RECONCILIATION OF TREASURER'S BALANCE WITH BANK

0.00

DATE: November 14, 2022

TITLE: Ipad Buyback Program 2022

TYPE: Action

PRESENTER(S): Andrew Adams, Executive Director of Finance and Operations

BACKGROUND:

Austin Public Schools maintains a fleet of 1 to 1 iPad as a part of regular instruction for elementary students. iPads have a useful life of 4-6 years and there are currently 1400 devices that are at the end of their useful life. Maintaining this fleet of devices requires the District to dispose and replace old devices in accordance with policy 802 – Disposition of Obsolete Equipment. Funds generated by the sale of these devices will be reinvested in the purchase of replacement devices and equipment that directly support the instruction of students.

RATIONALE:

The District obtained direct quotes from two vendors (see attachments). Reference checks, proposal comparisons, and high quote consideration were completed in conjunction with Tech Services. The vendor that has the best quote is Tech Defenders.

The guaranteed minimum payout is \$73,002.49 with the maximum potential payout being \$115,354 (see attached proposal for additional details).

RECOMMENDATION:

It is recommended that the District accept the quote from Tech Defenders.

DATE: 11/14/2022

TITLE: Organizational Development and Administrative Services Department Update

TYPE: Information

PRESENTER(S): John Alberts, Executive Director of Organizational Development and Administrative Services

BACKGROUND:

Strengths Based Organization

- On November 3, 2022, the District Leadership Team (DLT) continued its work on becoming a strengths-based organization. During the 2022-2023 school year, the DLT will focus on Teams Strength Integration. This session focused on how strengths impact communication, and how their strengths influence the way in which the communicate.
- At the building level, strengths leadership teach-backs of building leaders occurred for Ellis and Holton on 10/5, Community Learning Center on 10/14, and Oakland Education Center on 11/9. These teach-backs modeled a future activity where staff will teach others about their top 5 strengths as they continue to deepen their owning and knowing about their strengths.

Talent Acquisition Project

- During professional development time (October 13 for secondary principals and November 3 for elementary principals) principals listened to part of the podcast "Reinventing the Job Interview" by Adam Grant. Principals then discussed topics from the podcast including how to listen for skills and values in a job interview, behavioral vs. situational interview questions, confronting interview bias, and how to link the interview process with APS core values.

Best Workplace Survey

- The staff satisfaction/engagement survey through Energage launched on October 24 and will close on November 17.
- The survey will give feedback against 15 Culture Drivers

- Survey results makes APS eligible to receive the *Star Tribune* best workplaces recognition as our results are compared against similar sized organizations
- As of November 9, the survey has received 450 staff members responding, and 1,313 comments.

DATE: 11/14/2022

TITLE: Special Services Department Update

TYPE: Information

PRESENTER(S): Sheri Willrodt – Executive Director of Special Services

BACKGROUND:

- Our Special Education Advisory Council (SEAC) met on November 2. There was a presentation by Mark Hansen, Mental Health Supervisor, on an overview of mental health services available through the district. Community Representatives from Autism Friendly Austin and LIFE Mower County also shared about some upcoming community events for individuals with disabilities and their families.
- In support of strategic direction A of ensuring all adults receive support and resources to ensure a safe and welcoming learning environment, the Special Services Department has introduced greater flexibility into our due process paperwork support for staff during progress reporting. Staff are able to schedule hours to complete their work using a more flexible system to meet the individual needs of their caseloads.
- We are in the process of hiring a new Due Process Clerk after a resignation. The exiting employee gave us a good amount of notice to allow us to hire and appropriately train staff for this transition. We are also interviewing for a mid-year resignation of a special education teacher at Austin High School, as well as an added Early Childhood Special Education teacher position. We are hopeful of being able to land December graduates for both openings.
- The majority of our K-4 special education teachers are just completing unit 1 of their LETRS (Language Essentials for Teachers of Reading and Spelling) training. This is an intensive training, and feedback has been positive regarding the impact this knowledge is having on classroom level decision making.

TITLE: Information Services Department Update

TYPE: Information

PRESENTER(S): Corey Haugen - Director of Information Services

BACKGROUND:

Infinite Campus Migration and Implementation of Campus Analytics Suite

- The migration to the Campus Cloud was completed on Oct. 20 as planned and this was our first step preparing the system for enhanced analytics and machine learning (AI) for the Campus Early Warning System.
- Campus Early Warning uses powerful statistical algorithms to measure how attendance, behavior, academics, home and school stability interact to predict graduation. GRAD Scores help Student Services respond with interventions targeted at students who would benefit the most.
- More details will be coming, watch for these exciting developments as we release new tools this winter to support students and staff.

Digital Equity Summary 22-23

- In order to understand which students have access to the Internet and digital devices, districts and charters will provide students and families the opportunity to complete the Digital Equity survey each school year, meeting the state reporting deadline of October 1. This information will help districts, community partners, service providers, libraries, local and state government, and philanthropic organizations prioritize resources while we work together to address disparities that impact our students and their families.
- Digital Equity is defined by the National Digital Inclusion Alliance as, “a condition in which all individuals and communities have the information technology capacity needed for full participation in our society, democracy and economy. Digital Equity is necessary for civic and cultural participation, employment, lifelong learning, and access to essential services.”

