Helping Your Board Create Opportunity from Change

October 18, 2023

Todd Gebler
Sitka School District
300 Kostrometinoff Street
Sitka AK 99825

Dear Board President Gebler,

Thank you for the opportunity to provide you with more information regarding the AASB superintendent search process. We offer a full slate of services to assist school boards in one of their most important decision-making processes. The enclosed proposal outlines those services.

Our Association has a long history of serving school boards and working with the Sitka School Board. We are proud of our track record in assisting many Alaska school boards in their selection process and the selection of one Commissioner of Education. As former school board members who have experience undergoing superintendent searches in our previous districts, we are intimately familiar with what works best and the challenges boards face in this endeavor. We know that it is school boards who must make the necessary decisions to complete a successful search. Our goal is to help your Board find the best possible candidate, an individual who most closely matches the selection criteria you adopt for the search and who is committed to improving student achievement in your district.

Please note, too, that our proposal includes an additional facilitated workshop with the Board and new Superintendent to be scheduled at your convenience in the six months following the start date. This workshop helps support the working relationship between the Board and Superintendent, and reflects our ongoing commitment to help school boards in Alaska practice excellent governance.

The professional fee for this service is \$14,500. This fee includes all of the components described in the attached document, subject to adjustments necessary to meet the specific needs of the Sitka School District. Reimbursement to the Association is required for actual out-of-pocket expenses and any paid advertisements needed for the search.

Please review the Scope of Services following this letter. Please sign the Memorandum of Agreement and return it to me if it is satisfactory.

If you have any questions or need further clarification, please contact me.

Sincerely,

Katie Oliver
Policy and Superintendent Search Manager

THE SEARCH PROCESS

The Association of Alaska School Boards (AASB) has a long history of successfully assisting school boards in selecting superintendents. This success has been grounded in providing a local-control-based search process, quality reference and background information, an extensive state and national network of contacts, and state and national advertising options (when selected by a district).

Throughout the entire process, AASB emphasizes that the search shall be objective, fair, confidential (subject to applicable Alaska Law including the Public Records Act and the Open Meetings Act), and reflective of the criteria and wishes expressed by the Board. The AASB search consultant does not become involved in selecting your new superintendent but rather facilitates the Board's selection.

SCOPE OF SERVICES

1. Superintendent Search Initiation

a) Develop Your Action Plan

The superintendent selection process is tailored to the needs of your school board and district. The search consultant will assist the Board in developing an action plan covering all aspects of the search, which can include but not be limited to:

- Develop a strategic timeline that, depending on your district's circumstances, maximizes the number of applications that could be received.
- Develop selection criteria and leadership profile.
- Develop, conduct and summarize stakeholder surveys if desired.
- Compile relevant comparable salary and benefit information.
- Distribute the vacancy notice.
- Develop an application that reflects Board goals and interests.
- Recruit candidates.
- Compile application files.
- Conduct and compile candidate background reviews.
- Assist and facilitate the Board in determining finalists.
- Develop public notices and media notes.
- Organize and facilitate Board interviews of finalist candidates (and semifinalists if needed).
- Facilitate a review (including legal review) of the contract draft or template and facilitate board determination of contract offer terms.

Other considerations:

- Facilitate Board determination of the level of community and staff involvement

- Facilitate Board determination of the designation of a board member and/or district staff member as the key contact for AASB in coordinating search activities

b) Identify Selection Criteria

The search consultant will assist the Board in developing selection criteria and a profile for the desired candidate, including professional experience, educational background, and management style. These criteria are used throughout the search. If desired by the Board, the search consultant is prepared to conduct community and staff forums to gather additional information and seek comments on the selection criteria established by the Board. This can include up to three separate stakeholder surveys and summary reports for the Board. AASB will also review District policies, regulations, and bylaws to ensure that the search and selection process is compliant with the District's policies, regulations, and bylaws.

c) Timeline

An adequate timeline is critical to the success of a search. The timeline shown below should be considered a guideline and can be shortened or lengthened to meet the district's needs. We will work with the district to determine the best dates for meetings and activities.

<i>ACTIVITY</i>	<i>Suggested Dates</i>
Meet with Board to develop criteria/design electronic vacancy notice	Week 1 (Week of Nov 20)
Accept materials from candidates and conduct background checks	Week 3 to 6 {3 to 4 weeks} (Dec 4 to December 29)
Meet with board to screen for semi-finalists/finalist	Week 6 - 7(Week of Jan 8)
Board Members conduct reference checks	Week 7 - 8(Week of Jan 15)
Conduct preliminary screening interviews (<i>Optional</i>)	<i>TBD</i>
Notify finalists and arrange interviews	Week 8 (Jan 19)
Conduct interviews, final selection, secure contract	Week 10 (Feb. 2 - 3)
Superintendent begins	July 1, 2024
Follow-up workshop with Board & superintendent	By the end of Dec 2024

d) The Recruitment Process

Once the selection criteria have been identified, the search consultant will work with the Board to develop a vacancy announcement that will describe the position, the selection criteria, the district, and the community. This will be published using an attractive online brochure. AASB will ensure that the announcement receives wide circulation through state and national professional associations, websites, and, where authorized by the Board, paid advertisements.

e) Applicants & Eligibility

AASB uses an entirely online application process. Applicants will complete an online profile and then must complete specific application questions tailored to your district based upon Board input and requirements. Applicants must provide evidence for meeting or exceeding the Board's minimum

requirements for the position, and all information must be submitted to create a complete application. Only complete applications will be forwarded to the Board for review.

AASB will check for certification and recency credits and conduct preliminary background checks on each candidate that meets the basic search criteria. Each application will be examined, and AASB will inform the Board as to whether each applicant is eligible or non-eligible based on the Board's minimum requirements.

f) Background And Reference Checks

AASB will conduct confidential background investigations of all qualified candidates through our statewide and national network of contacts. This network is one of the most valuable features of the AASB search process, particularly if the Board is interested in conducting a nationwide search. AASB staff can solicit candid information through other state associations and contacts that your local search committee or other consultants would not necessarily secure. Included in the fee for service, AASB will conduct a national criminal background check, a sex offender list check, and an SSN trace for each applicant. An education, employer, and professional license verification are also provided for each applicant.

