices of meetings, athletic events and general information for the day will be printed in the daily bulletin each morning. Pupils presenting notices must have prior approval from the administration. DRHS daily bulletins will be posted on the school website: www.isd317.org and/or sent through electronic communications only.

Arrival and Dismissal

The building is open, and supervision is provided to students from 8:00 AM until 3:35 PM. Students will not be permitted in the building after 3:35 PM on school days or at any time on weekends, unless supervised in person by school staff or coach. Organized groups or clubs must have a supervisory instructor present when activity or work is being done. No student shall be left unsupervised.

Any student who was absent must, upon return to school, report to the High School

office to pick up an absentee slip to admit him/her to class. No student is to be admitted to class without an admit slip following an absence.

Students are required to sign out on a sign-out log in the office. Senior high students (grades 9-12) are the only students permitted during lunch to leave school property without permission. Failure to sign out using proper procedures may result in truancy consequences. See "truancy" for more information.

Care of School Property *

Willful damage will also result in suspension and possible criminal charges. Students are responsible for cleaning their locker periodically and at the end of the school year. For more information, see "vandalism".

Materials that are part of the basic educational program are provided with state, federal, and local funds at no charge to a student. Class Schedule

Changes can be made to a student's schedule, provided the changes adhere to appropriate timelines, do not overload a class, do not conflict with the current schedule, and result in a reasonable program of studies in terms of the established curriculum. To avoid schedule changes, students should consider their course options carefully during registration. A final failing (F) grade will be recorded when a student drops a course after the fourth (4th) week of the course without an administration-initiated class change. See "Dropped Course" for more information.

Closing of School

School may be cancelled when the superintendent believes the safety of students and employees is threatened by severe weather or other circumstances. The superintendent will decide about closing school or school buildings as early in the day as possible. School-closing announcements will be on the school website (www.isd317.org), Instant Alert, local news channels, and the District Facebook page.

Clubs and Activities

The student council is the governing body on the student level at DRHS. The council meets as necessary during the school term. The council considers questions coming from students, faculty, and other interested individuals.

The school district provides opportunities for students to pursue special interests that contribute to their physical, mental, and emotional health; however, instruction is the school district's priority. Students who participate in school-sponsored activities are expected to responsibly represent the school and community. All rules pertaining to student conduct and student discipline apply to school activities. See "Fundraising" for more information.

Deer River High School is a participating member of the Minnesota State High School League (MSHSL). Students participating in activities governed by the MSHSL (which includes music, fine arts, and sports) who violate MSHSL rules are subject to the discipline policies of the MSHSL and DRHS. Violations that result in district and MSHSL penalties include hazing; sexual, racial, and religious harassment; violence, and use of drugs, alcohol, or other controlled substances. Penalties for code violations as stated in the High School League/~~Deer River~~ DRHS Activities Handbook will be enforced. Employees who conduct MSHSL activities will cover applicable rules, penalties, and opportunities with students and parents/guardians prior to the start of an activity. Eighteen-Year-Old Students

The age of majority for most purposes in Minnesota is 18 years of age. All students, regardless of age, are governed by the rules for students provided in school district policy. Students that turn 18 will follow all regular rules for students, including required parent signatures unless they opt for age of majority rights. Please discuss this with the building principal for the best option for you and your family.

Employment Background Checks *

The school district will seek criminal history background checks for all applicants who receive an offer of employment with the school district. The school district also will seek criminal history background checks for all individuals, except enrolled student volunteers, who are offered the opportunity to provide athletic coaching services or other extracurricular academic coaching services to the school district, regardless of whether compensation is paid. These positions include, but are not limited to, all athletic coaches, extracurricular academic coaches, assistants, and advisors. The school district may elect to seek criminal history background checks for other volunteers, independent contractors, and student employees.

Activities Early Out Eligibility Policy for Grades 6-12:

There are two times throughout the quarter that students' grades will be checked. These two monitoring periods are at mid-quarter and end of the quarter. Each grade check has its own eligibility consequence.

Students must have an updated permission slip on file in the high school office.

A. If a student earns one or more failing grades (F) at the mid-quarter check, the student will be ineligible to participate in activities early out as soon as the teacher/coach are notified. 10. Goods and services purchased over the Internet by a user resulting in unwanted financial obligations are the sole responsibility of the user or the user's guardians.
11. The collection, creation, reception, maintenance, and dissemination of data via the Internet, including electronic communications, is governed by Policy 406, Public and Private Personnel Data, and Policy 515, Protection and Privacy of Pupil Records.

The district remains the owner of the device, but the student is responsible for caring for it, much like other district issued equipment like textbooks and athletic equipment.
15. Students will be issued a charger the first time they are provided a device. ~~The school district will no longer be charging a replacement fee for lost or broken chargers or cords, but This will be the only charger and cord provided by the school district for the life of the student's device. When a student's device is replaced/refreshed with a new device they will be provided a new charger and cord. This means students will be provided a charger every 3-4 years.~~ If students lose their charger or cord, they may check their device into the ~~Deer River High School-DRHS~~ Media Center for charging or they may purchase a replacement. iPad chargers can be purchased from the DRHS Media Center or from other retailers (Amazon, Target, Walmart, etc.). ~~MacBook Air chargers must be purchased through the DRHS Media Center.~~ Students are responsible for and expected to have their device charged and available each school day.
16. Students and/or their parents/guardians are responsible for maintaining the device in operating condition. If the device is damaged students and/or their parent/guardians may be responsible for repair and/or replacement charges. This disclosure may serve as a defense against an allegation that the user has intentionally violated this policy. In certain rare instances, a user also may access otherwise unacceptable materials, if necessary, to complete an assignment and if done with the prior approval of and with appropriate guidance from the appropriate teacher.
 23. Cyberbullying, as defined by the Safe and Supportive Schools Act (Minn. Stat. 121A.031), is bullying using technology or other electronic communication, including but not limited to a transfer of a sign, signal, writing, image, sound, or data, including a post on a social network Internet website or forum, transmitted through a computer, cell phone, or other electronic device. The Safe and Supportive Schools Act states that it applies to bullying activity by use

of electronic technology and communications off the school premises to the extent such use substantially and materially disrupts student learning or the school environment.

Deer River High School students are expected to always follow student handbook guidelines regarding bullying and social media, even when an event occurs off school property or after school hours. Social networking sites, other digital platforms (including cell phones) and distribution mechanisms that facilitate students communicating with other students are considered “social networking” platforms. Participation in such networks has both positive appeal and potentially negative consequences. It is important ~~Deer River~~ DRHS students be aware of the consequences and exercise appropriate caution. Access to social media is limited on School District systems but students are not restricted from using any on-line social network and/or digital platforms. However, student users must understand that any content they make public via on-line social networks and/or digital platforms is expected to follow acceptable social behaviors and to comply with federal, state, and local laws, as well as the ~~Deer River High School~~ DRHS student handbook. Any student in violation of said conduct is subject to consequences to be determined by the Administration. The Minnesota State High School League Student Code of Responsibilities, Bylaw 206.00, is applicable and relevant in all student-related issues and concerns in such matters.

Students will follow all rules regarding technology use as dictated by school board policy and the Acceptable Use Policy administered by Deer River High School. Students sign a form stating that they have read and understand the policy.

At no time may students use staff members district provided electronic devices.

The following guidelines are intended to provide a framework for students to conduct themselves safely and responsibly in an on-line environment.

1. Be careful with how much and what kind of identifying information you post on social networking sites. Virtually anyone with an email address can access your personal page. It is unwise to make available information such as a full date of birth, social security number, address, phone number, cell phone numbers, class schedules, bank account information, or details about your daily routine. All of these can facilitate identity theft or stalking. Social Media sites provide numerous privacy settings for information contained in its pages. Use these settings to protect private information. However, once posted, remember the information becomes property of the website and public record.
2. Be aware that community members, family, potential current and future employers, and college admissions offices often access information you place in on-line social networking sites. You should think about any information you post on sites or similar directories that potentially portrays an image of you to a prospective employer or school. ~~The information is considered public information. Protect yourself by maintaining a self-image that you can be proud of years from now.~~
3. Be careful in responding to unsolicited e-mails asking for account numbers, passwords, or PIN numbers. Reputable businesses do not ask for this information in e-mails.
4. Don't have a false sense of security about your rights to freedom of speech when using social media. Understand that freedom of speech is not unlimited. The on-line

social network sites are NOT a place where you can say and do whatever you want without repercussions or personal accountability.

5. Remember photos once put on the social network site's server become their property and public record. You may delete the photo from your profile, but it still stays on their server. ~~Internet search engines like "Google" or "Yahoo" may still find that image long after you have deleted it from your profile. Think long and hard about what type of photo you want to represent you.~~
6. Whoever is the "adult" (over 18) responsible for the contracts, computers, phone lines, etc... is liable (civil and criminal) for your actions as a minor as well.

Things students should avoid:

1. Derogatory language or remarks about our students, teammates, school personnel, and our community at-large; as well as, teachers or coaches, student-athletes, administrators, or representatives of other schools.
2. Demeaning statements about or threats to any third party, including support of demeaning statements and threats. Do not respond to these.
3. Distribution and possession of unauthorized videos and photos or statements depicting violence; hazing; sexual harassment and content; vandalism; stalking; underage drinking; selling, possessing, or using controlled substances; or any other inappropriate behaviors.
4. Creating a serious danger to the safety of another person or making a credible threat of serious physical or emotional injury to another person.
5. Indicating knowledge of any unreported felonies, crimes, thefts or damage to property or unethical behavior.
6. Indicating knowledge of an unreported school or team violation-regardless if the violation was unintentional or intentional.

Video and Audio Recording

The school district buildings and grounds may be equipped with video cameras. Video surveillance may occur in any school district building or on any school district property.

Visitors

Adult visitors, especially parents, are always welcome. To maintain a safe school environment, during school hours all visitors must enter the building by door #3 and register in the High School Office and secure a visitor pass. Student visitors are not permitted to attend school with enrolled Deer River students. Because our teachers are providing valuable instruction to our students, please be advised that teachers may not be available to meet with visitors during instructional time.

Withdrawal from School

Students between the ages of 17 and 18 who wish to withdraw from school must attend a meeting with their parents and school officials to sign a statement verifying their withdrawal from school.

ACADEMICS

Awards and Honors

Student academic performance/grades earned at Area Learning Centers or Home Schools will not be calculated for student's class rank, honor roll, or Valedictorian/Salutatorian status.

Academic Letter

The purpose of an academic letter is to recognize and reward those students who have demonstrated and maintained academic excellence in the classroom. The academic letter will be based upon consecutive quarter grades and not cumulative grade point average earned at Deer River High School **within the same academic year**. This will allow students an opportunity to turn things around in the classroom. Grades transferred from other schools will not count towards an academic letter. Academic letters will be announced at the academic awards day held in the spring of each school year.

MN Infinity grades will transfer for an academic letter.

To earn an academic letter, a student must be on the "A" honor roll for four consecutive quarters **within the same academic year**. Students must carry a minimum of 4 credits at Deer River High School in each semester to letter.

The academic letter should not discourage a student from enrolling in a challenging class.

Class Rank/Academic Standing

The Valedictorian and Salutatorian shall:

1. Have the highest marked point average in the graduating class after the completion of the first semester of their senior year. The highest marked point average will be awarded the honor of Valedictorian while the second highest point average will be awarded Salutatorian.
2. The Valedictorian/Salutatorian of the graduating class shall be enrolled as a full-time student of ISD #317 for a minimum of two uninterrupted school years (4 consecutive semesters) during grades 10, 11, and 12.

Note: On-line courses through **MN** Infinity and CIS (College in the Schools) are considered DRHS classes.

Honor Roll

~~The~~ Deer River ~~junior and Senior~~ High School shall compute and distribute an Honor Roll quarterly that recognizes students who have demonstrated exceptional academic achievement.

A Honor Roll 3.66 - 4.5
Non-weighted Grade Numerical Values:
(Grades 6-12)

A	= 4.000	C	= 2.000
A-	= 3.667	C-	= 1.667
B+	= 3.333	D+	= 1.333

B Honor Roll 3.000 - 3.65
Weighted Grade Numerical Values:
(Grades 11-12)

A	= 4.5	C	= 2.5
A-	= 4.17	C-	= 2.17
B+	= 3.83	D+	= 1.83

B = 3.000 D = 1.000
B- = 2.667 D- = 0.667
C+ = 2.333 F = 0.000

B = 3.5 D = 1.5
B- = 3.17 D- = 1.17
C+ = 2.83 F = 0

All PSEO and College in the Schools (CIS) courses offered in a traditional classroom or ~~via Tele Presence~~ online at Deer River High School will be weighted. No other courses, including online courses will be weighted.

Honors Graduates

Special recognition shall be provided to graduates who have demonstrated academic excellence (3.200 GPA - Grades 9 - 12) during their senior high career at commencement exercises.

Grading Policy: Grades 6-12

Grades are indicators of a student's academic achievement and readiness for the next level of learning within an individual curricular area.

Achievement Minimum

Students shall earn a minimum of sixty percent (60%) to receive a passing grade. Individual instructors may increase the 60% minimum at their discretion.

Dropped Course Grade

A final failing (F) grade will be recorded when a student drops a course after the fourth (4th) week of the course without administrative recommendation.

Final Course Grades*

Final course grades will be determined by individual instructors based upon quarter/semester grades and final exams. All required course work shall be completed prior to the conclusion of the course, or a failing (F) grade may be issued. Students will earn incomplete grades based upon "Incomplete Grading" guidelines.

Incomplete Grading

An incomplete (I) grade shall only be recorded as a final course grade if the student has been absent during the most recent marking period due to:

- A. An extended illness with doctor care
- B. A death in the immediate family
- C. An extended absence that received pre-approval from the principal

Teachers may use an incomplete grade during the length of the course at their discretion. Final course incompletes (I) must be made up within fifteen (15) calendar days of the student's ability to return to school. Fourth quarter grades must be made up within 15 calendar days starting the first day after the last day of school.

Unpaid Fees

If a student does not pay a fee associated with a course or fails to return a course textbook, the student will be given a grade of F\$ and the classroom teacher will make a comment on the report card regarding the reason for the grade. Upon payment of the fee or return of the book, the grade will be reinstated.

Graduation Requirements*

Credits toward graduation are granted on a semester basis. A semester credit is awarded for passing a class with a grade of D- or better for a period of one semester. A total of 47 semester credits are required. Students must meet all course credit requirements and graduation standards, as established by the state and the school board, in order to graduate from Deer River High School.

- Alternative Learning Program (ALP)
- Alternative Learning Center (ALC)
- Online credit recovery program
- ~~TelePresence credit recovery program~~
- ~~Summer School credit recovery program~~
- General Educational Development Exam (GED)

A maximum of nine (9) credits per semester, including credit recovery, is allowed for students, (7 High School credits and 2 other credits outside of the traditional school day). Credits above the (7) may incur students fees for enrollment.

After School Credit Recovery (ASCR) - Grades 7-12

~~Purpose:~~ After School Credit Recovery is designed to help students who have lost credit in Math, Science, Social Studies, and/or English Language Arts due to attendance issues or failed a quarter or semester of one or more classes. Students may be assigned to attend ASCR by the Principal or his/her designee.

Certified teachers within the disciplines of math, science, social studies and English language arts will staff ASCR. ASCR will be offered two nights per week, Tuesdays and Thursdays, from 3:15 to 5:30 p.m. Students will meet in the ~~Media Center~~ HS Office at 3:15 and be escorted to classrooms by an ASCR teacher(s).

Credit Recovery Timeline: Students who fail a core course have the next semester to make up the credit in credit recovery. If a student does not complete their credit recovery in the allowed time, they will need to retake the class. Students who have lost credit before SY25-26 have 1 school year from the time of lost credit to complete credit recovery.

~~Purpose:~~ After School Credit Recovery is designed to help students who have lost credit due to attendance issues or failed a quarter or semester of one or more classes. Students may be assigned to attend ASCR by the Principal or his/her designee.

Credit Deficient Students: Students who become 2 or more credits deficient in their required core classes (Math, Science, English, Social, and Computer Apps) after their sophomore year ~~will be placed in a Learning Community until all credits are obtained AND~~ become ineligible to participate in all activities until all credits are made up. Seniors who become 1 or more credits deficient in their Required Core Classes (Math, Science, English, Social, and Computer Apps) become ineligible to participate in all activities until all credits are made up. Deviation from this rule can be cleared through the principal or activity office.

In addition, students may be assigned to attend ASCR to complete course work or complete test/quizzes prior to excused absences. For example, students attending a field trip, family vacation or sports event may use the ASCR time to complete assignments or test/quizzes that will be assigned during their absence.

~~Each student's course work will be provided to the ASCR teacher by the student's classroom teacher not later than 3:30 p.m. the day prior to each ASCR session. ASCR teachers will be provided student rosters weekly by the ASCR coordinator. ASCR teachers will take attendance each session and submit attendance to the ASCR coordinator the following day.~~

~~Note:~~ All Deer River students seeking academic support are welcome to attend ASCR. Non-assigned students are not required to attend for the full two hours and may be released at the ASCR teacher's discretion.

~~Age Waiver for General Educational Development (GED) Testing~~

~~Residents of Minnesota between the ages of 16 and 18 may take the GED tests if they qualify for an Age Waiver. You must apply for an age waiver using the form provided by the Minnesota GED Office. An approved Age Waiver must be presented at an Official Testing Center before you will be allowed to test. Age waiver applicants must not be enrolled in high school.~~

~~There are six possible ways for an applicant to qualify for an age waiver. An applicant needs to meet ONE of the following six conditions:~~

- ~~1. Applicant has been dropped from the school's attendance rolls for at least one full calendar year. Please note that if you are under the age of 17, this will result in a truancy petition.~~
- ~~2. Applicant's high school class has graduated.~~
- ~~3. A prospective employer indicates on signed/dated letterhead that applicant must successfully complete the GED Battery to qualify for employment.~~
- ~~4. A prospective postsecondary institution or financial aid office indicates on signed/dated letterhead that applicant must successfully complete the GED Battery to qualify for acceptance or to begin the financial aid process.~~
- ~~5. The military indicates on signed/dated letterhead that applicant must successfully complete the GED Battery to qualify for acceptance.~~
- ~~6. An Adult Basic Education (ABE) program or other recognized educational, social service, or correctional agency indicates that successful completion of the GED Test Battery is a part of the applicant's written individual learning plan AND provides signed/dated documentation showing the applicant has taken at least three of the five Official GED Practice Tests with a standard score of at least 500 on each. Official Practice Tests are available from all Minnesota ABE programs.~~

Parent Right to Know *

If a parent requests it, the school district will provide information regarding the professional qualifications of his/her child's classroom teachers, including, at a minimum, the following:

1. whether the teacher has met state qualifications and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
2. whether the teacher is teaching under emergency or other provisional licensing status through which state qualification or licensing criteria have been waived.
3. the baccalaureate degree major of the teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree.
4. whether the student is provided services by paraprofessionals and, if so, their qualifications.

In addition, the school district will provide parents with information as to the level of achievement of their child in each of the state academic assessments. The school district also will provide notice to parents if, for four or more consecutive weeks, their child has been assigned to or taught by a teacher who is not highly qualified.

Post Secondary/Concurrent Enrollment Options

Deer River High School strives to provide a rigorous and relevant curriculum that meets the needs of all our students. It is our sincere hope to provide coursework that challenges each student at his/her individual potential and in doing so, provides the best possible pathway to lifelong success. Those students ready to challenge themselves at a higher level are encouraged to concurrently enroll in college level curriculum that allows students to earn dual high school and college credit. Concurrent enrollment is defined as enrollment in one course that provides dual credit attainment at both the high school and college levels. Please keep in mind that regardless of the credits earned at post-secondary institutions, students must meet the minimum outlined graduation requirements at Deer River High School.

Tenth, eleventh, and twelfth grade students may apply to enroll in Post-Secondary Enrollment Options (PSEO) and other advanced enrichment programs. General information about the PSEO program will be provided to all eighth, ninth, tenth, and eleventh grade students by March 1. Qualifying credits granted to a student through a PSEO course or program that meets or exceeds a graduation standard or requirement will be counted toward the graduation and credit requirements of the state academic standards. Interested students must fill out an application form and submit it to the school counselor by May 30 for enrollment the following fall semester. Students interested in enrolling in a PSEO program spring semester, must inform the school counselor of their intent to enroll by October 30. The application form must be signed by the student and his/her their parent or guardian.

As allowed per the Minnesota Department of Education, PSEO and CIS courses will earn credits at the high school level in the following manner:

Credits Earned at College	Credits Earned at High School
(4) Credits at College	(2) Credits at High School
(3) Credits at College	(1) Credit at High School
(2) Credits at College	(1) Credit at High School
(1) Credit at College	(.5) Credit at High School
CIS Natural Resources - 1 credit	

~~Note: Credit attainment changed under the November 2011 outline by MDE. However, students already enrolled in post-secondary options prior to 2012 will be grandfathered in under the previous model calculation of 2:1.~~

Promotion and Retention

All students are expected to achieve an acceptable level of proficiency. Students who achieve at an acceptable level will be promoted to the next grade level at the completion of the school year. Retention of a student may be considered when professional staff and parents/guardians feel that it is in the best interest of the student. The superintendent’s decision will be final.

Students are assigned a grade level based upon their cohort during their 9th grade year. In order for students to attempt state required ~~graduation exams~~ standardized tests, students will progress through the grade levels regardless of credit attainment. If students are behind on credits for graduation, they may remain listed as active 12th grade (seniors) for multiple years.

It is recommended that students successfully complete the minimum of 12 credits per academic year to be on track for graduation.

Junior high students not demonstrating grade level competencies ~~witt~~ may be assigned to skill building class(es) or may be required to retake a specific class or classes to prepare them for improved academic performance.