TITLE: Teaching and Learning Department Update

TYPE: Information

PRESENTER(S): Katie Baskin, Executive Director of Teaching and Learning

BACKGROUND:

Program and Curriculum Review

K-12 Art, Music and PE/Health teachers have started their work in a multi-year program review process. Andrea Malo and I will work with these staff through the process of evaluation, design and ultimately selection and implementation of new curriculum and/or resources. As a part of this work, we will review the new Minnesota standards for each group and design a scope and sequence for delivery within the APS system. These departments are scheduled to purchase new curriculum resources during the 2024-25 school year.

District Professional Learning

In response to feedback from our staff, department members throughout our 5-12 system will be engaging in collaborative meetings this school year. On Wednesday, Nov. 9th, January 16th and February 8th, 5-12 departments will have the opportunity to collaborate with their colleagues across the district and build their networks of resources. These meetings will be facilitated by Department Leaders with discussion focused on the APS Instructional Model elements. On November 9th, staff discussed the Gradual Release of Responsibility, specifically, focused Instruction and student engagement. Student support services departments discussed student transitions and program alignment.

Targeted Services Extended Day Programming

This school year, the Targeted Services Programming is focused on supporting student academic gains in math and reading. In the area of Math, teachers have analyzed student STAR benchmark data and selected 3-5 Minnesota standards that students are not meeting proficiency in to be their academic focus. Staff are using curriculum resources from our general education tier 1 curriculum that align with the identified standards and benchmarks to support students in continued growth with these standards. In the area of Reading, K-4 teachers will focus on improving student phonics skills as well as reading fluency. Staff will use a tier 2/3 phonics intervention curriculum that allows teachers to focus instruction guided through the phonics scope and sequence aligned with our tier 1 Benchmark Advance curriculum. For students who are beyond phonics skill practice, K-8 teachers are using fluency practice and standards aligned skills to focus student learning goals.

Mentor students in the REACH program at Ellis will be coming over to Neveln once each month to meet with student they will be mentoring for the remainder of the year. In October student mentors focused on building a connection and in November they will focus on teaching students what it means to have empathy.

On November 4th, Elisa (a Benchmark representative) was at Neveln all day observing teachers, leading a lesson, and giving direct feedback to our school. Having her at school all day was very beneficial. I am happy to report she had many fantastic notes to report on about our work at Neveln.

We collaborated with the City of Austin on a "Paint the Plow" project this past month where students we able to decorate the snow plow that will be used in the Neveln neighborhood this winter. While other schools have done this before, this is the first time it has happened at Neveln and students are super excited to be on the lookout this winter for the Neveln plow!

We once again have collaborated with the Salvation Army in collecting food items for our annual food drive. We currently are at a point where classes are now competing vs. each other to see who can bring in the most food. Sometimes competition brings out the best in everyone! No doubt the Salvation Army will need a large truck for all of the donations from Neveln!

- Our second round of conferences were a huge success with over 90% attendance for our students and their families.

- Gator staff also appreciates the support of the community through the passing of the latest referendum; it is seen as a huge sign of support and we are grateful for this!

Alternative Learning Center:

Five students attended the MAAP (Minnesota Association of Alternative Programs) STARS Fall Leadership Conference in Long Prairie Minnesota. The purpose of MAAP STARS:

- Develop employment, academic and social skills.
- Experience career related activities that assist students in making informed career choices.
- Strengthen social skills, develop self-confidence, increase motivation and create a desire for lifelong learning.
- To meet with, have fun with and develop an appreciation for students and staff from other alternative programs.

During this conference, one of our students was elected as one of the five state officers for MAAP STARS.

Austin Online Academy:

Austin Online has completed the first quarter of a successful start to the year. The AOA team created an extensive onboarding process that was featured during a fall online schools conference up in the Twin Cities. The teachers continue to have regular communication with scholars and families in regard to the course progress and the path towards earning credits and graduation.

A thank you to Liz Blinn for her recent work on revamping our Instagram and Facebook page to reach more families and people interested in our school.

This past week AOA teachers completed a phone bank night. Staff used a script and engaged with all families who have Austin mailing addresses but have chosen to attend either a different virtual academy or a public school in the area. We plan to use this data to assess and inform practices and hope to make our local families aware of our programming and the benefits of returning home to Austin Online!

November family newsletter: <https://www.smores.com/b90j6-aoa-newsletter-template>

Sumner Elementary School: On Monday November 7, Derek Picha received his official award from MNShape as he was selected as the Elementary Phy Ed Teacher of the year!

During the early release day on 11/9 we focused on gradual release during instruction, modeling how to move from teacher directed instruction, to we do together, to you do with a partner/group, and finally, you do.

We had a great day with Elisa, the trainer that is working with the elementary sites as we implement our reading curriculum. Seven classroom teachers volunteered to go through the coaching cycle with the trainer, gaining a great deal of input on their reading instruction.

Woodson Kindergarten Center: We love partnering with our Woodson families! Our October conferences provided us the opportunity to share our students' academic and social emotional progress they have made since the start of the school year. This conference session was well attended with over 95% of our families participating in this conference session. In addition, we enjoyed connecting with families on October 27th for our Fall Family Fun Night! We had over 200 participants enjoying all sorts of fun fall activities like leaf rubbing, paper bag scarecrow puppets, decorating cookies and pumpkins, making catapults, creating a fun game to take home, Kaboom! and last but not least good old fashion jumping into giant leaf piles! A huge thank you to our Equity and Family Involvement Committee for planning such a successful event and our Woodson Staff for volunteering and making this event come to life! A lot of fun was had by all!

Save the date for our next family engagement event! Our Holiday Sing performance will be at Knowlton Auditorium, Austin High School on Friday, December 2nd at 10:30 AM!