2. Finalist or Semifinalist Selection

AASB maintains that the applications for the superintendent search are the property of AASB. As such, they will remain confidential. If required and requested by the Board, and once the application period has closed, AASB would release only the names of the applicants to the Board President.

a) Screening to Identify Semifinalists (*Optional Step, Additional Cost*)

A brief oral report of each candidate's background will be presented to the Board before the file review. This report will be accompanied by a written summary of each candidate's employment and educational history. All files will be presented to the Board for consideration during the finalist selection process. The search consultant will meet with the Board to facilitate the screening process. If a separate committee process beyond the Board is utilized, the search consultant will facilitate this process. Once semifinalists are chosen, the search consultant can assist boards through video teleconference or web meeting interviews. **THIS IS AN ADDITIONAL COST** based on AASB's daily rate, as it is an additional visit to the district.

b) Selection Of Finalists & Logistics

Based on the review of candidate files, the background checks, and possibly previous videoconference interviews (if conducted), the Board will select finalists to interview in person and onsite. Finalists will be notified immediately by AASB of their selection and invited for an interview. AASB will communicate appropriately to candidates not selected as finalists. AASB will draft a press release for the Board to use that provides a short narrative of each finalist that includes their credentials and work history. This release will be disseminated to the school district, the public and local news media.

AASB will be responsible for oversight of all travel logistics and facilitating search activities while the candidates are on site.

AASB can assist with the superintendent contract review with the Board. The Board may also choose to enlist the aid of the Board's legal counsel. AASB usually facilitates the offer development by the Board and assists with the final contract negotiation. The AASB facilitators have extensive experience with this aspect of the hiring process.

3. Superintendent Selection

a) The Onsite or Virtual Interview Process

The search consultant will meet with the Board (as well as staff or community interview committees) to provide information on the mechanics of conducting successful interviews and assist the Board in developing effective interview questions. The search consultant will also help prepare a public announcement of the superintendent selection suitable for a press release.

The search consultant will be onsite to help orient candidates to the community during their onsite interview and work with the Board to plan functions, allowing the candidates to meet with constituent groups. The search consultant will facilitate community and staff forums or surveys with the candidates as requested.

AASB understands a school board's desire to make sure its stakeholders feel that they have an opportunity to provide input to the Board about the choice of the next superintendent. AASB will include one stakeholder survey and one stakeholder forum (in-person or virtual) included in the fee for service. Stakeholders may include but are not limited to certified staff, classified staff, administration, building principals, students, parents, tribes, the military, and community members. Any additional stakeholder surveys will be charged at a rate of **\$300 each**. Additional facilitated forums will be charged at **\$600 each**. AASB provides a summary of forum participant feedback for the Board.

As noted previously, AASB is prepared to facilitate this portion of the search in a virtual manner if need be.

4. Developing a Successful Team; Board / Superintendent Workshop (included as a benefit for a successful search, not refundable)

One of the key factors leading to a good transition between the Board and new superintendent is the development of a trusting and effective relationship. One of the most crucial opportunities for that to happen is at a facilitated workshop with the new superintendent and the Board. Following the appointment of the new superintendent, the search consultant will conduct a workshop in the district to help identify expectations, clarify responsibilities and develop priorities. This workshop, generally held in the early fall, supports the new board-superintendent team in establishing effective lines of communication and a positive working relationship. This workshop is included in the price of the service set forth and is offered as a value of membership in the Association of Alaska School Boards. There is no refund value available to the district if it is not used. This follow-up workshop must be scheduled to occur by the **end of 2024** to receive it as a part of this comprehensive service.

Executive Summary

McPherson & Jacobson L.L.C. provides a comprehensive search process. Below are some of the highlights of our process:

- Our process is comprehensive and provides critical support for the most time-consuming aspects of recruiting and screening the candidates, so the board can focus on interviewing and selection.
- Transparency is a hallmark of our protocol. Stakeholder participation emphasizes the transparency of our process.
- We take the entire board through a consensus decision-making process to identify the top criteria for the selection of the new superintendent.
- We meet with groups to ensure broad-based stakeholder input in the selection process. In addition, we provide an online survey to reach out to anyone who could not attend a stakeholder meeting. The consultants will present a comprehensive written report to the board, which includes all of the comments recorded during the input sessions.
- McPherson & Jacobson's consultants actively recruit candidates that meet the selection criteria. If desired, we will recruit non-traditional candidates.
- Applicant confidentiality is important to attract top candidates. Names remain confidential until the board selects their finalists.
- We continue to work with your school district until a superintendent is hired and in place.
- Phase V provides a continued commitment to work with your board and new superintendent for one year. We help you collaboratively establish annual performance objectives for the new superintendent's first year. Evidence from previous searches shows this phase to be very positive as it fosters a good transition.
- We are so confident of our ability to identify the district's criteria, recruit and screen applicants against those criteria, and assist during the transition period, that we guarantee our service. If your superintendent leaves for whatever reason during the guarantee period, we will repeat the process for no charge except for actual expenses.

Our mission is to ensure your search results in quality leadership for education excellence.

Search Process

Five Phases of a Superintendent Search

Phase I—Initiating the Search Process

- ✓ **Using a group process with the board, identify the most important characteristics of the future superintendent.**

The consultants will assist the board in identifying the most important characteristics the board would like the new superintendent to possess. These characteristics will be used as a template for recruiting and selecting candidates.

- ✓ **Establish appropriate timelines and target dates for the selection process.**

The consultants will prepare a proposed calendar for the search process. Dates for advertising the announcement of vacancy, closing date, dates for interviewing, a target date for selecting the new superintendent, and a date for the new superintendent to begin will be determined.

- ✓ **Determine, with the board, appropriate advertising venues.**

The consultants will assist the board in determining the scope of the search. Appropriate media venues (professional journals, trade papers, newspapers, and websites) and associated costs will be presented for consideration.

- ✓ **Identify appropriate stakeholder groups.**

The board will identify the various stakeholder groups that they want McPherson & Jacobson's consultants to meet with to solicit input into the process.

- ✓ **Assist the board in determining compensation parameters.**

In order to recruit and select top candidates, compensation packages need to be competitive. Our consultants will present data indicating what districts in the same geographic region and similar size are paying superintendents. Whenever possible, they will also present compensation information for districts that recently hired a superintendent. This information is provided for the board's consideration of compensation parameters.

Final compensation decisions will be determined by the board and the selected candidate.

- ✓ **Identify the point of contact for the district**

The board will identify an appropriate staff person to work with the consultants to coordinate the logistics of the search. This includes tasks such as assisting with information for the promotional brochure and coordinating details for stakeholder input and other meetings within the district.

Phase II—Stakeholder Input, Advertising the Position, Recruiting Applicants

- ✓ **Work with the district to schedule the stakeholder input meetings.**

The consultants will work with the district's point of contact to determine the stakeholder input schedule and coordinate notifying the stakeholders about the meetings.

✓ **Meet with groups identified by the board to provide stakeholder input into the selection process.**

The consultants will meet with the stakeholder groups identified by the board and solicit their input into the selection process. Each group is asked to identify the strengths of the school district and community, the issues facing the new superintendent, and the characteristics they would like to see the new superintendent possess.

The board chooses which groups it would like the consultants to meet with, but the most common groups include central office administrators, building administrators, teachers, classified staff, students, and community and business groups. The consultants will assist the board in choosing which groups it wishes to include.