Review of Instructional Material

The Board of Education of Independent School District #317, Deer River, Minnesota, is legally responsible for all matters relating to the operation of the schools of District #317.

Though the selection of instructional materials involves recommendations and advice of many people: administrators, teachers, supervisors, students and parents, the responsibility for coordinating the selection of instructional materials is delegated to the professionally trained personnel employed by the school system.

The Board of Education of School District #317 endorses the *School Library Bill of Rights*, American Association of School Librarians, 1969, and *The Students' Right to Read*, National Council of Teachers of English, 1972. It further bases its philosophy on *Standards for School Media Programs*, American Library Association, and National Education Association, 1969.

Materials should be acquired based on favorable reviews in standard selection aids and bibliographic tools of state and nation-wide professional reputation. The present list includes *Booklist*, *A Basic Book Collection for Junior High School Libraries*, *A Basic Book Collection for Senior High School Libraries*, all American Library Association publications; *Junior High School Library Catalog*, *Senior High School Library Catalog*, H. Wilson Co.; *School Library Journal*, R. R. Bowker Co.; *Books for High School Libraries*, National Association of Independent Schools; the State Department of Education's *School Library Materials*, and any of its many bibliographies, along with recognized lists in special subject areas such as *Science Book List*, American Association for the Advancement of Science.

Requests of professional personnel such as teacher, supervisors, and administrators will be given important consideration since professional judgment and experience in work with students must be recognized as valuable. Because it is a relatively new field and a broad scope of review sources are lacking, careful preview and examination of non-print material is particularly desirable to make certain that it is of high quality and meets the needs of the school clientele with whom it is to be used.

Materials already in collection will be constantly evaluated to determine their usefulness in the relevance to an ever-changing collection. Excessively worn or mutilated items will be withdrawn, along with out-of-date or no longer useful materials. Multiple items of outstanding and much in demand media will be acquired as needed.

The present-day social climate may indicate selection standards and will be accepted or rejected by these standards.

Challenged Materials

Since the following subjects are sometimes the cause for criticism, the following policies will apply concerning them:

Religion: Factual, unbiased material, which represents all major religions, will be included

in the collection.

Ideologies: Factual, unbiased material on the maturity level of the school clientele will be made available on any ideology or philosophy which is or becomes a topic of current interest.

Sex and Profanity: Materials presenting sexual incidents or profanity shall be subjected to a rigorous test of literary merit, educational worth, and social value.

Suspension and Academics Grading

Students that are suspended are expected to have equal access to classwork, homework, and assessments. Suspended students can access assignments online (typically via Schoology) and contact teachers via email. Arrangements can be made with the DRHS Office to collect and pick up paper/pencil assignments. Note: Because all classroom assignments will be required during periods of suspension, parents/guardians are responsible to provide computer/internet access for their child(ren) during that time.

Student Peer Leaders Requirements

Students who assist teachers as a classroom aide or an office aide may receive one-half (.5) credit per semester for their assistance. Student aides must meet the following criteria:

1. Maintain a current GPA of 2.5 or higher
2. Maintain a credit load making satisfactory progress towards graduation
3. Exhibit leadership behavior
4. Active enrollment as a junior or senior at DRHS

ATTENDANCE

Attendance Policy

The Deer River School Board believes that regular school attendance is directly related to success in academic work and establishes regular habits of dependability and responsibility important to the future of all students. Classroom experiences are both meaningful and essential components of the learning process and allow each student to realize their full potential. Regular class attendance instills self-discipline, exposes students to group interactions with teachers and fellow students, enables students to hear and participate in class discussions, and involves students in educational experiences not available in other circumstances. Make-up assignments can never fully replace the learning experience students' miss when they are absent from class. This policy recognizes that class attendance is a joint responsibility to be shared by the student, parent, or guardian, HRO, teacher, counselor, and administrators. The responsibilities assigned to each of these groups are outlined below.

Student Responsibilities

1. Attend each class and arrive in class on time.
2. If an absence occurs that is not school-related, follow these procedures:
 - a. Have your parent/guardian call the attendance office, 218-246-3402, each day you are absent or bring a note signed by the parent or guardian to the attendance office upon return to school. All students must obtain an admit slip from the office prior to returning to classes. The note or phone call should state the

date, reason for the absence, and include the phone number where the parent/guardian may be reached.

- b. If a parent/guardian does not call or a signed note is not presented to the attendance office, the absence will remain permanently unexcused unless documentation to exempt the absence is provided.
- c. Make up required activities, classroom assignments, tests, and quizzes within two (2) school days for each day absent unless other arrangements are made with the classroom teacher.
- d. To arrange a pre-approved absence the student must follow these procedures:
 - 1. Obtain a Pre-Absence form from the attendance office prior to an absence that will be three or more days in length.
 - 2. Have the Pre-Absence form signed by each teacher.
 - 3. After the Pre-Absence form has been signed by each teacher, return it to the attendance office prior to the absences. Please note the teacher signature only indicates the teacher has been notified of the absence. The Attendance Policy guidelines are applicable.
 - 4. It is always the responsibility of the student to contact the teacher when the student knows he/she will be absent for any reason.
 - 5. Make-up required activities, classroom assignments, tests, and quizzes within two (2) school days for each day absent unless other arrangements are made with individual classroom teachers. It is the student's responsibility (not the teacher's) to see that all work is made up in the agreed upon time.

ISD 317: ATTENDANCE AWARENESS

ISD 317 is committed to maximizing instructional time. Students present in class are proven to have higher student achievement and dedication to personal growth. We are continuously striving to improve the academic success and social/emotional learning of our students; school attendance and punctuality are foundational pieces of the process. We ask students, parents, and guardians to partner with us in proactively making attendance a priority every day.

If a student is over the 11 allowable absences for a class, they may lose credit for that class thus becoming ineligible for athletics. Students will not be eligible to participate in practices or games until they have earned hours back through After School Credit Recovery or other resources. **A student must follow appeal and class time recovery before they are eligible to continue to participate.**

When does a tardy become an absence?

Late arrivals after the first ~~ten~~ five (5) minutes of each class at the high school.

How many absences am I allowed per semester?

Students are allotted **eleven** (11) non-exempt absences per semester to receive course credit. Truancy parameters as set forth by the county or tribal council may have further consequences.

Is there an appeals process to excuse or exempt absences?

Due to the broadening definition of excusable absences, an appeals process is no longer necessary if documentation and notification procedures have been followed.

Why do I need to notify the office prior to 10:00 am?

The safety of our students is a top priority. It is important to know which students are present in our building in case of an emergency.

Do I need to notify the office if my child will have a change in transportation for one day?

Students cannot ride a different bus without permission from an administrator. Except in rare circumstances, students will not be allowed to ride a different bus. If your child will be picked up by a parent/guardian after school, we encourage you to tell them prior to school. In this instance, you do not need to notify the office if the student is in grades 6-12.

RULES AND DISCIPLINE

It is the position of the School Board of Independent School District #317 that learning can best take place in an orderly environment and that students can best learn individual and collective responsibility and gain maturity if they are provided opportunities in which to exercise responsibility within the school setting. The school board believes in protecting the rights of all students. A consistent, continuous program dealing with the rights of people and a respect for individual differences must permeate the entire educational system. Students need to be taught the seriousness of actions that are degrading or hostile to other individuals and groups. The staff has the responsibility to define and the authority to respond to intolerant behavior, such as racial, sexist, or ethnic slurs, verbal assaults, physical threats or assaults, or any actions considered demeaning to others.

It is the responsibility of the school board, administrators, and teachers to safeguard the health and safety of each student. The school board and district administrators will support district personnel who, in dealing with students on disciplinary matters, act in accordance with state law, State Board of Education regulations, and this policy. With due consideration to these obligations, it is the responsibility of the school, administrators, and classroom teachers to make reasonable rules and regulations for governing student behavior and conduct and the board recognizes the uniqueness of each building and intends that there will be individual building and classroom procedures to implement and supplement these district policies.

The school board recognizes its responsibility to meet the educational needs of students who do not respond well to normal school procedures. If a student does not respond to these efforts and consistently exerts a disruptive influence on the educational environment of a school, the needs of the other students and staff must become a major factor in planning alternatives.

Each student will receive a copy of the student handbook upon entering school yearly. Parents/Guardians will be mailed a copy of the student handbook prior to the beginning of each school year upon request. The student handbook can be found on the school website (www.isd317.org).

Each student's discipline file is non-cumulative per year; however, student discipline data is maintained through graduation.

The discipline policy applies during normal school hours, as well as at extra-curricular activities, practices, field trips, and all other school sponsored or sanctioned programs.

Administrative Corrective Measures

Corrective measures used will depend upon the nature of the behavior, the frequency, and the degree to which the student is willing to try to correct unacceptable behavior. Corrective measures will normally begin at a minimal level and then proceed to more serious levels depending upon the behavior demonstrated by the student. Regardless of any provision in this policy to the contrary, a student may be subject to a suspension of up to 10 days or expulsion for violation of any provision in the policy.

Administrative Discretion: When a student has demonstrated unacceptable behavior in more than one category, the administrator may combine or escalate measures to better address the total needs of the student and the school. When approved disciplinary actions by an administrator are not followed according to this policy, the administrator shall include a written statement that specifies the circumstances and rationale for the decision to alter the plan and what the revised plan is. The statement will be included in the student discipline file and a notice provided to the Superintendent.

The following types of consequences may be administered, but are not limited to:

- Conference with teacher, counselor, or principal.
- **In-School Suspension (ISS)** ~~Alternative to Suspension~~ or loss of school privileges.
- Parent/Guardian-student conference with school staff.
- Student is placed on out-of-school suspension. They are not allowed to attend, practice, or participate in extra-curricular activities when suspended/expelled from school, nor trespass on any rented, owned, or leased school property.
- Rehabilitation Treatment
- Law Enforcement or Court Referral
- Alternative Program or Learning Center
- Exclusion/Expulsion under the Fair Pupil Dismissal Act: Expulsion shall be defined as an action taken by the school board to prohibit an enrolled pupil from further attendance for a period that shall not extend beyond an amount of time equal to one school year from the date a pupil is expelled. Only the school board can expel a student and shall do so in accordance with the provisions of the Pupil Fair Dismissal Act of 1974. Upon notification of a hearing for expulsion, a student will be provided with a copy of the law. Copies of the law are available in each school office and may be examined by interested students.
- Home Base Instruction

In-School Suspension (ISS) Behavior Intervention

The goal of the In-School Suspension **intervention program** is implementing a preventative discipline system for ~~the~~ Deer River High School. Students whose behavior would result in consequences according to the DRHS Student Handbook may be assigned to serve their consequence time in In-School Suspension. When assigned to ~~the~~ **ISS**, students will complete academic work provided by their classroom teachers. Students will ~~also~~ participate in restorative practices work including but not limited to circles and conferences to repair harm. Students will also work specifically on lessons designed to address the specific behavior that resulted in assignment to the ~~in-school suspension~~ **ISS program**. Upon completion of the behavior work, students will meet with their building principals ~~s~~ to present their findings and plans for change. Students must successfully complete all assigned work before they are able to return to their designated class schedule. In certain circumstances, a student may be assigned to the FOCUS program by the principal or assistant principals after the completion of time in the **ISS** program. **Students are expected to attend ISS at their assigned time. If a student is absent on the day they were assigned, the student will need to make it up at a different assigned time. Students who are present during the day, but do not attend their ISS will be in violation.**

All referrals are subject to administrative discretion.

Appeal Process

A student, parent, or teacher who feels that this policy has not been applied in a fair and consistent manner may appeal their concerns to the Principal, Superintendent or School Board.

Deer River High School Discipline Policy

Academic Integrity

Integrity is essential to excellence both in education and life. Assessments and other schoolwork are measures of a student's academic performance. Honesty is required to ensure an accurate measurement of a student's academic knowledge. Each assessment must be evaluated on what the student knows or can do in order for the student and his/her family to have a clear and accurate accounting of the student's mastery of academic material. When a student chooses to violate the academic integrity policy, it is a behavior infraction. As a result, the teacher will need to find an alternative way to assess the student's knowledge. It is at this point that all parties—parents/guardians, teachers, administrators, and the student—work to identify the root cause of the behavior and to help the student learn from the experience in a caring, consistent, and instructive way. Academic Integrity violations are cumulative throughout a student's academic career.

Cheating: Using dishonest methods to gain an advantage

Collusion: A secret agreement or cooperation especially for an illegal or deceitful purpose

Plagiarism: To steal or purloin and pass off as one's own words, ideas, artistic production, or another; to use, without credit, the ideas, expressions, or productions of another

Classifications of Academic Dishonesty

As a guiding principle, academic dishonesty includes, but is not limited to, cheating on school's assessments (formative or summative), plagiarism or collusion. Additional classifications may be added at any point.

1. Copying homework or allowing someone to copy your homework.
2. Letting your project partner do all the work and just putting your name on the final project.
3. Sharing test questions and/or answers concerning what is on a test with other students either verbally or electronically (examples: text messages, earphones, calculators with memory systems, applications and websites, ~~PDA's~~, Bluetooth technology, etc.)
4. Looking on another's test/quiz or allowing another to copy a test/quiz.
5. Submitting other's work as your own with or without the other person's knowledge. (i.e. plagiarism.)
6. Working with others on an assignment that is designed to be completed individually.

NOTE: Standardized testing protocols are comprehensive in nature and may differ from standard school protocols. (i.e., escorts to restrooms, lunch within the testing room, etc.)

Bullying: Students and Personnel

I. PURPOSE

A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with students' ability to learn and teachers' ability to educate students in a safe environment. The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, it is the school district's intent to prevent bullying and to take action to investigate, respond, remediate, and discipline those acts of bullying which have not been successfully prevented. The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, and other similar disruptive behavior.

II. GENERAL STATEMENT OF POLICY

- A. An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, on school district property, at school functions or activities, or on school transportation. This policy applies not only to students who directly engage in an act of bullying but also to students who, by their indirect behavior, condone or support another student's act of bullying. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student or other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources.
- B. No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.
- C. Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.
- D. Retaliation against a victim, good faith reporter, or a witness of bullying is

prohibited.

- E. False accusations or reports of bullying against another student are prohibited.
- F. A person who engages in an act of bullying, reprisal, retaliation, or false reporting of bullying or permits, condones, or tolerates bullying shall be subject to discipline or other remedial responses for that act in accordance with the school district's policies and procedures, including the school district's discipline policy. The school district may consider the following factors:
 - 1. The developmental ages and maturity levels of the parties involved.
 - 2. The levels of harm, surrounding circumstances, and nature of the behavior.
 - 3. Past incidences or past or continuing patterns of behavior.
 - 4. The relationship between the parties involved.
 - 5. The context in which the alleged incidents occurred.

Consequences for students who commit prohibited acts of bullying may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.

Consequences for employees who permit, condone, or tolerate bullying or engage in an act of reprisal or intentional false reporting of bullying may result in disciplinary action up to and including termination or discharge.

Consequences for other individuals engaging in prohibited acts of bullying may include, but not be limited to, exclusion from school district property and events.

- G. The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who is found to have violated this policy.

III. DEFINITIONS

For purposes of this policy, the definitions included in this section apply.

- A. "Bullying" means intimidating, threatening, abusive, or harming conduct that is objectively offensive and:
 - 1. an actual or perceived imbalance of power exists between the student engaging in the prohibited conduct and the target of the prohibited conduct, and the conduct is repeated or forms a pattern; or
 - 2. materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges.The term, "bullying," specifically includes cyberbullying as defined in this policy.
- B. "Cyberbullying" means bullying using technology or other electronic communication, including, but not limited to, a transfer of a sign, signal, writing, image, sound, or data, including a post on a social network Internet website or forum, transmitted through a computer, cell phone, or other electronic device. The term applies to prohibited conduct which occurs on school premises, on school district property, at school functions or activities, on school transportation, or on school computers, networks, forums, and mailing lists, or off school premises to the extent that it substantially and materially disrupts student learning or the school environment.

- C. "Immediately" means as soon as possible but in no event longer than 24 hours.
- D. "Intimidating, threatening, abusive, or harming conduct" means, but is not limited to, conduct that does the following:

- E. "On school premises, on school district property, at school functions or activities, or on school transportation" means all school district buildings, school grounds, and school property or property immediately adjacent to school grounds, school bus stops, school buses, school vehicles, school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. School district property also may mean a student's walking route to or from school for purposes of attending school or school-related functions, activities, or events. While prohibiting bullying at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.

- G. "Remedial response" means a measure to stop and correct prohibited conduct, prevent prohibited conduct from recurring, and protect, support, and intervene on behalf of a student who is the target or victim of prohibited conduct.

IV. REPORTING PROCEDURE

- A. Any person who believes he or she has been the target or victim of bullying or any person with knowledge or belief of conduct that may constitute bullying or prohibited conduct under this policy shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report bullying anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.
- B. The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available in the school district office, but oral reports shall be considered complaints as well.
- C. The building principal, the principal's designee, or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving reports of bullying or other prohibited conduct at the building level. Any person may

report bullying or other prohibited conduct directly to a school district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.

The building report taker shall ensure that this policy and its procedures, practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The building report taker or a third party designated by the school district shall be responsible for the investigation. The building report taker shall provide information about available community resources to the target or victim of the bullying or other prohibited conduct, the perpetrator, and other affected individuals as appropriate.

- D. A teacher, school administrator, volunteer, contractor, or other school employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute bullying or other prohibited conduct shall make reasonable efforts to address and resolve the bullying or prohibited conduct and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute bullying or other prohibited conduct or who fail to make reasonable efforts to address and resolve the bullying or prohibited conduct in a timely manner may be subject to disciplinary action.
- E. Reports of bullying or other prohibited conduct are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of bullying and the record of any resulting investigation.
- F. Submission of a good faith complaint or report of bullying or other prohibited conduct will not affect the complainant's or reporter's future employment, grades, work assignments, or educational or work environment.
- G. The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

V. SCHOOL DISTRICT ACTION

- A. Within three days of the receipt of a complaint or report of bullying or other prohibited conduct, the school district shall undertake or authorize an investigation by the building report taker or a third party designated by the school district.
- B. The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the bullying or other prohibited conduct, the complainant, the reporter, and students or others, pending completion of an investigation of the bullying or other prohibited conduct, consistent with applicable law.
- C. The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- D. Upon completion of an investigation that determines that bullying or other prohibited conduct has occurred, the school district will take appropriate action. Such action

may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, or discharge. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited conduct. Remedial responses to the bullying or other prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall consider the factors specified in Section II.F. of this policy. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; the student discipline policy and other applicable school district policies, and applicable regulations.

- E. The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or employee of the school district. School officials will notify the parent(s) or guardian(s) of students who are targets of bullying or other prohibited conduct and the parent(s) or guardian(s) of alleged perpetrators of bullying or other prohibited conduct who have been involved in a reported and confirmed bullying incident of the remedial or disciplinary action taken, to the extent permitted by law.
- F. To prevent or respond to bullying or other prohibited conduct committed by or directed against a child with a disability, the school district shall, when determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs because of the child's disability to allow the child to respond to or not to engage in bullying or other prohibited conduct.

VI. RETALIATION OR REPRISAL

The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged bullying or prohibited conduct, who provides information about bullying or prohibited conduct, who testifies, assists, or participates in an investigation of alleged bullying or prohibited conduct, or who testifies, assists, or participates in a proceeding or hearing relating to such bullying or prohibited conduct. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter violations and to appropriately discipline the individual(s) who engaged in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall consider the factors specified in Section II.F. of this policy.

VII. TRAINING AND EDUCATION

- A. The school district shall discuss this policy with school personnel and volunteers and provide appropriate training to school district personnel regarding this policy. The school district shall establish a training cycle for school personnel to occur during a period not to exceed every three school years. Newly employed school personnel must receive the training within the first year of their employment with the school district. The school district or a school administrator may accelerate the training cycle or provide additional training based on a particular need or circumstance. This policy shall be included in employee handbooks, training materials, and publications on school rules, procedures, and standards of conduct, which materials shall also be used to publicize this policy.

- B. The school district shall require ongoing professional development, consistent with Minn. Stat. § 122A.60, to build the skills of all school personnel who regularly interact with students to identify, prevent, and appropriately address bullying and other prohibited conduct. Such professional development includes, but is not limited to, the following:
1. Developmentally appropriate strategies both to prevent and to immediately and effectively intervene to stop prohibited conduct;
 2. The complex dynamics affecting a perpetrator, target, and witnesses to prohibited conduct;
 3. Research on prohibited conduct, including specific categories of students at risk for perpetrating or being the target or victim of bullying or other prohibited conduct in school;
 4. The incidence and nature of cyber bullying; and
 5. Internet safety and cyberbullying.
- C. The school district annually will provide education and information to students regarding bullying, including information regarding this school district policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to prevent bullying and other prohibited conduct.
- D. The administration of the school district is directed to implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the target or victim, and to make resources or referrals to resources available to targets or victims of bullying.
- E. The administration is encouraged to provide developmentally appropriate instruction and is directed to review programmatic instruction to determine if adjustments are necessary to help students identify and prevent or reduce bullying and other prohibited conduct, to value diversity in school and society, to develop and improve students' knowledge and skills for solving problems, managing conflict, engaging in civil discourse, and recognizing, responding to, and reporting bullying or other prohibited conduct, and to make effective prevention and intervention programs available to students.

The administration must establish strategies for creating a positive school climate and use evidence-based social-emotional learning to prevent and reduce discrimination and other improper conduct.