Community Education:

Early Childhood: Our early childhood teams are settled into their new locations and have enjoyed a wonderful month with their students. A great portion of our month was spent on improving our practice. Teachers have participated in professional development on our new curriculum, Ready to Advance, and staff new to APS have started their training in the Pyramid Model. Our paras will have time together this afternoon to do some learning together on developmentally appropriate practice in early childhood.

Austin Adult Learning: Our Adult Learning program is part of a SE MN Consortium. We gather today each fall to learn with and from each other. During our annual meeting this past month we learned from our colleagues in Faribault about the practices that have increased their attendance and achievement outcomes. We also invited Kristi Beckman to lead us in some equity work where she walked us through best practices in using case studies. We are so thankful for her leadership.

We are working on the MDE mandates "5-year narrative" with consortium partners. This narrative is designed to give selected ABE consortia an opportunity to review and describe program results, successes, organizational structure, adherence to state and federal requirements, and future plans. Along with other sections of the annual consortium grant application, the narrative will be

evaluated in order to make decisions about new or continuing multi-year consortium approval and funding. ABE consortium narratives will be rated by a team of reviewers according to the application evaluation criteria specified in Minnesota Statutes, Section 124D.52 and in the Minnesota State Plan for ABE. This narrative identifies basic legal requirements and areas of best practice for ABE consortia. This report is due on June 1, 2023.

Kids Korner: Our School Age Child Care program continues to thrive offering programming before and after school and most non-school days. All of our sites now have wait lists that are under 10 students. These are the smallest waiting lists we have had in four years. We are thankful for the additional staff we have been able to hire to support our safe, supportive, and engaging programming.

Adult and Youth Enrichment: Our Community Education enrichment team partners with other Community Education teams throughout the state to offer adult enrichment in the form of trips. We had a fun-filled successful trip to Nashville this fall and are planning a trip to Kentucky this spring. We are also looking forward to offering some toddler enrichment classes this fall and winter.

CEAC: Enhancing our community membership to represent business, recreation, the non-profit sector, as well as education. Our first meeting for the year is scheduled for November 13th where we will share information and gather feedback on our adult learning program.

ECAC: Minnesota Statute requires that we have an early childhood advisory council comprised of parents from our community where they give feedback on the development, planning and monitoring of our early childhood programs. The purpose of this group also includes providing opportunities to learn about issues in early childhood development as we work to support young children in our homes and schools. We are currently surveying parents about ideal times and settings to better engage with our families. We look forward to doing this meaningful work with our community again this year.

Leadership Training – Washington DC

A bit about the training:

CADCA is the nation’s leading drug abuse prevention organization that represents over 5,000 community coalitions across the U.S. and over 230 coalitions internationally. APAC (Austin Positive Action Coalition) is a local prevention group that is part of the CADCA family of coalitions. Our local coalition like CADCA want to create population-level change, we must engage all sectors of a community - especially youth!

CADCA Youth Leadership Initiative empowers over 1,200 youth yearly across the U.S. and abroad to fight drug use and other problems plaguing their communities. We inspire groups of passionate 13–20-year-olds, who are eager to analyze and influence their communities in a positive way, and develop students as together we create social change when thinking about community issues facing our youth, especially substance misuse! These “social scientists” are affecting change today!

Up to twelve students will be selected to attend this training in Washington DC. These students will become our local leaders that will guide our youth group, STAND (Students Taking A New Direction) as we transform the way youth view substance misuse in our community. These students will help create and implement new strategies as well as continuing our focus on Positive Community Norms (PCN). The goal of these strategies is to make a positive impact on our community.

FAQ’s:

Who is the CADCA? Since 1992, CADCA has demonstrated that when all sectors of a community come together, social change happens. CADCA represents over 5,000 community coalitions that involve individuals from key sectors including schools, law enforcement, youth, parents, healthcare, media, tribal communities and others. We have members in every U.S. state and territory and more than 30 countries around the world. The CADCA coalition model emphasizes the power of community coalitions to prevent substance misuse through collaborative community efforts. We believe that prevention of substance use and misuse before it starts is the most effective and cost-efficient way to reduce substance use and its associated costs.

Post-Impact Spring 2022

Mower County CEO

CEO IMPACT SUMMARY prepared for the Class of 2022

Report Summary provided by the Midland Institute for Entrepreneurship

Describe your Return on Experience from CEO:

CEO helped to push me out of my comfort zone and accept new opportunities, even if those opportunities may be presented at challenges.

CEO made it easier for me to communicate with adults. I learned how to ask educated questions and dig for information. I got to start my own business with a lot of help and had a great time

CEO has helped me see the business world in a different way. It has expanded my ability to ask questions

I gained so much from CEO this year. It helped me build skills like leadership, speech, and organization. It showed me how important it is to invest in the businesses within our community. CEO gives us things that we can use during any phase of our lives and careers.

It helped challenge my way of thinking to set me up for success. I learned to properly introduce myself to make a good first impression to hold valuable networks.

I think the biggest thing other than the business impact, was the community it gave. Any business owner, teacher, alumni, or anyone who just knew about the program were willing and able to support 24/7.

I was able to grow and become more confident in talking to everyone. I was also able to see what I would potentially want to do in the future.

Amazing impact and helped shape my future

Gave me an glimpse of the business world

It helped me learn more about small community business that help out the community

CEO has helped me with my communications skills. It has also taught me how to find what I'm good at and find the people that are good at what I'm not good at

CEO opened a door of so many opportunities. It allowed me to challenge myself and accomplish things I never thought I could. I also made great connections with my classmates, facilitator, mentor, and community.