For any unable to attend a stakeholder meeting, we provide an online version of the questions we ask the groups. At the request of the district, the survey can be available in multiple languages.

The results of the stakeholder meetings and online stakeholder input are summarized by the consultants and presented to the board.

✓ **Develop promotional literature and brochures announcing the vacancy (*optional—there is an additional fee for a full-color brochure*).**

In order to attract quality applicants, it is important to promote your school system and community. With on-site assistance from the district, the consultants will assist in preparing an announcement of vacancy that highlights the strengths of your school system and community. Our graphic artist will prepare a professional color brochure that highlights the school district and community, including the board's selection criteria, the board members, and the application procedures and timelines.

✓ **Prepare and place announcement of vacancy.**

McPherson & Jacobson's staff will prepare and place the announcement of vacancy. It will be sent to the state school board and administrator associations, as well as media venues selected by the board. Additionally, McPherson & Jacobson maintains an interactive website (www.macnjake.com) that allows applicants to access all the application materials and apply online. The website averages over 225,000 hits per month.

✓ **Develop an application unique to your vacancy that reflects the selection criteria determined by the board.**

McPherson & Jacobson's staff will create an application form requiring applicants to describe their strengths and experiences relating to each criterion identified by the board. This will be one of the preliminary screening devices used by the consultants when assessing potential candidates.

✓ **Post application information and notify interested applicants.**

McPherson & Jacobson's staff contacts potential applicants and manages all the application materials using our online application software. Our office staff handles this task without assistance from your district.

✓ **Actively recruit applicants who meet the district’s needs.**

While McPherson & Jacobson does not represent candidates, we actively maintain a data bank of quality candidates. Once the board has chosen its selection criteria, we will send the information to all of our consultants across the United States, asking them to nominate candidates who would be a good match. We will encourage those candidates to apply. Some of the best candidates may not be actively seeking another position and will need to be recruited.

McPherson & Jacobson stays current with trends in educational leadership by being an active participant and presenter at national and state education conferences. We participate in Job Central at the American Association of School Administrators conference, the National School Boards Association annual conference, and others such as the AASA Women’s Leadership Conference.

✓ **Confidentiality of Applicants**

McPherson & Jacobson proposes an open process for the search. We believe the public business should be done in public with transparency. We also understand the need for applicants’ confidentiality. Our process keeps the names of all applicants confidential until they are named a finalist for the position, at which time the names of the finalists are made public.

If the board believes that the names of the finalists should be kept confidential until they make their selection, we can do that. This is your search and we will adapt our process to fit your unique needs.

✓ **Keep all applicants informed of their status in the selection process.**

During the application process, McPherson & Jacobson’s staff monitors applicants and notifies them of what is still needed to complete the process.

✓ **Communicate with all Board Members in a timely manner**

The consultants will communicate with all board members keeping them informed of the status of the search throughout the process.

Phase III—Applicant Screening

✓ **Evaluate each applicant against the selection criteria.**

The consultants will read and evaluate all of the completed files submitted by applicants. They will read the application form and all of the additional material in each file and begin reviewing against the selection criteria.

✓ **Conduct reference checks.**

We understand that applicants do not submit references who will not speak highly of them. We begin with the references given and ask them a list of questions relevant to the selection criteria. After asking those questions, we ask each reference to give us the names of other people who can speak of the applicant’s qualifications. We then call those individuals and ask them the same set of questions, including asking them to give us the

names of other people who can speak of the applicant's qualifications. We go a minimum of three people removed from the primary references. What we are looking for is consistency of answers that will verify the applicant's strengths and weaknesses.

In addition to contacting references, the consultants conduct an extensive Internet search of the applicants.

✓ **Pre-Interview and Video of Shortlist Applicants.**

The consultants will pre-interview applicants to be submitted on the shortlist. We will have these applicants submit a video which the consultants can share with the board.

✓ **Assist the board in developing a set of interview questions that reflect the identified selection criteria and characteristics.**

The consultants will present an extensive list of potential interview questions that reflect the selection criteria and characteristics desired by the board. The board members choose interview questions that reflect their criteria and priorities.

If the board chooses to conduct two rounds of interviews, the consultants will assist in developing interview questions for both rounds of interviews.

Phase IV—Reviewing Candidates with the Board, Interviews

✓ **Review candidates with the board and assist board members in determining which candidates they will interview.**

The consultants will present a complete list of applicants, who completed the application process, to the board for its review. We do not eliminate any applicants; however, a short list will be submitted of those applicants who we found most closely met the district's criteria. The consultants will present a reference profile demonstrating the consistent feedback for each short list applicant, along with a video from the short list applicants.

Upon reviewing the recommendations, the consultants will assist the board members in identifying which applicants they wish to consider as candidates for interviews.

✓ **Assist the board in determining interview procedures.**

After the board selects their final candidates to interview, the names of these candidates will be made public upon confirming the interviews (if the board chooses to release the names). During the interview process, the stakeholder groups will have an opportunity to meet the individual candidates.

If the board chooses to conduct semi-finalist interviews, the candidates will only meet with the board. The names of the semi-finalist candidates will remain confidential (in states where an executive session is allowed), and stakeholders will not meet the semi-finalists. The finalist interviews will be conducted as described in the paragraph above.

✓ **Coordinate interview and visitation procedures.**

If the board chooses, McPherson & Jacobson will schedule semi-finalist interviews. Semi-finalist interviews are typically conducted with the board only. After the semi-finalist interviews, the board will select their finalists.

If the board chooses to involve stakeholder groups in the interview process, the consultants will assist in establishing the finalist interview schedule that includes district staff, students, and community groups. A typical interview day will include a tour of the district and community, meeting with stakeholder groups, and a formal interview with the board.

✓ **Assist the groups identified by the board in planning for meeting each candidate and providing feedback to the board.**

If the board chooses to involve stakeholder groups in the interview process, representatives will be selected from the stakeholder groups identified by the board. The purpose of these groups is two-fold: 1) to promote the school district and community to the candidate; and 2) to form an impression of each candidate, which they will share with the board. The board will identify chairpersons for each stakeholder group. The consultants will meet with the chairpersons to discuss their roles and responsibilities. The consultants will also provide the chairpersons with a form to record the group's consensus impressions of each candidate's strengths and any concerns or questions the group may have. Each form will be sealed in an envelope and turned in to the district contact person.

✓ **Coordinate visitation procedures for the candidate's spouse/significant other.**

We encourage boards to invite spouse/significant others to attend the interview day. The consultants will coordinate, with the point of contact, a portion of the interview day for the spouse/significant other to have an expanded visitation of the community. Tours typically include available housing, medical facilities, churches, recreational opportunities, and areas of interest unique to your community.