The administration is encouraged, to the extent practicable, to take such actions as it may deem appropriate to accomplish the following:

1. Engage all students in creating a safe and supportive school;
2. Partner with parents and other community members to develop and implement prevention and intervention programs;
3. Engage all students and adults in integrating education, intervention, and other remedial responses into the school environment;

education programs to prevent or reduce policy violations. Such programs may offer instruction on character education including, but not limited to, character qualities such as attentiveness, truthfulness, respect for authority, diligence, gratefulness, self-discipline, patience, forgiveness, respect for others, peacemaking, and resourcefulness.

- G. The school district shall inform affected students and their parents of rights they may have under state and federal data practices laws to obtain access to data related to an incident and their right to contest the accuracy or completeness of the data. The school district may accomplish this requirement by inclusion of all or applicable parts of its protection and privacy of pupil records policy (See MSBA/MASA Model Policy 515) in the student handbook.

VIII. NOTICE

- A. The school district will give annual notice of this policy to students, parents or guardians, and staff, and this policy shall appear in the student handbook.
- B. This policy or a summary thereof must be conspicuously posted in the administrative offices of the school district and the office of each school.
- C. This policy must be given to each school employee and independent contractor who regularly interacts with students at the time of initial employment with the school district.
- D. Notice of the rights and responsibilities of students and their parents under this policy must be included in the student discipline policy distributed to parents at the beginning of each school year.
- E. This policy shall be available to all parents and other school community members in an electronic format in the language appearing on the school districts or a school's website.
- F. The school district shall provide an electronic copy of its most recently amended policy to the Commissioner of Education.

IX. POLICY REVIEW

To the extent practicable, the school board shall, on a cycle consistent with other school district policies, review and revise this policy. The policy shall be made consistent with Minn. Bus Expectations

Riding the school bus is a privilege, not a right. The school district's general student behavior rules are in effect for all students on school buses, including nonpublic and charter school students. The school district will not provide transportation for students whose transportation privileges have been revoked. The school district is committed to transporting students in a safe and orderly manner. To accomplish this, student riders are expected to follow school district rules for waiting at a school bus stop and rules for riding on a school bus.

Rules

1. Students may have one designated bus stop per year (home, daycare, etc.). This stop will remain the same for the entire school year. Students will not be allowed to switch locations for bus drop off. In extreme circumstances, arrangements may be made with the building principal.

2. Get to the bus stop five minutes before your scheduled pick-up time. The school bus driver will not wait for late students.
3. Always sit in the correct seats and remain in seat when bus is in motion.
4. Keep feet on floor, aisle clear, and do not throw objects.
5. Keep inside the windows and do not stick arms or head outside.
6. Talk quietly and do not use profanity or offensive language.
7. Help keep harmful objects off the bus (weapons, controlled substances, pets, etc.).
8. Care about bus property and pay for vandalism, and unusual damage to the bus.
9. Listen to and obey directions given by the bus driver.
10. Stay away from the street, road, or highway when waiting for the bus and wait for it to come to a complete stop before approaching.
11. If you must cross the street, always cross in front of the bus where the driver can see you. Wait for the driver to signal to you before crossing the street.
12. Other rules the bus driver feels are necessary based on local policies and procedures.

For violation of one or more of these rules, a pupil will be reported to the principal, who, for the good of other passengers, can bar him or her temporarily or permanently from riding the bus. The principal should receive feedback from the parent or guardian and the bus driver to decide on a consequence, but it is the responsibility of the principal to assign the consequence.

<u>Consequences for Bus Violations</u>	1st Violation	2nd Violation	3rd + Violation
Grades 6-12	Bus violations will be consistent with the nature of the violation as outlined in this handbook.	- Multiple violations may result in the loss of bus privileges for a certain amount of time: Administration discretion - Parent/guardian notification	- May result in the permanent removal from riding the bus. - Parent/guardian conference

Electronic Devices

Social Media

~~One of the biggest lessons social network users can learn is that anything you post online enters the public record. You never know who may be looking and when. Students, Parents, and Guardians - let it be known that any student in violation of said conduct is subject to consequences to be determined by the Administration. The Minnesota State High School League Student Code of Responsibilities, Bylaw 206.00, is applicable and relevant in all student related issues and concerns in such matters.~~

~~The use of computers and accessing information through the internet is fundamental in today's educational process. This use is a privilege, not a right. All students will be required to use computers and the internet for educational purposes unless parents, in writing, have denied their child's access and requested alternative activities. Students will follow all rules regarding technology use as dictated by school board policy and the Acceptable Use Policy administered by Deer River High School. *Students sign a form stating that they have read and understand the policy.*~~

~~Students are prohibited from using a cell phone or other electronic communication device to engage in conduct prohibited by school district policies including, but not limited to, cheating, bullying, harassment, gang activity, etc. If the school district has a reasonable suspicion that a student has violated a school rule or law by use of a cell phone or other electronic device, the school district may search the device. The search of the device will be reasonably related in scope to the circumstances justifying the search. Students who use an electronic device during the school day and/or in violation of school district policies may be subject to disciplinary action pursuant to the school district's discipline policy. In addition, a student's cell phone or electronic device may be confiscated by the school district and, if applicable, provided to law enforcement. Cell phones or other electronic devices that are confiscated and retained by the school district will be returned in accordance with school building procedures.~~

~~Personal music devices and headphones may be used on the bus, during lunch, between classes and before and after school, excluding study areas, but the DRHS staff and administration are not responsible for lost or stolen items. Please consider leaving these devices at home. Students in grades 6-12 may have cell phones and are expected to use them responsibly. Teachers will manage cell phone use in their own classrooms. Staff at Deer River High School believes that cell phones and other electronic devices can be useful learning tools and students should be taught to use them correctly. **Cell phones and cameras are not allowed in the gym locker rooms and/or bathrooms.** Students are responsible for information and/or images on their personal cell phones and the student handbook governs that information. Cell phones can be searched for information when there is reasonable cause of a handbook violation. Students are not allowed to take pictures of their peers without the permission of their peers.~~

~~The school district's "Internet Acceptable Use" policy is available on the school website, or a copy may be obtained at the high school office.~~

~~All school district students have conditional access to the school district's computer system, including internet access, for limited educational purposes, including use of the system for classroom activities, educational research, and professional and career development. Use of the school district's system is a privilege, not a right. Unacceptable use of the school district's computer system or the internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate school district policies, including, but not limited to, suspension, expulsion, or exclusion; or civil or criminal liability under other applicable laws.~~

Students violate school policy when they carry contraband on their person or in their personal possessions or store contraband in their desks, lockers, or vehicles parked on school property. "Contraband" means any unauthorized item, the possession of which is prohibited by school district policy and/or law. If a search yields contraband, school officials will seize the item(s) and, where appropriate, give the item(s) to legal officials for ultimate disposition. Students found to be in violation of this policy are subject to discipline in accordance with the school district's "Student Discipline" policy, which may include suspension, exclusion, expulsion, and, when appropriate, the student may be referred to legal officials.

The search will be reasonable in its scope and intrusiveness. Such searches may be conducted without notice, without consent, and without a search warrant. Inspection of the interior of lockers may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant.

Students' personal possessions within a school locker may be searched only when school officials have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student's personal possessions, the

school officials will provide notice of the search to students whose lockers were searched, unless disclosure would impede an ongoing investigation by police or school officials.

Desks

School desks are the property of the school district. At no time does the school relinquish its exclusive control of desks provided for the convenience of students. Inspection of the interior of desks may be conducted by school officials for any reason at any time, without notice, without student consent, and without a search warrant.

The school district allows limited use and parking of motor vehicles by students. Parking a motor vehicle on school property during the school day is a privilege and unauthorized vehicles parked on school district property may be towed at the expense of the owner or operator.

Sexual Inappropriate Behavior/Misconduct

Sexual misconduct includes verbal and nonverbal attempts to initiate sexual contact with another person and any form of touching of sexual nature, with or without consent of the other party. Sexual misconduct also includes exchanging pornographic, obscene, or otherwise sexually suggestive photographs or messages with another person, including behavior commonly referred to as “sexting.” Pornographic material or pornography is defined as material (such as drawings, writing, photographs, or videos) depicting sexual activity or erotic behavior in a way that is designed to arouse sexual excitement.

Weapons

No person will possess, use, or distribute a weapon when in a school location except as provided in school district policy. A "weapon" means any object, device, or instrument designed as a weapon or through its use is capable of threatening or producing bodily harm or which may be used to inflict self-injury including, but not limited to, any firearm, whether loaded or unloaded; air guns; pellet guns; BB guns; all knives; blades; clubs; metal knuckles; num-chuks; throwing stars; explosives; fireworks; mace and other propellants; stun guns; ammunition; poisons; chains; arrows; and objects that have been modified to serve as a weapon. A weapon also includes look-alike weapons. Appropriate discipline and action will be taken against any person who violates this policy. The school district takes a "zero tolerance" position regarding

the possession, use, or distribution of weapons by students. Discipline of students will include, at a minimum: immediate out-of-school suspension; confiscation of the weapon; immediate notification of police; parent or guardian notification; and recommendation to the superintendent of dismissal for a period of time not to exceed one year. A student who brings a firearm to school will be expelled for at least one year, subject to school district discretion on a case-by-case basis.

No student shall possess, claim to possess, use, maintain, transmit or distribute any object, device or instrument having the appearance of a weapon, as defined above in the places set forth above, and such objects, devices or instruments shall be treated as weapons. Objects, devices, or instruments that have the appearance of a weapon, including, but not limited to, any weapon listed above which is broken or non-functional and any object that is a facsimile of or could be taken for any weapon listed above.

No student shall use articles designed for other purposes (i.e., belts, combs, pencils, files, scissors, etc.), to inflict or threaten bodily harm and/or intimidate and such use will be treated as the possession and use of a weapon.

The appropriate possession uses or distribution of equipment and tools necessary for school activities or instruction will not be considered a violation of this policy when such equipment and tools are properly used and stored. Written permission will be required from the principal for possession, use or distribution of any weapon or object that has the appearance of a weapon, as defined above, unless the object is being used appropriately as part of a class or extra-curricular activity.

However, when authorized instructional and work equipment and tools are used in a potentially dangerous or threatening manner, such possession and use will be treated as the possession and use of a weapon.

A student who finds a weapon on the way to school or in the school building should give the weapon to the first School District staff member (teacher, aide, custodian, etc.) that can be located. Such conduct shall not be considered a violation of this policy.

Minnesota Statute 609.66 provides that it is unlawful to possess, store, keep or use a dangerous weapon, replica firearm or BB gun on school property. A person who possesses, stores, or keeps a dangerous weapon or uses or brandishes a replica firearm or BB gun on school property is guilty of a felony and may be sentenced to imprisonment for up to two years and/or to payment of a fine of up to \$5,000. A person who possesses, stores, or keeps a replica firearm or BB gun on school property is guilty of a gross misdemeanor.

The School District and the school takes a position of "Zero Tolerance" regarding the possession, claim of possession, use, maintenance, transmission, or distribution of weapons by students. Consequently, the minimum consequence for a violation of this policy shall include (1) confiscation of the weapons; (2) parent notification; (3) notification of police; (4) an initial out of school suspension for ten (10) days; and (5) immediate initiation of the expulsion process.

First Offense: Expulsion according to the Fair Pupil Dismissal Act of 1974.

HEALTH, SAFETY, AND PRIVACY POLICIES

Asbestos Management Updates *

The school district has developed an asbestos management plan. A copy of this plan can be found in the high school office.

Crisis Management

The school district has developed a “Crisis Management” policy. Each school building has its own building-specific crisis management plan. Students and parents will be provided with information as to district- and school-specific plans.

The “Crisis Management” policy addresses a range of potential crisis situations in the school district and includes general crisis procedures for securing buildings, classroom evacuation, campus evacuation, sheltering, and communication procedures. The school district will conduct lock-down drills, fire drills, and a tornado drill. Building plans include classroom and building evacuation procedures.

Family Educational Rights and Privacy Act (FERPA): Directory Information Notice

The *Family Educational Rights and Privacy Act* (FERPA), a federal law, requires that ISD #317, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child’s education records. However, ISD #317 may disclose appropriately designated “directory information” without written consent, unless you have advised the district to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Deer River School District to include this type of information from your child’s education records in certain school publications. Examples include a playbill showing your student’s role in a drama production, the annual yearbook, honor roll or other recognition lists, graduation programs, and sports’ activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent’s prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the *Elementary and Secondary Education Act of 1965* (ESEA) to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student’s information disclosed without their prior written consent.

Additionally, ISD #317 has been selected to participate in the U.S. Department of Education's FAFSA Completion Project. This project is designed to assist LEAs and secondary school administrators in determining which of their senior students have completed a Free Application for Federal Student Aid (FAFSA) form for the upcoming school year. In order to participate in the FAFSA Completion Project ISD #317 is required to disclose the names, addresses, and dates of birth on entering seniors to the U.S. Department of Education (that is, properly designated directory information under FERPA) on those students whose parents have not opted out of directory information. (If the student is considered an "eligible student" under FERPA, i.e., has reached 18 years of age, then the student has the right to opt out of directory information.)

If you do not want ISD #317 to disclose directory information from your child's education records without your prior written consent, you must notify the district in writing by September 19, 2023. ISD #317 has designated the following information as directory information:

- Student's name
- Address
- Date of birth
- Telephone Listing
- E-mail address
- Photograph
- Grade level
- Major field of study
- Dates of attendance
- The most recent educational agency or institution attended
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams
- Degrees, honors, and awards received

Medical Care

School personnel will provide necessary emergency medical care and/or contact the 911 Dispatch according to need to the best of their ability when attempts to contact parents, guardians or emergency contacts for direction are not possible.

First Aid

The nurse's office in each building is equipped to handle minor injuries requiring first aid. If the nurse's office is not open, assistance can be sought from the building's administrative office. If a student experiences a more serious medical emergency at school, 911 will be called and/or a parent/guardian will be contacted depending on the situation.

The district has installed automated external defibrillators (AEDs). Tampering with any AED is prohibited and may result in discipline.

Pesticide Application Notice *

The school district may plan to apply pesticide(s) on school property. To the extent the school district applies certain pesticides, the school district will provide a notice by September 15 as to the school district's plan to use these pesticides. A parent may request to be notified prior to the application of certain pesticides on days different from those specified in the notice. Additional information regarding what pesticides are used, the schedule of pesticide applications, and the long-term health effects of the class of pesticide on children can be requested by contacting the facilities manager.

Acknowledgement Form

Yearly enrollment/update papers include an acknowledgement section. By signing the yearly form, you acknowledge that you have read and understood the policies and procedures outlined in the DRHS student handbook. Paper copies of this handbook are available upon request.

* Denotes sections recommended for inclusion by MSBA.

Statewide Assessments: Parent/Guardian Guide and Refusal Information

Your student’s participation in statewide assessments is important as it allows your school and district to ensure all students have access to a high-quality education. In the past, students with disabilities and English learners were often excluded from statewide assessments. By requiring that all students take statewide assessments, schools and teachers have more information to see how all students are doing. This helps schools to continuously improve the education they provide and to identify groups, grades, or subjects that may need additional support.

Assessments Connect to Standards

Statewide assessments are based on the [Minnesota Academic Standards](#) or the [WIDA English Language Development Standards](#). These standards define the knowledge and skills students should be learning in K–12 districts and charter schools. Minnesota

prioritizes high-quality education and statewide assessments give educators and leaders an opportunity to evaluate student and school success.

Minnesota Comprehensive Assessments (MCA)

MCA and the alternate assessments (Minnesota Test of Academic Skills (MTAS)/Alternate MCA) are the annual assessments in reading, mathematics and science that measure a snapshot of student learning of the Minnesota K–12 Academic Standards.

ACCESS and WIDA Alternate ACCESS for English Learners

The ACCESS and WIDA Alternate ACCESS are the annual assessments for English learners that provide information about their progress in learning academic English, based on the WIDA English Language Development Standards.

Statewide Assessments Help Families and Students

Participating in statewide assessments helps families see a snapshot of their student’s learning so they can advocate for their success in school. High school students can use MCA results:

- For Postsecondary Enrollment Options (PSEO) in grade 10.
- For course placement at a Minnesota State college or university. If students receive a college-ready score, they may not need to take a remedial, noncredit course for that subject.

English learners who take the ACCESS or WIDA Alternate ACCESS and meet certain requirements, have the opportunity to exit from English learner programs.

Taking Statewide Assessments Helps Your Student’s School

Statewide assessments provide information to your school and district about how all students are engaging with the content they learn in school. This information helps:

- Educators evaluate their instructional materials.
- Schools and districts identify inequities between groups, explore root causes and implement supports.
- School and district leaders make decisions on how to use money and resources to support all students.

Student Participation in Statewide Assessments

Student participation in state and locally required assessments is a parent/guardian choice. If you choose to have your student not participate in a statewide assessment, please provide a reason for your decision on the form below. Contact your student’s school to learn more about locally required assessments.

Consequences of Not Participating in Statewide Assessments

- The student will not receive an individual score. For ACCESS and WIDA Alternate ACCESS, the student would not have the opportunity to exit their English learner program.
- School and district assessment results will be incomplete, making it more difficult to have an accurate picture of student learning.
- Since all eligible students are included in some calculations even when they do not participate, school and district accountability results are impacted. This may affect the school’s ability to be identified for support or recognized for success.

(education.mn.gov > Students and Families > Programs and Initiatives > Statewide Testing)

Check with your local school or district to see if there are any additional consequences for not participating.

Additional Information

- On average, students spend less than 1% of instructional time taking statewide assessments each year.
- Minnesota statutes limit the total amount of time students can spend taking other district- or school-wide assessments to 11 hours or less each school year, depending on the grade.
- School districts and charter schools are required to publish an assessment calendar on their website by the beginning of each school year. Refer to your district or charter school’s website for more information on assessments

1. TEACHER - GENERAL

Sect. 1.01 Working Hours

Teachers are required to be on duty by 8:00 a.m. and to remain on duty until 3:30 p.m. Instructors are not to leave the building during the above hours without authorization from the principal. It is required that teachers sign out in the High School Office when they leave and return to the building. Duty hours for early outs on ~~Wednesdays~~ is 8:00 a.m. to 4:00 p.m.

Sect. 1.02 Teacher Absence

In case of an absence, a teacher must notify the substitute system by 7:30 a.m. Teachers becoming ill during the school day must report to the High School Principal or designee before leaving the building and should report their absence in the substitute system ~~Aesop~~, if possible. When absent from the classroom for any other reason, teachers must report the absence in the substitute system ~~Aesop~~ at least three days prior to the absence.

Teachers need to verify that a substitute teacher has been assigned the day prior to the approved absence. Should a sub not be assigned, the teacher is expected to cancel their personal or professional activity and report to school.

Administrative approval is required prior to any teacher or coach accepting appointment to an advisory panel or committee that would absent the teacher/coach for any instructional assignment time.

Sect. 1.03 Lesson Plans for Substitutes

Teachers are responsible for completing lesson plans, preparing all relevant materials, and making them readily available to a substitute teacher and/or the High School Office when teachers are absent from the teacher's classroom. The lesson plans should be detailed enough to allow the substitute the ability to effectively deliver a lesson while maintaining a high level of instruction.

Plans should include the most recent class rosters, seating charts, and emergency plans.

Sect. 1.04 Professional Dress

To aid in preserving a professional atmosphere in the building, teachers are expected to dress in a manner which represents their position appropriately. Casual Friday will be respected by the administration. Avoid

wearing jeans or shorts unless it is appropriate for a field trip. Please avoid wearing heavy fragrances.

Sect. 1.05 Mail

Teachers will be assigned a mailbox in the High School Office. Mail should be picked up daily. Do not send students to retrieve mail.

Sect. 1.06 Daily Bulletins

A daily bulletin will be prepared and sent to all teachers through e-mail and on Schoology. The purpose of the daily bulletin is to list special announcements and daily events. Any teacher who has an announcement to be included in the daily bulletin should submit the announcement to the High School Office by 8:00 a.m. daily.

School activities, games and meets, dismissal times, student meetings, etc. will be promoted in the daily bulletin. Coaches and advisors are encouraged to provide summary information regarding the previous day's events to be included in the bulletin.

Sect. 1.07 Daily Announcements

General school announcements will be made daily after the first hour bell. General school announcements should be limited during the school day to avoid classroom disruptions.

Sect. 1.08 Email

Teachers have been assigned an email address and should check their email at least twice daily, once in the morning and once in the afternoon. Teachers are responsible for the information distributed via email.

Sect. 1.09 Building Responsibility

It is the responsibility of all the staff to help keep our school a clean, welcoming environment. The teacher in charge of the classroom or study hall is responsible for the equipment in the respective room. The room should be kept clear of any unnecessary marking and damage. Students are held responsible for their assigned seats, and should any unnecessary damage occur to them, the student should be reported to the office so that appropriate action may be taken. Teachers should periodically check the room and desks for this purpose. Desks should be kept away from walls at all times to eliminate marking and damage.

Help the janitors by keeping the floors as free of paper as possible - a minute used at the end of the period to pick up is a good way to keep our school looking good! When the room is not to be used for the remainder of the day, windows are to be closed and locked. All lights shall be turned off when not needed.

ALL classroom doors will be locked during class time or when the room is not in use. **No students shall be present in your room unless they are supervised.**

Because of fire codes and to aid in a neat appearance of our school, teachers are responsible for keeping materials stored in a proper fashion. Under no circumstances are there to be stacks of materials stored on the floor. Fire code requires that no materials be stored within 18 inches of the ceiling. Additionally, student work or other displays on walls of the hallway must be limited and not more than 20% of wall space per the fire code.

Any personal furniture and small electronics are expected to adhere to the fire safety code. If there are questions, please see the facilities manager.

All faculty and staff are expected to maintain an orderly environment that adheres to federal and state guidelines. It is expected that faculty and staff will follow general guidelines for classroom care and maintenance such as adhering items to the wall with appropriate materials (putty/tape) that do not damage the walls. Painting of walls should be kept to a minimum and only when approved by the facilities manager.

