Re: FY25 Audit
Date: January 4, 2026

We completed the FY25 audit for USD 113 and have issued our report dated December 12, 2025. The audit went smoothly and there were no audit adjustments proposed. The District was not required to have a federal Single Audit this, as they have had in the past couple of years. Administration and staff were very responsive to our requests and the audit progressed efficiently. We appreciate the opportunity to work with your District and look forward to the FY26 audit. Please let us know if you have questions.

KASB Recommendation – 6/04; 6/06; 4/07; 12/25

IDBA HUMAN SEXUALITY

In recognition of the fact that 1)sexuality is fundamental to all life, and 2)is of primary importance in nature, in society, and in the life of every individual, and in recognition of the fact that the essence of education is the acquisition of knowledge related to those areas that are important in society and in the lives of individuals, the board accepts the responsibility to provide information concerning sexuality as a part of the educational opportunities available to students.

Although the public schools have a responsibility to provide information concerning sexuality, it is the family and church that provide the specific value system through which students translate knowledge into decisions and actions.

The goals of instruction related to sexuality are as follows:

- insure accurate knowledge about human reproduction, including conception, birth, prenatal care, with specific emphasis on the family unit and the responsibilities and consequences relating to sexual activity;
- adapt this information to the age and grade level of students;
- promote, encourage, and increase communication between parents and children;
- increase decision-making skills;
- provide information relating to sexually transmitted diseases;
- encourage abstinence from sexual intercourse;
- enhance and develop the student's self-esteem.

Within the focus of these goals, and at appropriate age and grade levels, the information presented regarding human sexuality will include the following:

- anatomy, physiology, and psychology of adolescence and sexual growth;
- marriage and responsibilities of family life;
- responsibilities of parents and child care;
- dating and dating situations;
- pregnancy, childbirth and birth control;
- legal aspects of sexual conduct;
- self-respect, self-control, and individual differences among people;
- community resources;
- awareness of abortion, rape, child abuse, incest, sexually transmitted disease, homosexuality and masturbation

4. Improve the quality of life for all students. The ultimate goal of human sexuality education is to better enable people to live meaningful and satisfying lives. Knowledgeable individuals who are comfortable with themselves and their own sexuality are persons who will not feel the need to exploit others. Self-accepting persons capable of responsible decision making will be more likely to exhibit behavior that is consistent with society's morals.

Mental Health Intervention Team (MHIT)

<https://www.kdads.ks.gov/services-programs/behavioral-health/mental-health-intervention-team>

The goal is to provide greater access to behavioral health services for K-12 students with an emphasis on those in custody or receiving services from the Department of Children and Families (DCF) and to establish a coherent structure between school districts and mental health providers (MHP) to optimize scarce behavioral health resources and the workforce. Kansas has a limited number of behavioral health professionals and is experiencing an increase in mental health concerns and suicide at all age levels. This project focuses on K-12 students and their families by identifying students, communicating with families, and connecting them to existing behavioral health providers and resources (25-26 MHIT Program Guide).

The Bluejay Nest at Sabetha Elementary School

Megan Becker, Student and Family Liaison
Kourtney Goodman, Nest Support Staff

At Sabetha Elementary School, we have a student support and regulation room that the students have come to know as “The Nest.” A nest is a safe home for blue jays, and we want our Nest to be that safe space for our students.

Our goals for this classroom are listed below...

- Ensure that basic physical needs of all students are met – sleep, food, clothing, hygiene
- Provide an alternate location for students to complete work
- Help students struggling in class to refocus
- Help students to understand and regulate emotions
- Provide a space for sensory play and regulation
- Allow students to earn rewards with good/improved behavior

Spaces & Uses for The Nest

- Sensory Regulation Equipment- swing, rebounder, squeeze machine, sensory table.
- Reward- board games, sensory table, scooters, free play.
- Calm Corner- crash pad, fidgets, breathing techniques.
- Scheduled Breaks- for reward or regulation need.
- Alternate workspace- quiet workspace away from class or used for in-school suspension.
- Basic needs- clothing, snacks, rest, hygiene.
 - Clothes and hygiene products provided by The Kids Kloset.
 - Snacks provided by the Food Pantry and PTO.
- Check In/Check Out- soft starts, late breakfast, transition periods.
- Social Emotional- meet with a counselor or nest staff.

- Occupational Therapy, Physical Therapy- available for specific therapy services as well.
- Telehealth, Therapy, and Case management- our space is utilized by our mental health professionals throughout the week.

Each time a student enters the room; their name, grade, referral source, reasoning for visit, and time of visit are logged. This allows us to see trends, track specific student usage/behavior, and modify our space based on the needs each year.

Megan Becker- Student and Family Liaison

Dana Michael- School Counselor

Inclusive MTSS Implementation Scale (IMIS) Building Goal: By 2026, the overall behavior/social-emotional percentage on the Inclusive MTSS Implementation Scale (IMIS) will increase from 71% to 85%.

<p>MTSS Process</p>	<ul style="list-style-type: none"> ● Students and Teachers are participating in social emotional fastbridge screeners twice a year (October & February) to determine at risk students. <ul style="list-style-type: none"> ○ Teachers fill out the SAEBRS screener ○ Students fill out the MYSAEBRS screener ○ October PLC is used to fill in other areas of BSEL data such as Office Disciplinary Reports (ODR), failing grades, and attendance concerns. ○ Students are then tiered based on these results. ○ Megan Becker & Dana Michael review these results and create small groups based on tier and at-risk area.
<p>Curriculum</p>	<ul style="list-style-type: none"> ○ Tier 1- All students participate in whole class second step lessons weekly, classroom guidance monthly, and whole school positive behavioral interventions and supports (bluejay way tickets). ○ Tier 2- Students continue to participate in tier one with additional or extended second step lessons taught in small groups. Teachers may add in additional strategies in the classroom. ○ Tier 3- Students continue to receive the above two interventions as well as some one on one time with counselors and/or individualized plans of support.
<p>Progress Monitoring</p>	<ul style="list-style-type: none"> ○ Megan and Dana track lessons and progress weekly using second step tracking sheets ○ Megan, Dana, and Jennifer Herrmann meet monthly to discuss the BSEL MTSS processes, curriculum, and make changes as needed.