My CEO experience helped me grow greatly and learn about myself

I gained new opportunities learning about what my community has to offer

CEO helped me see what I was capable of doing with my own two hands.

CEO has helped me become the best version of myself that I knew I always had within myself

CEO pushed me out of my comfort zone and let me see the working world in a whole new light of opportunities.

Ceo helped me learned about my community

Ceo helped me with my speaking skills and teamwork skills

If someone asked, Why should I apply for CEO? What would you tell them?

CEO teaches you communication skills, accountability, and helps you form a network of connections that will last

It is worth the early mornings, you learn way more than you do in school, if you feel like school isn't your thing and you struggle, this class will teach you valuable lessons regular classes might not

You should apply for CEO because it will help you to learn more about yourself and the businesses around you.

The skills and knowledge you can gain from being a part of CEO is a once in a life time experience. You get to work with individuals that want to succeed and be successful. You get to meet people that are willing to teach you everything they know. Overall, CEO is something that you shouldn't pass up.

It's the experience you didn't know you needed, until you got it.

Not only does ceo look great on college and job applications, but it sets you up for so much success in your life. There's no downside. You gain new perspectives on the world, yourself, and how you'll use that knowledge will be if it you so much in the near and far future.

You will grow so much through the challenges and awesome experiences you get to encounter as long as you make the most of each and every day. You also get to make a business and actually make money off of it which is just amazing because YOU did it.

The experience, not always in the school. New connections

if you want to go in business this is the perfect way

I applied to learn about business and to see what it takes to try to make a successful business

It's a great hands on learning experience that gives you many different life solutions that normal school does not give you

It is an amazing opportunity to learn about yourself and your community. You go on so many business visits that it can really help you find a career you are interested in. You build great connections with people in your community. For me the only thing I didn't like about CEO is that it's only once year. It was my favorite class that I have ever had and it didn't even feel like a class.

I would tell them that it is an invaluable experience

CEO gave me a great opportunity and stepped out of my comfort zone

It's a fantastic program, not only are the people you interact with kind and supportive, but they genuinely want you to succeed.

You learn so many things you wouldn't in a typical class!

To see the opportunities available for you right in town and area.

You get many perks such as knowledge of businesses and creating your own business!

It's a good way to get a understanding about business and their impact on the community.

TITLE: HVAC Controls Upgrade 2022-2023

TYPE: Action

PRESENTER(S): Andrew Beenken-Adams, Executive Director of Finance and Operations

The District operates Heating, Ventilation and Air Conditioning (HVAC) at 8 District owned educational facilities. These systems are run by digital control platform that has a finite life. The current digital control package that serves our facilities is Continuum HVAC controls. The District has been notified that this package has reached end of life and will require a new control package.

Through collaboration with our HVAC partners at PAAPE, the District has elected to move each facility control system to Schneider Electric Web-based controls. The upgrade is expected to extend useful life of existing controls by 10-15 years. The District has received pre-approval from MDE to utilize ESSER 2.0 funds (FIN 155) to cover the cost of the installation. The total estimated cost of the 8 individual projects is estimated to be \$256,300.

Recommendation:

It is recommended that the proposed upgrades to the Schneider Electric Web-based controls in the amount of \$256,300 be approved for the 2022-2023 school year.

205 OPEN MEETINGS AND CLOSED MEETINGS

[Note: The provisions of this policy accurately reflect ~~the~~ Minnesota's Open Meeting Law statutes and are not discretionary in nature.]

I. PURPOSE

- A. The school board embraces ~~the philosophy of openness~~ accountability and transparency in the conduct of its business, in the belief that openness produces better programs, more efficient ~~ley in~~ administration of programs, and an organization more responsive to public interest and less susceptible to private interest. The school board shall conduct its business under a presumption of openness. At the same time, the school board recognizes and respects the privacy rights of individuals as provided by law. The school board also recognizes that there are certain exceptions to the Minnesota Open Meeting Law as recognized in statute where it has been determined that, in limited circumstances, the public interest is best served by closing a meeting of the school board.
- B. The purpose of this policy is to provide guidelines to assure the rights of the public to be present at school board meetings, while also protecting ~~the an~~ individual's rights to privacy under law, and to close meetings when the public interest so requires as recognized by law.

II. GENERAL STATEMENT OF POLICY

- A. Except as otherwise expressly provided by statute, all meetings of the school board, including executive sessions, shall be open to the public.
- B. Meetings shall be closed only when expressly authorized by law.

III. DEFINITION

"Meeting" means a gathering of at least a quorum ~~or more of school board~~ members ~~of the school board~~, or quorum of a committee or subcommittee of school board members, at which members discuss, decide, or receive information as a group on issues relating to the official business of the school board. The term does not include a chance or social gathering or the use of social media by members of a public body so long as the social media use is limited to exchanges with all members of the general public. For purposes of the Open Meeting Law, social media does not include e-mail.

IV. PROCEDURES

- A. Meetings
 - 1. Regular Meetings

A schedule of the regular meetings of the school board shall be kept on file at ~~its primary~~ the school district offices. If the school board decides to hold a

regular meeting at a time or place different from the time or place stated in its regular meeting schedule, it shall give the same notice of the meeting as for a special meeting.