Sect. 1.10 School Telephones

The school telephone should be used primarily for school business. Student access should be limited and monitored.

Sect. 1.11 School Stationery

4. DISCIPLINE

Sect. 4.01 General Discipline

All policies and procedures outlined in the student handbook shall be consistently followed by faculty and staff. Proper discipline is a prerequisite of effective instruction in any school. While the administration stands ready to help the teachers, especially with unusual cases, discipline will always remain the responsibility of the teacher. Some factors in securing effective discipline are careful teacher preparation, good organization of classroom routines, effective presentation of subject matter, proper teaching attitudes, and consistency.

The purpose of sending a student to the High School Office/principal or designee should be three-fold:

1. Utilize the student support room to allow the student to calm down, make better choices, and return to their regular schedule at the end of the period.

2. Student should be sent to the ISS room for further consequence.
3. Suspension.

If the teacher thinks that a student is detrimental to the class, and the teacher finds it impossible to deal with the student, the student should be sent to the office with a pass, notify the office that the student is on the way to the office and write a discipline referral on Campus. You may be called to the office to testify to the trouble, so come prepared with any material or witnesses to substantiate your charges. The Administration will provide full support for any school employee regarding the enforcement of school policies. The employee's word will be considered sufficient, but documentation in writing may be required. Teachers not enforcing school policy may be subject to disciplinary action.

Sect. 4.02 Proper Title

Any discipline, to be effective, must be promptly administered with no exceptions. The first step in gaining the respect of the students is in the proper use of titles, be it Mr., Mrs., Miss, or Coach. Make this understood whenever the student addresses you by any other title, or when a student refers to another teacher or a support staff member by a title other than the proper one.

Sect. 4.03 Conferences (Parent - Student - School)

You may be called from time to time to participate in parent conferences. For this reason, it is essential that your information, such as grade books on all students, be kept up to date. Any other notations on students that you can contribute to these conferences may be helpful in correcting or substantiating any issues involving a particular student. Dates will be established that will serve as mandatory student information updates.

Sect. 4.04 Assertive Discipline

Assertive Discipline is practiced in Deer River High School. Each teacher will develop and follow a discipline plan that is communicated to the students and parents.

Assertive Discipline plans should include:

1. A system of warnings to allow the student time to make a good decision.
2. A consequence that encourages accountability.
3. A post incident conference to allow for learning, commitment to and understanding of good behavior and resolution to mend and foster the relationship.

Sect. 6.02 Meetings

Supervisors shall schedule meetings during advisory at least one week in advance with the principal or designee. Supervisors shall reserve a room for evening meetings **from through** the High School Office and/or facilities secretary. All daytime meetings should be scheduled to be completed during advisory. Students and supervisors will always remain in the meeting room until the bell rings, unless adjusted with the principal's permission.

Sect. 6.03 Class Meetings

Class advisors should schedule class meetings sometime during the first week of school. Nomination for officers and Student Council should be turned into the advisor prior to the class meeting. The class advisor will be responsible for conducting the session.

The following items should be completed:

1. Election of Officers:

President	Secretary
Vice President	Treasurer

2. Homecoming Committees
3. Any other class business that is required.

A list with the officers and Student Council members should be submitted to the High School Office following the meeting.

Sect. 6.04 Fundraising Activities

Concessions for home athletic events will be scheduled with the Activities Director or his/her designee. Advisors are required to maintain accurate financial records. Groups wanting to do fundraisers should clear the fundraiser with the High School Principal or designee to avoid duplication and verify appropriateness.

Sect. 6.05 Evening Activities

Activities sponsored by an organization will be responsible for:

1. Arranging dates and times with the principal or designee.
2. Permission to use district equipment must be obtained prior to event from the appropriate party.
3. The building and any damage to it.
4. Cleaning up and returning equipment.
5. Securing adequate supervision.

The Advisor will:

1. Directly supervise entry to activity.
2. Refer those suspected of being under the influence of chemicals to the local law enforcement.
3. Not allow students to enter after they have departed.
4. Report any violations or damage to the principal or designee.
5. Account for all revenues and expenses through the High School Office Activity Account.

Sect. 6.06 Collection and Dispersal of Monies

The collection and dispersal of money requires specific procedures outlined by the Minnesota State Auditor and Independent School District #317 Board Policy. Please review the following guidelines.

Collection:

Provide a sequentially pre-numbered receipt to the person (student or staff) turning in a payment, regardless of the amount. If a teacher/coach collects the payments, the teacher/coach should use a pre-numbered receipt book and detail whether the payment was cash/check. If the payment was a check, be sure to include the check number. Receipt books are available in the office, if necessary.

At a minimum, the teacher/coach must keep an accurate record of individual payments including the check number or cash designation, name, dollar amount, and date paid. It is DRHS recommendation that a receipt book is utilized. All money received shall be turned over to the treasurer for deposit in the general or related fund **on a daily basis**. Money should not be kept in classrooms or outside the school building.

Dispersal:

The money will then be dispersed for expenses and salaries connected with the activity. In essence, this means that money will be deposited, and a check or purchase order will be provided for the amount owed. Cash should not be utilized as a form of payment.

7. SCHOOL PURCHASES AND PAYMENTS

Sect. 7.01 School Purchase

Teachers shall not contract any bill or make any arrangements that involve the school without an approved requisition form. This includes extracurricular and co-curricular activities. Requisitions for supplies, equipment, etc., are to be made through the ESS system. Purchases made without following the requisition process may be denied and the teachers may be responsible for any billing.

Sect. 7.02 Teaching Supplies

~~Numerous catalogs are available in the High School Office for purchases, rental, and loaning of teaching aids. Teachers are urged to utilize these with discretion. Many agencies supply materials in classroom quantities that may be used to supplement existing learning materials.~~

Sect. 7.03 Budget Planning

Staff input is essential to provide an adequate budget for instruction. Planning forms and tentative requests will be issued yearly. Staff members are to complete and return such information forms to the principal as accurately as possible and by the set deadline for budget considerations.

Sect. 7.04 Return of Materials

All materials to be returned to a vendor should be brought to the district office for shipment. The office will be responsible for obtaining vendor's permission to return materials and for preparing the materials for shipment. Advise the office why the materials need to be returned.

8. TECHNOLOGY

Sect. 8.01 Responsibility for Equipment

All technology equipment will be kept in the Media Center unless signed out to a staff member. Please be advised that all equipment has a sign-out process and school faculty/staff are expected to adhere to the process.

Teachers are responsible for all technology equipment checked out to them. Defective equipment should be marked and returned to the Media Center immediately for repairs. Teachers should personally inform the office of such conditions. Teachers may be held accountable for damaged or lost technology equipment assigned to them.

Electronic Devices: At NO time should any student be allowed access to any electronic device provided to staff by the district.

Sect. 8.02 Classroom Use of Videotapes

~~Only lawful copies of videotapes are permitted, and the viewing shall be for instructional purposes only. The use of lawful videotapes may be used for entertainment purposes only with written authorization from the building principal. Instructional staff shall preview all videotapes prior to use in the classroom to determine the appropriateness of the video for the age of the students. Videotapes rated "G" (General Audience) are permissible for all age groups, "PG" (Parental Guidance) and "PG-13" for students in grades 10-12, and ratings of NC-17, R, or X shall not be used in classrooms. Videotape segments are more effective in reinforcing learning and represent best practice.~~

Sect. 8.02 Video and Digital Media Use (Grades 6-12)

Instructional staff may use only legally obtained video content, including DVDs, digital files, and streaming services, in the classroom. All video or media content must have a clear instructional purpose aligned with curriculum standards unless written approval is granted by the building principal for entertainment use (e.g., reward days, end-of-year activities).

Preview and Appropriateness

ALL media must be previewed in full by the teacher prior to student viewing to ensure content is appropriate for the age, maturity, and developmental level of the students. This includes videos, films, television episodes, documentaries, and online video content from platforms such as YouTube, Netflix, Disney+, or other streaming services.

Rating Guidelines for Film Content

The following rating guidelines must be followed when using full-length movies or segments:

- **G (General Audience)** – Permissible for all students, grades 6–12.
- **PG (Parental Guidance)** – Permissible for students in grades 7–12.
- **PG-13** – Permissible for students in grades ~~10~~ 9–12. If a PG-13 film is being considered for students in grades 7–8~~9~~, **written parent/guardian permission** must be obtained in advance (use the permission form available in the DRHS Office).
- **R, NC-17, or X-rated content** – **Strictly prohibited** in all school settings.

When selecting digital or streaming content that does not have an official MPAA rating, teachers should use their professional judgment, considering language, violence, sexual content, and thematic material. When in doubt, consult with the building principal.

Best Practices suggest using short, targeted segments whenever possible to support specific learning objectives. This practice is more effective for reinforcing key concepts and better supports student engagement and instructional goals.

10. CLASSROOM OBSERVATION

Sect. 10.01 Administrative Supervision

The Principal and Superintendent are responsible for the supervisory program of the school. Supervision is carried out to aid the administration in finding ways of improving instruction through better facilities and instructional materials and in helping the teacher become a more effective teacher through constructive means. Frequent, unannounced, and informal visits will be made to your classroom by the supervisors throughout the school term.

Sect. 10.02 Formal Observation

All tenured faculty will receive one complete cycle of observation **annually** every three years. All non-tenured faculty will receive three complete cycles of observation annually. All staff will receive an annual evaluation. The cycle includes a pre-conference, formal observation, and post conference. The pertinent documents can be found **on the school website in the Teacher Development and Evaluation plan**. The observation form is a part of the teachers' personnel file. Teachers may write a rebuttal to all or a part of any written observation notation.

11. SCHOOL CALENDAR

Sect. 11.01 Activities Calendar

The High School Principal or designee will maintain the High School activities calendar. All events, meetings, and activities will be posted on

the calendar. No activity will be allowed unless it has been posted on the calendar.

Sect. 11.02 Activities Priority

All scheduled events that involve another school will have priority over locally planned events. DRHS participation in events with other schools will be approved only when a conflict does not exist with a previously scheduled event of this nature. Locally planned events will not be scheduled at identical times. Through proper advanced planning, conflicts will be eliminated and students will not be forced to neglect responsibilities.

12. ~~STUDY HALL LEARNING COMMUNITY/ACADEMIC ACADEMY~~

~~Learning Community/Academic Academy Study Hall~~ supervision will be treated as any other classroom situation. Students are to be in the assigned area on time for roll call.

Sect. 12.02 Supervision

Supervision of a ~~learning community/academic academy Study Hall~~ is essential to provide a conducive atmosphere for learning. ~~Learning Community/Academic Academy Study Hall~~ must be considered a classroom much like any other class. Therefore, supervisors shall be in the assigned classroom with the students assigned there at all times. Should the supervisor need to leave, he or she shall arrange for adequate coverage with the office or with another teacher.

13. MISCELLANEOUS

Sect. 13.01 Child Abuse

In complying with Minnesota State Law, MSA 626.556.... Child abuse must be reported, if suspected, by school personnel. The report is to be made to the local Social Service office or sheriff's dept. Immunity from liability is offered to those making such reports in good faith, but the law also holds liable anyone who "willfully and recklessly makes a false report". Failure to report suspected physical or sexual child abuse is a misdemeanor. If the abuse causes death, the report is to be made to the coroner or medical examiner. Under the provisions of the law, it is recommended that any person suspecting child abuse should notify the building principal and/or sheriff's department immediately.

Sect. 13.02 Crisis Management Plan

Teachers shall each have a copy of the crisis management plan and are to keep it visible on their desks with the substitute folder. Teachers are responsible to peruse this plan and be familiar with their responsibilities as outlined, so their students and all staff can be kept safe during any crisis event. Teachers should have "ready kits" easily accessible in the event students and staff are to be evacuated. Teachers are requested to have procedures posted as directed.

Refer to the "Deer River High School Crisis Management Plan".

1: TEACHER/PARAPROFESSIONAL - GENERAL

Section 1.1 Working Hours

In order to maintain a professional atmosphere, it is important to adhere to basic professional expectations. Teachers are required to be on duty for 7.5 hours a day. The workday for all teachers is 7:55 a.m. to 3:25 p.m. The workday for paraprofessionals is 8:00 a.m. to 3:00 p.m. All staff are to remain “on duty” until all buses have departed. Staff are not to leave the building during the above hours without letting the office know. We believe that the ending time allows for you to schedule outside personal appointments after school hours. If you are going to be late for arrival, you must call and let the office know. **It is required that staff sign out in the main office prior to leaving and when they return to the building.**

Section 1.2 Absences

In case of absence of a staff due to illness or cause, arrange for substitute coverage by notifying the substitute system. Staff becoming ill during the day must report to the office before leaving the building (and should report in AESOP if possible). When absent from the classroom for any reason, staff must report in AESOP at least three days prior to the absence. **It is the staff’s responsibility to ensure there are sub plans prepared in the event of an unplanned absence.** All personal/professional leave requests shall be submitted and in accordance with the Master Contract. Personal leave approvals may be limited to two teachers per day on a first come basis. Additional approvals may be made for unavoidable emergencies. Administrative approval is required prior to any teacher accepting appointment to an advisory committee that would absent the teacher for any instructional time.

Section 1.3a Mail

Teachers are assigned a mailbox in the studio and should pick up their mail regularly.

Section 1.3b Email

Staff have been assigned an email address and should check their email twice daily, once in the morning and once in the afternoon. Teachers are responsible for the information distributed via email.

Section 1.4 Daily Announcements

Daily announcements are an important part of King’s school day. We encourage staff who have any items they wish to have included provided to the office by 8:00 a.m. Announcements will be made from 8:25-8:30 a.m. daily.

Section 1.5 Building Responsibility

The teacher in charge of the classroom is responsible for the equipment in their room. It should be kept clear of any unnecessary marking and damage. Inside covers of books should contain a code (K-2, K-3, etc.) to identify the room/program for which they were purchased. Students are held responsible for their assigned seats and should any unnecessary damage occur to them, it should be reported to the office so that appropriate action may be taken. Teachers shall periodically check the room and desks for this purpose. Desks should be kept away from walls at all times to eliminate marking and damage.

Because of fire codes and to aid in the neat appearance of our school, teachers are responsible for keeping materials stored in a proper fashion. Under no circumstances are there to be stacks of materials stored on the floor. Fire code requires that no materials be stored within 18 inches of the ceiling. Any personal furniture and electronics are expected to adhere to building code and need approval from building custodians. **Additionally, student artwork and posters on the walls in the hallways must be limited and not more than 20% of the wall space, per the fire code.**

Windows and doors are to be closed and locked and lights turned off when leaving for the day.

Section 1.6 Student Accidents

School should be a safe place for students to attend. It is the responsibility of the teacher to conduct their classes and maintain equipment so that accidents are not likely to occur. **All accidents, no matter how minor, must be reported to the nurse and the building principal.** ~~An accident report~~ A student injury report must be completed by the witnessing staff and turned in to the school office by the end of the school day.

Section 1.7 School Telephones

School telephones, as a general rule, should be used for school business.

Section 1.8 School Stationery

All letters/correspondence must clear the principal's office. School stationery and envelopes will be used only for school business.

Section 1.9 General Supplies

General supplies for instruction are stored in the Studio. Teachers/Paraprofessionals may pick up additional supplies from the Studio as needed.

Section 1.10 Staff Meetings

Staff meetings are an important means of communication among colleagues. Staff meetings will be held when needed, usually at 7:45 am or 3:10 pm. If you can't make it to a staff meeting, please inform the principal and get the information from a colleague.

Professional development gatherings for teachers will be each Wednesday from 2:30-4:00 per the contract agreement. Teachers are expected to attend. Professional development gatherings for paraprofessionals will be designated Mondays from 3:00-4:00. Paraprofessionals are expected to attend. Please avoid scheduling appointments during these meetings.

Section 1.11 District Office (bookkeeping forms, Teaching Certificates etc.)

Each teacher shall have a valid teaching certificate and their Teacher Retirement number on file at the District office. If there is a change in your withholding status, you need to fill out a new form in the District Office.

Section 1.12 Inventories

Inventory is completed annually. Each teacher is responsible for doing inventory for the equipment and teaching resources in his/her room on the template provided in Google Drive.

Section 1.13 Preparation Periods

Every teacher will be allowed preparation time each day. A prep period is designed for planning of instruction, curriculum, and general daily tasks.

Section 1.14 Lunch Schedules

To facilitate a smooth lunchtime for all students and staff, please adhere to your assigned lunch schedule. At least one teacher per grade level is to remain in the lunchroom, supervising their students unless a paraprofessional is assigned the duty.

Section 1.15 Student Schedule

The first bell will sound at 8:20 a.m. to signal the time for students to move into classrooms. Formal class work begins at 8:25 a.m. The school day ends at 2:56 p.m. (and at 2:20 on Wednesdays). Students who remain in the building after 3:00 p.m. or on weekends must be under the direct supervision of an adult.

Section 1.16 Tobacco Free

The Deer River Schools (buildings, grounds and vehicles) are tobacco free facilities. Any use is prohibited at all times.

Section 1.17 Teacher Dress/Attire

To aid in preserving a professional atmosphere in the building, teachers are expected to dress in a manner which represents their position appropriately. "Casual Friday" will be respected by the administration. Please avoid wearing heavy fragrances.

Section 1.18 Supervision Responsibilities

Teachers are to be present in their rooms at all times that students are in the room. Leaving to make copies or make phone calls is not acceptable, as it presents a safety issue. It is expected that teachers will be present in their rooms as students return from recess or lunch. (This includes the 8:00 a.m. time.) Teachers may also be asked to assist in other supervision duties (i.e. morning recess, lunch room, south drop off, after school supervision, etc.) Please note that if you are assigned to morning recess or south lot you need to be present at 8:00 a.m. sharp to ensure the safety of students.

Section 1.19 Salespersons

Salespersons are not allowed to solicit teachers during the school hours without permission from the school office. Salespersons will only be permitted to talk with teachers during prep periods, lunch, and before or after school.

2: CLASSROOM PROCEDURES

Section 2.1 Textbooks and School Equipment

We take great pride in the materials we have to offer students and teachers at ISD 317.

- A. Teachers are responsible for maintaining a record of the number of all books issued and the names of the students who have them. The condition of the book at the time of issuing should be recorded.
- B. Students are required to reimburse the school for lost or damaged school property and books.

New Books:

- 1. Lost - 75% of the initial cost
- 2. Pages torn - 25% of the initial cost
- 3. Broken binding - 50% of the initial cost

Used Books:

- 1. Lost - 50% of the initial cost
- 2. Damaged - 25% of the initial cost

No student will be denied educational activities (ex. assignments, field trips, assessments) grades, or promotion due to uncollected fines or fees. Students are responsible for the books assigned to them, regardless of the circumstances regarding the damage.

It is important to secure all school equipment (i.e. electronics such as iPods, iPads, macbooks) to prevent theft.

Section 2.2 Lesson Plans/Guest Teacher Folders

A professional responsibility of all teachers is to provide students with well thought-out lessons that are based on district curriculum and/or state standards that incorporate best practices strategies in order to differentiate instruction. For non-tenured staff, lesson plans may be mandatory during the first month of school. Thereafter, it will be the principal's decision. Paraprofessionals are also required to have a sub folder available and updated.

A completed yellow guest teacher folder is to be kept on each teacher's desk, with a copy of the current lesson plans and other required information as outlined within the guest teacher folder. Details for guest teachers regarding crisis procedures for fire drills, lockdowns, etc. should be included with the guest teacher folder. If you know you are going to be absent for some reason, please make out a special lesson plan covering the day you are gone. This should be detailed so that a guest teacher may easily take over the control of your class in your absence. Under no circumstances are videos to be used as a "lesson" for guest teachers, unless for educational purposes.

Section 2.3 Tardiness

Students are expected to be in their classroom when the bell rings to begin class. Teachers will be responsible for appropriate action to curtail tardiness. Teachers shall confer with the principal regarding repeated violators and a corrective plan will be arranged.

Section 2.4 Student Arrival/Hall

In order to maintain a positive learning environment, teachers are to be at their classroom door by 8:00 a.m. to greet students. Start classes promptly and dismiss promptly. **Active supervision by all staff is an essential component to a Positive Behavior Intervention Supports framework.** As a result it is expected that all teachers are responsible for maintaining good order in halls, classrooms and in and around the building and grounds. With all teachers assisting in this matter, it helps to improve overall conduct of all students in the school.

Section 2.5 Students Leaving the Building

Students will not be permitted to leave the classroom with a parent or adult. Parents are asked to sign out students in the office and the office staff will call the classroom to release the students. Students are not permitted to leave the building to go elsewhere unless it is a supervised activity with a teacher for which arrangements have been made with the office.

Section 2.6 Classrooms Leaving the Building

Teachers must notify the office when taking classes outside for any activity other than recess. When outside, consideration of other classes in the building must be given. **Teachers are expected to take a radio so you can be reached in the event of an emergency.**

Section 2.7 Recess

To ensure that all students receive high quality instruction throughout the day, additional recess time will only be permitted four (4) times a quarter.

Section 2.8 Grading

Each teacher is required to maintain student progress (grades) in a grade book or through a grading software program. In it are recorded daily grades, as well as a nine-week progress report. Teachers will utilize Campus to complete report cards each quarter. Grades must be updated by the established due dates in order to provide parents with current information regarding student progress.

Teachers have a professional obligation to their students to be aware of grading procedures. All teachers will follow the procedures outlined in the Student Handbook.

Section 2.9 Field Trips

Any time students depart from school property, the activity will be considered a field trip.