✓ **Assist the board in making final arrangements for each candidate's visit.**

It is common practice for the district to pay interview expenses for the candidates and their spouse/significant others. To ensure that expenses stay within established guidelines, the consultants will assist the point of contact in making lodging and travel arrangements for each candidate.

✓ **Contact all finalists and schedule their interview dates.**

The consultants will contact the final candidates, notifying them they are finalists for the position and scheduling their interview dates. The consultants will be the contact for answering any questions and coordinating the candidates' visits to the district.

✓ **Notify all applicants not selected for an interview.**

Once the board has selected its final candidates, all other applicants will receive, on behalf of the board, a personalized notification thanking them for taking the time to complete the application materials and notifying them that they are not a finalist.

✓ **Conduct background checks.**

Included in the expenses are criminal/financial/educational degree verification background checks for the finalists selected to be interviewed.

✓ **Personally contact each finalist who was not offered the position.**

Once a contract has been offered by the board and accepted, the consultants will call each of the other final candidates and thank them on behalf of the board for interviewing for the position. *These candidates are not notified until an offer has been accepted.* If by chance you lose your top candidate, we want to keep viable candidates available.

Phase V—Transition with Success

✓ **Establish performance objectives for new superintendent.**

Working with the board and new superintendent, the consultant will assist in establishing two or three performance objectives the board wants the superintendent to focus on during the first year. These objectives are beyond the day-to-day school district operations.

Once the performance objectives have been identified, board members will be asked what they will accept as evidence of progress towards the accomplishment of the identified objectives.

The superintendent will take the information generated from this session and develop an action plan for achieving the performance objectives.

✓ **Provide a guarantee.**

If the board chooses to use our complete service, we will guarantee our process for **two (2) years**. If the person selected leaves the position, **FOR WHATEVER REASON**, within the guarantee period, we will repeat the process at no charge except actual expenses.

We are convinced that our process of identifying your most important selection criteria, meaningfully involving stakeholders, screening candidates against the criteria, and working with you during the critical first year, will ensure your search results in quality leadership for education excellence.

Timeline

The timeline for the search process is established when we meet with the board, so we can address the unique needs of the district. However, the time from our first meeting with the board until the finalist is selected is typically a minimum of two to three months.

Search sequence:

- At the beginning of the search
 - The qualities for the new superintendent are identified
 - A formal timeline is established
 - Advertising decisions are made
 - Application information is posted
 - A brochure is created to advertise the district and the vacancy (*add-on item*)

Stakeholder Involvement

Obtaining stakeholder input is an integral part of McPherson & Jacobson's search process. Since 1991, McPherson & Jacobson has conducted over 1,000 superintendent searches for school districts ranging from 10 to over 300,000 students. For each search, we have coordinated stakeholder input sessions. Besides meeting with stakeholder groups designated by the board, an online input survey is also available for those who cannot attend the meetings. After the meetings have been completed, the board will receive a written report with the findings of the meetings and online input.

Initial stakeholder input sessions

The consultants will meet with groups identified by the board to solicit their input into the selection process. Each group is asked to identify the strengths of the school district and community, the characteristics they would like to see the new superintendent possess, and the issues facing the new superintendent. The results of these meetings are summarized by the consultants and presented to the board. The board chooses which groups it would like the consultants to meet with, but the most common groups include central office administrators, building administrators, teachers, classified staff, students, and community and business groups. The consultants will assist the board in choosing which groups it wishes to include. An online survey option will be provided to stakeholders who are unable to attend the scheduled meetings.

Meeting the candidates

A representative group of eight to twelve people will be selected to represent each of the groups identified by the board. The consultants will meet with a chairperson for each group to discuss their roles and responsibilities. The purposes of these groups are two-fold: one, to promote the school district and community to the candidate; and two, to form an impression of each candidate, which they will share with the board. The consultants will coach each group on how to conduct the meeting with each candidate and what questions they can or cannot ask. The consultants will also provide the chairpersons with a form in which, using group consensus, they will record their impressions of each candidate. The forms will be sealed in an envelope after meeting with each candidate and turned in to the district contact person. Upon completing the interview process with all candidates, the board will receive and open the forms from each group.

Process for Obtaining Staff Input

The consultants will meet with central office administrators, building administrators, teachers, classified staff, and students, to solicit their input into the selection process. Each group is asked to identify the strengths of the school district and community, the characteristics they would like to see the new superintendent possess, and the issues facing the new superintendent. The results of these meetings are summarized by the consultants and presented to the board.

Our normal protocol is to host meetings for the teachers and classified staff in the afternoon, right after school dismissal to give the maximum opportunity for the staff to participate. Central office and building administrator meetings are scheduled at multiple locations to maximize the opportunities for their input. Student input sessions are not scheduled during class time, they are normally held during lunch breaks.

Process for Obtaining Parent and Community Input

The consultants will meet with parents and community stakeholders, to solicit their input into the selection process. Each group is asked to identify the strengths of the school district and community, the characteristics they would like to see the new superintendent possess, and the issues facing the new superintendent. The results of these meetings are summarized by the consultants and presented to the board.

Our normal protocol is to host meetings for the parents and community stakeholders in the evenings at multiple locations to allow as many stakeholders as possible to give their input.

Process for Including Ethnically Diverse Communities

McPherson & Jacobson will work with the district to determine the best practices to obtain input from ethnically diverse communities in the district. If in-person meetings are required, McPherson & Jacobson will work with the district to obtain the necessary translators.

Process for Obtaining Online Stakeholder Input

McPherson & Jacobson will create an online input survey to allow stakeholders to submit their input. At the request of the district, surveys for multiple languages can be developed and posted.

Cost Proposal for Sitka School District

Investment for the Search

The fee for conducting the superintendent search is \$10,000 for Phases I-V.

McPherson & Jacobson has the tools to conduct all or some components of the search process electronically. We can work with the board to determine the best practices as the search progresses to determine if in-person or online meetings will best meet the needs of the district.

The total not to exceed amount including expenses is \$13,600 (excluding consultant travel expenses)

Included in the expenses is:

- Thirty (30) days on AASA (American Association of School Administrators)
- Thirty (30) days on TopSchoolJobs (Ed Week online)
- Thirty (30) days of advertising on NABSE (National Alliance of Black School Educators)
- Six (6) weeks of advertising on ALAS (Association of Latino Administrators & Superintendents)
- One (1) day of in-person stakeholder meetings
- Online stakeholder input surveys
- Video interviews of candidates (five (5) video interviews are included in the not to exceed amount)
- Criminal/financial/credential verification background check for candidates chosen by the board for interviews (four (4) background checks are included in the not to exceed amount)
- Office Expenses

NOTE:

- Expenses may increase if the district chooses additional media advertising.
- Fees and expenses will increase if the district requests additional stakeholder input days.
- Interview expenses for the candidates are not included in the expenses listed.
- There is an additional fee and expenses for the consultants to attend the interview sessions.