2. Special Meetings

- a. For a special meeting, the school board shall post written notice of the date, time, place, and purpose of the meeting on the principal bulletin board of the school district or on the door of the school board's usual meeting room if there is no principal bulletin board. The school board's actions at the special meeting are limited to those topics included in the notice.
- b. The notice shall also be mailed or otherwise delivered to each person who has filed a written request for notice of special meetings. This notice shall be posted and mailed or delivered at least three days before the date of the meeting.
- c. ~~This notice shall be posted and mailed or delivered at least three days before the date of the meeting.~~ As an alternative to mailing or otherwise delivering notice to persons who have filed a written request, the school board may publish the notice once, at least three days before the meeting, in the official newspaper of the school district or, if none, in a qualified newspaper of general circulation within the area of the school district.
- d. A person filing a request for notice of special meetings may limit the request to particular subjects, in which case the school board is required to send notice to that person only concerning those particular subjects.
- e. The school board will establish an expiration date on requests for notice of special meetings and require refiling once each year. Not more than sixty (60) days before the expiration date of request for notice, the school board shall send notice of the refiling requirement to each person who filed during the preceding year.

3. Emergency Meetings

- a. An emergency meeting is a special meeting called because of circumstances that, in the school board's judgment ~~of the school board,~~ require immediate consideration.

[Note: While the statute leaves the question to the board of whether the circumstances require immediate consideration at an emergency meeting, ~~the~~ advisory opinions of the Minnesota Commissioner of Administration would limit such meetings to responding to natural disasters or health epidemics caused by an event such as an accident or terrorist attack.]

- b. If matters not directly related to the emergency are discussed or acted upon, the minutes of the meeting shall include a specific description of those matters.

- c. The school board shall make good faith efforts to provide notice of the emergency meeting to each news medium that has filed a written request for notice if the request includes the news medium's telephone number.
- d. Notice of the emergency meeting shall be given by telephone or any other method used to notify the members of the school board.
- e. Notice shall be provided to each news medium which has filed a written request for notice as soon as reasonably practicable after notice has been given to the school board members.
- f. Notice shall include the subject of the meeting.
- g. Posted or published notice of an emergency meeting shall not be required.
- h. The notice requirements for an emergency meeting as set forth in this policy shall supersede any other statutory notice requirement for a special meeting that is an emergency meeting.

4. Recessed or Continued Meetings

If a meeting is a recessed or continued session of a previous meeting, and the time and place of the meeting was established during the previous meeting and recorded in the minutes of that meeting, then no further published or mailed notice is necessary.

5. Closed Meetings

The notice requirements of the Minnesota Open Meeting Law apply to closed meetings.

6. Actual Notice

If a person receives actual notice of a meeting of the school board at least twenty-four (24) hours before the meeting, all notice requirements are satisfied with respect to that person, regardless of the method of receipt of notice.

7. Health Meetings during Pandemic or ~~Declared Chapter 12~~ Emergency

In the event of a health pandemic or an emergency declared under ~~Minn. Stat. Ch. Minnesota Statutes chapter~~ 12, a meeting may be conducted by telephone or ~~other electronic~~ interactive technology means in compliance with ~~Minn. Stat. § Minnesota Statutes section~~ 13D.021.

8. Meetings ~~Conducted~~ by Interactive Technology

A meeting may be conducted by interactive technology, Zoom, Skype, or other similar electronic means in compliance with ~~Minnesota Statutes section Minn. Stat. §~~ 13D.02.

B. Votes

The votes of school board members shall be recorded in a journal or minutes kept for that purpose, ~~and the journal~~ or any minutes used to record votes of a meeting shall be available must be open to the public during all normal business hours at the school district's administrative offices ~~of the school district~~.

C. Written Materials

1. In any open meeting, a copy of any printed materials, including electronic communications, relating to the agenda items of the meeting prepared or distributed by or at the direction of the school board or its employees and distributed to or available to all school board members shall be available in the meeting room for inspection by the public while the school board considers their subject matter.
2. This provision does not apply to materials not classified by law as public, or to materials relating to the agenda items of a closed meeting.

D. Open Meetings and Data Data

1. Meetings may not be closed ~~merely because the to discuss~~ data ~~to be that discussed~~ are not public data, except as provided under Minnesota law.
2. Data that are not public data may be discussed at an open meeting if the disclosure relates to a matter within the scope of the school board's authority and is reasonably necessary to conduct the business or agenda item before the school board.
3. Data discussed at an open meeting retain the data's original classification; however, a record of the meeting, regardless of form, shall be public.

E. Closed Meetings

1. Labor Negotiations Strategy

- a. The school board may, by a majority vote in a public meeting, decide to hold a closed meeting to consider strategy for labor negotiations, including negotiation strategies or developments or discussion and review of labor negotiation proposals, conducted pursuant to Minnesota's Public Employment Labor Relations Act (PELRA).
- b. The time and place of the closed meeting shall be announced at the public meeting. A written roll of school board members and all other persons present at the closed meeting shall be made available to the public after the closed meeting. The proceedings of a closed meeting to discuss negotiation strategies shall be tape recorded, and the tape recording shall be preserved for two years after the contract discussed at the meeting is signed. The recording shall be made available to the public after all labor contracts are signed by the school board for the current budget period.

2. Sessions Closed by Bureau of Mediation Services

All negotiations, mediation ~~sessions~~ meetings, and hearings between the school board and its employees or their respective representatives are public meetings. ~~These~~ Mediation meetings may be closed only by the Commissioner of the Bureau of Mediation Services (BMS). The use of recording devices, stenographic records, or other recording methods is prohibited in mediation meetings closed by the BMS.