1. Teachers must complete a field trip request form and submit to the office prior to scheduling field trips **no later than one week prior to the field trip.**
2. Parent permission slips will be sent home with each student in the first Tuesday Folder. This permission will suffice for the entire school year.
3. All school rules and regulations shall be in effect at all times.
4. All expenses will be collected from the students participating prior to the event.
5. Teachers will receive authorization for transportation prior to the field trip.
6. Teachers will communicate with food service at least two weeks prior to the field trip.
7. **Staff absences should be entered into the sub system as a field trip at least 1 day prior to the field trip. This allows office staff to cover duties such as recess duty.**

Section 2.10 Nurse's Office

The nurse's office is available for students who become ill during the day. Students should be sent to the health room with a written note stating the problem. Please note departure time on this slip. Send only those students who need the attention of a nurse. Band aids and minor issues must be addressed by the teacher. Students will either return to the classroom or be sent home.

Section 2.11 Attendance and Lunch Count

A copy of the district policy on attendance can be found in the student handbook. Attendance and lunch count must be entered in the morning using Campus by 9:00 a.m.

Students who are in attendance on any school day are expected to complete the whole day. Any situation that would cause absence from a part of the day must be reported to the office by the student before leaving the school. Students who are in attendance but are late to class because they were at breakfast shall be marked present. Students who arrive late to school should receive a pass from the office prior to coming to class.

Section 2.12 Absences

All work missed due to absence is to be completed and full credit recorded. Keeping the record and completion of make-up work requirements is the teacher's responsibility.

Section 2.13 Parent Communication

Frequent communication with our families is essential for maintaining high quality relationships. It is proven that children perform better in school when parents and teachers maintain close communication. Teachers are encouraged to make connections with families early in the school year to communicate expectations for the upcoming year. Teachers are also encouraged to communicate with families throughout the school year to share positive news about their child and provide updates regarding classroom events and activities.

3: DISCIPLINE

Section 3.1 General Discipline

King Elementary has adopted a Positive Behavioral Intervention Support (PBIS) framework in order to create a positive school climate and reduce problem behavior. The language used by staff as part of this framework is "King Pride." It is expected that all teachers teach and model King Pride at the start of each school year using the King Pride matrix and lesson plans. Students are to be taught expectations in all settings during the first couple of weeks of school. Additionally, teachers are asked to reteach the matrix and expectations throughout the year as needed. Teachers should distribute "Pride Paws" throughout the day to students demonstrating King Pride. The Pride Paws are used to reinforce positive behavior. Teachers should try to distribute Pride Paws to 2-3 students per day and ensure all students in the classroom have received at least one early in the school year.

Proper discipline is a prerequisite of effective instruction in any school. While the administration stands ready to help the teachers, especially with unusual cases, discipline will always remain the responsibility of the teacher. Some factors in securing effective discipline are: careful teacher preparation, good organization of classroom routine, effective presentation of subject matter, proper teaching attitudes, and consistency.

Teachers are asked to follow the Student Discipline Process as outlined on the next page. All policies and procedures outlined in the student handbook will be consistently followed by staff. It is the responsibility of the teacher to manage minor/classroom managed behavior. It is expected that teachers contact parents after each minor/classroom managed infraction and document infraction on an Office Discipline Referral form (ODR) entered into EduClimber. All major/office managed behavior should be referred to the principal/dean of students. The principal/dean of students will work with the teacher, student, and parent to develop appropriate consequences and a plan to prevent future problem behavior. Students who demonstrated a pattern of problem behavior should be referred to the Behavior Support Team to develop interventions.

King Elementary School Student Discipline Process

**Please note: Students who exhibit a pattern of problem behavior should be referred to the Behavior Support Team to plan appropriate intervention supports.*

Section 3.2 Proper Title

The first step in gaining the respect of the students is in the proper use of titles, be it Mr., Mrs., Miss, or Coach. Make this understood whenever the student addresses you by any other title or when a student refers to another teacher or staff member by a title other than the proper one.

Section 3.3 Conferences (Parent/Student/School)

In addition to fall and spring conferences, you may be called from time to time to participate in parent meetings. For this reason, it is essential that your information, such as grade books on all students, be kept up to date. Any other notations on students that you can contribute to these conferences may be helpful in correcting or substantiating any issues involving a particular student.

Section 3.4 Tobacco, Alcoholic beverages, Controlled Substances

Use of tobacco, alcoholic beverages or illegal substances is prohibited and cause for suspension. Teachers shall confiscate tobacco if seen in a student's possession. All violators must be brought to the office immediately.

4: REPORT CARDS - GRADING

Section 4.1 Grading System

All teachers will follow grading procedures as outlined by the Student Handbook.

Section 4.2 Report Cards

Report cards shall be distributed quarterly. Teachers are responsible to report all final grades in Campus.

Section 4.3 Student Progress Reports

Teachers are encouraged to recognize exceptional student performance, as well as underachieving students. Because a positive relationship needs to be established with parents, it is imperative that teachers take the opportunity to contact parents by telephone or email about student progress. Teachers need to notify parents if a student is not making progress in any academic area.

5: SCHOOL PURCHASES

Section 5.1 Purchases and Payment

Requisitions for supplies, equipment, etc. are to be given to the King School Office. Be sure to first get approval from the building principal before submitting any orders to the front office. The order will then be processed through the business office. Teachers shall not contract any bill or make any arrangements that involve the school without an approved requisition form. This includes extracurricular activities. Purchases made without following the preapproval process may be responsible for any billing.

Section 5.2 Budget Planning

Staff input is essential to provide an adequate budget for instruction. Staff members are to complete and return requisition forms to the Elementary Principal as accurately as possible and by the set date for budget considerations.

Section 5.3 Return of Materials

All materials to be returned to a vendor should be brought to the district office for shipment. The office will be responsible for obtaining vendor's permission to return materials and for preparing the materials for shipment. Advise the office why materials need to be returned.

6: TECHNOLOGY

Section 6.1 Responsibility for Equipment

Teachers are responsible for all technology equipment checked out to them. Defective equipment should be marked and submitted to the office for repairs. Teachers will be held accountable for damaged or lost technology equipment assigned to them.

Section 6.2 Classroom Use of Video

Only lawful copies and content appropriate videos are permitted. Instructional staff shall preview all videos prior to use in the classroom to determine the appropriateness of the video for the age of the students. Only 'G' (General Audiences) rated videos are permitted to be shown at King School, unless prior approval is granted. Videos must be used on a limited basis.

7: LIBRARY

Section 7.1 Class Use

The King School library is viewed as an extension of the reading program. Teachers are reminded that they have an equal responsibility in covering material as it relates to the library. Classes may use the library and its facilities during scheduled class periods. Arrangements should be made in advance with the library paraprofessional for any changes requested for unique situations. Students must be supervised when using the library.

8: CLASSROOM OBSERVATION

Section 8.1 Administrative Supervision

The Elementary Principal is responsible for the supervisory program of the teachers. Supervision is carried on, not for a critical standpoint of teaching performance, rather to aid the improvement of instruction. Performance rubrics outlining expectations will be distributed to each elementary teacher before the observation. Formal observations may take place at any time.

Section 8.2 Observation Conference

Following a formal observation, teachers shall arrange a conference at a convenient time with the Elementary Principal to discuss the evaluations made. All teachers will be provided a copy of the observation form upon signing. The observation form is part of the teacher's personnel file. Teachers may write a rebuttal to all or part of any written observation notation.

9: MISCELLANEOUS

Section 9.1 Child Abuse

In complying with Minnesota State Law, MSA 626.556, "Child abuse must be reported, if suspected, by school personnel. The report is to be made to the local Social Service or Sheriff's Department. Immunity from liability is offered to those making such reports in good faith, but the law also holds liable anyone who willfully and recklessly makes a false report." Failure to report suspected physical or sexual child abuse is a misdemeanor. If the abuse causes death, the report is to be made to the coroner or medical examiner. Under the provisions of the law we require notifying the building principal immediately.

Section 9.2 Crisis Intervention Plan

Teachers each have a copy of the crisis intervention plan and are to keep it visible on their desks with the substitute folder. Teachers are responsible to read this plan and be familiar with their responsibilities as outlined so their students and all staff can be kept safe during any crisis event. Teachers should have "ready kits" easily accessible in the event students and staff are to be evacuated. Teachers are required to have the "Lockdown Summary" posted near the door.

Section 9.3 School Closings

School will not be in session when buses are unable to safely complete their routes due to snow or storms. Should teachers be required to report for duty, the announcement will indicate such. When school begins late, teachers are expected to report at the usual time, unless the announcement indicates otherwise. We will also continue with Instant Alert.

Section 9.4 Lunch Procedures

There is no credit authorized to any staff member. Staff and students may make lunch payments to the King School office. Prior to summer break, staff lunch balances must be paid in full.

Section 9.5 Medication

No medication, including aspirin, will be issued to students by anyone except the school nurse or designated personnel.

KING SCHOOL INFORMATION AND POLICIES

ACADEMICS:

All of the intermediate grades will use a similar rubric for sharing progress on grade level standards.

4 Exceeds the Standard	3 Meets the Standard	2 Progressing Toward the Standard	1 Does Not Meet the Standard
• Produces quality work above grade level standards • Successful without additional help on above grade level standards • Achievement is above grade level standards • Knowledge/skills demonstrated in creative and complex ways above grade level standards	• Produces quality work • Successful without additional help • Achievement is meeting grade level standards • Knowledge/skills demonstrated with considerable competence	• Sometimes produces quality work • Sometimes successful without additional help • Achievement is approaching grade level standards • Knowledge/skills demonstrated with some competence	• Seldom produces quality work • Seldom successful without additional help • Achievement is well below grade level standards • Knowledge/skills demonstrated with limited competence

HOMEWORK:

Students are usually given study time during the school day to complete assignments. As the child progresses through the grades, the amount of homework gradually increases. The important factor is that the students take responsibility for their assignments, seeing that they are completed and handed in to the teacher. If it appears that your child has an excessive amount of homework to do, please contact his/her classroom teacher to express your concerns.

ACCIDENTS:

Every accident in the school building, on the school grounds, at practice sessions, or at an activity sponsored by the school must be reported immediately to the person in charge and to the principal.

FIRST AID/MEDICAL CARE:

The nurse's office in each building is equipped to handle minor injuries requiring first aid. If the nurse's office is not open, assistance can be sought from the building's administrative office. If a student experiences a more serious medical emergency at school, 9-1-1 will be called and/or a parent/guardian will be contacted depending on the situation.

ARRIVAL:

If your child does not ride the bus, please time his or her arrival for **after 8:00 AM**. Supervision is provided from **8:00 - 8:25 AM** when classes begin, allowing enough time for hanging up clothes and settling in.

RELEASE:

If you are picking up your child after school, please do so at the south lot pick up zone. If you are picking your child up early from school, you may enter the front parking lot up until 2:30 PM or 2:00 PM on Wednesday—after that time buses will be in the front lot. For your child's safety, students are not allowed to walk, unaccompanied, to waiting vehicles until all buses have left the parking lot. Likewise, student walkers are not dismissed until all buses have left the parking lot. **All students must be picked up by 3:05 PM**

DROP OFF/PICK UP PROCEDURES:

The front parking lot will be open to buses ONLY from 7:45-8:30 and 2:30-3:10 (2:00 on Wednesdays). No cars will be allowed in this area during these times. All cars will drop-off/pick-up students through the south parking lot. Parents are asked to drop-off one car at a time at the door. Traffic will be asked to wait as students are dropped off and then move slowly towards the doors to drop-off your student. Children are not to exit the car until the car has entered the drop-off/pick-up zone.

ATTENDANCE POLICY:

Schools are responsible for teaching your child but we can't do our job if your child is absent. A child who misses a day of school also misses a day of learning that might never be replaced. **You can help by making school a top priority.** By building the habit of daily attendance, you will help your child see that school is important. **If your child will be absent or late from school, please call the attendance line (218-246-3403) before 9:00 AM explaining the reason for their absence.**

On occasion, you may have to take your child out of class before the end of the school day. **According to school policy, please buzz at the front door, your student will be called to the office and then sent outside.** **No child will be released to parents directly from the classroom.** If someone other than the child's parent will be picking up a student, the parent must contact the school to give permission. Parents/Guardians will be welcomed into the building by appointment only.

Once a student enrolls at King Elementary School, they subject themselves to the following policies.

Excused Absences/Tardies

Parents must call the school attendance line (218-246-3403) by 9:00 AM on the morning their child is going to be absent. The following are examples of excused absences:

- A condition that requires ongoing treatment for a mental health diagnosis
- The death, serious illness, or funeral of the student's immediate family or of a close friend or relative
- Child illness, medical, dental, orthodontic, or counseling appointment
- Court appearances occasioned by family or personal action
- Religious/cultural instruction not to exceed three hours in any week
- Physical emergency conditions such as fire, flood, storm, etc.
- Removal of a student pursuant to a suspension. Suspensions are to be handled as excused absences and students will be permitted to complete make-up work.
- Family emergencies
- Active duty in any military branch of the United States
- Family obligations/vacations with prior notification to the office. **Families need to obtain a "Pre-Absence" form from the office for any absences where the student will miss 3 or more consecutive days.**

Unexcused Absences/Tardies

Students who arrive at school after 8:25 AM are considered tardy. Students who arrive after 9:00 AM will be considered absent for that period. The following are examples of absences that will not be excused:

- Absences that are unreported
- Personal transportation problems
- Missing the school bus
- Shopping
- Oversleeping or overtired
- Skipping school or class
- Caring for siblings, family, or friends
- Truancy. An absence by a student which was not approved by the parent and/or the school district.
- Any absence in which the student failed to comply with any reporting requirements of the school district's attendance procedures.
- Work at home or a business, except under a school-sponsored work release program

In an effort to be proactive in improving attendance, the school has the following procedures in place to support student attendance:

- 1) After five (5) unexcused absences, administration may request a meeting with the family, the student, school representative, Truancy Prevention Specialist, and possibly county or tribal social services in order to identify barriers to good attendance and develop a plan to improve attendance.
- 2) After seven (7) unexcused absences from school, a student is deemed truant and the school Truancy Prevention Specialist will take appropriate action.
- 3) After a student accumulates ten (10) excused or unexcused absences in a semester, the student and family may be required to attend a meeting with administration, develop an attendance contract, and/or be required to submit medical documentation for future absences in order to be excused.

Exempt Absences

The following absences are considered exempt absences and do not count towards overall total absence.

- In school suspension
- School activities
- Funeral for immediate family
- Medical absences or illness documented by doctor or school nurse
- Court appearances
- Official school field trip or other school sponsored outing

Students must provide documentation to the office. A note from a physician or a licensed mental health professional stating the child cannot attend school is a valid excuse.

ATTENDANCE RECOGNITION:

Amazing Attendance is defined as model attendance that results in presence in most classes every day school is in session. School is only missed in rare circumstances. These students will receive a certificate of recognition.

Criteria:

- A. Students can have two or fewer excused or exempt absences.
- B. Students can have two or fewer tardies.

SCHOOL BOARD POLICY GOVERNING ATTENDANCE

The school board believes that regular school attendance is directly related to success in academic work, benefits students socially, provides opportunities for important communications between teachers and students and establishes regular habits of dependability important to the future of the student. The purpose of this policy is to encourage regular school attendance. It is intended to be positive and not punitive.

Student's Responsibility:

It is the student's right to be in school. It is also the student's responsibility to attend all assigned classes and study halls every day that school is in session and to be aware of and follow the correct procedures when absent from an assigned class or study hall. Finally, it is the student's responsibility to request any missed assignments due to an absence.

Parent or Guardian's Responsibility:

It is the responsibility of the student's parent or guardian to ensure the student is attending school, to inform the school in the event of a student absence, and to work cooperatively with the school and the student to solve any attendance problems that may arise.

Teacher's Responsibility:

It is the teacher's responsibility to take daily attendance and to maintain accurate attendance records in each assigned class and study hall. It is also the teacher's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly. It is also the teacher's responsibility to provide any student who has been absent with any missed assignments upon request. Finally, it is the teacher's responsibility to work cooperatively with the student's parent or guardian and the student to solve any attendance problems that may arise.

Administrator's Responsibility:

It is the administrator's responsibility to require students to attend all assigned classes and study halls. It is also the administrator's responsibility to be familiar with all procedures governing attendance and to apply these procedures uniformly to all students, to maintain accurate records on student attendance and to prepare a list of the previous day's absences stating the status of each. Finally, it is the administrator's responsibility to inform the student's parent or guardian of the student's attendance and to work cooperatively with them and the student to solve attendance problems.

Attendance Procedures

Attendance procedures shall be presented to the school board for review and approval. When approved by the school board, the attendance procedures will be included as an addendum to this policy.

Excused Absences

To be considered an excused absence, the student's parent or legal guardian may be asked to verify, in writing, the reason for the student's absence from school. Absences will be considered excused when the parent has notified school prior to absence or the student brings a note to the office signed by parent or guardian upon return to school.

Consequences of Excused Absences

- 1) Students whose absences are excused are required to make up all assignments missed or to complete alternative assignments as deemed appropriate by the classroom teacher.
- 2) Work missed because of absence must be made up according to each teacher's requirements. Any work not completed within the designated period shall result in "no credit" for the missed assignment. However, the building principal or the classroom teacher may extend the time allowed for completion of make-up work in the case of an extended illness or other extenuating circumstances.

Consequences of Unexcused Absences

- 1) Absences resulting from official suspension will be handled in accordance with the Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56.
- 2) Days during which a student is suspended from school shall not be counted in a student's total accumulated unexcused absences.
- 3) In cases of recurring unexcused absences, the administration may also request the county attorney to file a petition with the juvenile court, pursuant to Minnesota statutes.
- 4) Students with unexcused absences shall be subject to discipline in the following manner:
 - a. After seven (7) unexcused absences from school, a student is deemed truant and the school Truancy Prevention Specialist will take appropriate action.
 - b. After 11 cumulated excused or unexcused absences in a semester, the administration may impose the loss of academic credit in the class or classes from which the student has been absent. However, prior to loss of credit, an administrative conference must be held among the principal, student and parent. Considerations for retention will be entertained for students not eligible to earn credit.

Tardiness

A. Definition: Students are expected to be in their assigned area at designated times. Failure to do so constitutes tardiness.

B. Procedures for Reporting Tardiness

- 1) Students tardy at the start of school must report to the school office for an admission slip.
- 2) Tardiness between periods will be handled by the teacher.

C. Unexcused Tardiness

- 1) Unexcused tardiness is failing to be in an assigned area at the designated time and place without a valid excuse.
- 2) Consequences of tardiness may include an administrator conference after 3 unexcused tardies.

D. Participation in Extracurricular Activities and School-Sponsored On-the-Job Training Programs

- 1) This policy applies to all students involved in any extracurricular activity scheduled either during or outside the school day and any school-sponsored on-the-job training programs.
- 2) School-initiated absences will be accepted and participation permitted.
- 3) A student may not participate in any activity or program if he or she has an unexcused absence from any class during the day.
- 4) If a student is suspended from any class, he or she may not participate in any activity or program that day.
- 5) If a student is absent from school due to medical reasons, he or she must present a physician's statement or a statement from the student's parent or guardian clearing the student for participation that day. The note must be presented to the coach or advisor before the student participates in the activity or program.

Application for Educational Benefits

It is important for families to complete the Application for Educational Benefits. Applications for Educational Benefits determine how much funding your child's school receives for educational programs and supports. Additionally, eligible families can qualify for other benefits, such as:

- WIC Benefits
- FCC Affordable Connectivity Program/Reduced price internet programs
- Some summer camps, athletics programs and/or childcares offer scholarships or discounts.

BUS SERVICE:

Riding the bus is a privilege. Students are expected to be at the bus stop 5 minutes prior to the pick up time. Students may have only **two** designated bus drop off locations (i.e. home, daycare, grandma's house, etc.). All students are assumed to be going home on the bus unless they have a bus pass to go to their 2nd location. A bus pass must be communicated by a parent/guardian or with a signed note to the King Elementary office. **All passes expire at the end of each academic year. Families must complete a Student Afterschool Schedule form at the start of each school year.**

Any student in preschool or kindergarten must have an adult present at the bus drop off. The bus driver will not release a preschool or kindergarten student without seeing an adult present. If there is no adult present, the bus driver may contact law enforcement (i.e. school liaison officer) for assistance. Students are expected to cooperate and follow bus-safety guidelines. Parents will be notified by the bus driver or the dean of students of bus misconduct when parental support is needed.

Please be at the bus stop 5 minutes prior to the drop off time. Remember that we release at 2:20 PM on Wednesday of each week.

Bus Rules:

1. Immediately follow the directions of the driver.
2. Sit in your assigned seat facing forward.
3. Talk quietly and use appropriate language.
4. Keep all parts of your body inside the bus.

7. Do not throw any object.
8. No eating, drinking, or use of tobacco or drugs.
9. Do not bring any weapons or dangerous objects on the school bus.
10. Do not damage the school bus.

Consequences for Bus Violations:

- **1st Offense:** Warning by the bus driver and call to parents/guardian
- **2nd Offense:** 1 day suspension from the bus and call to parents/guardian
- **3rd Offense:** 3 days suspension from the bus and call to parents/guardian
- **4th Offense:** Any further consequences will be delivered from the school, in conjunction with the superintendent, who is the Director of Transportation, and/or the Principal. This may result in permanent removal from bus transportation.

*In-school consequences may also be a part of any disciplinary action.

Cell Phones and Other Electronic Communication Devices

Students are prohibited from using cell phones and other electronic communication devices during the instructional day. Students also are prohibited from using a cell phone or other electronic communication device to engage in conduct prohibited by school district policies including, but not limited to, cheating, bullying, harassment, and malicious and sadistic conduct. If the school district has a reasonable suspicion that a student has violated a school rule or law by use of a cell phone or other electronic communication device, the school district may search the device. The search of the device will be reasonably related in scope to the circumstances justifying the search. Students who use an electronic communication device during the school day and/or in violation of school district policies may be subject to disciplinary action pursuant to the school district's discipline policy. In addition, a student's cell phone or electronic communication device may be confiscated by the school district and, if applicable, provided to law enforcement. Cell phones or other electronic communication devices that are confiscated and retained by the school district will be returned in accordance with school building procedures.