McPherson & Jacobson is committed to working with the school district until a superintendent is identified and hired. If a second round of candidate selection is necessary, the only cost to the district would be the additional expenses; there is not an additional fee.

Guarantee:

If the board chooses to use our complete service, we will guarantee our process for **two (2) years**. If the person selected leaves the position, for whatever reason, within the guarantee period, we will repeat the process at no charge except actual expenses. *The guarantee is valid only if the board is comprised of a majority of the members who hired the superintendent (exceptions would be considered in situations of a placement's personal or family reasons for leaving).*

We are convinced that our process of identifying your most important selection criteria, meaningfully involving stakeholders, screening candidates against the criteria, and working with you during the critical first year, will ensure your search results in quality leadership for education excellence.

Additional Services:

In addition to the basic services provided, McPherson & Jacobson can provide at no additional charge the following services:

- Assist the board in revising and updating the superintendent's job description.
- Assist the board in developing an effective contract.
- Provide assistance in negotiating the contract with the finalist.
- Schedule an on-site visitation to the finalist's home district.

Price Match

McPherson & Jacobson, L.L.C. will match the search fee for a comparable level of services provided by the competitive bid.

Recruiting the Selected Candidate

McPherson & Jacobson consultants do not actively recruit administrators that have been placed in our searches. We would not have the retention rates for our placements if we recruited the administrators from our searches. Over the last five years, **over eighty-five percent** of administrators are in the position for which they were hired. **Almost sixty percent** of administrators are still in the position for which they were hired within the past ten years. **Forty percent** of the administrators selected by governing boards within the past 15 years continue in the position for which they were hired.

**SUPERINTENDENT
SEARCH PROPOSAL**

HYA | HAZARD
YOUNG
ATTEA
ASSOCIATES

October 18, 2023

Dear Sitka School District Board of Education,

Thank you for the opportunity to share this proposal overview of the services that Hazard, Young, Attea & Associates (HYA) can provide to the Sitka School District in your search for a new superintendent.

Why is HYA exceptional amongst educational search firms? We believe it is due to the following factors:

NATIONAL REACH – LOCAL KNOWLEDGE: We have conducted over 1,600 searches and are represented by Associates throughout the nation. HYA has assisted Boards in small, medium and large school districts with successful superintendent searches. HYA averages 80 searches across the U.S. annually. Dr. Mike Richie, HYA Vice President will be the Lead Associate on this search. Richie has led over 25 HYA searches across the Midwest and is currently working with the Galena City School District in Alaska assisting the district in revising their hiring practices.

THE BOARD PORTAL: Communication and organization are critical to successful searches. Our web-based delivery system gives the Board anytime, anywhere access to all documents regarding the search. Whether through a tablet, smartphone, laptop, or desktop computer, the Board and the search Associates have confidential access to all information associated with the search in an organized, transparent, and timely manner.

RESEARCH-BASED COMMUNITY ENGAGEMENT: HYA's community engagement process and online survey employ research-based approaches to identifying the goals, needs, and priorities of the school system along with the desired characteristics of its next leader. The survey was developed based on research on effective leadership.

MORE THAN A BACKGROUND CHECK – EXECUTIVE DUE DILIGENCE: HYA's comprehensive and expanded background checks are completed by independent third-party investigators and include an executive summary allowing for an analysis of findings, not simply dozens of articles and documents for Board members to read.

Our proposal, which follows, gives an overview of a prototypical search, but please know that HYA customizes each search to the District's and Board's specific needs and wishes.

Sincerely,

Dr. Mike Richie, HYA Vice President

Hazard, Young, Attea and Associates, (HYA) proposes to assist the Sitka School District in a national search for talented and highly qualified candidates for the position of Superintendent of Schools. This document serves to clearly outline the specific services, deliverables and costs proposed. This proposal gives an overview of a prototypical search, but please know that HYA customizes each search to the District's and Board's specific needs and wishes.

A summary of HYA's experience in conducting Pre-K-12 superintendent searches.

HYA believes that every child has the fundamental right to equal educational opportunities no matter their race, socioeconomic status or geographic location. HYA is a network of independent education experts with a mission to work with Boards and Administrators to recruit and develop great leaders, plan for the future, and measure the impact of initiatives.

HYA was established in 1987 and is one of the oldest and largest search firms in the nation, having assisted more than 1,600 School Boards select exceptionally talented leadership. Presently, our firm is represented by 130+ Associates across the country who conveniently serve clients and are uniquely qualified to bring local and national perspectives, knowledge, experience, and connections to each search.

HYA averages more than 80 searches per year. This large quantity of searches puts our firm at a competitive advantage as our Associates are in more frequent contact with potential applicants. Many candidates are not actively seeking employment opportunities but are known to Associates and can be recruited when an appropriate position arises.

The student enrollment in districts HYA has served ranges from less than 100 to over 640,000 students, and 94% of the superintendents we place stay in their position for more than three years. HYA Associates bring extensive executive search experience and broad educational backgrounds to its practice. Through continuing involvement in school and university work, Associates are aware of current educational issues and have strong relationships with leaders and opinion-makers in administrative leadership and management.

HYA identifies candidates who have demonstrated their ability to improve culture, recruitment, student academic achievement, and financial stability.

While using the District Leadership Profile Report (described on page 4) that we develop as a guide, HYA will recruit, screen, and slate candidates that are the best fit for the Sitka School District. HYA has an extensive network of Associates and deep connections with national organizations that serves well to ensure candidates brought to the Board have a proven history of improving culture, recruitment, student academic achievement, and financial stability. Associates will assist the District in creating interview questions and will be with you every step of the way to ensure the right leader is selected for the Sitka School District.

Your HYA team.

---	---	--	--

HYA Associates do not work on an hourly basis. They complete the necessary work, irregardless of hours, as detailed in this proposal. A typical search takes approximately 3-4 months to complete. Mike Richie will serve as the Lead Associate for Sitka. He will be assisted by other Associates throughout the process along with support from Daneyelle Martell and HYA back office staff.

Dr. Mike Richie, HYA Vice President: Mike Richie is an innovative leader who excels in thinking outside the box and is always looking for ways to provide the very best in educational leadership. He believes that strategic goals foster the momentum with which an organization's members can be self-motivated and productive.

After nearly 40 years in education, Richie has served as a teacher, coach, principal, and superintendent in small, medium, and large school districts. In his 25 years as a school superintendent, Dr. Richie is known by his staff and colleagues to be a visionary leader with a positive impact on and improving education. He has led his staff in raising test scores, building community and business partnerships, increasing open enrollment numbers, passing eight referendums, and drastically improving communications, public relations and social media efforts. In 2012 Dr. Richie was named Superintendent of the Year by the National Association of School Superintendents (NASS) for his outstanding achievement as a school district superintendent, continuous improvement and commitment to collaboration and mutual support in the profession.

