Our Mission and Vision

Our Mission and Vision

Vision: We are committed to the **success** of all learners.

We will engage, inspire and support each learner through innovation and collaboration.

Success Metrics -

Our commitment to student academic success

Indicators

Success Metrics represent the profile of a St. Anthony New Brighton graduate

What are Success Metrics

St. Anthony-New Brighton defines success as a student who has acquired both the academic skills and life skills to positively contribute to society.

They have a love for learning and are able to meet the social-emotional needs of themselves and others.

A successful student becomes a thriving citizen.

Academic Skills and a Love of Learning

Students think critically and apply their acquired knowledge and skills to solve problems. Even when confronted with challenges, students have the capacity, motivation, and persistence to acquire new knowledge and skills, creatively seek out solutions, and confidently take action.

Student Wellness

Students holistically develop an adaptive skill-set that includes empathy, self-advocacy, teamwork, communication, inclusion and interpersonal abilities, and coping skills to thrive in a constantly changing world. Students are equipped to navigate demands and opportunities they encounter, enabling them to enjoy meaningful, productive, healthy lives.

Student Success Framework

The How

In St. Anthony–New Brighton Schools, the path to student success is anchored in three interconnected commitments: Dignity, Culture of Belonging, and Effective Instruction.

These core commitments shape what the district **believes, how it acts, and how it ensures every student thrives.**

OUR OUTCOME

STUDENT SUCCESS

(The expected outcome)

A successful student is one who has acquired both the *academic skills and life skills* to *positively contribute to society*.

They have a *love for learning* and are able to *meet the social-emotional needs of themselves and others*.

A successful student becomes a *thriving citizen*.

HOW WE MEASURE STUDENT SUCCESS

Assessments, surveys, and grade reporting will communicate an individual student's levels of achievement for each of the success elements.

**School Board
Work**

Effective Instruction (High Quality Instruction)

(How We Ensure the Success of Each Student)

High-quality learning experiences that challenge, inspire, and support each learner. High quality instruction that is engaging, inclusive, and rigorous that meets the needs of diverse learners.

Our instructional approach is grounded in three essential principles:

- **Rigor:** We hold high expectations for every learner, providing the right support and challenge so students can stretch and grow.
- **Relevance:** We connect learning to students' lives, interests, and future goals, making education meaningful and motivating.
- **Relationships:** We recognize that learning happens best when students feel known, valued, and respected by the adults in their lives.

Dignity (What We Believe)

At the heart of St. Anthony–New Brighton Schools is belief in the inherent dignity of every person. Dignity means recognizing that every student, staff member, family, and community member carries value and deserves to be treated with respect, fairness, and humanity.

This belief anchors all of our decisions and interactions. It **shapes** how we **design classrooms, resolve conflicts, engage with families,** and **support one another.** Upholding dignity is more than a moral stance — it's a daily practice that creates the foundation for belonging and learning.

We affirm this belief by:

- *Centering equity* in policies, practices, and resource allocation to ensure all students have access to opportunities that meet their needs.
- *Honoring identity* by creating spaces where individuals feel safe to express who they are without fear of exclusion or harm.
- *Listening with respect*, especially when perspectives differ, to foster trust and mutual understanding.

Culture of Belonging (How We Act)

CULTURE OF
BELONGING
(How we act)

Our Culture of Belonging reflects our **shared responsibility** to create learning environments where everyone feels welcome, connected, and safe. *We act on this commitment every day through:*

- *Collaboration:* We partner with students, families, staff, and the broader community, knowing that relationships are at the heart of successful schools.
- *Courage and Continuous Improvement:* We are willing to ask hard questions, take risks, and reflect honestly so we can grow—both individually and collectively.
- *Caring and Professional Community* We show up for one another with empathy, respect, and professionalism, creating a culture where both students and staff are supported and empowered.

This culture is what makes SANB special. It's visible in the way teachers support one another, how students celebrate each other's identities, and how families engage with trust. It's a promise we make and keep — not just through our words, but through our everyday actions.