COMMUNICATION:

Open communication between home and school is critical to your child's success. Conferences, open houses, report cards, instant alerts, and newsletters are some of the formal ways we use to keep you informed about your child's school experiences. Please keep us informed. A dated, signed note is required in the following circumstances:

- You want your child to stay in during recess, or to miss physical education class, which requires a doctor's excuse.
- Your child will leave school early, or will leave and return during the day.
- A note must be brought into the office on Monday with your child's weekly schedule. No changes will be allowed. Please speak with your child at home about their schedule. Please plan ahead. Do not call the school office asking to speak with your child unless it is a family emergency.

CONFERENCES AND REPORT CARDS:

Parent-teacher conferences are scheduled in the fall and winter. They provide a valuable opportunity for the parent/guardian and teacher to share information about the child. In addition, parents or teachers may request special conferences at any time of the year, if desired.

Report cards are issued four times a year at the end of each quarter.

DISCIPLINE:

We believe that all students can behave appropriately at school. In order to create an environment where learning can best take place, students are expected to conduct themselves in a safe and non-violent manner, respecting the rights of others. Behavior that disrupts the environment, infringes upon others, or creates unsafe conditions by a student while under school jurisdiction is not acceptable. The staff at our school has the goal of establishing an atmosphere in which children feel safe, secure, and happy, and in addition, have maximum opportunities to learn. **Please notify the office at 218-246-8860 if you would like support for your student with behavioral or emotional concerns.** King School works to ensure that ALL students are successful by promoting "King Pride" among the King School community. We ask students to show "King Pride" by:

Being Respectful, Being Responsible and Being Safe

SCHOOL BOARD POLICY GOVERNING STUDENT BEHAVIOR:

****Any student who disturbs or interrupts the peace and good order of the school or school-sponsored activities will be subject to disciplinary action, which may include suspension from school.**

I. PURPOSE

The purpose of this policy is to ensure that students are aware of and comply with the school district's expectations for student conduct. Such compliance will enhance the school district's ability to maintain discipline and ensure that there is no interference with the educational process. The school district will take appropriate disciplinary action when students fail to adhere to the Code of Student Conduct established by this policy.

II. GENERAL STATEMENT OF POLICY

The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child's dependence on authority to the more mature behavior of self-control.

All students are entitled to learn and develop in a setting which promotes respect of self, others, and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student's educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.

In view of the foregoing and in accordance with Minnesota Statutes, section 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.

45. Violation of school rules, regulations, policies, or procedures, including, but not limited to, those policies specifically enumerated in this policy;
46. Other acts, as determined by the school district, which are disruptive of the educational process or dangerous or detrimental to the student or other students, school district personnel or surrounding persons, or which violate the rights of others or which damage or endanger the property of the school, or which otherwise interferes with or obstruct the mission or operations of the school district or the safety or welfare of students or employees.

IX. RECESS AND OTHER BREAKS

- A. "Recess detention" means excluding or excessively delaying a student from participating in a scheduled recess period as a consequence for student behavior. Recess detention does not include, among other things, providing alternative recess at the student's choice.
- B. The school district is encouraged to ensure student access to structured breaks from the demands of school and to support teachers, principals, and other school staff in their efforts to use evidence-based approaches to reduce exclusionary forms of discipline.
- C. The school district must not use recess detention unless:
 1. a student causes or is likely to cause serious physical harm to other students or staff;
 2. the student's parent or guardian specifically consents to the use of recess detention; or
 3. for students receiving special education services, the student's individualized education program team has determined that withholding recess is appropriate based on the individualized needs of the student.
- D. The school district must not withhold recess from a student based on incomplete schoolwork.
- E. The school district must require school staff to make a reasonable attempt to notify a parent or guardian within 24 hours of using recess detention.
- F. The school district must compile information on each recess detention at the end of each school year, including the student's age, grade, gender, race or ethnicity, and special education status. This information must be available to the public upon request. The school district is encouraged to use the data in professional development promoting the use of nonexclusionary discipline.
- G. The school district must not withhold or excessively delay a student's participation in scheduled mealtimes. This section does not alter a district or school's existing responsibilities under Minnesota Statutes, section 124D.111 or other state or federal law.

X. DISCIPLINARY ACTION OPTIONS

The general policy of the school district is to utilize progressive discipline to the extent reasonable and appropriate based upon the specific facts and circumstances of student misconduct. The specific form of discipline chosen in a particular case is solely within the discretion of the school district. At a minimum, violation of school district rules, regulations, policies, or procedures will result in discussion of the violation and a verbal warning. The school district shall, however, impose more severe disciplinary sanctions for any violation, including exclusion or expulsion, if warranted by the student's misconduct, as determined by the school district. Disciplinary action may include, but is not limited to, one or more of the following:

- A. Student conference with teacher, principal, counselor, or other school district personnel, and verbal warning;
- B. Confiscation by school district personnel and/or by law enforcement of any item, article, object, or thing, prohibited by, or used in the violation of, any school district policy, rule, regulation, procedure, or state or federal law. If confiscated by the school district, the confiscated item, article, object, or

thing will be released only to the parent/guardian following the completion of any investigation or disciplinary action instituted or taken related to the violation.

- C. Parent contact;
- D. Parent conference;
- E. Removal from class;
- F. In-school suspension;
- G. Suspension from extracurricular activities;
- H. Detention or restriction of privileges;
- I. Loss of school privileges;
- J. In-school monitoring or revised class schedule;
- K. Referral to in-school support services;
- L. Referral to community resources or outside agency services;
- M. Financial restitution;
- N. Referral to police, other law enforcement agencies, or other appropriate authorities;
- O. A request for a petition to be filed in district court for juvenile delinquency adjudication;
- P. Out-of-school suspension under the Pupil Fair Dismissal Act;
- Q. Preparation of an admission or readmission plan;
- R. Saturday school;
- S. Expulsion under the Pupil Fair Dismissal Act;
- T. Exclusion under the Pupil Fair Dismissal Act; and/or
- U. Other disciplinary action as deemed appropriate by the school district.

XI. REMOVAL OF STUDENTS FROM CLASS

- A. The teacher of record shall have the general control and government of the classroom. Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, assigning detention or other consequences, or contacting the student's parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student's conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy. "Removal from class" and "removal" mean any actions taken by a teacher, principal, or other school district employee to prohibit a student from attending a class or activity period for a period of time not to exceed five (5) days, pursuant to this discipline policy.

Grounds for removal from class shall include any of the following:

1. Willful conduct that significantly disrupts the rights of others to an education, including conduct that interferes with a teacher's ability to teach or communicate effectively with students in a class or with the ability of other students to learn;
2. Willful conduct that endangers surrounding persons, including school district employees, the student or other students, or the property of the school;
3. Willful violation of any school rules, regulations, policies or procedures, including the Code of Student Conduct in this policy; or
4. Other conduct, which in the discretion of the teacher or administration, requires removal of the student from class.

Such removal shall be for at least one (1) activity period or class period of instruction for a given course of study and shall not exceed five (5) such periods.

A student must be removed from class immediately if the student engages in assault or violent behavior. "Assault" is an act done with intent to cause fear in another of immediate bodily harm or death; or the intentional infliction of, or attempt to inflict, bodily harm upon another. The removal shall be for a period of time deemed appropriate by the principal, in consultation with the teacher.

- B. If a student is removed from class more than ten (10) times in a school year, the school district shall notify the parent or guardian of the student's tenth removal from class and make reasonable attempts to convene a meeting with the student's parent or guardian to discuss the problem that is causing the student to be removed from class.

XII. DISMISSAL

- A. "Dismissal" means the denial of the current educational program to any student, including exclusion, expulsion and suspension. Dismissal does not include removal from class.

The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion, or expulsion.

The school district shall not dismiss any student without attempting to use nonexclusionary disciplinary policies and procedures before dismissal proceedings or pupil withdrawal agreements, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

- B. Violations leading to suspension, based upon severity, may also be grounds for actions leading to expulsion, and/or exclusion. A student may be dismissed on any of the following grounds:

1. Willful violation of any reasonable school board regulation, including those found in this policy;
2. Willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or
3. Willful conduct that endangers the student or other students, or surrounding persons, including school district employees, or property of the school.

- C. Disciplinary Dismissals Prohibited

1. A pupil enrolled in the following is not subject to dismissals under the Pupil Fair Dismissal Act:
 - a. a preschool or prekindergarten program, including an early childhood family education, school readiness, school readiness plus, voluntary prekindergarten, Head Start, or other school-based preschool or prekindergarten program; or
 - b. kindergarten through Grade 3.
2. This section does not apply to a dismissal from school for less than one school day, except as provided under Minnesota Statutes, chapter 125A and federal law for a student receiving special education services.
3. Notwithstanding this section, expulsions and exclusions may be used only after resources outlined under Nonexclusionary discipline have been exhausted, and only in circumstances where there is an ongoing serious safety threat to the child or others.

- D. Suspension Procedures

1. "Suspension" means an action by the school administration, under rules promulgated by the School Board, prohibiting a student from attending school for a period of no more than ten (10) school days; provided, however, if a suspension is longer than five (5) school days, the suspending administrator shall provide the superintendent with a reason for the longer term of suspension. This definition does not apply to dismissal for one (1) school day or less where a student with a disability does not receive regular or special education instruction during that dismissal period.
2. School administration must allow a suspended pupil the opportunity to complete all school work assigned during the period of the pupil's suspension and to receive full credit for satisfactorily completing the assignments. The school principal or other person having administrative control of the school building or program is encouraged to designate a district or school employee as a liaison to work with the pupil's teachers to allow the suspended pupil

to (1) receive timely course materials and other information, and (2) complete daily and weekly assignments and receive teachers' feedback.

3. If a student's total days of removal from school exceed ten (10) cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the student and the student's parent or guardian before subsequently removing the student from school and, with the permission of the parent or guardian, arrange for a mental health screening for the student at the parent or guardian's expense. The purpose of this meeting is to attempt to determine the pupil's need for assessment or other services or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.
4. The definition of suspension under Minnesota Statutes, section 121A.41, subdivision 10, does not apply to a student's dismissal from school for one school day or less, except as provided under federal law for a student with a disability. Each suspension action may include a readmission plan. The plan shall include, where appropriate, a provision for implementing alternative educational services upon readmission which must not be used to extend the current suspension. A readmission plan must not obligate a parent or guardian to provide psychotropic drugs to their student as a condition of readmission. School administration must not use the refusal of a parent or guardian to consent to the administration of psychotropic drugs to their student or to consent to a psychiatric evaluation, screening, or examination of the student as a ground, by itself, to prohibit the student from attending class or participating in a school-related activity, or as a basis of a charge of child abuse, child neglect, or medical or educational neglect. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property or where the school district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of fifteen (15) days.
5. A child with a disability may be suspended. When a child with a disability has been suspended for more than five (5) consecutive days or ten (10) cumulative school days in the same year, and that suspension does not involve a recommendation for expulsion or exclusion or other change in placement under federal law, relevant members of the child's IEP team, including at least one of the child's teachers, shall meet and determine the extent to which the child needs services in order to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the child's IEP. That meeting must occur as soon as possible, but no more than ten (10) days after the sixth (6th) consecutive day of suspension or the tenth (10th) cumulative day of suspension has elapsed.
6. Alternative education services must be provided to a pupil who is suspended for more than five (5) consecutive school days. Alternative educational services may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessments, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under Minnesota Statutes, section 123A.05 selected to allow the pupil to progress toward meeting graduation standards under Minnesota Statutes section 120B.02, although in a different setting.
7. The school administration shall not suspend a student from school without an informal administrative conference with the student. The informal administrative conference shall take place before the suspension, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practicable following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present the student's version of the facts. A separate administrative conference is required for each period of suspension.
8. After school administration notifies a student of the grounds for suspension, school administration may, instead of imposing the suspension, do one or more of the following:
 - a. strongly encourage a parent or guardian of the student to attend school with the student for one day;
 - b. assign the student to attend school on Saturday as supervised by the principal or the principal's designee; and
 - c. petition the juvenile court that the student is in need of services under Minnesota Statutes chapter 260C.

9. A written notice containing the grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan, and a copy of the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes sections 121A.40-121A.56, shall be personally served upon the student at or before the time the suspension is to take effect, and upon the student's parent or guardian by mail within forty-eight (48) hours of the conference. (See attached sample Notice of Suspension.)
10. The school administration shall make reasonable efforts to notify the student's parent or guardian of the suspension by telephone as soon as possible following suspension.
11. In the event a student is suspended without an informal administrative conference on the grounds that the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent or guardian within forty-eight (48) hours of the suspension. Service by mail shall be complete upon mailing.
12. Notwithstanding the foregoing provisions, the student may be suspended pending the school board's decision in an expulsion or exclusion proceeding, provided that alternative educational services are implemented to the extent that suspension exceeds five (5) consecutive school days.

E. Expulsion and Exclusion Procedures

1. "Expulsion" means a school board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled. The authority to expel rests with the school board.
2. "Exclusion" means an action taken by the school board to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the school board.
3. All expulsion and exclusion proceedings will be held pursuant to and in accordance with the provisions of the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes, sections 121A.40-121A.56.
4. No expulsion or exclusion shall be imposed without a hearing, unless the right to a hearing is waived in writing by the student and parent or guardian.
5. The student and parent or guardian shall be provided written notice of the school district's intent to initiate expulsion or exclusion proceedings. This notice shall be served upon the student and his or her parent or guardian personally or by mail, and shall contain a complete statement of the facts; a list of the witnesses and a description of their testimony; state the date, time and place of hearing; be accompanied by a copy of the Pupil Fair Dismissal Act, Minnesota Statutes sections 121A.40-121A.56; describe the nonexclusionary disciplinary practices accorded the student in an attempt to avoid the expulsion proceedings; and inform the student and parent or guardian of their right to: (1) have a representative of the student's own choosing, including legal counsel at the hearing; (2) examine the student's records before the hearing; (3) present evidence; and (4) confront and cross-examine witnesses. The school district must advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from the Minnesota Department of Education (MDE) and is posted on its website.
6. The hearing shall be scheduled within ten (10) days of the service of the written notice unless an extension, not to exceed five (5) days, is requested for good cause by the school district, student, parent, or guardian.
7. All hearings shall be held at a time and place reasonably convenient to the student, parent, or guardian and shall be closed, unless the student, parent, or guardian requests an open hearing.
8. The school district shall record the hearing proceedings at district expense, and a party may obtain a transcript at its own expense.
9. The student shall have a right to a representative of the student's own choosing, including legal counsel, at the student's sole expense. The school district shall advise the student's parent or guardian that free or low-cost legal assistance may be available and that a legal assistance resource list is available from MDE. The school board may appoint an attorney to represent the school district in any proceeding.

10. If the student designates a representative other than the parent or guardian, the representative must have a written authorization from the student and the parent or guardian providing them with access to and/or copies of the student's records.
11. All expulsion or exclusion hearings shall take place before and be conducted by an independent hearing officer designated by the school district. The hearing shall be conducted in a fair and impartial manner. Testimony shall be given under oath and the hearing officer shall have the power to issue subpoenas and administer oaths.
12. At a reasonable time prior to the hearing, the student, parent or guardian, or authorized representative shall be given access to all school district records pertaining to the student, including any tests or reports upon which the proposed dismissal action may be based.
13. The student, parent or guardian, or authorized representative, shall have the right to compel the presence of any school district employee or agent or any other person who may have evidence upon which the proposed dismissal action may be based, and to confront and cross-examine any witnesses testifying for the school district.
14. The student, parent or guardian, or authorized representative, shall have the right to present evidence and testimony, including expert psychological or educational testimony.
15. The student cannot be compelled to testify in the dismissal proceedings.
16. The hearing officer shall prepare findings and a recommendation based solely upon substantial evidence presented at the hearing, which must be made to the school board and served upon the parties within two (2) days after the close of the hearing.
17. The school board shall base its decision upon the findings and recommendation of the hearing officer and shall render its decision at a meeting held within five (5) days after receiving the findings and recommendation. The school board may provide the parties with the opportunity to present exceptions and comments to the hearing officer's findings and recommendation provided that neither party presents any evidence not admitted at the hearing. The decision by the school board must be based on the record, must be in writing, and must state the controlling facts on which the decision is made in sufficient detail to apprise the parties and the Commissioner of the Minnesota Department of Education (Commissioner) of the basis and reason for the decision.
18. A party to an expulsion or exclusion decision made by the school board may appeal the decision to the Commissioner within twenty-one (21) calendar days of school board action pursuant to Minnesota Statutes section 121A.49. The decision of the school board shall be implemented during the appeal to the Commissioner.
19. The school district shall report any suspension, expulsion or exclusion action taken to the appropriate public service agency, when the student is under the supervision of such agency.
20. The school district must report, through the MDE electronic reporting system, each expulsion or exclusion within thirty (30) days of the effective date of the action to the Commissioner. This report must include a statement of alternative educational services given the student and the reason for, the effective date, and the duration of the exclusion or expulsion. The report must also include the student's age, grade, gender, race, and special education status. The dismissal report must include state student identification numbers of affected students.
21. Whenever a student fails to return to school within ten (10) school days of the termination of dismissal, a school administrator shall inform the student and his/her parent or guardian by mail of the student's right to attend and to be reinstated in the school district.

XIII. ADMISSION OR READMISSION PLAN

A school administrator must prepare and enforce an admission or readmission plan for any student who is excluded or expelled from school. The plan must include measures to improve the student's behavior, which may include completing a character education program consistent with Minnesota Statutes, section 120B.232, subdivision 1, social and emotional learning, counseling, social work services, mental health services, referrals for special education or 504 evaluation, and evidence-based academic interventions. The plan must include reasonable attempts to obtain parental involvement in the admission or readmission process, and may indicate the consequences to the student of not improving the student's behavior. The readmission plan must not obligate parents to provide a sympathomimetic medication for their child as a condition of readmission.

XIV. NOTIFICATION OF POLICY VIOLATIONS

Notification of any violation of this policy and resulting disciplinary action shall be as provided herein, or as otherwise provided by the Pupil Fair Dismissal Act or other applicable law. The teacher, principal or other school district official may provide additional notification as deemed appropriate.

In addition, the school district must report, through the MDE electronic reporting system, each exclusion or expulsion, each physical assault of a school district employee by a pupil, and each pupil withdrawal agreement within thirty (30) days of the effective date of the dismissal action, pupil withdrawal, or assault, to the MDE Commissioner. This report must include a statement of non exclusionary disciplinary practices, or other sanction, intervention, or resolution in response to the assault given to the pupil in response to the assault and the reason for, the effective date, and the duration of the exclusion or expulsion or other sanction, intervention, or resolution. The report must also include the pupil's age, grade, gender, race, and special education status.

XV. STUDENT DISCIPLINE RECORDS

The policy of the school district is that complete and accurate student discipline records be maintained. The collection, dissemination, and maintenance of student discipline records shall be consistent with applicable school district policies and federal and state law, including the Minnesota Government Data Practices Act, Minnesota Statutes chapter 13.

XVI. STUDENTS WITH DISABILITIES

Students who are currently identified as eligible under the IDEA or Section 504 will be subject to the provisions of this policy unless the student's IEP or 504 plan specifies a necessary modification.

Before initiating an expulsion or exclusion of a student with a disability, relevant members of the child's IEP team and the child's parent shall, consistent with federal law, conduct a manifestation determination and determine whether the child's behavior was (i) caused by or had a direct and substantial relationship to the child's disability and (ii) whether the child's conduct was a direct result of a failure to implement the child's IEP. If the student's educational program is appropriate and the behavior is not a manifestation of the student's disability, the school district will proceed with discipline – up to and including expulsion – as if the student did not have a disability, unless the student's educational program provides otherwise. If the team determines that the behavior subject to discipline is a manifestation of the student's disability, the team shall conduct a functional behavioral assessment and implement a behavioral intervention plan for such student provided that the school district had not conducted such assessment prior to the manifestation determination before the behavior that resulted in a change of placement. Where a behavioral intervention plan previously has been developed, the team will review the behavioral intervention plan and modify it as necessary to address the behavior.

When a student who has an IEP is excluded or expelled for misbehavior that is not a manifestation of the student's disability, the school district shall continue to provide special education and related services during the period of expulsion or exclusion.

XVII. OPEN ENROLLED STUDENTS

The school district may terminate the enrollment of a nonresident student enrolled under an Enrollment Option Program (Minnesota Statutes section 124D.03) or Enrollment in Nonresident District (Minnesota Statutes section 124D.08) at the end of a school year if the student meets the definition of a habitual truant, the student has been provided appropriate services for truancy (Minnesota Statutes chapter 260A), and the student's case has been referred to juvenile court. The school district may also terminate the enrollment of a nonresident student over the age of seventeen (17) enrolled under an Enrollment Options Program if the student is absent without lawful excuse for one or more periods on fifteen (15) school days and has not lawfully withdrawn from school.

XVIII. DISCIPLINE COMPLAINT PROCEDURE

Students, parents and other guardians, and school staff may file a complaint and seek corrective action when the requirements of the Minnesota Pupil Fair Dismissal Act, including the implementation of the local behavior and discipline policies, are not being implemented appropriately or are being discriminately applied.