Richie enjoys coaching and mentoring superintendents that are new to the profession. He serves on the Executive Committee of the National Association of School Superintendents (NASS) and is an adjunct professor at Viterbo University teaching classes in leadership, school law, politics and community relations – preparing students for their principal and superintendent certifications. He has visited China twice to give numerous presentations on American Education. These experiences make Dr. Richie an ideal Associate for coaching superintendents and assisting school systems in their executive searches. Since joining HYA in 2018 Richie has worked with over 30 School Districts in the area of consulting and conducting executive searches. (Richie's resume is listed in the Appendix of this proposal.)

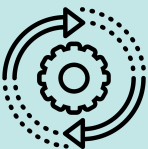

Proven history and success in placing the right candidate as superintendent.

Richie was specifically chosen to lead the Sitka School District search due to his extensive experience working in and with small to medium size school districts across the US. Richie just returned from Alaska working with the Galena City School District. Mike Richie has a proven history of successful superintendencies in small and medium size districts, which makes him highly qualified to work with a district of your size. Mike Richie will work tirelessly to find the right fit for the Sitka School District.

Please reach out to any of these references.

How the Board, Administration, Teachers, Support Staff, and interested community members have meaningful input into the selection process and District Leadership Profile Report.

HYA will weigh heavily on community engagement to understand the organization. Individual interviews and focus groups are scheduled in order to learn about the strengths and challenges of the district as well as the desired characteristics of the new superintendent. Our key stakeholder focus groups will include but are not limited to: high school students, parents, certified staff, support staff, administrators, School Board Members, business partners, other businesses, civic groups, district residents, booster clubs, PTO's, and any other individual, group or organization that the Sitka School District Board identifies and wishes to include. These sessions will be both in person and by Zoom, which will allow for maximum participation. Concurrently, a research based,

on-line survey solicits input from six (6) disaggregate groups as determined by the Board. Data from the interviews and the survey inform the creation of the District Leadership Profile Report, which becomes a public document once accepted by the Board. This report includes essential information the Board will use in the selection process and the new leader can use on day one of employment.

Richie will pre-screen all applicants for the Board by conducting an interview with every person that applies for this position whether they are recruited or apply on their own. He will assist and guide the Board in narrowing down the candidate pool based on information that he collects during the Engage Phase. He also uses the Delphi Technique for narrowing the candidate field. This technique is particularly useful for larger candidate pools. Essentially the technique requires each governing body member to independently make a forced choice by head-to-head comparison of each candidate. Richie will walk you through this process.

Your HYA Associate will assist with planning and hosting community forums for finalists as part of their "Day in the District." The community is invited to engage with the candidates and give feedback to the Board via an online tool provided by HYA. The final interviews can be done in open session, where the public is encouraged to attend.

Services HYA utilizes to assist school districts in identifying qualified candidates.

HYA maintains a database/pool of potential candidates. In our HYA Candidate Search Dashboard, we currently have 622 candidates representing 44 states. Also, our 130+ search Associates assist each other when it comes to recruiting candidates. Associates can see each other's pool of candidates for all HYA searches. Many of our placements are recruited by HYA Associates, with many of them in our database/pool. Candidates are invited to set up a candidate profile with HYA to alert them and us of matches with potential openings based on experience, credentials, willingness to relocate, etc. In addition, HYA's application system allows the firm to contact past candidates for other recent positions.

Other than advertising through traditional publications and social media, HYA does not use any direct services to identify or recruit qualified candidates, as that is our primary area of expertise. Our first recruiting tool is our web presence. We work with each district to develop a unique language for our website and use Twitter, LinkedIn, Instagram and Facebook to direct applicants to our site. The website draws enormous interest because we also list open positions that our competitors are facilitating. More significant is our network. We pride ourselves on knowing thousands of educators across the country and using this network to identify potential candidates and to conduct initial vetting of these candidates to ensure they are qualified for the position and are a great potential match for unique needs of the district. Our skill set in this area and our network of educators has been one of the foundation components of our success over the past 35+ years.

We have deep and significant relationships with a number of state and national organizations so that we can get the word out about vacancies and solicit recommendations for highly qualified candidates. Through our network of Associates we also have relationships with most of the state-level administrative and School Board associations.

Evidence of commitment to diversity and successful experience in recruiting outstanding candidates from culturally diverse backgrounds.

HYA commits to identifying, supporting, and placing school and district leaders of color and gender who have long been historically underrepresented in these posts. Candidates we slate regardless of race, ethnicity, gender, or sexual preference must have recent, relevant, and demonstrated experience in successfully addressing opportunity gaps, leading with an equity lens, and advancing equity initiatives.

HYA Associates always work to provide a slate of candidates that is representative of the student demographic in the school district. Associates will recruit candidates that specifically match attributes and desired characteristics identified in the District Leadership Profile Report.

- Our team of Associates are diverse and have many connections that often result in leads for diverse candidates for a position.
- Several of our Associates serve or have served in leadership roles ALAS (Association of Latino Administrators and Superintendents) NABSE (National Alliance of Black School Educators), and the Women’s Conference of AASA.
- HYA has led searches to find the executive directors of several state and national organizations representing educators of color such as ALAS.
- HYA suggests advertising in publications targeted at diverse groups of educators.
- HYA conducts significant outreach efforts when we are conducting searches and make every effort possible to have the candidate pool represent the diversity within the organization.

Why HYA? The three most important reasons HYA should be selected for this search.

HYA can deliver a national search and can recruit a diverse pool of candidates. Because of our 35+ year history of success, our national reach and strong reputation, we believe we are the right fit for you for these reasons:

1. **We work for the School Board:** We understand that this is a very important process and will work with you every step of the way to customize a national search. Richie will be thorough and communicate with you throughout the entire process.
2. **Technological Infrastructure:** HYA has professionally staffed offices and a technological infrastructure that is a valuable resource to school districts. Our Board Portal is invaluable, with all search related materials including each application updated as they are received. School Board members have password protected anytime, anywhere 24/7 access to all documents.
3. **Proven history:** According to market research, HYA has the lowest superintendent turnover rates of any of our competitors. The quantity of searches we complete puts us at a competitive advantage as our Associates are in frequent contact with potential applicants. Many candidates are not actively seeking employment opportunities but are known to Associates and can be recruited when an appropriate position arises.

To Whom It May Concern: July 29, 2021

To any School District who may be looking at filling a District Administrator position, I would like to strongly encourage you to consider hiring Hazard Young Attea Associates (HYA) and specifically Mike Richie who is one of their Associates. Yorkville School just recently hired a new Part Time District Administrator for the upcoming school year and Mike was “front and center” in helping us make an excellent hire!