3. Preliminary Consideration of Allegations or Charges

The school board shall close one or more meetings for preliminary consideration of allegations or charges against an individual subject to its authority. If the school board members conclude that discipline of any nature may be warranted as a result of those specific charges or allegations, further meetings or hearings relating to those specific charges or allegations held after that conclusion is reached must be open. A meeting must also be open at the request of the individual who is the subject of the meeting. A closed meeting for this purpose must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

4. Performance Evaluations

The school board may close a meeting to evaluate the performance of an individual who is subject to its authority. The school board shall identify the individual to be evaluated prior to closing a meeting. At its next open meeting, the school board shall summarize its conclusions regarding the evaluation. A meeting must be open at the request of the individual who is the subject of the meeting. A closed meeting for this purpose must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

5. Attorney-Client Privilege Meeting

A meeting may be closed if permitted by the attorney-client privilege. Attorney-client privilege applies when litigation is imminent or threatened, or when the school board needs advice above the level of general legal advice, for example, i.e., regarding specific acts and their legal consequences. A meeting may be closed to seek legal advice concerning litigation strategy, but the mere threat that litigation might be a consequence of deciding a matter one way or another does not, by itself, justify closing the meeting. The motion to close the meeting must specifically describe the matter to be discussed at the closed meeting, subject to relevant privacy and confidentiality considerations under state and federal law. The law does not require that such a meeting be recorded.

6. Dismissal Hearing

- a. A hearing on ~~the~~ dismissal of a licensed teacher shall be public or private at the teacher's discretion. A hearing regarding placement of teachers on unrequested leave of absence shall be public.
- b. A hearing on dismissal of a student pursuant to the Pupil Fair Dismissal Act shall be closed unless the pupil, parent, or guardian requests an open hearing.

- c. To the extent a teacher or student dismissal hearing is held before the school board and is closed, the closed meeting must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

7. Coaches; Opportunity to Respond

- a. If the school board has declined to renew the coaching contract of a licensed or nonlicensed head varsity coach, it must notify the coach within fourteen (14) days of that decision.
- b. If the coach requests the reasons for the nonrenewal, the school board must give the coach ~~the-its~~ reasons in writing within ten (10) days of receiving the request. The existence of parent complaints must not be the sole reason for the school board not to renew a coaching contract.
- c. On the request of the coach, the school board must provide the coach with a reasonable opportunity to respond to the reasons at a school board meeting.
- d. The meeting may be open or closed at the election of the coach unless the meeting is closed as required by Minn. Stat. §Minnesota Statutes section 13D.05, Subd. 2, to discuss educational or certain other nonpublic data.
- e. A ~~closed~~ meeting closed for this purpose must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

8. Meetings to Discuss Certain Not Public Data

- ~~a.~~ a. Any portion of a meeting must be closed if the following types of data are discussed:

- ~~a.~~ a. (1) data that would identify alleged victims or reporters of criminal sexual conduct, domestic abuse, or maltreatment of minors or vulnerable adults;

- ~~b.~~ b. (2) active investigative data collected or created by a law enforcement agency;

- ~~c.~~ c. (3) educational data, health data, medical data, welfare data, or mental health data that are not public data; or

- ~~d.~~ d. (4) an individual's personal medical records.

- ~~b.e.~~ b.e. A closed meeting must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the date of the meeting. The recording is not available to the public.

- a. The school board may close a meeting:
 - (1) to determine the asking price for real or personal property to be sold by the school district;
 - (2) to review confidential or nonpublic appraisal data; and
 - (3) to develop or consider offers or counteroffers for the purchase or sale of real or personal property.
- b. Before closing the meeting, the school board must identify on the record the particular real or personal property that is the subject of the closed meeting.
- c. The closed meeting must be tape recorded at the expense of the school district. The tape must be preserved for eight years after the date of the meeting and be made available to the public after all real or personal property discussed at the meeting has been purchased or sold or the school board has abandoned the purchase or sale. The real or personal property that is the subject of the closed meeting must be specifically identified on the tape. A list of school board members and all other persons present at the closed meeting must be made available to the public after the closed meeting.
- d. An agreement reached that is based on an offer considered at a closed meeting is contingent on its approval by the school board at an open meeting. The actual purchase or sale must be approved at an open meeting and the purchase price or sale price is public data.

10. Security Matters

- a. The school board may close a meeting to receive security briefings and reports, to discuss issues related to security systems, to discuss emergency response procedures, and to discuss security deficiencies in or recommendations regarding public services, infrastructure, and facilities, if disclosure of the information discussed would pose a danger to public safety or compromise security procedures or responses.
- b. Financial issues related to security matters must be discussed and all related financial decisions must be made at an open meeting.
- c. Before closing a meeting, the school board must refer to the facilities, systems, procedures, services, or infrastructures to be considered during the closed meeting.
- d. The closed meeting must be tape recorded at the expense of the school district and the recording must be preserved for at least four years.

11. Other Meetings

Other meetings shall be closed as provided by law, except as provided above. A closed meeting must be electronically recorded at the expense of the school district, and the recording must be preserved for at least three years after the

date of the meeting. The recording is not available to the public.

F. Procedures for Closing a Meeting

The school board shall provide notice of a closed meeting just as for an open meeting. A school board meeting may be closed only after a majority vote at a public meeting. Before closing a meeting, the school board shall state on the record the specific authority permitting the meeting to be closed and shall describe the subject to be discussed.