The Discipline Complaint Procedure must, at a minimum:

1. provide procedures for communicating this policy including the ability for a parent to appeal a decision under Minnesota Statutes, section 121A.49 that contains explicit instructions for filing the complaint;
2. provide an opportunity for involved parties to submit additional information related to the complaint;
3. provide a procedure to begin to investigate complaints within three school days of receipt, and identify personnel who will manage the investigation and any resulting record and are responsible for keeping and regulating access to any record;

4. provide procedures for issuing a written determination to the complainant that addresses each allegation and contains findings and conclusions;
5. if the investigation finds the requirements of Minnesota Statutes, sections 121A.40 to 121A.61, including any local policies that were not implemented appropriately, contain procedures that require a corrective action plan to correct a student's record and provide relevant staff with training, coaching, or other accountability practices to ensure appropriate compliance with policies in the future; and
6. prohibit reprisals or retaliation against any person who asserts, alleges, or reports a complaint, and provide procedures for applying appropriate consequences for a person who engages in reprisal or retaliation.

XIX. DISTRIBUTION OF POLICY

The school district will notify students and parents of the existence and contents of this policy in such manner as it deems appropriate. Copies of this discipline policy shall be made available to all students and parents at the commencement of each school year and to all new students and parents upon enrollment. This policy shall also be available upon request in each principal's office.

XX. REVIEW OF POLICY

The principal and representatives of parents, students and staff in each school building shall confer at least annually to review this discipline policy, determine if the policy is working as intended, and to assess whether the discipline policy has been enforced. Any recommended changes shall be submitted to the superintendent for consideration by the school board, which shall conduct an annual review of this policy.

- Hats should never be worn in a public building, except for special occasions. Hats must be worn appropriately.
- Proper shoes must be worn at all times. Tennis shoes must be worn for physical education.
- During the winter months, when the temperature/wind chill is above -8 degrees, recess will remain outdoors. If the temperature is 32 degrees or below, the students are to wear the following:
 1. Winter coats
 2. Boots
 3. Hats
 4. Mittens
 5. Snow pants
- Students may be asked to wear snow pants in the spring to protect clothing.

If the temperature, with wind chill, is below -8 degrees, the office will announce that recess will be held inside.

Clothing should not be so extreme or so inappropriate to the school setting as to disrupt the educational process. Clothing deemed distracting is not permitted. This includes bare *stomachs or backs*, *spaghetti straps*, *muscle shirts*, *halter tops*, *short shorts*, and *extremely short dresses or skirts*.

- NO inappropriate wording, symbols, or language will be permitted on clothing worn to school. (This includes T-shirts with questionable or double-meaning messages.)

Rubber soled leather or canvas gym tennis shoes must be worn in the gymnasium and are required of all children. This is in the interest of both health and safety. They should be labeled with the child's name and should only be worn for physical education classes, if possible.

EMERGENCY PHONE NUMBER:

We must have on file the name, address and phone number of a relative or friend in case we cannot reach you in an emergency. If you have a regular schedule of activities, such as sports or volunteer work, please let us know your schedule and the phone numbers where you can be reached.

It is essential that this record be kept current. Please notify the office if there are changes or additions during the year.

EMERGENCY SCHOOL CLOSINGS:

Should school be closed during the school day, please have a prearranged plan developed with a neighbor or relative that your child can follow. This helps to prevent unnecessary last minute phone calls. The school website www.isd317.org , parent portal, and instant alert may also provide information when it is necessary to close school.

FIELD TRIPS:

Educational field trips may be taken by classes during the school year under the teacher's direction. Parents may be asked to assist with these field trips. When trips are made in school buses outside school district boundaries, parents will be notified. Students may be asked to pay for a portion of the field trip costs. A permission slip is sent home in your child's first Tuesday folder permitting their attendance at all field trips. All students attending the school led field trip must ride the specified transportation set up by the school. If the parent/guardian decides that their child will not ride the bus, the child will not be allowed to attend the school function and will be marked absent for the day.

HEALTH ISSUES:

Emergency Information:

Every child enrolled at King Elementary must have updated emergency information on file. This is our first reference in case we need to contact you regarding your child. **If information changes during the school year, for example, the telephone numbers or place of employment, please inform the school office.**

HEALTH PROBLEMS:

Please alert the school nurse and teacher if your child has a health problem that may affect the child's functioning at school. This may include chronic health problems such as diabetes, asthma, or epilepsy.

Also, promptly report to the nurse any communicable diseases such as strep throat, chicken pox, scabies, or head lice. This information will be kept confidential.

HEALTH RECORDS:

A health record is kept for each child by the nurse. This is required by State Law. Any disease or immunization that the child has had during the summer or school year should be reported to the nurse so the information can be recorded on the child's health records. The school nurse serves as a general health consultant and may be available to instruct health mini-units or lessons.

FOOD ALLERGIES:

Please alert the school nurse and teacher if your child has a food allergy. A doctor's note is required if your child must be given a substitute food in the school lunchroom to avoid an allergic reaction.

HEALTH SCREENINGS:

Each fall, students are screened for vision and hearing problems. All students in grades K-5 have a yearly growth assessment. Referrals for medical evaluation are made if necessary.

IMMUNIZATIONS AND PHYSICAL EXAMINATIONS:

District 317 recommends physical examinations for elementary students prior to kindergarten and fourth grade. Forms are available from the health office.

Minnesota law requires that every child entering school must show evidence of adequate immunizations. This includes five doses of DPT (diphtheria, tetanus, and pertussis); four doses of polio; three doses of HBV (Hepatitis B), two doses of MMR (measles, mumps, and rubella), and two doses of chickenpox vaccine. If your child is not properly immunized, you will be notified by the nurse.

MEDICATION POLICY:

Medication schedules for students should be adjusted around school hours so that students will not need to take medications while at school. When it is absolutely necessary for medications to be administered during school hours, the medication must be in its prescription container, accompanied by a medication consent form from the doctor stating the type, dose, time, reason and effects of the medication.

On the rare occasion that over-the-counter medication (such as Tylenol) must be administered to a student, parent's/guardian's permission must be obtained. All medication (unless otherwise arranged) must be kept at the school office. Please inform the teacher and school nurse about any medication taken at home that may affect your child's attention or behavior at school. If an over-the-counter medication is to be used for more than a single dose, the medicine must be supplied by the parent, accompanied by a note from the child's doctor stating the type, dose frequency, reason and effects of the medication.

STUDENT ILLNESS & ACCIDENTS:

Although regular attendance at school is of the utmost importance, we suggest that you do not send your child to school if they show signs of the following:

- *Fever: Do not attend school if fever is above 100 degrees F orally, before fever reducing medications.
- *Diarrhea: Do not attend school until diarrhea stops or a medical exam indicates that it is not communicable.
- *Vomiting: Do not attend school until no vomiting has occurred for at least 24 hours.
- *Rash with fever: Do not attend school until a healthcare provider indicates that it is not communicable.
- *Eye drainage: Do not attend school until 24 hours after treatment of a purulent (pus) drainage. (No exclusion is needed for clear, watery drainage.)
- *Strep throat: Do not attend school until 24 hours of antibiotic treatment.

If your child gets sick during school, the teacher, the school nurse, or other personnel will attempt to comfort your child or contact you (the parent), or the person you have designated on your child's emergency contact.

Children who are injured during the school day are taken to the office or school nurse. If they feel that it is an emergency, parents are notified so that necessary action can be taken.

PETS:

If your child wishes to bring a pet for a visit, it must be cleared through your child's teacher. Please try to avoid times when classes are changing and the hallways are congested.

FOOD TREATS:

In accordance with the Minnesota Health Department, if children bring treats to share, the treats must be purchased from a licensed store or baker. **DO NOT** bring treats prepared at home, as all food treats must display a list of ingredients.

INSURANCE:

~~Information regarding health insurance is sent home to the parents at the beginning of the school year. Purchase of insurance is optional.~~

LIBRARY BOOKS/CLASSROOM LIBRARY BOOKS:

Our library is a vital part of our students' education. Students have the opportunity to check out books each week. Your help in locating the books at home each week is requested. Students are responsible for the books assigned to them, regardless of the circumstances regarding the damage. In order to help us provide a great library for all students, students will be charged \$15 for lost or damaged library books. All classroom books are furnished to the children. Students are responsible for the care and maintenance of these books. Parents can help a great deal in the care of the books (library books included) when children have them at home. It is highly recommended that your child be provided with a carrying bag to preserve the condition of the books and also to make it easier for them to carry. Students destroying school property will be asked to pay for destroyed property after reviewing the damage done.

Fines:

New Books

Lost – 75% of the original cost

Pages torn – 25% of the original cost

Broken binding – 50% of the original cost

Used Books

Lost – 50% of the original cost

Damaged – 25% of the original cost

No student will be denied educational activities (i.e. assignments, field trips, and assessments), grades, or promotion due to uncollected fines or fees.

LOST AND FOUND:

Parents should give the following suggestions careful consideration to help eliminate lost items:

- Clearly label your child's coats, jackets, sweaters, caps, and boots with his/her name and grade.
- When an article is lost, don't let time elapse before trying to locate it.
- Use caution in allowing articles of sentimental or monetary value to be brought to school.

PERSONAL PROPERTY AND MONEY HANDLING:

Children should not bring expensive jewelry, valuable toys, money, etc. to school. The use of cell phones and hand-held games are prohibited during school hours. These items must be kept in the student's backpack or school bag. If it is necessary to send money to school, please put it in a sealed envelope with the child's name, date, and purpose of the money written on the envelope. Lunch payments should be brought to the office before classes begin each morning. Checks for lunch money should be made out to **ISD #317**. It would be helpful if you could include the family's lunch account number on the check.

PLEDGE OF ALLEGIANCE

Minnesota Statutes 121A.11: “Anyone who does not wish to participate in reciting the pledge of allegiance for any personal reasons may elect not to do so. Students must respect another person’s right to make that choice.”

Parents and Teachers of King School (PTKS) ACTIVITIES:

PTKS meetings are held throughout the year. The PTKS organization sponsors or supports the following activities, ADD: **along with many others**, which take place in our school each year:

- Open House
- Fall Fundraiser
- Popcorn Wednesdays
- School Field Trips
- Care & Share Store

All of the fundraising efforts done throughout the year benefit all of our students by providing field trips at little to no cost to families. We encourage all parents to become involved with school events and PTKS activities throughout the year. Volunteers are always needed and appreciated. If you are interested in helping, please contact the elementary school office at 218-246-8860.

SCHOOL BOARD MEETINGS:

The ISD #317 School Board meets regularly on the first Monday of each month during the school year. The Board typically meets at King School or the High School. Normal meeting time is 6:00 p.m. ADD: **The full schedule along with agendas can be found on the district website: www.isd317.org.**

SCHOOL PROPERTY:

Students are responsible for the care and maintenance of the books, school supplies, and technology which are issued to them at the beginning of each school year. Students will be held responsible for any vandalism done to school property or to another student's property. This behavior will result in a referral to the principal's office. In the event that a school device is damaged by a student, charges may be issued to the student to repair or replace the device.

SPECIAL EDUCATION SERVICES:

Special Education is intended to meet the needs of identified students with disabilities whose needs are not met by regular education. Specifically, the learning of these students is significantly impacted by their disability. Federal and State laws specifically direct the eligibility and implementation of the services and programs. Special Education students are served in regular classrooms, special settings, or both, depending on team decisions based on student needs. If you have questions regarding special education programs, please contact the school principal.

Accordingly, promotion and retention of students shall be evaluated according to documentation of the classroom teacher and other certified staff working with the student, i.e. grade level outcomes, classroom grade book, state performance standards, standardized test scores, Light's Retention Scale, and social observations. Recommendations for retention will be based upon the following criteria:

- A student who is not sufficiently mature socially, emotionally, mentally, or physically, which interferes with school success.
- A student who has not reached a standard of achievement and/or proficiency in the three core areas (reading, mathematics, and written language) which would allow him/her to progress satisfactorily at the next grade level.
- A student who has not been in attendance for at least 155 days of the school year or has not met minimum standards as stated above.

Exceptions:

1. A student will be retained only one time in any one grade level.

Promotion or retention of these students shall be on an individual basis with said results to be determined and approved by the Individual Educational Program Staffing Team.

The rights of parents to participate in decisions involving their children are also recognized. After a referral for retention is made, a conference will be scheduled. If the parents do not respond, they will be contacted by phone or mail on or before **May 5**. Parents shall be informed of the reasons for possible retention and the likely success of such retention. Should the parents not respond by **May 20**, a decision to retain or promote will be made by the certified school staff at that time. Parents must state specific reasons for their decisions for advancement or retention at a conference. Retention shall be used sparingly and only after all other opportunities for attaining acceptable achievement within the school have been offered.

Long-Term Facilities Maintenance Expenditure Categories used in the Excel Spreadsheet Template

Category 1: Health and Safety Expenditures by Uniform Financial and Accounting Reporting Standards (UFARS) Finance Codes 347, 349, 352, 358, 363 and 366 (this section excludes project costs of \$100,000 or more for which additional revenue is requested for Finance Codes 358, 363 and 366).

projects for Fiscal Year (FY) 2025 and FY 2026. The later years can be a rough estimate. Fiscal 2024 is an estimate of what the **final** UFARS expenditures will be. Once the FY 2024 audited financial data is complete and final UFARS data has been submitted, enter the actual FY 2024 Health and Safety (H&S) expenditures on the Health and Safety Data Submission System. Category 1 excludes projects costing \$100,000 or more for asbestos removal or encapsulation, fire safety, and indoor air quality as they are entered under Category 2 as listed below. Also enter FY 2024, FY 2025 and FY 2026 totals per finance code in the Health and Safety Data Submission on the Minnesota Department of Education (MDE) website (MDE homepage > Districts, Schools and Educators > Business and Finance > Data Submissions, then select the Health and Safety category) so hold harmless revenue calculates properly on the levy.

Category 2: Health and Safety Expenditures by UFARS Finance Code for Asbestos Removal and Encapsulation, Fire Safety and Indoor Air Quality projects costing \$100,000 or more per Project, per Site, per Year.

A district enters totals by finance code for individual projects that cost \$100,000 or more per site, per year for asbestos removal and encapsulation, fire safety, or indoor air quality as they generate additional revenue. Also, enter FY 2024, FY 2025 and FY 2026 H&S projects costing \$100,000 or more on a separate line in the Health and Safety Data Submission System on the MDE website (the project description should include the site name and whether it is financed by “pay-as-you-go” or bonded dollars).

Category 3(a): Remodeling for Approved Voluntary Prekindergarten (VPK) Program

If the district has an approved VPK program include planned expenditures for remodeling projects.

Category 3(b): Remodeling for Gender Neutral Single-User Restroom per site (Effective FY 2025)

For districts who budget for a remodeling project for a gender-neutral single user restroom at least one at each school site.

Category 4: Americans with Disabilities Act (ADA) Accessibility Projects

Enter approved project costs to increase accessibility to school facilities. The project shall conform to both the district’s ADA/Section 504 disabled access transition plan and the current ADA Accessibility Guidelines for Buildings and Facilities, as well as applicable state and local building and fire codes.

Category 5: Deferred Maintenance Projects by UFARS Finance Code.

Facility deferred maintenance projects are broken into nine finance codes. Each code represents a component grouping of a building designed to ease assignment of a project into the proper code. The code breakdown is also meaningful for comparison of costs among school districts and to the Minnesota legislature to assess school facility costs and the ongoing need for facility funding.

Category 6: Deferred Maintenance Projects for Roofing Systems requests for \$100,000 or more per site/year.

A district enters totals by finance code for individual roofing projects that cost \$100,000 or more per site, per

Additional Documentation

Category 2 Asbestos Removal and Encapsulation, Fire Safety and Indoor Air Projects \$100,000 or over per Project, per Site, per Year

For districts with asbestos removal and encapsulation, fire safety and indoor air quality projects costing \$100,000 or more per project, per site, per year for FY 2026 or FY 2027 the ten-year plan includes a narrative describing the scope and cost of the project in greater detail. Individual project approval is required as these projects generate additional revenue.

- a. For **asbestos removal and encapsulation projects**, give a description of the type and amount of asbestos and the scope of the project including an engineer or contractor estimate of the cost **-narrative from contractor/professional engineer - on company letterhead and signed by a company contractor/engineer.**
- b. For **fire safety projects**, include a project description and an estimate of the cost **from the professional engineer.** If a building permit has been pulled for other school construction projects, the building inspector has jurisdiction over the review of the fire suppression rework, but the State Fire Marshal should be contacted for final review and approval; otherwise, the fire suppression rework requires an order from the state fire marshal, schools division. If replacing a fire alarm system which is inoperable, **submit State Fire Marshal orders to substantiate.** Voice activated systems cannot be installed in existing systems unless there are Fire Marshal orders authorizing replacement due to in operable system.
- c. For **indoor air quality projects**, describe which American Society of Heating, Refrigerating, and Air-Conditioning Engineers (ASHRAE) Indoor Air Quality (IAQ) standards are not being met and indicate how the project will result in meeting ASHRAE standards and include an estimate of cost from the project engineer. Also, include a floor plan to reflect classrooms affected and a report listing cubic feet per minute (CFM) ratings (current and projected ratings at completion of project) - **narrative from professional engineer on company letterhead and signed by professional engineer.**

Category 3 (a) Approved Voluntary Prekindergarten (VPK) Program - Remodeling Costs

For districts with an approved voluntary prekindergarten program under Minnesota Statutes 2024, section 124D.151, a narrative describing the project to remodel existing instructional space to accommodate kindergarten instruction. In the narrative, describe the square footage and use of the existing instructional space, changes to be made to the facility, and the final square footage and features of the prekindergarten instructional space, for example, bathroom space, play area, and small group instruction space. This narrative may be the same narrative submitted to MDE as part of the application to obtain approval for the voluntary prekindergarten program under Minnesota Statutes 2024, section 124D.151.

Category 3 (b) Gender Neutral Single-User Restrooms - Remodeling Costs

For districts who budget for a remodeling or construction project for a gender-neutral, single user restroom at each school site, include a narrative describing the project scope and cost to remodel existing instructional space to accommodate a single-user restroom (at least one per school site). In the narrative, describe the square footage and changes to be made to the facility, and the final square footage and features of the bathroom space. Include a schematic of the remodeled area. **Narrative information is required to be submitted on vendor/contractor letterhead and signed by the appropriate staff member. If the work is to be done by school facilities staff, please include the narrative information on the school's letterhead and signed by authorized personnel.**

Category 5 Deferred Maintenance Projects costing \$2,000,000 per Project, per Site, per Year

For districts with deferred maintenance projects for FY 2026 or FY 2027 costing \$2,000,000 or more per project, per site, per year, a narrative describing each project in greater detail is required. In the narrative, discuss the deferred capital and maintenance criteria that make the project eligible for Long-Term facilities maintenance revenue and the work necessary to prevent further erosion of facilities. Describe the scope of work in sufficient detail to indicate the change in condition of the facility and provide an indication of the improvement to useful life. Indicate the level of deferred maintenance work needed for the facility before and after the project will be completed. Include an architect or consultant cost estimate detailing categories of work and associated cost including an estimate of fees - narrative from professional engineer/architect.

Category 6 Deferred Maintenance Roofing Projects costing \$100,000 or more per site/project/year - Additional Revenue

For districts with deferred maintenance roofing projects for **FY 2027 and beyond** costing \$100,000 or more per project, per site, per year, a narrative describing each project in greater detail is required. In the narrative, discuss the deferred capital and maintenance criteria that make the project eligible for Long-Term facilities maintenance revenue and the work necessary to prevent further erosion of facilities. Describe the scope of work in sufficient detail to indicate the change in condition of the facility and provide an indication of the improvement to useful life. Indicate the level of deferred maintenance work needed for the facility before and after the project will be completed. Updating the Health and Safety Database (Does not include Deferred Maintenance Final

The Minnesota Department of Education (MDE) will continue to use the existing Health and Safety (H&S) database (located on the MDE website under MDE > Districts, Schools and Educators > Business and Finance > Data Submissions, select Health and Safety) to drive levy processing for fall levies. Districts enter summary data by finance code, consistent with the summary data for Fiscal Year (FY) 2025, FY 2026 and FY 2027 included on the district's ten-year plan expenditure spreadsheet. Detailed information by project will still be required for asbestos removal and encapsulation, fire safety and indoor air quality projects costing \$100,000 or more per project, per site, per year since those generate additional revenue over and above the Long-Term Facilities Maintenance (LTFM) formula allowance. Do not enter information for deferred maintenance or accessibility finance codes. The Health and Safety amounts provide an accurate calculation of the hold harmless revenue estimate on the levy and aid entitlement reports, and either add to revenue or show complete information for persons who seek levy information.

When comfortable with data and assumptions, a district should enter the total health and safety cost from the expenditure spreadsheet in the hold harmless section of the revenue spreadsheet and the Health and Safety Data Submission System. Hold harmless revenue depends on the year's H&S costs plus deferred maintenance revenue for districts that did not qualify for alternative facilities revenue. Hold harmless for an alternative facilities school district is health and safety plus an amount to fund the other ten-year plan projects. For FY 2025, 26 and 27, MDE is asking school districts to enter totals by finance code from the expenditure spreadsheet in the Health and Safety Data Submission System (instructions on how to enter H&S data on the data submissions website may be found on the LTFM webpage under MDE > Districts, Schools and Educators > Business and Finance > School Finance > Facilities and Technology > Long-Term Facilities Maintenance, then select "Health and Safety Website Instructions" (these instructions may also be found on the Health and Safety Data Submission System). MDE uses the submission system to load the prior law calculation H&S amount into the Levy Limitation and Certification system and LTFM Aid Entitlement system. Without this step, the levy shows zero in the health and safety line under the old law revenue and the calculation is inaccurate. An alternative facilities school district should not include the amount in both the Health and Safety Data Submission System and in the revenue amount entered for deferred maintenance ten-year plan projects levy as the H&S levy will be doubled. In the Health and Safety Data Submission System, enter the H&S finance totals, six in all (if all are included in the ten-year planned projects) from the expenditure spreadsheet plus separately enter each individual project (asbestos removal and encapsulation, fire safety or indoor air quality) costing \$100,000 or

Note: School Districts should continue to update H&S expenditures in the Health and Safety Data Submission system on a regular basis to accurately cost estimate decreases or increases for applicable fiscal years.