Yorkville has hired a couple of District Administrators in the past and to be honest, were not as successful as we could have been. This was primarily due to us simply posting the position and then hiring the best candidate out of the pool that applied. Mike took us down a completely different path.

When Mike first took on the task of helping us find a new hire, the first thing he did was interview each of the Board members individually, the members of the Administration team, several of the teachers, the custodial and office staff, and several parents and community members. He took all of the info he collected from these interviews and compiled a profile of what Yorkville School was really all about. He also did his own research about Yorkville and incorporated that into his report. He knew our strengths and weaknesses, what kind of culture we had at the school, what was important to our parents and community members, and what expectations our teachers had for their new boss. I have to admit it was also VERY enlightening to our School Board!!

This document was invaluable in helping Mike “recruit” the kind of Administrator who would be a good fit with our school. We also did post the position but more importantly Mike went after candidates who did not apply but whom he thought would be an excellent fit for what we needed to continue our success at Yorkville. The net result was we had 6 VERY strong candidates for us to consider when filling our position. What a luxury!!

We have made our decision and have made an excellent hire! And it was of a person who was not looking and had not expressed any interest in applying until Mike shared the profile he had compiled and personally spoke to him about the opportunity. So a HUGE Thank You to Mike Richie. He is excellent to work with if you find yourself in a similar position of trying to make the “perfect” hire. I highly recommend HYA and specifically Mike Richie.

In the fall of 2018, after reviewing multiple options, Goddard Public Schools decided to partner with Hazard, Young, and Attea in creating our 2020-20225 Strategic Plan. When selecting HYA, three main points help guide our decision:

- Their past success in working with other school districts.
- Consultants with a history of school leadership.
- And, their flexibility to truly partner to meet our needs and create a plan that focused on the culture of our district.

Working with Mike Richie and Max McGee was a great experience. They hosted multiple days of onsite stakeholder feedback sessions, conducted personal interviews with our district leadership team and board of education members, organized and supported online survey tools, and most importantly, took the time to connect with our staff and community members.

Anytime you bring in “outside consultants” to collect information and provide feedback to the district, this can make a superintendent a little nervous. I truly enjoyed working with them and they were terrific in not only collecting the data but attending our summer community retreat and presenting the data to over 200 stakeholders.

I would be happy to visit in more detail, but I give Mike, Max, and HYA my highest recommendation for districts looking to partner in a strategic planning process.

To Better Education,

Dr. Justin B. Henry

To Whom It May Concern:

I am pleased and honored to recommend Mike Richie and Hazard, Young, Attea, & Associates for your Superintendent search. Our Board of Education selected HYA after interviewing a number of search firms and we were not disappointed. The role of hiring a new superintendent can be daunting, yet sacred, and Mike was with us every step of the way.

HYA's process from beginning to end was thorough, thoughtful, and transparent. Beginning with their RFP, it was clear that Mike would lead a strong search. His attention to detail was unmatched. We were provided with all of the information we needed in order to determine what our community was looking for in a superintendent and to then put that information into action to recruit the most highly qualified candidates.

Mike was available and responsive throughout all steps of the process. Our search was truly nationwide and Mike and his team came through and provided us with a diverse pool of candidates that each fit the needs of our unique community. We are now at the end of our search and are beyond pleased with the final result. Mike continues to support us as we begin the transition phase.

I have no reservations in wholeheartedly recommending Mike Richie and HYA.

If you have any additional questions, I would be happy to visit with you. I can be reached at achristensenboe@lps.k12.co.us or 720-341-2197.

Best of luck as you begin your search.

To Whom It May Concern,

The Whitewater Unified School District chose Hazard, Young, Attea and Associates to assist us in our search for a new District Administrator. We chose Hazard, Young, Attea and Associates because of their professional presentation to our school board. It was evident in our interview that Dr. Pat Neudecker and Dr. Mike Ritchie were informed about the needs of our District as well as the candidates who were available.

We began the process as a normal search but quickly had to switch to a virtual process. Virtual interviews and community forums were organized by Dr. Neudecker and Dr. Ritchie and left the board with the feeling that we conducted a thorough search under trying circumstances.

From the initial candidate screenings to the final background checks, the search was conducted efficiently and transparently. Without reservation I recommend Hazard, Young, Attea and Associates to assist you in your superintendent search.

Sincerely,

Casey Judd
President, Whitewater Unified School District School Board

SOUTH SIOUX CITY COMMUNITY SCHOOLS

Dr. Rony Ortega was selected to lead as the next Superintendent of South Sioux City Community Schools starting July 1, 2023. The community school district educates about 3,700 students in the suburbs of Dakota County, Nebraska. Dr. Ortega will finish out the school year at Bryan High School in Omaha, Nebraska where he has been serving as principal for the past four years.

Ortega has gained a wealth of knowledge and experience in his 20 years serving in education. He has held a variety of positions in diverse populations, working in both affluent and economically disadvantaged communities, communities where the predominant language is English, and those where it is Spanish. “I have developed the skills to bring diverse people together to coalesce around improving schools and student outcomes,” stated Dr. Ortega. He considers himself a versatile leader who can adapt his leadership style to meet the needs of the people, situations, and circumstances. In a public interview, Ortega indicated to the school board that the strengths he brings to the district will complement the challenges faced by the South Sioux City Community Schools. He looks forward to establishing, nurturing, and leveraging relationships to improve outcomes for all students.

“From the beginning, I felt comfortable and confident in the search process conducted by Mike Richie with HYA,” commented Dr. Ortega. HYA wishes to extend thanks to the South Sioux City Community Schools for putting their trust in the HYA firm. “The South Sioux City School District was amazing to work with throughout the entire search process. While spending a day in the district and conducting 16 focus groups throughout the search process, the hospitality and professionalism received from the district was phenomenal,” stated HYA lead associate Mike Richie.

“We really had a talented slate of finalists, each candidate brought high-caliber educational knowledge and community relations,” school board Vice President, Chris Krueger, declared.

HYA’s Mike Richie stated, “At the end of the day, the Board had four finalists that matched the desired fit the district was looking for based on the Leadership Profile Report.”

“The superintendency is the capstone to my American Dream, and I look forward to the opportunity to ensure the next generation can achieve their American Dream, too,” declared the new superintendent. HYA looks forward to following the leadership of the school district as they help students turn dreams into reality.

Stage Two: Profile Development

Once we have collected information from the Board during the Discovery stage, the Profile Development process will begin.

Ray & Associates *firmly believes in parent, student, staff, and community participation in our process*, especially in the development of an accurate profile for the position. In this stage, we will engage with not only groups of constituents identified and selected by the Board, but the community at large as well. These opportunities help create an accurate profile of the Superintendent who would best fit your District's needs.