II. GENERAL STATEMENT OF POLICY

- A. The policy of the school board is to encourage discussion by persons of subjects related to the management of the school district at school board meetings. The school board may adopt reasonable time, place, and manner restrictions on public expression in order to facilitate free discussion by all interested parties.
- B. The school board shall, as a matter of policy, protect the legal rights to privacy and due process of employees and students.

III. DEFINITIONS

- A. "Personnel data" means government data on individuals maintained because the individual is or was an employee or applicant for employment. For purposes of this policy, "employee" includes a volunteer or an independent contractor.

Name; employee identification number, which must not be the employee's social security number; actual gross salary; salary range; terms and conditions of employment relationship; contract fees; actual gross pension; the value and nature of employer paid fringe benefits; the basis for and the amount of any added remuneration, including expense reimbursement, in addition to salary; bargaining unit; job title; job description; education and training background; previous work experience; date of first and last employment; the existence and status of any complaints or charges against the employee, regardless of whether the complaint or charge resulted in a disciplinary action; the final disposition of any disciplinary action as defined in Minn. Stat. § 13.43, Subd. 2(b), together with the specific reasons for the action and data documenting the basis of the action, excluding data that would identify confidential sources who are employees of the public body; the complete terms of any agreement settling any dispute arising out of the employment relationship, including a buyout agreement as defined in Minn. Stat. § 123B.143, Subd. 2, except that the agreement must include specific reasons for the agreement if it involves the payment of more than \$10,000 of public money; work location; work telephone number; badge number; work-related continuing education; honors and

awards received; and payroll time sheets or other comparable data that are only used to account for employee's work time for payroll purposes, except to the extent that release of time sheet data would reveal the employee's reasons for the use of sick or other medical leave or other not public data.

- C. Personnel data on current and former applicants for employment that is "public" includes:

Veteran status; relevant test scores; rank on eligible list; job history; education and training; and work availability. Comments by others are out of order. Individuals who interfere with or interrupt speakers, the school board, or the proceedings may be directed to leave.
4. The school board retains the discretion to limit discussion of any agenda item to a reasonable period of time as determined by the school board. 208 DEVELOPMENT, ADOPTION, AND IMPLEMENTATION OF POLICIES

[Note: The provisions of this policy are recommendations. The procedures for policy development, adoption, and implementation are not specifically provided by statute.]

I. PURPOSE

The purpose of this policy is to emphasize the importance of the policy-making role of the school board and provide the means for it to be an ongoing effort.

II. GENERAL STATEMENT OF POLICY

Formal guidelines are necessary to ensure the school community that the school system responds to its mission and operates in an effective, efficient, and consistent manner. A set of written policies shall be maintained and modified as needed. Policies should define the desire and intent of the school board and should be in a form that is sufficiently explicit to guide administrative action.

III. DEVELOPMENT OF POLICY

- A. The school board has jurisdiction to legislate policy with the force and effect of law for the school district. School district policy provides the school board's general direction for the school district while delegating policy implementation to the administration.
- B. The school district's policies provide guidelines and goals to the school community. The policies are the basis for guidelines and directives created by the administration. The school board shall determine the effectiveness of policies by evaluating periodic reports from the administration.
- C. Policies may be proposed by a school board member, employee, student, or resident of the school district. Proposed policies or ideas shall be submitted to the superintendent for review prior to possible placement on the school board agenda.

IV. ADOPTION AND REVIEW OF POLICY

- A. The school board shall give notice of proposed policy changes or adoption of new policies by placing the item on the agenda of two school board meetings. The proposals shall be distributed and public comment will be allowed at both meetings.
- B. The final action taken to adopt the proposed policy shall be approved by a simple majority vote of the school board at a meeting after the two meetings at which public input was received. The policy will be effective on the latter of the date of passage or the date stated in the motion.
- C. In an emergency, a new or modified policy may be adopted by a majority vote of a quorum of the school board in a single meeting. A statement regarding the emergency and the need for immediate adoption of the policy shall be included in the minutes. The policy adopted in an emergency shall expire within one year following the emergency action unless the policy adoption procedure stated above is followed and the policy is reaffirmed. The school board shall have discretion to determine what constitutes an

emergency.

- D. If a policy is modified with minor changes that do not affect the substance of the policy or because of a legal change over which the school board has no control, the modified policy may be approved at one meeting at the discretion of the school board.

V. IMPLEMENTATION OF AND ACCESS TO POLICY

- A. The superintendent shall be responsible for implementing school board policies, other than the policies that cover how the school board will operate. The superintendent shall develop administrative guidelines and directives to provide greater specificity and consistency in the process of implementation. These guidelines and directives, including employee and student handbooks, shall be subject to annual review and approval by the school board.
- B. Each school board member shall have access to school district policies. A copy of the school district policies shall be placed in the office of each school attendance center and in the central school district office and shall be available for reference purposes to other interested persons.
- C. The superintendent, employees designated by the superintendent, and individual school board members shall be responsible for keeping the policy current.
- D. The school board shall review policies at least once every three years. The superintendent shall be responsible for developing a system of periodic review, addressing approximately one third of the policies annually. In addition, the school board shall review the following policies annually: ~~410 Family and Medical Leave Policy; 413 Harassment and Violence; 414 Mandated Reporting of Child Neglect or Physical or Sexual Abuse; 415 Mandated Reporting of Maltreatment of Vulnerable Adults; 506 Student Discipline; 514 Bullying Prohibition Policy; 522 ; Student Sex Nondiscrimination; 524 Internet Acceptable Use and Safety Policy; 616 School District System Accountability; 722 Public Data Requests;~~ and 806 Crisis Management Policy.
- E. When no school board policy exists to provide guidance on a matter, the superintendent is authorized to act appropriately under the circumstances keeping in mind the mission, educational philosophy, and financial condition of the school district. Under such circumstances, the superintendent shall advise the school board of the need for a policy and present a recommended policy to the school board for approval.