Make sure to update the system for **final, audited UFARS H&S financial data** (reference the 24-25 UFARS Turnaround Report titled **Expenditure by Finance Code Report** on the Minnesota Funding Reports (MFR) webpage located at Data Center > Data Reports and Analytics, locate the School Finance Reports section), select Minnesota Funding Reports (MFR). Deer River Extra-Curricular Philosophy

Extra-Curricular Philosophy of Deer River High School

The Grades 6/7/8 and C-squad Philosophy is to allow students to participate in as many activities as possible. No cuts are made at these levels. Coaches are expected to play all student athletes a balanced amount of time. We would hope that students who participate in our extra-curricular programs enjoy their experience regardless of their skill level. At these levels participation is our main objective, not winning or losing. We would hope that the student athlete learns social and athletic skills through the winning and losing process. Grades 6/7/8 and C-squad levels will strive for balanced playing time except for those who violate team rules.

The Varsity and JV Philosophy is to participate at a higher level that therefore requires a greater amount of dedication on the part of the students. At this level, it may be necessary to cut some students because of MSHSL restrictions put on official tournament squad sizes. Participating in extra-curricular activities is a privilege, not a right. Although we believe that all students should have an opportunity to participate at the varsity level, winning will not be sacrificed so that everyone has a chance to play.

Building Blocks of the Deer River Philosophy

Participation - To promote activities at all levels and encourage students to participate in multiple activities.

Fundamentals - To develop the skills and habits needed to have successful programs and individual experiences.

Health & Safety - To maintain healthy and safe student athletes by developing year round life-long habits in the areas of nutrition, conditioning, and weight training.

Youth Programs - To work in partnership with community and league programs to develop student athletes K-12.

Communication - To maintain positive lines of communication between coaches, athletes, parents, and the community to build strong and successful programs.

Sportsmanship - The Deer River coaches, students, and fans will exhibit pride and respect towards opponents, officials, coaches, teammates, and facilities at all times.

I. DEER RIVER EXTRA-CURRICULAR PROGRAMS

J. Social Media

As a student at Deer River High School, you are expected to follow student handbook guidelines, even though an event may happen off school property or after school hours.

Social network sites, other digital platforms (including cell phones) and distribution mechanisms that facilitate student communicating with other students are considered "Social Networking" platforms. Participation in such networks has both positive appeal and potentially negative consequences. It is important the Deer River students be aware of these consequences and exercise appropriate caution if they choose to participate.

Students are not restricted from using any on-line social network sites and/or digital platforms. However, users must understand that any content they make public via on-line social networks or Digital platforms is expected to follow acceptable social behaviors and also to comply with federal, state, and local laws, as well as, your Student Handbook. As a Deer River student, you must be aware of your Student Handbook regulations and expectations of our said extra-curricular programs. Ignorance of these regulations does not excuse students from adhering to them.

Guidelines for Students:

These guidelines are intended to provide a framework for students to conduct themselves safely and responsibly in an on-line environment. As a student at Deer River you should:

1. Be careful with how much and what kind of identifying information you post on social networking sites. Virtually anyone with an email address can access your personal page. It is unwise to make available information such as a full date of birth, social security number, address, phone number, cell phone numbers, class schedules, bank account information, or details about your daily routine.

All of these can facilitate identity theft or stalking. Social Media sites provide numerous privacy settings for information contained in its pages. Use these settings to protect private information. However, once posted, remember the information becomes property of the website and public record.

2. Be aware that community members, family and potential current and future employers, and college admissions, offices often access information you place on-line social networking sites. You should think about any information you post on sites or similar directories that potentially portrays an image of you to a prospective employer or school. The information is considered public information. Protect yourself by maintaining a self-image that you can be proud of you years from now.
3. Be careful in responding to unsolicited e-mails asking for passwords or PIN numbers. Reputable businesses do not ask for this information in e-mails.
4. Don't have a false sense of security about your rights to freedom of speech when using Social Media. Understand that freedom of speech is not unlimited. The on-line social network sites are NOT a place where you can say and do whatever you want without repercussions or personal accountability.
5. Remember photos once put on the social network site's server become their property and public record.
6. You may delete the photo from your profile but it still stays on their server. Internet search engines like "Google" or "Yahoo" may still find that image long after you have deleted it from your profile. Think long and hard about what type of photo you want to represent you.
7. Whoever is the "adult" (over 18) responsible for the contracts, computers, phone lines, ect... is liable (civil and criminal) for your actions as a minor as well.

Things students should avoid:

1. Derogatory language or remarks about our students, teammates, school personnel, and our community at-large: as well as, teachers, or coaches; student-athletes, administrators or representatives of other schools.
2. Demeaning statements about or threats to any third party- (Including support of demeaning statements and threats.) Don't respond to these.
3. Distribution and possession of unauthorized videos and photos or statements depicting violence; hazing; sexual harassment and content; vandalism, stalking; underage drinking, selling, possessing, or using controlled substances; or any other inappropriate behaviors.
4. Creating a serious danger to the safety of another person or making a credible threat of serious physical or emotional injury to another person.
5. Indicating knowledge of any unreported felonies, crimes, thefts or damage to property or unethical behavior.
6. Indicating knowledge of an unreported school or team violation-regardless if the violation was unintentional or intentional.
One of the biggest lessons social network users can learn is that anything you post online enters the public record. You never know who may be looking and when. Students, Parents, and Guardians, let it be known that any students in violation of said conduct is subject to consequences to be determined by the Administration.

The Minnesota State High School League Student Code of Responsibilities, Bylaw 206.00, is applicable and relevant in all student related issues and concerns in such matters.

K. Emergency Procedures

At away events or sites the coach, advisor, or supervisor shall have the authority to establish emergency temporary rules for the well-being of the individuals and the school. These emergency procedures are to be adhered to immediately by all participants. Failure to comply will constitute insubordination, and the violator shall be removed from the activity for the balance of the year.

L. School Discipline Policies

All established discipline policies and procedures will be applicable to extra-curricular activities before, during, or after practice, games, or events whenever necessary.

Hazing: Any act, on or off school property, against a student or coercing a student into committing an act in order for the student to be initiated into or affiliated with a student/school organization is strictly forbidden.

Penalty:

1st Offense: 5 day school suspension and parent conference plus MSHSL Penalty.

2nd Offense: Expulsion from school, according to the Fair Pupil Dismissal Act plus MSHSL Penalty.

M. Use of Facilities

The coach, advisor, or supervisor shall be present whenever and wherever practices are scheduled.

When transportation to a practice site is required, a coach will accompany the participants on the bus.

No participants are to remain in the building following practices or events or when practice is not scheduled or an event cancelled. The coach, advisor or supervisor shall remain in the building until the last participant has departed for home.

N. Locker Room Supervision

Coaches will be responsible for supervision of locker rooms while students are using them. Coaches will inspect all locker rooms at away events and will involve an employee of the host school if the locker room does not appear to be clean and in good repair. Participants are **required** to provide a padlock on their locker to further secure personal and school equipment and clothing from theft.

O. Tournament Travel

Team members not participating in tournaments may travel with the team under the following conditions:

1. It is agreeable with the coach.
2. Adequate adult supervision is available.
3. Adequate space is available.
4. No additional costs are incurred by the district.
5. Cells phones are not allowed in locker rooms at MSHSL play-off events.

P. Assaults and/or Threats toward Staff, Coaches, Volunteers

Students who threaten or assault a staff member are subject to expulsion, according to the Fair Dismissal Act of 1974, as revised in 2001.

Q. School Closings:

When inclement weather, road conditions, or emergencies arise, school closing announcements will be made over radio stations and tv stations and on the school web site (www.isd317.org). When school is cancelled because of these conditions, cancellation of games and practices will be determined by the school administration.

R. Deer River Squad Promotion Policy

The following policy is for the promotion of a grade 7/8 student to a higher level of competition such as Varsity, JV, or C-Squad.

A junior high student-athlete may compete for a high school level team (Varsity, JV, C-squad) if the sport is not offered in season at the junior high school level. In those sports where the middle school provides

a team, the student-athlete will participate at his/her respective level. Some exceptional student-athletes can be promoted to participate at the senior high level.

- a. Athletic ability above and beyond their class (Varsity, JV, C-squad potential)

- 4) the senior high coach.

Junior high school athletes participating on high school teams must complete all high school athletic registration requirements and are subject to all high school and Minnesota State High School League activity rules.

A promotion form to participate at the high school level is available in the Activities Director's office and should be initiated by the coach. When all of the above listed have communicated on this potential promotion and all have signed the form verifying the required criteria, it should be forwarded to the Athletic Director for filing. Junior high school athletes should not be allowed to practice or compete in any contest until the petition process is completed.

S. C-squad or B-squad student-athlete promotion to a higher level may occur when there has been open communication between the head coach and the parent about the following areas:

1. Playing time philosophy and players role at the higher level
2. Continued playing time availability on the current level
3. Any changes to player expectations or time factor
4. Social issues

When a decision has been reached and approved by the parent, the Activities Director also is to be notified of the decision.

V. VERIFICATION AND ACCEPTANCE

Participation in extra-curricular activities is not required of any student who attends Deer River High School. The school strongly supports and encourages individuals to participate in the programs for personal growth and development. Because participation is considered a privilege, the expectation of the students is higher than those in the normal school program, and these penalties would be more severe.

Both parents and participants are required to sign the Online forms and return them to the Activities Director's office prior to participating. Signing the form constitutes acceptance by the parent and student of the rules, regulations, and penalties.

VI. OPEN GYM AND CAPTAINS' PRACTICE

Open Gym is scheduled periodically to provide recreational opportunities for all interested students. When Open Gym is scheduled, an announcement is made to inform all students, a staff member is present to provide adequate supervision, and all usual and customary school rules and regulations will apply. Open Gym participation is not mandatory for extra-curricular participants and individual/team coaching is not conducted.

Captains' Practices are not organized or sanctioned by the Deer River School District. As the school does not recognize Captains' Practices, the school does not provide any supervision of the event or require potential extra-curricular participants to participate.

VII. POTENTIAL OF PERMANENT INJURY OR TRANSMISSION OF INFECTIOUS DISEASES

**RESOLUTION RELATING TO INCREASING THE GENERAL EDUCATION
REVENUE OF THE SCHOOL DISTRICT, APPROVING A CAPITAL PROJECT
LEVY AUTHORIZATION, AND CALLING AN ELECTION THEREON**

BE IT RESOLVED by the School Board of Independent School District No. 317, State of Minnesota, as follows:

1. The School Board hereby determines and declares that it is necessary and expedient for the School District to submit a capital project levy authorization to the voters for their approval. The capital project levy authorization will be in the amount of 3.945% times the net tax capacity of the School District. The proposed capital project levy will raise approximately \$500,000 for taxes payable in 2026, the first year it is to be levied, and would be authorized for ten (10) years. The estimated total cost of the projects to be funded by the proposed capital project levy authorization during that time period is approximately \$5,000,000. The additional revenue from the proposed capital project levy authorization will provide funds for school district technology, including technology systems related to safety and security, classroom and building technology, digital curriculum, support and maintenance of software, software licenses, computers, technology infrastructure and network improvements, device replacement, and to pay the costs of technology related personnel and training. The program will be commenced prior to November 1, 2030, which date is not more than five (5) years from the date of the special election authorizing the approval of the capital project levy authorization. The question on the approval of this capital project levy authorization shall be School District Question 1 on the School District ballot at the special election held to approve said authorization.

2. The School Board hereby determines and declares that it is necessary and expedient for the School District to increase its general education revenue by \$300 per adjusted pupil unit. As provided by law, the ballot question must abbreviate the term "per adjusted pupil unit" as "per pupil." The additional revenue will be used to finance school operations and the

property tax portion thereof will require an estimated referendum tax rate of approximately 0.0393% of the referendum market value of the School District for taxes payable in 2026, the first year it is to be levied. The proposed referendum revenue authorization would be applicable for ten (10) years and increase each year by the rate of inflation commencing with taxes payable in 2027, unless otherwise revoked or reduced as provided by law. For this purpose, the rate of inflation shall be the annual inflationary increase calculated under Minnesota Statutes, Section 126C.17, subdivision 2(b). The question on the approval of this referendum revenue authorization shall be School District Question 2 on the School District ballot at the special election held to approve said authorization.

3. The ballot questions specified above shall be submitted to the qualified voters of the School District at a special election, which is hereby called and directed to be held on Tuesday, November 4, 2025, between the hours of 12:00 o'clock p.m. and 8:00 o'clock p.m. This date is a uniform election date specified in Minnesota Statutes, Section 205A.05.

4. Pursuant to Minnesota Statutes, Section 205A.11, the School District's combined polling places and the precincts served by those polling places, as previously established and designated by a resolution of the School Board dated December 9, 2024, are hereby designated for this special election. In the event a municipality located in whole or in part within the boundaries of the School District will also be conducting a municipal election on November 4, 2025, any affected School District voters will vote at their respective municipal polling locations and not the School District's combined polling places.

5. The Clerk is hereby authorized and directed to cause written notice of said special election to be given: (i) to the county auditor of each county in which the School District is located, in whole or in part, at least eighty-four (84) days prior to the date of said election; and (ii) to the Commissioner of Education at least seventy-four (74) days prior to the date of said election. The notice shall specify the date of said special election and the title and language for the ballot question to be voted on at said special election. Any notice given prior to the date of the adoption of this resolution is ratified and confirmed in all respects.

6. The Clerk is hereby authorized and directed to cause a notice of the election to be mailed to each taxpayer in the School District at least fifteen (15) but no more than forty-five (45) days prior to the date of the special election. The notice shall contain the required projections and the required statement specified in Minnesota Statutes, Section 126C.17, subdivision 9(b). The Clerk is also directed to cause a copy of this notice to be submitted to the Commissioner of Education and to the County Auditor of each county in which the School District is located in whole or in part at least fifteen (15) days prior to the day of the election.

7. The Clerk is hereby authorized and directed to cause notice of said special election to be posted for public inspection at the administrative offices of the School District at least ten (10) days before the date of said special election.

8. The Clerk is hereby authorized and directed to cause a sample ballot to be posted at the administrative offices of the School District for public inspection at least four (4) days before the date of said special election and to cause a sample ballot to be posted in the combined

places on election day. The sample ballots shall not be printed on the same color paper as the official ballot.

9. The Clerk is hereby authorized and directed to cause notice of said special election to be published in the official newspaper of the School District, for two (2) consecutive weeks with the last publication being at least one (1) week before the date of said election. The notice of election so posted and published shall state each question to be submitted to the voters as set forth in the form of ballot below, and shall include information concerning each established precinct and polling place.

10. The Clerk is hereby authorized and directed to cause the rules and instructions for use of the optical scan voting system to be posted in the combined polling places on election day.

11. The Clerk is authorized and directed to acquire and distribute such election materials as may be necessary for the proper conduct of this special election and generally to cooperate with election authorities conducting other elections on that date. The Clerk and members of the administration are authorized and directed to take such actions as may be necessary to coordinate this election with those other elections or to obtain assistance from the county auditor with respect to the administration of the School District's election, including entering into agreements or understandings with appropriate officials regarding preparation and distribution of ballots, the processing of absentee ballots, election administration and cost sharing.

12. The Clerk and members of the administration are further authorized and directed to cause a ballot to be prepared for use at said election in substantially the following form, with such changes in form, color, instructions, and content as may be necessary to accommodate an optical scan voting system, to correct typographical errors, or to comply with the form and content requirements of applicable state election laws:

Timeline: Warrior and Thunderhawk Mascot and Minnesota Legislation

Early -mid 1900's - 2025

Deer River uses the Warriors mascot. Imagery with a headdress is eliminated in the late 1990s. In 2005-2006, the district gets input from various communities in the district, including those within the Leech Lake Reservation, about new imagery, finding strong support for the "Warriors" mascot and the idea that the name "Warriors" should continue to refer to American Indian warriors. After a number of submissions, the spear and feathers logo is selected.

1995

Grand Rapids replaces the "Indians" mascot with the "Thunderhawks" as part of a respectful and conscious effort to move away from a name that misappropriates American Indian identity. The Thunderhawks name came from the combination of two favorites that emerged from input: "Thunder" and "Hawks" and a bird of prey was selected to serve as the imagery.

2023

March-May 2023: Minnesota legislators introduce and pass a bill prohibiting public schools from using names, symbols, or imagery associated with American Indian tribes or customs without consent of all 11 tribal nations and TNEC.

Summer 2023: School districts across the state receive formal notification of the new mascot restrictions. The Deer River and Grand Rapids school districts are identified as a district potentially affected.

Fall 2023: Grand Rapids reviews and gathers documentation on the origins and evolution of the Thunderhawks mascot. The district completes the formal process for an exemption by sending the necessary documentation to all 11 Minnesota tribes and TNEC, including a letter from the district's American Indian Parent Advisory Committee in which they voice support for the "Thunderhawks". The Deer River School Board discusses eliminating the spear and feathers image in an attempt to comply with the new law.

Late 2023: Grand Rapids receives 5 responses. Three denials were received: from the Lower Sioux, TNEC, and White Earth Band of Ojibwe. Two tribes approved the exemption: Grand Portage Band Of Lake Superior Chippewa and Shakopee Mdewakanton Sioux Community. The Leech Lake Band of Ojibwe and other nearby tribal nations did not object to the Thunderhawks name during the initial review period. The Deer River School Board votes to eliminate the spear and feathers image in an attempt to comply with the new law.

2024

January - December 2024: Grand Rapid and Deer River identify that there have been inconsistencies in what districts were identified, how the law was applied, and what districts received exemptions. The districts advocate that local tribes be allowed to grant formal consent and pauses any action until further clarification can be made.

2025

April-May 2025: An amendment is introduced and passed in the Minnesota Legislature allowing districts to seek consent from their nearest local tribal nations to grant formal consent to retain mascots. The

Grand Rapids and Deer River districts determine that the Leech Lake Band of Ojibwe is the nearest local tribal nation due to the fact that the tribal headquarters in Cass Lake are the nearest to the district's main addresses, the district serves more Leech Lake children than any other tribe, and both district have significant amounts of Leech Lake Reservation land within the districts' boundaries. Grand Rapids receives a letter of support from the Iron Range Council of White Earth.

June 2025: Superintendent communicates with the District 1 Representative and the Executive Director of the Leech Lake Band of Ojibwe about how the Band would prefer to approach the question of mascot consent.

Dear Leech Lake Tribal Council,

Boozhoo – We hope this letter finds you well. We are writing on behalf of Grand Rapids Area Schools and Deer River Schools to respectfully share background and formally request your consideration regarding the continued use of our school mascots — the Thunderhawks for Grand Rapids Area Schools and the Warriors for Deer River Schools.

In 1995, Grand Rapids Area Schools retired its previous “Indians” mascot as part of a conscious and respectful effort to move away from names and imagery that misappropriate American Indian identity. The Thunderhawks name emerged from community and student input — a creative combination of two favorites: “Thunder” and “Hawks.” From the beginning, it was intended to be culturally neutral, and the associated imagery has consistently portrayed a stylized bird of prey with no link to American Indian likeness or tradition. A copy of the imagery is attached.

Deer River has a different, yet equally thoughtful, history. The Warriors name has been in use for decades. In the late 1990s, the district eliminated imagery involving a headdress, and in 2005–2006, engaged people from local communities — including those within the Leech Lake Reservation — to gather input on new imagery. That process revealed strong support for retaining the Warriors name and for ensuring that the name “Warrior” continued to reflect American Indian culture. After receiving a number of design submissions, the district selected the spear and feathers logo, which is attached. That imagery was removed in 2023 as the district worked to comply with new state law.

In 2023, Minnesota enacted legislation prohibiting public schools from using mascots associated with American Indian names, symbols, or customs unless all 11 tribal nations and the Tribal Nations Education Committee (TNEC) granted approval. Grand Rapids completed the formal exemption request process and received mixed responses — including no objection from the Leech Lake Band — but did not receive unanimous consent. Deer River, meanwhile, responded by removing its logo while retaining the name Warriors.

In 2024, both districts began to advocate for clearer, more localized processes. We noted inconsistencies in how the law was applied statewide and expressed support for allowing local tribal nations to exercise consent authority. In spring 2025, the law was amended to allow schools to seek consent from the nearest tribal nation — a meaningful step toward tribal sovereignty and local decision-making.

Our districts consider the Leech Lake Band of Ojibwe to be the nearest tribal nation to both of our districts — based on geographic proximity, the significant presence of tribal lands within both

school district boundaries, and because both districts serve a significant number of Leech Lake students.

In that spirit, and with deep respect for the sovereignty of the Leech Lake Band of Ojibwe, we are formally requesting your consideration of consent for the continued use of the Thunderhawks and Warriors mascots and logos. These requests are not made for convenience or resistance to change, but from a belief that both names and logos were adopted or maintained thoughtfully, are currently used in ways that do not misappropriate culture, and reflect ongoing commitments to honoring American Indian students and communities.

We are grateful for the opportunity to attend the Tribal Council meeting on July 16, 2025, and would look forward to the chance to present further background or answer questions in person.

While we realize these are two separate decisions, our stories are closely connected — we serve many of the same families, collaborate through shared programs, and are united in our commitment to respectfully support Leech Lake students and communities — so we thought we would submit this background letter together. Thank you for your leadership and for the role you play in guiding our region with wisdom, integrity, and care.

With gratitude and respect,