How We Engage

Individual and Group Interviews

We are eager to interview each Board member individually as well as visit with designated stakeholder groups as identified by the Board. From Administrators to Support Staff, the designated group bring unique perspectives to help us develop a comprehensive profile for leadership.

Open Community Forums

In addition to interviews, we host community forums and invite all community members, staff and parents to participate. With forums in both the morning and evening, we maximize attendance of constituents. These forums help us solicit input via the survey process and create dialogue by asking a series of questions related to the desired characteristics of the new Superintendent.

The purpose of these meetings will be to educate stakeholders about the process as well as to gather and organize information that will contribute to the development of an accurate profile for the position.

31 Desirable Characteristics Survey

In addition to scheduled meetings and forums, we offer an online profile survey option, our exclusive 31 Desirable Characteristics Survey. This survey has space for written comments and recommendations. The survey is available in various languages to be placed on the District website.

Results of our dialogue

The results of the stakeholder input is summarized in a report **shared with the Board and community** regarding **our findings and recommendations**.

We will present a tabulated and analyzed graphic report in which Board members' and stakeholders' survey responses are reviewed looking for those characteristics chosen most in common by the various groups and indicate those recommended or those thought to be worthy of consideration.

Our dialogue with constituents and interviews with individual Board members, coupled with survey results and comments, provide our firm with an accurate profile that is employed in the recruiting and careful screening of applicants. The characteristics most commonly selected will be used later in promotional materials.

"In a somewhat constricted timetable, Ray & Associates lead a process to gather information from all stakeholder groups on the characteristics that should be prioritized in the search, managed the application and interview process, and organized a busy day of in-person forums and zoom meetings for stakeholder groups."

Stage Four: Candidate Screening and Presentation

As part of the candidate presentation to the Board, Ray and Associates will bring before the Board 8-12 top candidates for the Board's consideration. Our team will review the application information for these 8-12 candidates making sure they meet the desired qualities selected by the Board (i.e. teaching

experience, etc.) Additionally, these candidates will be screened by our team which consists of the following:

- Checking the internet, social media, etc. to see what, if any, articles are found.
- Asking if they are still interested in the position.
- If nothing negative is found on the internet, the candidate is contacted and asked a series of questions including “Have you applied for any other position?”, “What is the status of your contract?”, “Have you ever been released, fired or resigned from a position?”. The candidates are also asked some district specific questions.
- We then contact references and non-references asking them a series of questions.

The 8-12 candidates are also asked to complete a one-way video through the Spark Hire system. If the candidates are deemed viable their application packet and video will be presented to the Board for review. Our team will discuss information found during the screening and assistance will be given to the Board to assist in making the decision about who to advance to the 1st round interviews.

Upon the completion of the candidate review, Board members will be asked to individually complete a matrix which allows them to compare each top candidate against one another. The R&A representative will then provide the Board with a summary of the individual Board responses. This summary assists the Board members in reaching consensus on which candidates advance to the interview stage.

The Interviews

Ray & Associates will coordinate all logistics of the interview process with candidates, as well as assist the Board in establishing the interview format, developing interview questions, and evaluating post-interview.

Stage Five: Candidate Selection

First Round Interviews

We typically conduct First Round Interviews with 6-8 Candidates in a virtual format (in-person is also an option) in an effort to maximize cost savings for the District. Following all interviews, the same matrix from the candidate presentation will be conducted to narrow the candidate pool down to typically two to three finalists.

Ray & Associates will conduct criminal, civil litigation, sex offender registry, social security, motor vehicle record checks and verification of educational degrees on the top 2-3 candidate(s) through an outside service at no additional cost.

Final Interviews

Final Interviews are conducted on-site, in-person with the Finalists and district personnel. These interviews include a final interview with the Board as well as meetings with small constituent groups as identified by the Board. Additionally, forums with Administrators, Teachers and Support Staff, and the

Community at large will be held. Our team will moderate those forums. Candidate Impression Forms are provided to all participants asking for feedback without the ability to rank the candidates.

Once a final candidate is selected, we work with you to lay the foundation for a winning offer. Our team will work with the district legal staff in negotiating the contract with the successful candidate at no additional cost to the district.

Stage Six: Future Planning

After your offer is accepted, we stay in touch with you and the candidate to support a smooth transition and a successful start with your District.

Release of the New Candidate

Upon the selection of the Superintendent, Ray and Associates will work with the Marketing and Communications Team for the District to issue a press release regarding the process and selection of the new leadership.

We also send appropriate communications to the candidates not selected by the Board.

Board and District Assessment

At the conclusion of the search, we will provide the Board with a link to an online survey concerning current District governance practices as well as key District challenges and opportunities for improvement. Assessment results are then analyzed and shared with the Board and the new Superintendent. The results can be emailed, presented in-person or via Zoom.

6 Month Follow-Up Assessment

About six months after the new Superintendent begins, we will provide the survey again to be completed by the current Board and the Superintendent. As in round one, at no cost to the District, the results will be analyzed and shared with the Board and Superintendent to assist with team building every year thereafter as long as that Superintendent is in tenure.

Search Cost: The Complete Process

The cost of our Proposal is for a complete search. The Board will be guided and assisted by Ray & Associates at every step in the search process, from the initial phase of determining the desired qualities for the position, through the actual hiring of the new Superintendent. Our process is flexible. If the Board desires a different approach or would prefer certain options other than those provided in our Proposal, we can adjust our process to meet your specific requirements.

Cost Breakdown

The base fee for performance of the Superintendent search by the consultant as provided in this Proposal will be seventeen thousand dollars (\$17,000.00). If the Board selects only certain elements offered in this package, or requests services not included in this package, our fees and reimbursed

expenses will be adjusted accordingly. Ray & Associates will discuss any modifications relating to the search fee regarding our services at the formal presentation.

The Superintendent search fee shall be paid in three (3) installments; 1/2 of total fee is due upon signing of the contract; 1/4 of fee is due at the time of the stakeholder meetings; and the final 1/4 of fee is due when candidates are presented to the Board.

We will provide the Board with criminal, civil litigation, social security, motor vehicle and sex offender registry and verification of educational degrees for the top (2-3) candidates at no additional fee. There is no charge by Ray & Associates for the services to assist the Board in negotiating a contract with the new Superintendent and the development of the contract terms.

Price Match

Ray and Associates will agree to match the price of any competitive bid as long as the bid is for a comparable level of services and support (both time and process).

Consultant Reimbursed Expenses: Search expenses, including travel, lodging, meals, shipping, and other related items will be kept to a minimum and are to be reimbursed by the district. Said expenses will be invoiced as they occur and will include a detailed account listing.

Candidate Expenses: Many Districts reimburse candidates for interview expenses, such as travel, lodging and meals for the candidate and spouse. In this case, Candidates will submit all receipts and expense documentation to a designated individual at the District. Said expenses will be paid by the District as they occur.