209 CODE OF ETHICS

[NOTE: A code of ethics establishes standards of conduct that members of a school board create and agree to follow. The principles and values embodied in this code of ethics prioritize board members' obligations to students, the district, and the community. As a written set of expectations, a code of ethics guides board members' decision making and behavior. This model policy offers a starting point for school boards as they create a code that establishes parameters for board member conduct that best serve their district. PURPOSE

The purpose of the Austin Public Schools Tax Abatement for new construction of single and multi-family homes is to provide incentives to encourage the construction of new owner occupied and rental residential housing units, and to encourage replacement of dilapidated housing structures within Mower County between ~~August 1~~December 31, 2016-2022 and December 31, ~~2019~~2025.

TAX ABATEMENT AVAILABILITY

Minnesota Statute §469.1813 Subdivision 8 places limitations on tax abatement. In any given year, the total amount of taxes abated by a municipality shall not exceed 10% of the net tax capacity (NTC) of the political subdivision for the taxes payable year to which the abatement applies, or (2) \$200,000, whichever is greater. ~~The Austin Public Schools Policy will limit this to five percent (5%) of net tax capacity in order to be able to provide tax abatement options for non-residential projects.~~

ELIGIBLE PARTICIPANTS

Any person who constructs a new single family home, duplex, or multi-family complex and who files application material and seeks formal approval from appropriate local jurisdiction between ~~August 1~~January 1, 2016-2023 and December 31, ~~2019~~2025 may be eligible to receive 100% tax abatement of the County's share of increased real estate taxes as a result of building newly constructed housing or a home, for a period of five (5) years provided all of the following criteria are met:

1. Property is located within the Austin Public Schools district and zoned properly for the proposed development project.
2. The applicant shall not have received other local financial assistance (tax increment financing/TIF, Workforce Housing, SCDP).
3. Project is built to any and all applicable zoning and building codes adopted at the time the building/zoning permit is obtained.
4. Property taxes are current and paid on time and in full. Failure to keep property taxes current shall result in revocation of the tax abatement for each year taxes are not current.
5. Program approvals must be obtained prior to the start of construction of the new housing/home.

~~Multi-family projects of a minimum of four (4) rental units may seek approval for longer tax abatement period not exceeding the maximum defined by State Statute. Each of these multi-unit requests will be considered on an individual basis.~~

The real estate taxes to be abated shall be for up to the full amount of the real estate taxes collected due to the added tax base of the newly constructed housing/home annually. The current value of the property is not eligible for the abatement, will not be abated as part of this program and is further defined as the "original value." Any eligible abatement years are calculated on the tax increase due to a value increase over the original value.

Partially constructed housing may result in an abatement in the first abatement year that may be significantly less than the following years. This will still be considered one of the five years of eligible abatement.

In the event the property owner refuses access to County Assessor staff to perform an appraisal for tax assessment purposes, the tax abatement shall expire for the remaining term of the abatement period.

The abatement period will begin in the tax year the property realizes a value increase over original value due to construction of the housing project. In the event construction has not commenced within one year of approval, the abatement is eliminated and the property owner will need to reapply in accordance with this policy.

This abatement will transfer with the sale of the property for the balance of the five year abatement period.

This abatement will not include voter approved property tax referendums.

This abatement does not apply to, or include, existing and/or new assessments to the property.

Mower County shall provide the awarded abatement payment following payment of due real estate taxes annually. One single payment shall be made to the owner of record at the time of the payment, by December 30 for that calendar year.

APPLICATION

Statute requires the Austin Public Schools Board to approve each abatement application. Thus, all applications will be considered on a “first come – first served” basis. The acceptance of new applications will be contingent upon board approval and abatement capacity as defined above.

A complete application for Abatement shall consist of the following:

- * A letter requesting abatement for eligible projects addressed to the Mower County Coordinator, City Administrator, and Superintendent;
- * Legal description of the subject property, including address and property identification number;
- * A ~~set of site plan and~~ construction plans for the proposed project, including site plan; and
- * Submission ~~mit~~ of a copy of the building/zoning permit once received.
- * Applicant shall sign a statement to the effect that no construction has started prior to the Austin Public Schools Board decision on the applicant’s abatement request. For the purposes of this provision, construction shall include the installation of footings, slab, foundation, posts, walls or other portions of a building. Site preparation, land clearing or the installation of utilities shall not constitute construction.

The County Coordinator will forward the completed application to the Austin Public Schools Board for consideration. The Austin Public Schools Board shall schedule a date for a public

hearing on the abatement request(s) pursuant to sections 469.1812 to 469.1815 to receive public input on each abatement request and shall pass a resolution to approve or deny said application.

The County Coordinator shall also forward the completed application to the appropriate City or Township and County in the event one or more of these taxing jurisdictions have adopted policies and procedures for property tax abatements for single family or multi-family residential construction.

Prior to the public hearing, the County Coordinator will notify the County Assessor to perform a site inspection to verify no construction has commenced.

Each taxing entity retains its individual authority on property tax abatements. Austin Public Schools is solely responsible for its share of property tax abatements and this policy does not allow the Austin Public Schools to abate City, Township or County property taxes.
